

6 Smart Investor Practices for Safe Investing

1

A Smart Investor does not trade based on unsolicited Stock Tips / recommendations

Consult only SEBI authorized investment advisors and credible research reports for making informed investment decisions. Do not rely on tips / recommendations received through SMS, emails, YouTube videos, telegram channel, etc. promising unrealistic returns. Report such activities on +91 8291833676 or feedbk_inv@nse.co.in.

2

A Smart Investor does not fall for misleading promises of guaranteed returns.

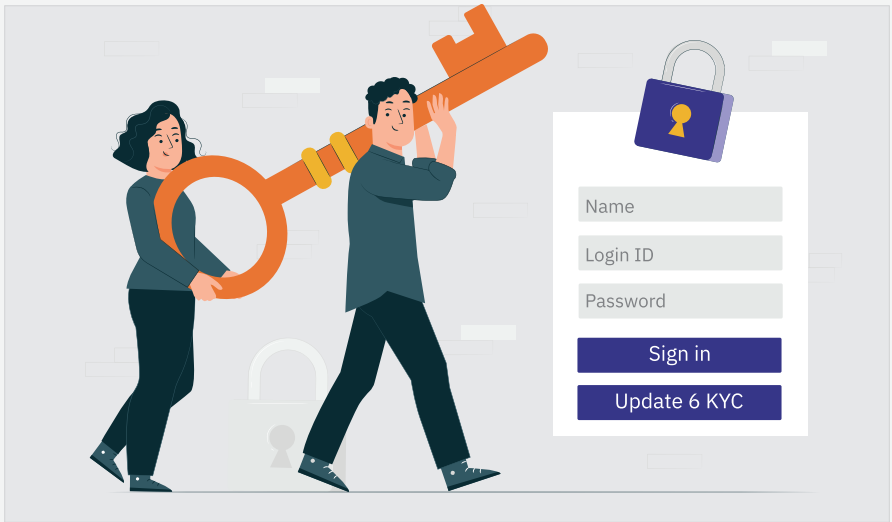

Returns in securities market are subject to market risks. No one can guarantee it. Any promise of guaranteed returns in securities market is prohibited by law. Any investment in such schemes is not eligible for compensation from the Exchange. Report such activities on +91 8291833676 or feedbk_inv@nse.co.in.

3

A Smart Investor trades in options only when he has the skill and knowledge.

Trade in options only if you have experience and high risk-tolerance or else, it can be too risky. Avoid risky trading strategies like writing option contracts to recover market loss. Know that you can lose substantial amount of money, quickly.

4

A Smart Investor does not keep funds idle with the stockbroker.

Investor should receive the funds within 1 working day of the pay-out from the Exchange. In case of "Running account of funds", settlement should be done on 1st Friday of the month or quarter. If investor has a credit balance in the trading account and has not traded in last 30 days, investor should receive the credit balance.

5

A Smart Investor does not share Demat/ Trading account Password with anyone.

Don't get lured with the experience of other investors earning unusually high returns and end up sharing user id / password with anyone. Investor must set a strong password, change it periodically, log out after each trading session.

6

A Smart Investor keeps the mandatory 6 KYC attributes updated with the Stockbroker

Six (6) KYC attributes viz Name, Complete address, PAN, Mobile number, Email ID, Income details/range and details of custodians for the custodian settled clients has been made mandatory for Investors. Investors must ensure to be KYC compliant.
