ORDER

1. The Court is convened by videoconference.
2. Heard Learned Counsel for the Petitioner Companies. No objector has come before the Tribunal to oppose the petition nor has any party controverted any averments made in the petition.
3. The sanction of this Tribunal is sought under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 ('Act') in the matter of the Scheme of Arrangement between DSP Investment Managers Private Limited ("**Transferor Company**") and DSP Asset Managers Private Limited ("**Transferee Company**") and their respective Shareholders ("**Scheme**") which provides for the transfer of the Asset Management Business (*as defined under the Scheme*) of the First Petitioner Company, including without limitation all Licenses (*as defined under the Scheme*) relating to the Asset Management Business,

by way of demerger to the Second Petitioner Company.

4. The Learned Counsel for the Petitioner Companies submits that the First Petitioner Company is primarily engaged in the business of providing investment management and advisory services to mutual funds, alternative investment fund, offshore funds and other investment managers and the Second Petitioner Company is engaged in the business of asset management for any mutual/investment fund which includes acting as managers, consultants, administrators, attorneys, agents, representatives or nominees of or for any mutual funds or investment funds and promoting, preparing, undertaking, executing or administering mutual fund schemes, investment fund schemes, unit trust schemes and issue units or participation certificates therein to investors.

5. The Learned Counsel for the Petitioner Companies submits that the rationale of the Scheme is as follows:

“The segregation of the Demerged Undertaking, inter-alia, would lead to following benefits:

- *segregating the business would enable independent business opportunities, attracting different sets of investors, strategic partners and other stakeholders and would bring about synergy of operations and greater internal control on business processes for ease in decision making;*
- *facilitate better management and focused attention on growth and development of the Remaining Undertaking;*
- *more flexibility in operating the Remaining Undertaking as the Transferor Company can apply assets of the Remaining Undertaking towards growth opportunities that are distinct and separate from the Asset Management Business once the Demerged Undertaking is transferred to the Transferee Company; and*

- *leading to increased value for all stakeholders including inter alia employees and shareholders of the Transferor Company and unlocking value for the shareholders and employees of the Transferor Company.”*
6. Further, this Scheme does not affect the rights and interests of the creditors of the First Petitioner Company and the Second Petitioner Company. There is no compromise or arrangement with any of the creditors of the First Petitioner Company and the Second Petitioner Company and the rights of the creditors are not affected, as all creditors would be paid off in the ordinary course of business.
 7. The Learned Counsel for the Petitioner Companies submits that the Board of Directors of the First Petitioner Company vide resolution dated 21st October 2021 and the Second Petitioner Company vide resolution dated 14th July 2021 have approved the Scheme and have approached the Tribunal for sanction of the Scheme.

ratio (if applicable) and other considerations, if any	Consideration – Not applicable.	
Summary of valuation report (if applicable) including basis of valuation and fairness opinion of the registered valuer, if any, and the declaration that the valuation report is available for inspection at the registered office of the company	<p>The most relevant and vital issue considered by Mr. Surin Shailesh Kapadia (the "Valuer") for providing his report is whether the share exchange ratio proposed to be adopted would result in any adverse consequences to the shareholders of the Transferor Company. The following aspects have been considered by the Valuer for this purpose:</p> <ul style="list-style-type: none"> once the Scheme is implemented all the shareholders of the Transferor Company would become the shareholders of the Transferee Company; the share of the earnings to which they are presently entitled to from the Transferor Company, would, on implementation of the Scheme, be received by them as shareholders of the Transferor Company and the Transferee Company; at present the profits generated by the Transferor Company are available to the shareholders in a single entity viz. the Transferor Company. On implementation of the Scheme the profits generated by the Transferor Company would now be available to them as shareholders of the Transferor Company and the Transferee Company; and the effect of the Scheme is that each shareholder of the Transferor Company becomes the owner of two scrips instead of one; and as an integral part of the Scheme, the Transferor Company ESOPs and the entire current equity share capital of the Transferee Company would be cancelled. Thus, upon implementation of the proposed demerger, the entire share capital of the Transferee Company would be held by all the shareholders of the Transferor Company and the percentage holding of each shareholder in the Transferee Company and the Transferor Company remains unchanged from the proportion of capital held by such shareholder presently in the Transferor Company. Any contemplated change in shareholding will only be as a result of the independent volition of the concerned shareholders or affecting all the shareholders as a class. <p>In view of the above, the Valuer is of the opinion that the proposed share exchange ratio viz., the issue and allotment by the Transferee Company of 1 (one) equity share of INR 10 each for every 1 (one) equity share of INR 10 each of the Transferor Company is fair and reasonable. A copy of the valuation report is available for inspection at the registered office of the Transferor Company and the Transferee Company.</p>	
Details of capital or debt restructuring, if any	The initial issued and paid-up equity share capital of the Transferee Company, comprising of 1,000 equity shares of INR 10 each, aggregating to INR 10,000 will stand cancelled upon the Scheme coming into effect.	
Rationale for the compromise or arrangement	The proposed demerger would result in improving the operational efficiencies, optimizing costs, revenues, capital and would have better access to different financing avenues, for both the Transferor Company and the Transferee Company and would result in improved shareholder value.	
Benefits of the compromise or arrangement as perceived by the Board of directors to the company, members, creditors and others (as applicable)	<p>The segregation of the Demerged Undertaking, <i>inter-alia</i>, would lead to following benefits:</p> <ul style="list-style-type: none"> segregating the business would enable independent business opportunities, attracting different sets of investors, strategic partners and other stakeholders and would bring about synergy of operations and greater internal control on business processes for ease of decision making; facilitate better management and focused attention on growth and development of the Remaining Undertaking; more flexibility in operating the Remaining Undertaking as the Transferor Company can apply assets of the Remaining Undertaking towards growth opportunities that are distinct and separate from the Asset Management.
