News Announcement

Tecpro Systems Limited receives ₹139.8 crore order from The West Bengal Power Development Corporation Limited taking order inflows till date to about Rs. 2300 crore in FY2013

Gurgaon, Jan 21, 2013: Tecpro Systems Limited (Tecpro Systems), a leading Engineering Procurement and Construction ("EPC") Company providing comprehensive range of services in Coal handling and Ash handling, Balance of Plant (BoP) packages for Power Sector and Material Handling to Steel, Cement, Ports, Mining and other Industries in Infrastructure sector, has announced that it has received an order worth ₹ 139.8 crore from The West Bengal Power Development Corporation Ltd., A Government of West Bengal Enterprise, for supply of Ash Handling Plant Turnkey Package for Sagardighi Thermal Power Extension Project, Phase-II, Units 3 & 4 (2X500 MW) alongwith erection and other related services.

Tecpro Systems with high operational expertise in the three core functional areas of any power project i.e. *Design & engineering, Manufacturing and Execution*, will undertake Design, Engineering, Manufacturing, Supply, Inspection, Packing, Inland transportation, Erection, Civil and Structural works, Commissioning and Testing of the complete Ash Handling Plant Turnkey Package for Sagardighi Thermal Power Extension Project, Phase-II, Units 3 & 4 (2X500 MW).

Commenting on the development, Mr. Amul Gabrani, Vice-Chairman & Managing Director, Tecpro Systems said, *"We are glad to receive this order from The West Bengal Power Development Corporation. It has been our continuous effort to strengthen the order book position given our strong performance track record and leadership position in the Coal handling and Ash handling segment."*

We have witnessed good traction in order inflows this year having booked orders worth Rs. 2,300 crore till date, compared to Rs. 1,638 crore booked during the same period last

year. Further, our total order book position till date stands at about Rs. 4,500 crore. We are confident of maintaining this momentum going forward aided by our unique presence across multiple service offerings."

About Tecpro Systems

Since the commencement of its operations in 2001, Tecpro Systems has been instrumental in executing more than 1,000 material handling orders. The Company designs, engineers, manufactures, sells, commissions and services a range of systems and equipment to provide turnkey projects for the core infrastructure related sectors like power, steel, cement and other industries. In order to expand its scope of services, Tecpro Systems integrated the ash handling business of Tecpro Ashtech Limited (TAL), previously known as Mahindra Ashtech Limited, with its existing material handling operations by way of amalgamation. Today, Tecpro Systems has in-house capabilities for providing comprehensive solutions in material and ash handling systems.

The Company has ventured into various complimentary businesses across different divisions of the power sector with a vision to build an integrated business serving the sector. As per CEA records, Tecpro Systems received the highest number of orders for coal handling plants during the Eleventh Five-Year Plan (2007-2012). The Company also forayed into the EPC segment for thermal power projects in 2007, in which it managed the erection and commissioning of the boiler, turbine and generator (BTG) packages along with undertaking the engineering, design, supply and commissioning of other equipment and services. Leveraging its capabilities in coal and ash handling, the Company has also taken up turnkey BoP contracts in the thermal power generation sector. The business undertaken by the company broadly comprises four segments viz. material handling solutions, ash handling solutions, BoP/EPC contracts and other businesses such as supply of air pollution control equipment.
