RISKS TO INVESTORS:

- Complete Dependence on sale of single product, i.e. zinc oxide:** Our business is almost completely dependent on the sale of one principal product i.e. zinc oxide (in various grades) and any reduction in the demand of the same may have an adverse effect on our business and financial performance. Our revenue from operations contributed by the sale of all types/ grades of zinc oxide was ₹ 4,863.22 million, ₹ 7,842.31 million, ₹ 6,125.07 million and ₹ 4,339.90 million for the nine months period ended December 31, 2023 and Fiscals 2023, Fiscal 2022 and Fiscal 2021, which translates to 99.03%, 98.75%, 98.30% and 98.54%, of our total income, respectively.
- Significant Dependence on Material Subsidiary:** We are significantly dependent on the business operations of our material subsidiary i.e. BDJ Oxides Private Limited and any deterioration in the performance of our material subsidiary may adversely affect our business, financial condition and results of operations. Our Material Subsidiary contributes 63.83%, 57.60%, 58.20% and 57.63% for the nine months period ended December 31, 2023 and Fiscals 2023, Fiscal 2022 and Fiscal 2021, respectively to our Revenue from Operations on a consolidated basis.
- Customer Concentration:** We derive a significant part of our revenue from select customers. If one or more of such customers choose not to source their requirements from us, our business, financial condition and results of operations may be adversely affected. Our top 10 customers contributed ₹ 3,745.72 million, ₹ 5,969.78 million, ₹ 4,634.99 million and ₹ 3,337.20 million constituting 77.02%, 76.09%, 75.63% and 76.67% of our revenue from operations, as on nine months period ended December 31, 2023 and in Fiscal 2023, Fiscal 2022 and Fiscal 2021, respectively
- Unregistered Trademark:** Our logo is not registered as a trademark. If we are unable to protect our intellectual property rights, our business, financial condition and results of operations may be adversely affected.
- Competition Risk:** We operate in a competitive industry with a few organised manufacturers that produce competing products, both in India and internationally. Any inability to compete effectively may lead to a lower market share or reduced operating margins. Our foreign competitors may be able to supply similar products at lower prices due to proximity to our customers, larger scale of operations and export benefits provided in their respective countries.
- Dependence on Application Industries:** Rubber (tyre & other rubber products) contributes to 90.50%, 90.46%, 90.10% and 89.20% to our revenue from operations on a consolidated basis for the nine months period ended December 31, 2023 and Fiscals 2023, Fiscal 2022 and Fiscal 2021 respectively. Our operations are heavily dependent on the rubber and tyre industry and there is a lack of diversification in our business across other Application Industries.
- Dependence on Overseas Suppliers:** Our business is heavily dependent on procurement of raw materials from overseas suppliers. Since we do not usually enter into long-term supply contracts with our suppliers of Zinc Dross and typically, we source Zinc Dross from domestic and international third-party suppliers, including steel galvanizers by way of issuing purchase orders or by participating in online auctions and our business is heavily dependent on procurement of raw materials from overseas suppliers. The terms and production volumes of our raw material supplies are negotiated at the time of issuance of purchase order and the pricing is either determined on a spot basis or linked to a formula basis the LME pricing of zinc. Shortage of raw materials would lead to our estimates being adversely affected, resulting in loss of our business and an adverse impact on our results of operations, cash flows and financial condition.
- Risk from use of Hazardous Substance:** We are subject to certain risks consequent to our operations involving the manufacture, usage and storage of various hazardous substances.
- No prior experience in operating a R&D facility:** As a part of our Objects of the Offer, we intend to set up an R&D center at our Naidupeta Facility. Our Company has not incurred any identifiable expenses towards R&D in Fiscal 2023, Fiscal 2022 and Fiscal 2021 and the nine months period ended December 31, 2023.
- New Product Risk:** In accordance with our strategy to diversify our product offerings and enter into new verticals, we intend to gradually increase the production of pharmaceutical grade zinc oxide and also intend to cater to the demand for active zinc oxide grade, which is extensively used in electronics, high-end specialty chemicals and other niche applications, petroleum and environmental protection industries as

well as other zinc based chemicals and nutrients which find application in agriculture, micro-nutrients and zinc based feeds & additives. If any new products that we may produce are not as successful as we anticipate, our business, cash flows, results of operations and financial conditions may be adversely affected.

- No Longterm agreements:** We do not have long term agreements with our customers and rely on purchase orders for delivery of our products. Loss of one or more of our customers or a reduction in their demand for our products could adversely affect our business, results of operations and financial condition.
