RISKS TO INVESTORS:

For details, refer to "Risk Factors" on page 34 of the RHP.

- No long term raw material supply agreements.** We do not have long term agreements for supply of our raw materials. If we are unable to procure raw materials of the required quality and quantity, at competitive prices, our business, results of operations and financial condition may be adversely affected. Majority of our raw materials are sourced from few key suppliers. Discontinuation of operations of such suppliers may adversely affect our ability to source raw materials at a competitive price. For quarter ended June 30, 2024, Fiscals 2024, 2023 and 2022, our total cost of material consumed was ₹ 5,476.21 million, ₹ 21,317.15 million, ₹ 23,349.10 million and ₹ 20,632.70 million representing 75.95%, 76.18%, 74.46% and 75.79% respectively, of our total expenses.
- Risk regarding inability to gauge demand and maintain optimal inventory.** If we are unable to gauge the demand of our products accurately and are unable to maintain an optimal level of inventory, our business, results of operations and financial condition may be adversely affected. As of June 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022, our inventory as a percentage of our current assets was 42.86%, 44.59%, 50.11% and 51.60%, respectively and our inventory turnover ratio (i.e., cost of goods sold divided by average inventory) during these period was 5.51 times, 5.28 times, 5.69 times and 5.45 times. Our inventory cycle (i.e., inventory turnover days) was 66 days, 69 days, 61 days and 80 days, during quarter ended June 30, 2024, Fiscals 2024, 2023 and 2022, respectively.
- Dependence on distributors.** Our relationship with our distributors is critical to our business. During quarter ended June 30, 2024, Fiscals 2024, 2023 and 2022, 96.55% 94.48%, 93.01%, 93.31%, respectively, of our total revenue from operations was attributable to our distributors. If we are unable to maintain successful relationships with our distributors, our business, results of operations and financial condition may be adversely affected. As on June 30, 2024, we had more than 925 distributors in 7 countries comprising 916 distributors in India, 2 distributors each in Argentina, Canada and Singapore, and 1 distributor each in Germany, Greece and Israel.
- Risk related to high working capital requirement.** Our Company has a high working capital requirement and if our Company is unable to raise sufficient working capital the operations of our Company will be adversely affected. We are in the advanced stages of commissioning a manufacturing facility in Wazirabad, Punjab through our Subsidiary, Sanathan Polycot Private Limited. Once this Subsidiary is operational, then it will also have to arrange for further funding for additional working capital requirement.
