Circular Ref. No: 14/2023	

All Members,

Extranet API facility – API version 2.0 update

**This is in continuation to Exchange circular NSE/MSD/55810 dated February 20, 2023, regarding Enhancement in Extranet Functionality.**

As informed in the aforesaid circular, Exchange has introduced new feature in Extranet API where the admin user of the member can provide controlled access to its sub users for specific segments / services (Segments -CM, CD, FO, DEBT, CO, SLB and Services- Extranet-Common)

The above Extranet API version 2.0 with facility of controlled access to its sub users for specific segments / services shall be released in LIVE w.e.f March 20, 2023.

Members may take note of the following:

- Members while calling the endpoints of the Extranet API, may input version as 1.0 or 2.0. i.e. version 1.0 and 2.0 shall be available in parallel w.e.f March 20, 2023.
- Version 1.0 shall be discontinued i.e. version 2.0 shall be mandatory w.e.f April 24, 2023.
- Extranet API versions 1.0 and 2.0 both will be having access control facility available in LIVE
- All the accesses for Extranet services (common or member specific) provided by the member admin to its sub-users till the EOD of March 17,2023 will be applied in Extranet API. Accesses provided to the sub-users on March 18, 2023, subsequent to API version 2.0 applied in LIVE, shall be copied on real time basis in Extranet API.

In view of the above, Extranet API services will not be available on March 18, 2023, and there shall be a down time from 09:00 am to 02:00 pm.

For ease and convenience, both the Extranet API version documents have been made available on Exchange website on the below link:
