

India to resume regular international flights from March 27

PRESS TRUST OF INDIA
New Delhi, March 8

AFTER A TWO-YEAR hiatus, India will resume regular international flights from March 27, the Ministry of Civil Aviation (MoCA) said on Tuesday.

India had suspended the scheduled international flights since March 23, 2020, due to the Covid pandemic. However, special international flights have been operating between India and 37 countries since July 2020 under air bubble arrangements.

"After deliberation with stakeholders and keeping in view the decline in the COVID-19 caseload, we have decided to resume international travel from March 27 onwards," aviation

minister Jyotiraditya Scindia said, adding that "with this step, I am confident the sector will reach new heights".

Air bubble arrangements will also stand revoked thereafter, he said. In an air bubble arrangement, an air bubble arrangement formed between two nations, carriers of each country are allowed to operate a limited number of international flights to other's territory with specific restrictions. According to the Union health ministry, India on Tuesday reported 3,993 fresh coronavirus infections — the lowest in 662 days. The MoCA said international operations from March 27 will be subject to strict adherence to Union health ministry guidelines that were issued on February 10.
