## RISKS TO INVESTORS

- Regulatory risk:** Our Company and our Joint Managing Directors, namely, Ankush Nijhawan and Gaurav Bhatnagar, have received a show cause notice from the Enforcement Directorate in respect of transactions carried out on our Company's portal by certain parties based outside India. In this regard, compounding applications were filed on October 17, 2023, subsequent to which the Reserve Bank of India ("RBI") has directed our Company to regularize the transactions set out above, by way of obtaining post facto approvals or unwinding the transactions. Our Company has submitted its application to obtain post facto approval from the RBI and is awaiting such approval in this respect. Therefore, we may be subject to regulatory actions and penalties/compounding fees for such non-compliance which may adversely impact our business, financial condition and reputation. In accordance with Section 13 of the FEMA, our Company may be liable to pay a penalty of up to thrice the sum involved in the contravention above, if such amount is quantifiable, however, in the event the compounding applications are admitted by the RBI, our Company and the Joint Managing Directors will be liable to pay up to a maximum estimated amount of ₹16.15 million for compounding of the transactions set out above, in accordance with the Master Direction-Compounding of Contraventions under FEMA, 1999 dated January 1, 2016, as amended, issued by the RBI. For details, see "Risk Factor 6" on page 34 of the RHP.
- Industry concentration risk:** Our revenue is substantially dependent on the hotels and ancillary bookings whose contribution has significantly increased from 35.69% of our revenue from operations for Fiscal 2021 to 67.83% for Fiscal 2023 and was 67.59% and 72.47%, respectively, for the nine months ended December 31, 2022 and December 31, 2023. In addition, all of our Gross Transaction Value ("GTV") is entirely dependent on our air and hotels and ancillary bookings in the last three Fiscals and in the nine months ended December 31, 2022 and December 31, 2023, respectively. Factors that may negatively impact our hotels and ancillary bookings could have an adverse effect on our business, prospects, results of operations and financial condition.
- Risk in relation to dependence on limited Suppliers:** Our business depends on our relationships with a limited range of Suppliers, and any adverse changes in such relationships, or our inability to enter into new relationships, could adversely affect our business and results of operations. The details of contribution by our top Supplier, top five Suppliers and top 10 Suppliers are set out below:

4. **Risk in relation to pricing of inventory by the Suppliers:** Our business is exposed to pricing pressure from our Suppliers who may withhold inventory or modify the terms of our arrangements, including for a reduction or elimination of commission, incentive or other compensation payable to us, which could adversely affect our business and results of operations.
5. **Risk in relation to secondary transaction in the Equity Shares below the Cap Price:** Our Cap Price of ₹ 200 is at a premium of 1.60 times to the price at which our existing shareholders, namely Augusta TBO and TBO Korea, have sold Equity Shares to General Atlantic in October 2023 and February 2024.
6. **Growth and competition risk:** If we are unable to continue to increase the number of Buyers and Suppliers using our platform such that (a) the Suppliers stop listing their offerings on our platform, we may be unable to maintain and grow our Buyers' traffic and conversely, if we are unable to maintain and grow our Buyers' traffic, our Suppliers may stop using our platform; (b) In the event our competitors expand their product offerings, Suppliers and Buyers may choose to use their platforms instead. Our customers may also choose not to list on external platforms and instead, rely on their own online platforms and change their sales and marketing models through technology and infrastructure investments, in which case our business and results of operations may be adversely affected.

8. **International market risk:** We derive a significant portion of GTV and revenue from operations from a limited number of markets outside India and any adverse developments in such markets could adversely affect our business and results of operations.
9. **Risk related to online payment methods:** We are subject to risks related to online payment methods which may affect our business, brand, results of operations and financial condition. 10. **Risk related to dependence on Material Subsidiary:** We derive a substantial portion of our revenue from operations from our Material Subsidiary, Tek Travels DMCC. Any events that impact the business of our Material Subsidiary, could adversely affect our business and results of operations. In Fiscal 2021, 2022 and 2023 and nine months ended December 31, 2022 and December 31, 2023, it contributed 32.82%, 47.57%, 62.29%, 62.97% and 67.46% of our overall revenue from operations, respectively.
11. **Objects related risk:** A portion of the Net Proceeds will be utilized towards achieving growth of our platform through marketing and promotional activities which may include incentivizing Buyers, search engine advertising optimisation and marketing on social media platforms, which may not deliver the expected results and may adversely affect our business.
