About the Bootcamp

It is imperative for risk professionals to think about the current state of their organization's approach to risk management

Learn how to reimagine ERM programs and turn theory into practice by creating and applying a practical enterprise risk management (ERM) framework

The 2-day bootcamp prepares professionals to develop and integrate a practical ERM approach that creates and protects organizational value while improving efficiencies.

The Course covers:

all the steps to build a program

starting with how to gain commitment by creating an ERM value statement

strategy through monitoring progress by learning how to assess priorities and measure results against expectations

Ideal For

Chief Risk Officers

Group Heads

Directors

Consultants

Entrepreneurs

Other Senior Professionals

Program Outcomes

Create an ERM value statement and strategy, understanding objectives, obstacles, and challenges.

Design the scope of an ERM framework: aligning accountability, collaboration, and communication

Integrate relevant risk management strategies, deliver training, and identify measurement

Monitor and report progress
