RISKS TO INVESTORS:

1. **Trademark risk:** We do not own the trademark for our key brands, including "Cello", "Unomax", "Kleeno", "Puro" and their respective logos. Such trademarks are registered in the name of Cello Plastic Industrial Works, a member of our Promoter Group and a partnership firm owned and controlled by our Promoters. If we are unable to renew the relevant agreements that grant us the license to use these trademarks and logos, our business, results of operations and financial condition may be adversely affected. Further, the "Cello" brand name is also used by one of our competitors for its writing instruments business. Any adverse impact on the "Cello" brand name due to the actions of such competitor, which utilizes the brand name, may adversely affect our reputation and business.

2. **Raw material dependency risk:** We depend entirely on third-party suppliers for the supply of raw materials, including plastic granules and plastic polymer which are the most consumed raw materials in the production of our products. Our business is susceptible to fluctuations in raw material prices. The tables below represent our cost of materials consumed as a percentage of our total expenses for the periods indicated:

Particulars	For the Financial Year			Three Months ended June 30,	
	2021	2022	2023	2022	2023
	(% of total expenses)				
Cost of materials consumed	42.86%	49.46%	45.36%	47.05%	44.46%

	(% of cost of materials consumed)				
Cost of consumption of plastic granules and plastic polymer	56.22%	53.19%	48.16%	52.05%	46.54%

Further, disruptions in the availability of quality raw materials from suppliers may lead to a deterioration in quality of our products as the quality of our products is primarily derived from the quality of our raw materials.

3. **Dependency on distribution network:** We are dependent on our distribution network in India and overseas to sell and distribute our products to consumers. If we are unable to maintain and grow our distribution network, our products may not effectively reach consumers and we may lose market share. The table below sets forth a breakdown of

our revenue from operations for the periods indicated by channels:

Particulars	For the Financial Year			Three Months ended June 30,	
	2021	2022	2023	2022	2023

4. **Dependency on third-party contract manufacturers:** We source certain products such as steel and glassware products from third-party contract manufacturers primarily located in China. If we are unable to source adequate quantities of such products in a timely manner from our existing suppliers in the future, we will be unable to find alternative manufacturers at acceptable prices and quality levels or at all. Set forth below are the details of the sale of steel and glassware products supplied to us by third-party contract manufacturers for the periods indicated:

5. **Offer related risk:** The Offer comprises an Offer for Sale by the Selling Shareholders and our Company will not receive any part of the proceeds of the Offer.

6. **Brand and reputational risk:** Our ability to maintain a strong brand reputation is dependent on the public perception and recognition of the quality of our products, range of product portfolio, pricing of products, market penetration, accessibility of products and marketing initiatives. A loss of trust in our products by consumers or by our distribution network or partners could adversely affect our brand reputation and subject us to additional risks and scrutiny.

9. Counterfeit and passing-off risk: Our business may be adversely impacted by sale of counterfeit products and passing-off which may reduce our sales and harm our brands, adversely affecting our results of operations, financial condition and cash flows.
