AIT - Management

The AIT Department of Chandigarh University offers industry collaborated courses in emerging areas of management and technology. We have skilled faculty members to contrive a unique competency directed and industry relevant curriculum based on an outcome oriented approach. We align meaningful interactions with academia, community and industry to facilitate value driven holistic development of MBA students and to equip them to meet global business challenges in the professional world.

MBA-Fintech

The Future of Finance

FinTech, a new dart bringing a revolution in the business and finance sector - creating a plethora of possibilities and unparalleled scope for expansion. It is making a profound impact on all sectors and sub-sectors of the finance industry including banking, money transfer, business and personal loans, personal investment, mobile banking, PoS payment, and many more. Big Tech companies are aiming at financial services, which positively impacts the growth of the FinTech market.

FinTech covers technology-enabled business model innovation in the financial sector. Such innovation can disrupt existing industry structures and blur industry boundaries, facilitate strategic disintermediation, revolutionize how firms create and deliver products and services, create significant privacy, regulatory and law-enforcement challenges, provide new gateways for entrepreneurship, and seed opportunities for inclusive growth.
