RISKS TO INVESTORS:

- If we are unable to anticipate and respond to changes in fashion trends and changing customer preferences in a timely and effective manner, the demand for our products may decline, which may have an adverse effect on our business, results of operations and prospects.
- We derive a significant portion of our revenues from sales to third party brand owners, wholesalers and through online retailers. Any failure to maintain relationships with such third parties could adversely affect our business, results of operations and financial condition.
- We are dependent on our contract manufacturers to procure our products and do not have any manufacturing facilities of our own. Our business is therefore dependent to a large extent on expected performance and operation of our contract manufacturer partners.
- If any new products or brands that we launch are not as successful as we anticipate, our business, results of operations and financial condition may be adversely affected.
- We conduct our business activities on a purchase order basis and therefore, have not entered into long-term agreements with our customers.
- The Merchant Banker associated with the Issue has handled only 6 (six) public issues in the past three years.

Description on the historic use of the KPIs by us to analyze, track or monitor our operational and/or financial performance in evaluating our business, we consider and use certain KPIs, as stated above, as a supplemental measure to review and assess our financial and operating performance.

The presentation of these KPIs is not intended to be considered in isolation or as a substitute for the Restated Financial Information. We use these KPIs to evaluate our financial and operating performance. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to GAAP measures of performance or as an indicator of our operating performance, liquidity or results of operation. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our management believes that it provides an additional tool for investors to use in evaluating our ongoing operating results and trends and in comparing our financial results with other companies in our industry because it provides consistency and comparability with past financial performance, when taken collectively with financial measures prepared in accordance with GAAP. Investors are encouraged to review GAAP financial measures and to not rely on any single financial or operational metric to evaluate our business.
