NIRP is one of the most useful and well-organized programs I have ever attended. I developed a clear vision of the banking and finance sector and its functioning. The live online sessions with industry experts provided me insights into current trends in the industry. The projects helped me apply the concepts I learnt through the program. I thank NSE Academy for this opportunity.

Anjana Sriraman | Stella Maris College, Chennai

NIRP gave me a lot of exposure to the different aspects of BFSI. I gained substantial knowledge on different concepts like Fundamentals Analysis, Technical Analysis, and Future & Options. The instructors were amazing and the sessions were quite engaging; a lot of practical exposure through chart reading, real-life examples, and project work. Overall, I am quite happy with NIRP.

Saujatya Banerjee | Amity University, Kolkata

About NSE Academy

NSE Academy Ltd. (NAL) is a wholly-owned subsidiary of the **National Stock Exchange of India (NSE)**. NAL works towards empowering the BFSI sector with a pool of human resources with the right skills and expertise in each segment of the industry to provide quality intermediation to various stakeholders. NAL works with industry experts, academicians, universities, and other educational institutions to create and deliver capacity-building programs for next-generation BFSI professionals. NAL's flagship offerings are the **NSE Academy Certification in Financial Markets (NCFM)** modules.
