Tech Mahindra Honored by AT&T as Outstanding Supplier

Mumbai, 25th April, 2011: Commitment to excellence over the past year has earned Tech Mahindra recognition as a 2011 AT&T Supplier Award winner for its support of affiliates of AT&T*, one of the world's leading data, voice, wireless and Internet services providers.

"We are proud of our long-standing tradition of providing unparalleled, innovative products and services to our business and residential customers," said Tim Harden, president of AT&T Supply Chain and Fleet Operations. "We're successful on that front in large part thanks to extraordinary suppliers, like Tech Mahindra that consistently go above and beyond, exceeding our expectations and helping exceed those of our customers as well."

Tech Mahindra was one of only seven suppliers to receive the 2011 AT&T Supplier Award for its work in helping AT&T deliver outstanding service to its customers during the past year. Tech Mahindra was recognized for its contributions across a broad scope of criteria including cost management solutions, teamwork, customer service, product and service performance, diversity results and sustainability.

Vineet Nayyar, Vice Chairman, CEO and MD, Tech Mahindra, said, "We are extremely honored to be chosen by AT&T for this award. Tech Mahindra and AT&T share an exceptional and deep-rooted relationship, and we are privileged to hold this accolade for the second consecutive year. Considering AT&T uses more than 5,000 companies as major suppliers for materials and services, this award reaffirms Tech Mahindra's commitment and consistency in providing tangible value to our customers through our innovative solutions. As the only Indian company to have won this award amongst the seven well-regarded global organizations, it speaks volumes about our leadership in the global Telecom industry and our mature business models continue to deliver significant value and delight our esteemed customers."

As part of its annual Supplier Award Program, AT&T took out a half-page ad in the April 19 edition of *The Wall Street Journal* to publicly thank the selected companies.

**AT&T products and services are provided or offered by subsidiaries and affiliates of AT&T Inc. under the AT&T brand and not by AT&T Inc.*

About Tech Mahindra

Tech Mahindra is a leading provider of solutions and services to the telecommunications industry, majority stake owned by Mahindra & Mahindra Limited, in partnership with British Telecommunications plc. With total revenues of US \$ 976.6 million in the year ended March 31, 2010, Tech Mahindra serves telecom service providers, telecom equipment manufacturers, and software vendors. Tech Mahindra enables clients to maximize return on IT investment by providing solutions which help the clients achieve shorter time-to-market, reduced total cost of ownership, and high customer satisfaction. Tech Mahindra achieves this through its domain and process expertise, distinctive IT skills, research and development, and proven innovative delivery models.

Assessed at SEI-CMMi Level 5, Tech Mahindra's track record for value-delivery is supported by 34,000-plus professionals who provide a unique blend of culture, domain expertise and in-depth technology skill-sets. Its development centres are ISO 9001:2008 & BS7799 certified. Tech Mahindra has principal offices in the UK, United States, Germany, UAE, Egypt, Singapore, India, Thailand, Taiwan, Malaysia, Philippines, Canada, and Australia.
