FORWARD-LOOKING STATEMENTS

Certain statements in this Draft Shelf Prospectus that are not statements of historical fact constitute “forward-looking statements”. Investors can generally identify forward-looking statements by terminology such as “aim”, “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “intend”, “may”, “objective”, “plan”, “potential”, “project”, “pursue”, “shall”, “seek”, “should”, “will”, “would”, or other words or phrases of similar import. Similarly, statements that describe strategies, objectives, plans or goals are also forward-looking statements.

All statements regarding expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to business strategy, revenue and profitability, new business and other matters discussed in this Draft Shelf Prospectus that are not historical facts. All forward-looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results, including financial conditions and results of operations to differ from expectations include, but are not limited to, the following:

1. High levels of customer defaults and the resultant non-performing assets could adversely affect our Company’s business, financial condition, results of operations and future financial performance.
2. Our business is particularly vulnerable to interest rate risk, and volatility in interest rates could have a material adverse effect on our net interest income, net interest margin and our financial performance.
3. Our Company’s business requires substantial capital and any disruption in the sources of its funding or an increase in its average cost of borrowings could have a material adverse effect on its liquidity and financial condition.
4. Our retail lending business involves transactions with certain relatively high-risk borrowers. Any default from our customer could adversely affect our business, results of operations, financial conditions and cash flows.
5. The past performance and growth of our business is not indicative of our future performance and growth. We may undertake acquisitions, strategic investments, restructuring in future. Any failure to complete such strategic decisions may adversely affect our reputation or growth prospects.
6. Our indebtedness and conditions and restrictions imposed by our financing arrangements could adversely affect our ability to conduct our business and operations.
7. Our Company, Subsidiaries, Group Companies, Promoter and certain of our Directors are party to certain legal proceedings and any adverse outcome in these or other proceedings may adversely affect our business.
8. Our Subsidiary, Piramal Capital & Housing Finance Limited has failed to meet the principal business criteria prescribed under the Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 (“HFC Master Directions”)

Any increase in the levels of non-performing assets (“NPAs”) in the Group’s loan portfolio, for any reason whatsoever, would adversely affect the Group’s business, results of operations and financial condition

For further discussion of factors that could cause our actual results to differ, see “*Risk Factors*” on page 23.

All forward-looking statements are subject to risks, uncertainties and assumptions about our Company that could cause actual results and valuations to differ materially from those contemplated by the relevant statement. Additional factors that could cause actual results, performance or achievements to differ materially include, but are not limited to, those discussed under the “*Industry Overview*”, “*Our Business*” and “*Outstanding Litigations and Defaults*” on pages 124, 153 and 294, respectively.

The forward-looking statements contained in this Draft Shelf Prospectus are based on the beliefs of our management, as well as the assumptions made by and information currently available to our management. Although our Company believes that the expectations reflected in such forward-looking statements are reasonable at this time, it cannot assure investors that such expectations will prove to be correct or will hold good at all times. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements. If any of these risks and uncertainties materialise, or if any of our Company’s underlying assumptions prove to be incorrect, our actual results of operations or financial condition could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements.

By their nature, certain market risk disclosures are only estimate(s) and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated. Neither our Company, nor the Lead Managers or its respective Directors and officers, nor any of its respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence

of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI NCS Regulations, our Company and the Lead Managers will ensure that investors are informed of material developments between the date of filing the Shelf Prospectus with the RoC and the date of receipt of listing and trading permission from the Stock Exchanges for the NCDs issued pursuant to relevant Tranche Issue.

General Risk

Investment in non-convertible securities is risky, and investors should not invest any funds in such securities unless they can afford to take the risk attached to such investments. Investors are advised to take an informed decision and to read the risk factors carefully before investing in this offering. For taking an investment decision, investors must rely on their examination of the issue including the risks involved in it.

Specific attention of investors is invited to statement of risk factors contained under section “*Risk Factors*” on page 23. These risks are not, and are not intended to be, a complete list of all risks and considerations relevant to the NCDs or Investor's decision to purchase such securities.

SECTION II: RISK FACTORS

An investment in this type of security involves a certain degree of risk. The investor should carefully consider all the information contained in this Draft Shelf Prospectus, including the risks and uncertainties described below, before making an investment decision. The risk factors set forth below do not purport to be complete or comprehensive in terms of all the risks that may arise in connection with our business or any decision to purchase, own or dispose of the NCDs. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may also have an adverse impact on our business, results of operations, cash flows and financial condition. The market prices of the NCDs could decline due to such risks and you may lose all or part of your investment.

If any one of the following stated risks or other risks that are not currently known or are now deemed immaterial actually occurs, the Company's business, financial conditions and results of operations and cash flows could suffer and, therefore, the trading price of the Company's NCDs could decline and/or the Company's ability to meet its obligations in respect of the NCDs could be affected and you may lose all or part of your interest and/or redemption amounts. More than one risk factor may have simultaneous affect with regard to the NCDs such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No prediction can be made as to the effect that any combination of risk factors may have on the value of the NCDs and/or the Company's ability to meet its obligations in respect of the NCDs.

The financial and other related implications of the risks described in this section, have been disclosed to the extent quantifiable as on the date of this Draft Shelf Prospectus. This Draft Shelf Prospectus also contains forward-looking statements that involve risks and uncertainties. Our results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including events described below and elsewhere in this Draft Shelf Prospectus.

Unless stated otherwise, or unless context requires otherwise, the financial information included herein is based on our Audited Consolidated Financial Statements FY 2024, the Audited Consolidated Financial Statements FY 2023 (which includes the restated comparative financial information as at and for the year ended March 31, 2022), the Audited Consolidated Financial Statements FY 2022, and Unaudited Consolidated Financial Results for the quarter and half year ended September 30, 2024. For details, please see "Certain Conventions, Use of Financial, Industry and Market Data and Currency Presentation - Presentation of Financial Statements" and "Financial Information" on pages 19 and 433 of this Draft Shelf Prospectus. Our fiscal year ends on March 31 of each year, and references to a particular fiscal are to the 12 months ended March 31 of that year. Except as indicated otherwise, all references in this section to "we", "us", "our" or "our Company" are to Piramal Enterprises Limited and Piramal Capital & Housing Finance Limited. Except as indicated otherwise, all references in this section to "Group" are to Piramal Enterprises Limited and its direct and indirect subsidiaries. Further, the risks highlighted may not necessarily be relevant to all members of the Group and should be read and evaluated as appropriate.

Risks related to our business

1. *High levels of customer defaults and the resultant non-performing assets could adversely affect our Company's business, financial condition, results of operations and future financial performance.*

Our Company's business comprises of retail and wholesale lending which includes, *inter alia*, home loans, secured MSME loans and real estate financing, and accordingly, our Company is subject to risks of customer defaults which includes defaults or delays in repayment of principal and/or interest on the loans our Company provides to its customers. Defaults or delays in repayment of loans, particularly unsecured loans, could materially impact our business, financial condition and results of operations. Our customers may default on their obligations as a result of various factors, including certain external factors, which may not be within our Company's control such as developments in the Indian economy, movements in global markets, changes in interest rates and changes in regulations. Any negative trends or financial difficulties affecting our Company's customers could increase the risk of their default. Our customers could also be adversely affected by factors such as bankruptcy, lack of liquidity, lack of business and operational failure. If customers fail to repay loans in a timely manner or at all, our Company's financial condition and results of operations will be adversely impacted. Some of our microfinance loans are also offered to joint liability group ("JLG") customers who do not provide any collateral or security for their borrowings and typically involve a joint liability arrangement wherein guarantee for a loan provided to a single customer is provided by other members of the JLG. There can however be no assurance that such joint liability arrangements will ensure repayment by the other members of the JLG in the event of default by any one of them. To the extent our Company is not able to successfully manage the risks associated with lending to these customers, it may become difficult for our Company to make recoveries on these loans. Typically, the Company levies penal charges for delays in repayment of loans. The income from a particular loan repayment is recognized until the loan portfolio becomes an NPA as per the terms and conditions of the underlying loan agreements. Our Company may experience higher delinquency rates due to prolonged adverse economic conditions or a sharp increase in interest rates. An increase in delinquency rates could result in a reduction in our Company's total interest income (i.e., our Company's accrued interest income from loans, including any interest income from credit substitutes) and as a result, lower revenue from its operations, while

increasing costs, and as a result of the increased expenses required to enforce security and recover delinquent loans, and make loan loss provisions as per applicable regulations. Our Company may also be required to make additional provisions in respect of loans to such customers in accordance with applicable regulations and, in certain cases, may be required to write-off such loans. Our Company has in the past faced certain instances of customers defaulting and/or failing to repay dues in connection with loans or finance provided by our Company. Our Company had in certain instances initiated legal proceedings to recover the dues from its delinquent customers. For further details in relation to litigations, please see “*Outstanding Litigation and Defaults*” on page 294 of this Draft Shelf Prospectus. Customer defaults could also adversely affect our Company’s levels of NPAs and provisions made for its NPAs, which could in turn adversely affect our Company’s operations, cash flows and profitability.

The table below provides the details of Gross NPA, Net NPA of our Company on a standalone basis as of September 30, 2024.

Particulars (As of September 30, 2024)			
Gross NPA (in ₹ crores)	Net NPA (in ₹ crores)	Gross NPA (%)	Net NPA (%)
175.10	58.92	1.49%	0.51%

The table below provides the details of Gross NPA, Net NPA of Piramal Capital & Housing Finance Limited on a standalone basis as of September 30, 2024.

Particulars (As of September 30,2024)			
Gross NPA (in ₹ crores)	Net NPA (in ₹ crores)	Gross NPA (%)	Net NPA (%)
1798.21	859.34	3.43%	1.67%

Further, while we have laid down clearly defined due diligence and credit analysis procedures, there can be no assurance that we will be able to ensure low delinquency rates. Moreover, difficulties in assessing the risk profile of our customers may result in higher rates of defaults and the level of NPAs in our portfolio, thereby affecting our business, financial condition and results of operations.

2. *Our business is particularly vulnerable to interest rate risk, and volatility in interest rates could have a material adverse effect on our net interest income, net interest margin and our financial performance.*

Our results of operations depend to a large extent on the level of our net interest income as our primary revenue source is interest income. Net interest income is the difference between our revenue from operations and finance costs. Revenue includes our dividend income, rental incomes, fees and commission income, sale of services and other operating income, whereas finance cost includes fees and commission expenses. The difference between the interest rates that we charge on interest-earning assets (i.e., our portfolio loans) and the interest rates that we pay on interest-bearing liabilities, and the volume of such assets and liabilities, tend to have a significant impact on our results of operations. For the year ended March 31, 2024, interest on income on loans and advances represented 91.27% of our total interest income. Changes in market interest rates affect the interest rates which we charge on our interest-earning assets differently from the interest rates we pay on our interest-bearing liabilities. Interest rates are highly sensitive, and fluctuations thereof are dependent upon many factors which are beyond our control, including the monetary policies of the RBI, de-regulation of the financial services sector in India, domestic as well as international economic and political conditions, inflation and other factors. Interest rates in India have been volatile in the past. An increase in interest rates could result in an increase in interest expense in a higher proportion compared to interest income if we are not able to increase the rates charged on our portfolio loans and advances or if the volume of our interest-bearing liabilities is larger or growing faster than the volume of our interest-earning assets. The sharp increase in interest rate tends to impact our cost of funds and profitability of our Company. The differences between repricing maturities of rate sensitive liabilities and rate sensitive assets, called repricing gaps, exposes our business to interest rate risk. Our business is also exposed to interest rate risk in the form of non-uniform movement in different interest rate benchmarks that are used for pricing of our assets and liabilities.

The table below represents our fixed rate and floating rate as of September 30, 2024

Particulars	As of September 30, 2024	
	Assets	Liabilities
Fixed rate	39.07%	45.89%
Floating rate	60.93%	54.11%
Total	100.00%	100.00%

An increase in inflation and consequent changes in bank rates, repo rates and reverse repo rates by the RBI have led to an increase in interest rates on loans provided by banks and financial institutions and consequently, interest rates in India have been volatile in recent financial periods. There can be no assurance that we will be able to adequately manage our interest rate risk in the future, which could have an adverse effect on our net interest income and net

interest margins, which could in turn have a material adverse effect on our business, results of operations, cash flows and financial condition.

As the repricing maturities of our liabilities and assets are spread over different time periods, we are exposed to interest rate risk in the form of non-parallel movement in yield curves. Further, in a declining interest rate environment, if our cost of funds does not decline simultaneously or to the same extent as the yield on our interest earning assets, it could lead to a reduction in our net interest income (representing our revenue from operations as reduced by our finance costs) and net interest margin. The quantum of the changes in interest rates for our assets and liabilities may also be different, leading to a decrease in the interest margin. We operate a defined benefit gratuity plan in respect of certain eligible employees. The investments of the superannuation funds are made in government securities, financial institutions and other financial products. If interest rates were to fall, our liabilities under defined benefit gratuity plan will increase, which would impact our profits and financial performance. Moreover, changes in interest rates could affect our fixed income portfolio and treasury income. There can be no assurance that we would be able to adequately manage our interest rate risks. If we are unable to effectively manage our interest rate risks, it could have an adverse effect on our net interest income, net interest margin, thereby impacting our business prospects, financial condition and results of operations.

3. *Our Company's business requires substantial capital and any disruption in the sources of its funding or an increase in its average cost of borrowings could have a material adverse effect on its liquidity and financial condition.*

Our Company's liquidity and ongoing profitability are, to a large extent, dependent upon its timely access to, and the costs associated with, raising capital. As of September 30, 2024, 27.67% of the Group's borrowed funds consisted of funds raised in the form of loans from financial institutions and banks, while the remaining 71.33% consisted of funds raised through the capital markets (commercial paper / NCDs) and other instruments. The Group's credit providers include nationalised banks, private Indian banks, foreign banks, mutual funds, insurance companies and provident funds. The Group's business, therefore, depends and will continue to depend on its ability to access diversified funding sources.

Our Company's funding requirements have historically been met through a combination of borrowings such as term loans, issuance of non-convertible debentures, commercial papers, securitization and external commercial borrowings. Thus, our Company's business growth, liquidity and profitability depends and will continue to depend on its ability to access diversified, relatively stable and low-cost funding sources as well as our Company's financial performance, capital adequacy levels, credit ratings and relationships with lenders. Any adverse developments or changes in applicable laws and regulations which limit our Company's ability to raise funds through term loans, working capital limits from banks, issuance of commercial papers and non-convertible debentures can disrupt its sources of funding, and as a consequence, could have a material adverse effect on our Company's liquidity and financial condition. As of September 30, 2024, our Tier I CRAR was 33.20% and our Tier II CRAR was 1.25% on a standalone basis, as against the statutory minimum capital adequacy of 15.00% currently prescribed by RBI. While we are focussed on maintaining a balanced CRAR, there can be no assurance that we will be able to maintain a balanced CRAR, which could impact our business prospects, financial condition and results of operations. As of September 30, 2024, our Company's total borrowings (as per Ind AS), on a standalone basis, were ₹ 7,595.63 crores. In order to make these payments, our Company will either need to refinance this debt, which may prove to be difficult in the event of volatility in the credit markets, or alternatively, raise equity capital or generate sufficient revenue to retire the debt. There can be no assurance that our Company's business will generate sufficient cash to enable it to service its existing debt or to fund its other liquidity needs.

Our Company's ability to borrow funds and refinance existing debt may also be affected by a variety of factors, including liquidity in the credit markets, the strength of the lenders from which our Company borrows, the amount of eligible collateral and accounting changes that may have an impact on calculations of covenants in our Company's financing agreements. An event of default, a significant negative ratings action by a rating agency, an adverse action by a regulatory authority or a general deterioration in prevailing economic conditions that constricts the availability of credit may increase our Company's cost of funds and make it difficult for our Company to access financing in a cost-effective manner. A disruption in sources of funds or increase in cost of funds as a result of any of these factors may have a material adverse effect on our Company's liquidity and financial condition.

4. *Our retail lending business involves transactions with certain relatively high-risk borrowers. Any default from our customer could adversely affect our business, results of operations, financial conditions and cash flows.*

The products under our retail lending business are primarily provided to individual customers, including such customers that are self-employed or employed in the informal sectors. Although we use a technologically enabled internal proprietary scorecard system, however, to the extent that there is limited financial information available for our focus customer segment and customers do not have any credit history supported by tax returns, bank or credit card statements, statements of previous loan exposures or other related documents, it may be difficult to carry out credit

risk analyses on them. As a result, such customers may pose a higher risk of default than customers with greater financial resources and more established credit histories and customers living in urban areas with better access to education, formal employment opportunities and social services. The focus customer segment for our retail lending business are customers in metro- adjacent and Tier 2 3 cities and towns as well as other towns in India. Our customers generally have limited sources of income, savings and credit histories. As a result, our customers potentially present a higher risk of loss in case of a credit default compared to that of borrowers in other asset-backed financing products. Such loss in case of a credit default could adversely affect our business and results of operations.

5. *The past performance and growth of our business is not indicative of our future performance and growth. We may undertake acquisitions, strategic investments, restructuring in future. Any failure to complete such strategic decisions may adversely affect our reputation or growth prospects.*

Our Company has experienced rapid organic and inorganic growth over the past few years. As part of our strategy to transform our financial services, our wholly-owned subsidiary, PCHFL acquired DHFL, with effect from September 30, 2021. The acquisition of DHFL has resulted in an increase in the contribution of the retail lending business to our AUM. Our AUM for retail lending business witnessed a growth of 14.21% from ₹ 47,926.55 crores as of March 31, 2024 to ₹ 54,736.54 crores as of September 30, 2024. However, our past growth is not indicative of our future performance or potential growth.

As part of our growth strategy, we expect the contiguous expansion of our geographic footprint and network of branches to continue, which may further constrain our capital and human resources, and make asset quality management increasingly important. As we move to newer geographies, we may not be able to maintain the level of our NPAs or the quality of our portfolio. We will need to continue to enhance and improve our financial, accounting, information technology, administrative/ risk management and operational infrastructure and internal capabilities in order to manage the future growth of our business effectively. For instance, the Company uses machine learning score cards for credit risk assessments of the loan applicants. The Company is in process of expanding usage of digital solutions for KYC validations, obtaining bank statements through account aggregators to make process more efficient and reduce risk of frauds. We may be unable to successfully implement such steps to enhance and improve growth in various aspects and may be unable to develop adequate infrastructure or devote sufficient financial resources or develop and attract talent to manage our growth. We also expect to continue to seek growth opportunities through inorganic acquisitions. These opportunities can take various forms, including green field investments, acquisitions, mergers, joint ventures, strategic investments and asset purchases. There is no guarantee that we will be able to successfully integrate any future inorganic acquisitions into our business successfully or that the future acquisitions will be beneficial for our Company.

We may undertake acquisitions, strategic investments, reorganisations, restructuring in future. Any failure to complete such strategic decisions may adversely affect our reputation or growth prospects. If we are unable to manage our future expansion successfully, our ability to provide products and services to our customers would be adversely affected, and, as a result, our reputation could be damaged, and our business and results of operations could be materially and adversely impacted. Notwithstanding the expansion of our business and customer base, there is no guarantee that we will be able to effectively manage or continue the rate of growth and financial performance. While we will continue to endeavor to grow our profitability going forward, no assurance can be given that our growth will continue at a similar rate or that we will be able to manage our rapid growth. If we are unable to implement or sustain our growth strategy effectively it could adversely affect our business, results of operations, cash flows and financial condition.

6. *Our indebtedness and conditions and restrictions imposed by our financing arrangements could adversely affect our ability to conduct our business and operations.*

As of September 30, 2024, our Company's total borrowings (as per Ind AS), on a standalone basis, were ₹ 7,595.63 crores. Having large outstanding borrowing portfolios may have significant implications on our business and results of operations and cashflows, including, *inter alia*:

- low availability of cash flow for working capital, capital expenditures and other general corporate requirements;
- fluctuations in market interest rates may affect the cost of our borrowings, as our indebtedness is at variable interest rates;
- affecting our ability to obtain additional financing in the future at reasonable terms;
- triggering provisions of cross-default across multiple financing arrangements;
- adverse and onerous implications (including limitations to the use of funds in the relevant facility) in the event of inability to comply with financial and other covenants specified in the financing agreements;

- the right to recall loans by our lenders; and
- reduction in the ability to respond to changing business, regulatory and economic conditions.

Our primary sources of funding include term loans, issuance of non-convertible debentures, commercial paper, securitization and external commercial borrowings. Some of our agreements may require us to take the consent from our lenders for undertaking various actions, including, for:

- entering into any schemes of mergers, amalgamations, compromise or reconstruction;
- effecting any change in our ownership or control;
- effecting any change in our capital structure;
- any material changes in our management or business;
- any amendments to our Memorandum or Articles of Association;
- undertaking guarantee obligations on behalf of any third party;
- declaring any dividends to the Company's shareholders unless amounts owed to the lenders have been paid or satisfactory provisions made thereof;
- creating or permitting to subsist any security over any of the Company's assets;
- transfer or dispose of any of our undertakings;
- revaluing our assets; and
- entering into any long-term contracts that significantly affect us.

Additionally, some of our loan agreements also require us to maintain certain periodic financial ratios. Some of our financing agreements also contain cross-default and cross-acceleration clauses, which are triggered in the event of default by our Company under the respective financing agreements. Any acceleration of amounts due under such financing arrangements may also trigger cross default provisions under our other financing agreements. If the obligations under any of our financing documents are accelerated, we may have to dedicate a substantial portion of our cash flow from operations to make payments under such financing documents.

Our future borrowings may also contain similar restrictive provisions. In the event that we breach any financial or other covenants contained in any of our financing arrangements, commit default in compliance with the material covenants such as creation of security as per terms agreed, default in payment of interest, default in redemption or repayment, non-creation of debenture redemption reserve, default in payment of penal interest wherever applicable thereunder or in the event we had breached any terms in the past which are only identified in the future, we may be required to immediately repay our borrowings either in whole or in part, together with any related costs. We may be forced to sell some or all of the assets in our portfolio if we do not have sufficient cash or credit facilities to make repayments.

We cannot assure you that our business will generate sufficient cash to enable us to service our debt or to fund our other liquidity needs. In addition, we may need to refinance all or a portion of our debt on or before maturity. We cannot assure you that we will be able to refinance any of our debt on commercially reasonable terms or at all.

7. *Our Company, Subsidiaries, Group Companies, Promoter and certain of our Directors are party to certain legal proceedings and any adverse outcome in these or other proceedings may adversely affect our business.*

We are involved, from time to time, in legal and regulatory proceedings that are incidental to our operations and these involve proceedings filed by and against our Company, our Subsidiaries, Group Companies, Promoter and Directors. We, our Subsidiaries, Group Companies, Promoter and certain of our Directors are involved in legal and regulatory proceedings which include, *inter alia*, criminal proceedings, civil proceedings, arbitration cases, consumer proceedings, tax investigations, cases filed by us under the Negotiable Instruments Act and certain recovery matters. These proceedings are pending at different levels of adjudication before various courts, forums, authorities, tribunals and appellate tribunals. A significant degree of judgment is required to assess our exposure in these proceedings and determine the appropriate level of provisions, if any. There can be no assurance on the outcome of the legal proceedings or that the provisions we make will be adequate to cover all losses we may incur in such proceedings, or that our actual liability will be as reflected in any provision that we have made in connection with any such legal proceedings. Further,

our Company, its Subsidiaries, Group Companies, Promoter and Directors, from time to time, are part of certain regulatory actions and proceedings and the regulators may issue letters, warnings, notices etc to which we duly respond. For a summary of certain material legal proceedings involving our Company, our Subsidiaries, our Promoter and certain of our Directors, please see “*Outstanding Litigations and Defaults*” on page 294 of this Draft Shelf Prospectus. Certain of our Directors are involved in, *inter alia*, criminal proceedings including an FIR filed by the Central Bureau of Investigation under Section 420 of the Indian Penal Code. For further details, please see “*Outstanding Litigation and Defaults – Litigation involving our Directors – Litigation against our Directors – Criminal*” on page 303 of this Draft Shelf Prospectus.

Further, we have been issued notices and are party to, among others, certain criminal litigations initiated by regulatory authorities, including drug inspectors under the Drug and Cosmetics Act, 1940, inspectors under the Legal Metrology Act, 2009, and the respective pollution control boards under the Environment Protection Act, 1986, with respect to certain alleged lapses on the part of PEL in the course of its operations. PEL has also received in the past certain notices from the regulatory authorities pertaining to the violation of the Biological Diversity Act, 2002, and summons from the Enforcement Directorate under the Prevention of Money Laundering Act, 2002.

We may be required to devote management and financial resources in the defence or prosecution of such legal proceedings. If a significant number of these disputes are determined against our Company, Subsidiaries, Group Companies, Promoter, Directors, as applicable, and if our Company is required to pay all or a portion of the disputed amounts or if we are unable to recover amounts for which we have filed recovery proceedings, there could be a material and adverse impact on our reputation, business, financial condition and results of operations.

In addition, other companies within the Piramal Group from time to time may be involved in litigation, claims, and other proceedings relating to the conduct of their businesses. Any claims could result in litigation and/or regulatory proceedings against the Piramal Group, which could harm the Group’s reputation as a member of the Piramal Group and ultimately materially adversely affect its operations.

8. *One of our Subsidiaries, PCHFL is party to certain legal proceedings including matters relating to DHFL, any adverse outcome in these or other proceedings or matters relating to DHFL may adversely affect our business, operations and reputation.*

PCHFL is involved, from time to time, in legal and regulatory proceedings that are incidental to its operations and these involve proceedings filed by and against it which include, *inter alia*, criminal proceedings, civil proceedings, arbitration cases, consumer proceedings, tax investigations, cases filed by us under the Negotiable Instruments Act, recovery matters. These proceedings are pending at different levels of adjudication before various courts, forums, authorities, tribunals and appellate tribunals. There can be no assurance on the outcome of the legal proceedings or that the provisions we make will be adequate to cover all losses that PCHFL may incur in such proceedings, or that the actual liability will be as reflected in any provision that PCHFL has made in connection with any such legal proceedings. For a summary of certain material legal proceedings involving PCHFL, please see “*Outstanding Litigations and Defaults – Litigation involving our Subsidiaries*” on page 309 of this Draft Shelf Prospectus.

Further, pursuant to the acquisition of DHFL, PCHFL has received notices from regulatory and investigative authorities seeking information in connection with the activities conducted by the erstwhile management of DHFL, from time to time. PCHFL responds to such notices basis the availability of information sought in such notices. Further, PCHFL is also impleaded in certain matters by third parties in relation to recovery of loans, money laundering, consumer matters, non-disbursal of loans in connection with activities conducted by the erstwhile management of DHFL before various forums. PCHFL has initiated some applications with the relevant authorities stating that it was neither a necessary nor a proper party in such legal proceedings, and on the basis that all claims arising prior to the corporate insolvency resolution process of DHFL stand extinguished and accordingly requested for deletion of the name of our Company from these legal proceedings. PCHFL will continue to initiate such applications as and when such circumstances arise.

We cannot assure you that the name of PCHFL will be deleted from such proceedings, or the concerned court or regulatory authority will not issue further notice, pass an order or levy any penalty on PCHFL or we will not continue receiving notices from the regulatory agencies which will distract attention of the management and employees and increase expenses. For further details, please see “*Outstanding Litigations and Defaults – Litigation involving our Subsidiaries*” on page 309 of this Draft Shelf Prospectus.

Further, there are certain media reports alleging irregularities in transfer/ assignment of loans (which had been taken over from DHFL) by PCHFL at deep discounts to entities allegedly linked to the promoters of the Piramal Group and its consequential adverse effect on the interest of our public shareholders. Our Company and PCHFL deny these allegations as unsubstantiated. No legal / regulatory action/ investigation has been initiated against our Company or PCHFL by SEBI or any other regulatory/ investigating authority as reported in such media reports.

9. ***Our Subsidiary, Piramal Capital & Housing Finance Limited has failed to meet the principal business criteria prescribed under the Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 (“HFC Master Directions”)***

Pursuant to the audited financial statements of Piramal Capital & Housing Finance Limited for the Fiscal Year ended March 31, 2024, our Subsidiary, Piramal Capital & Housing Finance Limited did not meet the requisite principal business criteria under the HFC Master Directions to continue operating as a housing finance company. Accordingly, the board of directors of Piramal Capital & Housing Finance Limited approved the conversion of Piramal Capital & Housing Finance Limited from an HFC to Non-Banking Financial Company (“NBFC”) – Investment and Credit Companies (“NBFC-ICC”), as prescribed under the HFC Master Directions and has made an application dated May 13, 2024, to RBI for conversion of Piramal Capital & Housing Finance Limited from HFC to an NBFC-ICC.

Further, post receipt of license from RBI, Piramal Capital & Housing Finance Limited will become an NBFC-ICC and there will be two distinct NBFC-ICCs in the Group, being, the Issuer and Piramal Capital & Housing Finance Limited and as such the RBI may not permit the Group to have two NBFC-ICCs. In terms of RBI’s (NBFC – Scale Based Regulation) Master Directions, 2023 (“**Scale Based Regulations**”), all NBFCs identified as upper layer NBFCs are mandatorily required to be listed within three years of being identified as an upper layer NBFC. Piramal Capital & Housing Finance Limited has been identified as an upper layer NBFC, and accordingly, is required to be listed prior to September 30, 2025 as per the Scale Based Regulations.

Accordingly, subject to NCLT approval and other conditions as may be prescribed, our Issuer, Piramal Capital & Housing Finance Limited and their respective shareholders and creditors have proposed to enter into a composite scheme of arrangement under Sections 230 to 232 read with Section 52, Section 66 and other applicable provisions of the Companies Act, 2013 (“**Scheme**”). The Scheme, inter alia, provides for (i) the amalgamation of our Company with Piramal Capital & Housing Finance Limited, (ii) adjustment of debit balance of amalgamation adjustment reserve account in the books of the transferee company, and (iii) various other matters consequential or otherwise integrally connected therewith.

There can be no assurance that RBI approval for conversion of Piramal Capital & Housing Finance Limited to an NBFC-ICC will be granted or by when such approval will be granted. Refusal by the RBI or the other regulatory approvals to grant the necessary authorisations may affect the operational or business plans envisaged by the Issuer and Piramal Capital & Housing Finance Limited.

Further, subsequent to the draft of amalgamation scheme of our Company with PCHFL in the Board meeting held on May 8, 2024, the application for prior approval of amalgamation of our Company with PCHFL was submitted to RBI on June 4, 2024. The details sought by RBI were submitted to RBI by our Company and the application is currently under review by RBI.

10. ***Any increase in the levels of non-performing assets (“NPAs”) in the Group’s loan portfolio, for any reason whatsoever, would adversely affect the Group’s business, results of operations and financial condition***

The Master Directions – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 issued on February 17, 2021, as amended (the “**RBI Master Directions**”) and the Reserve Bank of India – Prudential Framework for Income Recognition, Asset Classification and Provisioning pertaining to Advances – Projects Under Implementation Directions, 2024 issued on 3 May 2024, which are applicable to the Issuer, have laid down prudential norms with regard to NPAs, including in relation to the identification of NPAs and income recognition against NPAs. There is no assurance that the Issuer’s NPA level will continue to stay at its current level. If the credit quality of the Issuer’s loan portfolio deteriorates or the Issuer is unable to implement effective monitoring and collection methods, its results of operations and financial condition may be adversely affected. As the Issuer intends to continue its efforts to originate new loans, it cannot be assured that there will not be significant additional NPAs in its loan portfolio in the future.

Further, the RBI Master Directions on NPAs may become more stringent than they currently are, which may adversely affect the Issuer’s profitability and results of operations. The RBI Master Directions also prescribe the provisioning required in respect of the Issuer’s outstanding loan portfolio. Should the overall credit quality of the Issuer’s loan portfolio deteriorate, the current level of its provisions may not be adequate to cover further increases in the amount of its NPAs. As at March 31, 2024, our Company’s net NPAs as a percentage of its total loan portfolio were 0.83%. The provisions for NPAs as at March 31, 2023 and 2024 in relation to our Company were ₹ 977.80 crores and ₹ 934.44 crores. The gross NPA ratio were 3.76% in Fiscal 2023 and 2.37% in Fiscal 2024. If the Issuer or the Group is required to increase its provisioning in the future due to increased NPAs or the introduction of more stringent requirements in respect of loan loss provisioning, this may reduce its profit after tax and adversely impact its results of operations. Further, there can be no assurance that the Group will be able to recover the outstanding amounts due under any defaulted loans. The Group may also face difficulties in disposing of the underlying assets which have been charged as security in relation to such loans, as a result of which it may be unable to realise any liquidity from such assets. The

Group may have to file legal cases and rely on court decisions to liquidate such underlying assets. The process may be time consuming, may require substantial legal costs and may result in losses in case the judgment goes against the Issuer.

11. *Our Company is subject to supervision and regulation by the RBI, as an NBFC-ND-SI, and other regulatory authorities and changes in the RBI's regulations and other regulations, and the regulation governing our Company or the industry in which our Company operates could adversely affect our business.*

Our Company is regulated principally by the RBI and is subject to the RBI's guidelines on the regulation of the NBFC-ND-SIs and the Scale Based Regulation, which includes, among other things, matters related to capital adequacy, exposure and other prudential norms. It also has reporting obligations to the RBI. The RBI also regulates the credit flow by banks to NBFC-ND-SIs and provides guidelines to commercial banks with respect to their investment and credit exposure norms for lending to the NBFC-ND-SIs. The RBI's regulation of NBFC-ND-SIs may change in the future which may require our Company to restructure its activities, incur additional costs or could otherwise adversely affect our business and financial performance. In order to provide enhanced control, existing rules and regulations have been modified, new rules and regulations have been enacted and reforms have been implemented. There can be no assurance that the RBI and/or the Government will not implement further regulations or policies, including legal interpretations of existing regulations, relating to or affecting interest rates, taxation, inflation or exchange controls, or otherwise take action, that may have an adverse impact on NBFC-ND-SIs. For instance, in May 2024, the RBI released an advisory letter requiring NBFCs to strictly adhere to the cash disbursement provision of the Income Tax Act, 1961, which prohibits NBFCs from disbursing loan amounts exceeding 20,000 in cash. For instance, the RBI *vide* its notification dated August 18, 2023 issued guidelines to ensure fair lending practices. Through this notification, the regulated entities in cases of non-compliance of material terms and conditions of loan, can only apply 'penal charges' as opposed to 'penal interest'. This would lead to no further interest computed on such charges. This could result in reducing revenue and challenges in enforcing credit discipline.

We are also subject to the corporate, taxation and other laws in effect in India. The regulatory and legal framework governing us differs in certain material respects from that in effect in other countries and may continue to change as India's economy and commercial and financial markets evolve. In recent years, existing rules and regulations have been modified, new rules and regulations have been enacted and reforms have been implemented which are intended to provide tighter control and more transparency in India's NBFC sector. The laws and regulations governing the non-banking finance industry in India have become increasingly complex and cover a wide variety of issues. Compliance with many of the regulations applicable to our operations in India, including any restrictions on investments and other activities currently being carried out by us, involves a number of risks, particularly in markets where applicable regulations may be subject to varying interpretations. Moreover, new regulations may be passed that restrict our ability to do business. Further, these regulations are subject to frequent amendments and depend upon government policy. We cannot assure you that we will not be subject to any adverse regulatory action in the future. The costs of compliance may be high, which may affect our profitability. If we are unable to comply with any such regulatory requirements, our business and results of operations may be materially and adversely affected.

If the interpretation of the regulators and authorities varies from our interpretation, we may be subject to penalties and our business could be adversely affected. Any changes in the existing regulatory framework, including any increase in the compliance requirements, may require us to divert additional resources, including management time and costs towards such increased compliance requirements. Such an increase in costs could have an adverse effect on our business, prospects, financial condition and results of operations. Additionally, our management may be required to divert substantial time and effort towards meeting such enhanced compliance requirements and may be unable to devote adequate time and efforts towards our business, which may have an adverse effect on our future business, prospects, financial condition and results of operations.

There can be no guarantee that we will be able to comply with any increased or more stringent regulatory requirements, in part or at all. Failure to comply with such further regulatory requirements could lead to regulatory actions, including penalties, which may have an adverse effect on our future business, prospects, financial condition, cash flows and results of operations.

12. *A failure or inadequacy or security breach in our Company's information technology and telecommunication systems or its inability to adapt to rapid technological changes may adversely affect its business, results of operation and financial condition.*

Our Company's ability to operate and remain competitive depends in part on its ability to maintain and upgrade its information technology systems and infrastructure on a timely and cost-effective basis, including its ability to process a large number of transactions on a daily basis and maintain data privacy. Our Company's operations also rely on cyber security for the secure processing, storage and transmission of confidential and other information in its computer systems and networks. Our Company's financial, accounting or other data processing systems and management

information systems or its corporate website may fail to operate adequately or become disabled as a result of events that may be beyond its control, including a disruption of electrical or communications services. Further, our computer systems, software and networks may be vulnerable to unauthorised access, computer viruses or other attacks that may compromise data integrity and security and result in client information or identity theft, for which we may potentially be liable. Further, the information available to and received by our Company's management through its existing systems may not be timely and sufficient to manage risks or to plan for and respond to changes in market conditions and other developments in its operations. If any of these systems are disabled or if there are other shortcomings or failures in our Company's internal processes or systems, it may disrupt our Company's business or impact its operational efficiencies and render it liable to regulatory intervention or damage to its reputation, or led to leakage of data. The occurrence of any such events may adversely affect our Company's business, results of operations and financial condition.

In addition, the future success of our Company's business will depend in part on its ability to respond to technological advances and to emerging financing industry standards and practices on a cost-effective and timely basis. The development and implementation of such technology entails significant technical and business risks. There can be no assurance that our Company will successfully implement new technologies effectively or adapt its technology and systems to meet customer requirements or emerging industry standards. If our Company is unable, for technical, legal, financial or other reasons, to adapt in a timely manner to changing market conditions, customer requirements or technological changes, its financial condition could be adversely affected. Any technical failures associated with its information technology systems or network infrastructure, including those caused by power failures and other unauthorized tampering, may cause interruptions or delays in our Company's ability to provide services to its customers on a timely basis or at all, and may also result in added costs to address such system failures and/or security breaches, and for information retrieval and verification.

13. *Composite scheme of arrangement between the Issuer, PCHFL and their respective shareholders and creditors under Section 230 to 232 read with Section 52, Section 66 and other applicable provisions of the Companies Act, 2013 envisages merger of PEL with the Issuer*

The Board of Directors of the Issuer at their meeting held on 8 May 2024 (and as further modified by the resolutions passed by the Administrative Committee of the board of directors of PEL (**PEL Committee**) at their meetings held on 26 October 2024) and the Board of Directors of Piramal Capital & Housing Finance Limited at their meeting held on 8 May 2024 (and as further modified by the resolutions passed by the Committee of Directors (Administration, Authorisation & Finance) of PCHFL (**PCHFL Committee**), have approved a composite scheme of arrangement amongst the Issuer, Piramal Capital & Housing Finance Limited and their respective shareholders and creditors, under Sections 230 to 232 read with Section 52, Section 66 and other applicable provisions of the Companies Act, 2013 (the "**Scheme**").

The Scheme is, *inter alia*, subject to sanction of the jurisdictional National Company Law Tribunal ("**NCLT**") and receipt of necessary approvals from the National Stock Exchange of India Limited, BSE Limited (collectively, "**Stock Exchanges**"), SEBI, RBI, shareholders and creditors, as may be directed by the NCLT and such other regulatory/governmental authorities or person, as may be applicable. If the requisite approvals for implementation of the Scheme are not received and the Scheme cannot be implemented, it will affect the operations and the business plans of the Issuer and Piramal Capital & Housing Finance Limited. Moreover, irrespective of whether the Scheme is completed or not, Piramal Capital & Housing Finance Limited has not provided, and does not intend to provide, any form of guarantee or credit enhancement to the Issuer regarding its obligations under this Draft Shelf Prospectus.

14. *Our statutory auditors have highlighted certain matters of emphasis to their audit reports relating to our audited financial statements and unaudited financial statements, which may affect our future financial results.*

Our statutory auditors have highlighted certain matters of emphasis to their audit reports relating to our audited financial statements and limited review reports relating to our unaudited financial statements. There can be no assurance that our statutory auditors will not include further matters of emphasis or other similar comments in the audit reports to our audited financial statements in the future, or that such remarks or matters of emphasis will not affect our financial results in future financial years. Investors should consider the matters of emphasis and remark in evaluating our financial condition, results of operations and cash flows. Any such matter of emphasis or remark in the auditors' report on our financial statements in the future may also adversely affect the trading price of the NCDs.

15. ***The Scheme is subject to a number of conditions, some of which are outside of the Issuer's and PCHFL's control and, if these conditions are not satisfied, the Scheme may be terminated and the merger of the Issuer with PCHFL may not be completed***

The Scheme is subject to the disclosure requirements, rules and practices applicable in India. The Scheme is subject to customary closing conditions, including the receipt of requisite approvals from the RBI, the NCLT, the Securities and Exchange Board of India, BSE Limited, the National Stock Exchange of India Limited and other applicable statutory and regulatory authorities, and the respective shareholders and creditors, as may be required by the NCLT and under applicable law. The required satisfaction (or, to the extent permitted under applicable law, waiver) of the foregoing conditions could delay the completion of the Scheme for a significant period of time or prevent it from occurring. Any delay in completing the Scheme could cause the Issuer and Piramal Capital & Housing Finance Limited to not realise some or all of the key benefits that it expects from the consolidation of businesses. There can be no assurance that such conditions will be satisfied in a timely manner or at all, or that an effect, event, development or change will not transpire that could delay or prevent these conditions from being satisfied.

Pursuant to the terms of the Scheme, all present, contingent and future liabilities of the Issuer relating to the Issuer's would be transferred to PCHFL, and all such liabilities (including the debentures) would become the liabilities of PCHFL. If the Scheme is made effective prior to the Final Settlement Date, the Secured Obligations would be discharged by PCHFL (and not the Issuer). The investors would need to assess the possibility of the Secured Obligations being discharged by an entity (other than the Issuer).

16. ***We are subject to periodic inspections by the RBI. Any failure to take adequate action pursuant to observations made in any such inspections may adversely affect our reputation, financial condition, and results of operations.***

Inspection is carried out periodically by the RBI for all NBFCs registered with it under the provisions of the RBI Act, 1934 (the "RBI Act"). Our Company, being an NBFC-ND-SI, is subject to periodic inspection by the RBI, for compliance with provisions of the RBI Act and the directions and circulars issued by RBI. Such inspection involves inspection of our internal policies, our books of accounts and other records to verify inter alia the correctness or completeness of any statement, information or particulars furnished to the RBI.

In the recent past, in its periodic inspections on our Company, the RBI has made observations on various matters including (i) our internal controls and processes; (ii) risk management systems; (iii) policies; (iv) fair practices code; and (v) other operational matters. In the event that we fail to take adequate action pursuant to the RBI observations, we could be subject to penalties and restrictions which may be imposed by the RBI, and the RBI may take adverse action against us, including placing stringent restrictions on our operations or revoking our registration/ license in certain cases. The RBI had conducted an onsite inspection of our Company in relation to KYC/AML domain on September 25, 2023 for a period of three days. We have taken steps to address the observations shared by RBI and responded to them. Post submission of the response we have not heard from RBI on the same. Additionally, one of our Subsidiaries, Piramal Capital & Housing Finance Limited ("PCHFL"), received an email dated August 30, 2023 ("RBI E-mail") from the RBI in relation to non-compliance with certain requirements in relation to Principal Business Criteria ("PBC"). PCHFL has responded to the RBI E-mail on September 8, 2023, and no further communication from the RBI has been received as on the date of this Draft Shelf Prospectus.

Further, erstwhile PHL Fininvest Private Limited (“**PFPL**”), which has now amalgamated with our Company, was also subject to periodic inspections conducted by RBI. RBI issued observations to PFPL in Fiscal 2021 and Fiscal 2020, through risk assessment reports and inspection reports on various matters including (i) asset quality; (ii) internal system and controls; (iii) regulatory operations; (iv) compliance assessment; and (vi) conduct of business. PFPL undertook relevant steps to address the issues identified in the reports.

While we attempt to be in compliance with all regulatory provisions applicable to us, we cannot assure you that the RBI will not find any deficiencies in future inspections or the RBI will not make similar or other observations in the future. Imposition of any penalty or adverse finding by the RBI or by any other regulatory authority during future inspections may have a material adverse effect on our reputation, business, financial condition, results of operations and cash flows.

17. We have incurred negative cash flows from operating, investing and financing activities in recent years and may continue to do so.

Our net cash used in operating activities in the six-month periods ended September 30, 2024 was primarily due to an increase in loan disbursements. Our net cash used in investing activities in the six-month period ended September 30, 2024, and Fiscals 2024, 2023 and 2022 was primarily due to purchase of investments. Our net cash used in financing activities in Fiscal 2023 and Fiscal 2022 was primarily due to repayment of borrowings and repayment of debt securities. We may continue to incur negative cash flows as we continue investing in our distribution network.

18. One of our subsidiaries, Piramal Capital & Housing Finance Limited (“PCHFL”), is subject to periodic inspections by the NHB. Any failure to take adequate action pursuant to observations made in any such inspections may adversely affect our reputation and business prospects.

One of our subsidiaries, PCHFL, is a company registered under the National Housing Bank, Act, 1987 (“**NHB Act**”). By virtue of being registered under the NHB Act, PCHFL is subject to periodic inspections by the National Housing Bank (“**NHB**”). Such inspection involves inspection of PCHFL’s internal policies, books of accounts and other records to verify inter alia the correctness or completeness of any statement, information or particulars furnished to the NHB. Inspection by the NHB is a regular exercise and is carried out periodically by the NHB for all HFCs under the NHB Act. In the recent past, in its periodic inspections on PCHFL, the NHB has made observations on various matters including regulatory compliances, corporate governance mechanisms and other operational matters of PCHFL. Pursuant to these inspections, the NHB had issued supervisory letters to PCHFL containing their observations. PCHFL subsequently responded to such supervisory letters issued by NHB and has taken steps to address the identified issues.

The periodic inspections include observations on various matters including (i) asset quality and related policy issues; (ii) failure to have systems in place for asset classification and provisioning; (iii) lack of model for rating of borrowers and linkage of pricing to same; (iv) non-disclosure of depreciation in investments; and (v) other operational matters of PCHFL. Pursuant to these inspections, the NHB has issued supervisory letters to PCHFL containing their observations. PCHFL subsequently responded to such supervisory letters issued by NHB, and has taken steps to address the identified issues. PCHFL, operating in a regulated market, receives regular correspondences from the NHB by way of letters and advisories. Further, the Issuer has previously received show cause notices regarding, *inter alia*, (i) loan-to-value norms; (ii) change in management and (iii) renegotiation and rescheduling of loan accounts.

While PCHFL attempts to be in compliance with all regulatory provisions applicable to us, we cannot assure you that the NHB will not find any deficiencies in future inspections or the NHB will not make similar or other observations in the future. In the event that PCHFL is unable to comply with the observations made by the NHB, it could be subject to penalties and restrictions which may be imposed by the NHB. Imposition of any penalty or adverse finding by the NHB during any future inspection may have a material adverse effect on our reputation and business prospects.

19. *The Group may not be able to successfully diversify its product portfolio*

As of September 30, 2024, the Group's growth AUM and legacy AUM contributed to 83.85% and 16.15% respectively, to the Group's AUM. The growth AUM comprised of Wholesale 2.0 (12.60%) and Retail AUM (87.40%). Wholesale 2.0 included new real estate AUM of 74.80% and corporate and mid-market lending ("CMML") AUM of 25.20%.

Retail AUM constituted 43.78% of housing, 23.82 % of LAP, 5.62 % of Used Car Loan, 9.60 % of Business Loan , 7.49 % of Salaried PL, 5.62 % of Digital Loan and 4.06 % of others including security receipts and pass through certificates. The legacy AUM consisted of Stage 1+2+3 loan book of 54.91 % and 45.09 % of others, including land and receivables, alternative investment funds and SRs. The Group's growth strategy will require significant capital investments and commitments of time from its senior management, and there also can be no assurance that its management will be able to develop the skills necessary to successfully manage these new business areas. The Group's inability to effectively manage any of these issues could materially and adversely affect its business and impact its future financial performance and/or cash flows. The Group is in process to downsize its Legacy Business by way of resolutions and/or re-financing and simultaneously grow its Growth Business.

20. *The Group's business has been growing consistently in recent years. Any inability to manage and maintain the Group's growth effectively may have a material adverse effect on the Group's business, results of operations, financial condition and cash flows*

The Group has experienced consistent growth in its business in recent years. The Group's gross AUM grew at a growth rate of 8.49%, from ₹ 68,846.06 crores as at March 31, 2024, to ₹ 74,691.65 crores as at September 30, 2024.

The Group's growth exposes it to a wide range of increased risks within India, including business risks, operational risks, fraud risks, regulatory and legal risks and the possibility that the quality of the Group's loan portfolio may decline. Moreover, the Group's ability to sustain its rate of growth depends significantly upon its ability to manage key issues such as selecting and retaining key management personnel, maintaining effective risk management policies, continuing to offer products which are relevant to the Group's target base of clients, developing managerial experience to address emerging challenges and ensuring a high standard of client service. The Group's results of operations depend on a number of internal and external factors, including the increase in demand for housing loans, construction loans and other corporate loans such as corporate mortgage loans and infrastructure loans in India, competition, its ability to expand geographically and diversify its product offerings, and also, significantly, the Group's net interest income. Further, it cannot be assured that the Group will not experience issues such as capital constraints, difficulties in expanding its existing business and operations, and also in hiring and training new personnel in order to manage and operate its expanded business.

The Group's business depends significantly on its marketing initiatives. There can be no assurance in relation to the impact of such initiatives and any failure to achieve the desired results may negatively impact the Group's ability to leverage its brand value. There can also be no assurance that the Group would be able to continue such initiatives in the future in a similar manner and on commercially viable terms. Furthermore, any adverse publicity about, or loss of reputation of, the Group could negatively impact its results of operations.

If the Group grows its loan book too rapidly, or fails to make proper assessments of credit risks associated with new borrowers or new businesses, a higher percentage of its loans may become non-performing, which would have a negative impact on the quality of its assets and its business, prospects, financial condition and results of operations.

Any one or a combination of some or all of the above-mentioned factors may result in a failure to maintain the growth of the Group's loan portfolio which may in turn have a material adverse effect on its business, results of operations and financial condition.

21. *The Group is vulnerable to volatility in interest rates and it may face interest rate and maturity mismatches between its assets and liabilities in the future which may cause liquidity issues*

The Group's operations are particularly vulnerable to volatility and mismatches in interest rates. The Group's net interest income and profitability directly depend on the difference between the average interest rate at which it lends and the average interest rate at which it borrows. The cost of the Group's funding and the pricing of its loan products are determined by a number of factors, many of which are beyond its control, including the RBI's monetary policies,

inflationary expectations, competition, domestic and international economic and political conditions and other factors. These factors could affect the interest rates charged on interest-earning assets differently than the interest rates paid on interest-bearing liabilities. While any reduction in the Group's cost of funds may be passed on to its customers, it may not have the same flexibility in passing on any increase in its cost of funds to its customers, thereby affecting its net interest income. Similarly, competition pressures may require the Group to reduce its cost of lending to its customers without a proportionate reduction in its cost of borrowing from its lenders. Further, if the Group does not pass on the reduced interest rates to its borrowers, it may result in some of the borrowers prepaying their loans to take advantage of the reduced interest rate environment, thereby impacting its growth and profitability. If interest rates rise, some or all of the Group's lenders may increase the interest rates at which it borrows, resulting in an increase in its effective cost of funds. The Group may or may not be able to pass on the increased interest rates to its borrowers simultaneously with the increase in its borrowing rates, or at all, thereby affecting its net interest income. Further, an increase in interest rates may result in some of the Group's borrowers prepaying their loans by arranging funds from other sources, thereby impacting the Group's growth and profitability.

An increase in general interest rates in the economy could reduce the overall demand for housing finance and other lending in general and impact the Group's growth. Additional risks arising from increasing interest rates, among others, include:

- increases in the rates of interest charged on various loans in its loan portfolio, which could result in the extension of loan maturities and higher monthly instalments due from borrowers, which, in turn, could result in higher rates of default;
- weakening demand for housing resulting in a slowdown in real estate project execution and a consequent reduction in wholesale real estate credit demand, as well as an increase in stress in the Group's existing wholesale real estate loan portfolio; and
- a reduction in profitability of wholesale credit borrowers, resulting in higher NPAs.

There can be no assurance that the Group will be able to adequately manage its interest rate risk in the future, and, if it is unable to do so, this could have an adverse effect on its net interest income, which could in turn have a material adverse effect on its business, results of operations and financial condition.

While the Group may enter into interest rate swaps to reduce its risk of exposure to interest rate fluctuations, it cannot be assured that such arrangements will sufficiently reduce its exposure to interest rate fluctuations or adequately protect it against any unfavourable fluctuations in interest rates. While the Group may attempt to pass on any change in interest rates to its customers, this may not always be possible, in particular where the particular asset is on a fixed interest basis or has a long tenor reset charge. The Group may also face potential liquidity risks due to mismatches in the maturity of its assets and liabilities. As is typical for a company in the business of lending, a portion of the Group's funding requirements is met through short- and medium-term funding sources such as bank loans, non-convertible debentures, commercial paper, cash credit and overdraft facilities.

22. *If the performance of the Group's portfolio relating to various credit and financing facilities deteriorates, its business, financial condition, results of operations and/or cash flows may be adversely affected*

The Group has in the past acquired, and may in the future acquire, portfolios relating to various credit and financing facilities from various originators including banks and other institutions in the ordinary course of its business.

There can be no assurance that the Group will not experience any deterioration in the performance of any loan portfolio acquired by it or that may be acquired by it in the future. Any deterioration in such loan portfolio acquired by the Group, and any inability to seek recourse against the relevant loan portfolio originator, or otherwise to recover the investments made in connection with the acquisition of such loan portfolio, would adversely impact the Group's earnings realised from such loan portfolio and may adversely affect its business, financial condition and results of operations.

23. *Our Company and our Subsidiaries require various statutory and regulatory approvals, licenses, registrations and permissions to conduct our business. Any inability to obtain, renew or maintain the statutory and regulatory permits and approvals which are required to operate its existing or future businesses may have a material adverse effect on its business, financial condition and results of operations.*

NBFCs and HFCs in India are subject to regulations and supervision by the RBI and NHB. In addition to the numerous conditions required for the registration as an NBFC or and HFC with the RBI, our Company and PCHFL are also required to comply with certain other regulatory requirements for its business imposed by the RBI. In the future, there could be circumstances where our Company may be required to renew applicable permits and approvals and obtain new permits and approvals for its current and any proposed operations or in the event of a change in applicable law

and regulations. There can be no assurance that RBI or other relevant authorities will issue any such permits or approvals in the time-frame anticipated by our Company, or at all. Failure by our Company to renew, maintain or obtain the required permits or approvals may result in an interruption of its operations and may have a material adverse effect on its business, financial condition and results of operation.

In addition, our branches are required to be registered under the relevant shops and establishments laws of the states in which they are located. The shops and establishment laws regulate various employment conditions, including working hours, holidays and leave and overtime compensation. If we fail to obtain or retain any of these approvals or licenses, or renewals thereof, in a timely manner, or at all, our business may be adversely affected. If we fail to comply, or a regulator claims we have not complied, with any of these conditions, our certificate of registration may be suspended or cancelled and we shall not be able to carry on such activities.

24. Piramal Capital & Housing Finance Limited is an HFC and subject to various regulatory and legal requirements. Also, future regulatory changes may have a material adverse effect on the PCHFL's business, results of operations and financial condition

Our subsidiary, Piramal Capital & Housing Finance Limited is subject to the corporate, taxation and other laws in effect in India which require continued monitoring and compliance. These regulations, apart from regulating the manner in which a company carries out its business and internal operations, prescribe various periodical compliances and filings, including, but not limited to, filing of forms and declarations with the relevant registrar of companies, and the RBI.

On 17 February 2021, RBI issued the Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 (“**RBI Master Directions – HFC**”) in supersession of, among others, the Master Circular – Housing Finance Companies (NHB) Directions, 2010 and the RBI notification on Review of regulatory framework for Housing Finance Companies (HFCs) dated 22 October 2020. Accordingly, activities of HFCs, are primarily regulated by the RBI Master Directions— HFC, including various aspects of the Piramal Capital & Housing Finance Limited’s business, such as what constitutes housing finance and housing finance company, net owned fund requirement, capital adequacy, sourcing of funds, on-boarding of customers, credit approval and risk management and asset classification and provisioning. Certain other generally applicable legislations also regulate other aspects of the Piramal Capital & Housing Finance Limited’s business such as recovery of debt and taxation.

The introduction of additional government controls or newly implemented laws and regulations, including, in relation to classifications of and provisioning for NPAs, recoveries, capital adequacy requirements and exposure norms, depending on the nature and extent thereof and Piramal Capital & Housing Finance Limited’s ability to make corresponding adjustments, may result in a material adverse effect on the Piramal Capital & Housing Finance Limited’s business, results of operations and financial condition and the Piramal Capital & Housing Finance Limited’s future expansion plans in India. In particular, decisions taken by regulators concerning economic policies or goals that are inconsistent with the Piramal Capital & Housing Finance Limited’s interests could adversely affect its results of operations. Further, it cannot be assured that the Piramal Capital & Housing Finance Limited will be able to timely adapt to new laws, regulations or policies that may come into effect from time to time with respect to housing finance or any other products or services the Piramal Capital & Housing Finance Limited may offer.

Moreover, new regulations may be passed that restrict the Piramal Capital & Housing Finance Limited’s ability to do business. Further, these regulations are subject to frequent amendments and depend upon Government policy. It cannot be assured that Piramal Capital & Housing Finance Limited will not be subject to any adverse regulatory action in the future. The costs of compliance may be high, which may affect the Piramal Capital & Housing Finance Limited’s profitability. If Piramal Capital & Housing Finance Limited is unable to comply with any such regulatory requirements, its business and results of operations may be materially and adversely affected. For instance, the Piramal Capital & Housing Finance Limited was not meeting the principal business criteria prescribed under the RBI Master Directions – HFC in Fiscal 2022 and the non-compliance was condoned by the RBI subject to fulfilment of certain conditions such as submission of board approved revised business plan and the roadmap to achieve the requirements of principle business criteria. Subsequently, Piramal Capital & Housing Finance Limited also received certain correspondence from the RBI and NHB, including an email dated 30 August 2023 (“**RBI E-mail**”) from the RBI and an email dated November 29, 2023 from the NHB (“**NHB E-mail**”) in relation to non-compliance with certain Principal Business Criteria requirements as per the submitted business plan with the RBI as on 31 March 2023, and advising Piramal Capital & Housing Finance Limited that (a) such non-compliance will render Piramal Capital & Housing Finance Limited ineligible to hold the certificate of registration to operate as an HFC; and (b) to consider conversion of the Piramal Capital & Housing Finance Limited’s certificate of registration from an HFC to a NBFC- Investment and Credit Company. Subsequently, pursuant to the approval of the board of directors of the Piramal Capital & Housing Finance Limited on 8 May 2024, Piramal Capital & Housing Finance Limited has made an application to the RBI dated May 13, 2024 for conversion of the Piramal Capital & Housing Finance Limited’s certificate of registration from an HFC to a NBFC-Investment and Credit Company, as required under the Non- Banking Financial Company –

Housing Finance Company (Reserve Bank) Directions, 2021. Upon conversion of Piramal Capital & Housing Finance Limited from an HFC to a NBFC-ICC, subject to approval from regulators, the Piramal Capital & Housing Finance Limited will be governed by the RBI, and the various regulations pertaining to a NBFC-ICC will also become applicable to the Piramal Capital & Housing Finance Limited. For further details on applicable regulations, please see “*Applicable Indian Regulations and Policies*”.

The availing of housing loans for residential properties has become attractive due to certain Government schemes and income tax exemptions on the repayment of loans and interest payments. There can be no assurance that the Government will continue with such schemes or tax benefits on housing loans and any significant change by the Government in its monetary policy or tax laws may adversely affect the Piramal Capital & Housing Finance Limited’s business and results of operations. Changes in tax laws and reduction in tax concessions for housing loans may negatively impact the housing market and the housing loan market in general.

Other sectors that the Piramal Capital & Housing Finance Limited has lent to or may lend to in future could witness similar or other regulatory changes which could adversely affect the Piramal Capital & Housing Finance Limited’s profitability and potential growth opportunities.

It cannot be assured that the Piramal Capital & Housing Finance Limited will be in compliance with the various regulatory and legal requirements in a timely manner or at all. The requirement for compliance with such applicable regulations presents a number of risks, particularly in areas where applicable regulations may be subject to varying interpretations. Further, if the interpretations of the regulators and authorities with respect to these regulations vary from Piramal Capital & Housing Finance Limited’s interpretation, it may be subject to penalties and its business could be adversely affected.

25. ***Our Company may not be able to recover the full value of collateral or amounts which are sufficient to cover the outstanding amounts due under defaulted loans on a timely basis or at all and as a result, which could adversely affect its financial condition and results of operations.***

The secured loans offered by our Company are typically secured against property mortgage in case of home loans, and personal guarantees by promoters, corporate guarantees by flagship companies, share pledge of SPVs, as applicable, along with security of underlying projects, in the case of real estate loans. The value of collaterals is dependent on various factors, including (i) prevailing market conditions, (ii) the general economic and political conditions in India, (iii) growth of the stock markets and real estate sector in India and the areas in which our Company operates, and (iv) any change in statutory and/or regulatory requirements.

Delays in recovery, bankruptcy and foreclosure proceedings, defects in the title and delays in obtaining regulatory approvals for the enforcement or monetisation of such collaterals may affect the valuation of the collateral. As a result, our Company may not be able to recover the full value of the collateral for the loans provided by it within the expected timeframe or at all. Further, legal proceedings may have to be initiated by our Company in order to recover overdue payments on loans, and as a consequence, the money and time spent on initiating legal proceedings may adversely affect our Company’s cash flow. The value of the security provided by the borrowers to our Company may be subject to a reduction in value on account of various reasons. While our Company’s customers may provide alternative security to cover the shortfall, the realizable value of the security for the loans provided by our Company in the event of a liquidation may continue to be lower than the combined amount of the outstanding principal amount, interest and other amounts recoverable from the customers.

Any default in the repayment of the outstanding credit obligations by our Company’s customers may expose us to losses. A failure or delay to recover the loan value from sale of collateral security could expose our Company to potential losses. Any such losses could adversely affect our Company’s financial condition and results of operations. Furthermore, the process of litigation to enforce our Company’s legal rights against defaulting customers in India is generally a slow and potentially expensive process. Accordingly, it may be difficult for our Company to recover amounts owed by defaulting customers in a timely manner or at all.

26. ***We are exposed to fluctuations in real estate prices and any negative events affecting the real estate sector.***

The demand for products, which include construction finance for real estate developers and loans against property (“**LAP**”) and lease rent discounting (“**LRD**”), is generally affected by developments in the real estate sector. The demand for our housing loans in our retail lending business and our real estate loans in our wholesale lending business is affected by movement in real estate prices. Further, as the underlying security on our loans is primarily mortgages or other form of security over the customers’ other real residential or commercial property, a substantial portion of our loan portfolio is exposed to events affecting the real estate sector. The value of real estate properties secured under our loans is largely dependent on prevalent real estate market conditions, as well the quality of the construction and the pedigree of the relevant developer. The value of the collateral on the loans disbursed by us may decline due to adverse market conditions including an economic downturn or a downward movement in real estate prices. For instance, we

offer housing loans and other loans to borrowers, where the primary collateral is real estate. The value of the collateral, however, may decline during the term of the loan for a variety of reasons, including due to adverse market conditions prevalent in the real estate sector. As a result, if our borrowers default, we may receive less money from liquidating collateral than is owed under the relevant financing facility, and, in turn, incur losses, even where we successfully repossess and liquidate the collateral.

The primary security for retail loans disbursed by the Group is the underlying property; the value of this security is largely dependent on housing market conditions prevalent at that time, as well as the quality of the construction and the relevant developer. For wholesale loans, other collateral may be provided such as pledges over shares, the value of which will depend on the performance of the underlying entities and the strength of the stock market in general, if listed, personal guarantee of the promoter, corporate guarantee of the flagship company in certain cases. The value of the collateral on retail loans disbursed by the Group may decline due to adverse market conditions, including an economic downturn or a downward movement in real estate prices. In the event the real estate sector is adversely affected due to a decline in demand for real properties, changes in regulations or other trends or events, which negatively impact the real estate sector, the value of the Group's collateral may diminish which may affect its business and results of operations. Failure to recover the expected value of collateral could expose it to losses and, in turn, result in a material adverse effect on its business, results of operations and financial condition.

There can be no assurance that the Group will be able to realise the value of its collateral, in full or in part. The Debt Recovery Tribunal ("DRT") has the power to issue a stay order prohibiting the lender from selling the assets of a defaulted borrower. As a result, there can be no assurance that any foreclosure proceedings would not be stayed by the DRT or any other relevant authority. In addition, delays on the Group's part to take immediate action, delays in bankruptcy foreclosure proceedings, economic downturns, defects in security and fraudulent transfers by borrowers may hinder the Group's ability to realise the full value of its security. In the event that a regulatory agency asserts jurisdiction over the enforcement proceedings, creditor actions can be further delayed. Therefore, there can be no assurance that the Group will be able to foreclose on collateral on a timely basis, or at all, and, if it is able to foreclose on the collateral, that the value will be sufficient to cover the outstanding amounts owed to the Group which may result in a material adverse effect on its business, results of operations and financial condition.

Further, any developments or events that adversely affect the real estate sector, including without limitation, the introduction of any stringent norms regarding construction, floor space index environmental clearance, or any other approvals or other compliances, may result in diminishing the value of our collaterals which may in turn have a material adverse effect on our business, financial condition and results of operations if any of our customers default in repayment of their loans. Also, if any of the projects which form part of our collateral are delayed for any reason, it may affect our ability to enforce our security, thereby effectively diminishing the value of such security. There can be no assurance that we will be able to foreclose on collateral on a timely basis, or at all, and if we are able to foreclose on the collateral, that the value will be sufficient to cover the outstanding amounts owed to us which may result in a material adverse effect on our business, results of operations and financial condition.

27. *If the Group is unable to successfully expand, maintain or leverage its partnership arrangements, its business prospects, results of operations, financial condition and/or cash flows may be adversely affected*

The Group's partnership and co-financing arrangements with various companies involved in property financing across India are an integral part of its growth strategy. The Group enters into strategic partnership agreements with a number of other entities, including other HFCs, to capitalise on their local knowledge, infrastructure and personnel base of its partners in order to source new customers. The Group's co-financing arrangements include various revenue-sharing arrangements at predetermined amounts.

There can be no assurance that the Group's partners will comply with the procedural and other conditions specified by it in connection with the Group's arrangements with them in the context of customer origination, loan administration and monitoring and any loan recovery processes, or that its partners will not act in any manner that could adversely affect the Group's reputation, brand, customer relationships or business interests. There can also be no assurance that the Group will be able to leverage and benefit from its partnership arrangements to effectively source a sufficient volume of new customers and business commensurate to the revenue-sharing and other incentives provided to its partners under its arrangements with them.

In addition, the Group may not be able to identify suitable partners in the future with whom it can successfully partner through such arrangements, or in joint marketing and customer support activities, and there can be no assurance that it will be able to ensure any level of success with such partnership arrangements for any sustained period of time. Furthermore, there can be no assurance that there will not be any dispute with such partners in the future. If the Group is unable to successfully expand, maintain or leverage its partnership arrangements and relationships with its partners, its business prospects, results of operations, financial condition and/or cash flows may be adversely affected.

28. ***As an NBFC-ND-SI, we extend products on pre-assessed loan-to-value ratios, and any negative events affecting the value of the underlying collateral could adversely affect our business and result of operations.***

Our lending products include affordable housing loans, budget housing loans, loans against property, secured business loans, microfinance loans, personal loans and are availed for working capital and other personal and business needs and construction finance for real estate developers and loans against property.

The loans extended *vide* aforementioned products, except microfinance loans and personal loans, and construction finance for real estate developers and loans against property are assessed through a loan-to-value ratio (“LTV”) against a pre-approved benchmark, prior to disbursement. Higher LTV loans possess an inherent risk with them, that requires constant monitoring and valuation of the underlying collateral. The value of this collateral is to a great extent determined by market sentiments. A downgrade in sentiments of the housing market simulated due to a decline of demand for real estate properties, changes in regulations or other trends or events, which negatively impact the real estate sector may reduce the underlying value of the collateral and consequently increase the LTV ratio higher as compared to the LTV ratio at the time of disbursement. This could lead to reduction in margin of percentage that the Company carries in situation of a stress sell-off of the collateral property. Failure to recover the expected value of collateral could expose the Company to losses and, in turn, result in a material adverse effect on our business, results of operations and financial condition.

29. ***We do not own the trademark and the logo associated with “Piramal” brand name. Consequently, our ability to use the trademark, name and logo may be impaired.***

We do not own the trademark and logo associated with “Piramal” brand name which we use in the course of our business operations and to conduct our operations, the brand is registered in the name of Piramal Corporate Services Private Limited (“PCSPL”). Our Company has entered into a trademark license and advisory services agreement dated September 3, 2018 with PCSPL (“**Trademark Agreement**”) for use of the “Piramal” trademark and the corporate logo which consists of “Gyan Mudra” icon, the “Piramal” name and the words “Knowledge Action Care Impact”. The Trademark Agreement is valid till March 31, 2026. If the Trademark Agreement is not renewed, we will not be able to use the trademark, name or logo in connection with our business and, consequently, we may be unable to capitalize on the brand recognition associated with the trademark. While we only use intellectual property registered in our name or pursuant to the Trademark Agreement, we may become subject to claims by third parties if we use slogans, names, designs, software or other such subjects in breach of any intellectual property rights registered by such third party. Any legal proceedings pursuant to such claims, or settlements thereunder, may divert management attention and require us to pay financial compensation to such third parties, as well as compel us to change our marketing strategies or brand names of our products and services, which could adversely affect our business, prospects, results of operation and financial condition.

30. ***The financing industry is becoming increasingly competitive, and our Company’s growth will depend on its ability to compete effectively.***

The sector in which our Company operates in is highly competitive and our Company faces significant competition from banks, HFCs and other NBFCs. Many of its competitors are large institutions, which may have larger customer base, funding sources, branch networks and capital compared to our Company. Certain of our Company’s competitors may be more flexible and better-positioned to take advantage of market opportunities. In particular, private banks in India and many of our Company’s competitors may have operational advantages in terms of access to cost-effective sources of funding and in implementing new technologies and rationalizing branches as well as the related operational costs. As a result of this increased competition, loans are becoming increasingly standardized and terms such as variable (or floating) rate interest options, lower processing fees and monthly reset periods are becoming increasingly common in the Indian financial sector. This competition is likely to intensify further as a result of regulatory changes and liberalization. These competitive pressures affect the industry in which our Company operates in as a whole, and our Company’s future success will depend, to a large extent, on its ability to respond in an effective and timely manner to these competitive pressures. There can be no assurance that our Company will be able to react effectively to these or other market developments or compete effectively with new and existing players in the increasingly competitive financial sector.

31. ***Significant fraud, system failure or calamities could adversely impact our Company’s business.***

Our Company seeks to protect its computer systems and network infrastructure from physical break -ins as well as fraud and system failures. Computer break-ins and power and communication disruptions could affect the security of information stored in and transmitted through our Company’s computer systems and network infrastructure. Our Company employs security systems, including firewalls and password encryption, designed to minimize the risk of security breaches. Although our Company intends to continue to implement security technology and establish operational procedures to prevent fraud, break-ins, damage and failures, there can be no assurance that these security measures will be adequate. A significant failure of security measures or operational procedures could have a material

adverse effect on our Company's business and its future financial performance. Although our Company takes adequate measures to safeguard against system - related and other frauds, there can be no assurance that it would be able to prevent frauds. Furthermore, our Company is exposed to many types of operational risks, including the risk of fraud or other misconduct by its employees and unauthorized transactions by its employees. Our Company's reputation may be adversely affected by significant frauds committed by its employees, customers, or outsiders.

32. *In respect of secured loans given by the Group, the inability to receive, on a timely basis or at all, the full value of collateral or amounts which are sufficient to cover the outstanding amounts due under defaulted loans may adversely affect the Group's business*

In case of secured loans given by the Group, there can also be no assurance that the Group will be able to receive the full value of collateral sufficient to cover the amounts under default. In addition, there may be delays associated with such processes. Further, if any of the Group's borrowers take recourse of arbitration or litigation against the Group's repayment claims, it may cause a further delay in the Group's recovery process leading to depreciation of the secured asset. A failure or delay in recovering the expected value from sale of collateral security could expose the Group to a potential loss in addition to the cost of litigation and enforcement. Any such losses could adversely affect the Company's financial condition, results of operations and/or cash flows. Furthermore, enforcing the Group's legal rights by litigating against defaulting customers is generally a slow and potentially expensive process in India. Accordingly, it may be difficult for the Group to recover amounts owed by defaulting customers in a timely manner or at all.

33. *Some of the loans the Issuer and PCHFL provides are unsecured and susceptible to certain operational and credit risks*

Some of the loans that Issuer and PCHFL provides are unsecured loans, such as digital personal loans. The Issuer and PCHFL may not be able to recover these loans through its standard recovery proceedings. Unsecured loans present a higher risk of loss in case of a credit default as compared to loans to customers in other asset-backed financing products. In addition, there can be no assurance that the Issuer's monitoring and risk management procedures will succeed in effectively predicting the right income levels of these customers or that the Issuer's loan loss reserves will be sufficient to cover any actual losses. If there is a default by customers on repayment of such unsecured loans or if the Issuer or PCHFL is unable to recover its principal and interest through such legal proceedings, the Issuer or PCHFL may experience increased levels of NPAs and it may be required to make related provisions and write-offs that may have an adverse effect on its business prospects, financial condition and results of operations. Although the SARFAESI Act has strengthened the ability of lenders to recover NPAs by granting lenders greater rights to enforce security and recover amounts owed from secured borrowers, it does not apply to unsecured loans, any enforcement of security interest securing repayment of any financial asset not exceeding Rs. 20,00,000 or where the remaining debt is below 20 per cent. of the principal amount and interest thereon.

Since the introduction of the Insolvency and Bankruptcy Code, 2016 ("**Bankruptcy Code**"), it has become the main framework within which insolvency proceedings against corporate persons are undertaken. While the Bankruptcy Code does not make any distinction between secured creditors and unsecured creditors during the corporate insolvency resolution process, the liquidation waterfall in case the company has to undergo liquidation depends on whether the creditor is secured or unsecured.

34. *Our Company is exposed to operational risks, including employee negligence, petty theft, burglary and embezzlement and fraud by employees, agents, customers or third parties, which could harm our Company's results of operations and financial position.*

Our Company is exposed to many types of operational risks. Operational risks can result from a variety of factors, including failure to obtain proper internal authorizations, improperly documented transactions, failure of operational and information security procedures, computer systems, software or equipment, fraud, inadequate training and employee errors. In addition, some of our Company's transactions expose it to the risk of misappropriation or unauthorized transactions by its employees and fraud by its employees, agents, customers or third parties. Our Company's insurance policies, security systems and measures undertaken to detect and prevent these risks may not be sufficient to prevent or deter such activities in all cases which may adversely affect our Company's operations and profitability. Furthermore, our Company may be subject to regulatory or other proceedings in connection with any unauthorized transaction, fraud or misappropriation by its representatives and employees which could adversely affect its goodwill. In addition, some of our Company's collaterals which were provided for the loans may not be adequately insured and this may expose our Company to a loss of value for the collateral. As a result, our Company may not be able to recover the full value of the collateral. Any loss of value of the collateral may have a material adverse effect on our Company's profitability and business operations.

In addition, collections for our retail business are primarily in cash, exposing us to certain operational risks. Such cash collections expose us to the risk of theft, fraud, misappropriation or unauthorized transactions by employees

responsible for dealing with such cash collections. These risks are exacerbated by the high levels of responsibility we delegate to our employees and the geographically dispersed nature of our network. In addition, given the high volume of transactions involving cash processed by the Group, certain instance of fraud and misconduct by its employees or representatives may go unnoticed for some time before they are identified and corrective actions are taken. Even when the Group identifies an instance of fraud and other misconduct and pursue legal recourse or file claims with its insurance carriers, there can be no assurance that the Group will recover any amounts lost through such fraud or other misconduct. While there are internal controls in place to minimise the likelihood of such frauds, there can be no assurance that these are sufficient and will be so in the future.

While we have undertaken measures to detect and prevent unauthorized transactions, fraud or misappropriation, this may not be sufficient to prevent or deter such activities in all cases, which may adversely affect our operations and profitability. Further, we may be subject to regulatory or other proceedings in connection with any unauthorized transactions, fraud or misappropriation by our representatives and employees, which could adversely affect our goodwill. We may also be party to criminal proceedings and civil litigation related to our cash collections.

In addition to the above, the Group's employees operating in remote areas may be required to transport cash due to lack of local banking facility. In the event of any adverse incident, the Group's ability to continue operations in such areas will be adversely affected and the Group's employee recruitment and retention efforts may be affected, thereby affecting our growth and expansion. In addition, if the Group determines that certain areas of India pose a significantly higher risk or crime or instability, its ability to operate in such areas will be adversely affected.

35. *Several processes which are critical for the Group's business operations have manual intervention. Such manual processes are prone to inadvertent human error and can result in significant losses, slowdowns in business growth and/or affect the reputation of the Group*

The Group undertakes several processes such as credit underwriting, risk analysis, asset monitoring and preparation of legal documentation during the course of its business. Many of these processes require human intervention. Any inadvertent human error during these processes can affect the quality of the Group's business and lead to significant losses, slowdown in business growth and/or affect the reputation of the Group.

36. *We cannot assure you that we will be able to successfully execute our growth strategies, which could affect our operations, results, financial condition and cash flows.*

Our growth strategy includes continuing to cater to the underserved financial needs in the rural and semi-urban sector, diversification of our loan book, inorganic acquisitions. For further details, please see "Our Business – Our Strategies" on page 159 of this Draft Shelf Prospectus. We expect that our growth strategy will place significant demands on our management, financial and other resources. While we intend to pursue existing and potential market opportunities, our inability to manage our business plan effectively and execute our growth strategy could have an adverse effect on our operations, results, financial condition and cash flows.

In order to manage growth effectively, we must implement and improve operational systems, procedures and internal controls on a timely basis. If we fail to implement these systems, procedures and controls on a timely basis, or if there are weaknesses in our internal controls that would result in inconsistent internal standard operating procedures, we may not be able to meet our customers' needs, hire and retain new employees, pursue new business, complete future strategic agreements or operate our business effectively. There can be no assurance that our existing or future management, operational and financial systems, procedures and controls will be adequate to support future operations or establish or develop business relationships beneficial to future operations.

Our management may also change its view on the desirability of current strategies, and any resultant change in our strategies could put significant strain on our resources. Further, we may be unable to achieve any synergies or successfully integrate any acquired business into our portfolio. Any business that we acquire may have unknown or contingent liabilities, and we may become liable for the past activities of such businesses. Furthermore, any equity investments that we undertake may be subject to market and liquidity risks, and we may be unable to realise any benefits from such investments, in a timely manner, or at all.

37. *The Group may in the future be subject to risks arising from exchange rate fluctuations, which could materially and adversely affect its business and financial conditions*

The Group may in the future raise foreign currency borrowings. The exchange rate between Indian Rupees and U.S. dollars has changed substantially in recent years and may fluctuate substantially in the future. While the Group would need to enter into hedging arrangements to hedge the entire balance sheet risk on its exposure to any such foreign exchange fluctuations, it cannot be assured that such hedging arrangements would adequately reduce its foreign currency exchange risk or protect it against any unfavourable exchange rate fluctuations. Any depreciation in the value of the Indian Rupee against the U.S. dollar could cause an increase in the Group's interest expenses, reduce the

profitability of its business and have a material and adverse effect on its cash flows, results of operations and financial condition. The Group may also be unable to pass on any increase in its costs due to foreign currency fluctuations to its customers, and, as a result, its revenue and profitability may decline.

38. *The Group's loans to MSMEs depend on the performance of the MSMEs sector in India, and government policies and statutory and/or regulatory reform in the MSMEs finance sector*

The Group has exposure to secured and unsecured MSMEs. The Government of India has from time to time taken economic policy initiatives to promote this sector and enhance credit to small and medium enterprises. Some of the initiatives of the Government to support small enterprise financing include setting up a credit guarantee fund trust for small industries, risk sharing facilities, venture capital funding and micro credit. Any change in the regulatory requirements in connection with the small enterprise finance sector, change in government policies, slowdown in liberalisation and reforms affecting the sector could affect the performance of small enterprises and demand for small enterprise finance, and, in turn, the Group's business and results of operations.

39. *We have geographic concentration in certain cities and therefore are dependent on the general economic conditions and activities in these cities.*

As of March 31, 2024, 60.75% of our AUM was geographically concentrated i.e., 39.18% in Maharashtra, 8.32% in Karnataka, 7.04% in Telangana and 6.20% in Delhi. Our concentration in these states/cities exposes us to any adverse geological, ecological, economic and/or political circumstances in these respective regions. If there is a sustained downturn in the economy of these regions or a sustained change in housing market in these regions for any reason, our financial position may be adversely affected.

40. *As part of its business strategy, the Group may assign or securitise a small or substantial portion of its loan assets to banks and other institutions. Any deterioration in the performance of any pool of receivables assigned or securitised to banks and other institutions may adversely impact its financial performance and/or cash flows*

As part of its means of raising and/or managing funds, the Group may assign or securitise some of the receivables from its loan portfolio to banks and other institutions. Such assignment or securitisation transactions would be conducted on the basis of the Group's internal estimates of its funding requirements, which may vary from time to time. Any change in statutory and/or regulatory requirements in relation to assignments or securitisations by financial institutions, including the requirements prescribed by the RBI, the National Housing Bank ("NHB") or the Government, could have an adverse impact on the Group's assignment or securitisation transactions. Under Ind AS 109, assets transferred under securitisation do not meet de-recognition criteria and the same will therefore be retained in the books and amount received from the securitisation trust will be treated as borrowing. The assignment transactions entered into by the Company satisfy de-recognition criteria under Ind AS, consequently, upfront gain is recognised on bilateral assignments. Any adverse changes in the policy and/or regulations in connection with securitisation of assets by HFCs and/or new circulars and/or directions issued by the RBI or the NHB in this regard, affecting HFCs or the purchasers of assets, would affect the securitisation market in general and the Group's ability to securitise and/or assign its assets.

41. *Damage claims in respect of leakage of personal information*

The Group collects, stores, and manages personal information in the ordinary course of its business operations. Despite the Group's data protection measures and compliance with applicable privacy laws and regulations, there is an inherent risk that personal information may be inadvertently or unlawfully accessed, disclosed, altered, or destroyed due to factors beyond the Group's control, such as cyberattacks, system malfunctions, or human error.

42. *Our Company's growth will depend on our Company's continued ability to access funds at competitive rates which is dependent on a number of factors including our Company's ability to maintain its credit ratings.*

As our Company is an NBFC-ND-SI in terms of applicable RBI regulations, its liquidity and ongoing profitability are primarily dependent upon its timely access to, and the costs associated with raising capital. Our primary sources of funding include term loans, issuance of non-convertible debentures, commercial paper, securitization and external commercial borrowings. The demand for such funds is competitive and our Company's ability to obtain funds at competitive rates will depend on various factors including our Company's ability to maintain positive credit ratings. Ratings reflect a rating agency's opinion of our Company's financial strength, operating performance, strategic position and ability to meet its obligations. We have been assigned (i) A1+ rating by CRISIL and A1+ rating by CARE for our ₹6,000.00 crore commercial paper; (ii) AA (Stable) rating by CARE and AA (Stable) rating by ICRA for our non-convertible debentures; (iii) AA (Stable) rating by CARE for our market-linked debentures; (iv) A1+ rating by ICRA for our short-term debt; (v) A1+ rating by CARE for our inter-corporate deposit; and (vi) AA (Stable)/ A1+ rating by CARE and AA(Stable)/A1+ rating by ICRA for our long-term/short-term fund based/non-fund based bank lines/facilities respectively; and (vii) BB- by S&P and Ba3 by Moody's. We believe that our ratings result in a lower

cost of funds for us. Any downgrade in our credit ratings may increase interest rates for refinancing our outstanding debt, which would increase our borrowing costs, and adversely affect our future issuances of debt and our ability to borrow on a competitive basis, which may adversely affect our business, financial condition, results of operations and cash flows. Further, any downgrade in our credit ratings may also trigger an event of default or acceleration of certain of our borrowings. A reduction or withdrawal of the ratings may also adversely affect the market price and liquidity of the non -convertible debentures and our Company's ability to access the debt capital markets. As a result, this would negatively affect our Company's net interest margin and its business. In addition, any downgrade of our Company's credit ratings could increase the possibility of additional terms and conditions being imposed on any additional financing or refinancing arrangements in the future. Any downgrade of our Company's credit ratings could also accelerate the repayment of certain of our Company's borrowings in accordance with the applicable covenants of its borrowing arrangements. Any such adverse development could adversely affect our Company's business, financial condition and results of operations. As an NBFC, our Company also faces certain restrictions on its ability to raise money from international markets which may further constrain its ability to raise funds at attractive rates. While our Company's borrowing costs have been competitive in the past due to its ability to raise debt products, credit rating and our Company's asset portfolio, our Company may not be able to offer similar competitive interest rates for its loans if our Company is unable to access funds at an effective cost that is comparable to or lower than its competitors. This may adversely impact our Company's business and results of operations.

43. *Our ability to borrow from various banks may be restricted on account of guidelines issued by the RBI imposing restrictions on banks in relation to their exposure to NBFCs which could have an impact on our business and could affect our growth, margins and business operations.*

The RBI vide its Circular DBR.No.BP.BC.43/ 21.01.003/2016-17 dated December 1, 2016 and Circular DBR.No.BP.BC.31/21.01.003/2018-19 dated April 1, 2019, circular No. DBR.No.BP.BC.43/21.01.003/2018-19 dated June 3, 2019, as amended from time to time, and circular no. DOR.CRE.REC.No.77/21.04.172/2021-22 dated January 5, 2022 has amended the regulatory framework governing banks to address concerns arising from divergent regulatory requirements for banks and NBFCs. These Circulars restricts bank's exposures to a single NBFC to 20% percent of their eligible capital base (Tier I capital). However, based on the risk perception, more stringent exposure limits in respect of certain categories of NBFCs may be considered by the banks. The bank's exposure to a group of connected NBFCs or group of connected counterparties having NBFCs in the group is restricted to 25 percent of their Tier I Capital. Furthermore, RBI has suggested that banks may consider fixing internal limits for their aggregate exposure to all NBFCs combined. This Notification limits a bank's exposure to NBFCs which consequently restricts our ability to borrow from banks.

This Notification could affect our business and any similar notifications released by the RBI in the future, which has a similar impact on our business could affect our growth, margins and business operations.

44. *Our ability to raise foreign capital may be constrained by Indian law.*

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies. Such regulatory restrictions limit our financing sources and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted without onerous conditions, or at all. Limitations on raising foreign debt may have an adverse effect on our business, results of operations and financial condition.

45. *We have contingent liabilities as at March 31, 2024, and our financial condition may be adversely affected if these contingent liabilities materialize.*

We have the following contingent liability and commitments on a consolidated basis as of March 31, 2024 which could adversely affect our business and results of operations.

(c) For other commitments towards investment	-

Further, pursuant to the amalgamation of the Issuer with Piramal Capital & Housing Finance Limited, the contingent liabilities of PCHFL will need to be taken into account which may be higher.

In the event any of the above contingent liabilities materialise, the Group's results of operations and financial condition may be adversely affected.

46. Our investments are subject to market risk and our exposure to capital markets is subject to certain regulatory limits. Our Company may also be exposed to fluctuations in the market values of its investment and other asset portfolio.

We invest our surplus funds out of our borrowings and operations in mutual funds and/or fixed income securities. These securities include (a) mutual funds – debt schemes of mutual funds, (b) fixed deposits and certificate of deposits of scheduled commercial banks and financial institutions, (c) government bonds, (d) bonds issued by semi-government, quasi-government and/or public sector undertakings having the highest credit rating issued by a SEBI-registered agency, (e) government treasury bills and (f) rated commercial paper having the highest credit rating by a SEBI-registered rating agency. Certain of these investments are unlisted, offering limited exit options.. The value of these investments depends on several factors beyond our control, including the domestic and international economic and political scenario, inflationary expectations and the RBI's monetary policies. Any decline in the value of the investments may have an adversely effect on our business, financial condition and results of operations. The financial markets' turmoil has adversely affected economic activity globally including India. Continued deterioration of the

credit and capital markets may result in volatility of our Company's investment earnings and impairments to our Company's investment and asset portfolio. Further, the value of our Company's investments depends on several factors beyond its control, including the domestic and international economic and political scenario, inflationary expectations and the RBI's monetary policies. Any decline in the value of the investments could negatively impact our Company's financial condition.

47. *Our Company may face asset-liability mismatches which could affect its liquidity and consequently may adversely affect our Company's operations and profitability.*

A portion of our Company's funding requirements is met through short-term and medium-term funding sources such as bank loans, working capital demand loans, cash credit, short term loans and commercial paper. However, a significant portion of our Company's assets (such as loans to its customers) have maturities with longer terms than some of its borrowings. Our Company may face potential liquidity risks due to varying periods over which our Company's assets and liabilities mature. Moreover, raising long-term borrowings in India has historically been challenging. Our Company's inability to obtain additional credit facilities or renew its existing credit facilities in a timely and cost-effective manner to meet its maturing liabilities, or at all, may lead to gaps and mismatches between its assets and liabilities, which in turn may adversely affect our Company's liquidity position, and in turn, its operations and financial performance.

We regularly monitor our funding levels to ensure we are able to satisfy the requirement for loan disbursements and maturity of our liabilities. As is typical for NBFCs, we maintain diverse sources of funding and liquid assets to facilitate flexibility in meeting our liquidity requirements. Liquidity is provided principally by long-term borrowings from banks and mutual funds, short and long-term general financing through the domestic debt markets and retained earnings, proceeds from securitization and equity issuances.

Our liquidity position may be adversely affected and we may be required to pay higher interest rates in order to meet our liquidity requirements in the future, which could have a material adverse effect on our business and financial results. Any non-compliance with mandatory AML and KYC policy could expose us to additional liability and harm our business and reputation.

As of September 30, 2024, our Company's total borrowings (as per Ind AS), on a standalone basis, were ₹ 7,595.63 crores. While we maintained a healthy ALM profile with positive gaps across all time periods in Fiscal 2024, within the norms stipulated by the RBI, we cannot assure you that we will always be able to maintain a healthy ALM profile. For instance, in September 2024, there was mismatch in ALM profile (on consolidated and standalone basis). However, the mismatch was within the regulatory limits. Degradation in our ALM profile will have an impact on our liquidity, cash flows, and results of operations.

48. *The Issuer may not be able to maintain its current levels of profitability due to increased costs or reduced spreads*

The Issuer uses a variety of financial indicators and ratios to measure and analyse its performance. The Issuer's ability to improve its profitability depends on its efforts to continue to grow its loan portfolio and expand operations, while at the same time reducing costs. High cost to income ratios could adversely affect the Issuer's margins, return on average assets and profitability.

The Issuer's operating expenses could also increase on account of increased expenditure on advertising and other activities related to marketing. The Issuer may also be required to update or improve its operational systems and procedures and strengthen its internal control systems. There could also be adverse external, such as decline in GDP growth, changes in regulatory policies, decline in customer demand for loans, inflation and changes in interest rates, which could increase its operating expenses and adversely affect the Issuer's ability to maintain its current levels of profitability.

49. *A decline in our Company's capital adequacy ratio could restrict its future business growth.*

NBFCs are required to maintain a minimum CRAR norm of 15.00% of the risk weighted assets and risk adjusted value of off-balance sheet items before declaring any dividends. As of September 30, 2024, our Tier I CRAR was 33.20% and our Tier II CRAR was 1.25% on a standalone basis, as against the statutory minimum capital adequacy of 15.00% currently prescribed by RBI. If our Company continues to grow its loan portfolio and asset base, it will be required to raise additional Tier I and Tier II Capital (as per the RBI Regulations) in order to continue to meet applicable capital adequacy ratios with respect to its business. There can be no assurance that our Company will be able to raise adequate additional capital in the future on terms favourable to our Company, in a timely manner, or at all and this may adversely affect the growth of our Company's business.

50. *Our business processes a large amount of data, including personal data, and the improper collection, hosting, use or disclosure of data could harm our reputation and have an adverse effect on our business, financial condition, results of operations and cash flows.*

Our business processes a large quantity of personal data (with our users' consent) and analyses this data to generate user and user group profiles. Our privacy policies concerning the collection, use and disclosure of personal data (and users' rights thereto) are consented to by our customers and made accessible for their reference at any point in time. We face risks inherent in handling and protecting a large volume of data, especially user data. In particular, we face several challenges relating to data security and privacy, including but not limited to:

- protecting the data in and hosted on our system, including against attacks on our system by outside parties, data leakage, fraudulent behaviour or improper use by our employees;
- addressing concerns, challenges, negative publicity and litigation related to data security and privacy, collection, use and actual or perceived data sharing (including sharing among our own businesses, with business partners, vendors or regulators), and other factors that may arise from our existing businesses or new businesses and new technology; and
- complying with applicable laws and regulations relating to the collection, use, storage, transfer, disclosure and security of personal data, including requests from data subjects.

The improper collection, use or disclosure of our user data could result in a loss of customers, business, partner financial institutions and other potential participants on assisted mobile application, loan originating system, loan management system, underwriting engine, collections portal, CRM portal, loss of confidence or trust in the aforesaid apps, litigation, regulatory investigations, penalties or actions against us, significant damage to our reputation, and have an adverse effect on our business, financial condition, results of operations and cash flows. Moreover, we share a limited amount of user data with third-party service providers in accordance with applicable laws and regulations and subject to stringent data security and privacy requirements. We also rely on certain third-party service providers in relation to the sourcing of data for potential customers. If such third-party service providers engage in activities that are negligent, fraudulent, illegal or otherwise harm the trustworthiness and security of the aforesaid apps, including by improper disclosure or use of user data, or if our business partners otherwise fail to meet their data security and privacy obligations, we may be subject to user complaints and suffer reputational harm, even if the actions or activities are not related to, attributable to or caused by us, or within our control. Further, while no regulatory or legal action has been taken against us in relation to such instances in the past, we cannot assure you that we will not be subject to any regulatory or legal action for such instances in the future.

51. *We may experience difficulties in geographically expanding our business and the products offered. We may also face difficulties and incur additional expenses in operating in rural and semi-urban markets, where infrastructure may be limited.*

Our Company has experienced geographical expansion over the past few years. The addition of branches on account of acquisition of DHFL has helped to enhance and strengthen our pan- India distribution network. As of September 30, 2024 our Company and PCHFL have 508 conventional branches, including 236 microfinance branches across 26 states and union territories across India. However, the Company's past growth is not indicative of our future performance or potential growth.

We cater to customers in rural and semi-urban markets, which may have limited infrastructure, particularly for transportation and electricity. At our branches in remote markets, we may face difficulties in conducting operations, such as accessing power facilities, transporting people and equipment, and implementing technology measures. We may also face increased costs in conducting our business and operations in these markets, such as network costs. We cannot make assurances that such costs will not increase in the future as we expand our network in rural and semi-urban markets, which could adversely affect our profitability.

52. *We may introduce new products for our customers, and there is no assurance that our new products will be profitable in the future.*

We may introduce new products and services in our existing lines of business. We may incur costs to expand our range of products and services and cannot guarantee that such new products and services will be successful once offered, whether due to factors within or outside of our control, such as general economic conditions, a failure to understand customer demand and market requirements or management focus on these new products. If we fail to develop and launch these products and services successfully, we may lose a part or all of the costs incurred in development and promotion or discontinue these products and services entirely, which could in turn adversely affect our business and results of operations.

53. ***We have significant exposure to certain borrowers. Any negative developments impacting the ability of such borrowers to perform their obligations under their existing financing agreements with us may adversely affect our business, financial performance and results of operations.***

As of March 31, 2024, our Company's top 20 borrowers represented 36.30% of our total loan book on a standalone basis. We may continue to have significant concentration of loans to these borrowers. Any negative developments impacting the ability of such borrowers to perform their obligations under their financing agreements with us, including any defaults on their obligations as a result of their bankruptcy, competition within their respective sectors, lack of liquidity, operational failure, government or other regulatory intervention, among others, may adversely affect our business, financial performance and results of operations.

54. ***We have not entered into any definitive arrangements to utilise the net proceeds and the fund requirement and deployment mentioned in the Objects of the Issue have not been appraised by any bank or financial institution.***

We intend to use the proceeds of the Issue, after meeting the expenditures of and related to the Issue, for the purpose of onward lending, financing and for repayment /prepayment of interest and principal of existing borrowings of our Company and general corporate purposes. For further details, see the section "Objects of the Issue" on page 103. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution. Our funding requirements are based on current conditions and are subject to change in light of changes in external circumstances or in our financial condition, business or strategy. Our management, in response to the competitive and dynamic nature of the industry, will have the discretion to revise its business plan from time to time. Any such change in our plans may require rescheduling of our current plans or discontinuing existing plans and an increase or decrease in the fund requirements for the objects, at the discretion of the management. Pending utilization for the purposes described above, we intend to temporarily invest the funds in interest bearing liquid instruments including deposits with banks and investments in liquid (not equity) mutual funds. Such investments would be in accordance with the investment policies approved by our Board from time to time. The management will have significant flexibility in applying the proceeds received by us from the Issue. The utilization details of the proceeds of the Issue shall be adequately disclosed as per applicable law. Further, as per the provisions of the SEBI NCS Regulations, we are not required to appoint a monitoring agency and therefore no monitoring agency has been appointed for the Issue.

55. ***If the corporate undertakings provided by us in our assignment of receivables transactions are invoked, it may require outflow in respect of these undertakings and adversely affect our net income.***

We have in the past, assigned and/or securitized a portion of the receivables from our Loan Book to banks and other institutions. The assignment and/or securitization transactions were conducted on the basis of our internal estimates of our funding requirements. Any change in the applicable government regulations in relation to assignments/securitizations by NBFCs could have an adverse impact on our assignment/securitization program. Under some of the assignment and pass through certificate transactions that we undertake, we provide credit support in the form of corporate guarantee and/or cash collateral. In the case of increase in losses on such transactions, such guarantee or the cash collateral may be enforced.

56. ***If we fail to identify, monitor and manage risks and effectively implement our risk management policies, it could have a material adverse effect on our business, financial condition, results of operations and cash flows.***

We have devoted resources to develop our risk management policies and procedures and aim to continue to do so in the future. For details, see "Our Business – Risk Management" on page 176 of this Draft Shelf Prospectus. Despite this, our policies and procedures to identify, monitor and manage risks of fraud, money laundering, any other credit, operational or other risks may not be fully effective. Further, some of our methods of managing risks are based upon the use of observed historical market behaviour. As a result, these methods may not accurately predict future risk exposures, which could be significantly greater than those indicated by the historical measures. To the extent any of the instruments and strategies we use to hedge or otherwise manage our exposure to market or credit risk are not effective, we may not be able to effectively mitigate our risk exposures in particular market environments or against particular types of risk.

Our investment and interest rate risk are dependent upon our ability to properly identify, and mark-to-market changes in the value of financial instruments caused by changes in market prices or rates. Our earnings are dependent upon the effectiveness of our management of changes in credit quality and risk concentrations, the accuracy of our valuation models and our critical accounting estimates and the adequacy of our allowances for loan losses.

To the extent our assessments, assumptions or estimates prove inaccurate or not predictive of actual results, we could suffer higher than anticipated losses. Please see "Risk Factors - High levels of customer defaults and the resultant non-performing assets could adversely affect our Company's business, financial condition, results of operations and future financial performance" on page 23 of this Draft Shelf Prospectus.

If we fail to effectively implement our risk management policies, it could materially and adversely affect our business, financial condition, results of operations and cash flows.

57. *Our branches located in various districts in India are either owned by us or leased by us. Any termination or failure by us to renew the lease/ leave and license agreements in a favorable and timely manner, or at all, could adversely affect our business and results of operations.*

Our registered office and corporate office located at Piramal Ananta, Agastya Corporate Park, Opposite Fire Brigade, Kamani Junction, LBS Marg, Kurla (West), Mumbai - 400 070 is leased by us. In addition, our branches located in various districts in India are either owned by us or leased by us. The lease agreements can be terminated, and any such termination could result in any of our offices being shifted or shut down. Some of the lease/ leave and license agreements may have expired in the ordinary course of business and we are currently involved in negotiations for the renewal of these lease/ leave and license agreements. While we have not faced major issues renewing the leases of our offices in the past, if these lease/ leave and license agreements are not renewed or not renewed on terms favorable to us, we may suffer a disruption in our operations or increased costs, or both, which may affect our business and results of operations. Further, some of our lease/ leave and license agreements may not be adequately stamped or duly registered. Unless such documents are adequately stamped or duly registered, such documents may be rendered inadmissible as evidence in a court in India or may not be authenticated by any public officer and the same may attract penalty as prescribed under applicable law or may impact our ability to enforce these agreements legally, which may result in an adverse effect on the continuance of our operations and business.

58. *Our business and operations significantly depend on senior management and key employees and may be adversely affected if we are unable to retain them. Our business is dependent on relationships with our clients established through, amongst others, our branches. Closure of branches or loss of our key branch personnel may lead to damage to these relationships and a decline in our revenue and profits.*

Our business and operations largely depend on the continued services and performance of our senior management and other key employees and our ability to attract and retain such personnel. Considering the compact nature of our management team, our ability to identify, recruit and retain our employees is critical. As common to the non-banking finance industry, we also face a continuing challenge to recruit and retain a sufficient number of suitably skilled personnel, knowledgeable in sectors to which we lend. There is significant competition in India for such personnel, and it may be difficult to attract, adequately compensate and retain personnel we need in the future. Inability to attract and retain appropriate and adequate managerial personnel, or the loss of key personnel could adversely affect our business, prospects, results of operations, financial condition. We will need to recruit new employees, who will have to be trained and integrated into our operations. We will also have to train existing employees to adhere properly to internal controls and risk management procedures. Failure to train and motivate our employees properly may result in an increase in employee attrition rates, require additional hiring, erode the quality of customer service, divert management resources, increase our exposure to high-risk credit and impose significant costs on us. Hiring and retaining qualified and skilled managers are critical to our future, as our business model depends on our credit-appraisal and asset valuation mechanism, which are personnel-driven operations. The loss of the services of our senior members of our management team and key employees could seriously impair our ability to continue to manage and expand our business efficiently and adversely affect our business, results of operations and financial condition. Further, we also do not maintain any key man insurance policies, and as a result, we may be unable to compensate for the loss of service of our key personnel. Our business is dependent on the key branch personnel who directly manage client relationships. We encourage dedicated branch personnel to service specific clients since we believe that this leads to long-term client relationships, a trust based business environment and, over time, better cross-selling opportunities. Our business may suffer materially if a substantial number of branch managers either become ineffective or leave us. If we fail to effectively retain our senior management, key employees, and branch personnel, it could materially and adversely affect our business, financial condition, results of operations and cash flows.

There can be no assurance that the Group will not experience future disruptions to its operations due to disputes or other problems with its workforce, which may adversely affect its business and results of operations.

59. *We have securitized/ assigned a portion of the receivables from our loan portfolio to banks and other institutions. Any deterioration in the performance of any pool of receivables assigned to banks and other institutions or any change in RBI or government policies may adversely affect our results of operations, financial condition and cash flows.*

We have securitized and assigned through bilateral transactions a significant portion of the receivables from our loan portfolio to banks and other institutions. These securitization and assignment transactions are conducted on the basis of internal estimates of our funding requirements, and may vary from time to time. Under Ind AS 109, assets transferred under securitization do not meet de-recognition criteria and the same will therefore be retained in the books and amount received from the securitization trust will be treated as borrowing. The assignment transactions entered into by the

Company satisfy de-recognition criteria under Ind AS, consequently, upfront gain is recognised on bilateral assignments. Any change in RBI or other government regulations in relation to bilateral direct assignments and securitizations by NBFCs could have an adverse impact on our assignment and securitization plans in the future.

Securitization and assignment transactions help us in maintaining our capital adequacy, are considered as a true sale as per RBI guidelines relating to securitization and direct bilateral assignment and also provide us with relief on capital. It also helps in generation of income by way of collection fees and agreed spread. The counterparties to securitization transactions require us to provide credit enhancement through fixed deposits or bank guarantees. Credit enhancements enable us to improve our credit worthiness. We have outstanding credit enhancement and outstanding bank guarantees as of March 31, 2024. In the event a counterparty does not realize the receivables due under such loan assets, it could claim recourse through such credit enhancement for an amount up to the first loss risk, which could adversely affect our results of operations, cash flows and financial condition. Furthermore, any recourse to such credit enhancement or invocation of bank guarantees may also result in our inability to securitize further pools of assets.

60. *Our Audited Financial Statements FY 23 are not comparable with the Audited Financial Statements FY 2022.*

Our Audited Financial Statements FY 23 are not comparable with the Audited Financial Statements FY 2022, pursuant to the PEL-PPL Scheme and change in format of Financial Statements. For details, please see “*Certain Conventions, Use of Financial, Industry and Market Data and Currency Presentation -Presentation of Financial Statements*” on page 19. Accordingly, reliance by prospective investors to the Issue on such financial information shall be limited.

61. *We have in this Draft Shelf Prospectus included certain non-GAAP financial measures and certain other selected statistical information related to the Group’s operations and financial condition. These non-GAAP measures and statistical information may vary from any standard methodology that is applicable across the financial services industry and therefore may not be comparable with financial or statistical information of similar nomenclature computed and presented by other financial services companies.*

Certain non-GAAP financial measures and certain other statistical information relating to the Group’s operations and financial performance like Net worth, Financial Assets (excluding cash and cash equivalents) and Investments, Non-Financial Assets (excluding property, plant and equipment and other intangible assets), Financial Liabilities (excluding debt securities, borrowing (other than debt securities and subordinated liabilities) and Total Debt/Total Equity have been included in this Draft Shelf Prospectus which are supplemental measures of our performance and liquidity that is not required by, or presented in accordance with Ind-AS. We compute and disclose such non-GAAP financial measures and such other statistical information relating to our operations and financial performance as we consider such information to be useful measures of our business and financial performance, and because such measures are frequently used by securities analysts, investors and others to evaluate the operational performance of financial services businesses. Many financial services businesses provide such non- GAAP financial measures and other statistical and operational information when reporting their financial results. Such non-GAAP measures are not measures of operating performance or liquidity defined by generally accepted accounting principles and should not be considered in isolation or constructed as an alternative to cash flows, profit/(loss) for the years/period or any other measures of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind-AS, Indian GAAP, IFRS and US GAAP. These non-GAAP financial measures and other statistical and other information relating to our operations and financial performance are not standardized terms and may not be computed on the basis of any standard methodology that is applicable across the industry. Therefore, such non-GAAP measures may not be comparable to financial measures and statistical information of similar nomenclature that may be computed and presented by other banks or financial institutions in India or elsewhere.

62. *This Draft Shelf Prospectus includes certain unaudited financial information, which has been subjected to limited review, in relation to our Company. Reliance on such information should, accordingly, be limited.*

This Draft Shelf Prospectus includes certain unaudited financial information in relation to our Company, for the quarter and half year ended September 30, 2024, in respect of which the Statutory Auditors of our Company have issued their respective Limited Review Report dated October 23, 2024. As this unaudited financial information has been subject only to limited review as required by regulation 52 of SEBI LODR Regulations and as described in Standard on Review Engagements (SRE) 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity” issued by the Institute of Chartered Accountants of India, and not to an audit. Accordingly, reliance by prospective investors to the Issue on such unaudited financial information shall be limited.

63. *Our lending operations involve cash collection which may be susceptible to loss or misappropriation or fraud by our employees. This may adversely affect our business, operations and ability to recruit and retain employees.*

Our lending and collection operations involve handling of cash, including collections of instalment repayments in cash in certain cases. Cash collection exposes us to risk of loss, fraud, misappropriation or unauthorized transactions by our

employees responsible for dealing with such cash collections. In addition, we may be subject to regulatory or other proceedings in connection with any such unauthorized transaction, fraud or misappropriation by our agents or employees, which could adversely affect our goodwill, business prospects and future financial performance. In addition, given the high volume of transactions involving cash processed by us, certain instance of fraud and misconduct by our employees or representatives may go unnoticed for some time before they are identified and corrective actions are taken. Even when we identify instance of fraud and other misconduct and pursue legal recourse or file claims with our insurance carriers, there can be no assurance that we will recover any amounts lost through such fraud or other misconduct. While we have internal controls in place to minimize the likelihood of such frauds, there can be no assurance that these are sufficient and will be so in the future.

In addition to the above, our employees operating in remote areas may be required to transport cash due to lack of local banking facility. In the event of any adverse incident, our ability to continue operations in such areas will be adversely affected and our employee recruitment and retention efforts may be affected, thereby affecting our growth and expansion. In addition, if we determine that certain areas of India pose a significantly higher risk or crime or instability, our ability to operate in such areas will be adversely affected.

64. *Our Company's reliance on any misleading or misrepresented information provided by potential customers or counterparties or an inaccurate credit appraisal by our Company's employees may affect its credit judgments, as well as the value of and title to the collateral, which may adversely affect its reputation, business and results of operations.*

In deciding whether to extend credit or enter into other transactions with customers and counterparties, our Company may rely on information furnished to it by or on behalf of customers and counterparties, including financial statements and other financial information. Our Company may also rely on certain representations in relation to the accuracy and completeness of that information as well as independent valuation reports and title reports with respect to the collateral. In addition, our Company may rely on reports of the independent auditors in relation to the financial statements. Moreover, our Company has implemented Know Your Customer (“KYC”) checklist and other measures to prevent money laundering. Our Company conducts reference check from existing lenders, CIBIL check, other compliance checks prior to lending to wholesale customers. There can be no assurance that information furnished to our Company by potential customers and any analysis of such information or the independent checks and searches will return accurate results, and our Company's reliance on such information may affect its judgement of the potential customers' credit worthiness, as well as the value of and title to the collateral, which may result in our Company having to bear the risk of loss associated with such misrepresentations. In the event of the ineffectiveness of these systems, our Company's reputation, business and results of operations may be adversely affected. Our Company may also be affected by the failure of its employees to adhere to the internal procedures and an inaccurate appraisal of the credit or financial worth of its clients. Inaccurate appraisal of credit may allow a loan sanction which may eventually result in a bad debt on our Company's books of accounts. In the event our Company is unable to mitigate the risks that arise out of such lapses, our Company's business and results of operations may be adversely affected.

65. *The technology-driven underwriting, risk management and collection processes on which our Company relies, may not be able to effectively identify, monitor or mitigate the risks in our lending operations.*

Our technology-driven underwriting, risk management and collection processes enable our lending operations. If any of these decision-making systems contain programming or other errors, the criteria or parameters used for the analysis of customers credit profiles are inaccurate, the risk management models can become flawed or ineffective or the customer insights developed or received for credit assessment may become incorrect or stale, the credit assessment process related to our loans could be negatively affected, resulting in incorrect approvals, incorrect denials of loans, mispriced loans or biased rejection rates for potential customers. If any of the foregoing were to occur, the performance of our credit assessment will be compromised. As a result, our business, brand, reputation, results of operations and financial condition may be adversely affected.

66. *Our Company may not be able to detect money-laundering and other illegal or improper activities fully or on a timely basis, which could expose it to additional liability and harm its business or reputation.*

Our Company is required to comply with applicable anti-money-laundering and anti-terrorism laws and other regulations in India. Our Company, in the course of its operations, runs the risk of failing to comply with the prescribed KYC procedures and the consequent risk of fraud and money laundering by dishonest customers despite putting in place systems and controls customary in India to prevent the occurrence of these risks. Although our Company believes that it has adequate internal policies, processes and controls in place to prevent and detect any AML activity and ensure KYC compliance, there can be no assurance that our Company will be able to fully control instances of any potential or attempted violation by other parties and may accordingly be subject to regulatory actions including imposition of fines and other penalties. Our Company, in certain of its activities and in pursuit of its business, runs the risk of inadvertently offering its financial products and services ignoring customer suitability and appropriateness despite

having a KYC and Anti-Money Laundering measures and associated processes in place. Such incidents may adversely affect our Company's business and reputation.

67. *Our Company's insurance coverage may not adequately protect our Company against losses which could adversely affect our Company's business, financial condition and results of operations.*

Our Company maintains insurance coverage that we believe is adequate for its operations. Our Company's insurance policies, however, may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. Principal types of coverage under our Company's insurance policies include directors' and officers' liability insurance, general liability insurance policy, personal accident policy, group health policy, cyber liability insurance policy, group term life insurance policy, contractors all risk insurance policy, burglary policy. We have also obtained a business shield policy that covers damage caused by fire and allied perils. However, our Company cannot assure you that the terms of its insurance policies will be adequate to cover any damage or loss suffered by our Company or that such coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. Our insurance policies may be insufficient to cover our economic losses. In addition, there are various types of risks and losses for which the Group does not maintain insurance either because they are uninsurable or because insurance is not available to it on acceptable terms. Any successful assertion of one or more large claims against our Company that exceeds our Company's available insurance coverage or changes in our Company's insurance policies, including any increase in premium or any imposition of larger deductibles or co-insurance requirements could adversely affect our Company's business, financial condition and results of operations.

68. *We have entered into a number of related party transactions and may continue to enter into related party transactions, which may involve conflicts of interest.*

We have entered into a number of related party transactions, within the meaning of Ind AS 24, and may continue to enter into related party transactions, which may involve conflict of interest. Such transactions may give rise to current or potential conflicts of interest with respect to dealings between us and such related parties. Additionally, there can be no assurance that any dispute that may arise between us and related parties will be resolved in our favour. For further details, please refer to the statement of related party transactions in "Financial Information – Related Party Transactions" on page 239 of this Draft Shelf Prospectus.

69. *Our Company's Promoter, Directors and related entities may have interests in a number of entities which are in businesses similar to our Company's business and this may result in potential conflicts of interest with our Company.*

Certain decisions concerning our Company's operations or financial structure may present conflicts of interest among our Company's Promoter, other shareholders, Directors, executive officers, and the holders of Equity Shares. Our Company's Promoter, Directors and related entities may have interests in various entities that are engaged in businesses similar to our Company. Commercial transactions in the future between our Company and related parties may result in conflicting interests. Conflicts of interest may arise out of common business objectives shared by our Company, and the related entity for our Company's Promoter, Directors. Our Company's Promoter, Directors and their related entities may compete with our Company and have no obligation to direct any opportunities to our Company. Our Company cannot provide any assurance that these or other conflicts of interest will be resolved in an impartial manner.

70. *Certain supporting documents in connection with the biographies of the directors included in the section "Our Management" of this Draft Shelf Prospectus are unavailable.*

Certain documents supporting the information included in this Draft Shelf Prospectus with respect to previous work experience, education background, achievements of the directors, disclosed in the sections titled "Our Management" on page 188 may not be available. Accordingly, reliance has been placed on affidavits, declarations and undertakings furnished by such directors to us and the Lead Managers to disclose details of their previous work experience, qualification and other details in this Draft Shelf Prospectus. Neither we, nor the Lead Managers have been able to independently verify these details prior to inclusion in this Draft Shelf Prospectus. Further, there can be no assurances that our Directors will be able to trace the relevant documents pertaining to their previous work experience or other untraceable details in future, or at all.

71. *Statistical and industry data in this Draft Shelf Prospectus is derived from the CRISIL Report. The CRISIL Report is not exhaustive and is based on certain assumptions, parameters and conditions. The data and statistics in the CRISIL Report may be inaccurate, incomplete or unreliable.*

This Draft Shelf Prospectus includes information that is derived from the report titled NBFC Report dated October 2024 prepared and issued by CRISIL Market Intelligence and Analytics (the "CRISIL Report"). The CRISIL Report

is subject to various limitations and is based on certain subjective assumptions. While we have taken reasonable care in the reproduction of the information from the CRISIL Report, neither our Company nor the Lead Managers nor any of our or the irrespective affiliates or advisors or any other person connected with the Issue has independently verified third party and industry related data and statistics obtained from the CRISIL Report. While we have no reason to believe the data and statistics in the CRISIL Report are incorrect, we cannot assure you that they are accurate, complete or reliable and, therefore, we make no representation or warranty, express or implied, as to the accuracy, completeness or reliability of such data or statistics. Further, there can be no assurance that such data and statistics are stated or compiled on the same basis or with the same degree of accuracy as maybe the case in other reports. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Shelf Prospectus.

72. *Model risks and use of artificial intelligence.*

Although the Company's technology, compliance and other operational systems, models and processes incorporate strong governance and controls designed to manage and mitigate the model risks associated with its activities, there can be no complete assurance as to the resilience of these systems and processes to disruption or that governance and controls will always be effective. Due to human error, among other reasons, model risk incidents do occur from time to time and no system or process can entirely prevent them. Further, we are in the process of undertaking initiatives to employ the use of artificial intelligence ("AI") in our operations, which we believe would help build predictive models across credit, sales, collections and risk functions. Nevertheless, we may face technical challenges that adversely affect our ability to integrate such AI capabilities in our operations. Further, we may face operational difficulties if our AI capabilities malfunction. Failure to develop and integrate AI capabilities into our operations could create operational difficulties and have an adverse effect on our business growth and results of operations.

73. *Certain of our documents may bear higher stamp duty than we have paid and as a result, our cash flows and results of operations may be adversely affected.*

In relation to assignment/ securitization transactions executed by us in relation to our Loan Book, we have entered into certain documentation, wherein we have, agreed to bear all costs in relation to stamp duty payable in respect of the assignment/ securitization documents. Most of these transactions involve loans (and underlying mortgages) situated across India, and not just the jurisdiction where the documents in relation to the assignment/ securitization are stamped. If any of the transaction documents in relation to these assignment/ securitization transactions, are for any reason, taken out of the state in which stamp duty has been paid, including for registration of the same in the state where the underlying property is situated, there may be an additional stamp duty implication us, to the extent of the difference between the stamp duty payable in such state and the stamp duty already paid. Any such liability may have a financial impact on our cash flows and results of operations.

74. *We are dependent on government institutions and agencies to register our collateral/ charge. Our inability to register the collateral for the loans we disburse or create a charge on the assets we finance could adversely affect our business and results of operations.*

As an investment and credit company, creation of charge on assets that we finance is critical for our operations. For instance, we rely on the Road Transport Authority ("RTO") for the vehicle loans financed by us. In a number of locations at RTOs across India, the processes are yet to be digitized. Similarly, in the Loan Against Property and Home Loans segment, we are dependent on the relevant sub-registrar's office to register the property and create a charge on the property. Processes at such sub-registrar's offices are manual and property documentation is yet to be digitized. Further, we are also required to register any charges created with the Central Registry of Securitization Asset Reconstruction and Security Interest of India. If customers whose vehicles and properties are yet to be registered, default on their obligations, we face a risk of loan losses and our business, financial condition, results of operations and cash flows could be adversely affected.

75. *We may be required to bear additional tax liability for previous assessment years, which could adversely affect our financial condition.*

According to extant guidelines from the RBI, an NBFC is not permitted to recognize income if the amount due in respect of a loan has not been paid by the borrower for 90 days or more and such amount is considered an NPA. However, under Section 43D of Income-tax Act, 1961 ("IT Act") prescribes that income by way of interest in relation to certain categories of bad or doubtful debts will be chargeable to tax in the year in which it is credited to the profit and loss account or in the year in which it is actually received, whichever is earlier.

The categories of bad or doubtful debts for the purpose of Section 43D are prescribed under Rule 6EA and Rule 6EB of the Income Tax Rules which are different from the classification of NPAs provided by extant guidelines of the RBI in force at present. This may result in an anomalous situation concerning the recognition of income for certain category of loans/ debts accounts under the IT Act via-a-vis the extant guidelines from the RBI.

While we have been following the guidelines of the RBI on income recognition, the income-tax department may contend that the interest income on such NPAs needs to be recognised on periodic basis and such recognition cannot be deferred. Accordingly, the department may assess a higher income and raise tax demand. We believe that the stand taken by the Company as regards recognition of interest on such NPAs is in accordance with the provisions of the IT Act and if the department contends otherwise, the Company has a fair chance of success at higher appellate authorities.

76. *The Bankruptcy Code in India may affect our rights to recover loans from borrowers.*

The Insolvency and Bankruptcy Code, 2016 (“**Bankruptcy Code**”) was notified on August 5, 2016. The Bankruptcy Code offers a uniform and comprehensive insolvency legislation encompassing all companies, partnerships and individuals (other than financial firms). It allows creditors to assess the viability of a debtor as a business decision, and agree upon a plan for its revival or a speedy liquidation. The Bankruptcy Code creates a new institutional framework, consisting of a regulator, insolvency professionals, information utilities and adjudicatory mechanisms, which will facilitate a formal and time-bound insolvency resolution and liquidation process. In case insolvency proceedings are initiated against a debtor to our Company, we may not have complete control over the recovery of amounts due to us. Under the Bankruptcy Code, upon invocation of an insolvency resolution process, a committee of creditors is constituted by the interim resolution professional, wherein each financial creditor is given a voting share proportionate to the debts owed to it. Bankruptcy Code provides a 180-day timeline which may be extended by 90 days when dealing with insolvency resolution applications. Subsequently, the insolvency resolution plan prepared by the insolvency professionals has to be approved by 66% of voting share of financial creditors, which requires sanction by the adjudicating authority and, if rejected, the adjudicating authority will pass an order for liquidation. Any resolution plan approved by committee of creditors is binding upon all creditors, even if they vote against it. In case a liquidation process is opted for, the Bankruptcy Code provides for a fixed order of priority in which proceeds from the sale of the debtor’s assets are to be distributed. Before sale proceeds are distributed to a secured creditor, they are to be distributed for the costs of the insolvency resolution and liquidation processes, debts owed to workmen and other employees rank at par with those owed to secured creditors, and thereafter the debts owed to unsecured creditors shall be paid. Further, under this process, dues owed to the Central and State Governments rank at par with those owed to secured creditors for any amount unpaid following the separate enforcement of security interest. Moreover, other secured creditors may decide to opt out of the process, in which case they are permitted to realize their security interests in priority. Accordingly, if the provisions of the Bankruptcy Code are invoked against any of the borrowers of our Company, it may affect our Company’s ability to recover our loans from the borrowers and enforcement of our Company’s rights will be subject to the Bankruptcy Code.

77. *Failure to maintain effective internal control over financial reporting in the future, there may be an adverse impact on the accuracy and timing of our financial reporting.*

We have taken steps to enhance our internal controls commensurate to the size of our business, primarily through the formation of a designated branch audit and inspection team. However, certain matters such as fraud and embezzlement cannot be eliminated entirely given the cash nature of our business. While we expect to remedy such issues, we cannot assure you that we will be able to do so in a timely manner, which could impair our ability to accurately and timely report our financial position, results of operations or cash flows.

78. *We rely on third party external vendors to whom we have outsourced certain of our operations. If these third parties fail to perform their obligations, it could adversely affect our business and cause us financial loss, which may not be recoverable from such third-party in full or at all.*

Our Company is dependent on various external vendors for the implementation of certain elements of its operations, including implementing information technology infrastructure and hardware, industry standard commercial off-the-shelf products, networking, and back-up support for disaster recovery. Our Company is, therefore, exposed to the risk that external vendors or service providers may be unable to fulfil their contractual obligations to it (or will be subject to the risk of fraud or operational errors by their respective employees) and the risk that their (or their vendors’) business continuity and data security systems prove to be inadequate or fail to perform. Failure to perform any of these functions by our Company’s external vendors or service providers could materially and adversely affect its business, results of operations and cash flows.

79. *Our Company’s ability to assess, monitor and manage risks inherent in our Company’s business differs from the standards of some of its counterparts.*

Our Company is exposed to a variety of risks, including liquidity risk, interest rate risk, credit risk, operational risk, fraud risk and regulatory risk. The effectiveness of our Company’s risk management is limited by the quality and timeliness of available data. Our Company’s hedging strategies and other risk management techniques may not be fully effective in mitigating its risks in all types of market environments or against all types of risk, including risks that are unidentified or unanticipated. Some methods of managing risks are derived from the observation of historical market behaviour. As a result, these methods may not predict future risk exposures, which could be greater than the

indication based on historical measures. Other risk management methods depend on an evaluation of information regarding markets, customers or other matters. This information may not be accurate, complete, up-to-date or properly evaluated. The management of operational, legal or regulatory risk requires, among other things, proper policies and procedures to record and verify a number of transactions and events. Although our Company has established these policies and procedures, they may not be fully effective.

Our Company's future success will depend, in part, on our Company's ability to respond to new technological advances and emerging market standards and practices in a cost-effective and timely manner. The development and implementation of such technology entails significant technical and business risks. There can be no assurance that our Company will be able to successfully implement new technologies or adapt its transaction processing systems in accordance with the requirements of customers or emerging market standards.

80. *Negative publicity could damage our reputation and adversely impact our business and financial results.*

Reputational risk, or the risk to our business, earnings and capital from negative publicity, is inherent to our business. The reputation of the non-banking financial industry in general has been closely monitored as a result of the global financial crisis and other matters affecting the financial services industry. Negative public opinion about the non-banking finance industry generally or us specifically could materially adversely affect our ability to attract and retain customers and may expose us to litigation and regulatory action. While we have developed our brand and reputation over our history, any negative incidents or adverse publicity could rapidly erode customer trust and confidence in us, particularly if such incidents receive widespread adverse mainstream and social media publicity or attract regulatory investigations. Our business depends on the trust our customers place in us and our brand, and any failure to maintain, protect, enhance and promote such trust would adversely affect our business, financial condition, results of operations and cash flows. Negative publicity can result from our own or our third-party service providers' actual or alleged conduct in any number of activities, including lending practices, mortgage servicing and foreclosure practices, technological practices, corporate governance, regulatory compliance, mergers and acquisitions, and related disclosure, sharing or inadequate protection of customer information, and actions taken by government regulators and community organizations in response to that conduct. Although we take steps to minimize reputational risk in dealing with customers and other constituencies, we, as a large financial services organisation with a high industry profile, are inherently exposed to this risk.

Any damage to our brand or our reputation may result in withdrawal of business by our existing customers, loss of new business from potential customers.

External risks

81. *We face risks related to public health epidemics and pandemics in India and abroad.*

Our business could be materially and adversely affected by the outbreak of public health epidemics, or the fear of such an outbreak, in India or elsewhere. A number of countries in Asia, including India, as well as countries in other parts of the world, are susceptible to contagious diseases and have confirmed cases of diseases including the highly pathogenic ones such as H7N9, H5N1 and H1N1 strains of influenza in birds and swines and more recently, the COVID-19 virus, and monkey pox virus. Certain countries in Southeast Asia have reported cases of bird-to-human transmission of avian and swine influenza, resulting in numerous human deaths. The COVID-19 outbreak across the world has affected the world economy including India. However, in recent times the industry is showing signs of revival signaling a slow but steady return of growth of economy. Any slowdown or perceived slowdown in these economies could adversely affect the ability of our customers to afford our services, which in turn would adversely impact our business and financial performance and results of operations.

The Indian economy was impacted by this pandemic and the resultant lockdown, due to the contraction in industrial and services output across small and large businesses. The impact of the COVID-19 pandemic, on NBFC's results, including credit quality and provisions, gain/loss on fair value changes, investment, remains uncertain and dependent on actual visibility of growth over coming quarters and steps taken by the government, RBI and other regulators to mitigate the economic impact and foster speedier growth. Any of these factors could have a material adverse effect on our results of operations and financial condition, including its revenues, costs structure, liquidity, cash flows, asset quality and growth.

82. *India's existing credit information infrastructure may cause increased risks of loan defaults.*

All our business is located in India. India's existing credit information infrastructure may pose problems and difficulties in running a robust credit check on our borrowers. We may also face difficulties in the due diligence process relating to our customers or to any security or collateral we take in relation to our loans. We may not be able to run comprehensive searches relating to the security and there are no assurances that any searches we undertake will be accurate or reliable. Hence, our overall credit analysis could be less robust as compared to similar transactions in more

developed economies. Any inability to undertake a comprehensive due diligence or credit check might result in an increase in our NPAs and we may have to increase our provisions correspondingly. Any of the foregoing may have a material adverse effect on our business, financial condition, results of operations and cash flows.

83. *Our results of operations have been, and may continue to be, adversely affected by Indian and international financial market and economic conditions.*

Our business is highly dependent on Indian and international markets and economic conditions. Such conditions in India include fluctuations in interest rates; changes in consumer spending; the level of consumer confidence; housing prices; corporate or other scandals that reduce confidence in the financial markets, among others. International markets and economic conditions include the liquidity of global financial markets, the level and volatility of debt and equity prices and interest rates, investor sentiment, inflation, the availability and cost of capital and credit, and the degree to which international economies are expanding or experiencing recessionary pressures. The independent and/or collective fluctuation of these conditions can directly and indirectly affect demand for our lending finance and other financial products or increase the cost to provide such products. In addition, adverse economic conditions, such as declines in housing values, could lead to an increase in mortgage and other home loan delinquencies and higher write offs, which can adversely affect our earnings.

Global financial markets were and continue to be extremely volatile and were materially and adversely affected by a significant lack of liquidity, decreased confidence in the financial sector, disruptions in the credit markets, reduced business activity, rising unemployment, declining home prices and erosion of consumer confidence. These factors have contributed to and may continue to adversely affect our business, results of operations, cash flows and financial condition.

84. *Instability of global and Indian economies and banking and financial sectors could affect our liquidity, which could have a material adverse effect on our business, financial condition and results of operations.*

The credit markets in India have faced significant volatility, dislocation and liquidity constraints in the past. The instability in the Indian credit markets has in the past resulted from significant write downs of asset value of financial institutions including banks (primarily in the public sector), housing finance companies and non-banking financial companies. Any protracted instability in the Indian credit markets or other macro-economic factors which may impact the overall liquidity available in the Indian credit markets in general or the amount of credit available to non-banking financial companies in particular, could adversely impact our ability to raise funds in a time-bound manner and at commercially acceptable terms. Non-availability of credit may lead to disruption in our business, including asset-liability mismatches and an inability to grow our business, and may require us to seek alternate sources of funding, which may not be available on commercially acceptable terms or at all.

The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections in recent years. In particular, financial markets and the supply of credit could continue to be negatively impacted by ongoing concerns surrounding the sovereign debts and/or fiscal deficits of several countries in Europe, the possibility of further downgrades of, or defaults on, sovereign debt, concerns about a slowdown in growth in certain economies and uncertainties regarding the stability and overall standing of the European Monetary Union and the impact of the United Kingdom leaving the EU (“**Brexit**”).

In response to such developments, legislators and financial regulators in the United States, Europe and other jurisdictions, including India, have implemented several policy measures designed to add stability to the financial markets. However, the overall impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilising effects. In the event that the current adverse conditions in the global credit markets continue or if there is any significant financial disruption, this could have an adverse effect on the Group’s business and future financial performance.

85. *Financial difficulties and other problems in certain financial institutions in India and changing laws and legal uncertainties could cause our business to suffer and adversely affect our results of operations.*

We are exposed to the risks of the Indian financial system, which in turn may be affected by financial difficulties and other problems faced by certain Indian financial institutions. Certain Indian financial institutions have experienced difficulties during recent years. Some co-operative banks (which tend to operate in rural sector) have also faced serious financial and liquidity crises. There has been a trend towards consolidation with weaker banks and NBFCs being merged with stronger entities. The problems faced by individual Indian financial institutions and any instability in or difficulties faced by the Indian financial system generally could create adverse market perception about Indian financial institutions, banks and NBFCs. This in turn could adversely affect our business, our future financial performance, our shareholders funds and the market price of our NCDs.

Further, the business and financial performance of the Group could be adversely affected by any change in law or interpretations of existing, or the promulgation of new, laws, rules and regulations applicable to the Group. There can be no assurance that the Government will not implement new regulations and policies which will require the Group to obtain additional approvals and licences from the Government and other regulatory bodies or impose onerous requirements and conditions on the Group's operations. Any such changes and the related uncertainties with respect to the implementation of the new regulations may have a material adverse effect on the Group's business, prospects, financial condition and results of operations and cash flows.

Any such events, difficulties or any instability of the Indian financial system in general could create an adverse market perception about Indian financial institutions and banks and adversely affect the Group's business, results of operations and financial condition. As the Indian financial system operates within an emerging market, it faces risks of a nature and extent not typically faced in more developed economies, including the risk of deposit runs, notwithstanding the existence of a national deposit insurance scheme.

86. *Our business and activities may be affected by competition law in India and any adverse application or interpretation of the (Indian) Competition Act, 2002 (the "Competition Act") could adversely affect its business, prospects, financial condition and results of operations*

The Competition Act regulates practices having an appreciable adverse effect on competition in the relevant market in India. Under the Competition Act, any formal or informal arrangement, understanding or action in concert, which causes, or is likely to cause, an appreciable adverse effect on competition is considered void and may result in the imposition of substantial monetary penalties. Further, any agreement among competitors which, directly or indirectly, involves: the determination of purchase or sale prices; limiting or controlling production; supply; markets; technical development; investment or provision of services; and sharing the market or source of production or provision of services in any manner by way of allocation of geographical area, type of goods or services or number of customers in the relevant market or in any other similar way; or, directly or indirectly, results in bid-rigging or collusive bidding is presumed to have an appreciable adverse effect on competition. The Competition Act also prohibits abuse of a dominant position by any enterprise. If it is proved that the contravention committed by a company took place with the consent or connivance, or is attributable to any neglect on the part, of any director, manager, secretary or other officer of such company, that person shall also be guilty of the contravention and may be punished.

In addition to the provisions in the Competition Act, the Competition Commission of India (Procedure in regard to the transaction of business relating to combinations) Regulations, 2011 set out the mechanism for implementation of the combination regulation provisions under the Competition Act. On 4 March 2011, the Government notified and brought into force the combination regulation (merger control) provisions under the Competition Act with effect from 1 June 2011. The provisions require that acquisition of shares, voting rights, assets or control or mergers or amalgamations which cross the prescribed asset and turnover-based thresholds shall be mandatorily notified to and pre-approved by the Competition Commission of India (the "CCI") (unless such transactions are expressly exempted by Government notifications or under Indian merger control regulations).

If we are adversely impacted, directly or indirectly, by any provision of the Competition Act, or its application or interpretation, generally or specifically in relation to any merger, amalgamation or acquisition proposed by us, or any enforcement proceedings initiated by the CCI, either suo moto or pursuant to any complaint, for alleged violation of any provisions of the Competition Act, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI or if any prohibition or substantial penalties are levied under the Competition Act, the Group's business, financial condition and results of operations may be materially and adversely affected.

87. *Investors may have difficulty enforcing foreign judgments in India against the Group or its management*

Most of the Group's directors and executive officers named herein are residents of India and all or a substantial portion of the assets of the Group and such persons are located in India. As a result, it may not be possible for investors to effect service of process on the Group or such persons in jurisdictions outside of India, or to enforce against them judgments obtained in courts outside of India. In addition, India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. The manner of recognition and enforcement of foreign judgments in India is dependent on whether the country in which the foreign judgment has been pronounced is a reciprocating territory or not. A party seeking to enforce a foreign judgment in India is required to obtain approval from the RBI under the Foreign Exchange Management Act, 1999 to execute such a judgment or to repatriate outside India any amount recovered pursuant to execution. Any judgment in a foreign currency would be converted into Indian Rupees on the date of the judgment and not on the date of the payment. The Group cannot predict whether a suit brought in an Indian court will be disposed of in a timely manner or be subject to considerable delays.

88. *The taxation system in India could adversely affect the Group's business, prospects, financial condition and results of operations*

There are two major reforms in Indian tax laws, namely the introduction of the Goods and Services Tax (“GST”) and provisions relating to the General Anti-Avoidance Rules (“GAAR”).

The GST has been implemented with effect from 1 July 2017 and has replaced the indirect taxes on goods and services such as central excise duty, service tax, central sales tax, state value added tax and surcharge which was previously being collected by the central and state governments. GST has increased tax incidence and administrative compliance for companies.

The provisions of GAAR came into effect on 1 April 2017. The GAAR provisions can be invoked once an arrangement is regarded as an “impermissible avoidance arrangement”, which is any arrangement the main purpose of which is to obtain a tax benefit and which satisfies at least one of the following tests: (i) creates rights, or obligations, which are not ordinarily created between persons dealing at arm’s length; (ii) results, directly or indirectly, in misuse, or abuse, of the provisions of the Income Tax Act, 1961; (iii) lacks commercial substance or is deemed to lack commercial substance, in whole or in part; or (iv) is entered into, or carried out, by means, or in a manner, which is not ordinarily employed for bona fide purposes. The Income Tax Act provides that if the main purpose of any part or step of the arrangement is to obtain tax benefits, the entire arrangement shall be presumed to have been entered into with the purpose of obtaining a tax benefit and the burden of proof will be on the taxpayer to establish that obtaining a tax benefit was not the main purpose of the entire arrangement. If GAAR provisions are invoked, then the tax authorities will have wide powers, such as the power to deny tax benefit or a benefit under a tax treaty, and the consequences and effects of which are not determinable at present. In the absence of any significant precedents on the subject, the application of these provisions is uncertain. Such effects could materially and adversely affect the Group’s business, prospects, cash flows, financial condition and results of operations.

Any future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Additional tax exposure could adversely affect the Group’s business and results of operations.

The GAAR provisions are relatively untested. As the taxation system is intended to undergo significant overhaul, its consequent effects cannot be determined, at present with respect to the banking sector. The manner in which these new rules are interpreted and implemented and their effects on the Issuer’s customers and economic activity is generally uncertain. There can be no assurance that such effects would not adversely affect its business and future financial performance.

89. *Terrorist attacks, civil unrest and other acts of violence or war involving India and other countries could adversely affect the financial markets and our business.*

Terrorist attacks and other acts of violence or war may negatively affect our business and may also adversely affect the worldwide financial markets. These acts may also result in a loss of business confidence. In addition, any deterioration in relations between India and its neighboring countries might result in investor concern about stability in the region, which could adversely affect our business.

India has also witnessed civil disturbances in recent years, and it is possible that future civil unrest as well as other adverse social, economic and political events in India could have a negative impact on us. For instance, the financial markets experienced instability during the recent conflict with Pakistan. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse impact on our business and the market price of our NCDs.

90. *Natural calamities could have a negative impact on the Indian economy, particularly the agriculture sector, and cause our business to suffer.*

India has experienced natural calamities such as earthquakes, a tsunami, floods and drought in the past few years. The extent and severity of these natural disasters determines their impact on the Indian economy. The erratic progress of the monsoon over the course of past few years affected sowing operations for certain crops. Further, prolonged spells of below normal rainfall or other natural calamities could have a negative impact on the Indian economy thereby, adversely affecting our business.

Such events may lead to the disruption of information systems and telecommunication services for sustained periods. They also may make it difficult or impossible for employees to reach the Group’s business locations. Damage or destruction that interrupts the Group’s provision of services could adversely affect the Group’s reputation, the Group’s relationships with its customers, the Group’s senior management team’s ability to administer and supervise its business or it may cause the Group to incur substantial additional expenditure to repair or replace damaged equipment or rebuild parts of the Group’s branch network. Any of the above factors may adversely affect the Group’s business, results of operations and financial condition.

91. *Any downgrading of India's credit rating or outlook by an international rating agency could have a negative impact on our business.*

Any adverse revisions to India's credit ratings or outlook for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing, the interest rates and other commercial terms at which such additional financing is available. This could have a material adverse effect on our business and financial performance, our ability to raise financing for onward lending and the price of our NCDs.

India's sovereign rating could be downgraded due to various factors, including changes in tax or fiscal policy or a decline in India's foreign exchange reserves, which are outside the Group's control. India's sovereign rating is Baa3 with a "stable" outlook (Moody's), BBB-with a "positive" outlook (S&P) and BBB- with a "negative" outlook (Fitch). There is no assurance that India's credit ratings will not be downgraded in the future. Any adverse change in India's credit ratings by international rating agencies may adversely impact the Group's business and limit its access to capital markets.

92. *Instability of economic policies and the political situation in India could adversely affect the fortunes of the industry.*

There is no assurance that the liberalization policies of the Government will continue in the future. Protests against privatization could slow down the pace of liberalization and deregulation. The Government of India plays an important role by regulating the policies and regulations that govern the private sector. The current economic policies of the Government may change at a later date. The pace of economic liberalization could change and specific laws and policies affecting the industry and other policies affecting investments in our Company's business could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our Company's business. Unstable domestic as well as international political environment could impact the economic performance in the short term as well as the long term. The Government of India has pursued the economic liberalization policies including relaxing restrictions on the private sector over the past several years. The present Government has also announced policies and taken initiatives that support continued economic liberalization.

The Government has traditionally exercised and continues to exercise a significant influence over many aspects of the Indian economy. Our Company's business may be affected not only by changes in interest rates, changes in Government policy, taxation, social and civil unrest but also by other political, economic or other developments in or affecting India.

93. *Companies operating in India are subject to a variety of central and state government taxes and surcharges.*

Tax and other levies including stamp duty imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, goods and service tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. The statutory corporate income tax in India (as applicable to us), which includes a surcharge on the tax and a health and education cess on the tax and the surcharge. The central or state government may in the future increase the corporate income tax or surcharge/cess it imposes. Any such future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. Additional tax exposure could adversely affect our business and results of operations and profitability.

94. *Financial instability in other countries could disrupt our business.*

The Indian market and the Indian economy are influenced by economic and market conditions in other countries. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the economy as a whole, in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause volatility in Indian financial markets and indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India. In the event that the current difficult conditions in the global credit markets continue or if the recovery is slower than expected or if there any significant financial disruption, this could have an adverse effect on our cost of funding, loan portfolio, business, prospects, results of operations, cash flows and financial condition.

95. *The growth rate of India's housing finance industry may not be sustainable*

The Company expects the housing finance industry in India to continue to grow as a result of anticipated growth in India's economy, increases in household income, further social welfare reforms and demographic changes. However, certain trends and events, such as the pace of India's economic growth, the development of domestic capital markets and the ongoing reform, may negatively affect India's housing finance industry. In addition, there can be no assurance

that the housing finance industry in India is free from systemic risks. Consequently, there can be no assurance that the growth and development of India's housing finance industry will be sustainable which may have an adverse effect on the group's business, results of operations and financial condition.

Risks related to the Issue and NCDs

96. *Security may be insufficient to redeem the debentures.*

The NCDs to be issued pursuant to the Issue will be secured by creating a first pari-passu charge by way of hypothecation on the present and future receivables, including cash, cash equivalents and liquid investments of the Company to the extent of 1.00 times of the amount outstanding towards principal and interest payable on NCDs. In the event that the Company is unable to meet its payment and other obligations towards investors under the terms of the NCDs, the Debenture Trustee may enforce the Security in respect of the NCDs as per the terms of security documents, and other related documents. The Debenture Holder(s)' recovery in relation to the NCDs will be subject to (i) the market value of the Security, (ii) finding willing buyers for the Security at a price sufficient to repay the amount payable to Debenture Holder(s)' under the NCDs. The value realised from the enforcement of the transaction security may be insufficient to redeem the NCDs.

There may be fluctuations in the market values of the assets over which security has been provided in respect of loans provided by the Company, which could affect the Company's liquidity and reduce the Company's ability to enforce the security in terms of Security Documents, and consequently affect the Company's result of operations and financial condition. The Company may not accurately identify changes in the value of assets over which security has been provided caused by changes in market prices, and the Company's assessments, assumptions or estimates may prove inaccurate.

97. *Security provided for the NCDs as part of the Issue, may not be enforceable if the security provided for the NCDs as part of the Issue is classified as "Assets" under the IT Act and may be void as against any claim in respect of any other sum payable by our Company.*

Under Section 281 of the IT Act and circular bearing number 04/2011 dated July 19, 2011, our Company is required to obtain prior consent of the assessing officer to create the security provided for the NCDs as part of the Issue to the extent classified as 'Assets' under Section 281 of the IT Act. We have made an application to the relevant assessing officer seeking such prior consent on December 23, 2024. If (i) such application is rejected, and (ii) if any proceedings have been commenced or initiated by the assessing officer before the date of such security creation, the security provided for the Issue (only to the extent covering assets classified as 'Assets' under Section 281 of the IT Act) may be subordinated to the claims of the tax authorities under the IT Act. However, a transfer that is a 'bona fide transaction' is typically seen as a valid defence against such claims of tax authorities. Also, in case of any action under the IBC, debts due to the central government are payable only after the debts due to secured creditors are fully paid.

98. *The NCD Holders may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the NCDs. Failure or delay to recover the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose the holders to a potential loss.*

Our ability to pay interest accrued on the NCDs and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors, inter alia, including our financial condition, profitability and the general economic conditions in India and in the global financial markets. We cannot assure you that we would be able to repay the principal amount outstanding from time to time on the NCDs and/or the interest accrued thereon in a timely manner or at all. Although our Company will create appropriate security in favour of the Debenture Trustee for the NCD Holders on the assets adequate to ensure 100% security cover for the NCDs and the interest thereon and it is the duty of the debenture trustee to monitor that the security is maintained. The realisable value of the assets charged as security, when liquidated, may be lower than the outstanding principal and/or interest accrued thereon in connection with the NCDs and the possibility of recovery of 100% of the amount shall depend on the market scenario prevalent at the time of enforcement of the security. A failure or delay recovering the expected value from a sale or disposition of the assets charged as security in connection with the NCDs could expose you to a potential loss.

99. *Trading of the NCDs may be limited by temporary exchange closures, broker defaults, settlement delays, strikes by brokerage firm employees and disputes.*

The Stock Exchanges have experienced temporary exchange closures, broker defaults, settlement delays and strikes by brokerage firm employees. In addition, the governing bodies of the Stock Exchanges have from time to time imposed restrictions on trading in certain securities, limitations on price movements and margin requirements. Furthermore, from time to time, disputes have occurred between listed companies and Stock Exchanges and other regulatory bodies, which in some cases may have had a negative effect on market sentiment.

100. *Investors may be subject to taxes arising on the sale of the NCDs.*

Sale of NCDs by any holder may give rise to tax liability, under Indian taxation laws. Investors and or subscribers are advised to consult their own tax consultant with respect to the specific tax implications arising out of sale of the NCDs. Further, tax deductible at source is applicable on interest. For details, please see “*Statement of Possible Tax Benefits Available to the Debenture Holders*” on page 106.

101. *The Issuer, being a listed company is not required to maintain a debenture redemption reserve (“DRR”).*

Our Equity Shares are listed on BSE Limited and National Stock Exchange of India Limited. Pursuant to a Ministry of Corporate Affairs notification dated August 16, 2019 amending Section 71 of the Companies Act, 2013 and Rule 18 (7) of the Companies (Share Capital and Debentures) Rules, 2014, a listed company is not required to maintain DRR for debentures issued through a public issue. Hence, investors shall not have the benefit of reserve funds to cover the re- payment of the principal and interest on the NCDs.

102. *Any downgrading in credit rating of our NCDs may affect the trading price of our NCDs.*

The NCDs proposed to be issued pursuant to this Issue have been rated “[ICRA]AA (Stable)” by ICRA Limited for an amount of up to ₹ 3,000.00 crores by way of its letter dated June 27, 2023 revalidated by way of letter dated December 10, 2024 and rated “CARE AA; Stable” by CARE Ratings Limited for an amount of up to ₹ 3,000.00 crores by way of its letter dated August 1, 2023 revalidated by way of letter dated December 10, 2024. We cannot guarantee that these ratings will not be downgraded. These ratings may be suspended, withdrawn or revised at any time. Any revision or downgrading in the credit rating may lower the trading price of the NCDs and may also affect our ability to raise further debt.

103. *There may be no active market for the NCDs on the platform of the Stock Exchanges. As a result, the liquidity and market prices of the NCDs may fail to develop and may accordingly be adversely affected.*

There can be no assurance that an active market for the NCDs will develop. If an active market for the NCDs fails to develop or be sustained, the liquidity and market prices of the NCDs may be adversely affected. The market price of the NCDs may depend on various factors, inter alia, including (i) the interest rate on similar securities available in the market and the general interest rate scenario in the country, (ii) the market price of our Equity Shares, (iii) the market for listed debt securities, (iv) general economic conditions, and (v) our financial performance, growth prospects and results of operations etc. The aforementioned factors may adversely affect the liquidity and market price of the NCDs, which may trade at a discount to the price at which you purchase the NCDs and/or be relatively illiquid.

104. *Legal investment considerations may restrict certain investments.*

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) the NCDs are legal investments for it, (ii) the NCDs can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of the NCDs.

105. *There may be a delay in making refund/ unblocking of funds to Applicants.*

We cannot assure you that the monies refundable to you, on account of (i) withdrawal of your Applications, (ii) our failure to receive minimum prescribed subscription in connection with the Issue, (iii) withdrawal of the Issue, or (iv) failure to obtain the final approval from the Stock Exchanges for listing of the NCDs, will be refunded to you in a timely manner. We, however, shall refund such monies, with the interest due and payable thereon as prescribed under applicable statutory and/or regulatory provisions.

106. *In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.*

The NCDs will be subordinated to certain liabilities preferred by law such as the claims of the Government on account of taxes, and certain liabilities incurred in the ordinary course of our business. In particular, in the event of bankruptcy, liquidation or winding-up, our Company’s assets will be available to pay obligations on the NCDs only after all of those liabilities that rank senior to these NCDs have been paid in accordance with the Companies Act, 2013. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining to pay amounts due on the NCDs.

107. *The secondary market for debentures may be illiquid; limited or sporadic.*

The NCDs may be very illiquid, and no secondary market may develop in respect thereof. Even if there is a secondary market for the NCDs, it is not likely to provide significant liquidity. Potential investors may have to hold the NCDs until redemption to realize any value.

108. *There is no assurance that the NCDs issued pursuant to the Issue will be listed on Stock Exchanges in a timely manner, or at all.*

In accordance with Indian law and practice, permissions for listing and trading of the NCDs issued pursuant to the Issue will not be granted until after the NCDs have been issued and allotted. Approval for listing and trading will require all relevant documents to be submitted and carrying out of necessary procedures with the Stock Exchange. There could be a failure or delay in listing the NCDs on the Stock Exchanges for reasons unforeseen. If permission to deal in and for an official quotation of the NCDs is not granted by the Stock Exchanges, our Company will forthwith repay, with interest, all monies received from the Applicants in accordance with prevailing law in this context, and pursuant to this Draft Shelf Prospectus. While there have been no instances of refusal of listing of any security of the issuer during preceding three financial years and current financial year by any of the stock exchanges in India or abroad, there can be no assurance that the NCDs issued pursuant to the Issue will be listed on Stock Exchanges in a timely manner, or at all.

Impersonation

As a matter of abundant precaution, attention of the investors is specifically drawn to the provisions of sub-Section (1) of Section 38 of the Companies Act, 2013, relating to punishment for fictitious applications. Section 38(1) of the Companies Act, 2013 provides that:

“Any person who —

- (a) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (b) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (c) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name, shall be liable for action under Section 447.”*

The liability prescribed under Section 447 of the Companies Act 2013 for fraud involving an amount of at least ₹10 lakh or 1.00% of the turnover of our Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to 10 years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. In case the fraud involves (i) an amount which is less than ₹10 lakh or 1.00% of the turnover of our Company, whichever is lower; and

(ii) does not involve public interest, then such fraud is punishable with an imprisonment for a term extending up to five years or a fine of an amount extending up to ₹50 lakh or with both.

Minimum subscription

In terms of the SEBI NCS Regulations for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue size as specified in the relevant Tranche Prospectus. If our Company does not receive the minimum subscription of 75% of the Base Issue size, prior to the Issue Closing Date, the entire Application Amount shall be unblocked in the ASBA Accounts of the Applicants within eight Working Days from the Issue Closing Date or such time as may be specified by the SEBI. In the event there is delay in unblocking of funds/refunds, our Company shall be liable to repay the money, with interest at the rate of 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, since the applications in the Issue will be made through ASBA mode only, in case of non-receipt of minimum subscription of 75% of the Base Issue size, the entire Application Amount shall be unblocked in the ASBA Accounts of the Applicants.. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard included in the SEBI Master Circular.

Underwriting

This Issue will not be underwritten.

Recovery Expense Fund

Our Company has created a recovery expense fund in the manner as specified by the SEBI Master Circular for Debenture Trustees and Regulation 11 of the SEBI NCS Regulations and informed the Debenture Trustee regarding the creation of such fund. The recovery expense fund may be utilised by Debenture Trustee, in the event of default by our Company under the terms of the Debenture Trust Deed and the applicable laws, for taking appropriate legal action to enforce the security.

Settlement Guarantee Fund

Our Company will deposit amounts in the settlement guarantee fund in the manner as specified in the SEBI Master Circular. This fund has been created under the SEBI Master Circular to ensure upfront collection of charges from eligible issuers at the time of allotment of debt securities.

Arrangers to the Issue

There are no arrangers to the Issue.

Guarantor to the Issue

There are no guarantors to the Issue.

Issue Programme

ISSUE OPENS ON	As specified in relevant Tranche Prospectus
ISSUE CLOSES ON	As specified in relevant Tranche Prospectus
PAY IN DATE	Application Date. The entire Application Amount is payable on Application.
DEEMED DATE OF ALLOTMENT	The date on which the Administrative Committee or Board of Directors approves the Allotment of the NCDs for each Tranche Issue or such date as may be determined by the Administrative Committee and notified to the Stock Exchanges. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs (as specified for each Tranche Issue by way of the relevant Tranche Prospectus) shall be available to the NCD Holders from the Deemed Date of Allotment.

Note: The Issue shall remain open for subscription on Working Days from 10.00 a.m. to 5.00 p.m. (Indian Standard Time) during the period indicated in the relevant Tranche Prospectus, except that this Issue may close on such earlier date or extended date (subject to a minimum period of two Working Days and a maximum period of ten Working Days from the date of opening of the relevant Tranche Issue and subject to not exceeding thirty days from filing the relevant Tranche Prospectus with ROC) as may be decided by the Administrative Committee subject to necessary approvals. In the event of an early closure or extension of the Issue, our Company shall ensure that notice of the same is provided to the prospective investors through an advertisement in all the newspapers (English daily and a regional daily with wide circulation where the registered office of the Company is located) or electronic modes such as online newspapers or website of the Issuer or the Stock Exchanges in which pre-issue advertisement for opening of the relevant Tranche Issue has been given on or before such earlier or initial date of Issue closure). Application Forms for this Issue will be accepted as per the timelines suggested in each Tranche Prospectus. On the Issue Closing Date, the Application Forms will be accepted only between 10.00 a.m. and 3.00 p.m. (Indian Standard Time) and uploaded until 5.00 p.m. or such extended time as may be permitted by the Stock Exchanges. Further, pending mandate requests for bids placed on the last day of bidding will be validated by 5.00 p.m. (Indian Standard Time) on one Working Day after the Issue Closing Date. For further details please refer to the chapter titled “Issue Related Information” on page 241 of this Draft Shelf Prospectus.

Applications Forms for the Issue will be accepted only between 10.00 a.m. and 5.00 p.m. (Indian Standard Time) or such extended time as may be permitted by the Stock Exchanges, during the Issue Period as mentioned above on all days between Monday and Friday (both inclusive barring public holiday), (i) by the Designated Intermediaries, as the case maybe, at the centres mentioned in Application Form through the ASBA mode, (ii) directly by the Designated Branches of the SCSBs or (iii) by the centres of the Consortium, sub-brokers or the Trading Members of the Stock Exchanges, as the case maybe, only at the selected cities. Additionally, an Investor may also submit the Application Form through the app or web interface of the Stock Exchanges. It is clarified that the Applications not uploaded in the Stock Exchanges platform would be rejected.

Due to limitation of time available for uploading the Applications on the Issue Closing Date, Applicants are advised to submit their Application Forms one day prior to the Issue Closing Date and, no later than 3.00 p.m. (Indian Standard Time) on the Issue Closing Date. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, there may be some Applications which are not uploaded due to lack of sufficient time to upload. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Application Forms will only be accepted on Working Days during the Issue Period. Neither our Company, nor the Lead Managers, nor any Member of the Syndicate, Registered Brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations or designated branches of SCSBs are liable for any failure in uploading the Applications due to failure in any software/ hardware systems or otherwise. As per the SEBI Master Circular, the allotment in this Issue is required to be made on the basis of date of upload of each application into the electronic book of the Stock Exchanges. However, from the date of oversubscription and thereafter, the allotments will be made to the applicants on proportionate basis. For further details please refer to the section titled "Issue Procedure – Basis of Allotment for NCDs" on page 289 of this Draft Shelf Prospectus.

STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO THE DEBENTURE HOLDERS

The information provided below sets out the possible tax benefits available to the subscribers of secured, rated, listed, redeemable non-convertible debentures (“NCDs”) of an Indian company in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the subscription, ownership and disposing of the NCDs under the current tax laws presently in force in India and as amended by Finance (No. 2) Act, 2024. Several of these benefits are dependent on the subscribers fulfilling the conditions prescribed under the relevant tax laws. Hence, the ability of the subscribers to derive the tax benefits is dependent upon fulfilling such conditions, which, based on business imperatives a subscriber faces, may or may not choose to fulfill.

The following overview is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Subscribers are advised to consult their own tax consultant with respect to the tax implications of an investment in the NCDs, particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

THE SUBSCRIBERS ARE ADVISED TO CONSULT THEIR OWN TAX CONSULTANT WITH RESPECT TO THE TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING THE NCDs IN YOUR PARTICULAR SITUATION.

POSSIBLE TAX BENEFITS AVAILABLE TO THE DEBENTURE HOLDERS UNDER THE INCOME TAX ACT, 1961, (“the IT ACT”) PRESENTLY IN FORCE IN INDIA ON ACQUISITION OF THE NCDs.

1. The basis of charge of Indian income-tax would depend upon the residential status of the debenture holder during a tax year. The Indian tax year runs from April 1 until March 31.
2. If the debenture holder is an Indian tax resident, he is liable to income-tax in India on his worldwide income, subject to certain tax exemptions, which are provided under the IT Act.
3. A debenture holder, who is treated as a non-resident for Indian income-tax purposes, is generally subject to tax in India only on his India-sourced income (i.e., income which accrues or arises or deemed to accrue or arise in India) and income received by such persons in India. Since the NCDs would be issued by an Indian company, any income in respect of the NCDs and/or gains arising to the non-resident debenture holder on transfer would generally be regarded as India-sourced income and would accordingly be taxable in India under the IT Act.
4. In case of non-resident debenture holders, the tax rates and the consequent taxation, mentioned in this part shall be further subject to any benefits available under the Double Taxation Avoidance Agreement (“DTAA” or “tax treaty”), if any, between India and the country of residence of the non-resident, subject to satisfying the relevant conditions including but not limited to:
 - a) conditions (if any) present in the said DTAA read with the relevant provisions of the Multilateral Instrument (“MLI”) as ratified by India with the respective country of which the said debenture holder is a tax resident;
 - b) non-applicability of General Anti-Avoidance Rule (“GAAR”); and
 - c) providing and maintaining necessary information and documents as prescribed under the IT Act read with applicable rules, circulars and/or notifications.
5. All references to NCDs hereinafter refer to secured, rated, listed, redeemable, non-convertible debentures unless stated otherwise.
6. **Determination of head of income for the purpose of taxability**

The returns received by the investors from the NCDs in the form of interest and/or gains or loss on transfer of the NCD, may be characterized under the following broad heads of income for the purposes of taxation under the IT Act:

- Profits and gains from business or profession (“PGBP”);
- Income from capital gains (“CG”); and
- Income from other sources (“IFOS”)

If the NCDs are held as ‘Stock-in-trade’, interest income as well as gain or loss on its transfer will be taxable under the head PGBP, whereas, if the NCD are held as ‘Investments’, then the interest income will be taxable under the head IFOS and any gain or loss on its transfer will be assessed to tax under the head CG.

For determining the appropriate head of income (as mentioned above) for the interest income and gains earned on/ from the NCD, it will be pertinent to analyze whether the NCDs are held as ‘Investments’ i.e. capital asset or as ‘Stock-in-trade’. The conclusion

can vary based on the facts of each investor's case (taking into account factors such as the volume of purchases and sales, ratio between purchases and sales, the period of holding, whether the intention is to earn a profit from sale or to earn interest etc.).

The Central Board of Direct Taxes ("CBDT") has clarified in Circular No. 6/2016 dated February 29, 2016 that income arising from transfer of listed shares and securities, which are held for more than 12 months would be taxed as "Capital Gains" unless the Assessee itself treats these as its stock-in-trade and income arising from transfer thereof as its business income.

Further, as per section 2(14) of the IT Act, 'capital asset' includes, *inter alia*, securities held by a Foreign Institutional Investor ("FII") [now known as Foreign Portfolio Investor] which has invested in such securities in accordance with the regulations made under Securities and Exchange Board of India Act, 1992 ("SEBI"). Accordingly, such securities, held by an FII, will be characterized as 'capital asset' and classification as 'Stock-in-trade' shall not apply.

The investors may obtain specific advice from their tax advisors regarding the tax treatment of their investments.

7. Taxation of Interest and Gain/Loss on transfer of NCDs

A. RESIDENT DEBENTURE HOLDERS:

1. In respect of Interest on NCDs

Interest on NCDs would be subject to income tax at the rates applicable to the NCD holders under the IT Act. Interest will be assessed to income tax on an accrual basis or receipt basis depending on the method of accounting regularly employed by the debenture holder under section 145 of the IT Act.

1.1 Taxable under the head PGBP

As discussed above, depending on the particular facts of each case, the NCDs may, in certain cases, be regarded to be in the nature of 'Stock-in-trade' and, accordingly, the interest on NCDs should be considered to be in the nature of business income and hence, chargeable to tax under the head PGBP. Further, any expenditure specifically laid out or expended wholly and exclusively for the purpose of earning such interest income shall be allowed as deduction while computing income under the head PGBP.

1.2 Taxable under the head IFOS

Where the NCDs are held as investments by the debenture holders, then the interest income would be taxable under the head IFOS.

Section 57(i) grants deduction of any reasonable sum paid by way of commission or remuneration paid to a banker or any other person for the purpose of realizing interest on securities on behalf of the Assessee. Further, under clause (iii) of section 57, deduction is allowable for any other expenditure (not being in the nature of capital expenditure) laid out or expended wholly and exclusively for the purpose of making or earning the income.

2. In respect of Withholding taxes on Interest

2.1 Interest on NCDs received by its holder would be subject to deduction of tax at source ("TDS") at the rate of 10% at the time of credit or payment, whichever is earlier as per the provisions of section 193 of the IT Act.

2.2 Prior to Finance Act 2023, section 193 provided for no TDS in case of any interest payable on any security issued by a company, where such security was in dematerialized form and listed on a recognized stock exchange in India. However, the said relaxation has been omitted by Finance Act 2023 with effect from April 1, 2023. Accordingly, TDS at the rate of 10% would now be deductible on listed NCDs.

2.3 Section 193 further provides for non-deduction of tax at source in certain cases.

Section 193 *inter alia* provides for no TDS where the aggregate amount of interest paid or likely to be paid during the financial year to an individual or HUF, being a resident, does not exceed ₹5,000 and such interest is paid by an account payee cheque.

2.4 No deduction of tax is required in case of resident individuals or resident Hindu Undivided Family ("HUF") if self-declaration in Form No. 15G/15H is furnished as per section 197A(1A)/(1C).

2.5 Further, as per section 196, no deduction of tax shall be made by any person from any sums payable to –
(i) the Government, or
(ii) the Reserve Bank of India, or

- (iii) a corporation established by or under a Central Act which is, under any law for the time being in force, exempt from income-tax on its income, or
 - (iv) a Mutual Fund specified under clause (23D) of section 10
- 2.6 Further, section 197A(1E) provides no deduction of tax shall be made from any payment to any person for, or on behalf of, the New Pension System Trust referred to in clause (44) of section 10.
- 2.7 Section 206AA provides for a higher withholding rate in case of any person, who being entitled to receive any sum/ income on which TDS is deductible under Chapter XVIIIB (deductee), fails to furnish his Permanent Account Number to the person responsible for deducting such TDS. Further, as per Rule 114AAA, TDS is deductible as per section 206AA in case of an individual whose PAN has become inoperative on account of non-linking of Aadhaar with PAN. The withholding tax rates in case of such person shall be higher of the following:
- (i) at the rate specified in the relevant provision of the IT Act; or
 - (ii) at the rate or rates in force; or
 - (iii) at the rate of 20%.
- 2.8 Section 206AB provides for a higher withholding rate in case of any person (other than (a) a non-resident who does not have a permanent establishment in India or (b) a person who is not required to furnish the return of income for the assessment year relevant to the concerned previous year and is notified by the Central Government in the Official Gazette in this behalf), who has not filed the return of income for assessment year relevant to the previous year immediately preceding the financial year in which tax is required to be deducted, for which the time limit for furnishing the return of income under sub-section (1) of section 139 has expired and the aggregate of tax deducted at source and tax collected at source in his case is rupees fifty thousand or more in the said previous year. The withholding tax rates in case of such person shall be higher of the following:
- (i) at twice the rate specified in the relevant provision of the IT Act; or
 - (ii) at twice the rate or rates in force; or
 - (iii) at the rate of 5%.

Further, where the provisions of section 206AA of the IT Act are applicable to such person, tax shall be deducted at higher of the rates provided in section 206AB and in section 206AA of the IT Act.

3. **In respect of Capital Gains arising from transfer of NCDs**

- 3.1 As discussed above, based on the particular facts of each case, the NCD may, in certain cases, be regarded to be held as 'Investments' in which case the gains or loss from the transfer of such NCD should be chargeable to tax under the head CG.
- 3.2 As per section 2(29AA) r.w.s 2(42A) of the IT Act, listed NCD is treated as a long term capital asset ("LTCA") if the same is held for more than 12 months immediately preceding the date of its transfer.
- 3.3 Section 112 dealing with tax on Long Term Capital Gains ("LTCG") has undergone substantial changes vide Finance (No. 2) Act, 2024. LTCG arising on transfer of NCDs would be subject to tax as under:
- (a) Transfer of NCDs before July 23, 2024 – at the rate of 20% but limited to 10% without indexation, in case of listed NCDs
 - (b) Transfer of NCDs on or after July 23, 2024 – at the rate of 12.5% without indexation
- The rates shall be increased by applicable surcharge and education cess.
- 3.4 Short Term Capital Gains ("STCG") arising from transfer of the NCDs would be taxable as per the rates applicable to the NCD holders under the IT Act, which will be further increased by applicable surcharge and education cess.
- 3.5 The capital gains will be computed by deducting expenditure incurred in connection with such transfer and cost of acquisition of the NCDs from the sale consideration accrued to the respective NCD holder. Further, no deduction under Chapter VI-A would be allowed in computing LTCG subject to tax under section 112 of the IT Act.
- 3.6 Section 54EE of the IT Act exempts long-term capital gains on transfer of any LTCA if the gains upto Rs. 50 lakhs are invested in "long term specified assets" within six months from the date of transfer. The investment in long-term specified assets should be held for 3 years.

For the purposes of section 54EE of the IT Act, "long term specified assets" has been defined as a unit or units issued before April 1, 2019, of such fund as may be notified by the Central Government in this behalf.

Further, if the units of the notified fund are transferred within a period of three years from the date of its acquisition, the amount of capital gains for which the exemption was availed earlier would be taxed as LTCG in the year in which such units are transferred.

- 3.7 Under section 54F of the IT Act and subject to the conditions and to the extent provided therein, LTCG arising in the hands of the NCD holder, being an Individual or Hindu Undivided Family, on transfer of the NCDs would be exempt from tax, if the net consideration from such transfer is utilized, for purchase within a period of 1 year before or 2 years after the date on which the transfer took place, or for construction within a period of 3 years after the date of such transfer, of one residential house in India (“new asset”).

However, the said exemption shall not be available, if the debenture holder:

- a. Owns more than one residential house, other than the new asset, on the date of transfer of the NCDs; or
- b. Purchases any residential house, other than the new asset, within a period of 1 year after the date of transfer of the NCDs; or
- c. Constructs any residential house, other than the new asset, within a period of 3 years after the date of transfer of the NCDs;
and
- d. The income from such residential house, other than the one residential house owned on the date of transfer of the NCDs is chargeable under the head ‘Income from house property’.

Where the cost of new asset exceeds Rs. 10 crores, the amount exceeding Rs. 10 crores shall not be taken into account for the purpose of section 54F(1). That is to say, the maximum deduction permissible under section 54F is restricted to Rs. 10 crores.

Further, if the new asset is transferred within a period of three years from the date of its purchase or construction, the amount of capital gains for which the exemption was availed earlier would be taxed as LTCG in the year in which such residential house is transferred.

- 3.8 As per the seventh proviso to section 48 of the IT Act, no deduction of amount paid on account of STT will be allowed in computing the income chargeable to tax as Capital Gains.
- 3.9 Section 50AA inserted by Finance Act 2023 provides for computation of capital gains in case of *inter alia* Market Linked Debentures (“MLDs”) so as to tax the income from same as short term capital gains, irrespective of their period of holding. The NCDs under consideration are not MLDs and thus, the said section would not be applicable.

4. **In respect of Business Income arising from transfer of NCDs**

- 4.1 As discussed above, depending on the particular facts of each case, the NCDs may, in certain cases, be regarded to be in the nature of ‘Stock-in-trade’ and, accordingly, the gains from the transfer of such NCD should be considered to be in the nature of business income and hence, chargeable to tax under the head PGBP.

In such a scenario, the gains from the business of investing in the NCD may be chargeable to tax on a ‘net’ basis (i.e. net of allowable deductions for expenses/allowances under Chapter IV – Part D of the IT Act).

- 4.2 In terms of section 36(1)(xv) of the IT Act, the STT paid by the investor in respect of the taxable securities transactions entered into in the course of his business would be eligible for deduction from the amount of income chargeable under the head PGBP, if the income arising from taxable securities’ transaction is included in such income.

5. **In respect of Set off and carry forward of the losses**

- 5.1 As per section 70 of the IT Act, Short Term Capital Loss (“STCL”) computed for the given year is allowed to be set off against STCG as well as LTCG computed for the said year. The balance loss, which is not set off, is allowed to be carried forward for subsequent eight assessment years, for being set off against subsequent years’ STCG as well as LTCG, in terms of section 74 of the IT Act.
- 5.2 Long Term Capital Loss computed for a given year is allowed to be set off only against the LTCG, in terms of section 70 of the IT Act. The balance loss, which is not set off, is allowed to be carried forward for subsequent eight assessment years for being set off only against subsequent years’ LTCG, in terms of section 74 of the IT Act.
- 5.3 As per section 70 of the IT Act, business loss from one source (other than loss on speculation business) for a given

year is allowed to be set off against business income from another source. Further, as per section 71 of the IT Act, business loss (other than loss on speculation business) for a given year is allowed to be set-off against income from other heads (except Salaries).

Balance business loss (other than loss on speculation business), which is not set-off is allowed to be carried forward for subsequent eight assessment years for being set off only against subsequent years' non-speculative business income, as per section 72.

6. In case, where total income of any individual, HUF, Association of Person (“AOP”) (except in case of an AOP having only companies as its members), Body of Individuals (“BOI”), Artificial Juridical Person (“AJP”) includes any income *inter alia* by way of capital gains under sections 111A, 112 and 112A, the rate of surcharge on the amount of income-tax computed in respect of such income shall not exceed 15%. The applicable rates of surcharge are tabulated hereunder:

Total Income	Income other than Capital gains covered u/s 111A, 112 and 112A	Capital gains covered u/s 111A, 112 and 112A
Upto ₹50 lakh	Nil	Nil
Income exceeds ₹ 50 lakhs but does not exceed ₹1 crore	10%	10%
Income exceeds ₹1 crore but does not exceed ₹2 crore	15%	15%
Income exceeds ₹2 crore but does not exceed ₹5 crores	25%	15%
Income exceeds ₹5 crores	37%#	15%

#In case of any individual, HUF, AOP (other than a co-operative society), BOI, Artificial Juridical Person, Finance Act, 2023 has made section 115BAC as the default tax regime w.e.f. AY 2024-25. Under this regime the highest rate of surcharge is restricted to 25%. There is an option to opt out of section 115BAC, in which case, the highest rate of surcharge rate shall be 37%.

B. NON-RESIDENT DEBENTURE HOLDERS OTHER THAN FOREIGN INSTITUTIONAL INVESTOR (“FII”):

1. In respect of Interest on NCDs

Interest on NCDs received by the NCD holders would be subject to income tax at the rates applicable to the NCD holders under the IT Act. Interest will be assessed to income tax on accrual basis or receipt basis depending on the method of accounting regularly employed by the debenture holder under section 145 of the IT Act.

1.1 Taxable under the head PGBP

As discussed above, depending on the particular facts of each case, the NCDs may, in certain cases, be regarded to be in the nature of ‘Stock-in-trade’ and, accordingly, the interest on NCDs should be considered to be in the nature of business income and hence, chargeable to tax under the head PGBP.

1.2 Taxable under the head IFOS

Where the NCDs are held as investments by the debenture holders, then the interest income would be taxable under the head IFOS.

Section 57(i) grants deduction of any reasonable sum paid by way of commission or remuneration paid to a banker or any other person for the purpose of realizing dividend or interest on securities on behalf of the Assessee. Further, under clause (iii) of section 57, deduction is allowable for any other expenditure (not being in the nature of capital expenditure) laid out or expended wholly and exclusively for the purpose of making or earning the income.

2. In respect of Withholding taxes

- 2.1 Interest on the NCDs received by its holder would be subject to withholding tax at source at the time of credit or payment, whichever is earlier as per the provisions of section 195 of the IT Act. The applicable income-tax rate for deduction of tax at source has been provided in Part II of First Schedule to Finance (No. 2) Act, 2024.

However, no/lower income-tax shall be deductible if the holder of the NCDs obtains a certificate under sections 195(3) or 197(1) from the Assessing Officer for no deduction of tax at source or lower deduction at source and that certificate is furnished to the Company before the prescribed date of closure of books of account of the Company for payment of debenture interest.

- 2.2 The Company would be under an obligation to deduct tax at source under section 195 at applicable rates in force. In the absence of PAN of the debenture holder, tax would be deductible at higher of, the applicable rate or 20% as per section 206AA of the IT Act. The provisions of section 206AA will, however not apply if the non-resident debenture holder provides to the payer the following details as listed in Rule 37BC:
- (i) name, e-mail id, contact number;
 - (ii) address in the country or specified territory outside India of which the debenture holder is a resident;
 - (iii) Tax Residency Certificate;
 - (iv) Tax Identification Number/ Unique Identification Number of the debenture holder.
- 2.3 Section 206AB provides for a higher withholding rate in case of any person (other than (a) a non-resident who does not have a permanent establishment in India or (b) a person who is not required to furnish the return of income for the assessment year relevant to the concerned previous year and is notified by the Central Government in the Official Gazette in this behalf) who has not filed the return of income for assessment year relevant to the previous year immediately preceding the financial year in which tax is required to be deducted, for which the time limit for furnishing the return of income under sub-section (1) of section 139 has expired and the aggregate of tax deducted at source and tax collected at source in his case is rupees fifty thousand or more in the said previous year. The withholding tax rates in case of such person shall be higher of the following:
- (i) at twice the rate specified in the relevant provision of the IT Act; or
 - (ii) at twice the rate or rates in force; or
 - (iii) at the rate of 5%.

Further, where the provisions of section 206AA of the IT Act are applicable to such person, tax shall be deducted at higher of the rates provided in section 206AB and in section 206AA of the IT Act.

3. **In respect of Capital Gains from transfer of NCDs**

- 3.1 As discussed above, based on the particular facts of each case, the NCD may, in certain cases, be regarded to be held as 'Investments' in which case the gains or loss from the transfer of such NCD should be chargeable to tax under the head CG.
- 3.2 As per section 2(29AA) r.w.s 2(42A) of the IT Act, listed NCD is treated as a LTCA if the same is held for more than 12 months immediately preceding the date of its transfer.
- 3.3 Under the first proviso to Section 48 of the IT Act, in case of a non-resident investor, while computing the capital gains arising from transfer of the NCDs acquired in convertible foreign exchange (as per exchange control regulations), protection is provided from fluctuations in the value of rupee in terms of foreign currency in which the original investment was made. The capital gains/loss in such a case is computed by converting the cost of acquisition, sale consideration and expenditure incurred wholly and exclusively in connection with such transfer into the same foreign currency which was utilized for the purchase of the NCDs.
- 3.4 Section 112 dealing with tax on Long Term Capital Gains ("LTCG") has undergone substantial changes vide Finance (No. 2) Act, 2024, LTCG arising on transfer of the NCDs would be subject to tax as under:
- (a) Transfer of NCDs before July 23, 2024 - at the rate of 20% but limited to 10% without indexation, in case of listed NCDs
 - (b) Transfer of NCDs after July 23, 2024 - at the rate of 12.5% without indexation
- The rates shall be increased by applicable surcharge and education cess.
- 3.5 Short Term Capital Gains (STCG) arising from transfer of the NCDs would be taxable as per the rates applicable to the NCD holders provided under the IT Act, which will be further increased by applicable surcharge and education cess.
- 3.6 The capital gains will be computed by deducting expenditure incurred in connection with such transfer and cost of acquisition of the NCDs from the sale consideration accrued to the respective NCD holder. Further, no deduction under Chapter VI-A would be allowed in computing LTCG subject to tax under section 112 of the IT Act.
- 3.7 Section 54EE of the IT Act exempts long-term capital gains on transfer of any LTCA if the gains upto Rs. 50 lakhs are invested in "long term specified assets" within six months from the date of transfer. The investment in long-term specified assets should be held for 3 years.

For the purposes of section 54EE of the IT Act, “long term specified assets” has been defined as a unit or units issued before April 1, 2019, of such fund as may be notified by the Central Government in this behalf.

Further, if the units of the notified fund are transferred within a period of three years from the date of its acquisition, the amount of capital gains for which the exemption was availed earlier would be taxed as LTCG in the year in which such units are transferred.

- 3.8 Under section 54F of the IT Act and subject to the conditions and to the extent provided therein, LTCG arising in the hands of the debenture holder, being an Individual or Hindu Undivided Family, on transfer of the debentures would be exempt from tax, if the net consideration from such transfer is utilized, for purchase within a period of 1 year before or 2 years after the date on which the transfer took place, or for construction within a period of 3 years after the date of such transfer, of one residential house in India (new asset).

However, the said exemption shall not be available, if the debenture holder:

- a. Owns more than one residential house, other than the new asset, on the date of transfer of the NCDs; or
- b. Purchases any residential house, other than the new asset, within a period of 1 year after the date of transfer of the NCDs; or
- c. Constructs any residential house, other than the new asset, within a period of 3 years after the date of transfer of the NCDs;
and
- d. The income from such residential house, other than the one residential house owned on the date of transfer of the NCDs is chargeable under the head ‘Income from house property’.

Where the cost of new asset exceeds Rs. 10 crores, the amount exceeding Rs. 10 crores shall not be taken into account for the purpose of section 54F(1). That is to say, the maximum deduction permissible under section 54F is restricted to Rs. 10 crores.

Further, if the new asset is transferred within a period of three years from the date of its purchase or construction, the amount of capital gains for which the exemption was availed earlier would be taxed as LTCG in the year in which such residential house is transferred.

- 3.9 As per the seventh proviso to section 48 of the IT Act, no deduction of amount paid on account of STT will be allowed in computing the income chargeable to tax as Capital Gains.
- 3.10 Section 50AA inserted by Finance Act 2023 for computation of capital gains in case of *inter alia* Market Linked Debentures (MLDs) so as to tax the income from the same as short term capital gains irrespective of their period of holding. The NCDs under consideration are not MLDs and thus, the said section would not be applicable.

4. **In respect of Business Income from transfer of NCDs**

- 4.1 As discussed above, depending on the particular facts of each case, the NCDs may, in certain cases, be regarded to be in the nature of ‘Stock-in-trade’ and, accordingly, the gains from the transfer of such NCD should be considered to be in the nature of business income and hence, chargeable to tax under the head PGBP.

In such a scenario, the gains from the business of investing in the NCD may be chargeable to tax on a ‘net’ basis (i.e. net of allowable deductions for expenses/allowances under Chapter IV – Part D of the IT Act).

- 4.2 In terms of section 36(1)(xv) of the IT Act, the STT paid by the investor in respect of the taxable securities transactions entered into in the course of his business would be eligible for deduction from the amount of income chargeable under the head PGBP, if the income arising from taxable securities transaction is included in such income.

5. **In respect of Set off and carry forward of Losses**

- 5.1 As per section 70 of the IT Act, Short Term Capital Loss computed for the given year is allowed to be set off against STCG as well as LTCG computed for the said year. The balance loss, which is not set off, is allowed to be carried forward for subsequent eight assessment years, for being set off against subsequent years’ STCG as well as LTCG, in terms of section 74 of the IT Act.
- 5.2 Long Term Capital Loss computed for a given year is allowed to be set off only against the LTCG, in terms of section 70 of the IT Act. The balance loss, which is not set off, is allowed to be carried forward for subsequent eight assessment years for being set off only against subsequent years’ LTCG, in terms of section 74 of the IT Act.

- 5.3 As per section 70 of the IT Act, business loss from one source (other than loss on speculation business) for a given year is allowed to be set off against business income from another source. Further, as per section 71 of the IT Act, business loss (other than loss on speculation business) for a given year is allowed to be set-off against income from other heads (except Salaries).
- 5.4 Balance business loss (other than loss on speculation business), which is not set-off is allowed to be carried forward for subsequent eight assessment years for being set off only against subsequent years' non-speculative business income, as per section 72.
6. Where the NCDs have been subscribed in convertible foreign exchange, Non-Resident Indians ("NRI"), i.e. an individual being a citizen of India or person of Indian origin who is not a resident, have the option of being governed by the provisions of Chapter XII-A of the IT Act, which *inter alia* entitles them to the following benefits:
- (i) Under section 115E of the IT Act, interest on NCDs shall be taxable in the hands of NRI at the rate of 20% (plus applicable surcharge and health & education cess).

Section 115E has undergone changes vide Finance (No. 2) Act, 2024. LTCG arising on transfer of the NCDs would be subject to tax as under:

- (a) Transfer of NCDs before July 23, 2024 - at the rate of 10% without indexation
 (b) Transfer of NCDs on or after July 23, 2024 - at the rate of 12.5% without indexation

The rates shall be increased by applicable surcharge and education cess.

- (ii) Under section 115F of the IT Act, LTCG arising to an NRI from the transfer of the debentures subscribed to in convertible foreign exchange shall be exempt from income-tax, if the net consideration is reinvested in specified assets or in any saving certificates referred to in section 10(4B) of the IT Act, within six months of the date of transfer. If only part of the net consideration is so reinvested, the exemption shall be proportionately reduced. The amount so exempted shall be chargeable to tax subsequently, if the specified assets or saving certificate are transferred or converted into money within three years from the date of their acquisition.
- (iii) Under section 115G of the IT Act, it shall not be necessary for an NRI to furnish his return of income under section 139(1) of the IT Act if his total income chargeable under the IT Act consists of only investment income or LTCG or both; arising out of assets acquired, purchased or subscribed in convertible foreign exchange and tax deductible at source has been deducted thereon as per the provisions of Chapter XVII-B of the IT Act.
- (iv) In accordance with the provisions of Section 115H of the IT Act, where an NRI becomes assessable as a resident in India, he may furnish a declaration in writing to the Assessing Officer along with his return of income for that year under Section 139 of the IT Act to the effect that the provisions of Chapter XII-A of the IT Act shall continue to apply to him in relation to such investment income derived from the specified assets (which includes debentures issued by an Indian company which is not a private company) for that year and subsequent assessment years until such assets are transferred or converted into money.
- (v) As per provisions of Section 115-I of the IT Act, an NRI may elect not to be governed by provisions of Chapter XII-A and compute his total income as per other provisions of the IT Act.
7. The provisions of section 115JB of the IT Act do not apply to a foreign company if it is a resident of a country with which India has entered into a DTAA under section 90/90A of the IT Act and the Assessee does not have a Permanent Establishment in India or such company is a resident of a country with which India does not have such agreement and the Assessee is not required to seek registration under any law for the time being in force, relating to companies.

Further, section 115JB expressly provides that the amount of income from (i) capital gains arising on transactions in securities; or (ii) interest, dividend, royalty or fees for technical services chargeable to tax at the rates specified in Chapter XII, accruing or arising to a foreign company shall not be liable to MAT if such income is credited to the profit and loss account and the income-tax payable in accordance with the other provisions of the IT Act, is less than the rate specified in section 115JB. The expenditures, if any, debited to the profit and loss account, corresponding to such income (which is to be excluded from the MAT liability) shall also be added back to the book profit for the purpose of computation of MAT.

8. In case, where total income of any individual, HUF, AOP (except in case of an AOP having only companies as its members), BOI, Artificial Juridical Person includes any income *inter alia* by way of capital gains under sections 111A, 112 and 112A,

the rate of surcharge on the amount of income-tax computed in respect of such income shall not exceed 15%. The applicable rates of surcharge are tabulated hereunder:

Total Income	Income other than Capital gains covered u/s 111A, 112 and 112A	Capital gains covered u/s 111A, 112 and 112A
Upto ₹50 lakh	Nil	Nil
Income exceeds ₹ 50 lakhs but does not exceed ₹1 crore	10%	10%
Income exceeds ₹1 crore but does not exceed ₹2 crore	15%	15%
Income exceeds ₹2 crore but does not exceed ₹5 crores	25%	15%
Income exceeds ₹5 crores	37%#	15%

#In case of any individual, HUF, AOP (other than a co-operative society), BOI, Artificial Juridical Person, Finance Act, 2023 has made section 115BAC as the default tax regime w.e.f. AY 2024-25. Under this regime the highest rate of surcharge is restricted to 25%. There is an option to opt out of section 115BAC, in which case, the surcharge rate of 37% would be applicable.

9. As per section 90(2) of the IT Act, the provisions of the IT Act would prevail over the provisions of the DTAA entered between India and the country of residence of the non-resident, if any, to the extent they are more beneficial to the non-resident. Thus, a non-resident can opt to be governed by the provisions of the IT Act or the applicable tax treaty (read with MLI, if applicable), whichever is more beneficial. The treaty and MLI provide for various anti-abuse provisions (*viz.* beneficial ownership, Limitation on Benefit, Principal Purpose Test, etc.) which have to be examined for claiming tax treaty benefit. In order to avail treaty benefit, the non-resident will also have to furnish a Tax Residency Certificate of his being a resident in a country outside India, alongwith Form No. 10F as prescribed under section 90(5) of the IT Act. Further, vide Notification No. 03/2022 dated 16 July 2022, the Directorate of Income Tax (Systems) has added Form 10F to the prescribed list of forms to be furnished electronically. Also, vide Circular dated December 12, 2022 r.w. Circular dated March 28, 2023, CBDT relaxed the requirement of electronic filing of Form 10F till September 30, 2023 in case of non-resident taxpayers who are not having PAN and are not required to obtain PAN as per relevant provisions of IT Act read with Income-tax rules, 1962. The Income-tax department has now introduced a functionality for registration on the Income-tax Portal for non-residents not holding and not required to have PAN.

C. NON-RESIDENT DEBENTURE HOLDERS – FIIs:

1. In respect of Interest on NCDs

- 1.1 Section 115AD(1) provides for taxation of income of *inter alia* FIIs/FPIs from securities or capital gains arising from their transfer. The rate of income-tax prescribed for income in respect of securities *inter alia* debentures is 20% (plus applicable surcharge and education cess).
- 1.2 The computation of income has to be in accordance with section 115AD and other applicable provisions of the IT Act. FII/FPI debenture holders may avail tax treaty benefit (if any), subject to satisfaction of certain conditions.

2. In respect of Capital Gains from transfer of NCDs

- 2.1 As per section 2(29AA) r.w.s 2(42A) of the IT Act, listed NCD is treated as a LTCA if the same is held for more than 12 months immediately preceding the date of its transfer.
- 2.2 Capital gains taxable under section 115AD would be computed without giving effect to the first and second proviso to section 48. In other words, adjustment in respect of foreign exchange fluctuation and benefit of indexation would not be allowed while computing the Capital Gains. The rate of income-tax prescribed under the said section on capital gains income is as under:
 - (i) Short Term Capital Gains (other than gains covered under section 111A) – 30%
 - (ii) Long Term Capital Gains – 10%
- 2.3 Further, no deduction under Chapter VI-A would be allowed in computing LTCG subject to tax under section 115AD of the IT Act. Also, the capital gains will be computed by deducting expenditure incurred in connection with such transfer and cost of acquisition of the NCDs from the sale consideration accrued to the respective NCD holder.
- 2.4 Section 54EE of the IT Act exempts long-term capital gains on transfer of any LTCA if the gains upto Rs. 50 lakhs are invested in “long term specified assets” (i.e. units of notified fund) within six months from the date of transfer. The investment in long term specified assets should be held for 3 years.

For the purposes of section 54EE of the IT Act, “long term specified assets” has been defined as a unit or units issued before April 1, 2019, of such fund as may be notified by the Central Government in this behalf.

Further, if the units of the notified fund are transferred within a period of three years from the date of its acquisition, the amount of capital gains for which the exemption was availed earlier would be taxed as LTCG in the year in which such units are transferred.

- 2.5 As per the seventh proviso to section 48 of the IT Act, no deduction of amount paid on account of STT will be allowed in computing the income chargeable to tax as Capital Gains.
- 2.6 Section 50AA inserted by Finance Act 2023 for computation of capital gains in case of *inter alia* Market Linked Debentures (MLDs) so as to tax the income from the same as short term capital gains irrespective of their period of holding. The NCDs under consideration are not MLDs and thus, the said section would not be applicable.

3. **In respect of Withholding taxes**

- 3.1 Interest on NCDs received by its holder would be subject to withholding tax at source at the time of credit or payment, whichever is earlier as per the provisions of section 196D of the IT Act. The applicable income-tax rate would be 20% (plus applicable surcharge and education cess) as provided under section 196D of the IT Act, subject to treaty benefit entitlement.
- 3.2 In the absence of PAN of the debenture holder, tax would be deductible at higher of, the applicable rate or 20% as per section 206AA of the IT Act. The provisions of section 206AA will, however not apply if the non-resident debenture holder provides to the payer the following details as listed in Rule 37BC:
- (i) name, e-mail id, contact number;
 - (ii) address in the country or specified territory outside India of which the debenture holder is a resident;
 - (iii) Tax Residency Certificate;
 - (iv) Tax Identification Number/ Unique Identification Number of the debenture holder.
- 3.3 Section 206AB provides for a higher withholding rate in case of any person (other than (a) a non-resident who does not have a permanent establishment in India or (b) a person who is not required to furnish the return of income for the assessment year relevant to the concerned previous year and is notified by the Central Government in the Official Gazette in this behalf) who has not filed the return of income for assessment year relevant to the previous year immediately preceding the financial year in which tax is required to be deducted, for which the time limit for furnishing the return of income under sub-section (1) of section 139 has expired and the aggregate of tax deducted at source and tax collected at source in his case is rupees fifty thousand or more in the said previous year. The withholding tax rates in case of such person shall be higher of the following:
- (i) at twice the rate specified in the relevant provision of the IT Act; or
 - (ii) at twice the rate or rates in force; or
 - (iii) at the rate of 5%.

Further, where the provisions of section 206AA of the IT Act are applicable to such person, tax shall be deducted at higher of the rates provided in section 206AB and in section 206AA of the IT Act.

- 3.4 As per section 196D(2) of the IT Act, tax is not required to be deducted at source from any income, by way of Capital Gains arising to a FII from the transfer of securities referred to in section 115AD of the IT Act.

4. **In respect of Set off and carry forward of losses**

- 4.1 As per section 70 of the IT Act, Short Term Capital Loss computed for the given year is allowed to be set off against STCG as well as LTCG computed for the said year. The balance loss, which is not set off, is allowed to be carried forward for subsequent eight assessment years, for being set off against subsequent years' STCG as well as LTCG, in terms of section 74 of the IT Act.
- 4.2 Long Term Capital Loss computed for a given year is allowed to be set off only against the LTCG, in terms of section 70 of the IT Act. The balance loss, which is not set off, is allowed to be carried forward for subsequent eight assessment years for being set off only against subsequent years' LTCG, in terms of section 74 of the IT Act.

5. The provisions of section 115JB of the IT Act do not apply to a foreign company if it is a resident of a country with which India has entered into a DTAA under section 90/90A of the IT Act and the Assessee does not have a Permanent Establishment in India or such company is a resident of a country with which India does not have such agreement and the Assessee is not required

to seek registration under any law for the time being in force, relating to companies.

Further, section 115JB expressly provides that the amount of income from (i) capital gains arising on transactions in securities; or (ii) interest, dividend, royalty or fees for technical services chargeable to tax at the rates specified in Chapter XII, accruing or arising to a foreign company shall not be liable to MAT if such income is credited to the profit and loss account and the income-tax payable in accordance with the other provisions of the Income-tax Act, is less than the rate specified in section 115JB. The expenditures, if any, debited to the profit and loss account, corresponding to such income (which is to be excluded from the MAT liability) shall also be added back to the book profit for the purpose of computation of MAT.

6. In case, where total income of any individual, AOP (except in case of an AOP having only companies as its members), BOI, Artificial Juridical Person includes any income *inter alia* by way of capital gains referred under section 115AD(1)(b), the rate of surcharge on the amount of income-tax computed in respect of such income shall not exceed 15%. The applicable rates of surcharge are tabulated hereunder:

Total Income	Income other than Capital gains referred u/s 115AD(1)(b)	Capital gains covered referred u/s 115AD(1)(b)
Upto ₹50 lakh	Nil	Nil
Income exceeds ₹ 50 lakhs but does not exceed ₹1 crore	10%	10%
Income exceeds ₹1 crore but does not exceed ₹2 crore	15%	15%
Income exceeds ₹2 crore but does not exceed ₹5 crores	25%	15%
Income exceeds ₹5 crores	37%#	15%

#In case of any individual, HUF, AOP (other than a co-operative society), BOI, Artificial Juridical Person, Finance Act, 2023 has made section 115BAC as the default tax regime w.e.f. AY 2024-25. Under this regime the highest rate of surcharge is restricted to 25%. There is an option to opt out of section 115BAC, in which case, the surcharge rate of 37% would be applicable. In case of FIIs/FPIs, the applicability of section 115BAC needs to be evaluated.

7. As per section 90(2) of the IT Act, the provisions of the IT Act would prevail over the provisions of the DTAA entered between India and the country of residence of the non-resident, if any, to the extent they are more beneficial to the non-resident. Thus, a non-resident can opt to be governed by the provisions of the IT Act or the applicable tax treaty (read with MLI, if applicable), whichever is more beneficial. The treaty and MLI provide for various anti-abuse provisions (*viz.* beneficial ownership, Limitation on Benefit, Principal Purpose Test, etc.) which have to be examined for claiming treaty benefit. In order to avail treaty benefit, the non-resident will also have to furnish a Tax Residency Certificate of his being a resident in a country outside India, alongwith Form No. 10F as prescribed under section 90(5) of the IT Act. Further, vide Notification No. 03/2022 dated 16 July 2022, the Directorate of Income Tax (Systems) has added Form 10F to the prescribed list of forms to be furnished electronically. Also, vide Circular dated December 12, 2022 r.w. Circular dated March 28, 2023, CBDT relaxed the requirement of electronic filing of Form 10F till September 30, 2023 in case of non-resident taxpayers who are not having PAN and are not required to obtain PAN as per relevant provisions of IT Act read with Income-tax rules, 1962. The Income-tax department has now introduced a functionality for registration on the Income-tax Portal for non-residents not holding and not required to have PAN.

D. Category III Alternative Investment Fund located in International Financial Services Centre & Investment Division of an Offshore Banking Unit:

1. W.e.f. FY 2020-21, the provisions of section 115AD are extended to a 'specified fund' defined under clause (e) of the Explanation to clause (4D) of section 10. 'Specified fund' is defined to mean a fund established or incorporated in India in the form of a trust or a company or a limited liability partnership or a body corporate, –
- which has been granted a certificate of registration as a Category III Alternative Investment Fund and is regulated under the Securities and Exchange Board of India (Alternative Investment Fund) Regulations, 2012 made under the SEBI Act, 1992 or regulated under the IFSC (Fund Management) Regulations, 2022 made under the IFSC Authority Act, 2019;
 - which has been granted a certificate as a retail scheme or an Exchange Traded Fund and is regulated under the International Financial Services Centers Authority (Fund Management) Regulations, 2022, made under the International Financial Services Centres Authority Act, 2019 (50 of 2019) and satisfied such conditions, as may be prescribed; (inserted by Finance (No. 2) Act, 2024 w.e.f. AY 2025-26)
 - which is located in any International Financial Services Centre; and
 - of which all the units are held by non-residents other than unit held by a sponsor or manager;

- (v) an investment division of an offshore banking unit, which has been—
 - (i) granted a certificate of registration as a Category I FPI under the SEBI (FPI), Regulations, 2019 made under the SEBI Act, 1992 which has commenced its operations on or before the 31st day of March, 2024; and
 - (ii) fulfils such conditions including maintenance of separate accounts for its investment division, as may be prescribed.

The Finance Act, 2024, has been amended to extend the date of commencement of operations of an investment division of an offshore banking unit to March 31, 2025 from March 31, 2024 as mentioned above. Consequently, the provisions of section 115AD of the IT Act would be applicable to an investment division of an offshore banking if the operations are commenced on or before March 31, 2025.

2. The rate of income-tax prescribed under section 115AD(1) on income from listed NCDs are as under:
 - (i) Income in respect of securities *inter alia* debentures – 10%
 - (ii) Short Term Capital Gains – 30%
 - (iii) Long Term Capital Gains – 10%

The computation of income has to be in accordance with section 115AD and other applicable provisions of the IT Act.

3. The Finance Act, 2021 has inserted a new sub-section (1B) w.e.f. FY 2021-22 which states that notwithstanding anything contained in section 115AD(1), in case of investment division of an offshore banking unit, the provisions of this section shall apply to the extent of income that is attributable to the investment division of such banking units.

The provisions of section 115AD shall apply only to the extent of income that is attributable to units held by non-resident (not being a permanent establishment of a non-resident in India) calculated in the prescribed manner. Further, as per section 115JEE, the provisions of Alternate Minimum Tax shall not apply to such specified funds.

4. Section 196D(1A) provides for deduction of tax on any income in respect of securities referred to in section 115AD(1)(a) at the rate of 10% (plus applicable surcharge and education cess). Provided that no deduction shall be made in respect of an income exempt under section 10(4D). In the absence of PAN, TDS rate would be increased to 20% as per section 206AA.

E. Investment Funds – Category I or Category II Alternative Investment Fund (“AIF”):

1. Under section 10(23FBA) of the IT Act, any income of an Investment Fund, other than the income chargeable under the head “Profits and gains of business or profession” would be exempt from income tax. For this purpose, an “Investment Fund” means a fund registered as Category I or Category II Alternative Investment Fund and is regulated under the Securities and Exchange Board of India (Alternate Investment Fund) Regulations, 2012 or regulated under the IFSC (Fund Management) Regulations, 2022 made under the IFSC Authority Act, 2019.

As per section 115UB(1) of the IT Act, any income accruing/arising/received by a person from his investment in Investment Fund would be taxable in the hands of the person making an investment in the same manner as if it were the income accruing/arising/received by such person had the investments been made directly in the venture capital undertaking.

2. In case, the Fund incurs any losses, only the business losses would be eligible to be carried forward and set-off by the Fund at the Fund level. The prescribed conditions laid down under the IT Act for carry forward and set off of losses should be applicable to the Fund in this regard.
3. Losses other than business loss shall be allowed to be carried forward and set-off by the Unit holders while computing the total tax liability, provided that the units of the Fund are held for a period of more than 12 months. Further, such loss cannot be carried forward at Fund level even if the loss is not passed onto the Investors on account of non-fulfilment of condition of holding the units for at least 12 months. The eligible period for carry forward of losses would depend on the nature of loss.
4. Section 115UB of the IT Act further provides that:
 - (i) Income paid or credited by Fund shall be deemed to be of the same nature and in the same proportion in the hands of the Investors as it had been received by or had accrued or arisen to Fund.
 - (ii) Income accruing or arising to, or received by, Fund, during a particular financial year, if not paid or credited to the Investors shall be deemed to be credited to the account of the Investors on the last day of the financial year in the same proportion in which such Investors would have been entitled to receive the income, had it been paid in the same financial year.
5. As per section 10(23FBB) read with section 115UB of the IT Act, any business income, accruing or arising to or received by

Investors of the Fund, shall be exempt in the hands of the Investors and taxed in the hands of the Fund at the rates specified in the Finance Act of the relevant year where the Investment Fund is a company or a firm and at maximum marginal rate in any other case.

Income received by Fund which is exempt in its hand under section 10(23FBA) would not be subjected to any withholding tax by virtue of section 197A(1F) read with Notification No.51/2015/SO1703(E) dated June 25, 2015.

6. Further, as per section 194LBB of the IT Act, where any income, other than that proportion of income which is of the same nature as income referred to in section 10(23FBB) of the IT Act, is payable to a unit holder in respect of units of an Investment Fund, the person responsible for making the payment shall, at the time of credit of such income to the account of payee or at the time of payment thereof in cash or by issue of a cheque or draft or by any other mode, whichever is earlier, deduct income-tax thereon:
- (i) at the rate of 10% where the payee is a resident; and
 - (ii) at the rates in force where the payee is a non-resident.

F. Mutual Funds:

Under section 10(23D) of the IT Act, any income of mutual funds registered under SEBI or Regulations made thereunder or mutual funds set up by public sector banks or public financial institutions or mutual funds authorized by the Reserve Bank of India and subject to the conditions specified therein, is exempt from tax subject to such conditions as the Central Government may by notification in the Official Gazette, specify in this behalf.

G. Provident Fund and Pension Fund:

Under section 10(25) of the IT Act, any income received by trustees on behalf of a recognized provident fund or a recognized superannuation fund is exempt from tax.

H. Multi-lateral and Bilateral development Financial Institutions:

Generally, multilateral and bilateral development financial institutions may be exempt from taxation in India on the capital gains arising on the sale of NCDs of the bank depending on the applicable Statute and Acts passed in India. For e.g., World Bank, IBRD, IFC, etc. In case, they are not specifically exempt from tax then the provisions as applicable for capital gains to a non-resident FII, as they may be registered as FII, may apply to these institutions.

I. Withholding taxes on Purchase of Goods

As per section 194Q of the IT Act, any sum payable by a buyer for purchase of goods of the value exceeding Rs. 50 Lakhs shall be liable to withhold tax at the rate of 0.1 percent.

Buyer means a person whose total sales, turnover or gross receipts from the business carried on by him exceeds Rs. 10 crores in the financial year immediately preceding the financial year in which the purchase is carried out.

Further, TDS shall not be applicable where:-

- a. Tax is deductible under any of the provisions of the IT Act; or
- b. Tax is collectible under the provisions of section 206C of the IT Act other than a transaction to which section 206C(1H) of the IT Act applies.

The CBDT has issued Circular No 13 of 2021 dated June 30, 2021 laying down guidelines under section 194Q of the IT Act. It inter alia provides that TDS under section 194Q of the IT Act shall not apply to transaction in securities and commodities which are traded through recognized stock exchanges or cleared and settled by the recognized clearing corporation (including exchanges or corporation located in IFSC).

Given that the Circular does not provide clarity in respect of shares/ securities traded off-market, it is advisable that the subscribers obtain specific advice from their tax advisors regarding applicability of these provisions.

Further, the CBDT has also inter alia clarified that the section 194Q of the IT Act shall not apply to a non-resident buyer, whose purchase of goods from a seller, resident in India, is not effectively connected with the permanent establishment of such non-resident in India.

For this purpose, 'permanent establishment' shall mean to include a fixed place of business through which the business of the

enterprise is wholly or partly carried on.

K. Income tax on Gifts

Under section 56(2)(x) of the IT Act and subject to exception provided therein, if any person receives from any person, any property, including, inter alia, securities of a company, without consideration or for inadequate consideration, the following shall be treated as 'Income from other sources' in the hands of the recipient:

- (i) where the securities are received without consideration, aggregate Fair Market Value ("FMV") exceeds Rs. 50,000/-, the whole FMV
- (ii) where the securities are received for a consideration less than FMV and difference is exceeding Rs. 50,000/, aggregate FMV in excess of the consideration paid.

Rule 11UA of the Income-tax Rules, 1962 provides for the method for determination of the FMV of various properties (including securities).

L. General Anti Avoidance Rules (GAAR):

Having regard to Chapter X-A of the IT Act, GAAR may be invoked notwithstanding anything contained in the IT Act. Thus, any arrangement entered into by a taxpayer may be declared to be impermissible avoidance arrangement, as defined in that Chapter and the consequence would inter alia include denial of tax benefit. Further, as per section 90(2A) of the IT Act, the benefit of the DTAA will not be available to a non-resident investor, if the concerned tax authorities declare any arrangement to be an impermissible avoidance arrangement. The GAAR provisions are applicable with effect from the Financial Year 2017-18.

An overview of the Indian economy

Despite grappling with the formidable challenges of Covid-19, geopolitical conflicts, and climate change, the Indian economy has demonstrated notable resilience and exceeded growth expectations. Amid a global slowdown, tighter monetary conditions, and high inflation, India has achieved a higher economic growth rate compared to many of its peers. This success is attributable to strong domestic consumption, lower dependence on global demand, and continued resistance to external headwinds. Optimism prevails as the rural economy shows signs of recovery, while strong growth in manufacturing, robust bank balance sheets, increased credit growth, and high-value manufacturing bolster India’s underlying growth potential.

India’s gross domestic product (GDP) exceeded expectations yet again. According to the National Statistics Office (NSO)’s second advance estimates (SAE), real GDP accelerated to 8.2% on-year in fiscal 2024 from 7.6% in fiscal 2023. Growth of the past two quarters were revised up (fourth quarter was revised to 7.8% from 5.9%, and third quarter to 8.6% from 8.4%).

The Indian economy will take support from domestic structural reforms and cyclical levers and can retain and even improve its growth prospects. This can be done by continuing to build infrastructure both digital and physical and undertaking growth-enhancing reforms aimed at improving the ease of doing business. Amid global risks, this can also allow India to grasp opportunities from diversifying global supply chains.

Indigenous advantages to result in a stronger economic growth rate in the longer term

India has the largest population in the world

As per the report published (in July 2020) by National commission on population, Ministry of Health & Family Welfare report, India’s population in 2011 was 121 crores, comprising nearly 24.6 crore households. It should be noted that the decadal growth rate during 2001-2011 stood at 17%. This is estimated to have fallen to 12% during 2011-2021 and is likely to decline further to 9% during 2021-2031. However, with 147 crore estimated population in 2030, India will continue to be a major opportunity market from demand perspective. Additionally, as per United Nations Department of Economic and Social Affairs, India has overtaken China as the world’s most populous country in April 2023.

Favourable demographics

India is also one of the countries with the largest youth population, with a median age of 28 years. About 90% of Indians are aged below 60 years. It is estimated that 64% of this population is aged between 15 and 59 years. CRISIL MI&A Research expects the existence of a large share of working population, coupled with rapid urbanisation and rising affluence, will propel growth of the Indian financial services sector.

Rise in urbanisation

Urbanisation is a key growth driver for India, as it leads to faster infrastructure development, job creation, development of modern consumer services, and the city's ability to mobilise savings. The share of urban population in total population has been consistently rising over the years and is expected to reach 36% by 2025 from 31% in 2011, spurring more demand.

Urban consumption in India has shown signs of improvement and given the country's favourable demographics, coupled with rising disposable incomes, the trend is likely to continue and drive domestic economic growth.

Overall NBFC – Industry overview

NBFCs are important part of the credit system

Financing needs in India have risen in sync with the notable economic growth over the past decade. NBFCs have played a major role in meeting this need, complementing banks and other financial institutions.

NBFCs help fill gaps in the availability of financial services with respect to products as well as customer and geographic segments. A strong linkage at the grassroots level makes them a critical cog in the financial machine. They cater to the unbanked masses in rural and semi-urban reaches and lend to the informal sector and people without credit histories, thereby enabling the government and regulators to realise the mission of financial inclusion.

Structure of non-banking financial institutions in India

Scale based classification of NBFCs

As per RBI circular dated October 22, 2021, the central bank introduced Scale Based Regulation (SBR) framework for classification of NBFCs along with the activity-based classification of NBFCs as per earlier regulations. The revised SBR framework shall be effective from October 01, 2022

As per the revised framework NBFCs will be classified into four layers based on their size, activity and perceived riskiness. NBFCs in the lowest layer will be known as NBFC – Base Layer (NBFC-BL), NBFCs in middle layer and upper layer shall be known as NBFC - Middle Layer (NBFC-ML) and NBFC - Upper Layer (NBFC-UL) respectively. The Top Layer is expected to be empty and will be known as NBFC - Top Layer (NBFC - TL).

Classification on the basis of scale-based regulation

Note: Data in [bracket] represents the number of NBFCs as of June 2024.

*The data for Upper Layer NBFCs includes HFCs, as per circular dated September 2023.

Source: RBI, CRISIL MI&A Research

Base Layer – NBFC – BL shall comprise of (a). Non deposit taking NBFCs below asset size of Rs 1000 crore and (b). Following NBFCs – (i) NBFC P2P, (ii) NBFC – AA, (iii) NOHFC, and (iv) NBFCs not availing public funds and not having any customer interface

Middle Layer – NBFC – ML shall comprise of (a). All deposit taking NBFCs irrespective of asset size, (b). Non-deposit taking with asset size of Rs 1000 crore and above and (c). Following NBFCs – (i) Standalone primary dealer (SPD), (ii) Infrastructure

debt fund (IDF), (iii) Core investment companies (CIC), (iv) Housing finance companies (HFCs) and (v) Infrastructure finance companies (IFCs) Government owned NBFCs shall be placed in the Base Layer or Middle Layer, as the case may be. They will not be placed in the Upper Layer till further notice by RBI.

Upper Layer – NBFC – UL shall comprise of NBFCs which are specifically identified by the Reserve Bank as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor.

Top Layer – NBFC – TL shall be populated only if in opinion of RBI there is a substantial increase in the potential systemic risk from specific NBFCs in the Upper Layer. Such NBFCs shall be moved to Top layer from the Upper layer.

Credit concentration norms

RBI, in its April 19, 2022, guidelines on Large Exposure Framework for Non-Banking Financial Company – Upper Layer (NBFC-UL), permits exposures to the original counterparty to be offset with certain credit risk transfer instruments. These include instruments such as cash margin/caution money/security deposit against which the right to set off is available, held as collateral against the advances, and government guaranteed claims (0% risk weight for central and 20% for state government for CRAR computation) However, this was exclusive to NBFC-UL.

In a move towards standardisation, the RBI has extended this provision to NBFCs in the middle and base layers. This harmonisation levels the playing field for all NBFCs across layers.

Out of 9,306 RBI-registered NBFCs (excluding HFCs), only 9 falls under the NBFC-UL category, while the majority are in the middle and base layers.

OVERALL NBFCs

Wholesale credit continues to dominate lending

While wholesale lending is a major segment for both banks and NBFCs, the share of loans of NBFCs/HFCs—excluding two major government infrastructure finance companies—tilted towards retail at 61%.

Momentum in credit growth continued in fiscal 2024, fuelled by the key retail segments of vehicle and personal loans and microfinance and housing finance. On the wholesale front, segments such as MSMEs and infrastructure financing drove growth. In fiscal 2023, there was a resurgence in credit growth, mirroring pre-pandemic trends. This marked a turnaround from the slower growth witnessed in fiscals 2021 and 2022 due to pandemic-related disruptions. Notably, non-banking finance companies’ credit grew at a healthy CAGR of 13% between fiscals 2020 and 2024

India’s real gross domestic product (GDP) has exceeded forecasts, expanding at 8.2% in fiscal 2024. In its latest meeting in October 2024, the RBI’s Monetary Policy Committee (MPC) changed its stance from accommodative to neutral, owing to the progress on disinflation and a favourable monsoon. The decision provides the MPC with the flexibility to respond swiftly to any unexpected setbacks in the disinflation process, particularly those triggered by external factors.

CRISIL MI&A Research expects a rate cut by the RBI as early as December, driven by expectations of easing food inflation following a bountiful monsoon and a rebound in consumption this fiscal, fuelled by strengthening rural demand.

Performance of NBFCs to remain healthy in fiscals 2025 and 2026

NBFCs’ credit grew 19.7% on-year in fiscal 2024, but the momentum is expected to moderate, with a projected expansion of 17-18% in fiscals 2025 and 2026 amid short-term headwinds. Retail segments will continue to drive credit growth, although the unsecured lending segment is likely to normalise from an elevated base. .

The retail segment was driven by strong growth in vehicle, personal and housing loans and microfinance in fiscal 2024, while on the wholesale front, MSMEs and infrastructure finance, particularly power finance companies, led the way with high double-digit growth rates.

Also, consolidation within certain corporate groups and other corporate activities indicate buoyancy among NBFCs and expectations of good credit conditions, albeit with a pinch of caution.

Recovery in wholesale lending and a steady retail segment to aid short-term credit growth

Notes:

1) Retail includes housing, auto, gold, microfinance, personal, consumer durables and education loans

2) Wholesale includes MSME, real estate and large corporate, infrastructure and construction equipment loans

Strong credit growth momentum over the last two fiscals has driven up the share of the retail segment in the lending mix by 100 bps to 47% in fiscal 2024. The share of the retail and wholesale segments is expected to be steady at 47% and 53%, respectively, in fiscal 2025, and 46% and 54%, respectively, in fiscal 2026.

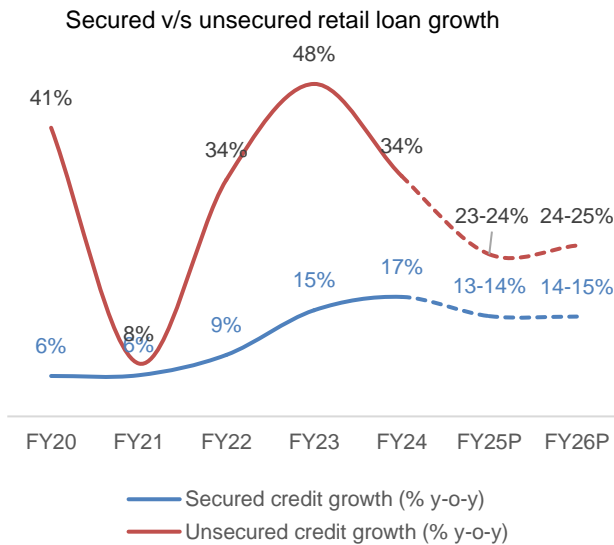

In fiscal 2023, the retail segment grew a sharp 22% and wholesale lending expanded 14%. While credit growth in the retail segment was broad-based, the MSME segment drove growth in the wholesale segment, supported by steady growth in infrastructure financing on a high base.

P – Projected

Note: For calculation of unsecured retail loans given by NBFCs, segments such as personal, microfinance and consumer durables loans, and a share of education loans are considered.

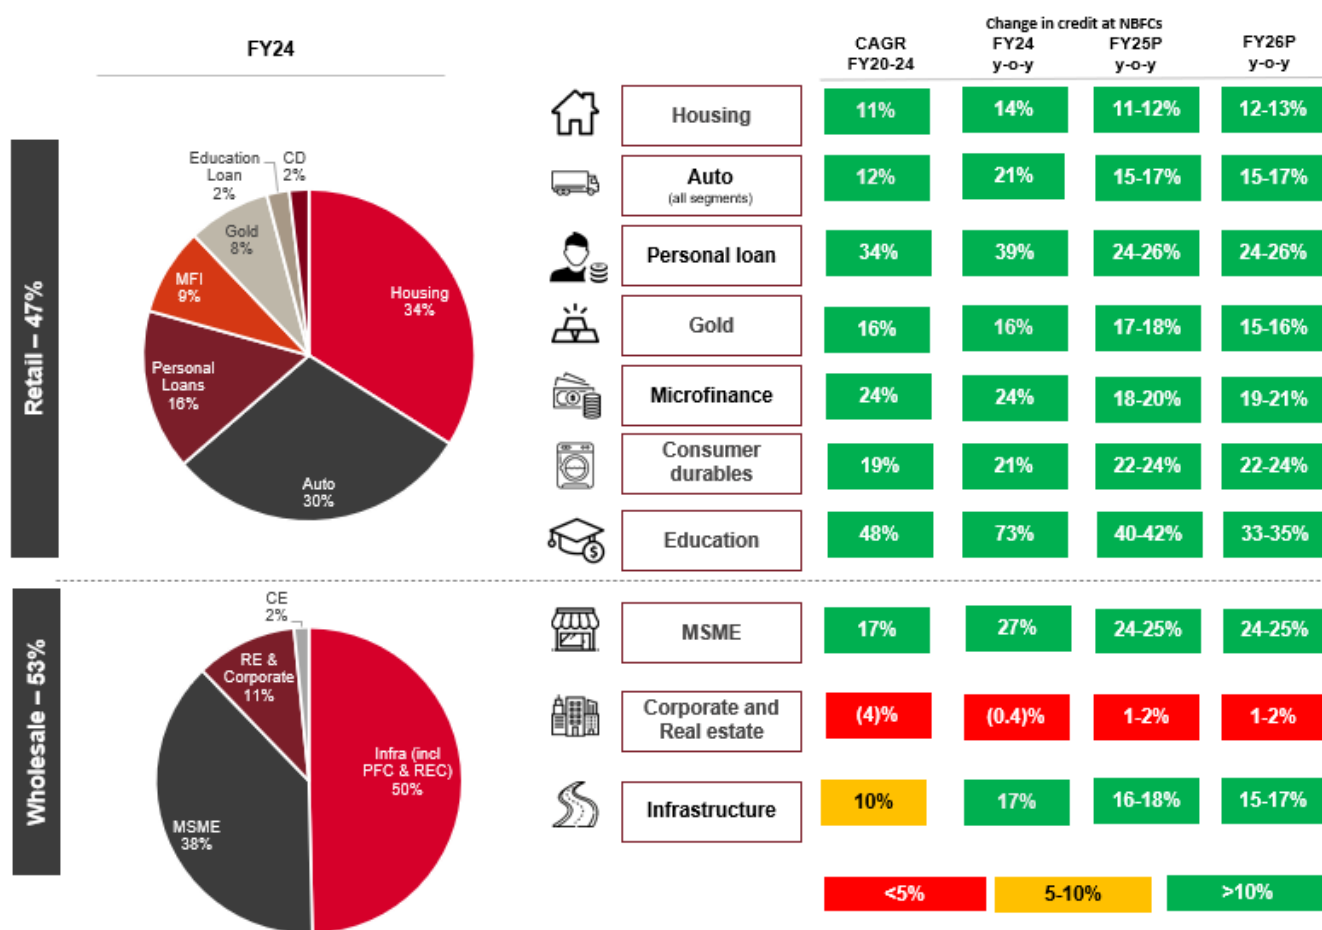

Source: RBI, NHB, MFIN, CRISIL MI&A Research

The retail portfolio of NBFCs stood at Rs 20 trillion as of March 2024. Within the space, the unsecured portion expanded from 17% in fiscal 2020 to 28% in fiscal 2024. The RBI circular acted as a catalyst against this backdrop of rapid growth in unsecured lending by NBFCs and banks and its underlying risks.

Between fiscals 2021 and 2024, i.e. the post-pandemic period, the secured segment logged 14% CAGR, surpassing pre-pandemic growth of 8%. In contrast, the unsecured segment clocked a staggering 38% CAGR as NBFCs expanded their reach by targeting the new-to-credit customer segment and focusing on Tier 2 and lower-tier cities.

A decadal low savings rate of Indian households of 5.1% owing to rising financial liabilities indicates a debt-driven consumption-led post-pandemic recovery. The emergence of fintech companies (fintechs) has played a key role in driving the growth of the unsecured segment. Fintechs have been at the forefront of innovative lending practices, often catering to segments that traditional financial institutions might not reach.

Rounded growth across segments to be supported by underlying asset demand

P — projected

Housing: The credit growth of the housing finance sector peaked at 14% in fiscal 2024. This growth was led by affordable housing finance companies and prime housing finance companies. According to CRISIL MI&A Research, the growth of housing credit is projected to moderate to 11-12% in fiscal 2025 and to 12-13% in fiscal 2026 after peaking in fiscal 2024. This moderation is attributed to a slower economic growth of 6.8% and the delayed impact of anticipated rate cuts in the second half of fiscal 2025. In addition, a projected housing demand growth of 9-11% in India’s top 10 cities, and capital values increasing 4-6%, will also act as an anchor for credit growth.

Auto finance: Commercial vehicle financing has the largest share within auto finance at NBFCs. Commercial vehicle sales in fiscal 2024 are projected to exceed pre-pandemic levels due to increased government spending and robust demand in sectors such as construction and mining. This in turn is estimated to have supported the healthy growth momentum of financiers in fiscal 2024. The sale of used vehicles, in addition to new vehicles, is also gathering momentum and expected to maintain pace over the medium term.

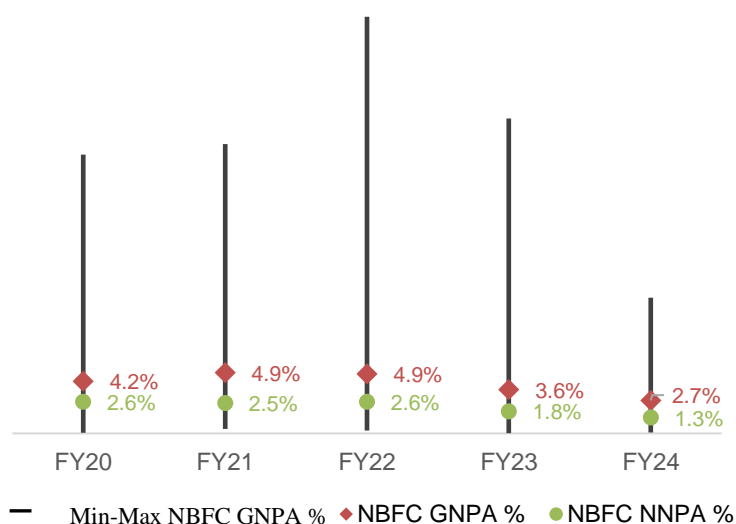

Microfinance: The microfinance industry logged a CAGR of 17% over fiscals 2020 and 2024, with NBFC-MFIs growing at the faster CAGR of 24% and capturing the market share of banks that clocked 12% growth. In fiscal 2024, disbursements by NBFC-MFIs grew 6%, aggregating Rs 1,383 billion compared with Rs 1,306 billion in fiscal 2023.

MSMEs: The MSME segment has a fundamental link to economic activity and was severely impacted during the pandemic. That said, post pandemic, the sector has logged healthy double-digit growth supported by expansion in corporate India’s revenue. CRISIL MI&A Research estimates MSME credit growth to continue leading in the wholesale segment on the back of momentum in secured loans in fiscal 2025 and 2026.

Real estate and corporate: The wholesale portfolios of NBFCs/HFCs are systematically being trimmed to bottom out. NBFCs/HFCs are collectively shifting their focus towards the retail business. This led to a muted growth of -0.4% in fiscal 2024. CRISIL MI&A predicts that the wholesale book of NBFCs will start to recover in fiscal 2025, with a growth rate of 1-2%, which is expected to be sustained in fiscal 2026.

Asset quality to remain rangebound in key NBFC segments

Housing: In fiscal 2024, the housing portfolio’s GNPA decreased 40 bps to 1.4% due to resilience of prime HFCs’ customer base during the pandemic. Effective collections and higher provisioning also contributed to the improvement. For fiscals 2025 and 2026, there is no indication of a surge in bad loans or write-offs, which should keep GNPA stable. Furthermore, the RBI’s expected rate cut in the second half of fiscal 2025 is likely to ease the burden of expensive loans on customers. CRISIL MI&A Research projects asset quality in the retail home loan segment to remain rangebound at 1.3-1.4% in fiscal 2025 and improve marginally to 1.2-1.3% in fiscal 2026.

Auto: The industry’s stress levels, which peaked during the pandemic, have now returned to pre-pandemic levels. Its GNPA has seen a moderate downturn, but stress in certain segments, such as two-wheelers and tractors, remains at the higher end. Industry GNPA corrected slowly from a high of 6.6% in fiscal 2022 to 4.5% in fiscal 2024.

Microfinance: In March 2024, GNPA of the NBFC-MFI book stood at 2.40%, up 20 bps from 2.20% in the first half of fiscal 2024. This increase was mainly attributable to overleveraging of borrowers and challenges faced by lenders in specific geographies.

MSME: In March 2021, asset quality of MSME loans deteriorated due to Covid-19, as borrowers’ income was impacted, leading to a rise in GNPA. However, with continued improvement in economic activity, better collection efficiency and strong credit growth, GNPA decreased by March 2023. In March 2024, the ratio stood at 4-5%. Private banks, which serve relatively low-risk customers, have better asset quality than other lenders, including NBFCs, which serve customers with limited or no documented income. CRISIL MI&A Research expects asset quality to remain in the range of 4-5% in fiscal 2025 due to expected slippages as the portfolio seasons.

Real estate and corporate: Stress in the real estate and corporate segments has remained higher than in other segments. CRISIL MI&A Research estimates the overall stress in the wholesale book to be high, including contractual moratorium, book under

extension by date for commencement for commercial operations (DCCO) extension. The wholesale GNPA of NBFCs/HFCs moderated marginally in fiscal 2024.

Debt mutual fund investment in NBFCs sees a pick-up this fiscal

Note: Exposure refers to debt mutual funds

Source: Securities and Exchange Board of India, CRISIL MI&A Research

The IL&FS crisis in fiscal 2019 led to funds becoming extremely cautious towards investing in NBFCs. Exposure declined from ~18% in fiscal 2018 to 10% in fiscal 2022, and this trend continued until fiscal 2023, with the lowest share at 9.4%. Thereafter, investments saw a pick-up in both commercial papers and non-convertible debentures (NCDs), supported by healthy balance sheets of non-banks and improvements in asset quality and credit momentum. As of end-fiscal 2024, debt mutual fund allocation towards NBFCs stood at 9.9%, which further increased to 10.7% in August 2024.

The growth trend continued in fiscal 2025, with an increase of over 80 bps during the first six months. In August 2024, investments in commercial paper stood at Rs 1.29 trillion and in corporate bonds at Rs 1.05 trillion.

NBFC issuances rebounded 42% on-quarter to Rs 738 billion in the last quarter of fiscal 2024. This surge led total issuances to grow 22% on-year in fiscal 2024. The momentum has continued, with NCD issuances reaching a four-quarter high of Rs 960 billion in the second quarter of fiscal 2025, indicating a sustained upswing in the market.

NCD issuances in the retail segment perform better than in the wholesale segment

In fiscal 2023, NCD issuances surpassed fiscal 2020 levels across all retail segments, with the highest increase in education loans on a low base of fiscal 2022. Issuances also picked up in the wholesale segment, driven by infrastructure finance issuers.

In fiscal 2024, total NCD issuances surpassed fiscal 2023 levels by 23%. Though HFCs’ issuances fell 17% on-year, they still accounted for the largest share (29%), followed by infra finance companies (28%) and auto finance (17%). The three segments collectively formed ~75% of total issuances.

Bank originations gather pace, mitigating impact of HFC exit and regulatory measures on gold finance

In the second quarter of this fiscal, securitisation volume surged 56% on-year to approximately Rs 700 billion, driven by significant offerings from a major private sector bank and a few NBFCs specialising in vehicle financing. Notably, the first half of the fiscal saw broad participation from 150 originators, which was significant compared with 165 originators seen throughout the entire previous fiscal.

The number of originators involved in securitisation transactions increased to 165 (completing ~1,100 transactions) in fiscal 2024 compared with 160 (~1,000 transactions) in fiscal 2023. This upward trend continued into fiscal 2025, with securitisation volume growing 15% on-year to Rs 1,150 billion in the first half.

Growth of retail credit at NBFCs, particularly in vehicle financing, has also supported their large-scale originations in the market. Favourable market conditions, including softening yields, have further boosted activity in the securitisation market.

Housing finance

The Indian housing finance sector—comprising financial institutions (FIs), scheduled commercial banks, scheduled cooperative banks, regional rural banks, agriculture and rural development banks, housing finance companies (HFCs), state-level apex cooperative housing finance societies and non-banking financial companies (NBFCs)—has logged healthy growth in the past four fiscals, riding on an increase in disposable incomes, healthy demand and greater number of players entering the segment.

At the end of fiscal 2024, overall housing finance credit outstanding of banks and NBFCs stood at ~Rs 32,989 billion, up 15% on-year, driven by increasing aspirations of a young population with growing disposable incomes. Demand in smaller cities (Tier 2 and 3) increased as government initiatives and innovative digital tools enabled lenders to better assess cash flow-based incomes, thereby expanding market reach.

Demand for home loans remained resilient despite higher interest rates following the sharp hike in repo rates in fiscal 2023. This was because the Indian economy logged a robust growth of 8.2% and the salaried class was relatively insulated from the impact of rising repo rates, thereby maintaining their appetite for home loans. All these allayed lender concerns about a potential decline in loan quality.

In fiscal 2025, CRISIL MI&A Research expects growth in the overall housing finance market to slow down to 14-15% owing to prolonged high interest rates, leading to lower affordability and the lagged impact of anticipated rate cuts by the Reserve Bank of India (RBI) in the second half of the year, coupled with a relatively slower economic growth rate of 6.8%.

In fiscal 2026, with the full impact of the rate cuts and government initiatives like Credit Linked Subsidy Scheme (CLSS) under the Pradhan Mantri Awas Yojana (PMAY) taking hold, the market is projected to bounce back with 15-16% growth.

Housing credit at HFCs to moderate in fiscal 2025

P: Projection

Note: HDFC Ltd and HDFC Bank became a merged entity effective July 1, 2023. Past numbers have been adjusted for the estimated loan book of HDFC Ltd in the retail housing and commercial real estate segments to arrive at normalised credit growth.

Source: Company reports, RBI, CRISIL MI&A Research

According to CRISIL MI&A Research, housing demand (in million square feet) in the top seven cities recorded a significant surge in fiscal 2024, with 16% increase in demand and 9% rise in capital value. This surge supported ~14% growth in home loans provided by HFCs during the same period. However, growth is expected to slow down to 11-12% this fiscal, as demand (in million square feet) is projected to moderate to 9-11%, while appreciation in property prices will normalise at 4-6%.

As the pandemic's grip began to loosen in fiscal 2022, the residential market started to recover, and demand began to rebound. This resurgence in demand continued to gain momentum, culminating in a collective release of pent-up demand that was felt in fiscals 2023 and 2024, leading to the average inventory overhang of only 2.88 years.

Going ahead, as the existing stock is absorbed and demand starts to rise again on the anticipation of fall of repo rates in the second half of fiscal 2025, developers will respond in fiscal 2026 by launching new projects to meet the growing demand.

According to CRISIL MI&A Research, the benefits of the anticipated repo rate cut and increasing demand will be felt in the next fiscal, leading to a moderate 11-12% credit growth in the current fiscal, followed by an uptick of 13-14% credit growth in fiscal 2026.

Affordable-housing finance outpaces overall housing growth

Over the past few fiscals, rapid urbanisation and migration to cities resulted in urban housing shortage, particularly among the economically weaker sections (EWS) of society. In this milieu, new housing projects mushroomed, leading to a sharp rise in disbursements by affordable-housing finance companies (A-HFCs).

Credit growth in the A-HFC segment was led by an aggressive expansion by relatively small HFCs to gain a major share of the affordable and/or, Tier 2 and 3 cities' markets.

Going forward, a push in the form of Rs 2.2 trillion allocation for the Pradhan Mantri Awas Yojana-Urban (PMAY-Urban) over the next five years announced in Union Budget 2024-25 is likely to revive interest in affordable housing once again, which has lately seen a decline in construction activity, with developers increasingly shifting their focus towards the premium and luxury segments in metros, Tier 2 and 3 cities, etc.

In fact, the credit growth of the A-HFC segment is projected to continue to outpace the overall sector this fiscal. Further, re-introduction of the CLSS after a gap of two years, with an allocation of Rs 40 billion for three income segments – low-income group (LIG), middle-income group and EWS – is expected to support ~1.7 lakh households. The allocation of 3 crore houses under PMAY-Urban and Rural schemes will further boost affordable loan disbursements by banks and non-bank lenders.

Between fiscals 2020 and 2023, the mid-ticket loan segment (Rs 25-75 lakh) maintained a steady 46% share of the housing loan market. However, in fiscal 2024, it dropped to 44%, with the high-end segment (loans above Rs 75 lakh) gaining 400 bps on-year, driven by a 9% surge in property prices in the fiscal, the highest in five years. Since income levels of customers kept rising consistently, demand for housing was unaffected.

Going ahead, the much-awaited repo rate cuts in the second half of fiscal 2025 are expected to improve affordability for the Rs 25 lakh-and-below ticket size. In addition, government initiatives such as revival of the Credit-Linked Subsidy Scheme and the 30 million houses under the Pradhan Mantri Awas Yojana in urban and rural areas are likely to boost growth in the affordable housing sector in the coming fiscal.

Improvement in asset quality expected to remain range bound this fiscal and next

In fiscal 2024, the housing portfolio's GNPA decreased 40 bps points to 1.4% due to the resilience of prime HFCs' customer base during the pandemic. Effective collections and higher provisioning also contributed to the improvement. For fiscals 2025 and 2026, there is no indication of a sudden surge in bad loans or write-offs, which should keep GNPA stable.

Further, the RBI's expected rate cut in the second half of fiscal 2025 is likely to ease the burden of expensive loans on customers. CRISIL MI&A Research projects the asset quality in the retail home loans segment to remain range bound at 1.3-1.4% in fiscal 2025 and marginally improve at 1.2-1.3% in fiscal 2026.

Non-convertible debentures (NCDs) are HFCs' main source of borrowings. However, their share declined to 38% in fiscal 2024 from 43% in fiscal 2020 as heightened repo rates caused capital-market borrowings to become more expensive. During the same period term, loans share increased to 37% in fiscal 2024 from 33% in fiscal 2020 as it was a better alternative in terms of cost from capital market borrowings specially for smaller players.

During fiscals 2025 and 2026, expectations of a decline in repo rate will lead to marginal increase in the share of NCD issuances. While the share of bank borrowings might fall between 60-80 bps in fiscal 2025 at ~36%, the same is expected to bounce back by 60-80 bps in fiscal 2026 at ~37% as the refinance from NHB will gradually phase out at an average 30 bps in this fiscal and next.

Commercial papers will continue to be a source of short-term loans for NBFCs at ~5% in fiscals 2025 and 2026. Companies have been struggling to maintain deposits and fiscal 2025 will see deposits plummet to 4% and by another 70-80 bps in fiscal 2026

In fiscals 2021 and 2022, NCD coupon rates dropped due to lower market rates and HFCs benefitted from lower cost of funds. In response to growing inflation, the RBI increased its repo rate by a cumulative 250 bps in fiscal 2023. As the rise in repo rates was passed on with a lag of 3-4 quarters, a gradual rise in issuance rates could be seen in fiscal 2024. Further, as the RBI has been monitoring inflation—now near the target of 4%—to sustain the growth momentum, it may be prompted to introduce a rate cut in the second half of fiscal 2025, easing NBFCs’ borrowing costs.

Peak profitability: Fiscal 2024 achieves highest net interest income in 5 years

In fiscal 2024, HFC/NBFCs saw a 13.6% credit growth, led by increased loan disbursements expanding their overall loan book. The credit growth was accompanied by increase in yield on advances, owing to the issuance of new loans at higher interest rates and repricing of existing floating-rate loans, which fully absorbed the 250-bp hike in repo rates from the previous fiscal year, resulting in a higher overall yield.

Simultaneously, the cost of borrowing rose due to new loans borrowed at higher interest rates and the repricing of existing floating-rate loans in fiscal 2024. However, since NBFCs maintain a balanced mix of fixed and floating-rate borrowings, the impact of the 250-basis-point repo rate hike is more gradual, unlike the faster pass-through to the final borrower. As a result, in fiscal 2024, interest income on average assets increased to 9.7% from 9.0% in fiscal 2023, while interest expense on on average assets rose to 6.4% from 6.0% in fiscal 2023, translating into the highest net interest income in the last five years, at 3.3%.

In fiscal 2024, some housing-finance companies’ operating expenses increased due to investments in technology and operational upgrades. However, these costs were partially offset by higher fee income generated from loan repricing. In fiscal 2024, credit costs remained range-bound at 0.5%, resulting in a strong return on assets of 2.1%.

The impact of repo rate changes will be slower to materialise in fiscal 2025, resulting in a ~10 basis point reduction in interest income on average assets, which is expected to come in at around 9.6%. Similarly, interest expenses on average assets are projected to decline by ~10 basis points to 6.3% leading to a 3.3% net interest income range bound to fiscal 2024. Credit costs are anticipated to decrease by an additional 10 basis points in fiscal 2025, driven by the significant write-offs of non-housing portfolio in fiscal 2024.

Further in the next fiscal, the impact of the repo rate changes will be higher, causing interest income on average assets to drop by around 20 basis points and interest expenses on average assets to fall by approximately 15 basis points. Consequently, net interest income is expected to decrease by 10 basis points compared to fiscal 2025 at 3.2%. Credit costs are expected to remain range bound at 0.4% as no significant event is expected to deteriorate asset quality.

AFFORDABLE HOUSING FINANCE – REVIEW AND OUTLOOK

Credit disbursed by affordable-housing finance companies (A-HFCs; average loan ticket size of less than Rs 2 million) increased at a robust 15% compound annual growth rate (CAGR) between fiscals 2020 and 2024 vs 11% CAGR for the overall housing finance segment.

A-HFCs' loan growth was driven by higher housing demand owing to improved operating environment for companies supported by stable income level and increasing penetration into tier I and II cities. Other contributing factors were rising disposable incomes, stable economic conditions and government initiatives such as Housing for All.

By the end of fiscal 2024, though, demand had succumbed to a prolonged period of higher interest rates. However, Rs 2.2 trillion allocation for Pradhan Mantri Awas Yojana PMAY-Urban over the next five years announced in the Union Budget 2024-25 to revive interest in affordable housing once again. Indeed, in fiscal 2025, the A-HFCs' credit growth is projected to outpace the overall sector once again.

Further, re-introduction of the Credit-Linked Subsidy Scheme after a gap of two years, with an allocation of Rs 40 billion for three income segments – low-income group (LIG), middle-income group (MIG) and economically weaker section (EWS) – is expected to support ~170 thousand households. The allocation of 30 million houses under PMAY–Urban and Rural schemes will further boost affordable loan disbursements by banks and non-banks.

The anticipated repo rate cut in the second half of fiscal 2025 is expected to lead to a much-needed relief for the underlying customer base in the next fiscal because in a rising repo rate environment, affordability is challenged. Additionally, the newly introduced government schemes will gain traction only next fiscal, leading to a projected moderate growth of 21-22% for A-HFCs this fiscal and a stronger growth of 24-25% in the next, according to CRISIL MI&A Research.

Note: CRISIL MI&A Research defines A-HFCs as those disbursing loans with an average ticket size of less than Rs 2 million.

In fiscal 2024, gross non-performing assets (GNPAs) of the affordable housing portfolio improved 70 basis points (bps) owing to enhanced collections, resilient economic conditions and appropriate underwriting controls of the customer base, leading to no major write-off in their retail portfolios.

According to CRISIL MI&A Research, GNPAs are expected to remain stable at 1.5-1.6% in fiscal 2025 and 1.4-1.5% in fiscal 2026 if A-HFCs continue to exercise caution and maintain control.

A-HFCs' asset quality has been in tandem with the broader housing finance industry, but they have performed better in terms of GNPA's due to their cautious approach in limiting exposure to the construction finance and wholesale portfolios. Instead, these companies have been focussing on individual housing loans and LAP, which have contributed to superior asset quality. However, A-HFCs' underlying customer base is more vulnerable to fluctuations in interest rates and economic downturns, making it a sensitive segment.

In fiscals 2025 and 2026, CRISIL MI&A Research projects A-HFCs' GNPA's to range 1.9-2.0% as there is no indication of a sudden surge in bad loans or write-offs.

Profitability of A-HFCs steady last fiscal, RoA peaked

A-HFCs posted a substantial 23% on-year increase in credit growth in fiscal 2024, led by a surge in loan disbursements expanding their loan portfolios. The credit growth was accompanied by increase in yield on advances, owing to the issuance of new loans at higher interest rates and repricing of the existing floating rate loans, which fully absorbed the 250-bps hike in repo rates from the previous fiscal, resulting in a higher overall yield.

As interest rates rose, borrowing costs increased as well in fiscal 2024, on account of uptake of new loans with higher rates and repricing of existing floating rate borrowings. However, as A-HFCs have a mix of fixed and floating rate borrowings, the effect of the 250-bps repo rate hike was slower and more gradual, unlike the quicker impact on the final borrower.

As a result, in fiscal 2024, interest income-to-average assets ratio increased to 11.0% from 10.6% in fiscal 2023 and interest expense-to-average assets ratio rose to 6.0% from 5.5% in fiscal 2023, translating into net interest income ratio at 5.0%.

Meanwhile, some companies saw a roll-back of provisions, totalling 0.1% credit cost. The extra provision was created last fiscal to cushion any impact because of rising repo rate transfers to final consumers. This led to the segment's best return on assets (RoA) in the past five years, at 2.9%.

CRISIL MI&A Research projects that interest income and expenses will decrease in fiscal 2025 due to the expected interest rate cut by the RBI in the second half of the year. The full impact of this rate cut will be seen in fiscal 2026, leading to a sharper decline in interest income and expenses. The decline in repo rate will lead to a ~30 bps lower interest income-to-average assets ratio at 10.7% and, similarly, a drop in interest expenses-to-average assets ratio of ~30 bps to 5.7%, leading to a net interest income ratio of 5.0%.

Industry overview – Housing finance

CRISIL MI&A Research defines loans disbursed by HFCs with an average ticket size of less than Rs 2 million as affordable-housing loans.

A-HFCs are able to strongly tap the 'less than Rs 2 million' segment owing to the following factors:

- Strong origination skills and a focused approach
- Focus on niche customers
- Superior customer services and diverse channels for sourcing business
- Non-salaried customer profile (~80%)
- Increased presence in smaller cities

Key government schemes for the housing sector

PMAY

The Ministry of Housing and Urban Affairs launched PMAY – Urban (PMAY-U) on June 25, 2015 to address the shortage of urban housing among the EWS/LIG and MIG, including slum dwellers, and provide pucca houses to all eligible urban households by 2022.

The erstwhile Indra Gandhi Awas Yojana was restructured as the PMAY – Gramin (PMAY-G; effective April 1, 2016) to address gaps in the rural housing programme and fulfil the government's commitment to provide pucca houses with basic amenities by 2022 to all individuals who did not own a house and those living in kutchha and dilapidated dwellings.

CLSS is a central government component, implemented through nodal agencies such as the National Housing Bank (NHB), Housing and Urban Development Corporation and State Bank of India. The scheme was announced in June 2015 for EWS/LIG and in January 2017 for the MIG. The aggregate subsidy released under the erstwhile scheme amounted to Rs 58,916 crore, of which NHB received the highest allocation of 84% (at Rs 49,715 crore), benefiting 16.45 lakh households in the EWS/LIG segments and 4.62 lakh MIG households. The scheme's revival in Budget 2024-25 with an allocation of Rs 4,000 crore across the three income segments is expected to support 1.7 lakh households. The allocation of three crore houses under PMAY-U and PMAY-G will further boost the affordable financing offered by banks and non-bank lenders.

AMRUT

The purpose of the Atal Mission for Rejuvenation and Urban Transformation (AMRUT) is to provide basic services (e.g., water supply, sewerage and urban transport) to households, build amenities in cities and improve the quality of life for all, especially the poor and the disadvantaged.

Key components of AMRUT

- Access to a tap with assured water supply for every household
- Assured sewerage connection in every household
- Better amenities in cities by developing greenery and well-maintained open spaces (such as parks)
- Lower pollution by switching to public transport or constructing facilities for non-motorised transport (e.g., walking and cycling)

Microfinance – Review and outlook

In India, microfinance is a vital source of credit for the economically marginalised in rural as well as urban areas. It provides access to funds and empowers individuals to engage in income-generating activities and improve their livelihoods. These loans also cater to consumption, housing and other essential needs. Characterised by small loan amounts, short tenures and collateral-free disbursements, microfinance loans have a higher repayment frequency than traditional loan products.

The microfinance industry in India saw growth moderate in the first Quarter of fiscal 2025, with outstanding credit at Rs. 4.24 trillion compared with Rs. 4.34 trillion in March 2024.

In terms of market share, NBFC-MFIs dominate the sector, accounting for 39% of the total outstanding credit of Rs 4.34 trillion as of March 2024, equivalent to Rs. 1.71 trillion, followed by banks (33%, Rs 1.44 trillion). The remaining 27% comprises

small finance banks, other NBFCs and non-profit NBFCs. In the first quarter of fiscal 2025, the market share of NBFC-MFIs expanded to 40%, while banks' share dropped to 32%; the share of other players remained unchanged.

NBFC-MFI's disbursements moderated to 6% in fiscal 2024 on a high base

Increasing average ticket size supports disbursements

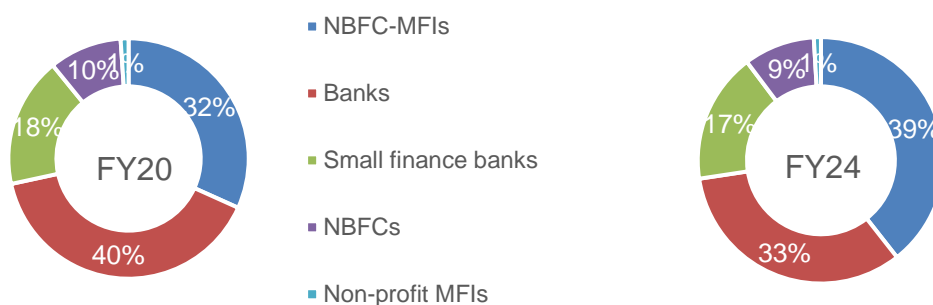

Source: CRISIL MI&A Research, MFIN

Last fiscal, NBFC-MFIs' disbursements increased 6% on-year to Rs 1,383 billion, supported by resumption of economic activity in rural areas, the implementation of the RBI's new regulatory framework, increased penetration and a 9% growth in average ticket size to Rs 46,761 in the last quarter of fiscal 2024 from Rs 43,024 in the last quarter of fiscal 2023.

In the first quarter of fiscal 2025, disbursements fell 14% on-year and 37% on-quarter due to slowdown in momentum as over-leveraged borrowers lowered collections, and heat waves and general elections impacted certain geographies. Nevertheless, the average ticket size increased 11% on-year to Rs 46,969 in the first quarter of fiscal 2025.

NBFC-MFIs' share increased 7% over fiscals 2020-2024 at cost of bank's

Source: CRISIL MI&A Research, MFIN

Banks had the largest share in the MFI industry in fiscal 2020, as they lend under priority sector lending (PSL) norms. However, NBFC-MFIs' focused lending approach and support from investors (impact and private equity funds) over the past five fiscals boosted their disbursements, with their loan book growing at a CAGR of 24% between fiscals 2020-2024 compared with ~12% for banks.

Moreover, the average ticket size of banks and NBFCs has been changing over the past few years. NBFCs' average ticket size increased, while that of banks declined until the first half of fiscal 2023, after which it jumped 15% on-year to Rs 48,108 in the last quarter of fiscal 2024 (see table). This was on the back of increased focus of banks in the MFI lending segment with credit growth of 21% in fiscal 2024, ~13-15% estimated for fiscal 2025 and ~14-16% projected for fiscal 2026.

Share of rural lending increased considerably in fiscal 2024

Source: CRISIL MI&A Research, MFIN, company reports

The main objective of microfinance lending is to support capital formation in agriculture and allied sectors. With disbursements targeting the rural areas, NBFC-MFIs promote alternative employment opportunities by supporting farm and manufacturing sectors.

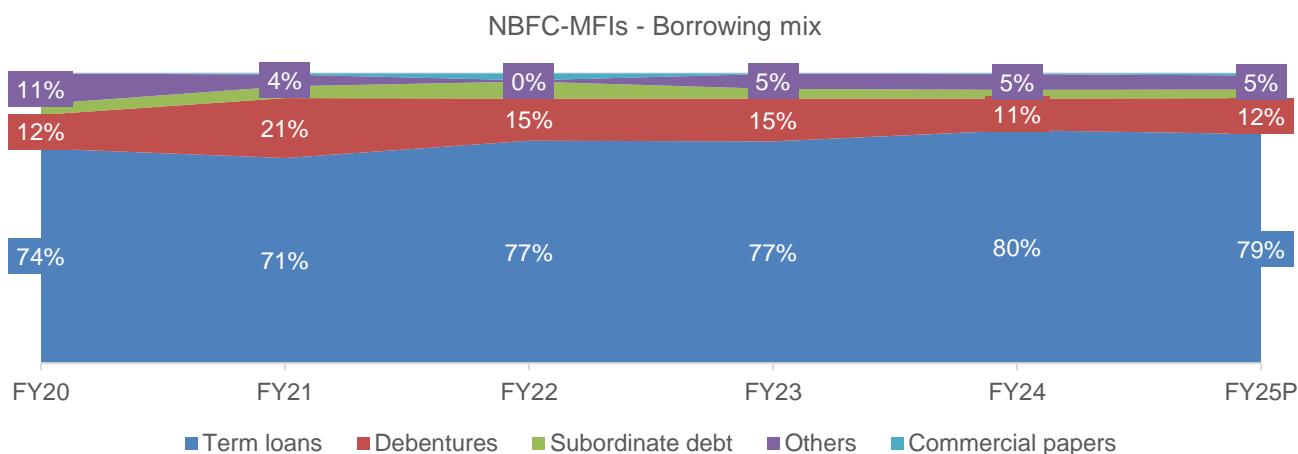

A state-wise split of the portfolio indicates that the top five states contribute ~53% of the overall NBFC MFI outstanding, the highest being Bihar (14%), followed by Tamil Nadu (11%), Uttar Pradesh (11%), Karnataka (10%) and Maharashtra (7%). Among the key states, Karnataka had the lowest PAR 90+ (1.1%), followed by Bihar (1.2%) vis-à-vis overall PAR 90+ at 2.4% as of March 2024. However, it increased slightly to 2.7% in the first quarter of fiscal 2025.

NBFC-MFIs: Diversifying funding mix, capital market & overseas borrowings to gain traction

The debt-to-equity ratio of NBFC-MFIs has consistently improved from 3.5x in June 2023 to 3.2x in March 2024 and further to 3x in June 2024, indicating a strong balance sheet despite industry challenges. This suggests that NBFC-MFIs have sufficient capacity to expand credit and support growth. With expected rate cuts in the second half of this fiscal, the cost of funds for NBFC-MFIs is likely to reduce in the next fiscal, given the lag in interest rate pass-through. Additionally, the share of capital market borrowings and overseas borrowings is expected to increase, with term loans being range bound. NBFC-MFIs may opt for short-term borrowings for the interim period and then shift to the debt market. Furthermore, lower global interest rates boosted fundraising via external commercial borrowings in the fourth quarter of fiscal 2024 and in the first half of fiscal 2025.

On the securitisation front, the share of MFIs in the overall securitisation market increased from 10% in fiscal 2021 to ~16% in fiscal 2024, supported by improved collection efficiency following the pandemic, better margins and profitability in the segment.

Microfinance- Industry Overview

NBFC-MFI regulatory guidelines

Potential harmonisation of regulations for MFI lending

In February 2021, the RBI outlined the need to harmonise regulations governing the MFI lending industry and proposed a revamped framework. A potential harmonisation of regulations for MFI lending will positively impact NBFC-MFIs as banks and SFBs will also be governed by the same regulations, thus eliminating the competitive edge they enjoyed.

The new regulatory regime ensures a level playing field and benefits NBFC-MFIs

In its master directions on microfinance loans released in March 2022, the RBI has done away with the interest rate cap applicable on loans given by NBFC-MFIs. Entities providing microfinance loans will have to put in place a Board-approved policy for the pricing of loans. The policy should include the interest rate model, the range of spread of each component for various categories of borrowers, the interest rate ceiling and all other charges on MFI loans.

With microfinance loans provided by NBFC-MFIs and banks/SFBs now being subject to the same rules unlike the earlier regime, the RBI has ensured a level playing field for both NBFC-MFIs and banks/SFBs.

Key success factors

- **Ability to attract funds/raise capital and maintain healthy capital position**

The microfinance industry has seen rapid growth over the past few years owing to small ticket sizes and doorstep disbursement. Despite this, a large portion of the market remains underpenetrated, making it necessary for MFIs to raise funds at regular intervals to sustain growth. This remains a challenge for several MFIs owing to the perceived risk of the borrower segment, their susceptibility to socio-political issues, and volatility in asset quality. The ability of MFIs to raise funding from diverse sources and maintain a capital position much higher than the prescribed regulatory minimum is vital for long-term sustainability.

- **Geographically diversified portfolio helps MFIs mitigate risks**

A large, well-diversified portfolio in different geographies enables players to mitigate risks associated with a concentrated portfolio. Apart from this, a wider scale of operations helps them reduce operating expenses as a percentage of outstanding loans. Rural areas are still under-penetrated in India; hence, players operating in/focussed on these areas are likely to see faster growth in their portfolios.

- **Ability to control asset quality and ageing of NPAs**

The vulnerability of MFI portfolios to local issues and events that impact the repayment ability of borrower households makes it critical for them to have a strong hold on asset quality and regularly engage with borrowers to control ageing of NPAs. MFIs, thus, need to put in place methods and use analytics to understand and predict the quality of the portfolio, and minimise the frequency and size of asset quality-related risks.

- **Competitive dynamics**

CRISIL MI&A Research expects NBFC-MFIs to grow at a much faster rate vis-a-vis SFBs, on account of increasing focus of the latter towards product suites beyond the MFI loan portfolio and improving liquidity for NBFCs in the system.

Auto finance – Review and outlook

The automobiles sector, a significant contributor to India's economic growth, has seen its share of the national gross domestic product (GDP) increase to around 7.1% currently from 2.77% in fiscal 1993 and offers immense potential for expansion.

Vehicle finance – the second-largest segment for non-banking financial companies (NBFCs), comprising ~30% of their overall assets under management (AUM) – assumes significance in the context of the enormous growth potential of the automobile industry in India.

Between fiscals 2020 and 2024, the vehicle finance segment clocked a compound annual growth rate (CAGR) of ~13% between, compared with overall NBFC vehicle finance AUM growth of ~12% CAGR. In fiscal 2024, the sector grew a robust ~20%, while NBFCs grew ~23%, driven by robust consumer spending, higher purchasing power, accelerated industrial production, government capex, and favorable government initiatives. The auto industry's sales in terms of units grew ~12% in fiscal 2024, compared with ~20% the previous fiscal.

Automobile sales increased 7.5% on-year in August 2024, largely driven by the strong performance of two-wheelers. After experiencing double-digit growth in July, vehicle registrations slowed down in August, due to a decline in the transport vehicles segment.

Growth picked up in the second half because of festive demand, improving rural demand and softer prices at the dealers as they offered discounts to reduce inventory. Demand for two- and three-wheelers should remain strong in fiscal 2025, due to improving rural demand and a normal monsoon.

In fiscal 2026, vehicle finance growth is expected to be ~16-17% due to lower interest rates, with the expectation of a rate cut in the second half of the current fiscal.

Demand for CV financing to remain robust

Currently, CVs command the largest share in NBFC AUMs in vehicle finance, driven by the deep sector penetration in the local economy, ease of loan processing, relatively higher loan-to-values (LTVs), and higher risk-taking ability of NBFCs. Between fiscals 2024 and 2027, CV financing is expected to log 11-13% CAGR, driven by robust demand from various sectors.

In particular, demand for LCV finance is expected to be strong due to the growing demand from the quick-commerce industry. LCVs are considered less cyclical compared with M&HCVs, due to their usage in e-commerce delivery fleet, providing a stable source of demand. The overall outlook on CV financing remains stable, driven by 6.8% GDP growth in the current fiscal, with private capital expenditure kicking in, resulting in increased economic activity in the manufacturing and mining segments.

NBFCs to leverage dominance in pre-owned vehicle finance

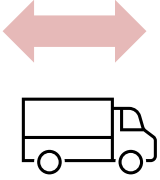

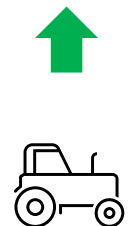

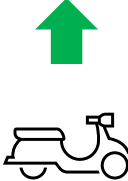

The distribution of market share between banks and NBFCs has remained rangebound, with banks enjoying around 45% market share. Banks lead in the new-vehicles segment, while NBFCs specialise in used vehicles. The pandemic had accelerated the interest in used cars, which comprise a big chunk of CV finance, leading to a shift in demand from new vehicles to used vehicles. As a result, NBFCs are poised to increase their share in used-vehicle financing. With new-vehicle prices rising due to the changes in emission norms, technological advancements and higher commodity prices, NBFCs are well-positioned to capitalise on the growing demand for used vehicles, which is expected to continue to drive their growth in the vehicle-financing market.

The depreciation rate of new vehicles is higher in the initial years compared with used vehicles, which have already undergone initial depreciation, making them a more cost-effective solution. Technological advances and manufacturing have improved the quality and reliability of used CVs, boosting customer confidence in their performance and durability. Furthermore, the growth of micro, small, and medium enterprises (MSMEs) in India, driven by favourable government policies and economic conditions, has increased the demand for used CVs as a sustainable and cost-effective option for logistics and transportation requirement.

Demand for 2Ws, 3Ws, used CVs, and tractors will stay strong in fiscal 2025, while CV finance moderates and PV finance declines

Personal loans – Review and outlook

The market size of personal loans grew 22% on-year in fiscal 2024, reaching Rs 12,777 billion with non-banking financial companies (NBFCs) continuing to outpace banks. NBFCs grew their personal loan portfolio 39% on-year to Rs 3,141 billion compared with the 18% growth of banks.

Credit growth is expected to maintain a moderate pace in the near term, building on the normalisation seen in fiscal 2024

Note: P – Projected

Source: CRISIL MI&A Research, Credit bureau

The personal loans segment was marked by post-pandemic exuberance in fiscal 2023 and the first half of fiscal 2024, even as lenders — both banks and NBFCs — preferred retail loans over wholesale loans. Multiple factors were at work, including the granularity of the retail loan book against legacy asset-quality issues in the wholesale segment, leveraging of technology to achieve scale, changing consumption patterns and alleviation of income-related risks after the pandemic..

Given the evolving situation after the RBI’s caution and circular on risk weights, the exuberance is expected to taper into a normalised, albeit healthy growth. Hence, the overall credit outstanding is expected to be slightly lower at 16-18% to Rs ~14.8-15.0 trillion in fiscal 2025. This steady growth momentum is expected to continue into fiscal 2026, with credit outstanding maintaining a similar pace.

Fiscal 2024 round-up

- The average ticket size increased to Rs 89,093 in March 2024 from Rs 76,354 in March 2023 as banks and NBFCs focused on building quality loan book amid slowdown in disbursements in the second half of fiscal 2024
- Tier 2 and lower cities dominated the disbursement pie, with their share expanding. The sharper focus of NBFCs on these regions will continue to support their growth trajectory, with contribution from the top five metros declining
- Public sector banks continue to dominate originations (value), while NBFCs (fintechs and others) are market leaders in terms of volume

Personal loan book of NBFCs to grow faster than that of banks

NBFCs have outpaced banks in terms of growth in credit outstanding, leveraging their segmental focus. In contrast, personal loans constitute just a portion of the overall portfolio for banks. NBFCs also benefit from their extensive branch network, which is spread across remote areas as well. These factors, along with high contribution from the digital platforms, kept the credit growth of NBFCs healthy, albeit tapered, leading to a 39% on-year increase in fiscal 2024. NBFCs growing faster than banks, CRISIL MI&A Research expects the former’s market share to increase in the near term.

NBFCs to corner more market share in near term

Note: P – Projected

Source: CRISIL MI&A Research, credit bureau

The market share of NBFCs has risen sharply over a low base because of their aggressive strategies. CRISIL MI&A Research expects NBFCs to sustain the pace and capture share from banks in the near term. Fintechs and NBFCs compete fiercely with banks, even though they cater to different consumer segments.

Normalisation in the NBFC loan book

Note: P— Projected

Source: CRISIL MI&A Research, credit bureau

Between fiscals 2020 and 2024, disbursement of personal loans by NBFCs increased at a compound annual growth rate (CAGR) of 41% and a sharper 47% on-year in fiscal 2024, with loan outstanding at ~Rs 3.1 trillion. The robust growth in fiscal 2023 continued till the first half of fiscal 2024. Since then, following the RBI’s concerns on unsecured lending, NBFCs have exercised vigilance over their personal loan portfolio, curbing disbursements in this sector, which tapered the momentum expected this fiscal.

NBFCs have exhibited aggressive strategies with disbursements to riskier borrower segments, although they have a granular portfolio with smaller ticket-size loans. As per CRISIL MI&A Research, the NBFCs’ loan book is projected to grow 24-26% to ~Rs 3.9 trillion this fiscal and similar pace of growth is expected to continue in fiscal 2026.

NBFCs and fintechs focus on small-ticket loans

With NBFCs and fintechs deepening their market penetration, the share of small-ticket personal loans, i.e., loans below Rs 100,000 in value, has gradually increased over the past few years.

However, the average ticket size increased sharply in fiscal 2024 since banks and NBFCs employed filters into their personal loan book amid a slowdown in disbursals in the second half. They focused on quality borrowers to curb the building stress on asset quality. Further, the proportion of very low and low-risk borrowers rose. As of March 2024, the average ticket size was ~Rs 37,000 for NBFCs and Rs 432,000 for banks compared with an overall average of ~Rs 89,000.

Fintechs have been rapidly expanding their base in the personal loans segment by offering smaller-ticket and short-tenure loans to younger, low-income and digital-savvy customers with insufficient credit history through alternative scorecard-lending models. The loans disbursed are now as low as Rs 5,000-20,000 for aspirational customers.

In fiscal 2024, transactions of NBFCs (including fintechs) declined marginally to 87% of overall transactions by volume from 88% in fiscal 2023. In value terms, transactions grew to 36% of total disbursements from 30%, given their low-ticket size.

MSME - Review and outlook

The MSME lending landscape has undergone a significant transformation in recent years, with both banks and non-banking financial companies (NBFCs) intensifying their focus on this segment. The perfect storm of digital lending, government-backed initiatives, a thriving economy, and increasing adoption of formal credit channels has propelled this growth. Moreover, the shift towards cash flow-based underwriting has further boosted lending to MSMEs. This upward trend has been consistent over the past five fiscal years, with lenders recognizing the vital role MSMEs play in the economy. Fiscal 2024 witnessed a remarkable 22% growth in the overall MSME lending, with NBFCs taking the lead peaking at 27% and banks following at 20%, albeit on a higher base.

According to CRISIL MI&A Research, MSME credit growth is expected to stabilize in fiscal 2025, with a moderate growth rate of 20-21%. Banks are anticipated to lag, growing at a slower rate of 18-19%, while NBFCs are poised to take the lead with a robust growth of 24-25%. In fiscal 2026, the overall MSME credit growth is expected to marginally improve to 21-22%, with banks maintaining a steady growth rate of 20-21% and NBFCs sustaining their momentum with a consistent growth rate of 24-25%.

Sources: Company reports, CRISIL MI&A Research

In fiscal 2024, the revenue growth of small and medium-sized enterprises slowed down to 7.8%, primarily due to a decline in export and commodity-led sectors. The slowdown in export-led sectors was attributed to a moderation in growth in the US and EU markets, which together account for around one-third of India's exports. As a result, export-led verticals with over 50% export share experienced sluggish growth of around 3%. However, the healthcare, consumption, construction, and infrastructure sectors continued to propel growth, while the information technology-enabled services (ITES) sector stood out as a bright spot among export-led sectors.

In fiscal 2023, the healthcare, consumption, and construction sectors drove the growth of MSME lending, following a faster-than-expected revival in economic activity and pent-up demand post the pandemic. Robust economic growth is linked closely to the sector as MSMEs form ~30% of the gross domestic product (GDP). However, owing to slower GDP growth in foreign markets, such as the UK and US, export-oriented MSMEs saw lower growth. Fiscal 2022 saw a growth spurt in MSME lending, following a plummet in fiscal 2021, driven by the revival in economic activity and pent-up demand post the pandemic.

Looking ahead, fiscal 2025 is expected to see revenue growth of 7.5-8% driven by three key sectors: healthcare, consumption, and agri-linked industries. The healthcare sector will benefit from easing pricing pressures in the US markets and domestic demand, while the consumption services sector will be boosted by increasing enrolments and fee hikes in coaching classes. In the agri sector, milk and dairy products, as well as farm equipment, are expected to drive growth.

NBFCs' LAP portfolio to grow 24-25% this fiscal and next

Notes:

1. P: Projected

2. Credit deployment data published by the RBI was revised with effect from January 2021 and so were the comparable numbers for the previous fiscals

Sources: Company reports, CRISIL MI&A Research

The LAP market saw a remarkable rebound in fiscal 2023, with banks and NBFCs posting growth rates of 38.6% and 29.2%, respectively, the highest since the pandemic. The growth slowed down in fiscal 2024, with banks growing at 22.9% and NBFCs at 27.6%. In fiscal 2023, banks had initially taken the lead owing to the perceived safety of collateral-backed loans. However, in fiscal 2024, non-banks, particularly HFCs, caught up and even surpassed banks in the LAP growth, driven by their focus on maintaining higher yields.

According to CRISIL MI&A Research, the LAP market is expected to experience a moderate expansion this fiscal and next, with banks and NBFCs projected to grow at 22-23% and 24-25%, respectively for both fiscals.

Non-LAP growth to be led by NBFCs, with banks focusing more on LAP

Loans with security and those without it make up the non-LAP sector. Working capital products, such as cash credit, overdraft facilities and bill discounting, as well as other term loan products (asset-backed or hypothecated loans), are examples of non-LAP secured MSME loans. Hypothecated loans are term-based where the offered collateral is a combination of real estate, stock and so on.

Self-employed borrowers are provided unsecured MSME loans in the absence of a collateral. Instead of being dependent on a collateral, this type of lending is cash-flow-based. Unsecured loans are reviewed based on a variety of factors, including scorecards, bureau checks, bank accounts, financial statements and returns from the goods and services tax. When a small business reaches a bank's cash credit and overdraft limits, it typically goes for an unsecured business loan to expand or sustain operations, take advantage of short-term possibilities or get through a cash flow crisis. Many lenders offer these loans, in addition to the secured loans they already possess.

Owing to the non-availability of collateral, underwriting plays a key role in maintaining the asset quality of unsecured business loans. Underwriting these loans requires expertise and is powered by new financial technology and increased availability of data on customers' credit history. Competition in the secured loans market (especially retail loans) has compelled the NBFCs and a few private banks to gain expertise in niche lending and build robust digital platforms to cash in on fresh opportunities in the unsecured business loans space, while maximising profitability.

Asset Quality

MSME asset quality improves, expected to remain range bound

As of March 2024, the Gross Non-Performing Asset (GNPA) ratio stood between 4-5%. Among various lenders, the asset quality of private banks, which serve relatively low-risk customers, is better than other lender categories, such as NBFCs, which serve customers with lack of documented income.

As of March 2023, the GNPA level decreased due to continued improvement in economic activity, better collection efficiency, and strong credit growth. Prior to that, as of March 2021, asset quality of MSME loans deteriorated owing to Covid-19 as income of the borrowers was impacted, leading to a rise in GNPA numbers.

Looking ahead, CRISIL MI&A Research estimates asset quality to be in a similar range of 4-5% during fiscal 2025 due to expected slippages as the portfolio seasons.

Wholesale finance – Review and outlook

Wholesale finance involves providing short- and long-term funding by banks and other financial institutions to large and medium-sized firms, including real estate developers, and institutional customers. CRISIL MI&A Research excludes lease-rental discounting and lending to the infrastructure sector from the wholesale book.

NBFCs have been cautious while lending to both corporates and real estate companies. As a result, over the past five fiscals their wholesale book declined 4% annually on a compound basis. NBFCs/HFCs that plan to reduce wholesale portfolio are close to achieving their targets this fiscal.

At the same, NBFCs/HFCs that continue to expand their wholesale portfolios are expected to stabilise their lending this fiscal and remain steady in the next. After a slight 0.4% degrowth in fiscal 2024, CRISIL MI&A Research expects the wholesale book of NBFCs to start recovering this fiscal clocking a growth rate of 1-2%. We expect the growth to sustain in fiscal 2026.

Real estate got 46% of NBFCs' overall wholesale lending last fiscal; share to decline this fiscal and next

NBFCs' real estate lending declined to ~Rs 1.1 trillion in fiscal 2024 from ~Rs 1.6 trillion in fiscal 2020, primarily due to asset quality stress resulting from pandemic-led lockdowns, which halted construction and also gave rise to labour shortages, leading to extended construction timelines and financing challenges. However, government policy interventions such as the Real Estate Regulatory Authorities allowing completion date extensions, low repo rates and cut in stamp duties supported developers by providing the much-needed boost to keep construction projects afloat. These measures led to an improvement in sales, benefitting the entire ecosystem.

Industry overview

Government support and regulations

Government support in the form of investment funds will be beneficial to wholesale lenders in the medium term owing to the significant stress in the segment, which has seen a slowdown in fund inflow that was worsened by the Covid-19 crisis. In the long term, the wholesale finance segment is expected to undergo major structural shifts.

SWAMIH Investment Fund

On September 14, 2019, the Ministry of Finance announced several measures to revive the real estate sector and boost economic growth. Among them was the establishment of the Special Window for Completion of Affordable and Mid-Income Housing (SWAMIH) Investment Fund. As on March 17, 2023, the fund had delivered over 22,500 homes. In a short span of time since its inception, the private equity fund managed by SBICAP Ventures Ltd has become the largest social impact fund in India. The alternative investment fund, which provides last-mile funding for stalled affordable-housing and mid-level projects, was created to boost real estate investments, primarily in the form of non-convertible debentures. The objective of the scheme is to trigger last-mile construction of stalled units and ensure delivery to home buyers. The fund offers loans at a rate of 12% per annum without any processing fees.

Status of SWAMIH Investment Fund as of March 2023

As of March 2023, SWAMIH had accorded final approval for about 130 projects, with sanctions worth over Rs 12,000 crore. In the three years since its inception in 2019, the fund completed 20,557 homes and aimed for completion of more than 81,000 homes in the next three years across 30 tier 1 and 2 cities. The fund has projects in 30 cities, including Amravati, Amritsar, Coimbatore, Dehradun, Jaipur, Jodhpur, Meerut, Mohali, Nagpur, Nasik, Thrissur, Vizag, MMR, NCR, Pune, Hyderabad, Bengaluru and Chennai. The fund will continue to evaluate and commit to new projects until its deadline in December 2024. As of March 2023, the fund had given preliminary approval to about 1.1 lakh units, exited 12 real estate projects and partially exited 17 projects either post completion or once the project became viable and sustainable by itself.

PM Gati Shakti

This programme is aimed at building next-generation infrastructure, which improves the ease of living as well as ease of doing business. The multi-modal connectivity will provide integrated and seamless connectivity for the movement of people, goods and services from one mode of transport to another. It aims to facilitate last-mile connectivity of infrastructure and reduce travel time. Developments in infrastructure and connectivity are expected to support the real estate segment in the medium term.

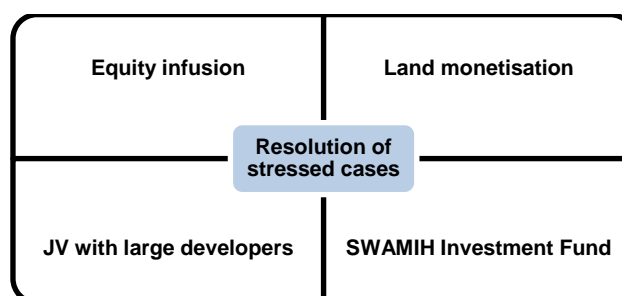

REITs and infrastructure investment

Infrastructure investment trusts (InvITs) and REITs are cutting-edge pooled investment vehicles that enable the monetisation of real estate and infrastructure assets, while also giving investors the chance to engage in these assets without actually owning them.

Given the significance of private investment in infrastructure development and the crucial roles that REITs and InvITs may play, the Securities and Exchange Board of India (SEBI) has consistently worked to both enhance and simplify the regulatory framework governing them.

Structural shifts

The stress in the wholesale segment is clearly visible in the higher NPA levels. Over the years, most HFCs and NBFCs have changed their strategies/focus to reduce their wholesale exposure, opening up opportunistic investments for private equity funds.

Overview

Our Company is the flagship company of the Piramal Group, one of the leading conglomerates in India. Our Company is a non - deposit taking, RBI registered systemically important NBFC, engaged in providing wholesale and retail lending. Our retail lending business is primarily conducted through our wholly owned subsidiary, Piramal Capital & Housing Finance Company Limited (“**PCHFL**”), which is a housing finance company registered with the National Housing Bank (“**NHB**”).

Our Company was incorporated on April 26, 1947 under the name ‘Indian Schering Limited’. We first entered the pharmaceuticals industry in 1988, following our acquisition of Nicholas Laboratories India Limited and have expanded through our organic and inorganic growth strategy. Over the years, we have conducted a series of mergers and acquisitions, joint ventures, strategic alliances and various organic initiatives, including entering into the financial services and healthcare insights and analytics space. Our Company entered the financial services sector by lending to the real estate sector. Thereafter, we expanded our lending platform to serve the needs of corporates and individuals. Until April 1, 2022, our Company was engaged in the business of (i) manufacturing pharmaceutical products and providing a diversified pool of pharmaceutical services through Piramal Pharma Limited (“**PPL**”); and (ii) providing financial services through our subsidiaries, PCHFL and PHL Fininvest Private Limited (“**PFPL**”).

With an aim to segregate the businesses of the Piramal Group, our Company entered into a scheme of arrangement with, *inter alia*, PPL and PFPL, which was approved by the NCLT by way of its order dated August 12, 2022 (the “**Scheme**”). Pursuant to the Scheme, the pharmaceutical business was demerged from our Company, and our wholly owned subsidiary PHL Fininvest Private Limited (a registered NBFC) was amalgamated into our Company. For further details of the Scheme, please see “*History and Certain Corporate Matters – Scheme of Arrangement*” on page 182 of this Draft Shelf Prospectus. Subsequently, we received the registration as a Non-Banking Financial Institution - Systemically Important Non-Deposit taking from RBI on July 26, 2022. Under the applicable RBI guidelines, our Company is identified as a Non-Banking Finance Company - Middle Layer (“**NBFC-ML**”), and our Subsidiary, PCHFL is identified as a Non-Banking Finance Company - Upper Layer “**NBFC-UL**”).

The Growth Business AUM has increased from 78.83% of the total AUM as of March 31, 2024 to 83.85% of the total AUM as of September 30, 2024. Legacy Business includes Wholesale 1.0 loans and other non-core assets like security receipts, alternative investment funds, land and receivables. We are focussing on increasing our Growth Business and reducing the Legacy Business.

Our retail lending business primarily focusses on self-employed individuals and MSMEs. We offer six types of retail loan products, which are (i) housing loans; (ii) secured MSME (LAP) loans; (iii) used car loans; (iv) business loans; (v) salaried personal loans; and (vi) digital loans. Our wholesale lending business focuses on companies engaged in the real estate sector and certain other sectors such as NBFC/NBFC-FI, healthcare, infrastructure, renewable energy, hospitality, logistics, and auto components. For our real estate customers, we provide financing solutions such as early stage financing, structured debt, senior/junior secured debt, construction finance, loan against property, corporate loan and flexible lease rental discounting. Other than the real estate sector, our wholesale lending business primarily focuses on cash backed, small ticket size construction finance clients as well as corporate and mid -market lending (“CMML”). For our wholesale lending business, we have introduced a new strategy ‘Wholesale 2.0’ recently, for loans sanctioned under corporate mid-market loans and real estate financing (“Wholesale 2.0”). We have recently also commenced Small Developer Finance (“SDF”) for lending to mid-market and affordable housing projects in low penetrated markets of Tier 1 outskirts and Tier 2/3 cities. For further details, please see “Business Operations” on page 165 of this Draft Shelf Prospectus.

We have a seasoned, professional management team with relevant experience in various financial services and business functions, who guide our dedicated employees to enable business growth. We believe that our management structure and team with a depth of experience enables us to have a strong succession pipeline for senior leadership positions and also helps us to carefully nurture our culture of growth, innovation and high-quality governance. For further details, see "Our Management" on page 188 of this Draft Shelf Prospectus.

Strong presence in the underserved retail segment

We believe that a large segment of India's population which is self-employed or employed in informal sectors primarily require retail loans, and are currently underserved by formal financial institutions as they lack sufficient documentation and a historical credit trail. Over the years, we have concentrated on growing our retail segment with specific focus predominantly on the metro adjacent and tier 2 and 3 cities and towns, as majority of the population in such areas largely relies on informal money lenders. We have capitalised on this opportunity by concentrating on our growth in the retail segment in such areas. The AUM of our retail lending business was ₹47,926.59 crores as of March 31, 2024 and it has increased to ₹54,736.53 crores as of September 30, 2024. As of March 31, 2024, the ratio of retail loans to wholesale loans in terms of contribution to our total AUM was 70:30 and as of September 30, 2024 was 73:27.

The varied average ticket size of our retail loan products ranging approximately from ₹50,000 in digital lending to ₹23.30 lakhs in secured MSME (LAP) segment allows us to cater to the diverse requirements of our customers and capture a share of the untapped demand. Our housing loan products in the retail lending business target to address the requirements of the large informal income generating segment of customers by customizing the products to cater specifically to their needs. The three primary loan products under the category of housing loans are (i) affordable housing; (ii) mass affluent housing; and (iii) budget housing. As of September 30, 2024, our housing loans held the maximum share of 43.78% of our total retail AUM. Prior to the acquisition of DHFL, our retail lending business was focused on home loans and loans against property. Post the acquisition, our retail lending business also includes secured and unsecured MSME loans, other secured and unsecured loans.

We have grown our network of retail branches from 490 branches as of March 31, 2024 to 508 branches as of September 30, 2024, increasing our reach to the customers in underpenetrated markets in India. We believe that there is a demand for credit in such markets which can be met with the use of technology and data.

We have leveraged our branch network along with our technology driven approach and partnerships to strategically design product offerings basis the customer segment, market and ease of accessibility. We believe that our wide network of branches combined with our multiple retail products and a technology driven approach enables an increased ease of access to credit for our customers.

Strong asset quality with healthy underwriting and asset management practices

We place emphasis on risk management and extensive due diligence practices aimed at choosing high quality assets and ensuring strong underwriting practices. We believe that we have a well-established risk management framework and healthy asset monitoring practices. The risk management framework spans across the pre-sanction and post-sanction stages, whereas asset monitoring is conducted throughout the life cycle of a project. We believe that our business processes ensure independence of functions and segregation of responsibilities.

The risk management framework adopted by us involves efficient and effective practices and processes followed by independent risk, legal, and compliance teams which directly report to the Board. Our loan book is secured with adequate security cover, mostly first charge on assets. Asset management teams conduct regular site visits for first-hand updates on projects. Our practices and processes are manifested in delivering high quality performances consistently. Despite headwinds of liquidity

tightening and policy changes, our Company has been able to maintain strong asset quality during turbulent times in the market and economy. In the pre-sanction process, our Company analyses the potential investment at the pre-approval stage by leveraging our in-house real estate distribution arm verifies price, ticket size and sales velocity assumptions. For corporate borrowers, a detailed due diligence of business and its financials is conducted along with detailed market feedback. Every potential investment is subject to a standard risk scoring system by the risk team to measure risks associated with the investment. The financing is structured in a manner that links the disbursements of loans to the milestones linked to construction, approval and sales/collection of the underlying project, among other things. For further details in relation to the pre-qualification stage of financing projects, see “*Lending policies and procedures - Customer appraisal and approval process*” on page 171. In the post-sanction process, we have set up dedicated local teams in cities where we have investments as part of our constant asset monitoring efforts. The local teams assess the performance of each project from the time of its initial investment up to our Company’s exit or completion of such investment.

In the domain of retail portfolio management, the underwriting process strictly adheres to prudent norms, including compliance with Fixed Obligation to Income Ratio (FOIR) and Loan-to-Value (LTV) norms. Further, AI/ML risk score cards are used to reject the high-risk proposals. The evaluation process encompasses comprehensive legal and technical assessments of the associated property in mortgage products for which organization leverages in-house legal and technical team.

Company has an elaborate risk governance at executive level which comprises of various committees. Credit Risk Management Committee (CRMC) oversees portfolio performance, delinquency & collection resolution. A regular update is provided to CRMC on risk limits at a granular level. Operational Risk Management Committee (ORMC) is responsible for overseeing and managing operational risks within the organization. An independent Operational Risk Management team has created framework and tools such as Key Risk Indicators (KRI) to monitor, analyze, manage, and mitigate key risks. Further, Risk Control Matrices (RCM) are implemented to assess operational risk and test the effectiveness of controls. Fraud Risk Management Committee (FRMC) is responsible for overseeing and managing the risks associated with fraudulent activities. FRMC is presented with information related to fraud identification and control gaps in processes where vulnerabilities exist, and appropriate corrective & preventive procedures are advised.

We believe that enhanced asset management can be achieved by leveraging of technology. We use a technologically enabled internal proprietary scorecard system, which uses parameters over and above that of a CIBIL score. The system is seamlessly digitized, allows the entire lending process to be conducted digitally and fastens the disbursements to customers. It also enables us to cross sell our other products. The checks conducted by the technology used by us has multiple layers, at a branch and central level, ensuring that subjectivity is reduced from the underwriting process. In an effort to grow our digital embedded finance business, we continue to strengthen our partnerships with fintech NBFCs, transaction platforms, ed-techs, MSME platforms, and gold collateral companies. So far, we have launched few programs that are fully digital. Our digital finance business in the retail sector is presently focused on categories such as consumer fintech, pre-owned cars, education, healthcare services, merchant commerce, digital personal loans, gold loans and OEMs. Our technology backed approach provides us the flexibility to reach our customer base both physically and digitally and enables us to cross sell our products.

Well capitalised and liquid balance sheet

We conduct our operations under the NBFC license and are subject to the capital to risk assets ratio (“**CRAR**”) requirements prescribed by the RBI. We maintain a well capitalised and low leveraged balance sheet, which enables us to maintain a healthy financial position. As of September 30, 2024, our Tier I CRAR was 33.20% and our Tier II CRAR was 1.25% on a standalone basis, as against the statutory minimum capital adequacy of 15.00% currently prescribed by RBI. We are focussed on maintaining a balanced CRAR. Also, our Company has maintained a low leveraged balance sheet with debt to equity ratio of 0.41 on a standalone basis as of September 30, 2024. Our aim is to continue to maintain a low debt to equity ratio.

Diversified borrowing profile

Over the years, we have developed a diversified funding base, maintained long-term relationships with our lenders and established a track record of timely servicing our debt obligations. We fund our capital requirements through multiple sources. Our primary sources of funding include term loans, issuance of non-convertible debentures, commercial paper, securitization and external commercial borrowing.

The following tables set out the Group’s existing funding structure by instrument in the books of account, as at September 30, 2024:

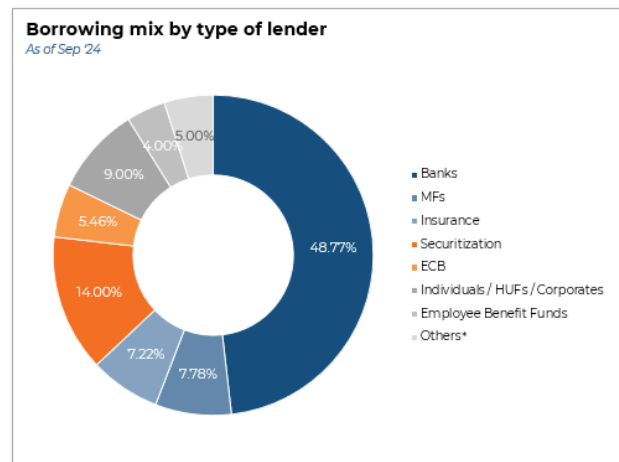

Debt Profile (breakdown by instrument)	As at September 30, 2024 (as %)	As at September 30, 2024 (in ₹ Crores.)
Bank Loans	28.84%	16,632.70
NCDs / Bonds	49.70%	28,664.36

PCHFL raised \$100mn social impact loan & raised USD sustainability bond of \$300mn in Jul '24 and \$150mn in Oct '24

Notes: Borrowings include direct assignment (DA) of INR 3,686 Cr as of H1 FY25, INR 1,598 Cr as of FY24, INR 875 Cr as of FY24.
*) Includes NHB, & other financial institutions.

We believe that we are well placed to manage the impact of rising interest rates as 45.89% of our total borrowings in Fiscal 2024, being fixed-rate liabilities and 39.07% of our assets being fixed rate assets. We aim to diversify our loan book and maintain a conservative liability mix.

Note: (*) Liabilities includes fixed rate borrowings of INR 15,710 Cr for H1 FY25

We believe that our diversified sources of borrowing have allowed us to gain better access to cost-effective debt financing. As of September 30, 2024, our cash and cash equivalents and other bank balance on a standalone basis amounted to ₹655.19 crores, which we believe reflects our strong liquidity position.

Ability to build synergies through acquisition and integration of businesses

We have an established track record of acquiring businesses to complement our existing business offerings, and scaling up and growing businesses. Through acquiring complementary businesses and synergies, we have sought to increase our scale, enhance our capabilities, and network and expand into adjacencies.

For instance, in September 2021, as part of our strategy to transform our financial services, we acquired DHFL pursuant to a reverse merger and integration into PCHFL, as part of a resolution plan. The total consideration paid for the acquisition was ₹34,250 crores (including upfront cash of amount ₹14,700 crores and ₹19,950 crores through a 10-year NCD at the interest rate of 6.75% p.a.). We have successfully integrated the business acquired pursuant to the acquisition of DHFL into our business. We have been able to service customers in the remote areas of India due to the vast branch network augmented by the acquisition of DHFL, which added a large number of branches to our existing network. Prior to the acquisition of DHFL, our retail lending business was focused on home loans and loans against property. Post the acquisition, our retail lending business also includes secured and unsecured MSME loans and other secured and unsecured loans, thereby reducing our concentration risk. Our focus has been for all branches to be active and to provide multiple products. With the increase in the number of products offered and utilizing the branch network to its fullest capacity, most of our branches now provide multiple products, resulting in an increase in disbursements of not only home loans but across different product lines. The increase in our branches has enabled us to service customers in remote areas of India. The acquisition of DHFL has been a step towards efficiently optimising and deploying capital which is reflected in our capital adequacy ratio.

Our management team has undertaken significant acquisitions in the past, and these acquisitions have been instrumental in our rapid growth. We have successfully integrated such acquisitions into our business which has enabled us to further increase value for our stakeholders.

Our Strategies

Continue to focus on the financial needs in the underserved rural and semi-urban areas

We believe that a large segment of India's population which is self-employed or employed in informal sectors primarily require retail loans, and are currently underserved by formal financial institutions due to lack of reach and perceived higher risks. Our target customer is the budget customer of "Bharat". The target customers are self-employed individuals or individuals earning salaries from the informal sector, predominantly residing in metro adjacent and tier 2 and 3 cities and towns of India and underserved/unserved by formal financial institutions for their credit needs. We have maintained our focus on growing our

customer base in such underpenetrated market and intend to continue to do so going forward and intend to utilise this opportunity to strengthen our position in this underserved market that prioritizes understanding the goals and aspirations of borrowers rather than focusing solely on traditional, impersonal criteria like financial documents, or other forms of paperwork. Our products have a average ticket size ranging from ₹60,000 in microfinance to ₹22.20 lakhs in home loans and loans against property which will enable us to cater to the diverse requirements of our customers and capture a significant share of the untapped demand.

We intend to continue penetrating deeper in the states and districts where we currently have operations, and also expand our footprint into other areas that have limited or no access to formal banking and finance channels. We intend to continue to grow our portfolio by enhancing our presence and reach to customers, by expanding our branch network through opening new branches and extend credit to underserved individuals to support them in achieving their goals and aspirations. We have developed and implemented practices and policies to address the issues faced in the underserved market and to address the customers’ need to access funds, while ensuring robust credit underwriting and collections policies. We will continue to evaluate the offerings at our branches and customize our products to the needs and demands of our customers in the region in which our branches are located and correspondingly expand existing operations and resources in different territories.

Continue to steadily increase retail lending while maintaining a balance against wholesale lending

Our retail lending business currently has three main types of products, which are (i) mortgage (including housing loans and loans against property), (ii) other secured loans and (iii) unsecured loans (including microfinance loans). . We are evaluating potential products and opportunities and aim to add new products to our retail lending business. We aim to create a loan book with a strong focus on retail products, as our retail lending business provides product diversification and also reduces customer concentration risk. We intend to continue to be a leading housing focused diversified retail business.

The acquisition of DHFL has resulted in an increase in the contribution of the retail lending business to our AUM. Our AUM for retail lending business stood strong at ₹ 47,926.59 crores as of March 31, 2024 and ₹ 54,736.54 crores as of September 30, 2024. The ratio of our retail loan share to the wholesale loan share in terms of contribution to our total AUM increased to a ratio of 73:27 as of September 30, 2024 from 70:30 as of March 31, 2024. Our disbursements in the quarter and half year ended September 30, 2024 from the retail lending business stood at ₹ 14,881.56 crores.

We will continue to focus on improving the technology backed approach for our retail lending business, which we believe will drive our growth and enable us to have a multi-product approach for customers who are underserved by formal financial institutions. As we continue to expand our retail lending business, we are also investing in manpower, branch infrastructure, technology, and analytics of our retail lending business for our future growth. As a part of our business strategy, we aim to achieve a higher retail to wholesale lending ratio over the next few years, by further penetration in the retail segment and addition of branches. In line with our aim to balance wholesale lending, we have introduced a new strategy Wholesale 2.0 recently, for loans sanctioned under corporate mid-market loans and real estate financing. The new lending is more granular, selective and cash backed. We continue to focus on the reducing Wholesale 1.0 and increase its Growth Business strategy, which includes its retail lending and Wholesale 2.0 operations.

The diagram below represents our retail and wholesale AUM on a consolidated basis for Fiscal 2024.

Strengthen the granularization of the wholesale lending loan book with conservative provisioning to manage contingences

We have made consistent efforts to granularize our existing loan book and build a healthy pipeline across real estate financing and corporate lending. We have been working towards building a quality wholesale lending loan book which primarily focuses on real estate financing and CMML. We have introduced a new strategy Wholesale 2.0 recently, for loans sanctioned under corporate mid-market loans and real estate financing. A key component of this strategy is focusing on granularizing our existing loan book while focusing on mid-market residential projects in tier-1 cities and towns. We intend to expand in the top 15-20 tier 2 and tier 3 cities and towns in India by lending to strong local developers through SDF and focusing on smaller ticket CMML. Our AUM from Wholesale 2.0 as of September 30, 2024 is ₹ 7,889.08 crores and we aim to further build a diversified and granular loan book backed by cash flows and assets in Wholesale 2.0.

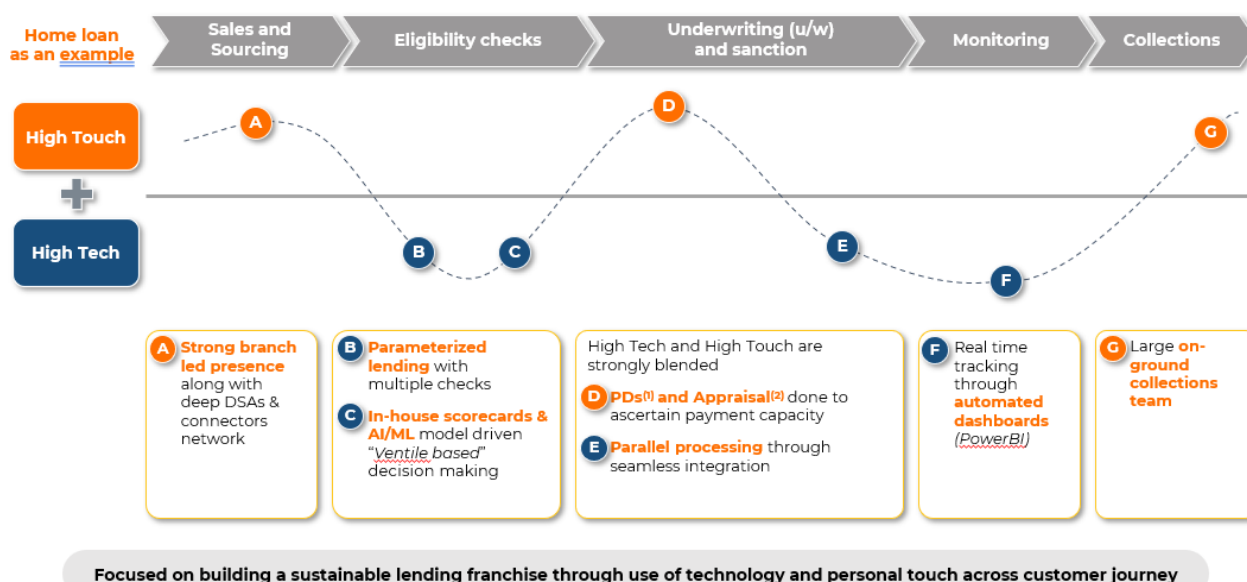

Of our total AUM of ₹ 7,889.08 crores from Wholesale 2.0, ₹ 5,900.82 crores is from our real estate financing business as we continue to leverage the opportunity in real estate financing with a few major NBFCs/HFCs vacating the real estate financing business. We believe that from cyclical and structural perspectives, this is a conducive time to build our real estate financing business with better-governed developers. We are further in the process of reducing our AUM from our previous strategy ‘Wholesale 1.0’ through a combination of various means such as accelerated repayments and settlements. We have reduced the AUM from Wholesale 1.0 by 50.12% YoY or by ₹ 11,942.92 crores from ₹23,827 crores in Fiscal 2023 to ₹ 11,884 crores in Fiscal 2024.

Build a robust technology backed network to improve customer reach and operating efficiency

We have adopted a technology backed approach to build our retail lending business. Our technologically enabled proprietary scorecard system that uses parameters over and above the CIBIL score for analysis of customers and also digitizes the customer’s journey ensuring a faster and seamless process. We intend to further develop and strengthen our technology platform to support our growth and improve the quality of our services. We believe that this will drive growth and enable us to have a multi-product approach for customers who are underserved by formal financial institutions. The diagram below illustrates our Company’s digital infrastructure.

As part of our digital initiatives, we will continue to focus on developing the skills of our technology staff to help design, develop and support our digital platforms. We will continue to update our systems and use latest technology to streamline our credit approval, administration and monitoring processes to meet customer requirements on a real-time basis. We are in the process of undertaking initiatives to employ the use of artificial intelligence (“AI”) in our operations, which we believe would help build predictive models across credit, sales, collections and risk functions. We believe that improvements in technology will also reduce our operational and processing time, thereby improving our efficiency and allowing us to provide better service to our customers.

This high tech focus is accompanied with a high touch approach and we continue to ensure that a human-centred interaction also remain in the business model. We enhanced our “High Touch + High Tech” strategy by combining personalised customer interactions with advanced technology to achieve balanced growth, manage risks, and ensure profitability. This combination of approaches create value for its customers and stakeholders. The diagram below illustrates this approach with an example of a home loan.

Notes: (1) Personal discussions
(2) Involves process of valuing and appraising the property on-site

We also launched a state-of-the-art Centre of Excellence for Technology and Business Intelligence in Bengaluru, called the “Piramal Innovation Lab”. This is aimed at creating innovative products to cater to the finance requirements of the under-served “Bharat” market. As of Fiscal Year 2024, over 350 professionals are employed in this 36,000 square feet lab, enabling the creation of a vibrant ecosystem of fintechs, start-ups and tech innovators.

Rundown of legacy AUM & exit non-core assets

We have taken a strategic call to run-down the legacy book, including Wholesale 1.0. We continue to focus on resolution of stressed assets, which will further moderate the wholesale book size in the near term. A dedicated specialised team is working towards monitoring and executing the resolution strategy for complex recoveries and enforcement, aimed at improving recoveries and monetisation of assets. There is a targeted reduction of the legacy AUM has decreased by 49.36% on a year on year basis. The Legacy AUM consists of 16.15% of the total AUM as of September 30, 2024. We aim for the legacy AUM to decrease the Legacy AUM and bring it further down to less than 10% of total AUM by this financial year, as per Board approved plan. A smaller legacy book and a rapidly reduced Wholesale 1.0 AUM is also expected to benefit our Company’s cost of funds in the medium to long term.

Our Company holds 20% stake in each of the two holding companies namely Shriram GI Holdings Private Limited and Shriram LI Holdings Private Limited. Further, the Company effectively owns 13.33% in Shriram General Insurance Company Limited and 14.91% in Shriram Life Insurance Company Limited. During the year, as a part of its strategy to monetise the assets to strengthen the balance sheet, our Company sold its entire 20% stake in Shriram Investment Holdings Private Limited (formerly known as Shriram Investment Holdings Limited) and its entire 8.34% shareholding in Shriram Finance Limited (formerly known as Shriram Investment Holdings Limited).

While managing the run-down of the legacy book, PEL is concurrently building a granular and diversified Wholesale 2.0. PEL maintains on building a housing focused diversified retail business and a profitable Wholesale 2.0 business. We aim to tap opportunities in the underpenetrated real estate and corporate mid-market lending.

Business Operations

Our Company provides (i) retail lending services to individuals, MSMEs and micro finance institutions; and (ii) wholesale lending to real estate developers, corporates and MSMEs across sectors. Our operations can also be largely segmented into (a) our Growth Business; and (b) our Legacy Business. Our Growth Business includes our retail and Wholesale 2.0 lending.

Our Growth Business includes Retail and Wholesale 2.0 lending. Through our Retail Lending business, we offer a wide range of secured and unsecured lending products. Our technology-driven, multi-product platform allows us to meet the diverse financing needs of our customers.

1. Retail lending

Our retail lending business is primarily conducted through our wholly owned subsidiary, PCHFL and focusses on self-employed individuals and micro, small and medium enterprises (“MSMEs”). We have been consistently increasing the gamut of products and services offered under the retail lending business. We offer six segments of retail loan products, which are (i) home loans; (ii) secured MSME loans against property; (iii) used car loans; (iv) business loans; (v) salaried personal loan; (vi) digital loan.

The diagram below illustrates the products under our retail lending business.

While the customers may avail auto or consumer durable loans, they are unable to avail formal credit for housing or business loans by formal financing institutions. Our home loan products in the retail lending business target to address the requirements of the large informal income generating segment of customers by customizing the products to cater specifically to their needs. The three primary loan products under the category of home loans are (i) affordable housing; (ii) mass affluent housing; and (iii) budget housing. Our home loans have an average ticket size of ₹22.20 lakhs. As of September 30, 2024, our home loans held the maximum share of 43.78% of our total retail AUM, and 31.10% of our disbursements during the six months ended September 30, 2024. Secured lending

Our diversified retail portfolio has an emphasis on secured lending. Long duration loans continue to remain the core of our AUM, with its various touch points of affordable housing, MSME loans and used car loans. The secured lending category includes the Housing loans, LAP, Used car loans and other secured loans. It is traditionally branch led and is characterized

by customers having one on one assistance from a customer manager at the local branches. We cater to self-employed and salaried customers.

The chart below illustrates the portfolio growth and the performance of disbursement as at September 30, 2024.

Note: [*] In Q2FY25, concluded DA sale transactions of INR 612 Cr in Housing, INR 695 Cr in LAP and co-lending transaction of INR 47 Cr in Housing loans, INR 65 Cr in LAP

Mortgage – Housing Loans & LAP

We provide mortgage as the hook product in its retail segment. This portfolio consists of housing loans and LAP. For any new branch, PEL typically launches mortgage as the initial product. Post our business transformation and corporate reorganisation, we are a well-diversified, housing-centric, retail-led NBFC.

(i) Housing Loans

We provide financing in the housing industry to existing homeowners and new home buyers who are underserved by formal financial institutions in markets that are under-penetrated. Our retail housing products are designed as innovative solutions tailor-made for the specific needs of customers. We offer variants of housing loans to our target segment, based on multiple income assessment methods and leveraging household income, collateral, among other things. Our key product offerings for home buyers are (i) affordable housing loans; (ii) mass affluent housing loans; and (iii) budget housing loans. Our home loans contributed 43.78% to our retail loan book as of September 30, 2024 with average ticket size of ₹22.20 lakhs. As of September 30, 2024, the housing loan portfolio saw a 8.82% increase in AUM from March 2024. Majority of the lending is in tier 2 and tier 3 cities and towns, and the disbursement yield is 11.60%.

Loan to value ratio is in the range of 66.00%, coupled with parameterized lending with multiple checks at both branch and central level, ensuring better asset quality. 90+ DPD delinquency (90 to 179 DPD) is at 0.46% at September 30, 2024.

(ii) Secured MSME (LAP)

We offer three prime loans, comprising of Secured business loans, Loan Against Property (LAP) and LAP plus largely to self-employed customers, with requirements ranging from ₹ 5 lakh to ₹ 4 crore. The properties offered as collateral may be residential, official, warehouses and also includes land. The loans are predominantly availed to expand ongoing businesses of the customers. There is a focus on lending in tier 2 and tier 3 cities and towns. Our secured MSME (LAP) contributed 23.82% to its retail loan book as of September 30, 2024 with average ticket size of ₹23 lakhs.

As of September 30, 2024, the LAP portfolio saw a 23.14% increase in AUM. As of September 30, 2024, the disbursement yield is 12.90%. The average LTV is 49.00% and the 90+ DPD delinquency is at 0.33% at September 30, 2024.

(iii) Used car loans

We cater to customers who require loans for their personal use including for used cars. We work with a large network of partners including dealers, agents, and aggregators. We are focused on growing this product segment. The average ticket size of the loans offered is ₹6.8 lakhs and constitutes 5.62% of our retail loan book as of September 30, 2024. It include sale-purchase, refinance and loan transfers for used cars. We cater to salaried and self-employed customers, including new customers and customers with a substantial credit history. The portfolio grew 45.35% in terms of AUM for September 30, 2024 from March 31, 2024. Majority of the lending is in tier 2 and tier 3 cities and towns and the disbursement yield is 15.10%. The average LTV is 73.00% and 90+ DPD delinquency is at 1.02% at September 30, 2024.

Unsecured lending

Under our unsecured lending category, PEL offers (i) business loans; (ii) salaried personal loans; and (iii) digital loan. The AUM grew by 22.68%, 32.41% for business loans & salaried personal loan and decreased (19.35%) for digital loan from March 2024 to September 2024 and disbursement grew by 21.84% for business loan, decreased by (2.87%) for salaried personal and (54.05%) for digital loan respectively from March 2024 to September 2024. The 90+ DPD delinquency is at 1.62%, 0.97% and 2.97% for business loan, salaried personal loan and digital loan respectively at September 30, 2024. The chart below illustrates the AUM and disbursements in the unsecured lending category.

Note: [*] In Q2FY25, concluded DA sale transactions of INR 81 Cr in Business loans, INR 223 Cr in Salaried PL and co-lending transaction of INR 309 Cr in Business loans

(i) Unsecured Business Loans (UBL)

Our business loans under the unsecured lending category are short term unsecured term loan offered to self-employed customers for meeting their business needs such as working capital, business expansion, full filling the new/bulk orders etc. The average ticket size if ₹ 5.50 lakhs. UBL is offered to both individual and non-individual customers.

(ii) Salaried Personal Loans

Personal Loan is a short to medium term unsecured credit facility to salaried individuals for their personal requirement. It is commonly used to meet financial needs such as wedding expenses, unexpected medical costs, home renovation, travel, debt consolidation and others. The average ticket size is ₹ 4.40 lakhs.

(iii) Digital Loans

We provide small ticket and short term loans under our digital loan segment, including products such as personal loans, purchase finance, merchant buy-now-pay-later, originating through digital channels and partnerships which have also helped us to increase our customer base. We operate our digital loans through a robust in-house platform as well as digital embedded finance, through strategic partnerships with leading fintech and consumer tech firms.

We have entered into partnerships with fintech NBFCs, transaction platforms, ed-techs, MSME platforms and gold collateral companies which we continue to expand. We have launched few programs that are fully digital, such as our technologically enabled internal proprietary scorecard system for our retail lending business. The technology behind digital lending is highly modular and has been originated in-house using generic APIs. 85% of our digital loan disbursements is credit protected primarily through first loss default guarantee (FLDG).

2. Wholesale lending

We have launched Wholesale 2.0 recently, which has contributed ₹ 7,889.08 crores to our total AUM as of September 30, 2024. The strategy for Wholesale 2.0 is to focus on granular loans which have a regular cash pay and are senior secured. There are two segments under Wholesale 2.0. (i) the real estate financing, focusing on mid-market residential projects in tier 1 cities and towns; and (ii) the CMML, focusing on smaller ticket corporate loans (in sectors other than real estate). We are in the process of reducing the loans offered under Wholesale 1.0 through accelerated repayments and settlements.

As of September 30, 2024, Wholesale 2.0 AUM saw growth of 24.30% in comparison to March 31, 2024. Disbursements of ₹ 3,408.61 crores were made in the quarter and half year ended September 30, 2024.

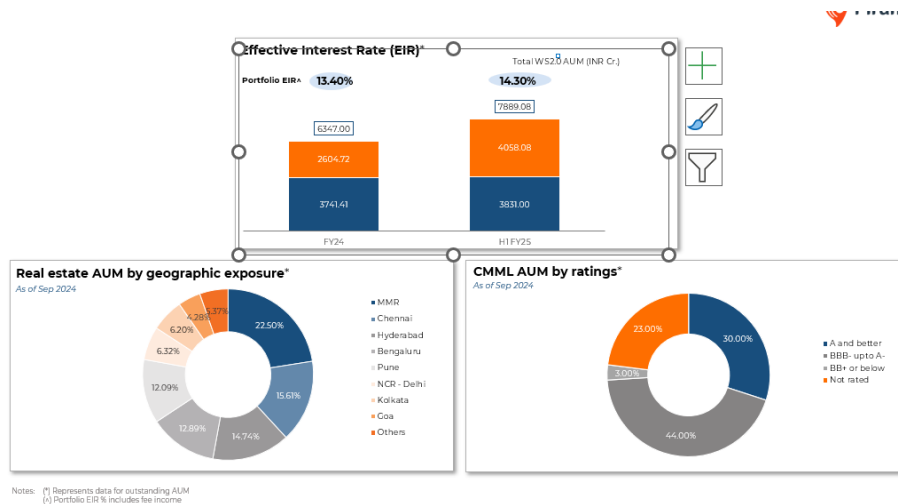

The chart below illustrates the continued growth in the Wholesale 2.0 portfolio.

Notes: CMML: Corporate Mid-Market Lending.

The average ticket size of the loans offered under wholesale lending 2.0 is ₹ 75 crores. The average yield (including fee income) is 14.30%. The portfolio is performing in line with underwriting, as reflected in prepayments.

(Charts represents data for outstanding AUM)

(i) Real estate financing

We offer customised and structured products in real estate to large and small developers with strong local presence and offer loans to mid-size corporates. Our real estate financing focuses on the mid-market residential projects in tier 1 cities and towns.

(ii) Corporate mid-market lending (“CMML”)

CMML business offers credit solutions to various corporates across different industries except real estate. Presently, CMML has exposure across industries like renewable energy, broking, logistics, cement, mining services, hospitality, chemical & NBFCs, to name a few. CMML has further diversified the risk by keeping the loan book granular with average ticket size of ₹35.00 crores as of September 30, 2024.

Legacy business

In line with our overall strategy, we have been reducing our Legacy AUM and transiting from its Legacy Business to our Growth Business described earlier in this section. As of September 30, 2024, Legacy AUM has gone down by 17.20% to ₹ 12,066.03 crores from March 2024. As of September 30, 2024, the Legacy Business AUM stood at 16.15% of our total AUM. We intend to continue to reduce its Legacy Business AUM.

The chart below illustrates the continued reduction of our Legacy AUM.

Lending Policies and Procedures

Overview

We are an NBFC registered with the RBI, which is the regulator for NBFCs in India. The RBI stipulates prudential guidelines, directions and circulars in relation to NBFCs. For further details, please see “*Regulations and Policies*” on page 374 of this Draft Shelf Prospectus.

Within the RBI guidelines, directions and circulars, NBFCs can establish their own credit approval processes. As such, once a company has obtained an NBFC license, the terms, credit levels, and interest rates of loans and any credit approvals would be based upon the NBFC’s established internal credit approval processes framed in accordance with applicable regulations by the RBI. Each NBFC undergoes annual inspections by the RBI. The inspections are exhaustive and can last for a period of few weeks, during which the regulators review the NBFC’s adherence to regulatory guidelines, scrutinize the loan book and individual loan files, including security documents, review the functioning of the Board of Directors and its committees and their adherence to minutes of various internal meetings, review the NPA and delinquent cases, review and evaluate the credit approval policies and credit assessment standards, review implementation of decisions and policies of the Board of Directors and review adherence to prescribed formats in the filing of regulatory reports.

We have a team of experienced officers in our credit appraisal and risk management teams to develop and implement our credit approval policies. Our credit approval policies focus on credit structure, credit approval authority, customer selection and documentation provided by the customer. Our risk management and appraisal systems are regularly reviewed and upgraded to address changes in the external environment.

Customer Appraisal Process

At the pre-qualification stage of its financing projects, the Group is very selective of the developers or businesses to which we provides funding. It takes into consideration a multitude of factors such as management risk, business risk, financial risk as well as structural risk. Specifically, factors such as the promoters’ track record, market reputation, balance sheet and the status of the projects and business are all evaluated. Thereafter, projects located in select micro markets in Indian cities are preferentially

short-listed. An independent credit team was set up to evaluate and underwrite proposals. The deal memo is prepared by business and credit teams jointly ensuring full compliance with the sandbox conditions. Deal underwriting forms a part of the memo. Deal underwriting involves borrower assessment and transaction assessment. Borrower assessment includes review on the background of the borrower, past track record in the business, creditworthiness appraised through financials, net worth and credit due diligence, whereas transaction assessment includes focused evaluation of the project in terms of location, marketability, cost study, security structure and cash flow generating capacity for financial closure over the loan tenor. Further checks are done on project's approvals, construction status, sensitivity analysis on project financials. Credit metric used in the project appraisal include calculation of debt service coverage ratio (DSCR) and project leverage. Also, due diligences related to valuation, technical, approvability, title and financial are undertaken for the project evaluation. For corporates, detailed due diligence of business and their financials is conducted along with detailed market feedback. Moreover, every potential investment is subject to a standard risk scoring system by the risk team to measure risks associated with the investment.

Every wholesale financing goes through a three stage approval process:

- **Pre-approved assessment:** The investment team provides deal structuring details to partner functions such as risk, legal and asset management (for real estate deals). These teams analyse deals in detail and provide their observations and structure improvement inputs for consideration by the deal clearance committee (the “DCC”).
- **DCC:** The investment team then submits the proposal along with observations to the DCC. The DCC consists of the heads of the following functions: (i) for real estate deals – risk management, legal, asset management, finance and strategy; and (ii) for non-real estate deals, the DCC may have inputs from external experts. The DCC may deliberate the structure more than once, if required, and then provide in- principle approval for consideration of approving authorities. As legal and risk do not report to the business head, their independence is preserved.
- **Approval of the credit approving authority, i.e., executive credit committee (“ECC”):** Upon the DCC's recommendation, the investment team will present the deal to the appropriate approving authorities under the Group's credit approval authorisation policy. The approval authorities, consisting of the Managing Director, the executive and independent directors, discuss various aspects of the deal along with the DCC's observations before making a final decision on the deal.

Every retail financing goes through the following stages:

- **Credit Appraisal:** This process covers the assessment of creditworthiness of the prospective borrower and his or her ability to repay the loan in the stipulated time period. The Group has various credit checks and controls at multiple stages of the loan process to ensure the formation of a quality portfolio. These include:
 - (i) onboarding, i.e. review of identification documentation, residence and office address verification, KYC and fraud checks, etc.;
 - (ii) customer assessment, i.e. ROC and other database checks for litigation, credit, defaults, etc., as well as a financial assessment;
 - (iii) collateral assessment, i.e. a legal and technical assessment of the proposed collateral, site visit and project level feedback; and
 - (iv) centralised risk control, i.e. checks that the proposed financing is within the Group's policy framework and sanction authorisations.

1. Wholesale lending

We consider a multitude of factors including risks relating to management, business, financial and structural risks at the pre-qualification stage in relation to our financing projects. We undertake a detailed evaluation of specific factors such as the promoters' track record, market reputation, and status of projects and business. Thereafter, projects located in select micro markets in Indian cities are preferentially short-listed. The deal memo is prepared by business and credit teams jointly ensuring full compliance with the sandbox conditions. Deal underwriting forms a part of the memo. Deal underwriting involves borrower assessment and transaction assessment. Borrower assessment includes review on the background of the borrower, past track record in the business, creditworthiness appraised through financials, net worth and credit due diligence, whereas transaction assessment includes focused evaluation of the project in terms of location, marketability, cost study, security structure and cash flow generating capacity for financial closure over the loan tenor. Further checks are done on project's approvals, construction status, sensitivity analysis on project financials. Credit metric used in the project appraisal include calculation of debt service coverage ratio (DSCR) and project leverage. Also, due diligences related to valuation, technical, approvability, title and financial are undertaken for the project evaluation.

We follow the following two-step approval process for every wholesale financing proposal:

- (i) In-principle approval of the deal clearance committee (“**DCC**”): The DCC consists of the heads of the risk team, legal team, asset management team, finance team and strategy team. The DCC provides an in-principle approval for the consideration of approving authorities; and
- (ii) Approval of the credit approving authority, i.e., executive credit committee (“**ECC**”): The deal is presented by the investment team before the appropriate approving authorities, consisting of the managing director, executive director, and independent directors as per our credit approval authorisation policy on the recommendation of the DCC for the final approval of the approving authorities.

2. Corporate and Mid-Market Lending

All deals are originated by coverage team and evaluated by the credit team considering the borrower’s financials, cash flows, security structure, promoter track record & external checks, amongst various other parameters. Detailed credit memos are independently vetted by risk team. All the proposals are approved by ECC (under the Board approved policy).

- **Approval Process:**

The Group has implemented various approval levels on a delegated basis, depending on the size of the financing and other metrics, in order to streamline the process, while still providing for exceptional authorisations depending on the risk assessment.

Critical policy revisions (e.g. new products, income programmes, etc.) are jointly approved by the national credit manager, the chief operating officer and the head of compliance, and thereafter placed to the Group’s head of risk and board for ratification on a quarterly basis.

In addition, the data analytics team has developed an automated proprietary fraud analytical rule engine that has strengthened the loan application screening process and has helped identify fraudulent applications. The engine scrutinises the applications that have been processed through an external database and matches the information in these applications with the Group’s internal data and other public domain information. The applications are scrutinised across several parameters and inconsistencies are red-flagged. Only those applications that successfully pass the scrutiny move to the next level in the loan approval process. Further, the team is in the process of implementing its first generation Piramal credit risk model for retail to minimise risk and provide superior customer experience by improving the turnaround time for loan processing.

Loan Sales

The Group’s marketing activities are strategically aligned to the relevant individual businesses and focus on the particular targeted customer segment. While the Group’s website includes details of the various business verticals and product offerings, marketing campaigns are primarily run online for the retail business. Print advertising is seasonal and, depending on the communication, may be considered in the media plan for particular products.

The Group also has a growing online presence through social media where it is slowly building up with relevant targeted content, though this remains at an early stage. The Group is also working towards developing its brand campaign to build brand awareness and equity.

The Group teams with channel partners to drive sales along as well as self-sourcing on its own account. The mix varies from business to business depending on the scale, customer segment and geography. The Group focuses on relationship-based associations which has returned far better results than transactional associations only.

The Group has an in-house distribution arm which is a leading B2B aggregation platform focused on the sales and marketing of real estate and financial services products, with a network of a large number of distributors across Tier I cities and towns in India. Properties sold through the Brickex network will be referred for loans, resulting in a low cost of sourcing.

Retail and wholesale businesses have their own set of channel partners, builder tie-ups, connections within the financial sector] and compensation and/or commission schemes.

Customer Appraisal Process

Every potential investment is subject to a standard risk scoring system by the risk team to measure risks associated with the investment.

1. Retail lending

Our credit policies have been implemented with parameters including *inter alia* scorecard based decisioning, repayment behaviour, leverage norms, loan-to-value norms, verifications, collateral due diligence with an aim to build a quality portfolio. We determine the eligibility criteria based on different income assessment norms such as financial, banking, loan-to-value and repayment track record which offers maximum eligibility to the borrower with limited risk. We maintain an internal scorecard that provides risk score for each loan application and aids us in identifying and eliminating the high-risk segment.

We have implemented credit checks and controls at multiple stages of the loan approval process to ensure quality portfolio assessment of creditworthiness of the prospective borrower and the ability to repay the loan in the stipulated period. The following four-step approval process is carried out for every retail financing proposal:

- (i) Onboarding: reviewing *inter alia* identification documents; verification of residential and office address, KYC documents and checking for fraudulent activities;
- (ii) Customer assessment: carrying out checks in relation to litigation, credit, defaults and financial assessment;
- (iii) Collateral assessment: legal and technical assessment of the proposed collateral; site visit; and project level feedback; and
- (iv) Centralised risk control: carrying out checks that the proposed financing plan is within the scope of our policy framework and sanctioned authorisations.

Customer Approval Process

Our customer approval process consists of various levels on a delegated basis, depending on the size of the financing and other metrics, in order to streamline the process while still providing for exceptional authorisations depending on the risk assessment. Any critical policy revisions in relation to *inter alia* new products and income programmes are jointly approved by the national credit manager, the chief operating officer and the head of compliance and thereafter ratified by the head of risk of Piramal Group and our board of directors on a quarterly basis.

We have developed an 'automated proprietary fraud analytical rule engine' (the "**Automated Engine**") to streamline the loan application screening process and to identify and prevent fraudulent applications. The Automated Engine is used to scrutinise applications that have been processed through an external database, compare the information provided in these applications with our internal data base and other information in the public domain. The applications are scrutinised across several parameters to identify inconsistencies. Thereafter, the applications that fulfil this scrutiny move to the next level in the loan approval process. Further, we are in the process of implementing its first generation credit risk model to minimise risk and provide superior customer experience by improving the turnaround time for loan processing.

Portfolio Monitoring

1. Retail lending

Our collections team and recovery team manages various processes including loan administration, resolving delinquent accounts and following up on the collection process for payments which are overdue. We have a dedicated call centre to contact the customer in case of 'early bucket delinquency'. We also have a network of collection agencies and field executives who are involved in the on-ground collection from delinquent customers. All matters in relation to dishonour of cheques and default in payments by the customer are closely monitored and corresponding reports in relation to default in payments and 'account level overdue' reports are published to stakeholders at regular intervals. Further, the legal team ensures that appropriate legal action is initiated as per the delinquency stage. The legal team also assists in the auctioning process and liquidation of assets on default under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002. We also have a robust analytics-based segmentation model to track delinquency and determine the differential treatment as per the prioritisation of cases.

The Group has a dedicated recovery team that manages the loan administration and overdue follow up collection processes. Overdue loan collection is facilitated through online transfer via a payment gateway, representation of instrument or cheque payment.

The Group has a system that generates reports on regular intervals of overdue loans and bounce reports. The basis system reports collection team ensures the follow up and collection of delinquent accounts. All bounce and overdue cases are closely monitored and bounce reports and account level overdue reports are published to stakeholders at regular intervals.

2. Wholesale lending

We have a dedicated asset management team and local teams who are responsible for the following activities:

- (i) periodic pre-defined site visits to ascertain the progress and quality of the project implemented and in order to estimate any potential cost over-runs and delays. Thereafter, site visit reports are prepared including details of *inter alia* details the number of labourers on the site, slab costs, and the approval status. The site visit reports also contain the progress over the course of each site visit;
- (ii) monthly performance review of parameters including sales units, value, price, collections and various costs including monitoring and control of inflow and outflow in escrow account;
- (iii) computation of annual cash cover and the status of no-objection certificate issuances;
- (iv) comparison of actual performance versus projected business plan in terms of construction and sales;
- (v) monthly 'early warning signal' meetings to highlight the project performance, market trends, regulatory developments and action points for cases which require management's attention; and
- (vi) analysis of operating and financial parameters to understand the business performance. The performance is also cross-checked with any movement in our credit ratings to detect any anomalies. In some cases, the board of directors as well as the investment team undertake analysis to monitor the key decisions at strategic levels.

Strong governance is also ensured through the Portfolio Monitoring Committee (PMC) which focuses on quarterly reporting, portfolio composition and health, codification of deals and immediate action for potential early warning signs.

Our risk audit and collection department review and monitor overall loan portfolio at regular intervals. These departments monitor debt repayment levels of particular loan exposures on a continuous basis. This allows us to identify potentially problematic loans at an early stage and helps prepare us for immediate action, if any principal or accrued interest repayment problems arise. The portfolio is monitored by way of various analyses consisting of bucket-wise ageing analysis (i.e., number of days past due) of the outstanding portfolio; concentration risk monitoring in segments of the portfolio; early warning delinquency analysis; and historical case review on a periodical basis, including review of credit risks and operational risks.

3. Corporate and Mid-Market Lending

Portfolio monitoring is undertaken by the credit team wherein all the borrowers are tracked on regular basis. The performance is tracked on operating and financial parameters along with any regulatory changes & ongoing repayment track record. There are regular visits and/ or calls with the clients. Updates on the CMML portfolio and clients are given to the ECC members on a periodic basis.

Asset Recovery and Non-Performing Loans

Once an account is classified as an NPA, in accordance with the RBI Master Directions, proceedings under the SARFAESI Act commence. The proceedings commence with the issuance of a notice to the borrower and/or the guarantor calling upon them to pay the demanded amount within 60 days of issuing such notice. In the case of non-compliance, another notice is issued for taking over symbolic possession of the mortgaged property. Thereafter, applications seeking police assistance for taking physical possession of the mortgaged property are filed before the magistrates and collectors concerned. We then obtain a valuation of the mortgaged property and fix the reserve price and put it up for auction. At times, the property is also sold through private arrangements after obtaining the consent of the borrower. Portions of the portfolio where the likelihood of repayment is remote are written off. Subsequent recoveries on these portions are recognised directly in our income statement but the asset itself is not regularised and remains written off.

In addition to initiating proceedings under the SARFAESI Act, in the event that EMI or principal repayment cheques issued by our customers are dishonoured on account of insufficiency in funds, we initiate proceedings under the Negotiable Instruments Act, 1881 (the "**Negotiable Instruments Act**") or the Payment and Settlement Systems Act, 2007 ("**PSS Act**") for asset recovery and NPAs. Upon the receipt of the relevant information and documents such as the physical cheque and bouncing memo or dishonour of electronic funds transfer, proceedings under the Negotiable Instruments Act or PSS Act, as applicable, may be initiated by serving a notice demanding payment. If no payment is received within the stipulated period, a criminal complaint is filed before the competent court having jurisdiction to try the case. After the trial, if the accused person(s) are convicted, they are liable for imprisonment or fine or both. We also initiate arbitration proceedings based on arbitration clauses in our loan agreements. Once the arbitrator accepts the request for appointment, he/she sends acceptance in writing to all the parties to the dispute and calls upon the claimant to file the statement of claim. We file our statement of claim before the

arbitrator and if required, an application under the Arbitration and Conciliation Act, 1996 seeking appropriate interim reliefs. If the respondent(s) do not appear in the arbitration proceedings even after due service, they proceed on an *ex-parte* basis. The proceedings are conducted in accordance with the procedure stipulated by law and by the arbitrator. After adjudication, *ex-parte* or otherwise, an award is passed by the arbitrator.

We prepare our financial statements and other financial information in accordance with Ind-AS. Accordingly, the expected credit loss method for making the provision on loans is applied, under which categories of loans followed are Stage 1 (less than 30 days past due (“DPD”)), Stage 2 (generally 30 or more, and less than 90, DPD) and Stage 3 assets (90 or more DPD).

In situations where a secured loan is classed as a non-performing asset, we have a well-defined process to enforce its security and sell the secured assets.

As a first step, a notice is issued to the borrower mentioning the default and the security enforcement process. In case the facility document provides for a notice period before the security is to be enforced, security enforcement is initiated only after the notice period lapses. The relevant security trustee or debenture trustee is then instructed to enforce the security.

If required, necessary proceedings under the Bankruptcy Code are initiated. Depending on the nature of security sought to be enforced, relevant steps are taken. For instance, in the case of a pledge of shares, we will follow due and fair process to find a buyer and sell the pledged shares to that buyer.

Provisioning Policy

We apply the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, loan commitments, trade receivables and other contractual rights to receive cash or other financial asset. We have followed the Ind-AS expected credit loss method.

The Group enjoy a healthy asset-liability ratio, with significant positive gaps across all time-period buckets within the norms stipulated by the RBI. The Group continue to diversify its borrowing mix in domestic and international markets.

Risk Management

As a lending institution, we are exposed to various risks that are related to our business and operating environment. Risk management has been at the forefront of our Company’s focus and forms an integral part of our business. We have made pointed efforts to strive to be recognized as a diversified lender and have reduced our concentration risk by increasing the proportion of retail loans. We also aim to become more granular, expand our product portfolio and cater to the needs of our multitude of customers from varied markets. We believe that the diversification of our lending business accompanies with an increased focus on the retail lending business will make our business resilient to the various business cycles as by reducing our risk concentration. We are governed by stringent RBI regulations, the Board of Directors and committees independently evaluate the risk policies, business strategies and processes.

Our objective in risk management processes is to monitor the various risks that we are subject to, and to follow the policies and procedures to address these risks. The major types of risk we face are credit risk, operational risk, liquidity risk, interest rate risk, market risk (which includes interest rate risk), business cycle risk, cash management risk, reputation risk, technology risk, physical and infrastructure risk and resources risk.

In the domain of retail portfolio management, the underwriting process strictly adheres to prudent norms, including compliance with Fixed Obligation to Income Ratio (FOIR) and Loan-to-Value (LTV) norms. Further, AI/ML risk score cards are used to reject the high-risk proposals. The evaluation process encompasses comprehensive legal and technical assessments of the associated property in mortgage products for which organization leverages in-house legal and technical team.

Company has an elaborate risk governance at executive level which comprises of various committees. Credit Risk Management Committee (CRMC) oversees portfolio performance, delinquency & collection resolution. A regular update is provided to CRMC on risk limits at a granular level. Operational Risk Management Committee (ORMC) is responsible for overseeing and managing operational risks within the organization. An independent Operational Risk Management team has created framework and tools such as Key Risk Indicators (KRI) to monitor, analyze, manage, and mitigate key risks. Further, Risk Control Matrices (RCM) are implemented to assess operational risk and test the effectiveness of controls. Fraud Risk Management Committee (FRMC) is responsible for overseeing and managing the risks associated with fraudulent activities. FRMC is presented with information related to fraud identification and control gaps in processes where vulnerabilities exist, and appropriate corrective & preventive procedures are advised.

Our Company has a Board approved Risk Management Policy with Credit Risk, Operational Risk, Fraud Risk, Liquidity Risk, Interest Rate Risk, Market Risk etc. as its key components. To oversee each of these key risks, the management level Committees such as Operational Risk Management Committee (ORMC), Fraud Risk Management Committee (FRMC), Asset

Liability Management Committee (ALCO), Credit Risk Management Committee (CRMC) -Retail, Credit Risk Management Committee (CRMC) –Wholesale, Sustainability and Risk Management Committee (SRMC) are constituted.

Interest Rate Risk

The Group keeps our borrowing mix largely in proportion with its asset mix so as to pass on any increase or decrease in its borrowing cost to its customers.

As of September 30, 2024, fixed rate loans being 45.89 % of total liabilities and fixed rate assets being 39.07 % of total assets.

Foreign exchange risk

As of September 30, 2024, the Group had foreign currency exposure as it has certain borrowings in foreign currencies. We have a board-approved risk management policy in place which lays down the framework for risk management. As per the policy, the primary objective of hedging is to mitigate risk arising out of foreign exchange exposure and not for trading purposes. The policy also lays out the various instruments that can be used for the purpose of hedging. The hedging decisions are taken by the foreign risk management committee.

Liquidity Risk

The Group manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by assessing the maturity profiles of financial assets and liabilities.

In addition, ALCO deliberates on the static liquidity gap statement, future asset growth plans, the tenor of assets, market liquidity and pricing of various sources of funds. ALCO also decides on the optimal funding mix taking into consideration the asset strategy and a focus on diversifying sources of funds.

PEL raised ₹ 5,107.90 crore of long-term debt (i.e. having maturities of more than one year) via term loans and the issuance of NCDs in Fiscal Year 2024.

The Group is undertaking various additional measures to boost liquidity such as issuing long term NCDs, issuing ECBs, maintaining the Programme and securing additional bank lines.

Credit Risk

Credit risk is the risk of loss that may result from a borrower's or counterparty's failure to meet the contractual obligation of repaying debt as per the agreed terms.

We have established risk management policies that encompass both wholesale and retail business operations, with a focus on overseeing credit risk. The CRMC conducts regular portfolio reviews and engages with management to address emerging risks and highlights any breaches in the risk limits to the Sustainability and Risk Management Committee.

For wholesale business, the risk team assesses every loan proposal independently using proprietary risk assessment models. The risk team considers various factors, such as historical performance, execution capability, financial strength of the promoter and company, competitive landscape in the industry and specific segment, regulatory framework and certainty, impact of macroeconomic changes, etc. while assessing the deal. The security structure is assessed for value, enforceability, and liquidity. The credit team takes inputs from the risk management team to arrive at optimal deal structuring.

Further, a periodic review of the performance of the wholesale portfolio is also carried out by the risk group. The risk group adjusts the stress case considered during the initial approval based on actual performance of the deal, developments in the sector, regulatory changes, etc. The deal level output is combined to form a portfolio snapshot. The trends from portfolio are used to provide strategic inputs to the management.

For retail business, the credit risk is managed through credit policies as well as credit underwriting team. Further, the risk management team conducts regular reviews of the retail loan portfolios to identify risk trends. Additionally, it monitors multiple checks, including adherence to regulatory norms for secured and unsecured loans, risk concentration, clear guidelines for establishing programs elaborating underwriting standards and their governance, delegation of credit approval powers, and guidelines for the approval process of new products, programs and policies as well as amendments to existing programs and policies.

Operational risk management

Operational risk is the risk of loss resulting from (i) inadequate or failed internal processes, (ii) people and systems or (iii) external events. Operational risk exists in any kind of products and business activities.

The sub-components of operational risks includes:

- Process risk: inefficiencies or weaknesses in operational processes, leading to errors or delays.
- IT system risk: failure or disruption of information systems, cybersecurity breaches, or data integrity issues.
- Human error risk: mistakes made by employees that can have financial or operational consequences.
- Outsourcing risk: potential negative consequences and uncertainties associated with transferring business functions, processes, or services to external third-party vendors.

We have an operational risk management policy which provides the structure and techniques that facilitates consistent functioning of operational risk management framework. Operational risk management committee (“ORMC”) comprising of senior executives is in place to govern the operational risk management activities.

Information Technology

We realize the importance of information technology and use information technology as a strategic tool for our business operations to improve our overall productivity and efficiency. We believe that through our information systems which are currently in place, we are able to manage our nationwide operations efficiently, market effectively to our target customers, and effectively monitor and control risks. For our employees, many key workflow processes are accessible through hand-held devices and mobile apps. We have also implemented security tools to ensure data security.

Information technology acts as an enabler in our business and helps us in achieving growth, scale of operations, ease of use, customer focus and secure operations. We implement process automation across various functions in an effort to reduce manual processes, increase efficiency and reduce errors. The system is seamlessly digitized and allows the entire lending process to be conducted digitally and fastens the disbursements to customers. It also enables us to cross sell our other products. The checks conducted by the technology used by us have multiple layers, at a branch and central level, ensuring that subjectivity is reduced from the underwriting process. For further details please see “*Our Management – Committees of the Board of Directors – IT Committee*”.

We will continue to update our systems and use latest technology to streamline our credit approval, administration and monitoring processes to meet customer requirements on a real-time basis, and continue to undertake information technology enhancement initiatives. We believe that improvements in technology will also reduce our operational and processing time, thereby improving our efficiency and allowing us to provide better service to our customers.

Customer Service and Grievance Redressal Processes

We have implemented a grievance redressal policy and a well-defined structured system to resolve any issues faced by our customers in a just, fair and timely manner. Customers can register their grievances through email or telephone. Customer complaints are promptly recorded in a complaint register, after which our representatives contact the client in order to find out more facts about the complaint and resolve it on an urgent basis. The relevant office where the complaint was lodged is primarily responsible for ensuring that the complaint is resolved to the customer’s satisfaction. In case the complaint is not resolved within a period of 15 days or if the customer is not satisfied with the solution provided by the Company, the customer can approach the Grievance Redressal Officer/ Nodal Officer of the Company. All complaints are endeavored to be resolved within 15 days of receipt. In case a complaint is not redressed within a period of 15 days, the customer may appeal to the Department of Supervision of RBI. The Board periodically reviews the compliance and functioning of the Grievance Redressal Mechanism.

Competition

The finance industry in India is highly competitive. Our primary competitors in our financial services division include other non-banking financial companies and we also compete with other banks for our financial services business including established Indian and foreign commercial banks, NBFCs, HFCs, small finance banks, microfinance companies, scheduled commercial banks and the private unorganized and informal financiers, as well as fintech and insurance companies and advisory businesses, who principally operate in the local market. We generally compete on the basis of the range of product offerings, reach of branches, turnaround time and simple, transparent and efficient loan process, as well as trained and skilled employee base, with our competitors. In particular, many of our competitors may have operational advantages in terms of access to cost-effective sources of funding and in implementing new technologies and rationalizing related operational costs. In addition, the competitors may have more resources, a wider branch and distribution network, access to cheaper funding, superior technology and may have a better understanding of and relationships with customers in these markets, thereby making it easier for such competitors to expand and to achieve economies of scale to a greater extent. In addition, our competitors may also be able to rely on the reach of the retail presence of their affiliated group companies or banks.

For further details, please see “*Risk Factors – The financing industry is becoming increasingly competitive, and our Company’s growth will depend on its ability to compete effectively*” on page 44 of this Draft Shelf Prospectus.

Environmental, Social and Governance (“ESG”)

To enhance the corporate governance, we have set up a Sustainability and Risk Management Committee that oversees the implementation of strict controls and procedures to facilitate the shift towards a more sustainable economy and encourages the adoption of technological advancements. The Sustainability and Risk Management committee is designed to oversee the implementation of sustainable strategies, policies and practices and ensure it is aligned with core values. The committee meets periodically to review the progress on the sustainability goals and targets, and implement initiatives while tracking data and key performance indicators. Our Company’s ESG focus areas are corporate governance, stakeholder management, employee management, grievance management, commitment to maintain operation ecological efficiency and employee wellbeing, health and safety.

Our Company recognizes the importance of conducting business in a responsible manner for building trust and credibility among stakeholders. Our ESG Policy aligns with our goal of sustainable development and aims to minimize risks and impacts through robust and documented systems. Our ESG policy vision is aimed at creating long-term sustainable values for stakeholders. We aim to ensuring profitability with ethical, environmental and social responsibility, including ESG practices into our business and operations. Our policy maintains the objective of creating value for all stakeholders by making prudent lending and investment decisions to support sustainable economic growth. It incorporates ESG considerations into operations, emphasizes on conducting business with integrity and good governance practices, ensures compliance with human rights throughout the entire value chain, establishes effective communication with stakeholders, maintain employee safety and well-being, and focuses on reducing emissions. The chart below illustrates our ESG performance metrics and strategies.

Driving Change: Pioneering ESG for Strategic Impact

Employees

As of September 30, 2024, we have a dedicated workforce of more than 15,108 employees.

We firmly believe that our employees are integral to the culture and continued success of our business and that our composition allows us to utilise our talent efficiently and effectively. We use a holistic assessment process consisting of steps for behavioral, value based and functional evaluation including sound resume screening, psychometric testing aligned to our values, Piramal Success Factors and interviews. We have instituted several programs for our employees that are designed to maximize their potential at the workplace, and have also developed focused induction programs that are customized and segmented into sales or branch based employees and corporate employees. The induction programs have been designed to ensure that each employee is given the relevant information and their queries can be addressed appropriately.

The Piramal Learning University (the “**PLU**”) is our flagship brand representing learning and development. PLU offers an opportunity to learn to employees to build their behavioral and functional capabilities. Further, ‘Pragati’ - our career advancement program provides our people with opportunities for professional development and growth within the organization. It is a transparent, but rigorous process where open roles are advertised within the organization and to which interested employees are invited to apply. A fitment process is then executed and employees are moved to the new role.

Insurance

We maintain insurance policies that we believe are customary for companies operating in our industry. Our principal types of coverage include directors’ and officers’ liability insurance, general liability insurance policy, cyber liability insurance policy, group term life insurance policy, contractors all risk insurance policy, burglary policy. Our insurance policies may be insufficient to cover our economic losses. For further details, see “*Risk Factors - Our Company’s insurance coverage may not adequately protect our Company against losses which could adversely affect our Company’s business, financial condition and results of operations*” on page 55 of this Draft Shelf Prospectus.

SECTION VI: ISSUE RELATED INFORMATION

TERMS OF THE ISSUE

Authority for this Issue

At the meeting of the Board of Directors held on May 5, 2023, the Board of Directors approved the issuance of NCDs in one or more tranches and authorized the Administrative Committee to finalise, *inter alia*, the issue size, terms and conditions and do all other acts, deeds as may be required in relation to the proposed issuance. The Administrative Committee at its meeting held on December 20, 2024 approved the Issue.

Pursuant to the shareholders resolution passed at the Annual General Meeting held on August 1, 2016, our Board has been authorised to borrow any sum or sums of monies, which together with the monies already borrowed (apart from temporary loans obtained or to be obtained in the ordinary course of business), in excess of our Company's aggregate paid-up capital, free reserves and securities premium reserve of our Company, up to a limit of an outstanding aggregate value of ₹ 44,000 crores over and above the aggregate of the paid-up share capital of our Company and its free reserves as prevailing from time to time, exclusive of interest and other charges.

Further, pursuant to the scheme of arrangement by which PHL Fininvest Private Limited was amalgamated with our Company, the borrowing limit of the Company in terms of Section 180(1)(c) of the Companies Act, 2013 was deemed increased without any further act, thereby increasing the borrowing limit to ₹ 46,100.75 crores.

This Draft Shelf Prospectus has been approved by the Administrative Committee at its meeting held on December 24, 2024. The NCDs pursuant to this Issue will be issued on terms and conditions as set out in the Shelf Prospectus and the relevant Tranche Prospectus for each Tranche Issue.

Principal terms and conditions of this Issue

The NCDs being offered as part of this Issue are subject to the provisions of the SEBI NCS Regulations, SEBI Master Circular, the relevant provisions of the Companies Act, 2013, our Memorandum and Articles of Association, the terms of this Draft Shelf Prospectus, the Shelf Prospectus, the relevant Tranche Prospectus the Application Forms, the Abridged Prospectus, the terms and conditions of the Debenture Trustee Agreement and the Debenture Trust Deed, other applicable statutory and/or regulatory requirements including those issued from time to time by SEBI, the Government of India, the Stock Exchanges, RBI and/or any other statutory or regulatory authorities relating to the offer, issue and listing of securities and any other documents that may be executed in connection with the NCDs.

Ranking of the NCDs

The NCDs would constitute secured and senior obligations of our Company and subject to any obligations under applicable statutory and/or regulatory requirements, shall be secured by way of a *pari passu* charge by way of hypothecation of Hypothecated Property of the Company, created in favour of the Debenture Trustee, as specifically set out in and fully described in the Debenture Trust Deed and/or the Deed of Hypothecation, such that the Required Security Cover is maintained at all times until the Final Settlement Date. The NCDs proposed to be issued under this Issue and all earlier issues of debentures, bond issuances and loans outstanding in the books of our Company having corresponding assets as security, shall rank *pari passu* without preference of one over the other except that priority for payment shall be as per applicable date of redemption / repayment.

In terms of SEBI Master Circular for Debenture Trustees, our Company is required to obtain permissions or consents from or provide intimations to the prior creditors for proceeding with this Issue, if *pari passu* security is sought to be created. As a *pari passu* charge by way of hypothecation over the Hypothecated Property of the Company is being provided as security for this Issue, the Debenture Trustee has provided prior intimation to our existing creditors in whose favour any Security Interests have been created over the Hypothecated Property, for proceeding with this Issue.

Security

All obligations of the Company under the Transaction Documents including the Secured Obligations shall be secured by way of a first ranking *pari passu* charge by way of hypothecation of Hypothecated Property, with the Required Security Cover, created in favour of the Debenture Trustee, as specifically set out in and fully described in the Debenture Trust Deed and/or the Deed of Hypothecation. The security is estimated to be created prior to filing of the application for the listing of the NCDs with the Stock Exchanges.

Further, NCDs shall be considered as secured only if the charged asset is registered with sub-registrar, RoC, Central Registry of Securitisation Asset Reconstruction and Security Interest ("CERSAI"), Depository etc., as applicable, and is independently verifiable by the Debenture Trustee.

Pursuant to the SEBI Master Circular for Debenture Trustees, our Company has entered into the Debenture Trustee Agreement with the Debenture Trustee and proposes to complete the execution of the Debenture Trust Deed before making the application for listing of the NCDs for the benefit of the NCD Holders, the terms of which shall govern the appointment of the Debenture Trustee and the issue of the NCDs.

Under the terms of the Debenture Trust Deed, our Company will covenant with the Debenture Trustee that it will pay the NCD Holders, the principal amount on the NCDs on the relevant Redemption Date and also that it will pay the interest due on NCDs (inclusive of penal interest, where applicable) on the rate specified in the relevant Tranche Prospectus for each Tranche Issue.

The Debenture Trust Deed will also provide that, so long as the Security Cover Ratio is maintained at or above the Required Security Cover at all times and no Security Enforcement Event has occurred and is continuing, our Company may withdraw any portion of the Hypothecated Property and replace with another Movable Asset of the equal or greater value as Security to which the Company has a good, clear and marketable title, ensuring the Required Security Cover is maintained till the Final Settlement Date in accordance with the terms of the Transaction Documents..

Without prejudice to the aforesaid, in the event our Company fails to execute the Debenture Trust Deed within the period specified in Regulation 18 of the SEBI NCS Regulations or such other time frame as may be stipulated from time-to-time, our Company shall also pay interest of at least 2% (two per cent) per annum to the NCD holders, over and above the interest rate on the NCDs specified in the relevant Tranche Prospectus for each Tranche Issue, till the execution of the Debenture Trust Deed and in accordance with the applicable laws.

Debenture Redemption Reserve

In accordance with the Companies Act, 2013, and the Companies (Share Capital and Debentures) Rules 2014, read with Rule 16 of the SEBI NCS Regulations, any non-banking finance company registered with Reserve Bank of India under section 45-IA of the RBI Act, 1934 (“NBFCs”) that intends to issue debentures to the public are no longer required to create a DRR for the purpose of redemption of debentures. The Government, in the union budget for the Financial Year 2019-2020 had announced that NBFCs raising funds in public issues would be exempt from the requirement of creating a DRR.

Pursuant to the amendment to the Companies (Share Capital and Debentures) Rules, 2014, notified on August 16, 2019, and as on the date of filing this Draft Shelf Prospectus, our Company is not required to create DRR for the purpose of redemption of the NCDs. Accordingly, no debenture redemption reserve shall be created by our Company for the purpose of redemption of the NCDs or in connection with the Issue. The Company shall, as per the Companies (Share Capital and Debentures) Rules 2014 and other laws applicable from time to time, invest or deposit, as the case may be, the applicable amounts, within the specified timelines, in respect of debentures maturing during the year ending on the 31st day of March of the next year, in any one or more methods of investments or deposits stipulated under the applicable law. Provided that the amount remaining invested or deposited, as the case may be, shall not at any time fall below the specified percentage, which is presently stipulated at 15% (fifteen percent) of the amount of the debentures maturing during the year ending on March 31 of the next year, in any of the following instruments or such other instruments as may be permitted under the applicable laws.

1. in deposits with any scheduled bank, free from any charge or lien;
2. in unencumbered securities of the Central Government or any State Government;
3. in unencumbered securities mentioned in sub-clause (a) to (d) and (ee) of section 20 of the Indian Trusts Act, 1882;
4. in unencumbered bonds issued by any other company which is notified under sub-clause (f) of section 20 of the Indian Trusts Act, 1882:

Provided further that the amount invested or deposited as above shall not be used for any purpose other than for redemption of debentures maturing during the year referred above.

Face Value

The face value of each of the NCDs shall be ₹ 1,000 .

NCD Holder not a shareholder

The NCD Holders will not be entitled to any of the rights and privileges available to the equity and/or preference shareholders of our Company, except to the extent as may be prescribed under the Companies Act, 2013 and the rules prescribed thereunder, the SEBI Listing Regulations and any other applicable law.

Rights of the NCD Holders

Some of the significant rights available to the NCD Holders are as follows:

1. The NCDs shall not, except as provided in the Companies Act, 2013, our Memorandum and Articles of Association and/or the Debenture Trust Deed, confer upon the NCD Holders thereof any rights or privileges available to our members / shareholders including, without limitation, the right to receive notices, or to attend and/or vote, at our general meeting. However, if any resolution affecting the rights attached to the NCDs is to be placed before the members /shareholders of our Company, the said resolution will first be placed before the concerned registered NCD Holders for their consideration. 2. Subject to applicable statutory/ regulatory requirements and terms of the Debenture Trust Deed, including requirements of the RBI, the rights, privileges and conditions attached to the NCDs under a single ISIN may be varied, modified and/or abrogated with the consent in writing of the Special Majority or with the sanction of a Special Resolution (NCDs) passed at a meeting of the concerned NCD Holders, provided that nothing in such consent or resolution shall be operative against us, where such consent or resolution modifies or varies the terms and conditions governing the NCDs, if the same are not acceptable to us.
3. Subject to applicable statutory/ regulatory requirements and terms of Debenture Trust Deed, in case of NCDs held in (i) dematerialized form, the person for the time being appearing in the register of beneficial owners of the Depositories; and (ii) physical form on account of re-materialization, the registered NCD Holders or in case of joint-holders, the vote of the first Debenture Holder who tenders a vote shall be accepted to the exclusion of the other joint holder or holder(s)/owner(s), either in person or by proxy, at any meeting of the concerned NCD Holders and every such NCD Holder shall be entitled to one vote on a show of hands and on a poll, his/her voting rights on every resolution placed before such meeting of the NCD Holders shall be in proportion to the outstanding nominal value of NCDs held by him/her.
4. The NCDs are subject to the provisions of the applicable law including SEBI NCS Regulations, SEBI Master Circular and provisions of the Companies Act, 2013, our Memorandum and Articles of Association, the terms of this Draft Shelf Prospectus the Shelf Prospectus, the relevant Tranche Prospectus for each Tranche Issue. The terms and conditions of the Debenture Trust Deed, requirements of the RBI, other applicable statutory and/or regulatory requirements relating to this Issue and listing, of securities and any other documents that may be executed in connection with the NCDs.
5. Subject to RTA Master Circular, a register of debenture holders will be maintained in accordance with Section 88 and Section 94 of the Companies Act, 2013 and all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the registered holder thereof for the time being or in the case of joint-holders, to the person whose name stands first in the register of debenture holders as on the Record Date. For NCDs in dematerialized form, all interest and principal sums becoming due and payable in respect of the NCDs will be paid to the person for the time being appearing in the register of beneficial owners of the Depositories. In terms of Section 88(3) of the Companies Act, 2013, the register of beneficial owners maintained by a Depository for any NCDs in dematerialized form under Section 11 of the Depositories Act shall be deemed to be a register of debenture holders for this purpose. The same shall be maintained at the Registered Office of our Company under Section 94 of the Companies Act, 2013 unless the same has been moved to another location after obtaining the consent of the NCD Holders.
6. Subject to compliance with RBI, NCDs can be rolled over only with the consent of the NCD Holders of at least 75% of the outstanding amount of the NCDs after providing at least 15 days prior notice for such roll over and in accordance with the SEBI NCS Regulations and other applicable law. Our Company shall redeem the NCDs of all the NCD holders, who have not given their positive consent to the roll-over.

The aforementioned rights of the NCD Holders are merely indicative. The final rights of the NCD Holders will be as per the terms of the Shelf Prospectus, relevant Tranche Prospectus and the Debenture Trust Deed.

Trustees for the NCD holders

We have appointed IDBI Trusteeship Services Limited to act as the Debenture Trustee for the NCD Holder(s) in terms of Regulation 8 of the SEBI NCS Regulations and Section 71(5) of the Companies Act, 2013 and the rules prescribed thereunder. Our Company and the Debenture Trustee will execute a Debenture Trust Deed, *inter alia*, specifying the powers, authorities and obligations of the Debenture Trustee and us with respect to NCDs. The NCD Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of its agents or authorised officials to do all such acts, deeds, matters and things in respect of or relating to the NCDs as the Debenture Trustee may in its absolute discretion

deem necessary or require to be done in the interest of the NCD Holder(s). Any payment made by us to the Debenture Trustee on behalf of the NCD Holder(s) shall discharge us *pro tanto* to the NCD Holder(s).

The Debenture Trustee will protect the interest of the NCD Holder(s) in the event of default by us in regard to timely payment of interest and repayment of principal and they will take necessary action at our cost.

Events of Default

Subject to the terms of the Debenture Trust Deed, the Debenture Trustee at its discretion may, or if so requested in writing by the Debenture Holders or with the sanction of a resolution, passed at a meeting of the Debenture Holders in the manner provided in the Debenture Trust Deed shall, give notice to the Company specifying that the NCDs and/or any particular series of NCDs, in whole but not in part are and have become due and repayable on such date as may be specified in such notice, *inter alia*, if any of the events listed below and as further detailed in the Debenture Trust Deed occurs.

Notwithstanding anything to the contrary contained herein, on occurrence of any event of default specifically identified under the Debenture Trust Deed, the Debenture Holder shall be entitled, in the manner provided in the Debenture Trust Deed, to instruct the Debenture Trustee to issue notice and/or to take actions as stipulated under the Debenture Trust Deed, including a right to appoint a nominee director on the Board of the Company in consultation with holders of such debt securities and in accordance with applicable law.

The debenture trustees shall supervise the implementation of the conditions regarding creation of security for the debt securities, creation of recovery expense fund and debenture redemption reserve, as applicable. The debenture trustee shall monitor the security cover in relation to secured debt securities in the manner as specified by the Board.

The description below is indicative and a complete and detailed list of events of defaults and the terms of occurrence of such events of default and related consequences will be specified in the Debenture Trust Deed.

Indicative list of events of default:

- i. Default is committed in payment of the Redemption Amount of the NCDs as and when the same has become due and payable;
- ii. Default is committed in payment of any instalment of interest on the NCDs as and when the same has become due and payable;
- iii. Default is committed in the performance of covenants, conditions or agreements on the part of the Company in the manner provided under the Debenture Trust Deed other than any payment defaults under the Debenture Trust Deed or the other Transaction Documents;
- iv. Any information furnished or any representation and / or warranty given by the Company to the NCD Holders: (a) in this Draft Shelf Prospectus, the Shelf Prospectus, the relevant Tranche Prospectus or any other Transaction Documents until the date of listing of the NCDs on the Stock Exchanges, is or proves to be untrue or inaccurate in any respect or omits any disclosure of fact which may make the information furnished therein, in light of circumstances under which it was furnished, false or misleading; or (b) under the Transaction Documents on an ongoing basis after the date of listing of the NCDs on the Stock Exchanges, is or proves to be misleading or incorrect in any respect or is found to be incorrect in any respect;
- v. If (a) the Company admits in writing its inability to pay its debts as they mature, or (b) it is contended by any person that the Company is unable to pay its debt and the Company has not exercised its right to contest the claim of such person, or (c) a special resolution has been passed by the shareholders for winding up of the Company or for filing an application to initiate insolvency resolution process of the Company, or (d) the Company consents to the entry of an order for relief in an involuntary proceeding under any such law, or (e) it is certified by the statutory auditors that the liabilities of the Company exceed its assets indicating the inability of the Company to function as a going concern and/or to discharge its obligations under the Debenture Trust Deed;

- vii. A resolution professional or receiver or liquidator has been appointed in respect of all or any part of the undertaking of the Company;
- viii. If the Security Cover Ratio falls below the Required Security Cover in the manner set out in the Debenture Trust Deed;

- ix. If (A) an attachment or distraint is levied on the Hypothecated Property or any part thereof; or (B) an encumbrancer, Receiver or liquidator has been appointed or allowed to be appointed to take possession of the Hypothecated Property or any part thereof;
- x. If the Company, without the consent of the NCD Holders, ceases, or threatens in writing to cease to carry on its Material Line of Business or gives notice of its intention to do so, other than as permitted in terms of the Debenture Trust Deed;
- xi. The occurrence of any other event or condition which leads to occurrence of a material adverse effect, as set out in the Debenture Trust Deed;
- xii. On and from the date of the Debenture Trust Deed, the Company commences, or enters into any amalgamation, reorganisation or reconstruction (other than as permitted in terms of the Debenture Trust Deed) without the prior written consent of the Debenture Trustee;
- xiii. If the Security is in jeopardy and/or there is imminent danger of the Security Cover Ratio falling below the Required Security Cover in the manner set out in the Debenture Trust Deed; and
- xiv. Any other event described as an event of default in the Draft Shelf Prospectus, the Shelf Prospectus, the relevant Tranche Prospectus, the Debenture Trust Deed and the other Transaction Documents.

Any event of default shall be called by the Debenture Trustee in accordance with applicable laws including the SEBI Master Circular for Debenture Trustees and as per the terms as set out in the Debenture Trust Deed.

In accordance with the SEBI Master Circular for Debenture Trustees, post the occurrence of a “default”, the consent of the NCD Holders for entering into an inter-creditor agreement (the “ICA”)/enforcement of security shall be sought by the debenture trustee after providing a notice to the investors in the manner stipulated under applicable law. Further, the meeting of the NCD Holders shall be held within the period stipulated under applicable law. In case(s) where majority of investors express their consent to enter into the ICA, the debenture trustee shall enter into the ICA on behalf of the investors upon compliance with the conditions as stipulated in the abovementioned circular. In case consents are not received for signing the ICA, the debenture trustee shall take further action, if any, as per the decision taken in the meeting of the investors. The consent of the majority of investors shall mean the approval of not less than 75% of the investors by value of the outstanding debt and 60% of the investors by number at the ISIN level.

Any default committed by the Company shall be reckoned at the International Securities Identification Number level notwithstanding the debt securities and/or non-convertible redeemable preference shares being issued under different offer documents.

Regulation 51 read with the Explanation to Clause A (11) in Part B of Schedule III of the SEBI Listing Regulations, defines ‘default’ as non-payment of interest or principal amount in full on the pre-agreed date which shall be recognized at the first instance of delay in the servicing of any interest or principal on debt.

Where the Company has defaulted in payment of interest or redemption of debt securities or in creation of security under a specific ISIN in accordance with the terms of the offer document, any distribution of dividend shall require approval of the debenture trustee acting on instructions of the Special Majority.

It is hereby confirmed, in case of an occurrence of a “default”, the Debenture Trustee shall abide and comply with the procedures mentioned in the SEBI Master Circular for Debenture Trustees issued by SEBI.

Minimum Subscription

In terms of the SEBI NCS Regulations, for an issuer undertaking a public issue of debt securities the minimum subscription for public issue of debt securities shall be 75% of the Base Issue as specified in the relevant Tranche Prospectus. If our Company does not receive the minimum subscription of 75% of the Base Issue within the prescribed timelines under Companies Act and any rules thereto, the entire subscription amount shall be refunded to the Applicants within eight Working Days from the Issue Closing Date as specified in the relevant Tranche Prospectus, or such time as may be specified by SEBI. In the event, there is a delay, by our Company in making the aforesaid refund within the prescribed time limit, our Company will pay interest at the rate of 15% per annum for the delayed period.

Under Section 39(3) of the Companies Act, 2013 read with Rule 11(2) of the Companies (Prospectus and Allotment of Securities) Rules, 2014 if the stated minimum subscription amount is not received within the specified period, Since the applications in the Issue will be made through ASBA mode only, in case of non-receipt of minimum subscription of 75% of the Base Issue size, the entire Application Amount shall be unblocked in the ASBA Accounts of the Applicants. To the extent possible, where the required information for making such refunds is available with our Company and/or Registrar, refunds will

be made to the account prescribed. However, where our Company and/or Registrar does not have the necessary information for making such refunds, our Company and/or Registrar will follow the guidelines prescribed by SEBI in this regard including the SEBI Master Circular.

Market Lot and Trading Lot

The NCDs shall be allotted in dematerialized form. As per the SEBI NCS Regulations, the trading of the NCDs is in dematerialised form and the tradable lot is one NCD.

Please note that the NCDs shall cease to trade from the Record Date (for payment of the principal amount and the applicable interest for such NCDs) prior to redemption of the NCDs.

Allotment in this Issue will be in electronic form multiples of one NCD. For further details of Allotment, see the “*Issue Procedure*” beginning on page 264.

Nomination facility to NCD Holders

In accordance with Section 72 of the Companies Act, 2013 (read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, the sole NCD Holder or first NCD Holder, along with other joint NCD Holders (being individual(s) may nominate, in Form SH – 13, any one person (being an individual) who, in the event of death of the sole holder or all the joint-holders, as the case may be, shall become entitled to the NCDs. Where the nomination is made in respect of the NCDs held by more than one person jointly, all joint holders shall together nominate in Form SH-13 any person as nominee. A person, being a nominee, becoming entitled to the NCDs by reason of the death of the NCD Holder(s) will in accordance with Rule 19 and Section 56 of Companies Act 2013, shall be entitled to the same rights to which he would be entitled if he were the registered holder of the NCD except that he shall not, before being registered as a holder in respect of such NCDs, be entitled in respect of these NCDs to exercise any right conferred. Where the nominee is a minor, the NCD Holder(s) may make a nomination to appoint, in the prescribed manner, including by way of Form SH – 14, any person to become entitled to the NCDs, in the event of his death, during the minority. A nomination shall stand rescinded upon sale/transfer/alienation of the NCDs by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. When the NCDs are held by two or more persons, the nominee shall become entitled to receive the amount only on the demise of all such NCD Holders. Fresh nominations can be made only in the prescribed form available on request at our Registered/ Corporate Office, at such other addresses as may be notified by us, or at the office of the Registrar to the Issue or the transfer agent.

NCD Holders are advised to provide the specimen signature of the nominee to enable us to expedite the transmission of the NCDs to the nominee in the event of demise of the NCD Holders. The signature can be provided in the Application Form or subsequently at the time of making fresh nominations. This facility of providing the specimen signature of the nominee is purely optional.

In accordance with the Section 72 read with Rule 19 of the Companies (Share Capital and Debentures) Rules, 2014, any person who becomes a nominee by virtue of the above said Section, shall upon the production of such evidence as may be required by our Board, elect either:

- (a) To register himself or herself as the holder of the NCDs; or
- (b) To make such transfer of the NCDs, as the deceased holder could have done.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the NCDs, and if the notice is not complied with, within a period of 90 days, our Board may thereafter withhold payment of all interests or other monies payable in respect of the NCDs, until the requirements of the notice have been complied with.

NCD Holders who are holding NCDs in dematerialised form need not make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the NCD Holder will prevail. If the NCD Holders require to changing their nominations, they are requested to inform their respective Depository Participant.

A nomination may be cancelled or varied by nominating any other person in place of the present nominee, by the Secured NCD Holder who has made the nomination, by giving a notice of such cancellation or variation in the prescribed manner as per applicable laws. The cancellation or variation shall take effect from the date on which the notice of such variation or cancellation is received.

The trades in non-convertible securities listed on stock exchange(s) shall be cleared and settled through clearing corporation of stock exchange(s), subject to conditions as specified by the Board. In case of trades of non-convertible securities which have been traded over the counter, such trades shall be reported on any one of the reporting platforms of a recognized stock exchange having a nation-wide trading terminal or such other platform as may be specified by the Board.

Since the allotment of Secured NCDs will be made only in dematerialized mode, there is no need to make a separate nomination with our Company. Nominations registered with the respective Depository Participant of the Applicant would prevail. If the investors require changing their nomination, they are requested to inform their respective Depository Participant.

Transfer/Transmission of NCD(s)

The NCDs shall be transferred or transmitted freely, in whole or in part without the prior consent of the Company, in accordance with the applicable provisions of the Companies Act, 2013. The NCDs held in dematerialized form shall be transferred subject to and in accordance with the rules/procedures as prescribed by the Depositories and the relevant DPs of the transferor or transferee and any other applicable laws and rules notified in respect thereof. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date.

In the absence of the same, interest will be paid/redemption will be made to the person, whose name appears in the register of debenture holders maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferor(s) and not with the Issuer or Registrar. The seller should give delivery instructions containing details of the buyer's DP account to his depository participant.

For further details, see “*Issue Structure*” beginning on page 258, for the implications on the interest applicable to NCDs held by individual NCD Holders on the Record Date and NCDs held by non-individual NCD Holders on the Record Date.

NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred. Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialized form only. The procedure for transmission of securities has been further simplified vide the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2022 Gazette Notification no. SEBI/LAD- NRO/GN/2022/80 dated April 25th, 2022.

Title

In case of:

- NCDs held in the dematerialised form, the person for the time being appearing in the register of beneficial owners maintained by the Depositories; and
- the NCDs held in physical form pursuant to rematerialization, the person for the time being appearing in the register of NCD Holders shall be treated for all purposes by our Company, the Debenture Trustee, the Depositories and all other persons dealing with such person, as the holder thereof and its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or any interest in it or any writing on, theft or loss of the consolidated NCD certificates issued in respect of the NCDs and no person will be liable for so treating the NCD holder.

No transfer of title of an NCD will be valid unless and until entered on the register of NCD holders or the register of beneficial owners maintained by the Depositories prior to the Record Date. In the absence of transfer being registered, interest and/or maturity amount, as the case may be, will be paid to the person, whose name appears first in the register of the NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company, SEBI Listing Regulations and the relevant provisions of the Companies Act, 2013, shall apply, *mutatis mutandis* (to the extent applicable) to the NCD(s) as well.

Succession

Where NCDs are held in joint names and one of the joint NCD Holder dies, the survivor(s) will be recognized as the NCD Holder(s). It will be sufficient for our Company to delete the name of the deceased NCD Holder after obtaining satisfactory evidence of his death. Provided, a third person may call on our Company to register his name as successor of the deceased NCD Holder after obtaining evidence such as probate of a will for the purpose of proving his title to the NCDs. In the event of demise of the sole or first holder of the NCDs, our Company will recognise the executors or administrator of the deceased NCD Holders, or the holder of the succession certificate or other legal representative as having title to the NCDs only if such executor or administrator obtains and produces probate or letter of administration or is the holder of the succession certificate or other legal representation, as the case may be, from an appropriate court in India. Our Board of Directors or any other person authorised by our Board of Directors in their absolute discretion may, in any case, dispense with production of probate or letter of administration or succession certificate or other legal representation. In case of death of NCD Holders who are holding NCDs in dematerialised form, third person is not required to approach our Company to register his name as successor of the deceased NCD Holder. The successor of the deceased NCD Holder shall approach the respective Depository Participant for this purpose and submit necessary documents as required by the Depository Participant.

Where a non-resident Indian becomes entitled to the NCDs by way of succession, the following steps have to be complied with:

1. Documentary evidence to be submitted to the legacy cell of the RBI to the effect that the NCDs were acquired by the non-resident Indian as part of the legacy left by the deceased NCD Holder.
2. Proof that the non-resident Indian is an Indian national or is of Indian origin.
3. Such holding by a non-resident Indian will be on a non-repatriation basis.

Joint-holders

Where two or more persons are holders of any NCD(s), they shall be deemed to hold the same as joint holders with benefits of survivorship subject to other provisions contained in the Articles of Association.

Procedure for re-materialisation of NCDs

Subject to the RTA Master Circular, NCD Holders who wish to hold the NCDs in physical form may do so by submitting a request to their DP at any time after Allotment in accordance with the applicable procedure stipulated by the DP, in accordance with the Depositories Act and/or rules as notified by the Depositories from time to time. Holders of NCDs who propose to rematerialise their NCDs, would have to mandatorily submit details of their bank mandate along with a copy of any document evidencing that the bank account is in the name of the holder of such NCDs and their Permanent Account Number to the Company and the DP. No proposal for rematerialisation of NCDs would be considered if the aforementioned documents and details are not submitted along with the request for such rematerialisation.

Register of NCD Holders

No transfer of title of a NCD will be valid unless and until entered on the Register of NCD Holders (for re materialized NCDs) or the register and index of NCD Holders maintained by the Depository prior to the Record Date. In the absence of transfer being registered, interest and/or Redemption Amount, as the case may be, will be paid to the person, whose name appears first in the Register of NCD Holders maintained by the Depositories and/or our Company and/or the Registrar, as the case may be as on the Record Date. In such cases, claims, if any, by the purchasers of the NCDs will need to be settled with the seller of the NCDs and not with our Company or the Registrar. The provisions relating to transfer and transmission and other related matters in respect of our Company's shares contained in the Articles of Association of our Company, SEBI Listing Regulations and the Companies Act shall apply, mutatis mutandis (to the extent applicable) to the NCDs as well.

Restriction on transfer of NCDs

There are no restrictions on transfers and transmission of NCDs allotted pursuant to this Issue. Pursuant to the SEBI LODR IV Amendment, NCDs held in physical form, pursuant to any rematerialisation, as above, cannot be transferred. Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

Due to limitation of time available for uploading the Applications on the Issue Closing Date, Applicants are advised to submit their Application Forms one day prior to the Issue Closing Date and, no later than 3.00 p.m. (Indian Standard Time) on the Issue Closing Date. Applicants are cautioned that in the event a large number of Applications are received on the Issue Closing Date, there may be some Applications which are not uploaded due to lack of sufficient time to upload. Such Applications that cannot be uploaded will not be considered for allocation under the Issue. Application Forms will only be accepted on Working Days during the Issue Period. Neither our Company, nor the Lead Managers or Trading Members of the Stock Exchanges are liable for any failure in uploading the Applications due to failure in any software/ hardware systems or otherwise. Please note that the Basis of Allotment under the Issue will be on the basis of date of upload of each application into the electronic book of the Stock Exchanges in accordance with the SEBI Master Circular. However, on the date of oversubscription and thereafter, the allotments should be made to the applicants on proportionate basis.

Taxation

Income Tax is deductible at source at the rate of 10% on interest on debentures held by resident Indians as per the provisions of Section 193 of the IT Act (in case where interest is paid to Individual or HUF, no TDS will be deducted where interest paid is less than ₹5,000 and interest is paid by way of account payee cheque). For further details, please see Section titled "Statement of Possible Tax Benefits Available to the Debentures Holders Under the Applicable Laws in India" on page 106.

Further, Tax will be deducted at source at reduced rate, or no tax will be deducted at source in the following cases:

- a. When the Assessing Officer issues a certificate on an application by a Debenture Holder on satisfaction that the total income of the Debenture holder justifies no/lower deduction of tax at source as per the provisions of Section 197(1) of the IT Act; and that a valid certificate is filed with the Company/ Registrar, at least 7 days before the relevant record date for payment of debenture interest;
- b. When the resident Debenture Holder with Permanent Account Number ('PAN') (not being a company or a firm) submits a declaration as per the provisions of section 197A(1A) of the IT Act in the prescribed Form 15G verified in the prescribed manner to the effect that the tax on his estimated total income of the financial year in which such income is to be included in computing his total income will be Nil. However, under section 197A(1B) of the IT Act, Form 15G cannot be submitted nor considered for exemption from tax deduction at source if the dividend income referred to in section 194, interest on securities, interest, withdrawal from NSS and income from units of mutual fund or of 236 Unit Trust of India as the case may be or the aggregate of the amounts of such incomes credited or paid or likely to be credited or paid during the financial year in which such income is to be included exceeds the maximum amount which is not chargeable to income tax;
- c. Senior citizens, who are 60 or more years of age at any time during the financial year, enjoy the special privilege to submit a self-declaration in the prescribed Form 15H for non-deduction of tax at source in accordance with the provisions of section 197A(1C) of the Act even if the aggregate income credited or paid or likely to be credited or paid exceeds the maximum amount not chargeable to tax, provided that the tax due on the estimated total income of the year concerned will be Nil.

In all other situations, tax would be deducted at source as per prevailing provisions of the IT Act. However in case of NCD Holders claiming non-deduction or lower deduction of tax at source, as the case may be, the NCD Holder should furnish either (a) a declaration (in duplicate) in the prescribed form i.e. (i) Form 15H which can be given by individuals who are of the age of 60 years or more (ii) Form 15G which can be given by all applicants (other than companies, and firms), or (b) a certificate, from the Assessing Officer which can be obtained by all applicants (including companies and firms) by making an application in the prescribed form i.e. Form No.13.

Further, eligible NCD Holders other than resident individuals or resident HUF investors, the following documents should be submitted with the Company/ Registrar, atleast 7 days before the relevant record date for payment of debenture interest (i) copy of registration certificate issued by the regulatory authority under which the investor is registered, (ii) self-declaration for non-deduction of tax at source, and (iii) such other document a may be required under the Income Tax Act, for claiming non-deduction / lower deduction of tax at source and/or specified by the Company/ Registrar, from time to time.

The aforesaid documents, as may be applicable, should be submitted atleast 7 days before the relevant Record Date for payment of interest on the NCDs quoting the name of the sole/ first NCD Holder, NCD folio number and the distinctive number(s) of

the NCD held, to ensure non-deduction/lower deduction of tax at source from interest on the NCD. The aforesaid documents for claiming non-deduction or lower deduction of tax at source, as the case may be, shall be submitted to the Registrar or our Company as per below details or any other details as may be updated on the website of the Issuer www.piramalenterprises.com or the Registrar at pel.ncd2024@linkintime.co.in, from time to time.

The investors need to submit Form 15H/ 15G/certificate in original from the Assessing Officer for each Fiscal during the currency of the NCD to claim non-deduction or lower deduction of tax at source from interest on the NCD. Tax exemption certificate/document, if any, must be lodged at the office of the Registrar to the Issue at least seven days prior to the Record Date or as specifically required, failing which tax applicable on interest will be deducted at source on accrual thereof in our Company's books and/or on payment thereof, in accordance with the provisions of the IT Act and/or any other statutory modification, enactment or notification as the case may be. A tax deduction certificate will be issued for the amount of tax so deducted.

Please also see, “*Statement of Possible Tax Benefits Available to the Debentures Holders Under the Applicable Laws in India*” on page 106. Subject to the terms and conditions in connection with computation of applicable interest on the Record Date as stated in the section titled “*Issue Procedure*” on page 264, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Draft Shelf Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Subject to the terms and conditions in connection with computation of applicable interest on the Record Date, please note that in case the NCDs are transferred and/or transmitted in accordance with the provisions of this Draft Shelf Prospectus, the Shelf Prospectus and relevant Tranche Prospectus read with the provisions of the Articles of Association of our Company, the transferee of such NCDs or the deceased holder of NCDs, as the case may be, shall be entitled to any interest which may have accrued on the NCDs.

Maturity and Redemption

As specified in the relevant Tranche Prospectus.

Put / Call Option

As specified in the relevant Tranche Prospectus.

Deemed Date of Allotment

The date on which the Administrative Committee approves the Allotment of the NCDs for the Issue. The actual Allotment of NCDs may take place on a date other than the Deemed Date of Allotment. All benefits relating to the NCDs including interest on NCDs (as specified for each Tranche Issue by way of the relevant Tranche Prospectus) shall be available to the Debenture holders from the deemed date of allotment.

Application in the Issue

NCDs being issued through the relevant Tranche Prospectus can be applied for, through a valid Application Form filled in by the applicant along with attachments, as applicable. Further, Applications in this Issue shall be made through the ASBA facility only.

In terms of Regulation 7 of SEBI NCS Regulations, our Company will make public issue of the NCDs in the dematerialised form only.

However, in the terms of Section 8(1) of the Depositories Act, but subject to SEBI (Listing Obligations and Disclosure Requirements) (Fourth Amendment) Regulations, 2018 (“**SEBI LODR IV Amendment**”) and SEBI circular SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022 dated January 25, 2022, our Company at the request of the Investors who wish to hold the NCDs in physical form will rematerialise the NCDs. However, trading of the NCDs shall be compulsorily in dematerialised form only.

Application Size

Each Application should be for a minimum of 10 NCDs across all series collectively and in multiples of one NCD thereafter (for all series of NCDs taken individually or collectively), as specified in the relevant Tranche Prospectus.

Applicants can apply for any or all series of NCDs offered hereunder provided the Applicant has applied for minimum application size using the same Application Form.

Applicants are advised to ensure that applications made by them do not exceed the investment limits or maximum number of NCDs that can be held by them under applicable statutory and or regulatory provisions.

Terms of Payment

The entire issue price per NCD, is blocked in the ASBA Account on application itself. In case of allotment of lesser number of NCDs than the number of NCDs applied for, our Company shall unblock the excess amount paid on application to the applicant in accordance with the terms of the Shelf Prospectus and the relevant Tranche Prospectus.

Record Date

The date for payment of interest in connection with the NCDs or repayment of principal in connection therewith which shall be 15 (fifteen) days prior to the interest payment date, and/or Redemption Date for NCDs issued under the relevant Tranche Prospectus. In case of redemption of NCDs, the trading in the NCDs shall remain suspended between the Record Date and the date of redemption. In case the Record Date falls on a day when the Stock Exchanges are having a trading holiday, the immediate subsequent trading day or a date notified by our Company to the Stock Exchanges, will be deemed as the Record Date.

Interest/Premium and Payment of Interest/ Premium

Interest/ Coupon on NCDs

As specified in the relevant Tranche Prospectus for each Tranche Issue.

Payment of Interest

Amount of interest payable shall be rounded off to the nearest Rupee. In the event, the interest/payout of total coupon /redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50 then the amount shall be rounded off to ₹ 1,838. If the date of payment of interest does not fall on a Working Day, then the interest payment will be made on succeeding Working Day, however the calculation for payment of interest will be only till the originally stipulated Interest Payment Date. The dates of the future interest payments would be as per the originally stipulated schedule. Payment of interest will be subject to the deduction of tax as per Income Tax Act or any statutory modification or re-enactment thereof for the time being in force. In case the Redemption Date (also being the last Interest Payment Date) does not fall on a Working Day, the payment will be made on the immediately preceding Working Day, along with coupon/interest on the NCDs until but excluding the date of such payment. The interest/redemption payments shall be made only on the days when the money market is functioning in Mumbai.

Basis of payment of Interest

The Tenor, Coupon Rate / Yield and Redemption Amount applicable for each Series of NCDs shall be determined at the time of Allotment of NCDs pursuant to the relevant Tranche Prospectus. NCDs once allotted under any particular Series of NCDs shall continue to bear the applicable Tenor, Coupon/Yield and Redemption Amount as at the time of original Allotment irrespective of the category of NCD Holder on any Record Date, and such tenor, coupon/ yield and redemption amount as at the time of original allotment will not be impacted by trading of any series of NCDs between the categories of persons or entities in the secondary market.

Mode of payment of Interest to NCD Holders

Payment of interest will be made (i) in case of NCDs in dematerialised form, the persons who, for the time being appear in the register of beneficial owners of the NCDs as per the Depositories, as on the Record Date and (ii) in case of NCDs in physical form on account of re-materialization, to the persons whose names appear in the register of debenture holders maintained by us (or to first holder in case of joint-holders) as on the Record Date.

We may enter into an arrangement with one or more banks in one or more cities for direct credit of interest to the account of the NCD Holders. In such cases, interest, on the interest payment date, would be directly credited to the account of those investors who have given their bank mandate.

We may offer the facility of NACH, NEFT, RTGS, Direct Credit and any other method permitted by RBI and SEBI from time to time to effect payments to NCD Holders. The terms of this facility (including towns where this facility would be available) would be as prescribed by RBI.

Manner of Payment of Interest / Refund / Redemption*

The manner of payment of interest / refund / redemption in connection with the NCDs is set out below*:

The bank details will be obtained from the Depositories for payment of Interest / refund / redemption as the case may be. Applicants who are holding the NCDs in electronic form, are advised to immediately update their bank account details as appearing on the records of the depository participant. Neither the Lead Manager, nor our Company, nor the Registrar to the Issue shall have any responsibility and undertake any liability arising from such details not being up to date.

In case of NCDs held in physical form, on account of rematerialisation, the bank details will be obtained from the documents submitted to the Company along with the rematerialisation request. For further details, please see “*Terms of the Issue – Procedure for Re-materialization of NCDs*” on page 248.

The Registrar to the Issue will issue requisite instructions to the relevant SCSBs to un-block amounts in the ASBA Accounts of the Applicants representing the amounts to unblocked for the Applicants.

**In the event, the interest / payout of total coupon / redemption amount is a fraction and not an integer, such amount will be rounded off to the nearest integer. By way of illustration if the redemption amount is ₹ 1,837.50 then the amount shall be rounded off to ₹ 1,838.*

The mode of interest / refund / redemption payments shall be undertaken in the following order of preference:

1. Direct Credit

Investors having their bank account with the Refund Bank, shall be eligible to receive refunds, if any, through direct credit. The refund amount, if any, would be credited directly to their bank account with the Refund Bank.

2. NACH

National Automated Clearing House which is a consolidated system of ECS. Payment would be done through NACH for Applicants having an account at one of the centres specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including Magnetic Ink Character Recognition (“MICR”) code wherever applicable from the depository. Payments through NACH are mandatory for Applicants having a bank account at any of the centres where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the depositories), except where applicant is otherwise disclosed as eligible to get payments through NEFT or Direct Credit or RTGS.

3. RTGS

Applicants having a bank account with a participating bank and whose interest payment/ refund/ redemption amounts exceed ₹ 200,000, or such amount as may be fixed by RBI from time to time, have the option to receive payments

through RTGS. Such eligible Applicants who indicate their preference to receive interest payment/ refund/ redemption through RTGS are required to provide the IFSC code in the Application Form or intimate our Company and the Registrar to the Issue at least seven days prior to the Record Date. Charges, if any, levied by the Applicant's bank receiving the credit would be borne by the Applicant. In the event the same is not provided, interest payment/ refund/ redemption shall be made through NACH subject to availability of complete bank account details for the same as stated above.

4. NEFT

Payment of interest/ refunds/ redemption shall be undertaken through NEFT wherever the Applicants' banks have been assigned the Indian Financial System Code ("IFSC"), which can be linked to a MICR, if any, available to that particular bank branch. The IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine digit MICR number and their bank account number while opening and operating the demat account, the same will be duly mapped with the IFSC Code of that particular bank branch and the payment of interest/ refund/ redemption will be made to the applicants through this method.

5. Registered Post/Speed Post

For all other applicants, including those who have not updated their bank particulars with the MICR code, the interest payment / refund / redemption orders shall be dispatched through speed post/ registered post.

Please note that applicants are eligible to receive payments through the modes detailed in (1), (2) (3), and (4) here in above provided they provide necessary information for the above modes and where such payment facilities are allowed / available.

Please note that our Company shall not be responsible to the holder of NCDs, for any delay in receiving credit of interest / refund / redemption so long as our Company has initiated the process of such request in time.

6. The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

Printing of bank particulars on interest / redemption warrants

As a matter of precaution against possible fraudulent encashment of refund orders and interest/ redemption warrants due to loss or misplacement, the particulars of the Applicant's bank account are mandatorily required to be given for printing on the orders/ warrants. In relation to NCDs applied and held in dematerialized form, these particulars would be taken directly from the Depositories. In case of NCDs held in physical form on account of rematerialisation, the NCD Holders are advised to submit their bank account details with our Company/ Registrar to the Issue at least seven days prior to the Record Date failing which the orders/ warrants will be dispatched to the postal address of the NCD Holders as available in the records of our Company either through speed post, registered post.

Bank account particulars will be printed on the orders/ warrants which can then be deposited only in the account specified.

Loan against NCDs

Pursuant to RBI Circular dated June 27, 2013, our Company, being an NBFC, is not permitted to extend any loans against the security of its NCDs.

Buy Back of NCDs

Our Company may, at its sole discretion, from time to time, consider, subject to applicable statutory and/or regulatory requirements, buy-back the NCDs from the open market or otherwise, upon such terms and conditions as may be decided by our Company. Such buy-back of the NCDs may be at par or at discount / premium to the face value at the sole discretion of the Company.

Our Company may from time to time invite the NCD Holders to offer the NCDs held by them through one or more buy-back schemes and/or letters of offer upon such terms and conditions as our Company may from time to time determine, subject to applicable statutory and/or regulatory requirements. Such NCDs which are bought back may be extinguished, held, re-issued and/or resold in the open market with a view of strengthening the liquidity of the NCDs in the market, subject to applicable statutory and/or regulatory requirements.

Where the Company has repurchased any such NCDs, if permissible under and subject to the provisions of the Companies Act, 2013, rules and regulations thereunder and other Applicable Law as may be amended from time to time, the Company shall have and shall be deemed always to have had the right to keep such NCDs alive for the purpose of reissue and in exercising such right, the Company shall have and shall be deemed always to have had the power to reissue such NCDs, either by reissuing the same or by issuing other debentures in their place, in either case, at such a price and on such terms and conditions (including any variations, dropping of or additions to any terms and conditions originally stipulated) as the Company may deem fit.

Form of allotment and Denomination of NCDs

In case of Secured NCDs held in physical form on account of rematerialisation, a single certificate will be issued to the Secured NCD Holder for the aggregate amount of the Secured NCDs held (“**Consolidated Certificate**”). The Applicant can also request for the issue of Secured NCD certificates in denomination of one NCD (“**Market Lot**”). In case of NCDs held under different Options, as specified in the Prospectus, by a Secured NCD Holder, separate Consolidated Certificates will be issued to the NCD Holder for the aggregate amount of the Secured NCDs held under each Option. It is however distinctly to be understood that the Secured NCDs pursuant to this issue shall be traded only in demat form.

In respect of Consolidated Certificates, we will, only upon receipt of a request from the Secured NCD Holder, split such Consolidated Certificates into smaller denominations subject to the minimum of Market Lot. No fees would be charged for splitting of Secured NCD certificates in Market Lots, but stamp duty payable, if any, would be borne by the Secured NCD Holder. The request for splitting should be accompanied by the original NCD certificate which would then be treated as cancelled by us.

As per the SEBI NCS Regulations, the trading of the NCDs on the Stock Exchanges shall be in dematerialized form only in multiples of 1 (one) NCD (“**Market Lot**”). Allotment in this Issue to all Allottees, will be in electronic form i.e., in dematerialised form and in multiples of one NCD. For details of allotment see “*Issue Procedure*” beginning on page 264.

Procedure for Redemption by NCD holders

The procedure for redemption is set out below:

NCDs held in physical form on account of rematerialisation

No action would ordinarily be required on the part of the NCD Holder at the time of redemption and the redemption proceeds would be paid to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. However, our Company may require that the NCD certificate(s), duly discharged by the sole holder/all the joint-holders (signed on the reverse of the NCD certificates) be surrendered for redemption on maturity and should be sent by the NCD Holders by Registered Post with acknowledgment due or by hand delivery to our office or to such persons at such addresses as may be notified by us from time to time. NCD Holders may be requested to surrender the NCD certificates in the manner as stated above, not more than three months and not less than one month prior to the redemption date so as to facilitate timely payment. We may at our discretion redeem the Secured NCDs without the requirement of surrendering of the NCD certificates by the holder(s) thereof. In case we decide to do so, the holders of NCDs need not submit the NCD certificates to us and the redemption proceeds would be paid to those NCD holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of redemption of NCDs. In such case, the Secured NCD certificates would be deemed to have been cancelled. Also see the para “*Payment on Redemption*” given below.

Secured NCDs held in electronic form

No action is required on the part of Secured NCD holder(s) at the time of redemption of NCDs.

Payment on Redemption

The manner of payment of redemption is set out below:

NCDs held in physical form on account of rematerialisation

The payment on redemption of the NCDs will be made by way of cheque/pay order/ electronic modes. However, if our Company so requires, the aforementioned payment would only be made on the surrender of NCD certificates, duly discharged by the sole holder/ all the joint-holders (signed on the reverse of the NCD certificates). Dispatch of cheques/ pay orders, etc. in respect of such payment will be made on the redemption date or (if so requested by our Company in this regard) within a period of 30 days from the date of receipt of the duly discharged NCD certificate.

In case we decide to do so, the redemption proceeds in the manner stated above would be paid on the redemption date to those NCD Holders whose names stand in the register of debenture holders maintained by us on the Record Date fixed for the purpose of Redemption. Hence the transferees, if any, should ensure lodgment of the transfer documents with us at least seven days

prior to the Record Date. In case the transfer documents are not lodged with us at least 7 days prior to the Record Date and we dispatch the redemption proceeds to the transferor, claims in respect of the redemption proceeds should be settled amongst the parties inter se and no claim or action shall lie against us or the Registrar to the Issue.

Our liability to NCD Holders towards their rights including for payment or otherwise shall stand extinguished from the redemption in all events and when we dispatch the redemption amounts to the NCD Holders.

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCDs.

NCDs held in electronic form

On the redemption date, redemption proceeds would be paid by cheque/ pay order/ electronic mode to those NCD Holders whose names appear on the list of beneficial owners given by the Depositories to us. These names would be as per the Depositories' records on the Record Date fixed for the purpose of redemption. These NCDs will be simultaneously extinguished to the extent of the amount redeemed through appropriate debit corporate action upon redemption of the corresponding value of the NCDs. It may be noted that in the entire process mentioned above, no action is required on the part of NCD Holders.

Our liability to NCD Holders towards his/their rights including for payment/ redemption in all events shall end when we dispatch the redemption amounts to the NCD Holders.

Further, we will not be liable to pay any interest, income or compensation of any kind from the date of redemption of the NCDs.

Right to reissue NCD(s)

Subject to the provisions of the Companies Act, 2013 and applicable law, where we have fully redeemed or repurchased any NCDs, we shall have and shall be deemed always to have had the right to keep such NCDs in effect without extinguishment thereof, for the purpose of resale or re-issue and in exercising such right, we shall have and be deemed always to have had the power to resell or reissue such NCDs either by reselling or re-issuing the same NCDs or by issuing other NCDs in their place. The aforementioned right includes the right to reissue original NCDs.

Right to Recall or Redeem prior to Maturity

Not Applicable

Transfer/ Transmission of NCDs

For NCDs held in physical form on account of rematerialisation

The NCDs shall be transferred or transmitted freely in accordance with the applicable provisions of Companies Act, 2013 applicable as on the date of this Draft Shelf Prospectus and all other applicable laws. The provisions relating to transfer and transmission and other related matters in respect of our shares contained in the Articles and the relevant provisions of the Companies Act, 2013 applicable as on the date of this Draft Shelf Prospectus, and all applicable laws including FEMA and the rules and regulations thereunder, shall apply, *mutatis mutandis* (to the extent applicable to debentures) to the NCDs as well. In respect of the NCDs held in physical form on account of rematerialisation, a common form of transfer shall be used for the same. The NCDs held in dematerialised form shall be transferred subject to and in accordance with the rules/ procedures as prescribed by NSDL/CDSL and the relevant Depository Participants of the transferor and the transferee and any other applicable laws and rules notified in respect thereof. The transferees should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, interest will be paid/ redemption will be made to the person, whose name appears in the register of debenture holders or the records as maintained by the Depositories. In such cases, claims, if any, by the transferees would need to be settled with the transferors and not with the Issuer or Registrar.

For NCDs held in electronic form

The normal procedure followed for transfer of securities held in dematerialised form shall be followed for transfer of the NCDs held in electronic form. The seller should give delivery instructions containing details of the buyer's Depository Participant account to his depository participant.

In case the transferee does not have a Depository Participant account, the transferor can rematerialise the NCDs and thereby convert his dematerialised holding into physical holding. Thereafter these NCDs can be transferred in the manner as stated above for transfer of NCDs held in physical form.

Any trading of the NCDs issued pursuant to this Issue shall be compulsorily in dematerialised form only.

Common form of transfer

Our Company undertakes that there shall be a common form of transfer for the NCDs, if applicable and the provisions of the Companies Act, 2013 and all applicable laws including the FEMA and the rules and regulations thereunder shall be duly complied with in respect of all transfer of debentures and registration thereof.

Sharing of information

We may, at our option, use on our own, as well as exchange, share or part with any financial or other information about the NCD Holders available with us with our subsidiaries, if any and affiliates and other banks, financial institutions, credit bureaus, agencies, statutory bodies, as may be required and neither we or our affiliates nor their agents shall be liable for use of the aforesaid information.

Notices

All notices to the NCD Holder(s) required to be given by us or the Debenture Trustee shall be published in one English language newspaper having wide circulation and one regional language daily newspaper at the place where the registered office of the Company is situated and/or will be sent by post/ courier or through email or other electronic media to the Registered Holders of the NCD(s) from time to time.

Issue of duplicate NCD certificate(s)

If NCD certificate(s), issued pursuant to rematerialisation, is/ are mutilated or defaced or the cages for recording transfers of NCDs are fully utilised, the same may be replaced by us against the surrender of such certificate(s). Provided, where the NCD certificate(s) are mutilated or defaced, the same will be replaced as aforesaid only if the certificate numbers and the distinctive numbers are legible.

If any NCD certificate is destroyed, stolen or lost then upon production of proof thereof to our satisfaction and upon furnishing such indemnity/ security and/or documents as we may deem adequate, duplicate NCD certificates shall be issued. Upon issuance of a duplicate NCD certificate, the original NCD certificate shall stand cancelled.

Lien

As per the RBI circular dated June 27, 2013, the Company is not permitted to extend loans against the security of its debentures issued by way of private placement or public issues. The Company shall have the right of set-off and lien, present as well as future on the moneys due and payable to the NCD holders or deposits held in the account of the NCD holders, whether in single name or joint name, to the extent of all outstanding dues by the NCD holders to the Company, subject to applicable law.

Lien on pledge of NCDs

Our Company may, at its discretion, note a lien on pledge of NCDs if such pledge of NCD is accepted by any third party bank/institution or any other person for any loan provided to the NCD Holder against pledge of such NCDs as part of the funding, subject to applicable law.

Future Borrowings

We shall be entitled to make further issue of secured or unsecured debentures and/or raise term loans or raise further funds from time to time from any persons, banks, financial institutions or bodies corporate or any other agency, so long as (i) the Security Cover Ratio is maintained at or above the Required Security Cover in the manner set out in the Transaction Documents; (ii) no event of default has occurred and is continuing; and (iii) consents and approvals and other conditions, as may be required under Applicable Law or financing agreements, including intimations, if any, required thereunder are obtained or provided, as the case may be, and (iv) the Company is in compliance with the obligation of submission of the certificate evidencing the maintenance of the Required Security Cover within the timelines and in the manner set out in the Debenture Trust Deed.

The illustration for guidance in respect of the day count convention and effect of holidays on payments, as required by SEBI Master Circular will be as disclosed in the relevant Tranche Prospectus.

Payment of Interest

If Allotment is not made within the prescribed time period under applicable law, the entire subscription amount will be unblocked within the time prescribed under applicable law, failing which interest may be due to be paid to the Applicants, for the delayed period, as prescribed in applicable law. Our Company shall not be liable to pay any interest on monies liable to be refunded in case of (a) invalid applications or applications liable to be rejected, (b) applications which are withdrawn by the

Applicant and/or (c) monies paid in excess of the amount of NCDs applied for in the Application Form. For further details, see “*Issue Procedure - Rejection of Applications*” beginning on page 286.

Listing

The NCDs proposed to be offered in pursuance of this Draft Shelf Prospectus will be listed on the BSE and NSE. Our Company has received an ‘in-principle’ approval from BSE by way of its letter bearing reference number [●] dated [●] and from NSE by way of its letter bearing reference number [●] dated [●]. The application for listing of the NCDs will be made to the Stock Exchanges at an appropriate stage. For the purposes of this Issue, NSE shall be the Designated Stock Exchange.

If permissions to deal in and for an official quotation of our NCDs are not granted by the Stock Exchanges, our Company will forthwith repay, without interest, all moneys received from the Applicants in pursuance of this Draft Shelf Prospectus. Our Company shall ensure that all steps for the completion of the necessary formalities for listing and commencement of trading at the Stock Exchanges are taken within five Working Days from the Issue Closing Date. For the avoidance of doubt, it is hereby clarified that in the event of non-subscription to any one or more of the series, such series(s) of NCDs shall not be listed.

Guarantee/Letter of comfort

This Issue is not backed by a guarantee or letter of comfort or any other document and/or letter with similar intent.

Monitoring and Reporting of Utilisation of Issue Proceeds

There is no requirement for appointment of a monitoring agency in terms of the SEBI NCS Regulations. Our Board shall monitor the utilisation of the proceeds of the Issue. For the relevant quarters, our Company will disclose in our quarterly financial statements, the utilisation of the net proceeds of the Issue under a separate head along with details, if any, in relation to all such proceeds of the Issue that have not been utilised thereby also indicating investments, if any, of such unutilised proceeds of the Issue

Pre-Issue Advertisement

Subject to Regulation 30(1) of the SEBI NCS Regulations, our Company will issue a statutory advertisement on or before the Issue Opening Date through electronic modes such as online newspapers or website of the issuer or the Stock Exchanges, or in an English national daily and regional daily with wide circulation at the place where the registered office of the issuer is situated. This advertisement will contain the information as prescribed in Schedule V of SEBI NCS Regulations in compliance with the Section 30 of the Companies Act. Method of Application

In terms of SEBI Master Circular, an eligible investor desirous of applying in the Issue can make Applications only through the ASBA process only.

All Applicants shall mandatorily apply in the Issue through the ASBA process only. Applicants intending to subscribe in the Issue shall submit a duly filled Application Form to any of the Designated Intermediaries. Designated Intermediaries (other than SCSBs) shall submit/deliver the Application Form (except the Application Form from a retail individual investor bidding using the UPI mechanism) to the respective SCSB, where such investor has a bank account and shall not submit it to any non-SCSB bank or Public Issue Account Bank or Sponsor Bank.

Applicants are requested to note that in terms of the SEBI Master Circular, SEBI has mandated issuers to provide, through a recognized stock exchange which offers such a facility, an online interface enabling direct application by investors to a public issue of debt securities with an online payment facility (“**Direct Online Application Mechanism**”). In this regard, SEBI has, through the SEBI Master Circular, directed recognized Stock Exchange in India to put in necessary systems and infrastructure for the implementation of the SEBI Master Circular and the Direct Online Application Mechanism infrastructure for the implementation of the SEBI Master Circular and the Direct Online Application Mechanism. The Direct Online Application facility will be available for this Issue as per mechanism provided in the SEBI Master Circular

Applicants should submit the Application Form only at the bidding centres, *i.e.* to the respective Members of the Consortium at the Specified Locations, the SCSBs at the Designated Branches, the Registered Broker at the Broker Centres, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available at <http://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from ASBA Applicants, shall upload the details of these Application Forms to the online platform of the Stock Exchanges and submit these Application Forms with any of the Designated Branches at any Specified Location of the SCSB with whom the relevant ASBA Accounts are maintained.

Pursuant to SEBI Circular No: SEBI/HO/DDHS/DDHS-PoD-1/P/CIR/2024/128 dated September 24, 2024, all individual investors applying in public issues where the application amount is up to ₹5,00,000 shall use UPI and shall also provide their UPI ID in the bid cum application form submitted with any of the entities mentioned herein below:

1. a syndicate member;
2. a stock broker registered with a recognised stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity);
3. a depository participant (whose name is mentioned on the website of the stock exchange as eligible for this activity);
4. a registrar to an issue and share transfer agent (whose name is mentioned on the website of the stock exchange as eligible for this activity).

In terms of the SEBI Master Circular, an eligible investor desirous of applying in this Issue can make Applications through the following modes:

1. ***Through Self-Certified Syndicate Bank (SCSB) or intermediaries (viz. Syndicate members, Registered Stock Brokers, Registrar and Transfer agent and Depository Participants)***
 - (a) An investor may submit the bid-cum-application form, with ASBA as the sole mechanism for making payment, physically at the branch of a SCSB, *i.e.* investor’s bank. For such applications, the existing process of uploading of bid on the Stock Exchanges bidding platform and blocking of funds in investors account by the SCSB would continue.
 - (b) An investor may submit the completed bid-cum-application form to intermediaries mentioned above along with details of his/her bank account for blocking of funds. The intermediary shall upload the bid on the Stock Exchanges bidding platform and forward the application form to a branch of a SCSB for blocking of funds.
 - (c) An investor may submit the bid-cum-application form with a SCSB or the intermediaries mentioned above and use his / her bank account linked UPI ID for the purpose of blocking of funds, if the application value is Rs.5 lac or less. The intermediary shall upload the bid on the Stock Exchanges bidding platform. The application amount would be blocked through the UPI mechanism in this case.

2. *Through Stock Exchanges*

- (a) An investor may submit the bid-cum-application form through the App or web interface developed by Stock Exchanges (or any other permitted methods) wherein the bid is automatically uploaded onto the Stock Exchanges bidding platform and the amount is blocked using the UPI Mechanism.
- (b) The Stock Exchanges have extended their web-based platforms i.e., 'BSEDirect' and 'NSE goBID' to facilitate investors to apply in public issues of debt securities through the web based platform and mobile app with a facility to block funds through Unified Payments Interface (UPI) mechanism for application value up to Rs. 5 Lac. To place bid through 'BSEDirect' and 'NSE goBID' platform/ mobile app the eligible investor is required to register himself/ herself with BSE Direct/ NSE goBID.
- (c) An investor may use the following links to access the web-based interface developed by the Stock Exchanges to bid using the UPI Mechanism: BSE: <https://www.bsedirect.com>; and NSE: <https://www.nseindiaipo.com>.
- (d) The BSE Direct and NSE goBID mobile application can be downloaded from play store in android phones. Kindly search for 'BSEdirect' or 'NSE goBID' on Google Playstore for downloading mobile applications
- (e) To further clarify the submission of bids through the App or web interface, the BSE has issued operational guidelines and circulars dated December 28, 2020 available at <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-60>, and <https://www.bseindia.com/markets/MarketInfo/DispNewNoticesCirculars.aspx?page=20201228-61>. Similar circulars by NSE can be found here: x <https://www1.nseindia.com/content/circulars/IPO46907.zip> x <https://www1.nseindia.com/content/circulars/IPO46867.zip> Further, NSE has allowed its 'GoBid' mobile application which is currently available for placing bids for non-competitive bidding shall also be available for applications of public issues of debt securities.

Application process through physical Application Form

Applicants opting for the physical mode of Application process, should submit the Application Form (including for Applications under the UPI Mechanism) only at the Collection Centres, i.e. to the respective Members of the Syndicate at the Specified Locations, the SCSBs at the Designated Branches, the registered broker at the Broker Centres, the RTAs at the Designated RTA Locations or CDPs at the Designated CDP Locations. Kindly note that Application Forms submitted by Applicants at the Specified Locations will not be accepted if the SCSB with which the ASBA Account, as specified in the Application Form is maintained has not named at least one branch at that location for the Designated Intermediaries for deposit of the Application Forms. A list of such branches is available on SEBI's website *for Applications under the UPI Mechanism* at <https://www.sebi.gov.in>.

The relevant Designated Intermediaries, upon receipt of physical Application Forms from ASBA Applicants (including for Applications under the UPI Mechanism), shall upload the details of these Application Forms to the online platform of the Stock Exchanges and submit the Application Forms (except Application Forms submitted by UPI Investors under the UPI Mechanism) with any of the Designated Branches at any Specified Location of the SCSB with whom the relevant ASBA Accounts are maintained. An Applicant shall submit the Application Form, which shall be stamped at the relevant Designated Branch of the SCSB, with the SCSB and can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form. For Applicants submitting the physical application Form who wish to block the funds in their respective UPI linked bank account through the UPI Mechanism, post uploading of the details of the Application Forms into the online platform of the Stock Exchanges, the Stock Exchanges shall share the Application details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate a UPI Mandate Request to such UPI Investors for blocking of funds.

Designated Intermediaries (other than SCSBs) shall not accept any Application Form from a Retail Individual Bidder who is not applying using the UPI Mechanism. Application Forms in physical mode, which shall be stamped, can also be submitted to be the Designated Intermediaries at the Specified Locations. The SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form.

An Applicant shall submit the Application Form, which shall be stamped at the relevant Designated Branch of the SCSB. Further, the Application may also be submitted through the app or web interface developed by Stock Exchanges wherein the Application is automatically uploaded onto the Stock Exchanges bidding platform and the amount is blocked using the UPI mechanism, as applicable.

Our Company, our Directors, affiliates, associates and their respective directors and officers, the Lead Managers and the Registrar to the Issue shall not take any responsibility for acts, mistakes, errors, omissions and commissions etc. in relation to Applications (including Applications under the UPI Mechanism) accepted by and/or uploaded by and/or accepted but not uploaded by Trading Members, registered brokers, CDPs, RTAs and SCSBs who are authorised to collect Application Forms

from the Applicants in the Issue, or Applications accepted and uploaded without blocking funds in the ASBA Accounts by SCSBs or failure to block the Application Amount under the UPI Mechanism. It shall be presumed that for Applications uploaded by SCSBs (other than UPI Applications), the Application Amount payable on Application has been blocked in the relevant ASBA Account and for Applications by UPI Investors under the UPI Mechanism, uploaded by Designated Intermediaries, the Application Amount payable on Application has been blocked under the UPI Mechanism.

The list of registered brokers at the Broker Centres, CDPs at the Designated CDP Locations or the RTAs at the Designated RTA Locations, respective lists of which, including details such as address and telephone number, are available at the website of the Stock Exchanges at www.bseindia.com. The list of branches of the SCSBs at the Broker Centres, named by the respective SCSBs to receive deposits of the Application Forms from the registered brokers will be available on the website of the SEBI (www.sebi.gov.in) and updated from time to time.

Submission of Applications

Applications can be submitted through either of the following modes:

- (a) Physically or electronically to the Designated Branches of the SCSB(s) with whom an Applicant's ASBA Account is maintained. In case of Application in physical mode, the Applicant shall submit the Application Form at the relevant Designated Branch of the SCSB(s). The Designated Branch shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account and shall also verify that the signature on the Application Form matches with the Investor's bank records, as mentioned in the Application Form, prior to uploading such Application into the electronic system of the Stock Exchanges. **If sufficient funds are not available in the ASBA Account, the respective Designated Branch shall reject such Application and shall not upload such Application in the electronic system of the Stock Exchanges.** If sufficient funds are available in the ASBA Account, the Designated Branch shall block an amount equivalent to the Application Amount and upload details of the Application in the electronic system of the Stock Exchanges. The Designated Branch of the SCSBs shall stamp the Application Form and issue an acknowledgement as proof of having accepted the Application.

In case of Application being made in the electronic mode, the Applicant shall submit the Application either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for application and blocking funds in the ASBA Account held with SCSB, and accordingly registering such Application.

- (b) Physically through the Designated Intermediaries at the respective Collection Centres. Kindly note that above Applications submitted to any of the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account is maintained, as specified in the Application Form, has not named at least one branch at that Collection Center where the Application Form is submitted (a list of such branches is available at <https://www.sebi.gov.in>).
- (c) A UPI Investor making an Application in the Issue under the UPI Mechanism, where the Application Amount is upto ₹5 lakhs, can submit his Application Form physically to a SCSB or a Designated Intermediary. The Designated Intermediary shall upload the application details along with the UPI ID on the Stock Exchange's bidding platform using appropriate protocols. Kindly note that in this case, the Application Amount will be blocked through the UPI Mechanism.
- (d) A UPI Investor may also submit the Application Form for the Issue through BSE Direct/ NSE goBID, wherein the Application will be automatically uploaded onto the Stock Exchange's bidding platform and an amount equivalent to the Application Amount shall be blocked using the UPI Mechanism.

Upon receipt of the Application Form by the Designated Intermediaries, an acknowledgement shall be issued by the relevant Designated Intermediary, giving the counter foil of the Application Form to the Applicant as proof of having accepted the

Application. Thereafter, the details of the Application shall be uploaded in the electronic system of the Stock Exchanges. Post which:

- (a) **for Applications other than under the UPI Mechanism** - the Application Form shall be forwarded to the relevant branch of the SCSB, in the relevant Collection Center, named by such SCSB to accept such Applications from the Designated Intermediaries (a list of such branches is available at <https://www.sebi.gov.in>). Upon receipt of the Application Form, the relevant branch of the SCSB shall perform verification procedures including verification of the Applicant's signature with his bank records and check if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form. **If sufficient funds are not available in the ASBA Account, the relevant Application Form is liable to be rejected.** If sufficient funds are available in the ASBA Account, the relevant branch of the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form.
- (b) **for Applications under the UPI Mechanism** – once the Application details have been entered in the bidding platform through Designated Intermediaries or BSE Direct/ NSE goBID, the Stock Exchanges shall undertake validation of the PAN and Demat account combination details of the Applicant with the Depository. The Depository shall validate the PAN and Demat account details and send response to the Stock Exchanges which would be shared by the Stock Exchanges with the relevant Designated Intermediary through its platform, for corrections, if any. Post uploading of the Application details on the Stock Exchange's platform, the Stock Exchange shall send an SMS to the Applicant regarding submission of the Application. Post undertaking validation with the Depository, the Stock Exchanges shall, on a continuous basis, electronically share the bid details along with the Applicants UPI ID, with the Sponsor Bank appointed by our Company. The Sponsor Bank shall then initiate a UPI Mandate Request on the Applicant. The request raised by the Sponsor Bank, would be electronically received by the Applicant as an SMS or on the mobile app, associated with the UPI ID linked bank account. The Applicant shall then be required to authorise the UPI Mandate Request. Upon successful validation of block request by the Applicant, the information would be electronically received by the Applicants' bank, where the funds, equivalent to Application Amount, would get blocked in the Applicant's ASBA Account. The status of block request would also be shared with the Sponsor Bank, which in turn would be shared with the Stock Exchanges. The block request status would also be displayed on the Stock Exchange platform for information of the Designated Intermediaries,

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be.

Applicants must note that:

- (a) Application Forms will be available with the Designated Branches of the SCSBs and with the Designated Intermediaries at the respective Collection Centres; and electronic Application Forms will be available on the websites of the SCSBs and the Stock Exchanges at least one day prior to the Issue Opening Date. Physical Application Forms will also be provided to the Trading Members of the Stock Exchanges at their request. The Application Forms would be serially numbered. Further, the SCSBs will ensure that the Prospectus is made available on their websites. The physical Application Form submitted to the Designated Intermediaries shall bear the stamp of the relevant Designated Intermediary. In the event the Application Form does not bear any stamp, the same shall be liable to be rejected.
- (b) The Designated Branches of the SCSBs shall accept Application Forms directly from Applicants only during the Issue Period. The SCSBs shall not accept any Application Forms directly from Applicants after the closing time of acceptance of Applications on the Issue Closing Date. However, the relevant branches of the SCSBs at Specified Locations can accept Application Forms from the Designated Intermediaries, after the closing time of acceptance of Applications on the Issue Closing Date, if the Applications have been uploaded. For further information on the Issue programme, please see "*General Information – Issue Programme*" on page 74.

Physical Application Forms directly submitted to SCSBs should bear the stamp of SCSBs, if not, the same are liable to be rejected.

Please note that Applicants can make an Application for Allotment of NCDs in the dematerialised form only.

Please note in accordance with SEBI Circular SEBI/HO/DDHS/PoD1/CIR/P/2023/150 dated September 4, 2023, instructions to investors for completing the application form as specified in Annex- II of the aforesaid circular shall be disclosed on the websites of the Issuer, Lead Managers and Consortium Members during the Issue Period and a copy of the Abridged Prospectus shall be made available on the websites of Issuer, Lead Managers and Registrar to the Issue and a link for downloading the Abridged Prospectus shall be provided in issue advertisement for the Issue.

Applicants should note that neither the Members of Syndicate, Trading Member of the Stock Exchanges, Public Issue Account Banks nor Designated branches of SCSBs, as the case may be, will be liable for error in data entry due to incomplete or illegible Application Forms. Our Company would allot the NCDs, as specified in the relevant Tranche Prospectus for the Issue to all valid Applications, wherein the Applicants have not indicated their choice of the relevant option of NCDs.

B. Applicant’s Beneficiary Account Details

Applicants must mention their DP ID, Client ID and UPI ID (wherever applicable) in the Application Form and ensure that the name provided in the Application Form is exactly the same as the name in which the Beneficiary Account is held. In case the Application Form is submitted in the first Applicant’s name, it should be ensured that the Beneficiary Account is held in the same joint names and in the same sequence in which they appear in the Application Form. In case the DP ID, Client ID, PAN and UPI ID (wherever applicable) mentioned in the Application Form and entered into the electronic system of the Stock Exchanges do not match with the DP ID, Client ID, PAN and UPI ID (wherever applicable) available in the Depository database or in case PAN is not available in the Depository database, the Application Form is liable to be rejected. Further, Application Forms submitted by Applicants whose beneficiary accounts are inactive, will be rejected.

On the basis of the Demographic Details as appearing on the records of the DP, the Registrar to the Issue will take steps towards demat credit of NCDs. Hence, Applicants are advised to immediately update their Demographic Details as appearing on the records of the DP and ensure that they are true and correct, and carefully fill in their Beneficiary Account details in the Application Form. Failure to do so could result in delays in demat credit and neither our Company, Designated Intermediaries, SCSBs, Registrar to the Issue nor the Stock Exchanges will bear any responsibility or liability for the same.

In case of Applications made under power of attorney, our Company in its absolute discretion, reserves the right to permit the holder of power of attorney to request the Registrar that for the purpose of printing particulars on the Allotment Advice, the Demographic Details obtained from the Depository of the Applicant shall be used.

By signing the Application Form, the Applicant would have deemed to have authorized the Depositories to provide, upon request, to the Registrar to the Issue, the required Demographic Details as available on its records. The Demographic Details given by Applicant in the Application Form would not be used for any other purpose by the Registrar to the Issue except in relation to this Issue. Allotment Advice would be mailed by speed post or registered post at the address of the Applicants as per the Demographic Details received from the Depositories. Applicants may note that delivery of Allotment Advice may get delayed if the same once sent to the address obtained from the Depositories are returned undelivered. Further, please note that any such delay shall be at such Applicants' sole risk and neither our Company, Registrar to the Issue, Public Issue Account Bank, Sponsor Bank nor the Lead Managers shall be liable to compensate the Applicant for any losses caused to the Applicants due to any such delay or liable to pay any interest for such delay. In case of refunds through electronic modes as detailed in the Prospectus, refunds may be delayed if bank particulars obtained from the Depository Participant are incorrect.

With effect from August 16, 2010, the beneficiary accounts of Applicants for whom PAN details have not been verified shall be suspended for credit and no credit of NCDs pursuant to this Issue will be made into the accounts of such Applicants. **Application Forms submitted by Applicants whose beneficiary accounts are inactive shall be rejected. Furthermore, in case no corresponding record is available with the Depositories, which matches the parameters, namely, DP ID, Client ID, PAN and UPI ID (wherever applicable), then such Application are liable to be rejected.**

C. **Unified Payments Interface (UPI)**

Pursuant to the SEBI Master Circular, the UPI Mechanism is an applicable payment mechanism for public debt issues (in addition to the mechanism of blocking funds maintained with SCSBs under ASBA) for applications by retail individual bidders through Designated Intermediaries. All SCSBs offering the facility of making applications in public issues shall also provide the facility to make applications using UPI. The Company will be required to appoint one SCSB as a Sponsor Bank to act as a conduit between the Stock Exchanges and National Payments Corporation of India in order to facilitate the collection of requests and/or payment instructions of the investors.

D. **Permanent Account Number**

The Applicant should mention his or her Permanent Account Number allotted under the IT Act. For minor Applicants, applying through the guardian, it is mandatory to mention the PAN of the minor Applicant. In accordance with Circular No. MRD/DOP/Cir-05/2007 dated April 27, 2007 issued by SEBI, the PAN would be the sole identification number for the participants transacting in the securities market, irrespective of the amount of transaction. **Any Application Form, without the PAN is liable to be rejected, irrespective of the amount of transaction. It is to be specifically noted that the Applicants should not submit the GIR number instead of the PAN as the Application is liable to be rejected on this ground.**

However, Applications on behalf of the central or state government officials and the officials appointed by the courts in terms of a SEBI circular dated June 30, 2008 and Applicants residing in the state of Sikkim who in terms of a SEBI circular dated July 20, 2006 may be exempt from specifying their PAN for transacting in the securities market. The exemption for the central or state government and the officials appointed by the courts and for investors residing in the State of Sikkim is subject to the Depository Participants' verifying the veracity of such claims by collecting sufficient documentary evidence in support of their claims. At the time of ascertaining the validity of these Applications, the Registrar to the Issue will check under the Depository records for the appropriate description under the PAN field i.e. either Sikkim category or exempt category.

E. **Joint Applications**

Applications may be made in single or joint names (not exceeding three). In the case of joint Applications all interest / redemption amount payments will be made out in favour of the first Applicant. All communications will be addressed to the first named Applicant whose name appears in the Application Form and at the address mentioned therein. If the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.

F. **Additional/Multiple Applications**

An Applicant is allowed to make one or more Applications for the NCDs for the same or other option of NCDs, subject to a minimum Application size as specified in the Prospectus and in multiples of thereafter as specified in the Prospectus. **Any Application for an amount below the aforesaid minimum Application size will be deemed as an invalid Application and shall be rejected.** However, multiple Applications by the same individual Applicant aggregating to a value exceeding ₹ 10 lakhs shall be deemed such individual Applicant to be an HNI Applicant and all such Applications shall be grouped in the HNI Portion, for the purpose of determining the Basis of Allotment to such Applicant. However, any Application made by any person in his individual capacity and an Application made by such person in his capacity as a Karta of a Hindu Undivided family and/or as Applicant (second or third Applicant), shall not be deemed to be a multiple Application. For the purposes of allotment of NCDs under this Issue, Applications shall be grouped based on the PAN, i.e., Applications under the same PAN shall be grouped together and treated as one Application. Two or more Applications will be deemed to be multiple Applications if the sole or first Applicant is one and the same. For the sake of clarity, two or more applications shall be deemed to be a multiple Application for the aforesaid purpose if the PAN number of the sole or the first Applicant is one and the same.

Do's and Don'ts

Applicants are advised to take note of the following while filling and submitting the Application Form:

Do's

1. Check if you are eligible to apply as per the terms of the Prospectus and applicable law, rules, regulations, guidelines and approvals.
2. Read all the instructions carefully and complete the Application Form in the prescribed form.
3. Ensure that you have obtained all necessary approvals from the relevant statutory and/or regulatory authorities to apply for, subscribe to and/or seek Allotment of NCDs pursuant to this Issue.
4. Ensure that the DP ID, the Client ID and the PAN mentioned in the Application Form, which shall be entered into the electronic system of the Stock Exchanges are correct and match with the DP ID, Client ID and PAN available in the Depository database. Ensure that the DP ID, Client ID, PAN and UPI ID (wherever applicable) are correct and the depository account is active as Allotment of the Equity Shares will be in dematerialized form only. The requirement for providing Depository Participant details is mandatory for all Applicants.
5. Ensure that you have mentioned the correct ASBA Account number (for all Applicants other than UPI Investors applying using the UPI Mechanism) in the Application Form. Further, UPI Investors using the UPI Mechanism must also mention their UPI ID.
6. UPI Investors applying using the UPI Mechanism shall ensure that the bank, with which they have their bank account, where the funds equivalent to the application amount are available for blocking, is certified by NPCI before submitting the ASBA Form to any of the Designated Intermediaries.
7. UPI Investors applying using the UPI Mechanism through the SCSBs and mobile applications shall ensure that the name of the bank appears in the list of SCSBs which are live on UPI, as displayed on the SEBI website. UPI Investors shall ensure that the name of the app and the UPI handle which is used for making the application appears on the list displayed on the SEBI website. An application made using incorrect UPI handle or using a bank account of an SCSB or bank which is not mentioned on the SEBI website is liable to be rejected.
8. Ensure that the Application Form is signed by the ASBA Account holder (or the UPI-linked bank account holder, as the case may be) in case the Applicant is not the ASBA account holder. Applicants (except UPI Investors making an Application using the UPI Mechanism) should ensure that they have an account with an SCSB and have mentioned the correct bank account number of that SCSB in the Application Form. UPI Investors applying using the UPI Mechanism should ensure that they have mentioned the correct UPI- linked bank account number and their correct UPI ID in the Application Form.
9. Ensure that you have funds equal to the Application Amount in the ASBA Account before submitting the Application Form to the respective Designated Branch of the SCSB, or to the Designated Intermediaries, as the case may be.
10. UPI Investors making an Application using the UPI Mechanism, should ensure that they approve the UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to Application Amount and subsequent debit of funds in case of Allotment, in a timely manner.
11. UPI Investors making an Application using the UPI Mechanism shall ensure that details of the Application are reviewed and verified by opening the attachment in the UPI Mandate Request and then proceed to authorise the UPI

Mandate Request using their UPI PIN. Upon the authorization of the mandate using their UPI PIN, the UPI Investor may be deemed to have verified the attachment containing the application details of the UPI Investor making and Application using the UPI Mechanism in the UPI Mandate Request and have agreed to block the entire Application Amount and authorized the Sponsor Bank to issue a request to block the Application Amount mentioned in the ASBA Form in their ASBA Account.

12. UPI Investors making an Application using the UPI Mechanism should mention valid UPI ID of only the Applicants (in case of single account) and of the first Applicant (in case of joint account) in the ASBA Form.
13. UPI Investors making an Application using the UPI Mechanism, who have revised their Application subsequent to making the initial Application, should also approve the revised UPI Mandate Request generated by the Sponsor Bank to authorise blocking of funds equivalent to the revised Application Amount in their account and in case of Allotment in a timely manner.
14. Ensure that the Application Forms are submitted at the Designated Branches of SCSBs or the Collection Centres provided in the Application Forms, bearing the stamp of the relevant Designated Intermediary/ Designated Branch of the SCSB.
15. Before submitting the Application Form with the Designated Intermediaries ensure that the SCSB, whose name has been filled in the Application Form, has named a branch in that relevant Collection Centre.
16. Ensure that you have been given an TRS and an acknowledgement as proof of having accepted the Application Form from the Designated Branch or the concerned Designated Intermediary or Trading Members of the stock exchange(s) , as the case may be, for the submission of the Application Form.
17. Applicants may revise/ modify their Application details during the Tranche I Issue Period, as allowed/permitted by the Stock Exchanges, by submitting a written request to the Designated Intermediary, as the case may be. However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchanges as per the procedures and requirements prescribed by each relevant Stock Exchanges, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes
18. Ensure that signatures other than in the languages specified in the Eighth Schedule to the Constitution of India is attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.
19. In case of an HUF applying through its Karta, the Applicant is required to specify the name of an Applicant in the Application Form as 'XYZ Hindu Undivided Family applying through PQR', where PQR is the name of the Karta. However, the PAN number of the HUF should be mentioned in the Application Form and not that of the Karta.
20. Ensure that the Applications are submitted to the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, before the closure of application hours on the Issue Closing Date. For further information on the Issue programme, please see "*General Information – Issue Programme*" on page 74.
21. Ensure that you have correctly signed the authorisation /undertaking box in the Application Form or have otherwise provided an authorisation to the SCSB or Sponsor Bank, as applicable, via the electronic mode, for blocking funds in the ASBA Account equivalent to the Bid Amount mentioned in the Application Form, as the case may be, at the time of submission of the Bid. In case of Retail Individual Investor submitting their Bids and participating in the Offer through the UPI Mechanism, ensure that you authorise the UPI Mandate Request raised by the Sponsor Bank for blocking of funds equivalent to Bid Amount and subsequent debit of funds in case of Allotment.
22. **Permanent Account Number:** Each of the Applicants should provide their PAN. Application Forms in which the PAN is not provided will be rejected.
23. Ensure that if the depository account is held in joint names, the Application Form should contain the name and PAN of the person whose name appears first in the depository account and signature of only this person would be required in the Application Form. This Applicant would be deemed to have signed on behalf of joint holders and would be required to give confirmation to this effect in the Application Form.
24. All Applicants should choose the relevant option in the column "Category of Investor" in the Application Form.
25. Choose and mark the option of NCDs in the Application Form that you wish to apply for.

26. Check if you are eligible to Apply under ASBA.
27. In terms of SEBI Circular no. CIR/CFD/DIL/1/2013 dated January 2, 2013, SCSBs making applications on their own account using ASBA facility, should have a separate account in their own name with any other SEBI registered SCSB. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for Applications.
28. Retail individual investors using the UPI Mechanism to ensure that they submit bids up to the application value of ₹5,00,000 (or as stipulated by SEBI).
29. Read all the instructions carefully and complete the bid- cum-application form, as the case may be, in the prescribed form.
30. Guardians applying for minor applicants need to mention the PAN of the minor.
31. Ensure that the application form bears the stamp of the relevant designated intermediary(ies) to whom it is submitted.

19. Do not submit more than five Application Forms per ASBA Account.
20. If you are a Retail Individual Investor who is submitting the ASBA Application with any of the Designated Intermediaries and using your UPI ID for the purpose of blocking of funds, do not use any third party bank account or third-party linked bank account UPI ID.
21. Do not submit an Application Form using UPI ID, if the Application is for an amount more than UPI Application Limit and if the Application is for an amount more than ₹ 5,00,000.
22. Do not submit a bid using UPI ID, if you are not a Retail Individual Investor.

Please also see “*Issue Procedure – Operational Instructions and Guidelines*” on page 270.

Kindly note that Applications submitted to the Designated Intermediaries will not be accepted if the SCSB where the ASBA Account, as specified in the Application Form, is maintained has not named at least one branch at that location for the Designated Intermediaries, to deposit such Application Forms (A list of such branches is available at <https://www.sebi.gov.in>).

Please see “*Issue Procedure – Rejection of Applications*” on page 286 for information on rejection of Applications.

TERMS OF PAYMENT

The Application Forms will be uploaded onto the electronic system of the Stock Exchanges and deposited with the relevant branch of the SCSB at the Collection Centres, named by such SCSB to accept such Applications from the Designated Intermediaries, as the case may be (a list of such branches is available at <https://www.sebi.gov.in>).

For Applications other than those under the UPI Mechanism, the relevant branch of the SCSB shall perform verification procedures and block an amount in the ASBA Account equal to the Application Amount specified in the Application. For Applications under the UPI Mechanism, i.e., upto ₹5 lakhs, the Stock Exchanges shall undertake validation of the PAN and Demat account combination details of the Applicant with the Depository. The Depository shall validate the PAN and Demat account details and send response to the Stock Exchanges which would be shared by the Stock Exchanges with the relevant Designated Intermediary through its platform, for corrections, if any. The blocking of funds in such case (not exceeding ₹5 lakhs) shall happen under the UPI Mechanism.

The entire Application Amount for the NCDs is payable on Application only. The relevant SCSB shall block an amount equivalent to the entire Application Amount in the ASBA Account at the time of upload of the Application Form. In case of Allotment of lesser number of NCDs than the number applied, the Registrar to the Issue shall instruct the SCSBs or the Sponsor Bank (as the case maybe) to unblock the excess amount in the ASBA Account.

For Applications submitted directly to the SCSBs, the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application, before entering the Application into the electronic system of the Stock Exchanges. SCSBs may provide the electronic mode of application either through an internet enabled application and banking facility or such other secured, electronically enabled mechanism for application and blocking of funds in the ASBA Account.

For Applications submitted under the UPI Mechanism, post the successful validation of the UPI Mandate Request by the Applicant, the information would be electronically received by the Applicants’ bank, where the funds, equivalent to Application Amount, would get blocked in the Applicant’s ASBA Account.

Applicants should ensure that they have funds equal to the Application Amount in the ASBA Account before submitting the Application. An Application where the corresponding ASBA Account does not have sufficient funds equal to the Application Amount at the time of blocking the ASBA Account is liable to be rejected.

A UPI Investor applying through the UPI Mechanism should ensure that, they check the relevant SMS generated for the UPI Mandate Request and all other steps required for successful blocking of funds in the UPI linked bank account, which includes accepting the UPI Mandate Request by 5:00 pm on the third Working Day from the day of bidding on the Stock Exchanges (except on the last day of the Issue Period, where the UPI Mandate Request not having been accepted by 5:00 pm of the next Working Day), have been completed.

The Application Amount shall remain blocked in the ASBA Account until approval of the Basis of Allotment and consequent transfer of the amount against the Allotted NCDs to the Public Issue Account(s), or until withdrawal/ failure of this Issue or until withdrawal/ rejection of the Application Form, as the case may be. Once the Basis of Allotment is approved, and upon receipt of intimation from the Registrar, the controlling branch of the SCSB shall, on the Designated Date, transfer such blocked

amount from the ASBA Account to the Public Issue Account. The balance amount remaining after the finalisation of the Basis of Allotment shall be unblocked by the SCSBs or the Sponsor Bank (in case of Applications under the UPI Mechanism) on the basis of the instructions issued in this regard by the Registrar to the respective SCSB or the Sponsor Bank, within six Working Days of the Issue Closing Date. The Application Amount shall remain blocked in the ASBA Account until transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of this Issue or until rejection of the Application, as the case may be.

SUBMISSION OF COMPLETED APPLICATION FORMS

Mode of Submission of Application Forms	To whom the Application Form has to be submitted
ASBA Applications	If using <u>physical Application Form</u> , (a) to the Designated Intermediaries at relevant Collection Centres, or (b) to the Designated Branches of the SCSBs where the ASBA Account is maintained; or If using <u>electronic Application Form</u> , to the SCSBs, electronically through internet banking facility, if available.
Applications under the UPI Mechanism	Through the Designated Intermediary, physically or electronically, as applicable; or Through BSE Direct/ NSE goBID.

No separate receipts will be issued for the Application Amount payable on submission of Application Form. However, the Designated Intermediaries will acknowledge the receipt of the Application Forms by stamping the date and returning to the Applicants an Acknowledgement Slips which will serve as a duplicate Application Form for the records of the Applicant.

Electronic Registration of Applications

- (a) The Designated Intermediaries and Designated Branches of the SCSBs, as the case may be, will register the Applications (including those under the UPI Mechanism) using the on-line facilities of the Stock Exchanges. **The Members of Syndicate, our Company and the Registrar to the Issue or the Lead Managers is not responsible for any acts, mistakes or errors or omission and commissions in relation to, (i) the Applications accepted by the SCSBs, (ii) the Applications uploaded by the SCSBs, (iii) the Applications accepted but not uploaded by the SCSBs, (iv) with respect to Applications accepted and uploaded by the SCSBs without blocking funds in the ASBA Accounts, (v) any Applications accepted and uploaded and/or not uploaded by the Trading Members of the Stock Exchanges or (vi) any Application made under the UPI Mechanism, accepted or uploaded or failed to be uploaded by a Designated Intermediary or through the app/web based interface of the Stock Exchanges and the corresponding failure for blocking of funds under the UPI Mechanism.**

In case of apparent data entry error by the Designated Intermediaries or Designated Branches of the SCSBs, as the case may be, in entering the Application Form number in their respective schedules other things remaining unchanged, the Application Form may be considered as valid and such exceptions may be recorded in minutes of the meeting submitted to the Designated Stock Exchanges. However, the option, mode of allotment, PAN, demat account no. etc. should be captured by the relevant Designated Intermediaries or Designated Branches of the SCSBs in the data entries as such data entries will be considered for Allotment/rejection of Application.

- (b) The Stock Exchanges will offer an electronic facility for registering Applications for this Issue. This facility will be available on the terminals of Designated Intermediaries and the SCSBs during the Issue Period. The Designated Intermediaries can also set up facilities for off-line electronic registration of Applications subject to the condition that they will subsequently upload the off-line data file into the on-line facilities for Applications on a regular basis, and before the expiry of the allocated time on this Issue Closing Date. On the Issue Closing Date, the Designated Intermediaries and the Designated Branches of the SCSBs shall upload the Applications till such time as may be permitted by the Stock Exchanges. This information will be available with the Designated Intermediaries and the Designated Branches of the SCSBs on a regular basis. Applicants are cautioned that a high inflow of high volumes on the last day of the Issue Period may lead to some Applications received on the last day not being uploaded and such Applications will not be considered for allocation. For further information on the Issue programme, please see “*General Information – Issue Programme*” on page 74. Based on the aggregate demand for Applications registered on the electronic facilities of the Stock Exchanges, a graphical representation of consolidated demand for the NCDs, as available on the websites of the Stock Exchanges, would be made available at the Application centres as provided in the Application Form during the Issue Period.
- (c) With respect to Applications submitted directly to the SCSBs at the time of registering each Application, the Designated Branches of the SCSBs shall enter the requisite details of the Applicants in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)

- Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Bank account number
 - Location
 - Application amount
- (d) With respect to Applications submitted to the Designated Intermediaries, at the time of registering each Application, the requisite details of the Applicants shall be entered in the on-line system including:
- Application Form number
 - PAN (of the first Applicant, in case of more than one Applicant)
 - Investor category and sub-category
 - DP ID
 - Client ID
 - UPI ID (if applicable)
 - Number of NCDs applied for
 - Price per NCD
 - Bank code for the SCSB where the ASBA Account is maintained
 - Bank account number
 - Location
 - Application amount
- (e) A system generated acknowledgement (TRS) will be given to the Applicant as a proof of the registration of each Application. **It is the Applicant's responsibility to obtain the acknowledgement from the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be. The registration of the Application by the Designated Intermediaries and the Designated Branches of the SCSBs, as the case may be, does not guarantee that the NCDs shall be allocated/ Allotted by our Company. The acknowledgement will be non-negotiable and by itself will not create any obligation of any kind.**
- (f) **Applications can be rejected on the technical grounds listed below or if all required information is not provided or the Application Form is incomplete in any respect.** The permission given by the Stock Exchanges to use its network and software of the online system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the Lead Managers are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of the Prospectus; nor does it warrant that the NCDs will be listed or will continue to be listed on the Stock Exchanges.
- (g) **Only Applications that are uploaded on the online system of the Stock Exchanges shall be considered for allocation/ Allotment.** The Designated Intermediaries and the Designated Branches of the SCSBs shall capture all data relevant for the purposes of finalizing the Basis of Allotment while uploading Application data in the electronic systems of the Stock Exchanges. In order that the data so captured is accurate the Designated Intermediaries and the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date to modify/ verify certain selected fields uploaded in the online system during the Issue Period after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL.

For information on certain procedures to be carried out by the Registrar to the Issue for finalization of the Basis of Allotment, please see “*Information for Applicants*” below.

Information for Applicants

Upon the closure of the Issue, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchanges and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID, UPI ID (where applicable) and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database and prepare list of technical rejection cases. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Managers and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such Applications or treat such Applications as rejected.

Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship).

In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

Retention of oversubscription/Green Shoe Option

As specified in the relevant Tranche Prospectus for each Tranche Issue.

Basis of Allotment for NCDs

As specified in the relevant Tranche Prospectus for each Tranche Issue.

Allocation Ratio

Reservations shall be made for each of the Portions as specified in the relevant Tranche Prospectus for each Tranche Issue.

Unblocking of funds

The Registrar shall instruct the relevant SCSB to unblock the funds in the relevant ASBA Account for withdrawn, rejected or unsuccessful or partially successful ASBA Applications within the applicable regulatory timelines.

In case of ASBA Applications submitted to the SCSBs, in terms of the RTA Master Circular, the Registrar to the Issue will reconcile the compiled data received from the Stock Exchanges and all SCSBs and match the same with the Depository database for correctness of DP ID, Client ID and PAN. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Managers and the Registrar to the Issue, reserves the right to proceed as per the Depository records for such ASBA Applications or treat such ASBA Applications as rejected. In case of Applicants submitted to the Lead Manager, Consortium Members and Trading Members of the Stock Exchanges at the Specified Cities, the basis of allotment will be based on the Registrar’s validation of the electronic details with the Depository records, and the complete reconciliation of the final certificates received from the SCSBs with the electronic details in terms of the SEBI circular CIR/CFD/DIL/1/2011 dated April 29, 2011. The Registrar to the Issue will undertake technical rejections based on the electronic details and the Depository database. In case of any discrepancy between the electronic data and the Depository records, our Company, in consultation with the Designated Stock Exchange, the Lead Managers and the Registrar to the Issue, reserves the right to proceed as per Depository records or treat such ASBA Application as rejected. Based on the information provided by the Depositories, our Company shall have the right to accept Applications belonging to an account for the benefit of a minor (under guardianship). In case of Applications for a higher number of NCDs than specified for that category of Applicant, only the maximum amount permissible for such category of Applicant will be considered for Allotment.

Mode of making refunds

The Registrar to the Issue shall instruct the relevant SCSB or in case of Bids by Retail Individual Investors applying through the UPI Mechanism to the Sponsor Bank, to revoke the mandate and to unblock the funds in the relevant ASBA Account to the extent of the Application Amount specified in the Application Forms for withdrawn, rejected or unsuccessful or partially successful Applications within six Working Days of the Issue Closing Date.

Our Company and the Registrar to the Issue shall credit the allotted NCDs to the respective beneficiary accounts/ dispatch the Letters of Allotment or letters of regret by registered post/speed post at the Applicant's sole risk, within six Working Days from the Issue Closing Date. We may enter into an arrangement with one or more banks in one or more cities for refund to the account of the applicants through Direct Credit/RTGS/NEFT/NACH.

Further,

- a) Allotment of NCDs in this Issue shall be made within the time period stipulated by SEBI;
- b) Credit to dematerialised accounts will be given within one Working Day from the Date of Allotment;
- c) Interest at a rate of 15% per annum will be paid if the Allotment has not been made and/or the refund effected within six Working Days from the Issue Closing Date, for the delay beyond five Working Days; and
- d) Our Company will provide adequate funds to the Registrar to the Issue for this purpose

OTHER INFORMATION

Withdrawal of Applications during the Issue Period

Applicants can withdraw their Applications until the Issue Closing Date. In case an Applicant wishes to withdraw the Application during the Issue Period, the same can be done by submitting a request for the same to the concerned Designated Intermediary who shall do the requisite.

In case of Applications (other than under the UPI Mechanism) were submitted to the Designated Intermediaries, upon receipt of the request for withdrawal from the Applicant, the relevant Designated Intermediary, as the case may be, shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchanges and intimating the Designated Branch of the SCSB to unblock of the funds blocked in the ASBA Account at the time of making the Application. In case of Applications (other than under the UPI Mechanism) submitted directly to the Designated Branch of the SCSB, upon receipt of the request for withdraw from the Applicant, the relevant Designated Branch shall do the requisite, including deletion of details of the withdrawn Application Form from the electronic system of the Stock Exchanges and unblocking of the funds in the ASBA Account, directly.

Withdrawal of Applications after the Issue Period

In case an Applicant wishes to withdraw the Application after the Issue Closing Date or early closure date, the same can be done by submitting a withdrawal request to the Registrar to the Issue prior to the finalization of the Basis of Allotment but not later than 2 (two) Working Days from the Issue Closing Date or early closure date, as applicable.

Revision of Applications

As per the notice No: 20120831-22 dated August 31, 2012 issued by the BSE, cancellation of one or more orders (series) within an Application is permitted during the Issue Period as long as the total order quantity does not fall under the minimum quantity required for a single Application. Please note that in case of cancellation of one or more orders (series) within an Application, leading to total order quantity falling under the minimum quantity required for a single Application will be liable for rejection by the Registrar.

Applicants may revise/ modify their Application details during the Issue Period, as allowed/permitted by the Stock Exchanges, by submitting a written request to the Designated Intermediary and the Designated Branch of the SCSBs, as the case may be. For Applications made under the UPI Mechanism, an Applicant shall not be allowed to add or modify the details of the Application except for modification of either DP ID/Client ID, or PAN ID but not both. However, the Applicant may withdraw the Application and reapply.

However, for the purpose of Allotment, the date of original upload of the Application will be considered in case of such revision/ modification. In case of any revision of Application in connection with any of the fields which are not allowed to be modified on the electronic Application platform of the Stock Exchanges as per the procedures and requirements prescribed by the Stock Exchanges, Applicants should ensure that they first withdraw their original Application and submit a fresh Application. In such a case the date of the new Application will be considered for date priority for Allotment purposes.

Revision of Applications is not permitted after the expiry of the time for acceptance of Application Forms on the Issue Closing Date. However, in order that the data so captured is accurate, the Designated Intermediaries and/ or the Designated Branches of the SCSBs will be given up to one Working Day after the Issue Closing Date (till 1:00 p.m.) to modify/ verify certain selected fields uploaded in the online system during the Issue Period, after which the data will be sent to the Registrar for reconciliation with the data available with the NSDL and CDSL. Please also see, “*Issue Procedure – Operational Instructions and Guidelines - Modification and cancellation of orders*” on page 270.

Depository Arrangements

Litigation against our Company

I. Criminal Proceedings

1. Loknath Ratnakar (“**Complainant**”) has filed a criminal complaint case no 2522(C) of 2002 (“**Complaint**”) before the Court of Chief Judicial Magistrate, Patna against our Company (in its erstwhile name ‘Nicholas Piramal India Limited’) and others alleging offences under Sections 420, 406 and 120-B, of the Indian Penal Code, 1860. The Complaint has been filed on the grounds that our Company has taken a road permit through the Complainant but has supplied the products through another clearing and forwarding agent, other than the Complainant. The Chief Judicial Magistrate Patna vide order dated February 2, 2004, took cognizance of the offences as alleged by the Complainant and issued summons against our Company and others. The judicial files in relation to this matter are untraceable and a complaint was lodged before the registrar, Patna Civil Court regarding the untraceable files. This matter is currently pending.
2. Rohit Bajpai, the Drugs Inspector, Drugs Control Department of New Delhi had filed a criminal complaint bearing number 12/2004 (“**Complaint**”) before the Court of Metropolitan Magistrate, New Delhi against our Company (in its erstwhile name ‘Nicholas Piramal India Limited’) and others alleging offences under Section 18(a)(i) and Section 17B of the Drugs and Cosmetics Act, 1940. The Complaint has been filed on the ground that ‘Tixylix Children’s Cough Linctus’ was declared ‘Not of Standard Quality’ as per the Drugs and Cosmetics Act, 1940 and gave a negative test for ‘pholcodine’. Thereafter, a criminal miscellaneous petition bearing number 5149-51 of 2006 (the “**Petition**”) was filed by our Company before the High Court of Delhi under Section 482 of the Code of Criminal Procedure, 1973 (the “**CRPC**”) for quashing of the Complaint. The High Court of Delhi passed an order dated September 19, 2013 disposing the Petition and directed our Company to conduct trial before the trial court. Thereafter, our Company filed an application dated July 14, 2014 (the “**Discharge Application**”) before the Metropolitan Magistrate, Rohini District Courts, New Delhi (“**Metropolitan Magistrate Court**”) seeking discharge from the Complaint under Section 245(2) of the CRPC. The Discharge Application was later dismissed by the Metropolitan Magistrate Court and our Company was held liable to be charged for commission of offences under Section 18(a)(i) and Section 17B of the Drugs and Cosmetics Act, 1940 vide order dated November 30, 2015 (the “**Order**”). Thereafter, our Company filed a criminal revision petition dated February 17, 2016, before the Court of District and Sessions Judge, Rohini District Courts, Delhi under Section 397 of the CRPC to quash the Order. Our Company filed a criminal revision application no. 30318 of 2018 (“**Criminal Revision Application**”) under Section 397 of the CRPC before the High Court of Delhi. The High Court of Delhi passed an order dated August 20, 2018 disposing the Criminal Revision Application. The matter is still pending before the High Court of Delhi and the trial is pending before the Metropolitan Magistrate Court.
3. The Drugs Inspector, Drugs Control Department of Jharkhand, filed a criminal complaint no. 35/2006 and 36/2006 (“**Complaint**”) against the C&F Agent, Ranchi of our Company (in its erstwhile name ‘Nicholas Piramal India Limited’) for offences pertaining to supply of medicines to different agents in the name of institutional supply, but the goods were not supplied to the institutions in whose names the goods were billed but were sold in the open market by different agents. An application filed under Section 205 of Criminal Procedure Code, 1973 (the “**CRPC**”) before the trial court for permanent exemption for the C&F Agent to appear in the trial court has been admitted. Thereafter, petitions no. 88 and 91 of 2007 were filed by the Company against the Complaint (“**Quashing Petitions**”). Further, an application under Section 482 of the CRPC (“**Quashing Application**”) has been filed for quashing this matter. The High Court of Jharkhand has vide an order dated March 31, 2009 passed in the Quashing Application stayed further proceedings in criminal case no. 35/2006 and 36/2006. Further, a counter affidavit has been filed pursuant to the order date February 2, 2015. The Quashing Petitions were disposed of as withdrawn pursuant to order passed by the High Court of Jharkhand dated January 22, 2024. The matter is currently pending.
4. amounts on account of dishonoured cheques issued by our Company. The matters are currently ongoing at different stages.

II. Regulatory matters

1. The Securities and Exchange Board of India (“SEBI”) had issued an administrative warning letter to our Company dated March 15, 2024 (“SEBI Letter”), in connection with the public announcement made by the Company on June 21, 2023 (“Public Announcement”) to the BSE Limited and National Stock Exchange of India Limited (the “Stock Exchanges”), for sale of its investment of 8.34% in the fully paid-up share capital of Shriram Finance Limited (“Shriram”) (“Transaction”) stating that the Company did not consider the Transaction to be ‘unpublished price sensitive information’ (“UPSI”) while disclosing it as material information in terms of Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 (“LODR Regulations”). Thereafter, the Company made a public announcement to the Stock Exchanges in relation to the SEBI letter on April 3, 2024, mentioning that the Company had informed SEBI of its stated position on the stake held by the Company in Shriram in response to a query raised by SEBI earlier and that since 2019, the Company had publicly stated its intention to monetize its investments in Shriram. Therefore, the Transaction was not UPSI and there was no impact on financial, operation or other activities of the Company pursuant to the SEBI Letter.
2. GSTAAD Hotels Private Limited and Neo Capricon Plaza Private Limited (“Borrowers”) belonging to the Raheja Group filed a complaint with the Reserve Bank of India (“RBI”) vide a letter dated May 16, 2024, alleging fraudulent practice by Omkara ARC Private Limited and Piramal Finance Group Companies with an objective to grab high value underlying securities from genuine borrowers by misusing the powers conferred upon them as an asset reconstruction company (“ARC”) and as a non-banking financial company (“NBFC”) under RBI Act, 1934 and misusing the IBC route. Subsequently, the RBI via e-mail dated September 2, 2024, requested certain clarifications and documents from our Company and PCHFL. We responded to the same via e-mails dated September 09, 2024, and September 13, 2024. There has been no further correspondence from RBI.
3. Our Company made an application via form III to the National Biodiversity Authority (“NBA”) on March 10, 2010, for seeking the prior approval of the NBA to obtain intellectual property rights for the invention based on the biological resources obtained from India namely ‘Murraya Koenigii’ that was examined by the NBA in consultation with the expert committee on access and benefit sharing (“ABS”) formed for the purpose of evaluating ABS applications and observed as a contravention of the Biological Diversity Act, 2002 (“BD Act”). The NBA issued a notice NBA/Tech Appl/9/396/10/18-19/2938 dated November 5, 2018 against our Company alleging violation of Section 3(2) of the BD Act which relates to the approval requirement for companies having non-Indian participation in their share capital or management, access biological resources and Section 6 of the BD Act, which relates to requirement of obtaining prior approval before applying for an intellectual property right. Thereafter, our Company submitted an affidavit dated November 21, 2018 declaring that our Company abandoned the projects involving biological resource access and corresponding patents and patent applications in the name of our Company and have not commercialised the corresponding product nor do they have any intention to commercialise the products from the projects in India or outside India. This matter is currently pending.
4. Our Company made an application via form III to the National Biodiversity Authority (“NBA”) on September 16, 2014 for seeking the prior approval of the NBA to obtain intellectual property rights for the invention based on the biological resources obtained from India namely ‘Nir Brahmi – Bacopa monnieri (L.) Wettst’ that was examined by the NBA in consultation with the expert committee on access and benefit sharing (“ABS”) formed for the purpose of evaluating ABS applications and observed as a contravention of the Biological Diversity Act, 2002 (“BD Act”). The NBA issued a notice NBA/Tech Appl/9/121/07/18-19/3039 dated November 9, 2018 against our Company alleging violation of Section 3(2) of the Biological Diversity Act, 2002 (“BD Act”) which relates to the requirement of approval for companies having non-Indian participation in their share capital or management, to access biological resources and violation of Section 6 of the BD Act, which relates to requirement of obtaining prior approval from the NBA before applying for an intellectual property right (“IPR”). Our Company falls under Section 3(2) of the BD Act and therefore, our Company is liable to the NBA and not the Madhya Pradesh State Biodiversity Board under Section 3 of the BD Act. Thereafter, our Company entered into an agreement for access and benefit sharing (“ABS”) with the NBA for seeking approval of the NBA for obtaining any IPR for the invention titled ‘standardised extract of *tinospora cordifolia* as an immunoadjuvant in the

treatment of renal disorders such as nephritic syndrome and chronic recurrent urinary tract infections' by making a one-time payment of 1 per cent as benefit sharing which amounts to ₹ 25,638.72 and have not commercialised the corresponding product. This matter is currently pending.

5. The Madhya Pradesh State Biodiversity Board issued notices dated December 6, 2018, December 21, 2018, January 5, 2019, February 7, 2019, and February 12, 2019 (“**Notices**”) to our Company. Our Company submitted responses to the Notices. Thereafter, our Company provided details of the raw materials of biological origins and confirmed that the raw materials were imported and our Company or the vendors of our Company have not accessed any biological resource in India for commercial purposes as defined in the Biological Diversity Act, 2002 (“**BD Act**”). Further, Piramal Pharma Solutions, a vertical under our Company submitted information in Form-I under Section 7 of the BD Act regarding information related to use of biological resources and made a payment of ₹ 1,000. Our Company stated that it is a company under Section 3(2) of the BD Act that includes companies having non-Indian participation in their share capital or management. I. Criminal matters

1. Our Company (in its erstwhile name 'Nicholas Piramal India Limited') filed a criminal complaint under various sections of the Indian Penal Code, 1860 for offences of cheating, forgery, falsification of accounts, criminal breach of trust and misappropriation of money before the Additional Commissioner of Police, Economic Offences Wing, Mumbai against Subhabrata Datta, an ex-employee of Boots Piramal Healthcare Private Limited. Thereafter, a criminal application no. 1564 of 2010 was filed by Subhabrata Datta before the Senior Inspector of Police, Economic Offences Wing, Mumbai in cr. No. 54 of 2008 registered by GBCB CID, Bombay for anticipatory bail before the Court of Session for Greater Bombay. Thereafter, while granting interim relief of bail in the event of Subhabrata Datta's arrest, the application was disposed of with a direction to Subhabrata Datta to make a formal application for bail before the appropriate Magistrate's Court.
2. Our Company (in its erstwhile name 'Nicholas Piramal India Limited') through their C&F Agent at Patna, sold medicine worth ₹ 0.01 crores to Verma medical agency and to persons associated with Verma medical agency (the "**Accused**"). The Accused issued three cheques drawn on the Union Bank of India, Bihar in favour of our Company in respect of the amount payable for the medicine purchased from our Company. Our Company deposited these cheques in the CITI Bank and were dishonoured due to insufficiency of funds. Our Company informed the Accused about the dishonour

of cheques and requested them to make a payment for the medicine purchased from our Company. However, the Accused refused to make the payment to the Company with an intention to defraud and cheat our Company. Therefore, our Company (in its erstwhile name ‘Nicholas Piramal India Limited’) filed a criminal case complaint against Verma Medical Agency and others in the Chief Judicial Magistrate Court, Patna for offences under Section 406, 420 of the Indian Penal Code, 1960 (“**IPC**”) for defrauding and cheating our Company. A non-bailable warrant issued was against Verma Medical Agency on April 19, 2000. The process under Section 82 and 83 of the IPC, when person is absconding issued on July 15, 2000. The matter is currently pending.

3. Our Company filed a criminal complaint bearing FIR no. 125/2016 before the Parksite Police Station and case is filed by Parksite Police Station before Additional Metropolitan Magistrate, Vikhroli, Mumbai, filing no. 619 of 2017 and registration no. 161 of 2017 against Rupesh Rane, former Chief Manager for Animal Nutrition Health and Human Nutrition Health divisions under the Sections 420, 408, 465, 467, 468, 471, and 34 of the Indian Penal Code, 1960 and Section 66 (c) (d) of the Maharashtra Employees of Private Schools (Conditions of Service) Regulation Act, 1977. Rupesh Rane had been misappropriating Company’s funds to the tune of ₹ 3.19 crores, out of which, he has actually received ₹ 1.06 crores. Company goods were dispatched to various customers through fraud transactions and money was received through the fictitious company Bio Pharma. Further, our Company has filed a case No. 161/PW/2017 is filed before the Additional Chief Metropolitan Magistrates 31st Court.
4. A criminal complaint was filed by our Company against Gulam Mustafa Enterprises Private Limited (“**Gulam Mustafa Enterprises**”), Gulam Mustafa, director of Gulam Mustafa Enterprises and others (“**Accused**”) before the Metropolitan Magistrate’s Court, Bhoiwada. Initially PHL Finvest, a subsidiary of the Company, was transacting with the Accused. Thereafter, PHL Finvest amalgamated into our Company vide an order dated August 12, 2022 passed by the National Company Law Tribunal, Mumbai through a scheme of arrangement. Gulam Mustafa Enterprises and IDBI Trusteeship Services Limited entered into a debenture trust deed (“**DTD**”) dated November 20, 2019 for the purpose of acquiring financial assistance for the development of two projects of Gulam Mustafa Enterprises. Pursuant to this, Gulam Mustafa Enterprises Limited failed to comply with various obligations towards our Company and also failed to discharge its liability towards our Company due non-payment of the relevant debenture dues on the relevant due date as the two cheques issued by Gulam Mustafa Enterprises to our Company were dishonoured when presented to the respective banks for encashment. Thereafter, our Company issued two statutory notices for each cheque under Section 138 of the Negotiable Instruments Act, 1881 on December 29, 2022, which were not answered by Gulam Mustafa Enterprises. Subsequently, after expiry of the 15 days of the notice period, our Company filed the criminal complaint. The matter is currently pending.
5. A criminal complaint was filed by the Company under section 223 of the Bharatiya Nagarik Suraksha Sanhita, 2023 (“**BNSS 2023**”) against Sourav Roy, before the Court of Chief Judicial Magistrate, Calcutta (“**Court**”), for offences punishable under sections 314, 316, and 318 of the Bharatiya Nyaya Sanhita, 2023 (“**BNS 2023**”) alleging *inter alia* dishonesty, misappropriation, criminal breach of trust and cheating. Our Company sanctioned a loan amount of ₹ 0.04 crores (“**Outstanding Loan**”) to Sourav Roy on March 13, 2024, against the mutual funds furnished by him as security for marking lien. Thereafter, on Sourav Roy’s instruction to clear the Outstanding Amount, the mutual funds were liquidated on March 26, 2024, to clear the Outstanding Loan amount. However, while the Outstanding Loan amount was settled, an amount of ₹ 0.06 crores was inadvertently transferred to the Sourav Roy’s account instead of ₹ 0.04 crores. Thereafter, multiple mails, legal notice and personal visit were issued to Sourav Roy by the Company for refund of excess amount of ₹0.02 crores. The Court has issued a notice to Sourav Roy for appearance. The matter is currently pending.

1. Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed a special leave petition no. 2926 of 2023 on February 4, 2023 (“**Petition**”) before the Supreme Court of India challenging the order dated August 4, 2022, passed by the Delhi High Court in writ petition (Cri.) no. 1741 of 2022. Through the order dated August 4, 2022, the Delhi High Court refused to quash the first information report (“**FIR**”) bearing no. RC2242022A00 dated June 20, 2022, registered by the Central Bureau of Investigation, AC-VI, New Delhi (“**CBI**”) which was filed due to an alleged erroneous reading of Section 32A of the Insolvency and Bankruptcy Code, 2016 (“**IBC**”). The Petition questions whether section 32A of the IBC forbids the subsistence of a first information report and continuation of the resultant criminal proceedings against the resolved corporate debtor after successful completion of the corporate insolvency proceedings (“**CIRP**”) under the IBC for offences allegedly committed by the prior management prior to initiation of CIRP. The matter is pending.
2. Partha Banik, a former employee of Dewan Housing Finance Corporation Limited now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed complaint no. CS/90468/2022 against PCHFL and its representatives for an offence punishable under section 406, 420, and 120-B of the Indian Penal Code, 1860. The trial court vide order dated November 28, 2022 (“**Order**”), summoned PCHFL and its representatives. PCHFL filed a petition no. CRR/1621/2023 before the High Court of Calcutta (“**High Court**”), to quash and set aside the summoning order. The High court vide order dated June 12, 2023, stayed the trial court proceedings and matter is currently pending before the High Court.
3. Nitin Bhumikar (“**Complainant**”) has filed a complaint against Piramal Capital & Housing Finance Limited (“**PCHFL**”) before the police station, Nagar, alleging that PCHFL levied unjust penalties and charges on the Complainant alleging non-repayment of the equal monthly installments by the Complainant in relation to the loan availed by him from PCHFL. The matter is currently pending investigation and legal proceedings.
4. A first information report (“**FIR**”) was filed by Gokulam Shelters Private Limited against Mantri Developers Private Limited, PCHFL, Ajay G. Piramal and Swati A. Piramal and others, before the 4th Additional Metropolitan Magistrate Court, Bangalore on May 17, 2023, under Sections 34, 120-B, 418, 421, 406, 409, 420, 477A, and 417 of the Indian Penal Code, 1860, in relation to a real estate project being developed by Mantri Developers Private Limited with the Company acting as one of the lenders for the aforementioned real estate project. Thereafter, two writ petitions no. 14203 of 2024 and 16461 of 2024 were filed by Ajay G. Piramal and Swati A. Piramal, respectively, seeking *inter alia* to quash the aforementioned FIR before the High Court of Karnataka (“**High Court**”). The proceedings pursuant to the FIR have been stayed in respect of Ajay G. Piramal and Swati Piramal by way of order dated July 28, 2024, passed by the High Court. The matter is currently pending.
5. Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed a writ petition (Cri.) 1758 of 2022 on August 1, 2022 before the Delhi High Court under Section 482 of the Code of Criminal Procedure, 1973 seeking to quash the first information report (“**FIR**”) bearing no. RC2192021E0002 dated March 15, 2021 for offences made punishable under section 409, 420, 468 and 471 of the Indian Penal Code, 1860 (“**IPC**”) read with sections 13(2) and 13(1)(d) of the Prevention of Corruption Act, 1988. The FIR pertains to acts committed by Dewan Housing Finance Corporation Limited

(“**DHFL**”) (now known as PCHFL), its former management prior to initiation of corporate insolvency process (“**CIRP**”). The basis of the plea is that Section 32A of Insolvency and Bankruptcy Code, 2016 (“**IBC**”) immunizes the successfully resolved entity from any criminal liability. The Central Bureau of Investigation, AC-VI, New Delhi (“**Respondent**”) has filed a reply in the matter objecting the plea submitted by PCHFL. The matter is currently pending.

6. Ashok Kumar Lakhotia and Aditya Vikram Lakhotia (the “**Complainants**”) availed a non-housing home loan (the “**Housing Loan**”) from First Blue Home Finance Limited (which thereafter came to be known as Dewan Housing Finance Corporation Limited now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”)) by offering their immovable property as collateral security to PCHFL. The Complainants alleged that they had settled the housing loan through a one-time settlement (“**OTS**”) of ₹ 0.34 crores on October 30, 2020 that was paid in three equal instalments till December 30, 2020 and were issued a no-objection certificate from a representative of PCHFL. However, PCHFL alleged that the housing loan had not been settled through OTS and four EMIs were due and payable by the Complainants as of June 2021 and the account shall be classified as a non-performing asset on the basis of non-payment of the settlement amount. Thereafter, PCHFL issued a notice dated August 10, 2021, to the Complainants under Section 13(2) of the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 for recovery of an amount of ₹ 0.72 crores. The Complainants alleged that PCHFL had fraudulently classified a closed loan account as a non-performing asset and withheld the original documents in relation to the OTS of the outstanding loan amount with the intention of cheating, misappropriation and fraud upon the Complainants. Thereafter, the Complainants filed a complaint case no. CS/81045 of 2021 (“**Complaint 1**”) before the Court of Chief Metropolitan Magistrate, Kolkata (“**Chief Metropolitan Court**”) under Section 420, 406, 468, 477, 477A and 120B of the Indian Penal Code, 1860 against PCHFL, amongst other alleging that (i) PCHFL had denied the OTS of the loan by the Complainants; (ii) fraudulently classified the closed loan account as a non-performing asset; and (iii) cheated, misappropriated and committed fraud upon the Complainants by withholding the original papers, deeds and documents of the loan. The Complainants also filed a criminal case no. 95454 of 2021 (“**Complaint 2**”) before the Chief Metropolitan Court alleging offences under Section 500 of the Indian Penal Code, 1860 (the “**Indian Penal Code**”) read with Section 200 of the Code of Criminal Procedure, 1973. The Complaint 1 has been quashed against the directors of the PCHFL namely, Jairam Sridharan and Anand Ajay Piramal (“**Directors**”) vide order dated January 18, 2023 passed by the High Court of Calcutta and is pending against PCHFL and certain other representatives of the PCHFL. The Complaint 2 has been challenged by filing two quashing petitions (“**Quashing Petitions**”) by the Directors, and a stay has been granted by the High Court of Calcutta for the Quashing Petitions while the proceedings against PCHFL and certain other representatives of the PCHFL continue to be pending. For further details, please see “*Litigation by our Subsidiaries - Other criminal matters involving PCHFL*”.
7. K. Saryavrat (“**Petitioner**”) filed a criminal writ petition no. 156 of 2022 dated May 4, 2022 before the Supreme Court of India against the Central Bureau of Investigation (“**CBI**”) under Article 32 of the Constitution of India to seek a court monitored investigation by the CBI into the criminal and fraudulent conduct of Dewan Housing Finance Corporation Limited (“**DHFL**”) (now known as “**PCHFL**”) alleging a scam during the corporate insolvency resolution process of DHFL by a deliberate attempt by DHFL to cause wrongful loss of ₹ 40,000 crores to the public by illegally permitting valuable assets of DHFL to be pocketed by PCHFL in violation of law. The matter was listed for hearing before the Supreme Court of India wherein the criminal writ petition was dismissed on November 28, 2024, and the Petitioner was directed to have the liberty to take appropriate recourse of law, as may be permissible.
8. A sale deed dated September 13, 2018 (the “**Sale deed**”) was executed between Natthi Devi as the seller, in favour of the Amita Devi, as the purchaser for the purchase of the immovable property situated at Uttar Pradesh (the “**Immovable property**”). Amita Devi agreed to pay the sale amount of ₹ 0.11 crores to Natthi Devi. Pursuant to a payment schedule, (i) a payment of ₹ 0.09 crores was made via cheque dated August 13, 2018; (ii) a payment of ₹ 0.01 crores was to be made by way of an online account transfer to Natthi Devi’s bank account; and (iii) a payment of ₹ 0.50 crores was to be made in cash. Thereafter, Natthi Devi transferred the immovable property to Amita Devi by way of registered Sale deed without waiting for the clearance of the cheque. However, when Natthi Devi presented the cheque for payment to Union Bank. However, the cheque was dishonoured by Amita Devi’s bank, Axis Bank Limited. Dewan Housing Finance Corporation Limited (“**DHFL**”) now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”) had sanctioned a loan amount of ₹ 0.09 crores to Amita Devi to purchase an immovable property. Thereafter, Amita Devi issued a letter to PCHFL requesting the cancellation of the sanctioned loan as they did not want to go ahead

with the purchase of the Immovable property. Therefore, the payment of ₹ 0.09 crores made via cheque to Natthi Devi was dishonoured. Natthi Devi filed complaint before the Chief Magistrate at Metropolitan Court, Rohini Court in New Delhi against PCHFL as accused number 1 (“**Accused no. 1**”) and Kuldeep Sharma, branch manager as accused number 2 (“**Accused no. 2**”) on dishonour of cheque. The Accused no. 1 and Accused no. 2 were liable under section 138 to 142 of the Negotiable Instruments Act, 1881 (the “**NI Act**”) and section 118 of the NI Act in relation to the cheque issued in favour of Natthi Devi. The matter is currently pending.

9. Pushpa Tripathi purchased a property from Natraj Project Developers Private Limited (“**Natraj Project Developers**”) for an amount of ₹ 0.22 crores and made a payment in cash of an amount of ₹ 0.02 crores. Dewan Housing Finance Corporation Limited now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”) sanctioned and disbursed a loan amount of ₹ 0.16 crores to Pushpa Tripathi for the purchase of the property. A sale deed dated October 6, 2016 was executed in favour of Pushpa Tripathi and PCHFL handed over two cheques to the director of Natraj Project Developers. The cheque of ₹ 0.10 crores was in the name of Natraj Project Developers and the cheque of ₹ 0.05 crores was in the name of Pushpa Tripathi. The cheque in the name of Pushpa Tripathi was encashed and the balance amount was handed over to the real estate agent on behalf of Natraj Project Developers. However, Natraj Project Developers failed to handover the physical possession of the property on the pretext that the handover will be completed on receipt of the balance amount of ₹ 0.05 crores. PCHFL had kept the original sale deed in their possession and after completion of documentation, deducted EMI’s from Pushpa Tripathi’s salary. Thereafter, Natraj Project Developers handed over the possession of the property to Pushpa Tripathi on October 4, 2019, on additional payment of an amount of ₹ 0.04 crores. However, the sale deed was executed for a property that was situated on the ground floor. However, Pushpa Tripathi was handed over possession to a different flat in the stilt area. Therefore, the sale deed had to be rectified so that Pushpa Tripathi could get actual ownership of the flat that she was residing in. Pursuant to this, Pushpa Tripathi filed a written complaint dated August 6, 2020 to the station house officer of the police station for registration of a first information report (“**FIR**”) against PCHFL, Natraj Project Developers and the real estate agent. Since no action was taken for registration of the FIR, Pushpa Tripathi filed a complaint under Section 200 of the Code of Criminal Procedure, 1973 (“**CRPC**”) and an application under Section 156(3) of the CRPC (“**Application**”). The Trial Court vide the order dated September 12, 2022 (“**Impugned Order**”) dismissed the Application filed by Pushpa Tripathi. Thereafter, a criminal revision petition number 139 of 2022 dated September 27, 2022, was filed by Pushpa Tripathi before the District and Session Judge, (Shahdara District) Karkardooma Courts, Delhi against PCHFL to set aside the Impugned Order. The matter is currently pending.

Dewan Housing Finance Corporation Limited now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”) sanctioned a loan amount of ₹ 24.58 crores to Ashima Chopra and her husband Girish Chopra (the “**Complainants**”) to purchase three properties. The properties were sold, and possession was handed over to the Complainants. Thereafter, the Complainants found that certain of these properties were already mortgaged with PCHFL. Pursuant to this, four different first information reports (“**FIR**”) including FIR no.42/2014, FIR no.51/2014, FIR no.43/2014, FIR no.69/2014 were registered by the Complainants before Chief Metropolitan Magistrate, Saket Court, New Delhi (“**CMM Court**”) against PCHFL. Further, the Complainants have registered criminal cases Cri. C no. 87403/16, Cri. C no. 87401/16, Cri. C no. 87402/16 and Cri. C. no. 87400/16 against PCHFL. The CMM Court passed an impugned order dated December 24, 2016, listing the matter on January 18, 2017. The Complainants have also filed criminal revision petition no. 124 of 2017 with respect to FIR no. 69/2014 and criminal revision petition no. 113 of 2017 with respect to FIR no. 42 of 2014 (“**Criminal Revision Petitions**”) which have been disposed vide order dated May 17, 2022, issued by the Trial Court and the Trial Court is directed to pass a fresh order for the purpose of deciding whether PCHFL should be summoned. The matter is currently pending.
11. Lovel Jain, and Sanjay Sahni, on behalf of a society, Techomes Flat Buyers Association (“**Complainant Society**”) filed a first information report no. 66/ 2017 dated April 20, 2017 against M/s Shubhkamna Buildtech Private Limited (“**Shubhkamna Buildtech**”), Diwakar Sharma and Piyush Tiwari, the directors (“**Accused Directors**”) (collectively known as the “**Accused**”) on behalf of their members, under section 34, 406, 409, 417 420, 409 and 120B of the Indian Penal Code, 1860 before the Economic Offences Wing, New Delhi. Shubhkamna Buildtech announced and publicised their project by stating that Shubhkamna Buildtech has planned and is proposing to construct some apartments in a project called ‘shubhkamna-advert techomes’ (“**Shubhkamna Project**”). Thereafter, on the promises and representations made by the Accused Directors, the members of the Complainant Society booked the property in the Shubhkamna Project and made the full or substantial payment towards sale consideration of their respective flats. However, it came to

the knowledge of the members of the Complainant Society that after receiving nearly 95% of the total sale consideration of the apartments, Shubhkamna Buildtech had allegedly, fraudulently and intentionally stopped construction on the site. Thereafter, the members of the Complainant Society, filed a criminal case no. 4300/2018 against DHFL with the Chief Metropolitan Magistrate (District) Karkardooma Courts, Delhi. PCHFL has filed a discharge application. The matter is currently pending.

12. Dewan Housing Finance Corporation Limited now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”) sanctioned and disbursed a loan to Vishal Vasudev Patel, proprietor of Shiv Trading Co. Thereafter, a cheque that was issued by Vishal Vasudev Patel for the settlement of loan amount of ₹ 5.55 crores on behalf of PCHFL. However, when the cheque was presented by PCHFL for encashment, it was returned unpaid due to insufficiency of funds. Thereafter, PCHFL issued a legal demand notice dated December 17, 2020, to Vishal Vasudev Patel but the cheque was still unpaid within 15 days of issuing the notice and therefore the cheque was dishonoured. Thereafter, PCHFL filed a criminal complaint no. NACT/6614/2021 before the Judicial Magistrate First Class, District Court, Gurugram against Vishal Vasudev Patel under Section 138/142 of the Negotiable Instruments Act, 1881. Thereafter, Vishal Vasudev Patel filed a criminal miscellaneous petition no. 8957 of 2023 before the High Court of Punjab and Haryana at Chandigarh (“**High Court**”) against PCHFL seeking quashing of case number NACT/6614/2021 along with subsequent proceedings including an order dated February 15, 2021, before the Judicial Chief Magistrate Court, Gurugram as Vishal Vasudev Patel had submitted three security cheques with PCHFL and the entire loan amount was transferred to the developers of Avenue 54 for construction of a housing project. However, the developer was declared insolvent, and the construction was stopped. Thereafter, the High Court of Bombay restrained PCHFL from recovering any loan amount from Vishal Vasudev Patel. However, PCHFL continued the complaint for the recovery of the loan amount under Section 138 of the Negotiable Instruments Act, 1881. The matter is currently pending before the High Court.
13. Jitendra Mamtani, director of Ikon Dwelling India Private Limited (“**Ikon Dwelling**”) entered into an agreement with Aseem Raj George for the sale of a property in the project, Ikon Meridian for a consideration amount of ₹ 0.13 crores. Aseem Raj George made a payment of ₹ 0.03 crores and thereafter, Ikon Dwelling issued a demand notices for payment of the amounts of ₹ 0.11 crores and ₹ 0.01 crores in July and August 2011, respectively. Dewan Housing Finance Corporation Limited now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”) sanctioned a loan of ₹ 0.10 crores to Aseem Raj George which was disbursed to the Ikon Dwelling. Aseem Raj George repaid the loan installments through cheques. Thereafter, on completion of the project, Aseem Raj George issued a legal notice to Ikon Dwelling to register the sale deed and transfer possession in favour of Aseem Raj George. Thereafter, it came to the knowledge of Aseem Raj George that the property was sold to PCHFL in September 2017 and approached the station house officer of the police station at Kolar, Bhopal, Madhya Pradesh to make a written complaint but no action cognizance was taken against Ikon Dwelling. Therefore, Aseem Raj George filed a petition number 15484/2018 under section 482 of the Code of Criminal Procedure, 1973 before the High Court of Madhya Pradesh for registration of first information report in the police station at Kolar, Bhopal, Madhya Pradesh and an interlocutory application no. 13479/ 2018 dated August 7, 2018, before the High Court of Madhya Pradesh taking documents on record. The matter is currently pending.

The State is prosecuting against Mahaveer Kotwar in the FIR and matter is pending before the Sessions Court of Jabalpur.
17. Dewan Housing Finance Corporation Limited (“**DHFL**”) now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed a criminal writ petition no. 185 of 2021 (“**Petition**”) before the High Court of Uttarakhand against the first information report no. 0059 (“**FIR**”) dated April 22, 2020 filed by Madhu Gupta and her husband, Sanjeev Gupta (now deceased) (“**Borrowers**”) against PCHFL in relation to offences under sections 420, 467, 468, 471 and 120B of the Indian Penal Code, 1860 registered at the police station, Dehradun, Uttarakhand. An order dated February 1, 2021, was passed in relation to no coercive action to be taken against PCHFL. The Petition was filed to quash the notice dated February 19, 2021, under Section 91 of the Code of Criminal Procedure, 1973 (“**CRPC**”) issued to PCHFL. The Borrowers filed the FIR under section 156(3) of the CRPC alleging that the death of the borrower, her husband Sanjeev Gupta (her deceased spouse) had occurred on September 20, 2015. It was also alleged that the signature of the late Sanjeev Gupta had been forged by PCHFL and fraudulently showed him to be alive in 2019 by submitting the cheque for encashment. Thereafter, the Chief Judicial Magistrate vide order dated March 17, 2020, accepted the allegations and the Complaint was filed by Madhu Gupta. PCHFL had sanctioned a loan of ₹ 3 crores in favour of the Borrowers vide loan agreement dated February 26, 2015 (“**Loan Agreement**”). Thereafter, the Borrowers committed default in the repayment of the loan amount and a loan recall notice was issued by PCHFL upon the Borrowers calling upon them to repay the remaining due amount. Pursuant to the dishonour of the cheque presented by the Borrowers, PCHFL initiated proceedings under the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002. PCHFL filed an application before the High Court of Uttarakhand against the co-borrower for quashing of the FIR filed against Ramesh Kanha, wherein stay granted till the hearing and final disposal of quashing application. The matter is currently pending.
18. Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed a complaint dated September 6, 2022, against Sahajanad Buildcon Private Limited (“**SBPL**”), amongst other, (together, the “**Shreeji Group**”) for offences under section 403, 406, 420, 468 read with section 120B and 34 of the Indian Penal Code, 1860. PCHFL had sanctioned a loan of ₹ 7.50 crores to the promoters of SBPL (“**Borrowers**”) for the development of two of their residential projects at Ahmedabad, known as ‘Devkrupa Flora’ and ‘Devkrupa Avenue’ undertaken by SBPL. However, the Borrowers allegedly committed default in repayment of loan installments and PCHFL issued notices to the Borrowers for repayment under section 13(2) of the Securitization and Reconstruction of Financial Assets, 2002 and it came to the notice of PCHFL that the flats that were mortgaged were allegedly sold to buyers without their knowledge. The matter is currently pending.
19. Karne Hospital Private Limited (“**Complainant**”) filed a case number 49/2021 against Dewan Housing Finance Corporation Limited (“**DHFL**”) now known as Piramal Capital & Housing Finance Limited and Pramerica Life Insurance Company Limited (“**Pramerica Life Insurance**”) before the National Consumer Disputes Redressal Commission, New Delhi, involving an amount of ₹ 338.15 crores in relation to three loans sanctioned to the Complainants by DHFL. Thereafter, it was alleged by the Complainants that that DHFL and Pramerica Life Insurance through unfair contract terms and conditions, coercion and duress forced the Complainant who had availed loans to purchase insurance policies from Pramerica Life Insurance Company and security interest was created on the properties at the time of availing the loans, security deposit cheques were deposited by the Complainant and post loan sanction and disbursement interest amounts were charged from the Complainant causing wrongful loss to them. Thereafter, two of the loan accounts were closed and the one pending loan account was declared as a non-performing asset pursuant to non-payment of installments and recovery proceedings were initiated by DHFL. Thereafter, an order dated October 11, 2022, was passed by the Debts Recovery Tribunal, Pune (“**DRT**”) directing the Complainants to make a one-time settlement payment to DHFL against the interim application no. 1732/2022 was filed by the

Complainant for stay on the notice initiating the possession of the mortgaged property order. Thereafter, DHFL moved for the possession of the mortgaged property and a notice was issued fixing the date of possession as July 12, 2023. The Complainant filed an interim application no. 1538 of 2023 which was rejected by the DRT. The Complainant filed an appeal no. 1347 of 2023 (“**Appeal**”) before the Debts Recovery Appellate Tribunal, Mumbai (“**DRAT**”) and an interim application no. 308 of 2024 in relation to the Appeal. Thereafter, an order dated June 10, 2024, was passed by the DRAT through which PCHFL was directed to hold itself from taking physical possession of the secured assets. Further, PCHFL was directed to make a payment of an amount of ₹ 0.50 crores with interest lying in the ‘no-lien account’ to DRAT towards the mandatory pre-deposit. The amount was deposited by PCHFL with the DRAT. The matter is currently pending.

20. Banashree Shelters Private Limited (“**Banashree**”), Mr. Sampangi Ramareddy (“**Complainant**”) and his family members executed a Joint Development Agreement dated June 3, 2013 (“**JDA**”) in relation to development of a project on the land (“**Project**”), owned by the Complainant. Pursuant to this JDA, Banashree was entitled to 66% undivided share, right, title and interest in the Project (“**Banashree’s Share**”) and the remaining 34% is held by the Complainant and his family members and the cost of the Project was to be borne by Banashree. Therefore, PCHFL sanctioned a project loan of an amount of ₹ 30 crores (“**Project Loan**”) to Banashree to fund the Project and security documents were executed as security against the repayment of the Project Loan. However, Banashree created an exclusive charge by way of an equitable mortgage of Banashree’s Share. Thereafter, Banashree committed default in repayment of the installments of the Project Loan and the loan account was classified as a non-performing asset by PCHFL. A first information no. 0261/2024 (“**FIR**”) dated August 3, 2024 was filed by the Complainant against PCHFL and others with a prayer to register the matter under 156(3) of the Code of Criminal Procedure, 1973 (the “**CRPC**”) and register a case against PCHFL and others under 405, 415, 418 read with section 34 of CRPC . This matter pertains to Banashree, and this loan account has been assigned to Omkara Arc. The representation dated September 6, 2024, has been submitted to the Anekal Police Station on behalf of PCHFL and a petition dated October 14, 2024, has been filed to quash the FIR before the Karnataka High Court. The matter is currently pending.
21. Sunil Singh Yadav (“**Complainant**”) filed a first information report (“**FIR**”) against Piramal Capital & Housing Finance Limited (“**PCHFL**”) in police station Sushant Golf City, Lucknow. The Complainant had availed a housing loan of ₹ 0.13 crores from PCHFL to purchase a plot of land. Thereafter, on registration of the land, it came to the knowledge of the Complainant, that fake land has been registered for him, and he therefore, alleged that the seller did not have any title for the land and there is collusion between the seller of the land and PCHFL.
22. A first information report (“**FIR**”) was filed by Parvati Singh, wife of Tej Singh (“**Complainant**”), under section 318(4) of the Bharatiya Nagarik Suraksha Sanhita, 2023 (“**BNSS 2023**”) in Mandawali Police Station, East District, New Delhi against (i) Surender Kumar Sharma; (ii) Gaurav Sharma; (iii) Meena Sharma; (iv) Jai Ambey Buildmart Private Limited; (v) JM Financial Asset Reconstruction Company Limited (“**JM Financial**”), (vi) Piramal Capital & Housing Finance Limited (“**PCHFL**”) for the common grievance of several aggrieved parties in relation to a multi-storeyed building (“**Said Property**”). The Complainant purchased the flat in the Said Property from Surender Kumar Sharma and Meena Sharma (“**Builders**”), who are directors of Jai Ambey Buildmart Private Limited. Thereafter, on December 18, 2023, it came to the knowledge of the Complainant and the several aggrieved parties through the notice of JM Financial and PCHFL that there was pre-existing loan of ₹ 2 crores against the Said Property which was obtained by the Builders. However, Builder assured the Complainant that they will settle the loan and obtain a no-objection certificate from PCHFL and JM Financial. However, the Builder did not take any action for several months and thereafter, the Complainant filed a criminal complaint in the Mandawali Police Station and the Chief Judicial Magistrate Court (East) passed an order dated July 31, 2024 (“**Possession Order**”), and appointed court receiver to get the physical possession of the Said Property on the instructions of PCHFL and JM Financial despite having the knowledge that the Said Property has inhabitants in the flats. Thereafter, the Complainant and the other aggrieved parties filed a writ petition before the Debts Recovery Tribunals seeking quashing of the Possession Order. Therefore, in furtherance of alleged common intension to defraud and cheat the Complainant and other aggrieved parties by selling the flats in the Subjected Property for the wrongful loss of the Complainant and other aggrieved parties.
23. Manish Kaushik (“**Borrower**”) along with his mother, Smt. Dhanvantri and his wife, Mrs. Anu Kaushik as co-applicants filed a police complaint before the police station, Rani Bagh, New Delhi, against the officials of Piramal Capital & Housing Finance Limited (“**PCHFL**”). PCHFL had

sanctioned a loan of ₹ 0.62 crores to the Borrower and at the time of disbursing the loan amount, Smt. Dhanvantri, the co-applicant, submitted seven cheques in favour of PCHFL as electronic clearing service (“**ECS**”). However, except for three cheques, the remaining cheques that were submitted, were not utilised by PCHFL and the remaining four cheques were still with PCHFL. The Borrower alleged that no cheque had bounced in the ECS, but PCHFL added an ECS bounced amount in the loan account. The Borrowers account was classified as a non-performing asset on alleged default in the payment of the equal monthly installments (“**EMI**”) and PCHFL also deducted an amount of ₹ 0.02 crores on the pretext of false and fake life insurance of Smt. Dhanvantri. The matter is currently pending.

II. Regulatory matters

1. GSTAAD Hotels Private Limited and Neo Capricon Plaza Private Limited (“**Borrowers**”) belonging to the Raheja Group filed a complaint with the Reserve Bank of India (“**RBI**”) vide a letter dated May 16, 2024, alleging fraudulent practice by Omkara ARC Private Limited and Piramal Finance Group Companies with an objective to grab high value underlying securities from genuine borrowers by misusing the powers conferred upon them as an asset reconstruction company (“**ARC**”) and as a non-banking financial company (“**NBFC**”) under RBI Act, 1934 and allegedly misusing the IBC route. Subsequently, the RBI via e-mail dated September 2, 2024, requested certain clarifications and documents from our Company and PCHFL. We responded to the same via e-mails dated September 09, 2024, and September 13, 2024. There has been no further correspondence from RBI.
2. The Securities Exchange Board of India (“**SEBI**”) issued an administrative warning letter dated February 5, 2024 (“**Administrative Warning**”), to Piramal Alternatives Private Limited (“**PAPL**”) in the capacity of the manager of Piramal Alternatives Investment Fund I (“**Fund**”). The chapter 15, clause 15.1.1 of the SEBI master circular no. SEBI/HO/AFD/PoD1/P/CIR/2023/130 dated July 31, 2023, read with regulation 28 of the SEBI (Alternative Investment Funds) Regulations, 2012 states that quarterly activity reports (“**QAR**”) has to be filed by an alternative investment fund with SEBI within 10 calendar days from the end of the quarter. The Administrative Warning issued to PAPL in the capacity of the manager of the Fund, is in connection with delayed filing the QARs with SEBI by the Fund, for the quarter ended December 2022 and March 2023 with a delay of 10 days from the end of the December 2022 quarter, and 14 days from the end of March 2023 quarter. The Fund has issued a response letter dated February 13, 2024, to the Administrative Warning reiterating their commitment adhering to prescribed timelines and avoiding non-compliance by taking corrective measures to ensure the seamless filing of subsequent reports and ensure non-recurrence of such delays.
3. The Securities Exchange Board of India (“**SEBI**”) issued a show cause notice dated December 24, 2019, to Dewan Housing Finance Corporation Limited (now known as Piramal Capital & Housing Finance Limited) (“**PCHFL**”). Catalyst Trusteeship Limited, a SEBI registered debenture trustee (the “**Debenture Trustee**”) gave a reference to a department of SEBI (the “**OD**”) in relation to issuance of non-convertible debentures (the “**NCDS**”) by PCHFL. Thereafter, the OD of SEBI conducted examination and initiated adjudication proceedings against PCHFL to inquire and adjudge the non-compliance of the provisions of regulation 16(1) of the SEBI (Issue and Listing of Debt Securities) Regulations, 2008 (the “**ILDS Regulations**”) read with rules 18(7)(b)(ii) and 18(7)(c) of the Companies (Share Capital and Debentures) Rules, 2014 and regulation 52(1) read with 52(4) of the SEBI (Listing and Disclosure Requirements) Regulations, 2015 (“**LODR Regulations**”) and made allegations against PCHFL including (i) the non-creation of a debenture redemption reserve as per regulation 16(1) of the ILD Regulations; and (ii) delay in submission of audited financial statements for the financial year 2018-19 within the prescribed time as per regulation 52(1) of the LODR Regulations. The Adjudicating Officer, SEBI passed an order dated May 29, 2020 (“**SEBI Order**”) against PCHFL imposing a penalty of ₹ 0.2 crores for violation of securities law. Pursuant to this, PCHFL filed an appeal dated July 8, 2020 to quash the SEBI Order. The Securities Appellate Tribunal (“**SAT**”) quashed the SEBI Order vide its order dated October 9, 2020 (“**SAT Order**”) as the SEBI Order was contrary to the moratorium sanctioned under section 14 of the Insolvency and Bankruptcy Code, 2016 provided by the NCLT by an order dated December 3, 2019 during the corporate insolvency resolution process against Dewan Housing Finance Corporation Limited now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”). The Petitioner purchased 342 secured non-convertible debentures (“**Debentures**”) issued by DHFL on August 16, 2016, amounting to a total value of ₹ 0.03 crores. The Debentures had a maturity date of August 16, 2019, and were going to yield interest on an annual basis. Thereafter, the credit rating of the Debentures downgraded from ‘AAA’ to ‘D’ rating i.e. from the best rating to the worst rating and as a result, the Petitioner suffered monetary loss. However, the Complaint was dismissed by the tribunal through an order dated March 06, 2023. Thereafter, the Petitioner filed a writ petition no. 29038 against DHFL and the Securities and Exchange Board of India, amongst others, before the High Court of Punjab and Haryana, at

Chandigarh, praying for *inter alia* investigation conducted against DHFL under Section 11C of the Securities and Exchange Board of India Act, 1992 (“**SEBI Act**”).

IV. *Other matters*

1. As part of the corporate resolution insolvency process (“**CIRP**”) against Dewan Housing Finance Corporation Limited (“**DHFL**”) before the National Company Law Tribunal (“**NCLT**”), the administrator for the CIRP (“**Administrator**”) pursued certain matters under Section 43, 45, 47, 49 and 50 of the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) (such matters shall be referred to as the “**Avoidance Transactions**”). Upon completion of the CIRP and approval of the resolution plan dated December 22, 2020 (the “**Resolution Plan**”), the Administrator submitted details in relation to the Avoidance Transactions to the committee of creditors (“**CoC**”). As part of the Resolution Plan, PCHFL undertook to pursue, on a best efforts basis, the applications filed by the Administrator for the Avoidance Transactions. However, any monetary amount (“**Allocated Amount**”) received by PCHFL as a result of the orders passed by the NCLT in relation to such Avoidance Transactions will be distributed to the financial creditors, allocated pro rata to the extent of their financial debt, and the Allocated Amount will be net of costs and expenses (including taxes). However, the CoC may in its discretion adopt a different manner of distribution (which may take into account the order of priority amongst the financial creditors as laid down in section 53(1) of the IBC) Certain avoidance applications have also been filed by the Administrator against the erstwhile promoters of DHFL under, Section 66 of the IBC and other applicable provisions of the IBC in connection with fraudulent transactions (“**Section 66 Matters**”). Pursuant to the Resolution Plan and by the order passed by the NCLT on February 9, 2023, the Administrator has been substituted by PCHFL to pursue such applications. Any claim from any counterparty of the Section 66 Matters arising in the future due to reversal of any such transactions avoided or set aside by NCLT would accrue to the sole benefit of PCHFL. All the costs and expenses incurred or to be incurred towards litigation pertaining to the Section 66 Matters shall be to the account of PCHFL. A list of the Avoidance Matters and Section 66 Matters in which PCHFL, is involved is as follows:

- (i) PCHFL v. Kapil Wadhawan and others, IA No. 328 of 2021 (IA 328 of 2021);

1. Dewan Housing Finance Corporation Limited now known as Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed an application number 1131/2021 before the Court of District Magistrate and Collector District, Surat under section 14 of the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 for taking physical control of the secured assets including properties at Gokulam Twin Bungalows (Phase-1), Gokulam Polaris, Gokulam Twin Bungalows (Phase II), Gokulam Twin Bungalows (Phase II), and the Polaris Textile Market. PCHFL had sanctioned a loan facility of ₹ 140 crores to M/s Gokulam Buildcon (“**Borrower**”) against the property mortgaged to them as security. Thereafter, the Borrower committed default in repayment of dues and the loan was classified as a non-performing asset. The claim amount involved in this matter Rs. 169 crores. The matter is currently pending.
2. On September 30, 2021, Piramal Capital & Housing Finance Limited (“**PCHFL**”) acquired Dewan Housing Finance Corporation Limited (“**DHFL**”) pursuant to the corporate insolvency resolution process initiated under the Insolvency and Bankruptcy Code, 2016 and pursuant to the resolution plan (“**Resolution Plan**”) approved by the NCLT on June 7, 2021 (“**NCLT Order**”). As part of the implementation of the Resolution Plan, on September 30, 2021, PCHFL, a wholly owned subsidiary of PEL, merged into DHFL and DHFL was renamed as PCHFL. In 2017, DHFL sold its equity stake in Pramerica Life Insurance Company Limited to its wholly owned subsidiary, DHFL Investments Limited (“**DIL**”). To finance this acquisition, DIL raised funds through issuance of compulsory convertible debentures to Wadhawan Global Capital Limited (“**WGCL**”) (“**DIL CCDs**”). WGCL in turn raised funds by issuing secured non-convertible debentures (“**NCDs**”) to third parties (“**Original NCD Holders**”). The NCDs were secured by way of a pledge over the DIL CCDs. The Original NCD Holders sold the NCDs, among others, to West End Investment and Finance Consultancy Private Limited (“**West End**”) and Advent Buildwel Private Limited (collectively referred as “**West End Entities**”). The West End Entities raised funds from inter-corporate deposits availed from DHFL (“**ICDs**”). WGCL has filed an appeal (“**WGCL Appeal**”) against the NCLT Order before the National Company Law Appellate Tribunal (“**NCLAT**”) challenging certain provisions of the Resolution Plan. Subsequently, West End Entities transferred the NCDs to TDH Realty along with the obligation to repay the ICDs to DHFL. The Administrator, appointed for the corporate insolvency resolution process of DHFL, classified the above transaction as fraudulent and filed relevant applications before the NCLT. As a part of the Resolution Plan, the DIL CCDs have been declared as null and void. TDH Realty filed two appeals (“**TDH Appeals**”) and WGCL filed the WGCL Appeal challenging this aspect of the Resolution Plan before the NCLAT. The current status of the matter is that the WGCL Appeal is pending adjudication and the TDH Appeals were withdrawn by way of an order dated September 27, 2023, passed by NCLAT
3. Piramal Capital & Housing Finance Limited (“**PCHFL**”) (“**Financial Creditor**”) submitted application for claims in form C dated March 15, 2023 (“**Applications**”) under regulation 8 of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 to the interim resolution professional in respect of corporate insolvency resolution process of (i) Fulgent Real Estate Private Limited; (ii) Ghardwar Real Estate Private Limited; (iii) Prithvi Residency Private Limited; (iv) Suvarat Real Estate Developers Private Limited; (v) Tenacity Real Estate Private Limited; (vi) Vyomakara Real Estate Private Limited; (vii) Wamika Real Estate Private Limited; (viii) Azinova Constructions Private Limited; (ix) Manpreet Developers Private Limited; (x) Immediate Real Estate Private Limited; (xi) Darshan Developers Private Limited (“**Corporate Debtors**”) in relation to a loans sanctioned to the Corporate Debtors by PCHFL.

Thereafter, an order dated April 10, 2023 was passed by the National Company Law Tribunal, Mumbai in the matter of ‘Ultratech Cement Limited versus Darshan Developers Private Limited’. in relation to applications filed by PCHFL (“**Financial Creditor**”) who is the sole member of the committee of creditors through which the corporate insolvency resolution process (“**CIRP**”) against the Corporate Debtors was consolidated and their assets and liabilities were merged into a common pool resulting in a common consolidated CIRP and accordingly the IA no.-1181/2023 in CP.(IB)/3106(MB)/2019 was disposed off. The total claim amount is ₹ 20,864.79 crores as per each of the Form Cs filed for the Corporate Debtors. The matter in relation to the proceedings to be undertaken for the common consolidated CIRP is currently pending.

4. Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed an application no. CP 556 of 2023 dated January 18, 2024 (“**Application**”) before the National Company Law Tribunal, Mumbai (“**NCLT**”) under Section 7 of the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) to initiate the corporate insolvency resolution process (“**CIRP**”) against Township Developers India Limited (“**TDIL**”) in relation to a claim amount of ₹ 1,395.71 crores. TDIL had issued corporate guarantee by way of a deed of guarantee dated August 22, 2019, in favour of Dewan Housing Finance Corporation Limited (“**DHFL**”) (now known as PCHFL) for a loan granted to *inter alia* ten third party borrowing entities (“**Borrowers**”). However, the Borrowers committed default in payment of the loan amount. PCHFL issued a notice, invoking the corporate guarantee to TDIL for repayment of the loan amount including the interest amounts accrued (“**Outstanding Amount**”) in its capacity as a corporate guarantor. However, TDIL failed to remit the Outstanding Amount to PCHFL. However, NCLT dismissed the Application by way of its order dated November 8, 2023 (“**Dismissal Order**”). Thereafter, PCHFL filed an appeal against the Dismissal Order before the National Company Appellate Law Tribunal, New Delhi (“**NCLAT**”) and an order dated December 14, 2023, was passed by NCLAT, granting liberty to PCHFL to file a fresh application before the NCLT confining their claims to the amounts which had not accrued during the period of suspension of application of IBC under Section 10A of the IBC. Accordingly, for the loan amount which had accrued post the Section 10A period as prescribed under the IBC, PCHFL filed an application under Section 7 of the IBC against TDIL that was admitted by the NCLT on April 29, 2024, and the corporate insolvency proceedings (“**CIRP**”) commenced. Thereafter, PCHFL filed three interlocutory applications. Interlocutory application no. 2183 of 2024 was filed for appointment of the IRP proposed by the financial creditor and the same was allowed by way of order dated May 7, 2024. Interlocutory application no. 3624 of 2024 that was filed seeking the replacement of the IRP which was allowed by the NCLT by way of their order dated July 15, 2024 (“**Order**”). Finally, an interlocutory application no. 4157 of 2024 was filed seeking clarification of the Order to record the replacement of the IRP which was allowed by way of an order dated September 3, 2024 passed by the NCLT. The form G was published on September 27, 2024, by the resolution professional (“**IRP**”) of the CIRP inviting expression of interest. The matter is currently pending.
5. Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed an application no. 552/2024 before the National Company Law Tribunal, Mumbai (“**NCLT**”) against Ekta Housing Private Limited (“**Corporate Debtor**”) under section 7 of the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) read with Rule 4 of the Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016 to initiate corporate insolvency process against the Corporate Debtor for recovering amounts due from the Borrowers on account of their default made in repayment of their outstanding loan amount under two loan facilities availed by them from PCHFL amounting to ₹ 239.63 crores. Thereafter two applications no. 460/2024 and no. 461/2024 were filed against Mr. Vivek Mohanani and Mr. Ashok Mohanani (“**Personal Guarantors**”) before the NCLT under section 95 of the IBC read with rule 7(2) of the Insolvency and Bankruptcy (Application to Adjudicating Authority for Insolvency Resolution Process for Personal Guarantors to Corporate Debtors) Rules, 2019 (“**Rules**”) to initiate insolvency resolution process in respect of the Personal Guarantors. Mr. Ashok Mohanani filed a company appeal filed September 4, 2024, against PCHFL under section 61 of IBC *inter alia* assailing the order dated July 9, 2024 (“**Impugned Order**”) passed by the National Company Law Tribunal, Mumbai Bench - IV (Special Bench) (“**Adjudicating Authority**”) filed by Vithal M. Dahake, resolution professional of PCHFL under Section 95 of the IBC read with Rule 7(2) of the Rules. The matter is currently pending.
6. Piramal Capital & Housing Finance Ltd. (“**PCHFL**”) entered into a deed of assignment dated February 13, 2024 (“**Deed of Assignment**”), with Omkara Assets Reconstruction Private Limited (“**Omkara**”), pursuant to the occurrence of an event of default by Atria Brindavan Power Private Limited (“**Borrower**”), in the terms of the debenture trust deed dated December 19, 2023 (“**DTD**”). PCHFL assigned its loan exposure along with all rights, title and interest (including the underlying security interest) on ‘as is where is’ basis to Omkara by way of the Deed of Assignment. However,

post the intimation of the assignment of debt to Omkara, the Borrower filed a commercial suit before the Commercial Court, Bengaluru (“**Court**”), declaring the assignment of debt as null and void and neither PCHFL nor Omkara should have rights over the securities under the DTD. Thereafter, the Court had granted an ex-parte order (“**Order**”) in this regard against PCHFL, Omkara and Baboon Investments (the other Debenture Holder). PCHFL along with Omkara and Baboon Investments filed appeals against the Order before the High Court of Karnataka (“**High Court**”). The High Court passed a limited order in favour of Omkara and PCHFL to initiate joint recovery proceedings and separately, Baboon Investments can also initiate recovery proceedings against the Borrower. Therefore, PCHFL and Omkara have filed a joint application under section 7 of the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) read with Rule 4 of the Insolvency and Bankruptcy (Application to Adjudicating Authority) Rules, 2016 to initiate corporate insolvency process before the National Company Law Tribunal, Bangalore for a claim amount of ₹ 428.39 crores and also filed a commercial suit against the Borrower along with its subsidiaries before the Bombay High Court. The matters are currently pending.

7. A company petition (“**Petition**”) was filed by Virendra K Pawar, the proprietor of Shree Electricals Enterprises under section 9 of the Insolvency and Bankruptcy Code, 2016 (“**IBC**”) before the National Company Law Tribunal, Mumbai (“**NCLT**”) seeking initiation of the corporate insolvency process against Creatoz Builders Private Limited (“**Corporate Debtor**”). The Petition was admitted by the NCLT, and Charudutt Pandhrinath Marathe was appointed as an interim resolution professional (“**IRP**”) of the Corporate Debtor by the NCLT to conduct the corporate insolvency process. Thereafter, the IRP issued a public announcement and called for submission of claims under Section 15 of the IBC. Piramal Capital & Housing Finance Limited (“**PCHFL**”) submitted a claim by way of a form C as a financial creditor of the Corporate Debtor in relation to a project loan facility that was sanctioned by Dewan Housing Finance Corporation Limited (now known as PCHFL) and the claimed amount of the project loan was ₹ 2,261.04 crores. Thereafter the IRP constituted the committee of creditors (“**CoC**”) on December 18, 2023, wherein PCHFL was admitted as a financial creditor. Subsequently, PCHFL submitted another claim by way of a form C as a financial creditor of the Corporate Debtor in relation to an inter-corporate deposit agreements that was sanctioned by Dewan Housing Finance Corporation Limited (now known as PCHFL) developing certain real estate projects and the claimed amount of the project loan was ₹ 285.16crores. However, PCHFL did not receive any further information or communication from the IRP in relation to this claim submitted by them and communicated its vote and its proposal to replace the IRP. PCHFL received the letter dated January 31, 2024 (“**Impugned Letter**”) addressed by the IRP intimating (i) reclassification of PCHFL from a ‘financial creditor’ to the category of ‘Creditors other than Financial Creditors and Operational Creditors’; and (ii) reconstitution of the CoC to the exclusion of PCHFL on January 18, 2024. However, PCHFL alleged that no intimation of any such reconstitution undertaken on January 18, 2024, was communicated to PCHFL and the Impugned Letter has been issued as an afterthought to the vote cast by PCHFL to replace the IRP, and is *mala fide* in nature. In view of the reclassification of PCHFL by the IRP, PCHFL filed an interlocutory application (“**IA**”) against the IRP (later confirmed as the resolution professional (**RP**)) before the NCLT *inter alia* seeking quashing of the Impugned Letter and replacement of the IRP/ RP. The IA has been dismissed by NCLT by way of its order dated October 3, 2024 (“**Order**”). PCHFL has filed a company appeal no. 2143 of 2024 (“**Appeal**”) against the RP on October 30, 2024, challenging the Order before the National Company Law Appellate Tribunal, New Delhi (“**NCLAT**”). In the interim, PCHFL learnt that a resolution plan has been approved in respect of the Corporate Debtor by the CoC of the Corporate Debtor and an application seeking approval of the resolution plan has been filed before the NCLT. PCHFL has also filed an application dated November 13, 2024, before the NCLT objecting to approval of resolution plan (“**Objection Application**”). The NCLAT has passed an order dated November 22, 2024, for parties to apply for a stay on hearing of the approval of the resolution plan until the NCLAT Appeal is heard. Accordingly, the plan approval IA listed on December 09, 2024, was adjourned. The Appeal is currently pending. The Objection Application has not yet been listed.
8. Piramal Capital & Housing Finance Limited (“**PCHFL**”) issued notices under sections 13(2) and 13(4) of Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (“**SARFAESI Act**”), dated August 31, 2023, and November 30, 2023 (“**Notices**”) to (a) Shishir Realty Private Limited; (b) Kyta Advisors Private Limited; and (c) Township Developers India Limited (“**Borrowers**”) classifying the loan account of Shishir Realty Private Limited as a non-performing asset, due to default committed by Shishir Realty Private Limited having in repayment of the loan availed by it from PCHFL. Subsequently, Maria Khalid Omar and Khalid Omar Wakani (“**Applicants**”) filed a securitisation application number against PCHFL before the Debt Recovery Tribunal - I, Mumbai under Section 17 of SARFAESI Act challenging the Notices issued by PCHFL and alleging that PCHFL had illegally taken symbolic possession of the property that was mortgaged

as security to PCHFL by affixing the notice on the property. PCHFL has filed its reply dated March 5, 2024, challenging the Application alleging that the Applicants have a malafide motive and that PCHFL has followed the mandated provisions of the SARFAESI Act to initiate action against the Borrowers to recover their claim amount in a valid and legal manner. The matter is currently pending.

9. Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed a company petition before the National Company Law Tribunal, Mumbai (“**NCLT**”) under section 7 of the Insolvency and Bankruptcy Code, 2016 (“**IBC Code**”) against Sunblink Real Estate Private Limited (“**Corporate Debtor**”), in relation to default in repayment of a loan amount of ₹ 2,186 crores sanctioned by PCHFL wherein the section 7 application is filed in relation to an amount of ₹ 263.08 crores. The matter is currently pending.
10. GSTAAD Hotels Private Limited (“**Borrower**”) filed a writ petition no. 6037/2023 (“**Writ**”) against our Company, Piramal Capital & Housing Finance Limited (“**PCHFL**”) and others, before the High Court of Karnataka *inter alia* challenging the assignment of its loan account to Omkara ARC, an asset management company by declaring their loan account as a non-performing asset. Our Company and PCHFL were represented in their individual capacity in this Writ, despite the assignment of the loan account of the Borrower. However, such Writ was disposed of vide order passed by the High Court of Karnataka, at Bengaluru dated February 28, 2024 (“**Order**”). Pursuant to this, Deepak Raheja and Anita Raheja, the directors of suspended board of the Borrower, challenged the Order before the High Court of Karnataka by filing a writ appeal no. 478 of 2024 (“**Appeal**”) wherein, they have sought to set aside the Order. Our Company and PCHFL are made parties to such Appeal and are being represented in their individual capacity. The Appeal is currently pending. A complaint has been filed with the Reserve Bank of India against our Company and PCHFL. For further details, refer to “*Litigation against our Subsidiaries – Regulatory matters*” and “*Litigation against our Company – Regulatory matters*”
11. Piramal Capital & Housing Finance Limited (“**PCHFL**”) issued a notice dated October 23, 2024, to Deepa Rameshchandra Mansukhani (“**Mortgager**”) and Ikshudip Fincap Private Limited (“**Borrower**”) under section 13(2) of the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (“**SARFAESI Act**”). The Borrower had availed a credit facility of an amount of ₹ 410 crores (“**Loan**”) from PCHFL and as security for the loan, the Borrower had provided an exclusive charge by way of equitable mortgage of land owned by the Mortgagor. Thereafter, the Borrower committed default in repayment and PCHFL has called upon the Borrower to pay a sum of ₹ 670.65 crores.. The matter is currently pending.
12. Piramal Capital & Housing Finance Limited (“**PCHFL**”) (“**Financial Creditor**”) submitted application for claims in form C dated September 13, 2024 (“**Applications**”) under regulation 8 of the Insolvency and Bankruptcy Board of India (Insolvency Resolution Process for Corporate Persons) Regulations, 2016 to the interim resolution professional in respect of corporate insolvency resolution process of Buoyant Technology Constellations Private Limited (“**Corporate Debtors**”) in relation to a loan sanctioned to the Corporate Debtor by PCHFL which is provisionally admitted by the Resolution Professional. The claim amount involved in the matter is an amount of ₹ 220.24 crores.

d. Tax proceedings

1. Piramal Capital & Housing Finance Limited (“**PCHFL**”) filed a rectification application dated July 14, 2023, before the Deputy Commissioner of Income Tax, Mumbai (“**Deputy Commissioner**”) under Section 154 of the Income Tax Act, 1961 for the assessment year 2022-23 against an order dated June 23, 2023 passed by Deputy Commissioner in relation to certain apparent mistakes in computation of the tax liability of PCHFL. An indemnity bond was submitted to the Deputy Commissioner to grant the short TDS credit vide letter dated August 18, 2023. An assessment order dated January 31, 2024 was issued by the Office of the Assistant Commissioner of Income Tax, Income Tax Department (“**Assistant Commissioner**”) raising a demand of ₹ 56.28 crores (“**Demand**”) for the assessment year 2022-23. A rectification application dated February 14, 2024 is filed before the Assistant Commissioner against this Demand. PCHFL received a refund of ₹ 37.21 crores on April 26, 2024 for the pending amount of Demand. The matter is currently pending.
2. Piramal Capital & Housing Finance Limited (“**PCHFL**”), has received an income tax assessment order for the FY 2021-22 (AY 2022-23) (“**Assessment Year**”), allowing loss of ₹10,627 crores to be carried forward after making an adjustment of Rs. 3,698 crores which was a voluntarily withdrawn claim and before making a small adjustment of ₹ 8 crores. An order dated August 23, 2024, was

issued from the Office of the Assistant Commissioner of Income Tax, Income Tax Department. PCHFL had submitted a return of income for the Assessment Year declaring a loss of ₹ 14,325 crores. Subsequently, the case was selected for scrutiny under CASS and assessment order u/s 143(3) of the Act was passed on February 26, 2024, wherein addition of ₹ 3,705 crores was made on account of disallowance of excess deduction. Thereby, a penalty of ₹ 466.30 crores under Section 270A of Income Tax Act was levied on PCHFL. PCHFL filed a writ petition before the High Court of Bombay (“**High Court**”) on September 9, 2024. The High Court has admitted the case and granted ad interim relief for the tax demand and proceedings till the completion of the Court proceedings. The same is intimated to the tax authorities to stay the recovery proceedings of penalty.

E. Litigation involving Group Companies

a. Civil

1. Karne Hospital Private Limited (“**Complainant**”) filed a case number 49/2021 against Dewan Housing Finance Corporation Limited (“**DHFL**”) now known as Piramal Capital & Housing Finance Limited and Pramerica Life Insurance Company Limited (“**Pramerica Life Insurance**”) before the National Consumer Disputes Redressal Commission, New Delhi, involving an amount of ₹ 338.15 crores in relation to three loans sanctioned to the Complainants by DHFL. Thereafter, it was alleged by the Complainants that that DHFL and Pramerica Life Insurance through unfair contract terms and conditions, coercion and duress forced the Complainant who had availed loans to purchase insurance policies from Pramerica Life Insurance Company and security interest was created on the properties at the time of availing the loans, security deposit cheques were deposited by the Complainant and post loan sanction and disbursement interest amounts were charged from the Complaint causing wrongful loss to them. Thereafter, two of the loan accounts were closed and the one pending loan account was declared as a non-performing asset pursuant to non-payment of installments and recovery proceedings were initiated by DHFL. Thereafter, an order dated October 11, 2022, was passed by the Debts Recovery Tribunal, Pune (“**DRT**”) directing the Complainants to make a one-time settlement payment to DHFL against the interim application no. 1732/2022 was filed by the Complainant for stay on the notice initiating the possession of the mortgaged property order. Thereafter, DHFL moved for the possession of the mortgaged property and a notice was issued fixing the date of possession as July 12, 2023. The Complainant filed an interim application no. 1538 of 2023 which was rejected by the DRT. The Complainant filed an appeal no. 1347 of 2023 (“**Appeal**”) before the Debts Recovery Appellate Tribunal, Mumbai (“**DRAT**”) and an interim application no. 308 of 2024 in relation to the Appeal. Thereafter, an order dated June 10, 2024, was passed by the DRAT through which PCHFL was directed to hold itself from taking physical possession of the secured assets. Further, PCHFL was directed to make a payment of an amount of ₹ 0.50 crores with interest lying in the ‘no-lien account’ to DRAT towards the mandatory pre-deposit. The amount was deposited by PCHFL with the DRAT. The matter is currently pending.

2021-22	Deloitte Haskins & Sells LLP	May 26, 2022	Emphasis of matter	In case of one subsidiary, the Component auditors have drawn attention to matters stated in note 56(A)(ii) to the consolidated financial statements with respect to certain elements of business combination accounting as per Ind AS 103- Business Combination, for acquisition of Dewan Housing Finance Limited (DHFL) under Section 31 of the Insolvency and Bankruptcy Code, 2016, consequent to which PCHFL has merged into DHFL with effect from September 30, 2021.	Based on opinions obtained from legal and tax experts, the fair value of net assets taken over under reverse acquisition includes contingent tax liabilities of Rs 3,437 crores pertaining to income tax obligation of DHFL for the financial years ended 31 March 2020 and 2021, recognized pursuant to uncertain tax positions relating to DHFL as on the implementation date. Further, based on the expert opinions, net deferred tax assets potentially amounting to Rs.6,209 crores relating to the fair value adjustments considered above have presently not been recognized due to uncertainty associated with allowability of such adjustments.	The Group will review the outcome of the income tax proceedings. Further, based on the final outcome of the proceedings and based upon future profitability, the management would take the required action.

2. The Debenture Trustee shall have the power to either independently appoint, or direct our Company to (after consultation with the Debenture Trustee) appoint intermediaries, valuers, chartered accountant firms, practicing company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee and the Debenture Trustee shall subsequently form an independent assessment that the assets for creation of security are sufficient to discharge the outstanding amounts on NCDs at all times.
3. Our Company has undertaken to promptly furnish all and any information as may be required by the Debenture Trustee, including such information as required to be furnished in terms of the applicable laws and the Debenture Trust Deed on a regular basis; and
4. The Debenture Trustee, ipso facto does not have the obligations of a borrower or a principal debtor or a guarantor as to the monies paid/invested by investors for the NCDs.

Terms of carrying out due diligence

As per the SEBI Master Circular for Debenture Trustees, the Debenture Trustee is required to exercise independent due diligence to ensure that the assets of the Issuer are sufficient to discharge the interest and principal amount with respect to the debt securities of the Issuer at all times.

Accordingly, the Debenture Trustee shall exercise due diligence as per the following process, for which our Company has consented to.

- (a) The Debenture Trustee, either through itself or its agents /advisors/consultants, shall carry out requisite diligence, *inter alia*, to verify the status of encumbrance and valuation of the assets and whether all permissions or consents (if any) as may be required to create the security as stipulated in the Offer Documents / Debenture Trust Deed, the SEBI Master Circular for Debenture Trustees and the Applicable Laws, has been obtained. For the purpose of carrying out the due diligence as required in terms of the Applicable Laws, the Debenture Trustee, either through itself or its agents /advisors/consultants, shall have the power to examine the books of account of the Company and to have the Company's assets inspected by its officers and/or external auditors/valuers/consultants/lawyers/technical-experts/management consultants appointed by the Debenture Trustee.
- (b) The Company shall provide all assistance to the Debenture Trustee to enable verification from the registrar of companies, sub-registrar of assurances (as applicable), CERSAI, depositories, information utility or any other authority, as may be required, where the assets and/or prior encumbrances in relation to the assets proposed to secure the NCDs, whether owned by the Company or any other person, are registered / disclosed.
- (c) Further, in the event that existing charge holders or the concerned trustee on behalf of the existing charge holders, have provided conditional consent / permissions to the Company to create further charge on the assets, the Debenture Trustee shall also have the power to verify such conditions by reviewing the relevant transaction documents or any other documents executed between existing charge holders and the Company. The Debenture Trustee shall also have the power to intimate the existing charge holders about proposal of creation of further encumbrance and seeking their comments/ objections, if any.
- (d) Without prejudice to the aforesaid, the Company shall ensure that it provides and procures all information, representations, confirmations and disclosures as may be required in the sole discretion of the Debenture Trustee to carry out the requisite diligence in connection with the issuance and allotment of the NCDs, in accordance with the Applicable Laws.
- (e) The Debenture Trustee shall have the power to either independently appoint, or direct the Company to (after consultation with the Debenture Trustee) appoint, intermediaries, valuers, chartered accountant firms, practicing

company secretaries, consultants, lawyers and other entities in order to assist in the diligence by the Debenture Trustee and the Debenture Trustee shall subsequently form an independent assessment that the assets for creation of security are sufficient to discharge the outstanding amounts on NCDs at all times.

- (f) Under Chapter II of the SEBI Debenture Trustee Master Circular, the fee charged by the trustee is required to be disclosed in the offer documents. The Debenture Trustee will be entitled to an initial fee of ₹ 11,00,000 (exclusive of taxes) along with an annual fee of ₹ 7,00,000 (exclusive of taxes), and the Trustee will also be entitled to delayed payment charges and reimbursement of out of pocket expenses and statutory dues.

REGULATIONS AND POLICIES

The following description is a summary of the important laws, regulations and policies that are applicable to our business. The information detailed below has been obtained from the various legislations, including rules and regulations promulgated by regulatory and statutory bodies, and the bye-laws of the respective local authorities that are available in the public domain. The regulations set out below may not be exhaustive and are merely intended to provide general information to the investors and are neither designed nor intended to substitute for professional legal advice. The statements below are based on the current provisions of Indian law and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, statutory, administrative or judicial decisions.

In addition to the regulations and policies already specified in this Draft Shelf Prospectus, taxation statutes, the Information Technology Act 2000, various labour laws, environmental laws, corporate laws and other laws apply to us as they do to any other Indian company.

The RBI Act defines an NBFC as: (a) a financial institution which is a company; (b) a non-banking institution which is a company and which is in the principal business of receiving deposits, under any scheme or arrangement or in any other manner, or lending in any manner; or (c) such other non-banking institution or class of institutions, as the RBI may, with the previous approval of the Central Government and by notification in the Official Gazette, specify.

Any company which carries on the business of a non-banking financial institution as its principal business is to be treated as an NBFC. Since the term 'principal business' has not been defined in law, the RBI has clarified through a press release (Ref. No. 1998-99/ 1269) in 1999, that in order to identify a particular company as an NBFC, it will consider both the assets and the income pattern as evidenced from the last audited balance sheet of the company to decide its principal business. The company will be treated as an NBFC if its financial assets are more than 50% of its total assets (netted off by intangible assets) and income from financial assets should be more than 50% of the gross income. Both these tests are required to be satisfied as the determining factor for principal business of a company.

With effect from 1997, NBFCs were not permitted to commence or carry on the business of a non-banking financial institution without obtaining a certificate of registration ("**CoR**"). Section 45-IA of the RBI Act provided that to carry on the business of a NBFC, an entity would have to register as an NBFC with the RBI and would be required to have a minimum net owned fund of ₹2 crore. However, the net owned fund requirement has been incrementally revised by the Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 ("**SBR Master Directions**"), as amended. The SBR Master Directions stipulates the glided path to minimum net owned fund requirement of ₹ 5 crore by March 31, 2025 and ₹ 10 crores by March 31, 2027 by the NBFCs with customer interface or public funds.

Every NBFC is required to create a reserve fund and transfer thereto a sum not less than 20% of its net profit every year, as disclosed in the profit and loss account and before any dividend is declared. No appropriation can be made from such fund by the NBFC except for the purposes specified by the RBI from time to time and every such appropriation shall be reported to the RBI within 21 days from the date of such withdraw.

1. Regulation of systemically important NBFCs registered with the RBI

Systematically important NBFCs are primarily governed by the RBI Act, 1934 ("**RBI Act**"), the Master Direction – Reserve Bank of India (Non-Banking Financial Company–Scale Based Regulation) Directions, 2023 ("**SBR Master Directions**"). In addition to these regulations, NBFCs are also governed by various circulars, notifications, guidelines and directions issued by the RBI from time to time.

2. Master Direction –Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023 in suppression of Non-Banking Financial Company–Systemically Important Non Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ("**SBR Master Directions**")

The RBI on October 19, 2023 RBI issued Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 ("**SBR Master Directions**"). A Revised Regulatory Framework for NBFCs whereby NBFCs have been categorised into following four layers based on their size, activity, and perceived riskiness by the RBI:

- i) NBFC- Base Layer ("**NBFC-BL**");
- ii) NBFC- Middle Layer ("**NBFC-ML**");
- iii) NBFC- Upper layer ("**NBFC-UL**"); and
- iv) NBFC- Top Layer ("**NBFC-TL**")

The NBFC- BL comprise of (a) non-deposit taking NBFCs below the asset size of ₹1,00,000 lakh and (b) NBFCs undertaking the following activities- (i) NBFC-Peer to Peer Lending Platform (NBFC-P2P), (ii) NBFC-Account Aggregator (NBFC-AA), (iii) Non-Operative Financial Holding Company (NOFHC) and (iv) NBFCs not availing public funds and not having any customer interface.

The NBFC- ML consist of (a) all deposit taking NBFCs (“**NBFC-Ds**”), irrespective of asset size, (b) non-deposit taking NBFCs with asset size of ₹1,00,000 lakh and above and (c) NBFCs undertaking the following activities (i) Standalone Primary Dealers (SPDs), (ii) Infrastructure Debt Fund - Non-Banking Financial Companies (IDF-NBFCs), (iii) Core Investment Companies (CICs), (iv) Housing Finance Companies (HFCs) and (v) Infrastructure Finance Companies (NBFCIFCs).

The NBFC-UL comprise of those NBFCs which are specifically identified by RBI as warranting enhanced regulatory requirement based on a set of parameters and scoring methodology as provided in annexure 1 to Master Directions. The top ten eligible NBFCs in terms of their asset size shall always reside in the upper layer, irrespective of any other factor. Further, the RBI, pursuant to its circular dated June 6, 2022, put in place provisioning norms in respect of ‘standard’ assets for NBFCs for the upper layer at certain specified rates.

The NBFC-TL will ideally remain empty. This layer can get populated if RBI is of the opinion that there is a substantial increase in the potential systemic risk from specific NBFC-UL. Such NBFCs shall move to the NBFC-TL.

Pursuant to the Master Directions the criteria of asset size of non-deposit NBFCs for classification as non-systemically important has been increased from ₹50,000 lakh to ₹1,00,000 lakh (“**NBFC-ND**”). Therefore, non-deposit NBFCs with asset size of over ₹1,00,000 lakh will be considered as systemically important by the RBI (“**NBFC-ND-SI**”). The Master Direction provides that from October 01, 2022 references to NBFC-ND and NBFC-ND-SI are NBFC-BL and NBFC-ML or NBFC-UL, as the case may be. However, the Master Framework clarifies that NBFC-ND-SIs having asset size of ₹50,000 lakh and above but below ₹1,00,000 lakh (except those necessarily featuring in NBFC-Middle Layer) will be known as NBFC-BL

3. **Types of Activities that NBFCs are permitted to carry out**

Although by definition, NBFCs are permitted to operate in similar sphere of activities as banks, there are a few important, key differences. The most important distinctions are:

- (i) an NBFC cannot accept deposits repayable on demand;
- (ii) NBFCs do not form part of the payment and settlement system and cannot issue cheques drawn on itself; and
- (iii) deposit insurance facility of Deposit Insurance and Credit Guarantee Corporation is not available to depositors of NBFCs, unlike in case of banks.

4. **Regulatory Requirements of an NBFC under the RBI Act**

Net Owned Fund

Section 45-IA of the RBI Act (“**Section 45-IA**”) provides that to carry on the business of a NBFC, an entity would have to register as an NBFC with RBI and would be required to have a net owned fund of ₹ 0.25 crores but not exceeding ₹ 100 crores, as RBI may, by notification in the Gazette, specify. For this purpose, the RBI Act has defined “net owned fund” to mean:

- (i) the aggregate of the paid-up equity capital and free reserves as disclosed in the latest balance sheet of the company, after deducting therefrom:
 - (a) accumulated balance of losses,
 - (b) deferred revenue expenditure; and
 - (c) other intangible assets; and
- (ii) further reduced by the amounts representing:
 - (a) investment by such companies in shares of (i) its subsidiaries, (ii) companies in the same group, (iii) other NBFCs, and

- (b) the book value of debentures, bonds, outstanding loans and advances (including hire purchase and lease finance) made to, and deposits with (i) subsidiaries of such companies; and (ii) companies in the same group,

to the extent such amount exceeds 10% of (i) above.

Reserve Fund

In addition to the above, Section 45-IC of the RBI Act requires NBFCs to create a reserve fund and transfer therein a sum of not less than 20% of its net profits earned every year as disclosed in profit and loss account before declaration of dividend. Such a fund is to be created by every NBFC irrespective of whether it is a ND NBFC or not. Such sum cannot be appropriated by the NBFC except for the purpose as may be specified by the RBI from time to time and every such appropriation is required to be reported to the RBI within 21 days from the date of such withdrawal, provided that the RBI may, in any particular case and for sufficient cause being shown, extend the period of 21 days by such further period as it thinks fit or condone any delay in making such report.

Further, in terms of the amendment of the Companies (Share Capital and Debentures) Rules, 2014 on August 16, 2019, NBFCs registered with RBI and HFCs registered with National Housing Bank are exempted from creation of debenture redemption reserve in case of public issue of debentures and privately placed debentures. However, listed NBFCs and HFCs shall on or before the April 30 in each year, invest or deposit, a sum which shall not be less than fifteen per cent, of the amount of its debentures maturing during the year ending on the March 31 of the next year in any one or more methods of investments or deposits as provided under Companies (Share Capital and Debentures) Rules, 2014, provided that the amount remaining invested or deposited, shall not at any time fall below fifteen percent of the amount of the debentures maturing during the year ending on March 31 of that year.

Maintenance of liquid assets

The RBI through notification dated January 31, 1998, as amended has prescribed that every NBFC shall invest and continue to invest in unencumbered approved securities valued at a price not exceeding the current market price of such securities an amount which shall, at the close of business on any day be not less than 10% in approved securities and the remaining in unencumbered term deposits in any scheduled commercial bank; the aggregate of which shall not be less than 15% of the public deposit outstanding at the last working day of the second preceding quarter. As our Company does not accept public deposit, we are not required to maintain such liquid assets.

NBFCs such as our Company, which do not accept public deposits, are subject to lesser degree of regulation as compared to a NBFC-D and are governed by the RBI's Master Directions.

An NBFC-ND is required to inform the RBI of any change in the address, telephone no's, etc. of its Registered Office, names and addresses of its directors/auditors, names and designations of its principal officers, the specimen signatures of its authorised signatories, within one month from the occurrence of such an event. Further, an NBFC-ND would need to ensure that its registration with the RBI remains current.

5. Master Direction –Reserve Bank of India (Non-Banking Financial Company –Scale Based Regulation) Directions, 2023 in suppression of Non-Banking Financial Company–Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 (“SBR Master Directions”)

The SBR Master Directions are, *inter alia*, applicable to Systemically Important Non-Deposit taking Non-Banking Financial Company (“NBFC-ND-SIs”) registered with the RBI under the provisions of the RBI Act, 1934.

The SBR Master Directions contain detailed directions on prudential norms for an NBFC-ND. The SBR Master Directions, amongst other requirements prescribe guidelines regarding income recognition, asset classification, provisioning requirements, constitution of audit committee, capital adequacy requirements, leverage ratio and concentration of credit/investment norms.

Asset Classification

The SBR Master Directions require that every NBFC (except NBFC-Micro Finance Institutions) shall after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realization, classify its lease/hire purchase assets, loans and advances and any other forms of credit into the following classes:

- (i) Standard assets;
- (ii) Sub-standard assets;
- (iii) Doubtful assets; and

- (iv) Loss assets.

Further, such class of assets would not be entitled to be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for such upgradation. Further, as per the SBR Master Directions, the asset classification norms for NBFCs are given below:

- (i) A standard asset shall mean the asset in respect of which, no default in repayment of principal or payment of interest is perceived and which does not disclose any problem or carry more than normal risk attached to the business;
- (ii) A sub-standard asset shall mean (i) an asset that has been classified as NPA for a period not exceeding 12 months or (ii) an asset where the terms of the agreement regarding interest and/or principal have been renegotiated or rescheduled or restructured after commencement of operations, until the expiry of one year of satisfactory performance under the renegotiated or rescheduled or restructured terms.
- (iii) A doubtful asset shall mean a term loan, a lease asset, a hire purchase asset or any other asset that has remained sub-standard for a period exceeding 12 months.
- (iv) Loss asset would mean:
- (a) an asset which has been identified as loss asset by the applicable NBFC or its internal or external auditor or by the RBI during the inspection of the applicable NBFC, to the extent it is not written off by the applicable NBFC; and
- (b) an asset which is adversely affected by a potential threat of non-recoverability due to either erosion in the value of security or non-availability of security or due to any fraudulent act or omission on the part of the borrower.
- (v) Further, the SBR Master Directions define NPA as:
- (a) an asset, in respect of which, interest has remained overdue for a period of more than 90 days;
- (b) a term loan inclusive of unpaid interest, when the instalment is overdue for a period of more than 90 days on which interest amount remained overdue for a period of more than 90 days;
- (c) a demand or call loan, which remained overdue for a period of more than 180 days from the date of demand or call or on which interest amount remained overdue for a period of more than 90 days;
- (d) a bill which remains overdue for a period of more than 90 days;
- (e) the interest in respect of a debt or the income on receivables under the head 'other current assets' in the nature of short term loans/advances, which facility remained overdue for a period of more than 90 days;
- (f) any dues on account of sale of assets or services rendered or reimbursement of expenses incurred, which remained overdue for a period of more than 90 days;
- (g) the lease rental and hire purchase instalment, which has become overdue for a period of more than 90days;
- (h) in respect of loans, advances and other credit facilities (including bills purchased and discounted), the balance outstanding under the credit facilities (including accrued interest) made available to the same borrower / beneficiary when any of the above credit facilities becomes non-performing asset, provided that in the case of lease and hire purchase transactions, an applicable NBFC shall classify each such account on the basis of its record of recovery.

Capital Adequacy Norms

Every NBFC shall maintain a minimum capital ratio consisting of Tier I capital and Tier II capital of not less than 15% of its aggregate risk weighted assets on balance sheet and of risk adjusted value of off-balance sheet items. The Tier I capital in respect of Applicable NBFCs, at any point of time, shall not be less than 10%.

Asset Liability Management

Pursuant to its circular dated November 4, 2019, the RBI has issued the 'Liquidity Risk Management Framework for Non-Banking Financial Companies and Core Investment Companies' (the "**LRM Guidelines**") in order to strengthen and raise the standard of the ALM framework applicable to NBFCs. The LRM Guidelines are required to be adhered to by all non-deposit taking NBFCs with asset size of ₹ 100 crores and above, systemically important Core Investment Companies and all deposit taking NBFCs (irrespective of their asset size). Further, all non-deposit taking NBFCs with asset size of ₹10,000 crore and above, and all deposit taking NBFCs irrespective of their asset size, are required to maintain a liquidity buffer in terms of liquidity coverage ratio by ensuring that they have sufficient high quality liquid asset ("**HQLA**") to survive any acute liquidity stress scenario lasting for 30 days. The stock of HQLA to be maintained by the NBFCs shall be minimum of 100% of total net cash outflows over the next 30 calendar days. The liquidity coverage ratio requirement shall be binding on NBFCs from December 1, 2020 with the minimum HQLAs to be held being 50% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024. All non-deposit taking NBFCs with asset size of ₹ 5,000 crore and above but less than ₹ 10,000 crore shall also maintain the required level of liquidity coverage ratio starting December 1, 2020 with the minimum HQLAs to be held being 30% of the liquidity coverage ratio, progressively reaching up to the required level of 100% by December 1, 2024.

Fair Practices Code

The SBR Master Directions prescribe a fair practices code that is required to be adhered to by NBFCs, and *inter alia*, includes the following:

- (i) Inclusion of necessary information affecting the interest of the borrower in the loan application form.
- (ii) Devising a mechanism to acknowledge receipt of loan applications and indicating a time frame within which such loan applications are to be disposed.
- (iii) Conveying, in writing, to the borrower in the vernacular language as understood by the borrower by means of sanction letter or otherwise, the amount of loan sanctioned along with the terms and conditions including annualised rate of interest thereof. The acceptance of such terms and conditions should be kept on record by the NBFC.
- (iv) Giving notice to the borrower in the vernacular language as understood by the borrower of any change in the terms and conditions and ensuring that changes are effected only prospectively.
- (v) Refraining from interfering in the affairs of the borrowers except for the purposes provided in the terms and conditions of the loan agreement.
- (vi) Not resorting to undue harassment in the matter of recovery of loans.
- (vii) Lay down an appropriate grievance redressal mechanism for resolving disputes.
- (viii) Periodical review of the compliance of the fair practices code and the functioning of the grievances redressal mechanism at various levels of management, a consolidated report whereof may be submitted to the board of directors at regular intervals, as may be prescribed by it.

NBFCs shall constitute grievance redressal machinery as contained in RBI's circular on Grievance Redressal Mechanism, vide DNBS. CC. PD. No. 320/03.10. 01/2012-13 dated February 18, 2013 which states that at the operational level, all NBFCs shall display the name and contact details of the grievance redressal officer prominently at their branches/ places where business is transacted. The designated officer shall ensure that genuine grievances of customers are redressed promptly without involving any delay. It shall be clearly indicated that NBFCs' grievance redressal machinery shall also deal with the issue relating to services provided by the outsourced agency. Generally, a time limit of 30 (thirty) days may be given to the customers for preferring their complaints/ grievances. The grievance redressal procedure of the NBFC and the time frame fixed for responding to the complaints shall be placed on the NBFC's website.

Corporate Governance Guidelines

The SBR Master Directions prescribed certain corporate governance norms required to be adhered to by NBFCs. The SBR Master Directions, *inter alia*, provide for constitution of an audit committee, a nomination committee, an asset liability management committee and risk management committee and certain other norms in connection with disclosure, transparency and connected lending. Further, NBFCs with asset size of more than ₹ 5,000 crores in categories – investment and credit companies, infrastructure finance companies, micro finance institutions, factors and

infrastructure debt funds are required to appoint a chief risk officer (“**CRO**”) with clearly specified role and responsibilities. The CRO is required to function independently so as to ensure highest standards of risk management.

Norms for Excessive Interest Rates

The SBR Master Directions directed all NBFCs to put in place appropriate internal principles and procedures in determining interest rates and processing and other charges. In addition to the aforesaid instruction, the SBR Master Directions regulates the rates of interest charged by the NBFCs. These directions stipulate that the board of each NBFC is required to adopt an interest rate model taking into account the various relevant factors including cost of funds, margin and risk premium. The rate of interest and the approach for gradation of risk and the rationale for charging different rates of interest for different categories of borrowers are required to be disclosed to the borrowers in the application form and expressly communicated in the sanction letter. Further, this is also required to be made available on the NBFCs’ website or published in newspapers and is required to be updated in the event of any change therein. Further, the rate of interest would have to be an annualized rate so that the borrower is aware of the exact rates that would be charged to the account.

KYC Guidelines

The RBI has issued a ‘Master Direction on Know Your Customer (KYC) Direction’ dated February 25, 2016, as amended, (“**KYC Guidelines**”) and advised all regulated entities (including NBFCs) to adopt such guidelines with suitable modifications depending upon the activities undertaken by them and ensure that a proper policy framework on KYC standards duly approved by the board of directors or any committee of the board of directors is put in place. The KYC policies are required to have certain key elements such as customer acceptance policy, customer identification procedures, monitoring of transactions and risk management. Persons authorised by NBFCs for collecting the deposits and their brokers/agents shall be fully compliant with the KYC Guidelines applicable to NBFC.

Monitoring of Frauds Directions

The RBI has issued a ‘Master Directions on Fraud Risk Management in Non-Banking Financial Companies (NBFCs) (including Housing Finance Companies)’ dated July 15, 2024, as amended (“**Monitoring of Frauds Directions**”) which are applicable to all all Non-Banking Financial Companies (including Housing Finance Companies) in the Upper Layer, Middle Layer and in the Base Layer (with asset size of ₹500 crore and above)., and requires them to put in place a reporting system for recording of frauds. The said master directions provides for provisions relating to governance structure for fraud risk management, requirement of framework for early warning signals for detection of frauds, role of internal and external audits for detection of fraudulent activities, applicable penal measures for the persons / entities classified and reported as fraud, reporting of cases of frauds to law enforcement agencies and RBI and such other provisions in relation to the fraud monitoring and reporting in NBFCs.

10. Streamlining of Internal Compliance monitoring function – leveraging use of technology

Reserve Bank of India has issued a circular dated January 31, 2024 through which it was identified that there is a need to implement comprehensive, integrated, enterprise-wide and workflow-based solutions/ tools to enhance the effectiveness of internal monitoring of compliance with regulatory instructions and such a solution/ tool should (i) provide for effective communication and collaboration among all the stakeholders (by bringing business, compliance and information technology teams, senior management, etc. on one platform); (ii) have processes for identifying, assessing, monitoring and managing compliance requirements; escalate issues of non-compliance, if any; (iii) require recording approval of competent authority for deviations/ delay in compliance submission; and (iv) have a unified dashboard view to Senior Management on compliance position of the regulated entity.

11. **The Digital Personal Data Protection Act, 2023 (the “DPDP Act”)**

The DPDP Act was passed by Parliament on August 9, 2023, received presidential assent, and was notified on August 11, 2023. This legislation aims to strike a balance between individuals’ rights to protect their personal data and the necessity of processing that data for lawful and incidental purposes. Data fiduciaries, responsible for determining the means and purposes of personal data processing, are required to provide a clear and itemized notice to data principals, detailing the personal data to be collected and the reasons for processing it. Personal data can only be processed for lawful purposes with the individual’s consent, which must be sought through a notice outlining the data to be collected and its intended use. Individuals can withdraw their consent at any time.

Data principals whose information is being processed have several rights, including the right to (i) obtain information about how their data is processed, (ii) request corrections or erasure of their personal data, and (iii) appoint someone else to exercise these rights in the event of their death or incapacity. The DPDP Act also establishes duties for data principals, such as not filing false or frivolous complaints or impersonating others in certain situations. Additionally, data fiduciaries are obligated to (i) take reasonable steps to ensure data accuracy and consistency, (ii) implement adequate security measures to prevent data breaches, (iii) notify the Data Protection Board of India and affected individuals in case of a breach, and (iv) delete personal data when consent is withdrawn or when it is no longer necessary for the specified purpose, whichever occurs first.

The Circular on Fair Lending Practices further iterates that any such entity regulated by RBI will formulate a separate policy on penal charges or similar charges on loans. The quantum and reason for penal charges shall be clearly disclosed by these regulated entities to the customers in the loan agreement and respective terms & conditions, as applicable, in addition to being displayed on their website. The Circular on Fair Lending Practices is applicable to NBFCs from January 1, 2024.

The Reserve Bank – Integrated Ombudsman Scheme, 2021 (the “Ombudsman Scheme”) dated November 12, 2021

The RBI through its 'Statement on Developmental and Regulatory Policies' dated February 5, 2021, proposed the integration of the Ombudsman Scheme for Non-Banking Financial Companies, 2018 with the Banking Ombudsman Scheme, 2006 and the Ombudsman Scheme for Digital Transactions, 2019 under the 'One Nation One Ombudsman' approach for grievance redressal and has done the same through the Ombudsman Scheme effective from November 12, 2021. This is intended to make the process of redressal of grievances easier by enabling the customers of the banks, NBFCs and non-bank issuers of prepaid payment instruments to register their complaints under the integrated scheme, with one centralized reference point.

The Ombudsman Scheme was introduced by the RBI with the object of enabling resolution of complaints in respect of certain services rendered by certain categories of NBFCs, to facilitate the satisfaction or settlement of such complaints, and matters connected therewith. Further, the RBI through its notification on Appointment of Internal Ombudsman by Non-Banking Financial Companies dated November 15, 2021 has established the office of Internal Ombudsman for NBFCs along with its roles and responsibilities.

The Ombudsman Scheme, *inter alia*, establishes the office of the ombudsman, specifies the procedure for the redressal of grievances and the mechanism for appeals against the awards passed by the ombudsman.

Master Direction - Reserve Bank of India (Internal Ombudsman for Regulated Entities) Directions, 2023 (“Internal Ombudsman”) Scheme The RBI has institutionalized the Internal Ombudsman mechanism in various regulated entities vide instructions / guidelines contained in the Internal Ombudsman Scheme 2018- Implementation by banks dated September 3, 2018, Internal Ombudsman Scheme for Non-Bank System Participants, 2019 dated October 22, 2019, Appointment of Internal Ombudsman by Non-Banking Financial Companies dated November 15, 2021 and Reserve Bank of India (Credit Information Companies - Internal Ombudsman) Direction, 2022 dated October 6, 2022.

The Internal Ombudsman Scheme requires the appointment of internal ombudsman by NBFCs fulfilling the following criteria as on the date of the circular: (a) Deposit-taking NBFCs (NBFCs-D) with 10 or more branches. (b) Non-Deposit taking NBFCs (NBFCs-ND) with asset size of ₹ 5,000 crores and above and having public customer interface. NBFCs are required to internally escalate all complaints that are partly or wholly rejected by the NBFC's internal grievance redress mechanism to the internal ombudsman for a final decision within a period of twenty days from the date of receipt of the complaint. Thereafter, the internal ombudsman and the NBFC are required to ensure that the final decision is communicated to the complainant within 30 days from the date of receipt of the complaint by the NBFC. In case any complaint is fully or partly rejected even after examination by the internal ombudsman, the NBFC is necessitated to advise to the complainant as part of the reply of the customer's option to approach the RBI Ombudsman for redress (if the complaint falls under the RBI Ombudsman mechanism) along with complete details.

Anti-Money Laundering

The Prevention of Money Laundering Act, 2002 ("**PMLA**") was enacted to prevent money-laundering and to provide for confiscation of property derived from or involved in, money-laundering and for matters connected therewith or incidental thereto. Section 12 of the PMLA *inter alia* casts certain obligations on reporting entities (as defined under the PMLA) in relation to preservation of records and reporting of transactions. The Government of India under PMLA has issued the Prevention of Money-laundering (Maintenance of Records) Rules, 2005, as amended ("**PML Rules**"). PMLA & PML Rules extends to all banking companies and financial institutions, including NBFCs and intermediaries.

Further the KYC Guidelines ensure that a proper policy frame work for the PMLA and PML Rules is put in place. Pursuant to the provisions of PMLA, PML Rules and the RBI direction, all NBFCs are advised to appoint a principal

officer for internal reporting / reporting to Financial Intelligence Unit – India (FIU-IND) of suspicious transactions and cash transactions and to maintain a system of proper record (i) all cash transactions of value of more than ₹ 0.1 crores - or its equivalent in foreign currency; (ii) all series of cash transactions integrally connected to each other which have been valued below ₹ 0.1 crores or its equivalent in foreign currency, where such series of transactions have taken place within a month and the aggregate value of such transaction exceeds ₹ 0.1 crores; (iii) all transactions involving receipts by non-profit organisations of value more than ₹ 0.1 crores, or its equivalent in foreign currency; (iv) all cash transactions where forged or counterfeit transactions. The NBFCs shall also appoint a designated director who shall be responsible for ensuring overall compliance as required under the PMLA and the PML Rules.

Circular on Key Fact Statement (KFS) for loans and advances dated April 15, 2024

In order to harmonize the instructions on the financial products being offered by various regulated entity (including NBFCs) and enhance transparency, the RBI has issued a circular on April 15, 2024 replacing certain instructions in relation to key fact statement and disclosure of annual percentage rate specified in the master direction on 'Regulatory Framework for Microfinance Loans' dated March 14, 2022 and 'Guidelines on Digital Lending' dated September 2, 2022. The aforesaid circular shall be applicable on all retail and MSME term loans extended by all regulated entities (including NBFCs) and are required to be complied with on or after October 01, 2024. The said circular provides as follows: (a) definition of the following terms 'Key Facts', 'Key Fact Statement ("KFS")', 'Annual Percentage Rate ("APR")' and 'Equated Periodic Instalment (EPI)'; (b) require NBFCs to provide a KFS to all prospective borrowers before executing the loan contract as per the standardised format; (c) to include KFS as summary box attached in the loan agreement; (d) provide for the following in KFS: unique proposal number, computation sheet of APR, the amortisation schedule of the loan over the loan tenor, validity period of KFS as prescribed in the circular, (d) NBFCs to include all charges which are levied by it including charges recovered on behalf of third-party service providers on actual basis in the APR and provide all receipts and related documents to borrower for each payment from time to time; (e) NBFCs should not charge any fees or charges not mentioned in the KFS at any stage during the term of the loan, without explicit consent of the borrower. Further, it has been specified that credit card receivables are exempted from the provisions of the aforesaid circular

Master Circular on Prudential Norms

The RBI, pursuant to its 'Master Circular on Prudential Norms on Income Recognition, Asset Classification and Provisioning Pertaining to Advances' issued on October 1, 2021 ("**Master Circular on Prudential Norms**"), classifies NPAs into (i) standard assets; (ii) doubtful assets; and (iii) loss assets. The circular also specifies provisioning requirements specific to the classification of the assets. The Master Circular on Prudential Norms also lays down guidelines for classification of assets. It also urges the banks to ensure that while granting loans and advances, realistic repayment schedules may be fixed on the basis of cash flows with borrowers. Further, the Master Circular on Prudential Norms states that policy of income recognition should be objective and based on record of recovery rather than on any subjective considerations. Similarly, the classification of assets of banks has to be done based on objective criteria which would ensure a uniform and consistent application of the norms.

RBI further issued 'Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances – Clarifications' on November 12, 2021, read with its clarifications dated February 15, 2022, with a view to ensuring uniformity in the implementation of income recognition, asset classification and provisioning norms across all lending institutions. The circular, amongst other matters, requires borrower accounts to be flagged as overdue by lending institutions as part of their day-end processes for the due date, irrespective of the time of running such processes. Similarly, classification of borrower accounts as special mention accounts ("**SMA**") as well as NPA is required to be undertaken as part of day-end processes for the relevant date, such that the date of SMA/ NPA shall reflect the asset classification status of an account at the day-end of that calendar date. The circular clarifies that the SMA classification requirement for borrower accounts is applicable to all loans, including retail loans, irrespective of size of exposure of the lending institution. Further, the circular provides that upgradation of accounts classified as NPAs may be upgraded to 'standard' only if the entire arrears of interest and principal are paid by the borrower, as opposed to such upgradation being undertaken upon payment of only interest overdue.

The clarifications were made applicable immediately from the date of circular except for the instructions related to specification of due date / repayment date which were made applicable from December 31, 2021 and instructions related to non-performing assets classification in case of interest payments and customer education which will be applicable from March 31, 2022 onwards.

Guidelines on Risk-based Internal Audit ("RBI") System for Select NBFCs and Urban Co-operative Banks (the "RBI Guidelines")

RBI for non-deposit taking NBFCs with an asset size of ₹50 billion and above (the "**RBI Applicable NBFCs**"), was mandated by the RBI through its notification dated February 3, 2021 bearing reference number

DoS.CO.PPG./SEC.05/11.01.005/2020-21. Under the RBIA Guidelines, RBIA Applicable NBFCs are required to implement the RBIA framework by March 31, 2022. The RBIA Guidelines, inter alia, are intended to enhance the efficacy of internal audit systems and contribute to the overall improvement of governance, risk management and control processes followed by RBIA Applicable NBFCs. Under the RBIA Guidelines, the board of directors of the RBIA Applicable NBFC must approve a policy clearly documenting the purpose, authority, and responsibility of the internal audit activity, with a clear demarcation of the role and expectations from risk management function and the RBIA function. It's also mandated that the policy be reviewed periodically, and that the internal audit function not be outsourced. Further, the RBIA Guidelines also require that the risk assessment of business and other functions of RBIA Applicable NBFCs should be conducted at least on an annual basis.

Master Circular –Bank Finance to Non-Banking Financial Companies dated April 24, 2024 (“Master Circular - Bank Finance to NBFC”)

The RBI has issued Master Circular –Bank Finance to NBFC, as amended, relating to financing of NBFCs by banks. In particular, these guidelines prohibit banks from lending to NBFCs for the financing of certain activities, such as:

- (i) bills discounted / rediscounted by NBFCs, except for rediscounting of bills discounted by NBFCs arising from sale of -commercial vehicles (including light commercial vehicles), and two wheeler and three wheeler vehicles, subject to the conditions prescribed under Master Circular -Bank Finance to NBFC.
- (ii) investments of NBFCs both of current and long-term nature, in any company / entity by way of shares, debentures, etc. However, Stock Broking Companies may be provided need-based credit against shares and debentures held by them as stock-in-trade.
- (iii) unsecured loans / inter-corporate deposits by NBFCs to / in any company.
- (iv) all types of loans and advances by NBFCs to their subsidiaries, group companies / entities.
- (v) finance to NBFCs for further lending to individuals for subscribing to Initial Public Offerings (“IPOs”) and for purchase of shares from secondary market.

Master Circular dated January 5, 2022 on Bank Finance to Non- Banking Financial Companies

The circular lays down RBI's regulatory policy regarding financing of NBFCs by banks. The circular specifies, inter alia, certain guidelines for bank finance to NBFCs registered with RBI and bank finance to NBFCs not requiring registration. The circular further specifies activities which are not eligible for bank credits (such as certain bills discounted/rediscounted by NBFCs, investments of NBFCs both of current and long-term nature and unsecured loans by NBFCs to any company) and other prohibitions on bank finance to NBFCs. The aforesaid circular also prescribes the prudential ceilings for exposure of banks to NBFCs

14. Guidelines on Securitization of Standard Assets

The RBI through its master direction dated September 1, 2016, provided the guidelines on securitization of standard assets. Further, the guidelines provides that loans can only be assigned or securitized if the NBFC has held them in their books for a specified minimum period. The guidelines also provide a mandatory retention requirement for securitization and assignment transactions. However, to ease the liquidity for NBFCs, the RBI pursuant to the circular dated November 29, 2018, relaxed the Minimum Holding Period (MHP) requirement for originating NBFCs, in respect of loans of original maturity above 5 years, to receipt of repayment of six monthly instalments or two quarterly instalments (as applicable). The said dispensation was initially applicable till six months from the date of issuance of the circular. However, the RBI vide its circular dated May 29, 2019 had extended the dispensation till December 31, 2019, and subsequently vide its circular dated December 31, 2019 had extended the dispensation till June 30, 2020.

Certain requirements are to be met by the originating NBFCs on transactions involving transfer of assets through direct assignment of cash flows and the underlying securities. NBFCs can transfer a single standard asset or a part of such asset or a portfolio of such assets to financial entities through an assignment deed with the exception of (i) revolving credit facilities (e.g., credit card receivables); (ii) assets purchased from other entities; (iii) assets with bullet repayment of both principal and interest. However, these guidelines shall not apply to: (i) transfer of loan accounts of borrowers by an NBFC to other NBFCs/ FIs /banks and vice versa, at the request/ instance of borrower; (ii) trading in bonds; (iii) sale of entire portfolio of assets consequent upon a decision to exit the line of business completely. Such a decision shall have the approval of board of directors of the NBFC; (iv) consortium and syndication arrangements; (v) any other arrangement/ transactions, specifically exempted by the Reserve Bank of India.

In order to limit the extent of effective control of transferred assets by the seller in the case of direct assignment transactions, NBFCs shall not have any re-purchase agreement including through clean-up calls on the transferred assets.

Master Direction – Reserve Bank of India (Securitisation of Standard Assets) Directions, 2021

These directions are applicable to securitisation transactions undertaken subsequent to the issue of these directions. These are applicable to all transactions involving securitisation of standard assets involving Scheduled Commercial Banks, All India Term Financial Institutions, Small Finance Banks, Non-Banking Financial Companies (NBFCs) including Housing Finance Companies (HFCs). The directions provide a negative list i.e., list of the assets that cannot be securitised. The directions specify a minimum ticket size of Rs. 1 crore for issuance of securitisation notes. In the directions, RBI has the Minimum Retention Requirement (MRR) for different asset classes. For underlying loans with original maturity of 24 months or less, the MRR will be 5 per cent of the book value of the loans being securitised. For those with original maturity of more than 24 months as well as loans with bullet repayments, the MRR shall be 10 per cent of the book value of the loans being securitised. In the case of residential mortgage-backed securities, the MRR for the originator shall be 5 per cent of the book value of the loans being securitised, irrespective of the original maturity.

RBI Master Direction – Reserve Bank of India (Transfer of Loan Exposures) Directions, 2021

These directions are applicable to various ending entities, including scheduled commercial banks, co-operative banks, and all NBFCs and HFCs. The directions are a comprehensive, self-contained set of regulatory guidelines that govern the transfer of loan exposures. A lender under these guidelines requires, to have in place, a board approved policy for transfer and acquisition of loan exposures. It lays down separate norms for transfer of loans which are not in default and the ones which are stressed in nature. The guideline further requires certain additional requirements to be satisfied for transfer of non-performing assets.

15. External Commercial Borrowings (ECB) Policy

The Reserve Bank of India has through the ‘Master Direction on External Commercial Borrowings, Trade Credits and Structured Obligations’ dated March 26, 2019 (the “**ECB Policy**”), notified the external commercial borrowings framework. Few of the changes as per the ECB Policy are, NBFCs, being eligible entities to receive FDI, are permitted to raise ECB up to USD 750 million or equivalent in a financial year under the automatic route and exceeding USD 750 million or equivalent in a financial year under the approval route and the eligible borrowers have been expanded to include all entities eligible to receive FDI. Vide RBI Notification No. FEMA. 3(R)(3)/2022-RB, dated 28.07.2022, the automatic route limit stands temporarily increased from USD 750 million to equivalent to USD 1.5 billion or equivalent. This relaxation was available for ECBs raised till December 31, 2022.

The ECB Policy, *inter alia*, provides for various aspects of ECB transactions, including eligible borrowers, recognised lenders, route of the ECB, minimum average maturity period, all-in-cost ceiling per annum.

16. Loans and Advances – Regulatory Restrictions - NBFCs, dated April 19, 2022, as amended

The RBI introduced certain regulatory restrictions on lending in respect of NBFCs placed in different layers. The regulation states Loans and advances to Directors - Unless sanctioned by the Board of Directors/Committee of Directors, NBFCs shall not grant loans and advances aggregating to ₹ 5 crores and above to (a) their directors (including the Chairman/ Managing Director) or relatives of directors, (b) any firm in which any of their directors or their relatives is interested as a partner, manager, employee or guarantor, , (c) any company in which any of their directors, or their relatives is interested as a major shareholder, director, manager, employee or guarantor with respect to directors and separate set of guidelines for the advances to senior officers to the NBFCs, to the real estate sector and base layer guidelines.

17. RBI notification - Compliance Function and Role of Chief Compliance Officer (CCO) - NBFCs dated April 11, 2022, as amended

The NBFC-UL and NBFC-ML shall have an independent Compliance Function and a Chief Compliance Officer (CCO) latest by April 1, 2023 and October 1, 2023, respectively. The Board/Audit Committee (Board committee) shall ensure that an appropriate Compliance Policy is put in place and implemented. The Senior Management shall carry out an exercise, at least once a year, to identify and assess the major compliance risk facing the NBFC and formulate plans to manage it, shall submit to the Board a review at the prescribed periodicity and a detailed annual review of Compliance and report to the Board on any material compliance failure.

Master Direction on Treatment of Wilful Defaulters and Large Defaulters dated July 30, 2024

The RBI introduced a Master Direction on Treatment of Wilful Defaulters and Large Defaulters dated July 30, 2024. It aims at providing a non-discriminatory and transparent procedure for classifying a borrower as a wilful defaulter. It shall come into effect after 90 days from being placed on the RBI website. It applies to 'lenders' including all India financial institutions, banks, or NBFCs providing credit to the borrower. Additionally, regardless of an entity's classification as a 'lender,' restrictions on further financial support to wilful defaulters and provisions for large defaulters will apply to all entities regulated by RBI. The directions set forth a detailed process for identifying the wilful defaulters, so that the penal provisions are applied in fair manner and the scope for discretion is obviated, and require a transparent mechanism throughout the identification process, including a role for internal audits. The said master direction also outlines: (a) procedures for reporting and sharing credit information on wilful and large defaulters with CICs; (b) handling of compromise settlements with wilful defaulters; (c) treatment of defaulted loans transferred to other lenders and asset reconstruction companies; (d) approach for accounts resolved under the Insolvency and Bankruptcy Code, 2016 resolution framework guidelines issued by RBI; and (e) preventive measures that lenders, statutory auditors, and third parties should take to prevent and identify wilful defaults.

Frequency of reporting of credit information by Credit Institutions to Credit Information Companies dated August 8, 2024

The RBI introduced the Frequency of reporting of credit information by Credit Institutions to Credit Information Companies on August 8, 2024. The guidelines apply to both NBFCs and HFCs. It directs the credit information companies (CICs) and credit institutions (CIs) to keep the credit information collected/maintained by them updated regularly on a fortnightly basis. The period for this collection of information has been amended to within five calendar days of the relevant reporting fortnight. These directions are shall come into effect from January 1, 2025.

Law applicable to our Subsidiaries

In addition to the above, our Subsidiary, PCHFL, is subject to various, laws, regulations and policies.

The National Housing Bank Act 1987 ("NHB Act")

The NHB Act was enacted to establish the National Housing Bank ("**NHB**") to operate as the principal agency for the promotion of housing finance companies ("**HFCs**"), both at the local and regional levels, and to provide financial and other support to such institutions for matters connected therewith or incidental thereto. The business of NHB includes, among others:

- promoting, establishing, supporting and aiding in the promotion, establishment and support of housing finance institutions;
- making loans and advances or rendering any other form of financial assistance for housing activities of HFCs, scheduled banks, state co-operative agricultural and rural development banks or any other institution or class of institutions as may be notified by the central government;
- guaranteeing the financial obligations of HFCs and underwriting the issue of stocks, shares, debentures and other securities of HFCs;
- formulating one or more schemes for the purpose of mobilisation of resources and extension of credit for housing;
- providing guidelines to HFCs to ensure their growth on sound lines; and
- providing technical and administrative assistance to HFCs and exercising all powers and functions in the performance of duties entrusted to the NHB under the NHB Act or under any other law for the time being in force.

Under the terms of the NHB Act, the NHB may, on being directed so to do by the RBI, cause an inspection of the books of accounts and other documents of any institution to which the NHB has provided a loan, advance or granted any other financial assistance. Further, the NHB is required to provide a copy of its report to such an institution. Also, the NHB is empowered to direct and collect the credit information from any HFC at any time in order to efficiently discharge its function.

The NHB may, at any time on its own or on being directed so to by the RBI, inspect any HFC in order to verify the correctness or completeness of any statement, information or particulars provided to the NHB, or for the purpose of obtaining any information or particulars which the HFC has failed to provide after being called upon to do so. If any HFC fails to comply with any direction given by the NHB, the NHB may take appropriate actions against the HFC.

Pursuant to the Finance (No. 2) Act, 2019, the NHB Act has been amended, pursuant to the NHB Act Amendments, to transfer the regulating authority for the housing finance sector from NHB to RBI. Accordingly, amongst others, (i) HFCs are now

required to apply to the RBI for registration under the NHB Act, in place of the NHB; and (ii) the RBI has now been conferred the power (a) to determine the percentage of assets to be maintained in terms of its investments and its reserve fund to be maintained; and (b) to regulate, by specifying conditions or prohibit the issue by any HFC of any prospectus or advertisement soliciting deposits of money from the public. However, the NHB Act Amendments, retain certain powers with the NHB, in addition to conferring such powers on the RBI, such as power to conduct inspections and request for documents from the HFCs.

Further, pursuant to the amendments to the 'Master Direction –Exemptions from the RBI Act, 1934 dated November 24, 2020, sections 45 –IA, 45 -IB and 45 –IC of the RBI Act, which deal with requirement of registration and net owned fund, maintenance of percentage assets, and the setting up and maintenance of a reserve fund are not applicable to HFCs.

Accordingly, activities of HFCs, are primarily regulated by the RBI and the NHB, including various aspects of our business such as definition of housing finance and housing finance company, net owned fund requirement, capital adequacy, sourcing of funds, on-boarding of customers, credit approval and risk management and asset classification and provisioning. Certain other generally applicable legislations as set out below also regulate other aspects of our business such as recovery of debt and taxation.

Master Direction – Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 (“Reserve Bank HFC Directions”)

Capital Requirement

As per the Reserve Bank HFC Directions, every HFC is required to maintain a minimum capital adequacy ratio, consisting of tier I capital and tier II capital. Currently HFCs are required to comply with a CRAR, consisting of tier I and tier II capital, of at least 15% of its aggregate risk weighted assets and of risk adjusted value of off-balance sheet items. At a minimum, tier I capital of HFCs cannot be less than 10%. Further, the total tier II capital at any point of time, should not exceed 100% of tier I capital. Additionally, Regulatory instructions specified in chapters XIII, XIV, XV and XVI of the SBR Master Directions mutatis mutandis apply to HFCs in the upper layer. The NBFCs are required to maintain a common equity tier 1 capital of at least 9% of Risk Weighted Assets.

Accounting Standards

HFCs that are required to implement Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 shall prepare their financial statements in accordance with Ind AS notified by the Government of India and shall comply with the regulatory guidance specified in terms of the Reserve Bank HFC Directions. Other HFCs shall comply with the requirements of notified Accounting Standards (AS) insofar as they are not inconsistent with any of the directions provided under the Reserve Bank HFC Directions.

Income Recognition and Provisioning Requirements

The Reserve Bank HFC Directions require that income recognition be based on recognized accounting principles. Amongst others, income including interest, discount or any other charges on NPA shall be recognized only when it is actually realised. Any such income recognized before the asset became NPA and remaining unrealized shall be reversed. The interest income earned on NPA accounts shall be recognised in accordance with principles laid out in the Ind AS. Further, the Reserve Bank HFC Directions require the board of directors of every HFC to frame investment policy for the company and shall implement the same. The criteria to classify the investments into current and long-term investments shall be spelt out by the board of the such HFCs ex-ante in the investment policy and the investments in securities shall be classified into current and long term, at the time of making each investment.

Every HFC shall, after taking into account the time lag between an account becoming non-performing, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against standard assets, sub-standard assets, doubtful assets and loss assets.

Regulatory Restrictions

A HFC cannot lend against its own shares. Further, no HFC shall grant housing loans to individuals up to (a) ₹30 lakhs with LTV ratio exceeding 90%; (b) above ₹30 lakhs and up to ₹75 lakhs exceeding 80%; and (c) above ₹75 lakhs with LTV ratio exceeding 75%. Further, the Reserve Bank HFC Directions provide for the definition of LTV ratio.

Acceptance/renewal of public deposits

No housing finance company shall accept or renew public deposit unless the HFC has obtained minimum investment grade rating for fixed deposits from any one of the approved credit rating agencies, at least once a year and a copy of the rating is sent to the NHB and it is complying with all the prudential norms.

Acquisition / Transfer of Control

In terms of the Reserve Bank HFC Directions, prior written permission of Reserve Bank of India shall be required for the following any takeover or acquisition of control of an HFC, which may or may not result in change of management, any change in the shareholding of an HFC accepting/ holding public deposits, including progressive increases over time, which would result in acquisition/ transfer of shareholding of 10% or more of the paid-up equity capital of the HFC by/to a foreign investor or any change in the shareholding of an HFC, including progressive increases over time, which would result in acquisition/ transfer of shareholding of 26% or more of the paid-up equity capital of the HFC. Provided that, prior approval would not be required in case of any shareholding going beyond 10% or 26%, as applicable, due to buyback of shares/ reduction in capital where it has approval of a competent court. However, the same shall be reported to the NHB not later than one month from the date of its occurrence.

Corporate Governance

In terms of the Reserve Bank HFC Directions, the corporate governance norms shall be applicable to all public deposit accepting / holding HFCs and every non-public deposit accepting HFC with assets size of ₹ 50 crores and above, as per the last audited balance sheet (“**Applicable HFCs**”). The Applicable HFCs are required to constitute audit committee, nomination and remuneration committee, asset liability management committee and a risk management committee. The audit committee must ensure that an information system audit of the internal systems and processes is conducted at least once in two years to assess operational risks faced.

At regular intervals, as may be prescribed, the progress made in putting in place a progressive risk management system and risk management policy and strategy followed by the Applicable HFC must be placed before the board of directors. The Applicable HFCs are also required to adhere to certain other norms in connection with disclosure, transparency and rotation of partners of the statutory audit firm.

Further, the Reserve Bank HFC Directions provide for appointment of a chief risk officer (“CRO”) for HFCs with an asset size of ₹5,000 crores with clearly specified role and responsibilities. The CRO, who shall be a senior official in the hierarchy of an HFC and shall possess adequate professional qualification / experience in the area of risk management, is required to function independently so as to ensure highest standards of risk management.

Further, all HFCs shall ensure that a policy is put in place with the approval of the board of directors for ascertaining the ‘fit and proper’ criteria of the directors at the time of appointment, and on a continuing basis. The policy on the ‘fit and proper’ criteria shall be on the lines of the guidelines contained in the Reserve Bank HFC Directions.

Model Code of Conduct for Direct Selling Agents (DSAs) / Direct Marketing Agents (DMAs) (“Code of Conduct”)

The Code of Conduct was originally issued by the NHB with the objective of safeguarding the interest of the housing finance industry and public at large. It has later been consolidated in the Reserve Bank HFC Directions. The Code of Conduct applies to any person or legal entity involved in marketing and distribution of any loan or other financial products or services of HFCs. The DSAs or DMAs or/and their employees and representatives are required to abide by the Code of Conduct prior to undertaking any direct marketing operation and distribution on behalf of the HFC. Under the Code of Conduct, HFCs shall not engage DSAs or DMAs who do not have any valid registration certificate from the Department of Telecommunication, Government of India as telemarketers. As per the Code of Conduct, the DSAs and DMAs can contact a prospect by telephone between 09:30 hours and 19:00 hours. The DSAs and DMAs or/and their employees and representatives are required to respect a prospect’s privacy and his/her interest may normally be discussed only with the prospect and with any other individual/family member such as prospect’s accountant/secretary/ spouse only when authorized to do so by the prospect. The DSAs and DMAs shall not mislead the prospect on any product or service offered by a HFC, shall not falsely represent themselves as a HFCs employees and shall not make any false commitment on behalf of a HFC. The Code of Conduct specifies that the terms and conditions governing the contract between the HFC and the service provider should be carefully defined in written agreements and vetted by HFCs legal counsel on their legal effect and enforceability.

Guidelines on private placement of NCDs (“Guidelines”)

A HFC can issue non-convertible debentures (“Debentures”) for deployment of funds for creation of own assets. However, no HFC shall issue non-convertible debentures to facilitate resource requests of or utilization by group entities/ parent company/ associates. The NCDs proposed to be issued by a HFC shall not be issued for maturities of less than 12 months from the date of the issue. Further, exercise date of option (put/call), if any, attached to the Debentures shall not fall within the period of one year from the date of issue. Further, eligible HFCs shall obtain credit rating for the for the issue of Debentures from one of the credit rating agencies, viz., the Credit Rating Information Services of India Limited or the Investment Information and Credit Rating Agency of India Limited or the Credit Analysis and Research Limited or the FITCH Ratings India Private Limited or Brickwork Ratings India Private Limited or such other agencies registered with SEBI or such other credit rating agencies as may be specified by RBI.

In terms of the Guidelines, there shall be a limit of 200 subscribers for every financial year, for issuance of Debentures with a maximum subscription of less than ₹1 crore, and such subscription shall be fully secured and there shall be no limit on the number of subscribers in respect of issuances with a minimum subscription of ₹1 crore and the option to create security in favour of subscribers to Debentures will be with the issuers of such Debentures. Further, the minimum subscription per investor shall be ₹0.2 lakhs.

The issues under the Guidelines are to be completed within a period of 30 days from the date of issue opening. The Guidelines require the offer document of the issue to be made within a maximum period of 6 months from the date of the board resolution authorizing the issue and also require a board approved policy for resource planning which covers the planning horizon and the periodicity of the private placement of non-convertible debentures. *Master Directions –Reserve Bank of India (Priority Sector Lending)–(Targets and Classifications) Directions, 2020 (the “PSL Master Directions”)*

The priority sector lending (“PSL”) guidelines were enacted with a view to govern priority sector advances and loans granted by scheduled commercial banks including regional rural banks, small finance banks, local area banks and primary urban co-operative banks, other than salary earners’ banks, licensed to operate in India.

The PSL Master Directions govern priority sector advances and loans granted by scheduled commercial banks (excluding regional rural banks and small finance banks) regulated by the RBI to HFCs (approved by NHB for the purpose of refinancing), for on-lending for purchase, construction or reconstruction of individual dwelling units or for slum clearance and rehabilitation of slum dwellers, subject to an aggregate loan limit of ₹ 20 lakhs per borrower. The eligibility under the PSL Master Directions to HFCs for on-lending is restricted to 5% of the individual bank’s total PSL. The average maturity of such priority sector assets created by those who are eligible intermediaries should be co-terminus with the maturity of the bank loan.

RBI circular on Co-lending by Banks and NBFCs to Priority Sector dated November 5,2020

The RBI introduced the co-lending model to increase the affordability and outreach of capital to underserved sections of the economy. By entering co-lending arrangements, banks and non-banking financial companies can combine the relative advantages of the two to provide financial services.

Banks are permitted to co-lend with all registered NBFCs (including HFCs) based on a prior agreement. The co-lending banks will take their share of the individual loans on a back-to-back basis in their books. However, NBFCs are required to retain minimum 20% share of the individual loans on their books. The bank and the NBFCs will have to maintain their own individual customer accounts but there is a requirement for the funds to be disbursed via an escrow account. The liability for the representations and warranties found in the master agreement will be ascribed to the originating NBFCs. The co-lenders will be mutually required to set up a framework for loan monitoring and recovery, grievance redressal mechanism, arrange for the creation of security and charge and ensure compliance with internal guidelines.

Guidelines on Risk-based Internal Audit (“RBIA”) System for HFCs (“RBIA Guidelines”)

The RBIA for all deposit-taking HFCs, irrespective of their size and non-deposit taking HFCs with an asset size of ₹ 5,000 crore and above (“**Applicable HFCs**”), was mandated by the RBI through its notification dated June 11, 2021 bearing reference number RBI/2021-22/53 DoS.CO. PPG.SEC/03/11.01.005/2021-22. Under the RBIA Guidelines, Applicable HFCs are required to implement the RBIA framework by June 30, 2022.

The RBIA Guidelines, inter alia, are intended to enhance the efficacy of internal audit systems and contribute to the overall improvement of governance, risk management and control processes followed by the Applicable HFCs. Under the RBIA Guidelines, the board of directors of the Applicable HFC must approve a policy clearly documenting the purpose, authority, and responsibility of the internal audit activity, with a clear demarcation of the role and expectations from risk management function and the RBIA function. It is also mandated that the policy be reviewed periodically, and that the internal audit function not to be outsourced. Further, the RBIA Guidelines also require that the risk assessment of business and other functions of Applicable HFCs should be conducted at least on an annual basis

Reserve Bank of India (Prudential Framework for Resolution of Stressed Assets) Directions 2019 dated June 7, 2019 (“Prudential Framework”)

The Prudential Framework mandates that in cases where a resolution plan is to be implemented, all lenders shall enter into an inter-creditor agreement, within thirty days from default (“Review Period”), to provide for ground rules for finalization and implementation of the resolution plan in respect of borrowers with credit facilities from more than one lender.

Due to the impact of Covid-19, the RBI vide circular RBI/2019-20/219 DOR.No.BP.BC.62/21.04.048/2019-20 dated April 17, 2020, decided to extend the resolution timelines under the Prudential Framework, which were further extended by the RBI vide circular RBI/2019-20/245 DOR.No.BP.BC.72/21.04.048/2019-20 dated May 23, 2020 in the following manner:

- i. for accounts which were within the Review Period as on March 1, 2020, the period from March 1, 2020 to August 31, 2020 shall be excluded from the calculation of the 30-day timeline for the Review Period. In respect of all such accounts, the residual Review Period shall resume from September 1, 2020, upon expiry of which the lenders shall have the usual 180 days for resolution; and
- ii. for accounts where the Review Period was over, but the 180-day resolution period had not expired as on March 1, 2020, the timeline for resolution shall get extended by 180 days from the date on which the 180-day period was originally set to expire.

Further, the RBI through its 'Statement of Developmental and Regulatory Policies' dated August 6, 2020, stated that with the intent to facilitate revival of real sector activities and mitigate the impact on the ultimate borrowers, it has been decided to provide a separate resolution framework under the Prudential Framework to enable the lenders to implement a resolution plan in respect of eligible corporate exposures /accounts without change in ownership, and personal loans, while classifying such exposures as standard (as set out under the Prudential Framework) subject to specified conditions. The RBI has also issued a notification on August 6, 2020 titled 'Resolution Framework for COVID-19-related Stress' ("Covid-19 Resolution Framework"). Under the Covid-19 Resolution Framework, lending institutions are required to frame policies, as approved by their board of directors, for implementation of viable resolution plans for eligible borrowers pursuant to the Covid-19 Resolution Framework and ensure that the resolution plans under this facility are extended only to borrowers bearing stress on account of the COVID-19 pandemic. Exposures of housing finance companies where the account has been rescheduled after March 1, 2020 in terms of para 2(1)(zc)(ii) (which defines sub-standard assets) of the NHB Directions, are not eligible for a resolution plan under Covid-19 Resolution Framework, unless a resolution plan has been invoked by other lending institutions thereunder. However, from the date of Covid-19 Resolution Framework, any resolution plan necessitated on account of the economic fallout of Covid-19 pandemic, shall be undertaken only under the Covid-19 Resolution Framework.

Liquidity Risk Management Framework and Liquidity Coverage Ratio

Liquidity Risk Management Framework

Non-deposit taking NBFCs with an asset size of ₹ 100 crores and above and all deposit taking NBFCs and core investment companies are required to adhere to the liquidity risk management guidelines prescribed under the NBFC SBR Master Directions. The guidelines, inter alia, require the board of directors of the Applicable NBFC to formulate a liquidity risk management framework which ensures that the NBFC maintains sufficient liquidity. Such framework shall detail entity-level liquidity risk tolerance, funding strategies, prudential limits, system for measuring, assessing, and reporting/reviewing liquidity framework for stress testing, liquidity planning under alternative scenarios, nature and frequency of management reporting, and periodical review of assumptions used in liquidity projections.

Liquidity Coverage Ratio

All non-deposit taking NBFCs with asset size of ₹10,000 crores and above, and all deposit taking NBFCs irrespective of their asset size, are required to maintain a liquidity buffer in terms of liquidity coverage ratio which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient high quality liquid asset to survive any acute liquidity stress scenario lasting for 30 days. The stock of high-quality liquid asset to be maintained by the NBFCs is required to be a minimum of 100% of total net cash outflows over the next 30 calendar days.

KYC and AML

In terms of the provisions of the PMLA and the Prevention of Money Laundering (Maintenance of Records) Rules, 2005, HFCs are required to follow certain customer identification procedures while undertaking a transaction either by establishing an account based relationship or otherwise by monitoring their transactions. Further, pursuant to the amendment of the NHB Act by the Finance (No.2) Act, 2019, certain powers for regulation of HFCs were conferred upon RBI pursuant to which the Master Direction – Know Your Customer (KYC) Directions, 2016 are applicable on the HFC.

Regulation of excessive interest charged

The Reserve Bank HFC Directions require that the board of each NBFC shall adopt an interest rate model taking into account relevant factors such as cost of funds, margin and risk premium and determine the rate of interest to be charged for loans and advances. The NBFCs shall ensure that the rates of interest and the approach for gradation of risks shall be displayed on the Company's website or published in relevant newspapers.

RBI Guidelines for Appointment of Statutory Central Auditors ("SCAs")/Statutory Auditors ("SAs") of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs) dated April 27, 2021 ("RBI Auditors Guidelines")

The RBI Auditors Guidelines are applicable to commercial banks (excluding regional rural banks), urban co-operative banks and NBFCs (including HFCs) for FY 2021-22 and onwards in respect of appointment/ reappointment of SCAs/ SAs. As the

RBI Auditors Guidelines shall be implemented for the first time for urban co-operative banks and NBFCs from FY 2021-22, they shall have the flexibility to adopt the guidelines from second half of FY 2021-22 in order to ensure that there is no disruption.

While NBFCs, including HFCs, do not have to take prior approval of RBI for appointment of SCAs/ SAs, all NBFCs, including HFCs, need to inform RBI about the appointment of SCAs/ SAs for each year by way of a certificate within one month of such appointment. Further, the RBI Auditors Guidelines provide for, inter alia, the minimum and maximum number of SCAs/ SAs per entity, eligibility criteria for auditors, tenure and rotation, independence of auditors and professional standards of SCAs/ SAs. RBI Auditors Guidelines also provide for entities with asset size of ₹ 15,000 crore and above as at the end of previous year, the statutory audit should be conducted under joint audit of a minimum of two audit firms partnership firms/Limited Liability Partnerships (LLPs). All other Entities should appoint a minimum of one audit firm for conducting statutory audit. It shall be ensured that joint auditors of the Entity do not have any common partners and they are not under the same network of audit firms.

The Company shall have a first and paramount lien upon all the shares (other than fully paid-up shares) registered in the name of each member (whether solely or jointly with others) and upon the proceeds of sale thereof, for all monies (whether presently payable or not) called or payable at fixed time in respect of such shares, and no equitable interest in any shares shall be created except upon the footing and upon the condition that Articles 22 hereof is to have full effect. Any such lien shall extend to all dividends from time to time declared in respect of such shares. Unless otherwise agreed the registration of a transfer of shares shall operate as a waiver of the Company's lien, if any, on such shares.</p>	<p><i>Company to have lien on shares</i></p>
<p>40. For the purpose of enforcing such lien, The Board may sell the shares subject thereto in such manner as they think, fit, and for that purpose may cause to be issued a duplicate certificate in respect of such share and may authorise one of their member to execute a transfer thereof</p>	<p><i>As to enforcing lien by sale</i></p>

<p>on behalf of and in the name of such member. No sale shall be made until such period as aforesaid shall have arrived, and until notice in writing of the intention to sell shall have been served on such member or his representatives and default shall have been made by him on them in payment, fulfillment, or discharge of such debts, liabilities or engagements for fourteen days after such notice.</p>	
<p>41. The net proceeds of any such sale shall be received by the Company and applied in or towards payment of such part of the amount in respect of which the lien exists as is presently payable and the residue, If any, shall (subject to a like lien for sums not presently payable as existed upon the shares before the sale) be paid to the persons entitled to the shares at the date of the sale.</p>	<p><i>Application of proceeds of sale</i></p>
<p>FORFEITURE OF SHARES</p>	
<p>42. If any member fails to pay any call or installment of a call on or before the day appointed for the payment of the same or any such extension thereof as aforesaid, the Board may at any time thereafter, during such time as the call or installment remains unpaid, give notice to him requiring him to pay the same, together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.</p>	<p><i>If money payable on shares not paid notice to be given to member</i></p>
<p>43. The notice shall name a day (not being less than fourteen days from the date of the notice) and a place or places on and at which such call or installment and such interest thereon at such rate as the Directors shall determine from the day on which such call or installment ought to have been paid and expenses as aforesaid are to be paid. The notice shall also state that, In the event of the non-payment at or before the time and at the place appointed, The shares in respect of which the call was made or installment is payable, will be liable to be forfeited.</p>	<p><i>Form of notice</i></p>
<p>44. If the requirements of any such notice as aforesaid shall not be complied with every or any share in respect of which such notice has been given, may at any time thereafter before payment of all calls or installments, interest and expenses due in respect thereof, be forfeited by a resolution of the board to that effect. Such forfeiture shall include all dividends declared or any other monies payable in respect of the forfeited share and not actually paid before the forfeiture.</p>	<p><i>In defaults of payment shares to be forfeited</i></p>
<p>45. When any share shall have been so forfeited notice of the forfeiture shall be given to the member in whose name it stood immediately prior to the forfeiture, and any entry of the forfeiture, with the date thereof shall forthwith be made in the Register or Members, but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.</p>	<p><i>Notice of forfeiture to a member</i></p>
<p>46. Any share so forfeited shall be deemed to be the property of the Company, and may be sold, reallocated or otherwise disposed of, either to the original holder thereof or to any other person, upon such terms and in such manner as the Board shall think fit.</p>	<p><i>Forfeited share to be property of the Company and may be sold etc.</i></p>
<p>47. Any member whose shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company, on demand all calls, installments, interest and expenses owing upon or in respect of such shares at the time of the forfeiture, together with interest thereof from the time of the forfeiture until payment at such rate as the Board may determine and the Board may enforce the payment thereof, if it thinks fit.</p>	<p><i>Member still liable to pay money owing at time of for failure and interest.</i></p>
<p>48. The forfeiture of a share shall involve extinction at the time of the forfeiture, of all interest in and all claim and demands against the Company, In respect of the share and all other rights incidental to the shares, except only such of those rights by these Articles are expressly saved.</p>	<p><i>Effect of forfeiture</i></p>
<p>49. A declaration in writing that the declarant is a Director or Secretary of the Company and that a share in the Company has been duly forfeited in a accordance with these Articles on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the shares.</p>	<p><i>Evidence of forfeiture</i></p>
<p>50. Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some person to execute an instrument of Transfer of the shares sold and cause the purchaser's name to be entered in the Register in respect of the shares sold, and the purchaser shall not be bound to see regularity of the proceedings, or</p>	<p><i>Validity of sale under Articles 40 and 46</i></p>

<p>to the application of the purchase money and after his name has been entered in the Register in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be damages only and against the Company exclusively.</p>	
<p>51. Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate or certificates originally issued in respect of the relative shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting member) stand cancelled and become null and void and of no effect, and the Directors shall be entitled to issue a duplicate certificate or certificates in respect of the said shares to the person or person entitled thereto.</p>	<p><i>Cancellation of share certificates in respect of forfeited of shares</i></p>
<p>52. The board may at any time before any share so forfeited shall have been sold, re-allotted or otherwise disposed of, annual forfeiture thereof upon such conditions as it thinks fit.</p>	<p><i>Power to annual forfeiture</i></p>
<p>TRANSFER AND TRANSMISSION OF SHARES</p>	
<p>53. The Company shall keep a "Register of Transfers" and therein shall be fairly and distinctly entered particulars of every transfer or transmission of any share whether or not held in material form.</p>	<p><i>Register of Transfers</i></p>
<p>(Substituted by a special resolution passed at the A.G.M. held on 14th October, 1997)</p>	
<p>54. Shares in the Company may be transferred by an instrument in writing in the usual common form or in such other form as shall from time to time be approved by the Directors provided that if so required by the provisions of the Act, Such instrument of Transfer shall be in the form prescribed and shall be duly stamped and delivered to the Company within the prescribed period.</p>	<p><i>Form of transfer</i></p>
<p>(a) Nothing contained in the foregoing Article shall apply to transfer of security effected by the transferor and the transferee both of whom are entered as beneficial owners in the records of a Depository. (inserted by a special resolution passed at the A.G.M. held on 14th October, 1997)</p>	
<p>55. The instrument of Transfer duly stamped and executed by the transferor and the transferee shall be delivered to the Company in accordance with the provisions of the Act. The instrument of Transfer shall be accompanied by such evidence as the Board may require to prove the title of transferor and his right to transfer the shares and every registered instrument of Transfer shall remain in the custody of the Company until destroyed by order of the board. The transferor shall be deemed to be the holder of such shares until the name of the transferee shall have been entered in the Register of members in respect thereof. Before the registration of a transfer the certificate or certificates of the shares must be delivered to the Company.</p>	<p><i>Transfer form to be completed and presented to the company.</i></p>
<p>(a) In case of transfer of shares or other marketable securities where the Company has not issued any certificates and where such shares or securities are being held in electronic and fungible form, the provisions of the Depositories Act, shall apply.</p>

Independent Auditors' Review Report on Unaudited Consolidated Financial Results for the Quarter and half year ended 30 September, 2024 of Piramal Enterprises Limited ("the Holding Company" or "the Company") pursuant to the Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.

Review report to
The Board of Directors of
Piramal Enterprises Limited

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of **Piramal Enterprises Limited** ("the Holding Company" or "the Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), and its share of the profit/loss after tax and total comprehensive income/loss of its joint ventures and associates for the Quarter and half year ended 30 September, 2024 (the "Statement"), attached herewith, being submitted by the Holding Company pursuant to the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015, as amended (the "Listing Regulations") read with SEBI Circular No. CIR/CFD/CMD1/44/2019 dated 29 March 2019 (the "Circular").
2. This Statement which is the responsibility of the Holding Company's management and approved by the Holding Company's Board of Directors has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 ("Ind AS 34") "Interim Financial Reporting" prescribed under Section 133 of the Companies Act 2013 (the "Act") as amended, read with relevant rules issued thereunder, the circulars, guidelines and directions issued by the Reserve Bank of India ("the RBI") from time to time ("the RBI guidelines") and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

We also performed the procedures in accordance with Circular No. CIR/ CFD/ CMD1/ 44/ 2019 dated 29 March 2019 issued by SEBI under Regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the entities listed in Annexure 1.
5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 8 below, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard specified under Section 133 of the Companies Act 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 and Regulation 52 of listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Emphasis of Matter

6. Deferred Tax Assets

In case of one subsidiary, the Component auditors have drawn attention with respect to deferred tax assets as under:

“Deferred tax assets recognized to the extent of unadjusted tax losses and tax credit as at 30 September, 2024 based on the assessment of future taxable profit within the time period allowed under the applicable income tax laws which is dependent upon achievement business plan as considered in the underlying future business projections”. (Refer Note no. 13 to the accompanying consolidated financial results)

7. Principal business criteria

In case of one Subsidiary, the component auditors have drawn attention with respect to Principal business criteria as under:

“Board of Directors of the Company has approved conversion of the company from a Housing Finance Company (HFC) to Non-Banking Finance Company – Investment and Credit Company (NBFC-ICC) in its meeting dated 08 May 2024, consequent to company not meeting the regulatory requirement under paragraph 5.3 of Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 with respect to the Principal Business Criteria (‘PBC’) for HFCs. The company has submitted conversion application to the RBI during the month of May 2024”. (Refer Note no. 5(a) to the accompanying consolidated financial results)

Other Matters

8. We did not review the interim financial information of 5 subsidiaries included in the statement, whose financial information reflects total assets of Rs. 72,635.28 Crores as at 30 September, 2024, total revenue of Rs. 1,913.92 Crores and Rs. 3,712.14 Crores, total net profit after tax of Rs. 48.20 Crores and Rs. 160.45 Crores, total comprehensive Income of Rs. 148.32 Crores and Rs. 349.24 Crores for the quarter and half year ended 30 September, 2024 and cash flows (net outflow) of (Rs 570.12) Crores for the half year ended 30 September, 2024 as considered in the Statement. The statement also includes the Group's share of profit/(loss) after tax of (Rs. 17.72) Crores and (Rs. 24.35) Crores for the quarter and half year ended 30 September, 2024 and Total comprehensive Income of Rs. 57.79 Crores and Rs.56.85 Crores for quarter and half year ended 30 September, 2024 as considered in the Statement, in respect of 1 joint venture whose financial results have not been reviewed by us. The interim financial information of these subsidiaries and joint venture have been reviewed by other auditors whose reports have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above.
9. The Statement includes the interim financial information of 16 subsidiaries, which have not been reviewed or audited by their auditor, whose interim financial information reflect total assets of Rs. 461.49 Crores as at 30 September, 2024, total revenues of Rs. 6.99 Crores and Rs.14.12 Crores for the quarter and half year ended 30 September, 2024, total net profit/(loss) after tax of (Rs. 14.54) Crores and (Rs.36.82) Crores respectively for the quarter and half year ended 30 September, 2024, total comprehensive income/(loss) of (Rs. 14.51) Crores and (Rs.36.80) Crores respectively for the quarter and half year ended 30 September, 2024 and cash flows (net outflow) of (Rs. 56.01) Crores for the half year ended 30 September, 2024 as considered in the Statement. 5 (a) As per para 4.1.17 of Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 ('RBI Directions'), Piramal Capital & Housing Finance Limited ('PCHFL') was required to comply with Principal Business Criteria ('PBC') for Housing Finance Companies ('HFCs'). However, PCHFL could not fulfil the PBC criteria as on 31st March, 2024.

As per above referred RBI Directions, para 5.3, HFCs that were unable to fulfil the PBC criteria as on 31st March, 2024 were required to approach the Reserve Bank of India (RBI) for conversion of their Certificate of Registration from HFC to NBFC – Investment and Credit Companies ('NBFC-ICC'). In line with the above, the Board of Directors had approved the conversion of its Certificate of Registration from HFC to NBFC-ICC in its meeting dated 8th May, 2024 and PCHFL had submitted the application to the RBI as required under the said RBI Directions.

PCHFL has been advised by the National Housing Bank ('NHB'), to continue compliance with the Master Directions and other circulars issued by RBI as applicable to HFCs and submit all required returns to the National Housing Bank (NHB), till the receipt of new Certification of Registration as NBFC-ICC.

(b) The Board of Directors of the Company and PCHFL, at its respective meeting dated 8th May, 2024, approved the Composite Scheme of Arrangement amongst the Company, PCHFL and their respective shareholders and creditors under Sections 230 to 232 read with Section 52 and Section 66 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder ('Scheme'). The appointed date of the Scheme will be 1st April, 2024.

The proposed Scheme is subject to various approvals, including the approval from shareholders, creditors, the National Company Law Tribunal and other regulatory/statutory approvals, as may be applicable.

6 Other operating income mainly includes profit on sale of investments and recoveries made against loans / investments which were written off earlier.

7 (a) Based on review of internal and external factors, the Group had reassessed the assumptions, strategy and business model pertaining to its Real Estate fund management business. Accordingly, it had impaired the related goodwill amounting to ₹ 278.19 crores during the year ended 31st March, 2024 and has recorded the same under "Other expenses".

(b) In furtherance to the order of the Hon'ble the Delhi High Court in W.P.(CRL) 2555/2023 dated 5th September, 2023 and 20th September, 2023, Piramal Fund Management Private Limited, a wholly owned subsidiary, had agreed to refund/return the principal amounts to all investors of Indiareit Domestic Real Estate Strategy I ("Indiareit PMS") as a one-time payment without admission of any liability and without prejudice basis. Accordingly, a net exceptional loss of ₹ 63.91 crores was recognised in the statement of profit and loss during the year ended 31st March, 2024.

8 During the quarter ended 31st December, 2023, the Group had made regulatory provision of ₹ 3,539.80 crores in respect of its investments in Alternative Investment Funds (AIFs) pursuant to the RBI circular dated 19th December, 2023 and the same has been disclosed under exceptional items due to the nature and amount of provision. During the quarter ended 31st March, 2024, based on further clarifications vide RBI circular dated 27th March 2024 and on account of subsequent recoveries from AIFs, the Group had reversed amounts aggregating to ₹ 1,517.12 crores. The Management remains confident of full recovery of the balance AIF investment.

Further, during the half ended 30th September, 2024, the Group had received ₹180.64 crores from AIFs redemptions which has been disclosed under "Exceptional items".

Independent Auditors' Review Report on Unaudited Standalone Financial Results for the Quarter and Half Year Ended 30 September, 2024 of Piramal Enterprises Limited pursuant to the Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.

Review report to
**The Board of Directors of
Piramal Enterprises Limited**

1. We have reviewed the accompanying Statement of Unaudited Standalone Financial Results of Piramal Enterprises Limited ("the Company") for the quarter and half year ended 30 September, 2024 attached herewith (the "Statement") being submitted by the Company pursuant to the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations").
2. This Statement which is the responsibility of the Company's management and approved by the Company's Board of Directors has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 ("Ind AS 34") "Interim Financial Reporting" prescribed under Section 133 of the Companies Act 2013 ("the Act") as amended, read with relevant rules issued thereunder, the circulars, guidelines and directions issued by the Reserve Bank of India ("the RBI") from time to time ("the RBI guidelines") and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Act and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted and procedures performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with recognition and measurement principles laid down in the aforesaid Indian Accounting Standards specified under Section 133 of the Act, as amended read with relevant rules issued thereunder and other recognised accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Regulation 33 and Regulation 52 of listing Regulations including the manner in which it is to be disclosed, or that it contains any material misstatement.

11 Disclosure in terms of Regulation S2(4) of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 for the quarter and half year ended 30th September 2024 is attached as per Annexure 1.

12 (a) As per para 4.1.17 of Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 (RBI Directions), Piramal Capital & Housing Finance Limited (PCHFL) was required to comply with Principal Business Criteria (PBC) for Housing Finance Companies (HFCs). However, PCHFL could not fulfil the PBC criteria as on 31st March 2024.

As per above referred RBI Directions, para 5.3, HFCs that were unable to fulfil the PBC criteria as on 31st March 2024 were required to approach the Reserve Bank of India (RBI) for conversion of their Certificate of Registration from HFC to NBFC – Investment and Credit Companies (NBFC-ICC). In line with the above, the Board of Directors had approved the conversion of its Certificate of Registration from HFC to NBFC-ICC in its meeting dated 8th May 2024 and PCHFL had submitted the application to the RBI as required under the said RBI Directions.

PCHFL had been advised by the National Housing Bank (NHB), to continue compliance with the Master Directions and other circulars issued by RBI as applicable to HFCs and submit all required returns to the National Housing Bank (NHB), till the receipt of new Certification of Registration as NBFC-ICC.

(b) The Board of Directors of the Company and PCHFL, at its respective meeting dated 8th May 2024, approved the Composite Scheme of Arrangement ("Scheme") amongst the Company, PCHFL and their respective shareholders and creditors under Sections 230 to 232 read with Section 52 and Section 66 and other applicable provisions of the Companies Act, 2013 and the rules made thereunder ("Scheme"). The appointed date of the Scheme will be 1st April 2024.

The proposed Scheme is subject to various approvals, including the approval from shareholders, creditors, the National Company Law Tribunal and other regulatory/statutory approvals, as may be applicable.

13 Previous period figures have been regrouped/reclassified wherever necessary, to conform to current period classification.

INDEPENDENT AUDITORS' REPORT

To,
The Members of
Piramal Enterprises Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Piramal Enterprises Limited** (“the Holding Company”) and its subsidiaries (the Holding Company and its subsidiaries together referred to as “the Group”) which includes the Group’s share of profit /(loss) in its associate and joint ventures, which comprise the Consolidated Balance Sheet as at 31 March 2024, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Cash Flow Statement for the year then ended, and notes to the consolidated financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as the “consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements / financial information of the subsidiaries, associate and joint ventures referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2024 and their consolidated loss, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (“SA”)s specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditors’ responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group, its associates and joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us and audit evidence obtained by other auditors in terms of their reports referred to in “Other Matters” paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter: - Principal Business Criteria

In case of one material subsidiary incorporated in India, their auditors have drawn attention to matters as stated in Note 49 of the consolidated financial statements for the year ended March 31, 2024 which describes that the Board of Directors of the subsidiary has approved conversion of the subsidiary from a Housing Finance Company (HFC) to Non-Banking Financial Company–Investment and Credit Company (NBFC-ICC) in its meeting held on 08 May 2024, consequent to the subsidiary company not meeting the regulatory requirement prescribed under paragraph 5.3 of Non-Banking Financial Company – Housing Finance Company (Reserve Bank) Directions, 2021 (‘RBI Directions’) with respect to the Principal Business Criteria (‘PBC’) for HFCs. The subsidiary expects to submit the conversion application to the RBI along with necessary documents as required under the said RBI Directions in near future.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters.

Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Sr. No.	Key Audit Matters	Auditors' Response
1.	<p>Expected Credit Loss allowance on financial assets and Net loss on Derecognition of financial instruments under amortised cost category.</p> <p>Refer to accounting policies in Note 2 (A) (vii) to the consolidated financial statements; Impairment and net loss on derecognition of financial instruments under amortised cost category – Notes 37, 38 and 58(f) to the consolidated financial statements.</p>	
	<p>Under Ind AS 109, Financial Instruments, allowance for loan assets is determined using expected credit loss (ECL) estimation model. The estimation of ECL on financial instruments involves significant judgement and estimates. The key areas where we and component auditors identified greater levels of management judgement and therefore increased levels of audit focus in the Group's estimation of ECL are:</p> <ul style="list-style-type: none"> • The application of ECL model requires several data inputs, to calculate Probability of Default ("PDs"), Loss Given Default ("LGD") and Exposure at Default (EAD). Inherently judgmental inputs / model used to estimate ECL which involves determination of PD, LGD and EAD. • The PD and the LGD are the key drivers of estimation complexity in the ECL and as a result are considered as a significant judgmental aspect of the Group modelling approach. • Estimating Management overlay (including additional overlay) for economic uncertainty, forward-looking information, and macro-economic factors and impact of market risk for portfolio of real estate loans. • Qualitative adjustments are made by the Management to the results obtained from ECL models to address any identified impairment or emerging trends as well as risks not captured by models. These adjustments are inherently subjective and significant management judgement is involved in estimating these amounts. • In respect of purchased or originated credit impaired financial assets, cumulative changes, at the portfolio level, in lifetime expected credit losses since initial recognition are recognised as a loss allowance. Significant management judgement is applied to assess such changes. 	<p>Principal audit procedures followed by us and followed by auditors of one material subsidiary incorporated in India and as communicated to us:</p> <ul style="list-style-type: none"> ➤ Reviewed the Board approved loss allowance policy and verified the alignment of methodology adopted for computation of ECL that addresses the policies approved by the Board of Directors. ➤ Tested the design and operating effectiveness of the key controls over the completeness and accuracy of data, inputs and assumptions into the ECL Model. ➤ Evaluated whether the methodology applied by the Group is compliant with the requirements of the relevant accounting standards, RBI's master directions relating to Prudential norms on Income Recognition, Asset Classification and Provisioning pertaining to Advances and confirmed that the calculations are performed in accordance with the approved methodology and ECL amounts has been approved by the Management and the Audit committee. ➤ Tested on sample basis, key inputs, data and assumptions impacting ECL calculations to assess the completeness, accuracy and relevance of data and reasonableness of economic forecasts and model assumptions applied. ➤ Review of documents placed before the Sustainability and Risk Management Committee (SRMC) of the Board for management overlay. ➤ Tested the arithmetical accuracy of the computation of ECL provision performed on spreadsheets. ➤ Verified the adjustments to the output of the ECL model are consistent with the documented rationale and basis for such adjustments which has been approved by the Audit Committee of the Board of Directors.

	<ul style="list-style-type: none"> • Completeness and accuracy of the data from internal and external sources used in the Models. Qualitative and quantitative factors used in staging the loan assets. <p>Considering the significance of ECL to the overall consolidated financial statements and the degree of Management's estimates and judgements involved in this matter that requires significant auditors' attention. We along with component auditors have considered the expected credit loss allowance on financial assets to be a key audit matter.</p> <p>The disclosures regarding the Group's application of Ind AS 109 are key to explaining the key judgements and material inputs to the ECL and net loss on derecognition of financial instruments under amortised category. Further, disclosures to be provided as per RBI circulars in financial statements with regards to non-performing assets and provisions will also be an area of focus as these are related to an area of significant estimates.</p>	<ul style="list-style-type: none"> ➤ Assessed the appropriateness and adequacy of the related presentation and disclosures made in the standalone and consolidated financial statements in accordance with the applicable accounting standards and related RBI circulars and guidelines, as applicable. <p>Additionally, audit oversight procedures carried out by us over the work performed by the auditors of one material subsidiary incorporated in India consisted of:</p> <ul style="list-style-type: none"> ➤ Inquiring about the audit procedures performed by the component auditors ➤ Discussion with the Component's Management to understand the key assumptions (i.e., staging, EAD, PD and LGD rates) and other inputs, including macro-economic factors, used in the computation of ECL provision. ➤ Discussions with the component auditors on their evaluation of events up to the date of the audit report and obtaining communication in this regard.
<p>2.</p>	<p>Information Technology (IT) systems and controls impacting financial reporting.</p>	
	<p>The key audit matter provided below is as communicated by the auditors of one material subsidiary incorporated in India:</p> <p>The IT environment of the material subsidiary is complex and involves a number of independent and interdependent IT systems used in the operations of the subsidiary for processing and recording a large volume of transactions. As a result, there is a high degree of reliance and dependency on such IT systems for the financial reporting process of the subsidiary.</p> <p>Appropriate IT general controls and IT application controls are required to ensure that such IT systems are able to process the data as required, completely, accurately, and consistently for reliable financial reporting.</p> <p>Identification of certain key IT systems ("in-scope" IT systems) which have an impact on the financial reporting process and the related control testing as a key audit matter because of the high level of automation, significant number of systems being used by the subsidiary for processing financial transactions, the complexity of the IT architecture and its impact.</p>	<p>This matter is in respect of the, a material subsidiary incorporated in India. We have used the work of Component Auditors. The Component Auditors have reported that they have performed the following procedures.</p> <ul style="list-style-type: none"> ➤ In assessing the controls over the IT systems of the subsidiary, component auditors have involved their technology specialists to obtain an understanding of the IT environment, IT infrastructure and IT systems. Component auditors have evaluated and tested relevant IT general controls and IT application controls of the 'in-scope' IT systems identified as relevant for their audit of the standalone financial statements and financial reporting process of the subsidiary. ➤ On such 'in-scope' IT systems, Component auditors have tested key IT general controls with respect to the following domains: <ol style="list-style-type: none"> a. User access management which includes user access provisioning, de-provisioning, access review, password management, sensitive access rights and segregation of duties to ensure that privilege access to applications, operating system and databases in the production environment were granted only to authorized personnel. b. Program change management which includes controls on moving program changes to production environment as per defined procedures and with relevant segregation of environments. <p>Other areas that were assessed under the IT control environment included backup management, incident management, batch processing and interfaces.</p>

		<ul style="list-style-type: none"> ➤ Component auditors have also evaluated the design and tested the operating effectiveness of key IT application controls within key business processes, which included testing automated calculations, automated accounting procedures, system interfaces, system reconciliation controls and key system generated reports, as applicable. ➤ Where control deficiencies were identified, component auditors have tested compensating controls or performed alternative audit procedures, where necessary. ➤ We have inquired with the component auditor's team to understand the nature, timing and extent of their audit procedures.
3	<p>Recoverability of Deferred tax assets Refer to accounting policies in Note 2(A)(xiv) & 2(B)(viii) to the consolidated financial statements; refer Note 59 to the consolidated financial statements.</p>	
	<p>The key audit matter provided below is as communicated by the auditors of one material subsidiary incorporated in India:</p> <p>The deferred tax assets have been recognised on the basis of the assessment of availability of sufficient future taxable profits to utilise such unadjusted tax losses and tax credits within the time period allowed under the Income Tax Act, 1961, which is based on forecast of business projections. Such financial projections are inherently subjective and depend on various factors including future market and economic conditions, which involve significant management judgement and estimation. Any change in aforesaid assumptions could have a material impact on the carrying value of the deferred tax assets.</p> <p>Owing to the materiality of the balances, complexities and significant estimates and judgements involved as described above, component auditors have considered recoverability of deferred tax assets to be a key audit matter.</p>	<p>This matter is in respect of the, a material subsidiary incorporated in India. We have used the work of Component Auditors. The Component Auditors have reported that they have performed the following procedures</p> <p>Component auditors' audit on recoverability of deferred tax assets included, but was not limited to, the following procedures:</p> <ul style="list-style-type: none"> ➤ Obtained an understanding of the management's process and evaluated the design and tested the operating effectiveness of internal controls with respect to recognition and assessment of recoverability of the deferred tax assets; ➤ Evaluated the appropriateness of the accounting policy adopted by the Subsidiary in respect of recognition of deferred tax assets in accordance with Ind AS 12, Income Tax; ➤ Assessed the reasonableness of the period of projections used in the deferred tax asset recoverability assessment in accordance with the time period allowed under the applicable tax laws with respect to utilisation of the said tax losses against future taxable profits; ➤ Obtained the business projections of future taxable profits estimated by the management and critically reviewed the key assumptions used therein, including future growth rates and relevant economic and industry estimates, based on our understanding of the business and market factors; ➤ Traced the financial projections to approved business plans and assessed efficacy of management's process for financial projection's basis past business performance; ➤ Tested the arithmetical accuracy of the computation of future taxable profits including assessed the impact of estimation uncertainty basis the sensitivity analysis performed by the management on the projections; and

		<ul style="list-style-type: none"> ➤ Assessed the appropriateness and adequacy of the disclosures in accordance with the applicable accounting standards. ➤ We have inquired with the component auditor's team to understand the nature, timing and extent of their audit procedures.
4.	<p>Determination of fair value for the purpose of measurement of certain financial assets measured at fair value and for the purpose of impairment assessment of investments in joint venture or associate companies measured at cost, investment in Alternative Investment Fund (AIF), goodwill and investment property measured at cost:</p> <p>Refer to Accounting policies in Notes 2(A) (iv), (v)(b), (vi), (vii) and (xxi) to the consolidated financial statements; Investment measured at fair value, net gain on fair value changes and other operating income – Notes 8, 30 and 36 to the consolidated financial statements; Assets classified as held for sale– Note 73 to the consolidated financial statements; Goodwill – Note 51 to the consolidated financial statements; Investment property – Note 12 to the consolidated financial statements; Fair value disclosures – Note 60 to the consolidated financial statements.</p>	
	<p>The Holding Company's investments in unquoted instruments (other than investment in joint ventures and associate) are measured at fair value at each reporting date and these fair value measurements significantly impact the Holding Company's financial performance. Further, certain investments in AIF are subjected to RBI Regulations. The Holding Company's investments in joint ventures and associate and investment property are measured at cost less provision for impairment, if any. Goodwill is tested for impairment at least annually. Investments in assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell.</p> <p>The valuation for the purpose of measurement and impairment assessment requires significant judgement because of quoted prices being unavailable and limited liquidity.</p> <p>The disclosures regarding the Holding Company's fair value estimation are key to explaining the key estimation and judgements including material inputs to the estimated valuation figures.</p>	<p>We have performed the following audit procedures:</p> <ul style="list-style-type: none"> ➤ Understood the process, evaluating the design and testing the operating effectiveness of such controls in respect of valuation of investments by management. ➤ Evaluated management's controls over collation of relevant information used for determining estimates for valuation and impairment testing of investments. ➤ Tested appropriate implementation of policy of valuation and impairment testing by management. ➤ Reconciled the financial information mentioned in fair valuation and impairment testing to underlying source details. ➤ Obtained & verified the independent valuation reports of unquoted investments and investment property obtained by company's management. ➤ Tested the reasonableness of management's estimates considered in such assessment. ➤ Assessed the competence, capabilities and objectivity of the experts used by management in the process of valuation models. ➤ Assessed the Holding Company's application of and compliance with regulatory requirements with respect to investment in AIFs. ➤ Assessed the factual accuracy conclusion reached by the management and appropriateness of the disclosures made in the consolidated financial statements

Information other than the consolidated financial statements and auditors' report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board Report including annexures thereon but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries, of its associate and joint ventures audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the consolidated financial statements

The Holding Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and the consolidated cash flows of the Group including its associate and joint ventures in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India.

The respective Management and Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate and joint ventures are responsible for overseeing the financial reporting process of the Group and of its associate and joint ventures.

Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associate and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters

- a) We did not audit the financial statements of 18 subsidiaries whose financial statements reflect total assets of Rs. 69,476.00 crores, total revenues of Rs. 7,335.42 crores, and net cash inflows amounting to Rs. 38.79 crores for the year ended 31 March 2024, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of profit/(loss) of Rs. 6.84 crores and total comprehensive income of Rs. 80.04 crores for the year ended 31 March, 2024, as considered in the consolidated financial statements, in respect of 2 joint ventures, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and the joint venture, and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and the joint venture is based solely on the reports of the other auditors and the procedure performed by us as stated under Auditors' Responsibilities for the audit of consolidated financial statements section above.

- b) We did not audit the financial information of 5 subsidiaries, whose financial information reflects total assets of Rs. 88.90 crores as at 31 March, 2024, total revenues of Rs. 2.96 crores, total net profit/(loss) after tax of Rs. (6.58) crores, total comprehensive income/(loss) of Rs. (5.22) crores and net cash outflows amounting to Rs. (17.95) crores for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of Rs. 146.89 crores and total comprehensive income of Rs. 146.89 crores for the year ended 31 March, 2024, as considered in the consolidated financial statements, in respect of 1 associate and 5 joint ventures, whose financial information have not been audited by us. This financial information is unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, joint ventures and associate, is based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, this financial information is not material to the Group.
- c) The following other matter paragraph is given by a component auditor of Pramerica Life Insurance Limited ('PLIL'), vide their report dated 30 April 2024 on the financials results of PLIL, the Joint Venture of a subsidiary company of the Holding Company, which is reproduced as under:
- The actuarial valuation of liabilities for life policies in force is the responsibility of the company's appointed actuary ("the Appointed Actuary"). The actuarial valuation of liabilities for policies in force as at 31 March 2024 has been duly certified by the Appointed Actuary. The Appointed Actuary has also certified that the assumptions for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory and Development Authority of India (IRDAI) and the Institute of Actuaries of India in concurrence with IRDAI. We have relied upon the Appointed Actuary's certificate in this regard.
 - The valuation of liability of embedded derivatives in insurance contracts as at 31 March 2024 has been duly certified by the Appointed Actuary. We have relied upon the Appointed Actuary's certificate in this regard.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect to a) to c) of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial information certified by the Management.

Report on other Legal and Regulatory requirements

1. (A) As required by Section 143(3) of the Act, based on our audit and on the consideration of reports of the other auditors on the separate financial statements/financial information of the subsidiaries, associate and joint ventures referred to in the Other Matters section above we report, to the extent applicable, that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors except for the matters stated in paragraph 1(B)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended)
- (c) The Consolidated balance sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associate and joint ventures; (Refer Note 44 to the consolidated financial statements)
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts, as detailed in Note 44 to the consolidated financial statements;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiaries, associate and joint venture, which are incorporated in India, during the year ended 31 March 2024;
 - iv. (a) The respective Managements of the Holding Company, its subsidiary companies, joint ventures and associate companies which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and the other auditors of such subsidiaries, joint venture and associate respectively that, to the best of their knowledge and belief as disclosed in Note 76 of the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries, joint venture and associate companies to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the holding Company or any of such subsidiaries, joint venture and associate companies ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The respective Managements of the Holding Company, its subsidiaries, joint venture and associate companies, which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and the other auditors of such subsidiaries, joint venture and associate companies respectively that, to the best of their knowledge and belief as disclosed in Note 76 of the consolidated financial statements, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or any of such subsidiaries, joint venture and associate companies from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries, joint venture and associate companies shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and those performed by the auditors of subsidiaries, joint venture and associate companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- (v) As stated in note 74 of the consolidated financial statements, the Board of Directors of the Holding Company has proposed dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in compliance with Section 123 of the Act.

The dividend declared or paid by the Holding Company, a subsidiary, associates and a joint venture during the year is in accordance with Section 123 of the Act, as applicable.

- (vi) Based on our examination which included test checks, and as communicated by the respective auditor of subsidiaries, joint venture and associate companies which are companies incorporated in India whose financial statements have been audited under the Act, except for instances mentioned below, the Holding Company, subsidiaries, joint venture and associate companies have used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software. Further, during the course of our audit we and respective auditors of the above referred subsidiaries and joint venture did not come across any instance of audit trail feature being tampered with, other than the consequential impact of the exception given below.

- (a) In case of one material subsidiary company incorporated in India, as communicated by the auditors of such material subsidiary company,

- i. the audit trail feature was not enabled at the database level for ten accounting software to log any direct data changes, used for maintenance of all accounting records by the material subsidiary company.
- ii. With respect to accounting software used for maintenance of customer documentation of the material subsidiary company operated by a third-party service provider:
 - In the absence of 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ('Type 2 report') for the month April 2023 and for the period 1 Nov 2023 to 31 March 2024 for the accounting software used for maintenance of customer documentation of the Subsidiary Company is operated by a third-party service provider, component auditors are unable to comment on whether audit trail feature at the database level of the said software was enabled and operated for the said period.
 - Further, for the period 1 May 2023 to 31 October 2023 the 'Independent Service Auditor's Assurance Report on the Description of Controls, their Design and Operating Effectiveness' ('Type 2 report' issued in accordance with ISAE 3000 (Revised), Assurance Engagements Other than Audits or Reviews of Historical Financial Information)' does not provide sufficient audit evidence on audit trail (edit logs) for any direct changes made at the database level. Accordingly, component auditors are unable to comment on whether audit trail feature with respect to the database of the said software was operated throughout the year.

- (b) In case of one subsidiary company incorporated in India, as communicated by the auditor of such subsidiary company, the feature of recording audit trail (edit log) facility of the accounting software not enabled for the period 1 April 2023 to 18 March 2024.

- (c) In case of one subsidiary company incorporated in India, as communicated by the auditor of such subsidiary company, the feature of recording audit trail (edit log) facility of the accounting software not enabled for the period 1 April 2023 to 13 October 2023.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/"the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and by the auditors of respective companies included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Holding Company, and based on the identification of matters of qualifications or adverse remarks in their CARO reports by the respective component auditors and provided to us, we report that in respect of those companies where audits have been completed under section 143 of the Act, did not include any unfavorable answers or qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements.

ANNEXURE A TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1A(g) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2024, we have audited the internal financial controls with reference to consolidated financial statements of Piramal Enterprises Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, associate company and joint ventures companies which are incorporated in India.

Management and Board of Directors' responsibility for internal financial controls

The respective Management and Board of Directors of the Holding Company, its subsidiary companies, its associate companies and joint ventures companies, which are the companies incorporated in India are responsible for establishing and maintaining internal financial controls with reference to the financial statements based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding Company, its subsidiary companies, its associate companies and joint ventures, which are the companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors by the other auditors of the subsidiary companies, associate companies and joint ventures, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to Consolidated Financial Statements of the Company, its subsidiary companies, its associate companies and joint ventures, which are the companies incorporated in India.

Meaning of internal financial controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with the authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on consideration of reporting of the other auditors as mentioned in the Other Matters paragraph below, the Company, its subsidiary companies, its associate company and joint venture companies; which are the companies incorporated in India have broadly, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March 2024, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements, insofar as it relates to, audited 15 subsidiary companies and 1 joint venture company, incorporated in India, is based on the corresponding reports of the other auditors and, insofar as it relates to, unaudited 1 associate company and 2 joint venture companies, incorporated in India, is based on representation received from the management (also refer Other Matters paragraphs "a" and "b" of the Independent Auditors' Report above).

Our opinion is not modified in respect of the above matter.

1. (A) Corporate Information

Piramal Enterprises Limited ('the Holding Company' or 'PEL'), incorporated in India, is a public limited Company, headquartered in Mumbai. On 26 July 2022, the Holding Company received Certificate of Registration from the Reserve Bank of India (RBI) to carry on the business of Non-Banking Financial Institution -Systematically Important Non-Deposit taking. Further the Holding Company has a wholly owned subsidiary Piramal Capital & Housing Finance Limited which is registered with National Housing Bank (NHB) under Section 29A of the National Housing Bank Act, 1987. The Group is engaged in providing finance. The equity shares of Holding Company are listed on the National Stock Exchange of India Limited ("NSE") and the BSE Limited ("BSE") in India.

The Holding Company's registered office is at Piramal Ananta, Agastya Corporate Park, Opposite Fire Brigade, Kamani Junction, LBS Marg, Kurla (West), Mumbai – 400 070.

PEL Group is a leading diversified NBFC with presence across retail lending, wholesale lending, and fund-based platforms. It has built a technology platform driven by artificial intelligence (AI), with innovative financial solutions that cater to the needs of varied industry verticals.

In retail lending, Group is one of the leading players that addresses the diverse financing needs of the under-served and unserved people of the 'Bharat' market. It offers multiple products, including home loans, loan against property, used car loans, small business loans to Indian budget conscious customers at the periphery of metros and in Tier I, II and III cities.

Within wholesale lending, Group provides financing to real estate developers, as well as corporate clients in select sectors. PEL has also formed strategic partnerships with leading financial institutions such as CPPIB, APG and Ivanhoe Cambridge (CDPQ) across various investment platforms. Piramal Alternatives, the fund management business, provides customised financing solutions to high-quality corporates through – 'Performing Credit Fund', a sector-agnostic Credit fund with capital commitment from CDPQ; and 'IndiaRF', a distressed asset investing platform with Bain Capital Credit, which invests in equity and/or debt across sectors.

(B) Basis of preparation

Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other relevant provisions of the Act., the Master Direction – Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 ("the NBFC Master Directions"), notification for Implementation of Indian Accounting Standards issued by RBI vide circular RBI/2019-20/170 DOR(NBFC).CC.PD. No.109/22.10.106/2019-20 dated 13 March 2020 ('RBI notification for Implementation of Ind AS') and other applicable RBI circulars/notifications.

The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and the Consolidated Statement of Changes in Equity are prepared and presented in the format prescribed in the Division III of Schedule III to the Companies Act, 2013 (the "Act"). The Consolidated Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The Consolidated Balance Sheet, Consolidated Statement of Profit and Loss, Consolidated Statement of Cash Flow, Consolidated Statement of Changes in Equity, summary of the significant accounting policies and other explanatory information are together referred as the "Consolidated financial statements" of the Holding Company.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

The consolidated financial statements are presented in Indian Rupee (₹), which is also the functional currency of the Holding Company, in denomination of crore with rounding off to two decimals as permitted by Schedule III to the Act.

Historical Cost convention

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments and plan assets of defined benefit plans, which are measured at fair value. The consolidated financial statements are prepared on a going concern basis as the Management is satisfied that the Holding Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption.

New Ind AS standards applicable for the first time in current financial year had no impact on the Group's financial statements.

Definition of Accounting Estimates - Amendments to Ind AS 8: The amendments to Ind AS 8 clarify the distinction between changes in accounting estimates, changes in accounting policies and the correction of errors. They also clarify how entities use measurement techniques and inputs to develop accounting estimates. The amendments had no impact on the consolidated financial statements.

Disclosure of Accounting Policies - Amendments to Ind AS 1: The amendments to Ind AS 1 provided guidance and examples to help entities apply materiality judgements to accounting policy disclosures. The amendments aim to help entities provide accounting policy disclosures that are more useful by replacing the requirement for entities to disclose their 'significant' accounting policies with a requirement to disclose their 'material' accounting policies and adding guidance on how entities apply the concept of materiality in making decisions about accounting policy disclosures. The amendments have had an impact on the Group's disclosures of accounting policies, but not on the measurement, recognition or presentation of any items in the consolidated financial statements.

Deferred Tax related to Assets and Liabilities arising from a Single Transaction – Amendments to Ind AS 12: The amendments to Ind AS 12 Income Tax narrow the scope of the initial recognition exception, so that it no longer applies to transactions that give rise to equal taxable and deductible temporary differences such as leases and decommissioning liabilities. The amendments had no impact on the consolidated financial statements.

2 (A) Material Accounting Policy Information

The material accounting policy information related to preparation of the financial statements have been discussed below.

(i) Principles of consolidation and equity accounting

(a) Subsidiaries:

Subsidiaries are all entities (including Structured entities) over which the Group has control. Control is achieved when the Group has power over the investee, is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to use its power to affect its returns. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intergroup transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

(b) Associates:

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies. Investments in associates are accounted for using the equity method of accounting (see below), after initially being recognised at cost. Wherever necessary, adjustments are made to financial statements of associates to bring there accounting policies in line with those used by the other members of Group.

(c) Joint Arrangements:

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement.

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities relating to the arrangement.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement.

Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Group recognises its direct right to the assets, liabilities, revenues and expenses of joint operations and its share of any jointly held or incurred assets, liabilities, revenues and expenses. These have been incorporated in the financial statements under the appropriate headings.

Interests in joint ventures are accounted for using the equity method (see below), after initially being recognised at cost in the consolidated balance sheet.

(d) Equity method:

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of post acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates or joint ventures are recognised as a reduction in the carrying amount of the investment.

Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities.

Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

The carrying amount of equity accounted investments are tested for impairment.

The Group does not apply equity method of accounting to associates that meet the criteria to be classified as held for sale under Ind AS 105. Such investments in associates are accounted for using the requirements of Ind AS 105 until disposal of the investment. Refer (iv) below for accounting policies with respect to Assets held for sale.

(e) Changes in ownership interests

The group treats transactions with non-controlling interests that do not result in loss of control as transactions with equity owners of the group. A change in the ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

(ii) Business Combinations

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for the acquisition of a subsidiary comprises the:

- fair values of the assets transferred;
- liabilities incurred to the former owners of the acquired business;
- equity interests issued by the group; and
- fair value of any asset or liability resulting from a contingent consideration arrangement.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date. The group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

Acquisition-related costs are expensed as incurred.

The excess of the

- consideration transferred;
- amount of any non-controlling interest in the acquired entity, and
- acquisition-date fair value of any previous equity interest in the acquired entity

Over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of the net identifiable assets of the business acquired, the difference is recognised in other comprehensive income and accumulated in equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. In other cases, the bargain purchase gain is recognised directly in equity as capital reserve.

Where settlement of any part of cash consideration is deferred, the amounts payable in the future are discounted to their present value as at the date of exchange. The discount rate used is the entity's incremental borrowing rate, being the rate at which a similar borrowing could be obtained from an independent financier under comparable terms and conditions.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

Common control transactions

Business combinations involving entities that are controlled by the group are accounted for using the pooling of interests method as follows:

- 1) The assets and liabilities of the combining entities are reflected at their carrying amounts.
- 2) No adjustments are made to reflect fair values, or recognise any new assets or liabilities. Adjustments are only made to harmonise accounting
- 3) The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statements of the transferee or is adjusted against general reserve.
- 4) The identity of the reserves are preserved and the reserves of the transferor become the reserves of the transferee.
- 5) The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve and is presented separately from other capital reserves.
- 6) The financial information in the financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of combination. However, where the business combination had occurred after that date, the prior period information is restated only from that date.
- 7) The Group presents a third balance sheet as at the beginning of the preceding period in addition to the minimum comparative financial statements, if it applies accounting policies retrospectively, makes retrospective restatement of items in its financial statements or reclassifies items in its financial statements and the same has material impact on the third balance sheet.

(iii) Property, Plant and Equipment

All items of Property Plant & Equipment (other than freehold land except for fair valued assets on business combination (Refer note 70) are stated at cost of acquisition, less accumulated depreciation and accumulated impairment losses, if any. Freehold Land is carried at historical cost. Direct costs are capitalised until the assets are ready for use and includes freight, duties, taxes and expenses incidental to acquisition and installation.

The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the statement of profit and loss during the reporting period in which they are incurred. Subsequent expenditures related to an item of Property Plant & Equipment are added to its carrying value only when it is probable that the future economic benefits from the asset will flow to the Group and cost can be reliably measured. Losses arising from the retirement of, and gains or losses arising from disposal of Property, Plant and Equipment are recognised in the Statement of Profit and Loss.

Depreciation is provided on a pro rata basis on the straight line method ('SLM') over the estimated useful lives of the assets specified in Schedule II of the Companies Act, 2013 on the basis of technical evaluation, which are as follows:

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

The estimated useful lives of Property, Plant & Equipment are as stated below:

Asset Class	Useful life
Buildings*	3 years - 60 years
Plant & Equipment	3 - 20 years
Office Equipment	3 years - 15 years
Motor Vehicles #	4 - 8 years
Furniture & fixtures	3 - 15 years

For vehicles given to employee as a perquisite and forming the part of their employment, amortisation is done basis the employment agreement which may vary between 3 to 5 years.

(iv) Assets held for sale

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Assets held for sale are measured at the lower of carrying amount or fair value less costs to sell. The determination of fair value less costs to sell includes use of management estimates and assumptions. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense. The fair value of the assets held for sale has been estimated using valuation techniques (including income and market approach) which includes unobservable inputs. Non-current assets and Disposal Group that ceases to be classified as held for sale shall be measured at the lower of carrying amount before the non-current asset and Disposal Group was classified as held for sale and its recoverable amount at the date of the subsequent decision not to sell.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset or disposal group is available for immediate sale in its present condition. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the plan to sell the asset and the sale expected to be completed within one year from the date of the classification. An extension of the period required to complete a sale does not preclude the non-current asset or Disposal group from being classified as held for sale if the delay is caused by events or circumstances beyond the Group's control and there is sufficient evidence that the management remains committed to its plan to sell the asset or disposal group.

Assets and liabilities classified as held for sale are presented separately as current items in the balance sheet.

(v) Intangible Assets

Intangible assets except for fair valued assets on business combination (Refer note 70) are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the disposal proceeds and the carrying amount of the asset and are recognised as income or expense in the Statement of Profit and Loss.

Goodwill on acquisition is included in intangible assets. Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Goodwill is carried at cost less accumulated impairment losses.:

Intangible Assets with finite useful lives are amortized on a straight line basis over the following period:

Asset Class	Useful life
Computer Software (including acquired database)	3-6 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Self generated software:

The Group recognises internally generated intangible assets when it is certain that the future economic benefit attributable to the use of such intangible assets are probable to flow to the Group and the expenditure incurred for development of such intangible assets can be measured reliably. The cost of an internally generated intangible asset comprises all directly attributable costs necessary to create, produce, and prepare the asset to be capable of operating in the manner intended by the Group. The intangible assets including those internally generated are amortised using the straight line method over a period of five years, which is the Management's estimate of its useful life. The useful lives of intangible assets are reviewed at each financial year end and adjusted prospectively, if appropriate

(vi) Impairment of Assets

The Group assesses at each Balance Sheet date whether there is any indication that an asset may be impaired. For the purposes of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets, is considered as a cash generating unit. If any such indication exists, the Group estimates the recoverable amount of the asset.

The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date, there is an indication that a previously assessed impairment loss no longer exists or may have decreased, the recoverable amount is reassessed and the asset is reflected at the recoverable amount.

(vii) Financial instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Investments and Other Financial assets

Classification:

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the group classifies its debt instruments:

Amortised cost:

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method. Subsequently, these are measured at amortised cost using the Effective Interest Method less any impairment losses.

Effective interest rate method:

Income is recognised on an effective interest rate basis for financial assets other than those financial assets classified as at FVTPL. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

The Group calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When calculating the effective interest rate for financial instruments other than purchased or originated credit-impaired ('POCI') assets, the Group estimates future cash flows considering all contractual terms of the financial instrument, but not ECL. For purchased or originated credit-impaired financial assets, a credit-adjusted effective interest rate is calculated using estimated future cash flows including ECL.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset other than purchase or originated credit impaired are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortized through Interest income in the statement of profit and loss. In respect of purchased or originated credit impaired assets, such positive or negative adjustment to the carrying amount of the asset is reflected through change in lifetime ECL since initial recognition. Favourable changes in lifetime ECL are recognised as an impairment gain, even if the favourable changes are more than the amount, if any, previously recognised in profit or loss account as impairment losses.

The Group calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

For financial assets that were credit-impaired on initial recognition, interest income is calculated by applying the credit-adjusted effective interest rate to the amortised cost of the asset. The calculation of interest income does not revert to a gross basis, even if the credit risk of the asset improves.

The Group considers only DSA cost while calculating interest income for retail loans by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. Since the processing fees income collected from the customers approximately equates to the corresponding file cost incurred, the same is not considered for EIR computation.

Evaluation of Business Model

Classification and measurement of financial instruments depends on the results of the solely payments of principal and interest on the principal amount outstanding ("SPPI") and the business model test. The Company determines the business model at a level that reflects how the Company's financial instruments are managed together to achieve a business objective. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those instruments.

Fair value through other comprehensive income (FVTOCI):

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL):

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

Investments in Alternative Investment Funds (AIF)

Investment in AIF units are classified as investments at fair value through profit and loss. Pursuant to the requirements of RBI circular dated 19 December 2023 read with clarifications dated 27 March 2024, the Group is in the process of liquidating these investments. The Group has measured the AIF investments that are covered under the said RBI circular/clarification net of regulatory provision equivalent to the carrying amount of the investments . There is no subsequent remeasurement of the fair value of the covered AIF investments. Subsequent realisation/ recoveries from the investments are recognised as deduction from the investments with a corresponding reversal of regulatory provision. Excess realisation/ recoveries arising from the disposal of the investments is recognised as gain under 'Net gain on fair value changes' in statement of profit and loss.

Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Dividends from such investments are recognised in profit or loss when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the consolidated statement of profit and loss.

Securitization and direct assignment

The Group transfers loans through securitisation and direct assignment transactions. The transferred loans are derecognised and gains/losses are accounted for, only if the Group transfers substantially all risks and rewards specified in the underlying assigned loan contract.

In accordance with Ind AS 109, in case of assignment transactions with complete transfer of risks and rewards without any retention of residual interest, gain arising on such assignment transactions is recorded upfront in the Statement of Profit and Loss and the corresponding asset is derecognized from the Balance Sheet immediately upon execution of such transaction. Further, the transfer of financial assets qualifies for derecognition in its entirety, the whole of the interest spread at its present value (discounted over the life of the asset) is recognized on the date of derecognition itself as interest only strip receivable (interest strip on assignment) and correspondingly recognized as profit on derecognition of financial asset.

Impairment of financial assets

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, loan commitments, trade receivables and other contractual rights to receive cash or other financial asset.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss ("ECL") allowance for trade receivables, the Group has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

In case of other than trade receivables, the expected credit loss is a product of exposure at default, probability of default and loss given default. The Group has devised an internal model to evaluate the probability of default and loss given default based on the parameters set out in Ind AS 109. Accordingly, the financial instruments are classified into Stage 1 – Standard Assets with zero to thirty days past due (DPD), Stage 2 – Significant Credit Deterioration or overdue between 31 to 90 days and Stage 3 – Default Assets with overdue for more than 90 days. The Group also takes into account the below qualitative parameters in determining the increase in credit risk for the financial assets:

Piramal Enterprises Limited

Notes to the consolidated financial statements (Continued)

For the year ended 31 March 2024

(Currency : ₹ in crores, unless otherwise stated)

- 1) Significant negative deviation in the business plan of the borrower
- 2) Internal rating downgrade for the borrower or the project
- 3) Current and expected financial performance of the borrower
- 4) Need for refinance of loan due to change in cash flow of the project
- 5) Significant decrease in the value of collateral
- 6) Change in market conditions and industry trends

For recognition of impairment loss on other financial assets and risk exposure (including off Balance Sheet commitments), the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

Default Assets wherein the management does not expect any realistic prospect of recovery are written off to the Statement of Profit and Loss.

Retail lending:

The Group uses ECL allowance for financial assets measured at amortised cost, which are not individually significant, and comprise of a large number of homogeneous loans that have similar characteristics. The expected credit loss is a product of exposure at default, probability of default and loss given default. Due to lack of 5-year internal PD/LGD data, the Group uses external PD/LGD data from credit bureau agency (TransUnion for Mar-22) for potential credit losses. Further, the estimates from the above sources have been adjusted with forward looking inputs from anticipated change in future macro-economic conditions to comply with IndAS 109. The forward looking macro-economic conditions based adjustment is driven through a multi linear regression model which forecasts systemic gross non-performing assets under baseline future economic scenarios.

Foreign exchange gains and losses

The fair value of financial assets denominated in a foreign currency is determined in that foreign currency and translated at the spot rate at the end of each reporting period. For foreign currency denominated financial assets measured at amortised cost and FVTPL, the exchange differences are recognised in profit or loss except for those which are designated as hedging instruments in a hedging relationship.

Derecognition of financial assets

A financial asset is derecognised only when:

- The Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Sale of Financial assets measured at Amortised Cost:

Entity reclassifies financial assets if the entity changes its business model for managing those financial assets. Such changes are expected to be very infrequent. Such changes are determined by the entity's senior management as a result of external or internal changes and must be significant to the entity's operations and demonstrable to external parties. Accordingly, a change in an entity's business model will occur only when an entity either begins or ceases to perform an activity that is significant to its operations;

The Group may occasionally sale portfolio classified under amortised pool for liquidity management, recovery management in case of stressed pool or for any specific regulatory compliance which will not lead to change in business model.

Further, if the sales are infrequent or insignificant in value, the sale of amortised cost pool will also not lead to Change in Business Model.

Financial liabilities and equity instruments

Classification as debt or equity

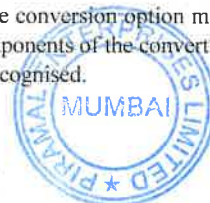

Debt and equity instruments issued by a Group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity Instrument

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued are recognised at the proceeds received, net of direct issue costs.

Compulsorily Convertible Debenture

Convertible instruments are separated into liability and equity components based on the terms of the contract. On issuance of the convertible debentures, the fair value of the liability component is determined using a market rate for an equivalent non-convertible instrument. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption. The remainder of the proceeds is allocated to the conversion option that is recognised and included in equity since conversion option meets Ind AS 32 criteria for fixed to fixed classification. Transaction costs are apportioned between the liability and equity components of the convertible debentures based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

(Currency : ₹ in crores, unless otherwise stated)

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Group as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

Effective Interest Rate Method

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Financial Guarantee Contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Group are initially measured at their fair values and are subsequently measured at the higher of:

- the amount of the loss allowance determined in accordance with Ind AS 109; and
- the amount initially recognised less, where appropriate, cumulative amortisation recognised in accordance with the revenue recognition policies.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability.

Derivatives and hedging activities

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged and the type of hedge relationship designated.

(i) Cash flow hedges that qualify for hedge accounting:

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, within other gains/(losses).

(ii) Derivatives that are not designated as hedges:

The group enters into certain derivative contracts to hedge risks which are not designated as hedges. Such contracts are accounted for at fair value through profit or loss.

Offsetting Financial Instruments

Financial Assets and Liabilities are offset and the net amount is reflected in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or counterparty.

(viii) Employee Benefits

Post-employment obligations

The Group operates the following post-employment schemes:

- Defined Contribution plans such as provident fund, superannuation, pension, employee state insurance scheme and other social security schemes in overseas jurisdictions
- Defined Benefit plans such as provident fund and Gratuity, Pension fund (in case of a subsidiary)

In case of Provident fund, contributions are made to a Trust administered by the Group, except in case of certain employees, where the Contributions are made to the Regional Provident Fund Office.

Defined Contribution Plans

The Group's contribution to provident fund (in case of contributions to the Regional Provident Fund office), pension and employee state insurance scheme and other social security schemes in overseas jurisdictions are considered as defined contribution plans, as the Group does not carry any further obligations apart from the contributions made on a monthly basis and are charged as an expense based on the amount of contribution required to be made.

Defined Benefit Plan

The liability or asset recognised in the balance sheet in respect of defined benefit provident and gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

Except in case of an overseas subsidiary, the present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

In case of an overseas subsidiary, where pension is classified as a Defined Benefit Scheme, assets are measured using market values and liabilities are measured using a Projected Unit Credit method and discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which benefits will be paid, and that have terms approximating to the terms of the related obligation. Shortfall, if any, is provided for in the financial statements.

Remeasurement gains and losses arising from experience adjustments, changes in actuarial assumptions and return on plan assets (excluding interest income) are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the condensed statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in condensed statement of profit or loss as past service cost.

Bonus Plans - The Group recognises a liability and an expense for bonuses. The group recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

(ix) Provisions and Contingent Liabilities

Provisions are recognised when there is a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material). The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

(x) Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable.

Interest income

Interest income is recognised in Statement of profit and loss using the effective interest method for all financial instruments measured at amortised cost, debt instruments measured at FVOCI and debt instruments designated at FVTPL. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

The calculation of the effective interest rate includes transaction costs and fees that are an integral part of the contract. Transaction costs include incremental costs that are directly attributable to the acquisition of financial asset.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is recorded as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through interest income in the Statement of profit and loss.

The Group calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets.

When a financial asset becomes credit-impaired, the Group calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the default is cured and the financial asset is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis.

Penal / Default interest income is booked on receipt basis.

Fees and commission income

Fee based income are recognised when they become measurable and when it is probable to expect their ultimate collection.

Commission and brokerage income earned for the services rendered are recognised as and when they are due.

Loan processing fees income is accounted for on effective interest basis except for processing fees income collected from the customers which approximates to the corresponding file cost incurred. Arranger fees income is accounted for on accrual basis.

Net gain / (loss) on fair value changes

The Group designates certain financial assets for subsequent measurement at fair value through profit or loss (FVTPL) or fair value through other comprehensive income (FVOCI) as per the criteria in Ind AS 109. The Group recognises gains / (losses) on fair value change of financial assets measured at FVTPL and realised gains / (losses) on derecognition of financial asset measured at FVTPL and FVOCI on net basis.

Sale of Services:

In contracts involving the rendering of services/development contracts, revenue is recognised at the point in time in which services are rendered. In case of fixed price contracts, the customer pays a fixed amount based on the payment schedule. If the services rendered by the Group exceed the payment, a Contract asset (Unbilled Revenue) is recognised. If the payments exceed the services rendered, a contract liability (Deferred Revenue) is recognised.

If the contracts involve time-based billing, revenue is recognised in the amount to which the Group has a right to invoice.

Dividend Income:

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

(xi) Foreign Currency Transactions

In preparing the financial statements of each individual Group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations that have a functional currency other than presentation currency i.e. Indian Rupees are translated using exchange rates prevailing at the reporting date. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognized in other comprehensive income and held in foreign currency translation reserve (FCTR), a component of equity, except to the extent that the translation difference is allocated to non-controlling interest. When a foreign operation is disposed off, the relevant amount recognized in FCTR is transferred to the statement of income as part of the profit or loss on disposal. Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the exchange rate prevailing at the reporting date.

Foreign currency differences arising from translation of intergroup receivables or payables relating to foreign operations, the settlement of which is neither planned nor likely in the foreseeable future, are considered to form part of net investment in foreign operation and are recognized in FCTR.

(xii) Exceptional Items

When items of income and expense within statement of profit or loss from ordinary activities are of such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period, the nature and amount of such items is disclosed separately as Exceptional items.

(xiii) Leases

The Group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using incremental borrowing rate. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The Group recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in statement of profit and loss.

The Group has elected not to apply the requirements of Ind AS 116. Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

Piramal Enterprises Limited

Notes to the consolidated financial statements (Continued)

For the year ended 31 March 2024

(Currency : ₹ in crores, unless otherwise stated)

The following is the summary of practical expedients elected on initial application:

1. Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date
 2. Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
 3. Applied the practical expedient to grandfather the assessment of which transactions are leases.
- Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

(xiv) Taxes on Income

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where the group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

(xv) Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents includes cash on hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in the consolidated balance sheet.

(xvi) Borrowing Costs

Borrowing costs directly attributable to acquisition or construction of qualifying assets (i.e. those fixed assets which necessarily take a substantial period of time to get ready for their intended use) are capitalised.

Borrowing costs include interest expense calculated using the EIR method. EIR includes interest, amortization of ancillary cost, incurred in connection with the borrowing of funds. Other borrowing costs are recognised as an expense in the period in which they are incurred.

(xvii) Segment Reporting

In accordance with Ind AS 108, Segment Reporting, the Chief Executive Officer and Managing Director is the Group's chief operating decision maker ("CODM"). The Group has identified only one reportable business segment & geographical segment as it deals mainly in lending business within India.

(xviii) Dividends

The Group recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the Companies Act, 2013 a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in other equity.

(xix) Investment property

Investment property is property held either to earn rental income or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the production or supply of goods or services or for administrative purposes. Investment property includes property, plant and equipment attached to the investment property which can not be physically removed and used separately from the investment property without incurring significant cost, or significant diminution in utility or fair value to either asset.

Upon initial recognition, an investment property is measured at cost. Cost of a investment property comprises its purchase price and any directly attributable expenditure, including transaction costs. Subsequent to initial recognition, investment property (other than property represented by the Group's interest in underlying land) is measured at cost less accumulated depreciation and accumulated impairment losses, if any. An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from the disposal. Any gain or loss on disposal of an investment property is recognised in statement of profit or loss.

(xx) Statement of Cash Flows

Cash flows are reported using indirect method as permitted under Ind AS 7, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Cash receipt and payment for borrowings in which the turnover is quick, the amounts are large, and the maturities are short are defined as short term borrowings and shown on net basis in the statement of cash flows. Such items include commercial papers, debt securities, cash credit, overdraft facility, working capital demand loan and triparty repo dealing and settlement. All other borrowings are terms as long term borrowings. Cash flows from deposits are shown on net basis as permitted under Ind AS 7.

Cash flows arising from interest paid and interest and dividends received are classified as cash flows arising from operating activities as permitted under Ind AS 7, since the Group is predominantly into financial services business.

(xxi) Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the financial year beginning from 1 April 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

2 (B) Critical Accounting Judgements And Key Sources Of Estimation Uncertainties

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialise.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected. The Group uses the following critical accounting judgements, estimates and assumptions in preparation of its financial statements:

I. Significant judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements.

i. Impairment losses on financial assets

In determining the expected credit losses, the Group makes the following judgments See Note 58(f) for further details.

- Significant increase in credit risk (SICR)

In assessing whether a significant increase in credit risk (SICR) has occurred for an exposure since initial recognition, the Group considers both quantitative and qualitative information and analysis. In doing so, the Group makes judgements about the appropriate indicators used as SICR triggers. The triggers that the Group has determined as appropriate include the 30-day backstop, movement in PD and other qualitative factors, such as moving a customer/facility to the watch list, or the account becoming forborne.

- Multiple economic scenarios

The Group in its measurement of ECL makes judgements about the type and number of macroeconomic scenarios in order to reflect the Group's exposure to credit risk.

ii. Fair Value

Significant judgement is exercised in the classification of fair value instruments as Level 3 as the valuation of such instruments is driven by significant unobservable inputs. The Group considers an instrument to be classified as valued using significant unobservable inputs where more than 10% of the instrument's valuation is determined by unobservable inputs.

iii. Assessment of Business Combination or Asset Acquisition

The requirements of Ind AS 103 Business Combinations apply to a transaction in which assets acquired and liabilities assumed constitute a business. Paragraphs B7A and B7B of Ind AS 103 allow an optional concentration test to perform simplified assessment of whether acquired set of activities and assets is not a business. The consequence of the test is that if the concentration test is met, the set of activities and assets is determined not to be a business and no further assessment is needed.

During the year ended 31 March 2024, the Group acquired commercial properties which were leased out to various licensees. Majority of the asset acquired is investment property. Based on the assessment performed, management determined that substantially all of the fair value of the gross assets acquired is concentrated in investment property. Accordingly, the acquisition of the commercial property has been accounted for an acquisition of group of assets not constituting a business and requirements of Ind AS 103 for business combination accounting has not been applied. The purchase consideration was allocated to the individual identifiable assets acquired and liabilities assumed were identified and recognised on the basis of their relative fair values at the date of acquisition. Refer Note 63 for details.

II. Significant estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(iv) Expected Credit Loss Impairment and Net Loss arising on Derecognition of financial asset:

The measurement of impairment losses under Ind AS 109 across all categories of financial assets in scope requires assumptions, in particular, in the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the variable inputs and their interdependencies. Elements of the ECL calculation that involve assumptions include:

- The weights assigned to parameters in the scorecards used for calculation of PD and LGD
- In addition to the judgements outlined above with regards to SICR triggers, there is also an assessment of qualitative criteria to determine if there has been a significant increase in credit risk. These supplementary factors (such as sectorial approaches), result in significant assumptions
- Selection of macroeconomic variables to derive the economic inputs into the ECL model
- Additional ECL provision (including management overlay) used in circumstances where management judges that the existing inputs, assumptions and model techniques do not capture all the risk factors relevant to the Group's lending portfolios.

It has been the Group's policy to regularly review its model in the context of actual loss experience, macro economical factors and adjust when necessary.

Loans and investments debt instruments are written off when the Group has no reasonable expectations of recovering the financial asset (either in its entirety or a portion of it). This involves the Management's assessment of whether the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Refer to Note 58(f) for further details.

(v) Estimation of uncertainty relating to current macro economic scenario

In assessing the recoverability of loans, investments and investment property, the Group has considered internal and external sources of information, including credit reports, economic forecasts and industry reports up to the date of approval of these standalone financial statements. The Group has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the carrying amount of these assets represent the Group's best estimate of the recoverable amounts. As a result of the macro economic uncertainties, the impact may be different from those estimated as on the date of approval of these financial statements and the Group will continue to monitor any changes to the future economic conditions.

(vi) Fair Valuation:

Certain financial assets of the Group are measured at fair value for financial reporting purposes. In estimating the fair value of an asset and a liability, the Group uses market observable data to the extent it is available. When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. In such cases, the Group usually engages third party qualified external valuer to establish the appropriate valuation techniques and inputs to the valuation model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements include considerations of inputs such as, liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of assets. Further, information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note 60.

(vii) Impairment loss in Investments and investment property carried at cost:

The Group conducts impairment reviews of investments in subsidiaries/ associates/ joint arrangements and Investment property, whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. Impairment exists when the carrying value of an asset exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based valuation techniques based on available data for similar assets or observable market prices less incremental costs of disposing of the asset. The recoverable amount is sensitive to the assumptions and inputs used for the fair valuation as well as the expected future cash-inflows used for valuation purposes. The key assumptions used to determine the recoverable amount are disclosed and further explained in Note 12.

(viii) Income taxes and Deferred Tax Asset

The Group uses estimates and judgements based on the relevant rulings in the areas of allocation of revenue, costs, allowances and disallowances which is exercised while determining the provision for income tax. A deferred tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised. Deferred tax assets are recognised in respect of tax losses to the extent that it is probable that future taxable profit will be available against which the tax losses can be utilised. Judgement is required to determine the amount of deferred tax assets that can be recognised, based on the likely timing and level of future taxable profits, together with future tax-planning strategies. Refer to Note 59 for further details.

(ix) Non-current assets held for sale and discontinued operations

Non-current assets (including disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable.

Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell. Non-current assets classified as held for sale are not depreciated or amortised from the date when they are classified as held for sale.

Non-current assets classified as held for sale and the assets and liabilities of a disposal group classified as held for sale are presented separately from the other assets and liabilities in the Standalone Balance Sheet.

A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and:

- represents a separate major line of business or geographical area of operations and;
- is part of a single co-ordinated plan to dispose of such a line of business or area of operations.

The results of discontinued operations are presented separately in the Statement of Profit and Loss.

The presentation and disclosures relating to the statement of profit and loss pertaining to discontinued operations by the end of the current period are re-presented in the financial statements. There is no reclassification or re-presentation of amounts presented for non-current assets or for the assets and liabilities of disposal groups classified as held for sale in the balance sheets for prior periods to reflect the classification in the balance sheet for the latest period presented. Refer to Note 73 for further details.

The Group has used a practical expedient by computing the expected credit loss allowance for External Trade Receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience, adjusted for forward looking information including the likelihood of increased credit risk. Based on external sources of information the group has concluded that the carrying amount of the trade receivables represent the Group's best estimate of the recoverable amounts'. The expected credit loss allowance is based on the ageing of the days the receivables are due and the Group's stated policy.

Piramal Enterprises Limited
Notes to the consolidated financial statements (Continued)
For the year ended 31 March 2024
(Currency : ₹ in crores, unless otherwise stated)

Under the valuation technique as mentioned above, fair value is estimated using assumptions regarding the benefits and liabilities of ownership over the asset's life including an exit or terminal value. This method involves the projection of a series of cash flows on a real property interest.

The duration of the cash flows and the specific timing of inflows and outflows are determined by events such as rent reviews, lease renewal and related re-letting, redevelopment, or refurbishment. The appropriate duration is typically driven by market behaviour that is a characteristic of the class of real property. Periodic cash flow is typically estimated as gross income less vacancy, non-recoverable expenses, collection losses, lease incentives, maintenance cost, agent and commission costs and other operating and management expenses. The series of periodic net operating income, along with an estimate of the terminal value anticipated at the end of the projection period, is then discounted.

Significant increases/ (decreases) in estimated rental value and rent growth per annum in isolation would result in a significantly higher/ (lower) fair value of the properties. Significant increases/ (decreases) in occupancy rate and discount rate/capitalisation rate in isolation would result in a significantly lower (higher) fair value.
