

Following are the dates for which the trading system code from Live market environment was replicated in the Simulated Environment for the respective segment.

Segment	Date
Capital Market (CM)	30 Jul -25
Futures & Options (FO)	30-Jul -25
Currency Derivatives (CD)	30-Jul -25
Commodity Derivatives (CO)	30-Jul -25

Members may please note that any releases (post successful mock in the live environment) after the above dates is not available currently. Members may accordingly use the Simulated Environment.
