RISKS TO INVESTORS:

- Regional Concentration Risk:** We derive approximately 70% of our revenue from operations from our hospitals situated in West Bengal as these serve a significant percentage of our patients. Further, all our hospitals are located in the eastern region of India. The revenue from operations of our three hospitals in West Bengal for six months ended September 30, 2023, six months ended September 30, 2022, Fiscal 2023, Fiscal 2022 and Fiscal 2021 was ₹ 1,432.41 million, ₹ 1,203.30 million, ₹ 2,554.10 million, ₹ 2,285.02 million and ₹ 1,643.19 million thus, resulting into a revenue contribution of 70.16%, 69.97%, 70.74%, 67.72% and 67.69%, respectively, of the revenue from operations of the Company. Any impact on the revenue from these hospitals or any change in the economic or political conditions of West Bengal could materially affect our business, financial condition, results of operations and cash flows.
- Risk in relation to a member of Promoter Group being a wilful defaulter:**
 - The name of Ishwari Prasad Tania, one of the members of our Promoter Group was published in the list of Wilful Defaulters by certain financial institutions, due to default in repayment of a loan amounting to approximately ₹ 747 crore, obtained by Tania Constructions Limited, wherein Ishwari Prasad Tania is a Promoter.
 - Additionally, NSDL has frozen his demat account due to non-compliance with certain provisions of the Listing Regulations by Tania Constructions Limited, wherein he is a promoter.
Any adverse order, direction, notice or penalty by any bank or the RBI, SEBI or any other regulatory authority in the future against any member of the Promoter Group or any entity with which any of our member of the Promoter Group is associated, could have an adverse effect on our reputation, consequently, affecting our business operations.
- Competition Risk:** We face competition from other healthcare service providers like hospitals, clinics, diagnostic chains, and dispensaries of varying sizes and specialties. Our competitors also include healthcare facilities owned or managed by government agencies and trusts, which may be able to obtain financing or make expenditure on more favourable terms than private healthcare facilities such as us. If we are unable to compete effectively, our business, results of operations and cash flows may be materially and adversely affected.
- Lower Bed Occupancy Rate:** The Bed Occupancy Rate of our Company is lower than some of our listed peers. If we are unable to maintain bed occupancy rates at sufficient levels, we may not be able to generate adequate returns on our capital expenditure, which could materially and adversely affect our operating efficiencies and our profitability.
- Business Risks:**
 - We are dependent on our healthcare professionals, including our doctors that we engage on a consultancy basis. Loss of or our ability to attract or retain such persons could adversely affect our business, financial condition, results of operations and cash flows.

Attrition (in number)	159	158	324	416	537

*Attrition is calculated as the number of exits divided by the average count of employees during the year / period.

- We are dependent on availability of nurses to provide quality healthcare services. A decline in the number of trained and available nurses may lead to a decline in our ability to provide required patient care and consequently adversely affect our operations and performance.

The following table sets forth the attrition rate for our doctors and nurses for the periods indicated below:

	Fiscal Year 2023	Fiscal Year 2022	Fiscal Year 2021

Any impact on our revenue from such specialties could have a material adverse effect on our business, financial condition, results of operations and cash flows.
- Payment Risk:** Our patients pay for our inpatient and outpatient services through a mix of cash on-site and credit arrangements, including through third-party payers such as private and public insurers. If we do not receive payments on time from our patients, our financial condition, cash flows and results of operations may be materially and adversely affected.

- Litigation risk:** We, our Promoters and Directors are involved in certain legal proceedings, any adverse developments related to which could affect our operations. - Regulatory Risk:** Our industry is highly regulated and requires us to obtain, renew and maintain statutory and regulatory permits, accreditations, licenses and comply with applicable safety, health, environmental, labour and other governmental regulations.
