

Following are the dates for which the trading system code from Live market environment was replicated in the Simulated Environment for the respective segment.

Segment	Date
Capital Market (CM)	02-Jul-25
Futures & Options (FO)	02-Jul-25
Currency Derivatives (CD)	02-Jul-25
Commodity Derivatives (CO)	02-Jul-25

Members may please note that any releases (post successful mock in the live environment) after the above dates is not available currently. Members may accordingly use the Simulated Environment.
