Independent Auditor's Review Report on the Quarterly and Year to Date Unaudited Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

Review Report To
The Board of Directors of
Websol Energy System Limited

1. We have reviewed the accompanying statement of unaudited financial results of **Websol Energy System Limited** ("the Company"), for the period ended 30th September, 2019 ("the statement'), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 *"Interim Financial Reporting"* ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued hereunder and other accounting principles generally accepted in India. Our responsibility is to issue a report on this Statement based on our review.

3. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, *"Review of Interim Financial Information Performed by the Independent Auditor of the Entity"* issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we could become aware of all significant matters that might be identified in an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable Indian accounting standards and other recognized practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement.

For and on behalf of the Board of Directors of
Websol Energy System Limited

Managing Director

Place of Signature : Kolkata
Date: - 5th November, 2019

Websol Energy system limited has a installed capacity of 200 MW of cell line capacity and 250 MW of module line capacity at falta sez,west Bengal,India

Industry Outlook

The Government of India is committed to increase use of clean energy sources and is already undertaking various large-scale sustainable power projects and promoting green energy heavily. In addition, renewable energy has the potential to create many employment opportunities at all levels, especially in rural areas. The Ministry of New and Renewable Energy (MNRE) has set an ambitious target to set up renewable energy capacities to the tune of 175 GW by 2022 of which about **100 GW is planned for solar**, 60 for wind and other for hydro, bio among other. As of June 2018, Government of India is aiming to achieve 225 GW of renewable energy capacity by 2022, much ahead of its target of 175 GW as per the Paris Agreement. India's renewable energy sector is expected to attract investments of up to US$ 80 billion in the next four years.

Under GOI programme for DCR projects in India, state Gujarat has already awarded 650 MW of DCR projects to be executed by March 2020

India has currently manufacturing capacity of 1200 MW (operational and available for sale) of Indian cell manufacturing and current orders released by state of Gujarat is equal to 650 MW to be fulfilled by March 2020 with Domestic cells. Tenders from other states are awaited.

Company Outlook

Company has secured orders equal to full production capacity for both cell and module till March 2020.

Future Orders are under negotiation as per suitable timeline and production capacity.

Company is also assessing capacity expansion in view of increased demand for DCR projects.
