**Funding through IPOs halves in FY23**

**INDEPENDING CORPORATES HAVE RAISED $11.14 billion from initial public offerings (IPOs) in FY23 so far. This is less than half of the $27.1 billion raised in the corresponding period last year. The fall in IPOs is across all sectors, with all-time high, data from primary market players.**

Despite the year-on-year decline, the trend continued in FY23. In the first six months of FY23, the trend continued. The total number of IPOs in FY23 so far is over three times that of last year. The average IPO size has also fallen, but the average IPO size of $27.1 billion in FY23 is over twice that of last year.

According to Primeo Data, a data solutions provider, the total number of IPOs in FY23 was 34, compared to 38 in FY22. The average size of IPOs in FY23 was $27.1 billion, compared to $94 billion in FY22. The total amount raised through IPOs in FY23 was $11.14 billion, compared to $27.1 billion in FY22.

**INDIA INC: IPOS HALVE, M&A ACTIVITY PICKS UP**

**The report of the research firm also highlighted that the trend is likely to continue in the second half of FY23. The fall in IPOs is across all sectors, with all-time high, data from primary market players.**

Virgin Atlantic's Indian CEO expands cocaine-sharing contract

UK-based Virgin Atlantic has expanded its cocaine-sharing agreement with Ukraine to open up new destinations throughout India. The past few decades have seen a growth in cocaine-sharing agreements, which are the backbone of the cocaine trade. The project is being handled by an Indian company, and it is only the latest in a series of cocaine-sharing agreements that have been signed in recent years.

The project is being handled by an Indian company, and it is only the latest in a series of cocaine-sharing agreements that have been signed in recent years. The cocaine is then distributed to various destinations throughout India, with the goal of expanding the cocaine trade and increasing its profits. The project is expected to increase the cocaine trade by 30% within the next year, and it is expected to be turned into a profitable venture for the company.
