The National Stock Exchange (NSE) and Chhattisgarh government signed a Memorandum of Understanding (MoU) to implement a student skill-building program for the youth of the state in the banking, financial services and insurance sector.

As part of this understanding, NSE with the support of the Chhattisgarh government, will implement a student skill-building program to increase awareness, build skills, and competencies in the BFSI across Chhattisgarh.

This project is expected to enhance employability and self-employment opportunities in the BFSI sector, the stock exchange said in a statement Tuesday.

Skill development with skills for enhancing employability and self-employment opportunities was one of the key themes of the Union Budget 2024 as well as the New Education Policy (2020) of the Union Government.

NSE said this program aligns with Chhattisgarh government's objective and aims to empower the youth of the state with essential skills and knowledge in the BFSI (Banking, Financial Services and Insurance) sector, bridging the skill gap and enhancing their employment opportunities for the future.

Mukesh Bansal, Secretary - Finance, General Administration, Commercial Tax (GST) and Secretary to Chief Minister, Government of Chhattisgarh said "This strategic partnership between the Government of Chhattisgarh and NSE marks a pivotal step in empowering our youth with vital skills in the BFSI sector. As India takes rapid strides towards comprehensive economic development, Chhattisgarh aims to be a significant contributor."

"By leveraging NSE's expertise and market leadership, we will build a robust talent pool that drives our state's economic growth while enhancing financial literacy across communities."

Sriram Krishnan, Chief Business Development Officer (CBDO), NSE, said, "After Meghalaya and Uttarakhand, we are delighted to partner with the Government of Chhattisgarh to empower its youth. Our initiative aligns perfectly with the state's vision for economic growth. This program will not only democratize financial knowledge but also support Chhattisgarh's journey toward economic resilience."

"NSE's Student Skilling Program seeks to impart hands-on training in the BFSI sector. By nurturing young talent with essential skills, we are laying the foundation for a Viksit Bharat.

The National Stock Exchange of India Ltd (NSE) on Tuesday issued a clarification in response to recent news articles circulating online, which incorrectly reported the appointment of Siddharth Kotak as the AI Promotion Chairman of the bourse.

The stock exchange stated these reports are completely false and have been published without its authorization.

In a statement, the exchange said it "would like to clarify that no such individual by the name Siddharth Kotak has joined NSE as mentioned in the news articles. The news is misleading and fake".

The NSE urged investors, stakeholders, market participants, and the general public to disregard this fake news and exercise caution.

The National Stock Exchange (NSE) and Chhattisgarh government signed a Memorandum of Understanding (MoU) to implement a student skill-building program for the youth of the state in the banking, financial services and insurance sector.

As part of this understanding, NSE with the support of the Chhattisgarh government, will implement a student skill-building program to increase awareness, build skills, and competencies in the BFSI across Chhattisgarh. This project is expected to enhance employability and self-employment opportunities in the BFSI sector, the stock exchange said in a statement Tuesday.

Skill development with skills for enhancing employability and self-employment opportunities was one of the key themes of the Union

Budget 2024 as well as the New Education Policy (2020) of the Union Government.

NSE said this program aligns with Chhattisgarh government's objective and aims to empower the youth of the state with essential skills and knowledge in the BFSI (Banking, Financial Services and Insurance) sector, bridging the skill gap and enhancing their employment opportunities for the future.

Mukesh Bansal, Secretary - Finance, General Administration, Commercial Tax (GST) and Secretary to Chief Minister, Government of Chhattisgarh said "This strategic partnership between the Government of Chhattisgarh and NSE marks a pivotal step in empowering our youth with vital skills in the BFSI sector. As India takes rapid strides towards comprehensive economic development, Chhattisgarh aims to be a significant contributor."

"By leveraging NSE's expertise and market leadership, we will build a robust talent pool that drives our state's economic growth while enhancing financial literacy across communities."

Sriram Krishnan, Chief Business Development Officer (CBDO), NSE, said, "After Meghalaya and Uttarakhand, we are delighted to partner with the Government of Chhattisgarh to empower its youth. Our initiative aligns perfectly with the state's vision for economic growth. This program will not only democratize financial knowledge but also support Chhattisgarh's journey toward economic resilience."

<https://www.edexlive.com/news/2025/Jan/30/chhattisgarh-schools-adopt-bagless-learning-model-govt-partners-with-nse-for-student-skill-development>

In a significant move to ease academic pressure on young students, eight government schools in Balrampur's Chandra Nagar area have embraced a 'bagless' learning system, as stated in a report by *India TV*.

This initiative, spearheaded by the State Education Department, allows students to carry only a notebook and pen while attending school.

"We have made the schools of Chandra Nagar area of Ramchandrapur development block bagless. The school children here carry only copy and pen with them. Along with studies, sewing machines have also been arranged by the education department under vocational education. We are working on an action plan to implement the bagless system in other schools of the district as well," a department official stated.

The initiative fosters a holistic approach to education, integrating practical and vocational learning with academics. The education department is now strategising its expansion across the district. The response from students has been overwhelmingly positive.

One student shared, "I came to school with one book only...because we have got two sets of books, one for home and one for school. This way, I don't have to carry a heavy bag. Previously, we had to carry our bags to school, which was troublesome. But now, thanks to our teachers, we have two sets of books, so we can study without the burden of carrying heavy bags."

The headmaster elaborated on the system's benefits, explaining that students receive two sets of books — one for school and another for

home — minimising their daily load. "We provide books in two sets to students. My goal with the 'bagless' initiative is to ease the burden on children by providing two sets of books."

"After a year of effort, we have implemented a system where old books are collected and redistributed to the next class. New books supplied by the administration are organised in a designated 'book corner' within the school," the headmaster continued.

"This process, ongoing since COVID-19, prioritises experiential learning and extracurricular activities. To this end, we've set up sewing machines, which have seen enthusiastic participation from our girl students."

### **Chhattisgarh gov't signs MoU with NSE to boost student skills**

In another significant development, the Chhattisgarh government has signed a Memorandum of Understanding (MoU) with the National Stock Exchange (NSE) to launch a skill-building programme for students.

The initiative aims to equip youth with crucial skills in the banking, financial services, and insurance (BFSI) sector, enhancing their employability and self-employment prospects.

With the NSE's support, the state will implement a specialised student training programme designed to build competencies in BFSI, aligning with both the Union Budget 2024 and the New Education Policy (2020). The project is expected to bridge the skill gap, fostering economic empowerment and career readiness among students.

The NSE emphasised that the programme aligns with the Chhattisgarh government's vision of preparing students for future job markets. By providing industry-relevant knowledge and training, the initiative aims to create better employment opportunities and promote financial literacy across the state.

### NSE, C'garh Government partner to empower youth with BFSI skills

■ Staff Reporter  
RAIPUR, Jan 28

THE National Stock Exchange (NSE) and the Government of Chhattisgarh have signed a Memorandum of Understanding (MoU) to launch a student skill development program in the Banking, Financial Services, and Insurance (BFSI) sector.

The MoU was exchanged between Mukesh Bansal, Secretary - Finance, General Administration, Commercial Tax (GST) and Secretary to Chief Minister, Government of Chhattisgarh,

and Sriram Krishnan, Chief Business Development Officer, NSE.

This collaboration aims to equip Chhattisgarh's youth with the necessary skills and knowledge to succeed in the burgeoning BFSI sector. The program will focus on increasing awareness, building skills, and enhancing competencies within the sector, thereby improving employment and self-employment opportunities for the state's youth.

This initiative aligns with the key objectives of the Union Budget 2024 and the New Education Policy (2020),

both of which emphasize the importance of skill development for employability and self-reliance.

Mukesh Bansal stated, "This partnership with NSE is crucial for empowering our youth with essential BFSI skills. By leveraging NSE's expertise, we will cultivate a skilled workforce that drives Chhattisgarh's economic growth and contributes to India's overall development."

Sriram Krishnan expressed his enthusiasm for the collaboration, stating, "After successfully partnering with Meghalaya and Uttarakhnad, we are

thrilled to join forces with the Government of Chhattisgarh. This program will not only enhance financial literacy but also contribute to the state's economic resilience."

NSE's Student Skilling Program will provide hands-on training in the BFSI sector, promoting young talent and laying the foundation for a prosperous future.

MoU exchange between Mukesh Bansal, Secretary CG government and Sriram Krishnan, Chief Business Development Officer, NSE.
