About XLRI | DELHI-NCR

XLRI, India’s first B-School founded in 1949, has had just one campus at Jamshedpur. With India slated to become the fifth largest economy in the world in the near future, there is a concomitant need for more responsible business leaders. Hence, a few years ago, XLRI took a strategic decision to expand its footprint across the country and decided to set up a new campus in North.

XLRI Delhi-NCR campus is located in Jhajjar District, at Aurangpur, which is 25 km from Gurugram and is centrally connected to the main districts like Delhi, Gurgaon, and Rewari. The foundation stone for the XLRI Delhi-NCR campus in Jhajjar District was laid on 16 January 2017. Shri Om Prakash Dhankar, Cabinet minister, Government of Haryana unveiled the plaque of the foundation stone, and Rev. Anil Couto, Archbishop of Delhi, blessed the foundation stone.

The new state-of-the-art campus is spread over an area of 52 acres, has been designed to promote an eco-friendly living experience and to foster climate consciousness. The orientation of the campus buildings has been planned using detailed sun studies and applying concepts of solar-passive architecture. The areas that receive harsher sunlight have a second skin in the form of ventilated cladding. The new campus has earned a Gold-level Green Building Certification, and it has been designed using IGBC guidelines to be able to earn a platinum rating from IGBC in the future.
