About Fundamental Analysis

Fundamental Analysis will help the learners interpret financial ratios to analyze operating & investing activities, liquidity, solvency, and profitability. The skills acquired in this course will help the attendees determine a company's financial health & identify the investments in the equity market. Gain a broad understanding of interest rates, inflation, and central banks and how they affect the market and the companies in focus.

Fundamental Analysis Content

- ▶ Basics of Equity Research & Analysis
- ▶ Key Research Terminology
- ▶ Business Analysis
- ▶ Three Statement Analysis
- ▶ Financial Analysis
- ▶ Management Quality Check
- ▶ Stock Shortlisting & Selection Parameters
- ▶ Basics of Economy Analysis

About Technical Analysis

Technical Analysis transitions between rising and falling trends and are often signaled by price patterns. This course explains concepts such as examining current movements and forecasting future market movements by identifying extremes in investor psychology, highs and lows in prices, and other collective factors.

Technical Analysis Content

- ▶ Japanese Candlesticks
- ▶ Dow Theory
- ▶ Trend Indicator - Moving Averages
- ▶ Momentum Indicator - Relative Strength Index
- ▶ Bollinger Bands
- ▶ Heiken Ashi Patterns
- ▶ Live Market Analysis - Case Study
- ▶ Multiple Trading Strategies based on Different Indicators
- ▶ Trading Strategies based on Price Action

About Capital Market Strategies

Capital Market Strategies should be consistent, quantifiable, and verifiable. Trading indicators are mathematical calculations, plotted as lines on a price chart and can help traders identify certain signals and trends within the market. A trade setup represents the total number of trading conditions that need to be satisfied before we consider entering a trade. The four types of basic trade setups are Continuation, Reversal, Rangebound, and Break-out.

Capital Market Strategies Content

- ▶ Swing trading strategy
- ▶ Momentum Catching Strategy
- ▶ EOD & Positional Trading Strategy
- ▶ Index Trading Strategy
