CERTAIN CONVENTIONS, CURRENCY OF PRESENTATION, USE OF FINANCIAL INFORMATION AND MARKET DATA

Certain Conventions

All references to “India” in this Draft Red Herring Prospectus are to the Republic of India and its territories and possession and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

All references to the “US”, “U.S.” “USA” or “United States” are to the United States of America and its territories and possessions.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus.

Financial Data

Unless the context otherwise requires or indicates, the financial information (including financial ratios) and any percentage amounts (excluding certain operational metrics), as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” on pages 32, 120 and 237, respectively, and elsewhere in this Draft Red Herring Prospectus have been derived from our Restated Financial Statements.

The restated Financial Statements of our Company, for the period ending June 30, 2024 and for the Financial Years ended March 31, 2024, 2023 and 2022 prepared in terms of the requirements of Section 26 of Part I of Chapter III of the Companies Act, 2013, the SEBI ICDR Regulations; and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India, as amended from time to time (the “*Guidance Note*”), comprising the restated statement of assets and liabilities for the period ending June 30, 2024 and for the Financial Years ended March 31, 2024, 2023 and 2022, the restated statements of profit and loss (including other comprehensive income), the restated statement of changes in equity, the restated cash flow statement for the period ending June 30, 2024 and for the Financial Years ended March 31, 2024, 2023 and 2022, the summary statement of significant accounting policies, and other explanatory information.

For further information on our Company’s financial information, see “*Restated Financial Information*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” on pages 190 and 237 respectively.

Our Company’s financial year commences on April 01 and ends on March 31 of next year; accordingly, all references to a particular financial year, unless stated otherwise, are to the 12-month period ended on March 31 of that calendar year. Reference in this Draft Red Herring Prospectus to the terms Fiscal or Fiscal Year or Financial Year is to the 12 months ended on March 31 of such year, unless otherwise specified.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein, and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” and elsewhere in the Draft Red Herring

Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, as stated in the report of our Statutory Auditors, set out in section titled “*Restated Financial Information*” beginning on page 190 of this Draft Red Herring Prospectus.

For additional definitions used in this Draft Red Herring Prospectus, see the section “*Definitions and Abbreviations*” on page 1 of this Draft Red Herring Prospectus. In the section titled “*Main provisions of Articles of Association*”, on page 327 of this Draft Red Herring Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Currency and Units of Presentation

All references to:

- “Rupees” or “INR” or “Rs.” Or “₹” are to the Indian Rupee, the official currency of India;
- “USD” or “US\$” or “\$” or “U.S. Dollar” are to the United States Dollar, the official currency of the United States of America.

Our Company has presented certain numerical information in this Draft Red Herring Prospectus in “*Lakhs*” units. One Lakh represents 1,00,000. In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures derived from our Financial Statements in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places.

Exchange rates

This Draft Red Herring Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	Exchange rate			
	June 30, 2024	March 31, 2024	March 31, 2023	March 31, 2022
1 USD	₹ 83.45	₹ 83.37	₹ 82.22	₹ 75.51

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout this Draft Red Herring Prospectus was obtained from internal Company reports, data, websites, Industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed, and their reliability cannot be assured.

Although, we believe industry and market data used in the Draft Red Herring Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies, and assumptions may vary widely among different market and industry sources. In accordance with the SEBI (ICDR) Regulations, the section titled “*Basis for Issue Price*” on page 98 of this Draft Red Herring Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources, and neither we, nor the BRLM, have independently verified such information.

FORWARD LOOKING STATEMENTS

This Draft Red Herring Prospectus contains certain statements which are not statements of historical fact and may be described as “forward-looking statements”. These forward-looking statements include statements which can generally be identified by words or phrases such as “aim”, “anticipate”, “are likely”, “believe”, “continue”, “can”, “could”, “expect”, “estimate”, “intend”, “may”, “likely”, “objective”, “plan”, “propose”, “will continue”, “seek to”, “will achieve”, “will likely”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe the strategies, objectives, plans or goals of our Company are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, plans, revenue and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Draft Red Herring Prospectus that are not historical facts. However, these are not the exclusive means of identifying forward-looking statements.

These forward-looking statements are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations, and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement.

Actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and globally which have an impact on our business activities, investments, or the industry in which we operate, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in the industry in which we operate and incidents of any natural calamities and/or acts of violence. Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

1. We are highly dependent on our top 10 customers, and the loss of any of these customers or a substantial reduction in their purchasing activity would have a significant negative impact on our business.
2. We rely on a limited number of industries for the majority of our revenue. The loss of customers within these key industries could have a significant negative impact on our business, revenue from operations, and financial condition.
3. Our primary source of revenue is from our IT Infrastructure Solutions and our business may be adversely affected if these categories do not perform as well as expected.
4. We are highly dependent on a small number of vendors and suppliers, and we typically do not establish long-term contracts or agreements with them. The loss of any of these key vendors or suppliers, or any significant increase in their prices, could have a material adverse impact on our business and revenue.
5. We derived 29.86% and 23.41% of our revenue from operations from Maharashtra and Haryana for the period ended June 30, 2024, respectively. Any adverse changes in economic conditions that negatively impact the markets or regions where we operate could have a material effect on our business, financial condition, and results of operations.
6. Delays or defaults in customer payments and receivables could adversely impact our profitability and cash flows.
7. A significant proportion of our orders are from government-related entities which award the contract through a process of tender. Tenders, typically, are awarded to the lower bidder once

all other eligibility criteria are met. Our performance could be adversely affected if we are not able to successfully bid for these contracts or required to lower our bid value.

Forward-looking statements reflect the current views of our Company as of the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on our management's beliefs, assumptions, current plans, estimates and expectations, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect.

Neither our Company, our Directors, our Promoters, the Book Running Lead Manager, the Syndicate Members, nor any of their respective affiliates or advisors have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with the SEBI ICDR Regulations, our Company will ensure that investors in India are informed of material developments pertaining to our Company and the Equity Share forming part of the Issue from the date of this Draft Red Herring Prospectus until the time of the grant of listing and trading permission by the Stock Exchange.

SECTION III- RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. To obtain a better understanding, you should read this section together with “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 120 and 237, respectively, as well as the other financial and statistical information contained in this Draft Red Herring Prospectus. The risks and uncertainties described in this section are not the only risks that we may face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations, financial condition, and prospects.

If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our cash flows, business, financial condition and results of operations could suffer, the price of our Equity Shares could decline, and you may lose all or part of your investment. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are risks where the impact is not quantifiable and hence the same has not been disclosed in such risk factors. Investment in equity and equity related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their investment. Investors are advised to read the risk factors carefully before taking an investment decision in this Issue. Before making an investment decision, investors must rely on their own examination of the Issue and us.

This Draft Red Herring Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Draft Red Herring Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment, and you should consult your tax, financial and legal advisors about the consequences to you of an investment in our Equity Shares.

Materiality

The Risk factors have been determined and disclosed on the basis of their materiality. The following factors have been considered for determining the materiality:

- Some events may have material impact qualitatively & quantitatively;
- Some events may not be material individually but may be found material collectively; and
- Some events may not be material at present but may be having material impact in future

Internal Risk Factors

- 1. We are highly dependent on our top 10 customers, and the loss of any of these customers or a substantial reduction in their purchasing activity would have a significant negative impact on our business.***

We are an information technology (IT) solutions provider based in Delhi, India, offering a wide range of IT services, primarily categorized as IT Infrastructure Solutions, Cyber Security Services and IT Solutions Services. Although our customer base may vary each year, we are heavily reliant on the contributions of our top 10 customers. As a result, our business performance and financial condition in any given fiscal year are closely tied to the revenue generated from these top 10 customers. The

following provides a breakdown of the revenue from our top 10 customers for the period ending June 30, 2024, as well as for Fiscal 2024, Fiscal 2023, and Fiscal 2022:

(₹ in lakhs)

Customer	For the period ended June 30, 2024		Revenue in Fiscal 2024		Revenue in Fiscal 2023		Revenue in Fiscal 2022

Note- The bifurcation provided is on a gross basis and sales returns have not been factored into the calculation, and the figures represent the original sales values before any reductions.

Our business, operational performance, and financial health are significantly dependent on maintaining strong relationships with our customers. The loss or inability to retain any of our top 10 customers, for reasons such as failure to negotiate favorable terms, adverse changes in their financial condition (including bankruptcy, liquidation, or other financial distress), mergers, delayed or decreased customer demand, geopolitical factors, or other work stoppages affecting their production, could materially impact our business, results of operations, financial condition, and cash flows.

We generally do not enter into long-term contracts with our customers, which limits our ability to forecast future revenues with certainty. Most of our customer agreements are short-term, and there is no assurance that our existing customers will continue to engage our services. While there have been no such instances in past three financial years and period ended June 30, 2024, there can be no assurance that we will not lose some or all of our sales to these customers, nor can we assure that we will be able to offset any price reductions with cost reductions or by acquiring new customers. Such changes could negatively affect our business, financial position, and operational results.

2. We rely on a limited number of industries for the majority of our revenue. The loss of customers within these key industries could have a significant negative impact on our business, revenue from operations, and financial condition.

Our primary source of revenue comes from the Telecom industry. For the period ending June 30, 2024, and the fiscal years 2024, 2023, and 2022, we derived 65.50%, 43.89%, 34.25%, and 13.94% of our revenue, respectively, from providing services to customers in the Telecom sector. Any adverse developments or slowdown in this specific industry could result in significant disruptions, including a loss of customers, delays, and payment defaults. While no such incidents have occurred in the past three financial years or during the period ending June 30, 2024, there can be no guarantee that similar issues will not arise in the future. Should this occur, it would negatively impact our revenue, operations, and financial performance. Furthermore, these disruptions could harm our reputation within the IT sector and impede our business growth.

3. Our primary source of revenue is from our IT Infrastructure Solutions and Cybersecurity Services and our business may be adversely affected if these categories do not perform as well as expected.

We provide services of IT Infrastructure Solutions, Cybersecurity Services and IT Application Services. Out of this, the revenue contribution from IT Infrastructure Solutions accounted for a significant portion of our total revenue for the period ended June 30, 2024, and in the last three Financial Years i.e. 74.43% for period ended June 30, 2024, 72.35% in FY 2024, 70.35% in FY 2023 and 72.67% in F.Y. 2022. In case of increased competition, pricing pressures within our top two categories or other factors, our revenue from these segments may decline in the future. Any adverse developments with respect to the sale of these segments could adversely affect our revenue which in turn may have an adverse effect on our business, results of operations and financial condition. For further details, please refer to the chapter titled “Our Business” on page 120 of this Draft Red Herring Prospectus.

4. We are highly dependent on a small number of vendors and suppliers, and we typically do not establish long-term contracts or agreements with them. The loss of any of these key vendors or suppliers, or any significant increase in their prices, could have a material adverse impact on our business and revenue.

Our business model entails the purchase of IT related hardware and software. We are heavily reliant on few vendors/suppliers for purchase of inter alia IT hardware and software licenses in order to cater the needs of our customers and provide our IT solutions. During the three-months ended June 30, 2024, Fiscal 2024, Fiscal 2023 and Fiscal 2022, cost of purchase of inter alia IT products, spare parts and related accessories, software licenses and cloud space, from our top 10 vendors/suppliers aggregated ₹ 646.37 lakhs, ₹ 7,554.46 lakhs, ₹ 4,266.26 lakhs and ₹ 1,711.67 lakhs, constituting 99.65%, 92.26%, 93.38%, and 92.28%, respectively, of our total expenses. (Note- The bifurcation provided is on a gross basis and purchase returns have not been factored into the calculation.)

Additionally, we typically place purchase orders with our vendors on a short-term basis and do not enter into long-term contracts or agreements. We cannot guarantee that we will be able to retain our top 10 vendors or secure favorable terms for future purchase orders. Moreover, finding suitable replacements for any of our current top 10 vendors may prove challenging. Our inability to maintain strong relationships with these vendors or to procure equipment on favorable terms could negatively affect our revenue, operational performance, and financial condition. Furthermore, our margins and profitability could be significantly impacted if we are unable to pass on any increases in input material costs to our customers.

5. We derived 29.86% and 23.41% of our revenue from operations from Haryana and Maharashtra for the period ended June 30, 2024, respectively. Any adverse changes in economic conditions that negatively impact the markets or regions where we operate could have a material effect on our business, financial condition, and results of operations.

Our revenue from operations is concentrated in the Maharashtra and Haryana. The following table sets forth our revenue from operations by geography for the periods indicated, which are also expressed as a percentage of our total revenue from operations.

* As certified by M/s Rajput Jain & Associates, Chartered Accountants vide their certificate dated December 14, 2024.

The concentration of our customer base in India and Foreign countries exposes us to potential risks from adverse economic or political conditions in these regions, including ongoing economic slowdowns and inflationary pressures. Any changes in the regulatory environment, political instability, disruptions, or prolonged downturns in these economies could negatively impact our customers. This, in turn, may lead to the termination of existing engagements or a failure to secure new business from them.

Furthermore, adverse economic conditions could lead to a reduction in our customer base due to the restructuring or closure of some of our existing or potential customers. A decline in demand for technology services and solutions in key regions such as the Maharashtra, Haryana, Rajasthan and Delhi as well as in Sri Lanka, UAE and Singapore, or a reduction in business spending on technology products, could negatively impact our revenue. While we have not experienced significant reductions in our customer base in these regions over the past three fiscal years or the three- months ended June 30, 2024, any of these factors could still have an adverse effect on our business, financial condition, and results of operations.

6. Delays or defaults in customer payments and receivables could adversely impact our cash flows.

Our operations involve the practice of extending credit to our customers. We typically extend credit on sales of between 30 to 45 days to our customers in the ordinary course of business and we have and continue to have high levels of outstanding receivables. Set out below is our outstanding trade receivables as on three- months ended June 30, 2024, and Fiscal 2024, Fiscal 2023, and Fiscal 2022, as a percentage of our revenue from operations

2,698.62	383.64%	4,616.45	49.67%	903.21	16.33%	610.13	25.39%

Our trade receivable turnover ratios for the three-month period ended June 30, 2024, and for Fiscal 2024, Fiscal 2023, and Fiscal 2022 were 0.19, 3.37, 7.31, and 4.67, respectively. There were two instances during the period FY 23-24 and FY 22-23 of payment defaults, amounting to ₹ 638.85 lakhs, and ₹ 308.76 lakhs, respectively. Additionally, we have experienced delays in receiving outstanding receivables exceeding 120 days. We cannot guarantee that we will be able to accurately assess the creditworthiness of our customers in the future. If such delays or defaults continue, our profit margins and cash flows may be negatively impacted.

7. A significant proportion of our orders are from government related entities which award the contract through a process of tender. Tenders, typically, are awarded to the lower bidder once all other eligibility criteria are met. Our performance could be adversely affected if we are not able to successfully bid for these contracts or required to lower our bid value.

Our business is substantially dependent on contracts undertaken by various government bodies, government entities, government institutions and leading scientific and research development institutions of the government of India (Government Customers) including, inter alia, various Public sector undertakings and other entities funded by the Government. A vast majority of contracts awarded by Government Customers are tender based. We compete with various companies while submitting the tender for these contracts.

Set out in the table below are details of our revenues from operations from Government Customers:

Particulars	For the period ended June 30, 2024		Revenue in Fiscal 2024		Revenue in Fiscal 2023		Revenue in Fiscal 2022

8. Failure to evolve or innovate our service offerings in response to emerging business demands and technological trends could negatively impact our business and hinder future growth. Additionally, the investments we make in developing our software products and platforms may not deliver the expected outcomes, potentially affecting our financial performance.

Our success depends on our ability to deliver solutions that incorporate the latest technological advancements, driving productivity improvements for our customers. Also, our capacity to develop service offerings that address both current and future customer needs, while staying aligned with evolving industry standards. However, our ability to implement timely and cost-effective solutions—particularly in emerging areas like artificial intelligence and automation—will be critical to attracting and retaining customers. Furthermore, competition from rivals developing similar or superior offerings could pressure us to lower prices, potentially squeezing our margins.

If we fail to adequately invest in new technologies, adapt to industry changes, or evolve and scale our business at the necessary pace, our financial performance, business operations, and competitive positioning could be negatively impacted. Additionally, a lack of strategic investments to drive innovation and respond to emerging developments could hinder our ability to maintain a competitive advantage and execute our growth strategy effectively. If we are unable to anticipate technological advancements, improve our existing products and services, or develop and launch new offerings that meet evolving customer needs, we risk losing customers. This could negatively impact our revenue and overall financial performance. Additionally, failure to adequately train our workforce to keep pace with these changes may further hinder our ability to stay competitive.

9. Our business relies significantly on the expertise of skilled professionals. If we are unable to retain our existing employees or attract new talent, our ability to manage and expand our operations could be adversely affected, which may have a negative impact on our business, operational results, and financial condition.

Our Company operates in the IT sector, with a substantial portion of our revenue generated from IT Infrastructure Solutions. For the three-month period ended June 30, 2024, and the fiscal years 2024, 2023, and 2022, our revenue from these offerings was approximately ₹ 523.54 lakhs, ₹ 6723.75 lakhs, ₹ 3890.06 lakhs, and ₹ 1,746.27 lakhs, respectively, representing 74.43%, 72.35%, 70.35%, and 72.67% of our total revenue from operations.

Our ability to successfully execute our operations and further expand our operations is heavily reliant on hiring and retaining the skilled IT professionals. As of November 30, 2024, we employed 36 permanent technical support and quality assurance professionals, including 1 project manager and 7 IT engineers and support staff. The loss of these professionals or difficulties in recruitment could significantly impact our ability to deliver quality solutions on time. If we fail to retain our existing IT professionals or hire replacements in a timely manner, it could adversely affect our operations, financial results, and overall business performance.

10. We may hold liable for any damage to, or any failure of our information technology systems, or security breaches, cyber-attacks, computer viruses, ransomware and electronic break-ins, or inappropriate disclosure of confidential information or backup data storage may experience system downtime, prolonged power outages or shortages.

We possess technical knowledge about our solutions offering, built through our own experiences. We provide customised services as per the needs of our customers. Any failure to meet our obligations under these contracts, including delays in service delivery for any reason—such as damage to or failure of our IT systems, or security breaches—could result in liability. Additionally, any unauthorized or improper disclosure of confidential information under these agreements may constitute a breach of contract, further exposing us to potential legal or financial repercussions. Such liabilities could adversely affect our business, operational performance, and financial condition. Although there have

been no such incidents in the past, we cannot guarantee that we will be immune from future liabilities arising from IT system failures or security breaches.

The data centres for our primary and backup data storage are regulatorily required to be based in India. The data centre may be susceptible to, inter alia, regional costs of power, power shortages, planned or unplanned power outages and limitations on the availability of adequate power resources. Power outages, including, but not limited to those relating to large storms, earthquakes, fires and floods, could harm our customers and our businesses. Any disruption in the operation of our cloud computing software and data centres could negatively impact our business results of operations and financial condition.

We are susceptible to cyber-attacks, computer viruses, and hacking activities, which could materially affect our business, financial performance, and operations. These threats could damage our hardware, software systems, and databases, disrupt business operations—including email and communication systems—and expose confidential or sensitive information. Given the constantly evolving nature of cyber threats, we may not be able to implement timely security measures, and existing protections could be compromised. Although we have not experienced significant phishing or malware attacks that have impacted our operations, we cannot guarantee that such incidents won't occur in the future. We may face substantial costs to defend against these threats, repair damage caused by cyber incidents such as viruses, ransomware, or hacking, and mitigate any reputational damage, particularly if a security breach is widely publicized.

11. We have significant working capital requirements for our smooth day to day operations of business and discontinuance or our inability to acquire adequate working capital timely and on favorable terms may have an adverse effect on our operations, profitability and growth prospects.

Our Company's working capital needs for a specific period are influenced by various factors, such as the size and timing of orders to be fulfilled, the size of the order backlog, and customer payment terms. Based on historical trends, we anticipate a significant increase in our working capital requirements. The table below sets forth our working capital for the Financial Years 2024, 2023 and 2022 and estimated figures for Financial Year 2026 on the basis stated below:

Particulars	For the year ended March 31, 2026 (Estimated)	For the year ended March 31, 2024 (Audited)	For the year ended March 31, 2023 (Audited)	For the year ended March 31, 2022 (Audited)
<i>Current Assets</i>				
Current Investment	1,050.00	811.80	1,474.75	16.43
Trade receivables	4,382.92	4,616.45	903.21	610.13
Cash and bank balances	97.23	55.56	55.18	36.15
Short term Loans and advances	585.91	371.12	66.75	7.02
Other current assets	615.47	232.80	112.66	52.48
Total Current Assets (A)	6,731.53	6,087.72	2,612.55	722.21
<i>Current Liabilities</i>				
Trade payables	2,542.77	3,294.05	1,150.25	298.40
Other current liabilities	99.66	68.98	139.62	55.16
Short-term Provisions	140.74	284.67	172.03	55.98
Total Current Liabilities (B)	2,783.17	3,647.69	1,461.90	409.55
Net Working Capital Requirements (A-B)	3,948.36	2,440.03	1,150.65	312.67

Our business requires funds towards working capital requirements. In case there are insufficient cash flows to meet our working capital requirement, or we are unable to arrange the same from other sources or there are delays in disbursement of arranged funds, or we are unable to procure funds on favourable terms, at a future date, it may result into our inability to finance our working capital needs on a timely basis which may have an adverse effect on our operations, profitability and growth prospects. For further details regarding incremental working capital requirement, please refer to the chapter titled “Objects of the Issue” beginning on page 98 of this Draft Red Herring Prospectus.

12. We operate our Registered Office and Corporate Office that are held by us on leasehold basis. In the event we lose or are unable to renew such leasehold rights, our business, results of operations, financial condition, cash flows and prospects may be adversely affected.

We operate our Registered Office and Corporate Office that are held by us on a leasehold basis, details whereof are as under:

Sr. No.	Details of the properties	Description of properties	Area	Purpose of usage
1.	Plot No. 5, 3 rd Floor, Khasra No. 344, Gadaipur, South-West, Delhi- 110030, India	Agreement dated August 16, 2024, between Maya Devi, Rohit Khari, Yash Pal Khari and Mohit Khari (Lessors) & Newgen IT Technologies Limited (Lessee) for a term of 5 years from August 15, 2024.	4075 square feet	Registered Office and Corporate Office

This property is subject to several conditions, some of which could be onerous. Failure to adhere to or comply with these conditions may lead to termination, revocation, or suspension of the relevant lease agreement.

We cannot assure you that we will not default on the terms and conditions of the agreement. We cannot assure you that we shall continue to be able to operate out of our existing premises or renew our existing agreement at favourable terms or at all. In the event that we are required to vacate our current premises, we would be required to make alternative arrangements, and we cannot assure that the new arrangements will be on commercially acceptable terms. We may also face the risk of being evicted in the event that our landlords allege a breach on our part of any terms under the lease agreement and there is no assurance that we will be able to identify suitable locations to re-locate our operations. Moreover, we may face significant increases in the rental rates. We cannot assure you that we may be able to do so in a timely manner. If we lose our rights on the property or are required to negotiate terms or to relocate our business operations or shut down our Registered Office and Corporate Office, we may suffer a disruption in our operations or have to pay increased charges, which could have an adverse effect on our business, prospects, results of operations, cash flows and financial condition.

13. Any IT system failures or lapse on part of our employees may lead to operational interruption, inability, or reputational harm.

While we believe our current employee relations are positive, we cannot guarantee that we will not face operational disruptions in the future. Potential challenges may include system failures, lapses in performance, or errors made by employees, which could lead to operational inefficiencies, reputational damage, or even legal liabilities. Such issues could hinder our ability to meet our obligations and negatively affect our business operations.

Additionally, any disputes or conflicts with employees, whether related to compensation, working conditions, or other matters, could cause disruptions in our day-to-day operations. These disruptions may impair our ability to deliver services, potentially leading to a decline in performance, customer satisfaction, and financial results. Such incidents could have a material adverse impact on our business,

reputation, and long-term prospects. While we have not faced any instances of inadequacies on part of our employees which have led to any material adverse effect on our business and operations for the period ended June 30, 2024 and in Fiscals 2024, 2023 and 2022, there is no assurance that we will not face such instances in the future.

14. We rely on OEMs to provide reliable products and services, and any disruption of or interference of services provided by such OEMs or losing access to OEM’s software applications could diminish our competitive edge, potentially harming our business, financial performance, and overall results of operations.

Our services involve integrating a range of enterprise platforms, including operating systems, data centres, firewalls, productivity suites, and SAAS based software. These platforms may not always perform as expected or be used efficiently, and their implementation could face delays. The integration of new or upgraded technologies may not prove to be cost-effective, potentially adversely impacting our business, financial performance, cash flows, and overall financial condition.

If any of the enterprise platforms or third-party products and technologies we rely on become unavailable—due to issues such as the loss of required licenses, extended outages, interruptions, or if they are no longer available on commercially reasonable terms—we may face difficulties in delivering solutions to our customers. In such cases, we would need to integrate alternative solutions from other providers, which could result in increased costs and operational disruptions. Additionally, the unavailability of critical software could cause delays in delivering our solutions, potentially leading to customer penalties, contract terminations, or other negative consequences for our business. We are generally bound by standard terms and conditions that govern the distribution, use, and operation of the software systems licensed to us, and these terms may be modified by the providers periodically. Further, our business will be harmed if any key provider of such technology systems:

- a) discontinues, revokes or limits our access to its software or application programming interfaces (“APIs”);
- b) modifies its terms of service or other policies, including fees charged to, or other restrictions on, us or other application developers;
- c) changes how information is accessed by us or our customers; or
- d) establishes more favorable relationships with one or more of our competitors.

Additionally, OEM’s technology platforms are constantly evolving, and we may not be able to adapt our tools and platforms to ensure compatibility with all other systems. If we fail to effectively anticipate and manage these risks, it could negatively impact our business, reputation, financial performance, and cash flows.

15. There have been instances of delays in filings of certain forms which were required to be filed as per the reporting requirements under the Companies Act, 2013 to ROC.

In the past, there have been certain instances of delays in filing statutory forms which have been subsequently filed by payment of an additional fee as specified by ROC. The details of such forms have been provided below:

No show cause notice in respect to the above has been received by our Company till date and no penalty or fine has been imposed by any regulatory authority in respect to the same. It cannot be assured, that there will not be such instances in the future, or our Company will not commit any further delays in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The happening of such event may cause a material effect on our results of operations and financial position.

16. There have been instances in the past where we have not made certain regulatory filings with the RoC and there were certain instances of discrepancies in relation to certain statutory filings and corporate records of our Company.

We have obtained the search report on RoC filing from the PCS firm **M/s. Soniya G & Associates** vide their report dated December 18, 2024. According to that report, there have been certain discrepancies and incorrect filings in relation to statutory filings required to be made by the company with the RoC under applicable laws, as well as certain other non-compliances incurred by us under the Companies Act. The independent practicing Company Secretary was also unable to trace RoC payment challans. Such RoC payment challans are untraceable and not available in our records.

While our Company has sent an intimation to the ROC informing about the following ROC filings discrepancies, no action has been taken by ROC against us for such inaccurate filings. We cannot assure you that we will be able to make timely filings including of our corporate actions, and, or, maintain all records of corporate actions of our Company in the future. The details of such discrepancies/errors are provided below:

S No.	Particulars	Clarification
1.	The company encountered a delay in filing of Form ADT-1 for the appointment of the auditor for the period from FY 2017-2022. While the form was originally filed on March 19, 2019, it contained a typographic error in the name of the company, which led to the need for a refiling.	Inadvertently, it appears that the company has made a mistake in the appointment of the auditor during the Annual General Meeting (AGM) held on September 28, 2017, by passing the resolution in the name of M/s Solution Global Consulting Private Limited instead of M/s VCARE Infotech Solutions and Services Private Limited. Additionally, the form ADT-1 for the appointment of the auditor was not filed on time, and there was a delay This form was originally due on October 14, 2018, but was filed on March 19, 2019. To rectify the situation, the company took

S No.	Particulars	Clarification
		corrective action by refiling Form ADT-1 on September 11, 2024.
2.	Form ADT-1 for the appointment of the auditor for the period FY 2022-2027 was filed with incorrect enclosures, namely the Notice of EGM, Certified True Copy of EGM, and Intimation of Appointment.	Although the form was filed on January 4, 2023, within the due date (which was January 18, 2023), the form contained incorrect enclosures. As a result, the company had refiled the form on July 31, 2024, with the correct enclosures.
3.	The company encountered an issue with the filing of Form CHG-1 related to the creation of charge on a facility obtained from HDFC Bank Limited. Specifically, the company mistakenly filed Form CHG-1 with Charge ID 100852982 for ₹ 10.10 crores, which resulted in a duplication of the charge that was already filed under Charge ID 100858537 for Rs. 10 crores.	The company obtained a facility from HDFC Bank Limited, and Form CHG-1 was filed to create a charge against this facility. The company mistakenly filed Form CHG-1 with Charge ID 100852982 for Rs. 10.10 crores, which led to duplication of charge because a charge had already been filed under Charge ID 100858537 for Rs. 10 crores for the same facility.
4.	Form DIR-12 was filed for the appointment of Shivani Bhatt as a Director, whereas it should have been filed for her appointment as an Additional Director.	The company appointed Shivani Bhatt as a Director effective 08/01/2024, but the initial filing of Form DIR-12 was mistakenly done with the wrong attachment, appointing her as a Director instead of an Additional Director. The company corrected this error by refiling Form DIR-12 on 10.10.2024, with the proper attachments, reflecting her appointment as an Additional Director.
5.	Form MGT 14 was filed for allotment of 1,19,00,000 bonus shares but the filing contained errors, including the wrong attachment, incorrect date, and the wrong company name	The company had filed the form MGT 14 for allotment of 1,19,00,000 bonus shares on 22.02.2024 but it was erroneously filed due to wrong attachment with wrong date in the name of the company, therefore it was refiled on 28.08.2024 with correct attachments.
6.	The company has not appointed a Company Secretary for the specified period, in accordance with the relevant regulatory requirements.	Following the bonus allotment on February 10, 2024, and in accordance with Section 203(4) of the Companies Act, 2013, along with the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the company was required to appoint a Company Secretary within six months from the date of applicability. However, the Company Secretary was appointed on December 05, 2024, which falls outside the stipulated time frame. To address this non-compliance, the company has submitted an Adjudication/Compounding application before the Registrar of Companies (RoC) via Form GNL-1, with SRN No. N24783243.
7.	There were delay in filing of certain forms and returns with the Registrar of Companies	Due to inadvertence and without any mala fide intentions, certain forms/returns with the Registrar of Companies ("RoC") were filed with delay alongwith applicable additional fees. Further, there were certain clerical mistakes and certain

S No.	Particulars	Clarification
		deficiencies in following secretarial standards issued by the Institute of Company Secretaries of India in certain forms and returns filed with MCA and that such instances were purely unintentional and by inadvertence and the Company assures the office of RoC to ensure timely and appropriate filings in future.

However, Board of Directors of our Company has taken the note of the said discrepancies found in the statutory forms. These clerical errors were not substantial in nature and the concerned ROC has not issued any show-cause notice in respect to the above has been received by our Company till date and except as stated in this Draft Red Herring Prospectus, no penalty or fine has been imposed by any regulatory authority in respect to the same.

Although, no regulatory action, fine or penalty has been taken/ levied on our Company for the abovementioned purported default / non-compliance, however, it cannot be assured that no such regulatory action, fine or penalty will be taken/ levied in the future. Further, we cannot assure you that such non-compliances will not occur in the future. Therefore, if the concerned authorities impose monetary penalties on us or take certain punitive actions against our Company or its directors/ officers in relation to the same, our business and financial condition could be adversely affected.

17. There have been instances of delay in repayment of loans in the past. We cannot assure you that any such delays shall not occur in the future or that such delays would not trigger any restrictive covenants or events of default as per the agreements executed with our lenders.

There have been instances of delayed repayment of borrowings in the past. The details of the same have been provided below:

Banks	Details of Loans availed	Financial Year in which delay occurred	Amount of delay (₹ in lakhs)	Period of Delay (in days)
ICICI Bank Limited	50 Lakhs	November-2023	1.66	1
		May-2024	1.66	1

For further details, please see – “History and Certain Corporate Matters- Defaults or rescheduling/restructuring of borrowings with financial institutions/banks” on page 158.

We cannot assure you that there will not be any future instances in delay or default in repayment of borrowings or request our lenders to reschedule of our loans. We also cannot assure you that any of our requests in this regard would be accepted by our lenders or it would not trigger any restrictive covenants or events of default as per the agreements executed with our lenders. Occurrence of any of the aforementioned events, could affect our cash flows, financial condition and business operations.

18. There have been some instances of delays in filing of statutory and regulatory dues in the past with the various government authorities.

In the past, there have been some instances of delays in filing statutory forms with government authorities such as returns, EPF, ESIC and GST returns. Accordingly, we have been subjected to penalty and charged with interest for delayed deposit of tax on those instances as well. Such delays were mainly on account of technical glitches in the regulatory website, delays on account of COVID-19 and delays on the company's part in the preparation of information required for filing such returns. While our Company has already regularized the aforesaid delays, however, there can be no assurance that the regulator may not initiate proceedings against us or that we will be able to sufficiently defend against any action initiated by regulators in relation to regulatory compliances for all instances and periods.

Any adverse order passed, or penalty imposed by regulators on us may adversely affect our business and the results of operations.

19. Our Company does not have any documentary evidence for the past education qualification of Pushpa Bhatt.

Our Company faces a risk related to the incomplete documentary evidence for the educational qualifications of one of our key personnel, Pushpa Bhatt. While we have received Part I and Part II marksheets for her Bachelor of Arts degree, we do not have full documentation to verify the entirety of her educational background. Specifically, we have not received conclusive proof for the final degree certification, which may raise concerns regarding the completeness and verification of her qualifications.

This lack of comprehensive documentation may affect the perception of Ms. Bhatt's credentials and, by extension, could potentially impact the Company's credibility and reputation with investors, stakeholders, and other third parties who rely on verified qualifications. Although we have obtained partial evidence in the form of her marksheets, the absence of full documentation may limit certain opportunities that require a complete verification of educational qualifications. This detail is included in her biography in the chapter titled "Our Management" as required under the SEBI ICDR Regulations. For further information, please refer to the chapter titled "Our Management" on page 161 of this Draft Red Herring Prospectus.

20. Our business relies significantly on the expertise of our Promoters, Key Managerial Personnel, Senior Managerial Personnel and persons with technical expertise. Any inability to retain or replace these individuals could have a detrimental impact on our operations.

Our ability to manage and grow our business effectively depends on the expertise of our Promoters, Key Managerial Personnel, and Senior Management, as well as their ability to attract, develop, and retain skilled employees and professionals. Our Company is led by qualified Promoters who have a cumulative experience of over 12 years under the continued leadership of Jagdish Chander Bhatt, our Chairman and Managing Director, is particularly crucial. With over 12 years of experience in the technology sector, his deep industry knowledge and close relationships with key clients are central to our business success. The ongoing involvement of our leadership team is essential to our growth, and any disruption in their availability could have a detrimental effect on our operations and financial performance.

If we are unable to hire additional personnel or retain our existing skilled workforce, particularly our Key Managerial Personnel, Senior Managerial Personnel and individuals with critical expertise, it could hinder our operations and limit our ability to expand. Additionally, we may struggle to attract and retain enough skilled and experienced employees to replace those who leave, or we may face challenges in effectively redeploying existing resources. The failure to retain or recruit Key Managerial Personnel, Senior Management, and other key talent could have a negative impact on our business and operational performance.

21. We have entered and may continue to enter into related party transactions and there can be no assurance that such transactions have been on favourable terms.

We have entered certain transactions with related parties may continue to do so in future. While our Company confirms that all such transactions have been conducted on arms-length basis and is in compliance with the Companies Act, 2013 and other applicable laws, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with related parties. Furthermore, it is likely that our company will enter into related party transactions also in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operation. For details, please refer to “Note no. 2.9- Related Party Transactions” of restated financials under section titled “Restated Financial Information” on page 190 of this Draft Red Herring Prospectus.

22. Our Company has experienced negative cash flow in the past and may continue to do so in the future, which could have a material adverse effect on our business, prospects, financial condition, cash flows and results of operations.

We have experienced negative cash flows from our operating activities in the Financial Year 2024. The following table summarizes our cash flows data for the periods indicated:

(₹ in lakhs)

Particulars	For the period ended June 30, 2024	As of March 31, 2024	As of March 31, 2023	As of March 31, 2022
Net cash from operating activities	817.11	(378.28)	(275.00)	56.30

Cash flow from operating is showing negative during fiscal year 2023 and 2024 because of higher growth in the overall turnover and corresponding increase in the trade receivable during the respective year, moreover, company availed the working capital/overdrawn facility against fixed deposit, and increase and decrease in current investment shown in operating activity whereas increase and decrease in working capital shown in financial activities, resulting, negative balance shown in cash flow from operating activity.

There can be no assurance that our net cash flows will be positive in the future. Any negative cash flows in the future could adversely affect our results of operations and financial condition, and we cannot assure you that our net cash flows will be positive in the future.

23. A portion of our revenues and our expenses are denominated in foreign currency. Adverse foreign currency exchange rate fluctuations could adversely impact our business, results of operation and financial condition.

Our business is exposed to foreign exchange rate fluctuations as a substantial portion of our revenue being denominated in USD. This exposure is particularly notable in our trade dealings with various countries, including but not limited to Sri Lanka, UAE, Africa, Singapore, Germany, USA, Hongkong. Investors should carefully consider the following risk associated with currency rate fluctuations when evaluating investment decisions. Fluctuations in currency exchange rates, particularly between the US Dollar and the local currencies in which we operate, can have a significant impact on our financial performance. Changes in exchange rates can affect the value of our income, expenses, assets, and liabilities denominated in foreign currencies when translated into the reporting currency. This volatility can lead to unpredictable revenue and profitability variations, potentially affecting our overall financial stability.

Set out in the table below is our revenues and expenses denominated in foreign currency:

Particulars	For period ended June 30, 2024		Fiscal 2024		Fiscal 2023		Fiscal 2022	
	₹ in lakhs	% of revenue from operations	₹ in lakhs	% of revenue from operations	₹ in lakhs	% of revenue from operations	₹ in lakhs	% of revenue from operations
Revenues	381.42	34.29%	1,520.35	13.63%	76.39	1.20%	127.82	5.12%
Expenses	0.00	0.00	95.63	0.86%	366.10	5.76%	102.37	4.10%

Similarly, fluctuations in exchange rates can impact the conversion of our costs and expenses, potentially affecting our profitability. In countries where we operate, there may be restrictions or regulations regarding the repatriation of funds or foreign currency exchange. These restrictions can impact our ability to convert and transfer funds across borders, limiting our flexibility in managing cash flows, making necessary investments, or repatriating profits to our company or shareholders. Currency rate fluctuations can complicate financial reporting and performance evaluation. When preparing financial statements, the translation of financial results from various currencies into a single reporting currency can be affected by currency rate changes. This can make it challenging to accurately assess the financial performance and compare results over time.

24. We operate in a competitive industry and any inability to compete effectively may result in a loss of market share or decline in operating margins.

We operate in a highly competitive industry, with numerous players offering similar solutions both in India and internationally. For additional information, please refer to “Our Business – Competition” on page 140. Some of our competitors may possess advantages such as greater financial, technical, and marketing resources, which could enable them to fund acquisitions, drive international expansion, respond more rapidly to technological changes, and operate across more diverse geographies and solution portfolios.

To remain competitive, we must not only continue meeting stringent standards but also focus on cost reduction, improving operational efficiencies, and delivering innovative, technology-driven services and solutions. Failure to do so could negatively impact our market share and operational performance.

We cannot guarantee that we will be able to effectively compete with these players in the future, and any failure to do so could adversely affect our business, financial condition, and results of operations.

Furthermore, the competition within our industry could lead to pricing pressures and reduced profit margins, which may significantly impact our revenue and profitability.

25. Our Promoters and Directors have interests in entities, which are in businesses similar to ours and this may result in potential conflict of interest with us.

There are, and may be, certain transactions between our company and our promoters or promoter group members/ entities, in the ordinary course of business and at arms' length price. However, a potential conflict of interest may occur between our promoters, directors due to having similar line of business. For further details, please see "Our Management" and "Our Promoters and Promoter Group" on pages 161 and 179, respectively of this draft red herring prospectus. Our promoters and directors, and their related entities may compete with us and have no obligation to direct any opportunities to us. We cannot assure you that these or other conflicts of interest will be resolved in an impartial manner.

26. We are involved in certain legal proceedings, which, if determined adversely, may affect our business and financial condition.

As on the date of filing this Draft Red Herring Prospectus, there are outstanding legal proceedings initiated by or against our Company, Promoters, Directors, and Group Companies that are incidental to our business and operation. A summary of outstanding litigation proceedings involving our Company, our promoters, our directors, and our group companies as on the date of this Draft Red Herring Prospectus is provided below:

**The Promoters of the Company are also the Directors of the Company. Hence litigation against them has been included under the heading of promoters to avoid repetition.*

For further details on the outstanding litigation proceedings, please see “*Outstanding Litigation and Material Developments*” on page 247 of the Draft Red Herring Prospectus.

27. Our Promoters have provided personal guarantee for loans availed by us.

In the event of default of the debt obligations, the personal guarantees may be invoked thereby adversely affecting our Promoter’s ability to manage the affairs of our Company and our Company’s profitability and consequently this may impact our business, prospects, financial condition, and results of operations. Our Company has availed loans in business. Our Promoter has provided personal guarantee in relation to certain loans availed by our Company, for details please see “*Financial Indebtedness*” on page 246. In the event of default in repayment of the loans by the Company, the personal guarantee extended by our Promoter may be invoked by our lenders thereby adversely affecting our Promoter’s ability to manage the affairs of our Company and this, in turn, could adversely affect our business, prospects, financial condition and results of operations.

28. Our Promoters and Promoter Group will be able to exercise significant influence and control over our operations after the issue and may have interests that are different from those of our other shareholders.

As of the date of this Draft Red Herring Prospectus, our Promoters and Promoter Group collectively hold 100% of our issued and outstanding equity share capital. Post the issue, our Promoters and Promoter Group will continue to hold [●]% of our issued and outstanding Equity Share capital. By virtue of their shareholding, our Promoters and Promoter Group will have the ability to exercise significant control and influence over our affairs and business, including the appointment of Directors, the timing and payment of dividends, the adoption of and amendments to our Memorandum and Articles of Association, the approval of a merger, amalgamation, or sale of substantially all our assets and the approval of most other actions requiring the approval of our shareholders. The interests of our Promoters and Promoter Group may be different from or conflict with the interests of our other shareholders and their influence may result in change of our management or in our control, even if such a transaction may not be beneficial to our other shareholders.

29. Our Promoters, Directors and Key Managerial Personnel may have interest in our Company, other than reimbursement of expenses incurred, remuneration or other benefits received.

Our Promoters, Directors and Key Managerial Personnel may be deemed to be interested to the extent of the Equity Shares held by them and benefits deriving from their shareholding in our Company. Our Promoters are interested in the transactions entered between our company and themselves as well as between our company. For further details, please refer to the chapters titled “*Our Business*” and “*Our Promoters and Promoter Group*”, beginning on page 120 and 179 respectively and the chapter titled “*Note No.2.9 - Related Party Transactions*” of restated financials under chapter titled “*Restated Financial Statements*” beginning on page 190 of this Draft Red Herring Prospectus.

30. Our inability to protect or use our intellectual property rights or comply with intellectual property rights of others may adversely affect our business.

We rely on copyright, patent, and trademark laws, and other contractual regulations to establish and maintain our proprietary rights. We intend to protect our intellectual property rights very strictly. However, there can be no assurance that we will be able to protect it successfully. Our clients are spread over India as well as overseas countries; our intellectual property rights have limited jurisdiction in India, and it does not provide protection in overseas countries, so we may have to get multiple jurisdiction protection of intellectual rights, which is a very expensive and lengthy process.

We've taken steps to register our logo and with trademark authorities in India. However, extending this protection to client countries is essential. We may struggle to detect unauthorised use or enforce our intellectual property rights effectively, risking harm to our reputation, business, and profitability.

Regarding our trademark 1, *“Device contains 'NewGen IT' in a bigger font and Delivering commitment*

written below” and logo, we've initiated the registration process with the Trademark Office in Delhi, under Class 42, with application number 5139598 dated 20/09/2021. Nevertheless, there's no assurance of successful registration. The trademark application is currently under objection from the Trademark office with remark *“The objection is raised under S 11 (1) of the Trade Marks Act, 1999, as the mark is identical with or similar to earlier marks in respect of identical or similar description of goods or services and because of such identity or similarity there exists a likelihood of confusion on the part of the public.”* Bearing correspondence number 12273220 dated October 06, 2021. Objections or rejections could delay the process, leaving our trademark vulnerable to unauthorised use.

Further regarding our trademark 2, *“The Device contains artistic form of laptop with shield inside and written below 'Your IT Expert'”* and logo, we've initiated the registration process with the Trademark Office in Delhi, under Class 42, with application number 5139599 dated September 20, 2021. Nevertheless, there's no assurance of successful registration. The trademark application is currently under objection from the Trademark office with remark *“The objection is raised under S 9(1) (a) of the Trade Marks Act 1999, as the mark is a non-distinctive and as such it is not capable of distinguishing the goods or services of one person from those of others. The objection is raised under S 9(1) (b) of the Trade Marks Act 1999, as the mark consists exclusively of words or indications which may serve in trade to designate the intended purpose at the time of production of the goods or rendering of the service or other characteristics of the goods or service;”* Bearing correspondence number 12268566 dated October 05, 2021. Objections or rejections could delay the process, leaving our trademark vulnerable to unauthorised use.

As we pursue a device mark, competing entities may exploit similar marks, limiting our ability to prevent infringement. Furthermore, existing trademarks with similar names in India pose litigation risks.

We have also developed another logo or device mark for our services and associated products. However, to date, we have not taken any steps to get it registered with the trademark authorities. As a result, we do not enjoy protection of any kind on this new mark, and therefore, it also carries risks associated with unauthorised use. Without protection under the Trademark Act of India, our only hope is bringing litigation under the doctrine of passing off, which also poses challenges. Competing entities may exploit similar marks, limiting our ability to prevent infringement. Furthermore, existing trademarks with similar names in India pose litigation risks.

It's crucial to note that our trademark enjoys no protection outside India, as we've yet to file applications in other countries. This lack of international protection leaves us vulnerable to infringement and limits our market reach.

31. Our business is subject to evolving laws regarding privacy, data protection and other related matters. Any failure to obtain, renew and maintain requisite statutory and regulatory permits, licenses and approvals for our operations from time to time may adversely affect our business.

Our business operations require various statutory and regulatory permits, licenses, registrations, certifications, consents, and approvals (collectively, the **'Approvals'**). Most of these Approvals are

issued for a limited duration and must be renewed periodically. While we have not experienced any rejections of our Approvals to date, we cannot guarantee that such rejections will not occur in the future, nor that we will be able to renew them in a timely manner, or at all. For more information, please refer to the section “*Government and Other Approvals*” on page 256.

The Approvals are subject to various conditions, and we cannot guarantee that they will not be suspended or revoked due to non-compliance, alleged non-compliance, or any regulatory action. If any of the Approvals are suspended or revoked by the relevant authorities, whether due to non-compliance or other reasons, it could significantly disrupt our operations and adversely affect our business, cash flows, and financial condition. Additionally, we may be subject to monetary penalties, and responsible officers could face legal consequences.

Uncertainty regarding the applicability, interpretation, or implementation of any amendments to, or changes in, governing laws, regulations, or policies in the jurisdictions where we operate—particularly in the absence of clear administrative or judicial precedent—could be both time-consuming and costly to resolve. Such uncertainty may impact the viability of our existing business or limit our ability to expand in the future. Additionally, if we are affected, directly or indirectly, by the application or interpretation of these laws and regulations, or if we incur costs to comply with or defend against related proceedings, our business and financial performance could be materially adversely impacted.

32. Our Company has unsecured loans with a total outstanding amount of ₹ 9.63 Lakhs as of October 31, 2024, that may be recalled by the lenders at any time.

Our Company has currently availed certain unsecured loans. The total outstanding amount of the unsecured loan as of October 31, 2024, was ₹ 9.63 lakhs. These loans may be recalled by the lenders at any time. The financing agreements that we have entered for availing the secured loans contain negative covenants. Any failure to service such indebtedness, or otherwise perform any obligations under such financing agreements may lead to termination of one or more of our credit facilities or incur penalties and acceleration of payments under such credit facilities, foreclosure on our assets, trigger cross-default provisions under certain of our other financing agreements which may adversely affect our financial condition and our ability to conduct and implement our business plans. Although we have received consents/NOC from our lenders for undertaking the Issue, these restrictive covenants may affect some of the rights of our Shareholders. In the event that any lender seeks a repayment of any such loan, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all and this may affect our Company’s liquidity. As a result, any such demand may materially and adversely affect our business, cash flows, financial condition, and results of operations. For further details of these unsecured loans, please refer to Chapter titled “*Restated Financial Statements*” beginning on page 190 of this Draft Red Herring Prospectus.

33. We have issued Equity Shares during the last one year at a price that may be below the Issue Price.

During the last one year we have issued Equity Shares at a price that may be lower than the Issue Price:

Date of Allotment	Number of Equity Shares	Face Value per Equity Share (₹)	Issue Price per Equity Share (₹)	Nature of Consideration (Cash/ Other than Cash)	Nature of allotment
February 10, 2024	1,19,00,000	10	NA	Other than Cash	Bonus Issue
October 15, 2024	26,00,000	10	NA	Other than Cash	Bonus Issue

For further details, please refer to the chapters “*Capital Structure*” beginning on page 77 of this Red Herring Prospectus.

34. Our insurance coverage may not adequately protect us against potential risk, and this may have a material adverse effect on our business.

We maintain insurance coverage for key risks relating to our business. While we believe that the amount of our insurance coverage is in line with industry standards, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part or on time. In addition, not all risks associated with our operations may be insurable, on commercially reasonable terms or at all. Although we believe that we have obtained insurance coverage customary to our business, such insurance may not provide adequate coverage in certain circumstances and is subject to certain deductibles, exclusions, and limits on coverage. To the extent that we suffer loss or damage that is not covered by insurance or exceeds our insurance coverage, our results of operations and cash flow may be adversely affected. Natural disasters in the future or occurrence of any other event for which we are not adequately or sufficiently insured may cause significant disruption to our operations that could have a material adverse impact on our business and operations. The occurrence of an event for which we are not adequately or sufficiently insured could have an adverse effect on our business, results of operations, financial condition, and cash flows. If we are subject to litigation or claims or our operations are interrupted for a sustained period, we cannot assure you that our insurance policies will be adequate to cover the losses that may be incurred as a result of such interruption. While in the past there have been no such instances as relating to insurance claims exceeding liability insurance, there can be no assurance that there will not be such instances in the future.

Details of our total insurance coverage vis-à-vis our net assets for the period ended June 30, 2024 and as of March 31, 2024, March 31, 2023 and March 31, 2022 is set out below:

(₹ in lakhs)

Particulars	For Fiscal Year			
	As on June 30, 2024	As on March 31, 2024	As on March 31, 2023	As on March 31, 2022
Insurance coverage* (A)	2261.00	1976.00	-	-
Net assets** as per Restated Financial Information (B)	54.47	58.68	40.10	26.42
Net tangible assets*** (C)	1757.32	1629.90	799.82	288.68
Insurance expenses as per Restated Financial Information	0.49	1.09	1.31	0.86
Insurance coverage times the net assets (A/B)	41.51	33.67	-	-
Insurance coverage times the net tangible assets (A/C)	1.29	1.21	-	-

* Insurance coverage = Total insurance coverage amount by considering insurance policies of property, equipments, vehicles, stock, erection and all risk insurance

**Net assets = Property, Plant and Equipment (net block) + Capital Work in Progress + Intangibles (net block) + Investment Property (Buildings net block) + Inventories

*** 'Net Tangible Assets' means net block of Property, Plant and Equipment, capital work in progress for fixed assets (including capital advances), Current Assets, Non-current assets (other than Net block of Property, Plant and Equipment, Intangible Assets and Deferred Tax) and excludes Borrowings (secured loans and unsecured loans) and current and non-current liabilities and provisions.

As certified by our Statutory Auditors, M/s Rajput Jain & Associates, pursuant to a certificate dated December 11, 2024.

35. Our Company does not have any documentary evidence for the past experience of Ramesh Sharma

One of our Directors, Ramesh Sharma, was unable to provide the original partnership deed or any other supporting documentation for M/s Unicom Express & Logistics Services. As a result, the date of establishment for their past experience is based on the amended partnership deed in the years 2015. For further information, please refer to the chapter titled "Our Management" on page 164 of this Draft Red Herring Prospectus.

36. Certain information in this Draft Red Herring Prospectus is based on our internal classification, methodologies, which may change and which may or may not be consistent with companies operating in our industry, and hence we cannot assure you of the completeness or the accuracy of such data.

Certain statements contained in this Draft Red Herring Prospectus, such as industry data that has been derived from IBEF and imf.org and revenues generated from our segments is based on our internal classification methodologies and the way we operate our business. There may be variation in the manner in which we and other companies operating in our industry categorise customers. Depending on our assessment and focus from time to time, this mix may change and there is no assurance that we will continue to see a same part of our business as being in that particular segment.

37. None of our Directors do not have any prior experience of being a director in any other listed company in India.

Our current Board comprises of five directors which includes Chairman and Managing Director, one Executive Director, one Non-Executive Director non-independent director and two non-executive independent directors. We are not a publicly listed company and have not historically been subject to increased scrutiny by shareholders, regulators and the public at large that is associated with being a listed company. None of our board of directors do have any prior experience of being a director in any other listed company in India. While our Board members are qualified and have relevant experience in their respective field, not having any prior experience as being a director in any other listed company in India may present some potential challenges to our Company in effectively meeting with good corporate governance norms and practices. Additionally, having lack of such experience amongst the board of directors may impact our Company's credibility and reputation among the investors and other stakeholders. For further details, please see chapter titled "Our Management" on page 161 of this Draft Red Herring Prospectus.

38. If we are subject to any frauds, theft, or embezzlement by our employees, suppliers, or customers, it could adversely affect our reputation, results of operations, financial condition, and cash flows.

Our operations may be subject to incidents of theft. We may also encounter some inventory loss on account of employee/ supplier/ customer fraud, theft, or embezzlement. Although we have set up various security measures in our office premises there can be no assurance that we will not experience any fraud, theft, employee negligence, loss in transit or similar incidents in the future, which could adversely affect our reputation, results of operations, financial condition, and cash flows.

39. Our ability to pay dividends in the future will depend upon future earnings, financial condition, cash flows, working capital requirements, and capital expenditures.

Our future ability to pay dividends will depend on our earnings, financial condition, and capital requirements of our company. There can be no assurance that we will generate sufficient income to cover the operating expenses and pay dividends to the shareholders. Our ability to pay dividends will also depend on our expansion plans. We may be unable to pay dividends in the near or medium term, and the future dividend policy will depend on the capital requirements and financing arrangements for the business plans, financial condition, and results of operations. While there have been no such instances in the past, there can be no assurance that there will not be such instances in the future.

40. Our future success will depend on our ability to effectively execute our business and growth strategies.

The diversification and expansion of our services are driven by the evolving needs of our customers and technological advancements in our industry. Our success will depend on our ability to effectively execute our business and growth strategies, but we cannot guarantee that we will achieve these goals on time, within budget, or meet client's expectations. These strategies will place significant demands

on our Board of Directors, senior management, and resources, requiring improvements to our operational, financial, and internal controls, and may lead to the need for additional debt. Any inability to manage our business and growth strategies could adversely affect our business, financial condition and results of operations. Our continued growth is also closely tied to the effectiveness of our internal systems and controls, and any failure to maintain these could impede our progress and negatively affect our business, financial condition, and results of operations.

Additionally, we believe that our ability to execute our business and growth strategies will depend on our capacity to expand both domestically and internationally. Failure to sustain our growth or successfully implement these strategies within the expected timeframes and budget could adversely affect our operational results, financial condition, and business prospects.

41. Objects of the Fresh Issue for which the funds are being raised have not been appraised by any bank or financial institution and any variation in the utilization of our Net Proceeds as disclosed in this Draft Red Herring Prospectus would be subject to certain compliance requirements, including prior shareholders' approval.

Our Company intends to primarily use the Net Proceeds of the Fresh Issue for funding working capital requirements and general corporate purposes, as described in section “*Objects of the Issue*” on page 90. The plans for utilizing the Net Proceeds of the Fresh Issue are based on management estimates and such intended use of proceeds has not been appraised by any bank or financial institution.

The funding requirements are based on current conditions and are subject to change in response to external circumstances, costs, other financial condition or business strategies. Our Company may have to revise its management estimates from time to time and consequently its requirements may change, which may cause an additional burden on our finance plans, as a result of which, our business, financial condition, results of operations and cash flows could be materially and adversely impacted.

Any change in the Objects of the Fresh Issue may also require shareholders' approval and may involve considerable time or may not be forthcoming and in such an eventuality it may adversely affect our operations or business. Further, our Promoters would be required to provide an exit opportunity to the shareholders who dissent with our proposal to change the objects of the Issue, which may discourage our Promoters from undertaking steps for the variation of the proposed utilisation of our Net Proceeds, even if such variation is in our interest.

In light of these factors, we may not be able to undertake any variation in Objects of the Fresh Issue to use any unutilized proceeds of the Fresh Issue even if such variation is in our interest, thereby limiting or delaying our efforts to use the Net Proceeds to achieve profitable growth in our business.

42. We have not identified any alternate source of financing the “Objects of the Issue”. If we fail to mobilize resources as per our plans, our growth plans may be affected.

We have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this Issue may delay in the implementation schedule and could adversely affect our growth plans. For further details of object of Issue and schedule of implementation please refer to the chapter titled “*Objects of the Issue*” on page 90 of this Draft Red Herring Prospectus.

43. Our Company's management will have flexibility in utilizing the net proceeds from the Issue and the deployment of the net proceeds from the Issue is not subject to any monitoring by any independent agency.

Our Company intends to primarily use the net proceeds towards working capital requirement of our company and general corporate purposes as mentioned in “*Objects of the Issue*” on page 90 of this Draft Red Herring Prospectus. In terms of the SEBI (ICDR) Regulations, we are not required to appoint a monitoring agency since the issue size is not in excess of ₹ 10,000 lakhs. The Audit committee of our

Company will be monitoring utilization of funds. Our company may have to revise its management estimates from time to time and consequently its requirements may change.

Further, pursuant to Section 27 of the Companies Act 2013, any variation in the objects would require a special resolution of the shareholders and our promoters will be required to provide an exit opportunity to the shareholders of our company who do not agree to such proposal to vary the objects, in such manner as may be prescribed in future by the SEBI. Our Company shall inform about material deviations in the utilization of issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

Accordingly, prospective investors in the issue will need to rely upon our Audit Committee's judgment with respect to the use of net proceeds. If we are unable to enter into arrangements for utilization of net proceeds as expected and assumed by us in a timely manner or at all, we may not be able to derive the expected benefits from the proceeds of the issue and our business and financial results may suffer.

44. The requirements of being a listed company may strain our resources.

We are not a listed company. We have not been subjected to the increased scrutiny of our affairs by shareholders, regulators, and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance, and other expenses that we did not incur as an unlisted company. We will be subject to the equity listing agreement with the Stock Exchange which will require us to file audited annual and half yearly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies.

Further, as a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures and internal control over financial reporting. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required.

As a result, our management's attention may be diverted from business concerns, which may adversely affect our business, prospects, financial condition, and results of operations. Further, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge but cannot assure that we will be able to do so in a timely and efficient manner.

45. The Equity Shares have never been publicly traded, and, after the issue, the equity shares may experience price and volume fluctuations, and an active trading market for the equity shares may not develop. Further, the price of the equity shares may be volatile, and you may be unable to resell the equity shares at or above the issue price, or at all.

Prior to the issue, there has been no public market for the equity shares, and an active trading market on the stock exchange may not develop or be sustained after the issue. Listing and quotation do not guarantee that a market for the equity shares will develop. The issue price of the equity shares is proposed to be determined through a book building process in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the equity shares at the time of commencement of trading of the equity shares or at any time thereafter. The market price of the equity shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

The trading volume and market price of the equity shares may be volatile following the issue.

The market price of the equity shares may fluctuate as a result of, among other things, the following factors, some of which are beyond our control:

- half yearly variations in our results of operations;
- results of operations that vary from the expectations of securities analysts and investors;
- results of operations that vary from those of our competitors;
- changes in expectations as to our future financial performance, including financial estimates by research analysts and investors;
- a change in research analysts' recommendations;
- announcements by us or our competitors of significant acquisitions, strategic alliances, joint operations, or capital commitments;
- announcements by third parties / governmental entities of significant claims/ proceedings against us;
- new laws and governmental regulations applicable to our industry;
- additions or departures of key management personnel;
- changes in exchange rates;
- changes in the price of oil or gas;
- fluctuations in stock market prices and volume; and
- general economic and stock market conditions

Changes in relation to any of the factors listed above could adversely affect the price of the Equity Shares.

46. There are restrictions on daily weekly monthly movement in the price of the equity shares, which may adversely affect the shareholder's ability to sell for the price at which it can sell, equity shares at a particular point in time.

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index- based market-wide circuit breakers generally imposed by SEBI. The percentage limit on circuit breakers is said by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchange does not inform us of the percentage limit of the circuit breaker in effect from time to time and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of the circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

47. We have not independently verified certain data in this Draft Red Herring Prospectus

Certain statements contained in this Draft Red Herring Prospectus, such as industry data has been derived from [*Indian Economy Growth Rate & Economic System Insights | IBEF*](#). We have not independently verified data from the industry and related data contained in this Draft Red Herring Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled. Therefore, discussions of matters relating to India, its economy, or the industry in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate, or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy elsewhere.

48. QIB and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/ Issue Period and withdraw their Bids until Bid/ Issue Closing Date. While our Company is required to complete Allotment pursuant to the Issue within three working days from the Bid/ Issue Closing Date, events affecting the Bidders' decision to invest in the Equity Shares, including material adverse changes in international or national monetary policy, financial, political, or economic conditions, our business, results of operations or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Bidders ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

49. Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Issue.

Our Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before our Equity Shares can be listed and trading of our Equity Shares may commence. Further, in accordance with Indian law, permission for listing of our Equity Shares will be granted only after our Equity Shares in this Issue have been Allotted and all other relevant documents authorizing the issuing of our Equity Shares have been submitted. The Allotment of Equity Shares in this Issue and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately two Working Days from the Bid/ Issue Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchanges is expected to commence within three Working Days of the Bid/ Issue Closing Date. There can be no assurance that our Equity Shares will be credited to investors' demat accounts, or that trading in our Equity Shares will commence, within the prescribed time periods. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the time periods prescribed under law.

50. Any future issuance of Equity Shares may dilute the shareholding of the Investor, or any sale of Equity Shares by our Promoter or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.

Any future issuance of Equity Shares by our Company could dilute the shareholding of the investor. Any such future issuance of our Equity Shares or sales of our Equity Shares by any of our significant shareholders may adversely affect the trading price of our Equity Shares and could impact our ability to raise capital through an issuing of our securities. While the entire Post-issue paid-up share capital, held by our Promoters or other shareholders will be locked-in for a period of 1 (one) year and minimum promoter contribution subject to a minimum of 20% of our post-issue paid-up capital will be locked-in for a period of 3 (three) years from the date of allotment of Equity Shares in the issue, upon listing of our Equity Shares on the Stock Exchanges. For further information relating to such Equity Shares that will be locked-in, please refer to the section titled "Capital Structure" beginning on page 77 of this Draft Red Herring Prospectus. Any future issuance or sale of the equity shares of our Company by our Promoter or by other significant shareholder(s) or any perception or belief that such sales of Equity Shares might occur may significantly affect the trading price of our Equity Shares.

External Risk Factors

51. Financial instability in other countries may cause increased volatility in Indian financial markets.

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe, and certain emerging economies in Asia.

Financial turmoil in Asia, Europe and elsewhere in the world in recent years has adversely affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and us. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows. Further, economic developments globally can have a significant impact on our principal markets. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. For example, the full-scale military invasion of Russia into Ukraine and the subsequent sanctions placed on Russia by various countries has substantially affected the economic stability of the world and such volatility could impact our Company's growth. In addition, the market price of oil has risen sharply since the commencement of hostilities in Ukraine, which may have an inflationary effect in India and other countries. A prolonged war or a protracted period of hostilities in the Ukraine may lead to global economic disturbances.

In addition, the USA is one of India's major trading partners and any possible slowdown in the American economy could have an adverse impact on the trade relations between the two countries. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term effect of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption could have a material adverse effect on our business, financial condition, results of operation, and cash flows. These developments, or the perception that any of them could occur, have had, and may continue to have a material adverse effect on global economic conditions and the stability of global financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition, results of operations, and cash flows, and reduce the price of the Equity Shares.

52. Challenges that affect the Information Technology industry will have an effect on our operations.

As we are engaged in the information technology industry, we are impacted by challenges that affect the industry in general. These include general economic conditions and outlook, improvements in technologies, increase in operating costs, government regulation and policy and importantly, our competitive position in the market in general. These factors will impact us and our business on an ongoing basis. We will be constrained to respond to changes adequately to remain profitable, including bringing about changes to operations, cutting down on costs, and reassessing growth plans and strategies. We are unable to predict these challenges and cannot assure you that we will continue to maintain our current levels of financial performance.

53. Any adverse revision to India's debt rating by a domestic or international rating agency could adversely affect our business.

India's sovereign debt rating could be adversely affected due to various factors, including changes in tax or fiscal policy or a decline in India's foreign exchange reserves, which are outside our control. Any adverse revisions to India's credit ratings for domestic and international debt by domestic or international rating agencies may adversely impact our ability to raise additional financing, and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business and financial performance, ability to obtain financing for capital expenditures and the price of the Equity Shares.

54. The occurrence of natural or man-made disasters could adversely affect our results of operations, cash flows and financial condition. Hostilities, terrorist attacks, civil unrest and other acts of violence could adversely affect the financial markets and our business.

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease, and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

55. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

56. Under Indian law, foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares.

Under foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain restrictions), if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then a prior regulatory approval will be required. Additionally, shareholders who seek to convert Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. We cannot assure investors that any required approval from the RBI or any other governmental agency can be obtained on any particular terms or at all. For further information, see "*Restrictions on Foreign Ownership of Indian Securities*" on page 326 of Draft Red Herring Prospectus.

57. Investors may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.

Under the Companies Act, a company having share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution by holders of three-fourths of the equity shares voting on such resolution.

However, if the law of the jurisdiction the investors are in, does not permit them to exercise their pre-emptive rights without our Company filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless our Company makes such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the investor's benefit. The value such custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emptive rights granted

in respect of the Equity Shares held by them, their proportional interest in our Company would be reduced

58. A third party could be prevented from acquiring control of our Company because of anti-takeover provisions under Indian law.

There are provisions in Indian law that may delay, deter, or prevent a future takeover or change in control of our Company, even if a change in control would result in the purchase of Equity Shares at a premium to the market price or would otherwise be beneficial to the shareholders. Such provisions may discourage or prevent certain types of transactions involving actual or threatened change in control of our Company. Under the SEBI Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to its stakeholders, it is possible that such a takeover would not be attempted or consummated because of the SEBI Takeover Regulations.

59. Investors may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.

Under current Indian tax laws and regulations, unless specifically exempted, capital gains arising from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax (“STT”) is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding ₹ 1 lakh, realized on the sale of equity shares held for more than 12 months immediately preceding the date of transfer, which are sold using any other platform other than on a recognized stock exchange and on which no STT has been paid, are subject to long-term capital gains tax in India.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, among others things, provided a number of amendments to the direct and indirect tax regime, including, without limitation, a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, both resident as well as non-resident, and that such dividends likely be subject to tax deduction at source. The Company may or may not grant the benefit of a tax treaty (where applicable) to a non-resident shareholder for the purposes of deducting tax at source from such dividend. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

BOOK BUILDING PROCESS

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and advertised in all editions of [●], an English national newspaper, all editions of [●], a Hindi national newspaper and [●] editions of [●], a Hindi daily newspaper, (Hindi being the regional language of Delhi where our Registered Office is located) at least two working days prior to the Bid/Issue Opening date. The Issue Price shall be determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/Issue Closing Date.

Principal parties involved in the Book Building Process are-

- Our Company;
- The Book Running Lead Manager, in this case being Unistone Capital Private Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with National Stock Exchange of India Limited and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue, in this case being Link Intime India Private Limited;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue is being made through the Book Building Process wherein 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the BRLM allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the “**Anchor Investor Portion**”), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Issue Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price.

All potential Bidders may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders, other than Anchor Investors are mandatorily required to use the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or, in the case of UPI Bidders, by using the UPI Mechanism. Anchor Investors are not permitted to participate in the Issue through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIB and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Anchor Investors are not allowed to revise and withdraw their Bids after the Anchor Investor Bidding Date. Retail Individual Bidders can revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date.

Subject to valid Bids being received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. *CIR/CFD/POLICYCELL/11/2015* dated *November 10, 2015* and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. *SEBI/HO/CFD/DIL2/CIR/P/2018/138* dated *November 01, 2018*, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “*Issue Procedure*” beginning on page 287 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “*Issue Procedure*” on page 287 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹ 20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e. ₹ 22.00 in

the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “*Issue Procedure*” on page 287 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

Bid/Issue Program:

Event	Indicative Dates
Bid/Issue Opening Date ⁽¹⁾	[●]
Bid/Issue Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before [●]
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before [●]
Credit of Equity Shares to Demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

⁽¹⁾Our Company in consultation with the Book Running Lead Manager may consider participation by Anchor Investors in accordance with the SEBI (ICDR) Regulations. The Anchor Investor Bid/ Issue Period shall be one Working Day prior to the Bid/ Issue Opening Date in accordance with the SEBI (ICDR) Regulations.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023 has reduced the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the present requirement of 6 working days (T+6 days); ‘T’ being issue closing date. Our Company shall follow the timelines provided under the aforementioned circular.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue

Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/ Issue Closing Date maybe extended in consultation with the BRLM, RTA and National Stock Exchange of India Limited Emerge taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants can revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserve the right to not to proceed with the Issue at any time before the Bid/ Issue Opening Date without assigning any reason thereof. If our Company withdraws the Issue anytime after the Bid/ Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Bid/ Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre- Issue advertisements have appeared, and the Stock Exchange will also be informed promptly.

The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/ Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Red Herring Prospectus, which our Company will apply for only after Allotment; and (ii) the registration of Red Herring Prospectus/ Prospectus with RoC.

Details of the Market Making Arrangement for this Issue

Our Company and the Book Running Lead Manager, have entered into an agreement dated [●] with [●], a Market Maker registered with Emerge Platform of NSE Limited in order to fulfil the obligations of Market Making

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time.

Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the exchange in advance for each and every blackout period when the quotes are not being offered by the Market Maker.
2. The minimum depth of the quote shall be ₹ 1,00,000. However, the investors with holdings of value less than ₹ 1,00,000 shall be allowed to Issue their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
3. The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and Emerge Platform of NSE Limited from time to time.

4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. The shares of the Company will be traded in continuous trading session from the time and day the company gets listed on Emerge Platform of NSE and Market Maker will remain present as per the guidelines mentioned under NSE and SEBI circulars.
7. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems or any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange to decide controllable and non-controllable reasons would be final.
8. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.
9. The Market Maker shall have the right to terminate the said arrangement by giving three months-notice or on mutually acceptable terms to the Book Running Lead Manager, who shall then be responsible to appoint a replacement Market Maker.

In case of termination of the above mentioned Market Making Agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further the Company and the Book Running Lead Manager reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time.

10. **Risk containment measures and monitoring for Market Maker:** Emerge Platform of NSE Limited will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
11. **Punitive Action in case of default by Market Maker:** Emerge Platform of NSE Limited will monitor the obligations on a real-time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

12. Price Band and Spreads: SEBI Circular bearing reference no: *CIR/MRD/DP/02/2012* dated *January 20, 2012*, has laid down that for Issue size up to ₹ 250 Crores, the applicable price bands for the first day shall be:

- In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

Pursuant to SEBI Circular number *CIR/MRD/DSA/31/2012* dated *November 27, 2012*, limits on the upper side for Markets Makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹ 20 Crores	25%	24%
₹ 20 Crores to ₹ 50 Crores	20%	19%
₹ 50 Crores to ₹ 80 Crores	15%	14%
Above ₹ 80 Crores	12%	11%

All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

On the first day of listing, there will be a pre-open session (call auction) and there after trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. The securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for 10 days from the date of listing of Equity Shares on the Stock Exchange.

- (i) Pursuant to Regulation 238 (b) of the SEBI (ICDR) Regulations, in addition to the Promoter's Contribution to be locked-in for a period of three (3) years, as specified above, the entire Pre-issue Equity Share capital will be locked in for a period of one (1) year from the date of Allotment in this issue.
- (ii) Pursuant to Regulation 242 of the SEBI Regulations, the Equity Shares held by our Promoters can be pledged only with banks or financial institutions as collateral security for loans granted by such banks or financial institutions for the purpose of financing one or more of the objects of the issue and the pledge of shares is one of the terms of sanction of such loan. However, as on date of this Draft Red Herring Prospectus, none of the Equity Shares held by our Promoters have been pledged to any person, including banks and financial institutions.
- (iii) Pursuant to Regulation 243 of the SEBI (ICDR) Regulations, Equity Shares held by our Promoters, which are locked in as per Regulation 238 of the SEBI (ICDR) Regulations, may be transferred to amongst our Promoters / Promoter Group or to a new promoter or persons in control of our Company subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 2011 as applicable.
- (iv) Pursuant to Regulation 243 of the SEBI (ICDR) Regulations, Equity Shares held by shareholders other than our Promoters, which are locked-in as per Regulation 239 of the SEBI (ICDR) Regulations, may be transferred to any other person holding shares, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 2011 as applicable.

23. Lock-in of the Equity Shares to be Allotted, if any, to the Anchor Investors

One half of the Equity Shares allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 90 days from the date of Allotment and the remaining Equity Shares allotted to Anchor Investors under the Anchor Investor Portion shall be locked-in for a period of 30 days from the date of Allotment.

24. The average cost of acquisition of or subscription of shares by our promoters are set forth in the table below:

Sr. No.	Name of the Promoters	No. of Shares held	Average cost of Acquisition (₹ Per share) *
1.	Jagdish Chander Bhatt	73,00,000	0.07
2.	Pushpa Bhatt	72,99,995	0.07
3.	Shivani Bhatt	1	10.00

**As certified by M/s Rajput Jain & Associates, Chartered Accountants, Peer Review Auditor by way of their certificate dated December 11, 2024.*

- 25. Neither the Company, nor its Promoters, Directors or the Book Running Lead Manager have entered any buyback and/or standby arrangements for purchase of Equity Shares of the Company from any person.
- 26. All Equity Shares issued pursuant to the issue shall be fully paid-up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Draft Red Herring Prospectus. Further, since the entire money in respect of the issue is being called on application, all the successful Applicants will be issued fully paid-up Equity Shares.
- 27. No person connected with the issue shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or otherwise, to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the issue.

28. The Book Running Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The Book Running Lead Manager and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
29. None of our Directors or Key Managerial Personnel holds Equity Shares in the Company, except as stated in the chapter titled "*Our Management*" beginning on page 161 of this Draft Red Herring Prospectus.
30. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under Basis of Allotment in the chapter titled "*Issue Procedure*" beginning on page 287 of this Draft Red Herring Prospectus. In case of over-subscription in all categories the allocation in the issue shall be as per the requirements of Regulation 253 (2) of SEBI (ICDR) Regulations, as amended from time to time.
31. An over-subscription to the extent of 10% of the issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this issue. Consequently, the actual allotment may go up by a maximum of 10% of the issue, as a result of which, the post issue paid up capital after the issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoters and subject to lock-in shall be suitably increased; so as to ensure that 20% of the post issue paid-up capital is locked in.
32. Subject to valid applications being received at or above the issue Price, under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and Designated Stock Exchange. Such inter-se spill over, if any, would be affected in accordance with applicable laws, rules, regulations and guidelines.
33. No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoters to the persons who receive allotments, if any, in this issue.
34. There shall be only one denomination of Equity Shares of our Company unless otherwise permitted by law. Our Company shall comply with disclosure and accounting norms as may be specified by SEBI from time to time.
35. Our Company shall ensure that transactions in the Equity Shares by our Promoters and our Promoter Group between the date of this Draft Red Herring Prospectus and the issue Closing Date shall be reported to the Stock Exchange within 24 hours of such transaction.
36. Our Promoters and Promoter Group will not participate in the issue.
37. Our Company has not re-valued its assets and we do not have any revaluation reserves till date.

OBJECTS OF THE ISSUE

The Issue comprises the Fresh Issue of 54,00,000 Equity Shares aggregating up to ₹ [●] lakhs by our Company. For details, see “Summary of the Offer Document” and “The Issue” on pages 25 and 60, respectively.

Fresh Issue:

Our Company proposes to utilize the Net Proceeds from the Issue towards funding the following objects:

1. Funding working capital requirements of our Company; and
2. General Corporate Purposes

(collectively, referred to herein as the “Objects”)

In addition, our Company expects to receive the benefits of listing of the Equity Shares on the Stock Exchange, including enhancement of our Company’s brand name and creation of a public market for our Equity Shares in India.

The main objects clause and the objects incidental and ancillary to the main objects clause of our Memorandum of Association enables us to (i) to undertake our existing business activities; and (ii) undertake the activities for which the funds are being raised by us in the Fresh Issue and are proposed to be funded from the Net Proceeds.

Net Proceeds

The details of the proceeds from the Issue are summarized in the following table:

(₹ in lakhs)

Particulars	Estimated Amount ⁽¹⁾
Gross proceeds of the Issue	[●]

⁽²⁾ To be finalized upon determination of the Issue Price and updated in the Prospectus prior to filing with the RoC. The amount utilized for general corporate purposes shall not exceed 25% of the Gross Proceeds.

The fund requirements, deployment of funds, and intended use of the Net Proceeds as described in this Draft Red Herring Prospectus are based on our current business plan, management estimates, market conditions, and other external commercial and technical factors. However, these fund requirements and deployment plans have not been appraised by any bank, financial institution, or independent agency. We may need to revise our funding requirements and deployment due to various factors such as our financial and market conditions, business and growth strategies, ability to identify and implement inorganic growth initiatives (including investments and acquisitions), competitive landscape, general factors affecting our results of operations, financial condition, access to capital, and other external factors such as changes in the business environment, regulatory climate, and interest or exchange rate fluctuations. These factors, which may not be within our management's control, might necessitate rescheduling the proposed utilization of the Net Proceeds and changing the allocation of funds from its planned allocation, subject to compliance with applicable laws.

Further, in case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Issue. To the extent our Company is unable to utilize any portion of the Net Proceeds towards the aforementioned objects, per the estimated scheduled of deployment specified above, our Company shall deploy the Net Proceeds in subsequent financial year towards the aforementioned Objects.

Moreover, if the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for general corporate purposes to the extent that the total amount to be utilized towards general corporate purposes will not exceed 25% of the aggregate of the gross proceeds of the Issue, in accordance with Regulation 230(2) of the SEBI ICDR Regulations. In case of a shortfall in raising requisite capital from the Net Proceeds or an increase in the total estimated cost of the Objects, business considerations may require us to explore a range of options including utilizing our internal accruals and seeking debt lenders. In furtherance, that such alternate arrangements would be available to fund any such shortfalls.

Details of the Objects of the Issue

The details of the Objects of the issue as set out below:

1. Funding working capital requirements of the Company

Our Company is engaged in the business of providing IT infrastructure solutions, Cyber Security and IT application services to meet the digital requirements of customers. We cater to Government as well as non-government organizations and our customers includes telecom, Tourism and Hospitality, Aviation, Judiciary (High Court), Insurance, Banking, Lab & Diagnostic chain, Business Processing Outsourcing, Education sector, Energy, Healthcare, space, oil and gas, pharma, Infrastructure, media and entertainment, Retailer, Manufacturing and security etc. We provide our IT infrastructure solutions and services to our Indian customers and we also have international presence through our export operations.

As per our past records, we have successfully executed projects for both non-government sector and government contracts. As of the date of the Draft Red Herring Prospectus, our order book pending execution stands at ₹ 6,564.02 lakhs. Further, we have submitted proposals for ₹ 20,550.55 lakhs to various industries such as Judiciary (High court), Armed forces, Railways, Education and Pharma etc. for high-end surveillance, data storage, networking, data back-up and protection etc.

Given our focus on government clients, our project pipeline exhibits a seasonal pattern. Historically, a significant portion of new projects are awarded in the latter half of the financial year, primarily in the third and fourth quarters. This translates to a concentration of revenue recognition in these quarters. In Quarter 3, revenue contributions were 15.09%, 46.03%, and 28.79% in FY 2022, FY 2023, and FY 2024, respectively. Similarly, Quarter 4 saw revenue shares of 45.53%, 32.83%, and 56.16% across the same years. This consistent pattern, with a notable increase in Quarter 4 revenue, underscores the influence of larger projects and government contracts typically finalized towards the end of the financial year. Consequently, the fourth quarter plays a crucial role in driving the company's overall financial performance.

Further, in our projects, particularly for IT infrastructure solutions, it is essential for our company to procure components, IT products, and related services upfront. These purchases-ranging from hardware to software and related technologies-must be financed initially from our internal funds, as we await payment from our clients. In light of these payment delays in government projects and the capital-intensive nature of IT infrastructure projects, we are seeking funding to support our working capital requirements. This funding will enable us to maintain a smooth procurement process, meet the financial demands of our ongoing contracts, and continue to execute projects efficiently, without disruption due to cash flow constraints.

Our Company proposes to utilize ₹ 2,405.00 Lakhs towards funding its working capital requirements in the ordinary course of business.

Basis of estimation of working capital requirement

Our company's working capital requirements are influenced by several factors, including the size and timing of customer orders, the volume of our order backlog, and the terms of customer payments. For the fiscal years 2024, 2023, and 2022, our working capital needs were ₹ 2,440.03 lakhs, ₹ 1,150.65 lakhs, and ₹ 312.67 lakhs, respectively. Given these historical trends, we anticipate a substantial increase in our working capital requirements moving forward, driven by expected growth in our operations and the expansion of our business.

Our revenue from operations for Fiscals 2022 to 2024, has grown at a CAGR of 96.66%. The table below shows our revenue from operations Fiscal 2024, 2023, and 2022:

Particulars	For the year ended March 31, 2024	For the year ended March 31, 2023	For the year ended March 31, 2022
Revenue from Operations (₹ in Lakhs)	9,293.37	5,529.58	2,403.01
Revenue from operations growth (%)	68.07%	130.11%	-

Our business is working capital intensive, and we primarily fund our working capital requirements through internal accruals and financing arrangements with various banks and financial institutions in the ordinary course of operations. To learn more about the working capital facilities utilized by our company, please refer to the section titled "*Financial Indebtedness*" on page 246.

Holding levels and key assumptions for working capital requirements

The following table sets forth the details of the holding period (with days rounded to the nearest whole number) considered for the Period ended June 30, 2024, and for financial year ended Fiscal 2024, Fiscal 2023 and Fiscal 2022, based on financial statements, as well as estimated for Fiscal 2026.

Particulars	For the year ended March 31, 2026 (Estimated)	For the period ended June 30, 2024 (Audited)	For the year ended March 31, 2024 (Audited)	For the year ended March 31, 2023 (Audited)	For the year ended March 31, 2022 (Audited)
Trade Receivables	121	345	181	60	93
Trade Payables	92	510	161	92	57

Key justifications for holding levels

Particulars	Justification
Trade Receivables	<p>Over the past three financial years, we have observed fluctuations in our trade receivables turnover days. In Fiscal 2022, our trade receivables turnover days were 93 days, which decreased to 60 days in Fiscal 2023, and further increased to 181 days in Fiscal 2024. For the three-month period ended June 30, 2024, our trade receivables days were 345. For Fiscal 2026, we anticipate our trade receivables days to be 121 days.</p> <p>The initially downward trend showcases our success in improving collection efficiency and managing working capital. We extended longer credit periods to customers to foster relationships and encourage bulk orders, which supported the growth of our business. As we have reached a more established stage, we plan to implement more stringent credit collection processes. The spike observed during Fiscal 2023 to Fiscal 2024 resulted from delayed payments from government vendors.</p> <p>We project stabilization at 121 days for the upcoming fiscal years as we adopt a balanced approach to customer credit by taking phased projects rather than combined projects. This strategy allows us to accommodate the typical payment cycles within the industry while maintaining efficient control over working capital. By optimizing our credit policies, we aim to support growth and nurture customer relationships without overextending our receivables position in the long term. Additionally, with a more diversified customer base, we will be less reliant on a few key customers, and the increased scale of our operations will provide us with better leverage to negotiate favorable credit terms.</p> <p>As we increasingly focus on securing government projects, the broader and more stable nature of our customer portfolio is allowing us to achieve a more balanced and diversified risk profile. Government contracts typically come with more reliable payment terms, which reduce overall credit risk and ensure a steady revenue stream. This diversification mitigates our reliance on private-sector clients, thereby enhancing the stability of our cash flow. Furthermore, the growing scale of our operations provides us with greater leverage to negotiate more favorable credit terms with both</p>

Particulars	Justification
	existing and new clients, including government entities. By leveraging this scale, we are able to secure better payment conditions, which will significantly improve our liquidity position. This strategic shift not only strengthens our cash flow management but also positions the company for sustainable growth, supported by a more optimized and resilient credit management framework that will drive long-term success.
Trade Payables	<p>Over the past three fiscal years, our company has seen an increase in its trade payable days. These days increased from 57 in Fiscal 2022 to 92 in Fiscal 2023, followed by a further rise to 161 days in Fiscal 2024. For the three-month period ended June 30, 2024, there was an increase to 510 days. Looking ahead, the company anticipates a stabilization at 92 days in Fiscal 2026.</p> <p>This trend in trade payable days reflects our strategic approach to better supplier management within the industry. The initial increase in trade payable days was a direct result of our efforts to leverage negotiating power to secure extended payment terms. This strategy aligned with longer receivable cycles and was aimed at optimizing cash flow, particularly during a period of working capital constraints.</p> <p>However, we intend to reduce our trade payable days moving forward. By doing so, we aim to take advantage of discounted prices, thereby improving our gross margins. The projected decrease in payable days also indicates a shift towards more timely payments which allow us to optimize working capital while ensuring adequate liquidity to meet ongoing operational demands and client commitments.</p>

2. General corporate purposes

Our Company proposes to deploy the balance proceeds, aggregating to ₹ [●] lakhs, towards general corporate purposes as approved by our management from time to time, subject to such utilisation not exceeding 25% of the gross proceeds, in compliance with the SEBI ICDR Regulations. The general corporate purposes for which our Company proposes to utilise net proceeds include, business development initiatives, meeting any expense including salaries, rent, administration costs, insurance premiums, repairs and maintenance, payment of taxes and duties, and similar other expenses incurred in the ordinary course of our business or towards any exigencies. The quantum of utilisation of funds towards each of the above purposes will be determined by our board, based on the amount actually available under this head and the business requirements of our Company, from time to time, subject to compliance with applicable law.

In addition to the above, our Company may utilise the net proceeds towards other purposes considered expedient and as approved periodically by our board, subject to compliance with necessary provisions of the Companies Act. Our Company's management shall have flexibility in utilising surplus amounts, if any. Our management will have the discretion to revise our business plan from time to time and consequently our funding requirement and deployment of funds may change. This may also include rescheduling the proposed utilization of net proceeds. Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. In the event that we are unable to utilize the entire amount that we have currently estimated for use out of net proceeds in a financial year, we will utilize such unutilized amount in the subsequent financial years.

Means of finance

We propose to fund the requirements of the Objects detailed above from the Net Proceeds. Accordingly, we confirm that there is no requirement to make firm arrangements of finance to be made through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Fresh Issue and existing identifiable internal accruals.

Issue related expenses

The break-up for the estimated issue related expenses are as set forth below:

Interim use of Net Proceeds

The Net Proceeds pending utilisation for the purposes stated in this section, shall be deposited only with scheduled commercial banks included in the Second Schedule of the Reserve Bank of India Act, 1934, as amended. In accordance with Section 27 of the Companies Act and other applicable laws, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets.

Bridge Financing Facilities

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Draft Red Herring Prospectus, which are proposed to be repaid from the Net Proceeds.

Monitoring Utilization of Funds

As the size of the Issue will not exceed ₹ 10,000 Lakhs, the appointment of Monitoring Agency would not be required as per Regulation 262(1) of the SEBI ICDR Regulations. Our Board and the management will monitor the utilization of the Net Issue Proceeds through our audit committee. Pursuant to Regulation 32 of the SEBI Listing Regulations, our Company shall on half-yearly basis disclose to the Audit Committee the Application of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in this Draft Red Herring Prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full.

Variation in Objects

In accordance with Section 27 of the Companies Act, 2013, our Company shall not vary the objects of the issue without our Company being authorized to do so by the shareholders by way of a special resolution. In addition, the notice issued to the shareholders in relation to the passing of such special resolution shall specify the prescribed details as required under the Companies Act and shall be published in accordance with the Companies Act and the rules there under. As per the current provisions of the Companies Act, our Promoters would be required to provide an exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

Other confirmations

No part of the Net Proceeds will be paid by our Company as consideration to our Promoters, Promoter Group, our Directors, our Key Management Personnel or our Group Companies. Except in the normal course of business and in compliance with applicable law, there are no existing or anticipated transactions in relation to utilisation of Net Proceeds with our Promoters, Promoter Group, our Directors, our Key Management Personnels or our Group Companies.

Further, pursuant to the issue, the Net Proceeds received by our Company shall only be utilised for objects identified by our Company and for general corporate purposes and none of our Promoter, Promoter Group, Group Companies of our Company, as applicable, shall receive a part of or whole Net Proceeds directly or indirectly.

BASIS OF ISSUE PRICE

The Price Band will be determined by our Company in consultation with the BRLM. The Issue Price will be determined by our Company, in consultation with the BRLM, on the basis of assessment of market demand for the Equity Shares issued in the Issue through the Book Building Process and on the basis of the qualitative and quantitative factors as described below. The face value of the Equity Shares is ₹ 10 each and the Issue Price is [●] times the face value at the lower end of the Price Band and [●] times the face value at the higher end of the Price Band. Investors should also refer to “Our Business”, “Risk Factors”, “Restated Financial Information” and “Management’s Discussion and Analysis of Financial Position and Results of Operations” on pages 120, 32, 190 and 237 respectively, of this DRHP to have an informed view before making an investment decision.

Qualitative factors

Some of the qualitative factors which form the basis for computing the Issue Price are:

- Diverse Customer base across multiple Industries
- Track record of financial performance.
- Wide ranging and diversified IT solutions and offerings
- End to end solution

For further details, see “Our Business – Strengths” on page 129 of this DRHP.

Quantitative factor

Some of the information presented below relating to our Company is derived from the Restated Financial Statements.

Some of the quantitative factors which may form the basis for calculating the Issue Price are as follows:

I. Basic and diluted earnings per share (“EPS”)

Year ended	Basic/Diluted EPS (in ₹)	Weight
Fiscal 2024	5.70	3
Fiscal 2023	3.50	2
Fiscal 2022	0.98	1
Weighted Average	4.18	
For the period ended June 30, 2024*	0.87	

*Not annualised

Notes:

1. Weighted average = Aggregate of year-wise weighted EPS divided by the aggregate of weights i.e. sum of (EPS x Weight) for each year / Total of weights.
2. Basic and diluted EPS are based on the Restated Financial Statement.
3. The face value of each Equity Share is ₹10.
4. Earnings per Share (₹) = Profit after tax excluding exceptional items attributable to equity shareholders for the year/period divided by the weighted average no. of equity shares during the respective year/period.
5. Earnings per Share calculations are in accordance with the notified Accounting Standard 20 ‘Earnings per share’.
6. The figures disclosed above are based on the Restated Financial Statements.

II. Price/Earning (“P/E”) ratio in relation to Price Band of ₹ [●] to ₹ [●] per Equity Share:

Particulars	P/E at the Floor Price (number of times)*	P/E at the Cap Price (number of times)*
P/E ratio based on Basic EPS for Fiscal 2024	[●]	[●]
P/E ratio based on Diluted EPS for Fiscal 2024	[●]	[●]

*To be updated at Prospectus stage.

Note: Price / earning (P / E) ratio is computed by dividing the price per share by earnings per share.

Industry Peer Group P/E ratio

Particulars	Industry P/E (Number of times)
Industry	
Highest	36.54
Lowest	18.40
Average	27.47

Notes:

1. The industry high and low has been considered from the industry peer set provided later in this section. The industry composite has been calculated as the arithmetic average P / E of the industry peer set disclosed in this section.
2. P/E Ratio has been computed based on the closing market price of equity shares on the BSE website on 11 October 2024, divided by the Diluted EPS for the period ended March 31, 2024.
3. All the financial information for listed industry peers mentioned above is sourced from the audited financial statements of the relevant companies for Fiscal 2024, as available on the websites of the Stock Exchanges.

III. Return on Net Worth (“RoNW”)

Derived from the Restated Financial Statements:

Fiscal	RoNW %	Weight
Fiscal 2024	50.91%	3
Fiscal 2023	63.70%	2
Fiscal 2022	48.90%	1
Weighted Average	54.84%	
For the period ended June 30, 2024*	7.24%	

*Not annualised

Notes:

- a. RoNW = Net Profit after tax, as restated divided by Net-worth, as restated (Net worth include share capital and reserves and surplus)
- b. The figures disclosed above are based on the Restated Financial Statements of our Company.
- c. Return on Net Worth (%) = Restated Profit/(loss) attributable to owners of the holding company/ net worth at the end of the year
- d. Net-worth, as restated at the end of the relevant period (Equity attributable to the owners of the company, excluding non-controlling interest)

IV. Net asset value per Equity Share (face value of ₹ 10 each)

Net Asset Value per Equity Share derived from the Restated Financial Statements:

Particulars	Amount
Net Asset Value per Equity Share as of June 30, 2024*	12.07
Net Asset Value per Equity Share as of March 31, 2024	11.20
After completion of the Issue	

Particulars	Amount
(i) At Floor price	[●]
(ii) At Cap Price	[●]
Issue Price per equity share	[●]

*Not annualised

Notes:

1. Net Asset Value per Equity Share is calculated as total equity divided by weighted average number of equities shares outstanding during the respective year/period.

V. Comparison with listed industry peer:

Following is the comparison with our peer companies listed in India:

Name of the Company	For the year ended March 31, 2024						
	Face value (₹)	Revenue from operations	Basic EPS	Diluted EPS	P/E (based on Diluted EPS)	Return on net worth (%)	NAV per Equity Share (₹)
		(₹ in Lakhs)	(₹)	(₹)			
NewGen IT Technologies Limited	10	9,293.37	5.70	5.70	[●]	50.91%	11.20

Shradha AI Technologies Limited	10	1,727.41	2.70	2.70	18.40	11.44%	22.91

Source: All the financial information for listed industry peers mentioned above is on a consolidated and standalone basis respectively, sourced from the Annual Reports of the peer company uploaded on the BSE website for the year ended March 31, 2024.

Notes:

1. P/E Ratio has been computed based on the closing market price of equity shares on the BSE website on December 13, 2024 divided by the Diluted EPS for the period ended March 31, 2024.
2. RoNW is computed as net profit after tax divided by the net worth. Net worth has been computed as sum of share capital and reserves and surplus.
3. NAV is computed as the closing net worth divided by the closing outstanding number of equity shares.

Investors should read the above mentioned information along with “Risk Factors”, “Our Business”, “Management Discussion and Analysis of Financial Position and Results of Operations” and “Financial Information” on pages 32, 120, 237 and 190, respectively, to have a more informed view. The trading price of the Equity Shares could decline due to the factors mentioned in the “Risk Factors” and you may lose all or part of your investments.

STATEMENT OF POSSIBLE SPECIAL DIRECT TAX BENEFITS AVAILABLE TO THE COMPANY, ITS MATERIAL SUBSIDIARY AND TO THE SHAREHOLDERS OF THE COMPANY

Under the Income Tax Act, 1961 (the Act)

I. Special tax benefits availed by the Company

- A. Section 115BAA, as inserted vide The Taxation Laws (Amendment) Act, 2019, provides that domestic company can opt for a rate of 22% (plus applicable surcharge and education cess) for the financial year 2019-20 onwards, provided the total income of the company is computed without claiming certain specified deductions or set-off of losses, depreciation etc., and claiming depreciation determined in the prescribed manner. In case a company opts for section 115BAA, provisions of Minimum Alternate Tax would not be applicable and earlier year MAT credit will not be available for set-off. The options needs to be exercised on or before the due date of filing the income tax return. Option once exercised, cannot be subsequently withdrawn for the same or any other tax year.

Further, if the conditions mentioned in section 115BAA are not satisfied in any year, the option exercised shall become invalid in respect of such year and subsequent years, and the other provisions of the Act shall apply as if the option under section 115BAA had not been exercised. The Company has represented to us that they have opted for section 115BAA of the Act for AY 2023- 24.

Deductions in respect of Section 80G

Section 80G of the Indian Income Tax Act allows a tax deduction for contribution to certain relief funds and charitable institutions. The following tax payers can claim a deduction under this section –

- Individuals
- Companies
- Firms
- Hindu Undivided Firm (HUF)

- Non-Resident Indian (NR)
- Any other person

Except Section 80G, Company has not claimed deduction under any other section for the last three financial years and for the period ended June 30, 2024.

II. Deductions available to the company but not availed from Gross Total Income

Deduction in respect of employment of new employees – 80JJAA of the Act:

Subject to the fulfilment of prescribed conditions, the Company is entitled to claim deduction of an amount equal to thirty per cent of additional employee cost (relating to specified category of employees) incurred in the course of business in the previous year, for three assessment years including the assessment year relevant to the previous year in which such employment is provided under section 80JJAA of the Act.

Deduction in respect of inter-corporate dividends – Section 80M of the Act:

Up to 31st March 2020, any dividend paid to a shareholder by a company was liable to Dividend Distribution Tax (“DDT”), and the recipient shareholder was exempt from tax. Pursuant to the amendment made by the Finance Act, 2020, DDT stands abolished and dividend received by a shareholder on or after 1st April 2020 is liable to tax in the hands of the shareholder, other than dividend on which tax under section 115-O has been paid. The Company is required to deduct Tax at Source 147 (“TDS”) at applicable rate specified under the Act read with applicable Double Taxation Avoidance Agreement (if any).

With respect to a shareholder, which is a domestic company as defined in section 2(22A) of the Income Tax Act, 1961, a new section 80M has been inserted in the Act to remove the cascading effect of taxes on inter-corporate dividends during FY 2020-21 and thereafter. The section inter-alia provides that where the gross total income of a domestic company in any previous year includes any income by way of dividends from any other domestic company or a foreign company or a business trust, there shall, in accordance with and subject to the provisions of this section, be allowed in computing the total income of such domestic company, a deduction of an amount equal to so much of the amount of income by way of dividends received from such other domestic company or foreign company or business trust as does not exceed the amount of dividend distributed by it on or before the due date. The “due date” means the date one month prior to the date for furnishing the return of income under sub-section (1) of section 139 of the Act.

III. Special direct tax benefits available to Shareholders.

- A.** Dividend income earned by the shareholders would be taxable in their hands at the applicable rates. However, in case of domestic corporate shareholders, deduction under Section 80M of the Act would be available on fulfilling the conditions (as discussed above).

Further, in case of shareholders who are individuals, Hindu Undivided Family, Association of Persons, Body of Individuals, whether incorporated or not, surcharge would be restricted to 15%, irrespective of the amount of dividend.

The maximum amount of surcharge that can be levied on the tax payable by an individual has been limited to 25% if you opt for the new tax regime.

Surcharge on long term capital gains(LTCG) on listed equity shares, units, etc., has been capped at 15%

- B.** As per Section 112A of the Act, long-term capital gains arising from transfer of an equity share, or a unit of an equity-oriented fund or a unit of a business trust shall be taxed at 12.50% (without indexation) of

such capital gains subject to fulfilment of prescribed conditions under the Act. It is worthwhile to note that tax shall be levied where such capital gains exceed 1,25,000.

- C. Section 112 of the Act provides for taxation of long-term capital gains. In case of a domestic company/resident, amount of income-tax on long-term capital gains arising from the transfer of a capital asset shall be computed at the rate of 12.50%. In case of non-resident (not being a company) or a foreign company, the amount of income-tax on longterm capital gains arising from the transfer of a capital asset (being unlisted securities or shares of a company not being a company in which the public are substantially interested) shall be calculated at the rate of 12.50% without giving effect to the first and second proviso to section 48. Further, where the tax payable is payable in respect of any income arising from the transfer of a longterm capital asset, being listed securities (other than a unit) or zero coupon

bond, then such income will be subject to tax at the rate of 12.50% of the amount of capital gains before giving effect to the provisions of the second proviso to section 48.

- D. As per Section 111A of the Act, short term capital gains arising from transfer of an equity share, or a unit of an equity-oriented fund or a unit of a business trust shall be taxed at 20% subject to fulfilment of prescribed conditions under the Act.

I. Special direct tax benefits available to Material Subsidiary

There are no tax benefits available to Material Subsidiary since there is no material subsidiary incorporated.

Notes:

1. The benefits in I and II above are as per the current tax law as amended by the Finance Act, 2024.
2. This statement does not discuss any tax consequences in the country outside India of an investment in the shares. The shareholders / investors in the country outside India are advised to consult their own professional advisors regarding possible Income tax consequences that apply to them.
3. Surcharge is to be levied on domestic companies at the rate of 7% where the income exceeds INR one crore but does not exceed INR ten crores and at the rate of 12% where the income exceeds INR ten crores.
4. If the Company opts for concessional income tax rate under section 115BAA of the Act, surcharge shall be levied at the rate of 10% irrespective of the amount of total income.
5. Health and Education Cess @ 4% on the tax and surcharge is payable by all category of tax payers.
6. Further, it is also clarified in section 115JB (5A) that if the Company opts for concessional income tax rate under section 115BAA, the provisions of section 115JB regarding Minimum Alternate Tax (MAT) are not applicable. Further, such company will not be entitled to claim tax credit relating to MAT.

GLOBAL OUTLOOK

Global growth broadly unchanged amid persistent services inflation:

Global growth is projected to be in line with the April 2024 World Economic Outlook (WEO) forecast, at 3.2 percent in 2024 and 3.3 percent in 2025. However, varied momentum in activity at the turn of the year has somewhat narrowed the output divergence across economies as cyclical factors wane and activity becomes better aligned with its potential. Services price inflation is holding up progress on disinflation, which is complicating monetary policy normalization. Upside risks to inflation have thus increased, raising the prospect of higher-for-even-longer interest rates, in the context of escalating trade tensions and increased policy uncertainty. To manage these risks and preserve growth, the policy mix should be sequenced carefully to achieve price stability and replenish diminished buffers.

Global activity and world trade firmed up at the turn of the year, with trade spurred by strong exports from Asia, particularly in the technology sector. Relative to the April 2024 WEO, first quarter growth surprised on the upside in many countries, although downside surprises in Japan and the United States were notable. In the United States, after a sustained period of strong outperformance, a sharper-than-expected slowdown in growth reflected moderating consumption and a negative contribution from net trade. In Japan, the negative growth surprise stemmed from temporary supply disruptions linked to the shutdown of a major automobile plant in the first quarter. In contrast, shoots of economic recovery materialized in Europe, led by an improvement in services activity. In China, resurgent domestic consumption propelled the positive upside in the first quarter, aided by what looked to be a temporary surge in exports belatedly reconnecting with last year’s rise in global demand. These developments have narrowed the output divergences somewhat across economies, as cyclical factors wane and activity becomes better aligned with its potential.

Meanwhile, the momentum on global disinflation is slowing, signalling bumps along the path. This reflects different sectoral dynamics: the persistence of higher-than-average inflation in services prices, tempered to some extent by stronger disinflation in the prices of goods. Nominal wage growth remains brisk, above price inflation in some countries, partly reflecting the outcome of wage negotiations earlier this year and short-term inflation expectations that remain above target. The uptick in sequential inflation in the United States during the first quarter has delayed policy normalization. This has put other advanced economies, such as the euro area and Canada, where underlying inflation is cooling more in line with expectations, ahead of the United States in the easing cycle. At the same time, a number of central banks in emerging market economies remain cautious in regard to cutting rates owing to external risks triggered by changes in interest rate differentials and associated depreciation of those economies’ currencies against the dollar.

***For India, data and forecasts are presented on a fiscal year basis, with FY 2023/2024 (starting in April 2023) shown in the 2023 column. India's growth projections are 7.3 percent in 2024 and 6.5 percent in 2025 based on calendar year.*

Inflation Outlook: Global inflation will continue to decline:

In advanced economies, the revised forecast is for the pace of disinflation to slow in 2024 and 2025. That is because inflation in prices for services is now expected to be more persistent and commodity prices higher. However, the gradual cooling of labor markets, together with an expected decline in energy prices, should bring headline inflation back to target by the end of 2025. Inflation is expected to remain higher in emerging market and developing economies (and to drop more slowly) than in advanced economies. However, partly thanks to falling energy prices, inflation is already close to pre pandemic levels for the median emerging market and developing economy.

Future-Proofing the Economy: -

As output gaps start to close and inflation recedes, policymakers face two tasks: persevering with restoring price stability and addressing the legacies of recent crises, including replenishing lost buffers and durably uplifting growth. In the near term, this will require careful calibration and sequencing of the policy mix. In countries where upside risks to inflation—including those arising through external channels—have materialized, central banks should refrain from easing too early and remain open to further tightening should it become necessary. Where inflation

data encouragingly signal a durable return to price stability, monetary policy easing should proceed gradually, which would simultaneously provide room for the required fiscal consolidation to take place. Fiscal slippages over the past year in some countries could require a stance significantly tighter than envisaged. As the space for fiscal maneuver narrows, commitments to achieving fiscal consolidation targets should be earnestly adhered to, aided by sound fiscal frameworks and resource mobilization

In emerging markets and developing economies, recent policy divergences highlight the need to manage the risks of currency and capital flow volatility. Given that economic fundamentals remain the main factor in dollar appreciation, the appropriate response is to allow the exchange rate to adjust, while using monetary policy to keep inflation close to target. Foreign reserves should be used prudently and preserved to deal with potentially worse outflows in the future, in line with the IMF's Integrated Policy Framework. To the extent possible, macroprudential policies should mitigate vulnerabilities from large exposures to foreign-currency-denominated debt.

INDIAN OUTLOOK

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. India's gross domestic product (GDP) at current prices in the second quarter (Q2) of 2023-24 is estimated to be Rs. 71.66 trillion (US\$ 861.2 billion), as against Rs. 65.67 trillion (US\$ 789.2 billion) in Q2 of 2022-23, showing a growth rate of 9.1%. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. In 2023-24 (April-December), India's service exports stood at US\$ 247.92 billion. Furthermore, India's overall exports (services and merchandise) in 2023-24 (April-December) were estimated at US\$ 565.04 billion. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Market Size:

Real GDP or GDP at Constant (2011-12) Prices for the period Q1 2024-25 is estimated at Rs. 43.64 lakh crore (US\$ 524 billion), against the First Revised Estimates (FRE) of GDP for the year Q1 2023-24 of Rs. 40.91 lakh crore (US\$ 491 billion). The growth in real GDP during 2023-24 is estimated at 8.2% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the

country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. India's current account deficit (CAD) narrowed to 0.7% of GDP in FY24. The CAD stood at US\$ 9.7 billion for the Q1 2024-25 from US\$ 8.9 billion in Q1 2023-24 or 1.1% of GDP. This was largely due to decrease in merchandise trade deficit.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

Recent Developments:

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- According to HSBC Flash India PMI report, business activity surged in April to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.
- As of October 11, 2024, India's foreign exchange reserves stood at US\$ 690.43 billion.
- In 1H 2024, India saw a total of US\$ 31.5 billion in PE-VC investments.
- India secured 39th position out of 133 economies in the Global Innovation Index 2024. India rose from 81st position in 2015 to 39th position in 2024. India ranks 3rd position in the global number of scientific publications.
- In September 2024, the gross Goods and Services Tax (GST) stood at highest monthly revenue collection at Rs. 1.73 lakh crore (US\$ 20.83 billion).
- Between April 2000–June 2024, cumulative FDI equity inflows to India stood at US\$ 1,013.45 billion.
- In August 2024, the overall IIP (Index of Industrial Production) stood at 145.6. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 125.1, 147.1 and 219.3, respectively.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.49% (Provisional) for September 2024.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million)

in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 13.89 billion) in India during January- (up to 15th July) 2024.

- The wheat procurement during Rabi Marketing Season (RMS) 2024-25 (till May) was estimated to be 266 lakh metric tonnes (LMT) and the rice procured in Kharif Marketing Season (KMS) 2024-25 was 400 LMT.

Government Initiatives:

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In July 2024, the Ministry of Finance held the Union Budget and announced that for 2024-25, the total receipts other than borrowings and the total expenditure are estimated at Rs. 32.07 lakh crore (US\$ 383.93 billion) and Rs. 48.21 lakh crore (US\$ 577.16 billion), respectively.
- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- In order to enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of the average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY23; it is expected to raise Rs. 4 trillion (US\$ 53.58 billion) in the next three years.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

Road Ahead:

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2024-25, capital expenditure took lead by steeply increasing the capital expenditure outlay by 17.1 % to Rs.11 lakh crore (US\$ 133.51 billion) over Rs. 9.48 lakh crore (US\$ 113.91 billion) in 2023-24. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

GLOBAL INFORMATION TECHNOLOGY SECTOR OUTLOOK

In 2024, spending on the information technology (IT) sector is forecast to rebound to 8%, up from 4% in 2023. Four major players dominate the cloud services segment: Amazon, Microsoft, Alibaba, and Google. No new entrant is expected to significantly disrupt the status of any of these tech giants in 2024, primarily due to the exorbitant cost of capital required to build the necessary cloud infrastructure. BRIC nations, continental Europe, Canada and Japan have IT spending of approximately US\$ 380-420 billion. Adoption of technology and outsourcing is expected to make Asia the second largest IT market by 2023.

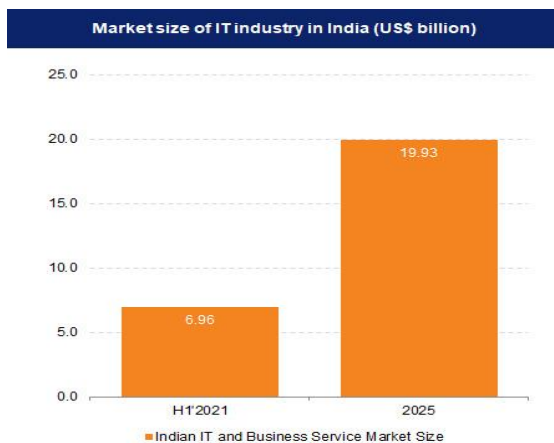

INFORMATION TECHNOLOGY INDUSTRY IN INDIA

Introduction

The IT sector has become one of the most significant growth catalysts for the Indian economy, contributing significantly to the country's GDP and public welfare. The IT industry accounted for 7.5% of India's GDP in FY23, and it is expected to contribute 10% to India's GDP by 2025. As innovative digital applications permeate sector after sector, India is now prepared for the next phase of growth in its IT revolution. India is viewed by the rest of the world as having one of the largest Internet user bases and the cheapest Internet rates, with 76 crore citizens now having access to the Internet.

The current emphasis is on the production of significant economic value and citizen empowerment, thanks to a solid foundation of digital infrastructure and enhanced digital access provided by the Digital India Programme. India is one of the countries with the quickest pace of digital adoption. This was accomplished through a mix of government action, commercial innovation and investment, and new digital applications that are already improving and permeating a variety of activities and different forms of work, thus having a positive impact on the daily lives of citizens.

Market Size

India's IT industry is likely to hit the US\$ 350 billion mark by 2026 and contribute 10% towards the country's GDP, and US\$ 500 billion by 2030. Exports from the Indian IT services industry stood at US\$ 199 billion in FY24. Over 81% revenue in IT sector comes from the export market.

This push towards cloud services has boosted hyper-scale data centre investments, with global investments estimated to exceed US\$ 200 billion annually by 2025.

The IT spending in India is estimated to record a double-digit growth of 11.1% in 2024, totalling US\$ 138.6 billion up from US\$ 124.7 billion last year. India ranked third among global start-up ecosystems with more than 68,000 tech startups.

Investments/Developments

Some of the major recent developments are:

- India's IT industry is likely to hit the US\$ 350 billion mark by 2026 and contribute 10% towards the country's GDP, and US\$ 500 billion by 2030.
- The IT industry added 2.9 lakh new jobs taking the industry's workforce tally to 5.4 million people in FY23.
- India is expected to gain a significant share in the global market, with the country's investment expected to hit US\$ 5 billion annually by 2025.
- Computer software and hardware make up 15.16% of the cumulative FDI equity inflows.
- India's public cloud services market grew to US\$ 3.8 billion in 2023, expected to reach US\$ 17.8 billion by 2027.
- The IT industry added 2.9 lakh new jobs taking the industry's workforce tally to 5.4 million people in FY23.
- India is one of the most preferred destinations when it comes to setting up Global Capability Centres (GCCs). Total number of GCCs in India are 1580+. The total installed GCC talent is 1.66 Mn+.
- Over 45 new data centres are expected to come up in India by 2025.
- BPM and engineering and R&D (ER&D) and software products exports accounted for 22% and 25%, respectively of total IT exports during FY23.

- India's data centre market is expected to reach a value of US\$ 9.96 billion by 2028 from US\$ 5.42 billion in 2022, growing at a CAGR of 10.69%.

Government Initiatives

Some of the major initiatives taken by the government to promote the IT and IT sector in India are as follows:

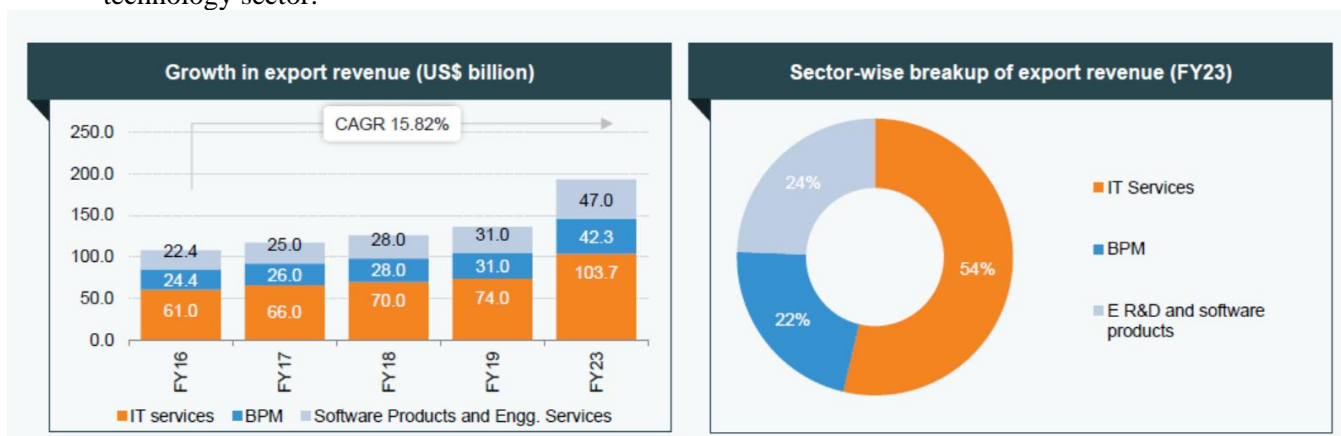

- The Union Budget 2024-25, presented by Finance Minister Nirmala Sitharaman on July 23, 2024, proposes an allocation of Rs. 1,16,342 crore (US\$ 13.98 billion) for IT and Telecom sectors.
- In March 2024, The Cabinet approved an allocation of over Rs. 10,300 crore (US\$ 1.2 billion) for the India AI Mission, marking a significant step towards bolstering India's AI ecosystem.
- The government prioritizes cybersecurity, hyper-scale computing, AI, and blockchain. With data costs at ₹ 10/GB (\$0.12/GB), India ranks among the world's cheapest.
- Cabinet approved PLI Scheme – 2.0 for IT Hardware with a budgetary outlay of Rs. 17,000 crore (US\$ 2.06 billion).
- Government of India launched India AI Mission in March 2024, with an initial outlay of Rs. 10,300 crore (US\$ 1.2 billion) to bolster India's AI ecosystem.
- The government introduced the STP Scheme, which is a 100% export oriented scheme for the development and export of computer software, including export of professional services using communication links or physical media.

Road Ahead

- India is the topmost offshoring destination for IT companies across the world. Having proven its capabilities in delivering both on-shore and off-shore services to global clients, emerging technologies now offer an entire new gamut of opportunities for top IT firms in India.
- The IT spending in India is estimated to record a double-digit growth of 11.1% in 2024, totalling US\$ 138.6 billion up from US\$ 124.7 billion last year.
- India's public cloud services market grew to US\$3.8 billion in the first half of 2023, expected to reach US\$ 17.8 billion by 2027.
- By 2026, widespread cloud utilisation can add US\$ 380 billion to India's GDP.
- The demand for cloud technology professionals is expected to reach 2 million by 2025.
- The Cabinet approved an allocation of over US\$ 1.2 billion (Rs 10,300 crore) for the India AI Mission, marking a significant step towards bolstering India's AI ecosystem. This substantial financial infusion, slated over the next 5 years, is poised to catalyse various components of the India AI Mission, including pivotal initiatives like the India AI Compute Capacity, India AI Innovation Centre (IAIC), India AI Datasets Platform, India AI Application Development Initiative, India AI Future Skills, India AI Startup Financing, and Safe & Trusted AI. A cornerstone of this effort is the India AI Compute Capacity, envisioned to erect a cutting-edge, scalable AI computing infrastructure by deploying over 10,000 Graphics Processing Units (GPUs) through strategic public-private collaborations.
- The Union Budget 2024-25, presented by Finance Minister Nirmala Sitharaman on July 23, 2024, proposes an allocation of Rs. 1,16,342 crore (US\$ 13.98 billion) for IT and Telecom sectors.

India's IT market size growing

- The IT industry added 2.90 lakh new employees in FY23, bringing the total employment in the sector to 54 lakh employees.
- India's technology industry is on track to increase the revenue to US\$ 500 billion by 2030.
- Direct employment in the IT services and BPO/ITeS segment is estimated to reach 5.4 million in FY23 with an addition of 290,000 people.
- The IT-BPM services revenue reached US\$ 128.4 billion in FY23.
- In FY2023 the Indian domestic IT & Business Services market was valued at US\$ 53 billion as against US\$ 57 billion in FY2022.
- By 2025-26, India is expected to have 60–65 million jobs that require digital skills, according to a Ministry of Electronics & IT report titled "India's trillion-dollar digital opportunity"
- In November 2021, Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, lauded the Indian IT sector for excelling in its competitive strength with zero government interference. He further added that service exports from India had the potential to reach US\$ 1 trillion by 2030.
- India's IT spending is anticipated to reach US\$ 124.6 billion in 2024, reflecting a 10.7% increase from 2023, according to Gartner
- India's public cloud services market grew to US\$ 3.8 billion in 1H2023, expected to reach US\$ 17.8 billion by 2027.
- India's digital economy is estimated to reach US\$ 1 trillion by 2025.
- Artificial Intelligence (AI) is expected to boost India's annual growth rate by 1.3% by 2035, according to NITI Aayog.
- The Karnataka government signed three MoUs worth US\$ 13.4 million to help the state's emerging technology sector.

- As an estimate, India's IT export revenue rose by 9% in constant currency terms to US\$ 194 billion in FY23.
- Export of IT services was the major contributor, accounting for more than 53% of total IT exports (including hardware).
- BPM and engineering and R&D (ER&D) and software products exports accounted for 22% and 25%, respectively of total IT exports during FY23.
- According to STPI (Software Technology Park of India), software exports by the IT companies connected to it stood at Rs. 1.20 lakh crore (US\$ 16.29 billion) in the first quarter of FY22.
- In August 2021, the Minister of Electronics and Information Technology, Skill Development and Entrepreneurship, Mr. Rajeev Chandrasekhar, announced that the IT export target was set at US\$ 400 billion for March 2022. In addition, the central government was planning to focus on areas such as cybersecurity, hyper-scale computing, artificial intelligence and blockchain.

IT services:

- Estimated market size was US\$ 125 billion in 2023
- Over 81% revenue comes from the export market
- BFSI continues to be the key vertical for the IT sector
- IT services is estimated to account for about 51.2% of the IT & BPM market revenue in India in 2023.

Software products and engineering services:

- Estimated market size was US\$ 54 billion during 2023.
- Over 83.9% of revenue comes from export.
- It is estimated to have around 22.1% revenue share in the Indian IT space in 2023.

Hardware:

- Estimated market size was US\$ 18 billion in 2023.
- The domestic market accounts for a significant share.
- The share of hardware in the IT & BPM sector is estimated to be around 7.4% in 2023.

Overview

Our Company is engaged in the business of providing IT infrastructure solutions, Cyber Security and IT application services to meet the digital requirements of customers. We cater to Government as well as non-government organizations and our customers includes telecom, Tourism and Hospitality, Aviation, Judiciary (High Court), Insurance, Banking, Lab & Diagnostic chain, Business Processing Outsourcing, Education sector, Energy, Healthcare, space, oil and gas, pharma, Infrastructure, media and entertainment, Retailer, Manufacturing and security etc. We provide our IT infrastructure solutions and services to our domestic customers as well as we have an international presence also through export sales. Over the years, we provide tailored made solutions within our business verticals, as outlined below:

- **IT infrastructure Solutions:**

Our IT infrastructure solutions offering consist of providing physical hardware and software solutions that supports the operation and management of our customers. These solutions help businesses to deploy, manage, and optimize the hardware, software, networks, data centre design, build and managed including data protection that make up their technology backbone.

- **Cyber Security Services:**

Our comprehensive cyber security solutions are dedicated to safeguarding our clients’ digital assets and our offerings span from foundational protection to advanced threat detection and response. Our core services includes robust antivirus and anti-malware solutions to protect devices from malicious attacks, advanced firewall technologies and intrusion detection systems to secure network infrastructure, web application firewalls and secure web gateways to safeguard against web-based threats, in-depth security assessments to identify and mitigate vulnerabilities, providing guidance on security best practices, risk management, and compliance. We also help our clients in proactive monitoring, threat detection, and incident response to minimize downtime and data breaches.

- **IT application Services:**

We provide IT application solutions designed to empower businesses across industries such as Telecom, Service Sector, Aviation and Judiciary etc. Our comprehensive suite of services is tailored to meet the evolving needs of modern organizations, helping them optimize operations, enhance decision-making, and drive digital transformation that help clients to analyse the data on real-time basis. Our core services include gaining real-time

insights into business transactions and operations, enabling faster decision-making and improved responsiveness, automate routine tasks and workflows, increasing efficiency and reducing errors, effectively manage and analyze vast amounts of data to uncover valuable insights, leverage advanced analytics techniques to forecast future trends and make data-driven decisions, develop customized mobile apps to enhance customer engagement and streamline operations and utilize artificial intelligence to automate complex processes, improve accuracy, and gain a competitive edge.

We believe that maintaining a high standard of quality in our services and process quality is critical to our growth and success. To this effect, we have implemented quality systems to ensure the quality of our products and solutions offerings. We have received ISO 9001:2015 (Information Security Management System), ISO/IEC 27001:2022 (Information Technology Services Management) and ISO/IEC 20000-1:2018 (Information Security Management System) certifications.

Our Company was incorporated as “VCARE InfoTech Solutions & Services Private Limited” as a private limited company under the provisions of the Companies Act, 2013, pursuant to certificate of incorporation dated February 16, 2016, issued by Registrar of Companies, Delhi. The name of our Company was changed to ‘NewGen IT Technologies Private Limited’, and a fresh certificate of incorporation dated May 01, 2024, was issued by the Registrar of Companies, Central Processing Centre. Our Company was then converted into a public limited company under the Companies Act, 2013, and consequently, the name of our Company was changed to ‘NewGen IT Technologies Limited’, and a fresh certificate of incorporation dated July 10, 2024, was issued by the Registrar of Companies, Central Processing Centre.

IT Infrastructure Solutions:

Our products and services offering in IT Infrastructure solutions comprises of:

- i. Our company specializes in delivering end-to-end IT infrastructure solutions including data centre design, build and manage. We cater to a wide range of needs, from setting up basic IT infrastructure with laptops and CCTV systems to complex network architectures involving LAN, WAN, and cloud-based solutions. Our expertise extends to EUC device setup, workstation and server configurations, storage systems, network security with routers and firewalls, and advanced cloud solutions like VPC. We also provide cutting-edge AV conferencing solutions to facilitate seamless virtual collaboration.

Data center design, build, and management encompass the entire lifecycle of a data center, from initial planning to ongoing operation:

1. **Design:** This phase involves planning the physical and technological layout of the data center, including server racks, cooling systems, power supply, and network infrastructure. It also includes designing for scalability, redundancy, and high availability, ensuring that the data center can handle growing data demands and remain operational even in case of failures.
2. **Build:** During the build phase, construction and installation take place. This includes the physical infrastructure (building, electrical systems, cooling, fire suppression, security) and IT infrastructure (servers, storage devices, networking equipment, firewall etc.). This phase also ensures compliance with industry standards and regulations, such as those for security, power efficiency, and environmental impact.
3. **Management:** After the data center is operational, it requires continuous management. This includes monitoring the performance of servers and equipment, ensuring data security, managing power consumption, and optimizing cooling. Effective management also involves disaster recovery planning, regular maintenance, and software updates. Additionally, security protocols are implemented to prevent unauthorized access, both physically and digitally.

These three stages ensure that the data center operates efficiently, remains secure, and can scale to meet future needs.

- ii. Our AV conferencing solutions empower businesses to connect and collaborate effortlessly. By integrating state-of-the-art audio, video, and streaming technologies, we create immersive virtual meeting experiences. Whether you're hosting a small team meeting or a large-scale event, our solutions ensure seamless communication and collaboration, regardless of participants' physical locations.
- iii. Our IaaS solutions provide the flexibility and scalability you need to optimize your IT infrastructure. By leveraging virtualized computing resources, including servers, storage, and networking, we deliver reliable and cost-effective solutions. Our Device as a Service (DaaS) offering takes this a step further by providing comprehensive device management and maintenance services, freeing you from the complexities of hardware upkeep.

Cyber security Services:

Cybersecurity is the practice of protecting systems, networks, and data from digital attacks, unauthorized access, theft, damage, or disruption. It involves a variety of technologies, processes, and best practices designed to safeguard computers, networks, software, and sensitive information from malicious actors such as hackers, cybercriminals, or state-sponsored attackers. Cybersecurity is critical for individuals, businesses, and governments to ensure the confidentiality, integrity, and availability of data and resources.

Types of Cyber security Services:

Deep Security: a comprehensive cybersecurity platform designed to protect physical, virtual, and cloud environments. It offers real-time threat prevention, detection, and response, ensuring endpoint security, compliance, and data protection.

Data encryption: the process of converting data into a coded format to prevent unauthorized access. It uses algorithms to transform readable information into an unreadable format, which can only be decrypted with a specific key or password.

Endpoint Security (EPS): protects devices like laptops, smartphones, and IoT devices from cyber threats by securing them through measures such as antivirus software, firewalls, and encryption. It ensures that endpoints, as entry points to an organization's network, remain secure from malicious activity.

Data Leakage Prevention (DLP): Prevent unauthorized disclosure of sensitive data and ensure compliance with regulatory requirements using our DLP solutions.

Threat Intelligence Reporting: Stay ahead of emerging threats with real-time threat intelligence reporting, enabling proactive threat mitigation strategies.

Mobile Device Management (MDM): Securely manage and monitor mobile devices accessing your corporate network, ensuring data privacy and compliance.

Advanced Persistent Threat (APT) refers to a prolonged and targeted cyberattack in which an attacker gains unauthorized access to a network and remains undetected for an extended period. APTs are often carried out by skilled and well-funded adversaries, such as nation-states or organized cybercriminal groups, with the goal of stealing sensitive data, espionage, or causing disruption without being detected.

Managed Services in Cybersecurity: Managed IT services, also known as outsourced IT, involve third-party providers delivering infrastructure, technical support, and IT services to organizations. These providers are commonly referred to as Managed Service Providers (MSPs). The range of services offered by MSPs can vary significantly, encompassing areas such as cybersecurity, data backup and recovery, and more. Organizations often seek outsourced IT support when they lack IT expertise and unable to hire and manage an in-house IT or when they prefer to leverage the specialized expertise that MSPs offer.

Multi Factor Authentication (MFA) is a security mechanism that requires users to provide multiple forms of verification before they can access a system, account, or resource. The goal is to add extra layers of protection beyond just using a password, reducing the risk of unauthorized access due to compromised credentials. MFA ensures that even if one authentication factor (like a password) is compromised, other factors provide an additional safeguard.

Vulnerability Assessment and Penetration Testing (VAPT) refers to a comprehensive approach used to identify, evaluate, and mitigate security vulnerabilities in an organization's IT infrastructure, applications, and networks. The Vulnerability Assessment focuses on identifying security vulnerabilities, such as misconfigurations, outdated software, or missing patches, within a system or network and the Penetration Testing involves simulating cyberattacks to actively exploit identified vulnerabilities.

Unified Threat Management (UTM): Protect your network from a wide range of threats with our UTM solutions, including firewall, intrusion detection, and antivirus capabilities.

Enhanced QR code: QR (Quick Response) code that includes additional features or capabilities beyond standard QR codes. These enhancements may involve higher data capacity, support for multimedia content (like images or videos), improved security features (such as encryption or authentication), or the ability to link to more complex systems (e.g., payment processing, mobile apps). Enhanced QR codes are typically used for more interactive or secure applications.

Data protection and management: Strategies and tools to secure sensitive information from unauthorized access, corruption, or loss. It includes practices like encryption, backups, access control, and data classification to ensure confidentiality, integrity, and availability. Proper data management also ensures efficient storage, retrieval, and compliance with regulations.

Surveillance solution: A system designed to monitor and record activities in a specific area to ensure security and safety. It typically includes cameras, sensors, software for data analysis, and storage systems, often integrated with real-time alerts for threat detection.

IT Application Services:

IT Application Services encompass a range of solutions designed to enhance business efficiency and streamline operations. These include Tools and Automation Solutions that automate key functions such as Incident Management, IT Security and Risk Management, and License Management. Additionally, the services cover Consulting for optimized system usage, along with Asset Tracking and Asset Management to ensure the proper management and visibility of organizational resources.

Our IT Application solution service includes:

Tools and Automation Solutions: software applications and technologies designed to optimize workflows across different functions, including IT operations, testing, and security management.

Automate Incident Management: This automation enhances response times, improves communication, and ensures consistent resolution practices, ultimately minimizing downtime and improving service quality.

IT Security and Risk Management: refers to the processes and strategies used to protect an organization's information technology assets from threats while managing and mitigating risks associated with those assets.

License Management and Consulting Services: compliance with licensing agreements, managing software assets, and providing strategic consulting to help businesses effectively utilize their software investments.

Asset Tracking and Asset Management: involve monitoring and managing an organization’s physical and digital assets throughout their lifecycle. This includes maintaining accurate records of asset location, status, and usage, as well as optimizing asset performance and ensuring efficient resource allocation to enhance overall operational efficiency.

Cloud and Data Management are critical components of modern IT infrastructure, offering scalable solutions for storing, processing, and managing data. These services enable businesses to leverage advanced technologies and optimize their IT operations with greater flexibility and efficiency.

- **Data Storage and Management:** Solutions for securely storing data, including databases, data lakes, and data warehouses.
- **Data Integration:** Tools and processes for combining data from various sources to provide a unified view.
- **Data Security:** Measures to protect data from unauthorized access, breaches, and other security threats, including encryption and access controls.
- **Data Backup and Recovery:** Procedures for creating copies of data and restoring it in case of loss or corruption
- **Platform as a Service (PaaS):** Offers a platform allowing customers to develop, run, and manage applications without dealing with the underlying infrastructure.
- **Software as a Service (SaaS):** Delivers software applications over the internet, on a subscription basis, accessible from various devices.

Software Development Service:

In addition to our expertise in IT infrastructure solutions, cybersecurity services, and IT application services, we have now expanded into offering in-house software development services for our clients. By developing our own solutions, we aim to deliver quicker responses to client needs, boosting customer satisfaction and fostering long-term partnerships.

Our software development team currently consists of three members with diverse roles, including Project Managers, Software Developers (focused on front-end, back-end, or full-stack development), UX/UI Designers, Quality Assurance (QA) Engineers, and Data Scientists. Developers turn project requirements into reliable, scalable software, while Designers ensure an intuitive user experience. QA Engineers uphold the highest quality standards, and Data Scientists leverage data analysis and artificial intelligence to enhance the outcomes of each project.

Business Strengths:

Diverse Customer base across multiple Industries

We started our business operation in 2016 and we believe have built a reputation in across India by providing quality IT Infrastructure Solutions and Services. One key factor in our steady growth has been our ability to customize our solutions and services to meet the unique needs of our customers. Over time, we have developed deep expertise in implementing the high-end IT Infrastructure Solutions and Services to our customers that enable them to manage their entire IT environment seamlessly.

We serve a wide range of customers across different industries. As of June 30, 2024, our diverse customer base includes both public and private sector companies from industries like telecom, Service sector, Aviation, Judiciary (High Court), Insurance, Banking, Lab & Diagnostic chain, Business Processing Outsourcing, Education sector.

Wide ranging and diversified IT Infrastructure solutions and offerings

We offer a wide ranging and diversified bouquet of product and service offerings and classify our business into 3 verticals viz., IT Infrastructure solutions, Cyber security services and IT Application Services.

Our products and services offering in IT Infrastructure solution comprises Local Area Network (LAN) & Wide Area Network (WAN) Infrastructure and End-User Computing etc. While the IT Infrastructure segment is the business segment with the longest operational track record and, in the Fiscal 2024, Fiscal 2023 and Fiscal 2022, our largest revenue generating segment, we have broad-based our offerings significantly even within this segment. In Fiscal Year 2024, Fiscal Year 2023, and Fiscal Year 2022, this segment contributed 72.35% of total revenue, reflecting a CAGR of 96.22% from Fiscal Year 2022 to Fiscal Year 2024. This growth was fuelled by the increasing demand for cloud migration, data center modernization, and scalable network infrastructure solutions. The revenue from IT Infrastructure Solutions grew by 72.84% year-over-year, with total annual revenue of ₹ 6,723.75 Lakhs in Fiscal Year 2024.

Our Cybersecurity Services includes Endpoint Security, Data Leakage Prevention, Threat Intelligence Reporting, Mobile Device Management, Advanced Persistent Threat and Cyber Security Managed Services Multi Factor Authentication (MFA) etc. In Fiscal Year 2024, revenue from Cybersecurity Services increased by 44.31% year-over-year, contributing ₹ 1,129.14 lakhs in total revenue.

Our IT application Services includes Data streaming on a real time basis, Tools and Automation Solutions, Automate Incident Management, IT Security and Risk Management, License Management and Consulting Services, Asset Tracking and Asset Management, Cloud and data management services include PaaS and SaaS Solutions. The IT Application Services vertical has seen growth, with a CAGR of 84.29% from Fiscal Year 2022 to Fiscal Year 2024.

Our growth in all segments is demonstrated by a CAGR 96.66% between Fiscal 2022 and Fiscal 2024

End to end solution

Our company provides comprehensive end-to-end IT solutions to clients for IT infrastructure products and services, Cyber Security Services and IT application solution. We specialize in designing, deploying, and managing robust IT systems tailored to your business needs. Our expertise spans hardware, software, network infrastructure, and enterprise-level cloud solutions, ensuring seamless integration and performance optimization. We offer scalable cloud storage, data backup, disaster recovery, and security services, enabling businesses to harness the full potential of their data with confidence. From initial consultation to ongoing support, we deliver reliable, efficient, and future-ready IT solutions.

Business Strategy:

Venturing into manufacturing under Atmanirbhar Bharat Abhiyaan

With an intent to contribute to India's growth story, we are establishing a manufacturing facility under the Atmanirbhar Bharat Abhiyaan. This initiative aligns with the government's vision of self-reliance and aims to contribute to the nation's economic development.

By setting up a manufacturing facility in India, our Company will not only generate employment opportunities for local communities but also stimulate domestic manufacturing. This will help reduce reliance on imports, strengthen the supply chain, and promote the 'Make in India' initiative. Additionally, the company's products, manufactured locally, will contribute to the 'Vocal for Local' movement, empowering Indian businesses and consumers.

This strategic move will also bring significant benefits to our Company. By establishing a local manufacturing base, the company can optimize production costs, improve supply chain efficiency, and reduce lead times. Moreover, it will enhance brand reputation and customer loyalty by demonstrating a commitment to supporting local communities and the nation's economic growth.

Under this venture, we have been allotted an Industrial plot in Integrated Industrial Estate (IIE), Pantnagar, Uttarakhand, measuring approximately 1,461.61 Sq.mt to manufacture IT products such as laptops, tablets, servers, switches, and other IT peripherals, with the aim of strengthening the country's domestic production capabilities. This project will be implemented in phases and is designed to contribute to national objectives of reducing import dependency, fostering indigenous manufacturing, and creating employment opportunities.

Uttarakhand's strategic location offers several distinct advantages for this venture. Its proximity to key markets in North India ensures efficient distribution channels, while the region's strong road and rail connectivity facilitates the smooth transport of both raw materials and finished products. Additionally, Uttarakhand benefits from a readily available workforce of skilled and semi-skilled labor. The state also offers attractive incentives for industrial projects, including land acquisition support, tax exemptions, and infrastructure subsidies, which will further enhance the viability and growth of the manufacturing unit.

Expand our business and geographical footprint

We aim to pursue growth strategies to expand our market share across key geographies. We also aim to expand our offerings and solutions. As of June 30, 2024, we operated in more than 7 countries and believe that we have a significant opportunity to grow our international footprint. We are investing in direct and indirect sales channels, professional services and customer support to expand our geographical footprint.

With respect to our geographic operations, India, Sri Lanka and UAE have traditionally been the largest contributors to our revenues, contributing 65.71%, 19.41% and 14.88%, respectively of our revenue from operations as of June 30, 2024. We have a regional go-to-market strategy with specific strategies for mature markets such as Africa, UAE and developing markets such as India and Germany.

We plan to grow through our differentiated ‘land and expand’ model which is a business strategy that involves acquiring new customers and then gradually increasing the value of the relationship over time. Our customers receive the complete set of modules and functionality of our platform with their initial purchase/ subscription, which facilitates the seamless creation of new applications. Many of our customers begin by building a single application and eventually grow to build dozens of applications on our platform due to an effective reduction in the per-user cost of each application and to save substantial costs of switching over to a new platform. Generally, the development of new applications results in the expansion of our user base within an organisation and a corresponding increase in our revenues from the same customer based on our license fees/ subscription charges model on a per-user basis. Every additional application that an organisation creates on our platform increases the value of our platform for that organisation because it further integrates people, processes and data across the organisation and facilitates knowledge sharing.

As of October 31, 2024, we had over 60 active customers (invoiced in the last 12 months) in a wide variety of verticals, including Telecom, Judiciary etc. We believe that the market for our software development platform is in its early stages and that we have a significant opportunity to add additional large enterprise, PSUs and government customers. We plan to develop new customer relationships by identifying potential customers that operate within the same verticals and engage in cross-selling of our solutions. For these new customers, we seek to provide value-added solutions by leveraging our in-depth industry expertise and then expanding the breadth of services offered to them beyond those in the initial engagement. We aim to also begin developing new verticals such as telecommunications, retail, manufacturing and education in developing markets.

We will continue to improve our business generation capabilities and focus on enhancing our company’s global delivery model with onshore centres in proximity to our large customers and offshore centres at strategic locations. By securing and managing new, large and long-term customer engagements, we believe that we will diversify our customer base and generate opportunities to explore further alliances within our verticals.

Appoint new employees and investing in the growth of our existing employees

As part of our strategic focus on in-house product development for IT infrastructure solutions and products, we recognize the importance of cultivating a highly skilled and dynamic workforce. To support this initiative, we are actively recruiting new employees with expertise in IT hardware, software development, and product innovation. These new hires will bring fresh perspectives and technical acumen that are essential for the design, development, and delivery of our proprietary products, including laptops, servers, and other IT hardware solutions.

Alongside recruiting new talent, we are equally committed to the professional development of our existing employees. Through comprehensive training programs, we aim to enhance their knowledge and skills, ensuring they remain at the forefront of technological advancements and industry practices. This dual approach of attracting new talent and fostering the growth of our current team is key to driving our innovation strategy and ensuring the successful execution of our in-house product development objectives.

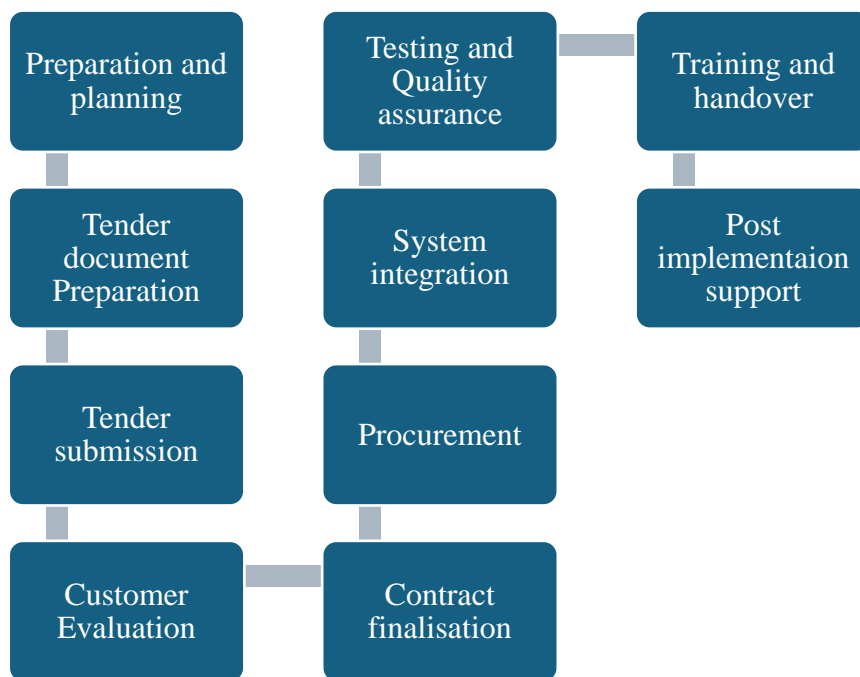

We believe human capital is one of our greatest assets, and our employees are true partners in the Company’s growth and success. The number of permanent employees has steadily increased, from 25 on April 1, 2024, to 36 on November 30, 2024. To maintain and enhance relevant skills and competencies, we encourage our employees to participate in training sessions organized by the Company, and we offer reimbursement for certain external training programs. Our focus remains on continuously investing in the growth and development of our workforce, reinforcing their critical role in our success.

Focus on niche technologies to cater various untapped verticals such as Army, Navy, Airforce, State Police force etc. to fulfill the need of IT Solutions to enhance the security measures. These Solutions includes Drone to achieve the future business objective, as government of India is more focused in enhancing the security for which they have allocated a special budget. We have recently signed Strategic Alliances with the make in India manufacturer for various high end surveillance solutions.

Business Execution Process:

We secure contracts for IT Infrastructure Solutions and Services through both tender processes and one-to-one negotiations. For tenders, we submit competitive bids and are awarded contracts based on our pricing, ability to deliver the committed quantities, and proven track record of performance. Our reputation for reliability and capability allows us to successfully meet the diverse technological needs of our clients, whether through structured bidding processes or personalized negotiations for the scope stipulated therein. Post tendering, we follow the thorough due diligence as per the client agreement or award of contract or purchase order versus the proposal submitted within the bid stage. This helps us to avoid any wrong/ short procurement that delay the implementation of the project as well as to avoid any financial implications.

The stagewise business execution process is outlined below:

Step 1: Preparation and Planning: Understand and document the business needs, objectives, and expectations for IT infrastructure, cybersecurity, software services, etc. This includes identifying specific challenges, such as scalability, security, compliance, and performance requirements. Define the scope of the tender to ensure that the right services and solutions are being sought.

Step 2: Tender documents preparation: Prepare the RFP (Request for Proposal) document which includes solutions required, Technical Specifications, Security Measures, cost breakdown, timeline, vendor expertise. Define service level agreements (SLAs), including performance guarantees and post-implementation support.

Step 3: Tender submission: Submit the response to the customer's tender within the specified deadline. Ensure all requirements are met and documents are complete.

Step 4: Customer Evaluation: The customer will evaluate your proposal based on criteria such as technical fit, cost, vendor experience, and security. The customer may ask for clarifications or modifications to the proposal. Be ready to adjust pricing, timelines, or solution details to meet their needs.

Step 5: Contract finalisation: Once selected, negotiate the final contract terms, including payment structure, delivery schedules, warranties, and penalties for non-performance. Finalize and sign the agreement.

Step 6: Procurement:

Hardware Procurement: Purchase necessary hardware (servers, workstations, networking components, storage devices, etc.).

Software Procurement: Acquire the necessary software licenses, including operating systems, applications, and productivity tools.

Cybersecurity Tools: Purchase and license cybersecurity software (e.g., firewalls, anti-virus, encryption tools, VPNs, endpoint protection solutions).

Vendor Selection: Choose reliable vendors for hardware, software, and cybersecurity products.

Step 7: System Integration:

Software and Hardware Integration: Integrate hardware components with the software infrastructure (e.g., connecting servers, storage, and network devices with applications).

Security Integration: Ensure cybersecurity tools (firewalls, antivirus, etc.) are integrated into the IT infrastructure. Implement security monitoring tools to track and report on system health, security incidents, and network traffic.

Data Integration: If applicable, migrate data from legacy systems to the new infrastructure. Ensure the migration is secure and that data is validated and cleaned during the transfer.

Step 7: Testing and Quality Assurance: Conduct tests to verify that the IT infrastructure and software services function according to specifications. Which includes Functional testing, Load and performance testing, Security vulnerability testing and penetration testing. The business users test the solution to ensure it meets their needs and performs as expected. Address any issues identified during testing before the full-scale deployment.

Step 7: Training and handover: Provide training sessions for end-users and administrators on how to use and maintain the new IT infrastructure, software solutions, and cybersecurity measures. Deliver complete system documentation, including configurations, user guides, and support manuals. Handover the solution to the internal IT team or business users, ensuring that they have full knowledge and resources to operate the system.

Step 7: Post Implementation Support: Offer support, updates, and monitoring to ensure smooth operation and adherence to agreement. Gather feedback from the customer to ensure satisfaction and identify opportunities for future improvements or upgrades.

In the case of one-on-one negotiations, this step begins at Step 5, which is the Contract Finalization stage.

Business Procurement Process:

Step 1: Purchase Requisition

Purchase requisitions are formal requests—either written or electronic—submitted by internal users or departments to the procurement team. These requisitions detail the requirements for acquiring IT products and services. They include essential information such as the scope of work, Bill of Quantities (BOQ), Service Level Agreements (SLA), and any mandatory business terms needed to ensure the procurement meets the specified needs effectively.

Step 2: Requisition review

The procurement process begins only after the purchase requisition has been approved and verified for scope/BOQ accuracy and budget availability. During the review stage, sales and technical managers assess the requisition to confirm whether the request is for a customer order or an internal need, and ensure it aligns with the project requirements and budget constraints.

Approved requisitions are converted into Purchase Orders (POs), while rejected requests are returned to the originator with an explanation for the rejection.

Step 3: Solicitation process

Once a requisition is approved, the procurement team will create a tailored procurement plan and outline the negotiation strategy, which will be adjusted based on the complexity of the requirement. After budget approval, the team will issue Requests for Quotation (RFQs) to multiple suppliers. The received bids will be evaluated and compared to select the most suitable supplier.

Step 4: Evaluation and contract

After the negotiation process concludes, the procurement team, in collaboration with the business and finance teams, will review and assess supplier quotations and delivery timelines to identify the most suitable supplier for the current need.

Once a supplier is chosen, the contract negotiation and signing are finalized, and the purchase order is sent to the supplier. The contract becomes legally binding once the supplier accepts and acknowledges the purchase order.

Step 5: Order management

A purchase order is issued to the selected supplier based on the terms of a newly executed contract, standing agreement, or list price. The supplier then delivers the goods or services within the agreed timeframe. Upon receipt, the purchaser inspects the order and informs the supplier of any discrepancies or issues with the delivered items.

Step 6: Invoice approvals and disputes

This is a crucial step in the procurement process. We perform three-way matching between GRN, Supplier Invoice, and PO to check if you have received the order correctly and if there aren't any discrepancies. Once three-way matching is complete, the invoice is approved and forwarded to process the payment.

Step 7: Record Keeping

After the payment process, buyers record it for bookkeeping and auditing. All appropriate documents, from purchase requests to approved invoices, are stored in a centralized location.

KEY REGULATIONS AND POLICIES

The following description is a summary of certain sector-specific laws currently in force in India, which are applicable to our Company. The information detailed in this chapter has been obtained from various legislations including rules and regulations promulgated by regulatory bodies and the bye laws of the respective local authorities and publications available in the public domain. The description below may not be exhaustive and is only intended to provide general information to investors, and is neither designed as, nor intended to substitute, professional legal advice. Judicial and administrative interpretations are subject to modification or clarification by subsequent legislative, judicial or administrative decisions. The information detailed in this chapter has been obtained from various legislations, including rules and regulations promulgated by the regulatory bodies that are available in the public domain.

The Company may be required to obtain licenses and approvals depending upon the prevailing laws and regulations as applicable. For information on regulatory approvals obtained by us, see “*Government and Other Key Approval*” on page 256. We are required to obtain and regularly renew certain licenses / registrations / sanctions / permissions required statutorily under the provisions of various Central and State Government regulations, rules, bye laws, acts and policies. Additionally, the projects undertaken by us require, at various stages, the sanction of the concerned authorities under the relevant central and state legislations and local byelaws.

Following is an overview of some of the important laws and regulations, which are relevant to our business.

INDUSTRY SPECIFIC REGULATIONS

Information Technology Act, 2000:

This foundational legislation addresses legal issues related to electronic transactions, digital signatures, cybersecurity, and electronic governance. It provides a legal framework for e-commerce, data protection, and cybercrimes, including punishments for offences such as hacking, data breaches, and online fraud. The Information Technology Act (Information Technology Act) creates liability on a corporate body that is negligent in implementing and maintaining reasonable security practices and procedures, thereby causing wrongful loss or wrongful gain to any person while possessing, dealing, or handling any sensitive personal data or information in a computer resource which is owned, controlled, or operated by it but affords protection to intermediaries concerning third-party information liability. The Information Technology Act also provides for civil and criminal liability, including compensation, fines, and imprisonment for various offences. These include offences relating to unauthorised access to computer systems, damaging such systems or modifying their contents without authorisation, unauthorised disclosure of confidential information and commission of fraudulent acts through computers. In April 2011, the Ministry of Electronics and Information Technology. The government of India has notified the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 (IT Personal Data Protection Rules) under Section 43A of the Information Technology Act and again in February 2021 notified the Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021 (Intermediary Guidelines) under Section 87 of the Information Technology Act. The Intermediary Guidelines provide for thorough due diligence to be done by the intermediaries and provide a grievance redressal mechanism for resolving user complaints.

Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011:

These rules mandate organisations handling sensitive personal data to implement reasonable security practices and procedures to protect such information from unauthorised access, disclosure, or misuse. They outline specific requirements for data protection and breach reporting. In providing services to our clients—who may have sensitive personal data—we might come into contact with such data, bringing us under the scope of these rules. This may occur while providing services, updates, or implementation of software and hardware solutions.

The Digital Personal Data Protection Act, 2023:

Enacted to address growing concerns over data privacy and protection, this act establishes principles and standards for the collection, processing, and storage of personal data. It aims to empower individuals with greater control over their data while imposing obligations on data fiduciaries to ensure transparency and accountability in data processing practices. The Digital Personal Data Protection Act 2023, which was recently promulgated, provides for collecting and processing digital personal data by companies collecting data in digital form or in non-digital form, which is digitised subsequently. The Digital Personal Data Protection Act 2023 is also applicable to the processing of digital personal data outside the territory of India if such processing is in connection with any activity related to the offering of goods or services to data principals within the territory of India. Data Protection Act regulates the processing of digital personal data within the territory of India where such personal data is collected (a) in digital form or (b) in non-digital form and digitised subsequently. The Digital Personal Data Protection Act 2023 stipulates obligations in relation to collection, recording, organisation, structuring, storage, adaptation, retrieval, and use. Alignment or combination. Indexing, sharing, disclosure by transmission, dissemination, or otherwise making available, restriction, erasure or destruction of personal data and appointment of a data protection officer for grievance redressal. In addition, significant data fiduciaries, as defined in the Digital Personal Data Protection Act of 2023, must appoint an independent data auditor who will evaluate their compliance with the Data Protection Act. We may come into contact with such Personal data while providing services to clients or during software or hardware implementation, which could make us subject to the act. Our primary business involves procuring software licenses and physical hardware and providing a workforce for related services and implementation.

National Policy on Electronics, 2019:

This policy framework aims to promote the domestic electronics manufacturing industry, boost innovation, and attract investment in the electronics sector. It outlines strategies for fostering R&D, developing a skilled workforce, and enhancing competitiveness in global markets. The National Policy on Electronics, 2019 (NPE 2019), notified on February 25, 2019, envisions positioning India as a global hub for electronics system design and manufacturing by encouraging and driving capabilities in the country for developing core components, including chipsets, and creating an enabling environment for the industry to compete globally. The NPE 2019 replaces the National Policy of Electronics 2012. The NPE 2019 enables the flow of investment and technology, leading to higher value addition in domestically manufactured electronic products and increased electronics hardware manufacturing in the country and exporting them while generating substantial employment opportunities.

New Telecom Policy, 1999:

This policy framework lays down the objectives and strategies for developing the telecommunications sector in India, focusing on expansion, modernisation, and diversification of telecom services to promote universal access, affordability, and quality of service.

Data Centre Policy, 2020:

This policy aims to promote the establishment and growth of data centres in India by providing incentives, streamlining regulatory procedures, and ensuring the security and resilience of data infrastructure. It supports initiatives to position India as a preferred destination for data hosting and processing activities.

National Digital Communications Policy 2018:

With significant capabilities in both telecommunications and software, India, more than most countries, stands poised to benefit from harnessing new digital technologies and platforms to unlock productivity, as well as to reach unserved and underserved markets, thus catalyzing economic growth and development, generating new-age jobs and livelihoods, and ensuring access to next-generation services for its citizens. This policy aims for Universal Coverage rather than revenue maximisation. This policy and principles framework will enable the creating a

vibrant, competitive telecom market to strengthen India's long-term competitiveness and serve the needs of our aspiring nation. The Policy aims to remove regulatory barriers and reduce the regulatory burden that hampers investments, innovation and consumer interest. It identifies steps to strengthen the sector's institutional mechanism and legislative framework to ensure that India's economy and citizens can derive the full potential of its digital communications sector.

National Cyber Security Policy, 2019:

This Policy outlines the imperative need to safeguard organisational cyberspace from cyber crimes, particularly as IT and its functional ecosystems are deeply integrated into modern operations. This policy, along with the National Cyber Security Policy of 2013, emphasises the protection of critical information infrastructure, reduced vulnerabilities, and developed capabilities to prevent and respond to cyber threats. Given that we are consistently supplying software, hardware, and related services to various government departments, including courts and tribunals, this policy might also be applicable to us. Our involvement in these sectors potentially subjects us to the provisions and security measures outlined in this policy, given the nature of the entities we serve.

BUSINESS/ TRADE RELATED LAW/ REGULATIONS

In India, several legislations are in place to regulate various aspects of business operations and trade. Some key laws and regulations in this regard include:

The Micro, Small and Medium Enterprises Development Act, 2006:

This act aims to promote the growth and development of micro, small, and medium enterprises (MSMEs) by providing support for their enhancement and competitiveness. It outlines provisions for registration, credit facilities, promotion, and development of MSMEs. The Central Government is empowered to classify by notification, any class of enterprises including inter-alia, a company, a partnership, firm or undertaking by whatever name called, engaged in the manufacture or production of goods pertaining to any industry specified in the First Schedule to the Industries (Development and Regulation) Act, 1951 as a: (i) micro enterprise, (ii) small enterprise, or (iii) medium enterprise, based on their investment in plant and machinery as per last the audited financials of the entity. The MSMED Act. inter-alia stipulates that any person who intends to establish a micro or small enterprise or a medium enterprise engaged in the rendering of services may, at his discretion, a micro, small or medium enterprise engaged in the manufacture or production of goods as specified hereinabove, file a memorandum of micro, small or medium enterprise, as the case may be.

Consumer Protection Act, 2019:

Enacted to safeguard consumers' interests and rights, this legislation provides for the establishment of consumer councils and redressal mechanisms for grievances related to defective goods, deficient services, unfair trade practices, and misleading advertisements. The Consumer Protection Act provides for the protection of the interests of consumers and the establishment of authorities for the timely and effective administration and settlement of consumer disputes. It empowers the Central Government to constitute the Central Consumer Protection Authority to regulate matters relating to the violation of rights of consumers, unfair trade practices and false or misleading advertisements that are prejudicial to the interests of the public and consumers, and to promote, protect and enforce the rights of consumers as a class, and conduct inquiries or investigations under the Consumer Protection Act. Further, the Consumer Protection Act enables complainants to file complaints in respect of, inter alia, goods suffering defects, services suffering deficiencies, and goods or services hazardous to life and safety. Consumers are also empowered to file product liability actions, for claiming compensation for the harm caused to them by defective products or deficient services, in respect of which such product manufacturers or sellers may be held responsible.

Shops and Establishment Legislation:

Each state in India has its own Shops and Establishment Act, which regulates the working conditions, employment terms, and hygiene standards in shops, commercial establishments, and other workplaces. These laws aim to ensure the welfare of employees and maintain a healthy work environment.

Legal Metrology Act, 2009:

This act regulates weights and measures used in trade and commerce to ensure accuracy, transparency, and consumer confidence. It mandates the use of standardised units of measurement, regulates packaging and labelling requirements, and prohibits unfair trade practices related to weights and measures. The Legal Metrology (Packaging Commodities) Rules, 2011 apply to packaged products, specifying how declarations must be made and what information must be included on commodities intended for sale. These provisions apply to us in the capacity of a dealer or importer as we procure certain hardware that falls within the ambit of the mentioned act and rules.

FOREIGN INVESTMENT-RELATED LAWS AND REGULATIONS

In India, foreign investment is governed by a set of laws and regulations aimed at attracting and regulating investments from abroad. The key legislations and regulations related to foreign investment are:

Foreign Direct Investment Policy, 2020:

The Foreign Direct Investment (FDI) Policy aims to attract and promote foreign investment to supplement domestic resources for accelerated economic growth. FDI is subject to compliance with relevant sectoral laws, regulations, security conditions, and state/local laws. The Consolidated FDI Policy 2020, issued by the Department for Promotion of Industry and Internal Trade (DPIIT), establishes guidelines for FDI inflows into India. It is updated annually to align with regulatory changes. The FDI Policy specifies the sectors where foreign investment is permitted, the entry routes, sectoral caps, and conditions for investment, thereby providing clarity and transparency to foreign investors.

Foreign Trade (Development and Regulation) Act, 1992 and rules framed thereunder:

This legislation aims to promote foreign trade and regulate certain aspects of import and export activities. It empowers the government to formulate policies for the development and regulation of foreign trade, including the imposition of restrictions or prohibitions on imports and exports to safeguard national interests, maintain balance of payments, and promote export-oriented industries. These rules supplement the provisions of the Act and provide detailed procedures and requirements for various aspects of foreign trade, including licensing, customs procedures, and enforcement mechanisms. They ensure compliance with the provisions of the Act and facilitate the smooth conduct of international trade activities.

The Foreign Exchange Management Act, 1999 (FEMA) and Regulations framed thereunder:

FEMA serves as the cornerstone of India's foreign exchange regime, regulating transactions involving foreign exchange and payments between residents and non-residents. It empowers the Reserve Bank of India (RBI) to formulate regulations governing foreign exchange transactions, including inbound and outbound investments and aims to facilitate external trade and payments while maintaining the stability of the Indian rupee. As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India for Foreign Direct Investment under the 'automatic route' within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in the exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations"), as amended from time to time to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

INTELLECTUAL PROPERTY LAWS

Intellectual Property rights refer to the general term for intangible, intellectual, industrial property rights through patents, copyright, and trademark, and includes geographical indications, trade and confidential information. In India, these rights find protection through a combination of statutory provisions and common law principles. The primary legislations governing intellectual property in India are:

The Trademarks Act, 1999:

This act establishes the legal framework for the registration and protection of trademarks, which are distinctive signs used to identify goods or services in the market. It aims to prevent unauthorised use of marks that could lead to consumer confusion or dilution of brand value. The Act provides for the application and registration of trademarks in India. It also provides for exclusive rights to marks such as brand, label, and heading and to obtain relief in case of infringement for commercial purposes as a trade description. Under the provisions of the Trade Marks Act, an application for trademark registration may be made with the Trade Marks Registry by any person or persons claiming to be the proprietor of a trade mark, whether individually or as joint applicants, and can be made on the basis of either actual use or intention to use a trademark in the future. Further, pursuant to the notification of the Trade Marks (Amendment) Act, 2010, simultaneous protection of trademarks in India and other countries has been made available to owners of Indian and foreign trademarks.

The Copyright Act:

This law governs the protection of literary, artistic, and musical works, providing creators with exclusive rights over their original expressions. It covers a wide range of works, including literary works, computer programs, artistic creations, and cinematographic films, and outlines the rights of authors, performers, and producers of sound recordings. Software elements like source code, object code, user interfaces, and designs are covered under copyright, while the use of third-party libraries and frameworks must comply with licensing terms. Unauthorized copying, distribution, or modification, including reverse engineering, can lead to copyright infringement. Therefore, these acts apply to us when dealing with code, visual components, and third-party tools in our software development and operations.

The Patents Act, 1970:

Enacted to encourage technological advancement and innovation, this legislation provides the legal framework for granting patents, which confer exclusive rights to inventors over their inventions for a limited period. It outlines the criteria for patentability and the procedures for application, examination, and enforcement of patents. The Act recognises both product and process patent and prescribes eligibility criteria for grant of patents, including the requirement that an invention be novel, non-obvious and capable of industrial application in order for it to avail patent protection. In our operations, we often deal with hardware and software that may be patented, and we may also implement or sell these products further. As a result, these acts apply to us when dealing with patented products or technologies in our business activities.

LABOR LAW LEGISLATION

These laws cover various aspects of employment, from wages and working conditions to social security and safety standards. Key legislations in this domain include:

Code on Wages, 2019:

The Government of India enacted The Code on Wages, 2019 which received the assent of the President of India. The code proposes to subsume the Equal Remuneration Act, 1976, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Payment of Wages Act, 1936. The provisions of this code will be brought into force on a date to be notified by the Central Government, with certain of the provisions thereunder notified already. In

pursuance of the code, the Code on Wages (Central Advisory Board) Rules, 2021 have been notified, which prescribe, inter alia, the constitution and functions of the Central Advisory Board set up under the Code on Wages, 2019.

Industrial Relations Code, 2020:

The Industrial Relations Code, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume three existing legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. The provisions of this code will be brought into force on a date to be notified by the Central Government. Seeks to streamline industrial relations by consolidating and amending laws relating to trade unions, conditions of employment, and resolution of industrial disputes.

Code on Social Security, 2020:

The Government of India enacted The Code on Social Security, 2020 which received the assent of the President of India. The provisions of this code will be brought into force on a date to be notified by the Central Government, with certain of the provisions thereunder notified already. The code proposes to subsume, inter alia, the Employees Compensation Act, 1923, the Employees, State Insurance Act, 1948, the Employees Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961 and the Payment of Gratuity Act, 1972. The Ministry of Labour and Employment, Government of India has notified the draft rules relating to Employees Compensation under the Code on Social Security, 2020 on June 3, 2021, inviting objections and suggestions, if any, from the stakeholders. Further, draft rules under the Code on Social Security, 2020 were notified on November 13, 2020. The draft rules propose to subsume, inter alia, the Employees State Insurance (Central) Rules, 1950 and the Payment of Gratuity (Central) Rules, 1972., Aims to extend social security benefits to all workers, including unorganized sector workers, by consolidating and amending various social security laws.

Occupational Safety, Health, and Working Conditions Code, 2020:

Focuses on ensuring safe and healthy working conditions for employees across various industries.

The Contract Labour (Regulation and Abolition) Act, 1970:

The CLRA Act was enacted to regulate the employment of contract labour in certain establishments and to provide for its abolition in certain circumstances. The CLRA Act is applicable to every establishment in which 20 or more workmen are or were employed in the preceding 12 months as contract labour and to every contractor who employs or employed on any day during the preceding 12 months, 20 or more workmen. Every principal employer of an establishment to which the CLRA Act applies, shall apply for registration of the establishment with the appropriate registering office and get registered. Under the CLRA Act, the principal employer has to provide essential amenities like canteens, rest rooms, drinking water facilities and first aid facilities if the same is not provided by the contractor. Every contractor to whom the CLRA Act applies, is also required to obtain a license and not to undertake or execute any work through contract labour, except under and in accordance with such license. Further under the CLRA Act, the principal employer has to ensure through a nominated representative the Contractor distributes wages within the prescribed time, failing which the principal employer shall be liable to make payment of wages in full or the unpaid balance and recover the amount so paid from the Contractor.

The Payment of Bonus Act, 1965:

Ensures payment of bonus to employees based on profits or productivity.

The Payment of Gratuity Act, 1972:

The Payment of Gratuity Act, 1972 shall apply to every factory, mine plantation, port and railway company; to

every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a State, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; such other establishments or class of establishments, in which ten or more employees are employed, on any day of the preceding twelve months, as the Central Government, may by notification, specify in this behalf. A shop or establishment to which this act has become applicable shall be continued to be governed by this act irrespective of the number of persons falling below ten at any day. The gratuity shall be payable to an employee on termination of his employment after he has rendered continuous service of not less than five years on superannuation or his retirement or resignation or death or disablement due to accident or disease. The five-year period shall be relaxed in case of termination of service due to death or disablement.

The Employee State Insurance Act, 1948:

The ESI Act was enacted to provide for certain benefits to employees in case of sickness, maternity and employment injury and to make provisions for certain other matters in relation thereto. Employment injury means a personal injury to an employee caused by accident or an occupational disease arising out of and in the course of his employment, being an insurable employment. The ESI Act applies to all factories that are non-seasonal in nature and establishments that are notified by the appropriate state government in consultation with the Government of India from time to time. All employees in establishments covered by the ESI Act are required to be insured and the employer is also required to register himself under the ESI Act and maintain prescribed records and registers in addition to filing of forms with the concerned authorities. The ESI Act provides for a need based social insurance scheme under which the employer and employee must contribute certain percentage of the monthly wage of the employees as prescribed by the Government of India from time to time to the Employee State Insurance Corporation established under the ESI Act.

The Employees Provident Funds and Miscellaneous Provisions Act, 1952:

Mandates the establishment of provident fund accounts for employees in certain industries, ensuring financial security through contributions from both employers and employees. Employees Provident Funds and Miscellaneous Provisions Act, 1952 ("EPFA") was introduced with the object of instituting compulsory provident funds for the benefit of employees in factories and other establishments. The EPFA provides for the institution of provident funds and pension funds for employees in establishments where more than 20 persons are employed and factories specified in Schedule I of the EPFA. Under the EPFA, the Central Government has framed the "Employees Provident Fund Scheme", "Employees Deposit-linked Insurance Scheme" and the "Employees Family Pension Scheme". Liability is imposed on the employer and the employee to contribute to the funds mentioned above, in the manner specified in the statute. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPFA also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

The Equal Remuneration Act, 1976:

Ensures equal pay for equal work, prohibiting discrimination based on gender in matters of wages and employment conditions.

The Payment of Wages Act, 1936 (POW):

The POW Act was enacted with a view to ensuring that wages payable to employed persons covered by the Act were disbursed by the employers within the prescribed time limit and that no deductions other than those authorised by law were made by them. It applies to the persons employed in a factory, industrial or other establishment, where the monthly wages payable are less than Rs.21,000/- whether directly or indirectly, through a sub-contractor and provides for the imposition of fines on persons responsible for payment of wages and deductions and lays down wage periods. Employers have to compulsorily maintain register of wages, register of fines, register of deduction for damages or loss, and register of advances in the prescribed forms.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013:

Aims to prevent and address sexual harassment at the workplace, mandating the establishment of internal complaints committees and providing for redressal mechanisms. The POSH Act was enacted to provide protection against sexual harassment of women at workplace and for the prevention and redressal of complaints of sexual harassment and for matters connected therewith or incidental thereto. The POSH Act mandates every employer to provide a safe working environment at the workplace which shall include safety from the persons coming into contact at the workplace. The POSH Act provides that employers must formulate a policy against sexual harassment at workplace and that policy needs to be disseminated. The POSH Act defines sexual harassment to include any unwelcome acts or a sexually determined behaviour (whether directly or by implication). Workplace under the POSH Act has been defined very broadly to include government bodies, private and public sector organisations, non-governmental organisations, organisations carrying on commercial, vocational, educational, entertainment, industrial, financial activities, hospitals and nursing homes, educational institutes, sports institutions and any place visited by the employee arising out of or during the course of employment.

The Maternity Benefit Act, 1961:

Protects the employment and maternity rights of women workers by providing maternity leave, benefits, and other related provisions.

The Industrial Disputes Act, 1947:

The ID Act was enacted to make provisions for, inter alia, the investigation and settlement of industrial disputes. Industrial dispute under the ID Act means any dispute or difference between employers and employees, or between employers and workmen, or between workmen and workmen, which is connected with the employment or nonemployment or the terms of employment or with the conditions of labour, of any person. The ID Act enumerates the contingencies when a strike or lock-out can be lawfully resorted to, when they can be declared illegal or unlawful, conditions for laying off, retrenching, discharging or dismissing a workman, circumstances under which an industrial unit can be closed down and other matters related to industrial employees and employers.

The Trade Union Act, 1926:

Governs the registration and functioning of trade unions, facilitating collective bargaining and protecting workers' rights to organize.

The Child Labour (Prohibition and Regulation) Act, 1986:

Prohibits the employment of children in certain hazardous occupations and processes and regulates the conditions of work in others.

Employees' Compensation Act, 1923:

The EC Act was enacted to provide for the payment by certain classes of employers to their employees of compensation for injury by accident. The term "employer" under the EC Act includes any body of persons whether incorporated or not and any managing agent of an employer and the legal representative of a deceased employer, and, when the services of an employee are temporarily lent or let on hire to another person by the person with whom the employee has entered into a contract of service or apprenticeship, means such other person while the employee is working for him. Under the EC Act, the amount of compensation to be paid depends on the nature and severity of the injury.

ENVIRONMENT PROTECTION LAWS

Key environmental protection laws play a pivotal role in regulating and mitigating the impact of industrial activities on the environment in India. Here are the key environmental laws applicable to companies:

Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2016:

These rules govern the management, handling, and transboundary movement of hazardous wastes to ensure their safe and environmentally sound management. They prescribe procedures for the generation, storage, transportation, treatment, and disposal of hazardous wastes.

E-Waste (Management) Rules, 2016:

With the proliferation of electronic products, these rules aim to address the growing challenge of electronic waste management. They mandate extended producer responsibility, promote recycling and reuse of e-waste, and establish collection and disposal mechanisms to minimise the environmental impact of electronic waste. The EWM Rules apply to, inter alia, every producer or consumer or bulk consumer involved in the transfer, purchase, collection, storage and processing of e-waste or electrical and electronic equipment. The EWM Rules obligate the aforesaid persons to channel the e-waste generated through a collection centre or dealer of the authorized producer or dismantler or recycler and maintain a record of such e-waste generated.

GENERAL CORPORATE COMPLIANCE

General corporate compliance is essential for maintaining legal and regulatory standards in business operations. In India, several key legislations govern corporate conduct and ensure fair competition, dispute resolution, and accountability. These include:

The Companies Act, 2013 and Rules Framed thereunder:

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. This comprehensive legislation regulates the formation, governance, and dissolution of companies in India. The companies act primarily regulates the formation, financing, functioning and winding up of companies. It outlines the duties and responsibilities of directors, shareholders, and other stakeholders, as well as provisions related to corporate governance, mergers and acquisitions, and financial disclosures. The rules framed under this act provide detailed guidelines and procedures for compliance with its provisions.

The Arbitration and Conciliation Act, 1996:

This act governs the resolution of disputes through arbitration and conciliation proceedings. It provides a legal framework for parties to resolve disputes outside of court, facilitating faster and cost-effective resolution. The act also incorporates international best practices in alternative dispute resolution and enforcement of arbitral awards.

TAX LAWS

Tax laws in India encompass various statutes that regulate the imposition, collection, and administration of taxes. The key tax legislations include:

Income Tax Act, 1961:

Income-tax Act, 1961 (Income Tax Act) is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of this Act or rules made there under depending upon its 'Residential Status' and 'Type of Income' involved. The Income Tax Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every company assessable to income tax under the Income Tax Act is required to comply with the provisions thereof, including those relating to tax deduction at source, advance tax, minimum alternative tax, etc. It is supplemented by the Income Tax Rules, 1962, as amended by the Finance Act in respective years, and delineates the rules for computation, assessment, and payment of income tax, along with provisions for exemptions, deductions, and rebates. U/s 139(1) every Company is required to file its Income tax return for every Previous Year by 30th September of the Assessment Year.

Goods and Service Tax (GST):

The goods and service tax is levied on supply of goods or services or both jointly by the Central Government and the State Government. GST is an indirect tax applicable throughout India which replaced multiple cascading taxes levied by the central and state governments. The GST is levied as Dual GST separately but concurrently by the Union (central tax- CGST) and the States (including Union Territories with legislatures) (State tax-SGST) / Union territories without legislatures (Union territory tax-UTGST). The Parliament has exclusive power to levy GST (integrated tax-IGST) on inter-State trade or commerce (including imports) in goods or services. It was introduced as The Constitution (One Hundred and First Amendment) Act, 2017, following the passage of the Constitution 122nd Amendment Bill. The GST is governed by a GST Council and its Chairman is the Finance Minister of India. In line with CGST Act, each state Governments has enacted State Goods and Service Tax Act for respective states. The GST law is enforced by various acts viz. Central Goods and Services Act, 2017 (CGST), relevant state's Goods and Services Act, 2017 (SGST), Union Territory Goods and Services Act, 2017 (UTGST), Integrated Goods and Services Act, 2017 (IGST), Goods and Services (Compensation to States) Act, 2017 and various rules made thereunder.

Professional Taxes State wise legislation:

Professional tax is levied by certain states on individuals engaged in professions, trades, or employment. The State Government of each State is empowered with the responsibility of structuring as well as formulating the respective professional tax criteria and is also required to collect funds through professional tax. The professional taxes are charged on the incomes of individuals, profits of business or gains in vocations. The specific legislation varies from state to state, and our company must comply with the professional tax laws applicable in the states where it operates.

The Customs Act, 1962:

This legislation governs the levy and collection of customs duties on imports and exports, regulating the movement of goods across international borders. Any Company requiring to import or export any goods is first required to get it registered and obtain an IEC (Importer Exporter Code). Imported goods in India attract basic customs duty, additional customs duty and education cess. The rates of basic customs duty are specified under the Customs Tariff Act 1975. Customs duty is calculated on the transaction value of the goods. Customs duties are administrated by Central Board of Excise and Customs under the Ministry of Finance

Indian Stamp Act, 1899:

This Act governs the payment of stamp duty on various transactions such as property transfers, agreements, and deeds. Compliance with the provisions of the Stamp Act is essential for the validity and legality of these documents. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state. Instruments chargeable to duty under the Stamp Act, which are not duly stamped, cannot be admitted in court as evidence of the transaction contained therein. The Stamp Act further provides for impounding of instruments that are not sufficiently stamped or not stamped at all by the collector and he may impose a penalty of the amount of the proper stamp duty, or the amount of deficient portion of the stamp duty payable.

The Registration Act, 1908:

Enacted to provide for the registration of documents to ensure their validity and authenticity, this act mandates the registration of certain documents to make them legally effective.

GENERAL LAWS

Apart from the above list of laws- which is inclusive in nature and not exhaustive- general laws like the following are also applicable to the Company in the matter of day to day operations.

Indian Contract Act:

This foundational legislation governs all aspects of contract formation, performance, and enforcement in India. It outlines the rights and obligations of parties entering into contracts, including principles such as offer and acceptance, consideration, capacity to contract, and breach of contract remedies. The Act ensures legal certainty and facilitates smooth commercial transactions. Each contract creates some right and duties upon the contracting parties. The contract act deals with the enforcement of these rights and duties upon the parties. The contract act also lays down provisions of indemnity, guarantee, bailment and agency. Provisions relating to the sale of goods and partnerships that were originally in the act are now the subject matter of separate enactments, viz., the Sale of Goods Act, 1930 and the Indian Partnership Act, 1932. The objective of the contract act is to ensure that the rights and obligations arising out of a contract are honoured and that legal remedies are made available to those who are affected.

Specific Relief Act:

This statute provides remedies for breach of civil obligations, including specific performance of contracts, injunctions, and other equitable relief. It aims to ensure justice by granting aggrieved parties the means to enforce their contractual or other legal rights, particularly when monetary compensation is deemed inadequate.

Negotiable Instruments Act:

Enacted to regulate negotiable instruments such as promissory notes, bills of exchange, and cheques, this law facilitates secure and efficient commercial transactions by establishing uniform rules for their creation, transfer, and enforcement. It governs the rights and liabilities of parties involved in negotiable instruments and ensures their enforceability in legal proceedings.

Sales of Goods Act, 1930:

This legislation governs the sale of goods and services in India, establishing the rights, duties, and liabilities of buyers and sellers in commercial transactions. It addresses various aspects of sales contracts, including conditions and warranties, transfer of ownership, and remedies for breach of contract. The act does not deal with the sale of immovable properties like land, fields, houses, etc. For immovable properties, provisions of the Transfer of Property Act, 1882 are applicable. Sale of Goods Act, 1930 deals only with movable properties. The Act aims to protect the interests of both consumers and businesses while promoting fair and transparent trade practices.

The Competition Act, 2002:

Enacted to promote fair competition and prevent anti-competitive practices in the market, this legislation prohibits activities such as cartelization, abuse of dominant position, and anti-competitive agreements. It establishes the Competition Commission of India (CCI) as the regulatory authority responsible for enforcing competition law and ensuring a level playing field for businesses.

- (i) It is expected to be settled in the Company's normal operating cycle;
- (ii) It is held primarily for being traded;
- (iii) It is due to be settled within 12 months after the reporting date; or
- (iv) the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities include the current portion of non-current financial liabilities.

All other liabilities are classified as non-current.

Deferred Tax Asset / Liability is classified as non-current.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

(ii) Foreign Currency Transactions

Items included in the restated financial statement of the Company are measured using the currency of the primary economic environment of which the company operates ('the functional currency'). The restated financial statements are present in Indian Rupees (INR), which is the Company's functional and presentation currency.

Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded by the Company's at its functional currency spot rates at the date the transactions first qualify for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary Assets and Liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on the settlement or translation of monetary items are recognized in the statement of profit and loss.

Non-monetary items that are measured in term of historical cost in a foreign currency are translated using the exchange rate at the dates of the initial transaction. Non-Monetary items measured at fair value in a foreign currency are translated using the exchange rate at the date when the fair value is treated determined. The gain or loss arising on translation of Non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the items (i.e. transaction difference on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

(iii) Use of estimates

The preparation of restated financial statements in conformity with GAAP in India requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the restated financial statements and the results of operations during the reporting periods. The Company's most significant estimates relate to the determination of provision for bad and doubtful debts in respect

of trade receivables, inventory obsolescence, estimated useful life of assets, provision for current taxes, and warranty claims. Management believes that the estimates used in the preparation of the restated financial statements are prudent and reasonable. Actual results could differ from these estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Any revision to accounting estimates is recognized prospectively in current and future periods.

(iv) Revenue from contracts with customer

Revenue from contract with customers is recognized when the control of the goods and services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangement because it typically controls the goods or services before transferring them to the customer.

Sale of Products

Revenue from the sale of products is recognized at the point of time when control of the assets is transferred to the customer, generally on delivery of the products.

Revenue towards the satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and service rendered is net of variable consideration on account of various schemes offered by the Company as part of contract.

Variable Consideration

If the Consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange of transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that significant revenue reversal in the amount of cumulative revenue recognized will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Some contracts for the sale of products provide customers with a right of return and rebates. The rights of return and rebates give rise to variable consideration.

- **Right of Return**

The Company use the expected value method to estimate the variable consideration given the large number of contracts that have similar characteristics. The Company then applies the requirement on constraining estimate of variable consideration in order to determine the amount of variable consideration that can be included on the transaction price. A refund liability is recognized for the goods that are expected to be returned. (i.e. the amount not included in the transaction price). A right of return asset (and corresponding adjustment to cost of sales) is also recognized for the right to recover the goods from a customer.

- **Rebates**

The Company applies the most likely amount method or the expected value methods to estimate the variable consideration in the contract. The selected method that best predicts the amount of variable consideration is primarily driven by the number of thresholds contained in the contracts. The Most likely amount is used for this contracts with a single threshold, while the expected value method is used for those with more than one threshold. The Company then applies the requirement on constraining estimates in order to determine the amount of variable consideration that can be included in the transaction price

and recognized as revenue. A refund liability is recognized for the expected future rebates (i.e. the amount not included in the transaction price).

Other revenue streams

Interest Income

For all debt instruments measured at amortized cost, interest is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instruments or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates the expected cash flow by considering all the contractual terms of the financial instruments (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in “other income” in the statement of profit and loss.

Interest income on fixed deposit is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head “other Income” in the statement of Profit and Loss.

Export Incentive benefits

Export benefits income is recognized in the statement of profit and loss, when the right to receive the benefits amount is established as per the term of the relevant schemes and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Contract Balance

A contract asset is initially recognized for revenue earned from sale of the product because the receipt of consideration is conditional on successful transfer of the completion of performance obligation. Upon completion of performance obligation and acceptance by the customer, the amount recognized as contract assets is re classified to trade receivables.

Contract assets is subject to impairment assessment.

Trade Receivable

A receivable is recognized if an amount of consideration that is unconditional (i.e. only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section(o) Financial Instruments–Initial recognition and subsequent measurement.

Contract Liabilities

A Contract Liabilities is recognized if a payment is received or a payment is due (whichever is earlier) from a customer before the company transfer the related goods or service. Contract liabilities are recognised as revenue when the Company performs under the Contract (i.,e. transfers Control of the related goods or services to the customer)
Assets and Liabilities arising from rights of return.

Right of return of Assets

A right of return assets is recognised for the right to recover the goods expected to be returned by customers. The Assets is measured at the former carrying amount of the inventory, less any expected costs to recover the goods and any potential decreases in value. The Company updates the measurement of the asset recorded for any revision to its expected level of return, as well as any additional decrease in the value of the returned products.

Refund Liabilities

A refund liability is recognised for the obligation to refund some or all of the consideration received (or receivable) from the customer. The Company's refund liabilities arise from customer's right of return and rebates. The Company updates its estimates of refund liabilities (and the corresponding change on the transaction price) at the end of each reporting period.

(v) Taxes**Current Income Tax**

Current income-tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax return with respect to situation in which applicable tax regulations are subject to interpretation and establishes provision where appropriate.

Deferred Tax

Deferred tax is provided using the liability method on temporary differences between the tax base of assets and liabilities and their carrying amounts for financial reporting purpose at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except.

- When the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax liabilities are recognized for all deductible temporary difference, the carry forward of unused tax credit and any unused tax losses. Deferred tax Assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary difference, and the carry forward of unused tax credit and unused tax losses can be utilized except;

- When the deferred tax assets relating the deductible temporary difference arises from the initial recognition of an assets or liability in transaction that is not a business combination and at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Unrecognized deferred tax assets are re assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred Tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized, or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred Tax relating to items recognized outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity). Deferred Tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets the deferred tax assets and deferred tax liability if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority.

Sale/value added taxes/Goods and Services Tax Paid on acquisition of assets or incurring expense.

Expenses and assets are recognized net of the amount of sales/value address Tax/Goods and service tax paid, except;

- When the tax incurred on a purchase of assets or service is not recovered from the taxation authority, in which case the tax paid is recognized as part of the cost of acquisition of the assets or as part of the expenses item, as applicable.
- When receivables and payables are stated with the amount of tax included.

The net amount pf tax recoverable from or payable to the taxation authority is included as per if receivable or payable in the balance sheet.

(vi) Property, plant & equipment

Capital work in progress is stated at cost, net of accumulate impairment loss, if any. Plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term constructs projects if the recognition criteria are me. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates their separately based on their specific useful lives, likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance cost are recognised in profit or loss as incurred.

Depreciation is calculated on written down value basis over the estimated useful lives of the assets as follows;

Block of Assets	Useful life as per Companies Act 20113 (in Years)
Land	N.A.
Lease Hold Improvement	N.A.
Building	30
Plant and machinery	8-15
Computers	3
Furniture and fittings	10
office equipment	5
Vehicles	8

Assets cost of Rs.5000 or less are fully depreciated in the year of purchase.

The company review the estimated residual value and expected useful fives of the assets at least annually. In particulars the company considers the impact of health, safety and environmental legislation in its assessment of expected useful lives and estimated residual value.

An item of property, Plant and equipment and any significant part initially recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the assets (calculated as the difference between the net disposal proceeds and the carrying amount of the assets) is included in the statement of profit and loss when the assets are derecognized.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

(vii) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangible, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in profit and loss in the period in which the expenditure is incurred.

Useful lives of the intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful lives are reviewed at least at the end of each reporting period. Change in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate and are treated as change in accounting estimates. The amortization expenses on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash generating unit level. The assessment of indefinite life is reviewed annually to determine whenever the indefinite life continues to be supportable, if not the change in useful life from indefinite to finite is made on a prospective basis.

An intangible asset is derecognized upon disposal (i.e. at the date recipient obtains controls) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the assets (calculated as the difference between the net disposal proceeds and the carrying amount of the assets) is included in the statement of profit and loss. When the asset is derecognised.

Gain or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the assets and are recognized in the statement of profit and loss when the asset is derecognized

Research and Development Costs

Research Costs are expensed as incurred. Development expenditure on an individual project are recognized as an intangible asset when the company can demonstrate;

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale.
- Its intention to complete and its ability and intention to use or sell the asset.
- How the asset will generate future economic benefits
- The availability of resources to complete the asset

- The ability to measure reliably the expenditure during development.

Following initial recognition of the development expenditure as asset, the assets is carried at cost less any accumulated amortization and accumulated impairment losses., Amortization of the asset beings when development is complete, and the asset is available for use. It is amortize over the period of expected future benefits. Amortization expenses is recognized in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. During the period of development, the asset is tested for impairment annually.

A Summary of the polices applied to the Company’s intangible assets, as follows;

Intangible Assets	Useful Lives	Amortization method used	Internally generated / acquired
Computer Software	Finite (6 Years)	Amortized on a Written Down value basis over the period of the period of Assets	Acquired
Development Costs	Finite (7 Years)	Amortized on a Written Down value basis over the period of expected future sales from the related project	Internally Generated
Patent & Trademark	Finite (10 Years)	Amortized on a Written Down value basis over the period of the period of Assets	Acquired

(viii) Leases

The Company assesses at contract inception weather a contract is, or contains, a lease. That is, if the Contract conveys the right to control the use of an identified assets for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for shorter term leases and leases of low-value assets. The company recognized leases liabilities to make lease payments and right of use assets representing the right to use the underlying assets.

The Company applies the shorter term lease recognition exemption to its short term leases of machinery and equipment (i.e. those lease that have term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low value assets recognition exemption to lease of office equipment that are considered to be low value. Lease payments on shorter term lease and leases of low value assets are recognized as expenses on a straight line basis over the lease term.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset is classified as operating leases. Rental income arising is accounted for on a straight line basis over the lease term. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the periods in which they are earned.

Leases are classified as finance leases when substantially all the risk and rewards of ownership transfer from the company to the lessee. Amount due from lessee under finance lease are recorded as receivables at the Company’s net investment in the leases. finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Lease arrangements where the risk and rewards incidental to ownership of an asset substantially vest with the lessor are recognized as operating leases. The total lease rentals (including scheduled rental increases) in respect of an asset taken on operating lease are charged to the statement of profit and loss on a straight-line basis over the lease term.

(ix) Inventories

Inventories are valued at the lower of cost and net realizable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows;

- Raw material and packing material; cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- Finished goods and intermediate products: Cost includes cost of direct material and labour and a proportion of manufacturing overhead based on the normal operating but excluding borrowing costs. Cost is determined on first in first out basis.

Net realizable value is the estimated selling price in the ordinary course of business., less estimated costs of completion and estimated costs necessary to make the sale.

(x) Impairment of non-financial assets.

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired, if any indication exists, or when annual impairment testing for an asset is required the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating unit's (CGU) fair value less costs of disposal and its value in use. The recoverable amount is determined for an individual asset, unless the assets does not generate cash inflows that are largely independent of those from other assets or group of assets. When the carrying amount if an assets or CGU exceeds its recoverable amount the assets is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value u pre-tax discount rate that reflects current market assessments of the time value of money and the specific to the asset. In determining fair value less costs of disposal, recent market transaction taken into account. If no such transactions can be identified, an appropriate valuation model is These calculations are corroborated by valuation multiples, quoted share prices for publicly companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long term average growth rate for the products, industries, or country or countries in which the Company operates, or for the market in which the asset is used.

Impairment losses, including impairment on inventories, are recognised in the statement of prof loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such

properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

The impairment assessment for all assets is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the assets does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined net of depreciation, has no impairment loss been recognized for the Assets in prior years. Such reversal is recognized in the statement of profit and loss.

(xi) Provision and Contingent Liabilities

General

Provision are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made on the amount of the obligation. When the Company expects some or all of a provision to be reimbursed for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The Expenses relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provision are discounted using a current pre-tax rates that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent Liabilities

A contingent liability is a possible obligation that arise from past event whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resource will be required to settle the obligation. A contingent liability also arises in extremely rare cases, where there is a liability that cannot be recognized because it cannot be measured reliably. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Reimbursement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amount included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCT in the period in which they occur. Reimbursement are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of

- The date of the plan amendment or curtailment, and
- The date that the Company recognizes related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense of income

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date. The Company recognizes expected cost of short-term employee benefit as an expenses, when an employee renders the related service.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the reporting date Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer the settlement for at last twelve months after the reporting date.

(xii) Cash and Cash equivalents

Cash and Bank Balances comprise of cash and cash equivalents and other bank balances. Cash and Cash Equivalents comprise of cash at bank, Cash in hand and deposits with bank having original maturities of three months or less. Other Bank Balances comprise of bank deposits with original maturity of more than three months but less than or equal to twelve months.

(xiii) Borrowing Costs

Borrowing costs include interest, other costs incurred in connection with borrowing and exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost. General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those asset, until such time as the assets are substantially ready for their intended use or sale. All

other borrowing costs are recognized in Statement of profit and loss in the period in which they are incurred.

(xiv) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to the equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

(xv) Cash Flow Statement

Cash flows are reported using the indirect method as prescribed under Accounting Standard– 3 “*Cash Flow Statement*”, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

(xvi) Prior Period Items

Income and expenditure relating to prior period are credited /debited to profit and loss account in head of account.

2.3 Significant accounting judgements, estimates and assumptions

The preparation of the final statement requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and the accompanying disclosures and the disclosure of contingent liabilities, uncertainty about these assumptions and estimates could result in outcomes that required a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgement, which have the most significant effect on the amounts recognised in the restated financial statements

Revenue from contracts with customers

The Company applied the following judgements that significantly affect the determination of the amount and timing of revenue from contracts with customers:

Determining method to estimate variable consideration and assessing the constraint

Certain contracts for the sale of goods include a right of return and rebates that give rise to variable consideration. In estimating the variable consideration, the Company is required to use the most appropriate method based on which Company can predict the amount of consideration to which it will be entitled

The Company determined that the expected value method is the most appropriate method to use in estimating the variable consideration for the sale of goods with rights of return, given the large number of customer contracts that have similar characteristics.

Before including any amount of variable consideration in the transaction price, the Company considers whether the amount of variable consideration is constrained. The Company determined that the estimates of variable consideration are not constrained based on its historical experience, business forecast and the current economic conditions. In addition, the uncertainty on the variable consideration will be resolved within a short time frame.

Estimates and assumptions

The key assumptions concerning the future and other key source of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the restated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated, the management considers the interest rates of government bonds in currencies consistent with the currencies of the defined benefit obligation.

The mortality rate is based on publicly available mortality tables for the country. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected, future inflation rates for the country.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Revenue Recognition-Estimating variable consideration for return and rebates

The Company estimates variable considerations to be included in the transaction price for the sale of goods with rights of return and rebates. The Company developed a statistical model for forecasting sales returns. The model used the historical return data of each product to come up with expected return percentages. These percentages are applied to determine the expected value of the variable

consideration. Any significant changes in experience as compared to historical return pattern will impact the expected return percentages estimated by the Company.

The Company's expected rebates are analysed on a per customer basis for contracts that are subject to a single threshold. Determining whether a customer will be likely entitled to rebate will depend on the customer's historical rebates entitlement and accumulated purchases to date.

The Company applied a statistical model for estimating expected rebates for contracts with more than one threshold. The model uses the historical purchasing patterns and rebates entitlement of customers to determine the expected rebate percentages and the expected value of the variable consideration. Any significant changes in experience as compared to historical purchasing patterns and rebate entitlements of customers will impact the expected rebate percentages estimated by the Company.

The Company updates its assessment of expected returns and rebates quarterly and the refund liabilities are adjusted accordingly. Estimates of expected returns and rebates are sensitive to changes in circumstances and the Company's past experience regarding returns and rebate entitlements may not be representative of customers' actual returns and rebate entitlements in the future

Provision for expected credit losses of trade receivables and contract assets

The Company uses a provision matrix to calculate ECL's for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (ie, by geography, product type, customer type and rating, and coverage by letters of credit and other forms of credit insurance)

The provision matrix is initially based on the Company's historical observed default rates. The Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e, gross domestic product) are expected to deteriorate over the next year which can lead to an increased number of defaults in the manufacturing sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECL's is a significant estimate. The amount of ECL's is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash inflows and the growth rate used for extrapolation purposes

Intangible asset under development

The Company capitalises intangible asset under development for a project in accordance with the accounting policy. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a product development project has reached a defined milestone according to an established project management model. In determining the amounts to be capitalised, management makes assumptions regarding the expected future cash generation of the project, discount rates to be applied and the expected period of benefits.

COMPARISON OF F.Y. 2024 WITH F.Y. 2023:

Revenue from Operations

The Company's revenue from operations the financial year 2023-24 is ₹ 9,293.37 lakhs. This represents ₹ 3,763.79 lakhs or 68.07% increase compared to the previous financial year's revenue of ₹ 5,529.58 lakhs. Increase in revenue majorly came from export of services as well as growth in domestic sales.

Other Income

Other Income in the Financial Year 2023-24 decreased by 41.34%, reaching ₹ 100.41 lakhs in comparison to the ₹ 171.18 lakhs in the Financial Year 2022-23. This decrease was primarily due to lower Rebate/Discount received by ₹85.30 lakhs compared to previous year.

Cost of Material Consumed

Our cost of materials consumed for the Fiscal 2024 was ₹ 7,471.61 lakhs as compared to ₹ 4,557.07 lakhs for Fiscal 2023, representing an increase of 63.96%. This was primarily due to increase in purchase volume of hardware products.

Employee Benefits Expenses

Employee benefit expenses in the Financial Year 2023-24 increased by 67.16%, reaching ₹ 421.74 lakhs in comparison to the ₹ 252.30 lakhs incurred in the Financial Year 2022-23. This increase in employee costs was mainly driven by salaries and wages, amounting to a total of ₹ 162.56 lakhs.

Finance Cost

Finance cost in the Financial Year 2023-24 increased by 334.54%, reaching ₹ 59.23 lakhs in comparison to the ₹ 13.63 lakhs incurred in the Financial Year 2022-23. The increase of the Finance Charges is on account increase in Interest Expense by ₹ 37.95 lakhs and bank charges by ₹ 7.65 lakhs.

Depreciation and Amortisation Expenses

Depreciation and amortization in the Financial Year 2023-24 increased by 42.74 %, reaching ₹ 32.79 lakhs in comparison to the ₹ 22.97 lakhs incurred in the Financial Year 2022-23. This increase in depreciation was as a result of purchase of fixed assets.

Other Expenses

Other expenses in the Financial Year 2023-24 increased by 72.56%, reaching ₹ 296.08 lakhs in comparison to the ₹ 171.57 lakhs incurred in the Financial Year 2022-23. This increase in other expenses was primarily attributed to several factors, including ₹ 19.25 lakhs increase in Rent expenses, ₹ 15.96 lakhs increase in Conveyance and Travelling expenses, ₹ 45.78 lakhs increase in Professional and consulting charges, ₹ 11.48 lakhs increase in Selling and Marketing expenses.

Tax Expenses

Tax expenses have increased reaching a total of ₹ 280.04 lakhs in the financial year 2023-24, in contrast to the ₹ 171.95 lakhs in the financial year 2022-23. This notable increase in tax expenses can be primarily attributed to increase in current tax payments.

Profit after Tax (PAT)

Due to the aforementioned factors, the profit experienced an upswing, primarily driven by the growth in total income as well as in total expenses as a percentage of total income. The Profit After Tax (PAT) for the fiscal year 2023-24 reached ₹ 832.30 lakhs, contrasting with ₹ 511.26 lakhs in the fiscal year 2022-23. In the fiscal year 2023-24, PAT constituted 8.86% of the total revenue, in comparison to 8.97% of the total revenue in the fiscal year 2022-23.

Rationale for increase in Profit After Tax (PAT) compared to total income.

Compared to the last financial year, there has been significant revenue growth of around 1,890.25% in export sales and 42.54% in domestic sales. The reason for this increase in export sales was due to entering into new geographical locations and exploration of new markets for providing software development and backup solutions services. This revenue jump can be largely attributable to Software as a Service provided to customers which has sizeable margins in our business. Even though PAT has increased to ₹832.30 lakhs in FY 2023-2024 as compared to ₹ 511.25 lakhs in FY 2022-2023 which is an increase of 62.79%, our margins has remained consistent in both the year.

COMPARISON OF F.Y. 2023 WITH F.Y. 2022:

Revenue from Operations

The Company's revenue from operations the financial year 2022-23 is ₹ 5,529.58 lakhs. This represents ₹ 3126.57 lakhs or 130.11% increase compared to the previous financial year of ₹ 2,403.01 lakhs. Increase in revenue is mostly due to increase in sales volume in Domestic sales by ₹ 3,177.99 lakhs.

Other Income

Other Income in the Financial Year 2022-23 surged by 338.39%, reaching ₹ 171.18 lakhs in comparison to the ₹ 39.05 lakhs incurred in the Financial Year 2021-22. This notable increase was mainly attributable to a rise in Interest income, amounting to ₹ 11.91 lakhs, ₹ 136.93 lakhs increase in Rebate and Discount received and Gain on foreign currency transactions amounting to ₹ 5.46 lakhs.

Cost of Material Consumed

Our cost of materials consumed for the Fiscal 2023 was ₹ 4,557.07 lakhs as compared to ₹ 1,920.10 lakhs for Fiscal 2022, representing an increase of 137.33%. This was primarily due to increase in purchase volume of hardware products.

Employee Benefits Expenses

Employee benefit expenses in the Financial Year 2022-23 increased by 32.32%, reaching ₹ 252.30 lakhs in comparison to the ₹ 190.67 lakhs incurred in the Financial Year 2021-22. This increase in employee costs was mainly driven by salaries and wages, amounting to a total of ₹ 69.37 lakhs.

Finance Cost

Finance cost in the Financial Year 2022-23 have increased, reaching ₹ 13.63 lakhs in comparison to the ₹ 0.74 lakhs incurred in the Financial Year 2021-22. The increase of the Finance Charges is on account increase in Interest Expense by ₹ 12.89 lakhs.

Depreciation and Amortisation Expenses

Depreciation and amortization in the Financial Year 2022-23 increased by 25.45 %, reaching ₹ 22.97 lakhs in comparison to the ₹ 18.31 lakhs incurred in the Financial Year 2021-22. This increase in depreciation was a result of purchase of fixed assets.

Other Expenses

Other expenses in the Financial Year 2022-23 increased by 50.00%, reaching ₹ 171.57 lakhs in comparison to the ₹ 114.39 lakhs incurred in the Financial Year 2021-22. This incline in other expenses was primarily attributed to several factors, including ₹ 9.04 lakhs increase in Rent expenses, ₹ 10.68 lakhs increase in Conveyance and Travelling expenses, ₹ 11.54 lakhs increase in Professional and consulting charges, ₹ 17.25 lakhs increase in Selling and Marketing expenses.

Tax Expenses:

Tax expenses have increased reaching a total of ₹ 171.95 lakhs in the financial year 2022-23, in contrast to the ₹ 55.36 lakhs in the financial year 2021-22. This notable increase in tax expenses can be primarily attributed to increase in current tax payments.

Profit after Tax (PAT)

Due to the aforementioned factors, the profit experienced an upswing, primarily driven by the growth in total income as well as in total expenses as a percentage of total income. The Profit After Tax (PAT) for the fiscal year 2022-23 reached ₹ 511.26 lakhs, contrasting with ₹ 142.49 lakhs in the fiscal year 2021-22. In the fiscal year 2022-23, PAT constituted 8.97% of the total revenue, in comparison to 5.83% of the total revenue in the fiscal year 2021-22.

Rationale for increase in Profit After Tax (PAT) compared to total income.

Compared to FY 2021-2022, there has been significant revenue growth of around 139.68% in domestic sales in FY 2022-2023. Our company have started procuring turnkey projects in FY 2022-2023 from government and other big business houses and institution, payment banks, e-courts etc. We have seen a significant change in revenue from Haryana, Maharashtra, New Delhi and Tamil Nadu. We have also made progress in other geographical area in which we operate. We have also maintained cost efficiency during the year which is 88.02% of the total income compared to 91.90% of the previous financial year on account of employee benefit expenses. Even though there has been 258.80% growth in PAT in current year, our PAT margins has increased marginally to 8.97% of total income compared to 5.83% of last financial year.

(erstwhile name of the “Company”) engaged with Check Point Technologies Private Limited regarding the supply and installation of firewall software for a tender secured from IIT-Delhi. Based on Check Point Technologies Private Limited’s assurances that their products met the technical requirements, Vcare Infotech Solutions and Services Pvt. Ltd. placed an order for the equipment. However, upon delivery and during the installation process, significant technical defects in the products were discovered. Despite repeated attempts by Vcare Infotech Solutions and Services Pvt. Ltd. to seek technical assistance and resolution from Check Point Technologies Private Limited, IIT Delhi’s concerns went unanswered, leading to the failure of the project and the subsequent cancellation of the tender by IIT-Delhi. As a result, Vcare Infotech Solutions and Services Pvt. Ltd. suffered substantial financial losses, including the forfeiture of its performance bank guarantee, and was disqualified from participating in future tenders with IIT-Delhi, resulting in a total undue loss of over ₹ 350 Lakhs.

In response, A complaint letter was filed by Vcare Infotech Solutions and Services Pvt. Ltd. against Check Point Technologies Private Limited with the authorities, under relevant sections of the Bhartiya Nyaya Sanhita, 2023, including but not restricted to sections 316, 318, 319, etc.,, highlighting their fraudulent conduct, breach of trust, and criminal conspiracy at the Station House Officer, Police Station Okhla Industrial Area Phase 1, New Delhi, on August 02, 2024, with a copy also sent to the Deputy Commissioner of Police (DCP), South-East, Sarita Vihar, New Delhi, registered under diary number 72 T.16:05, PFO no. 980.

Currently, no FIR has been lodged as of yet, and Vcare Infotech Solutions and Services Pvt. Ltd. is awaiting further action to initiate criminal proceedings against Check Point Technologies Private Limited.

- b. Tripartite agreement dated October 07, 2024, with CDSL, our Company and Registrar to the Issue;
- c. The Company's shares bear an ISIN: INE15E201016.

Market Lot and Trading Lot

Trading of the Equity Shares will happen in dematerialised form, the minimum contract size of [●] Equity Shares in terms of the SEBI circular no. *CIR/MRD/DSA/06/2012* dated *February 21, 2012* and the same may be modified by NSE from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Share subject to a minimum allotment of [●] Equity Shares to the successful Applicants. Further, in accordance with SEBI (ICDR) Regulations the minimum application size in terms of number of specified securities shall not be less than Rupees One Lakh per application.

Minimum Number of Allottees

In accordance with Regulation 268(1) of SEBI (ICDR) Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the monies blocked by the SCSBs shall be unblocked forthwith.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/authorities in Mumbai.

The Equity Shares have not been and will not be, registered under the U.S. Securities Act 1933, as amended (the "Securities Act") or any state securities laws in the United States and may not be Offered or sold within the United States or to, or for the account or benefit of, "U.S. persons" (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. Accordingly, the Equity Shares will be Offered and sold outside the United States in compliance with Regulation S of the Securities Act and the applicable laws of the jurisdiction where those Offers and sales occur.

The Equity Shares have not been and will not be registered, listed, or otherwise qualified in any other jurisdiction outside India and may not be Offered or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where two or more persons are registered as the holders of the Equity Shares, they shall be deemed to hold the same as joint with benefits of survivorship.

Nomination facility to Bidders

In accordance with Section 72(1) & 72(2) of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole

applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72(3) of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in accordance to Section 72(4) of the Companies Act, 2013, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a. to register himself or herself as the holder of the Equity Shares; or
- b. to make such a transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board of Directors may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety days, the Board of Directors may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized mode there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Applicant would prevail. If the Applicant wants to change the nomination, they are requested to inform their respective Depository Participant.

Withdrawal of the Issue

Our Company in consultation with the Book Running Lead Manager, reserve the right not to proceed with the Fresh Issue reserve at any time after the Issue Opening Date but before Allotment. In such an event our Company would issue a public notice in the newspapers, in which the pre-Issue advertisements were published, within two days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The Book Running Lead Manager, through the Registrar to the Issue, shall notify the SCSBs and Sponsor Bank (in case of RII's using the UPI Mechanism), to unblock the bank accounts of the ASBA Applicants and the Escrow Collection Bank to release the Application Amounts to the Anchor Investors, if applicable, within one day of receipt of such notification. Our Company shall also promptly inform the same to the Stock Exchange on which the Equity Shares were proposed to be listed.

Notwithstanding the foregoing, this Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchanges, which our Company shall apply for after Allotment; and (ii) the final RoC approval of the Draft Red Herring Prospectus after it is filed with the RoC. If our Company, in consultation with the Book Running Lead Manager withdraw the Issue after the Application/ Issue Closing Date and thereafter determine that it will proceed with public Issue of the Equity Shares, our Company shall file a fresh Draft Red Herring Prospectus with the Stock Exchange.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager.

Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on NSE is taken within three Working Days from the Issue Closing Date, the timetable may change due to various factors, such as extension of the Issue Period by our Company or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

SEBI is in the process of streamlining and reducing the post issue timeline for initial public offerings and has through its circular *SEBI/HO/CFD/TPD1/CIR/P/2023/140* dated August 09, 2023, reduced the time period for listing of shares in public issue from existing 6 days to 3 days. The revised timeline of T+3 days shall be made applicable in two phases i.e., voluntary for all public issues opening on or after September 1, 2023, and mandatory on or after December 01, 2023. Please note that we may need to make appropriate changes in the Red Herring Prospectus and Prospectus depending upon the prevailing date of this Draft Red Herring Prospectus may result in changes to the above-mentioned timelines. Further, the issue procedure is subject to change to any revised circulars issued by the SEBI to this effect.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will be required to submit reports of compliance with listing timelines and activities prescribed by SEBI, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Applications and any revision to the same shall be accepted only between **10.00 a.m. and 5.00 p.m.** (IST) during the Issue Period. On the Issue Closing Date, the Applications, and any revision to the same shall be accepted between **10.00 a.m. and 5.00 p.m.** (IST) or such extended time as permitted by the Stock Exchanges, in case of Applications by Retail Individual Applicants after taking into account the total number of applications received up to the closure of timings and reported by the Book Running Lead Manager to the Stock Exchange. It is clarified that Applications not uploaded on the electronic system would be rejected. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holiday).

Due to limitation of time available for uploading the Applications on the Issue Closing Date, the Applicants are advised to submit their applications one day prior to the Issue Closing Date and, in any case, no later than 5.00 p.m. (IST) on the Issue Closing Date. All times mentioned in this Draft Red Herring Prospectus are Indian Standard Times. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, as is typically experienced in public Issues, some Applications may not get uploaded due to lack of sufficient time. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Applications will be accepted only on Working Days. Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Applications due to faults in any software/hardware system or otherwise.

The Registrar to the Issue shall submit the details of cancelled/withdrawn/deleted applications to the SCSB's on daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till

the Bid/Issue Closing Date by obtaining the same from the Stock Exchange. The SCSB's shall unblock such applications by the closing hours of the Working Day.

In terms of the UPI Circulars, in relation to the Issue, the BRLM will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within three Working Days from the Bid/ Issue Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

In case of force majeure, banking strike or similar circumstances, the issuer may, for reasons to be recorded in writing, extend the bidding (Issue) period disclosed in the Draft Red Herring Prospectus (in case of a book built issue) or the Issue period disclosed in the prospectus (in case of a fixed price issue), for a minimum period of one working day, subject to the Bid/ Issue Period not exceeding 10 working days.

In case of any delay in unblocking of amounts in the ASBA Accounts exceeding four Working Days from the Bid / Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹ 100 per day for the entire duration of delay exceeding four Working Days from the Bid / Issue Closing Date by the intermediary responsible for causing such delay in unblocking. The Book Running Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking.

Separately, the following compensation mechanism shall be applicable for investor grievances in relation to Bids made through the UPI Mechanism, for which the relevant SCSBs shall be liable to compensate the investor:

Scenario	Compensation amount	Compensated on period
Delayed unblock for cancelled / withdrawn/ deleted applications	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the date on which the request for cancellation / withdrawal / deletion is placed on the bidding platform of the Stock Exchanges till the date of actual unblock
Blocking of multiple amounts for the same Bid made through the UPI Mechanism	Instantly revoke the blocked funds other than the original application amount and ₹ 100 per day or 15% per annum of the total cumulative blocked amount except the original Bid Amount, whichever is higher	From the date on which multiple amounts were blocked till the date of actual unblock
Blocking more amount than the Bid Amount	Instantly revoke the difference amount, i.e., the blocked amount less the Bid Amount and ₹ 100 per day or 15% per annum of the difference amount, whichever is higher	From the date on which the funds to the excess of the Bid Amount were blocked till the date of actual unblock
Delayed unblock for non-Allotted/ partially Allotted applications	₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher	From the Working Day subsequent to the finalization of the Basis of Allotment till the date of actual Unblock

Further, in the event there are any delays in resolving the investor grievance beyond the date of receipt of the complaint from the investor, for each day delayed, the BRLM shall be liable to compensate the investor ₹ 100 per day or 15% per annum of the Bid Amount, whichever is higher. The compensation

shall be payable for the period ranging from the day on which the investor grievance is received till the date of actual unblock.

Bids and any revision in Bids shall be accepted only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time (“IST”)) during the Bid / Issue Period (except on the Bid / Issue Closing Date) at the Bidding Centers as mentioned on the Application Form except that:

On the Bid / Issue Closing Date:

- (i) 4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and
- (ii) until 5.00 p.m. IST or such extended time as permitted by the Stock Exchange, in case of Bids by Retail Individual Bidders.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Applicants are not allowed to withdraw or lower the size of their applications (in terms of the quantity of the Equity Shares or the Applications Amount) at any stage. Retail Individual Applicants can revise or withdraw their Applications prior to the Issue Closing Date. Except Allocation to Retail Individual Investors, Allocation in the Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or the electronic Application Form, for a particular Applicant, the details as per the file received from the Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSB or the member of the Syndicate for rectified data.

The General Information Document shall be made available on the websites of the Stock Exchanges, the Company, and the Book Running Lead Manager before opening of the Issue. Please refer to the relevant provisions of the General Information Document which are applicable to this Issue.

Additionally, all Applicants may refer to the General Information Document for information, in addition to what is stated herein, in relation to (i) category of Applicants eligible to participate in the Issue; (ii) maximum and minimum Application size; (iii) price discovery and allocation; (iv) payment instructions for ASBA Applicants and Retail Individual Investors applying through the United Payments Interface channel; (v) issuance of Confirmation of Allocation Note (“CAN”) and Allotment in the Issue; (vi) general instructions (limited to instructions for completing the Application Form); (vii) Designated Date; (viii) disposal of Applications; (ix) submission of Application Form; (x) other instructions (limited to joint Applications in cases of individual, multiple Applications and instances when an application would be rejected on technical grounds); (xi) applicable provisions of Companies Act, 2013 relating to punishment for fictitious Applications; (xii) mode of making refunds; and (xiii) interest in case of delay in Allotment or refund.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 01, 2019, the UPI Mechanism for Retail Individual Investors applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIIs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by RIBs (“UPI Phase III”), as may be prescribed by the SEBI. Pursuant to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023, the final reduced timeline of T+3 days using the UPI Mechanism for applications by UPI Bidders has been made voluntary for public issues opening on or after September 1, 2023, and mandatory for public issues opening on or after December 01, 2023 (“T+3 Circular”). This Draft Red Herring Prospectus has been drafted in accordance with UPI Phase II framework and also reflects additional measures for streamlining the process of initial public offers. Please note that we may need to make appropriate changes in the Red Herring Prospectus and Prospectus depending upon the prevailing conditions at the time of the opening of the Issue.

Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI master circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 has introduced certain additional

measures for streamlining the process of initial public offers and redressing investor grievances. The provisions of these circulars, as amended, are deemed to form part of this Draft Red Herring Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 05, 2022, all individual bidders in initial public offerings (opening on or after May 01, 2022) whose application sizes are up to ₹ 5,00,000 may also use the UPI Mechanism. This circular has come into force for initial public offers opening on or after May 01, 2022 and the provisions of these circular are deemed to form part of this Draft Red Herring Prospectus.

Pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories). Accordingly, Stock Exchanges shall, for all categories of investors and other reserved categories and also for all modes through which the applications are processed, accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked.

In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI Circular. No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process. In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Bid/Issue Closing Date, the Bidder shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding four Working Days from the Bid/Issue Closing Date by the intermediary responsible for causing such delay in unblocking. Additionally, SEBI vide its circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/00094 dated June 21, 2023 has reduced the time period for refund of application monies from 15 days to four days.

Our Company and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in this Draft Red Herring Prospectus.

PART A

Book Built Process

The Issue is being made in terms of Rule 19(2)(b) of the SCRR, through the Book Building Process in accordance with Regulation 252 of the SEBI ICDR Regulations wherein not more than 50.00% of the Issue shall be allocated on a proportionate basis to QIBs, provided that our Company, in consultation with the BRLM, may allocate up to 60.00% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations. One-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price. In the event of under-subscription, or non-allotment in the Anchor Investor Portion, the balance Equity Shares shall be added to the QIB Portion. Further, 5.00% of the QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and spill-over from the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15.00% of the Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35.00% of the Issue shall be available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Under-subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange subject to receipt of valid Bids received at or above the Issue Price. Under-subscription, if any, in the QIB Portion, would not be allowed to be met with spillover from any other category or a combination of categories.

In accordance with Rule 19(2)(b) of the SCRR, the Issue will constitute at least [●]% of the post Issue paid-up Equity Share capital of our Company.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchange.

Investors should note that the Equity Shares will be Allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which do not have the details of the Bidders' depository account, including DP ID, Client ID, PAN, and UPI ID, for UPI Bidders using the UPI Mechanism, shall be treated as incomplete and will be rejected. Bidders will not have the option of being Allotted Equity Shares in physical form. However, they may get their Equity Shares dematerialised subsequent to Allotment of the Equity Shares in the Issue, subject to applicable law.

Investors must ensure that their PAN is linked with Aadhaar and are in compliance with Central Board of Direct Taxes notification dated February 13, 2020, and press release dated June 25, 2021, and September 17, 2021. Pursuant to the press release dated March 28, 2023, the last date for linking PAN and Aadhaar was extended to June 30, 2023.

Phased implementation of UPI for Bids by RIBs as per the UPI Circulars

SEBI has issued the UPI Circulars in relation to streamlining the process of public issue of, inter alia, equity shares and convertibles by introducing an alternate payment mechanism using UPI. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circulars have introduced and implemented the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 01, 2019, until March 31, 2019, or floating of five main board public issues, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RIB had the option to submit the ASBA Form with any of the Designated Intermediary and use his/ her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 01, 2019, and will continue for a period of three months or floating of five main board public issues, whichever is later. SEBI, vide its circular no. *SEBI/HO/CFD/DCR2/CIR/P/2019/133* dated *November 08, 2019*, has decided to extend the timeline for implementation of UPI Phase II until March 31, 2020.

Subsequently, SEBI, vide its circular no. *SEBI/HO/CFD/DIL2/CIR/P/2020/50* dated *March 30, 2020*, extended the timeline for implementation of UPI Phase II until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and replaced by the UPI Mechanism. However, the time duration from public issue closure to listing continues to be six Working Days during this phase.

Phase III: Pursuant to SEBI circular no. *SEBI/HO/CFD/TPD1/CIR/P/2023/140* dated *August 09, 2023*, Phase III has been notified, and accordingly the revised timeline of T+3 days has been made applicable in two phases i.e., (i) voluntary for all public issues opening on or after September 01, 2023; and (ii) mandatory on or after December 01, 2023. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Circular, once Phase III becomes applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

Pursuant to the SEBI circular no. *SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M* dated *March 16, 2021* issued by SEBI, as amended by the SEBI circular no. *SEBI/HO/CFD/DIL2/P/CIR/2021/570* dated *June 02, 2021* and the SEBI circular no. *SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M* dated *April 20, 2022* (the “UPI Streamlining Circulars”), SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Streaming Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors’ complaints, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No. *SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M* dated *March 16, 2021* read with SEBI Circular No: *SEBI/HO/CFD/DIL2/CIR/P/2021/570* dated *June 02, 2021* read with SEBI Circular No: *SEBI/HO/CFD/DIL2/CIR/P/2022/51* dated *April 20, 2022* NPCI vide circular reference no. *NPCI/UPI/OC No. 127/ 2021-22* dated *December 09, 2021*, inter alia, has enhanced the per transaction limit in UPI from more than ₹0.20 million to ₹0.50 million for UPI based ASBA in initial public offerings.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using UPI. Our Company will appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Bidders using the UPI Mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges, and the BRLM.

Bid and Application Form

Copies of the Bid cum Application Form (other than for Anchor Investors) and the abridged prospectus will be available with the Designated Intermediaries at the Bidding Centres and our Registered Office. An electronic copy of the Bid cum Application Form will also be available for download on the website of NSE (www.nseindia.com) at least one day prior to the Bid/ Issue Opening Date. UPI Bidders may also apply through the SCSBs and mobile applications using the UPI handles as provided on the website of the SEBI.

All Bidders (other than Anchor Investors) shall mandatorily participate in the Issue only through the ASBA process, which shall include the UPI Mechanism in the case of UPI Bidders.

UPI Bidders must provide the valid UPI ID in the relevant space provided in the Bid cum Application Form and the Bid cum Application Form that does not contain the UPI ID are liable to be rejected.

ASBA Bidders must provide either (i) the bank account details and authorisation to block funds in their respective ASBA Accounts, or (ii) the UPI ID, as applicable, in the relevant space provided in the ASBA Form. The ASBA Forms that do not contain such details are liable to be rejected. Applications made by the UPI Bidders using third party bank account or using third party linked bank account UPI ID are liable for rejection.

Anchor Investors are not permitted to participate in the Issue through the ASBA process. ASBA Bidders shall ensure that the Bids are made on ASBA Forms bearing the stamp of the relevant Designated Intermediary, submitted at the relevant Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp are liable to be rejected. For all initial public offerings opening on or after September 01, 2022, as specified in SEBI vide its circular no. *SEBI/HO/CFD/DIL2/P/CIR/2022/75* dated *May 30, 2022*, the ASBA applications in public issues shall be processed only after the application monies are blocked in the investor's bank accounts. Stock Exchanges shall accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked. This circular shall be applicable for all categories of investors, i.e. RIB, QIB, NIB and other reserved categories and also for all modes through which the applications are processed.

Since the Issue is made under Phase III of the UPI Circulars, ASBA Bidders may submit the ASBA Form in the manner below:

- (a) RIBs and NIBs (other than NIBs using UPI Mechanism) may submit their ASBA Forms with SCSBs (physically or online, as applicable), or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- (b) UPI Bidders may submit their ASBA Forms with the Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.
- (c) QIBs and NIBs (not using the UPI Mechanism) may submit their ASBA Forms with SCSBs, Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs.
- (d) ASBA Bidders are also required to ensure that the ASBA Account has sufficient credit balance as an amount equivalent to the full Bid Amount which can be blocked by the SCSB or the Sponsor Bank(s), as applicable, at the time of submitting the Bid. In order to ensure timely information to investors, SCSBs are required to send SMS alerts to investors intimating them about Bid Amounts blocked / unblocked including details as prescribed in Annexure II of SEBI circular no. *SEBI/HO/CFD/DIL2/CIR/P/2022/51* dated *April 20, 2022*.

For all IPOs opening on or after September 01, 2022, as specified in SEBI circular no. *SEBI/HO/CFD/DIL2/P/CIR/2022/75* dated *May 30, 2022*, all the ASBA applications in public issues shall be processed only after the application monies are blocked in the investor's bank accounts. Stock Exchanges shall accept the ASBA applications in their electronic book building platform only with a mandatory confirmation on the application monies blocked. The circular shall be applicable for all categories of investors viz. RIB, QIB and NIB and also for all modes through which the applications are processed.

UPI Bidders must provide the UPI ID in the relevant space provided in the Bid cum Application Form. UPI Bidders may also apply through the SCSBs and mobile applications using the UPI handles as provided on the website of SEBI.

For Anchor Investors, the Anchor Investor Application Form will be available at the offices of the BRLM.

The prescribed colour of the Bid cum Application Form for the various categories is as follows:

Categories	Colour*
Resident Indians, including resident QIBs, NIBs, RIBs and Eligible NRIs applying on a non-repatriation basis	[●]
Eligible NRIs, FVCIs, FPIs and registered bilateral and multilateral institutions applying on a repatriation basis	[●]
Anchor Investors	[●]

*Excluding Electronic Application Form

In case of ASBA Forms, the relevant Designated Intermediaries shall upload the relevant bid details (including UPI ID in case of ASBA Forms under the UPI Mechanism) in the electronic bidding system of the Stock Exchanges and the Stock Exchanges shall accept the ASBA applications in their electronic bidding system only with a mandatory confirmation on application monies blocked. For ASBA Forms (other than UPI Bidders) Designated Intermediaries (other than SCSBs) shall submit/ deliver the ASBA Forms to the respective SCSB where the Bidder has an ASBA bank account and shall not submit it to any non-SCSB bank or any Escrow Collection Bank. Stock Exchange shall validate the electronic bids with the records of the CDP for DP ID / Client ID and PAN, on a real time basis and bring inconsistencies to the notice of the relevant Designated Intermediaries, for rectification and re-submission within the time specified by Stock Exchange. Stock Exchange shall allow modification of either DP ID / Client ID or PAN ID, bank code and location code in the Bid details already uploaded.

For UPI Bidders, the Stock Exchanges shall share the Bid details (including UPI ID) with the Sponsor Bank(s) on a continuous basis through API integration to enable the Sponsor Bank(s) to initiate UPI Mandate Request to the UPI Bidders, for blocking of funds. The Sponsor Bank(s) shall initiate request for blocking of funds through NPCI to the UPI Bidders, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. The NPCI shall maintain an audit trail for every Bid entered in the Stock Exchanges bidding platform, and the liability to compensate UPI Bidders in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank(s), NPCI or the issuer bank) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions / investor complaints to the Sponsor Bank(s) and the issuer bank. The Sponsor Bank(s) and the Bankers to the Issue shall provide the audit trail to the BRLM for analysing the same and fixing liability.

For ensuring timely information to investors, SCSBs shall send SMS alerts for mandate block and unblock including details specified in SEBI circular no. *SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M* dated *March 16, 2021* as amended pursuant to *SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570* dated *June 02, 2021* and SEBI circular no. *SEBI/HO/CFD/DIL2/CIR/P/2022/51* dated *April 20, 2022*. In accordance with BSE Circular No. *20220803-40* and NSE Circular No. *25/2022*, each dated *August 03, 2022*, for all pending UPI Mandate Requests, the Sponsor Bank(s) shall initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 5:00 pm on the Bid/Issue Closing Date (“Cut-Off Time”). Accordingly, UPI Bidders Bidding through the UPI Mechanism should accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse.

Pursuant to NSE circular dated August 03, 2022, with reference no. *25/2022*, the following is applicable to all initial public offers opening on or after September 01, 2022:

- (a) Cut-off time for acceptance of UPI Mandate shall be up to 5:00 pm on the initial public offer closure date and existing process of UPI bid entry by syndicate members, registrars to the Issue and Depository Participants shall continue till further notice.
- (b) There shall be no T+1 mismatch modification session for PAN-DP mismatch and bank/ location code on T+1 day for already uploaded bids. The dedicated window provided for mismatch modification on T+1 day shall be discontinued.

- (c) Bid entry and modification/ cancellation (if any) shall be allowed in parallel to the regular bidding period up to 5:00 pm on the initial public offer closure day.
- (d) The Stock Exchanges shall display bid details of only successful ASBA blocked applications on its website and for UPI bids the demand shall include/consider UPI bids only with latest status as RC 100 – Block Request Accepted by Investor/ Client, based on responses/status received from the Sponsor Bank(s)

For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file/ Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSBs to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+ 1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.

The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket/batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th Application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the over subscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non-allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

Allotment will be made in consultation with the Stock Exchange. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).

For applications where the proportionate allotment works out to less than [●] Equity shares the allotment will be made as follows:

- i. Each successful applicant shall be allotted [●] Equity shares; and
 - ii. the successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
3. If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] Equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of [●] Equity shares subject to a minimum allotment of [●] Equity shares.
 4. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity shares, results in the actual allotment being higher than the shares issued, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Draft Red Herring Prospectus.
 5. The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
 - As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - The balance net Issue of shares to the public shall be made available for allotment to Individual applicants other than retails individual investors and other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 - The unsubscribed portion of the net Issue to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

Retail Individual Investor means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with Stock Exchange. The Executive Director / Managing Director of Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Method and Process of Applications

- 1) The Designated Intermediaries shall accept applications from the Applicants during the Issue Period.
- 2) The Issue Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Issue Period may be extended, if required, by an additional three Working Days, subject to the total Issue Period not exceeding 10 Working Days.
- 3) During the Issue Period, Applicants who are interested in subscribing to the Equity Shares should approach the Designated Intermediaries to register their applications.
- 4) The Applicant cannot apply on another Application Form after applications on one Application Form have been submitted to the Designated Intermediaries. Submission of a second Application form to either the same or to another Designated Intermediaries will be treated as multiple applications and is liable to be rejected either before entering the application into the electronic collecting system or at any point prior to the allocation or Allotment of Equity Shares in this Issue.
- 5) Designated Intermediaries accepting the application forms shall be responsible for uploading the application along with other relevant details in application forms on the electronic bidding system of stock exchange and submitting the form to SCSBs for blocking of funds (except in case of SCSBs, where blocking of funds will be done by respective SCSBs only). All applications shall be stamped and thereby acknowledged by the Designated Intermediaries at the time of receipt.

For Applications submitted by investors to SCSB:	After accepting the form, SCSB shall capture and upload the relevant details in the electronic bidding system as specified by the stock exchange and may begin blocking funds available in the bank account specified in the form, to the extent of the application money specified.
For applications submitted by investors to intermediaries there than SCSBs:	After accepting the application form, respective Designated Intermediary shall capture and upload the relevant details in the electronic bidding system of the stock exchange. Post uploading, they shall forward a schedule as per prescribed format along with the application forms to designated branches of the respective SCSBs for blocking of funds within one day of closure of Issue.

The Designated Intermediaries will enter each application option into the electronic collecting system as a separate application and generate a TRS and give the same to the applicant.

Upon receipt of the Application Form, submitted whether in physical or electronic mode, the Designated Intermediaries shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form, prior to uploading such applications with the Stock Exchange.

If sufficient funds are not available in the ASBA Account, the Designated Intermediaries shall reject such applications and shall not upload such applications with the Stock Exchange.

If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form and will enter each application option into the electronic collecting system as a separate application and generate a TRS for each price and demand option. The TRS shall be furnished to the Applicant on request.

The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Application Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Applicants to the Public Issue Account. In case of withdrawal/ failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

Terms of payment

The entire Issue price of ₹ [●] per share is payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar shall instruct the SCSBs to unblock the excess amount paid on Application to the Applicants.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The applicants should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Applicants.

Payment mechanism

The applicants shall specify the bank account number in their Application Form and the SCSBs shall block an amount equivalent to the Application Amount in the bank account specified in the Application Form. The SCSB shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non-Retail Applicants shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Application Form or for unsuccessful Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Applicant, as the case may be.

Please note that, in terms of SEBI Circular No. *CIR/CFD/POLICYCELL/11/2015* dated *November 10, 2015* and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. *SEBI/HO/CFD/DIL2/CIR/P/2018/138* dated *November 01, 2018*, Retail Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

Unblocking of ASBA Account

On the basis of instructions from the Registrar to the Issue, the SCSBs shall transfer the requisite amount against each successful ASBA Applicant to the ASBA Public Issue Account as per section 40 (3) of the Companies Act, 2013 and shall unblock excess amount, if any in the ASBA Account.

However, the Application Amount may be unblocked in the ASBA Account prior to receipt of intimation from the Registrar to the Issue by the Controlling Branch of the SCSB regarding finalization of the Basis of Allotment in the Issue, in the event of withdrawal/failure of the Issue or rejection of the ASBA Application, as the case maybe.

Maximum and Minimum Application Size

The applications in this Issue, being a Book Built issue, will be categorized into two, For Retail Individual Applicants. The Application must be for a minimum of [●] Equity Shares so as to ensure that the Application amount payable by the Applicant does not exceed ₹ 2,00,000

For Other Applicants (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares such that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter.

A person shall not make an application in the net issue category for a number of specified securities that exceeds the total number of securities issued to the public. Further, the maximum application by non-institutional investors shall not exceed total number of specified securities issued in the issue less total number of specified securities issued in the issue to qualified institutional buyers.

Further, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws.

In case of revision in Applications, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Applicants are advised to ensure that any single Application form does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in the Draft Red Herring Prospectus.

Option to Receive Equity Shares in Dematerialized Form

Investors should note that Allotment of Equity Shares to all successful Applicants will only be in the dematerialized form in compliance of the Companies Act, 2013.

Furnishing the details depository account is mandatory and applications without depository account shall be treated as incomplete and rejected.

The Equity Shares on Allotment shall be traded only in the dematerialized segment of the Stock Exchanges.

Applicants will not have the option of getting Allotment of the Equity Shares in physical form. Allottees shall have the option to re-materialize the Equity Shares, if they so desire, as per the provision of the Companies Act and the Depositories Act.

In the Pre-Issue advertisement, we shall state the Bid/Issue Opening Date and the Bid/Issue Closing Date. The advertisement, subject to the provisions of Section 30 of the Companies Act, 2013, shall be in the format prescribed in Part A of Schedule X of the SEBI ICDR Regulations.

Disposal of Applications and Application Moneys and Interest in Case of Delay

The Company shall ensure the dispatch of Allotment advice, instructions to SCSBs and give benefit to the beneficiary account with Depository Participants and submit the documents pertaining to the Allotment to the Stock Exchange within one working day of the date of Allotment of Equity Shares.

The Company shall use best efforts that all steps for completion of the necessary formalities for listing and commencement of trading at SME Platform of NSE where the Equity Shares are proposed to be listed are taken within 6 (six) working days of closure of the Issue.

Impersonation

Attention of the Applicants is specifically drawn to the provisions of sub-section (1) of Section 38 of the Companies Act, 2013 which is reproduced below:

“Any person who—

- a. Makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- b. Makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- c. Otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”*

Shall be liable for action under section 447 of Companies Act, 2013 and shall be treated as Fraud.

Procedure and time for allotment and demat credit

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall upload the same on its website. On the basis of the approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the Allotment and credit of Equity Shares. **Bidders are advised to instruct their Depository.**

Participant to accept the Equity Shares that may be allotted to them pursuant to the Issue.

Pursuant to confirmation of such corporate actions, the Registrar will dispatch Allotment Advice to the Bidders who have been Allotted Equity Shares in the Issue.

- a) The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract.
- b) Issuer will ensure that: (i) the Allotment of Equity Shares; and (ii) initiate corporate action for credit of shares to the successful Bidders Depository Account which will be completed within 4 Working Days of the Issue Closing Date. The Issuer also ensures the credit of shares to the successful Bidder, depository account is completed within one Working Day from the date of Allotment, after the funds are transferred from the Public Issue Account on the Designated Date.

Basis of Allotment

Allotment will be made in consultation with NSE (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

The total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category x number of Shares applied for).

For applications where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:

Each successful applicant shall be allotted [●] equity shares; and

The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.

If the proportionate allotment to an applicant works out to a number that is not a multiple of [●] equity shares, the applicant would be allotted shares by rounding off to the lower nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.

If the shares allocated on a proportionate basis to any category is more than the shares allotted to the applicants in that category, the balance available shares for allocation shall be first adjusted against any category, where the allotted shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of shares.

Since present issue is a Book Built Issue, the allocation in the Net Issue to the public category in terms of Regulation 253 of the SEBI (ICDR) Regulations, 2018 shall be made as follows:

- a) *not less than thirty-five per cent. to retail individual investors;*
- b) *not less than fifteen per cent. to non-institutional investors;*
- c) *not more than fifty per cent. to qualified institutional buyers, five per cent. of which shall be allocated to mutual funds:*

Provided that the unsubscribed portion in either of the categories specified in clauses (a) or (b) may be allocated to applicants in any other category:

Provided further that in addition to five per cent. allocation available in terms of clause (c), mutual funds shall be eligible for allocation under the balance available for qualified institutional buyers.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

Names of entities responsible for finalizing the Basis of Allotment in the event of Under Subscription. In the event of under subscription in the Issue, the obligations of the Underwriters shall get triggered in terms of the Underwriting Agreement. The Minimum subscription of 100% of the Issue size shall be achieved before our company proceeds to get the basis of allotment approved by the Designated Stock Exchange.

The Executive Director/Managing Director of the SME Platform of NSE -the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations, 2018.

As per the RBI regulations, OCBs are not permitted to participate in the Issue.

There is no reservation for Non-Residents, NRIs, FPIs and foreign venture capital funds and all Non-Residents, NRI, FPI and Foreign Venture Capital Funds applicants will be treated on the same basis with other categories for the purpose of allocation.

- d) Our Company shall comply with the requirements of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in relation to the disclosure and monitoring of the utilization of the proceeds of the Issue.
- e) Our Company shall not have recourse to utilize the Issue Proceeds until the approval for listing and trading of the Equity Shares from the Stock Exchange where listing is sought has been received.
- f) Our Company undertakes that the complaints or comments received in respect of the Issue shall be attended by our Company expeditiously and satisfactorily.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 has prescribed the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment. The Government of India has from time to time made policy pronouncements on foreign direct investment (“FDI”) through press notes and press releases.

The Government of India makes policy announcements on FDI through press notes and press releases. The regulatory framework, over a period of time, thus, consists of acts, regulations, press notes, press releases, and clarifications among other amendments. The DPIIT (formerly Department of Industrial Policy & Promotion) issued the Consolidated FDI Policy Circular dated October 15, 2020, with effect from October 15, 2020 (the “FDI Circular”), which consolidates and supersedes all previous press note, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/ RBI.

For details of the aggregate limit for investments by NRIs and FPIs in our Company, see “*Issue Procedure - Bids by Eligible NRIs*” and “*Issue Procedure - Bids by FPIs*” on pages 298 and 298. As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “U.S. Securities Act”), or the securities laws of any state of the United States and may not be offered or sold within the United States, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, the Equity Shares are being offered and sold only outside the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers, and sale occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Bidders. Our Company, and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares Bid for the Issue do not exceed the applicable limits under applicable laws or regulations.

For further details, see “*Issue Procedure*” beginning on page 287 of this Draft Red Herring Prospectus.

ARTICLES OF ASSOCIATION

OF

NEWGEN IT TECHNOLOGIES LIMITED

*TABLE APPLICABLE TO COMPANY AS NOTIFIED UNDER SCHEDULE I OF THE
COMPANIES ACT, 2013*

A COMPANY LIMITED BY SHARES

INTERPRETATION

(1) In these Regulations unless the context otherwise requires:

(a) "The Company" or this company' means NEWGEN IT TECHNOLOGIES LIMITED

(b) (1) In these regulations—

(a) "the Act" means the Companies Act, 2013,

(b) "the seal" means the common seal of the company.

(c) "public company" means a company which—

(a) is not a private company and;

(b) has a minimum paid-up share capital as may be prescribed:

Provided that a company which is a subsidiary of a company, not being a private company, shall be deemed to be public company for the purposes of this Act even where such subsidiary company continues to be a private company in its articles ;

(2) Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company.

SHARE CAPITAL AND VARIATION OF RIGHTS

II. 1. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.

2. (i) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided, —

(a) one certificate for all his shares without payment of any charges; or

(b) several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.

(ii) Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid-up thereon.

(iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.

3. (i) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company,

a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.

- (ii) The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.
4. Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
5. (i) The company may exercise the powers of paying commissions conferred by sub section (6) of section 40, provided that the rate per cent. or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made there-under.
(ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.
(iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
6. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
(ii) To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari-passu therewith.
8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

LIEN

9. (i) The company shall have a first and paramount lien—
(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:
Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.
(ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.
10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:
Provided that no sale shall be made—
(a) unless a sum in respect of which the lien exists is presently payable; or

(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.
(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.
(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
12. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

CALLS ON SHARES

13. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:
Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.
(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.
(iii) A call may be revoked or postponed at the discretion of the Board.
14. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid by instalments.
15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
16. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.
(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.
17. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
18. The Board—
(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and
(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent. Per annum, as may be agreed upon between the Board and the member paying the sum in advance.

TRANSFER OF SHARES

19. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
- (ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
20. The Board may, subject to the right of appeal conferred by section 58 decline to register—
- (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve;
- or
- (b) any transfer of shares on which the company has a lien.
21. The Board may decline to recognise any instrument of transfer unless—
- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
- (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- (c) the instrument of transfer is in respect of only one class of shares.
22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:
- Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

TRANSMISSION OF SHARES

23. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.
- (ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
24. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—
- (a) to be registered himself as holder of the share; or
- (b) to make such transfer of the share as the deceased or insolvent member could have made.
- (ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
25. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
- (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- (iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in

respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

FORFEITURE OF SHARES

27. If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.
28. The notice aforesaid shall—
- (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
 - (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
29. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
30. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
- (ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
31. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
- (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
32. (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
- (ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
- (iii) The transferee shall thereupon be registered as the holder of the share; and
- (iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
33. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

34. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
35. Subject to the provisions of section 61, the company may, by ordinary resolution-
- (a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
 - (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
 - (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
 - (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
36. Where shares are converted into stock,—
- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:
Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
 - (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
 - (c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.
37. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law—
- (a) its share capital;
 - (b) any capital redemption reserve account; or
 - (c) any share premium account.

CAPITALIZATION OF PROFITS

38. (i) The company in general meeting may, upon the recommendation of the Board, resolve—
- (a) that it is desirable to capitalize any part of the amount for the time being standing to the credit of any of the company’s reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and
 - (b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- (ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards—
- (A) paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - (B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - (C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);

- (D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
- (E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
39. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—
- (a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and
 - (b) generally do all acts and things required to give effect thereto.
- (ii) The Board shall have power—
- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
 - (b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;
- (iii) Any agreement made under such authority shall be effective and binding on such members.

BUY-BACK OF SHARES

40. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

GENERAL MEETINGS

41. All general meetings other than annual general meeting shall be called extraordinary general meeting.
42. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.
- (ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

PROCEEDINGS AT GENERAL MEETINGS

43. (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
- (ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
44. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
45. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.

46. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

ADJOURNMENT OF MEETING

47. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.
(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

VOTING RIGHTS

48. Subject to any rights or restrictions for the time being attached to any class or classes of shares—
(a) on a show of hands, every member present in person shall have one vote; and
(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.
49. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
50. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
(ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
51. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
52. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
53. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
54. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

PROXY

55. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

56. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
57. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:
Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

BOARD OF DIRECTORS

58. Subject to the applicable provisions of the Act, the number of Directors of the Company shall not be less than 3 (three) and not more than 15 (fifteen). However, the Company may at any time appoint more than 15 (fifteen) directors after passing Special Resolution at a General Meeting. The number of the directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them. Further first Directors of Newgen IT Technologies Private Limited will remain same as they were at the time of incorporation of company.
59. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
(ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them—
(a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
(b) in connection with the business of the company.
60. The Board may pay all expenses incurred in getting up and registering the company.
61. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.
62. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
63. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.
64. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
(ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

PROCEEDINGS OF THE BOARD

65. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.

- (ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.
66. (i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
- (ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
67. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
68. (i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.
69. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.
- (ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.
70. (i) A committee may elect a Chairperson of its meetings.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
71. (i) A committee may meet and adjourn as it thinks fit.
- (ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
72. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.
73. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

**CHIEF EXECUTIVE OFFICER, MANAGER, COMPANY SECRETARY OR CHIEF
FINANCIAL OFFICER**

74. Subject to the provisions of the Act-
- (i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

(ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

75. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief-financial officer.

THE SEAL

76. (i) The Board shall provide for the safe custody of the seal.

(ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

DIVIDENDS AND RESERVE

77. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

78. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

79. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

(ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

80. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

(iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

81. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

82. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first

named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

- (ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

83. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

84. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

85. No dividend shall bear interest against the company.

ACCOUNTS

86. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

- (ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

WINDING UP

87. Subject to the provisions of Chapter XX of the Act and rules made thereunder—

- (i) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.
- (ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.
- (iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

INDEMNITY

88. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
