8	Description, Objective of the scheme	To generate income commensurate with low risk and high liquidity by investing in overnight securities having residual maturity of 1 business day.	To generate income by investing in debt and Money Market Instruments.	To generate steady returns with a moderate risk for investors by investing in a portfolio of short term debt and Money Market Instruments.	To generate returns by investing predominantly in a portfolio of securities issued and guaranteed by Central and State Government across maturities.	To generate superior risk-adjusted returns by investing in Money Market Instruments.	To generate regular and stable income by investing predominantly in bonds issued by corporates. The scheme will invest in bonds which are rated AA+/ AAA by credit rating agencies.

8	Description, Objective of the scheme	To generate capital appreciation and income by investing in equity and equity related instruments, arbitrage opportunities and fixed income instruments (including debt, government securities and money market instruments).	To generate income through arbitrage opportunities emerging out of difference in pricing between the cash market and the derivatives market and through deployment of surplus cash in fixed income instruments.	To generate returns which closely correspond to the returns generated by securities as represented by Nifty 50, subject to tracking error, if any.	To generate returns that closely correspond to the returns provided by investment in physical gold in the domestic market, subject to tracking error.	To provide returns that closely corresponds to returns provided by Invesco India Gold Exchange Traded Fund.
