FORWARD-LOOKING STATEMENTS

Certain statements in this Draft Shelf Prospectus that are not statements of historical fact constitute “forward-looking statements”. Investors can generally identify forward-looking statements by terminology such as “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “intend”, “may”, “objective”, “plan”, “potential”, “project”, “pursue”, “shall”, “seek”, “should”, “will”, “would”, or other words or phrases of similar import. Similarly, statements that describe strategies, objectives, plans or goals are also forward-looking statements.

All statements regarding expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to business strategy, revenue and profitability, new business and other matters discussed in this Draft Shelf Prospectus that are not historical facts. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results, including financial conditions and results of operations to differ from expectations include, but are not limited to, the following:

- a. Disruption in our sources of funding.
- b. The performance, operations, and prospects of the overall Indian automotive market and, in particular, demand for LCVs, HCVs and cars and MUVs.
- c. Our inability to compete effectively in an increasingly competitive industry.
- d. The volatility in interest rates and other market conditions.
- e. Our business operations involve transactions with relatively high-risk borrowers.
- f. Our inability to control the level of Stage III Assets in our portfolio effectively.

For further discussion of factors that could cause our actual results to differ, see “*Risk Factors*” on page 40.

All forward-looking statements are subject to risks, uncertainties and assumptions about our Company that could cause actual results and valuations to differ materially from those contemplated by the relevant statement. Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under the “*Industry Overview*”, “*Our Business*” and “*Outstanding Litigations and Defaults*” on pages 137, 150 and 286 respectively.

The forward-looking statements contained in this Draft Shelf Prospectus are based on the beliefs of our management, as well as the assumptions made by and information currently available to our management. Although our Company believes that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our Company’s underlying assumptions prove to be incorrect, our actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements.

By their nature, certain market risk disclosures are only estimate(s) and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company, our Directors and officers, nor any of our respective affiliates or the Lead Manager have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI NCS Regulations, our Company and the Lead Manager will ensure that investors are informed of material developments between the date of filing the Shelf Prospectus with the RoC and the date of receipt of listing and trading permission from the Stock Exchanges for the NCDs.

CERTAIN CONVENTIONS, USE OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY PRESENTATION

General

In this Draft Shelf Prospectus, unless the context otherwise indicates or implies, references to "you", "offeree", "purchaser", "subscriber", "recipient", "investors" and "potential investor" are to the prospective investors in this Issue, references to our "Company", the "Company", "we", "us", "our" or the "Issuer" are to Cholamandalam Investment and Finance Company Limited. Unless stated otherwise, all references to page numbers in this Draft Shelf Prospectus are to the page numbers of this Draft Shelf Prospectus.

In this Draft Shelf Prospectus, references to "Rupees", "₹", "Rs.", "INR" are to the legal currency of India and references to "USD", "US\$" are to the legal currency of the United States. All references herein to the "U.S." or the "United States" are to the United States of America and its territories and possessions and all references to "India" are to the Republic of India and its territories and possessions, and the "Government", the "Central Government" or the "State Government" are to the Government of India, central or state, as applicable.

Certain figures contained in this Draft Shelf Prospectus, including financial information, have been subject to rounding adjustments. Unless set out otherwise, all figures in decimals, including percentage figures, have been rounded off to two decimal points. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row. Further, any figures sourced from third party industry sources may be rounded off to other than two decimal points to conform to their respective sources. India has decided to adopt the "Convergence of its existing standards with IFRS with some difference" referred to as the "Indian Accounting Standards" or "Ind AS". In terms of a notification released by the MCA, our Company is required to prepare its financial statements in accordance with Ind AS for accounting periods beginning on April 1, 2019.

In this Draft Shelf Prospectus, any discrepancy in any table between total and the sum of the amounts listed are due to rounding off. Except otherwise specified, our Company has presented numerical information in this Draft Shelf Prospectus in "crores", "lakhs", "millions" or "billions". One crore represents 10,000,000, one lakh represents 100,000, one million represents 1,000,000 and one billion represents 1,000,000,000.

Unless otherwise stated, references in this Draft Shelf Prospectus to a particular year are to the calendar year ended on December 31.

Unless stated otherwise all references to time in this Draft Shelf Prospectus are to Indian standard time.

Presentation of Financial Information

The financial year of our Company commences on April 1 and ends on March 31 of the next year, so all references to particular "financial year", "fiscal year" and "fiscal" or "FY", unless stated otherwise, are to the 12 months period ended on March 31 of that year. Unless the context requires otherwise, all references to a year in this Draft Shelf Prospectus are to a calendar year and references to a Fiscal/Fiscal Year are to the year ended on March 31 of that calendar year.

The Reformatted Financial Information disclosed in this Draft Shelf Prospectus consist of Reformatted Standalone Financial Information and Reformatted Consolidated Financial Information. The Reformatted Standalone Financial Information have been prepared from the audited standalone financial statements of our Company as at and for each of the years ended March 31, 2022, March 31, 2021 and March 31, 2020, which are prepared in accordance with Indian Accounting Standards (Ind AS) specified under the Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act, which have been approved by the Board of Directors of our Company at their meetings held on May 5, 2022, May 7, 2021 and June 3, 2020 respectively. The Reformatted Consolidated Financial Information have been prepared from the audited consolidated financial statements of the Group and its subsidiaries and joint venture (as applicable for respective year) as at and for each of the years ended March 31, 2022, March 31, 2021 and March 31, 2020, which are prepared in accordance with Indian Accounting Standards (Ind AS) specified under the Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act, which have been approved by the Board of Directors of our Company at their meetings held on May 5, 2022, May 7, 2021 and June 3, 2020 respectively.

Our Company's audited financial statements for the years ended March 31, 2022, March 31, 2021 and March 31, 2020 ("**Audited Financial Statements**") (as available on www.cholamandalam.com/financials.aspx) form the basis of preparation of the Reformatted Financial Information which is included in this Draft Shelf Prospectus and is referred to hereinafter as the "Reformatted Financial Information" in "Annexure A: Financial Information" on page 372. The Audited Financial Statements and the reports thereon do not constitute, (i) a part of this Draft Shelf Prospectus; or (ii) any tranche prospectus, a statement in lieu of prospectus, an offering circular, an offering memorandum, an advertisement, an offer or a solicitation of any offer or an offer document to purchase or sell any securities under the Companies Act, the SEBI NCS Regulations, or any other applicable law in India or elsewhere. The Audited Financial Statements and the reports thereon should not be considered as part of information that any investor should consider subscribing for or purchase any securities of our Company or any entity in which

our Shareholders have significant influence and should not be relied upon or used as a basis for any investment decision. None of the entities specified above, nor any of their advisors, nor Lead Manager nor any of their employees, directors, affiliates, agents or representatives accept any liability whatsoever for any loss, direct or indirect, arising from any information presented or contained in the Audited Financial Statements, or the opinions expressed therein.

The Limited Review Financials for the quarter and nine months ended December 31, 2022 are prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and notified under Section 133 of the Companies Act, 2013 and presented in accordance with the requirements of the SEBI LODR Regulations. The Limited Review Financials are not indicative of full year results and are not comparable with annual financial information.

The Reformatted Financial Information along with the examination reports on the Reformatted Financial Information and the Limited Review Financials along with the review reports on the Limited Review Financials, as issued by our Joint Statutory Auditors are included in this Draft Shelf Prospectus in “*Annexure A: Financial Information*” on page 372.

Unless stated otherwise and unless the context requires otherwise, the financial data used in this Draft Shelf Prospectus is on a standalone basis.

Currency and Units of Presentation

Industry and Market Data

Unless stated otherwise, industry and market data used throughout this Draft Shelf Prospectus has been obtained from various industry publications and sources.

Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources believed to be reliable but accuracy, completeness and underlying assumptions of such third-party sources are not guaranteed. Although the industry and market data used in this Draft Shelf Prospectus is reliable, the data used in these sources may have been re-classified by us for the purposes of presentation however, no material data in connection with the Issue has been omitted. Data from these sources may also not be comparable.

The extent to which the market and industry data used in this Draft Shelf Prospectus is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources.

Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “*Risk Factors*”, on page 15. Accordingly, investment decisions should not be based solely on such information.

SECTION II: RISK FACTORS

Prospective investors should carefully consider the risks and uncertainties described below, in addition to the other information contained in this Draft Shelf Prospectus including the section titled “Our Business” at page 150 of this Draft Shelf Prospectus, and “Annexure A: Financial Information” at page 372 of this Draft Shelf Prospectus respectively, before making any investment decision relating to the NCDs. If any of the following risks or other risks that are not currently known or are now deemed immaterial, actually occur, our business, financial condition and results of operation could suffer, the trading price of the NCDs could decline and you may lose all or part of your interest and/or redemption amounts. The risks and uncertainties described in this section are not the only risks that we currently face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations and financial condition.

Unless otherwise stated or unless the context requires otherwise in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein. Unless otherwise stated or unless context requires otherwise, the financial information used in this section is derived from and should be read in conjunction with the Reformatted Financial Information and Limited Review Financial Results as included in this Draft Shelf Prospectus.

This Draft Shelf Prospectus contains forward looking statements that involve risk and uncertainties. Our Company’s actual results could differ materially from those anticipated in these forward-looking statements as a result of several factors, including the considerations described below and elsewhere in this Draft Shelf Prospectus.

In this section, unless the context otherwise requires, references to “we”, “us”, “our”, “the Company” or “our Company” refer to Cholamandalam Investment and Finance Company Limited.

INTERNAL RISKS

1. Any disruption in our sources of funding could adversely affect our liquidity and financial condition.

The liquidity and profitability of our business depends, in large part, on our timely access to, and the costs associated with raising funds. Our funding requirements historically have been met from various sources, including secured and unsecured loans, such as rupee-denominated term loans and cash credit facilities from banks and financial institutions, secured non-convertible debentures, unsecured subordinated bonds, external commercial borrowings, commercial paper, inter-corporate deposits, shareholder funding and by way of securitization and assignment of receivables. As of December 31, 2022, our total borrowings amounted to ₹ 89,305.45 crores. Our business thus depends and will continue to depend on our ability to access a variety of funding sources.

Our ability to raise funds on acceptable terms and at competitive rates depends on various factors including our current and future results of operations and financial condition, our risk management policies, the shareholding of our Promoters in our Company, our credit ratings, our brand equity, the regulatory environment and policy initiatives in India and developments in the international markets affecting the Indian economy. In addition, the cost and availability of debt capital depends in part on our short-term and long-term credit ratings. Our Company’s long-term debt is rated IND AA + (Ind) stable and [ICRA] AA+ (Stable) by India Ratings and ICRA, respectively. There is no guarantee that we will be able to maintain such ratings in the future. Any downgrade in our credit ratings could increase borrowing costs and adversely affect our access to capital and debt markets, as well as increase the probability that our lenders may impose additional terms and conditions to any financing or refinancing arrangements we enter into in the future. Any downgrade in our credit ratings may also trigger an event of default or acceleration of certain of our current or future borrowings.

Changes in economic, regulatory and financial conditions or any lack of liquidity in the market could adversely affect our ability to access funds at competitive rates, which could adversely affect our liquidity and financial condition.

2. Our results of operations, cash flows and financial condition are dependent upon the performance, operations, and prospects of the overall Indian automotive market and, in particular, demand for LCVs, HCVs and cars and MUVs. Any adverse development in the Indian automotive sector or in government policies affecting this industry, including the new and used vehicle financing industry, could adversely affect our business, results of operations and cash flows.

As our Vehicle Finance segment primarily relates to financing of new and used commercial and personal vehicles, our assets and Stage III Assets have, and will likely continue in the future to have, a high concentration of vehicle financing loans. Our Vehicle Finance segment is dependent on various factors that impact the automotive industry, such as the demand for vehicles and transportation services in India, the costs of raw materials for manufacture of vehicles, levy of additional duties and taxes, changes in Indian regulations, customer preferences and government policies affecting used and new commercial vehicles. Our business includes commercial vehicle finance for new and pre-owned commercial vehicles and any adverse developments in this sector would adversely affect our results of operation. Also, see “ – Changes in environmental, tax or other laws may lead to a decline in the sale of vehicles or value of vehicles as a collateral, which could adversely affect our business, results of operations and prospects” on page 30.

As of December 31, 2022, LCV, HCV and Car, and MUVs represented 20.90%, 18.35% and 8.31% of our total Loans, respectively. A slowdown in the economy may affect transport operators' earnings negatively, resulting in higher delinquencies. Furthermore, demand for finance for used and new commercial vehicles may decline and the ability of commercial vehicle owners and/ or operators to perform their obligations under existing financing agreements may be adversely affected. As a result, any factor which adversely impacts the automotive industry, demand for motor vehicle OEMs' product and, in particular, demand for LCVs and HCVs, may have an impact on our operations, profitability and/ or cash flows. There can be no assurance that we will be able to react effectively to these or other market developments.

Additionally, our business of providing finance to customers in the commercial vehicle asset class may be further affected by competition that these customers may face from the railways, freight and cargo services. Particularly HCVs, which are mainly used for transporting goods, may face direct competition from the railway sector, which is considered to be faster, more cost effective and may have a greater geographical reach to transport goods. Government initiatives towards improving railway infrastructure or introducing any subsidies in favour of the railways may result in a decrease in business of LCVs and HCVs in the road transport logistics sector, resulting in a decline of our customers who require financing thereby adversely affecting our business, results of operations, financial condition, and cash flows.

3. *Our inability to compete effectively in an increasingly competitive industry may adversely affect our Net Income Margins and market share.*

The vehicle finance market is highly fragmented and historically has been serviced by a range of financial entities, including the captive finance affiliates of OEMs, banks and NBFCs. Many of these competitors have greater financial resources, may be larger in terms of business volume and may have significantly lower cost of funds compared to us. Many of these competitors may also have long-standing relationships with automobile dealerships. Loan pricing is one of the factors that play an important role in customers' decision making in selecting a financier and some captive finance affiliates of automobile companies have in the past offered loans at competitive rates to retain market share. There can be no assurance that we will be able to compete successfully with such competitors. We believe we also face competition in many states across India from small finance banks who are focussed on the regional mass market customer segment with access to CASA deposits resulting in relatively lower cost of funds.

Our ability to compete effectively will depend, in part, on our ability to maintain or increase our margins. Our margins are affected in part by our ability to continue to secure low-cost funding, and the interest rates at which we lend to our customers. Our ability to increase interest rates on the loans we advance, however, is limited by newer vehicle financing products, variable payment terms and lower processing fees introduced by our competitors. There can be no assurance that we will be able to react effectively to these or other market developments or compete effectively with new and existing players in the increasingly competitive vehicle finance market. Increasing competition may adversely affect our Net Income Margins and market share.

4. *The volatility in interest rates and other market conditions could materially and adversely impact our business, prospects, financial condition, results of operations and cash flows.*

Our results of operations and cash flows are significantly dependent upon the level of Interest income is the largest component of our total income, and represented 93.22%, 96.32%, 94.36% and 93.46% of our total income in Fiscal 2020, 2021, 2022 and in the nine months period ended December 31, 2022, respectively. Our Net Income Margin is affected by our interest expense, which in turn is dependent on our borrowings and associated interest rates. Interest rates are highly sensitive to many external factors beyond our control, including growth rates in the economy, inflation, liquidity, the RBI's monetary policies, deregulation of the financial sector in India, domestic and international economic and political conditions and other factors. Any volatility or increase in interest rates or other market conditions may also adversely affect the rate of growth of the automotive industry, which may adversely impact our business, prospects, results of operations, financial condition and cash flows.

Our cost of funds is sensitive to interest rate fluctuations, which exposes us to the risk of reduction in spreads. The pricing on our issuances of debt will also be negatively impacted by any downgrade or potential downgrade in our credit ratings. Changes in interest rates could affect the interest rates we charge on our interest-earning assets in a manner different from the interest rates we pay on our interest-bearing liabilities because of the different maturity periods applying to our assets and liabilities and on the basis that our vehicle finance loans are advanced at a fixed rate. The difference could result in an increase in interest expense relative to interest income, leading to a reduction in our Net Income Margin, which could materially and adversely affect our results of operations and cash flows.

5. *Our business operations involve transactions with relatively high-risk borrowers. Any default from our customers could adversely affect our business, results of operations, financial condition and cash flows.*

We offer a range of financial products and services that address the specific financing requirements of self-employed and non-professional individuals, small and medium entrepreneurs and customers with informal income sources and limited banking and credit history. Similarly, our housing loans are focused on affordable housing and our vehicle loans are principally focused on consumers with limited access to capital through formal banking channels. A

significant portion of our customer base is typically less economically stable than large corporates, and as a result, is usually adversely affected by declining economic conditions. Earning capacity of customers in these segments depends on various macro and micro economic factors that affect them from time to time. We have a greater risk of loan defaults and losses in the event there are adverse economic conditions which may have a negative effect on the ability of our borrowers to make timely payments of their loans. As a result, we are more vulnerable to customer default risks including delay in repayment of principal or interest on our loans. Although we have our own customised due diligence and credit analysis procedures, there can be no assurance that these measures are adequate to ensure a lower delinquency rate. Our profitability depends on our ability to evaluate the right income levels of our customers, assess the credit risks and to price our loans accordingly. Our customers may default on their obligations as a result of various factors including bankruptcy, insolvency, lack of liquidity and/ or failure of the business or commercial venture in relation to which such borrowings were sanctioned. Certain product segments are unsecured and are susceptible to higher levels of credit risks. Additionally, although our Vehicle Finance, Loan Against Property, Home Loans and New Business segments involve certain collateral, we may still be exposed to defaults in payment, which we may not be able to recover fully or in part, or the recovery of which may require us to incur costs and expend additional resources. If our borrowers fail to repay loans in a timely manner or at all, our business, prospects, financial condition, results of operations and cash flows may be adversely impacted.

Further, we may not receive updated information regarding any change in the financial condition of our customers or may receive inaccurate or incomplete information as a result of any misrepresentation by our customers or employees.

6. *Our inability to control the level of Stage III Assets in our portfolio effectively will impact our profitability due to higher provisions.*

As of March 31, 2021 and 2022 and as of December 31, 2022, our Stage III Assets amounted to ₹2,706 crores, ₹3,342.82 crores and ₹3,366.78 crores, respectively. Various factors that are beyond our control may cause a further increase in the level of Stage III Assets and have an adverse impact on the quality of our loan portfolio. These factors include macro-economic factors (including a rise in unemployment, a sharp and sustained rise in interest rates, developments in the Indian economy, movements in global commodity markets and exchange rates) regulatory hurdles and global competition as well as customer specific factors such as wilful default and mismanagement of a customer's operations. If our Stage III Assets increase, we will be required to increase our provisions, which would result in our net profit being less than it otherwise would be and would adversely affect our results of operation and financial condition. There can be no assurance that the rates of future Stage III Assets and losses will be consistent with prior experience or at levels that will maintain our profitability, that the credit performance of our customers will be maintained, that our credit and our underwriting analysis, servicing and collection systems and controls will continue to be adequate. We may also not be successful in our efforts to improve collections and/ or foreclose on existing Stage III Assets. In addition, as our loan portfolio matures, we may experience greater defaults in principal and/ or interest repayments. Thus, if we are unable to control or reduce our level of Stage III Assets, the overall quality of our loan portfolio may deteriorate, and our results of operations and cash flows may be adversely affected. Moreover, there can be no assurance that there will be no deterioration in our provisioning coverage as a percentage of Stage III Assets or otherwise, or that the percentage of Stage III Assets that we will be able to recover will be similar to our past experience of recoveries of Stage III Assets. In the event of any further deterioration in our Stage III Asset portfolio, or if our provisions are insufficient to cover our existing or future levels of Stage III Assets, our ability to raise additional capital and debt funds as well as our results of operations, cash flows and financial condition could be adversely affected.

As of March 31, 2021 and 2022 and as of December 31, 2022, our provision coverage ratio, which comprises provision for Stage III Assets divided by the gross amount of Stage III Assets was 44.27%, 39.67% and 40.96%, respectively.

Further, as NBFCs, we are regulated by the RBI and are required to adhere to the prudential norms on income recognition, asset classification and provisioning ("IRACP") notified by the RBI from time to time, in addition to the Ind AS accounting and provisioning requirements applicable to our Company in the ordinary course. For instance, on November 12, 2021, the RBI issued a circular titled "Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications" ("**November 12 Circular**") with a view to ensuring uniformity in the implementation of IRACP norms across all lending institutions. The November 12 Circular, among other matters, requires borrower accounts to be flagged as overdue by lending institutions as part of their day-end processes for the due date, irrespective of the time of running such processes. Similarly, classification of borrower accounts as special mention accounts ("**SMA**") as well as NPA is required to be undertaken as part of day-end processes for the relevant date, such that the date of SMA/ NPA shall reflect the asset classification status of an account at the day-end of that calendar date. The November 12 Circular clarifies that the SMA classification requirement for borrower accounts is applicable to all loans, including retail loans, irrespective of size of exposure of the lending institution. Further, the November 12 Circular provides that accounts classified as NPAs may be upgraded to 'standard' only if the entire arrears of interest and principal are paid by the borrower, as opposed to such upgradation being undertaken upon payment of only interest overdues. Further, as our loan portfolio grows, our NPAs may increase and the current level of our provisions may not adequately cover any such increases. General economic slowdown or financial difficulties faced by our customers could unexpectedly increase delinquency rates.

On December 14, 2021, the RBI issued a circular titled "Prompt Corrective Action (PCA) Framework for Non-Banking Financial Companies (NBFCs)" ("**PCA Framework Circular**") to enable supervisory intervention and implement

remedial measures of NBFCs, including NBFC-NDs, on the basis of tracking certain indicators such as CRAR, Tier I Capital Ratio and Net NPA Ratio. Pursuant to the PCA Framework Circular, the PCA framework for NBFCs has come into effect from October 1, 2022, based on the financial position of NBFCs on or after March 31, 2022. We cannot assure you that in the future, we will be able to maintain the thresholds prescribed by the RBI under the PCA Framework Circular which could have an adverse effect on our business, financial condition and results of operations.

Further, we are required to adhere to provisioning requirements pursuant to the Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, as amended (“**Master Directions**”). If future regulations require us to increase our provisions for any reason, our profits may be adversely affected. Also, our ability to raise additional capital and debt financing as well as our results of operations, cash flows and financial condition could be adversely affected as a result thereof. The amount of our reported NPAs may increase in the future due to the aforementioned factors and other factors beyond our control, and we cannot assure you that we will be able to effectively control or reduce the level of the impaired loans in our total AUM. If we are unable to manage our NPAs or adequately recover our loans, our business, financial condition and results of operations will be adversely affected. In addition, our current loan loss provisions may not be adequate to cover an increase in the amount of NPAs or any future deterioration in the overall credit quality of our total AUM. If the quality of our loan portfolio deteriorates, we may be required to increase our loan loss provisions. If such provisions are not sufficient to provide adequate cover for loan losses that may occur, this could have an adverse effect on our business, financial condition and results of operations.

7. ***We are subject to regulations in relation to minimum capital adequacy requirements and a decline in our CRAR will require us to raise fresh capital which may not be available on favourable terms, which may affect our business, prospects, results of operations and financial condition. A decline in our capital adequacy ratio could also restrict our future business growth.***

Our Company is subject to regulations relating to the capital adequacy of NBFCs, which determine the minimum amount of capital we must hold as a percentage of the risk-weighted assets on our portfolio, or CRAR. Under the extant regulations, our Company is required to have a minimum CRAR of 15.00%, with a minimum Tier 1 capital of 10%. As of December 31, 2022, our Company’s CRAR was 17.76%, of which Tier 1 capital was 15.13%. We cannot assure you that we will be able to raise adequate capital in the future on terms favourable to us, or at all, which may adversely affect the growth of our business. Further, the RBI may also in the future require compliance with other prudential norms and standards, which may require us to alter our business and accounting practices or take other actions that could adversely affect our business and operating results.

8. ***Pursuant to RBI regulations applicable to various banks and NBFCs, our sources of funding may be restricted.***

We rely on loans and facilities from banks for a substantial portion of our funding requirements, and any impact on the ability of banks to provide funding to NBFCs will have a direct impact on our sources of funding. For instance, pursuant to certain RBI regulations applicable to various banks and NBFCs the RBI has imposed certain restrictions on banks from providing financing to NBFCs. Under these regulations, certain NBFC activities are ineligible for financing by bank credit, including, *inter alia* (i) certain types of discounting and rediscounting of bills (except for rediscounting of bills discounted by NBFCs arising from the sale of commercial vehicles, two-wheelers and three-wheelers, subject to certain conditions); (ii) loans and advances by NBFCs to their subsidiaries and group companies; (iii) lending by NBFCs to individuals for subscribing to initial public offerings and purchasing shares from the secondary market; (iv) unsecured loans, inter-corporate deposits by the NBFCs to/ in any company or (v) investments of NBFCs by way of shares and debentures, except need-based credit to stock broking companies against shares and debentures held by them as stock-in-trade.

Additionally, these regulations prohibit banks from (i) granting bridge loans of any nature; (ii) providing interim finance against capital or debenture issues and/ or in the form of loans of a temporary nature pending the raising of long-term funds from the market by way of capital, deposits, or other means to any category of NBFCs; (iii) accepting shares and debentures as collateral for secured loans granted to NBFCs; and (iv) executing guarantees covering intercompany deposits or loans that guarantee refund of deposits or loans accepted by NBFCs. Banks are also prevented from issuing guarantees for the purpose of indirectly enabling the placement of deposits with NBFCs.

Given that our primary source of funding is borrowings from banks, we cannot assure you that these regulations will not impact our ability to obtain funding from banks on favourable terms, or at all. Further, we cannot assure you that we will be able to find alternative sources of funding on equally favourable terms, or at all. Any impact on our ability to source funding may have an adverse impact on our cost of capital, financial condition, results of operations and cash flows.

9. ***Our inability to maintain relationships with automotive dealers and motor vehicle OEMs could have an adverse effect on our Vehicle Finance segment, prospects, results of operations, financial condition and cash flows.***

Our Vehicle Finance segment depends on the continuity of our relationship with our customers, particularly through automotive dealers who facilitate loan origination for us, and through our relationships with motor vehicle OEMs. There can be no assurance that we will be successful in maintaining such relationships or increasing the number of

such relationships. The agreements we enter into with OEMs are on a non-exclusive basis. If we are not able to maintain existing relationships with key automotive dealers and motor vehicle OEMs or if we are not able to develop new relationships, including due to our inability to provide services on a timely basis or offer products that meet the needs of the dealers' customers, the number of dealers through which we have retail funding relationships could decline and as a result, our business, prospects, results of operations, financial condition and cash flows could be adversely affected.

10. *Our Company, our Directors and one of our Subsidiaries are involved in certain legal and other proceedings. Any adverse outcome in such proceedings may have an adverse effect on our business, results of operations, financial condition and cash flows.*

There are outstanding legal proceedings involving our Company, our Directors, and our Subsidiaries. These proceedings are pending at levels of adjudication before various courts, including certain civil, criminal and taxation cases that have been filed against our Company. For further information of the material legal proceedings that we, our Directors and our Subsidiaries are subject to, see “*Outstanding Litigations and Defaults*” on page 286. We cannot assure you that the outcome of these legal proceedings will be favourable, and any adverse decision in any of these cases may impact our business and financial condition. The disputed amount involved in certain matters may be large, and an adverse order against us on such matters may impact our financial resources. Litigations against our Company could also consume our financial resources in their defense or prosecution. Further, should any new developments arise, such as changes in Indian law or rulings against us by the regulators, appellate courts or tribunals, we may need to make provisions in our financial statements, which could increase our provisions, expenses and current liabilities.

11. *We operate in a highly regulated industry and changes in the laws, rules and regulations applicable to us may adversely affect our business, financial condition, results of operations and cash flows.*

We operate in a highly regulated industry and we have to adhere to various laws, rules and regulations. Our Company has a certificate of registration from the RBI to operate as an NBFC and is regulated by the RBI. Accordingly, legal and regulatory risks are inherent and substantial in our business. As we operate under licenses or registrations obtained from the applicable regulators, we are subject to actions that may be taken by such regulators in the event of any non-compliance with any applicable policies, guidelines, circulars, notifications and regulations issued by the relevant regulators. For a description of the material laws, rules and regulations applicable to us, see “*Regulations and Policies*” on page 319.

In addition, any changes in the laws, rules and regulations applicable to us may adversely affect our business, financial condition and results of operations.

For example, we are subject to the RBI's guidelines on financial regulation of NBFCs, including capital adequacy, exposure provisioning and other master directions. The RBI also regulates the credit flow by banks to NBFCs and provides guidelines to commercial banks with respect to their investment and credit exposure norms for lending to NBFCs. The RBI, from time to time, amends the regulatory framework governing NBFCs to address concerns arising from certain divergent regulatory requirements for banks and NBFCs. The RBI on October 22, 2021 put in place a revised regulatory framework for NBFCs effective from October 1, 2022 read with the detailed guidelines put in place by the RBI in its circular dated April 19, 2022. The laws and regulations governing the banking and financial services industry in India have become increasingly complex and cover a wide variety of issues, such as interest rates, liquidity, investments, ethical issues, money laundering and privacy. These laws and regulations can be amended, supplemented or changed at any time such that we may be required to restructure our activities and incur additional expenses to comply with such laws and regulations, which could adversely affect our business and our financial performance.

12. *Our significant indebtedness and the conditions and restrictions imposed by our financing arrangements could restrict our ability to obtain additional financing, raise capital, conduct our business and operations in the manner we desire.*

As of December 31, 2022, outstanding borrowings of our Company (as per IND AS) were ₹ 89,305.45 crores, and we will continue to incur additional indebtedness in the future. Our significant indebtedness could have several important consequences, including but not limited to the following:

- a portion of our cash flow may be used towards servicing of our existing debt, which will reduce the availability of our cash flow to fund working capital, capital expenditures and other general corporate requirements;
- our ability to obtain additional financing in the future at reasonable terms may be restricted;
- fluctuations in market interest rates may affect the cost of our borrowings, as our indebtedness are at variable interest rates;

- there could be a material adverse effect on our business, prospects, results of operations, financial condition and cash flows if we are unable to service our indebtedness or otherwise comply with financial and other covenants specified in the financing agreements; and
- we may be more vulnerable to economic downturns, may be limited in our ability to withstand competitive pressures and may have reduced flexibility in responding to changing business, regulatory and economic conditions.

Some of the financing arrangements entered into by us include conditions that require our Company to obtain lender consents prior to carrying out certain activities and entering into certain transactions. Failure to meet these conditions or obtain these consents could have significant consequences on our business and operations. These covenants vary depending on the requirements of the financial institution extending such loan and the conditions negotiated under each financing agreement. Some of these covenants include, altering our capital structure; changing our current ownership/ control, formulating a scheme of amalgamation, disposal or acquisition of key subsidiary, compromise or reconstruction, material change in management, making any investments whether by way of deposits, loans or investments in share capital of a company, implementing a scheme of expansion, undertaking guarantee obligations, declaration or payment of dividend, substantial expansion of any project and amending constitutional documents. Further, under certain financing agreements, we are required to maintain specific credit ratings and if we fail to do so, it would result in an event of default. We are also required to maintain certain financial ratios and ensure compliance with regulatory requirements such as maintenance of capital adequacy ratios, qualifying asset norms and ensure positive net worth. Such covenants may restrict or delay certain actions or initiatives that we may propose to take from time to time.

Our lenders may recall all or part of such unsecured amounts borrowed by us on short or no notice. Such recalls on borrowed amounts may be contingent on the occurrence of an event beyond our control and there can be no assurance that we will be able to persuade our lenders to give us extensions or to refrain from exercising such recalls which may adversely affect our operations and cash flows. Further, certain of our lenders also have the ability to cancel amounts from sanctioned limits of our Company, which have not been drawn down by us.

A failure to observe the covenants under our financing arrangements or to obtain necessary waivers may lead to the termination of our credit facilities, acceleration of amounts due under such facilities and the enforcement of any security provided. Pursuant to clauses in certain financing agreements, any defaults under such facilities may also trigger cross default or cross acceleration provisions under our other financing agreements. If the obligations under any of our financing documents are accelerated or any security created under such agreements enforced, we may have to dedicate a substantial portion of our cash flow from operations to make payments under such financing documents, thereby reducing the availability of cash for our working capital requirements and other general corporate purposes. Additionally, during any period in which we are in default, we may be unable to raise, or may face difficulties raising, further financing.

In addition, we cannot assure you that our business will generate sufficient cash to enable us to service our debt or to fund our other liquidity needs. We may also need to refinance all or a portion of our debt on or before maturity. We cannot assure you that we will be able to refinance any of our debt on commercially reasonable terms or at all.

13. *We rely significantly on our information technology systems for our business and operations and any failure, inadequacy or security breach in such systems could adversely affect our business, results of operations and reputation.*

Our business is dependent upon complex and interdependent information technology systems. We use our technology platforms to assist with functions such as lead generation and management, underwriting and risk management, collections and to perform data analytics. We have developed and use proprietary tools, cloud services and mobility applications. We have an integrated customer relationship management and loan management system. Our operations depend on our ability to process a high volume of transactions across our network of branches, which are connected through computer systems and servers to our corporate office. As part of our growth strategy, we intend to further develop and invest in our information technology systems and create an end-to-end digital process. The technology-driven underwriting, risk management and collection processes on which our Company relies, may not be able to effectively identify, monitor or mitigate the risks in our lending operations.

The size and complexity of our computer systems may make them potentially vulnerable to breakdown, system integration problems, malicious intrusion and computer viruses. Our financial, accounting, analytics or other data processing systems may fail to operate adequately, or at all, as a result of events that are beyond our control, including a disruption of electrical or communications services in markets in which we primarily operate. Our ability to operate and remain competitive will depend in part on our ability to maintain and upgrade our information technology systems on a timely and cost-effective basis. Although we have not experienced any significant disruptions to our information technology systems in the past, we cannot assure you that we will not encounter disruptions in the future. In addition, our systems are potentially vulnerable to data security breaches, whether by employees, who may have a lack of experience with our newer information technology systems, or others, that may expose sensitive data to unauthorized persons. Data security breaches could lead to the loss of trade secrets or other intellectual property, or could lead to

the public exposure of personal information (including sensitive financial and personal information) of our customers and employees. Further, we may not detect or prevent all attempts to compromise our systems, including distributed denial-of-service attacks, viruses, malicious software, break-ins, ransomware attacks, phishing attacks, social engineering, fraudulent emails and related payments scams, security breaches or other attacks and similar disruptions that may jeopardize the security of information stored in and transmitted by our systems or that we otherwise maintain. Breaches of our cybersecurity measures could result in unauthorized access to our systems, misappropriation of information or data, unforeseen disclosure or transfer of data, deletion or modification of consumer information, or a denial of service or other interruption to our business operations. We may not have the resources or technical sophistication to anticipate or prevent rapidly evolving types of cyberattacks. Any such security breaches or compromises of technology systems could result in institution of legal proceedings against us and potential imposition of penalties, which may have an adverse effect on our business and reputation. We face the threat of fraud and cyberattacks, such as hacking, phishing, trojans and other threats, attempting to exploit our network to disrupt services to customers and/or theft of sensitive internal company data or customer information. This may cause damage to our reputation and adversely impact our business and financial results.

14. *We may not be able to recover, on a timely basis or at all, the full value of collateral or amounts which are sufficient to cover the outstanding amounts due under defaulted loans.*

As security for the financing facilities provided by us to our customers, the vehicles or construction equipment purchased by our customers are hypothecated in our favour and property is mortgaged for LAP. For each financing arrangement, we sanction an amount of credit that is less than the value of the vehicle or property which we take as collateral. We regulate this amount through our restrictions on the loan to value ratio of each financing. Loans are generally provided up to certain specified percentages of the value of new commercial vehicles and used vehicles, as ascertained by our appraiser.

The value of the vehicle, or construction equipment, however, is subject to depreciation, deterioration, and/ or reduction in value on account of other extraneous reasons, over the course of time. Similarly, for LAP, the value of the collateral may not be adequate to cover amounts under default. Consequently, the realizable value of the collateral for the credit facility provided by us, when liquidated, may be lower than the outstanding loan from such customers. Any default in repayment of the outstanding credit obligations by our customers may expose us to losses. Furthermore, in the case of a default, we typically repossess the collateral. The hypothecated vehicles and construction equipment, being movable property, may be difficult to locate or seize in the event of any default by our customers.

There can also be no assurance that we will be able to sell such vehicles, construction equipment or properties provided as collateral at prices sufficient to cover the amounts under default. In addition, there may be delays associated with such processes. Further, if any of our borrowers take recourse of arbitration or litigation against our repayment claims, it may cause a further delay in our recovery process leading to depreciation of the secured asset. A failure or delay in recovering the expected value from sale of collateral security could expose us to a potential loss. Any such losses could adversely affect our financial condition, results of operations and/ or cash flows. Furthermore, enforcing our legal rights by litigating against defaulting customers is generally a slow and potentially expensive process in India. Accordingly, it may be difficult for us to recover amounts owed by defaulting customers in a timely manner or at all. Further, if we are unable to sell any repossessed vehicles provided as security for such loans, at commercially favourable prices, in a timely manner or at all, we may not recover the costs of maintaining such repossessed vehicles and our operations, cash flows and profitability could be adversely affected.

15. *We have in this Draft Shelf Prospectus included certain non-GAAP financial measures and certain other selected statistical information related to our operations and financial performance. These non-GAAP measures and statistical information may vary from any standard methodology that is applicable across the financial services industry, and therefore may not be comparable with financial or statistical information of similar nomenclature computed and presented by other financial services companies.*

Certain non-GAAP financial measures such as, Expense Ratio, Loan Losses and Net Income Margin calculated on basis of our Average Closing Assets (Balance Sheet) (together the “**Non GAAP Measures**”) and certain other statistical information relating to our operations and financial performance have been included in this section and elsewhere in this Draft Shelf Prospectus. These non GAAP measures a supplemental measure of our performance and liquidity that is not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or US GAAP. Further, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Ind AS, Indian GAAP, IFRS or US GAAP and should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years/ period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS or US GAAP. We compute and disclose such non-GAAP financial measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of financial services businesses, many of which provide such non-GAAP financial measures and other statistical and operational information when reporting their financial results. We have in this Draft Shelf Prospectus included financial information which may be different from that followed by other financial services companies. However, note that

these non-GAAP financial measures and other statistical information relating to our operations and financial performance are non-standardised terms and may not be computed on the basis of any standard methodology that is applicable across the industry and therefore may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other financial services companies. Hence, a direct comparison of these Non-GAAP Measures between companies may not be possible. Other companies may calculate these Non-GAAP Measures differently from us, limiting its usefulness as a comparative measure.

16. *We face asset-liability mismatches which could affect our liquidity and consequently may adversely affect our operations, profitability and/ or cash flows.*

While we believe that our cash flow from operations, available cash and borrowings will be adequate to meet our future liquidity needs, we cannot assure you that our businesses will generate sufficient cash flow from operations such that our anticipated revenue growth will be realized or that future borrowings will be available to us under credit facilities in amounts sufficient to enable us to repay our existing indebtedness, fund our expansion efforts or fund our other liquidity needs. If we are unable to service our existing debt, our ability to raise debt in the future will be adversely affected, which will have a significant adverse effect on our results of operations, cash flows and financial condition.

Further, asset liability mismatches create liquidity surplus or liquidity crunch situations and depending upon the interest rate movement, such situations may adversely affect our Net Income Margin. As is typical for NBFCs, a portion of our funding requirements is met through short-term funding sources such as working capital demand loans, cash credit and commercial papers. We also face interest rate risks as vehicle finance loans are typically provided at a fixed rate of interest whereas the term loans and working capital loans from banks taken by us are typically based on a floating rate of interest.

Consequently, our inability to obtain and/ or maintain additional credit facilities or renew our existing credit facilities, in a timely and cost-effective manner or at all, may lead to mismatches between our assets and liabilities, which in turn may adversely affect our operations and financial performance. Further, mismatches between our assets and liabilities are compounded in case of pre-payments of the financing facilities we grant to our customers. Such factors may have an adverse effect on our results of operations, cash flows and financial condition.

17. *A significant portion of our overdue collections are in cash and consequently we face the risk of misappropriation or fraud by our full-time employees or other personnel engaged by us, which may adversely affect our business and profitability.*

A significant portion of our collections from our customers is in cash. Large cash collections expose us to the risk of theft, fraud, misappropriation or unauthorized transactions by employees responsible for dealing with such cash collections. In the past, we have been subject to acts of fraud committed by our employees and customers. Misconduct by our employees could also include binding us to transactions that exceed authorised limits or present unacceptable risks or concealing unauthorized or unlawful activities from us. These risks are exacerbated by the high levels of responsibility we delegate to our employees, the geographically dispersed nature of our network and our hub and spoke business model, with the centralized hub situated out of our head office in Chennai. We primarily cater to customers in rural and semi-urban markets, which carry additional risks due to limitations on infrastructure and technology.

While we have implemented technology that tracks our cash collections, taken insurance policies, including fidelity coverage and coverage for cash in safes and in transit, and undertaken measures to detect and prevent unauthorized transactions, fraud or misappropriation, this may not be sufficient to prevent or deter such activities in all cases, which may adversely affect our operations and profitability. Further, we may be subject to regulatory or other proceedings in connection with any unauthorized transactions, fraud or misappropriation by our representatives and employees, which could adversely affect our goodwill.

Our business is also susceptible to fraud by dealers, distributors and other agents through the forgery of documents, multiple financing of the same asset/ collateral and unauthorized collection of instalments on behalf of our Company. Given the high volume of transactions involving cash processed by us, certain instances of fraud and misconduct by our representatives or employees may go unnoticed for some time before they are discovered and others successfully rectified. Even when we discover instances of fraud and other misconduct and pursue legal recourse or file claims with our insurance carriers, there can be no assurance that we will recover any amounts lost through such fraud or other misconduct. Our dependence upon automated systems to record and process transactions may further increase the risk that technical system flaws or employee tampering or manipulation of such systems will result in losses that are difficult to detect or rectify. It is not always possible to deter fraud or misconduct by employees and customers and the precautions we take and the systems we have put in place to prevent and deter such activities may not be effective in all cases. Any instances of such fraud or misconduct could adversely affect our reputation, business, results of operations, financial condition and cash flows.

In addition, in the Vehicle Finance segment, customers we lend to are typically road transporters who travel long distances away from their home location. Our inability to trace such customers who default on their loans may result in additional loan losses. Similarly, in our Loan Against Property and Home Loans segment, where our customers default, our ability to take possession of property legally and dispose it off could take longer time.

18. *Our secretarial and historical records may be subject to deficiencies and inaccuracies. Further, some of our historical records may not be traceable.*

The MCA, Office of the Registrar of Companies, Tamil Nadu at Chennai has issued three notices to us, each dated March 15, 2019, pursuant to an inspection conducted under Section 209A of the Companies Act, 2013, to show cause for the following: (i) allegedly not following the ‘useful life’ prescribed under the Companies Act, 2013; (ii) classifying computers and data processing units of the Company as ‘plant and machinery’ in the financial statements for Fiscals 2015 to 2018; and (iii) allegedly not furnishing the financial position of the Subsidiaries and the erstwhile subsidiary, White Data Systems Private Limited, in the Board report attached to the financial statements of the Company. While we have responded to the MCA, we cannot assure you that the Ministry of Corporate Affairs will not take any action against us pursuant to these show cause notices. Further, while our financial statements are prepared in accordance with the applicable laws and accounting standards, we cannot assure you that the MCA will not issue similar show cause notices to us in the future for any alleged non-compliance, due to a difference in interpretation.

Our Company was incorporated in 1978, and we are not in possession of certain historical filings made by our Company with statutory authorities and there are certain inconsistencies in some of our historical records. For instance, (i) the list of allottees in respect of the allotments made by us on December 4, 1978, February 26, 1979, April 7, 1980 and December 26, 1990, are presently not traceable; (ii) for allotments made by us on October 27, 1982 and February 20, 1995 the allotment registers are incomplete, and the complete list of allottees is not available in our records; (iii) the shareholder approvals for preferential allotments made by our Company between November 2, 1978 and January 19, 1980 are not traceable; and (iv) there have been instances of inconsistencies between the return of allotment and the resolutions in respect of certain allotments. We have relied on documents including form filings made by our Company, resolutions passed by our Company, annual returns of our Company, annual reports, etc., in relation to the build-up of the equity share capital of our Company as disclosed in “*Capital Structure*” on page 48. We cannot assure you that our Company will not be subject to any action, including monetary penalties by statutory authorities, on account of any non-availability of, or inconsistency in, the secretarial records and filings of our Company.

19. *We require certain statutory and regulatory approvals and licenses for conducting our business and an inability to obtain or maintain such approvals and licenses in a timely manner, or at all, may adversely affect our operations.*

We require various approvals, licenses, registrations and permissions for operating our business. We are also required to comply with the prescribed requirements including exposure limits, classification of NPAs, KYC requirements and other internal control mechanisms. In the future, we will be required to maintain such permits and approvals and obtain new permits and approvals for any proposed expansion strategy or diversification into additional business lines or new financial products. There can be no assurance that the relevant authorities will issue any of such permits or approvals in a timely manner, or at all, and/ or on favorable terms and conditions. Our failure to comply with the terms and conditions to which such permits or approvals are subject, and/ or to maintain or obtain the required permits or approvals may result in an interruption of our business operations and may have a material adverse effect on our business operations and future financial performance.

In the event that we are unable to comply with the requirements within the specified time limit, or at all, we may be subject to regulatory actions by the RBI including the levy of fines or penalties and/ or the cancellation of our license to operate as an NBFC. However we cannot assure you that we may not breach the exposure norms in the future. Any levy of fines or penalties or the cancellation of our Company’s license to operate as an NBFC by the RBI or the Government of India, due to the breach of exposure or other applicable norms, may adversely affect our business, prospects, results of operations, financial condition and cash flows.

In addition, we require various registrations to operate our branches in the ordinary course of our business. These registrations typically include those required to be obtained or maintained under legislations governing shops and establishments, professional tax and trade licenses of the particular state in which they operate. Certain approvals may have lapsed in the normal course of business and our Company has either made an application to the appropriate authorities for renewal of such registrations or is in the process of making such applications. If we fail to obtain or retain any of these approvals or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any of these conditions, our certificates of registration may be suspended or cancelled and we shall not be able to carry on such activities. For further information, see “*Regulations and Policies*” on page 319. Further, any instructions by RBI or other regulatory authority in India directing the Company to stop the use of its premises/ branches or officials for the operations of its Group entities could materially and adversely affect our business and impact our future financial performance.

20. *We have expanded into new lines of business and if we are unable to successfully run the new businesses profitably, our results of operations, cash flows and financial condition may be affected. We cannot assure you that we will be effective in implementing our strategies for such new lines of business.*

As part of our growth strategy, we aim to expand our product portfolio by launching adjacent lending products to capture a larger portion of the wallet share of our customers. We have limited experience in some of the recently launched products and business verticals. There can be no assurance that we will be able to continue to successfully implement our strategy.

We have since forayed into new lines of business, including SME Loans, Consumer and Small Enterprise Loans and Secured Business and Personal Loan and have made significant investments in technology to enable us to undertake them. We cannot assure you that we will be effective in implementing our strategies for such new lines of business. They may not yield the intended results and which in turn may have an adverse effect on our business, prospects and results of operations. While supporting large scale transformation programs in the existing lines of business, the technology team has also launched of new lines of business, both secured and unsecured, in a digital mode, spanning to loan originations, management and loan collections. We cannot assure you that we will be able to successfully implement our strategy to focus on our transaction financing business. If we are unable to successfully manage, operate or grow our transaction financing business, our business, results of operations and cash flows will be adversely affected.

Further, in the past, we have invested into our subsidiary, Payswiff Technologies Private Limited. For further details, see “*History and Certain Corporate Matters - Our Subsidiaries*” on page 174. While the investment into Payswiff Technologies Private Limited was undertaken following a detailed review and due diligence process, we cannot assure you on the manner in which it was conducting its business and operations prior to the date of investment by our Company, or that there are no past instances of non-compliances involving Payswiff Technologies Private Limited. Further, if Payswiff Technologies Private Limited is not successful in such business, we may lose some or all of the investments that we have made in it and our reputation, results of operations, financial condition and cash flows may be adversely affected.

21. *An inability to effectively manage our growth, sustain our rate of growth, or maintain operational efficiencies, may adversely affect our business and we may not be able to increase our revenues or maintain our profitability.*

We have experienced significant growth in recent times and our current growth strategy includes increasing the number of loans we extend, diversifying our product portfolio, aligning it based on the changing business environment and requirements of our customers and expanding our customer base. Our Profit for the period/ year has increased from ₹ 1,514.91 crores in Fiscal 2021 to ₹ 2,146.71 crores in Fiscal 2022 and our profit after tax for the period was ₹ 1,813.36 crores in the nine months ended December 31, 2022. However, we cannot assure you that our growth strategy will continue to be successful or that we will be able to continue to expand further or diversify our product portfolio. If we increase the number of loans we extend too quickly or fail to properly assess credit risks associated with new borrowers, a higher percentage of our loans may become non-performing, which may adversely affect the quality of our assets and our results of operations, cash flows and financial condition. We also face a number of operational risks in executing our growth strategy. As part of our growth strategy, we have experienced rapid growth in our Vehicle Finance segment, our office network has expanded significantly and we are expanding to additional smaller towns and cities within India. Our branches have increased from 1,091 as of March 31, 2020 to 1,145 as of March 31, 2022 and we had 1,166 branches as of December 31, 2022. Our rapid growth exposes us to a wide range of risks, including business and management risks, such as the possibility that a number of our impaired loans may increase faster than anticipated or that we fail to understand the new markets we enter into, as well as operational risks and fraud, regulatory and legal risks. It will also place sufficient demands on our management, financial and other resources and will require us to continuously develop and improve our operational, financial and internal controls.

Moreover, our ability to sustain our rate of growth depends significantly upon our ability to manage key issues such as selecting and retaining key managerial personnel, maintaining effective risk management policies, continuing to offer products which are relevant and cost effective for our target customers, training managerial personnel to address emerging challenges, developing and maintaining technical infrastructure and systems and ensuring a high standard of customer service. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to evolving internal controls and risk management procedures. Failure to train our employees for the above operational controls may result in loss of business, erosion of the quality of customer service, diversion of management resources, an increase in our exposure to high-risk credit, significant costs and an increase in employee attrition rates, any of which could adversely affect our business.

While we try to balance our loans/ disbursements depending on the business environment and respective risk parameters, this approach may not always be successful in the event markets do not perform as anticipated.

Our business has grown consistently in the past. Any inability to maintain our growth may have a material adverse effect on our business, results of operations and financial condition.

22. *Any downgrade of our credit ratings would increase borrowing costs and constrain our access to capital and lending markets and, as a result, would negatively affect our Net Income Margin and our business.*

The cost and availability of capital is dependent on our short-term and long-term credit ratings. Ratings reflect a rating agency’s opinion of our financial strength, operating performance, strategic position, and ability to meet our obligations. Our current ratings indicate high degree of safety as regards servicing of financial obligations and carrying low credit risk. For further information on our Company’s credit ratings, see “*Our Business – Credit Ratings*” on page 150.

Any downgrade of our credit ratings would increase borrowing costs and constrain our access to capital and debt markets and, as a result, negatively affect our Net Income Margin and our business. In addition, downgrades of our credit ratings could increase the possibility of additional terms and conditions being added to any additional financing or refinancing arrangements in the future. The ratings provided by the rating agencies may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. These ratings are not a recommendation to buy, sell or hold securities and investors should take their own decisions.

23. *We are subject to the risk of failure of, or a material weakness in, our internal control systems, which could have a material adverse effect on our reputation, business, financial condition, results of operations and cash flows.*

We have established internal control systems and processes for our internal audit team to scrutinise, and periodically test and update, all facets of our operations, as necessary. However, we are exposed to risks arising from the inadequacy or failure of internal systems or processes, and any actions we may take to mitigate these risks may not be sufficient to ensure an effective internal control environment. Given our high volume of transactions, errors may be repeated or compounded before they are discovered and rectified. Although we believe that we have taken appropriate measures to develop our internal control systems and policies to address those issues, we cannot assure you that our systems and policies will be sufficient or will fully correct such weaknesses, or that similar deficiencies will not arise in the future.

Further, our management information systems and internal control procedures may not be able to identify non-compliance or suspicious transactions in a timely manner, or at all. Where internal control weaknesses are identified, our actions may not be sufficient to fully correct such weaknesses. As a result, we may incur expenses or suffer monetary losses, which may not be covered by our insurance policies and may result in a material adverse effect on our reputation, business, financial condition, results of operations and cash flows.

24. *Negative cash flows in the future could adversely affect our cash flow requirements, our ability to operate our business and implement our growth plans, thereby affecting our financial performance.*

We have in the past, and may in the future, experience negative operating cash flows. The following table sets forth certain information relating to our cash flows on a standalone basis for the periods indicated under Ind AS:

(in ₹ crores)

Particulars	Fiscal		
	2020	2021	2022
Net cash generated from/ (used in) operating activities	(2,095)	(8,857)	(5,608)

Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. As a result, our cash flows, business, prospects, results of operations and financial condition may be materially and adversely affected.

25. *We have securitized/ assigned a significant portion of the receivables from our loan portfolio to banks and other institutions. Any deterioration in the performance of any pool of receivables assigned to banks and other institutions or any change in RBI or government policies may adversely affect our results of operations, financial condition and cash flows.*

We have securitized and assigned through bilateral transactions a significant portion of the receivables from our loan portfolio to banks and other institutions. These securitization and assignment transactions are conducted on the basis of internal estimates of our funding requirements, and may vary from time to time. Under Ind AS 109, assets transferred under securitisation do not meet de-recognition criteria and the same will therefore be retained in the books and amount received from the securitisation trust will be treated as borrowing. The assignment transactions entered into by the Company satisfy de-recognition criteria under Ind AS, consequently, upfront gain is recognised on bilateral assignments. Any change in RBI or other government regulations in relation to bilateral direct assignments and securitizations by NBFCs could have an adverse impact on our assignment and securitization plans in the future. As of March 31, 2020, 2021 and 2022 and as of December 31, 2022, we had De-recognized Loans amounting to ₹5,125.85 crores, ₹4,160.44 crores, ₹2,764.99 crores and ₹1,965.79 crores, respectively, representing 8.47 %, 5.94 %, 3.60 % and 2.06 %, respectively, of our Business AUM (net of provisions).

Securitization and assignment transactions help us in maintaining our capital adequacy, are considered as a true sale as per RBI guidelines relating to securitisation and direct bilateral assignment and also provide us with relief on capital. It also helps in generation of income by way of collection fees and agreed spread. The counterparties to securitization transactions require us to provide credit enhancement through fixed deposits or bank guarantees. Credit enhancements enable us to improve our credit worthiness. We have outstanding credit enhancement and outstanding bank guarantees as of December 31, 2022. In the event a counterparty does not realize the receivables due under such loan assets, it could claim recourse through such credit enhancement for an amount up to the first loss risk, which could adversely affect our results of operations, cash flows and financial condition. Furthermore, any recourse to such credit enhancement or invocation of bank guarantees may also result in our inability to securitize further pools of assets.

26. ***We rely on third party external vendors and Chola Business Services Limited to whom we have outsourced certain of our operations. If these third parties fail to perform their obligations, it could adversely affect our business and cause us financial loss, which may not be recoverable from such third-party in full or at all.***

For certain of our business functions such as customer acquisition, property and vehicle valuations, title verification, field investigation, tele-calling, IT systems management and vehicle repossession, we depend on third-party external vendors to provide these services to us. If these third-parties fail to perform their services adequately or lapse on their part to meet quality standards that we require, it may result in potential operational and credit losses which can impact our profitability. While we believe we have a vendor on-boarding and monitoring process that enables us to identify and change non-performing vendors, there can be no assurance that such controls implemented by us will prevent any potential future losses. Further, any failure on our part to comply with the terms contained in agreements with such vendors may expose us to the risk of premature termination of the arrangement and claims, disputes and litigations with such third-parties.

These personnel perform various activities such as sourcing of customers, distribution and marketing of our financing products, collections including collection of overdue amounts and repossession of assets, and other back office and administrative support.

In the event that Chola Business Services Limited fails to deliver trained personnel for our business operations, source customers and assess them adequately or effectively perform its services pursuant to the services agreement, or if this agreement is not renewed, and we are unable to find an alternative service provider at similar terms or at all, it may adversely affect our business operations and financial performance.

27. ***Our ability to establish and maintain current accounts with scheduled commercial banks and payment banks may be restricted on account of guidelines issued by the RBI. Any restrictions on our ability to maintain these accounts, or establish new current accounts, could adversely impact our growth, business and financial condition.***

On August 06, 2020, the RBI issued a circular titled 'Opening of Current Accounts by Banks-Need for discipline' to scheduled commercial banks and payments banks. Instructions in the Circular include that "(i) No bank shall open current accounts for customers who have availed credit facilities in the form of cash credit (CC)/ overdraft (OD) from the banking system and all transactions shall be routed through the CC/OD account. (ii) Where a bank's exposure to a borrower is less than 10 per cent of the exposure of the banking system to that borrower, while credits are freely permitted, debits to the CC/OD account can only be for credit to the CC/OD account of that borrower with a bank that has 10 per cent or more of the exposure of the banking system to that borrower. (iii) Where a bank has a share of 10 per cent or more in the total exposure of the banking system to the borrower, it can provide CC/OD facility as hitherto. (iv) Banks should not route drawal from term loans through current accounts. Since term loans are meant for specific purposes, the funds should be remitted directly to the supplier of goods and services. (v) Expenses incurred by the borrower for day to day operations should be routed through CC/OD account, if the borrower has a CC/OD account, else through a current account. (vi) As regards existing current and CC/OD accounts, banks shall ensure compliance with the above instructions within a period of three months from the date of this circular." On October 29, 2021, RBI, relaxed the restriction on opening of current account in respect of borrowers where exposure of the banking system is ₹ 5 crore or more wherein such borrower can maintain current accounts with any one of the banks with which it has CC/OD facility, provided that the bank has at least 10 per cent of the exposure of the banking system to that borrower. These circulars will restrict the ability of NBFCs to establish new current accounts and maintain current accounts with multiple scheduled commercial banks and payments banks, and could disrupt our ongoing business and conduct of operations of the Company.

28. ***We depend on the accuracy and completeness of information about customers and counterparties and any misrepresentation, errors in or incompleteness of such information could cause our business to suffer. In addition, we are exposed to counterfeit collateral documents which we might record as security.***

In deciding whether to extend credit or enter into other transactions with customers, we rely on information furnished to us by or on behalf of customers. We may also rely on certain representations from our customers as to the accuracy and completeness of that information. For ascertaining the creditworthiness and encumbrances on collateral we may depend on the respective registrars and sub-registrars of assurances, credit information companies or credit bureaus, and on independent valuers in relation to the value of the collateral, and our reliance on any misleading information given may affect our judgement of credit worthiness of potential borrowers, and the value of and title to the collateral, which may affect our business, prospects, results of operations and financial condition. In the past 12 months, we have had instances where we have identified fake collateral/ title documents from customers on delinquent accounts. These accounts will take longer legal proceedings to resolve. There is no assurance that there will not be any further such instances given the manual nature of property documentation and verification in India.

Moreover, the availability of accurate and comprehensive credit information on retail customers and small businesses in India is more limited than for larger corporate customers, which reduces our ability to accurately assess the credit risk associated with such lending. A nationwide credit bureau, viz., the Credit Information Bureau (India) Limited ("CIBIL") is operational in India and RBI has approved the creation of other credit information bureaus. However, CIBIL does not presently report information from retailers, utility companies and trade creditors, and no other

nationwide bureaus of this nature presently exist. While the law provides us with better access to credit information, there may be relatively less financial and credit information available on small and medium enterprises and in relation to the possibility of double-financing obtained by any such clients, than may have been available in a more developed economy, and the availability of such financial and credit information in India may be considered to suffer from an absence of competitive pressure at present.

Difficulties in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our non-performing and restructured assets, which could materially and adversely affect our business, prospects, results of operations, financial condition and cash flows.

29. *Our risk management measures may not be fully effective in mitigating our risks in all market environments or against all types of risks, which may adversely affect our business and financial performance.*

We are exposed to a variety of risks, including liquidity risk, interest rate risk, credit risk, operational risk and legal risk. The effectiveness of our risk management is limited by the quality and timely availability of data. Our risk management techniques may not be fully effective in mitigating our risks in all market environments or against all types of risk, including risks that are unidentified or unanticipated. Some methods of managing risks are based upon observed historical market behaviour. As a result, these methods may not predict future risk exposures, which could be greater than the historical measures indicated and which may adversely affect our business and results of operation.

Other risk management methods depend upon an evaluation of information regarding markets, customers or other matters. This information may not in all cases be accurate, complete, current, or properly evaluated. Management of operational, legal or regulatory risk requires, among other things, policies and procedures to properly record and verify a number of transactions and events. Although we have established policies and procedures, they may not be fully effective. Our future success will depend, in part, on our ability to respond to new technological advances and evolving NBFC, vehicle finance, loan against property and housing finance and mortgage loan sector standards and practices on a cost-effective and timely basis. The development and implementation of such technology entails significant technical and business risks. There can be no assurance that we will successfully implement new technologies or adapt our transaction-processing systems to customer requirements or evolving market standards.

30. *The Indian housing finance industry is highly competitive and our inability to compete effectively could adversely affect our business and results of operations.*

The housing finance industry in India is highly competitive and we compete with banks, HFCs, small finance banks and NBFCs in each of the geographies in which we operate. Consistent with developments over the years, we may also see the entrance of new competitors in the housing finance industry. Our competitors may have more resources, a wider branch and distribution network, access to cheaper capital, superior technology and may have a better understanding of and relationships with customers in these markets. This may make it easier for competitors to expand and to achieve economies of scale to a greater extent. In addition, our competitors may be able to rely on the reach of the retail presence of their affiliated group companies or banks. Competition in this market segment has also increased as a result of interest rate deregulation and other liberalization measures affecting the housing finance industry in India and we expect competition to intensify in the future.

Our ability to compete effectively will depend, in part, on our ability to maintain or increase our margins. Our margins are affected in part by our ability to continue to secure low-cost capital, and charge optimum interest rates at which we lend to our customers. Consequently, our ability to maintain or increase our margins will be dependent on our ability to pass on increases in the interest rates on our interest-bearing liabilities to our customers. Moreover, any increases in the interest rates on the loans we extend may also result in a decrease in business. We cannot assure you that we will be able to react effectively to these or other market developments or compete effectively with new and existing players in the increasingly competitive housing finance industry. If we are unable to compete effectively, our business and results of operations may be adversely affected.

31. *Our insurance coverage may not adequately protect us against losses.*

We maintain insurance coverage that we believe is adequate for our operations. Our insurance policies, however, may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. We cannot assure you that the terms of our insurance policies will be adequate to cover any damage or loss suffered by us or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim.

A successful assertion of one or more large claims against us that exceeds our available insurance coverage or changes in our insurance policies, including premium increases or the imposition of a larger deductible or coinsurance requirement, could adversely affect our business, financial condition, results of operations and cash flows.

32. *Priority sector lending requirements adhered to by scheduled commercial banks may increase our cost of funding and adversely affect our business, results of operations, financial condition and cash flows.*

Pursuant to the RBI master circular dated July 1, 2015, as amended, and master directions dated July 7, 2016 on priority sector lending-targets and classification, scheduled commercial banks operating in India are required to maintain 40% of their adjusted net bank credit or the credit equivalent amount of their off balance sheet exposure, whichever is higher, as priority sector advances. Foreign banks with 20 or more branches in India were required to achieve such 40% priority sector lending within a maximum period of five years commencing from April 1, 2013 and ending on March 31, 2018, while foreign banks with less than 20 branches are required to achieve such 40% priority sector lending in a phased manner i.e. 32% by Fiscal 2016, 34% by the Fiscal 2017, 36% by Fiscal 2018, 38% by Fiscal 2019 and 40% by Fiscal 2020. Further, as per RBI circular dated August 13, 2019, lending by banks to NBFCs for the following sectors will be eligible for classification as priority sector lending: (i) agriculture – on-lending by NBFCs for ‘term lending’ component under agriculture is permissible up to ₹ 10 lakh per borrower, (ii) MSME – on-lending by NBFC is permissible up to ₹ 20 lakh per borrower, and (iii) housing - existing limits for on-lending by HFCs has been increased from ₹ 10 lakh per borrower to ₹ 20 lakh per borrower. Further, bank credit to NBFCs for on-lending will be permitted to up to a limit of 5% of the individual bank’s total priority sector lending on an ongoing basis.

Commercial banks in the past have relied on specialized institutions, including NBFCs, to provide them with access to qualifying advances through lending programs and loan assignments, which may lead to more competition for us and may adversely affect our business and results of operations. Any such changes in priority sector guidelines by RBI may adversely affect our business and operations. While scheduled commercial banks may still choose to lend to NBFCs they may charge higher rates to do so because these loans no longer count towards their priority sector lending requirements. This may lead to an increase in the rates at which such loans have historically been offered to us, thus increasing our borrowing costs and adversely affecting our financial condition and results of operation. As a result of these developments, our access to funds and the cost of our capital may be adversely affected and to the extent we are unable to secure replacement funding at similar cost or at all, our results of operations and cash flows could be adversely affected.

33. *We are subject to ongoing scrutiny by regulatory authorities. A failure to comply with regulatory observations following any such inspections may adversely affect our business and prospects.*

The RBI periodically carries out onsite inspections on banks, financial institutions and NBFCs under the provisions of the RBI Act, pursuant to which an annual inspection of our books of accounts and other records relating to our financial position is conducted by the RBI on an ongoing basis. In the past, in its periodic inspections on our Company, the RBI has made observations on various matters including, among other things, the (i) internal controls and processes, (ii) risk management systems, (iii) policies, (iv) management, and (v) other operational matters of our Company. We have responded to these observations from time to time, and have taken steps, or are in the process of taking steps to address the identified issues. In the event that we fail to comply with the RBI observations as committed, or in case we seek waivers or extensions for complying with the observations, the RBI may take adverse action against us, including placing stringent restrictions on our operations or even revoking our registration/ licence.

34. *A portion of our loans are unsecured. If borrowers under unsecured loans default and we are unable to recover such receivables in a timely manner or at all, our financial condition, results of operations and cash flows may be adversely affected.*

As at December 31, 2022, we had unsecured loans of ₹ 5,253.58 crores which represented 5.5% of our total loans. Since these loans are unsecured, in the event of defaults by such customers, our ability to realise the amounts due to us would be restricted to initiating legal proceedings for recovery. There can be no guarantee as to the length of time it could take to conclude such legal proceedings or for the legal proceedings to result in a favourable decision for us. Any failure to recover the full amount of principal and interest on unsecured loans given to our customers could adversely affect our financial condition, results of operations and cash flows.

The Securitisation and Reconstruction of Financial Assets and Enforcement of Securities Act, 2002 has strengthened the ability of lenders to recover NPAs by granting lenders greater rights to enforce security and recover amounts owed from secured borrowers. Since the introduction of the Insolvency and Bankruptcy Code, 2016 (“IBC”), the IBC has become the main framework under which insolvency proceedings against corporate persons are undertaken. While the IBC does not make any distinction between secured creditors and unsecured creditors during the corporate insolvency resolution process, the liquidation waterfall in case the company has to undergo liquidation depends on whether the creditor is secured or unsecured. It is nonetheless possible for us to take a significant reduction in the amount owed to us both in case of insolvency resolution and liquidation, which could result in increased losses and decline in profits, and adversely affect our financial condition, results of operations and cash flows.

35. *Cholamandalam Securities Limited (“CSEC”), our wholly-owned subsidiary, is a registered member of NSE and BSE and a depository participant in NSDL and CDSL. If CSEC is not successful in such business, we may lose some or all of the investments that we have made in it and our reputation, results of operations, financial condition and cash flows may be adversely affected.*

CSEC, our wholly-owned subsidiary, is a registered member of NSE and BSE and a depository participant in NSDL and CDSL. The stock broking business of and depository participant services provided by CSEC are highly regulated, and is subject to a number of regulations including the SEBI (Stock Brokers) Regulations, 1992, SEBI (Intermediaries)

Regulations, 2008, SEBI Master Circular for Stock Brokers dated June 1, 2018, SEBI (Research Analysts) Regulations, 2014 and Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018. We are subject to all the business risks and uncertainties associated with the stock broking business, which may adversely affect our business, prospects, results of operations, financial condition and cash flows. These risks include the following:

- General economic and political conditions in India and globally that affect the Indian securities markets. Downturns and adverse market conditions could adversely affect the volume of trading in securities offered, thereby reducing brokerage revenues;
- Market movements and volatility may affect the demand for third-party products, thereby reducing commission income;
- Increased competition in this business, leading to lower fee and commissions and lower income;
- Financing costs may increase due to the limited access to liquidity and the capital markets or volatility in interest rates;
- Stock broking operations are also subject to regulatory limits on brokerage fee rates and net worth requirements imposed by the exchanges, and CSL is subject to various laws relating to the prevention of insider trading, front running and other conflicts of interest. Although there are internal controls and measures in place, there can be no assurance that CSL or its agents, intermediaries or employees will always manage such conflicts of interest, including compliance with various applicable laws and regulations.
- The laws applicable to such business continue to evolve and may be amended, revised or replaced in the future by the Government or regulatory authorities, or due to judicial decisions. Such measures may affect trading volumes and increase trading costs, which may affect our business, financial condition and cash flows.

In the event that we are unable to comply with the requirements specified under such regulations, we may be subject to regulatory actions by the SEBI or the Stock Exchanges, including levy of fines or penalties. There have been instances in the past where monetary penalties have been levied on our Company which have either been paid or are in the process of being defended. If the stock broking business of CSEC is adversely affected, we may lose some or all of the investments that we make in CSEC and our reputation, financial condition and results of operations could be adversely affected.

36. *Our inability to protect or use our intellectual property rights may adversely affect our business.*

Our name and trademarks are significant to our business and operations. The use of our brand name or logo by third parties could adversely affect our reputation, which could in turn adversely affect our financial performance. We use the “Chola” trademark, which is the trademark for our primary business operations, and is owned by one of our Promoters, Cholamandalam Financial Holdings Limited. It is possible that third parties may copy or otherwise infringe on our rights, which may have an adverse effect on our business, results of operations, cash flows and financial condition. Cholamandalam Financial Holdings Limited may not be able to prevent infringement of such trademarks and a passing off action may not provide sufficient protection until such time the applicable registrations are granted. Further, our trademark applications may fail to result in trademarks being issued in a timely manner or at all. We may also be susceptible to claims from third parties asserting infringement and other related claims. Any of the foregoing could have an adverse effect on our business, results of operations and financial condition.

37. *We face difficulties and incur additional expenses in operating in rural and semi-urban markets, where infrastructure may be limited.*

We cater primarily to customers in rural and semi-urban markets, which may have limited infrastructure, particularly for transportation and electricity. At our branches in remote markets, we may face difficulties in conducting operations, such as accessing power facilities, transporting people and equipment, and implementing technology measures. We may also face increased costs in conducting our business and operations in these markets, such as higher data connectivity and network costs. We cannot make assurances that such costs will not increase in the future as we expand our network in rural and semi-urban markets, which could adversely affect our profitability. Moreover, some of our customers reside in rural and semi-urban areas and their results of operations are affected by risks specific to their businesses. For example, the agriculture industry in India is substantially dependent on monsoons. Extreme weather conditions such as drought, insufficient rainfall or floods may potentially affect the quality and quantity of farming production in a given year, thereby adversely affecting the ability of our farmer customers to repay their loans.

38. *We may experience difficulties in expanding our business into new regions and markets in India.*

As we continue to grow, we will evaluate opportunities to expand our business into new markets in India. Factors such as competition, customer requirements, regulatory regimes, business practices and customs in these new markets may differ from those in our existing markets, and our experience in such existing markets may not be applicable to these new markets. In addition, as we enter new markets and geographical regions, we are likely to compete with not only

other banks and financial institutions but also the local unorganised or semi-organised private financiers, who are more familiar with local regulations, business practices and customs, and have stronger relationships with target customers.

As we expand our geographic footprint, our business may be exposed to additional challenges, including obtaining necessary governmental approvals, identifying and collaborating with local business partners with whom we may have no existing relationship; successfully marketing new products; attracting customers in a market in which we do not have significant experience or visibility; being subject to additional local taxes; attracting and retaining new employees; expanding our technological infrastructure; maintaining standardised systems and procedures; and adapting our marketing strategy and operations to new markets in India in which different languages are spoken. To address these challenges, we may have to make significant investments that may not yield desired results or incur costs that we may not be able to recover. Our inability to expand our current operations may adversely affect our business, financial conditions, results of operations and cash flows.

39. *Our inability to maintain relationships with our sourcing intermediaries could have an adverse effect on our business, prospects, results of operations and financial condition.*

In addition to our sales team, we have entered into commercial arrangements with sourcing intermediaries, which include commission based direct selling agents (“DSAs”). If we are unable to provide services required by these sourcing intermediaries on a timely basis or offer products that meet the needs of customers referred by them, the number of such arrangements and amount of loans originated by them, could decrease and adversely affect our business, prospects, financial condition, results of operations and cash flows. These are non-exclusive arrangements and our loan origination is dependent to an extent on continuing such relationships on commercially reasonable terms. There can be no assurance that we will be successful in maintaining our relationships with these sourcing intermediaries. These sourcing intermediaries could originate loans for our competitors thereby adversely affecting our business prospects. In addition, sourcing intermediaries may not be able to effectively market our loan products, and any misbehaviour or misrepresentation by these sourcing intermediaries to the customers may impair or harm our reputation. DSAs serve as an important sourcing channel for us and for the industry in general, and have a captive pool of customers with whom they maintain a long term relationships. DSAs are provided with variable incentives basis the disbursement to the end customer. The incentives are competitive and are designed to retention of relationship on a long term basis. If our relationships with these sourcing intermediaries and DSAs are discontinued or such arrangements are affected or modified, our ability to originate loans may be affected which may in turn adversely affect our business, prospects, financial condition and results of operations.

40. *Changes in environmental, tax or other laws may lead to a decline in the sale of vehicles or value of vehicles as a collateral, which could adversely affect our business, results of operations and prospects.*

We are engaged in vehicle financing, and as of December 31, 2022, Loans to the Vehicle Finance segment represented 64.19 % of our Company’s total Loans as of such date. Any regulation passed by either the central Government or any of the state Governments, or any orders of judiciary to ban the sale of a particular segment of vehicles or impose additional taxes on any particular segment of vehicles, could lead to a decline in the sales of such vehicles and also in the value of such vehicles held as collateral. Further, our vehicle finance business is cyclical in nature. High levels of customer defaults could adversely affect our business, financial condition, results of operations and/or cash flows.

41. *We have significant exposure to the real estate sector and any negative events affecting this sector could adversely affect our business and result of operations.*

The primary security for the loan against property and home loans disbursed by us is the underlying property; the value of this security is largely dependent on housing market conditions prevalent at that time. The value of the collateral on the loans disbursed by us may decline due to adverse market conditions including an economic downturn or a downward movement in real estate prices. In the event the real estate sector is adversely affected due to a decline of demand for real estate properties, changes in regulations or other trends or events, which negatively impact the real estate sector, the value of our collaterals may diminish which may affect our business and results of operations. Failure to recover the expected value of collateral could expose us to losses and, in turn, result in a material adverse effect on our business, results of operations and financial condition.

42. *The success of our business operations is dependent on our senior management team and key management personnel as well as our ability to attract, train and retain such employees.*

The success of our business operations is attributable to our senior management team and key management personnel. We believe that the experience of our senior management team has enabled us to experience consistent growth and profitability as well as a robust liquidity and capital position. Our ability to sustain our growth depends upon our ability to attract and retain key personnel, developing managerial experience to address emerging business and operating challenges and ensuring a high standard of customer service.

Hiring and retaining personnel qualified and experienced in credit-appraisal and asset valuation, in the vehicle finance sector and affordable housing segment, is particularly difficult. We also face attrition of our existing workforce as a result of increased competition or other factors relating to our businesses. If we cannot hire additional qualified

personnel or retain them, our ability to expand our business will be impaired and our revenue could decline. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to train and motivate our employees properly may result in an increase in employee attrition rates, require additional hiring, erode the quality of customer service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us. Any inability to attract and retain talented employees, or the resignation or loss of key management personnel, may have an adverse impact on our business and future financial performance.

- 43. *The loans provided to our customers in the Loan Against Property and New Businesses – SME segment can be used for various purposes and we may not have any control over such use. This may result in a failure by customers to repay the loans in a timely manner or at all and this may have a material adverse effect on our business, its cash flows, results of operations and financial condition.***

As part of our Loan Against Property and New Businesses – SME segment, we provide loans against property predominantly to self-employed non-professional customers who are engaged in business activity such as manufacturing, trading or services. The purpose for which the loan is obtained by customers differs from customer to customer. We do not have any direct control over how a customer actually utilizes the loan, after receiving the loan. Although, our credit appraisal system conducts due diligence during our underwriting process and exercises caution in its lending, any use of loan proceeds for various purposes different from what was stated to us and which are outside our control, may impact the repayment capacity by the borrower under that loan. Any failure to repay such loan may have an adverse effect on our business, prospects, financial conditions and cash flows.

- 44. *We have entered into co-lending arrangements with certain other non-banking financial companies We cannot assure that such co-lending arrangements will not be terminated or paused which may impact the growth of our business.***

We have entered into co-lending arrangements with certain other non-banking financial companies where such co-lender disburses 80% of the loan and the Company disburses 20% of the loan to certain customers. We cannot assure that such co-lending arrangements will not be terminated or paused which may impact the growth of our business. Further, our ability to co-originate loans also depends on the banks with which we enter to co-lending agreements. In addition, we may earn lesser spreads on our loans through the co-lending model, which may adversely impact our business, financial condition, cash flows and results of operations.

- 45. *Our business may be affected by seasonal trends in the Indian economy. Any significant event or economic slowdowns during this peak season would materially and adversely affect our results of operations, cash flows and growth.***

Our business operations and the non-banking financial services industry may be affected by seasonal trends in the Indian economy. Generally, the period from October to March is the peak period in India for retail economic activity. This increased, or seasonal, activity is the result of several holiday periods, improved weather conditions and crop harvests. We generally experience higher volumes of business during this period. During these periods, we may continue to incur operating expenses, but our income from operations may be delayed or reduced.

- 46. *Our operations could be adversely affected by strikes or increased wage demands by our employees or any other kind of disputes with our employees.***

We have not experienced any material employee unrest in the recent past, however we cannot assure you that we will not experience disruptions in work due to disputes or other problems with our work force, which may adversely affect our ability to continue our business operations. Any employee unrest directed against us, could directly or indirectly prevent or hinder our normal operating activities, and, if not resolved in a timely manner, could lead to disruptions in our operations. Such employee actions are difficult or impossible for us to predict or control and any such event could adversely affect our business, results of operations and financial condition.

- 47. *If we fail to integrate our artificial intelligence capabilities in our operations, it could adversely affect our business growth and results of operations.***

We are actively undertaking various initiatives to employ the use of artificial intelligence (“AI”) in our operations, which we believe would help build predictive models across credit, sales, collections and risk functions. Nevertheless, we may face technical challenges that adversely affect our ability to integrate such AI capabilities in our operations. Further, we may face operational difficulties if our AI capabilities malfunction. Failure to develop and integrate AI capabilities into our operations could create operational difficulties and have an adverse effect on our business growth and results of operations.

- 48. *We have in the past entered into related party transactions and may continue to do so in the future, and there can be no assurance that we will achieve more favourable terms if such transactions are not entered into with related parties.***

We have entered into various transactions with related parties. We cannot assure you that we will be able to achieve more favourable terms for such transactions if they are entered into with parties that are not related parties. Furthermore, there can be no assurance that such transactions in future or any future transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations. Such transactions in future or any future transactions could also potentially involve conflicts of interest.

49. *Our Promoter, certain of our Directors and Key Management Personnel may be interested in us other than in terms of remuneration and reimbursement of expenses, and this may result in conflict of interest with us.*

Our Promoter, certain of our Directors and Key Management Personnel are interested in us, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding, direct and indirect, and our stock options and benefits arising therefrom. Our Promoters are also interested in us to the extent of his shareholding in us and any benefits arising therefrom. We cannot assure you that our Promoters, certain of our Directors and Key Management Personnel will exercise their rights as shareholders to our benefit and best interest. Further our Promoter and Promoter Group hold Equity Shares in our Company and are therefore interested in our Company's performance in addition to their remuneration and reimbursement of expenses which also allows them to exercise significant influence over us.

50. *The grant of options in future under any employee stock option scheme by our Company will result in a charge to our profit and loss account and may adversely impact our net income.*

Our Company follows Ind AS method of accounting for employee compensation cost on options granted which could result in a charge to our Company's profit and loss account. Under Ind AS, stock options are granted to the employees under the stock option scheme. The costs of stock options granted to the employees (equity-settled awards) of the Company are measured at the fair value of the options granted. For each stock option, the measurement of fair value is performed on the grant date. The grant date is the date on which the Company and the employees agree to the stock option scheme. The fair value so determined is revised only if the stock option scheme is modified in a manner that is beneficial to the employees. This cost is recognised, together with a corresponding increase in share-based payment reserves in equity, over the period in which the performance and/ or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share. In addition to the effect on the profit and loss account, the exercise of vested stock options will dilute the interests of shareholders (as in the case of any issuance of Equity Shares). For further information on the ESOP 2016 and ESOP 2007, see "*Capital Structure – Employee Stock Option Scheme*" on page 127.

51. *We depend on our brand reputation and our failure to maintain our image could have a material adverse effect on our business, financial condition and results of operations.*

We believe that the reputation of our brand among our customers has contributed significantly to the growth and success of our business. Maintaining and enhancing the recognition and reputation of our products is, therefore, critical to our business and competitiveness. Many factors, some of which are beyond our control, are important in maintaining and enhancing our product image. These factors include our ability to maintain the reliability and quality of the services we offer and increase product awareness through investment in brand building initiatives, including through education programs and marketing activities. A perception that we do not provide satisfactory products, even if factually incorrect or based on isolated incidents, could damage our reputation, diminish the value of our products, undermine the trust and credibility that we have established and have a negative impact on our ability to attract new customers or retain our current customers.

Additionally, negative news related to the Promoter Group can impact the rating assigned to our Company. While we have a risk management framework to address such issues, we do not have any control over the occurrence of such incidents.

52. *Some of the information disclosed in this Draft Shelf Prospectus is based on information from industry sources and publications which may be based on projections, forecasts and assumptions that may prove to be incorrect. Investors should not place undue reliance on, or base their investment decision on this information.*

The information disclosed in the section "*Industry Overview*" on page 137 is based on various sources like RBI Bulletin Volume LXXVII Number 1 January 2023, Economic Survey 2022-23, RBI Bulletin February 2023 and other industry reports as specifically stated in an "as is where is basis, which has not been verified by us independently and we do not make any representation as to the accuracy of the information. The data may have been re-classified by us for the purposes of presentation. Industry sources and publications generally state that the information contained therein has been obtained from sources generally believed to be reliable, but that their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured. Industry sources and publications are also

prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Accordingly, investors should not place undue reliance on, or base their investment decision on this information.

53. ***The objects of the Issue have not been appraised by any bank or financial institution. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and may be subject to change based on various factors, some of which are beyond our control. Any variation in the utilisation of the Net Proceeds or in the terms of the conditions as disclosed in this Draft Shelf Prospectus would be subject to certain compliance requirements, including prior shareholders' approval.***

We intend to use the Net Proceeds of the Issue for the purpose of onward lending, financing and for repayment of interest and principal of existing borrowings of the Company, as described in “*Objects of the Issue*” on page 127. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to fund any other expenditure or any exigencies arising out of changes in our competitive environment, business conditions, economic conditions or other factors beyond our control.

Our funding requirements and deployment of the Net Proceeds are based on internal management estimates and current market conditions and have not been appraised by any bank or financial institution or other independent agency. It is subject to amendment due to changes in external circumstances, costs, other financial condition or business strategies. We operate in a highly competitive and dynamic industry and may need to revise our estimates from time to time based on changes in external circumstances or costs, or changes in other financial conditions, business or strategy. This may entail rescheduling, revising or cancelling planned expenditure and funding requirements at our discretion. For details, see “*Objects of the Issue*” on page 127. Additionally, various risks and uncertainties, including those set forth in this “*Risk Factors*” section, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth.

54. ***We have not entered into any definitive agreements to utilise a substantial portion of the net proceeds of the Issue.***
We intend to use the Net Proceeds for the purposes described in “*Objects of the Issue*” on page 127 of this Draft Shelf Prospectus. Our management will have broad discretion to use the Net Proceeds and you will be relying on the judgment of our management regarding the application of these Net Proceeds. Our funding requirements are based on current conditions and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy. Our management, in response to the competitive and dynamic nature of the industry, will have the discretion to revise its business plan from time to time. Any such change in our plans may require rescheduling of our current plans or discontinuing existing plans and an increase or decrease in the fund requirements for the objects, at the discretion of the management. Pending utilisation for the purposes described above, we intend to temporarily invest the funds in interest bearing liquid instruments. Such investments would be in accordance with the investment policies approved by our Board from time to time.
55. ***Our joint statutory auditors have referred to certain emphasis of matters in their examination report on the Reformatted Financial Information.***

Our Joint Statutory Auditors have referred to certain emphasis of matters in their examination report on the Reformatted Financial Information, as set out below:

Fiscal 2020 - Impact of Covid - 19 pandemic and its possible consequential implication of the Company's operation and financial metrics - Our statutory auditors for the year ended March 31, 2020 have drawn attention to a matter, which describes the impact of COVID-19 pandemic, and its possible consequential implications on the Company's operations and financial metrics, including the Company's estimates of impairment of loans and that such estimates may be affected by the severity and duration of the pandemic.

Fiscal 2021 - Impact of Covid - 19 pandemic and its possible consequential implication of the Company's operation and financial metrics. - Our statutory auditors for the year ended March 31, 2020 have drawn attention to a matter, which describes the impact of COVID-19 pandemic, and its possible consequential implications on the Company's operations and financial metrics, including the Company's estimates of impairment of loans and that such estimates may be affected by the severity and duration of the pandemic.

There can be no assurance that any similar emphasis of matters will not form part of our financial statements for the future fiscal periods, which could subject us to additional liabilities due to which our reputation and financial condition may be adversely affected.

54. ***Our inability to detect money-laundering and other illegal activities fully and on a timely basis may expose us to additional liability and adversely affect our business and reputation.***

We are required to comply with applicable anti-money-laundering (“AML”), combatting terrorism financing and anti-terrorism laws and other regulations in India. In the ordinary course of our operations, we run the risk of failing to comply with the prescribed Know Your Customer (“KYC”) procedures and detect fraud and money laundering by

dishonest customers. Although we believe that we have adequate internal policies, processes and controls in place to prevent and detect any AML activity and ensure KYC compliance, we cannot assure you that we will be able to fully control instances of any potential or attempted violation. Any inability on our part to detect such activities fully and on a timely basis, may subject us to regulatory actions including imposition of fines and penalties and adversely affect our business and reputation.

55. ***We are dependent on government institutions and agencies to register our collateral/ charge. Our inability to register the collateral for the loans we disburse or create a charge on the assets we finance could adversely affect our business and results of operations.***

As an investment and credit company, creation of charge on assets that we finance is critical for our operations. For vehicles that we finance, the Road Transport Authority (“RTO”) is the institution we rely on. In a number of locations at RTOs across India, the processes are yet to be digitized. Similarly, in the Loan Against Property and Home Loans segment, we are dependent on the relevant sub-registrar’s office to register the property and create a charge on the property. Processes at such sub-registrar’s offices are manual and property documentation is yet to be digitized. Further, we are also required to register any charges created with the Central Registry of Securitisation Asset Reconstruction and Security Interest of India. If customers whose vehicles and properties are yet to be registered, default on their obligations, we face a risk of loan losses and our business, financial condition, results of operations and cash flows could be adversely affected.

56. ***We have contingent liabilities and our financial condition could be adversely affected if any of these contingent liabilities materialise.***

The following table sets forth our Company’s contingent liabilities as per IND AS 37 as of March 31, 2022:

(₹ in crore)	
Particulars	As of March 31, 2022
Income tax and Interest on Tax issues where the Company has gone on appeal	300
Decided in the Company’s favour by Appellate Authorities and for which the Department is on further appeal with respect to Income Tax	6
Sales Tax issues pending before Appellate Authorities in respect of which the Company is on appeal	20
Decided in the Company’s favour by Appellate Authorities and for which the Department is on further appeal with respect to Sales Tax	1
Service Tax & GST issues pending before Appellate Authorities in respect of which the Company is on appeal	200
Disputed claims against the Company lodged by various parties under litigation (to the extent quantifiable)	145

We cannot assure you that we will not incur similar or increased levels of contingent liabilities in the future. If any of these contingent liabilities materialise, our financial condition and results of operation may be adversely affected.

57. ***This Draft Shelf Prospectus includes certain unaudited financial information, which has been subjected to limited review, in relation to our Company. Reliance on such information should, accordingly, be limited.***

This Draft Shelf Prospectus includes certain unaudited financial information in relation to our Company, for the nine months ended December 31, 2022, in respect of which the Joint Statutory Auditors of our Company have issued their respective Limited Review Reports dated January 31, 2023. As this financial information has been subject only to limited review as required by regulation 52(2) of SEBI LODR and as described in Standard on Review Engagements (SRE) 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Institute of Chartered Accountants of India, and not to an audit, any reliance by prospective investors on such unaudited financial information should accordingly, be limited. Accordingly, reliance by prospective investors to the Issue on such unaudited financial information shall be limited.

RISKS RELATING TO THE ISSUE AND THE NCDs

58. ***Changes in interest rate may affect the price of our NCDs. Any increase in rate of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.***

All securities where a fixed rate of interest is offered, such as our NCDs, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e., when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.

59. ***There may be no active market for the NCDs on the retail debt market/capital market segment of the Stock Exchanges. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.***

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or be sustained, the liquidity and market prices of the NCDs may be adversely affected. The market price of the NCDs would depend on various factors inter alia including (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) the market for listed debt securities, (iii) general economic conditions, and, (iv) our financial performance, growth prospects and results of operations. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs and/or be relatively illiquid.

60. *Credit ratings may not reflect all risks. Any downgrading in credit rating of our NCDs may adversely affect the value of NCDs and thus our ability to raise further debts.*

The NCDs proposed to be issued under the Issue have been rated “‘IND AA+’/Stable” and [ICRA]AA+ (Stable) by India Ratings and Research Private Limited and ICRA Limited vide their letters dated February 15, 2023 (further revalidated on March 20, 2023) and March 16, 2023. Credit rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed here, and other factors that may affect the value of the NCDs.

The rating provided by India Ratings may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. These ratings are not a recommendation to buy, sell or hold securities and investors should take their own decisions. Please refer to page 373 of this Draft Shelf Prospectus for rating letters and rationale for the above rating.

61. *Security on our NCDs may rank pari passu with our Company’s secured indebtedness in the future.*

Substantially all of our Company’s current assets represented by the receivables are being used to secure our Company’s debt. As of March 31, 2022, our Company’s secured debt was ₹ 10,529.95 crores. While the security on our NCDs is exclusive as of the date of this Draft Shelf Prospectus, the terms of the NCDs do not prevent our Company from incurring additional debt subject to maintenance of minimum security cover. In the event that we incur additional debt in the future which is secured against our assets, the NCDs may rank *pari passu* to the future indebtedness and other secured liabilities and obligations of our Company.

62. *You may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and the interest thereon in connection with the NCDs. Failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.*

Our ability to pay interest on the NCDs and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors inter-alia including our financial condition, profitability and the general economic conditions in India and in the global financial markets. We cannot assure you that we would be able to repay the principal amount outstanding from time to time on the NCDs and the interest thereon in a timely manner or at all. Although our Company will create appropriate security in favour of the Debenture Trustee for the NCD holders on the assets adequate to ensure 100.00% security cover for the NCDs at the time of allotment of NCDs, which shall be free from any encumbrances, any decrease in assets provided as security in future might result in Company not meeting the security cover stipulated as per the respective term sheet. This can adversely affect ability of our Company to meet its payment obligations. Further, the realisable value of the assets charged as security, when liquidated, may be lower than the outstanding principal and interest thereon in connection with the NCDs.

While the debenture is secured against a charge at least 100.00% of the outstanding principal and interest thereon in favour of debenture trustee, and it is the duty of the debenture trustee to monitor that the security is maintained, however, the possibility of recovery of 100.00% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

A failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.

63. *The rights over the security provided will not be granted directly to holders of the NCDs.*

The rights over the security securing the obligations of our Company under the NCDs and the Trust Deed will not be granted directly to the NCD holders, but will be granted only in favour of the Debenture Trustee. As a consequence, NCD holders will not have direct security and will not be entitled to take enforcement action in respect of the security for the NCDs, except through the Debenture Trustee.

64. *You may be subject to taxes arising on the sale of the NCDs.*

Sale of NCDs by any holder may give rise to tax liability, as discussed in section entitled “*Statement of Possible Tax Benefits Available to the Debenture Holders*” on page 129.

65. *Payments to be made on the NCDs will be subordinated to certain tax and other liabilities preferred by law. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.*

The NCDs will be subordinated to certain liabilities preferred by law such as the claims of the Government on account of taxes, and certain liabilities incurred in the ordinary course of our business. In particular, in the event of bankruptcy, liquidation or winding-up, our Company's assets will be available to pay obligations on the NCDs only after all of those liabilities that rank senior to these NCDs have been paid as per section 327 of the Companies Act, 2013. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.

- 66. *Security provided for the Issue may not be enforceable if the security provided for the Issue is classified as 'Assets' under the IT Act and will be void as against any claim in respect of any tax or any other sum payable by our Company.***

Under section 281 of the IT Act and circular bearing number 04/2011 dated July 19, 2011, our Company is not required to obtain prior consent of the assessing officer to create the security provided for the Issue to the extent classified as assets under section 281 of the IT Act, during the pendency of such proceedings. While the Security provided for the Issue is not classified as 'assets' under section 281 of the IT Act, in the event there are any proceedings against our Company prior to the creation of the security, and in the event that such consent is not granted, the security provided for the Issue to the extent classified as 'Assets' under section 281 of the IT Act will be void as against any claim in respect of any tax or any other sum payable by our Company, including as a result of the completion of such proceedings.

- 67. *There may be a delay in making refund/ unblocking of funds to Applicants.***

We cannot assure you that the monies refundable to you, on account of (i) withdrawal of your applications, (ii) our failure to receive minimum subscription in connection with the Base Issue, (iii) withdrawal of the Issue, or (iv) failure to obtain the final approval from the BSE and NSE for listing of the NCDs, will be refunded to you in a timely manner. We however, shall refund / unblock such monies, with the interest due and payable thereon (in case of any delays) as prescribed under applicable statutory and/or regulatory provisions.

- 68. *There may be delays in receipt of or refusal of request to list in any stock exchange in India or abroad.***

While none of our securities or debt instruments have been denied permission to list in any stock exchange in India or abroad during last three years, any such refusal in future might adversely affect tradability as well as price of then existing other listed securities or debt instruments.

RISKS RELATING TO INDIA

- 69. *Changing laws, rules and regulations and legal uncertainties, including adverse application or interpretation of corporate and tax laws, may adversely affect our business, prospects and results of operations.***

The regulatory and policy environment in which we operate is evolving and subject to change. Our business and financial performance could be adversely affected by unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations applicable to us and our business. Our business, results of operations and prospects may be adversely impacted, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. Any political instability in the countries in which we operate, such as corruption, scandals and protests against certain economic reforms, which have occurred in the past, could slow the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting foreign investment, currency exchange rates and other matters affecting investment in India could change as well.

For instance, the GoI introduced new laws relating to social security, occupational safety, industrial relations and wages namely, the Code on Social Security, 2020 ("**Social Security Code**"), the Occupational Safety, Health and Working Conditions Code, 2020, the Industrial Relations Code, 2020 and the Code on Wages, 2019, which consolidate, subsume and replace numerous existing central labor legislations, were to take effect from April 1, 2021 (collectively, the "**Labour Codes**"). The GoI has deferred the effective date of implementation of the respective Labour Codes, and they shall come into force from such dates as may be notified. Different dates may also be appointed for the coming into force of different provisions of the Labour Codes. While the rules for implementation under these codes have not been finalized, as an immediate consequence, the coming into force of these codes could increase the financial burden on our Company, which may adversely impact our profitability. For instance, under the Social Security Code, a new concept of deemed remuneration has been introduced, such that where an employee receives more than half (or such other percentage as may be notified by the Central Government) of their total remuneration in the form of allowances and other amounts that are not included within the definition of wages under the Social Security Code, the excess amount received shall be deemed as remuneration and accordingly be added to wages for the purposes of the Social Security Code and the compulsory contribution to be made towards the employees' provident fund.

In relation to our digital offerings, we are also subject to Guidelines on Digital Lending issued by the RBI on September 2, 2022, which are applicable to all, *inter alia*, all NBFCs.

The GoI may implement new laws or other regulations and policies that could affect the manufacturing and the pharmaceutical industry, which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from the GoI and other regulatory bodies, or impose onerous requirements. New compliance requirements could increase our costs or otherwise adversely affect our business, financial condition and results of operations. Furthermore, the manner in which new requirements will be enforced or interpreted can lead to uncertainty in our operations and could adversely affect our operations. Any changes to such laws, may adversely affect our future business, prospects, financial condition, cash flows and results of operations. For instance, due to the COVID-19 pandemic, the Government of India passed the Taxation and Other Laws (Relaxation of Certain Provisions) Act, 2020, implementing relaxations from certain requirements under the Central Goods and Service Tax Act, 2017 and Customs Tariff Act, 1975. Further, the Government of India announced the Union Budget for Fiscal 2023 (“**Budget 2023**”), pursuant to which the Finance Bill 2023 has proposed various amendments which will only come into effect upon receipt of Presidential assent to the bill.

The Government has also proposed an alteration in the concessional basic customs duty rate on drugs, medicines, diagnostic kits or equipment and bulk drugs used in the manufacture of drugs and specified goods for use in the pharmaceutical and bio-technology sectors imported for R&D use. On the Goods and Service Tax front, the Government has proposed to restrict the availability of input tax credits if a vendor has been non-compliant. The abovementioned changes may have an adverse effect on our future business, prospects, financial condition, cash flows and results of operations.

We have not fully determined the impact of these recent and proposed laws and regulations on our business. We cannot predict whether any amendments proposed by the Finance Bill 2023 will have an adverse effect on our business, financial condition and results of operations. Unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

Scheduled commercial banks and payment banks have been directed not to open and maintain current accounts for customers who have availed credit facilities in the form of cash credit (CC)/overdraft (OD) from the banking system. Implementation of the aforesaid direction without providing alternate mechanism for financial institutions transacting with scheduled commercial banks and payment banks to withdraw and deposit cash may adversely affect our business, results of operations and financial condition.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future. For instance, the Supreme Court of India has, in a decision clarified the components of basic wages, which need to be considered by companies while making provident fund payments. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations and cash flows. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects.

70. *Political, economic or any other factors beyond our control may have an adverse effect on our business and results of operations.*

The Indian economy and capital markets are influenced by economic, political and market conditions in India and globally. Adverse economic developments, such as rising fiscal or trade deficit, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition, cash flows and results of operations. Any financial disruption could have an adverse effect on our business and future financial performance.

As a result, we are dependent on prevailing economic conditions in India and our results of operations and cash flows are affected by factors influencing the Indian economy. The following external risks may have an adverse impact on our business and results of operations, should any of them materialize:

- increase in interest rates may adversely affect our access to capital and increase our borrowing costs, which may constrain our ability to grow our business and operate profitably;
- political instability, resulting from a change in government or economic and fiscal policies, may adversely affect economic conditions in India. In recent years, India has implemented various economic and political reforms in relation to land acquisition policies and trade barriers have led to increased incidents of social unrest in India over which we have no control;

- instability in other countries and adverse changes in geopolitical situations;
- change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular;
- strikes, lock-outs, work stoppages or increased wage demands by employees, suppliers or other service providers;
- civil unrest, acts of violence, terrorist attacks, regional conflicts or war;
- India has experienced epidemics and natural calamities such as earthquakes, tsunamis, floods and drought in recent years, instability in the financial markets and volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- epidemics or any other public health emergency in India or in countries in the region or globally, including in India's various neighboring countries;
- decline in India's foreign exchange reserves which may affect liquidity in the Indian economy;
- macroeconomic factors and central bank regulation, including in relation to interest rates movements which may in turn adversely impact our access to capital and increase our borrowing costs;
- high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins;
- contagious diseases such as the COVID-19 pandemic, the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine. A worsening of the current COVID-19 pandemic or any similar future outbreaks of COVID-19, avian or swine influenza or a similar contagious disease could adversely affect the Indian economy and economic activity in the region;
- downgrading of India's sovereign debt rating by rating agencies; and
- international business practices that may conflict with other customs or legal requirements to which we are subject to, including anti-bribery and anti-corruption laws; being subject to the jurisdiction of foreign courts, including uncertainty of judicial processes and difficulty enforcing contractual agreements or judgments in foreign legal systems or incurring additional costs to do so.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations, cash flows and financial conditions. Our performance and the growth of our business depend on the overall performance of the Indian economy as well as the economies of the regional markets in which we operate. Moreover, we are dependent on the various policies, initiatives and schemes proposed or implemented in India, however, there can be no assurance that such policies, initiatives and schemes will yield the desired results or benefits which we anticipate and rely upon for our growth.

71. *It may not be possible for investors to enforce any judgment obtained outside India against us or our management, except by way of a law suit in India.*

A majority of our directors and executive officers are residents of India and most of our assets are located in India. As a result, it may not be possible for investors to effect service of process on us or such persons in jurisdictions outside of India, or to enforce against them judgments obtained in courts outside of India predicated upon civil liabilities on us or such directors and executive officers under laws other than Indian Law.

India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. Section 44A of the Code of Civil Procedure, 1908 (the "**Civil Code**") provides that where a foreign judgment has been rendered by a superior court, within the meaning of that Section, in any country or territory outside of India which the Central Government has by notification declared to be in a reciprocating territory, it may be enforced in India by proceedings in execution as if the judgment had been rendered by the relevant court in India. However, Section 44A of the CPC is applicable only to monetary decrees not being of the same nature as amounts payable in respect of taxes, other charges of a like nature or of a fine or other penalties.

India has reciprocal recognition and enforcement of judgments in civil and commercial matters with only a limited number of jurisdictions, such as the United Kingdom, Singapore, UAE and Hong Kong, among others, have been declared by the Government to be reciprocating territories for the purposes of Section 44 A of the Civil Code; however, no reciprocity has been established with the United States. A judgment of a court of a country which is not a reciprocating territory may be enforced in India only by a suit on the judgment under Section 13 of the Civil Code, and not by proceedings in execution. The suit must be brought in India within three years from the date of the judgment in the same manner as any other suit filed to enforce a civil liability in India.

It is unlikely that a court in India would award damages on the same basis as a foreign court if an action was brought in India. Furthermore, it is unlikely that an Indian court would enforce a foreign judgment if that court were of the view that the amount of damages awarded was excessive or inconsistent with public policy or Indian practice. It is uncertain as to whether an Indian court would enforce foreign judgments that would contravene or violate Indian law. However, a party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI under the Indian Foreign Exchange Management Act, 1999, to execute such a judgment or to repatriate any amount recovered. Any judgment in a foreign currency would be converted into Indian Rupees on the date of the judgment and not on the date of the payment. We cannot predict whether a suit brought in an Indian court will be disposed of in a timely manner or be subject to considerable delays.

72. *Any volatility in exchange rates may lead to a decline in India's foreign exchange reserves and may affect liquidity and interest rates in the Indian economy, which could adversely impact us.*

Foreign inflows into India have remained extremely volatile responding to concerns about the domestic macroeconomic landscape and changes in the global risk environment. The widening current account deficit has been attributed largely to the surge in gold and oil imports. Further, increased volatility in foreign flows may also affect monetary policy decision making.

73. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.*

Inflation rates in India have been volatile in recent years, and such volatility may continue. In recent years, India has experienced consistently high inflation, which has increased interest rates and increased costs to our business, including finance costs as well as costs of salaries and other expenses relevant to our business. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Further, high inflation leading to higher interest rates may also lead to a slowdown in the economy and adversely impact credit demand and growth. Consequently, we may also be affected and fall short of business growth and profitability.

While the Government of India through the RBI has previously initiated economic measures to combat high inflation rates, it is unclear whether these measures will remain in effect, and there can be no assurance that Indian inflation levels will not rise in the future. As a result, high inflation in India could have a material adverse effect on our financial condition and results of operations.

74. *Any downgrade of India's debt rating by an independent agency may have a negative impact on our business.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely affect our ability to raise additional financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business, financial condition and our ability to obtain financing for capital expenditures.

SECTION III: INTRODUCTION

GENERAL INFORMATION

Our Company was originally incorporated as a public limited company under the name of ‘Cholamandalam Investment and Finance Company Limited’ under the Companies Act, 1956, pursuant to a certificate of incorporation issued by the Registrar of Companies, Tamil Nadu at Chennai (“RoC”) on August 17, 1978. It commenced its business pursuant to a certificate of commencement of business dated November 22, 1978 issued by the RoC. The name of our Company was changed to ‘Cholamandalam DBS Finance Limited’ pursuant to a fresh certificate of incorporation issued by the RoC on April 12, 2006 and was subsequently changed to ‘Cholamandalam Investment and Finance Company Limited’ pursuant to a fresh certificate of incorporation issued by the RoC on June 2, 2010. The CIN of our Company is L65993TN1978PLC007576.

Our Company received a license to carry on the business of non-banking financial institution from the RBI on August 21, 1998, pursuant to a certificate of registration bearing no. 07.00306 (“COR1”). Subsequently, we received the licence to carry on the business of a non-banking financial institution pursuant to a certificate of registration dated April 24, 2006, bearing registration numbers A-07.00306 (“COR2”). Thereafter we received another certificate of registration to carry on business of non-banking financial institution without accepting public deposits dated December 11, 2006, bearing registration number B.07-00306 (“COR3”), and a certificate of registration to carry on the business of non-banking financial institution without accepting public deposits dated July 8, 2010 bearing registration no. Credit Rating and Rationale

The NCDs proposed to be issued pursuant to this Issue have been rated IND AA+/Stable by India Ratings & Research Pvt Ltd by way of its letter dated February 15, 2023 (further revalidated on March 20, 2023) and [ICRA]AA+ (Stable) by ICRA Limited

by way of its letter dated March 16, 2023. Further, the press release by the rating agencies in relation to the Issue shall not be older than one year from the date of the opening of the Issue. The ratings provided by the Credit Rating Agency may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. These ratings are not a recommendation to buy, sell or hold securities and investors should take their own decisions. For details regarding rating letters and rationale for the aforementioned rating, see “Annexure B” beginning on page 373.

Disclaimer clause of India Ratings & Research Pvt Ltd

All credit ratings assigned by India Ratings are subject to certain limitations and disclaimers. Please read these limitations and disclaimers by following this link: <https://www.indiaratings.co.in/rating-definitions>. In addition, rating definitions and the terms of use of such ratings are available on the agency's public website www.indiaratings.co.in. Published ratings, criteria, and methodologies are available from this site at all times. India Ratings' code of conduct, confidentiality, conflicts of interest, affiliate firewall, compliance, and other relevant policies and procedures are also available from the code of conduct section of this site. (<https://www.indiaratings.co.in/rating-definitions>) (<https://www.indiaratings.co.in>).

Users of IRRPL ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. The Rating Agency shall neither construed to be nor acting under the capacity or nature of an 'expert' as defined under Section 2(38) of the Companies Act, 2013. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating, to investors.

Disclaimer clause of ICRA Limited

ICRA ratings should not be treated as recommendation to buy, sell or hold the rated debt instruments. ICRA ratings are subject to a process of surveillance, which may lead to revision in ratings. An ICRA rating is a symbolic indicator of ICRA's current opinion on the relative capability of the issuer concerned to timely service debts and obligations, with reference to the instrument rated. Please visit our website www.icra.in or contact any ICRA office for the latest information on ICRA ratings outstanding. All information contained herein has been obtained by ICRA from sources believed by it to be accurate and reliable, including the rated issuer. ICRA however has not conducted any audit of the rated issuer or of the information provided by it. While reasonable care has been taken to ensure that the information herein is true, such information is provided 'as is' without any warranty of any kind, and ICRA in particular, makes no representation or warranty, express or implied, as to the accuracy, timeliness or completeness of any such information. Also, ICRA or any of its group companies may have provided services other than rating to the issuer rated. Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-Section (1) of Section 38 of the Companies Act, 2013, relating to punishment for fictitious applications. Section 38(1) of the Companies Act, 2013 provides that:

“Any person who —

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,*

shall be liable for action under Section 447. ”

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹10 lakh or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹10 lakh or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹50 lakh or with both.

Minimum subscription

In terms of the SEBI NCS Regulations for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue size. If our Company does not receive the minimum subscription of 75% of the Base Issue size, prior to the Issue Closing Date, the entire Application Amount shall be unblocked in the ASBA Accounts of the Applicants within eight Working Days from the Issue Closing Date. In the event the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Account(s) of the Applicants within eight Working Days from the Issue Closing Date. In the event there is delay in unblocking of funds/refunds, our Company shall be liable to repay the money, with interest at the rate of 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard included in the SEBI Operational Circular.

Monitoring and reporting of utilisation of funds

There is no requirement for appointment of a monitoring agency in terms of the SEBI NCS Regulations. The Audit Committee of our Company shall monitor the utilisation of the proceeds of the Issue. Our Company will disclose in our Company’s financial statements for the relevant Financial Year commencing from Fiscal 2024, the utilisation of the proceeds of the Issue under a separate head along with details, if any, in relation to all such proceeds of the Issue that have not been utilised thereby also indicating investments, if any, of such unutilized proceeds of the Issue. Our Company shall utilize the proceeds of the Issue

only upon only upon receipt of minimum subscription, i.e. 75% of base issue relating to each Tranche Issue, the execution of the documents for creation of security and the Debenture Trust Deed and receipt of final listing and trading approval from the Stock Exchanges. Our Company shall within forty-five days from the end of every quarter submit to the stock exchange, a statement indicating the utilization of issue proceeds of non-convertible securities, which shall be continued to be given till such time the issue proceeds have been fully utilised or the purpose for which these proceeds were raised has been achieved.

Interim use of proceeds

The management of our Company, in accordance with the policies formulated by it from time to time, will have the flexibility in deploying the proceeds received from the Issue. Pending utilisation of the proceeds out of the Issue for the purposes described above, our Company intends to temporarily invest funds as may be approved by our Board of Directors or a committee thereof, in accordance with applicable law. Such investment would be in accordance with the investment policy of our Company approved by our Board of Directors or any committee thereof from time to time and applicable law.

General Corporate Purposes

Our Company intends to deploy up to 25% of the amount raised and allotted in the Issue for general corporate purposes, including but not restricted to routine capital expenditure, renovations, strategic initiatives, meeting any expenditure in relation to our Company as well as meeting exigencies which our Company may face in the ordinary course of business, or any other purposes as may be approved by our Board of Directors or duly authorized committee thereof.

Variation in terms of contract or objects in this Draft Shelf Prospectus

Our Company shall not, in terms of Section 27 of the Companies Act, at any time, vary the terms of the objects for which this Draft Shelf Prospectus is issued, except as may be prescribed under the applicable laws and specifically under Section 27 of the Companies Act. Further, in accordance with the SEBI Listing Regulations, in case of any material deviation in the use of proceeds as compared to the objects of the issue, the same shall be indicated in the format as specified by SEBI from time to time.

Other confirmations

In accordance with the SEBI NCS Regulations, our Company will not utilize the proceeds of the Issue for providing loans to or acquisition of shares of any person or company who is a part of the Promoter Group or Group Companies.

Proceeds from the Issue shall not be utilised towards full or part consideration for the purchase or any other acquisition, inter alia by way of a lease, of any immovable property. No part of the proceeds from the Issue will be paid by us as consideration to our Promoter, the Directors, Key Managerial Personnel, or companies promoted by our Promoter except in ordinary course of business.

No part of the proceeds from the Issue will be utilized for buying, trading or otherwise dealing in equity shares of any listed company. Further our Company undertakes that Issue proceeds from NCDs allotted to banks shall not be used for any purpose, which may be in contravention of the RBI guidelines including those relating to classification as capital market exposure or any other sectors that are prohibited under the RBI Regulations.

Our Company confirms that it will not use the proceeds from the Issue, directly or indirectly, for the purchase of any business or in the purchase of any interest in any business whereby our Company shall become entitled to an interest in either the capital or profit or losses or both in such business exceeding 50% thereof, the purchase or acquisition of any immovable property (direct or indirect) or acquisition of securities of any other body corporate.

The fund requirement as above is based on our current business plan and is subject to change in light of variations in external circumstances or costs, or in our financial condition, business or strategy. Our management, in response to the competitive and dynamic nature of the industry, will have the discretion to revise its business plan from time to time and consequently our funding requirements and deployment of funds may also change.

There is no contribution being made or intended to be made by the Directors as part of the Issue or separately in furtherance of the Objects of the Issue.

Benefit / interest accruing to our Promoter/Directors out of the object of the Issue

Neither our Promoter nor our Directors of our Company are interested in the Objects of this Issue.

STATEMENT OF POSSIBLE TAX BENEFITS UNDER THE INCOME TAX ACT, 1961 (“IT ACT”) AVAILABLE TO THE DEBENTURE HOLDERS UNDER THE APPLICABLE INCOME-TAX LAWS IN INDIA.

The following tax benefits will be available to the debenture holders of the Company (“**Debenture Holder**”) as per the existing provisions of law. The tax benefits are given as per the prevailing tax laws under the provisions of the IT Act, as on date, taking into account the amendments made by the Finance Act, 2022, and may vary from time to time in accordance with amendments to the law or enactments thereto. The Debenture Holder is advised to consider the tax implications in respect of subscription to the Debentures after consulting his tax advisor as alternate views are possible.

IMPLICATIONS UNDER THE IT ACT

I. TO THE RESIDENT DEBENTURE HOLDER (“RESIDENT” AS DEFINED UNDER SECTION 6 OF THE IT ACT)

A. In Respect of Interest on Debentures (NCDs)

1. Interest on NCD received by Debenture Holders would be subject to income tax at the normal rates of tax in accordance with and subject to the provisions of the IT Act. Interest will be assessed to Income tax on receipt basis or mercantile basis (accrual basis) depending on the method of accounting regularly employed by the NCD holder under Section 145 of the IT Act.
2. Income Tax is deductible at source on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act. However, no income tax is deductible under section 193 in the case of residents where such debentures are in dematerialized form and are listed on a recognized stock exchange. Accordingly, tax will not be withheld by the company from payment of interest on NCD held by a person resident in India.

However, it is pertinent to highlight that the above exception in Section 193 of the IT Act is removed by way of an amendment in Finance Bill, 2023. This will be applicable w.e.f April 1, 2023 and will accordingly apply to the assessment year 2024-2025 (Financial year 2023-2024) and subsequent assessment years, upon the said finance bill being approved and enacted into the IT Act. Consequent to that, tax will be deducted at source at 10% on the interest credit (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than 5,000 and interest is paid by way of account payee cheque).

Further, Tax will be deducted at source at reduced rate, or no tax will be deducted at source in the following cases:

- a) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest;
- b) When the resident Debenture Holder with Permanent Account Number (‘PAN’) (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;
- c) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be NIL; and
- d) In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act. Form No.15G with PAN / Form No.15H with PAN / Certificate issued u/s 197(1) has to be filed with the Company before the prescribed date of closure of books for payment of debenture interest without any withholding tax.

B. In respect of Capital Gains

1. Long Term Capital Gain

Under Section 2(29AA) read with section 2(42A) of the IT Act, listed Debentures held as Capital Asset as defined under section 2(14) of the IT Act is treated as long term capital asset if it is held for more than 12 Months. Debentures held as capital asset for a period of 12 Months or less will be treated as short term capital asset.

Long Term Capital Gain will be chargeable to tax under Section 112 of the IT Act at the rate of 20% (plus applicable surcharge and education cess). However, in the case of listed debentures, as per first proviso to section 112(1) of the IT Act, tax payable is only 10% (plus applicable surcharge and education cess). No indexation benefit is available for debentures. Hence, the tax payable on long term capital gains on transfer of NCD will be 10% (plus applicable surcharge and education cess) and the capital gains have to be computed without indexation.

In case of an individual or HUF, being a resident, where the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax, then, such long-term capital gains shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such long-term capital gains shall be computed at the rate mentioned above.

2. Short Term Capital Gains

Listed Debentures held as capital asset under Section 2(14) of the IT Act for a period of not more than 12 months would be treated as Short term capital asset under Section 2(42A) of the IT Act. Short Term Capital Gains on transfer of NCD will be taxed at the normal rates of tax in accordance with the provisions of the IT Act. The provisions relating to maximum amount not chargeable to tax would apply to short term capital gains.

3. Capital Loss on transfer of Debentures.

As per Section 74 of the IT Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short term as well as long-term capital gains. Long-term capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

4. Exemption available for Individuals and HUF for Long Term Capital gains U/s 54F of the IT Act.

As per the provisions of Section 54F of the IT Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein.

Under section 54EE of the IT Act, long term capital gains arising to the Debenture Holder(s) on transfer of debentures in the company shall not be chargeable to tax to the extent such capital gains are invested in long term specified asset (a unit or units issued before 01.04.2019) as notified by Central Government within six months after the date of transfer. If only part of the capital gain is so invested, the exemption shall be proportionately reduced. However, if the said notified bonds are transferred or converted into money within a period of three years from their date of acquisition, the amount of capital gains exempted earlier would become chargeable to tax as long-term capital gains in the year in which the bonds are transferred or converted into money. However, the exemption is subject to a limit of investment of INR 50 lacs during any financial year in the notified bonds. Where the benefit of Section 54EE of the IT Act has been availed of on investments in the notified bonds, a deduction from the income with reference to such cost shall not be allowed under section 80C of the Act.

As per provisions of section 54EE of the IT Act, capital gain on the transfer of a long-term capital asset, arising to a debenture holder is exempt from tax, if the assessee / debenture holder invested the whole or any part of capital gains in the long-term specified asset at any time within a period of six months. If the cost of the long-term specified asset is less than the capital gain arising from the transfer of the original asset, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the condition that the investment in the long-term specified asset by an assessee during any financial year does not exceed fifty lakh rupees: If the long term specified asset in which the investment has been made is transferred within a period of three years from the date of its acquisition, the amount of capital gains tax claimed earlier would become chargeable to tax as capital gains in the year in which such long term specified asset is transferred. Specified Asset means a unit or units, issued before the 1st day of April, 2019, of such fund as may be notified by the Central Government in this behalf.

C. In respect of Business Income

In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII, which is notified by the Ministry of Finance, Government of India under Section 145(2) of the IT Act. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank and Public Financial Institutions, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.

D. Debentures received as gift without consideration or inadequate consideration.

As per section 56(2)(x) of the IT Act, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the IT Act. There is no gift tax for the Donor of the Debentures.

II. TO THE NON-RESIDENT DEBENTURE HOLDER.

1. A Non – Resident Indian has an option to be governed by Chapter XII – A of the IT Act, subject to the provisions contained therein which are given in brief as under:

- a. As per Section 115E of the IT Act, interest income from debentures acquired or purchased with or subscribed to in convertible foreign exchange will be taxable at 20%, whereas long term capital gains on transfer of such Debentures will be taxable at 10% of such capital gains without indexation of cost of acquisition. Short-term capital gains will be taxable at the normal rates of tax in accordance with and subject to the provisions contained therein.
- b. As per Section 115G of the IT Act, it shall not be necessary for a non-resident Indian to file a return of income under Section 139(1) of the IT Act, if his total income consists only of investment income as defined under Section 115C and/or long term capital gains earned on transfer of such investment acquired out of convertible foreign exchange, and the tax has been deducted at source from such income under the provisions of Chapter XVII- B of the IT Act in accordance with and subject to the provisions contained therein.
- c. As per Section 115D (1) of the IT Act no deduction in respect of any expenditure or allowance shall be allowed under any provisions of the IT Act in the computation of income of a non-resident Indian under Chapter XII – A of the IT Act.
- d. In accordance with and subject to the provisions of Section 115-I of the IT Act, a Non-Resident Indian may opt not to be governed by the provisions of Chapter XII – A of the IT Act.
- e. Long Term capital gains on transfer of listed debentures would be subject to tax at the rate of 10% computed without indexation.
- f. Interest income and Short – term capital gains on the transfer of listed debentures, where debentures are held for a period of not more than 12 months preceding the date of transfer, would be taxed at the normal rates of tax in accordance with and subject to the provisions of the IT Act.
- g. Where debentures are held as stock in trade, the income on transfer of debentures would be taxed as business income or loss in accordance with and subject to the provisions of the IT Act.
- h. Under Section 195 of the IT Act, the applicable rate of tax deduction at source is 20% on investment income and 10% on any long-term capital gains as per Section 115E, and 30% for Short Term Capital Gains if the payee debenture Holder is a Non Resident Indian.
- i. The income tax deducted shall be increased by applicable surcharge and health and education cess.

As per Section 74 of the IT Act, short-term capital loss on transfer of debentures suffered during the year is allowed to be set-off against short-term as well as long-term capital gains of the said year. Balance loss, if any could be carried forward for eight years for claiming set-off against subsequent years' short-term as well as long-term capital gains. Long-term

capital loss on debentures suffered during the year is allowed to be set-off only against long-term capital gains. Balance loss, if any, could be carried forward for eight years for claiming set-off against subsequent year's long-term capital gains.

As per Section 90(2) of the IT Act read with the Circular No. 728 dated October 30, 1995 issued by the Central Board of Direct Taxes, in the case of a remittance to a country with which a Double Tax Avoidance Agreement (DTAA) is in force, the tax should be deducted at the rate provided in the Finance Act of the relevant year or at the rate provided in the DTAA, whichever is more beneficial to the assessee. However, submission of tax residency certificate (TRC), is a mandatory condition for availing benefits under any DTAA. If the tax residency certificate does not contain the prescribed particulars as per CBDT Notification 57/2013 dated August 1, 2013, a self-declaration in Form 10F would need to be provided by the assessee along with TRC.

- j. Alternatively, to avail non deduction or lower deduction of tax at source, as the case may be, the Debenture Holder should furnish a certificate under Section 195(2) and 195(3) of the IT Act, from the Assessing Officer before the prescribed date of closure of books for payment of debenture interest.
- k. In case the Debentures are held as stock in trade by the debenture holder, the income/loss from transfer of debentures would be taxed as Income from Business. Such income is to be computed in accordance with the Income Computation and Disclosure Standard VIII which is notified by the Ministry of Finance, Government of India under Section 145(2) of the IT Act. Where debentures are held as stock in trade and unpaid interest has accrued before acquisition of Debentures and is included in the price paid for the Debentures, subsequent receipt of interest is to be allocated between pre-acquisition and post-acquisition periods, the pre-acquisition portion of the interest is reduced from the actual cost and is to be treated as interest. In the case of Debentures held by Scheduled Bank, income is to be recognized in accordance with the guidelines issued by the Reserve Bank of India in this regard.
- l. As per section 56(2)(x) of the IT Act, except in cases which are specifically exempted under this clause (such as gift received from relative as defined under the section), where the debentures are received without consideration where the aggregate market value of all gifts received exceeds Rs. 50,000/- the aggregate market value of the debentures shall be taxable as income in the hands of the recipient. Similarly, if debentures are received for inadequate consideration, the shortfall in the consideration will be treated as income of the recipient subject to the provisions contained in section 56(2)(x) of the IT Act. There is no gift tax for the Donor of the Debentures.
- m. As per the provisions of Section 54F of the IT Act, any long-term capital gains on transfer of a long term capital asset arising to a Debenture Holder who is an individual or Hindu Undivided Family, is exempt from tax if the entire net sales consideration is utilized, within a period of one year before, or two years after the date of transfer, in purchase of a new residential house in India, or for construction of residential house in India within three years from the date of transfer subject to conditions. If part of such net sales consideration is invested within the prescribed period in a residential house, then such gains would be chargeable to tax on a proportionate basis. This exemption is available, subject to the conditions stated therein.

III. TO THE FOREIGN INSTITUTIONAL INVESTORS/ FOREIGN PORTFOLIO INVESTORS (FIIs/ FPIs)

- 1. As per Section 2(14)(b) of the IT Act, any securities held by FIIs which has invested in such securities in accordance with the regulations made under the Securities and Exchange Board of India Act, 1992, shall be treated as capital assets. Accordingly, any gains arising from transfer of such securities shall be chargeable to tax in the hands of FIIs as capital gains.
- 2. In accordance with and subject to the provisions of Section 115AD of the IT Act, long term capital gains on transfer of debentures by FIIs are taxable at 10% (plus applicable surcharge and cess) and short-term capital gains are taxable at 30% (plus applicable surcharge and cess). The benefit of cost indexation will not be available. Further, benefit of provisions of the first proviso of Section 48 of the IT Act will not apply.
- 3. Interest on NCD may be eligible for concessional tax rate of 5% (plus applicable surcharge and health and education cess) for interest referred under Section 194LD.
- 4. Further, in case where section 194LD is not applicable, the interest income earned by FIIs/FPIs should be chargeable to tax at the rate of 20% under section 115AD of the IT Act. Tax shall be deducted u/s. 196D of the IT Act on such income at 20%. Where DTAA is applicable to the payee, the rate of tax deduction shall be lower of rate as per DTAA or 20%, subject to the conditions prescribed therein.
- 5. Section 194LD in the IT Act provides for lower rate of withholding tax at the rate of 5% on payment by way of interest paid by an Indian Company to FIIs and Qualified Foreign Investor in respect of rupee denominated bond of an Indian

Company between June 1, 2013 and July 1, 2023 provided such rate does not exceed the rate as may be notified by the Government.

6. The income tax deducted shall be increased by applicable surcharge and health and education cess.
7. In accordance with and subject to the provisions of Section 196D(2) of the IT Act, no deduction of tax at source is applicable in respect of capital gains arising on the transfer of debentures by FIIs referred to in section 115AD.
8. The CBDT has issued a Notification No. 9 dated 22 January 2014 which provides that Foreign Portfolio Investors (FPI) registered under SEBI (Foreign Portfolio Investors) Regulations, 2014 shall be treated as FII for the purpose of Section 115AD of the IT Act.

IV. TO MUTUAL FUNDS

All mutual funds registered under Securities and Exchange Board of India or set up by public sector banks or public financial institutions or authorized by the Reserve Bank of India are exempt from tax on all their income, including income from investment in Debentures under the provisions of Section 10 (23D) of the IT Act in accordance with the provisions contained therein. Further, as per the provisions of section 196 of the IT Act, no deduction of tax shall be made by any person from any sums payable to mutual funds specified under Section 10(23D) of the IT Act, where such sum is payable to it by way of interest or dividend in respect of any securities or shares owned by it or in which it has full beneficial interest, or any other income accruing or arising to it.

V. TO SPECIFIED FUNDS (“SPECIFIED FUND” AS DEFINED UNDER SECTION 10(4D) OF THE IT ACT)

The income of Specified Funds is taxable for the year beginning April 1, 2020, to the extent attributable to units held by non-resident (not being a permanent establishment of a non-resident in India), and in accordance with and subject to the provisions of Section 115AD of the IT Act, as under:

- a) The interest income earned are chargeable to tax at the rate of 10%;

- c) Short-term capital gains are taxable at 30%.

Further, where any income in respect of NCD is payable to Specified Funds, tax shall be deducted at the rate of 10% on the income other than exempt under section 10(4D) with effect from November 1, 2020 as per Section 196D of the IT Act.

The income tax deducted shall be increased by applicable surcharge and health and education cess.

VI. REQUIREMENTS TO FURNISH PAN/FILING OF RETURNS UNDER THE IT ACT

1. SEC. 139A (5A):

Section 139A (5A) requires every person from whom income tax has been deducted at source under chapter XVII – B of the IT Act to furnish his PAN to the person responsible for deduction of tax at source.

2. SEC. 206AA:

- a) Section 206AA of the IT Act requires every person entitled to receive any sum, on which tax is deductible under Chapter XVIIB (‘deductee’) to furnish his PAN to the deductor, failing which tax shall be deducted at the higher of the following rates:
 - (i) at the rate specified in the relevant provision of the IT Act; or
 - (ii) at the rate or rates in force; or
 - (iii) at the rate of twenty per cent.
- b) A declaration under Section 197A (1) or 197A (1A) or 197A (1C) shall not be valid unless the person furnishes his PAN in such declaration and the deductor is required to deduct tax as per Para (a) above in such a case.
- c) Where a wrong PAN is provided, it will be regarded as non-furnishing of PAN and Para (a) above will apply.

- d) As per Rule 37BC, the higher rate under section 206AA shall not apply to a non resident, not being a company, or to a foreign company, in respect of payment of interest, if the non-resident deductee furnishes the prescribed details inter alia TRC and Tax Identification Number (TIN).

3. SEC. 206AB

Further, the Finance Act, 2021 inserted new section for punitive withholding tax rate for non-filers of return of income with effect from 1 July 2021 as per which payments made to the specified persons will be subject to TDS at higher of twice the applicable rate or 5% in respect of all TDS/TCS provisions except for specific exclusions.

State of the Indian Economy:

The year 2023 will probably be characterised by a milder global slowdown than earlier anticipated but the trajectory remains unpredictable. In India, domestic consumption and investment stand to benefit from stronger prospects for agricultural and allied activities, strengthening business and consumer confidence, and strong credit growth. Supply responses and cost conditions are poised to improve even though inflation witnessed a rebound in January. The Union Budget 2023-24's emphasis on capital expenditure is expected to crowd-in private investment, strengthen job creation and demand, and raise India's potential growth.

(Source: RBI Bulletin February 2023)

Global Setting

The outlook for the global economy turned less gloomy as moderating inflation assuaged fears of further aggressive monetary tightening. Combined with reopening of some parts of the world from pandemic restrictions, the prospects for a milder slowdown than earlier anticipated have improved. Considerable uncertainty continues to prevail, however, as incoming data are parsed.

In its January 2023 update of the World Economic Outlook (WEO), the IMF revised global growth for 2023 upwards by 20 basis points (bps) to 2.9 per cent vis-a-vis its October projection. The revision takes into account positive surprises such as a stronger boost from pent-up demand, faster fall in inflation and the likely easing of financial conditions.

Notably, a global recession is no longer the baseline assessment. For advanced economies (AEs), growth for 2023 was revised upward by 10 basis points to 1.2 per cent while for emerging market economies (EMEs), it is estimated to be 30 basis points higher at 4.0 per cent in 2023 (as compared with WEO October 2022 projections)

Headline inflation eased across most AEs and EMEs. Although global headline inflation seems to have peaked in Q3:2022, the IMF warned that core inflation stays well above pre-pandemic levels in most economies.

Domestic Developments

Supply responses and overall cost conditions in the Indian economy are poised to improve. Supply chain pressures continued to ease as indicated by our index of supply chain pressure for India (ISPI). In consonance, the economic activity index (EAI) showed an uptick in activity in November and December 2022 of GDP for Q3:2022-23 is placed at 4.4 per cent.

Aggregate Demand

As per the first advance estimates of national income released by the National Statistical Office (NSO) on January 6, the Indian economy is projected to clock a growth of 7.0 per cent in 2022-23. Consequently, real gross domestic product (GDP) surpassed its pre-pandemic (2019-20) level by 8.6 per cent. Private final consumption expenditure (PFCE) – the mainstay of aggregate demand – staged an uptick, registering a growth of 7.7 per cent on the back of a buoyant revival in contact-intensive activity, including travel and tourism, and an upbeat festival season. Growth of government final consumption expenditure (GFCE) at 3.1 per cent remained muted as the fiscal consolidation was accompanied by a reorientation of focus on capital expenditure. Gross fixed capital formation (GFCF) remained strong with double-digit growth, primarily aided by the government's thrust on infrastructure. Accordingly, the real GFCF to GDP ratio increased to 33.9 per cent in 2022-23 from 32.5 per cent in the preceding year.

Findings of Economic Survey of 2022-23

Despite the downward revision, the growth estimate for FY23 is higher than for almost all major economies and even slightly above the average growth of the Indian economy in the decade leading up to the pandemic. IMF estimates India to be one of the top two fast-growing significant economies in 2022. Despite strong global headwinds and tighter domestic monetary policy,

if India is still expected to grow between 6.5 and 7.0 per cent, and that too without the advantage of a base effect, it is a reflection of India's underlying economic resilience; of its ability to recoup, renew and re-energise the growth drivers of the economy.

Outlook: 2023-24

India's recovery from the pandemic was relatively quick, and growth in the upcoming year will be supported by solid domestic demand and a pickup in capital investment. The current growth trajectory will be supported by multiple structural changes that have been implemented over the past few years. Budgeted capital expenditure rose 2.7X in the last seven years, from FY16 to FY23, re invigorating the Capex cycle. Structural reforms such as the introduction of the Goods and Services Tax and the Insolvency and Bankruptcy Code enhanced the efficiency and transparency of the economy and ensured financial discipline and better compliance.

The upside to India's growth outlook arises from (i) limited health and economic fallout for the rest of the world from the current surge in Covid-19 infections in China and, therefore, continued normalisation of supply chains; (ii) inflationary impulses from the reopening of China's economy turning out to be neither significant nor persistent; (iii) recessionary tendencies in major AEs triggering a cessation of monetary tightening and a return of capital flows to India amidst a stable domestic inflation rate below 6 per cent; and (iv) this leading to an improvement in animal spirits and providing further impetus to private sector investment.

Against this backdrop, the survey projects a baseline GDP growth of 6.5 per cent in real terms in FY24. The projection is broadly comparable to the estimates provided by multilateral agencies such as the World Bank, the IMF, and the ADB and by RBI, domestically. The actual outcome for real GDP growth will probably lie in the range of 6.0 per cent to 6.8 per cent, depending on the trajectory of economic and political developments globally.

NON-BANKING FINANCIAL INSTITUTIONS

Introduction

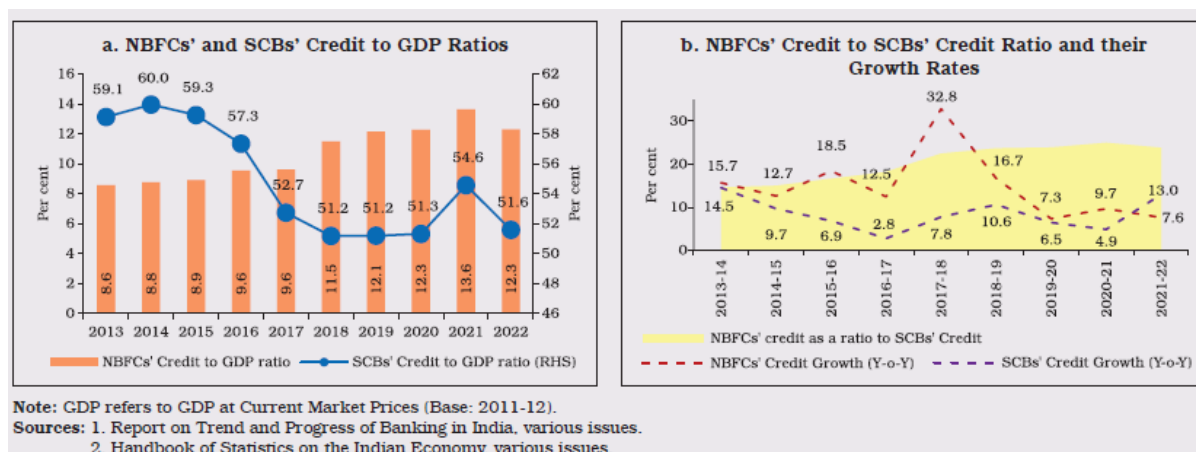

Non-banking financial companies (NBFCs) weathered the pandemic supported by various policy initiatives. They built up financial soundness during 2021-22, marked by balance sheet consolidation, improvement in asset quality, augmented capital buffers and profitability. In the second wave of the pandemic during H1: 2021-22, the disruption to economic activity was limited due to adoption of localised and region-specific containment policies and the steady pace of vaccination. Contact intensive segments and smaller businesses in the NBFC sector were however, hit hard and faced asset quality and liquidity stress. As the impact of the second wave waned and the third wave turned out to be short-lived, the NBFC sector regained momentum, cushioned by pro-active policy measures announced by the Reserve Bank and the government. Housing finance companies (HFCs) remained resilient as property sales picked up, driven by pent up demand, low interest rates, reduction in stamp duties and the shift in labour market conditions with a preference to work from home. All India financial institutions (AIFIs) also realigned their business strategies to contribute to economic recovery, buoyed by the refinance support from the Reserve Bank. This chapter analyses the operations and performance of non-banking financial institutions (NBFI) regulated by the Reserve Bank, comprising NBFCs, HFCs, AIFIs and primary dealers (PDs)

NBFCs comprise government/ public/ private limited companies which provide niche financing to various sectors of the economy, ranging from real estate and infrastructure to agriculture and micro loans, thereby supplementing bank credit. HFCs specialise in providing housing finance to individuals, co-operative societies and corporate bodies to support housing activity in the country. AIFIs, i.e., the National Bank for Agriculture and Rural Development (NABARD), the Export Import Bank of India (EXIM Bank), the Small Industries Development Bank of India (SIDBI), the National Housing Bank (NHB) and the recently established National Bank for Financing Infrastructure and Development (NaBFID), are the apex financial institutions which provide long-term funding to agriculture, foreign trade, small industries, housing finance companies and infrastructure, respectively. PDs ensure subscription to primary issuances of government securities (G-secs), besides acting as market makers in the G-sec market.

The growing importance of the NBFC sector in the Indian financial system is reflected in the consistent rise of NBFCs' credit as a proportion to GDP as well as in relation to credit extended by scheduled commercial banks (SCBs) The growing importance of the NBFC sector in the Indian financial system is reflected in the consistent rise of NBFCs' credit as a proportion to GDP as well as in relation to credit extended by scheduled commercial banks (SCBs) In terms of asset/liability structures, NBFCs are subdivided into deposit-taking NBFCs (NBFCs-D) - which accept and hold public deposits - and non-deposit taking NBFCs (NBFCs-ND). Among non-deposit taking NBFCs, those with asset size of ₹500 crore or more are classified as non-deposit taking systemically important NBFCs (NBFCs-ND-SI). After the regulatory overhaul in October 2022, NBFCs are segregated into four layers, namely, Base Layer (NBFC-BL), Middle Layer (NBFC-ML), Upper Layer (NBFC-UL) and Top Layer (NBFC-TL), based on their size, activity, and perceived level of riskiness. In terms of size, NBFC-BL comprises all NBFCs-ND with asset size below ₹1,000 crore. NBFCs-ND with asset size above ₹1,000 crore and NBFCs-D are put in NBFCML. NBFC-UL comprises those NBFCs (including NBFCs-D) which are specifically monitored by the Reserve Bank on the basis of a set of parameters and scoring methodology.

The current regulatory guidelines mandate that only those companies with minimum net owned funds (NOF) of ₹10 crore can commence the activities of NBFCs. The existing NBFCs-ICC, NBFCs-MFI and NBFC-Factors are required to attain NOF of ₹10 crore by March 2027 following a glide-path.

Ownership Pattern

The NBFCs-ND-SI category accounted for around 86 per cent of the total assets of the NBFC sector at end-March 2022. Although the category is largely populated by non-government companies, a few large government-owned NBFCs hold a substantial share of the assets of the NBFCs-ND-SI sub-sector. The deposits of NBFCs-D are not insured by the Deposit Insurance and Credit Guarantee Corporation (DICGC). At end-March 2022, NBFCs-D accounted for 14.4 per cent of the total assets of the NBFC sector. Non-government public limited companies dominate this category, with a share of 88.3 per cent of the total assets of NBFCs-D.

(Source: Report on Trend and Progress of Banking in India 2021-22 by RBI)

Balance Sheet

The balance sheet size of NBFCs grew at a subdued pace in 2021-22, reflecting both weak demand and risk aversion amid disruptions caused by the second wave of COVID-19. NBFCs also faced headwinds as competition from banks intensified, particularly in the retail space. The sector nevertheless maintained comfortable liquidity buffers, adequate provisioning, and a strong capital position. The deceleration in loans and advances of the sector was driven by an absolute decline in unsecured loans by NBFCs-ND-SI, highlighting their preference for safe assets in an atmosphere of economic uncertainty. NBFCs-ND-SI also continued to shore up their liquidity, with their cash and bank balances exhibiting double digit growth. At end-September 2022, balance sheet growth of NBFCs moderated on the back of a decline in investments of NBFCs-ND-SI. Credit, however, grew in double digits for both NBFCs-ND-SI and NBFCs-D.

(Source: Report on Trend and Progress of Banking in India 2021-22 by RBI)

Resource Mobilization

NBFCs other than NBFCs-D rely heavily on borrowings to fund their activities. Borrowings from the markets and from banks constituted around 75 per cent of total borrowings at end- March 2022. A benign interest rate environment contributed to the increase in borrowings from banks. In H1:2022-23, total borrowings accelerated mainly due to increase in borrowings from banks. While NBFCs have been gradually relying more on long-term borrowings, the share of borrowings payable in three months or less increased marginally in 2021-22. Non-convertible debentures (NCDs) with AAA and AA ratings have an overwhelming share in the total private placements of private NBFCs.

Private Placement of NCDs by Private NBFCs

NBFCs rely heavily on SCBs for their funds. Public sector banks (PSBs) are the foremost lenders, followed by private sector banks (PVBs) and foreign banks (FBs). The exposure of banks to NBFCs grew mainly due to increase in direct lending which amounted to 86.5 per cent of the total bank funding to the NBFC sector.

Banks also subscribe to debentures and commercial papers (CPs) issued by NBFCs. The growth of banks' subscription to CP issuances by NBFCs has turned around since Q3:2021-22

Financial Performance of NBFCs

NBFCs' income grew at a higher rate in 2021-22 than a year ago, primarily driven by fund-based income of NBFCs-ND-SI and NBFCs-D. During H1:2022-23, net profits of NBFCs improved mainly by a turnaround in fund-based income

Profitability Indicators

Profitability indicators - return on assets (RoA), return on equity (RoE) and net interest margin (NIM) - increased in 2021-22. NBFCs-NDSI and NBFCs-D experienced bottom line growth at the end - March 2022. All profitability indicators showed an improvement in H1:2022-23 over the corresponding period in the previous year.

Profitability Ratios of NBFCs-ND-SI

(Source: Report on Trend and Progress of Banking in India 2021-22 by RBI)

While rising interest rates are expected to bring net interest margins pressure, the impact has been somewhat offset as banks have not passed on the entire cost increase and NBFCs have been able to pass on the limited rate hikes to their borrowers. Stable margins along with moderation in credit cost will support the improvement in profitability indicators for NBFCs and the agency expects them to report a return on managed assets of 2.6-2.9 per cent in FY23.

Asset Quality

Among performing loans, the overall delinquency ratios came down year-on-year by end-March 2022. Loans overdue in the first bucket viz., less than 30 days were the largest, but the position improved in 2021-22 vis-à-vis the previous year, resulting in an overall reduction in the over dues of performing loans. The share of standard assets with no over dues in total performing

loans increased from 87.7 per cent in 2020-21 to 90.6 per cent in 2021-22. Overall, GNPA and NNPA ratios of NBFCs-ND-SI showed an improvement in 2021-22 as the quality of assets improved in all the segments, with the exception of ICC. In H1: 2022-23, GNPA and NNPA ratios continued to decline.

The asset quality of non-banks has been improving steadily since December 2021 as borrowers gradually recovered from the pandemic-induced stress. The improvement has been on the back of higher collections, a lower-than-anticipated share of restructured portfolio estimated at 2 per cent of total assets under management as of September 2022 and controlled slippages from this book and reported ratios also benefiting from the base effect of high growth. Overall, the majority of stress from the restructured book is likely to be absorbed in FY23 and slippages are expected to remain range-bound.

Capital to Risk Weighted Assets Ratio (CRAR)

As per the extant regulation, NBFCs are required to maintain a minimum capital ratio of not less than 15 per cent of aggregate risk-weighted assets (including both on and off balance sheet exposures). The NBFC sector is comfortably placed, with CRAR well above the regulatory requirement. In 2021-22, amongst NBFCs-ND-SI, IFCs registered a significant improvement in their CRAR, buoyed by an increase in Tier I capital. Among other categories, ICCs recorded marginal improvement, while CRAR of NBFCs-IDF and NBFCs-MFI deteriorated. NBFCs-D continued to maintain adequate capital, considerably higher than the stipulated norm

Sectoral Credit of NBFCs

Industry has traditionally remained the largest recipient of credit from the NBFC sector, followed by retail, services and agriculture. In 2021- 22, credit growth to industry and retail sectors was subdued relative to the previous year, while credit to the service sector exhibited double digit growth.

Vehicle Finance

Vehicle loans, which traditionally form the biggest component of NBFCs' retail portfolio, declined during 2021-22. Accordingly, the share of vehicle and auto loans, which accounted for about 45 per cent of NBFCs' retail portfolio at the end of March 2021, dropped to around 40 per cent at end-March 2022. In recent years, banks had ceded ground to NBFCs in the vehicle loan space. This reversed in 2021-22, with the share of banks surpassing that of NBFCs. In 2021-22, retail sales of vehicles improved after witnessing a contraction in the previous year.

Automobile Sector Indicators

(Source: RBI Bulletin February 2023)

The domestic automobile sales volumes grew by 9% y-o-y in January 2023 backed by new launches made by the OEMs across the segments and improved consumer sentiments. On a sequential basis, the domestic sales volume grew by 15% during the month.

The commercial vehicle (CV) segment has been growing strongly, eventually crossing the FY19 peak. This has been aided by increased infrastructure spends by the government, healthy replacement demand, last-mile connectivity demand propelling e-commerce and increased industrial activity. Profitability and margins of major commercial vehicle OEMs have also been aided by the uptick in volumes, improved product mix, and benefits of commodity price correction.

The demand for entry-level two-wheelers (2W) and entry-level passenger vehicles (PV) is likely to accelerate due to enhanced income tax rebates. Apart from this, the capital outlay of Rs 10 lakh Crore for infrastructure spending will also aid commercial vehicle sales going forward.

Increase in replacement demand, growth in freight availability and the government's push for infrastructure projects and budget allocation on scrappage policy will further help the CV and CE segment to grow going forward.

The growth trends in Tractor are expected to continue going forward on the back of positive customer sentiments led by finance availability. Continued government focus on the agriculture sector and favourable Minimum Support Prices (MSP) on crops will further lead to a growth in tractor demand.

CareEdge Research expects the domestic automobile industry sales volume to grow by 20% in FY23. The recent announcements in Budget 2023-24 on vehicle scrappage policy and increased infrastructure spending will further aid growth in automobile sales

Micro, Small and Enterprises

NBFCs also play a crucial role in bridging the credit needs of micro, small and medium enterprises (MSMEs), primarily those engaged in services. The Emergency Credit Line Guarantee Scheme (ECLGS) launched by the government in May 2020 helped MSMEs to access enhanced credit. The co-lending model introduced by the Reserve Bank in November 2020 also improved the flow of credit to the MSME sector. Subsequently, the Union Budget 2022-23 has extended the ECLGS up to March 2023, with the guarantee cover raised by 50,000 Crores to a total of 5 lakh Crores.

NBFCs Credit to MSME (At end – March)

(Source: Report on Trend and Progress of Banking in India 2021-22 by RBI)

Micro, Small and Medium Enterprises (MSME) sector, with more than six crore enterprises, has emerged as a highly vibrant and dynamic sector of the Indian economy, fostering entrepreneurship and generating self-employment opportunities at comparatively lower capital cost, next only to agriculture.

Ministry of MSME promotes growth and development of the sector, including Khadi, Village and Coir industries, by implementing various schemes/programmes towards credit support, technological assistance, infrastructure development, skill development and training, enhancing competitiveness and market assistance. Organizations under the Ministry include Office of Development Commissioner (MSME), Khadi and Village Industries Commission (KVIC), Coir Board, National Small Industries Corporation Ltd. (NSIC), National Institute for Micro, Small and Medium Enterprises (Ni-msme) and Mahatma Gandhi Institute for Rural Industrialization (MGIRI). Ministry has a vast network of field formations spread across the length and breadth of the country to support and handhold MSMEs, which include MSME Development and Facilitation Offices (MSME-DFO), Branch

MSME-DFOs, MSME Testing Centres, MSME-Testing Stations and Technology Centres (Tool Room & Technical Institutions) and field offices of KVIC, Coir Board and NSIC. Under Credit Guarantee Scheme for Micro and Small Enterprises (CGTMSE), collateral free loan up to a limit of Rs. 2 crore to MSEs is provided. In FY 2022-23, (up to 30.11.2022), 7.07 lakh guarantees have been approved involving Rs 60,376 crore, which is the highest since inception of the scheme in 2000-01. With effect from 01.12.2022, for credit ceiling up to Rs. 2 crore, the maximum extent of guarantee cover has been enhanced up to 85%. Enterprises owned by women are eligible for guarantee cover up to 85%. Other Schemes of the Ministry have also helped in fostering a better environment for MSMEs.

Such as Scheme of Fund for Regeneration of Traditional Industries (SFURTI), Procurement & Marketing Support, International Cooperation Scheme, etc. During the year 2022 various events and programmes were organized to create awareness about entrepreneurship and various schemes/ initiatives of the Ministry. Some of the events are “National Conference of MSME-Development Institutes, Testing Centres and Technology Centres”, Mega Global MSME Business Summit’ titled ‘Empowering Tech Entrepreneurs’, ‘Mega International Summit on MSMEs’ Competitiveness and Growth’, ‘Global MSME Convention for Plastics Industry’, etc.

(Source: MSME Insider – January 2023 [Vol XLXII])

Reforms to address the structural challenges faced by MSMEs have been a vital part of the industrial policy in recent years. Support measures for MSMEs during the pandemic in the form of the Emergency Credit Line Guarantee Scheme (ECLGS) and revision in the definition of MSMEs under the ambit of Aatmanirbhar Bharat helped them face the crisis shock. The ECLGS, in particular, has in the last two years benefited 1.14 crore MSMEs, which have availed collateral-free loans amounting to ₹2.38 lakh crore. Further measures, such as the introduction of TReDS to address the delayed payments for MSMEs, the inclusion of Retail and Wholesale trades as MSMEs, and the extension of non-tax benefits for three years in case of an upward change in the status of MSMEs, have created a resilient support system for the MSME sector to grow. The MSMEs have also benefitted from access to digital platforms for their marketing needs and easy payments. With the Open Network for Digital Commerce creating opportunities for MSMEs to access e-commerce technology and diversify their target markets, this trend will likely strengthen further. Moreover, onboarding GSTN as a Financial Information Provider on the Account aggregator platform will open up avenues for access to credit for MSMEs. Enhancing opportunities and productivity of the MSME sector have large-scale implications for a resilient production ecosystem, thus strengthening the growth prospects of the industry and the economy as a whole. These reforms, therefore, must continue.

Housing Finance

Housing Finance Companies (HFCs)

In India, housing finance companies (HFCs) are specialised institutions which extend housing credit, along with SCBs. Effective August 9, 2019 HFCs are being regulated as a category of NBFCs, after the transfer of regulation of HFCs to the Reserve Bank by amendment of the NHB Act, 1987.

Real Estate

The onset of the Covid-19 pandemic accentuated a slowdown in every economic space, and the real estate sector was no different. Project delays, deferment of big-ticket purchases, stagnation of property prices, and scarce funding for developers has induced slackening of demand. The situation was further aggravated by the associated lockdown and migration of workforces involved in the sector to their natives. The work-from-home model had an impact on the demand for office space requirements by the corporates.

The Pandemic, however, brought about a change in individual home buyers' sentiment in favour of owning a house. With the easing of curbs, there was an increase in interest in the residential housing sector and more so in the readily available and affordable segment. The hybrid work mode with the privileges of working from anywhere encouraged first-time home buyers to move away from the conventional metros, and this brought about a pent-up demand in the residential real estate markets of Tier II and III cities. Improvement in affordability in response to measures taken by the government during the pandemic; such as lower interest rates, reduction in circle rates, and cut in stamp duties on transaction of sale/purchase of immovable property, the extension of the Real Estate Regulation Act (RERA) also played a significant role in post-pandemic rebound of Real Estate sector.

(Source: <https://www.indiabudget.gov.in/economicsurvey/> Economic Survey of 2022-23)

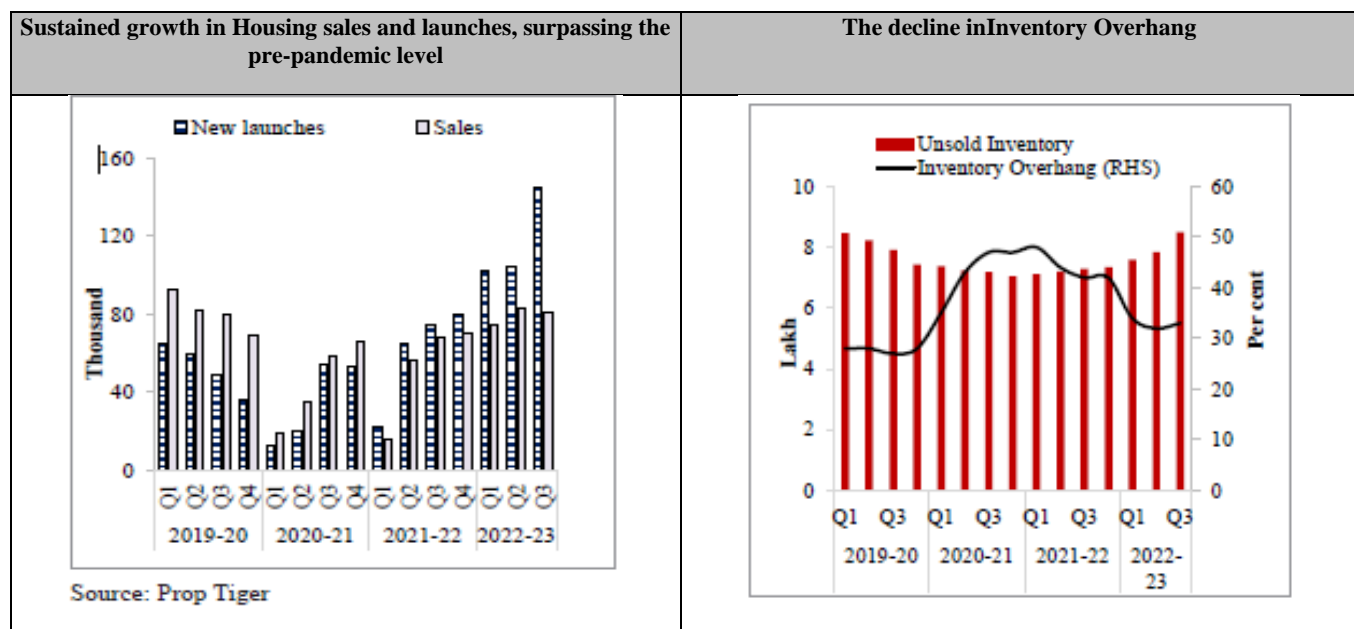

Measures taken by the Government to boost the Housing sector

The various policy intervention by the government, including 'Housing for All', Aatmanirbhar Bharat, etc., provided an impetus to the Housing Finance sector. The permission by RBI to lending institutions to grant a total moratorium of 6 (3+3) months in case of payment failure due between 1st March 2020 to 31st August 2020, infusion of ₹75,000 crore for Non-Banking Financial Corporations (NBFCs), Housing Finance Companies (HFCs) and Micro Finance Institutions (MFIs), among others, have also contributed to the revival of the real estate sector.

The interest subvention under Pradhan Mantri Awas Yojana-Credit Linked Subsidy Scheme Urban) (PMAY-CLSS (U)) has been the demand-side driver in the residential housing space. This, along with streamlined policies to increase the credit flow, has helped in the creation of a consumer-friendly ecosystem for housing finance. Since its inception, the government has released a subsidy amounting to ₹ 53,548 crore benefitting approximately 22.87 lakh households. Further, the Affordable Housing Fund (AHF) created sufficient liquidity in the sector for viable growth. Under the Affordable Housing Fund, National Housing Bank has disbursed ₹ 34,588 crore for 3.9 lakh dwelling units since its inception. Under the Special Liquidity Facility of RBI, National Housing Bank (NHB) disbursed ₹13,917 crore and ₹8,112 crore during the 1st and 2nd waves of the pandemic, respectively, to ensure seamless business as usual in the sector. Including the above, National Housing bank has provided Liquidity support of ₹ 88,400 crore through various refinance schemes since the onset of the Pandemic.

The concessional liquidity provided the sector with the much-needed liquidity influx for keeping the sector resilient. The Co-lending model has been put forward with the aim to leverage the liquidity base of the banks and reach of HFCs to deliver formal housing credit to the bottom of the pyramid. The Smart City Project, with a plan to build 100 smart cities across India, was aimed at improving the overall opportunity for the real estate sector and encouraging investments. The overall affordability in the residential real estate sector was high during the post-pandemic period, as reflected by a decline in the weighted average annual interest rate on home loans from 8.6 per cent during January-March 2020 to 7.3 per cent during January-March 2022 for Scheduled Commercial Banks. Also, with a consistent thrust on affordable housing and a series of measures taken by the Government and the Regulators, the sector bounced back, registering a more robust growth with consistent improvement in sales as well as new launches.

Overview

We are a non-banking finance company, incorporated in 1978 as the financial services arm of the Murugappa group, which has more than 122 years of existence. Our Company is categorized as a NBFC-ICC. We commenced business as an equipment financing company and have since expanded our operations to offer vehicle finance, loan against property, home loans, loans to small and medium-sized enterprises (“SMEs”), consumer and small enterprise loans and secured business and personal loans. We also offer stock broking and a variety of other financial services to customers through our Subsidiaries.

As of December 31, 2022, we had 22.70 lakhs active customers across India. We are diversified in terms of the products we offer, the geographies within India where we operate and cater to all customers. As of December 31, 2022, we had 1,166 branches across 29 States and Union Territories in India.

We have been able to leverage our knowledge and experience in the vehicle finance industry coupled with our relationships with OEMs and dealers to grow our operations and expand our operating network. Our focus on technology and use of data analytics has allowed us to drive and digitize our operations, improve efficiency, reduce manpower and turnaround time. We believe that our track record of financial performance across our businesses, prudent risk management practices and strong credit ratings are key factors that have resulted in our growth over the years. In addition, being a part of the Murugappa group we have been able to derive significant synergies by leveraging their brand and existing customer base.

Our principal business segments include:

Vehicle Finance. We are focused on financing and refinancing vehicles, particularly light commercial vehicles (“LCVs”), small commercial vehicles (“SCVs”) and used commercial vehicles. In recent years, we have increased our focus on financing of two-wheelers, three-wheelers, tractors, cars, multi-utility vehicles (“MUVs”) and used passenger vehicles. We also finance heavy commercial vehicles (“HCVs”), tractors and construction equipment. We focus on retail customers especially in smaller towns and rural areas. As of December 31, 2022, Loans in the Vehicle Finance segment accounted for 64.19% of our total Loans while in the nine months ended December 31, 2022, disbursements in this segment accounted for 60.44% of our total disbursements. We also have arrangements with OEMs as ‘preferred financiers’ to provide financing for their vehicles, and work with their dealer networks to provide our vehicle finance products to their customer base.

Loan Against Property. We offer secured loans against property, with a focus on self-occupied residential property, to self-employed (non-salaried) and non-professional customers engaged in small and medium-scale industries, service providers and traders. As of December 31, 2022, Loans in the Loan Against Property segment accounted for 20.95% of our total Loans while in the nine months ended December 31, 2022, disbursements in this segment accounted for 14.36% of our total disbursements.

Home Loans. We currently offer affordable home loans to self-employed and non-professionals seeking to buy and/ or construct new homes.

New Businesses.

Within the New Businesses segment we primarily offer:

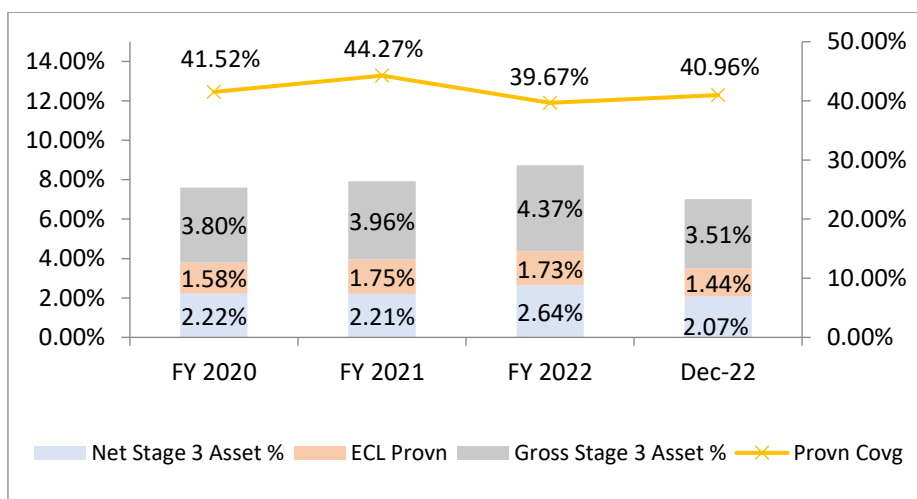

- (i) *SME Loans* – We primarily offer loans to SMEs that are secured by asset classes such as current assets and tangible security.
- (ii) *Consumer and Small Enterprise Loans* – Our Company forayed into Consumer and Small Enterprise Loans during Fiscal 2023 with focus on personal loans, professional loans & business loans to salaried, self-employed professionals and micro & small businesses.
- (iii) *Secured Business and Personal Loan* – We have recently in Fiscal 2023 started the business segment of secured business and personal loans. Our Company forayed into offering secured business loans with self-occupied residential property or commercial-cum-residential property as collateral and as on December 31, 2022 we are present in 148 locations (co-located) spread across 8 states in India.

Competitive Strengths

We believe that the following are our key competitive strengths:

Strong retail focus with diversified product portfolio

We believe that our comprehensive understanding of rural and semi-urban markets and strategic focus on individuals and customer segments that are underserved by formal financing channels has led to our growth. Our experience of over four decades in rural and semi-urban markets has led to a significant understanding of local characteristics of these markets and has allowed us to address the unique needs of our customers. Our customers in the Vehicle Finance segment include first-time buyers of vehicles and customers with informal income and limited banking and credit history, while customers in our Loan Against Property segment include self-employed and non-professional individuals, small and medium entrepreneurs. We have a large customer base and as of December 31, 2022, we had 22.70 lakhs active customers across India through our operations across 1,166 branches.

We offer a diverse range of financial products through our principal business segments: (i) Vehicle Finance; (ii) Loan Against Property; (iii) Home Loans and (iv) New Businesses. As at December 31, 2022, our Vehicle Finance, Loan Against Property and other segments constituted 64.19%, 20.95%, and 14.86% of our total Loans, respectively. Within our Vehicle Finance Segment, LCVs, HCVs and Cars, and MUVs represented 20.90%, 18.35% and 8.31% of our total Loans, respectively, as of December 31, 2022. Over the years, we have been able to grow our segments by introducing new products to address our customers’ requirements. We mitigate our exposure to the commercial vehicle industry, the performance of which is closely linked with the level of industrial economic activity in the country, by diversifying our Loans across a range of consumption-led asset classes amongst different customer segments. Further, within Vehicle Finance segment itself, we have also diversified our asset portfolio across a range of customer segments. We also finance commercial assets, such as commercial vehicles and construction equipment, as we believe these assets enable income-generation, which results in a quality loan portfolio, in terms of loan repayment (as the asset or activity financed is expected to generate cash flows to service the loan) as well as in terms of recovery (as the asset financed typically forms the security for the loan disbursed).

Our knowledge and experience in the vehicle finance industry in India for more than four decades provides us with a competitive advantage. The commercial vehicle financing industry is fragmented, and our ability to further grow our business through our expansive operating network, relationships with OEMs and dealers, and streamlined, stringent credit analysis and underwriting processes have contributed to our growth and historical financial performance.

Extensive distribution network with focus on rural and semi-urban markets

We operate an extensive network of 1,166 branches across 29 States and Union Territories in India, as of December 31, 2022. Our branch network has grown from 1,091 branches as of March 31, 2020 to 1,145 branches as of March 31, 2022. The reach of our network of branches provides us with the width and depth to access a wide and diverse base of existing customers and attract new customers. Our branches are located across regions in India leading to geographically diversified exposure with North, South, East and West regions of the country accounting for 23%, 29%, 25% and 23% of our Company's total Loans as of December 31, 2022. As of December 31, 2022, 80% of our branches were situated in rural centres, i.e., areas that comprise population of less than 400,000 while 13% were situated in semi-urban centres, areas that comprise population between 4,00,000 to 15,00,000 persons, as of December 31, 2022. For further information, see “ – Branch Network” on page 156. Our distribution network allows us to lend across the country and enables us to mitigate our exposure to local economic factors and disruptions resulting from political circumstances or natural disasters. We believe that our widespread branch network diversifies the geographical risk of our portfolio by reducing reliance on any one region in India and allows us to apply our experience from one region to other regions.

Our extensive distribution network also exposes us to opportunities to cross-sell products and services and better penetrate Tier III, Tier IV, Tier V and Tier VI towns in India. As of December 31, 2022, 80% of our branches were located in such Tier III, Tier IV, Tier V and Tier VI towns. In addition to enabling access to new customers, our physical presence helps us in providing customized service and targeted support to our existing customers. Our well-developed distribution network in India also gives us the capability to offer a variety of financial products in areas that we believe most companies find difficult to access. In our Loan Against Property segment, we also operate through our DSAs.

We service multiple segments and products through our branches, which reduces operating costs and improves total sales. We believe that the inherent challenges involved in developing an effective branch network in rural and semi-urban centres provides us with a significant advantage over our competitors.

Strong technology platform and analytics capability

A significant competitive strength for us has been our strong in-house technology and data analytics capabilities that helps us scale our infrastructure and serve our customers. Our digital platform improves engagement with our customers and facilitates technology-led integration with ecosystem partners. Our technology solution manages the complete customer on-boarding lifecycle including customer acquisition, loan application, verification, underwriting and in-principle approval. As part of this process, our platform facilitates integrated with APIs related to borrower identity verification, credit checks, financial statement analysis and payment gateway services. Our mobile application ‘Chola’ empowers customers to interact and transact with us digitally.

Further, our subsidiary, Payswiff Technologies Private Limited is engaged in the business of enabling online payment gateway services for e-commerce businesses and e-commerce solutions.

We make continuous efforts to identify and improve automation across processes and functions. Our loan management system, collection management and document management systems have helped us to scale efficiently such that we have handled the rise in Vehicle Finance loans from ₹44,206.06 crores as of March 31, 2020 to ₹52,880.61 crores as of March 31, 2022, and from ₹50,675.22 as of December 31, 2021 to ₹61,285.29 crores as of December 31, 2022. We manage our technology infrastructure in-house and have systems in place to alert and prevent security incidents and cyber-attacks. We also regularly engage external cybersecurity experts to analyze and review our applications and systems. We use digital platforms and data analytics for underwriting customers across financial segments, geographies, and various loan products. In addition to the use of data analytics for our underwriting models, we also rely on artificial intelligence and analytical platforms to build predictive models across credit, sales, collections and risk functions. With our use of technology measures, we have been able to strategize our credit risk, field collections efficiency, sales productivity, cross sell efficiency, audit and fraud monitoring. Our in-house developed risk monitoring tool ‘Chola Composite Risk Index’ measures the movement of critical risks. We have deployed automated dashboards as part of our operations that help us review portfolios and support decision making. We believe that our use of technology in our risk management framework has helped us maintain relatively low NPAs.

Our Company is becoming a digitally ready, automation-first and data-led organization. While supporting large scale transformation programs in the existing lines of business, the technology team has also launched of new lines of business, both secured and unsecured, in a digital mode, spanning to loan originations, management and loan collections.

Experienced management team

We have an experienced management team, which is supported by a capable and motivated pool of employees. Our senior management team has diverse experience in various financial services and functions related to our business, and an in-depth understanding of the specific industry, products and geographic regions they cover, which enables them to appropriately support and guide our employees. For further information on our management team, see “Our Management” on page 181.

Our Strategies

Transform into a technology driven and analytics powered NBFC

Our strategic focus is to use technology to become an agile and data-driven NBFC. We will continue to further scale up our digital platform to improve efficiency. We intend to introduce a new version of our mobile application that will integrate with the handheld devices used by our sales and collections teams. Besides creating solutions using latest technology, we also intend to partner and integrate with a wider set of technology service providers and fintech companies to improve the productivity of our field force, the accuracy and quality of data captured, and reduce turnaround time. We also plan to increase the scope and quantity of internal processes that will be covered by our process automation platform. We intend to deploy cognitive bots to assist our customers as well as our back-office staff to improve speed and efficiency. For our core applications, we intend to augment our loan management system with newer lead management and customer relationship management solutions. We believe that these will help improve our ability to serve customers consistently via mobile, online and voice channels. We also intend to integrate our lead management solution with our partners like OEMs and dealers resulting in better lead sharing, quicker in-principle approval and lead progress updates. To improve our digital infrastructure, we are evaluating the option to migrate our infrastructure to a cloud-based platform that will host our solutions. This would allow us to improve the agility and scalability of our operations and address customer requirements.

Further, we also extend loans through co-lending partnerships with finance institutions, including by way of software applications. Through co-lending opportunities, we intend to foray into this un-tapped customer segment by providing competitive pricing which in turn will increase our customer base and the market share.

As we increase the deployment and use of our digital solutions, we believe that the ability to capture data across our business will allow us to become more efficient and provide customer centric and bespoke solutions, thereby improving customer satisfaction, engagement and retention. As part of our digital initiatives, we will continue to focus on developing the skills of our technology staff to help design, develop and support our digital platforms. We intend to develop skills around enterprise architecture, cyber-security, cloud and cloud-native architecture and data analytics.

Leverage our existing model to consolidate our business and focus on partnerships to drive growth and profitability

We have over the years built an operating model that has allowed us to successfully grow our business and scale our operations. Going forward, we intend to supplement our existing model by ensuring end-to-end digitization, automated functionalities and minimal manual intervention across our business segments. We also propose to further develop our underwriting models to facilitate straight-through processing, implement a one-time maker-checker concept to avoid duplication of work and create a platform that will integrate across systems including our 'Gaadibazaar' platform and external dealer systems to derive process efficiencies. We are in the process of creating real-time digital dashboards that monitor performance across input and output parameters, generate daily run rate reports, contact recordings and roll rate reports.

To grow our portfolio, we intend to engage with various third party intermediaries to augment customer data including social media platforms, ride hailing platforms, online aggregators, ecommerce websites and credit bureaus. We believe that such partnerships would enable us in making targeted sales, improving our underwriting models and predicting defaults, both pre-delinquency and post-delinquency. We will also selectively explore investment opportunities in businesses that complement our current business and are aligned with our objectives. For example, we invested in Payswiff Technologies Private Limited, which is a point-of-sale provider enabling digital payment gateway for the e-commerce business, thereby helping us in building our customer base and providing customer solutions. Also, our Company invested in White Data Systems Private Limited which provides innovative and integrated solutions for the road freight & transport sector through its I-Loads platform. We believe that our partnerships driven model would allow us to scale our operations, create propositions that will benefit our customers and provide access to a larger customer base that would otherwise be inaccessible to owing to higher customer acquisition costs. We believe that partnerships with third parties is a key strategy to grow our business and operations. We will look to build alternate channels for lead generation by developing digital channels and partnerships with aggregators, fintech companies and start-ups. Particularly, in the Vehicle Finance segment, we intend to collaborate with private and government-owned banks to co-originate loans and have direct leads from OEMs and dealers. We believe that as a non-deposit accepting NBFC engaged in vehicle finance, we will derive synergies from such partnerships given the wide customer base of such banks, our presence in rural areas and our track-record for ensuring collection. We also intend to leverage our relationships with OEMs and dealers to serve as their captive finance arms and thereby build our customer base.

Our Businesses

We have three business verticals: (i) Vehicle Finance; (ii) Loan Against Property; (iii) Home Loans and (iv) New Businesses.

Our Company's Operations

Our Company operates under a “hub and spoke” business model, where responsibilities from loan origination to recoveries of loans are vested in each of the respective branches, under the overall supervision and control of our Company's head office. Our branches are connected to the central hub in Chennai through our Company's digital platform. The head office and senior management are primarily responsible for the overall business strategy, operational management, information technology, digital strategy and policy formulation for our Company's businesses. However, the credit decision process in connection with loans is decentralised and vested primarily with branches, which ensures timely credit approvals and more efficient turnaround times in processing the loans.

Our Company's business operating structure can be classified as follows:

Head Office Operations: The centralised operations at Chennai consist of the following functions:

- Loan disbursements;
- Maintaining loan file closures;
- Channel partner payment processing;

- Overall customer relationship management;
- Banking and post disbursement documentation; and
- Document management.

Branch Operations: Our Company's branches are largely autonomous and are vested with powers of loan origination, credit evaluation and approval and loan servicing and recoveries, under the general supervision of the head office. Our Company's focuses on closely monitoring its assets and borrowers through its local management at each branch. Our Company's branch officials develop relationships with their target customer base, which enables them to capitalise on local knowledge. Our Company follows stringent credit policies, including limits on customer exposure, to ensure the asset quality of loans and the security provided for such loans. We have a dedicated team of employees at each branch (comprising full-time employees and outsourced personnel) who are responsible for: (i) loan origination, (ii) credit evaluation and verification of borrower information to ensure compliance with internal KYC policies, (iii) pre-lending field investigations where our officials personally visit prospective customers at their homes or offices, (iv) post-lending credit appraisal, (v) branch level receipting and cash management, and (vi) customer service and lead generation.

Our Company's loan disbursement and allied operational activities have been certified ISO 9001:2015. We implemented a quality management system for our Company's operations in 2019 and have since established processes and methodologies that adhere to international standards to achieve consistency in servicing its customers. We believe that our quality management system has helped our operations in achieving greater consistency in the activities, increasing efficiency, improving customer satisfaction and improving processes and systems.

Business Origination

As of December 31, 2022, our Company's customer base comprised 22.70 lakh active customers. Our Company's customers are predominantly small entrepreneurs and self-employed individuals in rural and semi-urban areas. Depending on the nature of the financing granted, our Company secures each of the loans extended against existing and/ or target property, commercial property and other business assets.

Vehicle Finance

Our Vehicle Finance segment has a dedicated team for business origination which pertains to sourcing and identifying customers eligible as prospective borrowers for the Company. All activities, including field investigation, personal discussion, original seen and verification of 'know your customer' documents (as per RBI approved KYC norms), collection of all relevant documents and a due diligence of the borrowers to evaluate the credit worthiness of the borrower is undertaken by sales executives. All documents are then verified by the credit and operations department of our Company.

Loan Against Property

For the Loan Against Property segment, customers are sourced through a combination of in-house sales teams and through DSAs. In addition, digital channel lead sourcing has been created to generate organic online leads. Leads generated through these digital channels are assigned to in-house sales team for further processing.

Home Loans

Similar to the Loan Against Property segment, the sales and marketing, credit underwriting and receivables management functions of the home loan finance segment are carried out in-house. The sales and marketing team also source customers through a combination of in-house sales functions, DSAs, online lead aggregators and other referral agents.

New Businesses

Sales and credit managers carry out personal discussions with customers as part of the credit appraisal process. For our SME loans, sourcing is primarily carried out through internal sales managers and in case of machinery loans the sourcing will be through manufacturer tie-up and dealers. Further, we have entered in strategic partnership with certain leading fintech companies, through our consumer and small enterprises loans segment.

Internal Control Measures

We have implemented comprehensive internal control measures to ensure process quality and standard operating procedures for all operations. We have prepared risk registers for all processes, identifying all potential risks including potential mitigants, controls and risk triggers. Our in-house and independent internal control process teams carry out audit checks of critical processes and all key operational processes are centralised at our head office for better control.

Operations across Segments

Vehicle Finance: We have a well-developed structure to handle our Vehicle Finance segment. The key functions within Vehicle Finance segment are as follows:

- Sales;
- Credit underwriting; and
- Receivables management

The sales and marketing, credit underwriting and receivables management functions of the Vehicle Finance segment are a combination of in-house and outsourced personnel. This allows us to maintain complete control over the quality of business being sourced and timely and relevant enforcement and recovery action in the event of defaults. The functions at the branch level are led by a branch manager, branch credit manager and branch receivables manager. These are managed at the national level by national managers for sales, credit and collections.

Loan Against Property: The sales and marketing, credit underwriting and receivables management functions of the Loan Against Property segment are carried out in-house. We have created a digital channel lead sourcing mechanism to generate organic online leads. Leads generated through these digital channels are assigned to in-house sales team for further processing. The Loans Against Property segment involves an engagement approach through visits by personnel to prospective customers at their homes or offices for origination and servicing of such loans. Similar to the Vehicle Finance business, the functions at the branch level are led by a branch manager, branch credit manager and branch collections manager. These functions are managed at the national level by national managers for sales, credit and collections.

Home Loans: Similar to the Loans Against Property and Vehicle Finance segments, our Company's functions at the branch level are led by a branch manager, branch credit manager and branch collections manager. These functions are managed at the national level by national managers for sales, credit and collections. We also have national managers for technical and legal scrutiny under the national credit manager and have developed a fully digital on-boarding system for our home loans business where all KYC documents are verified online instantly, bureau checks are completed, bank statements are analysed and an in-principle sanction is provided to the customers. Regular updates are provided to the customer through SMS.

New Businesses – SME: Credit managers conduct personal visits and evaluate the credit requirements of customers. Functions at the branch level are led by a branch manager, branch credit manager and branch collections manager. These functions are managed at the national level by national managers for sales, credit and collections.

Additionally, In relation to our New Business, we have an internal control framework including clear delegation of authority and standard operating procedures are established and laid out across all businesses and functions. These are reviewed periodically at all levels. The risk and control matrices are reviewed on a quarterly basis and control measures are tested and documented.

Credit Philosophy

The credit philosophy followed by our Company is risk identification and measurement to ensure sanction of profitable loans for the organization with optimum productivity and desirable portfolio behavior.

Credit Appraisal and Disbursement

Credit Appraisal

The credit evaluation process commences once the proposed financing is submitted for appraisal. Our credit evaluation process follows the below matrix:

CAPACITY	————→	ABILITY TO REPAY □ As verified in personal discussions with customers, proof of asset creation and documentation submitted.
CAPITAL	————→	APPLICANT'S EQUITY □ LTV is an important evaluation criteria and the company also complies with the relevant regulatory norms
COLLATERAL	————→	ASSET BACK-UP □ A detailed assessment of the collateral is taken up through a field visit of the property by managers, technical and legal verification by professional agents, vetting of technical and legal reports by managers
CONDITIONS	————→	Terms of the loan are determined.
CHARACTER	————→	INTENTION/ TRUSTWORTHINESS □ KYC documents, bank statements and bureau reports are duly verified to assess credit worthiness of customers.

There are various credit tools to assist the credit evaluation process, such as field investigation reports, inquiry “deduplication” (which involves the removal of “duplicate” credit inquiries of a borrower in determining creditworthiness), CIBIL, credit reference checks, personal discussion, technical and legal verification, financier interaction and market visits.

Our credit assessment criteria follows a process focusing on: (i) quality portfolio; (ii) consistency in credit appraisal; (iii) innovation and improvisation; (iv) productivity; and (v) profitability.

We aim to identify and measure risk to ensure loans are sanctioned with optimum productivity and desirable portfolio behaviour. The primary responsibility of the credit team is to analyze risks and to make credit decisions that will result in granting low-risk, profitable loans in which the principal and interest is estimated to be repaid in a timely fashion. Our credit managers analyze the borrower's ability and willingness to repay.

Loan Approval and Documentation – The branch credit manager approves proposals received from the credit officer. In evaluating the customer, apart from the ability to repay (which is the main criteria), the branch credit manager will take into consideration other factors such as permanency of residence, past repayment record, income from other sources, entrepreneurial attitude, physical verification of the asset, if any, to be purchased and operational viability of the proposed business, if applicable. Upon approval, borrowers will enter into our Company's standard financing agreement. A charge is created on the property to ensure that the company's interests are safeguarded. Original property documents are scrutinized and placed under a high security safe vault.

The funds are advanced after this process of evaluation and upon providing the necessary documentation. Our objective is to ensure appraisal and disbursement within the shortest possible time, without compromising on credit quality.

Valuation

There is an inspection and valuation of the asset to be funded and valuation is on the basis of the quality and condition of the asset. We have empaneled valuers after conducting due diligence on such valuers. We maintain an internal grid value for all vehicle models which is revised periodically. The asset cost considered for determining the loan amount to the borrower is the lower of the valuation (market cost) or grid value as determined.

We have adopted a scientific model for determining Loan to Value (LTV) for every loan granted. In addition to the traditional model for disbursing a loan on the basis of pre-determined matrix, we rely on mathematical modelling to assist with all loans being sanctioned.

Credit Underwriting

The credit worthiness is measured by the capacity, capability, commitment and intention of the customer to repay. The credit underwriting process is decentralized at all the branches, with approvals happening as per the authority limit of the credit manager/ underwriter. Beyond their respective credit limits, the loan proposal is referred to the respective regional credit heads, who further report to the national credit manager.

Vehicle Finance: Credit underwriting is rendered through credit scoring mechanism which is a predictive model to quantify the likelihood of default of a new credit applicant using certain key trends identified.

Loan Against Property: The credit decision of every loan proposal within the Loan Against Property segment is determined through an assessment of the applicant's credit worthiness. In addition to the credit assessment of the borrower, the loan proposal requires legal evaluations of the collateral property. Legal evaluation includes review of the title documents of the collateral to ensure a clear and marketable title for the collateral. At the time of loan disbursement, the credit manager checks and collects the entire set of original documents, along with the root and supporting documents/ certificates of the collateral, as instructed by the advocate as part of a legal opinion. The technical evaluation of the collateral includes estimation of current market value of the property, determining deviations in the construction of the property from the local rules, details of the approach to the property, demolition risk or encroachment risk and validation of the approval authority. We undertake two technical evaluations and select the lower of these evaluations. The credit manager will match the details of the valuation report with legal report before the disbursement of the loan.

Home Loans: The process of evaluating a customer's ability to repay is similar to that in Vehicle Finance segment. We place emphasis on the quality of the collateral. Disbursement powers vary with each financial product. Further, business heads and the managing director are authorised to delegate loan disbursement powers to the operating managers at the branch level. The business follows clearly defined procedures for evaluating the creditworthiness of customers.

Approval

Credit managers are empowered to sanction loans within the limits prescribed, depending upon the experience, maturity and knowledge levels of each credit manager. Delegated limits are based on the specific experience of each credit manager, as opposed to their position of employment. Regular training and testing is conducted for the credit managers and other personnel. Delegated authority will be granted for management at various levels, e.g. branch, area, regional, zonal and national level. We have a well-defined authority matrix in place for delegating authority to credit managers, which includes components such as transaction value, customer/ group exposure limits and permitted exceptions and deviations to norms or policies. Further, there is a parameterized credit scoring model to ensure that credit decisions are objective. There are credit control managers at our head office to lend support to branches for reports and data pertaining to portfolio behaviour, trends and analysis and service issues.

Loan Administration and Monitoring

Receivables management is a strong focus area for the company. Collections are made on the basis of well-defined processes and policies. The businesses have an in-house collection team for making recoveries from the customer.

Once the disbursement of a loan amount has occurred, the executed financing agreements are logged in our Company's books of account. A unique contract number and a customer account is assigned to each customer, through which the loan transaction is monitored until the successful completion of the contract.

We provide our customers five payment options – (i) cash; (ii) cheque; (iii) electronic clearing service mandate; (iv) demand drafts; and (v) digital payments. Digital payments include UPI, net banking and debit cards. Repayments are mostly made in monthly, quarterly or semi-annual instalments based on customer requirements. Loans disbursed are recovered from the customer in accordance with the loan terms and conditions agreed with the customer (based on standard documentation). We track loan repayment schedules of our customers on a monthly basis, based on the outstanding tenor of the loan, the number of instalments due and any default committed.

Our Company's management information service department and centralised operating team monitor compliance with the terms and conditions of credit facilities.

Defaults

Any loan default by a customer will be notified to them and the necessary action will be taken by our central team. In case of any default, we notify the customer and demand payment of outstanding amounts. In the event of subsequent non-payment by the customer, criminal and/ or civil legal action may be initiated. We also engage debt recovery agencies to recover debts and/ or seize secured assets. In the case of delayed payments, we also charge additional interest over and above the interest rate charged for the loan.

Collection and Recovery

Vehicle Finance: Our loan recovery process, post default, is primarily through cash payments, cheques and digital/ electronic modes. Our collection operation is administered in-house and also through external collection agencies. Upon occurrence of a default, the reasons for the default are identified by local collection managers and appropriate action is then initiated. Based on the severity of the breach and the borrower's current position, as well as recommendations from the collections team, appropriate legal action may be initiated, including the recovery of secured assets.

Any vehicles which has been repossessed as a result of legal action following non-payment of a loan will be held at a designated secured facility for eventual sale. Any customer whose asset has been repossessed will be notified as to the outstanding loan amount to be paid within a specified period, failing which the asset may be disposed of through auction. In the event that there is a shortfall in the recovery of the outstanding amount from the sale of the asset, further legal proceedings against the customer may be initiated.

Loan Against Property: The default of EMIs in the Loan Against Property segment is handled by a three-stage process.

The field collection team managed by branch collection manager/ area collection manager handles the direct follow up with default customers for the payment of overdue amount. The money collected by this team is receipted through handheld devices provided to field executives. The collected amount in this case will directly be credited to the customer's statement.

The branch legal team assists the front-end collection efforts, in cases where the field collections team is not able to collect the EMIs directly. In such cases, legal action or arbitration proceedings are initiated towards recovering the overdues from customers by the branch legal team.

The central legal team at the head office supports the collection efforts, above and beyond the efforts of the field collection team and the branch legal team. MIS personnel at the central team provide the branch teams with critical information on data and documentation required for field collection efforts and legal action.

The repossession of the property by Loan Against Property business is effected through two legislations, namely, Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 and the Arbitration and Conciliation Act, 1996, each as amended.

New Businesses: Similar to Vehicle Finance and Loan Against Property segments, the recovery process is primarily through post-dated cheques and digital/ electronic modes. At locations where electronic clearing services are not available, post-dated cheques are stored at our head office and deposited on the required due date. Our collection operation is administered primarily in-house. Upon occurrence of a default, the reasons for the default are identified by local collection managers and appropriate action is then initiated. Based on the severity of the breach and the borrower's current position, as well as recommendations from the collections team, appropriate legal action may be initiated, including the recovery of secured assets.

The legal action is typically initiated by issuing a demand notice to customers. Once the account is non-performing and after the stipulated period from issuing the demand notice the arbitration process is initiated. The arbitration process culminates in the issuance of an award by the arbitrator. After the stipulated cooling period an execution petition is filed in the relevant court.

The due process is followed which culminates in receiving an order to attach immovable property. Subsequently, the court authorizes a proclamation of sale and the property is auctioned to recover the amount. In some cases, criminal action may be initiated. Through the entire period, we also make efforts to arrive at an out of court settlement to expedite the recovery. In the event that there is a shortfall in the recovery of the outstanding amount from the sale of the asset, further legal proceedings against the customer may be initiated.

In addition, for our SME loans we also initiate proceedings under the Insolvency and Bankruptcy Code, 2016.

Marketing and Customer Service Initiatives

As part of our customer service initiatives, we maintain a toll-free number and provide SMS facilities to easily address and, if required, resolve customer queries. We have launched various publicity campaigns through print, static branding activity and direct customer contact to increase visibility for the commercial vehicle finance segment in our priority markets, specifically targeting our customer's profile (being FTUs and SRTOs) and to enhance our brand identity. We have also developed a digital platform for used commercial vehicle finance dealers and customers to purchase and sell used commercial vehicles.

Treasury Operations

Our treasury operations are centralised and mainly focused on meeting our funding requirements and managing short-term surpluses. Our funding requirements are sourced through loans and by issuing debentures to banks, financial institutions and mutual funds. We also place commercial paper and raise unsecured debentures by way of subordinated debt and perpetual debt instrument which form part of our Tier I and Tier II capital. We believe that through our treasury operations, we are able to maintain our ability to repay borrowings as they mature and obtain new loans at competitive rates. We also undertake transactions for securitisation and assignment of receivables from time to time.

Our treasury department undertakes liquidity management by seeking to maintain an optimum level of liquidity and by complying with the RBI's requirements for asset and liability management. The objective is to ensure the smooth functioning of our business and at the same time avoid holding excessive cash. Our treasury maintains a balance between interest-earning liquid assets and cash in order to optimise earnings.

We actively manage our cash and funds flow using various cash management services provided by banks. As part of our treasury activities, we also invest surplus funds in fixed deposits with banks and liquid debt-based mutual funds. Investments are made in accordance with our internally approved investment policy.

Risk Management

Risk management forms an integral part of our business. We continue to improve our policies and implement them rigorously for the efficient functioning of our business. As a lending institution, we are exposed to various risks that are related to our lending business and operating environment. Our objective in our risk management processes is to measure and monitor the various risks that we are subject to and to follow policies and procedures to address these risks. We do so through our risk management architecture, which includes a team, headed by our Chief Risk Officer who identifies, assesses and monitors all of our principal risks. The major types of risk we face in our businesses are credit risk, interest rate risk, operational risk, liquidity risk, cash management risk, asset risk and foreign exchange risk.

Interest Rate Risk

Our results of operations are dependent upon the level of our Net Income Margins. Since our balance sheet consists of rupee assets and predominantly rupee liabilities, movements in domestic interest rates constitute the primary source of interest rate risk. We assess and manage the interest rate risk on our balance sheet through the process of ALM. We borrow funds at fixed and floating rates of interest, while we extends credit at fixed rates for vehicle finance and floating rates for home equity and corporate finance/ MSME loans. In the absence of proper planning and in a market where liquidity is limited, our Net Income Margins may decline, which may impact our revenues and ability to exploit business opportunities.

We have developed stable long-term relationships with our lenders and have established a track-record of timely servicing of our debts. We believe that this has enabled us to become a preferred customer with major banks and financial institutions with whom we do business. Significantly, the majority of our vehicle finance loans are classified as "priority sector" assets by the RBI, such that these loans, when securitized, find a ready market with various financial institutions, including our lenders.

Liquidity Risk

Liquidity risk arises due to non-availability of adequate funds or non-availability of adequate funds at an appropriate cost, or of appropriate tenor, to meet our business requirements. This risk is minimised through a range of strategies, including securitization and bilateral assignment.

We monitor liquidity risk through its ALM function with the help of liquidity gap reports. This involves the categorisation of assets and liabilities into different maturity profiles, and evaluating these items for any mismatches in any particular maturities, especially in the short-term. Our financial risk management policy has successfully identified various mismatches in line with the guidelines of the RBI and its internal asset-liability committee.

To address liquidity risk, we have developed expertise in mobilising long-term and short-term funds at competitive interest rates, according to its particular requirements. For example, in our Vehicle Financing segment, we structure indebtedness to adequately cover the average three-year tenor of loans we extend. As a matter of practice, we generally do not deploy funds raised from short-term borrowing for long-term lending.

We have been maintaining additional liquidity to cover at least two months of total requirements as a buffer. This is intended to ensure that we are not left with situations wherein we are unable to draw committed lines due to unexpected market events.

Market Risk

Market risk is the possibility of loss arising from changes in the value of a financial instrument as a result of changes in market variables such as interest rates, exchange rates and other asset prices. Our Company's exposure to market risk is a function of asset liability management and interest rate sensitivity assessment. The Asset Liability Management Committee ("ALCO") reviews market-related trends and risks and adopts various strategies related to assets and liabilities, in line with the Company's risk management framework. The ALCO's activities are in turn monitored and reviewed by a board sub-committee.

Credit Risk

Credit risk is the risk of loss that may occur from the default by our customers under their facility documentation. Borrower defaults and inadequate collateral may lead to higher gross NPAs/ Stage III Assets. Our geographically widespread operations enable us to maintain regular direct contact with our customers. We assign responsibility to each member of the collection team for the timely recovery of the loans they have been allocated while continuously monitoring their performance against our standards.

In order to mitigate credit risk, we undertake the following measures:

- Policies and procedures are decided jointly by sales and credit and collections teams to ensure a balance between business and risk. Customer onboarding processes are designed to ensure adequate credit checks from income documents and credit bureaus. In addition, businesses have application scorecards that are used to determine eligibility. Underwriting teams are empowered after due training on policies and norms before being given credit decision authority.
- Portfolio performance against these policies is reviewed quarterly by the Risk team and inputs for changes are advised to the business teams. The risk team monitors performance against trending expected loss based on past behaviour.
- The monitoring of loans commences on loan initiation, starting with the identification of early default triggers; and
- The introduction of any new policies or schemes always takes into consideration the potential delinquency impact on outstanding loans and expected credit loss triggers.

Cash Management Risk

Our branches collect and deposit a large amount of cash through a high volume of transactions. Lack of proper cash management practices could lead to losses. To address cash management risks, we have developed advanced cash management checks at every level to track and reconcile accounts. Moreover, we conduct regular audits to ensure compliance with respect to our cash management systems.

Operational Risk

Operational risks are risks arising from inadequate or failed internal processes, people and systems or from external events. As one of the features of our lending operations, we offer a speedy loan approval process and therefore have adopted de-centralized loan approval systems. In order to control our operational risks, we have adopted clearly defined loan approval processes and procedures. We also attempt to mitigate operational risk by maintaining a comprehensive system of internal controls, establishing systems and procedures to monitor transactions, maintaining key back-up procedures and undertaking contingency planning. In addition, we conduct internal audits at our head office to assess adequacy of and compliance with our internal controls, procedures and processes thereby supplementing the efforts of our in-house internal audit teams. Reports of the internal auditors as well as the action taken on the matters reported upon are discussed and reviewed at the Audit Committee meetings.

Asset Risk

Asset risks arise due to decrease in the value of collateral over time. The selling price of a re-possessed asset may be less than the total amount of loan and interest outstanding in such borrowing and we may be unable to realize the full amount advanced to our customers due to such a decrease in the value of collateral. We may also face certain practical and execution difficulties during the process of seizing collateral. We engage experienced repossession agents to repossess assets of defaulting customers. We ensure that these repossession agents follow legal procedures and take appropriate care in dealing with customers for seizing assets.

Foreign Exchange Risk

We have limited exposure to foreign exchange risk, since our disbursements are in Indian Rupees and also borrowings are primarily in the nature of domestic Rupee debt. Wherever limited foreign exchange exposure exists, we have entered into appropriate currency hedging to adequately cover up the foreign exchange risk. As of December 31, 2022, our Company had an outstanding foreign currency loan of US\$ 348.54 million (equivalent to ₹2,628.21 crores). This loan has been hedged to INR liability using a cross currency swap and floating interest thereon in LIBOR plus rate has also been swapped for fixed rate in Indian rupee. We did not have any un-hedged foreign currency exposure as on December 31, 2022.

Centralized Management and Technology

Technology plays a pivotal role in enabling all businesses and functions to deliver high quality services to all our customers. We have transformed from being a predominantly manual and centralised data processing centre to implementing a system where real time data is captured at source and its processing and control is allocated to central servers. Our current applications can be classified into core business solutions, finance applications, human resource solutions and enterprise communication solutions.

We control our information technology systems from our head office in Chennai, allowing senior management to receive operational data on a timely basis. Our production servers also allow us to conduct a daily automated backup. We currently have the technology and facilities in place to back up our systems and have established disaster recovery procedures.

Our Company's Digital Initiatives

Chola Application

The Chola Application (the “**Chola App**”) provides a digital platform for our customers which includes a range of functions for customers to gain access to various services.

Certain features of the Chola App include:

- 24/7 access to services;
- Instant access to loan accounts across any product area;
- Online payment services;
- Downloadable interest certificates and repayment schedules;
- Direct upload of KYC documentation;
- Downloadable account statements and loan summaries; and
- Direct access to customer service.

Gaadibazaar.in

Gaadibazaar.in is online vehicle finance portal which provides an online marketplace for the sale and purchase of used commercial vehicles. The portal is targeted at brokers/ dealers, transporters, drivers, and individual purchasers. The portal connects vehicle dealers to prospective purchasers online, thus increasing transparency and the opportunity for trade. Users of the portal interact through registered contact details and can submit offers for vehicles directly through the application. All registered buyers also gain access to the vehicle auction function on the portal, where sellers can offer vehicles to the market through an auction process.

Payswiff

Our subsidiary Payswiff Technologies Private Limited is engaged in the business of enabling online payment gateway services for e-commerce businesses and provides e-commerce solutions.

Insurance

We believe that we maintain all material insurance policies that are customary for companies operating in similar businesses. These include fidelity guarantee policies that cover all our employees, a money insurance policy in respect of cash-in-safe and in-transit. In addition, our directors are insured under a directors' and officers' liability insurance policy. We also maintain insurance coverage against losses occasioned by fire, burglary for the premises and equipment/ machinery in our offices, as well as public liability insurance.

Employees

As of December 31, 2022, we had 13,277 full-time employees. We also have a fully functional human resource management system – PeopleStrong that enables automation of key HR workflows. We adhere to a policy of nurturing dedicated talent by conducting regular training programs. We provide training to our employees to ensure career development and also to ensure quality service to customers. These trainings are conducted on joining as part of employee initiation and include additional on-the-job trainings. We also conduct on-going objective trainings to address specific short-comings of the employees.

We also offer our employees with customised functional training programs. We have an online learning platform with courses/ programmes that our employees undertake to obtain mandatory certifications on compliance, information security and related areas. We also have customised programs that are focused on building leadership attributes in first line leaders and middle management. We conduct quarterly programs for territory and regional heads.

In addition to our on-roll workforce, we also engage outsourced employees for our sales, collection efforts and back office functions.

Competition

We face competition from other NBFCs, MFIs and HFCs as well as banks and particularly small finance banks. In addition to these, we also face competition from unorganized small market participants who are prevalent in semi-urban and rural landscapes, local money lenders in rural areas, co-operative/ regional rural banks and small finance banks which are also focused on lending to low and middle income segments and micro, small and medium enterprises. Also see *“Risk Factors – Our inability to compete effectively in an increasingly competitive industry may adversely affect our Net Income Margins and market share.”* on page 16.

Environmental, Social & Governance (ESG)

ESG framework is an important component of our operations. We have been rated 'strong' in May, 2022 by CRISIL for our ESG initiatives.

Corporate Social Responsibility

The CSR committee comprises of Vellayan Subbiah as the Chairman, Bhama Krishnamurthy and M A M Arunachalam as its members. The CSR activities we undertake are in accordance with a CSR policy adopted by the CSR Committee. Our CSR activities are currently focused on: (i) water sanitation and hygiene, providing safe drinking water to communities living in areas which have higher levels of fluoride, contamination; (ii) supporting education trusts that provide quality education to economically backward sections of the society; and (iii) health evaluating and improving the health of the trucking community through regular health and eye camps at transport *nagars*.

Some of our notable CSR programs include:

Raahi Drishti Kendra

In Fiscal 2018, we started vision centres in seven states and in Fiscal 2022, we organized eye camps across 10 states. We aim to transform these vision centres as a hub for undertaking holistic health development initiatives for the truck driver community.

We provide health check-up facilities including eye, oral/dental check-up, overall well-being for direct dependents of truck drivers, distribute spectacles to drivers and cleaners, facilitate entitlement linkage support and knowledge/ information about government schemes and programs and create and update the online trucker community database.

Clean Drinking Water at Affordable Cost

We have taken steps to help village communities across multiple locations across India in gaining access to purified drinking water at affordable cost. In areas where we have launched this initiative, people have gained access to water at a relatively affordable rate. An impact assessment study done post the completion of this project, recorded significant improvement in many of the health indices attributable to 24 hour access to clean drinking water.

Divine mother and child programme

We have initiated this programme for strengthening maternal health has been initiated for improving accessibility and building capacities for quality maternal health care. The programme envisages and endeavours to provide consultation, comprehensive screening, detection and intervention for pregnant women and their children. This programme is not only done at the premises of partner's selected hospital facility but also as a mobile service provider by visiting the places of the patients/ beneficiaries which are predominantly located in peri-urban areas (ones of transition from rural to urban land uses located between the outer limits of urban and regional centres and the rural environment) economically poorer localities.

Healing Little Hearts

We have taken steps to provide for free heart surgeries for children suffering from Congenital Heart Disease. As on December 31, 2022 we have supported surgeries of 39 children suffering from congenital heart disease.

My Dream Scholarship Programme

The 'My Dream Scholarship' programme piloted in Tamil Nadu provides 100% scholarships to pay the education fee of children of commercial vehicle crew members in furthering their advanced education. As of December 31, 2022, 235 students have benefited from this programme.

In Fiscal 2020, 2021 and 2022 we spent ₹ 28.88 crores, ₹ 32.07 crores and ₹ 36.44 crores towards expenditure for corporate social responsibility.

Awards and Recognition

We have received several awards over the years, including:

SECTION VI: ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

Authority for this Issue

At the meeting of the Board of Directors of our Company held on January 31, 2023, the Board of Directors approved the issuance of NCDs of the face value ₹ 1,000 each, for an amount up to ₹ 5,000 crores in one or more tranches. Further, the present borrowing is within the borrowing limits of ₹110,000 crores under Section 180(1)(c) of the Companies Act, 2013 duly approved by the members of our Company vide their resolution passed at the AGM held on July 29, 2022. The NCDs pursuant to this Issue will be issued on terms and conditions as set out in the Shelf Prospectus and the relevant Tranche Prospectus for each Tranche Issue.

Principal terms and conditions of this Issue

The NCDs being offered as part of this Issue are subject to the provisions of the SEBI NCS Regulations, the relevant provisions of the Companies Act, 2013, our Memorandum and Articles of Association, the terms of this Draft Shelf Prospectus, the Shelf Prospectus, the relevant Tranche Prospectus the Application Forms, the Abridged Prospectus, the terms and conditions of the Debenture Trustee Agreement and the Debenture Trust Deed, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI, the Government of India, the Stock Exchanges, RBI and/or any other statutory or regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the NCDs.

Ranking of the NCDs

The NCDs would constitute secured and senior obligations of our Company and subject to any obligations under applicable statutory and/or regulatory requirements, shall be secured by way of an exclusive charge by way of hypothecation of Charged Receivables of the Company, created in favour of the Debenture Trustee, as specifically set out in and fully described in the Debenture Trust Deed, such that a security cover at least of 100% of the outstanding principal amounts and interest thereon is maintained at all times until the Maturity Date. The NCDs proposed to be issued under this Issue and all earlier issues of debentures, bond issuances and loans outstanding in the books of our Company having corresponding assets as security, shall rank *pari passu* without preference of one over the other except that priority for payment shall be as per applicable date of redemption / repayment. We have received necessary consent from the relevant lenders, debenture trustees and security trustees for creating an exclusive charge in favour of the Debenture Trustee in relation to the NCDs.

In terms of SEBI Circular no. SEBI/HO/MIRSD/CRADT/CIR/P/2020/218 dated November 3, 2020, our Company is required to obtain permissions or consents from or provide intimations to the prior creditors for proceeding with this Issue, if *pari passu* security is sought to be created. However, exclusive charge by way of hypothecation of Charged Receivables of the Company is being provided as security for this Issue and these assets have no prior charge by any creditor of our Company.

Security

The principal amount of the NCDs to be issued in terms of this Draft Shelf Prospectus together with all interest due and payable on the NCDs, subject to any obligations under applicable statutory and/or regulatory requirements shall be secured by way of an exclusive charge by way of hypothecation of Charged Receivables of the Company, with security cover of 100% on the outstanding principal amounts and interest thereon the interest due thereon issued pursuant to the Issue, created in favour of the Debenture Trustee, as specifically set out in and fully described in the Debenture Trust Deed. The security is estimated to be created prior to the listing of the NCDs with the stock exchanges.

Further, NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and RoC or Central Registry of Securitisation Asset Reconstruction and Security Interest (“**CERSAI**”) or Depository etc., as applicable, or is independently verifiable by the Debenture Trustee

Pursuant to the SEBI Circular no. SEBI/HO/MIRSD/CRADT/CIR/P/2020/218 dated November 3, 2020, our Company has entered into the Debenture Trustee Agreement with the Debenture Trustee and proposes to complete the execution of the Debenture Trust Deed before making the application for listing of the NCDs for the benefit of the NCD Holders, the terms of which shall govern the appointment of the Debenture Trustee and the issue of the NCDs.

Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the NCD Holders, the principal amount on the NCDs on the relevant redemption date and also that it will pay the interest due on NCDs on the rate specified in the relevant Tranche Prospectus for each Tranche Issue and in the Debenture Trust Deed.

The Debenture Trust Deed will also provide that our Company may withdraw any portion of the security and replace with another asset of the same or higher value ensuring the minimum security cover is maintained till the Maturity Date of the NCDs.

Without prejudice to the aforesaid, in the event our Company fails to execute the Debenture Trust Deed within the period specified in Regulation 18 of the SEBI NCS Regulations or such other time frame as may be stipulated from time-to-time, our Company shall also pay interest of at least 2% (two per cent) per annum to the NCD holders, over and above the interest rate

on the NCDs specified in the relevant Tranche Prospectus for each Tranche Issue, till the execution of the Debenture Trust Deed and in accordance with the applicable laws.

Debenture Redemption Reserve

In accordance with the recent amendments to the Companies Act, 2013, and the Companies (Share Capital and Debentures) Rules 2014, read with Rule 16 of the SEBI NCS Regulations, any non-banking finance company registered with Reserve Bank of India under section 45- IA of the RBI Act, 1934 (“NBFCs”) that intends to issue debentures to the public are no longer required to create a DRR for the purpose of redemption of debentures. The Government, in the union budget for the Financial Year 2019-2020 had announced that NBFCs raising funds in public issues would be exempt from the requirement of creating a DRR.

Pursuant to the amendment to the Companies (Share Capital and Debentures) Rules, 2014, notified on August 16, 2019, and as on the date of filing this Draft Shelf Prospectus, our Company is not required to create DRR for the purpose of redemption of the NCDs. Accordingly, no debenture redemption reserve shall be created by our Company for the purpose of redemption of the NCDs or in connection with the Issue. The Company shall, as per the Companies (Share Capital and Debentures) Rules 2014 and other laws applicable from time to time, invest or deposit, as the case may be, the applicable amounts, within the specified timelines, in respect of debentures maturing during the year ending on the 31st day of March of the next year, in any one or more methods of investments or deposits stipulated under the applicable law. Provided that the amount remaining invested or deposited, as the case may be, shall not at any time fall below the specified percentage, which is presently stipulated at 15% (fifteen percent) of the amount of the debentures maturing during the year ending on March 31 of the next year, in any of the following instruments or such other instruments as may be permitted under the applicable laws.

1. in deposits with any scheduled bank, free from any charge or lien;
2. in unencumbered securities of the Central Government or any State Government;
3. in unencumbered securities mentioned in sub-clause (a) to (d) and (ee) of section 20 of the Indian Trusts Act, 1882;
4. in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882;

Provided further that the amount invested or deposited as above shall not be used for any purpose other than for redemption of debentures maturing during the year referred above.

Face Value

The face value of each of the NCDs shall be ₹ 1,000.

NCD Holder not a shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder, the SEBI LODR Regulations and any other applicable law.

Rights of the NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

Nomination facility to NCD Holders

In accordance with Section 72 of the Companies Act, 2013 (read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, the sole NCD Holder or first NCD Holder, along with other joint NCD Holders (being individual(s) may nominate any one person (being an individual) who, in the event of death of the sole holder or all the joint-holders, as the case may be, shall become entitled to the NCDs. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate any person as nominee. A person, being a nominee, becoming entitled to the NCDs by reason of the death of the NCD Holder(s), shall be entitled to the same rights to which he would be entitled if he were the registered holder of the NCD. Where the nominee is a minor, the NCD Holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to the NCDs, in the event of his death, during the minority. A nomination shall stand rescinded upon sale/transfer/alienation of the NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. When the NCDs are held by two or more persons, the nominee shall become entitled to receive the amount only on the demise of all such NCD Holders. Fresh nominations can be made only in the prescribed form available on request at our Registered/ Corporate Office, at such other addresses as may be notified by us, or at the office of the Registrar to the Issue or the transfer agent.

NCD Holders are advised to provide the specimen signature of the nominee to enable us to expedite the transmission of the NCDs to the nominee in the event of demise of the NCD Holders. The signature can be provided in the Application Form or subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with the Section 72 read with the Companies (Share Capital and Debentures) Rules, 2014, any person who becomes a nominee by virtue of the above said Section, shall upon the production of such evidence as may be required by our Board, elect either:

- (a) To register himself or herself as the holder of the NCDs; or
- (b) To make such transfer of the NCDs, as the deceased holder could have done.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, our Board may thereafter withhold payment of all interests or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the Secured NCD Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

Since the allotment of Secured NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of the Companies Act, 2013. The NCDs held in dematerialized form shall be transferred subject to and in accordance with the rules/procedures as prescribed

by the Depositories and the relevant DPs of the transferor or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar. The seller should give delivery instructions containing details of the buyer's DP account to his depository participant.

For further details, see "*Issue Structure*" beginning on page 255, for the implications on the interest applicable to NCDs held by individual NCD Holders on the Record Date and NCDs held by non-individual NCD Holders on the Record Date.

NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition. Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialized form only. The procedure for transmission of securities has been further simplified vide the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2022 Gazette Notification no. SEBI/LAD-NRO/GN/2022/80 dated April 25th, 2022.

Title

In case of:

- NCDs held in the dematerialised form, the person for the time being appearing in the register of beneficial owners maintained by the Depositories; and
- the NCDs held in physical form pursuant to rematerialization, the person for the time being appearing in the register of NCD Holders shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person, as the holder thereof and its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the consolidated NCD certificates issued in respect of the NCDs and no person will be liable for so treating the NCD holder.

No transfer of title of an NCD will be valid unless and until entered on the register of NCD holders or the register of beneficial owners maintained by the Depositories prior to the Record Date. In the absence of transfer being registered, interest and/or maturity amount, as the case may be, will be paid to the person, whose name appears first in the register of the NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company and the relevant provisions of the Companies Act, 2013, shall apply, *mutatis mutandis* (to the extent applicable) to the NCD(s) as well.

Succession

Where NCDs are held in joint names and one of the joint NCD Holder dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the NCDs. In the event of demise of the sole or first holder of the NCDs, our Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the NCDs only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. Our Board of Directors or any other person authorised by our Board of Directors in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation. In case of death of NCD Holders who are holding NCDs in dematerialised form, third person is not required to approach our Company to register his name as successor of the deceased NCD Holder. The successor of the deceased NCD Holder shall approach the respective Depository Participant for this purpose and submit necessary documents as required by the Depository Participant.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the legacy cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint-holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles of Association.

Procedure for re-materialisation of NCDs

NCD Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. Holders of NCDs who propose to rematerialise their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to the Company and the DP. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs allotted pursuant to this Issue. Pursuant to the SEBI LODR IV Amendment, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred except by way of transmission or transposition, from December 4, 2018. However, any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, there may be some Applications which are not uploaded due to lack of sufficient time to upload. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Application Forms will only be accepted on Working Days during the Issue Period. Neither our Company, nor the Lead Managers or Trading Members of the Stock Exchanges are liable for any failure in uploading the Applications due to failure in any software/ hardware systems or otherwise. Please note that the Basis of Allotment under the Issue will be on the basis of date of upload of each application into the electronic book of the Stock Exchanges in accordance with the SEBI Operational Circular. However, in the event of oversubscription, on such date, the allotments would be made to the applicants on proportionate basis.

Taxation

Income tax is deductible at source on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act. However, no income tax is deductible under Section 193 of the IT Act in the case of residents where such debentures are in dematerialized form and are listed on a recognized stock exchange. Accordingly, tax will not be withheld by our Company from payment of interest on NCD held by a person resident in India. However, this exception in Section 193 of the IT Act is removed by way of an amendment in Finance Bill, 2023. This will be applicable with effect from April 1, 2023 and will accordingly apply to the assessment year 2024-2025 (Financial Year 2023-2024) and subsequent assessment years, upon the said Finance Bill, 2023 being approved and enacted into the IT Act. Consequent to that, tax will be deducted at source at 10% on the interest credit (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than 5,000 and interest is paid by way of account payee cheque), in accordance with applicable law and as amended from time to time.

In case of NCDs held in physical form, as per the current provisions of the IT Act, tax will not be deducted at source from interest payable on such NCDs held by the investor, if such interest does not exceed ₹ 5,000 in any Fiscal. If interest exceeds the prescribed limit of ₹ 5,000 on account of interest on the NCDs, then the tax will be deducted at applicable rate. However in case of NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all applicants (including companies and firms) by making

an application in the prescribed form i.e. Form No.13. The aforesaid documents, as may be applicable, should be submitted at the office of the Registrar to the Issue quoting the name of the sole/ first NCD Holder, NCD folio number and the distinctive number(s) of the NCD held, at least seven days prior to the Record Date to ensure non-deduction/lower deduction of tax at source from interest on the NCD. The investors need to submit Form 15H/ 15G/certificate in original with the Assessing Officer for each Fiscal during the currency of the NCD to ensure non-deduction or lower deduction of tax at source from interest on the NCD.

Tax exemption certificate/document, if any, must be lodged at the office of the Registrar to the Issue at least seven days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company's books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Draft Shelf Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Maturity and Redemption

As specified in the relevant Tranche Prospectus.

Put / Call Option

As specified in the relevant Tranche Prospectus.

Deemed Date of Allotment

The date on which our Board of Directors or the Debenture Committee approves the Allotment of the NCDs for the Issue. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs (as specified for each Tranche Issue by way of the relevant Tranche Prospectus) shall be available to the Debenture holders from the deemed date of allotment.

Application in the Issue

NCDs being issued through the relevant Tranche Prospectus can be applied for, through a valid Application Form filled in by the applicant along with attachments, as applicable. Further, Applications in this Issue shall be made through the ASBA facility only.

In terms of Regulation 7 of SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

However, in the terms of Section 8(1) of the Depositories Act, our Company at the request of the Investors who wish to hold the NCDs in physical form will rematerialise the NCDs. However, trading of the NCDs shall be compulsorily in dematerialised form only.

Application Size

Each Application should be for a minimum of 10 NCDs across all series collectively and in multiples of one NCD thereafter (for all series of NCDs taken individually or collectively), as specified in the relevant Tranche Prospectus.

Applicants can apply for any or all series of NCDs offered hereunder provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price per NCD, is blocked in the ASBA Account on application itself. In case of allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall unblock the excess amount paid on application to the applicant in accordance with the terms of the Shelf Prospectus and the relevant Tranche Prospectus.

Record Date

15 (fifteen) days prior to the interest payment date, and/or Redemption Date for NCDs issued under the relevant Tranche Prospectus. In case of redemption of NCDs, the trading in the NCDs shall remain suspended between the Record Date and the date of redemption. In case the Record Date falls on a day when the Stock Exchanges are having a trading holiday, the immediate subsequent trading day or a date notified by our Company to the Stock Exchanges, will be deemed as the Record Date.

Interest/Premium and Payment of Interest/ Premium

Interest/ Coupon on NCDs

As specified in the relevant Tranche Prospectus for each Tranche Issue.

Payment of Interest

Amount of interest payable shall be rounded off to the nearest Rupee. In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50 then the amount shall be rounded off to ₹ 1,838. If the date of payment of interest does not fall on a Working Day, then the interest payment will be made on succeeding Working Day, however the calculation for payment of interest will be only till the originally stipulated Interest Payment Date. The dates of the future interest payments would be as per the originally stipulated schedule. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Redemption Date (also being the last Interest Payment Date) does not fall on a Working Day, the payment will be made on the immediately preceding Working Day, along with coupon/interest on the NCDs until but excluding the date of such payment. The interest/redemption payments shall be made only on the days when the money market is functioning in Mumbai.

Basis of payment of Interest

The Tenor, Coupon Rate / Yield and Redemption Amount applicable for each Series of NCDs shall be determined at the time of Allotment of NCDs pursuant to the relevant Tranche Prospectus. NCDs once allotted under any particular Series of NCDs shall continue to bear the applicable Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of NCD Holder on any Record Date, and such tenor, coupon/ yield and redemption amount as at the time of original allotment will not be impacted by trading of any series of NCDs between the categories of persons or entities in the secondary market.

Mode of payment of Interest to NCD Holders

Payment of interest will be made (i) in case of NCDs in dematerialised form, the persons who, for the time being appear in the register of beneficial owners of the NCDs as per the Depositories, as on the Record Date and (ii) in case of NCDs in physical form on account of re-materialization, to the persons whose names appear in the register of debenture holders maintained by us (or to first holder in case of joint-holders) as on the Record Date.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the NCD Holders. In such cases, interest, on the interest payment date, would be directly credited to the account of those investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to effect payments to NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI.

Manner of Payment of Interest / Refund / Redemption*

The manner of payment of interest / refund / redemption in connection with the NCDs is set out below*:

The bank details will be obtained from the Depositories for payment of Interest / refund / redemption as the case may be. Applicants who are holding the NCDs in electronic form, are advised to immediately update their bank account details as appearing on the records of the depository participant. Neither the Lead Managers, nor our Company, nor the Registrar to the Issue shall have any responsibility and undertake any liability arising from such details not being up to date.

The Registrar to the Issue will issue requisite instructions to the relevant SCSBs to un-block amounts in the ASBA Accounts of the Applicants representing the amounts to unblocked for the Applicants.

**In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50 then the amount shall be rounded off to ₹ 1,838.*

The mode of interest / refund / redemption payments shall be undertaken in the following order of preference:

1. Direct Credit

Investors having their bank account with the Refund Bank, shall be eligible to receive refunds, if any, through direct credit. The refund amount, if any, would be credited directly to their bank account with the Refund Bank.

2. NACH

National Automated Clearing House which is a consolidated system of ECS. Payment would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (“MICR”) code wherever applicable from the depository. Payments through NACH are mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get payments through NEFT or Direct Credit or RTGS.

3. RTGS

Applicants having a bank account with a participating bank and whose interest payment/ refund/ redemption amounts exceed ₹ 200,000, or such amount as may be fixed by RBI from time to time, have the option to receive payments through RTGS. Such eligible Applicants who indicate their preference to receive interest payment/ refund/ redemption through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the Issue at least seven days prior to the Record Date. Charges, if any, levied by the Applicant’s bank receiving the credit would be borne by the Applicant. In the event the same is not provided, interest payment/ refund/ redemption shall be made through NACH subject to availability of complete bank account details for the same as stated above.

4. NEFT

Payment of interest/ refunds/ redemption shall be undertaken through NEFT wherever the Applicants’ banks have been assigned the Indian Financial System Code (“IFSC”), which can be linked to a MICR, if any, available to that particular bank branch. The IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine digit MICR number and their bank account number while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of interest/ refund/ redemption will be made to the applicants through this method.

5. Registered Post/Speed Post

For all other applicants, including those who have not updated their bank particulars with the MICR code, the interest payment / refund / redemption orders shall be dispatched through speed post/ registered post.

Please note that applicants are eligible to receive payments through the modes detailed in (1), (2) (3), and (4) herein above provided they provide necessary information for the above modes and where such payment facilities are allowed / available.

Please note that our Company shall not be responsible to the holder of NCDs, for any delay in receiving credit of interest / refund / redemption so long as our Company has initiated the process of such request in time.

6. The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

Printing of bank particulars on interest / redemption warrants

As a matter of precaution against possible fraudulent encashment of refund orders and interest/ redemption warrants due to loss or misplacement, the particulars of the Applicant’s bank account are mandatorily required to be given for printing on the orders/ warrants. In relation to NCDs applied and held in dematerialized form, these particulars would be taken directly from the Depositories. In case of NCDs held in physical form on account of rematerialisation, the NCD Holders are advised to submit their bank account details with our Company/ Registrar to the Issue at least seven days prior to the Record Date failing which the orders/ warrants will be dispatched to the postal address of the NCD Holders as available in the records of our Company either through speed post, registered post.

Bank account particulars will be printed on the orders/ warrants which can then be deposited only in the account specified.

Loan against NCDs

Pursuant to RBI Circular dated June 27, 2013, our Company, being an NBFC, is not permitted to extend any loans against the security of its NCDs.

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buy-back the NCDs, upon such terms and conditions as may be decided by our Company.

Our Company may from time to time invite the NCD Holders to offer the NCDs held by them through one or more buy-back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements. Such NCDs which are bought back may be extinguished, re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Form of allotment and Denomination of NCDs

In case of Secured NCDs held in physical form on account of rematerialisation, a single certificate will be issued to the Secured NCD Holder for the aggregate amount of the Secured NCDs held ("**Consolidated Certificate**"). The Applicant can also request for the issue of Secured NCD certificates in denomination of one NCD ("**Market Lot**"). In case of NCDs held under different Options, as specified in the Prospectus, by a Secured NCD Holder, separate Consolidated Certificates will be issued to the NCD Holder for the aggregate amount of the Secured NCDs held under each Option. It is however distinctly to be understood that the Secured NCDs pursuant to this issue shall be traded only in demat form.

In respect of Consolidated Certificates, we will, only upon receipt of a request from the Secured NCD Holder, split such Consolidated Certificates into smaller denominations subject to the minimum of Market Lot. No fees would be charged for splitting of Secured NCD certificates in Market Lots, but stamp duty payable, if any, would be borne by the Secured NCD Holder. The request for splitting should be accompanied by the original NCD certificate which would then be treated as cancelled by us.

As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchange shall be in dematerialized form only in multiples of 1 (one) NCD ("**Market Lot**"). Allotment in this Issue to all Allottees, will be in electronic form i.e., in dematerialised form and in multiples of one NCD. For details of allotment see "*Issue Procedure*" beginning on page 259.

Procedure for Redemption by NCD holders

The procedure for redemption is set out below:

NCDs held in physical form on account of rematerialisation

No action would ordinarily be required on the part of the NCD Holder at the time of redemption and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. However, our Company may require that the NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the NCD certificates) be surrendered for redemption on maturity and should be sent by the NCD Holders by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. NCD Holders may be requested to surrender the NCD certificates in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment. We may at our discretion redeem the Secured NCDs without the requirement of surrendering of the NCD certificates by the holder(s) thereof. In case we decide to do so, the holders of NCDs need not submit the NCD certificates to us and the redemption proceeds would be paid to those NCD holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of redemption of NCDs. In such case, the Secured NCD certificates would be deemed to have been cancelled. Also see the para "*Payment on Redemption*" given below.

Secured NCDs held in electronic form

No action is required on the part of Secured NCD holder(s) at the time of redemption of NCDs.

Payment on Redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of rematerialisation

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificates, duly discharged by the sole holder/ all the joint-holders (signed on the reverse of the NCD certificates). Dispatch of cheques/ pay orders, etc. in respect of such payment will be made on the redemption date or (if so requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. Hence the transferees, if any, should ensure lodgment of the transfer documents with us at least seven days prior to the Record Date. In case the transfer documents are not lodged with us at least 7 days prior to the Record Date and we dispatch the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties inter se and no claim or action shall lie against us or the Registrar to the Issue.

Our liability to NCD Holders towards their rights including for payment or otherwise shall stand extinguished from the redemption in all events and when we dispatch the redemption amounts to the NCD Holders.

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCDs.

NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque/ pay order/ electronic mode to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of NCD Holders.

Our liability to NCD Holders towards his/their rights including for payment/ redemption in all events shall end when we dispatch the redemption amounts to the NCD Holders.

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCDs.

Right to reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, where we have fully redeemed or repurchased any NCDs, we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or re-issue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or re-issuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Common form of transfer

Our Company undertakes that there shall be a common form of transfer for the NCDs, if applicable and the provisions of the Companies Act, 2013 and all applicable laws including the FEMA and the rules and regulations thereunder shall be duly complied with in respect of all transfer of debentures and registration thereof.

Sharing of information

We may, at our option, use on our own, as well as exchange, share or part with any financial or other information about the NCD Holders available with us with our subsidiaries, if any and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the NCD Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper at the place where the registered office of the Company is situated and/or will be sent by post/ courier or through email or other electronic media to the Registered Holders of the NCD(s) from time to time.

Issue of duplicate NCD certificate(s)

If NCD certificate(s), issued pursuant to rematerialisation, is/ are mutilated or defaced or the cages for recording transfers of NCDs are fully utilised, the same may be replaced by us against the surrender of such certificate(s). Provided, where the NCD certificate(s) are mutilated or defaced, the same will be replaced as aforesaid only if the certificate numbers and the distinctive numbers are legible.

If any NCD certificate is destroyed, stolen or lost then upon production of proof thereof to our satisfaction and upon furnishing such indemnity/ security and/or documents as we may deem adequate, duplicate NCD certificates shall be issued. Upon issuance of a duplicate NCD certificate, the original NCD certificate shall stand cancelled.

Lien

As per the RBI circular dated June 27, 2013, the Company is not permitted to extend loans against the security of its debentures issued by way of private placement or public issues. The Company shall have the right of set-off and lien, present as well as future on the moneys due and payable to the NCD holders or deposits held in the account of the NCD holders, whether in single name or joint name, to the extent of all outstanding dues by the NCD holders to the Company, subject to applicable law.

Lien on pledge of NCDs

Our Company may, at its discretion, note a lien on pledge of NCDs if such pledge of NCD is accepted by any third party bank/institution or any other person for any loan provided to the NCD Holder against pledge of such NCDs as part of the funding, subject to applicable law.

Future Borrowings

We shall be entitled to make further issue of secured or unsecured debentures and/or raise term loans or raise further funds from time to time from any persons, banks, financial institutions or bodies corporate or any other agency by creating a charge on any assets, (a) subject to such consents and approvals and other conditions, as may be required under applicable law or existing financing agreements, including any intimation, if applicable under the Transaction Documents (b) provided the stipulated security cover for the Issue is maintained and compliance with other terms of the Transaction Documents.

Illustration for guidance in respect of the day count convention and effect of holidays on payments.

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI Operational Circular will be as disclosed in the relevant Tranche Prospectus.

Payment of Interest

If Allotment is not made within the prescribed time period under applicable law, the entire subscription amount will be unblocked within the time prescribed under applicable law, failing which interest may be due to be paid to the Applicants, for the delayed period, as prescribed in applicable law. Our Company shall not be liable to pay any interest on monies liable to be refunded in case of (a) invalid applications or applications liable to be rejected, (b) applications which are withdrawn by the Applicant and/or (c) monies paid in excess of the amount of NCDs applied for in the Application Form. Method of Application

In terms of SEBI Operational circular, an eligible investor desirous of applying in the Issue can make Applications only through the ASBA process only.

All Applicants shall mandatorily apply in the Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application form to any of the Designated Intermediaries. Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a retail individual investor bidding using the UPI mechanism) to the respective SCSB, where such investor has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank.

Applicants are requested to note that in terms of the SEBI Operational Circular, SEBI has mandated issuers to provide, through a recognized stock exchange which offers such a facility, an online interface enabling direct application by investors to a public issue of debt securities with an online payment facility (“**Direct Online Application Mechanism**”). In this regard, SEBI has, through the SEBI Operational Circular, directed recognized Stock Exchange in India to put in necessary systems and infrastructure for the implementation of the SEBI Operational Circular and the Direct Online Application Mechanism. The Direct Online Application facility will be available for this Issue as per mechanism provided in the SEBI Operational Circular

Applicants should submit the Application Form only at the bidding centres, *i.e.* to the respective Members of the Consortium at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centres, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at <http://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from ASBA Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchanges and submit these Application Forms with the SCSB with whom the relevant ASBA Accounts are maintained.

An Applicant shall submit the Application Form, which shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form. Further, the Application may also be submitted through the app or web interface developed by Stock Exchanges wherein the Application is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI mechanism, as applicable.

Designated Intermediaries (other than SCSBs) shall not accept any Application Form from a RIB who is not applying using the UPI Mechanism. For RIBs using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds. An Applicant shall submit the Application Form, in physical form, the Application Form shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

Our Company, our Directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount has been blocked in the relevant ASBA Account. Further, all grievances against Designated Intermediaries in relation to this Issue should be made by Applicants directly to the relevant Stock Exchanges.

In terms of the SEBI Operational Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

1. **Through Self-Certified Syndicate Bank (SCSB) or intermediaries** (viz. Syndicate members, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)
 - a. An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e. investor's bank. For such applications, the existing process of uploading of bid on the Stock Exchange bidding platform and blocking of funds in investors account by the SCSB would continue.
 - b. An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.
 - c. An investor may submit the bid-cum-application form with a SCSB or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is Rs.5 Lakh or less. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI mechanism in this case.
2. **Through Stock Exchanges**
 - a. An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchange (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism.
 - b. The Stock Exchanges have extended their web-based platforms i.e., 'BSEDirect' and 'NSE goBID' to facilitate investors to apply in public issues of debt securities through the web based platform and mobile app with a facility to block funds through Unified Payments Interface (UPI) mechanism for application value up to Rs. 5 Lakh. To place bid through 'BSEDirect' and 'NSE goBID' platform/ mobile app the eligible investor is required to register himself/ herself with BSE Direct/ NSE goBID.
 - c. An investor may use the following links to access the web-based interface developed by the Stock Exchanges to bid using the UPI Mechanism: BSE: <https://www.bsedirect.com>; and NSE: <https://www.nseindiaipo.com>
 - d. The BSE Direct and NSE goBID mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' or 'NSE goBID' on Google Playstore for downloading mobile applications
 - e. To further clarify the submission of bids through the App or web interface, the BSE has issued operational guidelines and circulars dated December 28, 2020 available at <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60>, and <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-61>. Similar circulars by NSE can be found here: x <https://www1.nseindia.com/content/circulars/IPO46907.zip> x <https://www1.nseindia.com/content/circulars/IPO46867.zip>. Further, NSE has allowed its 'GoBid' mobile application which is currently available for placing bids for non-competitive bidding shall also be available for applications of public issues of debt securities. For further details, see "*Process for investor application submitted with UPI as mode of payment*" on page 274.

Application Size

Each Application should be for a minimum of 10 NCDs and in multiples of one NCD thereafter for all options of NCDs, as specified in the relevant Tranche Prospectus.

APPLICATIONS FOR ALLOTMENT OF NCDs IN THE DEMATERIALISED FORM

Submission of Applications

This section is for the information of the Applicants proposing to subscribe to the Issue. The Lead Manager and our Company are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Draft Shelf Prospectus and the Shelf Prospectus. Applicants are advised to make their independent investigations and to ensure that the Application Form is correctly filled up.

Our Company, our directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications accepted by and/or uploaded by and/or accepted but not uploaded by Consortium Member, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount payable on Application has been blocked in the relevant ASBA Account. The list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive Application Forms from the Members of the Syndicate is available on the website of SEBI (<http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>) and updated from time to time or any such other website as may be prescribed by SEBI from time to time. For more information on such branches collecting Application Forms from the Members of the Syndicate at Specified Locations, see the website of the SEBI <http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes> as updated from time to time or any such other website as may be prescribed by SEBI from time to time. The list of Registered Brokers at the Broker Centres, CDPs at the Designated CDP Locations or the CRTAs at the Designated CRTA Locations, respective lists of which, including details such as address and telephone number, are available at the websites of the Stock Exchange at www.bseindia.com. The list of branches of the SCSBs at the Broker Centres, named by the respective SCSBs to receive deposits of the Application Forms from the Registered Brokers will be available on the website of the SEBI (www.sebi.gov.in) and updated from time to time.

Applications can be submitted through either of the following modes:

- a. Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Applicant's bank records, as mentioned in the Application Form, prior to uploading such Application into the electronic system of the Stock Exchange. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such Application and shall not upload such Application in the electronic system of the Stock Exchange. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the Application in the electronic system of the Stock

Exchange. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application. In case of Application being made in the electronic mode, the Applicant shall submit the Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly registering such Application.

- b. Physically through the Members of Consortium, or Trading Members of the Stock Exchanges only at the Specified Cities (Mumbai, Chennai, Kolkata, Delhi, Ahmedabad, Rajkot, Jaipur, Bangalore, Hyderabad, Pune, Vadodara and Surat), i.e. Syndicate ASBA. Kindly note that ASBA Applications submitted to the Members of Consortium or Trading Members of the Stock Exchanges at the Specified Cities will not be accepted if the SCSB where the ASBA Account, as specified in the ASBA Application, is maintained has not named at least one branch at that Specified City for the Members of Consortium or Trading Members of the Stock Exchange, as the case may be, to deposit ASBA Applications (A list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>).
- c. A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is up to the UPI Application Limit, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by the relevant Designated Intermediary, giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchanges and the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Collection Center, named by such SCSB to accept such Applications from the Designated Intermediaries (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>). Upon receipt of the Application Form, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form. If sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be. In case of an Application not involving an Application by an RIB through UPI Mechanism, if sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be.

In case of Application involving an Application by an RIB through UPI Mechanism, if an Applicant submits the Application Form with a Designated Intermediary and uses his/ her bank account linked UPI ID for the purpose of blocking of funds, where the application value is up to UPI Application Limit, the Application Amount will be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant and the Designated Intermediary shall upload the Application on the bidding platform developed by the Stock Exchange. If an Applicant submits the Application Form through the application or web interface developed by Stock Exchange, the bid will automatically be uploaded onto the Stock Exchange bidding platform and the amount will be blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Applicants must note that:

- a. Physical Application Forms will be available with the Designated Branches of the SCSBs and with the Designated Intermediaries (other than Trading Members of the Stock Exchanges) at the respective Collection Centers; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchanges at least one day prior to the Issue Opening Date. Physical Application Forms will also be provided to the Trading Members of the Stock Exchanges at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that the electronic version of the Shelf Prospectus and the relevant Tranche Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.

- b. The Designated Branches of the SCSBs shall accept Applications directly from Applicants only during the Issue Period. The SCSB shall not accept any Application directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, the relevant branches of the SCSBs at Specified Locations can accept Application Forms from the Designated Intermediaries, after the closing time of acceptance of Applications on the Issue Closing Date, if the Applications have been uploaded. For further information on the Issue programme, please refer to “*Issue Structure*” on page 255 of this Draft Shelf Prospectus.
- c. Physical Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that ASBA Applicants can make an Application for Allotment of NCDs in the dematerialized form only.

Submission of Direct Online Applications

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchanges.

In the event the Direct Online Application facility is implemented by the Stock Exchanges, relevant “know your customer” details of such Applicants will be validated online from the Depositories, on the basis of the DP ID and Client ID provided by them in the Application Form. On successful submission of a Direct Online Application, the Applicant will receive a system-generated unique application number (“UAN”) and an SMS or an email confirmation on credit of the requisite Application Amount paid through the online payment facility with the Direct Online Application. On Allotment, the Registrar to the Issue shall credit NCDs to the beneficiary account of the Applicant and in case of refund, the refund amount shall be credited directly to the Applicant’s bank account. Applicants applying through the Direct Online Application facility must preserve their UAN and quote their UAN in: (a) any cancellation/withdrawal of their Application; (b) in queries in connection with Allotment of NCDs and/or refund(s); and/or (c) in all investor grievances/complaints in connection with the Issue.

As per the SEBI Operational Circular, the availability of the Direct Online Applications facility is subject to the Stock Exchanges putting in place the necessary systems and infrastructure, and accordingly the aforementioned disclosures are subject to any further clarifications, notification, modification deletion, direction, instructions and/or correspondence that may be issued by the Stock Exchanges and/or SEBI.

Payment instructions

Payment mechanism for Applicants

An Applicant shall specify details of the ASBA Account Number in the Application Form and the relevant SCSB shall block an amount equivalent to the Application Amount in the ASBA Account specified in the Application Form.

An Applicant may submit the completed Application Form to Designated Intermediaries along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Designated Stock Exchange bidding platform and forward the application form to a branch of a SCSB for blocking of funds.

ASBA Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the ASBA Application to the Members of Consortium or Trading Members of the Stock Exchange, as the case may be, at the Specified Cities or to the Designated Branches of the SCSBs. An ASBA Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the relevant Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, and upon receipt of intimation from the Registrar, the controlling branch of the SCSB shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account. The balance amount remaining after the finalization of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB within 6 (six) Working Days of the relevant Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the relevant Issue or until rejection of the ASBA Application, as the case may be.

In case of Application involving an Application by an RIB through UPI Mechanism, an Applicant may submit the Application Form with a SCSB or the Designated mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is up to the UPI Application Limit. The intermediary shall upload the bid on the Stock Exchange bidding platform. The application amount would be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant in this case.

An Applicant may submit the Application Form through the App or web interface developed by Stock Exchanges wherein the bid is automatically uploaded onto the Stock Exchange bidding platform and the amount is blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of an intimation from the Registrar to the Issue, the SCSBs shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account in terms of the Public Issue Account and Sponsor Bank Agreement. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue to the respective SCSB within six Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application, as the case may be.

Additional information for Applicants

1. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected.
2. No separate receipts will be issued for the money blocked on the submission of Application Form. However, the collection centre of the Designated Intermediaries will acknowledge the receipt of the Application Forms by stamping and returning to the Applicant the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant.
3. Applications should be submitted on the Application Form only. In the event that physical Application Forms do not bear the stamp of the Designated Intermediaries, or the relevant Designated Branch, as the case may be, they are liable to be rejected.
4. Application Forms submitted by Applicants shall be for allotment of NCDs only in dematerialized form.

Applicants are advised not to submit Application Forms to Public Issue Account Banks and the same will be rejected in such cases and the Applicants will not be entitled to any compensation whatsoever.

Filing of the Shelf Prospectus and the relevant Tranche Prospectus with ROC

A copy of the Shelf Prospectus and the relevant Tranche Prospectus shall be filed with the ROC in accordance with Section 26 and Section 31 of the Companies Act, 2013.

Pre-Issue Advertisement

Our Company will issue a statutory advertisement in compliance with of SEBI NCS Regulations on or before the Issue Opening Date of this Issue. This advertisement will contain the information as prescribed under the SEBI NCS Regulations and Section 30 of the Companies Act, 2013. Material updates, if any, between the date of filing of the Shelf Prospectus and the relevant Tranche Prospectus with the ROC and the date of release of the statutory advertisement will be included in the statutory advertisement.

General Instructions for completing the Application Form

- a. Applications must be made in prescribed Application Form only;
- b. Applicants should ensure that their Application Form is submitted either at a Designated Branch of a SCSB where the ASBA Account is maintained or with the Members of the Syndicate or Trading Members of the stock exchange(s) at the Specified Cities, and not directly to the escrow collecting banks (assuming that such bank is not a SCSB) or to the Company or the Registrar to the Issue.
- c. Applications through Syndicate ASBA, before submitting the physical Application Form to the Members of the Syndicate or Trading Members of the stock exchange(s), ensure that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at-least one branch in that Specified City for the Members of the Syndicate or Trading Members of the stock exchange(s), as the case may be, to deposit ASBA Forms (A list of such branches is available at <http://www.sebi.gov.in/sebiweb/home/list/5/33/0/0/ Recognised-Intermediaries>)
- c. Application Forms must be completed in block letters in English, as per the instructions contained in the Shelf Prospectus, the relevant Tranche Prospectus, the Abridged Prospectus and the Application Form.
- c. Applications should be in single or joint names and not exceeding three names, and in the same order as their Depository Participant details (in case of Applicants applying for Allotment of the Bonds in dematerialised form) and Applications should be made by Karta in case the Applicant is an HUF. Please ensure that such Applications contain the PAN of the HUF and not of the Karta. If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.
- d. Applicants applying for Allotment in dematerialized form must provide details of valid and active DP ID, Client ID and PAN clearly and without error. On the basis of such Applicant's active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchanges by SCSBs, the Members of the Syndicate at the Syndicate ASBA Application Locations and the Trading Members, as the case may be, the

Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs

- e. Applications must be for a minimum of 10 (Ten) NCDs and in multiples of 1 NCD thereafter. For the purpose of fulfilling the requirement of minimum application size of 10 (Ten) NCDs, an Applicant may choose to apply for 10 (Ten) NCDs or more in a single Application Form.
- f. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
- g. Applications should be made by Karta in case of HUFs. Applicants are required to ensure that the PAN details of the HUF are mentioned and not those of the Karta.
- h. Thumb impressions and signatures other than in English/Hindi/Gujarati/Marathi or any other languages specified in the 8th Schedule of the Constitution needs to be attested by a Magistrate or Notary Public or a Special Executive Magistrate under his/her seal;
- i. No separate receipts will be issued for the money payable on the submission of the Application Form. However, the Members of Consortium, Trading Members of the Stock Exchanges or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the Transaction Registration Slip (“**TRS**”). This TRS will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Lead Managers, Trading Member of the Stock Exchanges or the Designated Branch of the SCSBs, as the case may be.
- j. The Designated Intermediaries or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Designated Intermediaries or the Designated Branch of the SCSBs, as the case may be.
- k. Every Applicant should hold a valid PAN and mention the same in the Application Form and submit the same. Applicant without PAN is liable to be rejected, irrespective of the amount
- l. All Applicants are required to tick the relevant column of “Category of Investor” in the Application Form.
- m. Applicants should correctly mention the ASBA Account number and UPI ID in case applying through UPI mechanism, and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and also ensure that the signature in the Application Form matches with the signature in Applicant’s bank records, otherwise the Application is liable to be rejected
- n. Applicants must provide details of valid and active DP ID, UPI ID, Client ID and PAN clearly and without error. On the basis of such Applicant’s active DP ID, UPI ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchanges by SCSBs, the Designated Intermediaries, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs. If the ASBA Account holder is different from the Applicant, the Application Form should be signed by the ASBA Account holder, in accordance with the instructions provided in the Application Form. Not more than five Applications can be made from one single ASBA Account;
- o. For Applicants, the Applications in physical mode should be submitted to the SCSBs or a member of the Syndicate or to the Trading Members of the Stock Exchanges on the prescribed Application Form. SCSBs may provide the electronic mode for making Application either through an internet enabled banking facility or such other secured, electronically enabled mechanism for Application and blocking funds in the ASBA Account;
- p. Application Forms should bear the stamp of the Member of the Syndicate, Trading Member of the Stock Exchanges, Designated Intermediaries and/or Designated Branch of the SCSB. Application Forms which do not bear the stamp will be rejected.
- q. Applicant should correctly mention the ASBA Account number and UPI ID in case applying through UPI Mechanism and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and ensure that the signature in the Application Form matches with the signature in the Applicant’s bank records.

The series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Designated Intermediaries nor the SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms. Our Company would allot the NCDs, as specified in the relevant Tranche Prospectus for the Issue to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs.

Applicants' PAN, Depository Account and Bank Account Details

ALL APPLICANTS APPLYING FOR ALLOTMENT OF THE NCDS SHOULD MENTION THEIR DP ID, UPI ID (IN CASE APPLYING THROUGH UPI MECHANISM), CLIENT ID AND PAN IN THE APPLICATION FORM. APPLICANTS MUST ENSURE THAT THE DP ID, UPI ID, CLIENT ID AND PAN GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE DP ID, UPI ID, CLIENT ID AND PAN AVAILABLE IN THE DEPOSITORY DATABASE. IF THE BENEFICIARY ACCOUNT IS HELD IN JOINT NAMES, THE APPLICATION FORM SHOULD CONTAIN THE NAME AND PAN OF BOTH THE HOLDERS OF THE BENEFICIARY ACCOUNT AND SIGNATURES OF BOTH HOLDERS WOULD BE REQUIRED IN THE APPLICATION FORM.

Applicants applying for Allotment in dematerialised form must mention their DP ID and Client ID in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form for Allotment in dematerialised form is submitted in the first Applicant's name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID and PAN mentioned in the Application Form for Allotment in dematerialised form and entered into the electronic system of the Stock Exchanges do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form for Allotment in dematerialised form is liable to be rejected. Further, Application Forms submitted by Applicants applying for Allotment in dematerialised form, whose beneficiary accounts are inactive, will be rejected

On the basis of the DP ID, UPI ID, Client ID and PAN provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the Demographic Details of the Applicants including PAN and MICR code. These Demographic Details would be used for giving Allotment Advice and refunds, if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details (including bank account details) as appearing on the records of the Depository Participant and ensure that they are true and correct. Please note that failure to do so could result in delays in despatch/ credit of refunds, if any, to Applicants, delivery of Allotment Advice or unblocking of ASBA Accounts at the Applicants' sole risk, and neither the Members of the Consortium nor the Designated Intermediaries, nor the Registrar, nor the Banker(s) to the Issue, nor the SCSBs, nor our Company shall have any responsibility and undertake any liability for the same.

Applicants should note that in case the DP ID, Client ID and PAN mentioned in the Application Form, as the case may be and entered into the electronic Application system of the Stock Exchanges by the Members of the Consortium or the Designated Intermediaries, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected and our Company, the Members of the Consortium and the other Designated Intermediaries shall not be liable for losses, if any.

These Demographic Details would be used for all correspondence with the Applicants including mailing of the Allotment Advice and for refunds (if any) as applicable. The Demographic Details given by Applicants in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to this Issue.

By signing the Application Form, Applicants applying for the NCDs would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to the Issue.

Allotment Advice would be mailed by speed post or registered post at the address of the Applicants as per the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Banker(s) to the Issue, Registrar to the Issue nor the Lead Manager shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in the relevant Tranche Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

In case of Applications made under powers of attorney, our Company in its absolute discretion, reserves the right to permit the holder of a power of attorney to request the Registrar to the Issue that for the purpose of printing particulars on and mailing of the Allotment Advice through speed post or registered post, the Demographic Details obtained from the Depository of the Applicant shall be used.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of the Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. **Furthermore, in case no corresponding record is available with the Depositories, which matches the three parameters, namely, DP ID, UPI ID, Client ID and PAN, then such Applications are liable to be rejected.**

Applicants should note that the NCDs will be allotted to all successful Applicants only in dematerialized form. The Application Forms which do not have the details of the Applicant's depository account, including DP ID, Client ID and PAN and UPI ID (for retail individual investor Applicants bidding using the UPI mechanism), shall be treated as incomplete and will be rejected.

Unified Payments Interface (UPI)

Pursuant to the SEBI Operational Circular, the UPI Mechanism is an applicable payment mechanism for public debt issues (in addition to the mechanism of blocking funds maintained with SCSBs under ASBA) for applications by retail individual bidders through Designated Intermediaries. All SCSBs offering the facility of making applications in public issues shall also provide the facility to make applications using UPI. The Company will be required to appoint one SCSB as a Sponsor Bank to act as a conduit between the Stock Exchange and National Payments Corporation of India in order to facilitate the collection of requests and/or payment instructions of the investors.

Permanent Account Number (PAN)

The Applicant should mention his or her PAN allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the central or state government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir- 05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. **Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the general index register number i.e. GIR number instead of the PAN as the Application is liable to be rejected on this ground.**

However, the exemption for the central or state government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e. either Sikkim category or exempt category.

Joint Applications

Applications can be made in joint names (not exceeding three). In the case of joint Applications, all payments will be made out in favour of the first Applicant. All communications will be addressed to first named in the Application whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

Additional/ Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs, for the same or other Options of NCDs, as specified in the relevant Tranche Prospectus, subject to a minimum Application size of ₹10,000 and in multiples of ₹1,000 thereafter as specified in the relevant Tranche Prospectus. **Any Application for an amount below the aforesaid minimum application size will be deemed as an invalid application and shall be rejected.** Any Application made by any person in his individual capacity and an Application made by such person in his capacity as a karta of a HUF and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under the Issue, Applications shall be grouped based on the PAN, i.e. Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN number of the sole or the first Applicant is one and the same.

Electronic registration of Applications

- a. The Designated Intermediaries and Designated Branches of the SCSBs, as the case may be, will register the Applications using the on-line facilities of the Stock Exchanges. Direct Online Applications will be registered by Applicants using the online platform offered by the Stock Exchanges. The Lead Manager, our Company, and the Registrar to the Issue are not responsible for any acts, mistakes or errors or omission and commissions in relation to (i) the Applications accepted by the SCSBs, (ii) the Applications uploaded by the SCSBs, (iii) the Applications accepted but not uploaded by the SCSBs, (iv) Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts or (v) Applications accepted and uploaded by Trading members of the Stock Exchanges

or (vi) the Applications accepted by and/or uploaded by and/or accepted but not uploaded by Consortium Member, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms.

In case of apparent data entry error by the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, in entering the Application Form number in their respective schedules other things remaining unchanged, the Application Form may be considered as valid and such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchanges. However, the series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries or Designated Branches of the SCSBs in the data entries as such data entries will be considered for allotment/rejection of Application.

- b. The Stock Exchanges will offer an electronic facility for registering Applications for this Issue. This facility will be available on the terminals of the Designated Intermediaries and the SCSBs during the Issue Period. Designated Intermediaries can also set up facilities for off-line electronic registration of Applications subject to the condition that they will subsequently upload the off-line data file into the on-line facilities for Applications on a regular basis, and before the expiry of the allocated time on the Issue Closing Date. On the Issue Closing Date, the Designated Intermediaries and the Designated Branches of the SCSBs shall upload the Applications till such time as may be permitted by the Stock Exchanges. This information will be available with the Designated Intermediaries and the Designated Branches of the SCSBs on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation. For further information on the Issue programme, please refer to “*Issue Structure*” on page 255 of this Draft Shelf Prospectus.
- c. With respect to Applications submitted directly to the SCSBs at the time of registering each Application, other than Direct Online Applications, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Bank account number
 - Application amount
- d. With respect to Applications submitted to the Designated Intermediaries at the time of registering each Application, the requisite details of the Applicants shall be entered in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained

- Location
 - Application amount
- e. A system generated acknowledgement will be given to the Applicant as a proof of the registration of each Application. **It is the Applicant's responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be. The registration of the Application by the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be, does not guarantee that the NCDs shall be allocated/ Allotted by our Company. The acknowledgement will be non-negotiable and by itself will not create any obligation of any kind.**
- f. Applications can be rejected on the technical grounds listed on page 280 of this Draft Shelf Prospectus or if all required information is not provided or the Application Form is incomplete in any respect.
- g. The permission given by the Stock Exchanges to use their network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Shelf Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchanges.
- h. Only Applications that are uploaded on the online system of the Stock Exchanges shall be considered for allocation/ Allotment. The Lead Manager, Designated Intermediaries and the Designated Branches of the SCSBs shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchanges. In order that the data so captured is accurate the Designated Intermediaries and the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL.

Process for investor application submitted with UPI as mode of payment

- a. Before submission of the application with the intermediary, the investor would be required to have / create a UPI ID, with a maximum length of 45 characters including the handle (Example: InvestorID@bankname).
- b. An investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchange App/ Web interface, or any other methods as may be permitted.
- c. The intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the stock exchange bidding platform using appropriate protocols.
- d. Once the bid has been entered in the bidding platform, the Stock Exchange shall undertake validation of the PAN and Demat account combination details of investor with the depository.
- e. The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to stock exchange which would be shared by stock exchange with intermediary through its platform, for corrections, if any.
- f. Once the bid details are uploaded on the Stock Exchange platform, the Stock Exchange shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next working day.
- g. Post undertaking validation with the Depository, the Stock Exchange shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by the issuer.
- h. The Sponsor Bank shall initiate a mandate request on the investor i.e., request the investor to authorise blocking of funds equivalent to application amount and subsequent debit of funds in case of allotment
- i. The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.
- j. The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the public issue bid details submitted by investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by sponsor bank would be a one-time mandate for each application in the public issue.

- k. An investor is required to accept the UPI mandate latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next working day.
- l. An investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.
- m. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 day till 1 PM.
- n. The facility of re-initiation/ resending the UPI mandate shall be available only till 5 pm on the day of bidding.
- o. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.
- p. The information containing status of block request (e.g. accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchange. The block request status would also be displayed on the Stock Exchange platform for information of the intermediary.
- q. The information received from Sponsor Bank, would be shared by stock exchange with RTA in the form of a file for the purpose of reconciliation.
- r. Post closure of the offer, the Stock Exchange shall share the bid details with RTA. Further, the Stock Exchange shall also provide the RTA, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.
- s. The allotment of debt securities shall be done as per SEBI Operational Circular.
- t. The RTA, based on information of bidding and blocking received from the Stock Exchange, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.
- u. Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.
- v. Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the investor.
- w. Thereafter, Stock Exchange will issue the listing and trading approval.
- x. Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSEDirect issued by BSE on December 28, 2020 the investor shall also be responsible for the following:
 - i. Investor shall check the Issue details before placing desired bids;
 - ii. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;
 - iii. The receipt of the SMS for mandate acceptance is dependent upon the system response/ integration of UPI on Debt Public Issue System;
 - iv. Investor shall accept the UPI Mandate Requests within the stipulated timeline;
 - v. Investor shall note that the transaction will be treated as completed only after the acceptance of mandates by the investor by way of authorising the transaction by entering their UPI pin and successfully blocking funds through the ASBA process by the investor's bank;
 - vi. Investor shall check the status of their bid with respect to the mandate acceptance and blocking of funds for the completion of the transaction; and

- vii. In case the investor does not accept the mandate within stipulated timelines, in such case their bid will not be considered for allocation.
- y. Further, in accordance with circular issued by National Stock Exchange of India Limited for Introduction of Unified Payment Interface (UPI) for Debt IPO through NSE goBID on January 5, 2021 the investor shall also be responsible for the following:
 - i. After successful registration & log-in, the investors shall view and check the active Debt IPO's available from IPO dashboard.
 - ii. Investors shall check the issue/series details. Existing registered users of NSE goBID shall also be able to access once they accept the updated terms and condition.
 - iii. After successfully bidding on the platform, investors shall check the NSE goBID app/psp/sms for receipt of mandate & take necessary action.
 - iv. UPI mandate can be accepted latest by 5 pm on the third working day from the day of bidding on the stock exchange platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5 pm the next working day.

Information for Applicants

In case of ASBA Applications submitted to the SCSBs, in terms of the SEBI circular CIR/CFD/DIL/3/2010 dated April 22, 2010, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchange and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Managers and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such ASBA Applications or treat such ASBA Applications as rejected. In case of Applicants submitted to the Lead Managers, Consortium Members and Trading Members of the Stock Exchange at the Specified Cities, the basis of allotment will be based on the Registrar's validation of the electronic details with the Depository records, and the complete reconciliation of the final certificates received from the SCSBs with the electronic details in terms of the SEBI circular CIR/CFD/DIL/1/2011 dated April 29, 2011. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Managers and the Registrar to the Issue, reserves the right to proceed as per the Depository records or treat such ASBA Application as rejected. Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship). In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

Investor Withdrawals and Pre-closure

Investor Withdrawal: Applicants are allowed to withdraw their Applications at any time prior to the Issue Closing Date.

Withdrawal of Applications after the Issue Period: In case an Applicant wishes to withdraw the Application after the Issue Closing Date or early closure date, the same can be done by submitting a withdrawal request to the Registrar prior to the finalization of the Basis of Allotment but not later than 2 (two) Working days from the Issue Closing Date or early closure date, as applicable.

Pre-closure: Our Company, in consultation with the Lead Manager reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription which is 75% of the Base Issue before the Issue Closing Date. Our Company shall allot NCDs with respect to the Applications received at the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements.

Further, the Issue will also be withdrawn by our Company in the event that the aggregate Applications received for the NCDs is lesser than the minimum subscription which is 75% of the Base Issue before the Issue Closing Date.

In the event of such early closure of this Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure or the relevant Issue Closing Date of the Issue, as applicable, through advertisement(s) in all those newspapers in which pre-Issue advertisement and advertisement for opening or closure of this issue have been given.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount has not been subscribed or received, as applicable, within the specified period, the application money received is to be unblocked/credited only to the bank account in/from which the subscription was blocked/remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or the Registrar will follow the guidelines prescribed by SEBI in this regard.

Issuance of Allotment Advice

Our Company shall ensure dispatch/and/or mail the Allotment Advice within 6 (six) Working Days of the Issue Closing Date to the Applicants. The Allotment Advice for successful Applicants will be mailed to their addresses as per the Demographic Details received from the Depositories. Instructions for credit of NCDs to the beneficiary account with Depository Participants shall be made within 6 (six) Working Days of the Issue Closing Date.

Our Company shall use best efforts to ensure that all steps for completion of the necessary formalities for commencement of trading at the Stock Exchanges where the NCDs are proposed to be listed are taken within 6 (six) Working Days from the Issue Closing Date.

Allotment Advices shall be issued, or Application Amount shall be unblocked within 15 (fifteen) days from the Issue Closing Date or such lesser time as may be specified by SEBI or else the Application Amount shall be unblocked in the ASBA Accounts

of the Applicants forthwith, failing which interest shall be due to be paid to the applicants at the rate of 15% per annum for the delayed period.

Our Company will provide adequate funds required for dispatch of Allotment Advice, as applicable, to the Registrar to the Issue.

Revision of Applications

As per the notice no: 20120831-22 dated August 31, 2012 issued by BSE, cancellation of one or more orders (series) within an Application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. However, please note that in case of cancellation of one or more orders (series) within an Application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their Application details during the Issue Period, as allowed/permitted by the Stock Exchanges, by submitting a written request to the Designated Intermediary, as the case may be. However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchanges as per the procedures and requirements prescribed by each relevant Stock Exchanges, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar to the Issue for reconciliation with the data available with the NSDL and CDSL.

Early Closure

Our Company, in consultation with the Lead Managers reserves the right to close the Issue at any time prior to the Closing Date of respective Prospectus, subject to receipt of minimum subscription for NCDs aggregating to 75% of the Base Issue Size. Our Company shall allot NCDs with respect to the Applications received at the time of such early closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements.

If our Company does not receive the minimum subscription of 75% of Base Issue Size within the timelines prescribed under applicable laws, the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within eight Working Days from the Issue Closing Date as specified in the relevant Tranche Prospectus, or such time as may be specified by SEBI. In case of failure of the Issue due to reasons such as non-receipt of listing and trading approval from the Stock Exchanges wherein the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be unblocked in the Applicants ASBA Account within two Working Days from the scheduled listing date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum from the scheduled listing date till the date of actual payment.

Utilisation of Application Amounts

The sum received in respect of the Issue will be kept in separate bank accounts and we will have access to such funds as per applicable provisions of law(s), regulations and approvals.

Litigation against our Subsidiaries

Criminal Proceedings

A written complaint has been filed before the Commissioner of Police, Thiruvananthapuram against one of our Subsidiaries i.e., CSEC, by two of its customers alleging that the customers allegedly suffered losses owing to (i) unauthorized trading of shares by CSEC, and (ii) misguiding customers by presenting forged holding statements. Subsequently, an FIR no. 209 of 2011 dated April 2, 2011 was filed against CSEC at the Vanchiyoor Police Station, Thiruvananthapuram under Sections 409, 420, 465, 468 and 471 read with Section 34 of the IPC. CSEC has responded to the complaint through a letter dated April 4, 2011 and the matter is currently pending.

Litigation by our Subsidiaries

1. One of our Subsidiaries, Payswiff Technologies Private Limited (“**Transferee**”) has filed a scheme of amalgamation under section 233 of the Companies Act, 2013, for amalgamation of Payswiff Solutions Private Limited (“**Transferor Company 1**”) and Payswiff Services Private Limited (“**Transferor Company 2**”), wholly-owned subsidiaries of Transferee Company with the Transferee Company. Pursuant to the scheme, the existing holding of the Transferee Company in the Transferor Company 1 and Transferor Company 2 shall be cancelled. Further to such submission of the Scheme of Amalgamation, the Transferee Company received a communication dated December 21, 2022 from the Office of Regional Director, Ministry of Corporate Affairs, Telangana highlighting *inter alia*, the qualifications made by the statutory auditors of the Transferee Company in the audit reports for the financial years 2019-20, 2020-21 and 2021-22 with regard to the non-compliances under sections 42 and 186 of the Companies Act, 2013. Transferee has filed the compounding applications before the Registrar of Companies, Hyderabad. Final orders with regard to scheme of amalgamation and compounding applications are awaited.
2. Our Subsidiary, Payswiff Technologies Private Limited (“**Payswiff**”) has made an application dated February 17, 2023 before the Registrar of Companies, Hyderabad, seeking compounding under Section 441 of the Companies Act, 2013. Payswiff issued and allotted equity shares on the preferential basis, wherein the monies received on application were not kept in a separate bank account and were used prior to allotment of shares, in contravention of Section 42 of the Companies Act, 2013. The approval of the regulatory authority is awaited.
3. Our Subsidiary, Payswiff Technologies Private Limited (“**Payswiff**”) has made an application dated February 17, 2023 before the Registrar of Companies, Hyderabad, seeking compounding under Section 441 of the Companies Act, 2013. Payswiff granted a loan to its wholly-owned subsidiaries for which it has erroneously failed to charge interest as required under Section 186(7) of the Companies Act, 2013. The approval of the regulatory authority is awaited.

Appointment of Debenture Trustee

The Company has appointed the Debenture Trustee in accordance with the terms of the Debenture Trustee Agreement.

Separately, the Company and the Debenture Trustee have agreed the payment of an acceptance fee of ₹20,000 (Indian Rupees Twenty Thousand Only) plus applicable GST (one-time payment, payable upfront and non-refundable) and a service charge of ₹20,000 (Indian Rupees Twenty Thousand Only) per annum plus applicable GST. The first such payment would become payable on the date of execution for the pro-rata period from execution date till March 31; thereafter, the service charges are payable on an annual basis in advance on April 1 every year till the redemption and satisfaction of charges in full.

Debenture Trustee Agreement

Our Company has entered into a Debenture Trustee Agreement with the Debenture Trustee which provides for, *inter alia*, the following terms and conditions:

The Debenture Trustee, either through itself or its agents / advisors / consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the Offer Documents (including each Tranche Prospectus) and applicable laws, has been obtained for each Tranche Issue. For the purpose of carrying out the due diligence as required in terms of applicable laws, the Debenture Trustee, either through itself or its agents/ advisors/ consultants, shall have the power to examine the books of account of the Company and to have the Company's assets inspected by its officers and/or external auditors/ valuers/ consultants/ lawyers/ technical experts/ management consultants appointed by the Debenture Trustee;

1. Our Company shall provide all assistance to the Debenture Trustee to enable verification from the Registrar of Companies, sub-registrar of assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be required, where the assets and/or prior encumbrances in relation to the assets proposed to secure the NCDs, whether owned by our Company or any other person, are registered / disclosed;
2. The Debenture Trustee shall have the power to either independently appoint, or direct our Company to (after consultation with the Debenture Trustee) appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee and the Debenture Trustee shall subsequently form an independent assessment that the assets for creation of security are sufficient to discharge the outstanding amounts on NCDs at all times. All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports / certificates / documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by our Company;
3. Our Company has undertaken to promptly furnish all and any information as may be required by the Debenture Trustee, including such information as required to be furnished in terms of the applicable laws and the Debenture Trust Deed on a regular basis;
4. The Debenture Trustee, ipso facto does not have the obligations of a borrower or a principal debtor or a guarantor as to the monies paid/invested by investors for the NCDs.

Terms of carrying out due diligence

As per the SEBI Circular "SEBI/HO/MIRSD/CRADT/CIR/P/2020/218 dated November 3, 2020 titled "Creation of Security in issuance of listed debt securities and due diligence by debenture trustee(s)", the Debenture Trustee is required to exercise independent due diligence to ensure that the assets of the Issuer are sufficient to discharge the interest and principal amount with respect to the debt securities of the Issuer at all times.

Accordingly, the Debenture Trustee shall exercise due diligence as per the following process, for which our Company has consented to.

- (a) The Debenture Trustee, either through itself or its agents /advisors/consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the Offer Documents and the Applicable Laws, has been obtained. For the purpose of carrying out the due diligence as required in terms of the Applicable Laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of the Company and to have the Company's assets inspected by its officers and/or external auditors/valuers/consultants/lawyers/technical-experts/management consultants appointed by the Debenture Trustee.
- (b) The Company shall provide all assistance to the Debenture Trustee to enable verification from the registrar of companies, sub-registrar of assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be required, where the assets and/or prior encumbrances in relation to the assets proposed to secure the NCDs, whether owned by the Company or any other person, are registered / disclosed.
- (c) Further, in the event that existing charge holders or the concerned trustee on behalf of the existing charge holders, have provided conditional consent / permissions to the Company to create further charge on the assets, the Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and the Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any.
- (d) Without prejudice to the aforesaid, the Company shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the NCDs, in accordance with the Applicable Laws.
- (e) All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports/certificates/documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by the Company.

Process of Due Diligence to be carried out by the Debenture Trustee

Due Diligence will be carried out as per SEBI (Debenture Trustees) Regulations, 1993, SEBI NCS Regulations and circulars issued by SEBI from time to time.

Other confirmations

REGULATIONS AND POLICIES

The following description is a summary of the important laws, regulations and policies that are applicable to our business. The information detailed below has been obtained from the various legislations, including rules and regulations promulgated by regulatory and statutory bodies, and the bye-laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the investors and are neither designed nor intended to substitute for professional legal advice. The statements below are based on the current provisions of Indian law and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, statutory, administrative or judicial decisions.

In addition to the regulations and policies already specified in this Draft Shelf Prospectus, taxation statutes, the Information Technology Act 2000, various labour laws, environmental laws, corporate laws and other laws apply to us as they do to any other Indian company.

The RBI Act defines an NBFC as: (a) a financial institution which is a company; (b) a non-banking institution which is a company and which is in the principal business of receiving deposits, under any scheme or arrangement or in any other manner, or lending in any manner; or (c) such other non-banking institution or class of institutions, as the RBI may, with the previous approval of the Central Government and by notification in the Official Gazette, specify.

Any company which carries on the business of a non-banking financial institution as its principal business is to be treated as an NBFC. Since the term 'principal business' has not been defined in law, the RBI has clarified through a press release (Ref. No. 1998-99/ 1269) in 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide its principal business. The company will be treated as an NBFC if its financial assets are more than 50% of its total assets (netted off by intangible assets) and income from financial assets should be more than 50% of the gross income. Both these tests are required to be satisfied as the determining factor for principal business of a company.

With effect from 1997, NBFCs were not permitted to commence or carry on the business of a non-banking financial institution without obtaining a certificate of registration (“CoR”). Further, with a view to imparting greater financial soundness and achieving the economies of scale in terms of efficiency of operations and higher managerial skills, RBI has raised the requirement of minimum net owned fund from ₹ 2.50 million to ₹ 20 million for the NBFC which commences business on or after April 21, 1999. Further, every NBFC is required to submit to the RBI a certificate, from its statutory auditor within one month from the date of finalization of the balance sheet and in any case not later than December 31st of that year, stating that it is engaged in the business of non-banking financial institution requiring it to hold a CoR.

Every NBFC is required to create a reserve fund and transfer thereto a sum not less than 20% of its net profit every year, as disclosed in the profit and loss account and before any dividend is declared. No appropriation can be made from such fund by the NBFC except for the purposes specified by the RBI from time to time and every such appropriation shall be reported to the RBI within 21 days from the date of such withdraw.

1. Regulation of systemically important NBFCs registered with the RBI

Systematically important NBFCs are primarily governed by the RBI Act, 1934 (“**RBI Act**”), Master Direction on Non-Banking Financial Company - Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 (“**Master Directions**”) and the Non-Banking Financial Companies Acceptance of Public Deposits (Reserve Bank) Directions, 2016 (“**Public Deposit Directions**”) in case the NBFC is permitted to accept public deposits. In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

2. Types of NBFCs

NBFCs have been classified on the basis of the types of liabilities they access, types of activities they pursue and their perceived systemic importance.

Liabilities-based classification

NBFCs are classified on the basis of liabilities into two broad categories – a) deposit taking and b) non-deposit taking. Deposit taking NBFCs (NBFC – D) are subject to requirements of stricter capital adequacy, liquid assets maintenance, and exposure norms etc.

Further, in 2015, non-deposit taking NBFCs with asset size of Rs 5 billion and above were labelled as ‘systemically important non-deposit taking NBFCs’ (NBFC – ND – SI) and separate prudential regulations were made applicable to them.

Activity-based classification

As per the RBI circular dated February 22, 2019, it merged the three categories of NBFCs viz. Asset Finance Companies (AFCs), Loan Companies (LCs) and Investment Companies (ICs) into a new category called NBFC -

Investment and Credit Company (NBFC-ICC) with the below definition: “Investment and Credit Company - (NBFC-ICC)” means any company which is a financial institution carrying on as its principal business - asset finance, the providing of finance whether by making loans or advances or otherwise for any activity other than its own and the acquisition of securities; and is not any other category of NBFC as defined by RBI in any of its Master Directions. Within this broad categorization the different types of NBFCs are (a) investment and credit companies, (b) infrastructure finance companies, (c) infrastructure debt fund, (d) NBFC - micro finance institutions, (e) NBFC – factors, and (f) NBFC - non-operative financial holding company, (g) systemically important core investment companies and (h) mortgage guarantee companies.

Pursuant to the RBI circular dated February 22, 2019, our Company has been classified as NBFC-ICC.

3. **Types of Activities that NBFCs are permitted to carry out**

Although by definition, NBFCs are permitted to operate in similar sphere of activities as banks, there are a few important, key differences. The most important distinctions are:

- (i) an NBFC cannot accept deposits repayable on demand;
- (ii) NBFCs do not form part of the payment and settlement system and cannot issue cheques drawn on itself; and
- (iii) deposit insurance facility of Deposit Insurance and Credit Guarantee Corporation is not available to depositors of NBFCs, unlike in case of banks.

4. **Regulatory Requirements of an NBFC under the RBI Act**

Net Owned Fund

Section 45-IA of the RBI Act (“**Section 45-IA**”) provides that to carry on the business of a NBFC, an entity would have to register as an NBFC with RBI and would be required to have a minimum net owned fund of ₹ 20 million, as RBI may, by notification in the Gazette, specify. For this purpose, the RBI Act has defined “net owned fund” to mean:

- (i) the aggregate of the paid-up equity capital and free reserves as disclosed in the latest balance sheet of the company, after deducting therefrom:
 - (a) accumulated balance of losses,
 - (b) deferred revenue expenditure; and
 - (c) other intangible assets; and
- (ii) further reduced by the amounts representing:
 - (a) investment by such companies in shares of (i) its subsidiaries, (ii) companies in the same group, (iii) other NBFCs, and
 - (b) the book value of debentures, bonds, outstanding loans and advances (including hire purchase and lease finance) made to, and deposits with (i) subsidiaries of such companies; and (ii) companies in the same group,

to the extent such amount exceeds 10% of (i) above.

Reserve Fund

In addition to the above, Section 45-IC of the RBI Act requires NBFCs to create a reserve fund and transfer therein a sum of not less than 20% of its net profits earned every year as disclosed in profit and loss account before declaration of dividend. Such a fund is to be created by every NBFC irrespective of whether it is a ND NBFC or not. Such sum cannot be appropriated by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation is required to be reported to the RBI within 21 days from the date of such withdrawal.

Further, in terms of the amendment of the Companies (Share Capital and Debentures) Rules, 2014 on August 16, 2019, NBFCs registered with RBI and HFCs registered with National Housing Bank are exempted from creation of debenture redemption reserve in case of public issue of debentures and privately placed debentures. However, listed NBFCs and HFCs shall on or before the April 30 in each year, invest or deposit, a sum which shall not be less than fifteen per cent, of the amount of its debentures maturing during the year ending on the March 31 of the next year in any one or more methods of investments or deposits as provided under Companies (Share Capital and Debentures) Rules, 2014, provided that the amount remaining invested or deposited, shall not at any time fall below fifteen percent of the amount of the debentures maturing during the year ending on March 31 of that year.

Maintenance of liquid assets

The RBI through notification dated January 31, 1998, as amended has prescribed that every NBFC shall invest and continue to invest in unencumbered approved securities valued at a price not exceeding the current market price of such securities an amount which shall, at the close of business on any day be not less than 10% in approved securities and the remaining in unencumbered term deposits in any scheduled commercial bank; the aggregate of which shall not be less than 15% of the public deposit outstanding at the last working day of the second preceding quarter.

NBFCs such as our Company, which do not accept public deposits, are subject to lesser degree of regulation as compared to a NBFC-D and are governed by the RBI's Master Directions.

An NBFC-ND is required to inform the RBI of any change in the address, telephone no's, etc. of its Registered Office, names and addresses of its directors/auditors, names and designations of its principal officers, the specimen signatures of its authorised signatories, within one month from the occurrence of such an event. Further, an NBFC-ND would need to ensure that its registration with the RBI remains current.

All NBFCs (whether accepting public deposits or not) having an asset base of ₹1,000 million or more or holding public deposits of ₹ 200 million lakhs or more (irrespective of asset size) as per their last audited balance sheet are required to comply with the RBI Guidelines for an Asset-Liability Management System.

5. Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 dated September 1, 2016, as amended (*the “NBFC-ND-SI Directions”*)

The Master Directions are, *inter alia*, applicable to Systemically Important Non-Deposit taking Non-Banking Financial Company (“NBFC-ND-SIs”) registered with the RBI under the provisions of the RBI Act.

The Master Directions which contain detailed directions on prudential norms for an NBFC-ND. The Master Directions, amongst other requirements prescribe guidelines regarding income recognition, asset classification, provisioning requirements, constitution of audit committee, capital adequacy requirements, and concentration of credit/investment.

Asset Classification

The Master Directions require that every NBFC (except NBFC-Micro Finance Institutions) shall after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realization, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- (i) Standard assets;
- (ii) Sub-standard assets;
- (iii) Doubtful assets; and
- (iv) Loss assets.

Further, such class of assets would not be entitled to be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for such upgradation. Further, as per the Master Directions, the asset classification norms for NBFCs are given below:

- (i) A standard asset shall mean the asset in respect of which, no default in repayment of principal or payment of interest is perceived and which does not disclose any problem or carry more than normal risk attached to the business;
- (ii) A sub-standard asset shall mean (i) an asset that has been classified as NPA for a period not exceeding 12 months for the financial year ending March 31, 2018 and thereafter or (ii) an asset where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms
- (iii) For all term loans, hire-purchase assets, lease assets and other assets, a doubtful asset shall mean an asset that has remained sub-standard for a period exceeding 12 months for the financial year ending March 31, 2018 and thereafter.
- (iv) Loss asset would mean:
 - (a) an asset which has been identified as loss asset by the applicable NBFC or its internal or external auditor or by the RBI during the inspection of the applicable NBFC, to the extent it is not written off by the applicable NBFC; and

- (b) an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.
- (v) Further, the Master Directions define NPA as:
 - (a) an asset, in respect of which, interest has remained overdue for a period of six months or more;
 - (b) a term loan inclusive of unpaid interest, when the instalment is overdue for a period of six months or more or on which interest amount remained overdue for a period of six months or more;
 - (c) a demand or call loan, which remained overdue for a period of six months or more from the date of demand or call or on which interest amount remained overdue for a period of six months or more;
 - (d) a bill which remains overdue for a period of six months or more;
 - (e) the interest in respect of a debt or the income on receivables under the head 'other current assets' in the nature of short term loans/advances, which facility remained overdue for a period of six months or more;
 - (f) any dues on account of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of six months or more;
 - (g) the lease rental and hire purchase instalment, which has become overdue for a period of twelve months or more;
 - (h) in respect of loans, advances and other credit facilities (including bills purchased and discounted), the balance outstanding under the credit facilities (including accrued interest) made available to the same borrower / beneficiary when any of the above credit facilities becomes non-performing asset

Provided that the period of 'six months or more' stipulated in sub-clauses (a) to (f) shall be 'five months or more' for the financial year ending March 31, 2016; 'four months or more' for the financial year ending March 31, 2017 and 'three months or more', for the financial year ending March 31, 2018 and thereafter.

Capital Adequacy Norms

Every NBFC shall maintain a minimum capital ratio consisting of Tier I capital and Tier II capital of not less than 15% of its aggregate risk weighted assets on balance sheet and of risk adjusted value of off-balance sheet items. The Tier I capital in respect of Applicable NBFCs, at any point of time, shall not be less than 10%.

Asset Liability Management

RBI has prescribed the 'Guidelines for Asset Liability Management ("ALM") System in relation to NBFCs', ("**ALM Guidelines**") that are applicable to all NBFCs through Guidelines on "Asset Liability Management (ALM) System for NBFCs" dated June 27, 2001 ("**ALM Circular**"). As per the ALM Circular, the applicable NBFCs with an asset base of ₹ 1,000 million, irrespective of whether they are accepting / holding public deposits or not, or holding public deposits of ₹ 200 million or more (irrespective of the asset size) as per their last audited balance sheet, are required to put in place an ALM system. The ALM Guidelines mainly address liquidity and interest rate risks. In case of structural liquidity, the negative gap (i.e. where outflows exceed inflows) in the 1 to 30/31 days' time-bucket should not exceed the prudential limit of 15% of cash outflows of each time-bucket and the cumulative gap of up to one year should not exceed 15% of the cumulative cash outflows of up to one year. In case these limits are exceeded, the measures proposed for bringing the gaps within the limit should be shown by a footnote in the relevant statement.

Pursuant to its circular dated November 4, 2019, the RBI has issued the 'Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies' (the "**LRM Guidelines**") in order to strengthen and raise the standard of the ALM framework applicable to NBFCs. The LRM Guidelines are required to be adhered to by all non-deposit taking NBFCs with asset size of ₹ 10,000 lakhs and above, systemically important Core Investment Companies and all deposit taking NBFCs (irrespective of their asset size). Further, all non-deposit taking NBFCs with asset size of ₹100 billion and above, and all deposit taking NBFCs irrespective of their asset size, are required to maintain a liquidity buffer in terms of liquidity coverage ratio by ensuring that they have sufficient high quality liquid asset ("**HQLA**") to survive any acute liquidity stress scenario lasting for 30 days. The stock of HQLA to be maintained by the NBFCs shall be minimum of 100% of total net cash outflows over the next 30 calendar days. The liquidity coverage ratio requirement shall be binding on NBFCs from December 1, 2020 with the minimum HQLAs to be held being 50% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024. All non-deposit taking NBFCs with asset size of ₹ 50 billion and above but less than ₹ 100 billion shall also maintain the required level of liquidity coverage ratio starting December 1, 2020 with the minimum

HQLAs to be held being 30% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024.

Fair Practices Code

The Master Directions prescribe a fair practices code that is required to be adhered to by NBFCs, and *inter alia*, includes the following:

- (i) Inclusion of necessary information affecting the interest of the borrower in the loan application form.
- (ii) Devising a mechanism to acknowledge receipt of loan applications and indicating a time frame within which such loan applications are to be disposed.
- (iii) Conveying, in writing, to the borrower in the vernacular language as understood by the borrower by means of sanction letter or otherwise, the amount of loan sanctioned along with the terms and conditions thereof. The acceptance of such terms and conditions should be kept on record by the NBFC.
- (iv) Giving notice to the borrower in the vernacular language as understood by the borrower of any change in the terms and conditions and ensuring that changes are effected only prospectively.
- (v) Refraining from interfering in the affairs of the borrowers except for the purposes provided in the terms and conditions of the loan agreement.
- (vi) Not resorting to undue harassment in the matter of recovery of loans.
- (vii) Lay down an appropriate grievance redressal mechanism for resolving disputes.
- (viii) Periodical review of the compliance of the fair practices code and the functioning of the grievances redressal mechanism at various levels of management, a consolidated report whereof may be submitted to the board of directors at regular intervals, as may be prescribed by it.

NBFCs shall constitute grievance redressal machinery as contained in RBI's circular on Grievance Redressal Mechanism, vide DNBS. CC. PD. No. 320/03.10. 01/2012-13 dated February 18, 2013 which states that at the operational level, all NBFCs shall display the name and contact details of the grievance redressal officer prominently at their branches/ places where business is transacted. The designated officer shall ensure that genuine grievances of customers are redressed promptly without involving any delay. It shall be clearly indicated that NBFCs' grievance redressal machinery shall also deal with the issue relating to services provided by the outsourced agency. Generally, a time limit of 30 (thirty) days may be given to the customers for preferring their complaints/ grievances. The grievance redressal procedure of the NBFC and the time frame fixed for responding to the complaints shall be placed on the NBFC's website.

Corporate Governance Guidelines

The Master Directions prescribed certain corporate governance norms required to be adhered to by NBFCs. The Master Directions, *inter alia*, provide for constitution of an audit committee, a nomination committee, an asset liability management committee and risk management committee and certain other norms in connection with disclosure, transparency and connected lending. Further, NBFCs with asset size of more than ₹500 billion in categories – investment and credit companies, infrastructure finance companies, micro finance institutions, factors and infrastructure debt funds are required to appoint a chief risk officer (“**CRO**”) with clearly specified role and responsibilities. The CRO is required to function independently so as to ensure highest standards of risk management.

Norms for Excessive Interest Rates

The Master Directions directed all NBFCs to put in place appropriate internal principles and procedures in determining interest rates and processing and other charges. In addition to the aforesaid instruction, the Master Directions regulates the rates of interest charged by the NBFCs. These directions stipulate that the board of each NBFC is required to adopt an interest rate model taking into account the various relevant factors including cost of funds, margin and risk premium. The rate of interest and the approach for gradation of risk and the rationale for charging different rates of interest for different categories of borrowers are required to be disclosed to the borrowers in the application form and expressly communicated in the sanction letter. Further, this is also required to be made available on the NBFCs' website or published in newspapers and is required to be updated in the event of any change therein. Further, the rate of interest would have to be an annualized rate so that the borrower is aware of the exact rates that would be charged to the account.

KYC Guidelines

The RBI has issued a ‘Master Direction on Know Your Customer (KYC) Direction’ dated February 25, 2016, as amended, (“**KYC Guidelines**”) and advised all regulated entities (including NBFCs) to adopt such guidelines with suitable modifications depending upon the activities undertaken by them and ensure that a proper policy framework

on KYC standards duly approved by the board of directors or any committee of the board of directors is put in place. The KYC policies are required to have certain key elements such as customer acceptance policy, customer identification procedures, monitoring of transactions and risk management. Persons authorised by NBFCs for collecting the deposits and their brokers/agents shall be fully compliant with the KYC Guidelines applicable to NBFC.

Monitoring of Frauds Directions

The RBI has issued a 'Master Direction on Monitoring of Frauds in NBFCs (Reserve Bank) Directions, 2016' dated September 29, 2016, as amended ("**Monitoring of Frauds Directions**") which are applicable to all deposit taking NBFCs and NBFC-ND-SIs, and requires them to put in place a reporting system for recording of frauds. All frauds are required to be reported to the RBI. Fraud reports are required to be submitted to the Central Fraud Monitoring Cell of the RBI in case amount of fraud is ₹ 10 million and above. In cases where the amount of fraud is less than ₹10 million, reports shall be sent to the regional office of the Department of Non-Banking Supervision of the RBI, under whose jurisdiction the registered office of the related entity falls. The amounts involved in frauds reported by the entity shall be disclosed in its balance sheet for the year of such reporting.

Returns Master Direction

The RBI has issued a 'Master Direction on Non-Banking Financial Company Returns (Reserve Bank) Directions, 2016' dated September 29, 2016 ("**Returns Master Direction**") which lists detailed instructions in relation to submission of returns prescribed by the RBI for various categories of NBFCs, including their periodicity, reporting time, due date, and the purpose of filing such returns.

Information Technology Framework

Reserve Bank of India has issued 'Master Direction - Information Technology Framework for the NBFC Sector' dated June 8, 2017 ("**IT Directions**"). The focus of the IT direction is on information technology governance, information technology policy, information and cyber security, information technology operations, information security audit, business continuity planning and information technology services outsourcing. These directions are categorized into two parts, those which are applicable to all NBFCs with asset size above ₹500 crores (considered as systemically important) and directions for NBFCs with asset size below ₹ 500 crores. The IT Directions, *inter alia*, mandate NBFCs to form an information technology strategy committee, to formulate an information technology policy, an information security policy and cyber security policy. The IT Directions also prescribe the time frame within which the mandated activities should be completed by the NBFC.

Directions on Managing Risks and Code of Conduct in Outsourcing of Financial Services by NBFCs dated November 9, 2017

The RBI has specified the activities and financial services that cannot be outsourced by NBFCs and provided the bases for deciding materiality of outsourcing. These directions lay down the regulatory and supervisory requirements and risk management practices to be adhered to by the NBFCs, including the adoption of a comprehensive outsourcing policy by the board of such NBFCs. The outsourcing of any activity by an NBFC does not diminish its obligations, and those of its board and senior management. Further, such NBFCs are required to have a robust grievance redress mechanism, which in no way shall be compromised on account of outsourcing.

Auditor's Report Directions

The RBI has issued a 'Master Direction on Non- Banking Financial Companies Auditor's Report (Reserve Bank) Directions, 2016' dated September 29, 2016 ("**Auditor's Report Directions**") which sets out disclosures that are to be included in every auditor's report on the accounts of an NBFC such as: (i) the validity of such NBFC's certificate of registration and whether the NBFC is entitled to continue to hold such certificate of registration in terms of its principal business criteria as of March 31 of the applicable year; and (ii) compliance with net owned fund requirements as laid down in the Master Directions.

Dividend Circular

The RBI has issued a circular on 'Declaration of Dividends by NBFCs' dated June 24, 2021 ("**Dividend Circular**") which specifies, *inter alia*, certain minimum prudential requirements (relating to its capital adequacy, net NPA and other criteria) for an NBFC to be eligible to declare dividend, the maximum permissible dividend payout ratio, the considerations to be taken into account by the board of directors of an NBFC while considering the proposal to declare dividend (such as supervisory findings of the RBI on divergence in classification and provisioning of NPAs, qualifications in the auditors' report to the financial statements, and long term growth plans) and the manner of reporting details of dividends declared. The Dividend Circular will be applicable to NBFCs for the declaration of dividends from the profits of the financial year ending March 31, 2022 and onwards

The Reserve Bank – Integrated Ombudsman Scheme, 2021 (the "Ombudsman Scheme") dated November 12, 2021

The RBI through its 'Statement on Developmental and Regulatory Policies' dated February 5, 2021, proposed the

integration of the Ombudsman Scheme for Non-Banking Financial Companies, 2018 with the Banking Ombudsman Scheme, 2006 and the Ombudsman Scheme for Digital Transactions, 2019 under the ‘One Nation One Ombudsman’ approach for grievance redressal and has done the same through the Ombudsman Scheme effective from November 12, 2021. This is intended to make the process of redressal of grievances easier by enabling the customers of the banks, NBFCs and non-bank issuers of prepaid payment instruments to register their complaints under the integrated scheme, with one centralized reference point.

The Ombudsman Scheme was introduced by the RBI with the object of enabling resolution of complaints in respect of certain services rendered by certain categories of NBFCs, to facilitate the satisfaction or settlement of such complaints, and matters connected therewith. Further, the RBI through its notification on Appointment of Internal Ombudsman by Non-Banking Financial Companies dated November 15, 2021 has established the office of Internal Ombudsman for NBFCs along with its roles and responsibilities.

The Ombudsman Scheme, *inter alia*, establishes the office of the ombudsman, specifies the procedure for the redressal of grievances and the mechanism for appeals against the awards passed by the ombudsman.

Appointment of Internal Ombudsman by Non-Banking Financial Companies dated November 15, 2021

The RBI notification requires the appointment of internal ombudsman by NBFCs fulfilling the following criteria as on the date of the circular: (a) Deposit-taking NBFCs (NBFCs-D) with 10 or more branches. (b) Non-Deposit taking NBFCs (NBFCs-ND) with asset size of ₹ 50 billion and above and having public customer interface. NBFCs are required to internally escalate all complaints that are partly or wholly rejected by the NBFC’s internal grievance redress mechanism to the internal ombudsman for a final decision within a period of three weeks from the date of receipt of the complaint. Thereafter, the internal ombudsman and the NBFC are required to ensure that the final decision is communicated to the complainant within 30 days from the date of receipt of the complaint by the NBFC. In case any complaint is fully or partly rejected even after examination by the internal ombudsman, the NBFC is necessitated to advise to the complainant as part of the reply of the customer’s option to approach the RBI Ombudsman for redress (if the complaint falls under the RBI Ombudsman mechanism) along with complete details.

Anti-Money Laundering

The Prevention of Money Laundering Act, 2002 (“**PMLA**”) was enacted to prevent money-laundering and to provide for confiscation of property derived from or involved in, money-laundering and for matters connected therewith or incidental thereto. Section 12 of the PMLA *inter alia* casts certain obligations on reporting entities (as defined under the PMLA) in relation to preservation of records and reporting of transactions. The Government of India under PMLA has issued the Prevention of Money-laundering (Maintenance of Records) Rules, 2005, as amended (“**PML Rules**”). PMLA & PML Rules extends to all banking companies and financial institutions, including NBFCs and intermediaries.

Further the KYC Guidelines ensure that a proper policy frame work for the PMLA and PML Rules is put in place. Pursuant to the provisions of PMLA, PML Rules and the RBI direction, all NBFCs are advised to appoint a principal officer for internal reporting / reporting to Financial Intelligence Unit – India (FIU-IND) of suspicious transactions and cash transactions and to maintain a system of proper record (i) all cash transactions of value of more than ₹1 million - or its equivalent in foreign currency; (ii) all series of cash transactions integrally connected to each other which have been valued below ₹1 million or its equivalent in foreign currency, where such series of transactions have taken place within a month and the aggregate value of such transaction exceeds ₹1 million; (iii) all transactions involving receipts by non-profit organisations of value more than ₹1 million, or its equivalent in foreign currency; (iv) all cash transactions where forged or counterfeit transactions. The NBFCs shall also appoint a designated director who shall be responsible for ensuring overall compliance as required under the PMLA and the PML Rules.

Additionally, NBFCs should ensure that records pertaining to the identification of their customers and their address are obtained while opening the account and during the course of business relationship, and that the same are properly preserved for at least five years after the business relationship is ended. Also, NBFCs should maintain all necessary records of transactions with the customers, both domestic and international, for at least five years from the date of transaction. The identification records and transaction data is to be made available to the competent authorities upon request.

Master Circular on Prudential Norms

The RBI, pursuant to its ‘Master Circular on Prudential Norms on Income Recognition, Asset Classification and Provisioning Pertaining to Advances’ issued on October 1, 2021 (“**Master Circular on Prudential Norms**”), classifies NPAs into (i) standard assets; (ii) doubtful assets; and (iii) loss assets. The circular also specifies provisioning requirements specific to the classification of the assets. The Master Circular on Prudential Norms also lays down guidelines for classification of assets. It also urges the banks to ensure that while granting loans and advances, realistic repayment schedules may be fixed on the basis of cash flows with borrowers. Further, the Master Circular on Prudential Norms states that policy of income recognition should be objective and based on record of recovery rather than on any

subjective considerations. Similarly, the classification of assets of banks has to be done based on objective criteria which would ensure a uniform and consistent application of the norms.

RBI further issued 'Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications' on November 12, 2021, read with its clarifications dated February 15, 2022, with a view to ensuring uniformity in the implementation of income recognition, asset classification and provisioning norms across all lending institutions. The circular, amongst other matters, requires borrower accounts to be flagged as overdue by lending institutions as part of their day-end processes for the due date, irrespective of the time of running such processes. Similarly, classification of borrower accounts as special mention accounts ("SMA") as well as NPA is required to be undertaken as part of day-end processes for the relevant date, such that the date of SMA/ NPA shall reflect the asset classification status of an account at the day-end of that calendar date. The circular clarifies that the SMA classification requirement for borrower accounts is applicable to all loans, including retail loans, irrespective of size of exposure of the lending institution. Further, the circular provides that upgradation of accounts classified as NPAs may be upgraded to 'standard' only if the entire arrears of interest and principal are paid by the borrower, as opposed to such upgradation being undertaken upon payment of only interest overdues.

The clarifications were made applicable immediately from the date of circular except for the instructions related to specification of due date / repayment date which were made applicable from December 31, 2021 and instructions related to non-performing assets classification in case of interest payments and customer education which will be applicable from March 31, 2022 onwards.

Guidelines on Risk-based Internal Audit ("RBIA") System for Select NBFCs and Urban Co-operative Banks (the "RBIA Guidelines")

RBIA for non-deposit taking NBFCs with an asset size of ₹50 billion and above (the "**RBIA Applicable NBFCs**"), was mandated by the RBI through its notification dated February 3, 2021 bearing reference number DoS.CO.PPG./SEC.05/11.01.005/2020-21. Under the RBIA Guidelines, RBIA Applicable NBFCs are required to implement the RBIA framework by March 31, 2022. The RBIA Guidelines, inter alia, are intended to enhance the efficacy of internal audit systems and contribute to the overall improvement of governance, risk management and control processes followed by RBIA Applicable NBFCs. Under the RBIA Guidelines, the board of directors of the RBIA Applicable NBFC must approve a policy clearly documenting the purpose, authority, and responsibility of the internal audit activity, with a clear demarcation of the role and expectations from risk management function and the RBIA function. It's also mandated that the policy be reviewed periodically, and that the internal audit function not be outsourced. Further, the RBIA Guidelines also require that the risk assessment of business and other functions of RBIA Applicable NBFCs should be conducted at least on an annual basis.

Master Circular dated January 5, 2022 on Bank Finance to Non- Banking Financial Companies

The circular lays down RBI's regulatory policy regarding financing of NBFCs by banks. The circular specifies, inter alia, certain guidelines for bank finance to NBFCs registered with RBI and bank finance to NBFCs not requiring registration. The circular further specifies activities which are not eligible for bank credits (such as certain bills discounted/rediscouted by NBFCs, investments of NBFCs both of current and long-term nature and unsecured loans by NBFCs to any company) and other prohibitions on bank finance to NBFCs. The aforesaid circular also prescribes the prudential ceilings for exposure of banks to NBFCs

6. Guidelines on Securitization of Standard Assets

The RBI through its master direction dated September 1, 2016, provided the guidelines on securitization of standard assets. Further, the guidelines provides that loans can only be assigned or securitized if the NBFC has held them in their books for a specified minimum period. The guidelines also provide a mandatory retention requirement for securitization and assignment transactions. However, to ease the liquidity for NBFCs, the RBI pursuant to the circular dated November 29, 2018, relaxed the Minimum Holding Period (MHP) requirement for originating NBFCs, in respect of loans of original maturity above 5 years, to receipt of repayment of six monthly instalments or two quarterly instalments (as applicable). The said dispensation was initially applicable till six months from the date of issuance of the circular. However, the RBI vide its circular dated May 29, 2019 had extended the dispensation till December 31, 2019, and subsequently vide its circular dated December 31, 2019 has extended the dispensation till June 30, 2020.

Certain requirements are to be met by the originating NBFCs on transactions involving transfer of assets through direct assignment of cash flows and the underlying securities. NBFCs can transfer a single standard asset or a part of such asset or a portfolio of such assets to financial entities through an assignment deed with the exception of (i) revolving credit facilities (e.g., credit card receivables); (ii) assets purchased from other entities; (iii) assets with bullet repayment of both principal and interest. However, these guidelines shall not apply to: (i) transfer of loan accounts of borrowers by an NBFC to other NBFCs/ FIs /banks and vice versa, at the request/ instance of borrower; (ii) trading in bonds; (iii) sale of entire portfolio of assets consequent upon a decision to exit the line of business completely. Such a decision shall have the approval of board of directors of the NBFC; (iv) consortium and syndication arrangements; (v) any other arrangement/ transactions, specifically exempted by the Reserve Bank of India.

In order to limit the extent of effective control of transferred assets by the seller in the case of direct assignment transactions, NBFCs shall not have any re-purchase agreement including through clean-up calls on the transferred assets.

Master Direction – Reserve Bank of India (Securitisation of Standard Assets) Directions, 2021

These directions are applicable to securitisation transactions undertaken subsequent to the issue of these directions. These are applicable to all transactions involving securitisation of standard assets involving Scheduled Commercial Banks, All India Term Financial Institutions, Small Finance Banks, Non-Banking Financial Companies (NBFCs) and Housing Finance Companies (HFCs). The directions provide a negative list i.e., list of the assets that cannot be securitised. The directions specify a minimum ticket size of Rs. 1 crore for issuance of securitisation notes. In the directions, RBI has the Minimum Retention Requirement (MRR) for different asset classes. For underlying loans with original maturity of 24 months or less, the MRR will be 5 per cent of the book value of the loans being securitised. For those with original maturity of more than 24 months as well as loans with bullet repayments, the MRR shall be 10 per cent of the book value of the loans being securitised. In the case of residential mortgage-backed securities, the MRR for the originator shall be 5 per cent of the book value of the loans being securitised, irrespective of the original maturity.

7. External Commercial Borrowings (ECB) Policy

The Reserve Bank of India has through the ‘Master Direction on External Commercial Borrowings, Trade Credits and Structured Obligations’ dated March 26, 2019 (the “**ECB Policy**”), notified the external commercial borrowings framework. Few of the changes as per the ECB Policy are, NBFCs, being eligible entities to receive FDI, are permitted to raise ECB up to USD 750 million or equivalent in a financial year under the automatic route and exceeding USD 750 million or equivalent in a financial year under the approval route and the eligible borrowers have been expanded to include all entities eligible to receive FDI. Vide RBI Notification No. FEMA. 3(R)(3)/2022-RB, dated 28.07.2022, the automatic route limit stands temporarily increased from USD 750 million or equivalent to USD 1.5 billion or equivalent. This relaxation was available for ECBs raised till December 31, 2022.

The ECB Policy, *inter alia*, provides for various aspects of ECB transactions, including eligible borrowers, recognised lenders, route of the ECB, minimum average maturity period, all-in-cost ceiling per annum.

8. Revised Regulatory Framework for NBFCs- Scale Based Classification

The RBI on October 22, 2021 put in place a revised regulatory framework for NBFCs (“**SBR Framework**”) which are effective from October 1, 2022 read with the detailed guidelines put in place by the RBI in its circular dated April 19, 2022. The SBR Framework for NBFCs contemplates the following layers of NBFCs:

- (i) **Base Layer:** The Base Layer shall comprise of (a) non-deposit taking NBFCs below the asset size of ₹10 billion crore and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface.
- (ii) **Middle Layer:** The Middle Layer shall consist of (a) all deposit taking NBFCs (NBFC-Ds), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹1000 crore and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF-NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFC-IFCs).
- (iii) **Upper Layer:** The Upper Layer shall comprise of those NBFCs which are specifically identified by the Reserve Bank as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor. Further, the RBI, pursuant to its circular dated June 6, 2022, put in place provisioning norms in respect of 'standard' assets for NBFCs for the upper layer at certain specified rates.
- (iv) **Top Layer:** The Top Layer will ideally remain empty. This layer can get populated if the Reserve Bank is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFCs in the Upper Layer.

The SBR Framework also prescribes specific regulatory changes for each of the different layers in the regulatory structure, that is, capital guidelines, prudential guidelines, governance guidelines and the transition path. Further, the RBI, pursuant to its circular dated April 19, 2022 also prescribed certain additional disclosure requirements to be made by NBFCs in their financial statements, applicable for annual financial statements for the year ending March 31, 2023 onwards. Further, our Company has been identified as NBFC-UL.

9. Loans and Advances – Regulatory Restrictions - NBFCs, dated April 19, 2022, as amended

The RBI introduced certain regulatory restrictions on lending in respect of NBFCs placed in different layers. The regulation states Loans and advances to Directors - Unless sanctioned by the Board of Directors/Committee of Directors, NBFCs shall not grant loans and advances aggregating 50 million and above to their directors (including the Chairman/ Managing Director) or relatives of directors: (a) any firm in which any of their directors or their relatives is interested as a partner, manager, employee or guarantor, (b) any firm in which any of their directors or their relatives is interested as a partner, manager, employee or guarantor, (c) any company in which any of their directors, or their relatives is interested as a major shareholder, director, manager, employee or guarantor with respect to directors and separate set of guidelines for the advances to senior officers to the NBFCs, to the real estate sector and base layer guidelines.

10. RBI notification - Compliance Function and Role of Chief Compliance Officer (CCO) - NBFCs dated April 11, 2022, as amended

The NBFC-UL and NBFC-ML shall have an independent Compliance Function and a Chief Compliance Officer (CCO) latest by April 1, 2023 and October 1, 2023, respectively. The Board/Audit Committee (Board committee) shall ensure that an appropriate Compliance Policy is put in place and implemented. The Senior Management shall carry out an exercise, at least once a year, to identify and assess the major compliance risk facing the NBFC and formulate plans to manage it.

11. Registration of Factors (Reserve Bank) Regulations, 2022

The RBI on January 14, 2022 under section 3 read with section 31A of the Factoring Regulations, 2011 put in place a regulatory framework pertaining to the manner of granting certificate of registration to the companies which propose to do factoring business.

Company entitled to Dematerialize its Securities Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialise its existing shares, debentures and other securities, rematerialise its existing shares, debentures and other securities held in a Depository and/or offer further shares, debentures and other securities in dematerialized form pursuant to Depositories Act, 1996 and Rules framed there under.

Notwithstanding anything contained elsewhere in these Articles, where any shares/other securities of the Company are either issued or held in dematerialised form, the rights and obligations of all parties concerned and all matters connected therewith or incidental thereto, shall be governed by the provisions of the Depositories Act, 1996 and/or by the provisions of any other applicable law in force from time to time.

Option to receive share certificate or hold shares with Depository A person subscribing to shares offered by the Company shall have the option either to receive certificates for such shares or hold the shares in a dematerialised form with a Depository. Where a person opts to hold any share with the Depository, the Company shall intimate such Depository the details of allotment of the share to enable the Depository to enter in its records the name of such person as the beneficial owner.

Issue of new certificate in place of one defaced, lost or destroyed If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deems adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article may be issued on payment of twenty rupees for each certificate or such amount as may be fixed by the Board.

Splitting and consolidation of share certificates Any person (whether the registered holder of the shares or not) being in possession of any shares certificates for the time being may surrender the said share certificate or certificates to the Company and apply to the Company for the issue of two or more fresh share certificates comprising the same shares, bearing the same distinctive numbers comprised in the said certificate and in such separate lots as he may desire in lieu of such share certificate so surrendered or for the consolidation of the shares comprised in such surrendered certificates into one certificate and the Board shall issue one or more such certificates as the case may be in the name of the person or persons in whose name the original certificate or certificates stood and the new certificate so issued upon payment of fee of twenty rupees for each certificate shall be delivered to the person who surrendered the original certificate or to his order

Where any shares under the powers in that behalf therein contained are sold by the Board and the certificate thereof has not been delivered up to the Company the former holder of the said shares, the Board may issue a new certificate for such shares distinguishing it in such manner as they think fit from the certificate not so delivered up.

Company not to recognise shares held in trust by any person Except as required by law, no person shall be recognised by the Company as holding any share upon any trust and the Company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these Regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.

Provisions as to issue of certificates to apply mutatis mutandis to debentures etc. The provisions of the foregoing Articles relating to issue of certificates shall mutatis mutandis apply to issue of certificates for any other securities of the Company including debentures (except where the Act otherwise requires).

Alteration of capital

Power to alter share capital Subject to the provisions of the Act, the Company may -

- (a) increase the share capital by such sum, to be divided into shares of such amount as it thinks expedient;
- (b) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares:
- (c) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (d) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the Memorandum so however, that in the subdivision the proportion between the amount paid and the amount,

if any, unpaid on each reduced shares shall be the same as it was in the case of the shares from which the reduced share is derived;

Provided that the resolution whereby any share is sub-divided may determine that, as between the holders of the shares resulting from such sub-division one or more of such shares shall have some preference or special advantage as regards the dividend, capital or otherwise over or as compared with the others.

- (e) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled.

Provided that any consolidation and division which results in changes in the voting percentage of members shall require applicable approvals under the Act;

Shares converted into stock

Where shares are converted into stock, the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same Articles under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit.

Provided that the Board may, from time to time, fix the minimum amount of stock transferable and restrict or forbid the transfer of fractions of that minimum, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose;

Right of stockholders

The holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage; such of these Articles of the Company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder"/"member" shall include "stock" and "stock-holder" respectively.

Reduction of capital

The Company may reduce in any manner and in accordance with the provisions of the Act and the Rules —

- (a) its share capital; and/or
- (b) any capital redemption reserve account; and/or
- (c) any securities premium account; and/or
- (d) any other Reserve as may be available.

Calls on shares

Board may make calls

The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times.

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

Notice of call

Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his shares.

Board may extend time for payment

The Board may, from time to time, at its discretion, extend the time fixed for the payment of any call in respect of one or more members as the Board may deem appropriate in any circumstances, but no members shall be entitled to such extension save as a matter of grace and favour.

Revocation or postponement of call

A call may be revoked or postponed at the discretion of the Board.

Call to take effect from date of resolution

A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid by installments.

Liability of joint holders of shares	The joint holders of a share shall be jointly and severally liable to pay all calls or instalments due in respect thereof.
When interest on call or instalment payable	If a sum called in respect of a share is not paid before or on the day appointed for payment thereof (the “due date”), the person from whom the sum is due shall pay interest thereon from the due date to the time of actual payment at such rate as may be determined by the Board.
Board may waive interest	The Board shall be at liberty to waive payment of any such interest wholly or in part.
Sums deemed to be calls	Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these Articles, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
Effect of non-payment of sums	In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
Payment in anticipation of calls may carry interest	<p>The Board -</p> <ul style="list-style-type: none"> (a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and (b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such as may be agreed upon between the Board and the member paying the sum in advance. <p>Nothing contained in this clause shall confer on the member (a) any right to participate in profits or dividends or (b) any voting rights in respect of the moneys so paid by him until the same would, but for such payment, become presently payable by him.</p>
Instalment on shares to be duly paid	If by the conditions of allotment of any shares, the whole or part of the amount of issue price thereof shall be payable by instalment, then every such instalment shall, when due, be paid to the Company by the person who, for the time being and from time to time, is or shall be the registered holder of the share or the legal representative of a deceased registered holder.
Calls on shares of same class to be made on uniform basis	<p>Where any calls for further share capital are made on shares, such calls shall be made on a uniform basis on all shares falling under the same class.</p> <p>For the purposes of this Article, shares of the same nominal value on which different amounts have been paid-up shall not be deemed to fall under the same class.</p>
Deposit and calls, etc., to be a debt payable immediately	The money, (if any), which the Board shall, on the allotment of any shares being made by them, require or direct to be paid by way of deposit, call or otherwise, in respect of any shares allotted by them, shall, immediately on the insertion of the name of the allottee in the Register of Members as the name of the holder of such shares, become a debt due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.
Partial payment not to preclude forfeiture	Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any share nor any part payment or satisfaction thereof nor the receipt by the Company of a portion of any money which shall from time to time be due from any member in respect of any share either by way of principal or interest nor any indulgence granted by the Company in respect of payment of any such money shall preclude the forfeiture of such shares as herein provided.
Provisions as to calls to apply <i>mutatis mutandis</i> to debentures, etc.	The provisions of these Articles relating to calls shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.

Lien

Company's lien on shares	<p>The Company shall have a first and paramount lien:</p> <ul style="list-style-type: none"> (a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
--------------------------	--

- (b) on all shares (not being fully paid shares) standing registered in the name of a member, for all monies presently payable by him or his estate to the Company:

Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

Lien to extend to dividends, etc.

The Company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

Waiver of lien in case of registration

Unless otherwise agreed, the registration of a transfer of shares shall operate as a waiver of the Company's lien.

The Board may at any time declare any shares wholly or in part to be exempt from the provisions of this clause.

Enforcing lien by sale

The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:

Provided that no sale shall be made—

- (a) unless a sum in respect of which the lien exists is presently payable;

Or

- (b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or to the person entitled thereto by reason of his death or insolvency.

Upon any such sale as aforesaid the certificates in respect of the shares sold shall stand cancelled and become null and void and of no effect and the Board shall be entitled to issue a new certificate or certificates in lieu thereof to the purchaser or purchasers concerned.

Validity of sale

To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.

Purchaser to be registered holder

The purchaser shall be registered as the holder of the shares comprised in any such transfer.

Purchaser not affected

The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings with reference to the sale.

Application of proceeds of sale

The proceeds of the sale after payment of the costs of such sale shall be received by the Company and applied towards payment of such part of the amount in respect of which the lien exists as is presently payable.

Payment of residual money

The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Outsider's lien not to affect Company's lien

In exercising its lien, the Company shall be entitled to treat the registered holder of any share as the absolute owner thereof and accordingly shall not (except as ordered by a court of competent jurisdiction or unless required by any statute) be bound to recognise any equitable or other claim to, or interest in, such share on the part of any other person, whether a creditor of the registered holder or otherwise. The Company's lien shall prevail notwithstanding that it has received notice of any such claim.

Forfeiture of shares

If call or instalment not paid notice must be given

If a member fails to pay any call, or instalment of a call or any money due in respect of any share, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid or adjudgement or decree in respect thereof remains unsatisfied in whole or in part, serve a notice on him requiring payment of so much of the call or instalment or other money as is unpaid, together with any interest which may have accrued and all expenses that may have been incurred by the Company by reason of non-payment.

Form of notice	<p>The notice aforesaid shall:</p> <ol style="list-style-type: none"> (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
In default of payment of shares to be forfeited	If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited shares and not actually paid before the forfeiture.
Receipt of part amount or grant of indulgence not to affect forfeiture	Neither the receipt by the Company for a portion of any money which may from time to time be due from any member in respect of his shares, nor any indulgence that may be granted by the Company in respect of payment of any such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture in respect of such shares as herein provided.
Entry of forfeiture in Register of Members	When any share shall have been so forfeited, notice of the forfeiture shall be given to the defaulting member and an entry of the forfeiture with the date thereof, shall forthwith be made in the Register of Members but no forfeiture shall be invalidated by any omission or neglect or any failure to give such notice or make such entry as aforesaid.
Effect of forfeiture	The forfeiture of a share shall involve extinction at the time of forfeiture, of all interest in and all claims and demands against the Company, in respect of the share and all other rights incidental to the share.
Sale of forfeited shares	A forfeited share shall be deemed to be the property of the Company and may be sold or re-allotted or otherwise disposed of in such manner as the Board thinks fit.
Cancellation of forfeiture	At any time before a sale, re-allotment or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
Members still liable to pay money owing at the time of forfeiture	A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay, and shall pay, to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares.
Member still liable to pay money owing at time of forfeiture and interest	All such monies payable shall be paid together with interest thereon at such rate as the Board may determine, from the time of forfeiture until payment or realisation. The Board may, if it thinks fit, but without being under any obligation to do so, enforce the payment of the whole or any portion of the monies due, without any allowance for the value of the shares at the time of forfeiture or waive payment in whole or in part.
Cessation of liability	The liability of such person shall cease if and when the Company shall have received payment in full of all such monies in respect of the shares.
Declaration of forfeiture	A duly verified declaration in writing that the declarant is a Director, the Manager or the secretary of the Company, and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share and that declaration and the receipt of the Company for the consideration, if any, given for the shares on the sale or disposition thereof, shall constitute a good title to the share.
Title of purchaser and transferee of forfeited shares	The Company may receive the consideration, if any, given for the share on any sale, re-allotment or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of.
Transferee to be registered as holder	The transferee shall thereupon be registered as the holder of the share.
Transferee not affected	The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or disposal of the share.
Validity of sale	Upon any sale after forfeiture or for enforcing a lien in exercise of the powers hereinabove given, the Board may, if necessary, appoint some person to execute an instrument for transfer of the shares sold and cause the purchaser's name to be entered in the Register

of Members in respect of the shares sold and after his name has been entered in the Register in respect of such shares the validity of the sale shall not be impeached by any person.

Cancellation of share certificate in respect of forfeited shares	Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate(s), if any, originally issued in respect of the relative shares shall (unless the same shall on demand by the Company has been previously surrendered to it by the defaulting member) stand cancelled and become null and void and be of no effect, and the Board shall be entitled to issue a duplicate certificate(s) in respect of the said shares to the person(s) entitled thereto.
Surrender of shares	The Board may, accept a surrender of any share from or by any member desirous of surrendering them on such terms as they think fit.
Sums deemed to be calls	The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
Provisions as to forfeiture of shares to apply <i>mutatis mutandis</i> to debentures, etc.	The provisions of these Articles relating to forfeiture of shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.

Transfer of shares

Instrument of transfer to be executed by transferor and transferee	<p>The instrument of transfer of any share in the Company shall be executed by or on behalf of both the transferor and transferee.</p> <p>The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the Register of Members in respect thereof.</p>
Form of Transfer	<p>Subject to the provisions of these Articles, shares in the Company may be transferred by an instrument in writing in such form and by such procedure as from time to time may be prescribed by law.</p> <p>Nothing in this Article shall apply to a transfer of securities effected by the transferor and transferee both of whom are entered as beneficial owners in the records of a Depository.</p>
Application of Transfer	<p>An application for the registration of a transfer of the shares in the Company may be made either by the transferor or the transferee.</p> <p>Where the application is made by the transferor and relates to partly paid shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the receipt of the notice.</p> <p>For the purposes of this Article, above notice to the transferee shall be deemed to have been duly given if it is despatched by registered post to the transferee at the address given in the instrument of transfer and shall be deemed to have been duly delivered at the time at which it would have been delivered in the ordinary course of post.</p> <p>The Company shall not register a transfer of shares in the Company unless a proper instrument of transfer duly stamped and executed by or on behalf of the transferor and by or on behalf of the transferee along with requisite documents as prescribed by law or by the Company at its own discretion, has been delivered to the Company along with the certificate relating to the shares, or if no such certificate is in existence, along with the letter of allotment of securities. Provided that where, on an application in writing made to the Company by the transferee and bearing the stamp required for an instrument of transfer, it is provided to the satisfaction of the Board that the instrument of transfer signed by or on behalf of the transferor and by or on behalf of the transferee has been lost, the Company may register the transfer on such terms as to indemnity as the Board may think fit, provided further that nothing in this Article shall prejudice any power of the Company to register as shareholder any person to whom the right to any shares in the Company has been transmitted by operation of law.</p>
Board may refuse to register transfer	<p>The Board may, subject to the right of appeal conferred by the Act decline to register -</p> <ol style="list-style-type: none"> (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or (b) any transfer of shares on which the Company has a lien.

Subject to the provisions of the Act and the provisions of these Articles, or any statutory modification thereof for the time being in force, the Board may, at their own absolute and uncontrolled discretion, and without assigning any reason, decline to register or acknowledge any transfer of shares and, in particular, may so decline such transfer in cases mentioned hereinabove and such refusal shall not be affected by the fact that the proposed transferee is already a member. The registration of a transfer shall be conclusive evidence of the approval of the transfer by the Board.

Fee for Transfer/Transmission of shares	No fee shall be charged by the Company for transfer of shares or transmission of shares or for registration of any Powers of Attorney, Probates, Letter of Administration or similar documents except in respect of issue of fresh Share Certificates in lieu of surrendered certificates for consolidation, splitting or otherwise.
Board may decline to recognise instrument of transfer	<p>In case of shares held in physical form, the Board may decline to recognise any instrument of transfer unless -</p> <ul style="list-style-type: none"> (a) the instrument of transfer is duly executed and is in the form as prescribed in the Rules made under the Act; (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and (c) the instrument of transfer is in respect of only one class of shares.
Notice of refusal to be given to transferor and transferee	If the Company refuses to register the transfer of any share or of any share right therein, the Company shall within one month from the date on which the instrument of transfer was lodged with the Company send notice of refusal of the transferee and transferor or to the person giving information of the transmission, as the case may be, and thereupon the provision of Section 56 of the Act or any statutory modification thereof for the time being in force shall apply.
Transfer by legal representative	A transfer of a share in the Company of a deceased member thereof made by his legal representative shall, although the legal representative is not himself a member, be as valid as if he had been a member at the time of the execution of the instrument of transfer.
Custody of Transfer	The instrument of transfer shall after registration be retained by the Company and shall remain in its custody. All instruments of transfer which the Board may decline to register shall on demand be returned to the persons depositing the same. The Board may cause to be destroyed all transfer deeds lying with the Company for a period as prescribed under the Act.
Transfer of shares when suspended	<p>On giving of previous notice of at least seven days or such lesser period in accordance with the Act and Rules made thereunder or the Listing Regulations, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:</p> <p>Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty five days in the aggregate in any year.</p>
Register of Members	The Company shall maintain "Register of Members" in physical or electronic form and shall enter the particulars of every transfer or transmission of any shares and all other particulars of share as required by the Act in such register.
Closure of Register of Members	The Board of Directors may close the Register of Members or the register of debenture holders or the register of other security holders for any period or periods not exceeding in the aggregate forty-five days in each year, but not exceeding thirty days at any one time, subject to giving of previous notice of at least seven days or such lesser period as may be specified by SEBI after giving previous notice of not less than 7 days' by an advertisement in a vernacular newspaper in the principle vernacular language of the district and having wide circulation in the place where the registered office of the Company is situated, and at least once in English language in an English newspaper circulating in that district and having wide circulation in the place where the registered office of the Company is situated and publish the notice on the website of the Company or in such other manner as may be required by the Act, Rules or Regulations in force.
Provisions as to transfer of shares to apply <i>mutatis mutandis</i> to debentures, etc.	The provisions of these Articles relating to transfer of shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.

Transmission of shares

Title to shares on death of a member	<p>On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees (nominated as per section 72 of the Act) or legal representatives where he was a sole holder, shall be the only persons recognised by the Company as having any title to his interest in the shares. The executors or administrators of a deceased member or a holder of a Succession Certificate shall be the only person whom the Company will be bound to recognise as having any title to the shares registered in the name of such member and the Company shall not be bound to recognise such executors or administrators unless such executors or administrators shall have first obtained Probate of will or Letters of Administration as the case may be from a duly Constituted Court in India or Succession Certificate as may be applicable in terms of Indian Succession Act, 1925 and in absence of which, on production of such other documents as the Company may require subject to the provisions of the Act, Rules and regulations in this regard.</p> <p>Provided that if the member is a member of a Joint Hindu family, the Board on being satisfied to that effect and on being satisfied that the shares standing in his name in fact belong to the joint family may recognize the survivors or the Karta thereof as having title to the shares registered in the name of such member after production of such documents as may be prescribed under the Act or Rules or regulations in force and at the discretion of the Board.</p> <p>Notwithstanding anything contained hereinabove, in the event of any holder(s) of shares of the Company making any nomination as per section 72 of the Act, such nominee shall subject to and in accordance with the provisions of the Act, be recognised by the Company as having title to those shares in the event of death of the original holder.</p>
Estate of deceased member liable	Nothing in clause (1) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
Death or insolvency of a member	<p>Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either -</p> <ul style="list-style-type: none">(a) to be registered himself as holder of the share; or(b) to make such transfer of the share as the deceased or insolvent member could have made.
Board's right unaffected	The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
Indemnity to the Company	The Company shall be fully indemnified by such person from all liability, if any, by actions taken by the Board to give effect to such registration or transfer.
Right to election of holder of share	If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the Company a notice in writing signed by him stating that he so elects.
Manner of testifying election	If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
Limitations applicable to Notice	All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
Claimant to be entitled to same advantage	<p>A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the Company:</p> <p>Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.</p>

Company's right to register transfer to apparent legal owner	The Company shall incur no liability or responsibility whether in consequence of their registering or giving effect to any transfer of shares made or purporting to be made, by any apparent legal owner thereof (as shown or appearing in the register of members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the same shares notwithstanding that the Company may have had notice of such equitable right or title or interest or notice prohibiting registration of such transfer and may have entered such notice or referred thereto in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in the book of the Company; but the Company shall nevertheless be at liberty to have regard and attend to any such notice and give effect thereto, if the Board shall think fit.
--	---

Provisions as to transmission to apply <i>mutatis mutandis</i> to debentures, etc.	The provisions of these Articles relating to transmission by operation of law shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company.
--	--

Joint Holders

Joint-holders	Where two or more persons are registered as joint holders (not more than three) of any share, they shall be deemed (so far as the Company is concerned) to hold the same as joint tenants with benefits of survivorship, subject to the following and other provisions contained in these Articles.
---------------	---

Liability of Joint holders	The joint-holders of any share shall be liable severally as well as jointly for and in respect of all calls or instalments and other payments which ought to be made in respect of such share.
----------------------------	--

Death of one or more joint-holders	On the death of any one or more of such joint-holders, the survivor or survivors shall be the only person or persons recognized by the Company as having any title to the share but the Board may require such evidence of death as they may deem fit, and nothing herein contained shall be taken to release the estate of a deceased joint-holder from any liability on shares held by him jointly with any other person.
------------------------------------	---

Receipt of one joint holder sufficient	Any one of such joint holders may give effectual receipts of any dividends, interests or other moneys payable in respect of such share.
--	---

Delivery of certificate and giving of notice to first named holder	Only the person whose name stands first in the register of members as one of the joint-holders of any share shall be entitled to the delivery of certificate, if any, relating to such share or to receive notice (which term shall be deemed to include all relevant documents) and any notice served on or sent to such person shall be deemed service on all the joint-holders.
--	--

Vote of joint holders	Any one of two or more joint-holders may vote at any meeting either personally or by attorney or by proxy in respect of such shares as if he were solely entitled thereto and if more than one of such joint holders be present at any meeting personally or by proxy or by attorney then that one of such persons so present whose name stands first or higher (as the case may be) on the register in respect of such shares shall alone be entitled to vote in respect thereof. Several executors or administrators of a deceased member in whose (deceased member) sole name any share stands, shall for the purpose of this sub clause be deemed joint-holders.
-----------------------	--

Provisions as to joint holders as to shares to apply <i>mutatis mutandis</i> to debentures, etc.	The provisions of these Articles relating to joint holders of shares shall <i>mutatis mutandis</i> apply to any other securities including debentures of the Company registered in joint names.
--	---

--	---

Provided however that if the Registrar of Companies or any other statutory authority as prescribed by the Act, for any special reason, extends the time within which any Annual General Meeting shall be held by a further period not exceeding three months, then the Annual General Meeting may be held within additional time as fixed by the Registrar or such other authority.

Except in cases where the Registrar has given an extension of time as aforesaid for holding any Annual General Meeting, not more than fifteen months shall elapse between the date of one Annual General Meeting and that of the next.

Date, place and time of convening an Annual General Meeting

Subject to the provisions of the Act, every Annual General Meeting shall be called during business hours, that is, between 9 a.m. and 6 p.m. on any day not being a National Holiday.

The meeting shall be held either at the registered office of the Company or at some other place within the city where the registered office is situated as the Board may decide.

Extraordinary General Meeting

All General Meetings other than an Annual General Meeting shall be called Extraordinary General Meeting.

Powers of Board to call Extraordinary General Meeting

The Board may, whenever it thinks fit, call an Extraordinary General Meeting.

Calling of Extraordinary General Meeting on requisition

1. The Board of Directors shall, at the requisition made by such number of members and in such manner prescribed under the Act call an Extraordinary General Meeting of the Company. Such requisition from the members shall be provided in writing or electronic mode at least clear 21 days prior to the proposed date of such Extraordinary General Meeting.

The requisition shall set out the matters for the consideration of which the meeting is to be called and shall be signed by the requisitionists and shall be deposited at the registered office of the Company or sent to the Company by registered post addressed to the registered Office of the Company.

The requisition may consist of several documents in like forms each signed by one or more requisitionists.

Where two or more distinct matters are specified in the requisition, the provisions of sub-clause (1) above shall apply separately in regard to each such matter; and the requisition shall accordingly be valid only in respect of those matters in regard to which the condition specified in that sub-clause is fulfilled.

If the Board of Directors do not, within twenty-one days from the date of the receipt of a valid requisition in regard to any matters, proceed duly to call a meeting for the consideration of those matters on a day not later than forty-five days from the date of the receipt of the requisition, the meeting may be called by the requisitionists themselves within a period of three months from the date of the requisition.

A meeting called under sub-clause (5) above by the requisitionists shall be called and held in the same manner in which the meeting is called and held by the Board.

Any reasonable expenses incurred by the requisitionists by reason of the failure of the Board duly to call a meeting shall be reimbursed to the requisitionists by the Company and any sum so repaid shall be deducted from any fee or other remuneration under Section 197 of the Act payable to such of the Directors who were in default in calling the meeting.

Place of convening Extraordinary General Meeting

A meeting called by the requisitionists shall be held either at the registered office of the Company or at some other place within the city in which the registered office of the Company is situated. All other Extraordinary General Meetings called shall be held at any place within India.

Powers of the Tribunal to convene General Meeting

The Tribunal may subject to the provisions of Section 97 and 98 of the Act and the Rules, convene a meeting of members of the Company.

- (f) he is convicted by a court of any offence, whether involving moral turpitude or otherwise and sentenced in respect thereof to imprisonment for not less than six months:

Provided that the office shall be vacated by the Director even if he has filed an appeal against the order of such court;

- (g) he is removed in pursuance of the provisions of this Act;
- (h) he, having been appointed a Director by virtue of his holding any office or other employment in the holding, subsidiary or associate Company, ceases to hold such office or other employment in that Company.

Removal of Director

Subject to the provisions of Section 169 and other applicable provisions of the Act and these Articles, the Company may by an ordinary resolution remove any Director before the expiry of his period of office after giving him a reasonable opportunity of being heard.

A Special notice pursuant to Section 115 of the Act shall be given of any resolution to remove a Director under this Article or to appoint some other person in place of a Director so removed, at the meeting at which he is removed.

A vacancy created by the removal of a Director may, if he had been appointed by the Company in General Meeting or by the Board, be filled by the appointment of another Director in his place at the meeting at which he is removed, provided special notice of the intended appointment has been given as mentioned hereinabove.

A Director so appointed shall hold office till the date up to which his predecessor would have held office if he had not been removed.

Directors may contract with Company

Subject to the provisions of the Act and, the Articles hereof and the observant and fulfilment thereof, Directors (including Managing Director) shall not be disqualified by reason of their office as such from contracting with the Company either as vendor, purchaser, agent, broker or otherwise, nor shall any such contract, or arrangement entered into by or on behalf of the Company in which any Director shall be in any way interested, be avoided nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realised by any such contract or arrangement by reason only of such Director holding that office, or of the fiduciary relation thereby established, provided that the nature of his interest is disclosed by him/her as provided Section 184 of the Act.

Individual resolution for the appointment of Directors

At a General Meeting of the Company, a motion for appointment of two or more persons as Directors of the Company by a single resolution shall not be moved unless a proposal to move such a motion has first been agreed to at the meeting without any vote being given against it. A resolution moved in contravention of this Article and Section 162 of the Act shall be void whether or not objection was taken when it was moved.

Retirement and Rotation of Directors

Not less than two-third of the total number of Directors of the Company shall be persons whose period of office is liable to determination by retirement of directors by rotation.

At every Annual General Meeting of the Company one- third of such of the Directors for the time being as are liable to retire by rotation or if their number is neither three nor a multiple of three, then the number nearest to one-third shall retire by rotation. The Managing Director(s), Whole-time Director(s) and Independent Director(s) shall not, while they continue to hold that office, be subject to retirement by rotation except to the extent necessary to comply with the provisions of the Act. For the purpose of this Article, 'total number of Directors' shall not include Independent Directors of the Company whether appointed under this Act or any other law for the time being in force.

Ascertainment of Directors retiring by rotation

Subject to the provisions of the Act, the Directors to retire by rotation under the foregoing Article at every Annual General Meeting shall be those who have been longest in office since their last appointment, but as between persons who became Directors on the same day, those who are to retire shall, in default of and subject to any agreement among themselves, be determined by lot.

Retiring Directors to remain in office till successors appointed

At any meeting at which an election of Directors ought to take place, if the vacancy of the retiring Director is not filled up and the meeting has not expressly resolved not to fill the vacancy, the meeting shall stand adjourned till the same day in the next week, at the same time and place, or if that day is a national holiday, till the next succeeding day which is not a holiday, at the same time and place.

If at the adjourned meeting, the vacancy of the retiring Director is not filled up and that the meeting has also not expressly resolved not to fill up the vacancy, the retiring Directors shall be deemed to have been reappointed at the adjourned meeting subject to conditions prescribed under Section 152 of the Act.

The expression 'Retiring Director' means a Director retiring by rotation.

Retiring Director eligible for re-appointment

Subject to the provisions of the Act, a retiring Director shall be eligible for re-appointment and the Company at the Annual General Meeting at which a Director retires in manner aforesaid may fill up the vacated office by electing a person thereto.

Notice of Candidature for office of Director

Subject to the provisions of the Act, any person who is not a retiring Director shall be eligible for appointment to the office of Director at any General Meeting, if he, or some member intending to propose him as a Director has, not less than fourteen days before the meeting, left at the registered office of the Company, a notice in writing under his hand signifying his candidate for the office as a Director or, as the case may be, the intention of such member to propose him as a candidate for that office, as the case may be along with a deposit as prescribed by the Act which shall be refunded to such person or, as the case may be, to the member, if the person proposed gets elected as a Director or gets more than twenty-five per cent of total valid votes cast on such resolution.

Every person (other than a Director retiring by rotation or otherwise or a person who has left at the office of the Company a notice under Section 160 signifying his candidature for the office of a Director) proposed as a candidate for the office of a Director shall sign and file with the Company, his consent in writing to act as a Director, of appointed.

Directors to act only on certain business when number falls below minimum

The continuing Directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing Directors or Director may act for the purpose of increasing the number of Directors to that fixed for the quorum, or of summoning a General Meeting of the Company, but for no other purpose.

Powers of Board

General powers of the Company vested in Board

The business of the Company shall be managed by the Board and the Board may exercise all such powers, and do all such acts and things, as the Company is by these Articles or otherwise authorized to exercise and do, and, not hereby or by the statute or otherwise directed or required to be exercised or done by the Company in General Meeting but subject nevertheless to the provisions of the Act and other laws and of the Memorandum of Association and these Articles and to any regulations, not being inconsistent with the Memorandum of Association and these Articles or the Act, from time to time made by the Company in General Meeting provided that no such regulation shall invalidate any prior act of the Board which would have been valid if such regulation had not been made.

If the Company shall be wound up and the assets available for distribution amongst members as such shall be insufficient to repay the whole of the paid-up capital or capital deemed to be paid-up, such assets shall be distributed so that as nearly as may be the losses shall be borne by the members in proportion to the capital paid-up or deemed to be paid-up at the commencement of the winding up, on the shares held by them respectively; and if in a winding up the assets available for distribution amongst the members shall be more than sufficient to repay the whole of the capital paid-up at the commencement of the winding up, the excess shall be distributed amongst the members in proportion to the capital paid-up or deemed to be paid-up at the commencement of the winding up on the shares held by them respectively. Where capital is paid-up on any shares in advance of calls upon the footing that the same shall carry interest, such capital shall be excluded and shall be repayable in full before any distribution is made on the paid-up capital or capital deemed to be paid-up together with interest at the rate agreed upon. The provisions of this article shall be subject to any special rights or liabilities attached to any special class of shares forming part of the capital of the Company.

If the Company shall be wound up, the liquidator may, with the sanction of a special resolution of the Company and any other sanctions required under the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the Company, whether they shall consist of property of the same kind or not.

For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

 - (e) Reformatted Statement of Basis of Preparation, Significant Accounting Policies, notes to accounts and other explanatory information (enclosed as Annexure V)(hereinafter together referred to as the "Reformatted Standalone Financial Information"), prepared by the Management of the Company in connection with the Proposed Public Issue of Debt Securities of the Company (the "Public Issue") in accordance with the requirements of:
 - i. Section 26 of the Companies Act, 2013 (the "Act") as amended from time to time;
 - ii. Regulation 28(4) read with paragraph 2.2.8 of Part A of Schedule I of the Securities and Exchange Board of India (Issue and Listing of Non- Convertible Securities) Regulations, 2021, as amended to date (the "SEBI NCS Regulations") issued by the Securities and Exchange Board of India ("SEBI"); and
 - iii. the Guidance Note on Reports in Company Prospectuses (Revised 2019) (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"), as amended from time to time, to the extent applicable.

The Reformatted Standalone Financial Information has been approved through circular resolution dated March 31, 2023 by the Debenture Committee of the Board of Directors of the Company for the purpose of inclusion in the Draft Shelf Prospectus ("Draft Shelf Prospectus") and initialled by us for identification purposes only.

Management's Responsibility for the Reformatted Standalone Financial Information

3. The preparation of the Reformatted Standalone Financial Information for the purpose of inclusion in the Draft Shelf Prospectus to be filed with SEBI, National Stock Exchange of India Limited, BSE Limited and the Registrar of Companies ("RoC"), Chennai in connection with the proposed Public Issue, is the responsibility of the Management of the Company. The Reformatted Standalone Financial Information has been prepared by the Management of the Company adopting the Basis of Preparation stated in Note 2.1 to the Reformatted Standalone Financial Information. The Management's responsibility includes designing, implementing and maintaining internal control relevant to the preparation and presentation of the Reformatted Standalone Financial Information. The Management is also responsible for identifying and ensuring that the Company complies with the Act, SEBI NCS Regulations and the Guidance Note.

Auditor's Responsibilities

4. Pursuant to the Request, our responsibility is to report on whether the Reformatted Standalone Financial Information has been prepared, in all material aspects, in accordance with the Basis of Preparation stated in Note 2.1 to the Reformatted Standalone Financial Information. Our work was carried out considering the requirements of Section 26 of the Act, the SEBI NCS Regulations, the Guidance Note to the extent applicable, and other applicable authoritative pronouncements issued by the ICAI. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the SEBI NCS Regulations and the Guidance Note, in connection with the Public Issue.
5. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
6. The Reformatted Standalone Financial Information has been prepared by the Company's Management from Audited Standalone Ind AS financial statements of the Company as at and for the years ended March 31, 2022, March 31, 2021 and March 31, 2020 prepared in accordance with the Indian Accounting Standards ("Ind AS") as prescribed under Section 133 of the Act and other accounting principles generally accepted in India (the "Standalone Ind AS Financial Statements"), which have been approved by the Board of Directors at their meetings held on May 05, 2022, May 07, 2021 and June 03, 2020, respectively.
7. For the purpose of our examination, we have relied on :
 - (a) Auditors' report issued by us on the Standalone Ind AS Financial Statements of the Company as at and for the year ended March 31, 2022 as referred in Paragraph 6 above, on which we issued an unmodified opinion vide our report dated May 05, 2022; and
 - (b) Examination Report issued by the previous auditors M/s S.R. Batliboi & Associates LLP (the "Previous Auditors") on the Reformatted Standalone Financial Information of the Company as at and for the years ended March 31, 2021 and March 31, 2020, on which they issued an unmodified opinion vide their report dated March 31, 2023. The audit for the financial years ended March 31, 2021 and March 31, 2020 was conducted by the Previous Auditors, and accordingly reliance has been placed on the Reformatted Standalone Balance Sheet and the Reformatted Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Reformatted Statement of Changes in Equity, the Reformatted Statement of Cash Flows, the Summary Statement of Significant Accounting Policies, and other explanatory information (collectively, the "2021 and 2020 Reformatted Standalone Financial Information") and examined by them for the said years, on which the Previous Auditors have issued an unmodified opinion vide their examination report dated March 31, 2023. Our opinion included in this report for the said years is based on the report submitted by the Previous Auditors.

Vide their aforementioned report, the Previous Auditors have:

(A) reported that:

(i) the 2021 and 2020 Reformatted Standalone Financial Information have been prepared after regrouping, which is more fully described in significant accounting policies and notes included in the 2021 and 2020 Reformatted Standalone Financial Information.

(ii) the figures of the years ended March 31, 2021 and March 31, 2020 have been regrouped (but not restated retrospectively for changes in accounting policies), wherever necessary, to conform to the classification adopted for the audited standalone financial statements of the Company as at and for the year ended March 31, 2022 on which the current joint auditors have issued an unmodified opinion dated May 05, 2022; and

(B) opined that

The Company is one of the premier diversified non-banking finance companies in India, engaged in providing vehicle finance, home loans and Loan against property.

The Reformatted Standalone Financial Information are presented in INR which is also functional currency of the Company.

2.1 Basis of preparation

The Reformatted Standalone Financial Information of the Company comprises of the Reformatted Standalone Statement of Asset and Liabilities as at March 31, 2022, March 31, 2021 and March 31, 2020, Reformatted Standalone Statement of Profit and Loss (including Other Comprehensive Income), Reformatted Standalone Statement of Changes in Equity and Reformatted Standalone Cash Flow Statement for the each of the years ended March 31, 2022, March 31, 2021 and March 31, 2020 and Notes to the Reformatted Standalone Financial Information (collectively, the "Reformatted Standalone Financial Information"). The Reformatted Standalone Financial Information have been prepared by the Management of the Company for the purpose of inclusion in the Draft Shelf Prospectus ("Draft Prospectus") to be submitted/filed by the Company with the Securities and Exchange Board of India ("SEBI"), National Stock Exchange of India Limited and BSE Limited as per the requirements of Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended issued by SEBI (the "SEBI NCS Regulations"), in connection with the public offering of Secured Redeemable Non-Convertible Debentures ("Offering"). The Reformatted Standalone Financial Information, which have been approved by the Board of Directors of the Company, have been prepared in accordance with the requirements of:

- a) Section 26 of the Companies Act, 2013 ("the Act") as amended;
- b) Regulation 28(4) read with Paragraph 2.2.28 of Part A of Schedule I of the SEBI NCS Regulations; and
- c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended (the "Guidance Note").

The Reformatted Standalone Financial Information have been prepared by the Management from the audited standalone financial statements of the Company as at and for each of the years ended March 31, 2022, March 31, 2021 and March 31, 2020, which are prepared in accordance with Indian Accounting Standards (Ind AS) specified under the Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act, which have been approved by the Board of Directors of the Company at their meetings held on May 5, 2022, May 7, 2021 and June 3, 2020 respectively. These Reformatted Standalone Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of auditor's reports on audited standalone financial statements mentioned above

2.2 Presentation of financial information

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all the following circumstances:

- The normal course of business
- The event of default

- The event of insolvency or bankruptcy of the Company and/or its counterparties

The Covid-19 pandemic has affected several countries across the world, including India, Consequent lockdowns and varying restrictions imposed by the government across several jurisdictions in which the Company operates has considerably impacted company's business operations during the year ended March 31, 2021.

In accordance with the Reserve bank of India (RBI) guidelines related to "Covid-19 regulatory package" dated March 27, 2020 and subsequent guidelines on EMI moratorium dated April 17, 2020 and May 23, 2020 the Company has offered moratorium to its customers based the eligibility for EMIs falling due between March 1, 2020 to August 31, 2020. Further, the Company offered resolution plans to its customers pursuant to RBI's guideline 'Resolution framework for Covid-19 related stress' dated August 6, 2020.

The impact of COVID-19 pandemic including the ongoing "second wave", on Company's operations and financial metrics, will depend on the future developments, which are highly uncertain. Management continues to monitor the evolving situation on an ongoing basis and management has considered events up to the date of these financial statements, to determine the financial implications including in respect of Expected Credit Loss (ECL) provisioning, as at March 31, 2021, and has made cumulative expected credit loss provision for loans as on March 31, 2021 which aggregates to Rs 2,444 crores (Rs 1,523 crores for March 31, 2020.) The Company holds a management overlay of Rs. 1,100 crores as at March 31, 2021 (Rs 534 crores - March 31, 2020) as part of its ECL provision.

Given the dynamic and evolving nature of pandemic, these estimates are subject to uncertainty caused by the ongoing Covid-19 pandemic and related events.

3 Significant accounting policies

3.1 Financial instruments – initial recognition

3.1.1 Date of recognition

Financial assets and liabilities, with the exception of loans, debt securities, and borrowings are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. Loans are recognised when fund transfers are initiated to the customers' account or cheques for disbursement have been prepared by the Company (as per the terms of the agreement with the borrowers) or when the Company assumes unconditional obligations to release the disbursement amount to third party on the direction of the borrower, whichever is earlier. The Company recognises debt securities and borrowings when funds reach the Company.

3.1.2 Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments. Financial instruments are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at FVTPL (Fair value through profit and loss). Transaction costs/fees which are directly attributable to acquisition of financial assets or financial liabilities are recognised immediately in Reformatted Standalone Statement of Profit and Loss in case of instruments measured at FVTPL and/or, are added to, or subtracted from, this amount for other categories.

3.1.3 Measurement categories of financial assets and liabilities

The Company classifies all of its financial assets and financial liabilities based on the business model for managing the assets and the asset's contractual terms, measured at either:

- Amortised cost
- FVTPL
- FVOCI

3.2 Financial assets and liabilities**3.2.1 Bank balances, Loans, Trade receivables and financial investments at amortised cost**

The Company measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

The details of these conditions are outlined below.

3.2.1.1 Business model assessment

The Company determines its business model at the level that best reflects how it manages its financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

3.2.1.2 The SPPI test

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the

Company applies judgement and considers relevant factors such as the currency in which the financial asset is denominated and the period for which the interest rate is set.

Contractual terms that introduce exposure to risk or volatility in contractual cashflow that are unrelated to a basic lending arrangement do not give rise to contractual cashflows that are SPPI, such financial assets are either classified as FVTPL /FVOCI

3.2.2 Investment in Mutual funds

The Company recognises the investment on trade date and is classified and measured, at fair value through profit or loss. Any gain/losses on disposal or subsequent re-measurement is recognised in the Reformatted Standalone Statement of Profit and Loss .

3.2.3 Equity instruments

Investment in Subsidiaries and Joint Ventures are carried at Cost in the Reformatted Financial Information as permitted under Ind AS 27.

The Company subsequently measures all equity investments other than investment in subsidiaries and associates, at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity investments as equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 *Financial Instruments: Presentation* and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

Gains and losses on these equity instruments are never recycled to profit or loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI (Other Comprehensive Income). Equity instruments at FVOCI are not subject to an impairment assessment.

3.2.4 Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR.

3.2.5 Undrawn loan commitments

Undrawn loan commitments are commitments under which, over the duration of the commitment, the Company is required to provide a loan with pre-specified terms to the customer. Undrawn loan commitments are in the scope of the ECL requirements.

The nominal contractual value of undrawn loan commitments, where the loan agreed to be provided is on market terms, are not recorded in the balance sheet. The nominal values of these commitments together with the corresponding ECLs are disclosed in notes.

3.3 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

3.4 Derecognition of financial assets and liabilities

3.4.1 Derecognition of financial assets

A modification of a financial asset occurs when the contractual terms governing the cash flows of a financial asset are renegotiated or otherwise modified between the initial recognition and maturity of the financial asset. A modification affects the amount and/or timing of the

contractual cash flows either immediately or at a future date. The company renegotiates loans to customers in financial difficulty to maximise collection and minimise the risk of default. Modification of loan terms is granted in cases where although the borrower made all reasonable efforts to pay under the original contractual terms, there is a risk of default or default has already happened and the borrower is expected to be able to meet the revised terms. The revised terms in most of the cases include an extension of the maturity of the loan, changes to the timing of the cash flows of the loan (principal and interest repayment). When a financial asset is modified the company assesses whether this modification results in derecognition. In accordance with the company's policy, a modification results in derecognition when it gives rise to substantially different terms. When the contractual terms of a financial asset are modified and the modification does not result in derecognition, the financial asset is considered as impaired, which is reviewed after a period of 12 months from the date of modification. In case of modifications done in compliance with regulatory guidelines/ directives, the financial asset's risk is considered to have increased significantly since initial recognition. Where a modification does not lead to derecognition, the company calculates the modification gain/loss comparing the gross carrying amount before and after the modification (excluding the ECL allowance).

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either:

- The Company has transferred its contractual rights to receive cash flows from the financial asset
Or
- It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities, when all of the following three conditions are met:

- The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- The Company cannot sell or pledge the original asset other than as security to the eventual recipients
- The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset
Or
- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration the Company could be required to pay.

In case where transfer of a part of financial assets qualifies for de-recognition, any difference between the proceeds received on such sale and the carrying value of the transferred asset is recognised as gain or loss on de-recognition of such financial asset previously carried under amortisation cost category. The resulting interest only strip initially is recognised at FVTPL and re-assessed at the end of every reporting period.

3.4.2. Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

3.5 Impairment of financial assets

3.5.1 Overview of the ECL principles

The Company records allowance for expected credit losses for all financial assets other than FVTPL, together with loan commitments. Equity instruments are not subject to impairment.

Loans

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL) as outlined in Notes.

The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both LTECLs and 12mECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Based on the above process, the Company categorises its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1:

When loans are first recognised, the Company recognises an allowance based on 12mECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2 or Stage 3.

Stage 2:

When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.

Stage 3:

Loans considered credit-impaired. The Company records an allowance for the LTECLs.

3.5.2 The calculation of ECLs

The Company calculates ECLs to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

The key elements of the ECL are summarised below:

PD:

The *Probability of Default* is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

EAD:

The *Exposure at Default* is an estimate of the exposure at a future default date (in case of Stage 1 and Stage 2), taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments. In case of Stage 3 loans EAD represents exposure when the default occurred.

LGD:

The *Loss Given Default* is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value

The mechanics of the ECL method are summarised below:

Stage 1:

The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

Stage 2:

When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. PDs and LGDs are estimated over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the original EIR.

Stage 3:

For loans considered credit-impaired, the Company recognises the lifetime expected credit losses for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%.

Loan commitment:

When estimating LTECLs for undrawn loan commitments, the Company estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down. The expected cash shortfalls are discounted at an approximation to the expected EIR on the loan. For an undrawn loan commitment, ECLs are calculated and presented under provisions.

Other Financial assets:

The Company follows 'simplified approach' for recognition of impairment loss allowance on other financial assets. The application of simplified approach does not require the Company to track changes in credit risk and calculated on case-by-case approach, taking into consideration different recovery scenarios.

3.5.3 Forward looking information

The Company considers a broad range of forward looking information with reference to external forecasts of economic parameters such as GDP growth, Inflation etc., as considered relevant so as to determine the impact of macro-economic factors on the Company's ECL estimates.

The inputs and models used for calculating ECLs are recalibrated periodically through the use of available incremental and recent information. Further, internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the reformatted financial information. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

3.6 Collateral repossessed

The Company generally does not use the assets repossessed for the internal operations. The underlying loans in respect of which collaterals have been repossessed with an intention to realize by way of sale are considered as Stage 3 assets and the ECL allowance is determined based on the estimated net realisable value of the repossessed asset. Any surplus funds are returned to the borrower and accordingly collateral repossessed are not recorded on the balance sheet and not treated as non-current assets held for sale.

3.7 Write-offs

Financial assets are written off either partially or in their entirety only when the Company has no reasonable expectation of recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is recorded as an expense in the period of write off. Any subsequent recoveries are credited to impairment on financial instrument on Reformatted Standalone Statement of Profit and Loss.

3.8 Restructured, rescheduled and modified loans

The Company sometimes makes concessions or modifications to the original terms of loans such as changing the installment value or changing the tenor of the loan, as a response to the borrower's request. The Company considers the modification of the loan only before the loans gets credit impaired.

When the loan has been renegotiated or modified but not derecognised, the Company also reassesses whether there has been a significant increase in credit risk. The Company also

considers whether the assets should be classified as Stage 3. Once an asset has been classified as restructured, it will remain restructured for a period of one year from the date on which it has been restructured.

Loans which have been renegotiated or modified in accordance with RBI Notifications (including extensions granted) - RBI/2020-21/16 DOR.No.BP.BC/3/21.04.048/2020-21- Resolution Framework for COVID-19 related Stress and RBI/2020-21/17 DOR.No.BP.BC/4/21.04.048/2020-21- Micro, Small and Medium Enterprises (MSME) sector – Restructuring of Advances, have been classified as Stage 2 due to significant increase in credit risk for the years ended March 31, 2022 and March 31, 2021.

3.9 Derivative and Hedge accounting

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as 'held for trading' for accounting purposes and are accounted for at FVTPL.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in profit or loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship.

The Company makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Company applies hedge accounting for transactions that meet specified criteria

The Company makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Company applies hedge accounting for transactions that meet specified criteria.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for as cash flow hedge.

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit or loss.

For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve).

The ineffective portion of the gain or loss on the hedging instrument is recognised immediately as net gain/loss on fair value changes in the profit and loss statement.

When the hedged cash flow affects the Reformatted Standalone Statement of Profit and Loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the Reformatted Standalone Statement of Profit and

Loss. When the forecast transaction subsequently results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously recognised in OCI are reversed and included in the initial cost of the asset or liability.

When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time remains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the Reformatted Standalone Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the Reformatted Standalone Statement of Profit and Loss.

3.10 Recognition of interest income

3.10.1 The effective interest rate method

Under Ind AS 109 interest income is recorded using the effective interest rate ('EIR') method for all financial instruments measured at amortised cost. The EIR is the rate that discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

3.10.2 Interest Income

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account the fees and costs that are an integral part of the EIR. For credit-impaired financial assets interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses).

3.11 Taxes

3.11.1 Current tax

Current tax comprises amount of tax payable in respect to the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to tax payable or receivable in respect of prior years.

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts and is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

3.11.2 Deferred Tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority and intends to settle on net basis.

3.12 Investment Property

Investment property represents property held to earn rentals or for capital appreciation or both.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on building classified as investment property has been provided on the straight-line method over a period of 60 years based on the Company's estimate of their useful lives taking into consideration technical factors, which is the same as the period prescribed in Schedule II to the Companies Act 2013.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an external independent valuer applying valuation models.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Reformatted Standalone Statement of Profit and Loss in the period of derecognition.

3.13 Property, plant and equipment

Property plant and equipment is stated at cost (net of tax/duty credits availed) excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Cost includes professional fees/charges related to acquisition of property plant and equipment. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Subsequent expenditure incurred, is capitalised only if it results in economic useful life beyond the original estimate.

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated.

Useful life of assets as per Schedule II:

Asset description	Estimated Useful Life
Buildings	60 years
Computer Equipment	3 years
Other Equipment	5 years
Leasehold improvements	Lease period or 5 years whichever is lower

Useful life of assets based on Management's estimation and which are different from those specified in schedule II:

Asset description	Estimated Useful Life
Furniture and Fixtures*	5 years
Vehicles*	5 years

*The Company, based on technical assessment made by technical expert and management estimate, depreciates Furniture & Fixtures and vehicles over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Assets individually costing less than or equal to ₹ 5,000 are fully depreciated in the year of acquisition

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the Reformatted Standalone Statement of Profit and Loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

3.14 Intangible assets

The Company's intangible assets mainly include the value of computer software.

An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. Subsequently, they are carried at cost less accumulated amortisation and impairment losses if any, and are amortised over their estimated useful life on the straight-line basis over a 3-year period or the license period whichever is lower.

The carrying amount of the assets is reviewed at each Balance sheet date to ascertain impairment based on internal or external factors. Impairment is recognised, if the carrying value exceeds the higher of the net selling price of the assets and its value in use.

3.15 Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an

appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, are recognised in the Reformatted Standalone Statement of Profit and Loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

3.16 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as employee benefit obligations in the balance sheet.

(ii) Post-employment obligations

The company operates the following post-employment schemes:

- (a) defined contribution plans such as provident fund
- (b) defined benefit plans such as gratuity, pension, post-employment medical plans

a) Defined Contribution Scheme

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Employees' State Insurance: The Company contributes to Employees State Insurance Scheme and recognizes such contribution as an expense in the Reformatted Standalone Statement of Profit and Loss in the period when services are rendered by the employees.

Superannuation: The Company contributes a sum equivalent to 15% of eligible employees' salary to a Superannuation Fund administered by trustees and managed by Life Insurance

Corporation of India ("LIC"). The Company has no liability for future Superannuation Fund benefits other than its contribution and recognizes such contributions as an expense in the Reformatted Standalone Statement of Profit and Loss in the period when services are rendered by the employees.

b) Defined Benefit Scheme

Gratuity: The Company makes contribution to a Gratuity Fund administered by trustees and managed by LIC. The Company accounts its liability for future gratuity benefits based on actuarial valuation, as at the Balance Sheet date, determined every year by an independent actuary using the Projected Unit Credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- ▶ The date of the plan amendment or curtailment, and
- ▶ The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Reformatted Standalone Statement of Profit and Loss:

- ▶ Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- ▶ Net interest expense or income

c)Compensated Absences: The Company treats its liability for compensated absences based on actuarial valuation as at the Balance Sheet date, determined by an independent actuary using the Projected Unit Credit method.

Actuarial gains and losses are recognised in the Reformatted Standalone Statement of Profit and Loss in the year in which they occur and not deferred.

3.17 Share Based Payments

Stock options are granted to the employees under the stock option scheme. The costs of stock options granted to the employees (equity-settled awards) of the Company are measured at the fair value of the equity instruments granted. For each stock option, the measurement of fair value is performed on the grant date. The grant date is the date on which the Company and the employees agree to the stock option scheme. The fair value so determined is revised only if the stock option scheme is modified in a manner that is beneficial to the employees.

This cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The Reformatted Standalone Statement of Profit and Loss expense or Credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense. On cancellation or lapse of options granted to employees, the compensation charged to Reformatted Standalone Statement of Profit and Loss is credited with corresponding decrease in equity.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

If the options vests in instalments (i.e. the options vest pro rata over the service period), then each instalment is treated as a separate share option grant because each instalment has a different vesting period.

3.18 Provisions and Contingent liabilities

Provisions are recognised only when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the Reformatted Standalone Statement of Profit and Loss net of any reimbursement.

Provision are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed

Contingent liability is disclosed in case of present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligations and the present obligation arising from past events, when no reliable estimate is possible.

3.19 Dividends on ordinary shares

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the Companies Act, 2013 in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

3.20 Determination of Fair value

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- ▶ **Level 1 financial instruments** –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- ▶ **Level 2 financial instruments** –Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Company will classify the instruments as Level 3.
- ▶ **Level 3 financial instruments** –Those that include one or more unobservable input that is significant to the measurement as whole.

For assets and liabilities that are recognised in the reformatted financial information on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

3.21 Recognition of Income

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable.

The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Company satisfies a performance obligation.

3.21.1 Interest on overdue balances and Other Charges

Overdue interest in respect of loans is recognised upon realisation.

3.21.2 Fee Income & Sale of Service

a) Fee income from loans are recognised upon satisfaction of following:

- i) Completion of service
- ii) and realisation of the fee income.

b) Servicing and collections fees on assignment are recognised upon completion of service.

c) Advertising income is recognised over the contract period as and when related services are rendered.

3.22 Dividend Income

Dividend income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established and it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders of the investee company approve the dividend.

3.23 Input Tax credit (Goods and Service Tax)

Input Tax Credit is accounted for in the books in the period when the underlying service / supply received is accounted to the extent permitted as per the applicable regulatory laws and when there is no uncertainty in availing / utilising the same. The ineligible input credit is charged off to the respective expense or capitalised as part of asset cost as applicable.

3.24 Foreign Currency transactions

The Company's reformatted financial information are presented in Indian Rupees (INR) which is also the Company's functional currency.

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Foreign currency denominated monetary assets and liabilities are translated at the functional currency spot rates of exchange at the reporting date and exchange gains and losses arising on settlement and restatement are recognized in the Reformatted Standalone Statement of Profit and Loss.

Foreign exchange differences are regarded as an adjustment to borrowing cost are presented in the Reformatted Standalone Statement of Profit and Loss within finance cost.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

3.25 Earnings Per Share

Basic Earnings Per Share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Earnings considered for Earnings per share is the net profit for the period after deducting preference dividend, if any, and attributable tax thereto for the period

The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a

corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

3.26 Segment Information

An operating segment is a component of the Company that engages in the business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by Company's executive vice president and Chief Financial officer ("Chief operating decision maker")

Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the Segment. Revenue and expenses, which relate to the enterprise as a whole and are not allocable to Segments on a reasonable basis have been included under "Un-allocable".

Assets and liabilities have been identified to segments on the basis of their relationship to the operating activities of the Segment. Assets and liabilities, which relate to the enterprise as a whole and are not allocable to Segments on a reasonable basis have been included under "Un-allocable".

3.27 Cash Flow Statement

Cash flows are reported using the indirect method, where by profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments

For the purpose of the Statement of Cash Flows, cash and cash equivalents as defined above, net of outstanding bank overdrafts as they are considered an integral part of cash management of the Company.

3.28 Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

3.29 Leases

The Company's lease asset consists of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease If the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-to-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-to-use asset is initially recognised at cost which comprises of the initial amount of lease liability adjusted for lease payments made or prior to commencement date plus any direct cost i.e. lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment loss if any.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-to-Use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term. Right to use assets are evaluated for recoverability whenever events or changes in the circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rates in the country of domicile of the leases. The Company has used single discount rate to a portfolio of leases with similar characteristics. Lease liabilities are remeasured with a corresponding adjustment to the related right to use asset if the Company changes its assessment if the whether it will exercise an extension or a termination option.

The Company has opted to presented the Right to use as a part of the block of asset to which the lease pertains to and consequently, the Right to use asset has been presented as a part of Property, plant and equipment under the Buildings block, whereas the lease liability is presented under Other Financial Liabilities in the Balance Sheet. Lease payments made by the Company are classified as financing cash flows.

The Company applies the short-term lease recognition exemption to its short-term leases of Buildings (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

4A. Significant accounting judgements, estimates and assumptions

The preparation of the Company's reformatted financial information requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future period

In the process of applying the Company's accounting policies, management has made the following judgements/estimates, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

i. Business Model Assessment

The Company from time to time enters into direct bilateral assignment deals, which qualify for de-recognition under Ind AS 109. Accordingly, the assessment of the Company's business model for managing its financial assets becomes a critical judgment.

Further, the Company also made an investment in the Government securities in order to comply the liquidity ratio compliance as required by RBI pursuant to its master directions. The Company intends to hold these assets till maturity expects that any sale if any necessitated by requirements are likely to be infrequent and immaterial. Accordingly the related assessment becomes a critical judgement to determine the business model for such financial assets under Ind AS.

Refer Note 3.2.1.1 for related details.

ii. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see Fair value note in Accounting policy

iii. Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a LTECL basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of temporary adjustments as qualitative adjustment or overlays based on broad range of forward looking information as economic inputs

The Company has considered the impact of Covid-19 pandemic and the moratorium given to borrowers pursuant to the Covid-19 regulatory package announced by Reserve Bank of India, in determination of impairment allowance for the year. Also refer note 2.3. It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

iv. Leases**a) Determining the lease term of contracts with renewal and termination options – Company as lessee**

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

b) Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to for its borrowings.

v. Provisions and other contingent liabilities

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

4B. New Standards and amendments**(i) Interest Rate Benchmark Reform – Amendments to Ind AS 107 and Ind AS 109:**

The Ministry of Corporate Affairs had earlier notified amendments to Ind AS 109, Financial Instruments and Ind AS 107, Financial Instruments: Disclosures which were effective from April 1, 2020 (the Phase 1 amendments). Those amendments provided temporary reliefs from applying specific hedge accounting requirements to relationships affected by IBOR reform.

The amendments to Ind AS 109, Financial Instruments and Ind AS 107, Financial Instruments: Disclosures which are effective from April 1, 2021 (the Phase 2 amendments) address the issues that arise during the reform of an interest rate benchmark rate, including the replacement of one benchmark rate with an alternative one.

The key reliefs provided by the Phase 2 amendments are as follows:

- Changes to contractual cash flows

When changing the basis for determining contractual cash flows for financial assets and liabilities (including lease liabilities), the reliefs have the effect that the changes, that are necessary as a direct consequence of IBOR reform and which are considered economically equivalent, will not result in an immediate gain or loss in profit and loss.

- Hedge accounting

The hedge accounting reliefs will allow most Ind AS 109 hedge relationships that are directly affected by IBOR reform to continue. However, additional ineffectiveness might need to be recorded.

This amendment had no significant impact on the reformatted financial information of the Company

The amendments provide relief to lessees from applying Ind AS 116 guidance on lease modification accounting for rent concessions arising as a direct consequence of the Covid-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a Covid-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the Covid-19 related rent concession the same way it would account for the change under Ind AS 116, if the change were not a lease modification.

The amendments are applicable for annual reporting periods beginning on or after the 1 April 2020. In case, a lessee has not yet approved the financial statements for issue before the issuance of this amendment, then the same may be applied for annual reporting periods beginning on or after the 1 April 2019.

This amendment had no significant impact on the reformatted financial information of the Company

(ii) Covid-19-related Rent Concessions – Amendments to Ind AS 116

As a result of the COVID-19 pandemic, rent concessions have been granted to lessees. Such concessions might take a variety of forms, including payment holidays and deferral of lease payments. Previously, an amendment to Ind AS 116, Leases provided lessees with an option to treat qualifying rent concessions in the same way as they would if they were not lease modifications. In many cases, this will result in accounting for the concessions as variable lease payments in the period in which they are granted. Entities applying the practical expedients must disclose this fact, whether the expedient has been applied to all qualifying rent concessions or, if not, information about the nature of the contracts to which it has been applied, as well as the amount recognised in profit or loss arising from the rent concessions. The relief was originally limited to reduction in lease payments that were due on or before 30 June 2021. However, it was subsequently extended to 30 June 2022.

CHOLAMANDALAM INVESTMENT AND FINANCE COMPANY LIMITED**Notes to the Reformatted Standalone Financial Information**

- a) Statutory reserve represents the reserve created as per Section 451C of the RBI Act, 1934, pursuant to which a Non-Banking Financial Company shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit annually as disclosed in the Statement of Profit and Loss account, before any dividend is declared.
- b) Capital reserve represents the reserve created on account of amalgamation of Chola Factoring Limited in the year 2013-14.
- c) Capital redemption reserve represents the amount equal to the nominal value of shares that were redeemed during the prior years. The reserve can be utilized only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013
- d) Securities premium reserve is used to record the premium on issue of shares. The premium received during the year represents the premium received towards allotment of shares. The reserve can be utilized only for limited purposes such as issuance of bonus shares, buy back of its own shares and securities in accordance with the provisions of the Companies Act, 2013.
- e) The general reserve is a free reserve, retained from Company's profits and can be utilized upon fulfilling certain conditions in accordance with specific requirement of Companies Act, 2013.
- f) Under IND AS 102, fair value of the options granted is required to be accounted as expense over the life of the vesting period as employee compensation costs, reflecting the period of receipt of service. Share based payment reserve represents the amount of reserve created for recognition of employee compensation cost at grant date and fair value of options vested and but not exercised by the employees and unvested options are recognised in statement of profit and loss account
- g) The amount that can be distributed by the Company as dividends to its equity shareholders is determined based on the financial position of the Company and also considering the requirements of the Companies Act, 2013. Thus, the amounts reported in retained earnings are not distributable in entirety.
- h) Cash flow hedge reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of hedging instruments entered into for cash flow hedges, which shall be reclassified to profit or loss only when the hedged transaction affects the profit or loss, or included as a basis adjustment to the non-financial hedged item, consistent with the Company accounting policies.
- i) FVOCI Reserve represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through Other Comprehensive Income.

35. Retirement Benefit

A) Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which the Company pays fixed contributions and where there is no legal or constructive obligation to pay further contributions. During the year, the Company recognised Rs 35 crores (Previous Year Ended March 2021 - Rs 30 crores, March 2020 - 28 crores) to Provident Fund under Defined Contribution Plan, Rs 4 crores (Previous Year ended March 2021 - Rs 3 crores, March 2020 - 3 crores) for Contributions to Superannuation Fund and Rs 0.32 crores (Previous Year ended March 2021 - Rs 0.49 crores, March 2020 - 1.06 crores) for Contributions to Employee State Insurance Scheme in the Reformatted Standalone Statement of Profit and Loss.

B) Defined Benefit Plan**1. Gratuity**

The Company's defined benefit gratuity plan requires contributions to be made to a separately administered fund. The gratuity plan is funded with Life Insurance Corporation of India (LIC). The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans :

Mortality Rate (+/- 10% of mortality rates)	85	85	73	73	60	60

Notes:

1. The estimate of future salary increase takes into account inflation, seniority, promotion and other relevant factors.
2. The Company's best estimate of contribution during the next year is ₹ 24 crores as on March 31, 2022.
3. Discount rate is based on the prevailing market yields of Indian Government Bonds as at the Balance Sheet date for the estimated term of the obligation.
4. The entire Plan Assets are invested in insurer managed funds with Life Insurance Corporation of India (LIC).
5. The above sensitivity analysis are based on change in an assumption which is holding all the other assumptions constant. In practice, this is unlikely to occur, and changes in some assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant actuarial assumptions the same method of present value of defined benefit obligations calculated with Projected unit cost method at the end of the reporting period has been applied while calculating defined benefit liability recognised in the balance sheet.
6. The method and type of assumptions used in preparing the sensitivity analysis does not change as compared to the prior period

Description of Risk exposures

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

(a)Interest Rate risk: The plan exposes the company to the risk of fall in interest rates . A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability(as shown in reformatted financial information).

(b)Liquidity Risk: This is the risk that the company is not able to meet the short-term gratuity payouts .This may arise due to non-availability of enough cash/cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

(c)Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

(d)Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

(e)Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act,1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of Rs. 20,00,000).

(f) Asset Liability Mismatching or Market Risk: The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/fall in interest rate.

(g) Investment Risk: The probability or likelihood of occurrence of losses relative to the expected return on an particular investment.

Notes:

1. The Company has not funded its Compensated Absences liability and the same continues to remain as unfunded as at March 31, 2022, March 31, 2021, March 31, 2020.
2. The estimate of future salary increase takes into account inflation, seniority, promotion and other relevant factors.
3. Discount rate is based on the prevailing market yields of Indian Government Bonds as at the Balance Sheet date for the estimated term of the obligation.

36. Segment Information

The Company is primarily engaged in the business of financing. All the activities of the Company revolve around the main business. Further, the Company does not have any separate geographic segments other than India

For management purposes, the Company has been organised into the following operating segments based on products and services, as follows

Vehicle Finance Loans - Loans to customers against purchase of new/used vehicles, tractors, construction equipment and loan to automobile dealers.

Loan against property - Loans to customer against immovable property

Home Loans - loans given for acquisition of residential property

Other loans - This includes, loan against shares and other unsecured loans

The Chief Operating Decision Maker (CODM) monitors the operating results of its business units separately for making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profits or losses and is measured consistently with operating profits or losses in the reformatted financial information. However, income taxes are managed on a entity as whole basis and are not allocated to operating segments.

The shareholders of the Company, at the 34th Annual General Meeting held on July 30, 2012, authorised extension of exercise period from 3 years from the date of vesting to 6 years from the date of vesting. Accordingly, the Company has measured the fair value of the options using the Black Scholes model immediately before and after the date of modification to arrive at the incremental fair value arising due to the extension of the exercise period. The incremental fair value so calculated is recognised from the modification date over the vesting period in addition to the amount based on the grant date fair value of the stock options.

The incremental (benefit)/cost due to modification of the exercise period from 3 years to 6 years from the date of vesting for the year ended March 31, 2022 is ₹ Nil (March 31,2021- ₹ Nil, March 31,2020- ₹ Nil)

The fair value of the options has been calculated using the Black Scholes model on the date of modification.

The assumptions considered for the calculation of the fair value (on the date of modification) are as follows:

Variables	Post Modification
Risk Free Interest Rate	7.92%-8.12%

41. Sharing of Costs

The Company shares certain costs / service charges with other companies. These costs have been allocated between the Companies on a basis mutually agreed between them, which has been relied upon by the Auditors.

42.1 Capital Management

The Company maintains an actively managed capital base to cover risks inherent in the business, meeting the capital adequacy requirements of Reserve Bank of India (RBI), maintain strong credit rating and healthy capital ratios in order to support business and maximise shareholder value. The adequacy of the Company's capital is monitored by the Board using, among other measures, the regulations issued by RBI.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities.

The Company has complied in full with the capital requirements prescribed by RBI over the reported period. The Capital adequacy ratio as of March 31, 2022 is 19.62% (March 31, 2021-19.10%, March 31, 2020 20.69%) as against the regulatory requirement of 15%.

42.2 FINANCIAL RISK MANAGEMENT

The key financial risks faced by the company are credit and market risks comprising liquidity risk, interest rate risk and foreign currency risks.

42.2.1 Credit Risk

Credit risk arises when a borrower is unable to meet his financial obligations to the lender. This could be either because of wrong assessment of the borrower's payment capabilities or due to uncertainties in his future earning potential. The effective management of credit risk requires the establishment of appropriate credit risk policies and processes.

42.2.1.1 Assessment Methodology

The company has comprehensive and well-defined credit policies across various businesses, products and segments, which encompass credit approval process for all businesses along with guidelines for mitigating the risks associated with them. The appraisal process includes detailed risk assessment of the borrowers, physical verifications and field visits. The company has a robust post sanction monitoring process to identify credit portfolio trends and early warning signals. This enables it to implement necessary changes to the credit policy, whenever the need arises. Also, being in asset financing business, most of the company's lending is covered by adequate collaterals from the borrowers. The company has a robust online application underwriting model to assess the credit worthiness of the borrower for underwriting decisions for its vehicle finance, Loan Against Property and home loan business. The company also has a well- developed model for the vehicle finance portfolio, to help business teams plan volume with adequate pricing of risk for different segments of the portfolio.

42.2.1.2 Risk Management and Portfolio Review

The company has a robust portfolio review mechanism. Key metrics like early delinquency, default rates are tracked, monitored and reviewed daily. Business teams review key trends in these Key Risk Indicators and location level strategies are adopted.

42.2.1.3 ECL Methodology

The Company records allowance for expected credit losses for all financial assets including loan commitments, other than those measured at FVTPL. Equity instruments carried at cost are not subject to impairment under the ECL methodology.

42.2.1.4 Assumptions and Estimation techniques

The Company calculates ECLs to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive. ECL is computed on collective basis. The portfolio is segmented based on shared risk characteristics for the computation of ECL.

The key elements of the ECL are summarised below:

42.2.1.4(a) PD

The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio. While computing probability of default, significant outlier events are suitably handled to ensure it does not skew the outcomes.

A 12M marginal PD is computed by creating cohorts of accounts starting in Stage 1 at the beginning of the year and subsequently moving to Stage 3 at any point in time during the year.

A conditional average probability of default is computed by taking cohort of which were in Stage 2 at the beginning the year and subsequently moved to Stage 3 anytime in each subsequent year.

42.2.1.4(b) EAD

The Exposure at Default is an estimate of the exposure at a future default date (in case of Stage 1 and Stage 2), taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments. In case of Stage 3 loans EAD represents exposure when the default occurred.

42.2.1.4(c) LGD

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD. The recoveries are discounted back to the default date using customer IRR. This present value of recovery is used for LGD computation. A recovery rate (RR) computed as the ratio of present value of recovery to the EAD ($1 - RR$), gives the LGD.

42.2.1.5 Mechanics of the ECL method**Stage 1:**

All loans (other than purchased credit impaired asset) are categorised as Stage 1 on initial recognition. The 12 months ECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12 months ECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

Stage 2:

Loans which are past due for more than 30 days are categorised as Stage 2. When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs PDs and LGDs are estimated over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the original EIR.

Stage 3:

Loans which are past due for more than 90 days are categorised as Stage 3. For loans considered credit-impaired, the Company recognises the lifetime expected credit losses for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%

Restructured loans are categorised as Stage 3 on the date of restructuring and remain so for a period of one year. Post this, regular staging criteria applies.

Loans which have been renegotiated or modified in accordance with RBI Notifications for COVID-19 related stress, has been classified as Stage 2 due to significant increase in credit risk.

The Post Implementation Staging of Loans restructured under Covid Resolution framework shall follow the Days Past Due of respective loan agreements.

In respect of new lending products introduced during the year, the company follows simplified matrix approach for determining impairment allowance based on industry practise in the absence of historical information. These loans constitutes less than 1% of the total loan book.

Loan Movement across stages during the year is given in a note 9.1

Loan commitment:

When estimating LTECLs for undrawn loan commitments, the Company estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down. The expected cash shortfalls are discounted at an approximation to the expected EIR on the loan. For an undrawn loan commitment, ECLs are calculated and presented under provisions.

Other Financial assets:

The Company follows 'simplified approach' for recognition of impairment loss allowance on other financial assets. The application of simplified approach does not require the Company to track changes in credit risk and calculated on case by case approach, taking into consideration different recovery scenarios.

Based on Management's assessment of ECL on trade receivables/ other financial assets, the provisions are not material to reformatted financial information (Nil as at March 31, 2021 and March 31, 2020).

42.2.1.6 Incorporation of forward looking statements in ECL model

The Company considers a broad range of forward looking information with reference to external forecasts of economic parameters such as GDP growth, Inflation, Government Expenditure etc., as considered relevant so as to determine the impact of macro-economic factors on the Company's ECL estimates.

The inputs and models used for calculating ECLs are recalibrated periodically through the use of available incremental and recent information. Further, internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the reformatted financial information. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

Annual data from 2010 to 2026 (including forecasts for 5 years) were obtained from World Economic Outlook, October 2021 published by International Monetary Fund (IMF). IMF provides historical and forecasted data for important economic indicators country-wise. The data provided for India is used for the analysis. Macro variables that were compared against default rates at segment level to determine the key variables having correlation with the default rates using appropriate statistical techniques. Vasicek model has been incorporated to find the Point in Time (PIT) PD. The company has formulated the methodology for creation of macro-economic scenarios under the premise of economic baseline, upside and downside condition. A final PIT PD is arrived as the scenario weighted PIT PD under different macroeconomic scenarios.

42.2.1.7 Macro economic variables

42.2.1.8 Concentration of credit risk and Collateral and Credit Enhancements

42.2.1.8(a) Concentration of credit risk

Concentration of credit risk arise when a number of counterparties or exposures have comparable economic characteristics, or such counterparties are engaged in similar activities or operate in same geographical area or industry sector so that collective ability to meet contractual obligations is uniformly affected by changes in economic, political or other conditions. The Company is in retail lending business on pan India basis targeting primarily customers who either do not get credit or sufficient credit from the traditional banking sector. Vehicle Finance (consisting of new and used Commercial Vehicles, Passenger Vehicles, Tractors, Construction Equipment and Trade advance to Automobile dealers) is lending against security (other than for trade advance) of Vehicle/ Tractor / Equipment and contributes to 69% of the loan book of the Company as of March 31, 2022 (72% as of March 31, 2021). Hypothecation endorsement is made in favour of the Company in the Registration Certificate in respect of all registerable collateral. Portfolio is reasonably well diversified across South, North, East and Western parts of the country. Similarly, sub segments within Vehicle Finance like Heavy Commercial Vehicles, Light Commercial Vehicles, Car and Multi Utility Vehicles, three wheeler and Small Commercial Vehicles, Refinance against existing vehicles, older vehicles (first time buyers), Tractors and Construction Equipment have portfolio share between 10% and 6% leading to well diversified sub product mix.

Loan Against Property is mortgage loan against security of existing immovable property (primarily self-occupied residential property) to self- employed non-professional category of borrowers and contributes to 22 % of the lending book of the Company as of March 31, 2022 (22% as of March 31, 2021). Portfolio is concentrated in North 35% with small presence in East 5%. South has 35% and West contributes 25% of the overall exposure of the company.

The Concentration of risk is managed by Company for each product by its region and its sub-segments. Company did not overly depend on few regions or sub-segments as of March 31, 2022.

42.2.1.8(b) Collateral and Credit enhancements

Although collateral can be an important mitigation of credit risk, it is the Company's practice to lend on the basis of the customer's ability to meet the obligations out of cash flow resources other than placing primary reliance on collateral and other credit risk enhancements.

The Company obtains first and exclusive charge on all collateral that it obtains for the loans given. Vehicle Finance and Loan Against Property loans are secured by collateral at the time of

origination. In case of Vehicle loans, Company values the vehicle either through proforma invoice (for new vehicles) or using registered valuer for used vehicles. In case of Loan against Property, the value of the property at the time of origination will be arrived by obtaining two valuation reports from Company's empanelled valuers.

Hypothecation endorsement is obtained in favour of the Company in the Registration Certificate of the Vehicle/ Tractor / Equipment funded under the vehicle finance category.

Immovable Property is the collateral for Loan Against Property. Security Interest in favour of the Company is created by Mortgage through deposit of title deed which is registered wherever required by law.

In respect of Other loans, Home loans follow the same process as Loan Against Property and pledge is created in favour for the Company for loan against securities. 99% of the Company's term loan are secured by way of tangible Collateral.

In respect of some unsecured lending, the company obtains First Loss Default Guarantee or similar arrangement from external service providers as partial cover against potential credit default.

42.2.2 Market Risk

Market Risk is the possibility of loss arising from changes in the value of a financial instrument as a result of changes in market variables such as interest rates, exchange rates. The company's exposure to market risk is a function of asset liability management and interest rate sensitivity assessment. The company is exposed to interest rate risk and liquidity risk, if the same is not managed properly. The company continuously monitors these risks and manages them through appropriate risk limits. The Asset Liability Management Committee (ALCO) reviews market-related trends and risks and adopts various strategies related to assets and liabilities, in line with the company's risk management framework. ALCO activities are in turn monitored and reviewed by a board sub-committee. In addition, the company has put in an Asset Liability Management (ALM) support group which meets frequently to review the liquidity position of the company.

42.2.2.1 Liquidity Risk

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Company on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of availing funding in line with the tenor and repayment pattern of its receivables and monitors future cash flows and liquidity on a daily basis. The Company has developed internal control processes and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and the availability of unencumbered receivables which could be used to secure funding by way of assignment if required. The Company also has lines of credit that it can access to meet liquidity needs. These are reviewed by the Asset Liability Committee (ALCO) on a monthly basis. The ALCO provides strategic direction and guidance on liquidity risk management. A sub-committee of the ALCO, comprising members from the Treasury and Risk functions, monitor liquidity risks on a weekly basis and decisions are taken on the funding plan and levels of investible surplus, from the ALM perspective. This sets the boundaries for daily cash flow management.

Analysis of Financial assets and Financial liabilities by remaining contractual maturities given in note 47.

42.2.2.2 Interest Rate Risk

The Company being in the business of lending raises money from diversified sources like market borrowings, term Loan from banks and financial institutions, foreign currency borrowings etc. Financial assets and liabilities constitute significant portion, changes in market interest rates can adversely affect the financial condition. The fluctuations in interest rates can be due to internal and external factors. Internal factors include the composition of assets and liabilities across maturities, existing rates and re-pricing of various sources of borrowings. External factors include macro-economic developments, competitive pressures, regulatory developments and global factors. The movement in interest rates (upward / downward) will impact the Net Interest Income depending upon rate sensitivity of the asset or liability. The company uses traditional gap analysis report to determine the vulnerability to movements in interest rates. The Gap is the difference between Rate Sensitive Assets (RSA) and Rate Sensitive Liabilities (RSL) for each time bucket. A positive gap indicates that the company can benefit from rising interest rates while a negative gap indicates that the company can benefit from declining interest rates. Based on market conditions, the company enters into interest rate swap to mitigate interest rate risk.

42.2.2.3 Foreign Currency Risk

Foreign currency risk for the Company arise majorly on account of foreign currency borrowings. The Company manages this foreign currency risk by entering in to cross currency swaps and forward contract. When a derivative is entered in to for the purpose of being as hedge, the Company negotiates the terms of those derivatives to match with the terms of the hedge exposure.

The Company holds derivative financial instruments such as Cross currency interest rate swap to mitigate risk of changes in exchange rate in foreign currency and floating interest rate.

The Counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in market place.

42.2.2.4- Hedging Policy

The Company's policy is to fully hedge its foreign currency borrowings at the time of drawdown and remain so till repayment and hence the hedge ratio is 1:1.

The Management assessed that cash and cash equivalents, bank balance other than Cash and cash equivalents, receivable, other financial assets, payables and other financial liabilities approximates their carrying amount largely due to short term maturities of these instruments.

Note 44.2 - Fair value hierarchy

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values of financial assets or liabilities disclosed under level 2 category.

- The fair value of loans have estimated by discounting expected future cash flows using discount rate equal to the rate near to the reporting date of the comparable product.
- The fair value of debt securities, borrowings other than debt securities and subordinated liabilities have estimated by discounting expected future cash flows discounting rate
- Derivatives are fair valued using observable inputs / rates.
- The fair value of investment in Government securities are derived from rate equal to the rate near to the reporting date of the comparable product.

The following table provides the fair value measurement hierarchy of the Company's financial assets and financial liabilities

Note 48: Disclosures in connection with IND AS 116 - Leases

Annexure V

The Company has taken office premises on lease for its operations.

The Company's obligations under its leases are secured by the lessor's title to the leased assets. Generally, the Company is restricted from assigning and subleasing the leased assets and some contracts require the Company to maintain certain financial ratios. There are several lease contracts that include extension and termination options and variable lease payments, which are further discussed below.

The Company also has certain leases of machinery with lease terms of 12 months or less. The Company applies the 'short-term lease' recognition exemptions for these leases.

Set out below are the carrying amounts of lease liabilities included under financial liabilities and right to use asset included in Property, Plant and Equipment and the movements during the period:

Variable lease payments (included in other expenses)	-	-	-
Total amount recognised in profit or loss	54	55	55

Lease expenses relating to short term leases aggregated to Rs 1 crore (Rs 1 crore - March 31, 2021, Rs 1 crore - March 31, 2020) during the year ended March 31, 2022.

Lease liabilities are recognised at weighted average incremental borrowing rate ranging from 8% to 12%.

The Company does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to the lease liabilities as and when they fall due.

The Company has several lease contracts that includes extension and termination contracts. These options are negotiated by the Management to provide flexibility in managing the leased-asset portfolio and align with Company's business needs. Management exercises significant judgement in determining whether these extension and termination are reasonably certain to be exercised.

The company has not defaulted in its lease obligations

* Represents amount less than Rs.0.5 crores

(vi) Institutional set-up for liquidity risk management:

Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Company might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Company on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of availing funding in line with the tenor and repayment pattern of its receivables and monitors future cash flows and liquidity on a daily basis. The Company has developed internal control processes and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and the availability of unencumbered receivables which could be used to secure funding by way of assignment if required. The Company also has lines of credit that it can access to meet liquidity needs. These are reviewed by the Asset Liability Committee (ALCO) on a monthly basis. The ALCO provides strategic direction and guidance on liquidity risk management. A sub-committee of the ALCO, comprising members from the Treasury and Risk functions, monitor liquidity risks on a weekly basis and decisions are taken on the funding plan and levels of investible surplus, from the ALM perspective. This sets the boundaries for daily cash flow management.

Notes:

- 1) A "Significant Counterparty" is defined as a single counterparty or group of connected or affiliated counterparties accounting in aggregate for more than 1% of total liabilities.
- 2) A "significant instrument/product" is defined as a single instrument/product of group of similar instruments/products which in aggregate amount to more than 1% of the total liabilities.
- 3) Total Borrowing has been computed as Gross Total Debt basis extant regulatory ALM guidelines.

4) Total Liabilities has been computed as Total Assets less Equity share capital less Reserve & Surplus and computed basis extant regulatory ALM guidelines.

5) Commercial Paper for stock ratio is the Gross outstanding (i.e. Maturity amount).

6) Other Short-term Liabilities represents liabilities other than borrowings which are payable within one year ,basis extant regulatory ALM guidelines.

7) Public Funds = Total Borrowings as computed above.

Refer Note No 47 for the summary of maturity profile of undiscounted cash flows of the Company's financial assets and financial liabilities as at reporting period.

56.2 Liquidity Coverage Ratio

The Liquidity Coverage Ratio (LCR) is a key compliance requirement for a resilient and stable financial sector. Its objective is the promotion of short-term resilience of the liquidity risk profile of financial institutions by ensuring that it has sufficient High Quality Liquid Assets (HQLA) to survive a significant stress scenario lasting for one month. The Liquidity Coverage Ratio is expected to improve the financial sector's ability to absorb shocks arising from financial and economic stress, whatever the source, thus reducing the risk of spill over from the financial sector to the real economy.

Liquidity Management of the company is supervised by the Asset Liability Committee. The management is of the view that the company has in place robust processes to monitor and manage liquidity risks and sufficient liquidity cover to meet its likely future short-term requirements.

The company has a diversified mix of borrowings with respect to the source, type of instrument, tenor and nature of security. The Asset Liability Committee constantly reviews and monitors the funding mix and ensures the optimum mix of funds based on the cash flow requirements, market conditions and keeping the interest rate view in consideration. Additionally, the Company has lines of credit that it can access to meet liquidity needs.

These are reviewed by the Asset Liability Committee (ALCO) on a monthly basis. The Asset Liability Committee provides strategic direction and guidance on liquidity risk management. A sub-committee of the Asset Liability Committee, comprising members from the Treasury and Risk functions, monitor liquidity risks on a weekly basis and decisions are taken on the funding plan and levels of investible surplus, from the Asset Liability Management perspective. This sets the boundaries for daily cash flow management.

In line with RBI regulations, the cash outflows and inflows have been stressed by 115% and 75% of their respective original values for computing LCR. The key drivers on the inflow side are the expected collections from the performing assets of the company and on the outflow side the scheduled maturities. The High Quality Liquid Assets are entirely held in Government Securities which are classified as Level 1 assets with no haircut.

2.2 . Impact of Covid-19 on Business

The Covid-19 pandemic has affected several countries across the world, including India, Consequent lockdowns and varying restrictions imposed by the government across several jurisdictions in which the Company operates has considerably impacted company's business operations during the year ended March 31, 2021.

In accordance with the Reserve bank of India (RBI) guidelines related to "Covid-19 regulatory package" dated March 27, 2020 and subsequent guidelines on EMI moratorium dated April 17, 2020 and May 23, 2020 the Company has offered moratorium to its customers based the eligibility for EMIs falling due between March 1, 2020 to August 31, 2020. Further, the Company offered resolution plans to its customers pursuant to RBI's guideline 'Resolution framework for Covid-19 related stress' dated August 6, 2020.

The impact of COVID-19 pandemic including the ongoing "second wave", on Company's operations and financial metrics, will depend on the future developments, which are highly uncertain. Management continues to monitor the evolving situation on an ongoing basis and management has considered events up to the date of these financial statements, to determine the financial implications including in respect of Expected Credit Loss (ECL) provisioning, as at March 31, 2021, and has made cumulative expected credit loss provision for loans as on March 31, 2021 which aggregates to Rs 2,444 crores (Rs 1,523 crores for March 31, 2020.) The Company holds a management overlay of Rs. 1,100 crores as at March 31, 2021 (Rs 534 crores - March 31, 2020) as part of its ECL provision.

Given the dynamic and evolving nature of pandemic, these estimates are subject to uncertainty caused by the ongoing Covid-19 pandemic and related events.

* Even though, the Group holds 73.82% of the paid up equity capital of Payswiff Technologies Private Limited(Payswiff), however, in view of founder reserved matters and dispute resolution mechanism envisaged in the shareholder agreement executed between the Group and founders of Payswiff, the Group is considered to have joint control over the entity as per Ind AS 28 read with IND AS 110. Hence it is classified as investment in Joint venture

3B Investment in Associates/Joint Venture

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee.

A Joint venture is a joint arrangement whereby parties that have joint control of the arrangement have rights to the net assets of the arrangement.

The Group's investments in its associates & joint ventures are accounted for using the equity method. Under the equity method, the investment in associates & joint ventures is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Group's share of net assets of the associates & joint ventures since the acquisition date. Goodwill relating to the associates & joint ventures is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associates & joint ventures. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associates & joint ventures, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associates are eliminated to the extent of the interest in the associates & joint ventures.

If an entity's share of losses of an associates & joint ventures equal or exceeds its interest in the associates & joint ventures (which includes any long-term interest that, in substance, form part of the Group's net investment in the associates), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associates. If the associates & joint ventures subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of associates & joint ventures is shown on the face of the statement of profit and loss.

The financial statements of the associates & joint ventures are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associates & joint ventures. At each reporting date, the Group determines whether there is objective evidence that the investment in the associates is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associates & joint ventures and its carrying value, and then recognises the impairment loss with respect to the Group's investment in associates & joint ventures.

Upon loss of significant influence over the associates, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associates upon loss of significant influence and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss.

4. Presentation of financial statements

The Group presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in notes to the financial statements.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- ▶ The normal course of business
- ▶ The event of default
- ▶ The event of insolvency or bankruptcy of the Group and/or its counterparties

5. Significant accounting policies

5.1 Financial instruments – initial recognition

5.1.1 Date of recognition

Financial assets and liabilities, with the exception of loans, debt securities, and borrowings are initially recognised on the trade date, i.e., the date that the Group becomes a party to the contractual provisions of the instrument. Loans are recognised when fund transfers are initiated to the customers' account or cheques for disbursement have been prepared by the Group (as per the terms of the agreement with the borrowers). The Group recognises debt securities and borrowings when funds reach the Group.

5.1.2 Initial measurement of financial instruments

All financial instruments are recognised initially at fair value, including transaction costs that are attributable to the acquisition of financial instrument, except in the case of financial instruments which are FVTPL (Fair value through profit and loss), where the transaction costs are charged to the statement of profit and loss.

5.1.3 Measurement categories of financial assets and liabilities

The Group classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- Amortised cost
- FVTPL
- FVOCI

5.1.4 Financial assets and liabilities**5.1.4.1 Bank balances, Loans, Trade receivables and financial investments at amortised cost**

The Group measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

The details of these conditions are outlined below.

5.1.4.1.1 Business model assessment

The Group determines its business model at the level that best reflects how it manages Group's of financial assets to achieve its business objective.

The Group's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- ▶ How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- ▶ The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed
- ▶ How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- ▶ The expected frequency, value and timing of sales are also important aspects of the Group's assessment

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Group's original expectations, the Group does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

5.1.4.1.2 The SPPI test

As a second step of its classification process the Group assesses the contractual terms of financial instruments to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Group applies judgement and considers relevant factors such as the currency in which the financial asset is denominated, and the period for which the interest rate is set.

5.1.5 Investment in Mutual funds

The Group recognises the investment on trade date and is classified and measured, at fair value through profit or loss. Any gain/losses on disposal or subsequent re-measurement is recognised in the statement of Profit and Loss.

5.1.6 Equity instruments

The Group subsequently measures all equity investments at fair value through profit or loss, unless the Group's management has elected to classify irrevocably some of its equity investments as equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 *Financial Instruments: Presentation* and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

Gains and losses on these equity instruments are never recycled to profit or loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI (Other Comprehensive Income). Equity instruments at FVOCI are not subject to an impairment assessment.

5.1.7 Debt securities and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the Effective Interest rate(EIR).

5.1.8 Undrawn loan commitments

Undrawn loan commitments are commitments under which, over the duration of the commitment, the Group is required to provide a loan with pre-specified terms to the customer. Undrawn loan commitments are in the scope of the ECL requirements.

The nominal contractual value of undrawn loan commitments, where the loan agreed to be provided is on market terms, are not recorded in the balance sheet. The nominal values of these commitments together with the corresponding ECLs are disclosed in notes.

5.1.9 Reclassification of financial assets and liabilities

The Group does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Group acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified. The Group did not reclassify any of its financial assets or liabilities during the reporting period.

5.2 Derecognition of financial assets and liabilities**5.2.1 Derecognition of financial assets**

The Group derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be POCI.

When assessing whether or not to derecognise a loan to a customer, amongst others, the Group considers the following factors:

- Change in currency of the loan
- Introduction of an equity feature
- Change in counterparty

If the modification is such that the instrument would no longer meet the SPPI criterion.

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Group records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if, and only if, either:

- ▶ The Group has transferred its contractual rights to receive cash flows from the financial asset
- Or
- It retains the rights to the cash flows but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Group retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities when all of the following three conditions are met:

- ▶ The Group has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- ▶ The Group cannot sell or pledge the original asset other than as security to the eventual recipients
- ▶ The Group has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Group is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- ▶ The Group has transferred substantially all the risks and rewards of the asset
Or
- ▶ The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Group's continuing involvement, in which case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration the Group could be required to pay.

In case where transfer of a part of financial assets qualifies for de-recognition, any difference between the proceeds received on such sale and the carrying value of the transferred asset is recognised as gain or loss on de-recognition of such financial asset previously carried under amortisation cost category. The resulting interest only strip initially is recognised at FVTPL.

5.2.2. Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

5.3 Impairment of financial assets

5.3.1 Overview of the ECL principles

The Group records allowance for expected credit losses for all loans, other debt financial assets not held at FVTPL, together with loan commitments, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment under Ind AS 109.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL) as outlined in these notes.

The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both LTECLs and 12mECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial

recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

Based on the above process, the Group categorises its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1:

When loans are first recognised, the Group recognises an allowance based on 12mECLs. Stage 1 loans also include facilities where the credit risk has improved and the loan has been reclassified from Stage 2.

Stage 2:

When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the LTECLs. Stage 2 loans also include facilities, where the credit risk has improved and the loan has been reclassified from Stage 3.

Stage 3:

Loans that has been credit-impaired are based on the following, for which it records an allowance for the LTECLs.

- a) Contractual payments of either principal or interest are past due for more than 90 days;
- b) The loan is considered to be in default by the management.

The calculation of ECLs

The Group calculates ECLs to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive.

The key elements of the ECL are summarised below:

PD:

The *Probability of Default* is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

EAD:

The *Exposure at Default* is an estimate of the exposure at a future default date (in case of Stage 1 and Stage 2), taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments. In case of Stage 3 loans EAD represents exposure when the default occurred.

LGD:

The *Loss Given Default* is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value

The mechanics of the ECL method are summarised below:

Stage 1:

The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Group calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

Stage 2:

When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the LTECLs PDs and LGDs are estimated over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the original EIR.

Stage 3:

For loans considered credit-impaired, the Group recognises the lifetime expected credit losses for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%.

Loan commitment:

When estimating LTECLs for undrawn loan commitments, the Group estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down. The expected cash shortfalls are discounted at an approximation to the expected EIR on the loan. For an undrawn loan commitment, ECLs are calculated and presented under provision.

5.3.2 Forward looking information

The Group considers a broad range of forward looking information with reference to external forecasts of economic parameters such as GDP growth, unemployment rates etc., as considered relevant so as to determine the impact of macro-economic factors on the Group's ECL estimates.

The inputs and models used for calculating ECLs are recalibrated periodically through the use of available incremental and recent information. Further, internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably

5.4 Collateral repossessed

In connection with recovery of outstanding dues from borrowers, the Group from time to time and in the normal course of business, resorts to regular repossession of collateral provided against vehicle loans and in certain cases, also exercises its right over property through legal procedures which include seizure of property (wherever applicable). Such assets repossessed are not used for the internal operations. As per the Group's accounting policy, repossessed assets are not recorded in the balance sheet, and instead their estimated realisable value is considered in determining the ECL allowance for the related Stage 3 financial assets.

5.5 Write-offs

Financial assets are written off either partially or in their entirety only when the Group has no reasonable expectation of recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference recorded as an expense in the period of write off. Any subsequent recoveries are credited to impairment on financial instrument in the Consolidated statement of profit and loss.

5.6 Restructured, rescheduled and modified loans

The Group sometimes makes concessions or modifications to the original terms of loans such as changing the instalment value or changing the tenor of the loan, as a response to the borrower's request. The Group considers the modification of the loan only before the loans gets credit impaired.

When the loan has been renegotiated or modified but not derecognised, the Group also reassesses whether there has been a significant increase in credit risk. The Group also considers whether the assets should be classified as Stage 3. Once an asset has been classified as restructured, it will remain restructured for a period of year from the date on which it has been restructured.

Loans which have been renegotiated or modified in accordance with RBI Notifications - RBI/2020-21/16 DOR.No.BP.BC/3/21.04.048/2020-21- Resolution Framework for COVID-19 related Stress and RBI/2020-21/17 DOR.No.BP.BC/4/21.04.048/2020-21- Micro, Small and Medium Enterprises (MSME) sector - Restructuring of Advances have been classified as Stage 2 due to significant increase in credit risk.

5.7 Derivative and Hedge accounting

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as 'held for trading' for accounting purposes and are accounted for at FVPL.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in profit or loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in profit or loss depends on the nature of the hedge relationship

The Group makes use of derivative instruments to manage exposures to interest rate and foreign currency. In order to manage particular risks, the Group applies hedge accounting for transactions that meet specified criteria.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group's risk management objective and strategy for undertaking hedge, the hedging/economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value or cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedges that meet the strict criteria for hedge accounting are accounted for as cash flow hedge

A cash flow hedge is a hedge of the exposure to variability in cash flows that is attributable to a particular risk associated with a recognised asset or liability (such as all or some future interest payments on variable rate debt) or a highly probable forecast transaction and could affect profit or loss.

For designated and qualifying cash flow hedges, the effective portion of the cumulative gain or loss on the hedging instrument is initially recognised directly in OCI within equity (cash flow hedge reserve).

The ineffective portion of the gain or loss on the hedging instrument is recognised immediately in net gain/loss on fair value changes in the profit and loss statement.

When the hedged cash flow affects the statement of profit and loss, the effective portion of the gain or loss on the hedging instrument is recorded in the corresponding income or expense line of the statement of profit and loss. When the forecast transaction subsequently results in the recognition of a non-financial asset or a non-financial liability, the gains and losses previously recognised in OCI are reversed and included in the initial cost of the asset or liability.

When a hedging instrument expires, is sold, terminated, exercised, or when a hedge no longer meets the criteria for hedge accounting, any cumulative gain or loss that has been recognised in OCI at that time re-mains in OCI and is recognised when the hedged forecast transaction is ultimately recognised in the statement of profit and loss. When a forecast transaction is no longer expected to occur, the cumulative gain or loss that was reported in OCI is immediately transferred to the statement of profit and loss.

5.8 Recognition of interest income

5.8.1 The effective interest rate method

Under Ind AS 109 interest income is recorded using the effective interest rate ('EIR') method for all financial instruments measured at amortised cost. The EIR is the rate that discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

Interest Income

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account the fees and costs that are an integral part of the EIR. The Group recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the life of the loan. For credit-impaired financial assets interest income is calculated by applying the EIR to the amortised cost of the credit-impaired financial assets (i.e. the gross carrying amount less the allowance for expected credit losses).

5.9 Taxes

5.9.1 Current Tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to

situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

5.9.2 Deferred Tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- ▶ In respect of taxable temporary differences associated with investments in subsidiaries, where the *timing* of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- ▶ When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- ▶ In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

5.9.3 Minimum Alternative Tax (MAT)

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax for the year. The deferred tax asset is recognised for MAT credit available only to the extent that it is probable that the concerned Group will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the Group recognizes MAT credit as an asset, it is created by way of credit to the statement of profit and loss and shown as part of deferred tax asset. The Group reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent that it is no longer probable that it will pay normal tax during the specified period.

5.10 Investment Property

Investment property represents property held to earn rentals or for capital appreciation or both.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Depreciation on building classified as investment property has been provided on the straight-line method over a period of 60 years based on the Group's estimate of their useful lives taking into consideration technical factors, which is the same as the period prescribed in Sch II to the Companies Act 2013.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an external independent valuer applying valuation models.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the statement of profit and loss in the period of derecognition.

5.11 Property, plant and equipment

Property plant and equipment is stated at cost excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives which is similar to those provided under Schedule II. Land is not depreciated.

Useful life of assets which is same as those prescribed as per Schedule II of the Companies Act, 2013:

Asset description	Estimated Useful Life
Buildings	60 years
Computer Equipment	3 years
Other Equipment	5 years
Leasehold improvements	Lease period or 5 years whichever is lower

Useful life of assets based on Management's estimation and which are different from those specified in schedule II:

Asset description	Estimated Useful Life
Furniture and Fixtures *	5 years
Vehicles *	5 years
Membership card of stock exchanges	10 years

*The Group, based on technical assessment made by technical expert and management estimate, depreciates Furniture & Fixtures and vehicles over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Assets individually costing less than or equal to ₹ 5,000 are fully depreciated in the year of acquisition.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised. The date of disposal of an item of property, plant and equipment is the date the recipient obtains control of that item in accordance with the requirements for determining when a performance obligation is satisfied in Ind AS 115.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

5.12 Intangible assets

The Group's other intangible assets mainly include the value of computer software. An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group. Intangible assets acquired separately are measured on initial recognition at cost. Subsequently, they are carried at cost less accumulated amortisation and impairment losses if any, and are amortised over their estimated useful life on the straight line basis over a 3 year period or the license period whichever is lower. The carrying amount of the assets is reviewed at each Balance sheet date to ascertain impairment based on internal or external factors. Impairment is recognised, if the carrying value exceeds the higher of the net selling price of the assets and its value in use.

5.13 Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can

be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, are recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future periods.

Intangible assets with indefinite useful lives are tested for impairment annually at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

5.14 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as employee benefit obligations in the balance sheet.

(ii) Post-employment obligations

The Group operates the following post-employment schemes:

- (a) defined contribution plans such as provident fund
- (b) defined benefit plans such as gratuity, pension, post-employment medical plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Employees' State Insurance: The Group contributes to Employees State Insurance Scheme and recognizes such contribution as an expense in the Statement of Profit and Loss in the period when services are rendered by the employees.

Superannuation: The Group contributes a sum equivalent to 15% of eligible employees' salary to a Superannuation Fund administered by trustees and managed by Life Insurance Corporation of India ("LIC"). The Group has no liability for future Superannuation Fund benefits other than its contribution and recognizes such contributions as an expense in the Statement of Profit and Loss in the period when services are rendered by the employees.

The Group makes contribution to a Gratuity Fund administered by trustees and managed by LIC. The Group accounts its liability for future gratuity benefits based on actuarial valuation, as at the Balance Sheet date, determined every year by an independent actuary using the Projected Unit Credit method.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- ▶ The date of the plan amendment or curtailment, and

The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the Consolidated statement of profit and loss:

- ▶ Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- ▶ Net interest expense or income.

5.15 Share Based Payments

Stock options are granted to the employees under the stock option scheme. The costs of stock options granted to the employees (equity-settled awards) of the Group are measured at the fair value of the equity instruments granted. For each stock option, the measurement of fair value is performed on the grant date. The grant date is the date on which the Group and the employees agree to the stock option scheme. The fair value so determined is revised only if the stock option scheme is modified in a manner that is beneficial to the employees.

This cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The statement of profit and loss expense or Credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

If the options vests in instalments (i.e. the options vest pro rata over the service period), then each instalment is treated as a separate share option grant because each instalment has a different vesting period.

5.16 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Group determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

5.16.1 Provision for Claw Back of Commission Income

The estimated liability for claw back of commission income is recorded in the period in which the underlying revenue is recognised. These estimates are established using historical information on the nature, frequency and expected average cost of claw back and management estimates regarding possible future incidence. The estimates used for accounting of claw back claims are reviewed periodically and revisions are made as required.

5.17 Dividends on ordinary shares

The Group recognises a liability to make cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the Companies Act, 2013 in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

5.18 Determination of Fair value

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- ▶ **Level 1 financial instruments** – Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Group has access to at the measurement date. The Group considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the

identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.

- ▶ **Level 2 financial instruments**—Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. However, if such adjustments are based on unobservable inputs which are significant to the entire measurement, the Group will classify the instruments as Level 3.
- ▶ **Level 3 financial instruments** –Those that include one or more unobservable input that is significant to the measurement as whole.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

5.19 Recognition of Income

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable.

The Group recognises revenue from contracts with customers based on a five step model as set out in Ind 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Group allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Group expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the Group satisfies a performance obligation.

5.19.1 Interest on overdue balances and Other Charges

Overdue interest in respect of loans is recognised upon realisation.

5.19.2 Fee Income & Sale of Services

- a) Fee income from loans are recognised upon satisfaction of following:
 - i) Completion of service
 - ii) and realisation of the fee income.
- b) Servicing and collections fees on assignment are recognised upon completion of service.

- c) Advertising income is recognised over the contract period as and when related services are rendered.
- d) Revenue from contract with customer is recognised point in time when performance obligation is satisfied (when the trade is executed). These include brokerage fees which is charged per transaction executed.

5.19.3 Contract Balances

Contract assets

A contract asset is the right to consideration in exchange for services transferred to the customer. If the Group performs by transferring services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract liabilities

A contract liability is the obligation to transfer services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract.

5.20 Dividend Income

Dividend income (including from FVOCI investments) is recognised when the Group's right to receive the payment is established and it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

5.21 Input Tax credit (Goods and Service Tax)

Input Tax Credit is accounted for in the books in the period when the underlying service / supply received is accounted to the extent permitted as per the applicable regulatory laws and when there is no uncertainty in availing / utilising the same. The ineligible input credit is charged off to the respective expense or capitalised as part of asset cost as applicable.

5.22 Foreign Currency transactions

The Group's financial statements are presented in Indian Rupees (INR) which is also the Group's functional currency.

Transactions in foreign currencies are initially recorded by the Group at their respective functional currency spot rates at the date the transaction first qualifies for recognition.

Foreign currency denominated monetary assets and liabilities are translated at the functional currency spot rates of exchange at the reporting date and exchange gains and losses arising on settlement and restatement are recognized in the statement of profit and loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

5.23 Earnings Per Share

Basic Earnings Per Share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

5.24 Segment Information

The accounting policies adopted for Segment reporting are in line with the accounting policies of the Group with the following additional policies:

Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the Segment. Revenue and expenses, which relate to the enterprise as a whole and are not allocable to Segments on a reasonable basis have been included under "Un-allocable".

Assets and liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Assets and liabilities, which relate to the enterprise as a whole and are not allocable to segments on a reasonable basis have been included under "Un-allocable".

5.25 Cash and Cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

5.26 Cash Flow Statement

Cash flows are reported using the indirect method, where by profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments

For the purpose of the Statement of Cash Flows, cash and cash equivalents as defined above, net of outstanding bank overdrafts as they are considered an integral part of cash management of the Group.

5.27 Leases

The Group's lease asset consists of leases for buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-Use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term. Right to use assets are evaluated for recoverability whenever events or changes in the circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are remeasured with a corresponding adjustment to the related right to use asset if the Group changes its assessment if the whether it will exercise an extension or a termination option.

ROU asset has been presented under Property, plant and equipment while lease liability is presented under Other Financial Liabilities in the Balance Sheet. Lease payments made by the Group are classified as financing cash flows.

The Group applies the short-term lease recognition exemption to its short-term leases of Buildings (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

5.28 Trade receivable

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated for changes in the forward-looking estimates.

6A. Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future period

In the process of applying the Group's accounting policies, management has made the following judgements/estimates, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities.

i) De-recognition of Financial instruments

The Group enters into securitisation transactions where financial assets are transferred to a structured entity for a consideration. The financial assets transferred qualify for derecognition only when substantial risk and rewards are transferred.

This assessment includes judgements reflecting all relevant evidence including the past performance of the assets transferred and credit risk that the Group has been exposed to. Based on this assessment, the Group believes that the credit enhancement provided

pursuant to the transfer of financial assets under securitisation are higher than the loss incurred on the similar portfolios of the Group hence it has been concluded that securitisation transactions entered by the Group does not qualify de-recognition since substantial risk and rewards of the ownership has not been transferred. The transactions are treated as financing arrangements and the sale consideration received is treated as borrowings.

ii) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see Fair value note in Accounting policy

iii) Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting estimates include:

- ▶ The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a LTECL basis and the qualitative assessment
- ▶ The segmentation of financial assets when their ECL is assessed on a collective basis
- ▶ Development of ECL models, including the various formulas and the choice of inputs
- ▶ Determination of temporary adjustments as qualitative adjustment or overlays based on broad range of forward looking information as economic inputs

The Group has considered the impact of Covid-19 pandemic and the moratorium given to borrowers pursuant to the Covid-19 regulatory package announced by Reserve Bank of India, in determination of impairment allowance for the year. Also refer note 2.3.

It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

iv) Leases

a. Determining the lease term of contracts with renewal and termination options – Group as lessee

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably

certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

b. Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to for its borrowings.

v) Provisions and other contingent liabilities

When the Group can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Group records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

vi) Business Model Assessment.

The Group from time to time enters into direct bilateral assignment deals, which qualify for de-recognition under Ind AS 109. Accordingly, the assessment of the business model for managing its financial assets becomes a critical judgement.

Further, the Group also made an investment in the Government securities in order to comply the liquidity ratio compliance as required by RBI pursuant to its master directions. The Group intends to hold these assets till maturity expects that any sale if any necessitated by requirements are likely to be infrequent and immaterial. Accordingly the related assessment becomes a critical judgement to determine the business model for such financial assets under Ind AS.

Refer Note 5.1.4.1.1 for related details.

6B. Amendments to Ind AS 116: Covid-19-Related Rent Concessions

The amendments provide relief to lessees from applying Ind AS 116 guidance on lease modification accounting for rent concessions arising as a direct consequence of the Covid-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a Covid-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the Covid-19 related rent concession the same way it would account for the change under Ind AS 116, if the change were not a lease modification.

The amendments are applicable for annual reporting periods beginning on or after the 1 April 2020. In case, a lessee has not yet approved the financial statements for issue before the issuance of this amendment, then the same may be applied for annual reporting periods beginning on or after the 1 April 2019. This amendment had no significant impact on the Consolidated financial statements of the Group.

The Group has a Board approved policy for entering into derivative transactions. Derivative transaction represents Currency ,Interest Rate Swaps and forward contracts . The Group undertakes such transactions for hedging interest/foreign exchange risk on borrowings. The Asset Liability Management Committee and Business Committee periodically monitors and reviews the risks involved.
The notional amount for interest rate swap represents the foreign currency borrowing on which Company has entered to hedge the variable interest rate.

- a) Statutory reserve represents the reserve created as per Section 45IC of the RBI Act, 1934, pursuant to which a Non-Banking Financial Company shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year as disclosed in the Statement of Profit and Loss account, before any dividend is declared.
- b) Capital reserve represents the reserve created on account of amalgamation of Chola Factoring Limited in the year 2013-14.
- c) Capital redemption reserve represents the amount equal to the nominal value of shares that were redeemed during the prior years. The reserve can be utilized only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013
- d) Securities premium reserve is used to record the premium on issue of shares. The premium received during the period represents the premium received towards allotment of equity shares issued under ESOP scheme. The reserve can be utilized only for limited purposes such as issuance of bonus shares, buy back of its own shares and securities in accordance with the Section 52 of the Companies Act, 2013
- e) The general reserve is a free reserve, retained from Group's profits and can be utilized upon fulfilling certain conditions in accordance with specific requirement of Companies Act, 2013.
- f) Under IND AS 102, fair value of the options granted is required to be accounted as expense over the life of the vesting year as employee compensation costs, reflecting the year of receipt of service.
- g) The amount that can be distributed by the Group as dividends to its equity shareholders is determined based on the financial position of the Company and also considering the requirements of the Companies Act, 2013. Thus, the amounts reported in retained earnings are not distributable in entirety.
- h) Cash flow hedge reserve represents the cumulative effective portion of gains or losses arising on changes in fair value of hedging instruments entered into for cash flow hedges, which shall be reclassified to profit or loss only when the hedged transaction affects the profit or loss, or included as a basis adjustment to the non-financial hedged item, consistent with the Group accounting policies.
- i) FVOCI Reserve represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through Other Comprehensive Income.

Proposed Dividend

The Board of Directors of the Company have recommended a final dividend of 35% being ₹ 0.70 per share on the equity shares of the Company, for the year ended March 31, 2022 (₹ 0.70 per share - March 31, 2021) which is subject to approval of shareholders. Consequently the proposed dividend has not been recorded in the books in accordance with IND AS 10.

35. Transfer of financial assets**35.1 Transferred financial assets that are not derecognised in their entirety**

The following tables provide a summary of financial assets that have been transferred in such a way that part or all of the transferred financial assets do not qualify for derecognition, together with the associated liabilities:

A) Securitisation

The Group has Securitised certain loans, however the Group has not transferred substantially all risks and rewards, hence these assets have not been de-recognised.

₹ in crores			
Particulars	As at March 31, 2022	As at March 31, 2021	As at March 31, 2020

Fair value of associated liabilities	3,428	4,374	4,656
Net position at Fair Value	377	388	204

B) Direct bilateral assignment

The Group has transferred certain loans (measured at amortised cost) by way of direct bilateral assignment, as a source of finance.

As per the terms of these deals, since substantial risk and rewards related to these assets were transferred to the buyer, the assets have been de-recognised from the Group's balance sheet.

The table below summarises the carrying amount of the derecognised financial assets measured at amortised cost and the gain/(loss) on derecognition, per type of asset.

37. Retirement Benefit

A) Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which the Group pays fixed contributions and where there is no legal or constructive obligation to pay further contributions. During the period, the Group recognised Rs 35 crores (Previous year - Rs 30 crores) to Provident Fund under Defined Contribution Plan, Rs 4 crores (Previous year - Rs 3 crores) for Contributions to Superannuation Fund and Rs 0.33 crores (Previous year - Rs 0.50 crores) for Contributions to Employee State Insurance Scheme in the Statement of Profit and Loss.

B) Gratuity

The Group's defined benefit gratuity plan requires contributions to be made to a separately administered fund. The gratuity plan is funded with Life Insurance Corporation of India (LIC). The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

Mortality Rate (+/- 10% of mortality rates)	86	86	73	73	60	60

Notes:

1. The estimate of future salary increase takes into account inflation, seniority, promotion and other relevant factors.
2. The Group's best estimate of contribution during the next year is ₹ 25 crores
3. Discount rate is based on the prevailing market yields of Indian Government Bonds as at the Balance Sheet date for the estimated term of the obligation.
4. The entire Plan Assets are invested in insurer managed funds with Life Insurance Corporation of India (LIC).
5. The above sensitivity analysis are based on change in an assumption which is holding all the other assumptions constant. In practice, this is unlikely to occur, and changes in some assumptions may be correlated. When calculating the sensitivity of defined benefit obligation to significant actuarial assumptions the same method of present value of defined benefit obligations calculated with Projected unit cost method at the end of the reporting period has been applied while calculating defined benefit liability recognised in the balance sheet.
6. The method and type of assumptions used in preparing the sensitivity analysis does not change compared to the prior period

Description of Risk exposures

Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Group is exposed to various risks in providing the above gratuity benefit which are as follows:

(a)Interest Rate risk:The plan exposes the Group to the risk of fall in interest rates . A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability(as shown in financial statements).

(b)Liquidity Risk: This is the risk that the Group is not able to meet the short-term gratuity payouts. This may arise due to non-availability of enough cash/cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

(c)Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

(d)Demographic Risk: The Group has used certain mortality and attrition assumptions in valuation of the liability. The Group is exposed to the risk of actual experience turning out to be worse compared to the assumption.

(e)Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of Rs. 20,00,000).

(f)Asset Liability Mismatching or Market Risk: The duration of the liability is longer compared to duration of assets, exposing the Group to market risk for volatilities/fall in interest rate.

(g)Investment Risk: The probability or likelihood of occurrence of losses relative to the expected return on an particular investment.

C) Compensated Absences

Assumptions	March 31,2022	March 31,2021	March 31,2020
Discount Rate	6.70% p.a.	6.25% p.a.	6.45% p.a.

Notes:

1. The Group has not funded its Compensated Absences liability and the same continues to remain as unfunded as at March 31, 2022.
2. The estimate of future salary increase takes into account inflation, seniority, promotion and other relevant factors.
3. Discount rate is based on the prevailing market yields of Indian Government Bonds as at the Balance Sheet date for the estimated term of the obligation.

38. Segment Information

The Group is primarily engaged in the business of financing. All the activities of the Group revolve around the main business. Further, the Group does not have any separate geographic segments other than India

During year ended March 31, 2022, for management purposes, the Group has been organised into the following operating segments based on products and services, as follows

- Vehicle Finance - Loans to customers against purchase of new/used vehicles, tractors, construction equipments and loan to automobile dealers.
- Loan against property - Loans to customer against immovable property
- Home Loans - loans given for acquisition of residential property
- Others -Loan against shares, and other unsecured loans & security broking and insurance agency business.

The Chief Operating Decision Maker (CODM) monitors the operating results of its business units separately for making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profits or losses and is measured consistently with operating profits or losses in the financial statements. However, income taxes are managed on an entity as whole basis and are not allocated to operating segments.

The shareholders of the Company, at the 34th Annual General Meeting held on July 30, 2012, authorised extension of exercise period from 3 years from the date of vesting to 6 years from the date of vesting. Accordingly, the Company has measured the fair value of the options using the Black Scholes model immediately before and after the date of modification to arrive at the incremental fair value arising due to the extension of the exercise period. The incremental fair value so calculated is recognised from the modification date over the vesting period in addition to the amount based on the grant date fair value of the stock options.

The incremental (benefit)/cost due to modification of the exercise period from 3 years to 6 years from the date of vesting for the year ended March 31, 2022 is ₹ Nil (March 31,2021- ₹ Nil)

The fair value of the options has been calculated using the Black Scholes model on the date of modification.

The assumptions considered for the calculation of the fair value (on the date of modification) are as follows:

45.1 Capital Management

The Group maintains an actively managed capital base to cover risks inherent in the business, meeting the capital adequacy requirements of Reserve Bank of India (RBI), maintain strong credit rating and healthy capital ratios in order to support business and maximise shareholder value. The adequacy of the Group's capital is monitored by the Board using, among other measures, the regulations issued by RBI.

The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities.

The Group has complied in full with the capital requirements prescribed by RBI over the reported period. The Capital adequacy ratio as of March 31, 2022 is 19.62% (March 31, 2021- 19.10%, March 31, 2020-20.69%) as against the regulatory requirement of 15%.

45.2 FINANCIAL RISK MANAGEMENT

The key financial risks faced by the Group are credit and market risks comprising liquidity risk, interest rate risk and foreign currency risks.

45.2.1 Credit Risk

Credit risk arises when a borrower is unable to meet his financial obligations to the lender. This could be either because of wrong assessment of the borrower's payment capabilities or due to uncertainties in his future earning potential. The effective management of credit risk requires the establishment of appropriate credit risk policies and processes.

45.2.1.1 Assessment Methodology

The Group has comprehensive and well-defined credit policies across various businesses, products and segments, which encompass credit approval process for all businesses along with guidelines for mitigating the risks associated with them. The appraisal process includes detailed risk assessment of the borrowers, physical verifications and field visits. The Group has a robust post sanction monitoring process to identify credit portfolio trends and early warning signals. This enables it to implement necessary changes to the credit policy, whenever the need arises. Also, being in asset financing business, most of the Group's lending is covered by adequate collaterals from the borrowers. The Group has a robust online application underwriting model to assess the credit worthiness of the borrower for underwriting decisions for its vehicle finance, Loan Against Property and home loan business. The Group also has a well- developed model for the vehicle finance portfolio, to help business teams plan volume with adequate pricing of risk for different segments of the portfolio.

45.2.1.2 Risk Management and Portfolio Review

The Group has a robust portfolio review mechanism. Key metrics like early delinquency, default rates are tracked, monitored and reviewed daily. Business teams review key trends in these Key Risk Indicators and location level strategies are adopted.

45.2.1.3 ECL Methodology

The Group records allowance for expected credit losses for all financial assets including loan commitments, other than those measured at FVTPL. Equity instruments carried at cost are not subject to impairment under the ECL methodology.

45.2.1.4 Assumptions and Estimation techniques

The Group calculates ECLs to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to an entity in accordance with the contract and the cash flows that the entity expects to receive. ECL is computed on collective basis. The portfolio is segmented based on shared risk characteristics for the computation of ECL.

The key elements of the ECL are summarised below:

45.2.1.4(a) PD

The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio. While computing probability of default, significant outlier events are suitably handled to ensure it does not skew the outcomes.

A 12M marginal PD is computed by creating cohorts of accounts starting in Stage 1 at the beginning of the year and subsequently moving to Stage 3 at any point in time during the year.

A conditional average probability of default is computed by taking cohort of which were in Stage 2 at the beginning the year and subsequently moved to Stage 3 anytime in each subsequent year

45.2.1.4(b) EAD

The Exposure at Default is an estimate of the exposure at a future default date (in case of Stage 1 and Stage 2), taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise, expected drawdowns on committed facilities, and accrued interest from missed payments. In case of Stage 3 loans EAD represents exposure when the default occurred.

45.2.1.4(c) LGD

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD. The recoveries are discounted back to the default date using customer IRR. This present value of recovery is used for LGD computation. A recovery rate (RR) computed as the ratio of present value of recovery to the EAD ($1 - RR$), gives the LGD.

45.2.1.5 Mechanics of the ECL method**Stage 1:**

All loans (other than purchased credit impaired asset) are categorised as Stage 1 on initial recognition. The 12months ECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Group calculates the 12monthsECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These

expected 12-month default probabilities are applied to EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

Stage 2:

Loans which are past due for more than 30 days are categorised as Stage 2. When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the LTECLs PDs and LGDs are estimated over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the original EIR.

Stage 3:

Loans which are past due for more than 90 days are categorised as Stage 3. For loans considered credit-impaired, the Group recognises the lifetime expected credit losses for these loans. The method is similar to that for Stage 2 assets, with the PD set at 100%

Restructured loans are categorised as Stage 3 on the date of restructuring and remain so for a period of one year. Post this, regular staging criteria applies.

Loans which have been renegotiated or modified in accordance with RBI Notifications for COVID-19 related stress has been classified as Stage 2 due to significant increase in credit risk.

The Post Implementation Staging of Loans restructured under Covid Resolution framework shall follow the Days Past Due of respective loan agreements.

In respect of new lending products introduced during the year, the Group follows simplified matrix approach for determining impairment allowance based on industry practise in the absence of historical information. These loans constitutes less than 1% of the total loan book.

Loan Movement across stages during the year is given in a note 11.1

Loan commitment:

When estimating LTECLs for undrawn loan commitments, the Group estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down. The expected cash shortfalls are discounted at an approximation to the expected EIR on the loan. For an undrawn loan commitment, ECLs are calculated and presented under provisions.

Other Financial assets:

The Group follows 'simplified approach' for recognition of impairment loss allowance on other financial assets. The application of simplified approach does not require the Group to track changes in credit risk and calculated on case by case approach, taking into consideration different recovery scenarios.

Based on Management's assessment of ECL on trade receivables/ other financial assets, the provisions are not material to financial statements (Nil as at March 31, 2021, Nil as at March 31, 2020).

45.2.1.6 Incorporation of forward looking statements in ECL model

The Group considers a broad range of forward looking information with reference to external forecasts of economic parameters such as GDP growth, Inflation, Government Expenditure etc., as considered relevant so as to determine the impact of macro-economic factors on the Group's ECL estimates.

The inputs and models used for calculating ECLs are recalibrated periodically through the use of available incremental and recent information. Further, internal estimates of PD, LGD rates used in the ECL model may not always capture all the characteristics of the market / external environment as at the date of the financial statements. To reflect this, qualitative adjustments or overlays are made as temporary adjustments to reflect the emerging risks reasonably.

Annual data from 2010 to 2026 (including forecasts for 5 years) were obtained from World Economic Outlook, October 2021 published by International Monetary Fund (IMF). IMF provides historical and forecasted data for important economic indicators country-wise. The data provided for India is used for the analysis. Macro variables that were compared against default rates at segment level to determine the key variables having correlation with the default rates using appropriate statistical techniques. Vasicek model has been incorporated to find the Point in Time (PIT) PD. The Group has formulated the methodology for creation of macro-economic scenarios under the premise of economic baseline, upside and downside condition. A final PIT PD is arrived as the scenario weighted PIT PD under different macroeconomic scenarios.

45.2.1.7 Macro economic variables

Segment	Macro-Economic Variables correlated for each segment	
Heavy Commercial Vehicle	Gross domestic product, current prices USD	Inflation, end of period consumer prices
Light Commercial Vehicle	Gross domestic product, current prices USD	Inflation, end of period consumer prices
Car & MUV	Gross domestic product, current prices USD	Inflation, end of period consumer prices
Mini Light Commercial Vehicle	Gross domestic product per capita, constant prices USD	Inflation, end of period consumer prices
Used Vehicles	General government total expenditure	Gross domestic product per capita, constant prices USD
Shubh	General government total expenditure	Gross domestic product per capita, constant prices USD
Tractor	Inflation, average consumer prices	General government total expenditure
Construction Equipment	Gross domestic product per capita, constant prices USD	Gross domestic product, current prices USD
Loan Against Property	Gross domestic product, current prices USD	Inflation, end of period consumer prices
Home Loan	Inflation, average consumer prices	General government total expenditure

Since the company has used Gross Domestic Product (GDP) as a predominant macro economic variable the sensitivity around the same is given below

(Rs in crores)

Year ended	Increase/(Decrease) of GDP	Impact on Expected Credit Losses (ECL)- Increase/(Decrease)
March 31,2022	Decrease by 5%	5
March 31,2022	Increase by 5%	(5)

45.2.1.8 Concentration of credit risk and Collateral and Credit Enhancements**45.2.1.8(a) Concentration of credit risk**

Concentration of credit risk arise when a number of counterparties or exposures have comparable economic characteristics, or such counterparties are engaged in similar activities or operate in same geographical area or industry sector so that collective ability to meet contractual obligations is uniformly affected by changes in economic, political or other conditions. The Group is in retail lending business on pan India basis targeting primarily customers who either do not get credit or sufficient credit from the traditional banking sector. Vehicle Finance (consisting of new and used Commercial Vehicles, Passenger Vehicles, Tractors, Construction Equipment and Trade advance to Automobile dealers) is lending against security (other than for trade advance) of Vehicle/ Tractor / Equipment and contributes to 69% of the loan book of the Group as of March 31, 2022 (72% as of March 31, 2021, 73% as ta March 31, 2020). Hypothecation endorsement is made in favour of the Group in the Registration Certificate in respect of all registerable collateral. Portfolio is reasonably well diversified across South, North, East and Western parts of the country. Similarly, sub segments within Vehicle Finance like Heavy Commercial Vehicles, Light Commercial Vehicles, Car and Multi Utility Vehicles, three wheeler and Small Commercial Vehicles, Refinance against existing vehicles, older vehicles (first time buyers), Tractors and Construction Equipment have portfolio share between 10% and 6% leading to well diversified sub product mix.

Loan Against Property is mortgage loan against security of existing immovable property (primarily self-occupied residential property) to self- employed non-professional category of borrowers and contributes to 22% of the lending book of the Group as of March 31, 2022 (22% as of March 31, 2021, 21% as at March 31, 2020). Portfolio is concentrated in North 35% with small presence in East 5%. South has 35% and West contributes 25% of the overall exposure of the Group.

The Concentration of risk is managed by Group for each product by its region and its sub-segments. Group did not overly depend on few regions or sub-segments as of March 31, 2022.

45.2.1.8(b) Collateral and Credit enhancements

Although collateral can be an important mitigation of credit risk, it is the Group's practice to lend on the basis of the customer's ability to meet the obligations out of cash flow resources other than placing primary reliance on collateral and other credit risk enhancements.

The Group obtains first and exclusive charge on all collateral that it obtains for the loans given. Vehicle Finance and Loan Against Property are secured by collateral at the time of origination. In case of Vehicle loans, Group values the vehicle either through proforma invoice (for new vehicles) or using registered valuer for used vehicles. In case of Loan Against Property loans, the value of the property at the time of origination will be arrived by obtaining two valuation reports from Group's empanelled valuers.

Hypothecation endorsement is obtained in favour of the Group in the Registration Certificate of the Vehicle/ Tractor / Equipment funded under the vehicle finance category.

Immovable Property is the collateral for Loan Against Property. Security Interest in favour of the Group is created by Mortgage through deposit of title deed which is registered wherever required by law.

In respect of Other loans, Home loans follow the same process as Loan Against Property and pledge is created in favour for the Group for loan against securities.

99% of the Group's term loan are secured by way of tangible Collateral.

In respect of some unsecured lending, the Group obtains First Loss Default Guarantee or similar arrangement from external service providers as partial cover against potential credit default.

45.2.2 Market Risk

Market Risk is the possibility of loss arising from changes in the value of a financial instrument as a result of changes in market variables such as interest rates, exchange rates. The Group's exposure to market risk is a function of asset liability management and interest rate sensitivity assessment. The Group is exposed to interest rate risk and liquidity risk, if the same is not managed properly. The Group continuously monitors these risks and manages them through appropriate risk limits. The Asset Liability Management Committee (ALCO) reviews market-related trends and risks and adopts various strategies related to assets and liabilities, in line with the Group's risk management framework. ALCO activities are in turn monitored and reviewed by a board sub-committee. In addition, the Group has

put in an Asset Liability Management (ALM) support group which meets frequently to review the liquidity position of the Group.

45.2.2.1 Liquidity Risk

Liquidity risk is defined as the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk arises because of the possibility that the Group might be unable to meet its payment obligations when they fall due as a result of mismatches in the timing of the cash flows under both normal and stress circumstances. Such scenarios could occur when funding needed for illiquid asset positions is not available to the Group on acceptable terms. To limit this risk, management has arranged for diversified funding sources and adopted a policy of availing funding in line with the tenor and repayment pattern of its receivables and monitors future cash flows and liquidity on a daily basis. The Group has developed internal control processes and contingency plans for managing liquidity risk. This incorporates an assessment of expected cash flows and the availability of unencumbered receivables which could be used to secure funding by way of assignment if required. The Group also has lines of credit that it can access to meet liquidity needs. These are reviewed by the Asset Liability Committee (ALCO) on a monthly basis. The ALCO provides strategic direction and guidance on liquidity risk management. A sub-committee of the ALCO, comprising members from the Treasury and Risk functions, monitor liquidity risks on a weekly basis and decisions are taken on the funding plan and levels of investible surplus, from the ALM perspective. This sets the boundaries for daily cash flow management.

Analysis of Financial assets and Financial liabilities by remaining contractual maturities given in note -48.

45.2.2.2 Interest Rate Risk

The Group being in the business of lending raises money from diversified sources like market borrowings, term Loan from banks and financial institutions, foreign currency borrowings etc. Financial assets and liabilities constitute significant portion, changes in market interest rates can adversely affect the financial condition. The fluctuations in interest rates can be due to internal and external factors. Internal factors include the composition of assets and liabilities across maturities, existing rates and re-pricing of various sources of borrowings. External factors include macro-economic developments, competitive pressures, regulatory developments and global factors. The movement in interest rates (upward / downward) will impact the Net Interest Income depending upon rate sensitivity of the asset or liability. The Group uses traditional gap analysis report to determine the vulnerability to movements in interest rates. The Gap is the difference between Rate Sensitive Assets (RSA) and Rate Sensitive Liabilities (RSL) for each time bucket. A positive gap indicates that the Group can benefit from rising interest rates while a negative gap indicates that the Group can benefit from declining interest rates. Based on market conditions, the Group enters into interest rate swap to mitigate interest rate risk.

45.2.2.3 Foreign Currency Risk

Foreign currency risk for the Group arise majorly on account of foreign currency borrowings. The Group manages this foreign currency risk by entering in to cross currency swaps and forward contract. When a derivative is entered in to for the purpose of being as hedge, the Group negotiates the terms of those derivatives to match with the terms of the hedge exposure. The Group holds derivative financial instruments such as Cross currency interest rate swap to mitigate risk of changes in exchange rate in foreign currency and floating interest rate.

The Counterparty for these contracts is generally a bank. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in market place.

45.2.2.4- Hedging Policy

The Group's policy is to fully hedge its foreign currency borrowings at the time of drawdown and remain so till repayment and hence the hedge ratio is 1:1.

The Management assessed that cash and cash equivalents, bank balance other than Cash and cash equivalents, receivable, other financial assets, payables and other financial liabilities approximates their carrying amount largely due to short term maturities of these instruments.

Note 47.2 - Fair value hierarchy

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values of financial assets or liabilities

- Derivatives are fair valued using market observable rates and publishing prices
- The fair value of loans have estimated by discounting expected future cash flows using discount rate equal to the rate near to the reporting date of the comparable product.
- The fair value of debt securities, borrowings other than debt securities and subordinated liabilities have estimated by discounting expected future cash flows discounting rate near to report date based on comparable rate / market observable data.
- The fair values of quoted equity investments are derived from quoted market prices in active markets.
- The fair value of investment in Government securities are derived from rate near to the reporting date of the comparable product.

Note 49: Disclosures in connection with IND AS 116 - Leases

The Group has taken office premises on lease for its operations.

The Group's obligations under its leases are secured by the lessor's title to the leased assets. Generally, the Group is restricted from assigning and subleasing the leased assets and some contracts require the Group to maintain certain financial ratios. There are several lease contracts that include extension and termination options and variable lease payments, which are further discussed below. The Group also has certain leases of machinery with lease terms of 12 months or less. The Group applies the 'short-term lease' recognition exemptions for these leases.

Set out below are the carrying amounts of lease liabilities included under financial liabilities and right to use asset included in Property, Plant and Equipment and the movements during the period:

Other Disclosures

Total amount recognised in profit or loss	53	56	55

Lease expenses relating to short term leases aggregated to Rs 1.19 crores during the year ended March 31, 2022

Lease liabilities are recognised at weighted average incremental borrowing rate ranging from 8% to 12%.

The Group does not face a significant liquidity risk with regard to its lease liabilities as the current assets are sufficient to meet the obligations related to the lease liabilities as and when they fall due.

The Group has several lease contracts that includes extension and termination contracts. These options are negotiated by the Management to provide flexibility in managing the leased-asset portfolio and align with Group's business needs. Management exercises significant judgement in determining whether these extension and termination are reasonably certain to be exercised.

The Group has not defaulted in its lease obligations

Independent Auditor's Review Report on quarterly Unaudited Standalone Financial Results of the Company Pursuant to Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

To the Board of Directors of Chola mandalam Investment and Finance Company Limited, Chennai

1. We have reviewed the accompanying unaudited standalone financial results of Chola mandalam Investment and Finance Company Limited (the "Company") for the quarter ended December 31, 2022 and the year to date results for the period April 01, 2022 to December 31, 2022, which are included in the accompanying Statement of Standalone Un-audited Financial Results for the Quarter and Nine months ended December 31, 2022 (the "Statement") being submitted by the Company pursuant to the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations, 2015"), including relevant circulars issued by the SEBI from time to time. We have initialled the Statement for identification purposes only.
2. The Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, read with relevant Rules issued thereunder, other accounting principles generally accepted in India and is in compliance with the presentation and disclosure requirements of Regulation 33 and Regulation 52 of the Listing Regulations, 2015, including relevant circulars issued by SEBI from time to time. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Independent Auditor's Review Report on quarterly Unaudited Consolidated Financial Results of the Company Pursuant to Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended)

To the Board of Directors of Cholamandalam Investment and Finance Company Limited, Chennai

1. We have reviewed the accompanying unaudited consolidated financial results of Cholamandalam Investment and Finance Company Limited (the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), and its share of the net profit/(loss) after tax of its associates and joint venture for the quarter ended December 31, 2022 and the year to date results for the period April 01, 2022 to December 31, 2022, which are included in the accompanying 'Statement of Consolidated Un-audited Financial Results for the Quarter and Nine months ended December 31, 2022' (the "Statement") being submitted by the Holding Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations, 2015"), including relevant circulars issued by the SEBI from time to time. We have initialled the Statement for identification purposes only.
2. This Statement, which is the responsibility of the Holding Company's Management and approved by the Holding Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, read with relevant Rules thereunder and other accounting principles generally accepted in India and in compliance with the presentation and disclosure requirements of Regulation 33 of the Listing Regulations, 2015, including relevant circulars issued by SEBI from time to time. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity, issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The Statement includes the results of the following entities:

Subsidiaries

- i. Cholamandalam Securities Limited
- ii. Cholamandalam Home Finance Limited

Associates

- i. White Data Systems India Private Limited
- ii. Vishvakarma Payments Private Limited
- iii. Paytail Commerce Private Limited

Joint Venture

- i. Payswiff Technologies Private Limited

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement has not been prepared in accordance with recognition and measurement principles laid down under Ind AS 34, prescribed under Section 133 of the Companies Act, 2013, read with relevant Rules thereunder, other accounting principles generally accepted in India, and has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, 2015, as amended, including relevant circulars issued by the SEBI from time to time, and including the manner in which it is to be disclosed.
6. We did not review the interim financial results of 1 subsidiary included in the Statement, whose results reflect total revenues of Rs. 2,068.92 lakhs and Rs. 5,484.44 Lakhs and total net profit after tax of Rs. 229.47 lakhs and Rs. 496.69 lakhs and total comprehensive income of Rs. 269.47 lakhs and Rs. 590.44 lakhs for the quarter ended December 31, 2022, and for the nine months ended December 31, 2022, respectively, as considered in the Statement. The interim financial results of this subsidiary has been reviewed by the other auditor whose reports has been furnished to us by the Management, and our conclusion on the Statement in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on the report of such other auditor and the procedures performed by us as stated in paragraph 3 above.

One of the subsidiary company whose financial results reflects total revenues of Rs. 1,346.72 lakhs and Rs. 3,580.87 lakhs and total net profit after tax of Rs. 159.91 lakhs and Rs. 378.95 lakhs and total comprehensive income/(loss) of Rs. 55.74 lakhs and Rs. (320.24) lakhs for the quarter ended December 31, 2022, and for the nine months ended December 31, 2022, respectively, as considered in the Statement, has been reviewed by Sundaram & Srinivasan, one of the joint auditors of the Holding Company. Accordingly, conclusion of Price Waterhouse LLP, the other joint auditor of the Holding Company, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on the review reports issued by Sundaram & Srinivasan for the subsidiary company and the procedures performed in paragraph 3 above.

Our conclusion on the Statement is not modified in respect of the above matters.

India Ratings Assigns Cholamandalam Investment and Finance Company's Additional NCDs 'IND AA+'/Stable; Affirms Other Ratings

Feb 15, 2023 | Non Banking Financial Company (NBFC)

India Ratings and Research (Ind-Ra) has taken the following rating actions on Cholamandalam Investment and Finance Company Limited (CIFCL):

Instrument Type	Date of Issuance	Coupon Rate (%)	Maturity Date	Size of Issue (billion)	Rating/Outlook	Rating Action
Long-Term Issuer Rating					IND AA+/Stable	Affirmed
NCDs*				INR 104.63 (reduced from INR 105.98)	IND AA+/Stable	Affirmed
NCDs (Public issue) @	-	-	-	INR 50	IND AA+/Stable	Assigned
Lower Tier 2 subordinated debt*	-	-	-	INR 33.17	IND AA+/Stable	Affirmed
Perpetual debt (Tier 1 instrument) *,#	-	-	-	INR 14.4(reduced from INR 14.7)	IND AA/Stable	Affirmed

*Details in Annexure

Perpetual debt instruments are subject to coupon deferring if capital levels fall below the regulatory minimum, or if servicing of coupon leads to capital levels falling below the regulatory minimum, or if servicing of coupon leads to a loss after tax or an increase in loss after tax, and requires prior approval from the regulator, even if the capital levels then are above the regulatory minimum.

Key Rating Drivers

Large and Diversified Franchise: CIFCL is among India's largest asset finance non-bank financing companies, with a geographically well-diversified vehicle finance portfolio (3QFY23: 64.3% of assets under management (AUM), FY22: 68.8%; FY21: 72%). The company has been able to maintain a strong position in both new and used vehicle segments across multiple product lines such as light commercial vehicles, heavy commercial vehicles, cars, and multi-utility vehicles

and tractors. CIFCL has a large network of 1,166 branches spread across 29 states. The company is also a significant player in the loan against property (LAP) segment (3QFY23: 20.9% of AUM) and has increased its focus on small ticket LAP loans. Its home loan segment, which largely caters to self-construction and resale properties in the affordable segment, has also attained a meaningful size, with a contribution of 7.6% to the overall AUM. The company has entered into three new verticals - consumer and small enterprise loans, secured business and personal loans, and small and medium enterprises loans - which form around 7.3% of the AUM. It has also made a substantial investment in Payswiff Technologies Pvt Ltd, which is a point-of-sale provider that enables a digital payment gateway for the e-commerce business, thereby helping CIFCL in building its customer base and providing customer solutions.

Experienced Management: CIFCL has an experienced top management and a reasonably seasoned second line of management with decades of experience in the industry through multiple cycles. The company has established risk management and analytics teams to drive operating efficiency and risk-based product pricing. The company also benefits from its linkages with the Murugappa group, which, through its group entities, holds a 51.49% stake in CIFCL. The company is an important part of the group and contributes significantly to its profitability.

Liquidity Indicator - Adequate: In terms of asset-liability management (ALM), CIFCL's structural liquidity statement at end-December 2022 was matched up to the one-year bucket with minor gaps. As per Ind-Ra's stress test on the ALM, the peak cumulative gap in the less-than-one-year time buckets could be substantially covered by its unutilised bank lines at end-December 2022. CIFCL maintains a healthy on-balance sheet liquidity, with cash and liquid investments of INR74.07 billion as of December 2022, along with unutilised bank lines of INR27.07 billion; however, there has been some moderation in the liquidity with the increase in disbursements. CIFCL has a demonstrated history of securitising its assets. Moreover, it has a diversified funding profile, with a fairly strong access to banks and capital markets, and it can raise funds at competitive rates. The funding cost for CIFCL inched up to 6.4% in 3QFY23 (FY22: 5.8%; FY21: 6.7%).

Adequate Capitalisation: CIFCL's tier I stood at 15.1% in 3QFY23 (FY22: 16.5%; FY21: 15.1%) with common equity tier 1 of 13.8%. The leverage (debt/equity) stood at 6.6x in 3QFY23 (FY22: 5.9x; FY21: 6.7x). Also, the internal accruals have improved due to a moderation in credit cost post the pandemic, supporting higher loan growth. However, the growth in loans has been higher than that in internal accruals, leading to absorption in capital buffers. Ind-Ra expects the company to maintain adequate capital buffers over the medium term, above the regulatory minimum, comparable to similarly rated peers and in line with its asset profile.

Profitability Buffers Stable: CIFCL's profitability buffers (pre-provision operating profit buffers to credit costs) improved to 4.3x in 9MFY23 (FY22: 4.4x; FY21: 2.5x). Furthermore, the net interest margins were stable at 7.7% in 9MFY23 (9MFY22: 7.8%), largely driven by the high yielding book across new businesses and the loan against property book being repriced with higher interest rates during 9MFY23. The operating expenses to average total assets ratio stood at 3% for 9MFY23 (9MFY22: 2.6%); Ind-Ra expects it to remain around 3% in the medium term.

Asset Quality on Improving Trend, Supported by Strong Loan Growth: CIFCL's asset quality was impacted by COVID-19 in FY22; however, it has been on a recovering trend in FY23. The gross stage-3 non-performing assets (NPA) stood at 3.51% in 3QFY23 (3QFY22: 5.85%; FY22: 4.37%) due to the strong loan growth of 32.2% yoy in the gross stage assets. In 3QFY23, the absolute stage-3 assets moderated by 20.7% yoy, while disbursements rose 68.4% yoy (up 20.1% qoq). The provision coverage ratio on Ind-AS gross stage-3 assets stood at 41% in 3QFY23 (FY22: 39.7%; FY21: 44.3%). The restructured book has also been improving and stood at 2.36% in 3QFY23 (3QFY22: 6.35%).

Also, as per the Income Recognition and Asset Classification (IRAC) norms, the gross NPA stood at 5.4% in 9MFY23 (FY22: 6.8%, 9MFY22: 8.5%). The gap between IRAC and IND-AS reporting has been narrowing; however, it is to be noted that the provisions under IND-AS exceed the provisions under IRAC by INR5 billion.

Improving Legacy Assets in Home Equity Segment: A large part of the stressed book in home equity is quite seasoned, with legacy assets contributing the most to delinquencies. The average ticket size of CIFCL's LAP portfolio was INR 4.64 million in 9MFY23. The company has a decade-long experience in this segment. This, along with its cautious approach in scaling up the business over the past couple of years, should help it contain ultimate losses. Also, CIFCL has

been diversifying across geographies by expanding its branch network and reducing the ticket size from the existing levels. Its home equity book is mostly concentrated in the National Capital Region and Tamil Nadu, which jointly formed 29% of the book at 3QFY23.

The vehicle finance NPA ratio (90+ DPD) improved to 3.63% in 3QFY23 (2QFY23: 3.85%; FY22: 3.90%; FY21: 3.08%) and the home equity NPA ratio (90+ DPD) to 4.76% (5.11%; 6.47%; 7.34%).

CIFCL's home loan book, which largely caters to the affordable housing segment, had witnessed a rise in delinquencies during the pandemic; however, the delinquencies have been moderating in the subsequent period (90+ dpd - 3QFY23: 1.97%; FY22: 3.18%; FY21: 3.25%). The collection efficiency in this segment has largely improved, supported by increased focus on collections, a lower loan-to-value ratio in self-constructed properties, which form a large part of the home loan book, and in-house sourcing, which has helped control credit costs.

Rating Sensitivities

Positive: A substantial proportion of granular stable funding in the borrowing mix, stronger capital buffers with stable through-the-cycle credit costs across segments, while sustaining superior business competitiveness and establishing leadership in the core product segments will be positive for the ratings.

Negative: Developments that could, individually or collectively, lead to a negative rating action include:

- a material weakening of the business franchise or deterioration of the business competitiveness, which could lead to a sustained decline in the operating profit buffers such that pre-provision operating profit buffers/credit costs falls below 2.5x, without adequate capital buffers, on a sustained basis,
- inadequate profitability buffers to absorb a rise in the credit costs in case of a perpetual debt instrument,
- a weakened funding or liquidity profile in the form of significant gaps in the ALM profile,
- an increase in the leverage ratio, on a sustained basis, and
- an inability to raise capital such that the Tier 1 capital ratio falls below Ind-Ra's expectations.

ESG Issues

ESG Factors Minimally Relevant to Rating: Unless otherwise disclosed in this section, the ESG issues are credit neutral or have only a minimal credit impact on CIFCL, due to either their nature or the way in which they are being managed by the entity. Company Profile

Incorporated in 1978, CIFCL is the financial services arm of Chennai-based Murugappa group. The company operates primarily in the commercial vehicle financing and LAP segments. In FY15, CIFCL ventured into the small and medium enterprise loan and housing finance business. The Murugappa group holds a 51.5% stake in CIFCL, of which 45.4% and 4.1% stakes were held through the group entities - Cholamandalam Finance Holdings Limited and Ambadi Investments Ltd, respectively, as of 3QFY23.

Rationale

The rating action factors in Cholamandalam Investment and Finance Company Limited's (CIFCL) established track record in the vehicle finance segment, a fairly-diversified portfolio and demonstrated support from the Murugappa Group. ICRA notes CIFCL's comfortable profitability indicators, with the return on managed assets (RoMA) at 2.5% in 9M FY2023 and 2.6% in FY2022, and its strong liquidity profile. It also takes into account the improvement in the asset quality over the last six quarters, as seen in the decline in CIFCL's gross stage 3 to 3.5% in December 2022 from 4.4% in March 2022 and the peak of 6.8% in June 2021. The restructured book also declined to 2.9% (standard restructured book of 2.4%) of the assets under management (AUM) in December 2022 from 5.0% in March 2022. With the improvement in the asset quality profile, the company lowered its overall expected credit loss (ECL) provision cover to 2.5% of AUM as of December 2022 from the peak of 4.6% as of June 2021. Consequently, the management overlay on provisions also moderated to 0.5% of AUM in December 2022 from 1.0% in June 2021 (1.6% in March 2021).

ICRA also notes that the share of new businesses, namely consumer & small enterprise loan (CSEL), secured business & personal loan (SBPL), and SME loan (SME), in the overall portfolio is gradually increasing, and the asset quality metrics of these businesses would be a key monitorable. CIFCL's capitalisation profile is characterised by core Tier-I and managed gearing of 13.8% (Tier-I of 15.1%) and 6.7x, respectively, as of December 2022 (14.7% (Tier-I of 16.5%) and 6.1x, respectively, as of March 2022). The company's ability to maintain an adequate capital buffer as the portfolio expands would be crucial, going forward.

Key rating drivers and their description

Credit strengths

Established franchise and position in vehicle finance business – CIFCL has an established position in the vehicle finance market backed by its strong franchisee base and fairly diverse product portfolio. As of December 2022, it had 1,166 branches in India (1,145 branches as of March 2022 and 1,137 branches as of March 2021), of which vehicle finance is offered at 1,109 branches, home equity (HE) at 571 branches (HE; 562 are co-located with vehicle finance), home loans at 426 branches (383 are co-located with vehicle finance), and CSEL, SBPL and SME at 328, 1881 and 49 branches, respectively (all co-located with vehicle finance). About 80% of CIFCL's branches are in rural areas. The company has a diversified network with no single region (North/South/East/West) accounting for more than 30% of the total branches as of December 2022.

Disbursements grew by 100% year-on-year (YoY) in 9M FY2023 on account of healthy demand across segments, contribution from new businesses, which have lower tenor, and the lower base in 9M FY2022 due to the second wave of the Covid-19 pandemic. Consequently, the AUM grew by 31% YoY in 9M FY2023 compared to 10% YoY in FY2022 and the compound annual growth rate (CAGR) was 20% between March 2017 and March 2021. The AUM stood at Rs. 95,468 crore in December 2022 with vehicle finance, HE, home finance and new businesses accounting for 64%, 21%, 8% and 7%, respectively. Within vehicle finance, CIFCL caters to various segments including light commercial vehicles (LCVs), heavy commercial vehicles (HCVs), cars and multi utility vehicles (MUVs), used vehicles and tractors, which accounted for 25%, 7%, 19%, 27% and 9%, respectively, of the vehicle finance portfolio in December 2022.

CIFCL has forayed into three new business divisions in the consumer and small enterprise/business loan ecosystem, namely CSEL, SBPL, and SME. These businesses accounted for 20% of the disbursements in 9M FY2023 (7% in FY2022) and 7% of the AUM as on December 31, 2022 (2% as on March 31, 2022). The share of these segments in the overall portfolio and their performance would increase to about 10-12% by the end of the next financial year and the share of the vehicle finance in the overall book, which has dropped to the current level from 72-75% during March 2018-March 2021, would moderate further.

Comfortable profitability indicators – CIFCL's RoMA stood at 2.5% in 9M FY2023 and 2.6% in FY2022 vis-à-vis 2.1% in FY2021 (1.6% in FY2020); profitability was supported by the improvement in margins and moderation in credit costs. The net interest margin (as a percentage of AMA¹) improved to 6.9% in 9M FY2023 (6.9% in FY2022) from 6.6% in FY2021 and 6.2% in FY2020, largely because of the reduction in the average cost of funds. The operating expense to total managed assets ratio increased to 2.8% in 9M FY2023 and 2.5% in FY2022 from 2.1% in FY2021 (2.5% in FY2020) on account of the improvement in branch activities and increase in employee expenses.

CIFCL's credit costs moderated to 1.0% in 9M FY2023 and 1.1% in FY2022 from 1.8% in FY2021 (1.4% in FY2020 and 0.6% in FY2019), following the improvement in the gross stage 3 position. The company continues to maintain a healthy provision cover with total provisions/AUM at 2.5% as of December 2022 (3.0% as of March 2022), similar to the level held in March 2022. Going forward, CIFCL's ability to maintain adequate margins as the cost of funds increases and keep its credit costs under control would be crucial for incremental profitability.

Improving asset quality trend – CIFCL faced asset quality pressures over the last two years because of the pandemic-induced disruptions faced by its borrowers. The delinquencies were especially affected with the overall 90+ days past due (dpd) peaking at 6.8% in June 2021 vis-à-vis 4.0% in March 2021 (3.8% in March 2020). However, with the recovery in economic activity and steep portfolio growth, the delinquencies improved steadily in subsequent quarters with the 90+dpd at 3.5% in December

¹ AMA – Average managed assets

2022. The restructured book improved to 2.9% in December 2022 (standard restructured book of 2.4%) from 6.3% and 5.0% of the AUM in December 2021 and March 2022, respectively.

The 90+dpd in vehicle finance improved to 3.6% in December 2022 and 3.9% in March 2022 from 6.4% in June 2021 while the same improved to 4.8% (6.5% as of March 2022 and 8.9% as of June 2021) in the HE segment, which constituted 21% of the net AUM as of December 2022. ICRA takes comfort from the adequate collateral cover in the HE segment (about 81% of the HE portfolio is backed by self-occupied residential properties) with an average loan to-value on origination of around 50%. Although the asset quality profile has improved over the last six quarters, performance remains a monitorable in the near term, especially in the new business segments.

Committed financial, operational and management support from Murugappa Group – As a part of the Murugappa Group, CIFCL derives management, operational and financial support from the Group, which holds a sizeable stake in the company through Chola mandalam Financial Holdings Limited (CFHL) and Ambadi Investments Limited. CIFCL's board includes eight directors, of which three are from the Murugappa Group, while the rest are independent non-executive directors. Operationally, CIFCL derives synergies in its various business segments, including vehicle finance, micro, small and medium enterprise (MSME) finance and home finance, by tapping the captive customer and vendor bases of the Group companies. ICRA expects timely capital or other support from the Group, if required, as observed in the past.

Credit challenges

Moderation in capitalisation buffers on account of robust portfolio growth – CIFCL's core Tier-I moderated to 13.8% as of December 2022 from 14.7% as of March 2022 (13.2% as of March 2021) due to robust portfolio growth. Its total Tier-I capital stood at 15.1% as of December 2022 and 16.5% as of March 2022 (15.1% as of March 2021), supported by the perpetual debt instruments. The managed gearing increased to 6.7x as of December 2022 from 6.1x as of March 2022, due to the steep growth witnessed in 9M FY2023. While the current managed gearing is lower than the levels witnessed in March 2021 (7.1x) and March 2020 (7.4x), the same is expected to trend upwards in view of the robust growth expectations for Q4 FY2023 and FY2024. Going forward, CIFCL's ability to maintain adequate capital buffer, in view of its growth plans, and keep its solvency (net stage 3/net worth at 14.7% as of December 2022) under control would be critical.

Environmental and social risks

Given the service-oriented business of CIFCL, its direct exposure to environmental risks/ material physical climate risks is not significant. Lending institutions can be exposed to environmental risks indirectly through their portfolio of assets; about 64% of CIFCL's portfolio is towards vehicle financing. The residual value of the security in the vehicle finance business could reduce in case of policy changes such as an incremental ruling on the reduction in the operating life of vehicles, thereby impacting the profitability. Further, there is increasing interest from policymakers towards identifying the exposure of financing companies to carbon emissions through their financing activities. This process, however, is in an early stage, and ICRA expects any adverse implications to manifest only over a longer time horizon, giving financing companies adequate time to adapt and minimise the credit implications.

With regards to social risks, data security and customer privacy are among the key sources of vulnerabilities for lending institutions as any material lapses could be detrimental to the reputation and invite regulatory censure. CIFCL hasn't faced any significant lapses in this regard. It serves the financing needs of a relatively underserved category of borrowers, which supports social inclusion and economic development.

² Gross non-performing advances (NPAs) and net NPAs stood at 5.4% and 3.8% respectively as on December 31, 2022 and 6.8% and 4.9%, respectively, as on March 31, 2022 adhering to the Reserve Bank of India's (RBI) circular dated November 12, 2021

Liquidity position: Strong

CIFCL had cash and liquid investments of Rs. 7,408 crore as on December 31, 2022 and undrawn bank lines of about Rs. 2,708 crore. It has debt payment obligations (including interest) of about Rs. 11,673 crore during January-March 2023. CIFCL's funding profile remains comfortable owing to its established relationships with various institutional lenders. Bank loans accounted for 63% of its borrowings, as of December 2022, while debentures, commercial papers and portfolio sell-downs accounted for 22%, 6%, and 9%, respectively.

Rating sensitivities

Positive factors – ICRA could revise the outlook to Positive or upgrade the ratings if the company improves its asset quality, maintains comfortable profitability, and has Tier-I capital adequacy above 15% on a sustained basis.

Negative factors – ICRA could revise the outlook to Negative or downgrade the ratings if the 90+dpd increases beyond 5%, impacting its earnings on a sustained basis. A weakening in the Tier-I capital adequacy below 13% on a sustained basis could also exert pressure on the ratings.

About the company

CIFCL, a non-banking financial company, is a part of the Chennai-based Murugappa Group of companies. Incorporated in 1978, CIFCL operates through 1,166 branches across 29 states and Union Territories (UTs) with a net AUM of Rs. 95,468 crore as of December 2022. The company's core business segments include vehicle finance (64%) and HE loans (21%). It has housing loan and small and medium enterprise (SME) loan segments, which largely constitute the rest of the portfolio. CIFCL has forayed into three new business divisions in the consumer and SME ecosystem, namely CSEL, SBPL and SME. The share and performance of these segments in the overall portfolio remain to be seen.

As of December 2022, CIFCL had two wholly-owned subsidiaries, Chola mandalam Home Finance Limited and Chola mandalam Securities Limited, a joint venture with Payswiff Technologies Private Limited, and the following associate entities – White Data Systems India Private Limited (31% stake), Vishvakarma Payments Private Limited (21% stake) and Paytail Commerce Private Limited. Chola mandalam Home Finance Limited is awaiting a licence from National Housing Bank.

In FY2022, CIFCL (standalone) reported a net profit of Rs. 2,147 crore on a managed asset base of Rs. 85,128 crore compared with a net profit of Rs. 1,515 crore on a managed asset base of Rs. 78,709 crore in FY2021. In 9M FY2023, it reported a net profit of Rs. 1,813 crore on a managed asset base of Rs. 1,06,412 crore.
