Sensex rises 271 points

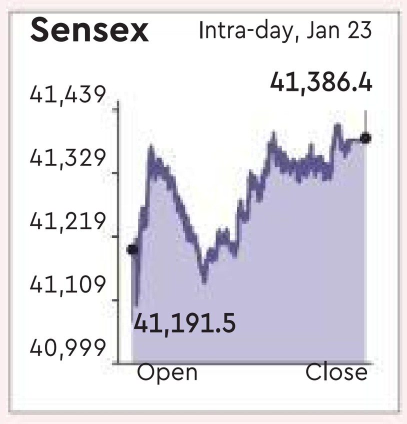
FE BUREAU
Mumbai, January 23

BENCHMARK INDICES ENDED in the green on Thursday, after a three-day losing streak, on account of expectations of a positive Budget. The Sensex gained 271.02 points, led by banking and auto stocks, to close at 41,386.40 points. The broader Nifty50 rose 0.61% to close at 12,180.35 points. The broader markets also gained, with mid and smallcap indices outperforming the benchmarks.

At an index level, Larsen &Toubro (L&T), Mahindra & Mahindra and State Bank of India (SBI) were the top gainers. Shares of L&T surged 2.98% to close at ₹1,332.80 a piece, following its quarterly results on Wednesday. "Large near-term pipeline improves case for double-digit revenue growth in FY2021. Key infrastructure margin would have also turned the corner by then," said Kotak Institutional Equities in a note on L&T. Index heavyweights such as Infosys, Larsen & Toubro as well as ICICI Bank contributed the most to the gains in the Sensex.

On the other hand, Tech Mahindra, Tata Consultancy Services and Bajaj Auto were the biggest losers. The Tech Mahindra scrip shed 1.19% to close at ₹768.85.

Elaborating on the gains, Sanjeev Hota, head of research, Sharekhan by BNP Paribas, said: "Despite weak global cues, Nifty has managed to close in a positive zone after three days of correction, led by smart recovery in some front-end companies, also expectation of some positive announcement from the Budget kept the market sentiments in positive territory."



Bank Nifty gained 1%, with Yes Bank, SBI and Axis Bank shares gaining the most. Sectorally, BSE Capital Goods, BSE Realty and BSE Oil and Gas gained. BSE Midcap rose 1.06% and BSE Smallcap rose 0.95%.

"If you see the trend, midcaps are outperforming the benchmark from December – it is coming from a multi-year gap. Somewhere with the frontline stocks one needs to look beyond numbers that is where you see the midcap stocks and so you will see this year as the start of a midcap rally," added Hota.

India's Asian peers, however, delivered a tepid performance on Thursday, with bourses in Hong Kong, China and South Korea ending in red.

Brent crude was trading at $62.35 per barrel, the lowest since a month and a half. "A cautious trend will be maintained in the near-term since a lot has been factored in the market about Budget wish list and revival in earnings growth while the start to Q3 result is below par." said Vinod Nair, head of research, Geojit Financial Services.

RBI buys ₹10k-cr long-term securities, sells ₹2,950-cr short-term govt bonds via OMO

PRESS TRUST OF INDIA
Mumbai, January 23

IN THE FOURTH special open market operation (OMO) auctions, the Reserve Bank of India on Thursday bought ₹10,000 crore worth of long-term securities and sold ₹2,950 crore worth of short-term government bonds.

Last week, the RBI had said it would simultaneously purchase and sell government securities under open market operations (OMO) of ₹10,000 crore each.

In the OMO purchase auction, the RBI received bids worth ₹26,887 crore for two types of securities — 7.32%-2024 and 6.45%-2029 — but accepted only ₹10,000 crore of bids. For 7.32%-2024, it got 157 bids and accepted 40 bids. The RBI got 147 bids for 6.45%-2029 bonds but accepted 105 bids.

The cut-off yield for 7.32%-2024 was 6.408%, while for 6.45%-2029, it was 6.5780%.

The RBI offered to sell two government securities — 7.80%-2021 and 7.94%-2021 — through the OMO. It received ₹35,375 crore of bids but accepted ₹2,950 crore of bids. In terms of number of bids, the central bank received 85 bids for 7.80%-2021 and 70 bids for 7.94%-2021, but accepted three and seven bids, respectively. The cut-off yield for 7.80%-2021 was 5.6714% and for 7.94%-2021, it was 5.7192%.

These special OMO auctions are similar to the US Federal Reserves' Operation Twist aimed at faster transmission of policy rates, an analyst said.

The RBI has reduced repo rate by 135 basis points between February and October 2019 but there has been a delay in passing on the cut in the repo rate by lenders.

Sebi to tap AI, big data analytics to curb market manipulations

FE BUREAU
Mumbai, January 23

THE SECURITIES AND Exchange Board of India (Sebi) is planning to set up a data lake project for improving surveillance to monitor and analyse social media posts to keep a tab on possible market manipulations. The regulator is in the process of acquiring the technology and has already floated tenders for the same.

Speaking at an event, Sebi chairman Ajay Tyagi said a lot of improvement and efficiency can be brought by using advanced technology and data analytics in surveillance of capital markets.

"Sebi has already planned (a) data lake project to augment analytical capability with advanced analytical tools, namely artificial intelligence and machine learning (AI/ML), deep learning, big data analytics, pattern recognition, processing of structured and unstructured data, text mining and natural language processing, etc," said Tyagi.

A data lake is a centralised repository that allows anyone to store all structured and unstructured data at any scale. It can help analyse different types of analytics to arrive at better decisions.

"Social media platforms are increasingly being used by manipulators for market manipulation," said Tyagi. Even without the data lake, the market regulator is already doing its own data analysis and seeing unstructured data in its surveillance department and trying to correlate with pricing volume data to come to better analysis.

"We want to acquire technology and unstructured data analysis because the structured data analysis is not helping much, as manipulators use all sorts of things," said Tyagi on the sidelines of the event.

The need for further research in measuring systemic risk in the Indian financial sector is quite apparent, he said.

In the past few years, use of technology has played a major role in effecting the transformation in the capital markets, and digitisation has made capital markets industry one of the most data-driven industries. According to Tyagi, data is fast becoming the "fourth organisational pillar" for modern financial institutions, along with people, processes and technology. Going forward, technology and data are going to play an even more dominating role.

Deutsche Bank doubles down on Altico debt

DEUTSCHE BANK AND Broad Peak Investment Advisers bought more debt of an embattled Indian shadow lender, highlighting growing foreign interest in the discounted assets of the financier at the centre of an evolving credit crisis.

Deutsche Bank has almost doubled the debt it holds of Altico Capital India to ₹300 crore ($42 million) in the last four months, while Singapore-based Broad Peak has acquired debt of about ₹100 crore, people familiar with the matter said. The German lender is now a member of the steering committee of creditors driving Altico's debt restructuring, the sources said.

Interest in purchasing Altico's debt is increasing even as certain potential bidders for the delinquent financier shy away from an auction process to sell the firm. A shareholder sponsored restructuring plan and an asset swap plan supported by some creditors are also under consideration to salvage Altico. **BLOOMBERG**

Egon Zehnder to be tapped to find Puri's successor

RUPAM JAIN
& NUPUR ANAND
Mumbai, January 23

HDFC BANK WILL retain global executive search firm Egon Zehnder to identify a successor to managing director Aditya Puri, the lender said on Thursday.

"Egon Zehnder has been recommended by the search committee and unanimously appointed by the bank's board," Neeraj Jha, a spokesman for HDFC Bank, said in an email, confirming a Reuters report earlier on Thursday on the matter.

Four sources familiar with the discussions told Reuters that a six-member internal search committee, appointed in November last year, has been unable to reach a consensus on selecting a successor to Puri, who has been at the helm of HDFC Bank since its inception in 1994.

HDFC Bank MD Aditya Puri

Puri, whose term comes to an end in October this year, is also an advisor to the search committee tasked with identifying a suitable candidate.

"The latest decision to hire a global advisory firm has been taken after the search committee members realised that they have been struggling to come to a consensus on the final name," said a source familiar with the internal deliberations among members of the committee.

"The deadline for Puri's successor is nearing... the bank will have to appoint someone who can continue to push for growth despite an economic slowdown," the source added.

As per regulations, the bank will need to get approval from the Reserve Bank of India before any new appointment can be confirmed.

Egon Zehnder, which declined to comment on the matter, had in 2018 also helped Axis Bank, another private lender, to find its chief executive officer.

A second source at HDFC said the differences between the top leadership over the succession has been the crucial reason for the delay in identifying a new managing director. **REUTERS**
