Risks to Investors:

- I. We have certain outstanding litigation against us, an adverse outcome of which may adversely affect our business, reputation and results of operations.

II. Our registered office from where we operate is not owned by us.

III. We have experienced negative cash flows from operations in the recent past, and we may have negative cash flows in the future.

IV. Our failure to perform in accordance with the standards prescribed in work order of our client could result in loss of business or compensation payment.

V. We are dependent on our Promoters, our senior management and other key personnel, and the loss of, or our inability to attract or retain, such persons could affect our business, results of operations, financial condition and cash flows.

VI. We derive majority of our revenue from Engineering & Consulting Work and any reduction in the demand of such services could have an adverse effect on our business, results of operations and financial conditions.

VII. Our business is operating under various laws which require us to obtain approvals from the concerned statutory/regulatory authorities in the ordinary course of business and our inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals for our business operations could materially and adversely affect our business, prospects, results of operations and financial condition.
- VIII. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

IX. We are dependent on the performance of industries in which our customers operate, particularly Renewable Energy (RE) industry especially power generated by our customers through wind mills, and fluctuations in the performance of such RE industries may result in a loss of such customers, a decrease in the volume of work we undertake or the price at which we offer our services.

X. Our business is entirely concentrated in, and dependent on, the Renewable Energy (RE) sector, which in general has many challenges and effective addressing of these risks are key to the growth of the sector. If risks in the RE sector generally are not managed effectively, our business and operations will be adversely affected.
