

Our Company was originally incorporated as Chaitanya Rural Intermediation Development Services Private Limited as a private limited company under the Companies Act, 1956, pursuant to a certificate of incorporation issued by the Registrar of Companies, Karnataka at Bangalore ("RoC") on February 14, 2012. Our Company has obtained a certificate of registration bearing number N-02.00270 dated March 11, 2016 issued by the RBI to commence/carry on the business of non-banking financial institution without accepting public deposits under Section 45IA of the RBI Act, 1934. Our Promoter acquired control over our Company on October 23, 2019. The name of our Company was changed to 'Navi Finserv Private Limited' pursuant to a certificate of incorporation issued by the RoC on April 22, 2020. A fresh certificate of registration was issued by RBI on May 15, 2020 pursuant to name change of our Company from Chaitanya Rural Intermediation Development Services Private Limited to Navi Finserv Private Limited. Our Company was converted from a private limited company to a public limited company pursuant to a special resolution passed by our Shareholders on March 5, 2022, and the name of our Company was changed to 'Navi Finserv Limited'. Further, a fresh certificate of incorporation dated April 5, 2022 consequent upon change of name on conversion to a public limited company was granted by the RoC. Further, a revised certificate of registration bearing number N- 02.00270 dated May 18, 2022 was issued by the RBI to our Company pursuant to conversion of our Company from a private limited company to a public limited company to commence or carry on the business of non-banking financial institution without accepting public deposits under Section 45IA of the RBI Act, 1934. For details regarding changes to our Registered Office, see "History and Certain Corporate Matters" beginning on page 155.

FORWARD-LOOKING STATEMENTS

Certain statements in this Draft Prospectus that are not statements of historical fact constitute “forward-looking statements”. Investors can generally identify forward-looking statements by terminology such as “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “intend”, “may”, “objective”, “plan”, “potential”, “project”, “pursue”, “shall”, “seek”, “should”, “will”, “would”, or other words or phrases of similar import. Similarly, statements that describe strategies, objectives, plans or goals are also forward-looking statements.

All statements regarding expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to business strategy, revenue and profitability, new business and other matters discussed in this Draft Prospectus that are not historical facts. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results, including financial conditions and results of operations to differ from expectations include, but are not limited to, the following:

- a. Reliance of lending and microfinance business operations intensively on substantial capital;
- b. Volatility in interest rates in both our Company’s lending and treasury operations;
- c. Inability to sustain our Company’s growth or manage it effectively;
- d. Any defaults by the customers of our Company or our Subsidiary in their repayment obligations;
- e. The inability of our Company or our Subsidiary to meet their obligations, including financial and other covenants under our financing arrangements;
- f. Regulatory changes pertaining to the NBFC and microfinance industry; and
- g. Inability to maintain our capital adequacy ratio could adversely affect our business.

For further discussion of factors that could cause our actual results to differ, see “*Risk Factors*” on page 16.

All forward-looking statements are subject to risks, uncertainties and assumptions about our Company that could cause actual results and valuations to differ materially from those contemplated by the relevant statement. Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under the “*Industry Overview*”, “*Our Business*” and “*Outstanding Litigations and Defaults*” on pages 93, 125 and 261 respectively.

The forward-looking statements contained in this Draft Prospectus are based on the beliefs of our management, as well as the assumptions made by and information currently available to our management. Although our Company believes that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our Company’s underlying assumptions prove to be incorrect, our actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements.

By their nature, certain market risk disclosures are only estimate(s) and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company, our Directors and officers, nor any of our respective affiliates or the Lead Manager have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI NCS Regulations, as amended, our Company and the Lead Manager will ensure that investors are informed of material developments between the date of filing the Prospectus with the RoC and the date of receipt of listing and trading permission being obtained from the Stock Exchanges for the NCDs.

CERTAIN CONVENTIONS, USE OF FINANCIAL, INDUSTRY AND MARKET DATA AND CURRENCY PRESENTATION

General

In this Draft Prospectus, unless the context otherwise indicates or implies, references to "you", "offeree", "purchaser", "subscriber", "recipient", "investors" and "potential investor" are to the prospective investors in this Issue, references to our "Company", the "Company", "we", "us", "our" or the "Issuer" are to Navi Finserv Limited.

The extent to which the market and industry data used in this Draft Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources.

Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in *"Risk Factors"*, on page 16. Accordingly, investment decisions should not be based solely on such information.

SECTION II: RISK FACTORS

Prospective investors should carefully consider the risks and uncertainties described below, in addition to the other information contained in this Draft Prospectus including the section titled “Our Business” at page 125 of this Draft Prospectus, section titled “Financial Information” at page 341 of the Draft Prospectus respectively, before making any investment decision relating to the NCDs. If any of the following risks or other risks that are not currently known or are now deemed immaterial, actually occur, our business, financial condition and results of operation could suffer, the trading price of the NCDs could decline and you may lose all or part of your interest and/or redemption amounts. The risks and uncertainties described in this section are not the only risks that we currently face. Additional risks and uncertainties not known to us or that we currently believe to be immaterial may also have an adverse effect on our business, results of operations and financial condition.

Our Company’s lending products (i.e. personal loans and home loans) are exclusively distributed through the ‘Navi’ app, which is a mobile application developed by our Promoter, NTL (“Navi App”). Our Company has entered into an Outsourcing Agreement for, inter alia, technology based services, cash management and loan distribution, operations, collections, and taxation. Any references to “the App” in this section are to be read as references to the Navi App which is providing loan sourcing services to our Company pursuant to the Outsourcing Agreement.

Unless otherwise stated in the relevant risk factors set forth below, we are not in a position to specify or quantify the financial or other implications of any of the risks mentioned herein.

Unless the context otherwise requires, indicates or implies, “we”, “us” or “our” refers to our Company together with our Subsidiary.

This Draft Prospectus contains forward looking statements that involve risk and uncertainties. Our Company’s actual results could differ materially from those anticipated in these forward-looking statements as a result of several factors, including the considerations described below and elsewhere in this Draft Prospectus.

Unless otherwise mentioned the financial and operation information in this section are on standalone basis for our Company and our Subsidiary, respectively.

INTERNAL RISKS

- 1. *The lending business of our Company and the microfinance business operations of our Subsidiary rely intensively on substantial capital and any disruption in our sources of capital could adversely affect our liquidity and financial condition.***

The liquidity and profitability of the lending business of our Company and the microfinance business of our Subsidiary depends, in large part, on our timely access to, and the costs associated with financing. Our financing requirements historically have been met from various sources, including loans from non-banking financial companies, bank loans and working capital facilities, non-convertible debentures, commercial paper and equity. As such, our lending and microfinance businesses depend and will continue to depend on our ability to access a variety of sources of capital. For the Financial Years 2023, 2022 and 2021, the capital adequacy ratio of our Company was 28.37%, 30.73% and 38.04%, respectively. For the Financial Years 2023, 2022 and 2021, the capital adequacy ratio of our Subsidiary, CIFICPL, was 22.34%, 17.38% and 26.39%, respectively. We may require additional capital for our business operations. The actual amount and timing of our future capital requirements may differ from estimates as a result of, among other things, changes in business plans due to prevailing economic conditions, unanticipated expenses and regulatory changes, including any changes to RBI’s monetary policies which are applicable to us or unforeseen delays in developing our products. To the extent our capital requirements exceed our available resources, we will be required to seek additional debt or equity capital. Additional debt financing could increase our interest costs and require us to comply with additional restrictive covenants in our financing agreements.

Our ability to obtain financing on favourable terms, if at all, will depend on a number of factors, including our profitability and cash flows, asset quality, market interest rates, vintage of our business and the prevailing macroeconomic and other conditions. For instance, our Promoter, NTL, proposes to infuse funds into our Company out of the proceeds of a proposed initial public offer, which is contingent on various factors including receipt of requisite regulatory approvals and market conditions. For further details, see “Our Business” on page 125. In addition, the cost and availability of debt capital depends in part on our short-term and long-term credit ratings. Our Company’s long-term debt is rated IND A (Stable) and CRISIL A (Stable) by India Ratings and CRISIL respectively, and commercial papers are rated Ind A1 by India Ratings and A1 by CARE. Our Subsidiary, CIFICPL’s long term debt is rated IND A (Stable) and CRISIL A (Stable) by India Ratings and CRISIL respectively and commercial papers are rated IND A1 by India Ratings and A1 by CARE. There is no guarantee that we will be able to maintain such ratings in the

future. We have not experienced downgrades in our credit ratings in the past. Any downgrade in our credit ratings could increase borrowing costs and adversely affect our access to capital and debt markets, as well as increase the probability that our lenders may impose additional terms and conditions to any financing or refinancing arrangements we enter into in the future. Any downgrade in our credit ratings may also trigger an event of default or acceleration of certain of our current or future borrowings.

Further, any additional financing that we require on an ongoing basis for our capital requirements may place restrictions on us, which may, *inter alia*, limit our ability to pursue our growth plans or require us to dedicate a substantial portion of our cash flow from operations to service our debt obligations, or limit our flexibility in planning for, or reacting to changes in our business and our industry, either through the imposition of restrictive financial or operational covenants or otherwise.

We cannot assure you that we will be able to raise financing on acceptable terms in a timely manner or at all. Our failure to raise financing could adversely impact our business, financial condition and results of operations.

2. We are affected by volatility in interest rates in both our lending and treasury operations, which could cause our net interest income to vary and consequently affect our profitability.

Our results of operations from our lending businesses depend substantially on the level of our net interest income, which is the difference between our interest income and other fees, and interest expense and other borrowing costs. Further, the rate of interest that we charge on our loans impacts the market demand of the loans.

The table below sets forth details relating to the carrying amount of our interest-bearing financial assets (loan assets) as of the dates indicated:

(in ₹ million)

Interest-bearing Financial Assets (Loan Assets)	As of March 31,

Our interest income is affected by any volatility in interest rates in our lending businesses. Interest rates are highly sensitive to many factors beyond our control, including the monetary policies of the Reserve Bank of India ("RBI"), deregulation of the financial sector in India, domestic and international economic and political conditions and other factors. For example, the RBI announced a sixth repo rate hike to 6.50% (an increase of 25 basis points) with immediate effect on February 8, 2023. Moreover, if we have to pass on any increase in the interest rates we pay on our borrowings to our customers, we may find it difficult to compete with our competitors, who may have access to low-cost funds or lower cost deposits.

The table below sets forth details relating to our exposure to interest-bearing liabilities as of the dates indicated:

Interest-bearing Liabilities	As of March 31,		
	2023	2022	2021
In our Company			
Fixed interest-bearing liabilities (excluding CCIL Repo) in our Company	30,320.96	13,023.16	100.00
Floating interest-bearing liabilities (excluding CCIL Repo) in our Company	25,021.64	14,881.74	3,661.22
In CIFCPL			
Fixed interest-bearing liabilities in CIFCPL	9,235.46	5,890.69	5,569.10
Floating interest-bearing liabilities in CIFCPL	25,711.66	14,512.44	4,593.04

(in ₹ million)

Further, to the extent our borrowings are linked to market interest rates, we may have to pay interest at a higher rate than lenders that borrow only at fixed interest rates. In a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our interest-earning assets, it could lead to a reduction in our net interest income and net interest margin.

Fluctuations in interest rates may also adversely affect our treasury operations. In a rising interest rate environment, especially if the rise is sudden or sharp, we could be adversely affected by the decline in the market value of our securities portfolio and other fixed income securities. To protect against interest rate volatility, we have in the past entered into swaps and derivatives arrangements and overnight interest rate swaps. Our inability to effectively and efficiently manage interest rate variations and our failure to pass on increased interest rates on our borrowings to our customers, including pursuant to the measures taken by us for protection against interest rate volatility, may cause our net interest income to decline, which would decrease our return on assets and could adversely affect our business, financial condition, results of operations and cash flows.

3. We have experienced significant growth in recent periods, and we may not be able to sustain our growth or manage it effectively.

We have experienced significant growth in recent periods. Our Company's total revenue from operations has grown to ₹12,830.16 million in the Financial Year 2023 from ₹ 3,366.83 million in the Financial Year 2021, representing a CAGR of 56.20%. As part of our growth strategy, we plan to build on the wallet shares of our existing customer base of digitally savvy customers by launching adjacent lending products. The launch of new products or business lines may be subject to approval or licensing requirements by the relevant regulatory authorities. For example, our Company has made an application dated June 6, 2022 with the Reserve Bank of India for issuance of credit cards under the Master Direction – Credit Card and Debit Card – Issuance and Conduct Directions, 2022. Further, sustained growth will require significant investments in technology and digital marketing by us and our Promoter, NTL, and will also put pressure on our ability to effectively manage and control historical and emerging risks. Such further expansion will increase the size of our business and the scope and complexity of our operations, and this could put a strain on our internal control framework and processes. We may not be able to effectively manage this growth or achieve the desired profitability in the expected timeframe or at all and may not be able to reflect improvement in other indicators of financial performance from the expansion.

If we increase our credit exposure too rapidly or fail to make proper assessments of credit risks associated with new customers, a higher percentage of our loans may become non-performing, which would have an adverse effect on the quality of our assets and our financial condition. We have entered into co-lending arrangements with certain other non-banking financial companies. We cannot assure that such co-lending arrangements will not be terminated or paused which may impact the growth of our business. In addition, if we enter into strategic alliances or undertake inorganic acquisitions as part of our growth strategy, we may not be able to manage integration of the acquired businesses effectively. Our inability to effectively manage any of these issues may adversely affect our business growth and, as a result, impact our businesses, prospects, financial condition and results of operations.

Growth through geographical expansion or other methods

In addition, as we enter new markets and geographical regions, we are likely to compete with not only banks, MFIs, HFCs and other financial institutions but also the local unorganised or semi-organised private financiers, who are more familiar with local regulations, business practices and customs, and may have stronger relationships with target customers.

Factors such as competition, customer requirements, regulatory regimes, business practices and customs in new markets may differ from those in our existing markets, and our experience in our existing markets may not be applicable to new markets.

As we expand our business or the geographic footprint of our lending and microfinance businesses, we may be exposed to additional challenges, including, without limitation:

- obtaining necessary governmental approvals in relation to entering new geographies or new lines of business, or launching new products which are regulated;
- in respect of our businesses with a physical footprint, identifying and collaborating with local business partners with whom we may have no existing relationship;
- successfully marketing our products and attracting customers in markets or for new lines of business in which we have no familiarity, significant experience or visibility;
- in respect of our businesses with a physical footprint, being subject to additional local taxes;
- managing the rapid growth of our employee base;
- attracting and retaining new employees;
- expanding our technological infrastructure; and
- maintaining standardised systems and procedures.

To address these challenges, we may have to make significant investments that may not yield desired results or incur costs that we may not be able to recover. There can be no assurance that we will be able to continue to successfully implement our growth strategies, and our inability to do so may adversely affect our business, financial condition, results of operations and cash flows.

4. *If our customers default in their repayment obligations, our business, results of operations, financial condition and cash flows may be adversely affected.*

Our customers may default on their obligations to us due to a variety of factors, including as a result of their bankruptcy, lack of liquidity, government or other regulatory intervention, other reasons such as their inability to adapt to changes in the macro business environment or any other factors which impact their incomes. Additionally, some customers may intentionally default on their repayment obligations. Historically, customers in our loans business have been adversely affected by economic conditions in varying degrees. Such adverse impact may limit our ability to recover the dues from such customers and the predictability of our cash flows. Increasing credit losses due to financial difficulties of customers in our lending business in the future could adversely affect our business, financial condition, results of operations and cash flows.

We also provide loans to customers who are self-employed. Self-employed customers are often considered to be higher credit risk customers due to their increased exposure to fluctuations in cash flows particularly in adverse economic conditions. To the extent we are unable to successfully manage the risks associated with lending to self-

employed customers, it may become difficult for us to recover outstanding loan amounts from such customers. We cannot assure you that our risk management controls will be sufficient to prevent future losses on account of customer defaults, which may adversely affect our business, results of operations and financial condition.

Our ability to manage the credit quality of our loans, which we measure in part through Stage 3 Assets, is a key driver of our results of operations. Our Company's personal loan portfolio has grown during the Financial Year ended March 31, 2023 and March 31, 2022, and we continue to pursue our expansion strategy. As of March 31, 2023 and March 31, 2022, our Company's Stage 3 Assets were ₹1,134.98million and ₹ 229.64 million, respectively, while our Company's Stage 3 Assets to AUM (for personal loans) was 1.84%and 0.91%, respectively.

Further, our Company's loans portfolio, as of March 31, 2023 and March 31, 2022, our Stage 3 Assets (net) were ₹ 200.02 million and ₹ 8.14 million, respectively, while our Company's Stage 3 Assets (net) to AUM (net) was 0.33% and 0.03%, respectively. In addition, a significant portion of our loan portfolio is relatively new and was disbursed during the last financial year. We believe that the risk of delinquency in our loans typically emerges from four to 12 months from disbursement. Our risk performance index is based on vintage curves as our book maturity from risk of delinquency is on the lower end. We cannot assure you that we will be able to maintain or reduce our current levels of Stage 3 Assets in the future.

Further, as NBFCs, we are regulated by the RBI and are required to adhere to the prudential norms on income recognition, asset classification and provisioning ("**IRACP**") notified by the RBI from time to time, in addition to the Ind AS accounting and provisioning requirements applicable to our Company and our Subsidiary in the ordinary course. For instance, on November 12, 2021, the RBI issued a circular titled "Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications" ("**November 12 Circular**") with a view to ensuring uniformity in the implementation of IRACP norms across all lending institutions. The November 12 Circular, among other matters, requires borrower accounts to be flagged as overdue by lending institutions as part of their day-end processes for the due date, irrespective of the time of running such processes. Similarly, classification of borrower accounts as special mention accounts ("**SMA**") as well as NPA is required to be undertaken as part of day-end processes for the relevant date, such that the date of SMA/ NPA shall reflect the asset classification status of an account at the day-end of that calendar date. The November 12 Circular clarifies that the SMA classification requirement for borrower accounts is applicable to all loans, including retail loans, irrespective of size of exposure of the lending institution. Further, the November 12 Circular provides that accounts classified as NPAs may be upgraded to 'standard' only if the entire arrears of interest and principal are paid by the borrower, as opposed to such upgradation being undertaken upon payment of only interest overdues. We cannot assure that the impact of the November 12 Circular will not impact our current levels of NPAs in the future. Further, as our loan portfolio grows, our NPAs may increase and the current level of our provisions may not adequately cover any such increases. General economic slowdown or financial difficulties faced by our customers could unexpectedly increase delinquency rates. We cannot assure you that there will not be a significant increase in the portion of our loans that are classified as NPAs (based on November 12 Circular) as our loan portfolio matures or that any of the steps taken by us in avoiding repeat delay and / or default of loan repayments by our borrowers will be sufficient.

On December 14, 2021, the RBI issued a circular titled "Prompt Corrective Action (PCA) Framework for Non-Banking Financial Companies (NBFCs)" ("**PCA Framework Circular**") to enable supervisory intervention and implement remedial measures of NBFCs, including NBFC-NDs, on the basis of tracking certain indicators such as CRAR, Tier I Capital Ratio and Net NPA Ratio. Pursuant to the PCA Framework Circular, the PCA framework for NBFCs will come into effect from October 1, 2022, based on the financial position of NBFCs on or after March 31, 2022. We cannot assure you that in the future, we will be able to maintain the thresholds prescribed by the RBI under the PCA Framework Circular.

As of March 31, 2023 and March 31, 2022, our Company's gross NPA to total AUM ratio for our personal loans business was 1.84% and 0.91%, respectively, and our Company's Net NPA to net AUM was 0.33% and 0.03%, respectively. For the Financial Year 2023 and the Financial Year 2022, our Company's provisions for standard assets amounted to ₹ 3,163.98 million and ₹1,290.10 million, respectively, in our personal loans business. For the same periods, our Company's provision for non-performing assets amounted to ₹ 934.97 million and ₹ 221.50 million, respectively, in such business.

As of March 31, 2023 and March 31, 2022, our Company's gross NPA to total AUM ratio for our home loans business was 0.04% and NIL. For the year ended March 31, 2023, our Company's provisions for standard assets amounted to ₹ 96.42million in our home loans business. As of March 31, 2022, our Company's provisions for standard assets amounted to ₹15.43 million for our home loans business.

As of March 31, 2023, March 31, 2022 and March 31, 2021, our Subsidiary's gross NPA to total AUM ratio for our Subsidiary's microfinance business was 0.28%, 1.30% and 4.10%, respectively, and our Subsidiary's net NPA to net AUM ratio was 0.05%, 0.40% and 0.89%, respectively. For the Financial Years 2023, 2022 and 2021, our Subsidiary's provisions for standard assets amounted to ₹509.43 million, ₹271.13 million and ₹282.77 million, respectively, in its microfinance business. For the same periods, our Subsidiary's provision for non-performing assets amounted to ₹89.79 million, ₹205.18 million and ₹384.17 million, respectively, in such business.

In particular, all of the microfinance loans we provide are extended on an unsecured basis and rely on mutual guarantee mechanisms rather than any tangible assets or collateral. Our microfinance lending model involves a joint liability mechanism whereby borrowers form an informal joint liability group and provide joint and several guarantees for loans obtained by each member of the group. We cannot assure you that such joint liability arrangements will ensure repayment by the other members of the joint liability group in the event of default by any one of them. Such joint liability arrangements are likely to fail if there is no meaningful personal relationship or bond among members of such group, if members do not participate regularly in group meetings, if inadequate risk management procedures have been employed to verify the group members and their ability to repay such loans, or as a result of adverse external factors such as natural calamities or forced migration. Further, while we have our own due diligence and credit analysis procedures, we cannot assure you that we will be able to ensure low delinquency rates.

Our unsecured personal loans present a higher risk of loss in case of a credit default as compared to loans to customers in other asset-backed financing products. In addition, there can be no assurance that our models will be able to successfully predict the default behaviour of our personal loan customers or that our loan loss reserves will be sufficient to cover any actual losses. Further, we offer unsecured loan products with a larger ticket size, longer tenor and lower interest rate options for repeat customers. If there is a default by customers on repayment of such unsecured loans or if we are unable to recover our principal and interest through legal proceedings, we may experience increased levels of NPAs and we may be required to make related provisions and write-offs that may have an adverse effect on our business, financial condition, results of operations and cash flows.

In respect of our home loans, in the event of default by our customers, there can be no assurance that we will be able to sell the property secured as collateral at all or at a price sufficient to recover the amounts under default due to among other things, unforeseen delays in our ability to take immediate action, winding up and foreclosure proceedings, defects in title, defects in perfection of the collateral or documentation relevant to the assets, fraudulent transfers by our customers and/or builders and the necessity of obtaining regulatory approvals and/or court orders for the enforcement of our collateral over those assets.

As of March 31, 2023, our Company had secured borrowings of ₹ 51,126.09 million and unsecured borrowings of ₹ 6,500.23 million. For further details, see "*Disclosures on Existing Financial Indebtedness*" on page 179.

Further, certain ownership documents of the immovable properties that are mortgaged to us may not be duly registered or adequately stamped. Failure to adequately stamp and register a document may render the document inadmissible in evidence. Consequently, should any default arise in relation to home loans, we may be unable to, or may incur additional expenses to, enforce our rights in relation to such mortgaged properties. In addition, for home loans extended for properties that are still under construction, we may face risks of non-payment in the event that the builders do not complete construction of the properties on time, or at all, due to cashflow or other issues. Further, if any of our customers take recourse to arbitration or litigation against our claims, it may cause a further delay in our recovery process leading to depreciation of the collateral. A failure or delay in recovering the expected value from sale of collateral could expose us to a potential loss. Any such losses could adversely affect our business prospects, financial condition and results of operations.

Further, we are required to adhere to provisioning requirements pursuant to the Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016, as amended ("**Master Directions**"). If future regulations require us to increase our provisions for any reason, our profits may be adversely affected. Also, our ability to raise additional capital and debt financing as well as our results of operations and financial condition could be adversely affected as a result thereof. The amount of our reported NPAs may increase in the future due to the aforementioned factors and other factors beyond our control, and we cannot assure you that we will be able to effectively control or reduce the level of the impaired loans in our total AUM. If we are unable to manage our NPAs or adequately recover our loans, our business, financial condition and results of operations will be adversely affected. In addition, our current loan loss reserves may not be adequate to cover an increase in the amount of NPAs or any future deterioration in the overall credit quality of our total AUM. If the quality of our loan portfolio deteriorates, we may be required to increase our loan loss reserves. If such provisions

are not sufficient to provide adequate cover for loan losses that may occur, this could have an adverse effect on our business, financial condition and results of operations.

5. *Our inability to meet our obligations, including financial and other covenants under our financing arrangements could adversely affect our business, results of operations and financial condition.*

As of March 31, 2023, our outstanding borrowings (both secured and unsecured) on a standalone basis aggregated to ₹ 57,626.32 million. Our ability to meet our debt service obligations and repay our outstanding borrowings will depend primarily on the cash generated by our business, which depends on the timely repayment by our customers. For details in relation to our outstanding indebtedness and certain indicative terms of our borrowing facilities, see “*Disclosures on Existing Financial Indebtedness*” on page 179. Our financing agreements contain several restrictive covenants and we are required to obtain prior approval from our lenders for undertaking various actions, including:

- Change in capital structure of our Company without the prior approval of the lender;
- Change in management control of our Company without the prior approval of the lender;
- Change in the constitutional documents of our Company without the prior approval of the lender;
- Undertaking or permitting any merger, de-merger, consolidation, reorganisation, scheme of arrangement or compromise between our Company and its creditors or shareholders or effecting any scheme of amalgamation or reconstruction including creation of any subsidiary or permitting any company to become a subsidiary of our Company without the prior approval of the lender;
- Declaration or payment of dividends, or authorising or making any distribution to the Shareholders pending repayment of the outstanding dues to lenders without the prior approval of the lender; and
- Making any equity investments in the primary or secondary markets.

Under some of these financing agreements, certain lenders require us to maintain certain financial ratios at the end of certain reporting periods, including end of fiscal quarters and fiscal years. Some of our financing agreements also contain cross-default clauses, which are triggered in the event of a default by us under our respective financing agreements. For details of the indicative events of default and the consequences of events of default under our borrowing arrangements, see “*Disclosures on Existing Financial Indebtedness*” on page 179. Our failure to meet our obligations under our financing agreements, including *inter alia* creation of security as per terms agreed, default in payment of interest, default in redemption or repayment, non-creation of debenture redemption reserve, default in payment of penal interest wherever applicable could have an adverse effect on our business, results of operations and financial condition. For details in relation to our outstanding indebtedness and certain indicative terms of our borrowing facilities, see “*Disclosures on Existing Financial Indebtedness*” on page 179.

Our future borrowings may also contain similar or more stringent restrictive provisions. If we fail to meet our debt service obligations or covenants provided under the financing agreements, the relevant lenders could declare us to be in default under the terms of our agreements and/ or accelerate the maturity of our obligations. We cannot assure you that, in the event of any such acceleration, we will have sufficient resources to repay the borrowings. Further, there have been instances of non-compliance with financial covenants by CIFCPL and technical defaults in the past by our Company, which had been reported to the Central Repository of Information on Large Credits. While these non-compliances were waived by the relevant lenders, and not considered as breach of terms by the lenders, we cannot assure you that any future instances of non-compliances shall be treated by the lenders in a similar manner.

The negative covenants as mentioned in this risk factor and in the section “*Disclosures on Existing Financial Indebtedness*” on page 179, and other clause/covenants of a similar nature under the financing arrangements entered into by us with our lenders are in the ordinary course of business and will continue post listing of the NCDs, as is customary for such borrowing arrangements for listed and unlisted companies. Any inability to meet our obligations under such financing arrangements could adversely affect our business, results of operations and financial condition.

6. *We are subject to laws and regulations governing the lending and financial services industry in India and changes in laws and regulations governing us could adversely affect our business, financial condition, results of operations and cash flows.*

The laws and regulations governing the lending and financial services industry in India have become increasingly complex and are continuously evolving. The requirement to comply with increasing regulations may continue to adversely affect our business and the industries in which we operate in general.

In relation to our lending business, as an NBFC/ NBFC-MFI, our Company and our Subsidiary, CIFCPL are subject to regulations by government authorities, including the RBI. For example, we are subject to the RBI's guidelines on financial regulation of NBFCs, including capital adequacy, exposure provisioning and other master directions. The RBI also regulates the credit flow by banks to NBFCs and provides guidelines to commercial banks with respect to their investment and credit exposure norms for lending to NBFCs. The RBI, from time to time, amends the regulatory framework governing NBFCs to address concerns arising from certain divergent regulatory requirements for banks and NBFCs. The laws and regulations governing the banking and financial services industry in India have become increasingly complex and cover a wide variety of issues, such as interest rates, liquidity, investments, ethical issues, money laundering and privacy. These laws and regulations can be amended, supplemented or changed at any time such that we may be required to restructure our activities and incur additional expenses to comply with such laws and regulations, which could adversely affect our business and our financial performance. In the regular course of our business, we may receive queries, clarifications and observations from the RBI and other statutory or regulatory authorities. Failure to address or satisfactorily address these queries and clarifications in a timely manner or at all may result in us being subject to statutory and/or regulatory actions. Further, responding to these regulatory actions, regardless of their seriousness or ultimate outcome, requires a significant investment of resources and management's time and effort. Moreover, our provisions, defenses, grounds or interpretations against regulatory actions may be inadequate. Given the uncertainties and complexity of many of these regulatory actions, their outcome generally cannot be predicted with any reasonable degree of certainty and may have adverse effects on our operations.

Further, our Company qualified as a 'high value debt listed entity' as per the thresholds set out under the SEBI Listing Regulations in November, 2021. As a 'high value debt listed entity', Chapter IV of the SEBI Listing Regulations is applicable to our Company. Accordingly, the required compliance with Chapter IV of the SEBI Listing Regulations may cause additional compliance and legal costs for our Company and any non-compliance in relation to this may attract penalties, which may affect our financials adversely. The laws and regulations governing the banking and financial services industry in India have become increasingly complex and cover a wide variety of issues, such as interest rates, liquidity, investments, ethical issues, money laundering and privacy. These laws and regulations can be amended, supplemented or changed at any time such that we may be required to redesign our activities and incur additional expenses to comply with such laws and regulations, which could adversely affect our business and our financial performance. For details, see "*Regulations and Policies*" on page 290 and for details of penalties levied on us pursuant to non-compliance with the Listing Regulations in the past, see "*Outstanding Litigations and Defaults – Details of inquiries, inspections or investigations initiated or conducted under the Securities laws, Companies Act, 1956 or the Companies Act, 2013 against our Company and its Subsidiary in the last three years along with Section wise details of prosecutions filed (whether pending or not), fines imposed or compounding of offences against our Company and its Subsidiary in the last three years*" on page 266. Further, as required under Regulation 24A(2) of the SEBI LODR Regulations, our Company has filed the annual secretarial compliance report for the financial year ended March 31, 2023 on June 3, 2023 i.e., post the due date for filing which was May 30, 2023. While no regulatory actions have been taken or notices been issued to us in this regard, we cannot assure that no such actions will be taken against us in the future or that we will be in compliance with the applicable compliance requirements on a continuous basis.

Further, as of March 31, 2023, we employed 7,487 employees (on a consolidated basis), and we are required to comply with various statutory requirements in relation to payment of gratuity, minimum wages, employee state insurance and provident fund payments to such employees. Changes in the compensation requirements for our employees may increase our costs or otherwise negatively affect our business, results of operations, financial condition and cash flows.

In relation to our digital offerings for personal loans and home loans, we are subject to Guidelines on Digital Lending issued by the RBI on September 2, 2022, which are applicable to all, *inter alia*, all NBFCs.

Our ability to function in the lending and financial services industry will depend on our ability to constantly monitor and promptly react to legislative and regulatory changes. Any change to the existing legal or regulatory framework may require us to allocate additional resources to our business, which may increase our regulatory compliance costs and direct management attention, and consequently affect our business, financial condition, results of operations and cash flows. To the extent that we enter new geographies or new product markets, the complexity of our regulatory environment will increase, potentially increasing the cost of compliance and the risk of noncompliance. Further, if the interpretation of the regulators and authorities varies from our interpretation, we may be subject to penalties and our business could be adversely affected. If we fail to comply with these requirements, or are

interpreted by the regulators as not having complied with these requirements, we may be subject to penalties and compounding proceedings. For further information on laws and regulations applicable to us, see “Regulations and Policies” on page 290.

7. *Our inability to maintain our capital adequacy ratio could adversely affect our business.*

The Master Directions currently require NBFCs to comply with a capital to risk (weighted) assets ratio, or CRAR, consisting of Tier I and Tier II capital. Under these requirements, Tier I and Tier II capital should not be less than 15% of the sum of the NBFC's risk-weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items, as applicable. In addition, our Tier I capital, at any point in time, shall not be less than 10%. For details, see “Regulations and Policies” on page 290.

For the Financial Years 2023, 2022 and 2021, the capital adequacy ratio of our Company was 28.37%, 30.73% and 38.04%, respectively. For the Financial Years 2023, 2022 and 2021, the capital adequacy ratio of our Subsidiary, CIFCPL was 22.34%, 17.38% and 26.39%, respectively. We cannot assure you that we will be able to raise adequate capital in the future on terms favourable to us, or at all, which may adversely affect the growth of our business. Further, the RBI may also in the future require compliance with other prudential norms and standards, which may require us to alter our business and accounting practices or take other actions that could adversely affect our business and operating results. Specifically, as the Company complies with the ICAAP (Internal Capital Adequacy Assessment Process) expectations applicable as part of the scale based regulations, there may be additional capital requirements to material risks incremental to the base Risk Weighted Assets computed

8. *Non-compliance with RBI inspections, or other regulatory compliance requirements by us may have an adverse effect on our business, financial condition or results of operation. Any adverse observations from such regulators could have an adverse effect on our business, financial condition, results of operation and cash flows.*

We and our Subsidiary are subject to periodic inspections by the RBI under the Banking Regulation Act and the RBI Act, pursuant to which the RBI issues observations, directions and monitorable action plans, on issues related to various operational risks and regulatory non-compliances.

In its inspection report for the Financial Year ended March 31, 2021, RBI has made certain observations regarding the business and operations of our Company in relation to, but not limited to: (i) limited performance review of investment portfolio of company, (ii) involvement of the holding company in areas related to technology operations, (iii) observations in relation to frequent changes in board of directors, key management personnel, matters relating to board and committee composition for the last three Financial Years and on oversight on key operations, (iv) no detailed board review of customer grievance redressal provided by Company, (v) certain gaps in regulatory guidelines on KYC requirements, (vi) observations related to adherence to regulatory guidelines on direct assignment transactions, (vii) observation on protection of personal data of borrowers; (viii) outsourcing issues, (ix) certain gaps in the systems for prevention/ identification of frauds; (x) deficiency in investment management; (xi) oversight in compliance of internal audit systems and (xii) instance of a breach of single borrower limit.

Similarly, in the inspection report for the Financial Year ended March 31, 2020, RBI has made certain observations regarding the business and operations of our Company, in relation to, but not limited to: (i) lack of an outsourcing framework and procedures to evaluate the risk and materiality for existing and prospective arrangements; (ii) deficiencies in information technology systems; (iii) certain deficiencies in AML and KYC framework; (iv) deficiencies in the fair practice code; (v) absence of internal supervisory assessment process for facilitating due diligence on directors, nomination and remuneration committees and certain other committees for determination of fit and proper criteria; (vi) committee composition requirements for risk management committee; and (vii) absence of requisite systems of stress testing for liquidity stress scenarios.

Similarly, in its inspection report for the Financial Year ended March 31, 2020, RBI has made certain observations regarding the business and operations of our Subsidiary, CIFCPL in relation to, but not limited to: (i) not framing the requisite fraud risk management policy; (ii) certain instances of delay in detection and reporting of frauds; (iii) deficiencies in information technology systems and controls; (iv) non-satisfaction of the requisite committee composition requirements for audit and nomination and remuneration committee; (v) certain instances of failure in ensuring compliance of qualifying asset criteria, adequacy of provisions in respect of insurance receivables and deficiencies in calculation of capital adequacy; and (vi) certain observations in relation to the asset quality of our Subsidiary, CIFCPL.

In relation to the observations set out above, our Company and our Subsidiary have responded to such observations, and the actions and corrective measures have either been taken by our Company and our Subsidiary or are in various

stages of compliance. Pursuant to the past RBI inspections and these observations, we have responded to the RBI with corrective actions, including, *inter alia*, review of audit of internal accounts, review of AML and KYC frameworks, introduction of system based controls and integration of information technology systems to rectify any deficiencies. While our Subsidiary, CIFCPL and our Company, respectively, have responded to such observations in the past, we cannot assure you that the RBI will not make similar or other observations in the future in respect of the business and operations of our Subsidiary, CIFCPL and our Company.

While we attempt to be in compliance with all regulatory provisions applicable to us, we cannot assure you that the RBI or any other regulatory or statutory authority will not find any deficiencies in future inspections or the RBI will not make similar or other observations in the future. In the event that we are unable to comply with the observations made or fail to address or satisfactorily address these queries and clarifications in a timely manner or at all, we could be subject to regulatory actions and penalties. Imposition of any penalty or adverse finding by the RBI during any future inspection may have an adverse effect on our reputation, business, financial condition, results of operations and cash flows.

9. *Our business depends on the trust our customers place in us and our brand, and any failure to maintain, protect, enhance and promote such trust would adversely affect our business, financial condition, results of operations and cash flows.*

As a technology-driven financial products and services company, protecting, maintaining, enhancing and promoting the trust our customers place in us and the 'Navi' brand is critical to expanding our customer base. The loan products of our Company are distributed only through the 'Navi' app. We do not own the trademark and the logo associated with "Navi" brand name and our lending products are distributed through the "Navi" app, which has been developed by our Promoter, NTL, and which our Company utilises pursuant to the Outsourcing Agreement. Many factors could undermine or damage the trust in us, the Navi brand or the Navi App, including:

- failure to satisfy the expectations of the quality or reliability of our financial products and services, including temporary downtime or software bugs affecting the Navi App;
- inadequate protection of user information, commercially sensitive or other important information, or inadequate protection of users' rights over their sensitive personal information;
- negative perceptions of the effectiveness of our compliance functions including legal, secretarial, regulatory and internal policy related compliance;
- failure in the effectiveness of the Navi App's decision-making processes and risk management processes; and
- other incidents of non-compliances, litigations, or other claims or investigation proceedings.

In addition, we rely on mobile operating systems and mobile application stores for customers on the Navi App. If we do not operate effectively with or receive favourable placements within such mobile application stores or maintain high customer reviews and scores, our usage or brand recognition could decline. If we do not successfully maintain customers' trust in us and our brand, our business, financial condition, results of operations and cash flows would be adversely affected.

10. *The technology-driven underwriting, risk management and collection processes on which our Promoter, NTL, and our Company relies, may not be able to effectively identify, monitor or mitigate the risks in our lending operations.*

Our Promoter, NTL, which provides the technology infrastructure to enable our lending operations. If any of these decision-making systems contain programming or other errors, the criteria or parameters used for the analysis of customers credit profiles are inaccurate, the risk management models are flawed or ineffective or the customer insights developed or received for credit assessment are incorrect or stale, the credit assessment process related to our loans could be negatively affected, resulting in incorrect approvals, incorrect denials of loans, mispriced loans or biased rejection rates for potential customers. Further, the underwriting models developed by NTL are dependent on data from various sources and our inability to access such data (on account of regulatory or other changes in the ecosystem) could negatively impact the efficacy of such models. In addition, as the customer journeys for our personal and home loans businesses are largely digital, we face risks associated with not meeting our customers in person, including contractability and traceability issues in the collections process. If any of the foregoing were to occur, the performance of our credit assessment will be compromised. As a result, our business, brand, reputation, results of operations and financial condition may be adversely affected.

11. *The cloud computing software and data centres for the primary and backup data storage of our Promoter, NTL, may experience system downtime, prolonged power outages or shortages.*

Our Promoter, NTL, relies on a cloud strategy pursuant to which the relevant applications and systems, including the Navi App, loan management system, underwriting engine, collections portal, CRM portal, are deployed with one service provider and internal IT assets are hosted with a different third-party service provider. In this regard, we are unable to guarantee that we will not experience system downtime. In addition, the data centres for our primary and backup data storage are regulatorily required to be based in India. The data centre may be susceptible to, *inter alia*, regional costs of power, power shortages, planned or unplanned power outages and limitations on the availability of adequate power resources. Power outages, including, but not limited to those relating to large storms, earthquakes, fires and floods, could harm our customers and our businesses. Although we leverage our technology initiatives for periodic, often fortnightly, upgrades of the Navi App with the goal of ensuring a 24 hour uptime, any disruption in the operation of our cloud computing software and data centres could negatively impact our business results of operations and financial condition.

12. *Our business processes a large amount of data, including personal data, and the improper collection, hosting, use or disclosure of data could harm our reputation and have an adverse effect on our business, financial condition, results of operations and cash flows.*

Our business processes a large quantity of personal data (with our users' consent) and analyses this data to generate user and user group profiles. Our privacy policies concerning the collection, use and disclosure of personal data (and users' rights thereto) are consented to by our customers and made accessible for their reference at any point in time. We face risks inherent in handling and protecting a large volume of data, especially user data. In particular, we face several challenges relating to data security and privacy, including but not limited to:

- protecting the data in and hosted on our system, including against attacks on our system by outside parties, data leakage, fraudulent behaviour or improper use by our employees;
- addressing concerns, challenges, negative publicity and litigation related to data security and privacy, collection, use and actual or perceived data sharing (including sharing among our own businesses, with business partners, vendors or regulators), and other factors that may arise from our existing businesses or new businesses and new technology; and
- complying with applicable laws and regulations relating to the collection, use, storage, transfer, disclosure and security of personal data, including requests from data subjects.

The improper collection, use or disclosure of our user data could result in a loss of customers, business, partner financial institutions and other potential participants on the Navi App, loss of confidence or trust in the Navi App, litigation, regulatory investigations, penalties or actions against us, significant damage to our reputation, and have an adverse effect on our business, financial condition, results of operations and cash flows. We have also received a notice from the Ministry of Electronics and Information Technology in relation to a blocking request under Section 69A of the IT Act from the Ministry of Home Affairs for blocking of the Navi App, for details see "*Outstanding Litigations and Defaults – Litigation against our Company – Actions Taken by Regulatory and Statutory Authorities*" on page 261.

Moreover, we share a limited amount of user data with third-party service providers in accordance with applicable laws and regulations and subject to stringent data security and privacy requirements. We also rely on certain third-party service providers in relation to the sourcing of data for potential customers. We have certain vendors who provide or enable, *inter alia*, PAN verification with the National Securities Depository Limited ("**NSDL**"), and Aadhaar XML download from the Unique Identification Authority of India ("**UIDAI**"). During the course of providing such services, customer data may be accessed. If such third-party service providers engage in activities that are negligent, fraudulent, illegal or otherwise harm the trustworthiness and security of the Navi App, including by improper disclosure or use of user data, or if our business partners otherwise fail to meet their data security and privacy obligations, we may be subject to user complaints and suffer reputational harm, even if the actions or activities are not related to, attributable to or caused by us, or within our control. For example, in the past: (a) there has been an instance of bulk messages being sent to our prospective customers by one of our third-party service providers where customers' information which was not otherwise available in the public domain was visible in the message; and (b) unauthorised tele-callers had fraudulently reached out to our customers and impersonated Navi customer care / collection representatives. While we have taken steps, including reprimanding the third-party vendors, augmenting control measures to ensure communications sent on behalf of our Company are pre-approved, filing police complaints for unauthorised use of the "Navi" name and sharing messages to customers informing them about our

official contact details, to address such issues in the past, we cannot assure you that we will be able to completely stop such instances from occurring in the future, or whether the mitigating steps taken by us will be prompt or sufficient. Further, while no regulatory or legal action has been taken against us in relation to such instances in the past, we cannot assure you that we will not be subject to any regulatory or legal action for such instances in the future.

- 13. *We may face information security threats attempting to exploit our network to disrupt our services and support services to customers and/ or theft of sensitive confidential company information, which may cause damage to our reputation and adversely affect our business and financial performance.***

We interact with and offer our products and services to our customers through a range of digital channels including the Navi App, which is our core front-end platform for our personal loans and home loans businesses. Our business collects, processes, and stores personal data of our customers pursuant to their consent. This includes contact information, spending patterns, mobile application usage and behaviour, geolocation, demographic data and device data. Consequently, we face various risks in handling and protecting such large volumes of data, including risks associated with attacks on our systems by third parties or fraudulent misappropriation of data by our employees; as well as risks associated with privacy concerns, and with the transmission, sharing and other security measures relating to such data. Therefore, we are exposed to various information security threats including (i) phishing, vishing and trojans targeting our customers, wherein fraudsters through unsolicited mails/calls to our customers, attempt to defraud by, *inter alia*, impersonating Navi representatives; (ii) hacking, wherein attackers seek to hack into our website and system with the primary intention of causing reputational damage to us by disrupting services; and (iii) data theft or ransomware, wherein cyber criminals may attempt to enter our network with the intention of stealing our data or information or encrypting some or all of our data and then demand a ransom for its restoration. We have in the past received phishing emails, for which we have implemented systems to intercept and block such phishing attempts.

Information security risks for technology-focussed companies and financial services organisations have significantly increased in recent years in part because of the proliferation of new technologies, increased digitization of our products and services and the use of the internet and telecommunications technologies to conduct financial transactions. Information security risks may further increase in the future as we continue to increase our mobile-payment and other digital-based services and product offerings and expand our internal usage of digital/ web-based services/products and applications.

In addition, information security risks have significantly increased in recent years in part due to the increased sophistication and activities of organised crime affiliates, terrorist organisations, hostile foreign governments, disgruntled employees or vendors, activists and other external parties, including those involved in corporate espionage. Even the most advanced internal control environment may be vulnerable to compromise. Targeted social engineering attacks and “spear phishing” attacks are becoming more sophisticated and are extremely difficult to prevent. Persistent attackers may succeed in penetrating defences given enough resources, time, and motive. The techniques used by information criminals change frequently, may not be recognized until launched and or until well after a breach has occurred. The risk of a security breach caused by an information security attack has also increased in recent years. Additionally, the existence of information security attacks or security breaches at third-party vendors with access to our data may not be disclosed to us in a timely manner.

In view of the COVID-19 pandemic, we have in the past enabled work-from-home arrangements for our employees, other than at the branches of our Subsidiary, CIFCPL, which continued to function given financial services was classified as an essential service. To the extent we have to revert to such work-from-home arrangements in the future, this may expose us to risks arising on account of remote work environment, data security issues, increased information security attacks and availability of critical functions and IT systems. Our customers could also be exposed to increased phishing and vishing attacks that could result in a financial loss to them, and in turn lead to claims for compensation from us or damage to our reputation. Private information stored in our database may also be vulnerable and susceptible to data breaches. We have established relevant policies and information security frameworks for securing our IT infrastructure and systems. However, we may still be susceptible to security risks in future, which could result in the unauthorised disclosure of confidential information.

- 14. *Our Subsidiary, CIFCPL, had submitted an application for a universal banking license with the RBI, which has been rejected.***

Our Subsidiary, CIFCPL, was one of the applicants for a universal banking license under the RBI Guidelines for ‘on tap’ Licensing of Universal Banks in the Private Sector dated August 1, 2016 (“**On Tap Licensing Guidelines**”). However, the application made by CIFCPL was found not suitable by the RBI, as communicated vide the RBI’s press release

dated May 17, 2022. As of the date of this Draft Prospectus, CIFCPL has not made a fresh application for a universal banking license with the RBI. Subject to the RBI Guidelines, in the event that such an application is made by us or CIFCPL, or any group entity in the future, we cannot assure you that we will be able to obtain the in-principle approval from the RBI or, subsequently, the final license, in a timely manner or at all.

15. *We operate in a highly competitive industry and our inability to compete effectively may adversely affect our business.*

We operate in a highly competitive industry. Given the diversity of our businesses, and the range of products and services that we offer, we face competition from the full spectrum of public sector banks, private sector banks (including foreign banks), financial institutions, captive finance affiliates of players in various industries, SFBs, MFIs, HFCs and other NBFCs. Competition across our business lines depends on, among other things, the ongoing evolution of government policies, the entry of new participants and the extent to which there is consolidation among banks and financial institutions in India.

In particular, margins from our personal loans, home loans and microfinance businesses are affected in part by our ability to continue to secure low-cost financing, and charge optimum interest rates at which we lend to our customers. As a result, our ability to maintain or increase our margins will be dependent on our ability to pass on increases in the rates of financing on our interest-bearing liabilities to our customers. Moreover, any increases in the interest rates on the loans we extend may also result in a decrease in business. Many of our competitors have greater resources than we do, may be larger in terms of business volume and may have significantly lower cost of funds compared to us. Many of them may also have greater geographical reach, long-standing partnerships and may offer their customers other forms of financing that we may not be able to provide, thus affecting our ability to compete with them effectively. In addition to NBFCs, we believe that the competition we face from banks is increasing as more banks are targeting products and services similar to ours.

For our microfinance business, we face competition from traditional commercial banks, SFBs as well as regional and cooperative banks which may continue to increase their participation in microfinance, such as by financing the loan programs of self-help groups often in partnership with non-governmental organisations, or through certain state-sponsored social programs. Further, some commercial banks are also beginning to directly compete with for-profit MFIs, including through the business correspondent operating model, for lower income segment customers in certain geographies. In addition, as competition amongst microfinance players increases, customers may take more than one loan from different microfinance players, which may adversely affect their ability to repay and thus, our asset quality or the asset quality of the industry as a whole. Our ability to compete effectively will depend, in part, on our ability to maintain or increase our margins. We cannot assure you that we will be able to react effectively to market developments or compete effectively with new and existing players in the industries in which we operate. Increasing competition may adversely affect our net interest margins, income and market share.

16. *We depend on the services of our management team and employees. Our inability to retain existing members of our management team and recruit new members for our management team may adversely affect our business.*

Our future success depends substantially on the continued service and performance of members of our management team and employees and also upon our ability to manage key issues relating to human resources by hiring, retaining and developing key managerial personnel. Competition in hiring professionals with the necessary experience, reputation and relationships in our industry is intense and we may not be successful in recruiting and retaining the required personnel that perform our critical functions. There can be no assurance that we will not experience any disruptions to our operations due to disputes or other problems with our employees, which may adversely affect our business and results of operations. As of March 31, 2023, we employed 7,487 employees (on a consolidated basis), including 3,925 relationship officers for our microfinance business.

If we cannot hire additional or retain existing management personnel and employees, our ability to expand our business will be impacted and our revenue could be adversely affected. While we have an incentive-based remuneration structure, employee stock option schemes and training and development programs designed to encourage employee retention, our inability to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an adverse impact on our business and future financial performance.

Further, we have had frequent changes in some of our KMPs in the past. Such high attrition rates could also have significant impacts on our business continuity. Failure to effectively train and motivate our employees may result in an increase in attrition rates thus affecting our microfinance loan origination and collection rates, increasing our exposure to high-risk credit and imposing significant costs on us.

17. *We depend on the accuracy and completeness of information about customers and counterparties for certain key elements of our credit assessment and risk management process. Any misrepresentation, errors in or incompleteness of such information not detected by our information systems could adversely affect our business and financial performance.*

For certain key elements of our credit assessment process, we rely on information furnished to us by or on behalf of customers (including in relation to their financial transactions and past credit history). We may also rely on certain representations from our customers as to the accuracy and completeness of that information. Moreover, the availability of accurate and comprehensive credit information on retail customers in India is relatively less than that for larger corporate customers, which reduces our ability to accurately assess the credit risk associated with such lending.

For example, for ascertaining the creditworthiness and encumbrances on collateral in our home loans business, we may depend on the respective registrars and sub-registrars of assurances, credit information companies or credit bureaus, and on independent valuers in relation to the value of the collateral, and our reliance on any misleading information given may affect our judgement of credit-worthiness of potential customers, and the value of and title to the collateral. We may receive inaccurate or incomplete information as a result of negligence or fraudulent misrepresentation. In the past, such information has included non-disclosure of material information, inaccurate, incomplete or forged income and financial statements and incorrect, intentionally tampered with KYC documents. Our risk management measures may not be adequate to prevent or deter such activities in all cases, which may adversely affect our business, financial condition, results of operations and cash flows.

In addition, we are subject to the risk of fraudulent activity on the Navi App. Our resources, technologies and fraud detection tools may be insufficient to accurately detect and prevent fraud. Significant increases in fraudulent activity could negatively impact our reputation and may render it necessary to take additional steps to reduce fraud risk, which could increase our costs and expenses.

In our personal loans business, we also face the risk of fraudulent borrowers being issued loans using forged documents. As a result, we also face the risk of defrauded individuals (who have been impersonated by such fraudulent borrowers) filing complaints against us with jurisdictional authorities. While we have implemented and continue to improve measures aimed at detection and prevention of frauds, sales misrepresentations, money laundering and other misconduct by our employees, customers and external parties (including intermediaries), we may not be able to timely detect or prevent such misconduct, which could harm our reputation and have an adverse effect on our business, financial condition, results of operations and prospects.

In the past, our Subsidiary, CIFCPL has been subject to fraudulent activities, including arising out of misappropriation and criminal breach of trust, fraudulent encashment through fictitious accounts and conversion of property, robbery and theft.

We also cannot assure you that such incidents of fraud will not recur, and any such recurrences could have an adverse effect on our business, financial condition, results of operations and reputation.

We may also not receive updated information regarding any change in the financial condition of our customers or may receive inaccurate or incomplete information as a result of any fraudulent misrepresentation by our customers or employees. Moreover, the availability of accurate and comprehensive credit information on retail customers in India is more limited than for larger corporate customers, which reduces our ability to accurately assess the credit risk associated with such lending.

Difficulties in assessing credit risks associated with our day-to-day lending operations may lead to an increase in the level of our non-performing and restructured assets. While we are implementing measures aimed at minimising the inaccuracy and incompleteness of information provided by or on behalf of our customers, intermediaries and counterparties, we may not be able to minimise such inaccuracies and incompleteness, which could lead us to evaluate risks incorrectly or lead to regulatory action and have an adverse effect on our business, financial condition, results of operations and prospects, and result in a violation of laws, including anti-money laundering laws.

18. *Our ability to establish and maintain current accounts with scheduled commercial banks and payment banks may be restricted on account of guidelines issued by the RBI. Any restrictions on our ability to maintain these accounts, or establish new current accounts, could adversely impact our growth, business and financial condition.*

On August 06, 2020, the RBI issued a circular titled 'Opening of Current Accounts by Banks-Need for discipline' to scheduled commercial banks and payments banks. Instructions in the Circular include that "(i) No bank shall open current accounts for customers who have availed credit facilities in the form of cash credit (CC)/ overdraft (OD) from

the banking system and all transactions shall be routed through the CC/OD account. (ii) Where a bank's exposure to a borrower is less than 10 per cent of the exposure of the banking system to that borrower, while credits are freely permitted, debits to the CC/OD account can only be for credit to the CC/OD account of that borrower with a bank that has 10 per cent or more of the exposure of the banking system to that borrower. (iii) Where a bank has a share of 10 per cent or more in the total exposure of the banking system to the borrower, it can provide CC/OD facility as hitherto. (iv) Banks should not route drawal from term loans through current accounts. Since term loans are meant for specific purposes, the funds should be remitted directly to the supplier of goods and services. (v) Expenses incurred by the borrower for day to day operations should be routed through CC/OD account, if the borrower has a CC/OD account, else through a current account. (vi) As regards existing current and CC/OD accounts, banks shall ensure compliance with the above instructions within a period of three months from the date of this circular." On October 29, 2021, RBI, relaxed the restriction on opening of current account in respect of borrowers where exposure of the banking system is ₹ 5 crore or more wherein such borrower can maintain current accounts with any one of the banks with which it has CC/OD facility, provided that the bank has at least 10 per cent of the exposure of the banking system to that borrower. All our branches maintain current accounts with various banks for withdrawal of cash for lending and deposit of surplus cash. These circulars will restrict the ability of NBFCs to establish new current accounts and maintain current accounts with multiple scheduled commercial banks and payments banks, and could disrupt our ongoing business and conduct of operations of the Company.

19. *Any failure or significant weakness of our internal controls system could cause operational errors or incidents of fraud, which would adversely affect our profitability and reputation.*

We are responsible for establishing and maintaining adequate internal measures commensurate with the size and complexity of operations. Our internal or concurrent audit functions make an evaluation of the adequacy and effectiveness of internal controls on an ongoing basis so that business units adhere to our policies, compliance requirements and internal guidelines. While we periodically test and update, as necessary, our internal controls systems, we are exposed to operational risks arising from the potential inadequacy or failure of internal processes or systems, and our actions may not be sufficient to guarantee effective internal controls in all circumstances. Given the size of our operations, it is possible that errors may repeat or compound before they are discovered and rectified.

Our management information systems and internal control procedures that are designed to monitor our operations and overall compliance may not identify every instance of non-compliance or every suspicious transaction. If internal control weaknesses are identified, our actions may not be sufficient to correct such internal control weakness. Failures or errors in our internal controls systems may lead to transaction errors, pricing errors, inaccurate financial reporting, fraud and failure of critical systems and infrastructure. Such instances may also adversely affect our reputation, business and results of operations. There can also be no assurance that we would be able to prevent frauds in the future or that our existing internal mechanisms to detect or prevent fraud will be sufficient. Any fraud discovered in the future may have an adverse effect on our reputation, business, results of operations and financial condition.

20. *We utilise the services of certain third parties for parts of our operations. Any deficiency or interruption in the third parties' services and invocation of indemnity obligations could adversely affect our business and reputation.*

We engage third-party service providers for certain parts of our operations including, *inter alia*, (a) third-party collection and recovery agents, (b) for contractual staffing, managing and facilitating recruitment requirements, (c) to avail financial technology related services, and (d) marketing. Our agreements with such third parties typically do not provide for any exclusivity, and accordingly, they can work with other companies, including our competitors. In the event any of these third parties were to terminate their contractual relationships with us or fail to provide the agreed services to us for any reason, our business, results of operations and cash flows may be disrupted and we may be held liable legally or suffer reputational damage on account of any deficiency of services on the part of such service providers.

If our third-party service providers, or the third-party service providers engaged by our Promoter, NTL, are subject to data breaches which have the effect of any leaks in customer or operational data, mismanagement of the customer interface, or failure to operate or comply with applicable regulations or governance standards, our business could suffer reputational harm and may be subjected to regulatory actions. Also see, " – *Our business processes a large amount of data, including personal data, and the improper collection, hosting, use or disclosure of data could harm our reputation and have an adverse effect on our business, financial condition, results of operations and cash flows*" on page 26.

We also cannot guarantee that our agents that interface directly with customers, such as our third-party collection agents, will behave appropriately with our customers despite having in place codes of conduct and other policies.

This may expose us to customer complaints to regulatory authorities or legal action by such customers, which would require us to expend resources to resolve and could lead to penalties and generate legal fees. This could also expose us to reputational harm.

Our Subsidiary, CIFICPL, is dependent on certain third-party banking correspondents and other vendors for several functions which are critical to its business, such as cash collection points. Any termination or disruption of these third-party arrangements may have an adverse impact on the ability of our Subsidiary, CIFICPL to continue its business in the manner as presently undertaken. Further, total liability of third-party service providers, except in case of, *inter alia*, fraud and gross negligence is typically limited to the fees paid to them over a particular period. If such liability is also not covered under the insurance policies obtained by us, we will not have any recourse and will incur losses in case a third-party service provider defaults. In certain cases, third-party vendors also do not guarantee the provision of uninterrupted, timely or error free services, and accordingly, we cannot assure you that we will be successful in continuing to receive uninterrupted and quality services from our third-party service providers. Any disruption or inefficiency in the services provided by our third-party service providers could affect our business and reputation.

Further, our Company has entered into Outsourcing Agreement with our Promoter. Our results of operations are dependent on uninterrupted and quality services being provided to us pursuant to such master services and service outsourcing agreements. In addition, under such agreements, our Promoter, NTL, has indemnity obligations in relation to any data breaches or data security incidents which are directly attributable to our Promoter. However, we cannot assure you that such indemnity obligations will be invoked successfully in the future and any disruption or inefficiency in the services provided to us will not have an adverse effect on our business, results of operations and financial condition.

21. Our Company depends significantly on the technological capabilities of our Promoter, NTL.

Our Company depends significantly on the technological capabilities of our Promoter, NTL, for our products and services, and in the event that our Promoter is unable to provide our Company with the quality or extent of services as per the current levels, or is unable to scale its technological capabilities in tune with the growth of our business for any internal or external reasons, it may adversely impact our business and results of operations. Further, in the event that our Promoter is unable to provide services to us at the current levels, or at all, we cannot assure you that we will be able to replace our Promoter with other service providers within the requisite timelines or on terms which are commercially favourable to us, which may have an impact on our business, financial condition and results of operations.

22. There is outstanding litigation pending against us, our Promoter, Directors, Group Companies and our Subsidiary which, if determined adversely, could affect our business, results of operations and financial condition.

In the ordinary course of business, we, our Promoter, our Directors, our Group Companies and our Subsidiary are involved in certain legal proceedings, at different levels of adjudication before various courts, tribunals and statutory, regulatory and other judicial authorities in India, and, if decided against us, could adversely affect our reputation, business, results of operations and financial condition. We cannot assure you that the currently outstanding legal proceedings will be decided favourably or that no further liability will arise from these claims in the future. The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and severally. For details, see “*Outstanding Litigations and Defaults*” on page 261. Brief details of material outstanding litigation that have been initiated by and against us, our Promoter, our Directors, our Group Companies and Subsidiary is set forth below:

^aa. Our Company received a notice dated February 7, 2023 from Ministry of Electronics and Information Technology ("MeitY") in relation to a blocking request under Section 69A of the IT Act from the Ministry of Home Affairs for blocking of the Navi App. In the request it was alleged that, inter alia, the Navi App is using non-transparent methods to function, collecting exorbitant interest rates and using unauthorised personal information. The notice also mentioned that the MeitY had issued interim blocking directions to block the Navi App under the provisions of section 69A of IT Act, however, this action has not been undertaken as of the date of this Draft Prospectus. Under the notice, MeitY requested our Company to submit its information (including copies of its registration certificates, details of storage, details of investors, grievance redressal mechanism and latest report of applications security audit) by February 8, 2023 to continue usage of the Navi App and provided an opportunity for an in-person meeting on February 8, 2023. Our Company has filed its response dated February 8, 2023 with MeitY with the requisite information and documentation, while denying all allegations made in the notice. Our Company also had an in-person meeting with Inter Ministerial Committee of MeitY (chaired by Mr. Amitesh KR Sinha, Joint Secretary of MeitY) on February 8, 2023 and further substantiated their written response dated February 8, 2023. Subsequently, on the directions of MeitY, our Company submitted an undertaking dated February 9, 2023 to the MeitY confirming compliance with the relevant regulatory requirements in relation to functioning of the Navi App. The matter is currently pending, however, pursuant to submission of the written response and undertaking by our Company, the Navi App was not blocked or taken down and is still available for download and use.

b. Our Company has received an email from BFSI Sector Skill Council of India dated March 10, 2023 alleging that our Company is employing more than 30 persons and not engaging the apprentices or have engaged apprentices less than the 2.5% of our manpower strength including the contractual staff in each financial year in violation of sub-rule (3) of rule 7-B of the Apprenticeship Rules, 1992. Pursuant to the email, BFSI Sector Skill Council of India has requested our Company to make all efforts for engagement of apprentices within the prescribed range of 2.5% to 15% of the total employees' strength of our Company. Our Company is yet to respond to this email. The matter is currently pending.

c. Our Company, Dimple Shah (who received it in the capacity of our company secretary and is the former company secretary of our Company), Ranganathan Sridharan (who received it in the capacity of our director and is our Independent Director), Samit Shankar Shetty (who received it in the capacity of our director and is our former director), Usha A Narayanan (who received it in the capacity of our director and is our Independent Director), Ankit Agarwal (who received it in the capacity of our director and is our Managing Director) and Sachin Bansal (who received it in the capacity of our director and is our CEO and Executive Chairman) (the "Notice Recipients") have received a show cause notice dated June 16, 2023 from the Registrar of Companies, Bengaluru in relation to delay of 61 days in the filing of form BEN-2 as per Rule 4 of the Companies (Significant Beneficial Owners) Rules, 2018, pursuant to which the Notice Recipients have been directed to respond within 15 days of receipt of the notice and explain as to why penal action against them under Section 90(4) of the Companies Act and Rule 4 of the Companies (Significant Beneficial Owners) Rules, 2018 should not be initiated. The matter is currently pending.

If any new developments arise, such as a change in Indian law or rulings against us by appellate courts or tribunals, we may need to make provisions in our financial statements that could increase our expenses and current liabilities. An adverse decision in any of these proceedings may have an adverse effect on our business, results of operations and financial condition.

23. We require certain statutory and regulatory approvals for conducting our business. Failure to obtain or renew approvals, licenses, registrations and permits to operate our business in a timely manner, or at all, may adversely affect our business, financial condition, results of operations and cash flows.

We operate in a heavily regulated industry and are required to obtain and maintain a number of approvals and licenses from governmental and regulatory authorities, including the RBI. For an overview of the applicable regulations and the nature of key approvals and licenses to be obtained, see "*Regulations and Policies*" on page 290.

Some of these approvals are granted for a limited duration and are subject to numerous conditions. We cannot assure you that these approvals would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. There is no assurance that the approvals and licenses that we require will be granted or renewed in a timely manner or at all by the relevant governmental or regulatory authorities. Failure to obtain or renew such approvals and licenses in a timely manner would render our operations non-compliant with applicable laws, and may subject us to penalties by relevant authorities. While our Company and our Subsidiary have obtained the required approvals for our operations, certain approvals for which we have submitted applications are currently pending in the ordinary course of business.

Our licenses, approvals and accreditations are subject to periodic renewals, various maintenance and compliance requirements and governmental investigations and reviews, which could be time-consuming and may incur substantial expenditure. If our compliance systems and processes are deemed inadequate or fail and such

investigations or reviews find any non-compliance or violations, we may suffer brand and reputational harm and become subject to regulatory actions or litigation, which could adversely affect our business, cash flows, operating results or financial position. We may be required to change our business practices, and we may have to pay fines or be subject to other penalties, including the revocation of permits and licenses, and the modification, suspension or discontinuation of our operations. This would impose additional operating costs and capital expenditures on us, and adversely affect our reputation.

We, our directors, executive officers and employees may also face criminal charges. Furthermore, any investigation or legal and regulatory proceedings in connection with alleged violations could result in the imposition of further financial or other obligations or restrictions on us and generate negative publicity for our business. Changes to existing public policies, laws, regulations, guidelines and licensing requirements could also impose additional compliance costs that may adversely affect our profitability and business. We cannot assure you that the approvals, licenses, registrations or permits issued to us may not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. In addition, any suspension, revocation or termination of one or more of our operational licenses may also lead to consequences under the terms of our other licenses.

As we expand our business under the evolving regulatory landscape, there may be additional approvals or licenses that are or become required for our operations. If we fail to obtain or renew any applicable approvals, accreditations, licenses, registrations or consents in a timely manner, or at all, we may not be able to perform certain activities that may be necessary for us, which may affect our business, cash flows or results of operations.

- 24. *Our non-convertible debentures are listed on the Stock Exchanges and we are subject to rules and regulations with respect to such listed non-convertible debentures. If we fail to comply with such rules and regulations, we may be subject to certain penal actions, which may have an adverse effect on our business, results of operations, financial condition and cash flows.***

Our non-convertible debentures are listed on the debt segment of Stock Exchanges. We are required to comply with various applicable rules and regulations, including the applicable SEBI regulations and applicable provisions of the Listing Regulations, in terms of our listed non-convertible debentures. If we fail to comply with such rules and regulations, we may be subject to certain penal actions, including, without limitation, restrictions on the further issuance of securities and the freezing of transfers of securities, which may have an adverse effect on our business, results of operations, financial condition and cash flows. For details of such listed non-convertible debentures, see “Disclosures on Existing Financial Indebtedness” on page 179.

- 25. *Any non-compliance with mandatory Anti-Money Laundering and Know Your Customer policies could expose us to additional liability and harm our business and reputation.***

In accordance with the requirements applicable to us, we are mandated to comply with AML, anti-terrorism laws, KYC and other regulations in India. These laws and regulations require us, among other things, to adopt and enforce AML and KYC policies and procedures. In the ordinary course of our operations, we run the following risks: (i) risk of failing to comply with the prescribed KYC procedures; (ii) the consequent risk of fraud and money laundering by fraudulent customers; and (iii) risk of assessment of penalties or imposition of sanctions against us for such compliance failures despite having implemented systems and controls designed to prevent the occurrence of these risks. Although we believe that we have adequate internal policies, processes and systems in place to prevent and detect any AML activity and ensure KYC compliance, we cannot assure you that we will be able to fully control instances of any potential or attempted violation by other parties. Any inability on our part to detect such activities fully and on a timely basis, may subject us to regulatory actions including imposition of fines and penalties and adversely affect our business and reputation. For further details, see “Regulations and Policies” on page 179.

- 26. *We derive a significant portion of our revenue from certain business lines, and any decrease in demand for such business lines could reduce our revenues and adversely affect our business, financial condition and results of operations.***

For the Financial Year 2023 and 2022, our Company’s revenue derived from interest on personal loans was ₹ 11.463.92 million and ₹ 1,862.61 million, representing 83.25%, and 40.50% of our total income (on a standalone basis), respectively. Accordingly, any downturn in the performance of this business line may result in an adverse change in our business, financial condition, results of operations and cash flows.

27. *Changes in the tenor of our loan products could result in asset liability mismatches and expose us to interest rate and liquidity risks, which may adversely affect our business, financial condition, results of operations and cash flows.*

Assets and liabilities mismatches, which represent a situation when the financial terms of assets and liabilities do not match, are a key financial parameter. We face liquidity risk due to varying periods over which our assets and liabilities mature. We borrow through different instruments of different tenures and rely on short to medium term instruments such as commercial papers, non-convertible debentures, etc. While we aim to diversify our funding sources, and we pay careful attention to the maturity of liabilities while creating financial assets, extending the duration of our financial liabilities as needed, the maturity of our loan assets may not match the maturity of our liabilities. Consequently, our inability to raise further credit facilities or renew our existing facilities in a timely and cost-effective manner or at all, may lead to mismatches in our assets and liabilities. Further, mismatches between our assets and liabilities are compounded in case the assets are restructured and we need to give customers longer tenor loans. Such mismatches could adversely affect our business, financial condition, results of operations and cash flows. For details of asset liability management maturity pattern, see “General Information” on page 47.

28. *There have been certain instances of non-compliances, including with respect to certain secretarial/ regulatory filings for corporate actions taken by our Company and Subsidiary in the past. Consequently, we may be subject to regulatory actions and penalties for any such non-compliance and our business, financial condition and reputation may be adversely affected.*

We manage our internal compliance by monitoring and evaluating internal controls and ensuring all relevant statutory and regulatory compliances. However, there can be no assurance that deficiencies in our internal controls will not arise, or that we will be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all.

For instance, there have been the following instances of delays and non-compliances in relation to secretarial/ regulatory filings:

- a. Our Company has filed a compounding application on November 28, 2016 with the RBI for compounding of contravention under Foreign Exchange Management Act, 1999 for (a) delay in reporting receipt of inward remittances towards subscription of equity, and (b) delay in submission of Form FC-GPRs to the RBI. Our Company received the compounding order dated March 31, 2017 and has subsequently made the requisite payment to RBI pursuant to the compounding order. Further, our Company has filed a *suo moto* compounding of violation under Section 177 of the Companies Act in Form CG-1 with the central government for not filing the requisite special resolution dated July 11, 2014 for approving issue of shares for consideration other than cash by swap of shares and the related Form MGT-14 within the prescribed time limit. Our Company received the order for condonation of delay dated October 7, 2016 and has subsequently filed form INC-28 and the MGT-14 with additional fees. Further, our Company, has had certain inadvertent delays in relation to secretarial filings in the past, such as delay in filing of Form AOC-5, for which our Company has paid additional fee as penalty.
- b. Our Subsidiary, CIFCPL, has filed a *suo moto* application dated December 3, 2021 under Section 454 of the Companies Act for contravention of Section 161 of the Companies Act. The Registrar of Companies, Karnataka at Bangalore, by way of its order dated July 5, 2022, imposed a penalty of ₹3 million on CIFCPL, ₹1 million each on Anand Rao (Managing Director of CIFCPL), Sachin Bansal (former Chief Executive Officer of CIFCPL), Srinivasan CV (Chief Financial Officer of CIFCPL), Dimple Shah (former Company Secretary of CIFCPL), Abhik Sarkar (Chief Financial Officer of CIFCPL), Ankit Agarwal (Additional Director of CIFCPL) and Anup Kumar Gupta (Company Secretary of CIFCPL). Our Subsidiary, CIFCPL and other appellants have filed an appeal dated July 8, 2022 with the Regional Director, South Eastern Region, Registrar of Companies against the order on grounds that non-compliance under Section 161 of the Companies Act was unintentional, and filed the adjudication suo-moto without receiving any notice from the MCA regarding the default. CIFCPL has requested the ROC to reduce the overall penalty by 50% of the amount. Further, the Regional Director, South Eastern Region, Registrar of Companies, after considering the appeal, reduced the penalty to ₹ 375,000 in aggregate and the same has been paid by our Subsidiary and other Appellants in default. This procedural lapse has been compounded and rectified with the Ministry of Corporate Affairs on December 29, 2022.

Accordingly, we cannot assure you that we will not be subject to any legal proceedings or regulatory actions, including monetary penalties by statutory authorities on account of any inadvertent discrepancies in our secretarial

filings and/or corporate records in the future, which may adversely affect our business, financial condition and reputation.

Our Board of Directors and Shareholders, through their resolution dated April 11, 2023 and April 24, 2023, respectively, have approved an amendment to the Articles of Association of our Company. As of the date of this Draft Prospectus, our Company is in the process of filing form MGT- 14 with Ministry of Corporate Affairs, and such amendment to our Articles of Association will be effective from the date of filing of form MGT - 14. We cannot assure you that this form filing will be made in a timely manner.

29. Our Company has resorted to some direct assignments and securitization transactions. Any deterioration in the performance of any pool of receivables assigned or securitized to banks and other institutions may adversely impact our financial performance.

As part of our means of raising and/or managing our funds, we do assign or securitise a small portion of the receivables from our loan portfolio to banks and other institutions. Such assignment or securitisation transactions are conducted on the basis of our internal estimates of our funding requirements, which may vary from time to time. During Fiscal 2022, our Company did not raise funds by way of direct assignment and there was no securitization transaction executed during Fiscal 2022. Further, as at March 31, 2023, the sold portion of our Company's direct assignments outstanding amounted to INR 6,662.38 million.

For such transactions, in the event that a relevant bank or institution or NBFC does not realize the receivables due under loans that have been securitized/ assigned, the relevant bank or NBFC can enforce the underlying credit enhancements assured by us, it could have a material adverse effect on our results of operations, financial condition and/or cash flows. Further, any deterioration in the performance of any batch of receivables assigned to banks and NBFCs could adversely affect our credibility and therefore our ability to conduct further assignments and securitizations. We may also be named as a party in legal proceedings initiated by an assignee in relation to the securitized assets. Should a substantial portion of our securitized/ assigned loans be put back to us, it could have an adverse effect on our financial condition and results of operations.

The commercial viability of assignment and securitization transactions has been significantly affected by changes and developments relating to regulation governing such transactions. Such changes include (a) prohibition on carrying out securitization/ assignment transactions at rates lower than the prescribed base rate of the bank; (b) prohibition on NBFCs such as our Company from offering credit enhancements in any form and liquidity facilities in the case of loan transfers through direct assignment of cash flows; and (c) minimum holding period or 'seasoning' and minimum retention requirements of assignment and securitization loans.

Any adverse changes in the policy and/or regulations in connection with securitisation of assets by NBFCs and/or new circulars and/or directions issued by the RBI in this regard, affecting NBFCs or the purchasers of assets, would affect the securitisation market in general and our ability to securitise and/or assign our assets.

31. Our inability to recover the full value of collateral or amounts outstanding under defaulted loans under our Company's home loans business, in a timely manner, or at all, could adversely affect our business, results of operations and financial condition.

Under our Company's home loans business, we extend (i) home loans for ready to move-in, under-construction and self-constructed properties, and (ii) loans against property for constructed properties, where the collateral is the underlying residential real estate. The value of the collateral, however, may decline during the term of the loan for a variety of reasons, including due to adverse market conditions prevalent in the real estate sector. As a result, if our customers default, we may not be able to fully recover the outstanding loan balance by liquidating the collateral under the relevant financing facility, and, in turn, incur losses, even where we are able successfully repossess and liquidate the collateral.

Following the introduction of the SARFAESI Act in 2002, we may now foreclose on collateral after 60 days' notice to a borrower whose loan has been classified as non-performing. However, the actual time taken for full foreclosure generally ranges between 90 to 180 days. Further, in a case before the Supreme Court of India in 2004, while the constitutional validity of the SARFAESI Act was affirmed, the right of a defaulting borrower to appeal to the Debt Recovery Tribunal ("DRT") was also affirmed. The DRT has the power to issue a stay order prohibiting the lender from selling the assets of a defaulted borrower. As a result, we cannot assure you that any foreclosure proceedings would not be stayed by the DRT. In addition, we may be unable to realise the full value of our collateral, as a result of factors including delays in foreclosure proceedings. Further, in case insolvency proceedings are initiated under the

Insolvency and Bankruptcy Code, 2016 against one of our borrower, we may not have complete control over the recovery of amounts due to us.

We may also encounter difficulties in repossessing and liquidating collateral. When a customer defaults under a financing facility, we typically repossess and then sell the collateral through an auction. However, we cannot assure you that we will be able to successfully repossess the collateral in the event of default under a loan agreement. We may also face challenges in title verification of the collateral provided by the customer, as there is no central land registry in India and title to the property can be disputed, including on account of local land records not being duly updated, or not being maintained in a legible manner, or only being available in the local vernacular languages, or alleged short payment of stamp duty or registration fees (which may render the title documents inadmissible in evidence, unless stamped prior to enforcement with payment of requisite penalties).

Moreover, we may also not be able to sell the collateral at a price sufficient to cover the amount owed under the housing loan, or at all. We may face additional delay and expense in conducting an auction to sell the collateral and may face significant delay in repossessing collateral, as litigation against defaulting customers, even if governed by an arbitration clause, can be slow and expensive in India. In the event of any inability or delay in the repossession and liquidation of the collateral securing loans in default, we may incur losses, which could adversely affect our business, results of operations and financial condition.

32. *We may face difficulties and incur additional expenses in operating in rural and semi-urban markets, where infrastructure may be limited.*

In our Subsidiary's microfinance business, we extend credit to low-income women in rural and semi-urban areas across India, where, infrastructure may be limited, particularly for transportation, electricity and internet bandwidth. As of March 31, 2023, we had 713 branches spread across 183 districts in 12 states in India for our Subsidiary's microfinance business. At some of the branch offices of our Subsidiary, CIFCPL, in remote markets, we may face difficulties in conducting operations, such as arranging centre meetings in the villages, accessing power facilities, and implementing technology measures. We may also face increased costs in conducting our business and operations and implementing security measures. We cannot assure you that such costs will not increase in the future as we grow our distribution network in rural and semi urban markets, which could adversely affect our profitability.

33. *The microfinance industry in India faces unique risks due to the category of customers that it services, which are generally not associated with other forms of lending.*

Our Subsidiary's customers in the microfinance business segment i.e., low income families generally have limited sources of income, savings and credit histories. In addition, although we are generally able to obtain credit reports from credit bureaus on our customers, to the extent that there is limited financial information available for our focus customer segment and customers do not have any credit history supported by tax returns, bank or credit card statements, statements of previous loan exposures or other related documents, it may be difficult to carry out credit risk analyses on them. As a result, such customers may pose a higher risk of default than customers with greater financial resources and more established credit histories and customers living in urban areas with better access to education, employment opportunities and social services.

Collections for our Subsidiary's microfinance business are primarily in cash, exposing us to certain operational risks. Such cash collections expose us to the risk of theft, fraud, misappropriation or unauthorised transactions by employees responsible for dealing with such cash collections. These risks are exacerbated by the high levels of responsibility we delegate to our employees and the geographically dispersed nature of our network. While we have taken insurance policies, including coverage for cash in safes and in transit, and undertaken measures to detect and prevent unauthorised transactions, fraud or misappropriation, this may not be sufficient to prevent or deter such activities in all cases, which may adversely affect our operations and profitability. Further, we may be subject to regulatory or other proceedings in connection with any unauthorised transactions, fraud or misappropriation by our representatives and employees, which could adversely affect our goodwill. We may also be party to criminal proceedings and civil litigation related to our cash collections. Although we have introduced collection points at banks and with third-party fintech vendors, key safety lockers, accompanying personnel such as senior loan officer and assistant branch manager for physical transportation of cash and conducted period audits, we may be unable to avoid all operational risks. This may adversely affect our business, results of operations and cash flows.

In addition, political and social risks, such as the negative publicity surrounding the growth and profitability of the microfinance industry, public criticism of the microfinance industry, or religious beliefs and convictions regarding the extension of credit and repayment of interest may deter our customers from fulfilling their obligations to us. In

addition, the microfinance sector may be susceptible to election cycles. For example, political pressure by incumbents to write off loans or the announcements of debt-waiver schemes by state governments ahead of general elections may result in an accretion of NPAs across the microfinance industry. Due to the precarious circumstances of our customers and our non-traditional lending practices, we may, in the future, experience increased levels of NPAs and related provisions and write-offs that may adversely affect our business, financial condition and results of operations. We cannot assure you that our monitoring and risk management procedures will effectively predict and/or prevent such losses or that loan loss reserves will be sufficient to cover actual losses.

34. *Our Company's insurance coverage may not be sufficient or may not adequately protect us against any or all hazards, which may adversely affect our business, results of operations, financial condition and cash flows.*

We maintain insurance coverage for our operations in normal course. Our Company's insurance policies, however, may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. We cannot, assure you that the terms of our insurance policies will be adequate to cover any damage or loss suffered by us or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim.

We cannot assure you that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have obtained sufficient insurance to cover all our losses. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, or at acceptable cost, or at all.

35. *Our inability to protect or use our intellectual property rights may adversely affect our business.*

Our name and trademarks are significant to our business and operations. The use of our brand name or logo by third parties could adversely affect our reputation, which could in turn adversely affect our financial performance. We rely on our Promoter, NTL, for the usage of the "Navi" trademark, which is the trademark for our primary business operations. Further, we have entered into a Trade Mark License Agreement dated January 6, 2023, effective from December 1, 2022, with our Promoter, pursuant to which our Company has been granted a limited, conditional, restricted, revocable, non-exclusive, non-assignable, non-transferable and non-sub-licensable licenses to use the name and logo "NAVI". Further, our Promoter has applied for the registration of the "Navi" trademark under classes 9, 36 and 42. It is possible that third parties may copy or otherwise infringe on our rights, which may have an adverse effect on our business, results of operations, cash flows and financial condition. Our Promoter may not be able to prevent infringement of such trademarks and a passing off action may not provide sufficient protection until such time the applicable registrations are granted. Further, our trademark applications may fail to result in trademarks being issued in a timely manner or at all. We may also be susceptible to claims from third parties asserting infringement and other related claims. Our Company, has received a legal notice dated April 7, 2022 from Bajaj Finserv Limited to cease and desist from using the word "Finserv". If such claims are raised in the future, these claims could result in costly litigation, divert management's attention and resources, and may subject us to significant liabilities. Any of the foregoing could have an adverse effect on our business, results of operations and financial condition.

36. *Our operations could be adversely affected by strikes or demands by our employees or any other kind of disputes with our employees.*

We have not experienced any material employee unrest in the recent past, however we cannot assure you that we will not experience disruptions in work due to disputes or other problems with our work force, which may adversely affect our ability to continue our business operations. Any employee unrest directed against us, could directly or indirectly prevent or hinder our normal operating activities, and, if not resolved in a timely manner, could lead to disruptions in our operations. Such employee actions are difficult or impossible for us to predict or control and any such event could adversely affect our business, results of operations and financial condition.

37. *Our Subsidiary's business is subject to seasonal variations that could result in fluctuations in our results of operations.*

Our Subsidiary's business is seasonal in nature. Generally, the period from October to March is the peak period in India for retail economic activity. This increased, or seasonal, activity is the result of several holiday periods, improved weather conditions and crop harvests. Our revenues are generally higher during the second half of each Financial Year as compared to first half of the Financial Year. Any significant event such as unforeseen floods, earthquakes,

political instabilities, epidemics or economic slowdowns during this peak season would adversely affect our results of operations and growth. During these periods, we may continue to incur operating expenses, but our income from operations may be delayed or reduced. This seasonality can also be expected to cause quarterly fluctuations in our revenue, profit margins and earnings.

38. All of our offices and other key properties, including our Registered Office and Corporate Office, are located in leased premises.

As on the date of this Draft Prospectus, of our offices (including our Registered Office and Corporate Office) and branches, and other key properties to our business are located on leased premises. If any of the owners of these premises do not renew the agreements under which we occupy the premises, or if they seek to renew such agreements on terms and conditions unfavourable to us, or if they terminate the agreement we may suffer a disruption in our operations or increased costs, or both, which may adversely affect our business, financial condition, results of operations and cash flows.

39. We have contingent liabilities and our financial condition could be adversely affected if any of these contingent liabilities materialise.

The following table sets forth our Company's contingent liabilities as per Ind AS 37 and our Company's capital commitments as per Ind AS 16, as of March 31, 2023:

(₹ in millions)	
Contingent liabilities	As of March 31, 2023
In respect of Income tax demands where the Company has filed appeal before the relevant authority.	11.00
Total	11.00

We cannot assure you that we will not incur similar or increased levels of contingent liabilities in the future. If any of these contingent liabilities materialise, our financial condition and results of operation may be adversely affected. For further details on our contingent liabilities, see also "Financial Information" on page 341.

40. We have in the past entered into related-party transactions and may continue to do so in the future, which may potentially involve conflicts of interest.

We have entered into certain transactions with related parties and are likely to continue to do so in the future. For details on our related-party transactions, see "Our Management – Related Party Transactions" on page 160. Although all related-party transactions that we may enter into are subject to approval by our Audit Committee, Board or shareholders, and are at arm's length, as required under the Companies Act, we cannot assure you that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favourable terms if such transactions had not been entered into with related parties. Such related-party transactions may potentially involve conflicts of interest which may be detrimental to our interest and we cannot assure you that such transactions, individually or in the aggregate, will always be in the best interests of our minority shareholders and will not have an adverse effect on our business, financial condition and results of operations.

41. The objects of the Issue have not been appraised by any bank or financial institution. Our funding requirements and proposed deployment of the Net Proceeds are based on management estimates and may be subject to change based on various factors, some of which are beyond our control. Any variation in the utilisation of the Net Proceeds or in the terms of the conditions as disclosed in this Draft Prospectus would be subject to certain compliance requirements, including prior shareholders' approval.

We intend to use the Net Proceeds of the Issue for the purpose of onward lending and financing, as described in "Objects of the Issue" on page 72. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to fund any other expenditure or any exigencies arising out of changes in our competitive environment, business conditions, economic conditions or other factors beyond our control.

Our funding requirements and deployment of the Net Proceeds are based on internal management estimates and current market conditions, and have not been appraised by any bank or financial institution or other independent agency. It is subject to amendment due to changes in external circumstances, costs, other financial condition or business strategies. We operate in a highly competitive and dynamic industry and may need to revise our estimates from time to time based on changes in external circumstances or costs, or changes in other financial conditions,

business or strategy. This may entail rescheduling, revising or cancelling planned expenditure and funding requirements at our discretion. For details, see “*Objects of the Issue*” on page 72. Additionally, various risks and uncertainties, including those set forth in this “*Risk Factors*” section, may limit or delay our efforts to use the Net Proceeds to achieve profitable growth.

42. *We have not entered into any definitive agreements to utilise a substantial portion of the net proceeds of the Issue.*

We intend to use the Net Proceeds for the purposes described in “*Objects of the Issue*” on page 72 of this Draft Prospectus. Our management will have broad discretion to use the Net Proceeds and you will be relying on the judgment of our management regarding the application of these Net Proceeds. Our funding requirements are based on current conditions and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy. Our management, in response to the competitive and dynamic nature of the industry, will have the discretion to revise its business plan from time to time. Any such change in our plans may require rescheduling of our current plans or discontinuing existing plans and an increase or decrease in the fund requirements for the objects, at the discretion of the management. Pending utilisation for the purposes described above, we intend to temporarily invest the funds in interest bearing liquid instruments. Such investments would be in accordance with the investment policies approved by our Board from time to time.

43. *This Draft Prospectus contains information from third parties including reports prepared by independent third-party research agencies, which we have commissioned and paid for purposes of confirming our understanding of the industry. There can be no assurance that such third party statistical, financial and other industry information is either complete or accurate.*

The industry and market information contained in this Draft Prospectus includes information that is derived from the report entitled “Indian Fintech Landscape focussed on Digital Lending” dated August 2022 prepared by an independent third-party research agency, RedSeer Management Consulting Private Limited and the report entitled “Indian Microfinance Sector Industry witnessing turnaround; healthy portfolio growth and improved profitability expected” dated September 2022 prepared by an independent third-party research agency, ICRA. These reports have been commissioned and paid for by us for the purposes of confirming our understanding of our industry in connection with the Issue. The reports use certain methodologies for market sizing and forecasting, and may include numbers relating to us that differ from those we record internally. While we believe such information to be true, we cannot assure you that such information is complete or reliable. Given the scope and extent of the reports, disclosures herein are limited to certain excerpts and the reports have not been reproduced in their entirety in this Draft Prospectus. There are no parts, data or information (which may be relevant for the Issue) that have been left out or changed in any manner. Accordingly, investors should read the industry-related disclosure in this Draft Prospectus in this context.

Industry sources and publications are also prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ from those included in this Draft Prospectus. While these industry sources and publications may take care and caution while preparing their reports, they do not guarantee the accuracy, adequacy or completeness of the data. Accordingly, investors should not place undue reliance on, or base their investment decision solely on this information.

44. *We continue to be controlled by our Promoter and it will continue to have the ability to exercise significant control over us. We cannot assure you that exercise of control by our Promoter will always favour our best interest.*

Our Promoter holds 100% of our outstanding Equity Shares as on March 31, 2023. Our Promoter exercise significant control over us, including being able to control the composition of our Board and determine matters requiring shareholder approval or approval of our Board. Our Promoter may take or block actions with respect to our business, which may conflict with our interests or the interests of our minority shareholders. By exercising their control, our Promoter could delay, defer or cause a change of our control or a change in our capital structure, delay, defer or cause a merger, consolidation, takeover or other business combination involving us, discourage or encourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of us which may not favour our best interest.

45. ***We have had negative net operating cash flows in the past and may continue to have negative cash flows in the future.***

The following table sets forth a summary of our cash flows for the periods indicated:

Particulars	For the Financial Year Ended March 31,		
	2023	2022	2021
	<i>(₹ in millions)</i>		
Net cash flows (used in)/generated from operating activities	(38,286.91)	(11,666.04)	6,808.50
Net cash flows (used in)/generated from investing activities	(448.02)	(489.68)	(636.64)
Net cash flows (used in) /generated from financing activities	38,082.62	14,870.61	(5,336.33)

For further details, see “Financial Information” on page 341.

46. ***This Draft Prospectus contains certain Non-GAAP measures related to our operations and financial performance that may vary from any standard methodology that is applicable across the industry.***

This Draft Prospectus includes certain non-GAAP measures, including, *inter alia*, EBITDA, Net Worth and Return on Net Worth, AUM, Total Debts to total assets, Debt Service Coverage ratios, interest service coverage ratios, Bad debts to Account receivable ratio, Gross NPA (%), Net NPA (%), Tier I CAR (%) and Tier II CAR (%), which are a supplemental measure of our performance and liquidity that is not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or US GAAP. We consider these non-GAAP measures useful in evaluating our business and financial performances. However, these non-GAAP measures are not alternatives to any measure of performance or liquidity or as an indicator of our operating performance or liquidity. They should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the year or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS or US GAAP. There are no standard methodologies in the industry for computing such measures, and those non-GAAP measures we included in this Draft Prospectus may not be comparable to similarly titled measures presented by other companies. Other companies may calculate similarly titled measures differently, limiting their usefulness as comparative measures to our data. We encourage investors and others to review our financial information in its entirety and not rely on a single financial measure.

Risks relating to the Issue and the NCDs

47. ***Changes in interest rate may affect the price of our NCDs. Any increase in rate of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.***

All securities where a fixed rate of interest is offered, such as our NCDs, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e., when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of our NCDs.

48. ***There may be no active market for the NCDs on the retail debt market/capital market segment of the Stock Exchanges. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.***

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or be sustained, the liquidity and market prices of the NCDs may be adversely affected. The market price of the NCDs would depend on various factors *inter alia* including (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) the market for listed debt securities, (iii) general economic conditions, and, (iv) our financial performance, growth prospects and results of operations. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs and/or be relatively illiquid.

49. *Credit ratings may not reflect all risks. Any downgrading in credit rating of our NCDs may adversely affect the value of NCDs and thus our ability to raise further debts.*

The NCDs proposed to be issued under the Issue have been rated “IND A/ Stable” and “CRISIL A/Stable” by India Ratings and CRISIL, respectively, vide their letter dated June 12, 2023 and June 9, 2023, respectively. Credit rating may not reflect the potential impact of all risks related to structure, market, additional factors discussed here, and other factors that may affect the value of the NCDs.

The rating provided by India Ratings and CRISIL may be suspended, withdrawn or revised at any time by the assigning rating agency and should be evaluated independently of any other rating. These ratings are not a recommendation to buy, sell or hold securities and investors should take their own decisions. Please refer to page 342 of this Draft Prospectus for rating letters and rationale for the above rating.

50. *Security on our NCDs may rank pari passu with our Company’s secured indebtedness in the future.*

Substantially all of our Company’s current assets represented by the receivables are being used to secure our Company’s debt. As of March 31, 2023, our Company’s secured borrowings was ₹ 51,126.09 million. While the security on our NCDs is exclusive as of the date of this Draft Prospectus, the terms of the NCDs do not prevent our Company from incurring additional debt subject to maintenance of minimum security cover. In the event that we incur additional debt in the future which is secured against our assets, the NCDs may rank *pari passu* to the future indebtedness and other secured liabilities and obligations of our Company.

51. *You may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the NCDs. Failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.*

Our ability to pay interest accrued on the NCDs and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors inter-alia including our financial condition, profitability and the general economic conditions in India and in the global financial markets. We cannot assure you that we would be able to repay the principal amount outstanding from time to time on the NCDs and/or the interest accrued thereon in a timely manner or at all. Although our Company will create appropriate security in favour of the Debenture Trustee for the NCD holders on the assets adequate to ensure 110.00% security cover for the NCDs at the time of allotment of NCDs, which shall be free from any encumbrances, any decrease in assets provided as security in future might result in Company not meeting the security cover stipulated as per the respective term sheet. This can adversely affect ability of our Company to meet its payment obligations. Further, the realisable value of the assets charged as security, when liquidated, may be lower than the outstanding principal and/or interest accrued thereon in connection with the NCDs.

While the debenture is secured against a charge to the tune of 110.00% of the principal and interest amount in favour of debenture trustee, and it is the duty of the debenture trustee to monitor that the security is maintained, however, the possibility of recovery of 100.00% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security.

A failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.

52. *The rights over the security provided will not be granted directly to holders of the NCDs.*

The rights over the security securing the obligations of our Company under the NCDs and the Trust Deed will not be granted directly to the NCD holders, but will be granted only in favour of the Debenture Trustee. As a consequence, NCD holders will not have direct security and will not be entitled to take enforcement action in respect of the security for the NCDs, except through the Debenture Trustee.

53. *Payments to be made on the NCDs will be subordinated to certain tax and other liabilities preferred by law. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.*

The NCDs will be subordinated to certain liabilities preferred by law such as the claims of the Government on account of taxes, and certain liabilities incurred in the ordinary course of our business. In particular, in the event of

bankruptcy, liquidation or winding-up, our Company's assets will be available to pay obligations on the NCDs only after all of those liabilities that rank senior to these NCDs have been paid as per section 327 of the Companies Act, 2013. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.

54. *Security provided for the Issue may not be enforceable if the security provided for the Issue is classified as 'Assets' under the IT Act and will be void as against any claim in respect of any tax or any other sum payable by our Company.*

Under section 281 of the IT Act and circular bearing number 04/2011 dated July 19, 2011, our Company is not required to obtain prior consent of the assessing officer to create the security provided for the Issue to the extent classified as assets under section 281 of the IT Act, during the pendency of such proceedings. While the Security provided for the Issue is not classified as 'assets' under section 281 of the IT Act, in the event there are any proceedings against our Company prior to the creation of the security, and in the event that such consent is not granted, the security provided for the Issue to the extent classified as 'Assets' under section 281 of the IT Act will be void as against any claim in respect of any tax or any other sum payable by our Company, including as a result of the completion of such proceedings.

55. *There may be a delay in making refund/ unblocking of funds to Applicants.*

We cannot assure you that the monies refundable to you, on account of (i) withdrawal of your applications, (ii) our failure to receive minimum subscription in connection with the Base Issue, (iii) withdrawal of the Issue, or (iv) failure to obtain the final approval from the BSE and NSE for listing of the NCDs, will be refunded to you in a timely manner. We however, shall refund / unblock such monies, with the interest due and payable thereon (in case of any delays) as prescribed under applicable statutory and/or regulatory provisions.

56. *Permission to list in any stock exchange in India or abroad.*

While none of our securities or debt instruments have been denied permission to list in any stock exchange in India or abroad during last three years, any such refusal in future might adversely affect tradability as well as price of then existing other listed securities or debt instruments.

EXTERNAL RISKS

Risks Relating to India

57. *Political, economic or other factors that are beyond our control may have an adverse effect on our business and results of operations.*

The Indian economy and capital markets are influenced by economic, political and market conditions in India and globally. We are incorporated in India, and all of our assets and employees are located in India. As a result, the performance and growth of our business are necessarily dependent on economic conditions prevalent in India, which may be adversely affected by central or state political instability or regional conflicts, a general rise in interest rates, inflation, and economic slowdown elsewhere in the world or otherwise. The following external risks may have an adverse impact on our business and results of operations, should any of them materialise:

- increase in interest rates may adversely affect our access to capital and increase our borrowing costs, which may constrain our ability to grow our business and operate profitably;
- political instability, resulting from a change in governmental or economic and fiscal policies, may adversely affect economic conditions in India. In recent years, India has implemented various economic and political reforms. Reforms in relation to land acquisition policies and trade barriers have led to increased incidents of social unrest in India over which we have no control;
- change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular;
- civil unrest, acts of violence, terrorist attacks, regional conflicts or situations or war;
- India has experienced epidemics, and natural calamities such as earthquakes, tsunamis, floods, and drought in recent years;

- contagious diseases such as the COVID-19 pandemic, the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine. A worsening of the current COVID-19 pandemic or any similar future outbreaks of COVID-19, avian or swine influenza or a similar contagious disease could adversely affect the Indian economy and economic activity in the region.

Consumer confidence, consumer spending, unemployment and overall economic growth rates are among the main factors that often impact the demand for credit. Poor economic conditions and regulatory forbearances or relaxations tend to adversely affect our end-customers' ability and willingness to repay the amounts borrowed, thus increasing delinquencies, charge-offs and provisions for credit losses, and decreasing recoveries. While our results may not necessarily track India's economic growth figures, the Indian economy's performance affects the environment in which we operate. These factors could have an adverse effect on our business, financial condition and results of operations.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations and financial condition. Further, the global economy is currently undergoing a period of unprecedented volatility, and the future economic environment may continue to be less favourable than that of recent years. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability, including the fluctuations in the stock markets in the global stock markets on account of geopolitical tensions or other events, could also have a negative impact on the Indian economy. Our performance and the growth of our business depend on the overall performance of the Indian economy as well as the economies of the regional markets in which we operate.

58. *Changing laws, rules and regulations and legal uncertainties, including tax laws and regulations, may adversely affect our business and financial performance.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes, including the instances mentioned below, may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example:

- The Government of India announced the Union Budget for Fiscal 2023 ("**Budget 2023**"), pursuant to which the Finance Bill 2023 has proposed various amendments. The Finance Bill 2023 has received assent from the President of India on March 30, 2023 and has been enacted as the Finance Act 2023. We have not fully determined the impact of these recent and proposed laws and regulations on our business. We cannot predict whether any amendments proposed by the Finance Act, 2023 will have an adverse effect on our business, financial condition and results of operations. Unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.
- In India, the Supreme Court, in a judgment delivered on 24 August 2017, has held that the right to privacy is a fundamental right. Following this judgment, the Government of India is considering the enactment of the Digital Personal Data Protection Bill, 2022 on personal data protection for implementing organizational and technical measures in processing personal data and lays down norms for cross-border transfer of personal data and to ensure the accountability of entities processing personal data. The enactment of the aforesaid bill may introduce stricter data protection norms for a company such as us and may impact our processes.
- On September 7, 2021, the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Fifth Amendment) Regulations, 2021 were notified, pursuant to which the SEBI Listing Regulations stand amended. The amended SEBI Listing Regulations, amongst other matters, require entities that have listed non-convertible securities to disclose financial results on a quarterly basis (as opposed to a half yearly basis), including assets and liabilities, and cash flows. This has imposed additional compliance requirements on companies such as our Company, which have listed their non-convertible debentures on the debt segments of the stock exchanges.
- On November 12, 2021, the RBI released the Reserve Bank – Integrated Ombudsman Scheme 2021, pursuant to which all erstwhile Ombudsman schemes (banking, non-banking and digital) were merged into

one scheme and which also lists deficiency of service as a ground for filing a complaint, pursuant to which customers of non-banking financial companies can raise complaints with the RBI directly. This may result in an increased number of customer complaints across the industry, including for us.

- On September 2, 2022, the RBI issued the 'Guidelines on Digital Lending' following the 'Recommendations of the Working Group on Digital Lending – Implementation' (the "**Recommendations**") issued by the RBI on August 10, 2022. The Guidelines on Digital Lending require, *inter alia*: (a) all loan disbursements and repayments to be executed only between the bank accounts of the borrower and the regulated entity without any pass-through/ pool account of the loan service provider or any third party; (b) all-inclusive costs of digital loans to be disclosed to the borrower, such as any fees and charges which can be imposed during the term of the loan; (c) a cooling-off period to be provided to borrowers, during which the borrowers can exit digital loans by paying the principal and the proportionate costs without any penalty; (d) the appointment of a nodal grievance officer by loan service providers; (e) reporting of loans to credit information companies. Additionally, the Recommendations have noted some issues for further examination by the RBI, which may be incorporated into the Guidelines on Digital Lending in the future; and (f) regulated entities must provide a Key Fact Statement ("**KFS**") to the borrower before the execution of the contract, for all digital lending products, in the format provided under the Guidelines on Digital Lending. In the Guidelines on Digital Lending, the RBI has also provided that regulated entities engaged in credit delivery through digital lending have time till November 30, 2022 to comply with the lending norms for repeat and top up loans to existing digital lending customers. The Guidelines on Digital Lending have been made applicable for 'existing customers availing fresh loans' and 'new customers getting onboarded' from the date of the circular, i.e., September 2, 2022. The Guidelines on Digital Lending also place the onus on the regulated entities to ensure that any lending service providers ("**LSPs**") engaged by them, are in compliance with the Guidelines on Digital Lending as well, while also imposing enhanced due diligence obligations on the regulated entities with respect to LSPs. The Guidelines on Digital Lending also lay down obligations with respect to collection and storage of data, and data privacy. Our Company is engaged in digital lending within the meaning of the Guidelines on Digital Lending. Failure to comply with the obligations in a timely manner may lead to imposition of penalties, and/or other regulatory action being taken by the RBI against us, which may adversely affect our business operations.

Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the application, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our businesses in the future.

59. *We may be affected by competition law in India and any adverse application or interpretation of the Competition Act could in turn adversely affect our business.*

The Competition Act, 2002, as amended (the "**Competition Act**") was enacted for the purpose of preventing practices that have or are likely to have an adverse effect on competition ("**AAEC**") in certain markets in India and has mandated the Competition Commission of India (the "**CCI**") to separate such practices. Under the Competition Act, any arrangement, understanding or action, whether formal or informal, which causes or is likely to cause an AAEC is deemed void and attracts substantial penalties.

Further, any agreement among competitors which directly or indirectly involves determination of purchase or sale prices, limits or controls production, or shares the market by way of geographical area or number of customers in the relevant market is presumed to have an appreciable adverse effect on competition in the relevant market in India and shall be void. Further, the Competition Act prohibits abuse of dominant position by any enterprise. If it is proved that the contravention committed by a company took place with the consent or connivance or is attributable to any neglect on the part of, any director, manager, secretary or other officer of such company, that person shall be guilty of the contravention and liable to be punished.

On March 4, 2011, the Government notified and brought into force the combination regulation (merger control) provisions under the Competition Act which came into effect from June 1, 2011. These provisions require acquisitions of shares, voting rights, assets or control or mergers or amalgamations that cross the prescribed asset and turnover based thresholds to be mandatorily notified to and pre-approved by the CCI. Additionally, on May 11, 2011, the CCI

issued the Competition Commission of India (Procedure for Transaction of Business Relating to Combinations) Regulations, 2011, as amended, which sets out the mechanism for implementation of the merger control regime in India.

The Competition Act aims to, among others, prohibit all agreements and transactions which may have an AAEC in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside India if such agreement, conduct or combination has an AAEC in India. The impact of the provisions of the Competition Act on the agreements entered into by us cannot be predicted with certainty at this stage. However, if we pursue an acquisition driven growth strategy, we may be affected, directly or indirectly, by the application or interpretation of any provision of the Competition Act, any enforcement proceedings initiated by the CCI, any adverse publicity that may be generated due to scrutiny or prosecution by the CCI, or any prohibition or substantial penalties levied under the Competition Act, which would adversely affect our business, results of operations, cash flows and prospects.

60. *Any downgrading of India's debt rating by an international rating agency could have a negative impact on our business.*

India's sovereign debt rating could be downgraded due to several factors, including changes in tax or fiscal policy or a decline in India's foreign exchange reserves, all which are outside our control. Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional external financing, and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our business and future financial performance and our ability to obtain financing for capital expenditures.

61. *If the rate of inflation in India increases, our business and results of operations may be adversely affected.*

Inflation rates in India have been volatile in recent years, and such volatility may continue. In recent years, India has experienced consistently high inflation, which has increased interest rates and increased costs to our business, including finance costs as well as costs of salaries and other expenses relevant to our business. High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Further, high inflation leading to higher interest rates may also lead to a slowdown in the economy and adversely impact credit demand and growth. Consequently, we may also be affected and fall short of business growth and profitability.

While the Government of India through the RBI has previously initiated economic measures to combat high inflation rates, it is unclear whether these measures will remain in effect, and there can be no assurance that Indian inflation levels will not rise in the future. As a result, high inflation in India could have a material adverse effect on our financial condition and results of operations.

62. *Our ability to raise foreign debt capital may be constrained by Indian law.*

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies. Such regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that any required regulatory approvals for borrowing in foreign currencies will be granted to us without onerous conditions, or at all. Limitations on foreign debt may have an adverse effect on our business growth, financial condition and results of operations.

63. *Investors may have difficulty in enforcing foreign judgments against us or our management.*

We are a limited liability company incorporated under the laws of India. All of our directors and executive officers are residents of India. Many of our assets are located in India. As a result, it may be difficult for investors to effect service of process upon us or such persons in India or to enforce judgments obtained against us or such parties outside India.

India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India has reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions, including the United Kingdom, Singapore, UAE, and Hong Kong. A judgment from certain specified courts located in a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908, as amended ("**Civil Procedure Code**"). The United States has not been notified as a reciprocating territory.

In order to be enforceable, a judgment obtained in a jurisdiction which India recognizes as a reciprocating territory must meet certain requirements of the Civil Procedure Code. Section 13 of the Civil Procedure Code provides that

foreign judgments shall be conclusive regarding any matter directly adjudicated on except (i) where the judgment has not been pronounced by a court of competent jurisdiction, (ii) where the judgment has not been given on the merits of the case, (iii) where it appears on the face of the proceedings that the judgment is founded on an incorrect view of international law or refusal to recognize the law of India in cases to which such law is applicable, (iv) where the proceedings in which the judgment was obtained were opposed to natural justice, (v) where the judgment has been obtained by fraud or (vi) where the judgment sustains a claim founded on a breach of any law then in force in India. Under the Civil Procedure Code, a court in India shall, on the production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction, unless the contrary appears on record; such presumption may be displaced by proving want of jurisdiction. The Civil Procedure Code only permits the enforcement of monetary decrees, not being in the nature of any amounts payable in respect of taxes, or other charges of a like nature or in respect of a fine or other penalty and does not provide for the enforcement of arbitration awards even if such awards are enforceable as a decree or judgment. A foreign judgment rendered by a superior court (as defined under the Civil Procedure Code) in any jurisdiction outside India which the Government of India has by notification declared to be a reciprocating territory, may be enforced in India by proceedings in execution as if the judgment had been rendered by a competent court in India. Judgments or decrees from jurisdictions which do not have reciprocal recognition with India cannot be enforced by proceedings in execution in India. Therefore, a final judgment for the payment of money rendered by any court in a non-reciprocating territory for civil liability, whether or not predicated solely upon the general laws of the non-reciprocating territory, would not be enforceable in India. Even if an investor obtained a judgment in such a jurisdiction against us, our officers or directors, it may be required to institute a new proceeding in India and obtain a decree from an Indian court.

However, the party in whose favour such final judgment is rendered may bring a new suit in a competent court in India based on a final judgment that has been obtained in the United States or other such jurisdiction within three years of obtaining such final judgment. It is unlikely that an Indian court would award damages on the same basis as a foreign court if an action is brought in India. Moreover, it is unlikely that an Indian court would award damages to the extent awarded in a final judgment rendered outside India if it believes that the amount of damages awarded were excessive or inconsistent with public policy in Indian. In addition, any person seeking to enforce a foreign judgment in India is required to obtain the prior approval of the RBI to repatriate any amount recovered, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approvals would be acceptable. Such amount may also be subject to income tax in accordance with applicable law.

Consequently, it may not be possible to enforce in an Indian court any judgment obtained in a foreign court, or effect service of process outside of India, against Indian companies, entities, their directors and executive officers and any other parties resident in India. Additionally, there is no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner.

Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-Section (1) of Section 38 of the Companies Act, 2013, relating to punishment for fictitious applications. Section 38(1) of the Companies Act, 2013 provides that:

“Any person who -

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”*

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹0.10 crore or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹10 lakh or 1.00% of the turnover of our Company, whichever is lower; and (ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹50 lakh or with both.

Minimum subscription

In terms of the SEBI NCS Regulations for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue Size being ₹ 1,875 million. If our Company does not receive the minimum subscription of 75% of the Base Issue Size being ₹ 1,875 million, prior to the Issue Closing Date, the entire Application Amount shall be unblocked in the relevant ASBA Accounts of the Applicants within eight Working Days from the Issue Closing Date. In the event the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Accounts(s) of the Applicants within six Working Days from the Issue Closing Date. In the event there is delay in unblocking of funds/refunds, our Company shall be liable to repay the money, with interest at the rate of 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard included in the SEBI Operational Circular.

Annexure 1

STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO DEBENTURE HOLDERS OF (the “COMPANY”) UNDER THE INCOME-TAX ACT, 1961 (hereinafter referred to as the ‘Act’)

The information provided below sets out the possible tax benefits available to the Debenture Holders of the Company under the Act presently in force in India. The tax benefits are given as per the prevailing tax laws and may vary from time to time in accordance with amendments to the law or enactments thereto. The Annexure is based on the provisions of the Act, as on date, taking into account the amendments made by the Finance Act, 2023 (FA 2023).

This Annexure intends to provide general information on the possible tax benefits available to the Debenture Holder(s) of an Indian company in which public are substantially interested in a summary manner only based on the applicable provisions of the Act and is not a complete analysis or listing of all potential tax consequences of the subscription, ownership and disposal of the debenture. However, in view of the individual nature of the tax implications, the investors are best advised to consult their respective tax advisors/consultants with respect to the specific tax and other implications arising out of their participation in the proposed issue as indicated herein or purchase, sale or holding of debentures / non-convertible debentures (“NCDs”) subsequent thereto.

Taxability under the Act

A. Common provisions applicable to both Resident and Non-Resident debenture holders:

1. Determination of head of income for the purpose of assessability:

The returns received by the investors from NCDs in the form of interest and the gains on the sale/ transfer of the NCD, may be characterized under the following broad heads of income for the purposes of taxation under the Act:

- Profits and Gains from Business;
- Capital Gains; and
- Income from Other Sources.

For determining the appropriate head of income (as mentioned above) *vis-à-vis* the income or loss earned on/from the NCD, it will be pertinent to analyse whether the NCD are held as ‘Investments’ i.e., capital asset or as ‘Stock-in-trade’.

If the NCD are held as ‘Stock-in-trade’, interest income as well as gain or loss on its transfer will be assessed to tax under the head “Profit and Gains from Business”, whereas, if the NCD are held as ‘Investments’, then the interest income will be assessed to tax under the head “Income from Other Sources” and any gain/ loss on its transfer will be assessed to tax under the head “Capital Gains” (explained in ensuing paragraphs), based on facts of each case.

However, as per section 2(14) of the IT Act, ‘capital asset’ includes, *inter alia*, securities held by a Foreign Institutional Investor (‘FII’) [now known as Foreign Portfolio Investor (‘FPI’)] which has invested in such securities in accordance with the regulations made under Securities and Exchange Board of India Act, 1992. Accordingly, such securities, held by an FII, will be characterised as ‘capital asset’ and classification as ‘Stock in- trade’ shall not apply.

The investors should obtain specific advice from their tax advisors regarding the tax treatment of their investments.

2. Taxation of Interest and Gain / loss on transfer of debentures:

Taxation of Interest

Income by way of interest received on debentures, bonds, and other debt instruments held as an investment will be charged to tax as under the head “Income from Other Sources” at the rates applicable to the investor after deduction of expenses, if any, allowable under section 57 of the Act. These are essentially expenses (not being in the nature of capital expenditure) laid out or expended wholly and exclusively for the purpose of earning the interest income.

Income by way of interest received in case of debentures, bonds or other debt instruments held as stock-in-trade will be charged to tax under the head “Profits and Gains from Business”. Further, where debentures, bonds or other debt instruments held as stock-in-trade are sold before their maturity, the interest accrued thereon till the date of sale and included in the sale price, may also be charged to tax as “business income” (treatment separately discussed below).

The investors should obtain specific advice from their tax advisors regarding the tax treatment of their investments.

Taxation of gain or loss on transfer

(a) Taxable under the head Profits and Gains from Business.

As discussed above, depending on the particular facts of each case, the NCD may, in certain cases, be regarded to be in the nature of stock in trade and, hence, the gains from the transfer/ sale of such NCD would be considered to be in the nature of “Profits and Gains from Business”.

In such a scenario, the gains from the business of investing in the NCD may be chargeable to tax on a ‘net’ basis (that is, net of allowable deductions for expenses/allowances under Chapter IV – Part D of the Act). The “Profits and Gains from Business” so computed, as reduced on account of set-off of losses in accordance with Chapter VI of the Act and unabsorbed allowances, if any, would go to form part of the gross total income of the investor.

The gross total income would be reduced by deductions, if any, available under Chapter VI-A of the Act and the resultant total income would be subject to tax at the tax rates as applicable to the investor (Refer Note 1 and Note 2).

Based on section 145 of the Act, the timing of charging any income to tax would depend on the method of accounting followed by the taxpayer consistently (i.e., cash or mercantile).

Investors should obtain specific advice from their tax advisors regarding the manner of computing business income, the deductions available therefrom and the tax to be paid thereon.

(b) Taxable under the head Capital Gains

As discussed above, based on the particular facts of each case, the NCD may, in certain cases, be regarded to be held as ‘Investments’ in which case the gains from the transfer/ sale of such NCD should be chargeable to tax under the head “capital gains”.

Investors should, however, seek specific advice from their tax advisors/ consultants in respect of characterization of capital gains, the manner of computation and the tax to be paid thereon. As per section 2(14) of the Act, the term ‘capital asset’ had been defined to, *inter alia*, mean any securities held by a foreign institutional investor which has invested in such securities in accordance with the regulations made under Securities and Exchange Board of India Act, 1992.

3. Period of holding – long-term & short-term capital assets

Where NCD is regarded to be held as ‘Investments’, taxability of investments depends upon nature of capital asset and period of holding.

As per section 2(29AA) read with section 2(42A) of the IT Act, listed NCD is treated as a long-term capital asset if the same is held for more than 12 months immediately preceding the date of its transfer and consequently, the gain/ loss on transfer of such NCD should be treated as long term capital gain/ loss.

Accordingly, if listed NCD is held for upto 12 months immediately preceding the date of its transfer, the same should be treated as a short-term capital asset and the gain/ loss on transfer of such NCD should be treated as short-term capital gain/ loss. Benefit of indexation is not available.

4. Computation of capital gains and tax thereon

Capital gains are computed after reducing from the consideration received from the transfer of the capital asset, the cost of acquisition of such asset and the expenses incurred wholly and exclusively in connection with the transfer. The capital gains so computed will be chargeable to tax at the rates as detailed in the ensuing paragraphs.

5. Nature of transactions and resultant capital gain treatment

The capital gains tax treatment of transactions is given in Note 4. The following transactions would attract the “regular”

capital gains tax provisions:

- Transactions of sale of debentures, bonds, listed or otherwise; and
- Transactions in structured debentures.

6. Bonus Stripping

The provision for bonus stripping is attracted if the following conditions are met:

- When a person acquires securities or units (hereinafter referred to as securities) within three months prior to the record date.
- Bonus securities are allotted to the investor on the basis of the securities held on the record date.
- The original securities (held on record date) are sold within nine months after the record date, while continuing to hold any or all of the additional securities.
- Investor incurs a loss on the above sale transaction.

If the above conditions are satisfied, then the loss suffered on sale of original securities would be disallowed and deemed to be the cost of acquisition of the bonus securities.

7. Set off of capital losses

Long-term capital loss of a year can be set off only against long-term capital gains arising in that year or in subsequent years and cannot be set off against short-term capital gains arising in that year or in subsequent years. The long-term capital loss remaining after set-off, if any, can be carried forward for eight years immediately succeeding the year in which the loss was first computed, to be set off against subsequent years' long-term capital gains.

On the other hand, short-term capital loss in a year can be set off against both, short-term and long-term capital gains of the same year or of subsequent years. The short-term capital loss remaining after set-off, if any, can be carried forward for eight years immediately succeeding the year in which the loss was first computed, to be set off against subsequent years' short-term as well as long-term capital gains.

Carry forward of short-term and long-term capital loss of prior years for not more than eight assessment years immediately succeeding the assessment year for which the first loss was computed, is subject to the Return of Income (ROI) filed within the original due date.

8. Certain deductions available under Chapter VI-A of the Act

Individuals and Hindu Undivided Families would be allowed a deduction in computing total income, *inter alia*, under section 80C of the Act for an amount not exceeding INR 150,000 with respect to sums paid or deposited in the previous year in certain specified schemes.

However, w.e.f FY2023-24 onwards, the default tax provisions would be as per provisions of section 115BAC, where such individual or HUF shall not be entitled to deduction specified, *inter alia*, under section 80C of the Act.

Further, any person having income from business or profession for any previous year can opt out from section 115BAC only once for a previous year other than the year in which it was exercised and thereafter, such person shall never be eligible to exercise the option to be assessed in accordance with the provisions of section 115BAC of the Act except where such person ceases to have any income from business or profession, in which case, the option to be assessed to tax as per the provisions of section 115BAC of the Act shall be available.

9. Alternate Minimum Tax ("AMT")

The Act provides for the levy of AMT to tax investors (other than companies) at the rate of 18.5 per cent (plus applicable surcharge and health and education cess) on the adjusted total income. In a situation where the income-tax computed as per the normal provisions of the Act is less than the AMT on "adjusted total income", the investor shall be liable to pay tax as per AMT. "Adjusted total income" for this purpose is the total income

before giving effect to the deductions claimed under section C of chapter VI-A (other than section 80P) and deduction claimed, if any, under section 10AA and deduction claimed, if any, under section 35AD as reduced by the amount of depreciation allowable in accordance with the provisions of section 32 as if no deduction under section 35AD was allowed in respect of the assets on which the deduction under that section is claimed. AMT will not apply to an Individual, HUF, AOP, BOI or an Artificial Juridical Person if the adjusted total income of such person does not exceed INR 20 lakhs. As per sub-section (5) to section 115JC of the Act, inserted by Finance Act, 2020, the provisions of AMT shall not be applicable in case of, *inter alia*, an individual or HUF who has exercised the option to be taxed as per the provisions of section 115BAC of the Act. Further, the credit of AMT can be further carried forward to fifteen subsequent years and set off in the year(s) where regular income tax exceeds the AMT.

The provisions of AMT also provide that the Foreign Tax Credit (FTC) claimed against AMT liability which exceeds the FTC that would have been allowable while computing income under normal provisions, would be ignored while computing tax credit under AMT.

10. Minimum Alternative Tax ("MAT")

The Act provides that where the tax liability of a company (under the regular provisions of the Act) is less than 15 per cent of its 'book profit', then the book profit is deemed to be its total income and tax at the rate of 15 per cent (plus applicable surcharge and health and education cess –Refer Note 2) is the MAT payable by the company.

MAT credit is allowed to be carried forward for fifteen years immediately succeeding the assessment year in which tax credit becomes allowable. The tax credit can be set-off in a year when the tax is payable on the total income is in accordance with the regular provisions of the Act and not under MAT.

The Central Board of Direct Taxes ('CBDT') vide its Circular no. 29 of 2019 dated 2 October 2019 has clarified that MAT credit is not available to a domestic company exercising option under section 115BAA of the Act. The circular further clarifies that there is no time limit within which the option under section 115BAA of the Act can be exercised and accordingly, a domestic company having accumulated MAT credit may, if it so desires, exercise the option of section 115BAA of the Act at a future date, after utilizing the MAT credit against tax payable as per the regime existing prior to the Taxation Laws (Amendment) Act, 2019.

As per the provisions of section 115JB of the Act, the amount of income accruing or arising to a foreign company from capital gains arising on transactions in securities or interest, royalty, or fees for technical services chargeable to tax at the rates specified in Chapter XII of the Act, shall be excluded from the purview of MAT, if such income is credited to the Profit and Loss Account and the tax payable on such income under the normal provisions is less than the MAT rate of 15 per cent. Consequently, corresponding expenses shall also be excluded while computing MAT.

Further, Explanation 4 to section 115JB of the Act clarifies that provisions of MAT will not apply to a foreign company if:

- (a) It is a resident of a country with which India has a DTAA and the company does not have a permanent establishment in India in accordance with the provisions of such DTAA; or
- (b) it is a resident of a country with which India does not have a DTAA and the foreign company is not required to register under any law applicable to companies.

Further, it is provided that the FTC claimed against MAT liability which exceeds the FTC that would have been allowable while computing income under normal provisions, would be ignored while computing tax credit under MAT.

Also, sub-section 5A to section 115JB, provides that the provisions of section 115JB shall not apply to a person who has exercised the option referred under section 115BAA or section 115BAB of the Act.

11. Taxability of non-resident investors under the tax treaty

In case of non-resident investor who is a resident of a country with which India has signed a Double Taxation Avoidance Agreement ("DTAA" or "tax treaty") (which is in force) income-tax is payable at the rates provided in the Act, as discussed below, or the rates provided in such tax treaty, if any, whichever is more beneficial to such non-resident investor, subject to conditions prescribed.

For non-residents claiming such tax treaty benefits, the Act mandates the obtaining of a Tax Residency Certificate ("TRC") from the home country tax authority.

Section 90(5) of the Act provides that an assessee to whom a DTAA applies shall provide such other documents and information, as may be prescribed. Further, a notification substituting

Rule 21AB of the Income-tax Rules, 1962 (“Rules”) has been issued prescribing the format of information to be provided under section 90(5) of the Act, i.e., in Form No 10F. Where the required information is not explicitly mentioned in the TRC, the assessee shall be required to furnish a self-declaration in Form No 10F and keep and maintain such documents as are necessary to substantiate the information mentioned in Form 10F.

12. General Anti Avoidance Rules (“GAAR”)

The General Anti Avoidance Rule (“GAAR”) was introduced in the Act by the Finance Act, 2012. The Finance Act, 2015 made the provisions of GAAR applicable prospectively from 1 April 2017. Further, income accruing, arising, deemed to accrue or arise or received or deemed to be received by any person from transfer of investments made up to 31 March 2017 would be protected from the applicability of GAAR.

13. Capital Gains on indirect transfer of assets

In the context of taxation of capital gains, the definitions of “capital asset” and “transfer” are widened with retro-effect from 1 April 1961 specifically with a view to tax, in the hands of non-residents, gains from direct or indirect transfer of assets situated in India.

B. Withholding provisions

The withholding provisions provided under the Act are machinery provisions meant for tentative deduction of income-tax subject to regular assessment. The withholding tax is not the final liability to income-tax of an assessee. For rate of tax applicable to an assessee, please refer Notes 1 and 2 below.

Sr. No.	Scenarios	Provisions
1	Withholding tax rate on interest on NCD issued to Indian residents	<ul style="list-style-type: none"> Interest paid to residents other than insurance companies will be subject to withholding tax as per section 193 of the Act at the rate of 10 per cent. No tax is required to be deducted on interest paid to an individual or a HUF, in respect of debentures issued by a company in which the public is substantially interested if: <ul style="list-style-type: none"> i. the amount of interest paid to such person in a financial year does not exceed INR 5,000; and ii. such interest is paid by an account payee cheque
2	Withholding tax rate on interest on NCD issued to Foreign Portfolio Investor (FPI)	<ul style="list-style-type: none"> Interest on NCD issued to FPI may be eligible for concessional withholding tax rate of 5 per cent under section 194LD of the Act subject to satisfaction of conditions as mentioned in Section 194LD of the Act. If section 194LD of the Act is not applicable, then tax deduction should be made as per sections 196D read with section 115AD of the Act i.e., at 20 per cent subject to relief under the relevant DTAA, if any. Withholding rate will be increased by surcharge as applicable (Refer Note 2) and a health and education cess of 4 per cent on the amount of tax plus surcharge as applicable. However, where the withholding is done as per the rate of tax provided under the relevant DTAA, the said rate shall not be required to be increased by surcharge and health and education cess.

Sr. No.	Scenarios	Provisions
3	Withholding tax rate on interest on NCD issued to non-residents other than FPIs	<ul style="list-style-type: none"> Interest payable to non-resident (other than FPI) would be subject to withholding tax at the rate of 30 per cent / 40 per cent as per the provisions of section 195 of the Act subject to relief under the relevant DTAA depending upon the status of the non-resident. Alternatively, benefits of concessional rates of 5 per cent under section 194LC of the Act could be availed provided specific approval is obtained from the Central Government with respect to the rate of interest and other conditions as enshrined in Section 194LC of the Act are satisfied. Withholding rate will be increased by surcharge as applicable (Refer Note 2) and a health and education cess of 4 per cent on the amount of tax plus surcharge, as applicable. However, where the withholding is done as per the rate of tax provided under the relevant DTAA, the said rate shall not be required to be increased by surcharge and health and education cess.
4	Withholding tax rate on purchase of 'goods'	<ul style="list-style-type: none"> As per section 194Q of the Act, inserted by Finance Act, 2021, w.e.f. July 01, 2021, any sum payable by a 'buyer' to a resident for purchase of 'goods' of the value exceeding INR 50 Lakhs shall be liable to withholding at the rate of 0.1 percent. Buyer means a person whose total sales, turnover or gross receipts from the business carried on by him exceeds INR 10 crores in the financial year immediately preceding the financial year in which the purchase is carried out. TDS shall not be applicable where: <ul style="list-style-type: none"> a) Tax is deductible under any of the provisions of the Act; or b) Tax is collectible under the provisions of section 206C of the Act other than a transaction to which section 206C(1H) of the Act applies Given that the term 'goods' has not been defined under section 194Q of the Act and there exists lack of clarity on whether the term 'goods' would include 'securities', it is advisable that the investors obtain specific advice from their tax advisors regarding the same. The CBDT vide its circular no. 13 of 2021 dated 30th June 2021 has provided guidelines under section 194Q of the Act for removal of difficulties. It provides clarity on several aspects, including the following: <ul style="list-style-type: none"> (i) Provisions of section 194Q shall not be applicable in relation to transactions in securities and commodities which are traded through recognized stock exchanges or cleared and settled by the recognized clearing corporation including recognized stock exchanges or recognized clearing corporations located in International Financial Services Centre (ii) Further, provisions of this section shall apply to a non-resident buyer whose purchase of goods from resident seller is effectively connected with permanent establishment of such non-resident.

Sr. No.	Scenarios	Provisions
5	Tax Collection on sale of 'goods'	<p>As per Section 206C (1H) of the Act, every person being a seller receiving any sum for sale of 'goods' of the value exceeding INR 50 Lakhs shall be liable to collect tax at the rate of 0.1 percent.</p> <p>Seller means a person whose total sales, turnover or gross receipts from the business carried on by him exceeds INR 10 crores in the financial year immediately preceding the financial year in which the purchase is carried out.</p> <p>This section shall not be applicable where tax is deductible by the buyer under any of the provisions of the Act on the goods purchased by him and such tax has been deducted;</p> <p>The CBDT vide its circular no. 17 of 2020 dated 29th September 2020 has provided guidelines under section 206C(1H) of the Act for removal of difficulties. It provides clarity on several aspects, including the following: Provisions of section 206C(1H) shall not be applicable in relation to transactions in securities and commodities which are traded through recognized stock exchanges or cleared and settled by the recognized clearing corporation including recognized stock exchanges or recognized clearing corporations located in International Financial Services Centre.</p>
6	Withholding tax rate on interest on NCD issued to eligible institutions	<p>All mutual funds registered under Securities and Exchange Board of India or set up by public sector banks or public financial institutions or authorized by the Reserve Bank of India are exempt from tax on all their income, including income from investment in Debentures under the provisions of section 10(23D) of the Act subject to and in accordance with the provisions contained therein. Further, as per the provisions of section 196(iv) of the Act, no deduction of tax shall be made by any person from any sums payable to mutual funds specified under section 10(23D) of the Act, where such sum is payable to it by way of interest or dividend in respect of any securities or shares owned by it or in which it has full beneficial interest, or any other income accruing or arising to it.</p>

C. Amendments in the withholding tax provisions

Section 139A(5A) requires every person from whose income tax has been deducted under the provisions of chapter XVIIB of the IT Act, to furnish his PAN to the person responsible for deduction of tax at source.

As per provisions of section 206AA of the IT Act, the payer would be obliged to withhold tax at penal rates of TDS in case of payments to investors who have not furnished their PAN to the payer. The penal rate of TDS is 20 per cent or any higher rate of TDS, as may be applicable, plus applicable surcharge and health and education cess.

Section 206AA of the IT Act provides that the provisions shall not apply to non-residents in respect of payment of interest on long-term bonds as referred to in section 194LC and any other payment subject to such conditions as may be prescribed.

Further, the CBDT, vide its notification dated 24 June 2016, has clarified that the provisions of section 206AA shall not apply to non-residents in respect of payments in the nature of interest, royalty, fees for technical services and payment on transfer of capital assets provided the non-residents provide the following information to the payer of such income:

- Name, email-id, contact number;
- Address in the country or specified territory outside India of which the deductee is a resident;
- A certificate of his being resident in any country or specified territory outside India from the government of the other country or specified territory if the law of that country or specified territory provides for issuance of such certificate;

- Tax Identification Number of the deductee in the country or specified territory of his residence and in a case, no such number is available, then a unique number on the basis of which the deductee is identified by the Government of that country or the specified territory of which he claims to be a resident.

Further, as per section 206AB of the IT Act, with effect from 1 July 2021, payments made to specified persons will be subject to TDS at rate which is higher of the following:

- twice the rate specified in the relevant provision of the Act; or
- twice the rate or rates in force; or
- the rate of 5%

In cases, where both section 206AA and section 206AB of the IT Act are applicable, taxes shall be deducted at higher of the rate prescribed under both the sections.

For the purpose of section 206AB of the IT Act, specified person means any person-

- Who has not filed an income-tax return for the AY relevant to the previous year immediately preceding the previous year in which tax is required to be deducted, and the prescribed time limit to file the income-tax return has expired;
- The aggregate amount of TDS is INR 50,000 or more in the said previous years

Specified Person shall not include a non-resident who does not have a permanent establishment in India.

D. Non-Deduction or Lower Deduction of TDS

Interest on NCD received by Debenture holder(s) would be subject to tax at the normal rates of tax in accordance with and subject to the provisions of the Act and such tax would need to be withheld at the time of credit/payment as per the provisions of Section 193 of the Act. However, no income tax is deductible at source in respect of the following:

- In case the payment of interest on debentures to a resident individual or a Hindu Undivided Family ('HUF'), Debenture Holder does not or is not likely to exceed 5,000 in the aggregate during the Financial Year and the interest is paid by an account payee cheque.
- When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture Holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the Act; and that certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest.
- When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration in writing in duplicate as per the provisions of Section 197A (1A) of the Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under section 197A(1B) of the Act, "Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the aggregate dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the previous year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax".
 - Senior citizens, who are 60 years of age or more at any time during the financial year, enjoy the special privilege to submit a self-declaration in writing in duplicate in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A (1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on total income of the person is Nil.

No income tax is deductible at source from income by way of capital gains arising to a resident shareholder under the present provisions of the Act. In all other situations, tax would be deducted at source as per prevailing provisions of the Act. Form 15G with PAN/ Form 15H with PAN / Certificate issued u/s 197(1) has to be filed with the Company before the prescribed date of closure of books for payment of debenture interest without any withholding of tax.

In the case of a non-resident Debenture Holder, he/she should furnish a certificate under section 197(1) of the Act, from the Assessing Officer before the prescribed date of closure of books for payment of debenture interest. However, an application for the issuance of such certificate would not be entertained in the absence of PAN as per the provisions of section 206AA. Further as per section 90(2) of the Act read with the Circular no. 728 dated October 30, 1995 issued by the CBDT, in the case of a remittance, to a country with which a DTAA is in force, the tax should be deducted at the rate provided in the Finance Act of the relevant year or at the rate provided in the DTAA, whichever is more beneficial to the assessee. However, submission of TRC is a mandatory condition for availing benefits under any DTAA. Further, such non-resident investor would also be required to furnish self-certified Form 10F along with TRC, if such TRC does not contain information prescribed by the CBDT vide its Notification No. 57/2013 dated 1st August

2013.

Note 3: Taxability of interest income

(a) For all Residents (including Indian Corporates)

In case of residents, where interest income is taxable as 'Income from Other Sources' or 'Income from Business or Profession' should be chargeable to tax as per the rates given in Note 1 and Note 2 above.

(b) For Non-residents (other than FPI entities)

In case of non-residents, under the Act, the interest income should be chargeable to tax at the rate of 30 / 40 per cent depending on the status (i.e. corporate / non-corporate) of the non-resident (plus applicable surcharge and health and education cess). However, the above is subject to any relief available under DTAA and any Covered Tax Agreement

(CTA) entered into by the Government of India.

A non-resident Indian has an option to be governed by Chapter XII-A of the Act, subject to the provisions contained therein which are given in brief as under:

- i. Under 115C(e) of the Act, the term "non-resident Indian" means an individual, being a citizen of India or a person of Indian origin who is not a "resident". A person shall be deemed to be of Indian origin if he, or either of his parents or any of his grandparents, was born in undivided India.
- ii. Under section 115E of the Act, interest income from debentures acquired or purchased with or subscribed to in convertible foreign exchange will be taxable at 20 per cent.
- iii. Under section 115G of the Act, it shall not be necessary for a non-resident Indian to file a return of income under section 139(1) of the Act, if his total income consists only of investment income as defined under section 115C(c) and/ or Long-Term Capital Gains earned on transfer of such investment acquired out of convertible foreign exchange, and the tax has been deducted at source from such income under the provisions of Chapter XVII-B of the Act in accordance with and subject to the provisions contained therein.
- iv. Under section 115H of the Act, where a non-resident Indian becomes a resident in India in any subsequent year, he may furnish to the Assessing Officer a declaration in writing along with return of income under section 139 for the assessment year for which he is assessable as a resident, to the effect that the provisions of Chapter XII-A shall continue to apply to him in relation to the investment income (other than on shares in an Indian Company) derived from any foreign exchange assets in accordance with and subject to the provisions contained therein. On doing so, the provisions of Chapter XII-A shall continue to apply to him in relation to such income for that assessment year and for every subsequent assessment year until the transfer or conversion (otherwise than by transfer) into money of such assets.
- v. In accordance with and subject to the provisions of section 115I of the Act, a Non-Resident Indian may opt not to be governed by the provisions of Chapter XII-A of the Act. In that case, Investment income, would be taxed at the normal rates of tax in accordance with and subject to the provisions of the Act.
- vi. As per section 115D(1) of the Act, no deduction in respect of any expenditure or allowance shall be allowed under any provisions of the Act in the computation of income of a non-resident Indian under Chapter XII – A of the Act.

(c) For FPI entities

In case of FPI, interest on NCD may be eligible for concessional tax rate of 5 per cent (plus applicable surcharge and health and education cess) under section 194LD of the Act. Further, in case where section 194LD is not applicable, the interest income earned by FPI should be chargeable tax at the rate of 20 per cent under section 115AD of the Act.

However, the above is subject to any relief available under DTAA and any CTA entered into by the Government of India.

Note 4: Regular capital gains tax rates

1. Tax on Long-term Gains

(i) For all Residents (including Indian Corporates)

Long-term capital gains (other than long-term capital gains chargeable under section 112A of the Act) will be chargeable to tax under Section 112 of the Act, at a rate of 20 per cent (plus applicable surcharge and health and education cess respectively – Refer Note 2) with indexation.

Alternatively, the tax rate may be reduced to 10 per cent without indexation (plus applicable surcharge and health and education cess– Refer Note 2) in respect of listed securities (other than a unit) or zero- coupon bonds (as defined).

However, as per the fourth proviso to section 48 of the Act, benefit of indexation of cost of acquisition under second proviso to section 48 of the Act, is not available in case of bonds, debentures, except capital indexed bonds. Accordingly, long term capital gains on listed bonds arising to the bond holders, should be subject to tax at the rate of 10 per cent, computed without indexation, as the benefit of indexation of cost of acquisition is not available in the case of debentures.

(ii) For Resident Individuals and HUFs only

Where the taxable income as reduced by long-term capital gains is below the exemption limit, the long- term

capital gains will be reduced to the extent of the shortfall and only the balance long-term capital gains will be charged at a rate of 20 per cent with indexation (plus applicable surcharge and health and education cess – Refer Note 2).

Alternatively, the tax rate may be reduced to 10 per cent without indexation (plus applicable surcharge and health and education cess – Refer Note 2) in respect of listed securities (other than a unit) or zero- coupon bonds (as defined).

However, as per the fourth proviso to section 48 of the Act, benefit of indexation of cost of acquisition under second proviso to section 48 of the Act, is not available in case of bonds, debentures, except capital indexed bonds. Accordingly, long term capital gains arising to the bond holders, should be subject to tax at the rate of 10 per cent, computed without indexation, as the benefit of indexation of cost of acquisition is not available in the case of debentures.

(iii) For Non-Resident Individuals

Long-term capital gains (other than long-term capital gains chargeable under section 112A of the Act) in case of listed securities will be chargeable under section 112 of the Act at a rate of 20 per cent (plus applicable surcharge and health and education cess – Refer Note 2) with applicable foreign exchange fluctuation benefit or indexation, as the case may be. The tax payable (for other than a listed unit) could alternatively be determined at 10 per cent (plus applicable surcharge and health and education cess – Refer Note 2) without indexation.

The above-mentioned rates would be subject to applicable treaty relief.

A non-resident Indian has an option to be governed by Chapter XII-A of the Act, subject to the provisions contained therein which are given in brief as under:

- i. Under section 115E of the Act, Long-Term Capital Gains on transfer of specified Debentures (as defined under section 115C(f) of the Act) will be taxable at 10 per cent of such capital gains without indexation of cost of acquisition. Short-term Capital Gains will be taxable at the normal rates of tax in accordance with and subject to the provisions contained therein.
- ii. As per section 115F of the Act, long-term capital gains arising to a non-resident Indian from transfer of debentures acquired or purchased with or subscribed to in convertible foreign exchange will be exempt from capital gain tax if the net consideration is invested within six months after the date of transfer of the debentures in any specified asset in accordance with and subject to the provisions contained therein. However, if the new asset is transferred or converted into money within a period of three years from their date of acquisition, the amount of capital gains claimed as exempt earlier would be deemed to be income chargeable under the head “Capital Gains” (relating to capital assets other than short-term capital assets) in the year in which the new assets are transferred or converted into money.
- iii. Under section 115G of the Act, it shall not be necessary for a non-resident Indian to file a return of income under section 139(1) of the Act, if his total income consists only of investment income as defined under section 115C(c) and/or Long-Term Capital Gains earned on transfer of such investment acquired out of convertible foreign exchange, and the tax has been deducted at source from such income under the provisions of Chapter XVII-B of the Act in accordance with and subject to the provisions contained therein.
- iv. Under section 115H of the Act, where a non-resident Indian becomes a resident in India in any subsequent year, he may furnish to the Assessing Officer a declaration in writing along with return of income under section 139 for the assessment year for which he is assessable as a resident, to the effect that the provisions of Chapter XII-A shall continue to apply to him in relation to the investment income (other than on shares in an Indian Company) derived from any foreign exchange assets in accordance with and subject to the provisions contained therein. On doing so, the provisions of Chapter XII-A shall continue to apply to him in relation to such income for that assessment year and for every subsequent assessment year until the transfer or conversion (otherwise than by transfer) into money of such assets.

In accordance with and subject to the provisions of section 115I of the Act, a Non-Resident Indian may opt not to be governed by the provisions of Chapter XII-A of the Act. In that case:

- a) Long Term Capital Gains on transfer of listed debentures would be subject to tax at the rate of 10% computed without indexation.

- b) Investment income and Short-Term Capital Gains on the transfer of listed debentures, where debentures are held for a period of not more than 12 months preceding the date of transfer, would be taxed at the normal rates of tax in accordance with and subject to the provisions of the Act.

(iv) For FPI entities

As per section 115AD of the Act, long-term capital gains on transfer of NCD by FPI are taxable at 10 per cent (plus applicable surcharge and cess) without indexation and foreign exchange fluctuation benefit.

The above-mentioned rates would be subject to applicable treaty relief.

Further, as per section 196D(2) of the Act, no deduction of tax at source is applicable in respect of capital gains arising on the transfer of debentures (securities referred to in Section 115AD) by FPI.

2. Tax on Short-term Capital Gains

Short-term capital gains are chargeable to tax as per the applicable general tax rates (discussed in Note 1 and Note 2 above).

In the case of Individual/HUF, being a resident, the provisions relating to maximum amount not chargeable to tax described at Note 4-para 1(ii) above relating to long-term capital gains, would also apply to such short-term capital gains.

In case of FPI, as per section 115AD of the Act, short term capital gains on transfer or sale of NCDs are taxable at the rate of 30 per cent (plus applicable surcharge and health and education cess – Refer Note 2).

INDIAN FINTECH LANDSCAPE FOCUSED ON DIGITAL LENDING (Source: RedSeer Report)

Macroeconomic Attractiveness and Digitization Trends

India is the world’s sixth-largest economy in terms of GDP and is estimated to grow faster than other large economies.

India’s gross domestic product was approximately US\$ 3.2 trillion in 2021 and is estimated to become a US\$ 4.7 trillion economy by 2025. As per the revised estimates by RBI, the Indian GDP is estimated to grow at 7.2% for the Financial Year 2022-23, aided by an increase in public investment and incentives to boost manufacturing. The acceleration in vaccination has also lent comfort to a more sustained recovery.

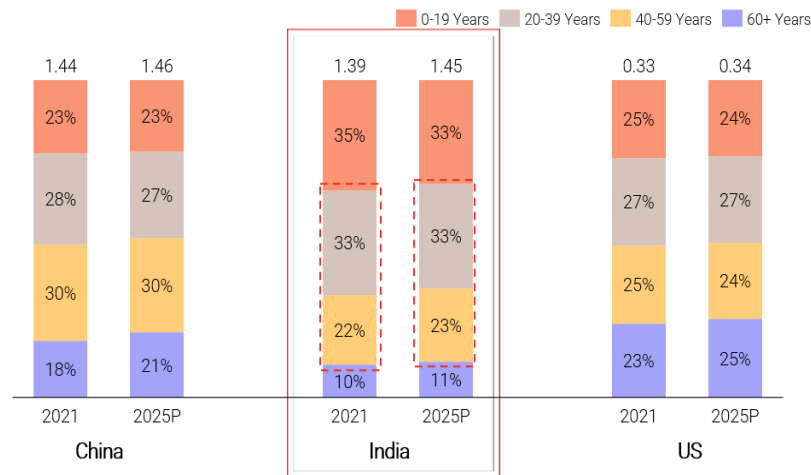

This growth is aided by rising urbanization supported by Government led policies to improve infrastructure

As per a report published by World Bank, 35% of India’s population stay in urban areas. This is very low as compared to the USA and China wherein 83% and 61% of the population stay in urban areas respectively. In the Financial Year 2021, the urban population in India was 35% and is estimated to become 38% of the total population by the Financial Year 2026.

Another factor adding to the growth is the sizable young and working population in India

68% of India’s population is young and 55% of its population is in the age group of 20-59 (working population) in the year 2021 and is estimated to reach 56% of the total population by 2025. As of 2020, India has 600 million people from “generation Z” (those born after the mid-1990s) and “millennials” (i.e., those born in the 1980s and early 1990s) who are driving the digital adoption and consumption growth in India. The population in the age group of 0-19 will gradually join the young, working demographic shortly. This group will primarily be digital natives.

A key driver of India's growth in this decade, emerging households which is approximately 51% of total households in the year 2021 and is estimated to become 55% of total households by the year 2026. RedSeer expects that this growth will be driven by the rapid upward mobility of the lower-income households, which will witness growth in incomes through urbanization, increasing democratized access to information, and employment opportunities, which will subsequently drive consumer spending.

India is going to have approximately 1 billion internet users by the Financial Year 2026 at the backdrop of higher affordability of smartphones, cheaper data plans and digital India push

Over the last decade, India added more than 500 million new smartphone users. With higher affordability, declining smartphone costs and the availability of a greater variety of value smartphones, the number of smartphone users is estimated to reach 870-900 million in the financial year 2026, representing more than 60% of India's total population and approximately 90% of total internet users. In the financial year 2022, 700 to 750 million Indians had access to the internet. According to RedSeer, this number is estimated to increase to approximately 970-1,000 million by the financial year 2026, representing close to 70% of the total population. This growth will primarily be driven by consumers or users in non-metro cities (referred to as the "next billion users" or "Bharat shoppers"), which will grow at a faster pace compared to consumers/users in metro cities

India is one of the largest and fastest-growing markets for digital consumers, with approximately 650 million internet subscribers in 2020, second only to China. And such growth is seen due to the following reasons:

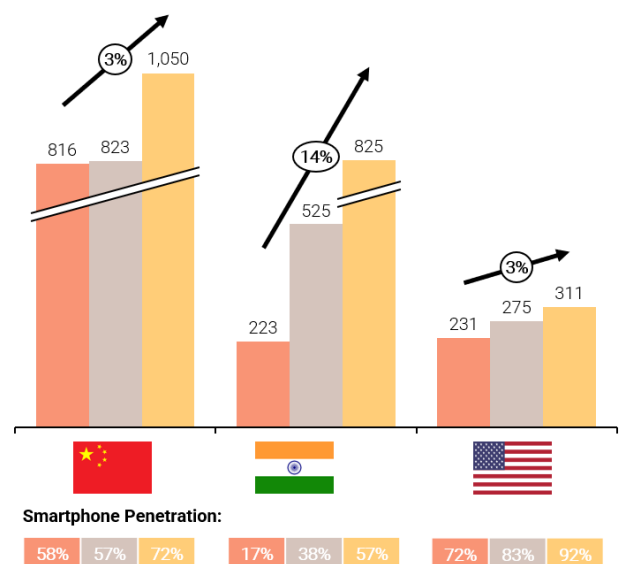

- **E – KYC** - online upload of KYC documents is enabling financial services companies in faster processing, reduce frauds, improve accuracy & low transaction costs
- **Digital infrastructure** - The 2025 \$1 trillion digital India vision aims to create a digital infrastructure for all citizens like digital identity, mobile banking & bank accounts for all & easy access to a common service centre
- **Aadhar and Digi locker** - Close to 95% of the Indian population is on Aadhar & over 98 million registered users are on Digi locker
- **Digital Empowerment** - The Digital India vision aiming to provide access to universally acceptable digital resources available in multiple Indian languages, will further increase the digital consumer penetration in the financial services
- **Data Centralization**: Under the Digital India initiative, the centralization of entire documentation, licensing, and permits to a single online portal will enable more start-ups and SMEs to do business in India easily

The Indian consumer internet market is estimated to grow to more than US\$ 300 billion by the financial year 2026 from US\$ 90 billion as of the Financial Year 2021. Much of the growth for the industry has been triggered by an increase in internet and smartphone penetration. The number of first-time online users has witnessed an increase across segments, along with an increase in online activity from tier 2 and tier 3 cities, which indicates a strong opportunity for enterprises and start-ups to cater to these cohorts digitally as the new normal.

Key growth drivers of digital financial services in India

- **Favourable income and age demographics of India**– India's population between the ages of 25 to 35 is approximately 225 million as of 2021 and is a prime target segment for availing financial services like credit. According to RedSeer, this segment is rapidly growing and is slated to reach approximately 240 million by 2025.
- **Rising financial awareness and inclination towards online investments in financial markets** –The influence of mass media via investment-related content heightened commercial awareness and financial literacy of important investment-related issues leading to increased participation in investments.

- **Alternative credit models to accelerate lending among segments with credit under-penetration** – By leveraging AI-powered technology, lending platforms have disrupted the lending process by using financial and behavioural-based alternate credit risk models to issue loans to the under-served and under-banked segments.
- **Government Initiatives** – Initiatives like Jan Dhan Yojana, Digital India, Unified Payments interface, trade receivable discounting systems have enabled the fintech ecosystem to grow exponentially especially after the 2016 demonetization.
- **Digital Banking** – Digital-only banks in India have no physical branches and offer many sought-after services compared to challenger and traditional banks. They leverage technology to win over customers. Digital banks provide easier, faster, and more efficient access to financial services.

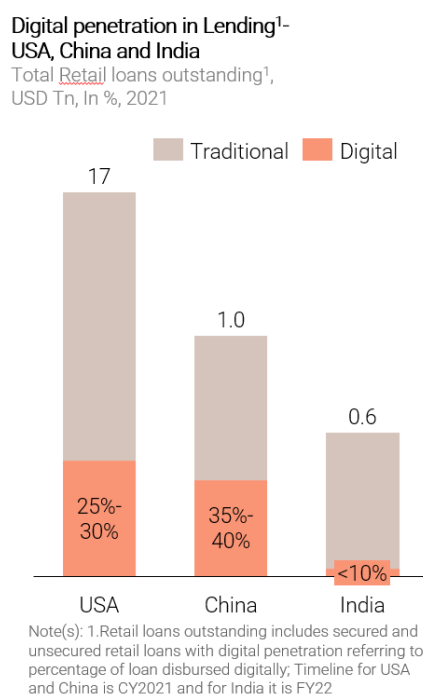

Overview of technology enablement in BFSI

Globally, BFSI has seen increased digitization in both the USA and China. According to RedSeer, USA and China have seen significantly higher digital penetration in the banking, financial services, and insurance (BFSI) sector when compared to India.

Digital retail lending

The retail loans outstanding (retail lending AUM) market size in the USA was approximately US\$ 17 trillion in 2021 with approximately 25-30% of the retail loans (including both secured loans and unsecured personal loans) disbursals happening digitally. Full-stack digital lenders in the USA leverage AI/ML-enabled alternate credit models to offer loans at attractive interest rates with a large share of the collections happening fully digitally. One of the key success factors for digital personal lenders in the USA has been venturing into multiple financial service offerings like wealth tech and home loans which allowed them to cross-sell. China's retail lending AUM with a size of approximately US\$ 1 trillion saw 35-40% of the retail loans disbursed digitally. Both USA and China have digital lenders leveraging technology to study multiple behavioural and financial variables (typically analysing 1000+ variables) in their AI-based credit risk and fraud check algorithms.

Compared to USA and China, India has a smaller credit penetration, and its retail lending AUM stands at approximately US\$ 608 billion with less than 10% of the retail loans being disbursed digitally. Looking at USA and China, the Indian retail lending space has significant room to grow both digitally and traditionally. The use of ML based underwriting, rising adoption of small-ticket personal loans and cross-selling loans within the consumer internet ecosystem will help digital lending grow in India. There is also a large, secured lending space (home loan, LAP, etc) that is underpenetrated by digital players. Indian digital lenders can solve the customer pain points in unsecured lending through better user experience, faster loan processing and disbursing loans using alternate risk underwriting models.

Source: RedSeer Analysis and Estimates

According to RedSeer, the financial services space in India is highly underpenetrated (across segments including lending) which presents a big opportunity for a technology-first company to capture a large market share.

Following global trends, India Fintech has also witnessed a rapid rise in funding with 2021 seeing an all-time high.

The increase indicates growing investor confidence in the Indian fintech space which has been supported by several growth drivers.

- **The rapid adoption of digital payments:** The pandemic accelerated the adoption of digital payments on a large scale and led to a shift in consumer behaviour towards the use of digital financial services like digital lending.
- **Government financial inclusion initiatives:** Government initiatives like Pradhan Mantri Jan Dhan Yojana (PMJDY), Direct Benefit Transfer and Atal Pension Yojana have enabled rural India to gain access to digital financial services.
- **Rise of digital consumer lending:** Close to 120 million low-income households in India have no access to formal credit because of the low or no credit history. Fintech players can use alternate credit models with AI/ML algorithms to disburse small ticket personal unsecured loans to low-income households at low interest rates compared to traditionally available informal sources of credit.
- **Open architecture or India stack:** Access to open architecture and integration with government digital platforms like AADHAAR, UPI, GSTN, Bharat Bill Payments have enabled fintech players to develop user-friendly apps and create robust data analytical models. Through these API integrations, fintech players can offer fast loan processing, KYC, and faster customer onboarding in case of lending.
- **Presence of niche business models:** The Indian fintech space has plenty of space for start-ups to play in niche segments using differentiated business models. For example, within lending, there is marketplace versus full-stack lenders and within digital payments, there are collection platforms and evolved BNPL players.

Understanding opportunity within BFSI services for retail credit/lending In India

Historically, India's bank retail lending AUM has grown at a CAGR of 16% between financial years 2016 and 2022 with housing loans being the largest, and personal loans and credit cards growing the fastest

The total size of the Indian retail loan outstanding (retail lending AUM) for banks stood at US\$ 484 billion in the Financial Year 2022, which has more than doubled since Financial Year 2016. Personal loans have shown the highest CAGR of 15% in the last five years. For the same period, the home loan portfolio observed a CAGR of 12%

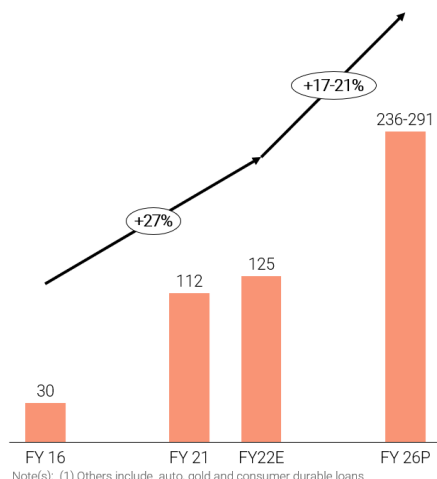

This growth was driven by a shift in India's demography, a burgeoning affluent middle class ramping up private consumption, as well as growth in rural population. Fintech firms have transformed the lending landscape to cater to the financial needs of consumers.

The NBFC retail lending AUM in India has grown at a CAGR of 27% during financial years 2016 to 2022 to reach approximately US\$ 125 Billion

One of the major contributors to this growth was the personal loans portfolio showing a CAGR of approximately 32%. For the same period, the home loan portfolio grew at a CAGR of 23%.

Improving macro-economic conditions, higher credit penetrations, consumption themes and disruptive digital trends have influenced NBFC credit growth.

The retail lending market in India is skewed towards Metro and Tier-1 cities as compared to Tier 2+ cities due to a lack of capability and reach of traditional lenders in these regions

In India, the retail lending AUM is majorly concentrated in Metro and Tier-1 cities as compared to other cities due to lack of capability and reach, which provides a significant market opportunity for digital lenders in India. In the Financial Year 2022 out of a total market of approximately US\$ 608 billion, 59% of the business came from tier 1 and metro cities. Semi-urban and rural areas are highly under-penetrated in terms of credit, as 65% population in India is based in these regions and accounts for only about 40% of loan outstanding implying a large credit supply gap in rural areas due to lack of reach.

However, increasing penetration was observed in Tier2+ areas because of the following reasons:

- **Financial inclusion programs** - Financial inclusion initiatives and availability of small-ticket consumer loans and alternative credit models.
- **Local ecosystem partnerships to drive growth** - Retail lenders can partner with platforms such as India post, payment apps, self-help groups, small farmers; agriculture business consortiums namely farmer producer organizations (Agri-FPOs) and ration shops to increase reach.
- **Digital lenders can capture Tier 2+ market opportunity** - With asset-light models, digital distribution, API integrations, AI/ML-based alternative credit models, digital lenders can fulfil the credit needs of Tier 2+ cities.

Despite posting strong growth, India's Formal Retail Credit Penetration remains significantly lower than global peers indicating a large headroom and potential for growth

Indian market remains underpenetrated because traditional financial institutions require active bank accounts, extensive documentation, and a robust credit score to sanction credit, however, a rising millennial population demands easier access to credit with minimal documentation in lesser time, pushing the importance of end-to-end full stack digital lenders in this space.

One of the factors causing low retail credit penetration is due to credit supply gap for low-income households which are restrained by income qualification criteria - creating an opportunity for lending services to fill the gap

The Indian population can be classified by annual income levels in three households.

RedSeer expects that this growth will be driven by the rapid upward mobility of the lower-income households, which will witness growth in incomes through urbanization, increasing democratized access to information, and employment opportunities, which will subsequently drive consumer spending.

In this context, the retail lending AUM (from banks and NBFCs) is estimated to grow by more than twice the current

size by Financial Year 2026 driven by a rise in private consumption, government's policies, alternate lending models, large untapped market borrowing from informal sources and penetration in Tier 2+ cities

Along with under-penetration in Tier 2+ cities, traditional lending is also plagued by several customer pain points which can be solved by digital lending solutions that bring customized credit models, automated processes and less paperwork

Fintech companies are changing the brick-and-mortar landscape of lending by utilizing data and technology. Here are how fintech players have addressed the issues with the traditional lending model

- **Automation to address manual handling of lending process in the traditional model**

The traditional lending saw issues of excessive paperwork, manual evaluation which was tedious and time-consuming. However, fintech lenders disrupted this segment by utilizing data analytic tools to pull data from several different alternative sources. The data is collected and analysed within seconds to create a snapshot of the consumer's creditworthiness and risk. The information can include utility, rent, auto payments, among other sources. To keep up, financial institutions have begun to implement alternative credit data to get a more comprehensive picture of a consumer, instead of relying solely upon the traditional credit score.

- **Customized products to address the customer experience**

The traditional lending had issues such as high rejection rate, dearth of tailored credit offerings and limited capability in terms of time for processing enormous loan applications volume with limited staffing which in turn affects the customer experience. Fintech lenders offer customized credit assessment models, which employ behavioural data to identify typical attributes for charging interest rates.

- **The high turnaround time to process a loan was addressed by fast approvals**

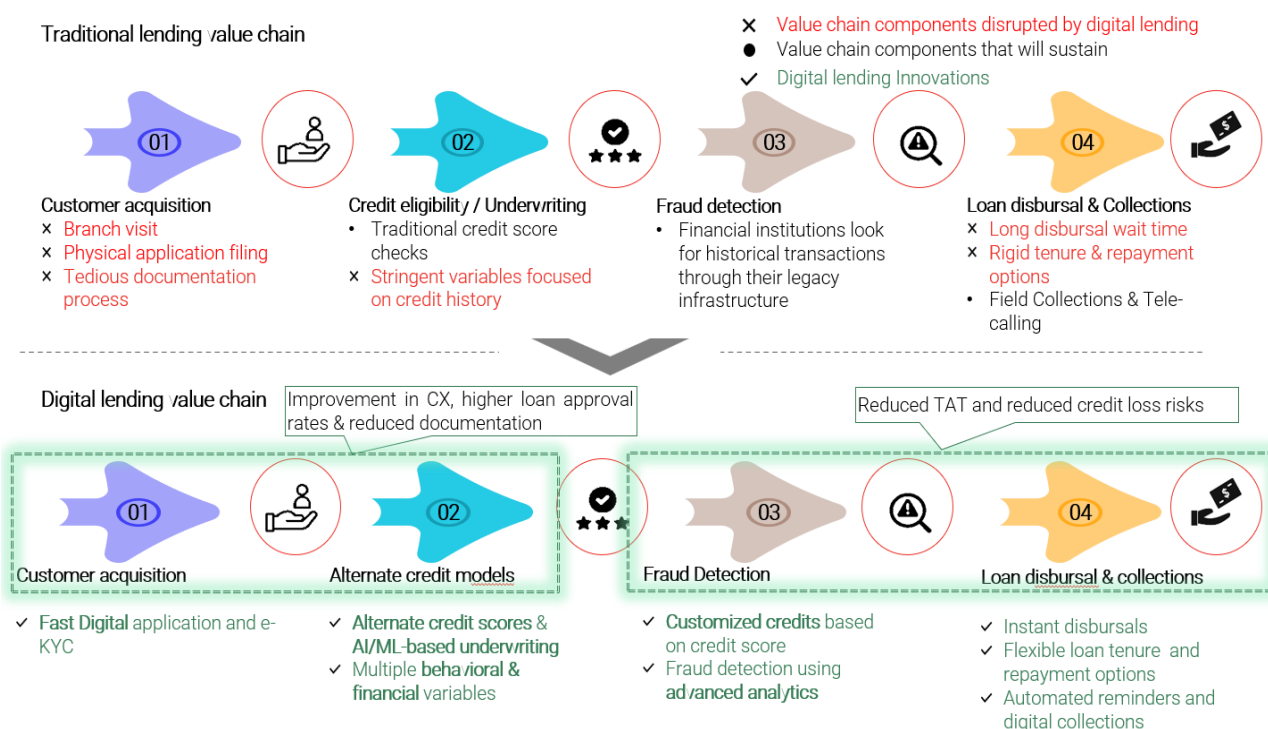

Fintech lenders in contrast to traditional lenders who could take up to a few weeks to approve a loan, have the capability to approve and fund loans in less than 24 hours. Also, alternative credit decisioning (ACD) models enable model efficiency by removing dependency on physical documentation, thus crunching turnaround time.

- **Risk profiling and recovery improved due to AI/ML solutions**

Traditional lending businesses observed delays in getting updates/red flags/warning signs and problematic client updates on time. Fintech offers advanced analytics and AI/ML solutions for comprehensive portfolio monitoring which can provide based on probabilities, early warning signals.

Full-stack digital lenders are leveraging technology to disrupt the traditional value chain to offer a better customer experience, reduced turnaround times and faster loan disbursements

Traditional lending value chain

Digital disbursement of retail loans in both banks and NBFCs has witnessed rapid growth with NBFCs seeing a higher share of loans originating digitally.

The digital platform adoption will be rapid since more fintech companies partnering with banks and NBFCs will facilitate a quick embrace of technology. This has led to the birth or evolution of the physical or hybrid model and along with it a new concept of Neo Banks, the online-only financial service.

Full stack players who have control over the complete lending value chain, have technological expertise to optimize their product offerings, reduce time taken for loan disbursement, and offer direct-digital customer experience.

Among the retail lending categories, personal loan has grown the fastest and is estimated to grow at a CAGR of 27% over the next five years

The new loan disbursements/originations for the personal loan category are estimated to increase at CAGR of 27% from US\$ 50 billion in the financial year 2021 to US\$ 164 billion in the financial year 2026. In the same period, overall digital lending is estimated to increase from 19% to 41% of the total personal loan disbursements.

The high pace of growth in the digital personal loan disbursements indicated an expansion of the consumer-driven economy, and the rise in demand for personal loans during the pandemic.

The key growth drivers for the growth of the **digital personal lending space** are as follows:

- **Full Stack Digital Play:** Full-stack digital lenders can increase reach to larger masses by negating the need for physical branches and issuing loans digitally.
- **Asset light model:** Using automation, AI/ML-based underwriting models and operating digitally will help improve the financial performance of digital banks by reducing capex and employee costs.
- **Affordable pricing:** The use of alternate credit models, low customer acquisition cost, customized products by fintech will bridge the funding gap and allow for effective credit risk profiling and pricing of loans.
- **Wider funnel:** Fintech companies use AI/ML to gather a prolific amount of customer micro-data to target, acquire & onboard customers from Tier 2+ cities of India and lend to new to credit customers with thin credit history.
- **Flexible ticket size:** Digital lenders provide credit by optimizing costs across the value chain and can provide small ticket size loans addressing the needs of an underserved market. they are also able to provide flexible payment terms by incentivizing quicker payments and charging low carry-forward fees.

Source(s): RedSeer Analysis and Estimates

A large opportunity for digital lenders also exists in the secured lending space - housing loans and loans against property (LAP)

The outstanding loan portfolio (AUM) of home loans and LAP was estimated to be approximately US\$ 282 billion in financial year 2021 of which 75% pertains to housing loans and the remaining 25% pertains to LAP. This portfolio is estimated to grow at a CAGR of 10% to become a US\$ 460 billion market in the financial year 2026 with the housing loan share of 78% and the remaining 22% of the LAP.

The key growth drivers for the growth of the housing loan and LAP are as follows:

- **Increasing disposable incomes** - Rising per capita incomes and an increase in middle-class households can lead to greater purchases of homes by middle-class households.
- **Urbanization** - As per World Bank, in the financial year 2021, the urban population in India was 35% and is estimated to become 38% of the total population. Such growth is aided by population growth, migration, and the expansion of towns and cities.
- **Growth in real estate** – Covid-19 saw a decline in construction and real estate activity in the country. Due to this, a large pent-up demand was created amongst the Indian households looking to buy new homes. The

real estate sales volume in the top seven cities in India doubled in the third quarter of 2021 compared to the second quarter of 2021 (post second Covid wave).

- **Affordable housing** – Favourable government policies such as income tax benefits on home loan interests, Maharashtra government implementing a zero-stamp duty, EMI moratorium for home loans and reduction in interest rates by the central bank has helped the middle-income households to opt for home loans at affordable pricing.
- **MSME credit boost** - A driver for the growth in LAP is the stimulus from the government for the MSME sector in the ECLGS 3.0 scheme that promises to infuse over US\$ 40 billion. MSMEs' requirement of credit to scale themselves, survive the market and economic fluctuations require them to take credit and with govt. initiatives to support MSMEs will enable them to consume more credit.
- **Process improvements in LAP** – At present, India's formal credit lending models require extensive documentation, active bank accounts and a steady source of income, with decent credit history at the very least for the MSMEs. Due to this, only a fraction of MSMEs can meet all the criteria to avail credit from traditional financial institutions. The rise of digital lending solutions that provide quicker TAT, lower interest rates for longer tenures than retail loans and increasing digitization of documentation have led to a rise in LAP borrowers.

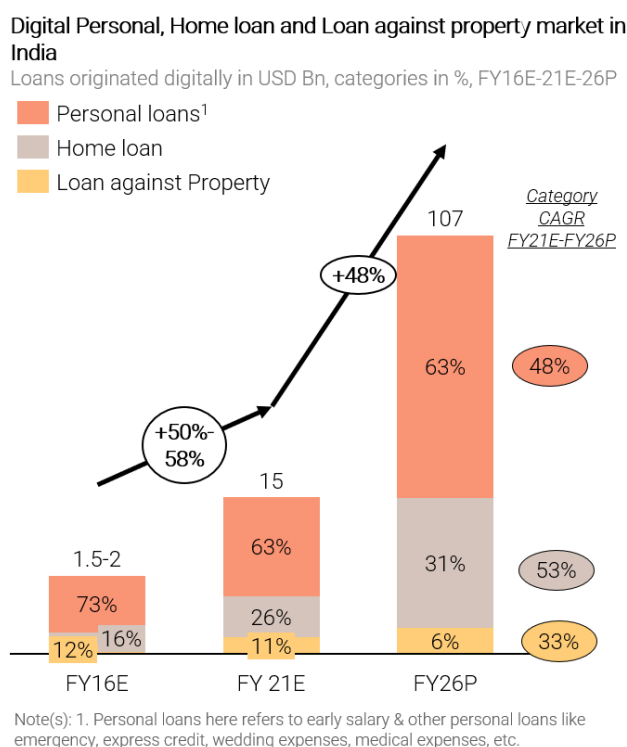

Home loan customers in India currently face various pain-points such as longer turnaround times, extensive manual application process, and lack of clarity regarding loan approvals. There is huge opportunity for end-to-end integrated full stack fintech players to solve these issues using technology.

With increasing digitization, the disbursement of personal loans, home loans and loans against property have also increased

During the pandemic, the need for accessibility shaped various aspects of the industry. It led to a shift in customer preferences, pushing lenders to focus on digital sources of acquisition.

RedSeer estimates that the digital lending market in the personal loan, home loan and LAP categories will grow at a CAGR of 48% to become a market of US\$ 107 billion in the financial year 2026 with personal loans carrying the highest share of 63% in the digital lending market followed by a 31% digital disbursement share of home loans and 6% for LAP.

Personal loans are leading because of alternate credit models and increasing penetration due to rising consumption. Small ticket personal loans have the greatest potential for digital adoption. Also, due to rising internet and smartphone penetration in the Tier2+ regions of India and increasing consumption trends in these regions, digital retail lending players are leveraging the underpenetrated market.

The digital home loan and LAP market has significant room to grow by solving existing customer pain points

- **Underwriting process and manual handling** resulted in longer TAT (usually 3-4 weeks) as it requires verification before reporting, paperwork, and manual evaluation. There also exists uncertainty and lack of transparency in the loan disbursements processes.

While, digital home lending and LAP provide solutions that use of third-party data that processes the underwriting assessment through digital processing platform to identify typical attributes. Third-party data are also used to identify eligibility criteria. The verification is also done online since all the data are synced with the system.

- **Branch led model** has been used by many traditional lenders as it operates on fixed cost and income as a percentage of the loan amount. Hence, large chunk of middle-income markets remains untapped due to its reach. The branch led model also includes multiple touchpoints (like credit, legal, etc) for approvals leading to delays in disbursement. While Digital home lending and LAP solutions with their physical approach are utilizing SEO and technology that brings middle-income customers to the bank.
- **Overvaluation of collateral in the case of LAP** across the banking and finance industry was a major issue faced by traditional lending institutions. It has been difficult to get a real-time update of LAP on an already mortgaged property. While, digitization of processes uses advanced mechanisms and monitoring systems as well as robust collection systems to help these HFCs to maintain good asset quality.
- **Delay In Project Approvals and Construction** have some drawbacks where cash flows are largely dependent on the timely completion of projects in which customers have units. If the project is delayed, the borrower may start defaulting on loans. New-age home lenders can solve this problem by partnering with builders and developers at early stage of the project ensuring compliance and approvals are taken care of and then finance loans for customers for these pre-approved projects.

(Navi): A case study

RedSeer conducted a case study on one of the leading full-stack non-payments financial services players in the Indian financial services market – Navi Technologies Limited (“Navi”)

Founded in 2018, Navi started with consumer-centric and technology-driven businesses in the BFSI space. Today, Navi offers digital personal loans, digital home loans and loans against property in the lending space, digital direct to consumer health insurance, and digital asset management with a high passive fund focus. Several operational factors attribute to Navi’s positioning as an end-to-end financial services provider.

End to end retail lending solution

With its in-house NBFC arm, AI/ML- based underwriting and digital D2C approach, Navi has been able to exercise control over its lending products from sourcing, underwriting to the collection and offer a smooth experience to customers. Through the technology and full-stack approach Navi has been able to offer personal loans of varying sizes (often not catered to by traditional financial institutions), ensure instant loan disbursements, offer digital home loans at low-interest rates, leverage technology to manage fraud and credit default risks, use data analytics to train its lending algorithms to offer attractive pricing and better loan account management and exercising both digital and field collections to its advantage.

According to RedSeer’s research, most digital lenders can disburse personal loans within a few hours of loan inquiry provided the applicant’s documents are in order. Incumbents with little digital lending presence on the other hand took an average of 1-3 days from application to disbursement. Navi is a full-stack end-to-end digital lending player, and is capable of having one of the lowest turnaround times amongst lenders in India, in the personal loan category.

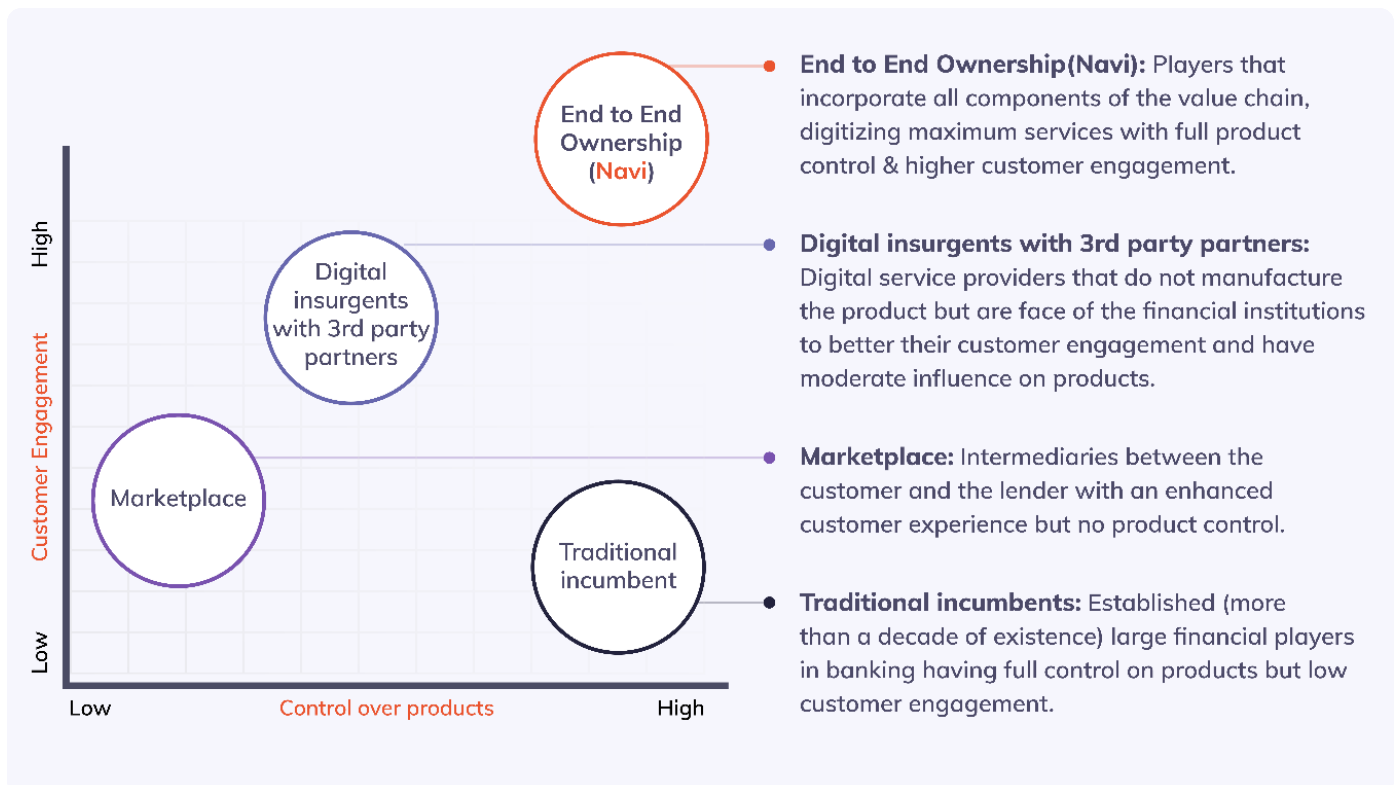

100% control with full-stack financial services

The BFSI landscape in India can be broadly classified into four types of players: Traditional or Legacy incumbents, Marketplaces, Digital Insurgents with third-party partnerships and End to end digital ownership (full stack). These are further explained below.

- **Incumbents:** These include established (more than a decade of existence) large financial players in banking with little digital presence. They use legacy infrastructure to provide end-to-end services to the customers but encounter systemic delays in processing times, higher costs, and have intermediaries to cover a large

customer base. Though traditional incumbents exercise full control over their products and offerings, they exhibit a lower customer engagement due to legacy infrastructure. However, these players are making significant investments in technology to lift their customer engagement.

- **Marketplaces:** These players are intermediaries that act as a bridge between the customer and the lender. They facilitate easy comparison options of loans, provided by different financial institutions enhancing the customer experience but lacking in product control.
- **Digital insurgents with third-party partnerships:** These companies are seeking to help the large financial institutions digitize and modernize their technology stacks. They partner with regulator-registered financial institutions to get to the market faster and use data analytics and AI to enable a better customer experience. Due to the use of a data-backed approach, these players also help in underwriting and collections and may influence the product offering. However, they do not have any in-house manufacturing or product sourcing capabilities.
- **End-to-end digital ownership:** These players incorporate all the services in the value chain and digitize maximum services enabling end-to-end ownership both in terms of product offering and technology integration. They control client acquisition, service, and delivery. They are a step ahead of “digital insurgents with third-party partners” because of their flexibility to offer new products and pivot into new services, rather than being dependent on third party financial services partners. Technology enables them to improve processing speeds and deliver a better customer experience. Navi Finserv is positioned as an end-to-end digital ecosystem player in India.

Source: RedSeer analysis

According to RedSeer, the value-chain analysis of several new-age digital financial services players in India shows that Navi is uniquely positioned in India as one of the leading end to end digital ecosystem players with complete control over all three non-payments financial service offerings- lending, insurance, and asset management. There are a few digital players who have complete control on one or two segments.

As per RedSeer analysis, many parallels can be drawn between Indian end to end ownership players like Navi and global full stack fintech players. An end-to-end ownership player has significant advantage points when compared to traditional incumbents with low digital presence and digital insurgents with 3rd party partners both in terms of customer journey and product offerings.

these regulations. The regulations aim to provide a level playing field to all the players involved in microfinancing activities. The impact of these regulations on some of the issues faced by the industry is as follows:

- **Over-leveraging and borrowers' repayment capacity**– As per the existing regulatory framework for the NBFC-MFIs, they must adhere to a cap on the lending amount and with respect to the number of lenders who can provide loans to a microfinance borrower. This is done to avoid over-leveraging at the borrower level. However, since the said regulation does not apply to other lenders, the borrower may borrow more from a lender other than an NBFC-MFI, thereby defeating the purpose.

The new rules are applicable to all the REs involved in microfinance activities and coupled with the focus on borrowers' repayment obligations in relation to their total household income, are targeted to prevent over-leveraging at the borrower level. However, the increase in the household income level would result in almost doubling of maximum permitted indebtedness of the borrowers. Further, divergence in household income assessment by different lenders (including digital lenders) and the removal on cap of number of lenders could pose the risk of over leveraging. The role of credit information companies (CIC) will be crucial in managing the flow of information however, it may take some time for processes to evolve.

The revised household income criteria would lead to increase in maximum indebtedness level of the households compared to current limits. Assuming a 22% rate of interest and tenure of 24 months, a household with an income of Rs. 3,00,000 would be eligible for a maximum loan of Rs. 2,40,000 compared to the existing borrowing limit of Rs. 1,25,000 per microfinance borrower.

- **Flexibility to NBFC-MFIs** – The current regulatory framework, including interest rate cap and other operational restrictions, was applicable to the NBFC-MFIs, whereas other lenders involved in microfinancing activities were not required to adhere to the same. With the revised regulatory framework, this issue would get resolved and the NBFC-MFIs would get a level playing field with other lenders and would also enjoy more flexibility, especially in risk-based pricing. However, they will have to put in place board-approved policies on household income assessment, loan pricing regulations and related aspects. In addition, increased data gathering, and enhanced disclosure requirements may slightly increase the operating expenses.

The removal of the pricing cap is expected to make the players compete on the pricing of loans, thus benefiting the borrowers in the long term. However, given the low interest rate elasticity in the sector and given the moderation in the profitability because of the Covid-19 induced stress, the industry is expected to witness some increase in interest rates in the near term.

On an overall basis, the revised regulations provide flexibility to the NBFC-MFIs, increase the size of the addressable market for the industry and bring more information/disclosures for the benefit of the entire industry. However, at the same time, the increased loan limit would pose the risk of overleveraging. Further, it remains to be seen as to how some of the aspects, as mentioned below, would evolve:

- Household income level fluctuations and divergence in assessment criteria by different lenders
- Monitoring and reporting of data with CICs by all REs
- Impact of the increased competition and changes in underwriting policies of REs as the revised definition may bring other unsecured loan products under the ambit of microfinance
- Meeting enhanced disclosure requirements
- Managing differential risk-based pricing given the level of financial awareness of borrowers

(ICRA Report on "Indian Microfinance Sector" dated September 2022)

Industry Outlook – NBFC-MFIs:

Non-banking financial companies - microfinance institutions (NBFC-MFIs) reported a healthy rebound in the growth in the assets under management (AUM) in H2 FY2022. With the pickup in economic activity and growth in disbursements in H2 FY2022, NBFC-MFIs registered an overall growth of 25% in their AUM in FY2022 with the AUM crossing Rs. 1,00,000 crore as on March 31, 2022. However, with disbursements slowing down, NBFC-MFIs saw a decline in the annualised growth rate of the AUM to 8% in Q1 FY2023 as the industry was busy implementing the revised regulatory framework. Nevertheless, given the buoyant demand and the expected increase in the average ticket size, the growth in the industry's AUM in the remaining quarters is expected to improve significantly. ICRA estimates full year growth of 22-25% in FY2023. Microfinance-focused small finance banks (SFBs) also witnessed a similar growth trajectory and are expected to grow at a healthy pace, going forward as well. This is expected to keep the combined on-book portfolio growth of NBFC-MFIs and SFBs at a similar range of 22-25% in FY2023.

90+ dpd to improve in FY 2023:

The gradual improvement in collections helped the industry register an improvement in delinquencies in H2 FY2022 followed by a further recovery in Q1 FY2023. The 90+ days past due (dpd) of 5.7% as on March 31, 2022 was higher than ICRA's estimate of 5% as slippages from the restructured book remained high. However, with further write-offs and recoveries, the 90+ dpd improved to around 5% by June 30, 2022. For FY2023, ICRA expects a significant decline in delinquencies driven by some recoveries and write-offs by the entities and retains its estimate of 90+ dpd at around 2% by March 31, 2023.

Healthy on-balance sheet liquidity and capitalization profile:

On-book liquidity, as a percentage of the AUM, stood at around 18% as on March 31, 2022 for the ICRA sample¹ of NBFC-MFIs compared to around 20% as on March 31, 2021 (15% as on March 31, 2020). In addition, the NBFC-MFIs (ICRA sample) enjoyed an adequate capitalisation profile with a managed gearing {(on-book borrowings + off-book)/net worth} of 4.2 times as on March 31, 2022. Going forward, ICRA expects the leverage to remain adequate.

Stable outlook on NBFC-MFIs:

ICRA carries a Stable outlook for the microfinance industry, driven by the expected healthy growth in the AUM and the improvement in the profitability. The Reserve Bank of India's (RBI) revised regulations have given more flexibility to NBFC-MFIs for fixing the lending rates, which is expected to provide upside to the profitability going forward.

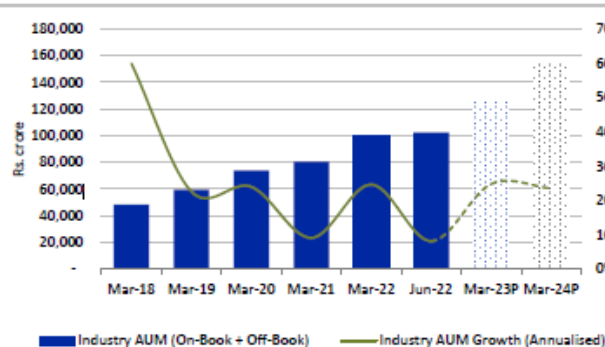

AUM Growth		22-25% in FY2023	Given the buoyant demand and the expected increase in the average ticket size, the growth in the industry's AUM in the remaining quarters of FY2023 is expected to improve significantly. ICRA estimates full year growth of 22-25% in FY2023. SFBs are also expected to grow at a healthy pace and the overall growth in the AUM of MFIs + SFBs is expected to be in a similar range of 22-25% in FY2023.
Credit Costs		To remain elevated in FY2023, though better than FY2022	With the expected recovery in delinquencies, the credit cost is expected to decline in FY2023, though it would remain above the pre-Covid level. The outstanding restructured portfolio of NBFC-MFIs (ICRA sample) improved to 7.7% of AUM as on March 31, 2022 from 10.7% of AUM as on September 30, 2021. ICRA expects a further decline in the same in FY2023, driven by amortisation and slippages.
Funding and Liquidity of MFIs & SFBs		Debt – Rs. 40,000 crore in FY2023	Liquidity is expected to remain comfortable for most entities. The combined funding requirement in FY2023 to support growth, apart from refinancing existing/maturing lines, stands at around Rs. 40,000 crore for MFIs and SFBs.
Profitability (RoMA) MFIs + SFBs		1.5-1.7% in FY2023	With the improvement in margins and the reduction in credit costs, the profitability is expected to improve in FY2023, though it would remain below the pre-Covid level (FY2020). The combined profitability of NBFC-MFIs and SFBs is expected to be 1.5-1.7% in FY2023 with SFBs reporting a lower return on managed assets (RoMA) at 1.1-1.3% than that of MFIs at 1.9-2.1%.
Capital		Comfortable	Moderate capital requirement is expected to meet the envisaged growth over FY2023-FY2025. Large MFIs are expected to be comfortably placed with respect to the leverage profile. The combined equity capital requirement is estimated at Rs. 6,500-7,000 crore for MFIs and SFBs during FY2023-2025.

Growth Trends

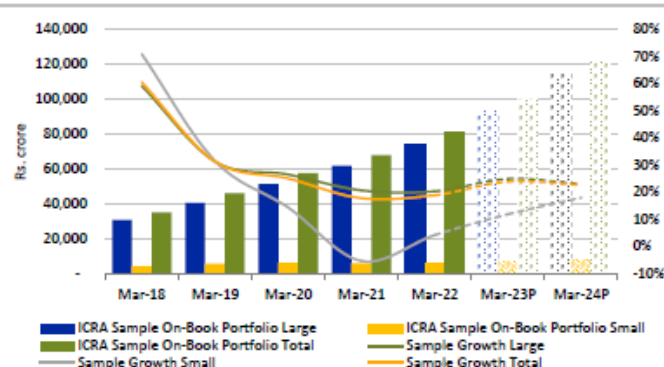

GROWTH BOUNCES BACK IN FY2022; SLIGHT MODERATION IN Q1 FY2023, BUT IMPROVEMENT EXPECTED IN THE REST OF FY2023

Exhibit 1: Growth Trend of AUM of NBFC-MFIs

Source: Data from various MFIs, MFIN Micrometer, ICRA Research

Exhibit 2: ICRA Sample (NBFC-MFIs) On-Book Portfolio Growth Trend

Source: Data from various MFIs, MFIN Micrometer, ICRA Research

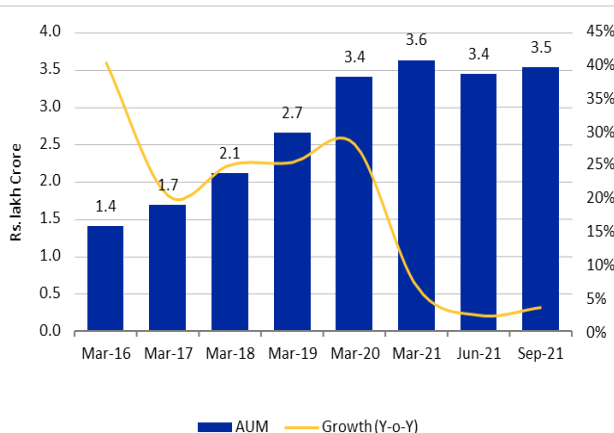

The industry (NBFC-MFIs) witnessed a revival in disbursements in H2 FY2022, especially in Q4 FY2022, after a lull in H1 FY2022. The limited growth in H1 FY2022 was on account of the second wave of the pandemic, with the resultant lockdowns/restrictions in states and Union Territories (UTs) disrupting economic activity. Moreover, during the second wave, the health impact was severe and rural areas witnessed a significant surge in Covid-19 infections compared to the first wave. With the pickup in economic activity and growth in disbursements in H2 FY2022, the industry registered an overall growth of 25% in its AUM in FY2022 with the AUM crossing Rs. 1,00,000 crore as on March 31, 2022. The ICRA sample (26 MFIs accounting for around 80% of industry AUM) of NBFC-MFIs also saw similar trends with a moderation in the growth of the on-book portfolio in H1 FY2022 followed by a healthy recovery in H2 FY2022. The growth in the industry AUM at 25% in FY2022 was better than the growth projected (12-14%) by ICRA (January 2022). While drawing the growth estimate, ICRA had expected the third wave to impact disbursements in Q4 FY2022. However, the industry remained unaffected and hence the pickup in growth was seen.

Disbursements in the first quarter of a fiscal are usually lower and were impacted in the current fiscal (FY2023) as well because the industry was busy implementing the revised regulatory framework. NBFC-MFIs reported an annualised growth of 8% in their AUM in Q1 FY2023. Nevertheless, given the buoyant demand and the expected increase in the average ticket size, the growth in the industry's AUM in the remaining quarters is expected to improve significantly. ICRA estimates full year growth of 22-25% for FY2023.

The microfinance sector had been growing at a healthy pace and the overall market size (including the SHG Bank Linkage Programme) increased to Rs. 3.6 lakh crore as on March 31, 2021. The industry AUM grew at a 5 year CAGR of 28% till March 2020, though the growth moderated to 7% in FY 2021. The second wave in Q1FY2022 impacted the growth further and the sector's market size declined to Rs. 3.5 lakh crore as on September 30, 2021. However, the industry saw a pickup in disbursements thereafter and the AUM grew to Rs. 4.4 lakh crore as on March 31, 2022 and further to Rs. 4.8 lakh crore as on June 30, 2022.

Including the SHG Bank Linkage Programme, banks continued to be the most significant providers of microcredit (62%) as on March 31, 2022, followed by NBFC-MFIs at 21% and SFBs at 10%. Excluding the SHG Bank Linkage Programme, the share of banks would be around 38% as on March 31, 2022, followed by NBFC-MFIs at around 35% and SFBs at around 17%.

DISBURSEMENTS PICKED UP IN H2; FOLLOWED BY SOME MODERATION IN Q1 FY2023

Exhibit 5: Quarterly Disbursement Trend

Source: Data from MFIs, MFMI, ICRA Research

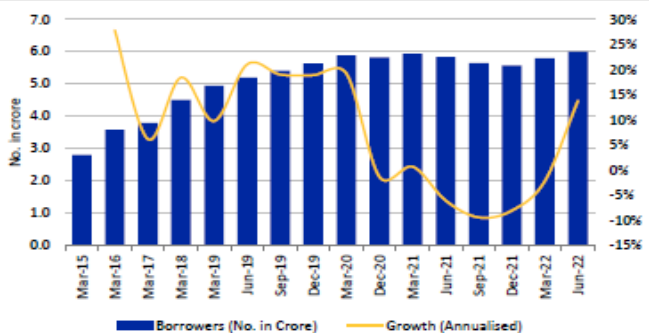

The industry saw a pickup in disbursements from Q2 FY2022, after witnessing a decline in Q1 FY2022, given the impact of the second wave of the pandemic. Earlier, the second wave had disrupted the momentum seen from Q3 FY2021 and the industry witnessed muted disbursements in Q1 FY2022 as the focus shifted to improving collections. However, disbursements grew at a healthy pace in Q2 FY2022 and the trend continued in H2 FY2022. The industry accelerated disbursements, given the buoyant demand, healthy systemic liquidity, and the steady increase in economic activity.

Disbursements in the first quarter of a fiscal are usually lower and were impacted in the current fiscal (FY2023) as well because the industry was busy implementing the revised regulatory framework. Nevertheless, given the buoyant demand and the expected increase in the average ticket size, disbursements are expected to pick up in the remaining quarters of FY2023.

UNIQUE BORROWERS AND LOAN PER BORROWER STARTED IMPROVING AGAIN IN Q4 FY2022

Exhibit 7: Trend in Growth of Portfolio Outstanding per Borrower

Amid the pandemic, entities have been focusing on improving their collections while disbursements were lower. Moreover, they focused on servicing existing borrowers rather than chasing new customers. This was on account of the challenges in

sourcing and assessing the credit history of new borrowers. The industry's unique borrowers count almost stagnated in FY2021 and declined in H1 FY2022. However, there has been variation across entities as large players cannibalised some market share of small players. In addition, a few players in the industry provided some relaxation in the eligibility criteria for moving on to the next cycle to aid customers' cash flows during difficult times. As a result, some borrowers foreclosed their existing loans and moved to the next loan cycle. As a result, the average ticket size/average loan outstanding per borrower started increasing with increase in disbursements. Q1 FY2022 saw a dip in disbursements and hence the loan per borrower also declined. However, the same had been growing steadily thereafter, except for a minor reduction in Q1 FY2023 as disbursements were lower. ICRA expects the average disbursement size and the average loan per borrower to increase from the current levels, given the higher eligibility under the new regulatory framework.

While the market is fragmented, given the presence of many players and the rising number of new entrants operating in different forms, the mid-to-large-sized players were able to increase their market share, supported by better access to funding (both equity and debt). Small MFIs (particularly MFIs with AUM of less than Rs. 1,000 crore) faced challenges in raising funds (equity capital as well as debt) as they were more dependent on large NBFCs for their funding requirements. This, coupled with limited disbursements by relatively smaller players during the pandemic (FY2021- FY2022), led to a contraction/negligible growth in the portfolio of these players. Following the spread of Covid-19, much of the incremental funding was raised by large MFIs. ICRA expects that consolidation could continue, leading to increased entity-specific concentration in the industry.

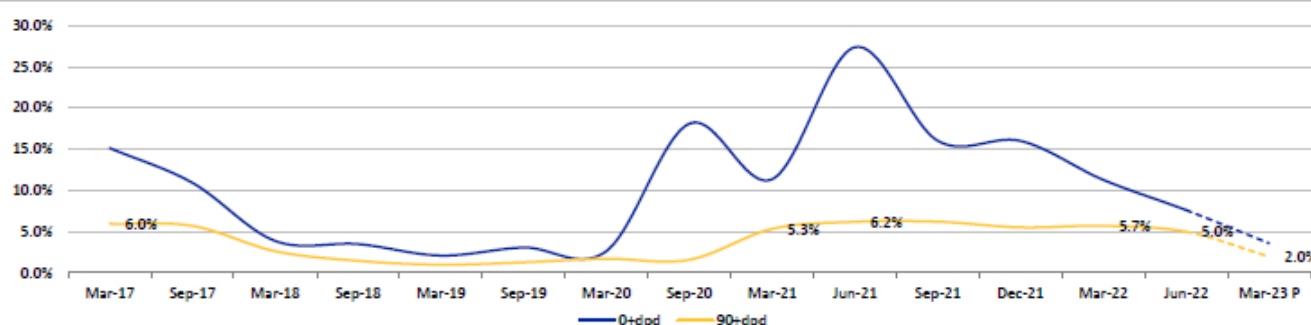

At the individual level, large entities witnessed a significant pickup in disbursements and hence growth in the AUM in H2 FY2022. Consequently, the numbers of entities with AUM of more than Rs. 5,000 crore increased in FY2022.

ASSET QUALITY PRESSURES PERSIST

ASSET QUALITY WEAKENED IN Q1 FY2022, FOLLOWED BY SOME IMPROVEMENT IN Q2 FY2022

Exhibit 10: Trend in Delinquencies of NBFC-MFIs (ICRA sample*)

Source: Data from various NBFC-MFIs, ICRA Research; *ICRA sample consists of 22-24 MFIs at different months contributing 80-90% to the AUM of NBFC-MFIs (16 entities accounting for 63-70% of industry AUM for June 2022)

- The asset quality had weakened quite sharply in Q1 FY2022 because of the localised lockdowns imposed by various states on account of the second wave of the pandemic, which impacted the collection process of the entities. It also impacted the recovery in the cash flows of borrowers who were affected by the pandemic in FY2021. Therefore, the marginal

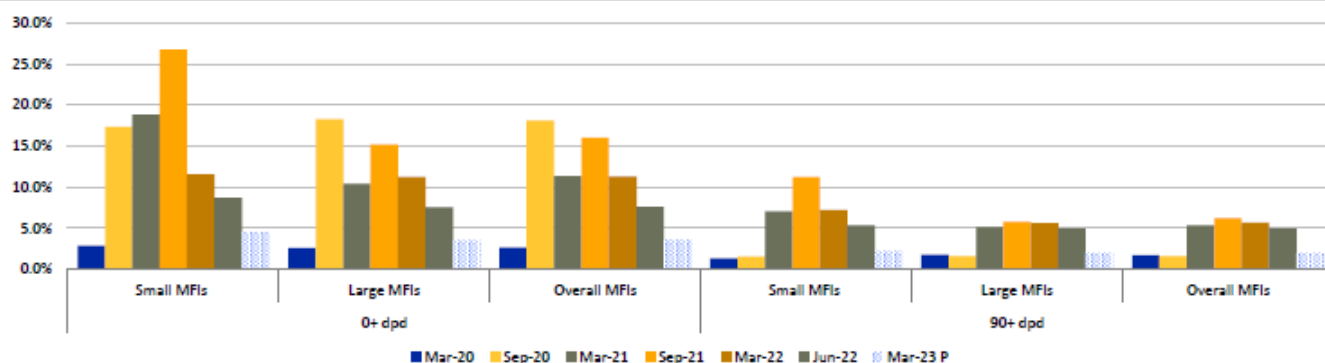

borrowers slipped into the non performing advances NPA/overdue category during this period as reflected in the increase in the 90+ dpd in H1 FY2022. The jump in overdues was the sharpest in the recent past as borrower- level liquidity got stretched, given the absence of a loan moratorium like the one provided in the FY2021.

- As normalcy returned in Q2 FY2022 with the fall in infection rates and the improvement in the CE, the softer bucket delinquencies of the sector improved. Further, entities have restructured the exposures that were affected by the disruptions caused by the pandemic, which also led to an improvement in the overdues for some players. The performance of the restructured book, however, remains a monitorable as a sizeable part of the restructured books of many large entities remained under moratorium as on June 30, 2022.
- The gradual improvement in collections helped the industry register an improvement in delinquencies in H2 FY2022 followed by further recovery in Q1 FY2023. The 90+ dpd reported as on March 31, 2022 was higher than ICRA's estimate of around 5% as slippages from the restructured book remained high. However, with further write-offs and recoveries, the 90+ dpd improved to around 5% by June 30, 2022.
- For FY2023, ICRA expects a significant decline in delinquencies driven by some recoveries and write-offs by the entities. For the 90+ dpd, ICRA retains its estimate of around 2% by March 31, 2023.

LARGE MFIs WITNESSED LOWER DELINQUENCIES, SUPPORTED BY BETTER RECOVERIES, GROWTH IN SCALE AND RESTRUCTURING

Exhibit 11: Delinquency Trend of NBFC-MFIs Based on Size (ICRA sample*)

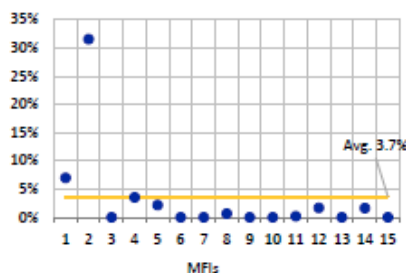

Source: MFII Micrometer, Se-dhan, data from various MFIs, ICRA Research; Small MFIs – AUM < Rs. 1,500 crore; Large MFIs – AUM > Rs. 1,500 crore; Overall MFIs – Large MFIs + Small MFIs

- Large MFIs (AUM > Rs. 1,500 crore) fared relatively better with lower delinquencies compared to smaller MFIs.
- With better access to funds, large MFIs continued to grow their scale of operations (barring a few entities) whereas small MFIs (AUM < Rs. 1,500 crore) either saw negligible growth or contraction in their AUM. The base effect also impacted the reported delinquencies of large and small MFIs.
- Nevertheless, by June 30, 2022, the gap between the reported delinquencies of large and small MFIs has reduced as large MFIs saw increased slippages from the restructured portfolio, which limited the reduction in overdues.
- For March 31, 2023, ICRA expects a continued improvement in delinquencies and a slight reduction in the gap in the reported delinquencies of small and large MFIs.

RESTRUCTURING INCREASED SIGNIFICANTLY IN H1 FY2022, REMAINED ELEVATED AS OF MARCH 2022

Exhibit 14: NBFC-MFIs Restructuring
(O/s portfolio as % of AUM as of Mar-22)

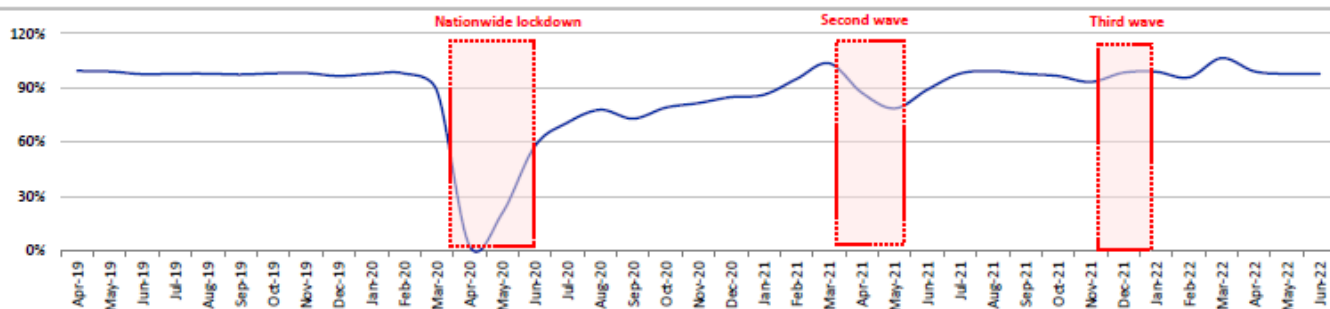

- The level of loan restructuring by MFIs in FY2021 was lower with the average restructuring at 3.7% of AUM as of March 2021. However, the second wave and the prolonged weakness in the operating environment challenged the recovery witnessed in H2 FY2021.
- The second restructuring package announced by the RBI to provide relief to Covid-19 impacted borrowers revitalised the demand for restructuring in FY2022. Unlike FY2021, no comprehensive forbearance (loan moratorium) has been offered to borrowers.
- Incremental restructuring in H2 FY2022 was 8.4% of the AUM. Consequently, the outstanding restructured portfolio (adjusted for run-down and repeat restructuring), as on September 30, 2021, was 10.7%. With run-down and slippages/write-offs, there had been some decline in the restructured book which stood at 7.7%(est.) as on March 31, 2022.
- A player undertook significant restructuring (~33% of AUM) in FY2021, which pushed up the overall sectoral restructured number as on March 31, 2021. Adjusting the same, the percentage of AUM restructured for MFIs was modest at 1.5% as on March 31, 2021. However, in H1 FY2022, several players increased restructuring and the corresponding adjusted restructured portfolio was 8.3% and 6.6% of the AUM as on September 30, 2021 and March 31, 2022, respectively, compared to the overall restructured portfolio of 10.7% and 7.7% as on the same dates.

MICROLOAN POOLS (PTCs) RATED BY ICRA WITNESSED HEALTHY COLLECTIONS WITH MINIMAL IMPACT OF THIRD WAVE

Exhibit 15: Monthly Collection Efficiency* (MCE) of ICRA-rated PTCs

* $[(\text{Current collections} + \text{Overdue collections}) / \text{Current billings}]$

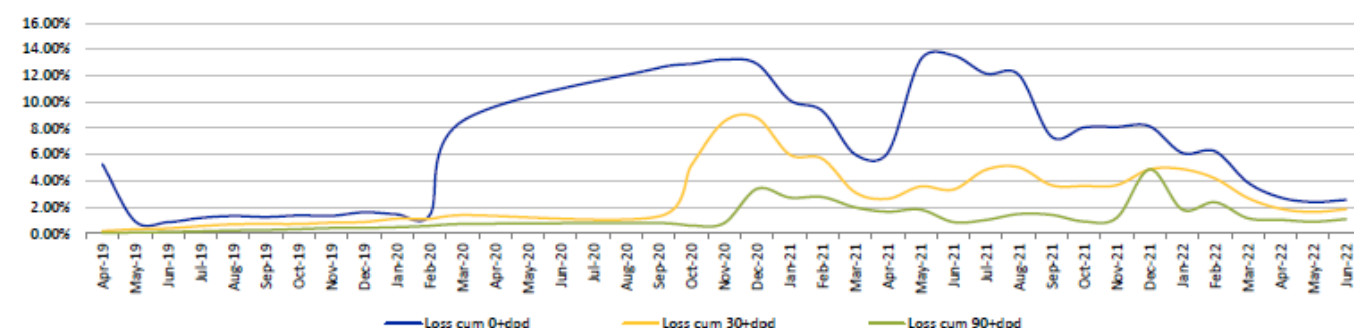

- With the onset of the second wave of the pandemic in April 2021, the monthly collection efficiency (MCE) for ICRA-rated pass through certificates (PTCs) dipped to the sub-90% level in Q1 FY2022. The impact was, however, less severe as well as short-lived compared to the first wave and the collections recovered in the following quarter.
- The MCE for ICRA-rated pools registered a marginal contraction in November 2021, a trend typically witnessed in the post-festive season coupled with the decline in collections in certain regions owing to natural calamities. Collections recovered in December 2021, with limited impact of the third wave, and increased to over 100% in March 2022, supported by the concentrated recovery efforts of the originators.

- The collections dipped marginally in April 2022, after a strong year-end, but remained above 97% in Q1 FY2023. Going forward, collections are expected to strengthen further, provided there are no additional business disruptions due to the pandemic.

DELINQUENCIES OF MICROLOAN POOLS RATED BY ICRA AT LOWEST LEVEL SINCE ONSET OF THE PANDEMIC

Exhibit 16: Delinquency Trend in ICRA-rated MFI Pools

Source: ICRA Research

- The ICRA-rated microfinance pools witnessed a spike in delinquencies in Q1 FY2022 with the business and borrower credit profile impacted by the second wave of the pandemic. The delinquency level improved in the following quarter, with the gradual lifting of restrictions. Further, the roll forward to harder buckets was limited, which was a favourable indicator, implying the resumption of servicing by borrowers, albeit with a lag.
- Delinquencies declined significantly in March 2022, supported by the focused collections by originators, with the loss-cum-0+ dpd dipping below 4% (lowest level post the end of the moratorium). Delinquencies remained under control in Q1 FY2023.
- The period, post June 2021, witnessed a recovery in the pre-second-wave pools (loss-cum-0+ dpd at ~6% as of March 2022) from the peak delinquency level (~18% from June 2021), while the post-second-wave pools continued to demonstrate better asset quality (loss-cum-0+ dpd below 4% for all months).

Funding and Liquidity

Debt raised by MFIs:

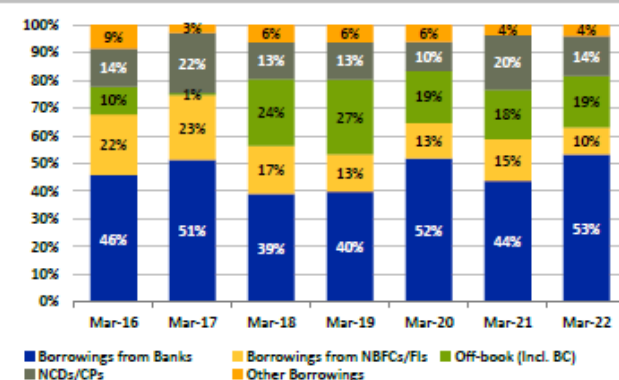

NBFC-MFIS RAISED ~RS. 58,700-CRORE DEBT IN FY2022, UP 32% YoY, BANKS CONTINUE TO ACCOUNT FOR SIGNIFICANT SHARE

Exhibit 17: Quarterly Trend in Debt Raised by NBFC-MFIs (industry)

Source: Data from various MFIs, ICRA Research

Exhibit 18: NBFC-MFIs' (ICRA sample) Borrowing Profile Trend

Source: Financials of various MFIs/SFBs, ICRA Research

NBFC-MFIs raised ~Rs. 19,400 crore of debt in H1 FY2022 compared to ~Rs. 44,600 crore in FY2021. However, with increased

disbursements, the fund requirement increased considerably in H2 FY2022 and they raise Rs. 39, 20 crore of debt in H2 FY2022. The total debt raised in FY2022 stood at Rs. 58, 700 crore, up 32% year-on-year (YoY).

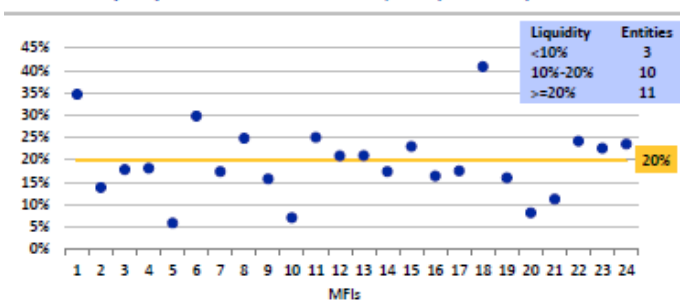

Q1 FY2023 witnessed some moderation in disbursements as the industry was busy setting up systems, process, and policies as per the revised regulatory framework. Correspondingly, the funding requirement was lower and NBFC-MFIs raised Rs. 11,180 crore in Q1 FY2023 compared to Rs. 25,824 crore in Q4 FY2022. Nevertheless, the same remained higher than Q1 FY2022 with YoY growth of 152%.

The fund raise was largely supported by financial institutions and funding from banks. Fund flow to the sector was skewed towards large NBFC-MFIs. Most of the large entities were able to raise a higher proportion of funds in relation to their AUM compared to small NBFC-MFIs. Banks have been the key lenders for the sector, largely because of the continuation of priority sector status for MFIs with mid-to-large-sized MFIs being better placed and continuing to get funding support from banks. Small MFIs, which are more dependent on NBFCs for meeting their funding requirements, faced some constraints in raising funding from banks in FY2021. Given the various liquidity enhancement measures and the targeted schemes of the Government of India (GoI) and the RBI, small MFIs had better access to funds in FY2022 compared to FY2021.

- ICRA has analysed the liquidity profile of 24 NBFC-MFIs with a collective AUM of ~Rs. 90,000 crore (~90% of the industry AUM) as on March 31, 2022.
- The NBFC-MFIs improved their liquidity profile in FY2021 on the back of funding support and the gradual ramp-up of collections in H2 FY2021. Given the uncertainties, NBFC-MFIs kept their liquidity buffer healthy in FY2022 as well, though a marginal decline was seen to reduce the negative carry
- On-book liquidity, as a percentage of the AUM, stood around 18% for the ICRA sample as on March 31, 2022 compared to around 20% as on March 31, 2021 (15% as on March 31, 2020). Smaller MFIs carried higher on book liquidity compared to large MFIs.

- In addition to the analysis of the sample of 24 NBFC-MFIs, as mentioned above, ICRA looked at the liquidity profile of microfinance- focused SFBs as well. SFBs had relatively better access to funding and also maintained a healthy liquidity profile in FY2022.

On-book liquidity, as a percentage of the AUM of MFIs and SFBs together, stood at 16% as on March 31, 2022 (19% as on March 31, 2021; 15% as on March 31, 2020). The liquidity position, as on September 30, 2021, was marginally lower for MFIs and SFBs combined than for MFIs alone. However, SFBs have strong financial flexibility compared to MFIs and have the advantage of rollover for a significant share of their deposits.

(ICRA Report on "Indian Microfinance Sector" dated September 2022)

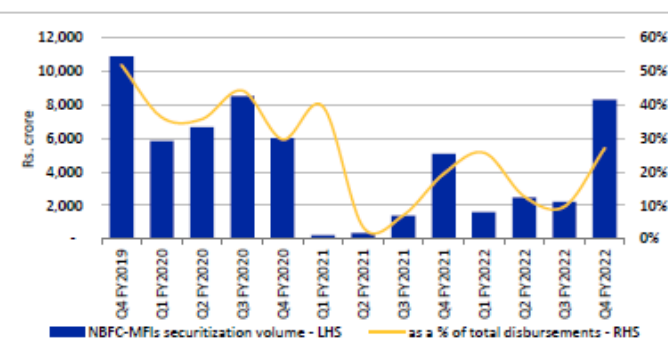

SECURITISATION VOLUMES OF NBFC-MFIS BOUNCED BACK IN Q4 FY2022, FURTHER GROWTH EXPECTED IN FY 2023

The securitisation of microloans has a long track record with a share of 10-15% in overall securitisation volumes. Securitisation has proved to be a prominent funding tool for propelling the growth of NBFC-MFIs. As per data collated by ICRA, NBFC-MFIs tapped the securitisation market to raise around Rs. 29,000-30,000 crore each year in FY2019 and FY2020, driven by the inadequate funding available to NBFC-MFIs from conventional sources while the demand for such borrowings remained high. Funds raised through securitisation accounted for about 36% of the total disbursements made by NBFC-MFIs in FY2020 against 42% in FY2019.

However, securitisation volumes dropped significantly in FY2021 on account of the disruptions caused by the pandemic, uncertainty regarding regulatory activity post the announcement of the moratorium, and the subsequent weakening in the asset quality. The funding requirements of MFIs also plunged in FY2021 due to lower demand from borrowers with MFIs increasing their focus on collections instead of disbursements. Further, steps taken by the RBI to make on-balance sheet funding available through Targeted Long-Term Repo Operations (TLTROs) and liquidity support from National Bank for Agriculture and Rural Development (NABARD) and Small Industries Development Bank of India (SIDBI) for the MFI sector reduced the reliance on securitisation for funding to some extent. Better-rated MFIs were also able to tap market borrowings and avail bank borrowings.

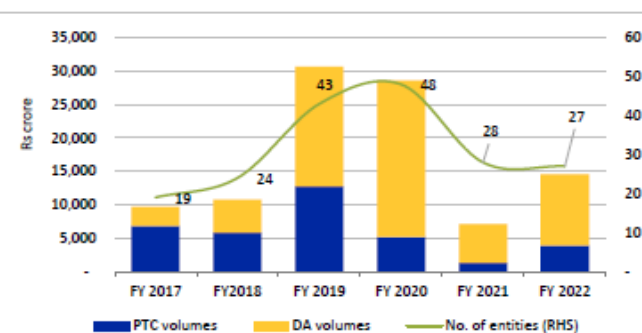

However, securitisation volumes bounced back to Rs. 14,540 crore in FY2022 (especially in Q4 FY2022) from Rs. 7,096 crore in FY2021. In addition, investor preference, which had shifted to PTCs post the pandemic, has again returned to direct assignments (DA). With record disbursements in Q4 FY2022, securitisation has returned as a key funding tool for the sector. The healthy trend continued in Q1 FY2023 with about Rs. 3,500 crore of securitisation volumes.

Exhibit 24: Trend in Microloan Securitisation

Source: ICRA Research, disbursements have been taken from MFMI Micrometer report

Exhibit 25: Trend in Microloan Securitisation (PTC + DA)

Source: ICRA Research

Following the NBFC liquidity crisis and till the start of the pandemic, securitisation was a key tool for meeting the funding requirements of NBFC-MFIs with quarterly securitisation volumes surpassing Rs. 6,000 crore. NBFC-MFIs raised a record amount of funds through securitisation in Q4 FY2019. While a larger share of securitisation volumes tends to materialise in Q4, a dip was seen in Q4 FY2020 on account of the pandemic and the subsequent implementation of the nationwide lockdown in March 2020. Due to the drop in the CE and given the investor concerns regarding the asset quality, securitisation volumes had dropped sharply in H1 FY2021. However, post the moratorium, the volumes witnessed an improvement in H2 FY2021 with many entities and investors returning to the securitisation market. Due to the second wave in Q1 FY2022, securitisation volumes declined and were still much lower in H2 CY2021 despite an improvement in collections. The revised RBI securitisation framework of September 2021 also led to some slowdown in volumes as many investors sought greater clarity on PTC structures. A sharp jump was seen in volumes in Q4 FY2022, led by DA and the participation of a higher number of originators, which is an encouraging sign.

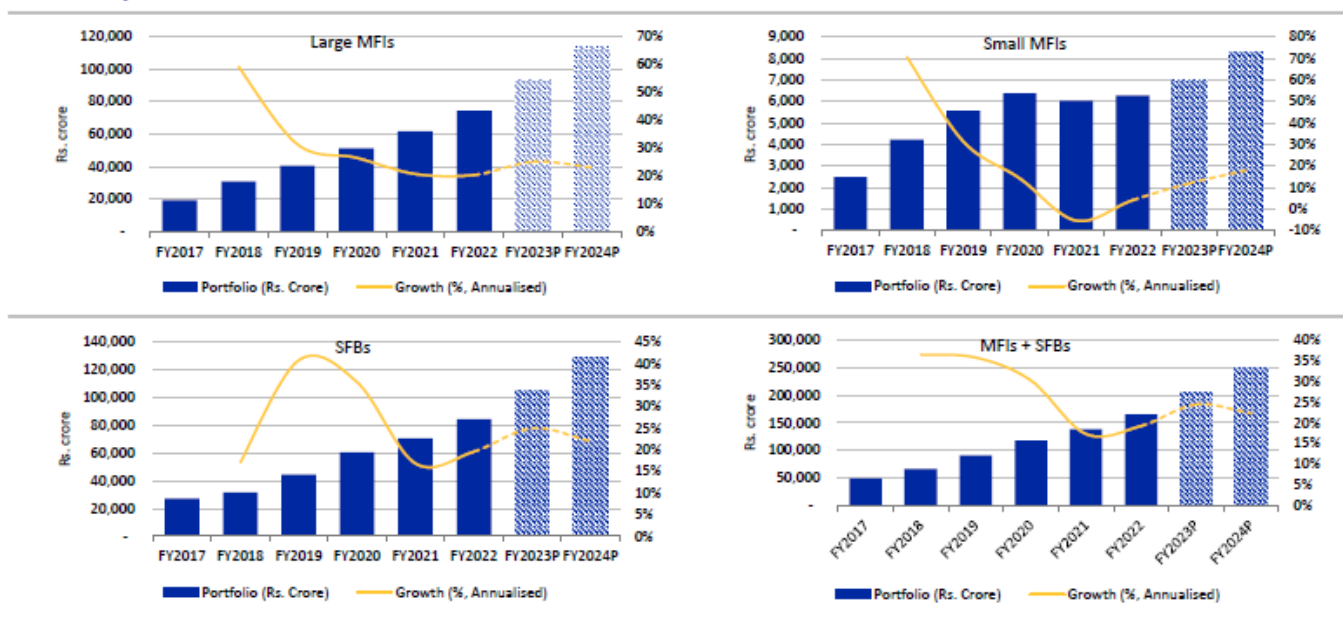

In FY2019 and FY2020, when microloan volumes grew sharply, the market preference was skewed towards DA. The share of PTCs, however, increased to 44% in H1 FY2022 from 19% in FY2021 as investors preferred to have credit enhancements in the structures, which would absorb even higher-than-expected losses that may occur due to the disruptions caused by the pandemic. Nevertheless, the appetite for DA increased in H2 FY2022 with the share of PTCs declining to around 20% as macroeconomic conditions, along with collections, improved and the larger banks looked towards microloan DA transactions to enhance their own loan books and meet their priority sector lending requirements. The number of participating entities in FY2022 remained similar to the previous year since many small-to-mid sized MFIs continued to find it difficult to raise funds through the securitisation route; however, the significant jump in entities tapping the market in Q4 FY2022 is an encouraging sign. While microloan securitisation volumes jumped in FY2022, a further increase in the absolute market size is expected as NBFC-MFIs continue to focus on growth, post the stagnant AUM growth in the last two years.

Growth Projections:

PORTFOLIO GROWTH BOUNCED BACK IN FY 2022, EXPECTED TO PICK UP FURTHER IN FY 2023

Exhibit 26: Projected Trends in On-book Portfolio

Source: Financials/investor presentations of various MFIs/SFBs, ICRA Research

The industry (ICRA sample of MFIs + SFBs) reported a healthy pickup in the portfolio growth in H2 FY2022, which pushed the overall portfolio growth to 19% in FY2022 from 17% in FY2021. The overall on-book portfolio size (MFI + SFBs) grew to Rs. 1.64 lakh crore as on March 31, 2022 from Rs. 1.38 lakh crore as on March 31, 2021. Though the overall growth remains below the pre-pandemic level, the positive trajectory provides comfort. Earlier, the growth had moderated in FY2021 and H1 FY2022 because of the pandemic-led disruptions. However, the same was supported by a rebound in Q2 FY2022, pushing the overall growth rate into a positive trajectory in H1 FY2022. The positive trend continued in H2 FY2022, especially in Q4 FY2022, which saw a significant increase in disbursements.

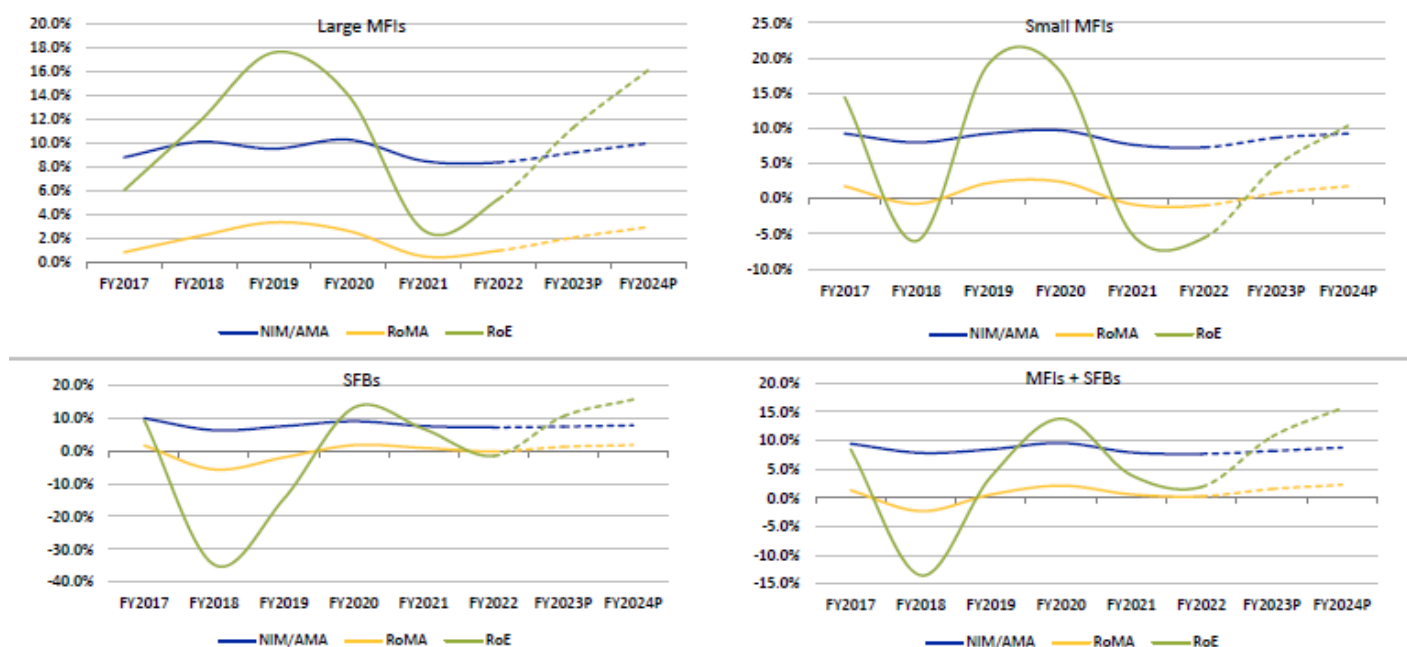

The growth, however, was largely driven by SFBs and large MFIs, which saw their portfolios growing by 20% each in FY2022, whereas small MFIs reported a growth of 4% in their on-book portfolios in FY2022.

Continuing the trend observed in FY2022, SFBs and MFIs are expected to witness an improvement in the growth in their portfolios in FY2023. Small MFIs are also likely to witness a growth in their portfolios in FY2023, though at a relatively lower pace compared to large MFIs and SFBs. On an overall basis, ICRA expects the combined on-book portfolio size of MFIs and SFBs to grow by 22-25% in FY2023.

(ICRA Report on “Indian Microfinance Sector” dated September 2022)

MFIs REPORTED IMPROVEMENT IN PROFITABILITY, WHILE SFBs REPORTED DETERIORATION IN FY 2022; IMPROVEMENT EXPECTED IN FY 2023

Exhibit 27: Projected Trends in Profitability Metrics

Source: Financials/investor presentations of various MFIs/SFBs, ICRA Research

The industry witnessed pressure on its yields and hence margins in FY2021 and to some extent in FY2022. SFBs witnessed higher pressure on NIM as the reversal of interest income impacted the yields, though the larger MFIs reported largely stable NIMs in FY2022 compared to FY2021. The negative carry because of the excess liquidity maintained by most entities also played a part in lowering the NIMs.

On the operating expense front, there was some improvement on a YoY basis in FY2021. This was largely driven by the lack of field activity during the year. Further, some entities resorted to salary and incentive reduction, which helped improve the operating efficiency. However, FY2022 witnessed the reversal of the trend as field activity continued to some extent but collections took some time to improve. Moreover, there were no such major lay-offs and salary cuts this time. In fact, entities focused more on collections, which pushed up the cost relative to the limited growth in the AUM. This impacted the operating profits further in FY2022.

With respect to credit costs, the provisions remained high in FY2022 for most of the entities because of the increased delinquencies in the portfolio. Some entities were, however, carrying healthy provisions from FY2021 and hence lowered the credit costs in FY2022. MFIs reported a YoY reduction in credit costs in FY2022, while SFBs reported an increase. This kept the overall credit costs largely unchanged for MFIs and SFBs combined.

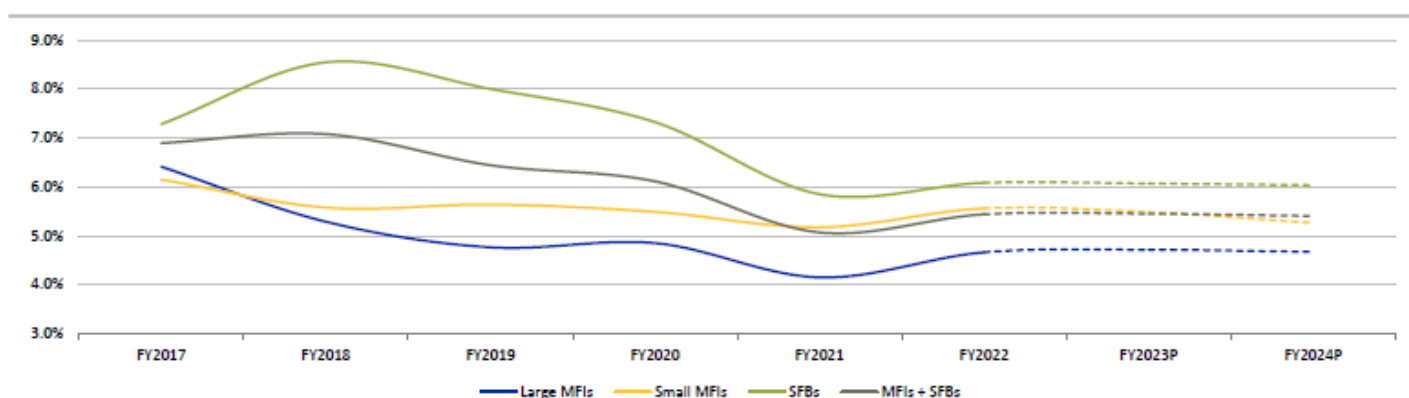

On an overall basis, the industry (MFIs + SFBs) reported negative return on managed assets (RoMA) of -0.3% in FY2022 (-0.3% annualised in H1 FY2022) compared to 0.6% in FY2021. This was primarily on account of SFBs and small MFIs with both categories reporting losses in FY2022. Large MFIs and hence overall NBFC-MFIs reported profits in FY2022.

With the performance of the restructured portfolio yet to be fully established as a part of the restructured portfolio of several entities was still under moratorium as on March 31, 2022, the pressure on profitability is expected to remain to some extent, though ICRA expects significant improvement in FY2023. The profitability would be driven by an increase in margins because of the higher pricing flexibility of NBFC-MFIs and reduction in credit costs in FY2023. FY2024 is expected to witness a further improvement with the profitability crossing the pre-Covid level.

(ICRA Report on “Indian Microfinance Sector” dated September 2022)

INCREASE IN OPERATIONAL COSTS IN FY2022; EXPECTED TO REMAIN ELEVATED IN THE NEAR TERM

Exhibit 28: Projected Trends in Opex/AMA

After witnessing pressure on their profitability post demonetisation, many NBFC-MFIs focused on upgrading their systems and processes through cashless operations. Loan officers perform operations through tablets/mobile phones, which are integrated with the information technology (IT) systems. This enhances the operational efficiency compared to the manual data entry process followed earlier. This, along with an increase in the proportion of cashless disbursements, weeded out operational inefficiencies and risks. Consequently, the industry witnessed a steady decline in the opex/average managed assets (AMA) ratio.

In FY2021, the industry witnessed a steeper decline in operating expenses because of the lack of field activities and the cut in salaries/incentives, etc. However, with increased efforts towards the recovery of dues and the ramp-up in disbursements the overall expenses increased in FY 2022. The recovery efforts are expected to remain high in the current fiscal as well. This, along with entities focusing on expanding their geographical reach, would keep the operating expenses elevated in the near-to-medium-term.

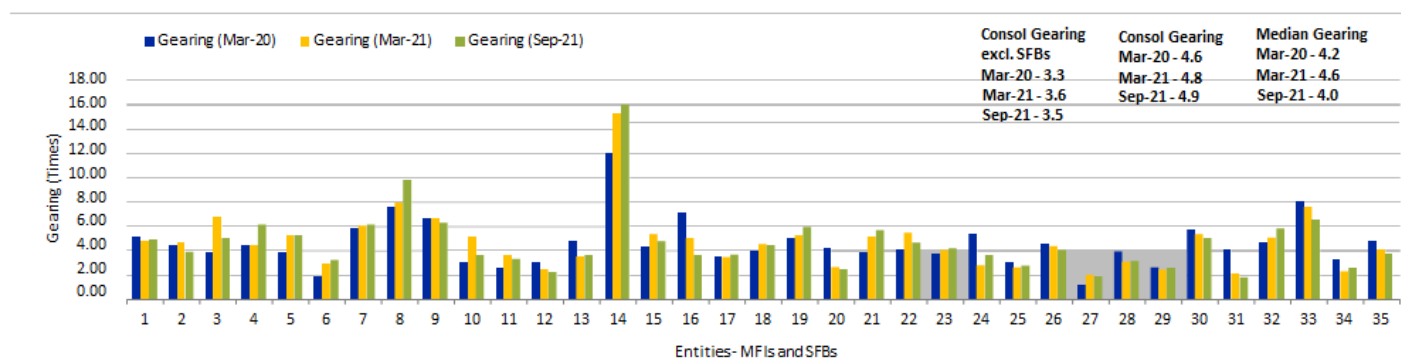

(ICRA Report on “Indian Microfinance Sector” dated September 2022)

CREDIT COSTS INCREASED IN FY2022; MODERATION EXPECTED IN FY2023

In addition to the pressure on the operating profitability, the industry continued to witness higher credit costs in FY2022, given the increase in delinquencies because of the second wave of the pandemic. Though some entities carried high provisions from FY2021, which helped them keep the credit costs relatively lower in FY 2022 than that witnessed in FY2021, the overall industry witnessed elevated credit costs (similar to FY 2021) in FY2022. ICRA expects a significant reduction in FY2023, given the sizeable provisions already built by entities, though the same is expected to remain slightly higher than the pre-Covid level. (ICRA Report on “Indian Microfinance Sector” dated September 2022)

ADEQUATE LEVERAGE PROFILE OF THE INDUSTRY

Exhibit 34: Leverage Trend Across Entities (MFIs & SFBs)

Leverage calculated as on-book borrowings / net worth

The industry comprises a heterogeneous mix, in terms of the capital structure, with the managed gearing ranging from 1.4 times to 15.9 times as on March 31, 2022. Even after adjusting for outliers, the range was 1.4 times to 11.2 times as on March 31, 2022. On a consolidated basis, the on-book leverage of the industry increased marginally to 5.6 times as on March 31, 2022 from 5.3 times as on March 31, 2021. The median gearing, however, remained unchanged at 5.2 times.

Given the industry's (NBFC-MFIs and SFBs) on-book portfolio growth (CAGR) estimate of 20-25% p.a. over FY2023-FY2025 and the intention of maintaining the blended managed gearing below 6.0 times (below 8.0 times for SFBs and below 5.0 times for NBFC-MFIs), the players would need external capital of ~Rs. 6,500-7,000 crore (18-20% of closing net worth as on March 31, 2022) during this period, in ICRA's opinion.

LEVERAGE EXPECTED TO REMAIN COMFORTABLE

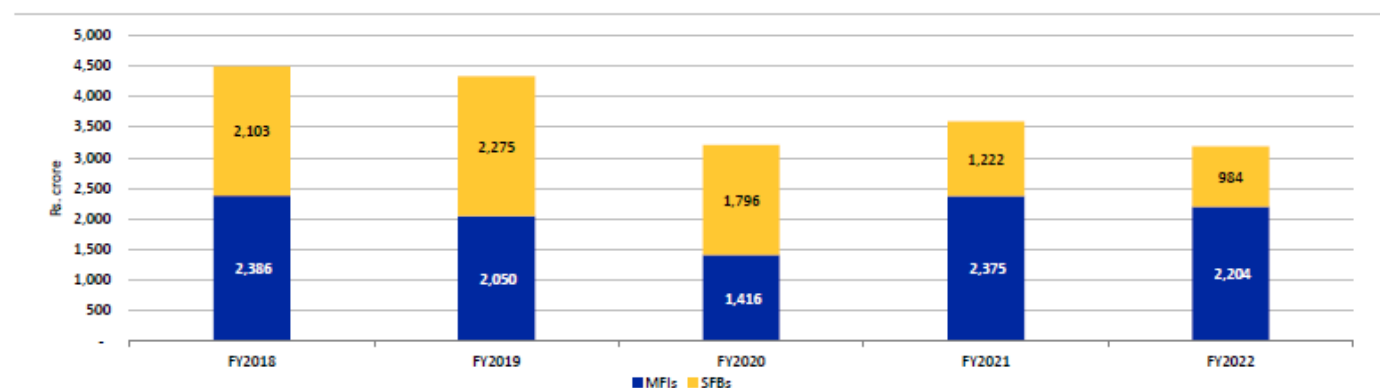

Exhibit 31: Projected Trends in Leverage

With the projected equity infusion of Rs. 6,500-7,000crore over FY2023-FY2025, the leverage is expected to remain comfortable. Large MFIs are expected to be comfortably placed in terms of leverage and the equity requirement is limited compared to small MFIs. Hence, they are expected to witness a better leverage profile compared to small MFIs.

Exhibit 32: Equity Capital Infusion Trends

Following the onset of the pandemic, the equity-raising plans of most entities were put on hold as investors became wary, given the concerns regarding the asset quality and profitability because of the economic disruption caused by the spread of Covid-19. Nevertheless, the sentiment improved slightly in H2 FY2021 leading to an increase in equity-raising activities. The total equity raised in FY2021 was around Rs. 3,600 crore. Similarly, with the onset of the second wave, equity-raising activity in the industry declined in H1 FY 2022. In FY2022, the industry raised around Rs. 3,200 crore of equity.

OVERVIEW

We are a non-deposit taking, systemically important NBFC registered with RBI and a wholly owned subsidiary of NTL. NTL is a technology-driven financial products and services company in India focusing on the digitally connected young middle-class population of India. Our Company offers lending products like personal loans and home loans under the “Navi” brand. We also offer microfinance loans, under the “Chaitanya” brand through our Subsidiary, CIFCPL.

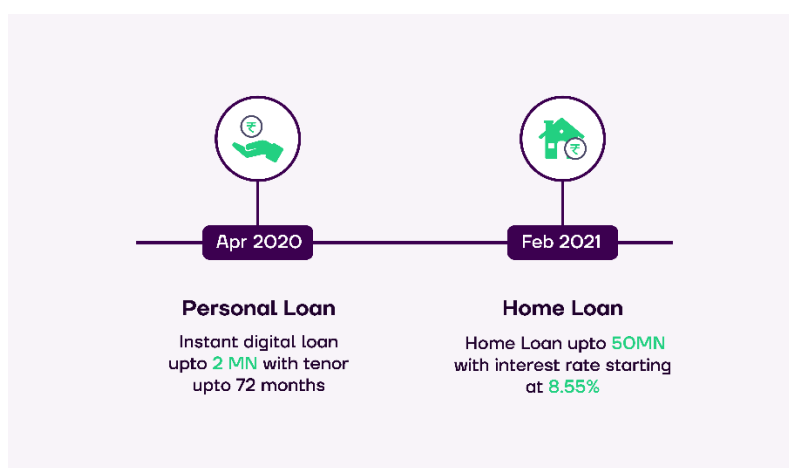

Our Company was originally incorporated as Chaitanya Rural Intermediation Development Services Private Limited as a private limited company under the Companies Act, 1956, pursuant to a certificate of incorporation issued by the Registrar of Companies, Karnataka at Bangalore (“RoC”) on February 14, 2012. Our Company has obtained a certificate of registration bearing number N-02.00270 dated March 11, 2016 issued by the RBI to commence/ carry on the business of non-banking financial institution without accepting public deposits under Section 45IA of the RBI Act, 1934. Our Promoter acquired control over our Company on October 23, 2019. The name of our Company was changed to ‘Navi Finserv Private Limited’ pursuant to a certificate of incorporation issued by the RoC on April 22, 2020. A fresh certificate of registration was issued by RBI on May 15, 2020 pursuant to name change of our Company from Chaitanya Rural Intermediation Development Services Private Limited to Navi Finserv Private Limited. Our Company was converted from a private limited company to a public limited company pursuant to a special resolution passed by our Shareholders on March 5, 2022, and the name of our Company was changed to ‘Navi Finserv Limited’. Further, a fresh certificate of incorporation dated April 5, 2022 consequent upon change of name on conversion to a public limited company was granted by the RoC. Further, a revised certificate of registration bearing number N- 02.00270 dated May 18, 2022 was issued by the RBI to our Company pursuant to conversion of the Company from a private limited to a public limited company to commence/ carry on the business of non-banking financial institution without accepting public deposits under Section 45IA of the RBI Act, 1934.

CORPORATE STRUCTURE

We believe our digital lending process is one of the key differentiators driving business growth. Our Promoter has adopted a mobile-first approach, utilising its strong in-house technology and product expertise to build customer centric products. Our Company has entered into an Outsourcing Agreement with our Promoter for, inter alia, technology based services, cash management and loan distribution, operations, collections, and taxation. Pursuant to the Outsourcing Agreement, our products are exclusively distributed through the Navi App, the digital platform provided by our Promoter.

Navi App provides an easy to use and engaging experience to our personal loan and home loan customers while minimising manual intervention and paperwork.

Note:

(1) We are providing personal loans up to a tenor of 84 months, as permissible under our internal policies.

(2) We are providing home loans within the ticket size of up to ₹100 million, as permissible under our internal policies.

We launched our personal loans product under the “Navi” brand in April 2020. Under this business, we extend instant personal loans up to ₹2.0 million with tenors of up to 84 months through an entirely digital Navi App-only process. Since our launch and up to March 31, 2023, we have disbursed 2,660,511 personal loans amounting to ₹153,959.88 million. During the financial year ended March 31, 2023, we disbursed 1,870,683 personal loans amounting to ₹ 115,004.11 million, with an average ticket size of ₹61,477. From the date of the launch, we have approved personal loans to customers across over 96% of all Indian pin codes. As of March 31, 2023, our Company’s personal loans business had an AUM of ₹ 61,618.96 million.

Our Company’s home loans product was launched under the “Navi” brand in February 2021 to extend: (a) home loans for ready to move-in, under-construction and self-constructed properties, and (b) loans against property for constructed properties. As of March 31, 2023, our Company had disbursed home loans across 10 cities in India. Our Company offers loans up to ₹100 million with a tenor of up to 30 years. As of March 31, 2023, our Company had an AUM of ₹6,272.43 million and since launch we have disbursed 1,938 loans with an average ticket size of ₹6.45 million during the financial year ended March 31, 2023.

Our microfinance loans business is carried out through our Subsidiary, CIFCPL, to extend credit to low-income women in rural and semi-rural areas across India. Our Subsidiary’s microfinance loans business runs on a joint liability group-lending model, wherein a small number of women form a group (typically four to seven) and guarantee one another’s loans. As of March 31, 2023, our Subsidiary’s microfinance business had a closing AUM of ₹ 38,405.46 million. Our microfinance loans are not offered through the Navi App and this business is operated separately from our other technology-based business lines described above.

As on March 31, 2023, we had CRAR of 28.37 % and 22.34% in our Company and our Subsidiary, CIFCPL, respectively which is higher than statutory minimum CRAR of 15.00% as prescribed by RBI.

Our Company's long-term debt is rated IND A (Stable) and CRISIL A (Stable) by India Ratings and CRISIL, respectively, and commercial papers are rated Ind A1 by India Ratings and A1 by CARE. Our Subsidiary, CIFCPL's long term debt is rated IND A (Stable) and CRISIL A (Stable) by India Ratings and CRISIL, respectively, and commercial papers are rated IND A1 by India Ratings and A1 by CARE. For further details in relation to the credit rating of our Company's debt and the debt of our Subsidiary, CIFCPL, see " – CREDIT RATINGS" on page 141.

Our Company's borrowings (debt securities and borrowings other than debt securities and subordinated liabilities) on a standalone basis, as at March 31, 2023 and March 31, 2022 amounted to ₹ 57,626.32 million and ₹ 28,226.75 million, respectively. We rely on long-term, medium-term borrowings and short term borrowings from various sources. We take term loans, issue non-convertible debentures, market-linked debentures, and commercial papers. We have a diversified lender base comprising public sector undertakings ("PSUs"), private banks, mutual funds, and others. We also securitise parts of our portfolios by way of pass through certificates ("PTCs") and direct assignments ("Direct Assignments") of loan receivables to various banks or NBFCs. We also extend personal loans through co-lending partnerships with financial institutions.

We have developed in-house cloud-native, real-time lending partnerships platform, Navi Lending Cloud ("NLC"). For co-lending, it enables lending partners to underwrite customers and define credit parameters in real-time. It also facilitates real-time settlement of collection payments to co-lenders and reconciliation management. For direct assignment of portfolio, it enables easy and seamless pool selection and due diligence process. Investors can explore a portfolio as per their preferred pool filters and risk comfort from our Company's customer pool which they can analyze, invest in and monitor. NLC also provides dashboards and a comprehensive, customisable reporting system to help banks and NBFCs track portfolio performance. As on March 31, 2023 we had active direct assignment and co-lending partnerships with 11 and four lenders respectively which include banks and NBFCs. During the period August 2022 to March 2023 we did direct assignments aggregating up to ₹9,857.74 million and co-lending disbursements amounting to ₹ 6,975.00 million (only co-lenders' share).

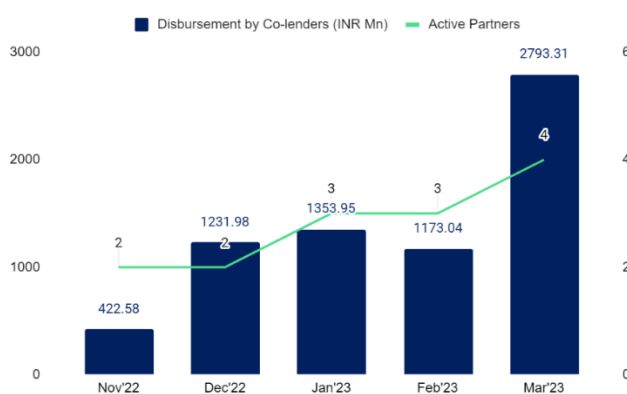

Figure: Co-lending disbursements and Active Co-lenders

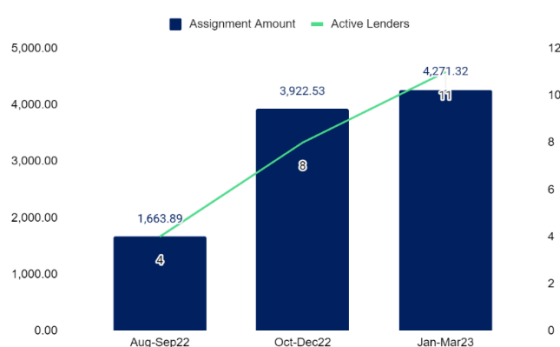

Figure: Direct Assignment Amount and Active Lenders

Our Company concluded its maiden Public Issue I of secured, rated, listed and redeemable non-convertible debentures under the SEBI NCS Regulations to raise ₹ 4,957.21 million in FY 2023.

Our Company's total income for the Financial Year 2023 and 2022, on a standalone basis amounted to ₹ 13,770.52 million and ₹ 4,598.93 million respectively. For the same period, our Company's profit/(loss) before tax for the year amounted to ₹ 1979.09 million and ₹ (886.34) million respectively.

Our Competitive Strengths

Better customer engagement and experience through Navi App

We operate a mobile-first, app-only model for our personal loans and home loans through the Navi App. This model enables us to (a) cater to digitally connected Indians, (b) avoid intermediation and reach customers directly in tier-1 cities and beyond, and (c) offer an unassisted buying journey with one of the lowest turnaround times amongst lenders in India, in the personal loans category, according to the RedSeer Report.

The mobile-first approach enables us to serve customers in a much quicker time frame. The turnaround time for our fastest disbursals of personal loans was less than 10 minutes.

The Navi App has been designed with the aim of making the customer journey seamless, with simple and easy-to-understand products. For our Company's personal loans, the entire process from the loan application and disbursal to repayment is paperless and conducted digitally. The digital operating model with an end-to-end ecosystem enables us to offer our products and services at low cost.

Extensive Reach

Unlike traditional financial services, the digital-first distribution for our personal loans and home loans offerings enables us to deliver products and solutions to our customers without the need of physical infrastructure. This provides us extensive reach and allows us to make financial services accessible for a wide array of customers. From the date of the launch, we have approved personal loans to customers across 96% of all Indian pin codes and as on March 31, 2023 and had disbursed home loans across 10 cities in India.

Sourcing of housing loan customers is done through multiple channels, including via the Navi App and incentive-based sourcing channels such as builders (including our pre-approved builder database) and referrals from existing customers and employees. Whereas sourcing for personal loan customers is done through a combination of direct digital marketing and tele-marketing channels such as SMS and emails.

Using technology systems developed by our Promoter, we adopt a direct to customer approach for our Company's personal loans, and home loans to expand our reach throughout India. This allows us to capitalize on the large pool of digitally connected customers, without incurring the high costs associated with offline channels and intermediaries. This approach also generates cross-sell opportunities across our ecosystem with the aim of increasing the potential customer lifetime value. We source customers through organic methods including by cross-selling our housing loans to our existing personal loans customers and marketing our housing loans through direct digital channels such as via SMS and email.

Strong Underwriting and Risk management model

Underwriting, pricing and risk management are driven by data science and machine learning capabilities which are developed by our Promoter, NTL and utilised by our Company. This provides us a significant advantage over traditional lenders who, according to the RedSeer Report, are largely dependent on excessive paperwork and manual evaluation which can be tedious and time-consuming.

According to the RedSeer Report, a large portion of the Indian population have no access to the formal credit system because of low or no credit history. The artificial intelligence and machine learning capabilities developed by our Promoter help us go beyond using only credit scores as a method of underwriting. The models incorporate more than 400 variables and learn from a rapidly growing training dataset. The information used for underwriting includes data provided by the user (such as name, date of birth, KYC documents, pin code, employment details), data directly collected with the consent of the user (geolocation, device details, contacts and transaction history), and data sourced from other sources (such as credit bureaus, analytics providers and business partners). This is vital in making credit accessible to a larger customer base. This creates a big data and machine learning flywheel which enables higher approval, and risk-priced interest rates.

To proactively address fraud detection, we do continuous sampling and analysis of our loan portfolio to identify emerging patterns and modus operandi. The models are also able to leverage data to enhance our ability to prevent fraud by identifying outlier signals in data and behaviours as triggers.

Robust Collection Mechanisms

Our Promoter has developed a robust cohort-based collections model to efficiently follow-up and recover dues that are outstanding. Our collections capability comprises digital reminders and follow-ups for payments, tele-calling and on-ground collection management. Allocation of delinquent loans to these channels is driven by back-end analytics and payment behaviour scorecards to maximize on overall debt management efficiencies.

For the Financial Year ended March 31, 2023, our personal loans collection efficiency was 96.10%. Our processes are

supported by a granular tracking of loan portfolio metrics and performance that assist us in customer level risk management. Performance of each metric is benchmarked against an operating threshold that acts as guardrails for risk management and benchmark ECL. We study portfolio trendlines and KPIs, and deviations are analysed and acted upon.

As a result, we have been able to minimise the impact of economic cycles, including the COVID-19 pandemic, on our collection efficiency and asset quality, over the periods presented.

Diverse Borrowing Profile across fund raising mechanisms and lenders

Since our launch, we have developed a well-diversified funding profile by expanding our funding sources and lender base. For example, at our Company we had 32 term loan/ working capital lenders as of March 31, 2023 as compared to 21 term loan lenders as of March 31, 2022. We continuously seek to diversify our sources of funding to facilitate flexibility in meeting our funding requirements.

The treasury departments of our Company and our Subsidiary, are responsible for diversifying our capital sources, managing interest rate risk and maintaining strong relationships with our lenders and rating agencies. We maintain adequate liquidity buffers to take care of our loan disbursements and unforeseen market liquidity conditions.

Our Company's borrowings (debt securities and borrowings other than debt securities and subordinated liabilities) on a standalone basis, as at March 31, 2023 and March 31, 2022 amounted to ₹ 57,626.32 million and ₹28,226.75 million, respectively. We rely on long-term, medium-term and short term borrowings from various sources including banks, financial institutions, HNIs, other NBFCs and capital markets. We take term loans, issue non-convertible debentures, market-linked debentures, and commercial papers. We also securitize parts of our portfolios by way of pass through certificates ("PTCs") and Direct Assignments ("DA") of loan receivables to various banks or NBFCs.

Strong leadership backed by experienced management team and high corporate governance standards

We are backed by an experienced management team. Sachin Bansal, is the co-founder and promoter of NTL and is Executive Chairman and CEO of our Company and also CEO of our Subsidiary, CIFCPL. He is the former chairman and co-founder of Flipkart. Sachin graduated from IIT Delhi with a degree in Computer Science in 2005. He was named World 40 under 40 by Fortune Magazine in 2012, Entrepreneur of the Year by Economic Times in 2013 and Time Magazine's 100 most influential people in the world in 2016. Sachin co-founded NTL with Ankit Agarwal, our Managing Director, who is a former banker and has held senior positions across Deutsche Bank and Bank of America. Ankit graduated from IIT Delhi with a degree in Computer Science in 2004 and also holds an MBA from IIM Ahmedabad, from where he graduated in 2008.

Sachin and Ankit have assembled a strong leadership team with a deep level of expertise, particularly in the financial services and technology industries. They are supported by other senior management members in our Company who are responsible for various functions:

- Shobhit Agarwal, Head – Lending
- Anand Rao, Joint MD (CIFCPL)
- Vinod Raghavan, Chief Compliance Officer

Our Company has strong corporate governance standards with majority of the Board comprising of independent directors.

Our Strategies

Long term focus on utilising technology and data science capabilities

Our Promoter has made significant investments in technology infrastructure, machine learning models and data analytics capabilities and has a long-term approach towards building in-house technology. This will aid us to continue strengthening our product offerings and enhance customer experience.

We have leveraged the technology, data science capabilities and microservices technology architecture developed by our Promoter, NTL. For example, we have been able to roll-out innovative features such as flexible EMI dates for personal loans. We will continue to have a long-term focus on utilising technology and data science capabilities of our Promoter enabling us to grow while keeping costs non-linear.

We expect the accuracy of machine learning models to improve as we scale-up and capture more customer data. This will enable us to improve our understanding of customers and maintain asset quality by accurately identifying credit-worthy customers.

Increasing reach across India

Currently we provide home loans to customers across 10 cities and we plan to expand our presence through digital as well as builder tie-ups. We currently source home loan customers directly through multiple avenues, including our pre-approved residential projects database, the digital platform and through referral channels. In the long run, our focus will be to make the customer journey more streamlined by creating a large network of pre-approved residential projects. Since the launch of our Company's personal loans business, we have approved such loans to customers across 96% of all India pin codes using the digital-first distribution and we plan to further deepen our reach through marketing channels.

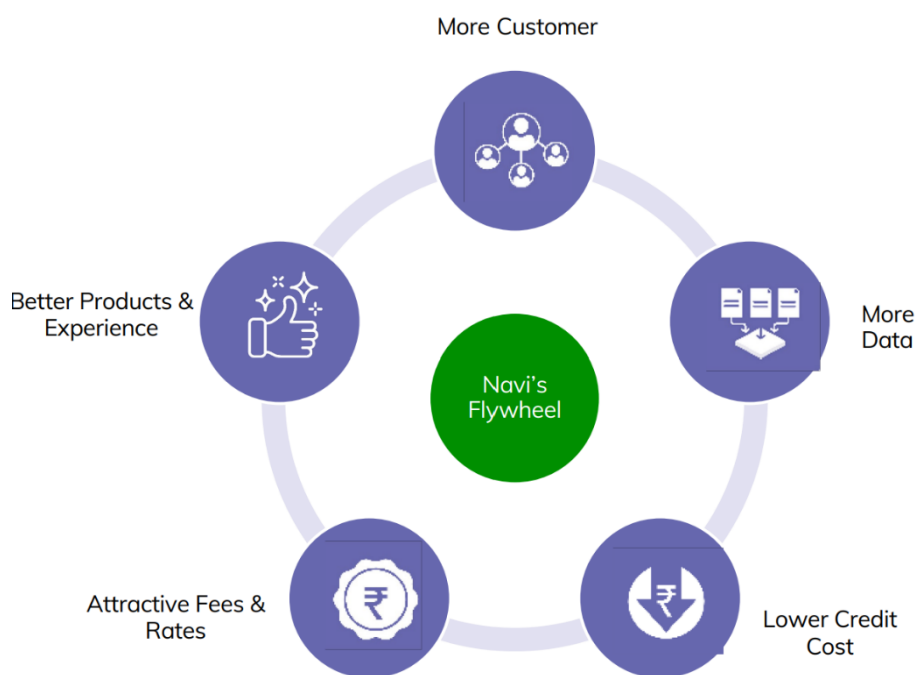

Foray into new product lines

We will continue to utilise our Promoter's in-house research capabilities to identify large market opportunities. We will leverage and replicate our learnings from existing businesses and customers' needs while launching new product offerings. Further, we will continue to leverage customer insights to identify and anticipate their needs and deliver differentiated products and services. We will also explore strategic acquisition opportunities from time to time to strengthen the value proposition of the current portfolio and launch new offerings.

In the long run, our aim is to expand our product portfolio by launching adjacent lending products to capture a larger portion of the wallet share of our customers. We have also applied for a credit card license with the RBI.

Leveraging our integrated ecosystem for synergies and cross-sell opportunities

Navi App offers an integrated ecosystem of financial services products where once customers enter the ecosystem through acquisition of any products, they can access a full range of adjacent product and service offerings. As we acquire more customers on the Navi App, and as more customers purchase more products, the analytics systems will be able to capture and analyse an increasing amount of customer data.

This integrated ecosystem approach will enable us to capitalize on significant cross-sell and up-sell opportunities. We believe this will enhance customer retention and increase the potential lifetime value of customers. We also witness significant cross-sell traction on the Navi App from customers visiting the Navi App for buying other products.

Optimize borrowing costs and continue to expand and diversify funding sources

Since our launch, we have developed a well-diversified funding profile by expanding our funding sources and lender base. The combination of a diversified lender base and high credit rating has enabled strong liquidity and reduced our cost of funding.

As we continue to grow the scale of our operations, we continue to diversify our borrowing profile and continue to improve our credit ratings to reduce our cost of funds. A lower cost of borrowings will help us improve our net interest margins, competitively price our loans and other products, and deliver better return ratios. For further details in relation to the credit rating of our Company's debt and the debt of our Subsidiary, CIFCPL, see "– CREDIT RATINGS" on page 141.

Our Promoter, NTL has filed Draft Red Herring Prospectus dated March 10, 2022 for an initial public offering with SEBI to raise up to ₹ 33,500 million. In the event of a successful completion of the offering, our Promoter proposes to infuse up to ₹ 23,700 million into our Company which will further fund our growth. For further details, please see “*Risk Factor*” on page 16.

Prudent Risk Management Policies

Our ability to carry on business is driven by the risk management activities we undertake. We fine-tune our underwriting, risk management and collection processes through continuous training of our risk-detection algorithms/models. As our business grows, we will continue to leverage these rapidly evolving algorithms/models to implement appropriate risk management norms. We continue to amend our existing risk management and related policies pursuant to regulatory updates and to cover any foreseeable shortfalls to have a robust risk management framework.

OUR BUSINESS LINES

PERSONAL LOANS

We launched our personal loans business under the “Navi” brand in April 2020, which are called ‘cash loans’ across our digital platforms. Under this business, we extend instant personal loans up to ₹2.0 million with tenors of up to 84 months through an entirely digital Navi App-only process. The annual interest rates we charge on the loans disbursed during the Financial Year ended March 31, 2023 were between 9.9% and 45%.

Since our launch and up to March 31, 2023, we have disbursed 2,660,511 personal loans amounting to ₹ 153,959.88 million. During the Financial Year ended March 31, 2023, our Company disbursed 1,870,683 personal loans amounting to ₹ 115,004.11 million, with an average ticket size of ₹ 61,477. During the Financial Year ended March 31, 2023, our Company’s personal loans collection efficiency was 96.10%.

We believe the digital lending process is one of the key differentiators driving business growth. According to the RedSeer Report, most digital lenders can disburse personal loans within a few hours of loan inquiry. According to the RedSeer Report, our Company with the support of our Promoter is a full stack end-to-end digital lending player and is capable of having one of the lowest turnaround times amongst lenders in India, in the personal loans category.

To ensure our growth is sustainable and profitable, we place strong focus on both credit quality and pricing.

Our target segment is the young, digitally connected, middle-class population in India. With our extensive range of ticket sizes and tenors, we are able to address a large number of use cases such as: (a) planned personal expenses, e.g., home renovation, travel, high ticket purchases and weddings, (b) emergency medical expenses, and (c) short-term business needs.

Our Company utilises artificial intelligence based underwriting models developed by our Promoter, NTL to learn from a rapidly growing training dataset that contained 18.9 million repayment events as of March 31, 2023, with an average of 1.58 million repayment events added every month during the quarter ended March 31, 2023. As of March 31, 2023, over 84% of our personal loan customers had CIBIL credit scores of above 725 and over 47% had CIBIL credit scores above 750.

We adopt an innovative cohort-based approach that segments customers based on a variety of factors including yield, risk, ticket size, and acquisition cost to identify low risk and profitable cohorts. This approach is supplemented with regular customer research and sophisticated data analytics for us to provide tailored products to our customers. We believe profiling and pricing each borrower is a major driver in creating a profitable lending business.

According to the RedSeer Report, retail lending AUM in India is majorly concentrated in metro and tier-1 cities as compared to other cities due to lack of capability and reach, which provides a significant market opportunity for digital lenders in India. In the Financial Year 2022, out of a total market of approximately US\$608 billion, 59% of the retail lending business was from metro and tier-1 cities. According to the RedSeer Report, the digital lending market in the personal loan, home loan and loans against property categories is expected to grow at a CAGR of 48% to become a market of US\$107 billion in the Financial Year 2026 with personal loans carrying the highest share of 63% in the digital lending market followed by a 31% digital disbursal share of home loans and 6% for loans against property.

We launched our personal loans business to fulfil the needs of the underserved Indian population. According to the RedSeer Report, Indian market remains underpenetrated because traditional banks require active bank accounts, extensive documentation, and a robust credit score to sanction credit, however, a rising millennial population demands easier access to credit with minimal documentation in lesser time, pushing the importance of full-stack digital lenders in this space. Hence, our digital personal loan offering is well-suited to address the needs of the growing digitally connected Indians.

According to the RedSeer Report, among the retail lending categories, the personal loans category has grown the fastest and is expected to grow at a CAGR of approximately 27% between the Financial Years 2021 and 2026. Over the same period, the contribution of digital lending to total personal loan disbursals is estimated to increase from 19% to 41%.

Customer acquisition

Personal loan customers are acquired through a combination of direct digital marketing and tele-marketing channels such as SMS and emails. For the Financial Year ended March 31, 2023, 5.84% of our Company's personal loan customers acquired were new to credit.

Customer journey

We extend unsecured personal loans to individuals through a completely digital process on the Navi App. Accordingly, the entire customer journey for our personal loans business, including the application, disbursal and collections process is paperless. To avail a loan on the Navi App, the customers electronically inputs their particulars including identification, work/income and other details as requested, following which they are provided approval for a maximum loan amount and tenor. After selecting the loan and EMI amount, the customers provide their bank account details for disbursal of the loan along with other details required for KYC verification (such as proof of address, a selfie photo and contact details), post which auto-payment for the EMIs is set up.

Underwriting capabilities

Our Promoter has developed various technological capabilities including data models for underwriting. Its artificial intelligence-based underwriting models incorporate more than 400 variables and learn from a rapidly growing training dataset that contained 18.9 million repayment events as of March 31, 2023, with an average of 1.58 million repayment events added every month during the quarter ended March 31, 2023, allowing our systems to identify unique users, track their journeys, record their behaviours and report on the Navi App's performance.

One of the key eligibility criteria for approving a customer's loan is the customer's repayment capacity, which is determined by factors such as the customer's age, stability and continuity of income, place of residence, geolocation, existing financial obligations, estimated living expenses. During the loan application process, the systems use a combination of automated techniques to process signals based on information provided by the customer and concurrently processes their bureau information.

For personal loan disbursals up to March 31, 2023, over 47% of our personal loan customers had CIBIL scores greater than 750 and over 84% had CIBIL credit scores greater than 725, which we believe demonstrates a low-risk, high-quality customer profile.

Collection capabilities

We use intelligent digital collections, which allows us to classify customers into different buckets based on ease of collections and calibrate our collection efforts accordingly. Our robust collections infrastructure enables us to follow-up and recover dues that are outstanding. This collections capability comprises digital reminders and follow-ups for payments, collection tele-calling and outsourced field recovery capabilities. Allocation of delinquent loans to these channels is driven by back-end analytics and payment behaviour scorecards to maximize on overall debt management efficiencies. Our digital collections processes are further supplemented by over 450 in-house tele-callers (as of March 31, 2023) as well as a specialized field collection team for non-contactable cases and/or later delinquency buckets. The following table summarizes our collection

processes based on the delinquency status of a personal loan:

Delinquency bucket	Our collection action plan
Bucket 1: 0-29 days past due (DPD)	Digital collections; nudges / reminders 450+ in-house tele-callers as on March 31, 2023 Field support on non-contactable cases Customer-wise default probability prediction algorithms
Bucket 2: PAR 30 to 89	Predominantly 'field' driven As on March 31, 2023, on-roll managers work with 200+ field agencies to visit borrowers CIBIL trigger alerts and legal actions are initiated (wherever relevant)
Bucket 3: PAR >90	Field visits Defined settlement policy Skip tracing for non-contactable customers

We are also piloting in-house end to end collections efforts including field collections in some key regions and aims to develop holistic capabilities in this vertical.

Fraud prevention and detection

We manage fraud risk through prevention and detection. We address fraud prevention through fraud detection models that look for outlier signals in data and behaviours as triggers for fraud prevention. We continuously analyse our loan portfolio to identify emerging patterns and modus operandi which are fed back as prevention rules to improve our model. We have built an in-house fraud detection rule engine for early detection of fraud claims.

Utilising multiple data sources and anti-fraud technologies such as face recognition and geotagging, our risk management machine learning systems can discover previously unidentified factors that indicate delinquency and potential fraud cases. Early detection of frauds improves the customer experience through quicker turnaround times for genuine customers. We are constantly improving the robustness of this fraud detection model by updating the model with internal and external data sources. Also see, *"Risk Factors – We depend on the accuracy and completeness of information about customers and counterparties for certain key elements of our credit assessment and risk management process. Any misrepresentation, errors in or incompleteness of such information not detected by our information systems could adversely affect our business and financial performance."* on page 29.

(B) HOME LOANS

We launched our home loans business under the "Navi" brand in February 2021 to extend: (a) home loans for ready to move-in, under-construction and self-constructed properties, and (b) loans against property for constructed properties. As of March 31, 2023, we had disbursed home loans across ten cities in India. We offer loans up to ₹100 million with a tenor of up to 30 years. As of March 31, 2023, we had an AUM of ₹6272.43 million and since launch we have disbursed 1,938 loans with an average ticket size of ₹6.45 million during the Financial Year ended March 31, 2023. During the month of April 2023, the annual rate we charge for our home loans starts at 8.55%.

We have been able to digitize and simplify the process of procuring a home loan. Our home loans customers are able to obtain an eligibility offer through a completely automated process that does not require any manual checks.

We currently source home loan customers directly through multiple channels, including our pre-approved residential projects database, the digital platform and through referral channels. In the long run, our focus is to make the customer journey more streamlined by creating a large network of pre-approved residential projects to simplify the legal and valuation checks. By leveraging our machine learning-based underwriting models, we target to reduce the disbursement turnaround time for pre-approved projects to one to two days.

According to the RedSeer Report, home loans are the largest lending product and second largest digital lending product and the amount of digital home loan disbursements in India is expected to grow at a CAGR of approximately 53% between the Financial Years 2021 and 2026. Currently, home loan customers face various pain-points such as longer turnaround time, extensive manual application process, and lack of clarity regarding loan approvals. We are trying to overcome these hurdles for our customers through our digital first approach. We apply our learnings from our personal loans business to replicate a digital application process for our home loan offerings.

Operational performance

Customer acquisition

Sourcing of customers for our home loans business line is through multiple channels such as pre-approved residential projects and referrals from existing customers and employees. We also source customers through organic methods including by cross-selling our home loans and loans against property to our existing personal loans customers and marketing our home loans through direct digital channels such as via SMS and email.

Our Company with the technological support of our Promoter is in the process of creating a straight-through processing flow. This is done by growing the pre-approved residential projects and simplifying the legal and valuation checks. By leveraging the combination of machine learning-based underwriting models and pre-approved projects database, we aim to reduce our disbursal TAT to one to two days.

Customer journey

Aside from the collateral verification and the documentation processes, the remainder of the customer journey for our home loans business is largely conducted digitally on the Navi App. After a customer is granted an eligibility offer, the collateral valuation process is conducted manually, and the mortgage is then created. The following diagram illustrates the customer journey for our home loans business:

Underwriting capabilities and collateral valuation

We have a robust risk management framework in place aided by NTL's proprietary rule-based engine that can automatically process different variable buckets during underwriting.

We conduct an assessment of the proposed collateral through third-party lawyers and valuation experts who help us to trace

the title of the property documents for a reasonable period of time. The title deeds are cross verified with government records. We have established an in-house collateral team to streamline the credit approval process by using standardized processes, and we work with the third-party lawyers and valuation experts to ensure that external property valuers provide us with fair turnaround time and realistic valuations. For the Financial Year ended March 31, 2023, the average origination loan-to-value (LTV) of our home loans portfolio was 66.51%.

Collections capabilities

Our Promoter has developed a robust collections infrastructure comprising digital reminders, collection tele-calling and outsourced field recovery capabilities to follow-up and recover outstanding dues. Allocation of delinquent loans to these channels is driven by back-end analytics and payment behaviour scorecards to maximize on overall debt management efficiencies. As of March 31, 2023, we had outstanding home loans of ₹ 13.08 million that were more than 30 days past due.

(C) MICROFINANCE LOANS

We also provide microfinance loans through our Subsidiary, CIFCPL under the brand “Chaitanya”. Under our microfinance loans business, we extend credit to low-income women in rural and semi-rural areas across India. Our microfinance loans business runs on a joint liability group-lending model, wherein a small number of women form a group (typically four to seven) and guarantee one another’s loans. As of March 31, 2023, our microfinance business had a closing AUM of ₹38,405.46 million. Our microfinance loans are not offered through the Navi App and this business is operated separately from our other technology-based business lines described above.

Business model and product characteristics

Our microfinance loans business is based on a joint liability group (“JLG”) format of lending, under which a small group of women form a group (typically four to seven), and generally assume a joint liability to repay the instalments of other borrowers in the group, in the event of a default by any member in the group. We believe that this model ensures credit discipline through peer support within the group, making our customers prudent in conducting their financial affairs and prompt in repaying their loans. We believe that access to basic financial services can significantly increase economic opportunities for families in the lower-income segment.

We grant microfinance JLG loans for amounts up to ₹80,000 with an outstanding limit of up to ₹ 1 lakh, with tenor of up to 24 months, with principal and interest payments due on a 14 days or 28 days basis. The annualised yield of our microfinance loans disbursed for the Financial Year ended March 31, 2023 was 21.41%.

Lending process

- ***Area selection***

One of the most important steps in our lending process is selecting the right area when entering into a new state or, in the case of states where we already have operations, establishing a new branch or expanding into a new village. When selecting a new area, we use our data analytics capabilities to review various key parameters such as demand for credit in the area, income levels and literacy rates of the local population, competition and market potential, economic status of the region including road access and connectivity to important locations such as banks, schools and hospitals, as well as political, socio-economic, regulatory and other risks.

- ***Customer due diligence***

After the formation of the group, the relationship officer collects the know-your-customer (KYC) documents and basic information on the customer. The decision to give a loan is assessed on multiple parameters such as borrower profile and repayment capacity, borrower’s other financial commitments, past repayment track record, occupation and stability of income, geographic location of the borrower and end-use of the loan.

- ***Loan approval***

Following the submission of the loan application and receipt of the required KYC documents and acceptable credit history, the relationship officer will proceed to submit the loan sanctioning proposal for approval. Our loan approval process involves checking the adequacy and accuracy of all aforementioned data acquired from the customer at the branch level in line with our established policies and customer selection criteria. We will also validate the bank details provided by the customer for the transfer of the loan funds electronically to the customer. Once the branch manager confirms the entries, a quality check team does the basic check on document and system entry and bank validations for each application. For disbursements, the funds are electronically transferred to each customer’s respective bank account.

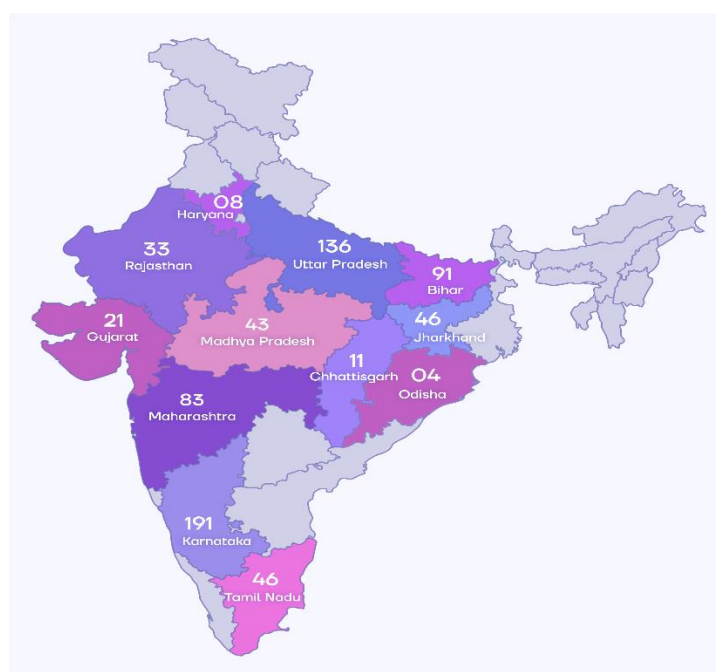

- **Collections**

Our relationship officers use regular centre meetings for the collection of repayments from our customers. Centre meetings are a critical part of managing our customers and loan life cycles. Consistent contact through these meetings allows us to manage our loan portfolio efficiently by regularly collecting repayments on outstanding loans or disbursing new loans, reinforcing group stability, addressing community issues and eliminating the travel and time constraints that members may otherwise face. We also rely on third-party service providers for our microfinance collections processes.

The meetings are compulsory for all group members, with attendance closely monitored and recorded. In some cases, irregular attendance may serve as a critical early warning sign of a customer's failure to make timely repayment. In the event of overdue payments, the relationship officer will increase his level of engagement with the customer by conducting more frequent field visits in order to discuss the situation with the customer and the group/centre and come up with resolutions that work in the best interest of both the customer and our Company. We may also deploy additional manpower for collection when required, and undertake to strengthen our collections infrastructure based on regular reviews and feedback.

Distribution network

As of March 31, 2023, we had 713 branches and 6,498 employees (of which, 3925 are relationship officers) spread across 183 districts in 12 states in India for our microfinance loans business. The following map illustrates the spread of our branches across India for our microfinance loans business, as of March 31, 2023:

TREASURY OPERATIONS

Our treasury department is responsible for managing our funding requirements and deployment of short-term surpluses. The treasury departments of our Company and our Subsidiary, undertake liquidity management by seeking to maintain an optimum level of liquidity and complying with the RBI's requirements for asset and liability management. Our objective is to ensure the smooth functioning of our business and at the same time avoid holding excessive cash.

The treasury departments of our Company and our Subsidiary, secure funds from multiple sources, including banks, financial institutions, HNIs, other NBFCs and capital markets and are responsible for diversifying our capital sources, managing interest rate risk and maintaining strong relationships with our lenders and rating agencies. We continuously seek to diversify our sources of funding to facilitate flexibility in meeting our funding requirements. We maintain adequate liquidity buffers to take care of our working capital requirements and unforeseen market liquidity conditions. As of March 31, 2023, we had cash and cash equivalents of ₹ 3,092.57 million, bank balances other than cash and cash equivalents of ₹ 3,636.24 million, current borrowings of ₹ 38,048.00 million and non-current borrowings of ₹ 19,578.32 million as mentioned in the table set out below.

₹ in million

Particulars	Current borrowings (within 12 months)	Non-current borrowings (within 12 months)
Debt securities	21,560.51	5,011.64

Subordinated liabilities	-	99.64
Total	38,048.00	19,578.32

We believe that through our treasury operations, we maintain our ability to repay borrowings as they mature and obtain new borrowings at competitive rates.

RISK MANAGEMENT FRAMEWORK

We have established a risk management framework underpinned by a comprehensive suite of policies, operational processes, procedures and governance structures to identify and analyse the risks we face, to set appropriate risk limits and controls and to monitor risks and adherence to limits. We seek to make sensible and balanced business decisions through our risk appetite and corporate governance frameworks.

In order to address the risks that are inherent to our business, we have developed a risk management architecture that includes monitoring by our Board through committees including our Audit Committee, Asset Liability Management Committee and Risk Management Committee (for our Company and our Subsidiary, CIFCPL).

Audit Committee

Audit Committee is responsible for dealing with all material questions concerning the auditing and accounting policies of our Company and our subsidiary and its financial controls and systems or any other function as may be determined by the Board, review and ensure correctness, sufficiency and credibility of our financial statements, recommend appointment, re-appointment or removal of our statutory and internal auditors, overseeing our whistle blower policy/vigil mechanism, monitor transactions with related parties, reviewing monitoring and evaluating the internal control system including internal financial controls and risk management system. The audit committee has approved a policy for making provisions against loans in default that is consistent with provisions prescribed by the RBI, as applicable to our Company.

Asset Liability Management Committee

Each of the Asset Liability Management Committees of our Company and our Subsidiary, CIFCPL is responsible for monitoring the asset liability composition of our business, determining actions to mitigate risks associated with our asset liability discrepancies, approve proposals and detailed terms and conditions of borrowings from banks, reviewing our borrowing agenda, reviewing product pricing, monitoring liquidity and interest rate risks, review stress testing results for adverse liquidity scenarios and desired maturity profile of our assets and liabilities and also the mix of our incremental assets and liabilities.

QUANTITATIVE AND QUALITATIVE ANALYSIS OF FINANCIAL RISKS

We are exposed to various types of financial risks during the normal course of business. The financial risks we face are principally related to credit risk, liquidity risk and interest rate. The table below explains the sources of risk to which we are exposed to and how we manage the risk and the related impact in our Restated Financial Statements.

Risk	Exposure	Management
Credit risk	Cash and cash equivalents (other than cash), loans, financial assets measured at amortized cost	Highly rated bank deposits and diversification of asset base and collaterals taken for assets
Liquidity risk	Borrowings and other financial instruments	Availability of committed credit lines and borrowing facilities
Market risk - Interest rate	Variable rate borrowings	Negotiation of terms that reflect the market factors

Credit Risk

Credit risk is the risk that a counterparty fails to discharge its obligation to us. Our exposure to credit risk is influenced mainly by cash and cash equivalents, loan assists, and other financial assets measured at amortized cost. For retail loans (both personal and home loans) we continuously monitor collection efficiency performance, early defaults/ delinquency trends of customers and incorporate this information into our credit risk controls and underwriting systems. For exposures in treasury investments, we assess and manage credit risk based on our internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics.

Based on the business environment in which we operate, a default on a financial asset is considered when the counterparty fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions. Assets are written off when there is no reasonable expectation of recovery or at the completion of 180 days past dues. We continue to engage with parties whose balances are written off and attempt to enforce repayment. Recoveries made are recognized in statement of profit and loss. We do not have any significant or material history of credit losses.

Liquidity Risk

Liquidity risk is the risk that we will encounter difficulty in meeting the obligations associated with our financial liabilities that are settled by delivering cash or another financial asset. Our approach to managing liquidity is to ensure as far as possible that we will have sufficient liquidity to meet our liabilities when they are due. Our management monitors rolling forecasts of our liquidity position and cash and cash equivalents on the basis of expected cash flows, while also aligning with the applicable regulatory requirements of monitoring and maintaining limits across liquidity mismatches, liquidity coverage and minimum liquidity. We take into account the liquidity of the market in which we operate.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. It comprises currency risk, interest rate risk and price risk.

Interest Rate Risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. It is a type of systematic risk that particularly affects fixed rate debt instruments like bonds and debentures. The value of the fixed-rate debt instruments generally declines due to rise in interest rates and vice versa. A rising interest rate scenario also affects our interest expenditure on borrowed funds. We monitor the interest rate scenarios on a regular basis and accordingly take investment decisions as to whether to invest in fixed rate debt instruments, shares and securities at a particular point of time. Further, our borrowings carry a fixed rate of interest and we are in a position to pass on the risk in interest rates to our borrowers. Our investments in debt instruments and pass through certificates are all fixed interest bearing instruments.

Price Risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises

from financial assets such as investments in equity instruments, bonds and mutual funds. Our exposure to price risk arises from investments held and classified in the balance sheet either as fair value through other comprehensive income or at fair value through profit or loss. To manage the price risk arising from investments, we diversify our portfolio of assets.

CAPITAL ADEQUACY RATIO

Our Company and our Subsidiary, CIFCPL are registered as NBFCs with the RBI. Under the Master Directions, NBFCs are required to maintain a minimum capital adequacy ratio consisting of Tier I and Tier II capital, which shall not be less than 15.00% of our aggregate risk weighted assets on-balance sheet and the risk-adjusted value of off-balance sheet items, as applicable. For further details, see “Regulations and Policies” on page 290.

COMPETITION

We face competition in India from various players across all our business lines.

For our personal loans and home loans businesses, we generally compete on the basis of the range of product offerings, ability to customize products, turnaround time and efficient loan process, ticket sizes, price, reputation and customer relationships. We face our most significant organised competition from banks and other NBFCs and HFCs in India, as well as from certain fintech companies.

For our Subsidiary's microfinance loans business, we compete with other MFIs, banks and state-sponsored social programs in India. In addition, many of our potential customers in economically weaker segments do not have access to any form of organised institutional lending, and rely on loans from informal sources, especially moneylenders, landlords, local shopkeepers and traders, at much higher rates. Further, some banks participate in microfinance by financing the loan programs of self-help groups often in partnership with NGOs, and some commercial banks are beginning to directly compete with for-profit MFIs for lower income segment customers in certain geographies.

INFORMATION TECHNOLOGY AND DATA SECURITY

Our business is technology-driven and underpinned by our Promoter, NTL's tech expertise, culture of application-led innovation, data analytics capabilities and integrated, scalable and sophisticated technology platform that is capable of delivering and managing a wide range of products. Navi group is continuously innovating to enhance our value proposition as it is pivotal to providing a seamless experience for our customers.

The Navi App is our core front-end platform through which we have digitized a large portion of the customer journey for our business/personal loans and home loans. Currently, all our personal loans and home loans are offered through the Navi App.

The following sets forth our Promoter's key IT systems that it has implemented, or is in the process of developing, to optimize operational efficiencies and ensure a superior customer experience across all our business lines:

Loan management system

We utilise an enterprise-wide loan management system ("LMS"), which has been built and developed in-house by our Promoter for our Company. This LMS has both loan management and accounting capabilities, allowing us to effectively manage our loan portfolio and providing us decision-making and operational support. This system covers the asset management of our business in addition to account management, risk management, document management and customer service through the full life cycle of loans for both our personal loans and home loans businesses. It integrates all activities and functions under a single technology and data platform, bringing efficiencies to back-end processes and enabling us to focus our resources on delivering quality services to our customers. This system is also capable of being used via mobile, tablet and other digital devices. It has maker-checker functionality at every transaction stage that makes it reliable.

Collections portal

We utilise our Promoter's developed collections portal that provides our collection teams several tools and features to assist them with the collections. Due dates for each customer are mapped out and easily accessible on the portal and officials are able to reach out to the customer directly via the portal through calls, digital messaging services and SMS communications.

We seek to implement best practices for data protection through a holistic combination of people, processes and technology. We have established a dedicated information security team with specializations in product security, cloud Security and IT Security, which is responsible for data security and privacy.

We also rely on certain third-party service providers in relation to the sourcing of data for potential customers. We have certain vendors who provide, among others, SMS scraping services, PAN verification with the NSDL, and Aadhaar XML download from the UIDAI.

INSURANCE

We maintain insurance policies that we believe are customary for companies operating in our industry. Our principal types of coverage include policies for group directors and officers liability insurance, group medical cover, group term life insurance, group personal accident insurance and asset insurance. Our Subsidiary has also availed insurance policies that we believe are customary for their respective businesses.

CORPORATE SOCIAL RESPONSIBILITY

Our Company has constituted a corporate social responsibility committee in compliance with the requirements of the Companies Act and the Companies (Corporate Social Responsibility Policy) Rules, 2014.

EMPLOYEES

As of March 31, 2023, we had 989 employees excluding the employees of our Subsidiary, CIFCPL, and 7,487 employees on an entity basis including the employees of our Subsidiary, CIFCPL. We firmly believe that our employees are integral to the culture and continued success of our business and that our composition allows us to utilise our talent efficiently and effectively. We strive to maintain a work environment that fosters professionalism, integrity, excellence and cooperation among our employees.

PROPERTIES

Our Registered and Corporate Office is located at Second Floor, Vaishnavi Tech Square, Iballur Village, , Begur Hobli, Bengaluru 560102, Karnataka, India, on leased premises. As of March 31, 2023, CIFCPL had 713 branches for its microfinance loans business, all of which are located on leased premises.

INTELLECTUAL PROPERTY

As a technology-driven financial products and services company, protecting, maintaining, enhancing and promoting the trust our customers place in our Company and the “Navi” brand is critical to expanding the customer base of our Company. We do not own the trademark and the logo associated with “Navi” brand name, which is owned by our Promoter, NTL.

We rely on our Promoter for the usage of the “Navi” trademark and the “Navi” brand in our Company’s business. Our Promoter has applied for the registration of the “Navi” trademark under classes 9, 36 and 42. Further, we have entered into a Trade Mark License Agreement dated January 6, 2023, effective from December 1, 2022, with our Promoter, pursuant to which our Company has been granted a limited, conditional, restricted, revocable, non-exclusive, non-assignable, non-transferable and non-sub-licensable licenses to use the name and logo “NAVI”. For further details, see, “*Risk Factors - Our inability to protect or use our intellectual property rights may adversely affect our business.*” on page 37.

Further, the lending products of our Company (i.e. personal loans, home loans) are distributed only through the Navi App, which has been developed by our Promoter, NTL, and which our Company utilizes pursuant to the Outsourcing Agreement.

SECTION VI: ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

Authority for this Issue

At the meeting of the Board of Directors and Debenture Committee of our Company held on February 8, 2023 and June 6, 2023, respectively, the issuance of NCDs of the face value ₹ 1,000 each, aggregating up to ₹ 5,000 million (which includes a green shoe option of up to ₹ 2,500 million) (the “Issue”) has been approved. Pursuant to a resolution passed by our Board on August 10, 2022 and Shareholders at the AGM held on September 30, 2022, our Board has been authorised to borrow any sum or sums of monies, which together with the monies already borrowed (apart from temporary loans obtained or to be obtained in the ordinary course of business), in excess of our Company’s aggregate paid-up capital and free reserves, provided that the total amount which may be so borrowed and outstanding shall not exceed a sum of ₹ 100,000 million. Further, the present borrowing is within the borrowing limits of ₹100,000 million under Section 180(1)(c) of the Companies Act, 2013 duly approved by the members of our Company on September 30, 2022. The NCDs pursuant to this Issue will be issued on terms and conditions as set out in the Prospectus.

Principal terms and conditions of this Issue

The NCDs being offered as part of this Issue are subject to the provisions of the SEBI NCS Regulations and the SEBI Operational Circular, the relevant provisions of the Companies Act, 2013, our Memorandum and Articles of Association, the terms of this Draft Prospectus, the Prospectus, the Application Forms, the Abridged Prospectus, the terms and conditions of the Debenture Trustee Agreement and the Debenture Trust Deed, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI, the Government of India, the RBI, the Stock Exchanges, and/ or any other statutory or regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the NCDs.

Ranking of the NCDs

The NCDs would constitute secured and senior obligations of our Company and subject to any obligations under applicable statutory and/or regulatory requirements, shall also with regard to amount invested, thereof shall be secured by way of an exclusive charge by way of hypothecation of identified book debts of the Company. The NCDs proposed to be issued under this Issue and all earlier issues of debentures, bond issuances and loans outstanding in the books of our Company having corresponding assets as security, shall rank *pari passu* without preference of one over the other except that priority for payment shall be as per applicable date of redemption / repayment. We have received necessary consents from the relevant lenders, debenture trustees and security trustees for creating an exclusive charge in favour of the Debenture Trustee in relation to the NCDs.

In terms of the SEBI Operational Circular for Debenture Trustees, our Company is required to obtain permissions or consents from or provide intimations to the prior creditors for proceeding with this Issue, if *pari passu* security is sought to be created. However, exclusive charge by way of hypothecation of identified book debts of the Company is being provided as security for this Issue and these assets have no prior charge by any creditor of our Company.

Security

The principal amount of the NCDs to be issued in terms of this Draft Prospectus together with all interest due and payable on the NCDs, subject to any obligations under applicable statutory and/or regulatory requirements shall be secured by way of an exclusive charge by way of hypothecation of identified book debts of the Company, with security cover of 110%, of the outstanding principal amounts of NCDs and all interest due and payable thereon in respect of the NCDs maintained at all times as security until the Maturity Date, created in favour of the Debenture Trustee, as specifically set out in and fully described in the Debenture Trust Deed. The security shall be created prior to the listing of the NCDs with the stock exchanges.

Further, NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and RoC or Central Registry of Securitisation Asset Reconstruction and Security Interest (“CERSAI”) or Depository etc., as applicable, or is independently verifiable by the Debenture Trustee

In terms of the SEBI Operational Circular for Debenture Trustees, our Company has entered into the Debenture Trustee Agreement with the Debenture Trustee and proposes to complete the execution of the Debenture Trust Deed before making the application for listing of the NCDs for the benefit of the NCD Holders, the terms of which shall govern the appointment of the Debenture Trustee and the issue of the NCDs.

Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the NCD Holders, the principal amount on the NCDs on the relevant redemption date and also that it will pay the interest due on NCDs on the rate specified in the Prospectus and in the Debenture Trust Deed.

The Debenture Trust Deed will also provide that our Company may withdraw any portion of the security and replace with another asset of the same or higher value ensuring the minimum security cover is maintained till the Final Settlement Date of the NCDs.

Without prejudice to the aforesaid, in the event our Company fails to execute the Debenture Trust Deed within the period specified in Regulation 18(1) of the SEBI NCS Regulations (i.e., prior to the filing of the application for listing the NCDs with the RoC, Stock Exchanges and SEBI) or such other time frame as may be stipulated from time-to-time, our Company shall also pay interest of at least 2% (two per cent) per annum to the NCD holders, over and above the interest rate on the NCDs specified in the Prospectus, till the execution of the Debenture Trust Deed and in accordance with applicable laws.

Debenture Redemption Reserve

In accordance with the Companies Act, 2013, and the Companies (Share Capital and Debentures) Rules 2014, read with Rule 16 of the SEBI NCS Regulations, any non-banking finance company registered with Reserve Bank of India under section 45- IA of the RBI Act, 1934 ("NBFCs") that intends to issue debentures to the public are no longer required to create a DRR for the purpose of redemption of debentures. The Government, in the union budget for the Financial Year 2019-2020 had announced that NBFCs raising funds in public issues would be exempt from the requirement of creating a DRR.

Pursuant to the Companies (Share Capital and Debentures) Rules, 2014, notified on August 16, 2019, and as on the date of filing this Draft Prospectus, our Company is not required to create DRR for the purpose of redemption of the NCDs. Accordingly, no debenture redemption reserve shall be created by our Company for the purpose of redemption of the NCDs or in connection with the Issue. The Company shall, as per the Companies (Share Capital and Debentures) Rules 2014 and other laws applicable from time to time, invest or deposit, as the case may be, the applicable amounts, within the specified timelines, in respect of debentures maturing during the year ending on the 31st day of March of the next year, in any one or more methods of investments or deposits stipulated under the applicable law. Provided that the amount remaining invested or deposited, as the case may be, shall not at any time fall below the specified percentage, which is presently stipulated at 15% (fifteen percent) of the amount of the debentures maturing during the year ending on March 31 of the next year, in any of the following instruments or such other instruments as may be permitted under the applicable laws.

1. in deposits with any scheduled bank, free from any charge or lien;
2. in unencumbered securities of the Central Government or any State Government;
3. in unencumbered securities mentioned in sub-clause (a) to (d) and (ee) of section 20 of the Indian Trusts Act, 1882;
4. in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882:

Provided further that the amount invested or deposited as above shall not be used for any purpose other than for redemption of debentures maturing during the year referred above.

Face Value

The face value of each of the NCDs shall be ₹ 1,000.

NCD Holder not a shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent as may be prescribed under the Companies Act, 2013, and the rules prescribed thereunder the SEBI LODR Regulations and any other applicable law.

Rights of the NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided in the Companies Act, 2013, our Memorandum and Articles of Association and/or the Debenture Trust Deed confer upon the NCD Holders thereof any rights or privileges available to our members/shareholders including, without limitation, the right to receive notices, or to attend and/or vote, at any general meeting of our Company's members/shareholders. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members /shareholders of our Company, the said resolution will first be placed before the concerned registered NCD Holders for their consideration. In terms of Section 136 of the Companies Act, 2013, the NCD Holders shall be entitled to inspect a copy of the financial statements including consolidated financial statements, if any, auditor's report and every other document required by law to be annexed or attached to the financial statements, and copy of the Debenture Trust Deed at the Registered Office of our Company during business hours on a specific request made to the Company.

2. Subject to applicable statutory/ regulatory requirements and terms of Debenture Trust Deed, including requirements of the RBI, the rights, privileges and conditions attached to the NCDs may be varied, modified and/or abrogated with the consent in writing of the holders of at least three-fourths of the outstanding amount of the NCDs or with the sanction of a special resolution passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.
3. Subject to applicable statutory/ regulatory requirements and terms of Debenture Trust Deed, in case of NCDs held in (i) dematerialised form, the person for the time being appearing in the register of beneficial owners of the Depositories; and (ii) physical form on account of re-materialization, the registered NCD Holders or in case of joint-holders, the one whose name stands first in the register of debenture holders shall be entitled to vote in respect of such NCDs, either in person or by proxy, at any meeting of the concerned NCD Holders and every such NCD Holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by him/her.
4. The NCDs are subject to the provisions of the SEBI NCS Regulations and the SEBI Operational Circular, provisions of the Companies Act, 2013, our Memorandum and Articles of Association, the terms of this Draft Prospectus the Prospectus, the terms and conditions of the Debenture Trust Deed, requirements of the RBI, other applicable statutory and/or regulatory requirements relating to this issue and listing, of securities and any other documents that may be executed in connection with the NCDs.
5. Subject to SEBI circular, SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022, for NCDs in physical form on account of re-materialization, a register of debenture holders will be maintained in accordance with Section 88 and Section 94 of the Companies Act, 2013 and all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the registered holder thereof for the time being or in the case of joint-holders, to the person whose name stands first in the register of debenture holders as on the Record Date. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depositories. In terms of Section 88(3) of the Companies Act, 2013, the register of beneficial owners maintained by a Depository for any NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a register of debenture holders for this purpose. The same shall be maintained at the Registered Office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD Holders as given thereunder.
6. Subject to compliance with RBI, NCDs can be rolled over only with the consent of the NCD Holders of at least 75% of the outstanding amount of the NCDs after providing at least 15 days prior notice for such roll over and in accordance with the SEBI NCS Regulations. Our Company shall redeem the debt securities of all the debt securities holders, who have not given their positive consent to the roll-over.

The aforementioned rights of the NCD Holders are merely indicative. The final rights of the NCD Holders will be as per the terms of this Draft Prospectus and the Debenture Trust Deed.

Trustees for the NCD holders

We have appointed Catalyst Trusteeship Limited to act as the Debenture Trustee for the NCD Holder(s) in terms of Regulation 8 of the SEBI NCS Regulations and Section 71(5) of the Companies Act, 2013 and the rules prescribed thereunder. Our Company and the Debenture Trustee and we will execute a Debenture Trust Deed, *inter alia*, specifying the powers, authorities and obligations of the Debenture Trustee and us with respect to NCDs. The NCD Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorised officials to do all such acts, deeds, matters and things in respect of or relating to the NCDs as the Debenture Trustee may in its absolute discretion deem necessary or require to be done in the interest of the NCD Holder(s). Any payment made by us to the Debenture Trustee on behalf of the NCD Holder(s) shall discharge us *pro tanto* to the NCD Holder(s).

Any event of default shall be called by the Debenture Trustee, upon request in writing of or by way of resolution passed by holders of 75% (seventy five percent) of the outstanding nominal value of all NCDs at any point of time, as set out in the Debenture Trust Deed, except for any default relating to points i, ii and iii under the "Indicative list of Events of Default" given above, where no such consent/ resolution of NCD holders will be required for calling of event of default.

Subject to the approval of the debenture holders and the conditions as may be specified by the SEBI from time to time, the Debenture Trustee, on behalf of the debenture holders, may enter into inter-creditor agreements provided under the framework specified by the Reserve Bank of India.

In accordance with the SEBI Operational Circular for Debenture Trustees issued by SEBI on "Standardisation of procedure to be followed by Debenture Trustee(s) in case of 'Default' by Issuers of listed debt securities, post the occurrence of a "default", the consent of the NCD Holders for entering into an inter-creditor agreement (the "ICA") /enforcement of security shall be sought by the debenture trustee after providing a notice to the investors in the manner stipulated under applicable law.

Further, the meeting of the NCD Holders shall be held within the period stipulated under applicable law. In case(s) where majority of investors express their consent to enter into the ICA, the debenture trustee shall enter into the ICA on behalf of the investors upon compliance with the conditions as stipulated in the abovementioned circular. In case consents are not received for signing the ICA, the debenture trustee shall take further action, if any, as per the decision taken in the meeting of the investors. The consent of the majority of investors shall mean the approval of not less than 75% of the investors by value of the outstanding debt and 60% of the investors by number at the ISIN level.

Regulation 51 read with the Explanation to Clause A (11) in Part B of Schedule III of the SEBI Listing Regulations, defines 'default' as non-payment of interest or principal amount in full on the pre-agreed date which shall be recognized at the first instance of delay in the servicing of any interest or principal on debt.

It is hereby confirmed, in case of an occurrence of a "default", the Debenture Trustee shall abide and comply with the procedures mentioned in the SEBI Operational Circular for Debenture Trustees.

Minimum Subscription

In terms of the SEBI NCS Regulations for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue Size being ₹ 1,875 million. If our Company does not receive the minimum subscription of 75% of the Base Issue Size being ₹ 1,875 million, prior to the Issue Closing Date, the entire Application Amount shall be unblocked in the relevant ASBA Accounts of the Applicants within eight Working Days from the Issue Closing Date. In the event the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Account(s) of the Applicants within six Working Days from the Issue Closing Date. In the event there is delay in unblocking of funds/refunds, our Company shall be liable to repay the money, with interest at the rate of 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard included in the SEBI Operational Circular.

Market Lot and Trading Lot

The NCDs shall be allotted in dematerialized form. As per the SEBI NCS Regulations, the trading of the NCDs is in dematerialised form and the tradable lot is one NCD.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable interest for such NCDs) prior to redemption of the NCDs.

Allotment in this Issue will be in electronic form multiples of one NCD. For further details of Allotment, see the "Issue Procedure" beginning on page 227.

Nomination facility to NCD Holders

In accordance with Section 72 of the Companies Act, 2013 (read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, the sole NCD Holder or first NCD Holder, along with other joint NCD Holders (being individual(s) may nominate in form no SH. 13 any one person (being an individual) who, in the event of death of the sole holder or all the joint-holders, as the case may be, shall become entitled to the NCDs. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate in form no SH. 13 any person as nominee. A person, being a nominee, becoming entitled to the NCDs by reason of the death of the original NCD Holder(s), will in accordance with Rule 19 and Section 56 of Companies Act 2013 shall be entitled to the same rights to which he would be entitled if he were the registered holder of the NCD subject to compliance with applicable law. Where the nominee is a minor, the NCD Holder(s) may make a nomination to appoint, in the prescribed manner, and in Form No SH. 14, any person to become entitled to the NCDs, in the event of his death, during the minority. A nomination shall stand rescinded upon sale/transfer/alienation of the NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. When the NCDs are held by two or more persons, the nominee shall become entitled to receive the amount only on the demise of all such NCD Holders. Fresh nominations can be made only in the prescribed form available on request at our Registered/Corporate Office, at such other addresses as may be notified by us, or at the office of the Registrar to the Issue or the transfer agent.

NCD Holders are advised to provide the specimen signature of the nominee to enable us to expedite the transmission of the NCDs to the nominee in the event of demise of the NCD Holders. The signature can be provided in the Application Form or

subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with the Section 72 read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, any person who becomes a nominee by virtue of the above said Section, shall upon the production of such evidence as may be required by our Board, elect either:

- (a) To register himself or herself as the holder of the NCDs; or
- (b) To make such transfer of the NCDs, as the deceased holder could have done.

A person, being a nominee, becoming entitled to NCDs by reason of the death of the holder shall be entitled to the same interests and other advantages to which he would have been entitled to if he were the registered holder of the NCDs except that he shall not, before being registered as a holder in respect of such NCDs, be entitled in respect of these NCDs to exercise any right conferred. Further, our Board of Directors may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, our Board of Directors may thereafter withhold payment of all interests or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

NCD Holders who are holding NCDs in dematerialised form need not make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the NCD Holder will prevail. If the NCD Holders require to changing their nominations, they are requested to inform their respective Depository Participant.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the Secured NCD Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

Since the allotment of Secured NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of the Companies Act, 2013. The NCDs shall be transferred subject to and in accordance with the rules/procedures as prescribed by the Depositories and the relevant DPs of the transferor or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar. The seller should give delivery instructions containing details of the buyer's DP account to his depository participant.

For further details, see "*Issue Structure*" beginning on page 221, for the implications on the interest applicable to NCDs held by individual NCD Holders on the Record Date and NCDs held by non-individual NCD Holders on the Record Date.

NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred. Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialized form only. The procedure for transmission of securities has been further simplified vide the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2022 Gazette Notification no. SEBI/LAD-NRO/GN/2022/80 dated April 25th, 2022.

Title

In case of:

- NCDs held in the dematerialised form, the person for the time being appearing in the register of beneficial owners maintained by the Depositories; and

- the NCDs held in physical form pursuant to rematerialization, the person for the time being appearing in the register of NCD Holders shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person, as the holder thereof and its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the consolidated NCD certificates issued in respect of the NCDs and no person will be liable for so treating the NCD holder.

No transfer of title of an NCD will be valid unless and until entered on the register of NCD holders or the register of beneficial owners maintained by the Depositories prior to the Record Date. In the absence of transfer being registered, interest and/or maturity amount, as the case may be, will be paid to the person, whose name appears first in the register of the NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company and the relevant provisions of the Companies Act, 2013, shall apply, *mutatis mutandis* (to the extent applicable) to the NCD(s) as well.

Succession

Where NCDs are held in joint names and one of the joint NCD Holder dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the NCDs. In the event of demise of the sole or first holder of the NCDs, our Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the NCDs only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. Our Board of Directors or any other person authorised by our Board of Directors in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation. In case of death of NCD Holders who are holding NCDs in dematerialised form, third person is not required to approach our Company to register his name as successor of the deceased NCD Holder. The successor of the deceased NCD Holder shall approach the respective Depository Participant for this purpose and submit necessary documents as required by the Depository Participant.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the legacy cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint-holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles of Association.

Procedure for re-materialisation of NCDs

Subject to SEBI circular SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022 dated January 25, 2022, NCD Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. Holders of NCDs who propose to rematerialise their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to the Company and the DP. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.

Pursuant to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred, from December 4, 2018. However, any trading of the NCDs issued pursuant to the Issue shall be compulsorily in dematerialized form only.

Register of NCD Holders

No transfer of title of a NCD will be valid unless and until entered on the Register of NCD Holders (for re materialized NCDs) or the register and index of NCD Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Redemption Amount, as the case may be, will be paid to the person, whose name appears first in the Register of NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be as on the Record Date. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company, SEBI Listing Regulations and the Companies Act shall apply, mutatis mutandis (to the extent applicable) to the NCDs as well.

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs allotted pursuant to this Issue. Pursuant to the SEBI LODR IV Amendment and SEBI circular SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022 dated January 25, 2022, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred, from December 4, 2018. However, any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

under the Issue. Application Forms will only be accepted on Working Days during the Issue Period. Neither our Company, nor the Lead Manager or Trading Members of the Stock Exchanges are liable for any failure in uploading the Applications due to failure in any software/hardware systems or otherwise. Please note that the Basis of Allotment under the Issue will be on the basis of date of upload of each application into the electronic book of the Stock Exchanges in accordance with the SEBI Operational Circular. However, from the date of oversubscription and thereafter, the allotments will be made to the applicants on proportionate basis.

Taxation

Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than 5,000 and interest is paid by way of account payee cheque).

Further, Tax will be deducted at source at reduced rate, or no tax will be deducted at source in the following cases:

- (e) When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company before the prescribed date of closure of books for payment of debenture interest;
- (f) When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be NIL. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of 236 Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;
- (g) Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be NIL; and
- (h) h) In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act. Form No.15G with PAN / Form No.15H with PAN / Certificate issued u/s 197(1) has to be filed with the Company before the prescribed date of closure of books for payment of debenture interest without any withholding tax.

In case of NCDs held in physical form, as per the current provisions of the IT Act, tax will not be deducted at source from interest payable on such NCDs held by the investor, if such interest does not exceed ₹ 5,000 in any Fiscal. If interest exceeds the prescribed limit of ₹ 5,000 on account of interest on the NCDs, then the tax will be deducted at applicable rate. However in case of NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all applicants (including companies and firms) by making an application in the prescribed form i.e. Form No.13. The aforesaid documents, as may be applicable, should be submitted at the office of the Registrar to the Issue quoting the name of the sole/ first NCD Holder, NCD folio number and the distinctive number(s) of the NCD held, at least seven days prior to the Record Date to ensure non-deduction/lower deduction of tax at source from interest on the NCD. The investors need to submit Form 15H/ 15G/certificate in original with the Assessing Officer for each Fiscal during the currency of the NCD to ensure non-deduction or lower deduction of tax at source from interest on the NCD.

Tax exemption certificate/document, if any, must be lodged at the office of the Registrar to the Issue at least seven days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company's books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

Please also see, "Statement of Possible Tax Benefits" on page 75.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Draft Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date as stated in the section titled "Issue Procedure" on page 227, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Draft Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Payment of Interest

Amount of interest payable shall be rounded off to the nearest Rupee. In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50 then the amount shall be rounded off to ₹ 1,838. If the date of payment of interest does not fall on a Working Day, then the interest payment will be made on succeeding Working Day, however the calculation for payment of interest will be only till the originally stipulated Interest Payment Date. The dates of the future interest payments would be as per the originally stipulated schedule. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Redemption Date (also being the last Interest Payment Date) does not fall on a Working Day, the payment will be made on the immediately preceding Working Day, along with coupon/interest on the NCDs until but excluding the date of such payment. The interest/redemption payments shall be made only on the days when the money market is functioning in Mumbai.

Interest/Premium and Payment of Interest/ Premium

Interest/ Coupon on NCDs

As specified in the Prospectus.

Basis of payment of Interest

The Tenor, Coupon Rate / Yield and Redemption Amount applicable for each Series of NCDs shall be determined at the time of Allotment of NCDs pursuant to the Prospectus. NCDs once allotted under any particular Series of NCDs shall continue to bear the applicable Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of NCD Holder on any Record Date, and such tenor, coupon/ yield and redemption amount as at the time of original allotment will not be impacted by trading of any series of NCDs between the categories of persons or entities in the secondary market.

Mode of payment of Interest to NCD Holders

Payment of interest will be made (i) in case of NCDs in dematerialised form, the persons who, for the time being appear in the register of beneficial owners of the NCDs as per the Depositories, as on the Record Date and (ii) in case of NCDs in physical form on account of re-materialization, to the persons whose names appear in the register of debenture holders maintained by us (or to first holder in case of joint-holders) as on the Record Date.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the NCD Holders. In such cases, interest, on the interest payment date, would be directly credited to the account of those investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to effect payments to NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI. For further details, see the "Terms of the Issue - Manner of Payment of Interest / Refund / Redemption" beginning on page 203.

Maturity and Redemption

As specified in the Prospectus.

Put / Call Option

As specified in the Prospectus.

Deemed Date of Allotment

The date on which the Board of Directors or Debenture Committee authorised by the Board approves the Allotment of the NCDs for the Issue or such date as may be determined by the Board of Directors/ or the Debenture Committee authorised by the Board thereof and notified to the Designated Stock Exchange. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs shall be available to the Debenture Holders from the Deemed Date of Allotment.

Application in the Issue

NCDs being issued through this Draft Prospectus can be applied for, through a valid Application Form filled in by the applicant along with attachments, as applicable. Further, Applications in this Issue shall be made through the ASBA facility only.

In terms of Regulation 7 of SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

However, in the terms of Section 8(1) of the Depositories Act, but subject to SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 ("SEBI LODR IV Amendment") and SEBI circular SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022 dated January 25, 2022, our Company at the request of the Investors who wish to hold the NCDs in physical form will rematerialise the NCDs. However, trading of the NCDs shall be compulsorily in dematerialised form only.

Application Size

Each application should be for a minimum of 10 NCDs across all series collectively and multiples of 1 NCD thereafter (for all series of NCDs taken individually or collectively). The minimum application size for each application for NCDs would be ₹10,000 across all series collectively and in multiples of ₹1,000 thereafter. Applicants can apply for any or all series of NCDs offered hereunder provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price of ₹1,000 per NCD, is blocked in the ASBA Account on application itself. In case of allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall unblock the excess amount paid on application to the applicant in accordance with the terms of the Prospectus.

Record Date

The date for payment of interest in connection with the NCDs or repayment of principal in connection therewith which shall be 15 days prior to the date of payment of interest, and/or the date of redemption under the Prospectus. In case the Record Date falls on a day when the Stock Exchanges are having a trading holiday, the immediate subsequent trading day or a date notified by our Company to the Stock Exchanges, will be deemed as the Record Date Provided that trading in the NCDs shall remain suspended between the aforementioned Record Date in connection with redemption of NCDs and the date of redemption or as prescribed by the Stock Exchanges, as the case may be.

Manner of Payment of Interest / Refund / Redemption*

The manner of payment of interest / refund / redemption in connection with the NCDs is set out below*:

The bank details will be obtained from the Depositories for payment of Interest / refund / redemption as the case may be. Applicants who are holding the NCDs in electronic form, are advised to immediately update their bank account details as appearing on the records of the depository participant. Neither the Lead Manager, nor our Company, nor the Registrar to the Issue shall have any responsibility and undertake any liability arising from such details not being up to date.

In case of NCDs held in physical form, on account of rematerialisation, the bank details will be obtained from the documents submitted to the Company along with the rematerialisation request. For further details, please see “Terms of the Issue – Procedure for Re-materialization of NCDs” on page 203.

The Registrar to the Issue will issue requisite instructions to the relevant SCSBs to un-block amounts in the ASBA Accounts of the Applicants representing the amounts to unblocked for the Applicants.

**In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50 then the amount shall be rounded off to ₹ 1,838.*

The mode of interest / refund / redemption payments shall be undertaken in the following order of preference:

1. **Direct Credit**

Investors having their bank account with the Refund Bank, shall be eligible to receive refunds, if any, through direct credit. The refund amount, if any, would be credited directly to their bank account with the Refund Bank.

2. **NACH**

National Automated Clearing House which is a consolidated system of ECS. Payment would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (“MICR”) code wherever applicable from the depository. Payments through NACH are mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get payments through NEFT or Direct Credit or RTGS.

3. **RTGS**

Applicants having a bank account with a participating bank and whose interest payment/ refund/ redemption amounts exceed ₹ 200,000, or such amount as may be fixed by RBI from time to time, have the option to receive payments through RTGS. Such eligible Applicants who indicate their preference to receive interest payment/ refund/ redemption through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the Issue at least seven days prior to the Record Date. Charges, if any, levied by the Applicant’s bank receiving the credit would be borne by the Applicant. In the event the same is not provided, interest payment/ refund/ redemption shall be made through NACH subject to availability of complete bank account details for the same as stated above.

4. **NEFT**

Payment of interest/ refunds/ redemption shall be undertaken through NEFT wherever the Applicants’ banks have been assigned the Indian Financial System Code (“IFSC”), which can be linked to a MICR, if any, available to that particular bank branch. The IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine digit MICR number and their bank account number while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of interest/ refund/ redemption will be made to the applicants through this method.

5. **Registered Post/Speed Post**

For all other applicants, including those who have not updated their bank particulars with the MICR code, the interest payment / refund / redemption orders shall be dispatched through speed post/ registered post.

Please note that applicants are eligible to receive payments through the modes detailed in (1), (2) (3), and (4) herein above provided they provide necessary information for the above modes and where such payment facilities are allowed / available.

Please note that our Company shall not be responsible to the holder of NCDs, for any delay in receiving credit of interest / refund / redemption so long as our Company has initiated the process of such request in time.

6. The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date

Printing of bank particulars on interest / redemption warrants

As a matter of precaution against possible fraudulent encashment of refund orders and interest/ redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the orders/ warrants. In relation to NCDs applied and held in dematerialized form, these particulars would be taken directly from the Depositories. In case of NCDs held in physical form on account of rematerialisation, the NCD Holders are advised to submit their bank account details with our Company/ Registrar to the Issue at least seven days prior to the Record Date failing which the orders/ warrants will be dispatched to the postal address of the NCD Holders as available in the records of our Company either through speed post, registered post.

Bank account particulars will be printed on the orders/ warrants which can then be deposited only in the account specified.

Loan against NCDs

Pursuant to RBI Circular dated June 27, 2013, our Company, being an NBFC, is not permitted to extend any loans against the security of its NCDs.

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buy-back the NCDs, upon such terms and conditions as may be decided by our Company.

Our Company may from time to time invite the NCD Holders to offer the NCDs held by them through one or more buy-back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements. Such NCDs which are bought back may be extinguished, re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Form of allotment and Denomination of NCDs

In case of Secured NCDs held in physical form on account of rematerialisation, a single certificate will be issued to the Secured NCD Holder for the aggregate amount of the Secured NCDs held ("**Consolidated Certificate**"). The Applicant can also request for the issue of Secured NCD certificates in denomination of one NCD ("**Market Lot**"). In case of NCDs held under different Options, as specified in the Prospectus, by a Secured NCD Holder, separate Consolidated Certificates will be issued to the NCD Holder for the aggregate amount of the Secured NCDs held under each Option. It is however distinctly to be understood that the Secured NCDs pursuant to this issue shall be traded only in demat form.

In respect of Consolidated Certificates, we will, only upon receipt of a request from the Secured NCD Holder, split such Consolidated Certificates into smaller denominations subject to the minimum of Market Lot. No fees would

be charged for splitting of Secured NCD certificates in Market Lots, but stamp duty payable, if any, would be borne by the Secured NCD Holder. The request for splitting should be accompanied by the original NCD certificate which would then be treated as cancelled by us. As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchanges shall be in dematerialized form only in multiples of 1 (one) NCD ("**Market Lot**"). Allotment in this Issue to all Allottees, will be in electronic form i.e., in dematerialised form and in multiples of one NCD. For details of allotment see "*Issue Procedure*" beginning on page 227 of this Draft Prospectus.

Procedure for Redemption by NCD holders

The procedure for redemption is set out below:

NCDs held in physical form on account of rematerialisation of NCDs

No action would ordinarily be required on the part of the NCD Holder at the time of redemption and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. However, our Company may require that the NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the NCD certificates) be surrendered for redemption on maturity and should be sent by the NCD Holders by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. NCD Holders may be requested to surrender the NCD certificates in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment. We may at our discretion redeem the Secured NCDs without the requirement of surrendering of the NCD certificates by the holder(s) thereof. In case we decide to do so, the holders of NCDs need not submit the NCD certificates to us and the redemption proceeds would be paid to those NCD holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of redemption of NCDs. In such case, the Secured NCD certificates would be deemed to have been cancelled. Also see the para "*Payment on Redemption*" given below.

Secured NCDs held in electronic form

No action is required on the part of Secured NCD holder(s) at the time of redemption of NCDs.

Payment on Redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of rematerialisation

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificates, duly discharged by the sole holder/ all the joint-holders (signed on the reverse of the NCD certificates). Dispatch of cheques/ pay orders, etc. in respect of such payment will be made on the redemption date or (if so requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. Hence the transferees, if any, should ensure lodgment of the transfer documents with us at least seven days prior to the Record Date. In case the transfer documents are not lodged with us at least 7 days prior to the Record Date and we dispatch the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties inter se and no claim or action shall lie against us or the Registrar to the Issue.

Our liability to NCD Holders towards their rights including for payment or otherwise shall stand extinguished from the redemption in all events and when we dispatch the redemption amounts to the NCD Holders.

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCDs.

NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque/ pay order/ electronic mode to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of NCD Holders.

Our liability to NCD Holders towards his/their rights including for payment/ redemption in all events shall end when we dispatch the redemption amounts to the NCD Holders.

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCDs.

Right to reissue NCD(s)

Subject to the provisions of the Companies Act, 2013, as applicable, on the date of this Draft Prospectus, where we have fully redeemed or repurchased any NCDs, we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or re-issue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or re-issuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Transfer/ Transmission of NCDs

For NCDs held in physical form on account of rematerialisation

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of Companies Act, 2013 applicable as on the date of this Draft Prospectus and all other applicable laws. The provisions relating to transfer and transmission and other related matters in respect of our shares contained in the Articles and the relevant provisions of the Companies Act, 2013 applicable as on the date of this Draft Prospectus, and all applicable laws including FEMA and the rules and regulations thereunder, shall apply, *mutatis mutandis* (to the extent applicable to debentures) to the NCDs as well. In respect of the NCDs held in physical form on account of rematerialisation, a common form of transfer shall be used for the same. The NCDs held in dematerialised form shall be transferred subject to and in accordance with the rules/ procedures as prescribed by NSDL/CDSL and the relevant Depository Participants of the transferor and the transferee and any other applicable laws and rules notified in respect thereof. The transferees should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, interest will be paid/ redemption will be made to the person, whose name appears in the register of debenture holders or the records as maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferors and not with the Issuer or Registrar.

For NCDs held in electronic form

The normal procedure followed for transfer of securities held in dematerialised form shall be followed for transfer of the NCDs held in electronic form. The seller should give delivery instructions containing details of the buyer's Depository Participant account to his depository participant.

In case the transferee does not have a Depository Participant account, the transferor can rematerialise the NCDs and thereby convert his dematerialised holding into physical holding. Thereafter these NCDs can be transferred in the manner as stated above for transfer of NCDs held in physical form.

Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

Common form of transfer

Our Company undertakes that there shall be a common form of transfer for the NCDs and the provisions of the Companies Act, 2013 and all applicable laws including the FEMA and the rules and regulations thereunder shall be duly complied with in respect of all transfer of debentures and registration thereof.

Sharing of information

We may, at our option, use on our own, as well as exchange, share or part with any financial or other information about the NCD Holders available with us, with our subsidiary, if any and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the NCD Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper at the place where the registered office of the Company is situated and/or will be sent by post/ courier or through email or other electronic media to the Registered Holders of the NCD(s) from time to time.

Issue of duplicate NCD certificate(s)

If NCD certificate(s), issued pursuant to rematerialisation, is/ are mutilated or defaced or the cages for recording transfers of NCDs are fully utilised, the same may be replaced by us against the surrender of such certificate(s). Provided, where the NCD certificate(s) are mutilated or defaced, the same will be replaced as aforesaid only if the certificate numbers and the distinctive numbers are legible.

If any NCD certificate is destroyed, stolen or lost then upon production of proof thereof to our satisfaction and upon furnishing such indemnity/ security and/or documents as we may deem adequate, duplicate NCD certificates shall be issued. Upon issuance of a duplicate NCD certificate, the original NCD certificate shall stand cancelled.

Lien

As per the RBI circular dated June 27, 2013, the Company is not permitted to extend loans against the security of its debentures issued by way of private placement or public issues. The Company shall have the right of set-off and lien, present as well as future on the moneys due and payable to the NCD holders or deposits held in the account of the NCD holders, whether in single name or joint name, to the extent of all outstanding dues by the NCD holders to the Company, subject to applicable law.

Lien on pledge of NCDs

Our Company may, at its discretion, note a lien on pledge of NCDs if such pledge of NCD is accepted by any bank/institution or any other person for any loan provided to the NCD Holder against pledge of such NCDs as part of the funding, subject to applicable law.

Future Borrowings

We shall be entitled to make further issue of secured or unsecured debentures and/or raise term loans or raise further funds from time to time from any persons, banks, financial institutions or bodies corporate or any other agency by creating a charge on any assets, (a) subject to such consents and approvals and other conditions, as may be required under applicable law or existing financing agreements, including any intimation, if applicable under the Transaction Documents, (b) provided the stipulated security cover for the Issue is maintained and compliance with other terms of the Transaction Documents.

Illustration for guidance in respect of the day count convention and effect of holidays on payments.

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI Operational Circular will be as disclosed in the Prospectus.

Payment of Interest

If Allotment is not made within the prescribed time period under applicable law, the entire subscription amount will be unblocked within the time prescribed under applicable law, failing which interest may be due to be paid to the Applicants, for the delayed period, as prescribed in applicable law. Our Company shall not be liable to pay any interest on monies liable to be refunded in case of (a) invalid applications or applications liable to be rejected, (b) applications which are withdrawn by the Applicant and/or (c) monies paid in excess of the amount of NCDs applied for in the Application Form. For further details, see "*Issue Procedure - Rejection of Applications*" beginning on page 227.

Listing

The NCDs proposed to be offered in pursuance of this Draft Prospectus will be listed on the BSE and NSE. Our Company has received an 'in-principle' approval from BSE by way of its letter bearing reference number [●] dated [●] and from NSE by way of its letter bearing reference number [●] dated [●]. The application for listing of the NCDs will be made to the Stock Exchanges at an appropriate stage. For the purposes of the Issue, BSE shall be the Designated Stock Exchange.

If permissions to deal in and for an official quotation of our NCDs are not granted by the Stock Exchanges, our Company will forthwith repay, without interest, all moneys received from the Applicants in pursuance of this Draft Prospectus. Our Company shall ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchanges are taken within six Working Days from the Issue Closing Date. For the avoidance of doubt, it is hereby clarified that in the event of non-subscription to any one or more of the series, such series(s) of NCDs shall not be listed.

Guarantee/Letter of comfort

This Issue is not backed by a guarantee or letter of comfort or any other document and/or letter with similar intent.

Monitoring and Reporting of Utilisation of Issue Proceeds

There is no requirement for appointment of a monitoring agency in terms of the SEBI NCS Regulations. Our Board shall monitor the utilisation of the proceeds of the Issue. For the relevant quarters, our Company will disclose in our quarterly financial statements, the utilisation of the net proceeds of the Issue under a separate head along with details, if any, in relation to all such proceeds of the Issue that have not been utilised thereby also indicating investments, if any, of such unutilised proceeds of the Issue.

Pre-Issue Advertisement

Subject to Regulation 30(1) of SEBI NCS Regulations, our Company will issue a statutory advertisement on or before the Issue Opening Date. This advertisement will contain the information as prescribed in Schedule V of SEBI NCS Regulations in compliance with Section 30 of Companies Act, 2013. Material updates, if any, between the date of filing of this Draft Prospectus and the Prospectus with RoC and the date of release of the statutory advertisement will be included in the statutory advertisement information as prescribed under SEBI NCS Regulations.

Pre-closure

Our Company, in consultation with the Lead Manager reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription or as may be specified in the Prospectus. Our Company shall allot NCDs with respect to the Applications received until the time of such pre-closure in accordance with the Basis of Allotment as described herein and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of the Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure or the Issue Closing Date, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement has been given.

Recovery Expense Fund

Our Company has created a recovery expense fund in the manner as specified by SEBI in circular no. SEBI/HO/DDHS/P/CIR/2023/50 titled “Operational Circular for Debenture Trustees” dated March 31, 2023 as amended from time to time and Regulation 11 of the SEBI NCS Regulations with the Designated Stock Exchange and informed the Debenture Trustee regarding the creation of such fund. The recovery expense fund may be utilised by Debenture Trustee, in the event of default by our Company under the terms of the Debenture Trust Deed, for taking appropriate legal action to enforce the security.

ISSUE PROCEDURE

This section applies to all Applicants. Specific attention of all Applicants is invited to the SEBI Operational Circular, which provides, inter-alia, that for all public issues of debt securities all Applicants are mandatorily required to apply for in the Issue through the ASBA process. ASBA Applicants and Applicants applying through the Direct Online Application Mechanism (as defined hereinafter) should note that the ASBA process and the Direct Online Application Mechanism involve application procedures that are different from the procedure applicable to all other Applicants. Please note that all Applicants are required to pay the full Application Amount or to ensure that the ASBA Account has sufficient credit balance such that the entire Application Amount can be blocked by the SCSB while making an Application. An amount equivalent to the full Application Amount will be blocked by the SCSBs in the relevant ASBA Accounts maintained with the SCSB or under UPI mechanism (only for Retail Individual Investors), as the case may be, in the bank account of the Applicants that is specified in the ASBA Form at the time of the submission of the Application Form. Applicants should note that they may submit their Applications to the Designated Intermediaries.

Applicants should note that they may submit their Applications to the Designated Intermediaries at the Designated CDP Locations or the RTAs at the Designated RTA Locations or designated branches of SCSBs as mentioned on the Application Form. Applicants are advised to make their independent investigations and ensure that their Applications do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable law or as specified in this Draft Prospectus

Please note that this section has been prepared based on the SEBI Operational Circular, as amended from time to time and other related circulars including notifications issued by BSE, in relation to the UPI mechanism. Retail Individual Investors should note that they may use the UPI mechanism to block funds for application value up to UPI Application Limit (to participate in the public issue for an amount up to ₹ 5,00,000 for issue of debt securities pursuant to SEBI circular SEBI/HO/DDHS/P/CIR/2022/0028 dated March 8, 2022, or any other investment limit, as applicable and prescribed by SEBI from time to time) submitted through the app/web interface of the Stock Exchanges or through intermediaries (Syndicate Members, Registered Stockbrokers, Registrar and Transfer agent and Depository Participants).

ASBA Applicants must ensure that their respective ASBA Accounts can be blocked by the SCSBs, in the relevant ASBA accounts for the full Application Amount. Applicants should note that they may submit their Applications to the Designated Intermediaries Locations or the RTAs at the Designated RTA Locations or designated branches of SCSBs as mentioned on the Application Form. Applicants are advised to make their independent investigations and ensure that their Applications do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable law or as specified in this Draft Prospectus.

Specific attention is drawn to the SEBI Operational Circular that provides for allotment in public issues of debt securities to be made on the basis of the date of upload of each application into the electronic book of the Stock Exchanges, as opposed to the date and time of upload of each such application

Our Company and the Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Prospectus. Investors are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws.

Further, the Company and the Lead Manager are not liable for any adverse occurrences consequent to the UPI Mechanism for application in the Issue.

PLEASE NOTE THAT ALL DESIGNATED INTERMEDIARIES WHO WISH TO COLLECT AND UPLOAD APPLICATION IN THIS ISSUE ON THE ELECTRONIC APPLICATION PLATFORM PROVIDED BY THE STOCK EXCHANGES WILL NEED TO APPROACH THE STOCK EXCHANGE(S) AND FOLLOW THE REQUISITE PROCEDURES AS MAY BE PRESCRIBED BY THE STOCK EXCHANGES. THE FOLLOWING SECTION MAY CONSEQUENTLY UNDERGO CHANGE BETWEEN THE DATES OF THE DRAFT PROSPECTUS / PROSPECTUS, THE ISSUE OPENING DATE AND THE ISSUE CLOSING DATE.

THE LEAD MANAGER, THE CONSORTIUM MEMBER AND THE COMPANY SHALL NOT BE RESPONSIBLE OR LIABLE FOR ANY ERRORS OR OMISSIONS ON THE PART OF THE TRADING MEMBERS / DESIGNATED INTERMEDIARIES IN CONNECTION WITH THE RESPONSIBILITY OF SUCH TRADING MEMBERS / DESIGNATED INTERMEDIARIES IN RELATION TO COLLECTION AND UPLOAD OF APPLICATIONS IN THIS ISSUE ON THE ELECTRONIC APPLICATION PLATFORM PROVIDED BY THE STOCK EXCHANGES. FURTHER, THE RELEVANT STOCK EXCHANGE SHALL BE RESPONSIBLE FOR ADDRESSING INVESTOR GRIEVANCES ARISING FROM APPLICATIONS THROUGH TRADING MEMBERS / DESIGNATED INTERMEDIARIES REGISTERED WITH SUCH STOCK EXCHANGE.

Please note that for the purposes of this section, the term “Working Day” shall mean all days on which the commercial banks in Mumbai are open for business, except with reference to the Issue Period, where Working Days shall mean all days, excluding Saturdays, Sundays and public holidays on which commercial banks in Mumbai are open for business.

Furthermore, for the purpose the time period between the bid/ issue closing date and the listing of the NCDs, Working Days shall mean all trading days of the Stock Exchanges excluding Saturdays, Sundays and bank holidays as specified by SEBI.

The information below is given for the benefit of Applicants. Our Company and the Members of the Consortium are not liable for any amendment or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus.

Please note that only ASBA Applicants shall be permitted to make an application for the NCDs.

Method of Application

In terms of SEBI Operational circular, an eligible investor desirous of applying in the Issue can make Applications only through the ASBA process only.

All Applicants shall mandatorily apply in the Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application form to any of the Designated Intermediaries. Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a retail individual investor bidding using the UPI mechanism) to the respective SCSB, where such investor has a bank account and shall not submit it to any non-SCSB bank or any Escrow Bank.

Applicants are requested to note that in terms of the SEBI Operational Circular, SEBI has mandated issuers to provide, through a recognized stock exchange which offers such a facility, an online interface enabling direct application by investors to a public issue of debt securities with an online payment facility (“**Direct Online Application Mechanism**”). In this regard, SEBI has, through the SEBI Operational Circular, directed recognized Stock Exchange in India to put in necessary systems and infrastructure for the implementation of the SEBI Operational Circular and the Direct Online Application Mechanism. The Direct Online Application facility will be available for this Issue as per mechanism provided in the SEBI Operational Circular.

Applicants should submit the Application Form only at the bidding centres, i.e. to the respective Members of the Consortium at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centres, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at <http://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from ASBA Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchanges and submit these Application Forms with the SCSB (except Application Form from RIBs using the UPI Mechanism) with whom the relevant ASBA Accounts are maintained.

For RIBs using UPI Mechanism, the Stock Exchange shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds. An Applicant shall submit the Application Form, in physical form, the Application Form shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

An Applicant shall submit the Application Form, which shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form. Further, the Application may also be submitted through the app or web interface developed by Stock Exchanges wherein the Application is automatically uploaded onto the Stock Exchanges bidding platform and the amount is blocked using the UPI mechanism, as applicable.

Designated Intermediaries (other than SCSBs) shall not accept any Application Form from a RIB who is not applying using the UPI Mechanism. For RIBs using UPI Mechanism, the Stock Exchanges shall share the bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds. An Applicant shall submit the Application Form, in physical form, the Application Form shall be stamped at the relevant Designated Branch of the SCSB. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

Our Company, our Directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to ASBA Applications accepted by the Designated Intermediaries, Applications uploaded by SCSBs, Applications accepted but not uploaded by SCSBs or Applications accepted and uploaded without blocking funds in the ASBA Accounts. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount has been blocked in the relevant ASBA Account. Further, all grievances against Designated Intermediaries in relation to this Issue should be made by Applicants directly to the relevant Stock Exchanges.

In terms of the SEBI Operational Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

1. **Through Self-Certified Syndicate Bank (SCSB) or intermediaries** (viz. Syndicate members, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)
 - a. An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, i.e. investor's bank. For such applications, the existing process of uploading of bid on the Stock Exchanges bidding platform and blocking of funds in investors account by the SCSB would continue.
 - b. An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchanges bidding platform and forward the application form to a branch of a SCSB for blocking of funds.
 - c. An investor may submit the bid-cum-application form with a SCSB or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is Rs.5 lakh or less. The intermediary shall upload the bid on the Stock Exchanges bidding platform. The application amount would be blocked through the UPI mechanism in this case.
2. **Through Stock Exchanges**
 - a. An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchanges (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchanges bidding platform and the amount is blocked using the UPI Mechanism.
 - b. The Stock Exchanges have extended their web-based platforms i.e., 'BSEDirect' and 'NSE goBID' to facilitate investors to apply in public issues of debt securities through the web based platform and mobile app with a facility to block funds through Unified Payments Interface (UPI) mechanism for application value up to Rs. 5 Lakh. To place bid through 'BSEDirect' and 'NSE goBID' platform/ mobile app the eligible investor is required to register himself/ herself with BSE Direct/ NSE goBID.

- c. An investor may use the following links to access the web-based interface developed by the Stock Exchanges to bid using the UPI Mechanism: BSE: <https://www.bsedirect.com>; and NSE: <https://www.nseindiaipo.com>.
- d. The BSE Direct and NSE goBID mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' or 'NSE goBID' on Google Playstore for downloading mobile applications
- e. To further clarify the submission of bids through the App or web interface, the BSE has issued operational guidelines and circulars dated December 28, 2020 available at <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60>, and <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-61>. Similar circulars by NSE can be found here: x <https://www1.nseindia.com/content/circulars/IPO46907.zip> x <https://www1.nseindia.com/content/circulars/IPO46867.zip> Further, NSE has allowed its 'GoBid' mobile application which is currently available for placing bids for non-competitive bidding shall also be available for applications of public issues of debt securities. For further details, see "*Process for investor application submitted with UPI as mode of payment*" on page 246.

Application Size

Each Application should be for a minimum of 10 NCDs and in multiples of one NCD thereafter for all options of NCDs, as specified in the Prospectus.

Applicants can apply for any or all types of NCDs offered hereunder (any/all series) provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

APPLICATIONS FOR ALLOTMENT OF NCDs IN THE DEMATERIALISED FORM

This section is for the information of the Applicants proposing to subscribe to the Issue. The Lead Manager and our Company are not liable for any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus and the Prospectus. Applicants are advised to make their independent investigations and to ensure that the Application Form is correctly filled up.

Our Company, our directors, affiliates, associates and their respective directors and officers, Lead Manager and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications accepted by and/or uploaded by and/or accepted but not uploaded by Consortium Member, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs. It shall be presumed that for Applications uploaded by SCSBs, the Application Amount payable on Application has been blocked in the relevant ASBA Account. The list of branches of the SCSBs at the Specified Locations named by the respective SCSBs to receive Application Forms from the Members of the Syndicate is available on the website of SEBI (<http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>) and updated from time to time or any such other website as may be prescribed by SEBI from time to time. For more information on such branches collecting Application Forms from the Members of the Syndicate at Specified Locations, see the website of the SEBI (<http://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>) as updated from time to time or any such other website as may be prescribed by SEBI from time to time. The list of Registered Brokers at the Broker Centres, CDPs at the Designated CDP Locations or the CRTAs at the Designated CRTA Locations, respective lists of which, including details such as address and telephone number, are available at the websites of the Stock Exchange at www.bseindia.com. The list of branches of the SCSBs at the Broker Centres, named by

the respective SCSBs to receive deposits of the Application Forms from the Registered Brokers will be available on the website of the SEBI (www.sebi.gov.in) and updated from time to time.

Submission of Applications

- a. Applicants can apply for NCDs only using the ASBA facility pursuant to SEBI Operational Circular. ASBA Applications can be submitted through either of the following modes: Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Applicant's bank records, as mentioned in the Application Form, prior to uploading such Application into the electronic system of the Stock Exchanges. If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such Application and shall not upload such Application in the electronic system of the Stock Exchanges. If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the Application in the electronic system of the Stock Exchanges. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application. In case of Application being made in the electronic mode, the Applicant shall submit the Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly registering such Application.
- b. Physically through the Members of Consortium, or Trading Members of the Stock Exchanges only at the Specified Cities, i.e. Syndicate ASBA. Kindly note that ASBA Applications submitted to the Members of Consortium or Trading Members of the Stock Exchanges at the Specified Cities will not be accepted if the SCSB where the ASBA Account, as specified in the ASBA Application, is maintained has not named at least one branch at that Specified City for the Members of Consortium or Trading Members of the Stock Exchanges, as the case may be, to deposit ASBA Applications (A list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>).
- c. A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is up to the UPI Application Limit, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

A UPI Investor may also submit the Application Form for the Issue through BSE Direct, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by the relevant Designated Intermediary, giving the counter foil of the Application Form to the Applicant as proof of having accepted the Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchanges and the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Collection Center, named by such SCSB to accept such Applications from the Designated Intermediaries (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>). Upon receipt of the Application Form, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form. If sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may

be. In case of an Application not involving an Application by an RIB through UPI Mechanism, if sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected. If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form. The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the Issue or until withdrawal/ rejection of the Application Form, as the case may be.

In case of Application involving an Application by an RIB through UPI Mechanism, if an Applicant submits the Application Form with a Designated Intermediary and uses his/ her bank account linked UPI ID for the purpose of blocking of funds, where the application value is up to UPI Application Limit, the Application Amount will be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant and the Designated Intermediary shall upload the Application on the bidding platform developed by the Stock Exchange. If an Applicant submits the Application Form through the application or web interface developed by Stock Exchange, the bid will automatically be uploaded onto the Stock Exchange bidding platform and the amount will be blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Applicants must note that:

- a. Physical Application Forms will be available with the Designated Branches of the SCSBs and with the Designated Intermediaries at the respective Collection Centers; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchanges at least one day prior to the Issue Opening Date. Physical Application Forms will also be provided to the Trading Members of the Stock Exchanges at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that the electronic version of the Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.
- b. The Designated Branches of the SCSBs shall accept Applications directly from Applicants only during the Issue Period. The SCSB shall not accept any Application directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, in case of Syndicate ASBA, the relevant branches of the SCSBs at Specified Cities can accept ASBA Applications from the Lead Manager or Trading Members of the Stock Exchanges, as the case may be, after the closing time of acceptance of Applications on the Issue Closing Date. For further information on the Issue programme, please see section titled “*Issue Structure*”. However, the relevant branches of the SCSBs at Specified Locations can accept Application Forms from the Designated Intermediaries, after the closing time of acceptance of Applications on the Issue Closing Date, if the Applications have been uploaded. For further information on the Issue programme, please refer to “*Issue Structure*” on page 221 of this Draft Prospectus.
- c. In case of Applications through Syndicate ASBA, the physical Application Form shall bear the stamp of the Lead Manager or Consortium Members or Trading Members of the Stock Exchanges, as the case maybe, if not, the same shall be rejected. Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected. Physical Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that ASBA Applicants can make an Application for Allotment of NCDs in the dematerialized form only.

Submission of Direct Online Applications

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchanges.

In the event the Direct Online Application facility is implemented by the Stock Exchanges, relevant “know your customer” details of such Applicants will be validated online from the Depositories, on the basis of the DP ID and Client ID provided by them in the Application Form. On successful submission of a Direct Online Application, the Applicant will receive a system-generated unique application number (“UAN”) and an SMS or an email

confirmation on credit of the requisite Application Amount paid through the online payment facility with the Direct Online Application. On Allotment, the Registrar to the Issue shall credit NCDs to the beneficiary account of the Applicant and in case of refund, the refund amount shall be credited directly to the Applicant's bank account. Applicants applying through the Direct Online Application facility must preserve their UAN and quote their UAN in: (a) any cancellation/withdrawal of their Application; (b) in queries in connection with Allotment of NCDs and/or refund(s); and/or (c) in all investor grievances/complaints in connection with the Issue.

As per the SEBI Operational Circular, the availability of the Direct Online Applications facility is subject to the Stock Exchanges putting in place the necessary systems and infrastructure, and accordingly the aforementioned disclosures are subject to any further clarifications, notification, modification deletion, direction, instructions and/or correspondence that may be issued by the Stock Exchanges and/or SEBI.

Payment instructions

Payment mechanism for Applicants

An Applicant shall specify details of the ASBA Account Number in the Application Form and the relevant SCSB shall block an amount equivalent to the Application Amount in the ASBA Account specified in the Application Form.

An Applicant may submit the completed Application Form to Designated Intermediaries along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Designated Stock Exchanges bidding platform and forward the application form to a branch of a SCSB for blocking of funds.

ASBA Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the ASBA Application to the Members of Consortium or Trading Members of the Stock Exchanges, as the case may be, at the Specified Cities or to the Designated Branches of the SCSBs. An ASBA Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of the relevant Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, and upon receipt of intimation from the Registrar, the controlling branch of the SCSB shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account. The balance amount remaining after the finalization of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB within 5 (five) Working Days of the relevant Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the relevant Issue or until rejection of the ASBA Application, as the case may be. In case of withdrawal/ failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue. An applicant (belonging to Category IV) may also submit the Application Form with a SCSB or the Designated Intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is up to the UPI Application Limit. The intermediary shall upload the bid on the Stock Exchanges bidding platform. The application amount would be blocked through the UPI Mechanism once the mandate request has been successfully accepted by the Applicant in this case.

An Applicant may submit the Application Form through the App or web interface developed by Stock Exchanges wherein the bid is automatically uploaded onto the Stock Exchanges bidding platform and the amount is blocked using the UPI Mechanism once the mandate request has been successfully accepted by the Applicant.

Upon receipt of an intimation from the Registrar to the Issue, the SCSBs shall, on the Designated Date, transfer such blocked amount from the ASBA Account to the Public Issue Account in terms of the Public Issue Account and Sponsor Bank Agreement. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue to the respective SCSB within five Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application, as the case may be.

For ASBA Applications submitted to the Lead Manager or Consortium Members or Trading Members of the Stock Exchanges at the Specified Cities, the ASBA Application will be uploaded onto the electronic system of the Stock Exchanges and deposited with the relevant branch of the SCSB at the Specified City named by such SCSB to accept such ASBA Applications from the Lead Manager or Trading Members of the Stock Exchanges, as the case may be (a list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>). The relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the ASBA Application.

For ASBA Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the ASBA Application, before entering the ASBA Application into the electronic system of the Stock Exchanges. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account.

Payment mechanism for Direct Online Applicants

Please note that clarifications and/or confirmations regarding the implementation of the requisite infrastructure and facilities in relation to direct online applications and online payment facility have been sought from the Stock Exchanges. In the event the Direct Online Application facility is implemented by the Stock Exchanges, relevant “know your customer” details of such Applicants will be validated online from the Depositories, on the basis of the DP ID and Client ID provided by them in the Application Form. On successful submission of a Direct Online Application, the Applicant will receive a system-generated unique application number (“UAN”) and an SMS or an email confirmation on credit of the requisite Application Amount paid through the online payment facility with the Direct Online Application. On Allotment, the Registrar to the Issue shall credit NCDs to the beneficiary account of the Applicant and in case of refund, the refund amount shall be credited directly to the Applicant’s bank account. Applicants applying through the Direct Online Application facility must preserve their UAN and quote their UAN in: (a) any cancellation/withdrawal of their Application; (b) in queries in connection with Allotment of NCDs and/or refund(s); and/or (c) in all investor grievances/complaints in connection with the Issue.

As per the SEBI Operational Circular, the availability of the Direct Online Applications facility is subject to the Stock Exchanges putting in place the necessary systems and infrastructure, and accordingly the aforementioned disclosures are subject to any further clarifications, notification, modification deletion, direction, instructions and/or correspondence that may be issued by the Stock Exchanges and/or SEBI.

Kindly note, the Stock Exchange(s) shall be responsible for addressing investor grievances arising from Applications submitted online through the App based/ web interface platform of Stock Exchanges or through its Trading Members.

Further, the collecting bank shall be responsible for addressing any investor grievances arising from non-confirmation of funds to the Registrar despite successful realization/blocking of funds, or any delay or operational lapse by the collecting bank in sending the Application forms to the Registrar to the Issue.

Applicants are advised not to submit Application Forms to Public Issue Account Banks and the same will be rejected in such cases and the Applicants will not be entitled to any compensation whatsoever.

Filing of the Prospectus with ROC

A copy of the Prospectus shall be filed with the ROC in accordance with Section 26 of the Companies Act, 2013.

General Instructions for completing the Application Form

- a. Applications must be made in prescribed Application Form only;
- b. Applicants should ensure that their Application Form is submitted either at a Designated Branch of a SCSB where the ASBA Account is maintained or with the Members of the Syndicate or Trading Members of the stock exchange(s) at the Specified Cities, and not directly to the escrow collecting banks (assuming that such bank is not a SCSB) or to the Company or the Registrar to the Issue.
- c. Applications through Syndicate ASBA, before submitting the physical Application Form to the Members of the Syndicate or Trading Members of the stock exchange(s), ensure that the SCSB where the ASBA Account, as specified in the ASBA Form, is maintained has named at-least one branch in that Specified City for the Members of the Syndicate or Trading Members of the stock exchange(s), as the case may be, to deposit ASBA Forms (A list of such branches is available at <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>).
- d. Application Forms must be completed in block letters in English, as per the instructions contained in this Draft Prospectus, Prospectus and the Application Form. Applicants should note that the Designated Intermediaries will not be liable for errors in data entry due to incomplete or illegible Application Forms.
- e. Applications should be in single or joint names and not exceeding three names, and in the same order as their Depository Participant details and Applications should be made by Karta in case the Applicant is an HUF. Please ensure that such Applications contain the PAN of the HUF and not of the Karta. If the Application is submitted in joint names, the Application Form should contain only the name of the first Applicant whose name should also appear as the first holder of the depository account held in joint names.
- f. Applicants applying for Allotment in dematerialized form must provide details of valid and active DP ID, Client ID and PAN clearly and without error. On the basis of such Applicant's active DP ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchanges by SCSBs, the Members of the Syndicate at the Syndicate ASBA Application Locations and the Trading Members, as the case may be, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs
- g. Applications must be for a minimum of 10 (Ten) NCDs and in multiples of 1 NCD thereafter. For the purpose of fulfilling the requirement of minimum application size of 10 (Ten) NCDs, an Applicant may choose to apply for 10 (Ten) NCDs or more in a single Application Form.
- h. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
- i. Applications should be made by Karta in case of HUFs. Applicants are required to ensure that the PAN details of the HUF are mentioned and not those of the Karta.
- j. Thumb impressions and signatures other than in English/Hindi/Gujarati/Marathi or any other languages specified in the 8th Schedule of the Constitution of India needs to be attested by a Magistrate or Notary Public or a Special Executive Magistrate under his/her seal;

- k. No separate receipts will be issued for the money payable on the submission of the Application Form. However, the Members of Consortium, Trading Members of the Stock Exchanges or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the Transaction Registration Slip (“TRS”). This TRS will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the Lead Manager, Trading Member of the Stock Exchanges or the Designated Branch of the SCSBs, as the case may be.
- l. The Designated Intermediaries or the Designated Branches of the SCSBs, as the case may be, will acknowledge the receipt of the Application Forms by stamping and returning to the Applicants the acknowledgement slip. This acknowledgement slip will serve as the duplicate of the Application Form for the records of the Applicant. Applicants must ensure that the requisite documents are attached to the Application Form prior to submission and receipt of acknowledgement from the relevant Designated Intermediaries or the Designated Branch of the SCSBs, as the case may be.
- m. Every Applicant should hold a valid PAN and mention the same in the Application Form and submit the same. Applicant without PAN is liable to be rejected, irrespective of the amount
- n. All Applicants are required to tick the relevant column of “Category of Investor” in the Application Form.
- o. Applicants should correctly mention the ASBA Account number and UPI ID in case applying through UPI mechanism, and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and also ensure that the signature in the Application Form matches with the signature in Applicant’s bank records, otherwise the Application is liable to be rejected
- p. Applicants must provide details of valid and active DP ID, UPI ID, Client ID and PAN clearly and without error. On the basis of such Applicant’s active DP ID, UPI ID, Client ID and PAN provided in the Application Form, and as entered into the electronic Application system of Stock Exchanges by SCSBs, the Designated Intermediaries, the Registrar will obtain from the Depository the Demographic Details. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended may not be considered for Allotment of the NCDs. If the ASBA Account holder is different from the Applicant, the Application Form should be signed by the ASBA Account holder, in accordance with the instructions provided in the Application Form. Not more than five Applications can be made from one single ASBA Account;
- q. For Applicants, the Applications in physical mode should be submitted to the SCSBs or a member of the Syndicate or to the Trading Members of the Stock Exchanges on the prescribed Application Form. SCSBs may provide the electronic mode for making Application either through an internet enabled banking facility or such other secured, electronically enabled mechanism for Application and blocking funds in the ASBA Account;
- r. Application Forms should bear the stamp of the Member of the Syndicate, Trading Member of the Stock Exchanges, Designated Intermediaries and/or Designated Branch of the SCSB. Application Forms which do not bear the stamp will be rejected.
- s. Applicant should correctly mention the ASBA Account number and UPI ID in case applying through UPI Mechanism and ensure that funds equal to the Application Amount are available in the ASBA Account before submitting the Application Form and ensure that the signature in the Application Form matches with the signature in the Applicant’s bank records.

The series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries in the data entries as such data entries will be considered for allotment.

Applicants should note that neither the Designated Intermediaries nor the SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms. Our Company would allot the NCDs, as specified in the Prospectus for the Issue to all valid Applications, wherein the Applicants have not indicated their choice of the relevant series of NCDs.

Applicants’ PAN, Depository Account and Bank Account Details

ALL APPLICANTS APPLYING FOR ALLOTMENT OF THE NCDS SHOULD MENTION THEIR DP ID, UPI ID (IN CASE APPLYING THROUGH UPI MECHANISM), CLIENT ID AND PAN IN THE APPLICATION FORM. APPLICANTS MUST ENSURE THAT THE DP ID, UPI ID, CLIENT ID AND PAN GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE DP ID, UPI ID, CLIENT ID AND PAN AVAILABLE IN THE DEPOSITORY DATABASE. IF THE BENEFICIARY ACCOUNT IS HELD IN JOINT NAMES, THE APPLICATION FORM SHOULD CONTAIN THE NAME AND PAN OF BOTH THE HOLDERS OF THE BENEFICIARY ACCOUNT AND SIGNATURES OF BOTH HOLDERS WOULD BE REQUIRED IN THE APPLICATION FORM.

Applicants applying for Allotment in dematerialised form must mention their DP ID, Client ID, PAN and UPI ID (in case applying through UPI Mechanism) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form for Allotment in dematerialised form is submitted in the first Applicant's name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID and PAN mentioned in the Application Form for Allotment in dematerialised form and entered into the electronic system of the Stock Exchanges do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form for Allotment in dematerialised form is liable to be rejected. Further, Application Forms submitted by Applicants applying for Allotment in dematerialised form, whose beneficiary accounts are inactive, will be rejected

On the basis of the DP ID, UPI ID, Client ID and PAN provided by them in the Application Form and entered into the electronic system of the Stock Exchanges, the Registrar to the Issue will obtain from the Depository the Demographic Details of the Applicants including PAN, address, bank account details and MICR code etc. These Demographic Details would be used for giving Allotment Advice and refunds (including through physical refund warrants, direct credit, NACH, NEFT and RTGS), if any, to the Applicants. Hence, Applicants are advised to immediately update their Demographic Details (including bank account details) as appearing on the records of the Depository Participant and ensure that they are true and correct. Please note that failure to do so could result in delays in despatch/ credit of refunds, if any, to Applicants, delivery of Allotment Advice or unblocking of ASBA Accounts at the Applicants' sole risk, and neither the Members of the Consortium nor the Designated Intermediaries, nor the Registrar, nor the Banker(s) to the Issue, nor the SCSBs, nor our Company shall have any responsibility and undertake any liability for the same.

Applicants should note that in case the DP ID, Client ID and PAN mentioned in the Application Form, as the case may be and entered into the electronic Application system of the Stock Exchanges by the Members of the Consortium or the Designated Intermediaries, as the case may be, do not match with the DP ID, Client ID and PAN available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected and our Company, the Members of the Consortium and the other Designated Intermediaries shall not be liable for losses, if any.

The Demographic Details would be used for all correspondence with the Applicants including mailing of the Allotment Advice and for refunds (if any) as applicable. The Demographic Details given by Applicants in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to this Issue.

By signing the Application Form, Applicants applying for the NCDs would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to the Issue.

Allotment Advice would be mailed by speed post or registered post at the address of the Applicants as per the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Banker(s) to the Issue, Registrar to the Issue nor the Lead Manager shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in this Draft Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

In case of Applications made under powers of attorney, our Company in its absolute discretion, reserves the right to permit the holder of a power of attorney to request the Registrar to the Issue that for the purpose of printing particulars on and mailing of the Allotment Advice through speed post or registered post, the Demographic Details obtained from the Depository of the Applicant shall be used.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of the Applicants. Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. **Furthermore, in case no corresponding record is available with the Depositories, which matches the three parameters, namely, DP ID, Client ID and PAN, then such Applications are liable to be rejected.**

Applicants should note that the NCDs will be allotted to all successful Applicants only in dematerialized form. The Application Forms which do not have the details of the Applicant's depository account, including DP ID, Client ID and PAN and UPI ID (for retail individual investor Applicants bidding using the UPI mechanism), shall be treated as incomplete and will be rejected.

Unified Payments Interface (UPI)

Pursuant to the SEBI Operational Circular, the UPI Mechanism is an applicable payment mechanism for public debt issues (in addition to the mechanism of blocking funds maintained with SCSBs under ASBA) for applications by retail individual bidders through Designated Intermediaries. All SCSBs offering the facility of making applications in public issues shall also provide the facility to make applications using UPI. The Company will be required to appoint one SCSB as a Sponsor Bank to act as a conduit between the Stock Exchange and National Payments Corporation of India in order to facilitate the collection of requests and/or payment instructions of the investors.

Permanent Account Number (PAN)

The Applicant should mention his or her PAN allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. However, Applications on behalf of the central or state government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. In accordance with Circular No. MRD/DOP/Cir- 05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. **Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the general index register number i.e. GIR number instead of the PAN as the Application is liable to be rejected on this ground.**

However, the exemption for the central or state government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e. either Sikkim category or exempt category.

Joint Applications

Applications can be made in joint names (not exceeding three). In the case of joint Applications, all payments will be made out in favour of the first Applicant. All communications will be addressed to first named in the Application whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

Additional/ Multiple Applications

An Applicant is allowed to make one or more Applications for the NCDs, for the same or other Options of NCDs, as specified in the Prospectus, subject to a minimum Application size as specified in the Prospectus. **Any Application for an amount below the aforesaid minimum application size will be deemed as an invalid application and shall be rejected. However, multiple Applications by the same individual Applicant aggregating to a value exceeding ₹1,000,000 shall be deemed such individual Applicant to be a HNI Applicant and all such Applications shall be grouped in the HNI Portion, for the purpose of determining the basis of allotment to such Applicant.** Any Application made by any person in his individual capacity and an Application made by such person in his capacity as a karta of a HUF and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under the Issue, Applications shall be grouped based on the PAN, i.e. Applications under the same PAN shall be grouped together and treated as one Application. Two or

more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN number of the sole or the first Applicant is one and the same.

Electronic registration of Applications

- a. The Designated Intermediaries and Designated Branches of the SCSBs, as the case may be, will register the Applications using the on-line facilities of the Stock Exchanges. Direct Online Applications will be registered by Applicants using the online platform offered by the Stock Exchanges. The Lead Manager, our Company, and the Registrar to the Issue are not responsible for any acts, mistakes or errors or omission and commissions in relation to (i) the Applications accepted by the SCSBs, (ii) the Applications uploaded by the SCSBs, (iii) the Applications accepted but not uploaded by the SCSBs, (iv) Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts or (v) Applications accepted and uploaded by Trading members of the Stock Exchanges or (vi) the Applications accepted by and/or uploaded by and/or accepted but not uploaded by Consortium Member, Trading Members, Registered Brokers, CDPs, CRTAs and SCSBs who are authorised to collect Application Forms.

In case of apparent data entry error by the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, in entering the Application Form number in their respective schedules other things remaining unchanged, the Application Form may be considered as valid and such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchanges. However, the series, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries or Designated Branches of the SCSBs in the data entries as such data entries will be considered for allotment/rejection of Application.

- b. The Stock Exchanges will offer an electronic facility for registering Applications for this Issue. This facility will be available on the terminals of the Designated Intermediaries and the SCSBs during the Issue Period. Designated Intermediaries can also set up facilities for off-line electronic registration of Applications subject to the condition that they will subsequently upload the off-line data file into the on-line facilities for Applications on a regular basis, and before the expiry of the allocated time on the Issue Closing Date. On the Issue Closing Date, the Designated Intermediaries and the Designated Branches of the SCSBs shall upload the Applications till such time as may be permitted by the Stock Exchanges. This information will be available with the Designated Intermediaries and the Designated Branches of the SCSBs on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation. For further information on the Issue programme, please refer to “Issue Structure” on page 221 of this Draft Prospectus.
- c. Based on the aggregate demand for Applications registered on the electronic facilities of the Stock Exchanges, a graphical representation of consolidated demand for the NCDs, as available on the websites of the Stock Exchanges, would be made available at the Application centres as provided in the Application Form during the Issue Period
- d. At the time of registering each Application, the Designated Intermediaries, shall enter the details of the Applicant, such as the Application Form number, PAN, Applicant category, DP ID, Client ID, number and Option(s) of NCDs applied, Application Amounts and any other details that may be prescribed by the online uploading platform of the Stock Exchanges.
- e. With respect to Applications submitted directly to the SCSBs at the time of registering each Application, other than Direct Online Applications, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained

- Bank account number
 - Application amount
- f. With respect to Applications submitted to the Designated Intermediaries at the time of registering each Application, the requisite details of the Applicants shall be entered in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Location
 - Application amount
- g. A system generated acknowledgement will be given to the Applicant as a proof of the registration of each Application. **It is the Applicant's responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be. The registration of the Application by the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be, does not guarantee that the NCDs shall be allocated/ Allotted by our Company. The acknowledgement will be non-negotiable and by itself will not create any obligation of any kind.**
- h. Applications can be rejected on the technical grounds listed on page 253 of this Draft Prospectus or if all required information is not provided or the Application Form is incomplete in any respect.
- i. In case of apparent data entry error by the Designated Intermediaries, in entering the Application Form numbers in their respective schedules, other things remaining unchanged, the Application Form may be considered as valid, or such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchange
- j. The permission given by the Stock Exchanges to use their network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Draft Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchanges.
- k. Only Applications that are uploaded on the online system of the Stock Exchanges shall be considered for allocation/ Allotment. The Lead Manager, Designated Intermediaries and the Designated Branches of the SCSBs shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchanges. In order that the data so captured is accurate the, Designated Intermediaries and the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL.

Process for Retail Individual investors application submitted with UPI as mode of payment

- a. Before submission of the application with the intermediary, the Retail Individual investor would be required to have / create a UPI ID, with a maximum length of 45 characters including the handle (Example: InvestorID@bankname).

- b. The Retail Individual Investor shall fill in the bid details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediaries or through the stock exchanges App/ Web interface, or any other methods as may be permitted.
- c. The intermediary, upon receipt of form, shall upload the bid details along with the UPI ID on the stock exchanges bidding platform using appropriate protocols.
- d. Once the bid has been entered in the bidding platform, the Stock Exchanges shall undertake validation of the PAN and Demat account combination details of investor with the depository.
- e. The Depository shall validate the aforesaid PAN and Demat account details on a near real time basis and send response to stock exchange which would be shared by stock exchange with intermediary through its platform, for corrections, if any.
- f. Once the bid details are uploaded on the Stock Exchanges platform, the Stock Exchange shall send an SMS to the investor regarding submission of his / her application, at the end of day, during the bidding period. For the last day of bidding, the SMS may be sent the next working day.
- g. Post undertaking validation with the Depository, the Stock Exchanges shall, on a continuous basis, electronically share the bid details along with investors UPI ID, with the Sponsor Bank appointed by the issuer.
- h. The Sponsor Bank shall initiate a mandate request on the investor i.e., request the investor to authorise blocking of funds equivalent to application amount and subsequent debit of funds in case of allotment
- i. The request raised by the Sponsor Bank, would be electronically received by the investor as a SMS / intimation on his / her mobile no. / mobile app, associated with the UPI ID linked bank account.
- j. The investor shall be able to view the amount to be blocked as per his / her bid in such intimation. The investor shall be able to view an attachment wherein the public issue bid details submitted by investor will be visible. After reviewing the details properly, the investor shall be required to proceed to authorize the mandate. Such mandate raised by sponsor bank would be a one-time mandate for each application in the public issue.
- k. An investor is required to accept the UPI mandate latest by 5:00 pm on the third working day from the day of bidding on the stock exchanges platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5:00 pm the next working day.
- l. An investor shall not be allowed to add or modify the bid(s) of the application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the investor can withdraw the bid(s) and reapply.
- m. For mismatch bids, on successful validation of PAN and DP ID/ Client ID combination during T+1 modification session, such bids will be sent to Sponsor Bank for further processing by the Exchange on T+1 (T being the Issue Closing Date) day till 1:00 PM.
- n. The facility of re-initiation/ resending the UPI mandate shall be available only till 5:00 pm on the day of bidding.
- o. Upon successful validation of block request by the investor, as above, the said information would be electronically received by the investors' bank, where the funds, equivalent to application amount, would get blocked in investors account. Intimation regarding confirmation of such block of funds in investors account would also be received by the investor.
- p. The information containing status of block request (e.g. accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchanges. The block request status would also be displayed on the Stock Exchanges platform for information of the intermediary.
- q. The information received from Sponsor Bank, would be shared by stock exchanges with RTA in the form of a file for the purpose of reconciliation.

- r. Post closure of the offer, the Stock Exchanges shall share the bid details with RTA. Further, the Stock Exchanges shall also provide the RTA, the final file received from the Sponsor Bank, containing status of blocked funds or otherwise, along with the bank account details with respect to applications made using UPI ID.
- s. The allotment of debt securities shall be done as per SEBI Operational Circular.
- t. The RTA, based on information of bidding and blocking received from the Stock Exchanges, shall undertake reconciliation of the bid data and block confirmation corresponding to the bids by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.
- u. Upon approval of the basis of allotment, the RTA shall share the 'debit' file with Sponsor bank (through Stock Exchanges) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the investor's account. The Sponsor Bank, based on the mandate approved by the investor at the time of blocking of funds, shall raise the debit / collect request from the investor's bank account, whereupon funds will be transferred from investor's account to the public issue account and remaining funds, if any, will be unblocked without any manual intervention by investor or their bank.
- v. Upon confirmation of receipt of funds in the public issue account, the securities would be credited to the investor's account. The investor will be notified for full/partial allotment. For partial allotment, the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the investor.
- w. Thereafter, Stock Exchange will issue the listing and trading approval.
- x. Further, in accordance with the Operational Instructions and Guidelines for Making Application for Public Issue of Debt Securities through BSEDirect issued by BSE on December 28, 2020 and May 19, 2022, the investor shall also be responsible for the following:
 - i. Investor shall check the Issue details before placing desired bids;
 - ii. Investor shall check and understand the UPI mandate acceptance and block of funds process before placing the bid;
 - iii. The receipt of the SMS for mandate acceptance is dependent upon the system response/integration of UPI on Debt Public Issue System;
 - iv. Investor shall accept the UPI Mandate Requests within the stipulated timeline;
 - v. Investor shall note that the transaction will be treated as completed only after the acceptance of mandates by the investor by way of authorising the transaction by entering their UPI pin and successfully blocking funds through the ASBA process by the investor's bank;
 - vi. Investor shall check the status of their bid with respect to the mandate acceptance and blocking of funds for the completion of the transaction; and
 - vii. In case the investor does not accept the mandate within stipulated timelines, in such case their bid will not be considered for allocation.
- y. Further, in accordance with circular issued by National Stock Exchange of India Limited for Introduction of Unified Payment Interface (UPI) for Debt IPO through NSE goBID on January 5, 2021 the investor shall also be responsible for the following:
 - i. After successful registration & log-in, the investors shall view and check the active Debt IPO's available from IPO dashboard.
 - ii. Investors shall check the issue/series details. Existing registered users of NSE goBID shall also be able to access once they accept the updated terms and condition.
 - iii. After successfully bidding on the platform, investors shall check the NSE goBID app/psp/sms for receipt of mandate & take necessary action.

- iv. UPI mandate can be accepted latest by 5:00 pm on the third working day from the day of bidding on the stock exchanges platform except for the last day of the issue period or any other modified closure date of the issue period in which case, he / she is required to accept the UPI mandate latest by 5:00 pm the next working day.
- v. For UPI bid the facility of re-initiation/ resending the UPI mandate shall be available only till 5 pm on the day of bidding.
- vi. Investors can use the re-initiation/ resending facility only once in case of any issue in receipt/acceptance of mandate.

The Investors are advised to read the operational guidelines mentioned for Making Application for Public Issue of Debt Securities through BSE Direct issued by BSE on December 28, 2020 and May 19, 2022, and the circular issued by National Stock Exchange of India Limited for Introduction of Unified Payment Interface (UPI) for Debt IPO through NSE goBID on January 05, 2021 before investing through the through the app/ web interface of Stock Exchange(s)

For information on certain procedures to be carried out by the Registrar to the Offer for finalization of the basis of allotment, please see below "*Issue Procedure - Information for Applicants*".

Mode of making refunds

The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

Our Company and the Registrar to the Issue shall credit the allotted NCDs to the respective beneficiary accounts/ dispatch the Letters of Allotment or letters of regret by registered post/speed post at the Applicant's sole risk, within six Working Days from the Issue Closing Date. We may enter into an arrangement with one or more banks in one or more cities for refund to the account of the applicants through Direct Credit/RTGS/NEFT/NACH.

Further,

- (a) Allotment of NCDs in this Issue shall be made within the time period stipulated by SEBI;
- (b) Credit to dematerialised accounts will be given within one Working Day from the Date of Allotment;

- (c) Interest at a rate of 15% per annum will be paid if the Allotment has not been made and/or the refund effected within five Working days from the Issue Closing Date, for the delay beyond five Working days; and
- (d) Our Company will provide adequate funds to the Registrar to the Issue for this purpose.

Retention of oversubscription

Our Company shall have an option to retain over-subscription up to the Issue limit.

Basis of Allotment for NCDs

The Registrar will aggregate the Applications, based on the applications received through an electronic book from the Stock Exchanges and determine the valid Application for the purpose of drawing the basis of allocation.

Allocation Ratio

The registrar will aggregate the applications based on the applications received through an electronic book from the Stock Exchanges and determine the valid applications for the purpose of drawing the basis of allocation. Grouping of the application received will be then done in the following manner:

For the purposes of the basis of allotment:

- A. *Applications received from Category I Investors- Institutional Investors:* Applications received from Applicants belonging to Category I shall be grouped together, ("**Institutional Portion**");
- B. *Applications received from Category II Investors- Non-Institutional Investors:* Applications received from Applicants belonging to Category II, shall be grouped together, ("**Non-Institutional Portion**").
- C. *Applications received from Category III Investors- High Net-worth Individual Investors:* Applications received from Applicants belonging to Category III shall be grouped together, ("**High Net-worth Individual Category Portion**").
- D. *Applications received from Category IV Applicants- Retail Individual Investors:* Applications received from Applicants belonging to Category IV shall be grouped together, ("**Retail Individual Category Portion**").

For removal of doubt, the terms "**Institutional Portion**", "**Non-Institutional Portion**", "**High Net-worth Individual Category Portion**" and "**Retail Individual Category Portion**" are individually referred to as "**Portion**" and collectively referred to as "**Portions**".

For the purposes of determining the number of NCDs available for allocation to each of the abovementioned Portions, our Company shall have the discretion of determining the number of NCDs to be allotted over and above the Base Issue, in case our Company opts to retain any oversubscription in the Issue up to the Issue Limit. The aggregate value of NCDs decided to be allotted over and above the Base Issue, (in case our Company opts to retain any oversubscription in the Issue), and/or the aggregate value of NCDs up to the Base Issue Size shall be collectively termed as the "**Overall Issue Size**".

Information for Applicants

Unblocking of funds

The Registrar shall instruct the relevant SCSB to unblock the funds in the relevant ASBA Account for withdrawn, rejected or unsuccessful or partially successful ASBA Applications within the applicable regulatory timelines.

In case of ASBA Applications submitted to the SCSBs, in terms of the SEBI circular CIR/CFD/DIL/3/2010 dated April 22, 2010, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchanges and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such ASBA Applications or treat such ASBA Applications as

rejected. In case of Applicants submitted to the Lead Managers, Consortium Members and Trading Members of the Stock Exchanges at the Specified Cities, the basis of allotment will be based on the Registrar's validation of the electronic details with the Depository records, and the complete reconciliation of the final certificates received from the SCSBs with the electronic details in terms of the SEBI circular CIR/CFD/DIL/1/2011 dated April 29, 2011. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Manager and the Registrar to the Issue, reserves the right to proceed as per the Depository records or treat such ASBA Application as rejected. Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship). In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

Investor Withdrawals and Pre-closure

Investor Withdrawal: Applicants are allowed to withdraw their Applications at any time prior to the Issue Closing Date.

Withdrawal of Applications after the Issue Period: In case an Applicant wishes to withdraw the Application after the Issue Closing Date or early closure date, the same can be done by submitting a withdrawal request to the Registrar prior to the finalization of the Basis of Allotment but not later than 2 (two) Working days from the Issue Closing Date or early closure date, as applicable.

Pre-closure/ Early Closure: Our Company, in consultation with the Lead Manager reserves the right to close the Issue at any time prior to the Issue Closing Date, subject to receipt of minimum subscription which is 75% of the Base Issue Size being ₹ 1,875 million before the Issue Closing Date. Our Company shall allot NCDs with respect to the Applications received at the time of such pre-closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements.

Further, the Issue will also be withdrawn by our Company in the event that the aggregate Applications received for the NCDs is lesser than the minimum subscription which is 75% of the Base Issue Size being ₹ 1,875 million before the Issue Closing Date.

In the event of such early closure of this Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure or the relevant Issue Closing Date of the Issue, as applicable, through advertisement(s) in all those newspapers in which pre-Issue advertisement and advertisement for opening or closure of this issue have been given.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, the application money received is to be credited only to the bank account from which the subscription was remitted. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard included in the SEBI Operational Circular.

If our Company does not receive the minimum subscription of 75% of Base Issue Size prior to the Issue Closing Date the entire Application Amount shall be unblocked in the relevant ASBA Account(s) of the Applicants within 8 (eight) working days from the Issue Closing Date, provided wherein, the Application Amount has been transferred to the Public Issue Account from the respective ASBA Accounts, such Application Amount shall be refunded from the Refund Account to the relevant ASBA Account(s) of the Applicants within 6 (six) working days from the Issue Closing Date, failing which the Company will become liable to refund the Application Amount along with interest at the rate 15 (fifteen) percent per annum for the delayed period.

Issuance of Allotment Advice

Our Company shall ensure dispatch/and/or mail the Allotment Advice within 5 (five) Working Days of the Issue Closing Date to the Applicants. The Allotment Advice for successful Applicants will be mailed to their addresses as

per the Demographic Details received from the Depositories. Instructions for credit of NCDs to the beneficiary account with Depository Participants shall be made within 5 (five) Working Days of the Issue Closing Date.

Our Company shall use best efforts to ensure that all steps for completion of the necessary formalities for commencement of trading at the Stock Exchanges where the NCDs are proposed to be listed are taken within 6 (six) Working Days from the Issue Closing Date.

Allotment Advices shall be issued, or Application Amount shall be unblocked within 15 (fifteen) days from the Issue Closing Date or such lesser time as may be specified by SEBI or else the Application Amount shall be unblocked in the ASBA Accounts of the Applicants forthwith, failing which interest shall be due to be paid to the applicants at the rate of 15% per annum for the delayed period.

Our Company will provide adequate funds required for dispatch of Allotment Advice, as applicable, to the Registrar to the Issue.

Revision of Applications

As per the notice no: 20120831-22 dated August 31, 2012 issued by BSE, cancellation of one or more orders (series) within an Application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. However, please note that in case of cancellation of one or more orders (series) within an Application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their Application details during the Issue Period, as allowed/permitted by the Stock Exchanges, by submitting a written request to the Designated Intermediary, as the case may be. However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchanges as per the procedures and requirements prescribed by each relevant Stock Exchanges, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries will be given up to one Working Day after the Issue Closing Date (till 1:00 PM) to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar to the Issue for reconciliation with the data available with the NSDL and CDSL.

Early Closure

Our Company, in consultation with the Lead Manager reserves the right to close the Issue at any time prior to the Closing Date of respective Prospectus, subject to receipt of minimum subscription for NCDs aggregating to 75% of the Base Issue size i.e. ₹ 1,875 million and subject to the Issue being kept open for minimum period of three Working Days. Our Company shall allot NCDs with respect to the Applications received at the time of such early closure in accordance with the Basis of Allotment as described hereinabove and subject to applicable statutory and/or regulatory requirements. In the event of such early closure of the Issue, our Company shall ensure that public notice of such early closure is published on or before such early date of closure is published on or before such early date of closure or the Issue Closing Date, as applicable, through advertisement(s) in all those newspapers in which pre-issue advertisement have been given.

Utilisation of Application Amounts

The sum received in respect of the Issue will be kept in separate bank account(s) and we will have access to such funds only upon allotment of the NCDs, execution of Debenture Trust Deeds and on receipt of listing and trading approval from the Stock Exchanges as per applicable provisions of law(s), regulations and approvals.

Actions Taken by Regulatory and Statutory Authorities

- a. Our Company received a notice dated February 7, 2023 from Ministry of Electronics and Information Technology ("MeitY") in relation to a blocking request under Section 69A of the IT Act from the Ministry of Home Affairs for blocking of the Navi App. In the request it was alleged that, *inter alia*, the Navi App is using non-transparent methods to function, collecting exorbitant interest rates and using unauthorised personal information. The notice also mentioned that the MeitY had issued interim blocking directions to block the Navi App under the provisions of section 69A of IT Act, however, this action has not been undertaken as of the date of this Draft Prospectus. Under the notice, MeitY requested our Company to submit its information (including copies of its registration certificates, details of storage, details of investors, grievance redressal mechanism and latest report of applications security audit) by February 8, 2023 to continue usage of the Navi App and provided an opportunity for an in-person meeting on February 8, 2023. Our Company has filed its response dated February 8, 2023 with MeitY with the requisite information and documentation, while denying all allegations made in the notice. Our Company also had an in-person meeting with Inter Ministerial Committee of MeitY (chaired by Mr. Amitesh KR Sinha, Joint Secretary of MeitY) on February 8, 2023 and further substantiated their written response dated February 8, 2023. Subsequently, on the directions of MeitY, our Company submitted an undertaking dated February 9, 2023 to the MeitY confirming compliance with the relevant regulatory requirements in relation to functioning of the Navi App. The matter is currently pending, however, pursuant to submission of the written response and undertaking by our Company, the Navi App was not blocked or taken down and is still available for download and use.*

- b. Our Company has received an email from BFSI Sector Skill Council of India dated March 10, 2023 alleging that our Company is employing more than 30 persons and not engaging the apprentices or have engaged apprentices less than the 2.5% of our manpower strength including the contractual staff in each financial year in violation of sub-rule (3) of rule 7-B of the Apprenticeship Rules, 1992. Pursuant to the email, BFSI Sector Skill Council of India has requested our Company to make all efforts for engagement of apprentices within the prescribed range of 2.5% to 15% of the total employees' strength of our Company. Our Company is yet to respond to this email. The matter is currently pending.
- c. Our Company, Dimple Shah (who received it in the capacity of our company secretary and is the former company secretary of our Company), Ranganathan Sridharan (who received it in the capacity of our director and is our Independent Director), Samit Shankar Shetty (who received it in the capacity of our director and is our former director), Usha A Narayanan (who received it in the capacity of our director and is our Independent Director), Ankit Agarwal (who received it in the capacity of our director and is our Managing Director) and Sachin Bansal (who received it in the capacity of our director and is our CEO and Executive Chairman) (the "**Notice Recipients**") have received a show cause notice dated June 16, 2023 from the Registrar of Companies, Bengaluru in relation to delay of 61 days in the filing of form BEN-2 as per Rule 4 of the Companies (Significant Beneficial Owners) Rules, 2018, pursuant to which the Notice Recipients have been directed to respond within 15 days of receipt of the notice and explain as to why penal action against them under Section 90(4) of the Companies Act and Rule 4 of the Companies (Significant Beneficial Owners) Rules, 2018 should not be initiated. The matter is currently pending.

Criminal Proceedings

An FIR dated September 2, 2022 was filed by Vikram Nanvate ("**Complainant**") against our Company and certain third parties alleging that amounts up to ₹ 68,230 was transferred to the Complainant from two different online loan companies, including our Company, and immediately thereafter a sum of ₹ 62,712 was disbursed from his account to an entity without his action or consent, pursuant to which the Complainant has alleged offences under sections 66(c), 66 (d) of the IT Act. The Complainant has also filed a related complaint with the Station House Officer, CEN Police Station, South-East Division. Pursuant to such FIR, the 1st Additional Chief Metropolitan Magistrate, Bangalore passed an order of search and seizure dated October 3, 2020. Further, notice dated October 2, 2022 under section 91 & 102 of the CrPC, notice dated October 18, 2022 under section 41 A of the CrPC, notice dated October 20, 2022 u/s 41 A of the CrPC and notice dated October 21, 2022 u/s 91 of the CrPC were issued by South East CEN Police Station, South East Division, Bengaluru against our Company and certain of our employees. Thereafter, our Company approached the High Court of Karnataka in WP No. 22070/2022 and sought to quash the FIR and the related complaint. The High Court of Karnataka by way of an order dated December 6, 2022 stayed all further investigation with respect to our Company in this matter. Further, our Company also filed an application under section 457 read with section 456 of the CrPC against the South East CEN Police Station, South East Division, Bengaluru alleging that the police seized our Company's properties despite it having no relation to the complaint filed under this matter. The matter is currently pending.

Other Proceedings

A writ petition bearing W.P. No. 14595 of 2022 was filed by Bodapati Venkatta Sravani ("**Petitioner**") before the High Court of Andhra Pradesh at Amaravati against our Company and others ("**Respondents**") alleging use of arbitrary methods by our Company to recover debts from the Petitioner and violation of Article 14, 19, 21 and 300 – A of the Constitution of India and provisions of the IT Act. Subsequently, we have filed counter affidavit before the High Court of Andhra Pradesh at Amravati. The matter is currently pending.

- a. The Special Director (SR), Southern Regional Office, Directorate of Enforcement, Chennai ("**ED**") has issued a show cause notice ("**Notice**") dated July 1, 2021 under Section 16(3) read with Section 42 of the FEMA to our Director, Sachin Bansal and nine other notices in respect of foreign investments made in the equity shares and compulsorily convertible preference shares of Flipkart Online Services Private Limited ("**FOL**") and equity shares of Flipkart India Private Limited ("**FIPL**") between the years 2009 and 2014. The Notice alleges that FOL and FIPL undertook whole sale trading in excess of the 25% cap prescribed for wholesale trading with group companies ("**Group Company Condition**") under the Consolidated Foreign Direct Investment Policy of India ("**FDI Policy**") for companies engaged in the cash and carry/ wholesale trading sector. Consequently, the Notice alleges that FOL and FIPL appear to have undertaken multi brand retail trading which was not permitted under the automatic route as per the FDI Policy. The Notice also alleges that the violations by the Flipkart group companies namely FOL, FIPL, and Flipkart Private Limited, Singapore ("**FPLS**"), involve amounts of approximately: (A) ₹64,962 million being the investment received by FOL and FIPL from foreign investors, (B) ₹63,538 million being the investment made by FPLS in FIPL, and (C) ₹106,019 million being the turnover from sales made by FOL and FIPL with one WS Retail Services Private Limited, which has been alleged to be a group company of FOL and FIPL. No direct default has been attributed to Sachin Bansal in his personal capacity, and the allegations against Sachin Bansal are predicated on vicarious liability as an officer in charge of some of the notices. Further, based on the Notice, the financial exposure of Sachin Bansal in the matter is not determinable at this stage. As of the date of this Draft Prospectus, other than Sachin Bansal, none of the other notices are either related to or associated with our Company or our Subsidiary. Further, Sachin Bansal divested 100% of his stake in the Flipkart group companies in 2018 and ceased to have any association with the business of the Flipkart group, including in any executive or non-executive capacity.

While, the Notice has been issued following an investigation completed in the period 2013 to 2015, it sets forth no basis or reasons for the delay in initiation of proceedings. Sachin Bansal has filed writ petitions bearing WP No. 18630 of 2021 and WP No. 18682 of 2021 ("**Writ Petitions**") before the Hon'ble Madras High Court on August 27, 2021 challenging and seeking a quashing of the Notice and the complaint filed by the ED which formed the basis of the Notice on grounds of violation of his fundamental rights guaranteed under the Constitution of India. The Writ Petitions are currently pending before the Hon'ble Madras High Court, and no steps have been taken by the ED in respect of the adjudication proceedings pursuant to the Notice.

- b. One of our Directors, Usha A Narayanan, had signed the financial statements of a client for the Financial Year ended March 2012 ("**Audit**"), in her capacity as the partner of an audit firm. Subsequently, a peer review for this Audit was conducted and a preliminary report was submitted by the peer reviewer to the Peer Review board of ICAI on October 21, 2013. The peer reviewer submitted his final report on November 19, 2013 which was an unqualified and clean report. However, the ICAI initiated disciplinary action based on the preliminary report of the peer reviewer, and ignored the final report. The ICAI council initiated disciplinary action under Chartered Accountants Act, 1949 against

Usha A Narayanan and another partner (“**Disciplinary Action**”) in 2019. On not receiving sufficient responses from ICAI in relation to maintainability as to why the final report of the Peer Reviewer was ignored, and jurisdiction of the Disciplinary Action, a suit challenging the maintainability and jurisdiction of the Disciplinary Action was instituted by Usha A Narayanan and a stay order was issued by the Honourable High Court of Delhi on March 4, 2021. The matter is currently pending.

Disclosures in accordance with the DT Circular

Appointment of Debenture Trustee

The Company has appointed the Debenture Trustee in accordance with the terms of the Debenture Trustee Agreement.

Separately, the Company and the Debenture Trustee have agreed the payment of an acceptance fee of ₹ 350,000 plus applicable taxes and a service charge of ₹ 350,000 on an annual basis, plus applicable taxes in terms of the letter dated June 5, 2023.

Debenture Trustee Agreement

Our Company has entered into a Debenture Trustee Agreement with the Debenture Trustee which provides for, inter alia, the following terms and conditions:

1. The Debenture Trustee, either through itself or its agents / advisors / consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the Offer Documents and the applicable laws, has been obtained. For the purpose of carrying out the due diligence as required in terms of the applicable laws, the Debenture Trustee, either through itself or its agents/ advisors/ consultants, shall have the power to examine the books of account of the Company and to have the Company's assets inspected by its officers and/or external auditors/ valuers/ consultants/ lawyers/ technical experts/ management consultants appointed by the Debenture Trustee;
2. Our Company shall provide all assistance to the Debenture Trustee to enable verification from the Registrar of Companies, sub-registrar of assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be required, where the assets and/or prior encumbrances in relation to the assets proposed to secure the NCDs, whether owned by our Company or any other person, are registered / disclosed;
3. The Debenture Trustee shall have the power to either independently appoint, or direct our Company to (after consultation with the Debenture Trustee) appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee and the Debenture Trustee shall subsequently form an independent assessment that the assets for creation of security are sufficient to discharge the outstanding amounts on NCDs at all times. All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports / certificates / documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by our Company;
4. Our Company has undertaken to promptly furnish all and any information as may be required by the Debenture Trustee, including such information as required to be furnished in terms of the applicable laws and the Debenture Trust Deed on a regular basis;
5. The Debenture Trustee, *ipso facto* does not have the obligations of a borrower or a principal debtor or a guarantor as to the monies paid/invested by investors for the NCDs.

Terms of carrying out due diligence

As per the SEBI circular bearing reference number SEBI/HO/DDHS/P/CIR/2023/50 titled "Operational Circular for Debenture Trustees" dated March 31, 2023 the Debenture Trustee is required to exercise independent due diligence to ensure that the assets of the Issuer are sufficient to discharge the interest and principal amount with respect to the debt securities of the Issuer at all times.

Accordingly, the Debenture Trustee shall exercise due diligence as per the following process, for which our Company has consented to.

- (a) The Debenture Trustee, either through itself or its agents /advisors/consultants, shall carry out requisite diligence to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the Prospectus and the Applicable Laws, has been obtained. For the purpose of carrying out the due diligence as required in terms of the Applicable Laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of the Company and to have the Company's assets inspected by its officers and/or external auditors/valuers/consultants/lawyers/technical-experts/management consultants appointed by the Debenture Trustee. It is clarified that, while the Debenture Trustee may avail services of agents /advisors/consultants or independent professionals, the responsibility shall rest with the Debenture Trustee.
- (b) The Company shall provide all assistance to the Debenture Trustee to enable verification from the registrar of companies, sub-registrar of assurances (as applicable), CERSAI, depositories, information utility or any other

authority, as may be required, where the assets and/or prior encumbrances in relation to the assets proposed to secure the NCDs, whether owned by the Company or any other person, are registered / disclosed.

- (c) Further, in the event that existing charge holders or the concerned trustee on behalf of the existing charge holders, have provided conditional consent / permissions to the Company to create further charge on the assets, the Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and the Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any.
- (d) Without prejudice to the aforesaid, the Company shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the NCDs, in accordance with the Applicable Laws.
- (e) All costs, charges, fees and expenses that are associated with and incurred in relation to the diligence as well as preparation of the reports/certificates/documentation, including all out of pocket expenses towards legal or inspection costs, travelling and other costs, shall be solely borne by the Company.

Process of Due Diligence to be carried out by the Debenture Trustee

Due Diligence will be carried out as per SEBI (Debenture Trustees) Regulations, 1993, SEBI NCS Regulations, as amended and circulars issued by SEBI from time to time.

Other confirmations

The Debenture Trustee undertakes that the NCDs shall be considered as secured only if the charged asset is registered with sub-registrar and Registrar of Companies or CERSAI or depository, etc., as applicable, or is independently verifiable by the Debenture Trustee.

REGULATIONS AND POLICIES

Given below is an indicative summary of certain sector specific and relevant laws and regulations in India, which are applicable to our Company and our Subsidiary. The information in this section has been obtained from publications available in the public domain. The description of the applicable regulations as given below has been provided in a manner so as to provide general information to the investors and may not be exhaustive and is neither designed nor intended to be a substitute for professional legal advice. The indicative summaries are based on the current provisions of applicable law, which are subject to change, modification, or amendment by subsequent legislative, regulatory, administrative, or judicial decisions.

Given below is a brief description of certain relevant legislations that are currently applicable to the business carried on by us.

I. **Key Regulations applicable to our Company and Subsidiary**

The key laws applicable to our Company and Subsidiary include:

Reserve Bank of India Act, 1934 (“RBI Act”)

The RBI is entrusted with the responsibility of regulating and supervising NBFCs by virtue of powers vested in Chapter IIIB of the RBI Act.

The RBI Act defines an NBFC as: (a) a financial institution which is a company; (b) a non-banking institution which is a company and which is in the principal business of receiving deposits, under any scheme or arrangement or in any other manner, or lending in any manner; or (c) such other non-banking institution or class of institutions as the RBI may, with the previous approval of the Central Government, and by notification in the Official Gazette, specify. A company would be categorized as an NBFC if its financial assets are more than 50% of its total assets (netted off by intangible assets) and if its income from such financial assets is more than 50% of the gross income. Further, NBFCs are required to obtain a certificate of registration from the RBI prior to commencement of the business as a non-banking financial institution.

Pursuant to Section 45-IC of the RBI Act, 1934, every NBFC is required to create a reserve fund and transfer thereto a sum not less than 20% of its net profit every year, as disclosed in the profit and loss account and before any dividend is declared. Further, no appropriation can be made from such fund by the NBFC except for the purposes specified by the RBI from time to time and every such appropriation shall be reported to the RBI within 21 days from the date of such withdrawal.

Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 dated September 1, 2016, as amended (the “Master Directions”)

Applicability

The Master Directions are applicable to the following categories of NBFCs (“**Applicable NBFCs**”):

- a. Systemically Important Non-Deposit taking Non-Banking Financial Company (“**NBFC-ND-SIs**”) registered with the RBI under the provisions of the RBI Act;
- b. Non-Banking Finance Company – Micro Finance Institutions registered with the RBI under the provisions of the RBI Act and having an asset size of ₹5,000 million and above;
- c. Deposit taking NBFCs registered with the RBI under the provisions of the RBI Act;
- d. NBFC-Factors (as defined in the Master Directions) and registered under Section 3 of the Factoring Regulation Act, 2011, as amended, having an asset size of ₹5,000 million and above;
- e. Infrastructure Debt Fund – Non-Banking Financial Company (as defined in the Master Directions) registered with the RBI under the provisions of RBI Act; and
- f. NBFC – Infrastructure Finance Company (as defined in the Master Directions) registered with the RBI under the provisions of the RBI Act, having an asset size of ₹5,000 million and above.

An NBFC-ND-SI has been defined under the Master Directions to mean an NBFC not accepting or holding public deposits and having total assets of ₹5,000 million and above as shown in the last audited balance sheet and a minimum net owned fund of ₹20 million.

Corporate Governance

Constitution of Committees

All applicable NBFCs are required to constitute the committees disclosed below:

- a. **Audit Committee:** An NBFC is required to constitute an audit committee consisting of not less than three members of its board of directors. The audit committee constituted by an NBFC as required under Section 177 of the Companies Act, 2013 shall be the audit committee for the purposes of the Master Directions as well, and its powers and functions shall be as provided under Section 177 of the Companies Act.
- b. **Nomination Committee:** NBFCs are required to constitute a nomination committee to ensure 'fit and proper' status of proposed or existing directors, which shall have the same powers and functions as the nomination and remuneration committee required to be constituted under Section 178 of the Companies Act.
- c. **Risk Management Committee:** NBFCs are required to constitute a risk management committee to manage the integrated risk.
- d. **Asset Liability Management Committee:** NBFCs are required to constitute an asset liability management committee. The asset liability management committee is required to be headed by the chief executive officer/ managing director or the executive director of such NBFC, as prescribed under the Master Directions.

Fit and Proper Criteria

Applicable NBFCs are required to (a) maintain a policy approved by the board of directors for ascertaining the fit and proper criteria of the directors at the time of appointment, and on a continuing basis, in line with the guidelines prescribed under the Master Directions; (b) obtain a declaration and undertaking from directors giving additional information on the directors, in the format prescribed under the Master Directions; (c) obtain a deed of covenant signed by directors, in the format prescribed under the Master Directions; and (d) furnish to the RBI a quarterly statement on change of directors and a certificate from the managing director of the Applicable NBFCs that fit and proper criteria in selection of the directors has been followed. The statement must be submitted to the regional office of the Department of Non-Banking Supervision of the RBI where the Applicable NBFC is registered, within 15 days of the close of the respective quarter. The statement submitted for the quarter ending March 31, is required to be certified by the auditors.

Disclosures and Transparency

Applicable NBFCs are required to place before the board of directors, at regular intervals, as may be prescribed by their respective boards of directors, the following:

- a. progress made in putting in place a progressive risk management system and risk management policy and strategy followed by the concerned Applicable NBFC; and
- b. conformity with corporate governance standards including composition of committees, their roles and functions, periodicity of the meetings and compliance with coverage and review functions and so on.

Applicable NBFCs are required to disclose the following in their annual financial statements:

- a. registration/licence/authorization obtained from other financial sector regulators;
- b. ratings assigned by credit rating agencies and migration of ratings during the year;

- c. penalties, if any, levied by any regulator;
- d. information namely, area, country of operation and joint venture partners with regard to joint ventures and overseas subsidiaries and
- e. asset-liability profile, extent of financing of parent company products, non-performing assets and movement of non-performing assets, details of all off-balance sheet exposures, structured products issued by them as also securitization/ assignment transactions and other disclosures, as prescribed under the Master Directions

Applicable NBFCs shall rotate the partners of the chartered accountant firm conducting the audit, every three years so that the same partner shall not conduct audit of such NBFC continuously for more than three years. Further, such NBFCs shall frame their internal guidelines on corporate governance with the approval of the board of directors which shall be published on their respective websites.

Acquisition or Transfer of Control

Applicable NBFCs are required to obtain prior written permission of RBI for (a) any takeover or acquisition of control, which may or may not result in change in management, (b) any change in the shareholding, including progressive increases over time, which would result in acquisition or transfer of shareholding of 26% or more of the paid-up equity capital (no prior approval is required if the shareholding going beyond 26% is due to buy-back of shares or reduction in capital where it has approval of a competent court but must be reported to the RBI within one month of the occurrence), and (c) any change in the management of the Applicable NBFCs, which results in change in more than 30% of the directors, excluding independent directors, provided that no prior approval shall be required in case of directors who get re-elected on retirement by rotation.

Prudential Norms

All NBFCs are required to maintain capital adequacy ratio consisting of Tier I and Tier II capital which shall not be less than 15% of its aggregate risk weighted assets on-balance sheet and of risk adjusted value of off-balance sheet items. The Tier I capital in respect of Applicable NBFCs (other than NBFC-MFI and IDF-NBFC), at any point of time, shall not be less than 10%.

Liquidity Risk Management Framework and Liquidity Coverage Ratio

Liquidity Risk Management Framework

Applicable non-deposit taking NBFCs are required to adhere to the liquidity risk management guidelines prescribed under the Master Directions. The guidelines, *inter alia*, require the board of directors of the Applicable NBFC to formulate a liquidity risk management framework detailing entity-level liquidity risk tolerance, funding strategies, prudential limits, framework for stress testing, liquidity planning under alternative scenarios, nature and frequency of management reporting, and periodical review of assumptions used in liquidity projections.

Liquidity Coverage Ratio

Pursuant to the RBI circular dated November 4, 2019, on 'Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies', all non-deposit taking NBFCs with asset size of ₹100 billion and above, and all deposit taking NBFCs irrespective of their asset size, are required to maintain a liquidity buffer in terms of liquidity coverage ratio which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient high quality liquid asset to survive any acute liquidity stress scenario lasting for 30 days. The stock of high-quality liquid asset to be maintained by the NBFCs is required to be a minimum of 100% of total net cash outflows over the next 30 calendar days. The liquidity coverage ratio requirement is binding on NBFCs from December 1, 2020 with the minimum high quality liquid assets to be held being 50% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024, in accordance with the time-line prescribed below:

From	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum Liquidity Coverage Ratio	50%	60%	70%	85%	100%

All non-deposit taking NBFCs with asset size of ₹50 billion and above but less than ₹100 billion are required to also maintain the required level of liquidity coverage ratio in accordance with the timeline given below:

From	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum Liquidity Coverage Ratio	30%	50%	60%	85%	100%

Asset Classification and Provisioning Norms

All NBFCs are required to adopt the asset classification and provisioning norms as set forth below:

Asset Classification:

The prudential regulations require that every applicable NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- a. a “standard asset” means the asset in respect of which no default in repayment of principal or payment of interest is perceived and which does not disclose any problem nor carry more than normal risk attached to the business; and
- b. a “sub-standard asset” means (a) an asset which has been classified as non-performing asset for a period not exceeding 12 months; (b) an asset where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms. However, the classification of infrastructure loans as sub-standard assets is subject to the conditions stipulated in the Master Direction.
- c. a “doubtful asset” means (a) a term loan, or (b) a lease asset, or (c) a hire purchase asset, or (d) any other asset, which remains a sub-standard asset for a period exceeding 12 months.
- d. a “loss asset” means (a) an asset which has been identified as loss asset by an Applicable NBFC or its internal or external auditor or by the RBI during the inspection of the Applicable NBFC, to the extent it is not written off by the Applicable NBFC; and (b) an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.
- e. a “non-performing asset” means (in accordance with Master Circular - Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances dated October 1, 2021): An asset, including a leased asset, becomes non-performing when it ceases to generate income for the bank. A non-performing asset (NPA) is a loan or an advance where; interest and/ or instalment of principal remains overdue for a period of more than 90 days in respect of a term loan, the account remains ‘out of order’, in respect of an Overdraft/Cash Credit (OD/CC), the bill remains overdue for a period of more than 90 days in the case of bills purchased and discounted, the instalment of principal or interest thereon remains overdue for two crop seasons for short duration crops, the instalment of principal or interest thereon remains overdue for one crop season for long duration crops, the amount of liquidity facility remains outstanding for more than 90 days, in respect of a securitization transaction undertaken in terms of the Reserve Bank of India (Securitisation of Standard Assets) Directions, 2021. in respect of derivative transactions, the

overdue receivables representing positive mark-to-market value of a derivative contract, if these remain unpaid for a period of 90 days from the specified due date for payment.

Provisioning Norms

In addition to provisioning norms under applicable accounting standards, and under the Master Directions, all Applicable NBFCs are required to, after taking into account the time lag between an account becoming nonperforming, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss assets as provided hereunder:

S. No.	Provisioning Requirement												
1.	Loans, advances and other credit facilities including bills purchased and discounted												
	(i) Loss Assets	The entire asset is to be written off. If the assets are permitted to remain in the books for any reason, 100% of the outstanding is to be provided for.											
	(ii) Doubtful Assets	<div><div>(a) 100% provision to the extent to which the advance is not covered by the realizable value of the security to which the Applicable NBFC has a valid recourse is to be made. Standard Asset Provisioning

All Applicable NBFCs are required to make provisions for standard assets at 0.40% of the outstanding, which shall not be reckoned for arriving at the net NPAs. The provision towards standard assets shall not be netted from gross advances but are required to be shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet of the Applicable NBFCs.

Balance Sheet Disclosures

- a. Applicable NBFCs are required to separately disclose in their balance sheets the provisions made, as prescribed under the Master Directions, without netting them from income or against the value of assets.
- b. The provisions are to be distinctly indicated under separate heads of account as:
 - Provisions for bad and doubtful debts; and
 - Provisions for depreciation in investments.
- c. Such provisions shall not be appropriated from the general provisions and loss reserves held, if any, by the Applicable NBFC.
- d. Such provisions for each year are required to be debited to the profit and loss account. The excess of provisions, if any, held under the heads general provisions and loss reserves are required to be written back without making adjustment against them.
- e. Additionally, Applicable NBFCs are required to disclose: (a) Capital to risk assets ratio; (b) exposure to real estate sector, both direct and indirect; and (iii) maturity pattern of assets and liabilities.

Regulation of Excessive Interest Charged by NBFCs:

- a. The board of directors of each Applicable NBFC is required to adopt an interest rate model taking into account relevant factors such as cost of funds, margin and risk premium and determine the rate of interest to be charged for loans and advances. The rate of interest, the approach for gradations of risk and rationale for charging different rate of interest to different categories of borrowers are required to be disclosed to the borrower or customer in the application form and communicated explicitly in the sanction letter.
- b. The rates of interest and the approach for gradation of risks are also required to be made available on the website of the Applicable NBFCs or published in the relevant newspapers. The information published in the website or otherwise published is required to be updated whenever there is a change in the rates of interest.
- c. The rate of interest must be annualized rate so that the borrower is aware of the exact rates that would be charged to the account.

Although rates of interest charged by NBFCs are not regulated by the RBI, rates of interest beyond a certain level may be seen to be excessive. The board of directors of Applicable NBFCs are required to layout appropriate internal principles and procedures in determining interest rates and processing and other charges.

Accounting Standards

Accounting Standards and guidance notes issued by the Institute of Chartered Accountants of India are required to be followed by NBFCs insofar as they are not inconsistent with any of the provisions of the Master Directions.

Fair Practices Code

All Applicable NBFCs having customer interface are required to adopt a fair practices code in line with the guidelines prescribed under the Master Directions. The Master Directions stipulate that such fair practices code should cover, inter alia, the form and manner of processing of loan applications; loan appraisal and terms and conditions thereof; and disbursement of loans and changes in terms and conditions of loans. The Master Directions also prescribe general conditions to be observed by Applicable NBFCs in respect of loans, and requires the board of directors of Applicable NBFCs to lay down a grievance redressal mechanism. Such fair practices code should preferably be in vernacular language or language understood by borrowers of the Applicable NBFCs.

Further, all Applicable NBFCs are to frame internal guidelines on corporate governance, enhancing the scope of the guidelines without sacrificing the underlying spirit of the guidelines stipulated in the Master Directions. The guidelines framed are required to be published on the NBFC's website for the information of various stakeholders.

Master Direction - Reserve Bank of India (Regulatory Framework for Microfinance Loans) Directions, 2022 dated March 14, 2022

Applicability

The master directions are applicable to the following entities:

- i. All Commercial Banks (including Small Finance Banks, Local Area Banks, and Regional Rural Banks) excluding Payments Banks;
- ii. All Primary (Urban) Co-operative Banks/ State Co-operative Banks/ District Central Co-operative Banks; and
- iii. All Non-Banking Financial Companies (including Microfinance Institutions and Housing Finance Companies).

These directions shall be effective from April 1, 2022.

Definition of microfinance loan

A microfinance loan is defined as a collateral-free loan given to a household having annual household income up to ₹3,00,000. For this purpose, the household shall mean an individual family unit, i.e., husband, wife and their unmarried children. *Further*, all collateral-free loans, irrespective of end use and mode of application/ processing/ disbursal (either through physical or digital channels), provided to low-income households, i.e., households having annual income up to ₹3,00,000, shall be considered as microfinance loans.

Price of a loan

According to the directions, each of the regulated entities must implement a board-approved policy on microfinance loan pricing, on microfinance loans, interest rates and other charges/fees should not be usurious and shall be subjected to the supervisory scrutiny of the Reserve Bank. Further according to the master directions. Each of the regulated entities shall also disclose pricing related information in a standardised format.

The master directions also lay down the guidelines on conduct towards microfinance borrowers.

Scale based regulation (SBR)- Revised Regulatory Framework for NBFCs by the RBI, 2021, dated October 22, 2021, as amended ("SBR Framework") read with RBI notification - Compliance Function and Role of Chief Compliance Officer (CCO) - NBFCs dated April 11, 2022, as amended ("Notification")

On October 22, 2021, the RBI issued a Scale Based Regulation (SBR): A Revised Regulatory Framework for NBFCs ("**SBR Framework**"), whereby NBFCs have been categorised into following four layers based on their size, activity, and perceived riskiness by the RBI:

- a. **Base Layer:** The Base Layer comprises of (a) non-deposit taking NBFCs below the asset size of ₹1000 crore and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface. NBFC-BLs largely continue to be subject to regulations earlier applicable to non-deposit taking NBFCs. The Regulation introduces a few changes for better governance of NBFC-BLs viz. requirement for Board policy on loans to directors, senior officers and relatives; constitution of a Risk Management Committee; and disclosure of types of exposure, related party transactions, loans to Directors/ Senior Officers and customer complaints.
- b. **Middle Layer:** The Middle Layer consists of (a) all deposit taking NBFCs (NBFC-Ds), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹1000 crore and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF-NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFC-IFCs).

Certain measures under the regulatory framework in relation to NBFC-MLs include: (a) aligning credit concentration norms for NBFCs with those applicable to banks, by merging the currently applicable lending and investment concentration limits into a single exposure limit of 25% for single borrower and 40% for group of borrowers anchored to the NBFC's Tier - I capital; (b) introducing a requirement for NBFCs to have a policy approved by their respective boards of directors on internal capital adequacy assessment process; (c) prescribing limit on initial public offer financing of ₹ 10 million per individual; (d) regulatory restrictions on lending by NBFCs; (e) detailed disclosures of certain items in annual financial statements; (f) limits on exposure to commercial real estate and capital market sector; and (g) mandatory requirement for appointment of a functionally independent chief compliance officer and independent director.

- c. **Upper Layer:** The Upper Layer shall comprise of those NBFCs which are specifically identified by the Reserve Bank as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor.
- d. **Top Layer:** The Top Layer will ideally remain empty. This layer can get populated if the Reserve Bank is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFCs in the Upper Layer.

Pursuant to the SBR Framework the criteria of asset size of non-deposit NBFCs for classification as non-systemically important for the purpose of regulatory structure of NBFCs have been increased from ₹ 50,000 lakh to ₹ 1,00,000 lakh ("**NBFC-ND**"). Therefore, non-deposit NBFCs with asset size of over ₹ 1,00,000 lakh will be considered as systemically Important by the RBI ("**NBFC-ND-SI**"). The SBR Framework provides that from October 1, 2022 references to NBFC-ND shall mean NBFC-BL and all references to NBFC-D and NBFC-ND-SI shall mean NBFC-ML or NBFC-UL, as the case may be. SBR Framework clarified that existing NBFC-ND-SIs having asset size of ₹ 50000 lakh and above but below ₹ 1,00,000 lakh (except those necessarily featuring in NBFC-Middle Layer) will be known as NBFC-BL.

Further, under the Notification, the NBFC-UL and NBFC-ML is required to institute an independent Compliance Function and a Chief Compliance Officer (CCO) latest by April 1, 2023 and October 1, 2023, respectively. The Board/Audit Committee (Board committee) is required to ensure that an appropriate Compliance Policy is put in place and implemented. The Senior Management shall carry out an exercise, at least once a year, to identify and assess the major compliance risks facing the NBFC and formulate plans to manage it.

The Revised Regulatory Framework for NBFCs also prescribes specific regulatory changes for each of the different layers in the regulatory structure, that is, capital guidelines, prudential guidelines, governance guidelines and the transition path, as elucidated on above.

Reserve Bank of India's Guidelines on Digital Lending dated September 2, 2022 ("Digital Lending Guidelines")

The RBI released the Digital Lending Guidelines requiring regulated entities to adhere to the customer protection and conduct requirements, technology and data requirements along with the prescribed regulatory framework.

- a. **Customer Protection and Conduct:** The regulated entities are required to ensure that all loan servicing, repayment and related services are executed directly by the borrower without the involvement of a third-party pool account. Further, all collection of fees and charges shall be paid directly by such regulated entity. Further, all penal interest and charges levied shall be calculated on the outstanding amount of the loan and shall be disclosed upfront on an annualized basis. All regulated entities shall provide the borrower with a standardized Key Fact Statement as prescribed in the Digital Lending Guidelines, populated with the prescribed details. In addition to the above, regulated entities shall appoint a suitable grievance redressal officer to address issues raised by borrowers including digital lending and fin tech-related complaints. Each borrower's creditworthiness is required to be ascertained in an auditable way, ahead of extending any loan.
- b. **Technology and Data Requirement:** All information collated by the regulated entities shall be on a need-based principle with prior and explicit consent of the borrower. No personal data of any of the borrowers shall be stored except as required for the purpose of carrying out their operations, as necessary. To this effect, regulated entities shall also formulate guidelines to govern data storage, privacy and usage in line with the Digital Lending Guidelines.
- c. **Regulatory Framework:** Regulated entities are required to comply with reporting requirements to credit information companies along with other prescribed rules and regulations as laid down in the Digital Lending Guidelines.

Reserve Bank of India's Guidelines on Default Loss Guarantee in Digital Lending dated June 8, 2023 ("DLG in Digital Lending Guidelines")

The RBI released the Guidelines on Default Loss Guarantee (DLG) which are applicable to DLG arrangements in digital lending operations undertaken by the regulated entities including Non- Banking Financial Companies. The guidelines lay down the eligibility conditions for DLG provider and provide for the structure of DLG arrangements. Further, the guidelines provide for the due diligence requirements in respect of the DLG provider. The guidelines further clarify that the customer protection measures and grievance redressal issues pertaining to DLG arrangements shall be guided by RBI's instructions contained in 'Guidelines on Digital Lending' dated September 02, 2022, along with other applicable norms.

Reserve Bank of India's Master Direction - Know Your Customer (KYC) Direction, 2016 dated February 25, 2016, updated as on April 28, 2023 ("KYC Directions")

KYC Directions are applicable to every entity regulated by RBI specifically, scheduled commercial banks, regional rural banks, local area banks, primary (urban) co-operative banks, all India financial institutions, NBFCs, miscellaneous non-banking companies and residuary non-banking companies, amongst others. In terms of the KYC Directions, every entity regulated thereunder is required to formulate a KYC policy which is duly approved by the board of directors of such entity or a duly constituted committee thereof. The KYC policy formulated in terms of the KYC Directions is required to include four key elements, being customer acceptance policy, risk management, customer identification procedures and monitoring of transactions. The KYC Directions also prescribe detailed instructions in relation to, inter alia, the due diligence of customers, record management and reporting requirements (such as the details of the person designated by the board of directors as a designated director etc.) to Financial Intelligence Unit – India. It also inserted directions for Regulated entities to assess 'Money Laundering' and 'Terrorist Financing' risk for clients, transactions or delivery channels, products, services etc. and take measures to mitigate the same on a risk-based approach.

The RBI KYC Directions have also issued instructions on sharing of information while ensuring secrecy and confidentiality of information held by Banks and NBFCs. The regulated entities must also adhere to the

reporting requirements under Foreign Account Tax Compliance Act and Common Reporting Standards. The RBI KYC Directions also require the regulated entities to ensure compliance with the requirements/obligations under international agreements. The regulated entities must also pay adequate attention to any money-laundering and financing of terrorism threats that may arise from new or developing technologies and ensure that appropriate KYC procedures issued from time to time are duly applied before introducing new products/services/technologies. The RBI KYC Directions were updated on April 20, 2018 to enhance the disclosure requirements under the Prevention of Money-Laundering Act, 2002 and in accordance with the Prevention of Money-Laundering Rules vide Gazette Notification GSR 538 (E) dated June 1, 2017 and the final judgment of the Supreme Court in the case of Justice K.S. Puttaswamy (Retd.) & Another v. Union of India (Writ Petition (Civil) 494/2012). The Directions were updated to accommodate authentication as per the AADHAR (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 and use of an Indian resident's Aadhar number as a document for the purposes of fulfilling KYC requirement. The RBI KYC Directions were further updated on January 9, 2020 with a view to leveraging the digital channels for customer identification process by regulated entities, whereby the RBI has decided to permit video based customer identification process as a consent based alternate method of establishing the customer's identity, for customer onboarding.

Reserve Bank of India (Outsourcing of Information Technology Services) Directions, 2023 ("2023 Outsourcing Directions")

The RBI has, pursuant to its master direction dated April 10, 2023 bearing reference number DoS.CO.CSITEG/SEC.1/31.01.015/2023-24 issued regulatory guidelines on outsourcing of IT services. These directions are scheduled to come into effect from October 1, 2023. The 2023 Outsourcing Directions provide regulatory, compliance and supervisory requirements in relation to outsourcing activities and places the ultimate responsibility on the regulated entity for any outsourcing activity. In addition to this, it also provides for obligations that regulated entities are required to adhere to including but not limited to (i) appointment of outsourcing entities, (ii) comprehensive assessment of need for outsourcing and attendant risks and (iii) a prescribed grievance redressal mechanism. Every regulated entity intending to outsource any of its IT activities is required to formulate a comprehensive IT outsourcing policy approved by its Board along with a risk management framework, business continuity plan and disaster recovery plan. In line with this, the 2023 Outsourcing Directions prescribe roles for the senior management and the Board of each regulated entity. All outsourcing arrangements shall be effectuated by entering into a legally binding agreement with clearly defined rights and obligations of all parties thereto. The directions also regulate outsourcing within a group or conglomerate and cross-border outsourcing.

Prevention of Money Laundering Act, 2002 ("PMLA")

The PMLA was enacted to prevent money laundering and to provide for confiscation of property derived from, or involved, in money laundering, and for incidental matters connected therewith. Section 12 of the PMLA inter alia casts certain obligations on reporting entities (as defined under the PMLA) in relation to preservation of records and reporting of transactions.

In addition to the above, the following directions and circulars issued by the RBI are also relevant to our business:

Aadhaar (Targeted Delivery of Financial and other Subsidies, Benefits and Services) Act (the “Aadhaar Act”), 2016 and the rules and regulations made thereunder

The Aadhaar Act, aims to provide for, as good governance, efficient, transparent and targeted delivery of subsidies, benefits and services, the expenditure for which is incurred from the Consolidated Fund of India, to individuals residing in India, through assigning of unique identity numbers to such individuals and for matters connected herewith. The Aadhaar Act establishes Unique Identification Authority of India (“UIDAI”), which is responsible for authentication and enrolment of individuals under the Aadhaar programme. The Aadhaar Act also provides for the appointment of Enrolling Agency, which would be responsible for the enrolment of individuals. The Aadhaar Act, to authenticate the Aadhaar Numbers, appoints a requesting entity, that would submit the Aadhaar Number along with demographic information or biometric information to the Central Identities Data Repository. Lastly, the Aadhaar Act also provides for the protection and confidentiality of identity information and authentication records of individuals.

The Aadhaar (Data Security) Regulations, 2016 (“**Data Security Regulations**”) provides for measures to ensure that the information of individuals is secured. Data Security Regulations also enumerates the obligation of service providers to keep the information secure and confidential.

The Aadhaar (Sharing of Information) Regulations, 2016 (“**SI Regulations**”) provides for restriction on sharing of biometric information by UIDAI. SI Regulations also restricts the sharing, circulating, or publishing of the aadhaar number.

The Aadhaar (Authentication) Regulations, 2016 (“**Authentication Regulations**”) provides an Aadhaar Authentication Framework, which has two kinds and four modes of authentication. Authentication Regulations also makes it mandatory for the requesting entity to obtain the consent of the aadhaar number holder. Authentication Regulations list provisions and the entire process for the appointment of Requesting Entities and Authentication Service Agencies along with their roles and responsibilities and code of conduct.

Information Technology Act, 2000 and the rules made thereunder (“IT Act”)

The IT Act has been enacted with the intention of providing legal recognition to transactions that are undertaken electronically. The IT Act facilitates electronic commerce by recognizing contracts concluded through electronic means, protects intermediaries in respect of third-party information made available to or hosted by them and creates liability for failure to protect sensitive personal data. The IT Act has created a mechanism for authenticating electronic documentation by means of digital signatures and provides for civil and criminal liability including fines and imprisonment for various offences. By means of an amendment in 2008, the IT Act legalized the validity of contracts formed through electronic means. The IT Act prescribes various offences, including those offences relating to unauthorized access of computer systems, unauthorized disclosure of confidential information and frauds emanating from computer applications. The IT Act also empowers the Government of India to intercept, monitor or decrypt any information in the furtherance of sovereignty, integrity, defence and security of India. The IT Act empowers the Government of India to formulate rules with respect to electronic signatures, reasonable security practices and procedures and sensitive personal data.

In exercise of this power, the Department of Electronics and Information Technology under the Ministry of Communications & Information Technology, Government of India, promulgated the Use of Electronic Records and Digital Signatures Rules, 2004, Digital Signature (End Entity) Rules, 2015, and Information

Technology (Certifying Authorities) Rules, 2000. These rules govern the issuance and creation of digital and electronic signatures, their verification, and issuance of license to issue digital signature certificates.

The Digital Personal Data Protection Bill, 2022 (the “DPDP Bill” or the “Bill”)

The Ministry of Electronics and Information Technology released the new DPDP Bill on November 18, 2022. Once passed and codified, the DPDP Bill will replace the existing data protection provision (Section 43A) of the IT Act. The Bill seeks to balance the rights of individuals to protect their personal data with the need to process personal data for lawful and other incidental purposes. All data fiduciaries, determining the purpose and means of processing personal data, are mandated to provide an itemised notice in plain and clear language containing a description of the personal data sought to be collected along with the purpose of processing such data. The DPDP Bill further provides that where consent is the basis of processing personal data, the data principal providing the consent, may withdraw such consent at any time. Data principals will have the right to demand the erasure and correction of data collected by the data fiduciary. Any data processed prior to such withdrawal shall be considered lawful.

The Bill introduces the concept of ‘deemed consent’ in instances where the data principal provides personal data (i) to the data fiduciary voluntarily, (ii) for performance of function under any law, or service or benefit to the data principal, (iii) in compliance with a judgment or order, (iv) responding to medical emergency involving threat to life or immediate threat to health of the data principal, (v) for provision of medical treatment or health services during an epidemic, outbreak of diseases or any other public threat to public health, (vi) for taking measures to ensure safety during any disaster or any breakdown of public order, (vii) for purposes related to employment including prevention of corporate espionage, maintenance of confidentiality of trade secrets, intellectual property, classified information, recruitment, termination of employee, or (viii) in public interest as defined in the Bill.

It further imposes certain obligations on data fiduciaries including (i) implementation of technical and organisational measures to ensure compliance, (ii) adopting reasonable security safeguards to prevent personal data breach, (iii) ensuring that personal data processed is accurate and complete, (iv) informing the Data Protection Board of India (the “**Data Protection Board**”) regarding any personal data breach, (v) deleting or removing personal data no longer in use or necessary for legal or business purposes, (vi) publishing the business contact information of the data protection officer, (vii) implementing a grievance redressal mechanism to redress grievances of data principals, and (viii) processing of data under a valid contract. The Bill provides for the rights and duties to be complied with the data principals. The Bill provides for exclusive jurisdiction of grievances to the Data Protection Board, with a recourse to alternative dispute resolution mechanisms. Any form of non-compliance shall attract financial penalty as prescribed in Schedule I of the Bill

II. COVID-19 Regulatory Framework

In view of the outbreak of the COVID-19 pandemic, the RBI issued various circulars and prescribed other regulatory frameworks and relaxations governing NBFCs to deal with the disruptions caused by the COVID-19 pandemic.

Circular dated March 16, 2020

Pursuant to its circular dated March 16, 2020 (Reference No. RBI/2019-20/172 DoS.CO.PPG.BC.01/1LOT005/2019-20), the RBI provided an indicative list of actions to be taken by NBFCs as part of their operations and business continuity plans. Among others, the actions included taking steps to share important instructions/strategy with the staff members at all levels and sensitizing the staff members about preventive measures/steps to be taken in suspected cases, based on the instructions received from health authorities from time-to-time, taking stock of critical processes and revisiting business continuity plan in the emerging situations/scenarios with the aim of continuity in critical interfaces and preventing any disruption of services, due to absenteeism either driven by the individual cases of infections or preventive measures.

Circulars dated March 27, 2020 and April 17, 2020

The RBI, pursuant to its circular dated March 27, 2020 (Reference No. RBI/2019-20/186 DOR.No.BP.BC.47/21.04.048/2019-20), announced certain regulatory measures, including, inter alia, to mitigate the burden of debt servicing brought about by disruptions on account of the COVID-19 pandemic and to ensure the continuity of viable businesses. In furtherance of such circular, lending institutions were permitted to grant a moratorium of three months on payment of all instalments (including all (i) principal and/or interest components; (ii) bullet repayments; (iii) equated monthly instalments; and (iv) credit card dues) falling due between March 1, 2020 and May 31, 2020 in respect of all term loans (including agricultural term loans, retail and crop loans) ("**Moratorium Period**"). Additional relaxations were granted in relation to the calculation of 'drawing power' in respect of working capital facilities sanctioned in the form of cash credit/overdraft ("**CC/OD**") to borrowers. Under the circular, such measures were not to be treated as a concession or change in terms and conditions of loan agreements due to financial difficulty of the borrower under paragraph 2 of the Annexure to the Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions, 2019 ("**Prudential Framework**") and availing of such measures, by itself, was not to result in asset classification downgrade. The rescheduling of payments, including interest, did not qualify as a default for the purposes of supervisory reporting and reporting to credit information companies ("**CICs**") by the lending institutions. CICs were instructed to ensure that the actions taken by lending institutions pursuant to the above announcements do not adversely impact the credit history of the beneficiaries. The circular also stated that wherever the exposure of a lending institution to a borrower is ₹50 million or above as on March 1, 2020, the lending institution was required to develop an MIS on the reliefs provided to its borrowers which was required to, inter alia, include borrower-wise and credit-facility wise information regarding the nature and amount of relief granted. Further, pursuant to its circular dated April 17, 2020 (Reference No. RBI/2019-20/220 DOR.No.BP.BC.63/21.04.048/2019-20), the RBI provided detailed instructions in relation to (i) asset classification under the prudential norms on income recognition, asset classification and (ii) provisioning requirements.

Circular dated May 23, 2020

Pursuant to its circular dated May 23, 2020 (Reference No. RBI/2019-20/244 DOR.No.BP.BC.71/21.04.048/2019-20), the RBI further permitted lending institutions (including NBFCs) to extend the Moratorium Period on payment of all instalments in respect of term loans (including agricultural term loans, retail and crop loans) by another three months, i.e., from June 1, 2020 to August 31, 2020. Such circular also permitted certain relaxations in respect of working capital facilities sanctioned in the form of cash credit/overdraft, lending institutions, subject to certain conditions.

The measures in relation to working capital facilities under the RBI circular dated May 23, 2020, were contingent on the lending institutions satisfying themselves that such measures are necessitated on account of the economic fallout from COVID-19. Further, accounts provided relief under this relaxation were subject to subsequent supervisory review with regard to their justifiability on account of the economic fallout from COVID-19. Lending institutions, accordingly, could put in place a board approved policy to implement the above measures.

Special Liquidity Scheme for NBFCs/HFCs dated July 1, 2020 and the Partial Credit Guarantee Scheme

The Government of India approved the Special Liquidity Scheme for NBFCs and HFCs to improve the liquidity position of NBFCs through a special purpose vehicle to avoid potential systemic risks to the financial sector. In order to avail the scheme, NBFCs are required to, inter alia, (a) have made a net profit in one of the two preceding financial years; and (b) be rated investment grade by a SEBI registered rating agency. In accordance with the circular, the scheme is managed by a special purpose vehicle set up by a subsidiary of the State Bank of India, SBI Capital Markets Limited

The Partial Credit Guarantee Scheme ("**PCGS**") was introduced on December 11, 2019 to offer a sovereign guarantee for "first loss" to public sector banks for the purchase of pooled assets, from financially sound NBFCs, subject to certain conditions. Pursuant to a press release dated May 20, 2020, the PCGS was amended to increase the coverage offered by the scheme and the window under the PCGS was extended up to March 31, 2021.

Guidelines for Appointment of Statutory Central Auditors (SCAs)/Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs) dated April 27, 2021

The circular puts in place ownership-neutral regulations, ensuring independence of auditors, avoiding conflict of interest in auditor's appointments and to improve the quality and standards of audit in RBI Regulated Entities. These guidelines shall streamline the procedure for appointment of Statutory Auditors across all the Regulated Entities and ensure that appointments are made in a timely, transparent and effective manner.

Statement on Development and Regulatory Policies dated August 6, 2020

The RBI, through its 'Statement on Developmental and Regulatory Policies' dated August 6, 2020, stated that with the intent to facilitate revival of real sector activities and mitigate the impact on the ultimate borrowers, provided a window under the Prudential Framework to enable the lenders to implement a resolution plan in respect of eligible corporate exposures without change in ownership, and personal loans, while classifying such exposures as standard (as set out under the Prudential Framework) subject to specified conditions.

Resolution Framework for COVID-19-related Stress dated August 6, 2020

The RBI has also issued a notification on August 6, 2020 titled 'Resolution Framework for COVID-19-related Stress' ("**COVID-19 Resolution Framework**"), Reference No. RBI/2020-21/16

DOR.No.BP. BC/3/21.04.048/2020-21). Under the COVID-19 Resolution Framework, lending institutions were required to frame policies, as approved by their board of directors, for implementation of viable resolution plans for eligible borrowers pursuant to the COVID-19 Resolution Framework and ensure that the resolution plans under this facility were extended only to borrowers bearing stress on account of the COVID-19 pandemic. The resolution plan extended to eligible borrowers could be invoked anytime till December 31, 2020 and was to be implemented within 180 days from the date of invocation (within 90 days in case of personal loans.).

Resolution Framework for COVID-19-related Stress dated August 6, 2020

The RBI has also issued a notification on August 6, 2020 titled 'Resolution Framework for COVID-19-related Stress' ("**COVID-19 Resolution Framework**"), Reference No. RBI/2020-21/16DOR.No.BP. BC/3/21.04.048/2020-21). Under the COVID-19 Resolution Framework, lending institutions were required to frame policies, as approved by their board of directors, for implementation of viable resolution plans for eligible borrowers pursuant to the COVID-19 Resolution Framework and ensure that the resolution plans under this facility were extended only to borrowers bearing stress on account of the COVID-19 pandemic. Circular dated September 7, 2020 on resolution framework for COVID-19 related Stress - Financial Parameters

The RBI, pursuant to its circular dated September 7, 2020 (Reference No. RBI/2020-21/34 DOR.No.BP. BC/13/21.04.048/2020-21) on "Resolution Framework for COVID-19-related Stress - Financial Parameters", set out key ratios to be mandatorily considered while finalizing the resolution plans in respect of COVID-19 Resolution Framework. Further, it also prescribed sector specific thresholds to be considered by the lending institutions, intended as floors or ceilings. The resolution plans were required to take into account the pre- COVID-19 operating and financial performance of the borrower and impact of COVID-19 on its operating and financial performance at the time of finalizing the resolution plan, to assess the cash flows in subsequent years, while stipulating appropriate ratios in each case. Lending institutions were free to consider other financial parameters as well while finalizing the resolution assumptions in respect of eligible borrowers apart from the above mandatory key ratios and the sector-specific thresholds that have been prescribed.

TLTRO on Tap Scheme

The targeted long-term repo operations on tap scheme of the RBI (“**TLTRO on Tap Scheme**”), announced on October 9, 2020 focuses on liquidity measures and revival of activity in specific sectors and, allows banks to avail liquidity to be deployed in corporate bonds, commercial paper and non-convertible debentures issued by entities in such specified sectors. The liquidity availed by banks could also be used to extend bank loans and advances to these sectors. The RBI through its ‘Statement on Developmental and Regulatory Policies’ and its press release dated February 5, 2021 stated that NBFCs are well recognised conduits for reaching out last mile credit and act as a force multiplier in expanding credit to various sectors and accordingly, permitted funds from banks under the TLTRO on Tap Scheme to be provided to NBFCs for incremental lending to these sectors until March 31, 2021. The TLTRO on Tap Scheme has further been extended by a period of nine months i.e., up to December 31, 2021 with a view to increasing the focus of liquidity measures on revival of activity in specified sectors.

Scheme for grant of ex-gratia payment of difference between compound interest and simple interest for six months to borrowers in specified loan accounts

On October 23, 2020, the Ministry of Finance, Government of India announced a scheme for grant of ex-gratia payment of difference between compound interest and simple interest by way of reliefs for the six months period from March 1, 2020 to August 31, 2020, to borrowers in specified loan accounts (“**October 2020 Scheme**”), benefits of which would be routed through lending institutions. The October 2020 Scheme was applicable to all lending institutions, including, inter alia, banking companies, NBFCs and housing finance companies. Borrowers who had loan accounts with sanctioned limits and outstanding amounts not exceeding ₹20 million as on February 29, 2020 were eligible under the October 2020 Scheme, subject to certain conditions. Borrowers of the following classes of loans were eligible, namely (i) MSME loans; (ii) education loans; (iii) housing loans; (iv) consumer durable loans; (v) credit card dues; (vi) automobile loans; (vii) personal loans to professionals; and (viii) consumption loans.

Circular dated April 7, 2021 on Asset Classification and Income Recognition

The RBI, pursuant to the decision of the Supreme Court of India in Small Scale Industrial Manufacturers Association v. Union of India, dated March 23, 2021, has issued a circular dated April 7, 2021 (the “**April 2021 Circular**”, Reference No. RBI/2021-22/17 DOR.STR.REC.4/21.04.048/2021-22). The April 2021 Circular stipulates that all lending institutions (including NBFCs) are required to implement a board-approved policy to refund/adjust the “interest on interest” charged to the borrowers during the moratorium period, i.e. March 1, 2020 to August 31, 2020 in conformity with the above judgement. In order to ensure that the above judgement is implemented uniformly in letter and spirit by all lending institutions, the methodology for calculation of the amount to be refunded/adjusted for different facilities is required to be finalised by the Indian Banks Association in consultation with other industry participants/bodies, which shall be adopted by all lending institutions. The above reliefs shall be applicable to all borrowers, including those who had availed of working capital facilities during the moratorium period, irrespective of whether moratorium had been fully or partially availed, or not availed, in terms of the circulars dated March 27, 2020 and May 23, 2020.

Further, in relation to asset classification, the April 2021 Circular stipulates that, (i) in respect of accounts which were not granted any moratorium in terms of the COVID-19 regulatory relief provided, asset classification is to be undertaken in terms of the criteria laid out in the Master Circular - Prudential Norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances dated July 1, 2015 (Reference No. RBI/2015-16/101 DBR.No.BP.BC.2/21.04.048/2015-16) or other relevant instructions as applicable to the specific categories of lending institutions; and (ii) in respect of accounts in relation to which a moratorium was granted in terms of the COVID-19 regulatory relief, the asset classification for the period from March 1, 2020 to August 31, 2020 shall be governed in terms of the circular dated April 17, 2020 (Reference No. RBI/2019-20/220

DOR.No.BP.BC.63/21.04.048/2019-20), read with circular dated May 23, 2020 (Reference No. RBI/2019-20/244 DOR.No.BP.BC.71/21.04.048/2019-20). For the period commencing September 1, 2020, asset classification for all such accounts shall be as per the applicable income recognition and asset classification norms.

Circular dated May 5, 2021 on Resolution Framework for Advances to Individuals and Small Businesses

Through its circular dated May 5, 2021 titled 'Resolution Framework - 2.0: Resolution of COVID-19 related stress of Individuals and Small Businesses' (Reference No. RBI/2021-22/31 DOR.STR.REC.11/21.04.048/2021- 22), the RBI has permitted lending institutions to offer a limited window to individual borrowers and small businesses to implement resolution plans in respect of their credit exposures while classifying such credit exposures as 'standard' upon implementation of the resolution plan, subject to certain conditions specified under the circular. The lending institutions are required to frame policies, approved by the board of directors, pertaining to the implementation of viable resolution plans for eligible borrowers ensuring that the resolution under this facility is provided only to the borrowers having stress on account of COVID-19. The last date for invocation of resolutions under the window provided was September 30, 2021. The resolution plans implemented under this window may, inter alia, include rescheduling of payments, conversion of any interest accrued or to be accrued into another credit facility, revisions in working capital sanctions, and granting of moratorium, based on income streams of the borrower. The moratorium period, if granted, may be for a maximum of two years, and shall come into force immediately upon implementation of the resolution plan. The extension of the residual tenor of the loan facilities may also be granted to borrowers, with or without payment moratorium. The overall cap on extension of residual tenor, inclusive of moratorium period if any permitted, shall be two years.

 - (i) with voting rights; and/or
 - (ii) with differential rights as to dividend, voting or otherwise in accordance with the Act; and
- (b) Preference share capital (as defined in Section 43 of the Act).

6. **SHARES AT THE DISPOSAL OF THE DIRECTORS**

Subject to the provisions of the Act and these Articles, the shares in the capital of the Company shall be under the control of the Board of Directors who may issue, allot or otherwise dispose of all or any of such shares to such persons, in such proportion and on such terms and conditions and either at a premium or at par or at a discount (subject to compliance with Section 52 and 53 and other provisions of the Act) and at such time as they may from time to time think fit and with the sanction of the Company in General Meeting give to any person the option or right to call for any shares either at par or at a premium during such time and for such consideration as the Board of Directors think fit.

7. **CONSIDERATION FOR ALLOTMENT**

The Board of Directors may issue and allot shares of the Company as payment in full or in part, for any property purchased by the Company or in respect of goods sold or transferred or machinery or appliances supplied or for services rendered to the Company in the acquisition and/or in the conduct of its business; and any shares which may be so allotted may be issued as fully paid up shares and if so issued shall be deemed as fully paid up shares. Provided that, the option or right to call for shares shall not be given to any person or persons without the sanction of the Company in a General Meeting. As regards all allotments, from time to time made, the Board shall duly comply with Sections 23 and 39 of the Act, as the case may be.

8. **SUB-DIVISION, CONSOLIDATION AND CANCELLATION OF SHARE CERTIFICATE**

Subject to the provisions of the Act and these Articles, the Company in its General Meetings may, by an Ordinary Resolution, from time to time:

- (a) increase the share capital by such sum, to be divided into shares of such amount as it thinks expedient;
- (b) divide, sub-divide or consolidate its shares, or any of them, and the resolution whereby any share is sub-divided, may determine that as between the holders of the shares resulting from such sub-division one or more of such shares have some preference or special advantage in relation to dividend, capital or otherwise as compared with the others;
- (c) cancel shares which at the date of such General Meeting have not been taken or agreed to be taken by any person and diminish the amount of its share capital by the amount of the shares so cancelled;

- (d) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares; provided that any consolidation and division which results in changes in the voting percentage of Members shall require applicable approvals under the Act; and
- (e) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination.

9. FURTHER ISSUE OF SHARES

- (1) Where at any time the Board or the Company, as the case may be, propose to increase the subscribed capital by the issue of further shares then such shares shall be offered, subject to the provisions of section 42 and section 62 of the Act, and the rules made thereunder:

- (i) to the persons who at the date of the offer are holders of the Equity Shares of the Company, in proportion as nearly as circumstances admit, to the paid-up share capital on those shares by sending a letter of offer subject to the conditions mentioned in (ii) to (iv) below;
- (ii) The offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than fifteen days or such lesser number of days as may be prescribed and not exceeding thirty days from the date of the offer, within which the offer if not accepted, shall be deemed to have been declined.

Provided that the notice shall be dispatched through registered post or speed post or through electronic mode or courier or any other mode having proof of delivery to all the existing shareholders at least three days before the opening of the issue;

- (iii) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person and the notice referred to in sub-clause (ii) shall contain a statement of this right;
- (iv) After the expiry of time specified in the notice aforesaid or on receipt of earlier intimation from the person to whom such notice is given that the person declines to accept the shares offered, the Board of Directors may dispose of them in such manner which is not disadvantageous to the Members and the Company;
 - (A) to employees under any scheme of employees' stock option subject to Special Resolution passed by the Company and subject to the rules and such other conditions, as may be prescribed under applicable law; or
 - (B) to any person(s), if it is authorised by a Special Resolution, whether or not those persons include the persons referred to in clause (A) or clause (B) above either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to compliance with the applicable conditions of Chapter III of the Act and any other conditions as may be prescribed under the Act and the rules made thereunder;

- (2) Nothing in sub-clause (iii) of Clause (1)(A) shall be deemed:

- (i) To extend the time within which the offer should be accepted; or
- (ii) To authorize any person to exercise the right of renunciation for a second time on the ground that the person in whose favour the renunciation was first made has declined to take the shares compromised in the renunciation.

- (3) Nothing in this Article shall apply to the increase of the subscribed capital of the Company caused by the exercise of an option as a term attached to the debentures issued or loans raised by the Company to convert such debentures or loans into shares in the Company or to subscribe for shares of the Company:

Provided that the terms of issue of such debentures or loans containing such an option have been approved before the issue of such debentures or the raising of such loans by a Special Resolution passed by the Company in a General Meeting.

- (4) Notwithstanding anything contained in Article 11(3) hereof, where any debentures have been issued, or loan has been obtained from any government by the Company, and if that government considers it necessary in the public interest so to do, it may, by order, direct that such debentures or loans or any part thereof shall be converted into shares in the Company on such terms and conditions as appear to the Government to be reasonable in the circumstances of the case even if terms of the issue of such debentures or the raising of such loans do not include a term for providing for an option for such conversion:

Provided that where the terms and conditions of such conversion are not acceptable to the Company, it may, within sixty days from the date of communication of such order, appeal to National Company Law Tribunal which shall after hearing the Company and the Government pass such order as it deems fit.

A further issue of shares may be made in any manner whatsoever as the Board may determine including by way of preferential offer or private placement, subject to and in accordance with the Act and the rules made thereunder.

10. **ALLOTMENT ON APPLICATION TO BE ACCEPTANCE OF SHARES**

Any application signed by or on behalf of an applicant for shares in the Company followed by an allotment of any shares therein, shall be an acceptance of shares within the meaning of these Articles, and every person who thus or otherwise accepts any shares and whose name is on the Register of Members, shall, for the purpose of these Articles, be a Member.

11. **RETURN ON ALLOTMENTS TO BE MADE OR RESTRICTIONS ON ALLOTMENT**

The Board shall observe the restrictions as regards allotment of shares to the public contained in the Act, and as regards return on allotments, the Directors shall comply with applicable provisions of the Act.

12. **MONEY DUE ON SHARES TO BE A DEBT TO THE COMPANY**

The money (if any) which the Board shall, on the allotment of any shares being made by them, require or direct to be paid by way of deposit, call or otherwise in respect of any shares allotted by them, shall immediately on the inscription of the name of allottee in the Register as the name of the holder of such shares, become a debt due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.

13. **INSTALLMENTS ON SHARES**

If, by the conditions of allotment of any shares, whole or part of the amount or issue price thereof shall be payable by installments, every such installment shall, when due, be paid to the Company by the person who, for the time being and from time to time, shall be the registered holder of the share or his legal representative.

14. **MEMBERS OR HEIRS TO PAY UNPAID AMOUNTS**

Every Member or his heirs, executors or administrators shall pay to the Company the portion of the capital represented by his share or shares which may, for the time being remain unpaid thereon, in such amounts, at such time or times and in such manner, as the Board shall from time to time, in accordance with these Articles require or fix for the payment thereof.

15. **VARIATION OF SHAREHOLDERS' RIGHTS**

- (a) If at any time the share capital of the Company is divided into different classes of shares, the rights attached to the shares of any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to provisions of the Section 48 of the Act, as the case may be, and whether or not the Company is being wound up, be varied with the consent in writing of the

holders of not less than three-fourth of the issued shares of that class or with the sanction of a Special Resolution passed at a separate meeting of the holders of the issued shares of that class, as prescribed by the Act.

- (b) Subject to the provisions of the Act, to every such separate meeting, the provisions of these Articles relating to meeting shall *mutatis mutandis* apply.
- (c) The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.

16. PREFERENCE SHARES

(a) Redeemable Preference Shares

The Company, subject to the applicable provisions of the Act and the consent of the Board, shall have the power to issue on a cumulative or non-cumulative basis, preference shares liable to be redeemed in any manner permissible under the Act, and the Directors may, subject to the applicable provisions of the Act, exercise such power in any manner as they deem fit and provide for redemption of such shares on such terms including the right to redeem at a premium or otherwise as they deem fit.

(b) Convertible Redeemable Preference Shares

The Company, subject to the applicable provisions of the Act and the consent of the Board, shall have power to issue on a cumulative or non-cumulative basis convertible redeemable preference shares liable to be redeemed in any manner permissible under the Act and the Directors may, subject to the applicable provisions of the Act, exercise such power as they deem fit and provide for redemption at a premium or otherwise and/or conversion of such shares into such securities on such terms as they may deem fit.

Provided that the term “**Preference Shares**” in this Article has the same meaning as defined in explanation (ii) to section 43 of the Act

The Company shall have the power to pay interest out of its capital on so much of the shares which have been issued for the purpose of raising money to defray the expenses of the construction of any work or building for the Company in accordance with the Act.

18. AMALGAMATION

Subject to provisions of these Articles, the Company shall have the power to make compromise or make arrangements with creditors and Members, consolidate, demerge, amalgamate or merge with other company or companies subject to the provisions of the Act and any other applicable law.

19. SHARE CERTIFICATES

- a) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall provide—
 - i. one certificate for all his shares without payment of any charges; or
 - ii. several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.
- b) Every certificate shall be signed by two directors duly authorized by the Board of Directors of the Company for the purpose or the committee of the Board, if so authorized by the Board and by the

Company secretary, wherever the Company has appointed a Company Secretary or any person authorized by the Board for the purpose and shall specify the shares to which it relates and the amount paid-up thereon.

- i. In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
- ii. The certificate of share registered in the name of two or more persons shall be delivered to the persons first named in the register in respect thereof unless such joint holders otherwise direct in writing.
- iii. If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deems adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.
- iv. The provisions of this Article 3.4 shall *mutatis mutandis* apply to debentures of the Company.
- v. Except as required by law, no person shall be recognised by the Company as holding any share upon any trust, and the Company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these Articles or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
- vi. Every certificate shall specify the shares to which it relates and the amount paid-up thereon and shall be signed by two Directors or by a Director and the company secretary, wherever the Company has appointed a company secretary.

20. **PAYMENT OF COMMISSION**

- a) The Company may exercise the powers of paying commissions conferred by sub-section (6) of Section 40 of the Act, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that Section and rules made there under.
- b) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of Section 40 of the Act.
- c) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

21. **ALTERATION OF CAPITAL**

- a) The Company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
- b) Subject to the provisions of Section 61 of the Act, the Company may, by ordinary resolution:
 - (i) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
 - (ii) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;

- (iii) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person; or
- (iv) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum.

22. Where shares are converted into stock,—

- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

- (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
- (c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.

23. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law,—

- (ii) If at any time Directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.
69. **Proceedings at general meetings**
- (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
 - (ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
70. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the Company.

71. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the Directors present shall elect one of their members to be Chairperson of the meeting.
72. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.
73. **Adjournment of meeting**
- (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.
 - (ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
 - (iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
 - (iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.
74. **Voting rights**
- Subject to any rights or restrictions for the time being attached to any class or classes of shares,—
- (a) on a show of hands, every member present in person shall have one vote; and
 - (b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.
75. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
- (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
 - (ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
76. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
77. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
78. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
79. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
- (ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

80. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which

the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

81. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
82. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

TRANSFERS OF SHARES

83. General

- a) No Shareholder shall Transfer the Equity Securities held by it in the Company other than in accordance with the provisions of these Articles. If any Transfer of Equity Securities of the Company is made in violation of the provisions of these Articles, such Transfer shall be null and void and shall not be binding on the Company and/or the Shareholders.
- b) The instrument of transfer of any share in the Company shall be executed by or on behalf of both the transferor and transferee.
- c) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
- d) The Board may, in addition to the provisions of these Articles, and subject to the right of appeal conferred by Section 58 of the Act, decline to register:
 - i. the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
 - ii. any transfer of shares on which the Company has a lien.
- e) The Board may decline to recognise any instrument of transfer unless—
 - i. the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
 - ii. the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
 - iii. the instrument of transfer is in respect of only one class of shares.
- f) On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

RIGHTS ON TRANSMISSION

84. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.

- (ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
- 85. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—
 - (a) to be registered himself as holder of the share; or
 - (b) to make such transfer of the share as the deceased or insolvent member could have made.
- (ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
- 86. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
- (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- (iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.
- 87. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

ARTICLE IX – MISCELLANEOUS

88. Miscellaneous

- (a) The Company shall conduct its business at all times in compliance with all Applicable Laws in all material respects (including the RBI Regulations and Anti-Bribery/ Anti-Money Laundering Laws).

89. Call on Shares

- (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

- (ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the Company, at the time or times and place so specified, the amount called on his shares.
- (iii) A call may be revoked or postponed at the discretion of the Board.

- (iv) A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.
- (v) The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
- (vi) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent, per annum or at such lower rate, if any, as the Board may determine.
- (vii) The Board shall be at liberty to waive payment of any such interest wholly or in part.
- (viii) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these Articles, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
- (ix) In case of non-payment of such sum, all the relevant provisions of these Articles as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
- (x) The Board:
 - A. may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him, as contemplated in Section 50 of the Act; and
 - B. upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the Company in General Meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

90. **Lien**

- (i) The Company shall have a first and paramount lien:
 - a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
 - b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the Company:

Provided that the Board of Directors may at any time declare any share to be wholly or in part exempt from the provisions of this Article.
- (ii) The Company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.
- (iii) The Company may sell, in such manner as the Board thinks fit, any shares on which the Company has a lien:

Provided that no sale shall be made:

 - a) unless a sum in respect of which the lien exists is presently payable; or
 - b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
- (iv) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.

- (v) The purchaser shall be registered as the holder of the shares comprised in any such transfer.
- (vi) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
- (vii) The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
- (viii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

91. Forfeiture of Shares

- (i) If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.
- (ii) The notice aforesaid shall:
 - a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
 - b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
- (iii) If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
 - a) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
 - b) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
 - c) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the Company all monies which, at the date of forfeiture, were presently payable by him to the Company in respect of the shares.
 - d) The liability of such person shall cease if and when the Company shall have received payment in full of all such monies in respect of the shares.
 - e) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the Company, and that a share in the Company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share.
 - f) The Company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of.
 - g) The transferee shall thereupon be registered as the holder of the share.
 - h) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

- (iv) The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

92. **Transmission of Shares**

- (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.
- (ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

93. Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—

- (a) to be registered himself as holder of the share; or
- (b) to make such transfer of the share as the deceased or insolvent member could have made.

The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

94. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
- (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.
- (iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

95. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

96. **Issue / Redemption of Preference Shares**

The Company, subject to the provisions of Section 55 of the Act and subject to approval of the Shareholder by way of a special resolution shall have the power to issue preference shares which are liable to be redeemed, converted, partly converted, partly redeemed and the resolution authorizing such issue shall prescribe the manner, terms and conditions of issue, redemption and conversion of shares.

97. **Employees Stock Option**

The Company, subject to the provisions of Section 62 of the Act and subject to approval of the Shareholders by way of a special resolution shall have the power to issue shares under a scheme of employees' stock option formulated by the Company.

98. **Bank Accounts**

The Board of Directors or any committee to which the Board of Directors may delegate such power to, shall have the power to open bank accounts, to sign cheques on behalf of the Company, and to receive payments, make endorsements, draw and accept negotiable instruments, hundies and bills. The Board of Directors by way of resolutions shall authorize any other person or persons to open bank accounts, sign cheques and receive payments and carry out all financial transactions on behalf of the Company.

99. **Signing Agreements**

- a) The Board of Directors by way of resolutions shall authorize any Person to sign loan agreements and other agreements on behalf of the Company.
- b) A document or proceeding requiring authentication by a company or contracts made by or on behalf of a company may be signed by any Key Managerial Personnel (as defined in the Act) or an officer of the Company duly authorized by the Board in this behalf.

100. **Dematerialisation of Securities**

- a) Notwithstanding anything contained in these Articles, the Company shall be entitled to dematerialize its shares, debentures and other securities and to offer such securities in a dematerialised form pursuant to the Depositories Act, 1996.
- b) Notwithstanding anything contained in these Articles, and subject to the Applicable Law, the Company shall on a request made by a beneficial owner, re- materialize the shares, debentures and other securities, which are in dematerialised form.
- c) Every person subscribing to the shares, debentures and other securities offered by the Company shall have the option to receive shares/debenture certificates or to hold such securities with a depository. Such a person who is the beneficial owner of the shares, debentures and other securities can at any time opt out of a depository, if permitted by the Applicable Law, in respect of any such securities in the manner provided by the Depositories Act, 1996 and the Company shall in the manner and within the time prescribed, issue to the beneficial owner the required certificate.
- d) If a person opts to hold his shares, debentures and other securities with a depository, the Company shall intimate such depository the details of allotment of such securities and on receipt of the information, the depository shall enter in its record the name of the allottee as the beneficial owner of the securities.
- e) All shares, debentures and other securities held by a depository shall be dematerialised and shall be in a fungible form.
 - i. Notwithstanding anything contained in these Articles as amended from time to time, a depository shall be deemed to be the registered owner for the purposes of effecting any Transfer of ownership of shares on behalf of the beneficial owner.
 - ii. Save as otherwise provided in (a) above, the depository as the registered owner of the shares shall not have any voting rights or any other rights in respect of shares held by it.
 - iii. Every person holding shares, debentures and other securities of the Company and whose name is entered as the beneficial owner in the records of the depository shall be deemed to be the owner of such shares and shall also be deemed to be a Shareholder of the Company. The beneficial owner of the shares shall be entitled to all the liabilities in respect of his shares which are held by a depository.
- f) Notwithstanding anything contained in these Articles, shares, debentures and other securities are held in a depository, the records of the beneficial ownership may be served by such depository on the Company by means of electronic mode or by delivery of floppies or disks or any other mode as prescribed by law from time to time.

- g) Notwithstanding anything in these Articles, where securities are dealt with by a depository, the Company shall intimate the details thereof to the depository immediately on allotment of such securities.
- h) Nothing contained in these Articles regarding the necessity to have distinctive numbers for securities issued by the Company shall apply to securities held with a depository.

101. Chief Executive Officer, Manager, Company Secretary, Whole Time Director, Chief Financial Officer

Subject to the provisions of the Act,

- a) a chief executive officer, manager, company secretary, whole time director, or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;
- b) A Director may be appointed as chief executive officer, manager, company secretary or chief financial officer.
- c) A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

CAPITALISATION OF PROFITS

102. (i) The Company in General Meeting, may, on recommendation of the Board resolve:
- a. that it is desirable to capitalise any part of the amount for the time being standing to the credit of the Company's reserve accounts or to the credit of the profit and loss account or otherwise available for distribution; and
 - b. that such sum be accordingly set free for distribution in the manner specified in the sub-clause (b) amongst the Members who would have been entitled thereto if distributed by way of dividend and in the same proportion.
- (ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in sub-clause (c) below, either in or towards:
- a) paying up any amounts for the time being unpaid on shares held by such Members respectively;
 - b) paying up in full, unissued share of the Company to be allotted and distributed, credited as fully paid up, to and amongst such Members in the proportions aforesaid; or
 - c) partly in the way specified in sub-clause (i) and partly that specified in sub-clause (ii).
 - d) A securities premium account and a capital redemption reserve account or any other permissible reserve account may be applied as permitted under the Act in the paying up of unissued shares to be issued to Members of the Company as fully paid bonus shares.
 - e) The Board shall give effect to the resolution passed by the Company in pursuance of these Articles.
103. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—
- (a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and
 - (b) generally do all acts and things required to give effect thereto.
- (ii) The Board shall have power—

- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
 - (b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid- up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;
- (iii) Any agreement made under such authority shall be effective and binding on such members.

104. Power to Appoint Attorneys

The Board of Directors may at any time, and from time to time by power of attorney, appoint any Person/s to be the attorney or attorneys of the Company for such purpose and with such powers, authorities and discretion (not exceeding those vested in or exercisable by the Directors under these presents) and for such period and subject to such conditions as the Director may from time to time think fit and if any such appointment (if the Directors think fit) is made in favour of any company or the members, directors, nominees, or managers of any company or firm or otherwise in favour of any fluctuating body or persons whether nominated directly or indirectly by the Directors, such power of attorney may contain such powers for the protection or convenience of persons dealing with such attorneys as the Directors may think fit, and may contain powers enabling any such delegates or attorney as aforesaid to sub-delegate all or any of the powers, authorities and discretion for the time being vested in them.

105. Borrowing Powers

- a) The Board may from time to time, at its discretion, subject to the provisions of the Act raise or borrow money either from the Directors or from elsewhere and secure the payments of any sums of money for the purposes of the Company.
- b) Subject to the provisions of Section 179 of the Act, the Board of Directors shall be entitled and are hereby empowered at their discretion to borrow or raise money to any extent in such manner as they may deem fit and in particular by the issue of debentures or debenture stock, perpetual or otherwise, including debenture, or debenture stock convertible into shares of this or any other company and by way of security of any such money so borrowed, raised or received to mortgage, pledge or charge the whole or any part of the properties, assets or revenue of the Company, present or future, including its uncalled capital for the time being.

106. Accounts

- (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being Directors.
- (ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

107. Statutory Registers

The Company shall keep and maintain at its registered office or at such other place as the Directors think fit, all statutory registers including, register of charges, register of annual return, register of loans, guarantees, security and acquisitions, register of investments not held in its own name and register of contracts and arrangements for such duration as the Board may, unless otherwise prescribed, decide, and in such manner and containing such particulars as prescribed by the Act.

108. Audit

The auditors of the Company shall be appointed and their remuneration shall be fixed, their rights, duties and liabilities shall be regulated and their qualifications and disqualifications shall be in accordance with the provisions of Section 139 to Section 148, both inclusive of the Act.

109. **Dividends and Reserves**

- a. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
- b. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
- c.
 - (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, thinks fit.
 - (ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
- d.
 - (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.
 - (ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.
 - (iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.
- e. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the Company.
- f.
 - (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.
 - (ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.
- g. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
- h. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
- i. No dividend shall bear interest against the company.

110. **Financial and Accounting Practices**

- a) The Company shall ensure that its annual financial statements and reports, including the balance sheet and statements of income, retained earnings and changes in financial position, together with all supporting schedules and notes, are prepared on a consolidated basis in accordance with the accounting principles, and shall be audited by the auditors.
- b) The Company shall maintain accurate and complete books and records of all transactions, receipts, expenses, assets and liabilities of the Company in accordance with the accounting principles, consistently applied as approved and adopted by the Board of Directors.

111. Other Reports and Information

Upon reasonable advance notice, the Company shall provide any non-economic or non-financial information regarding the Company or the Subsidiary reasonably requested by a Shareholder which is in the Company's possession at the time of such request, for the purpose of permitting such Shareholder and its designated legal counsel to determine whether the holding by such Shareholder of shares would be illegal, prohibited or is otherwise deemed inappropriate by statute, regulation, governmental order or ministerial guidance applicable to such Shareholder.

112. General Clause

- a) Wherever it has been provided in the Act, that any company shall have any right, privilege or authority or that any company cannot carry out any transactions unless it is so authorised by its Article, then and in that case, these Articles hereby authorise and empower this Company to have such right privilege or authority and carry out such transactions as have been permitted by the Act, without there being any other specific article in that behalf herein provided.
- b) Subject to the provisions of the Act but without prejudice to any indemnity to which they may be entitled, the Directors (including Promoter Nominee Directors), Alternate Directors, Secretary, Managers and other officers of the Company shall be indemnified out of the Company's assets against all liability incurred by them as such in defending any proceedings, whether civil or criminal, in respect of alleged negligence, default, breach of duty or breach of trust, in which they are acquitted or in connection with any application under the Act in which relief is granted to them by the court or the Tribunal.
- c) The Shareholders agree and undertake to execute and perform all such deeds, documents, assurances, acts and things and to exercise all powers and rights available to them, including the convening of all meetings and the giving of all waivers and consents and passing of all resolutions reasonably required to give effect to the terms of this Articles. Each Shareholder agrees to extend reasonable cooperation to enable the other Shareholders to exercise their rights under this Articles including obtaining any Consent as may be required.
- d) The Shareholders undertake that they shall, at all times, exercise all their voting and other rights, available with each of them, with respect to the Company and under this Articles, in such manner as to comply with all its obligations, undertakings and covenants under this Articles. The Company undertakes that it shall, at all times, exercise all its voting and other rights, available with it, with respect to CIFCPL, in such manner as to procure or ensure or cause CIFCPL to comply with all its obligations, undertakings and covenants under the Articles.

113. Buy-back of shares

Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

114. Restructuring

- a) In the event that any Governmental Authority or any Law requires the internal or external restructuring of the Company and/or its Affiliates and/or their businesses (including without limitation by way of Transfer, infusion of funds and/ or setting aside/ ring-fencing of funds to infuse in a subsidiary, setting up of subsidiaries or holding companies, conversion, merger,

amalgamation, swap, hiving off, conversion into a regulated entity such as a NBFC or any other process) on account of commencing any new business in the financial services sector approved by the Board, the Promoter and the Company may undertake such restructuring at such time and in such manner as may be determined by the Board, after due consultation with professional advisers in this regard, and the Shareholders shall do all actions as may be required to give effect to such restructuring, including execution of requisite documentation, and co-operating with any requests of information or other requirements from any Governmental Authority.

- b) No Shareholder will be permitted to utilize any veto or other rights to block such restructuring.

115. **Covenants**

The provisions of, and the rights and obligations under the Shareholders Agreement and the articles of association of the Promoter shall apply to the Company and its Subsidiaries, to the extent relevant and applicable, and the Company and the Subsidiaries shall act in accordance with the Shareholders Agreement and the articles of association of the Promoter.

116. **Dispute Resolution**

- a) The Company and Shareholders shall negotiate in good faith to resolve any and all disputes and claims arising out of or relating to or in connection with these Articles or the breach, termination or invalidity thereof ("**Dispute**"). If the Company and Shareholders are unable to resolve the Dispute as aforesaid, the Dispute shall be submitted to final and binding arbitration at the request of any of the disputing parties upon a written notice to that effect to the other disputing party.
- b) The arbitration shall be conducted in accordance with the Arbitration Rules of the Singapore International Arbitration Centre ("**SIAC Rules**"), which SIAC Rules are deemed to be incorporated by reference into this Article.
- c) All proceedings of such arbitration shall be in the English language. The seat and venue of the arbitration shall be in Bengaluru, India.
- d) The arbitration shall be conducted by a sole arbitrator or a panel of arbitrators appointed in accordance with the SIAC Rules.
- e) The existence of a Dispute, or the commencement or continuation of arbitration proceedings shall not, in any manner, prevent or postpone the performance of those obligations of the disputing parties under these Articles which are not in dispute.
- f) Nothing shall preclude a disputing party from seeking interim equitable or injunctive relief, or both, from any court having jurisdiction to grant the same. The pursuit of equitable or injunctive relief shall not be a waiver of the right of the disputing parties to pursue any remedy through arbitration under this Article.
- g) Each disputing party shall bear the fees, disbursements and other charges of its counsel and the arbitrator nominated by it, except as may be otherwise determined by the panel of arbitrators. The fee of the presiding arbitrator shall be borne equally by the disputing parties.

117. **Winding up**

Subject to the provisions of Chapter XX of the Act and rules made thereunder—

- a) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.
- b) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

- c) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

8. We have not audited any standalone financial statements of the Company as of any date or for any period subsequent to March 31, 2023. Accordingly, we do not express any opinion on the standalone financial position, results or cash flows of the Company as of any date or for any period subsequent to March 31, 2023.

Opinion

- 9. Based on our examination and according to the information and explanations given to us, and based on reliance placed on the examination report submitted by the Previous Auditors for the respective years, we report that the Reformatted Standalone Financial Information has been prepared, in all material aspects, in accordance with the Basis of Preparation stated in Note 3 to the Reformatted Standalone Financial Information.
- 10. The Reformatted Standalone Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the audited Standalone Financial statements mentioned in paragraph 6 above.
- 11. This report should not in any way be construed as a re-issuance or re-dating of any of the prior audit reports issued by us or the Previous Auditors on the standalone financial statements of the Company.
- 12. We have no responsibility to update our report for events and circumstances occurring after the date of this report.

Emphasis of Matter

13. The Examination Report issued by the Previous Auditors on the 2022 and 2021 Reformatted Standalone Financial Information, as referred in Paragraph 7(b) above, included the following paragraph which has been reproduced below:

“Financial year ended March 31, 2021

We draw attention to Note 3 to the accompanying standalone financial statements, which describes the uncertainty relating to the effects of COVID-19 pandemic on the Company’s operations and the impact on the impairment provision recognised towards the unquoted investments outstanding as on 31 March 2021. Our opinion is not modified in respect of this matter”

The above has been reproduced as Note 3.1 to the Reformatted Standalone Financial Information.

Other Matter

14. As indicated in our report on standalone financial statements dated May 26, 2023 as at and for the year ended March 31, 2023, referred in paragraph 7 (a) above, the following Other Matters have been included:

“The standalone financial statements of the company for the year ended March 31, 2022 were audited by another firm of Chartered Accountants under Companies Act, 1956, who vide their report dated May 21, 2022, expressed an unmodified opinion on those standalone financial statements.”

2. During the year ended 31 March 2020, controlling stake in the Company was initially acquired by Mr. Sachin Bansal w.e.f. 24 October 2019 and was subsequently transferred to Navi Technologies Limited (formerly known as Navi Technologies Private Limited) ('the Holding Company') w.e.f. 30 March 2020. The Company is a holding company of Chaitanya India Fin Credit Private Limited ('the Subsidiary Company') since 12 November 2014. The Company has received Certificate of registration from Reserve Bank of India dated 11 March 2016, to carry on the business of Non-Banking Financial Institution without accepting deposits.

3. Basis of preparation

The Reformatted Financial Information of the company comprises of the Reformatted Standalone Balance Sheet as at 31 March 2023, 31 March 2022 and 31 March 2021, Reformatted Standalone Statement of Profit and Loss (including other comprehensive income), Reformatted Standalone Statement of Changes in Equity and Reformatted Standalone Statement of Cash Flow for the each of the years ended 31 March 2023, March 31, 2022 and March 31, 2021 and Notes to the Reformatted Standalone Financial Information (Collectively, the "Reformatted Standalone Financial Information"). The Reformatted Standalone Financial Information have been prepared by the management of the Company for the purpose of inclusion in the Draft Prospectus ("Draft Prospectus") to be submitted/filed by the company with the Securities Exchange Board of India, BSE Limited and National Stock Exchange of India Limited as per the requirements of Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended issued by SEBI (the "NCS Regulations"), in connection with the proposed public issue of Secured non-convertible debentures ("Offering"). These Reformatted Standalone Financial Information, which have been approved by the Board of Directors of the Company, have been prepared in accordance with the requirements of:

- a) Section 26 of the Companies Act, 2013 ("the Act") as amended;
- b) Regulation 28(4) read with Paragraph 2.2.28 of Part A of Schedule I of the SEBI NCS Regulations; and
- c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended (the "Guidance Note").

The Reformatted Standalone Financial Information have been prepared by the Management from the audited standalone financial statements of the Company as at and for each of the years ended 31 March 2023, March 31, 2022 and March 31, 2021, which are prepared in accordance with Indian Accounting Standards (Ind AS) specified under the Section 133 of the Companies Act, 2013, Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act, which have been approved by the Board of Directors of the Company at their meetings held on May 26, 2023, May 21, 2022 and June 24, 2021 respectively. These Reformatted Standalone Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of auditor's reports on audited standalone financial statements mentioned above.

3.1 The COVID-19, a global pandemic has affected the world economy including India, leading to significant decline and volatility in financial markets and decline in economic activities. The national lockdown announced on 23 March 2020 affected activities of organizations across the economic ecosystem, impacting earning prospects

and valuations of companies and creating huge volatility in the stock markets. The impact of COVID19 on Company's result remain uncertain and will be dependent on future developments including the second wave that has significantly increased the number of cases in India. The Company, as per the regulatory requirements, has put in place a COVID policy and has given moratorium to eligible borrowers. The Company's capital and liquidity position remains strong and would continue to be the focus area for the Management. There have been no significant changes to the Company's internal financial control other than providing remote access to some of its key employees during the lockdown. Based on the current assessment of the potential impact of the COVID-19 on the Company, management is of the view that the Company is well capitalised and has adequate liquidity to service its obligations, sustain its operations and also look at any appropriate investment/ lending opportunities. The Company has recognized provisions as on 31 March 2021, towards its loan assets to the extent of ₹ 9,671.39 lakhs which includes an additional provision of ₹ 1,274.88 lakhs for impact of COVID-19 second wave, based on the information available at this point of time including economic forecasts, in accordance with the expected credit loss method. The Company believes that it has considered all the possible impact of the known events arising out of COVID-19 pandemic in the preparation of financial results. The extent to which the current pandemic will impact the carrying value of loan assets and unquoted investments is dependent on the future developments, which are highly uncertain at this point in time.

4. Significant accounting policies

4.1. Basis of preparation and measurement (contd')

(i) Going concern and basis of measurement

The financial statements have been prepared on a going concern basis under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value..

(ii) Use of estimates and judgements

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods. An overview of the areas that involve some degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed have been disclosed below.

- Business model assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principle and Interest ('SPPI') and the business model test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

- Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques

that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

- Provisions and other contingent liabilities

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

- Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- Impairment of financial assets

The measurement of impairment losses across all categories of financial assets requires judgement the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by several factors, changes in which can result in different levels of allowances.

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

- Effective Interest Rate (EIR) method

The Company's EIR methodology, recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognizes the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

- Leases

a. Determining the lease term of contracts with renewal and termination options – Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

b. Estimating the incremental borrowing rate

The Company cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Company would have to pay to for its borrowings.

4.2. Revenue recognition

i. Recognition of interest income

Interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through profit or loss ('FVTPL').

The EIR in case of a financial asset is computed.

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees received/ paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognized in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest income on credit impaired assets is recognized by applying the effective interest rate to the net amortised cost (net of impairment allowance) of the financial asset.

Interest income and impairment loss on financial assets measured at fair value through other comprehensive income (FVOCI) are recognized in statement of profit and loss. Any gain or loss on subsequent measurement is recognised in OCI and on derecognition the cumulative gain or loss recognised in OCI will be recycled to statement of profit and loss.

Delayed payment interest (penal interest and the like) levied on customers for delay in repayments/non-payment of contractual cashflows is recognised on realisation.

ii. Fee and commission income

- a) Fee income from loans are recognised at point in time upon satisfaction of following:

- i) Completion of service
- ii) and realisation of the fee income.

- b) Servicing and collections fees on assignment and securitization transactions are recognised upon completion of service in accordance with the terms of relevant contract / agreements.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted Standalone Financial Statements for the year ended 31 March 2023**Annexure V****iii. Recoveries against written off assets and fees received on collections.**

The Company recognises recoveries against written off assets and fees received on collections on realisation basis.

iv. Dividend income

Dividend income is recognized when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

v. Net gain/loss on derecognition of financial instruments under amortised cost category

In case where transfer of a part of financial assets qualifies for de-recognition, any difference between the proceeds received on such sale and the carrying value of the transferred asset is recognized as gain or loss on derecognition of such financial asset previously carried under amortisation cost category is presented separately under the respective head in the statement of profit and loss. The resulting interest only strip and subsequent unwinding is recognised under interest income

vi. Net gain/loss on fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Company on the balance sheet date is recognised as an unrealised gain/loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of profit and loss. Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes. As at the reporting date, the Company does not have any debt instruments measured at FVOCI.

vii. Other income

All other income is recognized on accrual basis when no significant uncertainty exists on their receipt.

4.3. Finance costs

Finance costs represents interest expense recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities measured at amortised cost.

The EIR in case of a financial liability is computed

- a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.

Navi Finserv Limited*(formerly known as Navi Finserv Private Limited)***Summary of significant accounting policies and other explanatory information to the Reformatted Standalone Financial Statements for the year ended 31 March 2023****Annexure V**

c. Including all fees paid/ received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Other borrowing costs (“others”) would include commitment charges, loan processing charges, guarantee charges, loan facilitation charges, discounts/premium on borrowings, other ancillary costs incurred in connection with borrowings, or amortization of such costs, etc. Such finance costs that do not meet the definition of transaction costs directly attributable to issue of a financial liability and are therefore not included as a part of EIR, shall be presented under ‘Other borrowing costs’.

4.4. Property, Plant and Equipment:

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes all expenses, direct and indirect, specifically attributable to its acquisition and bringing it to its working condition for its intended use. Incidental expenditure pending allocation and attributable to the acquisition of fixed assets is allocated/ capitalised with the related assets. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

Depreciation

Depreciation on property, plant and equipment has been provided on the written down value method as prescribed in Schedule II of Companies Act 2013 or the rates determined by the management as per estimated useful life of the assets, whichever is higher. All individual assets (other than furniture and fixtures and office equipment) valued less than ₹ 5,000 are depreciated in full in the year of acquisition. The useful life of the assets is as follows:

Asset class	Useful life adopted by the Company
Electrical Installations and Equipment	5 years
Computers and accessories	3 years
Office equipment	5 years
Furniture and fixtures	10 years
Vehicle - Motor car	8 years
UPS	10 years

Depreciation is calculated on a pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed off.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on

de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss when the asset is derecognized.

4.5. Intangible assets

Intangible assets are carried at cost less accumulated amortization and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the tax authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company

Intangible assets acquired separately are measured on initial recognition at cost. Subsequently, they are carried at cost less accumulated amortisation and impairment losses if any, and are amortised over their estimated useful life on the straight-line basis over a 3-year period or the license period whichever is lower.

Any gain or loss on disposal of an item of intangible assets is recognized in statement of profit or loss.

The carrying amount of the assets is reviewed at each Balance sheet date to ascertain impairment based on internal or external factors. Impairment is recognised, if the carrying value exceeds the higher of the net selling price of the assets and its value in use.

For amortization of intangibles, the amortization amount is allocated on a systematic basis over the best estimate of its useful life.

4.6. Fair value measurement

The Company measures financial instruments at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of

unobservable inputs. For assets and liabilities that are recognized in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

4.7. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets:

Initial recognition and measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognized on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Loans are recognized when fund transfers are initialized to customer bank account or when the company assumes unconditional obligation to release the disbursement to the third party on direction of the borrower whichever is earlier.

The company recognises debt securities and borrowings when funds are received the bank account of the company.

Classification subsequent measurement of financial assets

Financial assets carried at amortized cost – a financial asset is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Financial assets are measured at FVTOCI (Fair value through other comprehensive income)

A financial asset is measured at the FVTOCI if both the following conditions are met:

- a) The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets.
- b) The contractual terms of the financial asset meet the SPPI test.

Interest income and impairment loss on financial assets measured at fair value through other comprehensive income (FVOCI) are recognized in statement of profit and loss. Any gain or loss on subsequent measurement is recognised in OCI and on derecognition the cumulative gain or loss recognised in OCI will be recycled to statement of profit and loss.

Financial assets measured at fair value through profit or loss

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Modification and Derecognition of Financial Assets

(a) Modification of financial assets

A modification of a financial asset occurs when the contractual terms governing the cash flows of a financial asset are renegotiated or otherwise modified between the initial recognition and maturity of the financial asset. A modification affects the amount and/or timing of the contractual cash flows either immediately or at a future date. The company renegotiates loans to customers in financial difficulty to maximise collection and minimise the risk of default. Modification of loan terms is granted in cases where although the borrower made all reasonable efforts to pay under the original contractual terms, there is a risk of default or default has already happened and the borrower is expected to be able to meet the revised terms. The revised terms in most of the cases include an extension of the maturity of the loan, changes to the timing of the cash flows of the loan (principal and interest repayment). When a financial asset is modified the company assesses whether this modification results in derecognition. In accordance with the company's policy, a modification results in derecognition when it gives rise to substantially different terms. Where a modification does not lead to derecognition, the company calculates the modification gain/loss comparing the gross carrying amount before and after the modification and accounts for the same in the Statement of Profit and Loss

(b) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either:

- The Company has transferred its contractual rights to receive cash flows from the financial asset

Or

- It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities, when all of the following three conditions are met:

- The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- The Company cannot sell or pledge the original asset other than as security to the eventual recipients
- The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Company has transferred substantially all the risks and rewards of the asset

Or

- The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company's continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of credit enhancement or a guarantee issued by the Originator over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration the Company could be required to pay.

In case where transfer of a part of financial assets qualifies for de-recognition, any difference between the proceeds received on such sale and the carrying value of the transferred asset is recognised as gain or loss on de-recognition of such financial asset previously carried under amortisation cost category. The resulting interest only strip initially is recognised in the statement of profit and loss and re-assessed at the end of every reporting period.

Servicing of Assets /Liabilities

The Company transfers loans through direct assignment transactions. The transferred loans are de-recognised and gains/losses are accounted for, only if the Company transfers substantially all risks and rewards specified in the underlying assigned loan contract. In accordance with the Ind AS 109, on de-recognition of a financial asset under assigned transactions for a fee, the Company recognises either a servicing asset or a servicing liability for servicing contract. If the fee to be received is not expected to compensate the Company adequately for

Navi Finserv Limited*(formerly known as Navi Finserv Private Limited)***Summary of significant accounting policies and other explanatory information to the Reformatted Standalone Financial Statements for the year ended 31 March 2023****Annexure V**

performing the servicing activities, a servicing liability for the servicing obligation is recognised. If the fee to be received is expected to be more than adequate compensation for the servicing activities, a servicing asset is recognized with corresponding amount is recognised in Statement of Profit and Loss.

Derivative Financial Instruments

The Company enters into a variety of derivative financial instruments to manage its exposure to interest rate risk. Derivatives held include interest rate swaps. Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Company designates certain derivatives as either hedges of the fair value of recognised assets or liabilities (fair value hedges) or hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability. During the year, the Company do not have any cash flow hedge.

Financial liabilities and Equity classification**Classification as debt or equity –**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments –

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities –

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

De-recognition

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-

recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Convertible Instruments

The fair value of the liability portion of compulsory convertible debentures (CCD) is determined using a interest rate for an equivalent non-convertible bond. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion or redemption of the CCD. The remainder of the proceeds is attributable to the equity portion of the compound instrument. This is recognised and included in shareholders' equity, net of income tax effects, and not subsequently remeasured

4.8. Impairment of financial assets

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) (general approach) model for measurement and recognition of impairment loss on loans. For other financial assets, the Company follows simplified approach of ECL model.

4.8.1. Overview of the Expected Credit Loss (ECL) Model

Expected credit losses ('ECL') are recognised for applicable for loans , other financial assets held under amortised cost, debt instruments measured at FVOCI

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss).

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Company does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest days past due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Company categorizes its loans into Stage 1, Stage 2 and Stage 3 as described below:

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted Standalone Financial Statements for the year ended 31 March 2023

Annexure V

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The company classifies all loans /investments up to 30 days by due (other than ever 90 cases) under this category. Stage 1 financial instruments also include facilities where the credit risk has improved, and the loan has been reclassified from Stage 2.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. The Company classifies all loans over 30 Days Past Due (other than over 90 cases) is considered as significant increase in credit risk.

Stage 3

Financial instruments are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a financial instrument. The Company classifies all financial assets over 90 Days Past Due as credit impaired assets. The Company considers life time ECL for those assets.

The Company also considers loan accounts which has moved to 90 + Days Past Due during the year or in previous years and has not fully repaid the interest and principal as credit impaired or Stage 3 assets.

4.8.2. Estimation of Expected Credit loss

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

- Probability of Default (PD) - The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously de-recognized and is still in the portfolio.
- Exposure at Default (EAD) -The Exposure at Default is an estimate of the exposure at a future default date (in case of Stage 1 and Stage 2), taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise. In case of Stage 3 loans EAD represents gross exposure as on the reporting date.
- Loss Given Default (LGD) - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

Forward looking information

While estimating the expected credit losses, the Company reviews macro-economic developments occurring in the economy and the market it operates in. On a periodic basis, the Company analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Company based on its internal data. While the internal

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted Standalone Financial Statements for the year ended 31 March 2023**Annexure V**

estimates of PD, LGD rates by the Company may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Collateral valuation

To mitigate its credit risks on financial assets, the Company seeks to use collateral, where possible. The collateral comes in various forms, such as immovable assets. However, the fair value of collateral affects the calculation of ECL and the fair value is based on data provided by third party or management judgements.

Collateral repossessed

In its normal course of business whenever default occurs, the Company may take possession of properties in its retail portfolio and generally disposes such assets through auction, to settle outstanding debt. Any surplus funds are returned to the customers/obligors. As a result of this practice, assets under legal repossession processes are not recorded on the balance sheet.

Write-offs

Financial assets are written off either partially or in their entirety to the extent that there is no realistic prospect of recovery. The Company reduces the gross carrying amount of a financial asset. However financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any subsequent recoveries made are recognized in the statement of profit and loss.

4.9. Employee benefits:

The Company provides employment benefits through various defined contribution and defined benefit plans. Employee benefits include Provident Fund, Gratuity and Bonus.

Defined contribution plans

A defined contribution plan is a plan under which the Company pays fixed contributions into an independent fund administered by the government. The Company has no legal or constructive obligations to pay further contributions after its payment of the fixed contribution, which are recognized as an expense in the year in which the related employee services are received.

Defined benefit plans

The defined benefit plans sponsored by the Company define the amount of the benefit that an employee will receive on completion of services by reference to length of service and last drawn salary. The legal obligation for any benefits remains with the Company.

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognized in the financial statements in respect of gratuity is the present value of the defined benefit obligation at the reporting date, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is calculated at or near the reporting date by an independent actuary using the projected unit credit method.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of Other Comprehensive Income (OCI) in the year in which such gains or losses are determined.

Short-term employee benefits

Expense in respect of other short term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

4.10. Leases

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate as on the date of lease commencement date

Identification of lease:

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

Recognition of lease payments:

Rent expenses representing operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the increase is in line with expected general inflation, in which case lease payments are recognized based on contractual terms.

Leases that do not transfer to the Company substantially all of the risks and benefits incidental to ownership of the leased items are operating leases

Short-term leases and leases of low-value assets

The Company has elected not to recognize right-of-use assets and lease liabilities for short-term leases of assets that have a lease term of 12 months or less and leases of low-value assets. The Company recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

4.11. Taxes

Current tax and Deferred tax

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period.

Current tax comprises amount of tax payable in respect to the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to tax payable or receivable in respect of prior years.

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date where the Company operates and generates taxable income.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts and is intended to realise the asset and settle the liability on a net basis or simultaneously.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is recognised using the Balance Sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for deductible temporary differences to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets, if any, are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised either in other comprehensive income or in other equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable

entity and the same taxation authority.

4.12. Share based payments

- a) The fair value of options granted under the Employee Option Plan (provided by the Holding Company) is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:
- a. including any market performance conditions
 - b. excluding the impact of any service and non-market performance vesting conditions
 - c. including the impact of any non-vesting conditions

If the options vests in instalments (i.e. the options vest pro rata over the service period), then each instalment is treated as a separate share option grant because each instalment has a different vesting period.

As the Company is awarding its Holding Company's equity instruments against goods or services received and has the obligation to settle the share based payment transaction, the Company is accounting or the same as movement in equity.

- b) The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity

4.13. Earnings per equity share

Basic earnings per equity share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. To calculate diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

4.14. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, are recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

4.15. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

4.16. Dividend

Proposed dividends and interim dividends payable to the shareholders are recognized as changes in equity in the period in which they are approved by the shareholder's meeting and the Board of Directors respectively

4.17. Foreign currency

Functional and presentation currency

Items included in the financial statement of the Company are measured using the currency of the primary economic environment in which the entity operates. The financial statements have been prepared and presented in Indian Rupees, which is the Company's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction. Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded are recognized in the Statement of Profit and Loss in the year in which they arise.

4.18. Equity investment in subsidiaries

Investments representing equity interest in subsidiaries are accounted for at cost less accumulated impairment, if any

4.19. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

4.20. Trade and Other Payable

Trade and other payables represent liabilities for goods and services provided to the company prior to the end of reporting period remaining unpaid. These amounts are unsecured and are usually paid in accordance with the payment terms agreed with vendors.

4.21. Rounding off amount

All amounts disclosed in the financial statements and notes have been rounded off to the millions as per the requirements of Schedule III of the Act unless otherwise stated.

4.22 New Standards and amendments effective on or after April 01, 2022

(i) Ind AS 16, Property, Plant and Equipment

Proceeds before intended use of property, plant and equipment

The amendment clarifies that any excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

Carve out from IAS 16, Property, plant equipment:

In May, 2020, IASB amended IAS 16, Property, plant equipment to prohibit an entity from deducting from the cost of an item of property, plant and equipment the proceeds from selling items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management.

The said amendments have not been made under Ind AS 16. Further, paragraph 17(e) of Ind AS 16 has been amended to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

(ii) Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

Onerous Contracts – Cost of fulfilling a contract

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted Standalone Financial Statements for the year ended 31 March 2023**Annexure V**

The amendment explains that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

(iii) Ind AS 109, Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

Based on the evaluation made by the Company, no impact is assessed in the financial statements of the Company on account of the above.

The Ministry of Corporate Affairs has vide notification dated 31 March 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 which amends certain accounting standards, and are effective 1 April 2023. Below is a summary of such amendments:

(i) Disclosure of Accounting Policies- Amendments to Ind AS 1, Presentation of financial statements

The amendment requires entities to disclose their material rather than their significant accounting policies. The amendments define what is 'material accounting policy information' and explain how to identify when accounting policy information is material. They further clarify that immaterial accounting policy information does not need to be disclosed. If it is disclosed, it should not obscure material accounting information.

(ii) Definition of Accounting Estimates- Amendments to Ind AS 8, Accounting policies, changes in accounting estimates and errors

The amendment clarifies how entities should distinguish changes in accounting policies from changes in accounting estimates. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period

(iii) Deferred tax related to assets and liabilities arising from a single transaction- Amendments to Ind AS 12, Income taxes

The amendment requires entities to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. They will typically apply to transactions such as leases of lessees and decommissioning obligations and will require the recognition of additional deferred tax assets and liabilities.

The amendment should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, entities should recognise deferred tax assets (to the extent that it is probable that they can be utilised) and deferred tax liabilities at the beginning of the earliest comparative period for all deductible and taxable temporary differences associated with:

- right-of-use assets and lease liabilities, and

- decommissioning, restoration and similar liabilities, and the corresponding amounts recognised as part of the cost of the related assets.

The cumulative effect of recognising these adjustments is recognised in retained earnings, or another component of equity, as appropriate. Ind AS 12 did not previously address how to account for the tax effects of on-balance sheet leases and similar transactions and various approaches were considered acceptable. Some entities may have already accounted for such transactions consistent with the new requirements. These entities will not be affected by the amendments.

The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

Nature and purpose of reserves**Securities premium**

The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve. The reserve can be utilised only for limited purposes such as issuance of bonus shares in accordance with the provisions of the Companies Act, 2013.

Statutory reserve

Every year the Company transfers a sum of not less than twenty per cent of net profit of that year as disclosed in the statement of profit and loss to its Statutory Reserve pursuant to Section 45-IC of the RBI Act, 1934.

Retained earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to statutory reserve and dividend distributions paid to shareholders.

Capital Redemption Reserve

Capital Redemption Reserve has been created in accordance with Section 69 of the Companies Act, 2013, being the nominal value of the shares brought back by the Company during the year ended 31 March 2020.

Equity Component of Compulsory convertible Debentures (CCD)

During the year, the company has issued Compulsory convertible Debentures amounting to INR 1500 millions with mandatory conversion period of 3 years. This instrument bears a coupon interest rate of 9.50% till the maturity date. The conversion ratio is 1:1000 (i.e. each CCD shall convert into 1,000 Equity Shares). Refer below for details

A.Nature of security

Secured by an exclusive charge by way of hypothecation of loan assets receivables.

B.Other information

(i) The Company has not defaulted in the repayment of dues to its lenders.

(ii) The Company has utilised the borrowings for the purpose for which it was obtained

(iii) Market Linked Debentures are carrying variable interest rate which is linked to performance of specified indices over the tenure of the debentures. The embedded value of the derivative is negligible and is likely to remain negligible throughout the tenure of debentures. Therefore the market linked debentures have been classified at amortised cost. Few debentures have exercisable call/put option.

41 Retirement benefit plan
(i) Defined Contribution Plan

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and other funds which are defined contribution plans. The Company has no obligations other than this to make the specified contributions. The contributions are charged to the Statement of Profit and Loss as they accrue. The Company makes Provident Fund and Employee State Insurance Scheme contributions which are defined contribution plans for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognized ₹ 22.70 millions (31 March 2022: ₹ 10.6 millions ; 31 March 2021: ₹ 4.17 millions) for Provident Fund contributions and ₹ 0.3 millions (31 March 2022: ₹ 0.03 millions ; 31 March 2021 : ₹ 0.22 millions) for Employee State Insurance Scheme contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the Schemes.

Defined Benefit Plan

The Company has a defined benefit gratuity plan. Every employee is entitled to gratuity as per the provisions of the Payment of Gratuity Act, 1972. The liability of Gratuity is recognised on the basis of actuarial valuation. The Defined Benefit Plan of company is unfunded.

The following tables summaries the components of net benefit expense recognised in the statement of profit and loss and the funded status and amounts recognised in the balance sheet for the gratuity plan.

Navi Finserv Limited*(formerly known as Navi Finserv Private Limited)***Notes forming part of the Reformatted Standalone Financial Statements***(All amounts in ₹ millions unless otherwise stated)*

Annexure V

41 Retirement benefit plan (Contd.)**Notes to actuarial assumptions:**

- (a) Gratuity is payable to the employees on death or resignation or on retirement at the attainment of superannuation age.
- (b) These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors are determined close to each year-end by reference to government bonds and that have terms to maturity approximating to the terms of the related obligation. Other assumptions are based on management's historical experience.
- (c) The discount rate is based on the prevailing market yield of Government of India bonds as at the balance sheet date for the estimated terms of obligations.
- (d) The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

(vii) Sensitivity analysis for gratuity liability

Description	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Impact of change in discount rate			
Present value of obligation at the end of the year			
- Impact due to increase of +100 basis points	(3.79)	(0.98)	(0.66)
- Impact due to increase of -100 basis points	4.71	1.22	0.80
Impact of change in salary increase			-
Present value of obligation at the end of the year			-
- Impact due to increase of +100 basis points	3.34	0.95	0.74
- Impact due to increase of -100 basis points	(2.94)	(0.84)	(0.62)
Impact of change in attrition rate			-
Present value of obligation at the end of the year			-
- Impact due to increase of +100 basis points	(1.24)	(0.37)	(0.04)
- Impact due to increase of -100 basis points	1.39	0.42	0.03

The above sensitivity analysis is based on a change in assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous year.

Year 6-10	0.35	0.05	0.31
Above 10 years	25.02	6.41	4.48

Plan characteristics and associated risks
1. Salary inflation risk

Higher than expected increases in salary will increase the defined benefit obligation

2. Demographic risks:

This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of this decrement on the defined benefit obligation depend upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawal rate because the cost of retirement benefit of an employee serving a shorter tenor will be less compared to long service employees.

3. Actuarial risk

It is the risk that the benefits will cost more than expected. This can be due to one of the following reasons

- a) Adverse salary growth
- b) Variability in mortality rates
- c) Variability in withdrawal rates

4. Market risk

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits and vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

5. Legislative/Regulatory risk

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

6. Liquidity risk

The Company is making provisions for the entire gratuity liability as per actuarial valuation and follows a 'pay as you go' system to meet the liabilities as and when they fall due. Therefore, there is a liquidity risk involved that they may run out of cash.

Disclosure for Compensated absences
(i) Amount recognised in the balance sheet

Particulars	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Compensated absences	20.29	14.10	6.31

- The Company has not funded its Compensated Absences liability and the same continues to remain as unfunded as at March 31, 2023.
- The estimate of future salary increase takes into account inflation, seniority, promotion and other relevant factors.
- Discount rate is based on the prevailing market yields of Indian Government Bonds as at the Balance Sheet date for the estimated term of the obligation.

ESOP Plan 2019

Under the Employee Share-option Plan (ESOP), introduced on 17 October 2019 by Navi Technologies Limited (herein referred to as the "Holding Company"), at its discretion, may grant share options of the Holding Company to any of the employees including employees of its wholly owned subsidiaries.

The Holding Company introduced the Plan for the benefit of the employees of all companies under the Group. The options are to be granted to the eligible employees as per the eligibility criteria as determined by the Board/Compensation Committee at its sole discretion.

Under the plan, participants have been granted options which will vest as follows:

Scheme	Vesting Conditions	Exercise Period	Exercise Price / Ratio	Other conditions
Employee Share-option Plan (ESOP), 2019	Vested in a graded manner over a period of 4 years.	Employees can exercise the vested options anytime post vesting of the options.	₹ 10/-Options :Shares = 1:1	Options are exercisable in one or more tranches within a period of 10 years from the date of vesting, failing which the options shall lapse.

Details of ESOP plan

Pursuant to the plan, the Holding Company has granted 34,96,553 ESOPs to the employees of the Company during the year ended 31 March 2023.

For the year ended 31 March 2023 the Company has recorded stock compensation expenses of ₹ 76.16 millions (31 March 2022 ₹ 57.54 millions) which has been transferred by Holding Company.

Options outstanding at the end	1,65,47,159	1,05,65,370	74,40,290

The fair value of share options granted is estimated at the date of grant using a Black Scholes Merton model, taking into account the terms and conditions upon which the share options were granted. The expected life used in the model has been adjusted, based on management's best estimate for the effects of non-transferability, exercise restrictions and behavioral considerations. The contractual term of the share options is ten years and there are no cash settlement alternatives for the employees. The holding Company does not have a practice of cash settlement for these awards.

The fair value of cash and cash equivalents, bank balances, trade receivables, other financial assets and other financial liabilities approximate their carrying amount largely due to the short-term nature of these instruments. Hence not considered in the above disclosure.

46.2 Fair value hierarchy of assets and liabilities

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation sale. Methods and assumptions used to estimate the fair values are consistent in all the years. Fair value of financial instruments referred to in note above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and lowest priority to unobservable entity specific inputs.

The categories used are as follows:

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

46.4 Valuation methodologies of financial instruments measured at amortised cost

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Financial assets at amortised cost

The fair value of loans given to customers are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields. The fair value of investments are estimated using a cash flow model based on contractual cash flows using actual maturities.

Financial liability at amortised cost

The fair value of borrowings, debt securities and subordinate liabilities are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields.

Short term financial assets and liabilities

The fair value of cash and cash equivalents, bank balances, trade receivables, other financial assets and other financial liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Company's loans have been contracted at market rates of interest. Accordingly, the carrying value of these approximates fair value.

47 Risk management

The Company is a Systemically Important-Non Deposit Taking-Non-Banking Financial Company (NBFC-ND-SI) registered with the Reserve Bank of India. On account of its business activities it is exposed to various financial risks associated with financial products such as credit or default risk, liquidity risk, market risk and interest rate risk. The Company has a robust financial risk management policy and framework in place to identify, evaluate, manage and mitigate various risks associated with its financial assets and financial liabilities to ensure that desired financial objectives are met. The Company's senior management is responsible for establishing and monitoring the risk management framework within its overall risk management objectives and strategies, as approved by the Board of Directors. Such risk management strategies and objectives are established to identify and analyse potential risks faced by the Company, set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and assess changes to the risk profile. Any change in the Company's risk management objectives and policies need prior approval of its Board of Directors.

This note explains the sources of risk which the entity is exposed to and how the entity manages these risks and the related impact on financials.

Risk	Exposure arising from	Measurement	Risk management
Credit risk	Financial assets (excluding cash in hand)	Ageing analysis and credit risk modelling	Structured and standardized credit appraisal process, Field credit assessment, diversification of asset base, borrower indebtedness limits, credit limits and collaterals taken for assets, wherever applicable
Liquidity risk	Financial liabilities	Cash flow forecasts	Raising money from primary secondary debt instruments, other credit facilities and sale of loan assets (whenever required)
Market risk - interest rate	Investments, borrowings, debt securities, Derivative Financial Instrument and subordinated liabilities carrying variable interest rates	Sensitivity analysis	Review of fair valuation of investments and review of cost of funds and pricing of disbursements.
Market risk - security price	Investments	Sensitivity analysis	Diversification of portfolio with focus on strategic investments.

The Company has a risk management policy which covers all the risk associated with its assets and liabilities. The Company has implemented policies and procedures to assess, monitor and manage material risks. The risk management process is continuously reviewed, improved and adapted in tandem with changing internal strategy and external environment.

The Company's treasury is responsible for managing its assets and liabilities, liquidity position, and the overall financial structure. It is also primarily responsible for the funding and interest rate risks of the Company. This is done within the guidelines of the Asset Liability Management Policy and other related risk management guidances issued by the Risk Management function.

47.1 Credit risk
A. Loans

Credit risk is the risk that a customer or counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company's primary strategy is focused on lending to retail customers and therefore credit risk is the principal risk associated with the business.

The risk management framework of the Company seeks to have following controls objective and key metrics that allows risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements.

- Standardize the process of identifying new risks and designing appropriate controls for these risks
- Minimize losses due to defaults or untimely payments by borrowers
- Maintain an appropriate credit administration and loan review system
- Establish metrics for portfolio monitoring
- Design appropriate credit risk mitigation techniques

B. Investments

This risk is common to all investors who invest in bonds and debt instruments and it refers to a situation where a particular bond issuer is unable to make the expected principal payments, interest rate payments, or both. The Company continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

47 Risk management (cont'd)**47.1.1 Risk identification**

Credit risk may originate in one or multiple of following ways mentioned below:

- Adverse selection of target market for undertaking lending activity
- Gap in credit assessment of borrower's credit worthiness
- Inability to accurately map the underlying credit risk to the parameters of the sanctioned loan
- Over-borrowing by customers
- Over-concentration in any geography/zone/customer segment etc.

Credit risk in investments may originate in one or multiple of following ways mentioned below:

- Adverse economic environment / regulatory changes impacting the credit / liquidity profile of underlying issuers
- Financial stress due to internal factors (such as over-leveraging by underlying issuers) resulting in lower demand for the security in the secondary market or leading to an impact on the issuer's ability to service debt obligations
- Any financial stress in the group entities of the underlying issuer impacting its refinancing ability
- Deterioration in the value of underlying collateral
- Aggressive growth / policies affecting the asset quality and in turn profitability and refinancing options
- Material frauds by promoters / key management personnel / employees
- Breach of any covenants triggering cross-default / liquidity shocks

47.1.2 Risk assessment and measurement

The Company assesses and manages credit risk based on characteristics of underlying financial instruments.

47.1.3 Risk monitoring

Monitoring and follow up is an essential element in the overall risk management framework and is taken up at all levels within the organization. Monitoring and controlling risks is primarily performed based on limits established by the Company.

Investments - Risk concentration is minimized by investing in highly rated, investment grade bonds and debt instruments which have a very low risk of default. These investments are reviewed by the Finance Committee on a regular basis.

Loans - Borrower risk categorization is an effective tool to flag potential problems in the loan accounts and identify if any corrective action plan are to be taken. The Company regularly monitors borrower repayments.

Key performance indicators are continuously generated through monitoring alerts in the loan origination flow and post disbursal flow to highlight areas requiring attention and action. Monitoring includes diagnostic studies of problem areas in collections performance and proactively taking actions.

The risk monitoring metrics have been defined to track performance at each stage of the loan life cycle:

- Loan origination - profile/income selection, document verification process, KYC checks, creditworthiness checks based on CIBIL, fraud database checks, device data, regular updates to loan origination application based on security gaps and technical glitches identified etc
- Loan underwriting - Risk rating scoring, credit assessment, independent assessment of legal validity and value of property by experts etc.
- Loan pre and post disbursement - disbursement in the bank account only
- Loan collection and recovery - monitor repayments, days past due review, DPD stagewise collection framework
- Appropriate policy-driven loan origination and collection process.

47.1.4 Risk mitigation

Risk mitigation or risk reduction is defined as the process of reducing risk exposures and/or minimizing the likelihood of incident occurrence.

Loans

The Company has created mechanisms for underwriting credit for digital personal loans and housing loans.

The following risk mitigation measures are incorporated at each stage of the loan life cycle:

- loan origination - profile/income selection, document verification process, KYC checks, creditworthiness checks based on CIBIL, fraud database checks, device data
- loan underwriting - risk rating scoring, credit assessment, independent assessment of legal validity and value of property by experts etc.
- loan pre and post disbursement - disbursement in the bank account only
- loan collection and recovery - monitor repayments, days past due review, DPD stagewise collection framework
- Appropriate policy-driven loan origination and collection process.

Investments

With respect to investments, the Company maintains a well-diversified portfolio of investments in shares and securities which are saleable at any given point of time. A dedicated team of market experts are monitoring the markets on a continuous basis, which advises the management for timely purchase or sale of securities.

47.1.5 Impairment assessment**Investments**

All investments are carried at fair value through profit and loss. Any mark to market movement is directly recognised in Statement of Profit and Loss.

Loans

The Company is engaged in the business of providing loans and access to credit to the customers. The tenure of which is upto 84 months for its personal loan product and upto 30 years for its housing loan product.

The Company's impairment assessment and measurement approach is set out in this note. It should be read in conjunction with the Summary of significant accounting policies Note 4.8.1 (Overview of the Expected Credit Loss).

Definition of default

The Company considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

As a part of a qualitative assessment of whether a customer is in default, the Company also considers a variety of instances that may indicate unlikelihood to pay. When such events occur, the Company carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

It is the Company's policy to consider a financial instrument upgradation from stage 3 when the entire arrears of interest and principal has been paid for all facilities availed.

47 Risk management (cont'd)

The Company's staging criteria for loans are as follows:

Stages	Days past due (DPD)
Stage 1	No over due
Stage 1	DPD 1 to 30
Stage 2	DPD 31 to 60
Stage 2	DPD 61 to 89
Stage 3	DPD > 89

Measurement of ECL

Expected Credit Loss or ECL is measured in the following manner.

The Company calculates ECL based on probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to the Company in accordance with the contract and the cash flows that the Company expects to receive.

$$\text{ECL} = \text{PD} * \text{LGD} * \text{EAD}$$

Each item is defined as follows: -

ECL - Expected credit loss

Present value of difference between contractual cash flows and actual cash flows expected to be received over a given time horizon.

PD - Probability of default

The Probability of default is an estimate of the likelihood of default over a given time horizon.

LGD - Loss given default

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Company would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

EAD- Exposure at default

Cash flows that are at risk of default over a given time horizon, The Exposure at Default is an estimate of the exposure at a future default date.

47.3 Market risk

Market risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factors. It is a form of systematic risk associated with the day-to-day fluctuation in the market prices of shares and securities and such market risk affects all securities and investors in the same manner. Market risks majorly comprises of two types - interest rate risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risks include borrowings and investments.

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. It is a type of systematic risk that particularly affects fixed rate debt instruments like bonds and debentures. The value of the fixed-rate debt instruments generally decline due to rise in interest rates and vice versa. The rationale is that a bond is a promise of a future stream of payments; an investor will offer less for a bond that pays-out at a rate lower than the rates offered in the current market. A rising interest rate scenario also affects the Company's interest expenditure on borrowed funds.

The Company monitors the interest rate scenarios on a regular basis and accordingly takes investments decisions as whether to invest in fixed rate debt instruments, shares and securities at a particular point of time. Further, the Company's borrowings carry a fixed and floating rate of interest and the Company is in a position to pass on the rise in interest rates to its borrowers.

The Company's investments in debt instruments and pass through certificates are all fixed interest bearing instruments. Refer the price sensitivity analysis given below.

47.3 Market risk (cont'd)

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact of rate change in borrowings, as follows:

Particulars	Effect on Statement of Profit and loss for the year ended 31 March 2023	Effect on Statement of Profit and loss for the year ended 31 March 2022	Effect on Statement of Profit and loss for the year ended 31 March 2021
0.50% increase	46.82	106.90	34.06
0.50% decrease	(46.82)	(106.90)	(34.06)

Price risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in equity instruments, bonds, mutual funds etc. The Company is exposed to price risk arising mainly from investments carried at fair value through profit and loss which are valued using quoted prices in active markets (level 1 investments). A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing as at the reporting date is given below:

Particulars	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021

1% increase	61.30	26.31	176.02
1% decrease	(61.30)	(26.31)	(176.02)

48 Segment reporting

There is no separate reportable segment as per Ind AS 108 on 'Operating Segments' in respect of the Company. The Company operates in single segment only. There are no operations outside India and hence there is no external revenue or assets which require disclosure. No revenue from transactions with a single external customer amounted to 10% or more of the Company's total revenue in year ended 31st March, 2023, 31st March, 2022 or 31st March, 2021.

49 Transferred financial assets that are not derecognised in their entirety

During the period, the Company has securitisation with various parties. Under such arrangements, the company has transferred a pool of loans, which does not fulfil the derecognition criteria specified under IndAS 109 as the company has concluded that risk and rewards with respect to these assets are not substantially transferred.

Following such transfer, the Company's involvement in these assets as follows:

- As a servicer of the transferred assets
- To the extent of credit enhancements provided to such parties

 - (e) Reformatted Statement of Basis of Preparation, Significant Accounting Policies, notes to accounts and other explanatory information (enclosed as Annexure V)(hereinafter together referred to as the "Reformatted Consolidated Financial Information"), prepared by the Management of the Company in connection with the Proposed Public Issue of Secured, Rated, Listed, Redeemable Non-Convertible Debentures of the Company (the "Public Issue") in accordance with the requirements of:
 - i. Section 26 of the Companies Act, 2013 (the "Act") as amended from time to time;
 - ii. Regulation 28(4) read with paragraph 2.2.8 of Part A of Schedule I of the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021, as amended to date (the "SEBI NCS Regulations") issued by the Securities and Exchange Board of India ("SEBI"); and
 - iii. the Guidance Note on Reports in Company Prospectuses (Revised 2019) (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"), as amended from time to time, to the extent applicable.

The Reformatted Consolidated Financial Information has been approved by the Debenture Committee of the Board of Directors of the Company at their meeting held on June 20, 2023 for the purpose of inclusion in the Draft Prospectus and initialled by us for identification purposes only.

Management's Responsibility for the Reformatted Consolidated Financial Information

3. The preparation of the Reformatted Consolidated Financial Information for the purpose of inclusion in the Draft Prospectus to be filed with SEBI, National Stock Exchange of India Limited ("NSE"), BSE Limited ("BSE") and the Registrar of Companies, Bangalore ("RoC"), in connection with the proposed Public Issue, is the responsibility of the Management of the Company. The Reformatted Consolidated Financial Information has been prepared by the Management of the Company adopting the Basis of Preparation stated in Note 3 to the Reformatted Consolidated Financial Information. The Management's responsibility includes designing, implementing and maintaining internal control relevant to the preparation and presentation of the Reformatted Consolidated Financial Information. The Management is also responsible for identifying and ensuring that the Company complies with the Act, SEBI NCS Regulations and the Guidance Note.

Auditor's Responsibilities

4. Pursuant to the Request, our responsibility is to report on whether the Reformatted Consolidated Financial Information has been prepared, in all material aspects, in accordance with the Basis of Preparation stated in Note 3 to the Reformatted Consolidated Financial Information. Our work was carried out considering the requirements of Section 26 of the Act, the SEBI NCS Regulations, the Guidance Note to the extent applicable, and other applicable authoritative pronouncements issued by the ICAI. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the SEBI NCS Regulations and the Guidance Note in connection with the Public Issue.
5. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
6. The Reformatted Consolidated Financial Information has been prepared by the Company's Management from the Audited Consolidated Financial Statements of the Group as at and for the years ended March 31, 2023, March 31, 2022 and March 31, 2021 prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Act and other accounting principles generally accepted in India (the "Consolidated Financial Statements"), which have been approved by the Board of Directors at their meetings held on May 26, 2023, May 21, 2022 and June 24, 2021, respectively.
7. For the purpose of our examination, we have relied on:
 - (a) Auditors' report issued by us on the consolidated financial statements of the Group as at and for the year ended March 31, 2023, as referred in Paragraph 6 above, on which we issued an unmodified opinion vide our report dated May 26, 2023; and

- (b) Examination Report issued by Walker and Chandiok & Co LLP (the “Previous Auditors”) on the Reformatted Consolidated Financial Information of the Group as at and for the years ended March 31, 2022 and March 31, 2021 on which they issued an unmodified opinion vide their report dated June 14, 2023. The audit for the financial years ended March 31, 2022 and March 31, 2021 was conducted by the Previous Auditors on which they have issued an unmodified opinion vide their reports May 21, 2022 and June 24, 2021 respectively, and accordingly reliance has been placed on the Reformatted Consolidated Balance Sheet, the Reformatted Consolidated Statement of Profit and Loss, the Reformatted Consolidated Statement of Changes in Equity, the Reformatted Consolidated Statement of Cash Flows, the Summary Statement of Significant Accounting Policies, and other explanatory information (collectively, the “2022 and 2021 Reformatted Consolidated Financial Information”) and examined by them for the said years on which the Previous Auditors have issued an unmodified opinion vide their examination report dated June 14, 2023. Our opinion included in this report for the said years is based on the examination report submitted by the Previous Auditors. Vide their aforementioned examination report, the Previous Auditors have reported that the 2022 and 2021 Reformatted Consolidated Financial Information:
- (i) have been prepared after making regrouping/reclassifications as considered appropriate and disclosed for the financial years ended March 31, 2022 and March 31, 2021 to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the year ended March 31, 2023; and
 - (ii) have been prepared in accordance with the Act, the SEBI Debt Regulations and the Guidance Note.
- (c) Examination Report issued by Varma & Varma (the “Other Auditors”) on the Reformatted Financial Information of the subsidiary company as at and for the year ended March 31, 2023 on which they issued an unmodified opinion vide their report dated May 24, 2023. The audit of the subsidiary for the financial year ended March 31, 2023 was conducted by the Other Auditors on which they have issued an unmodified opinion vide their report dated May 24, 2023, and accordingly reliance has been placed on the Reformatted Balance Sheet, the Reformatted Statement of Profit and Loss, the Reformatted Statement of Changes in Equity, the Reformatted Statement of Cash Flows, the Summary Statement of Significant Accounting Policies, and other explanatory information (the “Subsidiary’s Reformatted Financial Information”) and examined by them on which the Other Auditors have issued an unmodified opinion vide their examination report dated May 24, 2023. Our opinion included in this report for the subsidiary for the year ended March 31, 2023 is based on the examination report submitted by the Other Auditors. Vide their aforementioned examination report, the Other Auditors have reported that:
- (i) the figures of the year ended March 31, 2022 have been regrouped/ reclassified (but not restated retrospectively for changes in accounting policies), wherever necessary, to confirm to the classification adopted for the audited financial statements of the Company as at and for the period ended March 31, 2023;
 - (ii) does not contain any qualifications requiring adjustments;

- (iii) do not require any adjustment for the matters included in 'Other Matter' in paragraph; and
 - (iv) have been prepared in accordance with the Act, SEBI NCS Regulations and the Guidance Note.
8. We have not audited any consolidated financial statements of the Group as of any date or for any period subsequent to March 31, 2023. Accordingly, we do not express any opinion on the consolidated financial position, results or cash flows of the Group as of any date or for any period subsequent to March 31, 2023.

Opinion

9. Based on our examination and according to the information and explanations given to us and based on reliance placed on the examination report submitted by the Previous Auditors for the respective years and the examination report submitted by the Other Auditors for the year ended March 31, 2023, we report that the Reformatted Consolidated Financial Information has been prepared, in all material aspects, in accordance with the Basis of Preparation stated in Note 3 to the Reformatted Consolidated Financial Information.
10. The Reformatted Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the audited consolidated financial statements mentioned in paragraph 6 above.
11. This report should not in any way be construed as a re-issuance or re-dating of any of the prior audit reports issued by us or Previous Auditors on the consolidated financial statements of the Group.
12. We have no responsibility to update our report for events and circumstances occurring after the date of this report.

Emphasis of Matter

13. The Examination Report issued by the Previous Auditors on the 2022 and 2021 Reformatted Consolidated Financial Information of the Company, as referred in Paragraph 7(b) above, included the following paragraphs which have been reproduced below:

"Financial year ended March 31, 2022

The auditors of Chaitanya India Fin Credit Private Limited, vide their audit report dated 14 May 2022, have expressed an unmodified opinion and have reported in the 'Emphasis of Matter' section that:

"We draw attention to Note no. 2B of the accompanying standalone financial statements, which describes the evaluation of the impact of global pandemic COVID-19 carried out by the management and the recoverability of the carrying value of various assets, the company's business operations, financial position and the uncertainties associated with such an evaluation in the present circumstances and that the impact may be different from that assessed as at the date of approval of these Standalone Financial Statements."

“Financial year ended March 31, 2021

We draw attention to Note 3 to the accompanying consolidated financial statements, which describes the uncertainty relating to the effects of COVID-19 pandemic on the Company’s operations and the impact on the impairment provision recognised towards the unquoted investments outstanding as on 31 March 2021. Our opinion is not modified in respect of this matter.”

The above has been reproduced as Note 3.1 to the Reformatted Consolidated Financial Information.

Other Matters

14. As indicated in our audit report dated May 26, 2023 on the Consolidated Financial Statements of the Group as at and for the year ended March 31, 2023, referred in paragraph 7(a) above,:
 - (a) The consolidated financial statements of the Group for the year ended March 31, 2022 were audited by another firm of chartered accountants under the Act who, vide their report dated May 21, 2022 expressed an unmodified opinion on those consolidated financial statements.
 - (b) We did not audit the financial statements of subsidiary whose financial statements reflect total assets of Rs. 43,893.97 millions and net assets of Rs. 7,212.37 millions as at March 31, 2023, total revenues of Rs. 7,632.93 millions, total net profit after tax of Rs. 1,483.53 millions, and other comprehensive income/ (loss) of Rs. (6.93) millions for the year ended March 31, 2023, and net cash inflow of Rs. 1,451.53 millions for the period from April 1, 2022 to March 31, 2023, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated financial statements in so far as it relates to the amounts and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid subsidiary, is based solely on the reports of the other auditors.

Our Opinion is not modified in respect of the above matters.

15. The Examination Report issued by the Previous Auditors on the 2022 and 2021 Reformatted Consolidated Financial Information of the Group as at and for the year ended March 31, 2022, as referred in Paragraph 7(b) above, included the following Other Matter paragraph which have been reproduced below:

“Financial year ended March 31, 2022

we did not audit financial statements of one subsidiary whose share of total assets, total revenues and net cash inflows / (outflows) included in the consolidated financial statements, for the relevant years is tabulated below, which have been audited by other auditors, M/s Varma & Varma, Chartered Accountants, and whose reports have been furnished to us by the Company’s management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these components, is based solely on the reports of the other auditors:

(Rs in million)”

These Reformatted Consolidated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of auditor's reports on audited standalone financial statements mentioned above.

3.1 Impact of COVID-19

The COVID-19, a global pandemic has affected the world economy including India, leading to significant decline and volatility in financial markets and decline in economic activities. The national lockdown announced on 23 March 2020 affected activities of organizations across the economic ecosystem, impacting earning prospects and valuations of companies and creating huge volatility in the stock markets. The impact of COVID19 on the Group's result remain uncertain and will dependent on future developments including the second wave that has significantly increased the number of cases in India. The Group, as per the regulatory requirements, has put in place a COVID policy and has given moratorium to eligible borrowers. The Group's capital and liquidity position remains strong and would continue to be the focus area for the Management. There have been no significant changes to the Group's internal financial control other than providing remote access to some of its key employees during the lockdown. Based on the current assessment of the potential impact of the COVID-19 on the Group, management is of the view that the Group is well capitalised and has adequate liquidity to service its obligations, sustain its operations and also look at any appropriate investment/lending opportunities. The Group has recognized consolidated provisions as on 31 March 2021, towards its loan assets to the extent of ₹ 1634.07 millions which includes an additional provision of ₹ 279.76 millions for impact of COVID-19 second wave, based on the information available at this point of time including economic forecasts, in accordance with the expected credit loss method. The Group believes that it has considered all the possible impact of the known events arising out of COVID-19 pandemic in the preparation of financial results. The extent to which the current pandemic will impact the carrying value of loan assets and unquoted investments is dependent on the future developments, which are highly uncertain at this point in time.

3.2 Basis of Consolidation

The Consolidated financial statements comprise the financial statements of the Company, its subsidiary (being the entity that it controls) as at March 31, 2023. Control is evidenced when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights
- The size of the Group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the period are included in the Consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the Group uses accounting policies other than those adopted in the Consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that Group member's financial statements in preparing the Consolidated financial statements to ensure conformity with the Group's accounting policies. The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on March 31.

Navi Finserv Limited*(formerly known as Navi Finserv Private Limited)***Summary of significant accounting policies and other explanatory information to the Reformatted Consolidated Financial Statements for the year ended 31 March 2023** **Annexure V*****Consolidation procedure:***

(a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the Consolidated financial statements at the acquisition date.

(b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.

(c) Eliminate in full intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the Group (profits or losses resulting from intra-group transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intra-group losses may indicate an impairment that requires recognition in the Consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of OCI are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the noncontrolling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any noncontrolling interests
- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss

Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.

3.3 Particulars of Consolidation

The financial statements of the following subsidiary (incorporated in India) have been considered for consolidation:

Name of the Company	Percentage of voting power as on March 31, 2023	Percentage of voting power as on March 31, 2022
Chaitanya India Fin Credit Private Limited	75%	100%

Navi Finserv Limited*(formerly known as Navi Finserv Private Limited)***Summary of significant accounting policies and other explanatory information to the Reformatted Consolidated Financial Statements for the year ended 31 March 2023****Annexure V****4. Significant accounting policies****4.1. Basis of preparation and measurement (contd')****(i) Going concern and basis of measurement**

The financial statements have been prepared on a going concern basis under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value.

(ii) Use of estimates and judgements

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. The management believes that these estimates and assumptions are reasonable and prudent. However, actual results could differ from these estimates. Any revision to accounting estimates is recognized prospectively in the current and future periods. An overview of the areas that involve some degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed have been disclosed below.

- Business model assessment

Classification and measurement of financial assets depends on the results of the Solely Payments of Principle and Interest ("SPPI") and the business model test. The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognized prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

- Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques

Navi Finserv Limited*(formerly known as Navi Finserv Private Limited)***Summary of significant accounting policies and other explanatory information to the Reformatted****Consolidated Financial Statements for the year ended 31 March 2023****Annexure V**

that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility.

- Provisions and other contingent liabilities

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

- Defined employee benefit assets and liabilities

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

- Impairment of financial assets

The measurement of impairment losses across all categories of financial assets requires judgement the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by several factors, changes in which can result in different levels of allowances.

It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

- Effective Interest Rate (EIR) method

The Group's EIR methodology, recognizes interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioral life of loans given / taken and recognizes the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

- Leases**a. Determining the lease term of contracts with renewal and termination options – Group as lessee**

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

b. Estimating the incremental borrowing rate

The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to for its borrowings.

4.2. Revenue recognition**i. Recognition of interest income**

Interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through profit or loss ('FVTPL').

The EIR in case of a financial asset is computed.

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees received/ paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognized in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest income on credit impaired assets is recognized by applying the effective interest rate to the net amortised cost (net of impairment allowance) of the financial asset.

Interest income and impairment loss on financial assets measured at fair value through other comprehensive income (FVOCI) are recognized in statement of profit and loss. Any gain or loss on subsequent measurement is recognised in OCI and on derecognition the cumulative gain or loss recognised in OCI will be recycled to statement of profit and loss.

Delayed payment interest (penal interest and the like) levied on customers for delay in repayments/non-payment of contractual cashflows is recognised on realisation.

ii. Fee and commission income

- a) Fee income from loans are recognised at point in time upon satisfaction of following:

- i) Completion of service
- ii) and realisation of the fee income.

- b) Servicing and collections fees on assignment and securitization transactions are recognised upon completion of service in accordance with the terms of relevant contract / agreements.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V****iii. Recoveries against written off assets and fees received on collections.**

The Group recognises recoveries against written off assets and fees received on collections on realisation basis.

iv. Dividend income

Dividend income is recognized when the Group's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

v. Net gain/loss on derecognition of financial instruments under amortised cost category

In case where transfer of a part of financial assets qualifies for de-recognition, any difference between the proceeds received on such sale and the carrying value of the transferred asset is recognized as gain or loss on derecognition of such financial asset previously carried under amortisation cost category is presented separately under the respective head in the statement of profit and loss. The resulting interest only strip and subsequent unwinding is recognised under interest income

vi. Net gain/loss on fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Group on the balance sheet date is recognised as an unrealised gain/loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of profit and loss. Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at FVOCI is recognised in net gain / loss on fair value changes. As at the reporting date, the Group does not have any debt instruments measured at FVOCI.

vii. Other income

All other income is recognized on accrual basis when no significant uncertainty exists on their receipt.

4.3. Finance costs

Finance costs represents interest expense recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities measured at amortised cost.

The EIR in case of a financial liability is computed

- a. As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- b. By considering all the contractual terms of the financial instrument in estimating the cash flows.
- c. Including all fees paid/ received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Navi Finserv Limited*(formerly known as Navi Finserv Private Limited)***Summary of significant accounting policies and other explanatory information to the Reformatted Consolidated Financial Statements for the year ended 31 March 2023****Annexure V**

Other borrowing costs (“others”) would include commitment charges, loan processing charges, guarantee charges, loan facilitation charges, discounts/premium on borrowings, other ancillary costs incurred in connection with borrowings, or amortization of such costs, etc. Such finance costs that do not meet the definition of transaction costs directly attributable to issue of a financial liability and are therefore not included as a part of EIR, shall be presented under ‘Other borrowing costs’.

4.4. Property, Plant and Equipment:

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost includes all expenses, direct and indirect, specifically attributable to its acquisition and bringing it to its working condition for its intended use. Incidental expenditure pending allocation and attributable to the acquisition of fixed assets is allocated/ capitalised with the related assets. Subsequent expenditure is capitalised to the asset’s carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

Depreciation

Depreciation on property, plant and equipment has been provided on the written down value method as prescribed in Schedule II of Companies Act 2013 or the rates determined by the management as per estimated useful life of the assets, whichever is higher. All individual assets (other than furniture and fixtures and office equipment) valued less than ₹ 5,000 are depreciated in full in the year of acquisition. The useful life of the assets is as follows:

Asset class	Useful life adopted by the Group
Electrical Installations and Equipment	5-10 years
Computers and accessories	3 years
Office equipment	5 years
Furniture and fixtures	10 years
Vehicle - Motor car	8 years
UPS	10 years
Vehicle - Motor Bike	10 years

Depreciation is calculated on a pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed off.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss when the asset is derecognized.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V****4.5. Intangible assets**

Intangible assets are carried at cost less accumulated amortization and impairment losses, if any. The cost of an intangible asset comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable from the tax authorities), and any directly attributable expenditure on making the asset ready for its intended use and net of any trade discounts and rebates. An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Group

Intangible assets acquired separately are measured on initial recognition at cost. Subsequently, they are carried at cost less accumulated amortisation and impairment losses if any, and are amortised over their estimated useful life on the straight-line basis over a 3-year period or the license period whichever is lower.

Any gain or loss on disposal of an item of intangible assets is recognized in statement of profit or loss.

The carrying amount of the assets is reviewed at each Balance sheet date to ascertain impairment based on internal or external factors. Impairment is recognised, if the carrying value exceeds the higher of the net selling price of the assets and its value in use.

Amortization

For amortization of intangibles, the amortization amount is allocated on a systematic basis over the best estimate of its useful life.

4.6. Fair value measurement

The Group measures financial instruments at fair value which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. For assets and liabilities that are recognized in the balance sheet on a recurring basis, the

Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

4.7. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets:**Initial recognition and measurement**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognized on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Loans are recognized when fund transfers are initialized to customer bank account or when the Group assumes unconditional obligation to release the disbursement to the third party on direction of the borrower whichever is earlier.

The Group recognises debt securities and borrowings when funds are received the bank account of the Group.

Classification subsequent measurement of financial assets

Financial assets carried at amortized cost – a financial asset is measured at the amortized cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Financial assets are measured at FVTOCI (Fair value through other comprehensive income)

A financial asset is measured at the FVTOCI if both the following conditions are met:

- a) The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets.
- b) The contractual terms of the financial asset meet the SPPI test.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V**

Interest income and impairment loss on financial assets measured at fair value through other comprehensive income (FVOCI) are recognized in statement of profit and loss. Any gain or loss on subsequent measurement is recognised in OCI and on derecognition the cumulative gain or loss recognised in OCI will be recycled to statement of profit and loss.

Financial assets measured at fair value through profit or loss

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Modification and Derecognition of Financial Assets**(a) Modification of financial assets**

A modification of a financial asset occurs when the contractual terms governing the cash flows of a financial asset are renegotiated or otherwise modified between the initial recognition and maturity of the financial asset. A modification affects the amount and/or timing of the contractual cash flows either immediately or at a future date. The Group renegotiates loans to customers in financial difficulty to maximise collection and minimise the risk of default. Modification of loan terms is granted in cases where although the borrower made all reasonable efforts to pay under the original contractual terms, there is a risk of default or default has already happened and the borrower is expected to be able to meet the revised terms. The revised terms in most of the cases include an extension of the maturity of the loan, changes to the timing of the cash flows of the loan (principal and interest repayment). When a financial asset is modified the Group assesses whether this modification results in derecognition. In accordance with the Group's policy, a modification results in derecognition when it gives rise to substantially different terms. Where a modification does not lead to derecognition, the Group calculates the modification gain/loss comparing the gross carrying amount before and after the modification and accounts for the same in the Statement of Profit and Loss

(b) Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if, and only if, either:

- The Group has transferred its contractual rights to receive cash flows from the financial asset

Or

- It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Group retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities, when all of the following three conditions are met:

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V**

- The Group has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- The Group cannot sell or pledge the original asset other than as security to the eventual recipients
- The Group has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Group is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- The Group has transferred substantially all the risks and rewards of the asset

Or

- The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Group's continuing involvement, in which case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of credit enhancement or a guarantee issued by the Originator over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration the Group could be required to pay.

In case where transfer of a part of financial assets qualifies for de-recognition, any difference between the proceeds received on such sale and the carrying value of the transferred asset is recognised as gain or loss on de-recognition of such financial asset previously carried under amortisation cost category. The resulting interest only strip initially is recognised in the statement of profit and loss and re-assessed at the end of every reporting period.

Servicing of Assets /Liabilities

The Group transfers loans through direct assignment transactions. The transferred loans are de-recognised and gains/losses are accounted for, only if the Group transfers substantially all risks and rewards specified in the underlying assigned loan contract. In accordance with the Ind AS 109, on de-recognition of a financial asset under assigned transactions for a fee, the Group recognises either a servicing asset or a servicing liability for servicing contract. If the fee to be received is not expected to compensate the Group adequately for performing the servicing activities, a servicing liability for the servicing obligation is recognised. If the fee to be received is expected to be more than adequate compensation for the servicing activities, a servicing asset is recognized with corresponding amount is recognised in Statement of Profit and Loss.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V****Derivative Financial Instruments**

The Group enters into a variety of derivative financial instruments to manage its exposure to interest rate risk. Derivatives held include interest rate swaps. Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each balance sheet date. The resulting gain/loss is recognised in the statement of profit and loss immediately unless the derivative is designated and is effective as a hedging instrument, in which event the timing of the recognition in the statement of profit and loss depends on the nature of the hedge relationship. The Group designates certain derivatives as either hedges of the fair value of recognised assets or liabilities (fair value hedges) or hedges of highly probable forecast transactions (cash flow hedges). A derivative with a positive fair value is recognised as a financial asset whereas a derivative with a negative fair value is recognised as a financial liability. During the year, the Group do not have any cash flow hedge.

Financial liabilities and Equity classification**Classification as debt or equity –**

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments –

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Group are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities –

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading or it is a derivative or it is designated as such on initial recognition. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

De-recognition

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

Convertible Instruments

The fair value of the liability portion of compulsory convertible debentures (CCD) is determined using a interest rate for an equivalent non-convertible bond. This amount is recorded as a liability on an amortised cost basis until extinguished on conversion or redemption of the CCD. The remainder of the proceeds is attributable to the equity portion of the compound instrument. This is recognised and included in shareholders' equity, net of income tax effects, and not subsequently remeasured.

4.8. Impairment of financial assets

In accordance with Ind AS 109, the Group applies Expected Credit Loss (ECL) (general approach) model for measurement and recognition of impairment loss on loans. For other financial assets, the Group follows simplified approach of ECL model.

4.8.1. Overview of the Expected Credit Loss (ECL) Model

Expected credit losses ('ECL') are recognised for applicable for loans , other financial assets held under amortised cost, debt instruments measured at FVOCI

GroupThe ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss).

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is the portion of Lifetime ECL that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

Both Lifetime ECLs and 12-month ECLs are calculated on either an individual basis or a collective basis, depending on the nature of the underlying portfolio of financial instruments.

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Group does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest days past due (DPD) is considered to be applicable for all the facilities of that borrower.

Based on the above, the Group categorizes its loans into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1

All exposures where there has not been a significant increase in credit risk since initial recognition or that has low credit risk at the reporting date and that are not credit impaired upon origination are classified under this stage. The Group classifies all loans /investments up to 30 days by due (other than ever 90 cases) under this

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V**

category. Stage 1 financial instruments also include facilities where the credit risk has improved, and the loan has been reclassified from Stage 2.

Stage 2

All exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired are classified under this stage. The Group classifies all loans over 30 Days Past Due (other than over 90 cases) is considered as significant increase in credit risk.

Stage 3

Financial instruments are classified as stage 3 when there is objective evidence of impairment as a result of one or more loss events that have occurred after initial recognition with a negative impact on the estimated future cash flows of a financial instrument. The Group classifies all financial assets over 90 Days Past Due as credit impaired assets. The Group considers life time ECL for those assets.

The Group also considers loan accounts which has moved to 90 + Days Past Due during the year or in previous years and has not fully repaid the interest and principal as credit impaired or Stage 3 assets.

4.8.2. Estimation of Expected Credit loss

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

- **Probability of Default (PD)** - The Probability of Default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously de-recognized and is still in the portfolio.
- **Exposure at Default (EAD)** - The Exposure at Default is an estimate of the exposure at a future default date (in case of Stage 1 and Stage 2), taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest, whether scheduled by contract or otherwise. In case of Stage 3 loans EAD represents gross exposure as on the reporting date.
- **Loss Given Default (LGD)** - The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

Forward looking information

While estimating the expected credit losses, the Group reviews macro-economic developments occurring in the economy and the market it operates in. On a periodic basis, the Group analyses if there is any relationship between key economic trends like GDP, unemployment rates, benchmark rates set by the Reserve Bank of India, inflation etc. with the estimate of PD, LGD determined by the Group based on its internal data. While the internal estimates of PD, LGD rates by the Group may not be always reflective of such relationships, temporary overlays, if any, are embedded in the methodology to reflect such macro-economic trends reasonably.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V****Collateral valuation**

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as immovable assets. However, the fair value of collateral affects the calculation of ECL and the fair value is based on data provided by third party or management judgements.

Collateral repossessed

In its normal course of business whenever default occurs, the Group may take possession of properties in its retail portfolio and generally disposes such assets through auction, to settle outstanding debt. Any surplus funds are returned to the customers/obligors. As a result of this practice, assets under legal repossession processes are not recorded on the balance sheet.

Write-offs

Financial assets are written off either partially or in their entirety to the extent that there is no realistic prospect of recovery. The Group reduces the gross carrying amount of a financial asset. However financial assets that are written off could still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice where appropriate. Any subsequent recoveries made are recognized in the statement of profit and loss.

4.9. Employee benefits:

The Group provides employment benefits through various defined contribution and defined benefit plans. Employee benefits include Provident Fund, Gratuity and Bonus.

Defined contribution plans

A defined contribution plan is a plan under which the Group pays fixed contributions into an independent fund administered by the government. The Group has no legal or constructive obligations to pay further contributions after its payment of the fixed contribution, which are recognized as an expense in the year in which the related employee services are received.

Defined benefit plans

The defined benefit plans sponsored by the Group define the amount of the benefit that an employee will receive on completion of services by reference to length of service and last drawn salary. The legal obligation for any benefits remains with the Group.

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognized in the financial statements in respect of gratuity is the present value of the defined benefit obligation at the reporting date, together with adjustments for unrecognized actuarial gains or losses and past service costs. The defined benefit obligation is calculated at or near the reporting date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of Other Comprehensive Income (OCI) in the year in which such gains or losses are determined.

Expense in respect of other short term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

4.10. Leases

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term. The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Group's incremental borrowing rate as on the date of lease commencement date.

Identification of lease:

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

Recognition of lease payments:

Rent expenses representing operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the increase is in line with expected general inflation, in which case lease payments are recognized based on contractual terms.

Leases that do not transfer to the Group substantially all of the risks and benefits incidental to ownership of the leased items are operating leases.

Short-term leases and leases of low-value assets

The Group has elected not to recognize right-of-use assets and lease liabilities for short-term leases of assets that have a lease term of 12 months or less and leases of low-value assets. The Group recognizes the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

4.11. Taxes**Current tax and Deferred tax**

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period.

Current tax comprises amount of tax payable in respect to the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to tax payable or receivable in respect of prior years.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V**

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, or substantively enacted, by the reporting date where the Group operates and generates taxable income.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts and is intended to realise the asset and settle the liability on a net basis or simultaneously. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax is recognised using the Balance Sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for deductible temporary differences to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets, if any, are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised either in other comprehensive income or in other equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

4.12. Share based payments

- a) The fair value of options granted under the Employee Option Plan (provided by the Holding Group) is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:
 - a. including any market performance conditions
 - b. excluding the impact of any service and non-market performance vesting conditions

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V**

- c. including the impact of any non-vesting conditions

If the options vests in instalments (i.e. the options vest pro rata over the service period), then each instalment is treated as a separate share option grant because each instalment has a different vesting period.

As the Group is awarding its Holding Company's equity instruments against services received and has the obligation to settle the share based payment transaction, the Group is accounting the same as movement in equity.

- b) The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

4.13. Earnings per equity share

Basic earnings per equity share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. To calculate diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

4.14. Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Navi Finserv Limited

(formerly known as Navi Finserv Private Limited)

Summary of significant accounting policies and other explanatory information to the Reformatted**Consolidated Financial Statements for the year ended 31 March 2023****Annexure V**

Impairment losses of continuing operations, are recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

4.15. Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

4.16. Dividend

Proposed dividends and interim dividends payable to the shareholders are recognized as changes in equity in the period in which they are approved by the shareholder's meeting and the Board of Directors respectively.

4.17. Foreign currency**Functional and presentation currency**

Items included in the financial statement of the Group are measured using the currency of the primary economic environment in which the entity operates. The financial statements have been prepared and presented in Indian Rupees, which is the Group's functional and presentation currency.

Transactions and balances

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction. Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded are recognized in the Statement of Profit and Loss in the year in which they arise.

4.18. Equity investment in subsidiaries

4.19. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Group. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Group.

4.20. Trade and Other Payable

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of reporting period remaining unpaid. These amounts are unsecured and are usually paid in accordance with the payment terms agreed with vendors.

4.21. Rounding off amount

All amounts disclosed in the financial statements and notes have been rounded off to the millions as per the requirements of Schedule III of the Act unless otherwise stated.

4.22 New Standards and amendments effective on or after April 01, 2022

(i) Ind AS 16, Property, Plant and Equipment

Proceeds before intended use of property, plant and equipment

The amendment clarifies that any excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

Carve out from IAS 16, Property, plant equipment:

In May, 2020, IASB amended IAS 16, Property, plant equipment to prohibit an entity from deducting from the cost of an item of property, plant and equipment the proceeds from selling items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management.

The said amendments have not been made under Ind AS 16. Further, paragraph 17(e) of Ind AS 16 has been amended to clarify that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment.

(ii) Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

Onerous Contracts – Cost of fulfilling a contract

The amendment explains that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

(iii) Ind AS 109, Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

Based on the evaluation made by the Group, no impact is assessed in the financial statements of the Group on account of the above

The Ministry of Corporate Affairs has vide notification dated 31 March 2023 notified Companies (Indian Accounting Standards) Amendment Rules, 2023 which amends certain accounting standards, and are effective 1 April 2023. Below is a summary of such amendments:

(i) Disclosure of Accounting Policies- Amendments to Ind AS 1, Presentation of financial statements

The amendment requires entities to disclose their material rather than their significant accounting policies. The amendments define what is 'material accounting policy information' and explain how to identify when accounting policy information is material. They further clarify that immaterial accounting policy information does not need to be disclosed. If it is disclosed, it should not obscure material accounting information.

(ii) Definition of Accounting Estimates- Amendments to Ind AS 8, Accounting policies, changes in accounting estimates and errors

The amendment clarifies how entities should distinguish changes in accounting policies from changes in accounting estimates. The distinction is important, because changes in accounting estimates are applied prospectively to future transactions and other future events, but changes in accounting policies are generally applied retrospectively to past transactions and other past events as well as the current period

(iii) Deferred tax related to assets and liabilities arising from a single transaction- Amendments to Ind AS 12, Income taxes

The amendment requires entities to recognise deferred tax on transactions that, on initial recognition, give rise to equal amounts of taxable and deductible temporary differences. They will typically apply to transactions such as leases of lessees and decommissioning obligations and will require the recognition of additional deferred tax assets and liabilities.

The amendment should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, entities should recognise deferred tax assets (to the extent that it is probable that they can be utilised) and deferred tax liabilities at the beginning of the earliest comparative period for all deductible and taxable temporary differences associated with:

- right-of-use assets and lease liabilities, and
- decommissioning, restoration and similar liabilities, and the corresponding amounts recognised as part of the cost of the related assets.

Summary of significant accounting policies and other explanatory information to the Reformatted Consolidated Financial Statements for the year ended 31 March 2023 **Annexure V**

The cumulative effect of recognising these adjustments is recognised in retained earnings, or another component of equity, as appropriate. Ind AS 12 did not previously address how to account for the tax effects of on-balance sheet leases and similar transactions and various approaches were considered acceptable. Some entities may have already accounted for such transactions consistent with the new requirements. These entities will not be affected by the amendments.

The other amendments to Ind AS notified by these rules are primarily in the nature of clarifications.

A.Nature of security

Secured by an exclusive charge by way of hypothecation of loan assets receivables.

B.Other information

(i) The Company has not defaulted in the repayment of dues to its lenders.

(ii) The Company has utilised the borrowings for the purpose for which it was obtained

(iii) Market Linked Debentures are carrying variable interest rate which is linked to performance of specified indices over the tenure of the debentures. The embedded value of the derivative is negligible and is likely to remain negligible throughout the tenure of debentures. Therefore the market linked debentures have been classified at amortised cost. Few debentures have exercisable call/put option.

Retirement age (years)	60	60	60

(x) Notes to actuarial assumptions:

- Gratuity is payable to the employees on death or resignation or on retirement at the attainment of superannuation age.
- These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors are determined close to each year-end by reference to government bonds and that have terms to maturity approximating to the terms of the related obligation. Other assumptions are based on
- The discount rate is based on the prevailing market yield of Government of India bonds as at the balance sheet date for the estimated terms of obligations.
- The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

(xi) Sensitivity analysis for gratuity liability

Particulars	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Impact of change in discount rate			
Present value of obligation at the end of the year			
Discount rate +100 basis points	(7.79)	(3.54)	(2.46)
Discount rate -100 basis points	9.34	4.18	2.89
Impact of change in salary increase			
Present value of obligation at the end of the year			
Salary growth+ 100 basis points	7.39	3.48	2.58
Salary growth- 100 basis points	(6.51)	(3.10)	(2.23)
Impact of change in attrition rate			
Present value of obligation at the end of the year			
Attrition rate + 100 basis points	(1.92)	(0.78)	(0.40)
Attrition rate - 100 basis points	2.08	0.84	0.41

The above sensitivity analysis is based on a change an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous year.

(xii) Maturity profile of defined benefit obligation

Particulars	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Within next 12 months	6.70	4.03	2.63
Between 1-5 years	14.07	41.07	29.00
Beyond 5 years	65.58	-	-

(xiii) Expected future payouts (discounted)

	As at 31 March 2023	As at 31 March 2022	As at 31 March 2021
Year I	6.70	4.03	2.63
Year II	5.06	3.13	2.06
Year III	3.85	2.36	1.62
Year IV	2.93	1.79	1.23
Year V	2.24	1.37	0.96
Year 6-10	7.95	4.40	3.22
Above 10 years	57.63	28.02	19.91

Plan characteristics and associated risks
1. Salary inflation risk

Higher than expected increases in salary will increase the defined benefit obligation

2. Demographic risks:

This is the risk of volatility of results due to unexpected nature of decrements that include mortality attrition, disability and retirement. The effects of this decrement on the defined benefit obligation depend upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawal rate because the cost of retirement benefit of an employee serving a shorter tenor will be less compared to long service employees.

3. Actuarial risk

It is the risk that the benefits will cost more than expected. This can be due to one of the following reasons

- a) Adverse salary growth
- b) Variability in mortality rates
- c) Variability in withdrawal rates

4. Market risk

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits and vice versa. This assumption depends on the yields on the corporate / government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

5. Legislative/Regulatory risk

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation / regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

6. Liquidity risk

The Company is making provisions for the entire gratuity liability as per actuarial valuation and follows a 'pay as you go' system to meet the liabilities as and when they fall due. Therefore, there is a liquidity risk involved that they may run out of cash.

ESOP Plan 2019

Under the Employee Share-option Plan (ESOP), introduced on 17 October 2019 by Navi Technologies Limited (herein referred to as the "Holding Company"), at its discretion, may grant share options of the Holding Company to any of the employees including employees of its wholly owned subsidiaries.

The Holding Company introduced the Plan for the benefit of the employees of all companies under the Group. The options are to be granted to the eligible employees as per the eligibility criteria as determined by the Board/Compensation Committee at its sole discretion. Under the plan, participants have been granted options which will vest as follows:

Scheme	Vesting Conditions	Exercise Period	Exercise Price / Ratio	Other conditions
Employee Share-option Plan (ESOP), 2019	Vested in a graded manner over a period of 4 years.	Employees must remain in service for a period of 3 years from the date of grant.	₹ 100/-Options : Shares = 1:1	Options are exercisable in one or more tranches within a period of 10 years from the date of vesting, failing which the options shall lapse.

Pursuant to the plan, the Holding Company has granted 70,97,083 to the employees of the Group. Outstanding options as on 31 March 2023 are 2,06,02,530. The Stock compensation cost is computed under the fair value method and has been recognised over the vesting period up to 31 March 2023.

For the year ended 31 March 2023, the Group has recorded stock compensation expenses of ₹109.40 millions (31 March 2022: ₹68.01 millions)which has been granted by Holding Company.

	No. of options 31 March 2023	No. of options 31 March 2022	No. of options 31 March 2021

The fair value of share options granted is estimated at the date of grant using a Black Scholes Merton model, taking into account the terms and conditions upon which the share options were granted. The expected life used in the model has been adjusted, based on management's best estimate for the effects of non-transferability, exercise restrictions and behavioral considerations. The contractual term of the share options is ten years and there are no cash settlement alternatives for the employees. The Holding Company does not have a practice of cash settlement for these awards.

The fair value of cash and cash equivalents, bank balances, trade receivables, other financial assets and other financial liabilities approximate their carrying amount largely due to the short-term nature of these instruments. Hence not considered in the above disclosure.

49.1 Fair value hierarchy of assets and liabilities

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation sale. Methods and assumptions used to estimate the fair values are consistent in all the years. Fair value of financial instruments referred to in note (a) above has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets and liabilities and lowest priority to unobservable entity specific inputs.

The categories used are as follows:

Level 1: Quoted prices (unadjusted) for identical instruments in an active market;

Level 2: Directly (i.e. as prices) or indirectly (i.e. derived from prices) observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data (unobservable inputs).

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:

49.3 Valuation methodologies of financial instruments measured at amortised cost

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

Financial assets at amortised cost

The fair value of loans given to customers are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields. The fair value of investments are estimated using a cash flow model based on contractual cash flows using actual maturities.

Financial liability at amortised cost

The fair value of borrowings, debt securities and subordinate liabilities are estimated using a discounted cash flow model based on contractual cash flows using actual or estimated yields.

Short term financial assets and liabilities

The fair value of cash and cash equivalents, bank balances, trade receivables, other financial assets and other financial liabilities approximate their carrying amount largely due to the short-term nature of these instruments. The Group's loans have been contracted at market rates of interest. Accordingly, the carrying value of these approximates fair value.

50 Risk management

Risk is an integral part of the Group's business and sound risk management is critical for the success. On account of it's business activities, the Group is exposed to various financial risks associated with financial products such as credit or default risk, market risk, interest rate risk, liquidity risk and inflationary risk. However, the Group has a robust financial risk management system in place to identify, evaluate, manage and mitigate various risks associated with its financial products to ensure that desired financial objectives are met. The Group's senior management is responsible for establishing and monitoring the risk management framework within its overall risk management objectives and strategies, as approved by the Board of Directors. Such risk management strategies and objectives are established to identify and analyse potential risks faced by the Group, set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and assess risk management performance. Any change in Group's risk management objectives and policies needs prior approval of it's Board of Directors. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Risk management
Credit risk	Financial assets (excluding cash in hand)	Ageing analysis and credit risk modelling	Structured and standardized credit appraisal process, Field credit assessment, diversification of asset base, Group guarantee (joint liability Group loans), borrower indebtedness limits, diversification of asset base, credit limits and collaterals taken for assets, wherever applicable.
Liquidity risk	Financial liabilities	Cash flow forecasts	Committed borrowing and other credit facilities and sale of loan assets (whenever required).
Market risk - interest rate	Investments, borrowings, debt securities and subordinated liabilities carrying variable interest rates	Sensitivity analysis	Review of fair valuation of investments and review of cost of funds and pricing of disbursements.
Market risk - security price	Investments	Sensitivity analysis	Diversification of portfolio with focus on strategic investments.

The Group has a risk management policy which covers all the risk associated with its assets and liabilities. The Group has implemented comprehensive policies and procedures to assess, monitor and manage risk throughout the Group. The risk management process is continuously reviewed, improved and adapted in tandem with internal metamorphosis and changing external environment. The process of continuous evaluation of risk also includes taking stock of the risk landscape on an event-driven basis.

The Group has an elaborate process for risk management. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. The Group's treasury is responsible for managing its assets and liabilities, liquidity position, and the overall financial structure. It is also primarily responsible for the funding and interest rate risks of the Group.

50 Risk management (cont'd)

50.1 Credit risk

A. Loans

Credit risk is the risk that a customer or counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group's substantial income is generated from lending to retail customers and therefore credit risk is the principal risk associated with the business.

The credit risk management policy of the Group seeks to have following controls and key metrics that allows risks to be identified, assessed, monitored and reported in a timely and efficient manner in compliance with regulatory requirements.

- Standardize the process of identifying new risks and designing appropriate controls for these risks
- Minimize losses due to defaults or untimely payments by borrowers
- Maintain an appropriate credit administration and loan review system
- Establish metrics for portfolio monitoring
- Design appropriate credit risk mitigation techniques

B. Investments

This risk is common to all investors who invest in bonds and debt instruments and it refers to a situation where a particular bond issuer is unable to make the expected principal payments, interest rate payments, or both. Similarly, a lender bears the risk that the borrower may default in the payment of contractual interest or principal on its debt obligations, or both. The Group continuously monitors defaults of customers and other counterparties and incorporates this information into its credit risk controls.

50.1.1 Risk identification

Credit risk may originate in one or multiple of following ways mentioned below:

- Adverse selection of target market for undertaking lending activity
- Gap in credit assessment of borrower's credit worthiness
- Security gaps or temporary technical glitches in the loan origination application of the Group leading to loans being sanctioned to ineligible individuals
- Undue influence of Animator/Representative on customers (political influence / middlemen influencing decisions of customers)
- Over-borrowing by customers
- Upper cap on loan ticket size
- Improper use of loan amount than the designated activity
- Over-concentration in any geography/branch/zone etc.
- Inability to accurately map the underlying credit risk to the parameters of the sanctioned loan

Credit risk in investments may originate in one or multiple of following ways mentioned below:

- Adverse economic environment / regulatory changes impacting the credit / liquidity profile of underlying issuers
- Financial stress due to internal factors (such as over-leveraging by underlying issuers) resulting in lower demand for the security in the secondary market or leading to an impact on the issuer's ability to service debt obligations
- Any financial stress in the entities of the underlying issuer impacting its refinancing ability
- Deterioration in the value of underlying collateral
- Aggressive growth / policies affecting the asset quality and in turn profitability and refinancing options
- Material frauds by promoters / key management personnel / employees
- Breach of any covenants triggering cross-default / liquidity shocks

50.1.2 Risk assessment and measurement

The Group assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed for each class of financial instruments with different characteristics. The Group assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

- (i) Low credit risk
- (ii) Moderate credit risk
- (iii) High credit risk

The Group provides for expected credit loss based on the following:

Nature	Assets covered	Basis of expected credit loss
Low credit risk	Cash and cash equivalents (excluding cash on hand), other bank balances, investments, loans, other receivables and other financial assets	12 month expected credit loss
Moderate credit risk	Loans, investments and other financial assets	Life time expected credit loss or 12 month expected credit loss
High credit risk	Loans, investments and other financial assets	Life time expected credit loss or fully provided for

50 Risk management (cont'd)

50.1.3 Risk monitoring

Monitoring and follow up is an essential element in the overall risk management framework and is taken up very seriously at all levels within the organization. Monitoring and controlling risks is primarily performed based on limits established by the Group.

Loans - Borrower risk categorization is an effective tool to flag potential problems in the loan accounts and identify if any corrective action plan are to be taken. The Group regularly monitors borrower repayments and borrowers are accordingly categorized in low risk and high risk.

The performance indicators are continuously generated through monitoring alerts in the loan origination flow and post disbursal flow to highlight areas requiring attention and action. Monitoring includes diagnostic studies of problem areas in collections performance and proactively taking actions.

The risk monitoring metrics have been defined to track performance at each stage of the loan life cycle:

- Loan Origination - profile/income selection, document verification process, KYC checks, creditworthiness checks based on CIBIL, fraud database checks, device data, regular updates to loan origination application based on security gaps and technical glitches identified etc
- Loan Underwriting - Risk rating scoring, credit assessment, independent assessment of legal validity and value of Property by experts etc.
- Loan sanction - Disbursement to high risk rated borrowers; early delinquency due to fraud
- Loan pre and post disbursement - disbursement in the bank Account only
- Loan collection and recovery - monitor repayments, Days past due review, DPD stagewise collection framework
- Appropriate policy-driven loan origination and collection process.

Investments - Risk concentration is minimized by investing in highly rated, investment grade bonds and debt instruments which have a very low risk of default. These investments are reviewed by the Board of Directors on a regular basis.

50.1.4 Risk mitigation

Risk Mitigation or risk reduction is defined as the process of reducing risk exposures and/or minimizing the likelihood of incident occurrence.

Loans

The following risk mitigation measures have been suggested at each stage of loan life cycle:

- Loan origination - profile/income selection, document verification process, KYC checks, creditworthiness checks based on CIBIL, fraud database checks, device data, regular updates to loan origination application based on security gaps and technical glitches identified etc.
- Loan underwriting - Risk rating, credit assessment, independent assessment of legal validity and value of property by experts etc.
- Loan pre and post disbursement - disbursement in the bank account only, loan utilisation checks
- Loan collection and recovery - monitor repayments, days past due review, DPD stagewise collection framework
- Appropriate policy-driven loan origination and collection process.

Investments

With respect to investments, the Group maintains a well-diversified portfolio of investments in shares and securities which are saleable at any given point of time. A dedicated team of market experts are monitoring the markets on a continuous basis, which advises the management for timely purchase or sale of securities.

50 Risk management (cont'd)**50.1.5 Impairment assessment****Investments**

The Group has commenced the treasury operations in investments in the year ended 31 March 2020. The Group has assessed the impairment allowance on the basis of $EAD \times PD \times LGD$. The default rates for these investments are considered as reported by external credit rating agencies. Exposure at default (EAD) is the carrying value of the investments (net of credit enhancement).

Loans

The Group is also engaged in the business of providing loans and access to credit to the customers and joint liability group (JLG). The tenure of which is upto 84 months for its personal loan product, upto 30 years for its housing loan product and 12 months to 24 months for joint liability group (JLG).

The Group's impairment assessment and measurement approach is set out in this note. It should be read in conjunction with the Summary of significant accounting policies Note 4.8.1 (Overview of the Expected Credit Loss).

Definition of default

The Group considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments except in case of Investments where above 60 days past due is considered as credit impaired.

As a part of a qualitative assessment of whether a customer is in default, the Group also considers a variety of instances that may indicate unlikelihood to pay. When such events occur, the Group carefully considers whether the event should result in treating the customer as defaulted and therefore assessed as Stage 3 for ECL calculations or whether Stage 2 is appropriate.

The Group's internal credit rating grades and staging criteria for loans are as follows:

Internal rating grade	Internal rating description	Stages
Performing		
Standard grade - no overdue	No over due	Stage I
Standard grade - past due	DPD 1 to 30	Stage I
	DPD 31 to 60	Stage II
	DPD 61 to 89	Stage II
Non-performing		
Sub-standard grade	DPD => 90	Stage III

Frequency of recognition

Riskiness of a financial asset is recognized in the following frequency: -

- At the time of initial recognition all financial assets are recognized as low credit risk.
- Assets are evaluated on a monthly frequency till the time it is fully repaid and closed; they are evaluated basis their days past due (DPD) status at every month-end, and risk classification is made accordingly.
- An asset may be re-recognized if there is adverse field information regarding client default.

Forward looking approach

ECL is based on history of financial asset and also includes forward-looking statement. Ind-AS does not mandate to forecast about the future conditions over the entire expected life of a financial asset, and ensures to extrapolate projections from available, detailed information. These include :-

- Internal historical credit loss experience
- Industry trend of credit loss of homogeneous assets
- Historical credit loss experience of other similar assets to homogeneous set of customers
- Changes in underwriting capacity, collection efficiency, and management strength
- Macroeconomic factors such as interest rates, industry policies, GDP growth, inflation, etc.
- Regulatory factors such as systemic risk events, policy changes, and statutory guidelines
- Systemic events such as COVID-19 pandemic.

50 Risk management (cont'd)**50.1.5 Impairment assessment (cont'd)****Measurement of ECL**

Expected Credit Loss or ECL is measured in the following manner. The Group calculates ECL based on probability-weighted scenarios to measure the expected cash shortfalls, discounted at an approximation to the EIR. A cash shortfall is the difference between the cash flows that are due to the Group in accordance with the contract and the cash flows that the Group expects to receive.

ECL = PD*LGD*EAD

Each item is defined as follows: -

ECL - Expected credit loss

Present value of difference between contractual cash flows and actual cash flows expected to be received over a given time horizon

PD - Probability of default

The Probability of default is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the loans.

LGD - Loss given default

The Loss Given Default is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Group would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD

EAD- Exposure at default

Cash flows that are at risk of default over a given time horizon, The Exposure at Default is an estimate of the exposure at a future default date.

50 Risk management (cont'd)**50.2 Liquidity risk and funding management**

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has established Asset and Liability Management Committee (ALCO) for the management of the Group's short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

50.2.1. Analysis of financial assets and liabilities by remaining contractual maturities

50.3 Market risk

Market Risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market factor. It is a form of systematic risk associated with the day-to-day fluctuation in the market prices of shares and securities and such market risk affects all securities and investors in the same manner. These daily price fluctuations follows its own broad trends and cycles and are more news and transaction driven rather than fundamentals and many a times, it may affect the returns from an investment. Market risks majorly comprises of two types - interest rate risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risks include borrowings and investments.

50 Risk management (cont'd)**Interest rate risk**

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. It is a type of systematic risk that particularly affects fixed rate debt instruments like bonds and debentures. The value of the fixed-rate debt instruments generally decline due to rise in interest rates and vice versa. The rationale is that a bond is a promise of a future stream of payments; an investor will offer less for a bond that pays-out at a rate lower than the rates offered in the current market. A rising interest rate scenario also affects the Group's interest expenditure on borrowed funds.

The Group monitors the interest rate scenarios on a regular basis and accordingly takes investments decisions as whether to invest in fixed rate debt instruments, shares and securities at a particular point of time. Further, the Group's borrowings carry a fixed and floating rate of interest and the Company is in a position to pass on the rise in interest rates to its borrowers.

The Company's investments in debt instruments and pass through certificates are all fixed interest bearing instruments. Refer the price sensitivity analysis given below.

The following table demonstrates the sensitivity to a reasonably possible change in the interest rates on the portion of borrowings affected. With all other variables held constant, the profit before taxes affected through the impact of rate change in borrowings, as follows:

Particulars	Effect on Statement of Profit and loss for the year ended 31 March 2023	Effect on Statement of Profit and loss for the year ended 31 March 2022
0.50% increase	184.24	243.13

Particulars	Effect on Statement of Profit and loss for the year ended 31 March 2021
0.50% increase	155.68
0.50% decrease	- 155.68

Price risk

Price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. It arises from financial assets such as investments in equity instruments, bonds, mutual funds etc. The Group is exposed to price risk arising mainly from investments carried at fair value through profit and loss which are valued using quoted prices in active markets (level 1 investments). A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing as at the reporting date is given below:

53A Transferred financial assets that are not derecognised in their entirety

- i) During the period, the Group has securitisation with various parties. Under such arrangements, the group has transferred a pool of loans, which does not fulfil the derecognition criteria specified under IndAS 109 as the group has concluded that risk and rewards with respect to these assets are not substantially transferred.

Following such transfer, the Group's involvement in these assets as follows:

- a) As a servicer of the transferred assets
b) To the extent of credit enhancements provided to such parties.

The value of Financial assets and liabilities as on :

Particulars	For the year ended 31 March 2023	For the year ended 31 March 2022	For the year ended 31 March 2021

^Yet to be issued

In issuing and maintaining its ratings, India Ratings relies on factual information it receives from issuers and underwriters and from other sources India Ratings believes to be credible. India Ratings conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security.

The manner of India Ratings' factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in India where the rated security is offered and sold, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors

Users of India Ratings' ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information India Ratings relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to India Ratings and to the market in offering documents and other reports. In issuing its ratings India Ratings must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

India Ratings seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. Each rating action commentary provides information about the criteria and methodology used to arrive at the stated rating, which may differ from the general criteria and methodology for the applicable security type posted on the website at a given time. For this reason, you should always consult the applicable rating action commentary for the most accurate information on the basis of any given public rating.

Ratings are based on established criteria and methodologies that India Ratings is continuously evaluating and updating. Therefore, ratings are the collective work product of India Ratings and no individual, or group of individuals, is solely responsible for a rating. All India Ratings reports have shared authorship. Individuals identified in an India Ratings report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only.

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. India Ratings is not your advisor, nor is India Ratings providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services. Investors may find India Ratings ratings to be important information, and India Ratings notes that you are responsible for communicating the contents of this letter, and any changes with respect to the rating, to investors.

It will be important that you promptly provide us with all information that may be material to the ratings so that our ratings continue to be appropriate. Ratings may be raised, lowered, withdrawn, or placed on Rating Watch due to changes in, additions to, accuracy of or the inadequacy of information or for any other reason India Ratings deems sufficient.

Nothing in this letter is intended to or should be construed as creating a fiduciary relationship between India Ratings and you or between India Ratings and any user of the ratings.

In this letter, "India Ratings" means India Ratings & Research Pvt. Ltd. and any successor in interest.

We are pleased to have had the opportunity to be of service to you. If we can be of further assistance, please email us at infogrp@indiaratings.co.in

\$ Details in Annexure

The suffix 'emr' denotes the exclusion of the embedded market risk from the rating. The rating of MLDs is an ordinal assessment of the underlying credit risk of the instrument and does not factor in the market risk that investors in such instruments will assume. This market risk stems from the fact that coupon payment on these instruments will be based on the performance of a reference index (to be detailed in the information memorandum of the issue).

Analytical Approach: Ind-Ra continues to take a consolidated view of NFL (100% - by Navi Technologies Limited; NTL), Chaitanya India Fin Credit Private Limited (CIFCPL; 'IND A'/Stable; 100%) and NTL, collectively known as the Navi group, to arrive at the ratings. This is because the Navi group's operating entities are considered vehicles to deliver different forms of financial services to the target segment, and the ultimate parent, NTL, which provides technological backbone and support to the subsidiaries.

The ratings reflect NFL's and the Navi group's large capital base available for the deployment for growth, risk capital and liquidity; leverage expectations moving with product mix in the near- to medium-term; and adequate liquidity available through parent support and own resources.

Key Rating Drivers

Large Capital Base; Deployment likely Across Various Segments: NFL, which is also a holding company of the Navi group's non-banking financial company – microfinance institution (NBFC-MFI; CIFCPL), is a lending subsidiary of NTL. NTL was set up to invest in and provide technological platforms to the financial companies of the group. The company was set up by the founder and ex-promoter of Flipkart, Sachin Bansal, who infused INR40 billion into various financial ventures of the group in FY20. Apart from the lending business, the group owns a general insurance company (Navi General Insurance). In addition, the group has broking and investment advisory licences and acquired the asset management business (Navi AMC Limited) from Essel Finance AMC and has introduced several mutual fund schemes.

As of August 2022, the company had infused equity of INR20 billion in NFL, INR4.87 billion in the insurance vertical and INR1.5 billion in the asset management company (AMC). CIFCPL and NFL house the lending vertical of the group and are important for the planning and execution of the group's lending strategy, which aims at becoming a full-fledged financial services conglomerate. The agency expects the equity buffers to be further strengthened through a public issue of equity in FY23 for growth while maintaining adequate capital buffers. While personal loans and microfinance loans could remain the mainstay of the lending vertical in the near term, the company also expects to approximately double the share of home loans in its portfolio and expand to individual and business loans of the microfinance entity (including two-wheelers that was discontinued earlier).

Franchise in Expansion Mode; Portfolio Remains Unseasoned: After revamping its underwriting model from initial rule basis engine to machine learning model, NFL grew its personal loan book almost 8.7x in June 2022 to INR39.37 billion in the past 12 months, while home loan portfolio increased to about INR4.21 billion since product inception. This growth was fuelled by increase in marketing and advertising expenses in FY22 over FY21. Ind-Ra expects the marketing-led spending to bring in more borrowers. In the microfinance segment too, its subsidiary increased its book by about 90% in FY22 over FY21. Moreover, only a few small monthly cohorts from May 2020 have completed one cycle, while the early delinquencies in the most recent months are showing improving trends than cohorts of FY21. Ind-Ra expects most smaller ticket products to take a few cycles for the credit-models and costs to stabilise. With fast growth and less than two-year tenors pose increasing vulnerability to event risks, including deteriorating macro-economic environment, Ind-Ra expects the group to operate within the modest leverage along with adequate liquidity buffers.

Eminent Board and Advisors: With the company expanding its operations, it has set up an experienced board, with Anand Sinha (former deputy governor of the Reserve Bank of India) as the independent director at NTL. It has also enlisted the services of the veteran banker, Paresh Suthankar, and other eminent members as advisor to the board for lending and other businesses. NFL has strengthened its management and Ind-Ra expects, given NTL's listing plans, the boards of all companies to be enhanced and strengthened. This would also have a positive bearing on the corporate governance and strengthen systems, controls and processes. Ind-Ra also expects NFL to appoint a chief risk officer this year, given it is close to achieving INR50 billion assets on a standalone basis.

Reserve and Planned Equity to Support Business Requirements: Of the INR40 billion corpus, NTL had infused around INR23 billion, with 72.7% of it mainly infused in the lending businesses, as of May 2022, with the balance being available for equity infusion, further expansion in related verticals, and contingent support to group companies, as and when required. Some of this surplus has been lent to NFL through interest-free debentures, and subsequently invested largely in capital markets; however, the group plans to hold this excess liquidity at the parent and infuse it only in the form of equity in its financial businesses, based on need and leverage commitments. The track record of the promoters provides the group with substantial experience in fund raising. Given the pace of capital consumption and growth plans, NTL is planning to raise equity worth INR33.5 billion over the near term while maintaining the leverage commitments.

Liquidity Indicator – Adequate: Until INR40 billion is fully deployed as equity, the undeployed proportion is available for liquidity support – the undeployed portion has declined to about INR13.5 billion across the group. The excess has mostly been deployed in treasury investments in NFL and NTL and can be mobilised quickly for liquidity support. As on 30 June 2022, 16.3% of the total NFL borrowings of INR39.6 billion was sourced from the parent. Navi group would keep a minimum of about INR10 billion with itself (most of it deployed in liquid instruments while a modest part deployed in illiquid pass through certificates). In addition, the average maturity of NFL's liability tenors exceed average assets tenor as majority of its book is in unsecured personal loans. On a standalone basis, adjusting for the investments funded by the borrowings from the group, the cumulative surplus of up to the one-year bucket (excess of short-term assets over liabilities) to total assets for NFL was about 21.7% at end-June 2022 and the cumulative surplus of up to the one-year bucket to total assets was about 13.1% for CIFCPL.

Over the medium term, the group plans to maintain liquidity buffers that are higher than those of its peers even if all the equity is fully deployed; Ind-Ra believes this is critical given the low seasoning of the asset book, its focus on unsecured loans, and the pace of disbursements. The overall leverage of the lending business has been capped at 3.75x over the medium term. As the available funds with LTL are infused as capital into the subsidiaries, the pressure to raise equity would increase to maintain both liquidity and leverage at levels warranted for unsecured asset classes.

High Disbursement to Outstanding Ratio: NFL offers digital personal loans up to a ticket size of INR2 million; in the agency's opinion, this is the easiest product to build through purely digital means. NFL also introduced home loans (up to INR50 million) in December 2020. In 1QFY23, NFL disbursed INR28.7 billion and CIFCPL INR10.6 billion, resulting in disbursements/outstanding assets under management of 65.8% for NFL and 33% for CIFCPL as of June 2022. Annually, this ratio has been 40%-70% for smaller ticket loans in the similar rated category. NFL has almost reached a monthly run rate of INR11 billion disbursements, which could increase further in the near term. While still being under the leverage target, the unseasoned portfolio could throw up material credit cost and increase vulnerability to event risks. However, the company has made important developments in analytics and processing algorithms that resulted in lower early delinquencies in the second and third quarter disbursement cohorts compared to FY21. However, FY21 was also affected by COVID-19, resulting in steady-state delinquencies or credit costs settling at a materially higher level than the current level. Alternatively, NFL could originate loans with a somewhat weaker profile to achieve the targeted and optimised risk-return with higher-than-expected growth. The AUM growth trajectory of the consolidated entity could necessitate equity infusion in the individual entities in the near-term possibly more than once and would be a key rating monitorable.

Asset Quality and Credit Cost – COVID-19 is Water under Bridge; Heady Growth Performance Critical: With the Indian economy slowly recovering from the impact of the second COVID-19 wave, the company started reporting growth again in 2QFY22, which accelerated thereafter. NFL in 1QFY23 disbursed loans worth INR28.7 billion compared to INR5.4 billion in 1HFY22. The second wave had exerted pressure on the asset quality, with the consolidated gross non-

performing asset (NPA) ratio rising to 7.0% in June 2021 (FY21: 4.27%); however, a combination of strong growth in AUM and write-offs by the company led to the consolidated gross NPAs reducing to 0.78% in June 2022 from 2.5% in December 2021. The total restructured portfolio at end-June 2022 for CIFCPL stood at INR0.11 billion and about INR0.9 million for NFL. In its models, NFL budgets 5% expected credit loss. With scale, NFL would be able to build operating buffers (in FY21, it was able to deliver material profits through treasury activities and not lending).

On a standalone basis, NFL reported a profit of INR229.1 million in 1QFY23 compared to a loss of INR669 million in FY22. Ind-Ra opines that the lending business, with its organic plans, it will remain a profitable entity in 1HFY23, if its growth plans sustain.

Moderate Leverage Critical Given Unsecured Loan Franchise: The company is ramping up its lending businesses, including the micro-finance business through CIFCPL. While the agency expects the consolidated adjusted leverage (total external lending vertical debt / equity of INR16.1 billion) of the lending vertical to increase over the medium term (June 2022: 3.5x; December 2021: 2.3x; June 2021: 1.1x), the company intends to cap it at 3.75x. The consolidated leverage including internal debt at end-June 2022 stood at 3.9x (December 2021: 3.47x); however, with equity infusion of INR3 billion in lending business in August 2022, the same is likely to reduce it momentarily, before it starts building again. The leverage at the microfinance subsidiary increased to 4.3x in end-June 2022 from 4.1x in end-December 2021, despite receiving the equity infusion in 1QFY23. NFL further infused INR0.75 billion in CIFCPL in August 2022.

Rating Sensitivities

Positive: A significant increase in the scale of the group's financial services business; the widening of its product portfolio and sufficient seasoning, while keeping the capital levels materially higher than its peers, on a sustained basis, could lead to a positive rating action.

Negative: An inability to scale up as planned, consistently weak operating parameters, the lending business leverage exceeding 3.75x, consistent losses in the lending business or the gross stage 3 deteriorating by over 5% on a consolidated basis, could lead to a negative rating action.

ESG Issues

ESG Factors Minimally Relevant to Rating: Unless otherwise disclosed in this section, the ESG issues are credit neutral or have only a minimal credit impact on NFL, due to either their nature or the way in which they are being managed by the entity. Company Profile

NFL, a wholly owned subsidiary of the Navi group (main holding company is NTL), holds 100% stake in CIFCPL, which has been in operations since 2009. The consolidated AUM of the lending vertical stood at INR75.6 billion at end-June 2022. NTL plans to foray into financial services business targeted at the middle class using technology as its core competency and developing innovative products.

Refer to Annexure for Details of Instruments & Bank Facilities

Detailed Rationale

CRISIL Ratings has assigned its '**CRISIL A/Stable**' rating to the Rs 500 crore non-convertible debentures of Navi Finserv Limited (NFL, part of Navi group comprising NFL and its 100% subsidiary – Chaitanya India Fin Credit Pvt Ltd {CIFCPL}) and reaffirmed its 'CRISIL A/Stable/CRISIL A1' ratings on bank facilities of the company.

The rating remains centrally driven by the comfortable capital position of Navi group (NFL and its subsidiary – Chaitanya India Fin Credit Private Limited - CIFCPL), which has strengthened significantly post acquisition of majority stake in NFL by Mr. Sachin Bansal in October 2019. Mr. Sachin Bansal presently holds about 98% stake in Navi Technologies Limited (NTL) which, in turn, holds 99.6% stake in Navi group - as the ultimate holding entity.

Over 90% of the group's lending portfolio is deployed in unsecured segment (digital personal loans and microfinance loans) and balance is home loans. Asset quality within all 3 portfolios has improved reflected in negligible NPAs and low delinquencies across newer originations. As on March 31, 2023, 90+dpd for the digital personal loan book stood at 1.46%, for microfinance portfolio – 90+ dpd was 0.34% and for housing loans – it was close to nil. Stressed assets (GNPA + write offs + restructured portfolio) for both NFL and CIFCPL – were sub 4% as of same date. Nevertheless, given majority of portfolio remains unseasoned, the company's ability to sustain its collections performance, remains a monitorable specially for the unsecured portfolio.

The group's profitability position, which had moderated in fiscal 2022 turned around in fiscal 2023 as marketing expenses, other operating expenses and Covid-19 related credit costs have declined – yielding a composite RoMA of 2.7% for

the fiscal. With the benefits of operating leverage and estimated lower credit costs, the group profitability is likely to improve during fiscal 2024.

Navi group's consolidated lending AUM has registered a robust growth over the last few quarters – primarily within the digital personal loan and microfinance portfolios. The group's digital personal loan portfolio has grown at a robust rate of 185% from Rs 2,504 crore as on March 31, 2022, to Rs 7,141 crore as on March 31, 2023, whereas the housing loan portfolio grew at 131% to Rs 715 crore over the same period. The growth in microfinance book – which stagnated in the immediate aftermath of the pandemic – also revived to 85% during fiscal 2023 leading to an AUM size of Rs 4,910 crore as of March 31, 2023. Corresponding to this growth, the group's capitalisation and liquidity position have remained strong supported by over ~Rs 3,700 crore of networth being available at the holding entity (Navi Technologies Pvt Ltd) level - of which ~Rs 2,600 crore is deployed in the lending business itself.

Mr. Sachin Bansal, the founder and promoter of Navi Technologies Limited (NTL), presently holds about 98% stake in the company which, in turn, holds 99.6% stake in Navi group - as the ultimate holding entity. NTL acquired Navi group in October 2019 post which the group's capital position has improved significantly.

As part of the planned Initial Public Listing, NTL expects to raise equity capital through a fresh issuance of which, majority will remain allocated for the lending arm to support the planned growth. The timing and valuation at which the listing happens, will remain a monitorable.

Apart from the group's increasing financial flexibility to raise capital, the rating also factors in the stabilizing asset quality with evolution in risk management systems, improving profitability and improving resource profile of the group. These ratings are partially offset by susceptibility of the unsecured retail portfolio to socio-political challenges, regulatory developments, and other macro disruptions like lay-offs, etc. and limited seasoning in the non-microfinance portfolio.

Navi group's (NFL and its 100% subsidiary CIFICPL) capital position remains strong reflected in a reported networth of close to Rs 2,617 crore and an adjusted gearing of 4.4 times (including from parent – NTL, excluding this – gearing was 4.3 times) as on March 31, 2023. Since October 2019, Navi group has received about Rs 1,950 crore as capital from NTL and is expected to receive another round of capital from the proceeds of the public listing of NTL, the near to medium term which would support its growth plans. On a steady state basis, the company will continue to receive capital support from its parent. At NTL level, reported networth stood at Rs 3,642.6 crore as on March 31, 2023, of which, majority is available as surplus that can be made available to subsidiaries at short notice, if need be.

Supported by this financial flexibility, Navi group's liquidity position remains strong. As on March 31, 2023, Navi group had over Rs 1,200 crore as liquidity available in the form of cash and liquid investments. Additionally, NTPL's stance on extending need-based support further substantiates the high financial flexibility of Navi group to raise funds as and when needed. Also, the stance around maintaining at least 15% of external liabilities as on-tap liquidity for the lending business remains intact.

Analytical Approach

For arriving at the ratings, CRISIL Ratings has combined the business and financial risk profiles of CIFICPL with its holding entity, NFL – given the high degree of operational and funding synergies between the two. Together, the two are referred to as Navi group. Incrementally, commitment of funding, managerial and operational support from NTL and high financial flexibility with readily investible funds has also been factored into the rating.

Please refer Annexure - List of Entities Consolidated, which captures the list of entities considered and their analytical treatment of consolidation.

Key Rating Drivers & Detailed Description

Strengths:

Capitalization remains healthy, to be strengthened further after the listing of the holding entity

Driven by a cumulative capital infusion of Rs 1,950 crore by Mr. Sachin Bansal through NTL, the capitalization of Navi group has improved significantly. NFL's standalone networth, which stood at Rs 80 crore as on March 31, 2019, increased to Rs 952 crore as of March 31, 2020, as a result of initial round of capital infusion. Thereafter, as the company received two more tranches of capital, NFL's reported networth further increased to Rs 2,270 crore as on March 31, 2023. Correspondingly, the company's adjusted gearing has also remained comfortable. On March 31, 2023, this metric stood at 3.2 times whereas excluding the interest free debt from NTPL, adjusted gearing was even lower at 2.4 times. Of the total capital NFL has received since October 2019, Rs 436 crore has been down-streamed to CIFICPL till March 2023. This has resulted in a stronger capital position for CIFICPL. Adjusted gearing (including direct assignment) stood at 6.3 times as of March 2023 as compared to 7.1 times, as of March 31, 2019.

Mr. Bansal holds about 98% in NTL, which in turn holds 99.6% stake in Navi Group. NTL's networth stood at Rs 3642.6 crore as of March 31, 2023 – and most of it has been infused into Navi Group as a combination of debt and equity. As on March 31, 2023, Rs 300 crore (as compared to Rs 650 crore on September 30, 2021) was parked in NFL as debt from NTL which has been deployed in treasury investments by the former.

In line with CRISIL Ratings' earlier expectations, this line of debt is being replaced by external funding on NFL's balance sheet. CRISIL Ratings also takes note of NTPL's plans to go for public issue in the near to medium term which would strengthen the group's capital position and the timing and size of the issue will be a monitorable. Presently, the company is estimated to raise Rs 2,680 – 3,350 crores as part of the public issue, as fresh issuance and the same has been factored into the rating. Even after factoring in the existing and potential allocation of capital within the group, a substantial amount of liquidity will be maintained within the NTL group at all points in time and, it will be fungible across the group depending upon entity specific requirements.

In consideration of NTL's demonstrated track record of allocating and extending capital support, CRISIL Ratings expects Navi group's consolidated capital position to remain strong in relation to its scale and nature of business.

Stabilizing asset quality with evolution in risk management systems

Asset quality for both NFL and CIFICPL has improved over the last 2-4 quarters, overcoming the aftereffects of the pandemic. The risk management systems of the group have been evolving with scale – primarily in the form of increasing effectiveness of the Navi app and the underwriting, monitoring digital model used by the group. With expanding data base, the ML driven model used by NFL is becoming more stringent and accurate. For CIFICPL – the increased efforts for ground level monitoring and constant borrower connect have proven to be beneficial. For the digital personal loan portfolio which has grown at a phenomenal rate since its commencement, 90+ dpd has improved significantly from its peak level of 15.1% in July 2021 to 1.46% as of March 2023. While some of this improvement is a factor of exponential AUM growth, majority of the traction is accredited to right selection of borrowers through the ML model, stringent approval rates and tight monitoring and collections systems of NFL. New originations have also been performing well – evidenced by constant improvement 30 PAR (static) across loan tenure buckets. Stressed assets for NFL, after including cumulative write offs and restructured portfolio, were also relatively low at sub 3%. For the housing loan book, also housed in NFL, growth has been stable with slippages remaining negligible.

CIFICPL, which is the microfinance arm of Navi group, has also exhibited resilience during the pandemic with total stressed assets remaining sub 3%. 30+ dpd had peaked at 8.5% in June 2021 post which the company's conscious collection efforts, growth in AUM and revival in macro factors resulted in 30+ dpd declining to 0.44% by end of March 2023. Hereto, after considering write offs and restructured portfolio, stressed assets remained sub 3% as on date. New microfinance disbursements have been exhibiting a monthly collection efficiency of >98% so far.

Considering the growth plans for the non-microfinance portfolio (digital personal loans and home loans), the group's ability to maintain asset quality and profitability alongside scale and seasoning will remain a key rating sensitivity factor. Over the course of growth, the risk management systems at CIFICPL and NFL are expected to evolve resulting in increased

operational efficiency. While microfinance would remain a manpower intensive vertical, the company would explore its integration of ground level activities to the group's centralized MIS by leveraging digital interphase. On the other hand, NFL has been operating with a full-fledged digital underwriting engine and would continue to strengthen the same. For the housing loan book, which is being managed through a hybrid underwriting model (physical and digital), the ability of the group to achieve optimal efficiency and adequate risk management will be key.

Improving profitability

The early traction in profitability Navi group, which commenced after being acquired by NTL, was disrupted by the outbreak of the pandemic. Apart from surge in credit costs for both entities, other reasons like sharp rise in marketing expenses for NFL and high operating expenses for CIFCPL, led to a moderation in consolidated earnings for fiscal 2022. However, there has been marked improvement during fiscal 2023.

For NFL, which reported a net loss for fiscal 2022 due to high marketing expenditure for launch of its housing loan book and branding costs, earnings have improved significantly in fiscal 2023 driven by a decline in marketing costs in general, ability to charge a higher premium for loans from repeat customers, and correction in credit costs. For the full year ended March 31, 2023, NFL reported a PAT of Rs 172 crore which translates to a RoMA of 2.5%.

Similarly, for CIFCPL, profitability has been historically constrained by high operating expenses. While this metric has improved from 9% in fiscal 2019 to ~6% in fiscal 2022, further scope of improvement remains. For fiscal 2023, CIFCPL reported a PAT of Rs 148 crore (Rs 52 crore for fiscal 2022) with a RoMA of 3.9% (2.3% for fiscal 2022).

The company has expanded its branch base extensively in the last few quarters and most of those are yet to break even. As branches gain more vintage, benefits of economies of scale are expected to result in an improvement in operating expenses. This, in addition to removal of interest rate cap for MFIs under the revised framework, is expected to benefit CIFCPL's long term profitability.

Improving resource profile

Ever since its association with NTPL, Navi group's resource profile has been improving. The lender base of the group has expanded with more banks coming on-board and cost of borrowing has also remained competitive on fresh borrowings post equity infusion in October 2019.

Funding base of NFL was skewed towards the debt from NTPL until September 2021 however, its share has now declined in favour of increasing term funding and capital market issuances. From Rs 772 crore extended in January 2020, the quantum of debt from the parent – NTPL – increased to Rs 2,323 crore in May 2020. However, it was eventually reduced to Rs 1,824 crore as of June 2020, and further to Rs 300 crore by March 31, 2023. This intra group debt is expected to be maintained at current levels in the long term – which would impart further diversity to the company's borrowing profile. During fiscal 2023, NFL has raised over Rs 5000 crore as incremental funding. As a philosophy, the management intends to maintain at least 15% of external debt of Navi group as on-tap liquidity for the group – at all points in time.

Of CIFCPL's lender base of close to 50 as on March 31, 2023 - which comprises Banks, NBFCs and DFIs, the share of banks and FIs in the total borrowing mix had increased to over 80% from 24%, over the last 8-12 quarters. The improvement in resource profile can also be evidenced in the declining blended cost of funds (i.e., existing & fresh borrowings), from >14% pre – 2018 to approximately 10.2% levels now. During fiscal 2023, the company has raised incremental sanctions to the extent of Rs. 2441 crore from banks, DFIs and other sources which would support its overall resource profile and liquidity position. As the resource profile diversifies further with an increasing share of bank funding in the total debt base, the cost of borrowing may decline further.

Weaknesses:

Microfinance portfolio quality remains susceptible to local socio-political issues and other regulatory and macro factors

Despite gradual diversification in regional presence over the years, 64% of the company's AUM is concentrated in three states – Karnataka (29%), Bihar (18%) and Uttar Pradesh (18%). This increases the susceptibility of asset quality to regional socio-political issues which are an inherent risk to the microfinance industry. Apart from milestone events like Andhra Pradesh crisis in 2010, demonetization in 2016, and now Covid-19 outbreak; the sector has faced issues of varying intensity in several geographies. Promulgation of the ordinance on MFIs by the Government of Andhra Pradesh in 2010 demonstrated their vulnerability to regulatory and legislative risks. The ordinance triggered a chain of events that adversely affected the business models of MFIs by impairing their growth, asset quality, profitability, and solvency. Similarly, the sector witnessed high level of delinquencies post-demonetization and the subsequent socio-political events. Furthermore, CIFCPL caters to clients with un-profiled credit risk profiles and lack of access to formal credit. The income flow of these households could be volatile and dependent on the local economy. With the slowdown in economic activity since outbreak out of covid-19, there has been pressure on such borrowers' cash flows at a household level thereby restricting their repayment capability.

Even for the target market for digital personal loans – that comprises the prime middle class, macro developments like mass lay-offs, loss of salary and alike factors would remain a risk. Apart from these, regulatory developments like the recent The Reserve Bank of India (RBI) circular on digital lending will also have a bearing on the digital personal loan book of the company and its impact would remain a monitorable over time.

Limited vintage in the non-microfinance portfolio

Driven by a sharp increase in monthly disbursements of digital personal loans, the digital personal loan portfolio has grown at a robust 409% rate over fiscal 2022 to reach Rs 2,504 crore as of March 31, 2022, and further to Rs 7,141 crore as of March 31, 2023. Considering the average tenure of this portfolio is about 24 months, majority of this book remains unseasoned. Housing loans, which are the second product offered by NFL, were launched in December 2020 and have grown at a comparable rate over fiscal 2022. The average tenure is about 20 years and therefore, this portfolio is also low on vintage. Considering the low seasoning and high growth trajectory anticipation for this book, even though the delinquencies from newer originations have been low, the group's ability to maintain asset quality and profitability alongside scale will remain a key rating sensitivity factor. Over the medium to long term, the company's ability to maintain above-average asset quality by tightening its ground level monitoring and risk management will also be essential.

Liquidity: Strong

Navi group's liquidity position remains strong. As on March 31, 2023 - NFL had Rs 818 crore as liquidity available in the form of cash and liquid investments. Against this, it had Rs 842 crore of debt obligations to be met over the following 3 months. On March 31, 2023, CIFCPL had a balance of Rs 476 crore as cash and liquidity investments against Rs 368 crore of debt obligations scheduled for the following month. Additionally, NTPL's consolidated networth of Rs 3,642.6 crore on March 31, 2023, and its stance on extending needs-based support further substantiates the high financial flexibility of Navi group to raise funds as and when needed.

The treasury control and monitoring by NTPL along with the funding support received in the recent past and future commitment and plans, are expected to ensure maintenance of adequate liquidity cushion for Navi group in the medium term.

Outlook: Stable

CRISIL Ratings believes Navi group's capital position will remain strong in relation to the scale and nature of its operations, largely supported by NTPL's demonstrated track record and future commitment of extending support.

Rating Sensitivity factors

Upward Factors

- Profitable scale up in operations, alongside sustenance in asset quality with GNPA's remaining below 3% for the consolidated lending business.
- Sustained improvement in consolidated lending business profitability – with RoMA being maintained at above 4% on a steady state basis.

Downward factor

- Any change in stance of support committed by NTPL to Navi group – potentially leading to capital position being weaker than that estimated; significant rise in gearing for Navi group to beyond 3.5 times.
- Any deterioration in overall or standalone asset quality and profitability, constraining the internal accruals to network.

About CRISIL Ratings Limited (A subsidiary of CRISIL Limited, an S&P Global Company)

CRISIL Ratings pioneered the concept of credit rating in India in 1987. With a tradition of independence, analytical rigour and innovation, we set the standards in the credit rating business. We rate the entire range of debt instruments, such as bank loans, certificates of deposit, commercial paper, non-convertible/convertible/partially convertible bonds and debentures, perpetual bonds, bank hybrid capital instruments, asset-backed and mortgage-backed securities, partial guarantees and other structured debt instruments. We have rated over 33,000 large and mid-scale corporates and financial institutions. We have also instituted several innovations in India in the rating business, including ratings for municipal bonds, partially guaranteed instruments and infrastructure investment trusts (InvITs).

CRISIL Ratings Limited ('CRISIL Ratings') is a wholly-owned subsidiary of CRISIL Limited ('CRISIL'). CRISIL Ratings Limited is registered in India as a credit rating agency with the Securities and Exchange Board of India ("SEBI").
