Marketing Partners	Six months ended September 30, 2024		Fiscal 2024		Fiscal 2023		Fiscal 2022	
	In ₹ million	As a percentage of our revenue from operations (%)	In ₹ million	As a percentage of our revenue from operations (%)	In ₹ million	As a percentage of our revenue from operations (%)	In ₹ million	As a percentage of our revenue from operations (%)
Largest marketing partner/ distributors	258.31	14.27%	370.84	17.29%	59.00	16.70%	7.50	5.29%
Top five marketing partners/ distributors	711.46	39.30%	767.95	35.80%	185.65	52.54%	8.87	6.26%
Top ten marketing partners/ distributors	913.34	50.46%	844.67	39.37%	196.46	55.60%	8.87	6.26%

The loss of one or more marketing partners or distributors, the deterioration of their financial condition or prospects, or a reduction in their demand for our products or our inability to maintain and increase the number of our arrangements for the marketing and distribution of our products could adversely affect our business, results of operations, financial conditions and cash flows.

2. **Dependency on the Regulated Markets:** Our business is dependent on the sale of our products and continued growth of the Regulated Markets of US, Canada and United Kingdom. The table below sets out our breakdown of revenue from Regulated Markets Business and Emerging Markets Business, for the indicated periods:

Sr. No	Business Segment	Six months ended September 30, 2024		Fiscal 2024		Fiscal 2023 [#]		Fiscal 2022 [#]	
		Revenue contribution (in ₹ million)	Percentage of revenue from operations (%)	Revenue contribution (in ₹ million)	Percentage of revenue from operations (%)	Revenue contribution (in ₹ million)	Percentage of revenue from operations (%)	Revenue contribution (in ₹ million)	Percentage of revenue from operations (%)
(A)	Regulated Markets Business	1,103.69	60.97%	1,451.52	67.66%	207.40	58.69%	8.87	6.26%
(B)	Emerging Markets Business	585.87	32.37%	442.02	20.60%	-	-	-	-

[#]RPPL, our Subsidiary, through which we undertake our Emerging Markets Business became our subsidiary with effect from December 14, 2023. Accordingly, we do not have any revenue from operations from the Emerging Markets Business for Fiscal 2023 and Fiscal 2022. The revenue from operations from our Emerging Markets Business in Fiscal 2024 is the revenue earned from December 14, 2023 to March 31, 2024.

If market growth for our products decreases in these regions, market acceptance for our competitors' products in these regions increase and results in substitution of our products, or we fail to respond to changes in market conditions or customer preferences in these regions, our business, results of operations, financial condition and cash flows could be adversely affected.

3. **Negative operating Cash Flow:** We have had negative cash flows from operating activities in the last three Fiscal years set out in the table below:

Particulars	Six months ended September 30, 2024	For the year ended March 31, 2024	For the year ended March 31, 2023	For the year ended March 31, 2022
		(in ₹ million)		
Net cash from operating activities	63.86	(198.71)	(10.79)	(104.47)

Continued on next page...

...continued from previous page.

Such negative cash flows from operating activities were mainly attributable to the increase in working capital requirements which was on account of commencement of operations of SPI and acquisition of our subsidiaries, Havix and Ratnatris.

4. **Customer concentration Risk:** The table below sets out the revenue contribution and revenue contribution as a percentage of our total revenue from contracts with customers of our largest customer, our top five customers and our top ten customers, for the six months ended September 30, 2023, Fiscal 2024, Fiscal 2023 and Fiscal 2022:

If one or more of such customers choose not to source their requirements from us or to terminate our contracts or purchase orders, our business, cash flows, financial condition and results of operations may be adversely affected.

5. **Geographic concentration risk:** We have historically derived a major portion of our revenue from the United States. The table below sets out revenue from operations in the United States in absolute terms and as a percentage of total revenue from operations for the periods indicated below:

Countries	Six months ended September 30, 2024		Fiscal 2024		Fiscal 2023		Fiscal 2022

United States	1082.45	59.80%	1,429.31	66.63%	263.49	74.56%	8.87	6.26%

6. **Regulatory risk:** The pharmaceutical market is subject to regulation and failures to comply with the existing and future regulatory requirements in any pharmaceutical market could expose us to litigation or other liabilities, which could adversely affect our reputation, business, financial condition and results of operations. There have been instances in the past where our drugs failed to meet standards prescribed under applicable law and action was taken against us by regulatory authorities.

7. **Operational risk:** Pharmaceutical companies, such as ours, have obligations to, and are required to comply with the regulations and quality standards stipulated by, regulators in India and other jurisdictions. Our manufacturing facilities and products are subject to multiple periodic inspection/audit by these regulatory agencies. Inspections by regulatory authorities that identify any deficiencies could result in remedial actions, production stoppages or facility closure, which would disrupt the manufacturing process and supply of products to our customers.

8. **Risks associated with maintaining quality service standard and contract terms with customers:** Adherence to quality standards is a critical factor in our production process as any deviations from the required specifications by our Company or failure to comply with the technical specifications of our customers regarding the composition of drugs, may lead to a recall of products or cancellation of the orders placed by our customers. In the past, we have had three instances of products being recalled from markets.

9. **Conflict of interest:** Some of our Directors and Promoters are interested in certain Group Companies, Subsidiaries, and Promoter Group, that are engaged in the same business. Description on the historic use of the KPIs by our Company to analyze, track or monitor the operational and/or financial performance of our Company

In evaluating our business, we consider and use certain KPIs as a supplemental measure to review and assess our financial and operating performance. The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Restated Consolidated Financial Information. We use these KPIs to evaluate our financial and operating performance. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of our Company's performance, liquidity or results of operation. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use in evaluating our ongoing operating results and trends and in comparing our financial results with other companies in our industry because it provides consistency and comparability with past financial performance, when taken collectively with financial measures prepared in accordance with Ind AS. Investors are encouraged to review the Ind AS financial measures and to not rely on any single financial or operational metric to evaluate our business.
