The information in this Draft Placement Memorandum is not complete and may be changed. The Offer is meant only for Eligible Investors on a private placement basis and is not an offer to the public or to any other class of investors to subscribe to the Units. This Draft Placement Memorandum is not an offer to sell any Units and is not soliciting an offer to subscribe to or buy the Units in any jurisdiction where such offer, sale or subscription is not permitted. It is being issued for the sole purpose of information or discussion relating to the Units that may be allotted through the Final Placement Memorandum.

# TVS INFRASTRUCTURE TRUST

*(Settled in the Republic of India as a contributory, determinate and irrevocable trust set up under the Indian Trusts Act, 1882, in Mumbai, Maharashtra, India and registered as an infrastructure investment trust under the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 on April 22, 2024 having registration number IN/InvIT/24-25/0030*)

**Principal place of business and correspondence address**: 9th Floor (Part), Iconic Building, Urmi Estate, 95 Ganpatrao Kadam Marg, Lower Parel (West), Mumbai 400 013, Maharashtra, India

**Tel**: +91 22 4232 7000**; Compliance Officer**: Yogesh Bhargav; **Contact Person**: Nitin Aggarwal

**Email**: info@tvsinfratrust.com; compliance@tvsinfratrust.com; **Website**: www.tvsinfratrust.com

| | | |
|---|---|---|
| **Sponsor** | **Investment Manager** | **Trustee** |
| **TVS Industrial & Logistics Parks Private Limited** | **TVS Infrastructure Investment Manager Private Limited** | **Axis Trustee Services Limited** |

TVS Infrastructure Trust (the "**Trust**") is proposing an initial offer of up to [●] Units through a private placement at a price of ₹ [●] per Unit (the "**Offer Price**"), aggregating up to ₹ 13,000 million (the "**Offer**"). The Offer comprises a fresh issue of up to [●] Units, aggregating up to ₹ 10,500 million by the Trust (the "**Fresh Issue**") and an offer for sale of up to [●] Units aggregating up to ₹ 2,500 million by the Selling Unitholder (as defined herein) (the "**Offer for Sale**").

**THE OFFER, AND THE DISTRIBUTION OF THIS DRAFT PLACEMENT MEMORANDUM, IS BEING MADE ONLY TO THE ELIGIBLE INVESTORS IN RELIANCE UPON REGULATION 14(2) OF THE SECURITIES AND EXCHANGE BOARD OF INDIA (INFRASTRUCTURE INVESTMENT TRUSTS) REGULATIONS, 2014**

The Units are proposed to be listed on National Stock Exchange of India Limited ("**NSE**") (the "**Stock Exchange**"). In-principle approval for listing of the Units has been received from the NSE on [●]. NSE is the Designated Stock Exchange. Applications shall be made to the Stock Exchange for obtaining the final listing and trading approval for the Units to be Allotted pursuant to the Offer. The Stock Exchange assumes no responsibility for the correctness of any statements made, opinions expressed or reports contained herein. Admission of the Units to be Allotted pursuant to the Offer for trading on the Stock Exchange should not be taken as an indication of the merits of the Trust or of the Units.

A copy of this Draft Placement Memorandum has been delivered to the Securities and Exchange Board of India (the "**SEBI**") and the Stock Exchange and a copy of the Placement Memorandum and the Final Placement Memorandum will be delivered to SEBI and the Stock Exchange. This Draft Placement Memorandum has not been, and will not be, registered as a prospectus, will not be circulated or distributed to the public at large in India or any other jurisdiction, and will not constitute a public offer in India or any other jurisdiction.

This is an initial offer of Units by the Trust and an offer for sale by the Selling Unitholder, there is no pre-existing formal market for the Units. The Offer Price (determined and justified in accordance with the InvIT Regulations by the Investment Manager in consultation with the Lead Managers), should not be taken to be indicative of the market price of the Units, after the Units are listed. No assurance can be given regarding an active or sustained market for trading in the Units or regarding the price at which the Units will be traded after listing.

The Investment Manager, having made all reasonable inquiries confirms that this Draft Placement Memorandum contains all information with regard to the Trust, the Units and the Offer, which is material in the context of the Offer, that the information contained in this Draft Placement Memorandum is true, correct and adequate in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and have been reached after considering all relevant circumstances and are based on reasonable assumptions and information presently available with the Investment Manager and that there are no other facts, the omission of which makes this Draft Placement Memorandum as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect.

The Units have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws. Accordingly, the Units are being offered and sold outside the United States in "offshore transactions", as defined in and in reliance on Regulation S under the Securities Act ("**Regulation S**") and applicable laws of the jurisdictions where such offers and sales are made. The Units are transferrable only in accordance with the restrictions under the section entitled "*Selling and Transfer Restrictions"* on page 520 of this Draft Placement Memorandum.

**THIS DRAFT PLACEMENT MEMORANDUM IS PERSONAL TO EACH ELIGIBLE INVESTOR AND DOES NOT CONSTITUTE AN OFFER OR AN INVITATION OR SOLICITATION OF AN OFFER TO THE PUBLIC OR ANY OTHER PERSON OR CLASS OF INVESTORS WITHIN OR OUTSIDE INDIA. THIS DRAFT PLACEMENT MEMORANDUM HAS BEEN PREPARED BY THE TRUST SOLELY FOR PROVIDING INFORMATION IN CONNECTION WITH THE OFFER. YOU MAY NOT, AND ARE NOT AUTHORISED TO, (1) DELIVER THIS DRAFT PLACEMENT MEMORANDUM TO ANY OTHER PERSON; OR (2) REPRODUCE THIS DRAFT PLACEMENT MEMORANDUM IN ANY MANNER WHATSOEVER. ANY DISTRIBUTION OR REPRODUCTION OF THIS DRAFT PLACEMENT MEMORANDUM, IN WHOLE OR IN PART, IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS INSTRUCTION MAY RESULT IN A VIOLATION OF THE INVIT REGULATIONS, AND/OR OTHER APPLICABLE LAWS OF INDIA AND/OR OF OTHER JURISDICTIONS.**

**RISKS IN RELATION TO THE OFFER**

**INVESTMENTS IN UNITS INVOLVE RISKS AND ELIGIBLE INVESTORS SHOULD NOT INVEST ANY FUNDS IN THE OFFER UNLESS THEY CAN AFFORD TO TAKE THE RISK OF LOSING ALL OR PART OF THEIR INVESTMENT. FOR MAKING AN INVESTMENT DECISION, ELIGIBLE INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE TRUST, THE UNITS, THE OFFER AND THE PLACEMENT MEMORANDUM. ELIGIBLE INVESTORS ARE ADVISED TO CAREFULLY READ THIS DRAFT PLACEMENT MEMORANDUM, INCLUDING THE SECTIONS ENTITLED "RISK FACTORS" AND "RIGHTS OF UNITHOLDERS" ON PAGES 137 AND 526, RESPECTIVELY, BEFORE MAKING AN INVESTMENT DECISION. THE UNITS HAVE NOT BEEN RECOMMENDED OR APPROVED BY SEBI NOR DOES THE SEBI GUARANTEE THE ACCURACY OR ADEQUACY OF THE CONTENTS OF THIS DRAFT PLACEMENT MEMORANDUM. THE ELIGIBLE INVESTORS ARE ADVISED TO CONSULT THEIR OWN ADVISORS ABOUT THE CONSEQUENCES OF AN INVESTMENT IN THE UNITS BEING OFFERED PURSUANT TO THIS DRAFT PLACEMENT MEMORANDUM.**

**Unless a serially numbered Placement Memorandum along with an Application Form is addressed to a particular Eligible Investor, no invitation to offer shall be deemed to have been made to the Eligible Investor to make an offer to subscribe to Units on private placement basis pursuant to the Offer.** For further details, please see the section '*Offer Procedure*' on page 532. The distribution of this Draft Placement Memorandum, the Placement Memorandum and the Final Placement Memorandum, or the disclosure of its contents without the Trustee's or Investment Manager's prior consent to any person other than the Eligible Investors is unauthorised and prohibited. Each addressee, by accepting delivery of the Placement Memorandum, agrees to observe the foregoing restrictions and to make no copies of the Placement Memorandum or any documents referred to in the Placement Memorandum. The information on the websites of the Sponsor, Sponsor Group, Investment Manager, Project Manager, Lead Managers or the Trust, as applicable, any website directly or indirectly linked to such websites, or the website of the Trustee does not form part of this Draft Placement Memorandum and Eligible Investors should not and shall not be entitled to rely on such information contained in, or available through, any such websites.

## NOTICE TO THE ELIGIBLE INVESTORS

The statements contained in this Draft Placement Memorandum relating to the Trust and the Units are material, true, correct and adequate and not misleading in all material respects to enable investors to make an informed decision. The opinions and intentions expressed in this Draft Placement Memorandum with regard to the Trust and the Units are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions and information presently available with the Investment Manager, or the Sponsor, or both, as applicable. There are no other facts in relation to the Trust and the Units, the omission of which would, in the context of the Offer, make any statement in this Draft Placement Memorandum misleading in any material respect. Further, each of the Investment Manager, Trustee and the Sponsor, has made all reasonable enquiries to ascertain such facts and to verify the accuracy of all such information and statements disclosed in this Draft Placement Memorandum.

The Lead Managers have not separately verified all information (financial, legal or otherwise) contained in this Draft Placement Memorandum. Neither the Lead Managers nor any of their respective shareholders, employees, counsel, officers, directors, representatives, agents, associates or affiliates make any express or implied representation, warranty or undertaking and accept no responsibility or liability as to the accuracy or completeness of the information contained in this Draft Placement Memorandum or any other information supplied in connection with the Offer or the distribution of the Units, other than in relation to themselves. Each Eligible Investor receiving this Draft Placement Memorandum acknowledges that such person has neither relied on the Lead Managers, or any financial, legal or other advisors to the Sponsor nor any of its shareholders, employees, counsel, officers, directors, representatives, agents, associates or affiliates in connection with their investigation of the accuracy of such information or such person's investment decision. Each Eligible Investor must rely on its own examination of the Trust and the merits and risks involved in investing in the Units. The Eligible Investors should not construe the contents of this Draft Placement Memorandum as legal, tax, accounting or investment advice. Each Eligible Investor receiving this Draft Placement Memorandum acknowledges that in making an investment decision, they have relied solely on the information contained in this Draft Placement Memorandum, the Placement Memorandum and the Final Placement Memorandum and not on any other disclosure or representation by the Investment Manager, Sponsor, Trustee, the Lead Managers, the Selling Unitholder or any of their respective financial, legal or other advisors or other party. Nothing contained herein is, or may be relied upon as, a promise or representation as to the future performance of the Trust.

No person is authorized to give any information or to make any representation not contained in this Draft Placement Memorandum and any information or representation not so contained must not be relied upon as having been authorized by or on behalf of the Trust or by, or on behalf, of the Sponsor, the Investment Manager, the Selling Unitholder or the Lead Managers. The delivery of this Draft Placement Memorandum, at any time, does not imply that the information contained in it, is correct as of any time subsequent to its date. This Draft Placement Memorandum is personal to each Eligible Investor. This Draft Placement Memorandum shall not be relied upon by, and the Investment Manager, Sponsor, Selling Unitholder, Trustee and/or the Lead Managers shall not be liable to any subsequent acquirer, transferee or investor of the Units.

This Draft Placement Memorandum contains summaries of some terms of certain documents which are qualified in their entirety by the terms and conditions of those documents.

The distribution of this Draft Placement Memorandum or the disclosure of its contents to any person, other than the Eligible Investors to whom it is addressed and retained by the Eligible Investors to enable them to make a decision with respect to its subscription to the Units, is unauthorised and prohibited. Each Eligible Investor, by accepting delivery of this Draft Placement Memorandum agrees to observe the foregoing restrictions and make no copies of this Draft Placement Memorandum, the Placement Memorandum and the Final Placement Memorandum or any other material in connection with the Offer or the Units.

**Certain U.S. Matters**

**THE UNITS TO BE OFFERED PURSUANT TO THE OFFER HAVE NOT BEEN APPROVED, DISAPPROVED OR RECOMMENDED BY ANY REGULATORY AUTHORITY IN ANY JURISDICTION, INCLUDING THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION, ANY OTHER FEDERAL OR STATE AUTHORITIES IN THE UNITED STATES, THE SECURITIES AUTHORITIES OF ANY NON-UNITED STATES JURISDICTION OR ANY OTHER UNITED STATES OR NON-UNITED STATES REGULATORY AUTHORITY. NO AUTHORITY HAS PASSED ON OR ENDORSED THE MERITS OF THE OFFER OR THE ACCURACY OR ADEQUACY OF THIS DRAFT PLACEMENT MEMORANDUM. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES AND MAY BE A CRIMINAL OFFENCE IN OTHER JURISDICTIONS.**

The distribution of this Draft Placement Memorandum, the Placement Memorandum, the Final Placement Memorandum and the issue of the Units in certain jurisdictions may be restricted by law. As such, this Draft Placement Memorandum, the Placement Memorandum, the Final Placement Memorandum does not constitute, and may not be used for, or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. In particular, no action has been taken by the Investment Manager or the Lead Managers which would permit an issue of the Units in any jurisdiction other than India. Accordingly, the Units may not be offered or sold, directly or indirectly, and neither this Draft Placement Memorandum, the Placement Memorandum, the

Final Placement Memorandum nor any Offer materials in connection with the Units be distributed or published in or from any country or jurisdiction that would require registration of the Units in such country or jurisdiction.

The Units have not been and will not be registered under the Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws. Accordingly, the Units are being offered and sold outside the United States in "offshore transactions", as defined in and in reliance on Regulation S under the Securities Act and applicable laws of the jurisdictions where such offers and sales are made.

The Eligible Investors will be deemed to have made the representations, agreements and acknowledgments as described in the section entitled '*Notice to Eligible Investors – Representations by the Eligible Investors'* on page 2.

**Notice to Investors in certain other jurisdictions**

The distribution of this Draft Placement Memorandum, the Placement Memorandum, the Final Placement Memorandum and the issue of the Units in certain jurisdictions may be restricted by law. As such, this Draft Placement Memorandum, the Placement Memorandum and the Final Placement Memorandum do not constitute, and may not be used for, or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation. In particular, no action has been taken by the Investment Manager or the Lead Managers which would permit an issue of the Units in any jurisdiction other than India. Accordingly, the Units may not be offered or sold, directly or indirectly, and neither this Draft Placement Memorandum, the Placement Memorandum, the Final Placement Memorandum nor any Offer materials in connection with the Units be distributed or published in or from any country or jurisdiction that would require registration of the Units in such country or jurisdiction. Each purchaser of the Units in this Offer will be deemed to have made acknowledgments and agreements as described under this section and the section entitled "*Selling and Transfer Restrictions"* on page 520.

**THE VALUE OF THE UNITS AND THE INCOME DERIVED FROM THEM MAY FLUCTUATE, THE UNITS ARE NOT OBLIGATIONS OF, DEPOSITS IN, OR GUARANTEED BY THE TRUST, THE TRUSTEE, THE SPONSORS, THE INVESTMENT MANAGER, THE LEAD MANAGERS, THE SELLING UNITHOLDER OR ANY OF THEIR RESPECTIVE SHAREHOLDERS, EMPLOYEES, COUNSEL, OFFICERS, DIRECTORS, REPRESENTATIVES, AGENTS, ASSOCIATES OR AFFILIATES. AN INVESTMENT IN THE UNITS IS SUBJECT TO INVESTMENT RISKS, INCLUDING THE POSSIBLE LOSS OF THE PRINCIPAL AMOUNT INVESTED, FURTHER, LISTING OF THE UNITS ON THE STOCK EXCHANGE DOES NOT GUARANTEE A LIQUID MARKET FOR THE UNITS. INVESTORS HAVE NO RIGHT TO REQUEST THE TRUST, THE TRUSTEE, THE SPONSOR, THE SELLING UNITHOLDER OR THE INVESTMENT MANAGER OR ANY OF THEIR RESPECTIVE SHAREHOLDERS, EMPLOYEES, COUNSEL, OFFICERS, DIRECTORS, REPRESENTATIVES, AGENTS, ASSOCIATES OR AFFILIATES TO REDEEM THEIR UNITS WHILE THE UNITS ARE LISTED, UNLESS OTHERWISE PERMITTED BY APPLICABLE LAW. THE PERFORMANCE OF ANY OF THE LISTED UNITS OF THE TRUST IS NOT NECESSARILY INDICATIVE OF THE FUTURE PERFORMANCE OF THE UNITS OF THE TRUST.**

**Representations by the Eligible Investors**

References herein to "you" or "your" is to the Eligible Investors in the Offer.

By purchasing, or subscribing to the Units pursuant to the Offer, you are deemed to have represented to the Trustee, the Investment Manager, the Sponsor, the Selling Unitholder and the Lead Managers, and you acknowledge and agree as follows:

1. You are an "institutional investor" as defined in Regulation 2(1)(ya) of the InvIT Regulations or a "body corporate" as defined under Regulation 2(1)(d) of the InvIT Regulations and are eligible under applicable laws and regulations;

2. You are permitted to acquire the Units under the laws of all applicable jurisdiction and that you have necessary capacity and authority, and have obtained all necessary consents and authorisations to enable you to commit to this participation in the Offer and to perform your obligations in relation thereto (including, without limitation, on behalf of any person on whose behalf you are acting, all necessary consents and authorisations to agree to the terms set out or referred to in this Draft Placement Memorandum, the Placement Memorandum and the Final Placement Memorandum) and honour such obligations;

3. You undertake to (i) hold, manage or dispose of any Units that are allotted to you in accordance with the InvIT Regulations and all other applicable laws; and (ii) to comply with all requirements under applicable law in relation to reporting obligations, if any, in this relation;

4. You have been provided a serially numbered copy of the Placement Memorandum and will be deemed to have read the Placement Memorandum in its entirety, including, in particular, the section entitled "*Risk Factors*" on page 137;

5. You will make all necessary filings and reporting, in relation to the Offer and your investment in Units, with appropriate governmental, statutory or regulatory authorities, including the RBI, as may be required, in accordance with applicable law in your respective jurisdiction;

6. You agree to provide on request in a timely manner, and consent to the use and disclosure (including to any taxation or other regulatory authorities) of, any information or documentation in relation to yourself and, if and to the extent required, the direct or indirect beneficial ownership of your Units (if any), as may be necessary for the Trust (or the Trustee and its agents) and the Investment Manager to comply with any regulatory obligations and/or appropriate withholding of taxes in accordance with the IT Act or other penalties under FATCA, the CRS or other similar exchange of tax information regimes, as maybe applicable. You acknowledge and agree that you shall have no claim against the Trust (or the Trustee and its agents) and the Investment Manager for any losses suffered by you (including in relation to the direct or indirect beneficial ownership of your Units (if any)) as a result of such use by or disclosure of such information or documentation to, any relevant regulatory, governmental or statutory authority;

7. You are aware that the Units have not been, and will not be registered through a prospectus under the InvIT Regulations, or under any other law in force in India. This Draft Placement Memorandum is being, and the Placement Memorandum will be submitted to the SEBI and Stock Exchange and would be displayed on the website of SEBI and the Stock Exchange;

8. You confirm that, either: (i) you have not participated in or attended any investor meetings or presentations by the Trust or its agents ("**Presentations**") with regard to the Trust, the Units or the Offer; or (ii) if you have participated in or attended any Presentations, you understand and acknowledge that the Lead Managers, the Investment Manager, the Sponsor or the Trustee may not have knowledge of the statements that the Trust or its agents may have made at such Presentations and are therefore unable to determine whether the information provided to you at such Presentations may have included any material misstatements or omissions, and, you acknowledge that the Lead Managers, the Trustee (or its agents), the Investment Manager or the Sponsor have advised you not to rely in any way on any information that was provided to you at such Presentations;

9. None of the Sponsor, the Investment Manager, the Trustee or the Lead Managers or any of their respective shareholders, directors, officers, employees, counsel, representatives, agents or affiliates is making any recommendations to you or advising you regarding the suitability of any transactions it may enter into in connection with the Offer and that participation in the Offer is on the basis that you are not and will not, up to the Allotment, be a client of the Lead Managers. None of the Sponsor, the Trustee, the Investment Manager, the Lead Managers or any of their respective shareholders, employees, counsel, officers, directors, representatives, agents or affiliates have any duties or responsibilities to you for providing the protection afforded to their clients, or for providing advice in relation to the Offer and are in no way acting in a fiduciary capacity towards you;

10. All statements, other than statements of historical facts included in this Draft Placement Memorandum, including, without limitation, those regarding the Trust's financial position, business strategy, plans and objectives for future operations, the Investment Objectives, and the Projections, are forward-looking statements. Such forward-looking statements involve known and unknown risks, uncertainties and other important factors that could cause actual results to be materially different from the results, performance or achievements expressed or implied by such forward-looking statements. Such forward-looking statements are based on numerous assumptions regarding the Trust's present and future business strategies and the environment in which the Trust will operate in the future. You should not place undue reliance on forward-looking statements, which speak only as of the date of this Draft Placement Memorandum. The Trust, the Trustee, the Sponsor, the Investment Manager and the Lead Managers or any of their respective shareholders, directors, officers, employees, counsel, representatives, agents, associates or affiliates assume no responsibility to update any of the forward-looking statements contained in this Draft Placement Memorandum;

11. You are aware and understand that the Units are being offered only to you and are not being offered to the general public and the Allotment shall be on a discretionary basis;

12. You understand that the Units have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state of the United States and accordingly, may not be offered or sold within the United States, except in reliance on an exemption from the registration requirements of the Securities Act; the Units are being offered and sold outside the United States in "offshore transactions" as defined in and in reliance on Regulation S and the applicable laws of the jurisdictions in which those offers and sales are made. You further acknowledge and agree that Trust and the Lead Managers, and their respective affiliates and representatives (including their legal counsel), will rely upon the truth and accuracy of the foregoing acknowledgements, representations, warranties and agreements and agree that, if at any time any of the acknowledgements, representations, warranties and agreements made in connection with the Units is no longer accurate, you shall immediately notify Trust and the Lead Managers in writing;

13. You are not acquiring or subscribing to the Units as a result of any "directed selling efforts" (as defined in Regulation S);

14. You are not in United States and are eligible to acquire, and are subscribing for the Units in an "offshore transaction" as defined in Regulation S, and are not an affiliate of the Trust or the Lead Managers or a person acting on behalf of such an affiliate;

15. You understand and agree that the Units are transferable only in accordance with the restrictions described in the section entitled "*Selling and Transfer Restrictions"* on page 520, and you warrant that you will comply with such restrictions;

16. In making your investment decision, you have (i) relied on your own examination of the Trust, the Units and the terms of the Offer, including the merits and risks involved, (ii) consulted your own independent advisors or otherwise have satisfied yourself concerning, without limitation, the effects of local laws; (iii) relied solely on the information contained in this Draft Placement Memorandum and the Placement Memorandum and no other disclosure or representation by the Sponsor or the Investment Manager, any of their respective financial, legal or other advisors or any other party; and (iv) received all information in this Draft Placement Memorandum that you believe is necessary or appropriate in order to make an investment decision in respect of the Trust and the Units;

17. You have such knowledge and experience in financial, business and investment matters as to be capable of evaluating the merits and risks of an investment in the Units. You and any accounts for which you are subscribing to the Units, (i) are each able to bear the economic risk of the investment in the Units; (ii) will not, subject to the terms of this Draft Placement Memorandum, look to any of the Investment Manager, the Trustee, the Sponsor, the Selling Unitholder or the Lead Managers or any of their respective shareholders, employees, counsel, officers, directors, representatives, financial advisors, agents or affiliates for all, or part, of any such loss or losses that may be suffered due to your investment in the Units; and (iii) are able to sustain a complete loss on the investment in the Units; (iv) have no need for immediate liquidity with respect to the investment in the Units, and (v) have no reason to anticipate any change in your or their circumstances, financial or otherwise, which may cause or require any sale or distribution by you or them of all or any part of the Units. You acknowledge that an investment in the Units involves a high degree of risk and that the Units are, therefore, a speculative investment. You are seeking to subscribe to the Units in the Offer for your own investment and not with a view to resell or distribute in any manner that could characterise you as an underwriter or similar party in any jurisdiction;

18. The Trustee, the Sponsor, the Investment Manager, the Lead Managers, the Selling Unitholder or any of their respective shareholders, directors, officers, employees, counsel, representatives, advisors, agents or affiliates have not provided you with any legal, financial or tax advice or otherwise made any representations regarding the tax consequences of the Units (including, but not limited to, the Offer and the use of the proceeds of the Offer). You will obtain your own independent legal, financial or tax advice and will not rely on the Investment Manager, the Sponsor, the Trustee, the Lead Managers, the Selling Unitholder or any of their respective shareholders, employees, counsel, officers, directors, representatives, advisors, agents or affiliates or the Investment Manager when evaluating the tax consequences in relation to the Units (including, but not limited to, the Offer and the use of the proceeds of the Offer). You waive and agree not to assert any claim against the Lead Managers, the Sponsor, the Trustee, the Selling Unitholder or the Investment Manager with respect to the tax aspects of the Units or the Offer or as a result of any tax audits by tax authorities, in relation to the Units and the Offer, wherever situated;

19. You are not the Trustee, or the Valuer or an employee of the Valuer involved in the valuation of the Project SPVs/ Holdco;

20. You are aware that (i) we have received in-principle approval from NSE on [●], and (ii) the application for the final listing and trading approval will be made only after Allotment. There can be no assurance that the final approval for listing and trading of the Units will be obtained in a timely manner, or at all. The Trust, the Trustee, the Investment Manager or the Sponsor, shall not be responsible for any delay or non-receipt of such final approval (except to the extent prescribed under the InvIT Regulations) or any loss arising from such delay or non-receipt. Further, you shall not undertake any trade in the Units credited to your demat account until such time that the final listing and trading approval for the Units have been issued by the Stock Exchange;

21. You understand that, none of the Trust, the Investment Manager, the Lead Managers or the Trustee has any obligation to purchase or subscribe to all, or any part, of the Units subscribed by you in the Offer or to support any losses directly or indirectly sustained or incurred by you for any reason whatsoever in connection with the Offer;

22. The only information you are entitled to rely on, and on which you have relied, in committing yourself to acquire the Units is contained in the Placement Memorandum, such information being all that you deem necessary to make an investment decision in respect of the Units and that you have neither received nor relied on any other information given or representations, warranties or statements made by the Trustee, the Lead Managers, the Investment Manager or the Sponsor, and neither the Trustee, the Lead Managers, the Investment Manager, the Selling Unitholder nor the Sponsor will be liable for your decision to accept an Invitation to participate in the Offer based on any other information, representation, warranty or statement that you have obtained or received;

23. You understand that the Units to be Allotted in this Offer will, when issued, be credited as fully paid and rank *pari passu* in all respects with all other Units, including in respect of the right to receive all distributions declared, made or paid in respect of the Units after the Allotment, except as permitted under applicable law. For details, please see the section entitled "*Distributions*" on page 470;

24. You are eligible to Bid for, and hold, Units, so Allotted. Your holding after the Allotment of the Units shall not exceed the investment level permissible as per any applicable law and regulation;

25. You agree to indemnify and hold the Trust, the Trustee, the Investment Manager, the Selling Unitholder, the Sponsor and the Lead Managers harmless from any and all costs, claims, liabilities and expenses (including legal fees and expenses) arising out of or in connection with any breach of the representations and warranties in this section;

26. The Trustee, the Investment Manager, the Sponsor, the Lead Managers, the Selling Unitholder, their respective shareholders, employees, counsel, offices, directors, representatives, agents or affiliates, will rely on the truth and accuracy of the foregoing representations, warranties, acknowledgements and undertakings which are given to the Lead Managers on their own behalf and on behalf of the Trust, the Sponsor, the Investment Manager, the Selling Unitholder and the Trustee, and the same are irrevocable;

27. You are eligible to invest in India and in the Units under applicable law, including the FEMA Rules, and have not been prohibited by SEBI or any other statutory, regulatory or judicial authority from buying, selling or dealing in securities;

28. Any dispute arising in connection with the Offer will be governed by, and construed in accordance with, the laws of the Republic of India and shall be subject to the jurisdiction of the courts in Mumbai;

29. You have made the representations, warranties, acknowledgements and agreements provided in this section and each of the representations, warranties, acknowledgements and agreements set out above shall continue to be true and accurate at all times, until and including the Allotment of Units, listing and trading of Units in the Offer;

30. You have made, or are deemed to have made, as applicable, the representations provided in the section entitled "*Selling and Transfer Restrictions*" on page 520.

**Available Information**

The Investment Manager agrees to comply with any undertakings given by it from time to time in connection with the Units and, without prejudice to the generality of foregoing, shall furnish to the Unitholders all such information as may be required under the InvIT Regulations.

**Disclaimer**

This Draft Placement Memorandum does not, directly or indirectly, relate to any invitation, offer for sale of any securities, instruments or loans (including listed non-convertible debentures or bond, if any) that may be issued by the Trust after the listing of the Units. Any person or entity investing in such issue or transaction by the Trust should consul its own advisors. Neither the Lead Managers, nor their associates or affiliates have any responsibility or liability for such issue or transaction by the Trust.

## DEFINITIONS AND ABBREVIATIONS

*This Draft Placement Memorandum uses certain definitions and abbreviations, which unless the context otherwise indicates or implies shall have the meanings ascribed to such terms herein and which you should consider when reading the information contained herein.*

*References to any legislation, act, regulation, rule, guideline, circular, notification, clarification or policy shall be to such legislation, act, regulation, rule, guideline, circular, notification, clarification or policy as amended, supplemented, or re-enacted from time to time and any reference to a statutory provision shall include any subordinate legislation made under that provision.*

*The words and expressions used in this Draft Placement Memorandum, but not defined herein shall have the meaning ascribed to such terms under the InvIT Regulations, the SEBI Act, the Depositories Act, and the rules and regulations made thereunder.*

*Notwithstanding the foregoing, the terms not defined but used in the sections entitled 'Risk Factors', 'Statement of Possible Tax Benefits', 'Industry Overview', 'Our Business and Properties', Other Parties Involved in the Trust', 'Corporate Governance', 'Regulations and Policies', 'Special Purpose Combined Financial Statements', 'Legal and Other Information' and 'Projections of Revenue from Operations and Cash Flows from Operating Activities' on pages 137, 541, 236, 416, 214, 219, 494, Annexure B, 510 and Annexure C, respectively, shall have the meanings ascribed to such terms in those respective sections.*

*In this Draft Placement Memorandum, unless the context otherwise requires, a reference to "we", "us" and "our" refers to the Trust and the Project SPVs/ Holdco on a combined basis.*

## PRESENTATION OF FINANCIAL DATA AND OTHER INFORMATION

### Certain Conventions

All references in this Draft Placement Memorandum to "India" are to the Republic of India and all references herein to the "Government", "Indian Government", "GOI", "Central Government" or "State Government" are to the Government of India or the relevant State government, as applicable.

Unless stated otherwise, all references to page numbers in this Draft Placement Memorandum are to the page numbers of this Draft Placement Memorandum.

### Financial Data

Unless stated otherwise, the financial information included in this Draft Placement Memorandum is derived from the Special Purpose Combined Financial Statements as at and for the six months period ended September 30, 2024 and as at and for financial years ended March 31, 2024, March 31, 2023 and March 31, 2022. The Trust was settled as a trust on March 26, 2024 and will not acquire ownership of the Project SPVs/ Holdco until immediately prior to the Allotment of the Units in the Offer. As of the date of this Draft Placement Memorandum, there is no available financial information of the Trust.

The Special Purpose Combined Financial Statements are prepared in connection with the proposed private placement of units to be issued by the TVS Infrastructure Trust (the "**Trust**") as per Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, as amended from time to time including the circulars notifications, clarifications and guidelines issued thereunder (the "SEBI InvIT Regulations") and other relevant provisions relating to disclosures required as per the InvIT Regulations and prepared in accordance with the Guidance Note on Reports in Company Prospectuses (Revised 2019), and the Guidance Note on Combined and Carve Out Financial Statements issued by the Institute of Chartered Accountants of India, using the recognition and measurement principles of Ind AS and other generally accepted accounting principles. For further details, please see the section entitled "Special Purpose Combined Financial Statements" attached hereto as Annexure B.

Further, this Draft Placement Memorandum includes projections of revenue from operations and cash flows from operating activities of the Trust on a combined basis for the financial years ended March 31, 2025, March 31, 2026 and March 31, 2027, prepared in accordance with the basis of preparation as set out in Note II of projections of revenue from operations and cash flow from operating activities (the "**Projections of Revenue from Operations and Cash Flow from Operating Activities**"). For further details, please see the section entitled "*Risk Factors – The actual performance of the Trust is subject to significant business, regulatory, and tax risks, uncertainties and contingencies that could cause actual results to differ materially from the forward-looking statements in this Draft Placement Memorandum"* on page 144 and Annexure C.

This Draft Placement Memorandum includes summary financial statements of the Sponsor as of and for the financial years ended March 31, 2022, March 31, 2023 and March 31 ,2024, derived from the audited consolidated financial statements of the Sponsor, prepared in accordance with Ind AS. Further, this Draft Placement Memorandum includes summary financial statements of our Investment Manager as of and for the financial years ended March 31, 2022, March 31, 2023 and March 31, 2024, derived from the audited consolidated financial statements of the Investment Manager, prepared in accordance with Ind AS. For further details, please see the section entitled "*Summary Financial Information of the Sponsor*" and "*Summary Financial Information of the Investment Manager*" on pages 40 and 45, respectively.

The financial year for the Trust, the Sponsor, the Project SPVs/ Holdco and our Investment Manager commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year. Accordingly, all references to a particular financial year are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year.

The degree to which the financial information included in this Draft Placement Memorandum will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting policies and practices, the Companies Act, the Indian GAAP, Ind AS and the InvIT Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Draft Placement Memorandum should accordingly be limited.

In this Draft Placement Memorandum, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures and percentage figures have been rounded off to two decimal places.

### Certain Non-GAAP Financial Metrics

The body of generally accepted accounting principles is commonly referred to as "GAAP." Our management believes that the presentation of certain non-GAAP measures are supplementary measures of our performance which provides additional useful information to investors regarding our performance and trends related to our results of operations and liquidity that is not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or U.S. GAAP. Accordingly, we believe that when non-GAAP financial information is viewed with GAAP or Ind AS financial information, investors are provided with a more

meaningful understanding of our ongoing operating performance and financial results. For this reason, we are including in this Draft Placement Memorandum information regarding our EBITDA, EBITDA margin, and certain other metrics based on or derived from these metrics.

However, these financial measures are not measures of our financial performance or liquidity based on GAAP, Ind AS or any other internationally accepted accounting principles, and you should not consider such items and should not be considered in isolation or as an alternative to the historical financial results or other indicators of our cash flow based on Ind AS or IFRS. In addition, these non-GAAP measures are not standardized terms and these non-GAAP financial measures, as defined by us and included herein, may not be comparable to similarly-titled measures as presented by other entities due to differences in the way non-GAAP financial measures are calculated and hence have limited usefulness as comparative measures. Even though the non-GAAP financial measures are used by management to assess our financial position, financial results and liquidity and these types of measures are commonly used by investors, they have important limitations as analytical tools, and you should not consider them in isolation or as substitutes for analysis of our financial position or results of operations as reported under Ind AS or IFRS. For additional information with respect to non-GAAP financial measures, please see the section entitled "*Risk Factors – Significant differences exist between Ind AS and other accounting principles, such as IFRS, Indian GAAP and U.S. GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flow*" on page 161.

*EBITDA and EBITDA Margin*

We present EBITDA and EBITDA margin for both historical and projection periods in this Draft Placement Memorandum. For historical periods, we have elected to present EBITDA as a separate line item on the face of our combined statement of profit and loss, which forms a part of our Special Purpose Combined Financial Statements. In its measurement, we do not include finance costs, depreciation and amortization expenses, share of net profit/(loss) of investment accounted for using equity method, exceptional items and tax expense.

EBITDA and EBITDA margin do not have a standardized definition under Ind AS or IFRS, and our method of calculating EBITDA and EBITDA margin may be different from the method used by most other companies/InvITs to calculate EBITDA and EBITDA margin, respectively. We cannot assure you that our EBITDA and EBITDA margin calculation will always be comparable with similarly named measures presented by other companies/InvITs. For information, please see the section entitled "*Definitions and Abbreviations*" on page 6.

EBITDA and EBITDA margin for the Projections Period have been calculated on the same basis as historical EBITDA and EBITDA margin, subject to the inherent limitations generally involved in presenting Projections figures, as well as the assumptions set forth therein. Such assumptions and inherent limitations may distort comparability across historical and the Projections Period. EBITDA and EBITDA margin are not recognized measures under Ind AS or IFRS. EBITDA and EBITDA margin should not be considered by themselves or as substitutes for net income, operating income or cash flow from operations or related margins or other measures of operating performance, liquidity or ability to pay dividends. For the Projections Period, we do not present a reconciliation of EBITDA to profit/(loss) after tax for the year (EBITDA's most comparable GAAP measure), as we have not included the projections of additional expense items required to arrive at the projected profit after tax.

**Currency and Units of Presentation**

All references to:

- "Rupees" or "Rs." Or "INR" or "₹" are to Indian Rupees, the official currency of the Republic of India; and
- "USD" or "US$" or "$" or "U.S. dollars" are to United States Dollars, the official currency of the United States.

Except otherwise specified, numerical information in this Draft Placement Memorandum has been presented in "million" units. One million represents 1,000,000 and one billion represents 1,000,000,000. However, certain numerical information in this Draft Placement Memorandum has been presented in "lakhs" units where one lakh represents 1,00,000 or "crore" units where one crore represents 1,00,00,000.

Unless the context requires otherwise, any percentage amounts, as set forth in this Draft Placement Memorandum, have been calculated on the basis of the Special Purpose Combined Financial Statements and Summary Financial Statements of (i) the Sponsor; and (ii) the Investment Manager.

**Exchange Rates**

This Draft Placement Memorandum contains conversion of certain other currency amounts into Indian Rupees. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and the USD:

*(in ₹)*

| Currency | Exchange Rate as on September 30, 2024 | Exchange Rate as on March 31, 2024 | Exchange Rate as on March 31, 2023 | Exchange Rate as on March 31, 2022 |
|---|---|---|---|---|
| 1 USD | 83.79 | 83.37 | 82.22 | 75.81 |

*Note: The exchange rates are rounded off to two decimal places and in case March 31 of any of the respective years is a public holiday, the previous Working Day, not being a public holiday, has been considered.*

*Source: www.rbi.org.in and www.fbil.org.in*

**Industry and Market Data**

Unless stated otherwise, industry and market data used in this Draft Placement Memorandum has been obtained or derived from the CBRE Report which are commissioned reports, and publicly available information as well as other Government and industry publications and sources. The Investment Manager has commissioned the CBRE Report, to provide an independent estimation of the assessment of the warehouse sector in India, which is based on historical data and certain assumptions. The CBRE Report is issued by CBRE and is subject to the following disclaimer:

"*CBRE South Asia Private Limited ('CBRE') has prepared the 'Market Analysis of the Warehousing Segment' ('Industry Report') dated 27th January 2025.*

*CBRE is not operating under a Financial Services License when providing the Industry Report, which do not constitute financial product advice. Investors should consider obtaining independent advice from their financial advisor before making any decision to invest in/with the Client.*

*Any reference to CBRE within the Offer Document must be read in conjunction with the full Industry Report.*

*CBRE disclaims any liability to any person in the event of an omission from, or false and misleading statements included in the Offer Documents other than in respect to this Industry Report. CBRE disclaims all liability to any investor.*

*The Industry Report is strictly limited to the matters contained within, and should not be read as extending, by implication or otherwise, to any other matter in the Offer Documents. Without limitation to the above, no liability is accepted for any loss, harm, cost or damage (including special, consequential or economic harm or loss) suffered as a consequence of fluctuations in the real estate market subsequent to the date of the report.*

*CBRE has prepared the Industry Report relying on and referring to information provided by third parties, publicly available information as well as industry publications and other sources ("Information"). However, CBRE does not guarantee the accuracy, adequacy or completeness of the Information and is not responsible for any errors or omissions or for the results obtained from the use of the Information or this Industry Report.*

*This report has been prepared, based on CBRE's current anecdotal and evidence-based views of the real estate market. Although CBRE believes its views reflect market conditions on the date of this Industry Report, they are subject to significant uncertainties and contingencies, many of which are beyond CBRE's control. In addition, many of CBRE's views are opinion and/or projections based on CBRE's subjective analyses of current market circumstances.*

*Forecasts, estimates and other forward-looking statements contained in the Industry Report are inherently uncertain. Changes in factors underlying their assumptions, or events or a combination of events that cannot be reasonably foreseen can have a significant impact on the actual results, and future events could differ materially from such forecasts, estimates, or other forward-looking statements. In making any decision regarding the transaction, the recipient should conduct its own investigation and analysis of all facts and information contained in this Industry Report.*

*The Industry Report may not be reproduced in whole or in part without prior written approval of CBRE* ".

**Valuation data**

Unless stated otherwise, the valuation report dated January 27, 2025, included in this Draft Placement Memorandum is issued by the Valuer as of September 30, 2024. For details, please see "*Valuation Report"* attached as Annexure A. The valuation has been undertaken to ascertain the Market Value of the respective properties proposed to be acquired by the Trust given the prevalent market conditions. In consideration of the same, a detailed assessment of the sites and surroundings has been undertaken with respect to the prevalent activities, change in dynamics impacting the values and the optimal use of the respective properties *vis-à-vis* their surrounding sub-markets, etc. The valuations are based on asset-specific information provided by the Investment Manager. The same has been assumed to be correct and has been used for valuation exercise. Where it is stated in the Valuation Report that another party has supplied information to the Valuer, this information is believed to be reliable but the Valuer can accept no responsibility if this should not to be so. The valuation of our Portfolio has been carried out in accordance with the provisions of the InvIT Regulations. The valuation exercise is based on prevailing market dynamics as on the date of valuation and does not take into account any unforeseeable developments which could impact the same in the future. Assumptions are a necessary part of undertaking valuations. The Valuer has adopted assumptions for the purpose of providing valuation advice because some matters are not capable of accurate calculation or fall outside the scope of the Valuer's expertise, or the Valuer's instructions. The reader accepts that the valuation contains certain specific assumptions and

acknowledges and accepts the risk that if any of the assumptions adopted in the valuation are incorrect, then this may have an effect on the valuation. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in "*Risk Factors*" on page 137. Accordingly, investment decisions should not be based solely on such information. The extent to which the valuation assumptions used by the Valuer in their Valuation Report as highlighted in this Draft Placement Memorandum is meaningful depends on the reader's familiarity with and understanding of the methodologies used in undertaking valuations. The Valuation Report is issued by iVAS Partners and is subject to the following disclaimer:

*"iVAS Partners ("iVAS) has prepared the Summary Valuation Report titled Summary Report dated 27 January 2025,("Report"). iVAS is not operating under a financial services license when providing the Report, which does not constitute financial product advice. The Report is not a recommendation to invest / disinvest in any offer or transaction and no part of the Report should be construed as an expert advice or investment advice or any form of investment banking within the meaning of any law or regulation. Investors should consider obtaining independent advice from their financial advisor before making any decision to invest in/with TVS Infrastructure Trust.*

*Any reference to iVAS within the Offer Document must be read in conjunction with the full report. The Report is strictly limited to the matters contained within, and should not be read as extending, by implication or otherwise, to any other matter in the Offer Documents.*

*iVAS has prepared the Report relying on and referring to information provided by third parties, publicly available information as well as industry publications and other sources that iVAS considers reliable ("**Information**"). However, iVAS does not guarantee the accuracy, adequacy or completeness of the Information and is not responsible for any errors or omissions or for the results obtained from the use of the Information or this Report.*

*Forecasts, estimates and other forward-looking statements contained in the Report are inherently uncertain. Changes in factors underlying their assumptions, or events or a combination of events that cannot be reasonably foreseen can have a significant impact on the actual results, and future events could differ materially from such forecasts, estimates, or other forward-looking statements. In making any decision regarding the transaction, the recipient should conduct its own investigation and analysis of all facts and information contained in this Report.*

*The Report may not be reproduced in whole or in part without prior written approval of iVAS."*

**Credit Rating**

The Trust has obtained credit rating from ICRA Limited which has given the Trust an issuer rating of "Provisional ICRA AAA (Stable)" by way of its letter dated January 24, 2025, the rationale for which is available on its website at https://www.icra.in/Rationale/ShowRationaleReport?Id=132605.

**Websites**

The information contained on our website, the websites of our Investment Manager, our Sponsor, the Trustee, the Lead Managers or the other websites referred in this Draft Placement Memorandum or that can be accessed through our websites or such other websites, neither constitutes part of this Draft Placement Memorandum, nor is it incorporated by reference therein and should not form the basis of any investment decision. For details of the websites of the Investment Manager, Sponsor, Trustee and Lead Managers, please see the section entitled "*General Information*" on page 174.

## FORWARD-LOOKING STATEMENTS

Certain statements contained in this Draft Placement Memorandum are not statements of historical fact but constitute 'forward-looking statements'. Investors can generally identify forward-looking statements by terminology such as 'aim', 'anticipate', 'believe', 'continue', 'can' 'could', 'estimate', 'expect', 'intend', 'may', 'objective', 'plan', 'potential', 'project', 'propose', 'pursue', 'seek', 'shall', 'should', 'will', 'would', or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals, including the Trust's business strategy, revenue and profitability (including, without limitation, any financial or operating projections or forecasts) are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements.

All statements regarding the Trust's expected financial conditions, results of operations, cash flows, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to the Trust's business strategy, revenue, cash flows and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Draft Placement Memorandum that are not historical facts.

These forward-looking statements and any other projections contained in this Draft Placement Memorandum (whether made by the Parties to the Trust or any third-party), are based on current plans, estimates, presumptions and expectations and involve known and unknown risks, uncertainties, assumptions and other factors that may cause the Trust's actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections. In accordance with the InvIT Regulations, the projections have been included in this Draft Placement Memorandum, which should be read together with the underlying assumptions and notes thereto. Please see Annexure C for details.

The Valuation Report, included in this Draft Placement Memorandum, is based on certain projections and estimates and, accordingly, should be read together with assumptions and notes thereto. For further details, see "*Valuation Report"* attached as Annexure A.

All forward-looking statements and financial projections are subject to risks, uncertainties and assumptions. Actual results may differ materially from those suggested by forward-looking statements and financial projections due to certain known or unknown risks or uncertainties associated with the Investment Manager's expectations with respect to, but not limited to, the actual growth in the infrastructure sector, the Investment Manager's ability to successfully implement the strategy, growth and expansion plans, technological changes, cash flow projections, exposure to market risks, general economic and political conditions in India, changes in competition in the infrastructure sector, the outcome of any legal or regulatory proceedings and the future impact of new accounting standards. By their nature, certain of the market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains, losses or impact on net income could materially differ from those that have been estimated.

Factors that could cause actual results, performance or achievements of the Trust to differ materially include, but are not limited to, those disclosed under the sections entitled "*Risk Factors*", "*Industry Overview*", "*Our Business and Properties*" and "*Management's Discussion and Analysis of factors affecting the Financial Condition and Results of Operations*", on pages 137, 236, 416 and 473, respectively. Some of the factors that could cause the Trust's actual results, performance or achievements to differ materially from those in the forward-looking statements, financial projections and financial information include, but are not limited to, the following:

- We may be adversely affected if the Project SPVs/ Holdco are unable to obtain, maintain, transfer or renew all regulatory approvals and comply with applicable laws that are required for their respective business;
- Our ability to consummate the transaction under the securities purchase agreements to be entered into in relation to the Formation Transactions is subject to satisfaction of certain conditions precedent;
- We are generally subject to risks associated with debt financing and refinancing and operating results could be adversely affected by related interest, required repayments and other risks of our debt financing. Our inability to service debt may impact distributions to Unitholders;
- We do not provide any assurance or guarantee of any distributions to the Unitholders. We may not be able to make distributions to Unitholders in the manner described in this Draft Placement Memorandum or make any distribution at all, and the level of distributions may decrease;
- The InvIT Regulations and other regulatory requirements impose restrictions on the investments made by us and require us to adhere to certain investment conditions, which may limit our ability to acquire and/or dispose of assets or explore new opportunities.

The forward-looking statements, Projections and the Valuation Report, reflect current views as of the date of this Draft Placement Memorandum and are not a guarantee for future performance or returns to Bidders. These statements and projections are based on certain beliefs and assumptions, which in turn are based on currently available information. Although the

Investment Manager and the Sponsor believe that the expectations and the assumptions upon which such forward-looking statements are based, are reasonable at this time, neither the Investment Manager nor the Sponsor can assure Bidders that such expectations will prove to be correct or accurate. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

In accordance with the InvIT Regulations, the assumptions underlying the projections have been examined by the Auditor. The projections have been prepared for inclusion in this Draft Placement Memorandum for the purposes of this Offer, using a set of assumptions that include hypothetical assumptions about future events and management's actions that are not necessarily expected to occur, and have been approved by the board of directors of the Investment Manager. Consequently, Bidders are cautioned that the Projections may not be appropriate for purposes other than that described above. In any event, these statements speak only as of the date of this Draft Placement Memorandum or the respective dates indicated in this Draft Placement Memorandum.

The Trust, the Investment Manager, the Sponsor, the Trustee, the Selling Unitholder or the Lead Managers or their respective affiliates or advisors, (financial, legal or otherwise), undertake no obligation to update or revise any of the statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, whether as a result of new information, future events or otherwise after the date of this Draft Placement Memorandum. If any of these risks and uncertainties materialise, or if any of the Investment Manager's underlying assumptions prove to be incorrect, the actual results of operations or financial condition or cash flows of the Trust could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to the Trust are expressly qualified in their entirety by reference to these cautionary statements. Given these uncertainties, Bidders are cautioned not to place undue reliance on such forward-looking statements and financial projections, and not to regard such statements to be a guarantee or assurance of the Trust's future performance or returns to investors.

## THE OFFER

The following is a general summary of the terms of this Offer. This summary should be read in conjunction with, and is qualified in its entirety by, the detailed information appearing elsewhere in this Draft Placement Memorandum:

| **Ranking** | The Units being issued and transferred shall rank *pari passu* in all respects, including rights in respect of distribution.<br><br>Please see the section entitled *"Rights of Unitholders"* on page 526 |
| **Lock-in and Rights of Unitholders** | For details, please see the sections entitled "*Information Concerning the Units*" and "*Rights of Unitholders*" on pages 458 and 526, respectively |
| **Risk Factors** | Prior to making an investment decision, Bidders should consider carefully the matters discussed in the section entitled *"Risk Factors*" on page 137 |

** The Offer for Sale has been authorised by Selling Unitholder pursuant to resolution of its board of directors dated January 27, 2025. Please see the section entitled "Offer Procedure − Authority for the Offer" on page 532. Further, with respect to the Units offered by the Selling Unitholder in the Offer for Sale, the Selling Unitholder, has held equity shares and other convertible securities in the Project SPVs and Holdco against which such Units are to be received, for a period of at least one year immediately preceding the date of this Draft Placement Memorandum.*

The Offer is a private placement of Units under Regulation 14(2) of the InvIT Regulations. Upon listing of the Units on the Stock Exchange, the Units shall be traded only on the dematerialised segment of the Stock Exchange.

In accordance with the InvIT Regulations, no Unitholder shall enjoy superior voting or any other rights over another Unitholder. Further, there shall not be multiple classes of Units. Additionally, in the future, the Trust may issue subordinate units of the Trust, upon acquisition of an infrastructure project, only to the Sponsor, its Associates and the Sponsor Group, in compliance with the InvIT Regulations, where such subordinate units of the Trust shall be deemed to be a part of the consideration for acquisition of the infrastructure project from such Sponsor, its Associates and Sponsor Group. However, the subordinate units shall not carry any voting rights or distribution rights.

No person connected with the Offer, including any person connected with the distribution of this Draft Placement Memorandum, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any person for making an application for Allotment of the Units.

For further details in relation to this Offer, including the method of application, please see the section entitled "*Offer Procedure*" on page 532.

## OVERVIEW OF THE TRUST

*The following overview is qualified in its entirety by, and is subject to, the more detailed information contained in, or referred to elsewhere in this Draft Placement Memorandum. The statements contained in this summary that are not historical facts may be forward-looking statements. Such statements are subject to certain risks, uncertainties and assumptions that could cause actual results of the Trust to differ materially from those forecasted or projected in this Draft Placement Memorandum. Under no circumstances should the inclusion of such information herein be regarded as a representation, warranty or prediction of the accuracy of the underlying assumptions by the Trust or the Parties to the Trust or the Lead Managers or any other person or that these results will be achieved or are likely to be achieved. Investment in Units involves risks. Bidders are advised not to rely solely on this overview and read this Draft Placement Memorandum in its entirety and, in particular, consider carefully the matters discussed in the section entitled "Risk Factors" on page 137.*

**Structure and description of the Trust**

The Trust has been settled by the Sponsor, as a contributory, determinate and irrevocable trust under the provisions of the Indian Trusts Act in Mumbai, Maharashtra, India pursuant to the Trust Deed. The Trust has been registered with SEBI as an infrastructure investment trust under the InvIT Regulations on April 22, 2024 having registration number IN/InvIT/24-25/0030. The Sponsor irrevocably transferred to the Trustee an amount of ₹ 10,000 towards the initial corpus of the Trust, with an intention to settle and establish the Trust.

As on the date of this Draft Placement Memorandum, TVS Industrial & Logistics Parks Private Limited is the Sponsor and the Project Manager of the Trust. For details of the principal places of business and contact persons of the Sponsor, please see the section entitled "*General Information*" on page 174.

Additionally, TVS Infrastructure Investment Manager Private Limited has been appointed as the Investment Manager. Pursuant to the Formation Transactions, the Initial Portfolio Assets are proposed to be held through the Project SPVs and Holdco in accordance with the InvIT Regulations. For details in respect of the Sponsor, the Sponsor Group, the Trustee, the Investment Manager and the Project Manager, please see the sections entitled "*Parties to the Trust – The Sponsor*", "*Parties to the Trust – The Trustee*", "*Parties to the Trust – The Investment Manager*" and *"Parties to the Trust – The Project Manager*" on pages 178, 179, 192 and 206, respectively. Further, for details in respect of the portfolio, please see the section entitled "*Our Business and Properties– Our Portfolio*" on page 424 and for details in respect of the Project SPVs and Holdco, please see the section entitled "*Formation Transactions in relation to the Trust*" on page 26.

**Investment Objectives**

In terms of the Trust Deed, the investment objective of the Trust is to carry on the activity of, and to make investments as, an infrastructure investment trust as permissible in terms of the InvIT Regulations. The investment of the Trust shall be in any manner permissible under, and in accordance with, the InvIT Regulations and applicable law, including but not limited to, in such Holding Companies and/or SPVs and/or infrastructure projects and/or securities in India as permitted under the InvIT Regulations and in accordance with the investment strategy as detailed in this Draft Placement Memorandum.

The Trustee, through the Investment Manager, shall ensure that the Capital Contribution and other InvIT Assets shall be utilized solely for the purposes of making investments, as stated in the Trust Deed, in accordance with the InvIT Regulations and applicable law. Further, the Trustee shall ensure that the Trust complies with any additional conditions as may be specified by SEBI.

Investments by the Trust shall be in compliance with the provisions of the InvIT Documents and the InvIT Regulations and the Trust shall not carry out any other principal activity or trade, in contradictions of the restrictions and requirements under applicable law.

For further details in relation to the business and investment strategy of the Trust, please see the section entitled "*Our Business and Properties"* on page 416. The Trust is required to make distributions to the Unitholders in accordance with the InvIT Regulations and the Distribution Policy. For details in relation to the distribution policy of the Trust, please see the section entitled "*Distributions*" on page 470.

**Fees and expenses**

The expenses in relation to the Trust, other than such expenses incurred in relation to operations of the Project SPVs and Holdco would broadly include fee payable to: (i) the Trustee; (ii) the Investment Manager; (iii) the Project Manager; (iv) the Auditor, (v) the Valuer; and (vi) other intermediaries and consultants.

The estimated recurring expenses on an annual basis (exclusive of out of pocket expenses and escalations), including, but not limited to, are as follows:

| Payment by the Trust | Estimated Expenses* |
|---|---|
| Fee payable to the Trustee | Please see Note 1 |

| Payment by the Trust | Estimated Expenses* |
|---|---|
| Fee payable to the Valuer | ₹ 2,26,200 per asset |
| Fee payable to the Auditor | ₹ 1,22,00,000 |
| Fee payable to the Investment Manager | Please see Note 2 |
| Fee payable to the Project Manager | Please see Note 3 |
| Fee payable to the Registrar | ₹ 1,90,000 |
| Fee payable to the Stock Exchange and Depositories | [●]** |
| Fee payable to the credit rating agency of the Trust | Please see Note 4 |

**The above-mentioned expenses relate to the one full year of operation for the Trust. [Exclusive of GST]*
*** To be updated prior to filing of the Placement Memorandum.*

***Note 1*:**

The Trustee shall be entitled to an initial acceptance fee of ₹1.20 million and an annual fee of ₹ 0.90 million (excluding GST), which shall be paid annually to the Trustee for the services rendered to the Trust.

***Note 2:***

The management fee will be payable by the Trust or by any or all of the Project SPVs/ Holdco to the Investment Manager.

The annual fee payable to the Investment Manager shall be an amount equal to the costs incurred by the Investment Manager in providing the services to the Trust and Project SPVs/ Holdco under the Investment Management Agreement ("**Costs**") and a mark-up of 10% on the Costs ("**Mark-up**"). This Mark-up is on an arm's length basis and such Mark-up may be reviewed periodically, if required. For the purposes of this clause, "**Costs**" shall include but not be limited to all manpower expenses, administrative expenses, depreciation and operating expenses that may be, or are, debited to the Investment Manager's statement of profit and loss. The Costs, as set out above, shall be grossed up to include applicable taxes or duty or levies, which may be payable.

Further, the annual fee payable to the Investment Manager shall be paid by Trust and/or the Project SPVs/ Holdco, in such proportion, as may be determined from time to time, by the Investment Manager.

***Note 3:***

The annual fee payable to the Project Manager shall be an amount equal to the costs incurred by the Project Manager in providing the services to the Project SPVs/ Holdco under this Agreement ("**Costs**") and a mark-up of 10% on the Costs ("**Mark-up**").

For the purposes of this, "**Costs**" shall include but not be limited to all manpower expenses, administrative expenses, depreciation and operating expenses that may be, or are, debited to the Project Manager's statement of profit and loss. The Costs, as set out above, shall be grossed up to include applicable Taxes or duty or levies, which may be payable.

Further, the annual fee payable to the Project Manager shall be paid by the Project SPVs/ Holdco, in such proportion, as may be mutually determined from time to time.

***Note 4***:

The credit rating agency of the Trust shall be entitled to an initial rating fee of ₹1.50 million and an annual surveillance fee of ₹ 0.60 million.

**Set-up expenses**

In connection with the establishment and registration of the Trust, the Sponsor has incurred or may incur approximately ₹ 1.14 million in expenses. Such expenses may be reimbursed by the Trust to the Sponsor in the future as agreed between the Sponsor and the Trust.

**Offer Expenses**

The total expenses of this Offer are estimated to be up to ₹ [●] million. For details in relation to the Offer expenses, please see the section entitled "*Use of Proceeds*" on page 459.

**Details of Credit Ratings of the Trust**

The Trust has been given issuer rating of "Provisional ICRA AAA (Stable)" by ICRA Limited by way of its letter dated January 24, 2025, the rationale for which is available on its website at https://www.icra.in/Rationale/ShowRationaleReport?Id=132605.

Please see the section entitled "*General Information – Credit Rating*" on page 177 in relation to the details of credit ratings.

***Utilisation of Fresh Issue Proceeds and Trust Loan***

Upon the allotment and listing of the Units, the Trust shall utilize the Fresh Issue Proceeds towards (i) providing loans to the Project SPVs/Holdco for repayment or pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued interest, closure/pre-closure charges, and any other refinancing related costs; (ii) general corporate purposes; and (iii) offer expenses. For details, please see the section entitled "*Use of Proceeds*" on page 459.

**Acquisition of the Project SPVs and Holdco by the Trust**

Prior to the Allotment, the Trust, acting through the Trustee, proposes to acquire from the Sponsor and the other shareholders of DILP, SMILP, SRMILP, MRILP, MILP, RSIPPL, JGILP, RMILP and TILP, and the Sponsor and the other shareholders of DILP, SMILP, SRMILP, MRILP, MILP, RSIPPL, JGILP, RMILP and TILP propose to transfer to the Trust in exchange for Units, the entire equity shareholding of DILP, SMILP, SRMILP, MRILP, MILP, RSIPPL, JGILP, RMILP and TILP, pursuant to the Share Purchase Agreements (the "**Proposed Transfer**"), such that the Trust holds each of DILP, SMILP, SRMILP, MRILP, MILP, RSIPPL, JGILP, RMILP and TILP directly, and in the case of PBPL, through MILP. The Sponsor, MILP and certain other shareholders presently hold 100% of the equity shareholding of each of the Project SPVs and Holdco.

Accordingly, the Proposed Transfer shall be as set out below:

***I. Equity Shareholding***

| Sr. No. | Name of the Project SPVs/Holdco | Pre-Offer shareholding of the Sponsors or their affiliates and their respective nominees | | Proposed post-Offer shareholding of the Trust (in %) |
|---|---|---|---|---|
| | | Name of Entity* | Pre-Offer shareholding (in %) | |
| 1. | DILP | TVSILP | 100.00 | 100.00 |

|---|---|---|---|---|
| | | Name of Entity* | Pre-Offer shareholding (in %) | |
| 10. | PBPL | MILP | 100.00 | 100.00** |

**Note – For details in relation to nominee shareholders, please refer to the section entitled – "Formation Transactions in Relation to the Trust – Details of Arrangement pertaining to the Trust" on page 26.*
***The Trust will hold 100.00% shareholding of PBPL through MILP.*

For further details with respect to the acquisition of the Project SPVs and Holdco by the Trust, please see the section entitled "*Related Party Transactions – Acquisition of the Project SPVs and Holdco by the Trust"* on page 489.

**Acquisition of the future assets by the Trust**

*ROFO Agreement*

The Sponsor, the Trustee (acting on behalf of the Trust) and the Investment Manager will enter into a ROFO Agreement, to enable the Trust to have the right to purchase assets developed, to be developed and/or maintained by the Sponsor after the Offer. Some of the key terms of the ROFO Agreement are as follows:

*Right of first offer*: The Trust shall have a right of first offer ("**ROFO**") over the fully paid up equity shares, debt securities and other similar securities ("**ROFO Securities**"), subject to the lock-in periods, if any, specified in the respective lease and other ancillary agreements in relation to the warehouse assets ("**ROFO Assets**") acquired and developed by the special purpose vehicles identified in the ROFO Agreement ("**ROFO SPVs**"). Such ROFO will be available to the Trust from such date which is 6 months from the date on which the Units are listed and commence trading on the stock exchange and will be available until such date till Parks aggregating an operationalised area of 20.00 msf (including the area of the Initial Portfolio Assets and such other assets acquired by the Trust pursuant to the Offer) have been acquired/developed by the Trust ("**ROFO Period**").

*Offer*: During the ROFO Period, the Sponsor shall make, if it intends to sell the ROFO Securities, an irrevocable invitation to offer to the Trust, for the acquisition of the ROFO securities of such ROFO SPVs ("**Invitation to Offer**"). The Invitation to Offer shall specify the number of ROFO Securities held by the Sponsor, the number of ROFO Securities that are proposed to be sold, proposed indicative price range for such acquisition and terms of offer accompanied with a copy of the latest audited financial statements of the relevant ROFO SPV, details of material litigation and other material information of the ROFO Assets which are held by such ROFO SPV.

In the event the Trust is interested in the acquisition of the ROFO Securities in relation to each or any particular ROFO SPV offered pursuant to the Invitation to Offer, the Trust shall communicate such interest in writing within a period of 30 (thirty) days from the date of receipt by the Trust of the Invitation to Offer (the "**Notice of Interest**"), and shall initiate a due-diligence process, as may be required.

The Sponsor shall provide information as reasonably requested and as is customary in such transactions by the Trust within 45 (forty five) days of receipt of the Notice of Interest in legible and understandable form, including access to the data room and the project site of the relevant ROFO Asset and ROFO Securities to enable the Trust to perform a due diligence exercise ("**Information**").

Within a period of 90 (ninety) days from the date of receipt of the Information, or such other extended time period as may be mutually agreed, in writing, between the parties, provided the Sponsor has complied with its obligation to provide Information in accordance with the terms of the ROFO Agreement, the Trust shall have the right but not the obligation to make an irrevocable and binding offer to acquire the ROFO Securities at such value, which shall not be less than the proposed indicative price range and on such terms as mentioned in the Notice of Interest, as determined in accordance with the ROFO Agreement and valuation required in terms of the InvIT Regulations, attributed by the Trust to such ROFO Securities (the "**ROFO Asset Offer Price and Terms**") by delivering an irrevocable offer letter to the Sponsor (the "**ROFO Asset Offer Letter**"). The ROFO Asset Offer Letter will be binding on behalf of the Trust.

*Acceptance*: The Sponsor may accept the ROFO Asset Offer Price and Terms, by delivering a notice of acceptance to the Trust within a period of 60 (sixty) days (the "**ROFO Acceptance Period**") from the date of receipt of the ROFO Asset Offer Letter (the "**ROFO Acceptance Notice**"). If the ROFO Acceptance Notice is received by the Trust during the ROFO Acceptance Period, the sale of the ROFO Securities shall be completed in accordance with the ROFO Asset Offer Price and Terms within 60 (sixty) days from receipt of the ROFO Acceptance Notice by the Trust, subject to receipt of necessary approvals and consents including, but not limited to those from regulatory authorities and lenders.

*Non-acceptance*: In the event the Trust sends the ROFO Asset Offer Letter and the Sponsor declines to accept the offer set out in the ROFO Asset Offer Letter made by the Trust, the Sponsor shall be entitled to sell the ROFO Securities to any person ("**Third Party Purchaser**"), provided that the relevant person offers a price higher than the price offered by the Trust in the ROFO Asset Offer Letter delivered by the Trust in accordance with the provisions of the ROFO Agreement, within twelve

months from the expiry of the ROFO Acceptance Period. In the event the Trust had delivered the ROFO Asset Offer Letter in accordance with the provisions of the ROFO Agreement, the Sponsor shall deliver a notice to the Trust of its intent to sell the ROFO Securities to Third Party Purchaser within 7 (seven) days of acceptance by such Third Party Purchaser to purchase the ROFO Securities, such notice of intent from the Sponsor will include a declaration stating that the sale of the ROFO Securities shall be at a price higher than the price offered by the Trust in the ROFO Asset Offer Letter.

*Absence of Offer*: In the event that the Sponsor accepts the ROFO Asset Offer Price and Terms from the Trust, but the Trust fails to complete its purchase of the ROFO Securities within the time period agreed between the Sponsor and the Trust solely due to the Trust's failure (but not the Sponsor's default or failure) to perform its contractual obligations in respect of such purchase, then without prejudice to the other rights of the Sponsor, the Sponsor shall have the right (but not the obligation) to sell all of the ROFO Securities to any other Person, without any restriction as to price or terms at any time.

*Representations and warranties*: Each Party represents and warrants as follows to the other party to the ROFO Agreement:

(i) Each party is duly organized and validly existing under applicable law, and has the right, power and authority to execute, deliver and perform the ROFO Agreement;

(ii) The ROFO Agreement has been duly executed and delivered by such party and, assuming the due authorization, execution and delivery by all other parties hereto, constitutes valid and binding obligations of such party enforceable against such party in accordance with its terms, subject to any principles of equity or insolvency law;

(iii) The execution and delivery of the ROFO Agreement by such party and the performance by such party of its obligations under the ROFO Agreement has been duly and validly authorized by all necessary corporate action and does not require any further authorization or consent of any third party.

(iv) The execution, delivery and performance by such party of the ROFO Agreement, and the compliance by it with the provisions of the ROFO Agreement will not result in:

  (a) a breach of, or constitute a default under, any, agreement or instrument to which such party is a party or by which such party is bound; or

  (b) result in a violation of its constitutional documents; or

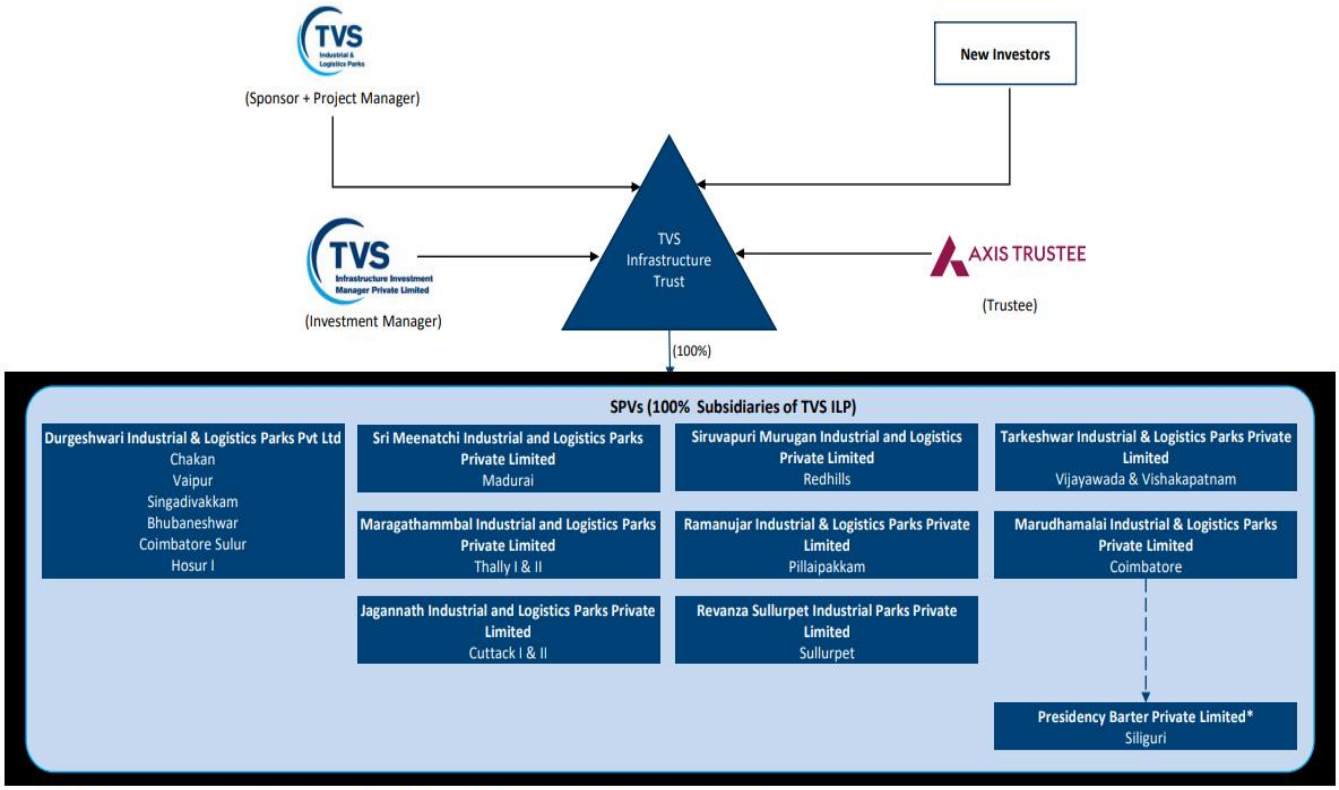
  (c) contravene any applicable law to which it is subject, or any order, writ, injunction or decree of any court or governmental authority to which it is subject.

(v) No liquidation, dissolution, winding up, commencement of bankruptcy, insolvency, liquidation or similar proceedings, whether voluntary or involuntary, with respect to it is pending or has been pending, or to the knowledge of such party, threatened.

*Term and Termination*: The ROFO Agreement shall become effective and binding on the parties on and from the date on which the Units are listed and commence trading on the stock exchange and shall continue to be valid and in full force and effect until such date till Parks aggregating an operationalized area of 20.00 msf (including the assets acquired by the Trust pursuant to the Offer) have been acquired/developed by the Trust from the Sponsor, unless terminated in accordance with the provisions of the ROFO Agreement.

**Proposed post-listing structure**

The following structure illustrates the relationship between the Trust, the Trustee, the Sponsor, the Project Manager, the Investment Manager and the Unitholders as on the Listing Date:



*Presidency Barter Private Limited is a 100% subsidiary of Marudhamalai Industrial & Logistics Parks Private Limited

## SUMMARY COMBINED FINANCIAL INFORMATION OF THE TRUST

*The following tables set forth the summary financial information derived from the Special Purpose Combined Financial Statements of the Project SPVs/ Holdco prepared in accordance with the Guidance Note on Reports in Company Prospectuses (Revised 2019), and the Guidance Note on Combined and Carve Out Financial Statements issued by the Institute of Chartered Accountants of India using the recognition and measurement principles of Ind AS and other generally accepted accounting principles and other relevant provisions relating to disclosures required as per the InvIT Regulations, as of and for the six month period ended September 30, 2024 and the financial years ended March 31, 2024, March 31, 2023 and March 31, 2022.*

*The degree to which the summary financial information included herein below will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices, Ind AS, the Companies Act and the InvIT Regulations. Accordingly, any reliance by persons not familiar with Indian accounting practices, Ind AS, the Companies Act and the InvIT Regulations on the summary financial information presented below should be limited.*

*The summary financial information derived from the Special Purpose Combined Financial Statements, as presented below, should be read together with the section entitled "Management's Discussion and Analysis of factors affecting the Financial Condition and Results of Operations" on page 473 in conjunction with the Special Purpose Combined Financial Statements attached hereto as Annexure B.*

## SUMMARY OF INDUSTRY

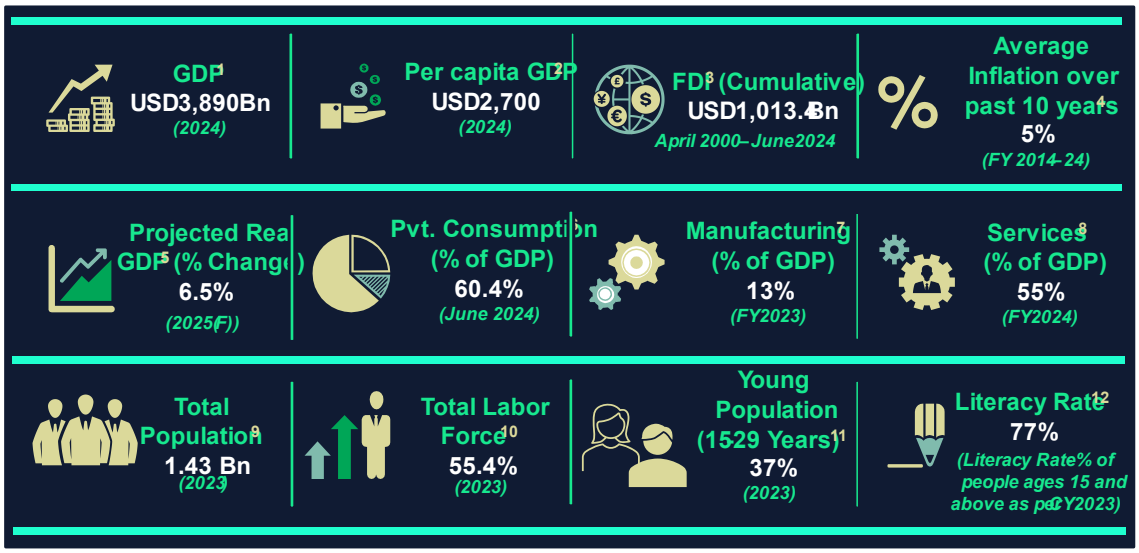
### 1. Macroeconomic Overview

### 1.1. Economic Landscape

India has emerged as one of the fastest–growing, major economies around the world and is expected to become one of the top three economic powerhouses by the year 2030.

India has a strong consumption market, which protects its economy from global market fluctuations. India's share of consumption as a percentage of its Gross Domestic Product (GDP) was approx. 70.8%[1] (as of 2023). With a population of over a billion, India provides the global economy with one of its largest consumer markets.

*Figure 1: Key Statistics – Indian Economic Landscape*

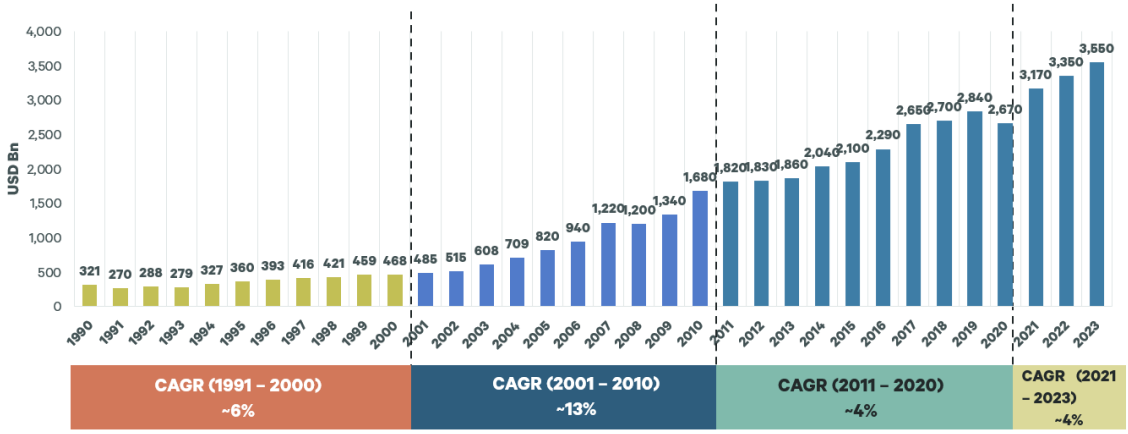


***Source:*** *CBRE Research; (1) IMF, (2) IMF, (3) Invest India, (4) White Paper on Indian Economy, (5) IMF, (6) Ceicdata, (7) World Bank, (8) IBEF, (9) Worldometers, (10) Worldbank, (11) MOSPI, (12) NFHS-5*

The Government of India (GoI) accelerated financial liberalization after the economic reforms of the 1990s. Consistently high national growth rates have been the outcome of India's economy's rapid expansion in the previous two to three decades, thanks to the country's booming service and manufacturing sectors. India has become as a go-to outsourcing location for developed economies because to its large pool of young, educated, English-speaking workers. Because of this, it has been luring FDI in the IT industry from well-established economies like Singapore, the United States, and others. According to these tendencies, the computer software and research and development industry is thriving, which bodes well for economic expansion since it will spur innovation and boost productivity.

*Figure 2: Economic Evolution of India Over Past 3 Decades*

[1] World Bank national accounts data, and OECD National Accounts data files



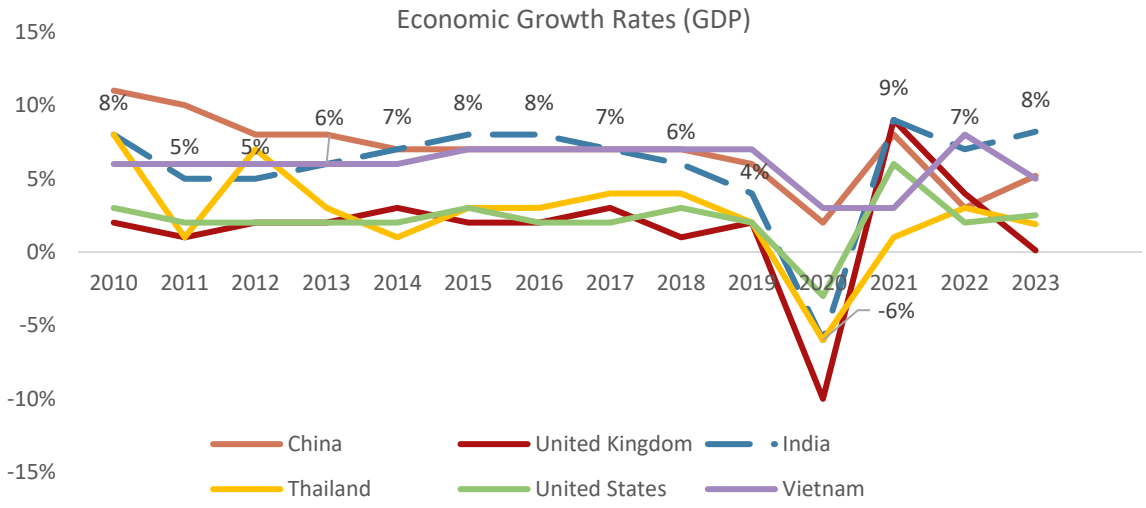
**Source:** World Bank, CBRE Research

In the pre–1990s, the Indian economy grew at an annual average rate of 4% (1970–1989). As presented in *Figure 2*, following liberalization, the Indian economy grew at a rate of approximately 6% (1990–2000). During 2001–2010, the Indian market saw an economic boom with strong FDI inflow and export contributions from the services sector, viz., IT/ITeS, and grew at a CAGR of 13% thereafter.

The Indian economy has demonstrated remarkable resilience in its post-pandemic recovery. Following the lifting of pandemic restrictions, pent-up demand for services and a surge in industrial production have fueled robust economic growth. India has endured the challenges of the pandemic, including market shutdowns and economic uncertainties, emerging as a stronger and more resilient economy. While pre-pandemic growth between 2017-2019 averaged around 2%, post-pandemic growth between 2021-2023 has accelerated to 4%, indicating a significant rebound.

*Figure 3* depicts the growth of India's GDP vis–à–vis other economies:

*Figure 3: Economic Growth Rates (GDP)*



***Source:*** *World Bank, CBRE Research*
*Note: The above growth comparison has been undertaken to highlight the economic growth rate of India vis–à–vis developed economies such as the UK, the US, China, Vietnam and Thailand. Vietnam and Thailand have been compared as these markets are expected to benefit from China Plus One strategy.*

India crossed the inflection point of USD 2,000 GDP per capita in 2019. After crossing a similar milestone unit of GDP per capita in 2006, the Chinese economy had grown by six times.[2] India is expected to follow similar growth trajectory as its neighbour; and with favourable demographics, it is expected to witness the similar robust consumption trend.

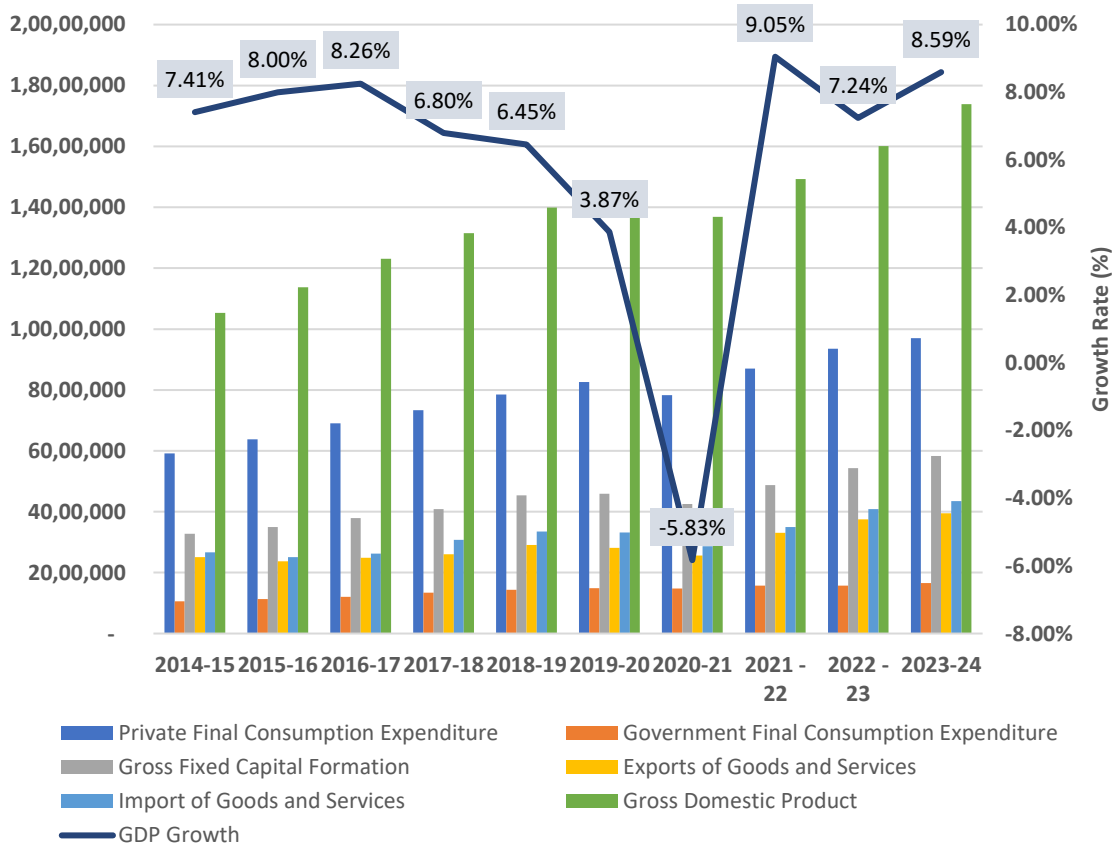
[2] World Bank

Moreover, India's rapid urbanization has played a pivotal role in driving poverty reduction and economic growth. With the urban population projected to surge from 530 million in 2023 to a staggering 600 million by 2030, this trend will continue to shape the nation's trajectory. Furthermore, FDI inflows, coupled with a skilled and educated workforce, have fueled economic growth and job creation. However, the latest SDG Report by the UN reveals that India's employment rate stands at 4.1%, which is lower than the global average of 5% and significantly below rates in regions like Europe and North America (4.9%).

### 1.1.1. India's Economic Structure

Being a traditionally agrarian economy, India has achieved growth on the back of strong contributions from the primary sector. However, the country's economy has undergone a major transformation over the years, leading to the economy being driven by a fair mix of primary, secondary, and tertiary sector activities.

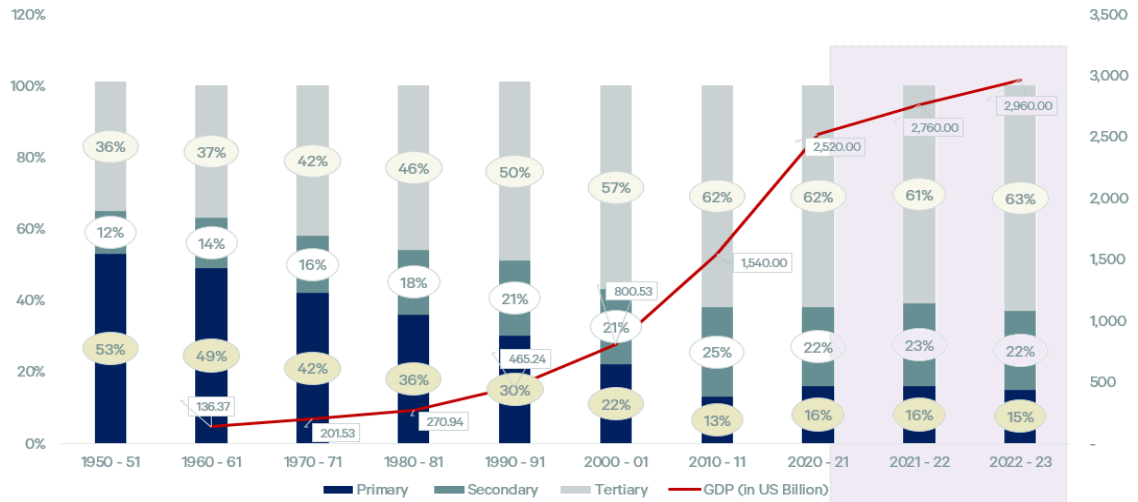
*Figure 4: Components of GDP & GDP Growth Rate*



**Source:** Handbook of Statistics on Indian Economy, Reserve Bank of India; CBRE Research
*Note: Time Period – Accounting Year (April–March)*

The below depicts the sectoral split of India's GDP for the period 1951–2023:

*Figure 5: India's Sectoral Split Trend (1951–2021, 2022 & 2023)*

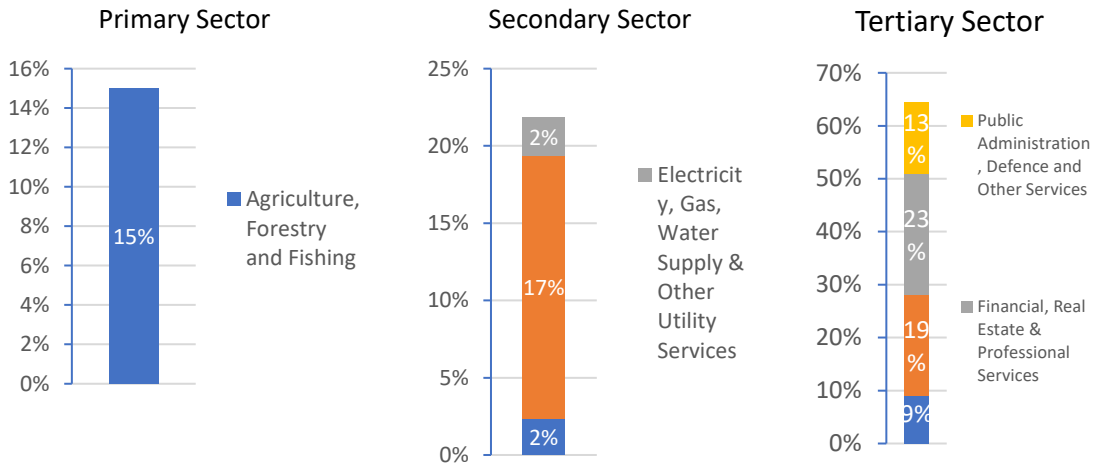


**Source:** Handbook of Statistics on Indian Economy, Reserve Bank of India; CBRE Research
*Note: Time Period – Accounting Year (April–March)*

The growth of India's tertiary sector initially occurred on the basis of inter–sectoral linkages in the economy, mainly due to the primary sector's strong base. However, down the years, with the influx of other sectors such as manufacturing, banking and other financial services and insurance (BFSI) sector, telecommunications, transportation, and the IT/ITEs boom, the focus shifted towards higher value–added sectors, as evident from the above figure

Further break–up of the activities of the primary, secondary, and tertiary sectors of the Indian economy is shown in below figure

***Figure 6: Break–Up of Primary, Secondary & Tertiary Sectors of Indian GVA (Constant Price) – 2023 - 2024***

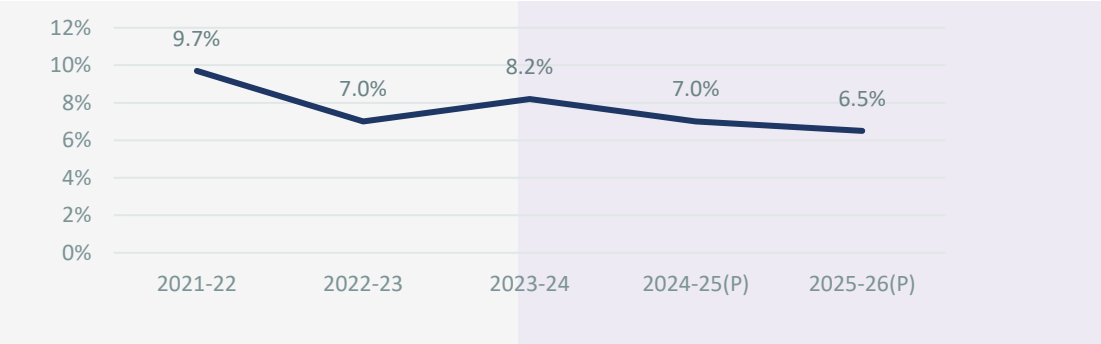


***Source:*** *Handbook of Statistics on Indian Economy, Reserve Bank of India; CBRE Research.*
*Note: Time Period – Accounting Year (April – March)*

### 1.1.2. GDP Forecast & Future Trend

India is the 5th largest economy in the world, and according to the latest Government estimated, India is expected to become a US $5 trillion economy by 2025. India reportedly experienced stronger-than-anticipated economic growth in the latter half of 2023. To further accelerate the estimated growth, the Government of India has undertaken significant investments in social and physical infrastructure, including initiatives such as PLI (Production Linked Incentive), the Smart City Mission, Make in India, Aatmanirbhar Bharat, Local Goes Global, and Digital India. These initiatives have ensured that India remains an attractive market for international investors. The government's focus on capital expenditure (capex) and exports is expected to enhance production capacity and further strengthen demand. Growth in India is projected to remain strong at 7% in FY 2024-25.

*Figure 7: Real GDP Growth Projections – India*

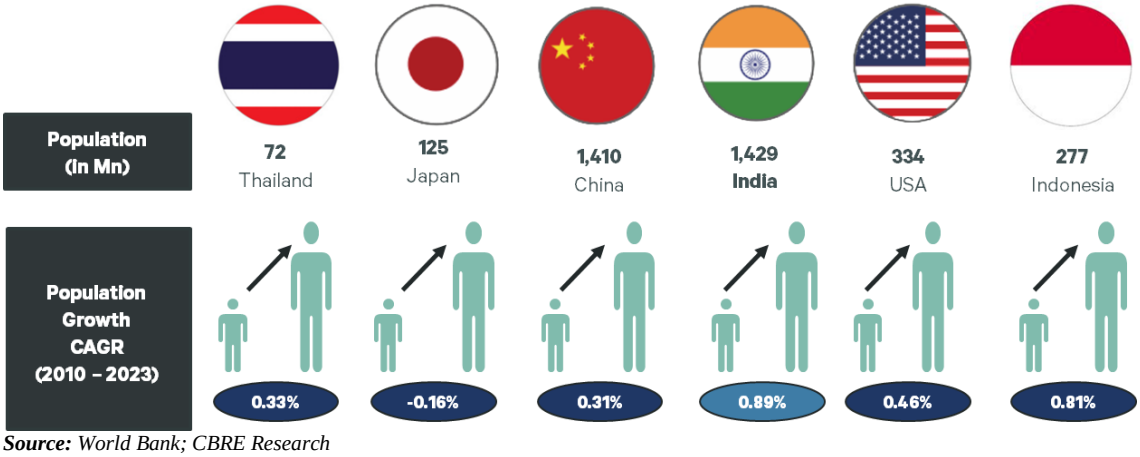


***Source:*** *International Monetary Fund (2021-22; 2022-23; 2023-24), RBI (2024-25; 2025-26)*
***Note:*** *E – Estimation; P – Projections*

### 1.1.3. Key Demographic Trends

India currently houses approximately 18% of the global population. The country boasts of the largest population at nearly 1,429 million in 2023.[3] The country has historically been one of the largest consumption markets in the world. On an overall basis, India's current projected population growth rate has overtaken China.[4]

*Figure 8: Global Population Comparisons*



***Source:*** *World Bank; CBRE Research*
***Note:*** *Population in Mn; Population Year: 2023*

To assess the demographic dividend of a nation, three major factors are typically taken into account, viz., the working age trend, gender distribution of the workforce, and their location trend (urban/rural population mix).

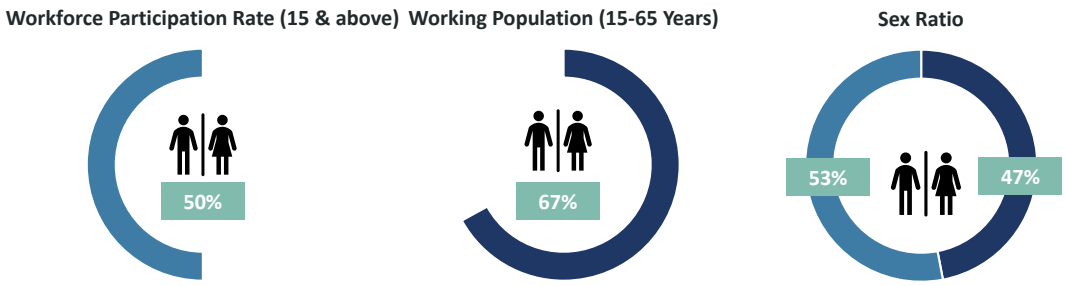
### 1.1.4. Current Demographic Landscape

The decadal growth for India is one of the highest among the major economies of China, USA, Japan, the UK, or even among competing manufacturing regions such as Vietnam and Thailand. Further, to understand the break–up of India's population in detail, *Figure 15* summarizes the key statistics of India's demographic scenario.

The significant base of India's youth population coupled with a 74% literacy rate ensures the availability of an educated and skilled workforce, which is expected to provide the manufacturing base of the country with a low–cost and sustainable labour pool, going forward.

*Figure 9: Key Statistics – Indian Demographic Landscape*

[3] World Bank 2023
[4] United Nations; *https://population.un.org/wpp/publications/files/wpp2019_highlights.pdf.*



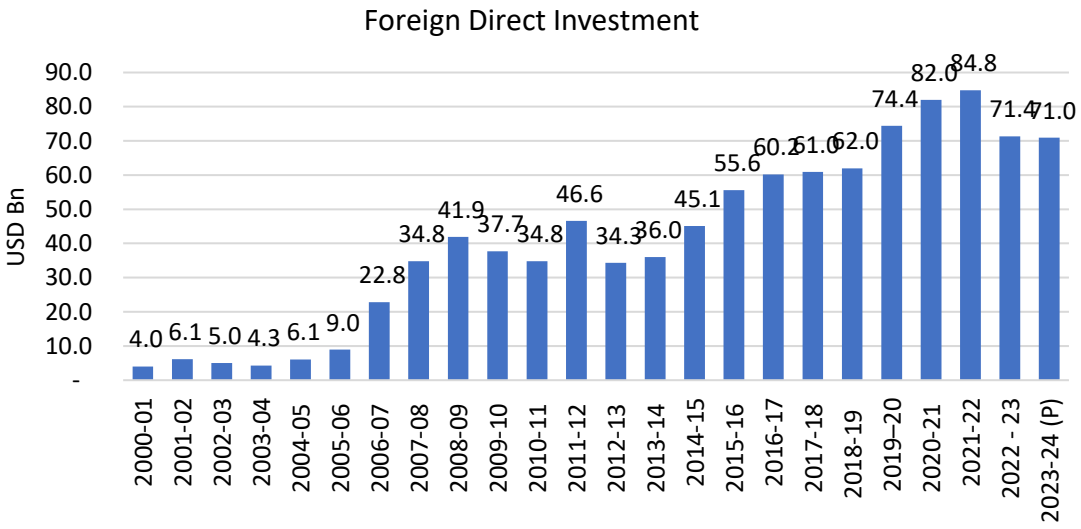
***Source:*** *World Bank; Census Data; CBRE Research*

As per Worldometers India's population grew approximately 9% between 2015 and 2024. Over 34.5% of India's population is urban, which is expected to grow at CAGR of 3–5% by 2030, owing to workforce migration and the rapid urbanization of Tier II and III cities. Tier II and III cities are also acting as feeder towns for smaller towns and villages. According to the National Commission on Population, approximately 38.6% of the population is expected to reside in urban India. Currently, urban India accounts for approximately two–thirds of the national economic output.[5] Urbanization has a substantial positive impact on the economy as it leads to organized demand and organic growth in several sectors, such as an organized housing market, e–commerce, fast moving consumer goods (FMCG), fast moving consumer durables (FMCD), organized retail, hospitality, automotive, transportation, and infrastructure development and among others.

### 1.1.5. FDI & Historical Trends for India

Foreign direct investment (FDI) flows were strong and consistent, which contributed to the widening current account deficit during the time. Consistent with its strong domestic economic performance, India has attracted substantial foreign direct investment. India has rapidly emerged as a preferred investment destination, further, FDI inflows have increased 20-fold in last 20 years.

*Figure 10: FDI Equity Inflow Trend From 2000–01 To 2023–24*

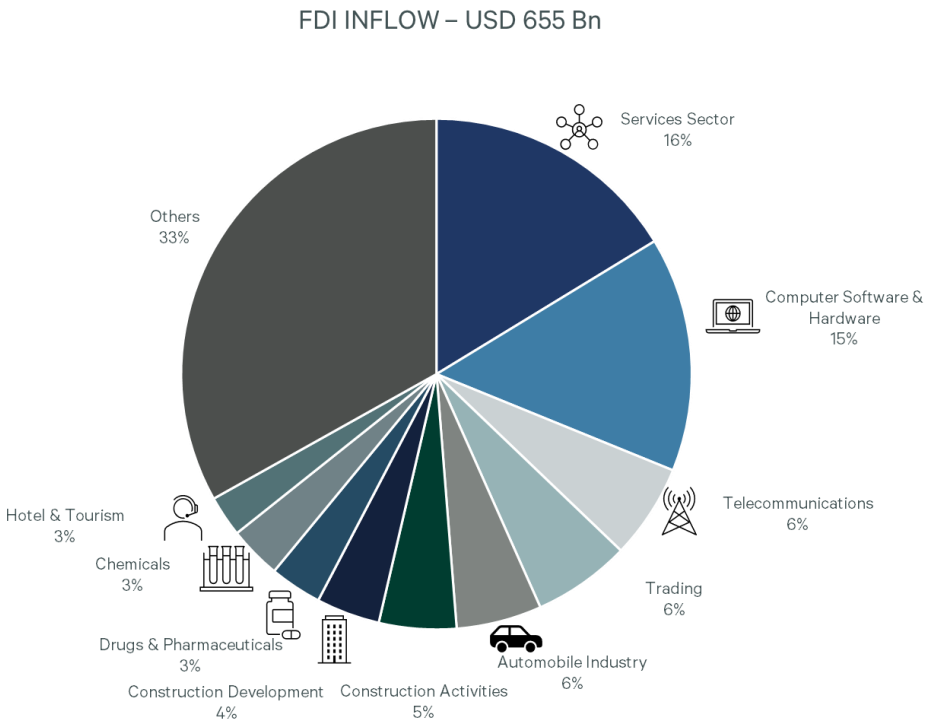


***Source****: DPIIT, Ministry of Commerce and Industry, Government of India, (P) – Provisional*

The below figure summarizes the sectoral split of FDI inflow into the country from April 2000–September 2023:

*Figure 11: Sector–Wise FDI Inflow – Top 10 Investment Sectors*

[5] World Bank

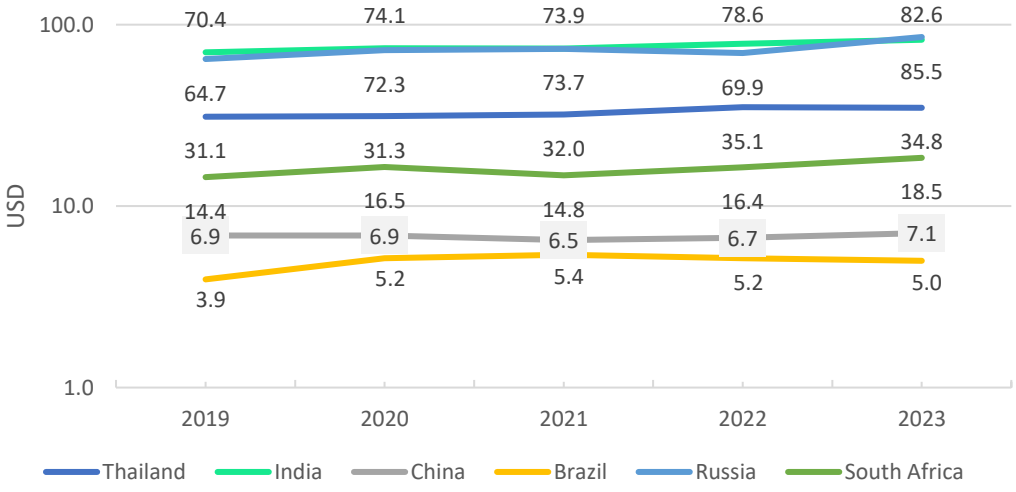


***Source:*** *DPIIT, Ministry of Commerce and Industry, Government of India; CBRE Research*

### 1.1.6. Indian Currency and Future Outlook

The Indian rupee (INR) has shown resilience in the face of the global economic crisis, mainly due to the high foreign exchange reserve maintained by the Reserve Bank of India (RBI) and a reasonable level of Current Account Deficit (CAD). Since 2022, the INR has consistently hovered around 80 per US Dollar (USD); this pressure on the domestic currencies of numerous emergent economies, including India, has resulted from the outflow of foreign capital. Although compared to other major currencies like the Euro, British Pound, and Japanese Yen, the observed depreciation has been relatively modest.

*Figure 12: Currency Exchange rate Against USD in the last 5 years*



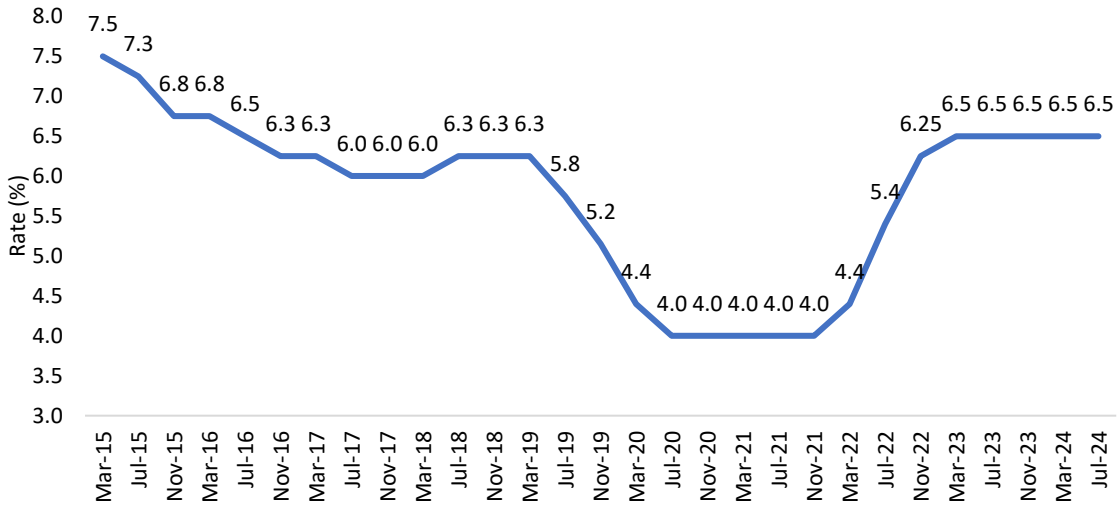
***Source:*** *World Bank; CBRE Research*

### 1.1.7. Interest Rate Movements over the Last Five Years

In response to rising inflation, the Reserve Bank of India (RBI) implemented a series of aggressive interest rate hikes throughout 2022. However, in late 2023 and throughout 2024, the RBI maintained a hold on further rate increases and ultimately reduced the cash reserve ratio (CRR) by 50 basis points to 4%. Furthermore, certain economic forecasts suggest the possibility of interest rate cuts in the latter part of 2025 as inflationary pressures subside. With the anticipated decrease in repo rate, real estate lending rates are expected to lower, positively impacting the developers' and end-users' sentiment.

The following figure illustrates the repo rate movement trend over the period 2015–2023:

*Figure 13: Repo Rate Movement – India*



***Source:*** *Reserve Bank of India (DBIE)*

## 1.2. Government Initiatives & Impetus on Logistics Sector

With the unveiling of the 'Make in India' programme in September 2014, and the Government's inspiring call for an 'Aatmanirbhar Bharat' (Self–reliant India) more recently, a robust logistics sector is required to facilitate the movement of goods, services, and people globally. Thus, the GoI has formulated a logistic vision: "To develop an integrated cost–effective, reliable, sustainable and digitally–enabled logistics ecosystem in the country for accelerated and inclusive economic growth".

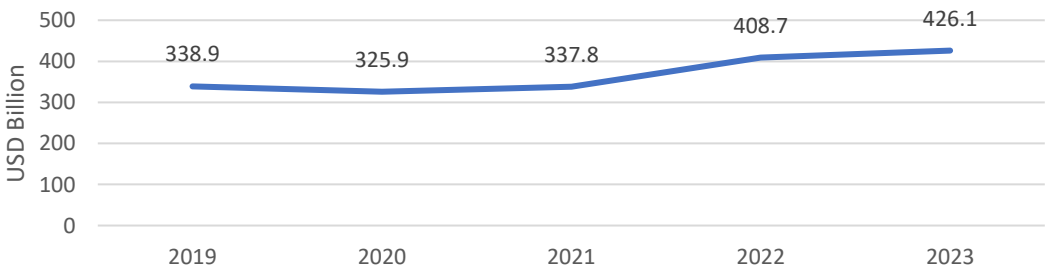
To support its vision, the Government has provided the logistics sector with an initial impetus by granting it an 'infrastructure status', allowing developers to finance projects through international funding and reduced interest rates.

### 1.2.1. Focus on Manufacturing

Following the liberalization of India's economy in the early 1990s, the country has witnessed sustained growth in the manufacturing sector. Despite the stable growth and availability of skilled, low–cost labour, India lags behind major industrialized economies in terms of manufacturing contribution to the economy. The GoI envisages growing the manufacturing sector by ensuring a 21% contribution from the same towards the country's GDP. According to Government's estimates, India is expected to achieve US $1 Tn from manufacturing sector by 2025. Based upon the same, the Government has also realized the necessity of focused intervention.

Further, the Gross Value Added (US $ Bn on Basic Price) of India's manufacturing sector over last 5 years is as per the following graphical representation:

***Figure 14: GVA by Manufacturing Sector (Basic price in USD Billion)***



***Source:*** *PIB; CBRE Research*

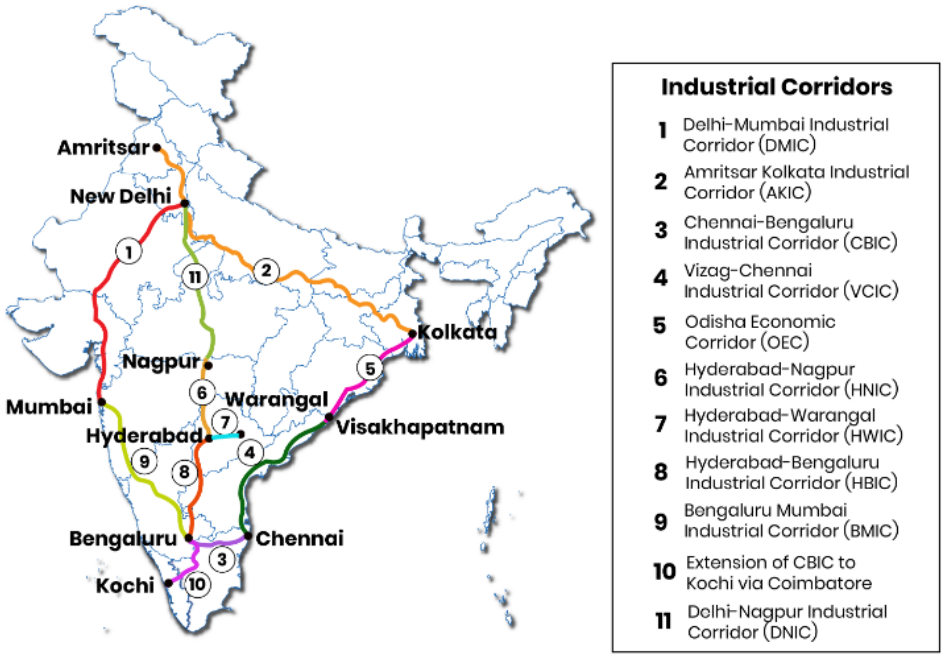
Some of key initiatives by Government of India to bolster the sector are elucidated below:

1. **Make in India:** This initiative was launched under the aegis of the Ministry of Commerce and

Industry's Department of Industrial Policy and Promotion (DIPP) in September 2014. The policy aims to create a conducive environment for investments, develop modern and efficient infrastructure, and open up new sectors for foreign capital. Under Make in India initiative, GOI formed a collaboration with Germany, aiming on investments from small and medium sized German Companies, resulting in total investments exceeding €1.4 Bn. The automotive, electrical, consumer goods, construction and waste-water management industries accounted for the majority of these investments. The Defence Ministry offered USD 6.7 billion tender to build six conventional submarines in the aim to promote Make In India.

2. **National Industrial Corridor Development Programme:** National Industrial Corridor Development Programme is aiming to develop new industrial cities as "Smart Cities" and converging next generation technologies across infrastructure sectors. Government of India is developing various industrial corridor projects as part of the National Industrial Corridor Programme which is aimed at development of futuristic industrial cities in India which can compete with the best manufacturing and investment destinations in the world. The same will create employment opportunities and economic growth leading to overall socio-economic development. Some of the major corridors includes, Delhi Mumbai Industrial Corridor, Amritsar Kolkata Industrial Corridor, Chennai Bengaluru Industrial Corridor and Bengaluru Mumbai Industrial Corridor.

***Figure 15: Proposed Corridors under NICDP***



***Source:*** *PIB; CBRE Research*

3. **Aatmanirbhar Bharat:** Aatmanirbhar Bharat, or Self-Reliant India, is a comprehensive initiative launched by the Indian government to make the country economically self-sufficient and globally competitive. It aims to reduce reliance on imports, boost domestic manufacturing, and create jobs. Key components of this initiative include reforms in various sectors like agriculture, manufacturing, healthcare, and education. The government has also implemented various schemes and policies to incentivize domestic production and attract foreign investment. Under this initiative, the Government of India has announced a special economic package of USD 235 billion for making the country independent against competition in the global supply chain and empowering its economically weak sections.

4. **Skilled India:** It is aided in these initiatives by its functional arms – Directorate General of Training (DGT), National Council for Vocational Education and Training (NCVET), National Skill Development Corporation (NSDC), National Skill Development Fund (NSDF), 37 Sector Skill Councils (SSCs), 33 National Skill Training Institutes (NSTIs/NSTI(w)), about 15000 Industrial Training Institutes (ITIs) under DGT and 187 training partners registered with NSDC. The Ministry is also willing to work with the existing network of Skill Development centres, universities and other alliances in the field.

5. **Start–Up India:** This is a flagship initiative of the GoI, intended to build a strong eco–system for

nurturing innovation and start–ups in the country, which will drive sustainable economic growth and generate large–scale employment opportunities. Globally, India ranks 3rd in terms of total Unicorns created, India sits behind China (249 Unicorns) at 2nd rank and US (993 Unicorns) at 1st rank.

6. **National Manufacturing Policy:** In 2011, the GoI had announced a 'National Manufacturing Policy' for enhancing the share of manufacturing in GDP to 25% (currently at 17%), within a decade and creating 100 million jobs by 2025.

7. **Sagarmala Pariyojana:** This is an integrated development expected to reduce cost and time for transforming goods, benefiting industries and export/import trade. The programme will also involve the development of port–proximate industrial and logistics capacities near coastal cities.

Further, Indian government has implemented several other initiatives to boost economic growth and development. These include the National IPR Policy to streamline intellectual property rights, the National Policy on Electronics to establish India as a global electronics manufacturing hub, and the Production Linked Incentive (PLI) scheme to encourage large-scale industrial manufacturing across various sectors. The IoT Policy aims to leverage the Internet of Things for economic and social development. Furthermore, initiatives like Mega Textile Parks (MITRA) and the promotion of Medical Device Parks aim to enhance manufacturing capabilities in key sectors, attract investments, and improve India's global competitiveness. Notably, the recent introduction of the Employee Linked Incentive (ELI) scheme in the Union Budget 2024-25 aims to facilitate employment opportunities and provide incentives to both employees and employers in the manufacturing sector, supporting 4.1 crore youth by 2030. These policies collectively demonstrate the government's commitment to driving industrial growth, fostering innovation, and creating a conducive environment for economic development in India.

### 1.2.2. Concessional Tax Rates

To further promote new manufacturing start–ups in the country, Government of India in 2019 introduced a new corporate tax regime for manufacturing sector. The Taxation Laws (Amendment) Ordinance, 2019 added Section 115BAB offering a low tax rate of 15% (plus surcharge and cess) to new manufacturing establishments. Furthermore, as part of Budget 2022–23, the government extended the concessional corporate tax benefit till March 2024 for newly incorporated manufacturing companies.

### 1.2.3. Impact of GST on sector consolidation

1. **Minimization of transportation time:** GST has reduced transportation time in the logistics sector by cutting down compliance time at inter-state check posts. This leads to lower delivery costs and potentially reduces the final price of goods.

2. **Trouble-free supply of goods:** GST has combined taxes like VAT, Octroi, and CST into a single tax, simplifying the supply of goods. E-way bills under GST have made it easier to transport goods.

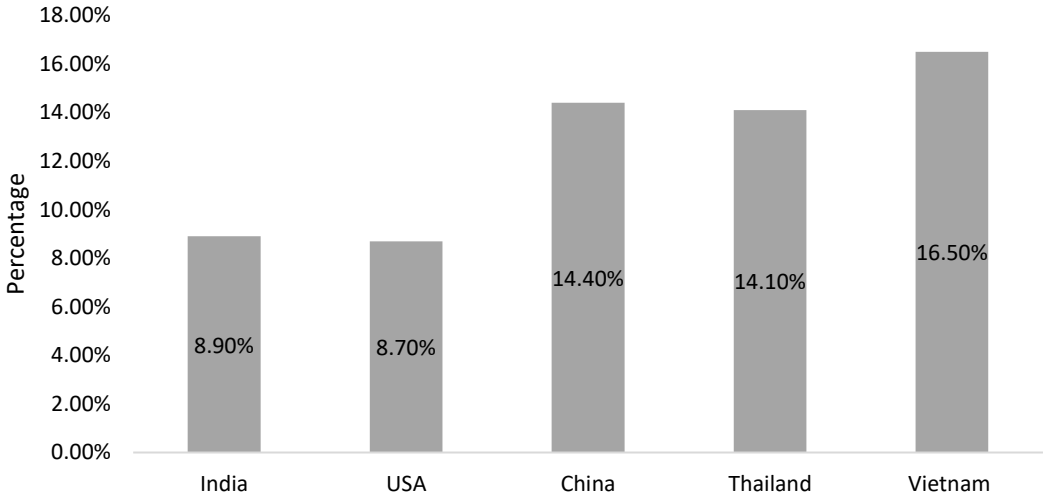
3. **Paperwork reduction:** GST has reduced paperwork by introducing e-way bills, replacing multiple documents previously required for transport vehicles.

4. **Improvement in warehouse system:** Under the previous tax regime, businesses had to set up separate warehouses in each operational state due to the specific tax structure. With the implementation of GST, this requirement has been eliminated, allowing for easier and more effective inventory management.

### 1.2.4. Sectoral Reforms

According to quick estimates by the National Council of Applied Economic Research (NCAER), logistics costs in India ranged from 7.8% to 8.9% of GDP in 2021-22. Recognizing the significant impact of these costs on the economy, the Government has undertaken extensive initiatives at both the Central and State levels to streamline logistics operations and reduce costs to single-digit percentages of GDP. These efforts aim to enhance supply chain efficiency, boost competitiveness, and create new job opportunities within the logistics sector.

***Figure 16: Country-wise Logistics Cost (% on GDP)***



***Source:*** *National Council of Applied Economic Research (NCAER); CBRE Research*

1. **Logistics Division:** In September 2022, India's government released the long-awaited National Logistics Policy (NLP), a comprehensive, cross-sectoral framework to upgrade the logistics infrastructure and create an integrated logistics ecosystem in the country.

2. **National Rail Plan:** Indian Railways have prepared a National Rail Plan (NRP) for India – 2030. The Plan is to create a 'future ready' Railway system by 2030. The NRP is aimed to formulate strategies based on both operational capacities and commercial policy initiatives to increase modal share of the Railways in freight to 45%. The objective of the Plan is to create capacity ahead of demand, which in turn would also cater to future growth in demand right up to 2050 and also increase the modal share of Railways to 45% in freight traffic and to continue to sustain it. Approximately 58 Super critical Projects of a total length of 3,750 kms costing USD 460 Crore and 68 Critical Projects of a total length of 6,913 kms costing USD 890 Crore, have been identified for completion by 2024.

3. **PM Gati Shakti:** The policy aims to serve as a digital platform to bring together 16 ministries for integrated planning and coordinated implementation of infrastructure connectivity projects across the country. The said infrastructure initiatives aim to provide integrated multi–modal connectivity for the movement of people, goods, and services, while providing last–mile connectivity infrastructure and reducing travel time.

4. **Secured Logistics Document Exchange (SLDE):** The SLDE plans to replace the present manual process of generation, exchange, and compliance of logistics documents with a digitized, secure, and seamless document exchange system through the Aadhar and Block Chain technologies.

5. **Bharatmala Pariyojana:** This is a centrally sponsored and funded road and highway development project of the Ministry of Road Transport and Highways (MoRTH), Government of India. The project envisages the development of about 26,000–km of Economic Corridors, which along with the Golden Quadrilateral (GQ) and the North–South and East–West (NS–EW) Corridors are expected to carry most of the country's freight traffic.

6. **Multi–Modal Logistics Parks:** As a part of the Bharatmala Pariyojana, the Cabinet Committee on Economic Affairs (CCEA) mandated MoRTH to develop 35 Multi–Modal Logistics Parks (MMLPs) across the country.

7. **Dedicated Freight Corridor (DFC) Project:** The DFC project is an initiative of the Ministry of Railways, Government of India, for the planning, development, and mobilization of financial resources and construction, maintenance, and operations of six DFCs across India. The project aims to provide safe and efficient cargo movement through an interconnected freight transport system.

8. **National Infrastructure Pipeline (NIP):** The NIP for FY 2019–25 is a whole–of–government exercise to improve project preparation and attract investments, thereby providing world class infrastructure. Transportation and logistics are two of the key opportunity sectors identified as part of the NIP. There are a total of approx. 9,628 proposed projects with a total project cost of approx. USD 23.7 Bn. Currently approx. 2,008 projects are under-development.

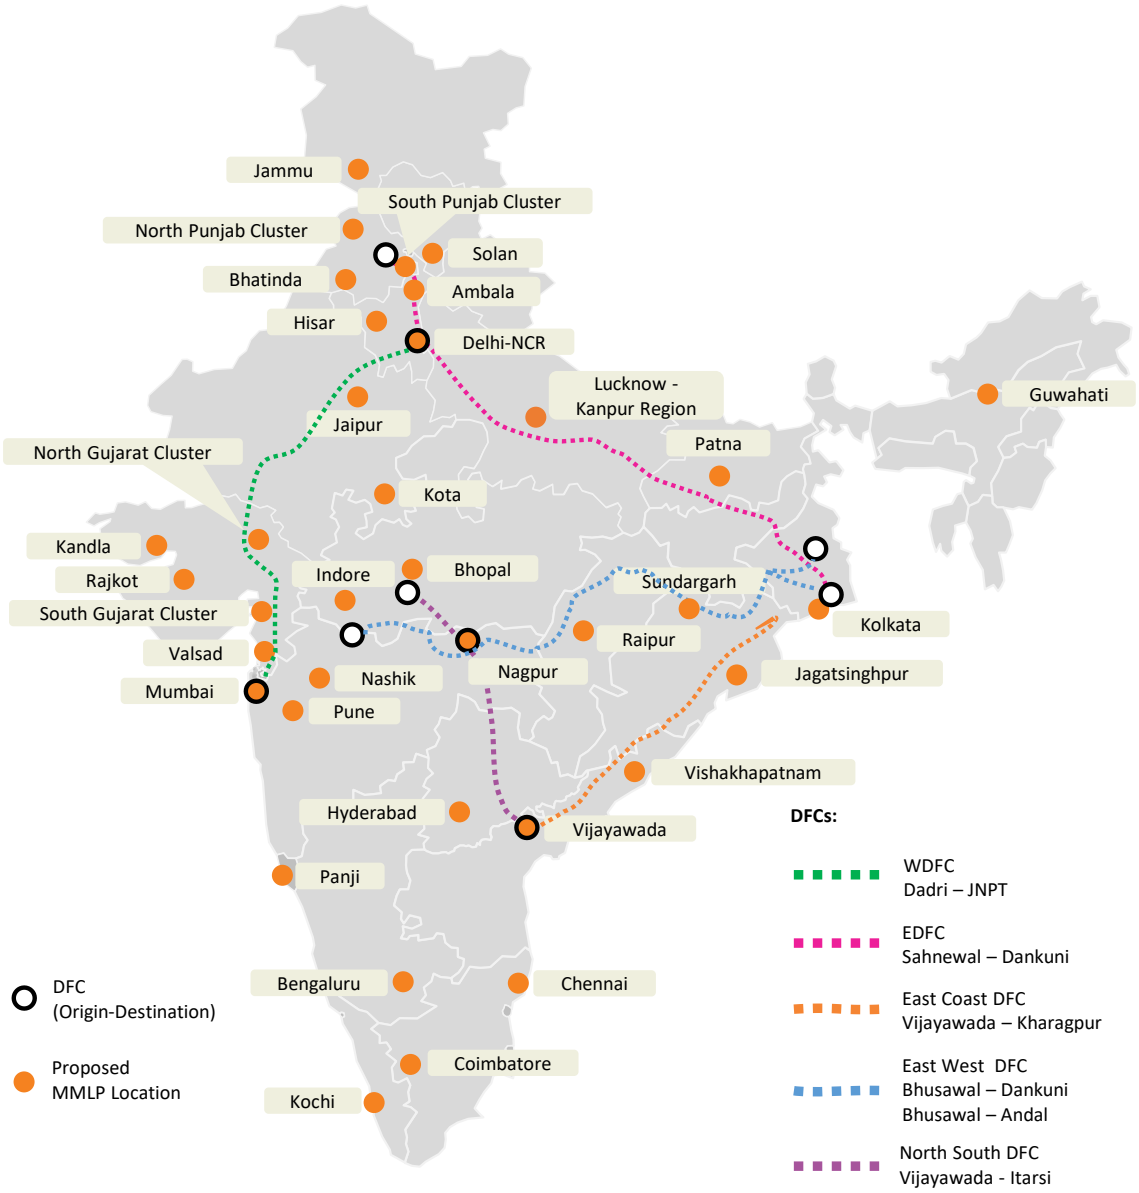
9. **Free Trade and Warehousing Zone (FTWZ) Policy:** In India, Free Trade and Warehousing Zone was introduced in the Exim Policy with the objective to facilitate the import and export of goods and services. Each Zone was considered to have USD 1.2 crores outlay and 5 lakh sqm of built–up area. The government of India introduced the FTWZ Policy as a part of Foreign Trade Policy (FTP) 2004–2009 governed by the SEZ ACT, 2005 and SEZ Rules, 2006 to leverage India's strategic geographical location and cost and skill arbitrage.

10. **Pradhan Mantri Kisan SAMPADA Yojana (PMKSY):** An umbrella scheme incorporating ongoing schemes of the Ministry of Food Processing Industries (MoFPI). PM Kisan SAMPADA Yojana is a comprehensive package which will result in creation of modern infrastructure with efficient supply chain management from farm gate to retail outlet. Government has identified cold storage as a thrust area for development and has recommended for the creation of cold–chain Infrastructure. The objective of the Scheme of Cold Chain, Value Addition and Preservation Infrastructure is to provide integrated cold chain and preservation infrastructure facilities, without any break, from the farm gate to the consumer.

11. **Coastal Economic Zones (CEZ):** The government intends to encourage port-led industrial growth in the nation through the Sagarmala initiative. To this end, 14 coastal economic zones have been assigned for development, and there are strategies for leveraging investment for approximately USD 123 billion in 415 projects nationwide.

Additionally, finalization of draft policies, including the National Logistics Policy and Logistics Master Plan will further boost logistics activity nationally.

*Figure 17: Logistics – Key Infrastructure Developments*



***Source:*** *Ministry of Road Transport and Highways*

## 2. Overview of Indian Logistics & Warehousing Sector

### a. Logistics and Warehousing Overview at India Level

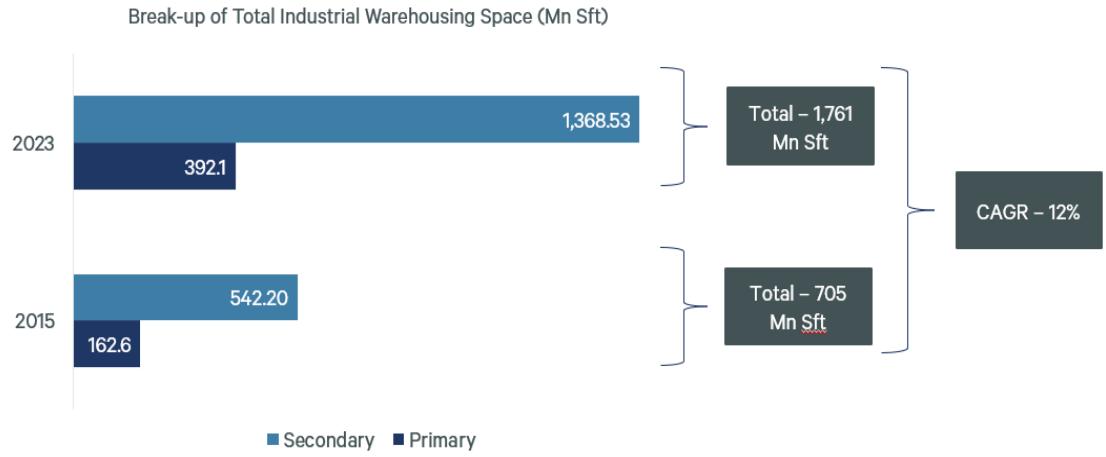
India's logistics and freight industry is valued at an estimated USD 317.26 billion in 2024, driven by a burgeoning economy and a consumer base of nearly 1.4 billion. The warehousing sector has emerged as an attractive investment destination, fueled by the exponential growth of e-commerce, 3PL, and modern retail. Since the implementation of GST in FY 2015, the Indian warehousing industry has witnessed robust growth, expanding at a CAGR of approximately 12% through FY 2023. This momentum is expected to continue, with a projected CAGR of 12-13% over the next five years.

While Tier 1 cities will continue to experience growth in grade A warehouse development (15-20% CAGR), Tier 2 cities are poised for even higher growth. Driven by increasing internet penetration, rising disposable incomes, and the rapid expansion of e-commerce and quick commerce, demand for warehousing in Tier 2 & 3 cities is set to surge. This growth is expected to range from 14% to 18% annually over the next four to five years, making these regions key drivers of the warehousing sector in the near future.

Further, Manufacturing and logistics industries are inextricably linked, with producers relying on robust and efficient supply chains to receive raw materials and ship finished products to customers. Though the manufacturing industry is expected to grow, India's low logistics efficiency has historically played a significant role in reducing its industrial competitiveness. Over the last few years, the Government of India has implemented a number of policies and infrastructural measures to boost the growth of the manufacturing

sector and improve the efficiency of the logistics industry.

*Figure 18: Breakup of total industrial warehousing space in Mn sf*



***Source:*** *CBRE Research*

As of 2023, the total industrial warehousing supply across India is almost 1,761 million sft. Of this, primary warehousing stock[6] makes up about 22% of the total industrial warehousing supply, with secondary warehousing space making up the rest (78%).

The top eight cities in India account for 22–24% of the total industrial warehousing supply, whereas the top twenty-four cities account for approximately 32–33% of the total warehousing supply in India.

***Figure 19: Warehousing Stock of top 8 cities in 2015 Vs 2023***

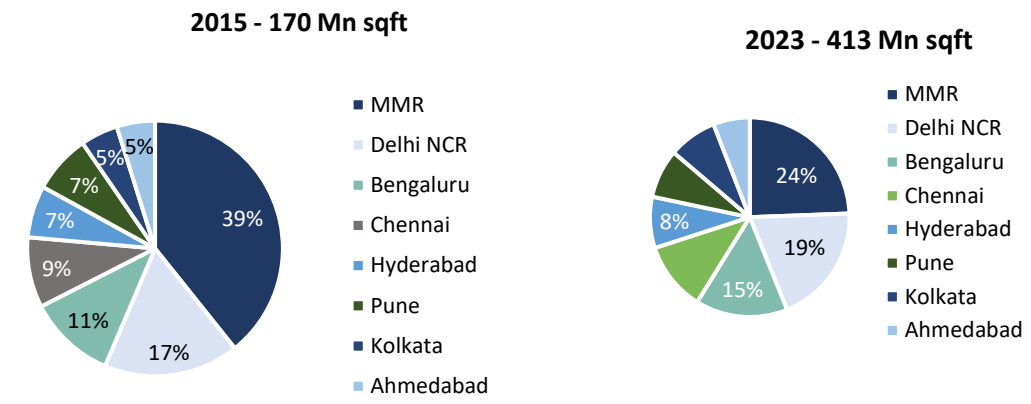
[6] ***Approach & Methodology for assessment of pan India warehousing Supply***

*(i) Conducting an analysis of the distribution of market share of significant occupiers in various industries by mapping their warehouse footprint using primary and secondary sources of information. The consolidated data is obtained from primary and secondary research sources, with some reliance on third parties for data points, which has been used to approximate the present market size.*

*(ii) Forecasting the market share of the industry sector in the aggregate warehousing market size in India through a comparison of the mapped warehousing space occupied by significant occupants with the total available space. The present analysis provides preliminary insights into the competitive environment and prospective avenues for expansion in the Indian logistics sector. This has been done to provide stakeholders with an understanding of market conditions, growth potential, and associated risks; actual figures may vary.*

***Key Caveats to the Approach and Methodology***

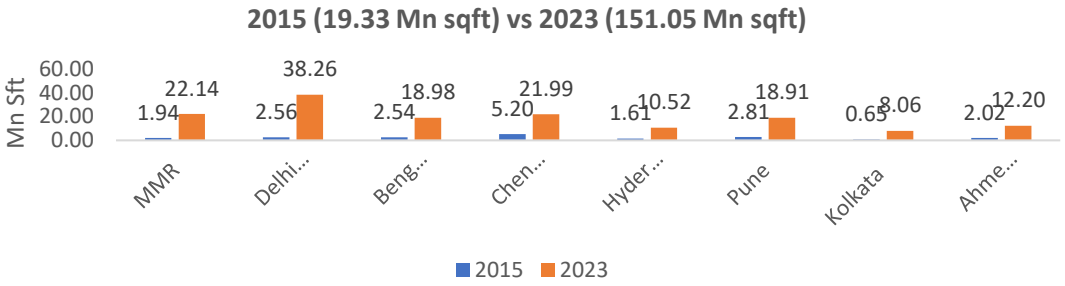
- *Industry sizing of the identified industrial sectors would be based on the secondary research*
- *Warehousing footprint has been mapped based on primary research / on ground market research / stakeholder interaction.*
- *Market sizing projections for identified industrial sectors are derived from secondary research and historical growth rates as well as macroeconomic and microeconomic data. The future trajectory of the warehousing sector is contingent on macroeconomic indicators, and any fluctuations in these indicators could potentially affect the projected growth.*



***Source:*** *CBRE Research*

The quality of warehouse with the most significant expansion has been Grade A warehousing, which has increased by around 27% across the top eight cities. The fact that the top eight cities exhibit an aggregate growth rate of 25%–27% suggests that end users are increasingly inclined towards modern warehouses. This shift towards Grade A warehousing in major cities indicates a growing preference for efficient and modern storage facilities. This trend towards Grade A warehouses is also observed in Tier II and III cities. In Tier II cities, demand is further driven by the entry of global industries, improved connectivity, rising disposable incomes, and limited availability of ready-to-move-in space in Tier 1 locations. Occupiers are adopting diverse strategies, including self-build, partnerships, and build-to-suit solutions, to enter and expand in these markets. Furthermore, optimizing the logistics supply chain across all stages is crucial. The emergence of last-mile facilities like micro-fulfillment centers and dark stores will support rapid deliveries within Tier II cities, significantly enhancing demand for warehousing spaces.

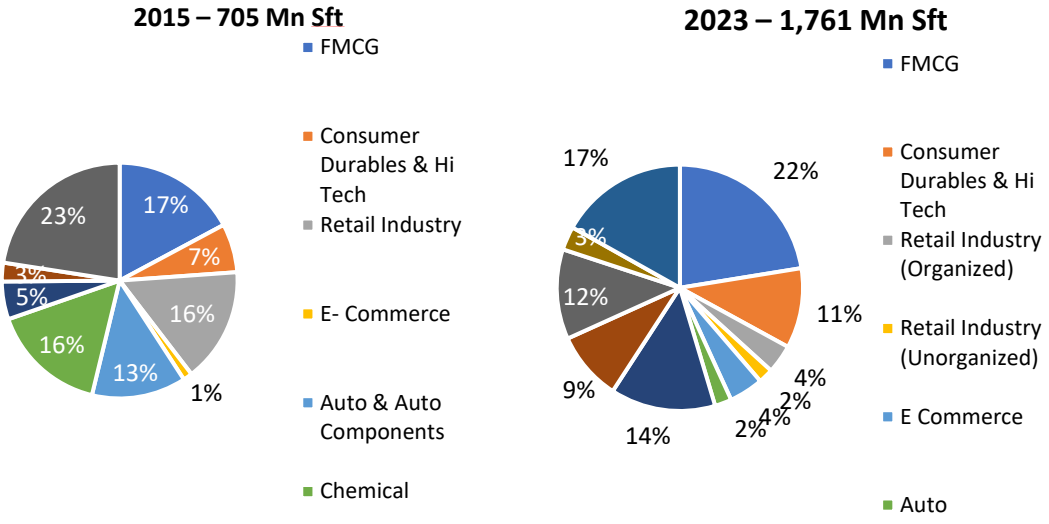
*Figure 20: Grade A Warehousing Stock of top 8 cities in 2015 Vs 2023*



***Source:*** *CBRE Research*

As the demand for industrial storage grows, developers are expected to focus on building Grade A facilities in Tier I, II, and III regions to suit end customers' demands. This tendency suggests that urban storage solutions will become more efficient and technologically advanced. The demand for Grade A storage is expected to rise further as end users pursue efficient logistics and supply chain operations.

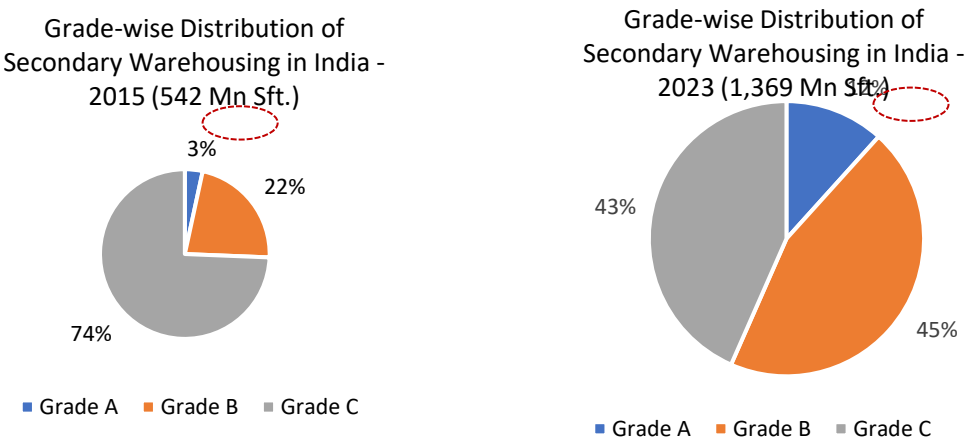
*Figure 21: Sector Wise Distribution of Total Warehousing Supply – 2015 Vs 2023*



***Source:*** *CBRE Research; Note: *Others – wood, paper, metal products, electrical equipment, machinery & equipment*

With respect to the sector–wise split in the secondary warehousing space, the e–commerce and retail (unorganized and organized) industries have shown exponential growth during 2015–2023. Further, FMCG, FMCD and textile and Apparels account for the maximum share in terms of requirement of warehousing.

*Figure 22: Grade–Wise Distribution of Total Warehousing Supply – 2015 Vs 2023*



***Source:*** *CBRE Research; * Secondary warehousing is the transportation of goods from a warehouse to a distributor.*

India's warehousing segment has seen a surge in Grade A and B space over the last 6–7 years. Grade A space has increased from 18 million sft to 160 million sft during 2015–2023.

Grade A space is expected to grow further in the next 3–4 years owing to the emergence of e–commerce, 3PL and modern retail sectors, as discussed earlier, coupled with focus from international and national funds on Grade A warehousing development.

Apart from the push from funds and institutional players towards developing Grade A warehousing stock, there is an increasing preference of end–users for warehouses developed by institutional/ organized players with a pan India presence. Grade A players have a planned supply of nearly 50 million sft across the top eight Indian cities and is expected to be developed over the next 3–4 years.

### 2.1.1. Evolution of Warehouse Quality

Warehouses play a strategic role in the supply chain by enabling inventory distribution, sorting, or cross–docking processes that strive to meet the growing demand of the market. The warehousing industry in India has transformed over the last decade, with the demand for Grade A quality warehouse increasing from traditional Grade B and C developments.

*Table 1: Evolution of Warehousing Qualities in India*

| Pre–2005 | 2005–2016 | 2017 onwards |
|---|---|---|
| C Grade | B Grade | A Grade |
| Structure Type: RCC Sheds<br>Centre Height: 5–6 m<br>Floor Capacity: 3–4 tonnes/$m^2$<br>Canopy Length: No Provision<br>Average Floor Plate: 10,000–50,000 sft<br>These developments have a poor ventilation system, congested truck maneuvering areas, no parking facilities, poor floor strength, minimal lighting, etc. | Structure Type: PEB/RCC<br>Center Height: 6–9 m<br>Floor Capacity: 4–5 tonnes/$m^2$<br>Canopy Length: 1–2 m.<br>Average Floor Plate: 50,000–100,000 sft<br>Other facilities: Water harvesting facility, basic fire–fighting facilities, manual gate rollers, etc. | Structure Type: PEB<br>Center Height: 9–12 m<br>Floor Capacity: 5–10 tonnes/$m^2$<br>Canopy Length: 3–5 m<br>Average Floor Plate: 100,000 sft & above<br>Other facilities: Water harvesting, fire–fighting facilities, ESFR/K115-160 sprinkler system, automated gate rollers, automated dock levelers, forklifts, optimized column spacing, flat, high dock door ratios, extensive concrete truck courts, solar powered lighting and ventilation systems, dedicated truck parking, etc. |
| | | |

***Source:*** *CBRE Research*

Over time, warehouse buildings have evolved, from RCC structures to modern warehouses. Driven by the need for large floor plates and higher capacity utilization, the warehousing industry in India has scaled up and upgraded its existing capacities to meet the rising requirements of the sector. Surge in demand from manufacturing industries coupled with the surge of e–commerce companies have brought in a best–in–class supply chain ecosystem to the country. This has led to the initiation of quality–grade, modern warehouses with efficiency, quality, amenities, and safety as priorities.

A transformation in the development of warehouses has, therefore, been witnessed over the years, especially in terms of construction and technology, which is also a testament to the fact that the Indian warehousing industry is evolving and competing with international standard warehousing developments.

*Table 2: Comparison of Grade A Warehousing Specifications*

| Specifications | India | Other Established Countries |
|---|---|---|
| Structure | PEB, pre–cast concrete walls up to 3.64 m, metal panels up to roof | PEB steel frame structure and pre–cast walls with insulation |
| Column Spacing | 11–12 x 24–25 m | 11–12 x 24–25 m |

| Specifications | India | Other Established Countries |
|---|---|---|
| Clear Height | 12 Mm | 9–15 m |
| Skylight | Energy efficient lighting and skylights | 2–4%<br><br>natural light |
| Flooring | 5 tonnes/$m^2$ flat/ super flat floors, FM2–compliant | 5–6 tonnes/$m^2$ with anti–dust floor finishing |
| Canopy Width | 3 – 4.5 m wide awning | Canopy dock door seal or dock shelter |
| Firefighting Systems | Global NFPA/FM/NBC standard firefighting and suppression systems | ESFR, fire hydrant system, air sampling alarm system, and hose reel |
| Office | Over 2 floors: ground and mezzanine | Over 2 floors: ground and mezzanine |
| Roof | Standing seam premium roof system and capability of taking solar panel load | Standing seam premium roof system and capability of taking solar panel load |
| Lighting | LED fixtures to provide 150 Lux illumination | LED fixtures 150–200 Lux |
| Ventilation | 3–6 air changes per hour | 3–6 air changes per hour |
| Docking System | Manually/Automatic operated rolling shutters and mechanically operated dock levelers | Automatic/ Manually operated rolling shutters and mechanically operated dock, levelers |

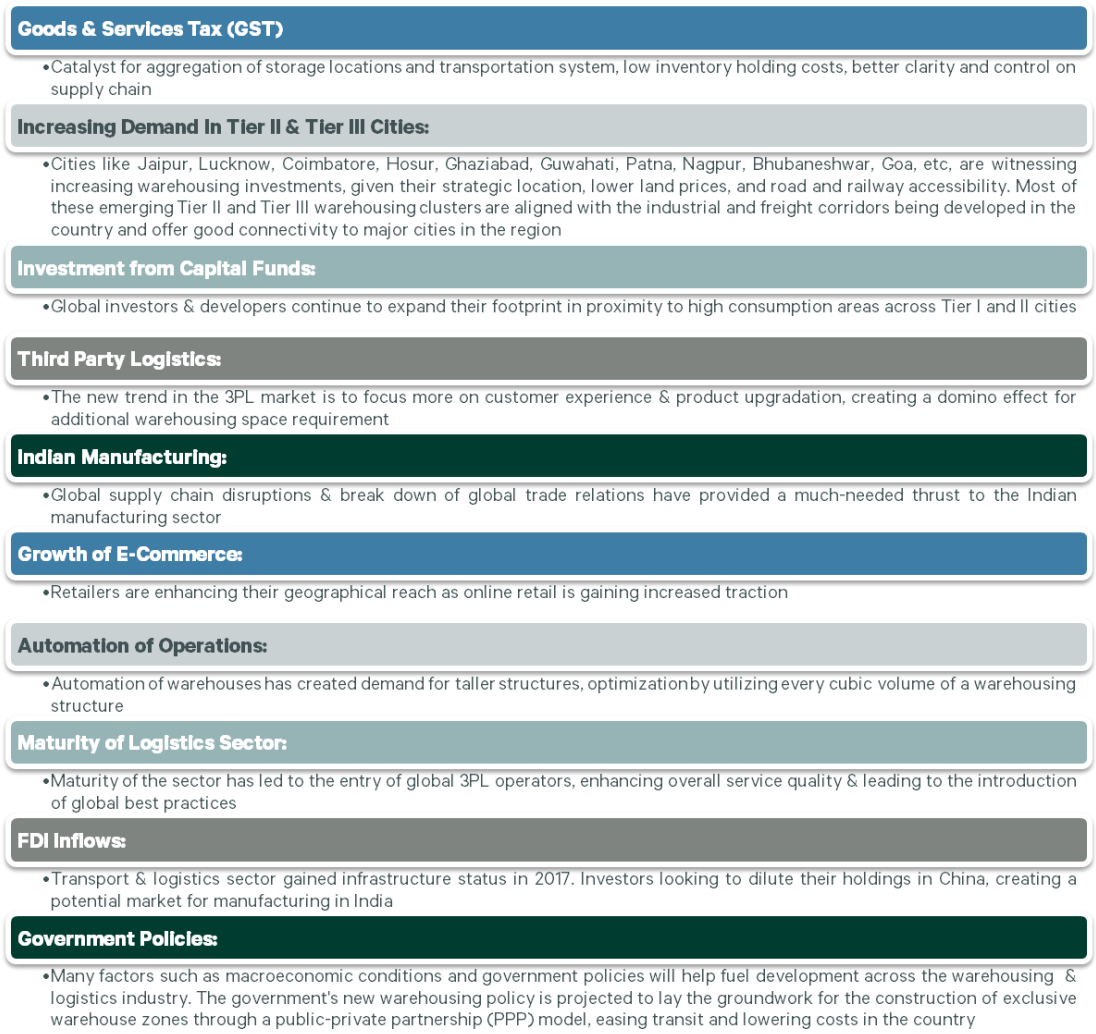
***Source:*** *CBRE Research;*

The technology used for constructing warehouse structures in India is aligned with standard global practices, such as the use of pre–engineered building (PEB) structures that are light weight, high strength, and provide a larger span, while reducing time and cost over conventional RCC structures.

**b. Demand Drivers for Indian Logistics & Warehousing Sector**

Structural changes continue to drive demand for logistics facilities in India. The Indian logistics sector is evolving quickly, driven by continued policy interventions, robust growth in manufacturing along with the rise of e–commerce and third–party logistics (3PL) players. The logistics sector is seeing expansion due to increased demand from conventional occupier sectors as well as faster demand from e-commerce and 3PL sectors.

*Figure 23: Demand Drivers for Warehousing in India*



***Source:*** *CBRE Research*

### i. GST and the Emergence of Omnichannel Retail

The supply chain networks in the GST era are being planned with more customer focus, taking into consideration the geographical location of customers. It is obvious that post–implementation of GST, there is a need for redesigning the distribution and procurement network to transition from state–centric supply chains to a geographic and demographic–centric supply chain.

### ii. Growth of E–Commerce

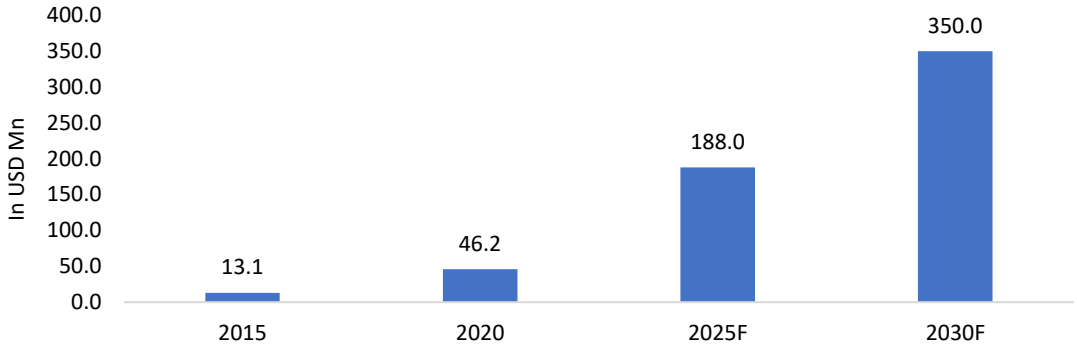
With the boom in the e–commerce industry and changes in consumer behaviour, the logistics sector too has significantly benefitted. E–commerce growth has been one of the key factors influencing the increase in demand for Grade A warehouses.

### iii. E–Commerce Boom and Its Impact on Retail

After China and the US, India has the third–largest online consumer base of 230 - 250 million as per FY 2023. India's online retail industry is expected to grow at a CAGR of 22.45% and become a USD 350–billion market by 2030.[7] Furthermore, the Government has played a pivotal role in the overall growth of this industry. Policies, including the allowance of 100% FDI in the Business–to–Business (B2B) channel have strengthened this evolving market.

*Figure 24: India E–Commerce Market Size*

[7] IBEF, December 2023



***Source:*** *IBEF, December 2023*

**iv. Reduction in Overall Logistics Cost at GDP Level**

India's logistics sector witnessed a remarkable improvement in 2021-2022. Logistics costs as a percentage of GDP significantly decreased, falling to a range between 7.8% and 8.9%[8]. This marks a substantial improvement compared to 2016, when logistics costs were much higher at 13%. This positive trend can be attributed to several factors, including reduced expenses in areas like inventory holding, packing, stevedoring, transportation, information management, and administration during the 2021-2022 period.

**v. Growth of 3PL**

The term "third-party logistics" encompasses various types of businesses, including those engaged in outsourced logistics operations, "less than truckload (LTL)" logistics, and "Courier, Express and Parcel" (CEP) services. Third-party logistics providers facilitate the streamlining of supply chains and the enhancement of operational efficiency, which can be of great benefit to a wide variety of business types

**vi. Thrust towards Indian Manufacturing**

Government initiates in the sector and a breakdown of global trade relations have provided a much–needed thrust to the Indian manufacturing sector, with some of the critical factors being:

**US–China Trade War:** Following imposition of trade tariffs, there have been global concerns regarding erosion of global GDP and a decline in trade. Though the global economic outlook looks grim, India has an opportunity to replace Chinese exports globally.

**Chinese Supply Chain Disruptions:** Supply chains reliant on China have been disrupted by two major events: the imposition of US trade tariffs and the pandemic. Other factors, such as rising labor costs and intellectual property concerns, may also be driving companies to consider alternatives to China within Asia

**Aatmanirbhar Bharat Abhiyan:** With the pandemic and a growing resistance to Chinese imports, there has been a strong focus on developing a self–reliant economy and fostering indigenous production. Aatmanirbhar Bharat Abhiyan is the mission started by the Government of India on 13th May 2020, an economic package of USD 23.8 Billion as aid to support the country in the times of pandemic. Primarily focused on 5 components – Economy, Infrastructure, Systems, Vibrant Demography and Demand.

**vii. Repurposing Warehouses for CKD Assembly**

**Strategic Advantage in Pune, Chennai, and Bangalore**

Certain micro- markets of Bangalore, Pune, and Chennai, offer feasible alternatives for manufacturers seeking to reduce capital investment in specialised assembly facilities, particularly in the initial stages of operation or for low-volume production lines, through the establishment of warehouse infrastructure. Of the overall warehousing stock in Pune, Chennai and Bangalore approximately 34%, 22% and 10% in these cities are occupied by value added services or CKD assembly units. Manufacturers achieve a competitive edge and expedite time to market by utilizing warehousing assets. Implementing value-added services, or CKD assembly units, within Grade A warehousing blocks offers a multitude of advantages in comparison to captive units.

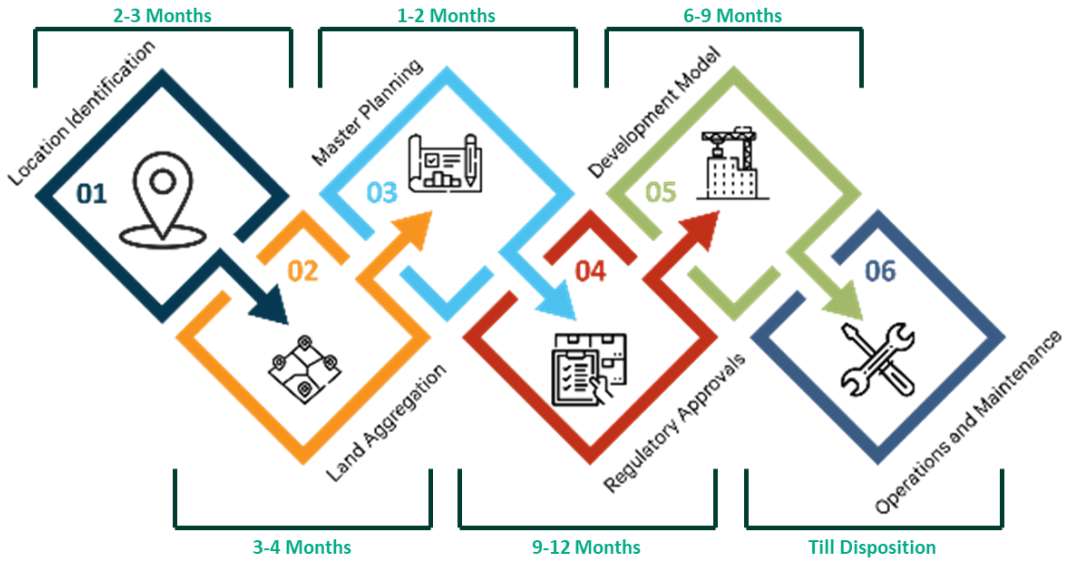
## c. Overview of Logistics Real Estate Fundamentals

### i. Development Cycle for a Warehousing Development

With the pivotal role that warehousing plays in the logistics sector, its development process involves a detailed methodology to ensure smooth operations of the supply chain. Through innovation in development technologies and a booming e–commerce industry, the warehousing industry has become a sunrise sector in India.

***Figure 25: Development Cycle – Warehousing***



***Source:*** *CBRE Research*

#### 1. Location Selection

Warehouses are developed after running detailed demand projections for a location, based on its connectivity with key production and consumption hubs. The location is further broken down into specific sites, based on transportation time and total cost of running operations from the shortlisted location/s. The warehouse location determines the efficiency and speed of a supply chain network.

#### 2. Land Aggregation

Following location identification, acquiring suitable land for warehouses and fulfilment centres is a cumbersome process due to the extensive stakeholder and legalities involved in the process. Access to land is the most challenging entry barrier to the sector. The average land holding in India is 2.67 acres[9] compared to 16.9 acres in the USA, making aggregation and acquisition of land among the biggest challenges of developing any project in the country.

#### 3. Master Planning

The master planning exercise has a lasting impact on how a warehousing facility is developed, operated, and subsequently integrated into its target market. It defines the connection between the topography, land use, infrastructure, public right–of–way, buildings, social settings, and their surrounding environments.

#### 4. Regulatory Approvals

A critical process in developing warehousing hubs is getting the requisite approvals from key authorities. Depending on the location of the warehouse, key regulatory approvals are required to ensure the development of the warehousing facility. The required approvals include environmental clearances, approvals from pollution control board/s, approvals from the Directorate of Fire and Safety, forest approval/s, and ground water clearance.

#### 5. Development Model

[9] Department of Agriculture; Government of India; Agriculture Census

The construction of a warehousing facility involves the scheduled hiring of contractors and project managers for activities ranging from bulk earthworks, the construction of roads and other transportation networks, and the installation of infrastructure services such as power, water, telecommunications, both for the facility as well as for any required "last–mile" connection spurs. Construction management strategies must minimize the adverse impacts of the development process on the natural and social landscape.

The key components of the warehouse facility are generally assembled as a pre–engineered building (PEB) structure at the subject site. Thus, modern warehouses are fungible in nature, wherein defective or damaged components, such as walls, ceilings and floorings, can be easily replaced. Modern Grade A warehouses are generally constructed along the following development models:

- **Standard Box Warehouse:** The developer constructs the warehouse space as per existing specifications and assembly requirements of the PEB structure.

- **Built–to–Suit (BTS) Warehouse:** The developer constructs a warehousing space as per client requirements, allowing for dynamism and flexibility that businesses require to handle contemporary logistical challenges.

## 6. Operations and Maintenance of Warehousing Facilities

At the most basic level, warehousing facilities are meant to provide an integrated real estate solution for gaps in the market for serviced warehousing options. In this context, Grade A developers provide more than built–up area and utilities. As integrated real estate solutions, a warehousing facility's primary indicator of success is its occupancy level. It is, thus, essential for such facilities to attract tenants and retain them. The main management functions required during the operation of a warehouse include infrastructure management and operations, along with the provision of administrative, business, and social services.

## 7. Assessment of Development Costs

Developing an Industrial–grade Warehousing Asset: When companies outgrow their current warehousing spaces, they look to lease new warehouses to expand and streamline their distribution and delivery processes. The development of infrastructure projects is a complex and resource–intensive process. Factors influencing warehousing development costs include land costs, construction costs, financing costs, etc.

Land costs: Factors influencing the price of land for a real estate development are:

- Physical attributes of the subject land such as topography, location, availability of water, etc.

- Proximity to economic activities/ consumption hubs

- Demand and supply dynamics

The cost of land for an envisaged warehousing development is typically in the range of INR 10–25 million/acre, depending on the demand–supply dynamics, market conditions, the status of the lands, etc.

**Warehousing construction cost:** There are various cost elements involved in the construction of an industrial–grade warehouse. These include soft costs, hard costs, financing costs, etc.,

- Soft costs are not directly linked to the construction activity. Soft costs include permits, taxes, insurance, engineering, architectural design, etc.

- Hard costs are all cumulative expenses directly linked to the physical construction. They are actual construction costs, inclusive of labour and material.

*Table 3: Typical Warehouse Cost of Construction*

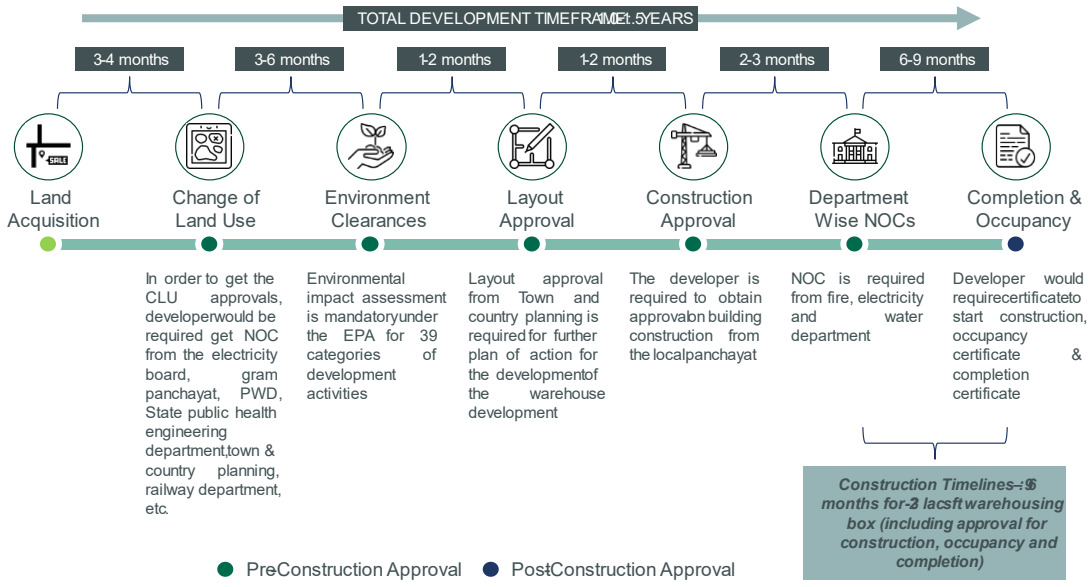
| Typical Cost of Construction (Grade A warehouse) | Cost (INR/sft) |
|---|---|
| Infrastructure (including amenities) | 600 – 650 |
| Civil Costs | 450 – 500 |
| PEB* | 650 – 750 |
| MEP** | 100 – 150 |
| **Total** | **1,800 – 2050** |

***Source:*** *CBRE Research*
*Note: *Pre–Engineered Building; **Mechanical, Electrical and Plumbing,*

**Construction finance and LRD for warehousing asset:** Construction finance is required to meet the developer's liquidity mismatch concerning the construction of the warehousing facility. To warehouse developers, construction finance is offered at the rate of approx. 9 – 9.5% from various private/public banks and Lease Rental Discounting (LRD) is offered at 7.75 – 8.5%.

**Typical lead time:** Typically, it takes around 1.0 years – 1.5 years to build a warehouse, right from the land acquisition phase to the development of the facility (considering a box size of ~2.5–3.0 lakh sft).

***Figure 26: Warehouse Development Approvals & Timeline***



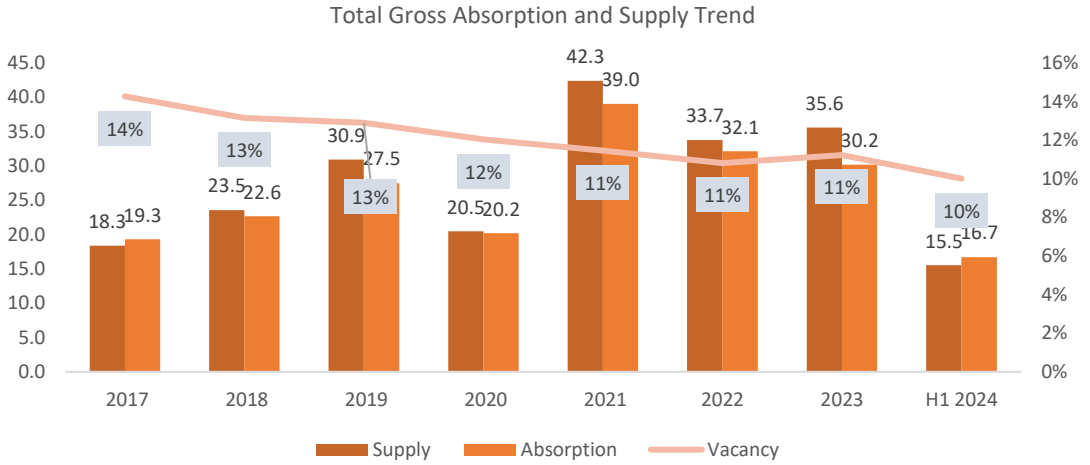
***Source:*** *CBRE Research*

## ii. Preference for Logistics Sector

### 1. Investor Preference for India's Logistics Sector

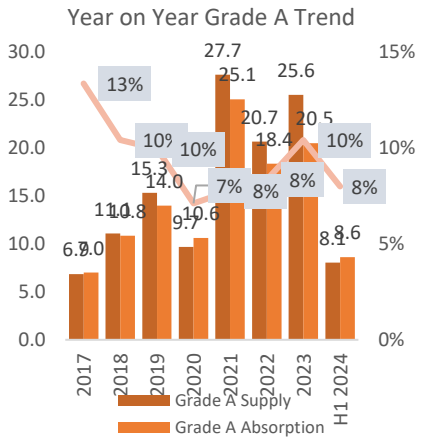
India's logistics and warehousing sector has witnessed a sharp recovery in H1 2024, primarily supported by pro–active Government interventions along with increased investments by private investors/ developers. This momentum in leasing is likely to continue into H2 2024, driving rental growth across cities. The continued space take–up would be led by the continued expansion of 3PL and e–commerce firms against a macroeconomic recovery and rising online penetration.

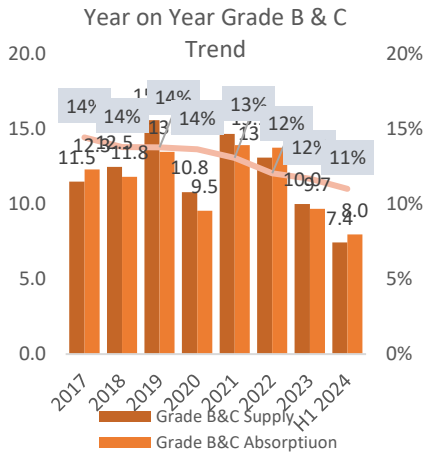
*Figure 27: Warehousing Sector – Grade Wise Gross Absorption Vs Supply Trends (Million Sft)*



***Source:*** *CBRE Research*

*Figure 28: Warehousing Sector –Gross Absorption Vs Supply Trends across Grade A & B (Million sft)*





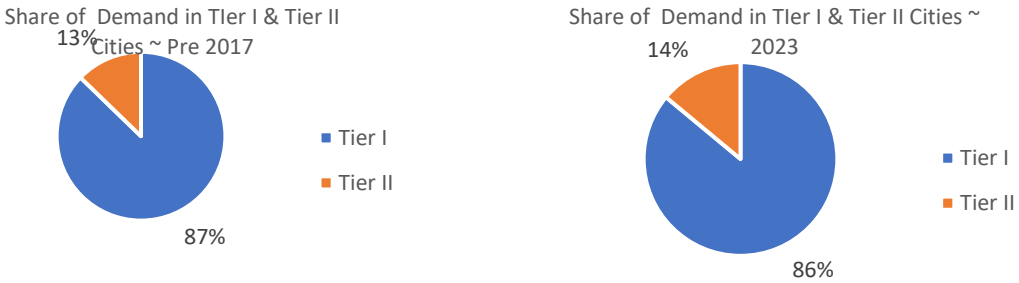
***Source:*** *CBRE Research*

## 2. Surge in Warehousing Demand from Tier II Cities

Tier 2 cities are home to a vibrant consumer segment that is experiencing significant growth in income, purchasing power, and product awareness. These consumers are increasingly participating in e-commerce, driving the demand for warehousing facilities in these cities. As a result, many e-commerce companies are expanding their operations to Tier 2 cities to better serve this growing market. By establishing a presence in Tier 2 cities, e-commerce companies are trying to reduce delivery times and costs, leading to increased customer satisfaction and loyalty.

Tier 2 cities represent a vast, growing consumer base with rising disposable incomes. This fuels demand for FMCG (fast-moving consumer goods) products, pharmaceuticals, and other goods, necessitating storage and distribution centres closer to these markets.

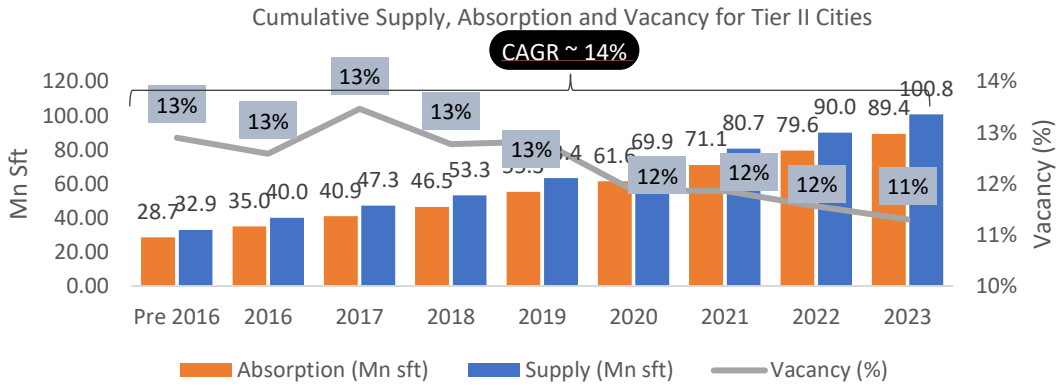
*Figure 29: Warehousing Sector – Tier II cities Absorption Vs Supply Trends*



***Source:*** *CBRE Research: List of Tier I cities: NCR, Mumbai, Chennai, Pune, Bengaluru, Kolkata, Hyderabad, Ahmedabad; List of Tier II Cities: Indore, Lucknow, Guwahati, Jaipur, Rajpura, Nagpur, Patna, Bhubaneshwar & Cuttack*

However, historical growth trajectory of warehousing demand in Tier 2 is comparable to that of Tier 1 cities. As infrastructure and connectivity in these cities improve, businesses seeking to tap into this emerging consumer base are likely to continue to establish warehouses within the Tier 2 cities.

*Figure 30: Warehousing Sector – Tier II cities Absorption Vs Supply Trends*



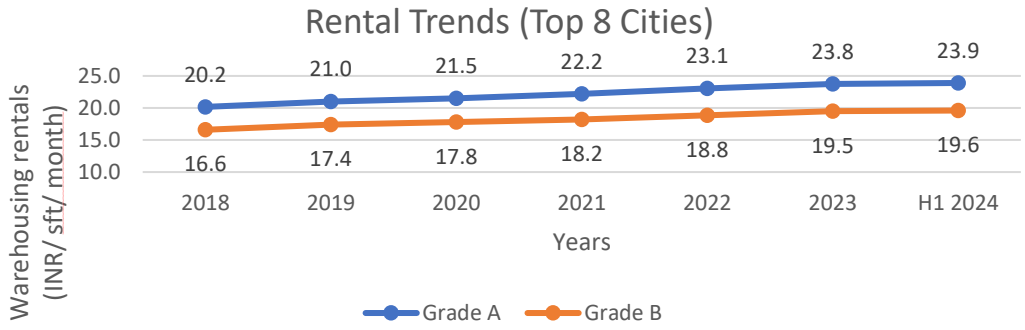
***Source:*** *CBRE Research: Cumulative Supply and Absorption Trend for 19 cities including: Indore, Ludhiana, Nagpur, Patna, Rajpura, Ranchi, Surat, Vijayawada, Coimbatore, Raipur, Sri city, Guwahati, Lucknow, Kanpur, Jaipur, Kochi, Bhubaneshwar, Cuttack, Anantapur, Vishakhapatnam.*

From developers perspective, the competition in Tier 2 cities is less intense compared to Tier 1 cities, providing businesses with opportunities for growth and market expansion. The demand in Tier 2 cities is poised to increase, and it is anticipated that demand will increase by 14% to 18% annually over the next four to five years as demand drivers intensify.

## 3. Rental Outlook

With a steady expansion observed, the warehouse rental market in India is particularly robust in its top eight cities. There has been an observed compound annual growth rate (CAGR) in the rental market for Grade A properties of 4-5% since 2018. Gradual annual increases of 3–4% are observed in Grade B rentals, which cater to a broader spectrum of financial constraints.

*Figure 31: Rental Trends in Top 8 Cities*

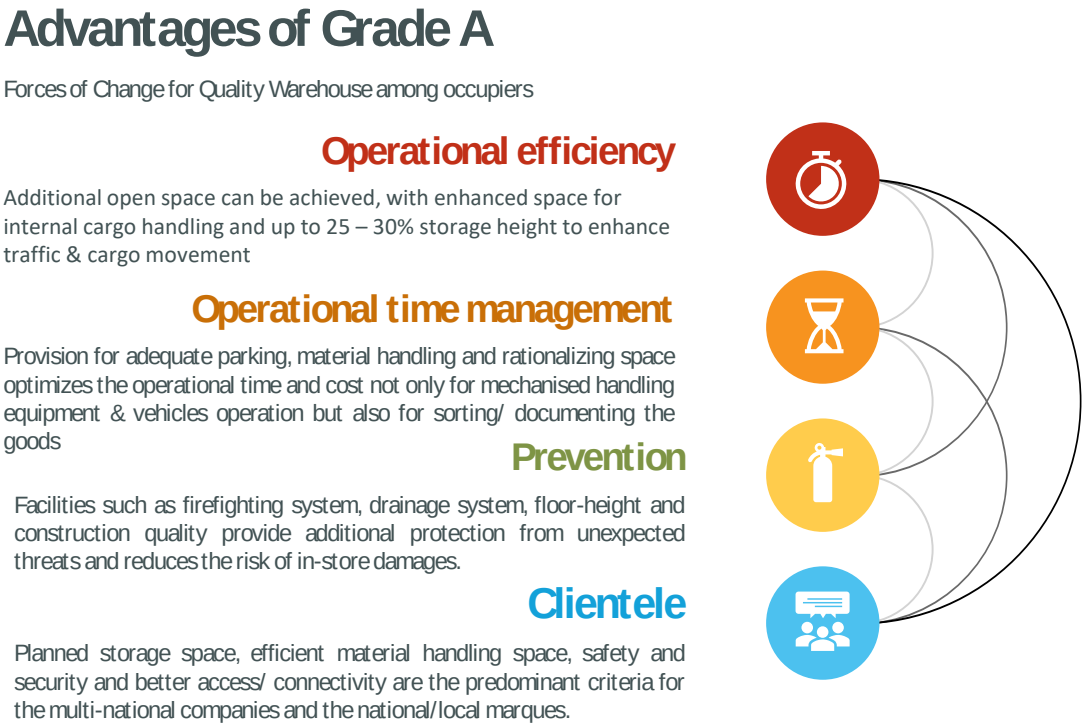


***Source:*** *CBRE Research*

## 4. Value Proposition of Grade A Warehouse

With the supply chain becoming complex with changing consumption patterns, end–users are looking for modern warehouses closer to consumption hubs with the potential to store more cargo per square foot.

*Figure 32: Grade A Warehouse Efficiency Enablers*



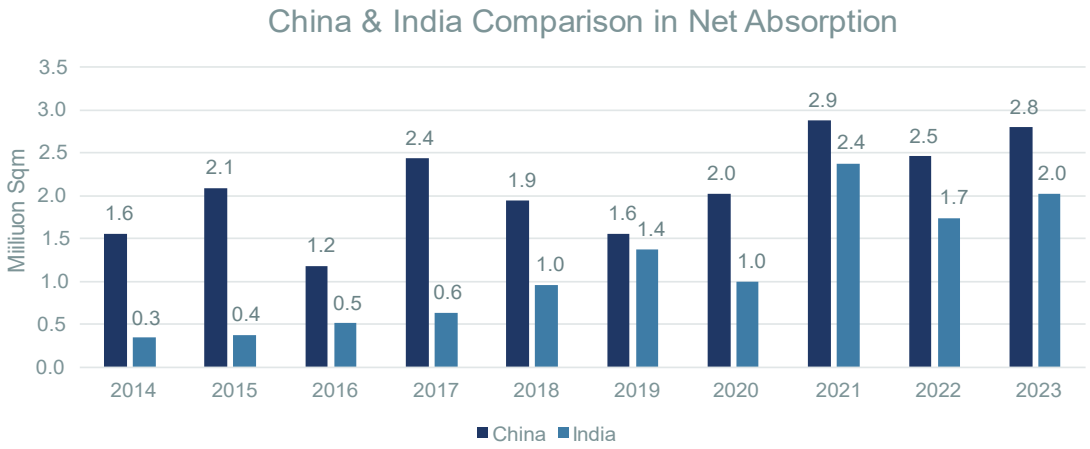
***Source:*** *CBRE Research*

### iii. India's Warehousing Sector Primed for Expansion

At present, the Indian warehousing market is in its nascent phase of growth and has not yet achieved its full potential. The Grade A warehousing supply in India is currently lagging behind, but its swift expansion suggests a bright future. Rapid expansion suggests a bright future for India's Grade A warehousing assets, despite the fact that it is currently catching up. The increasing demand from various sectors and government initiatives are propelling this expansion.

Grade A warehousing supply in India's top 8 cities is rapidly catching up to China's[10] leading metropolises. This head-to-head comparison underscores the immense potential for further growth and investment in India's warehousing sector.

*Figure 33: Per Capita Warehousing – Top 8 India Vs China Cities*



[10] The information presented in the graph is based on data obtained from CBRE reports and other secondary sources. While these sources are recognized within the industry, it's important to acknowledge that the data may contain inherent biases or limitations due to the methodologies used in their collection and estimation.
For a more comprehensive understanding of the Indian warehousing market, it's recommended to conduct primary research, such as surveys or interviews with industry experts. This primary research would provide independent verification and potentially uncover nuances not captured in the secondary data.

***Source:*** *CBRE Research:*

However, for India to compete globally, it needs to bridge the gap in per capita stock and potentially invest more in automation. The best way to understand the scale and opportunities of the Indian warehousing market is to compare India's per capita industrial warehousing off-take with that of global economies.

India has a per capita warehousing stock of 4.5 sft. Even in terms of transactions volumes, in 2023, approximately 195.2 million sft[11] of warehousing space was transacted across 10 key US cities, whereas approximately 30 million sft[12] was transacted across 8 key Indian cities. The growth of the warehousing market is directly correlated to the consumption base of an economy.

The warehousing industry in India is positioned for substantial expansion. Although the initial surge of growth has been observed in Tier 1 cities, a subsequent wave of growth is anticipated in Tier 2 cities. India can potentially establish its warehousing sector as a major participant on the international stage by addressing the per capita stock gap, adopting automation, and leveraging its expanding consumption base.

## iv. Competition Assessment

### 1. Barriers to Entry

There are substantial barriers to entry in the warehousing sector, though compared with other commercial and industrial real estate asset classes they are significantly low. In the warehouse segment, access to land at the right location is one of the biggest barriers to entry.

### 2. Unorganized Competition

As of 2023, the warehousing market in India is largely fragmented and dominated by unorganized developers, who serve approximately 85% of the country's warehousing supply. This unorganized market stock is characterized by limited mechanization. The presence of unorganized developers lends India's warehousing market considerable inefficiencies in terms of high handling costs owing to higher average inventory holding, limited mechanization, and limited technology–driven innovations, among other factors.

### 3. Competition among Organized Developers

Observing the potential growth opportunities in the Grade A space, organized players including global developers such as TVS ILP, LOGOS, Ascendas, Indospace, Pragati, Welspun, Greenbase, Horizon and Hiranandani have identified the segment for investments. Private equity investors have also collectively invested approximately USD 1.03 billion in the year 2023 in the Industrial & logistics sector. Further as of H1 2024 approximately USD 126 million has been invested in the same.

***Figure 34: Evolution of Institutional Players in The Indian Warehousing Market***

***Source****: CBRE Research*

Various development models have been adopted by organized players for the expansion of their warehousing portfolio in the country. Due to the paucity of investment–grade warehousing assets, organized developers such as ESR, Ascendas Firstspace, and Indospace, have adopted a self–development model for their growth.

## v. Upcoming Logistics Trends

### 1. Evolving Distribution Channels

[11] Cities including Dallas, Chicago, Atlanta, Houston, Inland Empire, Southern New Jersey, Los Angles

[12] Cities including NCR, Bengaluru, Chennai, Pune, Mumbai, Hyderabad, Kolkata, Ahmedabad

Omni–channel distribution has emerged as the most resilient of the single and online channels, due to the seamless integration between contact channels, thereby providing flexibility to consumers during the pandemic. With e–commerce continuing to challenge traditional supply chains, distributors have augmented urban logistics systems to serve consumer hotspots. With retailers comprehending the significance of customer proximity and strategic locales, the following trends are envisaged to emerge in the logistics and warehousing space:

- Last–mile facilitation
- Gradual shift in warehousing demand to smaller cities

**2. Last–Mile Fulfilment**

Retailers and distributors are under increasing pressure to deliver consumer products and perishables to customers, often within narrow timeframes. This has created a need for adequate delivery sites in and around dense urban areas to accommodate the growing consumer demand.

Warehouse occupiers have begun implementing the next phase of their supply chain development, incorporating smaller regional and local distribution centres that can get their products to the end user quicker and more efficiently.

**3. Shift in Demand to Tier II Cities and Tier III Cities**

Increasing consumption and a shift in the manner in which consumer acquire and consume goods have contributed to the recent expansion of warehouses in Tier I Indian cities. The rise of omni-channel platforms and the increasing demand for faster delivery services have further driven this growth. As companies increasingly prioritize supply chain streamlining and efficiency, demand for larger warehouse spaces is rising, particularly in urban areas. This trend is expected to extend to Tier II and III cities, as companies expand their operations and embrace omnichannel strategies, the demand for warehouses in these regions will significantly increase. This increased demand is likely to drive further expansion of warehousing facilities. The recent surge in Grade A warehousing space in Tier II and III cities reflects the evolving dynamics of the Indian logistics sector.

The shift towards Tier II and III cities is already noticed the trend in cities such as Coimbatore, Jaipur, Lucknow, Vijayawada, Jammu, Cuttack, etc. These Tier II and III cities offer lower land costs, better infrastructure, and proximity to major highways and ports, making them attractive options for warehousing development. It is expected the demand for Grade A warehousing space in these emerging markets to only increase as omnichannel logistics continues to expand. With greater internet penetration, Tier II and III cities will help small towns, peri-urban areas, and rural areas sell online.

It is expected that India's supply chain network will be hub-and-spoke, with pivotal warehouse hubs supporting smaller regional spokes and creating a trickle-down effect.

India's 24 cities and their environs accommodate 30% of the country's total population and 90% of its urban inhabitants.

| Vishakhapatnam | 2.5 | 72% | 1.2 | 88% |

***Source:*** *CBRE Research; Updated as of Q3 2024*

### 3.1. Bengaluru

Bengaluru is one of the fastest growing cities in India. A major part of this growth can be attributed to the information technology boom, which has reflected strongly in the real estate industry. Apart from the significant IT/ ITeS activity, the city is also witnessing enhanced activity levels across diverse sectors such as aerospace research, biotechnology & textile sector. Currently, Bengaluru alone accounts for approx. 38% of software exports from India and 60% of biotechnology companies in India have a base in Bengaluru.

Major industry sectors driving demand for institutional Grade warehousing space in the city include Logistics/3PL, E-Commerce, Modern Retail, FMCD, Apparel & Manufacturing. Key occupiers present in the city include Amazon, Flipkart, Delhivery, Future Supply Chain, TVS Supply Chain, DHL, Gati KWE, DB Schenker, Decathlon, Aditya Birla, etc. Indospace, All cargo Logistics, TVS, Avigna Industrial & Warehousing Parks, Horizon Industrial Parks, Ascendas, Logos, NDR Warehousing, RKV Developers, Gokaldas Warehousing and Anjaneya Developers are the major institutional players in the warehousing market.

#### 3.1.1. Existing Infrastructure Initiatives

The city has a road network consisting of 3 National Highways and 4 State Highways. The arterial roads branching out from the centre and the concentric ring roads are the main corridors driving the real estate activity in the city. The city has three ring roads i.e., Inner Ring Road, Outer Ring Road and the Nice Expressway that were commissioned to enable urban sprawl and develop the outskirts of the city.

#### 3.1.2. Proposed Infrastructure Initiatives

Below is a broad level outline of the proposed infrastructure initiatives in the city:

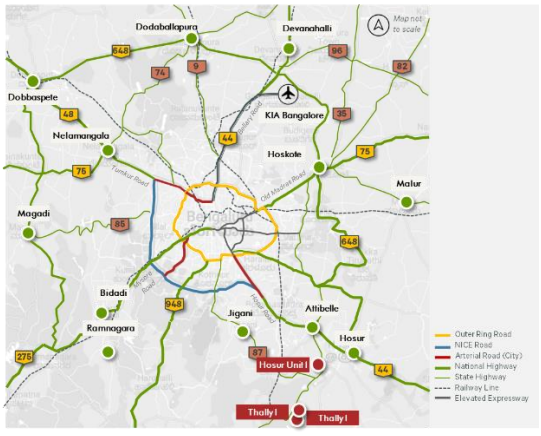
| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| Satellite Town Ring Road (STRR) | Ongoing 280 km long, 6-lane bi-directional carriageway which connects major towns such as Hoskote, Devanahalli, Doddaballapur, Dobbaspete, Magadi, Ramanagara, Kanakpura, Anekal, Hosur & Sarjapura<br><br>The project intends to ensure hassle-free inter-city connectivity preventing the vehicles from entering the busy routes of Bengaluru | 2025E |
| Peripheral Ring Road (PRR) | 74 km long and 100-meter-wide with 6-lane bi-directional carriageway (3 lanes on either side). The project is expected to circumnavigate the city linking the major highways such as Tumkur Road (Northwest), Bellary Road (North) and Old Madras Road (East) and Hosur Road (South). | 2027E |
| Widening of Nelamangala – Tumkur Highway | The existing 44 km stretch of Nelamangala – Tumkur Highway (NH 48) is proposed to be widened from 4-lane to 10-lane as part of the Bengaluru-Tumkur Expressway Project | 2025E |
| Bangalore-Mumbai Industrial Corridor | 1000 km proposed economic corridor aimed at boosting manufacturing activity and easy freight movement between Bengaluru and Mumbai Consists of proposal for Mumbai-Bengaluru High Speed Rail Dedicated Freight Corridor and Road and rail upgradation | Project in Pre-Feasibility Study |
| Chennai-Bengaluru Expressway (Part of the Chennai Bangalore Industrial Corridor) | Bangalore - Chennai Expressway is a 260 km in length) and 4-lane (expandable to 8) access route connecting Hoskote near Bangalore with Sriperumbudur near Chennai.<br><br>It is part of the 500 km long Chennai-Bengaluru Industrial Corridor | 2025E |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

The below figure depicts the existing and proposed infrastructure in Bengaluru.

*Figure 36: Map of Key Existing and Proposed Infrastructure Initiatives*

Existing Infrastructure



Proposed Infrastructure

### 3.1.3. Overview of the Warehousing Market in Bengaluru

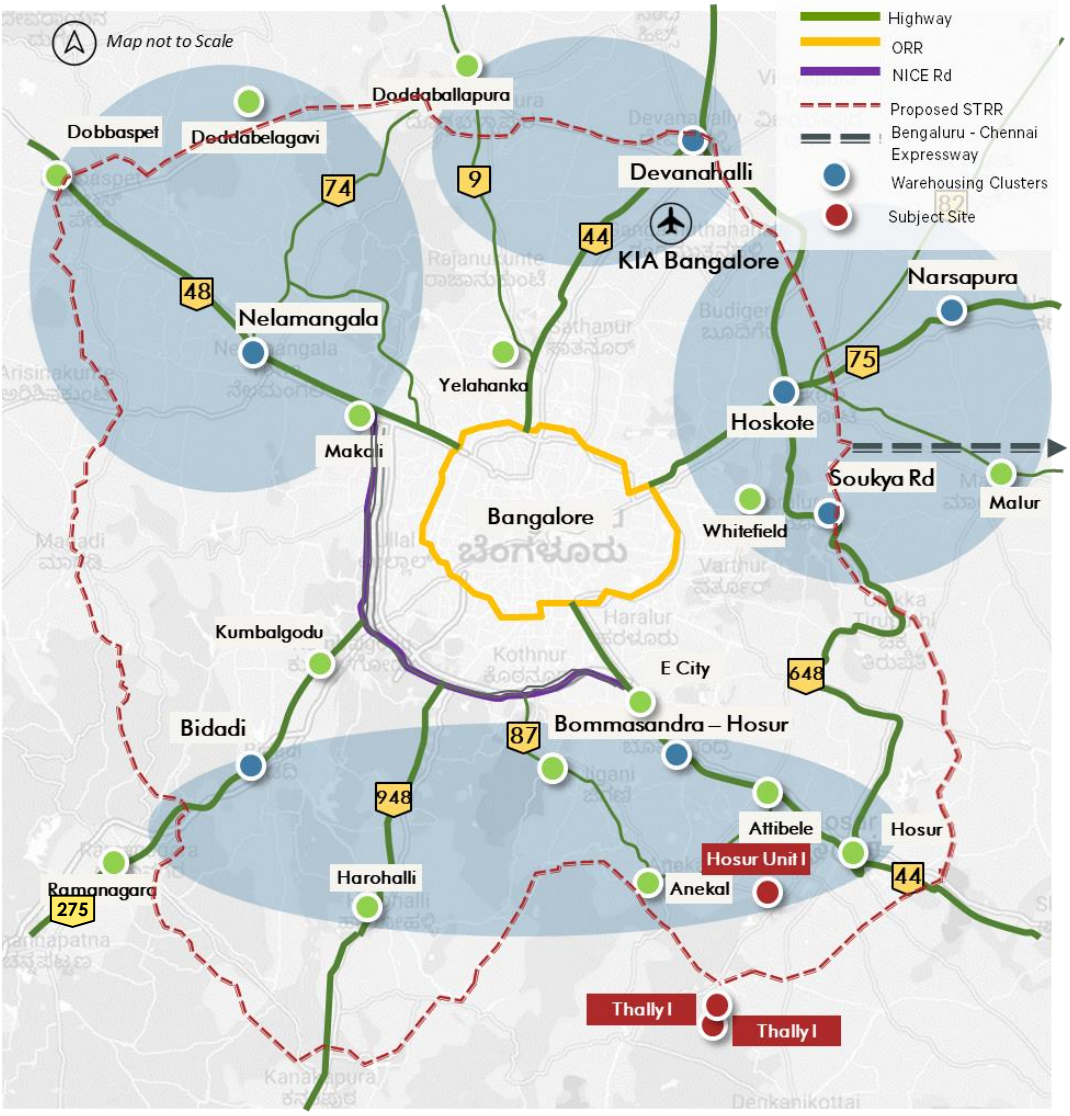
| QUADRANT Classification | Western Quadrant | Southern Quadrant | Eastern Quadrant | Northern Quadrant |
|---|---|---|---|---|
| Micro-markets | Nelamangala - Dobbaspete | Bommasandra Hosur & Bidadi | Soukya Road, Hoskote & Narasapura | Devanahalli |

| QUADRANT Classification | Western Quadrant | Southern Quadrant | Eastern Quadrant | Northern Quadrant |
|---|---|---|---|---|
| Share of Completed Supply | 36% | 27% | 33% | 4% |

***Source:*** *CBRE Research; Updated as of Q3 2024*

Warehousing activity in Bengaluru region is primarily spread across four major quadrants as shown in the above table i.e. Western quadrant along NH-48 belt (towards Mumbai & Bengaluru); Southern quadrant along NH-44 (towards Chennai) and NH-275 (towards Mysuru); Eastern quadrant along NH-75 & NH-648 belt; Northern quadrant along NH-44 (Bellary Road).

***Figure 37: Map of Warehousing Clusters In Bengaluru***



***Source:*** *CBRE Research; Map not to scale only, for representation purpose only*

### 3.1.3.1. Bengaluru – Completed Supply and Absorption Dynamics

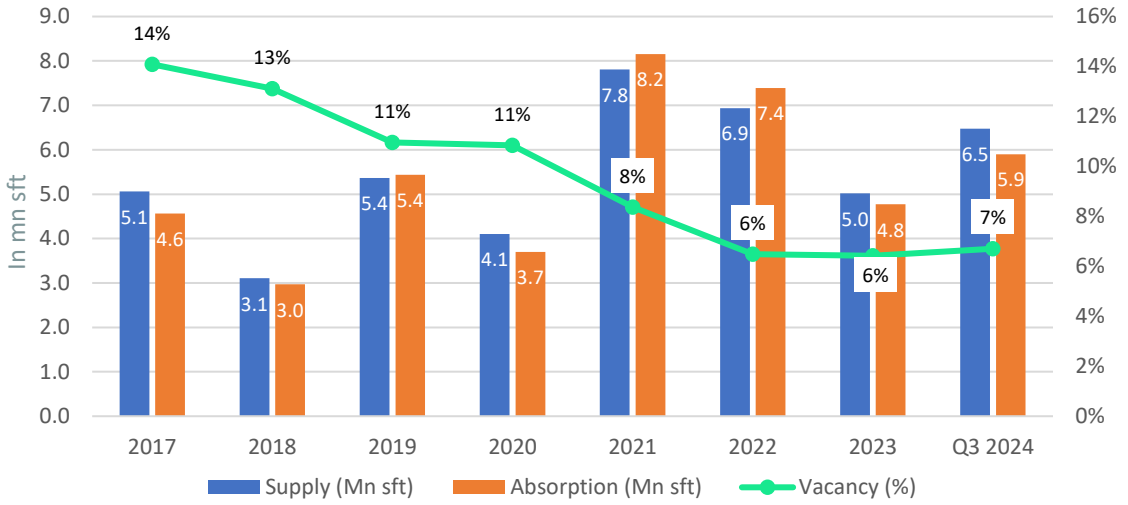
Bengaluru has approx. 66.5 Mn sft of operational warehouse supply, of which approx. 62.1 Mn sft is occupied. Prior to 2014 the supply was majorly by Grade B & C developments; however, the share of Grade C supply has reduced drastically since 2014 due to increased demand for quality warehousing spaces from occupiers such as E-commerce, 3PL, Modern Retail, etc. This has resulted an increased supply from Grade A developments in the recent years. Nelamangala - Dobbaspete, Bommasandra - Hosur, and Soukya Road are the predominant warehousing micro markets, accounting for roughly 75% of the city's total warehouse supply.

*Table 5: Overview of Warehousing Market In Bengaluru*

| Completed Supply (Mn sft) | Absorption Mn Sft | Share of Completed Grade A Supply (%) | Share of Completed Grade B Supply (%) | Share of Completed Grade C Supply (%) |
|---|---|---|---|---|
| 66.5 | 62.1 | 32% | 59% | 9% |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

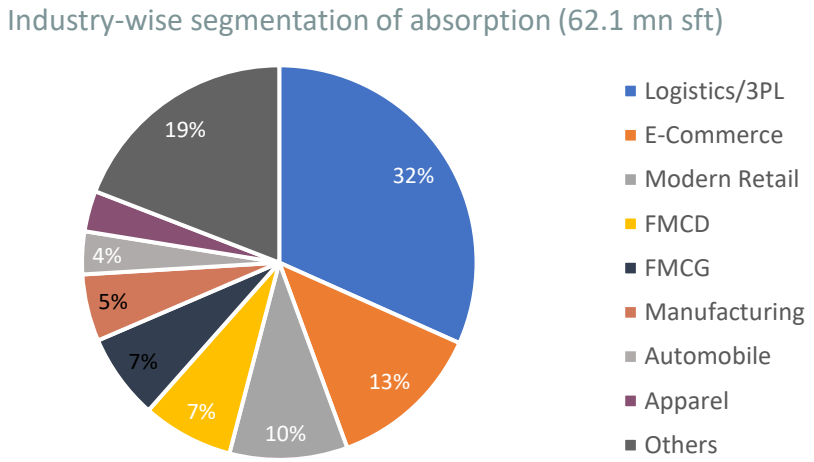
*Figure 38: Y-O-Y Completed Supply & Gross Absorption Levels in Bengaluru*



***Source:*** *CBRE Research; Updatedd as of Q3 2024*

Grade A developments are primarily concentrated in Bommasandra – Hosur, Soukya Road and Hoskote, nearly 75% of completed Grade A supply of Bengaluru is concentrated in these micro markets catering primarily to E-commerce, 3PL, Modern Retail & Manufacturing sectors.

*Figure 39: Segmentation of Absorption by Industry in Bengaluru*



*Note: Others primarily consist of Electrical and Electronics, Pharmaceuticals, Building Materials, Furniture, Plastics, etc.*
***Source:*** *CBRE Research; Updatedd as of Q3 2024*

### 3.1.3.2. Bengaluru– Upcoming Supply Dynamics

This upcoming supply is primarily driven by the growing demand for warehousing in the region, fuelled by rapid population growth, increased disposable incomes, and higher retail consumption, alongside industrial demand stemming from a surge in manufacturing activities. Furthermore, institutional players are expanding their presence in the region. Despite a strong upcoming supply, the market is projected to absorb 36 - 40 million square feet by 2030, given the average annual absorption of 5 - 6 million square feet in recent years.

*Table 6: Upcoming Supply by Micro-Market*

| Location | 2024 – 2025 (Mn sft) | 2026 – 2028 (Mn sft) | 2029 – 2030 (Mn sft) |
|---|---|---|---|
| Bidadi | 0.09 – 0.10 | - | - |
| Bommasandra - Hosur | 2.7 – 2.8 | 1.5 – 1.6 | - |
| Devanahalli | 1.5 – 1.6 | - | - |
| Hoskote | 2.5 – 2.6 | 4.1 – 4.2 | - |
| Narsapura | 1.3 – 1.4 | 4.1 – 4.2 | - |
| Nelamangala - Dobbaspete | 2.8 – 2.9 | 6.2 – 6.3 | 2.7 – 2.8 |
| Soukya Road | 1.3 – 1.4 | | |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

### 3.1.3.3. Bengaluru – Asking Rental Dynamics

The average base rental witnessed in the market is approx. between INR 22 – 24/ Sft / month for a Grade A development and between INR 18 – 20 / Sft / month for a Grade B development. CAGR (2017 – Q3 2024) for Grade A and Grade B developments are to the tune of approx. 5.2% & 5.0% respectively.

*Table 7: Details of Micro-Market Wise Grade A Asking Rentals*

| Micro-Market | Grade | 2017 | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 | Q3 2024 |
|---|---|---|---|---|---|---|---|---|---|
| Bidadi | A | 19 – 20 | 21 – 22 | 21 – 22 | 21 – 22 | 22 – 23 | 22- 23 | 23 – 24 | 24 – 25 |
| | B | 17 – 18 | 18 – 19 | 19 – 20 | 19 – 20 | 20 – 21 | 20 - 21 | 21 - 22 | 21 - 22 |
| Bommasandra - Hosur | A | 19 – 20 | 19 –20 | 20 – 21 | 20 – 21 | 21 – 22 | 21 - 22 | 22 – 23 | 23 – 24 |
| | B | 17 – 18 | 18 – 19 | 18 – 19 | 18 – 19 | 19 – 20 | 19 - 20 | 20 – 21 | 21 – 22 |
| Devanahalli | A | 19 – 20 | 20 – 21 | 20 – 21 | 20 – 21 | 21 – 22 | 22 - 23 | 23 – 24 | 25 – 26 |
| | B | 17 – 18 | 18 – 19 | 18 – 19 | 18 – 19 | 19 – 20 | 20 - 21 | 20 – 21 | 21 – 22 |
| Hoskote | A | 17 – 18 | 18 – 19 | 19 – 20 | 20 – 21 | 20 – 21 | 21 - 22 | 22 – 23 | 23 – 24 |
| | B | 15 – 16 | 16 – 17 | 17 – 18 | 17 – 18 | 18 – 19 | 19 - 20 | 19 – 20 | 20 – 21 |
| Narsapura | A | 15 – 16 | 16 – 17 | 17 – 18 | 17 – 18 | 18 – 19 | 20 - 21 | 21 – 22 | 23 – 24 |

### 3.1.3.4. Bengaluru – Key Lease Transactions

The following table enumerate the key lease transaction in Bengaluru:

*Table 8: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Malur Hosur Road | Logistics | A | 180,000 | 22 – 23 | Q3 2024 |
| Nelamangala - Dobbaspet | Pharmaceutical | B | 80,000 | 20 - 21 | Q3 2024 |
| Nelamangala - | Electronics | A | 150,000 | 22 – 23 | Q3 2024 |

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Dobbaspet | | | | | |
| Hoskote | Manufacturing | B | 54,000 | 22 – 23 | Q3 2024 |
| Hoskote | Logistics/3PL | A | 160,000 | 23 - 24 | Q2 2024 |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

### 3.1.3.5. Western Quadrant Overview

Warehousing developments are concentrated in and around NH 48, a prominent transport corridor passing through Bengaluru and connects to the major cities - Bengaluru and Mumbai in the Northwest and Chennai in the south. The region comprises of prominent industrial areas such as Peenya, Sompura and Dobbaspete, which have been developed by KIADB over the years.

### 3.1.3.6. South Quadrant Overview

Southern warehousing quadrant comprises of micro markets such as Bommasandra – Hosur and Bidadi. Warehousing developments in this quadrant are primarily concentrated in and around NH 44 (Bengaluru – Chennai Highway) and NH-275 (Mysore Highway). Proximity to manufacturing hubs such as Bommasandra – Jigani, Attibele, Hosur & Bidadi coupled with superior connectivity to consumption hubs have led to the growth of warehousing industry in the region.

**Bommasandra-Hosur Micro Market**

*Table 9: Snapshot of Bommasandra-Hosur Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 15.18 Mn sft | 4 - 5 % | 8.69 Mn sft | 2 – 3 % | 41% | 4.3 – 4.4 Mn sft |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

Bommasandra – Hosur micro-market is located along NH-44, which connects Bengaluru to Northern states and further to Tamil Nadu via Hosur. It has superior connectivity and easy accessibility to consumption hubs of Bengaluru via NH-44, NICE Road, and SH-87

This micro market constitutes a share of nearly 84% of the completed supply of southern Micro-market of Bengaluru. The region has a major share of Grade A warehousing supply, accounting for 57% of completed supply of micro market followed by Grade B warehouses at 37%. Prominent grade A developments from institutional players are Indospace, TVS, Avigna Group, Horizon Industrial Group, amongst others.

Third Party Logistics, E-Commerce, Manufacturing, FMCG, Consumer Durables, Automobile, Apparel & Retail are key industry sectors predominantly occupying grade A supply in the micro-market with tenants such as Flipkart, Amazon, DHL, TVS Supply Chain, Udaan, Aditya Birla, PUMA, Wakefit, Schaeffler, Ather, MPlastics, Yazaki, etc.

### 3.1.3.7. East Quadrant Overview

Eastern warehousing quadrant comprises of micro markets such as Hoskote, Narsapura and Soukya Road. Warehousing developments in this quadrant are primarily concentrated in and around NH 75 (Bengaluru – Tirupati Highway), NH-648 (Hoskote – Chikka Tirupathi), SH-35 (Hoskote – Sidlaghatta) and SH-82 (Hoskote – Chinatamani). Its superior accessibility and connectivity to eastern consumption centres of city with proximity to manufacturing hubs such as Hoskote, Malur & Narsapura have led to the growth of warehousing industry in the region. Under construction Satellite Town Ring Road (STRR) and Chennai - Bengaluru Expressway would further boost the warehousing activity in the region.

### 3.1.3.8. North Quadrant Overview

The northern quadrant comprises the Devanahalli micro-market. In this quadrant, warehousing developments are concentrated in and around key transport corridors such as NH 44 (Bellary Road), NH-648 (Soluble-Devanahalli), and SH-9 (Doddaballapura Road). Bellary Road connects the city to an international airport and further northwards to Hyderabad. Located along the growth quadrant of the city, with large-scale residential and commercial developments currently under construction in the region, this would lead to a

large consumption centre like Whitefield.

### 3.2. Bhubaneswar

Bhubaneswar is the largest city in Odhisa, presently, the city is one of the fastest-growing hubs for IT and education institutes in east India, which in turn fuels strong consumption-led demand across warehousing.

Bhubaneswar Development Authority covers a larger area, including major industrial and warehouse hubs like Pahal, Khordha, Chandaka, etc., which accommodate large companies such as Reliance, Flipkart, Coca-Cola, Kurlon, Amazon, TATA consumers, and several logistics and automobile companies.

*Table 10: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 16 – Connecting Kolkata & Chennai, the highway passes through key warehousing and industrial corridor of Kolkata, Bhubaneswar, Cuttack and Chennai. National Highway 316 – Connecting Puri and Bhubaneswar, the highway meets to key industrial areas in the region. National Highway 316A – Intersecting NH 16 near Pahal, Bhubaneswar, the highway connects Bhubaneswar to Konark, Raghunathpur, Nimapada etc. |
| Railway Network | Existing | Bhubaneswar is the headquarters of the East Coast Railway zone of the Indian Railways with rail connectivity to neighbouring states. City exports minerals, steel, handcrafts etc. via rail to other states. Bhubaneswar also exports cotton to Bangladesh through rail freight. |

***Source**: CBRE Research; Updatedd as of Q3 2024*

*Figure 40: Map of Key Infrastructure Initiatives*

#### 3.2.1. Overview of the Warehousing Market in Bhubaneswar

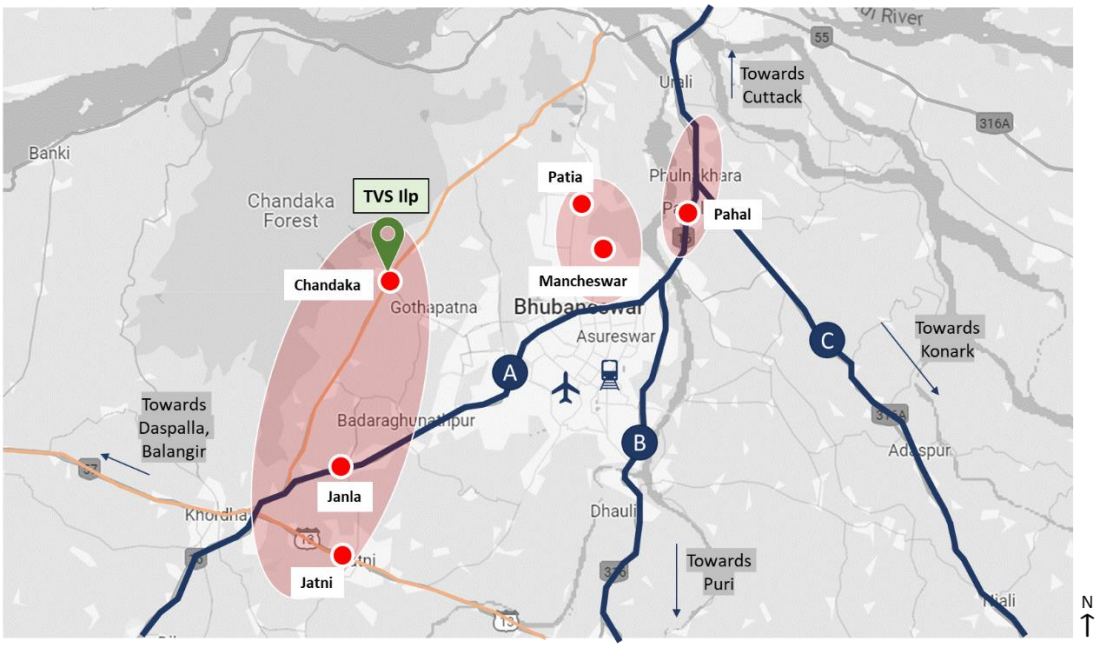
| Cluster Classification | WESTERN CLUSTER | Eastern Cluster | CENTRAL CLUSTER |
|---|---|---|---|
| Micro-markets | Chandaka, Janla, Jatni | Pahal | Patia, Mancheswar |
| Share of Supply in | 55% | 37% | 8% |

| Cluster Classification | WESTERN CLUSTER | Eastern Cluster | CENTRAL CLUSTER |
|---|---|---|---|
| Bhubaneswar Region | | | |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

Chandaka and Pahal are the most prominent warehousing micro-markets, with the majority of the supply in the form of investment-grade warehousing space (Grade A), while markets such as Janla, Jatni, Patia, and Mancheswar primarily comprise of Grade B and C supply. Chandaka, Janla, and Jatni micromarkets contribute to a completed supply (1.69 Mn sft ~ 55%), followed by Pahal (1.14 Mn sft ~ 37%) and Patia, Mancheswar (0.24 Mn sft ~ 8%). In the last couple of years, Patia and Mancheswar micromarkets have not seen much traction, while Pahal and Chandaka are witnessing major demands from companies such as Flipkart, Amazon, Delhivery, LG, Samsung, etc. that have a strong presence in the region.

***Figure 40: Map of Warehousing Cluster In Bhubaneswar City***



A – NH16 (Kolkata-Chennai) B – NH316 (Puri-Bhubaneswar) C – NH316A (Konark-Chandaneswar)

***Source:*** *CBRE Research; Map not to scale only, for representation purpose only*

### 3.2.1.1. Bhubaneswar – Completed Supply and Absorption Dynamics

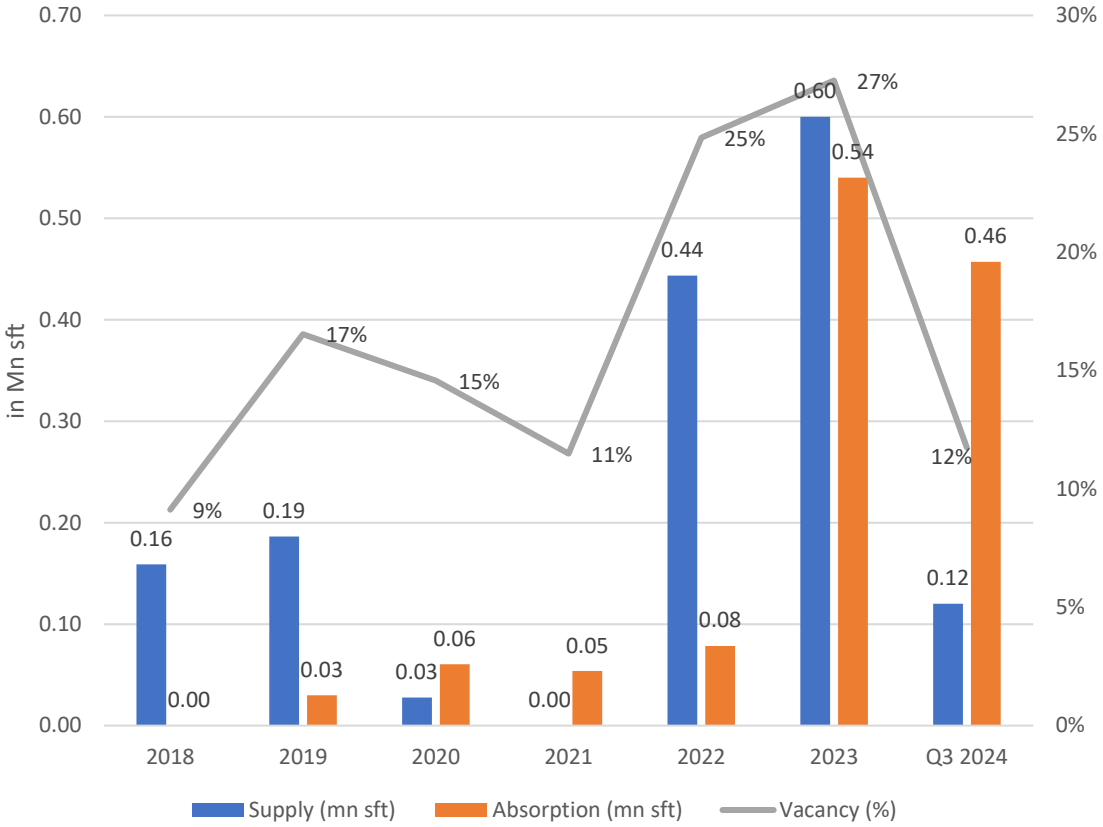
The region boasts an operational warehouse supply of approximately 3.1 Mn sft, with approximately 2.7 Mn sft currently occupied. Prior to 2018, the supply was mostly composed of Grade B and C developments. During the last 5–6 years, the share of Grade B and C supply has drastically reduced due to increased demand for quality warehousing spaces from occupiers such as manufacturing, e-commerce, logistics, electronic goods, etc. Hence, witnessing a significant supply of Grade 'A' supply

*Table 11: Overview of Warehousing Market In Bhubaneswar*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 3.1 | 2.7 | 37%<br>(Absorption – 97%) | 33%<br>(Absorption – 75%) | 30%<br>(Absorption – 92%) |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

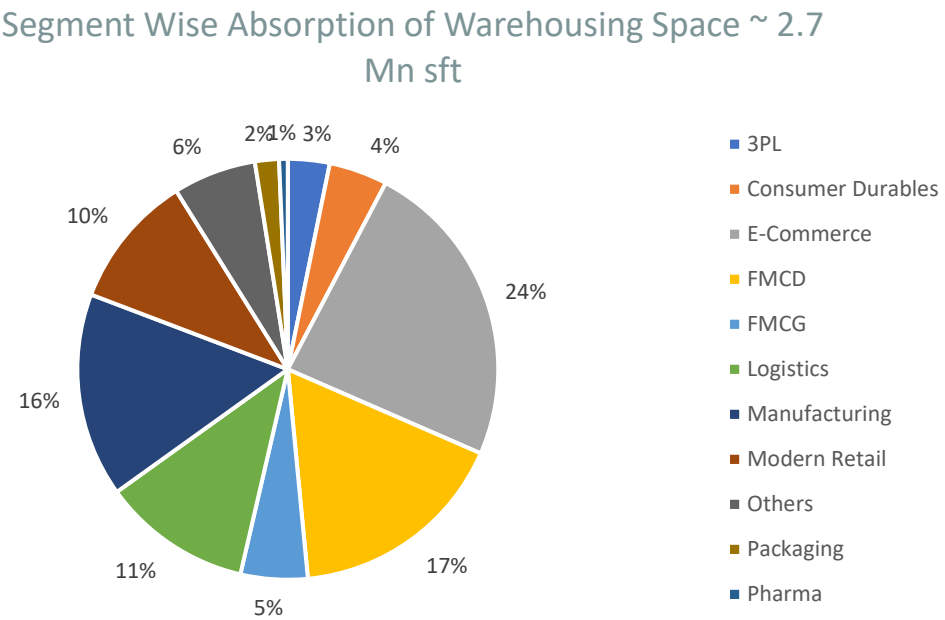
*Figure 41: Y-O-Y Supply & Absorption Levels in Bhubaneswar*



***Source:*** *CBRE Research; Updatedd as of Q3 2024*

Grade A developments are primarily concentrated in Chandaka, Janla, Jatni, and Pahal micro-markets, catering primarily to e-commerce, electronic goods, food and packaging, and manufacturing sectors. A steady increase in supply has been witnessed over the last 6–7 years (2018–2024), with an average annual supply of approx. 0.22 Mn sft. The demand for Grade A developments in these micro-markets is driven by their strategic location, proximity to key transportation hubs (such as Babasaheb Bhimrao Ambedkar Bus Terminal, Bhubaneswar railway station, etc.) and availability of skilled labour. Additionally, the presence of established industrial clusters and supportive government policies (such as Industrial Resolution Policy-2022, Odisha civil aviation policy-2022, etc.) further contribute to the growth of these sectors in the region.

*Figure 42: Segmentation of Absorption By Industry in Bhubaneswar*



***Source:*** *CBRE Research; Updatedd as of Q3 2024; Presently, Ecommerce, FMCG, FMCD and Modern* retail combinedly hold more than 56% of the overall absorption.

### 3.2.1.2. Bhubaneswar – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 1.2 – 1.4 Mn sft, majorly across Grade A warehousing space and is expected to get introduced phase wise between 2024 to 2029 in the market.

*Table 12: Bifurcation of Upcoming Supply In Bhubaneswar*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 0.04 – 0.06 Mn sft | 1.2 – 1.4 Mn sft |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

The majority of the upcoming supply is expected to be in the micromarkets of Chandaka, Jatni, and Pahal.

### 3.2.1.3. Bhubaneswar – Asking Rental Dynamics

The average quoted base rental witnessed in Bhubaneswar is in the range of INR 25- 27 sft / month for a Grade A development and between INR 18-20sft / month for a Grade B development.

*Table 13: Details of Micro-Market Wise Grade A & B Asking Rentals*

| Micro-Market | 2018 | | 2019 | | 2020 | | 2021 | | 2022 | | 2023 | | Q3 2024 | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Grade | A | B | A | B | A | B | A | B | A | B | A | B | A | B |
| Chandaka | 19–21 | 16–18 | 19–21 | 16–18 | 19–21 | 17– 19 | 20–22 | 18–20 | 21–23 | 18–20 | 22–24 | 19–21 | 23–25 | 20–22 |
| Janla | NA | 15–17 | NA | 15–17 | NA | 16–18 | NA | 17–19 | NA | 17–19 | NA | 18–20 | NA | 19–21 |
| Jatni | NA | 14–16 | NA | 14–16 | NA | 15–17 | NA | 15–17 | NA | 16–18 | NA | 17–19 | NA | 18–20 |
| Pahal | NA | 20–22 | NA | 20–22 | NA | 21–23 | NA | 22–24 | NA | 23–25 | 25–27 | 24–26 | 26-28 | 25–27 |

| Patia | NA | 18–20 | NA | 18–20 | NA | 19–21 | NA | 20–22 | NA | 21– 23 | NA | 22–24 | NA | 23–25 |

***Source:*** *CBRE Research; Updatedd as of Q3 2024; Unit – INR/sft/Month*

### 3.2.1.4. Bhubaneswar – Key Lease Transactions

The following table enumerate the key lease transaction in the Bhubaneswar:

*Table 14: Details Of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Chandaka | Ecommerce | Grade A | 80,000 | 22 – 23 | Q2 2024 |
| Chandaka | FMCD | Grade A | 66,000 | 21 – 22 | Q4 2023 |
| Chandaka | FMCG | Grade A | 1,20,000 | 21 – 22 | Q3 2023 |
| Pahal | Ecommerce | Grade A | 3,00,000 | 28 – 30 | Q4 2023 |
| Jatni | Packaging | Grade A | 40,000 | 16 – 17 | Q1 2024 |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

### 3.2.1.5. Western Cluster Overview

The cluster is located on the western side of Bhubaneswar, alongside Khordha-Chandaka Road, NH16, and SH13. The market's proximity to Khordha Industrial Estate and excellent connectivity through Khordha-Chandaka Road have led to its emergence. Out of the completed supply in this cluster, approximately 62% of the supply is Grade A.

**Chandaka Micro Market**

*Table 15: Snapshot of Chandaka Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bhubaneswar | Upcoming Supply |
|---|---|---|---|---|---|
| 1.29 Mn sft | 7 – 9% | 1.05 Mn sft | 3 – 4% | 92 – 94% | 0.06 – 0.07 Mn sft |

***Source:*** *CBRE Research; Updatedd as of Q3 2024*

Chandaka is considered to be an established warehouse micromarket where several e-commerce, logistics, electronics, and manufacturing companies have already taken space. Micro-markets gained prominence

largely on account of their proximity to Khordha Industrial Estate (approximately . 10–15 km) and the availability of land parcels close to Khordha–Chandaka Road. E-commerce, FMCD, and logistics are key industries, occupying approx. 76% of the completed supply in the Chanddaka micro-market with tenants such as Flipkart, Amazon, Coca-Cola, LG, Philips, ITC, Safexpress, etc. The difference between Grade A and Grade B rentals is minimal due to the fact that there are no new additions to Grade B properties in the micromarkets. All the new additions are grade A properties, which are quoting aggressively to grab market share. As a result, occupiers are shifting from Grade B to Grade A properties within the same rental range.

#### 3.2.1.6. Eastern Cluster Overview

The cluster is located on the eastern side of Bhubaneswar, alongside NH 16. The micromarket is dominated by mainly local individual players. Out of the completed supply in the Pahal cluster, approximately 7% of the supply is Grade A.

#### 3.2.1.7. Central Cluster Overview

The Central Cluster of Bhubaneswar warehousing market comprises Patia and Mancheswar micromarkets, constituting nearly 8% of the overall completed supply until Q3 2024.

### 3.3. Chennai

The city is also known as the ‘Detroit of India’ owing to the presence of a robust automobile sector with the presence of prominent automobile companies such as Nissan, Hyundai, Ashok Leyland, TVS, Royal Enfield, etc accounting for a major share of India’s automotive export.

The economic base of the city is primarily constituted by automobile manufacturing, IT/ITeS enabled services and Banking & Finance sectors. The city is well connected across the globe via air, rail, road and sea. Chennai city enjoys the strategic locational advantage of being well connected via all modes of transportation thereby positioning itself as an attractive investment destination.

The major industry sectors continuing with high growth numbers in the region include Auto & Auto components, Chemicals & Petrochemicals, Agro and Food processing, IT & ITes, Pharma & Biotech, textile & Apparel. The state is also home to sunrise sectors with tremendous growth potentials including Aerospace & defence, Agro & food processing, Renewable energy components etc.

Industrial space in Chennai are planned facilities typically in the form of Industrial parks, Industrial estates or SEZ’s with well-developed common Infrastructure. Government Industrial parks are promoted by government bodies such as TIDCO, SIPCOT and SIDCO.

#### 3.3.1. Existing Infrastructure Initiative

Chennai's road network includes key expressways and national highways (NH-16, NH-716, NH-48, NH-32), alongside essential ring roads enhancing city connectivity and reducing congestion.

***Figure 44: Map of Key Existing and Proposed Infrastructure Initiatives***

**Existing Infrastructure** **Planned Infrastructure**

Chennai-Bangalore Expressway 7. Widening of Chennai-Bangalore Highway 8. Chennai Peripheral Ring Road 9. Maduravoyal Expressway

**Source:** CBRE Research; Map not to scale only, for representation purpose only

**Key Government Policies:**

The Tamil Nadu Logistics Policy 2023 and Integrated Logistics Plan 2023 seeks to decrease logistics expenses, draw in private capital, and encourage the logistics industry's embrace of new technologies and skill sets. In order to establish Tamil Nadu as a major logistics hub, it provides financial incentives, streamlined rules, land distribution, and infrastructural development.

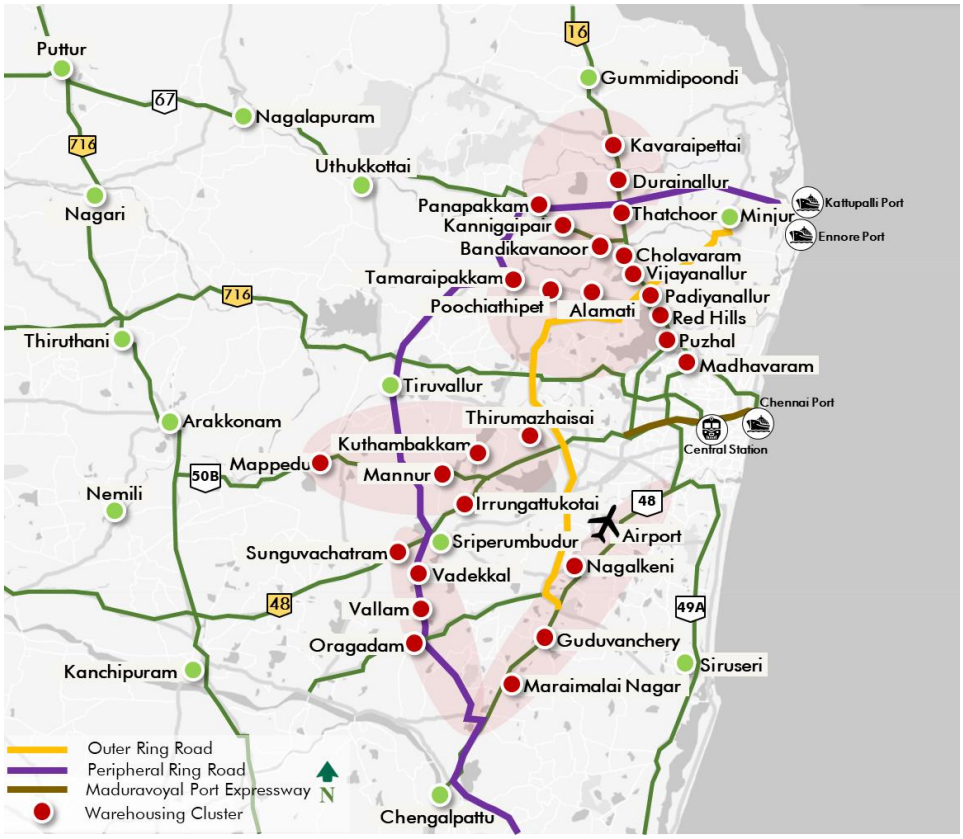
The goal of the Tamil Nadu Industrial Policy 2021 is to establish Tamil Nadu as a major center for manufacturing worldwide. The primary goals are to draw in investments, encourage innovation, and generate skilled employment. Over the course of the policy, the manufacturing sector is expected to increase at a rate of 15% annually, and investments of INR 10 lakh Cr. (US$ 135 billion) are anticipated between 2020 and 2025.

### 3.3.2. Overview of the Warehousing Market in Chennai

| QUADRANT Classification | NORTHERN CLUSTER | WESTERN CLUSTER | SOUTHERN CLUSTER |
|---|---|---|---|
| Micro-markets | Gummidipoondi, Maduravoyal, Thatchoor, Bandikavanoor, Kaveripettai, Cholavaram, Ayilacherry, Red Hills, Puzhal, Madhavaram, Poochiathipet | Vallam, Oragadam, Mevalurkuppam, Sunguvarchatram, Mannur, Mappedu, Thirumazhisai, Velappanchavadi, Pollivakkam | Maraimalai Nagar, MWC, Nagalkeni, Padappai, Vandalur |
| Share of Supply | 44% | 54% | 1% |

**Source:** CBRE Research; Updated as of Q3 2024

***Figure 45: Map of Warehousing Clusters In Chennai***



**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.3.2.1. Chennai - Completed Supply and Absorption Dynamics

Chennai has approx. 46.12 mn sft of operational warehouse supply out of which approx. 41.07 mn sft is occupied. The stretches of NH 16 belt (stretch 1) and Western Vector constitute to approx. 82% of the cities Completed supply. Industrial and Warehousing market of Chennai is primarily driven by the demand arising from Third party logistics, Auto and Auto Components, Electric and Electronic goods, FMCG etc. The city predominantly houses Grade A developments (approx. 51%), Grade B developments (approx. 45%) & Grade C developments (approx. 4%). Because of its close proximity to industrial centers, first-rate infrastructure, government backing, plenty of land, and highly qualified labour, Chennai's Western Cluster is the ideal site for warehouse construction. As a result, this area now has a greater concentration of upcoming warehouse supply than the other Clusters.

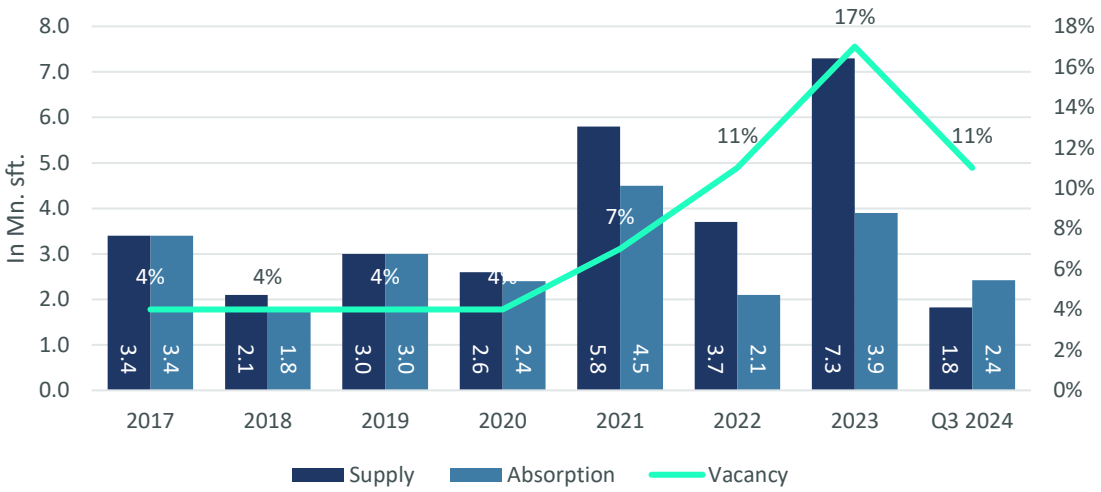
*Table 16: Overview of Warehousing Market in Chennai*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 46.12 | 41.07 | 50.81% | 44.94% | 4.26% |

**Source:** CBRE Research; Updatedd as of Q3 2024

The figure below highlights the y-o-y absorption & supply levels at the city level:

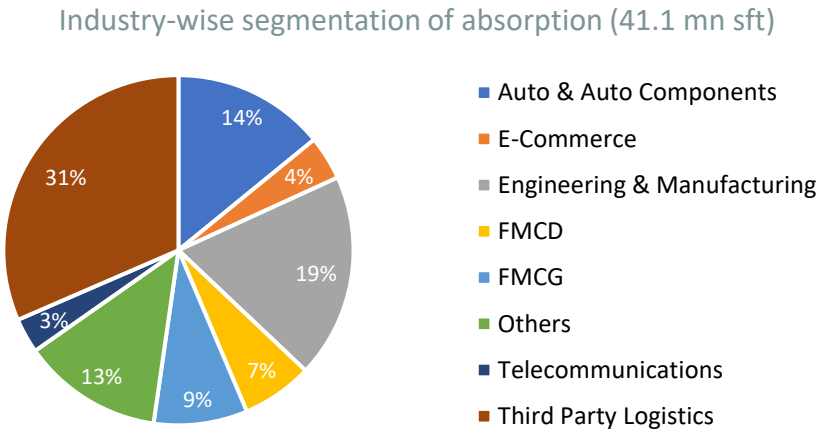
*Figure 46: Y-O-Y Supply & Absorption Levels in Chennai*



**Source:** CBRE Research. Updatedd as of Q3 2024

The year-on-year share of Grade-A warehouse supply has grown significantly since 2014, driven by the entry of large-scale organized players like Indospace, ESR, LOGOS, and Ascendas. From 2017 to 2023, supply addition in the overall Chennai warehousing market experienced a Compound Annual Growth Rate (CAGR) of 11-12% due to demand from the Manufacturing Sector. The Western cluster, encompassing Mannur and Oragadam, has been the primary driver due to its strong manufacturing base, particularly in the automotive and ancillary industries.

*Figure 47: Segmentation of Absorption by Industry in Chennai*



**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.3.2.2. Chennai - Upcoming Supply Dynamics

The Completed supply in the pipeline is in the range of 6.0 – 7.0 Mn sft out of which approximately 1.0 – 1.5 mn sft of supply in under construction and approximately 5.0 – 6.0 Mn sft is planned which is expected to hit the market in the next two - three years.

*Table 17 : Bifurcation of Upcoming Supply in Chennai*[13]

| Under Construction Supply | Planned Supply |
|---|---|
| 1.0 – 1.5 Mn sft | 5.0 – 6.0 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

The majority (approximately 76%) of the upcoming supply is concentrated in the Western Cluster, followed by the Northern Cluster (24%). This distribution is primarily due to the presence of the automotive and

[13] Upcoming supply – This includes the supply that is under construction and planned across Chennai

industrial sectors and the availability of readily developable land in the Western Cluster.

*Table 18 : Details of Upcoming Supply in Chennai Market*

| Location | 2024 | 2025 | 2026 |
|---|---|---|---|
| Northern Cluster | 0.45 – 0.50 Mn Sft | 2.45 – 2.50 Mn sft | 2.40 – 2.5 Mn sft |
| Western Cluster | 0.05 – 0.1 Mn sft | 1.05 – 1.5 Mn Sft | 0.60 – 0.7 Mn sft |
| Southern Cluster | - | - | - |

**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.3.2.3. Chennai – Asking Rental Dynamics

The average base rental witnessed in Chennai is approx. between INR 24 – 27/ Sft / month for a Grade A development and between INR 18 – INR 22 / Sft / month for a Grade B development. Based on the above chart, it is understood that CAGR for Grade A and Grade B developments are to the tune of approx. 4% & 3% respectively.

*Table 19 : Details of Micro-Market Wise Grade A Asking Rentals*

| Micro Market | Grade | 2019 | 2020 | 2021 | 2022 | 2023 | Q3 2024 |
|---|---|---|---|---|---|---|---|
| NH 16 Stretch 1 | A | - | - | 20.5 - 21.5 | 21 - 22 | 21.5 - 22.5 | 22.5 – 23.5 |
| | B | 19 – 20 | 19 - 20 | 19.5 - 20.5 | 19.5 - 20.5 | 20 - 21 | 20.5 – 21.5 |

| | B | 18 – 19 | 18 - 19 | 19 - 20 | 20 - 21 | 21 - 22 | 21.5 – 22.5 |

**Source:** CBRE Research; Unit – INR/sft/Month ; Updatedd as of Q3 2024

### 3.3.2.4. Chennai – Key Lease Transactions

The following table enumerate the key lease transaction in Chennai.

*Table 20 : Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Vallam | Others | B | 200,000 | 27 - 28 | 2023 |
| Oragadam | Engineering & Manufacturing | A | 220,000 | 27 – 28 | 2024 |
| Vallam | Engineering & Manufacturing | A | 106,906 | 24 – 25 | 2024 |
| Karanampettai | 3PL | A | 300,000 | 24 – 25 | 2024 |
| Chinnambedu | E-commerce | A | 200,000 | 23 – 24 | 2024 |

**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.3.2.5. Northern vector Overview

Northern Cluster Micro Market comprises of locations along the NH 16 stretches such as Gummidipoondi, Maduravayal, Thatchoor, Bandikavanoor, Kavaraipettai, Cholavaram, Ayilacherry, Red Hills, Puzhal, Madhavaram, Poochiathipet, Puduvoyal, Vishnuvakkam. The cluster is located on the northern side of Chennai and is situated in close proximity to the port ~ a hub of Multi modal logistics with presence of container freight stations, truck terminals etc. Its proximity to consumption hubs and excellent connectivity through NH 16 has led to its emergence as a warehousing corridor. The cluster comprises of approximately 43.9% of the completed supply in the Chennai Region. Out of the completed supply in Northern cluster approximately 31.4% of the supply is Grade A. Further, details of micro markets are elaborated in the following paragraphs.

*Table 21 Snapshot NH 16 Stretch I Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 12.7 Mn sft | 6 - 7% | 1.5 Mn sft | 8- 9% | 6 - 7% | - |

**Source:** CBRE Research Updatedd as of Q3 2024

The warehousing market of NH 16 Stretch 1 is one of the prominent hubs in the northern cluster of Chennai, predominantly established by organized warehousing parks. . This market constitutes a share of nearly 62%

of the completed supply in Northern cluster of Chennai. Currently the vector is primarily characterized by the presence of Grade B & C developments and a very limited Grade A supply. Owing to proximity to city centre and port, 3PL/Logistics, FMCD , Automobile and E- commerce companies are the primary demand drivers in this location ~ contribute to approx. 61% of the demand.

#### 3.3.2.6. Western vector Overview

Western Cluster comprises of locations such as Vallam, Oragadam, Mevalurkuppam, Sunguvachatram, Mannur, Mappedu, Thirumazhisai, Velappanchavadi, Pollivakkam. Presence of SIPCOT Industrial Park, connectivity via SH 57 (proposed Peripheral Ring Road) and proximity to National Highway 48 and availability of large tracts of developable land parcels have resulted this location in becoming a hub for warehousing activity. The cluster comprises of approximately 54% of the completed supply in Chennai. Out of the completed supply in western cluster approximately 67% of the supply is Grade A.

*Table 22 Snapshot of West Oragadam Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 12.2 Mn sft | 10– 11% | 10.3 Mn sft | 11 – 12% | 44% | 4.5 – 5.4 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Presence of SIPCOT Industrial Park, connectivity via SH 57 (proposed Peripheral Ring Road) and proximity to National Highway 48 and availability of large tracts of developable land parcels have resulted in this location in becoming a hub for warehousing activity. Oragadam vector emerged as a spill over demand from NH-48 corridor that houses the prominent fortune 500 companies and major Global automotive companies.

The tenants in this market predominantly prefer quality Grade A warehousing space due to requirements of high roofing and load bearing capacity of floor.

Automobile, Logistics and FMCG are key industries in the micro-market with tenants such as Nissan Motor, Royal Enfield, Reliance, SV Global Logistics, TPI Composites.

### 3.4. Coimbatore

Coimbatore is the second largest city in Tamil Nadu. The city is a major hub for textiles, industries, commerce, education, information technology, healthcare and manufacturing in Tamil Nadu. Coimbatore is the Industrial Hub of the State with over 2,10,222 MSME14 establishments.

Coimbatore is one of the most industrialized districts of the state and contributes to 7% of the states GDP. The establishment of an industrial base and conducive environment for entrepreneurship enabled the District to further diversify into other manufacturing Industries including Foundry and Pump Manufacturing, among others.

Coimbatore houses a large number of textile mills and textile research institutes. The district also accounts for 80% of the textile machinery manufactured in the country. Coimbatore has emerged as the most trusted destination for automobile industries as well. Some of the major auto component makers in Coimbatore include Robert Bosch GmbH, PRICOL, Craftsman Automation and Roots Industries. Coimbatore has one of the largest foundry clusters in India, houses approx. 700 foundry units across the district.

The industrially advanced character presiding in the city has paved way for it to emerge as an excellent warehousing location after Chennai. The major industry driving demand for warehousing in Coimbatore include 3PL, E-Commerce, Industrial, FMCG and FMCD.

#### 3.4.1. Existing Infrastructure Initiatives

The existing road network in Coimbatore is predominantly connecting the city to major cities and Towns. It comprises of National Highways, State Highways, Major District and Other District roads. The Coimbatore city and metropolitan area is divided into five administrative zones (East, West, North, South and Central) which are served by major arterial roads that run in an east–west or north–south direction. Avinashi Road is one of the city's most important arterial roads, traversing most of Central and East Coimbatore.

#### 3.4.2. Upcoming Infrastructure Initiatives

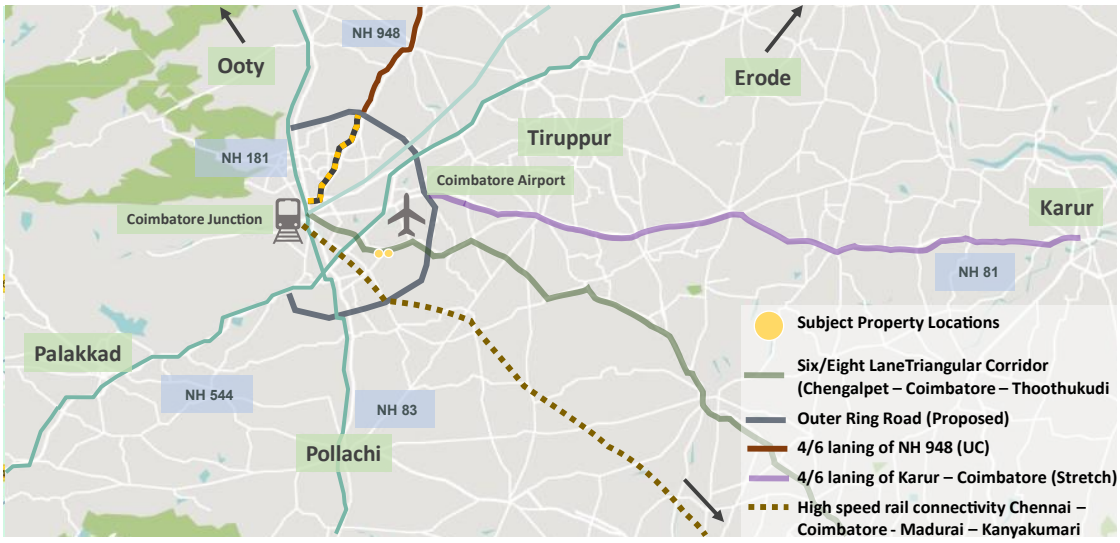
14 Ministry Of Micro, Small & Medium Enterprises – 2016-17

The following initiatives are expected to enhance accessibility and propel development activity in the region:

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| Kochi – Coimbatore – Bengaluru Industrial corridor | The corridor covers the states of Tamil Nadu, Andhra Pradesh, Karnataka and Kerala. Dharmapuri-Salem has been identified as the priority node and will be developed as an Integrated Manufacturing Cluster (IMC). The industrial corridors falling under the KBIC is expected to benefit in the economic development of the region and state | 2025 – 2026 |
| Western ring road | The proposed Coimbatore Outer Ring Road is expected to be completed in 3-4 years. The ring road will be developed in three phases. | 2025 – 2026 |
| 4/6 lanes from Karur to Coimbatore | The stretch passes through Karur, Tirupur and Coimbatore districts and important towns such as Vellakovil, Kangeyam, Palladam and Sulur. This project is expected to improve connectivity between the warehousing clusters and the production and distribution zones of Coimbatore region | 2027 – 2028 |
| Proposed six/eight lane triangular corridor | The project will enhance the activities in the proposed Coimbatore – Salem industrial corridor that includes manufacturing and business investment hubs, agri business hubs, special tourism zones and knowledge hubs. This is expected to amplify the industrial growth and also help in efficient transport of materials along the corridor. | 2027 – 2028 |
| Metro rail | Coimbatore Metro Rail will cover 139 km and this project will be executed in three phases by CMRL. The first phase will be for 44 km on the Avinashi road until Karumathampatti and Sathyamangalam road until Valiampalayam Pirivu from Ukkadam | Under planning stages |
| Airport Expansion | The Airports Authority of India (AAI) has proposed to construct a new domestic departure terminal building with swankier interiors on the eastern side of the airport. The terminal would be constructed in an area of 10,000 square feet with a cost of around INR 125 crore. | 2024 - 2025 |

**Source:** CBRE Research,

*Figure 48: Map of Key Upcoming Infrastructure Initiatives*



**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.4.3. Overview of the Warehousing Clusters in Coimbatore:

*Table 23: Coimbatore –Vector Wise Warehouse Concentration*

| Cluster Classification | Northern Stretch | Eastern Stretch | Southern STRETCH |
|---|---|---|---|
| Locations | **Sathy road and National** | **Avinashi Road** | **Kochi Frontier Road, Palakkad road and** |

| Cluster Classification | Northern Stretch | Eastern Stretch | Southern STRETCH |
|---|---|---|---|
| | Highway 181 | | Salem Highway |
| Share of Supply in Coimbatore Region | 5% | 9% | 86% |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.4.3.1. Coimbatore - Completed Supply and Absorption Dynamics

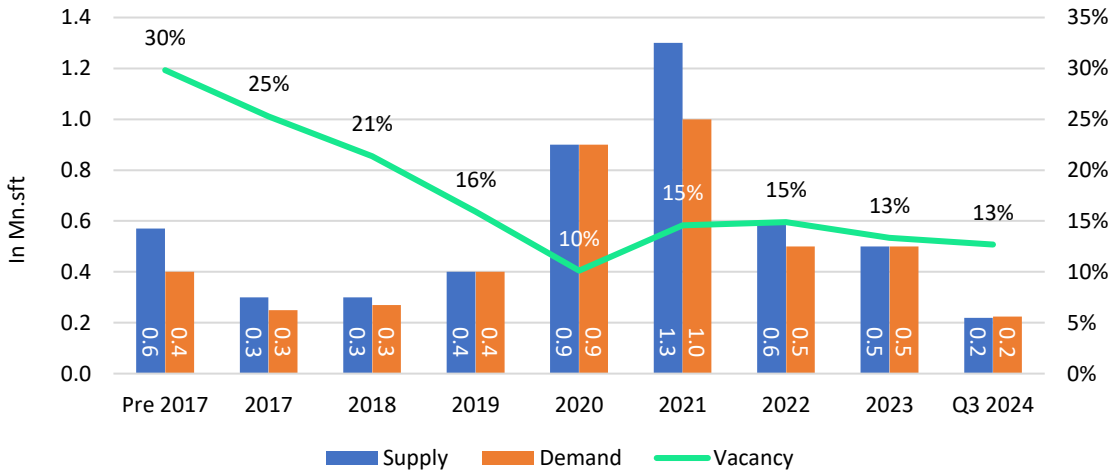
Coimbatore has approx. 5.09 mn sft of operational warehouse supply out of which approx. 4.44 mn sft is occupied. The Southern vector constitutes about 86% of the Completed supply. Industrial and Warehousing market of Coimbatore is primarily driven by the demand arising from Third party logistics, E-Commerce, Industrial Manufacturers, FMCG etc. The city predominantly houses Grade B developments of ~ 39% and about ~ 38% of Grade A and 23 % Grade C developments respectively.

**Southern Cluster:**

This cluster is the major warehousing cluster of Coimbatore and hosts all Grade A developments in the city. All Major Warehousing players are located along this vector (TVS, Indospace, NDR, VSMC)

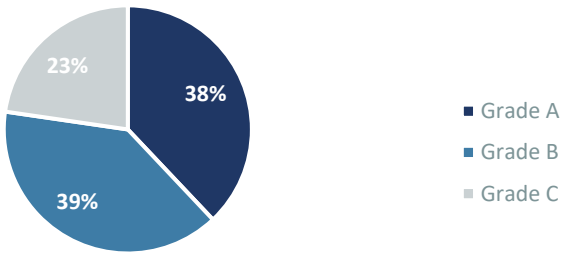
The figure below highlights the y-o-y absorption & supply levels at the city level:

*Figure 49: Y-O-Y Supply & Absorption Levels in Coimbatore*



**Source:** CBRE Research; Updated as of Q3 2024

*Figure 50: Bifurcation of Completed Supply Based on Development Grade*



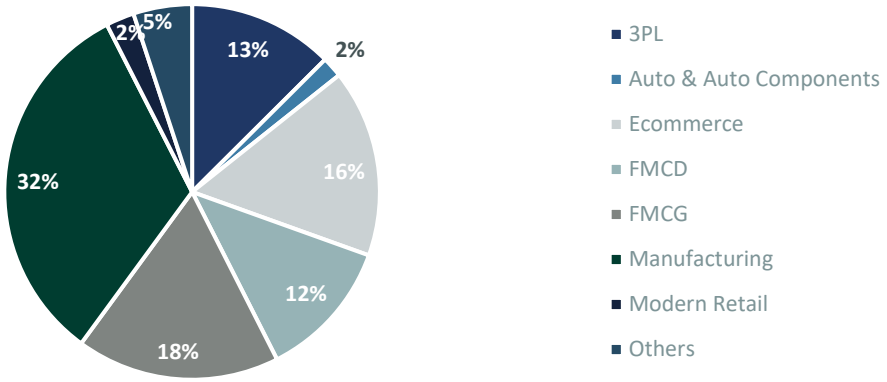
**Source:** CBRE Research; Updated as of Q3 2024

A healthy level of absorption (95 percent) has been observed in Grade-A developments, indicating that occupants prefer higher-quality warehousing developments. The observation of consistent absorption levels in prominent Grade A developments constructed by institutional developers including Indospace, TVS, and

NDR serves as evidence of the increasing need for structured warehouses.

The major Industries driving demand for warehousing in the region include FMCG, FMCD, E Commerce, & 3PL players these categories accounts to 58% of total absorption.

*Figure 51: Segmentation of Absorption by Industry in Coimbatore*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.4.3.2. Coimbatore – Asking Rental Dynamics

For a Grade A property, the average monthly base rental in Coimbatore is between INR 18 - 21/Sft, while for a Grade B development, it is between INR 16.5 to 18/Sft and INR 21–22 per square foot per month is the monthly rent for specific Grade A warehouses with upscale amenities.

*Table 24 : Details of Micro Market Wise Grade A & B Asking Rentals*

| Vector | Micro Market | Grade | 2019 | 2020 | 2021 | 2022 | 2023 | Q3 2024 |
|---|---|---|---|---|---|---|---|---|
| South | Palladam-Cochin Frontier Road | A | 18 – 19 | 18 - 19 | 18 - 20 | 19 - 21 | 20 - 22 | 21- 22 |
| | | B | 15 - 16 | 15 - 16 | 16 - 17 | 17 – 18 | 20 – 21 | 20 – 21 |
| East | Avinashi Coimbatore Road | B | 14 - 15 | 14 - 15 | 14 - 15 | 15 - 16 | 18 - 19 | 18 – 19 |
| North | Sathy Road | B | 14 - 15 | 14 - 15 | 14 - 15 | 15 - 16 | 16 – 17 | 16 – 17 |

**Source:** CBRE Research; Unit – INR/sft/Month; Updated as of Q3 2024

### 3.4.3.3. Southern Cluster Overview

This cluster is the most prominent warehousing cluster of Coimbatore and hosts all Grade A developments in the city – Indospace and TVSILP. Out of the completed supply in Southern cluster approximately 44% of the supply is Grade A. Majority of the Warehousing demand is driven by FMCG, FMCD and 3PL tenants. Further, details of micro markets are elaborated in the following paragraphs.

**Southern vector**

*Table 16 Snapshot Southern Vector*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Coimbatore | Upcoming Supply |
|---|---|---|---|---|---|
| 4.39 Mn sft | 7- 8% | 1.93 Mn sft | 4- 5% | 100% | 0.4 – 0.5 Mn sft |

**Source:** CBRE Research ; Updated as of Q3 2024

The presence of developable land banks, as well as its proximity to manufacturing clusters and the Kochi industrial market, are the major demand drivers for this cluster. The strategic location of the Palladam-Kochi Frontier Road also makes it an attractive option for companies looking to establish distribution centres in South India, specifically in Kerala. The availability of skilled labour in the surrounding areas further enhances the appeal of this location for companies looking to set up operations. Additionally, the well-connected road network and access to major ports make it an ideal choice for businesses seeking efficient logistics solutions.

### 3.4.3.4. Eastern Cluster Overview

Second most activity driven cluster of the Coimbatore City, the cluster is majorly characterised with the presence of Grade C type warehousing constituting to about 64% of the completed supply in this stretch.

#### 3.4.3.5. Northern Cluster Overview

State Highway 168, Sathyamangalam Road, Mettupalayam Road, and Annur Road compose the majority of the locations comprising the Northern Cluster Micro Market. In contrast to other sectors of the city, warehousing activity is comparatively minimal. This is primarily due to the existence of IT SEZ and other associated tasks.

## 3.5. Cuttack

Cuttack, commonly known as the twin city of Odhisa, is situated at around 26 kilometres from Bhubaneswar, the capital city of Odisha. Odisha's oldest industrial centre, Cuttack, is home to numerous minor, medium, and large-scale businesses. Choudwar, situated near Cuttack City, is renowned for its ferroalloy sector.

*Table 17: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 16 – Connecting Kolkata & Chennai, passes through key warehousing and industrial corridor of Kolkata, Bhubaneswar, Cuttack and Chennai<br><br>National Highway 316 – Connecting Bhubaneswar and Puri - Satpada, further, National Highway 316A – Intersects NH16 near Pahal, Bhubaneswar, this highway connects Bhubaneswar to Konark, Raghunathpur, Nimapada, etc. |
| Railway Network | Existing | Cuttack station is operating since 1896 and falls under Khurdha road division of East Coast Railway. Khargpur-Puri line, Cuttack-Paradip line and Cuttack-Sambalpur line run through Cuttack railway station. City exports minerals, steel, handcrafts etc. via rail to other states. |
| Biju Patnaik Airport (Bhubaneswar) | Existing | It is an international airport located in proximity to Bhubaneswar city and only 20-25 km. away from Cuttack city.<br><br>This Airport was dedicated to people of Odisha on 17th April 1962, becoming first ever commercial airport in Odisha state. As the demand grew, another terminal was built in 2013 with a capacity of 4 Mn passengers per annum. |
| Bus Connectivity | Existing | Newly constructed (Sep 2023) Cuttack Netaji Bus Terminal (CNBT) at Khannagar providing Bus parking on a land of approx. 17.2 acres accommodating 191 bus parks |
| Dhamra Airport | Upcoming | Dhamra Airport is to be built by Dhamra Port Company Limited (a subsidiary of Adani Group company), located approximately 20 km from Dharma port. It is planned to allocate 274 acres of land for the airstrip. |

**Source:** CBRE Research

*Figure 43: Map of Key Infrastructure Initiatives*

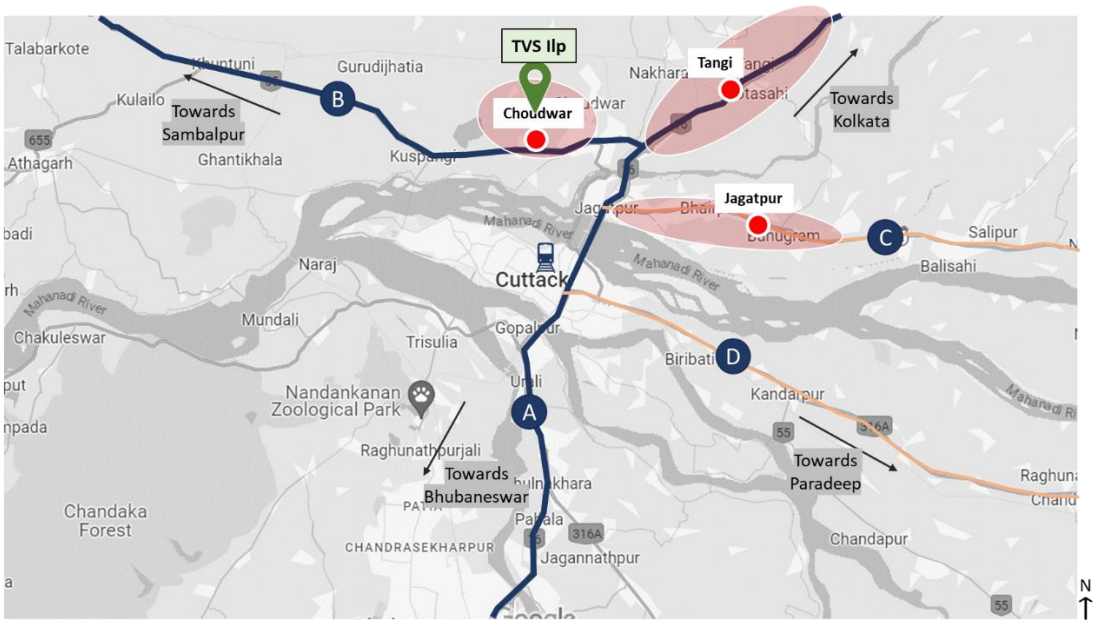
### 3.5.1. Overview of the Warehousing Market in Cuttack

| Cluster Classification | EASTERN CLUSTER | WEstern Cluster |
|---|---|---|
| Micro-markets | Jagatpur, Tangi | Choudwar |
| Share of Supply in Cuttack Region | 74% | 26% |

**Source:** CBRE Research; Updated as of Q3 2024

Warehousing activity in Cuttack is spread across three major micro markets, viz. Jagatpur, Tangi and Choudwar. Jagatpur and Tangi are the most prominent warehousing micro-markets while, Choudwar is an upcoming micro market primarily with few Grade A warehouse blocks owned by ESR. Jagatpur and Tangi micro markets contribute to a completed supply (1.33 Mn sft ~ 74%), followed by Choudwar (0.46 Mn sft ~ 26%). In last couple of years, Jagatpur and Choudwar micro markets have seen major traction. These micro markets are witnessing major demands from companies such as Pidilite, TATA Consumer, Reliance Retail, Flipkart, Ola Electric, etc. have a strong presence in the region.

***Figure 53: Map Of Warehousing Cluster in Cuttack City***



**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.5.1.1. Cuttack – Completed Supply and Absorption Dynamics

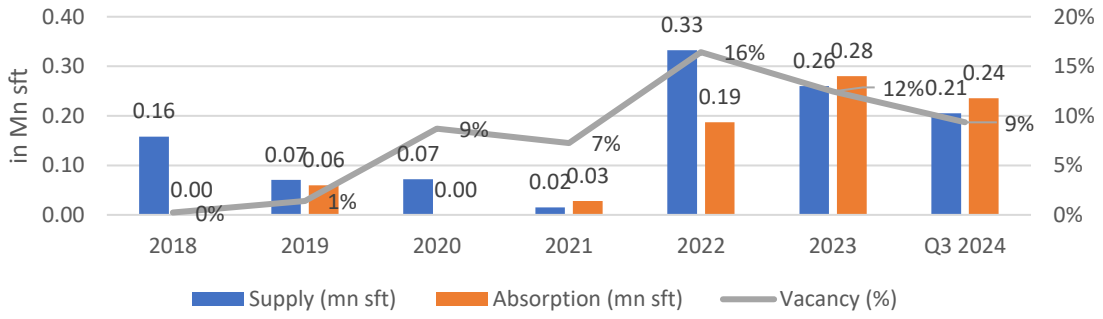
The region has approximately 1.8 Mn sft of operational warehousing supply, of which approximately 1.6 Mn sft is occupied. Prior to 2018, the supply majorly constituted of Grade B & C developments. During the last 5 – 6 years, the share of Grade B & C supply has reduced drastically due to increased demand for quality warehousing spaces from occupiers such as Manufacturing, E-commerce, Logistics, Electronics goods etc. hence, witnessing a significant supply of Grade 'A' supply. Entry of Kingstone group in this region had resulted increase in supply of grade A facility. Later, these warehouses of Kingstone were bought by ESR group.

*Table 27: Overview of Warehousing Market In Cuttack*

| Completed Supply (Mn sft) | Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 1.8 | 1.6 | 34% (Absorption – 97%) | 49% (Absorption – 86%) | 17% (Absorption – 90%) |

**Source:** CBRE Research; Updated as of Q3 2024

*Figure 54: Y-O-Y Supply & Absorption Levels in Cuttack*



**Source:** CBRE Research; Updated as of Q3 2024

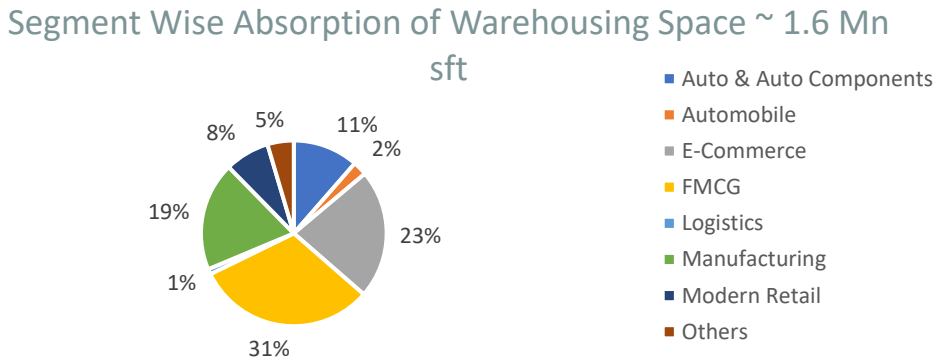
Grade A developments are primarily concentrated in Choudwar micro-market catering primarily to E-commerce sector. Cuttack has witnessed a steady increase in supply over the last couple of years (2018 – 2024) with an average annual supply of approx. 0.16 Mn sft.

Going forward, the Grade A's share of the market composition across the city is expected to increase, considering the upcoming supply, and increasing interest from the national and international E-commerce, FMCG, FMCD and modern retail companies. Majority of the warehousing activity in the region has been in

the Grade B development category being developed by local individual players.

Manufacturing, Ecommerce, Electronic, Logistics & Distribution, Machines & Equipment, are the key tenant sectors occupying space in Grade A developments across Cuttack. Some of the key tenants present are Pidilite, Tata Consumer, Ola Electric, Hyundai HUL, Flipkart, Reliance Retail etc.

*Figure 55: Segmentation of Absorption by Industry in Cuttack*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.5.1.2. Cuttack – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 1.5 – 1.6 Mn sft, majorly across Grade A warehousing space and is expected to get introduced phase wise between 2024 to 2026 in the market.

*Table 28: Bifurcation of Upcoming Supply in Cuttack*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 0.5 – 0.7 Mn sft | 0.9 – 1.1 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Most of the upcoming supply is expected to be in the micro markets of Choudwar & Tangi.

### 3.5.1.3. Cuttack – Asking Rental Dynamics

The average base rental witnessed in Cuttack is in the range of INR 18 – 22 / sft / month for a Grade A development and between INR 17 – 19 / sft / month for a Grade B development.

*Table 29: Details of Micro-Market Wise Grade A & B Asking Rentals*

| Micro-Market | 2018 | | 2019 | | 2020 | | 2021 | | 2022 | | 2023 | | Q3 2024 | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Grade | A | B | A | B | A | B | A | B | A | B | A | B | A | B |

### 3.5.1.4. Cuttack – Key Lease Transactions

The following table enumerate the key lease transaction in the Cuttack:

*Table 18: Details of Key Transactions in Cuttack*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals | Year of Transaction |
|---|---|---|---|---|---|
| Jagatpur | FMCD | Grade A | 40,000 | 18 – 19 | Q1 2024 |
| Jagatpur | Logistics | Grade A | 15,000 | 18 – 19 | Q1 2024 |
| Choudwar | E-commerce | Grade A | 2,20,000 | 21 – 22 | Q2 2023 |
| Choudwar | Retail | Grade A | 1,20,000 | 21 – 22 | Q3 2023 |
| Jagatpur | Manufacturing | Grade A | 40,000 | 18-19 | Q4 2023 |
| Jagatpur | Manufacturing | Grade A | 32,000 | 18-19 | Q4 2023 |

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals | Year of Transaction |
|---|---|---|---|---|---|
| Tangi | FMCG | Grade B | 1,50,000 | 16-17 | Q4 2022 |

**Source:** CBRE Research; Updated as of Q3 2024; Unit - (INR/sft/Month)

### 3.5.1.5. Eastern Cluster Overview

This cluster with large scale Grade A warehouses which are in Jagatpur micro market. Market's proximity to Jagatpur Industrial Estate, Cuttack Industrial Estate, and excellent connectivity through NH 16 and Cuttack-Kendrapada Road have led to its emergence.

### 3.5.1.6. Western Cluster Overview

Western Cluster comprises of only 1 micro market ~ Choudwar. The cluster is located on Western side of Cuttack alongside NH 55. The micro market is dominated by ESR group who has the only notable warehouse establishments in this cluster. Market's proximity to main city area and excellent connectivity through NH 55 have led to its emergence. Out of the completed supply in Choudwar, which is a newly developed area, majority of the supply is Grade A.

**Choudwar Micro Market**

*Table 31: Snapshot of Choudwar Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Cuttack | Upcoming Supply |
|---|---|---|---|---|---|
| 0.46 Mn sft | 0% | 0.46 Mn sft | 0% | 75 – 77% | 1.0 – 1.1 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

It is the upcoming warehousing hub of Cuttack city. The Odhisa government subsidises industrial land parcels in Choudwar. Several corporations have built factories or warehouses on government land. Choudwar industrial area and SH 55 connectivity allow the micro market to accommodate multiple industrial and newly built warehouse buildings. Tangi, Jagatpur, and other warehouse mini marketplaces and industrial clusters are easily accessible. Upcoming supply includes planned supply from TVS ILP.

## 3.6. Madurai

Madurai is renowned as a significant trading center, especially for its handloom industry. Its connectivity is enhanced by National Highways NH-38, NH-45B, and NH-49, along with a domestic airport facilitating links with major cities within India and Colombo, Sri Lanka.

Serving as a pivotal junction on the Chennai-Kanyakumari railway line, Madurai is a focal point for various sectors including agriculture, textiles, commerce, education, information technology, and manufacturing across Tamil Nadu. Industrial advancements in areas such as Kappalur, Uranganpatti, Melur, and Pudur have strengthened Madurai's prominence in the industrial, logistics, and warehouse market. Notable industries driving demand for warehousing in the region include 3PL, e-commerce, automotive and auto ancillary, industrial, FMCG, and FMCD sectors.

### 3.6.1. Existing Infrastructure Initiative

The existing road network in Madurai is predominantly connecting the city to major cities and Towns. It comprises of National Highways, State Highways, Major District and Other District roads. Madurai is the headquarters of the Tamil Nadu State Transport Corporation and provides local and intercity bus transport across seven districts viz. Madurai, Dindigul, Theni, Virudhunagar, Tirunelveli, Thoothukudi and Kanyakumari.

### 3.6.2. Upcoming Infrastructure Initiatives

The following initiatives are expected to enhance accessibility and propel development activity in the region

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| Madurai - Thoothukudi Industrial corridor | The corridor envisions on connecting 6 nodes viz. Madurai, Dindigul, Theni, Virudhunagar, Tirunelveli and Thoothukudi and develop industrial activities in manufacturing and agri-business hubs. The corridor is expected to boost industrial activity along the way thereby | Under planning stages |

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| | increasing the demand for warehouse space. | |
| Outer Ring Road | The proposed Madurai Outer Ring Road will be built for a total length of 32.1 km15 on the northern part of Madurai city, connecting NH 38 with NH 44 by linking the existing roads in the stretch. The project aims at decongesting the city traffic and connecting the two primary highways of Madurai viz. NH 38 & 45. | 2026 - 27 |
| Rail Infrastructure | Chennai Metro Rail plans to develop Metro Rail in Madurai district of Tamil Nadu in a total financial outlay of INR 11,368 crores. The project comprises 32 kms rail track between Thirumangalam and Othakadai and is proposed to have 27 stations | Under proposal stages |
| Air Infrastructure | The Airports Authority of India (AAI) has proposed to expand existing integrated terminal building and construct a new ATC Tower cum Technical Block at Madurai International Airport | Under planning stages |

**Source:** CBRE Research

*Figure 56: Map of Key Existing Infrastructure Initiatives*

### 3.6.3. Overview of the Warehousing Clusters in Madurai

*Table 32: Warehousing Clusters In Madurai*

| CLUSTER CLASSIFICATION | NORTH & NORTHWEST CLUSTER | SOUTHERN CLUSTER | EASTERN CLUSTER | SOUTHWEST CLUSTER |
|---|---|---|---|---|
| Key Locations | Alanganallur, Vadipatti, Nagari | Avaniyapuram, Kappalur | Melur | Thiruparankundram |
| Share of Supply in Madurai Region | 42% | 30% | 8% | 20% |

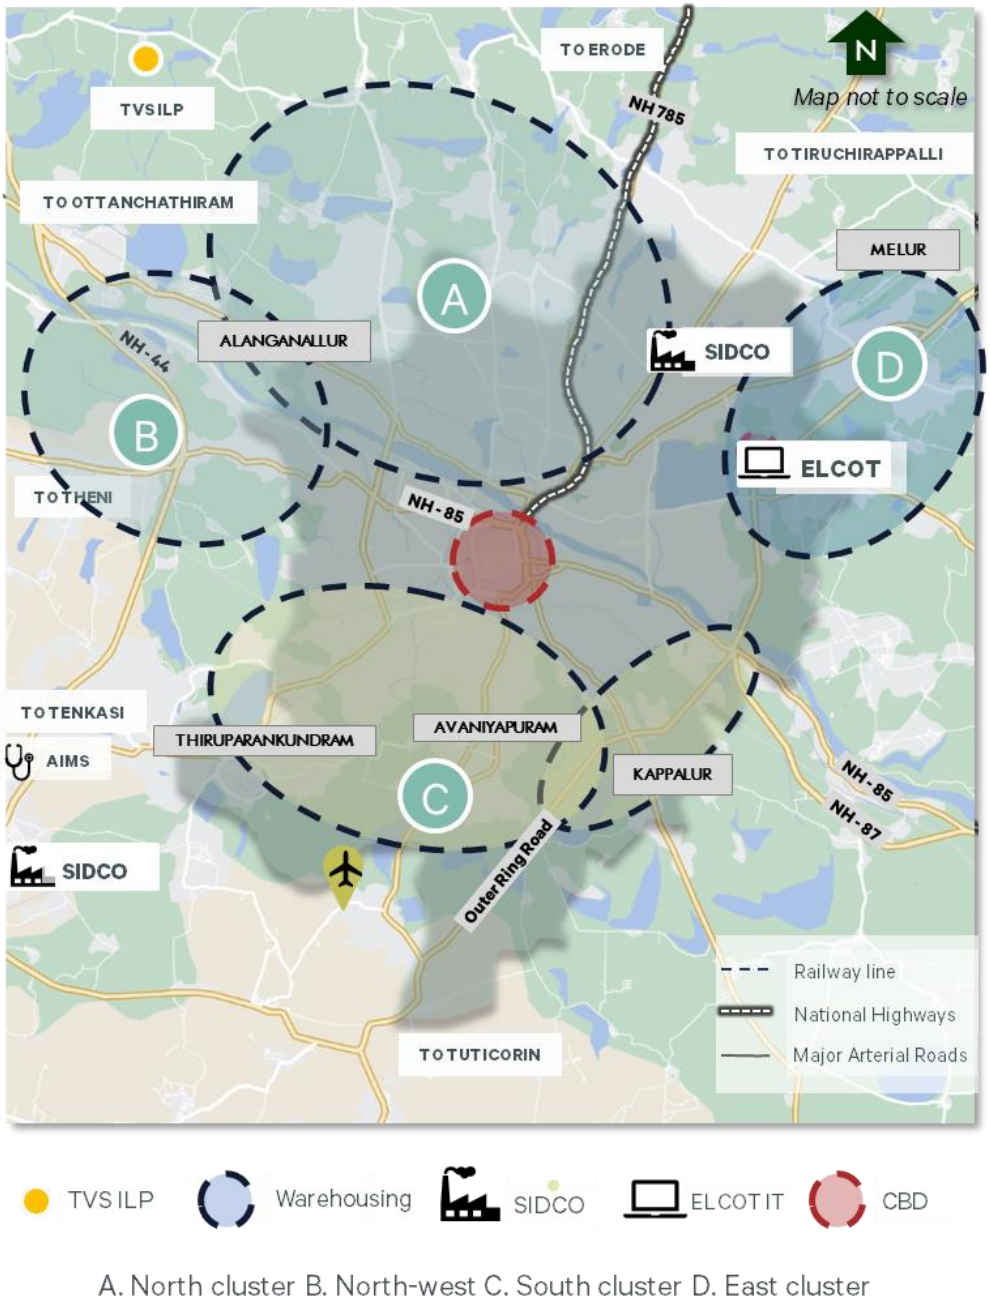
**Source:** CBRE Research; Updated as of Q3 2024

The North and Northwest stretch covers the Nagari, Vadipatti and Alanganallur. The Northern stretch is the

[15] ELCOT website

most preferred warehousing destination for warehousing developers. The southern stretch covers the Avinyapuram road and Kappalur that witnesses the presence of small-medium warehousing developments.

*Figure 57: Map of Warehousing Cluster In Madurai*



**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.6.3.1. Madurai - Completed Supply and Absorption Dynamics

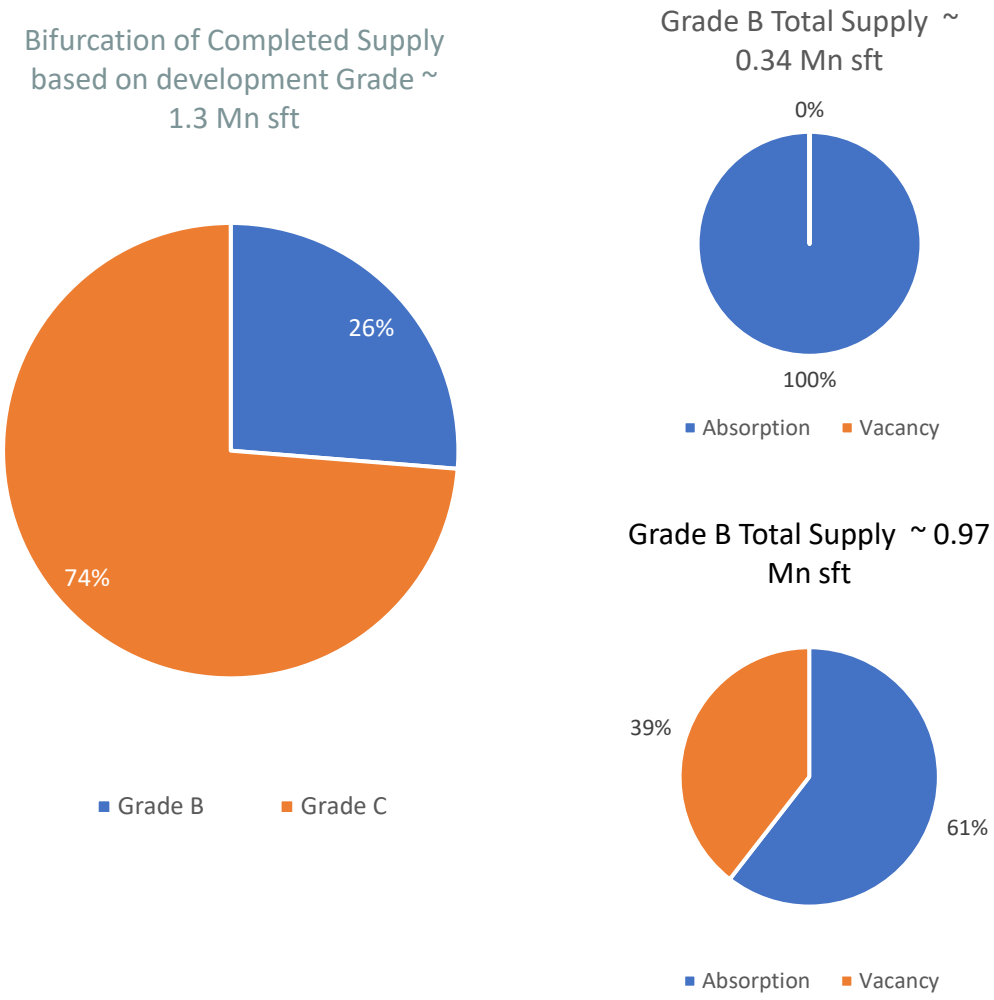
The Madurai Region currently has approximately 1.31 Mn sft of operational warehouse space, with around 0.94 Mn sft occupied. Around 74% of the completed supply, equivalent to 0.97 Mn sft, falls under Grade C classification, mainly due to the absence of significant Grade A and limited presence of Grade B players besides TVS. Madurai is emerging as a pivotal warehousing hub due to its close proximity to the VOC port in Tuticorin (approximately 150 – 155 kilometres away), the presence of MSME and SME clusters, and its role as a major distribution center for nearby towns and Tier III cities such as Dindigul, Pudukkottai, Virudhunagar and Theni.

Some of the major developments in the market include Sri Meenatchi industrial and logistics Park Private Limited – TVS (0.34 Mn sft – completed supply), CWC Warehouse (0.24 Mn sft), and SPG Warehouse (0.19 Mn sft). The Under construction/planned supply from major developments include the Independent Warehouse with a 0.095 Mn sft in Kappalur and TVS with a 0.09 Mn sft in Alanganallur.

The key industries preferred by Grade B warehousing spaces include FMCG, FMCD, 3PL, Automobile etc. Grade C is mostly preferred by Apparel, paints and manufacturing industries with a space off take ranging between 10,000 – 20,000 sft.

The growth of E-commerce has heightened the demand for efficient and technologically advanced warehousing space throughout Madurai.

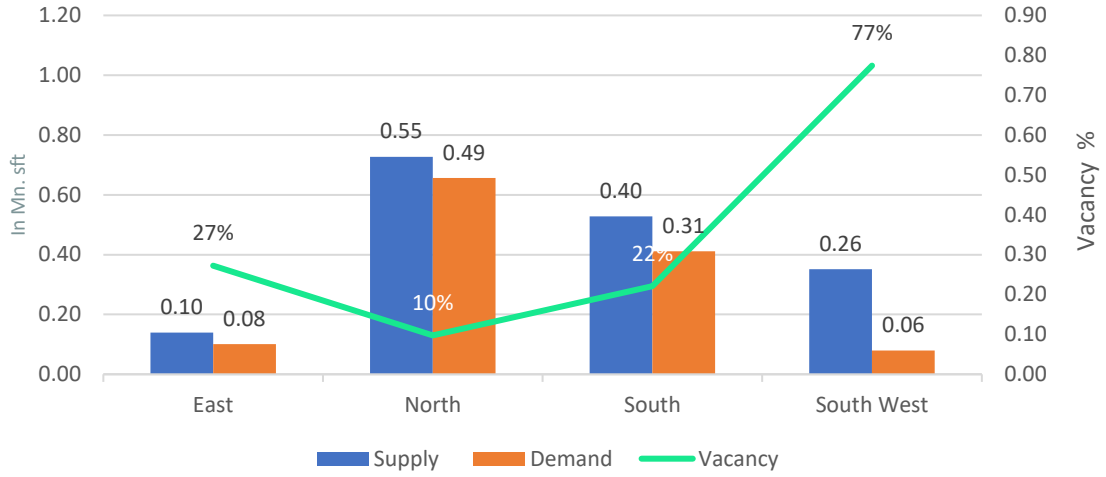
*Figure 58: Bifurcation of Completed Supply Based on Development Grade*



**Source:** CBRE Research; Updated as of Q3 2024

Healthy absorption levels have been witnessed in Grade-B developments which indicates the preference of occupiers for smaller development size of 30,000 to 50,000 sft warehouse box sizes. Due to this trend in absorption and presence of institutional developers are in negligible levels. Grade C warehouses have exhibited substantial vacancy rates, approximately 39%. This trend is particularly pronounced in the Southwest Cluster (Thiruparankundram), where vacancy levels have reached 77%. The primary factors contributing to this high vacancy rate are the quality of the available warehouse stock and the concentration of development by a single entity, the Central Warehousing Corporation (CWC).

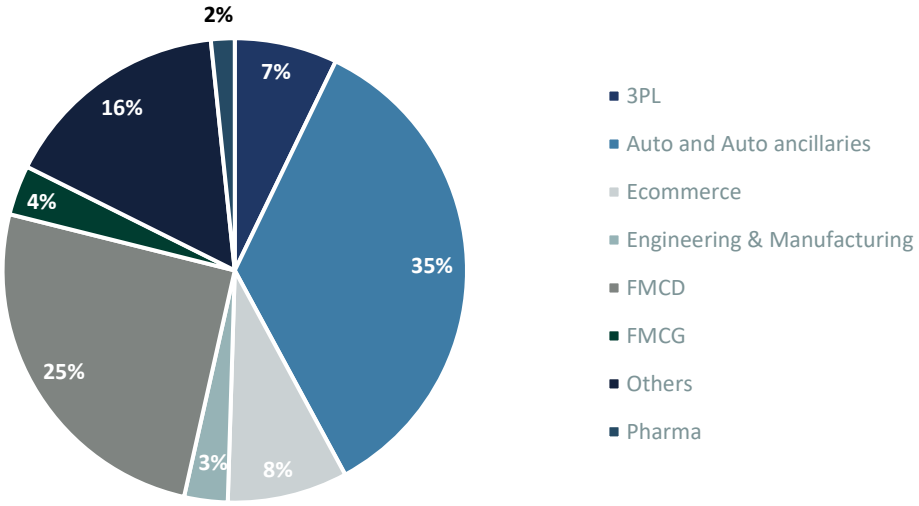
*Figure 59: Cluster Wise Supply & Absorption Levels in Madurai*



**Source:** CBRE Research; Updated as of Q3 2024

The major Industries driving demand for warehousing in the region include 3PL, E-Commerce, FMCD and Automobile which accounts to 75% - 76% of total absorption. Grade C is found to be the most preferred category among all the tenant segments present in the business ecosystem of Madurai.

*Figure 60: Segment Wise Absorption by Warehousing Space in Madurai*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.6.3.2. Madurai - Upcoming Supply Dynamics

The total supply in the pipeline is in the range of approx. 0.19 – 0.20 Mn sft of which the entire supply in under construction and is expected to hit the market by the end of 2024 & 2025.

*Table 33: Grade Wise Bifurcation of Upcoming Supply in Madurai*

| GRADE B | GRADE C |
|---|---|
| 0.09 Mn sft | 0.10 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

The upcoming supply for Madurai is to be witnessed on Southern and Northern Cluster. The locations where the majority of the upcoming supply envisaged are along the Kappalur – Airport Ring Road and along the NH 44 in Alanganallur.

*Table 19: Upcoming Supply from Prominent Grade B Players*

| LOCATION | 2024 – 2025 (MN SFT) |
|---|---|
| TVS, Alanganallur | 0.09 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.6.3.3. Madurai – Asking Rental Dynamics

The average rental witnessed in the Eastern and Southern Cluster is approx. between INR 16 - 18/ Sft / month and developments along the North cluster record warehousing rentals approx. INR 17 – 19 / Sft / month.

Micro Market Wise Average Asking Rentals as of Q3 2024 are enumerated below in the table:

*Table 35: Micromarket Wise Asking Rentals*

| MICRO MARKET | ASKING RENTAL (INR/SFT/MONTH) |
|---|---|
| East (Melur) | 16 - 18 |
| South (Avaniyapuram & Kappalur) | 16 - 18 |
| North (Alanganallur & vadipatti) | 17 - 19 |

**Source:** CBRE Research; Updated as of Q3 2024

## 3.7. Pune

The Pune Municipal Corporation area is established by the presence of residential and commercial activity, whereas Pimpri Chinchwad is an established engineering and automobile hub, home to several large engineering and automobile majors such as Tata Motors, Bajaj Auto, Volkswagen, Kirloskar Group, Mercedes Benz, Alfa Laval, Apollo Tyres, Forbes Marshal, Johnson Controls, Fiat and others.

Region also has robust physical infrastructure in form of road, rail and air connectivity along with strong plans to develop further in order to improve the overall infrastructure landscape.

*Table 20: Key Existing and Upcoming Infrastructure*

| INFRASTRUCTURE PROJECT | CURRENT STATUS | PARTICULARS |
|---|---|---|
| Railway Network | Existing | Pune is the divisional headquarter for Central Railways with rail connectivity to neighbouring states (Karnataka, Gujarat, Telangana, Andhra Pradesh, Goa). Sugar, POL (Petroleum, Oil & Lubricants), Auto Parts, fertilizers, steel, etc. are some of the major commodities traded through rail freight. |
| Pune International Airport | Existing | The airport located in proximity to Pune CBD shares a common airstrip for the commercial & defence flights. The airport had been declared as a customs airport in 1997. Airport was initially notified for export of perishable agriculture produce items such as flowers, fruits, vegetables and processed food; however, in 2005, the airport received permission for unloading of imported goods and loading of export goods. This in turn had attracted interests from major industry players to setup their operations in the region. |
| Pune Outer Ring Road | Upcoming | 136.8 km long and 4-6 lane access-controlled road which shall pass through the peripheral nodes of the city and is expected to act as a bypass for the traffic entering Pune city through the National and State Highways. It is expected to be complete by 2026. |

**Source:** CBRE Research

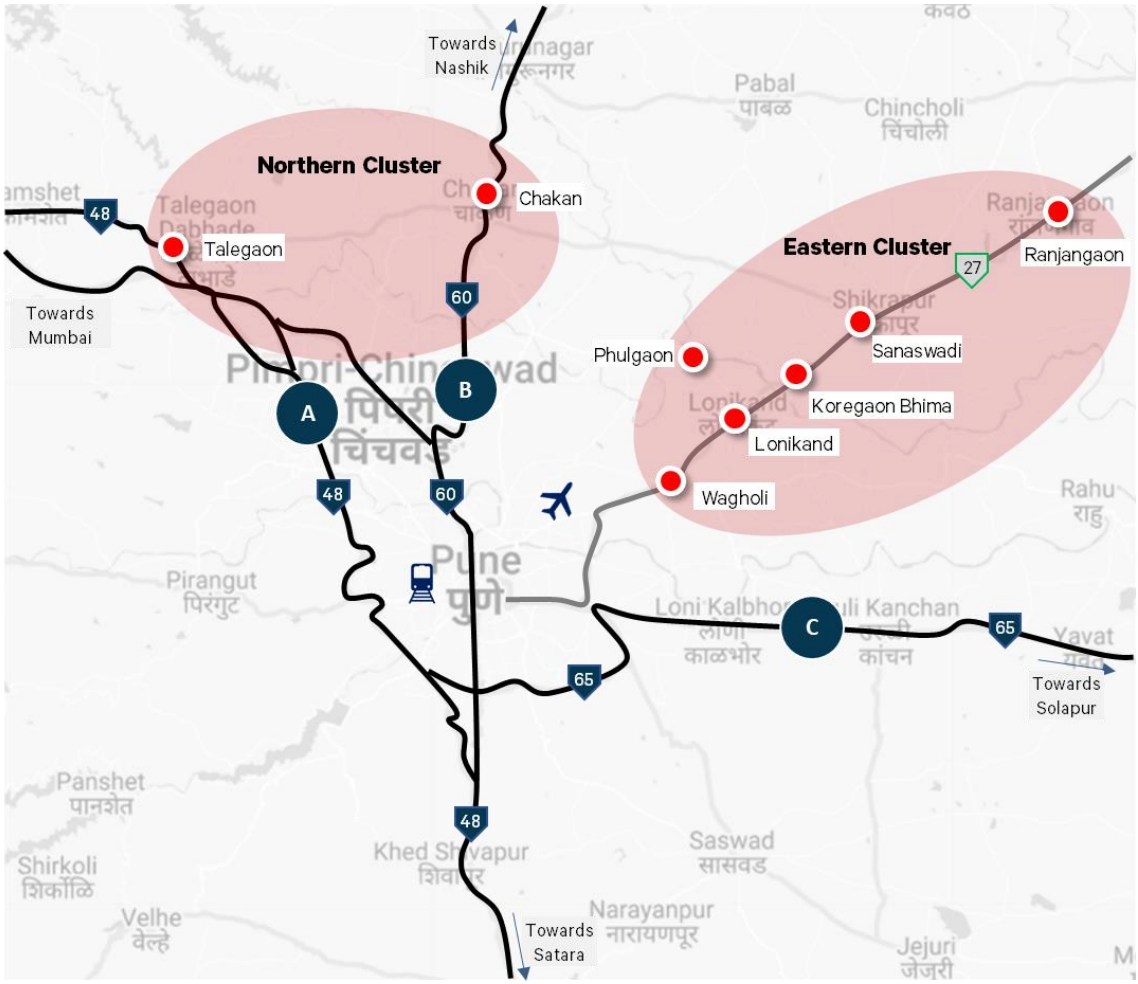
### 3.7.1. Overview of the Warehousing Market in PMR

Warehousing activity in the region is spread across two clusters placed in Northern and Eastern vectors of PMR with Northern cluster having majority of supply.

| Cluster Classification | Northern Cluster | EASTERN Cluster |
|---|---|---|
| Micro-markets | Chakan, Talegaon | Wagholi, Lonikand, Phulgaon, Koregaon Bhima, Sanaswadi, Ranjangaon |
| Share of Completed Supply in PMR | 70% | 30% |

**Source:** CBRE Research; Updated as of Q3 2024

*Figure 62: Map Highlighting Warehousing Clusters in PMR*



**Source:** CBRE; Map not to scale only, for representation purpose only

### 3.7.1.1. Completed Supply and Absorption Dynamics

The region's operational warehouse supply is approx. 37.7 mn sft, with around 33.4 mn sft occupied as on Q3 2024.

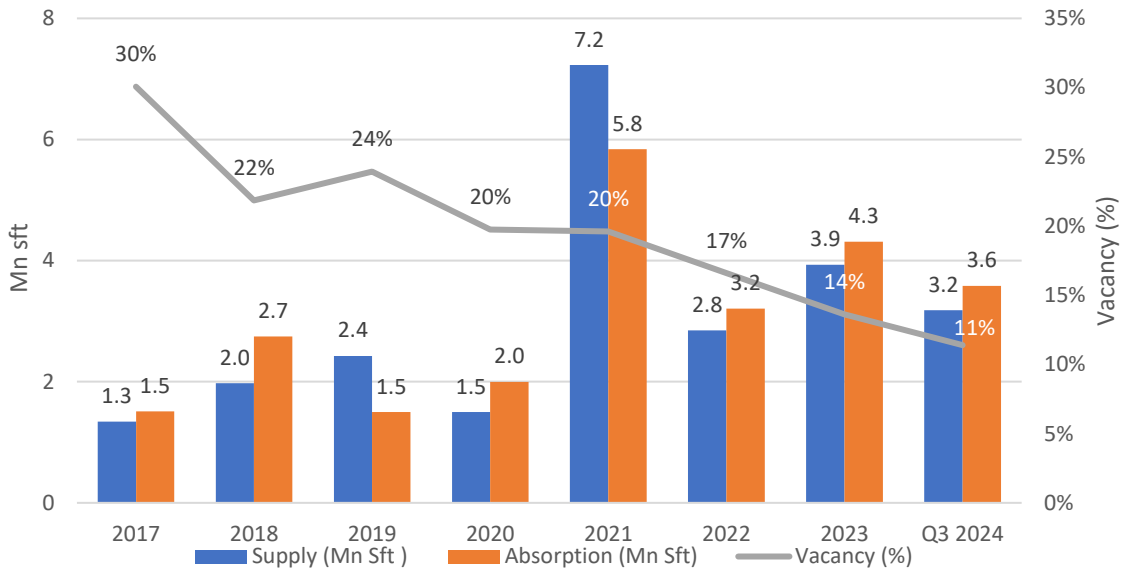
*Table 21: Overview of Warehousing Market In PMR*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 37.7 | 33.4 | 54% (Absorption – 89%) | 40% (Absorption – 89%) | 6% (Absorption – 81%) |

**Source:** CBRE Research; Updated as of Q3 2024

Chakan, Talegaon and Ranjangaon are the most prominent warehousing micro-markets, with the majority of supply in the form of investment grade storage space (Grade A); whilst micro-markets such as Sanaswadi, Phulgaon, Wagholi and Lonikand predominantly consist of Grade B and C supply. Large logistics and manufacturing firms are drawn to Chakan, Talegaon, and Ranjangaon because of their investment-grade warehouses, robust infrastructure, and government support. Affordable Grade B and C warehouses are available at Sanaswadi, Phulgaon, Wagholi, and Lonikand, serving local markets and small enterprises. Chakan and Talegaon micro-markets account for approximately 70% of completed supply (26.4 Mn sft), followed by Ranjangaon (4.7 Mn sft, 12%) and Wagholi - Lonikand - Phulgaon (4.7 Mn sft, 12%).

*Figure 63: Y-O-Y Supply & Absorption Levels In PMR*

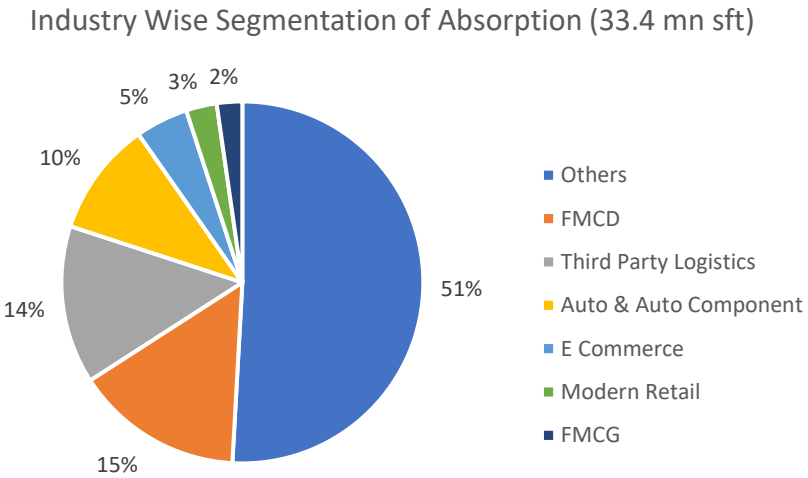


**Source:** CBRE Research; Updated as of Q3 2024

Prior to 2014, the supply consisted primarily of Grade B and C developments. During the last 9 - 10 years, the share of Grade C supply has decreased dramatically due to rising demand for quality storage spaces from occupiers such as Auto & Auto Components, Manufacturing, E-commerce, 3PL, etc., resulting in a considerable supply of Grade A & B supply. A continuous growth in overall supply has been observed over the last 7 - 8 years (2017 – Q3 2024), with an average yearly supply of approximately 3 mn sft in the region.

Manufacturing, Electronics, Logistics (3PL) & Distribution, Automobile, Machines & Equipment and Engineering are the primary tenant sectors. Key tenants include Kuenhe Nagel, Haier, Kawasaki, Amazon, DHL, Agarwal Packers, Parrikh Integrators, Mahindra Logistics, Chetak Logistics, Stellar and Vijay Logistics among others. Figure below illustrates the industry-wise segmentation:

*Figure 64: Segmentation of Absorption by Industry in PMR*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.7.1.2. PMR – Upcoming Supply Dynamics

The upcoming supply comprising under construction and planned in the region is in the range of 10 – 12 mn sft, majorly across Grade A warehousing space and is expected to get introduced in the market by 2028.

*Table 38: Bifurcation Of Upcoming Supply In PMR*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 1 – 2 Mn sft | 9– 10 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Majority of the upcoming supply is expected in the micro-markets of Chakan and Talegaon, followed by Ranjangaon. Institutional investors such as Indospace, Ascendas, ESR, Hiranandani, Malpani Group and Global are expected to expand their existing supply in the future.

### 3.7.1.3. PMR – Rental Dynamics

In PMR, the average quoted base rental for a Grade A property is between INR 24 and INR 30 per sft per month, while for a Grade B development, it is between INR 19 and INR 20. The table below lists the average rentals quoted for Grade A and B micro-markets.

*Table 39: Details of Micro-Market Wise Grade A & B Quoted Base Rentals*

| Micro-market | 2019 | | 2020 | | 2021 | | 2022 | | 2023 | | Q3 2024 | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| **Grade** | **A** | **B** | **A** | **B** | **A** | **B** | **A** | **B** | **A** | **B** | **A** | **B** |
| Chakan | 25 – 26 | 17 – 18 | 25 – 26 | 17 – 18 | 26 – 27 | 18 – 19 | 27 – 29 | 18 – 19 | 28 – 30 | 19 – 20 | 29 – 30 | 20 – 21 |
| Talegaon | 24 – 25 | 16 – 17 | 24 – 25 | 16 – 17 | 25 – 26 | 17 – 18 | 25 – 26 | 17 – 18 | 25 – 26 | 17 – 18 | 26 – 27 | 18 – 19 |
| Ranjangaon | 20 – 21 | 15 – 16 | 20 – 21 | 15 – 16 | 21 – 22 | 16 – 17 | 21 – 22 | 16 – 17 | 21 – 22 | 16 – 17 | 22 – 23 | 17 – 18 |
| Wagholi – Lonikand – Phulgaon | 17 – 18 | 13 – 14 | 17 – 18 | 13 – 14 | 18 – 20 | 14 – 15 | 20 – 22 | 15 – 16 | 20 – 22 | 15 – 16 | 21 – 22 | 16 – 17 |
| Koregaon Bhima – Sanaswadi | 17 – 18 | 12 – 13 | 17 – 18 | 12 – 13 | 18 – 19 | 13 – 14 | 19 – 20 | 13 – 14 | 19 – 20 | 13 – 14 | 21 – 22 | 14 – 15 |

**Source:** CBRE Research; Updated as of Q3 2024; Unit – INR/sft/Month;

### 3.7.1.4. PMR – Key Recent Lease Transactions

The following table enumerate the key lease transactions in the region:

*Table 40: Details of Key Transactions*

| Micro-market | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Talegaon | Engineering & Manufacturing | Grade A | 125,000 | 26 - 27 | Q2 2024 |
| Ranjangaon | 3PL | Grade A | 250,000 | 22 – 23 | Q2 2024 |
| Chakan | Auto & Ancillary | Grade A | 240,000 | 29 - 30 | Q3 2024 |
| Chakan | Engineering & Manufacturing | Grade B | 182,000 | 22 - 23 | Q3 2024 |
| Chakan | Engineering & Manufacturing | Grade B | 175,000 | 24 - 25 | Q3 2024 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.7.1.5. Northern Cluster Overview

Chakan and Talegaon micro-markets within the Northern Cluster are placed on the Pune - Nasik Highway (NH-60) and provides easy access to the Mumbai - Pune expressway. Chakan is close to the city's main consumption hubs mainly areas within PCMC (Pimpri Chinchwad Municipal Corporation). Furthermore, both the micro-markets are well served by NH 48 and NH 60, which has contributed to their recent rise as the significant warehousing hubs.

**Chakan Micro-market**

*Table 41: Snapshot of Chakan Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in PMR | Upcoming Supply |
|---|---|---|---|---|---|
| 22.5 Mn sft | 9-10% | 13.1 Mn sft | 7-8% | 64 - 65% | 4 – 5 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Chakan is regarded as an auto and auto accessory manufacturing hub, with the presence of major manufacturers as well as industries that supply OEM parts to production plants. Chakan's warehousing micro-market is the most attractive micro-market, having been built mostly by institutional businesses. Manufacturing, automotive, electronics and logistics are significant industries, accounting for over 50% of completed supply in the Chakan micro-market, with tenants including IKEA, Tata, Kawasaki, Bosch, Delphi

Automotive and others.

#### 3.7.1.6. Eastern Cluster Overview

The cluster is located on the eastern side of PMR, alongside State Highway 27. The cluster accounts for around 31% of the completed supply in the PMR region. Within the cluster, Grade A accounts for approximately 43% of the completed supply.

## 3.8. Siliguri

Siliguri is placed in the Siliguri corridor which is also known as a Chicken's Neck corridor. It is a strategic location towards the north-eastern region of India and crucial as a trading and commercial centre in North Bengal. Siliguri is the gateway to the hill stations of the Northeast, and North Bengal. It is also the transit point to the neighbouring countries of Bhutan, Nepal, and Bangladesh.

Major industrial and warehouse hub in Siliguri is in Fulbari and its nearby areas which accommodate large companies such as Reliance, Flipkart, Coca-Cola, ITC, and several tea and logistics companies.

*Table 42: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 27 – Connecting Porbandar & Silchar, the highway passes through key warehousing and industrial corridor of Siliguri.<br><br>National Highway 12 – Runs entirely in West Bengal. It connects NH 27 junction at Dalkhola and Bok-khali, the highway meets to key industrial areas in the region.<br><br>Asian Highway 2 – Connects Panitanki near Siliguri on India-Nepal border and Fulbari on India-Bangladesh boarder. |
| Railway Network | Existing | There are mainly 3 major railway stations in Siliguri, Siliguri Town railway station, Siliguri Junction and New Jalpaiguri Junction. All the 3 stations play a vital role to connect Siliguri with rest of India. |
| Bagdogra International Airport | Existing | It is an international airport located approx. 11 – 12 kms from Siliguri CBD area and approx. 16 – 17 kms. away from New Jalpaiguri Junction.<br><br>This Airport is controlled by Indian Airforce but also allows civilian flights to operate. |
| Kharagpur-Siliguri Economic Corridor | Upcoming | NHAI have approved 4 lane expressway which will connect Kharagpur (west of Kolkata) to Siliguri. It will be a 516 kms long expressway. The project is expected to be completed by 2028. |
| Railway Network | Upcoming | On 9th March 2024 PM Shri Narendra Modi inaugurated several railway projects in North Bengal. The projects include Eklakhi - Balurghat section; Barsoi - Radhikapur section; Raninagar Jalpaiguri - Haldibari section; Siliguri - Aluabari section via Bagdogra and Siliguri – Sivok – Alipurduar Jn. – Samuktala (including Alipurduar Jn. – New Coochbehar) section. |

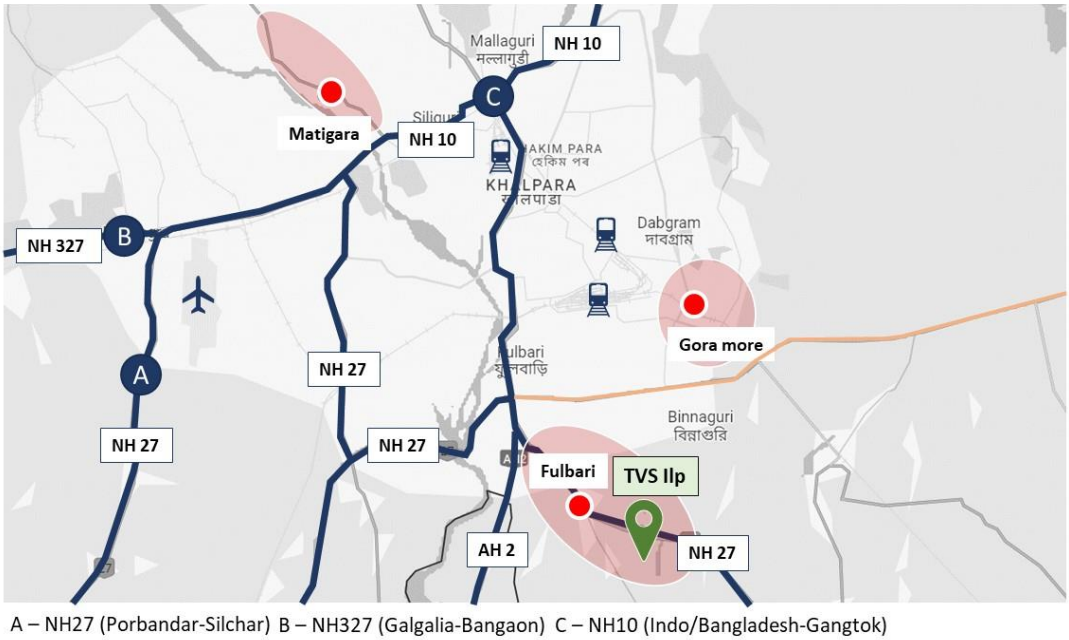
### 3.8.1. Overview of the Warehousing Market in Siliguri

| Cluster classification | Northern cluster | Eastern cluster | Central cluster |
|---|---|---|---|
| Micro-markets | Matigara | Fulbari | Gora More |
| Share of Supply in Siliguri Region | 30% | 28% | 42% |

**Source:** CBRE Research; Updated as of Q3 2024

Matigara and Gora More are the most prominent warehousing micro-markets. The majority of the supply in the form of investment-grade warehousing space (Grade A) can be found in Gora more and Fulbari, while Matigara markets primarily comprise of Grade B and C supply. Gora more contribute to a completed supply (1.32 Mn sft ~ 42%), followed by Matigara (0.91 Mn sft ~ 30%) and Fulbari (0.88 Mn sft ~ 28%). In the last couple of years, Matigara micro markets have not seen much traction owing to unavailability of large and contiguous land parcels, while Gora more and Fulbari are witnessing major demands from companies such as Reliance, Mondelez, Delhivery etc. that have a strong presence in the region.

*Figure 66: Map of Warehousing Cluster in Siliguri City*



A – NH27 (Porbandar-Silchar) B – NH327 (Galgalia-Bangaon) C – NH10 (Indo/Bangladesh-Gangtok)

**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.8.1.1. Siliguri – Completed Supply and Absorption Dynamics

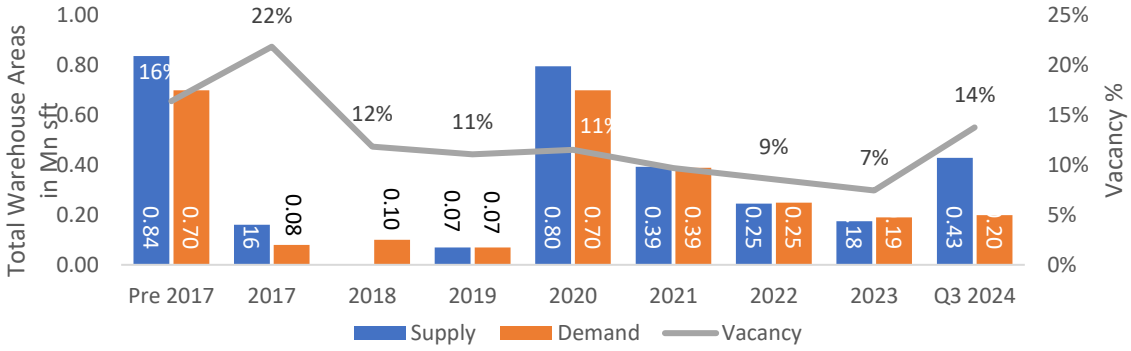
The region boasts an operational warehouse supply of approximately 3.11 Mn sft, with approximately 2.68 Mn sft currently occupied. Prior to 2018, the supply was mostly composed of Grade B, and C developments. During the last 5–6 years, the share of Grade C supply has drastically reduced due to increased demand for quality warehousing spaces from occupiers such as manufacturing, e-commerce, logistics, electronic goods, etc. Hence, witnessing a significant supply of Grade 'A' and 'B' supply.

*Table 43: Overview of Warehousing Market in Siliguri*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 3.11 | 2.67 | 0.80 Mn sft (Absorption – 80%) | 1.39 Mn sft (Absorption – 89%) | 0.91 Mn sft (Absorption – 88%) |

**Source:** CBRE Research; Updated as of Q3 2024

*Figure 67: Y-O-Y Supply & Absorption Levels in Siliguri*

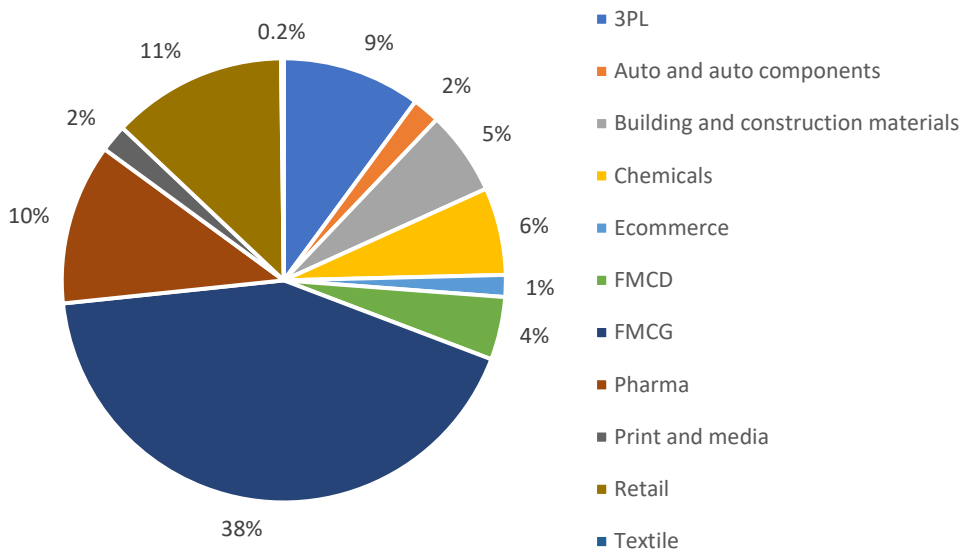


**Source:** CBRE Research; Updated as of Q3 2024

Grade A developments are primarily concentrated in Gora more and Fulbari micro-markets, catering primarily to retail and FMCG sectors. A steady increase in supply has been witnessed over the last 4 – 5 years, with an average annual supply of approx. 0.4 Mn sft. The demand for Grade A developments in these micro-markets is driven by their strategic location, proximity to key transportation hubs, and availability of skilled labour. Additionally, the presence of established industrial clusters and supportive government policies further contribute to the growth of these sectors in the region.

Grade A's proportion of the city's market composition is likely to rise in the next few years, due to good transport connectivity to Siliguri as well as other parts of East India, availability of land, etc., owing to increased supply and interest from national and international enterprises. The majority of warehousing activity in the region has been in the Grade B development category, which have been developed by local individuals. FMCG, 3PL, Ecommerce, Pharma and FMCD are the key tenant sectors occupying space in Grade B developments across Siliguri. Some of the key tenants present are Lupin, Pepsico, HUL, Instakart and ITC etc.

*Figure 68: Segmentation of Absorption by Industry in Siliguri*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.8.1.2. Siliguri – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 0.2 – 0.3 Mn sft. , which is anticipoated to be operational by the end of 2025.

*Table 44: Bifurcation of Upcoming Supply in Siliguri*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 0.1 – 0.2 Mn sft | 0.05 – 0.1 Mn sft |

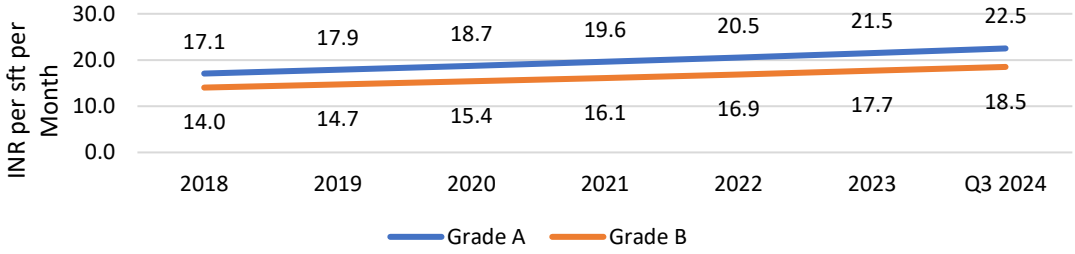
**Source:** CBRE Research; Updated as of Q3 2024

The majority of the upcoming supply is expected to be in the micromarkets of Gora more.

### 3.8.1.3. Siliguri Rental Dynamics

In Siliguri, the average quoted base rental for a Grade A property is between INR 21 and INR 23 per sft per month, while for a Grade B development, it is between INR 18 and INR 19.

*Figure 69: Grade Wise Asking Rentals in Siliguri*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.8.1.4. Siliguri – Key Lease Transactions

The following table enumerate the key lease transaction

*Table 45: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Gora more | Retail | Grade A | 1,00,000 | 22 – 23 | Q4 2022 |
| Gora more | Retail | Grade A | 70,000 | 22 – 23 | Q1 2023 |
| Gora more | Retail | Grade A | 1,00,000 | 21 – 22 | Q2 2023 |

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Fulbari | FMCG | Grade A | 225,000 | 19 – 20 | Q1 2024 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.8.1.5. Northern Cluster Overview

The cluster is located alongside Khaprail Road which connects to NH 10 and AH 2. Maa Amba Infrastructure Pvt Ltd and Simco Group are the dominant players in this micromarket. The market's proximity to Bagdogra International Airport approx. 9 – 10 kms and excellent connectivity through NH 27 have led to its emergence.

### 3.8.1.6. Eastern Cluster Overview

The cluster is located on the eastern side of Siliguri, alongside NH 27. The micromarket is dominated by mainly local individual players. The market's proximity to the main city area and excellent connectivity through NH 27 have led to its emergence. The cluster comprises approximately 24% of the completed supply in the Siliguri region. Out of the completed supply in the Fulbari cluster, approximately 54% of the supply is Grade A, followed by Grade B and Grade C with a supply of 22% & 24% respectively.

**Fulbari Micro Market**

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in SILIGURI |
|---|---|---|---|---|
| 0.88 Mn sft | 20-21 % | 0.48 Mn sft | 24% | 55-60 % |

**Source:** CBRE Research; Updated as of Q3 2024

Proximity to the National Highway and the main city area have resulted in the growth of Fulbari as a micro-market. Several multinational and national companies, such as Coca cola occupying Grade A development, Mondelez, Instakart and Delhivery occupying Grade B development, and companies like Keventer, Emami Frank Ross, etc are occupying Grade C developments in this micromarket. Grade A rental in this micromarket range between 21 – 23 INR/sft/month, whereas Grade B rental is between 17 – 18 INR/sft/month. However, due to recent completions, the vacancy rate in Grade A developments currently stands at 24%. Nevertheless, this vacancy is expected to decline in the near future, driven by rising consumption demand and the growing need for high-quality warehouses

**Central Cluster Overview**

Gora more is the nearest to the city compared to other micromarkets in the region. In this belt, several companies, such as Exide, Amul, Amazon, Reliance, Dabar, Berger paints, Bisk farm, Tata tea, etc are present.

## 3.9. Sullurpet

Sullurpet Mandal forms part of the newly carved out Tirupati district.

Sullurpet is located towards the east coast of Andhra Pradesh in proximity to key industrial hubs like Sri City, Chennai, and the Mambattu APIIC area.

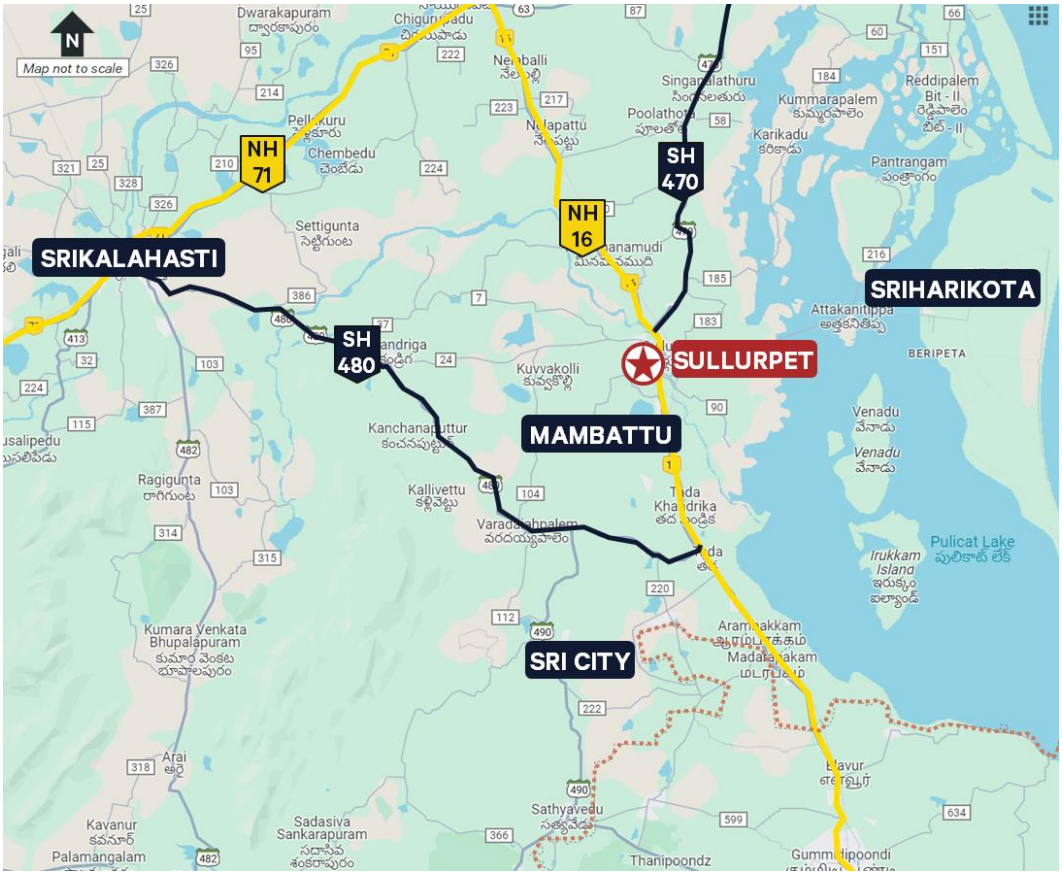
*Table 46: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 16 – Connecting Kolkata & Chennai, the highway passes through key warehousing and industrial regions such as Kolkata, Bhubaneshwar, Brahmapur, Visakhapatnam, Vizianagaram, Vijayawada, etc.<br><br>Sullurpet is located between Nellore and Chennai on the NH 16 stretch, towards the Eastern part of the Highway. National Highway 16 connects Sullurpet to other key cities of Andhra Pradesh such as Visakhapatnam, Vijayawada, etc. and Chennai in Tamil Nadu. |
| Railway Network | Existing | Sullurpet railway station connects the region to Chennai in the South and Nellore in the North. |

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| Tirupati Airport | Existing | The nearest airport to the subject location is Tirupati Airport, located approx. 60 km from the subject region. |

**Source:** CBRE Research

*Figure 70: Map of Key Infrastructure Initiatives*



**Source:** CBRE Research; Map not to scale only, for representation purposes only

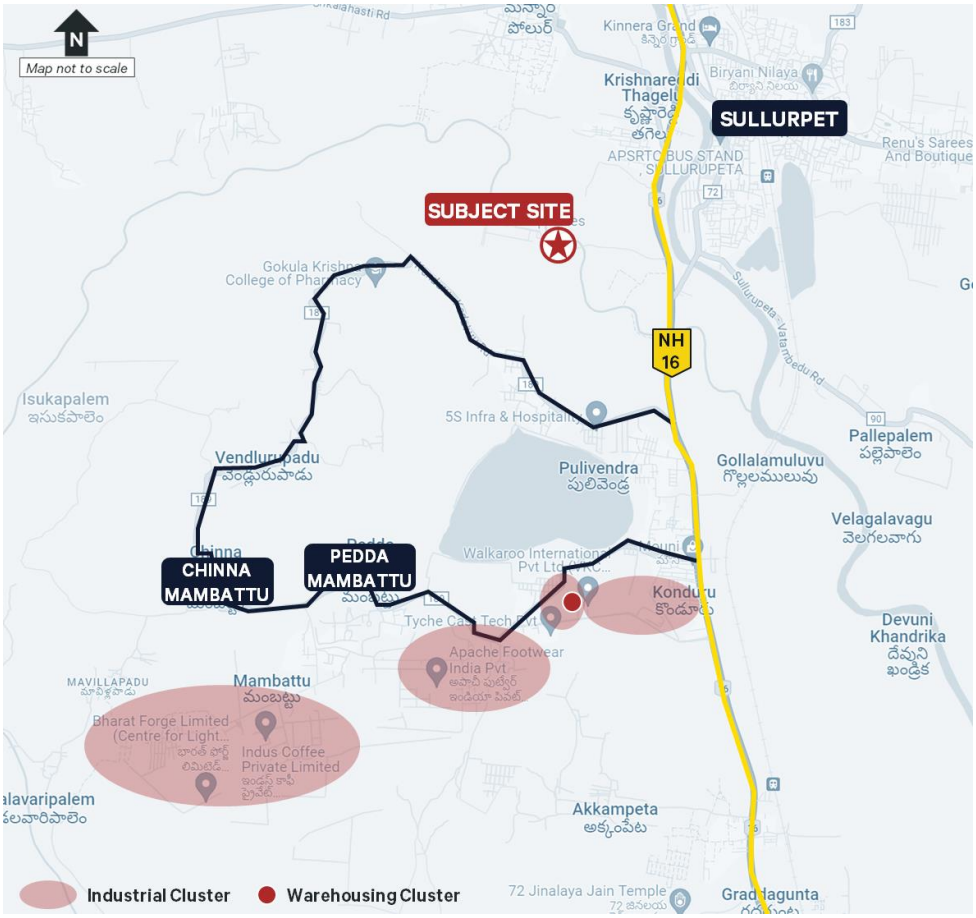
### 3.9.1. Overview of the Warehousing & Industrial Market in Sullurpet

| Cluster Classification | Mambattu – APIIC |
|---|---|
| Micro-markets | Kadaluru, Pedda Mambattu |

Industrial and warehousing activity in Sullurpet is concentrated near the Mambattu APIIC area located towards the western side of the town. The region has various industries set up within the APIIC industrial area with captive warehousing space.

The Mambattu region has approx. 0.52 mn sft of warehousing supply as of Q3 2024. All the supply is absorbed as it has been constructed on a built-to-suit basis

*Figure 71: Map of Warehousing Cluster in Sullurpet*



**Source:** CBRE Research; Map not to scale only, for representation purposes only

### 3.9.1.1. Sullurpet – Completed Supply and Absorption Dynamics

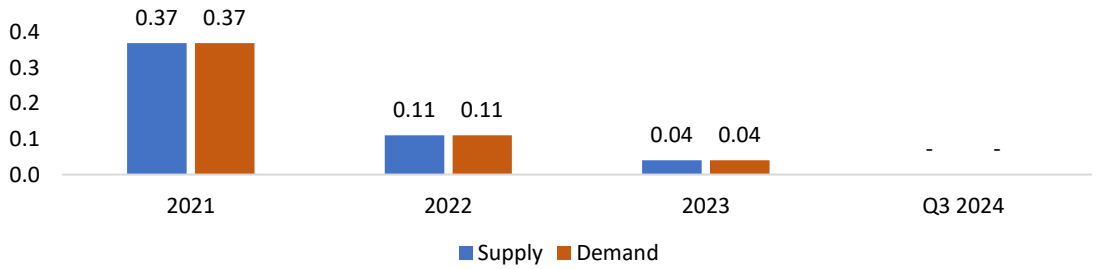
The supply is primarily of Grade B nature from occupiers of the Engineering & Manufacturing segment, with occupiers such as Ludetong and IMI.

*Table 47: Overview of Warehousing Market in Sullurpet*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) |
|---|---|---|
| 0.52 | 0.52 | 71% (Absorption – 100%) |

**Source:** CBRE Research; Updated as of Q3 2024

*Figure 72: Supply Absorption Dynamics of Sullurpet*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.9.1.2. Sullurpet – Upcoming Supply Dynamics

The Mambattu Micro Market is anticipated to see an influx of new warehouse space in the range of 0.27 to 0.28 million square feet by the end of 2024 or early 2025. This upcoming supply will be primarily comprised of Grade A development along with Grade B warehousing, catering to the area's established Engineering &

Manufacturing sector.

*Table 48: Bifurcation of Upcoming Supply in Sullurpet*

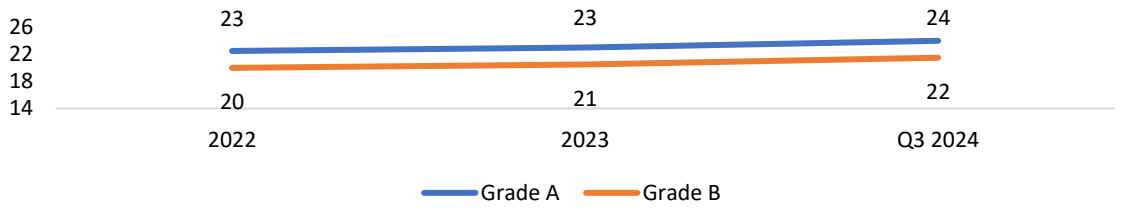
| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 0.27 – 0.28 Mn sft | 0.02 – 0.03 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.9.1.3. Sullurpet – Asking Rental Dynamics

The average quoted base rental in Sullurpet is INR 23 – 25 /sft /month for a Grade A development, and INR 21 – 23 /sft /month for Grade B development.

*Figure 73: Rental Trends – Sullurpet*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.9.1.4. Sullurpet – Key Lease Transactions

The following table enumerates the key lease transactions in Sullurpet:

*Table 49: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Sullurpet | Engineering & Manufacturing | Grade A | 3,70,719 | 24 – 25 | 2021 |
| Mambattu | Engineering & Manufacturing | Grade B | 35,000 | 21 – 22 | 2022 |
| Mambattu | Engineering & Manufacturing | Grade B | 35,000 | 22 – 23 | 2022 |
| Mambattu | Engineering & Manufacturing | Grade B | 40,000 | 22 – 23 | 2022 |
| Mambattu | Engineering & Manufacturing | Grade B | 40,000 | 22 – 23 | 2023 |

**Source:** CBRE Research; Updated as of Q3 2024

## 3.10. Vijayawada

Vijayawada, a thriving city in Andhra Pradesh, serves as the commercial, cultural, and intellectual hub of the state. Its economy is underpinned by a robust industrial base, with significant contributions from sectors like textiles, real estate, and agriculture.

With Andhra Pradesh's Industrial Development Policy 2020-23, the following sectors have been identified as thrust sectors and are expected to boost industrial activity in the city:

- Aerospace and defence
- Automobiles
- Electronics
- Food processing
- Footwear and leatherwear
- Petrochemicals and allied industries
- Pharmaceuticals and biotechnology
- Textiles
- Toys and furniture

- Machinery, precision equipment, and mineral-based industries

*Table 50: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 65 – Connecting Pune and Machilipatnam, the highway passes through the heart of the city, passing by various residential, commercial, and industrial clusters of Vijayawada<br><br>National Highway 16 – Connecting Kolkata and Chennai, the highway passes through the heart of Vijayawada and connects the city to Amaravati, and other major cities like Guntur and Ongole. |
| Vijayawada Metro Project | Planned | The government of Andhra Pradesh has proposed a metro rail project to enhance public transportation in the city<br><br>The last stop towards the subject site is Gangur which forms part of the first corridor of Vijayawada metro. This provides good accessibility to the subject property, as the distance between the two points is 10 km. |
| Amaravati City Planning | Upcoming | The city of Amaravati, located between Vijayawada and Guntur, is being developed as the new capital of Andhra Pradesh. Although progress has been slow, the city is expected to grow in the future. |
| Vijayawada-Machilipatnam Highway | Planned | The Vijayawada-Machilipatnam highway (NH 65), which is approx. 3-4 km from the subject site, is proposed to be expanded from a 2-lane highway into a 6-lane highway, increasing connectivity to the city by a large margin. This initiative will directly impact the subject site, providing better accessibility to the Machilipatnam port area and other key micro markets of the city. |

**Source:** CBRE Research

*Figure 74: Map of Key Infrastructure Initiatives*

### 3.10.1. Overview of the Warehousing Market in Vijayawada

| Cluster Classification | EAST Cluster | NORTH Cluster | NORTH-EAST CLUSTER | WEST CLUSTER |
|---|---|---|---|---|
| Micro-markets | Auto Nagar, Kankipadu, Uppuluru | Nunna | Enikepadu, Gannavaram, Gudavalli, Kesarapalli, Nidamanuru | Bhavanipuram, Gollapudi, Ibrahimpatnam |
| Share of Supply in Vijayawada Region | 1.71 Mn sft (32%) | 1.13 Mn sft (21%) | 2.20 Mn sft (42%) | 0.23 Mn sft (4%) |

**Source:** CBRE Research; Updated as of Q3 2024

Nunna, Uppuluru, Nidamanuru, Enikepadu, Auto Nagar, and Gudavalli are the most prominent warehousing micro markets with the majority of the supply accounting for a supply of approx. 3.80 Mn sft as of Q3 2024 (~72% of the completed supply), while markets such as Kankipadu, Kesarapalli, and Gannavaram are the upcoming micro markets with approx. 1.26 Mn sft (~24% of the completed supply).

*Figure 75: Map of Warehousing Clusters in Vijayawada*

### 3.10.1.1. Vijayawada – Completed Supply and Absorption Dynamics

The city has approximately 5.5 Mn sft of operational warehousing supply, of which approximately 5.3 Mn

sft is occupied. Over the last 3 – 4 years, Grade A supply has increased in the city with a new supply addition of 1.4 Mn sft since 2020.

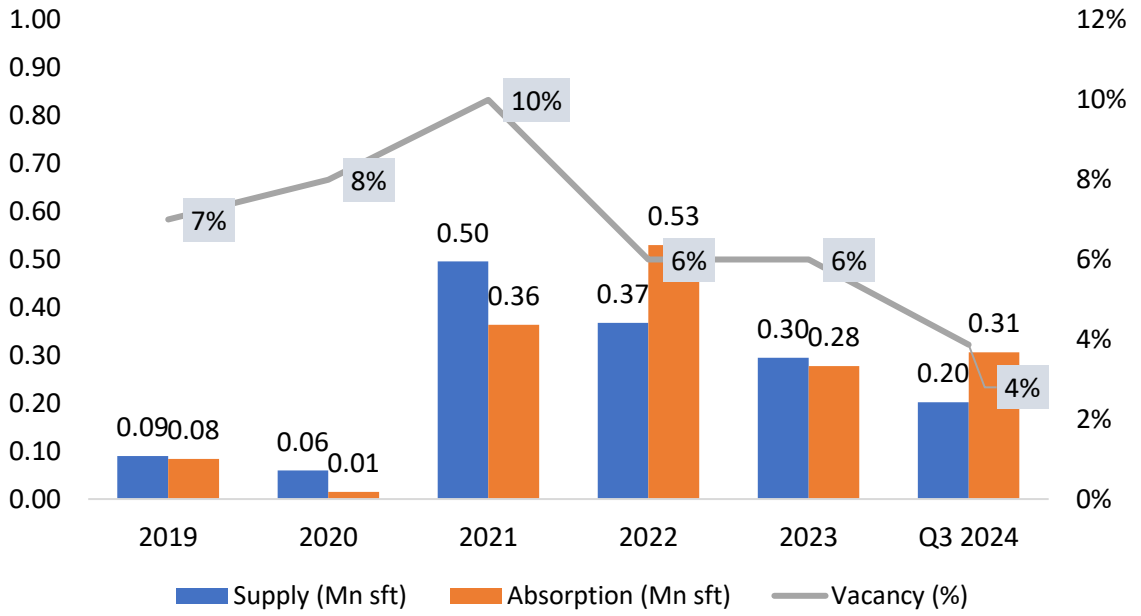
*Table 51: Overview of The Warehousing Market In Vijayawada*

| Completed Supply (Mn sft) | Total Absorption (Mn sft) | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 5.5 | 5.3 | 29% (Absorption – 100%) | 60% (Absorption – 96%) | 11% (Absorption – 98%) |

**Source:** CBRE Research; Updated as of Q3 2024

Grade A developments are primarily concentrated in Enikepadu, Gannavaram & Gudavalli micro-markets catering primarily to FMCG, 3PL, and other sectors. A steady increase in Grade A supply was witnessed over the last 5 years (2019 – 2023) with an average annual supply of approx. 0.20 – 0.22 Mn sft.

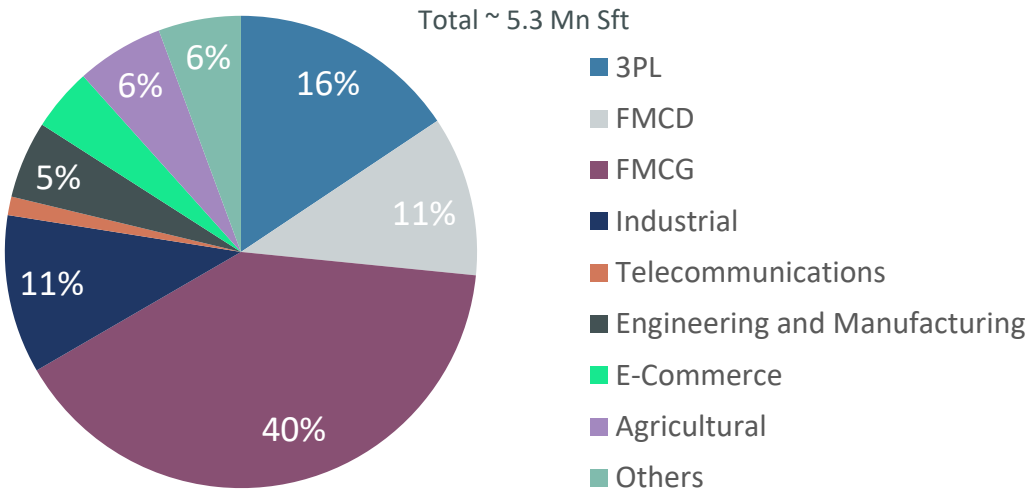
*Figure 76: Supply-Absorption Dynamics – Vijayawada*



**Source:** CBRE Research; Updated as of Q3 2024

Logistics (3PL) & Distribution, E-Commerce, and FMCG are the key tenant sectors occupying space in Grade A developments across Vijayawada. Some of the key tenants present are Abbott India, Delhivery, Hindustan Unilever Limited, Reliance, 20Cube, Marico, Medplus etc.

*Figure 77: Segmentation Of Absorption By Industry In Vijayawada*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.10.1.2. Vijayawada – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 0.5 – 0.6 Mn sft, across Grade A warehousing space and is expected to get operational by 2026.

*Table 52: Bifurcation Of Upcoming Supply In Vijayawada*

| MICRO-MARKET | BUILT-UP AREA (MN SFT) | year of completion |
|---|---|---|
| Gannavaram | 0.17 | 2025 |
| Nidamanuru | 0.05 | 2026 |
| Kankipadu | 0.30 | 2025 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.10.1.3. Vijayawada – Asking Rental Dynamics

The average quoted base rental witnessed in Vijayawada is INR 21 – 24 / Sft / month for a Grade A development and between INR 17 – 20 / Sft / month for a Grade B development.

| Micro-Market | Q3 2024 | |
|---|---|---|
| Grade | A | B |
| Auto Nagar | 24 – 27 | 20 – 22 |
| Enikepadu | 22 – 24 | 19 – 22 |
| Gannavaram | 20 – 23 | - |
| Gudavalli | 21 – 24 | 18 – 20 |
| Kankipadu | 20 – 23 | 17 – 20 |
| Nunna | 20 – 22 | 18 – 20 |
| Uppuluru | 22 - 24 | 17 – 19 |

### 3.10.1.4. Vijayawada – Key Lease Transactions

The following table enumerates the key lease transactions in the city:

*Table 53: Details Of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Kankipadu | FMCD | Grade A | 150,000 | 21 - 23 | 2024 |
| Enikepadu | 3PL | Grade A | 95,000 | 23 – 24 | 2024 |
| Gudavalli | Others (Health & Beauty) | Grade A | 52,000 | 20 – 21 | 2024 |
| Uppuluru | FMCG | Grade A | 2,00,000 | 23 – 25 | 2023 |
| Nunna | FMCD | Grade A | 1,50,000 | 21 – 22 | 2022 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.10.1.5. East Cluster Overview

The micro-markets of Auto Nagar, Kankipadu, and Uppuluru have historically been prominent warehousing clusters owing to the proximity of the regions to the city center. Additionally, the cluster is well-serviced through NH 65 and SH 306. The cluster comprises approximately 32% of the completed supply in Vijayawada. Of the completed supply in the cluster, approximately 22% of the supply is Grade A, while 78% of the supply is Grade B and 1% is Grade C.

**Kankipadu Micro Market**

*Table 54: Snapshot of the Kankipadu Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.69 Mn sft | 4 – 5% | 0.32 Mn sft | 0% | 20% |

**Source:** CBRE Research; Updated as of Q3 2024

The Kankipadu micro market is a growing warehousing cluster due to NH 65 passing right through the region and connecting the region to other prominent hubs of the state in Machilipatnam. The market constitutes a share of nearly 35% of the completed supply in the East cluster. The market serves as an FMCG and E-Commerce hub with tenants such as Big Basket, Prestige, Valvoline, VIVO, etc.

#### 3.10.1.6. North Cluster Overview

The Nunna micro market is located in the growing Northern part of Vijayawada along the state highway 236, which connects the micro market to the agriculture-industrial hub of Nuzividu, leading to its emergence as one of the fastest-growing warehousing cluster in Vijayawada. The cluster comprises approximately 20% of the completed supply in Vijayawada. Out of the completed supply in the North cluster, approximately 13% of the supply is Grade A.

#### 3.10.1.7. North-East Cluster Overview

The cluster is the most prominent warehousing cluster in the city, with a completed supply of approx. 2.20 Mn sft Additionally, the cluster is well-serviced through NH 16 and is close to the Vijayawada International Airport, which is situated in Gannavaram. The cluster comprises approximately 39% of the completed supply in Vijayawada. Of the completed supply in the cluster, approximately 35% of the supply is Grade A, while 63% of the supply is Grade B and 2% is Grade C.

#### 3.10.1.8. West Cluster Overview

The West cluster has minimal warehousing activity, however, there is a lot of potential for warehousing activity as NH 65 passes through the region connecting Vijayawada to Hyderabad on the west. The cluster comprises approximately 4% of the completed supply in Vijayawada.

### 3.11. Visakhapatnam

Visakhapatnam is the industrial hub of Andhra Pradesh and the most cosmopolitan city in the state.

Visakhapatnam is one of the 20 smart cities identified and selected by the Central Government for its Smart Cities Mission, which aims to provide quality infrastructure and amenities.

Visakhapatnam, strategically located on the east coast of India, possesses a dynamic logistics and warehousing landscape. As a major deep-water port, it serves as a crucial gateway for international trade, facilitating the movement of goods across the country. Visakhapatnam boasts excellent connectivity through rail, road, and air networks, further enhancing its logistics capabilities.

*Table 55: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 16 – Connecting Kolkata & Chennai, the highway passes close to the subject site connecting the city to various industrial and commercial clusters such as Vizianagaram, Vijayawada, and Atchuthapuram. |
| Visakhapatnam Chennai | Conceptual Development | The upcoming industrial corridor from Srikakulam to Chennai is the first phase of the larger East Coast Economic Corridor, aimed at becoming |

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| Industrial Corridor (VCIC) | Plan Prepared | the first and the best economic corridor on the East Coast, while also being aligned with the Golden Quadrilateral. |
| Bhogapuram International Airport | Upcoming | GMR is developing the Bhogapuram International Airport across 2,300 acres. The first phase, slated for completion in 2026, will cater to 6 million passengers. Upon completion of all three phases, the airport will have a capacity of 18 million passengers. This major infrastructure project is expected to enhance regional connectivity, stimulate economic growth, and attract tourism and trade. |
| Raipur-Visakhapatnam Economic Corridor (RVEC) | Under Construction | The Raipur-Visakhapatnam Economic Corridor is a 6-lane expressway, expected to be operational by Q4 2024. The expressway is spanning approx. 464 km will connect Chhattisgarh, Odisha, and Andhra Pradesh. The alignment of the road covers Visakhapatnam and Vizianagaram and is expected to attract large private investments in the region, enhancing the overall image positioning of the city.<br><br>The RVEC expressway passes through Visakhapatnam, less than 2 km to the south of the subject property. |
| Vizag Metro Rail | Planned | A plan for a metro rail system spanning 140 km across three corridors has been proposed to ease traffic congestion and provide efficient public transportation |

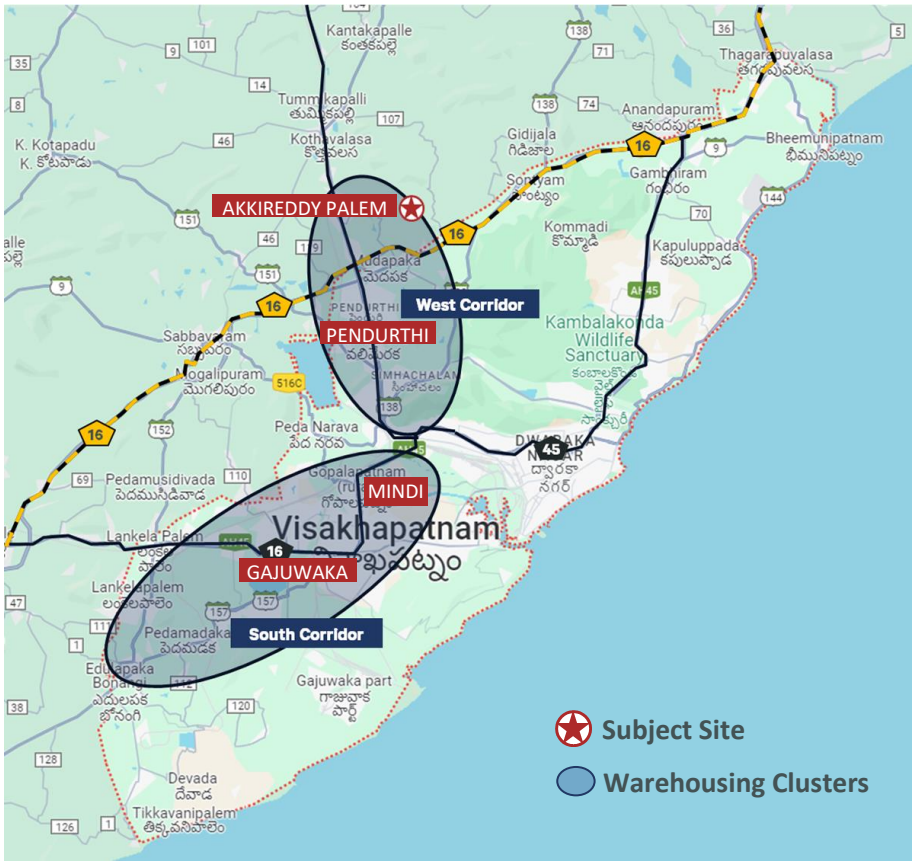
### 3.11.1. Overview of the Warehousing Market in Visakhapatnam

| Cluster Classification | South Cluster | West Cluster | NORTH CLUSTER |
|---|---|---|---|
| Micro-markets | Gajuwaka, Auto Nagar, Mindi, Pedagantyada, Paravada | Pendurthi, Vedanta, Akkireddy Palem, Gandigundam | Bheemili |
| Share of Supply in Visakhapatnam Region | 1.94 mn sft (77%) | 0.56 mn sft (22%) | 0.03 mn sft (1%) |

**Source:** CBRE Research; Updated as of Q3 2024

Auto Nagar, Gajuwaka, Mindi, and Pedagantyada are the most prominent warehousing micro-markets with most of the supply; while markets such as Pendurthi, Akkireddy Palem, and Gandigundam are fast-growing. Auto Nagar-Mindi-Gajuwaka micro markets contribute to a completed supply of 1.69 Mn sft ~ 67% of the completed supply in Visakhapatnam, followed by Pendurthi-Akkireddy Palem (0.31 Mn sft ~ 13%) and Pedagantyada – Paravada - Zinc Colony (0.32 Mn sft ~ 13%).

*Figure 80: Map of Warehousing Clusters in Visakhapatnam*



**Source:** CBRE Research; Map not to scale only, for representation purposes only

### 3.11.1.1. Visakhapatnam – Completed Supply and Absorption Dynamics

Visakhapatnam has an operational warehouse supply of approximately 2.53 Mn sft, with approximately 1.80 Mn sft currently occupied. Before 2016, the predominant portion of the supply consisted of Grade B developments. However, certain developers have put forth Grade B developments that are superior to the norm, with an emphasis on EXIM cargo and to meet the rising demand from e-commerce and 3PL companies seeking modern and efficient warehouse space.

Local developers and private landowners though continue to concentrate on the development of Grade-B spaces, whereas institutional logistics providers have recently shown interest in Vishakhapatnam and introduced Grade-A warehousing spaces. An upsurge in Grade A developments, characterized by superior amenities and embellishments, has ensued because of this market shift.

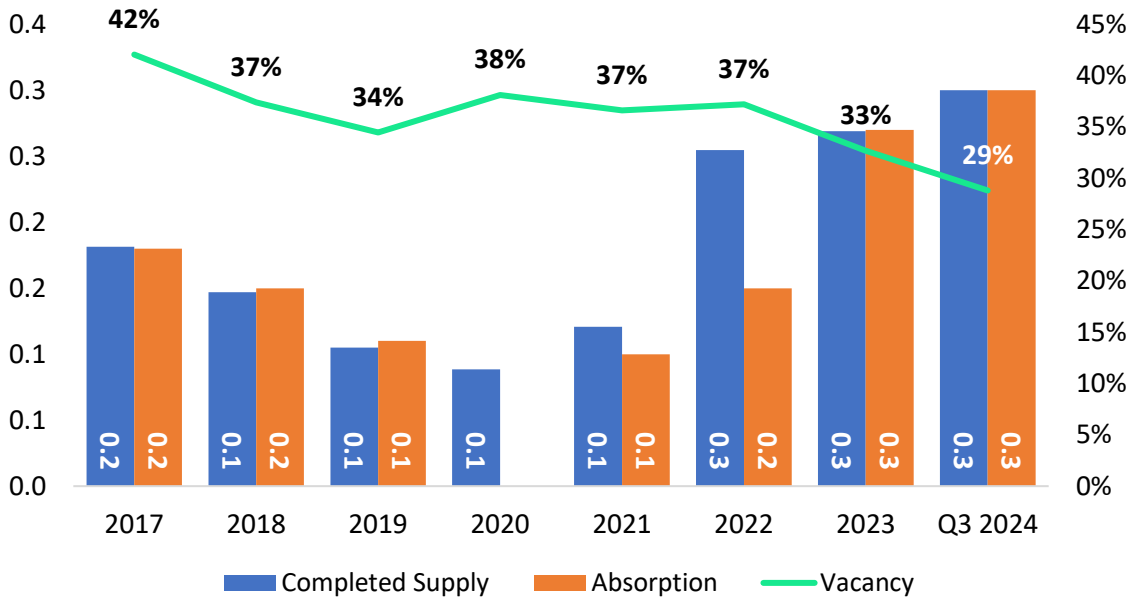
*Table 56: Overview Of The Warehousing Market In Visakhapatnam*

| Completed Supply (mn sft) | Total Absorption (mn sft) | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 2.53 | 1.80 | 47%<br>(Absorption – 88%) | 46%<br>(Absorption – 63%) | 6%<br>(Absorption – 3%) |

**Source:** CBRE Research; Updated as of Q3 2024

Grade A developments are primarily concentrated in Pedagantyada, Mindi, and Gajuwaka micro-markets, catering primarily to FMCG, industrial, and chemical sectors. A steady increase in supply was witnessed over the last 5 years (2019–2023), with an average annual supply of approx. 0.15 – 0.20 mn sft.

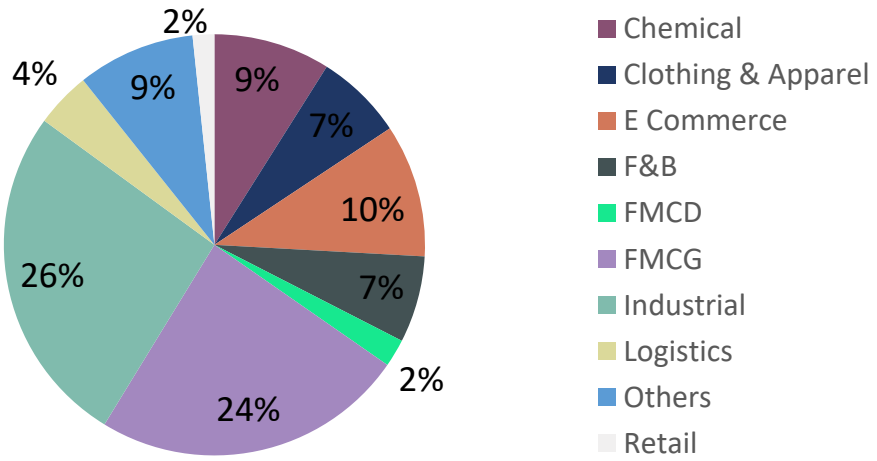
*Figure 81: Supply-Absorption Dynamics – Visakhapatnam*



**Source:** CBRE Research; Updated as of Q3 2024

FMCG, Industrial, Chemical, Logistics (3PL) & Distribution, Retail, and FMCD are the key tenant sectors occupying space in Grade A developments across Visakhapatnam. Some of the key tenants present are L&T, Big Basket, Flipkart, Reliance, ITC, Hindustan Coca-Cola Beverages, Safe Xpress, etc.

*Figure 82: Segmentation of Absorption by Industry in Visakhapatnam*



**Source:** CBRE Research; Updated as of Q3 2024

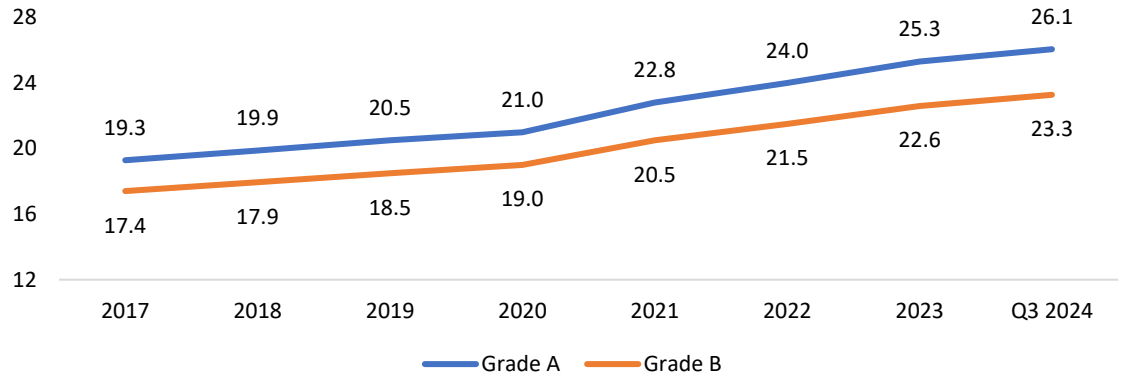
### 3.11.1.2. Visakhapatnam – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 0.6 – 0.7 Mn sft, across Grade A warehousing space and is expected to be operational by the end of 2025.

### 3.11.1.3. Visakhapatnam – Asking Rental Dynamics

The average quoted base rental witnessed in Visakhapatnam is INR 24–27 / Sft / month for a Grade A development and between INR 20 – INR 24 / Sft / month for a Grade B development. Micro market-wise, Grade A and B average asking rentals are enumerated below in the table:

*Figure 83: Rental Trends – Visakhapatnam*



**Source:** CBRE Research; Updated as of Q3 2024

#### 3.11.1.4. Visakhapatnam – Key Lease Transactions

The following table enumerates the key lease transactions in the city:

*Table 57: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Mindi | Chemical | Grade B | 34,000 | 25 – 27 | 2023 |
| Auto Nagar | E-Commerce | Grade B | 73,000 | 27 – 28 | 2023 |
| Gandigundam | F&B | Grade A | 1,00,000 | 22 – 23 | 2023 |
| Pedagantyada | Chemical | Grade A | 25,600 | 24 – 25 | 2023 |
| Mindi | Industrial | Grade A | 1,80,000 | 28 – 30 | 2023 |
| Akkireddy Palem | Blinkit | Grade A | 300,000 | 26 – 27 | Q3 2024 |

**Source:** CBRE Research; Updated as of Q3 2024

#### 3.11.1.5. South Cluster Overview

The cluster is well serviced through NH 16 which has led to its recent emergence as a major warehousing cluster. The cluster comprises approximately 77% of the completed supply in Visakhapatnam. Of the completed supply in the cluster, approximately 34% of the supply is Grade A, while 58% of the supply is Grade B.

#### 3.11.1.6. West Cluster Overview

West Cluster comprises of 2 major regions ~ Pendurthi-Vepagunta, Akkireddy Palem-Gandigundam. The cluster is located on the northwest side of Visakhapatnam along the National Highway 16. This region is the fastest growing market with most of the under-construction supply part of the Akkireddy Palem micro market. The region boasts excellent connectivity through the proposed Visakhapatnam-Chennai-Industrial-Corridor and Raipur-Visakhapatnam-Economic-Corridor. The cluster comprises approximately 23% of the completed supply in Visakhapatnam. Out of the completed supply in the west cluster, approximately 93% of the supply is of Grade A.

*Table 58: Snapshot of West Cluster Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Visakhapatnam |
|---|---|---|---|---|
| 0.56 Mn sft | 4 – 5% | 0.52 Mn sft | 0% | 42 – 43% |

**Source:** CBRE Research ; Updated as of Q3 2024

Proximity to National Highway 16 and corridors like VCIC & RVEC has resulted in the growth of Pendurthi and Akkireddy Palem as warehousing clusters. FMCG, F&B, and Chemicals are key sectors in the cluster with the presence of major tenants such as ITC, Hindustan Coca-Cola Beverages, More, Exide, etc. A future supply of 0.45 mn sft is under construction in the west cluster, slated to be operational by 2024-25. Current quoted rentals for Grade A facilities in the western cluster range from INR 25-26 per square foot per month, while Grade B facilities are priced between INR 19-20 per square foot per month.

## SUMMARY OF BUSINESS

The Trust, is an Indian infrastructure investment trust, sponsored by TVS Industrial & Logistics Parks Private Limited. The Sponsor settled the Trust on March 26, 2024 and the Trust was registered with SEBI on April 22, 2024 as an InvIT in accordance with the InvIT Regulations.

The Sponsor is part of the TVS Mobility Group, which is one of the leading automotive conglomerate in India with a wide array of diversified business interests. The Sponsor has a sound-track record of over 19 years in the infrastructure sector which includes development and management of multiple industrial and logistics parks. Since its inception, the Sponsor has developed 20 Parks in various locations across India, as of September 30, 2024.

The Trust, subject to receipt of certain approvals, will hold 100.00% equity interest in each of the nine Project SPVs and one Holdco which collectively have 18 underlying assets. The Initial Portfolio Assets are currently held by the Sponsor and have a potential of 10.67 msf. Our Initial Portfolio Assets are located across five states in India with an average operating history of approximately 6 years. Our lessee base comprising marquee clients with an average occupancy of ~100% and WALE of 5.48 years across all Initial Portfolio Assets, provides substantial stability to our Portfolio. Other factors that contribute to the stability of our Initial Portfolio Assets are the nature of our clients. Approximately 41% of our clients are in the industrial sector and such clients typically tend to further enhance the infrastructure assets by investing in it.

The warehousing industry in India has become an attractive investment opportunity due to the country's expanding economy and nearly 1.4 billion consumers. In conjunction with the exponential growth of e-commerce, 3PL, and modern retail, the implementation of GST has caused the demand for warehousing in India to increase at a CAGR of approximately 12% between FY 2015 and FY 2023. (***Source**: CBRE)*

The Sponsor established its first Park in Chakan, Maharashtra, in 2006, which has an operational area of 0.37 msf. The Sponsor developed about 1.13 msf of assets between 2009 and 2018, with Parks spread over Chakan in Maharashtra; Vaipur, Singdivakkam and Hosur in Tamil Nadu; and Bhubaneshwar in Odisha. Building upon the knowledge and capabilities developed during these years, the Sponsor underwent a strategic expansion phase. New developments included a second Park in Hosur, Tamil Nadu in 2019, Coimbatore, Tamil Nadu in 2020, Red Hills, Tamil Nadu in 2021 and further expansions into Madurai, Singdivakkam, and Sulur in 2022, all being through development, at Sullurpet in 2023 and at Siliguri, Kochi and Indore 2024, respectively, by way of an acquisition. As of September 30, 2024, the Sponsor owns five Parks which have an operational area of over 0.80 msf each. We believe that this track record underscores the proficiency and experience of the Sponsor in the development and management of industrial and logistics Parks in the infrastructure sector.

The Investment Manager of the Trust will be responsible for managing the Initial Portfolio Assets as well as undertaking investment and management decisions in relation to our assets. Our Investment Manager is supported by a highly experienced board and senior management with extensive experience in the warehousing and industrial park space. The Sponsor is benefitting from the significant experience of the members of the board of directors of the Sponsor. The directors on the Board of the Investment Manager have extensive relevant experience and the Investment Manager believes that the Trust will continue to benefit from the same. The Sponsor will act as the Project Manager of the Trust, relying on its track record of executing, operating and managing one of the largest portfolios of warehouses and industrial parks in India.

The Trustee, Axis Trustee Services Limited is a trusteeship company which has been registered with SEBI as a debenture trustee under the SEBI Debenture Trustee Regulations since January 31, 2014. It is a wholly owned subsidiary of Axis Bank Limited.

The revenue from operations of the Initial Portfolio Assets on a combined basis for the six month period ended September 30, 2024 and the Financial Years ending March 31, 2024, March 31, 2023, and March 31, 2022 was ₹ 989.42 million, ₹1,874.64 million, ₹1,560.51 million, and ₹1,027.10 million respectively.

The tables below provide brief details in relation to our Initial Portfolio Assets as of September 30, 2024:

**Operational Assets:**

| SPV | State | Micro-market | Year of Commencement | Operational Area | Under Development Area | FY2024 Average Occupancy | WALE | In-place Rent on Chargeable Area | Stabilized Total Monthly Rental |

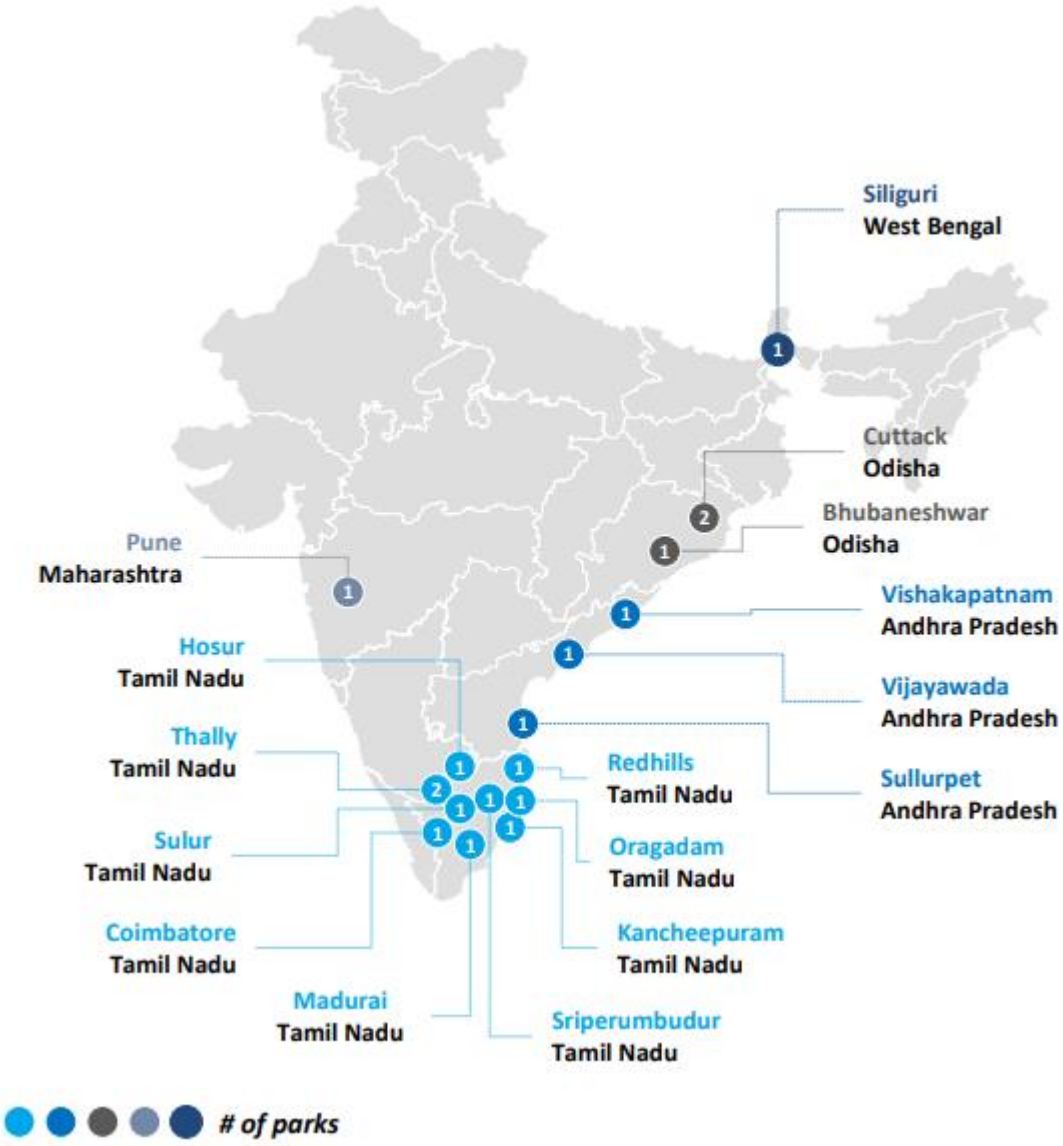
The map below illustrates the locations of the Projects:



**Our Strengths**:

Our strengths being our location identification and land acquisition strategy coupled with customized integrated solutions with sustainable and cost-effective designs help us offer an integrated platform to our clients.

***Stable portfolio with inherent growth prospects.***

Our Initial Portfolio Assets are located in India, the fifth largest economy in the world and is expected to become a US $5 trillion economy by 2025. Despite global factors including escalating international commodity prices and risk of recession, and instability in the global financial market, India is anticipated to experience 7% growth in 2024. On the contrary, it is anticipated that the government's emphasis on capital expenditure and exports will bolster aggregate demand and increase production capacity, thereby exerting a positive influence on the GDP. Demand for warehousing and logistics assets is anticipated to increase in the near future. The government has been continuously trying to improve the logistics infrastructure and investments. Accordingly, occupiers aim to achieve operational efficiencies and rationalize costs through a multi-user and large-scale warehouse service provider. India has a per capita warehousing stock of 4.5 sq. ft. Even in terms of transactions volumes, in 2023, approximately 195.2 million sq. ft. of warehousing space was transacted across 10 key US cities, whereas approximately 30 million sq. ft. was transacted across 8 key Indian cities. The growth of the warehousing market is directly correlated to the consumption base of an economy. (*Source: CBRE Report*)

Approximately 41% of our lessee base comprises of clients from the industrial sector, a key factor that contributes to our engagement in long-term lease agreements. This industrial presence emphasizes the stability and reliability of our

rental income as well as strengthens strong relationships with our clients. These long-term leases create a high level of client retention and consequently, we witness consistent high occupancy rates, which are crucial for sustainable business growth and operational stability.

We believe that our Portfolio is well-positioned for strong growth through a combination of contractual rent escalations and re-leasing at higher market rents. We have an approximately 5% annual contractual escalation.

We continuously achieve rental growth by re-leasing space to our lessees. In case existing leases expire, we expect to generate additional rental revenue by re-leasing space to lessees at market rents. We actively track upcoming vacancies and proactively engage with existing and prospective lessees in order to minimize downtime periods between successive leases. As of September 30, 2024, our Portfolio had under-development area of 1.98 msf representing 19% of our total Leasable Area. We believe that the under-development area can be leased out in the near-term based on high demand for warehousing space, the high quality of our Portfolio and our strong lessee relationships.

Our clients' repeated trust in our services is a testament to our capability. Nearly 34% of our existing clients are tenants in at least two of our locations, demonstrating the value we bring across multiple sites. This strong client retention enables us to offer a truly PAN-India solution, aligning our growth strategies with our clients' evolving aspirations and ensuring long-term partnerships.

***Modern warehousing and industrial parks with infrastructure connectivity strategically located in key warehousing and industrial micro-markets.***

We have 18 parks in total with operational area of approximately 8.68 msf across 14 locations and an area of approximately 1.98 msf under development, as at September 30, 2024.

Our parks are built as per market dynamics and are designed to be commercially viable without compromising on the relevant compliance requirements and quality. This provides us with the ability to lease our parks as soon as they are built.

***Diversified lessee base of marquee clients across multiple sectors, consistent occupancy and proven track record of high client retention***.

As of September 30, 2024, our Portfolio has a marquee lessee roster of 30 multinationals and Indian corporates. We have a diversified client portfolio and cater to a wide range of end-user industry spread across various sectors including industrial, 3PL, auto and auto ancillary, electronic etc. The details of lease expansion within the portfolio assets is provided in the table below:

| Sector in which the lessee operates | First lease commencement date | Area leased as at first lease (sq. ft.) | Area leased as of September 30, 2024 (sq. ft.) | Growth (First to current)* |
|---|---|---|---|---|
| 3PL | January 1, 2017 | 94,955 | 20,87,596 | 21.99x |
| e-commerce | June 23, 2018 | 1,93,756 | 11,47,327 | 5.92x |

** Growth in terms of area leased as part of the first lease deed vis-à-vis area leased as a part of the current lease deed.*

Tenure of some of the leases entered into with our lessees range from 10 to 20 years. Over the years, we have been the continued choice of warehouse partners for several of our lessee, reflecting their trust in us. Some of our key clients have expanded their business with us over the years, with some lessees expanding close to five times while some expanding close to twenty times. The table below indicates the list of our current key clients operating in various sectors who have been or will be associated with us for five years or more:

| S. No. | Project Location | Sector in which the client operates | Lease Start Date | Lease Expiry Date |
|---|---|---|---|---|
| 1. | Chakan | Industrial | September 4, 2022 | September 3, 2027 |
| 2. | Chakan | 3PL | August 1, 2020 | July 31, 2025 |
| 3. | Chakan | 3PL | July 1, 2023 | June 30, 2028 |
| 4. | Chakan | 3PL | August 1, 2023 | July 31, 2028 |
| 5. | Vaipur | 3PL | January 1, 2020 | December 31, 2029 |
| 6. | Vaipur | Industrial | October 1, 2019 | September 30, 2024* |

| | | | | |
|---|---|---|---|---|
| 7. | Singadivakkam Phase II | Industrial | June 1, 2021 | July 31, 2031 |
| 8. | Hosur Park 1 Phase 1 | 3PL | April 1, 2023 | May 14, 2038 |

*** The lease deed has expired on October 31, 2024*

***Strong focus on asset management and maintenance by the Sponsor***

Over the years, we have placed a strong emphasis on asset management and maintenance, recognizing their critical role in our business' success. We have developed in-house teams that are dedicated to upholding the relevant standards in every aspect of our operations.

Our projects team works toward ensuring that all the warehousing parks are constructed in line with our standard specifications, regulatory requirements and client-specific needs. The operations team focuses on maintaining each park well and in an optimal working condition, ensuring seamless functionality. Our business development team plays a crucial role in understanding the right fitment of clients for each park, aligning with long-term business objectives of both the parties. Their strategic efforts ensure that we attract lessees from the relevant industries. By understanding market trends, client needs and leveraging our well-maintained assets, we are able to ensure that our parks remain the preferred choice for all our clients.

***Growth potential backed by strong support from a renowned and experienced Sponsor***.

The Sponsor is TVSILP which has a sound-track record of over 19 years in the development and management of multiple industrial and logistics parks, under the infrastructure sector. Since its inception, the Sponsor has developed 20 Parks in various locations across India, as of September 30, 2024.

We believe we have benefited immensely from the rich experience of the Sponsor Group. We believe our lineage empowers us in leveraging its long-standing brand heritage, in-depth understanding of multi-sector dynamics and local markets, operational experience, corporate governance standards, values and trust. Additionally, the recognition and credibility of our Sponsor Group position us to attract talent, retain customers and network partners. Pursuant to the ROFO Agreement, we have a 'right of first offer' to acquire certain assets from the Sponsor. For details in relation to the ROFO Agreement, please see the section entitled "*Formation Transactions In Relation To The Trust - Acquisition of the future assets by the Trust*" on page 32.

***Skilled and experienced management team with extensive industry experience.***

Our management team comprises of skilled professionals with extensive experience in the infrastructure sector, which positions us well to pursue our growth strategies seamlessly. We also benefit from the expertise of our Board of Directors and key managerial personnel, who bring with them knowledge in business strategy, logistics, operations

and financial management.

The combined experience of our management team, including both the Investment Manager and Project Manager, ensures that the Project SPVs, Holdco and the Trust are managed efficiently. To uphold the principles of good corporate governance and effective management of the Trust, the Investment Manager has established various committees and adopted corporate governance policies. We are confident that our governance framework promotes fairness, transparency, professionalism and accountability, while enhancing the effective management and operational efficiency of our businesses.

The extensive experience of the Investment Manager's team enables the development of a tailored business strategy for the Trust, providing valuable support in governance, engineering, and operations. Accordingly, we expect to benefit from their industry knowledge and strategic insights, which will enable overall growth of the Trust.

***Attractive Industry with Attractive Government Policies***

Demand for warehousing and logistics assets is anticipated to increase in the near future due to occupiers adopting a multipolar supply chain strategy and continuing government impetus to improve logistics infrastructure and investments. Additionally, occupiers shall aim to achieve operational efficiencies and rationalize costs through a multi-user and large-scale warehouse service provider. In the year 2020 there was a slight slump in supply and demand owing to worldwide pandemic scenario causing construction delays coupled with deferment in absorption of warehouse space which was already pre-committed in the market. 2021 witnessed the largest supply influx owing to increased demand from E-commerce, 3PL & retail tenant sectors due to the pandemic and spillover demand from 2020. (*Source: CBRE Report*).

The GoI has formulated a logistic vision: "To develop an integrated cost–effective, reliable, sustainable and digitally–enabled logistics ecosystem in the country for accelerated and inclusive economic growth". To support its vision, the Government has provided the logistics sector with an initial impetus by granting it an 'infrastructure status', allowing developers to finance projects through international funding and reduced interest rates. Besides this, the GOI has also introduced various policies like Make in India, the National Industrial Corridor Development Programme, Aatmanirbhar Bharat, Sagarmala Pariyojana, to bolster the sector. (*Source: CBRE Report*)

***Corporate Finance Capabilities***

Our robust corporate finance capabilities have fostered strategic partnerships with leading financial institutions. These strengths, coupled with our strong business fundamentals, have empowered our team to consistently secure capital at some of the most favorable terms in the sector, ensuring sustained growth and competitiveness in the sector.

***Strong focus on governance and ESG***.

Sustainable practices are the forefront of our business and has always been a part of our strategy and business decisions with continued efforts towards reducing carbon footprint and lowering energy consumption. The Sponsor has almost all facilities under the globally recognized EDGE Certification and has been certified as an EDGE champion.

Our Investment Manager is proposing to adopt an environment, health and safety policy ("**EHS Policy**") on behalf of the Trust. This EHS Policy will provide for a framework for the Trust and its Project SPVs/Holdco, and the Investment Manager to safeguard their employees from occupational hazards and illness, while also striving to protect the environment and preserve the natural resources. The EHS Policy shall be applicable to the Trust, the Project SPVs/Holdco and the Investment Manager. Some of the indicative key compliance requirement, as per the EHS Policy, will include amongst others:

- Compliance with applicable environmental, health, safety, security, legal, and other requirements as per applicable law while efficiently utilizing natural resources, and providing a safe, healthy, and environment-friendly workplace for all employees and associated people;
- The management of the Trust, the Project SPVs/Holdco, and the Investment Manager shall be committed to abiding by the applicable legal requirements and regulations, including complying with the health, safety, security, and environment requirements prescribed by the applicable environment and safety laws and regulations;
- Ensuring that the machinery, equipment, vehicles, safety equipment, safety systems, electrical equipment, tools, temporary structures, inspection and monitoring equipment, communication system and miscellaneous equipment (ladders, working platform, ramps and safety signages) deployed are safe and is in compliance with established safe working procedures and practices;

- Ensuring that each activity is carried out with proper risk management to minimize associated hazards, develop and implement appropriate occupational health, safety, security, and environment procedures while promoting safe working practices and inculcating a safety culture among all interested parties pertaining to our business; and

Further, approximately 24% of our portfolio is occupied by clients based in the sectors which focus on environment conservation with close to 17% from renewable energy space and close to 7% from electronic vehicle space, some of these clients being Ather Energy Private Limited (electronic vehicles) and Indutch Composites Technology Private Limited (wind energy), and a client in the solar energy space, amongst others. Basis our current rentals, our top 10 clients are as follows:

| S. No. | Sector in which our clients operate | No. of clients | (%) of our Portfolio's gross rentals |
|---|---|---|---|
| 1. | Industrial | 7 | 43.14% |
| 2. | 3PL | 1 | 20.45% |
| 3. | e-commerce | 2 | 19.08% |
| 4. | Others | 20 | 17.33% |

**Our Strategies**:

***Optimizing asset utilization through proactive project management, reliance on experience and focusing on value creation.***

We shall focus on continuing to achieve operational excellence by implementing the approach of maximizing the utilization and productivity of the parks thereby enhancing overall profitability. This will involve a comprehensive focus on optimizing the performance of physical assets such as buildings, equipment and using new technology while reducing the operating costs.

The Project Manager shall undertake operations and management of the Initial Portfolio Assets pursuant to execution of the Project Implementation and Management Agreement. Through our Project Manager, which has extensive experience in project and asset management, we intend to institute and implement modern and leading processes and practices across our current and future assets.

Further, we intend to monetize any opportunities that may be available for generating additional revenue from non-warehousing business operations that leverage our warehousing assets. We believe that such opportunities may be available in relation to, amongst others, renting of the roof top, installation of solar power panels to produce and sell electricity or renting out additional space of the Park for non-warehousing activities.

***Continue to pursue accretive growth***

We intend to capitalize on these sectoral tailwinds to grow our operations by leveraging the value accretive acquisition strategy of our Investment Manager:

- *Inorganic Expansion*

  We aim to focus on acquiring more Parks in accordance with our investment objectives. We also propose to invest in Parks in other locations to increase our presence pan-India. In addition to acquisitions, we intend to undertake strategic expansions within our existing assets to enhance the value of our Portfolio leading to lessee retention. We believe that owning the best warehousing assets in India's top sub-markets will allow us to generate robust cash flow growth with strong long-term returns.

  We plan to grow our Portfolio by developing and folding operational assets into the Trust.

- *Geographic Diversification*

  We plan to pursue geographic expansion by establishing new Parks in the under-served market of India, where there is a notable demand-supply gap. This strategic move aims to meet the growing needs of these underserved markets, ensuring efficient distribution and enhanced service delivery to clients. By addressing this gap, we can capitalize on the rising demand, drive business growth and reinforce our presence in these key areas.

- *Land Acquisition*

  Acknowledging suitable land acquisition as one of the most critical aspects associated with our business growth, our Sponsor will strategically focus on acquiring land from State Governments. By focusing on acquiring land from State Governments, we can achieve cost efficiencies, secure strategic locations, benefit from regulatory support, contribute to local economic development and mitigate risks, all of which will drive our growth and operational success.

***Target new customers and diversify customer base.***

We believe that our pan-India network positions us well to capture growing demand for warehousing services from clients belonging to almost all sectors *viz.* 3PL, industrial, auto and auto ancillary, etc. We intend to actively market our Assets to new customers to generate additional sources of revenue and cash flows over time. Long-term rentals help in bringing stability to our portfolio and also ensures expected returns for our investors. On the other hand, the occupiers prefer long-term leases since it safeguards their investment in our facilities. Our preferred sectors are primarily industrial players and our USP is providing customized integrated solutions to them. While we do not limit ourselves to a particular sector, we believe in partnering with the emerging sectors like e-commerce, EV and other alternative energy sectors, etc.

***Increase revenue by providing ancillary services.***

We are a tech-enabled infrastructure solutions provider who provides various set of services to our clients. We intend to provide facilities management services to our lessees that are designed to provide comprehensive and industry specific solutions such as maintenance services, security services, etc. Our fully integrated professional facilities management services will be designed to provide solutions that enhance the operational efficiency of our lessees' facilities.

***Institute and maintain prudent capital management***.

Low leverage provides flexibility for growth through value accretive acquisitions. We seek to achieve an optimal capital structure for our Parks and will seek to source funds from multiple sources, including from domestic and international markets. Immediately on completion of the Offer, our aggregate consolidated borrowings and deferred payments net of cash and cash equivalents will be below 49% of the total value of the InvIT Assets, as prescribed under the InvIT Regulations and we seek to ensure that the Trust has a debt structure to support the capital available with the Trust. Our low leverage will also result in a better credit rating for our Trust, thus allowing us favourable financing terms and cost. ICRA Limited has assigned a "Provisional ICRA AAA (Stable)" rating for the Trust, in its credit rating rationale, taking into account the Initial Portfolio Assets, subject to the terms set out therein.

We have the potential to increase our borrowings in the future to up to 70% of the value of our assets under management while maintaining a AAA credit rating, obtaining unitholders approvals and complying with certain other conditions and we intend to optimize our leverage to retain enough flexibility to provide sustainable and predictable cash flows, while evaluating potential acquisition or development opportunities in the future. We will seek to employ appropriate financing and borrowing policies and also diversify our funding sources with one of the primary objective of minimizing our overall cost of capital. Further, we believe that our low leverage will provide us with a significant advantage in acquiring projects that meet our investment objectives. We intend to leverage our robust corporate finance capabilities and strong lender relationships with leading financial institutions, to continually optimize our financing structure and maintain a well-diversified capital pool.

***Continued focus on automation and modernization of Parks using latest technology.***

We shall endeavor to carry out technological/structural advancements of the Parks, taking into consideration the ever-evolving business landscape, where required. For example, few of our parks are equipped with automated storage and retrieval systems ("**AS/RS**"), an automation technology specifically designed to buffer, store and retrieve product and inventory on demand. This enables significant operational efficiencies, in areas such as in-ward speed, order picking time, processing speed.

## RISK FACTORS

*An investment in the Units involves a high degree of risk. Before investing in the Units, prospective investors should pay particular attention to the fact that the Trust, the Parties to the Trust, each of the Initial Portfolio Assets and each of their activities are governed by the legal, regulatory and business environment in India, which differs from that which prevails in other countries. Investors should carefully consider all the information contained in this Draft Placement Memorandum, including the risks and uncertainties described below and elsewhere in this Draft Placement Memorandum, before making an investment in the Units. The risks described below are those that we consider to be most significant to our business, results of operations, cash flows and financial condition as of the date of this Draft Placement Memorandum. However, they are not the only ones relevant to us or our Units, the industry or geographies in which we operate. Additional risks and uncertainties, not currently known to us or that we currently do not deem material may also adversely affect our business, results of operations, cash flows and financial condition and consequently, the price of our Units could decline, and investors may lose all or part of their investment. If any or a combination of the following events occur, or if other risks that are not currently known or are now deemed immaterial give rise to similar events, our business, prospects, financial condition, results of operations and cash flows could materially suffer, the value of the Units could decline and you may lose all or part of your investment. Unless specified or quantified in the relevant risk factors below, the Trust, the Sponsor and the Investment Manager cannot quantify the financial or other implication of any of the risks mentioned herein. In order to obtain a complete understanding of our business, prospective investors should read this section in conjunction with sections entitled "Our Business", "Industry Overview", "Management's Discussion and Analysis of Factors Affecting the Financial Condition and Results of Operations" on pages 416, 236 and 473, respectively, and "Special Purpose Combined Financial Statements" attached hereto as Annexure B to this Draft Placement Memorandum. In making an investment decision, prospective investors must rely on their own examination of us and our business and the terms of the Offer including the merits and risks involved.*

*In making an investment decision, each Investor must rely on its own examination of the Trust in terms of offering of Units. This Draft Placement Memorandum also contains forward-looking statements (including Projections of Revenue from Operations and Cash Flow from Operating Activities) that involve risks, estimates, uncertainties and assumptions. The actual results could differ significantly from those anticipated in these forward-looking statements as a result of certain factors, including considerations described below and elsewhere in this Draft Placement Memorandum, including the section entitled "Forward-Looking Statements" on page 20.*

*Industry, macro-economic and market data and all industry related statements in this section have been extracted from either the CBRE Report which the Investment Manager commissioned on our behalf, or the Valuation Report (included in this Draft Placement Memorandum as Annexure A). For further details, please see the section entitled "Industry Overview" on page 236. Investors should consult their tax, financial and legal advisors about the particular consequences of investing in the Offer.*

*In this section, unless the context otherwise requires, a reference to "we", "us" and "our" refers to the Trust and the Project SPVs/ Holdco on a consolidated basis. Furthermore, unless the context otherwise requires, the financial information used in this section is derived from our Special Purpose Combined Financial Statements.*

**Risks Related to title of our Portfolio and use of premises**

***1. We may be adversely affected if the Project SPVs/ Holdco are unable to obtain, maintain, transfer or renew all regulatory approvals and comply with applicable laws that are required for their respective business.***

Our Portfolio require various approvals, licenses, registrations and consent/ permissions from the Government, local bodies and other regulators, for operating their respective business. A number of our approvals are subject to certain terms and conditions and we may not be in compliance with all such terms and conditions, and a failure to comply with these terms and conditions may result in an interruption of our business operations and may have a material adverse effect on our business operations, future financial performance and price of our Units. For details, please see the section entitled "*Regulatory Approvals*" and "*Legal and Other Information*" on pages 500 and 510, respectively. As part of commercial understanding with lessees, certain approvals may be required to be procured by the lessees. We cannot assure you that they will obtain all such approvals. We may have not obtained certain approvals and some of our approvals may have expired in the ordinary course, and our Project SPVs/ Holdco may have either applied for such approvals, or would be in the process of applying for renewals of such approvals, including occupancy certificates for certain portions of our Portfolio. We cannot assure you that we have or would be able to comply with all such compliances and will be able to continuously meet such conditions or be able to prove compliance with such conditions to the authorities, and thus could be subject to penalties and regulatory action for any delays/ inability to obtain the requisite approvals. Failure to obtain the requisite consents to operate and/or comply with any conditions set out thereunder will attract monetary fines, penal actions and

other penalties as may be levied by the competent authorities which may interrupt our operations and may adversely affect our business, financial conditions till such time the non-compliance continues.

Further, certain part of our Portfolio is under development (such as Pillaipakkam Park Phase II), and approvals for commencement of construction of such warehousing assets have been applied for and are yet to be obtained from relevant governmental authorities. For details, please see the section entitled "*Regulatory Approvals*" on page 500. We cannot assure you that such approvals will be obtained in a timely manner or at all. Also, please see the section entitled "*Risk Factors – The InvIT Regulations and other regulatory requirements impose restrictions on the investments made by us and require us to adhere to certain investment conditions, which may limit our ability to acquire and/or dispose of assets or explore new opportunities*." on page 140. Any non-compliance of the approvals, licenses, registrations or consents mentioned hereinabove may result in investigation or action by the Government, or payment of fines or penalties. Furthermore, there are certain approvals which are to be obtained by our clients for operation of their business at our parks. We cannot assure that they will be in possession of all such approvals at all the times during their lease. Any failure on their part to obtain these approvals may affect their business which in turn would have a material adverse effect on us.

Our business is subject to various local state laws and regulatory requirements, including but not limited to those with respect to, permitting, licensing and zoning requirements. Local regulations, including municipal or local ordinances, restrictions and restrictive covenants imposed by community developers may restrict our use of our assets and may require us to obtain approval from local officials or community standards organizations at any time with respect to our assets.

Additionally, such local regulations may cause us to incur additional costs to renovate or maintain our properties in accordance with the particular rules and regulations. We cannot provide assurance to you that existing regulatory policies or any changes to such policies will not adversely affect us or the timing or cost of any future acquisitions, or that additional regulations will not be adopted that would increase such delays or result in additional costs.

Our business and growth strategies may be materially and adversely affected by our inability to obtain permits, licenses and approvals. Our failure to obtain or maintain such permits, licenses and approvals could have a material adverse effect on us. For details, please see the section entitled "*Regulatory Approvals*" on page 500.

**Risks Related to our Organization and Structure**

***2. Our ability to consummate the transaction under the securities purchase agreements to be entered into in relation to the Formation Transactions is subject to satisfaction of certain conditions precedent.***

Certain securities purchase agreements proposed to be entered into with our Sponsor and its related parties in connection with the Formation Transactions contain certain conditions precedent which are required to be completed by the sellers (i.e. the Sponsor and/or its related parties) prior to closing of the Formation Transactions contemplated thereunder. The conditions precedent includes, *inter alia*, valuation report being provided to the buyer by the seller, seller warranties being true, correct and not misleading and additional disclosures being provided to the buyer and receipt of requisite consents from the lenders of the Project SPVs/HoldCo. In the event that any of conditions precedent mentioned in the said agreements are not completed, we will be unable to consummate the Formation Transactions in the manner contemplated herein which may materially and adversely impact our ability to complete the Offer within the anticipated time frame or at all. If we are unable to complete the Formation Transactions, as contemplated herein, the Investment Manager, in consultation with the Lead Managers, and subject to any conditions imposed by the SEBI or any other regulators, may decide not to proceed with the Offer or to withdraw or reduce the size of the Offer. For further details of the conditions precedent, please see the section entitled "*Related Party Transactions – Acquisition of Project SPVs and HoldCo by the Trust*" on page 489.

***3. We are generally subject to risks associated with debt financing and refinancing and operating results could be adversely affected by related interest, required repayments and other risks of our debt financing. Our inability to service debt may impact distributions to Unitholders.***

We are generally subject to risks associated with debt financing and refinancing. These risks include: (1) our cash flow may not be sufficient to satisfy required payments of interest and repayment of principal (including any increase in the rates of interest); (2) we may not be able to refinance existing indebtedness or the terms of the refinancing may be less favorable to us than the terms of existing debt; (3) debt service obligations could reduce funds available for distribution to the Unitholders and funds available for capital investment; (4) any default on our indebtedness could result in acceleration of those obligations and obligations under

other loans and possible loss of property to foreclosure; and (5) the risk that necessary capital expenditures cannot be financed on favorable terms. Our ability to raise additional debt is subject to, *inter alia*, our aggregate consolidated borrowings and deferred payments, net of cash and cash equivalents, which may not exceed 70% of the value of the assets of the InvIT, as required and subject to fulfilment of conditions under the InvIT Regulations including approval of Unitholders. The debt financing proposed to be provided by us to the Project SPVs/ Holdco, under the Trust Loan Agreements comprises of loan facilities for the repayment of existing outstanding indebtedness. The Trust Loan Agreements shall be executed prior to the filing of the Placement Memorandum. The payment obligations and the associated covenants of the respective Project SPVs/ Holdco in relation to the Trust Loan Agreements will, in all probability, be subordinated to all existing and future obligations of the Project SPVs/ Holdco to any secured lenders, if any. As such, our ability to receive loan payments, and our remedies with respect to the Trust Loan Agreement will be subject to the rights of senior secured creditors. For details, please refer to the sections entitled "*Financial Indebtedness*," and "*Use of Proceeds*" on pages 463 and 459, respectively.

The Trust will also be subject to the risk that certain covenants in connection with any future borrowings may limit or otherwise adversely affect its operations and its ability to make distributions to its Unitholders. Such covenants may also restrict the Trust's ability to acquire additional projects or undertake other capital expenditure by requiring it to dedicate a substantial portion of its cash flows from operations to interest and principal payments on its debt.

Payments to existing and future lenders or debt-instrument holders will be required to be serviced prior to any distributions to Unitholders by us and, accordingly, distribution to the Unitholders will be made after making payments related to interests and principal of debt. Accordingly, any reduction in the cash flows of the Project SPVs/ Holdco or any unanticipated increase in any of the payments to be made by the Project SPVs/ Holdco may result in a decrease in the cash flows available to service debt availed from third parties and us, which may materially and adversely impact the ability of the Project SPVs/ Holdco to meet their payment obligations. These arrangements may impact our ability to receive dividends and other cash flows from the Project SPVs/ Holdco and adversely affect our ability to make distributions to Unitholders.

***4. We do not provide any assurance or guarantee of any distributions to the Unitholders. We may not be able to make distributions to Unitholders in the manner described in this Draft Placement Memorandum or make any distribution at all, and the level of distributions may decrease.***

There is no assurance or guarantee of any distributions to the Unitholders. Distributions to Unitholders will be based on the net distributable cash flows available for distribution. Assessment of the net distributable cash flows is based on pre-determined framework as per applicable regulations and as more specifically prescribed in the Distribution Policy formulated in accordance with the InvIT Regulations, in consultation with financial and tax advisors, the results of which will be subject to limited review by our Auditors. For details of the InvIT Regulations governing distributions and details of our Distribution Policy, please see the section entitled "*Distributions*" on page 470.

Our ability to make distributions may be affected by several factors, including the risk factors described in this Draft Placement Memorandum, as well as, among other things:

- servicing of any debt raised post the completion of Offer and listing of the Units by the Trust;
- cash flows received from Project SPVs/ Holdco;
- debt servicing requirements and other liabilities of the Project SPVs/ Holdco;
- compliance with loan agreements, including restrictive covenants to obtain consent from the lenders prior to making any dividend payments;
- fluctuations in the working capital needs of the Project SPVs/ Holdco;
- ability of our Project SPVs/ Holdco to borrow funds and access capital markets;
- restrictions contained in and any payments under any agreements entered into by our Project SPVs/ Holdco, including arrangements with landowners and regulatory authorities from whom land is leased;
- completing the development of our under development assets or acquisition and operationalization of other projects within the anticipated timeline, including on account of delay in receiving or non-

receipt of approvals for reasons beyond our control, or as per the forecasted budget;

- business and financial position of our Project SPVs/ Holdco, including any operating losses incurred by the Project SPVs/ Holdco in any financial year;
- payments of tax and other legal liabilities, including costs arising on account of litigation;
- applicable laws and regulations and/or any change thereto, which may restrict the payment of dividends by the Project SPVs/ Holdco or other distributions;
- capital expenditure utilization of the assets and fees payable to the Investment Manager, Project Manager and other intermediaries appointed for the Offer; and
- discharging indemnity or other contractual obligations of the Project SPVs/ Holdco under their respective underlying contracts or similar obligations or any fines, penalties levied by regulatory authorities.

Further, as non-cash expenditure, such as amortization and depreciation, is charged to the profit and loss account, the Project SPVs/ Holdco may have surplus cash but no profit in the profit and loss account and, hence, may not be able to declare dividends as per applicable regulations. Further, pursuant to the InvIT Regulations, in the event that an asset is sold by the Trust or Project SPV or if the equity shares/ interest in the Project SPV is sold by the Trust, the Trust is permitted to re-invest such sale proceeds into another infrastructure asset. In such event, the Trust shall not be required to distribute the sale proceeds to investors. In the event of the inability to declare such dividends, the Investment Manager and the Trustee may evaluate various options to make distributions to the Unitholders and utilize such surplus cash. We cannot assure you that the structures implemented will be effective in extracting such surplus cash for making distributions to the Unitholders. For further details, please see the sections entitled "*Use of Proceeds*" and "*Financial Indebtedness*" on pages 459 and 463, respectively.

***5. The InvIT Regulations and other regulatory requirements impose restrictions on the investments made by us and require us to adhere to certain investment conditions, which may limit our ability to acquire and/or dispose of assets or explore new opportunities.***

The InvIT Regulations require us to ensure compliance with certain requirements, including maintaining a specific threshold of investment in eligible infrastructure projects (i.e., projects shall receive all the requisite approvals and certifications for commencing construction of the project). There are also regulatory requirements which impose conditions on minimum Unit holding of the Sponsor and debt financing limits, which may constrain our ability to raise funds and limit our ability to make investments. In particular, under the InvIT Regulations, not more than 20% of the value of our assets may be in certain permitted forms of investments over and above eligible infrastructure projects and we may, therefore, be limited in terms of flexibility for future investment. As on the date of this Draft Placement Memorandum, Cuttack Park I (Banipada) and Cuttack Park II (Indranipatna) have applied for the requisite approvals and certifications for commencing construction of the project in order to qualify as an 'eligible infrastructure project' but are yet to receive the requisite approvals. For further details, please see the section entitled "*Regulatory Approvals*" on page 500. In the event that such approvals are not obtained prior to filing of the Placement Memorandum, such assets may be ineligible for forming part of the Trust and the Trust may be unable to complete the Formation Transactions in the form and manner described in this Draft Placement Memorandum.

Failure to comply with these and other applicable requirements may present additional risks to us and lead to adverse consequences, including divestment of certain assets, delisting, other penalties and statutory actions, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

***6. The acquisitions done by the Sponsor or the Holdco may be subject to certain risks, which may result in damages and losses, and conditions.***

The Sponsor and the Holdco, respectively, have acquired 100% of the issued and paid-up equity share capital of some of the Project SPVs, pursuant to relevant Share Purchase Agreements and subject to the fulfillment of the conditions set out in the said Share Purchase Agreements. While the Investment Manager believes that reasonable due diligence has been carried out on such Project SPVs, prior to its acquisition, there can be no assurance that these Project SPVs will not have defects or deficiencies that are unknown or unquantified and that may require additional capital expenditure or obligations to third parties, including to the relevant statutory authorities, which may have an adverse effect on the Trust's earnings and cash flows and the

distributions to the Unitholders.

For instance, the Siliguri park and the Sullurpet park were not originally owned by the Sponsor, we have relied on certain information and management representations provided by PBPL and RSIPPL, respectively, including existence of no disputes, litigation, proceedings or claims against the entities. While indemnities have been sought for some such cases in the relevant Share Purchase Agreements from the sellers, we cannot assure you that there would not be any adverse impact on the Trust pursuant to reliance on such information, representations or due to non-availability of documents. Under the terms of the Share Purchase Agreements, a claim for indemnity may be brought by an Indemnified Party within the specified claim periods mentioned.

In addition, the acquired entities may be subject to unknown or contingent liabilities for which the Trust may have limited or no recourse against the Sponsor. Such unknown or contingent liabilities may also include tax liabilities and other liabilities whether incurred in the ordinary course of business or otherwise.

***7. Certain relevant documents relating to the disclosures pertaining to litigation are not traceable. Accordingly, documents which were available have been relied upon to include disclosures in this Draft Placement Memorandum.***

We have been unable to locate the copy of complaint filed by tenant of DILP against Maharashtra Industrial Development Corporation and the copy of order below exhibit 41 granting interim relief to DILP. Accordingly, we have relied on certain secondary documents including a copy of the plaint containing details of the suit. We cannot assure you that such untraceable documents will be available with us in future. For further details of this litigation and other legal matters involving us, please see the section entitled "*Legal and Other Information*" on Page 510.

**Risks Related to Our Business and Industry**

***8. A significant portion of our revenues is derived from a limited number of large lessees and from a few sub-markets. Any conditions that impact these lessees, or sub markets may adversely affect our business, revenue from operations and financial condition.***

Our revenues from operations are concentrated in a few large lessees and from few sub-markets in our Portfolio. We expect that, in the future, a limited number of large lessees and submarkets will continue to comprise a large percentage of our combined revenue from operations. Accordingly, our financial condition, results of operations and ability to make distributions to Unitholders may be materially and adversely affected by the downturn in the businesses of one or more of these lessees, non-renewal or early termination of leases for any reason, economic and other factors that lead to a downturn in the submarkets in which these Parks are located. If we are unable to diversify our lessee base, in or diversify into new submarkets, we may experience material fluctuations or decline in our revenue, because of which our financial condition and operations could be materially and adversely affected.

***9. Our revenues, operations, cash flows and financial condition may be adversely affected by low occupancy and rent levels of our Parks.***

The success of our business depends on our ability to maintain high occupancy levels, which drives the revenue received from leases based upon the amount of space we have leased. Our occupancy rate has been 99%, 100%, 99% and 99%, as of September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022, respectively. We may be unable to maintain occupancy levels and receive rent at desired levels from our lessees as a result of a number of factors, including those that are beyond our control, such as prevailing economic, income and demographic conditions in the relevant submarkets; prevailing rental levels in the submarkets where the assets are located; performance of key sectors including 3PL, industrial, e-commerce etc. and changes in applicable regulatory schemes, including governmental policies relating to zoning and land use, among others. For instance, any changes to demarcation or zoning of existing city limits could have a bearing on our operations requiring us to relocate or cease operations in such areas. This may result in reduced lessee occupancy levels, cause lessees to cease operations or experience significant financial difficulties and, therefore, cause the actual Rents we receive for the properties in our Portfolio to be lower than estimated market rents for future leasing, which would adversely affect our business, operations and cash flows. Our inability to maintain and attract lessees to lease our Parks, or to maintain and evolve a favorable mix of lessees who are able to stand up to prevailing economic conditions and consumer demand, may have an adverse effect on our revenues, operations, cash flows and financial condition.

***10. Any development and construction projects or proposals to upgrade existing projects or acquire new projects in our Portfolio may be exposed to a number of risks and uncertainties which may adversely affect our business, financial condition, operations and cash flows.***

As of September 30, 2024, our Portfolio comprised of 1.98 msf of Under Development Area. In the future as well, we may seek to expand or upgrade our Portfolio by engaging in development or construction of existing projects or acquiring assets for further development. The development of these projects involves various risks, including regulatory risks, financing risks and the risk that these projects may ultimately prove to be unprofitable. These projects may pose significant challenges to our management, administrative, financial and operational resources. We cannot assure you that we will succeed in any of these projects or that we will recover our investments. Any delay or failure in the development, financing or operation of any of our future development area or increase in their costs of development may adversely affect our business, financial condition, results of operations and cash flows. Risks related to the development of these projects include, without limitation:

- the contractors hired to complete the projects may not be able to complete the construction of the projects on time (due to unforeseen circumstances), or within budget or to the required specifications and standards;
- delays in completing and achieving commercial operation could increase the financing and other costs associated with the construction and cause our budgeted cost to be exceeded;
- our inability to obtain adequate capital or other financing at competitive rates or at all to complete the construction or upgrade of and commence operations of these projects;
- change(s) in local development regulations;
- inability to compete with competing projects;
- our inability to recover the amounts already invested in these projects, if the assumptions contained in the feasibility studies for these projects do not materialize; and
- our inability to obtain necessary approvals and consents, including, without limitation, planning permissions and/or regulatory permits, required in order to commence or complete construction and development or expansion or upgrade of our project.

In addition, our future development area may undergo changes during the planning, launch, construction and completion phases, which may result in actual Leasable Areas at such projects being lower than projected. Such changes may result from planning changes, construction requirements and/or other matters outside of our control. Any reduction in actual Leasable Area at our future development area, may affect their commercial viability, which may have an adverse effect on our business, financial condition, results of operations and cash flows. Any delays in completing our projects as scheduled could result in dissatisfaction among our lessees, resulting in reduced confidence in our projects. Additionally, we may not achieve the economic benefits expected of such projects. In the event there are any delays in the completion of such projects, our relevant approvals and leases may expire or be terminated. As a result, we cannot assure you that our future development area will be completed in a timely manner, within budget or at all.

***11. The Trust has no established operating history, which makes it difficult to accurately assess our future growth prospects including, achieving our business objectives or generating sufficient cash flows to make or sustain distributions.***

The Trust was settled as a contributory, determinate and irrevocable trust under the Indian Trusts Act, 1882 on March 26, 2024 and registered with SEBI as an infrastructure investment trust under the InvIT Regulations on April 22, 2024. We will acquire the Portfolio pursuant to the Formation Transactions; while our Project SPVs/ Holdco have been in operation for years, the Trust does not have an operating history by which our performance may be judged. We are subject to business risks and uncertainties associated with any new business enterprise formed through a combination of existing business enterprises. Further, while some of the directors and key managerial personnel of our Investment Manager have been associated with our Portfolio historically, the Investment Manager has been recently incorporated. Accordingly, there is no assurance that we will be able to operate our business and revenues successfully or profitably, or that we will be able to achieve our investment objectives at all.

***12. The Special Purpose Combined Financial Statements are prepared for this Draft Placement Memorandum and may not necessarily represent our consolidated financial position, our future financial position, operations and cash flows.***

The Special Purpose Combined Financial Statements included in this Draft Placement Memorandum are

merely a combination of historical financial data of our Project SPVs and Holdco, as required under the InvIT Regulations and the Guidance Note on Combined and Carve Out Financial Statements, Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India, and have been prepared on the assumption that the entire Portfolio will be acquired pursuant to consummation of the Formation Transactions. For the purpose of this Draft Placement Memorandum, the Special Purpose Combined Financial Statements have been prepared so as to present the financial position, operations and cash flows of our Project SPVs and Holdco on a combined historical basis for the period ended September 30, 2024 and FY24, FY23 and FY22, and do not necessarily represent our consolidated financial position, operations and cash flows had we been in existence and if we had been operated under a common management during the periods presented. Our Special Purpose Combined Financial Statements may not necessarily represent our proposed holding structure post-listing and are not necessarily indicative of the financial condition, operations or cash flows of the Trust that would have occurred if it had operated as a legal group of entities during the periods presented and may not be representative of the position which may prevail after the Portfolio Assets are transferred to us. Accordingly, our future consolidated financial statements may differ from the Special Purpose Combined Financial Statements. There can be no assurance that our future performance will be consistent with the past financial performance included elsewhere in this Draft Placement Memorandum. Furthermore, pursuant to the Demerger Scheme, some of the InvIT Assets have been transferred by the Sponsor to DILP, for which carve out financials have been prepared and no standalone audited historical financial information is available. For further details, please see "*Special Purpose Combined Financial Statements*" enclosed as Annexure B.

***13. Lessee leases across our Portfolio are subject to the risk of non-renewal, non-replacement, default, early termination, regulatory or legal proceedings or changes in applicable laws or regulations, thereby impacting leasing and other income. Also, lease agreements with some of our lessees are not adequately stamped or registered, and consequently, we may be unable to successfully litigate over the said agreements in the future and penalties may be imposed on us. Further, some vacant properties could be difficult to lease, which could adversely affect our revenues.***

A significant portion of our revenue is driven from the leasing of space at our assets in tier 1 and tier 3 cities. We have entered into lease agreements with our lessees for terms which generally extend from three years to twenty years. Leases with lessees across our portfolio may expire and may not be renewed by them. Further, our leases may be terminated by our lessees without cause by giving a prior notice upon expiry of the contractual lock-in period. For details of key terms of lease deeds please see the section entitled "*Our Business and Properties—Lease Agreements and Lease Management*" on page 455. Lessees may be late in rental payments or delay the commencement of the lease. Lessees with a presence across multiple assets in our Portfolio may also decide to move out of some or all of their rented units in our Portfolio. The Project SPVs/ Holdco may face delays in finding suitable lessees, which could also have an adverse impact on the revenue from the Portfolio.

Additionally, while failure to adequately stamp a document may not affect the validity of the underlying transaction, it may be inadmissible as evidence in Indian courts (unless stamped prior to enforcement with payment of requisite penalties, which may be up to ten times the stamp duty payable, and other such fees that may be levied by the authorities). Further, documents, which are insufficiently stamped, are capable of being impounded by a public officer. Consequently, should any dispute arise in relation to our use of the relevant properties, we may be unable to, or may incur additional expenses (including penalties and interest) to enforce our rights in relation to such properties. Further, some of these lease agreements have been registered, some lease agreements are in the process of being registered and some lease agreements may remain unregistered.

As part of our rental agreements, the lessees are generally required to furnish interest free refundable security deposits. The expiry or termination of such agreements requires us to refund any deposits to the lessees, which could temporarily impact the liquidity of our Project SPVs/ Holdco. Further, any default by a lessee prior to the expiry of the lease arrangement may result in deductions from its security deposit. As a consequence, issues may arise with our lessees in relation to the quantum of deductions of the security deposits, which may result in our lessees refraining from handing over possession of the property to us. Legal disputes, if filed by us in this regard, may remain unresolved for an indeterminate period and involve considerable expense if they become the subject of court proceedings and their outcome may be uncertain.

Although we ensure that we lease our assets to stable lessees with sound financial background, insolvency proceedings may be initiated under the Insolvency and Bankruptcy Code against our lessees and they may be subject to moratoriums, which could prevent us from realizing our rental dues or further leasing our premises to any third parties. Further, our lessees are required to utilise the premises in accordance with the terms of the lease deeds and applicable law. Any non-compliance with these requirements could result in a loss of reputation for us and cause us to terminate such lease arrangements.

Typically, future lease rentals from specific assets (and, in certain cases, specific lessees) are charged to lenders towards repayment of amounts borrowed from such lenders. In certain instances, we may be required to obtain the prior consent of certain lessees prior to mortgaging the underlying land. For further details on security over lease rentals, please see the section entitled "*Financial Indebtedness*" on page 463. In case of termination of the lease deeds, the relevant Project SPV will be required to make alternate arrangements to pay the monthly instalments to the lenders, failing which we could be in breach of the facility agreements, and could lead to acceleration of repayment of the loans. Please also see the section entitled, "*Risk Factor - We are generally subject to risks associated with debt financing and refinancing and operating results could be adversely affected by related interest, required repayments and other risks of our debt financing. Our inability to service debt may impact distributions to Unitholders.*" on page 138. There could also be instances when an adverse court order may impact revenue collection from our lessees. For details, please see the section entitled "*Legal and Other Information*" on page 510.

As a part of some of the rental agreements, leased premises shall be free from any third-party interest, encumbrances, and will not be assigned, gifted, set up as trust or mortgage, in any manner whatsoever without prior notice to the lessee. However, in majority of the lease agreements we are entitled to mortgage and/or charge the lease premises and/or seek rental discounting facility, against rents to be received from the lessees, with any bank or financial institutions; such mortgages would be subject to the lessees' leasehold rights. The rights of the lessees will be covered in the sale mortgage or indenture of conveyance or other deeds. The agreement ensures that no mortgage or alienation of the leased premises affect the peaceful possession and enjoyment by the lessees.

Further, the rental rates of the Portfolio depend upon various factors, including, but not limited to prevailing supply and demand conditions as well as the quality and design of the Portfolio. We cannot assure you that the demand for our properties will grow, or will remain stable, in the future. Our lessees' ability to generate anticipated revenues is subject to their underlying business performances and overall volatility in the economies, as well as seasonality in the lessees' business, if any, which can have an impact on their ability to pay rents to us. There is no assurance that we will be able to procure new leases or renew existing leases at prevailing market rates. We also typically enter into pre-committed lease arrangements with potential lessees and any changes to or delay in execution or non-execution of the final lease agreements or agreements to lease may adversely affect our business, cash flows and operations. As a result, if vacancies continue for a longer period of time than we expect or indefinitely, we may suffer reduced revenues, which may have a material adverse effect on our financial performance. Further, we cannot assure you that we will be able to continue to charge our lessees fees for maintenance of the facilities or other amenities or services at the prevailing or current rates. In the event that our lessees demand lower charges, dispute existing charges or the manner of computation of such charges, our ability to charge and/or recover such sums in future may be impacted.

***14. The actual performance of the Trust is subject to significant business, regulatory, and tax risks, uncertainties and contingencies that could cause actual results to differ materially from the forward-looking statements in this Draft Placement Memorandum.***

This Draft Placement Memorandum contains forward-looking statements, including the Projections of Revenue from Operations and Cash Flow from Operating Activities. These forward-looking statements are based on a number of assumptions such as (i) no major change in future cash flows for the SPVs and no major change in the financial performance as estimated prior to COVID-19 impact, (ii) initial portfolio of SPVs remains unchanged through the Projection Period, (iii) no further assets are acquired or divested during the Projection Period, (iv) no outflow on account of any litigation related matters including current pending litigations/contingent liabilities is expected to become due during the Projection Period, (v) no material change in taxation legislation or other applicable legislation, and (vi) no gain or loss has been considered on account of changes in foreign exchange rates many of which are outside the control of the Trust. The assumptions underlying the Projections of Revenue from Operations and Cash Flow from Operating Activities are inherently uncertain and are subject to significant business, regulatory and tax risks, uncertainties and contingencies that could cause actual results to differ materially from the forecast results. In the event assumptions are not satisfied, the associated revenue of the Trust which is dependent on a number of factors, including warehousing rentals from the Initial Portfolio Assets may decrease for a number of reasons. This may adversely affect the ability of the Trust to achieve the landmarks set out in the Projections of Revenue from Operations and Cash Flow from Operating Activities, as some or all of the events and circumstances assumed may not occur as expected, or events and circumstances, which are not currently anticipated, may arise. While the Trust currently expects to meet the Projections of Revenue from Operations and Cash Flow from Operating Activities based on the assumptions set out in *"Projections of Revenue from Operations and Cash Flow from Operating Activities"*, no assurance can be given that the assumptions will remain true or relevant and that the actual profit and cash flow will be achieved as forecasted or projected.

The Projections of Revenue from Operations and Cash Flow from Operating Activities should be reviewed in conjunction with the description of the business of the Project SPVs/ Holdco, Please see section entitled *"Management's discussion and analysis of factors affecting the financial condition and results of operations"* on page 473 and other information contained in this Draft Placement Memorandum, including the information set forth in this *"Risk Factors"* section on page 137.

The Investment Manager shall not provide any updated or otherwise revised profit and cash flow forecast or profit and cash flow projection in the event that any assumptions differ from actual results. The revenue of Trust will be dependent on the cash flows from dividends, buyback of Project SPV shares, interest payments and principal repayments (net of applicable taxes and expenses) from the Project SPVs/ Holdco, whose revenue, in turn, is dependent on a number of factors, including committed occupancy in the project assets and completion of its projects within expected timelines.

Further, the statutory auditor's report on Projections of Revenue from Operations and Cash Flow from Operating Activities, contains certain assumptions, which are indicated in Annexure A and Annexure C herein.

Accordingly, we do not provide any assurance to you that we will be able to achieve the financial projections or make the distributions as set out in the Projections of Revenue from Operations and Cash Flow from Operating Activities in the future. As a result, Investors should not rely upon the projections in making an investment decision, given the possibility that actual results may differ materially from the underlying estimates and assumptions.

***15. We face certain risks relating to our reliance on third parties in maintaining our Parks and on contractors and third parties in developing our future development and construction projects that may adversely affect our reputation, business, financial condition, operations and cash flows.***

Given the nature of the business, our lessees are responsible for and liable as a lessee for operating and using the Parks in accordance with applicable laws and the terms of our leases. including obtaining certain operational approvals as applicable, as well as ensuring that they act responsibly in compliance with applicable requirements. Our ability to direct and control how some of our properties are operated and used on a day-to-day basis may be limited.

We also rely on third party service providers for certain aspects of our business, including for certain information systems, technology, and administration. Any interruption or deterioration in the performance of these third parties, failures of their information systems and technology, or termination of these arrangements or other problems in our relationships with these third parties, could impair the quality of our operations, affect our reputation and adversely affect our business. We may also rely upon contract labor in relation to the development work undertaken at our under-construction properties. See "*We are exposed to a variety of risks associated with safety, security and crisis management*." on page 146**.**

If we do not select, manage and supervise appropriate third parties to provide these services, or if we have any disagreements with such third parties that are not adequately resolved, our reputation and financial results may suffer. Despite our efforts to implement, we may not successfully detect and prevent fraud, misconduct, incompetence or theft by our third-party service providers. In addition, any removal or termination of third-party service providers would require us to seek new service providers, which would create delays and adversely affect our operations. Poor performance by such third-party service providers will reflect poorly on us and could significantly damage our reputation. In the event of fraud or misconduct by a third party, we could also be exposed to material liability and be held responsible for damages, fines or penalties and our reputation may suffer.

***16. The valuation reports obtained for our Portfolio are based on various assumptions and may not be indicative of the true value of our assets.***

The valuation of our properties is inherently subjective due to, amongst other factors, the individual nature of each property, its location, expected future rental revenues from that particular property and the valuation method adopted. The Valuer has issued a valuation report setting out its opinion as to the value of the Portfolio as of September 30, 2024. For details on the assumptions, disclaimers and methodology used in the Valuation Report, please see the section entitled "*Valuation Report"* attached as Annexure A of this Draft Placement Memorandum. We cannot assure you that the methodologies adopted and the assumptions made for issuing the Valuation Report are accurate, and accordingly, reflect the right valuation of our Portfolio. The valuation is an estimate and not a guarantee, and it is fully dependent upon the accuracy of the assumptions as to income, expense and market conditions. The assumptions made and conclusions derived may turn out to be inaccurate, which may affect the valuation of the Portfolio. Further, the Valuer has followed a particular methodology to

arrive at the valuation. There is no assurance that other methodologies would not have led to a different valuation. The Valuation Report does not purport to contain all the information that may be necessary or desirable to fully evaluate us or the Portfolio or an investment in the Units. The Valuation Report contains forecasts, projections and other forward-looking statements that relate to future events that involve risks and uncertainties, which may cause the actual results or performance to be significantly different from any future results or performance expressed or implied by the forward-looking statements. The Valuation Report does not confer rights or remedies upon investors or any other person and does not constitute and should not be construed as any form of assurance as to our financial condition or future performance or as to any other forward-looking statements included therein, including those relating to macroeconomic factors, by or on behalf of the Sponsor, the Investment Manager, the Lead Managers or us. Further, we cannot assure you that the valuation prepared by the Valuer reflects the true value of the net future revenues of the Portfolio. Further, in the event that the Valuer does not continue to value the Portfolio subsequent to the listing of the Units of the Trust due to any reasons beyond our control, and a new valuer is appointed for the purpose of the ongoing valuation, we cannot assure you that the methodology, assumptions and valuation will not be different from the valuation arrived at by the Valuer in the Valuation Report. For further details, please see the sections entitled "*Regulatory Approvals"* and "*Legal and Other Information*" on pages 500 and 510, respectively.

Further, valuations do not necessarily represent the price at which an asset would sell, since market prices of assets can only be determined by negotiation between a willing buyer and seller. As such, the value of an asset forming part of our Portfolio may not reflect the price at which such asset could be sold in the market, and the difference between value and the ultimate sales price could be material. Additionally, the price at which we may be able to sell any assets in our Portfolio in the future may be different from the initial acquisition value of such assets. The Valuation Report has not been updated since the date of its issue, and does not consider any subsequent developments and should not be considered as a recommendation by us, the Sponsor, the Investment Manager, the Lead Managers or any other party that any person should take any action based on such valuation. Accordingly, Investors should not rely on the Valuation Report in making an investment decision to subscribe to or purchase Units.

***17. We may be required to record significant charges to earnings in the future when we review our Portfolio for potential impairment.***

As per Ind AS 36, we are required to assess (at the end of each reporting period) whether there is any indication that an asset may be impaired. If any such indication exists, we are required to estimate the recoverable amount of the asset and record impairment loss when the recoverable amount is higher than the carrying value of the asset to ensure that our assets are carried at no more than their recoverable amount. If the carrying amount of an asset exceeds the amount to be recovered through the use or sale of the asset, the asset is described as impaired and an impairment loss is recognized. Various uncertainties, including deterioration in global economic conditions that result in upward changes in cost of capital, increases in cost of completion of such assets and the occurrence of natural disasters that impact our assets, could impact expected cash flows to be generated by such assets, and may result in impairment of these assets in the future.

***18. Our contingent liabilities could adversely affect our financial condition, results of operations and cash flows.***

As of September 30, 2024, we had contingent liability of ₹ 117.44 lakhs that is determined as per Ind AS 37—Provisions, Contingent Liabilities and Contingent Assets. If any of our contingent liabilities materialize, it could have an adverse effect on our financial condition, results of operations and cash flows. For further details, please see the sections entitled "*Management's Discussion and Analysis of Factors Affecting the Financial Condition and Results of Operations—Off- Balance Sheet Arrangements and Contingent Liabilities"* and *"Special Purpose Combined Financial Statements"* attached hereto as Annexure B.

***19. We are exposed to a variety of risks associated with safety, security and crisis management of our Portfolio Assets.***

We are committed to ensure the safety and security of our lessees, employees and assets against natural and man-made threats. However, certain unforeseen events such as extreme weather, civil or political unrest, violence and terrorism, serious and organized crime, fraud, employee dishonesty, cybercrime, pandemics, fire and day-to-day accidents, incidents, health crises of guests and petty crime which impact the tenant, consumers, or employee experience, could cause loss of life, sickness or injury may occur and consequently result in compensation claims, fines from regulatory bodies, or litigation. This may impact our reputation. Serious incidents or a combination of events could escalate into a crisis which, if managed poorly, could further expose us and our assets to significant reputational damage. Any accidents or any criminal activity at our properties may result in personal injury or loss of life, substantial damage to or destruction of property and equipment resulting in the suspension of operations. We may also rely upon contract labor in relation to

the development work undertaken at our under-construction properties. Our Project SPVs/ Holdco, or our Investment Manager or our Project Manager may (as principal employers) become liable to persons working at our premises in case of any accidental death or grievous injury. Further, any work stoppages, labor unrest and labor disputes could have a material impact on our operations. Any of the foregoing could subject us to litigation, which may increase our expenses in the event we are found liable, and could adversely affect our reputation and cause a loss of consumer confidence in our business. While we maintain insurance on property and equipment in amounts believed to be consistent with industry practices and our insurance policies cover physical loss or damage to our property and equipment arising from a number of specified risks including burglary, fire, landslides, earthquakes and other perils, we may not be able to maintain adequate insurance to cover all losses we may incur in our business operations. Please see the section entitled "*Risk Factors—We may not be able to maintain adequate insurance to cover all losses we may incur in our business operations*" on page 156.

***20. We face various risks and uncertainties related to public health crises. The future occurrences as well as impacts of such global outbreaks is uncertain and hard to measure and may have a material adverse effect on us.***

We face various risks and uncertainties related to public health crises, like COVID-19 pandemic which disrupted financial markets and significantly impacted worldwide economic activity to date and could potentially do so in future. These risks include, without limitation:

- limiting the ability of our lessees to comply with the terms of their leases with us, including in making timely payments to us;
- a decrease in sales and revenue of our lessees could result in decrease in rental income receivable by us from such lessees;
- limiting our ability to evict lessees who are unable to comply with the terms of their leases with us;
- potential temporary or long-term work stoppages and closure of our assets, disruption in the supply of materials, including due to spread of the disease among our employees or due to shutdowns that may be requested or mandated by governmental authorities;
- limiting the ability of our service providers and partners to comply with the terms of their arrangements with us;
- insolvency or bankruptcy of our lessees;
- limiting the ability to re-lease space that is or that has become vacant;
- adverse impact on the value of our properties;
- labor unrest and unavailability due to risks of disease from working with other employees and outside vendors;
- economic impacts from mitigation and other measures undertaken by us and/or third parties;
- reduced ability to execute our growth strategies, including identifying and completing acquisitions and expanding into new markets; and
- inability to comply with the covenants in our financing agreements which could result in events of default and the acceleration of indebtedness, which could negatively impact our financial condition, results of operations, cash flows and our ability to obtain additional borrowings.

The long-term effect of force majeure events is highly uncertain and cannot be predicted. Further, any epidemic, pandemic or other health crisis, whether similar to COVID-19 or other past global diseases, could materially and adversely affect our business, financial conditions, cash flows and results and may also cause unprecedented economic disruption in the nation and in the rest of the world, which could have the effect of exacerbating many of the other risks described in this "*Risk Factors*" section.

***21. Our success depends in large part upon the Investment Manager and Project Manager, the management and personnel that they employ, and their ability to attract and retain such persons.***

Our ability to make consistent distributions to our Unitholders depends on the continued service of management teams and personnel of the Investment Manager and Project Manager. Each of the Investment Manager and Project Manager may face challenges in recruiting and retaining a sufficient number of suitably skilled personnel. Generally, there is significant competition for management and other skilled personnel in our industry in India, and it may be difficult to attract and retain the skilled personnel that the Investment Manager and Project Manager need for our operations. Furthermore, the Investment Manager and Project Manager may not be able to adequately re-deploy and re-train their employees to keep pace with evolving industry standards and changing customer preferences. The loss of key personnel of either of the Investment Manager or the Project Manager, may have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows of the Trust.

***22. We depend on the Investment Manager, the Project Manager and the Trustee to manage our business and assets, and our financial condition, results of operations and cash flows and our ability to make distributions may be harmed if the Investment Manager, Project Manager or the Trustee fails to perform satisfactorily. The rights of the Trust and the rights of the Unitholders to recover claims against the Project Manager, the Investment Manager or the Trustee may be limited.***

The success of our business and growth strategy and the operational success of our assets will depend significantly upon the Investment Managers' satisfactory performance of these services. Our recourse against the Project Manager, the Trustee and the Investment Manager is limited. The aggregate maximum liability of the Project Manager in each financial year is limited to an amount equivalent to the fee payable to the Project Manager in such financial year in accordance with the terms of the Project Implementation & Management Agreement, as applicable, unless the loss or damage caused is due to gross negligence, fraud or wilful default of the Project Manager. If the Trustee is required by the InvIT Regulations or any applicable law to provide information regarding the Trust or the Sponsor or the Unitholders, the investments made by the Trust and income therefrom and provisions of such presents, and complies with such request in good faith, whether or not it was in fact enforceable, the Trustee shall not be liable to the Unitholders or to any other party as a result of such compliance or in connection with such compliance. The Trustee is also not liable on account of anything done or omitted to be done or suffered by the Trustee in good faith in accordance with, or in pursuance of any request or advice of the Investment Manager. Further, the Trustee is not liable for any act or omission or (as the case may be) failing to do any act or thing, which may result in a loss to a Unitholder (by reason of any depletion in the value of the Project SPVs or otherwise), except in the event that such loss is a direct result of fraud, gross negligence or wilful default on the part of the Trustee or results from a breach of the Trust Deed by the Trustee, as determined finally by a court of competent jurisdiction. The liability of the Trustee shall be limited to the extent of the fees received by it, in all circumstances whatsoever except (a) in case of any negligence or misconduct or fraud on the part of the Trustee, as determined finally by a court of competent jurisdiction; and or (b) failure to show the degree of care and diligence required under the Indian Trusts Act, 1882 while carrying out the duties of the Trustee described in the Trust Deed, in each case as may be determined by a court of competent jurisdiction. The liability of the Investment Manager in each financial year is limited to the aggregate fees paid to the Investment Manager for the immediately preceding one financial year, in accordance with the terms of Investment Management Agreement, provided that such aggregate maximum liability shall not be applicable in the event, such liability of the Investment Manager to indemnify the Trustee Party for losses or damages suffered arises out of any gross negligence, wilful default or misconduct or fraud of the Investment Manager, as determined by a court of competent jurisdiction. Further, the Investment Manager is not liable for any act or omission which may result in a loss to a Unitholder (by reason of any depletion in the value of the Trust Fund or Project SPVs or otherwise), except in the event that such loss is a result of fraud or gross negligence or wilful default or where the Investment Manager fails to exercise its obligations under the Investment Management Agreement. Accordingly, the Unitholders may not be able to recover claims against the Project Manager, the Trustee or the Investment Manager. If the management agreements were to be terminated or if their terms were to be altered, our business could be adversely affected, as the Trustee may not be able to immediately replace such services, and even if replacement services were immediately available, the terms offered or obtained with the new managers could be less favourable than the ones currently offered by the Investment Manager and the Project Manager.

***23. We track certain operational metrics with internal systems and tools, or that are based on management estimates and information provided by our lessees. Such metrics are subject to inherent challenges in measurement and may be incomplete or unreliable, which may adversely affect our business and reputation.***

We track certain operational metrics with internal systems and tools and which may differ from estimates or similar metrics published by third parties due to differences in sources, methodologies, or the assumptions on which we rely. Our internal systems and tools have a number of limitations and our methodologies for

tracking these metrics may change over time, which could result in unexpected changes to our metrics, including the metrics we publicly disclose. If the internal systems and tools we use to track these metrics undercount or over count performance or contain algorithmic or other technical errors, the data we report may not be accurate.

Further, certain information contained in this Draft Placement Memorandum, including our Gross Rentals, among others, our funding requirements and our intended Offer Proceeds, are based on management estimates and internal management information systems, our business plan and data provided by our lessees and has not been appraised by any bank, financial institution or independent agency. While these numbers are based on what we believe to be reasonable estimates of our metrics for the applicable period of measurement, there are inherent challenges in measuring how our platforms are used across large populations. We may also have to revise our funding estimates, development plans (including the type of proposed development) and the estimated construction commencement and completion dates of our projects depending on future contingencies and events, including, among others: changes in laws and regulations; competition; receipt of statutory and regulatory approvals and permits; irregularities or claims with respect to title to land or agreements related to the acquisition of land; the ability of third parties to complete their services on schedule and on budget; delays, cost overruns or modifications to our future development and construction projects; commencement of new projects and new initiatives; and changes in our business plans due to prevailing economic conditions.

Any limitations or errors with respect to how we measure data or with respect to the data that we measure may affect our understanding of certain details of our business, which could affect our long-term strategies. If our operating metrics are not accurate representations of our business, if investors do not perceive our operating metrics to be accurate, or if we discover material inaccuracies with respect to these figures, we expect that our business, reputation, financial condition, cash flows and results of operations would be adversely affected. Please see the section entitled "*Management's Discussion and Analysis of factors affecting the Financial Condition our Results of Operations*" on page 473 for more details.

***24. This Draft Placement Memorandum contains information from the CBRE Report and the Valuation Report (summary of which has been included as Annexure A), which the Investment Manager has commissioned on our behalf.***

The information in the section entitled "*Industry Overview*" and in other sections in this Draft Placement Memorandum is based on the CBRE Report and the Valuation Report dated January 27, 2025. Please also see the section entitled "*Risk Factors—The valuation reports obtained for our Portfolio are based on various assumptions and may not be indicative of the true value of our assets*" on page 145. The Investment Manager has exclusively commissioned and paid for these reports for the purposes of inclusion of industry information in this Draft Placement Memorandum. Given the scope and extent of the CBRE Report, disclosures are limited to certain excerpts and these reports have not been reproduced in their entirety in this Draft Placement Memorandum. There are no parts, data or information (which may be relevant for the proposed Offer), that has been left out or changed in any manner. The reports have been prepared based on information as of specific dates and may no longer be current or reflect current trends. Further, opinions in the reports are based on estimates, projections, forecasts and assumptions may prove to be incorrect.

***25. We and our Project SPVs have entered into and may in the future enter into related party transactions, the terms of which may be unfavorable to us or could involve conflicts of interest. The Investment Manager may face conflicts of interests in choosing our service providers, and certain service providers may provide services to the Investment Manager or the Sponsor on more favorable terms than those provided to us.***

We have entered into and may in the future enter into transactions with several related parties, including the Investment Manager and the Sponsor and respective affiliates, associates and Sponsor Group, pursuant to the Formation Transactions Agreements, Trust Loan Agreements, Project Implementation and Management Agreement, ROFO Agreement and certain agreements, the terms of which may be deemed to not be as favorable to us as if they had been negotiated between unaffiliated third parties. These transactions relate to, among others, acquisition of the Portfolio and future assets, maintenance of the Portfolio, trademark licenses arrangements and related party loans and/or advances. Any future transactions with our related parties could potentially involve conflicts of interest, and it may be deemed that we could have achieved more favorable terms had such transactions not been entered into with related parties. For details, please see the section entitled "*Related Party Transactions*" on page 487.

Further, it is likely that we will enter into additional related party transactions in the ordinary course of business including any acquisitions pursuant to the terms of the ROFO Agreement. Such transactions, individually or in aggregate, could have a material adverse effect on our business, prospects, financial condition, results of operations and cash flows. Furthermore, certain properties owned by us may be leased

out to lessees that are affiliates of the Sponsor and Sponsor Group, which would give rise to a conflict of interest. In the event of material breach of terms of the lease agreements, including representation and warranties given by us, or in case we fail to obtain necessary approvals at any point of time prior to taking of the premises or fail to keep property free from encumbrances or contravene any license or applicable law, the affiliate may have the right to terminate such agreement, including the lock-in period duration, subject to notice of 30 days to remedy such breach. Additionally, lessee also has the right to terminate the agreement by giving notice of 90 days. The lease and license agreements with affiliates are for fixed periods of time ranging from three years to twenty years (expiring between 2025 and 2040), of which, certain lease and licenses will expire on termination date without an option to renew the agreement. We are in certain instances also required to indemnify the lessee for any losses suffered by them on account of any our wilful act or omission, breach of the terms and conditions of the relevant lease agreements or defect in title of the property.

Further, the InvIT Regulations specify the procedure to be followed for related party transactions. Specified policies and procedures in accordance with InvIT Regulations (including the code of conduct policy) implemented by the Investment Manager and the Sponsor and the Sponsor Group to mitigate potential conflicts of interest and address certain regulatory requirements and contractual restrictions may from time to time reduce the synergies across the Investment Manager's and the Sponsor's and the Sponsor Group various businesses that we expect to draw on for purposes of pursuing attractive investment opportunities. For more information regarding our related party transactions, please see the section entitled "*Related Party Transactions*" on page 487.

***26. Our funding requirements and the proposed deployment of Fresh Issue Proceeds have not been appraised by any bank or financial institution or any other independent agency and our management will have broad discretion over the use of the Fresh Issue Proceeds.***

We intend to utilize the Fresh Issue Proceeds of the Offer as set forth in the section entitled "*Use of Proceeds*" on page 459. The funding requirements mentioned as a part of the objects of the Offer are based on internal management estimates and commercial considerations, and have not been appraised by any bank or financial institution. This is based on current conditions and is subject to change in light of changes in external circumstances, costs, business initiatives, other financial conditions or business strategies.

Accordingly, prospective investors in the Offer will need to rely upon our management's judgment with respect to the use of Fresh Issue Proceeds.

Further, as set forth in the section entitled "*Use of Proceeds*" beginning on page 459, we propose to utilize a portion of the Fresh Issue Proceeds, inter-alia, towards (i) providing loans to the Project SPVs/Holdco for repayment for pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued interest, closure/ pre-closure charges and any other refinancing related costs; (ii) general corporate purposes; and (iii) offer expenses. Accordingly, use of the Fresh Issue Proceeds for other purposes identified by our management may not result in actual growth of our business, increased profitability or an increase in the value of our business and your investment.

In the event that we are unable to raise the requisite funds pursuant to the Offer, or are unable to utilize the Fresh Issue Proceeds in the manner contemplated herein, we may be unable to repay/pre-pay the inter-Project SPV loans/ loans availed from related parties as envisaged hereunder.

***27. The Trust may not successfully undertake future acquisitions of new projects due to various factors including the unavailability of debt or equity financing on acceptable terms, challenges with identifying suitable projects and other factors which could impede the implementation of its acquisition strategy and negatively affect its business.***

The Trust will rely on debt and equity financing to expand its portfolio of projects through acquisitions, which may not be available on favourable terms or at all.

The Trust's total outstanding consolidated net debt shall be approximately ₹ [●] million after the Offer, which will constitute approximately [●]% of the value of the InvIT Assets upon completion of the Offer (net of cash and cash equivalents). Under the terms of the InvIT Regulations, the consolidated borrowings and deferred payments of the Trust, net of cash and cash equivalents, cannot exceed 49% of the value of the assets of Trust until certain conditions are met, and cannot exceed 70% of the value of the assets of Trust until, amongst others, the Trust has made six consecutive distributions to Unitholders. Further, if the consolidated borrowings of the Trust exceed 25% of the value of the assets of the Trust, further borrowings, up to 49% of the value of the assets of the Trust, would be subject to: (i) obtaining a credit rating from a credit rating agency registered with SEBI; and (ii) approval of the Unitholders, in accordance with the InvIT Regulations

and Trust Deed. There is no assurance that the relevant approvals can be obtained in a timely manner, or at all or may be subject to additional terms and conditions which may be onerous and restrictive in nature.

Debt financing to fund the acquisition of a project may not be available on short notice or may not be available on acceptable terms. Since the timing and size of acquisitions cannot be readily predicted, the Trust may need to be able to obtain funding on short notice to benefit fully from opportunities. In addition, the level of indebtedness of the Project SPVs may affect the Trust's ability to borrow without prior Unitholders' approval.

Restrictions imposed by the Reserve Bank of India may limit the Trust's ability to borrow overseas funds for projects under development and hence could constrain its ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, there can be no assurance that any required regulatory approvals or borrowing in foreign currencies will be granted to the Trust without onerous conditions, or at all.

The Trust may also fund the consideration (in whole or in part) for future acquisitions through the issuance of additional Units, subject to Unitholder approval, as required. Such issuances may result in the dilution of the interests in the Trust held by existing Unitholders. The Trust may not be able to complete the issuance of the required number of Units on short notice or at all due to a lack of investor demand for the Units at prices that it considers to be in the interests of then-existing Unitholders. As a result of a lack of funding, the Trust may not be able to pursue its acquisition strategy successfully. Potential vendors may also view the prolonged time frame and lack of certainty generally associated with the raising of unit capital to fund any such purchase negatively and may prefer other potential purchasers.

Debt financing may increase the Trust's vulnerability to general adverse economic and industry conditions by limiting its flexibility in planning for or reacting to changes in its business and its industry. The Trust will also be subject to the risk that certain covenants in connection with any future borrowings may limit or otherwise adversely affect its operations and its ability to make distributions to its Unitholders. Such covenants may also restrict the Trust's ability to acquire additional projects or undertake other capital expenditure by requiring it to dedicate a substantial portion of its cash flows from operations to interest and principal payments on its debt.

Furthermore, we may enter into term sheets or agreements to purchase assets from third parties, the completion of which may stipulate time frames within which title to land must be conveyed or full purchase price must be paid, or provide that all or a part of the advance monies paid to these third parties may be forfeited, due to our inability to fulfill certain agreed obligations within the agreed timeline, in the event that the acquisition process is not completed within the agreed time frames. In certain situations, agreements to purchase land may expire or contain irregularities that may invalidate them. As a result, we cannot provide assurance to you that we will be successful in acquiring or registering these properties, and consequently, development of such properties may not be possible, which could have an adverse effect on our financial condition, results of operations and cash flows. We also cannot assure you that any properties identified by us will be acquired at competitive prices or at all. In the event that the prices are increased by the land owners, we may be unable to acquire these properties or proceed with the developments, which may adversely affect our financial condition, results of operations and cash flows. Further, the title and development rights or other interests over land where assets in the Portfolio are located, and/or rights and interests in our Project SPVs and/or Investment Entity may be subject to legal uncertainties and defects, which may interfere with our ownership of the Portfolio and result in us incurring costs to remedy and cure such defects.

Future acquisitions may cause disruptions to our operations and divert management's attention away from day-to-day operations. Newly acquired properties may require significant management attention that would otherwise be devoted to our ongoing business. Despite pre-acquisition due diligence, we do not believe that it is possible to fully understand a property before it is owned and operated for an extended time. In addition, our acquisition selection process may not be successful and may not provide positive returns to Unitholders. For example, the expected benefit, synergies or efficiencies from such acquisitions may take longer than expected to achieve or may not be achieved at all or may be subject to additional terms and conditions which may be onerous and restrictive in nature.

We may acquire properties subject to both known and unknown liabilities and without any recourse, or with only limited recourse to the seller. As a result, if a liability was asserted against us arising from our ownership of those properties, we might have to pay substantial sums to settle such claims, which could adversely affect our cash flow. Unknown liabilities with respect to properties acquired might include defects in title and inadequate stamping/registration of conveyance deeds and lack of appropriate approvals or licenses in place.

Given the lock-in restrictions under the InvIT Regulations, we will be required to hold any project acquired by us, for a minimum period of three years from the date of purchase or completion of such property. Accordingly, our ability to divest from these projects will be limited.

We are also required to distribute at least 90% of our net distributable cash flows to Unitholders. Accordingly, our ability to undertake any future acquisition will depend on our ability to raise further funds from investors through a fresh issue of Units and/or to raise debt financing, which will be subject to the leverage ratios prescribed under the InvIT Regulations and applicable laws. For risks in relation to restrictions on sources of funding, please see the section entitled "*Risk Factors—We may not be able to successfully meet working capital or capital expenditure requirements of our Portfolio due to the unavailability of funding on acceptable terms*" on page 152.

***28. We cannot assure you that we will be able to successfully undertake future strategic acquisitions of Parks, industrial spaces etc. or efficiently manage the projects we have acquired or may acquire in the future***

Our growth strategy in the future may involve strategic acquisitions in accordance with the InvIT Regulations. We may not be successful in identifying suitable acquisition opportunities that meet the necessary criteria to help grow our business. Moreover, our ability to identify and acquire suitable locations for our projects is dependent on factors that are beyond our control such as the price and availability of suitable existing warehouses, industrial spaces and other spaces at our assets, the willingness of owners of identified spaces to sell on terms acceptable to us, the availability and cost of financing, the terms of the existing leases of lessees leasing space within such spaces, as well as consents and approvals.

We may face active competition in acquiring suitable and attractive properties from other property investors, including other InvITs, property development entities and private investment funds. There is no assurance that we will be able to compete effectively against such entities and our ability to make acquisitions under our strategy or acquisitions that are accretive may be adversely affected. Even if we were able to successfully acquire properties or other investments, there is no assurance that we will achieve our intended return on such acquisitions or investments.

In addition, the acquisition and development of properties, including existing under-development warehouses, and the integration and ongoing operation of such warehouses, may be both capital and time intensive and may require the diversion of significant financial resources and management time from our existing business to our expansion projects. We cannot provide assurance to you that we will be successful in developing warehouses that we acquire or that such warehouses will generate the returns we anticipate. Such factors may adversely affect our business and financial condition.

***29. We may not be able to successfully meet working capital or capital expenditure requirements of our Portfolio due to unavailability of funding on acceptable terms.***

Our Portfolio may require capital expenditure periodically for refurbishments, renovation and improvements beyond our current estimates and we may not able to secure funding for such capital expenditure, in a timely manner or at all. We may not be able to recover any or all of such costs from our lessees or any other party. Our ability to raise funding is dependent on our ability to raise capital through fresh issue of Units and our ability to raise debt on acceptable terms.

Our ability to raise additional debt is subject to our consolidated borrowings and deferred payments not exceeding 70% of the value of our assets, as required under the InvIT Regulations.

Pursuant to the InvIT Regulations, we are required to obtain a credit rating from a credit rating agency registered with SEBI and obtain approval of the Unitholders if our consolidated borrowings (excluding cash and cash equivalents) exceed 25% of the value of our assets.

In the event, our consolidated borrowings and deferred payments exceed 49%, we are required to comply with additional conditions including but not restricted to obtaining credit rating of 'AAA' or equivalent for its consolidated borrowing and the proposed borrowing from a credit rating agency and having a track record of six distribution on a continuous basis, post listing of the Units in the years preceding the financial year in which the enhanced borrowings are proposed to be made.

Our ability to arrange financing and the costs of such financing are dependent on numerous factors, including general economic and capital market conditions, credit availability from financial institutions, investor confidence, results of operations and cash flows, the amount and terms of our existing indebtedness, our credit ratings, the continued success of our operational developments and Portfolio and laws that are conducive to raising debt and equity. Factors such as decrease in the market rates for development projects, delays in the release of finances for certain projects in order to take advantage of future periods of more robust property demand; decrease in rental or occupancy rates for the commercial properties; financial difficulties of key contractors resulting in construction delays; and financial difficulties of key lessees in properties could impact the availability of credit. Our inability to raise adequate finances may result in our results of operations, cash

flows and business prospects being materially and adversely affected. Further, additional debt financing or the issuance of additional Units in order to support our operations may decrease distributable income and any issuance of additional Units may dilute existing Unitholders' entitlement to distributions.

***30. The assets in our Portfolio may be subject to increase in direct expenses and other operating expenses. Renovation work, repair and maintenance or physical damage to the assets in our Portfolio may disrupt our operations and collection of revenue from lease rentals or otherwise result in an adverse impact on our financial condition and results of operation.***

Our ability to make distributions to Unitholders could be adversely affected if direct expenses and other operating expenses increase due to various factors including, without limitation, increase in property tax, changes in tax policies and increase in repair and maintenance costs. Any withdrawal of tax benefits currently or subsequently enjoyed by us may adversely affect our financial condition and operations.

As our Portfolio ages, the costs of maintenance will increase and, without significant expenditure on refurbishment, the net gross asset value may decline. The maintenance requirements for our assets could also vary across States depending on the terrain and climatic conditions to which they are exposed over which we may have limited control. Consequently, the Net Asset Value per Unit may decline unless we successfully develop the under-development portion of the Portfolio or acquire new assets. The quality of assets in our Portfolio has a direct influence over the demand for space in, and the rental rates of, the Portfolio. The business and operations of the assets in our Portfolio may suffer some disruption and it may not be possible to collect the full or any rental income on space affected by such renovation or redevelopment works, if such works are extensive. For details, please see the section entitled "*Management's Discussion and Analysis of Factors Affecting the Financial Condition and Results of Operations*" on page 473.

In addition, physical damage to any of the assets in our Portfolio resulting from an earthquake, fire or other causes may lead to a significant disruption to the business and operation of the affected Portfolio and, together with the foregoing, may impose unbudgeted costs on us and have an adverse impact on our financial condition, cash flows and results of operations and our ability to make distributions to the Unitholders. While we maintain insurance on property and equipment in amounts that we believe are consistent with industry practices and our insurance policies cover physical loss or damage to our property and equipment arising from a number of specified risks including burglary, fire, earthquakes and other perils, we may not be able to maintain adequate insurance to cover all losses we may incur in our business operations. Please see the section entitled "*Risk Factors—We may not be able to maintain adequate insurance to cover all losses we may incur in our business operations*" on page 156.

Our operating results may differ significantly from period to period due to factors such as difficulties in enhancing our developed properties, increase in our equity interest in certain Project SPVs, our ability to consummate the internal reorganization of our Portfolio, our revenue recognition model, changes to the property market and/or inaccurate estimates of the resources and time required to complete capital and construction projects or maintain and operate existing assets. Due to the foregoing factors, it is possible that, in some future financial periods, our operating results may be significantly below the expectations of the market, analysts and investors and/or different from those in previous periods.

***31. We may be subject to certain restrictive covenants and variable interest rates under our financing agreements that could limit our flexibility in managing our business or to use cash or other assets, and cause our debt service obligations to increase significantly.***

Our lenders may require the receivables of the relevant Project SPVs (including the cash flows) to be secured in their favor. Further, the Project SPVs and we may also be subject to restrictive covenants. The restrictive covenants could include the requirement for prior consent for any change in the management set-up or change of control or shareholding of the borrower, amendment of constitutional documents of the borrower as well as restrictions that affect our ability and the respective Project SPV's ability to declare dividends, transfer funds from lease rentals, issue and allot any securities, repaying or pre-payment any financial indebtedness, and their ability to obtain additional loans. These or other limitations may adversely affect our flexibility and our ability to make distributions to our Unitholders. Further, we cannot assure you that we will be in compliance with our obligations under our financing agreements. If we or any Project SPV/ Holdco fails to meet or satisfy any of these covenants, the lenders could elect to declare outstanding amounts due and payable, terminate their commitments, require the posting of additional collateral and enforce their interests against existing collateral. We may not be able to meet our obligations to such lenders if they accelerate the loans, which may adversely affect our cash flows, business, financial condition and results of operations. For further details on our indebtedness, please see the section entitled "*Financial Indebtedness*" on page 463. Further, consents to be obtained from certain lenders for the Offer are subject to conditions, including, utilization of Fresh Issue Proceeds towards mandatory repayment or prepayment of certain borrowings,

ability to obtain similar consents from other lenders, furnishing of certain information and ensuring no dilution in security/cash flow cover/asset cover of certain borrowing arrangements, listing of the Units by a certain date etc. Please also the section entitled "*Formation Transactions in relation to the Trust*" on page 26. For further details, please see the section entitled "*Risk Factors - Our funding requirements and the proposed deployment of Fresh Issue Proceeds have not been appraised by any bank or financial institution or any other independent agency and our management will have broad discretion over the use of the Fresh Issue Proceeds*" on page 150. Further, most of our borrowings are, and are expected to continue to be, at variable rates of interest and expose us to interest rate risk. If the benchmark interest rates increase, our debt service obligations on the variable rate indebtedness would increase, even though the amount borrowed remains the same, and consequently our net income would decrease. For details of restrictive covenants under financing agreements with lenders and the status of lender consents, please see the section entitled "*Financial Indebtedness*" on page 463.

***32. The trademarks, branding and logos used by us are licensed to us by TVS Supply Chain Solutions ("TVS SCS"). NOC to use the trademark may be revoked due to unforeseen circumstances and our ability to use the intellectual property and logos may be impaired.***

TVS SCS ("**Licensor**") has granted to the Investment Manager and the Trust (collectively, "**Licensees**") a royalty-free non-exclusive, non-transferable, non-sub-licensable license (except in relation to the right to sub-license in favour of its affiliates, the Project SPVs), to use the trademark "TVS" their associated logos and branding ("**Trademarks**") with respect to or in connection with the business of the Trust, pursuant to a NOC dated July 17, 2023 ("**Trademark NOC**").

Loss of the rights to use the relevant intellectual property and the logos may affect our reputation, goodwill, business, cash flows and results of operations. Further, the Trademarks are used by the Investment Manager, the Sponsor and us, accordingly the value of the Trademarks and consequently our goodwill, reputation and cash flows, results of operations could be affected by the business and operations of such entities.

***33. The ROFO Agreement to be entered into with the Sponsor is subject to various terms and conditions, and there can be no assurance that we will acquire these assets as described under the ROFO Agreement.***

The Sponsor will enter into the ROFO Agreement with the Investment Manager and the Trustee in order to enable us to have a right to acquire existing and future assets that are proposed to be disposed by the Sponsor or its present or future subsidiaries in which the Sponsor and/ or its subsidiaries have a controlling interest ([●]%) including Potential ROFO Assets after the listing of the Units. For further details, please see the section entitled "*Formation Transactions in relation to the Trust*" on page 26. While the Sponsor may undertake projects which are aligned with our business operations, pursuant to the ROFO Agreement, only such projects which will fulfil the criteria set out under the ROFO Agreement shall be eligible for being offered to us. The eligibility criteria include assets where the Sponsor or its subsidiaries or limited liability partnerships hold controlling interest ([●]%). Further, we are only entitled to a ROFO from the Sponsor and its subsidiaries or limited liability partnerships. There may be entities that are affiliated with the Sponsor that undertake similar projects which we will not have a right of first offer to purchase. For details, please see the section entitled "*Risk Factors — Conflicts of interest may arise out of common business objectives shared by the Sponsor, its Associates and us*" on page 157. The potential ROFO Assets described in this Draft Placement Memorandum are indicative only, and there can be no assurance that any of these assets will be considered pursuant to the terms of the ROFO Agreement, and if considered, there can be no assurance that we will acquire any of these assets.

***34. If we are unable to compete effectively, our business, financial condition, results of operations and cash flows may be adversely affected.***

We operate our businesses in an intensely competitive and highly fragmented environment. We face significant competition in our business from a large number of industrial and logistics companies.

The extent of competition we face in a potential project depends on a number of factors, such as the sector, the size and type of project, the complexity, and location of the project, our ability to deliver superior experience for our lessees, and our reputation. In particular, competition from new or existing warehouse properties in the same submarkets as our Portfolio markets may create pricing pressures which could adversely affect our ability to attract lessees and increase revenues at our Portfolio. If we are unable to compete effectively against any warehouse properties within proximity to, or in the same sub-market as any of our Parks, or match any better rental or other terms being offered by our competitors, revenue from our Parks would be reduced and our business, financial condition, results of operations and cash flows will be adversely affected. Increasing competition could result in price and supply volatility, which could cause our

business, financial condition, results of operations and cash flows to be adversely affected.

Demand for our services may not grow as anticipated in certain newer markets. If we are unable to grow our business in such markets effectively, our growth, business prospects, results of operations, cash flows and financial condition may be adversely affected.

Some of our competitors in the industrial and logistics business may have a greater land bank and financial resources. They may also benefit from greater economies of scale and operating efficiencies. Competitors may, whether through consolidation or growth, present more credible integrated projects. We cannot assure you that we will compete effectively with our competitors in the future, and any failure to compete effectively may have an adverse effect on our business, financial condition, results of operations and cash flows.

Further, the Competition Act, 2002, as amended, prohibits any anti competition agreement or arrangement, understanding or action in concert between enterprises, whether formal or informal, which causes or is likely to cause an appreciable adverse effect on competition in India. Consequently, all agreements entered into by us could be within the purview of the Competition Act. Further, the CCI has extra-territorial powers and can investigate any agreements, abusive conduct or combination occurring outside of India if such agreement, conduct or combination has an appreciable adverse effect in India. We are not currently party to any outstanding proceedings, nor have we ever received any notice in relation to non-compliance with the Competition Act. Any enforcement proceedings initiated by the CCI in future, or any adverse publicity that may be generated due to scrutiny or prosecution by the CCI may affect our business, financial condition, results of operations or cash flows.

***35. If we fail to manage our growth effectively, we may be unable to execute our business plan or maintain high levels of service and satisfaction of lessees, and our business, results of operations, financial condition and cash flows could be adversely affected.***

We have experienced significant expansion in the last three fiscal years and anticipate that we will continue to expand in order to address potential growth in our lessee base and take advantage of market opportunities.

If we are unable to maintain at least our current level of operations, our business, results of operations, financial condition, cash flows and prospects would be materially and adversely affected. Many factors may contribute to a decline in our revenue growth rates, including increased competition, slowing demand for our properties from existing and new lessees, our lessees seeking to reduce the rental fees we charge to them, general economic conditions, government actions and policies, failure by us to continue capitalizing on growth opportunities, changes in the regulatory environment and the maturation of our business, among others. We cannot assure you that our current and planned projects, systems, policies, procedures and controls, personnel and third-party relationships will be adequate to support our future operations. Our failure to manage growth effectively could seriously harm our business, results of operations, cash flows and financial condition.

To manage operations and business growth, we will need to continue to grow and improve our operational, financial, and management controls and our reporting systems and procedures. We may require significant capital expenditures and the allocation of valuable management resources to expand our systems and Portfolio without any assurances that our net revenue will increase. We also believe that our corporate culture has been and will continue to be a valuable component of our success. As we expand our business and mature as a listed entity, we may find it difficult to maintain our corporate culture while managing this growth. Failure to manage our anticipated growth and organizational changes in a manner that preserves the key aspects of our culture could reduce our ability to recruit and retain personnel, innovate, operate effectively, and execute our business strategies, potentially adversely affecting our business, results of operations, cash flows and financial condition.

We will need to adapt and upgrade our controls, policies, procedures and overall operations to accommodate our growing operations and supporting personnel. Moreover, the speed with which our internal controls and procedures are implemented or adapted to changing regulatory or commercial requirements may be inadequate to ensure full and immediate compliance, leaving us vulnerable to inconsistencies and failures that may have a material adverse effect on our business, results of operations, cash flows and financial condition.

***36. If we are unsuccessful in implementing our strategies, particularly our growth strategy, our business, financial condition, results of operations and cash flows may be adversely affected.***

The success of our business depends greatly on our ability to effectively implement our strategies, particularly our growth strategy; please refer to the section entitled "*Our Business and Properties—Our Strategies*" on page 422. Even if we have successfully executed our business strategies in the past, we cannot assure you

that we will be able to execute our strategies on time and within the estimated budget, or that we will achieve expected results. We expect our strategies to place significant demands on our management and other resources and require us to continue developing and improving our operational, financial and other internal controls as well as technology systems. We may be unable to sustain such growth in revenues and profits or maintain a similar rate of growth in the future. Further, as we grow and diversify, we may be unable to execute our projects efficiently, which could result in delays, increased costs and diminished quality and may adversely affect our reputation. If we are unable to implement our growth strategy effectively, our business, financial condition, results of operations and cash flows may be adversely affected.

***37. We may not be able to maintain adequate insurance to cover all losses we may incur in our business operations.***

The Investment Manager is required to arrange for adequate insurance coverage for the Portfolio. We maintain insurance on property and equipment in amounts believed to be consistent with industry practices and our insurance policies cover physical loss or damage to our property and equipment arising from a number of specified risks including burglary, fire, landslides, earthquakes and other perils. Despite the insurance coverage that we carry, we may not be fully insured against some business risks and the occurrence of accidents that cause losses in excess of limits specified under our policies, or losses arising from events not covered by our insurance policies, which could materially and adversely affect our financial condition, results of operations and cash flows.

Although we believe we have industry standard insurance for the Portfolio, if a fire or natural disaster substantially damages or destroys some or all of our Portfolio, the proceeds of any insurance claim may be insufficient to cover rebuilding costs or may be subject to certain deductibles, exclusions and limits on coverage.

For some of our insurance policies, we may not have added a third-party as beneficiary/co-insured to our insurance or taken the approval of such third parties for availing such insurance as required by regulations or contractual obligations, which may have an impact on the amount of insurance claim to be paid out.

***38. There are outstanding litigations and regulatory actions involving our Project SPVs/ Holdco and Sponsor that may adversely affect our business.***

The Project SPVs/ Holdco and Sponsor are currently involved in a number of legal proceedings, including title related proceedings. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. If any new developments arise, for example, a change in Indian law or rulings against us by the appellate courts or tribunals, we may face losses and may have to make provisions in our financial statements in accordance with applicable accounting standards under Ind AS 37—Provisions, Contingent Liabilities and Contingent Assets, which could increase our expenses and our liabilities. For details, please see the section entitled "*Legal and Other Information*" on page 510. The promoters, directors, key personnel and employees, as applicable, of our Investment Manager, Sponsor, Project SPVs/ Holdco may from time to time, be involved in various legal proceedings. Adverse decisions in any such matters may have a material adverse effect on the reputation, business, results of operations, financial condition and cash flows of the Trust and the Project SPVs.

***39. Security and IT risks may disrupt our business, result in losses or limit our growth.***

Our business utilises financial, accounting, communications and other data processing systems of our Investment Manager and Sponsor. Such systems may fail to operate properly or become disabled as a result of tampering or a breach of the network security systems or otherwise. In addition, such systems are from time to time subject to cyberattacks, which may continue to increase in frequency in the future. Breaches of our network security systems could involve attacks that are intended to obtain unauthorized access to our proprietary information, destroy data or disable, degrade or sabotage our systems, often through the introduction of computer viruses and other malicious code, cyberattacks and other means and could originate from a wide variety of sources, including unknown third parties. If such systems are compromised, do not operate properly or are disabled, it could result in disruption of our business.

Further, any failure or deviation of our disaster recovery systems or business continuity plans to meet the relevant regulatory standards, rules or laws in India may result in additional costs in order to upgrade such systems and/or the imposition of sanctions, including financial penalties, upon us, which may have a material adverse effect on business, prospects, results of operations, cash flows and financial condition.

**Risks Related to our Relationships with the Sponsor, the Sponsor Group and the Investment Manager**

***40. Parties to the Trust are required to satisfy the eligibility conditions specified under Regulation 4 of the***

***InvIT Regulations on an ongoing basis. We may not be able to ensure such ongoing compliance by the Sponsor, the Sponsor Group, the Investment Manager, the Project Manager and the Trustee, which could result in the cancellation of the registration of the Trust.***

Each of the Parties to the Trust is required to satisfy the eligibility conditions specified in the InvIT Regulations on an ongoing basis. These eligibility conditions include, among other things, that: (a) the Sponsor, Investment Manager and Trustee are separate entities; (b) the Sponsor has a net worth of not less than ₹ 1,000 million and has a sound track record in the development of infrastructure or fund management in the infrastructure sector; (c) the Investment Manager has a net worth of not less than ₹ 100 million and has not less than five years' experience in fund management or advisory services or development in the infrastructure sector or development in the infrastructure sector or the combined experience of the directors, partners and employees of the Investment Manager in fund management or advisory services or development in the infrastructure sector is not less than 30 years; (d) the Trustee is registered with the SEBI under Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993 and is not an Associate of the Sponsor or Investment Manager; (e) each of the Sponsor, Investment Manager, Project Manager and Trustee are "fit and proper persons" as defined under Schedule II of the Securities and Exchange Board of India (Intermediaries) Regulations, 2008 on an ongoing basis; and (f) the Sponsor group includes (i) a person or entity directly or indirectly holding an interest or shareholding in any of the assets or SPVs or holdco(s) proposed to be transferred to the InvIT, (ii) a person or entity directly or indirectly holding units of the Trust on a post issue basis or (iii) a person or entity whose experience is being utilized by the sponsor for meeting with the eligibility conditions. We may not be able to ensure such ongoing compliance by the Sponsor, the Investment Manager, the Project Manager and the Trustee, which could result in the cancellation of the registration of the Trust.

***41. Conflicts of interest may arise out of common business objectives shared by the Sponsor, its Associates and us.***

The Sponsor Group is engaged in a broad spectrum of activities, including investments in the warehouse and logistics industry. In the ordinary course of their activities, the Sponsor Group may engage in activities where the interests of certain divisions of the Sponsor and its affiliates, may conflict with the interests of our Unitholders.

The Sponsor Group has or may have an investment strategy similar to our investment strategy and therefore may compete with us. In particular, the Sponsor Group has a wide range of interests in the logistics and warehouse sector. While the Trust is entitled to a right of first offer in respect of all present and future projects of the Sponsor and subsidiaries meeting certain criteria, the right is subject to the terms of the ROFO Agreement. For details, please see the section entitled *"Formation Transactions in relation to the Trust - Acquisition of the future assets"* on page 32. Consequently, there can be no assurance that all potentially suitable investment opportunities that come to the attention of the Sponsor Group will be made available to us. As a result, conflicts of interest may arise in allocating or addressing business opportunities and strategies amongst the Sponsor Group and us, in circumstances where our interests differ from theirs.

In addition, the Trustee and/or Unitholders may not be aware of any such conflict, and even if made so aware, the Trustee and the Unitholders' ability to recover claims against the Investment Manager are limited. Moreover, the Investment Manager's liability is limited under the Investment Management Agreement and the Trustee has agreed to indemnify the Investment Manager out of our assets against certain liabilities. As a result, we could experience poor performance or losses for which the Investment Manager would not be liable. Please see the section entitled *"Risk Factors — Our rights and the rights of the Unitholders to recover claims against the Investment Manager or the Trustee are limited*" on page 171.

Other present and future activities of the Investment Manager, the Sponsor, or the Sponsor Group may also give rise to additional conflicts of interest relating to us and our investment activities. In the event any such conflict of interest arises, we will attempt to resolve such conflicts in a fair and reasonable manner. Investors should be aware that conflicts will not necessarily be resolved in favor of our interests. For details, please see the section entitled "*Risk Factors—We and our Project SPVs have entered into and may in the future enter into related party transactions, the terms of which may be unfavorable to us or could involve conflicts of interest. The Investment Manager may face conflicts of interests in choosing our service providers, and certain service providers may provide services to the Investment Manager or the Sponsor Group on more favorable terms than those payable by us.*" on page 149.

***42. We depend on the Investment Manager and its personnel for our success and our results of operations, financial condition, cash flows and our ability to make distributions may be harmed if the Investment Manager fails to perform satisfactorily, for which our recourse may be limited. We may not find a suitable replacement for the Investment Manager if the Investment Management Agreement is terminated or if key***

***personnel cease to be employed by the Investment Manager or otherwise become unavailable to us.***

We are externally managed and advised by the Investment Manager, in accordance with the InvIT Regulations and pursuant to the terms of the Investment Management Agreement. The Investment Manager is required to make investment decisions in respect of our underlying assets including any further investment or divestment of assets. For details, please see the section entitled "*Parties to the Trust - The Investment Manager*" on page 192.

There is no assurance that the Investment Manager will be able to implement its investment decisions successfully or that it will be able to expand our Portfolio at any specified rate or to any specified size or to maintain distributions at projected levels. The Investment Manager may not be able to make acquisitions or investments on favorable terms or within a desired time frame, and it may not be able to manage the operations of its underlying assets in a profitable manner. Factors that may affect this risk may include, but are not limited to, changes in the regulatory framework in India, competition for assets, changes in the Indian regulatory or legal environment or macroeconomic conditions. Even if the Investment Manager is able to successfully grow the operating business of the underlying assets and to acquire further assets as desired, there can be no assurance that the Investment Manager will achieve its intended return on such acquisitions or capital investments. We rely on a small number of key personnel to carry out our business and investment strategies, and the loss of the services of any of our key personnel, or our inability to recruit and retain qualified personnel in the future, could have an adverse effect on our business and financial results. Once these assets are transferred to the Trust, there is no assurance that we will be able to satisfactorily service lessees in the absence of such personnel. In addition, the implementation of our business plan may require that we employ additional qualified personnel. Competition for highly skilled managerial, investment, financial and operational personnel is intense. We cannot assure our Unitholders that we will be successful in attracting and retaining such skilled personnel. If we are unable to hire and retain qualified personnel as required, our growth and operating results could be adversely affected.

The Investment Manager may delegate certain of its functions to third parties. Should the Investment Manager, or any third party to whom the Investment Manager has delegated its functions, fail to perform its services, the value of our assets might be adversely affected and this may result in a loss of lessees, which will adversely affect distributions to Unitholders. Further, as the Investment Manager will be based in Mumbai, the diverse geographical locations of our employees, including our senior management, may reduce our operational efficiency.

In addition, we can offer no assurance that the Investment Manager will remain our manager or that we will continue to have access to the Investment Manager's officers and key personnel. If the Investment Management Agreement is terminated or if the Investment Manager defaults in the performance of its obligations thereunder, we may be unable to contract with a substitute service provider on similar terms or at all, and the costs of substituting service providers may be substantial. For further details, please see the section entitled "*Parties to the Trust — Key Terms of the Investment Management Agreement*" on page 194.

In addition, the Investment Manager is familiar with our assets and, as a result, the Investment Manager has certain synergies with us. Substitute service providers may lack such synergies and may not be able to provide the same level of service. If we cannot locate a service provider that is able to provide us with substantially similar services as the Investment Manager provides under the Investment Management Agreement on similar terms, it would likely have a material adverse effect on our business, financial condition, results of operations, cash flows and our ability to make cash distributions to Unitholders.

**Risks Related to India**

***43. Political, macroeconomic, demographic and other changes and natural disasters, fires, epidemics, pandemics, acts of war, civil unrest and other events could adversely affect economic conditions in India.***

The Investment Manager is incorporated in India and the Trust is registered in India, and our Portfolio is located in India. Consequently, our performance and the market price of the Units may be affected by interest rates, government policies, taxation, and other social, political and economic developments affecting India.

Factors that may adversely affect the Indian economy, and hence our results of operations and cash flows, may include:

- the macroeconomic climate, including any increase in bank interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;

- any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporations;
- epidemic, pandemic or any other public health in India or in countries in the region or globally, including in India's various neighboring countries, such as the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine and more recently, the COVID-19 pandemic;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries;
- occurrence of force majeure events such as, but not limited to natural or man-made disasters (such as typhoons, flooding, earthquakes and fires) which may cause us to suspend our operations;
- prevailing regional or global economic conditions, including in India's principal export markets;
- balance of trade movements, including export demand and movements in key imports, including oil and oil products;
- other significant regulatory or economic developments in or affecting India or its real estate or consumption sector;
- international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;
- protectionist and other adverse public policies, including local content requirements, import/export tariffs, increased regulations or capital investment requirements;
- logistical and communications challenges;
- downgrading of India's sovereign debt rating by rating agencies;
- difficulty in developing any necessary partnerships with local businesses on commercially acceptable terms or on a timely basis; and
- being subject to the jurisdiction of foreign courts, including uncertainty of judicial processes and difficulty enforcing contractual agreements or judgments in foreign legal systems or incurring additional costs to do so.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, results of operations, cash flows and financial condition and the price of the Units.

***44. Our performance is linked to the stability of policies and the political situation in India***.

The Government of India and State Governments have traditionally exercised, and continue to exercise, significant influence over many aspects of the economy. As a result, our business, and the market price and liquidity of the Units, may be affected by interest rates, changes in governmental policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India.

Since 1991, successive governments have pursued policies of economic liberalization and financial sector reforms. The current Government continues India's current economic and financial sector liberalization and deregulation policies. However, such policies might not continue and a significant change in the Government's policies in the future could affect business and economic conditions in India and could also materially and adversely affect our business, financial condition and results of operations. Any political instability in India may materially and adversely affect the Indian securities markets in general, which could also materially and adversely affect the trading price of the Units.

Any political instability could delay the reform of the Indian economy and could have a material, adverse effect on the market for the Units. Protests against privatization could slow down the pace of liberalization and deregulation. The rate of economic liberalization could change, and specific laws and policies affecting companies in the warehouse infrastructure sector, foreign investment, currency exchange rates and other matters affecting investment in our Units could change as well. A significant change in India's economic liberalization and deregulation policies could disrupt business and economic conditions in India and thereby affect our business.

***45. Financial instability in other countries may cause increased volatility in Indian financial markets***

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, including conditions in the United States, Europe, China and certain emerging economies in Asia. Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby negatively affect the Indian economy. Financial disruptions could materially and adversely affect our business, prospects, financial condition, results of operations and cash flows.

Further, economic developments globally can have a significant impact on India. Concerns related to a trade war between large economies may lead to increased risk aversion and volatility in global capital markets and consequently have an impact on the Indian economy. In addition, China is one of India's major trading partners and there are rising concerns of a strained relationship with India, which could have an adverse impact on the trade relations between the two countries. Risks resulting from a relapse in the Eurozone crisis or any future debt crisis in Europe or any similar crisis could have a detrimental impact on consumer confidence levels and global economic recovery. The sovereign rating downgrades for Brazil and Russia (and the imposition of sanctions on Russia) have also added to the growth risks for these markets. These factors may also result in a slowdown in India's export growth.

On February 24, 2022, Russian military forces launched a military action in Ukraine, and sustained conflict and disruption in the region is likely. Although the length, impact and outcome of the ongoing military conflict in Ukraine is highly unpredictable, this conflict could lead to significant market and other disruptions, including significant volatility in commodity prices and supply of energy resources, instability in financial markets, supply chain interruptions, political and social instability, changes in consumer or purchaser preferences as well as increase in cyberattacks and espionage. Conditions outside India, such as the Israel-Gaza conflict, resulting in a slowdown or recession in the economic growth of other major countries and regions, especially in U.S., Europe and China, have an impact on the growth of the Indian economy, and GoI policy may change in response to such conditions.

Legislators and financial regulators in the United States and other jurisdictions, including India, implement a number of policy measures designed to add stability to the financial markets from time to time. However, the overall long-term effect of such legislative and regulatory efforts on the global financial markets is uncertain, and they may not have the intended stabilizing effects. Any significant financial disruption could have a material adverse effect on our business, financial condition and results of operation.

These developments, or the perception that any related developments could occur, have had and may continue to have a material adverse effect on global economic conditions and financial markets, and may significantly reduce global market liquidity, restrict the ability of key market participants to operate in certain financial markets or restrict our access to capital. This could have a material adverse effect on our business, financial condition, results of operations, cash flows and reduce the price of the Units.

***46. A downgrade in ratings of India may affect the trading price of the Units.***

Our borrowing costs and our access to the debt capital markets depend significantly on the credit ratings of India. India's sovereign rating improved from Baa3 with a "negative" outlook to Baa3 with a "stable" outlook by Moody's in October 2021 and improved from BBB-with a "negative" outlook to BBB-with a "stable" outlook by Fitch in June 2022 and decreased from Baa2 with a "negative" outlook to Baa3 with a "negative" outlook by Moody's and from BBB with a "stable" outlook to BBB with a "negative" outlook (Fitch) in June 2020; and from BBB "stable" to BBB "negative" by Dominion Bond Rating Service ("DBRS") in May 2020. India's sovereign ratings from S&P is BBB- with a "positive" outlook as on May 2024. Any further adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such financing is available, including raising any overseas additional financing. A downgrading of India's credit ratings may occur, for example, upon a change of government tax or fiscal policy, which are outside our control. This could have an adverse effect on our ability to fund our growth on favorable terms

or at all, and consequently adversely affect our business, cash flows and financial performance and the price of the Units.

***47. Significant differences exist between Ind AS and other accounting principles, such as IFRS, Indian GAAP and U.S. GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.***

The Special Purpose Combined Financial Statements included in this Draft Placement Memorandum are prepared and presented in conformity with Ind AS, consistently applied during the periods stated in those reports, except as otherwise provided therein, and no attempt has been made to reconcile any of the information given in this Draft Placement Memorandum to any other principles or to base the information on any other standards. Ind AS differs from accounting principles with which prospective investors may be familiar in other countries, such as IFRS, Indian GAAP and U.S. GAAP. Accordingly, the degree to which the Special Purpose Combined Financial Statements included in this Draft Placement Memorandum will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting practices. Persons not familiar with Indian accounting practices should limit their reliance on the financial disclosures presented in this Draft Placement Memorandum.

Ind AS has certain differences with IFRS and Indian GAAP. In addition, as the mandated transition to Ind AS is very recent, there is no significant body of established practice from which we can draw on in forming judgments regarding the implementation and application of Ind AS, as compared to established IFRS or Indian GAAP generally, or in respect of specific industries.

***48. It may not be possible for Unitholders to enforce foreign judgments.***

The Trust is settled and registered in India. The Sponsor, the Trustee and the Investment Manager are incorporated in India. All of our assets are located in India. Where investors wish to enforce foreign judgments in India, where our assets are or will be located, they may face difficulties in enforcing such judgments. India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India exercises reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions, including Singapore.

In order to be enforceable, a judgment obtained in a jurisdiction which India recognizes as a reciprocating territory must meet certain requirements of the Code of Civil Procedure, 1908 ("**Civil Code**"). Furthermore, the Civil Code only permits enforcement of monetary decrees not being in the nature of any amounts payable in respect of taxes, or other charges of a like nature or in respect of a fine or other penalty and does not provide for the enforcement of arbitration awards even if such awards are enforceable as a decree or judgment. Judgments or decrees from jurisdictions not recognized as a reciprocating territory by India cannot be enforced or executed in India except through a fresh suit upon judgment. Even if we or a Unitholder were to obtain a judgment in such a jurisdiction, we or it would be required to institute a fresh suit upon the judgment and would not be able to enforce such judgment by proceedings in execution. In addition, the party which has obtained such judgment must institute the new proceedings within three years of obtaining the judgment. It is unlikely that an Indian court would award damages on the same basis or to the same extent as was awarded in a judgment rendered by a foreign court if the Indian court believed that the amount of damages awarded was excessive or inconsistent with public policy in India. In addition, any person seeking to enforce a foreign judgment in India is required to obtain prior approval of the RBI to repatriate outside India any amount recovered pursuant to the execution of the judgment.

Consequently, it may not be possible to enforce in an Indian court any judgment obtained in a foreign court, or effect service of process outside of India, against Indian companies, their directors and executive officers, and any other parties resident in India. Additionally, there is no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner.

***49. We are subject to taxes and other levies imposed by the central and state governments in India, as well as other financial policies and regulations. Tax laws are subject to changes and differing interpretations, which may materially and adversely affect our operations and growth prospects.***

We are subject to a number of taxes and other levies imposed by the central and state governments in India, particularly GST, on lease of properties, as well as certain other taxes, duties or surcharges introduced on a permanent or temporary basis. The central and state tax scheme in India is extensive and subject to change from time to time. Any adverse changes in any of the taxes levied by the central or state governments in India may adversely affect our business, financial condition, results of operations and cash flows.

The current tax laws and regulations in India provide certain exemptions to interest/dividend income earned by business trusts from a special purpose vehicle. These exemptions could be modified or removed at any

time or clarified in a manner adverse to Unitholders, which could adversely affect our profitability and the amount available for distribution to Unitholders.

Tax laws and regulations are subject to differing interpretations by tax authorities. Differing interpretations of tax and other fiscal laws and regulations may exist within governmental ministries, including tax administrations and appellate authorities, thus creating uncertainty and potential unexpected results. The degree of uncertainty in tax laws and regulations, combined with significant penalties for default and a risk of aggressive action, including by retrospective legislation, by the governmental or tax authorities, may result in tax risks in the jurisdictions in which we operate being significantly higher than expected. For instance, while the Investment Manager intends to take measures to ensure that it is in compliance with all relevant tax laws, there is no assurance that the tax authorities will not take a position that differs from the position taken by us with regard to our tax treatment of various items. Any of the above events may result in a material, adverse effect on our business, financial condition, results of operations, cash flows and/or prospects and our ability to make distributions to the Unitholders. Tax authorities in India may also introduce additional or new regulations applicable to our business which could adversely affect our business and profitability.

The Investment Manager intends to take measures to ensure that it is in compliance with all relevant tax laws. However, the tax authorities might take a position that differs from the position taken by us with regard to our tax treatment of various items.

***50. Investors may be subject to Indian taxes arising out of capital gains on the sale of Units and on any dividend or interest component of any returns from the Units.***

Under current Indian tax laws, units of a business trust listed on recognized stock exchange in India and held for more than 12 months are considered as long term capital assets. In case of sale of such units through a recognised stock exchange in India and subject to payment of securities transaction tax ("**STT**"), any gain arising in excess of ₹ 125,000 is subject to long term capital gains tax at a concessional rate of 12.5% (plus applicable surcharge and cess). However, if the said units are sold in any other manner, the same shall be subject to long term capital gains tax at the rate of 12.5% (plus applicable surcharge and cess).

In case the units are held for less than or up to 12 months, the same shall be regarded as short term capital asset. Any gain arising in case of sale of such units through a recognised stock exchange in India and subject to payment of STT, is subject to short term capital gains tax at concessional rate of 20% (plus applicable surcharge and cess). However, if the said units are sold in any other manner, the same shall be subject to short term capital gains tax at applicable tax rates of the holder (plus applicable surcharge and cess).

The aforesaid taxability in India is subject to tax treaty benefits in the case of a non-resident Unitholder. Further, the applicable taxes on the sale of Units and on any dividend or interest component of any returns from the Unit will also be subject to the category of investor holding or selling the Units.

As per the IT Act, distributions made by a Trust, being in nature of dividend income received from an SPV, will not be subject to tax in the hands of a unitholder, so long as the SPV has not opted to pay corporate tax under the beneficial regime introduced under section 115BAA of the IT Act. Similarly, a Trust will not be required to withhold tax on any distributions which are in the nature of dividend income received from a SPV so long as such SPV has not opted to pay corporate tax under the beneficial regime introduced under section 115BAA of the IT Act. However, where the SPV opts to pay tax under section 115BAA of the IT Act, dividend income distributed by the Trust would be taxed in the hands of a non-resident Unitholder at 20% (plus applicable surcharge and cess) or the applicable treaty rate and at the applicable tax rates for a resident Unitholder. Further, the Trust would be required to withhold tax on such distributions made from dividend received from the SPV. Thus, the taxability of dividends distributed by the Trust will depend on the taxation regime opted by the Project SPVs.

It may also be noted that in terms of section 194LBA(1) of the IT Act, any distributable income in the nature of interest or dividend (where the SPV has opted to pay corporate tax under the beneficial regime introduced under section 115BAA of the IT Act) in the hands of a resident Unitholder is subject to withholding tax at the rate of 10%. Similarly, in terms of section 194LBA(2) of the IT Act, any distributable income in the nature of interest or dividend in the hands of a non-resident Unitholder is subject to withholding tax at the rate of 5% or 10%, respectively, subject to any beneficial rate available under an applicable treaty. The final tax rate for the resident/ non-resident Unitholder may also depend on other considerations.

Further, the Finance Act, has included a definition of "pooled investment vehicle" which comprises business trusts as defined under the IT Act. The IT Act defines business trusts as trusts registered with SEBI as an InvIT. This amendment has come into effect from April 1, 2021. The Finance Act recognises units, debentures

and other instruments issued by infrastructure investment trusts as "securities" under the Securities Contracts (Regulation) Act, 1956. This may have further implications under various regulations issued by SEBI, governing securities, including under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015. As announced in previous budgets, the dividend distribution tax applicable on InvITs was abolished and replaced with dividend withholding tax. The Finance Act has also exempted payment of tax deducted at source on dividend paid to InvITs, with effect from April 1, 2020.

Additionally, the Finance Act, 2023 has introduced section 56(2)(xii) to the IT Act which provides that any sum received by a unitholder from a Trust which is not in the nature of income as referred to in section 10(23FC) or 10(23FCA) of the IT Act and is not chargeable to tax under section 115UA(2) of the IT Act, will be subject to tax in the hands of the unitholder as ''income'' under section 56(2)(xii) of the IT Act at the applicable rates, provided the amount received (including similar distributions in earlier years to the same unitholder or any other unitholder) is in excess of the amount at which units were issued by the InvIT, as reduced by the amount which would have been charged to tax earlier under this provision. The aforementioned amounts received by a unitholder being a specified person covered under section 10(23FE) of the IT Act shall not be subject to taxes upon the fulfilment of certain conditions set out in the IT Act. Further, any such distribution received by a unitholder to the extent not chargeable to tax under section 56(2)(xii) and 115UA(2) and not covered under sections 10(23FC) or 10(23FCA) is shall be reduced from the cost of units. For details, please see section entitled "*Statement of Possible Tax Benefits*" on page 541.

Further, the Government of India has announced the union budget 2025 and has introduced the Finance Bill, 2025. While the union budget has been announced, we continue to analyse the impact of proposals of the union budget on our business and cash flows. There is no certainty on the impact of the union budget 2025 on tax laws or other regulations, which may adversely affect our business, financial condition, or results of operations.

The above statements are based on the current tax laws and subject to change as a result of the introduction of new laws or amendments to existing laws.

***51. Changes in legislation or the rules relating to tax regimes could materially and adversely affect our business, prospects and results of operations.***

Tax and other levies imposed by the Government and state governments may include: (i) income tax (including withholding tax and tax collection at source); (ii) wealth tax (which was withdrawn with effect from January 1, 2016); (iii) excise duty; (iv) value added tax/central sales tax/ goods and service tax; (v) service tax; (vi) stamp duty; and (vii) other special taxes and surcharges that are introduced on a temporary or permanent basis from time to time. In some cases, these taxes and other levies may be changed from year to year and the Indian courts which interpret tax legislation may apply such interpretations with retroactive effect. Also, the Government in certain situations has the authority to change tax laws retrospectively.

Further, the Government of India has announced the union budget for the financial year 2024-2025 and has enacted the Finance Act, 2024, with effect from April 1, 2024.

The Finance Act 2023, provides for tax on the unitholders for such portion of distribution received by them that is not covered under section 10(23FC) or 10(23FCA) of the IT Act and that which is not chargeable to tax under section 115UA(2) of the IT Act. Any distribution not covered under the aforementioned clauses will be taxed in the hands of the unitholders as 'income' under section 56(2)(xii) of the IT Act, provided the amount received (including similar distributions in earlier years to the same unitholder or any other unitholder) is in excess of the amount at which units were issued by the InvIT, as reduced by the amount which would have been charged to tax earlier under this provision. The aforementioned amounts received by a unitholder being a specified person covered under section 10(23FE) of the IT Act shall not be subject to taxes upon the fulfilment of certain conditions set out in the IT Act. Further, any such distribution received by a unitholder to the extent not chargeable to tax under section 56(2)(xii) and 115UA(2) and not covered under sections 10(23FC), ) or 10(23FCA) or 115UA(2) shall be reduced from the cost of units. We cannot assure you that there will be no adverse impact on the tax incidence to the unitholders pursuant to the Finance Act 2023. For details, please see section entitled "Statement of Possible Tax Benefits" on page 541.

Further, by way of the Finance Act, 2021 the GoI, amongst others, amended the Securities Contracts (Regulation) Act, 1956 ("**SCRA**") to recognise pooled investment vehicles and recognise the units, debentures, other marketable securities and other instruments issued by InvITs as "*securities*". The Finance Act, 2021 exempted the payment of tax deducted at source on dividends paid to InvITs. For further details, please see the section entitled "*Risk Factors – Investors may be subject to Indian taxes arising out of capital gains on the sale of Units and* on *any dividend or interest component of any returns from the Units*" on page

162.

There have been two key major reforms in Indian tax laws, namely the introduction of the Goods and Services Tax ("**GST**") and provisions relating to general anti-avoidance rules ("**GAAR**"). The GST regime came into effect on July 1, 2017, combining taxes and levies by the Government and State Governments into a unified rate structure.

Additionally, there is limited clarity on the availability of input tax credit, and any unfavourable orders in this regard may have a material adverse impact on our financial position and cash flows. Further, any application of existing law or future amendments may affect our overall tax efficiency and may result in significant additional taxes becoming payable.

The GAAR regime came into effect on April 1, 2017. The GAAR regime is a broad set of provisions which grant powers to India tax authorities to invalidate any arrangement for tax purposes in the event, the main purpose of entering into the transaction by the taxpayer is to obtain a tax benefit. Besides the main purpose test, the transaction should meet any one of the following specified additional tests: (i) creates rights, or obligations, which are not ordinarily created between persons dealing at arm's length; (ii) results, directly or indirectly, in the misuse, or abuse, of the provisions of the IT Act; (iii) lacks commercial substance or is deemed to lack commercial substance as prescribed under the IT Act in whole or in part; and (iv) is entered into, or carried out, by means which are, or in a manner which is, not ordinarily employed for bona fide purposes. Such transactions are declared as impermissible avoidance arrangements. The tax consequences of the GAAR provisions being applied to an arrangement could result in denial of tax benefit, amongst other consequences, including on the interest paid by the SPVs on the debt from the Trust. In the absence of any precedents on the subject, the application of these provisions is uncertain. If the GAAR provisions are made applicable to the Trust or any Party to the Trust, it may have an adverse effect on the Trust.

The rules notified with respect to GAAR prescribe that these shall not be applicable to FIIs in accordance with the SEBI (Foreign Portfolio Investors) Regulations, 2014 subject to the fulfilment of certain conditions. GAAR may have a material adverse tax impact on the Trust, the Sponsor and the Unitholders.

Further, vide Finance Act, 2022, the applicability of section 94(7) of the IT Act has been extended to the units of a business trust (with effect from Financial Year 2022-23), which provides that where:

(1) any person buys or acquires any securities or unit within a period of three months prior to the record date in relation to the dividend;
(2) such person sells or transfers such securities within three months after such record date or such units within a period of nine months after such record date; and
(3) the dividend or income on such securities or unit received or receivable by such person is exempt,

then, the loss, if any, arising from the sale and purchase of securities and units to the extent of dividend or income received or receivable on such securities or unit, shall be ignored for computing income chargeable to tax.

Vide Finance Act, 2022, the applicability of section 94(8) of the IT Act (commonly known as bonus stripping) has been extended to the units of business trusts (with effect from Financial Year 2022-23), which provides that where:

(i). any person buys or acquires any securities or units within a period of three months prior to the record date;

(ii). such person is allotted additional securities or units without any payment on the basis of holding of such securities or units on such record date;

(iii). such person sells or transfers all or any of the securities or units within a period of nine months after the record date, while continuing to hold all or any of the additional securities or units referred in clause (ii) above,

then, the loss, if any, arising from the sale and purchase of all or any of the securities or units shall be ignored for computing income chargeable to tax and notwithstanding anything contained in any other provision of the IT Act, the amount of loss so ignored shall be deemed to be the cost of purchase or acquisition of such additional units referred to in clause (ii) above as are held on the date of such sale or transfer.

The Investment Manager has not determined the impact of such existing or proposed legislations on our

business. We may incur increased costs relating to compliance with any new requirements, which may also require management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve, and may impact the viability of our current business or restrict our ability to grow our business in the future.

***52. The Ministry of Finance, GoI, has constituted a task force to draft new direct tax legislation, the provisions of which may have an unfavourable implication for us.***

The Ministry of Finance, GoI, has set up a panel to review the IT Act and to draft a new direct tax legislation ("Panel"). The Panel has been tasked with drafting appropriate direct tax legislation aimed at (i) aligning India's domestic direct tax regime in line with international best practices; and (ii) ensuring and encouraging compliance. The implications of the report by the Panel, including findings and recommendations in their report and the provisions of the proposed direct tax legislation may have an unfavourable impact on us. Since the Panel and its report, including their recommendations and the draft of the new direct tax legislation has not been released yet, the possible impact on us cannot be determined at this point in time.

***53. The Trust and the Initial Portfolio Assets may be subject to certain tax related risks under the provisions of the IT Act.***

Shortfall in the determination of fair market value of the equity shares at the time of transfer of the Initial Portfolio Assets to the Trust may be subject to taxation in the hands of the acquirer. The equity shares of the Initial Portfolio Assets are proposed to be transferred to the Trust. Under the provisions of section 56(2)(x) of the IT Act, where a purchase of shares is undertaken at a value which is lower than the fair market value of the shares, such shortfall in value is subject to be taxed as income from other sources in the hands of the acquirer. The manner of determination of fair market value as provided under the Income Tax Rules, 1962, includes the value determined by net asset method, subject to the prescribed adjustments.

The Trust is under an obligation to distribute to the Unitholders, the surplus of the income earned from receipt of cash flows from the interest and dividend received from the Initial Portfolio Assets, after the deduction of the various expenses incurred in connection with earning such income and general-purpose expenses. The provisions of the IT Act provide that the Trust should disclose the nature of the amount distributed to the Unitholders, i.e., whether from dividends received from the Initial Portfolio Assets, interest income earned, etc. However, there is lack of clarity on the method to be adopted by the Trust for the allocation of various expenses incurred towards earning each specific stream of income by the Trust.

***54. The income of the Trust in relation to which pass through status is not granted under the IT Act may be chargeable to Indian taxes.***

Under the provisions of the IT Act, the total income of the Trust other than capital gains, interest and dividend income from the Initial Portfolio Assets would be taxable at the maximum marginal rate ("MMR"). MMR is defined under the provisions of the IT Act to mean the rate of income-tax (including surcharge on income-tax, if any) applicable in relation to the highest slab of income. In accordance with Section 115UA of the IT Act, the MMR applicable to the Trust, a separately assessable resident entity, is 30.0% (plus applicable surcharge and cess). However, the tax authorities may view the Trust as a "pass through" entity and the applicable tax rate will be the MMR applicable to its beneficiaries. If any beneficiary is chargeable to MMR at a rate higher than the rate applicable to other beneficiaries, the income of the Trust attributable to the share of such beneficiary will be taxed at a higher applicable rate. For example, if any Unitholder is a non-resident, the MMR of 35.0% (plus applicable surcharge and cess) would apply. As there are divergent views, there is a possibility that the matter may be litigated if the tax authorities subscribe to the latter view.

***55. Land is subject to compulsory acquisition or eminent domain by the Government and compensation in lieu of such acquisition may be inadequate.***

The right to own property in India is subject to restrictions that may be imposed by the Government. In

particular, the Government under the provisions of the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 ("**Land Acquisition Act**") has the right to compulsorily acquire any land if such acquisition is for a "public purpose," after providing compensation to the owner. However, the compensation paid pursuant to such acquisition may not be adequate to compensate the owner for the loss of such property. The likelihood of such acquisitions may increase as central and state governments seek to acquire land for the development of infrastructure projects such as roads, railways, airports and townships. Additionally, we may face difficulties in interpreting and complying with the provisions of the Land Acquisition Act due to limited jurisprudence on them or if our interpretation differs from or contradicts any judicial pronouncements or clarifications issued by the Government. In the future, we may face regulatory actions or we may be required to undertake remedial steps. Any such action in respect of any of the projects in which we are investing or may invest in the future may adversely affect our business, financial condition, results of operations or cash flows.

***56. Failure to comply with, safety, health and environmental laws and regulations in India applicable to our business or adverse changes in such applicable laws and regulations, may materially and adversely affect our business.***

The business is subject to environmental, health and safety regulations and standards and various labour, workplace and related laws and regulations in India, including procurement of consent to establish and operate the diesel generator sets installed at warehousing facilities, from relevant State Pollution Control Boards and Pollution Control Committees. Any adverse changes in, or amendments to, these standards or laws and regulations could further regulate our business and could require us to incur additional, unanticipated expenses in order to comply with these changed standards which would adversely impact our operations. If we or our appointed operators fail to meet safety, health, social and environmental requirements, we may also be subject to litigation proceedings by governmental authorities, as well as litigation proceedings by environmental groups and other individuals, which could result in substantial fines and penalties against us. Penalties imposed by regulatory authorities on us or third parties upon whom we depend may also disrupt our business and operations. We might become involved in future litigation or other proceedings or be held responsible in any such future litigation or proceedings relating to safety, health and environmental matters in the future. Clean-up and remediation costs, as well as damages, payment of fines or other penalties, other liabilities and related litigation, could materially and adversely affect business, prospects, results of operations, cash flows and financial condition.

***57. A decrease in demand for warehousing infrastructure in India could materially and adversely affect our ability to attract potential customers in the market.***

As our business consists of setting up, acquiring, owning and operating Parks and supporting infrastructure and providing access to these Parks primarily to our customers, factors adversely affecting the demand for warehouses in India in general would adversely affect our ability to attract potential customers in the market. Such factors could include:

- a decrease in consumer demand for retail services, consumer products, etc. due to adverse general economic conditions or other factors;
- a deterioration in the financial condition of our customers;
- the ability and willingness of retail service providers to maintain or increase capital expenditure;
- a decrease in the overall growth rate of warehousing industry or of a particular segment of the warehousing sector; and
- adverse developments with regard to increase in stamp duty rates on lease agreements, zoning, environmental, health and other government regulations.

Our strategic plans would be based on the assumption that the demand for warehousing services in India will grow at a rapid pace. If the market does not grow or grows at a slower rate than we expect, or the behaviour of market players does not meet our current expectations, the demand for our warehousing services will be adversely affected, which would affect our ability to attract potential customers in order to increase our revenue from operations and cash flows.

***58. Merger or consolidation among warehousing service providers could have a material and adverse effect on our revenue and cash flow.***

Consolidation of organized and large warehousing and logistics service providers may result in greater efficiencies, lower costs, improved quality and service parameters as well as better access to funding sources. This may result in our competitors offering lower costs when compared to our offerings to prospective customers. This would adversely and materially impact our ability to target new customers to grow our revenue and cash flow streams and increase the distributions to our Unitholders.

**Risks Related to the Ownership of the Units**

***59. The Units proposed to be sold in the Offer for Sale have not yet come into existence as of the date of this Draft Placement Memorandum.***

The Selling Unitholder does not currently own the Units that are proposed to be offered by it in the Offer as part of the Offer for Sale, nor have any Units been issued by us. These Units will be issued to the Selling Unitholder after the filing of the Placement Memorandum and prior to the Allotment of the Units in the Offer in exchange for equity shares, and other securities, as applicable, held by the Selling Unitholder in the relevant Project SPVs and Holdco. A portion of the Units issued to the Selling Unitholder, aggregating up to ₹ 2,500.00 million, are then proposed to be sold by the Selling Unitholder in the Offer. The Valuation Report which is included in this Draft Placement Memorandum, has specified the value of the assets in the Portfolio as of September 30, 2024. The acquisition cost of the Portfolio will be determined after taking into consideration various factors, including the valuation of such assets in the Valuation Report and commercial terms agreed to under the Formation Transactions Agreements, as updated in the Placement Memorandum. However, the price at which the Units of the Selling Unitholder will be sold in the Offer for Sale will depend on the Offer Price determined by the Investment Manager in consultation with the Lead Managers and may be different from the valuation of the Units received by the Selling Unitholder pursuant to the Formation Transactions.

***60. Under Indian law, foreign investors are subject to restrictions that limit their ability to transfer or redeem Units, which may adversely impact the trading price of the Units.***

Under foreign exchange regulations currently in force in India, transfers of units between non-residents and residents are permitted, subject to certain exceptions, if they comply with the pricing and reporting requirements specified by RBI. If a transfer of units is not compliant with such pricing or reporting requirements and does not fall under any of the exceptions specified by RBI, then RBI's prior approval is required. Additionally, unitholders who may seek to convert Indian rupee proceeds from a sale of units in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. We cannot assure you that any required approval from RBI or any other Governmental agency can be obtained on any particular terms or in a timely manner, or at all. Our Unitholders will not have the right to redeem or request the redemption of our Units while our Units are listed on the Stock Exchange. In terms of the InvIT Regulations, an infrastructure investment trust may redeem units only by way of a buyback or at the time of delisting of units and may be subject to additional conditions and restrictions under Indian regulations.

***61. The Trust may be dissolved and the proceeds from the dissolution thereof may be less than the amount invested by the Unitholders.***

The Trust is an irrevocable trust registered under the Indian Registration Act, 1908 and it may only be extinguished: (i) if it is impossible to continue with the Trust or if the Trustee, on the advice of the Investment Manager, deems it impracticable to continue with us; (ii) on the written recommendation of the Investment Manager and upon obtaining the prior written consent of such number of the Unitholders as is required under the InvIT Regulations; (iii) if our Units are delisted from the Stock Exchange; (iv) if the SEBI passes a direction to wind up the Trust or the delisting of the Units; or (v) in the event our activities are rendered illegal. Under the Trust Deed, in the event of dissolution, the net assets of the Trust, remaining after settlement of all liabilities, and the retention of any reserves which the Trustee deems to be necessary to discharge contingent or unforeseen liabilities, shall be paid to the Unitholders. Should the Trust be dissolved, depending on the circumstances and the terms upon which our assets are disposed of, there is no assurance that our Unitholder will recover all or any part of its investment.

If a default is triggered under the financing documents the Trust is a party to, steps will be taken to cure such default and/or to repay the affected lender by appropriate means, including divesting or liquidating the assets of the Trust or raising additional financing, in accordance with such financing documents and applicable laws. If such default is not cured, and the affected lender initiates proceedings against the Trust, the Trust will be terminated immediately in accordance with applicable laws. In the event of a termination of the Trust, the net assets which will be paid to the Unitholders will take into account the debt, liabilities and obligations of the Trust. There is no assurance that Unitholders will recover all or any part of their investments. Any distributions received by Unitholders upon the dissolution of the Trust may be taxable under the Income Tax Act, 1961.

***62. The reporting requirements and other obligations of infrastructure investment trusts post-listing are still evolving. Accordingly, the level of ongoing disclosures made to, and the protection granted to our***

***Unitholders may be more limited than those made to or available to shareholders of a company that has listed its equity shares upon a recognised stock exchange in India. Information and the other rights of the Unitholders under Indian law may differ from such rights available to equity shareholders of an Indian company or under the laws of other jurisdictions.***

The InvIT Regulations, along with the guidelines and circulars issued by the SEBI from time to time, govern the infrastructure investment trusts in India. However, as compared with the statutory and regulatory framework governing companies that have listed their equity shares or debt securities on recognised stock exchanges in India, the regulatory framework applicable to infrastructure investment trusts is relatively nascent and thus, still evolving.

SEBI issued the InvIT Regulations with effect from September 26, 2014 which have been periodically amended and supplemented with additional guidelines, notifications and circulars. Recently, SEBI has issued amendments to the InvIT Regulations dated July 13, 2024 and September 27, 2024, and the Master Circular for Infrastructure Investment Trusts dated May 15, 2024. As the regulatory framework governing InvITs in India comprises of a separate set of regulations, interpretation and enforcement by regulators and courts involves uncertainties. Furthermore, regulations and processes with respect to certain aspects of infrastructure investment trusts, including, but not limited to, follow-on public offers and bonus issues, the liabilities of the Unitholders, and the procedure for dissolution and delisting of infrastructure investment trusts have not yet been issued. For example, infrastructure investment trusts are not "companies" or "bodies corporate" within the meaning of the Companies Act, 2013 and various SEBI regulations.

With effect from April 1, 2021, units and other instruments issued by a Trust have been included in the definition of 'securities' under section 2(h) of the SCRA and consequently, the implementation and interpretation of these amendments is untested and evolving. Accordingly, the applicability of several regulations (including regulations relating to intermediaries, underwriters, merchant bankers, insider trading, takeovers and fraudulent and unfair trade practices) to the Trust is subject to the interpretation and clarifications issued by regulatory bodies such as SEBI.

Furthermore, SEBI has the right to, with or without prior notice, order inspection of the books of accounts, records and other documents pertaining to our operations, either on its own or, upon receipt of complaint. Upon review of the inspection report, SEBI is entitled to, if it so deems appropriate (in the interest of the securities markets or our investors) (a) require us to surrender our certificate of registration; (b) wind-up our operations; (c) sell our assets; (d) cease our operations or restrict our ability to access the capital markets for a specified period; or (e) direct us to not do such things as SEBI may deem appropriate in the interest of our investors. Any such occurrence may have a material adverse effect on our business, result of operations, financial conditions and cash flows.

Further, it is unclear whether certain categories of investors that are currently permitted to invest in equity shares offered by Indian companies, may also invest in the Units in the Offer. In addition, new costs may arise from audit, certification and/or self-assessment standards required to maintain compliance with new and existing InvIT Regulations. Such changes in regulation, interpretation and enforcement may render it economically unviable to continue conducting business as a Trust or have a material, adverse effect on our business, financial condition and results of operations.

As we will be operating in a regulatory framework with uncertainties, it is difficult to forecast how any new laws, regulations or standards or future amendments to the InvIT Regulations, including new interpretations by courts or regulators of existing regulations or from stricter enforcement practices by regulatory authorities of existing regulations will affect infrastructure investment trusts and this could have any consequential impact on the infrastructure sector in India. There can be no assurance that the regulatory system will not change in a way that will impair our ability to comply with the regulations, conduct our business, compete effectively or make distributions. We may incur increased costs and other burdens relating to compliance with such new regulations, which may also require significant time and other resources, and any failure to comply with these changes may adversely affect our business, results of operations and prospects. Failure to comply with changes in laws, regulations and standards may have a material adverse effect on our business, financial condition, results of operations and prospects.

Accordingly, the ongoing disclosures made to our Unitholders under the InvIT Regulations may differ from those made to shareholders of a company that has listed its equity shares on a recognised stock exchange in India in accordance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, the rights of our Unitholders may not be as extensive as the rights of shareholders of a company that has listed its equity shares on a recognised stock exchange in India, and accordingly, the protection available to our Unitholders may be more limited than those available to such shareholders.

***63. Fluctuations in the exchange rate of the Indian Rupee with respect to other currencies will affect the foreign currency equivalent of the value of the Units and any distributions.***

Fluctuations in the exchange rates between the Indian Rupee and other currencies will affect the foreign currency equivalent of the Indian Rupee price of the Units. Such fluctuations will also affect the amount that holders of the Units will receive in foreign currency upon conversion of any cash distributions or other distributions paid in Indian Rupees by us on the Units, and any proceeds paid in Indian Rupees from any sale of the Units in the secondary trading market.

***64. Unitholders are unable to enforce redemption of their Units.***

Unitholders will not have the right to redeem Units or request or require the redemption of Units by the Investment Manager while the Units are listed on the Stock Exchange, although the Trust Deed provides that the Investment Manager may repurchase Units at its sole discretion if it has obtained the prior approval of Unitholders in a general meeting by passing an ordinary resolution but subject to other requirements of the relevant laws, regulations and guidelines imposed by authorities in India.

***65. The Units have never been traded and the listing of the Units on the stock exchange may not result in an active or liquid market for the Units. The Units may also experience price and volume fluctuations.***

There is no public market for the Units prior to the Offer and an active public market for the Units may not develop or be sustained after the Offer. Listing and quotation does not guarantee that a trading market for the Units will develop or, if a market does develop, there will be liquidity in the market for the Units. As the Units will be sold through a private placement in a Minimum Bid Size, there may be a lack of liquidity and a limited market for the Units If an active trading market does not develop, you may have difficulty selling your Units, and the value of your Units may be materially impaired. Accordingly, prospective Unitholders should view the Units as illiquid and must be prepared to hold their Units for an indefinite length of time.

The Offer Price may not be indicative of the market price of the Units upon listing. The price of the Units may fluctuate after the Offer as a result of several factors, including volatility in the Indian and global securities markets, the results of our operations, the performance of our competitors, developments in the Indian InvIT sector, changing perceptions in the market about investments in the Indian InvIT sector, adverse media reports on our assets or the Indian InvIT sector, elopments in India's economic liberalization and deregulation policies, and significant developments in India's fiscal regulations. Although it is currently intended that the Units will be listed on the Stock Exchange(s), there is no guarantee of the continued listing of the Units. There is no assurance that the Trust will continue to satisfy the listing requirements. Further, it may be difficult to assess the Trust's performance against domestic benchmarks.

The trading price of the Units might also decline in reaction to events that affect the entire market and/or other companies in the Indian InvIT industry even if these events do not directly affect or are unrelated to our business, financial condition, cash flows or operating results. If the market price of the Units declines significantly, investors may be unable to resell their Units at or above their purchase price, if at all. There can be no assurance that the market price of the Units will not fluctuate or decline significantly in the future.

***66. The price of the Units may decline after the Offer.***

The Offer Price will be determined by the Investment Manager in consultation with the Lead Managers. The Offer Price may not be indicative of the market price of the Units upon completion of the Offer. The market price of the Units will depend on many factors, including, among others:

- the perceived prospects of our business and investments and the overall relevant sectoral dynamics in Indian market;
- differences between our actual financial and operating results and those expected by investors and analysts;
- changes in research analysts' recommendations or projections;
- changes in general economic or market conditions;
- the market value of our assets;
- the perceived attractiveness of the Units against those of other business trusts, equity or debt securities;
- the balance of buyers and sellers of the Units;
- the size and liquidity of the Indian InvIT market;
- any changes to the regulatory system, including the tax system, both generally and specifically in relation to India business trusts;
- the ability of the Investment Manager to implement successfully its investment and growth

strategies;

- foreign exchange rates;
- broad market fluctuations, including increases in interest rates and weakness of the equity and debt markets.
- publication of research reports about us, other businesses in same sector or other relevant sectors, or the failure of securities analysts to cover the Units after the Offer;
- announcements by us or our competitors of significant contracts, acquisitions, disposals, strategic partnerships, joint ventures or capital commitments; and
- changes or proposed changes in laws or regulations affecting the warehousing industry and infrastructure development in India or enforcement of these laws and regulations, or announcements relating to these matters.

To the extent that we retain cash flow for investment purposes, working capital reserves or other purposes, these retained funds, while increasing the value of our underlying assets, may not correspondingly increase the market price of the Units. Our failure to meet market expectations with regard to future earnings and cash distributions may materially and adversely affect the market price of the Units.

Where new Units are issued at less than the market price of the Units, the value of an investment in the Units may be affected. In addition, Unitholders who do not, or are not able to, participate in the new issuance of Units may experience a dilution of their interest in us.

In addition, the Units are not capital-safe products and there is no guarantee that Unitholders can regain the amount invested, in full or in part. If we are extinguished or dissolved, it is possible that investors may lose a part or all of their investment in the Units. Please also the section entitled "*Information Concerning the Units*" on page 458.

***67. Any future issuance of Units by us may dilute investors' Unitholding. The sale or possible sale of a substantial number of Units by the Sponsor or another significant Unitholder could adversely affect the price of the Units.***

Where new Units are issued at less than the market price of the Units, the value of an investment in the Units may be affected. In addition, Unitholders who do not, or are not able to, participate in the new issuance of Units may experience a dilution of their interest in the Trust.

Further, under the InvIT Regulations, the Sponsor and the Sponsor Group are required to hold a minimum of 15% of our Units for a minimum period of three years from the date of listing pursuant to the Offer and the balance of its unitholding in the Trust is required to be locked in for a period of one year from the date of listing of the Units. Further, after completion of the minimum period of three years from the date of listing pursuant to the Offer, the Sponsor and the Sponsor Group are required to lock-in our Units in accordance with the InvIT Regulations. Further, in accordance with the InvIT Regulations, the Sponsor and the Sponsor Group are required to lock-in our Units as follows:

| | |
|---|---|
| From the beginning of 4$^{th}$ year after the date of listing pursuant to the initial offer and till the end of 5$^{th}$ year from the date of listing pursuant to the initial offer | 5% of total Units or ₹ 500 crores, whichever is lower* |
| From the beginning of 6$^{th}$ year after the date of listing pursuant to the initial offer and till the end of 10$^{th}$ year from the date of listing pursuant to the initial offer | 3% of total Units or ₹ 500 crores, whichever is lower* |
| From the beginning of 11$^{th}$ year after the date of listing pursuant to the initial offer and till the end of 20$^{th}$ year from the date of listing pursuant to the initial offer | 2% of total Units or ₹ 500 crores, whichever is lower* |
| After completion of the 20$^{th}$ year from the date of listing pursuant to the initial offer | 1% of total Units or ₹ 500 crores, whichever is lower* |

** Provided that the maximum value of Units to be held by the Sponsor and Sponsor Group for compliance with the above shall not exceed ₹500 crores or such other value as may be decided by SEBI from time to time wherein such valuation shall be based on the latest available asset value of the Trust.*

If the Sponsor, following the lapse of either of the aforesaid lock-in period, directly or indirectly, sells or is perceived as intending to sell a substantial number of its Units, or if a significant Unitholder other than the Sponsor, directly or indirectly, sells or is perceived as intending to sell a substantial number of its Units, the market price for the Units could be adversely affected.

***68. Our rights and the rights of the Unitholders to recover claims against the Investment Manager or the Trustee are limited.***

Under the Investment Management Agreement, the Investment Manager is not liable for any act or omission which may result in a loss to a Unitholder by reason of any depletion in the value of the trust fund or the Trust's assets, except in the event that such loss is a result of fraud or gross negligence or wilful default on the part of the Investment Manager, or where the Investment Manager fails to exercise due care in relation to its obligations under the Investment Management Agreement. Pursuant to the Trust Deed, the Trustee is not liable on account of anything done or omitted to be done or suffered by the Trustee in good faith in accordance with, or in pursuance of any request or advice of the Investment Manager. Further, the Trustee is not liable for any act or omission or (as the case may be) failing to do any act or thing which may result in a loss to a Unitholder (by reason of any depletion in the value of the InvIT assets or otherwise), except in the event that such loss is a direct result of fraud, gross negligence or wilful default on the part of the Trustee or results from a breach by the Trustee of the Trust Deed. Also, under the Trust Deed, the liability of the Trustee is limited to the extent of the fees received by it in all circumstances except in case of any gross negligence, wilful misconduct or fraud on the part of the Trustee or (b) failure to show the degree of care and diligence required under the Indian Trusts Act, 1882 while carrying out the duties of the Trustee. The Investment Management Agreement provides that the Investment Manager and its respective officers, directors, shareholders, partners, members, employees, advisors and agents are entitled to be indemnified against claims, costs, losses, damages, liabilities, suits, proceedings, taxes and expenses (including legal fees) ("**Losses**") suffered or incurred by them by reasons of their activities on behalf of us, unless resulting from fraud, gross negligence, wilful default or wilful misconduct or breach of any obligations or duties under applicable law. As a result, the rights of the Unitholders and our rights to recover claims against the Investment Manager may be limited. The Investment Management Agreement provides for the indemnification of the Trustee by the Investment Manager for all Losses. The aggregate maximum liability of the Investment Manager to indemnify the Trustee in each financial year is limited to the investment management fees payable to the Investment Manager under the Investment Management Agreement for the immediately preceding one financial year. However, such aggregate maximum liability shall not be applicable in the case of losses or damages suffered or arising out of any gross negligence, wilful default or misconduct or fraud of the Investment Manager. Accordingly, the liability of the Investment Manager and the Trustee are limited under the terms of these agreements and the Unitholders may not be able to recover claims against the Trustee or the Investment Manager, including claims with respect to any offer documents relating to the Offer. Further, pursuant to the Trust Deed, the Trustee is not under any obligation to institute, acknowledge the service of, appear in, prosecute or defend any action, suit, proceeding or claim in respect of the assets of the Trust or any corporate action which in its opinion would or might involve it in expense or liability unless the Investment Manager requests such action in writing and the Trustee is satisfied that the value of the assets of the Trust is sufficient to provide adequate indemnity against such costs, claims, damages, expenses or demands. The value of the Portfolio may not be sufficient to recover claims, including claims with respect to any offer documents in relation to the Offer.

***69. NAV per Unit may be diluted if further issues are priced below the current NAV per Unit.***

We may make fresh issuances of Units in the future, the offering price for which may be above, at or below the then current NAV per Unit. The distribution per Unit may be diluted if new Units are issued and the use of proceeds from such issue of Units generates insufficient cash flow to cover the dilution. Where new Units are issued at less than the NAV per Unit, the then current NAV of each existing Unit may be diluted.

***70. Compliance with the European Union Directive on Alternative Investment Fund Managers and the United Kingdom Regulation on Alternative Investment Fund Managers may increase administrative and regulatory burdens on the Investment Manager and us.***

As used herein, the "AIFMD" refers to Directive 2011/61/EU of the European Parliament and of the Council of June 8, 2011 on Alternative Investment Fund Managers, together with EU Commission delegated Regulation (EU) No. 231/2013 of December 19, 2012, supplementary Directive 2011/61/EU of the European Parliament and of the Council, and the national laws transposing Directive 2011/61/EU in any EEA Member State in which the Units are marketed. The "UK AIFMR" refers to the United Kingdom's (the "**UK**") Alternative Investment Fund Managers Regulations 2013.

Among other things, the AIFMD regulates and imposes regulatory obligations in respect of the active marketing in the EEA by AIFMs (irrespective of whether they have their registered office in an EEA Member State or elsewhere) of AIFs (whether established in an EEA Member State or elsewhere). The Investment Manager is a non-EEA AIFM for the purposes of the AIFMD. Non-EEA AIFMs are currently not able to become authorized under the AIFMD. In order to market to investors resident, domiciled or with a registered office in the EEA, non-EEA AIFMs must market AIFs in accordance with the applicable national private placement regimes of the EEA member states in which they wish to market and comply with a sub-set of

requirements under the AIFMD (which are much more limited in scope than those applicable to AIFMs that are established in the EEA). These requirements are: (i) "point-of-sale" disclosures (as to which, please see Annex D), (ii) ongoing investor disclosures required pursuant to Articles 23(4) and (5) of the AIFMD (as to which, please see below), (iii) provision of information relating to the Trust's investments and its assets under management to the regulators of any EEA Member State into which Units in the Trust are actively marketed, and (iv) the "asset-stripping" rules (in the event that the Trust acquires control of an EEA based portfolio company).

The information in respect of the Trust required to be disclosed pursuant to Articles 23(4) and (5) of the AIFMD will be made available to each Unitholder, as follows: (a) the percentage of the Trust's assets which are subject to special arrangements arising from their illiquid nature will be notified to the Unitholders; (b) any new arrangements for managing the liquidity of the Trust will be provided without undue delay in a disclosure notice delivered to each Unitholder; (c) the current risk profile of the Trust and the risk management systems employed by the Investment Manager to manage those risks may be provided in each annual report of the Trust; (d) any changes to the maximum level of leverage which the Investment Manager may employ on behalf of the Trust, as well as any right of the reuse of collateral or any guarantee granted under the leveraging arrangement, will be provided without undue delay in a disclosure notice delivered to each Unitholder; and (e) the total amount of leverage employed by the Trust may be provided in each annual report of the Trust.

In addition, it is possible that some EEA member states will elect in the future to restrict or prohibit the marketing of non-EEA AIFs to investors based in those jurisdictions. Any such restrictions or prohibitions may make it more difficult for the Trust to raise its targeted amount of commitments.

In light of the foregoing, the AIFMD could have an adverse effect on the Investment Manager or the Trust by, among other things, increasing the regulatory burden and costs of doing business in the EEA members states, imposing extensive disclosure obligations on companies located in EEA member states, if any, in which the Trust invests, and potentially the Trust having the disadvantage as an investor in portfolio companies located in EEA member states as compared to competitors (e.g., those not in the alternative investment space) that may not be in scope of the AIFMD. The European Securities and Markets Authority ("**ESMA**") has recently also consulted on the possible extension of the passport for marketing and managing under AIFMD to non-EEA based managers (the marketing and managing passports under AIFMD are currently only available to certain types of EEA based managers).

ESMA provided advice to the European Commission in July 2015 and July 2016 on whether, amongst other things, the passporting regime should be extended to the management and/or marketing of AIFs by non-EEA AIFMs. The European Commission is currently considering whether the passport should be extended. It is currently not clear what the impact would be for the Investment Manager or the Trust of any decision by the European Commission to extend the passporting regime. If the AIFMD national private placement regimes (where implemented) continue to exist in parallel with an extension of the passporting regime, then the Investment Manager may continue to market under AIFMD national private placement regimes or choose to "opt-in" to rely on the passporting regime (which would likely mean an increase in regulatory and compliance costs to comply with the conditions of the passporting regime). If the AIFMD national private placement regimes are removed, then the Investment Manager would likely need to "opt-in" to the passporting regime for any AIFMD marketing of the Trust (which would likely mean an increase in regulatory and compliance costs for the Trust).

Following the withdrawal of the UK from the European Union and subject to compliance with the UK AIFMR, AIFMs may market AIFs to professional investors who are domiciled or have a registered office within the UK pursuant to the UK national private placement regime. The UK AIFMR currently imposes compliance obligations that are broadly similar to those detailed in the above paragraphs in connection with a non-EEA AIFM marketing an AIF pursuant to the national private placement regimes of certain EEA member states. If within scope of the UK AIFMR, these compliance obligations on an AIFM include, among other things, rules relating to the remuneration of certain personnel, minimum regulatory capital requirements, restrictions on use of leverage, restrictions on early distributions ("**asset stripping**" rules), the appointment of a depositary, disclosure and reporting requirements to both investors and home state regulators, and independent valuation of the assets of an AIF. Where information is provided in response to an own-initiative request by a prospective UK investor, such investor will not benefit from any protections or rights under the UK AIFMR in respect of any resulting subscription for limited partner interests.

***71. Distributions may be adversely impacted due to cash trapped in the Initial Portfolio Assets.***

Under the Companies Act, 2013, a company can declare dividends only after the mandatory transfer of profits to reserves. Further, amortisation and depreciation are non-cash expenditures and are charged to the profit

and loss account. Consequently, a company may have surplus cash but no profit in the profit and loss account and thus will not be able to declare dividends, resulting in cash trapped in the company. In the event that cash is trapped in the Initial Portfolio Assets, the Investment Manager and the Trustee may evaluate various options to extract the cash and make distributions to the Unitholders. There is no assurance that any such options to extract the cash trapped in the Initial Portfolio Assets would not have adverse tax implications or impact our distributions, business and results of operation adversely.

***72. The Trust has a limited number of listed peers undertaking similar lines of business for comparison of performance and therefore investors must rely on their own examination of the Trust for the purposes of investment in the Offer.***

As of the date of this Draft Placement Memorandum, there are a limited number of other infrastructure investment trusts listed on the Indian stock exchanges and, accordingly, we are not in a position to provide a comparative analysis of our performance with many listed InvITs. Investors must rely on their own examination of the Trust for the purposes of investing in the Units.

***73. It may be difficult for the Unitholders to remove the Trustee or the Investment Manager.***

Under the InvIT Regulations, the Trustee or the Investment Manager cannot be removed without the prior approval of Unitholders where the votes cast in favour of the resolution shall not be less than one and a half times the votes cast against such resolution. Accordingly, the Unitholders may face difficulties in removing and replacing the Trustee or the Investment Manager. Further, under the InvIT Regulations, prior approval of SEBI is required for change in the Investment Manager of the Trust.

***74. Unitholders will have no vote in the election or removal of Directors in the Investment Manager and will be able to remove the Investment Manager and Trustee only pursuant to a majority resolution.***

The Investment Manager has the responsibility of managing the Trust.

Unitholders have no vote in the election or removal of Directors in the Investment Manager. Unitholders' recourse is the removal of the Investment Manager by way of a resolution where Unitholders holding at least 60% of the Units must vote in favour of the resolution. In comparison, the Companies Act, 2013 requires the removal of a director of a public company to be by way of an ordinary resolution approved by a simple majority. Similarly, Unitholders may remove the Trustee only if they believe that the acts of the Trustee are detrimental to the interests of the Unitholders and by way of a resolution where the votes cast in favour of the resolution must meet the required percentage as set out in the InvIT Regulations. Further, the Investment Manager and the Trustee cannot be discharged until a suitable replacement is appointed in their place, and there can be no guarantees that a suitable replacement will be appointed, or that appointment will take place in a timely manner, or at all. Accordingly, as opposed to shareholders removing a director of a public company, it may not be possible for Unitholders to remove the Investment Manager or the Trustee.

## GENERAL INFORMATION

It is clarified that the details available on this website do not form a part of this Draft Placement Memorandum.

## PARTIES TO THE TRUST

### The Sponsor and Sponsor Group

### TVS Industrial & Logistics Parks Private Limited

***History and Certain Corporate Matters***

TVS Industrial & Logistics Parks Private Limited is the Sponsor of the Trust. The Sponsor was originally incorporated as Greenarches Infrastructure Private Limited on July 8, 2005 in Mumbai, Maharashtra as a private limited company under the Companies Act, 1956 with CIN U45200MH2005PTC154628. Subsequently, it converted to a public limited company and a fresh certificate of incorporation dated April 27, 2007 was issued for its change in name to Greenarches Infrastructure Limited. Further, a fresh certificate of incorporation dated June 15, 2007 was issued for the change in name from Greenarches Infrastructure Limited to TVS Infrastructure Limited. Upon an intimation being made for conversion of TVS Infrastructure Limited into a private company limited by shares under Section 18 of the Companies Act, 2013, the name of TVS Infrastructure Limited was changed to TVS Infrastructure Private Limited on December 14, 2015. Thereafter, the name was changed to TVS Industrial & Logistics Parks Private Limited and consequently a fresh certificate of incorporation dated September 19, 2018 was issued. Its registered office is located at 9$^{th}$ Floor (Part), Iconic Building, Urmi Estate, 95 Ganpatrao Kadam Marg, Lower Parel (West), Mumbai 400 013, Maharashtra, India.

For details in relation to the contact person and contact details, please see the section "*General Information*" on page 174.

***Background of the Sponsor***

The Sponsor was incorporated on July 8, 2005. As on September 30, 2024, it is managing 20 industrial and logistics parks with operational area aggregating to 8.94 msf, spread across 14 locations and has an area of 2.48 msf under development. The Sponsor is part of the TVS Mobility Group, which is one of the leading automotive conglomerate in India with a wide array of diversified business interests. The Sponsor has a sound-track record of over 19 years in the infrastructure sector. The Sponsor has a track record of development and management of multiple industrial and logistics parks.

Please see below the details in relation to the board of directors of the Sponsor:

| Sr. No. | Name | DIN | Designation |
|---|---|---|---|
| 1. | Ramachandhran Dinesh | 00363300 | Director |
| 2. | Ravikumar Swaminathan | 00581577 | Director |
| 3. | Palamadai Sundararajan Jayakumar | 01173236 | Director |
| 4. | Sargunaraj Ravichandran | 01485845 | Director |
| 5. | Ashish Kaushik | 09289238 | Director |

### Confirmations

(i) In accordance with the eligibility criteria specified under the InvIT Regulations, the Sponsor had a net worth of not less than ₹ 1,000 million as on September 30, 2024. The net worth of the Sponsor as on September 30, 2024 was ₹ 3,895.51 million. Further, the Sponsor, together with its associates, is in compliance with the eligibility requirements prescribed under Regulation 4(2)(d) of the InvIT Regulations.

(ii) Neither the Sponsor nor any of its promoters or directors: (i) are or have been debarred from accessing the securities market by SEBI; (ii) are or have been promoters, directors or persons in control of any other company or a sponsor, investment manager or trustee of any other infrastructure investment trust or an infrastructure investment trust which is debarred from accessing the capital markets under any order or direction made by SEBI; or (iii) are or have been in the list of wilful defaulters published by the RBI. Further, the Sponsor is a fit and proper person based on the criteria as specified under Schedule II of the SEBI Intermediaries Regulations. No disciplinary action has been taken by SEBI or any regulatory authority against the Sponsor or its directors.

***Details of the holding or the proposed holding by Sponsor in the Trust***

For details, please see the section titled "*Information Concerning the Units*" on page 458.

### Sponsor Group

TVS Industrial & Logistics Parks Private Limited, TVS Supply Chain Solutions Limited, Winever Industrial Enterprises Private Limited, Allanzers Fin Net Private Limited and Ace Investment Services (India) Private Limited form part of the Sponsor Group.

Each of the members of the Sponsor Group have been identified with respect to the Sponsor, in terms of Regulation 4(2)(d)(i) and other applicable provisions of the InvIT Regulations.

As of the date of this Draft Placement Memorandum, the Sponsor and the Sponsor Group are in compliance with the eligibility criteria provided under Regulation 4 of the InvIT Regulations, to the extent applicable to each of the Sponsor or Sponsor Group, severally. Further, each member of the Sponsor Group has confirmed that they are fit and proper persons based on the criteria as specified in Schedule II of the Securities and Exchange Board of India (Intermediaries) Regulations, 2008.

***Details of the holding or the proposed holding by Sponsor Group in the Trust***

For details, please see the section titled "*Information Concerning the Units*" on page 458.

**The Trustee – Axis Trustee Services Limited ("Trustee")**

Axis Trustee Services Limited is the Trustee of the Trust. The Trustee is a registered intermediary with SEBI under the Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993, as a debenture trustee having registration number IND000000494 which is valid until suspended or cancelled by SEBI. The Trustee is a wholly owned subsidiary of Axis Bank Limited. For details in relation to the registered office address, correspondence address, contact person and contact details, please see the section entitled "*General Information*" on page 174.

***Background of the Trustee***

The Trustee is a wholly-owned subsidiary of Axis Bank Limited engaged in providing corporate and other trusteeship services. The Trustee's services are aimed at catering to the individual needs of the client and enhancing client satisfaction. As Trustee, it ensures compliance with all statutory requirements and believes in the highest ethical standards and best practices in corporate governance. It aims to provide the best services in the industry with its well trained and professionally qualified staff with a sound legal acumen. The Trustee confirms that it has maintained and undertakes to ensure that it will at all times maintain, adequate infrastructure personnel and resources to perform its functions, duties and responsibilities with respect to the Trust, in accordance with the Trust Deed, the SEBI InvIT Regulations and other applicable law.

In accordance with the eligibility criteria specified under the InvIT Regulations, the Trustee (i) has such wherewithal with respect to infrastructure, personnel etc. to the satisfaction of SEBI and (ii) the Trustee is not an Associate of the Sponsor or the Investment Manager. Further, neither the Trustee nor any of the promoters or directors of the Trustee (i) are debarred from accessing the securities market by SEBI; (ii) is a promoter, director or person in control of any other company or the sponsor, manager or trustee of any other real estate investment trust, or a real estate investment trust which is debarred from accessing the capital market under any order or directions made by SEBI; or (iii) is in the list of wilful defaulters published by the RBI.

Further, the Trustee is a fit and proper person based on the criteria as specified under Schedule II of the SEBI Intermediaries Regulations.

The details of the board of directors of the Trustee are set out below:

| S. No. | Name | DIN | Designation |
|---|---|---|---|
| 1. | Deepa Rath | 09163254 | Managing director and chief executive officer |
| 2. | Prashant Ramrao Joshi | 08503064 | Director |
| 3. | Arun Mehta | 08674360 | Director |
| 4. | Parmod Kumar Nagpal | 10041946 | Director |

***Brief profiles of the Directors of the Trustee***

1. **Deepa Rath**, aged 48, holding DIN 09163254, is the managing director and chief executive officer of Axis Trustee Services Limited.

2. **Prashant Ramrao Joshi**, aged 59, holding DIN 08503064, is a non-executive director of Axis Trustee Services Limited.

3. **Arun Mehta,** aged 62, holding DIN 08674369, is an independent director of Axis Trustee Services Limited.

4. **Parmod Kumar Nagpal,** aged 65, holding DIN 10041946, is an independent director of Axis Trustee Services Limited.

***Key Terms of the Trust Deed***

The Trustee has entered into the Trust Deed, in terms of the InvIT Regulations, the key terms of which, are provided below and more particularly set out in the Trust Deed:

***1. Powers of the Trustee***

(i) ***General powers***: Without prejudice to the scope and generality of the powers and authority conferred upon the Trustee under the Indian Trusts Act, 1882, the Trustee shall, in relation to the Trust, have all relevant powers in accordance with the InvIT Regulations and applicable law.

(ii) The Trustee shall have the power to appoint the Investment Manager as the investment manager of the Trust and shall have the power to delegate all or any of the powers of the Trustee, as set out in the Trust Deed and as permitted under applicable law, to the Investment Manager. The Trustee shall have the power to execute the Investment Management Agreement with the Investment Manager, the Project Implementation and Management Agreement with the Project Manager and any other agreement or arrangement, from time to time, with the Investment Manager or any of its nominees.

(iii) The Trustee, subject to advice of the Investment Manager, shall have the power to determine, in accordance with the Investment Management Agreement and the Investment Objectives, distributions to Unitholders and other rights attached to the Units in compliance with the InvIT Regulations and applicable law.

(iv) The Trustee shall oversee voting of Unitholders, as applicable, in accordance with the InvIT Regulations.

(v) ***Power to accept subscription to Units of the Trust***: The Trustee shall have the power to do the following, in accordance with the InvIT Regulations which power may be delegated to the Investment Manager in terms of the Investment Management Agreement:

a) cause the offering of the Units or such other classes of units or other equity/ hybrid securities as may be permitted under applicable law (including the InvIT Regulations) from time to time, through any Offer Document;

b) cause any Offer Document to be provided to the investors;

c) issue and allot Units or debt securities or any other classes of units or other equity/hybrid securities as may be permitted under applicable law (including the InvIT Regulations) from time to time, in accordance with applicable law;

d) summon and conduct meetings of the Unitholders in accordance with the relevant InvIT Documents and the InvIT Regulations;

e) subject to, and only in accordance with, the terms of the InvIT Documents and the InvIT Regulations, approve transfer of the Units;

f) all such acts, deeds and actions as may be necessary in relation to the exercise of any of the powers specified under paragraphs (a) to (e) above.

(vi) ***Power to make decisions regarding investments and disinvestments***: The Trustee shall invest and hold the InvIT Assets in the name of the Trust for the benefit of the Unitholders in accordance with the provisions of the InvIT Regulations, the InvIT Documents, the Trust Deed and the Investment Objectives. The Trustee shall be empowered to make investment decisions as provided below, with respect to the underlying assets or projects of the Trust including any further investments or

divestment, subject to InvIT Regulations and in accordance with the Offer Document. Provided such power is delegated to, and exclusively exercised by, the Investment Manager pursuant to the Investment Management Agreement, the Investment Manager is also empowered to, inter-alia:

a) acquire, subscribe, hold, manage, trade, transfer and dispose of shares, stocks, convertibles, debentures, bonds or other equity or equity-related securities or other debt or mezzanine securities of all kinds issued by any Holding Company or any SPV, whether in physical or dematerialised form, including power to hypothecate, pledge or create Encumbrances of any kind on such securities held by the Trust in such Holding Companies or Project SPVs, to be used as collateral security for any borrowings by the Trust or any Holding Company or any SPV;

b) avail commercial loans, including the power to hypothecate, pledge or create Encumbrances of any kind on the InvIT Assets as collateral security for any such loans availed by the Trust, in accordance with the InvIT Regulations and applicable law;

c) keep the capital and monies of the Trust, the Holding Companies and the Project SPVs in deposit with banks or mutual funds or other institutions whatsoever, in accordance with the InvIT Regulations and other applicable law;

d) undertake lending to Holdcos, Project SPVs and any other Persons permitted under applicable law;

e) accept contributions;

f) collect and receive the profit, interest, repayment of principal of debt or debt like, or equity or equity like, mezzanine securities, dividend, return of capital of any type by the Holding Companies, or Project SPVs, and income of the Trust as and when the same may become due and receivable;

g) invest in securities or in units of mutual funds in accordance with the InvIT Regulations and other applicable law by the Trust, the Holding Companies and the Project SPVs;

h) invest in money market instruments including government securities, treasury bills, certificates of deposit and commercial papers in accordance with applicable law by the Trust, the Holding Companies and the Project SPVs;

i) to give, provide and agree to provide to any Holding Companies or Project SPVs, financial assistance in the form of investment in its debt securities or share capital of any class including ordinary, preference, participating, non-participating, voting, non-voting or other class, and in the form of investment in securities convertible into share capital;

j) to invest, acquire, purchase, hold, divest, sale, hypothecate, pledge or otherwise transfer movable property or immovable property of any kind including any rights and interest therein of the Holding Companies and the Project SPVs;

k) provide guarantee, security or other collateral facility in connection with any financing, borrowings or otherwise, undertaken by the Trust, Holdcos, Project SPVs or other investment entities; and

l) to appoint advisors and service providers in connection with the foregoing.

(vii) ***Power to apportion between income and capital***: Subject to the provisions of the InvIT Regulations, the Trustee, in consultation with the Investment Manager, shall have the power to make such reserves out of the income or capital as the Trustee may deem proper and any decisions of the Trustee whether made in writing or implied from its acts, so far as the applicable law may permit, shall be conclusive and binding on the Unitholders and all Persons actually or prospectively interested under the Trust Deed. Any distribution made by the Trustee from such reserves shall be in the manner set out in Article 10 and other relevant provisions of the Trust Deed.

(viii) ***Power to employ agents***: In addition to acting in its capacity as trustee, the Trustee shall have the power to employ and pay at the expense of the Trust, any agent in any jurisdiction whether attorneys, solicitors, brokers, banks, trust companies or other agents whether associated or connected in any way with the Trustee or not, without being responsible for the default of any agent if employed in

good faith to transact any business, including without limitation, the power to appoint agents to raise funds, or do any act required to be transacted or done in the execution of the trusts hereof including the receipt and payment of moneys and the execution of documents.

(ix) ***Power to employ an Investment Manager***: The Trustee shall, on behalf of the Trust, within a reasonable time from the date of execution hereof, appoint the Investment Manager as the investment manager to the Trust, by execution of the Investment Management Agreement, on behalf of the Trust, to manage the assets and investments of the Trust and undertake activities of the Trust in accordance with the terms and conditions set out in the Trust Deed and the Investment Management Agreement and applicable law.

(x) ***Oversee activities of the Investment Manager***: The Trustee shall oversee the activities of the Investment Manager in the interest of the Unitholders, ensure that the Investment Manager complies with the InvIT Regulations and applicable law, including in relation to the appointment of Unitholder Nominee Directors by Eligible Unitholders and shall obtain a compliance certificate or such other reports and information as may be prescribed under the InvIT Regulations from time to time from the Investment Manager on a quarterly basis, or such other time period as prescribed by applicable law, in the form prescribed by SEBI, if any.

(xi) ***Power to employ a Project Manager***: The Trustee shall, on behalf of the Trust, within a reasonable time from the date of execution hereof, appoint the Project Manager as the project manager for the Trust, by execution of the Project Implementation and Management Agreement, for the operation and management of the InvIT Assets, in accordance with the terms and conditions set out in the Trust Deed, the Project Implementation and Management Agreement and applicable law.

(xii) ***Oversee activities of the Project Manager***: The Trustee shall oversee activities of the Project Manager with respect to compliance with the InvIT Regulations and the Project Implementation and Management Agreement and shall obtain a compliance certificate from the Project Manager on a quarterly basis or such other time period as prescribed by applicable law, in the form prescribed by SEBI, if any.

(xiii) ***Power to appoint nominees and custodians***: The Trustee may, in consultation with the Investment Manager, appoint any custodian in order to provide custodian services, and may permit any property comprised in the Trust to be and remain deposited with a custodian or with any Person or Persons in India or in any other jurisdiction subject to such deposit being permissible under the applicable law.

(xiv) ***Power to pay duties and taxes***: In the event of any capital gains tax, income tax, stamp duty or other duties, fees or taxes (and any interest or penalty chargeable thereon) whatsoever becoming payable in any jurisdiction in respect of the Trust or any part thereof or in respect of documents issued or executed in pursuance of the Trust Deed in any circumstances whatsoever, the Trustee shall have the power and duty to pay all such duties, fees or taxes (and any interest or penalty chargeable thereon) as well as to create any reserves for future potential tax liability out of the income of the Trust, or to the extent of the amount invested in the Units by the Unitholders, as may be permitted under applicable law and the advice of tax consultants, and the Trustee may pay such duties, fees or taxes (and any such interest or penalty) on behalf of the Trust. For avoidance of doubt, it is clarified that, pursuant to this Article, no Unitholder will be required to make a contribution as a capital commitment to the Trust (other than the value for Units already paid). The Trustee may, on the recommendation of the Investment Manager, file tax returns with the relevant Governmental Agencies, in accordance with applicable law and the advice of tax consultants.

(xv) ***Power to expend on behalf of the Trust***: The Trustee shall, subject to the advice of the Investment Manager, have the power to pay InvIT Expenses (including any taxes, withholding tax, if any, under Income Tax Act, 1961 or other statutory charges) out of the funds held by the Trust.

(xvi) ***Power to take counsel's opinion***: The Trustee shall, in discharge of its duties, have the power to take the opinion of legal or tax counsel on behalf of and concerning any matter relating to the Trust and the fees of such counsel shall be paid out of the funds held in the Trust.

(xvii) ***Power to appear before relevant authorities***: The Trustee shall, in discharge of its duties, have the power to appear before the relevant authorities, submit information, seek clarifications from any regulatory authority and complete, sign and submit any applications or documents for any approvals, permissions, or actions that may be necessary or desirable on behalf of the Trust.

(xviii) ***Power to conduct activities with trustees of other trusts***: The Trustee may, in execution of the Trust hereof or in exercise of any of the powers hereby or by law given to the Trustee sell, rent or buy any property, or borrow property from or carry out any other transaction with the trustees of any other trust or the executors or administrators of any estate notwithstanding that the Trustee is the same Person as those trustees, executors or administrators or any of them and where the Trustee is the same Person as those trustees, executors or administrators, the transaction shall be binding on all Persons then or thereafter interested hereunder though effected and evidenced only by an entry in the books of accounts of the Trustee, provided such power is delegated to, and exclusively exercised by, the Investment Manager pursuant to the Investment Management Agreement. The Trustee shall ensure that no conflicts of interest shall arise whilst conducting such activities.

(xix) ***Power to effect compromises***: Subject to applicable law, the Trustee (acting on behalf of the Trust) shall have the power to:

a) accept any property before the time at which it is transferable or payable;

b) pay or allow any claim on any evidence that it thinks sufficient;

c) accept any security movable or immovable in lieu of any amounts payable to it;

d) alter the dates for payment of any amounts payable to it; and

e) subject to such approval (if any) as may be required from the Unitholders, compromise, compound, abandon or otherwise settle any claim or thing whatsoever relating to the Trust or the Trust Deed.

(xx) ***Power to borrow***: The Trustee shall, subject to the advice of the Investment Manager, have the power to borrow funds any subordinated equity, bonds, commercial papers, long-term loans, short term loans, bonds or other loans or funds from any Person or authority (whether Government or otherwise, whether Indian or overseas) for the purpose of the Trust on such terms and conditions and for such periods and subject to approval of the Unitholders in accordance with and as may be required in terms of the InvIT Regulations and applicable law. The Trustee shall, subject to the approval and advice of the Investment Manager, also have the power to create Encumbrances of any kind on the InvIT Assets as collateral security for any such borrowings. Further, the Trustee (acting in capacity of the trustee of the Trust) shall have the power to create charge, security interest and/or lien over any or all of the assets of the InvIT (both present or future), to secure and/or guarantee the performance or any of the obligations of the Holdcos/Project SPVs or investment entity, as it may deem fit, subject to compliance with applicable law.

(xxi) ***Power to re-invest***: Subject to the conditions laid down in any Offer Document, InvIT Documents, and the InvIT Regulations and applicable law, the Trustee may, subject to any advice of the Investment Manager, retain any proceeds received by the Trust from Holding Companies or Project SPVs or infrastructure projects, including through the sale of or any Holding Company or SPV or infrastructure projects.

(xxii) ***Power to make rules***: The Trustee may, make rules to give effect to, and carry out the Investment Objectives, subject to applicable law. In particular, and without prejudice to the generality of such powers, the Trustee may provide, in a manner not inconsistent with the provisions of the Trust Deed and the InvIT Regulations, for all or any of the following matters, namely:

a) manner of maintaining of the records and particulars of the Unitholders;

b) norms of investment by the Trust in accordance with the Investment Objectives of the Trust and in accordance with the powers and authorities of the Trustee as set out herein;

c) matters relating to entrustment/deposit or handing over of any securities or shares of the Project SPVs of the Trust to any one or more custodians and the procedure relating to the holding thereof by the custodian;

d) such other administrative, procedural or other matters relating to the administration or management of the affairs of the Trust and which matters are not, by the very nature required to be included or provided for in the Trust Deed or by the management thereof and which matters are not inconsistent with the Investment Objectives, the Trust Deed and applicable law;

e) procedure for seeking the vote of the Unitholders either by calling a meeting or through postal ballot or otherwise; and

f) procedure for summoning and conducting meetings of Unitholders.

The aforementioned power to make rules may be delegated by the Trustee to the Investment Manager subject to the InvIT Regulations and in terms of the Investment Management Agreement.

(xxiii) ***Power to maintain register***: The Trustee shall cause the Depository to maintain the Depository Register.

(xxiv) ***Power to appoint intermediaries***: The Trustee shall advise the Investment Manager in relation to the appointment of Valuer, Auditors, registrar and transfer agent, merchant bankers, custodian, Credit Rating Agency and any other intermediary or service provider or agent as may be applicable with respect to the activities pertaining to the Trust, in a timely manner, in accordance with the InvIT Regulations and applicable law. The Investment Manager shall ensure that the activities of, and the services provided by, any of the intermediaries set out above are as per the provisions of the InvIT Regulations and applicable law.

(xxv) ***Power to review reports***: The Trustee shall review the reports required in terms of InvIT Regulations and applicable law, as submitted by the Investment Manager including, without limitation, in relation to Eligible Unitholder(s), as prescribed from time to time. In the event such reports are not submitted in a timely manner, the Trustee, after due follow-up, shall intimate the same to SEBI as required in terms of the InvIT Regulations and applicable law.

(xxvi) ***Power to open and operate bank accounts***: The Trustee shall have the power to open one or more bank accounts for the purposes of the Trust, to deposit and withdraw money and fully operate the same.

(xxvii) ***Other matters authorised by the Unitholders***: The Trustee shall have the power to take up with SEBI or with the designated stock exchange(s) as applicable, any matter which has been approved in any meeting of Unitholders in respect of the Units held by them, if the matter requires such action.

(xxviii) ***Other powers***: Without prejudice to any other provisions of the Trust Deed, the Trustee shall also have the following powers and authorities:

a) to institute, conduct, compromise, compound, or abandon any legal proceedings for or on behalf of or in the name of the Trustor the Trustee, and to defend, compound or otherwise deal with any such proceedings against the Trust or Trustee or the officers of the Trustee or concerning the affairs of the Trust, and also to compound and allow time for payment or satisfaction of any equity due and of any claims or demands by or against the Trust and observe and perform any decisions thereof;

b) to make and give receipts, releases and other discharges for moneys payable to the Trust and for the claims and demands of the Trust;

c) to vary, alter, postpone, extend or cancel the terms and conditions of agreements, in relation to investments, as entered into with the relevant Project SPVs/Holdcos/investment entities, as applicable;

d) to enter into all such negotiations and contracts, and, execute and do all such acts, deeds and things for or on behalf of or in the name of the Trust as the Trustee may consider expedient for or in relation to any of the matters or otherwise for the purposes of the Trust;

e) to sign, seal, execute, deliver and register according to law all deeds, documents, agreements, and assurances in respect of the Trust;

f) to negotiate, sign, seal, execute and deliver the InvIT Documents, including but not limited to, any issue agreement, share purchase agreement, services agreement, deed of right of first offer, debenture subscription agreement, escrow agreement, underwriting agreement, loan documentation, Offer Document or any other deed, agreement or document in connection with the Trustor the Units, including any amendments, supplements or modifications thereto;

g) take into their custody and/or control all the capital, assets, property of the Trust and hold the same in trust for the Unitholders in accordance with the Trust Deed, the InvIT Regulations and applicable law; and

h) generally to exercise all such powers as it may be required to exercise under the InvIT Regulations and applicable law for the time being in force and do all such matters and things as may promote the Trust or as may be incidental to or consequential upon the discharge of its functions and the exercise and enforcement of all or any of the powers and rights under the Trust Deed, the applicable law and the InvIT Regulations.

(xxix) ***Power to buy-back Units***: Subject to applicable law, the Trustee may at any time, buy-back the Units from the Unitholders.

(xxx) ***Power to repay debt***: Subject to applicable law and the advice of the Investment Manager, the Trustee may cause the Trust to pay, prepay or repay any and all debt raised from any Person in accordance with the terms therein and to redeem any debt securities or other securities, obligations or instruments in accordance with the terms thereof issued to such Persons in compliance with the InvIT Regulations and other applicable law.

(xxxi) ***Power to delegate***: The Trustee may, delegate to the Investment Manager or the Project Manager, any powers set out above and the duties set out below, or as available to it under the InvIT Regulations and applicable law, including, inter alia, management of the assets and investments of the Trust vested in it under the Trust Deed, taking investment decisions, issue, listing and allotment of Units or any other classes of units or other equity/hybrid securities as may be permitted under applicable law (including the InvIT Regulations) from time to time and making distributions in accordance with the InvIT Regulations. Further, for administrative and operational convenience, the Trustee may delegate to any committee or Person with consent of the Investment Manager, any administrative duties as set out below, provided, however, the Trustee shall remain responsible and liable for any such Persons' acts of commission or omission as determined by a court of competent jurisdiction whose decision is final, binding and non-appealable, except the roles and responsibilities delegated by the Trustee to Investment Manager, Project Manager or any third party expert, or any sub-delegation by the Investment Manager or the Project Manager.

***2. Duties of the Trustee***

(i) The Trustee shall carry on and conduct the business of the Trust in a proper and efficient manner in the best interest of the Unitholders.

(ii) The Trustee, on behalf of the Trust, shall appoint an Investment Manager and Project Manager in accordance with the InvIT Regulations and applicable law.

(iii) ***Investment Management Agreement***: The Trustee shall, on behalf of the Trust, within a reasonable time from the date of execution of the Trust Deed, enter into the Investment Management Agreement with the Investment Manager.

(iv) **Ensure that the Investment Manager performs its obligations**:

a) The Trustee shall ensure that the Investment Manager complies with reporting and disclosure requirements in accordance with the InvIT Regulations and in case of any delay or discrepancy, require the Investment Manager to rectify such delay or discrepancy on an urgent basis.

b) The Trustee shall review the transactions carried out between the Investment Manager and its Associates and, where the Investment Manager has advised that there may be a conflict of interest, it shall obtain a certificate from a practising chartered accountant or valuer, as applicable, that such transaction is on arm's length basis.

c) The Trustee shall review the Valuation Report submitted by the Investment Manager.

d) The Trustee shall require the Investment Manager to set up such systems and procedures and submit such reports to the Trustee, as may be necessary for effective monitoring of the functioning of the Trust.

e) The Trustee shall ensure that the Investment Manager convenes meetings of the Unitholders in accordance with the InvIT Regulations and oversee the voting by Unitholders and declaration of such results of such meetings, provided that where there (i) is a change or removal of the Investment Manager, or a Change in Control of the Investment Manager, and the Trustee will be required to obtain approval of the Unitholders of the Trustee shall be responsible for convening and conducting of the meetings of the Unitholders; and (ii) any issue pertaining to the Trustee such as change in the Trustee, the Trustee shall not be involved in any manner in the conduct of the meetings of the Unitholders. The Trustee shall ensure that the Investment Manager convenes meetings of Unitholders not less than once every year and the period between such meetings shall not exceed 15 (fifteen) months.

(v) ***Providing information to SEBI and the stock exchange(s)***: The Trustee shall provide SEBI and the stock exchange(s), where applicable, such information as may be sought by SEBI or by the stock exchange(s) pertaining to the activity of the Trust. The Trustee shall comply with intimation requirements under the InvIT Regulations and applicable law, including in relation to intimating SEBI in case of any discrepancy in the operation of the Trust with the Trust Deed, the InvIT Regulations and any Offer Document. The Trustee shall also immediately inform SEBI in case any act which is detrimental to the interest of the Unitholders is noted.

(vi) ***Interests of the Unitholders***: The Trustee shall, at all times, exercise due diligence in carrying out its duties and protecting the interests of the Unitholders.

(vii) ***Delegation to Investment Manager and Project Manager***:

a) The Trustee shall delegate all such powers to the Investment Manager, as may be required by the Investment Manager, to carry out its obligations under the Investment Management Agreement and under applicable law.

b) The Trustee shall delegate all such powers to the Project Manager, as may be required by the Project Manager, to carry out its obligations under the Project Implementation and Management Agreement and under applicable law.

(viii) ***Change in, or Change in Control of, the Investment Manager***: The Trustee shall obtain prior approval from the Unitholders in accordance with the InvIT Regulations before any change in, or Change in Control of, the Investment Manager due to removal or otherwise. In this regard, the Trustee shall also obtain prior approval from SEBI prior to any change in or Change in Control of the Investment Manager, in the event that such approval is required in terms of the InvIT Regulations. In case of change in Investment Manager due to removal or otherwise, the Trustee shall appoint a new investment manager in accordance with the InvIT Regulations and applicable law, within the time period prescribed under the InvIT Regulations. The previous investment manager shall continue to act as such at the discretion of the Trustee until such time as the new investment manager is appointed. The Trustee shall ensure that the new investment manager shall stand substituted as a party in all the documents to which the earlier Investment Manager was a party. The Trustee shall also ensure that the earlier Investment Manager continues to be liable for all its acts of omissions and commissions for the period during which it served as investment manager, notwithstanding its termination.

(ix) ***Change in Project Manager***: In case of change in Project Manager due to removal or otherwise, the Trustee shall appoint a new project manager in accordance with the InvIT Regulations and applicable law. The Trustee shall appoint a new project manager within the time period prescribed under the InvIT Regulations. The Trustee may, suo moto appoint an administrator in connection with an infrastructure project for such terms and on such conditions as it deems fit. The previous project manager shall continue to act as the project manager at the discretion of the Trustee till such time as a new project manager is appointed. All costs and expenses in this regard will be borne by the new project manager. The Trustee shall ensure that the new project manager shall stand substituted as a party in all the documents to which the earlier Project Manager was a party. The Trustee shall also ensure that the earlier Project Manager continues to be liable for all its acts of omissions and commissions for the period during which it served as project manager, notwithstanding its termination.

(x) ***Change in Control of Project Manager***: The Trustee shall ensure that in case of Change in Control of the Project Manager, written consent is obtained from the counter parties in terms of the

agreements entered into by the Holding Company(ies) or Project SPVs, prior to such change, if applicable.

(xi) ***Subscription monies***: The Trustee shall ensure that subscription amount is kept in a separate bank account in name of the Trust and is only utilised for adjustment against allotment of Units or refund of money to the applicant till the time such Units are listed (as may be applicable) and the same will be utilised for objectives of the offering as will be mentioned in the relevant Offer Document.

(xii) ***Books of account***: The Trustee shall cause the books of accounts of the Trust to be in accordance with Article 15.

(xiii) ***Attainment of objects of the Trust***: The Trustee shall ensure that all acts, deeds and things are done for the attainment of the Investment Objectives of the Trust and in compliance with the InvIT Regulations and applicable law and to secure the best interests of the Unitholders.

(xiv) ***Reports to be filed by the Trust***: The Trustee, either by itself or through the Investment Manager, shall, from time to time, file such reports as may be required by SEBI or any other regulatory authority or as required under the InvIT Regulations and applicable law with regard to the activities carried on by the Trust.

(xv) ***Review of complaint status***: The Trustee shall periodically review the status of the Unitholders' complaints and their redressal undertaken by the Investment Manager, in accordance with the InvIT Regulations.

(xvi) ***Confidentiality***: The Trustee and its directors, officers, employees and agents shall at all times maintain the greatest amount of confidentiality as regards the activities and assets of the Trust and such other matter connected with them and the Trust generally and shall not disclose any confidential information to any other Person, other than the Investment Manager, or the Project Manager, unless such information is required to be disclosed to some regulatory authority, court or any other Person under any order of court or any law in force in India.

(xvii) ***Segregation of assets and liabilities***: The assets and liabilities of the InvIT shall at all times be segregated from the assets and liabilities of the Trustee and the assets and liabilities of other trusts managed by the Trustee. The assets held under the InvIT shall be held for the exclusive benefit of the Unitholders and such assets shall not be subject to the claims of any creditor or any Person claiming under any other fund administered by the Trustee or by the Investment Manager.

(xviii) ***Valuer***: The Trustee shall ensure through the Investment Manager that a detailed valuation is undertaken of the InvIT Assets by a Valuer at such intervals and in the manner as may be prescribed under the InvIT Regulations and applicable law. The Trustee shall ensure that the remuneration of the Valuer is not linked to or based on the value of the asset(s) being valued.

(xix) ***Investment by Trustee***: The Trustee of the Trust shall not invest in Units of the Trust.

(xx) ***Compliance with InvIT Regulations***: The Trustee shall fulfil its obligations in terms of the InvIT Regulations.

(xxi) The Trustee shall ensure that the activity of the Trust is being operated in accordance with the provisions of the Trust Deed, the InvIT Regulations, applicable law and the InvIT Documents and if any discrepancy, it shall inform SEBI immediately in writing.

(xxii) ***Adoption of Policies***: The Trustee shall ensure that the Trust, the Investment Manager, the Project Manager, the Holding Companies and the Project SPVs adopt, policies, including corporate governance policies, policies in relation to acquisition of assets from the Sponsors and third parties, policies in relation to related party transactions, policies in relation to appointment of auditors and valuers, policies in relation to the Net Distributable Cash Flows, leverage policies, policies in relation to anti-bribery and anti-corruption, policies in relation to environment, safety and health, policies anti-money laundering and any other policies in relation to their activities related to the Trust ("**Policies**"), as applicable, prior to filing of the relevant Offer Document for the initial offer. The terms, such as, manner or requirement of Unitholders' approval for each of these Policies, applicability, amendment and termination, of the respective Policies shall be set out in each of the Policies.

(xxiii) ***Maintenance of records***: The Trustee shall maintain records in relation to the Trust in accordance with the InvIT Regulations and applicable law.

(xxiv) ***Winding up of the Trust***: The Trustee shall wind up the Trust in accordance with the InvIT Regulations and applicable law. Upon winding up of the Trust, the Trustee shall surrender the certificate of registration to SEBI.

(xxv) ***Suspension of Trustee's registration***: The Trustee shall promptly, on occurrence, inform the Sponsor of a cancellation, revocation, suspension, non-renewal of its registration to act as a trustee under applicable law or a breach of the terms of such registration that will materially impair its ability to perform its obligations and exercise its powers under the Trust Deed.

(xxvi) ***Statutory charges or levies payable by the Trust***: The Trustee shall, in accordance with the applicable law and on receipt of advice from the Investment Manager, pay all taxes, duties and any other statutory charges or levies that may be payable by the Trust on behalf of the Unitholders, subject to the provisions of the InvIT Documents.

***3. Rights of the Trustee***

(i) ***Right to receive advice***: The Trustee may, in the discharge of its duties, act upon any advice obtained in writing from any bankers, accountants, brokers, lawyers, professionals, consultants, or other experts acting as advisers to the Trustee.

(ii) ***Restriction on right to inspect***: Subject to applicable law, no Unitholder shall be entitled to inspect or examine the Trust's premises or properties (including any Holding Company and Project SPVs) without the permission of the Trustee, who shall give such permission, if necessary, in consultation with the Investment Manager. Further, no Unitholder shall be entitled to require discovery of any information respecting any detail of the Trust's activities or any matter which may relate to the conduct of the business of the Trust and which information may, in the opinion of the Trustee and the Investment Manager adversely affect the interest of the Unitholder.

(iii) ***Right to reimbursement of expenses, outgoings, taxes etc.***: Without prejudice to any other provisions of the Trust Deed, but save as otherwise provided for in any InvIT Document, the Trustee shall be entitled to reimburse itself and shall be entitled to charge the Trust, with the expenses, taxes, levies, and liabilities (including indemnity obligations of the Trust, if any) as set out in Schedule I hereto.

(iv) ***Right to accept value or price of the investment***: The Trustee may accept as sufficient evidence for the value of any investment or for the cost price or sale price thereof or for any other fact within its competence, a certificate by a Valuer or any other professional Person appointed by the Investment Manager for the purpose.

4. ***Liabilities of the Trustee***

(i) ***Assets received by the Trustee***: The Trustee shall only be held chargeable for such monies, stocks, funds, shares, assets, investment, property or securities as the Trustee shall have actually received and shall not be liable or responsible for any banker, broker, custodian or other Person in whose hands the same may be deposited or placed, nor for the deficiency or insufficiency in the value of any investments of the Trust nor otherwise for any involuntary loss. Any receipt signed by the Trustee for any monies, stocks, funds, shares, securities, investment or property, paid, delivered or transferred to the Trustee under or by virtue of the Trust Deed or in exercise of the duties, functions and powers of the Trustee shall effectively discharge the Trustee or the Person or Persons paying, delivering or transferring the same therefrom or from being bound to see to the application thereof, or being answerable for the loss or misapplication thereof provided that the Trustee and such Persons shall have acted in good faith, without negligence shall have used their best efforts in connection with such dealings and matters.

(ii) ***Acts done in good faith***: The Trustee shall not be under any liability on account of anything done or omitted to be done or suffered by the Trustee in good faith in accordance with, or in pursuance of any request or advice of the Investment Manager.

(iii) ***Suits, proceedings or claims against the Trust***: The Trustee shall not be under any obligation to institute, acknowledge the service of, appear in, prosecute or defend any action, suit, proceedings or claim (including tax proceedings) in respect of the provisions hereof or in respect of the InvIT Assets

or any part thereof or any corporate action which in its opinion would or might involve it in expense or liability unless the Investment Manager shall so request in writing and the Trustee in consultation with the Investment Manager is satisfied that the value of the investment is sufficient to provide adequate indemnity against costs, claims, damages, expenses or demands to which it may be put as Trustee as a result thereof. The costs in relation to such action, suit, proceedings or claims (whether undertaken upon request of Investment Manager or otherwise) incurred by the Trustee in connection with or arising out of the Trust, shall be borne by the Trust.

(iv) ***Bona fide action by the Trustee***: The Trustee shall not be liable in respect of any action taken or damage suffered by it on reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganization or (without being limited in any way by the foregoing) other paper or document believed to be genuine and to have been passed, sealed or signed by appropriate authorities or entities.

(v) ***Acts or things required to be done by the Trustee under law***: The Trustee shall not be liable to the Unitholders for doing or failing to do any act or thing which it is directed or requested to do or perform or to forbear from doing or performing by reason of any provision of any present or future law or regulation made pursuant thereto, or of any decree, order or judgment of any court, or by reason of any request announcement or similar action (whether of binding legal effect or not) which may be taken or made by any Person or body acting with or purporting to exercise the authority of any government (which legally or otherwise). If, for any reason, it becomes impossible or impracticable to carry out any of the provisions of these presents, the Trustee shall not be under any liability therefore or thereby.

5. ***Obligations as per the Indian Trusts Act***:

Nothing in the Trust Deed exempts or indemnifies the Trustee against liability for: (i) breach of trust under the Indian Trusts Act, 1882; (ii) fraud, misconduct or gross negligence by the Trustee as conclusively determined by a court of competent jurisdiction; (iii) violation of applicable laws by the Trustee (to the extent that such violation adversely effects the Trust and/or the Unitholders); or (iv) failure to show the degree of care and diligence required of them as Trustee under the Indian Trusts Act, 1882, while carrying out the duties described in the Trust Deed as determined by a court of competent jurisdiction, whose decision is final and non-appealable.

(i) ***Authenticity of signature***: The Trustee shall not be responsible to any Unitholder for the authenticity of any signature affixed to any document or be, in any way, liable for any forged or unauthorized signature on or for acting upon or giving effect to any such forged or unauthorized signature. The Trustee shall be entitled but not bound to require that the signature of any Unitholder to any document required to be signed by him under or in connection with these presents shall be verified to the Trustee's reasonable satisfaction.

(ii) ***Trustee may act as trustee of other trusts***: Nothing herein contained shall be construed so as to prevent the Trustee from acting as trustee of other trusts or alternate investment funds or venture capital funds or private equity funds or real estate investment trusts or infrastructure investment trusts or private trusts or customised fiduciary trusts separate and distinct from the Trust, and retaining for its own use and benefit all remuneration, profits and advantages which it may derive therefrom, as permitted under applicable law.

(iii) ***Information regarding the Trust, etc***.: If the Trustee is required by the InvIT Regulations or any other applicable law to provide information regarding the Trust or the Unitholders, the investments made by the Trust and income therefrom and provisions of these presents and complies with such request in good faith, whether or not it was in fact enforceable, the Trustee shall not be liable to the Unitholders or to any other party as a result of such compliance or in connection with such compliance.

(iv) ***Depletion in the value of the Trust corpus***: The Trustee shall not incur any liability for any act or omission or (as the case may be) failing to do any act or thing which may result in a loss to a Unitholder (by reason of any depletion in the value of the InvIT Assets or otherwise), except in the event that such loss is a direct result of fraud, negligence or wilful default on the part of the Trustee or results from a breach by the Trustee of the Trust Deed, as determined finally by a court of competent jurisdiction.

(v) ***Trustee to not risk its monies***: If the Trustee engages any external advisors or experts (in accordance with the Trust Deed), to discharge its obligations under the Trust Deed, or undertakes any work (in

consultation with the Investment Manager, in the interest of the Unitholders) which is not covered within the scope of work of the Trustee under the Trust Deed and such additional work is beyond the obligations of the Trustee under applicable law, the Trustee shall be entitled to recover such costs, charges and expenses which the Trustee may incur in this regard, from the funds of the Trust. Further, it is clarified that, the Trustee will not be required to utilize funds held by the Trustee for any other trust for which, Axis Trustee Services Limited is appointed as a trustee, for discharging its obligations as the Trustee under the Trust Deed.

6. ***Provisions relating to Unit holders***

(i) Notwithstanding anything to the contrary contained in any of the InvIT Documents, the aggregate liability (including any taxes, duties, fines, levies, liabilities, costs or expenses) of each Unitholder in the Trust shall be limited to making the Capital Contribution payable by it in respect of the Units subscribed by it. For the avoidance of doubt, the Unitholders shall not be responsible or liable, directly or indirectly, for acts, omissions or commissions of the Trustee, the Investment Manager, the Sponsor, or any other Person, whether or not such act, omission or commission, has been approved by the Unitholders in accordance with the InvIT Regulations or not. Further, the Sponsors shall not be responsible or liable, directly or indirectly, for acts, omissions or commissions of the Trustee, the Investment Manager or any other Person, whether or not such act, omission or commission, has been approved by the Unitholders in accordance with the InvIT Regulations or not.

(ii) Except as may be prescribed under applicable law or approved by the board of directors of the Investment Manager in compliance with applicable law from time to time, each Unit allotted to the Unitholders shall have one vote for any decisions requiring a vote of Unitholders.

(iii) No Unitholder shall enjoy superior voting, preferential voting or any other rights over another Unitholder subject to any Subordinate Units, or any other classes of units or other equity/ hybrid securities as may be permitted under the applicable law (including the InvIT Regulations), being issued in accordance with the applicable law (including the InvIT Regulations). In case of Subordinate Units, such Subordinate Units shall carry only inferior voting or any other rights compared to other Ordinary Units, in accordance with their terms and applicable law.

(iv) In no event shall the Trustee or the Investment Manager be bound to make payment to any Unitholder, except out of the funds held by it for that purpose under the provisions of the Trust Deed.

(v) A Unitholder, whose name and account details are entered in the Depository Register, shall be the only Person entitled to be recognised by the Trustee as having a right, title, interest in or to the Units registered in his name and the Trustee shall recognise such holder as an absolute owner and shall not be bound by any notice to the contrary and shall also not be bound to take notice of or to see to the execution of any trust, express or implied, save as expressly provided or as required by any court of competent jurisdiction to recognise any trust or equity or interest affecting the title of the Units.

(vi) The Unitholders (acting in their capacity as unitholders of the Trust) shall not give any directions to the Trustee or the Investment Manager (whether in a meeting of Unitholders or otherwise), if it would require the Trustee or the Investment Manager to do or omit doing anything which may result in:

a) the Trust or the Trustee, in its capacity as the trustee of the Trust or the Investment Manager, in its capacity as the investment manager of the Trust ceasing to comply with applicable law;

b) interference with the exercise of any discretion expressly conferred on the Trustee by the Trust Deed or the Investment Manager by the Investment Management Agreement, or the determination of any matter which requires the agreement of the Trustee or the Investment Manager, provided that nothing in this Article 12.6 shall limit (i) the right of the Unitholder (as applicable to the Units held) to require the due administration of the Trust in accordance with the Trust Deed; and/or (ii) the right of the Unitholders (as applicable to the Units held) in accordance with Regulation 22(5)(f) of the InvIT Regulations to give directions to the Trustee or the Investment Manager in relation to any issue which is detrimental to the Unitholders (in the sole opinion of the Unitholders), provided that Unitholders holding Units other than Ordinary Units shall not be entitled to such rights with respect to the Units held by them, except as otherwise specified under the terms and conditions of such Units, in accordance with the InvIT Regulations.

(vii) The Depository Register shall (save in case of manifest error) be conclusive evidence of the number of Units held by each Depositor and in the event of any discrepancy between the entries of the Depository Register and any statement issued by the Depository, the entries in the Depository Register shall prevail unless the Depositor proves to the satisfaction of the Trustee and the Depository that the Depository Register is incorrect.

(viii) The Unitholders (as applicable) shall have the right to call for certain matters to be subject to their consent, in accordance with the InvIT Regulations and applicable law.

(ix) The Eligible Unitholders shall have the right to appoint Unitholder Nominee Directors on the board of directors of the Investment Manager from time to time, in the manner prescribed under the InvIT Regulations. The Trustee shall supervise and ensure that the Investment Manager takes all such actions and compliances, as may be prescribed under the InvIT Regulations from time to time, in relation to the right of Eligible Unitholders to appoint Unitholder Nominee Directors on the board of directors of the Investment Manager.

(x) The Unitholders may, in accordance with the provisions of the InvIT Documents and applicable law, and where applicable, the terms and conditions of the Units as may be approved by the board of directors of the Investment Manager, transfer any of the Units to an investor where such investor accepts all the rights and obligations of the transferor and the Trustee or the Investment Manager shall give effect to such transfer in accordance with applicable law.

(xi) After the initial offer, no Person, other than the Sponsor, their related parties and associates ("**Investor**"), shall acquire or receive Units, which when taken together with Units held by the Investor and by persons acting in concert with the Investor, exceeds such percentage of the value of the outstanding Units, as may be permissible under the InvIT Regulations, unless prior approval of the Unitholders (as applicable) is obtained in accordance with the InvIT Regulations. In the event such approval is not received, the Investor shall provide an exit option to the dissenting Unitholders in terms of the InvIT Regulations and in the manner specified by SEBI.

(xii) The Trustee shall obtain and shall ensure that the Investment Manager obtains, as applicable the consent of the Unitholders (as applicable) for the matters prescribed under the InvIT Regulations in accordance with the provisions of the InvIT Regulations.

***7. Indemnification***

It is hereby expressly provided that, in addition to the fees, distributions and expense reimbursements herein described, the InvIT Assets shall be utilized to indemnify and hold harmless the Trustee, Sponsor and any of their respective officers, directors, shareholders, sponsors, partners, members, employees, advisors and agents ("**Indemnified Parties**") from and against any claims, losses, costs, damages, liabilities and expenses, including legal fees ("**Losses**") suffered or incurred by them by reason of their activities on behalf of the Trust, unless such Losses resulted from fraud, gross negligence, wilful default or wilful misconduct or breach of any obligations or duties under applicable law by the relevant Indemnified Party, as determined finally by a court of competent jurisdiction.

***8. Term and Termination of the Trust***

The Trust is subject to dissolution and termination in accordance with and subject to the InvIT Regulations and applicable law:

a) if the Trust fails to make any offer of Units, whether by way of Public Issue or Private Placement, within the time period stipulated in the InvIT Regulations or any other time period as specified by SEBI, the Trust shall surrender its certificate to SEBI and cease to operate as an investment infrastructure trust, unless the period is extended by SEBI;

b) upon the liquidation of all InvIT Assets;

c) if there are no projects under the Trust and the Trust does not invest in any project for six months thereafter;

d) delisting of the Units in accordance with the InvIT Regulations unless in accordance with the InvIT Regulations, the Trust retains its certificate of registration and continues to undertake the activity of a privately placed and unlisted InvIT; or

e) illegality of the Trust.

**The Investment Manager – TVS Infrastructure Investment Manager Private Limited**

***History and Certain Corporate Matters***

***Key Terms of the Investment Management Agreement***

The Investment Manager has entered into the Investment Management Agreement, in terms of the InvIT Regulations, the key terms of which, are provided below.

***1. Power of the Investment Manager***

(i) ***Power to manage and administer the Trust and the InvIT Assets***: The Investment Manager shall take all decisions in relation to the management and administration of InvIT Assets and the investments of the Trust as may be incidental or necessary for the advancement or fulfilment of the Investment Objectives of the Trust in accordance with the InvIT Regulations and other applicable law.

(ii) ***Power to make investment and divestment decisions***: The Investment Manager shall, subject to such approval as may be required from the Unitholders, make the investment decisions with respect to the underlying assets or projects of the Trust and the InvIT Assets, including any further investments or divestments, subject to InvIT Regulations and in accordance with the Offer Document, and in this regard is also empowered to do the following acts on behalf of the Trust, including:

a) acquire, subscribe, hold, manage, trade, transfer and dispose of shares, stocks, convertibles, debentures, bonds and other equity or equity-related securities or other debt or mezzanine securities of all kinds issued by any Holding Company or any SPV or any infrastructure project, whether in physical or dematerialised form, including power to hypothecate, pledge or create encumbrances of any kind on such securities held by the Trust in such Holding Companies or Project SPVs, or infrastructure projects to be used as collateral security for any borrowings by the Trust or any Holding Company or any SPV or any infrastructure project;

b) avail commercial loans, including the power to hypothecate, pledge or create Encumbrances of any kind on the InvIT Assets as collateral security for any such loans availed by the Trust, in accordance with the InvIT Regulations and applicable law;

c) keep the capital and monies of the Trust, the Holding Companies and the Project SPVs in deposit with banks or mutual funds or other institutions, whatsoever, in accordance with the InvIT Regulations and other applicable law;

d) accept capital contributions;

e) collect and receive the profit, interest, repayment of principal of debt or debt like, or equity or equity like, mezzanine securities, dividend, return of capital of any type by the Holding Companies, or Project SPVs, or infrastructure projects and income of the Trust as and when the same may become due and receivable;

f) invest in securities or in units of mutual funds in accordance with the InvIT Regulations and other applicable law by the Trust, the Holding Companies and the Project SPVs;

g) invest in money market instruments including government securities, treasury bills, certificates of deposit and commercial papers in accordance with applicable law by the Trust, the Holding Companies and the Project SPVs;

h) undertake lending to Holdcos, Project SPVs and any other Persons permitted under applicable law;

i) enter into, execute and/or terminate any investment pooling agreements, agreements related to strategic investments, co-investment agreements, and any and all documents and instruments of a similar nature in the name of the Trust or its Holdcos, Project SPVs or other investment entities;

j) provide guarantee, security or other collateral facility in connection with any financing, borrowings or otherwise, undertaken by the Trust, Holding Companies, Project SPVs or other investment entities;

k) to appoint advisors and service providers in connection with the foregoing (including affiliates and associates of the Investment Manager, Sponsor or the Trust).

l) to give, provide and agree to provide to any Holding Companies, or Project SPVs financial assistance in the form of investment in the Trust's debt securities or share capital of any class including ordinary, preference, participating, non-participating, voting, non-voting or other class, and in the form of investment in securities convertible into share capital; and

m) to invest, acquire, purchase, hold, divest, sale, hypothecate, pledge or otherwise transfer movable property or immovable property of any kind including any rights and interest therein of the Holding Companies and the Project SPVs.

(iii) ***Power to appoint a Project Manager:*** The Investment Manager, along with the Trustee, shall, within a reasonable time from the date of execution hereof, appoint a Project Manager for the Trust, by execution of the Project Implementation and Management Agreement, for the operation and management of the InvIT Assets, in accordance with the terms and conditions set up in the Trust Deed, the Project Implementation and Management Agreement and applicable law.

(iv) ***Oversee activities of the Project Manager***: The Investment Manager shall oversee activities of the Project Manager with respect to compliance with the InvIT Regulations and the Project Implementation and Management Agreement and in terms of the InvIT Regulations and applicable law. The Investment Manager shall obtain a compliance certificate from the Project Manager in the form as may be specified by SEBI, on a quarterly basis or such other intervals as may be prescribed under applicable law.

(v) ***Objects of the Trust***: The Trustee hereby authorizes the Investment Manager to do all such other acts, deeds and things as may be incidental or necessary for the advancement or fulfilment of the Investment Objectives of the Trust, as set out in the Offer Document.

(vi) ***Power to issue and to accept subscription to Units of InvIT***: The Investment Manager shall have the power to issue and allot Units in accordance with the InvIT Regulations and within such time period as may be prescribed under applicable law. The Investment Manager shall have the power to accept subscriptions to Units of the Trust and issue and allot Units to Unitholders or such other Persons and undertake all related activities under applicable law. The Investment Manager shall also have the power to refund subscription money and pay necessary interest thereon, in accordance with applicable law. Further, the Investment Manager shall, subject to and only in accordance with the terms of the InvIT Documents and applicable law, have the power to transfer the Units.

The power of the Investment Manager is subject to the condition that, after the initial offer no Person, other than the Sponsor, its related parties and associates (the "**Investor**") shall acquire or receive Units, which when taken together with Units held by the Investor and by persons acting in concert with the Investor exceeds 25% (twenty five percent) of the value of the outstanding Units, unless prior approval of the Unitholders is obtained in accordance with the InvIT Regulations. In the event such approval is not received, the Investor shall provide an exit option to the dissenting Unitholders in terms of the InvIT Regulations and in the manner specified by SEBI.

(vii) ***Power to maintain register of unitholders***: The Investment Manager shall cause the Depository to maintain a Depository Register.

(viii) ***Power to apportion between income and capital***: The Investment Manager, in consultation with the Trustee, shall make such reserves out of the income or capital as it may deem proper, so far as the applicable law may permit. Any distribution made from such reserves shall be in accordance with the InvIT Regulations.

(ix) ***Power to borrow***: The Investment Manager shall have the power to cause the Trust to borrow funds, including any subordinated equity, commercial papers, long term loans, short term loans, bonds or other loans or funds from any Person or authority (whether government or otherwise, whether Indian or overseas) for the purpose of the Trust on such terms and conditions and for such periods and subject to any approval of the Unitholders in accordance with and as may be required in terms of the InvIT Regulations and applicable law in case of a listed InvIT. The Investment Manager shall also have the power to cause the Trust to create Encumbrances of any kind on the InvIT Assets as collateral security for any such borrowings.

(x) ***Power to exercise rights in respect of the Project SPVs/ Holding Company***: The Investment Manager shall have the power to exercise all rights of the Trust in the Project SPVs or Holding Company, including voting rights, rights to appoint directors, whether pursuant to securities held by it, or otherwise, in such manner as it deems to be in the best interest of the Trust, and in accordance with the InvIT Regulations and applicable law. Additionally, if the Trust has invested in infrastructure projects through the Holding Company or Project SPVs, then the Investment Manager, in consultation with the Trustee, shall appoint the majority of the directors of the Holding Company(ies) and/or the SPV(s), in accordance with the applicable law, as well as ensure that in every general meeting including the annual general meeting of any SPV or Holding Company, the voting of the Trust is exercised, in accordance with the InvIT Regulations and applicable law.

(xi) ***Power to appoint external advisors:*** The Investment Manager or the Team may, without any consent from any other parties, appoint external advisors or consultants for administrative, accounting, due diligence, IT, human resource services, tax, consulting or any other similar services and use such services of the external advisors and consultants and rely on the information provided as it deems necessary in its sole discretion. Any such advisor or consultants will be responsible and accountable to the Investment Manager and not the Trust/ Project SPVs/ Holding Company, and no direct relationship will be established between the advisors and the Trust/ Project SPVs/ Holding Company. Additionally, the Investment Manager will always continue to be responsible for the overall management services under the Investment Management Agreement to the Trust/ Project SPVs/ Holding Company.

(xii) ***Power to repay debt***: Subject to applicable law and the advice provided by the Investment Manager to the Trustee, the Investment Manager (through the Trustee)may cause the Trust to pay, prepay or repay any and all debt raised from any Person in accordance with the terms therein and to redeem any debt securities or other securities, obligations or instruments in accordance with the terms thereof issued to Persons in compliance with the InvIT Regulations and other applicable law.

(xiii) ***Power to appoint nominees/representatives***: The Investment Manager, in consultation with the Trustee, shall appoint such number of nominees on the board of directors or the governing board of the Project SPVs and Holdcos, as applicable, which is in proportion to the shareholding or holding interest of the Trust in such Project SPVs/Holdcos, or as may be permitted or required under the InvIT Regulations.

(xiv) ***Power to employ agents***: The Investment Manager shall have the power to employ and pay at the expense of the Trust, any agent in any jurisdiction whether attorneys, solicitors, brokers, banks, trust, companies or other agents, without being responsible for the default of any agent if employed in good faith to transact any business, including without limitation, the power to appoint agents to raise funds, or do any act required to be transacted or done in the execution of the responsibilities hereof including the receipt and payment of moneys and the execution of documents.

(xv) ***Power to appoint nominees and custodians***: The Investment Manager may appoint a Custodian in order to provide such custodian services as may be authorised by the Trustee, and may permit any property comprised in the Trust to be and remain deposited with a custodian or with any Person or Persons in India or in any other jurisdiction subject to such deposit as authorised by the Trustee and permissible under the applicable law.

(xvi) ***Power to appoint intermediaries***: The Investment Manager, in consultation with the Trustee, shall appoint and have the power to appoint, determine the remuneration and enter into, execute, deliver and terminate all documents and agreements, any contracts, agreements, including share purchase

agreement, deed of right of first offer and refusal, escrow agreements, debt documentation, underwriting agreements and other InvIT Documents, any investment pooling agreement, agreement relating to strategic investments, co-investment agreements and other any and all documents and instruments containing customary terms including contractual indemnity with Valuers, Auditors, registrar and transfer agent, merchant banker, credit rating agency or any other intermediary or service provider or agent including any amendments or supplements thereto as may be applicable with respect to the activities pertaining to the Trust in a timely manner as per the provisions of the InvIT Regulations and applicable law. The Investment Manager shall appoint an Auditor for a period of not more than five consecutive years or such period as provided in the InvIT Regulations. The Investment Manager shall have the power to determine the remuneration of the Auditors in consultation with the Trustee. Provided that in the event the Investment Manager is required to take any approval of the Unitholders for approval of remuneration of the Auditors or appointment of the Auditors, the same shall be obtained in accordance with the requirements as set out in the InvIT Regulations. The Investment Manager shall also have the power to determine the remuneration of the Valuer. The remuneration of the Valuer shall not be linked to or based on the value of the InvIT Assets being valued.

(xvii) ***Power to pay duties and Taxes***: In the event of any capital gains Tax, income Tax, stamp duty or other duties, fees or Taxes (and any interest or penalty chargeable thereon) whatsoever becoming payable in any jurisdiction in respect of the Trust or any part thereof or in respect of documents issued or executed in pursuance of the Investment Management Agreement and the Trust Deed in any circumstances whatsoever, the Investment Manager shall have the power and duty to pay all such duties, fees or Taxes (and any interest or penalty chargeable thereon) as well as to create any reserves for future potential Tax liability (and any such interest or penalty) out of the Trust's income, or to the extent of the amount invested in the Units by the Unitholders, as may be permitted under applicable law and the advice of Tax consultants, and the Trustee may pay such duties, fee or Taxes (and any such interest or penalty) on behalf of the Trust. For avoidance of doubt, it is clarified that, pursuant to this clause, no Unitholder will be required to make a contribution as a capital commitment to the Trust (other than the value for Units already paid). The Investment Manager shall also have the power to file any income-Tax returns on behalf of the Trust, and ensure compliance with income Tax provisions, as may be required under applicable law. The Investment Manager shall exercise due care and prudence in payment of duties and Taxes of the Trust and shall endeavour to ensure that there are no material outstanding dues in that behalf, except for any claim or demand made by any Tax department or authority subsequently, or any amounts disputed in good faith.

(xviii) ***Power to expend on behalf of the Trust and seek reimbursement***: The Investment Manager shall have the power to pay Trust Expenses out of the funds of the Trust, or from any or all of the InvIT Assets on behalf of the Trust and the Project SPVs, the Holding Company and the unitholders, in such proportion as may be determined from time to time, and the Investment Manager shall be entitled to reimbursement of any such expenditure duly incurred, subject to Clause 5.1.

(xix) ***Power to take counsel's opinion***: The Investment Manager, in discharge of its duties, shall have the power to take the opinion of legal / Tax counsel in any jurisdiction concerning any disputes or difference arising under the Investment Management Agreement or any matter relating to the Trust and the fee of such counsel shall be paid out of the funds held in the Trust.

(xx) ***Power to effect compromises***: Subject to applicable law, the Investment Manager shall have the power, on behalf of the Trust, to:

a) accept any property before the time at which it is transferable or payable;

b) pay or allow any equity or claim on any evidence that it thinks sufficient;

c) accept any security, movable or immovable, for any equity or other property, in lieu of any amounts payable to it;

d) alter the dates for payment of any amounts payable to it; and

e) institute, conduct, compromise, compound, or abandon any legal proceedings for or on behalf of or in the name of the Trust, or the Investment Manager (in its capacity as investment manager of the Trust) or the officers of the Investment Manager or concerning the affairs of the Trust, and also to compound and allow time for payment satisfaction of any equity due and of any claims or demands by or against the Trust and to refer any differences to arbitration and observe and perform any awards thereof;

f) allow any time for payment of any equity; and

g) subject to such approval (if any), as may be required from the Unitholders, compromise, compound, abandon, submit to arbitration or otherwise settle any equity account, claim or thing whatsoever relating to the Trust or the Investment Management Agreement.

(xxi) ***Power to re-invest***: Subject to the conditions laid down in any InvIT Documents, and the InvIT Regulations and applicable law, the Investment Manager may retain any proceeds received by the Trust from any Holding Company or SPV or infrastructure projects, including through the sale of or any Holding Company or SPV or infrastructure projects.

(xxii) ***Power to make rules***: The Investment Manager may make rules to give effect to, and carry out the Investment Objectives, subject to applicable law. In particular, and without prejudice to the generality of such power, the Investment Manager may provide for all or any of the following matters, namely:

a) manner of maintaining of the records and particulars of Unitholders;

b) norms of investment by the Trust in accordance with the Investment Objectives of the Trust and in accordance with the powers and authorities of the Trustee as set out in the Trust Deed;

c) matters relating to entrustment, deposit or handing over of any securities or shares of the Holding Company or Project SPVs of the Trust to any one or more custodians and the procedure relating to the holding thereof by the custodian;

d) such other administrative, procedural or other matters relating to the administration or management of the affairs of the Trust and which matters are not, by their very nature, required to be included or provided for in the Trust Deed or by the management thereof and which matters are not inconsistent with the Investment Objectives, the Trust Deed and the applicable law;

e) procedure for seeking the vote of the Unitholders either by calling a meeting or through postal ballot or otherwise; and

f) procedure for summoning and conducting of meetings of Unitholders.

(xxiii) ***Power to appear before relevant authorities***: The Investment Manager shall, in discharge of its duties, have the power to appear before the relevant authorities, submit information, seek clarifications from any regulatory authority and complete, sign and submit any applications or documents for any approvals, permissions, or actions that may be necessary or desirable on behalf of the Trust.

(xxiv) ***Power to restrict right to inspect***: Subject to applicable law, no Unitholder shall be entitled to inspect or examine the Trust's premises or properties (including any Holding Company, Project SPVs and infrastructure projects) without the prior permission of the Trustee, who shall give such permission, if necessary, in consultation with the Investment Manager. Further, no Unitholder shall be entitled to require discovery of any information in respect of any detail of the Trust's activities or any matter which may be related to the conduct of the business of the Trust and which information may, in the opinion of the Trustee and the Investment Manager, adversely affect the interest of other Unitholders.

(xxv) ***Power to buyback Units***: The Investment Manager may buyback the Units from the Unitholders at the end of the term of the Trust or any other time or in any other manner in accordance with applicable law.

(xxvi) ***Extension of Loans***: The Investment Manager (on behalf of the Trust) shall provide the Trustee with advice and recommendations regarding the extension of loans from the Trust to the Holding Company or the Project SPVs and also subscription to debt securities or quasi-debt securities or any similar kind of securities issued by the Holding Company and SPV from the Trust or extension of loans from the Trust in compliance with applicable law.

(xxvii) ***Other powers***: The Investment Manager shall also have the following powers and authorities:

a) to open, maintain and close one or more bank accounts and demat accounts, for the purposes of the Trust, to deposit and withdraw money and fully operate the same;

b) to make and give receipts, releases and other discharges for monies payable to the Trust and for the claims and demands of the Trust;

c) to enter into all such negotiations and contracts, and execute or terminate and do all such acts, deeds and things for or on behalf of or in the name of the Trust as it may consider expedient for or in relation to any of the matters or otherwise for the purposes of the Trust;

d) to ascertain, appropriate, declare and distribute or reinvest the surplus generally or under the Trust, to determine and allocate income, profits and gains in respect of the Trust to and amongst the Unitholders, to carry forward, reinvest or otherwise deal with any surplus and to transfer such sums, as it may deem fit, to one or more reserve funds which may be established by it;

e) to sign, execute, deliver and register according to applicable law all deeds, documents, and assurances in respect of the Trust;

f) to ascertain, assess and calculate the Net Distributable Cash Flows of the Trust in accordance with the Trust Deed, the policy adopted by the Trust, the InvIT Regulations and applicable law;

g) pay out of the income of the Trust, after deducting all expenses, the income and other distributions in accordance with the Trust Deed, the InvIT Regulations and applicable law;

h) take into their custody or control all the capital, assets, property of the Trust and hold the same in trust for the Unitholders in accordance with the Trust Deed, applicable law and the InvIT Regulations;

i) generally to exercise all such powers as it may be required to exercise under the InvIT Regulations and applicable law for the time being in force and do all such matters and things as may promote the Investment Objectives of the Trust or as may be incidental to or consequential upon the discharge of its functions and the exercise and enforcement of all or any of the powers and rights under the Investment Management Agreement, applicable law and the InvIT Regulations;

j) in accordance with applicable law, upon consultation with the Trustee, initiate, prosecute or defend any action or other proceedings in any court of law or through arbitration or in any other manner for recovery of debts or sums of money, right, title or interest, property, claim, matter or thing whatsoever now or hereafter to become due or payable or in any way and belonging to the Trust by any means or on any account whatsoever in respect of and pertaining to the investments made by it and the same actions or proceedings or suits to discontinue or settle, as it shall in its best judgment or discretion deem fit;

k) to issue statement of accounts or Unit certificates (if requested) to the Unitholders on behalf of the Trustee in accordance with applicable law. To submit Units for authorization and to make all applications and execute all documents with the Depositories and Depository participants as may be necessary in this regard;

l) to set up such systems and procedures, and submit such reports, as may be required by the Trustee as necessary for effective monitoring of the functioning of the Trust.

***2. Duties of the Investment Manager***

(i) ***Interest of the Unitholders***: The Investment Manager shall use best endeavours to carry on and conduct its business in a proper and efficient manner in the best interest of the Unitholders. Further, it shall at all times maintain high standards of integrity and fairness in all its dealings and in the conduct of its business.

(ii) ***Duty to co-ordinate with Trustee***: The Investment Manager shall coordinate with the Trustee, as the Investment Manager may deem necessary, with respect to the operations of the Trust.

(iii) ***Duty to undertake valuation***: The Investment Manager shall appoint an eligible Valuer and ensure that the valuation of the InvIT Assets is done by the Valuer(s) in accordance with the InvIT

Regulations and at the frequency as required under the InvIT Regulations. The Investment Manager shall submit the Valuation Reports to the Trustee as required under the InvIT Regulations and within the timelines prescribed in the InvIT Regulations. To the extent applicable, the Investment Manager shall also submit the Valuation Reports to the stock exchange(s) in accordance with the InvIT Regulations and applicable law.

(iv) ***Insurance***: The Investment Manager shall arrange for adequate insurance coverage for the InvIT Assets in accordance with the InvIT Regulations. The Investment Manager shall ensure that InvIT Assets held by the Project SPVs are adequately insured.

(v) ***Accounts, audit and reporting***: The Investment Manager shall maintain proper books of accounts, documents and records with respect to the Trust and Project SPVs or HoldCo, in the manner set out in the Trust Deed, to give a true, fair and accurate account of the investments, expenses, earnings, profits etc. of the Trust. The financial year of the Trust shall begin from the date of the Trust Deed and shall end on the immediately succeeding 31st of March and on the 31st of March in each succeeding year, unless otherwise determined. The Investment Manager shall ensure that audit of the accounts of the Trust by the Auditors is undertaken in accordance with the InvIT Regulations and other applicable law and such report is submitted to the stock exchange(s) within the time stipulated by the stock exchange(s), if any, and in accordance with the InvIT Regulations.

(vi) ***Reviewing and monitoring appointment of Unitholder Nominee Directors***: The Investment Manager shall facilitate the appointment of Unitholder Nominee Directors by Eligible Unitholders in the manner prescribed under the InvIT Regulations, from time to time, and shall take all actions as may be required under the InvIT Regulations and applicable law in relation to the review, monitoring and reporting of the nomination rights. In this regard, the Investment Manager shall comply with all obligations prescribed under the InvIT Regulations or applicable law from time to time, including, inter alia, informing Unitholders on a periodic basis of the right to nominate Unitholder Nominee Directors, evaluating notices from Eligible Unitholder(s) in relation to the proposed appointment of a Unitholder Nominee Director, evaluating eligibility of Unitholder Nominee Directors, review of unitholding of Eligible Unitholder(s) on an ongoing basis, taking requisite actions in relation to the withdrawal of nomination or vacation of office of Unitholder Nominee Directors, and submitting such information and reports to the Trustee in relation to Eligible Unitholder(s) and Unitholder Nominee Directors, as may be prescribed from time to time.

(vii) ***Distributions***: The Investment Manager shall declare distributions to Unitholders in accordance with the InvIT Regulations, the Trust Deed and in accordance with the policy adopted by the Trust. Subject to applicable law, such percentage of the net distributable cash flows of the Project SPVs shall be distributed to the Trust or the HoldCo (as may be applicable) in terms of the InvIT Regulations, the Trust Deed and in accordance with the policy adopted by the Trust. Such declared distributions shall be made within the time period prescribed by the InvIT Regulations, the Trust Deed and in accordance with the policy adopted by the Trust. The Investment Manager shall maintain a record (for such periods as maybe prescribed under the InvIT Regulations) of the distributions declared and made to the Unitholders.

(viii) ***Meeting of Unitholders***: The Investment Manager shall convene meetings of the Unitholders and maintain records pertaining to the meetings in accordance with the InvIT Regulations. The Investment Manager acknowledges that matters brought to vote at a meeting of the Unitholders shall require approval of such percentage of Unitholders, present and voting, in accordance with the InvIT Regulations.

(ix) ***Change in control***: The Investment Manager shall intimate the Trustee prior to any change in control of the Investment Manager to enable the Trustee to seek prior approval from the Unitholders as required in accordance with the InvIT Regulations, and prior approval from SEBI, if required under applicable law, and shall ensure that no such change is given effect to until such prior approval has been obtained, or the Investment Management Agreement is terminated and a new investment manager has been appointed in accordance with the terms hereof, or in compliance with any other requirement under the InvIT Regulations and applicable law.

(x) ***Monitoring***: The Investment Manager will monitor the Trust, including monitoring current and projected financial position of the Trust and the Project SPVs. The Investment Manager shall place before its board of directors, a report on the activity and performance of the Trust in accordance with the InvIT Regulations. The Investment Manager shall designate an employee from the Team or a director as the compliance officer for monitoring of compliance with the InvIT Regulations and any circulars or guidelines issued thereunder and intimating SEBI in case of non-compliance.

(xi) ***Maintenance of records***: The Investment Manager shall maintain records pertaining to the activity of the Trust in terms of the InvIT Regulations.

(xii) ***Adoption of Policies***: The Investment Manager shall adopt, as applicable, and shall ensure that, the Trust, the Project Manager, the Holding Companies and the SPVs adopt, policies, including corporate governance policies, policies in relation to acquisition of assets from the Sponsors and third parties, policies in relation to related party transactions, policies in relation to appointment of auditors and valuers, policies in relation to the Net Distributable Cash Flows, appointment and eligibility of Unitholder Nominee Directors, leverage policies, policies in relation to anti-bribery and anti-corruption, policies in relation to environment, safety and health, policies anti-money laundering and any other policies in relation to their activities related to the Trust ("**Policies**"), as applicable, prior to filing of the relevant Offer Document for the initial offer. The terms, such as, manner or requirement of Unitholders' approval for each of these Policies, applicability, amendment and termination, of the respective Policies shall be set out in each of the Policies.

(xiii) ***Duty in relation to the Investment Objectives***: The Investment Manager shall manage the Trust in accordance with the InvIT Regulations and the Investment Objectives of the Trust, and shall ensure that the investments made by the Trust are in accordance with the investment conditions enumerated in the InvIT Regulations, applicable law and in accordance with the Investment Objectives.

(xiv) ***Transactions entered into by the Project Manager***: The Investment Manager shall review the transactions carried out between the Project Manager and its Associates and where the Project Manager has advised that there may be a conflict of interest, shall obtain confirmation from a practising chartered accountant or a Valuer, as applicable, that such transaction is on an arm's length basis.

(xv) ***Complaint status***: The Investment Manager shall ensure adequate and timely redressal of all Unitholders' grievances pertaining to the activities of the Trust in accordance with the InvIT Regulations and applicable law.

(xvi) ***Submissions to Trustee***: The Investment Manager shall submit to the Trustee (as may be required pursuant to the InvIT Regulations, from time to time):

a) quarterly reports on the activities of the Trust including receipts for all funds received by it and for all payments made, status of compliance with the InvIT Regulations, specifically Regulations 18, 19 and 20 of the InvIT Regulations, performance report, status of development of under-construction projects, within the time period specified under the InvIT Regulations;

b) Valuation Reports as required under the InvIT Regulations within the time period specified under the InvIT Regulations;

c) proposal or decision to acquire, sell or develop, or bid for any asset or project or expand existing completed assets or projects along with rationale for the same;

d) details of any action which requires approval from the Unitholders as may be stipulated under the InvIT Regulations;

e) details of transactions it enters into with its Associates;

f) details of any other material fact including change in its directors, change in its shareholding, any legal proceedings that may have a significant bearing on the activity of the Trust, within such period as stipulated under applicable law;

g) details, including reports and any other information, in relation to Eligible Unitholders or Unitholder Nominee Directors, as stipulated under the InvIT Regulations and applicable law, from time to time;

h) such information, document and records as pertaining to the activities of the Trust as may be required under the InvIT Regulations and as may be reasonably necessary for the Trustee with respect to its responsibilities under the Trust Deed, the InvIT Regulations and applicable law; and

i) such other information, document and records as pertaining to its activities, obligations, duties and responsibilities under the Investment Management Agreement, the InvIT Regulations and applicable law, as may be reasonably necessary for, and sought by, the Trustee.

In the event of failure of the Investment Manager to submit information or reports as specified above in a timely manner and in terms of the InvIT Regulations, the Trustee shall intimate SEBI.

(xvii) ***Submissions to Unitholders***: The Investment Manager shall submit to the Unitholders such information, document and records as pertaining to the activities of the Trust or having bearing on the operation or performance of the Trust as may be required under the InvIT Regulations.

(xviii) ***Offer, Issue and Listing of Units***: The Investment Manager shall be responsible for all activities pertaining to the offer, issue and listing of the Units of the Trust, as applicable, in accordance with applicable law, including:

a) filing of Offer Document with SEBI;

b) filing the Offer Document with the stock exchange(s), in the event the Trust is listed or proposes to be listed, within the prescribed time period;

c) dealing with all matters up to the allotment of Units to the Unitholders;

d) obtaining in-principle approval and final listing and trading approvals from the designated stock exchange, in the event the Trust is listed or proposes to be listed; and

e) dealing with all matters relating to the issue and listing of the Units as specified under Chapter IV of the InvIT Regulations and all matters relating to the offer and issue of Units under Chapter VIA of the InvIT Regulations and any guidelines as may be issued by SEBI in this regard, as applicable. In the event the Trust is listed, the Trust shall also comply with the minimum public holding for the Units and minimum number of Unitholders as prescribed under the InvIT Regulations.

The Investment Manager shall also ensure that all relevant provisions of the InvIT Regulations and applicable law have been complied with and all statements and disclosures made in any Offer Document are material, true, correct, not misleading and are adequate disclosures in order to enable the investors to make an informed decision and are in accordance with the InvIT Regulations and applicable law, and such Offer Document should not contain any untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(xix) ***Delisting of units and winding up of the Trust***: In the event the Trust is listed and in case of occurrence of any event specified in Regulations 17(1)(a) to 17(1)(g) of the InvIT Regulations, the Investment Manager shall apply for delisting of units of the Trust to SEBI and the designated stock exchanges in accordance with the InvIT Regulations and applicable law.

(xx) ***Submission of annual report***: The Investment Manager shall, within the time period prescribed under the InvIT Regulations, submit annual report of the Trust to all the Unitholders electronically or provide physical copies, and to the designated stock exchange.

(xxi) ***Compliance Certificate***: The Investment Manager shall provide a compliance certificate to the Trustee on a quarterly basis in accordance with InvIT Regulations.

(xxii) ***Title to the InvIT Assets***: The Investment Manager shall ensure that the InvIT Assets have proper legal title, if applicable, and that all material contracts entered into on behalf of the Trust or the Holdco/SPV are legal, valid, binding and enforceable by and on behalf of the Trust or the Holdco or SPV.

(xxiii) ***Continuous disclosures to the stock exchange(s)***: In the event the Trust is listed, the Investment Manager shall, in accordance with the requirements of the InvIT Regulations and other applicable law, including any requirements prescribed by SEBI or the stock exchange(s) from time to time, disclose half-yearly reports within the time period prescribed under the InvIT Regulations to the stock exchange(s) and provide any information having bearing on the operation or performance of

the Trust, as well as price sensitive information and other information that is required in terms of the InvIT Regulations and applicable law.

(xxiv) ***Other Duties***: Without prejudice to any other provision of the Investment Management Agreement, the Investment Manager will also have the following duties and obligations:

a) ensure that computation and declaration of Net Asset Value of the Trust is based on the valuation done by the Valuer in accordance with the InvIT Regulations and applicable law and is disclosed to the stock exchanges in accordance with the InvIT Regulations and applicable law, if applicable;

b) maintain regular interaction with the Trustee regarding performance of the Trust and providing the Trustee with any information in relation to the operations of the Trust as maybe required under applicable law;

c) conducting its affairs and the affairs of the Trust in such a manner that no Unitholder will have any personal liability (except to the extent of their Unitholding, where such Unit is partly paid) with respect to any liability or obligation of the Trust;

d) keeping the Unitholders of the Trust informed and updated on investment activities of the Trust in accordance with the terms of the InvIT Documents;

e) collecting all dividends, fees, property and other payments due and receivable by the Trust declaring distribution to the Unitholders in the manner set out in the Trust Deed and in terms of the InvIT Regulations and applicable law;

f) ensure that no commission or rebate or any other remuneration, arising out of transactions pertaining to the Trust is collected by it or its Associates, other than as specified in the Offer Document or any other document as may be specified by SEBI for the purpose of the issue of the Units of the Trust;

g) ensure that the Project SPVs, have proper legal titles, to the extent applicable, and that all the material contracts entered into on behalf of the Trust or the Project SPVs are legal, valid, binding and enforceable by and on behalf of the Trust and the Project SPVs;

h) ensure that the activities of the intermediaries or agents or service providers appointed by it are in accordance with the InvIT Regulations or any guidelines or circulars issued thereunder;

i) ensure that any possible conflict of interest involving its role as Investment Manager is reported to the Trustee;

j) ensure that disclosures or reporting to Unitholders, SEBI, the Trustee and the designated stock exchange are in accordance with the InvIT Regulations and applicable law and rectify any delay or discrepancy or non-compliance of reporting or disclosure requirements under the InvIT Regulations and applicable law on an urgent basis;

k) provide SEBI, the designated stock exchange and Trustee, where applicable, such information as may be sought by SEBI or by the designated stock exchange(s) or Trustee pertaining to the activity of the Trust;

l) to inform the Trustee in writing about any change in the representations and warranties provided by it under Clause 11.3 during the term of the Investment Management Agreement;

m) agrees to undertake/ assist Trustee in undertaking all the compliances including signing and verifying any Tax returns that the Trust may be required to file under the applicable law; and

n) taking any other actions reasonably incidental to any of the foregoing, or necessary or convenient in order to fully effect or evidence any action or transaction contemplated under the Investment Management Agreement.

(xxv) The Investment Manager shall provide to the Trustee such assistance as may be required by the Trustee in fulfilling its obligation towards the Trust under applicable law or as may be required by any regulatory authority with respect to the Trust.

***3. Liabilities of the Investment Manager***

(i) ***Bona fide action by the Investment Manager***: The Investment Manager shall not be liable in respect of any action taken or damage suffered by it on reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganization or, without being limited in any way by the foregoing, other paper or document believed to be genuine and to have been passed, sealed or signed by appropriate government authorities, authorised Persons or entities.

(ii) ***Acts or things required to be done by the Investment Manager under law***: The Investment Manager shall not be liable to the Unitholders for doing or failing to do any act or thing which by reason of any provision of any present or future law or regulation made pursuant thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action, whether of binding legal effect or not, which may be taken or made by any Person or body acting with or purporting to exercise the authority of any government (legally or otherwise) it shall be directed or requested to do or perform or to forbear from doing or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of the agreement, the Investment Manager shall not be under any liability. However, it shall duly inform the Trustee and the Unitholders of the same.

(iii) ***Information regarding the Trust***: If the Investment Manager is required or reasonably believes that it is required, by the InvIT Regulations or any other applicable law to provide information regarding the InvIT or the Unitholders, the Trust investments and income therefrom and provisions of these presents and complies with such request in good faith, whether or not it was in fact enforceable, the Investment Manager shall not be liable to the Unitholder or any of them or to any other party as a result of such compliance or in connection with such compliance.

(iv) ***Depletion in the value of the Trust corpus***: The Investment Manager shall not incur any liability for any act or omission which may result in a loss to a Unitholder by reason of any depletion in the value of the InvIT Assets or otherwise, except in the event that such loss is a result of fraud or gross negligence or wilful default on the part of the Investment Manager, or where the Investment Manager fails to exercise due care in relation to its obligations under the Agreement.

(v) ***Distribution***: If the Distributions, after being declared, are not made within the period prescribed in the InvIT Regulations, the Investment Manager shall be liable to pay interest to the Unitholders at the rate as may be prescribed in the InvIT Regulations until the distribution is made, and such interest shall not be recovered in the form of fees or any other form payable to the Investment Manager by the Trust.

(vi) The Investment Manager shall not be liable to any Unitholder for the authenticity of any signature or of any seal affixed to any endorsement or other document affecting the title to or the transmission of Units or interests in the Trust or of any investments of the Trust or be in any way liable for any forged or unauthorized signature or seal affixed to such endorsement, transfer or other document, or for acting upon or giving effect to any such forged or unauthorized signature or seal. The Investment Manager shall be bound to require that the signature of any Unitholder to any document required to be signed by such Unitholder, under or in connection with these presents shall be verified to its reasonable satisfaction.

(vii) The Investment Manager shall continue to be liable for all of its acts of omission and commission with respect to the activities of the Trust, notwithstanding surrender of registration of the Trust to SEBI.

(viii) ***Suits, proceedings or claims against the Trust***: The Investment Manager shall not be under any obligation to institute, acknowledge the service of, appear in, prosecute or defend any action, suit, proceedings or claim (including Tax proceedings) in respect of the provisions of the Investment Management Agreement or other InvIT Documents in respect of the Investments or any part of such Investments or any corporate or shareholders' action which in its opinion would or might involve expense or liability unless it is satisfied that the value of the Investment is sufficient to provide adequate indemnity against costs, claims, damages, expenses or demands to which it may be put as the trustee as a result thereof.

***4. Indemnification***

In addition to the fees, distributions and expense reimbursements herein described, the Trustee shall on behalf of the InvIT, from the InvIT Assets, indemnify and hold harmless the Investment Manager and its respective officers, directors, shareholders, partners, members, employees, advisors and agents ("**Indemnified Parties**") from and against any claims, losses, costs, damages, liabilities, suits, proceedings and expenses, including legal fees ("**Losses**") suffered or incurred by them by reason of their activities on behalf of the Trust, unless such Losses have resulted from fraud, gross negligence, wilful default or wilful misconduct or material breach of any obligations or duties under applicable law by the relevant Indemnified Party, as determined by a court of competent jurisdiction.

The Trustee, its directors, employees and officers ("**Trustee Party**") shall be indemnified by the Investment Manager against any and all direct and actual losses, actions, claims, suits, proceedings, damages, liabilities, costs and expenses including legal fees, incurred or suffered by the Trustee Party in connection with the material breach of any of the terms of the agreement by the Investment Manager, or failure in furnishing information required by SEBI or any regulatory authority with respect to the Trust, or furnishing incorrect information by the Investment Manager under the InvIT Regulations or related to Trust including in any Offer Document, if arising out of gross negligence, wilful default or misconduct or fraud on part of the Investment Manager, in carrying out its obligations under the Investment Management Agreement, Trust Deed, the other InvIT Documents, any information memorandum, Offer Document and applicable law. The Trustee acknowledges and agrees that the aggregate maximum liability of the Investment Manager in each financial year with regard to Clause 9 of the Investment Management Agreement, shall be limited to the aggregate fees paid to the Investment Manager for the immediately preceding one financial year, in accordance with the terms of the agreement.

***5. Termination***

(i) Subject to the other provisions of the Agreement, including Clause 10 of the Investment Management Agreement, the Investment Management Agreement shall continue during the term of the Trust and shall terminate upon dissolution of the Trust.

(ii) The Investment Management Agreement shall be effective from the date of execution of the Agreement and shall terminate in accordance with the terms of the Agreement.

(iii) The appointment of the Investment Manager may be terminated by the Trustee in accordance with the procedure specified under the InvIT Regulations.

(iv) Unitholders, other than any party related to the transactions and its Associates holding not less than such percentage by value as specified under the InvIT Regulations, may apply in writing to the Trustee for removal of the Investment Manager.

(v) Subject to the approval of Unitholders (if required) and compliance with other requirements under applicable law, the Investment Management Agreement may be terminated:

a) by the Investment Manager by delivery of a written notice of 30 (thirty) Business Days to the Trustee, subject to appointment of new Investment Manager in accordance with Clause 10.6 and the InvIT Regulations; or

b) by the Trustee by delivery of a written notice to the Investment Manager at any time, upon material breach of any of the terms, covenants, conditions or provisions of this Agreement by the Investment Manager and a failure of the Investment Manager to cure the said breach within a period that is earlier of: (i) the period stipulated under applicable law, or (ii) such period as may be reasonably required for remedy of such failures, subject to a minimum of 60 Business Days; or (iii) such other period as may be mutually agreed to cure such breach; or

c) by any Party by delivery of a written notice to the other Party upon the bankruptcy of such other Party, or if winding up or liquidation proceedings are commenced against such other Party, and such proceedings persist for a period of more than three months.

(vi) After prior approval from the Unitholders and SEBI in accordance with the InvIT Regulations, for the change in the Investment Manager due to removal or otherwise, the Trustee shall appoint a new investment manager and execute a new investment management agreement within three months from the termination of the previous investment management agreement in accordance with

applicable law, and the terms of such appointment and agreement shall not be on more favourable terms and conditions. The Trustee shall also ensure that the new investment manager stands substituted as a party in all documents to which the Investment Manager was a party, in relation to the Trust in its capacity as the Investment Manager. The Investment Manager shall remain in office until the appointment of a new investment manager. The Investment Manager shall continue to be liable for all of its acts, omissions and commissions during its tenure as Investment Manager, notwithstanding the termination.

(vii) Upon removal or replacement of the Investment Manager in accordance with the InvIT Regulations, the Investment Manager shall, within a period of 30 (thirty) Business Days, transfer custody of the Trust to the Trustee and give the Trustee all books of accounts, correspondence, documents and records relating to the Trust which the Investment Manager has in its possession. In the event of removal or resignation of the Investment Manager, the Investment Manager shall be entitled to receive Management Fees only up to the date of effectiveness of such removal or resignation.

(viii) Notwithstanding anything contained hereinabove, (a) in the event that the offer of Units does not occur within the time period stipulated in the InvIT Regulations or such other date as may be mutually agreed to between the Investment Manager and the Trustee, or (b) in the event of cancellation of registration of the Trust by SEBI, or (c) winding up of the Trust, then the Agreement shall automatically terminate without any liability on any Party.

**The Project Manager – TVS Industrial & Logistics Parks Private Limited ("Project Manager")**

Make recommendations to the Project SPV (which the Project SPV may accept or reject in its absolute discretion) about necessary and reasonable action, (excluding legal proceedings), to enforce (i) all leases and maintenance and service contracts in respect of the project (excluding legal proceedings), (ii) the performance of all Laws applicable to tenants, contractors or consultants concerning their behaviour in the project.

IX. Business Support and Other services

(i). Provide business support services including but not limited to the following activities to be undertaken by the Project SPVs/ Holdco:

a) hire, train and retain such personnel as may be required to manage and perform the services as defined in the Agreement and notify the Project SPVs/ Holdco of such appointment;

b) Do all such acts and things as are necessary for the effective management, operation, conduct and promotion of the Project including performing its obligations under the agreement properly, with due diligence and compliance with applicable laws; and

c) Take reasonable endeavors to promote the business interests of the Project SPV and maintain and enhance the reputation of the Project SPV and the Project at all times.

**2. *Duties of the Project Manager***

The duties of the Project Manager in terms of the Project Implementation and Management Agreement, *inter alia*, includes the following:

(i) The Project Manager shall, either directly or through the appointment and supervision of appropriate

Service Providers or agents, provide services in relation to the InvIT Assets as may be necessary for the discharge of its duties and obligations under the terms of the PIMA, InvIT documents and under the InvIT Regulations.

(ii) The Project Manager shall, either directly or through agents, oversee the progress of development, approval status and other aspects of the InvIT Assets that may be under development or is to be established until its completion and discharge all obligations in respect of execution of the projects, wherever applicable, including the supervision of agents appointed for such purpose.

(iii) The Project Manager shall, either directly or through agents, discharge all obligations in respect of the maintenance, operation and management of the infrastructure projects which have commenced operations in accordance with the scope of work set out in the PIMA and as may be specified in the relevant agreements and applicable law.

(iv) The Project Manager acknowledges that the Trustee and the Investment Manager will oversee the activities undertaken by the Project Manager in accordance with the InvIT Regulations and the InvIT Documents accordingly, the Project Manager shall extend complete co-ordination to enable the Trustee and the Investment Manager to perform such obligations in accordance with the InvIT Regulations and the InvIT Documents. The Project Manager shall provide compliance certificate(s), as may be specified, to the Investment Manager and the Trustee in accordance with the InvIT Regulations, in the form prescribed by SEBI, if any.

(v) The Project Manager shall at all times ensure that the transactions or arrangements entered into by the Project Manager with a related party, in so far as such transactions or arrangements pertain to the InvIT, the InvIT Assets or this Agreement, are on an arm's-length basis and shall provide the Investment Manager with details of transactions carried out between itself and its associates and disclose any conflict of interest in such cases to the Investment Manager, in the form specified under the InvIT Regulations.

(vi) The Project Manager shall, either by itself or through its agents provide to the Trustee and the Investment Manager or to such other person as the Trustee and/or the Investment Manager may direct, all information that may be necessary for each of them to maintain the records of the InvIT Assets and as may be required for making submissions to SEBI or any other Governmental Authority, including with respect to relevant approvals, consents and other documents required in relation to the InvIT Assets and the reporting requirements under the InvIT Regulations, in a proper and timely manner, and in the format prescribed (if any), as required by the Trustee and /or the Investment Manager. Further, the Project Manager shall, either by itself or through its agents provide reasonable assistance to the Project SPVs/ Holdco to apply for, obtain and maintain all necessary approvals (and renewals of the same) that each of the Project SPVs/ Holdco is required to obtain from or file relevant applications for approvals with any Governmental Authority in connection with InvIT Assets or as may be required under any third party agreement entered into by the Project SPVs/ Holdco.

(vii) The Project Manager may appoint one of its qualified employees, reasonably acceptable to the Investment Manager and the Project SPVs/ Holdco, with adequate and appropriate experience as a principal contact for the board of directors of the Project SPVs/ Holdco, the Trustee and the Investment Manager in relation to the services. The Project Manager shall have full authority to receive directions and instructions from each of the Project SPVs/ Holdco and to take actions in relation to and ensure compliance with such directions and instructions and report back to each Project SPV, the Trustee and the Investment Manager.

(viii) The Project Manager shall promptly inform the parties in writing, of any act, occurrence or event, which the Project Manager believes is reasonably likely to increase the cost of or the time for implementation taken in relation to any InvIT Asset, or materially change the financial viability, quality or function of any InvIT Asset.

(ix) If any defects are found in the maintenance, materials and workmanship of the services provided under the PIMA by the Project Manager and/or by the employees, contractors, consultants, agents, professionals and workmen (including contract labour), and such defects are established to be attributable to the Project Manager for the respective the employees, contractors, consultants, agents, professionals and workmen (including contract labour), the Project Manager shall promptly, in consultation and agreement with the other Parties, regarding appropriate remedying of the defects including through its Agents, repair, replace or otherwise make good such defects.

(x) The Project Manager shall be liable to the other parties for any direct loss or damage attributable to the breach of the obligations of the Project Manager including those of the employees, contractors, consultants, agents, professionals and workmen (including contract labour), under the PIMA. The Trustee and the Investment Manager acknowledge and agree that the aggregate maximum liability of the Project Manager in each financial year shall be limited to an amount equivalent to the fee payable to the Project Manager in such financial year in accordance with the terms of this Agreement, as applicable, unless the loss or damage caused is due to gross negligence, fraud or wilful default of the Project Manager.

(xi) The Project Manager shall also be liable for leasing and client management and facility management responsibilities of the SPVs.

(xii) The Project Manager shall not be held liable for any failure to perform its obligations hereunder, or for any delay in the performance thereof, due to reasons beyond its control, including, but not limited to, acts of God, public enemy, expropriation or acts of government or any changes in the applicable law or regulation including changes in market rules, currency restrictions, devaluations or fluctuations, market conditions affecting the execution or settlement of transactions or the value of assets and breakdown, natural disaster, epidemic, pandemic, lockdowns, riots, civil commotion or unrest, strikes or lockouts, fire, floods, war, explosions or earthquakes, acts of terrorism, systems failure, power outages or communication failures or malfunction of any telecommunication and information technology systems.

(xiii) The duties of Project Manager shall also, *inter alia*, include the following:

a) supervision of revenue streams from the InvIT Assets and providing the necessary certification as may be required under the applicable law and the InvIT Regulations;

b) execution and timely completion of activities in relation to the InvIT Assets under development or to be developed in accordance with and in the manner contemplated in any agreement entered into by the relevant Project SPV with the Project Manager in this regard;

c) complying with the InvIT Regulations and take all actions as may be required to be taken in accordance with the InvIT Regulations as applicable to the Project Manager;

d) exercising diligence and vigilance in carrying out its duties and protecting the InvIT Assets, in accordance with the Applicable Law and InvIT Regulations;

e) keeping the Investment Manager informed on all matters which have a material bearing on the operations of the InvIT Assets;

f) liaising with governmental authorities in respect of its obligations under this Agreement as may be required;

g) taking appropriate measures to mitigate the risks which may be encountered by the InvIT in respect of the InvIT Assets;

h) keeping proper records for actions taken by itself in respect of the InvIT Assets; and

i) complying with the instructions of the Investment Manager and the Trustee for the performance of its obligations as a project manager, in terms of the InvIT Regulations and other applicable law.

(xiv) The Parties may, from time to time, agree to provisions for additional services to be rendered by the Project Manager. If, in the assessment of the Project Manager, additional services are required for the purposes of carrying out its duties and obligations under the PIMA and applicable law, the Project Manager shall notify the parties in writing of such requirement and obtain prior written approval of the Parties in this regard.

**3.** ***Indemnity***

(i) The Trustee, the Investment Manager, the Project SPVs/Holdco and their respective directors, employees, officers and the InvIT ("**Indemnified Parties**") shall be indemnified by the Project Manager against any Losses incurred or suffered by the Indemnified Parties, arising out, resulting of or relating to: (i) any misrepresentation or any breach of the warranties made by the Project Manager or the terms or covenants or obligations under the PIMA by the Project Manager; (ii) any

failure in furnishing information required by SEBI or any regulatory authority with respect to the InvIT, or furnishing wrong information by the Project Manager under the InvIT Regulations or related to the InvIT, including in any offer documents, or arising out of gross negligence, wilful default or fraud on part of the Project Manager, in carrying out its obligations under this Agreement, the other InvIT Documents any information memorandum / offer documents and applicable law (to the extent that such failure is not attributable to provision of information or wrong information to the Project Manager by the Indemnified Parties).

(ii) The Trustee, the Investment Manager and the Project SPVs/Holdco acknowledge and agree that the aggregate maximum liability of the Project Manager in each financial year shall be limited to an amount equivalent to the fee payable to the Project Manager in such financial year in accordance with the terms of the PIMA, provided that such aggregate maximum liability shall not be applicable in the event such liability of the Project Manager arises out of any gross negligence, wilful default or wilful misconduct or fraud of the Project Manager.

**4.** ***Termination***

(i) This Agreement shall remain valid and effective, from the Effective Date, unless terminated by the Parties in accordance with the provisions hereto.

(ii) This Agreement may be terminated:

a) by the Investment Manager after consultation with the Trustee, by delivery of a prior written notice of the period mentioned in the PIMA to the Project Manager, subject to appointment of new project manager in accordance with PIMA and the InvIT Regulations; or

b) by the Investment Manager after consultation with the Trustee, by delivery of a written notice to the Project Manager at any time, upon breach of any of the terms, covenants, conditions or provisions of this Agreement by the Project Manager and a failure of the Project Manager to remedy the said breach within such period as indicated in the PIMA or such other period as may be mutually agreed to cure such breach; or

c) by any party by delivery of a written notice to the other party upon the bankruptcy of such other party or if winding up or liquidation proceedings whether voluntary or involuntary are commenced or admitted against such other party (and such proceedings persist for a period of more than three months); or

d) on mutual agreement, in writing, between the parties.

(iii) Notwithstanding anything contained hereinabove, the Trustee, in consultation with the Investment Manager, shall appoint a new project manager and execute a new PIMA within three months from the termination of the earlier PIMA in accordance with applicable law. The Trustee and Investment Manager shall also ensure that the new project manager stands substituted as a party in all documents to which the Project Manager was a party. The Project Manager shall remain in office until the appointment of a new project manager. The Project Manager shall continue to be liable for all its acts, omissions and commissions committed prior to the termination of PIMA, notwithstanding its termination.

(iv) The termination of the PIMA shall not affect the rights and obligations of the Parties accrued prior to such termination.

(v) In case of termination the Project Manager shall be entitled to and the Trustee shall be liable to pay to the Project Manager, the fee accrued up to the date of termination of services. The fee shall be paid to the Project Manager within such period as indicated in the PIMA, from the date of receipt of demand in this regard from the Project Manager failing which the fee, or any part thereof, which remains outstanding shall attract interest at the rate mentioned in the PIMA.

(vi) Notwithstanding anything contained hereinabove, (a) in the event that the private placement of the Units does not occur within the time period stipulated in the InvIT Regulations or such other date as may be mutually agreed to between the parties, or (b) in the event of cancellation of registration of the InvIT by SEBI, or (c) winding up of the InvIT, then the PIMA shall automatically terminate without any liability to any party.

## OTHER PARTIES INVOLVED IN THE TRUST

### The Auditor

***Background and terms of appointment***

The Investment Manager, in consultation with the Trustee, pursuant to a resolution passed by its Board dated January 27, 2025 has appointed PKF Sridhar & Santhanam LLP, Chartered Accountants (Firm Registration No. 003990S/S200018) as the auditor of the Trust to hold office up till the conclusion of 1st annual meeting of the Unitholders. The Auditor has audited the Special Purpose Combined Financial Statements and has examined the Projections of Revenue from Operations and Cash Flow from Operating Activities, and its report in relation to such Special Purpose Combined Financial Statements dated January 27, 2025 and Projections of Revenue from Operations and Cash Flow from Operating Activities dated January 27, 2025 have been included in this Draft Placement Memorandum.

***Functions, Duties and Responsibilities of the Auditor***

The functions, duties and responsibilities of the Auditor will be in accordance with the InvIT Regulations. As per Regulation 10(22) of the InvIT Regulations, the Investment Manager shall ensure that the Auditor audits the accounts of the Trust not less than once in a year and such report is submitted to the Stock Exchange within 60 days of the end of the financial year. Further, such report shall be submitted to the Unitholders and the Trustee, either electronically or through physical copies. Presently, in terms of the InvIT Regulations, in addition to the functions of the Auditor, the Auditor is required to comply with the following conditions at all times:

1. the Auditor shall conduct audit of the accounts of the Trust in accordance with the manner as specified in the InvIT Regulations and draft the audit report based on the accounts examined after taking into account the relevant accounting and auditing standards, as may be specified by SEBI;

2. the Auditor shall, to the best of its information and knowledge, ensure that the accounts and financial statements give a true and fair view of the state of the affairs of the Trust, including profit or loss and cash flow for the period and such other matters as may be specified by SEBI;

3. the Auditor shall have a right of access at all times to the books of accounts and vouchers pertaining to activities of the Trust;

4. the Auditor shall have a right to require such information and explanation pertaining to activities of the Trust as he may consider necessary for the performance of his duties as auditor from the employees of the Trust or any Holding Company or parties to the Trust or the Project SPVs or any Holding Company and/or the SPVs or any other person in possession of such information; and

5. the Auditor shall undertake a limited review of the audit of all the entities or companies whose accounts are to be consolidated with the accounts of the Trust as per applicable Ind AS, in such manner as specified by SEBI.

### The Valuer

***Background and terms of appointment***

The Investment Manager, in consultation with the Trustee, pursuant to a resolution passed by its Board dated January 27, 2025 has appointed iVAS Partners, represented by its partner, Shubhendu Saha (Valuer Registration Number IBBI/RV-E/02/2020/112) as the valuer of the Trust, in relation to the Offer. In accordance with the InvIT Regulations, the Valuer has undertaken a full valuation of the Initial Portfolio Assets, and their report dated January 27, 2025 in relation to such valuation as on September 30, 2024, has been included in this Draft Placement Memorandum.

***Functions of the Valuer***

The functions, duties and responsibilities of the Valuer will be in accordance with the InvIT Regulations. The Valuer shall conduct the valuation of all assets of the Trust not less than once a year and such report shall be submitted to the Stock Exchange within 15 days of the receipt of such valuation report. Presently, in terms of the InvIT Regulations, the Valuer is required to comply with the following conditions at all times:

1. the Valuer shall ensure that the valuation of the InvIT Assets is impartial, true and fair and is in accordance with Regulation 21 of the InvIT Regulations;

2. the Valuer shall ensure that adequate and robust internal controls to ensure the integrity of its valuation reports;

3. the Valuer shall ensure that it has sufficient key personnel with adequate experience and qualification to perform valuations;

4. the Valuer shall ensure that it has sufficient financial resources to enable it to conduct its business effectively and meet its liabilities;

5. the Valuer and any of its employees involved in valuing of the assets of the Trust, shall not, (i) invest in Units or in the assets being valued; and (ii) sell the assets or Units held prior to being appointed as the valuer, until the time the Valuer is designated as the valuer of the Trust and not less than six months after ceasing to be valuer of the Trust;

6. the Valuer shall conduct valuation of the Trust's assets with transparency and fairness and shall render, at all times, high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment;

7. the Valuer shall act with independence, objectivity and impartiality in performing the valuation;

8. the Valuer shall discharge its duties towards the Trust in an efficient and competent manner, utilizing its knowledge, skills and experience in best possible way to complete given assignment;

9. the Valuer shall not accept remuneration, in any form, for performing a valuation of the Trust's assets from any person other than the Trust or its authorized representative;

10. the Valuer shall before accepting any assignment from any related party of the Trust, disclose to the Trust any direct or indirect consideration which the valuer may have in respect of such assignment;

11. the Valuer shall disclose to the Trust any pending business transactions, contracts under negotiation and other arrangements with the Investment Manager or any other party whom the Trust is contracting with and any other factors that may interfere with the valuer's ability to give an independent and professional valuation of the assets;

12. the Valuer shall not make false, misleading or exaggerated claims in order to secure assignments;

13. the Valuer shall not provide misleading valuation, either by providing incorrect information or by withholding relevant information;

14. the Valuer shall not accept an assignment which interferes with its ability to do fair valuation; and

15. the Valuer shall, prior to performing a valuation, acquaint itself with all laws or regulations relevant to such valuation.

**Policy on Appointment of Auditor and Valuer**

The Investment Manager has adopted a policy on the appointment of auditor and valuer of the Trust, details of which are provided below:

1. ***Appointment of the auditor of the Trust***

   (i) The Investment Manager, in consultation with the Trustee to the Trust, shall appoint the auditor of the Trust (the "**Auditor**"), in a timely manner and in accordance with the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, as amended or supplemented, including any guidelines, circulars, notifications and clarifications framed or issued thereunder (the "**InvIT Regulations**").

   (ii) The Investment Manager shall ensure that the appointment of the Auditor and the fees payable to the Auditor is approved by the unitholders of the Trust (the "**Unitholders**") in accordance with the InvIT Regulations.

   (iii) The Auditor, so appointed, shall be one who has subjected itself to the peer review process of the Institute of Chartered Accountants of India ("**ICAI**") and who holds a valid certificate issued by the Peer Review Board of ICAI.

(iv) The Investment Manager shall ensure that if the removal of the Auditor and appointment of another auditor to the Trust is taken up at a meeting of the Unitholders at the request of the Unitholders, such removal of the Auditor shall be approved by the Unitholders in accordance with the InvIT Regulations.

(v) The Investment Manager shall appoint an individual or a firm as the Auditor, who shall hold office from the date of conclusion of the annual meeting in which the Auditor has been appointed till the date of conclusion of the sixth annual meeting of the Unitholders in accordance with the procedure for selection of auditors, as may be specified by SEBI.

(vi) The Investment Manager shall not appoint or re-appoint:

(a) an individual as the Auditor for more than one term of five consecutive years, provided that such individual, upon completion of one term of five consecutive years, shall not be eligible for re-appointment as the auditor in the Trust for a period of five years from the date of completion of the term; and

(b) an audit firm as the Auditor for more than two terms of five consecutive years, provided that, upon completion of two terms of five consecutive years, such audit firm shall not be eligible for re-appointment as the auditor in the Trust for a period of five years from the date of completion of its term.

(vii) The Investment Manager shall ensure that the audit of accounts of the Trust by the Auditor is done not less than once in a year and such report is submitted to the stock exchange within the timelines prescribed under the InvIT Regulations.

(viii) The Auditor shall conduct the audit of the accounts of the Trust and draft the audit report based on the accounts examined by it after taking into account the relevant accounting and auditing standards under applicable law, including the InvIT Regulations and any guidelines, circulars, notifications and clarifications framed or issued by the Securities and Exchange Board of India, as may be specified from time to time.

(ix) The Auditor shall undertake a limited review of the audit of all the entities or companies whose accounts are to be consolidated with the accounts of the Trust as per the relevant auditing standards under applicable law and in accordance with the InvIT Regulations or such other manner as may be specified by SEBI.

(x) The Auditor shall comply with the conditions prescribed under the InvIT Regulations at all times, including the following:

(a) the accounts of the Trust shall be subjected to audit by the Auditors and shall be accompanied by a report of the Auditors in such manner and at such intervals as may be prescribed under applicable law, including the InvIT Regulations;

(b) the Auditor shall, to the best of his information and knowledge, ensure that the accounts and financial statements give a true and fair view of the state of the affairs of the Trust, including profit or loss and cash flow for the period and such other matters as may be specified by SEBI;

(c) the Auditor shall have a right of access at all times to the books of accounts and vouchers pertaining to activities of the Trust; and

(d) the Auditor shall have a right to require such information and explanation pertaining to activities of the Trust as he may consider necessary for the performance of his duties as auditor from the employees of Trust or any holding company or parties to the Trust or any holding company or the special purpose vehicle(s) or any other person in possession of such information.

(xi) The Investment Manager, in consultation with the Trustee, shall have the right to take all necessary steps to remove the Auditor who ceases to comply with the eligibility criteria required under the InvIT Regulations and applicable law. In case of removal of the auditor and appointment of another auditor to the Trust, approval from the Unitholders shall be required in accordance with the InvIT Regulations.

2. ***Appointment of the valuer of the Trust***

(i) The Investment Manager, in consultation with Trustee, shall appoint the valuer of the Trust ("**Valuer**"), in a timely manner and shall determine the remuneration of such Valuer, in accordance with the InvIT Regulations. A 'Valuer' shall have the meaning provided under the InvIT Regulations.

(ii) The remuneration of the Valuer shall not be linked to or based on the value of the assets being valued.

(iii) The Valuer shall not be an associate of any of the Sponsor or the Investment Manager or Trustee. The Valuer shall have the minimum number of years of experience in valuation of infrastructure assets as may be required under the InvIT Regulations.

(iv) The Valuer shall be eligible to act as a valuer in accordance with the InvIT Regulations or any clarifications, guidelines, notifications or exemptions issued by SEBI.

(v) A Valuer shall not undertake valuation of the same project for more than four years consecutively, provided that the Valuer may be reappointed after a period of not less than two years from the date it ceases to be the Valuer of the Trust.

(vi) The Valuer shall not undertake valuation of any assets in which it has either been involved with the acquisition or disposal within the last twelve months other than such cases where the Valuer was engaged by the Trust for such acquisition or disposal.

(vii) In terms of the policy, the Valuer shall comply with the following conditions at all times:

(a) the Valuer shall ensure that the valuation of the Trust's assets is impartial, true and fair and is in accordance with the InvIT Regulations;

(b) the Valuer shall ensure adequate and robust internal controls to ensure the integrity of its valuation reports;

(c) the Valuer shall ensure that it has sufficient key personnel with adequate experience and qualification to perform valuations;

(d) the Valuer shall ensure that it has sufficient financial resources to enable it to conduct its business effectively and meet its liabilities;

(e) the Valuer and any of its employees involved in valuing of the assets of the Trust, shall not:

- invest in units of the Trust or in the assets being valued; and
- sell the assets or units of the Trust held prior to being appointed as the Valuer,

until the time such person is designated as Valuer of the Trust and not less than six months after ceasing to be Valuer of the Trust;

(f) the Valuer shall conduct valuation of the Trust's assets with transparency and fairness and shall render, at all times, high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment;

(g) the Valuer shall act with independence, objectivity and impartiality in performing the valuation;

(h) the Valuer shall discharge its duties towards the Trust in an efficient and competent manner, utilizing its knowledge, skills and experience in best possible way to complete given assignment;

(i) the Valuer shall not accept remuneration, in any form, for performing a valuation of the InvIT Assets from any person other than the Trust or its authorized representative;

(j) the Valuer shall before accepting any assignment, from any related party of the Trust, disclose to the Trust, through the Investment Manager or the Trustee, any direct or indirect consideration which the Valuer may have in respect of such assignment;

(k) the Valuer shall disclose to the Trust, through the Investment Manager, any pending business transactions, contracts under negotiation and other arrangements with the Investment Manager or any other party whom the Trust is contracting with and any other factors that may interfere with the Valuer's ability to give an independent and professional valuation of the assets, and other necessary disclosures required under the InvIT Regulations;

(l) the Valuer shall not make false, misleading or exaggerated claims in order to secure assignments;

(m) the Valuer shall not provide misleading valuation, either by providing incorrect information or by withholding relevant information;

(n) the Valuer shall not accept an assignment which interferes with its ability to do fair valuation; and

(o) the valuer shall, prior to performing a valuation, acquaint itself with all laws or regulations relevant to such valuation.

(viii) The Investment Manager, in consultation with the Trustee, shall have the right to take all necessary steps to remove the Valuer who ceases to comply with the eligibility criteria required under the InvIT Regulations and applicable law. If the removal of the Valuer and appointment of another valuer to the Trust is taken up at a meeting of the Unitholders at the request of the Unitholders, such removal of the Valuer shall be approved by the Unitholders in accordance with the InvIT Regulations

## CORPORATE GOVERNANCE

*The section below is a summary of the corporate governance framework in relation to the Trust, implemented by or to be implemented by the Investment Manager and the Project SPVs*/ Holdco*, as applicable and as specified in this section.*

### 1. Investment Manager

TVS Infrastructure Investment Manager Private Limited is the investment manager of the Trust. For further details on the background of the Investment Manager, please see the section entitled "*Parties to the Trust – The Investment Manager - TVS Infrastructure Investment Manager Private Limited*" on page 192.

**Board *of Directors***

*Composition and responsibilities of the Board of Directors of the Investment Manager*

The Board of Directors (the "**Board**") of the Investment Manager shall adhere to the following:

(a) the Board shall comprise not less than six directors and have not less than one woman independent director;

(b) not less than 50% of the Board shall comprise independent directors and such directors shall not be directors or members of the governing board of the investment manager of another infrastructure investment trust registered under the InvIT Regulations;

(c) the independence of directors shall be determined in accordance with the Companies Act, InvIT Regulations and other applicable law; and such other requirements as may be specified in the articles of association of the Investment Manager;

(d) the appointment of directors to the Board shall be conducted in accordance with the Companies Act, InvIT Regulations and the SEBI Listing Regulations, as applicable;

(e) the Board shall satisfy itself that plans are in place for orderly succession for appointment to the board of directors and senior management;

(f) the Board shall lay down a code of conduct for all members of the Board and senior management;

(g) the Board shall lay down procedures to inform the members of the board of directors about risk assessment and minimization procedures;

(h) the Board shall be responsible for framing, implementing and monitoring the risk management plan for the Trust;

(i) the chairman of the Board, if any, may be an executive or a non-executive director; and

(j) collective experience of the directors on the Board should cover a broad range of commercial experience, particularly experience in infrastructure sector (including the applicable sub-sector), including development, investment/fund management or advisory and financial matters.

For details of the current composition of the Board, please see the section entitled "*Parties to the Trust – Investment Manager*" on page 192.

*Quorum*

The quorum of every meeting of the Board shall be at least one-third of the number of directors on the board of directors or three directors, whichever is higher, including at least one independent director.

*Frequency of meetings*

The Board shall meet at least four times every year, with a maximum gap of 120 days between any two successive meetings. Additionally, the Board of directors of the Investment Manager shall meet prior to any meeting of the Unitholders and approve the agenda for Unitholders' meetings, which shall include items as required under the InvIT Regulations.

*Sitting fee*

The directors of the Investment Manager will receive sitting fee for attending board meetings and meetings of the committees, in accordance with the provision of the Companies Act and other applicable laws.

1. **InvIT Committee**

The Board has constituted the InvIT Committee pursuant to a resolution dated January 27, 2025, for the purpose of managing, operating and supervising the functioning of the Trust. The InvIT Committee consists of the following members:

(i) P S Jayakumar; and

(ii) Sargunaraj Ravichandran.

Amongst others, the Board has delegated to the InvIT Committee the authority and responsibility of performing all activities in relation to the proposed offer by the Trust and any future issues that may be undertaken by the Trust. The InvIT Committee shall perform and discharge (under the overall supervision of the Board) the authority and responsibility so granted to it, in the manner it may deem fit and proper, in the best interest of the Trust, and in accordance with the policies adopted by the Investment Manager from time to time. The key terms of reference of the InvIT Committee are set out below:

(i) to prepare, finalize and approve the offer documents for the Offer and filing (and if deemed necessary, withdrawing) the same with any authority or persons as may be required;

(ii) to arrange the delivery and execution of all contracts, agreements and all other documents, deeds and instruments as may be required or desirable in connection with the Offer;

(iii) to negotiate, enter into, terminate and execute, agreements in relation to the Trust and the Offer, including agreements with investors, merchant bankers, lead managers, legal advisors, depository, custodian, registrar, escrow agent and any other intermediaries or parties in connection with the Offer, including any amendments or supplements thereto, as necessary or appropriate;

(iv) to authorise and approve the incurring of expenditure and payment of fees, commission, remuneration and expenses in connection with the Offer;

(v) to open such bank accounts and demat accounts as may be required for the Offer;

(vi) issuing all documents and authorising one or more officers of the Company to sign all or any of the aforementioned documents;

(vii) to appoint the intermediaries, agents or service providers as may be required for the purposes of the Offer; and

(viii) to do all such acts, deeds, matters and things and execute all such other documents, etc. as may be deemed necessary or desirable for the Offer.

2. **Investment Committee**

The Board has constituted the Investment Committee pursuant to a resolution dated January 27, 2025, for the purpose of formulating the strategic investments plan, to review every investment and divestment decision of the Trust and the Project SPVs/ Holdco, to evaluate, analyse and execute various mergers and acquisitions. The Investment Committee consists of the following members:

(i) Uma Shanmukhi Sistla;

(ii) P S Jayakumar; and

(iii) Anand Raghavan.

The Investment Committee shall perform and discharge (under the supervision of the Board) the authority and responsibility so granted to it, in the manner it may deem fit and proper, in the best interest of the Trust, and in accordance with the policies adopted by the Investment Manager from time to time. The key terms of reference of the Investment Committee are set out below:

(i) to formulate strategic investment decisions and the expenditures to be involved;

(ii) to review every investment and divestment transaction, including the terms of such transaction, with respect to the underlying assets or projects of the Trust and the Project SPVs/ Holdco including any further investment or divestment;

(iii) to review any transactions that are proposed to be entered into by the Trust that have a potential for a conflict of interest in the assessment by the members of the Investment Committee or Board or Sponsor and refer to the Board for a final resolution thereof;

(iv) to evaluate, review and recommend to the Board the various mergers and amalgamations or takeover or acquisitions opportunities;

(v) to review periodically the portfolio investments and monitor the assets of the Project SPVs/ Holdco;

(vi) to receive reports from the valuers with respect to valuation of any assets or projects of the Trust;

(vii) to identify insurance agencies and enter into contract to secure the underlying assets and projects from any financial losses; and

(viii) to consider any other additional matters, as may be delegated by the Board.

3. **Risk Management Committee**

The Board has constituted the Risk Management Committee pursuant to a resolution dated January 27, 2025, for the purpose of assisting the Board in fulfilling its fiduciary responsibilities towards the Investment Manager in the best interest of all stakeholders of the Trust and the Project SPVs/ Holdco. The Risk Management Committee is in compliance with Section 177 and other applicable provisions of the Companies Act, 2013, the InvIT Regulations and Regulation 18 and 21 of the SEBI Listing Regulations. The Risk Management Committee consists of the following members:

(i) P.S. Jayakumar;

(ii) Sistla Uma Shanmukhi; and

(iii) Ramnath Subramaniam.

The Risk Management Committee shall perform and discharge (under the overall supervision of the Board) the authority and responsibility so granted to it, in the manner it may deem fit and proper, in the best interest of the Trust, and in accordance with the policies adopted by the Investment Manager from time to time. The key terms of reference of the Risk Management Committee are set out below:

(i) A framework for identification of internal and external risks specifically faced by the Trust, in particular including financial, operational, sectoral, sustainability (particularly, ESG related risks), information, cyber security risks or any other risk as may be determined by the Committee;

(ii) Measures for risk mitigation including systems and processes for internal control of identified risks;

(iii) Business continuity plan;

(iv) To ensure that appropriate methodology, processes and systems are in place to monitor and evaluate risks associated with the business of the Trust

(v) To monitor and oversee implementation of the risk management policy, including evaluating the adequacy of risk management systems;

(vi) To periodically review the risk management policy, at least once in two years, including by considering the changing industry dynamics and evolving complexity;

(vii) To keep the Board of Directors informed about the nature and content of its discussions, recommendations and actions to be taken;

(viii) To coordinate its activities with other committees, in instances where there is any overlap with activities of such committees, as per the framework laid down by the Board of Directors;

(ix) The appointment, removal and terms of remuneration of the chief risk officer (if any) shall be subject to review by the Risk Management Committees.

4. **Audit Committee**

The Board has constituted the Audit Committee pursuant to a resolution dated January 27, 2025, for the purpose of assisting the Board in fulfilling its fiduciary responsibilities towards the Investment Manager in the best interest of all stakeholders of the Trust and the Project SPVs/ Holdco. The Audit Committee is in compliance with Section 177 and other applicable provisions of the Companies Act, 2013, the InvIT Regulations and Regulation 18 and 21 of the SEBI Listing Regulations. The Audit Committee consists of the following members:

(i) Anand Raghavan;

(ii) Uma Shanmukhi Sistla; and

(iii) Aditi Kumar.

The Audit Committee shall perform and discharge (under the overall supervision of the Board) the authority and responsibility so granted to it, in the manner it may deem fit and proper, in the best interest of the Trust, and in accordance with the policies adopted by the Investment Manager from time to time. The key terms of reference of the Audit Committee are set out below:

(i) oversight of the Trust's financial reporting process and the disclosure of its financial information to ensure that the financial statement is correct, sufficient and credible;

(ii) recommendation for appointment, re-appointment and replacement, remuneration and terms of appointment of the statutory auditors of the Trust and the audit fee, subject to the approval of the unitholders;

(iii) approval of payment to statutory auditors of the Trust for any other services rendered by the statutory auditors;

(iv) reviewing, with the management, the annual financial statements and auditor's report thereon before submission to the board for approval, with particular reference to:

a) matters required to be included in the director's responsibility statement to be included in the board's report in terms of Clause C of Sub-Section (3) of Section 134 of the Companies Act, 2013

b) changes, if any, in accounting policies and practices and reasons for such change;

c) major accounting entries involving estimates based on the exercise of judgment by management;

d) significant adjustments made in the financial statements arising out of audit findings;

e) compliance with listing and other legal requirements relating to financial statements;

f) disclosure of any related party transactions; and

g) qualifications/ modified opinions in the draft audit report;

(v) recommending such related party transactions to the IM Board or the unitholders, as may be required under the InvIT Regulations

(vi) reviewing, with the management, the periodic financial statements, including but not limited to quarterly, half-yearly and annual financial statements of the Trust whether standalone or consolidated or in any other form before submission to the Board for approval;

(vii) reviewing, with the management, the statement of uses/application of funds raised through an issue of units by the Trust (public issue, rights issue, preferential issue, private placement, etc.), and any issue of debt securities and the statement of funds utilized for purposes other than those stated in the offer documents /notice and making appropriate recommendations to the IM Board for follow-up action;

(viii) reviewing and monitoring the statutory auditor's independence and performance, and effectiveness of audit process;

(ix) approval or any subsequent modification of transactions of the Trust with related parties;

(x) scrutiny of loans and investments of the Trust;

(xi) reviewing valuation reports of the Trust required to be prepared under applicable law, periodically, and as required, under applicable law;

(xii) valuation of undertakings or assets of the Trust, wherever it is necessary;

(xiii) evaluation of internal financial controls and risk management systems of the Trust;

(xiv) reviewing, with the management, performance of statutory auditors of the Trust, adequacy of the internal control systems as necessary;

(xv) reviewing the adequacy of internal audit function, if any of the Trust, including the structure of the internal audit department, staffing and seniority of the official heading the department, reporting structure coverage and frequency of internal audit;

(xvi) discussion with internal auditors, if any, of any significant findings relating to the Trust and follow up there on;

(xvii) reviewing the findings of any internal investigations by the internal auditors into matters where there is suspected fraud or irregularity or a failure of internal control systems of a material nature and reporting the matter to the board;

(xviii) reviewing and monitoring the independence and performance of the valuer of the Trust;

(xix) discussion with statutory auditors and valuers of the Trust before the audit or valuation commences, respectively, about the nature and scope of audit as well as post-audit/valuation discussion to ascertain any area of concern;

(xx) Monitoring the end use of funds raised pursuant to an offer of the units of the Trust in accordance with the InvIT Regulations;

(xxi) to look into the reasons for substantial defaults in the payment to the depositors, debenture holders, and creditors;

(xxii) giving recommendations to the Board regarding appointment, re-appointment and replacement, remuneration and terms of appointment of the valuer of the Trust;

(xxiii) evaluating any defaults or delay in payment of distributions to the unitholders or dividends by the SPVs to the Trust and payments to any creditors of the Trust or the SPVs, and recommending remedial measures;

(xxiv) Reviewing management's discussion and analysis of financial condition and results of operations of the Trust;

(xxv) Reviewing the statement of significant related party transactions, submitted by the management;

(xxvi) Granting omnibus approval for related party transactions (which approvals shall be valid for a period not exceeding one year from the date of each such approval, and related party transactions undertaken after the expiry of such period shall require fresh approval of the Audit Committee);

(xxvii) Review, on a quarterly basis, of the details of related party transactions entered into by the Trust pursuant to the omnibus approval

(xxviii) Reviewing the management letters/internal audit reports and letters of internal control weaknesses issued by the statutory auditors or internal auditors of the Trust;

(xxix) to review the functioning of the whistle blower mechanism;

(xxx) approval of appointment of chief financial officer/ finance head after assessing the qualifications, experience and background, etc. of the candidate;

(xxxi) reviewing the utilization of loans and/or advances from/investment by the Trust in the SPV exceeding ₹1,000 million or 10% of the asset size of the SPV, whichever is lower including existing loans/advances/ investments;

(xxxii) consider and comment on rationale, cost-benefits and impact of schemes involving merger, demerger, amalgamation etc., on the Trust and its unitholders;

(xxxiii) Approving any management information systems or interim financial statements to be submitted by the Trust to any unitholder or regulatory or statutory authority;

(xxxiv) The appointment, removal and terms of remuneration of the chief internal auditor shall be subject to review by the audit committee;

(xxxv) Reviewing the statement of deviations for Trust:

a) quarterly statement of deviation(s) including report of monitoring agency, if applicable, submitted to stock exchange(s) in terms of Regulation 32(1) of the Listing Regulations; and

b) annual statement of funds utilized for purposes other than those stated in the offer document/prospectus/notice in terms of Regulation 32(7) of the Listing Regulations.

(xxxvi) Formulating any policy for the Investment Manager as necessary, in relation to its functions, as specified above; and

(xxxvii) Performing such other activities as may be delegated by the IM Board and/ or are statutorily prescribed under any law to be attended to by the Audit Committee.

5. **Nomination and Remuneration Committee**

The Board has constituted the Nomination and Remuneration Committee pursuant to a resolution dated January 27, 2025, for the purpose of assisting the Board with the appointment and removal, qualifications, performance evaluation, nomination and remuneration of directors on the Board of the Investment Manager. The Nomination and Remuneration Committee consists of the following members:

(i) Mahalingam Seturaman;

(ii) Anand Raghavan; and

(iii) Sargunaraj Ravichandran.

The Nomination and Remuneration Committee shall perform and discharge (under the supervision of the Board) the authority and responsibility so granted to it, in the manner it may deem fit and proper, in the best interest of the Trust, and in accordance with the policies adopted by the Investment Manager from time to time. The Nomination and Remuneration Committee is in compliance with Section 178 and other applicable provisions of the Companies Act, 2013, the InvIT Regulations and Regulation 19 of the SEBI Listing Regulations. The key terms of reference of the Nomination and Remuneration Committee are set out below:

(i) formulation of the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board of Directors a policy relating to, the remuneration of the directors, key managerial personnel and other employees;

(ii) For every appointment of an independent director, the Nomination and Remuneration Committee shall evaluate the balance of skills, knowledge and experience on the Board and on the basis of such evaluation, prepare a description of the role and capabilities required of an independent director. The person recommended to the Board for appointment as an independent director shall have the capabilities identified in such description. For the purpose of identifying suitable candidates, the Committee may:

(a) use the services of an external agencies, if required;

(b) consider candidates from a wide range of backgrounds, having due regard to diversity; and

(c) consider the time commitments of the candidates

(iii) formulation of criteria for evaluation of performance of independent directors and the board of directors;

(iv) devising a policy on diversity of Board of Directors;

(v) identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down, and recommend to the board of directors their appointment and removal;

(vi) whether to extend or continue the term of appointment of the independent director, on the basis of the report of performance evaluation of independent directors;

(vii) recommend to the board, all remuneration, in whatever form, payable to senior management (if any).

6. **Stakeholders' Relationship Committee**

The Board has constituted the Stakeholders' Relationship Committee pursuant to a resolution dated January 27, 2025,, for the purpose of assisting the Board with resolving the grievances of the security holders of the Investment Manager including, *inter alia*, complaints related to transfer/transmission of shares, non-receipt of annual report, non-receipt of declared dividends, issue of new/duplicate certificates and general meetings. The Stakeholders' Relationship Committee is in compliance with Section 178 and other applicable provisions of the Companies Act, 2013, the InvIT Regulations and Regulation 20 of the SEBI Listing Regulations. The Nomination and Remuneration Committee consists of the following members:

(i) Sargunaraj Ravichandran;

(ii) Aditi Kumar; and

(iii) Anand Raghavan.

The Stakeholders' Relationship Committee shall perform and discharge (under the supervision of the Board) the authority and responsibility so granted to it, in the manner it may deem fit and proper, in the best interest of the Trust, and in accordance with the policies adopted by the Investment Manager from time to time. The key terms of reference of the Stakeholders' Relationship Committee are set out below:

(i) Resolving the grievances of the security holders of the Trust and/or the Investment Manager including complaints related to transfer/transmission of units, non-receipt of annual report, non-receipt of declared dividends, issue of new/duplicate certificates, general meetings etc.

(ii) Review of measures taken for effective exercise of voting rights by unitholders of the Trust and/or shareholders of the Investment Manager;

(iii) Review of adherence to the service standards adopted by the Trust and/or the Investment Manager in respect of various services being rendered by the Registrar; and

(iv) Review of the various measures and initiatives taken by the Trust and/or the Investment Manager for reducing the quantum of unclaimed distributions as applicable and ensuring timely receipt of annual reports/statutory notices by the unitholders of the Trust.

***Policies of the Board of Directors of the Investment Manager in relation to the Trust***

The Board will adopt policies for corporate governance as may be required from time to time in accordance with applicable law and the InvIT Regulations. The Board has adopted the following policies under the corporate governance framework of the Trust, however all these policies will be effective from the Completion Date:

**A. Distribution Policy**

The Investment Manager has adopted a distribution policy in relation to the Trust ("**Distribution Policy**") pursuant to a resolution of its board of directors dated January 27, 2025. For details of the Distribution Policy, please see the section entitled "*Distributions*" on page 470.

**B. Policy on Appointment of Auditor and Valuer**

The Investment Manager has adopted a policy on appointment of auditor and valuer ("**Appointment Policy**") pursuant to a resolution of its board of directors dated January 27, 2025. For details, please see the section entitled "*Other Parties involved in the Trust*" on page 214.

**C. Borrowing Policy**

The Investment Manager has adopted a borrowing policy in relation to the Trust ("**Borrowing Policy**") pursuant to a resolution of its board of directors on January 27, 2025. The key principles of the Borrowing Policy are set out below:

(i) The Trust may raise debt and avail borrowings and deferred payments from time to time, including through (i) issuance of debt securities, in the manner specified by SEBI, and in accordance with applicable law, and (ii) availing loans (funds and non-funds based both) from banks and financial institutions in accordance with applicable law (including the InvIT Regulations). The Trust shall be permitted to borrow monies through any permitted means, by any instrument, in Indian or foreign currency, as permitted by applicable law, including as prescribed by the Reserve Bank of India;

(ii) The Investment Manager and the Trustee (on behalf of the Trust) shall be permitted to borrow monies in relation to the Trust, subject to the approval of its board of directors or such other committee of the board of directors of the Investment Manager as may be constituted in this regard. The Investment Manager may engage such intermediaries (include any other group companies of the Investment Manager) as may be necessary to facilitate the borrowings in relation to the Trust, holding companies or Project SPVs at such remuneration as may be reasonable and at arm's length;

(iii) Subject to the Regulation 20 of InvIT Regulations and the InvIT documents, the aggregate consolidated borrowings and deferred payments of the Trust, and the Portfolio Assets, net of cash and cash equivalents shall not exceed 70.00% of the value of the InvIT assets. It is to be noted that the investments by the Trust in overnight mutual funds, characterized by their investments in overnight securities, having maturity of one day shall be considered as cash and cash equivalent and such amount of cash and cash equivalent shall be excluded from the value of the assets of the Trust;

(iv) The Investment Manager shall ensure that if the value of funds borrowed from related parties in a financial year, exceeds 5% of the total consolidated borrowings of the Trust, any holding company and the Project SPVs or any other thresholds prescribed under the InvIT Regulations, approval from the Unitholders shall be obtained prior to entering into any such subsequent transaction with any related party, in accordance with Regulation 22 of the InvIT Regulations;

(v) The Trust also has the power to create mortgage or secure any of its assets or provide guarantees in order to borrow funds. However, the Investment Manager shall not be allowed to create any obligation which would allow the liabilities to extend beyond the assets held by the Trust;

(vi) Except with prior approval of the Unitholders and obtaining any other approvals required under applicable law (including the InvIT Regulations), any such obligation will not allow the Investment Manager to make the liabilities of the Trust or its Unitholders unlimited. In addition to the above, any borrowing by the holding companies or the Project SPVs, incorporated under the Companies Act, 1956 or the Companies Act, 2013, will be in accordance with the conditions prescribed therein.

**D. Policy on Related Party Transactions**

The Investment Manager has adopted the related party transactions policy pursuant to a resolution of its board of directors on January 27, 2025. For details of the RPT Policy, please see the section entitled "*Related Party Transactions*" on page 487.

**E. Policy on unpublished price-sensitive information and dealing in units by the parties to the Trust (the "UPSI Policy")**

The Investment Manager has adopted the UPSI Policy pursuant to a resolution of its board of directors on January 27, 2025. The purpose of the policy is to ensure that the Trust and the Investment Manager comply with applicable law, including the InvIT Regulations, as amended or supplemented or such other laws, regulations, rules or guidelines prohibiting insider trading and governing disclosure of material, unpublished price sensitive information ("**UPSI**"). The key principles of the UPSI Policy are set out below:

(i) the Investment Manager shall promptly disclose to the public all UPSI that would impact price discovery no sooner than credible and concrete information comes into being in order to make such information generally available;

(ii) the Investment Manager shall follow uniform and universal dissemination of UPSI to avoid selective disclosure;

(iii) the Compliance Officer shall be responsible for deciding whether public announcement is necessary for verifying or denying rumours and then making the disclosure, in accordance with the procedure specified in the Policy for Determining Materiality of Information for Periodic Disclosures;

(iv) the Compliance Officer shall also make an appropriate and fair response to the queries on news reports and requests for verification of market rumours by regulatory authorities, in accordance with the procedure specified in the Materiality of Information Policy. Further, no employee or representative of the Investment Manager who is in receipt of any inquiries relating to the Trust, including from any investors, shall respond to such inquiries. Such employee or representative of the Investment Manager shall refer the inquirer to the Compliance Officer or any person authorised by the Board to deal with inquiries;

(v) while dealing with analysts or research persons or large investors like institutions, the Investment Manager shall provide only public information. Alternatively, the information given to analysts or research persons shall be simultaneously made public at the earliest; and

(vi) the Investment Manager shall handle all UPSI on a "need-to-know" basis, provided that UPSI may be disclosed to persons who need such information for furtherance of legitimate purposes, performance of duties or discharge of legal obligations in relation to the Trust.

**F. Policy for Determining Materiality of Information for Periodic Disclosures (the "Materiality of Information Policy")**

The Investment Manager has adopted the Materiality of Information Policy pursuant to a resolution of its board of directors on January 27, 2025 . The Materiality of Information Policy aims to outline process and procedures for determining materiality of information in relation to periodic disclosures on the Trust's website, to the Trustee, stock exchanges and to all stakeholders at large, in relation to the Trust. The key principles of the Materiality of Information Policy are set out below:

(i) any information concerning the Trust is considered material to the business and affairs of a Trust if (i) it results in, or would reasonably be expected to result in a significant change in the market price or value of units of the Trust; or (ii) if there is a substantial likelihood that a reasonable Unitholder would consider it important in determining whether to buy, sell or hold, or engage in other transactions concerning the Trust's units; or (iii) the investor would consider important in making an investment decision;

(ii) the Investment Manager or the Trustee shall provide to SEBI and to the Stock Exchange, wherever applicable, such information as may be sought by SEBI or by the Stock Exchange pertaining to the activity of the Trust;

(iii) certain events or information concerning the business and affairs of the Trust if (i) it results in, or would reasonably be expected to result in a significant change in the market price or value of Units of the Trust; or (ii) if there is a substantial likelihood that a reasonable Unitholder would consider it important in determining whether to buy, sell or hold, or engage in other transactions concerning the Trust's Units; or (iii) the investor would consider important in making an investment decision shall be deemed to be material information and against which Trust shall not be required to apply the criteria for determining materiality of information;

(iv) the Trust shall also submit such information to the Stock Exchange(s) and Unitholders on a periodical basis as may be required under the listing agreement. Further, the trust shall disclose all such information as may be specified by SEBI to the Stock Exchange(s), Unitholders and SEBI in the manner as may be specified by SEBI; and

(v) the Materiality of Information for Periodic Disclosures Policy also provides for the approval process for disclosure or dissemination of any material or unpublished price sensitive information on behalf of the Trust and authorises the compliance officer and other authorised persons to make the disclosures, as may be required.

**G. Nomination and Remuneration Policy**

The Investment Manager has adopted the Nomination and Remuneration Policy pursuant to a resolution of its board of directors on January 27, 2025. The key principles of the Nomination and Remuneration Policy are set out as below:

(i) The Nomination and Remuneration Committee is authorised by the board of directors of the Investment Manager to determine the compensation/remuneration/commission paid to non-executive and independent Directors. The commission to be paid annually will be restricted to a fixed sum, as determined by the Nomination and Remuneration Committee, on the basis of their tenor in office during the financial year;

(ii) The Nomination and Remuneration Committee will determine the annual variable pay compensation in the form of annual incentive and annual increment for the executive director based on the Investment Manager's, the Trust's and individual's performance as against the pre-agreed objectives for the year. The remuneration payable by the Investment Manager as to the executive directors shall be subject to the conditions specified in the SEBI Listing Regulations including in terms of monetary limits, approval requirements and disclosure requirements;

(iii) The Nomination and Remuneration Committee is authorised by the board of directors of the Investment Manager to determine the remuneration paid to key managerial personnel and other employees.

**H. Document Archival Policy**

The Investment Manager has adopted the Archival Policy pursuant to a resolution of its board of directors on January 27, 2025. The Archival Policy aims to provide a comprehensive policy on the preservation and conservation of the records and documents of the Trust. Please see below a summary of the Archival Policy:

(i) Type of Documents: The Trust's records and documents can be classified as physical and electronic records. Documents can also be categorized into documents to be preserved for limited life span and those to be preserved permanently. Documents preserved for a limited period shall be preserved for a period as required under the InvIT Regulations and applicable law.

(ii) Physical records would consist of all the hand written or printed and signed books and record maintained by the Investment Manager in physical form. Electronic records would comprise of all such documents which are digitally or virtually maintained in the electronic forms. Electronic record shall be authenticated by digital signatures.

(iii) Place of preservation of documents and records: All records and documents, along with all the supportive documents which are physically available shall be maintained at the principal place of business of the Trust, presently being 9$^{th}$ Floor (Part), Iconic Building, Urmi Estate, 95 Ganpatrao Kadam Marg, Lower Parel (West), Mumbai 400 013, Maharashtra, India. All the documents required to be maintained in terms of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, and SEBI Listing Regulations, as amended or supplemented by, including any guidelines, circulars, notifications and clarifications framed or issued thereunder, secretarial standards, listing agreements, and any applicable law, shall be preserved under the custody of the compliance officer of the Trust.

(iv) All financial records required to be maintained in terms of the InvIT Regulations, prescribed accounting standards, Income-tax Act, 1961 and other applicable law, shall be maintained under the custody of the relevant official of the Investment Manager.

(v) For paucity of space at the principal place of business of the Trust, data may be kept at an external storage facility, provided that the data so preserved is capable of being easily accessed and retrieved when need be.

(vi) Method and tenor of preservation: All the statutory documents shall be preserved for a minimum period of eight financial years, after completion of the relevant transactions, and since creation of the Trust, when the Trust has been created for a period of less than eight years; or such longer duration if prescribed under applicable law. Documents shall be preserved in a chronological manner for each financial year. The person in charge of custody of the documents shall be responsible for proper maintenance and safe keeping of

documents under his custody. The Trust shall maintain back-up of all documents preserved in the electronic form.

(vii) Documents which are confidential in nature shall, wherever possible, be kept under lock and key and shall be shared on need to know basis only with persons directly involved in the transaction involving such documents and records.

(viii) Inspection: If required under applicable law, some of the registers and records may be required to be kept open by a Trust for inspection by directors of the Investment Manager and Unitholders of the Trust and by other persons, including creditors of the Trust. Upon receipt of advance notice from a Unitholder or from any other specified person. The Trust shall facilitate inspection of such documents by such persons and allow extracts to be taken from certain documents, registers and records and to furnish copies of certain documents, registers and records. Such documents and records shall be kept open for inspection during the business hours of the Trust without payment of any fee.

(ix) Documents hosted on the Trust website: Documents which are statutorily or regulatorily required to be hosted on the Trust website shall be hosted within the prescribed timeline from the occurrence of the event. All statutory data shall be hosted on the Trust website for a prescribed period under the applicable law, after which it shall be preserved in the archival folder of the Trust maintained offline, until it is destroyed upon the expiry of the statutory period for the preservation suchdocuments.

Register of documents destroyed to be maintained: Documents and records may be destroyed after the expiry of the statutory period for the preservation the documents, after keeping a suitable record of documents destroyed.

**I. Code of Conduct of the Trust (the "Code")**

The Board has adopted the Code pursuant to a resolution dated January 27, 2025, in relation to the Trust. The Code shall be complied with at all times, in accordance with the InvIT Regulations. The key principles of the Code are set out below:

(i) the Trust and the Parties to the Trust shall conduct all affairs of the Trust in the interest of all the Unitholders of the Trust;

(ii) the Trust and the Parties to the Trust shall make adequate, accurate, explicit and timely disclosure of relevant material information to all Unitholders, the stock exchanges and the SEBI in accordance with the InvIT Regulations and as may be specified by the stock exchanges from time to time;

(iii) the Trust and the Parties to the Trust shall try to avoid conflicts of interest, as far as possible, in managing the affairs of the Trust and keep the interest of all Unitholders paramount in all matters. In case such events cannot be avoided, it shall be ensured that appropriate disclosures are made to the Unitholders and they are fairly treated;

(iv) the Trust and the Parties to the Trust shall ensure that fees charged by them with respect to activities of the Trust shall be fair and reasonable;

(v) the Investment Manager shall carry out the business of the Trust and invest in accordance with the investment objectives (as disclosed in the offer document/ placement memorandum) and take investment decisions solely in the interest of Unitholders;

(vi) the Trust, the Parties to the Trust and any third party appointed by the Investment Manager shall not use any unethical and unlawful means to sell, market or induce any person to buy units of the Trust and where a third party appointed by the Investment Manager fails to comply with this condition, the Investment Manager shall be held liable for the same;

(vii) the Trust and the Parties to the Trust shall maintain high standards of integrity and fairness in all their dealings and in the conduct of their business;

(viii) the Trust and the Parties to the Trust shall render at all times high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment; and

(ix) the Trust and the Parties to the Trust shall not make any exaggerated statement, whether oral or written, either about their qualifications or capabilities or experience.

**J. Policy on Code of Conduct for Board of Directors and Senior Management Personnel of Investment Manager (the "CoC")**

The Board has adopted the CoC pursuant to a resolution dated January 27, 2025, for all the members of the Board and senior management personnel of the Investment Manager. The senior management personnel of the Investment Manager shall include officers and personnel of the Investment Manager who are members of its core management team, excluding the Board, and shall also comprise all members of management one level below the chief executive officer or managing director or whole time director or manager (including chief executive officer or manager, in case they are not part of the Board) and shall specifically include the compliance officer and chief financial officer/ financial controller, as applicable ("**Senior Management Personnel**").

The key terms of the CoC are set out below:

(i) The CoC enables the Investment Manager to publicly state to the external stakeholders of the Trust (suppliers, customers, consumers, Unitholders, etc.), the way in which they intend to carry out their business and their business in relation to the Trust;

(ii) In accordance with the CoC, the Board and the Senior Management Personnel should:

(a) demonstrate the highest standards of integrity, business ethics, and corporate governance, and act in accordance with the Memorandum and Article of Association of the Investment Manager;

(b) perform their roles with competence, diligence, in good faith and in the best interests of the Investment Manager, the Trust and the Unitholders of the Trust;

(c) act in good faith in order to promote the objects of the Investment Manager and provide expertise and experience in their areas of specialization and share learnings at the meetings of the Board with best interests of the Investment Manager, the Trust and its stakeholders along with the Unitholders in mind. They should point the Investment Manager's management in the 'right' direction based on their experience and judgement;

(d) give careful and independent consideration to the affairs of the Investment Manager and the Trust and all documents placed before them to satisfy themselves with the soundness of key decisions taken by the management. They should call for additional information, where necessary, for making such judgements;

(e) not engage in any business, relationship or any activity which detrimentally conflicts with the interest of the Trust or bring discredit to the Investment Manager or the Trust. Any situation that creates a conflict of interest between personal interests and the interest of the Trust or its Unitholders must be avoided at all costs;

(f) follow all the guidelines put forth in the policy for prevention of insider trading;

(g) not disclose any confidential / privileged information of the Investment Manager or the Trust and should direct any media queries or approaches to the appropriate spokesperson within the Investment Manager;

(h) not assign his/her office and any assignment so made shall be void; and

(i) not achieve or attempt to achieve any undue gain or advantage either to himself or to his relatives, partners, or associates

(iii) The CoC also sets out the duties of the independent directors on the Board, including, amongst others, (a) undertaking appropriate induction and regularly update and refresh their skills, knowledge and familiarity with the Investment Manager and the Trust; (b) seeking appropriate clarification or amplification of information and, where necessary, take and follow appropriate professional advice and opinion of outside experts at the expense of the Trust; and (c) striving to attend all meetings of the IM Board and of the committees of the IM Board, of which the independent director(s) is a member

**K. Vigil Mechanism and Whistle Blower Policy**

The Board has adopted the Vigil Mechanism and Whistle Blower Policy pursuant to a resolution of its board of directors dated January 27, 2025, in relation to the Trust. Trust and the parties to the Trust shall comply with the Vigil Mechanism and Whistle Blower Policy at all times, in accordance with the InvIT Regulations.

The key principles of the Code are set out below:

(i) formulate a vigil mechanism for directors and employees to report genuine concerns;

(ii) provide adequate safeguards against victimization of directors or employees or any other person who avail such mechanism;

(iii) provide for direct access to the chairperson of the audit committee in appropriate or exceptional cases;

(iv) An independent service provider may be engaged by the Investment Manager for providing or operating the vigil mechanism who shall report to the Audit Committee; and

(v) The Audit Committee shall review the functioning of the vigil mechanism.

**L. Risk Management Policy**

The Investment Manager has adopted the Risk Management Policy pursuant to a resolution of its board of directors on January 27, 2025. The key principles of the Risk Management Policy are set out below:

(i) The Risk Management Committee shall formulate the policies for effective identification, monitoring, mitigation of the risks. The secretary of the Risk Management Committee shall maintain the proper documentation of risks. The Risk Management Committee shall also keep the Board informed about the nature and content of the Risk Management Committee's discussions, recommendations and actions to be taken;

(ii) Audit Committee shall review the documents capturing risk ,once a year and add any new material risk identified to the existing list. These will be taken up with respective functional head for its mitigation.

(iii) Existing process of risk assessment of identified risks and its mitigation plan will be appraised by the Risk Management Committee to the Board on an annual basis.

(iv) The Risk Management shall provide reasonable assurance in protection of business value of the Trust from uncertainties and consequent losses.

**M. Policy on Familiarisation Programmes for Independent Directors of Investment Manager**

The Investment Manager has adopted the Policy on Familiarisation of Independent Directors pursuant to a resolution of its board of directors on January 27, 2025. The key principles of the Policy on Familiarisation of Independent Directors are set out below:

(i) The Investment Manager shall conduct orientation programmes/presentations/training sessions, periodically at regular intervals, to familiarize the independent directors with the strategy, operations and functions of the Trust.

(ii) Such orientation programmes/presentations/training sessions will provide an opportunity to the independent directors to interact with the senior leadership team of the Investment Manager and help them understand the Investment Manager's and Trust's strategy, business model, structure, operations, service and product offerings, markets, organization structure, finance, human resources, technology, quality, facilities, risk management strategy, governance policies, designated channels for flow of information and such other areas as deemed necessary.

(iii) The programmes/presentations shall also familiarize the independent directors with their roles, rights and responsibilities.

(iv) The Investment Manager may include such other details and information, as required, during the introductory familiarization programme/presentation, when a new independent director comes on the board of directors of the Investment Manager.

(v) Regular updates on relevant statutory and regulatory changes are regularly circulated to the directors of the Investment Manager.

**N. Succession Policy**

The Investment Manager has adopted the Succession Policy pursuant to a resolution of its board of directors on January 27, 2025. The key principles of the Succession Policy are set out below:

(i) To identify and nominate suitable candidates for the Board's approval to fill vacancies which may arise in the Board from time to time;

(ii) To identify the competency requirements of critical and key positions, assess potential candidates and develop required competency through planned development and learning initiatives;

(iii) To identify the key job incumbents in senior management positions and recommend whether the concerned individual be granted an extension in term/service or be replaced with an identified internal or external candidate or recruit other suitable candidate(s); and

(iv) To ensure the systematic and long-term establishment of individuals in the senior management level to replace as and when the need arises due to resignations, retirements, disabilities, deaths and other unexpected occurrence.

**O. Policy for Evaluation of the Performance of the Board of Directors**

The Investment Manager has adopted the Policy for Evaluation of the Performance of the Board of Directors pursuant to a resolution of its board of directors on January 27, 2025. The key principles of the Policy for Evaluation of the Performance of the Board of Directors are set out below:

(i) The Committee shall evaluate the performance of each Director as per the Nomination and Remuneration Policy of the Investment Manager and based on their functions as mentioned in the Code of Conduct of the Directors and Senior Management Personnel and the criteria for the evaluation of the performance;

(ii) Evaluation of Independent Director shall be carried on by the entire Board which shall include;

(a) performance of the Directors; and

(b) fulfilment of the independence criteria as specified in the InvIT Regulations and the SEBI Listing Regulations as to their independence from the management. The Directors who are subject to evaluation shall not be allowed to participate.

Based on the performance evaluation of each and every Director and the chairman of the Investment Manager, the Committee shall provide feedback for each Director on an annual basis.

(iii) Based on the ratings given by the Committee to each Director, the overall effectiveness of the Board shall be measured and accordingly, the Board shall decide the appointments, re-appointments and removal of the non-performing Directors of the Investment Manager.

(iv) Evaluation of the non-independent Directors shall be carried out by entire Board except the non-independent Director being evaluated. The meeting for the purpose of evaluation of performance of non-independent Directors as well as Board as a whole shall be held at least once in a year and the Investment Manager shall disclose the criteria laid down by the Committee for performance evaluation on the web site of the Trust for the reference and also in the annual report of the Trust and the Investment Manager, as may be applicable.

**P. Policy to Promote Diversity on the Board of Directors;**

The Investment Manager has adopted the Policy to Promoter Diversity on the Board of Directors pursuant to a resolution of its board of directors on January 27, 2025. The key principles of the Policy to Promoter Diversity on the Board of Directors are set out below:

(i) The Nomination and Remuneration Committee shall ensure that the Board shall have an optimum combination of non-independent, independent and woman Directors in accordance with requirements of the InvIT Regulations, SEBI Listing Regulations and other statutory, regulatory and contractual obligations of the Investment Manager and the Trust. The Board shall have at least minimum number of woman independent director(s) as per the InvIT Regulations and applicable law;

(ii) The Committee shall review the profile of the prospective candidates for appointment as Director on the Board taking in consideration knowledge, experience, financial literacy/expertise, global market awareness

and other relevant factors as may be considered appropriate and the Board shall be so formulated with mix of members to maintain high level of ethical standards. The Committee shall also take into consideration the provisions of the InvIT Regulations, SEBI Listing Regulations and other statutory, regulatory and contractual obligations of the Investment Manager;

(iii) The Committee is responsible for reviewing and assessing the size, composition, and performance of the Board, as well as identifying appropriately qualified persons to occupy Board positions.

**Q. Policy on Qualifications and Criteria for Appointment of Unitholders' Nominee Directors on the Board of Investment Manager**

The Board has adopted the Qualifications and Criteria for Appointment of Unitholders' Nominee Directors Policy pursuant to a resolution dated January 27, 2025. This Policy aims to prescribe requisite procedures and guidelines for, *inter alia*, the appointment of Unitholder Nominee Directors and the criteria for evaluation of the individuals nominated as Unitholder Nominee Directors. This Policy applies to the Eligible Unitholders of the Trust and Unitholder Nominee Directors of the Investment Manager.

(i) *Qualifications and Eligibility Criteria for the Unitholder Nominee Director:* Eligible Unitholder(s) may nominate only one Unitholder Nominee Director, barring entities with nomination rights. Aggregated Unitholders cannot be eligible to participate in any other group of Eligible Unitholder(s). Nominees must meet eligibility criteria including "fit and proper" status, should not be identified as a wilful defaulter or fraudulent borrower, does not appear under any list of disqualified directors issued by the Ministry of Corporate Affairs and is not debarred from acting as a director or member of management by any court, regulatory or supervisory authority, and not being debarred from capital markets by SEBI or any other regulatory authority. Additional criteria may be determined by the Investment Manager, from time to time.

The Nominated Director shall abstain from voting on transactions involving the nominating Unitholder or its associates.

(ii) **Nomination Process:** The nomination process shall involve the Investment Manager who shall send a written intimation to all the Unitholders to nominate a Unitholder Nominee Director, who must meet specific criteria and submit details within 10 (ten) days. If multiple Unitholders are aggregating their unitholding for the purpose of nomination right, then such notice shall also identify up to two Unitholders as authorized representatives of the group of Eligible Unitholder(s). The Investment Manager shall confirm eligibility within 10 (ten) days and appoint the director within 30 (thirty) days. If the candidate proposed is deemed ineligible, the reasons shall be recorded in writing and shall be communicated by the Investment Manager to the Eligible Unitholder(s) within 10 (ten) days of receipt of notice from Eligible Unitholder(s). In such cases, the Eligible Unitholder(s) can submit another nomination within 10 (ten) days from the receipt of such communication from the Investment Manager. Annual nominations follow a similar process, with eligibility based on the Trust's unitholding pattern. Unitholders acquiring a 10% (ten per cent) or more holding shall nominate in the following financial year.

(iii) **Evaluation Parameters:** The Committee or Board shall evaluate the performance of every Unitholder Nominee Director annually, considering parameters like attendance, time commitment, contribution to strategic decision-making, effective deployment of knowledge and expertise, review of risk assessment and risk mitigation, review of financial statements, business performance, integrity and maintaining confidentiality, independence of behaviour and judgment, teamwork, adherence to responsibilities and such other parameters as may be deemed appropriate. The evaluation outcome shall be presented to the NRC/Board. Additionally, formal annual evaluations shall be conducted by the NRC, Board, or independent directors, as per regulatory requirements.

(iv) **Reporting and Monitoring:** The Investment Manager shall review monthly if Eligible Unitholders continue to have/hold the required number of units of the Trust, and make a report of the same which shall be submitted to the trustee of the Trust.

(v) **Grounds for Discontinuation of Unitholder Nominee Director:** A Unitholder Nominee Director shall remain on the Board unless: (i) the nomination is withdrawn, (ii) a change is requested, (iii) unitholding falls below the threshold, (iv) the director resigns, is unable to serve, or is removed, (v) fails to meet eligibility criteria, or (vi) is disqualified under regulatory provisions. Withdrawal or changes in nomination

require notification to the Investment Manager. If unitholding falls below 10% (ten percent), then the Eligible Unitholder(s) shall immediately inform the Investment Manager within two (2) working days from such change and the Unitholder Nominee Director shall resign/step down from the Board of Directors of the IM within two (2) working days from such change. In the event of death or disability, a replacement can be proposed. The Investment Manager can remove a director for various reasons, including failure to meet criteria or unsatisfactory performance.

(vi) **Remuneration of Unitholder Nominee Director:** Director's remuneration, sitting fees, etc., shall be subject to Board approval and legal requirements, excluding stock options or share-based payment schemes.

**2. Project SPVs/ Holdco**

***Representatives on the Board of Directors of the Project SPVs/ Holdco***

The Investment Manager, in consultation with the Trustee, shall appoint the majority of the members of the board of directors or governing boards as applicable, of each of the Project SPVs/ Holdco, in accordance with the requirements prescribed under the InvIT Regulations, upon acquisition of the Project SPVs/ Holdco by the Trust.

## INDUSTRY OVERVIEW

# 1. Macroeconomic Overview

## 1.1 Section Overview

- Economy: India will continue to lead the global economy in terms of growth, despite a few downside risks including the possibility of inflationary pressures.

- Growth: Despite global factors including escalating international commodity prices and risk of recession, and instability in the global financial market, India is anticipated to experience 7% growth in 2024. On the contrary, it is anticipated that the government's emphasis on capital expenditure and exports will bolster aggregate demand and increase production capacity, thereby exerting a positive influence on the GDP.

- Investments: An anticipated 20-21% increase in industrial and logistics investment activity, driven primarily by institutional and foreign direct investments.

- Consumption: India, which is home to approximately 1.4 billion people and has one of the largest consumption markets globally, has surpassed China in terms of population in April 2023 according to United Nation's DESC Policy Brief No. 153. The substantial youth demographic in India, in conjunction with a literacy rate of 74%, guarantees the accessibility of a knowledgeable and proficient labour force. This cohort of workers is anticipated to furnish the nation's manufacturing sector with cost-effective and enduring resources in the future. Moreover, it is critical to acknowledge that the middle-class populace surpasses the complete populations of the majority of developed countries globally, thereby endowing India with a notable advantage.

- Focused Government Intervention: The Indian government intends to foster the expansion of the manufacturing sector over the next six to seven years by targeting a 21% contribution from this sector to the nation's gross domestic product. In light of this, the government has recognized the importance of implementing targeted measures in the logistics industry to promote the efficient transportation of manufactured products and establish itself as a prominent transhipment center for the South Asian region.

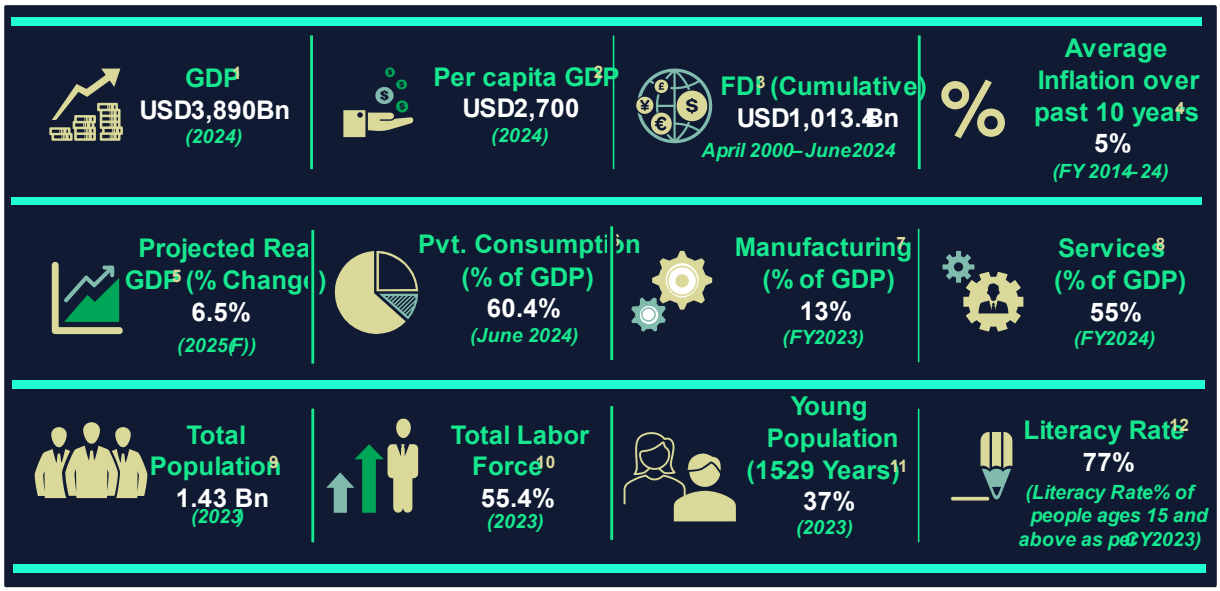
## 1.2 Economic Landscape

India has emerged as one of the fastest–growing, major economies around the world and is expected to become one of the top three economic powerhouses by the year 2030. Economic as well as demographic factors such as India's growing young population, an expanding middle class, and an educated, English–speaking, trained workforce supported by several initiatives by the Government of India (GoI) have led to significant changes in its economic landscape.

India has a strong consumption market, which protects its economy from global market fluctuations. India's share of consumption as a percentage of its Gross Domestic Product (GDP) was approx. 70.8%[16] (as of 2023). With a population of over a billion, India provides the global economy with one of its largest consumer markets.

***Figure 1: Key Statistics – Indian Economic Landscape***

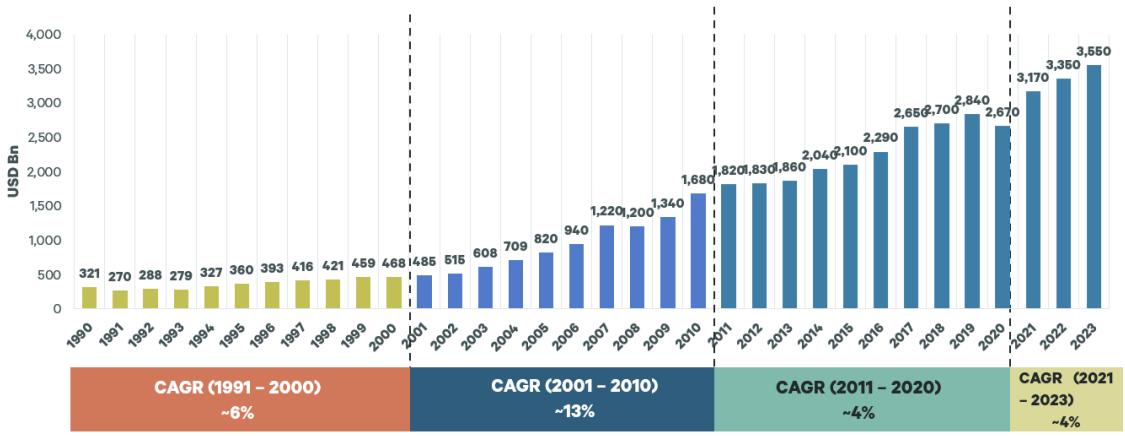
[16] World Bank national accounts data, and OECD National Accounts data files



**Source:** CBRE Research; (1) IMF, (2) IMF, (3) Invest India, (4) White Paper on Indian Economy, (5) IMF, (6) Ceicdata, (7) World Bank, (8) IBEF, (9) Worldometers, (10) Worldbank, (11) MOSPI, (12) NFHS-5

The Government of India (GoI) accelerated financial liberalization after the economic reforms of the 1990s. Consistently high national growth rates have been the outcome of India's economy's rapid expansion in the previous two to three decades, thanks to the country's booming service and manufacturing sectors. India has become as a go-to outsourcing location for developed economies because to its large pool of young, educated, English-speaking workers. Because of this, it has been luring FDI in the IT industry from well-established economies like Singapore, the United States, and others. According to these tendencies, the computer software and research and development industry is thriving, which bodes well for economic expansion since it will spur innovation and boost productivity.

***Figure 2: Economic Evolution of India Over Past 3 Decades***



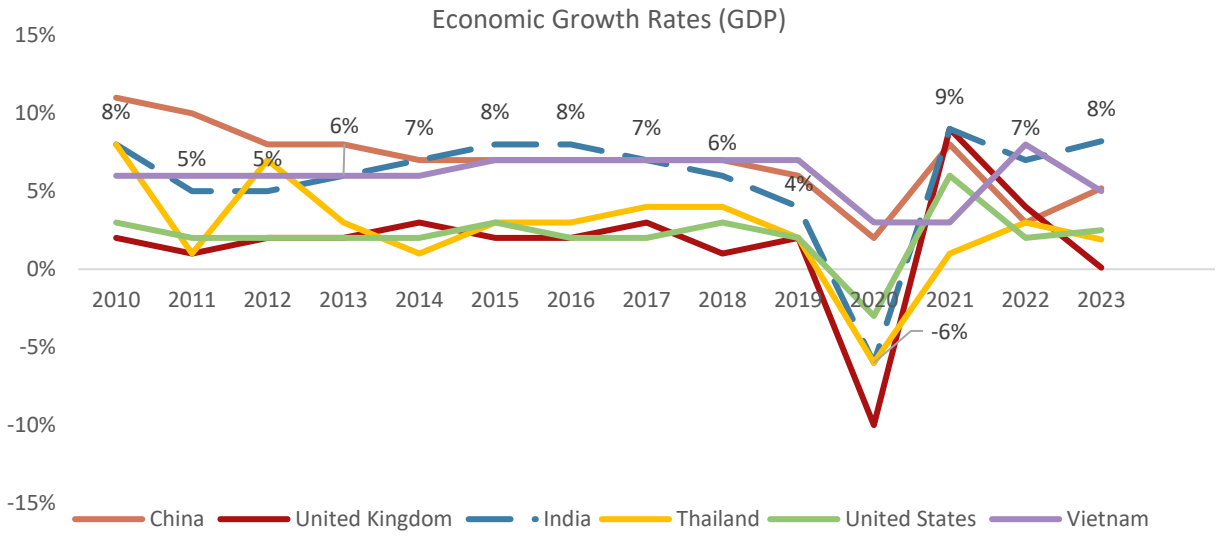
**Source:** World Bank, CBRE Research

In the pre–1990s, the Indian economy grew at an annual average rate of 4% (1970–1989). As presented in *Figure 2*, following liberalization, the Indian economy grew at a rate of approximately 6% (1990–2000). During 2001–2010, the Indian market saw an economic boom with strong FDI inflow and export contributions from the services sector, viz., IT/ITeS, and grew at a CAGR of 13% thereafter.

The Indian economy has demonstrated remarkable resilience in its post-pandemic recovery. Following the lifting of pandemic restrictions, pent-up demand for services and a surge in industrial production have fueled robust economic growth. India has endured the challenges of the pandemic, including market shutdowns and economic uncertainties, emerging as a stronger and more resilient economy. While pre-pandemic growth between 2017-2019 averaged around 2%, post-pandemic growth between 2021-2023 has accelerated to 4%, indicating a significant rebound.

*Figure 3* depicts the growth of India's GDP vis–à–vis other economies:

***Figure 3: Economic Growth Rates (GDP)***



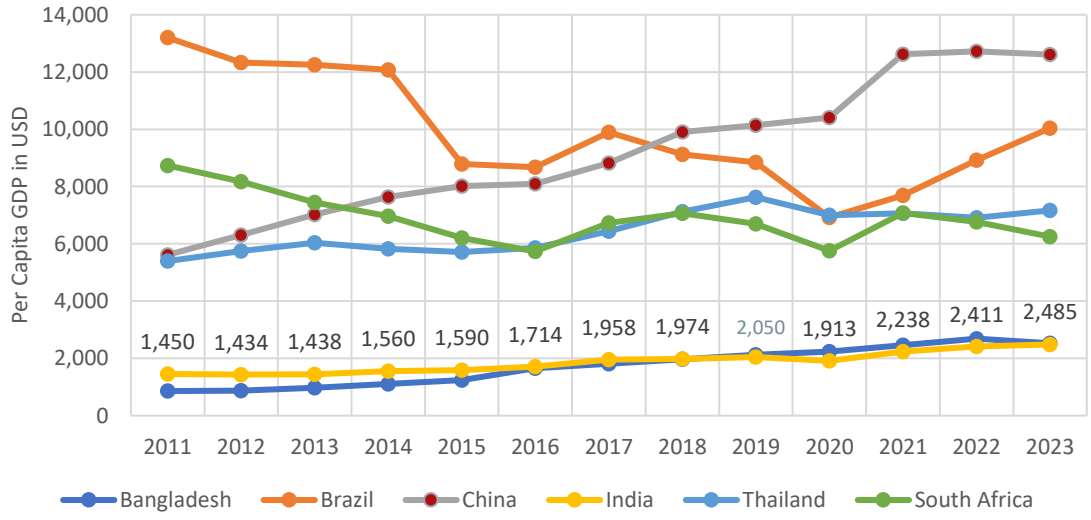
**Source:** World Bank, CBRE Research

*Note: The above growth comparison has been undertaken to highlight the economic growth rate of India vis–à–vis developed economies such as the UK, the US, China, Vietnam and Thailand. Vietnam and Thailand have been compared as these markets are expected to benefit from China Plus One strategy.*

As depicted in *Figure 3*, India has witnessed an organic growth over the last 7–8 years due to its strong economic fundamentals as a strong production as well as consumption hub, in line with the Chinese economic dynamics.

*Figure 4* illustrates the per capita GDP trend of India and other comparable economies at the current USD rate:

***Figure 4: Per Capita GDP Trend***



**Source:** World Bank, CBRE Research

India crossed the inflection point of USD 2,000 GDP per capita in 2019. After crossing a similar milestone unit of GDP per capita in 2006, the Chinese economy had grown by six times.[17] India is expected to follow

[17] World Bank

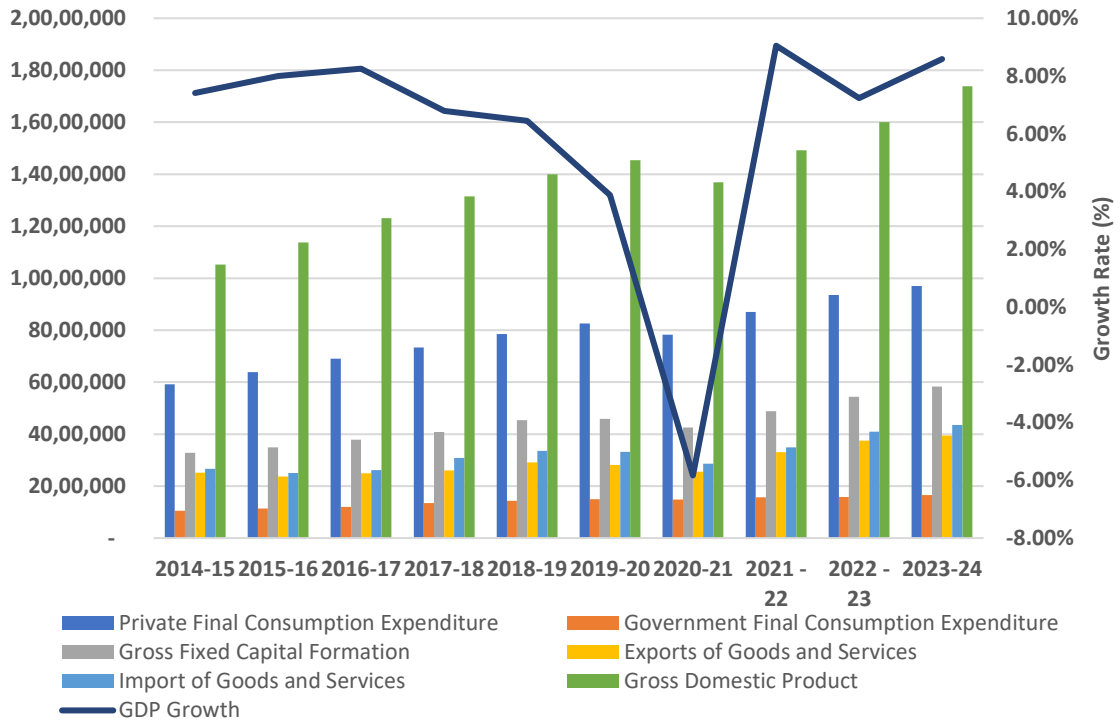
similar growth trajectory as its neighbour; and with favourable demographics, it is expected to witness the similar robust consumption trend.

Moreover, India's rapid urbanization has played a pivotal role in driving poverty reduction and economic growth. With the urban population projected to surge from 530 million in 2023 to a staggering 600 million by 2030, this trend will continue to shape the nation's trajectory. Furthermore, FDI inflows, coupled with a skilled and educated workforce, have fueled economic growth and job creation. However, the latest SDG Report by the UN reveals that India's employment rate stands at 4.1%, which is lower than the global average of 5% and significantly below rates in regions like Europe and North America (4.9%).

### 1.2.1 India's Economic Structure

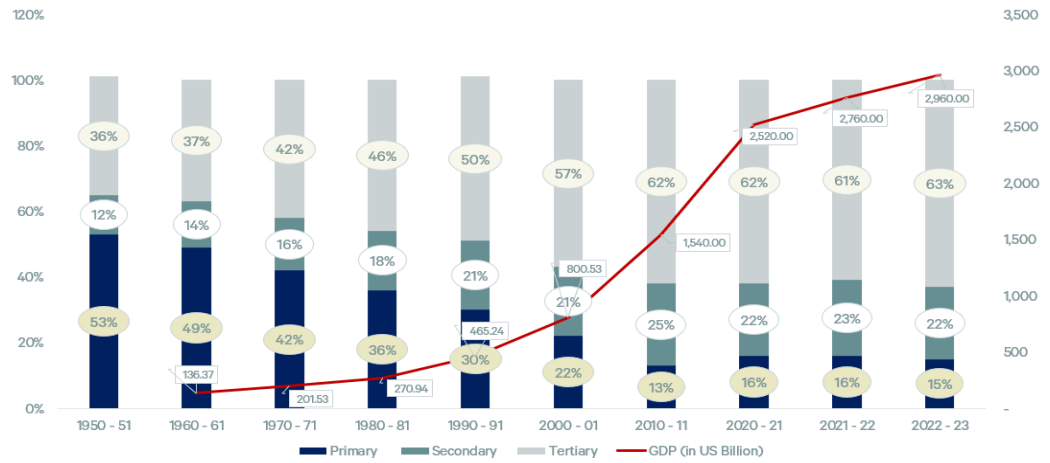
Being a traditionally agrarian economy, India has achieved growth on the back of strong contributions from the primary sector. However, the country's economy has undergone a major transformation over the years, leading to the economy being driven by a fair mix of primary, secondary, and tertiary sector activities.

***Figure 5: Components of GDP & GDP Growth Rate***



**Source:** Handbook of Statistics on Indian Economy, Reserve Bank of India; CBRE Research
*Note: Time Period – Accounting Year (April–March)*
*Figure 6* below depicts the sectoral split of India's GDP for the period 1951–2023:

***Figure 6: India's Sectoral Split Trend (1951–2021, 2022 & 2023)***

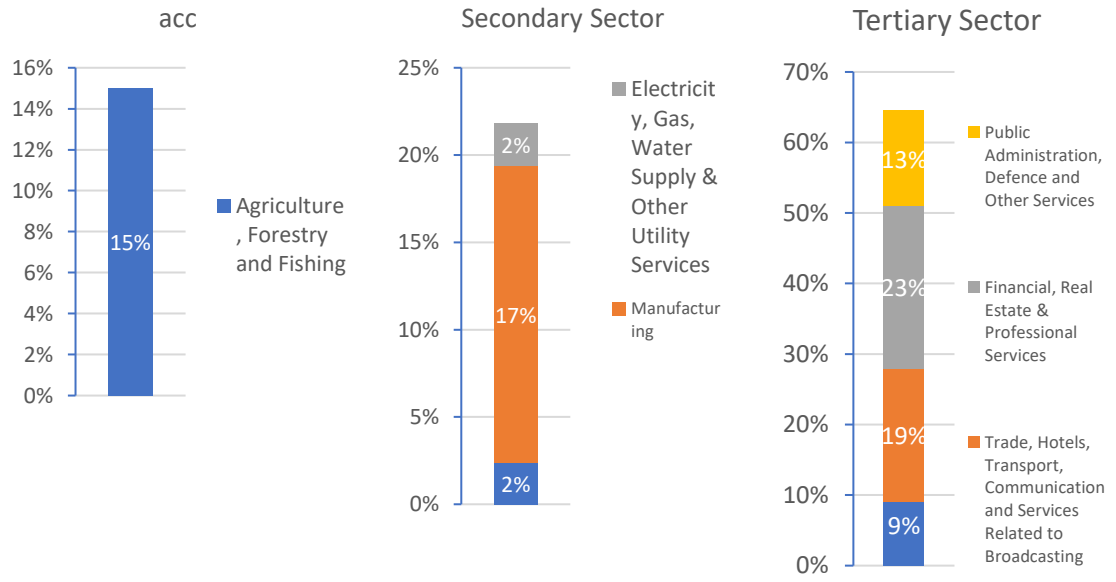


**Source:** Handbook of Statistics on Indian Economy, Reserve Bank of India; CBRE Research
*Note: Time Period – Accounting Year (April–March)*

The growth of India's tertiary sector initially occurred on the basis of inter–sectoral linkages in the economy, mainly due to the primary sector's strong base. However, down the years, with the influx of other sectors such as manufacturing, banking and other financial services and insurance (BFSI) sector, telecommunications, transportation, and the IT/ITEs boom, the focus shifted towards higher value–added sectors, as evident from *Figure 6*.

Further break–up of the activities of the primary, secondary, and tertiary sectors of the Indian economy is shown in *Figure 7*

***Figure 7: Break–Up of Primary, Secondary & Tertiary Sectors of Indian GVA (Constant Price) – 2023 - 2024***



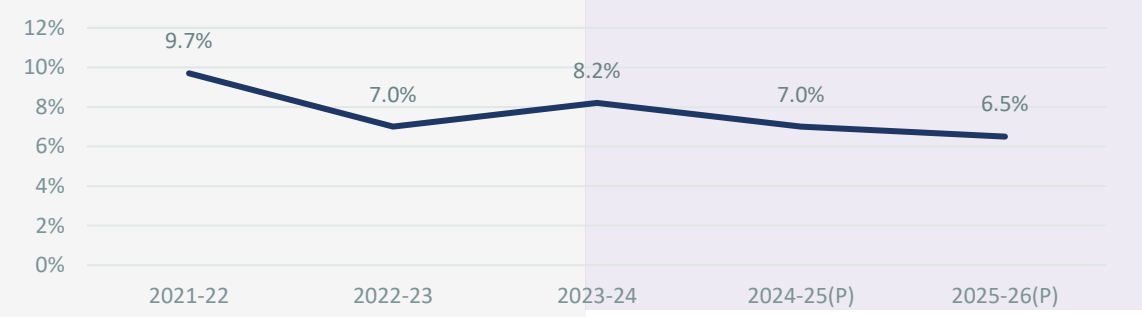
**Source:** Handbook of Statistics on Indian Economy, Reserve Bank of India; CBRE Research.
*Note: Time Period – Accounting Year (April – March)*

### 1.2.2 GDP Forecast & Future Trend

India is the 5th largest economy in the world, and according to the latest Government estimated, India is expected to become a US $5 trillion economy by 2025. India reportedly experienced stronger-than-anticipated economic growth in the latter half of 2023. To further accelerate the estimated growth, the Government of India has undertaken significant investments in social and physical infrastructure, including initiatives such as PLI (Production Linked Incentive), the Smart City Mission, Make in India, Aatmanirbhar Bharat, Local Goes Global, and Digital India. These initiatives have ensured that India remains an attractive market for international investors. The government's focus on capital expenditure (capex) and exports is expected to

enhance production capacity and further strengthen demand. Growth in India is projected to remain strong at 7% in FY 2024-25.

*Figure 8: Real GDP Growth Projections – India*

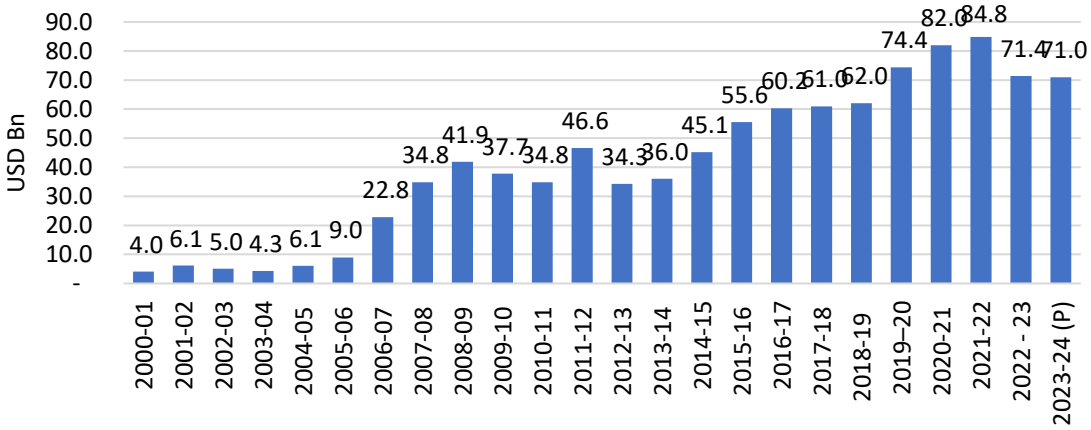


**Source:** International Monetary Fund (2021-22; 2022-23; 2023-24), RBI (2024-25; 2025-26)
**Note:** *E – Estimation; P – Projections*

### 1.2.3 FDI & Historical Trends for India

An increase in FDI inflows into India reflected the impact of its economic liberalization since the early 1990s as well as the gradual opening up of the capital account. Foreign direct investment (FDI) flows were strong and consistent, which contributed to the widening current account deficit during the time. Consistent with its strong domestic economic performance, India has attracted substantial foreign direct investment. India has rapidly emerged as a preferred investment destination, further, FDI inflows have increased 20-fold in last 20 years.

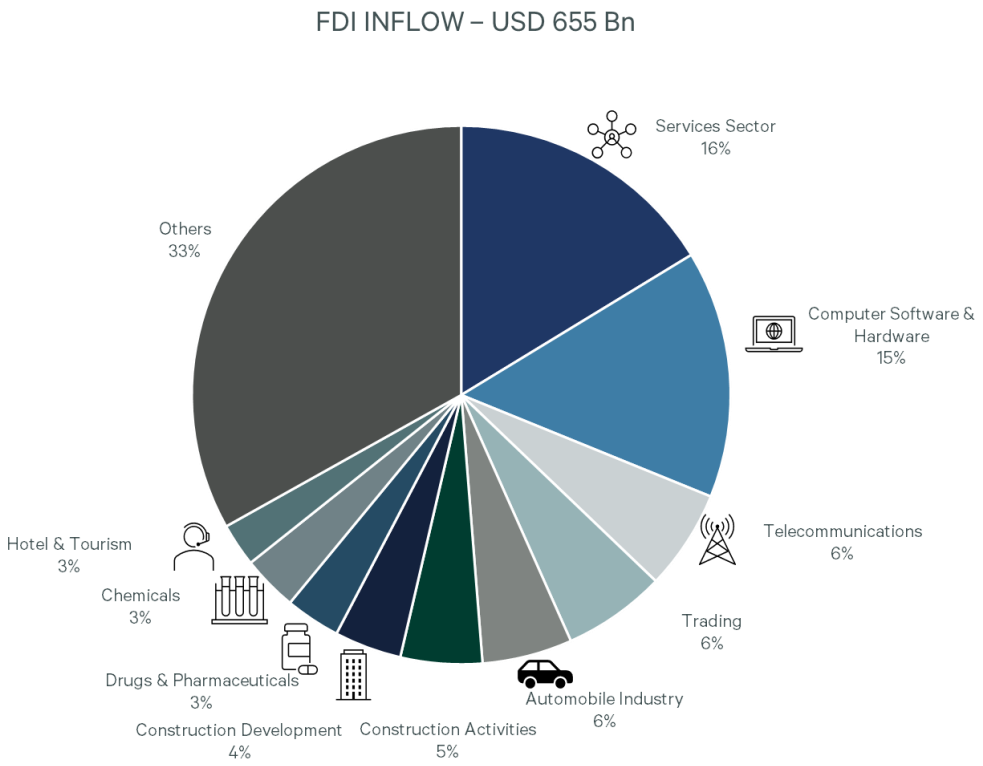
*Figure 9: FDI Equity Inflow Trend From 2000–01 To 2023–24*



**Source**: DPIIT, Ministry of Commerce and Industry, Government of India, (P) – Provisional

***Figure 10*** summarizes the sectoral split of FDI inflow into the country from April 2000–September 2023:

***Figure 10: Sector–Wise FDI Inflow – Top 10 Investment Sectors***



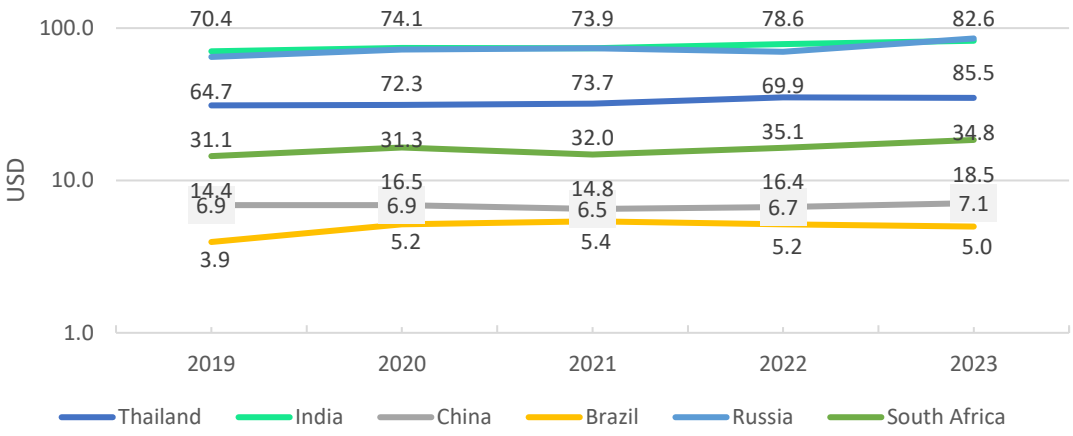
**Source:** DPIIT, Ministry of Commerce and Industry, Government of India; CBRE Research

Government initiatives for modifications to the FDI policy, which would facilitate investment and ease of business have resulted in increased FDI inflows into the country. Recent Government reforms such as lowering of corporate tax rates, improving the ease of doing business and streamlining labour laws have made India a preferred investment destination. Furthermore, the logistics sector is expected to witness increased domestic and overseas investment, supported by the recent grant of infrastructure status to the sector, coupled with 100% FDI through the automatic route.

### 1.2.4 Indian Currency and Future Outlook

The Indian rupee (INR) has shown resilience in the face of the global economic crisis, mainly due to the high foreign exchange reserve maintained by the Reserve Bank of India (RBI) and a reasonable level of Current Account Deficit (CAD). Since 2022, the INR has consistently hovered around 80 per US Dollar (USD); this pressure on the domestic currencies of numerous emergent economies, including India, has resulted from the outflow of foreign capital. Although compared to other major currencies like the Euro, British Pound, and Japanese Yen, the observed depreciation has been relatively modest.

***Figure 11: Currency Exchange rate Against USD in the last 5 years***



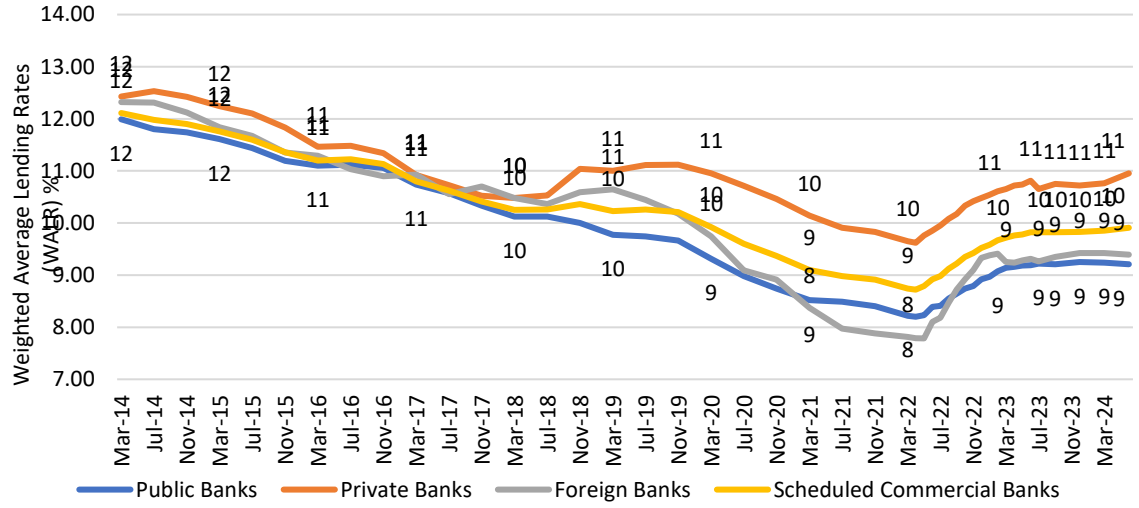
**Source:** World Bank; CBRE Research

### 1.2.5 Interest Rate Movements over the Last Five Years

In the era of globalization, one of the macroeconomic parameters that has come into greater focus is that of interest rates. The importance of interest rates is consequent to the integration of the domestic financial sector with external sectors as well as with the consumption, savings and investments dynamics of an economy. Thus, interest rate fluctuations are of paramount importance in any economy as it influences its credit cycle and, thus, its business cycle.

In response to rising inflation, the Reserve Bank of India (RBI) implemented a series of aggressive interest rate hikes throughout 2022. However, in late 2023 and throughout 2024, the RBI maintained a hold on further rate increases and ultimately reduced the cash reserve ratio (CRR) by 50 basis points to 4%. Furthermore, certain economic forecasts suggest the possibility of interest rate cuts in the latter part of 2025 as inflationary pressures subside. With the anticipated decrease in repo rate, real estate lending rates are expected to lower, positively impacting the developers' and end-users' sentiment. The logistics sector has been awarded infrastructure status giving developers access to preferential interest rates. The following figure shows interest rate movements in India over the last 10 years:

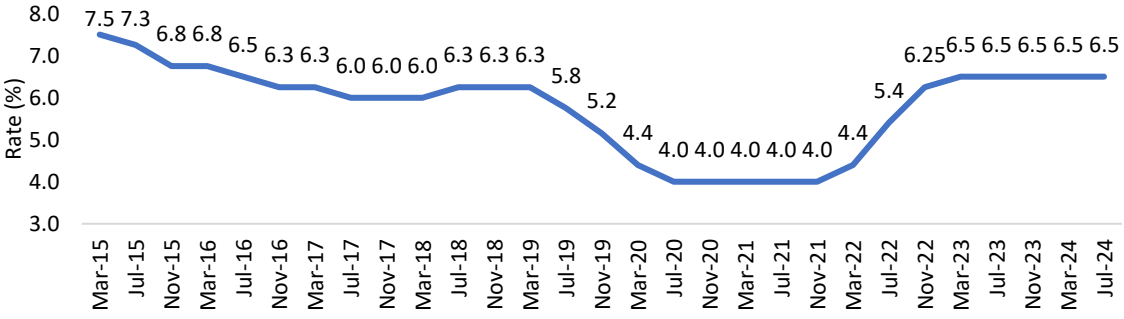
*Figure 12: Interest Rates Movement in India in the last 10 years*



**Source:** Reserve Bank of India

The following figure illustrates the repo rate movement trend over the period 2015–2023:

*Figure 13: Repo Rate Movement – India*



**Source:** Reserve Bank of India (DBIE)

## 1.3 Demographic Landscape

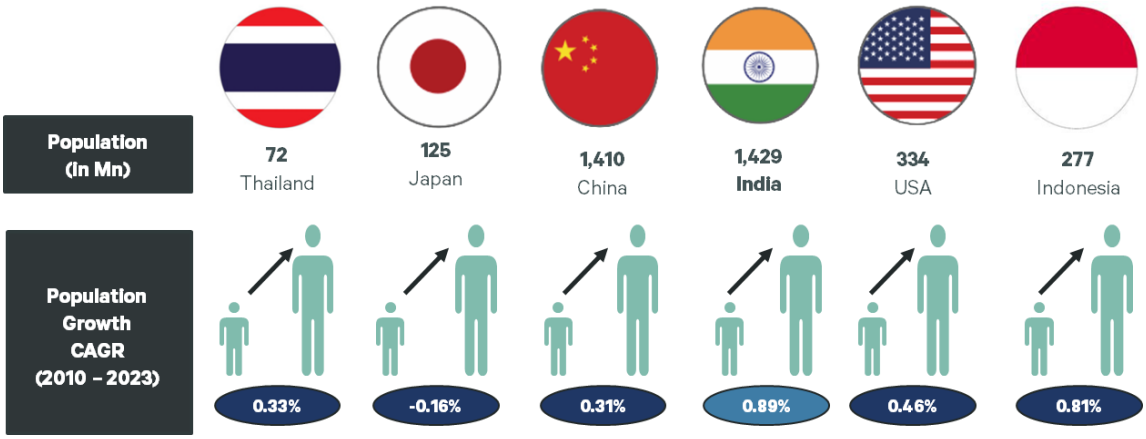
### 1.3.1 Key Demographic Trends

India currently houses approximately 18% of the global population. The country boasts of the largest population at nearly 1,429 million in 2023.[18] The country has historically been one of the largest consumption

[18] World Bank 2023

markets in the world. On an overall basis, India's current projected population growth rate has overtaken China.[19]

***Figure 14: Global Population Comparisons***



**Source:** World Bank; CBRE Research
**Note:** Population in Mn; Population Year: 2023

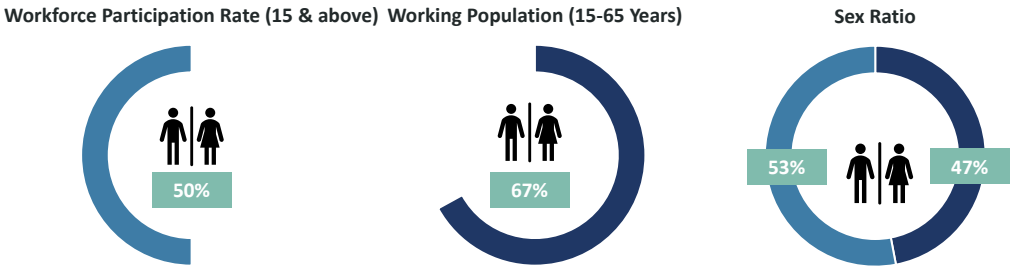
To assess the demographic dividend of a nation, three major factors are typically taken into account, viz., the working age trend, gender distribution of the workforce, and their location trend (urban/rural population mix).

### 1.3.2 Current Demographic Landscape

The decadal growth for India is one of the highest among the major economies of China, USA, Japan, the UK, or even among competing manufacturing regions such as Vietnam and Thailand. Further, to understand the break–up of India's population in detail, *Figure 15* summarizes the key statistics of India's demographic scenario.

The significant base of India's youth population coupled with a 74% literacy rate ensures the availability of an educated and skilled workforce, which is expected to provide the manufacturing base of the country with a low–cost and sustainable labour pool, going forward.

***Figure 15: Key Statistics – Indian Demographic Landscape***



**Source:** World Bank; Census Data; CBRE Research

As per Worldometers India's population grew approximately 9% between 2015 and 2024. Over 34.5% of India's population is urban, which is expected to grow at CAGR of 3–5% by 2030, owing to workforce migration and the rapid urbanization of Tier II and III cities. Tier II and III cities are also acting as feeder towns for smaller towns and villages. According to the National Commission on Population, approximately 38.6% of the population is expected to reside in urban India. Currently, urban India accounts for approximately two–thirds of the national economic output.[20] Urbanization has a substantial positive impact on the economy as it leads to organized demand and organic growth in several sectors, such as an organized housing market, e–commerce, fast moving consumer goods (FMCG), fast moving consumer durables (FMCD), organized retail, hospitality, automotive, transportation, and infrastructure development and among

[19] United Nations; *https://population.un.org/wpp/publications/files/wpp2019_highlights.pdf.*
[20] World Bank

others.

## 1.4 Government Initiatives & Impetus on Logistics Sector

With the unveiling of the 'Make in India' programme in September 2014, and the Government's inspiring call for an 'Aatmanirbhar Bharat' (Self–reliant India) more recently, a robust logistics sector is required to facilitate the movement of goods, services, and people globally. Thus, the GoI has formulated a logistic vision: "To develop an integrated cost–effective, reliable, sustainable and digitally–enabled logistics ecosystem in the country for accelerated and inclusive economic growth".

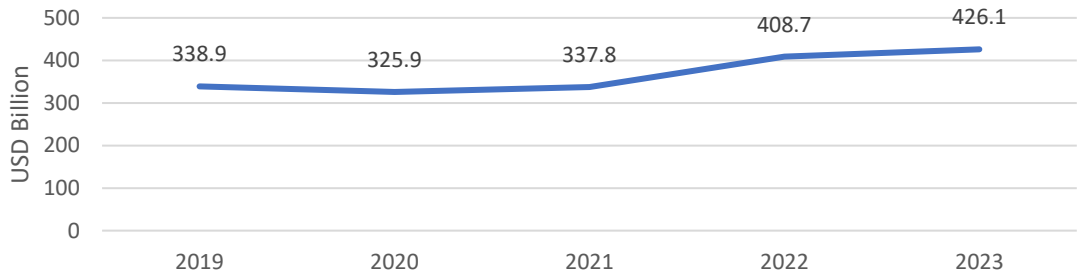
To support its vision, the Government has provided the logistics sector with an initial impetus by granting it an 'infrastructure status', allowing developers to finance projects through international funding and reduced interest rates.

### 1.4.1 Focus on Manufacturing

Following the liberalization of India's economy in the early 1990s, the country has witnessed sustained growth in the manufacturing sector. Despite the stable growth and availability of skilled, low–cost labour, India lags behind major industrialized economies in terms of manufacturing contribution to the economy. The GoI envisages growing the manufacturing sector by ensuring a 21% contribution from the same towards the country's GDP. According to Government's estimates, India is expected to achieve US $1 Tn from manufacturing sector by 2025. Based upon the same, the Government has also realized the necessity of focused intervention.

Further, the Gross Value Added (US $ Bn on Basic Price) of India's manufacturing sector over last 5 years is as per the following graphical representation:

**Figure 16: GVA by Manufacturing Sector (Basic price in USD Billion)**



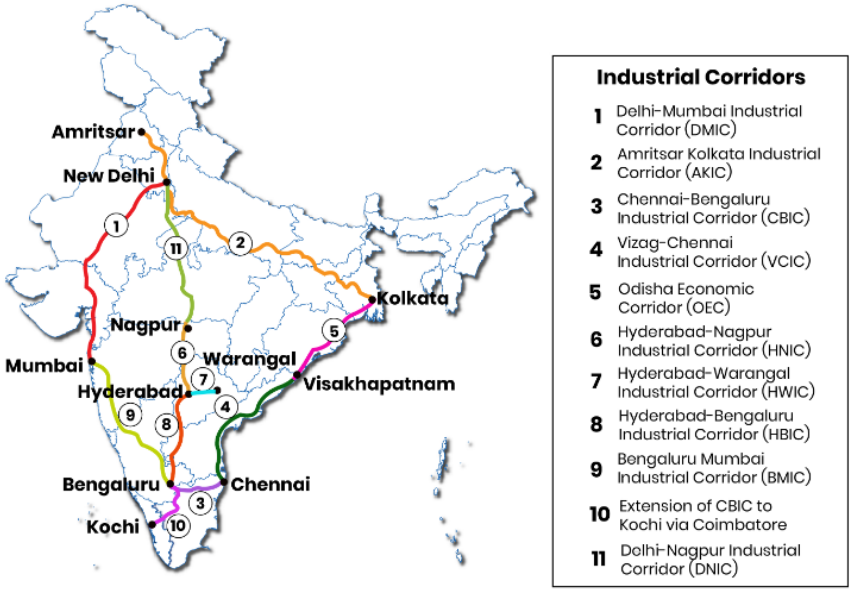
**Source:** PIB; CBRE Research

Some of key initiatives by Government of India to bolster the sector are elucidated below:

1. **Make in India:** This initiative was launched under the aegis of the Ministry of Commerce and Industry's Department of Industrial Policy and Promotion (DIPP) in September 2014. The policy aims to create a conducive environment for investments, develop modern and efficient infrastructure, and open up new sectors for foreign capital. Under Make in India initiative, GOI formed a collaboration with Germany, aiming on investments from small and medium sized German Companies, resulting in total investments exceeding €1.4 Bn. The automotive, electrical, consumer goods, construction and waste-water management industries accounted for the majority of these investments. The Defence Ministry offered USD 6.7 billion tender to build six conventional submarines in the aim to promote Make In India.

2. **National Industrial Corridor Development Programme:** National Industrial Corridor Development Programme is aiming to develop new industrial cities as "Smart Cities" and converging next generation technologies across infrastructure sectors. Government of India is developing various industrial corridor projects as part of the National Industrial Corridor Programme which is aimed at development of futuristic industrial cities in India which can compete with the best manufacturing and investment destinations in the world. The same will create employment opportunities and economic growth leading to overall socio-economic development. Some of the major corridors includes, Delhi Mumbai Industrial Corridor, Amritsar Kolkata Industrial Corridor, Chennai Bengaluru Industrial Corridor and Bengaluru Mumbai Industrial Corridor.

***Figure 17: Proposed Corridors under NICDP***



**Source:** PIB; CBRE Research

3. **Aatmanirbhar Bharat:** Aatmanirbhar Bharat, or Self-Reliant India, is a comprehensive initiative launched by the Indian government to make the country economically self-sufficient and globally competitive. It aims to reduce reliance on imports, boost domestic manufacturing, and create jobs. Key components of this initiative include reforms in various sectors like agriculture, manufacturing, healthcare, and education. The government has also implemented various schemes and policies to incentivize domestic production and attract foreign investment. Under this initiative, the Government of India has announced a special economic package of USD 235 billion for making the country independent against competition in the global supply chain and empowering its economically weak sections.

4. **Skilled India:** It is aided in these initiatives by its functional arms – Directorate General of Training (DGT), National Council for Vocational Education and Training (NCVET), National Skill Development Corporation (NSDC), National Skill Development Fund (NSDF), 37 Sector Skill Councils (SSCs), 33 National Skill Training Institutes (NSTIs/NSTI(w)), about 15000 Industrial Training Institutes (ITIs) under DGT and 187 training partners registered with NSDC. The Ministry is also willing to work with the existing network of Skill Development centres, universities and other alliances in the field.

5. **Start–Up India:** This is a flagship initiative of the GoI, intended to build a strong eco–system for nurturing innovation and start–ups in the country, which will drive sustainable economic growth and generate large–scale employment opportunities. Globally, India ranks 3rd in terms of total Unicorns created, India sits behind China (249 Unicorns) at 2nd rank and US (993 Unicorns) at 1st rank.

6. **National Manufacturing Policy:** In 2011, the GoI had announced a 'National Manufacturing Policy' for enhancing the share of manufacturing in GDP to 25% (currently at 17%), within a decade and creating 100 million jobs by 2025.

7. **Sagarmala Pariyojana:** This is an integrated development expected to reduce cost and time for transforming goods, benefiting industries and export/import trade. The programme will also involve the development of port–proximate industrial and logistics capacities near coastal cities.

Further, Indian government has implemented several other initiatives to boost economic growth and development. These include the National IPR Policy to streamline intellectual property rights, the National Policy on Electronics to establish India as a global electronics manufacturing hub, and the Production Linked Incentive (PLI) scheme to encourage large-scale industrial manufacturing across various sectors. The IoT Policy aims to leverage the Internet of Things for economic and social development. Furthermore, initiatives like Mega Textile Parks (MITRA) and the promotion of Medical Device Parks aim to enhance manufacturing capabilities in key sectors, attract investments, and improve India's global competitiveness. Notably, the recent introduction of the Employee Linked Incentive (ELI) scheme in the Union Budget 2024-25 aims to facilitate employment opportunities and provide incentives to both employees and employers in the manufacturing sector, supporting 4.1 crore youth by 2030. These policies collectively demonstrate the

government's commitment to driving industrial growth, fostering innovation, and creating a conducive environment for economic development in India.

### 1.4.2 Concessional Tax Rates

To further promote new manufacturing start–ups in the country, Government of India in 2019 introduced a new corporate tax regime for manufacturing sector. The Taxation Laws (Amendment) Ordinance, 2019 added Section 115BAB offering a low tax rate of 15% (plus surcharge and cess) to new manufacturing establishments. Furthermore, as part of Budget 2022–23, the government extended the concessional corporate tax benefit till March 2024 for newly incorporated manufacturing companies.

### 1.4.3 Impact of GST on sector consolidation

1. **Minimization of transportation time:** GST has reduced transportation time in the logistics sector by cutting down compliance time at inter-state check posts. This leads to lower delivery costs and potentially reduces the final price of goods.

2. **Trouble-free supply of goods:** GST has combined taxes like VAT, Octroi, and CST into a single tax, simplifying the supply of goods. E-way bills under GST have made it easier to transport goods.

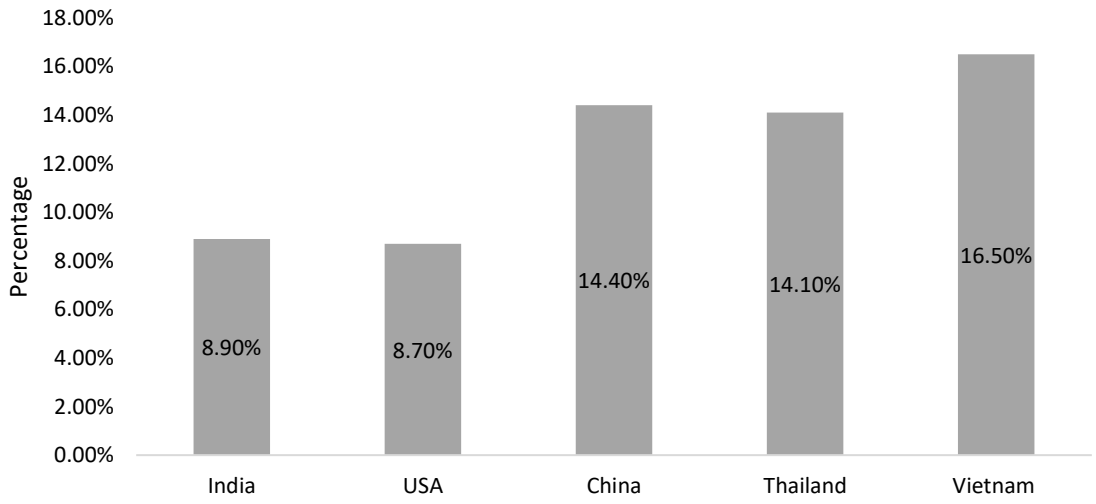
3. **Paperwork reduction:** GST has reduced paperwork by introducing e-way bills, replacing multiple documents previously required for transport vehicles.

4. **Improvement in warehouse system:** Under the previous tax regime, businesses had to set up separate warehouses in each operational state due to the specific tax structure. With the implementation of GST, this requirement has been eliminated, allowing for easier and more effective inventory management.

### 1.4.4 Sectoral Reforms

According to quick estimates by the National Council of Applied Economic Research (NCAER), logistics costs in India ranged from 7.8% to 8.9% of GDP in 2021-22. Recognizing the significant impact of these costs on the economy, the Government has undertaken extensive initiatives at both the Central and State levels to streamline logistics operations and reduce costs to single-digit percentages of GDP. These efforts aim to enhance supply chain efficiency, boost competitiveness, and create new job opportunities within the logistics sector.

***Figure 18: Country-wise Logistics Cost (% on GDP)***



**Source:** National Council of Applied Economic Research (NCAER); CBRE Research

1. **Logistics Division:** In September 2022, India's government released the long-awaited National Logistics Policy (NLP), a comprehensive, cross-sectoral framework to upgrade the logistics infrastructure and create an integrated logistics ecosystem in the country.

2. **National Rail Plan:** Indian Railways have prepared a National Rail Plan (NRP) for India – 2030. The Plan is to create a 'future ready' Railway system by 2030. The NRP is aimed to formulate

strategies based on both operational capacities and commercial policy initiatives to increase modal share of the Railways in freight to 45%. The objective of the Plan is to create capacity ahead of demand, which in turn would also cater to future growth in demand right up to 2050 and also increase the modal share of Railways to 45% in freight traffic and to continue to sustain it. Approximately 58 Super critical Projects of a total length of 3,750 kms costing USD 460 Crore and 68 Critical Projects of a total length of 6,913 kms costing USD 890 Crore, have been identified for completion by 2024.

3. **PM Gati Shakti:** The policy aims to serve as a digital platform to bring together 16 ministries for integrated planning and coordinated implementation of infrastructure connectivity projects across the country. The said infrastructure initiatives aim to provide integrated multi–modal connectivity for the movement of people, goods, and services, while providing last–mile connectivity infrastructure and reducing travel time.

4. **Secured Logistics Document Exchange (SLDE):** The SLDE plans to replace the present manual process of generation, exchange, and compliance of logistics documents with a digitized, secure, and seamless document exchange system through the Aadhar and Block Chain technologies.

5. **Freight Smart Cities (proposed):** The Freight Smart Cities mission envisions to improve urban freight efficiencies by identifying 10 cities in the first phase of the project. The project is further likely to expand to 75 cities across India. Thus, state governments will focus on initiatives such as developing peri–urban freight centres, night–time deliveries, mapping truck routes, using intelligent transport systems and modern technologies, promoting electrification of urban freight, and development of parcel delivery terminals, among other efforts.

6. **Bharatmala Pariyojana:** This is a centrally sponsored and funded road and highway development project of the Ministry of Road Transport and Highways (MoRTH), Government of India. The project envisages the development of about 26,000–km of Economic Corridors, which along with the Golden Quadrilateral (GQ) and the North–South and East–West (NS–EW) Corridors are expected to carry most of the country's freight traffic.

7. **Multi–Modal Logistics Parks:** As a part of the Bharatmala Pariyojana, the Cabinet Committee on Economic Affairs (CCEA) mandated MoRTH to develop 35 Multi–Modal Logistics Parks (MMLPs) across the country.

8. **Dedicated Freight Corridor (DFC) Project:** The DFC project is an initiative of the Ministry of Railways, Government of India, for the planning, development, and mobilization of financial resources and construction, maintenance, and operations of six DFCs across India. The project aims to provide safe and efficient cargo movement through an interconnected freight transport system.

9. **National Infrastructure Pipeline (NIP):** The NIP for FY 2019–25 is a whole–of–government exercise to improve project preparation and attract investments, thereby providing world class infrastructure. Transportation and logistics are two of the key opportunity sectors identified as part of the NIP. There are a total of approx. 9,628 proposed projects with a total project cost of approx. USD 23.7 Bn. Currently approx. 2,008 projects are under-development.

10. **Warehousing Act, 2007**: The main objectives of the Warehousing (Development and Regulation) Act, 2007 were to make provisions for the development and regulation of warehouses, negotiability of warehouse receipts, establishment of a Warehousing Development and Regulatory Authority (WDRA) and related matters. The Negotiable Warehouse Receipts (NWRs) issued by the warehouses registered under this Act would help the farmers to seek loans from banks against NWRs and avoid distress sale of agricultural produce.

11. **Free Trade and Warehousing Zone (FTWZ) Policy:** In India, Free Trade and Warehousing Zone was introduced in the Exim Policy with the objective to facilitate the import and export of goods and services. Each Zone was considered to have USD 1.2 crores outlay and 5 lakh sqm of built–up area. The government of India introduced the FTWZ Policy as a part of Foreign Trade Policy (FTP) 2004–2009 governed by the SEZ ACT, 2005 and SEZ Rules, 2006 to leverage India's strategic geographical location and cost and skill arbitrage.

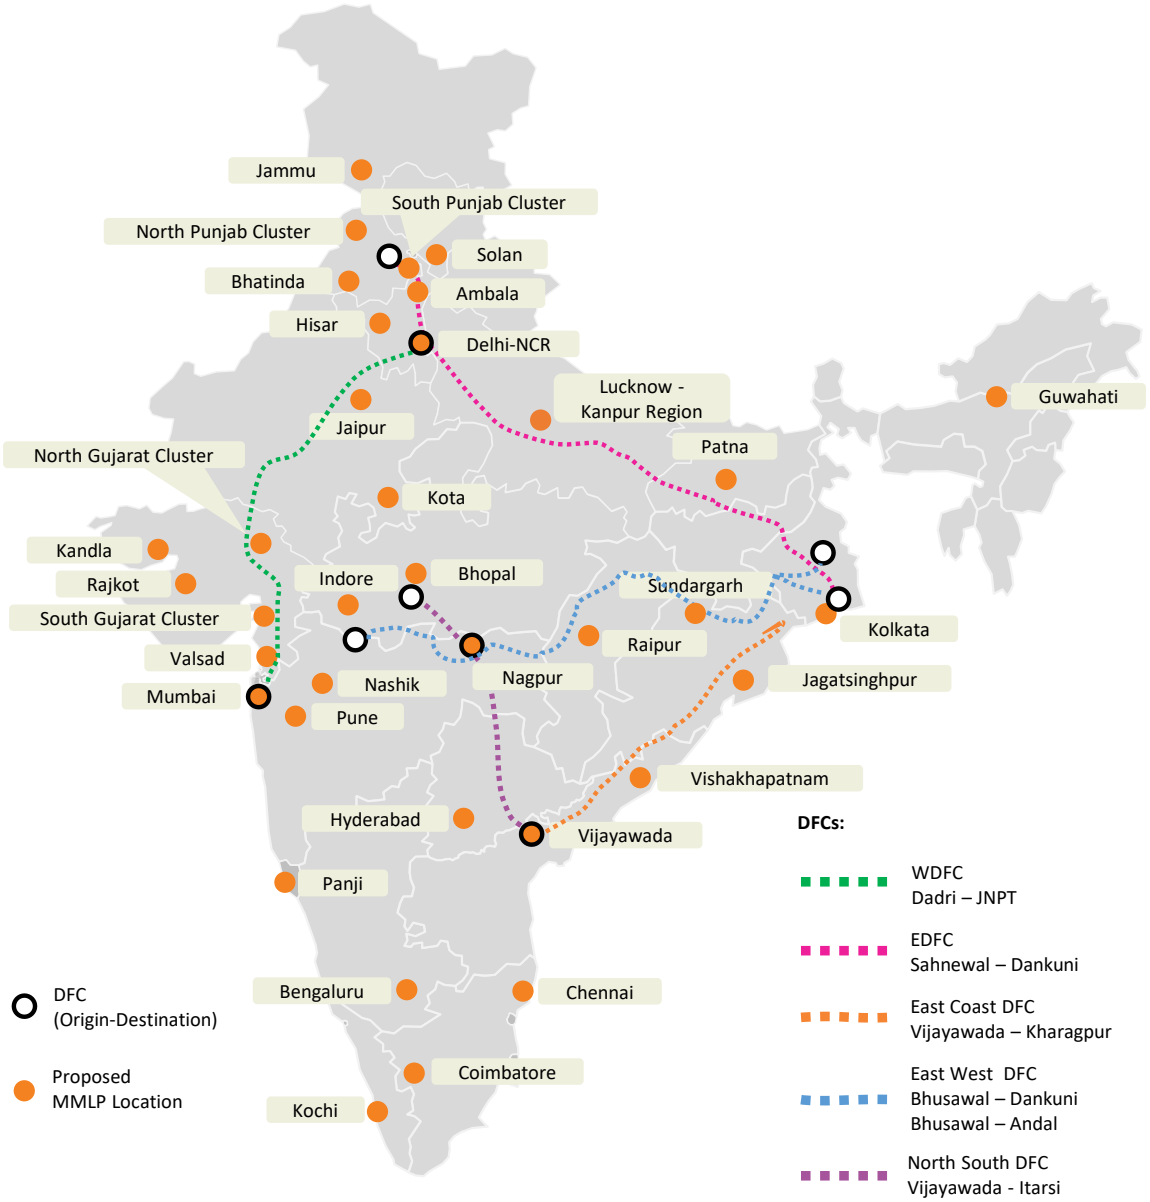
12. **Pradhan Mantri Kisan SAMPADA Yojana (PMKSY):** An umbrella scheme incorporating ongoing schemes of the Ministry of Food Processing Industries (MoFPI). PM Kisan SAMPADA Yojana is a comprehensive package which will result in creation of modern infrastructure with efficient supply chain management from farm gate to retail outlet. Government has identified cold

storage as a thrust area for development and has recommended for the creation of cold–chain Infrastructure. The objective of the Scheme of Cold Chain, Value Addition and Preservation Infrastructure is to provide integrated cold chain and preservation infrastructure facilities, without any break, from the farm gate to the consumer.

13. **Coastal Economic Zones (CEZ):** The government intends to encourage port-led industrial growth in the nation through the Sagarmala initiative. To this end, 14 coastal economic zones have been assigned for development, and there are strategies for leveraging investment for approximately USD 123 billion in 415 projects nationwide.

Additionally, finalization of draft policies, including the National Logistics Policy and Logistics Master Plan will further boost logistics activity nationally.

*Figure 19: Logistics – Key Infrastructure Developments*



**Source:** Ministry of Road Transport and Highways

## 1.5 Interdependencies of Manufacturing & Logistics

Manufacturing and logistics industries are inextricably linked, with producers relying on robust and efficient supply chains to receive raw materials and ship finished products to customers. Though the manufacturing industry is expected to grow, India's low logistics efficiency has historically played a significant role in reducing its industrial competitiveness. Over the last few years, the Government of India has implemented a

number of policies and infrastructural measures to boost the growth of the manufacturing sector and improve the efficiency of the logistics industry, including the recently released Union Budget. Furthermore, the government has taken the required steps to detect these inefficiencies, including actively monitoring India's Global Logistics Performance Index and conducting statewide studies to evaluate logistics performance and competitiveness among Indian states. Recognizing the importance of instilling a logistics and supply chain mindset across states and Union Territories (UTs) and enabling constructive competition among states, the Ministry of Commerce and Industry (MoCI) launched the "Logistics Ease Across Different States (LEADS)" study in 2018, which ranked states and UTs based on the efficiency of their logistics ecosystems. The goal of the LEADS survey, which used the World Bank Logistics Performance Index (LPI) as a reference point, to give a diagnostic of logistics-related barriers and challenges which can be used in in better policymaking.

Further, The LEADS 2023 report provides valuable insights into the logistics performance improvement at the State/UT level. The report highlights the positive impact of various reforms across States and UTs on overall stakeholder perception. This indicates an encouraging shift in the performance of States across the key pillars of Logistics Infrastructure, Logistics Services, and Operating and Regulatory Environment. The report empowers the State/UT Governments by providing region-specific insights for informed decision-making and comprehensive growth.

This report presents findings from a primary survey conducted across India between May and July 2023. The survey received over 7,300 responses from 36 States/Union Territories. In addition, over 750 stakeholder consultations facilitated by National, Regional, and State Associations were conducted to contribute to this comprehensive evaluation.

### 1.6 Fiscal budget announcements (As per Union Budget)

1. **Multi-Modal Logistics Park:** The Indian government is developing 35 MMLPs, with 15 prioritized for the next three years. The bid processing for four MMLPs in Chennai, Bangalore, Nagpur, and Indore is completed. MMLPs can solve many inefficiencies in the system, but they aren't a one-stop solution for all problems. *(2022 – 2023)*

2. **PM Gati Shakti:** The Gati Shakti Master Plan aims to develop modern and world-class infrastructure across seven categories, including Roads, Railways, Airports, Ports, Mass Transport, Waterways, and Logistics. The plan will also include state government infrastructure projects that follow the master plan. The goal is to promote synergy between different modes of transportation for both people and goods. *(2022 – 2023)*

3. **Budget Allocation for Logistics Sector:** The Union Budget prioritizes formation of jobs with the budget of USD 23.5 billion and infrastructure development with USD 130 billion. Additionally, the budget promotes economic inclusivity of women through plans for working women hostel and creches. *(2022 – 2023)*

4. **Dedicated Freight Corridors:** The Indian government puts emphasis on providing more money for authorizing of the eastern and western dedicated freight corridors (DFCs), with the allocation of USD 13 billion in the project. *(2022 – 2023)*

5. **Transport Projects:** One hundred critical transport infrastructure projects, for last and first mile connectivity for ports, coal, steel, fertilizer, and food grains sectors have been identified. They will be taken up on priority with an investment of ₹75,000 crore, including ₹15,000 crore from private sources *(2023 – 2024)*

6. **E-Commerce Export Hubs:** E-Commerce Export Hubs will be established through public-private partnerships (PPPs) to empower MSMEs and traditional artisans to access international markets. These hubs will operate within a streamlined regulatory and logistical framework, providing a one-stop solution for trade and export-related services. *(2024-2025)*

7. **Industrial Parks:** The government will facilitate the development of investment-ready “plug and play” industrial parks with complete infrastructure in or near 100 cities, in partnership with the states and private sector, by better utilizing town planning schemes. Twelve industrial parks under the National Industrial Corridor Development Programme will also be sanctioned. *(2024-2025)*

### 1.7 Road Ahead

To make India a prominent manufacturing and logistics hub and promote sectoral growth, the GoI has taken a step in the right direction. Based upon the same insights, India’s push towards development of the logistics

sector presents various advantages as outlined below:

1. **Regional Development:** The various infrastructure development initiatives of the GoI along with Central and State policy level interventions will assist in developing certain regions in the country as prominent logistics hubs.

2. **Activity Consolidation:** The envisaged MMLP developments across the country will assist the logistics sector by consolidating various activities and transport modes into a singular development, providing ease of doing business to importers and exporters.

3. **Benchmarking and Competitive Analysis:** Localized studies to comprehend existing logistics dynamics and assess logistics competition among various states will highlight regions needing focused development. Thus, the planned initiatives and continued investments and budgetary allocations towards infrastructure development in the logistics sector will improve it and assist in lowering logistics costs in the country.

4. **Technology Integration:** The major technology integration includes:

    - Integration of Digital System (IDS): There will be digital integration of different systems of seven various departments (like road transport, railways, aviation, commerce ministries and foreign trade)

    - Unified Logistics Interface Platform (ULIP): This ensures shorter and smoother cargo movement and enables the exchange of information confidentially on a real-time basis. This National Industrial Corridor Development Corporation (NICDC) Logistics Data Bank Project has been leveraged.

    - Ease of Logistics (ELOG): will enable and ensure the ease of logistics business through transparency and accessibility

## 2. Overview of Indian Logistics & Warehousing Sector

### 2.1 Section Overview

- Logistic Maturity: India's demand for logistics infrastructure is increasing due to structural changes. The Indian logistics sector is rapidly expanding, owing to ongoing regulatory interventions, strong development in manufacturing, and the rise of e-commerce and third-party logistics firms.

- Key Growth Driver: The demand for Grade A warehousing space is significantly driven by the growth of e-commerce, the rise of third-party logistics (3PL) operations, and the increasing prominence of manufacturing activities. E-commerce and 3PL operations inherently require larger warehousing spaces compared to traditional retail channels. Furthermore, the expansion of manufacturing sectors, coupled with evolving supply chain strategies like just-in-time manufacturing and lean principles, necessitates efficient warehousing and distribution networks.

- Manufacturing Diversification: Demand is expected to benefit from the implementation of China Plus One strategies with manufacturers seeking to relocate production out of mainland China and into multiple bases in nearby markets, with India set to be the clear winner.

- Real Estate and Warehouse: Warehouses as a real estate asset, have a typical development cycle of 6 to 1.5 years. Asset monetization is in the form of lease rentals varying between 3–9 years depending upon lessee requirements. Compared to traditional rental based assets including commercial offices and retail malls, warehousing provides faster stabilization rates.

- Warehousing per Capital: In contrast to markets that have fully developed logistically, the warehousing sector in India is still in its early stages. Consequently, there is a limited warehousing stock per capita in comparison to nations such as the United States. While India has a per capita warehousing stock of approximately 4.5 square feet per person, the United States boasts a significantly higher per capita stock of 24 square feet per person. It is expected that India will follow a similar trajectory of growth to China due to the rise of 3PL, E-commerce, and Modern retail, both of which contribute to an increase in warehousing stock per capita. As these industries continue to expand and mature in India, there will likely be a corresponding increase in demand for modern warehousing facilities. This growth in warehousing infrastructure will not only improve supply chain efficiency but also attract more investment in the sector.

- Upcoming Trends: Shift from Single Channel Distribution to Omni–Channel Distribution has led to improvement of last mile–warehousing connectivity, prompting development of multi–storey warehousing and last–mile fulfilment centres in Tier I cities. E–commerce and 3PL coupled with gradual saturation of Tier I warehousing markets will drive a shift in demand to Tier II cities.

## 2.2 Logistics and Warehousing Overview at India Level

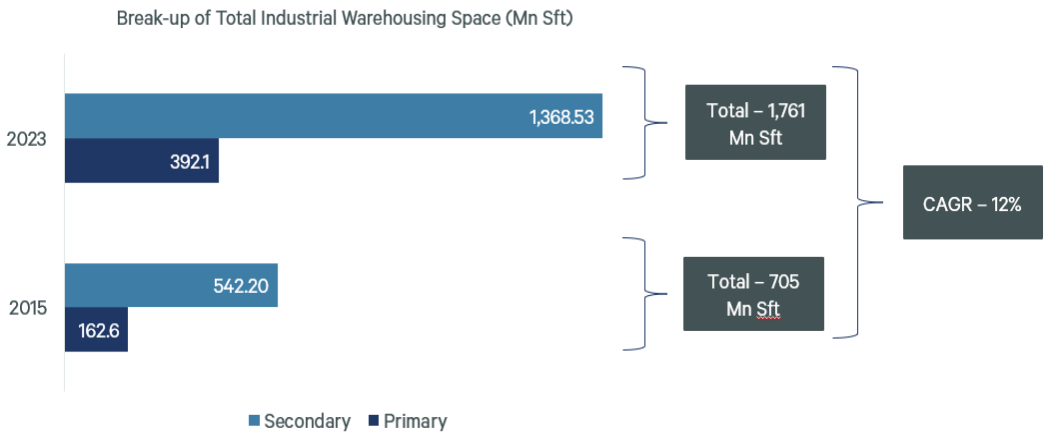
India's logistics and freight industry is valued at an estimated USD 317.26 billion in 2024, driven by a burgeoning economy and a consumer base of nearly 1.4 billion. The warehousing sector has emerged as an attractive investment destination, fueled by the exponential growth of e-commerce, 3PL, and modern retail. Since the implementation of GST in FY 2015, the Indian warehousing industry has witnessed robust growth, expanding at a CAGR of approximately 12% through FY 2023. This momentum is expected to continue, with a projected CAGR of 12-13% over the next five years.

While Tier 1 cities will continue to experience growth in grade A warehouse development (15-20% CAGR), Tier 2 cities are poised for even higher growth. Driven by increasing internet penetration, rising disposable incomes, and the rapid expansion of e-commerce and quick commerce, demand for warehousing in Tier 2 & 3 cities is set to surge. This growth is expected to range from 14% to 18% annually over the next four to five years, making these regions key drivers of the warehousing sector in the near future.

Further, Manufacturing and logistics industries are inextricably linked, with producers relying on robust and efficient supply chains to receive raw materials and ship finished products to customers. Though the manufacturing industry is expected to grow, India's low logistics efficiency has historically played a significant role in reducing its industrial competitiveness. Over the last few years, the Government of India has implemented a number of policies and infrastructural measures to boost the growth of the manufacturing sector and improve the efficiency of the logistics industry.

The following section discusses the quantification of overall warehousing demand at a pan India level, including the major sectors contributing to the demand, grade–wise space break–up and the contribution of the top eight Indian cities to this overall demand. A detailed approach and methodology[21] have been applied to arrive at the overall warehousing stock.

***Figure 20: Breakup of total industrial warehousing space in Mn sf***



**Source:** CBRE Research

As of 2023, the total industrial warehousing supply across India is almost 1,761 million sft. Of this, primary warehousing stock[22] makes up about 22% of the total industrial warehousing supply, with secondary

[22] ***Approach & Methodology for assessment of pan India warehousing Supply***

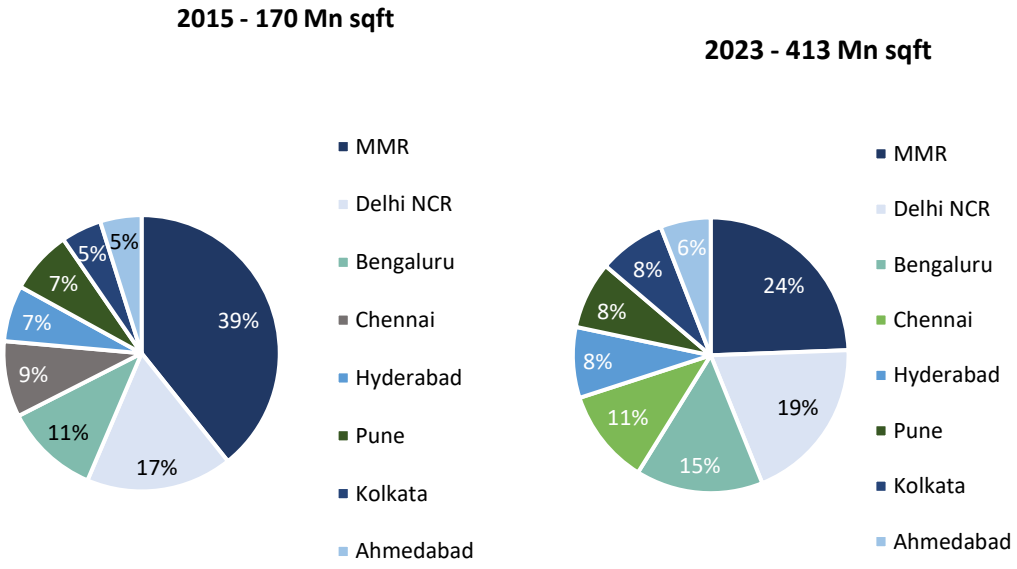
*(i) Conducting an analysis of the distribution of market share of significant occupiers in various industries by mapping their warehouse footprint using primary and secondary sources of information. The consolidated data is obtained from primary and secondary research sources, with some reliance on third parties for data points, which has been used to approximate the present market size.*

*(ii) Forecasting the market share of the industry sector in the aggregate warehousing market size in India through a comparison of the mapped warehousing space occupied by significant occupants with the total available space. The present analysis provides preliminary insights into the competitive environment and prospective avenues for expansion in the Indian logistics sector. This*

warehousing space making up the rest (78%).

The top eight cities in India account for 22–24% of the total industrial warehousing supply, whereas the top twenty-four cities account for approximately 32–33% of the total warehousing supply in India.

*Figure 21: Warehousing Stock of top 8 cities in 2015 Vs 2023*



**Source:** CBRE Research

The warehousing sector in Tier 1 cities has also grown annually by 12–13%. The quality of warehouse with the most significant expansion has been Grade A warehousing, which has increased by around 27% across the top eight cities. The fact that the top eight cities exhibit an aggregate growth rate of 25%–27% suggests that end users are increasingly inclined towards modern warehouses. This shift towards Grade A warehousing in major cities indicates a growing preference for efficient and modern storage facilities. This trend towards Grade A warehouses is also observed in Tier II and III cities. In Tier II cities, demand is further driven by the entry of global industries, improved connectivity, rising disposable incomes, and limited availability of ready-to-move-in space in Tier 1 locations. Occupiers are adopting diverse strategies, including self-build, partnerships, and build-to-suit solutions, to enter and expand in these markets. Furthermore, optimizing the logistics supply chain across all stages is crucial. The emergence of last-mile facilities like micro-fulfillment centers and dark stores will support rapid deliveries within Tier II cities, is significantly enhancing demand for warehousing spaces.

***Figure 22: Grade A Warehousing Stock of top 8 cities in 2015 Vs 2023***

*has been done to provide stakeholders with an understanding of market conditions, growth potential, and associated risks; actual figures may vary.*

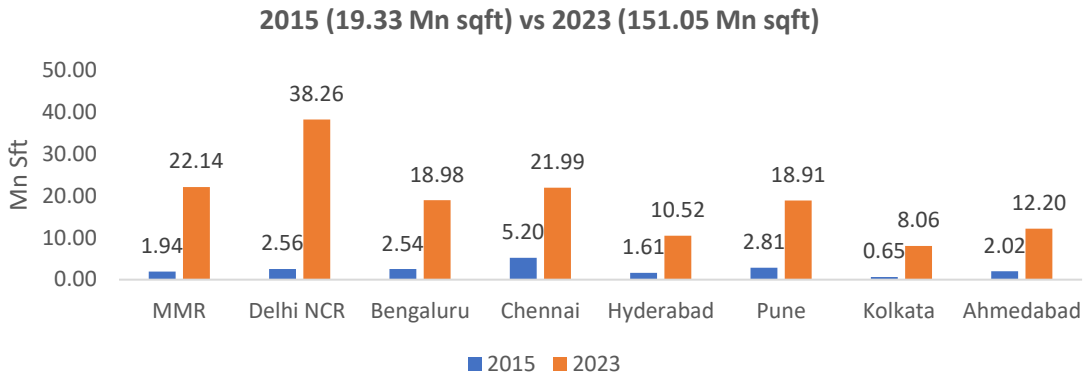
***Key Caveats to the Approach and Methodology***

- *Our analysis of the industrial sectors involved a two-pronged approach. First, we used secondary research*

*to determine the current size and historical growth patterns of key industries, incorporating* macroeconomic and microeconomic data *to project future trends. Second, we conducted a thorough mapping of the existing warehousing landscape through primary research methods, including on -ground market surveys and direct interaction*

*with industry stakeholders. This sampling approach allowed us to gain a representative understanding of the current warehousing needs and trends. While our market sizing projections are based on robust research, it's important to acknowledge that the future growth of the warehousing sector is inherently linked to macroeconomic conditions. Any significant changes in these conditions could influence the sector's trajectory and, consequently, the accuracy of our projections.*

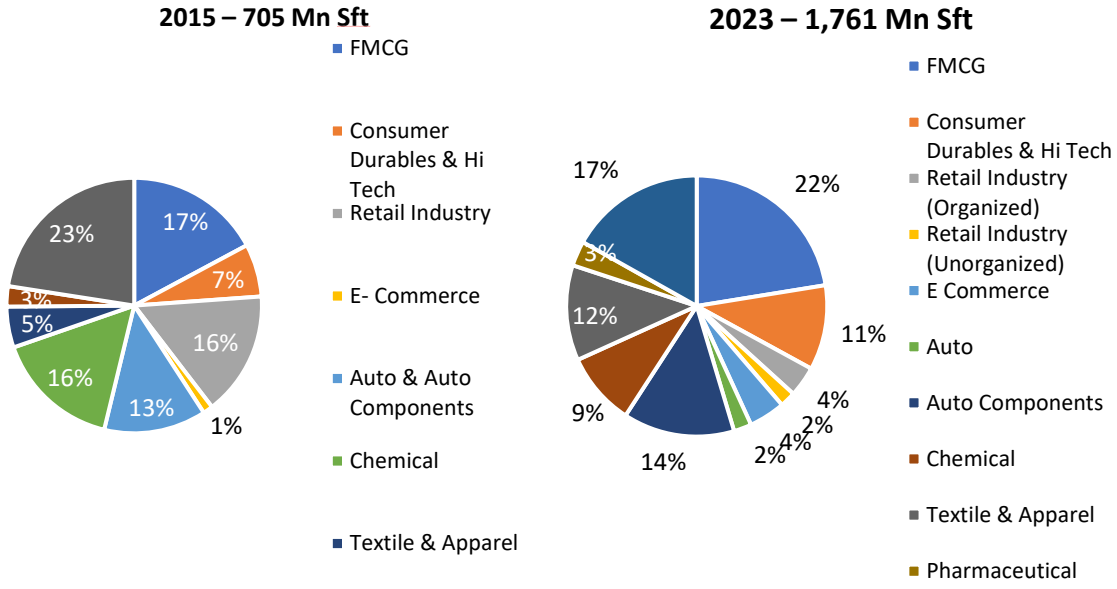
-



**Source:** CBRE Research

As the demand for industrial storage grows, developers are expected to focus on building Grade A facilities in Tier I, II, and III regions to suit end customers' demands. This tendency suggests that urban storage solutions will become more efficient and technologically advanced. The demand for Grade A storage is expected to rise further as end users pursue efficient logistics and supply chain operations. The warehouse industry is forecasted to grow at a rate of 12-13% per year for the next four to five years, with Tier II and Tier III cities accounting for the majority of the expansion.

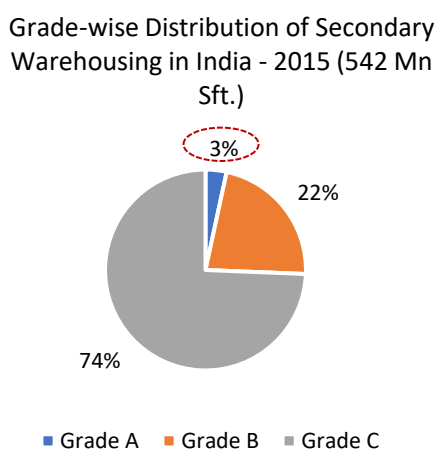
*Figure 23: Sector Wise Distribution of Total Warehousing Supply – 2015 Vs 2023*

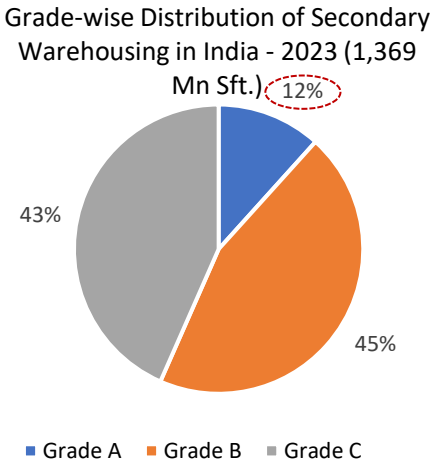


**Source:** CBRE Research; Note: *Others – wood, paper, metal products, electrical equipment, machinery & equipment

With respect to the sector–wise split in the secondary warehousing space, the e–commerce and retail (unorganized and organized) industries have shown exponential growth during 2015–2023. Further, FMCG, FMCD and textile and Apparels account for the maximum share in terms of requirement of warehousing.

*Figure 24: Grade–Wise Distribution of Total Warehousing Supply – 2015 Vs 2023*





**Source:** CBRE Research; * Secondary warehousing is the transportation of goods from a warehouse to a distributor.

India's warehousing segment has seen a surge in Grade A and B space over the last 6–7 years. Grade A space has increased from 18 million sft to 160 million sft during 2015–2023. Of the completed Grade A supply, approximately 84% (~135 million sft) is located in the top eight cities. Grade A space is expected to grow further in the next 3–4 years owing to the emergence of e–commerce, 3PL and modern retail sectors, as discussed earlier, coupled with focus from international and national funds on Grade A warehousing development.

Apart from the push from funds and institutional players towards developing Grade A warehousing stock, there is an increasing preference of end–users for warehouses developed by institutional/ organized players with a pan India presence. As per CBRE's market assessment, Grade A players have a planned supply of nearly 50 million sft across the top eight Indian cities and is expected to be developed over the next 3–4 years. However, an **additional demand of 160–170 million**[23] **sft is expected in top 8 Indian cities** in the next 3–4 years, **indicating a significant opportunity in this sector in the country**.

### 2.2.1 Evolution of Warehouse Quality

Warehouses play a strategic role in the supply chain by enabling inventory distribution, sorting, or cross–docking processes that strive to meet the growing demand of the market. Efficient warehousing provides an important economic benefit to the business as well as the customer. The warehousing industry in India has transformed over the last decade, with the demand for Grade A quality warehouse increasing from traditional Grade B and C developments. *Table 1* depicts the evolution of the quality of warehouses in India:

*Table 1: Evolution of Warehousing Qualities in India*

| Pre–2005 | 2005–2016 | 2017 onwards |
|---|---|---|
| C Grade | B Grade | A Grade |
| Structure Type: RCC Sheds | Structure Type: PEB/RCC | Structure Type: PEB |
| Centre Height: 5–6 m | Center Height: 6–9 m | Center Height: 9–12 m |
| Floor Capacity: 3–4 tonnes/$m^2$ | Floor Capacity: 4–5 tonnes/$m^2$ | Floor Capacity: 5–10 tonnes/$m^2$ |
| Canopy Length: No Provision | Canopy Length: 1–2 m. | Canopy Length: 3–5 m |
| Average Floor Plate: 10,000–50,000 sft | Average Floor Plate: 50,000–100,000 sft | Average Floor Plate: 100,000 sft & above |
| These developments have a poor ventilation system, congested truck | Other facilities: Water harvesting facility, basic fire–fighting facilities, | Other facilities: Water harvesting, fire–fighting facilities, ESFR/K115- |

[23] *Including supply from Non- Institutional Grade A Player & Grade B Player)*

| Pre–2005 | 2005–2016 | 2017 onwards |
|---|---|---|
| C Grade | B Grade | A Grade |
| maneuvering areas, no parking facilities, poor floor strength, minimal lighting, etc. | manual gate rollers, etc. | 160 sprinkler system, automated gate rollers, automated dock levelers, forklifts, optimized column spacing, flat, high dock door ratios, extensive concrete truck courts, solar powered lighting and ventilation systems, dedicated truck parking, etc. |
| | | |

**Source:** CBRE Research

Over time, warehouse buildings have evolved, from RCC structures to modern warehouses. Driven by the need for large floor plates and higher capacity utilization, the warehousing industry in India has scaled up and upgraded its existing capacities to meet the rising requirements of the sector. Surge in demand from manufacturing industries coupled with the surge of e–commerce companies have brought in a best–in–class supply chain ecosystem to the country. This has led to the initiation of quality–grade, modern warehouses with efficiency, quality, amenities, and safety as priorities.

A transformation in the development of warehouses has, therefore, been witnessed over the years, especially in terms of construction and technology, which is also a testament to the fact that the Indian warehousing industry is evolving and competing with international standard warehousing developments. To further strengthen this argument, a comparison of typical warehousing specifications across the top global economies has been considered. *Table 2* lists a comparison of warehousing specifications and standards followed across major global markets:

*Table 2: Comparison of Grade A Warehousing Specifications*

| Specifications | China | USA | Australia | Europe | India |
|---|---|---|---|---|---|
| Structure | PEB steel frame structure and pre–cast walls with insulation | PEB steel frame structure and pre–cast walls with insulation | PEB steel frame structure and pre–cast walls with insulation | PEB steel frame structure and pre–cast walls with insulation | PEB, pre–cast concrete walls up to 3.64 m, metal panels up to roof |
| Column Spacing | 11–12 x 24–25 m | 11–12 x 24–25 m | 11–12 x 24–25 m | 11–12 x 24–25 m | 11–12 x 24–25 m |
| Clear Height | 9–12 m | 9–15 m | 9–15 m | 9–15 m | 12 Mm |
| Skylight | 2–4% natural light | 2–4% natural light | 2–4% natural light | 4–15% natural light | Energy efficient lighting and skylights |
| Flooring | 3–5 tonnes/$m^2$ with hardened floor/ Emery wear–resistant floor | 5–6 tonnes/$m^2$ with anti–dust floor finishing | 5–7 tonnes/$m^2$ with anti–dust floor finishing | 5–7 tonnes/$m^2$ with anti–dust floor finishing, FM compliant | 5 tonnes/$m^2$ flat/ super flat floors, FM2–compliant |
| Canopy Width | 7–8 m wide awning | Canopy dock door seal or dock | 7–15 m wide awning | Canopy dock, door seal or dock | 3 – 4.5 m wide awning |

| Specifications | China | USA | Australia | Europe | India |
|---|---|---|---|---|---|
| | | shelter | | shelter | |
| Firefighting Systems | ESFR, fire hydrant system, air sampling alarm system, and hose reel | ESFR, fire hydrant system, air sampling alarm system, and hose reel | ESFR, fire hydrant system, air sampling alarm system, and hose reel | Global NFPA/FM standard firefighting and suppression systems | Global NFPA/FM/NBC standard firefighting and suppression systems |
| Office | Over 2 floors: ground and mezzanine | Over 2 floors: ground and mezzanine | Over 2 floors: ground and mezzanine | Over 2 floors: ground and mezzanine | Over 2 floors: ground and mezzanine |
| Roof | Standing seam premium roof system and capability of taking solar panel load | Standing seam premium roof system and capability of taking solar panel load | Standing seam premium roof system and capability of taking solar panel load | FM–approved high–grade insulation and PVC roof membrane and capability of taking solar panel load | Standing seam premium roof system and capability of taking solar panel load |
| Lighting | Metal halide lamp, LED, T5 energy saving lamp, 150–200 Lux | LED fixtures 150–200 Lux | LED fixtures 150–200 Lux | LED fixtures 150–300 Lux | LED fixtures to provide 150 Lux illumination |
| Ventilation | 2–3 air changes per hour | 3–6 air changes per hour | 3–6 air changes per hour | 3–6 air changes per hour | 3–6 air changes per hour |
| Docking System | Automatic/ Manually operated rolling shutters and mechanically operated dock, levelers | Automatic/ Manually operated rolling shutters and mechanically operated dock, levelers | Automatic/ Manually operated rolling shutters and mechanically operated dock, levelers | Automatic/ Manually operated rolling shutters and mechanically operated dock, levelers | Manually/Automatic operated rolling shutters and mechanically operated dock levelers |

**Source:** CBRE Research; Property Brochures: China (ESR & Prologis), USA (Prologis & Hillwood), Australia (ESR & Goodman), Europe (Prologis & Panattoni)

**As per the above matrix, Grade A specifications in India are in line with that of prominent global Grade A developers in terms of building structure, height, flooring capacity, facilities and amenities.**

The technology used for constructing warehouse structures in India is aligned with standard global practices, such as the use of pre–engineered building (PEB) structures that are light weight, high strength, and provide a larger span, while reducing time and cost over conventional RCC structures. *Table 3* summarizes the typical build quality and value–added features of a Grade A warehouse

*Table 3: General Specifications – Grade A Warehouses*

| Specification/ Feature | Details | Reference Image |
|---|---|---|
| Pre–Engineered Building (PEB) | Technology used for constructing warehouse structure aligned with global best practices to ensure light weight, high strength and larger span, while reducing cost and time. | |

| Specification/ Feature | Details | Reference Image |
|---|---|---|
| Column Spacing | Typically observed to be between 16–18 x 24–25 m for modern–grade warehouses. Provides occupant with clear movement and storage space options. |  |
| Clear Height | Typically, in the range of 9–15 m across USA, Europe and Australia and 9–12 m in India and China. Leads to higher stacking and greater vertical storage. Directly proportionate to floor strength. | |
| Floor Strength | In the range of 5–6 tonnes/$m^2$ for modern grade warehouses. These include anti–dust FM compliant flooring. Improves overall efficiency, allows smooth and free operations of trucks and allows for greater vertical storage. | |
| Lighting Facilities | Alternative lighting options including skylights, LED systems, and solar power systems are utilized to reduce carbon footprint. Improves overall illumination without significant energy consumption. | |
| Canopy/ Awning | Canopy/ awning protects loading/unloading goods during extreme weather. Concept of 'Dock Shelter' is more popular in the US and Europe. Average canopy length is in the range of 3 – 4.5 m for Grade A developments across India. | |

| Specification/ Feature | Details | Reference Image |
|---|---|---|
| Docking System | Dock levelers were introduced for allowing adjustment on the basis of different trailers and overcoming challenges of fixed concrete docking platforms. Mix of automatic and manual docking systems witnessed across Indian warehouses. |  |
| Firefighting Systems | Installation of modern firefighting systems plays a critical role in ensuring safety of goods stored. Fire firefighting systems include fire alarm systems, Early Suppression Fast Response (ESFR) water sprinklers, and fire hydrants, etc. | |

**Source:** CBRE Research

### 2.2.2 Warehousing Sanitation and Hygiene

Hygiene has become a more prominent issue than ever before across all customer–facing industries in light of the ongoing pandemic. In warehouses, this is particularly crucial, due to the sheer volume of products that travel into and out of these environments on a daily basis.

## 2.3 Demand Drivers for Indian Logistics & Warehousing Sector

Structural changes continue to drive demand for logistics facilities in India. The Indian logistics sector is evolving quickly, driven by continued policy interventions, robust growth in manufacturing along with the rise of e–commerce and third–party logistics (3PL) players. The logistics sector is seeing expansion due to increased demand from conventional occupier sectors as well as faster demand from e-commerce and 3PL sectors. The warehousing sector in India, therefore, is poised at the threshold with multiple demand divers facilitating its growth, as presented in *Figure 25*

*Figure 25: Demand Drivers for Warehousing in India*

**Goods & Services Tax (GST)**

- Catalyst for aggregation of storage locations and transportation system, low inventory holding costs, better clarity and control on supply chain

**Increasing Demand In Tier II & Tier III Cities:**

- Cities like Jaipur, Lucknow, Coimbatore, Hosur, Ghaziabad, Guwahati, Patna, Nagpur, Bhubaneshwar, Goa, etc, are witnessing increasing warehousing investments, given their strategic location, lower land prices, and road and railway accessibility. Most of these emerging Tier II and Tier III warehousing clusters are aligned with the industrial and freight corridors being developed in the country and offer good connectivity to major cities in the region

**Investment from Capital Funds:**

- Global investors & developers continue to expand their footprint in proximity to high consumption areas across Tier I and II cities

**Third Party Logistics:**

- The new trend in the 3PL market is to focus more on customer experience & product upgradation, creating a domino effect for additional warehousing space requirement

**Indian Manufacturing:**

- Global supply chain disruptions & break down of global trade relations have provided a much-needed thrust to the Indian manufacturing sector

**Growth of E-Commerce:**

- Retailers are enhancing their geographical reach as online retail is gaining increased traction

**Automation of Operations:**

- Automation of warehouses has created demand for taller structures, optimization by utilizing every cubic volume of a warehousing structure

**Maturity of Logistics Sector:**

- Maturity of the sector has led to the entry of global 3PL operators, enhancing overall service quality & leading to the introduction of global best practices

**FDI Inflows:**

- Transport & logistics sector gained infrastructure status in 2017. Investors looking to dilute their holdings in China, creating a potential market for manufacturing in India

**Government Policies:**

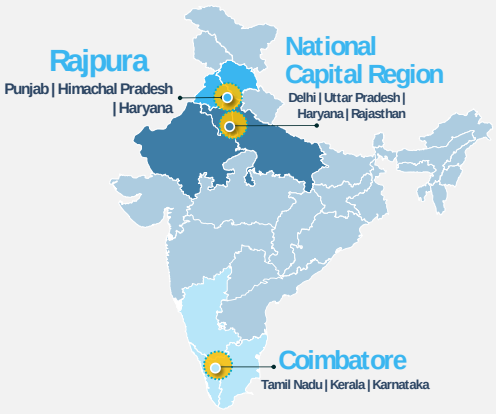
- Many factors such as macroeconomic conditions and government policies will help fuel development across the warehousing & logistics industry. The government's new warehousing policy is projected to lay the groundwork for the construction of exclusive warehouse zones through a public-private partnership (PPP) model, easing transit and lowering costs in the country

**Source:** CBRE Research

### 2.3.1 GST and the Emergence of Omnichannel Retail

The introduction of GST led to a synchronized tax structure, common rules, and procedures across India. It had a profound impact on Indian companies, who started planning respective supply chains to bring inefficiencies rather than focusing on reaping financial benefits from tax savings.

**Case in Point:** Post implementation of GST, consolidation of the warehouse market was observed in NCR (National Capital Region) and Coimbatore, Rajpura and Guwahati emerged as new locations for warehouses.



The supply chain networks in the GST era are being planned with more customer focus, taking into consideration the geographical location of customers. It is obvious that post–implementation of GST, there is a need for redesigning the distribution and procurement network to transition from state–centric supply chains to a geographic and demographic–centric supply chain.

The implementation of GST acted as a catalyst for aggregating storage locations and transportation systems

to bring in advantages of economies of scale, less deviation in forecasting, low inventory holding costs, better clarity and control over the supply chain. As result, small to mid–scale, Grade B and C warehouses close to urban peripheral zones of leading cities were replaced by modern warehouses with larger floor plates.

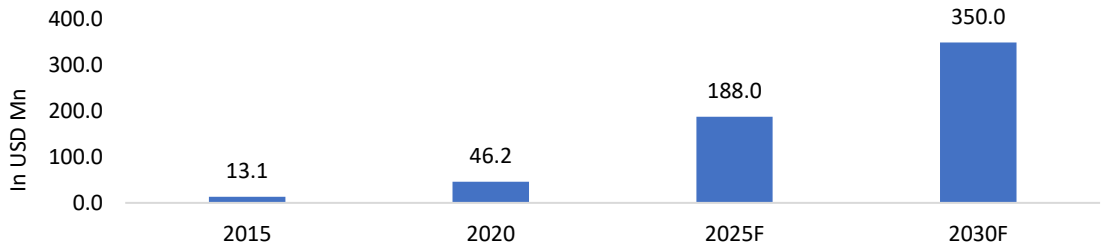
### 2.3.2 Growth of E–Commerce

With the boom in the e–commerce industry and changes in consumer behaviour, the logistics sector too has significantly benefitted. E–commerce growth has been one of the key factors influencing the increase in demand for Grade A warehouses. This end–user industry has, in fact, accounted for approximately 12% of total warehousing absorption across India's top eight cities in the year 2023.

### 2.3.3 E–Commerce Boom and Its Impact on Retail

After China and the US, India has the third–largest online consumer base of 230 - 250 million as per FY 2023. India's online retail industry is expected to grow at a CAGR of 22.45% and become a USD 350–billion market by 2030.[24] Furthermore, the Government has played a pivotal role in the overall growth of this industry. Policies, including the allowance of 100% FDI in the Business–to–Business (B2B) channel have strengthened this evolving market.

*Figure 26: India E–Commerce Market Size*



**Source:** IBEF, December 2023

With a population of approximately 1.4 billion and rising disposable incomes, India has gradually become one of the most lucrative smartphone markets. Online retail penetration is expected to reach 16% of total retail sales by 2025 over 8% in 2020.[25] The key enablers supporting India's e–commerce growth are as follows:

- **Increasing Urban Population:** India's total urban population has seen an increase of nearly 37% in 2024, over about 31% in 2011.[26] Increasing consumer outreach into Tier II and III cities has led to a subsequent increase in online retailing.

- **Growth of Internet Users:** As of March 2024[27], the number of internet connections in India significantly increased to 954.40 million. Smartphones have expanded the reach of online market to multiple users by offering 24/7 access, personalized experience and seamless payment methods. The demand for e–commerce is, thus, expected to grow in tandem with increasing internet usage and digital penetration.

- **Growth of Mobile Users:** As of March 2024, as per TRAI, India had a total of 1.199 billion mobile subscribers, of whom almost 65% were smartphone users. Moreover, an increasing number of purchases are being made through personal mobile devices, phones and tablets with greater smartphone mobilization.

- **Increased Digital Socialization (Social Networking Services or SNS):** Social networks are the worldwide environment for establishing e–commerce by offering advantages such as coverage to wider user bases as well as specific outreach to target audiences. India has observed 395 million social commerce shoppers as of May 2023, shopping through apps such as WhatsApp, Facebook, YouTube and Instagram.

- **Rise of Digital Payments:** Additionally, digital payments have been a key enabler of the e–

[24] IBEF, December 2023
[25] CBRE Research, *Global E-Commerce Outlook*, June 2021
[26] World Bank
[27] TRAI (Telecom Regulatory Authority of India)

commerce boom in the country. “Faceless, Paperless, Cashless” is one of the professed roles of Digital India. As part of promoting cashless transactions and converting India into a society that lessens cash usage, various modes of digital payments are available today. Following this digitalization drive, the digital payment space in India has seen tremendous growth over the past few years with the volume of digital transactions increasing at a CAGR of 45% from FY 2018 – FY 2023.

The e–commerce supply chain needs an efficient logistics space that facilitates the quick movement of goods to consumers. With more and more major omnichannel retailers offering two or even one–day shipping, goods need to be moved as quickly as possible. To this end, new warehouses are larger not only in footprint but in height as well. Distribution markets that serve major urban centres and have land for new warehouses, such as the Delhi National Capital Region (NCR), Bengaluru, Chennai, Hyderabad and Mumbai, have seen building sizes increase the most with developments by organized developers.

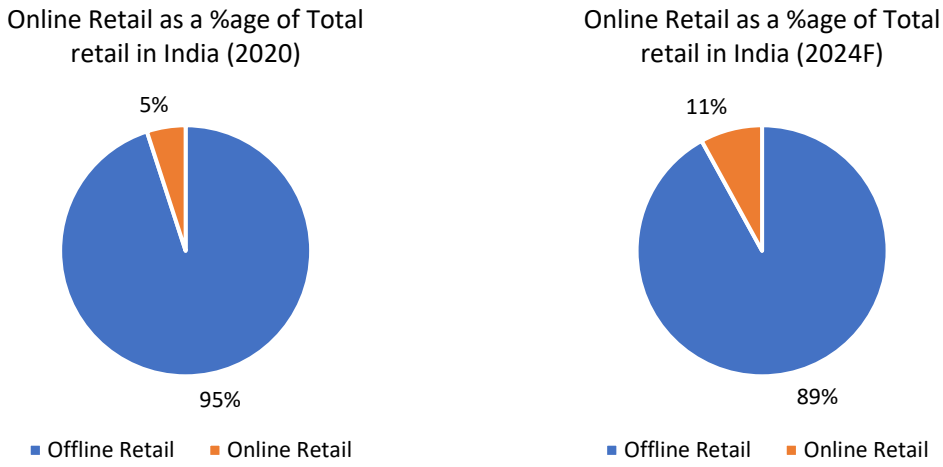
Quick commerce is a notable trend in India's e-commerce industry that is transforming the country's retail and last-mile delivery scene by utilizing the broad availability of mobile internet and the growth of e-commerce. With an emphasis on speedy delivery, quick commerce is upending conventional retail ideas. Beyond traditional ready-made meals, the idea of fast deliveries has spread to cover a variety of goods like groceries, medications, cosmetics, and gadgets, fusing the ease of home shopping with the quickness of instant market purchases.

As per RedSeer report, Quick commerce industry is projected to touch US$ 5.5 billion by 2025. Notably, delivery services of 10–20 minutes are now possible thanks to the establishment of 20–30 micro-fulfilment centers in major cities by platforms like Dunzo, Swiggy, Instamart, and Blinkit. With revenues rising by more than 280% over the past two years, India's rapid commerce sector has experienced tremendous expansion. The Gross Merchandise Value increased from USD 0.5 billion in FY22 to $3.3 billion in FY24.

### 2.3.4 Sustainability of E–Commerce Growth

The exponential growth of the e–commerce industry in India over the past decade has been revolutionary. The industry has emerged as one of India’s key segments, aiding the country’s overall economic growth. Focusing on the growing need of reaching out to a larger target consumer base, retailers are enhancing their geographical reach as online retail gains traction.

*Figure 27: Online Retail Vs Offline Retail in India (2020 Vs 2024 Forecasted)*

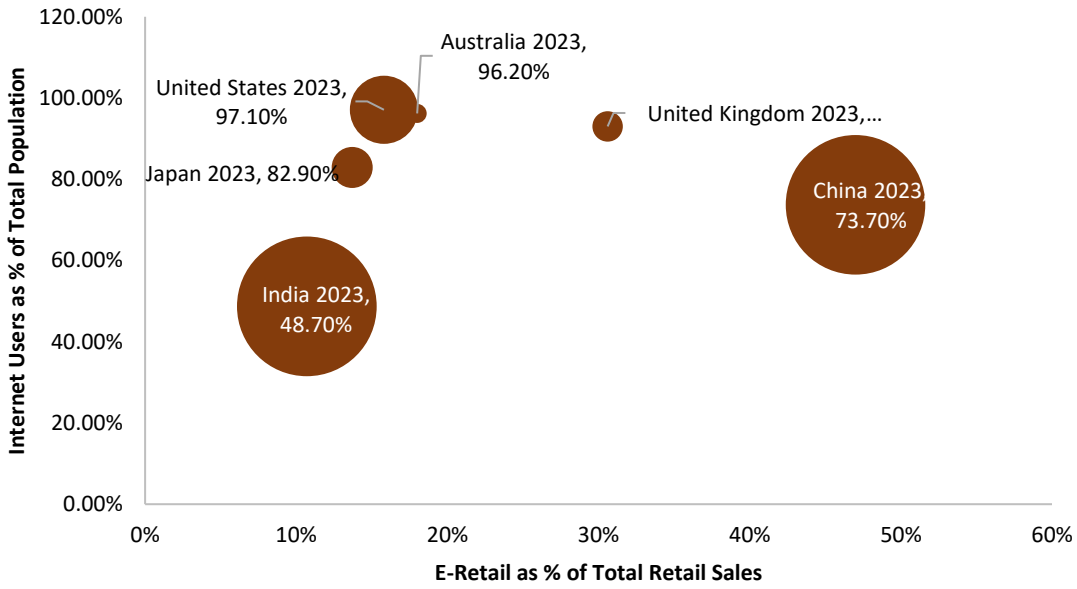


**Source:** IBEF, December 2023

### 2.3.5 Comparison with Global e–commerce Markets

Mature logistics markets have seen an accelerated transition to e–commerce from traditional retail sales, facilitated by a robust logistics sector and deeper digital penetration. In India, this transition has been slower. Although the infrastructure supporting e–commerce is yet to mature in India, the demand for quality–grade logistics space is gradually increasing. Coupled with increasing internet usage, this will supplement the growth of the e–commerce sector in India. *Figure 28* compares the e–commerce penetration in India to digital penetration across various global economies:

*Figure 28: E–Retail Penetration Vs Internet Penetration in India*



**Source:** World Bank; CBRE Research

Comparing India to major global economies, there is significant catch–up potential in terms of E–retail penetration which shall be supplemented by increasing internet user base in the country.

### 2.3.6 Gradual Maturity of the Logistics Sector

The maturity of the logistics and warehousing sector has led to global 3PL operators making inroads into India, thus, enhancing the overall service quality and leading to the introduction of global best practices. Some of the key factors for this development are highlighted as follows:

- **Thrust from headquarters** to adopt global best practices in the warehousing industry.
- **Increasing use of IT systems** has given users better visibility into the supply chain, with end–users now being able to consolidate cargo at a location while managing the supply chain efficiently.
- The previously witnessed economic downturn coupled with competition has pushed players to **focus on reducing fixed costs** such as warehousing. Today companies are consolidating their warehousing space and opting for vertical storage to keep costs under control.
- **Footprint expansion of global 3PL players in India** (DHL, Linfoflex, Kuehne Nagel, etc.) have created awareness for global best practices, contributing to the maturity of Indian companies.
- **Managing inventory more efficiently** can help save time to market for end–user sectors. Tenants dealing with inventories that rely on rapid stockturns and quick transitions from supplier to customer need a warehouse that enables efficient processes and operations. Efficient warehousing enables waste minimization, lowers warehouse costs, and reduces overstocks.
- **Optimized space and lower operating expenses** for end–customers. Ensuring optimization of storage capability appears obvious on the surface, but it is an often–overlooked area that is far more complex than it looks. Grade A warehouses not only allow more storage volume but also more efficient space.

### 2.3.7 Reduction in Overall Logistics Cost at GDP Level

India's logistics sector witnessed a remarkable improvement in 2021-2022. Logistics costs as a percentage of GDP significantly decreased, falling to a range between 7.8% and 8.9%[28]. This marks a substantial improvement compared to 2016, when logistics costs were much higher at 13%. This positive trend can be

[28] Source: National Council of Applied Economic Research, Dec 2023 Report

attributed to several factors, including reduced expenses in areas like inventory holding, packing, stevedoring, transportation, information management, and administration during the 2021-2022 period.

### 2.3.8 Growth of 3PL

The term "third-party logistics" encompasses various types of businesses, including those engaged in outsourced logistics operations, "less than truckload (LTL)" logistics, and "Courier, Express and Parcel" (CEP) services. Contemporary consumers exhibit a preference for flexible delivery alternatives. In order to accommodate the diverse needs of their clientele, 3PLs frequently maintain partnerships with a multitude of carriers, thereby granting e-commerce businesses access to a wider array of delivery alternatives (including express, same-day, and other alternatives). Third-party logistics providers facilitate the streamlining of supply chains and the enhancement of operational efficiency, which can be of great benefit to a wide variety of business types. By engaging in service outsourcing, organisations can enhance their overall functioning while concurrently reducing costs. Additionally, it is not uncommon for complex logistical challenges to be met with the expertise and resources at the disposal of third-party logistics providers. Thus, organisations seeking to broaden their market presence find these providers to be appealing collaborators.

Further, because of the expansion of omnichannel and quick channel, there has been an increase in the need for these particular services, which has led to an increase in the demand for leasing Grade A warehouse projects. Strong demand for storage is generated in most nations throughout the world as a result of the fast expansion of LTL and CEP services. In developed markets, CEP operations account for a significant portion of the total business volume. LTL and CEP service providers are both dipping into each other's operations, which is a result of the fast rise of third-party logistics (3PL) companies, which is continually generating extra demand. It is anticipated that this pattern will continue as the demand driven by consumption continues to increase. Additionally, the requirement for a complicated supply chain is pushing the demand for efficiently designed logistics solutions. In order for businesses to maintain their competitive edge in the market, they will need to be able to innovate and adapt as the level of competition grows.

### 2.3.9 Thrust towards Indian Manufacturing

The Indian economy has traditionally been agrarian in nature, with the manufacturing and services sectors lacking in comparison to developed economies. Government initiates in the sector and a breakdown of global trade relations have provided a much–needed thrust to the Indian manufacturing sector, with some of the critical factors being:

**US–China Trade War:** Following imposition of trade tariffs, there have been global concerns regarding erosion of global GDP and a decline in trade. Though the global economic outlook looks grim, India has an opportunity to replace Chinese exports globally. These potential opportunities for increasing manufacturing capacities will facilitate the demand for logistic services across the country.

**Chinese Supply Chain Disruptions:** Supply chains reliant on China have been disrupted by two major events: the imposition of US trade tariffs and the pandemic. Other factors, such as rising labor costs and intellectual property concerns, may also be driving companies to consider alternatives to China within Asia.

**Aatmanirbhar Bharat Abhiyan:** With the pandemic and a growing resistance to Chinese imports, there has been a strong focus on developing a self–reliant economy and fostering indigenous production. Aatmanirbhar Bharat Abhiyan is the mission started by the Government of India on 13th May 2020, an economic package of USD 23.8 Billion as aid to support the country in the times of pandemic. Primarily focused on 5 components – Economy, Infrastructure, Systems, Vibrant Demography and Demand.

**Impact of PLI Scheme:** The Central Government introduced the PLI scheme in March 2020 to make India a competitive player in global markets and boost domestic manufacturing and exports through incremental sales of products manufactured in domestic units which provides the sector–wise, planned investment outlay as per the PLI scheme.

The PLI scheme does not cover the land required for factories and related constructions. Due to the challenges in land acquisition and regulatory approvals, manufacturers need ready, cost–effective, and world–class industrial facilities. This is an opportunity for the industrial–warehousing sector to play a complementary role and provide plug–and–play facilities in India.

### 2.3.10 Repurposing Warehouses for CKD Assembly

**Strategic Advantage in Pune, Chennai, and Bangalore**

Certain micro- markets of Bangalore, Pune, and Chennai, offer feasible alternatives for manufacturers seeking to reduce capital investment in specialised assembly facilities, particularly in the initial stages of operation or for low-volume production lines, through the establishment of warehouse infrastructure. In the context of initial segments or low-volume production lines, it is cost-effective and time-efficient to utilise warehouses located in Pune and Chennai for CKD assembly. Of the overall warehousing stock in Pune, Chennai and Bangalore approximately 34%, 22% and 10% in these cities are occupied by value added services or CKD assembly units. Manufacturers achieve a competitive edge and expedite time to market by utilizing warehousing assets. Implementing value-added services, or CKD assembly units, within Grade A warehousing blocks offers a multitude of advantages in comparison to captive units. These benefits are as follows: **Lower upfront investment**: Repurposing existing warehouses for CKD assembly requires less upfront investment compared to building a new assembly plant. Additionally, warehousing in these locations provides manufacturers with the flexibility to scale production up or down based on demand fluctuations, reducing the risk of overcapacity. This can result in cost savings and improved efficiency for manufacturers.

- **Flexibility and Scalability**: Warehouses provide the flexibility to adjust assembly operations based on demand fluctuations. You can scale up assembly lines or even disassemble them when volumes no longer justify the setup. This adaptability allows manufacturers to optimise their resources and minimise waste, ultimately improving their bottom line. Additionally, utilising warehouses for CKD assembly can also lead to quicker response times to market changes, giving companies a competitive edge in the industry.

- **Shared Resources:** CKD assembly within the warehouse can leverage existing infrastructure like utilities, security, and some existing staff, reducing additional costs.

  Facilitating manufacturers' interest in utilising their space for value-added services or CKD assembly units is additionally advantageous from the standpoint of developers. The following are the benefits:

  - **Increased Demand:** This trend creates a new target market for warehouse developers. By offering features suitable for CKD assembly, they can attract a wider range of clients beyond traditional storage needs.

  - **Long-Term Leases:** CKD assembly often requires dedicated space within the warehouse for an extended period. This can lead to longer lease agreements for developers compared to standard storage contracts.

  - **Premium Rates:** Warehouses specifically designed or modified for CKD assembly might command premium rental rates compared to basic storage facilities.

  - **Value-Added Services:** Developers can offer additional value-added services to CKD assembly clients, such as partnerships with security providers or equipment suppliers, generating further revenue streams.

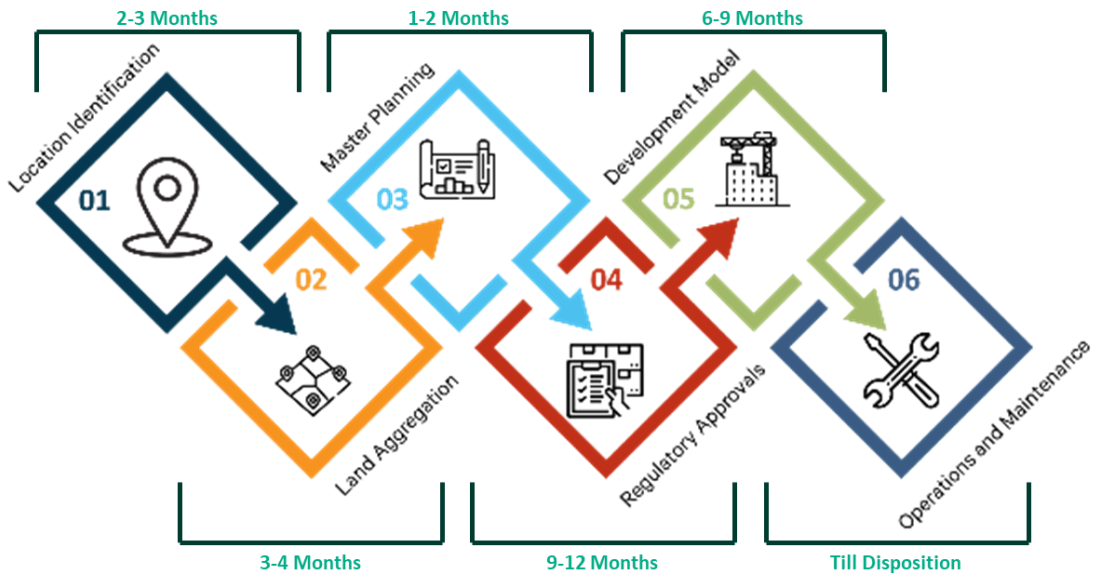
  - **Stronger Tenant Relationships:** Working collaboratively with manufacturers to design CKD-friendly warehouses can foster stronger tenant relationships and encourage lease renewals.

## 2.4 Overview of Logistics Real Estate Fundamentals

### 2.4.1 Development Cycle for a Warehousing Development

With the pivotal role that warehousing plays in the logistics sector, its development process involves a detailed methodology to ensure smooth operations of the supply chain. Through innovation in development technologies and a booming e–commerce industry, the warehousing industry has become a sunrise sector in India. *Figure 29* provides a summary of the overall development cycle of urban warehousing facilities:

***Figure 29: Development Cycle – Warehousing***



**Source:** CBRE Research

The successful development and operations of a warehousing facility require a close partnership between the various stakeholders, in order to deliver the best results and long–term growth of the industry.

#### 2.4.1.1 Location Selection

Warehouses are developed after running detailed demand projections for a location, based on its connectivity with key production and consumption hubs. Numerous factors are analysed before finalizing a land parcel such as its size, support facilities, area for manoeuvring and an efficient layout. The location is further broken down into specific sites, based on transportation time and total cost of running operations from the shortlisted location/s.

The warehouse location determines the efficiency and speed of a supply chain network. Since the logistics sector is at a nascent stage in India, there are no pre–defined logistic zones even in Tier I cities. Warehouses are usually located in proximity to transport facilities, with multiple modal choices. Similarly, a nearby market for the products aggregated at the warehouse is generally important for the successful operation of the facility and its long–term commercial viability. The relative importance of certain other factors or parameters differ according to the type of end–user industries and customer base. *Table 4* provides an indicative matrix for deciding the location of warehousing facilities:

*Table 4: Indicative Parameter Matrix for Warehouse Site Selection*

| CRITICAL SUCCESS FACTOR | EVALUATION PARAMETER |
|---|---|
| Land Status | • Availability<br>• Clean and clear title<br>• Land price<br>• Acquisition challenges<br>• Development cost |
| Connectivity | • Distance of identified site from nearest commercially relevant transport hub<br>• Distance from major population and distribution centres offering both markets and potential labour pools<br>• Proximity to major service providers |
| Physical Features | • Plot size and shape<br>• Topography, including gradient and drainage conditions<br>• Soil conditions<br>• On–site/ above–ground and/or underground water resources<br>• Accessibility |
| Infrastructure | • Power<br>• Communication network |
| Development Regulations | • Site–specific environment rules and guidelines<br>• Site–specific construction rules and development regulations<br>• Adjacency regarding proximate land<br>• Workforce availability |

| CRITICAL SUCCESS FACTOR | EVALUATION PARAMETER |
|---|---|
| Business Considerations | • Existing business presence in the area<br>• Presence of complementary and competing facilities<br>• Operational and utility delivery costs<br>• Supporting business environment |

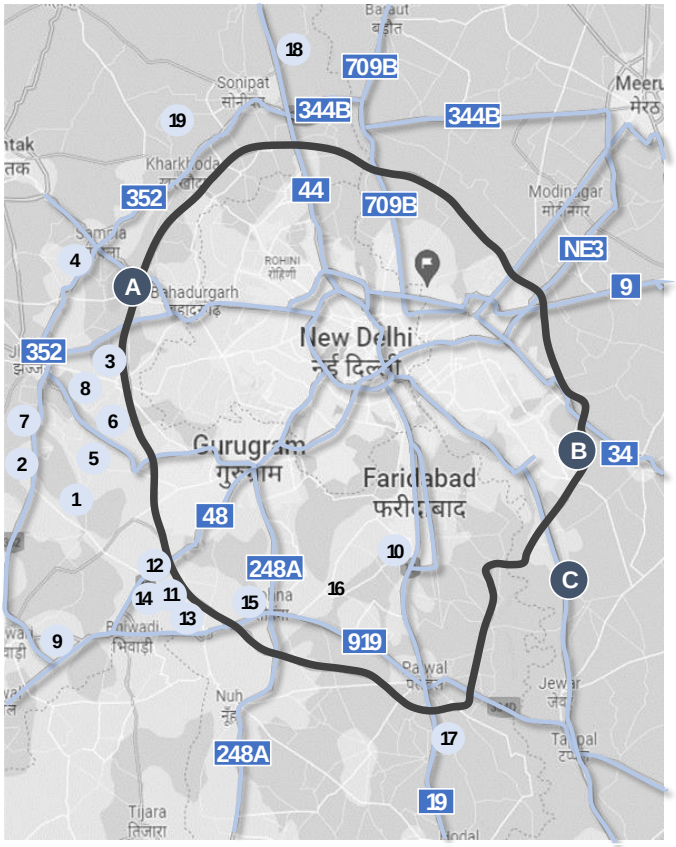
**Source:** CBRE Research

**Case in Point:** In Delhi NCR, an area south of Gurgaon emerged as a logical location for developing warehousing hubs. It is evident from the following map that most of the institutional backed warehouses are near key national highways (NH).

**Case-in-Point: Spread of Warehousing in the NCR**

In the Delhi NCR, an area south of Gurgaon emerged as a logical location for developing warehousing hubs. It is evident from the following figure that most of the institutional backed warehouses are near key national highways.

*Figure 30: NCR – Institutional Warehousing Development*



| S. No. | PROJECT NAME | MICRO-MARKET |
|---|---|---|
| 1 | Indospace | Luhari |
| 2 | RJ Logistics | Luhari |

### 2.4.1.2 Land Aggregation

Following location identification, acquiring suitable land for warehouses and fulfilment centres is a cumbersome process due to the extensive stakeholder and legalities involved in the process. Access to land is the most challenging entry barrier to the sector. Although, it is evident that the Central Government has been supportive of building a nationwide, modern logistics system, but there is no support available when it comes to provisioning for aggregated land parcels.

The average land holding in India is 2.67 acres[29] compared to 16.9 acres in the USA, making aggregation and

[29] Department of Agriculture; Government of India; Agriculture Census

acquisition of land among the biggest challenges of developing any project in the country.

Land aggregation remains a prominent challenge for developing warehousing too, as developers require a land parcel that is strategically located with a clear and marketable title, in the right zone, in the correct shape and contour, while being easily accessible. As per statistics shared by the Infrastructure and Project Monitoring Division[30], Government of India, of the 1,821 Government projects monitored, 51 were found to be ahead of schedule, 617 were on schedule, 780 were delayed, 431 were reported to have overrun their budgeted costs, and 255 reported to have overrun both their timelines and costs. Delay in land aggregation has been found to be one of the key reasons for the delay in executing projects.

To counteract the same, organized developers/ investors consistently either look for Indian joint venture (JV) partners or invest in Indian companies with an established land portfolio. Some of the approaches followed by developers for aggregating land parcels are:

1. Forming joint ventures
2. Long–term leasing/ purchasing of industrial land from state industrial bodies.
3. Consolidating and purchasing agricultural land

#### 2.4.1.3 Master Planning

The master planning exercise has a lasting impact on how a warehousing facility is developed, operated, and subsequently integrated into its target market. It defines the connection between the topography, land use, infrastructure, public right–of–way, buildings, social settings, and their surrounding environments. Master plans should be prepared on the basis of existing development regulations, as well as new site–specific surveys, investigations, and analyses. *Table 5* provides a checklist of components required for preparing a master plan of a warehousing facility.

*Table 5A: Checklist for Masterplan Components*

| COMPONENTS | DESCRIPTION |
|---|---|
| Warehousing and Storage Area | • Warehouses |
| | • Open yard/ container yard |
| Internal Roads and Circulation | • Distribution network for movement of goods vehicles across the warehousing facility |
| Drainage and Water Supply | • Separate distribution networks for potable and non–potable water |
| | • Water pumping station and treatment plant |
| | • Drainage lines on all roads and gravity–based rainwater harvesting system |
| Power Supply | • 24*7 electricity supply with strategically located distribution substations |
| | • Renewable energy sources (e.g., solar panels) |
| | • Energy efficient lighting across the facility |
| IT Connectivity and Telecommunications | • Internet facility |
| | • Internal communication within the facility |
| Land Scaping and Open Area | • Open spaces such as parks, plazas (as per specified development control regulations) |
| | • Green buffers (If necessary) |
| Commercial Space | • Dedicated office space |
| | • Retail area including cafeteria or restaurants |

[30] Project Monitoring Division; Government of India

| COMPONENTS | DESCRIPTION |
|---|---|
| Safety and Security Provisions | • 24*7 CCTV surveillance systems<br>• Emergency response centres<br>• Manned gatehouse and guard rooms<br>• Medical facilities and healthcare centres |

**Source:** CBRE Research

#### 2.4.1.4 Regulatory Approvals

A critical process in developing warehousing hubs is getting the requisite approvals from key authorities. Depending on the location of the warehouse, key regulatory approvals are required to ensure the development of the warehousing facility. The required approvals include environmental clearances, approvals from pollution control board/s, approvals from the Directorate of Fire and Safety, forest approval/s, and ground water clearance.

#### 2.4.1.5 Development Model

The construction of a warehousing facility involves the scheduled hiring of contractors and project managers for activities ranging from bulk earthworks, the construction of roads and other transportation networks, and the installation of infrastructure services such as power, water, telecommunications, both for the facility as well as for any required "last–mile" connection spurs. Construction activities potentially impact the environment and local communities. Construction management strategies must, therefore, minimize the adverse impacts of the development process on the natural and social landscape. The construction should additionally follow the development control regulations for the jurisdiction.

The key components of the warehouse facility are generally assembled as a pre–engineered building (PEB) structure at the subject site. Thus, modern warehouses are fungible in nature, wherein defective or damaged components, such as walls, ceilings and floorings, can be easily replaced. Modern Grade A warehouses are generally constructed along the following development models:

- **Standard Box Warehouse:** The developer constructs the warehouse space as per existing specifications and assembly requirements of the PEB structure.
- **Built–to–Suit (BTS) Warehouse:** The developer constructs a warehousing space as per client requirements, allowing for dynamism and flexibility that businesses require to handle contemporary logistical challenges.

#### 2.4.1.6 Operations and Maintenance of Warehousing Facilities

At the most basic level, warehousing facilities are meant to provide an integrated real estate solution for gaps in the market for serviced warehousing options. In this context, Grade A developers provide more than built–up area and utilities. As integrated real estate solutions, a warehousing facility's primary indicator of success is its occupancy level. It is, thus, essential for such facilities to attract tenants and retain them. The main management functions required during the operation of a warehouse include infrastructure management and operations, along with the provision of administrative, business, and social services, as illustrated in *Table 6* below:

*Table 6: Warehousing Facility – Management Functions*

| MANAGEMENT FUNCTION | COMPONENTS | DESCRIPTION |
|---|---|---|
| Plot and shell facilities allocation | Real estate management | Plot and facilities leasing or sales |
| Infrastructure, superstructure, and facilities management | Landscaping, infrastructure and utility provision, operations, and maintenance, along with collection of maintenance charges | Guaranteeing regular operation and supply of utilities and other infrastructure management services |
| Administrative services | Registration and licensing, if these functions are delegated by respective | Ensuring quick and easy entry of tenants into the facility, providing adequate protection |

| MANAGEMENT FUNCTION | COMPONENTS | DESCRIPTION |
|---|---|---|
| | government agencies, overseeing regulatory compliance, ensuring facility safety and security, and providing overall financial management for the facility | against damage to stored goods, property, and the environment, and ensuring safe movement within the facility |
| Business development and innovation management | Providing information on facility services, attracting new tenants, business incubation and supporting innovation | Attracting business into the facility, and providing a platform to encourage R&D and knowledge sharing |
| Performance management | Compiling reports, surveying occupiers, performance assessment | Economic, social, and environmental performance monitoring |

**Source:** CBRE Research

#### 2.4.1.7 Assessment of Development Costs

**Developing an Industrial–grade Warehousing Asset:** When companies outgrow their current warehousing spaces, they look to lease new warehouses to expand and streamline their distribution and delivery processes. Further, with rising e–commerce and modern retail demands, industrial warehouses have become the most resilient assets in the real estate industry.

The development of infrastructure projects is a complex and resource–intensive process. Factors influencing warehousing development costs include land costs, construction costs, financing costs, etc. These factors have been discussed in detail below.

**Land costs:** Factors influencing the price of land for a real estate development are:

- Physical attributes of the subject land such as topography, location, availability of water, etc.
- Proximity to economic activities/ consumption hubs
- Demand and supply dynamics are other cost factors. With significant demographic changes over time, the need for land also increases. With the increase in population, there is an increase in economic activity, which in turn increases the demand for land components and, hence, the cost of land.

The cost of land for an envisaged warehousing development is typically in the range of INR 10–25 million/acre, depending on the demand–supply dynamics, market conditions, the status of the lands, etc.

**Warehousing construction cost:** There are various cost elements involved in the construction of an industrial–grade warehouse. These include soft costs, hard costs, financing costs, etc., which have been elaborated below:

- Soft costs are not directly linked to the construction activity. Soft costs include permits, taxes, insurance, engineering, architectural design, etc.
- Hard costs are all cumulative expenses directly linked to the physical construction. They are actual construction costs, inclusive of labour and material.

The table below elaborates on the construction costs for a warehousing development:

*Table 7: Typical Warehouse Cost of Construction*

| Typical Cost of Construction (Grade A warehouse) | Cost (INR/sft) |
|---|---|
| Infrastructure (including amenities) | 600 – 650 |
| Civil Costs | 450 – 500 |
| PEB* | 650 – 750 |
| MEP** | 100 – 150 |
| **Total** | **1,800 – 2050** |

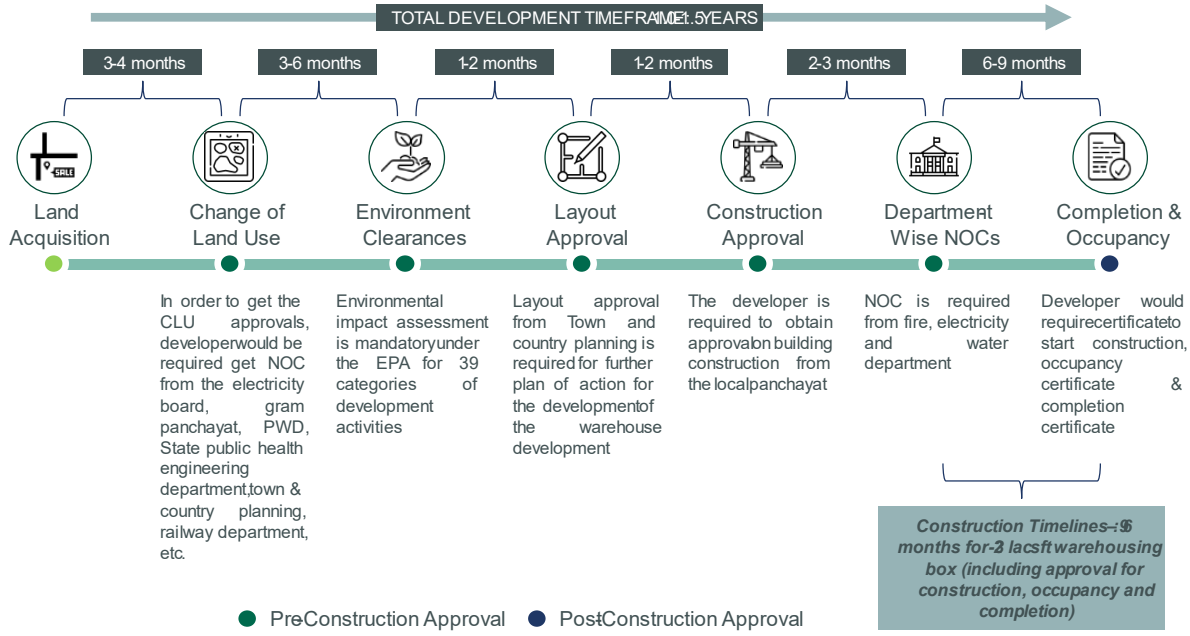
**Source:** CBRE Research

*Note: *Pre–Engineered Building; **Mechanical, Electrical and Plumbing,*

**Construction finance and LRD for warehousing asset:** Construction finance is required to meet the developer's liquidity mismatch concerning the construction of the warehousing facility. To warehouse developers, construction finance is offered at the rate of approx. 9 – 9.5% from various private/public banks and Lease Rental Discounting (LRD) is offered at 7.75 – 8.5%.

**Typical lead time:** Typically, it takes around 1.0 years – 1.5 years to build a warehouse, right from the land acquisition phase to the development of the facility (considering a box size of ~2.5–3.0 lakh sft). The various processes in the entire development cycle. The typical lead times have been elaborated below with tentative timelines for each of the required approvals.

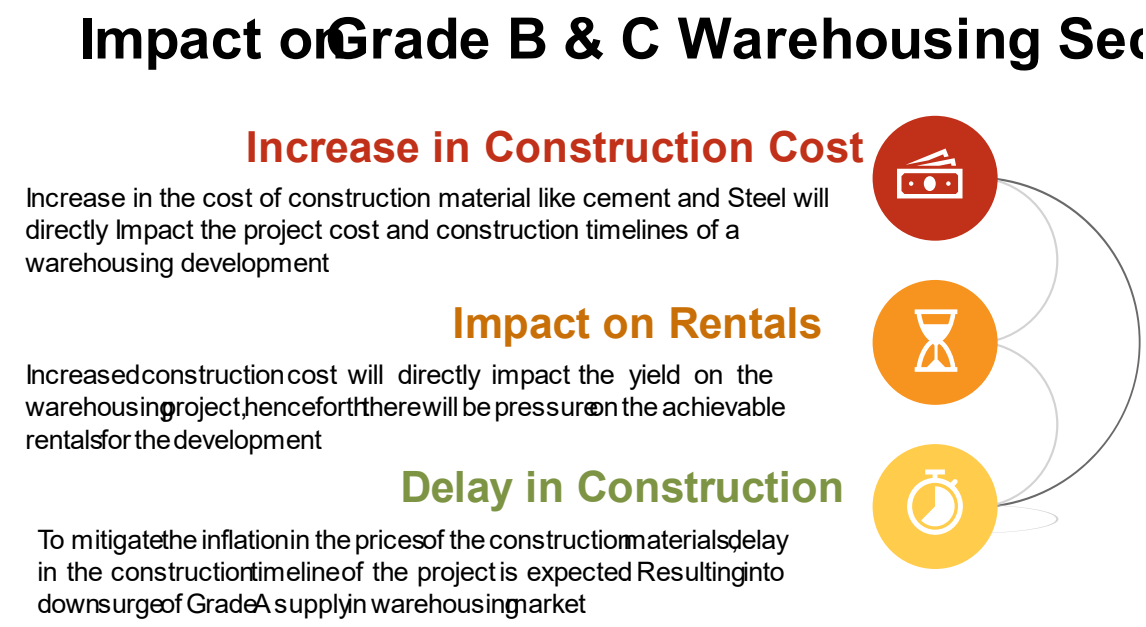
***Figure 31: Warehouse Development Approvals & Timeline***



**Source:** CBRE Research

With the ever–increasing demand for Grade A warehouses, it can be anticipated that unless commodity prices for steel and cement decline, there would be an increase in rentals. Thus, to offset the increasing construction costs, developers may pass on a proportion of the same onto potential tenants in the form of escalated rentals. This trend may particularly be witnessed in Tier I cities, where vacancy in Grade A facilities is less than 5%, thus witnessing rentals escalations before the end of the current development cycle.

*Figure 32: Construction Cost – Impact on Grade B & C Warehousing Sector*



**Source:** CBRE Research

#### 2.4.1.8 Market Practice of Lease Contract

In India, warehousing lease contracts are standardized, baring specific property related exceptions. *Table 8* presents the standard lease terms of warehousing contracts in detail:

*Table 8: Standard Lease Terms in India*

| Key Parameters (Lease Contract) | Description |
|---|---|
| Terms of Lease | Typically lease terms are between 3–9 years depending on the requirement from the lessee |
| Lock–in Period | The lock–in period is typically for 2 years. However, for BTS developments, this varies between 6–9 years. |
| Rental Escalations | Rentals are escalated by ~4–5% every year or by 12-15% every 3 years, depending on the mutual agreement by the lessee and the lessor. |
| Common Area Maintenance (CAM) | Apart from rentals, CAM is charged separately by the lessor. They are escalated by 4–5% every year. Typically, CAM charges range from INR 0.5–1.0/sft/month. |
| Interest Free Refundable Security Deposits (IFRSD) | Security deposits are typically for 4–6 months, and are paid upfront before signing the lease deed. This is an interest–free, refundable security deposit that is refunded to the lessee after the termination of the lease deed and successful handover of the warehousing unit. |
| Taxes | All applicable Government taxes are to be added to the total charges paid by the lessee to the lessor |
| Delays & Defaults | The lessee undertakes to make all payments to the lessor in a timely manner. However, if the lessee delays in making the payments to the lessor as per the lease agreement/contract, then the lessee shall be liable to pay the lessor a delay interest per annum on the payment unpaid by the lessee. The interest shall be fixed between both parties prior to the agreement. Typically, the delay interest is fixed between 15–18% per annum. |
| Rent Free Period | In some of the contracts, rent free period is provided by the lessor to the lessee for fit–outs and other necessary adjustments before starting operations. Typically, the rent–free period, if provided is anywhere between 2–4 months, depending on the tenure of the fit–outs. |

**Source:** CBRE Research

Apart from these standard lease terms, there are also other aspects that vary regionally and/or depend on the type of tenant/lessee, based on additional facilities provided to the lessee. These parameters are discussed below in detail:

- **Loading:** In a typical Grade A warehousing development, the loading varies by 5–10% over and above the carpet area. Loading is charged owing to the construction of canopies, covered areas, guard room/s, firefighting equipment room/s, etc. The rentals paid by the lessee on the chargeable area include the loading component. Further, typically Grade B and C developers do not charge loading, as such developments do not have such added facilities and amenities.

- **Tenant Improvements:** For making renovations or additional construction on the premises, which may be required for the tenant's business, a 'tenant improvement' is charged by the developer/ lessor from the lessee. There are various types of tenant improvements, viz., high efficiency lighting, heating ventilating and air conditioning (HVAC) facilities, additional civil works, internal works, etc.

- **Mezzanine:** This is typically witnessed in Grade A warehousing spaces. It is an elevated section of the flooring or platform that is installed between the floor and the ceiling. Mezzanines are excellent options for increasing storage/ workspace within a warehouse. Typically, as witnessed in Grade A spaces, differential rentals are charged for mezzanine structures in warehouse development. The rentals for mezzanines are in the range of INR 10–12/sft/month.

### 2.4.2 Preference for Logistics Sector

#### 2.4.2.1 Investor Preference for India's Logistics Sector

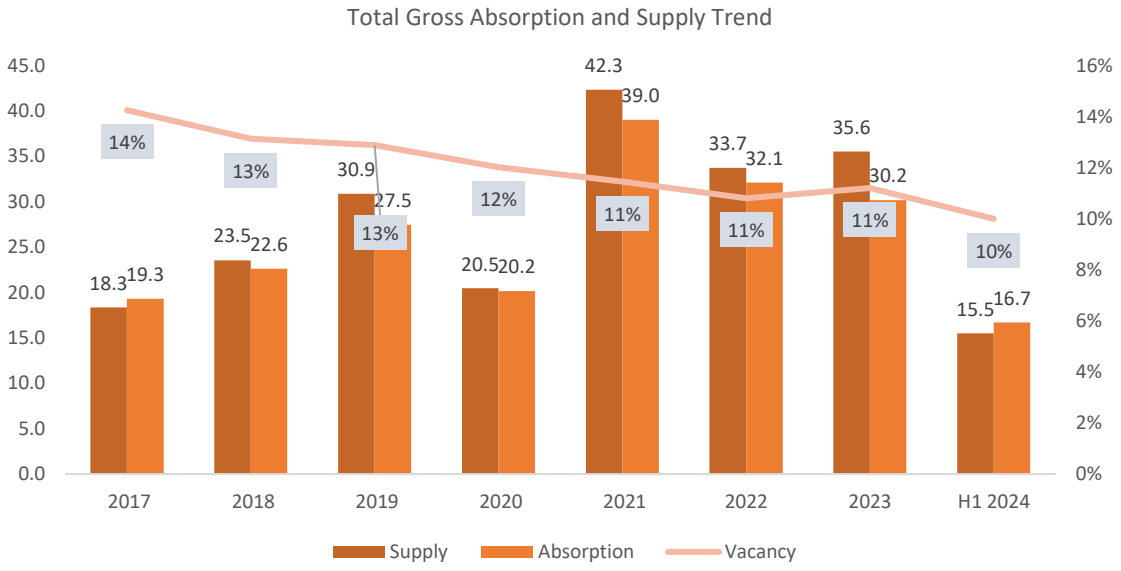
India's logistics and warehousing sector has witnessed a sharp recovery in H1 2024, primarily supported by pro–active Government interventions along with increased investments by private investors/ developers. This momentum in leasing is likely to continue into H2 2024, driving rental growth across cities. The continued space take–up would be led by the continued expansion of 3PL and e–commerce firms against a macroeconomic recovery and rising online penetration.

Demand is expected to increase further due to the continued expansion of e–commerce, 3PL firms, and the economic recovery. Due to demand for next–gen logistics facilities, such as fulfilment centres, the inherent requirement of being proximate to urban populations will drive competition among developers. The robust growth in the e–grocery, food manufacturing, and delivery sectors is expected to continue to fuel the need for warehouses, particularly cold storage facilities and last–mile fulfilment centres pan India. These facilities are likely to be concentrated in strategic locations within city limits along with peripheral locations to provide access to both urban and rural markets. With delivery time expectations lowering for customers, urban fulfilment centres will have to compete with commercial assets to stay competitive. According to CBRE research as of H1 2024, the overall vacancy rate in top 8 cities of India was approx. 10%.

The below figure depicts the gross grade wise absorption and supply trends across India's top eight cities:[31]

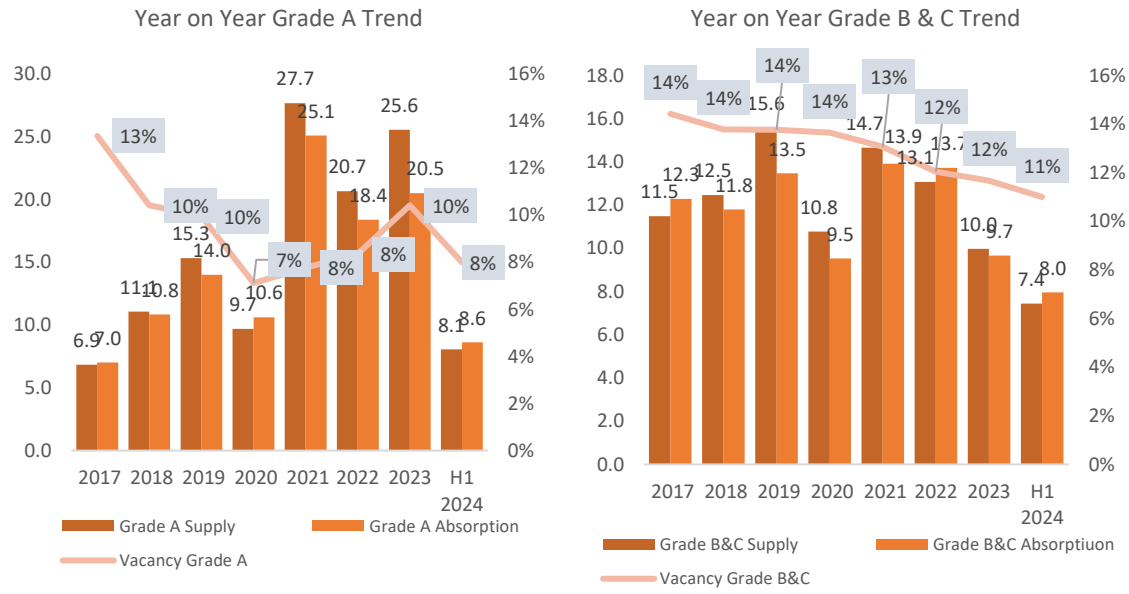
*Figure 33: Warehousing Sector – Grade Wise Gross Absorption Vs Supply Trends (Million Sft)*

[31] Delhi NCR, Mumbai Metropolitan Region, Bengaluru, Hyderabad, Kolkata, Chennai, Pune and Ahmedabad



**Source:** CBRE Research

*Figure 34: Warehousing Sector –Gross Absorption Vs Supply Trends across Grade A & B (Million sft)*



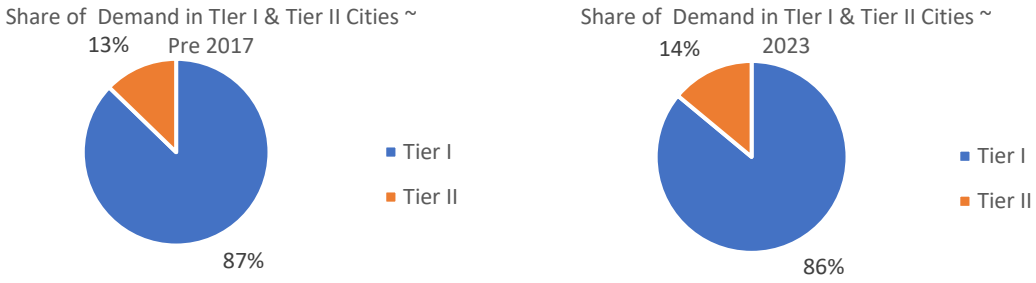
**Source:** CBRE Research

### 2.4.2.2 Surge in Warehousing Demand from Tier II Cities

Tier 2 cities are home to a vibrant consumer segment that is experiencing significant growth in income, purchasing power, and product awareness. These consumers are increasingly participating in e-commerce, driving the demand for warehousing facilities in these cities. As a result, many e-commerce companies are expanding their operations to Tier 2 cities to better serve this growing market. By establishing a presence in Tier 2 cities, e-commerce companies are trying to reduce delivery times and costs, leading to increased customer satisfaction and loyalty.

Tier 2 cities represent a vast, growing consumer base with rising disposable incomes. This fuels demand for FMCG (fast-moving consumer goods) products, pharmaceuticals, and other goods, necessitating storage and distribution centres closer to these markets. The graph below demonstrates that Tier 2 cities previously constituted a comparatively small proportion of the Indian warehousing market.

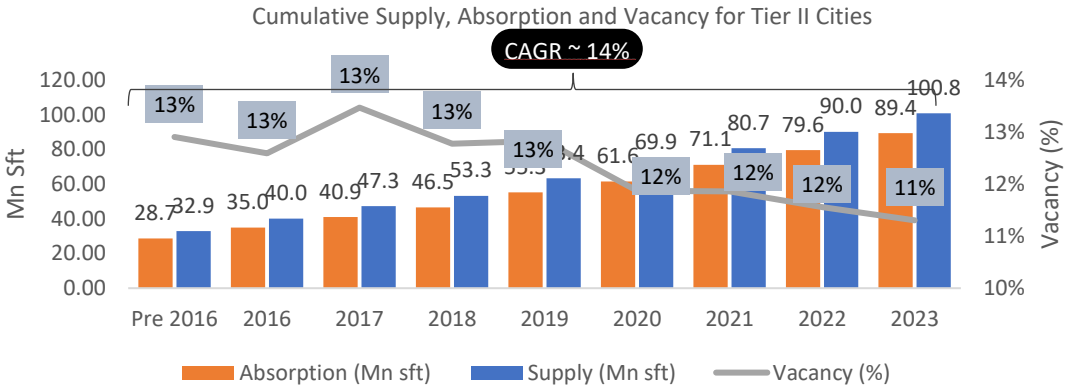
*Figure 35: Warehousing Sector – Tier II cities Absorption Vs Supply Trends*



**Source:** CBRE Research: List of Tier I cities: NCR, Mumbai, Chennai, Pune, Bengaluru, Kolkata, Hyderabad, Ahmedabad; List of Tier II Cities: Indore, Lucknow, Guwahati, Jaipur, Rajpura, Nagpur, Patna, Bhubaneshwar & Cuttack

However, historical growth trajectory of warehousing demand in Tier 2 is comparable to that of Tier 1 cities. As infrastructure and connectivity in these cities improve, businesses seeking to tap into this emerging consumer base are likely to continue to establish warehouses within the Tier 2 cities.

*Figure 36: Warehousing Sector – Tier II cities Absorption Vs Supply Trends*



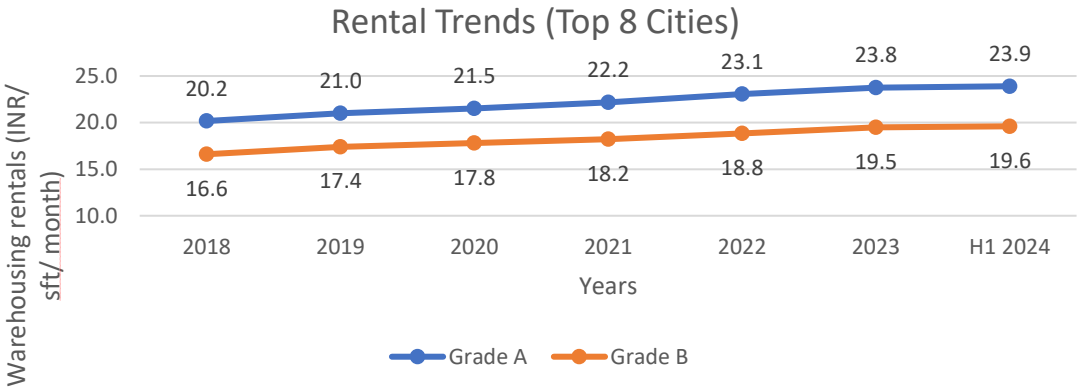
**Source:** CBRE Research: Cumulative Supply and Absorption Trend for 19 cities including: Indore, Ludhiana, Nagpur, Patna, Rajpura, Ranchi, Surat, Vijayawada, Coimbatore, Raipur, Sri city, Guwahati, Lucknow, Kanpur, Jaipur, Kochi, Bhubaneshwar, Cuttack, Anantapur, Vishakhapatnam.

From developers perspective, the competition in Tier 2 cities is less intense compared to Tier 1 cities, providing businesses with opportunities for growth and market expansion. The demand in Tier 2 cities is poised to increase, and it is anticipated that demand will increase by 14% to 18% annually over the next four to five years as demand drivers intensify. Therefore, it is more advantageous to capture a larger market share through Tier II warehousing in order to achieve a first-mover advantage.

#### 2.4.2.3 Rental Outlook

With a steady expansion observed, the warehouse rental market in India is particularly robust in its top eight cities. There has been an observed compound annual growth rate (CAGR) in the rental market for Grade A properties of 4-5% since 2018. Gradual annual increases of 3–4% are observed in Grade B rentals, which cater to a broader spectrum of financial constraints. Notwithstanding this, we anticipate a substantial influx of new supply in certain micro markets. The potential rise in available lease space could potentially affect achievable rents. To sustain market competitiveness, it may be imperative for developers to adapt their pricing strategies. Tenants may have increased bargaining power and the ability to secure more favourable rental terms in certain markets.

*Figure 37: Rental Trends in Top 8 Cities*

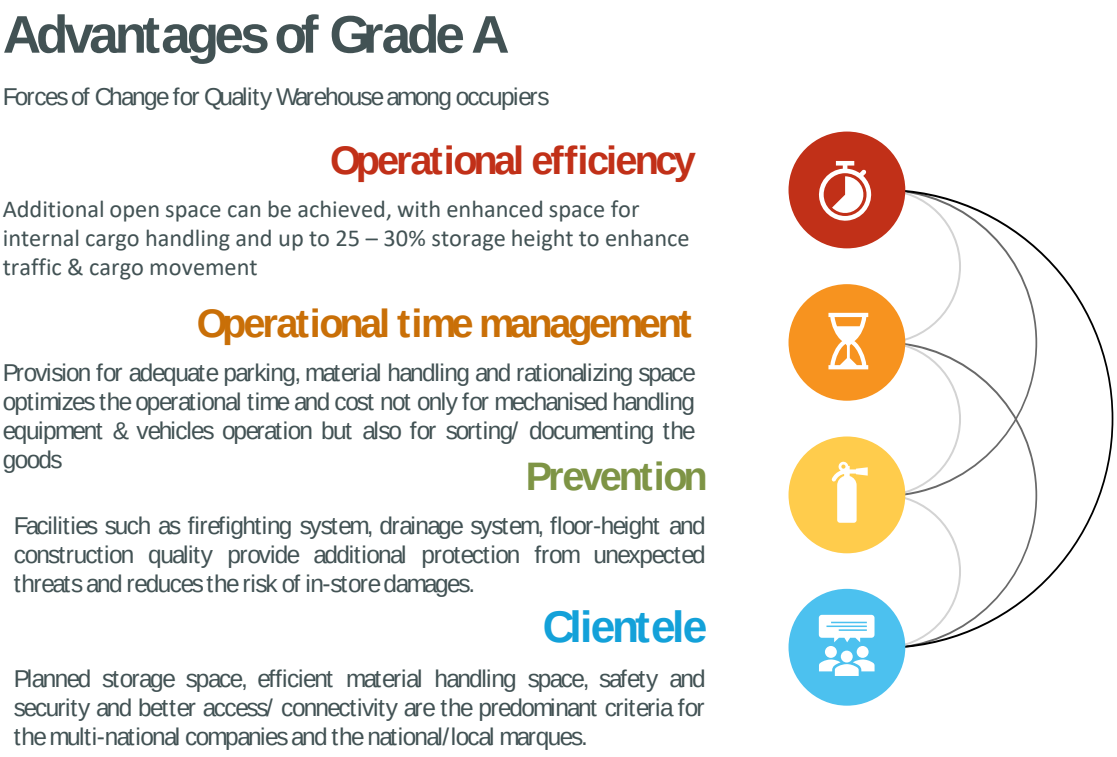


**Source:** CBRE Research

#### 2.4.2.4 Value Proposition of Grade A Warehouse

With the supply chain becoming complex with changing consumption patterns, end–users are looking for modern warehouses closer to consumption hubs with the potential to store more cargo per square foot. As a result, the clear height of a warehouse has gone up from 6 m to more than 12 m. As we go vertically higher, mechanized handling (forklift/ reach truck) is required for storage of cargo; and for mechanized operations, it is essential to have a super–flat floor with adequate floor strength. Further, since high volumes are stored in a warehouse owing to high clear height, the fire load for the facility is relatively high, hence the warehouse requires adequate fire prevention techniques such as automatic fire alarms and detection systems. The preference for Grade A warehousing space in the country, therefore, is increasing.

*Figure 38: Grade A Warehouse Efficiency Enablers*



**Source:** CBRE Research

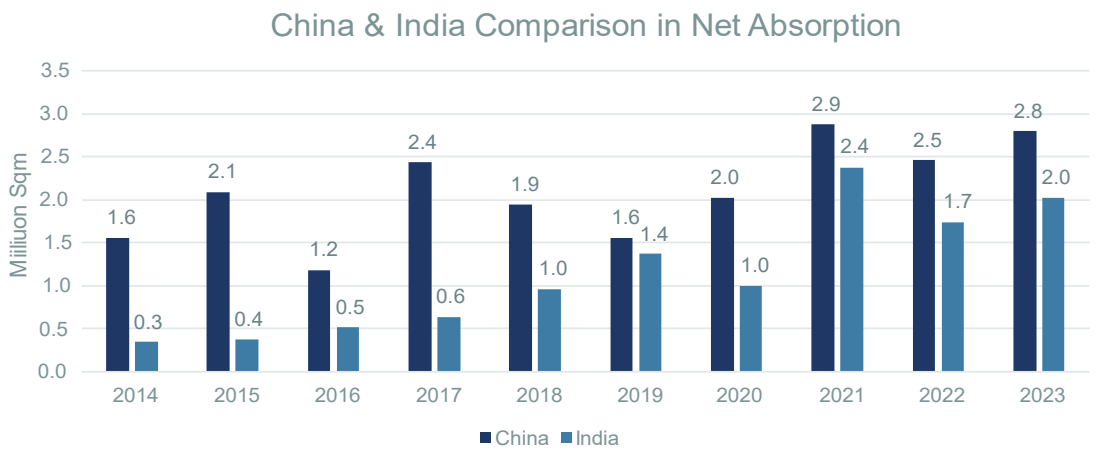
### 2.4.3 India's Warehousing Sector Primed for Expansion

At present, the Indian warehousing market is in its nascent phase of growth and has not yet achieved its full potential. The Grade A warehousing supply in India is currently lagging behind, but its swift expansion suggests a bright future. Rapid expansion suggests a bright future for India's Grade A warehousing assets, despite the fact that it is currently catching up. The increasing demand from various sectors and government

initiatives are propelling this expansion.

The graph reveals a compelling trend, Grade A warehousing supply in India's top 8 cities is rapidly catching up to China's[32] leading metropolises. This head-to-head comparison underscores the immense potential for further growth and investment in India's warehousing sector. As infrastructure strengthens and demand continues to surge, the market is primed for significant development in the coming years. This data paints a clear picture: India's warehousing sector is brimming with potential, ready for a major upswing.

*Figure 39: Per Capita Warehousing – Top 8 India Vs China Cities*



**Source:** CBRE Research:

However, for India to compete globally, it needs to bridge the gap in per capita stock and potentially invest more in automation. The best way to understand the scale and opportunities of the Indian warehousing market is to compare India's per capita industrial warehousing off-take with that of global economies.

India has a per capita warehousing stock of 4.5 sft. Even in terms of transactions volumes, in 2023, approximately 195.2 million sft[33] of warehousing space was transacted across 10 key US cities, whereas approximately 30 million sft[34] was transacted across 8 key Indian cities. The growth of the warehousing market is directly correlated to the consumption base of an economy.

**Case-in-Point: Lack of Per Capita Warehousing**

Warehousing stock in India is severely lacking compared to logistically developed economies in the world. The following graph compares the total warehousing supply of the cities with the maximum floor plate across North America with the top 7 Indian. On the basis of existing population trends, the average per capita warehousing stock across the North American cities is 24 sft per person, compared to the 4.5 sft per person in India.

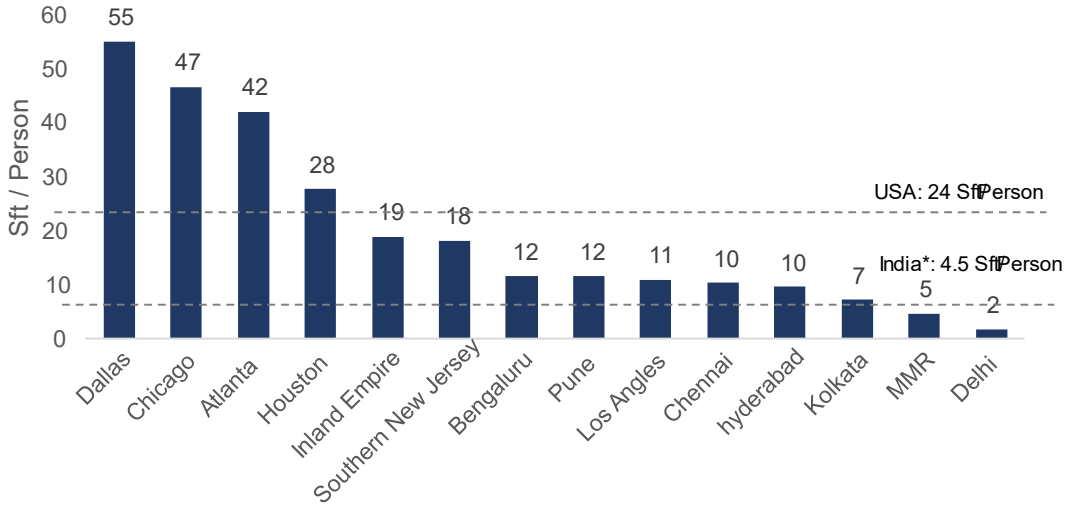
Warehousing stock in India is severely lacking compared to logistically developed economies in the world. The following graph compares the total warehousing stock of the cities with the maximum floor plate across North America with the top 8 Indian. On the basis of existing population trends, the average per capita warehousing stock across the North American cities is 24 sft per person, compared to the 4.5 sft per person in India.

*Figure 40: Per Capita Warehousing – Top 7 India Vs North American Cities*

[32] The information presented in the graph is based on data obtained from CBRE reports and other secondary sources. While these sources are recognized within the industry, it's important to acknowledge that the data may contain inherent biases or limitations due to the methodologies used in their collection and estimation.
For a more comprehensive understanding of the Indian warehousing market, it's recommended to conduct primary research, such as surveys or interviews with industry experts. This primary research would provide independent verification and potentially uncover nuances not captured in the secondary data.

[33] Cities including Dallas, Chicago, Atlanta, Houston, Inland Empire, Southern New Jersey, Los Angles

[34] Cities including NCR, Bengaluru, Chennai, Pune, Mumbai, Hyderabad, Kolkata, Ahmedabad



**Source:** CBRE Research: * Top 7 Cities (Bengaluru, Chennai, Kolkata, MMR, NCR, Hyderabad, Pune)

The warehousing industry in India is positioned for substantial expansion. Although the initial surge of growth has been observed in Tier 1 cities, a subsequent wave of growth is anticipated in Tier 2 cities. India can potentially establish its warehousing sector as a major participant on the international stage by addressing the per capita stock gap, adopting automation, and leveraging its expanding consumption base.

### 2.4.4 Competition Assessment

#### 2.4.4.1 Barriers to Entry

There are substantial barriers to entry in the warehousing sector, though compared with other commercial and industrial real estate asset classes they are significantly low. In the warehouse segment, access to land at the right location is one of the biggest barriers to entry. In addition, tenants with a preference for Grade A choose developers with consistent quality and pan India presence, which ensures supply chain operations being seamless and efficient. Having a pan India presence requires capital and access to a large team, which makes it difficult for smaller operators to capitalize on the opportunity in the same way as institutionalized developers.

#### 2.4.4.2 Unorganized Competition

As of 2023, the warehousing market in India is largely fragmented and dominated by unorganized developers, who serve approximately 85% of the country's warehousing supply. This unorganized market stock is characterized by limited mechanization. The presence of unorganized developers lends India's warehousing market considerable inefficiencies in terms of high handling costs owing to higher average inventory holding, limited mechanization, and limited technology–driven innovations, among other factors. Given the above, *Table 9* exemplifies the comprehensive assessment of threats/barriers to organized developers from the unorganized market.

***Table 9: Competitive Barriers to Organized Developers***

| Competition from Unorganized Players | Level of Threat |
|---|---|
| **Availability of Historic Land**<br><br>Local/ regional players that own historic/ ancestral land can consider developing warehouse facilities, specifically in cases wherein demand for the same exist in surrounding regions. For organized developers, land aggregation is a considerable challenge. |  <br>**HIGH** |
| **Project Delivery**<br><br>For unorganized developers, the risk of project completion delay is high due to limited access to qualified personnel, and construction expertise. For organized developers, however, owing to their specific development expertise and | |

| Competition from Unorganized Players | Level of Threat |
|---|---|
| organized team structure, they can mitigate/minimize such risks. | **LOW** |
| **Ability to Attract Clients**<br><br>Unorganized players have limited ability to attract clientele seeking quality warehousing space primarily owing to the lack of marketing and leasing expertise. On the contrary, organized players invest in developing their marketing and leasing teams, and also use technology to limit the cost of storage for their clientele by leveraging analytics. | <br>**LOW** |
| **Funding**<br><br>Unorganized players have limited access to financing sources and, hence, have limits in terms of investing in large–scale warehousing projects. Organized players, on the other hand, have strong funding sources backed by funds, hence capital rationing for attractive investment opportunities is not perceived as an issue. | <br>**MODERATE** |

**Source:** CBRE Research

### 2.4.4.3 Competition among Organized Developers

Observing the potential growth opportunities in the Grade A space, organized players including global developers such as TVS ILP, LOGOS, Ascendas, Indospace, Pragati, Welspun, Greenbase, Horizon and Hiranandani have identified the segment for investments. Private equity investors have also collectively invested approximately USD 1.03 billion in the year 2023 in the Industrial & logistics sector. Further as of H1 2024 approximately USD 126 million has been invested in the same.

*Figure 41: Evolution of Institutional Players in The Indian Warehousing Market*

**Source**: CBRE Research

Various development models have been adopted by organized players for the expansion of their warehousing portfolio in the country. Due to the paucity of investment–grade warehousing assets, organized developers such as ESR, Ascendas Firstspace, and Indospace, have adopted a self–development model for their growth.

Typically, the preference is to acquire aggregated land of more than 100 acres in established micro–markets and about 50–100 acres in evolving micro–markets. The size of the project is also dependent on the cost, availability of land, and the demand–supply dynamics.

## 2.4.5 Upcoming Logistics Trends

### 2.4.5.1 Evolving Distribution Channels

Distribution channels determine how goods are made available to consumers. Customer preferences have evolved the world over, supported by technology and expectations of high product quality, service delivery and responsiveness. Manufacturers do not necessarily have the accessibility or capability to engage in various channels of distribution and, thus, need to make certain decisions on the basis of customer requirements for accessibility, consistency and a level of service expatiations to remain competitive. The following list elucidates the prominent distribution channels that manufacturers have adopted over time:

- **Single Channel Distribution:** This is a traditional model through which sellers attempt to reach customers only through one distribution option, thereby reducing marketing investments and

operational complexity. These may include one of online, catalogue, mail–order, direct selling or traditional retail.

- **Omni–Channel Distribution:** This seeks to integrate the needs, communications, interactions and transactions between customers and retailers, irrespective of whether the purchase is made from a desktop, mobile device, a telephonic order or a brick–and–mortar store.

Traditionally, sellers have relied on single channel distribution, and the large number of intermediaries involved in the process, including manufacturers, distributors, wholesalers, retailers, agents and customers. These supply chains required a Clearing and Forwarding (C&F) agent to target distribution of stocks in specific areas. The C&F agent primarily procured and maintained a large stock of goods for further distribution. Obtaining stocks from the manufacturer, the agent made them available for the company's distributors, and the eventual customer, thus bridging the gap between manufacturers, distributors, and customers.

Online and offline retailing channels are no longer seen as competitors or substitutes, but rather as complementary pieces for brand building, customer convenience and engagement. Thus, to strengthen supply chains, ensure encumbrance free operations and reduce intermediaries in the overall distribution channels, a paradigm shift from single channel distribution towards multi and omni–channel distribution has been witnessed.

Omni–channel distribution has emerged as the most resilient of the above channels, due to the seamless integration between contact channels, thereby providing flexibility to consumers during the pandemic. With e–commerce continuing to challenge traditional supply chains, distributors have augmented urban logistics systems to serve consumer hotspots. With retailers comprehending the significance of customer proximity and strategic locales, the following trends are envisaged to emerge in the logistics and warehousing space:

- Last–mile facilitation
- Gradual shift in warehousing demand to smaller cities

The following sections attempts to provide a global overview of these trends and contextualizes them as per the evolution of the Indian logistics and warehousing industry.

#### 2.4.5.2 Last–Mile Fulfilment

Retailers and distributors are under increasing pressure to deliver consumer products and perishables to customers, often within narrow timeframes. This has created a need for adequate delivery sites in and around dense urban areas to accommodate the growing consumer demand.

Warehouse occupiers have begun implementing the next phase of their supply chain development, incorporating smaller regional and local distribution centres that can get their products to the end user quicker and more efficiently. Commodity prices are no longer the decision parameter driving retail purchases. With price standardization across retailing platforms, businesses have to stay competitive through faster delivery timings.

Thus, the larger urban logistics space and supply can be envisaged as a funnel, with the wide end representing the larger fulfilment facilities located farther from population cores, and the narrow end representing the smaller, infill properties that are located as near to densely populated areas as possible. If a retailer is going to achieve same–day or same–hour delivery, the funnel's narrow bottom—the last mile—is a critical component of the network.

To address last–mile delivery challenges, numerous physical innovations have seen incremental adoption the world over. With the concept of 10–minute grocery delivery gaining traction in India, fulfilment centre space take–up has been increasing across Tier I cities. With these assets being located in core city areas, they often have to compete with the likes of commercial and retail assets. Thus, to cater to the increasing demand, warehousing developers will have to adopt innovative warehousing solutions to ensure competitiveness across India's urban real estate markets.

#### 2.4.5.3 Shift in Demand to Tier II Cities and Tier III Cities

Increasing consumption and a shift in the manner in which consumer acquire and consume goods have contributed to the recent expansion of warehouses in Tier I Indian cities. The rise of omni-channel platforms and the increasing demand for faster delivery services have further driven this growth. As companies

increasingly prioritize supply chain streamlining and efficiency, demand for larger warehouse spaces is rising, particularly in urban areas. This trend is expected to extend to Tier II and III cities, as companies expand their operations and embrace omnichannel strategies, the demand for warehouses in these regions will significantly increase. This increased demand is likely to drive further expansion of warehousing facilities. The recent surge in Grade A warehousing space in Tier II and III cities reflects the evolving dynamics of the Indian logistics sector. These cities offer a compelling combination of growing demand, cost advantages, and improved infrastructure, making them attractive investment destinations for warehousing development. Additionally, the increasing focus on last-mile delivery and efficient supply chain management is driving the need for strategically located warehouses in Tier II and III cities. We anticipate that this shift toward decentralized distribution centers will help to sustain the growth of Grade A warehousing space in these areas. We anticipate the emergence of regional distribution hubs in Tier II cities. We have already noticed the trend in cities such as Coimbatore, Jaipur, Lucknow, Vijayawada, Jammu, Cuttack, etc. These Tier II and III cities offer lower land costs, better infrastructure, and proximity to major highways and ports, making them attractive options for warehousing development. We expect the demand for Grade A warehousing space in these emerging markets to only increase as omnichannel logistics continues to expand. With greater internet penetration, Tier II and III cities will help small towns, peri-urban areas, and rural areas sell online.

We expect India's supply chain network to be hub-and-spoke, with pivotal warehouse hubs supporting smaller regional spokes and creating a trickle-down effect. India urgently needs a strong supply chain to support 1.44 billion people in 2024.

In order to optimise last-mile logistics and ensure nationwide coverage, various cities have been selected as sites for extensive warehousing. We selected the cities based on factors such as warehousing activity, consumer potential, industrial foundation, and infrastructure. Understanding the delivery dynamics of these storage centres requires knowledge of the catchment areas for the twenty-four locations on the population density map of India.

CBRE anticipates that eight Tier I communities will continue to serve as the nation's logistics and storage nodes, assisting the majority of the population. We selected the 28 spokes based on their strategic location and proximity to Tier I core areas. India's 24 cities and their environs accommodate 30% of the country's total population and 90% of its urban inhabitants.

## 3. Understanding India' s Key Warehousing Markets

- Positive demand side momentum is expected, anticipated pickup in long-term decision-making by occupiers.
- Leasing activity to remain strong in the coming years with next-generation logistics facilities to dominate the overall supply pipeline.
- 3PL, e-commerce, manufacturing, and retail are the key drivers of warehousing demand, with 3PL and E-commerce firms accounting for over 50% of leasing activity upto Q3 2024.
- NCR and Bangalore remains a significant contributor to the overall warehousing demand in the eight key cities, accounting for 40% of the total demand. This trend is expected to persist due to the strong demand from 3PL and e-commerce sectors.
- Tier 2 cities' economic growth, manufacturing, e-commerce, cold chain needs, and government initiatives are driving warehousing demand; Coimbatore, Vijayawada, and Siliguri, among the top 9 tier 2 cities, show high growth potential due to their strategic location and existing industrial ecosystem.

*Table 10: Pan India Warehousing Market*

| CITY | COMPLETED SUPPLY (Mn sft) | TOTAL ABSORPTION (%) | COMPLTED GRADE A SUPPLY (Mn sft) | GRADE A ABSOPRTION (%) |
|---|---|---|---|---|
| Bengaluru | 66.5 | 93% | 21.3 | 99% |
| Bhubaneshwar | 3.1 | 87% | 1.1 | 97% |
| Chennai | 46.1 | 89% | 23.4 | 89% |
| Coimbatore | 5.1 | 87% | 1.9 | 95% |
| Cuttack | 1.8 | 89% | 0.6 | 97% |
| Madurai | 1.3 | 72% | - | - |
| Pune | 37.7 | 89% | 20.4 | 89% |
| Siliguri | 3.1 | 86% | 0.8 | 80% |
| Sullurpet | 0.5 | 100% | 0.4 | 100% |
| Vijayawada | 5.5 | 96% | 1.6 | 100% |
| Vishakhapatnam | 2.5 | 72% | 1.2 | 88% |

### 3.1 Bengaluru

#### 3.1.1 City Overview

*Table 11: Demographic Snapshot of the City*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | GSDP (USD) | GSDP GROWTH | PER CAPITA INCOME (USD) |
|---|---|---|---|---|---|
| Karnataka/Bengaluru | 9.62 Mn [35] | 4,380/ $Km^2$ | 270.2 Bn[36] | 14.2% | 7,490[37] |

**Source:** Census 2011, Karnataka Economic Survey 2022-23

The Bengaluru Metropolitan Region (BMR) is constituted by three districts namely Bengaluru Urban, Bengaluru Rural and Ramanagara, and is spread across a total area of approx. 8,010 Sq Km. BMRDA is a

[35] Population for Bengaluru Urban District as per Census 2011
[36] For Karnataka State as per Karnataka Economic Survey 2022-23
[37] For Bengaluru Rural District as per Karnataka Economic Survey 2022-23

regional authority which consists of multiple planning authorities such as Bengaluru International Airport Area Planning Authority (BIAPPA) and Bengaluru Mysore Infrastructure Corridor Area Planning Authority (BMICAPA), Nelamangala Planning Authority, Anekal Planning Authority, Satellite Town Ring Road (STRR) Authority, etc.

During 1950s and 60s, the Central Government established large public-sector units such as Hindustan Machine Tools (HMT), Bharat Electronics Ltd. (BEL), etc. Prominent private sector companies such as Motor Industries Company (MICO) commenced their operations in the city in 1954. This enabled the city to emerge as a prominent hub for Research & Development in India, with reputed institutes like the Indian Institute of Science and Indian Space Research Organization having set their base in the city.

With the advent of IT/ ITeS industry in 1990s, Bengaluru attracted large scale IT investments on account of its conducive weather conditions, pro-active government policies, and ample availability of suitable human resources. As a result, Bengaluru is currently India's third most populated city in 2024 *(as per World Population Review)*. In the context of economic advancement, Bengaluru is one of the fastest growing cities in India. A major part of this growth can be attributed to the information technology boom, which has reflected strongly in the real estate industry. Apart from the significant IT/ ITeS activity, the city is also witnessing enhanced activity levels across diverse sectors such as aerospace research, biotechnology & textile sector. Currently, Bengaluru alone accounts for approx. 38% of software exports from India and 60% of biotechnology companies in India have a base in Bengaluru.

The city has high per capita income after Delhi with strong IT employee base, increasing disposable income and high retail consumption, which indicate that the city has a consumption led demand for warehouses. Major industry sectors driving demand for institutional Grade warehousing space in the city include Logistics/3PL, E-Commerce, Modern Retail, FMCD, Apparel & Manufacturing. Key occupiers present in the city include Amazon, Flipkart, Delhivery, Future Supply Chain, TVS Supply Chain, DHL, Gati KWE, DB Schenker, Decathlon, Aditya Birla, etc. Indospace, All cargo Logistics, TVSILP, Avigna Industrial & Warehousing Parks, Horizon Industrial Parks, Ascendas, Logos, NDR Warehousing, RKV Developers, Gokaldas Warehousing and Anjaneya Developers are the major institutional players in the warehousing market.

### 3.1.2 Existing Infrastructure Initiatives

The city has a road network consisting of 3 National Highways and 4 State Highways. The arterial roads branching out from the centre and the concentric ring roads are the main corridors driving the real estate activity in the city. The city has three ring roads i.e., Inner Ring Road, Outer Ring Road and the Nice Expressway that were commissioned to enable urban sprawl and develop the outskirts of the city.

Below is a broad level outline of the existing infrastructure initiatives in the city:

| INFRASTRUCTURE INITIATIVE | PARTICULARS |
|---|---|
| NICE Road | Half circle from Hosur Road to Tumkur Road with access points at Electronic City, Bannerghata Road, Kanakapura Road, Mysore Road, Magadi Road and Tumkur Road |
| Tumkur Road Expressway | 19.5 km long six lane elevated expressway connecting Yeswanthpur to Nelamangala<br><br>Improved connectivity to the Western Quadrant of the city |
| Kempegowda international Airport | Kempegowda International Airport Terminal 1 became operational in 2008 and Terminal 2 became operational in 2022 and is currently the third busiest airport in the country with over 32 Mn passengers handled in CY 2022 and is a key driver for growth of North Bengaluru region. The Airport enables faster and seamless cargo processing through its renowned high level of service quality and operational efficiency. |
| Outer Ring Road | Connects all major highways around the city and passes through Hebbal, KR Puram, Marathahalli, HSR Layout, BTM Layout, Banashankari, Kengeri, etc. |

**Source:** CBRE Research, Bengaluru Development Authority

*Figure 43: Map of Key Existing Infrastructure Initiatives*

### 3.1.3 Proposed Infrastructure Initiatives

Below is a broad level outline of the proposed infrastructure initiatives in the city:

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| Satellite Town Ring Road (STRR) | Ongoing 280 km long, 6-lane bi-directional carriageway which connects major towns such as Hoskote, Devanahalli, Doddaballapur, Dobbaspete, Magadi, Ramanagara, Kanakpura, Anekal, Hosur & Sarjapura<br><br>The project intends to ensure hassle-free inter-city connectivity preventing the vehicles from entering the busy routes of Bengaluru | 2025E |
| Peripheral Ring Road (PRR) | 74 km long and 100-meter-wide with 6-lane bi-directional carriageway (3 lanes on either side). The project is expected to circumnavigate the city linking the major highways such as Tumkur Road (Northwest), Bellary Road (North) and Old Madras Road (East) and Hosur Road (South). | 2027E |
| Widening of Nelamangala – Tumkur Highway | The existing 44 km stretch of Nelamangala – Tumkur Highway (NH 48) is proposed to be widened from 4-lane to 10-lane as part of the Bengaluru-Tumkur Expressway Project | 2025E |
| Bangalore-Mumbai Industrial | 1000 km proposed economic corridor aimed at boosting manufacturing activity and easy freight | Project in Pre- |

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| Corridor | movement between Bengaluru and Mumbai<br><br>Consists of proposal for Mumbai-Bengaluru High Speed Rail Dedicated Freight Corridor and Road and rail upgradation | Feasibility Study |
| Chennai-Bengaluru Expressway (Part of the Chennai Bangalore Industrial Corridor) | Bangalore - Chennai Expressway is a 260 km in length) and 4-lane (expandable to 8) access route connecting Hoskote near Bangalore with Sriperumbudur near Chennai.<br><br>It is part of the 500 km long Chennai-Bengaluru Industrial Corridor | 2025E |

### 3.1.4 Overview of the Warehousing Market in Bengaluru

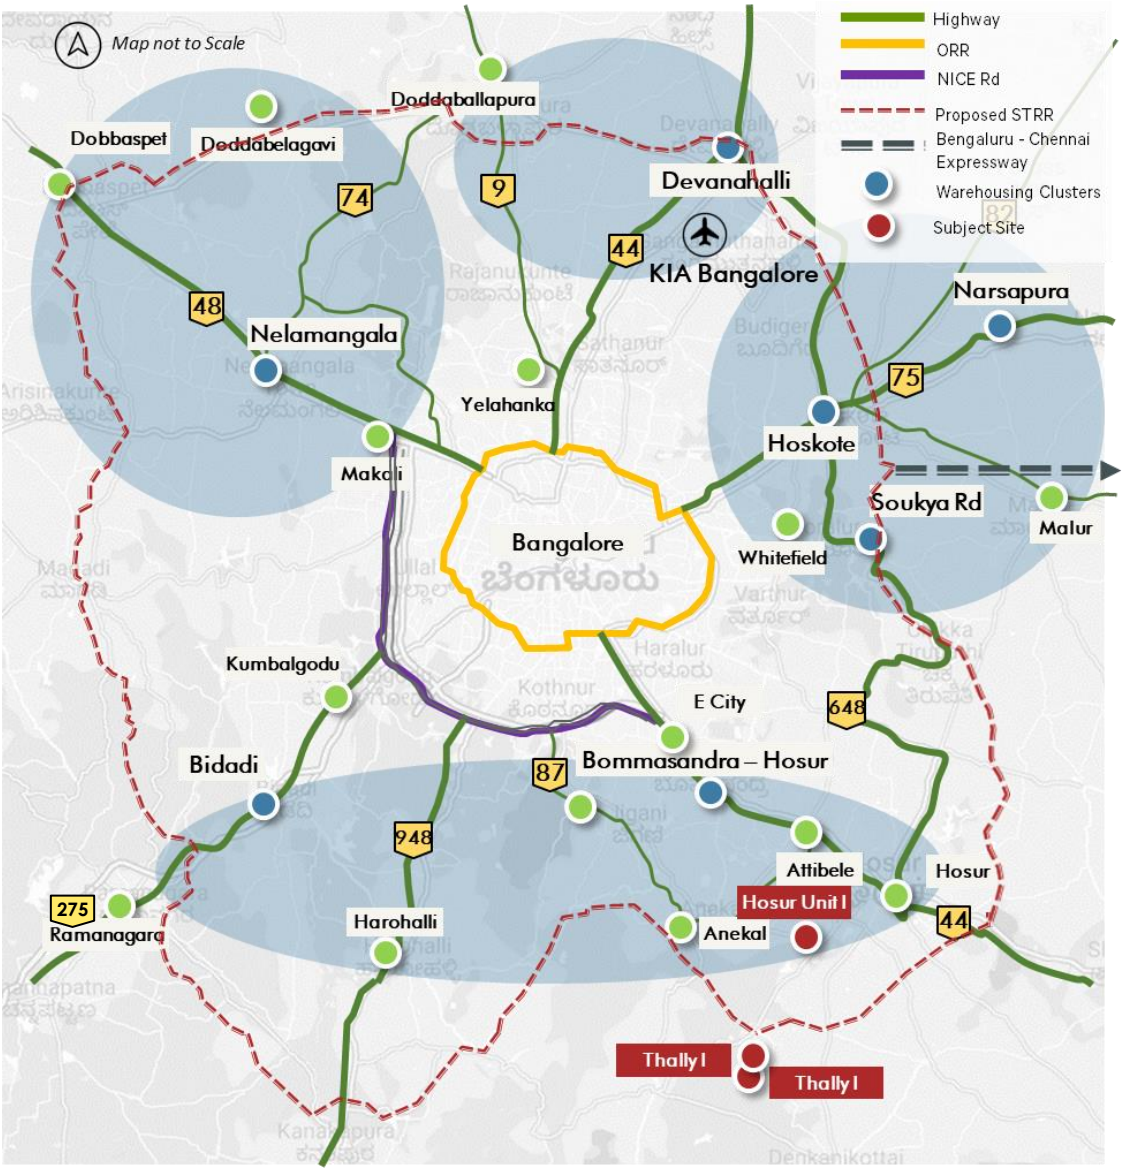
| QUADRANT Classification | Western Quadrant | Southern Quadrant | Eastern Quadrant | Northern Quadrant |
|---|---|---|---|---|
| Micro-markets | Nelamangala - Dobbaspete | Bommasandra Hosur & Bidadi | Soukya Road, Hoskote & Narasapura | Devanahalli |

| QUADRANT Classification | Western Quadrant | Southern Quadrant | Eastern Quadrant | Northern Quadrant |
|---|---|---|---|---|
| Share of Completed Supply | 36% | 27% | 33% | 4% |

**Source:** CBRE Research; Updated as of Q3 2024

Warehousing activity in Bengaluru region is primarily spread across four major quadrants as shown in the above table i.e. Western quadrant along NH-48 belt (towards Mumbai & Bengaluru); Southern quadrant along NH-44 (towards Chennai) and NH-275 (towards Mysuru); Eastern quadrant along NH-75 & NH-648 belt; Northern quadrant along NH-44 (Bellary Road).

***Figure 45: Map of Warehousing Clusters In Bengaluru***



**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.1.4.1 Bengaluru – Completed Supply and Absorption Dynamics

Bengaluru has approx. 66.5 Mn sft of operational warehouse supply, of which approx. 62.1 Mn sft is occupied. Prior to 2014 the supply was majorly by Grade B & C developments; however, the share of Grade C supply has reduced drastically since 2014 due to increased demand for quality warehousing spaces from occupiers such as E-commerce, 3PL, Modern Retail, etc. This has resulted an increased supply from Grade A developments in the recent years. Nelamangala - Dobbaspete, Bommasandra - Hosur, and Soukya Road are the predominant warehousing micro markets, accounting for roughly 75% of the city's total warehouse supply. This is due to a well-established warehousing ecosystem, facilitated by proximity to industrial zones,

strong connectivity to major consumption hubs, and the availability of land. Prominent industry sectors taking up space include 3PL Operators, E-commerce, Consumer Durables, Modern Retail, FMCD, FMCG, Manufacturing, etc. The average space offtake in the market for Grade B is in the range of 60,000 – 70,000 sft whereas anchor space offtake (Grade A) by large players is in the range of 150,000 – 300,000 sft.

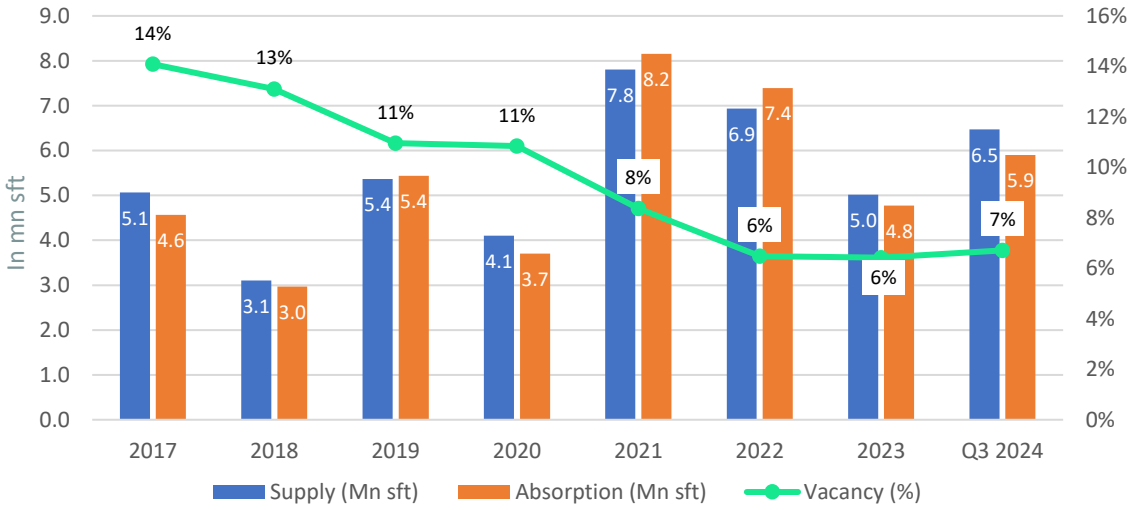
*Table 12: Overview of Warehousing Market In Bengaluru*

| Completed Supply (Mn sft) | Absorption Mn Sft | Share of Completed Grade A Supply (%) | Share of Completed Grade B Supply (%) | Share of Completed Grade C Supply (%) |
|---|---|---|---|---|
| 66.5 | 62.1 | 32% | 59% | 9% |

**Source:** CBRE Research; Updatedd as of Q3 2024

Grade A supply makes up 32% of the completed supply, equating to 21.4 Mn sft, and has a low vacancy of 0.21 Mn sft, indicating absorption rates of 98 - 99%. Grade B supply, on the other hand, accounts for 59% of the completed supply and has occupancy levels of 91 - 92%.

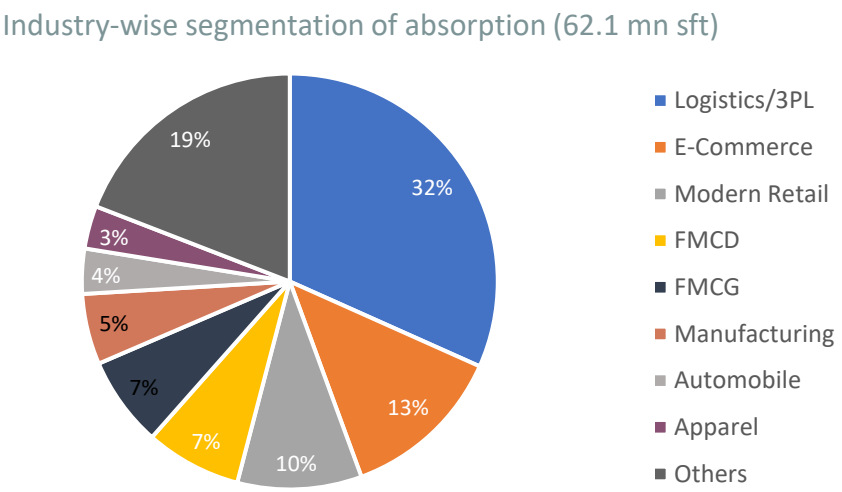
*Figure 46: Y-O-Y Completed Supply & Gross Absorption Levels in Bengaluru*



**Source:** CBRE Research; Updatedd as of Q3 2024

Grade A developments are primarily concentrated in Bommasandra – Hosur, Soukya Road and Hoskote, nearly 75% of completed Grade A supply of Bengaluru is concentrated in these micro markets catering primarily to E-commerce, 3PL, Modern Retail & Manufacturing sectors. A steady increase in supply witnessed over the last 7 - 8 years (2017 – Q3 2024) with an average annual supply of 5.6 – 5.7 Mn sft (2017 – Q3 2024), where 2017 witnessed large influx of supply owing to impact of GST and entry of developers & corporates into the warehousing sector. Year 2020 observed slight slump in supply and demand owing to worldwide pandemic scenario causing construction delays coupled with deferment in absorption of warehouse space which was already pre-committed in the market. 2021 witnessed the largest supply influx owing to increased demand from E-commerce, 3PL & retail tenant sectors due to the pandemic and spillover demand from 2020. From 2017 to Q3 2024, the average annual absorption rate was 5.5 – 5.6 Mn sft, keeping supply and demand balanced. As of Q3 2024, the completed supply across all grades had a vacancy rate of 7%. As of Q3 2024, out of completed supply in Bengaluru, Grade A totals to nearly 21.4 Mn sft (32% share); Grade B – 39.5 Mn sft (59%) and Grade C – 5.7 Mn sft (9%).

*Figure 47: Segmentation of Absorption by Industry in Bengaluru*



**Note**: Others primarily consist of Electrical and Electronics, Pharmaceuticals, Building Materials, Furniture, Plastics, etc.
**Source**: CBRE Research; Updatedd as of Q3 2024

### 3.1.4.2 Bengaluru– Upcoming Supply Dynamics

*Table 13: Bifurcation of Upcoming Supply in Bengaluru*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 14.6 Mn sft | 16.9 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

The total upcoming supply of 31.5 Mn sft comprises approximately 14.6 Mn sft currently under construction and about 16.9 Mn sft planned for development, expected to enter the market by 2030. This upcoming supply is primarily driven by the growing demand for warehousing in the region, fuelled by rapid population growth, increased disposable incomes, and higher retail consumption, alongside industrial demand stemming from a surge in manufacturing activities. Furthermore, institutional players are expanding their presence in the region. Despite a strong upcoming supply, the market is projected to absorb 36 - 40 million square feet by 2030, given the average annual absorption of 5 - 6 million square feet in recent years. Most of the upcoming supply is witnessed in micro markets such as Nelamangala -Dobbaspet (11.9 Mn sft), Hoskote (6.7 Mn sft), and Narsapura (5.4 Mn sft) and Bommasandra- Hosur (4.40 Mn sft). Upcoming supply mainly focused on Grade A developments by institutional players (Horizon Industrial Parks, Ascendas, Indospace, Assetz, Avigna, Sumadhura Logistics Park, etc.)

*Table 14: Upcoming supply by micro-market*

| Location | 2024 – 2025 (Mn sft) | 2026 – 2028 (Mn sft) | 2029 – 2030 (Mn sft) |
|---|---|---|---|
| Bidadi | 0.09 – 0.10 | - | - |
| Bommasandra - Hosur | 2.7 – 2.8 | 1.5 – 1.6 | - |
| Devanahalli | 1.5 – 1.6 | - | - |
| Hoskote | 2.5 – 2.6 | 4.1 – 4.2 | - |
| Narsapura | 1.3 – 1.4 | 4.1 – 4.2 | - |
| Nelamangala - Dobbaspete | 2.8 – 2.9 | 6.2 – 6.3 | 2.7 – 2.8 |
| Soukya Road | 1.3 – 1.4 | | |

**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.1.4.3 Bengaluru – Asking Rental Dynamics

The average base rental witnessed in the market is approx. between INR 22 – 24/ Sft / month for a Grade A development and between INR 18 – 20 / Sft / month for a Grade B development. CAGR (2017 – Q3 2024) for Grade A and Grade B developments are to the tune of approx. 5.2% & 5.0% respectively. Micro Market Wise Grade A Average Asking Rentals are enumerated below in the table:

*Table 15: Details of Micro-Market Wise Grade A Asking Rentals*

| Micro-Market | Grade | 2017 | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 | Q3 2024 |
|---|---|---|---|---|---|---|---|---|---|
| Bidadi | A | 19 – 20 | 21 – 22 | 21 – 22 | 21 – 22 | 22 – 23 | 22- 23 | 23 – 24 | 24 – 25 |
| | B | 17 – 18 | 18 – 19 | 19 – 20 | 19 – 20 | 20 – 21 | 20 - 21 | 21 - 22 | 21 - 22 |
| Bommasandra - | A | 19 – 20 | 19 –20 | 20 – 21 | 20 – 21 | 21 – 22 | 21 - 22 | 22 – 23 | 23 – 24 |

| Micro-Market | Grade | 2017 | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 | Q3 2024 |
|---|---|---|---|---|---|---|---|---|---|
| Hosur | B | 17 – 18 | 18 – 19 | 18 – 19 | 18 – 19 | 19 – 20 | 19 - 20 | 20 – 21 | 21 – 22 |
| Devanahalli | A | 19 – 20 | 20 – 21 | 20 – 21 | 20 – 21 | 21 – 22 | 22 - 23 | 23 – 24 | 25 – 26 |
| | B | 17 – 18 | 18 – 19 | 18 – 19 | 18 – 19 | 19 – 20 | 20 - 21 | 20 – 21 | 21 – 22 |
| Hoskote | A | 17 – 18 | 18 – 19 | 19 – 20 | 20 – 21 | 20 – 21 | 21 - 22 | 22 – 23 | 23 – 24 |
| | B | 15 – 16 | 16 – 17 | 17 – 18 | 17 – 18 | 18 – 19 | 19 - 20 | 19 – 20 | 20 – 21 |
| Narsapura | A | 15 – 16 | 16 – 17 | 17 – 18 | 17 – 18 | 18 – 19 | 20 - 21 | 21 – 22 | 23 – 24 |
| | B | 11 – 12 | 12 – 13 | 13 – 14 | 14 – 15 | 15 – 16 | 16 - 17 | 17 – 18 | 18 – 19 |

### 3.1.4.4 Bengaluru – Key Lease Transactions

The following table enumerate the key lease transaction in Bengaluru:

*Table 16: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Malur Hosur Road | Logistics | A | 180,000 | 22 – 23 | Q3 2024 |
| Nelamangala - Dobbaspet | Pharmaceutical | B | 80,000 | 20 - 21 | Q3 2024 |
| Nelamangala - Dobbaspet | Electronics | A | 150,000 | 22 – 23 | Q3 2024 |
| Hoskote | Manufacturing | B | 54,000 | 22 – 23 | Q3 2024 |
| Hoskote | Logistics/3PL | A | 160,000 | 23 - 24 | Q2 2024 |
| Narsapura | Logistics/3PL | B | 50.000 | 18 - 19 | Q2 2024 |
| Hosur | Manufacturing | A | 100,000 | 22 – 23 | Q2 2024 |
| Hosur | Automobile | A | 200,000 | 22 – 23 | Q2 2024 |
| Nelamangala - Dobbaspet | Logistics/3PL | A | 130,000 | 22 – 23 | Q2 2024 |
| Hoskote | E-commerce | A | 300,000 | 23 - 24 | Q1 2024 |
| Anekal – Hosur | Logistics/3PL | A | 150,000 | 23 - 24 | Q1 2024 |
| Hosur | Automobile | A | 280,000 | 21 – 22 | Q1 2024 |
| Bidadi | Furniture | A | 60,000 | 23 - 24 | Q1 2024 |
| Hoskote | Manufacturing | A | 180,000 | 25.0 | Q4 2023 |
| Hosur | Manufacturing | B | 50,000 | 19.0 | Q4 2023 |
| Hoskote | Logistics/3PL | A | 150,000 | 19.0 | Q4 2023 |

**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.1.4.5 Western Quadrant Overview

Western quadrant comprises of Nelamangala – Dobbaspete micro-market and is located towards west side of Bengaluru. Warehousing developments are concentrated in and around NH 48, a prominent transport corridor passing through Bengaluru and connects to the major cities - Bengaluru and Mumbai in the Northwest and Chennai in the south. The region comprises of prominent industrial areas such as Peenya, Sompura and Dobbaspete, which have been developed by KIADB over the years. The subject site is located within this Micro-market and is greatly influenced by the logistics activity in this region.

The quadrant comprises of approximately 36% of the completed supply in the Bengaluru Region. Further, details of micro markets within the quadrant are elaborated in the following paragraph.

**Nelamangala-Dobbaspete Micro Market**

*Table 17: Snapshot of Nelamangala-Dobbaspete Warehousing Market*

| Completed Supply | Vacancy | Grade A Completed Supply | Grade A Vacancy | Share of Grade A Completed Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 23.9 Mn sft | 10% - 11% | 1.25 Mn sft | 1% - 2% | 5% | 11.5 – 12 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

The region is an established and most prominent warehousing vector in Bangalore and serves mainly the

Bangalore - Mumbai trade route. With the extensive development of industrial activity, warehousing activity has also increased significantly, particularly in Nelamangala and Dobbaspete. Almost 95% of the warehousing supply in the subject Micro-market falls in the Grade B (18.3 Mn sft) and Grade C (4.4 Mn sft) categories. There is limited supply of Grade A warehousing (1.25 Mn sft). Due to limited supply, vacancy in Grade A is less than 2%.

### 3.1.4.6 South Quadrant Overview

Southern warehousing quadrant comprises of micro markets such as Bommasandra – Hosur and Bidadi. Warehousing developments in this quadrant are primarily concentrated in and around NH 44 (Bengaluru – Chennai Highway) and NH-275 (Mysore Highway). Proximity to manufacturing hubs such as Bommasandra – Jigani, Attibele, Hosur & Bidadi coupled with superior connectivity to consumption hubs have led to the growth of warehousing industry in the region. The quadrant comprises of approximately 27% of the completed supply in the Bengaluru region. Out of the completed supply in southern quadrant, approximately 53% of the supply is Grade A developments. Further, details of micro markets within the quadrant are elaborated in the following paragraphs.

**Bommasandra-Hosur Micro Market**

*Table 18: Snapshot of Bommasandra-Hosur Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 15.18 Mn sft | 4 - 5 % | 8.69 Mn sft | 2 – 3 % | 41% | 4.3 – 4.4 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Bommasandra – Hosur micro-market is located along NH-44, which connects Bengaluru to Northern states and further to Tamil Nadu via Hosur. It has superior connectivity and easy accessibility to consumption hubs of Bengaluru via NH-44, NICE Road, and SH-87

This micro market constitutes a share of nearly 84% of the completed supply of southern Micro-market of Bengaluru. The region has a major share of Grade A warehousing supply, accounting for 57% of completed supply of micro market followed by Grade B warehouses at 37%. Prominent grade A developments from institutional players are Indospace, TVSILP, Avigna Group, Horizon Industrial Group, amongst others.

Third Party Logistics, E-Commerce, Manufacturing, FMCG, Consumer Durables, Automobile, Apparel & Retail are key industry sectors predominantly occupying grade A supply in the micro-market with tenants such as Flipkart, Amazon, DHL, TVS Supply Chain, Udaan, Aditya Birla, PUMA, Wakefit, Schaeffler, Ather, MPlastics, Yazaki, etc.

**Bidadi Micro Market**

*Table 19: Snapshot of Bidadi Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 2.85 Mn sft | 7 – 8 % | 0.75 Mn sft | <1 % | 4% | 0.09 – 0.1 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

The Micro-market of Bidadi is primarily driven by the production hubs such as Bidadi, Kumbalgodu & Harohalli. Improved connectivity via NICE road allows for a greater reach of the micro-market to consuming centres in South and West Bengaluru.

This market constitutes a share of nearly 16% of the completed supply in southern Micro-market of Bengaluru. Micro market is primarily characterized by Grade B warehouse developments at 68% followed by Grade A developments at 26% from individual owners as well as from institutional players.

FMCG, Automobile, Logistics, & Furniture are key industry sectors in the micro-market with tenants such as Britannia, Coco Cola, Herman Miller, Urban Ladder, Toyota, etc. However, considering the current market scenario, Bidadi has witnessed subdued interest from occupiers owing to Inferior connectivity to key National Highways coupled with higher rentals & land values, resulting in limited upcoming supply.

### 3.1.4.7 East Quadrant Overview

Eastern warehousing quadrant comprises of micro markets such as Hoskote, Narsapura and Soukya Road. Warehousing developments in this quadrant are primarily concentrated in and around NH 75 (Bengaluru – Tirupati Highway), NH-648 (Hoskote – Chikka Tirupathi), SH-35 (Hoskote – Sidlaghatta) and SH-82 (Hoskote – Chinatamani). Its superior accessibility and connectivity to eastern consumption centres of city with proximity to manufacturing hubs such as Hoskote, Malur & Narsapura have led to the growth of warehousing industry in the region. Under construction Satellite Town Ring Road (STRR) and Chennai - Bengaluru Expressway would further boost the warehousing activity in the region. The quadrant comprises of approximately 33% of the completed supply in the Bengaluru Region. Out of this completed supply approximately 44% of the supply is Grade A developments. Further, details of micro markets within the quadrant are elaborated in the following paragraphs.

**Hoskote Micro-Market**

*Table 20: Snapshot of Hoskote Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 9.45 Mn sft | 3 - 4 % | 3.19 Mn sft | 0% | 15% | 6.7 – 6.8 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Emerging warehousing vector with superior road connectivity via NH-75, NH-648, SH-35 & SH-82, coupled with proximity to consumption hubs of eastern Bengaluru have been driving the demand for warehouses in this micro market.

This micro market constitutes a share of nearly 43% of the completed supply in eastern Micro-market of Bengaluru. Micro-market is largely dominated by Individual warehouse developers with primarily Grade B warehousing supply with a share of 65% of completed supply followed by Grade A developments at 34%. Currently, The Hoskote micro-market has experienced a rise in Grade A supply in recent quarters, with anticipated new developments over the next two to three years primarily centered on Grade A projects by institutional investors. Prominent upcoming Grade A developments in the region include Ascendas, Sumadhura Logistics Park, NDR Warehousing, etc.

Third Party Logistics, Modern Retail and E-Commerce are key industry sectors occupying a major share of supply in the micro-market with prominent tenants being Ecom Express, DHL, Yusen Logistics, FSC, DP World, Blinkit, Firstcry, Reliance, Pepperfry, Arvind, Tata Trent, FSC, Ficus pax, Coldman Logistics amongst others. With pre-commitments observed in under construction Grade A developments indicate robust demand for warehousing space in the region.

**Narsapura Micro-Market**

*Table 21: Snapshot of Narsapura Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 2.82 Mn sft | 5 – 6 % | 1.81 Mn sft | 0% | 8% | 5.4 – 5.5 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Emerging warehousing vector, primarily warehousing developments are concentred in and around NH-75 (Bengaluru - Tirupati Highway) and Narsapura industrial area. Warehousing activity in the micro market is largely driven by industrial activity in the region coupled with demand from Logistics and E-commerce tenants owing to superior road connectivity to city via NH 75.

This micro market constitutes a share of nearly 13% of the completed supply in eastern Micro-market of Bengaluru. It is characterized by the presence of Grade A & B developments established by local individual developers with limited supply by institutional players, however expected upcoming supply is largely dominated by institutional players (Indospace, Avigna, Ascendas, etc.).

E-Commerce, Logistics, Retail, Apparel & Automobile are key industries sectors in the micro market with tenants such as Flipkart, Safexpress, FM Logistics, D-Mart, Pantaloons, Arvind Mills, etc. Increase in interest levels from institutional players has been witnessed in recent past for establishing their warehousing facility in this micro-market as Grade A developers are scouting for larger land parcels in the region.

**Soukya Road Micro-Market**

*Table 22: Snapshot of Soukya Road Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 9.58 Mn sft | 3 – 4 % | 4.35 Mn sft | 0% | 20% | 1.3 – 1.4 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Established micro market, characterised by Grade A and B developments primarily by individual landlords. Proximity to consumption hubs and transshipment hubs (Container Corp. of India at Whitefield Satellite Good Terminal) with robust road connectivity via NH 648 has led to the growth of warehousing activity in the region. Additionally, the presence of major IT parks and industrial clusters in the vicinity has further boosted demand for warehousing space in the area. This strategic location has made it a preferred choice for 3PL companies looking to establish a warehousing hub closer to consumption hubs. This micromarkets makes up about 44% of the completed supply in Bengaluru's eastern micromarkets. Grade B warehouse supply accounts for 54% of the total supply in micro market, while Grade A supply makes up 45%. This micro-market has seen healthy absorption levels due to sustained occupier interest, which stems from its superior connectivity and proximity to major consumption hubs in Bengaluru. All Cargo (Now Horizon Industrial Parks) along with Prologis partnered with RMZ, are the major institutional player in the market with a development potential of 2.6 Mn sft, housing key tenants such as Flipkart, Decathlon, and ACCI. Third Party Logistics, E-Commerce, Retail and FMCG are key industry sectors occupying the major share of supply in the micro market with tenants such as Flipkart, Amazon, Decathlon, Delhivery, Future Supply Chain, etc.

### 3.1.4.8 North Quadrant Overview

The northern quadrant comprises the Devanahalli micro-market. In this quadrant, warehousing developments are concentrated in and around key transport corridors such as NH 44 (Bellary Road), NH-648 (Soluble-Devanahalli), and SH-9 (Doddaballapura Road). Bellary Road connects the city to an international airport and further northwards to Hyderabad. Located along the growth quadrant of the city, with large-scale residential and commercial developments currently under construction in the region, this would lead to a large consumption centre like Whitefield. The region comprises prominent industrial areas such as Aerospace Park at Devanahalli and Apparel Park at Doddaballapura, which have been developed by KIADB over the years. The quadrant comprises approximately 4% of the completed supply in the Bengaluru Region. High land values and limited land availability for warehousing development limit the growth of the micro-markets in the region. Further details of the micromarkets within the quadrant are elaborated in the following paragraph.

**Devanahalli Micro-Market**

*Table 23: Snapshot of Devanahalli Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 2.63 Mn sft | 13 - 14 % | 1.32 | 0% | 6% | 1.5 - 1.6 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Micro market is situated in proximity to international airport, predominantly characterised by standalone developments dispersed across different pockets within the micro-market. Proximity to transshipment hub of Kempegowda International Airport, Aerospace Park at Devanahalli, production hub at Doddaballapur (Apparel Park) with excellent road connectivity via NH 44, NH 648 & SH 9 have led to growth of warehousing industry in the region, however growth could be potentially constrained by relatively high land values in the region.

Micro market characterized by the presence of both Grade A (49%) and Grade B (51%) developments established by local individual developers and institutional players, further the region has recently witnessed surge in Grade A supply with recent completions from Mapletree Logistics Park and LOGOS.

E-Commerce, Manufacturing, Logistics and Retail are key industries sectors in the micro market with tenants such as Amazon, E-Com Express, Star Air, SCS Logistics, Gati KWE, DHL, Blue Dart, Royal Oak, etc. Sluggish absorption levels have been witnessed primarily in Grade B developments, as warehousing eco system is in the developing stage.

### 3.1.5 Bengaluru – Overall Market Outlook

The warehouse industry rebounded sharply in 2021 compared to 2020, driven by ongoing demand from the 3PL, e-commerce, retail and manufacturing sectors, as well as the completion of investment-grade initiatives. The COVID-19 pandemic's acceleration of e-commerce tendencies had a significant role in this rise, increasing the demand for effective storage and delivery facilities. As consumer behaviour shifts towards

online shopping, year on year absorption in the warehouse industry has been high in recent years. Warehousing demand in Bengaluru has remained resilient due to a significant reliance on e-commerce platforms, an increase in online shopping, the advent of the auto mobile sector, and the city's increased manufacturing base. As a result, the warehousing sector has emerged as a promising investment opportunity for organised Grade A players. The trend, which is currently ongoing owing to a robust consumer base, rising disposable income, and increased retail expenditure, is predominantly consumption driven.

Hoskote-Malur, Narsapura, and Hosur are rising micro-markets in the city because of increased land availability and improved road connection. Established micro markets such as Nelamangala and Dobbaspet have had high storage demand, and institutional companies have lately showed renewed interest in developing warehousing facilities in this micromarkets, indicating a robust market. The upcoming Satellite Town Ring Road (STRR) and Bengaluru-Chennai Expressway would further boost the warehousing activity in these markets. In the recent past with the influx of investment grade warehouses (with modern amenities), a shift in the preference of space off-takers towards Grade A warehouses has been witnessed.

The large-scale space off take of Grade A or Grade B developments are primarily due to the increased demand arising from Logistics, Modern Retail, Manufacturing, E-Commerce and FMCG. As per latest absorption trends at city level (last one year), the logistics/3PL players continue to be key space occupants, followed by modern retail and manufacturing firms. While there's been a decline in e-commerce leasing activity, sectors like manufacturing, modern retail, and third-party logistics have shown a considerable increase in demand for Grade A space.

The current prevalent asking rentals for Grade A warehouses in Bengaluru region is approx. INR 22.0 - 24.0 /sft/month, whereas few developments can command higher rentals than the market average owing to quality of warehousing space, proximity to consumption hubs and accessibility to ready supply in the desired micro markets. Strong demand levels coupled with investment grade supply creation by Grade A suppliers is expected to enhance rental values in the medium term. However, the Nelamangala- Dobbaspet area might experience short to medium-term rental pressures due to a large upcoming Grade A supply.

As per information available in public domain, approx. 28 Mn sft of development potential is under various stages of planning/construction. This supply is expected to be added in the next six to seven years.

### 3.1.6.2 Location Characteristics

**Hosur, Thally I & II**

Hosur, a satellite town of Bangalore, is strategically located in Tamil Nadu. Its position along National Highway 44 provides seamless connectivity to major cities such as Bangalore, Chennai, and Coimbatore, making it a prime distribution hub. Additionally, as part of the Chennai-Bangalore Industrial Corridor, Hosur offers convenient access to key markets, facilitating efficient goods transportation. Historically a manufacturing center, Hosur has attracted major industries like TVS Motors, Ashok Leyland, Toyota, and others. The upcoming Satellite Town Ring Road is expected to further enhance Hosur's prominence, making it an attractive location for e-commerce companies. Its strategic position near the Tamil Nadu-Karnataka border provides access to a large consumer base.

The warehouses are situated in Mathagondapalli village between Hosur and Thally, offering convenient access to the airport, located 87 kilometres away. Its prime location and accessibility to the main city have attracted major players in manufacturing, third-party logistics, and fast-moving consumer goods sectors.

#### 3.1.6.3 Overall Warehousing Dynamics – Supply, Vacancy and Rentals

Bommasandra-Hosur is a key warehousing vector in Bengaluru. Situated along NH-44 in the southern periphery of Bengaluru, it serves as a hub for commerce between Bengaluru and Hosur-Chennai. Accessible via NH-44, SH-87, and NICE Road, it provides exceptional connectivity and convenient proximity to the city's consumption and distribution centres. In addition, the region accounts for approximately 23% of Bengaluru's (2nd largest warehousing market) completed inventory. The region witnessed a supply of approx. 15.18 Mn sft, with 96% absorption. The region is primarily characterised by Grade A and Grade B developments, with a share of 57% and 37% of the Supply, respectively. Prominent Grade A developments encompass TVS Industrial & Logistics, RKV Logistics, Horizon Industrial Parks, Avigna Warehousing Parks, and more. The availability of large land parcels with moderate land values in comparison to other micro markets, as well as proximity to manufacturing and consumption hubs, are the primary drivers of warehousing activity in the region.

*Table 27: Snapshot Bommasandra-Hosur Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bengaluru | Upcoming Supply |
|---|---|---|---|---|---|
| 15.18 Mn sft | 4 - 5 % | 8.69 Mn sft | 2 – 3 % | 41% | 4.3 – 4.4 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

The region witnessed an average annual absorption of approx. 1.38 to 1.40 Mn sft of warehousing space over the last 7–8 years, and the average annual supply is in the range of 1.41 to 1.43 Mn sft between 2017 and Q3 2024. Limited vacancies (2%) were witnessed in Grade A developments on account of growing demand for quality warehouse space with superior accessibility and connectivity to the city. The asking rentals for Grade A warehousing developments in this micro market have been observed to be in the range of INR 22 - 24 per sft. 3PL, E-commerce, Manufacturing, FMCG, FMCD, Automobile and Apparel are key industry sectors in this micro market. Key occupiers in this micro-market are Amazon, Flipkart, DHL, TVS Supply Chain, Stellar Value Chain, Aditya Birla, PUMA, Wakefit, Big Basket, Ather,Yazaki, Wabtec and MPlastics, amongst others.

#### 3.1.6.4 Building Characteristics

The key building specifications for the assets are enlisted in the below table:

*Table 28: Key Building Specifications of Hosur I*

| Particular | Specifications |
|---|---|
| Building Structure | Pre-Engineered Building (PEB) structured warehousing park |
| Flooring | Floor strength of 5 metric ton per sqm. |
| Height | 12 m to 15m |
| Lighting | 200 -300 lux |
| Fire Safety | Provided sprinkler system & fire hydrant system in the facility (250KL x 2) |
| Office | Mezzanine floor is provided (Block 3) |
| Amenities and Facilities | Truck yard and a parking lot, and basic amenities such as underground water tank, rainwater harvesting, common amenity space, facility management office, first aid room, etc. |

**Source:** TVSILP

*Table 29: Key Building Specifications of Thally I & II*

| Particular | Specifications |
|---|---|
| Building Structure | Pre-Engineered Building (PEB) structured warehousing park |

| Particular | Specifications |
|---|---|
| Flooring | Floor strength of 5 metric ton per sqm. |
| Height | 12 m to 15m |
| Roofing | Standing seam screwless roof systems (leak-proof) with roof insulation |
| Fire Safety | Provided sprinkler system & fire hydrant system in the facility (425 KL x 2 tanks) |
| Office | Mezzanine floor is provided |
| Amenities and Facilities | Truck yard and a parking lot, and basic specifications such as underground water tank, sewage treatment plant, rainwater harvesting, common amenity space, facility management office, first aid room, etc. |

**Source:** TVSILP

### 3.1.6.5 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

The micro market has Grade A competing facilities that regional and institutional players like Avigna Industrial Parks, Horizon Industrial Parks, RKV Logistics Park, etc. have recently developed. These facilities are in accordance with the building specifications for quality grade A development. The rentals commanded by quality-grade A developments in the market are in the range of INR 22 - 24 per sft per month. Rental rates vary depending on proximity to the city and space quality. Based on asking rents in the Hosur market, we estimate the achievable rent level for the subject property to be between INR 22 and 23 per square foot per month (excluding CAM). The Hosur market continues to attract industrial players due to its strategic location and availability of quality-grade A developments. The rental rates are competitive compared to other industrial hubs in the region, making it an attractive choice for businesses looking to establish a presence in South India.

### 3.1.6.6 Demand Forecast for the subject micro – market/vector.

The Bommasandra–Hosur micro market is anticipated to add around 4.3 - 4.4 Mn sft over the next three to four years. Most of the forthcoming supply is anticipated to have Grade A specifications and to be concentrated in places like Hosur-Shoolagiri, Hosur-Denkanikottai Road, Kelamangalam, etc.

The primary factors driving demand for warehouse spaces in the region include the implications of GST, which encourages occupiers to set up regional warehouses across state borders. The competitive rental rates compared to warehouses near Bangalore city and the presence of key industries like manufacturing, automotive, and logistics also contribute to the demand. The region's improving infrastructure and connectivity are expected to draw more businesses seeking warehouse solutions. Also, the availability of land and strategic location are crucial factors driving the growth of supply to match the demand. Predictions based on the micro market's previous absorption indicate that there will be a demand for 3.5-5.0 million square feet of warehousing space over the next three to four years.

## 3.2 Bhubaneswar

### 3.2.1 City Overview

*Table 30: Demographic Snapshot of The City*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | GSDP (USD) | GSDP GROWTH | PER CAPITA INCOME (USD) |
|---|---|---|---|---|---|
| Odhisa /Bhubaneswar | 0.89 Mn [38] | 6,558 $Km^2$ | 0.9 Mn [39] | 8.5% | 1,885 [40] |

**Source:** Census 2011; Odhisa Economic Survey (2023-24) Govt. of Odhisa

Bhubaneswar is the largest city in Odhisa and replaced Cuttack as the capital of the state on August 19, 1949. The city was designed mainly to be a residential city with few industries in its peripheral areas. Until 1990, the economy was predominantly dominated by retail and small-scale manufacturing players, with the limited presence of a few major manufacturing organisations. Following economic liberalization in 1990 the city started getting investments in the telecommunications, information technology (IT), and higher education sectors. Presently, the city is one of the fastest-growing hubs for IT and education institutes in east India, which in turn fuels strong consumption-led demand across warehousing.

Bhubaneswar Development Authority (BDA) is spread across an area of approximately 1110.26 km2, and it consists of Bhubaneswar Municipal Corporation (BMC), Khordha Municipality, Jatni Municipality, BDPA Rural, and Pipili (NAC).

The area falling within the Bhubaneswar Municipal Corporation is characterised by the presence of established residential and commercial activity, while Saheed Nagar is an old commercial hub and Patia is the upcoming hub for IT and educational institutes. Bhubaneswar Development Authority covers a larger area, including major industrial and warehouse hubs like Pahal, Khordha, Chandaka, etc., which accommodate large companies such as Reliance, Flipkart, Coca-Cola, Kurlon, Amazon, TATA consumers, and several logistics and automobile companies.

*Table 31: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 16 – Connecting Kolkata & Chennai, the highway passes through key warehousing and industrial corridor of Kolkata, Bhubaneswar, Cuttack and Chennai. National Highway 316 – Connecting Puri and Bhubaneswar, the highway meets to key industrial areas in the region. National Highway 316A – Intersecting NH 16 near Pahal, Bhubaneswar, the highway connects Bhubaneswar to Konark, Raghunathpur, Nimapada etc. |
| Railway Network | Existing | Bhubaneswar is the headquarters of the East Coast Railway zone of the Indian Railways with rail connectivity to neighbouring states. City exports minerals, steel, handcrafts etc. via rail to other states. Bhubaneswar also exports cotton to Bangladesh through rail freight. |
| Biju Patnaik Airport (Bhubaneswar) | Existing | It is an international airport located in proximity to Bhubaneswar CBD area and only 5 km. away from Bhubaneswar Railway Station.<br><br>This Airport was dedicated to people of Odisha on 17th April 1962, becoming first ever commercial airport in Odisha state. As the demand grew, another terminal was built in 2013 with a capacity of 4 Mn passengers per annum. |
| Bus Connectivity | Existing | Newly constructed ISBT, Baramunda (previously existing bus stand) has been inaugurated in Q1 2024. This bus terminus can accommodate approx. 700 – 800 buses daily<br><br>BDA (Bhubaneswar Development Authority) has planned to develop another bus terminal building next to the present building in Baramunda. This will further enhance the bus service capacity |

[38] Municipal Corporation Area
[39] GSDP at constant price (2023-2024)
[40] Per Capital Gross GSDP (2023-2024)

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| Dhamra Airport | Upcoming | Dhamra Airport is to be built by Dhamra Port Company Limited (a subsidiary of Adani Group company), located approximately 20 km from Dharma port. It is planned to allocate 274 acres of land for the airstrip. |

### 3.2.2 Overview of the Warehousing Market in Bhubaneswar

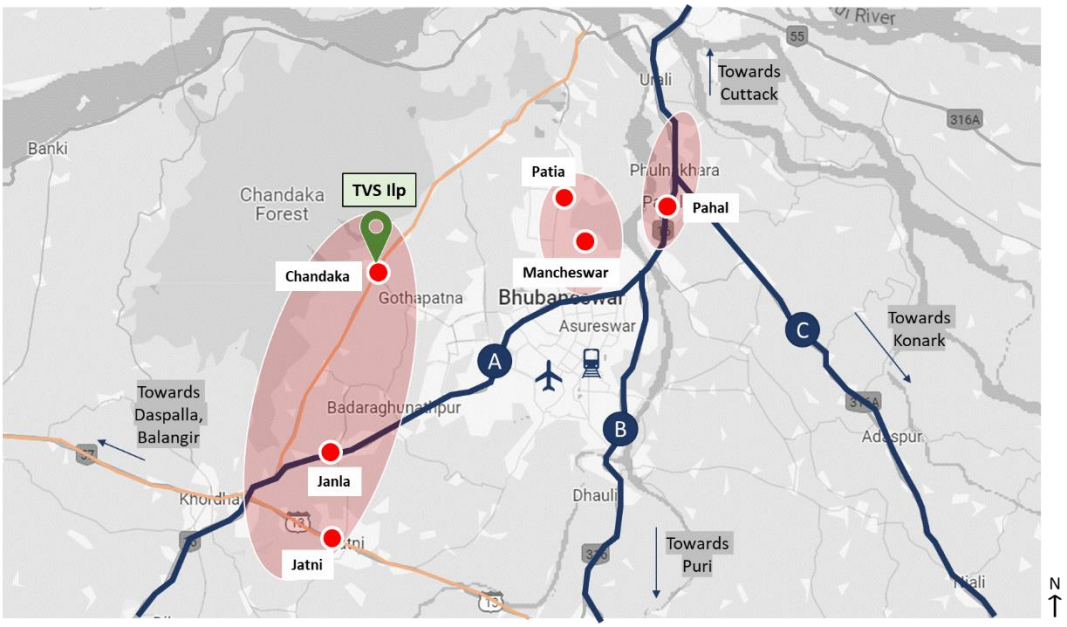
| Cluster Classification | WESTERN CLUSTER | Eastern Cluster | CENTRAL CLUSTER |
|---|---|---|---|
| Micro-markets | Chandaka, Janla, Jatni | Pahal | Patia, Mancheswar |
| Share of Supply in Bhubaneswar Region | 55% | 37% | 8% |

**Source:** CBRE Research; Updatedd as of Q3 2024

Warehousing activity in Bhubaneswar is spread across six major micromarkets, viz., Chandaka, Janla, Jatni, Pahal, Patia, and Mancheswar.

Chandaka and Pahal are the most prominent warehousing micro-markets, with the majority of the supply in the form of investment-grade warehousing space (Grade A), while markets such as Janla, Jatni, Patia, and Mancheswar primarily comprise of Grade B and C supply. Chandaka, Janla, and Jatni micromarkets contribute to a completed supply (1.69 Mn sft ~ 55%), followed by Pahal (1.14 Mn sft ~ 37%) and Patia, Mancheswar (0.24 Mn sft ~ 8%). In the last couple of years, Patia and Mancheswar micromarkets have not seen much traction, while Pahal and Chandaka are witnessing major demands from companies such as Flipkart, Amazon, Delhivery, LG, Samsung, etc. that have a strong presence in the region.

***Figure 51: Map of Warehousing Cluster In Bhubaneswar City***



A – NH16 (Kolkata-Chennai) B – NH316 (Puri-Bhubaneswar) C – NH316A (Konark-Chandaneswar)

**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.2.2.1 Bhubaneswar – Completed Supply and Absorption Dynamics

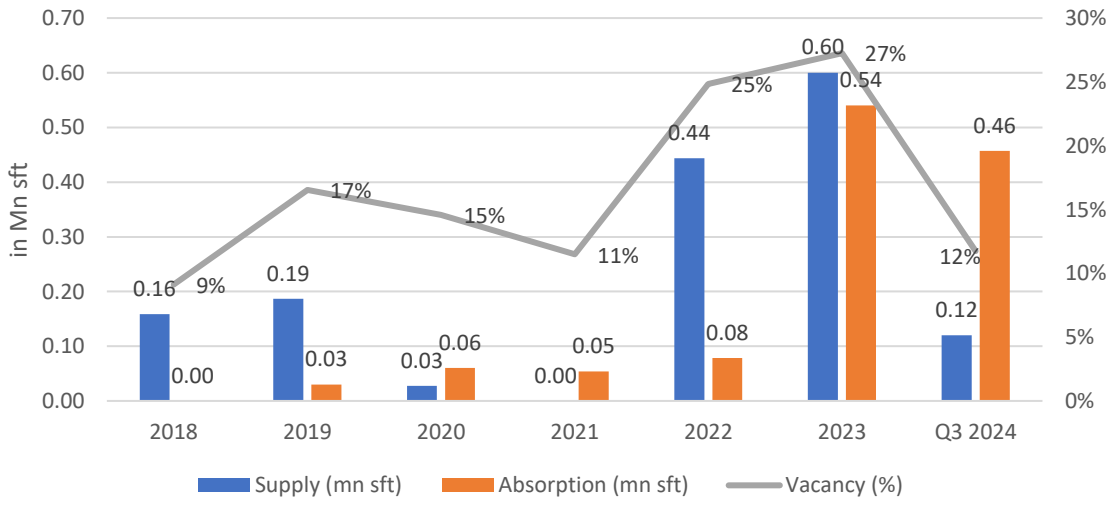
The region boasts an operational warehouse supply of approximately 3.1 Mn sft, with approximately 2.7 Mn sft currently occupied. Prior to 2018, the supply was mostly composed of Grade B and C developments. During the last 5–6 years, the share of Grade B and C supply has drastically reduced due to increased demand for quality warehousing spaces from occupiers such as manufacturing, e-commerce, logistics, electronic goods, etc. Hence, witnessing a significant supply of Grade 'A' supply

*Table 32: Overview of Warehousing Market In Bhubaneswar*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 3.1 | 2.7 | 37% (Absorption – 97%) | 33% (Absorption – 75%) | 30% (Absorption – 92%) |

**Source:** CBRE Research; Updatedd as of Q3 2024

*Figure 52: Y-O-Y Supply & Absorption Levels in Bhubaneswar*



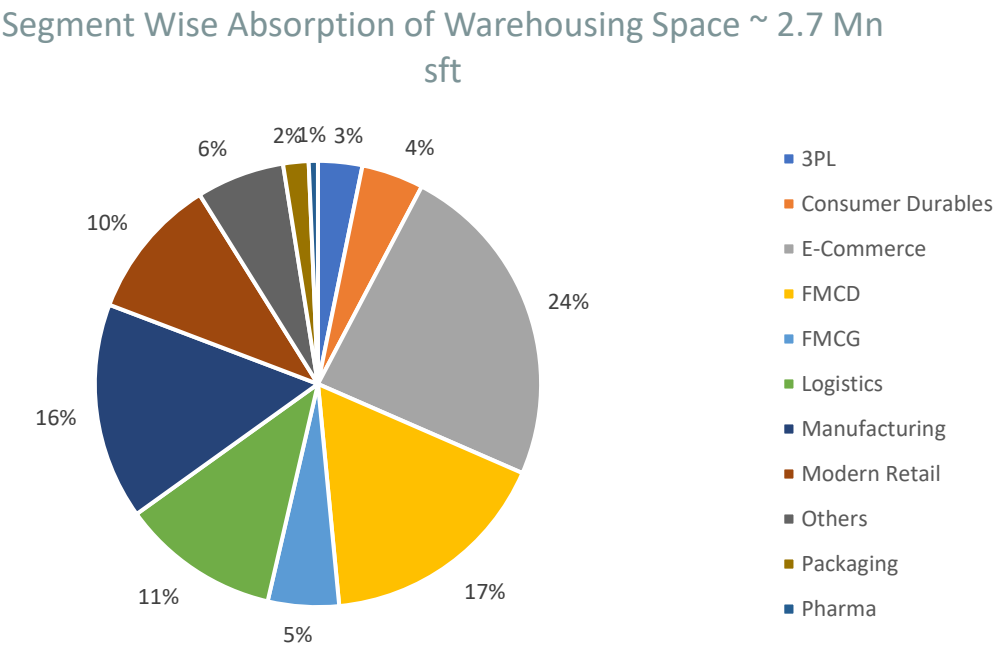
**Source:** CBRE Research; Updatedd as of Q3 2024

Grade A developments are primarily concentrated in Chandaka, Janla, Jatni, and Pahal micro-markets, catering primarily to e-commerce, electronic goods, food and packaging, and manufacturing sectors. A steady increase in supply has been witnessed over the last 6–7 years (2018–2024), with an average annual supply of

approx. 0.22 Mn sft. The demand for Grade A developments in these micro-markets is driven by their strategic location, proximity to key transportation hubs (such as Babasaheb Bhimrao Ambedkar Bus Terminal, Bhubaneswar railway station, etc.) and availability of skilled labour. Additionally, the presence of established industrial clusters and supportive government policies (such as Industrial Resolution Policy-2022, Odisha civil aviation policy-2022, etc.) further contribute to the growth of these sectors in the region.

Grade A accounts for almost 1.13 Mn sft (37% of completed supply in Bhubaneswar), Grade B accounts for 1.02 Mn sft (33% of total finished supply in Bhubaneswar), and Grade C accounts for 0.92 Mn sft (30% of completed supply in Bhubaneswar). Grade A's proportion of the city's market composition is likely to rise in the next few years, owing to increased supply and interest from national and international enterprises. The majority of warehousing activity in the region has been in the Grade A development category, with local individuals developing it. Manufacturing, e-commerce, electronics, logistics and distribution, machines and equipment, and space are the key tenant sectors occupying space in Grade A developments across Bhubaneswar. Some of the key tenants present are Flipkart, Delhivery, Coca-Cola, LG, Samsung, Asian Paints, Amazon, VRL Logistics, Dr. Reddy's, etc. 3PL and logistics players take 6,000–15,000 sft at small scale, 30,000–50,000 sft at mid-scale, and at large scale, this can go up to 1,80,000 sft. In the e-commerce segment, major players can take between 20,000 and 25,000 sft, while in the large segment, they can take between 1,00,000 and 3,00,000 sft.

*Figure 53: Segmentation of Absorption By Industry in Bhubaneswar*



**Source:** CBRE Research; Updatedd as of Q3 2024; Presently, Ecommerce, FMCG, FMCD and Modern retail combinedly hold more than 56% of the overall absorption.

### 3.2.2.2 Bhubaneswar – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 1.2 – 1.4 Mn sft, majorly across Grade A warehousing space and is expected to get introduced phase wise between 2024 to 2029 in the market.

*Table 33: Bifurcation of Upcoming Supply In Bhubaneswar*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 0.04 – 0.06 Mn sft | 1.2 – 1.4 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

The majority of the upcoming supply is expected to be in the micromarkets of Chandaka, Jatni, and Pahal. Several individual landlords have vacant land parcels close to existing warehouse micromarkets, and they are willing to sign a build-to-suit contract with potential occupiers.

### 3.2.2.3 Bhubaneswar – Asking Rental Dynamics

The average quoted base rental witnessed in Bhubaneswar is in the range of INR 25- 27 sft / month for a

Grade A development and between INR 18-20sft / month for a Grade B development. Micro Market Wise Grade A and B Average Asking Rentals are enumerated below in the table:

*Table 34: Details of Micro-Market Wise Grade A & B Asking Rentals*

| Micro-Market | 2018 | | 2019 | | 2020 | | 2021 | | 2022 | | 2023 | | Q3 2024 | |

| Jatni | Packaging | Grade A | 40,000 | 16 – 17 | Q1 2024 |

**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.2.2.5 Western Cluster Overview

The Western Cluster comprises three micromarkets: Chandaka, Jatni, and Janla. The cluster is located on the western side of Bhubaneswar, alongside Khordha-Chandaka Road, NH16, and SH13. Umang Group is one of the city's dominant players, and Chandaka Micro Market has multiple warehouses. The market's proximity to Khordha Industrial Estate and excellent connectivity through Khordha-Chandaka Road have led to its emergence. The cluster comprises approximately 55% of the completed supply in the Bhubaneswar region. Out of the completed supply in this cluster, approximately 62% of the supply is Grade A.

**Chandaka Micro Market**

*Table 36: Snapshot of Chandaka Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bhubaneswar | Upcoming Supply |
|---|---|---|---|---|---|
| 1.29 Mn sft | 7 – 9% | 1.05 Mn sft | 3 – 4% | 92 – 94% | 0.06 – 0.07 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Chandaka is considered to be an established warehouse micromarket where several e-commerce, logistics, electronics, and manufacturing companies have already taken space. Micro-markets gained prominence largely on account of their proximity to Khordha Industrial Estate (approximately . 10–15 km) and the availability of land parcels close to Khordha–Chandaka Road. E-commerce, FMCD, and logistics are key industries, occupying approx. 76% of the completed supply in the Chanddaka micro-market with tenants such as Flipkart, Amazon, Coca-Cola, LG, Philips, ITC, Safexpress, etc. The difference between Grade A and Grade B rentals is minimal due to the fact that there are no new additions to Grade B properties in the micromarkets. All the new additions are grade A properties, which are quoting aggressively to grab market share. As a result, occupiers are shifting from Grade B to Grade A properties within the same rental range.

**Janla Micro Market**

*Table 37: Snapshot of Janla Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bhubaneswar | Upcoming Supply |
|---|---|---|---|---|---|
| 0.16 Mn sft | 28 – 30% | 0.00 Mn sft | NA | 0% | 0 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Janla market is located close to Khordha and has direct connectivity via NH 16. It has seamless connectivity to Bhubaneswar main city, Cuttack, and other nearby states via NH16. The market constitutes a share of nearly 10% of the completed supply in the Western cluster. Besides being home to many multinational and manufacturing companies, the market serves as a warehouse hub for giants such as Parle Agro, Hitachi, Star Tiles, etc. In recent times, few under construction structures have been completed. However, these recently completed projects have not got occupied yet, resulting high vacancy in this micro market.

**Jatni Micro Market**

*Table 38: Snapshot of Jatni Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bhubaneswar | Upcoming Supply |
|---|---|---|---|---|---|
| 0.24 Mn sft | 32 – 34% | 0 Mn sft | NA | 0% | 1.2 – 1.3 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Like Janla Market, Jatni is located close to Khordha Industrial Estate and has direct connectivity via SH 13. The micromarket accommodates several warehousing establishments. It has seamless connectivity to Bhubaneswar, Cuttack, and other nearby states. The market constitutes a share of nearly 10% of the completed supply in the Western cluster. Besides being home to many multinational and manufacturing companies, the market serves as a warehouse hub for giants such as Amazon, Reliance, Oricon, etc. In recent times, few under construction structures have been completed. However, these recently completed projects have not got occupied yet, resulting high vacancy in this micro market.

### 3.2.2.6 Eastern Cluster Overview

Eastern Cluster comprises only 1 micromarket ~ Pahal. The cluster is located on the eastern side of Bhubaneswar, alongside NH 16. The micromarket is dominated by mainly local individual players. The market's proximity to the main city area and excellent connectivity through NH 16 have led to its emergence. The cluster comprises approximately 37% of the completed supply in the Bhubaneswar region. Out of the completed supply in the Pahal cluster, approximately 7% of the supply is Grade A.

**Pahal Micro Market**

*Table 39: Snapshot of Pahal Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bhubaneswar | Upcoming Supply |
|---|---|---|---|---|---|
| 1.14 Mn sft | 8 – 10 % | 0.08 Mn sft | 0% | 6 – 8 % | 0.04 – 0.06 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Proximity to the National Highway and the main city area have resulted in the growth of Pahal as a micro-market. This micromarket is witnessing the highest rentals among all other warehousing hubs in the Bhubaneswar region. Low supply and high demand have resulted in the rental escalation of Grade B properties, along with Grade A. Several multinational and national companies, such as Samsung, MRF, Asian Paints, Delhivery, etc.

### 3.2.2.7 Central Cluster Overview

The Central Cluster of Bhubaneswar warehousing market comprises Patia and Mancheswar micromarkets, constituting nearly 8% of the overall completed supply until Q3 2024.

**Patia Micro Market**

*Table 40: Snapshot of Patia Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bhubaneswar | Upcoming Supply |
|---|---|---|---|---|---|
| 0.11 Mn sft | 28-30% | 0 Mn sft | NA | NA | - |

**Source:** CBRE Research; Updatedd as of Q3 2024

Patia lies in the north of Bhubaneswar and is less prominent as compared to other micromarkets in this region. Although a few warehouse establishments are present, most of them are on the verge closing and converting to other uses, like hotels. In this belt, very few warehouses are still operational. All the supply is in the form of Grade B and Grade C setups.

**Mancheswar Micro Market**

*Table 41: Snapshot of Mancheswar Warehousing Market*

| Completed Supply | Vacancy | Grade A Completed Supply | Grade A Vacancy | Share of Grade A Completed Supply in Bhubaneswar | Upcoming Supply |
|---|---|---|---|---|---|
| 0.14 Mn sft | 0-5% | 0 Mn sft | NA | NA | - |

**Source:** CBRE Research; Updatedd as of Q3 2024

Mancheswar is considered a manufacturing hub, with the presence of multiple factories for many giant companies. The warehousing market of Mancheswar gained prominence largely on account of its proximity to the CBD of Bhubaneswar (approximately . 2–3 km). Manufacturing, auto-industry, and logistics are key industries, occupying the majority of the completed supply in the Mancheswar micro-market with tenants such as Haier, Greenply, Escorts, Nobel Plywood, etc.

### 3.2.3 Bhubaneswar – Overall Market Outlook

Bhubaneswar warehousing market is one of the most prominent warehousing markets across east India, mainly on account of its connectivity to the NH 16, multiple existing and upcoming ports, industrial areas of Odhisa, and robust road network. Prior to 2018, Bhubaneswar had the majority of the supply in the form of Grade B and Grade C developments. With the rise in the e-commerce, auto industry, and third-party logistics sectors, the market witnessed a higher influx of Grade A developments. With increased demand for warehouse space from multinational and national companies coupled with the improvised road infrastructure, demand for Grade A warehouses is expected to rise in the upcoming years. Further, increase in supply is expected in Chandaka and Pahal owing to availability of developable land parcels, excellent road connectivity, proximity to industrial areas.

The current prevalent asking rent in Bhubaneswar is in the range of INR 22–30 sft/month for Grade A warehousing developments in the areas of Chandaka and Pahal. For Grade B warehouses, the asking rentals are witnessed to be in the range of INR 17–28 sft/month. The asking rentals in the market to remain range-bound in the short to medium term with market standard escalation of 4-5% annually. It is anticipated that around 0.1–0.15 Mn sft of known future supply will be operational by 2024 due to the supply plans of key developers.

### 3.2.4 Micro Analysis - (Subject Property Location ~ Chandaka)

Table 42: Subject Property ~ Chandaka

| | | | | | |

Macro Map of the Asset

**Source:** CBRE Research Q3 2024; Map not to Scale, for representation purpose only

### 3.2.4.1 Subject Property Snapshot

Bhubaneswar, the capital of Odisha, is a significant commercial centre in eastern India. The region's steel and aluminium industries have fostered the growth of supporting businesses throughout the state. Bhubaneswar benefits from its proximity to ports and major transportation routes, facilitating connectivity to nearby cities such as Cuttack. The city's strategic location and industrial activity have made it an attractive destination for warehousing and logistics operations. Bhubaneswar and Cuttack together form a major consumption market in eastern India, underscoring the region's importance for warehousing.

Areas such as Bhubaneswar-Cuttack Road, Tangi, Pitapalli, and Chandaka primarily concentrate the warehousing market in Bhubaneswar. While most warehouses in the region are locally developed and offer standard features, the park represents a higher-quality option with modern amenities.

Located in the Godi Bari area of Kantabada village, the park offers premium warehouse spaces within a thriving industrial environment. Its proximity to the airport and its position along the state highway connecting Bhubaneswar and Cuttack make it easily accessible for a variety of industries. The park consists of two warehouses designed to meet the needs of logistics, fast-moving consumer goods, and manufacturing companies.

### 3.2.4.2 Overall Warehousing Dynamics –Supply, Vacancy and Rentals

Chandaka is an upcoming warehouse in Bhubaneswar. The region comprises approximately 40% of the completed supply. The micro-market in Chandaka witnesses one of the highest numbers of quality Grade A warehousing developments by prominent institutional players. The following are the primary reasons for these investments in Chandaka:

- Availability of large land parcels
- Moderate land values compared to other micro markets
- Connectivity and accessibility to manufacturing and consumption hubs
- Accessibility of land for future expansion

*Table 43: Snapshot Chandaka Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Bhubaneswar | Upcoming Supply |
|---|---|---|---|---|---|
| 1.29 Mn sft | 7 – 9% | 1.05 Mn sft | 3 – 4% | 92 – 94% | 0.06 – 0.07 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Out of the completed supply of 1.29 Mn sft, Grade A comprises of 82%, and the rest being of Grade B & C. The region witnesses an absorption of approx. 0.13 to 0.15 Mn sft per annum of warehousing space over the last 4-5 years.

The asking rentals for Grade A warehousing development in this micro-market has been observed to be in the range of INR 20 – 24 per sft per month. Manufacturing, E-Commerce and Logistics are key industry sectors occupying warehousing spaces in the region, prominent tenants include LG, Amazon, Coca Cola,

Safexpress, Flipkart, etc.

#### 3.2.4.3 Building Characteristics

As highlighted above, subject property is developed in 2 tranches; Phases 1 and 2 are completed and operational, along with one additional phase in the planning stage. The key building specifications for the asset are listed in the following table:

*Table 44: Key Building Specifications of Chandaka Asset*

| Particular | Specifications |
|---|---|
| Building Structure | Pre-Engineered Building (PEB) with 3 m wall height. |
| Flooring | 5 ton per sqm. Flat/super (UDL) |
| Height | Ridge height of 13.94 m. and Eave's height of 12 m. |
| Lighting | Lux level – 150 lux @ 1.00 m from FFL. High bay fitting on the building profile, Common PCC panel & capacitor panel at the substation. |
| Fire Safety | K-160 sprinklers for roof area, Beam detector (Alarm), Fire hydrant system |
| Office | office space of over 2 floors (Ground & Mezzanine) |
| Amenities and Facilities | Truck yard and a parking lot, Driver rest room, and basic specifications such as, substation, UG sump fire tank, common amenity space, facility management office, first aid facility. |

**Source:** TVSILP

#### 3.2.4.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

Limited Grade A competing facilities, which were developed by individuals and Umang Group, are situated in close proximity to the subject property. These facilities conform to the building specifications in accordance with quality Grade A development standards. Rentals for quality grade A developments in the market range between INR 20 and INR 24 /sft per month. It is postulated that the achievable rent for the subject property is between INR 22 and INR 23 /sft per month (CAM included), based on an analysis of comparable rental rates in the Chandaka market.

#### 3.2.4.5 Demand Forecast for the subject micro – market/vector

The demand for warehousing space in Bhubaneswar is expected to continue to grow in the coming years. This is due to a combination of factors, including the growth of e-commerce, 3PL logistics, manufacturing, and government initiatives. The demand driver for this vector is primarily the availability of land and presence of warehousing ecosystem. Envisaged supply of approx. 1.1 – 1.4 Mn sft is planned in next 3-4 years in the nearby vectors. However, no such large-scale project is planned in coming years yet within Chandaka. Considering, historical absorption witnessed in Chandaka, approximately 0.4 – 0.5 Mn sft of demand can be expected in next 3-4 years. This suggests a potential supply-demand gap in Chandaka, which, combined with rising land capital values, could put upward pressure on rental and occupancy rates. This gap presents an opportunity for developers to explore potential projects in Chandaka to cater to the growing demand.

*Figure 54: Park Layout Of Chandaka Asset*

## 3.3 Chennai

### 3.3.1 City Overview

*Table 45 Demographic Snapshot of The District*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | GDDP (In Lakhs) | PER CAPITA INCOME (USD) |
|---|---|---|---|---|
| Tamil Nadu /Chennai | 4.68 Mn | 26,903 /sq. Km | 3,155,060 | 793.85 |

**Source:** Census 2011, CBRE Research, Department of Economics and Statistics, Government of Tamil Nadu, District HD report 2017

The Chennai Metropolitan Area is constituted by three districts of Tamil Nadu namely Chennai District, part of Tiruvallur District and part of Kancheepuram district. The Chennai Metropolitan Area (CMA) has an area of 1,189 sq.km spread over three districts, includes the whole of Chennai District, part of Tiruvallur District covering and part of Kanchipuram District covering. The development in the region is regulated by the Chennai Metropolitan Development Authority (CMDA). Further, CMDA has also planned for the expansion of the Chennai Metropolitan Planning Area to 8,878 sq. km covering the districts of Kancheepuram, Tiruvallur and few parts of Vellore.

The economic base of the city is primarily constituted by automobile manufacturing, IT/ITeS enabled services and Banking & Finance sectors. The city boasts a designated IT/ITeS corridor called the Rajiv Gandhi Salai, which is located in the south of the city. This was an initiative by the Government of Tamil Nadu to attract large scale IT investments into the city and also to create an eco-system for the IT sector. The city is well connected across the globe via air, rail, road and sea. Chennai city enjoys the strategic locational advantage of being well connected via all modes of transportation thereby positioning itself as an attractive investment destination.

The city is also known as the 'Detroit of India' owing to the presence of a robust automobile sector with the presence of prominent automobile companies such as Nissan, Hyundai, Ashok Leyland, TVS, Royal Enfield, etc accounting for a major share of India's automotive export. Considering the raw materials available including distinguished manpower capabilities and location advantage, Chennai is established as a unique city catering to the above mentioned varied economic sectors.

Chennai has a strong workforce across all the industries which is a reflection of the robust educational infrastructure present in the city coupled by the prevailing industry eco-system. Chennai is a key financial centre in South India, with strong presence of major Indian financial institutions & foreign banks.

Few notable colleges in the city are Indian Institute of Technology, Madras Institute of Technology, SRM University, etc. The excellent educational facilities available in the city create huge quality talent pool.

The major industry sectors continuing with high growth numbers in the region include Auto & Auto components, Chemicals & Petrochemicals, Agro and Food processing, IT & ITes, Pharma & Biotech, textile & Apparel. The state is also home to sunrise sectors with tremendous growth potentials including Aerospace & defence, Agro & food processing, Renewable energy components etc. Chennai city has grown significantly in the last few years. Education prospects and employment opportunities are the key drivers that has attracted people to the city. With Increasing population, the city's real estate landscape has grown and spread organically. The excellent educational facilities available in the city create huge quality talent pool.

Industrial market in Chennai is primarily driven by Automobile, Auto ancillaries, Pharma and apparels. These industries are catered by the Government and private owned industrial parks. Industrial space in Chennai are planned facilities typically in the form of Industrial parks, Industrial estates or SEZ's with well-developed common Infrastructure. Government Industrial parks are promoted by government bodies such as TIDCO, SIPCOT and SIDCO. The format of space offered in these parks are mostly Industrial plots. Private Industrial parks are promoted by private developers – Mahindra Group, Sri city and Ascendas. Private players usually offer Industrial plots and Built to suit facilities.

Major automobile players such as Ford, Hyundai, Mitsubishi, Ashok Leyland, TVS, BMW, Daimler, Renault-Nissan and Caterpillar are the few brands who are contributing to manufacturing industry of Chennai. With a burgeoning economy, good quality of living and enormous talent pool, global corporates have been flocking Chennai for setting up their businesses. The city's infrastructure is also gearing up to cater to the increasing inward migrating population attracted to Chennai for its education and employment opportunities.

### 3.3.2 Existing Infrastructure Initiative

**Road Infrastructure**

Chennai's road network includes key expressways and national highways (NH-16, NH-716, NH-48, NH-32), alongside essential ring roads enhancing city connectivity and reducing congestion.

*Table 46: Existing Infrastructure Initiative*

| INFRASTRUCTURE INITIATIVE | PARTICULARS |
|---|---|
| Inner Ring Road | Inner ring road acts as major arterial road within the city limits and plays a critical role in reducing traffic congestion. |
| Chennai Bypass Road | 32 km full-access controlled expressway that interconnects four radials covering from Perungalathur on NH-32 to Puzhal on NH-16 via Maduravoyal |
| Outer Ring Road | Corridor spanning approximately 62 Km that connects the outer sub-urbs of Chennai. ORR connects NH 45 at Vandalur, NH 4 at Nazarathpet, NH 205 at Nemilichery, NH 5 at Nallur and TPP road at Minjur. |
| Chennai Metro Rail (Phase I) | Two corridors with a total length of 45 km. Corridor I ~ connects Wimco Nagar to Chennai Airport central and eastern parts of the city. The corridor II ~ extends from Fort/ central railway station uptil St. Thomas Mount, central and western parts of the city |
| Sub-urban Train | Chennai is the headquarters of the Southern Railways. The city has two main railway terminals. Chennai central station is the city's largest railway station. The suburban rail network spans over 303 km covering 78 stations in Chennai city & periphery. |
| MRTS | Total length of approx. 25 Kms elevated railway line to decongest dense pockets of the city. Phase I ~ 8.55 Kms stretch starts at Chennai Beach and ends at Thirumayilai. Phase II A ~ 11.38 Kms stretch starts at Thirumayilai and extends till Velachery |

**Source:** CBRE Research; CMDA

***Figure 55: Map of Key Existing Infrastructure Initiatives***

**Source:** CBRE Research; Map not to scale only, for representation purpose only

**Key Government Policies:**

The Tamil Nadu Logistics Policy 2023 and Integrated Logistics Plan 2023 seeks to decrease logistics expenses, draw in private capital, and encourage the logistics industry's embrace of new technologies and skill sets. In order to establish Tamil Nadu as a major logistics hub, it provides financial incentives, streamlined rules, land distribution, and infrastructural development.

The goal of the Tamil Nadu Industrial Policy 2021 is to establish Tamil Nadu as a major center for manufacturing worldwide. The primary goals are to draw in investments, encourage innovation, and generate skilled employment. Over the course of the policy, the manufacturing sector is expected to increase at a rate of 15% annually, and investments of INR 10 lakh Cr. (US$ 135 billion) are anticipated between 2020 and 2025.

### 3.3.3 Proposed Infrastructure Initiatives

Below Is a Broad Level Outline of the Proposed Infrastructure Initiatives in the City:

| *INFRASTRUCTURE INITIATIVE* | *PARTICULARS* | *COMPLETION TIMELINE* |
|---|---|---|
| CMRL II CORRIDOR 3 (PURPLE LINE) | CMRL-II corridor-3 (purple line): * the purple line from Madhavaram to SIPCOT spans 45.8 km with 10% completion and is expected to be fully operational by 2026-27 | 2026 – 27 |
| CMRL II CORRIDOR 4 (ORANGE LINE) | The orange line running from lighthouse to Poonamallee bus depot covers 26.1 km, is 30% complete, and its expected completion is in 2025-26. | 2025 – 26 |
| CMRL II CORRIDOR 5 (RED LINE) | The red line extends from Madhavaram to Sholinganallur over 47 km, with a 10% completion rate, and is anticipated to be completed by 2027-28 | 2027 – 28 |
| CHENNAI AIRPORT-KILAMBAKKAM METRO | This planned metro line will connect Chennai airport to Kilambakkam over 15.3 km and is planned for completion in 2028-29. | 2028 – 29 |
| CHENNAI AIRPORT EXPANSION (PHASE II) | The expansion of the Chennai port is 50% complete and is expected to be finished by 2024. | 2024 – 25 |
| CHENNAI BANGALORE EXPRESSWAY | The expressway from Hoskote to Sriperumbudur, covering 260 km | 2024 – 25 |
| WIDENING OF CHENNAI-BANGALORE HIGHWAY | This project aims to widen the highway from Chennai to Ranipet by ~120 km, with 50% completed, and is expected to be completed in the next 2 years. | 2024 – 25 |
| EXPANSION OF ECR ROAD | The east coast road from Chennai to Pondicherry will be extended by ~151 km, is currently 20% complete, and is projected to be done by 2024 - 2025. | 2024 - 25 |
| CHENNAI PERIPHERAL RING ROAD | This project will connect the port to Mamallapuram over ~133 km | 2025 – 26 |
| MADURAVOYAL EXPRESSWAY | This expressway will run from Chennai port to Maduravoyal over 20.6 km | 2026 |
| CHENNAI'S 2ND AIRPORT PARANDUR | A planned second airport for Chennai at Parandur is on the cards, projected for completion in 2028-30. | 2028 – 30 |

**Source:** CBRE Research

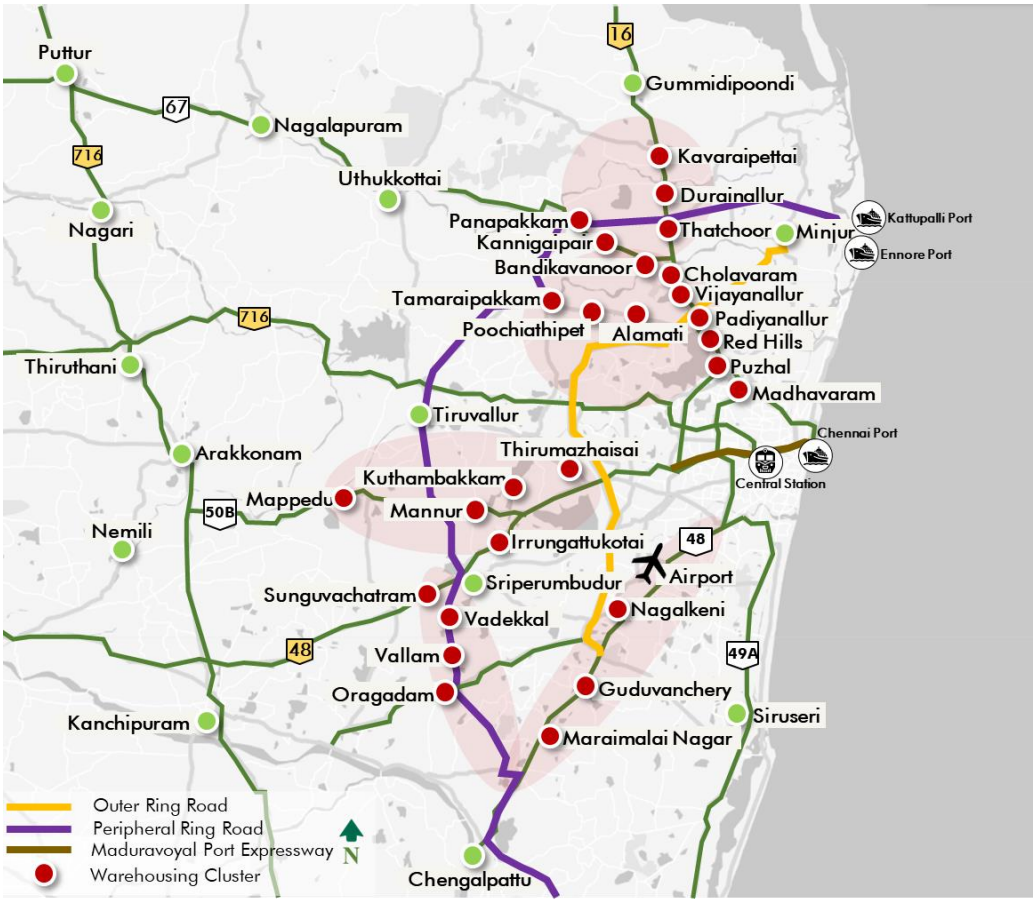
### 3.3.4 Overview of the Warehousing Market in Chennai

| QUADRANT Classification | NORTHERN CLUSTER | WESTERN CLUSTER | SOUTHERN CLUSTER |
|---|---|---|---|
| Micro-markets | Gummidipoondi, Maduravoyal, Thatchoor, Bandikavanoor, Kaveripettai, Cholavaram, Ayilacherry, Red Hills, Puzhal, Madhavaram, Poochiathipet | Vallam, Oragadam, Mevalurkuppam, Sunguvarchatram, Mannur, Mappedu, Thirumazhisai, Velappanchavadi, Pollivakkam | Maraimalai Nagar, MWC, Nagalkeni, Padappai, Vandalur |
| Share of Supply | 44% | 54% | 1% |

**Source:** CBRE Research; Updated as of Q3 2024

***Figure 57: Map of Warehousing Clusters In Chennai***



**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.3.4.1 Chennai - Completed Supply and Absorption Dynamics

Chennai has approx. 46.12 mn sft of operational warehouse supply out of which approx. 41.07 mn sft is occupied. The stretches of NH 16 belt (stretch 1) and Western Vector constitute to approx. 82% of the cities Completed supply. Industrial and Warehousing market of Chennai is primarily driven by the demand arising from Third party logistics, Auto and Auto Components, Electric and Electronic goods, FMCG etc. The city predominantly houses Grade A developments (approx. 51%), Grade B developments (approx. 45%) & Grade C developments (approx. 4%). Because of its close proximity to industrial centers, first-rate infrastructure, government backing, plenty of land, and highly qualified labour, Chennai's Western Cluster is the ideal site for warehouse construction. As a result, this area now has a greater concentration of upcoming warehouse supply than the other Clusters.

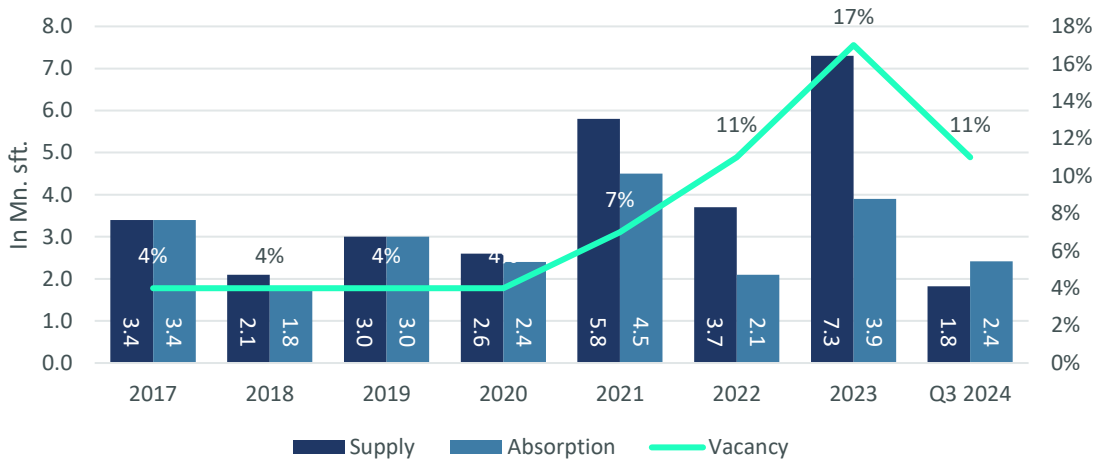
*Table 47: Overview of Warehousing Market in Chennai*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 46.12 | 41.07 | 50.81% | 44.94% | 4.26% |

**Source:** CBRE Research; Updatedd as of Q3 2024

The figure below highlights the y-o-y absorption & supply levels at the city level:

*Figure 58: Y-O-Y Supply & Absorption Levels in Chennai*



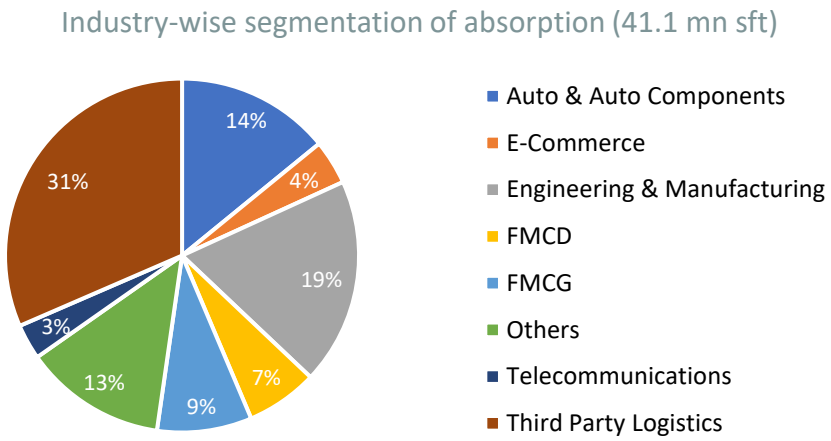
**Source:** CBRE Research. Updatedd as of Q3 2024

The year-on-year share of Grade-A warehouse supply has grown significantly since 2014, driven by the entry of large-scale organized players like Indospace, ESR, LOGOS, and Ascendas. From 2017 to 2023, supply addition in the overall Chennai warehousing market experienced a Compound Annual Growth Rate (CAGR) of 11-12% due to demand from the Manufacturing Sector. The Western cluster, encompassing Mannur and Oragadam, has been the primary driver due to its strong manufacturing base, particularly in the automotive and ancillary industries.

In the year 2020 there was a slight slump observed in supply and demand owing to worldwide pandemic scenario causing construction delays coupled with deferment in absorption of warehouse space which was already pre-committed in the market.

In year 2021, largest supply and absorption influx was witnessed owing spill over demand of 2020 which was impacted by COVID and coupled with demand from Automobile and 3PL tenant sectors.

*Figure 59: Segmentation of Absorption by Industry in Chennai*



**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.3.4.2 Chennai - Upcoming Supply Dynamics

The Completed supply in the pipeline is in the range of 6.0 – 7.0 Mn sft out of which approximately 1.0 – 1.5 mn sft of supply in under construction and approximately 5.0 – 6.0 Mn sft is planned which is expected to hit the market in the next two - three years.

*Table 48 : Bifurcation of Upcoming Supply in Chennai*[41]

[41] Upcoming supply – This includes the supply that is under construction and planned across Chennai

| Under Construction Supply | Planned Supply |
|---|---|
| 1.0 – 1.5 Mn sft | 5.0 – 6.0 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

The majority (approximately 76%) of the upcoming supply is concentrated in the Western Cluster, followed by the Northern Cluster (24%). This distribution is primarily due to the presence of the automotive and industrial sectors and the availability of readily developable land in the Western Cluster. The locations where the majority of the upcoming supply is envisaged are western micromarkets such as Sethupet, Ullavur, Vallam, Oragadam and Sriperumbudur. The following table enumerates the details of the upcoming Grade A Supply from key Players such as Indospace, ESR Group, ESR, Logos, Sugal and Damani, etc. These businesses mostly work in the real estate and logistics industries, specializing in the construction and rental of contemporary warehouse and logistics facilities.

*Table 49 : Details of Upcoming Supply in Chennai Market*

| Location | 2024 | 2025 | 2026 |
|---|---|---|---|
| Northern Cluster | 0.45 – 0.50 Mn Sft | 2.45 – 2.50 Mn sft | 2.40 – 2.5 Mn sft |
| Western Cluster | 0.05 – 0.1 Mn sft | 1.05 – 1.5 Mn Sft | 0.60 – 0.7 Mn sft |
| Southern Cluster | - | - | - |

### 3.3.4.3 Chennai – Asking Rental Dynamics

The average base rental witnessed in Chennai is approx. between INR 24 – 27/ Sft / month for a Grade A development and between INR 18 – INR 22 / Sft / month for a Grade B development. Based on the above chart, it is understood that CAGR for Grade A and Grade B developments are to the tune of approx. 4% & 3% respectively. Micro Market Wise Grade A Average Asking Rentals are enumerated below in the table:

*Table 50 : Details of Micro-Market Wise Grade A & B Asking Rentals*

| Micro Market | Grade | 2019 | 2020 | 2021 | 2022 | 2023 | Q3 2024 |
|---|---|---|---|---|---|---|---|
| NH 16 Stretch 1 | A | - | - | 20.5 - 21.5 | 21 - 22 | 21.5 - 22.5 | 22.5 – 23.5 |
| | B | 19 – 20 | 19 - 20 | 19.5 - 20.5 | 19.5 - 20.5 | 20 - 21 | 20.5 – 21.5 |

**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.3.4.5 Northern vector Overview

Northern Cluster Micro Market comprises of locations along the NH 16 stretches such as Gummidipoondi,

Maduravayal, Thatchoor, Bandikavanoor, Kavaraipettai, Cholavaram, Ayilacherry, Red Hills, Puzhal, Madhavaram, Poochiathipet, Puduvoyal, Vishnuvakkam. The cluster is located on the northern side of Chennai and is situated in close proximity to the port ~ a hub of Multi modal logistics with presence of container freight stations, truck terminals etc. Its proximity to consumption hubs and excellent connectivity through NH 16 has led to its emergence as a warehousing corridor. The cluster comprises of approximately 43.9% of the completed supply in the Chennai Region. Out of the completed supply in Northern cluster approximately 31.4% of the supply is Grade A. Further, details of micro markets are elaborated in the following paragraphs.

*Table 52 Snapshot NH 16 Stretch I Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 12.7 Mn sft | 6 - 7% | 1.5 Mn sft | 8- 9% | 6 - 7% | - |

**Source:** CBRE Research Updatedd as of Q3 2024

The warehousing market of NH 16 Stretch 1 is one of the prominent hubs in the northern cluster of Chennai, predominantly established by organized warehousing parks such as NDR warehouse, Sugal and Damani Warehouse and other local/Home-grown developers present along the stretch. This market constitutes a share of nearly 62% of the completed supply in Northern cluster of Chennai.

NH 16 (Stretch 1) was the first vector to witness warehousing development in Chennai – this was due to the vectors proximity to Chennai port. Currently the vector is primarily characterized by the presence of Grade B & C developments and a very limited Grade A supply. Owing to proximity to city centre and port, 3PL/Logistics, FMCD , Automobile and E- commerce companies are the primary demand drivers in this location ~ contribute to approx. 61% of the demand.

*Table 53 Snapshot NH 16 Stretch II Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 7.8 Mn sft | 10 -11% | 4.8 Mn sft | 10- 11% | 19 - 20% | 0.9 – 1.0 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

This region is one of the most prominent warehousing markets in Chennai, characterized by presence of considerable quantum of Grade A developments in the Northern Chennai region. This market constitutes a share of nearly 38% of the completed supply in Northern cluster of Chennai.

Proximity to two major ports of Chennai (Kattupalli and Ennore port), boosting industrial and warehousing activities has led to growth of this vector. FMCG, Auto and Auto components, 3PL/Logistics, E-Commerce are key industries in the micro-market with tenants such as Unilever, ITC, Honda, DB Schenker, Pepsico, Amazon, Redington etc.

Market is primarily established by individual local developers and few major developers including Ascendas and Indospace. Developments in this region are predominantly Grade A and Grade B spaces with typical specifications. However, few unorganized small-scale developments are also present in this region. Industrial parks set up in the region such as SIPCOT Gummidipoondi, Thervoy Kandigai SIPCOT and Sri city has been the major demand drivers for warehouse development in North Chennai.

#### 3.3.4.6 Western vector Overview

Western Cluster comprises of locations such as Vallam, Oragadam, Mevalurkuppam, Sunguvachatram, Mannur, Mappedu, Thirumazhisai, Velappanchavadi, Pollivakkam. Presence of SIPCOT Industrial Park, connectivity via SH 57 (proposed Peripheral Ring Road) and proximity to National Highway 48 and availability of large tracts of developable land parcels have resulted this location in becoming a hub for warehousing activity. The cluster comprises of approximately 54% of the completed supply in Chennai. Out of the completed supply in western cluster approximately 67% of the supply is Grade A.

*Table 54 Snapshot of West Mannur Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai Region | Upcoming Supply |
|---|---|---|---|---|---|
| 6.5 Mn sft | 14 - 15 % | 6.5 Mn sft | 9 - 10% | 28% | - |

**Source:** CBRE Research; Updatedd as of Q3 2024

3PL, Auto and Auto parts, Manufacturing are key industries in the micro-market with tenants such as Royal Enfield, Kerry Indev Logistics, DHL Logistics and Indutch Composites Technology, Mahindra Logistics,

Reliance. Prominent Grade A developers in the micro market includes AS Cargo, NDR, Indospace, Logos, JKS Infra and developments from local developers.

Proximity to key industrial hubs, reasonable land prices and good connectivity through national and state highways has led to growth of this vector. Market, conventionally developed as Godown of erstwhile textile industries present in the vector. Post which, Auto mobile Industries, established their presence in the vector.

The vector is expected to witness continuous demand in the short to medium term owing to the presence of major Grade A warehousing developers, increasing demand for warehousing space in western zone of Chennai and attractive pricing offered by developers etc.

Cheaper land rates and availability of land parcels have resulted in Industrial activity moving towards Mannur vector.

*Table 55 Snapshot of West Oragadam Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 12.2 Mn sft | 10– 11% | 10.3 Mn sft | 11 – 12% | 44% | 4.5 – 5.4 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

Presence of SIPCOT Industrial Park, connectivity via SH 57 (proposed Peripheral Ring Road) and proximity to National Highway 48 and availability of large tracts of developable land parcels have resulted in this location in becoming a hub for warehousing activity. Oragadam vector emerged as a spill over demand from NH-48 corridor that houses the prominent fortune 500 companies and major Global automotive companies.

The tenants in this market predominantly prefer quality Grade A warehousing space due to requirements of high roofing and load bearing capacity of floor. Demand for warehousing space in this region is predominantly driven by Auto and Auto ancillary industries located within and outside the SIPCOT industrial parks.

Automobile, Logistics and FMCG are key industries in the micro-market with tenants such as Nissan Motor, Royal Enfield, Reliance, SV Global Logistics, TPI Composites.

#### 3.3.4.7 Southern Vector Overview

Southern cluster (GST Road) is predominantly characterized by the presence of organized real estate assets viz. residential and commercial along the stretches of GST and noted for the presence of industrial units along the later stretches of the vector. Development of GST road picked up post the setting up of Madras Export Processing Zone (MEPZ) at Tambaram and SIDCO at Maraimalai nagar. Mahindra World City located in Maraimalai Nagar an approx. 1,500-acre mixed use township is the primary driver of economic activity in the region.

*Table 56 Snapshot of South Cluster Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 0.6 Mn sft | 2 -3% | 0.32 Mn sft | 0% | 1.4% | - |

**Source:** CBRE Research; Updatedd as of Q3 2024

Prominent sectors driving the demand in the region include Paints & Chemical, Automobile, E commerce, Engineering and Manufacturing and have been witnessing consistent growth.

Market is primarily established by individual local developers and ILV Distripark (MWC) Private Limited having considerable land parcels on the GST road. This region is still in its nascent stages of development. The organized warehousing parks present in the zone are Casagrande Distripark and Mahindra world city. Amongst the private industrial parks, MWC presently quotes the highest lease rate purely due to occupancy levels of the park and the strategic location.

### 3.3.5 Chennai – Overall Market Outlook

Chennai Warehousing Market is well connected to regions major consumption hubs of Tier II and Tier III locations of Tamil Nadu and parts of Andhra Pradesh through major national highways via NH 32, NH 48, NH 716 and NH 16, etc. Owing to robust road connectivity, Presence of ports and Industrial activity in the region – the city has emerged as a prominent warehousing hub in South of India. The development of key infrastructure projects such as the Chennai-Bengaluru Expressway, Chennai Peripheral Ring Road, and Maduravoyal Expressway is set to significantly boost Chennai's warehousing market. These projects will

enhance connectivity, reduce logistics costs, and attract more businesses to the region. Improved transportation infrastructure will facilitate the seamless movement of goods, reduce transit times, and lower inventory holding costs . Further Chennai has been a major consumption, production and distribution hub. Automobile, Auto ancillary, E -commerce, FMCG and Electricals segments are major contributors of warehouse space take up. Current prevailing rentals in Chennai region approx. INR 20.0 – 24.0 /sft/month, whereas prominent developers such as Indospace, Ascendas, Logos and few individual developers are able to command higher rentals than the market average owing to quality grade warehousing space in the range of INR 24.0 – 28.0 per sft per month. The asking rentals in the market to remain range bound in short to medium term with market standard escalation of 4-5% annually.

### 3.3.6 Micro Analysis - (Subject Property Location ~ Oragadam)

#### 3.3.6.1 Subject Property Snapshot

The Oragadam industrial corridor is a prominent manufacturing hub in Chennai, well-connected through State Highway 48, National Highway 48, and the Outer Ring Road. It is home to several major automotive and component manufacturers, including Renault, Nissan, Daimler, Royal Enfield, Delphi TVS, and Sundaram Clayton.

The TVSILP warehouse is located in Eraiyur village, near the Oragadam SIPCOT. This location offers convenient access for automotive, component, and other manufacturing companies operating in the Oragadam region. Furthermore, the state government is actively promoting this location as a hub for medical

[42] As per the rent roll shared by the TVSILP

equipment manufacturing. As per the information shared by TVSILP the facility can accommodate both warehousing and light manufacturing operations.

The facility has provision for amenities such as a first-aid centre, dedicated office space, and a cafeteria.

#### 3.3.6.2 Overall Warehousing Dynamics – Supply, Vacancy and Rentals

Oragadam is one of the established warehousing vectors in Chennai. Historically, the warehousing market in Oragadam was dominated by unorganized/local developers offering Grade B & C space. However, over the time location has witnessed substantial institutional investments, Indospace being the first institutionally funded development. Other players like Hiranandani, ESR, Ascendas First space, ASV etc. are present. The following are primary reason towards these investment in Oragadam.

- Availability of Large Land Parcel
- Lower Land values compared to other micro markets
- Connectivity and accessibility with manufacturing and consumption hubs
- Accessibility of land for future expansion

*Table 58 Snapshot of West Oragadam Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 12.2 Mn sft | 10– 11% | 10.3 Mn sft | 11 – 12% | 44% | 4.5 – 5.4 Mn sft |

**Source:** CBRE Research; Updatedd as of Q3 2024

#### 3.3.6.3 Building characteristics

It is a facility with efficiency for warehouse operation. The facility is currently witnessing absorption of approx. 100% with tenants namely Bridgestone and TVS-SCS.

*Table 59: Key Building Specifications of Vaipur*

| Particular | Specifications |
|---|---|
| Building Structure | Pre-Engineered Building (PEB) structured warehousing park |
| Flooring | Floor strength of 5 metric ton per sqm. |
| Height | 8 m to 10 m |
| Lighting | 200 -300 lux |
| Fire Safety | Provided sprinkler system & fire hydrant system in the facility (250KL x 2) |
| Office | NA |
| Amenities and Facilities | Truck yard and a parking lot, and basic amenities such as underground water tank, rainwater harvesting, common amenity space, facility management office, first aid room, etc. |

**Source:** TVSILP

#### 3.3.6.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

Greenbase Hiranandani Park, Ascendas First Space, ESR, and ASV are the leading facilities in the vicinity that will compete with the subject property. These accommodations are consistent with the building specifications for quality grade A development. The market rents for quality grade A developments are typically between INR 26 and 28 per sf per month.

Excellent connectivity, proximity to critical industrial centres, land availability, and the presence of a warehousing ecosystem are the primary demand drivers for this vector. There is a projected supply of approximately 5.0 to 6.0 mn sft in Oragadam over the next 3-5 years. Based on the historical absorption observed in the Oragadam market, it is reasonable to anticipate a demand of approximately 5 to 7 mn sft.

*Figure 60: Site Layout of Oragadam Asset*

#### 3.3.7.1 Subject Property Snapshot

Sunguvarchatram, situated in Kanchipuram district, is a prominent industrial centre along the Chennai-Bangalore Industrial Corridor (CBIC). The region hosts several large-scale manufacturing companies, including Samsung Flex India, Foxcon, L&T, and Dell. Sunguvarchatram enjoys excellent connectivity to other industrial hubs, such as Oragadam and Sriperumbudur, via National Highway 48.

The TVS logistics park is situated in Singadivakkam village, which is part of the Sunguvarchatram market. It comprises two warehouse facilities designed to accommodate the warehousing requirements of the manufacturing and electronics sectors. The park offers convenient access to both seaports and airports through National Highway 48 and State Highway 48. One of the warehouses is currently occupied by a major component manufacturer for a leading home appliance company.

*Table 61: Snapshot Singadivakkam Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 0.3 Mn sft | 0% | 0.3 Mn sft | 0% | 1% | - |

**Source:** CBRE Research; Updatedd as of Q3 2024

#### 3.3.7.2 Building characteristics

[43] As per the rent roll shared by TVSILP

It is a facility with efficiency for warehouse operation. The facility is currently witnessing absorption of approx. 100% with tenants namely Prospira and TVS-SCS.

#### 3.3.7.3 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

ESR, ASV, Ascendas First space and Greenbase Hiranandani Park are the key players in the vicinity who will be the competing facilities to the subject property. These facilities are in line with the building specifications as per quality grade A development. The rentals commanded by quality grade A developments in the market are in the range of INR 26 – 28 per sft per month.

#### 3.3.7.4 Demand Forecast for the subject micro – market/vector

The demand driver for this vector is primarily the excellent connectivity, proximity to key industrial hubs, availability of land and presence of warehousing ecosystem. Envisaged supply of approx. 5.0 – 6.0 Mn sft is planned in next 3-5 years in Oragadam. Considering, historical absorption witnessed in Oragadam market, approximately 5 - 7 mn sft of demand can be expected in next 3-4 years.

*Figure 61 Site Layout of Singdivakkam Asset*

#### 3.3.8.1 Subject Property Snapshot

Red Hills has historically served as a warehousing hub for Chennai's goods distribution. The emergence of e-commerce and online platforms has further elevated its importance. This location has consistently been preferred for fulfilling the warehousing requirements of FMCG, e-commerce, and third-party logistics companies.

The park is strategically located in Thamaraipakkam Village, offering convenient access to airports within a forty-five-kilometer radius and seaports within forty kilometers. The park enjoys excellent connectivity through SH 114, linking to NH16, NH716A, and SH50A, ensuring smooth goods transportation. These transportation advantages contribute to the location's popularity among prominent FMCG, e-commerce, and third-party logistics companies.

*Table 63 Snapshot NH 16 Stretch 1 Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Chennai | Upcoming Supply |
|---|---|---|---|---|---|
| 12.7 Mn sft | 6 - 7% | 1.5 Mn sft | 8- 9% | 6 - 7% | - |

[44] As per the rent roll shared by the TVSILP

**Source:** CBRE Research; Updatedd as of Q3 2024

### 3.3.8.2 Building characteristics

As highlighted in the above, subject property located in Tamaraipakkam Village comprises of 9 Blocks and are completed and operational. The total land area of the subject development is 33.17 acres. The key building Specifications for the asset are enlisted in the below table.

*Table 64: Key Building Specifications of Poochi Athipet*

| Particular | Specifications |
|---|---|
| Building Structure | Pre-Engineered Building (PEB) structured warehousing park |
| Flooring | Floor strength of 5 metric ton per sqm. |
| Height | 12 m to 15m |
| Lighting | 200 -300 lux |
| Fire Safety | Provided sprinkler system & fire hydrant system in the facility (250KL x 2) |
| Office | NA |
| Amenities and Facilities | Truck yard and a parking lot, and basic amenities such as underground water tank, rainwater harvesting, common amenity space, facility management office, first aid room, etc. |

**Source:** TVSILP

It is a facility with efficiency for warehouse operation. The facility is currently witnessing absorption of approx. 100% with tenants namely Amazon, Cars 24, Flomic And Agnikul.

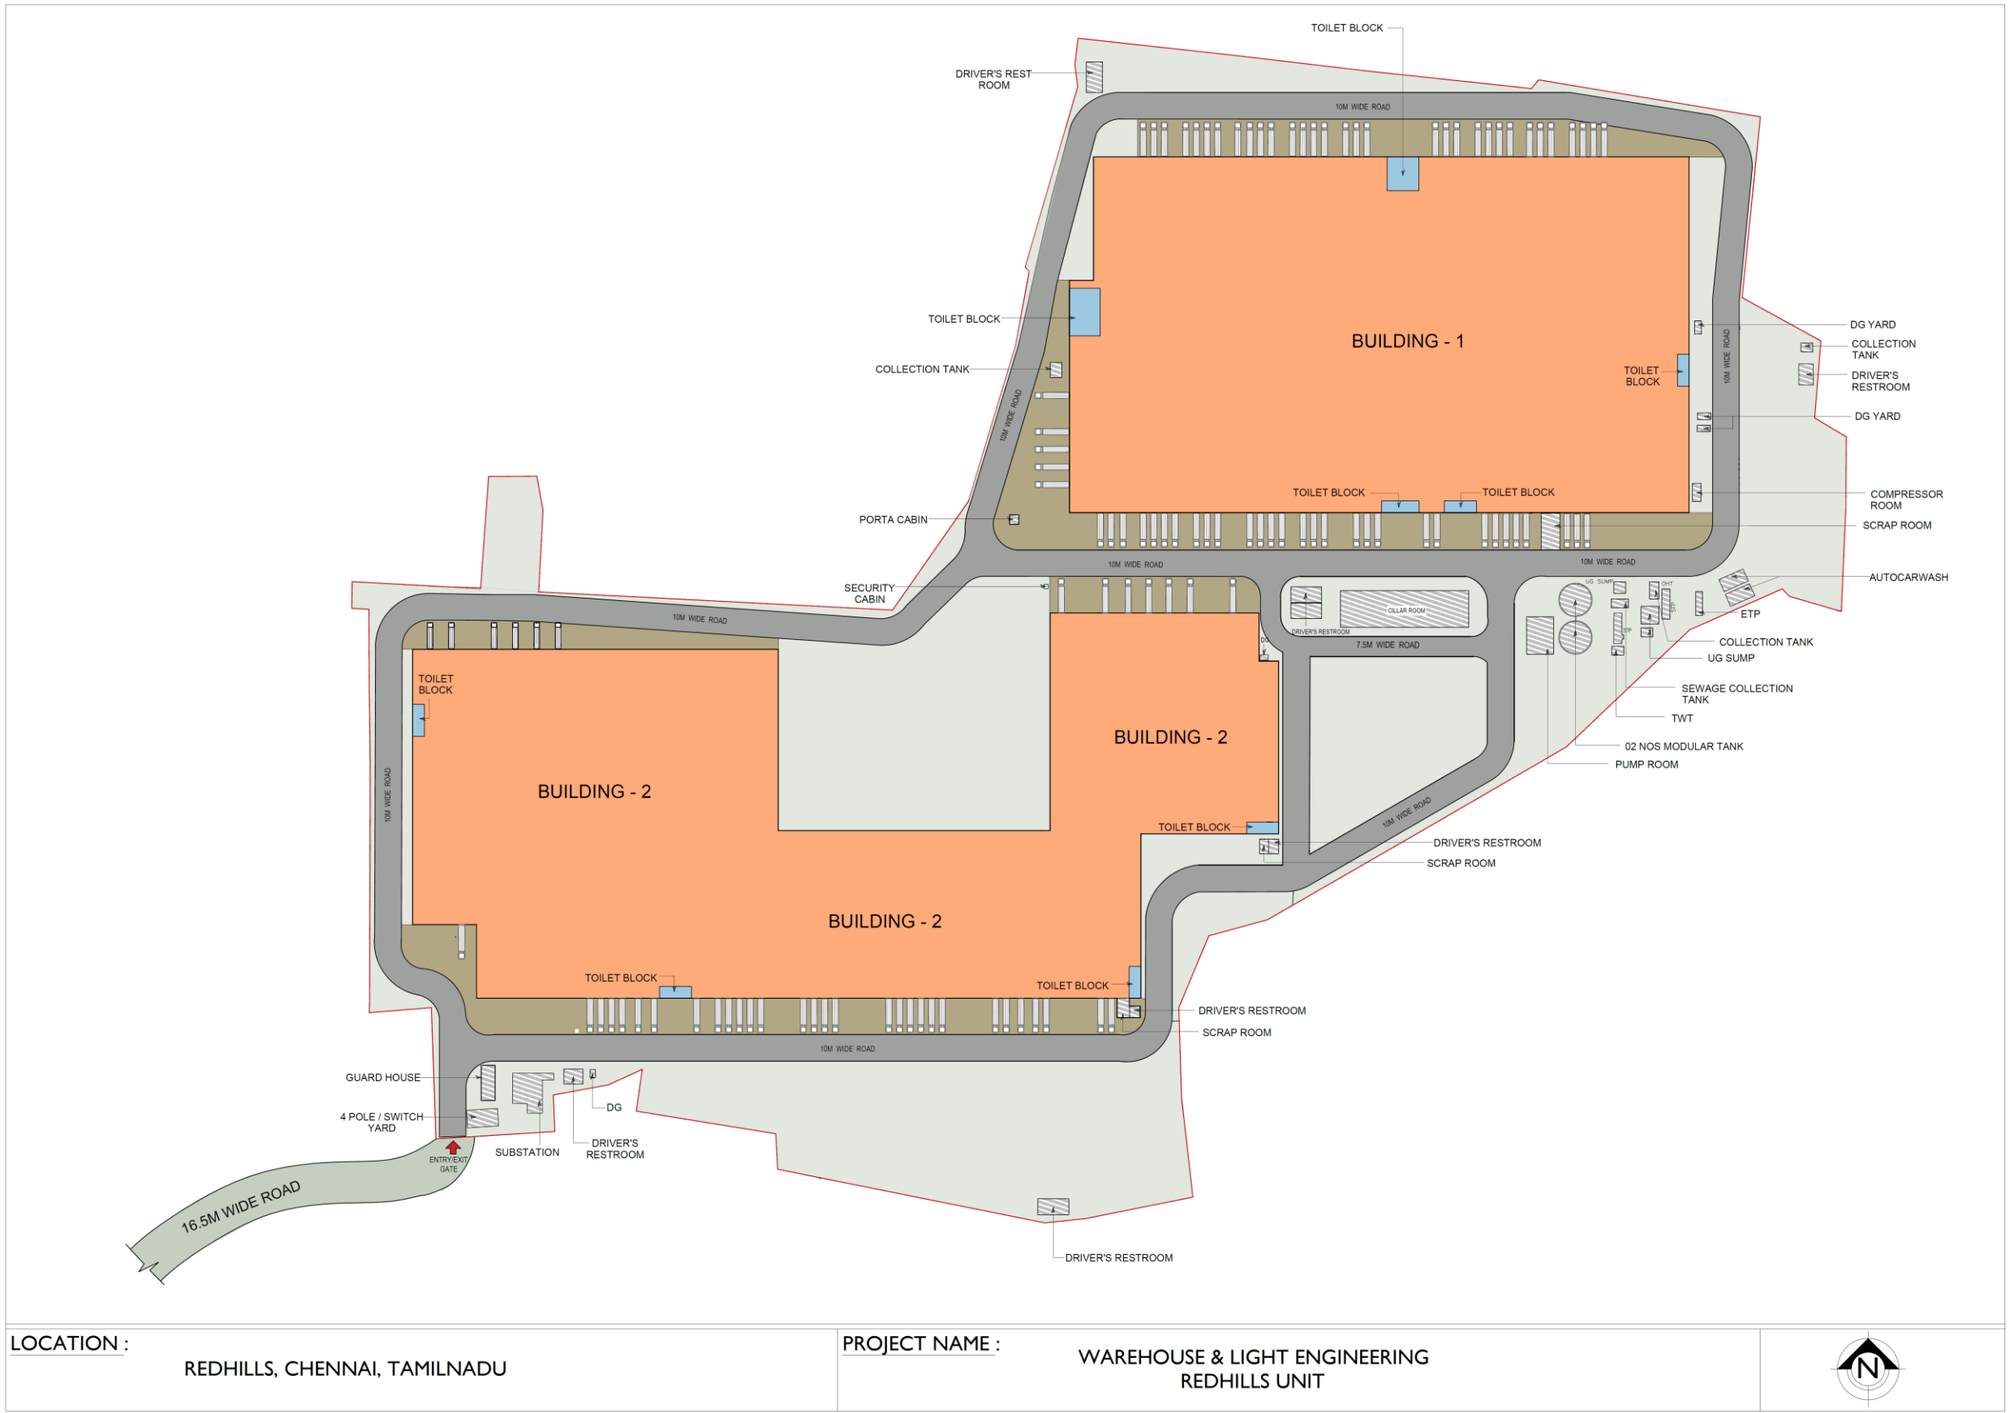
### 3.3.8.3 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

NDR and SN Damani are the major players in the vicinity who will be the competing facilities to the subject property. These facilities are in line with the building specifications as per quality standard warehouse development. The rentals commanded by quality grade A developments in the market are in the range of INR 20 – 23 per sft per month.

### 3.3.8.4 Demand Forecast for the subject micro – market/vector

The demand forecast for the subject micro-market/vector is primarily driven by its excellent connectivity, proximity to key industrial hubs, availability of land, and the presence of a warehousing ecosystem. However, considering the historical absorption and demand observed in the vector, there is limited or no planned supply , we opine that the growth of this vector will be subdued compared to the Western and Southern vectors.

*Figure 62 Site Layout Of Poochi Athipet*



**Source:** TVSILP

### 3.3.9 Micro Analysis - (Subject Property Location ~ Pillaipakkam)

*Table 65 : Subject Property ~ Pillaipakkam, Oragadam*

| | | |
|---|---|---|

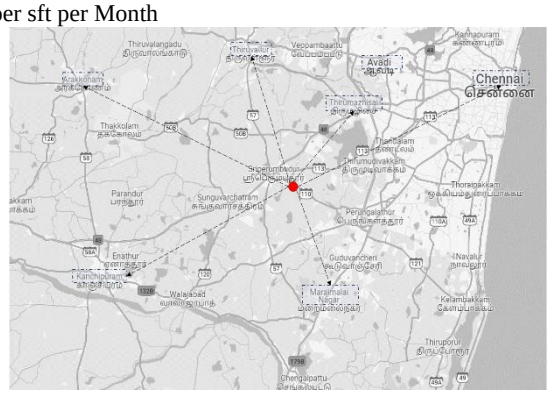
Key Location Map of the Asset



Macro Map of the Asset

**Source:** CBRE Research; Map not to Scale, for representation purpose only

#### 3.3.9.1 Subject Property Snapshot

Pillaipakkam is strategically located within the Sriperumbudur Industrial Corridor, a region characterized by strong connectivity and industrial growth. Situated along National Highway 48, the area offers efficient transportation links to major cities and ports. Its proximity to the Chennai-Bangalore Industrial Corridor enhances its appeal as a warehousing hub, providing access to a thriving industrial region with substantial investment opportunities. Several prominent companies, including Hyundai, BMW, Yamaha Motors, Saint Gobain Jabil, and Mitsubishi, operate manufacturing facilities in Sriperumbudur. The presence of nearby industrial estates and parks further drives the demand for warehousing solutions as businesses seek to optimize their supply chain operations. Sriperumbudur has established itself as a Special Economic Zone (SEZ) with significant investments from automotive and electronics companies. The construction of a new greenfield airport in close proximity to Sriperumbudur will further enhance the region's connectivity.

The warehouse is strategically located on leasehold land in SIPCOT Pillaipakkam, approximately 44 kilometers from Chennai's city center and 27 kilometers from the airport. The facility spans a total area of 17 acres, with a built up potential of 467,280 sft out of which 360,280 sft is currently under construction and pre-leased to First Solar.

#### 3.3.9.2 Overall Warehousing Dynamics – Supply, Vacancy and Rentals

Oragadam is one of the established warehousing vectors in Chennai. Historically, the warehousing market in Oragadam was dominated by unorganized/local developers offering Grade B&C space. However, over the time location has witnessed substantial institutional investments, Indospace being the first institutionally funded development. Other players like Hiranandani, ESR, Ascendas First space, ASV etc. are present. The SP is part of SIPCOT Pillaipakkam. The following are primary reason towards these investment in Oragadam:

- Availability of Large Land Parcel
- Lower Land values compared to other micro markets

[45] As per the rent roll shared by the TVSILP

- Connectivity and accessibility with manufacturing and consumption hubs
- Accessibility of land for future expansion

*Table 66: Snapshot Sriperumbudur Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply | Upcoming Supply |
|---|---|---|---|---|---|
| 0.85 Mn sft | 16 - 17% | 0.82 Mn sft | 18% | 4% | - |

**Source:** CBRE Research

### 3.3.9.3 Building characteristics

As highlighted in the above the subject property located in Pillaipakkam comprises of 1 Block and is currently under construction. The key building Specifications for the asset are enlisted in the below table.

*Table 67: Key Building Specifications of Pillaipakkam*

| Particular | Specifications |
|---|---|
| Building Structure | Pre-Engineered Building (PEB) structured warehousing park |
| Flooring | Floor strength of 5 metric ton per sqm. |
| Height | 12 m to 15m |
| Lighting | 200 -300 lux |
| Fire Safety | Provided sprinkler system & fire hydrant system in the facility (250KL x 2) |
| Office | NA |
| Amenities and Facilities | Truck yard and a parking lot, and basic amenities such as underground water tank, rainwater harvesting, common amenity space, facility management office, first aid room, etc. |

**Source:** TVSILP

It is a facility with efficiency for warehouse operation. The facility is completed and handed over to First Solar for their operations.

### 3.3.9.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

Indospace, Olympia and Polyhose are the major players in the vicinity who will be the competing facilities to the subject property. These facilities are in line with the building specifications as per quality standard warehouse development. The rentals commanded by quality grade A developments in the market are in the range of INR 26 – 28 per sft per month.

### 3.3.9.5 Demand Forecast for the subject micro – market/vector

The demand driver for this vector is primarily the excellent connectivity, proximity to key industrial hubs, availability of land and presence of warehousing ecosystem. Envisaged supply of approx. 5.0 – 6.0 Mn sft is planned in next 3-5 years in Oragadam. Considering, historical absorption witnessed in Oragadam market, approximately 5 - 7 mn sft of demand can be expected in next 3-4 years.

*Figure 63 Site Layout of Pillaipakkam*

## 3.4 Coimbatore

### 3.4.1 City Overview

*Table 68: Demographic Snapshot of The District*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY (per Sq.m.)[46] | GROSS DISTRICT DOMESTIC PRODUCT | NET DISTRICT DOMESTIC PRODUCT | PER CAPITA INCOME (USD) [47] |
|---|---|---|---|---|---|
| Coimbatore | 3.45 Mn | 942 | INR 16.3 lakh crores | INR 1,04,38,290 lakhs | 936.11 |

**Source:** District handbook 2011, District human development report 2017 (based on 2011 census), CBRE Research

Coimbatore is the second largest city in Tamil Nadu. The city is a major hub for textiles, industries, commerce, education, information technology, healthcare and manufacturing in Tamil Nadu. Coimbatore is the Industrial Hub of the State with over 2,10,222 MSME[48] establishments. The district is the third biggest in State in terms of area and a key economic hub. Coimbatore along with the surrounding districts of Erode & Tirupur has evolved into a mega industrial hub in the Southern part of India. Coimbatore also has a strategic advantage of being on the major Connecting node of Tamil Nadu and Kerala. The city is also a major educational hub with numerous prominent higher educational institutes and a booming IT hub.

Coimbatore is one of the most industrialized districts of the state and contributes to 7% of the states GDP. The establishment of an industrial base and conducive environment for entrepreneurship enabled the District to further diversify into other manufacturing Industries including Foundry and Pump Manufacturing, among others. The geographical location also enabled widespread growth in trade and tourism industries. Strong industrial base and favourable geographical positioning contributed to the economic development of the District. The District is ranked sixth in terms of Per Capita Income and has Household Purchasing Power capacity of more than 5 Lakhs.

As an industrially advanced district, Coimbatore is characterized by the presence of substantial number of micro, small and medium enterprises in various fields of textiles, general engineering and manufacturing of auto spares, machine tools, motor and pumps, home appliances, software, farm equipment etc.

More than approx. 2,10,222 micro, small and medium manufacturing and industry related service enterprises has presence in the district. Coimbatore houses a large number of textile mills and textile research institutes. The district also accounts for 80% of the textile machinery manufactured in the country. A large produce of the manufacture is exported to different countries and those include knitwear, woven apparel and home furnishings. The neighbouring town of Tiruppur is home to some of Asia's largest garment manufacturing companies.

Coimbatore has emerged as the most trusted destination for automobile industries as well. Some of the major auto component makers in Coimbatore include Robert Bosch GmbH, PRICOL, Craftsman Automation and Roots Industries. Other predominant industrial activities in the region include the manufacturing of wet grinders, furniture, lathes, machines for drilling, welding etc. Coimbatore has one of the largest foundry clusters in India, houses approx. 700 foundry units across the district.

The industrially advanced character presiding in the city has paved way for it to emerge as an excellent warehousing location after Chennai. The major industry driving demand for warehousing in Coimbatore include 3PL, E-Commerce, Industrial, FMCG and FMCD.

### 3.4.2 Existing Infrastructure Initiatives

The existing road network in Coimbatore is predominantly connecting the city to major cities and Towns. It comprises of National Highways, State Highways, Major District and Other District roads. The Coimbatore city and metropolitan area is divided into five administrative zones (East, West, North, South and Central) which are served by major arterial roads that run in an east–west or north–south direction. Avinashi Road is one of the city's most important arterial roads, traversing most of Central and East Coimbatore.

[46] Human Development Index report - 2017

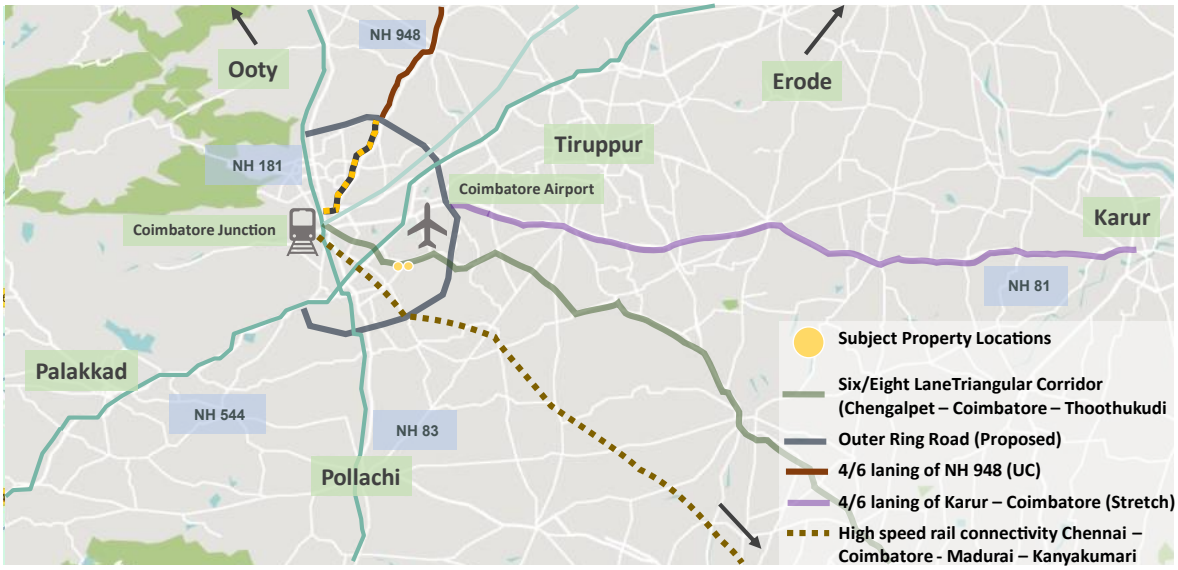
[47] District statistics report – above data are at constant prices

48 Ministry Of Micro, Small & Medium Enterprises – 2016-17

| INFRASTRUCTURE INITIATIVE | PARTICULARS |
|---|---|
| Ring road | A major bypass was built by L&T from Neelambur to Madukkarai on NH 47 which intersects the Trichy Road at Chintamani Pudur near Irugur and Eachanari in Pollachi Road. |
| Coimbatore Railway station | The major stations of the regions are Coimbatore Junction, Erode and Tiruppur. Coimbatore is a part of the Southern Railways and serves as an important node for the Connectivity between Kerala and Tamil Nadu. In terms of rail connectivity, Coimbatore Junction, also known as Coimbatore Main Junction, is the primary railway station - serving Coimbatore city. |
| Airport | Coimbatore International Airport the primary airport serving the city of Coimbatore in Tamil Nadu, India. It is located in the neighbourhood of Peelamedu. This airport is second largest airport in the state for Terminal Area, runway length, aircraft movement, passenger traffic and cargo after Chennai International Airport in Tamil Nadu. |

**Source:** CBRE Research, Coimbatore district profile

*Figure 64: Map of Key Upcoming Infrastructure Initiatives*



**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.4.3 Upcoming Infrastructure Initiatives

The following initiatives are expected to enhance accessibility and propel development activity in the region:

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| Kochi – Coimbatore – Bengaluru Industrial corridor | The corridor covers the states of Tamil Nadu, Andhra Pradesh, Karnataka and Kerala. Dharmapuri-Salem has been identified as the priority node and will be developed as an Integrated Manufacturing Cluster (IMC). The industrial corridors falling under the KBIC is expected to benefit in the economic development of the region and state | 2025 – 2026 |
| Western ring road | The proposed Coimbatore Outer Ring Road is expected to be completed in 3-4 years. The ring road will be developed in three phases. | 2025 – 2026 |
| 4/6 lanes from Karur to Coimbatore | The stretch passes through Karur, Tirupur and Coimbatore districts and important towns such as Vellakovil, Kangeyam, Palladam and Sulur. This project is expected to improve connectivity between the warehousing clusters and the production and distribution zones of Coimbatore region | 2027 – 2028 |

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| Proposed six/eight lane triangular corridor | The project will enhance the activities in the proposed Coimbatore – Salem industrial corridor that includes manufacturing and business investment hubs, agri business hubs, special tourism zones and knowledge hubs. This is expected to amplify the industrial growth and also help in efficient transport of materials along the corridor. | 2027 – 2028 |
| Metro rail | Coimbatore Metro Rail will cover 139 km and this project will be executed in three phases by CMRL. The first phase will be for 44 km on the Avinashi road until Karumathampatti and Sathyamangalam road until Valiampalayam Pirivu from Ukkadam | Under planning stages |
| Airport Expansion | The Airports Authority of India (AAI) has proposed to construct a new domestic departure terminal building with swankier interiors on the eastern side of the airport. The terminal would be constructed in an area of 10,000 square feet with a cost of around INR 125 crore. | 2024 - 2025 |

**Source:** CBRE Research,

### 3.4.4 Overview of the Warehousing Clusters in Coimbatore:

*Table 69: Coimbatore –Vector Wise Warehouse Concentration*

| Cluster Classification | Northern Stretch | Eastern Stretch | Southern STRETCH |
|---|---|---|---|
| Locations | **Sathy road and National Highway 181** | **Avinashi Road** | **Kochi Frontier Road, Palakkad Road and Salem Highway** |
| Share of Supply in Coimbatore Region | 5% | 9% | 86% |

**Source:** CBRE Research; Updated as of Q3 2024

Warehousing activity in Coimbatore is primarily spread across the three major clusters i.e. Northern Cluster (Sathy Road, National Highway 181 and National Highway 198); Eastern part (Avinashi Road Southern Cluster (Kochi Frontier road, Palakkad road and Salem Highway) and Southern Cluster (Palladam-Cochin Frontier Road).

#### 3.4.4.1 Coimbatore - Completed Supply and Absorption Dynamics

Coimbatore has approx. 5.09 mn sft of operational warehouse supply out of which approx. 4.44 mn sft is occupied. The Southern vector constitutes about 86% of the Completed supply. Industrial and Warehousing market of Coimbatore is primarily driven by the demand arising from Third party logistics, E-Commerce, Industrial Manufacturers, FMCG etc. The city predominantly houses Grade B developments of ~ 39% and about ~ 38% of Grade A and 23 % Grade C developments respectively.

**Northern Cluster:**

Northern Cluster Warehouses in this stretch are majorly concentrated on the Periya Pudur Region. The warehousing demand is steadily rising along this vector with co-relation to the established industries being converted to warehousing establishments.

**Eastern Cluster:**

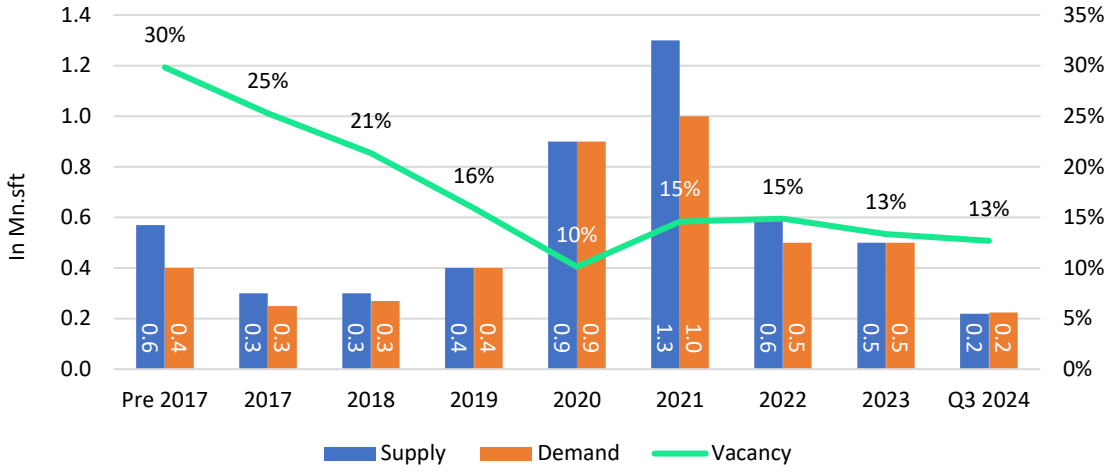
Second most prominent Warehousing cluster in Coimbatore. Most of the Grade C warehouses are concentrated along this Vector.

**Southern Cluster:**

This cluster is the major warehousing cluster of Coimbatore and hosts all Grade A developments in the city. All Major Warehousing players are located along this vector (TVSILP, Indospace, NDR, VSMC)

The figure below highlights the y-o-y absorption & supply levels at the city level:

*Figure 65: Y-O-Y Supply & Absorption Levels in Coimbatore*



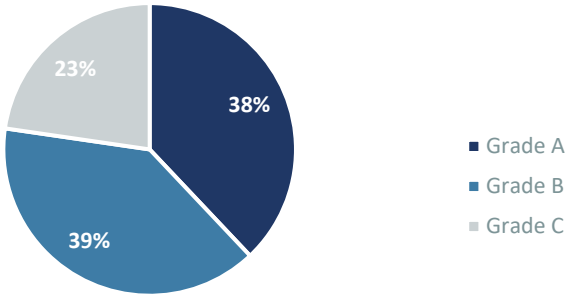
**Source:** CBRE Research; Updated as of Q3 2024

The Southern Cluster is home to the majority of warehouses, accounting for approximately 86% of the completed supply in Coimbatore. These micromarkets predominantly serve the needs of third-party logistics, FMCG, e-commerce, and manufacturing companies.

A global pandemic scenario that resulted in construction delays and a postponement of the utilisation of pre-committed warehouse space on the market in 2020 caused a slight decrease in supply and demand, which demand in 2021 made up for. Due to spillover demand from 2020, which had an impact on the automotive and 3PL tenant industries as well as COVID-19, 2021 saw the greatest influx of supply and absorption.

The average annual absorption across all grades of warehouses has been between 0.4 and 0.5 million square feet, indicating a consistent demand over the past three years (2021–2023). The strategic location of Coimbatore as a significant industrial hub in South India with easy access to important transportation routes is what drives this consistent demand.

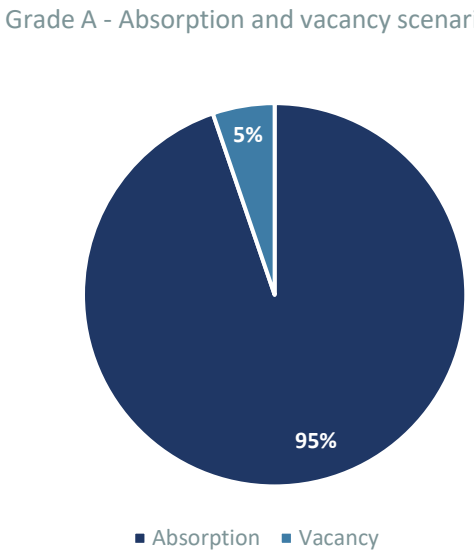
*Figure 66: Bifurcation of Completed Supply Based on Development Grade*



**Source:** CBRE Research; Updated as of Q3 2024

A healthy level of absorption (95 percent) has been observed in Grade-A developments, indicating that occupants prefer higher-quality warehousing developments. The observation of consistent absorption levels in prominent Grade A developments constructed by institutional developers including Indospace, TVSILP, and NDR serves as evidence of the increasing need for structured warehouses.

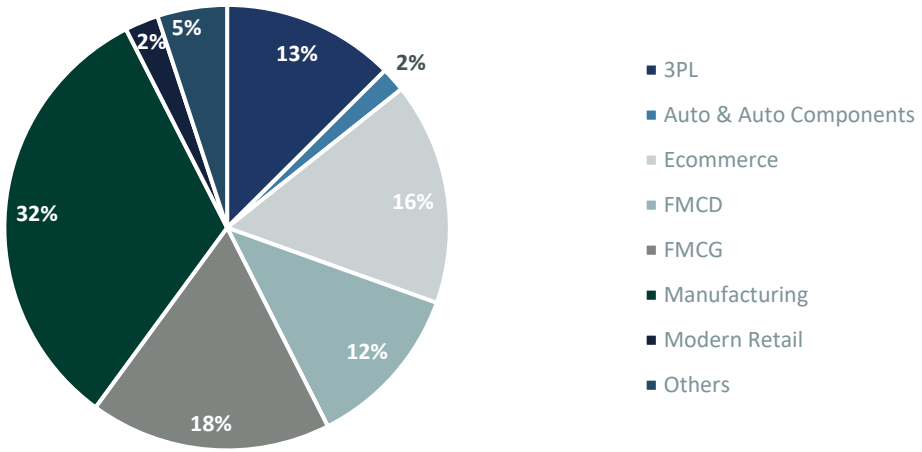
*Figure 67: Grade A Absorption and Vacancy Levels in Coimbatore*



**Source:** CBRE Research; Updated as of Q3 2024

The major Industries driving demand for warehousing in the region include FMCG, FMCD, E Commerce, & 3PL players these categories accounts to 58% of total absorption.

*Figure 68: Segmentation of Absorption by Industry in Coimbatore*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.4.4.2 Coimbatore – Asking Rental Dynamics

For a Grade A property, the average monthly base rental in Coimbatore is between INR 18 - 21/Sft, while for a Grade B development, it is between INR 16.5 to 18/Sft and INR 21–22 per square foot per month is the monthly rent for specific Grade A warehouses with upscale amenities. The next table provides a list of the average asking rents for Grade A micro markets:

*Table 70 : Details of Micro Market Wise Grade A Asking Rentals*

| Vector | Micro Market | 2019 | 2020 | 2021 | 2022 | 2023 | Q3 2024 |
|---|---|---|---|---|---|---|---|
| South | Palladam-Cochin Frontier Road | 18 – 19 | 18 - 19 | 18 - 20 | 19 - 21 | 20 - 22 | 21- 22 |

**Source:** CBRE Research; Unit – INR/sft/Month; Updated as of Q3 2024

Micro Market Wise Grade B Average Asking Rentals are enumerated below in the table:

*Table 71 : Details of Micro Market Wise Grade B Asking Rentals*

| Vector | Micro Market | 2019 | 2020 | 2021 | 2022 | 2023 | Q3 2024 |
|---|---|---|---|---|---|---|---|
| South | Palladam-Cochin Frontier Road | 15 - 16 | 15 - 16 | 16 - 17 | 17 – 18 | 20 – 21 | 20 – 21 |
| East | Avinashi Coimbatore Road | 14 - 15 | 14 - 15 | 14 - 15 | 15 - 16 | 18 - 19 | 18 – 19 |
| North | Sathy Road | 14 - 15 | 14 - 15 | 14 - 15 | 15 - 16 | 16 – 17 | 16 – 17 |

**Source:** CBRE Research; Unit – INR/sft/Month; Updated as of Q3 2024

#### 3.4.4.3 Southern Cluster Overview

Southern Cluster Micro Market comprises of locations along the Palladam-Cochin Frontier Road such as Pappampatti, Chettipalayam, Kallapalayam, Okkilipalayam and Pachapalayam. This cluster is the most prominent warehousing cluster of Coimbatore and hosts all Grade A developments in the city – Indospace and TVSILP. The cluster comprises of approximately 86% of the completed supply in the Coimbatore City. Out of the completed supply in Southern cluster approximately 44% of the supply is Grade A. Majority of the Warehousing demand is driven by FMCG, FMCD and 3PL tenants. Further, details of micro markets are elaborated in the following paragraphs.

**Southern vector**

*Table 72 Snapshot Southern Vector*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Coimbatore | Upcoming Supply |
|---|---|---|---|---|---|
| 4.39 Mn sft | 7- 8% | 1.93 Mn sft | 4- 5% | 100% | 0.4 – 0.5 Mn sft |

**Source:** CBRE Research ; Updated as of Q3 2024

The Palladam-Kochi Frontier Road holds major warehousing developments for clusters such as Indospace, TVSILP, NDR, VSMC, etc. Currently, there is only a vacancy in grade C warehouses, and grade A and B warehouses are completely occupied. The presence of developable land banks, as well as its proximity to manufacturing clusters and the Kochi industrial market, are the major demand drivers for this cluster. The strategic location of the Palladam-Kochi Frontier Road also makes it an attractive option for companies looking to establish distribution centres in South India, specifically in Kerala. The availability of skilled labour in the surrounding areas further enhances the appeal of this location for companies looking to set up operations. Additionally, the well-connected road network and access to major ports make it an ideal choice for businesses seeking efficient logistics solutions.

#### 3.4.4.4 Eastern Cluster Overview

Eastern Cluster Micro Market comprises of locations along the Avinashi-Coimbatore Road, Somanur Road, Trichy Highroad and Mettupalayam-Avinashi Road. Second most activity driven cluster of the Coimbatore City, the cluster is majorly characterised with the presence of Grade C type warehousing constituting to about 64% of the completed supply in this stretch.

*Table 73 Snapshot Eastern Cluster*

| Completed Supply | Vacancy | Grade B Supply | Grade B Vacancy | Share of Grade B Supply | Upcoming Supply |
|---|---|---|---|---|---|
| 0.45 Mn sft | 42 - 43% | 0.16 Mn sft | 68 - 70% | 36% | 10,000 sft |

**Source:** CBRE Research ; Updated as of Q3 2024

The stretch is characterized by predominantly decentralized warehousing developments. Notable establishments in the vicinity include NKT Warehouse, Krishnaswamy Warehouse, and Raaj Warehouse. The Tenant sector majorly taking up space in the stretch is of Manufacturing. The warehouses primarily consist of single-box facilities with limited amenities for occupants. The presence of significant industrial clusters, including private enterprises like Lakshmi Mills and KPR Mills coupled along with strong connectivity to Avinashi and surrounding towns, serves as primary catalysts for demand in this area. Furthermore, the proliferation of other real estate asset segments, such as commercial and hospitality developments along Avinashi Road, has led to escalated land prices, posing a significant challenge for prospective warehouse developers along the same stretch.

#### 3.4.4.5 Northern Cluster Overview

State Highway 168, Sathyamangalam Road, Mettupalayam Road, and Annur Road compose the majority of the locations comprising the Northern Cluster Micro Market. In contrast to other sectors of the city, warehousing activity is comparatively minimal. This is primarily due to the existence of IT SEZ and other associated tasks. The Kurumbapalayam, Vellakinaru, and Karamadai Regions comprise the majority of

warehouses along this area. By repurposing dilapidated old factories into warehouses, the trend towards warehousing is greatly maintained. In the years ahead, the trend is anticipated to persist.

*Table 74 Snapshot North Cluster*

| Completed Supply | Vacancy | Grade B Supply | Grade C Supply | Share of Grade B Supply in Coimbatore | Upcoming Supply |
|---|---|---|---|---|---|
| 0.24 Mn. Sft | 50 % | 0.05 Mn. sft | 0.20 Mn sft | 2% | - |

**Source:** CBRE Research; Updated as of Q3 2024

The stretch consists primarily of Grade C unorganised warehousing developments. Auto component manufacturers are the primary drivers of space utilisation. The Jaganath textiles warehouse, the Vargheese warehouse, and the Priya warehouse are significant developments along the stretch.

### 3.4.5 Coimbatore – Overall Market Outlook

Due to ongoing demand from the 3PL, e-commerce, and retail sectors, coupled with the completion of investment-grade buildings, the warehousing industry has experienced significant growth over the past 4-5 years. The heavy reliance on e-commerce platforms and the rise in online shopping have driven a steady increase in demand for warehouses in Coimbatore. Enhanced connectivity to Kerala and other Tier II and III towns, along with well-developed physical infrastructure, has positioned Coimbatore as a key player in the warehousing sector for major operators from Kerala.

The Palladam-Cochin Frontier Road, the city's primary warehousing corridor, currently accommodates approximately 86% of the completed supply and is poised for further growth with additional Grade A and B developments. Major players such as Indospace, TVSILP, NDR, and VSMC have expansion plans, supported by the availability of extensive land banks along this stretch, which adds potential for further warehousing supply.

There has been a noticeable shift in space off-takers' preferences toward Grade A warehouses, driven by the influx of investment-grade facilities offering contemporary amenities. The demand from 3PL, FMCG, and e-commerce sectors primarily fuels large-scale space offtakes from Grade A or B developments. In the Coimbatore region, the current prevailing rental rates for Grade A warehouses are approximately INR 21 - 22 per sq. ft/ month, with some developments commanding higher rates due to superior quality, proximity to consumption hubs, and accessibility to ready supply in desired micro-markets.

Rental pressures may rise because of large impending supply (mostly Grade A) in the market at various stages of construction. As per information available in public domain, approx. 0.5 Mn sft of development potential is under various stages of planning/construction. This supply is expected to be added in the next three to four years.

### 3.4.6 Micro Analysis - (Subject Property Location ~ ILP & MILP)

*Table 75 : Subject Properties ~ TVS ILP & MILP – Coimbatore*

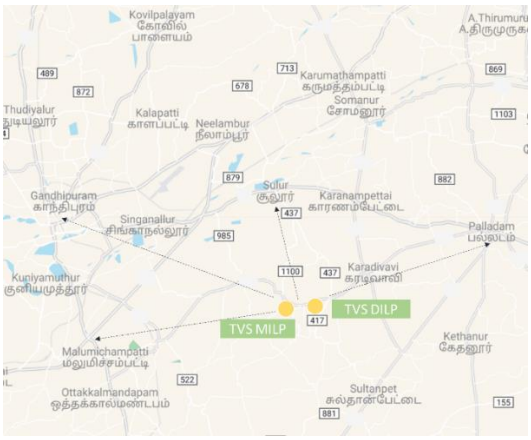
Key Location Map of Assets

Macro Map of the Asset



**Source:** CBRE Research, Map not to Scale, for representation purpose only; TVSILP Rent roll; Updated as of Q3 2024

### 3.4.6.1 Subject Property Snapshot

Coimbatore, the second largest consumption hub in Tamil Nadu, is a significant part of the Coimbatore-Tirupur-Erode Industrial Corridor, housing numerous small and medium-sized enterprises. It is a preferred location for the automotive and auto component industries and has been identified as a key node in the Tamil Nadu Defence Industrial Corridor. The city's proximity to Kerala makes it a suitable location for distribution centers. With excellent connectivity through NH-544, linking it to ports and southern Tamil Nadu via NH 83, Coimbatore has emerged as a major hub for manufacturing, education, and healthcare, ranking among India's fastest-growing Tier-II cities. The region boasts over two lakh ten thousand two hundred and twenty-two small, medium, and large industries, with engineering and textiles as primary sectors.

The warehouse is located in Sellakkarachal Village, Sulur Taluka, a prominent industrial and manufacturing center with convenient access to the airport. Its strategic position attracts businesses from manufacturing, third-party logistics, and fast-moving consumer goods sectors. These two parks are situated in close proximity to one another.

### 3.4.6.2 Overall Warehousing Dynamics – Supply, Vacancy & Rentals

The cluster accounts for approximately 86% of the city's completed supply. For large-scale warehousing developers, the southern cluster has emerged as the most preferred warehousing destination. The southern cluster's strategic location enables efficient distribution throughout the city, as well as the potential to meet industrial demand. Its proximity to major highways and transportation hubs further enhances its appeal to developers and businesses alike.

This vector has an upcoming expected supply of 0.4-0.5 million square feet, with approximately 0.30 million square feet set aside for Grade A development. Aside from TVSILP, major projects in the region include Indospace, NDR, and VSMC, which have locations in Chettipalayam, Okkilipalayam, and Ettimadai. The prevalence of Grade B and C developments was the primary feature that distinguished the region. Grade B developments are primarily found in Chettipalayam, Chavadi, Madukkarai, and the surrounding areas. Grade C developments may be found at Chavadi and Madukkarai.

### 3.4.6.3 Building characteristics

As highlighted in the above Table 16, TVS ILP is developed first in a single phase, and TVS MILP is developed in 2 phases, of which both the phases are completed and operational. The table below lists the key building specifications for the two assets.

It is an efficient warehouse operation and distribution facility. The facility is currently experiencing an absorption rate of approximately 100%, with Nestle and Infinite Retail being the major clients.

*Table 76 Key Building Specifications of TVS ILP - 2*

| Particular | Specifications |
|---|---|
| Flooring | FM2-compliant design to support high cube racking, > 5 T/sq.m |
| Building Height at Eaves & Ridge | 12 m & 17.3 m |
| Roof slope | 1:20 |
| Dock doors | Present |
| Building type | Steel Building |
| Entry / Exit gates | 2 No's: 2.1 m Height x 8 m width |
| Boundary walls | 2.4 m Height: Concrete block wall 2.0 m + wire 0.4 m |
| Fire Safety | Fire hydrant and sprinkler system are designed as per NBC norms |
| Facilities | Storm water management, security room, scrap area, drivers rest room, electrical yard, STP and canteen, 4 w and 2 w parking |

**Source:** TVSILP

It is a facility with efficiency for warehouse operation and distribution. The facility is currently witnessing absorption of almost 100% with ALSTOM and Flipkart being the major tenants.

#### 3.4.6.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

Organised players have recently built competitive Grade A facilities in the micro market. These facilities meet the building requirements for regular grade A developments seen in Tier 1 cities. Rentals for grade A developments in the market are between INR 18 and 21 per square foot per month. Rental costs vary based on proximity to the metropolitan landscape and space quality. The demand for Grade A facilities in the micro-market has constantly increased as more enterprises seek modern and efficient options. The reasonable rental pricing, combined with the high-quality facilities, make these buildings an appealing alternative for businesses looking to lease warehouse space in the area.

#### 3.4.6.5 Demand Forecast for the subject micro – market/vector.

Based on past trends in Coimbatore's warehousing market, we anticipate a demand of 2.0-2.5 million square feet in the next 4-5 years. The Southern Cluster, which currently dominates the market with 86% of completed and upcoming supply, is expected to absorb approximately 0.3-0.4 million square feet of this demand annually. This future demand is projected to be predominantly for high-quality, Grade A warehouses.

The primary determinants of demand for warehousing in the region are land accessibility, strategic location (including regional warehouses), proximity to the Palladam-Cochin Frontier Road, and the presence of a warehousing ecosystem.

Particularly in strategic locations such as the Southern Cluster, the emergence of e-commerce, 3PL, and FMCG has substantially increased the demand for warehouse space. The increasing need for last-mile delivery solutions and other supplementary factors are contributing to the growth of warehousing demand in the region.

The aforementioned factors are anticipated to continue to influence the demand and supply of warehousing in the region moving forward.

## 3.5 Cuttack

### 3.5.1 City Overview

*Table 77: Demographic Snapshot of The City*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | GSDP (USD) | GSDP GROWTH | PER CAPITA INCOME (USD) |
|---|---|---|---|---|---|
| Odhisa /Bhubaneswar | 0.61 Mn [50] | 5,081 $Km^2$ | 0.9 Mn [51] | 8.5% | 1,885 [52] |

**Source:** Census 2011; Odhisa Economic Survey (2023-24) Govt. of Odhisa

Cuttack was once the state capital of Odhisa and is the state's second-largest city. Cuttack, commonly known as the twin city of Odhisa, is situated at around 26 kilometres from Bhubaneswar, the capital city of Odisha. Odisha's oldest industrial centre, Cuttack, is home to numerous minor, medium, and large-scale businesses. Choudwar, situated near Cuttack City, is renowned for its ferroalloy sector. Additionally, Cuttack is poised to become an information technology (IT) industry hub in East India. The Odisha Industrial Infrastructure Development Corporation (IDCO) established numerous industrial estates in the Cuttack district and the surrounding city area with the intention of promoting industrial and logistic operations.

The area falling within the Cuttack Municipal Corporation is characterised by the presence of established residential and commercial activity. The Mahanandi Bridge connects the city to the northern side of the Cuttack district. The northern side has several industrial patches, such as Jagatpur, Tangi, and Choudwar, which accommodate large companies like Supreme Industries. Orient Papers, Page Industries, Welspun Textiles, etc.

*Table 78: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 16 – Connecting Kolkata & Chennai, passes through key warehousing and industrial corridor of Kolkata, Bhubaneswar, Cuttack and Chennai<br><br>National Highway 316 – Connecting Bhubaneswar and Puri - Satpada, further, National Highway 316A – Intersects NH16 near Pahal, Bhubaneswar, this highway connects Bhubaneswar to Konark, Raghunathpur, Nimapada, etc. |
| Railway Network | Existing | Cuttack station is operating since 1896 and falls under Khurdha road division of East Coast Railway. Khargpur-Puri line, Cuttack-Paradip line and Cuttack-Sambalpur line run through Cuttack railway station. City exports minerals, steel, handcrafts etc. via rail to other states. |
| Biju Patnaik Airport (Bhubaneswar) | Existing | It is an international airport located in proximity to Bhubaneswar city and only 20-25 km. away from Cuttack city.<br><br>This Airport was dedicated to people of Odisha on 17th April 1962, becoming first ever commercial airport in Odisha state. As the demand grew, another terminal was built in 2013 with a capacity of 4 Mn passengers per annum. |
| Bus Connectivity | Existing | Newly constructed (Sep 2023) Cuttack Netaji Bus Terminal (CNBT) at Khannagar providing Bus parking on a land of approx. 17.2 acres accommodating 191 bus parks |
| Dhamra Airport | Upcoming | Dhamra Airport is to be built by Dhamra Port Company Limited (a subsidiary of Adani Group company), located approximately 20 km from Dharma port. It is planned to allocate 274 acres of land for the airstrip. |

### 3.5.2 Overview of the Warehousing Market in Cuttack

| Cluster classification | Eastern cluster | Western cluster |
|---|---|---|
| Micro-markets | Jagatpur, Tangi | Choudwar |
| Share of Supply in Cuttack Region | 74% | 26% |

**Source:** CBRE Research; Updated as of Q3 2024

Warehousing activity in Cuttack is spread across three major micro markets, viz. Jagatpur, Tangi and Choudwar. Jagatpur and Tangi are the most prominent warehousing micro-markets while, Choudwar is an upcoming micro market primarily with few Grade A warehouse blocks owned by ESR. Jagatpur and Tangi micro markets contribute to a completed supply (1.33 Mn sft ~ 74%), followed by Choudwar (0.46 Mn sft ~ 26%). In last couple of years, Jagatpur and Choudwar micro markets have seen major traction. These micro markets are witnessing major demands from companies such as Pidilite, TATA Consumer, Reliance Retail, Flipkart, Ola Electric, etc. have a strong presence in the region.

***Figure 72: Map Of Warehousing Cluster in Cuttack City***

### 3.5.2.1 Cuttack – Completed Supply and Absorption Dynamics

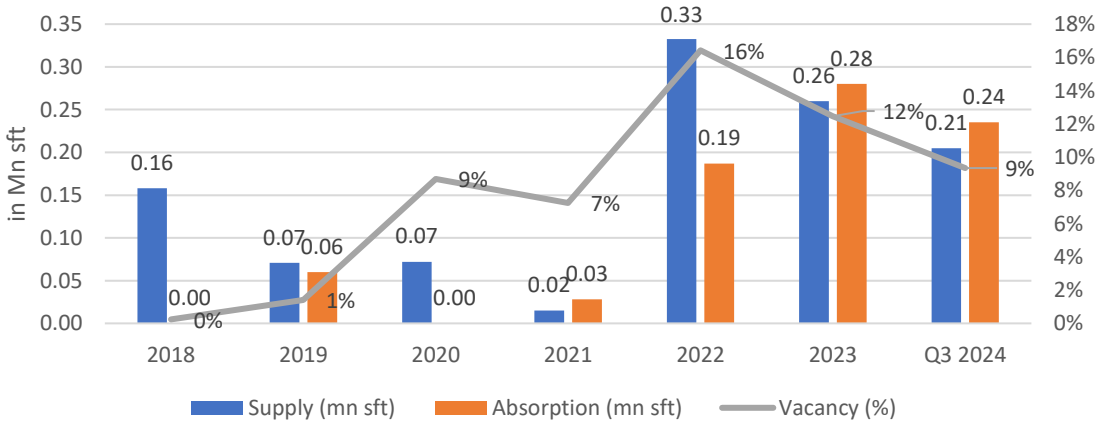
The region has approximately 1.8 Mn sft of operational warehousing supply, of which approximately 1.6 Mn sft is occupied. Prior to 2018, the supply majorly constituted of Grade B & C developments. During the last 5 – 6 years, the share of Grade B & C supply has reduced drastically due to increased demand for quality warehousing spaces from occupiers such as Manufacturing, E-commerce, Logistics, Electronics goods etc. hence, witnessing a significant supply of Grade 'A' supply. Entry of Kingstone group in this region had resulted increase in supply of grade A facility. Later, these warehouses of Kingstone were bought by ESR group.

*Table 79: Overview of Warehousing Market In Cuttack*

| Completed Supply (Mn sft) | Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 1.8 | 1.6 | 34% (Absorption – 97%) | 49% (Absorption – 86%) | 17% (Absorption – 90%) |

**Source:** CBRE Research; Updated as of Q3 2024

*Figure 73: Y-O-Y Supply & Absorption Levels in Cuttack*



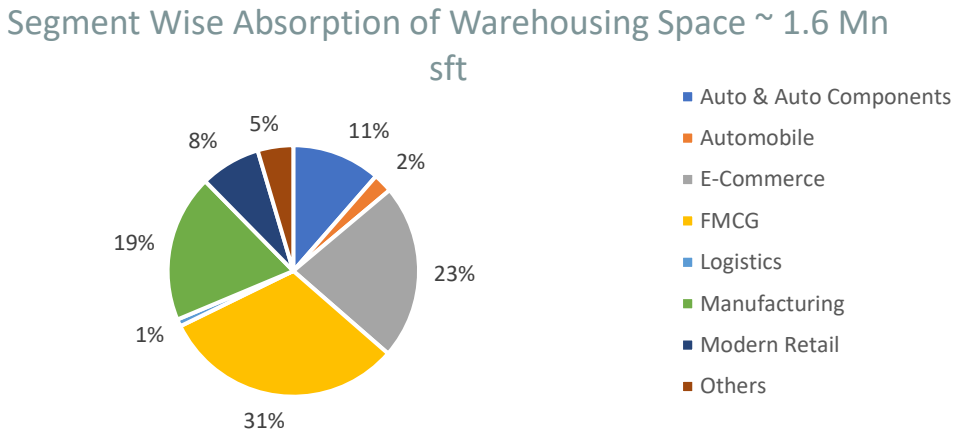
**Source:** CBRE Research; Updated as of Q3 2024

Grade A developments are primarily concentrated in Choudwar micro-market catering primarily to E-commerce sector. Cuttack has witnessed a steady increase in supply over the last couple of years (2018 – 2024) with an average annual supply of approx. 0.16 Mn sft.

Of the completed supply in Cuttack, Grade A amounts to nearly 0.61 Mn sft (34% share); Grade B – 0.87 Mn sft (49%) and Grade C – 0.31 Mn sft (17%). Going forward, the Grade A's share of the market composition across the city is expected to increase, considering the upcoming supply, and increasing interest from the national and international E-commerce, FMCG, FMCD and modern retail companies. Majority of the warehousing activity in the region has been in the Grade B development category being developed by local individual players. Umang Group, ESR have strong presence in these micro markets in the Grade A warehousing category.

Manufacturing, Ecommerce, Electronic, Logistics & Distribution, Machines & Equipment, are the key tenant sectors occupying space in Grade A developments across Cuttack. Some of the key tenants present are Pidilite, Tata Consumer, Ola Electric, Hyundai HUL, Flipkart, Reliance Retail etc. FMCG players take 20,000 – 1,50,000 sft. In E-commerce segment major players take comparatively smaller space such as 25,000 sft and can go up to 2,00,000 sft. Modern Retail companies such as Reliance Retail has taken approx. 1,20,000 sft.

*Figure 74: Segmentation of Absorption by Industry in Cuttack*



**Source:** CBRE Research; Updated as of Q3 2024

Presently, E-Commerce, FMCG & Manufacturing has occupied nearly 73% of warehousing space.

### 3.5.2.2 Cuttack – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 1.5 – 1.6 Mn sft, majorly across Grade A warehousing space and is expected to get introduced phase wise between 2024 to 2026 in the market.

*Table 80: Bifurcation of Upcoming Supply in Cuttack*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 0.5 – 0.7 Mn sft | 0.9 – 1.1 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Most of the upcoming supply is expected to be in the micro markets of Choudwar & Tangi. Several individual landlords have vacant land parcels close to existing warehouse micro markets and they are willing to sign Build-to-Suit contract with potential occupiers.

### 3.5.2.3 Cuttack – Asking Rental Dynamics

The average base rental witnessed in Cuttack is in the range of INR 18 – 22 / sft / month for a Grade A development and between INR 17 – 19 / sft / month for a Grade B development. Micro Market Wise Grade A and B Average Asking Rentals are enumerated below in the table:

*Table 81: Details of Micro-Market Wise Grade A & B Asking Rentals*

| Micro-Market | 2018 | | 2019 | | 2020 | | 2021 | | 2022 | | 2023 | | Q3 2024 | |

### 3.5.2.4 Cuttack – Key Lease Transactions

The following table enumerate the key lease transaction in the Cuttack:

*Table 82: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Jagatpur | FMCD | Grade A | 40,000 | 18 – 19 | Q1 2024 |
| Jagatpur | Logistics | Grade A | 15,000 | 18 – 19 | Q1 2024 |
| Choudwar | E-commerce | Grade A | 2,20,000 | 21 – 22 | Q2 2023 |
| Choudwar | Retail | Grade A | 1,20,000 | 21 – 22 | Q3 2023 |
| Jagatpur | Manufacturing (Footwear) | Grade A | 58,000 | 17 – 18 | Q3 2023 |
| Jagatpur | Manufacturing | Grade A | 40,000 | 18-19 | Q4 2023 |
| Jagatpur | Manufacturing | Grade A | 32,000 | 18-19 | Q4 2023 |
| Tangi | FMCG | Grade B | 1,50,000 | 16-17 | Q4 2022 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.5.2.5 Eastern Cluster Overview

Eastern Cluster comprises of 2 micro markets ~ Tangi and Jagatpur. The cluster is located on eastern side of Cuttack alongside NH16 and Cuttack-Kendrapada Road. Predominantly, this cluster is dominated by individual owners. Umang group and TCI are one of the dominant players within this cluster with large scale Grade A warehouses which are in Jagatpur micro market. Market's proximity to Jagatpur Industrial Estate, Cuttack Industrial Estate, and excellent connectivity through NH 16 and Cuttack-Kendrapada Road have led to its emergence. The cluster comprises of approximately 74% of the completed supply in the Cuttack region. Out of the completed supply of this cluster, approximately 8% of the supply is Grade A.

**Tangi Micro Market**

*Table 83: Snapshot of Tangi Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Cuttack | Upcoming Supply |
|---|---|---|---|---|---|
| 0.98 Mn sft | 14 – 16% | 0 Mn sft | NA | NA | 0.5 – 0.6 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Tangi is an established warehouse micro market where several Manufacturing, Automobile and FMCG companies have already taken space. Micro-market gained prominence largely on account of proximity to NH 16 and Cuttack main city area. Jagatpur Industrial Estate is approx. 5 - 6 kms from Tangi warehouse hub. Availability of land parcels along both sides of NH16 is one of the major reasons for growth of warehouse sector in this area. Tangi micro-market accommodates tenants such as Finolex, Hyundai, Tata motors, HUL, JK mills, etc.

**Jagatpur Micro Market**

*Table 84: Snapshot of Jagatpur Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Cuttack | Upcoming Supply |
|---|---|---|---|---|---|
| 0.35 Mn sft | 4 – 6% | 0.09 Mn sft | 11 – 13% | 23 – 25% | 0.0 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Jagatpur market being located close to Jagatpur Industrial Estate and has direct connectivity via Cuttack-Kendrapada Road and NH 16. It has seamless connectivity to Bhubaneswar main city, Cuttack, and other nearby states via NH16. The market constitutes a share of nearly 26% of the completed supply in Eastern cluster. Besides being home to many multinational and manufacturing companies, the market serves as a warehouse hub for giants such Pidilite, Tata Consumer, Ola Electric, etc.

### 3.5.2.6 Western Cluster Overview

Western Cluster comprises of only 1 micro market ~ Choudwar. The cluster is located on Western side of Cuttack alongside NH 55. The micro market is dominated by ESR group who has the only notable warehouse establishments in this cluster. Market's proximity to main city area and excellent connectivity through NH

55 have led to its emergence. The cluster comprises of approximately 26% of the completed supply in the Cuttack region. Out of the completed supply in Choudwar, which is a newly developed area, majority of the supply is Grade A.

**Choudwar Micro Market**

*Table 85: Snapshot of Choudwar Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Cuttack | Upcoming Supply |
|---|---|---|---|---|---|
| 0.46 Mn sft | 0% | 0.46 Mn sft | 0% | 75 – 77% | 1.0 – 1.1 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

It is the upcoming warehousing hub of Cuttack city. The Odhisa government subsidises industrial land parcels in Choudwar. Several corporations have built factories or warehouses on government land. Choudwar industrial area and SH 55 connectivity allow the micro market to accommodate multiple industrial and newly built warehouse buildings. Tangi, Jagatpur, and other warehouse mini marketplaces and industrial clusters are easily accessible. Upcoming supply includes planned supply from TVS ILP.

### 3.5.3 Cuttack – Overall Market Outlook

Cuttack warehousing market is one of the most prominent warehousing markets across east India, mainly on account of its connectivity to the NH 16 and NH 55, industrial areas of Odhisa, and robust road network. Prior to 2022, Cuttack had most of the supply in the form of Grade B and Grade C developments. With the rise of the e-commerce and FMCG sectors, the market witnessed a higher influx of Grade A developments. With increased demand for warehouse space from multinational and national companies coupled with the improved road infrastructure, demand for Grade A warehouses is expected to rise in the upcoming years.

Furthermore, Choudwar is anticipated to experience an increase in supply because of the Odhisa government's provision of developable land parcels, proximity to industrial areas, and excellent road connectivity.

The current prevalent asking rent in Cuttack is in the range of INR 18–22 per sft/month for Grade A warehousing developments in the areas of Jagatpur and Choudwar. We observe that the asking rentals for Grade B warehouses range from INR 17-19 per sft/month. In the short to medium term, the market will maintain range-bound asking rentals, with an annual escalation of 4-5%. Prominent players expect to operate approximately 1.3–1.4 Mn sft of supply by 2026.

### 3.5.4 Micro Analysis - (Subject Property Location ~ Choudwar)

#### 3.5.4.1 Subject Property Snapshot ~ Banipada

Cuttack, an industrious city in Odisha, boasts a thriving warehousing industry due to its strategic location and well-developed infrastructure. Situated along major highways like NH-16 and NH-53, Cuttack offers convenient access to important cities and ports, facilitating smooth transportation of goods. Its proximity to the Chennai-Vizag Industrial Corridor (CVIC) and Kolkata-Visakhapatnam Industrial Corridor (KVIC) further solidifies its position as a regional logistics hub.

Cuttack is home to various industrial clusters, particularly in textiles, metalworking, and manufacturing. Combined with Bhubaneswar, located just 30 kilometers away, the region constitutes a major consumption center in Eastern India, second only to Kolkata. This burgeoning demand fuels the need for warehousing facilities. The Choudwar industrial area, on Cuttack's outskirts, houses numerous steel, aluminum, and chemical production units, further stimulating demand for warehousing to store raw materials and finished products. Cuttack's proximity to major ports like Paradip and Dhamra also renders it attractive for warehousing related to import and export activities. Warehouses in Cuttack are strategically positioned along NH-16, NH-53, and other main roads to cater to diverse business needs.

#### 3.5.4.2 Subject Property Snapshot ~ Indranipatna

Cuttack, an industrious city in Odisha, boasts a thriving warehousing industry due to its strategic location and well-developed infrastructure. Situated along major highways like NH-16 and NH-53, Cuttack offers convenient access to important cities and ports, facilitating smooth transportation of goods. Its proximity to the Chennai-Vizag Industrial Corridor (CVIC) and Kolkata-Visakhapatnam Industrial Corridor (KVIC) further solidifies its position as a regional logistics hub.

Cuttack is home to various industrial clusters, particularly in textiles, metalworking, and manufacturing. Combined with Bhubaneswar, located just 30 kilometers away, the region constitutes a major consumption center in Eastern India, second only to Kolkata. This burgeoning demand fuels the need for warehousing facilities. The Choudwar industrial area, on Cuttack's outskirts, houses numerous steel, aluminum, and chemical production units, further stimulating demand for warehousing to store raw materials and finished products. Cuttack's proximity to major ports like Paradip and Dhamra also renders it attractive for warehousing related to import and export activities. Warehouses in Cuttack are strategically positioned along NH-16, NH-53, and other main roads to cater to diverse business needs.

#### 3.5.4.3 Overall Warehousing Dynamics – Supply, Vacancy and Rentals

Choudwar is an upcoming warehouse vector for Cuttack. The region comprises approximately 21% of Cuttack's completed supply. The micro-market in Choudwar has started witnessing one of the highest numbers of quality Grade A warehousing developments by prominent institutional player ESR. The following are the primary reasons for these investments in Choudwar:

- Availability of large government land parcels at moderate land values compared to other micro markets.
- Connectivity and accessibility to manufacturing and consumption hubs.

*Table 87: Snapshot Choudwar Warehousing Market*

| Completed Supply | Vacancy | Grade A Completed Supply | Grade A Vacancy | Share of Grade A Completed Supply in Cuttack | Upcoming Supply |
|---|---|---|---|---|---|
| 0.46 Mn sft | 0% | 0.46 Mn sft | 0% | 75 – 77% | 1.0 – 1.1 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Out of the completed Supply of 0.46 Mn sft, Grade A comprises 100%. Over the last 1-2 years, the region has absorbed approximately 0.2 to 0.3 Mn sft per annum of warehousing space.

The rentals for Grade A warehousing development in this micro-market have been observed to be in the range of INR 21–22 per sft per month. Modern retail and e-commerce are key industry sectors occupying warehousing spaces in the region; prominent tenants include Reliance Retail, Flipkart, etc.

#### 3.5.4.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

The ESR Group owns a Grade A warehousing facility in the vicinity of the subject land parcel. This facility aligns with the building specifications of a Grade A development. The rentals commanded by quality-grade A developments in the market are in the range of INR 21–22 per sft per month.

Based on comparable asking rents in the Choudwar market and the assumption that the specifications for

the to-be-built warehouse will be in line with those observed in Grade A developments, we estimate the achievable rent level of the subject property to be between INR 21 and INR 22 per sft per month. This estimation is supported by the strong demand for Grade A warehousing in the area, driven by the growth of e-commerce and logistics sectors.

#### 3.5.4.5 Demand Forecast for the subject micro – market/vector.

The demand driver for this vector is primarily the availability of government land at subsidised rates and the presence of an industrial ecosystem. The nearby vectors anticipate a supply of approximately 0.7–0.8 Mn sft in the next 2-3 years. However, there are no such large-scale projects being planned in the coming years, apart from upcoming warehouse blocks within the ESR warehouse campus. Given the historical absorption in Choudwar, we can anticipate a demand of approximately 0.7–0.8 Mn sft in the next 2-3 years, as no prominent warehouse developers have yet presented such plans. Additionally, the strategic location of Choudwar, with its proximity to major highways, further enhances its appeal for warehouse development. This combination of factors positions Choudwar as a promising destination for future warehouse growth and investment.

## 3.6 Madurai

### 3.6.1 City Overview

*Table 88: Demographic Snapshot of The District*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | GDDP OF PRIMARY SECTOR[53] | PER CAPITA INCOME (USD) |
|---|---|---|---|---|
| Madurai | 3.03 Mn | 812/km | INR 84,771 Lakhs | 806.6 |

**Source:** District handbook 2011, District human development report 2017 (based on 2011 census),

The city of Madurai, located in southern Tamil Nadu, serves as the administrative hub for Madurai District. Positioned strategically, it shares borders with Dindigul and Tiruchirappalli to the north, Sivagangai to the east, Theni to the west, and Virudhunagar to the south. Situated along the banks of the Vaigai River, Madurai was established in 1971 under the Municipal Corporation Act and is governed by a municipal corporation.

Covering an area of 3741.73 sq.km[54] as of the 2011 Census, Madurai is renowned as a significant trading center, especially for its handloom industry. Its connectivity is enhanced by National Highways NH-38, NH-45B, and NH-49, along with a domestic airport facilitating links with major cities within India and Colombo, Sri Lanka. Furthermore, Madurai's extensive regional and local road networks, along with its railway infrastructure, contribute to its accessibility and connectivity with surrounding areas and towns. Serving as a pivotal junction on the Chennai-Kanyakumari railway line, Madurai is a focal point for various sectors including agriculture, textiles, commerce, education, information technology, and manufacturing across Tamil Nadu. Industrial advancements in areas such as Kappalur, Uranganpatti, Melur, and Pudur have strengthened Madurai's prominence in the industrial, logistics, and warehouse market. Notable industries driving demand for warehousing in the region include 3PL, e-commerce, automotive and auto ancillary, industrial, FMCG, and FMCD sectors.

*Table 89: Spatial Overview of The City*

| Madurai city | Key locations in CBD/Off CBD | Western & Northwestern vector | Southern vector | Eastern vector |
|---|---|---|---|---|
| Madurai | Mahalipatti, Ponnagaram, Madurai Main (Town), Simmakal | Alanganallur, Nagari, Vadipatti | Avinyapuram, Kappalur | Melur |

**Source:** CBRE Research

**Demographic profile**

Based on 2011 census, Madurai district had a total population of 3.03 Mn and the decadal population growth, from 2001 to 2011, in the district has been to the tune of approx. 17.8 %[1] which is higher than the state average of 15.6 %.

**Economic profile**

The district contributes approx. 4% (INR 126,555 Cr in 2023) to the GSDP (Gross State Domestic Product)[55]. The major commodities exported from Madurai district are garments, towel, granite, and jasmine. The major imported commodities are Timber and medicine. The city is a prime location for automobile and auto ancillary manufacturing units. Major industries include manufacturing, food products and textile. The city houses two IT SEZs developed by ELCOT, also there are four industrial estates and one industrial park developed by Tamil Nadu Government. There are more than 32,500[56] MSME units are situated. Madurai is also famous for automobile industries, manufacturing of textile, Food and food-based industries, paper, rubber, metal-based industries.

**Industry Sectors**

Madurai is one of the few rubber producing areas in South India, and has a plethora of rubber based industries in including gloves, sporting goods, mats, other utility products and automobile rubber components. Automobile manufacturers are the major consumers of rubber components produced in the city. Additionally, there are numerous textile, granite and chemical industries operating in Madurai. Other industries based in the city include food processing & agro-based industries, dairy, floriculture and herbal products to name a few. Furthermore, Madurai's IT sector is experiencing rapid growth, driven by efforts to establish the city as a secondary hub for information technology. Zoho's presence in Kappalur, with a

[53] Department of Economic statistics – data for 2011 – 12

[54] District handbook 2011

[55] ELCOT website

[56] District Industries Centre

workforce of approximately 1,300 people, has attracted attention from other IT companies. The city's skilled labour force and lower operational expenses compared to larger cities make it an appealing investment destination.

**Key Focus Sectors**

Madurai is an important industrial and educational center in South Tamil Nadu. Its main economic activities include trade, commerce, tourism, and, to a lesser extent, industrial pursuits. The city is home to a variety of healthcare facilities, as well as industries such as automobiles, rubber, chemicals, and textiles. Additionally, it has emerged as a secondary city for information technology. Small-scale household handloom industries also contribute to the economy. Efforts are underway to strategically position Madurai as the next technology hub after Chennai and Coimbatore. Proposals have been made to develop new technologically advanced parks such as STPI, Tidel Parks, and ELCOT within the district with this aim in mind.

### 3.6.2 Existing Infrastructure Initiative

**Road Infrastructure**

The existing road network in Madurai is predominantly connecting the city to major cities and Towns. It comprises of National Highways, State Highways, Major District and Other District roads. Madurai is the headquarters of the Tamil Nadu State Transport Corporation and provides local and intercity bus transport across seven districts viz. Madurai, Dindigul, Theni, Virudhunagar, Tirunelveli, Thoothukudi and Kanyakumari.

Below is a broad level outline of the existing infrastructure initiatives in the city:

| INFRASTRUCTURE INITIATIVE | PARTICULARS |
|---|---|
| Major National highways | The Madurai city and metropolitan area is divided into five administrative zones (East, West, North, South and Central) which are served by major arterial roads that run in an east–west or north–south direction. Major national highways are NH 49 that connects Rameswaram, NH 38 that connects Trichy, NH 208 that connects Kollam and NH 85 that connects Madurai with Kochi. |
| Rail Infrastructure | Madurai Junction is a part of the Southern Railways and serves as an important node for the Connectivity between northern and southern part of Tamil Nadu. Station junction is formed by the following four lines that connects Madurai to Dindigul, Virudhunagar, Manamadhurai and Bodinayakkanur |
| Air Infrastructure | Madurai International Airport the primary airport serving the city of Madurai in Tamil Nadu, India. The airport has direct connectivity with international destinations such as Colombo, Dubai and Singapore. The airport is also well connected to prominent domestic destinations like Chennai, Bengaluru, Hyderabad, Mumbai, and New Delhi. |

**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.6.3 Upcoming Infrastructure Initiatives

The following initiatives are expected to enhance accessibility and propel development activity in the region

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| Madurai - Thoothukudi Industrial corridor | The corridor envisions on connecting 6 nodes viz. Madurai, Dindigul, Theni, Virudhunagar, Tirunelveli and Thoothukudi and develop industrial activities in manufacturing and agri-business hubs. The corridor is expected to boost industrial activity along the way thereby increasing the demand for warehouse space. | Under planning stages |
| Outer Ring Road | The proposed Madurai Outer Ring Road will be built for a total length of 32.1 km57 on the northern part of Madurai city, connecting NH 38 with NH 44 by linking the existing roads in the stretch. The project aims at decongesting the city traffic and connecting the two primary highways of Madurai viz. NH 38 & 45. | 2026 - 27 |
| Rail Infrastructure | Chennai Metro Rail plans to develop Metro Rail in Madurai district of Tamil Nadu in a total financial outlay of INR 11,368 crores. The | Under proposal stages |

[57] ELCOT website

| INFRASTRUCTURE INITIATIVE | PARTICULARS | COMPLETION TIMELINE |
|---|---|---|
| | project comprises 32 kms rail track between Thirumangalam and Othakadai and is proposed to have 27 stations | |
| Air Infrastructure | The Airports Authority of India (AAI) has proposed to expand existing integrated terminal building and construct a new ATC Tower cum Technical Block at Madurai International Airport | Under planning stages |

**Industrial Market Overview**

**Existing Industrial Overview in Madurai**

Madurai, situated in Tamil Nadu, India, boasts a diverse industrial landscape encompassing textiles, granite processing, agro-based industries, and rubber products. The city is home to numerous small and medium enterprises (SMEs), playing a crucial role in employment generation and economic prosperity. Particularly renowned for its cotton fabrics and sarees, Madurai's textile industry thrives alongside manufacturing units for automobile components and pharmaceuticals, blending traditional craftsmanship with modern production techniques.

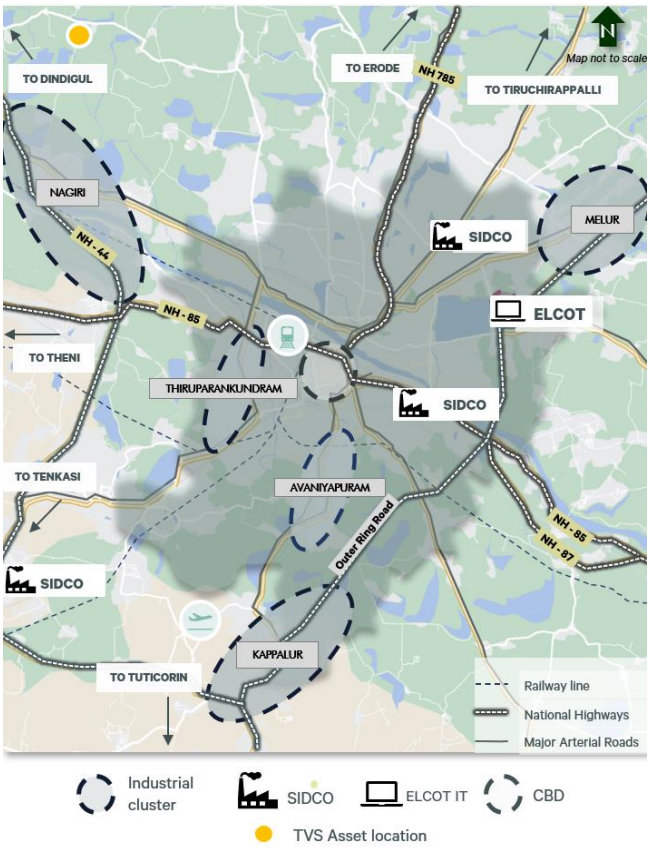
While industrial development varies across different areas, Madurai benefits from abundant resources and skilled manpower, fostering entrepreneurship and industrial growth. The presence of the Tamil Nadu government owned SIDCO in locations like K Pudur and Kappalur further supports industrial activities. The Key industrial estates in the district are as follows:

- SIDCO Industrial Estate in K. Pudur (approx. 56 acres),
- SIDCO Industrial Estate in Kappalur (approx. 136 acres),

- SIDCO Industrial Estate in Sakkimangalam (approx. 32 acres),
- Hosiery Industrial Estate in Uranganpatti (approx. 70 acres).

Private sector giants like TVS, TAFE, Madura Coats, JK Fenner, and George Oaks operate in Madurai, contributing to the production of various goods and employment opportunities.

*Figure 79: Map of Prominent Industrial Cluster In Madurai*



**Source:** CBRE Research; Map not to scale only, for representation purpose only

**Upcoming Industrial developments in Madurai**

**Industrial innovation centre** – The Industrial innovation centre is proposed with an objective of fostering innovation and supporting the growth of technology-based Start-ups, a state-of-the-art Industrial Innovation Centre, spanning an area of 26,500 sft,[58] will be constructed in Madurai at an approximate cost of INR 24 crore. The centre is proposed to offer a collaborative workspace for innovators and startups, and will contain industry 4.0 equipment, and facilities for product development, prototyping, and training.

**Industrial complex** – The proposed industrial complex is a three-storied industrial complex, spanning 5 acres of land, will be developed at Sakkimangalam Industrial Estate in Madurai district by TANSIDCO at a cost of INR 118 crore. This initiative will support Micro, Small, and medium entrepreneurs and is expected to create employment generation close to 4,500 individuals.

**Madurai – Thoothukudi industrial corridor** - The proposed Madurai-Thoothukudi industrial corridor is implemented by the State Industries Promotion Corporation of Tamil Nadu (SIPCOT) under a public-private partnership. A manufacturing and business investment region is proposed to be established in Coimbatore and Tiruppur districts. The region would primarily be a production hub for industries like heavy machinery, precision tools, logistics, etc. Another one in the Salem district would accommodate renewable energy industries with manufacturing zones. The corridor enhances industrial activity and heightens the demand for warehousing space along the entire stretch.

**Coimbatore – Madurai industrial corridor** - The Coimbatore-Madurai industrial corridor will cover the districts of Coimbatore, Tiruppur, Dindigul, and Madurai. The development of the corridor will help integrate the industrial developments in the districts and provide necessary industrial infrastructure. The

[58] TN Budget announcement FY 2024

prime focus of this corridor will be on textile, light engineering, and agro-based industries. The key development areas will include the manufacturing zones, industrial parks, warehouses, and logistics hubs. The Tamil Nadu Industrial Development Corporation (TIDCO) will work with SIPCOT in identifying the private partner and structuring the transaction for the Coimbatore-Madurai industrial corridors.

Tamil Nadu is targeting investments of INR 50,000 Cr in the EV sector by 2025, with a goal to create 1.5 lakh new jobs and become preferred destination for EV manufacturing in South-East Asia. Coimbatore, Tiruchirappalli, Madurai, Salem and Chennai have been identified for development as EV hubs.

*Figure 80: Map of Upcoming Industrial Developments In Madurai*

### 3.6.4 Overview of the Warehousing Clusters in Madurai

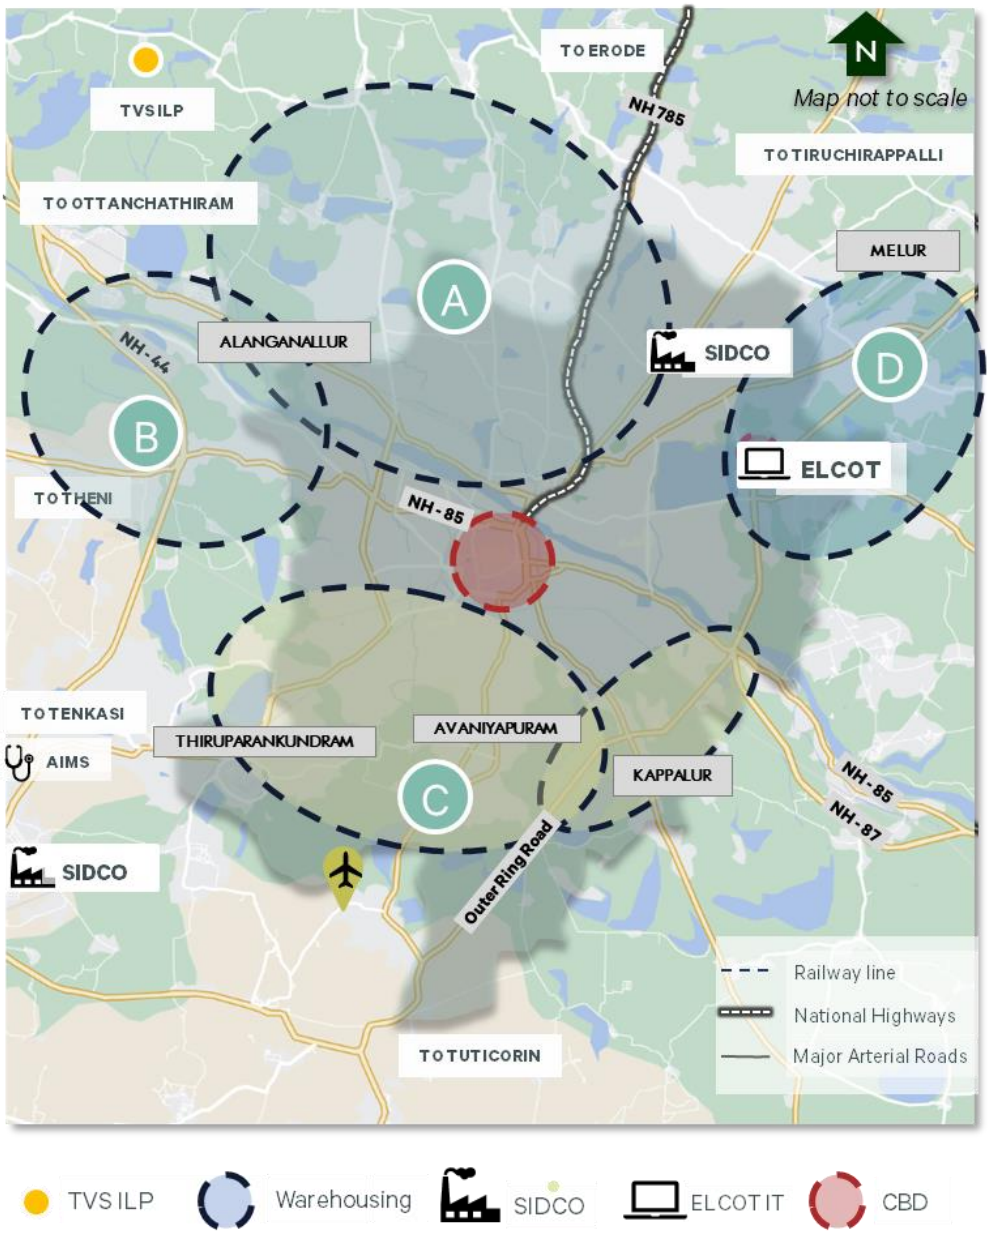
*Table 90: Warehousing Clusters In Madurai*

| CLUSTER CLASSIFICATION | NORTH & NORTHWEST CLUSTER | SOUTHERN CLUSTER | EASTERN CLUSTER | SOUTHWEST CLUSTER |
|---|---|---|---|---|
| Key Locations | Alanganallur, Vadipatti, Nagari | Avaniyapuram, Kappalur | Melur | Thiruparankundram |
| Share of Supply in Madurai Region | 42% | 30% | 8% | 20% |

**Source:** CBRE Research; Updated as of Q3 2024

The warehousing activities of Madurai region is primarily spread across the Four major stretches i.e., North stretch, East stretch, Southwest and the South stretch. The North and Northwest stretch covers the Nagari, Vadipatti and Alanganallur. The Northern stretch is the most preferred warehousing destination for warehousing developers. The southern stretch covers the Avinyapuram road and Kappalur that witnesses the presence of small-medium warehousing developments.

*Figure 81: Map of Warehousing Cluster In Madurai*



A. North cluster B. North-west C. South cluster D. East cluster

**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.6.4.1 Madurai - Completed Supply and Absorption Dynamics

The Madurai Region currently has approximately 1.31 Mn sft of operational warehouse space, with around 0.94 Mn sft occupied. Around 74% of the completed supply, equivalent to 0.97 Mn sft, falls under Grade C classification, mainly due to the absence of significant Grade A and limited presence of Grade B players besides TVSILP. Madurai is emerging as a pivotal warehousing hub due to its close proximity to the VOC port in Tuticorin (approximately 150 – 155 kilometres away), the presence of MSME and SME clusters, and its role as a major distribution center for nearby towns and Tier III cities such as Dindigul, Pudukkottai, Virudhunagar and Theni.

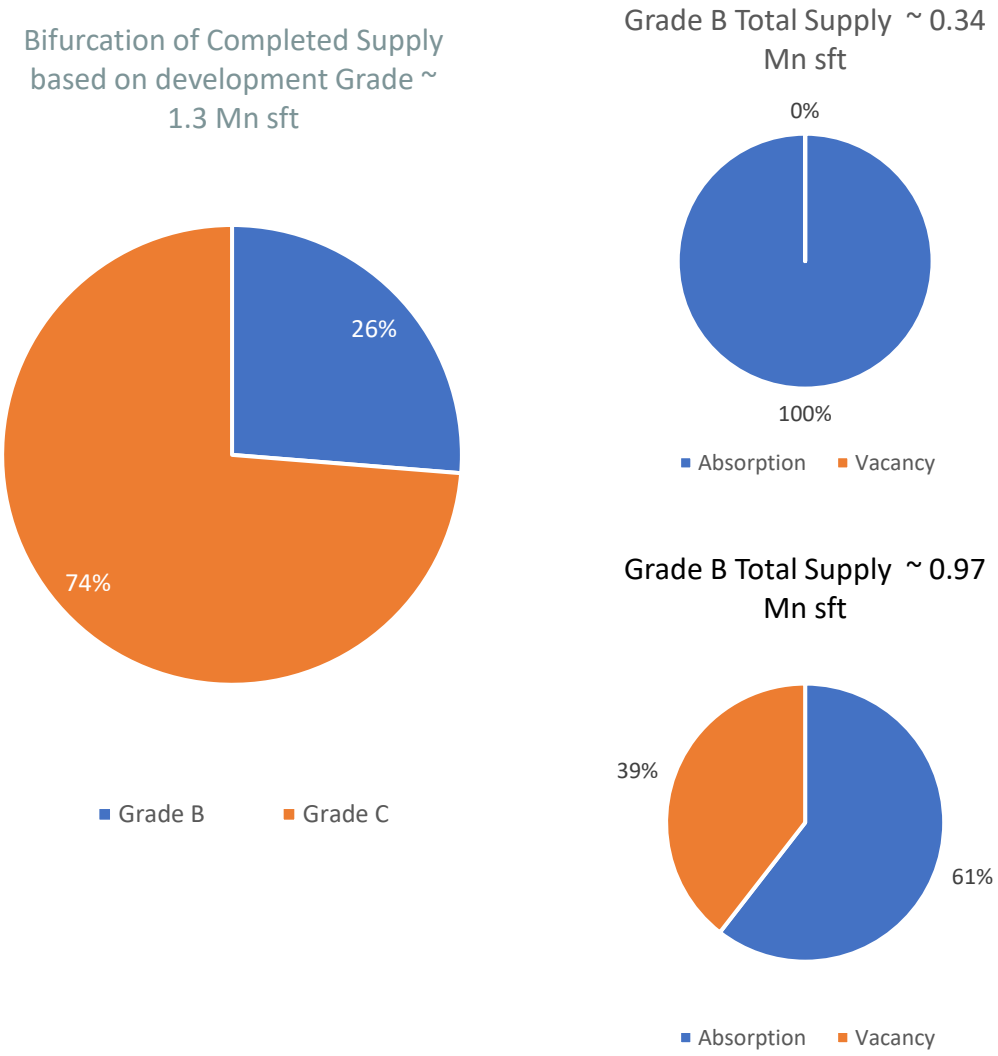
Some of the major developments in the market include Sri Meenatchi industrial and logistics Park Private Limited – TVSILP (0.34 Mn sft – completed supply), CWC Warehouse (0.24 Mn sft), and SPG Warehouse (0.19 Mn sft). The Under construction/planned supply from major developments include the Independent Warehouse with a 0.095 Mn sft in Kappalur and TVSILP with a 0.09 Mn sft in Alanganallur.

The key industries preferred by Grade B warehousing spaces include FMCG, FMCD, 3PL, Automobile etc with a typical space off take between 30,000 – 50,000 sft. Grade C is mostly preferred by Apparel, paints and manufacturing industries with a space off take ranging between 10,000 – 20,000 sft. The growth of organized retail and manufacturing sectors has spurred the demand for warehouses that cater to their varied

needs, emphasizing the enhancement of supply chain efficiencies and the reduction of transportation costs to impact overall logistic expenses positively. Consequently, there is a growing need for strategically positioned and well-connected warehouses. The growth of E-commerce has heightened the demand for efficient and technologically advanced warehousing space throughout Madurai.

As of Q3 2024 the completed supply in Madurai Grade B amounts to nearly 0.34 Mn sft (26% share) and Grade C – 0.97 Mn sft (74%).

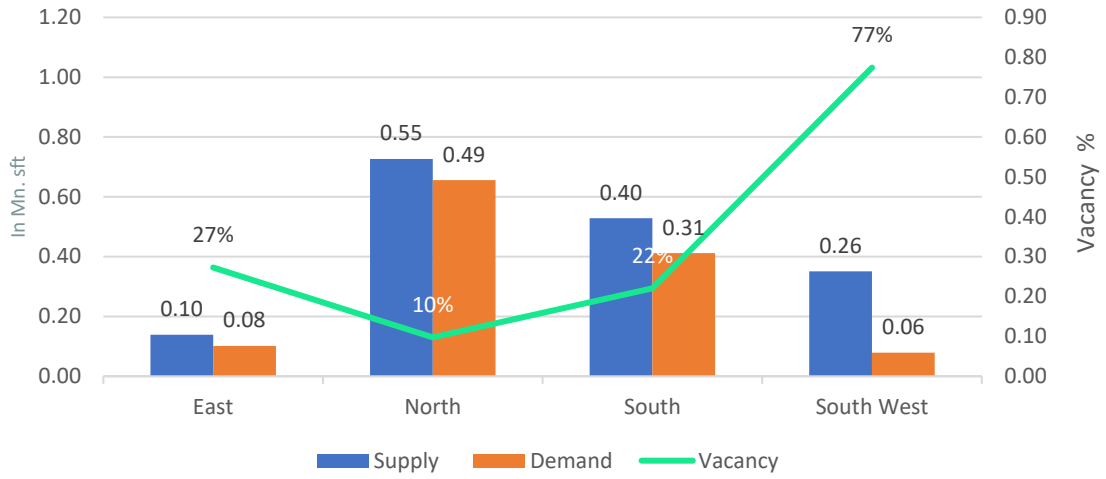
*Figure 82: Bifurcation of Completed Supply Based on Development Grade*



**Source:** CBRE Research; Updated as of Q3 2024

Healthy absorption levels have been witnessed in Grade-B developments which indicates the preference of occupiers for smaller development size of 30,000 to 50,000 sft warehouse box sizes. Due to this trend in absorption and presence of institutional developers are in negligible levels. Grade C warehouses have exhibited substantial vacancy rates, approximately 39%. This trend is particularly pronounced in the Southwest Cluster (Thiruparankundram), where vacancy levels have reached 77%. The primary factors contributing to this high vacancy rate are the quality of the available warehouse stock and the concentration of development by a single entity, the Central Warehousing Corporation (CWC).

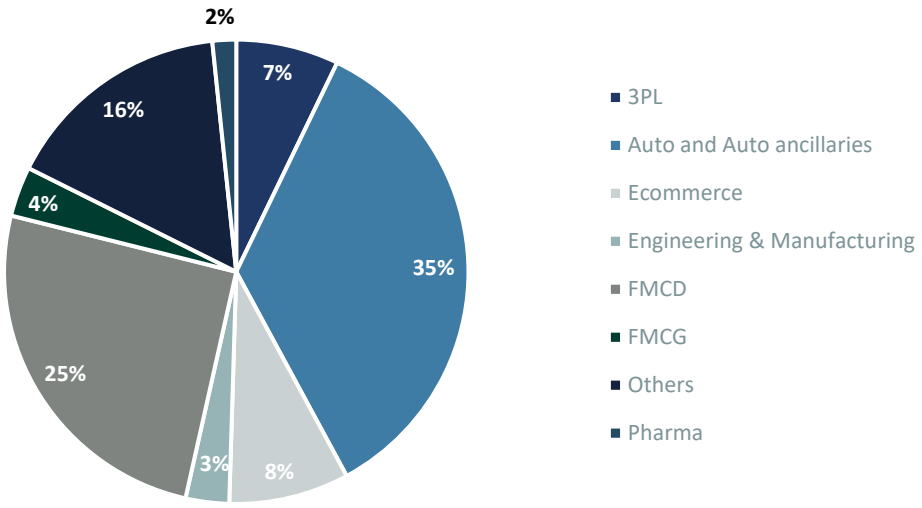
*Figure 83: Cluster Wise Supply & Absorption Levels in Madurai*



**Source:** CBRE Research; Updated as of Q3 2024

The major Industries driving demand for warehousing in the region include 3PL, E-Commerce, FMCD and Automobile which accounts to 75% - 76% of total absorption. Based on the current market leasing scenario, typical space offtake by Automobile and FMCD players are approx. 40,000 – 50,000 sft. Grade C is found to be the most preferred category among all the tenant segments present in the business ecosystem of Madurai.

*Figure 84: Segment Wise Absorption by Warehousing Space in Madurai*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.6.4.2 Madurai - Upcoming Supply Dynamics

The total supply in the pipeline is in the range of approx. 0.19 – 0.20 Mn sft of which the entire supply in under construction and is expected to hit the market by the end of 2024 & 2025.

*Table 91: Grade Wise Bifurcation of Upcoming Supply in Madurai*

| GRADE B | GRADE C |
|---|---|
| 0.09 Mn sft | 0.10 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

The upcoming supply for Madurai is to be witnessed on Southern and Northern Cluster. The locations where the majority of the upcoming supply envisaged are along the Kappalur – Airport Ring Road and along the NH 44 in Alanganallur. The following table enumerates the details of the upcoming Grade B Supply from

TVSILP

*Table 92: Upcoming Supply from Prominent Grade B Players*

| LOCATION | 2024 – 2025 (MN SFT) |
|---|---|
| TVSILP, Alanganallur | 0.09 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.6.4.3 Madurai – Asking Rental Dynamics

The average rental witnessed in the Eastern and Southern Cluster is approx. between INR 16 - 18/ Sft / month and developments along the North cluster record warehousing rentals approx. INR 17 – 19 / Sft / month.

Micro Market Wise Average Asking Rentals as of Q3 2024 are enumerated below in the table:

*Table 93: Micromarket Wise Asking Rentals*

| MICRO MARKET | ASKING RENTAL (INR/SFT/MONTH) |
|---|---|
| East (Melur) | 16 - 18 |
| South (Avaniyapuram & Kappalur) | 16 - 18 |
| North (Alanganallur & vadipatti) | 17 - 19 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.6.4.4 Madurai – Overall Market Outlook

The warehouse market in Madurai is experiencing significant growth, propelled by the city's expanding industrial and commercial sectors. Increasing e-commerce activities and the establishment of manufacturing units have driven up the demand for warehouses. Also, increase in domestic consumption within the city and its surrounding areas significantly drives the demand for warehouse spaces.

The prevailing rental rates in the Madurai region range from approximately INR 15.0 to 18.0 /sft/month. However, leading developers such as TVSILP, SPG, are preferred developers due to the quality of their warehousing space and superior connectivity. We expect the market's rental rates to remain relatively stable in the short to medium term, with an annual escalation of 4–5%. Additionally, we anticipate an estimated supply of 0.19 to 0.20 Mn sft to enter the market by the end of 2024 and 2025.

### 3.6.5 Micro Analysis – (Subject Property Location ~ North Cluster)

*Table 94 : Subject Property ~ Northern West Cluster*

| | | | |
|---|---|---|---|

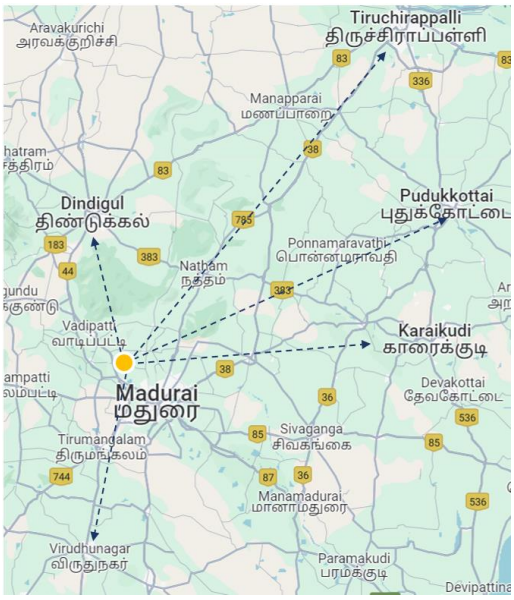
Key Location Map of the Asset



Macro Map of the Asset

**Source:** CBRE Research; Map not to Scale, for representation purpose only: Updated as of Q3 2024

### 3.6.5.1 Overall Warehousing Dynamics – Supply, Vacancy and Rentals

The stretch contributes to approximately. 42% of the total city's supply. The North and South have emerged as the most preferred warehousing destinations for large warehousing players and companies. The region also witnesses the presence of a few large-scale warehousing developers, viz., TVSILP, and a few individual developers.

The market has a planned supply of 0.09 Mn sft introduced by TVSILP. The region is primarily characterised by the presence of only one grade B development and, primarily, by grade C developments.

FMCG, FMCD, 3PL, apparel, e-commerce, and manufacturing are the primary drivers of demand in the region. The prominent tenants in the location include companies such as Asian Paints, Whirlpool, Haier, TVS Srichakra, Delhivery, LG, etc.

The following are the primary reasons for these investments in South Madurai:

- Availability of Large Land Parcel
- Connectivity and accessibility with manufacturing and consumption hubs
- Accessibility of land for future expansion

### 3.6.5.2 Subject Property Snapshot

As the cultural capital of Tamil Nadu, Madurai is the state's third-largest consumption center. It is also a significant industrial hub, home to various automobile, rubber, and chemical industries. Madurai's strategic location benefits from excellent connectivity through National Highways 7, 45B, and 85, providing easy access to major cities like Chennai, Coimbatore, and Trichy. These well-connected highways facilitate efficient goods movement, enhancing Madurai's appeal as a distribution hub. Nearby industrial centers such as Dindigul, Virudhunagar, and Tirunelveli contribute to the region's demand for warehousing services. These cities serve as crucial links in the supply chain, solidifying Madurai's position as a strategic warehousing destination in southern India.

The warehouse is strategically located in Vairavanatham village, seventeen kilometers from Madurai's city center and thirty kilometers from the airport. The facility spans six point nine eight lakh square feet, with three lakh square feet operational and one lakh square feet under construction. Its proximity to NH 44, connecting to the Nilakottai SIPCOT Industrial complex and other manufacturing areas, makes it suitable

for warehousing needs of manufacturing and auto ancillary companies.

#### 3.6.5.3 Building characteristics

As highlighted in the above table, subject property is developed in 3 phases, Phases I & II is completed and are operational, whereas Phases III is under construction. The key building Specifications for the asset are enlisted in the below table:

*Table 95: Key Building Specification of Madurai Asset*

| PARTICULAR | SPECIFICATIONS |
|---|---|
| Building Structure | Solid block masonry – PEB structure |
| Eaves Height | 12M (from FFL to roof top level) |
| Ridge height | 14.50 m (from FFL to roof top level) |
| Lighting | LED fixtures to provide 150 Lux level at 1.2m from FFL for shopfloor |
| Fire Safety | Required fire hydrant as per NBC norms and beam detector as per norms |
| Flooring | 5MT/SQM(UDL). FM2 equal flooring considered |
| Amenities and Facilities | Pump room, rest rooms, Collection tank, presence of substation and security block |

**Source:** TVSILP

The facility is designed for efficient warehouse operation and distribution. The facility is currently witnessing absorption of approx. 100% with key tenants such as TVSILP Srichakra, Haier and Whirlpool etc. Also, the upcoming space is to be leased based on upcoming tenant requirements.

#### 3.6.5.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

There are no Grade B facilities in proximity to the subject property, and those available are of inferior quality compared to Grade B standards. The rental income from existing tenants of the subject property aligns with market trends, typically ranging from INR 17 to 19 /sft/month.

#### 3.6.5.5 Demand Forecast for the subject micro – market/vector.

Approx. 0.19–0.20 Mn sft is expected to be added in the next 2–3 years in the north and south clusters. Increasing market penetration and a growing supply of higher-quality warehouses have continued to stimulate occupant demand in Madurai. The majority of the upcoming supply is expected to be in areas such as Kappalur in the south cluster and Alanganallur in the north cluster, and it will be predominantly Grade B The presence of MSME and SME industrial clusters and consumption-driven demand are the principal demand generators for warehousing in the region. Considering the projected expansion of the automotive and engineering sectors, along with their associated ancillary industries, in the area, it is rational to expect a commensurate surge in the need for warehousing.

Estimated demand for the next three to four years is between 0.25 and 0.30 Mn sft, based on the micro market's historical absorption. This anticipated demand is likely to stimulate rental growth in these regions, particularly for warehouses of grades B. The region's growing emphasis on infrastructure development and logistics efficiency positions these clusters favourably for substantial expansion in the warehousing industry.

## 3.7 Pune

### 3.7.1 City Overview

The Pune Metropolitan Region (PMR) covers around 7,256 $km^2$ and is one of Maharashtra's largest metropolitan regions. It mainly comprises cities of Pune and Pimpri-Chinchwad and other areas such as Maval, Mulshi, Haveli, Bhor, Daund, Shirur, Khed, Purandar and Velhe. The management of the cities is governed by two municipal corporations: the Pune Municipal Corporation (PMC) and the Pimpri Chinchwad Municipal Corporation (PCMC) while other areas are governed by Pune Metropolitan Region Development Authority (PMRDA).

Table below highlights the demographics and few income indicators:

*Table 96: Demographic Snapshot of The Pune Metropolitan Region*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | Nominal GDDP[60] (INR Crore) | PER CAPITA NOMINAL NDDP[61] (INR) |
|---|---|---|---|---|
| Maharashtra/Mumbai | 7.1 Mn [62] | 980 per $Km^2$ | 3,54,299 | 2,85,409 |

**Source:** PMRDA; Economic Survey of Maharashtra (2022-23)

The Pune Municipal Corporation area is established by the presence of residential and commercial activity, whereas Pimpri Chinchwad is an established engineering and automobile hub, home to several large engineering and automobile majors such as Tata Motors, Bajaj Auto, Volkswagen, Kirloskar Group, Mercedes Benz, Alfa Laval, Apollo Tyres, Forbes Marshal, Johnson Controls, Fiat and others.

Region also has robust physical infrastructure in form of road, rail and air connectivity along with strong plans to develop further in order to improve the overall infrastructure landscape. Table below highlights the existing and upcoming infrastructure impacting the key industrial and warehouse clusters within the region:

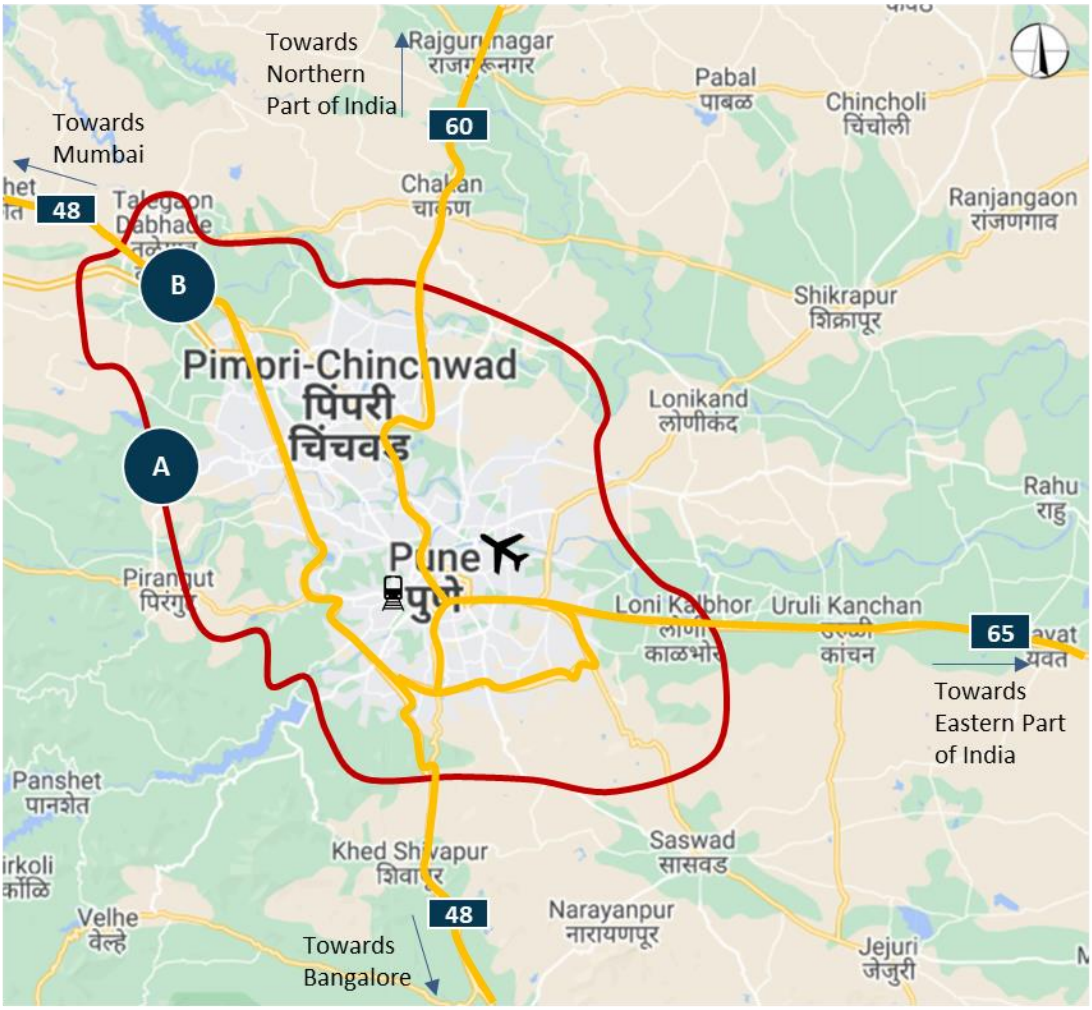
*Table 97: Key Existing and Upcoming Infrastructure*

| INFRASTRUCTURE PROJECT | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 48 – connecting Delhi & Chennai, acts as a critical highway for key warehousing and industrial corridors (Chakan and Talegaon). National Highway 60 – Connecting Nashik (near Dhule) and Pune, passes through key industrial areas (Chakan) in the PMR. National Highway 65 – intersecting NH 48 near Pune, connects Maharashtra to other states in south such as Karnataka and Andhra Pradesh. |
| Railway Network | Existing | Pune is the divisional headquarter for Central Railways with rail connectivity to neighbouring states (Karnataka, Gujarat, Telangana, Andhra Pradesh, Goa). Sugar, POL (Petroleum, Oil & Lubricants), Auto Parts, fertilizers, steel, etc. are some of the major commodities traded through rail freight. |
| Pune International Airport | Existing | The airport located in proximity to Pune CBD shares a common airstrip for the commercial & defence flights. The airport had been declared as a customs airport in 1997. Airport was initially notified for export of perishable agriculture produce items such as flowers, fruits, vegetables and processed food; however, in 2005, the airport received permission for unloading of imported goods and loading of export goods. This in turn had attracted interests from major industry players to setup their operations in the region. |
| Pune Outer Ring Road | Upcoming | 136.8 km long and 4-6 lane access-controlled road which shall pass through the peripheral nodes of the city and is expected to act as a bypass for the traffic entering Pune city through the National and State Highways. It is expected to be complete by 2026. |

**Source:** CBRE Research

[60] Gross District Domestic Product of Pune District
[61] Net District Domestic Product of Pune District
[62] Census 2011

*Figure 86: Map of Key Infrastructure*



A. Proposed Outer Ring Road B. Mumbai – Pune Expressway

**Source:** CBRE; Map not to scale only, for representation purpose only

The core city areas within the region were first positioned as a center for defence and artillery operations before emerging as a manufacturing powerhouse in the 1960s. Furthermore, the rise of the Information Technology (IT / ITeS) industry in the late 1990s has dramatically altered the city's economic environment, with this sector contributing significantly to the city's GDP. As a result, Pune has developed as a key IT / ITeS destination in India, driving strong consumption-led demand that has in turn led to growth across industries such as warehousing and organized retail.

### 3.7.2 Overview of the Warehousing Market in PMR

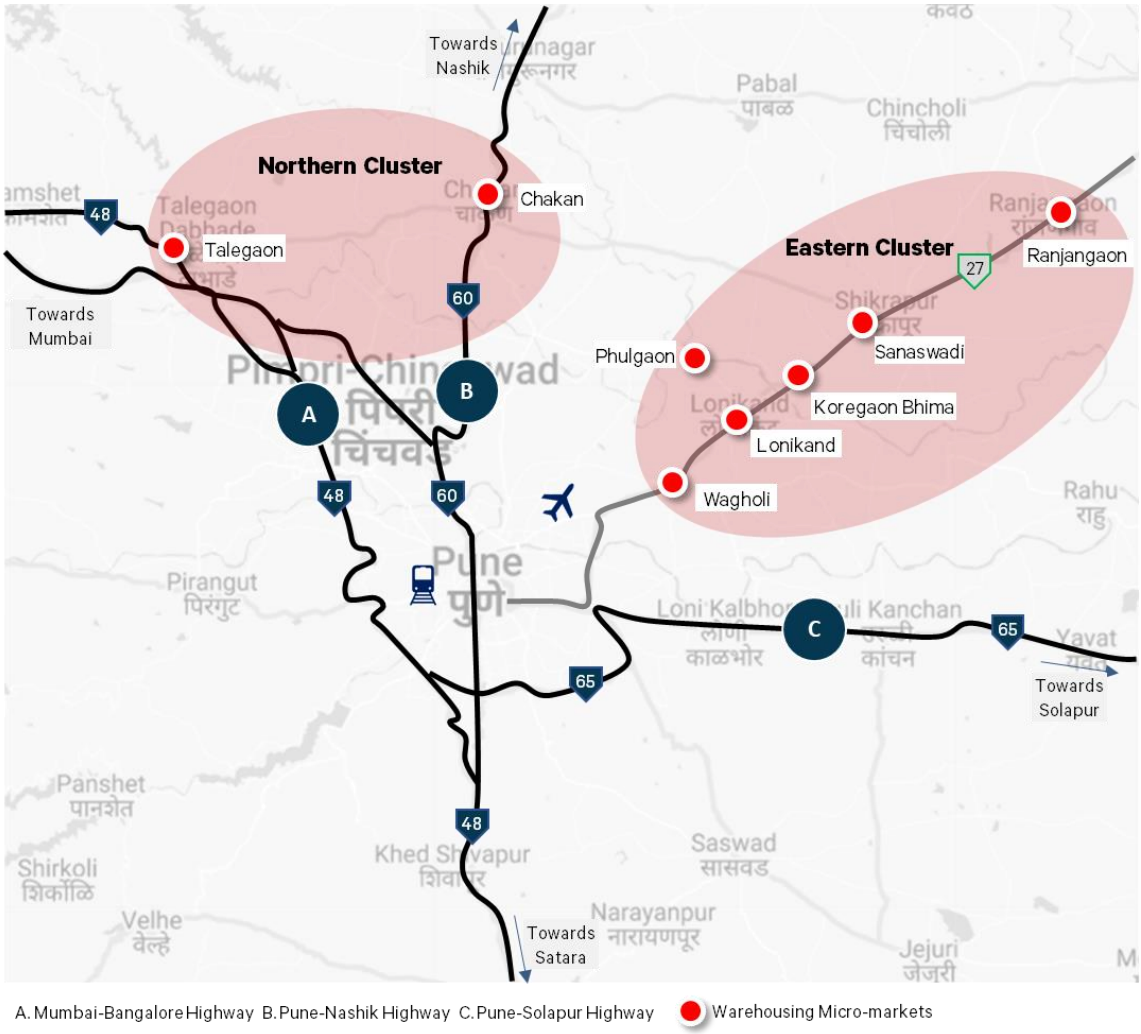
Warehousing activity in the region is spread across two clusters placed in Northern and Eastern vectors of PMR with Northern cluster having majority of supply.

| Cluster Classification | Northern Cluster | EASTERN Cluster |
|---|---|---|
| Micro-markets | Chakan, Talegaon | Wagholi, Lonikand, Phulgaon, Koregaon Bhima, Sanaswadi, Ranjangaon |
| Share of Completed Supply in PMR | 70% | 30% |

**Source:** CBRE Research; Updated as of Q3 2024

Below figure illustrates the spatial spread of Northern & Eastern clusters and the micro-markets within each of the clusters:

*Figure 87: Map Highlighting Warehousing Clusters in PMR*



**Source:** CBRE; Map not to scale only, for representation purpose only

### 3.7.2.1 Completed Supply and Absorption Dynamics

The region's operational warehouse supply is approx. 37.7 mn sft, with around 33.4 mn sft occupied as on Q3 2024.

*Table 98: Overview of Warehousing Market In PMR*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 37.7 | 33.4 | 54% (Absorption – 89%) | 40% (Absorption – 89%) | 6% (Absorption – 81%) |

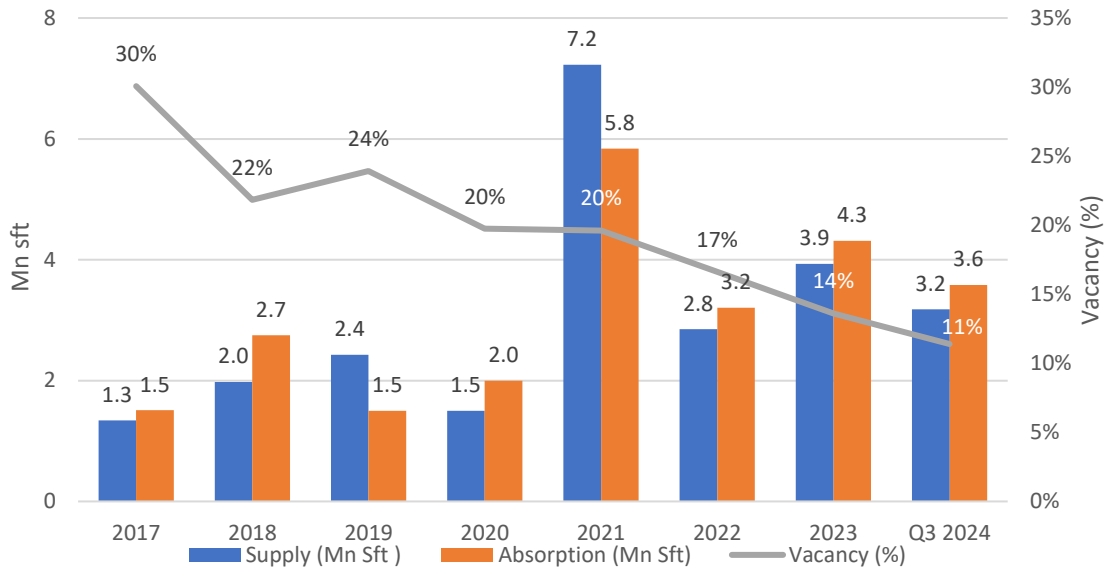
**Source:** CBRE Research; Updated as of Q3 2024

Majority of warehousing activity in the region has been in the form of Grade A supply which accounts for almost 20.4 mn sft (54% of the entire completed supply in PMR), followed by Grade B at 15.1 mn sft (40%), and Grade C at 2.3 mn sft (6%).

Chakan, Talegaon and Ranjangaon are the most prominent warehousing micro-markets, with the majority of supply in the form of investment grade storage space (Grade A); whilst micro-markets such as Sanaswadi, Phulgaon, Wagholi and Lonikand predominantly consist of Grade B and C supply. Large logistics and manufacturing firms are drawn to Chakan, Talegaon, and Ranjangaon because of their investment-grade warehouses, robust infrastructure, and government support. Affordable Grade B and C warehouses are available at Sanaswadi, Phulgaon, Wagholi, and Lonikand, serving local markets and small enterprises. Chakan and Talegaon micro-markets account for approximately 70% of completed supply (26.4 Mn sft), followed by Ranjangaon (4.7 Mn sft, 12%) and Wagholi - Lonikand - Phulgaon (4.7 Mn sft, 12%). The section between Koregaon Bhima and Sanaswadi has small-scale warehouses that cater to captive in-city demand, with a supply of 1.9 mn sft (~ around 5% of completed supply). Institutional players in the region include Indospace, ESR, KSH, Embassy and Ascendas.

Figure below illustrates the year-on-year supply and absorption trends:

*Figure 88: Y-O-Y Supply & Absorption Levels In PMR*

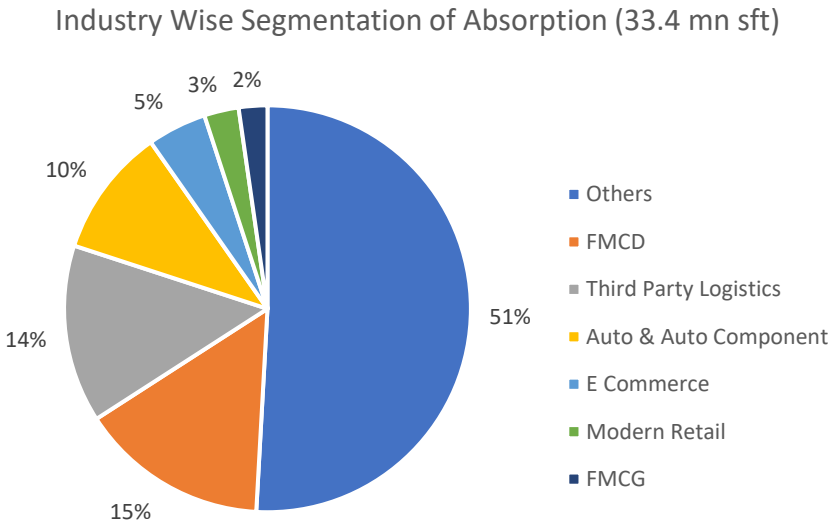


**Source:** CBRE Research; Updated as of Q3 2024

Prior to 2014, the supply consisted primarily of Grade B and C developments. During the last 9 - 10 years, the share of Grade C supply has decreased dramatically due to rising demand for quality storage spaces from occupiers such as Auto & Auto Components, Manufacturing, E-commerce, 3PL, etc., resulting in a considerable supply of Grade A & B supply. A continuous growth in overall supply has been observed over the last 7 - 8 years (2017 – Q3 2024), with an average yearly supply of approximately 3 mn sft in the region.

Manufacturing, Electronics, Logistics (3PL) & Distribution, Automobile, Machines & Equipment and Engineering are the primary tenant sectors. Key tenants include Kuenhe Nagel, Haier, Kawasaki, Amazon, DHL, Agarwal Packers, Parrikh Integrators, Mahindra Logistics, Chetak Logistics, Stellar and Vijay Logistics among others. Figure below illustrates the industry-wise segmentation:

*Figure 89: Segmentation of Absorption by Industry in PMR*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.7.2.2 PMR – Upcoming Supply Dynamics

The upcoming supply comprising under construction and planned in the region is in the range of 10 – 12 mn sft, majorly across Grade A warehousing space and is expected to get introduced in the market by 2028.

*Table 99: Bifurcation Of Upcoming Supply In PMR*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 1 – 2 Mn sft | 9– 10 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Majority of the upcoming supply is expected in the micro-markets of Chakan and Talegaon, followed by Ranjangaon. Institutional investors such as Indospace, Ascendas, ESR, Hiranandani, Malpani Group and Global are expected to expand their existing supply in the future. This is mostly because of their favourable location, exceptional infrastructure, and robust government backing. These elements draw manufacturing and logistics firms from both domestic and foreign markets.

### 3.7.2.3 PMR – Rental Dynamics

In PMR, the average quoted base rental for a Grade A property is between INR 24 and INR 30 per sft per month, while for a Grade B development, it is between INR 19 and INR 20. The table below lists the average rentals quoted for Grade A and B micro-markets.

*Table 100: Details of Micro-Market Wise Grade A & B Quoted Base Rentals*

| Micro-market | 2019 | | 2020 | | 2021 | | 2022 | | 2023 | | Q3 2024 | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Grade | A | B | A | B | A | B | A | B | A | B | A | B |
| Chakan | 25 – 26 | 17 – 18 | 25 – 26 | 17 – 18 | 26 – 27 | 18 – 19 | 27 – 29 | 18 – 19 | 28 – 30 | 19 – 20 | 29 – 30 | 20 – 21 |
| Talegaon | 24 – 25 | 16 – 17 | 24 – 25 | 16 – 17 | 25 – 26 | 17 – 18 | 25 – 26 | 17 – 18 | 25 – 26 | 17 – 18 | 26 – 27 | 18 – 19 |
| Ranjangaon | 20 – 21 | 15 – 16 | 20 – 21 | 15 – 16 | 21 – 22 | 16 – 17 | 21 – 22 | 16 – 17 | 21 – 22 | 16 – 17 | 22 – 23 | 17 – 18 |
| Wagholi – Lonikand – Phulgaon | 17 – 18 | 13 – 14 | 17 – 18 | 13 – 14 | 18 – 20 | 14 – 15 | 20 – 22 | 15 – 16 | 20 – 22 | 15 – 16 | 21 – 22 | 16 – 17 |
| Koregaon Bhima – Sanaswadi | 17 – 18 | 12 – 13 | 17 – 18 | 12 – 13 | 18 – 19 | 13 – 14 | 19 – 20 | 13 – 14 | 19 – 20 | 13 – 14 | 21 – 22 | 14 – 15 |

**Source:** CBRE Research; Updated as of Q3 2024; Unit – INR/sft/Month;

### 3.7.2.4 PMR – Key Recent Lease Transactions

The following table enumerate the key lease transactions in the region:

*Table 101: Details of Key Transactions*

| Micro-market | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Chakan | Auto & Ancillary | Grade A | 170,000 | 28 – 29 | Q1 2024 |
| Talegaon | Others | Grade A | 500,000 | 23 – 24 | Q1 2024 |
| Talegaon | Engineering & Manufacturing | Grade B | 167,000 | 23 - 24 | Q1 2024 |
| Talegaon | Engineering & Manufacturing | Grade A | 125,000 | 26 - 27 | Q2 2024 |
| Ranjangaon | 3PL | Grade A | 250,000 | 22 – 23 | Q2 2024 |
| Chakan | Auto & Ancillary | Grade A | 240,000 | 29 - 30 | Q3 2024 |
| Chakan | Engineering & Manufacturing | Grade B | 182,000 | 22 - 23 | Q3 2024 |
| Chakan | Engineering & Manufacturing | Grade B | 175,000 | 24 - 25 | Q3 2024 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.7.2.5 Northern Cluster Overview

Chakan and Talegaon micro-markets within the Northern Cluster are placed on the Pune - Nasik Highway (NH-60) and provides easy access to the Mumbai - Pune expressway. Chakan is close to the city's main consumption hubs mainly areas within PCMC (Pimpri Chinchwad Municipal Corporation). Furthermore, both the micro-markets are well served by NH 48 and NH 60, which has contributed to their recent rise as the significant warehousing hubs.

**Chakan Micro-market**

*Table 102: Snapshot of Chakan Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in PMR | Upcoming Supply |
|---|---|---|---|---|---|
| 22.5 Mn sft | 9-10% | 13.1 Mn sft | 7-8% | 64 - 65% | 4 – 5 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Chakan is regarded as an auto and auto accessory manufacturing hub, with the presence of major manufacturers as well as industries that supply OEM parts to production plants. Chakan's warehousing micro-market is the most attractive micro-market, having been built mostly by institutional businesses. The micro-market rose to prominence due to its proximity to PMR's Central Business District (about 30 km). Manufacturing, automotive, electronics and logistics are significant industries, accounting for over 50% of completed supply in the Chakan micro-market, with tenants including IKEA, Tata, Kawasaki, Bosch, Delphi Automotive and others.

**Talegaon Micro-market**

*Table 103: Snapshot of Talegaon Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in PMR | Upcoming Supply |
|---|---|---|---|---|---|
| 4.0 Mn sft | 10-11% | 2.2 Mn sft | 11– 12% | 10-11% | 4 - 5 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Talegaon micro-market, located off NH 48, is connected to Mumbai and Pune District, accounting for nearly 11% of the completed supply in Chakan – Talegaon cluster. It houses multinational and agro-based companies and serves as a manufacturing hub for automobile giants.

### 3.7.2.6 Eastern Cluster Overview

The Eastern Cluster consists of three micro-markets: Wagholi - Lonikand - Phulgaon, Koregaon Bhima - Sanaswadi and Ranjangaon. The cluster is located on the eastern side of PMR, alongside State Highway 27. The cluster accounts for around 31% of the completed supply in the PMR region. Within the cluster, Grade A accounts for approximately 43% of the completed supply.

**Wagholi – Lonikand – Phulgaon**

*Table 104: Snapshot of Wagholi – Lonikand – Phulgaon Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in PMR | Upcoming Supply |
|---|---|---|---|---|---|
| 4.7 Mn sft | 11 – 12% | 1.8 Mn sft | 12 – 13% | 8 – 9% | 0.9 – 1.0 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Wagholi, Lonikand and Phulgaon have grown as micro-markets due to their proximity to the State Highway and the Ranjangaon MIDC. The micro-market is principally defined by an unorganized industrial cluster with several small and medium-sized warehouses catering primarily to the city's domestic market, with only a few Grade A players present. Local Retail Distributors, Machine & Tools, and Hardware Equipment are significant industries in the micro-market, with tenants including Asian Paints, Honeywell, Haier, Webasto, IFB, Iron Mountain, Kimberly Clark, Akzo Nobel and others.

**Koregaon Bhima – Sanaswadi**

*Table 105: Snapshot of Koregaon Bhima – Sanaswadi Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in PMR | Upcoming Supply |
|---|---|---|---|---|---|
| 1.9 Mn sft | 9 – 10% | 0.4 Mn sft | 4-5% | 2 – 3% | 0.2 – 0.3 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

The manufacturing businesses situated in Ranjangaon MIDC have influenced the growth of warehousing in the Koregaon Bhima-Sanaswadi area. Supply is disorganized and primarily consists of non-investment quality developments, with only two quality A development in Koregaon Bhima (Rieter India & Global). Local retail distributors, machinery and tools, electronics, and hardware equipment are significant industries in the micro-market, with tenants including Honeywell, John Deere, Tata Trends and others.

**Ranjangaon**

*Table 106: Snapshot of Ranjangaon Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in PMR | Upcoming Supply |
|---|---|---|---|---|---|
| 4.7 Mn sft | 18-19% | 2.9 Mn sft | 21 – 22% | 14 – 15% | 0.2 – 0.3 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Ranjangaon is a 5-star MIDC industrial zone in PMR, located along SH 27, and many manufacturing companies use it as their base. This micro-market comprises organized parks that provide Grade A and Grade B bespoke built-to-suit solutions for warehouse expansion. Auto parts, electricals, electronics and hi-tech are major industries, with tenants including Haier, Whirlpool, Motherson Sumi and others.

### 3.7.2.7 PMR – Overall Market Outlook

The PMR warehousing market is one of the most notable warehousing markets in India, owing to its proximity to the JNPT Port, the industrial centers of PMR and Mumbai and a strong road network. Prior to 2015, the majority of the supply in PMR was in the form of Grade B and Grade C projects; however, with the advent of E-Commerce, the auto industry and the Third Party Logistics sector, the market saw growth of Grade A developments. Increased interest from institutional players, combined with improved road infrastructure, is projected to drive demand for Grade A warehouses in the coming years.

Further increases in supply are predicted in Chakan and Talegaon due to the availability of developable land parcels, strong road connections, and proximity to the JNPT Port and industrial regions.

The current quoted base rental rentals in PMR for Grade A warehouse developments in Chakan, Talegaon, and Ranjangaon vary from INR 19.0 to 30.0 per sft per month. For Grade B warehouses, quoted base rentals are typically between INR 15.0 and 20.0 per sft per month. The market's quoted base rentals are expected to remain range bound in the short to medium term, with a 3-5% annual escalation rate.

Approximately 9–10 mn sft of known future supply is estimated to be operational by 2028 as a result of scheduled supply by major institutional participants.

### 3.7.3 Micro-market Analysis - (Subject Property Chakan)

*Table 107: Subject Property ~ Chakan*

| | |

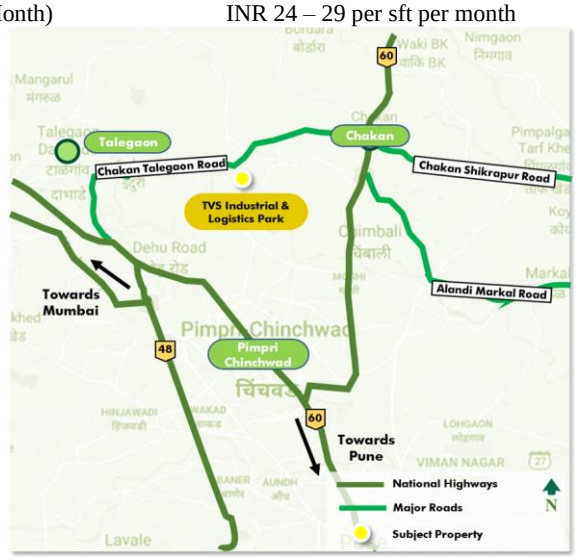
| Key Tenants | Kubota, Stellar, Expeditors, KSH Logistics, Kiran Logistics |
| Average Rentals (INR/sft/Month) | INR 24 – 29 per sft per month |



Key Location Map of the Asset

**Source:** CBRE; Map not to Scale, for representation purpose only

#### 3.7.3.1 Subject Property Snapshot

Chakan is a prominent industrial centre in Western India, home to several major automotive manufacturers and suppliers, including Mercedes-Benz, Mahindra & Mahindra, Volkswagen, and Bajaj Auto.

Constructed in 2006, TVSILP Chakan Warehouse was the first corporate-owned, high-quality warehousing facility in India and the first of its kind in Chakan. Strategically located within the Chakan industrial area, it is suitable for warehousing and light manufacturing operations. The warehouse serves a diverse customer base, including manufacturers, third-party logistics providers, and e-commerce companies.

Chakan's proximity to Pune has contributed to its growth as a significant industrial location in Maharashtra. The region's increasing population and the establishment of IT companies have driven demand for e-commerce services. TVSILP Chakan Warehouse benefits from this growth by offering essential resources such as skilled labour, raw materials, and efficient transportation. The warehouse's convenient access to major transportation routes, including the Pune-Nashik highway, and the planned expansion of infrastructure in the area enhance its connectivity. Combined with its commitment to quality standards, these factors make the warehouse an attractive option for businesses requiring reliable and efficient logistics solutions.

The warehouse is designed to maximize space utilization and incorporates modern features such as energy-efficient lighting and fire safety systems. It has also achieved environmental certification, demonstrating a commitment to sustainable practices.

#### 3.7.3.2 Overall Warehousing Dynamics – Supply, Vacancy and Rentals

Chakan is the most prominent and established warehousing vectors of PMR. The region comprises of approx. 61% of the completed supply. The micro-market of Chakan witnesses highest number of quality Grade A warehousing developments by prominent institutional players. The following are primary reason towards these investments in Chakan:

- Availability of large land parcels
- Moderate land values compared to other micro-markets
- Connectivity and accessibility to manufacturing and consumption hubs
- Accessibility of land for future expansion
- Established industrial and warehouse eco-system

*Table 108: Snapshot Chakan Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in PMR | Upcoming Supply |
|---|---|---|---|---|---|
| 22.5 Mn sft | 9-10% | 13.1 Mn sft | 7-8% | 64 - 65% | 4 – 5 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

Out of the completed supply of 22.5 Mn sft, Grade A comprises of 58%, and the rest being of Grade B & C. The region witnesses an absorption of approx. 2.2 to 2.5 Mn sft per annum of warehousing space over the last 4-5 years.

The quoted base rentals for Grade A warehousing development in this micro-market has been observed to be in the range of INR 28 – 30 per sft per month. Auto Industry, 3PL, Engineering & Manufacturing and E-Commerce are key industry sectors occupying warehousing spaces in the region. Prominent tenants include Bentler, BMW, Amazon, Bosch, Aptiv, Atlas Copco, Ericson, Delphi, Reliance Retail, Nippon, Leoni, Tata, Steelcase, IKEA, etc.

#### 3.7.3.3 Building Characteristics

The key building specifications for the assets Box 1 and Box 2 are enlisted in the below table:

*Table 109: Key Building Specifications*

| Particular | Specifications |
|---|---|
| Year of Operation | Box 1 – Phase 1: 2006, Phase 2: 2009<br>Box 2 – Phase 3 : 2011 |
| Leased Area | Box 1 – 2,68,877 sft |

| Particular | Specifications |
|---|---|
| | Box 2 – 89,505 sft |
| Building Structure | Pre-Engineered Building (PEB) |
| Flooring | Floor strength of 5 metric ton per sqm with FM2 concrete floor |
| Height | Box 1 – 9 m |
| | Box 2 – 12 m |
| Lighting | 250 lux |
| Fire Safety | Dual pump arrangement for hydrants and sprinklers. Automatic sprinkler system & fire hydrant system in the facility. Additional FAFD system & portable fire extinguishers installed throughout the facility |
| Office | Administrative office, conference Hall & 2 security cabins |
| Amenities and Facilities | Designated parking area for Trucks, Cars & Two-wheelers, and basic amenities such as dedicated restrooms for drivers, continuous domestic water supply, Common DG for power back up, landscaped area, CCTV Camer, Canteen, etc. |

**Source:** TVSILP

#### 3.7.3.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

In close proximity to the subject site are a number of institution developed Grade A competing facilities, including Indospace, ESR, Embassy, and KSH. Monthly asking rents for developments classified as grade A in the market vary between INR 26 and INR 30 per square foot.

This facility predates the Grade A facilities in the region. Estimates place the subject property's realistic rent for new leases between 21 and 22 INR per square foot, based on the lease asking prices of comparable facilities in the Chakan market.

#### 3.7.3.5 Demand Forecast for the subject micro – market/vector

The demand driver for this vector is primarily due to its proximity to a manufacturing hub, excellent connectivity, a skilled workforce, and suitable land availability. The area's proximity to the Pune-Nashik national highway allows for efficient movement of goods, while the nearby business hubs create demand for warehousing and logistics services. This strategic location makes Chakan a vital storage and distribution hub. Envisaged supply of approx. 3.5 – 4.5 Mn sft is planned in next 3-4 years in this vector, majority of which might be Grade A. Considering, historical absorption witnessed in Chakan, approximately 3.0 – 4.0 mn sft of demand can be expected in next 3-4 years.

*Figure 90: Park Layout of Subject Property*

## 3.8 Siliguri

### 3.8.1 City Overview

*Table 110: Demographic Snapshot of Siliguri*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | GSDP* (Lakh Crore) | GSDP GROWTH | PER CAPITA INCOME (USD) |
|---|---|---|---|---|---|
| West Bengal /Kolkata | 0.7 Mn [63] | 16,700 $Km^2$ | 17.19 | 9% | 934[64] |

**Source:** * Gross State Domestic Product of West Bengal (IBEF)

Siliguri is spread across an area of approximately 41.9 sq. kms and is located in the Darjeeling and Jalpaiguri districts of West Bengal. Most of Siliguri falls under the Darjeeling district, while a minor part falls under Jalpaiguri district. In 1907, it received its sub-divisional status with four community development blocks; Matigara, Naxalbari, Phansidewa and Khoribari as well as the corporation area, Siliguri Municipal Corporation within its administrative jurisdiction.

Siliguri is placed in the Siliguri corridor which is also known as a Chicken's Neck corridor. It is a narrow stretch of land lying in the foothills of the Himalayas and is surrounded by the Mahananda River. It is a strategic location towards the north-eastern region of India and crucial as a trading and commercial centre in North Bengal. Siliguri is the gateway to the hill stations of the Northeast, and North Bengal. It is also the transit point to the neighbouring countries of Bhutan, Nepal, and Bangladesh.

Siliguri is the second largest city within the state of West Bengal. As a commercial hub and strategically important location, Siliguri is governed by its administrative bodies which cater to the needs of its local population.

The area falling within the Siliguri Municipal Corporation is characterised by the presence of established residential and commercial activity. Major industrial and warehouse hub in Siliguri is in Fulbari and its nearby areas which accommodate large companies such as Reliance, Flipkart, Coca-Cola, ITC, and several tea and logistics companies.

*Table 111: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 27 – Connecting Porbandar & Silchar, the highway passes through key warehousing and industrial corridor of Siliguri.<br><br>National Highway 12 – Runs entirely in West Bengal. It connects NH 27 junction at Dalkhola and Bok-khali, the highway meets to key industrial areas in the region.<br><br>Asian Highway 2 – Connects Panitanki near Siliguri on India-Nepal border and Fulbari on India-Bangladesh boarder.<br><br>Sevoke Road – Connects Eastern bypass in Siliguri and goes along th NH 10 till Sevoke which is a small town in the Darjeeling. |
| Railway Network | Existing | There are mainly 3 major railway stations in Siliguri, Siliguri Town railway station, Siliguri Junction and New Jalpaiguri Junction. All the 3 stations play a vital role to connect Siliguri with rest of India. |
| Bagdogra International Airport | Existing | It is an international airport located approx. 11 – 12 kms from Siliguri CBD area and approx. 16 – 17 kms. away from New Jalpaiguri Junction.<br><br>This Airport is controlled by Indian Airforce but also allows civilian flights to operate. |
| Kharagpur-Siliguri Economic Corridor | Upcoming | NHAI have approved 4 lane expressway which will connect Kharagpur (west of Kolkata) to Siliguri. It will be a 516 kms long expressway. The project is expected to be completed by 2028. |
| Railway Network | Upcoming | On 9th March 2024 PM Shri Narendra Modi inaugurated several railway projects in North Bengal. The projects include Eklakhi - Balurghat |

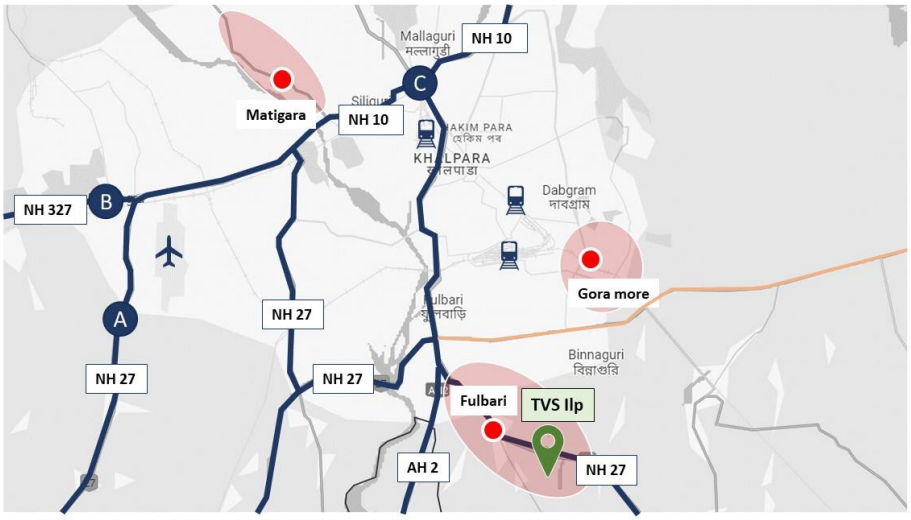
### 3.8.2 Overview of the Warehousing Market in Siliguri

| Cluster classification | Northern cluster | Eastern cluster | Central cluster |
|---|---|---|---|
| Micro-markets | Matigara | Fulbari | Gora More |
| Share of Supply in Siliguri Region | 30% | 28% | 42% |

**Source:** CBRE Research; Updated as of Q3 2024

Warehousing activity in Siliguri is spread across three major micromarkets, viz., Matigara, Fulbari and Gora More. Matigara and Gora More are the most prominent warehousing micro-markets. The majority of the supply in the form of investment-grade warehousing space (Grade A) can be found in Gora more and Fulbari, while Matigara markets primarily comprise of Grade B and C supply. Gora more contribute to a completed supply (1.32 Mn sft ~ 42%), followed by Matigara (0.91 Mn sft ~ 30%) and Fulbari (0.88 Mn sft ~ 28%). In the last couple of years, Matigara micro markets have not seen much traction owing to unavailability of large and contiguous land parcels, while Gora more and Fulbari are witnessing major demands from companies such as Reliance, Mondelez, Delhivery etc. that have a strong presence in the region.

*Figure 92: Map of Warehousing Cluster in Siliguri City*



A – NH27 (Porbandar-Silchar) B – NH327 (Galgalia-Bangaon) C – NH10 (Indo/Bangladesh-Gangtok)

**Source:** CBRE Research; Map not to scale only, for representation purpose only

### 3.8.2.1 Siliguri – Completed Supply and Absorption Dynamics

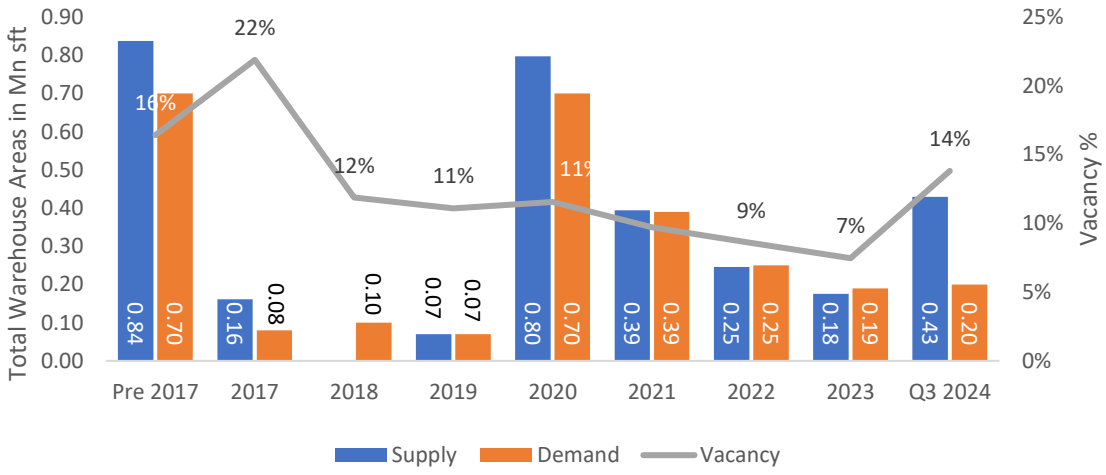
The region boasts an operational warehouse supply of approximately 3.11 Mn sft, with approximately 2.68 Mn sft currently occupied. Prior to 2018, the supply was mostly composed of Grade B, and C developments. During the last 5–6 years, the share of Grade C supply has drastically reduced due to increased demand for quality warehousing spaces from occupiers such as manufacturing, e-commerce, logistics, electronic goods, etc. Hence, witnessing a significant supply of Grade 'A' and 'B' supply.

*Table 112: Overview of Warehousing Market in Siliguri*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 3.11 | 2.67 | 0.80 Mn sft (Absorption – 80%) | 1.39 Mn sft (Absorption – 89%) | 0.91 Mn sft (Absorption – 88%) |

**Source:** CBRE Research; Updated as of Q3 2024

*Figure 93: Y-O-Y Supply & Absorption Levels in Siliguri*



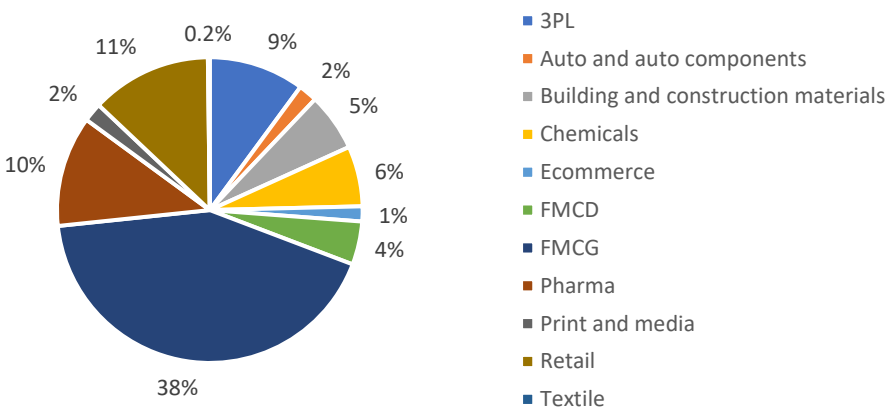
**Source:** CBRE Research; Updated as of Q3 2024

Grade A developments are primarily concentrated in Gora more and Fulbari micro-markets, catering primarily to retail and FMCG sectors. A steady increase in supply has been witnessed over the last 4 – 5 years, with an average annual supply of approx. 0.4 Mn sft. The demand for Grade A developments in these micro-markets is driven by their strategic location, proximity to key transportation hubs, and availability of skilled labour. Additionally, the presence of established industrial clusters and supportive government policies further contribute to the growth of these sectors in the region.

Grade A accounts for almost 0.88 Mn sft (26% of completed supply in Siliguri), Grade B accounts for 1.39

Mn sft (45% of completed supply in Siliguri), and Grade C accounts for 0.91 Mn sft (29% of completed supply in Siliguri). Grade A's proportion of the city's market composition is likely to rise in the next few years, due to good transport connectivity to Siliguri as well as other parts of East India, availability of land, etc., owing to increased supply and interest from national and international enterprises. The majority of warehousing activity in the region has been in the Grade B development category, which have been developed by local individuals. FMCG, 3PL, Ecommerce, Pharma and FMCD are the key tenant sectors occupying space in Grade B developments across Siliguri. Some of the key tenants present are Lupin, Pepsico, HUL, Instakart and ITC etc. 3PL players take approx. 250,000 sft, about 50,000 sft is taken by auto and auto components parts sector, building and construction materials sector occupies approx. 154,000 sft, approx. 160,000 sft is taken by chemical sector, approx. 40,000 sft occupied by ecommerce sector, FMCG sector occupies approx. 10,70,000 sft, approx. 115,000 sft is taken by FMCD sector, pharma occupies approx. 294,000 sft, print and media occupies 50,000 sft, retail sector holds an area of approx. 320,000 sft, and textile occupies an area of approx. 5000 sft.

*Figure 94: Segmentation of Absorption by Industry in Siliguri*



**Source:** CBRE Research; Updated as of Q3 2024

Presently, FMCG, pharma and retail combinedly hold more than 60% of the overall absorption. In FMCG the largest player is Coca cola occupying an area of approx. 0.2 Mn sft, followed by HUL occupying 0.1 Mn sft. If we combine all the different warehouse area occupied by Reliance, then the total area would be approx. 0.3 Mn sft.

### 3.8.2.2 Siliguri – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 0.2 – 0.3 Mn sft. , which is anticipoated to be operational by the end of 2025.

*Table 113: Bifurcation of Upcoming Supply in Siliguri*

| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 0.1 – 0.2 Mn sft | 0.05 – 0.1 Mn sft |

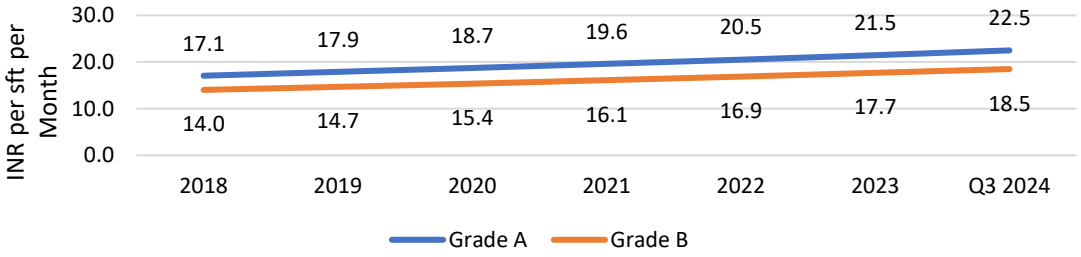
**Source:** CBRE Research; Updated as of Q3 2024

The majority of the upcoming supply is expected to be in the micromarkets of Gora more. Several individual landlords have vacant land parcels close to existing warehouse micromarkets, and they are willing to sign a build-to-suit contract with potential occupiers.

### 3.8.2.3 Siliguri Rental Dynamics

In Siliguri, the average quoted base rental for a Grade A property is between INR 21 and INR 23 per sft per month, while for a Grade B development, it is between INR 18 and INR 19. The table below lists the average rentals quoted for Grade A and B micro-markets

*Figure 95: Grade Wise Asking Rentals in Siliguri*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.8.2.4 Siliguri – Key Lease Transactions

The following table enumerate the key lease transaction in the Siliguri:

*Table 114: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Gora more | Retail | Grade A | 1,00,000 | 22 – 23 | Q4 2022 |
| Gora more | Retail | Grade A | 70,000 | 22 – 23 | Q1 2023 |
| Gora more | Retail | Grade A | 1,00,000 | 21 – 22 | Q2 2023 |
| Fulbari | FMCG | Grade A | 225,000 | 19 – 20 | Q1 2024 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.8.2.5 Northern Cluster Overview

The Northern Cluster comprise of Matigara micromarket. The cluster is located alongside Khaprail Road which connects to NH 10 and AH 2. Maa Amba Infrastructure Pvt Ltd and Simco Group are the dominant players in this micromarket. The market's proximity to Bagdogra International Airport approx. 9 – 10 kms and excellent connectivity through NH 27 have led to its emergence. The cluster comprises approximately 30% of the completed supply in the Siliguri region. In this micromarket there are no Grade A supply. Out of the completed supply in this cluster, approx. 78% of the supply is Grade B followed by Grade C with a supply of approx. 22%.

**Matigara Micro Market**

| Completed Supply | Vacancy | Grade B Supply | Grade B Vacancy | Share of Grade B Supply in SILIGURI |
|---|---|---|---|---|
| 0.91 Mn sft | 7-8% | 0.71 Mn sft | 4 – 5% | 50-51% |

Matigara is considered to be an established warehouse micromarket where several FMCG, building and construction materials, and pharma companies have already taken space. Micro-markets gained prominence largely on account of their proximity to Bagdogra International Airport (approximately. 12–13 km) and the availability of land parcels close to NH 27. FMCG, building and construction materials, and pharma are key industries, occupying approx. 78% of the completed supply in the Matigara micro-market with tenants such as ITC, HUL, Nestle, Shree Cement, PepsiCo, Lupin, Reckkit, etc. Grade B rental in this micromarket range between 16 – 17 INR/sft/month, whereas Grade C rental is between 12 – 14 INR/sft/month.

### 3.8.2.6 Eastern Cluster Overview

Eastern Cluster comprise of Fulbari micromarkets. The cluster is located on the eastern side of Siliguri, alongside NH 27. The micromarket is dominated by mainly local individual players. The market's proximity to the main city area and excellent connectivity through NH 27 have led to its emergence. The cluster comprises approximately 24% of the completed supply in the Siliguri region. Out of the completed supply in the Fulbari cluster, approximately 54% of the supply is Grade A, followed by Grade B and Grade C with a supply of 22% & 24% respectively.

**Fulbari Micro Market**

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in SILIGURI |
|---|---|---|---|---|
| 0.88 Mn sft | 20-21 % | 0.48 Mn sft | 24% | 55-60 % |

**Source:** CBRE Research; Updated as of Q3 2024

Proximity to the National Highway and the main city area have resulted in the growth of Fulbari as a micro-

market. Several multinational and national companies, such as Coca cola occupying Grade A development, Mondelez, Instakart and Delhivery occupying Grade B development, and companies like Keventer, Emami Frank Ross, etc are occupying Grade C developments in this micromarket. Grade A rental in this micromarket range between 21 – 23 INR/sft/month, whereas Grade B rental is between 17 – 18 INR/sft/month. However, due to recent completions, the vacancy rate in Grade A developments currently stands at 24%. Nevertheless, this vacancy is expected to decline in the near future, driven by rising consumption demand and the growing need for high-quality warehouses

**Central Cluster Overview**

The Central Cluster of Siliguri warehousing market comprises Gora more micromarkets, constituting nearly 42% of the overall completed supply until Q3 2024.

**Gora more Micro Market**

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in SILIGURI |
|---|---|---|---|---|
| 1.32 Mn sft | 14-15% | 0.32 Mn sft | 14-15% | 40-45% |

**Source:** CBRE Research; Updated as of Q3 2024

Gora more is the nearest to the city compared to other micromarkets in the region. In this belt, several companies, such as Exide, Amul, Amazon, Reliance, Dabar, Berger paints, Bisk farm, Tata tea, etc are present. In this micromarket the Grade A rentals are approx. 21 – 23 INR/sft/month, for Grade B the rentals are approx. 15 – 19 INR/sft/month and Grade C rentals are approx. 12 – 15 INR/sft/month.

### 3.8.2.7 Siliguri – Overall Market Outlook

Siliguri warehousing market is one of the most prominent warehousing markets across east India, mainly on account of its connectivity to the NH 27, multiple existing and upcoming ports, industrial areas of Gujarat, Rajasthan, Madhya Pradesh, West Bengal, and Assam, and robust road network. Prior to 2019, Siliguri had the majority of the supply in the form of Grade B and Grade C developments. With the rise in the retail, FMCG, e-commerce sectors, the market witnessed a higher influx of Grade A developments. With increased demand for warehouse space from multinational and national companies coupled with the improvised road infrastructure, demand for Grade A warehouses is expected to rise in the upcoming years. Further, increase in supply is expected in Fulbari owing to availability of developable land parcels, excellent road connectivity, proximity to industrial areas.

The current prevalent asking rent in Siliguri is in the range of INR 21–23 sft/month for Grade A warehousing developments in the areas of Gora more and Fulbari. For Grade B warehouses, the asking rentals are witnessed to be in the range of INR 17–19 sft/month. The asking rentals in the market to remain range-bound in the short to medium term with market standard escalation of 4-5% annually.

### 3.8.3 Micro Analysis - (Subject Property Location ~ Fulbari)

*Table 115: Subject Property ~ Fulbari*

### 3.8.3.1 Subject Property Snapshot

Siliguri, a major Tier 2 city in West Bengal, spans the Darjeeling and Jalpaiguri districts and serves as the "Gateway to North-East India." Traditionally known for tea, timber, and tourism, the city has experienced significant growth in transportation in recent times. Its strategic location in West Bengal, with proximity to international borders with China, Nepal, Bangladesh, and Bhutan, makes it a crucial trading hub. Excellent air and rail connectivity further enhance its importance. The city's growing educational sector attracts a young population from North Bengal and the Northeast, contributing to its emergence as a consumption center. Siliguri also aims to establish itself as an IT hub in the future.

Siliguri, the commercial capital of North Bengal, boasts an extensive transportation network. Its proximity to industrial areas in Cooch Behar and Jalpaiguri positions it as a potential service provider to key industries such as food processing, retail, e-commerce, logistics, pharmaceuticals, fast-moving consumer goods, and hospitality. The city's connectivity through NH 27, part of the Asian Highway 2 project, enhances its accessibility.

The warehouse is located 17 kilometers from the city and 13 kilometers from New Jalpaiguri railway station. Bagdogra International Airport is 25 kilometers away.

### 3.8.3.2 Overall Warehousing Dynamics – Supply, Vacancy and Rentals

Fulbari is an upcoming warehousing vector in Siliguri. The region comprises approximately 28% of the completed supply. The following are the primary reasons for these investments in Siliguri:

- Availability of large land parcels
- Connectivity and accessibility to manufacturing and consumption hubs
- Accessibility of land for future expansion

*Table 116: Snapshot Fulbari Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Siliguri |
|---|---|---|---|---|
| 0.88 Mn sft | 20-21 % | 0.48 Mn sft | 24% | 55-60 % |

**Source:** CBRE Research; Updated as of Q3 2024

Out of the completed supply of 0.88 Mn sft, Grade A comprises of 54%, and the rest being of Grade B & C.

The asking rentals for Grade A warehousing development in this micro-market has been observed to be in the range of INR 22 – 23 per sft per month. FMCG, FMCD, Pharma and Chemicals are key industry sectors occupying warehousing spaces in the region, prominent tenants include Coca Cola, Mondelez, Delivery, etc.

### 3.8.3.3 Building Characteristics

The key building specifications for the asset are listed in the following table:

*Table* 117*: Key Building Specifications of Siliguri Asset*

| Particular | Specifications |
|---|---|
| Building Structure | Pre-Engineered Building (PEB) |

| Particular | Specifications |
|---|---|
| Flooring | FM2 flooring |
| Height | Ridge height of 1.2 m. and Eave's height of 12 m. |
| Lighting | Lux level – 150 lux @ 1.00 m from FFL. High bay fitting on the building profile, Common PCC panel & capacitor panel at the substation. |
| Fire Safety | Fire hydrant system, Firefighting water, Automatic sprinklers system |
| Office | Mezzanine area |
| Amenities and Facilities | Truck apron and parking, driver and labor rest room, and basic specifications such as - fire tank, common amenity space, first aid facility. |

**Source:** TVSILP

#### 3.8.3.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

Limited Grade A competing facilities, which were developed by individuals, are situated in close proximity to the subject property. These facilities conform to the building specifications in accordance with quality Grade A development standards. Rentals for quality grade A developments in the market range between INR 18 and INR 23 /sft per month. It is postulated that the achievable rent for the subject property is between INR 22 and INR 24 /sft per month (CAM included), based on an analysis of comparable rental rates in the Fulbari market.

#### 3.8.3.5 Demand Forecast for the subject micro – market/vector

The demand for warehousing space in Siliguri is expected to rise steadily in the coming years, driven by the flourishing FMCG, e-commerce, and 3PL logistics sectors. This growth is primarily fueled by the availability of land and the presence of a well-established warehousing ecosystem within Siliguri.

However, there's a lack of large-scale warehousing projects currently planned for Fulbari. While negligible upcoming supply is planned specifically for Fulbari, the broader Siliguri market anticipates new developments totalling 0.2 – 0.3 Mn sft. Considering Siliguri's historical absorption rate, an estimated demand of 1.0 – 1.2 Mn Sft is expected within the next 3-4 years.

## 3.9 Sullurpet

### 3.9.1 City Overview

*Table 118: Demographic Snapshot of Sullurpet*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | GSDP (USD) | GSDP GROWTH | PER CAPITA INCOME (USD) |
|---|---|---|---|---|---|
| | (Sullurpet) | | (Andhra Pradesh) | | |
| Andhra Pradesh /Amaravati | 91,500[65] | 406 /km$^2$ | 165 Bn | 11.17% | 2,749 |

**Source:** AP Socio-Economic Overview; AP Environmental Information System

Sullurpet Mandal forms part of the newly carved out Tirupati district. With the reorganization of districts and formation of new revenue divisions, Sullurpet was made the mandal headquarters and the headquarters of the Sullurpet revenue division making it the key destination for surrounding villages for any economic and industrial activity. Sullurpet Municipality was constituted as Grade-I Municipality (Municipality with an annual income of >INR 4 Cr. and <INR 6 Cr.) in 2012 and it is a gateway to "Sathish Dhavan Space Centre (SHAR)" Sriharikota, which is India's Rocket Launching Space Centre located at a distance of approx. 23 km from Sullurpet.

Sullurpet is located towards the east coast of Andhra Pradesh in proximity to key industrial hubs like Sri City, Chennai, and the Mambattu APIIC area. With the establishment of SHAR in 1969, the region witnessed infrastructural growth and with the inauguration of Sri City in 2008, industrial growth was witnessed in the region.

*Table 119: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 16 – Connecting Kolkata & Chennai, the highway passes through key warehousing and industrial regions such as Kolkata, Bhubaneshwar, Brahmapur, Visakhapatnam, Vizianagaram, Vijayawada, etc.<br><br>Sullurpet is located between Nellore and Chennai on the NH 16 stretch, towards the Eastern part of the Highway. National Highway 16 connects Sullurpet to other key cities of Andhra Pradesh such as Visakhapatnam, Vijayawada, etc. and Chennai in Tamil Nadu. |
| Railway Network | Existing | Sullurpet railway station connects the region to Chennai in the South and Nellore in the North. |
| Tirupati Airport | Existing | The nearest airport to the subject location is Tirupati Airport, located approx. 60 km from the subject region. |

**Source:** CBRE Research; Map not to scale only, for representation purposes only

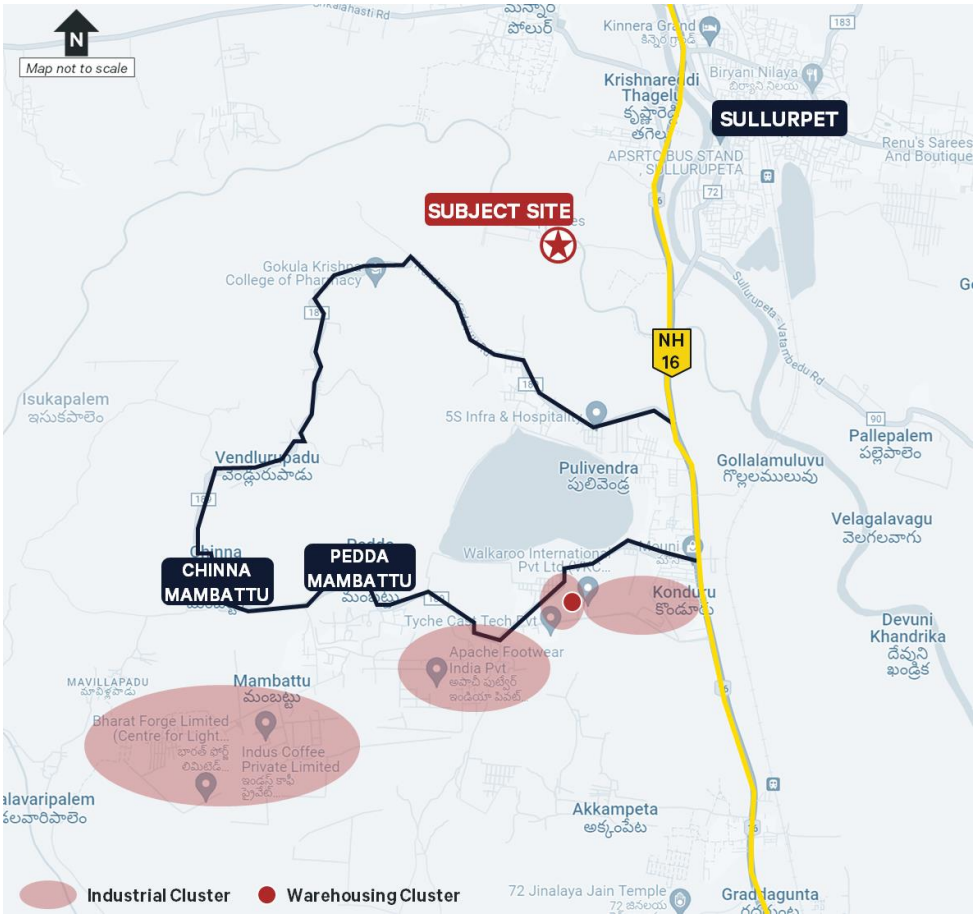
### 3.9.2 Overview of the Warehousing & Industrial Market in Sullurpet

| Cluster Classification | Mambattu – APIIC |
|---|---|
| Micro-markets | Kadaluru, Pedda Mambattu |

Industrial and warehousing activity in Sullurpet is concentrated near the Mambattu APIIC area located towards the western side of the town. The region has various industries set up within the APIIC industrial area with captive warehousing space and hence most of the existing industries have no requirement for external warehousing. Based on our market understanding, the subject region does not have many warehousing developments owing to lower demand. The existing supply is built-to-suit and on-demand basis for partial/complete industrial setup, mostly in the small-scale manufacturing segment.

The Mambattu region has approx. 0.52 mn sft of warehousing supply as of Q3 2024. All the supply is absorbed as it has been constructed on a built-to-suit basis. The warehouses within the Mambattu region have been occupied by manufacturing plant suppliers and other industrial suppliers operating majorly in the APIIC cluster.

*Figure 98: Map of Warehousing Cluster in Sullurpet*



**Source:** CBRE Research; Map not to scale only, for representation purposes only

### 3.9.2.1 Sullurpet – Completed Supply and Absorption Dynamics

As highlighted earlier, the region has approximately 0.52 Mn sft of operational industrial and warehousing supply with 100% occupancy. The supply is primarily of Grade B nature from occupiers of the Engineering & Manufacturing segment, with occupiers such as Ludetong and IMI.

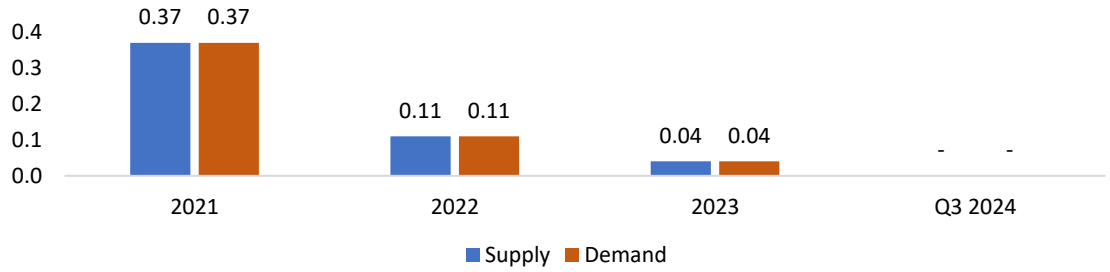
*Table 120: Overview of Warehousing Market in Sullurpet*

| Completed Supply (Mn sft) | Total Absorption Mn Sft | Share of Grade A Completed Supply (%) |
|---|---|---|
| 0.52 | 0.52 | 71%<br>(Absorption – 100%) |

**Source:** CBRE Research; Updated as of Q3 2024

Since the subject region is primarily an industrial location with very minimal activity of warehousing, the supply in the region is of a Built-to-Suit nature. Another 0.05 – 0.06 mn sft of supply is planned for construction in the region dependent on the potential demand in the future. Of the completed supply of 0.52 mn sft, 0.37 Mn sft (Grade A) supply was completed in 2021. The region experienced the completion of a 40,000 square foot Grade B development in 2023, which was subsequently leased to an engineering and manufacturing tenant. Additionally, the region has not seen any substantial increase in supply as of the 3rd quarter of 2024.

*Figure 99: Supply Absorption Dynamics of Sullurpet*



**Source:** CBRE Research; Updated as of Q3 2024

#### 3.9.2.2 Sullurpet – Upcoming Supply Dynamics

The Mambattu Micro Market is anticipated to see an influx of new warehouse space in the range of 0.27 to 0.28 million square feet by the end of 2024 or early 2025. This upcoming supply will be primarily comprised of Grade A development along with Grade B warehousing, catering to the area's established Engineering & Manufacturing sector.

*Table 121: Bifurcation of Upcoming Supply in Sullurpet*

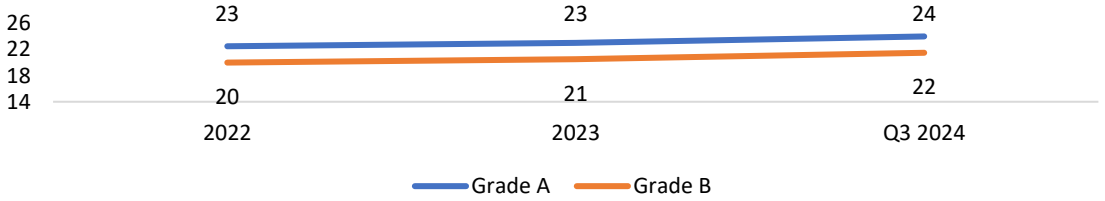
| UNDER CONSTRUCTION SUPPLY | PLANNED SUPPLY |
|---|---|
| 0.27 – 0.28 Mn sft | 0.02 – 0.03 Mn sft |

**Source:** CBRE Research; Updated as of Q3 2024

#### 3.9.2.3 Sullurpet – Asking Rental Dynamics

The average quoted base rental in Sullurpet is INR 23 – 25 /sft /month for a Grade A development, and INR 21 – 23 /sft /month for Grade B development.

*Figure 100: Rental Trends – Sullurpet*



**Source:** CBRE Research; Updated as of Q3 2024

#### 3.9.2.4 Sullurpet – Key Lease Transactions

The following table enumerates the key lease transactions in Sullurpet:

*Table 122: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Sullurpet | Engineering & Manufacturing | Grade A | 3,70,719 | 24 – 25 | 2021 |
| Mambattu | Engineering & Manufacturing | Grade B | 35,000 | 21 – 22 | 2022 |
| Mambattu | Engineering & Manufacturing | Grade B | 35,000 | 22 – 23 | 2022 |
| Mambattu | Engineering & Manufacturing | Grade B | 40,000 | 22 – 23 | 2022 |
| Mambattu | Engineering & Manufacturing | Grade B | 40,000 | 22 – 23 | 2023 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.9.3 Micro Analysis - (Subject Property Location ~ Sullurpet)

*Table 123: Subject Property ~ Sullurpet*

| | | |
|---|---|---|
| Name of the Development | Indutch Composites Technology Pvt Ltd | |
| Location | Sullurpet, Tirupati Dist., Andhra Pradesh | |
| Phasing | Sullurpet I | Sullurpet II |

### 3.9.3.1 Subject Property Snapshot

Sullurpet, situated in Andhra Pradesh, is experiencing rapid growth in the warehousing and industrial sectors due to its strategic location along National Highway 16. This key transportation route connects Chennai and Kolkata, making Sullurpet a crucial transit point for goods. The proximity to major ports like Chennai and Krishnapatnam further enhances its importance for import-export activities. The region's expanding industrial base, encompassing textiles, pharmaceuticals, and automotive components, drives the demand for warehousing facilities to store raw materials and finished products. Ongoing infrastructure development, such as improvements to NH-16 and the construction of dedicated freight corridors, is enhancing Sullurpet's connectivity and attractiveness as a manufacturing location.

The park is strategically positioned in Sullurpet, equidistant from Krishnapatnam and Ennore ports, and within 95 kilometers of an airport. Its location on NH16 and proximity to industrial centers like Sri City and Chennai make it a significant trade hub. The park houses a leading wind blade manufacturing company serving global multinational corporations.

### 3.9.3.2 Overall Warehousing Dynamics – Supply Vacancy and Rentals

Mambattu and Sullurpet regions comprise the completed supply of 0.15 Mn sft. The following are the primary reasons for these investments in Sullurpet and surrounding regions:

- Presence of industrial ecosystem
- Proximity to manufacturing and consumption hubs such as Nellore, Sri City, Sri Kalahasti, etc.
- Connectivity to major cities and economic hubs through National Highway 16

### 3.9.3.3 Industrial Establishment Dynamics

The subject location is located within Tarakeswara Textile Park, however, there is no other industrial activity in the immediate surroundings of the subject property. The closest industrial establishment is located in the Mambattu APIIC region which is located approx. 5 km from the subject property.

The total gross extent of the Mambattu APIIC region is approx. 983.35 acres of which an extent of approx. 900.22 acres have been allocated to various industries. Approx 75% of the allotted land of 900.22 acres has been developed. The majority of industries belong to footwear, polymers, and chemical sectors. Some of the major allottees in the region are:

*Table 124: Major Allottees in the Mambattu APIIC Region*

| SL. NO. | NAME OF THE INDUSTRY | SECTOR | LAND AREA ALLOTTED (ACRES) |
|---|---|---|---|
| 1 | Apache Investments Holding | Footwear | 313.57 |
| 2 | Bharathiya International Ltd | Leather Apparel | 250.49 |
| 3 | Bharat Forge Limited | Metal Forging | 97.34 |
| 4 | Tata Chemicals Limited | Chemicals | 44.81 |
| 5 | Regen Powertech Private Limited | Wind Energy | 44.73 |
| 6 | Indus Coffee Pvt. Ltd. | Food Products & Beverages | 28.59 |
| 7 | Epack Polymers Private Limited | Prefabricated Structure Manufacturer | 23.3 |

**Source:** CBRE Research

### 3.9.3.4 Building Characteristics

As highlighted above, the subject property is being developed in 2 phases, with phase I operational since 2021 and phase II expected to be completed by the end of 2024. The key building specifications for the asset are enlisted in the following table:

*Table 125: Key Building Specifications of Sullurpet Asset*

| Particular | Specifications |
|---|---|
| Building Structure | Pre-engineered building (PEB) structured warehousing park with metal panels up to the roof |
| Flooring | Flat/super flat floors with FM2-compliant design to support high cube-racking |
| Height | 22m bay – 10.62 m to the eaves<br>30m bay – 19.18 m to the eaves<br>40m bay – 10.62 m to the eaves<br>10m bay – 5.00 m to the eaves |
| Lighting | Energy-efficient lighting & skylights. Open sky ventilation at multiple points |
| Fire Safety | Ceiling sprinklers, external and internal hydrants |
| Office | office space of over 2 floors (Ground – 4.65m & Mezzanine – 5.87 m high) |
| Amenities and Facilities | Truck yard and a parking lot, and basic specifications such as an underground water tank, sewage treatment plant, organic waste converter, rainwater harvesting pond, common amenity space, facility management office, first aid room, and control room |
| Fit-outs | Additionally, TVSILP has provided HVAC systems, EOT Crane Systems, Ventilation & Air Conditioning Systems, Compressed Air Systems, Electrical Systems, Dust Extraction Systems, Deburring Chamber Systems, Internal Partition Walls, Floor Trench Covers, Water Cooling Systems, STPs, and Racking Provisions in both the storage units and the 20 m bay. |

**Source:** TVSILP

### 3.9.3.5 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

Limited warehousing developments are located in the vicinity of the subject property. Notwithstanding this, a considerable number of operators in the manufacturing sector have built and are currently utilizing state-of-the-art industrial facilities. The facilities comply with the building specifications for Grade A warehouse developments.

The rentals commanded by grade B warehouses in the market are in the range of INR 23 – 25 per sft per month. The subject property's achievable rent level would be in a similar range for warehousing purposes. Still, considering that the subject property has additional fit-outs, plant & machinery along with open storage yards provided by TVSILP, the rentals are expected to be on the higher side for the subject property. This is due to the added value of these amenities and features, which can justify a higher rental rate compared to standard grade B warehouses in the market in the range of INR 29 – 30 per sft per month. The subject property's unique offerings make it a desirable option for potential tenants looking for a well-equipped space.

The various industrial establishments in the vicinity of the subject property are located within the Mambattu industrial region with land parcels being allotted by the APIIC, hence the industries get various benefits from the government such as stamp and registration fee waivers, single desk clearances, provision of support infrastructure, etc. Hence, the rentals for the subject site would not be exactly comparable to the industrial facilities located in the Mambattu region. Also, of the allocated land of 900.22 acres, only 208.03 acres have been allotted under the lease deed.

#### 3.9.3.6 Demand Forecast for the subject micro-market/vector

Over the next two years, the Mambattu APIIC region is projected to receive an estimated 0.4 –0.5 mn sft of industrial and warehousing supply, the majority of which will be Grade A/B. Industrial and warehousing developments in the region are primarily motivated by the industrial ecosystem, land accessibility, and strategic location that facilitates industrial units. Demand is projected to increase by 0.6 to 0.7 mn sft over the subsequent three to four years, according to historical micro market absorption data. However, given the built-to-suit nature of the subject development for an industrial facility, the subject development is leased out by the existing tenant, Indutch Composites Technology Ltd with a 5-year lock-in period and a lease term of 12-years as per the lease agreement on 24-02-2021. Also, as per the site-level understanding and phase II lease agreement, the existing tenant has an agreement to occupy the under-construction phase-II development with 4 years and 6 months of lock-in period and a lease term of 10 years. This is expected to suffice the demand at the subject site.

In case the existing tenant vacates the property, a tenant of similar profile and requirements has to take up the space considering the provisions and equipment at the subject property, or it can be expected that the asset would be leased at a discounted rate. It is crucial to ensure a smooth transition to maintain the property's value and profitability.

*Figure 101: Park Layout of Sullurpet Asset*

## 3.10 Vijayawada

### 3.10.1 City Overview

*Table 126: Demographic Snapshot of the City*

| STATE/CAPITAL | POPULATION | POPULATION DENSITY | GSDP (USD) | PER CAPITA INCOME (USD) |
|---|---|---|---|---|
| Andhra Pradesh/Amaravati | 2.2 Mn | 259 /km$^2$ | 165 Bn | 2,749 |

**Source:** [1] UN Projections of Population, base Census of India; DDP Report 2021; Andhra Pradesh Govt

Being "The Business Capital of Andhra Pradesh," Vijayawada encompasses an approximate area of 62 km2. The administration of Vijayawada is the responsibility of the Vijayawada Municipal Corporation (VMC).

Vijayawada, a thriving city in Andhra Pradesh, serves as the commercial, cultural, and intellectual hub of the state. Its economy is underpinned by a robust industrial base, with significant contributions from sectors like textiles, real estate, and agriculture. The city's vibrant educational landscape, encompassing institutions of higher learning, further fuels its intellectual and economic growth. Reflecting this economic dynamism, Krishna District, where Vijayawada is located, emerged as a major contributor to the state's economy in 2018-19, accounting for a substantial 13.43% share (INR 1,14,811 Cr) of the state's Gross Value Addition (INR 8,55,045 Cr), solidifying its position as a key driver of economic activity in Andhra Pradesh.

With Andhra Pradesh's Industrial Development Policy 2020-23, the following sectors have been identified as thrust sectors and are expected to boost industrial activity in the city:

- Aerospace and defence
- Automobiles
- Electronics
- Food processing
- Footwear and leatherwear
- Petrochemicals and allied industries
- Pharmaceuticals and biotechnology
- Textiles
- Toys and furniture
- Machinery, precision equipment, and mineral-based industries

Vijayawada is distributed into several zones based on the nature of real estate activity witnessed in each zone.

- **Central Business District (CBD)**: Vijayawada's CBD is characterized by major social infrastructure such as schools, malls, and restaurants. The region also consists of various hospitality developments catering to business travelers and tourists, as well as prominent retail high street activity. Key micro markets include Benz Circle, Krishnalanka, and Governor Peta.

- **East Zone**: The East Zone of Vijayawada is a fast-growing commercial and logistics region with mostly unorganized residential clusters. The growing IT industry in some micro-markets in the region is driving the demand for office spaces and organized residential activity. Apart from this, the region is also witnessing a growing interest in industrial and warehousing real estate due to the area's strategic location, with NH 65 passing through the cluster, connecting Vijayawada to the Machilipatnam port area.

- **South Zone**: Towards the south of Vijayawada, the planned city of Amaravati is being developed as the capital of Andhra Pradesh. With the development of Amaravati and the surrounding micro-markets of Mangalagiri, Tadepalli, etc. in progress, there is a lot of potential in the region, which can also be attributed to the connectivity of the city to Guntur via NH 16, which is an industrial and commercial hub. However, given the slower pace of development in Amaravati, the region is relatively nascent in terms of various real estate asset classes.

- **North Zone**: North Vijayawada is characterized by the presence of unorganized residential clusters, as well as a growing logistics and industrial segment. The natural extension of the city can be attributable to the historic settlements in the region's residential pockets. There is a large presence of warehousing activity in the region due to the region's connectivity to industrial hubs like Nuzividu.

- **North-East Zone**: North-East Vijayawada is witnessing increased real estate activity due to the region's proximity to the Gannavaram International Airport, which has led to the growth of the hospitality industry. The airport's presence also makes it a strategic location for warehousing and logistics businesses.

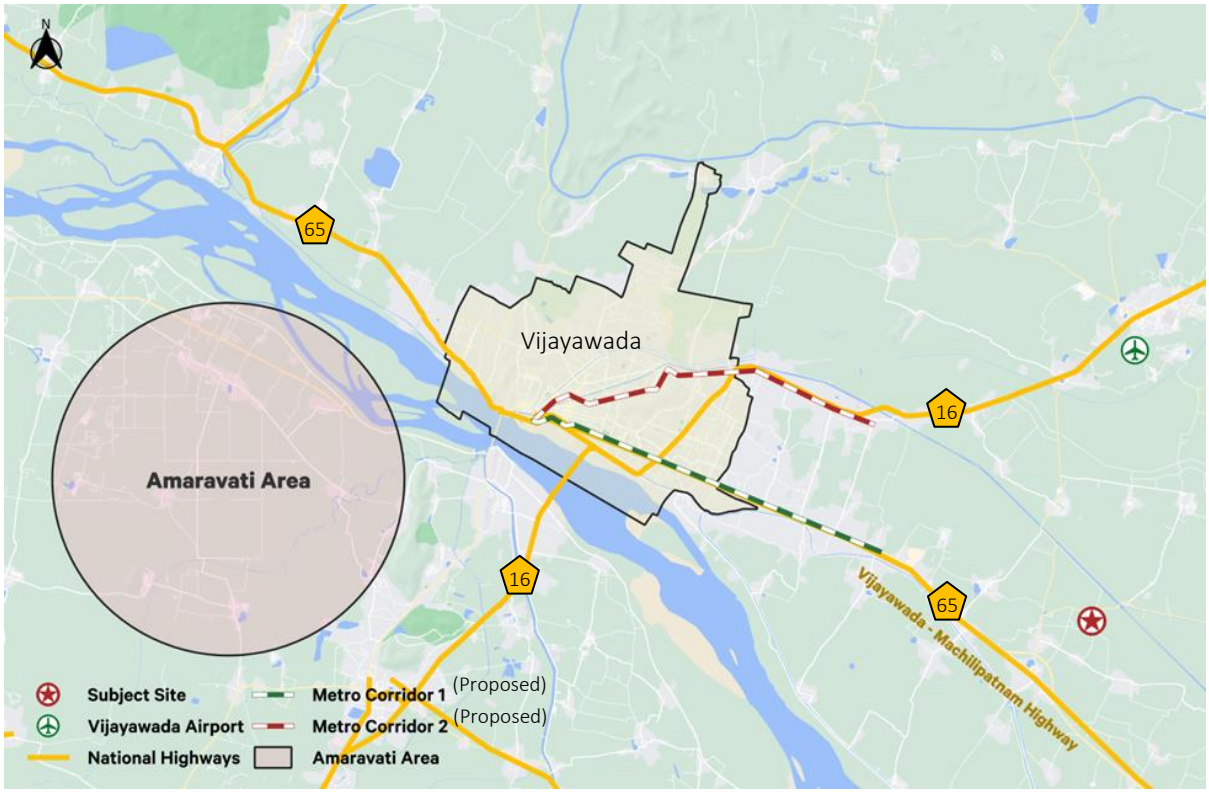
- **West Zone**: Vijayawada's West Zone is characterized by organized residential and commercial pockets, as well as nascent warehousing activity. Due to the substantial demand for residential projects in the region, the zone has witnessed the development of schools, hospitals, and other social infrastructure.

*Table 127: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 65 – Connecting Pune and Machilipatnam, the highway passes through the heart of the city, passing by various residential, commercial, and industrial clusters of Vijayawada<br><br>National Highway 16 – Connecting Kolkata and Chennai, the highway passes through the heart of Vijayawada and connects the city to Amaravati, and other major cities like Guntur and Ongole. |
| Vijayawada Metro Project | Planned | The government of Andhra Pradesh has proposed a metro rail project to enhance public transportation in the city<br><br>The last stop towards the subject site is Gangur which forms part of the first corridor of Vijayawada metro. This provides good accessibility to the subject property, as the distance between the two points is 10 km. |
| Amaravati City Planning | Upcoming | The city of Amaravati, located between Vijayawada and Guntur, is being developed as the new capital of Andhra Pradesh. Although progress has been slow, the city is expected to grow in the future. |
| Vijayawada-Machilipatnam Highway | Planned | The Vijayawada-Machilipatnam highway (NH 65), which is approx. 3-4 km from the subject site, is proposed to be expanded from a 2-lane highway into a 6-lane highway, increasing connectivity to the city by a large margin. This initiative will directly impact the subject site, providing better accessibility to the Machilipatnam port area and other key micro markets of the city. |

**Source:** CBRE Research

*Figure 102: Map of Key Infrastructure Initiatives*



**Source:** CBRE Research; Map not to scale only, for representation purposes only

## 3.11 Overview of the Warehousing Market in Vijayawada

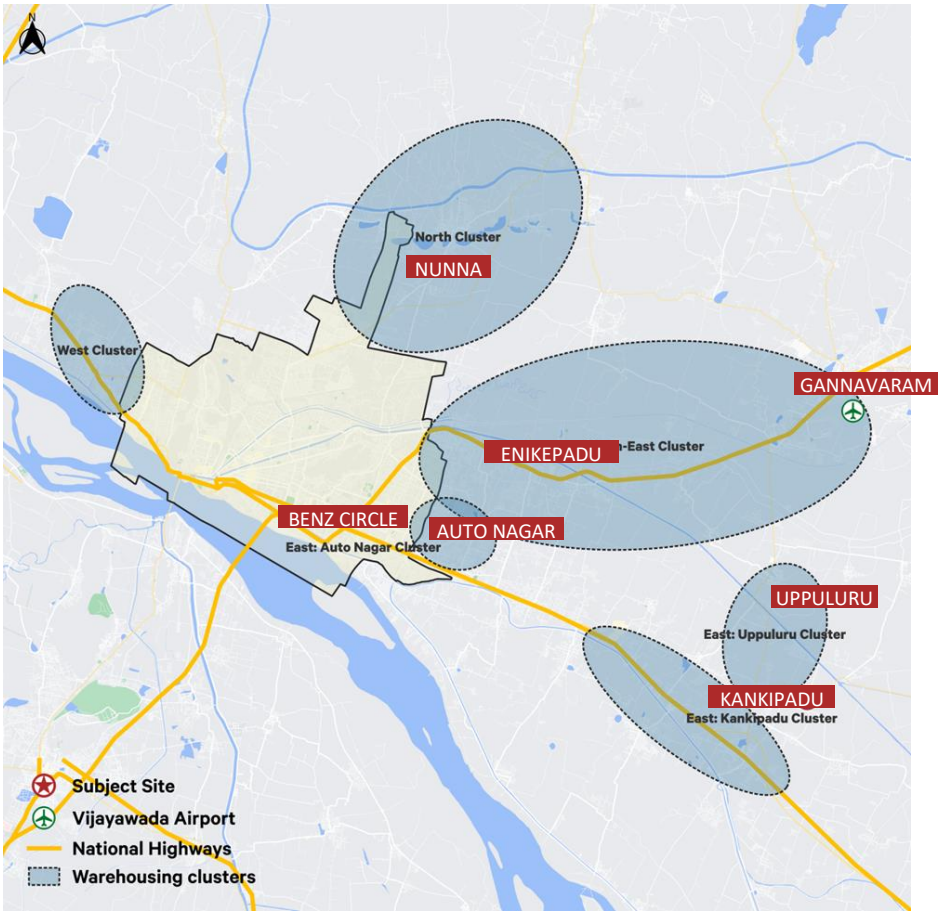
| Cluster Classification | EAST Cluster | NORTH Cluster | NORTH-EAST CLUSTER | WEST CLUSTER |
|---|---|---|---|---|
| Micro-markets | Auto Nagar, Kankipadu, Uppuluru | Nunna | Enikepadu, Gannavaram, Gudavalli, Kesarapalli, Nidamanuru | Bhavanipuram, Gollapudi, Ibrahimpatnam |
| Share of Supply in Vijayawada Region | 1.71 Mn sft (32%) | 1.13 Mn sft (21%) | 2.20 Mn sft (42%) | 0.23 Mn sft (4%) |

**Source:** CBRE Research; Updated as of Q3 2024

Warehousing activity in Vijayawada is spread across three major zones, viz. North, North-East, and East. Within these zones are some of the most prominent warehousing clusters of the city.

Nunna, Uppuluru, Nidamanuru, Enikepadu, Auto Nagar, and Gudavalli are the most prominent warehousing micro markets with the majority of the supply accounting for a supply of approx. 3.80 Mn sft as of Q3 2024 (~72% of the completed supply), while markets such as Kankipadu, Kesarapalli, and Gannavaram are the upcoming micro markets with approx. 1.26 Mn sft (~24% of the completed supply). The majority of the warehousing supply in Vijayawada is developed by individual developers and landowners.

*Figure 103: Map of Warehousing Clusters in Vijayawada*



**Source:** CBRE Research; Map not to scale only, for representation purposes only

### 3.11.1.1 Vijayawada – Completed Supply and Absorption Dynamics

The city has approximately 5.5 Mn sft of operational warehousing supply, of which approximately 5.3 Mn sft is occupied. Over the last 3 – 4 years, Grade A supply has increased in the city with a new supply addition of 1.4 Mn sft since 2020.

*Table 128: Overview of The Warehousing Market In Vijayawada*

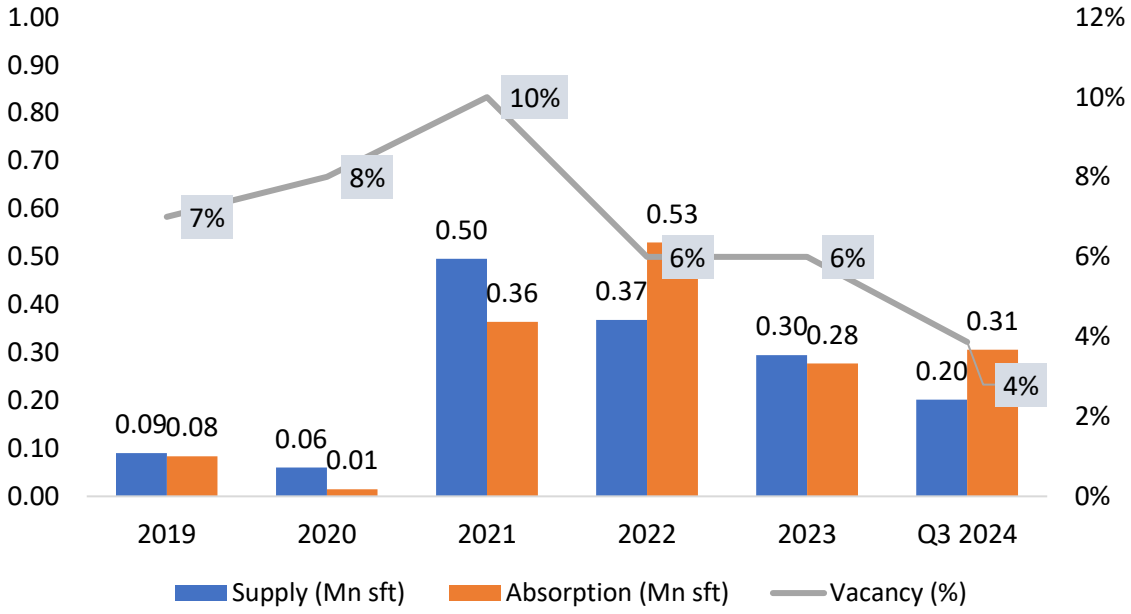
| Completed Supply (Mn sft) | Total Absorption (Mn sft) | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 5.5 | 5.3 | 29% (Absorption – 100%) | 60% (Absorption – 96%) | 11% (Absorption – 98%) |

**Source:** CBRE Research; Updated as of Q3 2024

Grade A developments are primarily concentrated in Enikepadu, Gannavaram & Gudavalli micro-markets catering primarily to FMCG, 3PL, and other sectors. A steady increase in Grade A supply was witnessed over the last 5 years (2019 – 2023) with an average annual supply of approx. 0.20 – 0.22 Mn sft.

Of the completed supply in Vijayawada, Grade A amounts to nearly 1.6 Mn sft (29% share); Grade B – 3.3 Mn sft (60%) and Grade C – 0.73 Mn sft (11%).

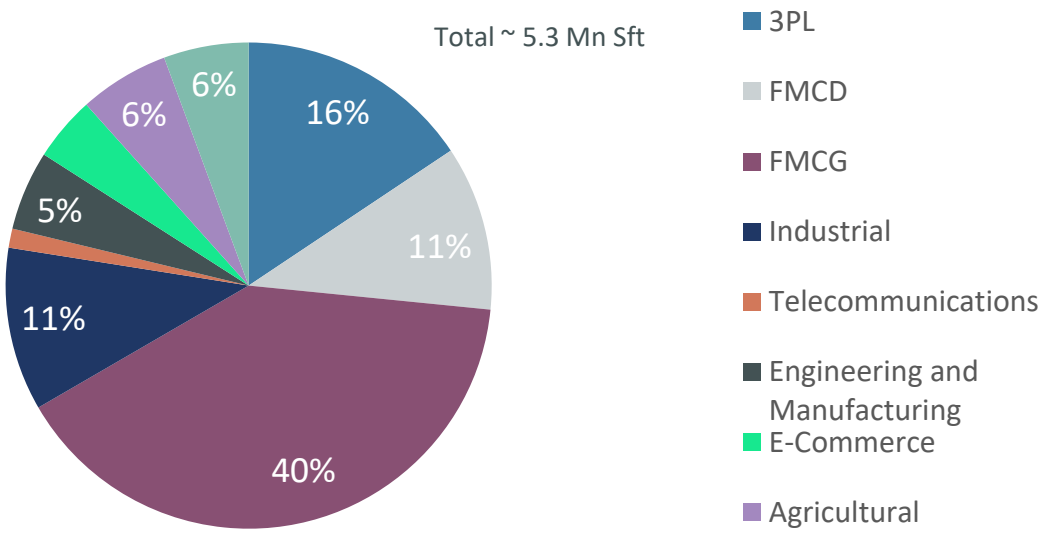
*Figure* 104*: Supply-Absorption Dynamics – Vijayawada*



**Source:** CBRE Research; Updated as of Q3 2024

Logistics (3PL) & Distribution, E-Commerce, and FMCG are the key tenant sectors occupying space in Grade A developments across Vijayawada. Some of the key tenants present are Abbott India, Delhivery, Hindustan Unilever Limited, Reliance, 20Cube, Marico, Medplus etc. Typical space off-take of 3PL & Logistics players is between 1,10,000 – 1,20,000 sft, while FMCG and FMCD segments require a slightly larger area to the tune of 1,30,000 – 1,50,000 sft. The FMCG sector accounts for approx. 40% of the total demand in Vijayawada.

*Figure 105: Segmentation Of Absorption By Industry In Vijayawada*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.11.1.2 Vijayawada – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 0.5 – 0.6 Mn sft, across Grade A warehousing space and is expected to get operational by 2026.

*Table 129: Bifurcation Of Upcoming Supply In Vijayawada*

| MICRO-MARKET | BUILT-UP AREA (MN SFT) | year of completion |
|---|---|---|
| Gannavaram | 0.17 | 2025 |
| Nidamanuru | 0.05 | 2026 |
| Kankipadu | 0.30 | 2025 |

**Source:** CBRE Research; Updated as of Q3 2024

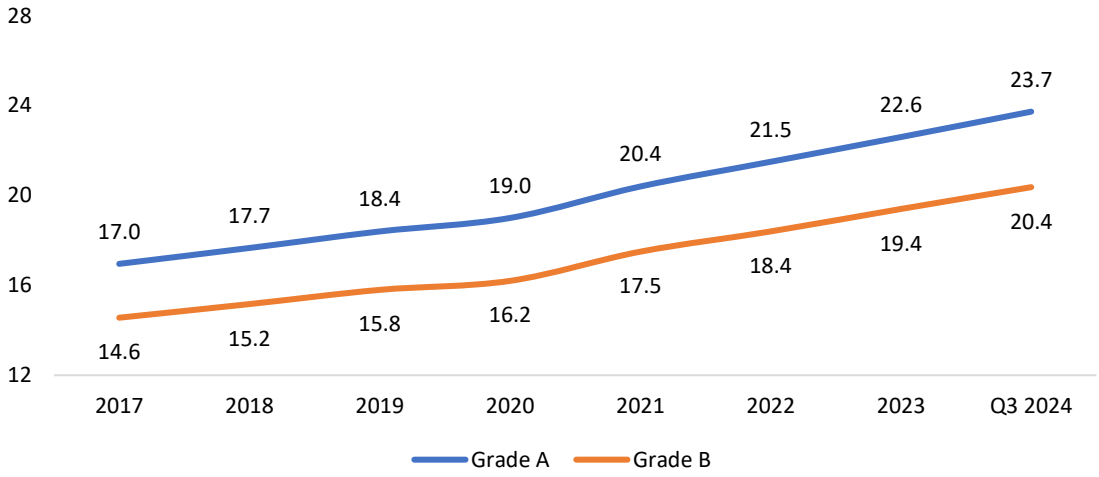
### 3.11.1.3 Vijayawada – Asking Rental Dynamics

The average quoted base rental witnessed in Vijayawada is INR 21 – 24 / Sft / month for a Grade A development and between INR 17 – 20 / Sft / month for a Grade B development. Micro Market Wise Grade A and B Average Asking Rentals are enumerated below in the table:

| Micro-Market | Q3 2024 | |
|---|---|---|
| Grade | A | B |
| Auto Nagar | 24 – 27 | 20 – 22 |
| Enikepadu | 22 – 24 | 19 – 22 |
| Gannavaram | 20 – 23 | - |
| Gudavalli | 21 – 24 | 18 – 20 |
| Kankipadu | 20 – 23 | 17 – 20 |
| Nunna | 20 – 22 | 18 – 20 |
| Uppuluru | 22 - 24 | 17 – 19 |

**Source:** CBRE Research; Updated as of Q3 2024

*Figure 106: Rental Trends – Vijayawada*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.11.1.4 Vijayawada – Key Lease Transactions

The following table enumerates the key lease transactions in the city:

*Table 130: Details Of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Kankipadu | FMCD | Grade A | 150,000 | 21 - 23 | 2024 |
| Nunna | FMCD | Grade B | 66,000 | 18 – 20 | 2023 |
| Enikepadu | 3PL | Grade A | 95,000 | 23 – 24 | 2024 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.11.1.5 East Cluster Overview

The micro-markets of Auto Nagar, Kankipadu, and Uppuluru have historically been prominent warehousing clusters owing to the proximity of the regions to the city center. Additionally, the cluster is well-serviced through NH 65 and SH 306. The cluster comprises approximately 32% of the completed supply in Vijayawada. Of the completed supply in the cluster, approximately 22% of the supply is Grade A, while 78% of the supply is Grade B and 1% is Grade C.

**Auto Nagar Micro Market**

*Table 131: Snapshot Of Auto Nagar Warehousing Market*

| Completed Supply | Vacancy | Grade A Completed Supply | Grade A Vacancy | Share of Grade A Completed Supply in Vijayawada |
|---|---|---|---|---|
| 0.41 Mn sft | 0% | 0.33 Mn sft | 0% | 6% |

**Source:** CBRE Research; Updated as of Q3 2024

Auto Nagar micro market is considered to be one of the oldest warehousing clusters in the city, with the presence of warehouses that are more than 7 years old. This warehousing market is one of the first prominent hubs of Vijayawada, owing to the establishment of the Andhra Pradesh State Warehousing Corporation (APSWC) as early as the late 1950s. Micro-market gained prominence largely on account of its proximity to the city center of Vijayawada (approx. 4 km). FMCG and 3PL sectors are the key sectors, occupying approx. 88% of the completed supply in the Auto Nagar micro-market with tenants such as VRL, Reckitt Benckiser, Jockey, P&G, etc.

**Kankipadu Micro Market**

*Table 132: Snapshot of the Kankipadu Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.69 Mn sft | 4 – 5% | 0.32 Mn sft | 0% | 20% |

**Source:** CBRE Research; Updated as of Q3 2024

The Kankipadu micro market is a growing warehousing cluster due to NH 65 passing right through the region and connecting the region to other prominent hubs of the state in Machilipatnam. The TVS ILP asset under construction in Vijayawada is located in the micro market of Kankipadu. The market constitutes a share of nearly 35% of the completed supply in the East cluster. The market serves as an FMCG and E-Commerce hub with tenants such as Big Basket, Prestige, Valvoline, VIVO, etc.

**Uppuluru Micro Market**

*Table 133: Snapshot of Uppuluru Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.90 Mn sft | 3 – 4% | 0.20 Mn sft | 0% | 13% |

**Source:** CBRE Research; Updated as of Q3 2024

The Uppuluru warehousing market has become a growing market in the East cluster due to the region's proximity to key destinations of the city such as the Uppuluru Railway Station and Vijayawada International Airport in Gannavaram. The market constitutes a share of nearly 45% of the completed supply in the East cluster. The market is an FMCG & 3PL sector hub with tenants such as Delhivery, Exceed Logistics, Mondelez, Hindustan Unilever etc.

#### 3.11.1.6 North Cluster Overview

The micro-markets of Nunna and Surampalli form part of the North cluster. The Nunna micro market is located in the growing Northern part of Vijayawada along the state highway 236, which connects the micro market to the agriculture-industrial hub of Nuzividu, leading to its emergence as one of the fastest-growing warehousing cluster in Vijayawada. The cluster comprises approximately 20% of the completed supply in Vijayawada. Out of the completed supply in the North cluster, approximately 13% of the supply is Grade A.

*Table 134: Snapshot of Nunna Warehousing Market*

| Completed Supply | Vacancy | Grade A Completed Supply | Grade A Vacancy | Share of Grade A Completed Supply in Vijayawada |
|---|---|---|---|---|
| 1.13 Mn sft | 4 – 5% | 0.15 Mn sft | 0% | 9% |

**Source:** CBRE Research; Updated as of Q3 2024

FMCG, 3PL, and other industries are present in the micro-market with the presence of prominent corporations such as Reliance, Haier, Amul, Britannia, TVS, Safexpress, etc.

#### 3.11.1.7 North-East Cluster Overview

The North-East warehousing cluster comprises Enikepadu, Gannavaram, Gudavalli, Kesarapalli, and Nidamanuru. The cluster is the most prominent warehousing cluster in the city, with a completed supply of approx. 2.20 Mn sft Additionally, the cluster is well-serviced through NH 16 and is close to the Vijayawada International Airport, which is situated in Gannavaram. The cluster comprises approximately 39% of the

completed supply in Vijayawada. Of the completed supply in the cluster, approximately 35% of the supply is Grade A, while 63% of the supply is Grade B and 2% is Grade C.

**Enikepadu Micro Market**

*Table 135: Snapshot of Enikepadu Warehousing Market*

| Completed Supply | Vacancy | Grade A Completed Supply | Grade A Vacancy | Share of Grade A Completed Supply in Vijayawada |
|---|---|---|---|---|
| 0.59 Mn sft | 3 – 4% | 0.17 Mn sft | 0% | 11% |

**Source:** CBRE Research; Updated as of Q3 2024

Enikepadu is an established warehousing cluster, its prominence is owing to the connectivity to other major regions of the city and the Vijayawada International Airport via the National Highway 16. Chemical, Clothing & Apparel, 3PL, and FMCD sectors are majorly present in the micro market with companies such as Berger Paints, Luminous, Twills, Future Supply Chain, Amara Raja Batteries, and Surya Roshni taking up space in the region.

**Gannavaram-Veerapanigudem Micro Market**

*Table 136: Snapshot of the Gannavaram-Veerapanigudem Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.20 Mn sft | 0% | 0.18 Mn sft | 0% | 11% |

**Source:** CBRE Research; Updated as of Q3 2024

The Gannavaram micro market is best known for the presence of Vijayawada International Airport, and the demand for warehouses due to its logistics and distribution needs. The market constitutes a share of approximately 9% of the completed supply in the North-East cluster. The market consists of prominent tenants such as E-Com Express, Abbott India, Reliance Jio, etc. A future supply of 0.1 Mn sft is being constructed, slated to be operational by the end of 2024.

**Gudavalli Micro Market**

*Table 137: Snapshot of the Gudavalli Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.53 Mn sft | 0% | 0.22 Mn sft | 0% | 14% |

**Source:** CBRE Research; Updated as of Q3 2024

The Gudavalli warehousing market has become a growing market in the North-East cluster with many small-scale warehouses being established in the region. The market constitutes a share of nearly 24% of the completed supply in the North-East cluster. The market is an FMCG & 3PL sector hub with tenants such as Delhivery, Abbott India, ITC, Blue Dart, Havells, etc.

**Kesarapalli Micro Market**

*Table 138: Snapshot of the Kesarapalli Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.28 Mn sft | 3 – 4% | - | - | - |

**Source:** CBRE Research; Updated as of Q3 2024

Kesarapalli is a nascent market in the city, with only a few companies setting up warehouses in the area, due to its proximity to the airport. The micro market's completed Supply constitutes 13% of the completed supply in the North-East cluster. Some of the companies present in the Kesarapalli micro market are Pidilite, Marico, Himalaya, Wipro, etc.

**Nidamanuru Micro Market**

*Table 139: Snapshot of Nidamanuru Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.60 Mn sft | 7 – 8% | 0.20 Mn sft | 0% | 13% |

**Source:** CBRE Research; Updated as of Q3 2024

The Nidamanuru micro market accounts for approximately 27% of the completed supply in the North-East cluster. The market serves FMCG and FMCD sectors with tenants such as Model Dairy, Spencer's, Godrej, Dabur India, etc. A warehouse is under construction, with a built-up area of 0.05 Mn sft. This warehouse is expected to be operational by early 2025.

#### 3.11.1.8 West Cluster Overview

The micro-markets of Bhavanipuram, Gollapudi, Ibrahimpatnam, Rayanapadu, and Surayapalem form part of the West cluster. The West cluster has minimal warehousing activity, however, there is a lot of potential for warehousing activity as NH 65 passes through the region connecting Vijayawada to Hyderabad on the west. The cluster comprises approximately 4% of the completed supply in Vijayawada.

*Table 140: Snapshot of West Cluster Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.23 Mn sft | 13 – 14% | - | - | - |

**Source:** CBRE Research; Updated as of Q3 2024

Modern Retail, FMCD, and other industries are present in the micro-market with the presence of companies such as D-Mart, Western Electronics, Finolex, Godrej Agrovet, etc.

#### 3.11.1.9 Vijayawada – Overall Market Outlook

The Vijayawada warehousing market is one of the most prominent warehousing markets in Andhra Pradesh owing to its strategic geographical location, excellent connectivity by road, rail, and air, and proximity to major ports such as Visakhapatnam, Chennai, and Machilipatnam. Before 2019, the supply majorly constituted Grade B developments, with a Grade B supply of approx. 3.05 Mn sft. In the last 5 years, Grade A warehouses saw a rise in supply addition with 1.37 Mn sft being constructed between 2019 – 2024.

Moreover, the Nidamanuru and Gannavaram regions are anticipated to experience a surge in supply due to the accessibility of developable land parcels, well-developed road networks to multiple major cities, and their proximity to the Vijayawada International Airport.

The current prevailing asking rentals for Grade A warehouse developments in the areas of Auto Nagar, Uppuluru, Nunna, Enikepadu, and Gannavaram in Vijayawada are between INR 21 and INR 25 per sft per month. The expected monthly rent for Grade B warehouses is between 18 and 20 INR per sft per month. Rentals on the market continue to be range-constrained over the short to medium term, with an annual increase of 4–5% as the market norm. Approximately 0.55 Mn sft of supply in the future is expected to be operational by 2025 – 26.

### 3.11.2 Micro Analysis - (Subject Property Location ~ Kankipadu)

*Table 141: Subject Property ~ Kankipadu*

| | |
|---|---|
| Name of the Development | |
| Location | Kankipadu, Vijayawada, Andhra Pradesh |
| Phasing | 1 Phase |
| Land Area (Acres) | 12.68 |

Macro Map of the Asset

**Source:** CBRE Research; Map not to Scale, for representation purposes only

### 3.11.2.1 Subject Property Snapshot

Vijayawada, centrally located in Andhra Pradesh, is a significant warehousing hub in South India due to its strategic position and excellent transportation links. The city's central location provides easy access to major cities like Hyderabad, Chennai, and Bengaluru, facilitated by the extensive network of national highways including NH16, NH65, and NH30. Furthermore, the Vijayawada railway junction and the Krishna River offer additional transportation options. Vijayawada's growing industrial sector, encompassing agriculture, food processing, textiles, and pharmaceuticals, creates a substantial demand for warehousing to store various products. The city's proximity to ports like Krishnapatnam and the upcoming Machilipatnam Port enhances its importance as a logistics center for import and export activities.

The warehouse is strategically located in Kankipadu village, approximately fourteen kilometers from Vijayawada's city center and eleven kilometers from its airport, making it an ideal location for logistics operations. The facility offers a large warehousing space. The warehouse is situated in Kankipadu village, a short distance from Vijayawada's city center and airport.

### 3.11.2.2 Overall Warehousing Dynamics – Supply, Vacancy and Rentals

Within Vijayawada, Kankipadu is an expanding warehouse market. About 9 percent of the city's completed supply is located in this region. Kankipadu's expansion as a warehousing cluster has been fuelled by the following factors:

- The region in question serves as a critical center for logistics; via NH 65, there is enhanced accessibility and connectivity to various locations within the city and the Machilipatnam port area.
- Furthermore, the subject region's proximity to Vijayawada International Airport via SH 306 has facilitated its function as a logistical distribution center for shipments destined for the eastern regions of the city.

*Table 142: Kankipadu Warehousing Market Snapshot*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Vijayawada |
|---|---|---|---|---|
| 0.69 Mn sft | 4 – 5% | 0.32 Mn sft | 0% | 20% |

**Source:** CBRE Research; Updated as of Q3 2024

Out of the completed supply of 0.69 Mn sft, Grade A comprises 20%, and the rest is Grade B. The region witnessed an overall absorption of approx. 0.66 Mn sft as of date.

The asking rentals for Grade A warehousing development in this micro-market have been observed to be in the range of INR 21 – 23 per sft per month. FMCG and E-Commerce are key industry sectors occupying warehousing spaces in the region, prominent tenants include Big Basket, Prestige, Valvoline, VIVO, etc.

### 3.11.2.3 Building Characteristics

As highlighted above, the subject property is under construction, and slated to be operational by 2024-25.

The key building Specifications for the asset are listed in the following table:

*Table 143: Key Building Specifications of Kankipadu Asset*

| Particular | Specifications |
|---|---|
| Building Structure | **Pre-Engineered Building (PEB) structure**: Standing seam; Eve height ~ 12 m; Ridge height ~ 14 m; Roof slope - 1:20 or as per TVSILP; Canopy - 4 m or as per TVSILP; Down spout pipe - every 16 m; Roof sheeting - 0.5 mm Bare Galvalume; Cladding Sheet - 0.5 mm color coated; Skylights - 5% of the roof area; Vent type - Ridge vent |
| Flooring | Vacuum dewatered flooring of 5 MT/Sqm; Floor Finish - Equivalent to FM2 |
| Height | 16 m from FFL |
| Lighting | 200 Lux at 1.2 mts from FFL to shopfloor, High-bay fitting, Common PCC panel |
| Fire Safety | Internal & External Fire Hydrant System, Roof Sprinkler with K-160, Beam Detector |
| Office | Office space of Block work; Wall height - 3 m |
| Amenities and Facilities | 35 KL UG Sump, FRP Tank of 25 KL or PVC Tank for Park<br><br>**Power**: 100 KVA for Every 100k sq. ft. of the shop floor area<br><br>**Security Block**: RCC Building with one toilet (5 m x 5 m) |

**Source:** TVSILP

### 3.11.2.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

Market rents per square foot per month for Grade A developments range from INR 21 to INR 23 per Sft per month. Construction on the subject property is currently underway, with an anticipated completion date of the end of 2024. The achievable rent level for the subject property at the time of commencement of operations is anticipated to be between INR 21 and 23 per Sft per month. This estimation is derived from the asking rents of analogous rentals in the subject market.

### 3.11.2.5 Demand Forecast for the subject micro-market/vector

The strategic location of Kankipadu, with its proximity to major transportation routes, further enhances the attractiveness of the subject property for potential tenants. Additionally, the growing e-commerce sector in the region is expected to drive demand for modern warehouse facilities in the coming years. An estimated 0.3–0.4 Mn Sft, the majority of which will be Grade A, is anticipated to be developed in the subject region of Kankipadu over the next two years, including the subject property. As the subject site is situated within a dynamic warehousing market, it is anticipated that the demand for warehouses will remain stable in the foreseeable future. Based on historical micro-market absorption, demand is anticipated to increase by between 0.3 and 0.4 Mn Sft over the next two to three years.

*Figure 107: Park Layout of Kankipadu (Vijayawada) Asset*

## 3.12 Visakhapatnam

### 3.12.1 City Overview

*Table 144: Demographic Snapshot of the City*

| STATE/ CAPITAL | POPULATION | POPULATION DENSITY | GSDP (INR) | PER CAPITA INCOME (INR) |
|---|---|---|---|---|
| Andhra Pradesh/ Amaravati | 2.7 Mn (2023) | 2,573 /km$^2$ | 1,240 Bn | 2,43,874 |

**Source:** [1] District Handbook of Visakhapatnam, Census of India; DDP Report 2021; Andhra Pradesh Govt

Visakhapatnam is spread across an area of approximately 1,049 km$^2$ and is the largest metropolitan region in the State of Andhra Pradesh. The Greater Visakhapatnam Municipal Corporation (GVMC) takes up the responsibility of the administration of Visakhapatnam.

Visakhapatnam is the industrial hub of Andhra Pradesh and the most cosmopolitan city in the state. It is the largest port city on the east coast in terms of export value accounting for approx. 69.84 MTPA (as of 2020-21), ranking 4$^{th}$ in India in terms of port traffic.

Visakhapatnam is one of the 20 smart cities identified and selected by the Central Government for its Smart Cities Mission, which aims to provide quality infrastructure and amenities, as well as smart solutions that will improve the quality of life of the people in a city. The GVMC has highlighted that the implementation of the Visakhapatnam Smart City project has progressed rapidly, and the project is on the verge of completion by the end of this year.

Visakhapatnam, strategically located on the east coast of India, possesses a dynamic logistics and warehousing landscape. As a major deep-water port, it serves as a crucial gateway for international trade, facilitating the movement of goods across the country. Visakhapatnam boasts excellent connectivity through rail, road, and air networks, further enhancing its logistics capabilities. This strategic advantage has spurred the development of modern warehousing infrastructure, including cold storage facilities, distribution centers, and container freight stations.

Visakhapatnam is distributed into several zones based on the nature of real estate activity witnessed in each zone.

- **The Central Business District (CBD)** of the city is characterized by the presence of unorganized residential clusters and independent commercial developments, developed primarily by local developers. The region is also known for its organized high-street retail activity and hospitality developments. Key micro markets include Dwarka Nagar, Daba Gardens, Pedda Waltair, and Murali Nagar.

- **North Visakhapatnam** is the most organized and fastest-growing residential zone of Visakhapatnam, with the presence of organized residential developments. It is also the IT hub of the city with most of the commercial activity concentrated in Madhurawada and Rushikonda SEZ. Madhurawada, Yendada, and Rushikonda micro markets form part of North Visakhapatnam.

- **West Visakhapatnam** is characterized by the presence of industrial clusters, affordable to mid-segment residential developments, and mixed-use developments with retail & commercial components. Key micro markets include Pendurthi, Simhachalam, and Gandigundam.

- **South Visakhapatnam** contains the port area and an established warehousing market. The region is a prominent industrial area with multiple industries spread across micro markets such as Gajuwaka, Auto Nagar, Mindi, etc. Due to the presence of industries, proximity to the port, Vizag Steel Plant, and seamless connectivity through NH 16, the region has evolved as a favored warehousing destination.

*Table 145: Key Infrastructure Initiatives*

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| National Highway Connectivity | Existing | National Highway 16 – Connecting Kolkata & Chennai, the highway passes close to the subject site connecting the city to various industrial and commercial clusters such as Vizianagaram, Vijayawada, and Atchuthapuram. |

| INFRASTRUCTURE INITIATIVE | CURRENT STATUS | PARTICULARS |
|---|---|---|
| Visakhapatnam Chennai Industrial Corridor (VCIC) | Conceptual Development Plan Prepared | The upcoming industrial corridor from Srikakulam to Chennai is the first phase of the larger East Coast Economic Corridor, aimed at becoming the first and the best economic corridor on the East Coast, while also being aligned with the Golden Quadrilateral. |
| Bhogapuram International Airport | Upcoming | The upcoming Bhogapuram International Airport is being developed by GMR across 2,300 acres. The first phase of the airport is expected to be completed by 2026 and would cater to a passenger capacity of 6 million, while the total capacity of the airport at the end of the completion of the three phases would be 18 million. The upcoming airport development is poised to increase connectivity and stimulate regional economic growth. It is expected to become a significant hub for both domestic and international flights, and would likely stimulate the growth of tourism, commerce, and trade in the region |
| Raipur-Visakhapatnam Economic Corridor (RVEC) | Under Construction | The Raipur-Visakhapatnam Economic Corridor is a 6-lane expressway, expected to be operational by Q4 2024. The expressway is spanning approx. 464 km will connect Chhattisgarh, Odisha, and Andhra Pradesh. The alignment of the road covers Visakhapatnam and Vizianagaram and is expected to attract large private investments in the region, enhancing the overall image positioning of the city.<br><br>The RVEC expressway passes through Visakhapatnam, less than 2 km to the south of the subject property. |
| Vizag Metro Rail | Planned | A plan for a metro rail system spanning 140 km across three corridors has been proposed to ease traffic congestion and provide efficient public transportation |

### 3.12.2 Overview of the Warehousing Market in Visakhapatnam

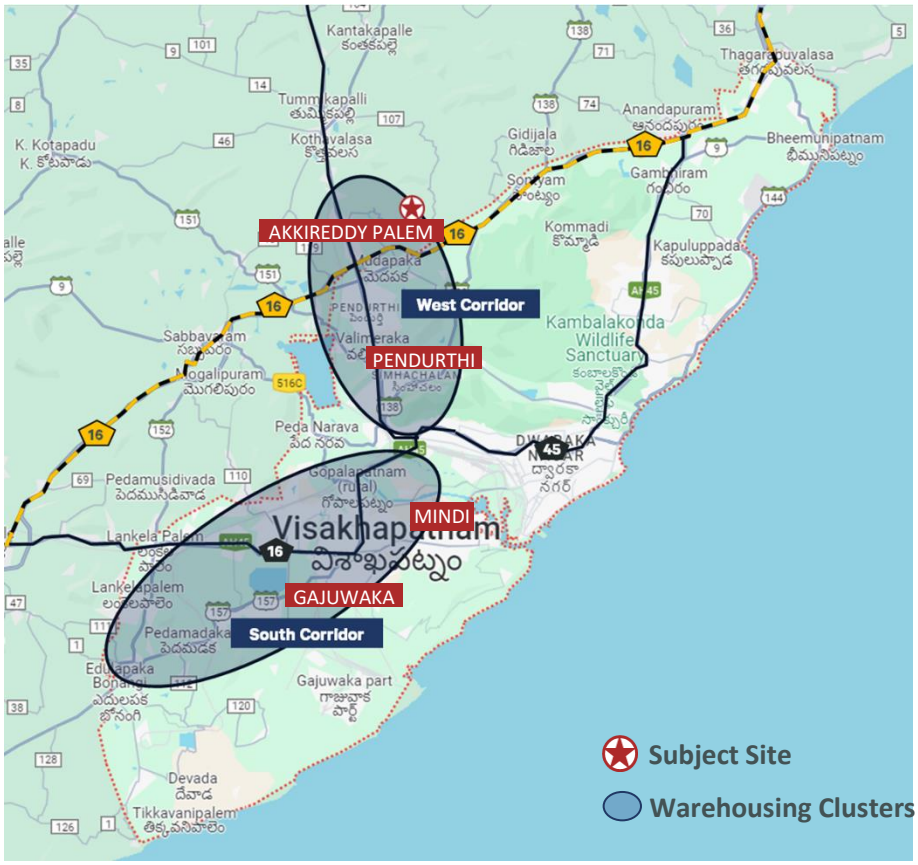
| Cluster Classification | South Cluster | West Cluster | NORTH CLUSTER |
|---|---|---|---|
| Micro-markets | Gajuwaka, Auto Nagar, Mindi, Pedagantyada, Paravada | Pendurthi, Vedanta, Akkireddy Palem, Gandigundam | Bheemili |
| Share of Supply in Visakhapatnam Region | 1.94 mn sft (77%) | 0.56 mn sft (22%) | 0.03 mn sft (1%) |

**Source:** CBRE Research; Updated as of Q3 2024

Warehousing activity in Visakhapatnam is spread across five major micro markets, viz. Auto Nagar, Gajuwaka, Mindi, Pedagantyada, and Pendurthi.

Auto Nagar, Gajuwaka, Mindi, and Pedagantyada are the most prominent warehousing micro-markets with most of the supply; while markets such as Pendurthi, Akkireddy Palem, and Gandigundam are fast-growing. Auto Nagar-Mindi-Gajuwaka micro markets contribute to a completed supply of 1.69 Mn sft ~ 67% of the completed supply in Visakhapatnam, followed by Pendurthi-Akkireddy Palem (0.31 Mn sft ~ 13%) and Pedagantyada – Paravada - Zinc Colony (0.32 Mn sft ~ 13%). Prominent local warehousing players such as ATR Warehousing, Avanthi Warehousing, Avinash, etc. have a strong presence in the region.

*Figure 109: Map of Warehousing Clusters in Visakhapatnam*



**Source:** CBRE Research; Map not to scale only, for representation purposes only

### 3.12.2.1 Visakhapatnam – Completed Supply and Absorption Dynamics

Visakhapatnam has an operational warehouse supply of approximately 2.53 Mn sft, with approximately 1.80 Mn sft currently occupied. Before 2016, the predominant portion of the supply consisted of Grade B developments. However, certain developers have put forth Grade B developments that are superior to the norm, with an emphasis on EXIM cargo and to meet the rising demand from e-commerce and 3PL companies seeking modern and efficient warehouse space.

Local developers and private landowners though continue to concentrate on the development of Grade-B spaces, whereas institutional logistics providers have recently shown interest in Vishakhapatnam and introduced Grade-A warehousing spaces. An upsurge in Grade A developments, characterized by superior amenities and embellishments, has ensued because of this market shift. Tenants pursuing warehousing space are consequently presented with an expanded array of alternatives.

*Table 146: Overview Of The Warehousing Market In Visakhapatnam*

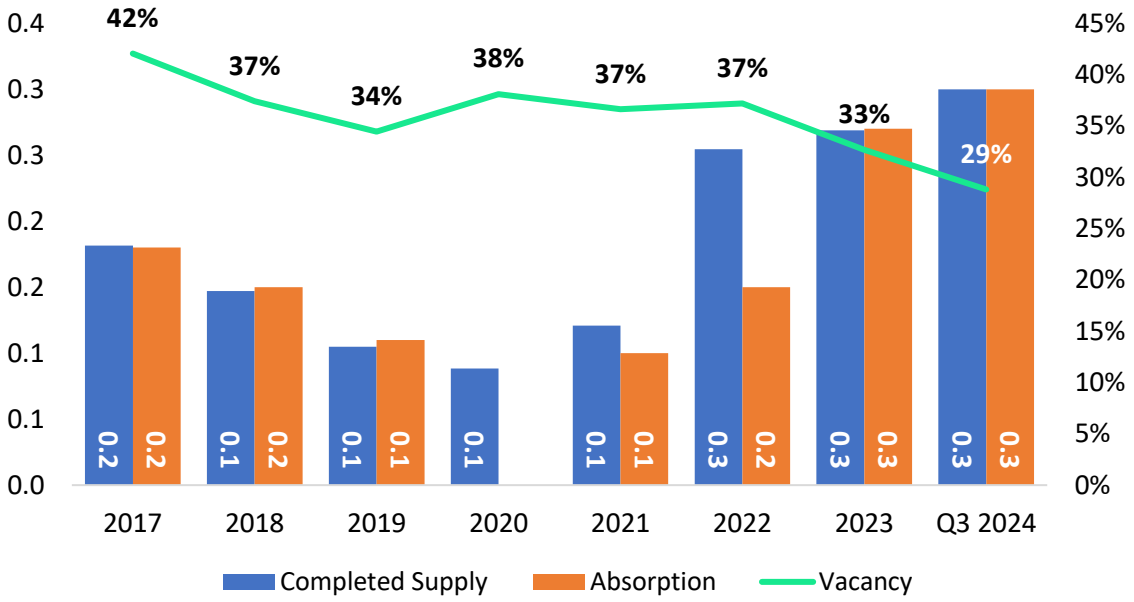
| Completed Supply (mn sft) | Total Absorption (mn sft) | Share of Grade A Completed Supply (%) | Share of Grade B Completed Supply (%) | Share of Grade C Completed Supply (%) |
|---|---|---|---|---|
| 2.53 | 1.80 | 47% (Absorption – 88%) | 46% (Absorption – 63%) | 6% (Absorption – 3%) |

**Source:** CBRE Research; Updated as of Q3 2024

Grade A developments are primarily concentrated in Pedagantyada, Mindi, and Gajuwaka micro-markets, catering primarily to FMCG, industrial, and chemical sectors. A steady increase in supply was witnessed over the last 5 years (2019–2023), with an average annual supply of approx. 0.15 – 0.20 mn sft.

Of the completed supply in Visakhapatnam, Grade A amounts to nearly 1.2 mn sft (47% share), Grade B is 1.18 Mn sft (46%), and Grade C is 0.15 Mn sft (6%). Prominent institutional players, such as ATR Warehousing, Sravan Shipping Services, etc. are some of the prominent warehousing developers in the city.

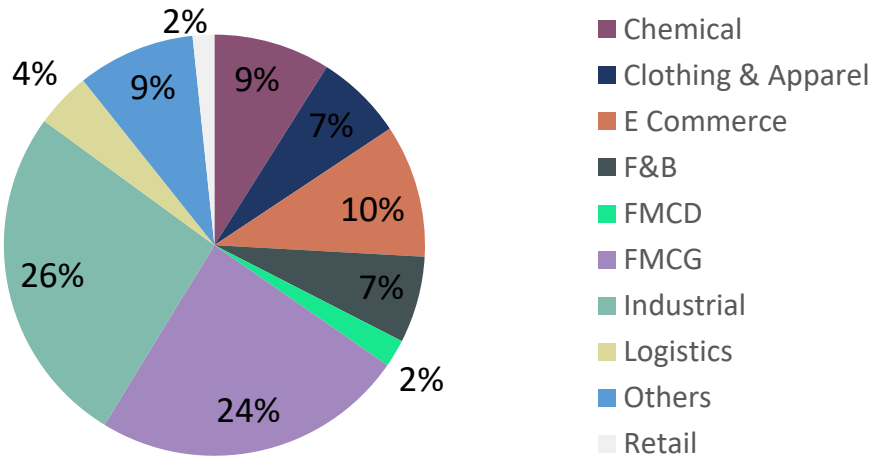
*Figure 110: Supply-Absorption Dynamics – Visakhapatnam*



**Source:** CBRE Research; Updated as of Q3 2024

FMCG, Industrial, Chemical, Logistics (3PL) & Distribution, Retail, and FMCD are the key tenant sectors occupying space in Grade A developments across Visakhapatnam. Some of the key tenants present are L&T, Big Basket, Flipkart, Reliance, ITC, Hindustan Coca-Cola Beverages, Safe Xpress, etc. The typical space off-take of 3PL and logistics players is between 20,000 and 30,000 sft, while FMCG, FMCD, and F&B segments require a large area to the tune of 1,00,000 and 1,25,000 sft.

*Figure 111: Segmentation of Absorption by Industry in Visakhapatnam*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.12.2.2 Visakhapatnam – Upcoming Supply Dynamics

The upcoming supply in the region is in the range of 0.6 – 0.7 Mn sft, across Grade A warehousing space and is expected to be operational by the end of 2025.

In the western cluster of the city, the micro-market of Akkireddy Palem is expected to attract the majority of future warehousing supply. This is primarily driven by the availability of large land parcels and strong road infrastructure connectivity, particularly to NH 16, which links Chennai and Kolkata. Given these favorable factors, investors are closely monitoring market trends in Akkireddy Palem to identify potential growth opportunities.

*Table 147: Bifurcation of Upcoming Supply in Visakhapatnam*

| micro-market | BUILT-UP AREA (MN SFT) | DEVELOPER | QUOTED RENTALS (INR/SFT/MONTH) | year of completion |
|---|---|---|---|---|
| Akkireddy Palem | 0.15 | PSL Limited | 23 – 25 | 2025 |
| Akkireddy Palem | 0.43 | TVS ILP | 22 – 24 | 2025 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.12.2.3 Visakhapatnam – Asking Rental Dynamics

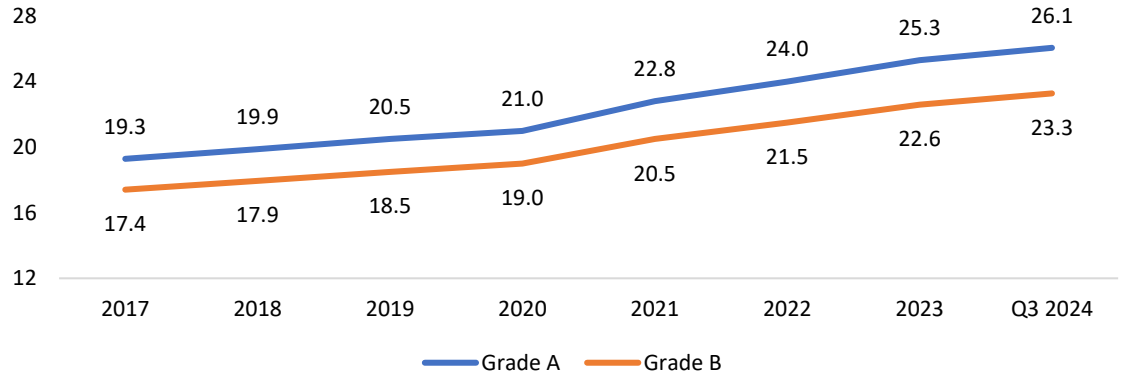
The average quoted base rental witnessed in Visakhapatnam is INR 24–27 / Sft / month for a Grade A development and between INR 20 – INR 24 / Sft / month for a Grade B development. Micro market-wise, Grade A and B average asking rentals are enumerated below in the table:

*Table 148: Micro- Market wise Rentals in Vishakhapatnam*

| Micro-Market | Q3 2024 (INR / sft /month) | |
|---|---|---|
| Grade | A | B |
| Auto Nagar | 22 – 24 | 20 – 22 |
| Mindi | 27 – 29 | 25 – 26 |
| Pedagantyada | 26 – 28 | 23 – 25 |
| Pendurthi – Gandigundam | 22 – 24 | 19 – 21 |

**Source:** CBRE Research; Updated as of Q3 2024

*Figure 112: Rental Trends – Visakhapatnam*



**Source:** CBRE Research; Updated as of Q3 2024

### 3.12.2.4 Visakhapatnam – Key Lease Transactions

The following table enumerates the key lease transactions in the city:

*Table 149: Details of Key Transactions*

| Location | Tenant Sector | Grade | Leased Area (sft) | Rentals (INR/sft/Month) | Year of Transaction |
|---|---|---|---|---|---|
| Mindi | Chemical | Grade B | 34,000 | 25 – 27 | 2023 |
| Auto Nagar | E-Commerce | Grade B | 73,000 | 27 – 28 | 2023 |

**Source:** CBRE Research; Updated as of Q3 2024

### 3.12.2.5 South Cluster Overview

The micro-markets of Mindi-ZINC Colony, Pedagantyada-Paravada, and Gajuwaka-Auto Nagar have historically been prominent warehousing clusters owing to the proximity of the regions to the Visakhapatnam port. Additionally, the cluster is well serviced through NH 16 which has led to its recent emergence as a major warehousing cluster. The cluster comprises approximately 77% of the completed supply in Visakhapatnam. Of the completed supply in the cluster, approximately 34% of the supply is Grade A, while 58% of the supply is Grade B. Furthermore, Grade A warehouses have witnessed a vacancy rate of 98,000 sq. ft, representing 24-25% of the total grade A supply in the micro-market . This increase in vacancy is primarily attributed to recent tenant departures who required larger warehouse facilities.

**Mindi-ZINC Colony Micro Market**

*Table 150: Snapshot Of Mindi-Zinc Colony Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Visakhapatnam |
|---|---|---|---|---|
| 0.88 Mn sft | 36 – 37% | 0.40 Mn sft | 24 – 25% | 34 – 35% |

**Source:** CBRE Research ; Updated as of Q3 2024

Mindi-ZINC Colony is one of the established warehousing clusters in the city, with the presence of many modern quality warehouses developed by prominent institutional players such as ATR Warehousing, and Sravan CFS. Micro-market gained prominence largely on account of proximity to the steel plant, airport, and the port area of Visakhapatnam (approx. 11 km). FMCG, E-Commerce, and Chemical sectors are the key sectors, occupying approx. 32% of the completed supply in the Mindi micro-market. Prominent tenants include Mercedes, Toyota, L&T, Amazon, Big Basket, etc. Due to the saturation of the micro market and the non-availability of land parcels, the region has not witnessed any recent additions.

**Pedagantyada-Paravada Micro Market**

*Table 151: Snapshot of Pedagantyada-Paravada Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Visakhapatnam |
|---|---|---|---|---|
| 0.25 Mn sft | 35 – 36% | 0.14 Mn sft | 18 – 19% | 5 –6% |

**Source:** CBRE Research ; Updated as of Q3 2024

With the saturation of established warehousing markets in the south, micro markets such as Pedagantyada-Paravada, etc. have witnessed a spillover supply. The market constitutes a share of nearly 13% of the completed supply in the south cluster. The market attracts demand due to its proximity to the port area with tenants such as Visakhapatnam Steel Plant, Tata Steel Limited, D Mart, etc.

**Gajuwaka-Auto Nagar Micro Market**

*Table 152: Snapshot of Gajuwaka-Auto Nagar Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Visakhapatnam |
|---|---|---|---|---|
| 0.66 Mn sft | 20 – 21% | 0.11 Mn sft | 0% | 6 –7% |

**Source:** CBRE Research ; Updated as of Q3 2024

The historic presence of industrial and logistics parks has made the Gajuwaka-Auto Nagar warehousing cluster one of the prominent markets in the city. The market constitutes a share of nearly 37% of the completed supply in the south cluster. The market primarily consists of tenants in the chemical, industrial, and e-commerce sectors with notable tenants being Flipkart, Berger Paints, SteelMont, Asian Paints, etc.

### 3.12.2.6 West Cluster Overview

West Cluster comprises of 2 major regions ~ Pendurthi-Vepagunta, Akkireddy Palem-Gandigundam. The cluster is located on the northwest side of Visakhapatnam along the National Highway 16. This region is the fastest growing market with most of the under-construction supply part of the Akkireddy Palem micro market. The subject property is envisioned to be developed in the Akkireddy Palem micro market. The region boasts excellent connectivity through the proposed Visakhapatnam-Chennai-Industrial-Corridor and Raipur-Visakhapatnam-Economic-Corridor. The cluster comprises approximately 23% of the completed supply in Visakhapatnam. Out of the completed supply in the west cluster, approximately 93% of the supply is of Grade A.

*Table 153: Snapshot of West Cluster Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Visakhapatnam |
|---|---|---|---|---|
| 0.56 Mn sft | 4 – 5% | 0.52 Mn sft | 0% | 42 – 43% |

**Source:** CBRE Research ; Updated as of Q3 2024

Proximity to National Highway 16 and corridors like VCIC & RVEC has resulted in the growth of Pendurthi and Akkireddy Palem as warehousing clusters. FMCG, F&B, and Chemicals are key sectors in the cluster with the presence of major tenants such as ITC, Hindustan Coca-Cola Beverages, More, Exide, etc. A future supply of 0.45 mn sft is under construction in the west cluster, slated to be operational by 2024-25. Current

quoted rentals for Grade A facilities in the western cluster range from INR 25-26 per square foot per month, while Grade B facilities are priced between INR 19-20 per square foot per month.

#### 3.12.2.7 Visakhapatnam – Overall Market Outlook

With connectivity for multimodal logistics, Visakhapatnam is a well-established industrial center. The urban landscape consists primarily of Grade A and Grade B developments, where comparable supply additions have occurred under the guidance of numerous institutional and individual developers.

Further, a new supply is under construction in the Pendurthi-Akkireddy Palem region owing to the availability of developable land parcels and excellent road connectivity through NH 16, VCIC, and RVEC. The land values in the subject region are in the range of INR 18 – 20 Mn per acre, which is at a discounted price compared to established markets such as Auto Nagar, Mindi, etc.

The current prevalent asking rentals in Visakhapatnam are in the range of INR 22 – 27 /sft/month for Grade A warehousing developments. A wide range is observed in rental prices because the majority of tenancies are historical and have experienced annual increases for the past six to seven years. This range is expected to remain stable in the near future, as demand for Grade A warehousing in Visakhapatnam continues to grow steadily. Factors such as location, size, and amenities offered by the warehouse also play a significant role in determining the final rental price. For Grade B warehouses, the asking rentals are in the range of INR 20 – 24 /sft/month. The asking rentals in the market are expected to remain range-bound in the short to medium term with market standard escalation of 4–5% annually. Approximately 0.45 Mn sft of supply in the future is expected to be operational by 2024–25.

### 3.12.3 Micro Analysis - (Subject Property Location ~ Akkireddy Palem)

*Table 154: Subject Property ~ Akkireddy Palem*

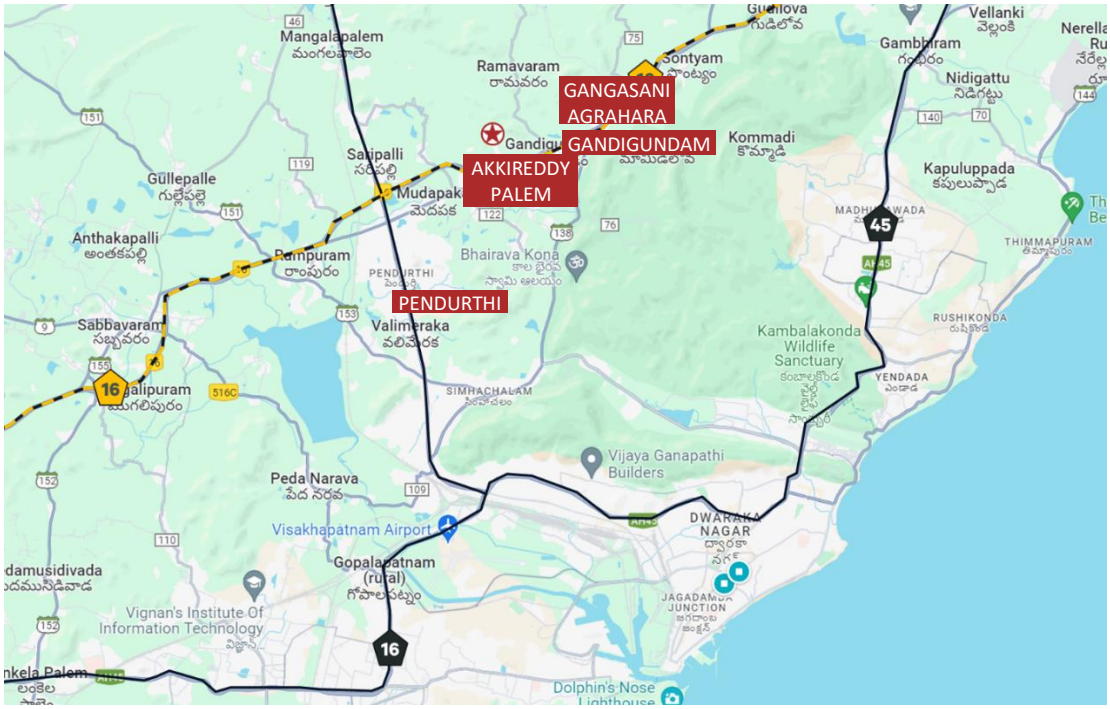
| Key Tenants | NA |
| Average Rentals (INR/sft/Month) | NA |



**Source:** CBRE Research; Map not to Scale, for representation purposes only

#### 3.12.3.1 Subject Property Snapshot

Visakhapatnam, located in Andhra Pradesh, is experiencing significant growth in the warehousing sector due to several factors. The city's strategic position along National Highways 16 and 26, combined with its proximity to the Visakhapatnam Port, makes it an ideal location for warehousing operations. The thriving industrial sector, encompassing pharmaceuticals, petrochemicals, steel, and textiles, drives the demand for storage and distribution facilities. Furthermore, excellent connectivity through road, rail, and air networks, including National Highways 16 and 26 and Visakhapatnam International Airport, facilitates efficient transportation of goods, enhancing the city's attractiveness as a warehousing hub.

The warehouse is strategically located in Gurrampalem village, 20 kilometers from Visakhapatnam's city center and 14 kilometers from the airport. The facility offers both ready-to-occupy spaces and build-to-suit options to accommodate diverse business needs.

#### 3.12.3.2 Overall Warehousing Dynamics – Supply Vacancy and Rentals

Akkireddy Palem is one of the growing warehousing vectors in Vishakhapatnam. The region comprises approximately. 12% of the completed supply. The micro-market in Mudapaka witnesses the highest number of quality Grade A warehousing developments by prominent institutional players. The following are the primary reasons for these investments in the region:

- Contrary to the established micro markets of the city, land is being offered at lower rates. This presents a unique opportunity for investors looking to capitalize on potential growth in this emerging area. With competitive pricing and potential for development, this land could be a valuable asset in the near future.
- Connectivity and accessibility to manufacturing and consumption hubs through existing NH 16.
- The availability of land for future expansion and development makes this a prime investment opportunity for businesses looking to grow. Additionally, the potential for increased property value due to ongoing infrastructure developments in the area further enhances the appeal of this offer.

*Table 13: Snapshot Akkireddy Palem Warehousing Market*

| Completed Supply | Vacancy | Grade A Supply | Grade A Vacancy | Share of Grade A Supply in Visakhapatnam | Upcoming Supply |
|---|---|---|---|---|---|
| 0.30 Mn sft | 0% | 0.30 Mn sft | 0% | 25% | 0.3 – 0.5 Mn sft |

**Source:** CBRE Research; owing to a 0.15 mn sft industrial facility converted to a warehouse; Updated as of Q3 2024

The completed supply of 0.30 Mn sft is of Grade A. The region is expected to witness more supply over the next two years with approx. 0.45 mn sft under construction. In 2023, 0.3 mn sft of supply was launched, getting completely absorbed in the Q3 2024.

The asking rentals for Grade A warehousing development in this micro-market have been observed to be in the range of INR 25 – 26 per sft per month. FMCG is the key industry sector occupying warehousing spaces in the region with prominent tenants including More, Coca-Cola, etc. The developers of the under-construction supply are quoting INR 26 – 27 per sft per month.

#### 3.12.3.3 Building Characteristics

As was mentioned earlier, the development in question is currently under construction and is planned to be of Grade A specifications.

#### 3.12.3.4 Analysis of competitor facilities (lease conditions)/ Competitiveness of subject property

There are no vacancies in any of the existing Grade A warehouse spaces in the Akkireddy micro market; the subject site faces no imminent competition from the micro market's existing supply. However, the forthcoming supply of 0.45 mn sft, the conversion of 0.15 mn sft feet of Grade B development from an industrial setup to a warehouse, and the Grade A development of 0.3 million square feet that is currently under construction and is anticipated to become operational in 2024 could potentially pose competition to the proposed development. It is also noteworthy to consider that in Visakhapatnam, the current vacancy rate across various grades of warehousing is higher than average so there can be downward pressure on rents in the future. Recent transactions indicate that the monthly rent for quality-grade A developments in the market varies from INR 25 to INR 26 /sft/month. Based on the asking rents of comparable rentals in the subject market and the absence of institutional developers in the market, it is hypothesized that the achievable rent for the subject property is between INR 24 and INR 25 /sft/month

#### 3.12.3.5 Demand Forecast for the subject micro-market/vector

It is anticipated that between 0.5 and 0.6 mn sft of predominantly Grade A development will be added to the subject region of Akkireddy Palem over the next two years, including the subject property. The principal demand drivers for warehousing in the region are connectivity via National Highway 16, under-construction infrastructure initiatives including the RVEC and VCIC motorways, and discounted land values in comparison to the city's traditional warehousing centers. Based on historical micro market absorption data, demand is anticipated to increase by approximately 1.5 – 2.5 mn sft over the next four to five years. The influx of Grade A development in Akkireddy Palem is expected to attract more businesses looking for modern warehouse facilities. With the region's strategic location and cost advantages, it is poised to become a key warehousing hub in the near future.

***Overview***

The Trust, is an Indian infrastructure investment trust, sponsored by TVS Industrial & Logistics Parks Private Limited. The Sponsor settled the Trust on March 26, 2024 and the Trust was registered with SEBI on April 22, 2024 as an InvIT in accordance with the InvIT Regulations.

The Sponsor is part of the TVS Mobility Group, which is one of the leading automotive conglomerate in India with a wide array of diversified business interests. The Sponsor has a sound-track record of over 19 years in the infrastructure sector which includes development and management of multiple industrial and logistics parks. Since its inception, the Sponsor has developed 20 Parks in various locations across India, as of September 30, 2024.

The Trust, subject to receipt of certain approvals, will hold 100.00% equity interest in each of the nine Project SPVs and one Holdco which collectively have 18 underlying assets. The Initial Portfolio Assets are currently held by the Sponsor and have a potential of 10.67 msf. Our Initial Portfolio Assets are located across five states in India with an average operating history of approximately 6 years. Our lessee base comprising marquee clients with an average occupancy of ~100% and WALE of 5.48 years across all Initial Portfolio Assets, provides substantial stability to our Portfolio. Other factors that contribute to the stability of our Initial Portfolio Assets are the nature of our clients. Approximately 41% of our clients are in the industrial sector and such clients typically tend to further enhance the infrastructure assets by investing in it.

The warehousing industry in India has become an attractive investment opportunity due to the country's expanding economy and nearly 1.4 billion consumers. In conjunction with the exponential growth of e-commerce, 3PL, and modern retail, the implementation of GST has caused the demand for warehousing in India to increase at a CAGR of approximately 12% between FY 2015 and FY 2023. (***Source**: CBRE )*

The Sponsor established its first Park in Chakan, Maharashtra, in 2006, which has an operational area of 0.37 msf. The Sponsor developed about 1.13 msf of assets between 2009 and 2018, with Parks spread over Chakan in Maharashtra; Vaipur, Singdivakkam and Hosur in Tamil Nadu; and Bhubaneshwar in Odisha. Building upon the knowledge and capabilities developed during these years, the Sponsor underwent a strategic expansion phase. New developments included a second Park in Hosur, Tamil Nadu in 2019, Coimbatore, Tamil Nadu in 2020, Red Hills, Tamil Nadu in 2021 and further expansions into Madurai, Singdivakkam, and Sulur in 2022, all being through development, at Sullurpet in 2023 and at Siliguri, Kochi and Indore 2024, respectively, by way of an acquisition. As of September 30, 2024, the Sponsor owns five Parks which have an operational area of over 0.80 msf each. We believe that this track record underscores the proficiency and experience of the Sponsor in the development and management of industrial and logistics Parks in the infrastructure sector.

The Investment Manager of the Trust will be responsible for managing the Initial Portfolio Assets as well as undertaking

investment and management decisions in relation to our assets. Our Investment Manager is supported by a highly experienced board and senior management with extensive experience in the warehousing and industrial park space. The Sponsor is benefitting from the significant experience of the members of the board of directors of the Sponsor. The directors on the Board of the Investment Manager have extensive relevant experience and the Investment Manager believes that the Trust will continue to benefit from the same. The Sponsor will act as the Project Manager of the Trust, relying on its track record of executing, operating and managing one of the largest portfolios of warehouses and industrial parks in India.

The Trustee, Axis Trustee Services Limited is a trusteeship company which has been registered with SEBI as a debenture trustee under the SEBI Debenture Trustee Regulations since January 31, 2014. It is a wholly owned subsidiary of Axis Bank Limited.

The revenue from operations of the Initial Portfolio Assets on a combined basis for the six month period ended September 30, 2024 and the Financial Years ending March 31, 2024, March 31, 2023, and March 31, 2022 was ₹ 989.42 million, ₹1,874.64 million, ₹1,560.51 million, and ₹1,027.10 million respectively.

The tables below provide brief details in relation to our Initial Portfolio Assets as of September 30, 2024:

**Operational Assets:**

| SPV | State | Micro-market | Year of Commencement | Operational Area | Under Development Area | FY2024 Average Occupancy | WALE | In-place Rent on Chargeable Area | Stabilized Total Monthly Rental |

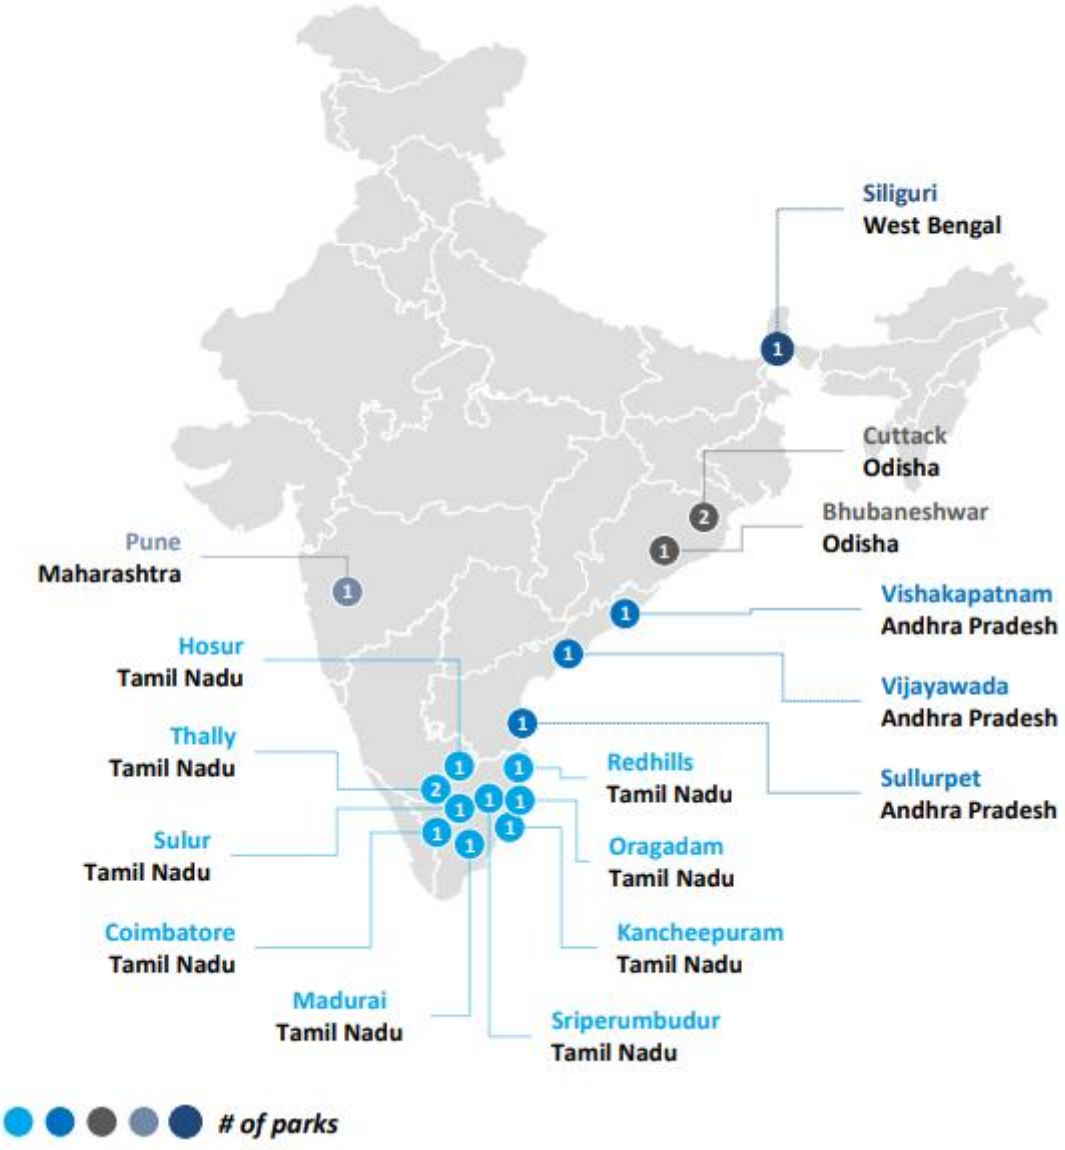
The map below illustrates the locations of the Projects:



**Our Strengths**:

Our strengths being our location identification and land acquisition strategy coupled with customized integrated solutions with sustainable and cost-effective designs help us offer an integrated platform to our clients.

***Stable portfolio with inherent growth prospects.***

Our Initial Portfolio Assets are located in India, the fifth largest economy, in the world and is expected to become a US $5 trillion economy by 2025. Despite global factors including escalating international commodity prices and risk of recession, and instability in the global financial market, India is anticipated to experience 7% growth in 2024. On the contrary, it is anticipated that the government's emphasis on capital expenditure and exports will bolster aggregate demand and increase production capacity, thereby exerting a positive influence on the GDP. Demand for warehousing and logistics assets is anticipated to increase in the near future. The government has been continuously trying to improve the logistics infrastructure and investments. Accordingly, occupiers aim to achieve operational efficiencies and rationalize costs through a multi-user and large-scale warehouse service provider. India has a per capita warehousing stock of 4.5 sq. ft. Even in terms of transactions volumes, in 2023, approximately 195.2 million sq. ft. of warehousing space was transacted across 10 key US cities, whereas approximately 30 million sq. ft. was transacted across 8 key Indian cities. The growth of the warehousing market is directly correlated to the consumption base of an economy. (*Source: CBRE Report*)

Approximately 41% of our lessee base comprises of clients from the industrial sector, a key factor that contributes to our engagement in long-term lease agreements. This industrial presence emphasizes the stability and reliability of our rental income as well as strengthens strong relationships with our clients. These long-term leases create a high level of client retention and consequently, we witness consistent high occupancy rates, which are crucial for sustainable business growth and operational stability.

We believe that our Portfolio is well-positioned for strong growth through a combination of contractual rent escalations and re-leasing at higher market rents. We have an approximately 5% annual contractual escalation.

We continuously achieve rental growth by re-leasing space to our lessees. In case existing leases expire, we expect to generate additional rental revenue by re-leasing space to lessees at market rents. We actively track upcoming vacancies and proactively engage with existing and prospective lessees in order to minimize downtime periods between successive leases. As of September 30, 2024, our Portfolio had under-development area of 1.98 msf representing 19% of our total Leasable Area. We believe that the under-development area can be leased out in the near-term based on high demand for warehousing space, the high quality of our Portfolio and our strong lessee relationships.

Our clients' repeated trust in our services is a testament to our capability. Nearly 34% of our existing clients are tenants in at least two of our locations, demonstrating the value we bring across multiple sites. This strong client retention enables us to offer a truly PAN-India solution, aligning our growth strategies with our clients' evolving aspirations and ensuring long-term partnerships.

***Modern warehousing and industrial parks with infrastructure connectivity strategically located in key warehousing and industrial micro-markets.***

We have 18 parks in total with operational area of approximately 8.68 msf across 14 locations and an area of 1.98 msf under development, as at September 30, 2024.

Our parks are built as per market dynamics and are designed to be commercially viable without compromising on the relevant compliance requirements and quality. This provides us with the ability to lease our parks as soon as they are built.

***Diversified lessee base of marquee clients across multiple sectors, consistent occupancy and proven track record of high client retention***.

As of September 30, 2024, our Portfolio has a marquee lessee roster of 30 multinationals and Indian corporates. We have a diversified client portfolio and cater to a wide range of end-user industry spread across various sectors including industrial, 3PL, auto and auto ancillary, electronic etc. The details of lease expansion within the portfolio assets is provided in the table below:

| Sector in which the lessee operates | First lease commencement date | Area leased as at first lease (sq. ft.) | Area leased as of September 30, 2024 (sq. ft.) | Growth (First to current)* |
|---|---|---|---|---|
| 3PL | January 1, 2017 | 94,955 | 20,87,596 | 21.99x |
| e-commerce | June 23, 2018 | 1,93,756 | 11,47,327 | 5.92x |
| Industrial | October 1, 2009 | 59,985 | 1,17,469 | 1.96x |
| Industrial | October 24, 2020 | 1,22,976 | 6,04,045 | 4.91x |
| Industrial | June 1, 2021 | 4,07,029 | 4,53,711 | 1.11x |
| 3PL | September 20, 2020 | 10,000 | 22,531 | 2.25x |
| 3PL | October 1, 2019 | 30,558 | 59,568 | 1.95x |

** Growth in terms of area leased as part of the first lease deed vis-à-vis area leased as a part of the current lease deed*

Tenure of some of the leases entered into with our lessees range from 10 to 20 years. Over the years, we have been the continued choice of warehouse partners for several of our lessee, reflecting their trust in us. Some of our key clients have expanded their

business with us over the years, with some lessees expanding close to five times while some expanding close to twenty times. The table below indicates the list of our current key clients operating in various sectors who have been or will be associated with us for five years or more:

| S. No. | Project Location | Sector in which the client operates | Lease Start Date | Lease Expiry Date |
|---|---|---|---|---|
| 1. | Chakan | Industrial | September 4, 2022 | September 3, 2027 |
| 2. | Chakan | 3PL | August 1, 2020 | July 31, 2025 |
| 3. | Chakan | 3PL | July 1, 2023 | June 30, 2028 |
| 4. | Chakan | 3PL | August 1, 2023 | July 31, 2028 |
| 5. | Vaipur | 3PL | January 1, 2020 | December 31, 2029 |
| 6. | Vaipur | Industrial | October 1, 2019 | September 30, 2024* |
| 7. | Singadivakkam Phase II | Industrial | June 1, 2021 | July 31, 2031 |

*** The lease deed has expired on October 31, 2024*

***Strong focus on asset management and maintenance by the Sponsor***

Over the years, we have placed a strong emphasis on asset management and maintenance, recognizing their critical role in our business' success. We have developed in-house teams that are dedicated to upholding the relevant standards in every aspect of our operations.

Our projects team works toward ensuring that all the warehousing parks are constructed in line with our standard specifications, regulatory requirements and client-specific needs. The operations team focuses on maintaining each park well and in an optimal working condition, ensuring seamless functionality. Our business development team plays a crucial role in understanding the right fitment of clients for each park, aligning with long-term business objectives of both the parties. Their strategic efforts ensure that we attract lessees from the relevant industries. By understanding market trends, client needs and leveraging our well-maintained assets, we are able to ensure that our parks remain the preferred choice for all our clients.

***Growth potential backed by strong support from a renowned and experienced Sponsor***.

The Sponsor is TVSILP which has a sound-track record of over 19 years in the development and management of multiple industrial and logistics parks, under the infrastructure sector. Since its inception, the Sponsor has developed 20 Parks in various locations across India, as of September 30, 2024.

We believe we have benefited immensely from the rich experience of the Sponsor Group. We believe our lineage empowers us in leveraging its long-standing brand heritage, in-depth understanding of multi-sector dynamics and local markets, operational experience, corporate governance standards, values and trust. Additionally, the recognition and credibility of our Sponsor Group position us to attract talent, retain customers and network partners. Pursuant to the ROFO Agreement, we have a 'right of first

offer' to acquire certain assets from the Sponsor. For details in relation to the ROFO Agreement, please see the section entitled "*Formation Transactions In Relation To The Trust - Acquisition of the future assets by the Trust*" on page 32.

***Skilled and experienced management team with extensive industry experience.***

Our management team comprises of skilled professionals with extensive experience in the infrastructure sector, which positions us well to pursue our growth strategies seamlessly. We also benefit from the expertise of our Board of Directors and key managerial personnel, who bring with them knowledge in business strategy, logistics, operations and financial management.

The combined experience of our management team, including both the Investment Manager and Project Manager, ensures that the Project SPVs/ Holdco and the Trust are managed efficiently. To uphold the principles of good corporate governance and effective management of the Trust, the Investment Manager has established various committees and adopted corporate governance policies. We are confident that our governance framework promotes fairness, transparency, professionalism and accountability, while enhancing the effective management and operational efficiency of our businesses.

The extensive experience of the Investment Manager's team enables the development of a tailored business strategy for the Trust, providing valuable support in governance, engineering, and operations. Accordingly, we expect to benefit from their industry knowledge and strategic insights, which will enable overall growth of the Trust.

***Attractive Industry with Attractive Government Policies***

Demand for warehousing and logistics assets is anticipated to increase in the near future due to occupiers adopting a multipolar supply chain strategy and continuing government impetus to improve logistics infrastructure and investments. Additionally, occupiers shall aim to achieve operational efficiencies and rationalize costs through a multi-user and large-scale warehouse service provider. In the year 2020 there was a slight slump in supply and demand owing to worldwide pandemic scenario causing construction delays coupled with deferment in absorption of warehouse space which was already pre-committed in the market. 2021 witnessed the largest supply influx owing to increased demand from E-commerce, 3PL & retail tenant sectors due to the pandemic and spillover demand from 2020. (*Source: CBRE Report*).

The GoI has formulated a logistic vision: "To develop an integrated cost–effective, reliable, sustainable and digitally–enabled logistics ecosystem in the country for accelerated and inclusive economic growth". To support its vision, the Government has provided the logistics sector with an initial impetus by granting it an 'infrastructure status', allowing developers to finance projects through international funding and reduced interest rates. Besides this, the GOI has also introduced various policies like Make in India, the National Industrial Corridor Development Programme, Aatmanirbhar Bharat, Sagarmala Pariyojana, to bolster the sector. (*Source: CBRE Report*)

***Corporate Finance Capabilities***

Our robust corporate finance capabilities have fostered strategic partnerships with leading financial institutions. These strengths, coupled with our strong business fundamentals, have empowered our team to consistently secure capital at some of the most favorable terms in the sector, ensuring sustained growth and competitiveness in the sector.

***Strong focus on governance and ESG***.

Sustainable practices are the forefront of our business and has always been a part of our strategy and business decisions with continued efforts towards reducing carbon footprint and lowering energy consumption. The Sponsor has almost all facilities under the globally recognized EDGE Certification and has been certified as an EDGE champion.

Our Investment Manager is proposing to adopt an environment, health and safety policy ("**EHS Policy**") on behalf of the Trust. This EHS Policy will provide for a framework for the Trust and its Project SPVs/Holdco, and the Investment Manager to safeguard their employees from occupational hazards and illness, while also striving to protect the environment and preserve the natural resources. The EHS Policy shall be applicable to the Trust, the Project SPVs/Holdco and the Investment Manager. Some of the indicative key compliance requirement, as per the EHS Policy, will include amongst others:

- Compliance with applicable environmental, health, safety, security, legal, and other requirements as per applicable law while efficiently utilizing natural resources, and providing a safe, healthy, and environment-friendly workplace for all employees and associated people;
- The management of the Trust, the Project SPVs/ Holdco, and the Investment Manager shall be committed to abiding by the applicable legal requirements and regulations, including complying with the health, safety, security, and environment requirements prescribed by the applicable environment and safety laws and regulations;
- Ensuring that the machinery, equipment, vehicles, safety equipment, safety systems, electrical equipment, tools, temporary structures, inspection and monitoring equipment, communication system and miscellaneous equipment (ladders, working platform, ramps and safety signages) deployed are safe and is in compliance with established safe working procedures and practices;

- Ensuring that each activity is carried out with proper risk management to minimize associated hazards, develop and implement appropriate occupational health, safety, security, and environment procedures while promoting safe working practices and inculcating a safety culture among all interested parties pertaining to our business; and

Further, approximately 24% of our portfolio is occupied by clients based in the sectors which focus on environment conservation with close to 17% from renewable energy space and close to 7% from electronic vehicle space, some of these clients being Ather Energy Private Limited (electronic vehicles) and Indutch Composites Technology Private Limited (wind energy), and a client in the solar energy space, amongst others. Basis our current rentals, our top 10 clients are as follows:

| S. No. | Sector in which our clients operate | No. of clients | (%) of our Portfolio's gross rentals |
|---|---|---|---|
| 1. | Industrial | 7 | 43.14% |
| 2. | 3PL | 1 | 20.45% |
| 3. | e-commerce | 2 | 19.08% |
| 4. | Others | 20 | 17.33% |

**Our Strategies**:

***Optimizing asset utilization through proactive project management, reliance on experience and focusing on value creation.***

We shall focus on continuing to achieve operational excellence by implementing the approach of maximizing the utilization and productivity of the parks thereby enhancing overall profitability. This will involve a comprehensive focus on optimizing the performance of physical assets such as buildings, equipment and using new technology while reducing the operating costs.

The Project Manager shall undertake operations and management of the Initial Portfolio Assets pursuant to execution of the Project Implementation and Management Agreement. Through our Project Manager, which has extensive experience in project and asset management, we intend to institute and implement modern and leading processes and practices across our current and future assets.

Further, we intend to monetize any opportunities that may be available for generating additional revenue from non-warehousing business operations that leverage our warehousing assets. We believe that such opportunities may be available in relation to, amongst others, renting of the roof top, installation of solar power panels to produce and sell electricity or renting out additional space of the Parks for non-warehousing activities.

***Continue to pursue accretive growth***

We intend to capitalize on these sectoral tailwinds to grow our operations by leveraging the value accretive acquisition strategy of our Investment Manager:

- *Inorganic Expansion*

  We aim to focus on acquiring more Parks in accordance with our investment objectives. We also propose to invest in Parks in other locations to increase our presence pan-India. In addition to acquisitions, we intend to undertake strategic expansions within our existing assets to enhance the value of our Portfolio leading to lessee retention. We believe that owning the best warehousing assets in India's top sub-markets will allow us to generate robust cash flow growth with strong long-term returns.

  We plan to grow our Portfolio by developing and folding operational assets into the Trust.

- *Geographic Diversification*

  We plan to pursue geographic expansion by establishing new Parks in the under-served market of India, where there is a notable demand-supply gap. This strategic move aims to meet the growing needs of these underserved markets, ensuring efficient distribution and enhanced service delivery to clients. By addressing this gap, we can capitalize on the rising demand, drive business growth and reinforce our presence in these key areas.

- *Land Acquisition*

  Acknowledging suitable land acquisition as one of the most critical aspects associated with our business growth, our Sponsor will strategically focus on acquiring land from State Governments. By focusing on acquiring land from State

Governments, we can achieve cost efficiencies, secure strategic locations, benefit from regulatory support, contribute to local economic development and mitigate risks, all of which will drive our growth and operational success.

***Target new customers and diversify customer base.***

We believe that our pan-India network positions us well to capture growing demand for warehousing services from clients belonging to almost all sectors *viz.* 3PL, industrial, auto and auto ancillary, etc. We intend to actively market our Assets to new customers to generate additional sources of revenue and cash flows over time. Long-term rentals help in bringing stability to our portfolio and also ensures expected returns for our investors. On the other hand, the occupiers prefer long-term leases since it safeguards their investment in our facilities. Our preferred sectors are primarily industrial players and our USP is providing customized integrated solutions to them. While we do not limit ourselves to a particular sector, we believe in partnering with the emerging sectors like e-commerce, EV and other alternative energy sectors, etc.

***Increase revenue by providing ancillary services.***

We are a tech-enabled infrastructure solutions provider who provides various set of services to our clients. We intend to provide facilities management services to our lessees that are designed to provide comprehensive and industry specific solutions such as maintenance services, security services, etc. Our fully integrated professional facilities management services will be designed to provide solutions that enhance the operational efficiency of our lessees' facilities.

***Institute and maintain prudent capital management***.

Low leverage provides flexibility for growth through value accretive acquisitions. We seek to achieve an optimal capital structure for our Parks and will seek to source funds from multiple sources, including from domestic and international markets. Immediately on completion of the Offer, our aggregate consolidated borrowings and deferred payments net of cash and cash equivalents will be below 49% of the total value of the InvIT Assets, as prescribed under the InvIT Regulations and we seek to ensure that the Trust has a debt structure to support the capital available with the Trust. Our low leverage will also result in better credit rating for our Trust, thus allowing us favourable financing terms and cost. ICRA Limited has assigned a "Provisional ICRA AAA (Stable)" rating for the Trust, in its credit rating rationale, taking into account the Initial Portfolio Assets, subject to the terms set out therein.

We have the potential to increase our borrowings in the future to up to 70% of the value of our assets under management while maintaining a AAA credit rating, obtaining unitholders approvals and complying with certain other conditions and we intend to optimize our leverage to retain enough flexibility to provide sustainable and predictable cash flows, while evaluating potential acquisition or development opportunities in the future. We will seek to employ appropriate financing and borrowing policies and also diversify our funding sources with one of the primary objective of minimizing our overall cost of capital. Further, we believe that our low leverage will provide us with a significant advantage in acquiring projects that meet our investment objectives. We intend to leverage our robust corporate finance capabilities and strong lender relationships with leading financial institutions, to continually optimize our financing structure and maintain a well-diversified capital pool.

***Continued focus on automation and modernization of Parks assets using latest technology.***

We shall endeavor to carry out technological/structural advancements of the Parks, taking into consideration the ever-evolving business landscape, where required. For example, few of our parks are equipped with automated storage and retrieval systems ("**AS/RS**"), an automation technology specifically designed to buffer, store and retrieve product and inventory on demand. This enables significant operational efficiencies, in areas such as in-ward speed, order picking time, processing speed.

**Our Portfolio**

Asset-wise project details

***1.*** *Name of Project*: *Chakan Park, Maharashtra*

*Asset description*:

Chakan Park was constructed in 2006 and is the first corporate-owned, high-quality warehousing facility in India and first of its kind in Chakan (*Source: CBRE Report*). It is spread across 17.10 acres of land, with 0.37 MSF of area dedicated to leasable areas across two Parks with clear height of the Park of 12.30 m. The Park is EDGE certified to foster environmentally sustainable principle, including, energy-efficient design, water management systems, and green belt development. Chakan Park's design emphasizes on optimal area utilization, incorporating advanced amenities like free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

Chakan is a prominent industrial centre in western India, home to several major automotive manufacturers and suppliers. Chakan Park is strategically located within the Chakan industrial area, it is suitable for warehousing and light industrial operations. The region's increasing population and the establishment of IT companies have driven demand for e-commerce services. Chakan Warehouse benefits from this growth by offering essential resources such as skilled labour, raw materials, and efficient transportation. The warehouse's convenient access to major transportation routes, including the Pune-Nashik highway, and the planned expansion of infrastructure in the area enhance its connectivity. Combined with its commitment to quality standards, these factors make the warehouse an attractive option for businesses requiring reliable and efficient logistics solutions. (*Source: CBRE Report*)

***2.*** *Name of Project*: *Vaipur (Oragadam) Park, Tamil Nadu ("**Vaipur (Oragadam) Park**")*

*Asset description*:

The warehouse is located in Eraiyur village near the Oragadam SIPCOT (*Source: CBRE Report*). It is spread over 10.23 acres of freehold land and features amenities like free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures. Vaipur (Oragadam) Park caters to warehousing requirements of auto, auto components and manufacturing companies in the Oragadam and sub-markets.

The Oragadam Industrial Corridor is a prominent manufacturing hub in Chennai, well-connected through State Highway 48, National Highway 48, and the outer ring road. It is home to several major automotive and component manufacturers. The warehouse is located in Eraiyur village, near the Oragadam SIPCOT. This location offers convenient access for automotive, component, and other manufacturing companies operating in the Oragadam region. Furthermore, the state government is actively promoting this location as a hub for medical equipment manufacturing. (*Source: CBRE Report*)

***3.*** *Name of Project*: *Singadivakkam (Sungavarchatram, Kanchipuram) Park, Tamil Nadu*

*Asset description*:

The Park is situated in Singadivakkam village, which is part of the Sunguvarchatram market. It comprises two warehouse facilities designed to accommodate the warehousing requirements of the manufacturing and electronics sectors. (*Source: CBRE Report*). Our Park is spread across 10.73 acres of land and has EDGE certified buildings which offer amenities like free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures. The park offers convenient access to both seaports and airports through National Highway 48 and State Highway 48.

Sunguvarchatram, situated in Kanchipuram district, is a prominent industrial centre along the Chennai-Bangalore Industrial Corridor (CBIC). The region hosts several large-scale manufacturing companies. Sunguvarchatram enjoys excellent connectivity to other industrial hubs, such as Oragadam and Sriperumbudur, via National Highway 48. (*Source: CBRE Report*)

***4.*** *Name of Project*: *Hosur Park, Tamil Nadu*

*Asset description*:

Hosur Park is spread across 29.83 acres of land, consisting of three fully constructed covered warehouses, leased to our lessees spanning across 3PL sector. Hosur Park is EDGE certified with range of amenities including provision for free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, sewage treatment plant as per applicable Pollution Control Board norms, fire tank capacity conforming to 2 hour fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures. Hosur Park also caters to diverse sectors including 3PL sector.

Hosur, a satellite town of Bangalore, is strategically located in Tamil Nadu. Its position along National Highway 44 provides seamless connectivity to major cities such as Bangalore, Chennai, and Coimbatore, making it a prime distribution hub. Additionally, as part of the Chennai-Bangalore Industrial Corridor, Hosur offers convenient access to key markets, facilitating efficient goods transportation. The warehouse is situated in Mathagondapalli village between Hosur and Thally, offering convenient access to the airport, located 87 kilometers away. The upcoming Satellite Town Ring Road is expected to further enhance Hosur's prominence, making it an attractive location for e-commerce companies. Its strategic position near the Tamil Nadu-Karnataka border provides access to a large consumer base. (*Source: CBRE Report*)

***5.*** *Name of Project*: *Bhubaneswar Park, Odisha*

*Asset description*:

The Park consists of two warehouses designed to meet the needs of logistics, fast-moving consumer goods, and manufacturing companies (*Source: CBRE Report*). Our warehouses are spread across an area of 10.67 acres and are EDGE certified featuring amenities like free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

Bhubaneswar, the capital of Odisha, is a significant commercial centre in eastern India. The region's steel and aluminium industries have fostered the growth of supporting businesses throughout the state. Bhubaneswar benefits from its proximity to ports and major transportation routes, facilitating connectivity to nearby cities such as Cuttack. The city's strategic location and industrial activity have made it an attractive destination for warehousing and logistics operations. Bhubaneswar and Cuttack together form a major consumption market in eastern India, underscoring the region's importance for warehousing. (*Source: CBRE Report*)

Areas such as Bhubaneswar-Cuttack Road, Tangi, Pitapalli, and Chandaka primarily concentrate the warehousing market in Bhubaneswar. While most warehouses in the region are locally developed and offer standard features, the Park represents a higher-quality option with modern amenities. Located in the Godi Bari area of Kantabada village, the Park offers premium warehouse spaces within a thriving industrial environment. Its proximity to the airport and its position along the state highway connecting Bhubaneswar and Cuttack make it easily accessible for a variety of industries. (*Source: CBRE Report*)

***6.*** *Name of Project*: *Coimbatore Park, Tamil Nadu*

*Asset description*:

Coimbatore Park is spread across 26.40 acres of land, catering to lessees in industrial and e-commerce sectors. Our Park is EDGE certified with range of facilities including free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, sewage treatment plant as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

Coimbatore, the second largest consumption hub in Tamil Nadu, is a significant part of the Coimbatore-Tirupur-Erode Industrial Corridor, housing numerous small and medium-sized enterprises. It is a preferred location for the automotive and auto component industries and has been identified as a key node in the Tamil Nadu Defence Industrial Corridor. The city's proximity to Kerala makes it a suitable location for distribution centers. With excellent connectivity through NH-544, linking it to ports and southern Tamil Nadu via NH 83, Coimbatore has emerged as a major hub for manufacturing, education, and healthcare, ranking among India's fastest-growing Tier-II cities. The region boasts over two lakh ten thousand two hundred and twenty-two small, medium, and large industries, with engineering and textiles as primary sectors. (*Source: CBRE Report*)

The warehouse is located in Sellakkarachal Village, Sulur Taluka, a prominent industrial and manufacturing center with convenient access to the airport. Its strategic position attracts businesses from manufacturing, third-party logistics, and fast-moving consumer goods sectors. (*Source: CBRE Report*)

***7.*** *Name of Project*: *Thally Park 1 & Thally Park 2, Tamil Nadu*

*Asset description*:

The warehouses are situated in Mathagondapalli village between Hosur and Thally, offering convenient access to the airport, located 87 kilometers away (*Source: CBRE Report*). Thally Park 1 and Thally Park 2 are spread across 37.39 acres and 10.83 acres respectively, which consists of four fully constructed covered leased to our lessees spanning across e-commerce, 3PL, FMCG and industrial sectors. Our Parks are EDGE certified with range of amenities including provision for free movement type-2 flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient electrical system with applicable safety measures.

Hosur, a satellite town of Bangalore, is strategically located in Tamil Nadu. Its position along National Highway 44 provides seamless connectivity to major cities such as Bangalore, Chennai, and Coimbatore, making it a prime distribution hub. Additionally, as part of the Chennai-Bangalore Industrial Corridor, Hosur offers convenient access to key markets, facilitating efficient goods transportation. The upcoming Satellite Town Ring Road is expected to further enhance Hosur's prominence, making it an attractive location for e-commerce companies. Its strategic position near the Tamil Nadu-Karnataka border provides access to a large consumer base. (*Source: CBRE Report*)

***8.*** *Name of Project*: *Red Hills Park, Tamil Nadu*

*Asset description*:

Red Hills Park has an area of more than 33.18 acres. The buildings incorporate amenities like free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable pollution control board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas.

Red Hills has historically served as a warehousing hub for Chennai's goods distribution. The emergence of e-commerce and online platforms has further elevated its importance. This location has consistently been preferred for fulfilling the warehousing requirements of FMCG, e-commerce, and third-party logistics companies. The park is strategically located in Thamaraipakkam Village, offering convenient access to airports within a forty-five-kilometer radius and seaports within forty kilometers. The park enjoys excellent connectivity through SH 114, linking to NH16, NH716A, and SH50A, ensuring smooth goods transportation. These transportation advantages contribute to the location's popularity among prominent FMCG, e-commerce, and third-party logistics companies. (*Source: CBRE Report*)

***10.*** *Name of Project*: *Madurai Park, Tamil Nadu*

*Asset description*:

Madurai Park is spread across 16.02 acres of land. Our Park has been provided with a preliminary EDGE certificate and features a range of facilities including free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

The warehouse is strategically located in Vairavanatham village, seventeen kilometers from Madurai's city center and thirty kilometers from the airport. Its proximity to NH 44, connecting to the Nilakottai SIPCOT Industrial complex and other manufacturing areas, makes it suitable for warehousing needs of manufacturing and auto ancillary companies. (*Source: CBRE Report*)

As the cultural capital of Tamil Nadu, Madurai is the state's third-largest consumption center. It is also a significant industrial hub, home to various automobile, rubber, and chemical industries. Madurai's strategic location benefits from excellent connectivity through National Highways 7, 45B, and 85, providing easy access to major cities like Chennai, Coimbatore, and Trichy. These well-connected highways facilitate efficient goods movement, enhancing Madurai's appeal as a distribution hub. Nearby industrial centers such as Dindigul, Virudhunagar, and Tirunelveli contribute to the region's demand for warehousing services. These cities serve as crucial links in the supply chain, solidifying Madurai's position as a strategic warehousing destination in southern India. (*Source: CBRE Report*)

***11.*** *Name of Project*: *Sullurpet Park, Andhra Pradesh*

*Asset description*:

Sullurpet Park is spread across 44.10 acres of land. Our Park is equipped with advanced features such as free movement (Type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures. Sullurpet Park hosts Indutch Composites Technology Private Limited, a wind energy blade manufacturing and allied component manufacturing company.

The Park is strategically positioned in Sullurpet, equidistant from Krishnapatnam and Ennore ports, and within 95 kilometers of an airport. Its location on NH16 and proximity to industrial centers like Sri City and Chennai make it a significant trade hub. The Park houses a leading wind blade manufacturing company serving global multinational corporations. (*Source: CBRE Report*)

Sullurpet, situated in Andhra Pradesh, is experiencing rapid growth in the warehousing and industrial sectors due to its strategic location along National Highway 16. This key transportation route connects Chennai and Kolkata, making Sullurpet a crucial transit point for goods. The proximity to major ports like Chennai and Krishnapatnam further enhances its importance for import-export activities. The region's expanding industrial base, encompassing textiles, pharmaceuticals, and automotive components, drives the demand for warehousing facilities to store raw materials and finished products. Ongoing infrastructure development, such as improvements to NH-16 and the construction of dedicated freight corridors, is enhancing Sullurpet's connectivity and attractiveness as a manufacturing location. ***12.*** *Name of Project*: *Pillaipakkam Park, Sriperumbudur*

*Asset description*:

Pillaipakkam Park is spread across 17.00 acres of land. Our Park is EDGE certified and features facilities like free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

The warehouse is strategically located on leasehold land in SIPCOT Pillaipakkam, approximately 44 kilometers from Chennai's city center and 27 kilometers from the airport.

Pillaipakkam is strategically located within the Sriperumbudur Industrial Corridor, a region characterized by strong connectivity and industrial growth. Situated along National Highway 48, the area offers efficient transportation links to major cities and ports. Its proximity to the Chennai-Bangalore Industrial Corridor enhances its appeal as a warehousing hub, providing access to a thriving industrial region with substantial investment opportunities. The presence of nearby industrial estates and parks further drives the demand for warehousing solutions as businesses seek to optimize their supply chain operations. Sriperumbudur has established itself as a Special Economic Zone (SEZ) with significant investments from automotive and electronics companies. The construction of a new greenfield airport in close proximity to Sriperumbudur will further enhance the region's connectivity. (*Source: CBRE Report*)

***13.*** *Name of Project*: *Siliguri Park, West Bengal*

*Asset description*:

*Siliguri Park* is spread across 5.66 acres of land. Our Park incorporates amenities like free movement (Type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

The warehouse is located 17 kilometers from the city and 13 kilometers from New Jalpaiguri railway station. Bagdogra International Airport is 25 kilometers away. (*Source: CBRE Report*)

Siliguri, a major Tier 2 city in West Bengal, spans the Darjeeling and Jalpaiguri districts and serves as the "Gateway to North-East India". Traditionally known for tea, timber, and tourism, the city has experienced significant growth in transportation in recent times. Its strategic location in West Bengal, with proximity to international borders with China, Nepal, Bangladesh, and Bhutan, makes it a crucial trading hub. Excellent air and rail connectivity further enhance its importance. The city's growing educational sector attracts a young population from North Bengal and the Northeast, contributing to its emergence as a consumption center. Siliguri also aims to establish itself as an IT hub in the future. (*Source: CBRE Report*)

Siliguri, the commercial capital of North Bengal, boasts an extensive transportation network. Its proximity to industrial areas in Cooch Behar and Jalpaiguri positions it as a potential service provider to key industries such as food processing, retail, e-commerce, logistics, pharmaceuticals, fast-moving consumer goods, and hospitality. The city's connectivity through NH 27, part of the Asian Highway 2 project, enhances its accessibility. (*Source: CBRE Report*)

***14.*** *Name of Project*: *Vijayawada Park, Andhra Pradesh*

*Asset description*:

Vijayawada Park is spread across 12.68 acres of land. Our Park has been provided with a preliminary EDGE certificate. It also proposes to have enhanced security features like free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

The warehouse is strategically located in Kankipadu village, approximately fourteen kilometers from Vijayawada's city center and eleven kilometers from its airport, making it an ideal location for logistics operations. (*Source: CBRE Report*)

Vijayawada, centrally located in Andhra Pradesh, is a significant warehousing hub in South India due to its strategic position and excellent transportation links. The city's central location provides easy access to major cities like Hyderabad, Chennai, and Bengaluru, facilitated by the extensive network of national highways including NH16, NH65, and NH30. Furthermore, the Vijayawada railway junction and the Krishna River offer additional transportation options. Vijayawada's growing industrial sector, encompassing agriculture, food processing, textiles, and pharmaceuticals, creates a substantial demand for warehousing to store various products. The city's proximity to ports like Krishnapatnam and the upcoming Machilipatnam Port enhances its importance as a logistics center for import and export activities. (*Source: CBRE Report*)

***15.*** *Name of Project*: *Vishakapatnam Park, Andhra Pradesh*

*Asset description*:

Vishakapatnam Park is spread across 16.80 acres of freehold land. Our Park will prioritize sustainability with a rooftop solar power setup provisions and rainwater harvesting systems. Vishakhapatnam Park is proposed to have free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable Pollution Control Board norms, fire tank capacity conforming to 2 hour fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

The warehouse is strategically located in Gurrampalem village, 20 kilometers from Visakhapatnam's city center and 14 kilometers from the airport. The facility offers both ready-to-occupy spaces and build-to-suit options to accommodate diverse business needs. (*Source: CBRE Report*)

Vishakapatnam, located in Andhra Pradesh, is experiencing significant growth in the warehousing sector due to several factors. The city's strategic position along National Highways 16 and 26, combined with its proximity to the Visakhapatnam Port, makes it an ideal location for warehousing operations. The thriving industrial sector, encompassing pharmaceuticals, petrochemicals, steel, and textiles, drives the demand for storage and distribution facilities. Furthermore, excellent connectivity through road, rail, and air networks, including National Highways 16 and 26 and Vishakapatnam International Airport, facilitates efficient transportation of goods, enhancing the city's attractiveness as a warehousing hub. ***16.*** *Name of Project*: *Cuttack Park I (Banipada)*

*Asset description*:

Cuttack Park I (Banipada) is spread across 14.43 acres of leasehold land. Our buildings are planned to have free movement (type-2) flooring with 5 tonnes per sq. m. floor of load, roofing with galvalume roofing technology and capability of installing solar panels, STP as per applicable pollution control board norms, fire tank capacity conforming to 2hr fire rated, adequate natural lighting, dock leveler provisions, emergency exits with fire doors, power connectivity, energy-efficient LED lighting system for internal and external areas, lightning arrestors, energy efficient electrical system with applicable safety measures.

Cuttack, an industrious city in Odisha, boasts a thriving warehousing industry due to its strategic location and well-developed infrastructure. Situated along major highways like NH-16 and NH-53, Cuttack offers convenient access to important cities and ports, facilitating smooth transportation of goods. Its proximity to the Chennai-Vizag Industrial Corridor (CVIC) and Kolkata-Visakhapatnam Industrial Corridor (KVIC) further solidifies its position as a regional logistics hub. Cuttack is home to various industrial clusters, particularly in textiles, metalworking, and manufacturing. Combined with Bhubaneswar, located just 30 kilometers away, the region constitutes a major consumption center in Eastern India, second only to Kolkata. This burgeoning demand fuels the need for warehousing facilities. The Choudwar industrial area, on Cuttack's outskirts, houses numerous steel, aluminum, and chemical production units, further stimulating demand for warehousing to store raw materials and finished products. Cuttack's proximity to major ports like Paradip and Dhamra also renders it attractive for warehousing related to import and export activities. Warehouses in Cuttack are strategically positioned along NH-16, NH-53, and other main roads to cater to diverse business needs. (*Source: CBRE Report*)

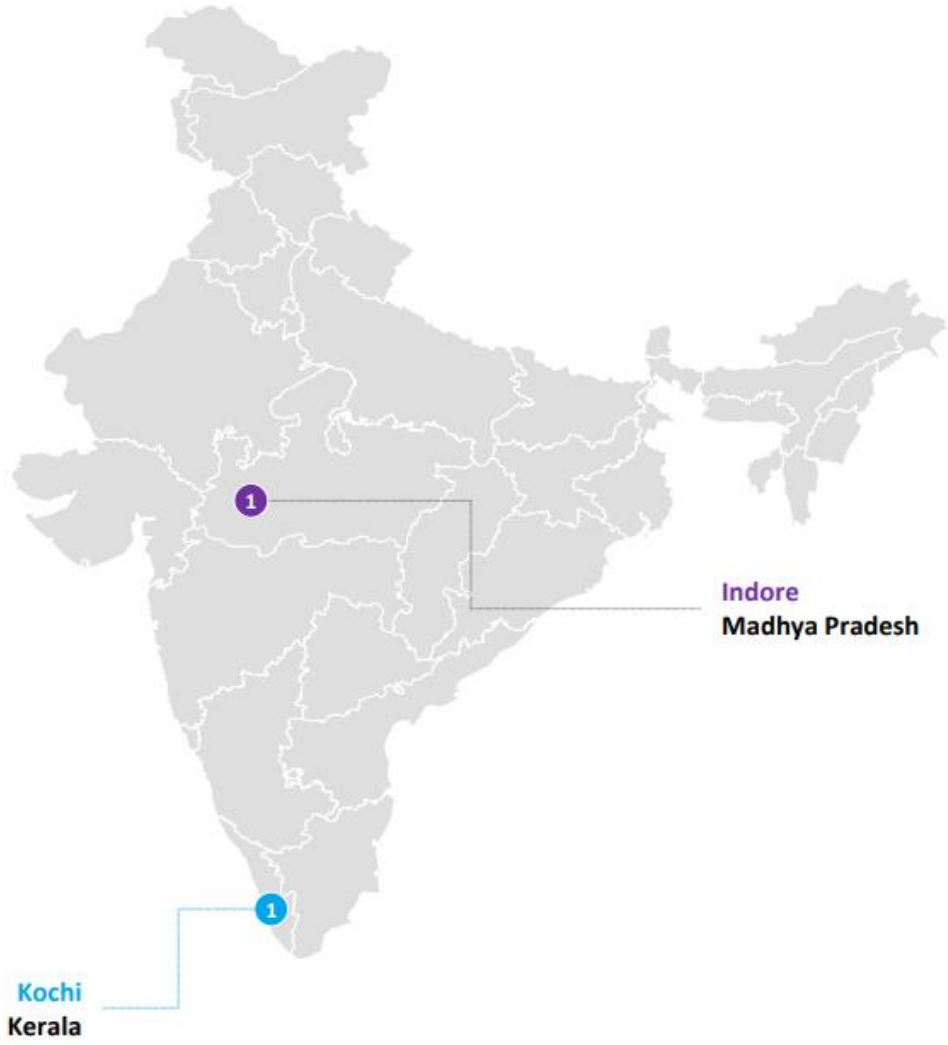
**ROFO Assets**

Set forth below is a brief description of the ROFO Assets:

| S. No. | Asset Name | Location | Approximate leasable area (sq. ft.) | Land area (acres) |
|---|---|---|---|---|
| 1. | Kochi Park | Kerala | 2,62,161 | 9.51 |
| 2. | Indore Park | Madhya Pradesh | 4,95,263 | 20.00 |

The Sponsor currently holds 100.00% equity shareholding in each of the 2 ROFO Assets. The following map shows the location of the potential ROFO Assets:



**Lease Agreements and Lease Management**

The lease agreements that we enter into with our lessees contain terms and conditions in relation to, amongst others, the leased area, term of the lease, lock-in period, details with respect to security deposit, provisions of sub-lease and events of defaults. Certain lease agreements also contain clauses which provide rent-free period for a particular duration to our certain lessees.

We typically enter into medium to long-term leases with our lessees. Our lease agreements also include a refundable security deposit, which is generally paid by the lessee upon signing of letter of intent or the lease agreement. The rent is generally payable in advance on a monthly basis. Rentals under our lease agreements are a function of various factors, including prevailing market rentals, client specific enhancements, rent-free period, security deposits, space availability and occupancy at the relevant asset.

Sub-letting to the lessee's affiliate companies or subsidiary generally does not require consent, however, a prior intimation to the lessor is required. Further, sub-letting to unrelated third parties would generally require a prior consent from the relevant lessor. In case of the latter, the original lessee would also continue to be responsible for the performance of the obligations under the relevant agreements.

Our lease agreements generally contain common termination provisions such as termination upon default of the counterparty. Leases typically have a lock-in period during which the lessee is not allowed to exit unless there is a breach by the lessor of the terms of the lease agreement. The option to terminate the lease agreement on expiry of the lock-in period, and in accordance with the terms of the relevant lease agreement, is generally with both the parties. Further, certain of our agreements contain indemnity clause wherein the lessee will indemnify the lessor and its officers and employees from and against liabilities, losses, damages, claims, liens, costs and expenses, including reasonable attorney fees, which the lessor may suffer, sustain or incur as a result of any negligent act or omission of lessee, its officers, employees or contractors in the leased premises.

Our lease agreement generally contains provision wherein the lessor inter alia is responsible for obtaining insurance of the leased premises only (lessor is not liable for the goods/material stored in the leased premises) and requires the lessor to take insurance that covers the cost of warehousing facilities, such as risk of fire, earthquake, floods and special perils. In addition, the lease agreement with our lessees also generally restricts the parties to the lease agreement from disclosing or transferring any confidential information to any third party. Further, the lease agreements also provide for responsibility of the lessee for obtaining valid insurance in respect of the stock, merchandise, furniture and fixtures of the lessee in the leased premises and all other equipments installed by the lessee.

**Environment, Health and Safety**

We are committed to ensure that our business activities are conducted in a safe, healthy and secure workplace. The Initial Portfolio Assets also adhere to various labour and workplace related laws and regulations in India. The Initial Portfolio Assets have procedures in place to ensure that the operation of the Projects conform to existing health, safety and environmental regulatory standards. Some of the key requirements in terms of the health safety security environment policy ("**EHS Policy**") includes, a) compliance with applicable environmental, health, safety, security, legal and other requirements; b) compliance with health safety security environment requirements prescribed as per the environment and safety laws and regulations; c) prevent pollution, property damage and injury; d) develop and implement appropriate occupational health, safety, security and environment procedures and promote safe working practices and inculcate safety culture among all interested parties pertaining to our business; e) maintain all workplaces in construction site under control in a condition that is safe, secured and stable without any risk to health and environment; and f) conduct continuous training and periodic inspection as and when required to ensure adherence to health, safety, security and environment.

We believe that our health, safety and environment systems enable us to remain in compliance in all material respects with Indian legislation in relation to environment laws and regulations and employee health and safety. For further details, please see the section entitled "*Regulations and Policies*" on page 494.

**Employees**

Our employees contribute significantly to the business operations of the Initial Portfolio Assets. As of September 30, 2024, the Initial Portfolio Assets, Project Manager and Investment Manager had a total of 145 permanent employees in various departments including administration, finance, human resources, legal and compliance, operations, and technology. The number of personnel deployed on this basis varies from time to time based on the nature and extent of work contracted.

**Approvals**

For details on the status of approvals required for the operation of our Parks, please see the section entitled "*Regulatory Approvals*" on page 500.

**Insurance**

Our business operations are subject to hazards inherent in providing warehousing facilities, such as risk of fire, earthquake, floods and special perils. The Project SPVs/ Holdco's principal types of insurance coverage include, amongst others, Standard Fire and Special Perils Policy and Contractors Plant and Machinery Insurance. The Investment Manager and the Trustee confirm that the amount of insurance that each Project SPV presently maintains represents an adequate and appropriate level of coverage required to insure its business and operations and assets.

**Competition**

Our primary competitors may include domestic and foreign developers in the infrastructure, logistics and warehousing spaces, who may also have access to financial, operational, marketing, personnel and other resources which are comparable to us. We may compete across a number of factors, including access to land, reputation and track record, feedback from government

authorities, access to capital and control, control over quality, and efficiency and reliability in project operations.

## INFORMATION CONCERNING THE UNITS

**Unitholding of the Trust:**

| Particulars | Number of Units |
|---|---|
| Units issued and outstanding prior to this Offer | Up to [●]* |
| Units issued and outstanding after this Offer | Up to [●]* |

* *To be updated in the Final Placement Memorandum to be filed with SEBI and Stock Exchange.*

Unitholders holding more than 5% of the Units

| Sr. No. | Name of the Unit Holders | Pre-Offer | | Post Offer* | |
|---|---|---|---|---|---|
| | | Number of Units | Percentage of holding (%) | Number of Units | Percentage of holding (%) |
| 1. | [●] | [●] | [●] | [●] | [●] |

* *To be updated in the Final Placement Memorandum to be filed with SEBI and Stock Exchange.*

**Unitholding of the Sponsor, Sponsor Group, Investment Manager and Trustee**

The Sponsor shall be allotted Units of the Trust pursuant to the Share Purchase Agreements, after Bid/Offer Closing Date and prior to Allotment of Units in the Offer. TVS Industrial & Logistics Parks Private Limited, being the Sponsor, proposes to offer a portion of its unitholding in the Offer for Sale, subject to the Sponsor and the Sponsor Group, collectively, holding not less than 15% on a post-Offer basis. Such Units required to be held in terms of the InvIT Regulation shall be locked-in and shall not be encumbered.

The Sponsor Group, Trustee and Investment Manager do not hold any Units and shall not acquire any Units in this Offer.

**Unitholding of the directors of the Investment Manager**

Except as disclosed below, as on the date of this Draft Placement Memorandum, none of the directors of the Investment Manager hold any Units or propose to hold any Units in the Trust.

**Sponsor and Sponsor Group lock-in**

Under the InvIT Regulations, the Sponsor and Sponsor Group are required to, collectively, hold a minimum of 15% of our Units on a post-Offer basis, aggregating up to [●] Units, for a minimum period of three years from the date of listing pursuant to the initial offer and the balance of their unitholding in the Trust is required to be locked in for a period of not less than one year from the date of listing of the Units. Further, in accordance with the InvIT Regulations, the Sponsor and the Sponsor Group are required to lock-in our Units as follows:

| | |
|---|---|
| From the beginning of 4$^{th}$ year after the date of listing pursuant to the initial offer and till the end of 5$^{th}$ year from the date of listing pursuant to the initial offer | 5% of total Units or ₹ 500 crores, whichever is lower* |
| From the beginning of 6$^{th}$ year after the date of listing pursuant to the initial offer and till the end of 10$^{th}$ year from the date of listing pursuant to the initial offer | 3% of total Units or ₹ 500 crores, whichever is lower* |
| From the beginning of 11$^{th}$ year after the date of listing pursuant to the initial offer and till the end of 20$^{th}$ year from the date of listing pursuant to the initial offer | 2% of total Units or ₹ 500 crores, whichever is lower* |
| After completion of the 20$^{th}$ year from the date of listing pursuant to the initial offer | 1% of total Units or ₹ 500 crores, whichever is lower* |

** Provided that the maximum value of Units to be held by the Sponsor and Sponsor Group for compliance with the above shall not exceed ₹500 crores or such other value as may be decided by SEBI from time to time wherein such valuation shall be based on the latest available asset value of the Trust.*

In terms of the InvIT Regulations, the Sponsor and the Sponsor Group shall hold not less than 15% of Units and accordingly shall hold [●] units (being, [●]% of the unitholding). 15% of the Units held by Sponsor and Sponsor Group shall be locked-in for a period of three years from the date of listing of the Units. Further, the Sponsor and the Sponsor Group undertakes and agrees to lock-in its unitholding in the manner specified above for the period subsequent to the three years after Listing, in the manner as may be mutually agreed. Additionally, any unitholding held by the Sponsor and Sponsor Group exceeding the 15% of Units set out above, shall be locked in for a period of not less than one year from the date of listing of the Units. Any person other than the Sponsor holding units of the Trust prior to initial offer shall hold the units for a period of not less than one year from the date of listing of the Units.

## USE OF PROCEEDS

The Offer comprises a Fresh Issue of up to [●] Units by the Trust aggregating up to ₹ 10,500.00 million and an Offer for Sale of up to [●] Units by the Selling Unitholder aggregating up to ₹ 2,500.00 million.

**The Offer for Sale**

The Selling Unitholder will be entitled to the proceeds of the Offer for Sale. The Trust will not receive any proceeds from the Offer for Sale.

**The Fresh Issue**

The proceeds of the Fresh Issue available to the Trust will be up to ₹ 10,500.00 million (the "**Fresh Issue Proceeds**").

The Fresh Issue Proceeds will be utilised towards:

(i) providing loans to the Project SPVs/ Holdco for repayment or pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued interest, closure/pre-closure charges, and any other refinancing related costs;

(ii) general corporate purposes; and

(iii) Offer expenses.

**Requirements of Funds**

The Fresh Issue Proceeds are proposed to be utilised in accordance with the details provided in the following table:

*(In ₹ million)*

| S. No. | Particulars | Estimated Amount |
|---|---|---|
| (i) | Providing loans to the Project SPVs/ Holdco for repayment or pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued interest, closure/pre-closure charges, and any other refinancing related costs* | 9,500.00 |
| (ii) | General corporate purposes* | [●] |
| (iii) | Offer expenses* | [●] |
| | **TOTAL** | 10,500.00 |

**To be updated in the Final Placement Memorandum prior to filing with SEBI and the Stock Exchange.*

The Investment Manager believes that providing a loan to the Project SPVs/ Holdco for repayment or pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued interest, closure/pre-closure charges, and any other refinancing related costs, will help reduce outstanding indebtedness of the Trust on a consolidated basis and assist the Trust in maintaining a favourable debt-equity ratio, which will enable the Trust to raise further resources in the future to fund potential business development opportunities and plans to grow and expand its business in the future, thereby enabling the Trust to meet its commitment towards distributions to Unitholders.

The fund requirements mentioned above and the proposed deployment are based on the estimates of the Investment Manager and have not been appraised by any bank, financial institution or any other external agency. The fund requirements may vary, including due to factors beyond the Investment Manager's control, such as market conditions, competitive environment, interest rate and exchange rate fluctuations. Consequently, the fund requirements are subject to revisions, in the future, at the discretion of the Investment Manager.

In case of a shortfall in Fresh Issue Proceeds, the Investment Manager may, in compliance with the InvIT Regulations, have the flexibility to meet such shortfall including, by utilising the Trust's internal accruals or availing facilities from lenders and financial institutions. The Investment Manager, in accordance with the Investment Objectives of the Trust, policies of its board of directors of the Investment Manager and the InvIT Regulations, will have flexibility in utilising any surplus amounts.

**Details of Utilisation of the Fresh Issue Proceeds**

The details of utilisation of the Fresh Issue Proceeds are set forth herein below:

***(i) Providing loans to the Project SPVs/ Holdco for repayment or pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued***

***interest, closure/ pre-closure charges, and any other refinancing related costs.***

The Trust proposes to utilise an estimated aggregate amount of ₹ 9,500.00 million from the Fresh Issue Proceeds for repayment or pre-payment of debt, in full or part, including any accrued interest, availed by the Project SPVs/ Holdco from the Sponsor, and certain banks and financial institutions, as described below:

For further details on borrowing availed by the Project SPVs/ Holdco and the loan proposed to be provided to the Project SPVs/ Holdco by the Trust, please see the section entitled "*Financial Indebtedness*" on page 463.

The repayment or prepayment of indebtedness availed by Project SPVs/ Holdco, as set out above, shall be based on various factors, including: (i) any conditions attached to the loan or the consent issued by the lender in relation to such pre-payment or repayment, restricting the Trust's ability to repay or prepay the debt and time taken to fulfil such requirements; (ii) provisions of any laws, rules, regulations and contracts governing such borrowings; and (iii) other commercial considerations, including the interest rate on the debt securities and the amount outstanding (including interest accrued till date of repayment). As on the date of this Draft Placement Memorandum, the Project SPVs/ Holdco have applied for necessary consents from their existing lenders in relation to such pre-payment or repayment.

***(ii) General corporate purposes***

In terms of the InvIT Regulations, the Investment Manager on behalf of the Trust shall, at its discretion, deploy the balance Fresh Issue Proceeds (excluding the Offer Expenses) aggregating up to ₹ [●] million towards general expenses for the operation of the Trust, subject to such utilization not exceeding 10% of the Fresh Issue Proceeds, in compliance with the InvIT Regulations. The general corporate purposes for which the Trust proposes to utilise Fresh Issue Proceeds include meeting exigencies and expenses incurred in the ordinary course of business, including payment of interest on loan proposed to be availed by the Trust and upfront fee/processing fee payable on loan proposed to be availed by the Trust. In addition, the Trust may utilise the Fresh Issue Proceeds towards other expenditure (in the ordinary course of business) considered expedient and as approved by the Investment Manager or the Trustee, as the case may be, subject to compliance with applicable law.

***(iii) Offer Expenses****

The total expenses of this Offer are estimated to be up to ₹ [●] million ("**Offer Expenses**"). The Offer Expenses consist of fee and commissions payable to the Lead Managers, fee payable to legal counsels, fee payable to Escrow Collection Bank, fees payable to SEBI and the Stock Exchange in relation to the Offer, fee payable to Trustee, Valuer, independent architect, Statutory Auditor and Credit Rating Agency, stamp duties payable on issuance of units, Registrar and Unit Transfer Agent and all other incidental and miscellaneous expenses for undertaking the formation transactions and for listing the Units on the Stock Exchange. The Offer Expenses shall be borne by the Trust. For ease of operations, if required, the expenses in relation to the Offer as stated above, at the outset, may be borne by the Sponsor or the Investment Manager on behalf of the Trust, and the Investment Manager (on behalf of the Trust) agrees that it will reimburse the Sponsor or the Investment Manager for all such expenses as may be incurred by the Sponsor or the Investment Manager.

Any changes in the utilization of Fresh Issue Proceeds, shall be made by the Investment Manager in accordance with

applicable law and in compliance with InvIT Regulations.

**We propose to pay issue management fee to Axis Capital Limited ("**Axis Capital**") from the Fresh Issue Proceeds. While Axis Capital is an affiliate of the Trustee, it is not an associate of the Trust in terms of the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992. There is no conflict of interest under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992, as amended, or any other applicable SEBI rules or regulations and current disclosure is being made to ensure disclosure of all transactions with affiliate of the Trustee. The current disclosure is being made to ensure disclosure of all transactions with affiliate of the Trustee.*

## FINANCIAL INDEBTEDNESS

** Will be determined upon completion of the Offer. To be updated in the Final Placement Memorandum prior to filing with SEBI and the Stock Exchange.*
*** Excluding Ind AS adjustments*
**** MILP, being Holdco, has availed borrowing from the Sponsor and further lent to PBPL.*

***Principal terms of the borrowings availed by the Project SPVs/ Holdco from banks and financial institutions***:

1. ***Interest***: In terms of the loans availed by the Project SPVs/ Holdco, the interest rate is typically a summation of the base rate of a specified lender and spread. The spread varies between different loans for different banks. Some of the

borrowings also provide for additional interest in the event of any specific instances including non-compliance with the financing arrangements. Some of the loans have fixed interest rates ranging from 7.15% p.a. to 8.5% p.a.

2. ***Term***: The terms of the loans availed by the Project SPVs/ Holdco typically range from 5 years to 18 years.

3. ***Security****:* The borrowings availed by the Project SPVs/ Holdco are secured by, amongst others:

   (i) mortgage of identified immovable assets of the Project SPVs/ Holdco;

   (ii) hypothecation of tangible and movable assets of relevant Project SPVs/ Holdco;

   (iii) charge over intangible assets of certain Project SPVs/ Holdco; and

   (iv) charge over accounts of relevant Project SPVs/ Holdco, including escrow accounts and sub-accounts maintained in accordance with the financing arrangements, accounts created for maintaining reserves such as major maintenance reserves, debt service reserve account and any other bank accounts of the Project SPVs/ Holdco and all their receivables.

4. ***Repayment***: Certain lenders typically have a right to accelerate the repayment of the loan in one lump sum or monthly instalments.

5. ***Prepayment****:* Pre-payment of loans is typically permitted with certain lenders charging a pre-payment penalty of up to 2.00% of the amount outstanding or proposed to be prepaid. Certain lenders may waive the pre-payment penalty if the prepayment is made through the internal accruals of the Project SPVs/ Holdco or through the partners' own sources. Loans may be prepaid without any penalty depending on certain events. Certain Project SPVs/ Holdco may also be required to mandatorily prepay the loans in full or part on certain events.

6. ***Restrictive Covenants****:* The borrowing arrangements entered into by the Project SPVs/ Holdco contain standard restrictive covenants affecting the Project SPVs/ Holdco, which prevent them from undertaking certain actions, under certain scenarios, including:

   (i) effecting changes in their control or capital structure without the prior approval of certain lenders;

   (ii) making any 'restricted payments' which include amongst other things, payment of dividends, distributions, returns on equity, repayment or redemption for value and payment of interests

   (iii) declaring of any dividend on equity or preference shares for any year except out of the profits relating to that year and subject to no default in payment/repayment obligation to the lender, without the prior written consent of certain lenders;

   (iv) amending their constitutional documents without the prior consent of certain lenders;

   (v) change its Fiscal Year or change the accounting methods or policies followed by it;

   (vi) transferring of or creating any charge, mortgage, pledge, lien or any encumbrance in respect of any of the secured properties under the relevant loan agreement without the prior consent of certain lenders;

   (vii) undertaking voluntary liquidation, dissolution or winding up of its affairs or passing any resolution or otherwise to such effect without the prior consent of certain lenders;

   (viii) settling or agreeing/authorising to settle any litigation/arbitration having any material adverse effect without the prior consent of certain lenders;

   (ix) paying any commission/brokerage or fees to their promoters, directors, guarantors or security providers without the prior consent of certain lenders

   (x) undertaking any fresh expansion without the prior consent of certain lenders;

   (xi) taking any action towards amalgamation, reconstruction, merger, consolidation or re-organisation without the prior consent of certain lenders; and

   (xii) availing any further loan or facility on the security of the lease receivables without the prior written consent of the lenders.

7. ***Events of Default****:* Borrowing arrangements entered into by the Project SPVs/ Holdco contain standard events of default affecting the Project SPVs/ Holdco, including, amongst others:

(i) failure to pay/default in payment of any sum payable under the financing agreement;

(ii) breach of provisions of the financing agreements or any misrepresentations thereunder;

(iii) a cross-default by the Project SPVs/ Holdco under any of their other financing documents;

(iv) the security interest provided to the lenders being in jeopardy, in the opinion of the lenders;

(v) initiation of insolvency or other analogous proceedings against the Project SPVs/ Holdco; and

(vi) cessation of business of the Project SPVs/ Holdco.

8. ***Consequences of default***: In terms of the borrowing arrangements entered into by the Project SPVs/ Holdco, the following, amongst others, are the consequences of default:

(i) cancellation or suspension of the available commitments;

(ii) acceleration of repayment obligations and declaration of amounts outstanding to be forthwith due and payable;

(iii) enforcement of security interests; and

(iv) exercise of other remedies as permitted or available under the borrowing arrangements.

This is an indicative list of the terms of the borrowings availed by the Project SPVs/ Holdco and there may be additional terms, conditions and requirements under the various borrowing arrangements entered into by the Project SPVs/ Holdco. Where applicable and in relation to any debentures issued by the Project SPVs/ Holdco, the term 'lenders' may include the relevant debenture trustee and/or the debenture holders.

Given the nature of these borrowings and the terms of prepayment, the aggregate outstanding borrowing amounts may vary from time to time. In addition to the above, the Project SPVs/ Holdco may, from time to time, enter into re-financing arrangements and draw down funds thereunder, prior to the filing of the Placement Memorandum.

**Principal terms of the borrowings by the Project SPVs/Holdco from the Trust**

The proceeds from the Trust Loan will be an estimated amount of ₹ [●] million (the "**Trust Loan Proceeds**"). The Trust Loan Proceeds will be utilised by the Project SPVs and HoldCo for repayment or pre-payment of debt, including any accrued interest, availed by them from the Sponsor and certain external lenders.

The Trust Loan Proceeds are proposed to be utilised in accordance with the details provided in the following table:

*(In ₹ million)*

| S. No. | Particulars | Amount |
|---|---|---|
| 1. | Providing loans to the Project SPVs/Holdco for repayment or pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued interest, closure/pre-closure charges, and any other refinancing related costs | [●] |

*Trust Loan Agreement*

Upon the Listing of the Units, Trust shall utilize the Fresh Issue Proceeds, as set out above, to provide loans to the Project SPVs/Holdco ("**Trust Loans**") through facility agreements dated [●] to be entered into between the Trustee (on behalf of the Trust), the Investment Manager, and the Project SPVs/Holdco (the "**Trust Loan Agreements**").

The key terms of the Trust Loan Agreements include:

| | |
|---|---|
| **Lender** | TVS Infrastructure Trust ("**Trust**") acting through its trustee and/or through its Investment Manager ("**Lender**"). |
| **Nature of the debt** | Unsecured Rupee Term Loan from the Trust to the Borrower(s) (the "**Trust Loan**") |
| **Transaction Documents/Financing** | The Trust Loan Agreement |

| | |
|---|---|
| **Documents** | |
| **Drawdown** | **1.** The Term Loan shall be disbursed by the Lender to the Borrower upon receipt of written request from the Borrower (the "**Drawdown Date**") by wire transfer/cheque of immediately available funds to the escrow / current account of the Borrower, the details of which shall be notified by the Borrower to the Investment Manager and the Trustee on the Drawdown Date.<br><br>**2.** The Borrower may make subsequent drawdown requests in writing to the Investment Manager ("**Subsequent Drawdown**") up to the available limit of the Term Loan. However, the Subsequent Drawdown is not a binding obligation of the Lender and shall be at the sole discretion of the Investment Manager (on behalf of the Lender). Any Subsequent Drawdown would be notified to the Trustee by the Investment Manager. Further, any Subsequent Drawdown shall be on the terms and conditions as indicated in the trust loan agreement, unless mutually agreed otherwise, in writing.<br><br>**3.** The Term Loan, including any Subsequent Drawdowns, may be drawn down in one or more tranches, at such intervals as may be agreed between the Lender and the Borrower. |
| **Term** | Until the last date on which the principal, interest and all other amounts payable by the Borrower shall be discharged/repaid |
| **Purpose** | 1. Providing loans to the Project SPVs/Holdco for repayment or pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued interest, closure/pre-closure charges, and any other refinancing related costs;<br><br>2. Funding of the Project capital expenditure;<br><br>3. General corporate purpose and working capital requirements;<br><br>4. any other purpose as mutually agreed between the Borrower and the Trust; and<br><br>5. onward infusion into subsidiaries by HoldCo in form of share capital contribution / loan. |
| **Repayment** | The Borrower shall repay the principal amount to the Trust on such date(s) on a periodic basis, ("Repayment Amount"). The final repayment date of the Trust Loan shall be no later than the period described in the trust loan agreement, or as may be mutually discussed amongst the parties to the trust loan agreement. |
| **Prepayment** | The Trustee or the Investment Manager (on behalf of the Trust) may require the Borrower to prepay all outstanding amounts under the trust loan agreement upon the occurrence of an event of default (no pre-payment penalty to be applicable).<br><br>The Borrower may, at any time, during subsistence of the trust loan agreement prepay the whole/part of the outstanding loan amount, subject to mutual agreement between the Trustee or the Investment Manager and the Borrower. |
| **Interest rate provisions** | 1. The Term Loan shall carry interest at the rate as indicated in the trust loan agreement, at an arm's length basis, based on cash flows, subject to revisions as may be mutually agreed between the parties, from time to time ("**Interest**").<br><br>2. Interest on the Term Loan shall be due and payable, and the Borrower shall be required to make payment towards Interest to the maximum of the accrued interest subject to withholding of applicable taxes *only if* (a) on the Interest Payment Date, surplus cash is available with the Borrower (which is available and permitted to be utilised towards payment of such Interest, without such utilisation being in or resulting in a breach of the financing documents); and (b) the Lender has sent a letter to the Borrower requesting it to make payment in full or in part.<br><br>3. For the purpose of calculating such Interest, a period as indicated in the trust loan agreement, |

| | |
|---|---|
| | shall be considered.<br><br>4. The Borrower's inability to pay any portion of the accrued Interest and the Repayment Amount in accordance with the Financing Documents, due to the unavailability of surplus cash, including single or multiple such events, shall not be a default or an Event of Default in relation to the Term Loan. |
| **Condition Precedents to the Term Loan** | 1. The obligations of the Lender to disburse the Term Loan shall be effective upon the receipt of all the following documents and other evidence by the Trustee:<br><br>a) Execution of the trust loan agreement in a form and manner satisfactory to the Trustee; and<br><br>b) A certified true copy of a resolution of the board of directors of the Borrower approving the terms of, and the transactions contemplated by the trust loan agreement and execution of the transaction documents.<br><br>2. The obligations of the parties under the trust loan agreement shall be effective upon the receipt of the proceeds pursuant to the offer by the Lender. |
| **Conditions Subsequent to the Term Loan** | The following shall be conditions subsequent, the fulfilment of which forms the basis of the grant of the drawdown under the trust loan agreement including amongst others:<br><br>1. The borrower shall endeavour to repay the existing lenders as soon as possible post the Drawdown Date and maximum within such days as indicated in the trust loan agreement, and shall submit a no dues certificate from existing lender post closure of such loan.<br><br>2. Any charge created/ registered for the existing debt, in the registrar of companies and local sub registrar office will be released as soon as possible, and in no scenario later than the timelines, if any, as would be stipulated by the lender for the debt financing at the Trust level. |
| **Events of default** | The occurrence of any of the following events or circumstances shall constitute an event of default ("Event of Default"):<br><br>**1.** any misrepresentation by the Borrower, which is not cured within such period as indicated in the trust loan agreement;<br><br>**2.** breach of covenants by the Borrower, which is not cured within such period as indicated in the trust loan agreement;<br><br>**3.** cancellation of any material approvals/licenses/permits required to conduct the business operations of the Borrower or premature termination of any agreement that may have a material adverse impact on the operation of the Borrower, entered into by the Borrower or the occurrence of a default thereunder;<br><br>**4.** any defaults in the payments, when due, to the Lender of any other amounts due and payable under the trust loan agreement and which default is not cured within such period as indicated in the trust loan agreement;<br><br>**5.** an event of default (howsoever defined or described) occurs and is continuing under any financing document;<br><br>**6.** an order for winding up, approval of a resolution plan, or initiation of insolvency or liquidation, or an order for appointment of a liquidator or insolvency resolution professional against the Borrower;<br><br>**7.** an application is made to the National Company Law Tribunal for initiation of the corporate insolvency resolution process against the Borrower; and<br><br>**8.** it is or becomes unlawful for the Borrower or any person to perform any of its obligations under the trust loan agreement or any financing document. |
| **Consequences of event** | If an event of default has occurred, the Trust (acting through the Trustee or Investment Manager), |

| | |
|---|---|
| **of default** | may exercise any one or more of the following rights, including but not limited to:<br><br>(a) acceleration of repayment of the Term Loan by delivery of a written notice to the Borrower;<br><br>(b) conversion of debt into equity;<br><br>(c) declaring all outstanding amounts payable by the Borrower to be due and payable immediately; and<br><br>(d) Any other recourse available under Applicable Law.<br><br>On receipt of notice of an event of default from the Borrower, the Trust may, at its discretion, decide to waive such an event of default in writing and communicated to the Borrower. |
| **Covenants** | So long as any obligation of the Borrower under the trust loan agreement remains undischarged or unsatisfied, the Borrower shall at all times:<br><br>(a) Comply with all Applicable Laws;<br><br>(b) Obtain all approvals, licenses and registrations required to conduct business operations to the extent as may be required;<br><br>(c) Maintain proper books and records, and the Trust and the Investment Manager shall have a right to inspect the same;<br><br>(d) Preserve and maintain its corporate existence, legal structure, legal name, rights and privileges;<br><br>(e) Permit the Investment Manager or its agents or representatives to examine the records, registers and books of account and visit and inspect any of the properties of the Borrower and discuss the affairs, finances and accounts of the Borrower with, and be advised as to the same by, any officers or directors and auditors of the Borrower. All costs of such inspection shall be borne by the Borrower; and<br><br>(f) immediately inform the Investment Manager and the Trustee (i) if it has notice of any event which constitutes or might constitute an Event of Default, specifying the nature of such Event of Default and any steps the Borrower has taken or proposes to take to remedy the same, (ii) of any application having been made for its winding up or insolvency or any statutory notice of its winding up or insolvency under the provisions of the Companies Act, 2013 having been received, or other legal process intended to be filed or initiated against the Borrower and affecting the title to the Borrower's material properties or if a receiver is appointed of any of its properties or any part of its business or undertaking, and (iii) any proposal by any Government Authority to compulsorily acquire the Borrower.<br><br>So long as any obligation of the Borrower under the trust loan agreement remains undischarged or unsatisfied, the Borrower shall not, without the prior approval of the Trustee (in its capacity as the trustee to the Trust) and the Investment Manager:<br><br>(a) issue fresh equity shares or undertake any form of capital raising;<br><br>(b) acquire any fresh asset or initiate any substantial capital expenditure;<br><br>(c) create any additional encumbrance on the Borrower's assets;<br><br>(d) raise further indebtedness; and<br><br>(e) enter into any arrangement to sell, transfer or otherwise dispose of any asset owned by the Borrower or amend the Transaction Documents. |

| | |
|---|---|
| **Security** | Unsecured |
| **Tax & Costs** | Unless otherwise agreed to by the Investment Manager, or the Trustee, at the discretion of the Investment Manager, the Borrower shall:<br><br>(a) during the currency of the Term Loan bear all such imposts, duties and taxes (including interest and other taxes, if any) as may be levied from time to time by any Government Authority, pertaining to or in respect of the Term Loan; and<br><br>(b) reimburse the Trust for all costs and expenses, if any, incurred by them in connection with the Term Loan, including but not limited to processing fees, asset securitization fees, legal, insurance, other lenders' advisors' fees, whether or not the Term Loan proceeds to signing. The Borrower will also bear its own expenses. Any outstanding fee can be set-off against the proceeds of the Term Loan.<br><br>The interest payments by the Borrower shall be subject to withholding of taxes, if any. |
| **Governing Law** | The financing documents shall be governed by Indian Law. |

***Leverage***

In accordance with and subject to the InvIT Regulations, the provisions of the Trust Deed, and the borrowing policy adopted by the Investment Manager, the aggregate consolidated borrowings and deferred payments of the Trust may be up to 70.00% of the aggregate of the InvIT Assets.

**Post-Offer Indebtedness of the Trust**

The post-Offer consolidated borrowings and deferred payments of the Trust will be formulated and approved by the Investment Manager in accordance with the Borrowing Policy. Upon full utilization of the Fresh Issue Proceeds, and drawdown of additional debt, the indebtedness and deferred payments of the Trust, net of cash and cash equivalents, on a consolidated basis, shall not exceed 49% of the aggregate value of the InvIT Assets, subject to any additional indebtedness incurred after listing of Units in accordance with applicable law.

***Status of lender consents***

The Project SPVs/ Holdco have availed debt from relevant third-party lenders and consents from some of the respective lenders are required for and in connection with the Offer. As on the date of this Draft Placement Memorandum, the Project SPVs/ Holdco have applied for consents from the relevant lenders in relation to the Offer. For further details, please see the section entitled "*Risk Factor - We may be subject to certain restrictive covenants and variable interest rates under our financing agreements that could limit our flexibility in managing our business or to use cash or other assets, and cause our debt service obligations to increase significantly*" on page 153.

***Borrowing Policy***

The Investment Manager shall ensure that all funds borrowed in relation to the Trust are in compliance with the InvIT Regulations. Accordingly, the Investment Manager has formulated a borrowing policy to outline the process for borrowing monies in relation to the Trust. For further details, please see the section entitled "*Corporate Governance – Investment Manager – Policies of the Board of Directors of the Investment Manager in relation to the Trust – Borrowing Policy*" on page 227.

## DISTRIBUTIONS

*Statements contained in this section that are not historical facts are forward-looking statements. Such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from those that may be projected. Under no circumstances should the inclusion of such information herein be regarded as a representation, warranty or prediction with respect to the accuracy of the underlying assumptions by the Trust, the Trustee, the Sponsor, the Sponsor Group, the Investment Manager, the Lead Managers or any other person. Bidders are cautioned not to place undue reliance on these forward-looking statements that are stated only as at the date of this Draft Placement Memorandum. For details in relation to such forward-looking statements, please see the section entitled "Forward-Looking Statements" on page 20.*

The net distributable cash flows of the Trust (the "**Distributable Income**") are based on the cash flows generated from the underlying operations undertaken by the Project SPVs and the Holdco held by the Trust. For details of the business and operations presently undertaken by the Project SPVs/ Holdco, please see the section entitled *"Our Business and Properties*" on page 416. Currently, cash flows receivable by the Trust may be in the form of dividend, buy-back or capital reduction from any InvIT Assets, and/or interest income or principal repayment received from the Project SPVs/ Holdco in relation to any debt sanctioned by the Trust, or a combination of both. Further, distributions may be made from the monies received by the Trust in accordance with the provisions of the Investment Management Agreement, the Trust Deed and applicable law.

In terms of the InvIT Regulations, not less than 90% of the net distributable cash flows of the Project SPVs/ Holdco, shall be distributed to the Holdco or the Trust, as applicable, subject to applicable provisions in the Companies Act, 2013, as amended.

The Holdco shall distribute 100% cash flows received from underlying SPVs to the Trust. Additionally, at least 90% of net distributable cash flows generated directly by the Holdco shall be distributed to the Trust.

The Trust shall declare and distribute at least 90% of the Distributable Income to the Unitholders. Such distribution shall be declared and made such that the time period between any two declarations of distribution shall not exceed one year and shall not exceed six months in the event the Trust gets converted to a public listed infrastructure investment trust. However, if any infrastructure asset is sold by the Trust or the Project SPVs/ Holdco, or if the equity shares or interest in the Project SPVs/ Holdco are sold by the Trust and if the Trust proposes to re-invest the sale proceeds into another infrastructure asset within one year, it shall not be required to distribute any sales proceeds to the Trust or to the Unitholders, as the case may be. Further, if the Trust proposes not to invest the sale proceeds into any other infrastructure asset within one year, it shall be required to distribute the same in the manner specified above and in accordance with the InvIT Regulations. In accordance with the InvIT Regulations, distributions by the Trust shall be made within five working days from the record date where the record date shall be two working days from the date of the declaration of distribution, excluding the date of declaration and the record date. All distribution to the Unitholders shall be in compliance with the InvIT Regulations, Income Tax Act, 1961 and other applicable law. Further, any amount remaining unclaimed or unpaid out of the distributions declared by the Trust, shall be transferred to the Investor Protection and Education Fund constituted by the SEBI in terms of Section II of the Securities and Exchange Board of India Act, 1992, in such manner as may be prescribed. The distribution, when made, shall be made in Indian Rupees. For details on the risks relating to distribution, please see the section entitled "*Risk Factors*" on page 137.

### Distribution Policy

#### *Method of calculation of Distributable Income*

The Distributable Income of the Trust shall be calculated in accordance with the InvIT Regulations. The Trust proposes to calculate Distributable Income in the manner provided below:

(a) Calculation of the net distributable cash flows at HoldCo/Project SPV level:

| **Description** |
|---|
| **Cash flow from operating activities as per Cash Flow Statement of HoldCo/ SPV** |
| Add: Cash Flows received from SPV's which represent distributions of NDCF computed as per relevant framework (refer note 1 and 9 below) (relevant in case of Hold Cos) |
| Add: Treasury income / income from investing activities (interest income received from FD, tax refund, any other income in the nature of interest, profit on sale of Mutual funds, investments, assets etc., dividend income etc., excluding any Ind AS adjustments. Further clarified that these amounts will be considered on a cash receipt basis) |
| Add: Proceeds from sale of infrastructure investments, infrastructure assets or shares of SPVs or Investment Entity adjusted for the following:<br>• Applicable capital gains and other taxes;<br>• related debts settled or due to be settled from sale proceeds;<br>• directly attributable transaction costs;<br>proceeds reinvested or planned to be reinvested as per Regulation 18(7)(a) of the InvIT Regulations or any other relevant provisions of the InvIT Regulations. |
| Add: Proceeds from sale of infrastructure investments, infrastructure assets or sale of shares of SPVs or Investment Entity not distributed pursuant to an earlier plan to re-invest as per Regulation 18(7) of InvIT Regulations or any other relevant provisions of the InvIT Regulations, if such proceeds are not intended to be invested subsequently. |

| Description |
|---|
| Less: Finance cost on Borrowings, excluding amortisation of any transaction costs as per Profit and Loss Account and any shareholder debt / loan from Trust |
| Less: Debt repayment (to include principal repayments as per scheduled EMI's except if refinanced through new debt including overdraft facilities and to exclude any debt repayments / debt refinanced through new debt, in any form or equity raise as well as repayment of any shareholder debt / loan from Trust) |
| Less: any reserve required to be created under the terms of, or pursuant to the obligations arising in accordance with, any: (i). loan agreement entered with banks / financial institution from whom the Trust or any of its SPVs/ HoldCos have availed debt, or (ii). terms and conditions, covenants or any other stipulations applicable to debt securities issued by the Trust or any of its SPVs/ HoldCos, or (iii). terms and conditions, covenants or any other stipulations applicable to external commercial borrowings availed by the Trust or any of its SPVs/ HoldCos, (iv). agreement pursuant to which the SPV/ HoldCo operates or owns the infrastructure asset, or generates revenue or cashflows from such asset (such as, concession agreement, transmission services agreement, power purchase agreement, lease agreement, and any other agreement of a like nature, by whatever name called); or (v). statutory, judicial, regulatory, or governmental stipulations; or – (refer note 2) |
| Less: any capital expenditure on existing assets owned / leased by the SPV or Holdco, to the extent not funded by debt / equity or from reserves created in the earlier years (refer note 10) |

*Note: Distribution of up to 90% of the above NDCF as per the InvIT Regulations is subject to compliance of Companies Act.*

(b) Calculation of the net distributable cash flows at the Trust level:

| Description |
|---|
| **Cashflows from operating activities of the Trust** |
| Add: Cash flows received from SPV's / Investment entities which represent distributions of NDCF computed as per relevant framework (refer note 1 and 9 below) |
| Add: Treasury income / income from investing activities of the Trust (interest income received from FD, any investment entities as defined in Regulation 18(5), tax refund, any other income in the nature of interest, profit on sale of Mutual funds, investments, assets etc., dividend income etc., excluding any Ind AS adjustments. Further clarified that these amounts will be considered on a cash receipt basis) |
| Add: Proceeds from sale of infrastructure investments, infrastructure assets or shares of SPVs/Holdcos or Investment Entity adjusted for the following:<br>• applicable capital gains and other taxes;<br>• related debts settled or due to be settled from sale proceeds;<br>• directly attributable transaction costs;<br>proceeds reinvested or planned to be reinvested as per Regulation 18(7)(a) of the InvIT Regulations or any other relevant provisions of the InvIT Regulations |
| Add: Proceeds from sale of infrastructure investments, infrastructure assets or sale of shares of SPVs/ Hold cos or Investment Entity not distributed pursuant to an earlier plan to re-invest as per Regulation 18(7) of InvIT Regulations or any other relevant provisions of the InvIT Regulations, if such proceeds are not intended to be invested subsequently. |
| Less: Finance cost on Borrowings, excluding amortisation of any transaction costs as per Profit and Loss account of the Trust |
| Less: Debt repayment at Trust level (to include principal repayments as per scheduled EMI's except if refinanced through new debt including overdraft facilities and to exclude any debt repayments / debt refinanced through new debt in any form or funds raised through issuance of units) |
| Less: any reserve required to be created under the terms of, or pursuant to the obligations arising in accordance with, any: (i). loan agreement entered with financial institution, or (ii). terms and conditions, covenants or any other stipulations applicable to debt securities issued by the Trust or any of its SPVs/ HoldCos, or (iii). terms and conditions, covenants or any other stipulations applicable to external commercial borrowings availed by the Trust or any of its SPVs/ HoldCos, or (iv). agreement pursuant to which the Trust operates or owns the infrastructure asset, or generates revenue or cashflows from such asset (such as, concession agreement, transmission services agreement, power purchase agreement, lease agreement, and any other agreement of a like nature, by whatever name called); or (v). statutory, judicial, regulatory, or governmental stipulations; - (refer note 2) |
| Less: any capital expenditure on existing assets owned / leased by the InvIT, to the extent not funded by debt / equity or from contractual reserves created in the earlier years (refer note 10) |

*Notes/ Other Rules:*

1. *NDCF computed at SPV level for a particular period to be added under this line item, even if the actual cashflows from SPV to InvIT has taken place post that particular period, but before finalization and adoption of accounts of the InvIT.*

2. *The specified agreements could be for either PPP or non-PPP projects. The Trust retains the option to distribute any surplus amounts, unless such surplus is required to create reserves for any subsequent period.*

3. *The option to retain 10% distribution under Regulation 18(6) needs to be computed by taking together the retention done at SPV level and Trust level.*

4. *Further, Trust along with its SPVs needs to ensure that minimum 90% distribution of NDCF be met for a given financial year on a cumulative periodic basis as specified for mandatory distributions in the InvIT regulations*
   *(subject to provisions of Note 1 above)*

5. *Surplus cash available in SPVs due to:*

   a. *10% of NDCF withheld in line with the Regulations in any earlier year or half year or*

   b. *Such surplus being available in a new SPV on acquisition of such SPV by InvIT*

c. *Any other reason, excluding if such surplus cash is available due to any debt raise could be considered for distribution by the SPV to the InvIT, or by the Trust to its Unitholders in part or in full, but needs to be disclosed separately in the NDCF computation and Distribution.*

6. *Similarly, any restricted cash (disclosed as such) should not be considered for NDCF computation by the SPV or InvIT (e.g. unspent CSR balance for any year deposited in a separate account as per Companies Act which will be utilized in subsequent years, DSRA reserve, major maintenance reserve etc).*

7. *Further, it is expressly provided that no Trust or SPVs can distribute any cashflows by obtaining external debt, except to the extent clarified in note 2 above (this will exclude any working capital / OD facilities obtained by Trust/ SPVs as part of Treasury management / working capital purposes as long as they are squared off within the quarter).*

8. *Further, it is also clarified that Proceeds from sale of infrastructure investments, infrastructure assets or shares of SPVs or Investment Entity adjusted for transaction costs or repayment of debt taken for such assets or other items as mentioned above which is intended to be reinvested or planned to be reinvested as per Regulation 18(7) of InvIT Regulations, could be temporarily parked in Overdraft accounts or used to repay any additional/ unrelated debt. Further if such proceeds are not intended to be reinvested as per the timeline provided in the Regulations and such fresh issue proceeds are to be distributed back to Unitholders, then redrawing such temporarily parked funds to distribute such fresh issue proceeds will not be considered as a contravention of note 7 above.*

9. *Cash flows received from SPV's / Investment entities which represent distributions of NDCF computed as per relevant framework at the Trust level for further distribution to Unitholders shall exclude any such cash flows used by the Trust for onward lending to any other SPVs / Investment entities to meet operational / interest expenses or debt servicing of such other SPVs / Investment entities.*

10. *Capital expenditure include amounts incurred and paid towards asset enhancement and are capitalized to asset value in the financial statements including lease payments. It is further clarified that Existing Assets as referred to in this line item includes any new structure / building / other infrastructure constructed on an existing infrastructure as set which is already a part of the InvIT.*

In terms of the InvIT Regulations, if the distribution is not made within five working days from the record date where the record date shall be two working days from the date of the declaration of distribution, excluding the date of declaration and the record date, the Investment Manager shall be liable to pay interest to the Unitholders at the rate of 15% (fifteen per cent) per annum or such other rate as may be specified under applicable law, till the distribution is made. Such interest shall not be recovered in the Management Fees of the Investment Manager or in the form of fee or any other form payable to the Investment Manager by the Trust. For risks in relation to distribution, please see the section entitled "*Risk Factors*" on page 137.

## MANAGEMENT'S DISCUSSION AND ANALYSIS OF FACTORS AFFECTING THE FINANCIAL CONDITION AND RESULTS OF OPERATIONS

*You should read the following discussion and analysis of our financial condition, results of operations and cash flows in conjunction with the sections entitled "Summary Combined Financial Information of the Trust" and "Special Purpose Combined Financial Statements" on pages 35 and Annexure B, respectively. This discussion contains forward-looking statements and involves numerous risks and uncertainties, including, but not limited to, those described in the section entitled "Risk Factors" on page 137. Actual results could differ materially from those contained in any forward-looking statements and for further details regarding forward-looking statements, kindly refer to the section entitled "Forward-Looking Statements" on page 20.*

*The Special Purpose Combined Financial Statements are prepared in accordance with Ind AS, which differs in certain respects from Indian GAAP, International Financial Reporting Standards and U.S. GAAP. Our fiscal year ends on March 31 of each year, and references to a particular fiscal are to the twelve-month period ended March 31 of that year. For the sole purposes of the Special Purpose Combined Financial Statements, references to "we", "us" and "our" is to the Initial Portfolio Assets on a combined basis.*

**Overview**

The Trust, is an Indian infrastructure investment trust, sponsored by TVS Industrial & Logistics Parks Private Limited. The Sponsor settled the Trust on March 26, 2024 and the Trust was registered with SEBI on April 22, 2024 as an InvIT in accordance with the InvIT Regulations.

The Sponsor is part of the TVS Mobility Group, which is one of the leading automotive conglomerate in India with a wide array of diversified business interests. The Sponsor has a sound-track record of over 19 years in the infrastructure sector which includes development and management of multiple industrial and logistics parks. Since its inception, the Sponsor has developed 20 Parks in various locations across India, as of September 30, 2024.

The Trust, subject to receipt of certain approvals, will hold 100.00% equity interest in each of the nine Project SPVs and one Holdco. The Initial Portfolio Assets are currently held by the Sponsor and have a potential of 10.67 msf. Our Initial Portfolio Assets are located across five states in India with an average operating history of approximately 6 years. Our lessee base comprising marquee clients with an average occupancy of ~100% and WALE of 5.48 years across all Initial Portfolio Assets, provides substantial stability to our Portfolio. Other factors that contribute to the stability of our Initial Portfolio Assets is the nature of our clients. Approximately, 41% of our clients are in the industrial sector and such clients typically tend to further enhance the infrastructure assets by investing in it.

The warehousing industry in India has become an attractive investment opportunity due to the country's expanding economy and nearly 1.4 billion consumers. In conjunction with the exponential growth of e-commerce, 3PL, and modern retail, the implementation of GST has caused the demand for warehousing in India to increase at a CAGR of approximately 12% between FY 2015 and FY 2023. (***Source**: CBRE )*

The Sponsor established its first Park in Chakan, Maharashtra, in 2006, which has an operational area of 0.37 msf. The Sponsor developed about 1.13 msf of assets between 2009 and 2018, with Parks spread over Chakan in Maharashtra; Vaipur, Singdivakkam and Hosur in Tamil Nadu; and Bhubaneshwar in Odisha. Building upon the knowledge and capabilities developed during these years, the Sponsor underwent a strategic expansion phase. New developments included a second Park in Hosur, Tamil Nadu in 2019, Coimbatore, Tamil Nadu in 2020, Red Hills, Tamil Nadu in 2021 and further expansions into Madurai, Singdivakkam, and Sulur in 2022, all being through development, at Sullurpet in 2023 and at Siliguri, Kochi and Indore in 2024, respectively, by way of an acquisition. As of September 30, 2024, the Sponsor owns five Parks which have an operational area of over 0.80 msf each. We believe that this track record underscores the proficiency and experience of the Sponsor in the development and management of industrial and logistics Parks in the infrastructure sector.

The Investment Manager of the Trust will be responsible for managing the Initial Portfolio Assets as well as undertaking investment and management decisions in relation to our assets. Our Investment Manager is supported by a highly experienced board and senior management with extensive experience in the warehousing and industrial park space. The Sponsor is benefitting from the significant experience of the members of the board of directors of the Sponsor. The directors on the Board of the Investment Manager have extensive relevant experience and the Investment Manager believes that the Trust will continue to benefit from the same. The Sponsor will act as the Project Manager of the Trust, relying on its track record of executing, operating and managing one of the largest portfolios of warehouses and industrial parks in India.

The Trustee, Axis Trustee Services Limited is a trusteeship company which has been registered with SEBI as a debenture trustee under the SEBI Debenture Trustee Regulations since January 31, 2014. It is a wholly owned subsidiary of Axis Bank Limited.

The revenue from operations of the Initial Portfolio Assets on a combined basis for the six month period ended September 30, 2024 and the Financial Years ending March 31, 2024, March 31, 2023, and March 31, 2022 was ₹ 989.42 million, ₹1,874.64

million, ₹1,560.51 million, and ₹1,027.10 million respectively.

The tables below provide brief details in relation to our Initial Portfolio Assets as of September 30, 2024:

**Operational Assets:**

| SPV | State | Micro-market | Year of Commencement | Operational Area | Under Development Area | FY2024 Average Occupancy | WALE | In-place Rent on Chargeable Area | Stabilized Total Monthly Rental |

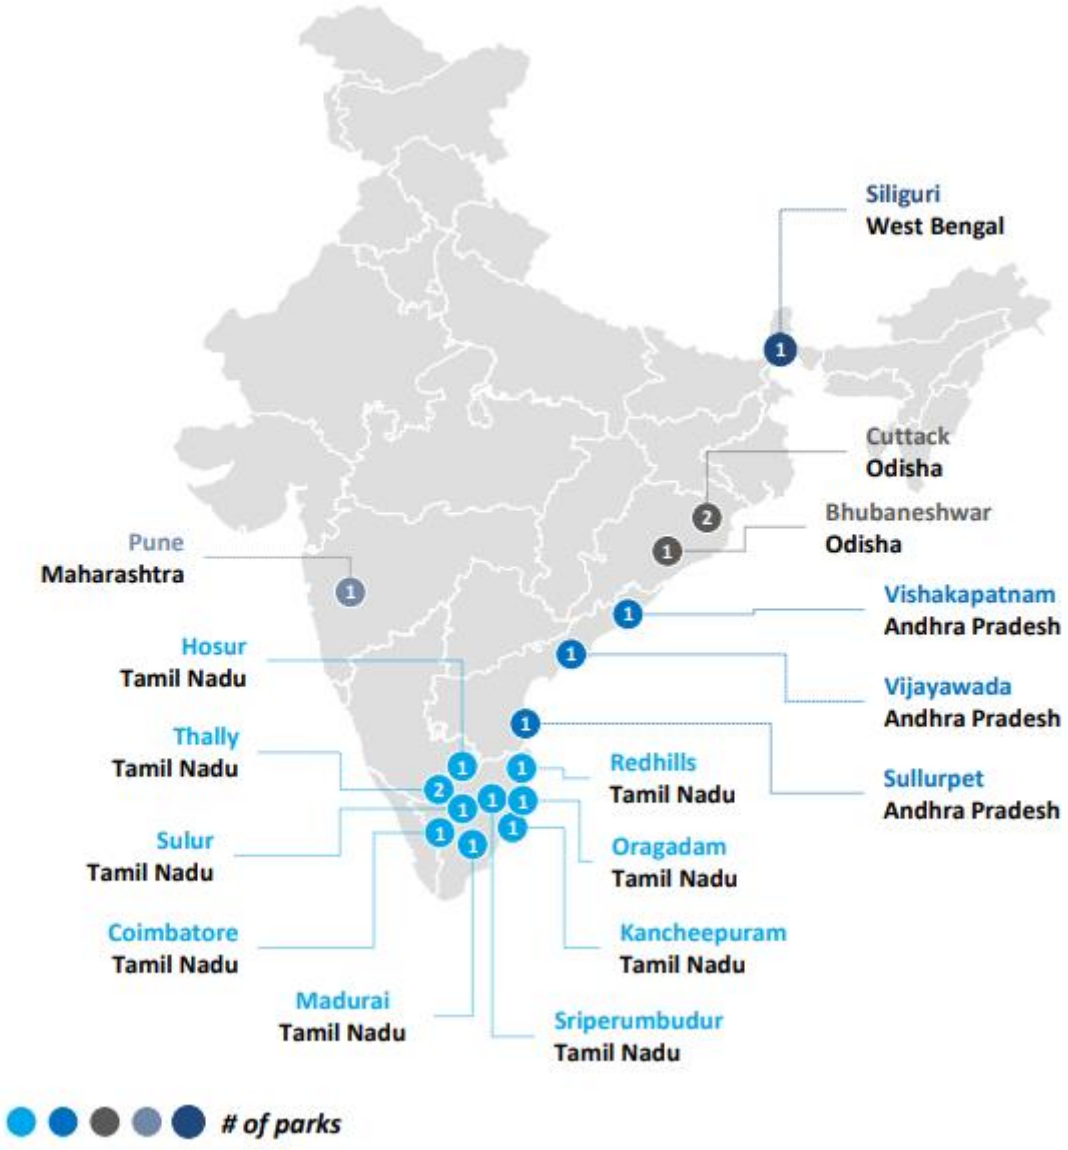
The map below illustrates the locations of the Projects:



**Factors Affecting Results of Operations**

The Project SPVs/ Holdco's business, prospects, results of operations and financial condition are affected by a number of factors, including the following key factors:

- ***political, macroeconomic, demographic and other changes***: Our Portfolio is located in India. Consequently, our performance and the market price of the Units may be affected by interest rates, government policies, taxation, and other social, political and economic developments affecting India;

- ***failure to meet working capital or capital expenditure***: Factors such as decrease in the market rates for development projects, delays in the release of finances for certain projects in order to take advantage of future periods of more robust property demand; decrease in rental or occupancy rates for the commercial properties; financial difficulties of key contractors resulting in construction delays; and financial difficulties of key lessees in properties could impact the availability of credit. Our inability to raise adequate finances may result in our results of operations, cash flows and business prospects being materially and adversely affected;

- ***dependency of rental rates upon various factors***: The rental rates of the Portfolio depend upon various factors, including, but not limited to prevailing supply and demand conditions as well as the quality and design of the Portfolio. We cannot assure you that the demand for our properties will grow, or will remain stable, in the future. Our lessees'

ability to generate anticipated revenues is subject to their underlying business performances and overall volatility in the economies, as well as seasonality in the lessees' business, if any, which can have an impact on their ability to pay rents to us. There is no assurance that we will be able to procure new leases or renew existing leases at prevailing market rates; and

- ***failure to undertake future strategic acquisitions of warehouses, industrial spaces etc.***: Our ability to identify and acquire suitable locations for our projects is dependent on factors that are beyond our control such as the price and availability of suitable existing warehouses, industrial spaces and other spaces at our assets, the willingness of owners of identified spaces to sell on terms acceptable to us, the availability and cost of financing, the terms of the existing leases of lessees leasing space within such spaces, as well as consents and approvals.

**Basis of Preparation and Purpose, and Presentation of Special Purpose Combined Financial Statements**

The Special Purpose Combined Financial Statements have been prepared in connection with the proposed initial private placement of units of Trust under the regulation. In reference to private placement, as per regulation and Master Circular for Infrastructure Investment Trusts (InvITs) No: SEBI/HO/DDHS-PoD-2/P/CIR/2024/44 dated May 15, 2024 ("Master circular"), the Special Purpose Combined Financial Statements of the Trust is required to be included in the Draft Placement Memorandum, Placement Memorandum and Final Placement Memorandum which will be filed with Stock Exchanges and with SEBI under the Regulations. Accordingly, these Special Purpose Combined Financial Statements of the Trust prepared by the Investment Manager are being prepared for the purpose of inclusion in Draft Placement Memorandum, Placement Memorandum and Final Placement Memorandum for filing with SEBI . As a result, this Special Purpose Combined Financial Statements may not be suitable for another purpose.

This Special Purpose Combined Financial Statement were approved for issue by the Board of Directors of the Investment Manager in their meeting held on 27th January, 2025 for inclusion in Draft Placement Memorandum, Placement Memorandum and Final Placement Memorandum for filing with SEBI and Stock Exchanges.

The Combined Financial Statements of the Group comprise the Combined Balance Sheets as at September 30, 2024, March 31, 2024, March 31, 2023, and March 31 2022 , the Combined Statements of Profit and Loss (including Other Comprehensive Income), the Combined Cash Flow Statements, the Combined Statements of Changes in Equity for the Six months period ended September 30, 2024 and for the years ended March 31, 2024, March 31 2023 and March 31, 2022, the Combined Statement of Net Assets at Fair Value as at September 30, 2024, the Combined Statement of Total Returns at Fair Value for the six months period ended September 30, 2024 and for the year ended March 31, 2024 and notes to the special purpose combined financial statements including a Summary of material Accounting Policies and Other Explanatory Information (collectively, the "Special Purpose Combined Financial Statements").

The Special Purpose Combined Financial Statements have been prepared in accordance with Indian Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 ("Ind AS") read with SEBI (Infrastructure Investment Trusts) Regulations, 2014 and the circulars issued thereunder ("InvIT Regulations"), as amended from time to time, and the Guidance Note on Combined and Carve-Out Financial Statements issued by the Institute of Chartered Accountants of India ("Guidance Note"). The Special Purpose Combined Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The financial statements / information of all the Group are transferred and used for the purpose of combination and are drawn up to the same reporting date i.e. for the six months period ended September 30, 2024 and for the years ended March 31, 2024, March 31,2023, and March 31, 2022 . The Special Purpose Combined Financial Statements have been prepared using the principles of consolidation as per Ind AS 110 – Consolidated Financial Statements and the Guidance Note, to the extent applicable. However, unlike consolidated financial statements, the Special Purpose Combined Financial Statements does not have any parent company. Further, the requirements of Schedule III notified under the Companies Act, 2013 are not applicable to these Special Purpose Combined Financial Statements and hence these Special Purpose Combined Financial Statements are not prepared in accordance with those requirements. Specific attention is drawn to the following aspects:

- In preparing these Special Purpose Combined Financial Statements, "Equity Share Capital" represent shareholder's investment in the Group.
- The number of units that Trust will issue to the TVS ILP is not presently ascertainable. Hence, the Earnings per unit could not be computed.

The special purpose financial statement of the Group for the six months period ended September 30, 2024 and general purpose financial statements of SPVs except for RSIPPL and PBPL for the years ended March 31, 2024, March 31, 2023 and March 31, 2022 are audited by us. General Purpose financial statements of RSIPPL for the years ended March 31, 2023 and March 31, 2022 and general purpose financial statements of PBPL for the years ended March 31, 2024, March 31, 2023 and March 31, 2022 are audited by other auditors. The Investment Manager has converted these general purpose financial statements into special purpose financial statements of RSIPPL and PBPL in accordance with accounting standards notified in Companies (Accounting Standards) Rules, 2015 ("Ind AS") under generally accepted auditing standards in India. PKF Sridhar

& Santhanam LLP has audited Ind AS adjustments and overall disclosure and presentation of special purpose financial statements prepared by the Investment Manager.

Further, as required by the InvIT regulations, the Special Purpose Combined Financial Statements are prepared,based on an assumption that 100% stake in all SPVs is held by Trust for such period when the Trust was not in existence.

Further, in accordance with section 3.3.4 of SEBI Master Circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2024/44 dated May 15, 2024 the Special Purpose Combined Financial Statements have been presented after making necessary adjustments and accordingly, these may be different from the general purpose audited financial statements of the SPVs . Refer Note 41 for details of adjustments made in this Special Purpose Combined Financial Statement.

The Special Purpose Combined Financial Statements are presented in INR, which is the functional currency of the Trust. The Trust do not have any foreign operation and has assessed the functional currency to be INR. All values are rounded to the nearest Lakh rupees, unless otherwise indicated. Certain amounts that are required to be disclosed and do not appear due to rounding-off are expressed as 0.00.

These Special Purpose Combined Financial Statements correspond to classification provisions contained in Ind AS 1 'Presentation of Financial Statements'. These Special Purpose Combined Financial Statements have been prepared on a historical cost convention and on an accrual basis except for certain financial assets (refer accounting policy regarding financial instruments).

The procedures for preparing Special Purpose Combined Financial Statements are stated below –

i. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the Group.
ii. The financial statements of SPVs were combined based on the assumption that all the SPVs were part of a single group for the entire period presented pursuant to the requirements as per SEBI circular.
iii. Intragroup assets, liabilities, equity, income, expenses and cash flows relating to transactions between the Group are eliminated in full.
iv. Considering that all the shareholders of the SPVs, will also be transferring their stake to the Trust, Non-controlling interest is not applicable.

The Special Purpose Combined Financial Statements of the SPV Group and Holdco comprise the Combined Balance Sheets as at September 30, 2024, March 31, 2024, March 31, 2023, and March 31, 2022 , the Combined Statements of Profit and Loss (including Other Comprehensive Income), the Combined Cash Flow Statements, the Combined Statements of Changes in Equity for the Six months ended September 30, 2024 and for the years ended March 31, 2024, March 31, 2023 and March 31, 2022, the Combined Statement of Net Assets at Fair Value as at September 30, 2024, the Combined Statement of Total Returns at Fair Value for the six months period ended September 30, 2024 and for the years ended March 31, 2024 and a Summary of Material Accounting Policies and Other Explanatory Information (collectively, the "**Special Purpose Combined Financial Statements**").

This Special Purpose Combined Financial Statement were approved for issue by the Board of Directors of the Investment Manager in their meeting held on January 27, 2025 for inclusion in Draft Placement Memorandum.

The Special Purpose Combined Financial Statements have been prepared by the Investment Manager to meet the requirements of the SEBI InvIT Regulations for inclusion in this Draft Placement Memorandum prepared by the Investment Manager in connection with the proposed private placement of units of the TVS Infrastructure Trust to be listed on the Stock Exchange. As a result, the Special Purpose Combined Financial Statements may not be suitable for any other purpose.

The Special Purpose Combined Financial Statements have been prepared in accordance with Indian Accounting Standards as prescribed under Section 133 of the Companies Act, 2013 ("Ind AS") read with SEBI (Infrastructure Investment Trusts) Regulations, 2014 and the circulars issued thereunder ("**InvIT Regulations**"), as amended from time to time, and the Guidance Note on Combined and Carve-Out Financial Statements issued by the Institute of Chartered Accountants of India ("**Guidance Note**"). The Special Purpose Combined Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The financial statements / information of all the SPV's and Holdco are transferred and used for the purpose of combination and are drawn up to the same reporting date i.e. for the six months period ended September 30, 2024 and for the years ended March 31, 2024, March 31,2023, and March 31, 2022.

The Special Purpose Combined Financial Statements have been prepared using the principles of consolidation as per Ind AS 110 – Consolidated Financial Statements and the Guidance Note, to the extent applicable. However, unlike consolidated financial statements, the Special Purpose Combined Financial Statements does not have any parent company. Further, the requirements of Schedule III notified under the Companies Act, 2013 are not applicable to these Special Purpose Combined Financial Statements and hence these Special Purpose Combined Financial Statements are not prepared in accordance with those requirements.

The Investment Manager has converted these general purpose financial statements into special purpose financial statements of RSIPPL and PBPL in accordance with accounting standards notified in Companies (Accounting Standards) Rules, 2015 ("Ind AS") under generally accepted auditing standards in India

Special Purpose Combined Financial Statements are prepared, based on an assumption that 100% stake in all SPV entities is held by Trust for such period when the Trust was not in existence. Further, in accordance with section 3.3.4 of SEBI Master Circular no. SEBI/HO/DDHS-PoD-2/P/CIR/2023/115 dated 06 July 2023 the Special Purpose Combined Financial Statements have been presented after making necessary adjustments and accordingly, these may be different from the general purpose audited financial statements of the Carve Out Business, SPV Group and Holdco.

The Special Purpose Combined Financial Statements are presented in INR, which is the functional currency of the Trust. The Trust do not have any foreign operation and has assessed the functional currency to be INR. All values are rounded to the nearest Lakh rupees, unless otherwise indicated. Certain amounts that are required to be disclosed and do not appear due to rounding-off are expressed as 0.00.

**Demerger of certain projects of TVS Industrial & Logistics Parks Private Limited ("Sponsor") into DILP:**

On 19th June 2023, the Board of Directors of the Sponsor has approved the Scheme of demerger ("Scheme") for transfer of the "Leasing Business" (Demerged Undertaking of Sponsor) into DILP ("Wholly Owned Subsidiary of Sponsor ") in terms of the provision of Sections 230 to 232 read with other applicable provisions of the Companies Act, 2013 and in accordance with the provisions of the Income-tax Act, 1961. The Sponsor had filed the Scheme before Hon'ble National Company law Tribunal ("NCLT"), Mumbai with Appointed date fixed as at April 01, 2023. NCLT has approved this Scheme on 26th March 2024. The certified copy of the order of the NCLT has been filed with the Registrar of Companies at Mumbai, Maharashtra on 28th March 2024 and the Scheme has become effective from 28th March 2024 (with appointed date being April 1, 2023).

All the assets, liabilities of the Demerged Undertaking of the Sponsor (including employees) have been transferred in their existing form and at their carrying amounts/ book values as at the Appointed Date of April 1, 2023 under the respective assets and liabilities accounts except amount related to revaluation reserve that has been reversed in the books of the Sponsor on account of Scheme as on April 1,2023. The difference between assets and liabilities is credited to capital reserve as at April 1, 2023 as per the Scheme. Further the difference between assets and liabilities of the Demerged Undertaking of the Sponsor for the financial year ended March 31,2024 is shown as amount payable by Sponsor to DILP, this is mainly due to invoicing is done from TVSILP (carve out part) and money is received by the Sponsor.

The Scheme inter-alia provide, on the effective date, issue of 74,03,846 number of Fully Paid up 0.001% Non Cumulative Compulsory Convertible Preference shares of ₹ 10 each of DILP to the shareholders of Sponsor in the ratio of 4 (four) CCPS of Rs. 10 each fully paid up of the DILP for every 10 (ten) Equity Shares of Rs. 10 (Rupees ten only) each fully paid up held in the Sponsor. Accordingly the DILP has issued 74,03,846 number of Fully Paid up 0.001% Non Cumulative Compulsory Convertible Preference shares of ₹ 10 each as consideration and excess of Rs. 2,979.58 Lakhs is considered as capital reserve in the books of DILP.

**Principal Components of Combined Statement of Profit and Loss**

**Income**

Our total income consists of revenue from operations and other income.

**Revenue from operations**

Revenue from operations primarily comprises revenue from the following sources: (i) lease rentals and allied services income; and (ii) facility management charges.

- ***Revenue from lease rentals and allied services***: Revenue from lease rentals represents rental income earned from (i) the leasing of our assets, which typically comprises lease rentals payable by the lessees on monthly basis based on the area leased and as per the lease agreements entered into with our lessees; (ii) the power consumption invoices which are raised for the relevant lessee on a monthly basis, and (iii) income received from the relevant lessee for common area maintenance.

- ***Facility management charges***: Revenue from facility management charges comprises the additional services provided to the relevant lessee basis their requirement for carrying out their operations at the relevant site.

The following table sets forth a breakdown of our revenue from operations for the periods indicated:

*(in ₹ lakhs)*

| Revenue from operations | As at September 30, 2024 | As at March 31, 2024 | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|---|
| **Sale of services** | | | | |
| Lease rentals and allied services income | 9,824.82 | 18,586.49 | 15,519.56 | 10,109.18 |
| Facility management charges | 69.37 | 159.90 | 85.55 | 161.81 |
| **Total revenue from contract with customers** | **9,894.19** | **18,746.39** | **15,605.11** | **10,270.99** |

The following table sets forth contribution made by each Project SPV/Holdco in the revenue for the periods indicated:

*(in ₹ lakhs)*

| Name of the Project | As at September 30, 2024 | As at March 31, 2024 | As at March 31, 2023 | As at March 31, 2022 |
|---|---|---|---|---|
| **DILP** | 3,756.12 | 7,022.81 | 4,816.87 | 4,287.81 |
| **MILP** | 1,198.85 | 2,615.48 | 2,362.64 | 2,411.22 |
| **MRILP** | 1,967.49 | 3,678.46 | 3,104.43 | 2,452.27 |
| **SMILP** | 953.67 | 2,111.50 | 1,990.92 | 950.94 |
| **SRMILP** | 323.13 | 482.44 | 303.41 | 15.73 |
| **RSIPPL** | 1,487.32 | 2,420.27 | 2,675.28 | - |
| **TILP** | - | - | - | - |
| **RMILP** | - | - | - | - |
| **JGILP** | - | - | - | - |
| **PBPL** | 207.62 | 415.44 | 351.56 | 153.02 |
| **Total Amount** | 9,894.20 | 18,746.39 | 15,605.11 | 10,270.99 |

**Other income**

Other income primarily consists of interest income, which comprises interest on loans and advances, fixed deposit, income tax refund, and on electricity security deposit, along with gains on sale of mutual fund and scrap sales.

**Expenses**

Our expenses consist of finance costs, depreciation and amortization expense, employee benefits expenses, sub-contracting expenses and other expenses.

- ***Finance costs***: Finance costs primarily comprise interest on term loans, interest on overdraft, interest on security deposit, interest on unsecured loans, and finance charges.

- ***Depreciation and amortization expenses***: Depreciation and amortization expenses comprise the depreciation of property, plant and equipment.

- ***Other expenses***: Other expenses primarily comprise, amongst others, management fees, power and fuel, rates and taxes including, property taxes, legal and professional charges, insurance and repairs and maintenance.

**Result of Operations**

The following table sets forth certain information with respect to the results of operations of the Project SPVs/ Holdco for the periods indicated:

*(in ₹ lakhs)*

| Particulars | For the six months ended September 30, 2024 | Percentage of Total Income (%) | For the year ended March 31, 2024 | Percentage of Total Income (%) | For the year ended March 31, 2023 | Percentage of Total Income (%) | For the year ended March 31, 2022 | Percentage of Total Income (%) |

***Six months period ended September 30, 2024***

**Total Income**

Our total income for the six months period ended September 30, 2024, was ₹ 10,273.60 lakhs, primarily comprising of income received from the lease rentals and allied services, and other income.

***Revenue from operations***

Our revenue from operations for the six months period ended September 30, 2024, was ₹ 9,894.19 lakhs, primarily comprising of lease rentals and allied services income in accordance with the terms of the relevant lease agreements.

***Other income***

Other income for the six months period ended September 30, 2024, was ₹ 379.41 lakhs, primarily generated through interest income on loans given, interest income on fixed deposit, debt instruments, gains on sale of mutual funds, fair value gain on mutual fund.

**Total Expenses**

Total expenses for the six months period ended September 30, 2024, were ₹ 2,195.49 lakhs, primarily consist of employee benefits expenses and management fees, power and fuel, rates and taxes covered under other expenses.

***Finance costs***

Finance costs for the six months period ended September 30, 2024, was ₹ 4,650.15 lakhs, primarily attributable to interest on term loans and interest on security deposit.

***Depreciation and Amortization Expense***

Depreciation and amortization for the six months period ended September 30, 2024, was ₹ 2,309.00 lakhs, which primarily comprised of depreciation expense on property, plants and equipment.

***Other expenses***

Other expenses for the six months period ended September 30, 2024, were ₹ 2,129.66 lakhs, primarily includes management fees, power and fuel cost, outsourced services and rates and taxes.

**Profit before tax**

Our profit before tax for the six months period ended September 30, 2024, was ₹ 1,118.96 lakhs.

**Profit after tax**

Our profit after tax for the six months period ended September 30, 2024, was ₹ 843.48 lakhs.

***Financial year ended March 31, 2024 compared to financial year ended March 31, 2023***

**Total Income**

Total income increased by 21.60% from ₹ 15,770.88 lakhs in Fiscal 2023 to ₹ 19,177.43 lakhs in Fiscal 2024, primarily due to increase in area under operations along with increase in other incomes.

***Revenue from operations***

Revenue from operations increased by 20.13% from ₹ 15,605.11 lakhs for Fiscal 2023 to ₹ 18,746.39 lakhs for Fiscal 2024, primarily due to increase in operational area by approx. 11% as at end of FY 2024 in comparison to FY 2023 along with increase in rental escalation in accordance with the terms of the relevant lease agreements.

***Other income***

Other income increased by 160.02% from ₹ 165.77 lakhs for Fiscal 2023 to ₹ 431.04 lakhs for Fiscal 2024, primarily on account of increase in interest income on fixed deposit, debt instruments, gains on sale of mutual funds, fair value gain on mutual fund and profit on sale of unquoted shares.

**Total Expenses**

Total expenses increased by 94.13% from ₹ 2,154.70 lakhs for Fiscal 2023 to ₹ 4,182.93 lakhs for Fiscal 2024, which is explained head-wise as follows. .

***Finance costs***

Finance costs increased by 25.50% from ₹ 6,798.80 lakhs for Fiscal 2023 to ₹ 8,532.25 lakhs for Fiscal 2024, primarily attributable to the increase in borrowings during FY 2024 as against end of FY 2023 along with increase in interest on unsecured loan.

***Depreciation and Amortization Expense***

Depreciation and amortization increased by 13.30% from ₹ 3,797.63 lakhs for Fiscal 2023 to ₹ 4,302.55 lakhs for Fiscal 2024, on account of increase in asset base.

***Other expenses***

Other expenses increased by 110.99% from ₹ 1,801.06 lakhs for Fiscal 2023 to ₹ 3,800.07 lakhs for Fiscal 2024, primarily due to a change in the approach to billing project site monthly electricity charges to customers. While reimbursement debit notes were issued in FY 2023, tax invoices are being raised on to customer for sharing site electricity cost in FY 2024. This shift has led to higher power and fuel expenses. Additionally, other expenses such as outsourced services expenses have increased as well.

**Profit before tax**

Our profit before tax decreased by 28.48% from ₹ 3,019.75 lakhs for Fiscal 2023 to ₹ 2,159.70 lakhs for Fiscal 2024. While EBITDA for FY 2024 saw a 10% growth compared to FY 2023, profit before tax declined due to a proportionally higher rise in interest and depreciation expenses during the same period.

**Profit after tax**

As a result of foregoing our profit after tax decreased by 28.03% from ₹ 2,263.92 lakhs for Fiscal 2023 to ₹ 1,629.26 lakhs for Fiscal 2024.

***Financial year ended March 31, 2023 compared to financial year ended March 31, 2022***

**Total Income**

Total income increased by 52.14% from ₹ 10,365.71 lakhs in Fiscal 2022 to ₹ 15,770.88 lakhs in Fiscal 2023, primarily due to income received from the lease rentals and allied services, and other income, on account of increase in operational area by 37%

***Revenue from operations***

Revenue from operations increased by 51.93% from ₹ 10,270.99 lakhs for Fiscal 2022 to ₹ 15,605.11 lakhs for Fiscal 2023, primarily due to an increase in operational space and rental escalation in accordance with the terms of the relevant lease agreements.

***Other income***

Other income increased by 75.01% from ₹ 94.72 lakhs for Fiscal 2022 to ₹ 165.77 lakhs for Fiscal 2023, primarily on account of interest income on fixed deposit and income tax refund.

**Total Expenses**

Total expenses increased by 68.19% from ₹ 1,281.08 lakhs for Fiscal 2022 to ₹ 2,154.70 lakhs for Fiscal 2023, on account of increase in the employee benefit expenses, depreciation and amortization expense, financial costs and other expenses.

***Finance costs***

Finance costs increased by 38.44% from ₹ 4,910.84 lakhs for Fiscal 2022 to ₹ 6,798.80 lakhs for Fiscal 2023, primarily attributable to the increase in borrowing during FY 2023 as against end of FY 2022. ***Depreciation and Amortization Expense***

Depreciation and amortization increased by 65.11% from ₹ 2,300.01 lakhs for Fiscal 2022 to ₹ 3,797.63 lakhs for Fiscal 2023, on account of increase in asset base.

***Other expenses***

Other expenses increased by 84.13% from ₹ 978.12 lakhs for Fiscal 2022 to ₹ 1,801.06 lakhs for Fiscal 2023, primarily due to increase in brokerage expenses, management fees, outsourced services and insurance expenses.

**Profit before tax**

Our profit before tax increased by 61.16% from ₹ 1,873.78 lakhs for Fiscal 2022 to ₹ 3,019.75 lakhs for Fiscal 2023.

**Profit after tax**

Our profit after tax increased by 65.43% from ₹ 1,368.53 lakhs for Fiscal 2022 to ₹ 2,263.92 lakhs for Fiscal 2023.

**Cash Flows**

The following table sets forth certain information relating to the cash flows of the Initial Portfolio Assets on a combined basis for the periods indicated:

(*In ₹ lakhs*)

| Particulars | Six months period ended September 30, 2024 | Financial Year ended March 31, | | |
|---|---|---|---|---|
| | | 2024 | 2023 | 2022 |
| Net cash flow from operating activities | 12,359.21 | 794.74 | 9,424.12 | 2,815.67 |
| Net cash used in investing activities | (19,592.98) | (22,929.46) | (27,981.02) | (31,633.10) |
| Net cash used from financing activities | 12,306.08 | 25,041.98 | 18,417.03 | 28,978.74 |

***Net cash flow from operating activities***

Net cash flow from operating activities for the six months period ended September 30, 2024, was ₹ 12,359.21 lakhs, primarily arising out of financial liabilities, trade payables and other assets.

Net cash flow from operating activities for Fiscal 2024 was ₹ 794.74 lakhs, primarily arising out of financial liabilities, trade payables and other assets.

Net cash flow from operating activities for Fiscal 2023 was ₹ 9,424.12 lakhs, primarily arising out of financial liabilities, trade payables, trade receivables, current assets and other assets.

| - From banks (secured) | 3,385.81 | 3,067.79 | 3,398.74 | 1,566.99 |
| - From financial institution (secured) | 1,404.18 | 1,406.30 | 810.00 | 405.00 |
| | | | | |
| **Total Current Borrowings** | 51,910.93 | 44,446.31 | 30,617.77 | 28,256.87 |

**Sufficiency of Working Capital**

The Trust will raise funds through appropriate manner to meet its working capital requirements. The Investment Manager confirms that the Trust will have the ability to meets its working capital requirements for at least 12 months from the date of allotment of the Units through such fund raise.

**Related Party Transactions**

We have in the past engaged, and in the future may engage, in related party transactions. For a description of our related party transactions, see the section entitled "*Related Party Transactions*" on page 487.

**Seasonality**

Our business is not subject to material seasonal fluctuations.

**Unusual or Infrequent Events or Transactions**

Except as disclosed in this Draft Placement Memorandum, there have been no events or transactions to our knowledge which may be described as "unusual" or "infrequent".

**Total Turnover of each Major Industry Segment in which we operate**

We have one primary business segment, namely the warehousing sector. For further information, please see the section entitled "*Industry Overview*" and "*Our Business and Properties*" on pages 236 and 416, respectively.

**Known Trends or Uncertainties**

Other than as described in the section entitled "*Risk Factors*" on page 137 and this section entitled "*Management's Discussion and Analysis of Factors Affecting the Financial Condition, Results of Operations and Cash Flows*" on page 473, to our knowledge there are no known trends or uncertainties that have or had or are expected to have a material adverse impact on our revenues or income from continuing operations.

**Quantitative and Qualitative Disclosure about Market Risks**

The Initial Portfolio Assets' activities expose them to a variety of financial risks, including market risk, credit risk and liquidity risk. The Initial Portfolio Assets' primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Initial Portfolio Assets' risk management assessment and policies and processes are established to identify and analyses the risks faced by the Initial Portfolio Assets, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and the Initial Portfolio Assets' board of directors have overall responsibility for the establishment and oversight of the Initial Portfolio Assets' risk management framework. This section presents information about the risks associated with their financial instruments, the Initial Portfolio Assets' objectives, policies and processes for measuring and managing risk, and the Initial Portfolio Assets' management of capital.

***Credit Risk***

The Trusts' exposure to credit risk primarily relates to investments, accounts receivable and cash equivalents. The Trust monitors and limits its exposure to credit risk on a continuous basis.

***Liquidity risk***

The Trust is exposed to liquidity risk related to its ability to fund its obligations as they become due. The Trust monitors and manages its liquidity risk to ensure access to sufficient funds to meet operational and financial requirements. The Trust has access to credit facilities and debt capital markets and monitors cash balances daily. In relation to the Trust's liquidity risk, the Trust's policy is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions as they fall due while minimizing finance costs, without incurring unacceptable losses or risking damage to the Trusts' reputation.

**Market Risks**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include borrowings, bank deposits and investments in short-term mutual funds. Financial instruments affected by market risk include loans and borrowings, deposits. However, we did not have any unhedged currency risk as at September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022.

**Future Relationships between Expenditure/Costs and Income**

Other than as described in the sections "*Risk Factors*" and "*Management's Discussion and Analysis of Factors Affecting the Financial Condition, Results of Operations and Cash Flows*" on pages 137 and 473, to our knowledge there are no known factors which will have a material adverse impact on our operations or finances.

**New Services or Business**

Other than as described in the section entitled "*Our Business and Properties*" on page 416, there are no new services or business in which we operate.

**Competitive Conditions**

We expect competitive conditions in our industry to intensify further as new entrants emerge and as existing competitors seek to emulate our Trust business model and offer similar services and investment opportunities. For further details, please refer to the sections "*Risk Factors*" and "*Our Business and Properties*" on pages 137 and 416, respectively.

**Significant economic changes that materially affected or are likely to affect income from continuing operations**

Other than as described in this section and in "*Risk Factors*", "*Industry Overview*" and "*Our Business and Properties*" on pages 137, 236 and 416 respectively, there have been no significant economic changes that materially affected or are likely to affect income from continuing operations.

**Significant Developments after September 30, 2024**

To our knowledge, there has been no material development after the date of the Special Purpose Combined Financial Statements.

Except as disclosed above and elsewhere in this Draft Placement Memorandum, there is no subsequent development after the date of our financial statements contained in this Draft Placement Memorandum which we believe has affected, or is likely to affect, materially and adversely, our operations or profitability, or the value of our assets, or our ability to pay our material liabilities within the next 12 months.

The Trust and the Investment Manager confirm that there has been no material change in the contingent liabilities since September 30, 2024, being the date of latest financial information included in this Draft Placement Memorandum.

Except as disclosed above, the Trust and the Investment Manager confirm that there has been no material change in the capital and other commitments since September 30, 2024, being the date of latest financial information included in this Draft Placement Memorandum.

The month-wise revenue for the Project SPVs/ Holdco from the date of the latest financial statements included in this Draft Placement Memorandum until the completed month before the filing of this Draft Placement Memorandum has been provided below:

(*In ₹ lakhs*)

| S. No. | Name of the Project SPV/ Holdco | Revenue generated in October 2024 | Revenue generated in November 2024 | Revenue generated in December 2024 | Revenue generated in January 2025 |

## RELATED PARTY TRANSACTIONS

In terms of Regulation 2(1)(zv) of the InvIT Regulations, related parties to the Trust, shall be as defined as under the Companies Act, 2013 or under the applicable accounting standards and shall also include: (i) Parties to the Trust; and (ii) promoters, directors, and partners of the Parties to the Trust. Further, related parties also include such persons and entities as defined in terms of the applicable accounting standards, being Ind AS 24 on "*Related Party Disclosures*" in relation to related party transactions ("**Related Parties**"). Additionally, the transactions between the Trust and one or more infrastructure investment trusts having a common investment manager or sponsor, or a transaction where any of the Investment Manager or the Sponsor are an Associate of the investment manager or sponsor of the other infrastructure investment trust(s), shall be deemed to be related party transactions for such parties. The Parties to the Trust, may, from time to time, enter into related party transactions, in accordance with applicable law.

The list of related parties included in the Special Purpose Combined Financial Statements attached hereto as Annexure B, include the related parties as a result of the combination of the financials of the Project SPVs and the Holdco, the Parties to the Trust and their respective promoters and directors. However, please note that the Related Parties to the Trust will be determined on the basis of applicable law from time to time, post-listing. For details, please refer to the Special Purpose Combined Financial Statements attached hereto as Annexure B.

**Procedure for dealing with Related Party Transactions**

To ensure proper approval, supervision and reporting of the transactions between the Trust and its Related Parties, the board of directors of the Investment Manager has adopted the Policy in relation to Related Party Transactions and conflict of interests (the "**RPT Policy**"), pursuant to its resolution dated January 27, 2025, to regulate the transactions between the Trust and its Related Parties. The key terms of the RPT Policy are provided below:

(i) In accordance with the InvIT Regulations, the Investment Manager will ensure that all future Related Party Transactions shall be:

  (a) on an arm's length basis;

  (b) in accordance with the relevant accounting standards;

  (c) in the best interest of the Unitholders;

  (d) consistent with the strategy and investment objectives of the Trust; and

  (e) compliant with applicable law, including the InvIT Regulations.

(ii) The Investment Manager will ensure that if the total value of all the Related Party Transactions in a financial year pertaining to acquisition or sale of assets, whether directly or through a holding company or Project SPV, or investments into securities, exceeds 5% of the value of the assets of the Trust or any other threshold prescribed by the InvIT Regulations, approval from the Unitholders shall be obtained prior to entering into any such subsequent transaction with any Related Party, in accordance with Regulation 22 of the InvIT Regulations.

(iii) The Investment Manager will ensure that if the value of the funds borrowed from Related Parties in a financial year exceeds 5% of the total consolidated borrowings of the Trust, HoldCo and the Project SPV, or any other threshold prescribed by the InvIT Regulations, approval from the Unitholders shall be obtained prior to entering into any such subsequent transaction with any Related Party, in accordance with Regulation 22 of the InvIT Regulations.

(iv) The Investment Manager will establish an internal control system to ensure that all future Related Party Transactions are compliant with the InvIT Regulations and applicable accounting standards. Further, the Investment Manager shall convene meetings of the Unitholders in accordance with Regulation 22 of the InvIT Regulations, and maintain records pertaining to such meetings in the manner prescribed. The Investment Manager shall also ensure compliance with any additional guidelines issued in this regard by SEBI and other regulatory, statutory or governmental authorities from time to time.

(v) In addition to any other requirement that may be prescribed in terms of the InvIT Regulations or other applicable laws, all Related Party Transactions to be entered into in the future will be:

  (a) decided by the Board after the examination of the nature of the transaction and its supporting documents; and

  (b) such other data as may be deemed necessary by the Board.

(vi) As a general rule, the Investment Manager must demonstrate to the Board that future Related Party Transactions satisfy the criteria set out in the RPT policy at the time of recommending the same for the approval of the Board.

(vii) The Investment Manager will maintain records of all Related Party Transactions entered into by the Trust and the basis on which they are entered into.

(viii) The Investment Manager will also incorporate into its internal audit plan a review of all material Related Party Transactions entered into by the Trust during each financial year, including a review of the implementation of the relevant agreements, including any right of first offer or right of first refusal arrangements, to acquire assets from the Sponsor.

(ix) The Board shall review the Related Party Transactions within a prescribed timeline, as per the InvIT Regulations and applicable law, to ascertain that the guidelines and procedures established to monitor the Related Party Transactions have been complied with.

(x) The review by the Board will include the examination of the nature of the transaction and its supporting documents or such other data as may be deemed necessary by the Board.

(xi) While considering a Related Party Transaction, any director on the Board who has a potential interest in any Related Party Transaction will recuse himself or herself and abstain from discussion, review and voting on the Related Party Transaction, in terms of the InvIT Regulations and applicable law. Further, while considering voting on a Related Party Transaction which requires approval of the Unitholders, voting by any person who is a Related Party in such transaction as well as Associate of such person(s) shall not be considered on the specific issue.

*Potential Conflict of Interest*

(i) Subject to applicable law, all resolutions in writing of the Board in relation to matters concerning related party transactions of the Trust must be approved by a majority of the Directors of the Investment Manager.

(ii) Where matters concerning the Trust relate to transactions entered into or to be entered into by the Investment Manager for and on behalf of the Trust with a Related Party, the Board is required to consider the terms of the transactions to satisfy itself that the transactions are conducted in accordance with the parameters set out in the RPT Policy.

(iii) As part of its review of the internal audit reports, the Board will review the internal audit reports of the implementation of the agreements to acquire assets from the Sponsor to ensure compliance. The review will include an examination of supporting documents and such other data deemed necessary to the Board.

*Disclosure and Reporting*

(i) The Investment Manager shall submit to the Trustee, quarterly reports on the activities of the Trust, including the status of compliance with the requirements specified under the InvIT Regulations in relation to Related Party Transactions, within such time as may be prescribed in the InvIT Regulations and applicable law.

(ii) Related Party Transactions shall be disclosed: (a) in the offer document with respect to any such transactions entered into prior to the offer of units and any such proposed transactions subsequent to the offer; and (b) to the Stock Exchange and the Unitholders periodically, in accordance with the InvIT Regulations and the agreements to be entered into with the Stock Exchange in relation to the listing of the Units. The Investment Manager shall adequately disclose the details of any fees or commissions received or to be received by such Related Party(ies) to the Stock Exchange.

(iii) In accordance with the InvIT Regulations, the annual report and the half-yearly report to be submitted by the Investment Manager to all Unitholders, electronically or by physical copies, and to the Stock Exchange within three months from the end of the financial year, shall contain, inter alia, details of all related party transactions, including acquisitions or disposal of any projects, directly or through the HoldCos or SPVs during the year, the value of which exceeded five percent of the value of the assets of the Trust.

**Related Party Transactions**

***Present and on-going Related Party Transactions***

*Related Party Transactions of the Trust in relation to the setting up of the Trust and this Offer*

A number of present and on-going transactions with certain Related Parties have been, or will be, entered into in relation to the setting up of the Trust. The Trustee and the Investment Manager confirm that the following related party transactions have been, or shall be, entered into, on an arm's length basis in accordance with the relevant accounting standards, in the best interest of the Unitholders, consistent with the strategy and investment objectives of the Trust:

**(A) Share Purchase Agreements**

Please see the section entitled "*Related Party Transactions – Acquisition of the Project SPVs and Holdco by the Trust*" on page 489 for a description of the terms of the Share Purchase Agreements proposed to be executed with the Sponsor and other stakeholders.

**(B) Trust Deed**

Please see the section entitled "*Parties to the Trust – Key Terms of the Trust Deed*" on page 180 for a description of the terms of the Trust Deed. The Trustee has received a sum of ₹ 0.01 million towards the initial settlement of the Trust from the Sponsor.

**(C) Investment Management Agreement**

Please see the section entitled "*Parties to the Trust – Key Terms of the Investment Management Agreement*" on page 194 for a description of the terms of the Investment Management Agreement.

**(D) Project Implementation and Management Agreement**

Please see the section entitled "*Parties to the Trust – Key terms of the Project Implementation and Management Agreement*" on page 206 for a description of the terms of the Project Implementation and Management Agreement.

The Securities Purchase Agreements, the Investment Management Agreement and the Project Implementation and Management Agreement will take effect prior to the Allotment of Units.

**(E) Trust Loan Agreement**

Please see the section entitled "*Financial Indebtedness – Trust Loan Agreement*" on page 465 for a description of the terms of the Trust Loan Agreement.

For details of risks involved with respect to such related party transactions, please see the section entitled "*Risk Factors – We and our Project SPVs have entered into and may in the future enter into related party transactions, the terms of which may be unfavourable to us or could involve conflicts of interest. The Investment Manager may face conflicts of interests in choosing our service providers, and certain service providers may provide services to the Investment Manager or the Sponsor on more favourable terms than those provided to us.*" on page 149.

The Share Purchase Agreements, the Project Implementation and Management Agreement and the Trust Loan Agreement will take effect prior to the Allotment of Units.

***Acquisition of the Project SPVs and Holdco by the Trust***

***Share Purchase Agreements***

The Sponsor and other shareholders of the Project SPVs and Holdco ("**Seller**"), the Trustee (acting on behalf of the Trust), the Investment Manager, and the Project SPVs and Holdco will enter into several share purchase agreements ("**SPAs**") in order for the Trust to purchase, and the relevant Seller to sell, the entire issued, subscribed and paid-up share capital of the relevant Project SPVs and Holdco ("**Sale Shares**") prior to the Allotment of Units. Key terms of the SPAs are as follows:

1. *Sale and purchase*:

   (i) Subject to the terms and conditions of the SPAs, the Trust (acting through the Trustee) agrees and undertakes to purchase from the Seller, and the Seller agrees and undertakes to sell to the Trust, on the Closing Date (as defined in the SPAs), the Sale Shares, on a spot delivery basis, free and clear of any Encumbrances and together with all rights attaching thereto, such that the Trust shall, upon transfer of the Sale Shares on the Closing Date (as defined in the SPAs), receive full legal and beneficial ownership of the Sale Shares and all rights, title and interest thereto and therefrom right to receive all dividends and distributions declared, paid or made in respect of the Sale Shares.

   (ii) The aggregate consideration payable by the Trust to the Seller shall be such number of Units payable against the purchase of the Sale Shares as determined upon the finalization of the Offer Price and Tax collected at source as per the provisions of Section 206C(1H) of the IT Act, if applicable, in accordance with the provisions of the SPA.

2. *Conditions precedent*:

   (i) The completion of the sale and purchase of the Sale Shares shall be conditional on the satisfaction of the conditions precedent (or waiver of the condition precedent by the Trust in writing where such waiver is permitted under Applicable Law) set out in the SPAs, to the reasonable satisfaction of the Trust and the Investment Manager.

   (ii) The Seller shall, upon satisfaction of the last of the conditions precedent, issue the conditions precedent satisfaction letter to the Trust and the Investment Manager enclosed by certified true copies of all the

necessary documents evidencing fulfilment of each of the Conditions Precedent.

(iii) The Trust, upon receipt of the conditions precedent satisfaction letter from the Seller, shall (in consultation with the Investment Manager) address a letter to the Seller communicating their acceptance of the satisfaction of the conditions precedent to the extent they so accept it.

(iv) The Seller shall notify the Trust in writing promptly upon becoming aware (i) that any of the conditions precedent have become incapable of satisfaction; or (ii) of any delay in achieving satisfaction of the conditions. The Trust may, in consultation with the Investment Manager, exempt the Seller, in writing, from the satisfaction of any of the unachievable conditions.

3. *Closing:*

(i) Closing shall occur upon the satisfaction or waiver, as the case may be, of the conditions precedent set out in the SPA, at the registered office of the Trust or at such other time and place and/or on such other date as the parties may mutually agree. The date on which the closing occurs shall be referred to as the "**Closing Date**".

(ii) All transactions contemplated by the SPAs to be completed on the Closing Date shall be deemed to occur simultaneously and no transaction shall be consummated unless all such transactions are consummated simultaneously.

(iii) The Trust and the Seller shall fulfil the requirements, as mentioned in the SPA, on or prior to the Closing Date.

4. *Representations and Warranties*:

(i) The Sellers have represented and warranted to the Trust as of the closing date that, amongst other things:

(a) each of the Seller and the relevant Project SPV or Holdco is duly incorporated and validly existing under the laws of India, and has the right, power and authority to enter into, execute, deliver and perform the SPA and each of the other transaction documents to which it is a party.

(b) the execution, delivery and performance under the SPA and other transaction documents by the Seller and the relevant Project SPV or Holdco have been duly and validly authorized by all necessary corporate action on the part of the Seller and the relevant Project SPV or Holdco and does not require any further authorization or consent of any third party.

(c) the SPA and other transaction documents constitute a legal, valid and binding obligation, enforceable against the Seller and the relevant Project SPV or Holdco in accordance with its terms.

(d) the Seller has good and valid title to and beneficial ownership of the Sale Shares, free and clear of any encumbrances.

(e) the execution, delivery and performance of the SPA and other Transaction Documents, and the compliance with the provisions of the SPA will not result in:

(i) a breach of, or constitute a default under, any Material Contract to which any of them is a party or by which any of them is bound;

(ii) the creation of any Encumbrance upon the share capital, in whole or in part, of the relevant Project SPV or Holdco or upon the Sale Shares; or

(iii) violate their memorandum or articles of association or contravene any provision of any Law, or any order, writ, injunction or decree of any court or governmental authority to which they are subject.

(f) no liquidation, dissolution, winding up, commencement of bankruptcy, insolvency, liquidation or similar proceedings, whether voluntary or involuntary, with respect to the Seller or the relevant Project SPV or Holdco is pending or has been pending, or to the best of knowledge of the Seller, threatened.

(g) no writ, judgment, injunction, decree, or similar order of any court or other governmental authority or law restraining or otherwise preventing the consummation of the Transaction Documents Closing is pending.

(h) there have not been any breaches by the relevant Project SPV or Holdco of its constitutional documents.

(i) the sale shares represent 100% of the issued and outstanding equity shares of the relevant Project SPV or Holdco.

(j) the seller is the legal and beneficial owner of the Sale Shares, which are free of all encumbrances, and has all related rights thereto.

(k) as of the Closing Date, all of the outstanding and issued Shares are duly authorised, validly issued and fully paid-up.

(l) the accounts of the relevant Project SPV or Holdco have been prepared in accordance with applicable law;

(m) the accounts give a true and fair view of the assets, liabilities and state of financial affairs of the relevant Project SPV or Holdco at the accounts date and of the profits or losses of the relevant Project SPV or Holdco for the period concerned.

(n) the relevant Project SPV or Holdco is in compliance with all applicable law, decree, decision or judgement of any governmental authority.

(o) the relevant Project SPV or Holdco has not received any notice or communication with respect to alleged, actual or potential violation and/or failure to comply with applicable law.

(p) the relevant Project SPV or Holdco has full right, title and interest to all the assets and immovable property owned by it and there exist no eminent domain proceedings or threatened expropriation over them that would materially affect any of the assets.

(q) the litigations relating to the relevant Project SPV or Holdco disclosed through the disclosure letter is complete, true and correct and discloses all material litigation, proceedings, arbitration proceedings by or against the relevant Project SPV or Holdco.

(r) all material contracts of the relevant Project SPV or Holdco are valid, binding and the relevant Project SPV or Holdco is not in default or breach of any material obligations of any of them.

(s) except as disclosed in this draft placement memorandum, the relevant Project SPV does not have any subsidiaries or hold any interest, control, in any corporation, partnership, association, joint venture or other person.

(t) all material insurable risks in respect of the business of the relevant Project SPV or Holdco are covered by appropriate insurance policies according to the customary practice of the businesses and operations of the relevant Project SPV or Holdco.

(u) the relevant Project SPV or Holdco is in material compliance with all environmental laws, received all environmental permit required for the operation of the business of the relevant Project SPV or Holdco and there have been no environmental investigation/proceedings against them.

(v) the relevant Project SPV or Holdco validly owns or has a license to use all intellectual property currently owned or used by it without any suit, claim for infringement of the same by it.

(w) all the debt receivable or due to the relevant Project SPV or Holdco or which have subsequently arisen have realised or are potentially realizable in the normal course of collection of their full value as included in their accounts after taking into account the provision for bad and doubtful debts made in the accounts.

(x) as on the closing date, there have been no breach or default under any financing arrangement entered into by the relevant Project SPV or Holdco.

(y) there are no liabilities, whether actual or contingent, of the relevant Project SPV or Holdco other than (i) liabilities disclosed or provided for in the accounts; (ii) liabilities incurred after the accounts date, which is not disclosed in the disclosure letter.

(ii) The Trust represents and warrants to the Seller as on the date of execution of the SPA, and the Closing Date that, amongst other things:

(a) it is duly incorporated and validly existing under the laws of India, and has the right, power and authority to execute, deliver and perform its obligations under the SPA.

(b) the execution, delivery and performance under the SPA and other transaction documents by the Trust have been duly and validly authorized by all necessary corporate action on the part of the Trust and

does not require any further authorization or consent of any third party.

(c) the SPA and other transaction documents constitute a legal, valid and binding obligation, enforceable against the Trust in accordance with its terms.

(d) its execution, delivery and performance by the Trust of the SPA and other transaction documents**,** and the compliance by it with the provisions contemplated under the SPA and the other transaction documents will not result in:

(i) a breach of, or constitute a default under, any, agreement or instrument to which the Trust is a party or by which the Trust is bound; or

(ii) violate the Trust Deed or contravene any provisions of any applicable law by which it is governed or decree of any court or governmental authority**.**

(e) no liquidation, dissolution, winding up, commencement of bankruptcy, insolvency, liquidation or similar proceedings, whether voluntary or involuntary, with respect to the Trust is pending or has been pending, or to the best of knowledge of the Trust, threatened.

5. *Indemnity*:

(i) Seller ("**Indemnifying Party**") agrees to indemnify, defend and hold harmless the Trust and the Investment Manager and their respective officers, directors and representatives ("**Indemnified Party**"), promptly upon demand at any time and from time to time, from and against losses which relate to or is directly arising out of, resulting from, or relating to any breach of the seller warranties or breach of any covenant of the Seller in the SPA, or any of the matters specifically set out in the provisions of the SPA.

(ii) A claim for indemnity against the Indemnifying Party pursuant to the SPA may be brought by the Indemnified Party according to the provisions of the SPA.

6. *Term and Termination*:

(i) the SPA shall be effective from the date of the agreement and shall continue to be valid and in full force and effect unless terminated in accordance with the provisions of the SPA.

(ii) Subject to the provisions as set out in the SPA, the SPA :

(a) may be terminated by mutual consent of the parties in writing;

(b) shall be terminated automatically if closing does not occur by such date as mentioned in the SPA or such other date as may be mutually agreed by the parties.

***Proposed related party transactions***

**ROFO Agreement:**

Please see the section entitled "*Formation Transactions in relation to the Trust - Acquisition of the future assets*" on page 32 for a description of the terms of the ROFO Agreement.

***Borrowings from and to Related Parties***

The Trust proposes to infuse funds, by way of debt, into the Project SPVs/ Holdco in accordance with the Trust Loan Agreements. For further details, please see the section entitled "*Use of Proceeds – Details of Utilisation of Fresh Issue Proceeds – Providing loans to the Project SPVs/ Holdco for repayment or pre-payment of debt, in full or part, availed by the Project SPVs/ Holdco from the Sponsor, and certain other lenders and financial institutions, including any accrued interest, closure/ pre-closure charges, and any other refinancing related costs"* on page 459.

There are certain inter corporate loans provided by certain Project SPVs/ Holdco to their Related Parties (apart from other Project SPVs), which will be repaid (including interest accrued, if any) prior to closing of the Formation Transactions. For details, please see the section "*Use of Proceeds*" on page 459.

**Other related party transactions**

For details of other related party transactions entered into amongst the Related Parties inter-se for the six month period ended September 30, 2024 and for the FYs ended March 31, 2024, March 31, 2023 and March 31 2022 as per the InvIT Regulations, please see the Special Purpose Combined Financial Statements attached hereto as Annexure B.

The Trust and the Related Parties may also enter into related party transactions post-listing of the Trust. Please see the section entitled "*Formation Transactions in relation to the Trust*" and "*Risk Factors - We and our Project SPVs have entered into and may in the future enter into related party transactions, the terms of which may be unfavourable to us or could involve conflicts of interest. The Investment Manager may face conflicts of interests in choosing our service providers, and certain service providers may provide services to the Investment Manager or the Sponsor on more favourable terms than those provided to us.*" on pages 26 and 149, respectively.

**Potential Conflicts of Interest**

The Investment Manager has established certain procedures to deal with conflict of interest issues. For further details on management of potential conflicts of interest, please see the section entitled "– *Procedure for dealing with Related Party Transactions*" on page 487.

**Declaration from the Related Parties in relation to the related party transactions**

The Sponsor and other Related Parties may have interests in the business which directly compete with the activities of the Trust. The Related Parties shall perform their duties in relation to the Trust independent of the related business as stated above. For details of the proposed and potential related party transactions, please see the sections entitled "- *Proposed related party transactions"* and *"- Potential Conflicts of Interest"* on pages 492 and 493, respectively.

## REGULATIONS AND POLICIES

*Given below is an indicative summary of certain relevant laws, policies and regulations applicable to the Indian warehousing sector. The information in this section has been obtained from publications available in the public domain. The description of the applicable regulations as given below has been provided in a manner to provide general information to the investors and may not be exhaustive and is neither designed nor intended to be a substitute for professional legal advice. The indicative summary is based on the current provisions of applicable law, which are subject to change or modification or amended by subsequent legislative, regulatory, administrative or judicial decisions.*

*For information on regulatory approvals obtained by us, please see the section entitled "Regulatory Approvals" on page* 500.

**Key Regulations Applicable to the Indian warehousing sector**

***A. Warehousing (Development and Regulation) Act, 2007***

The Warehousing Act, 2007, read with Registration of Warehouses Rules, 2017 prescribes, *inter alia*, the form, manner and process for registering a warehouse under the Warehousing Development and Regulatory Authority (the "**Authority**"). In terms of the Warehousing Act, a person who has been granted a certificate for carrying out the business of warehousing ("**Warehouseman**") is subject to certain duties and liabilities, including a liability in case of loss of, or injury to, goods caused by its failure to exercise care and diligence. In the event of such loss or damage, the Warehouseman is liable to pay a compensation of an amount equal to the value of the goods plus the loss of profit to the receipt holder. Further, a Warehouseman is required to maintain a complete and accurate set of records and accounts of all transactions pertaining to the operation of a warehouse, which is subject to periodic inspection of the Authority. The Warehousing Act also provides for provisions relating to issue, transferability, negotiability and liability in relation to the issue of warehouse receipts. Further, the Rules also lay down the eligibility requirements, performance requirements, process for cancellation of registration and the inspection requirements involved in the process of registering a warehouse. These rules aim to enable better and effective supervision and regulation of registered warehouses in India.

***B. Foreign Investment Regulations***

Foreign investment in Indian securities is governed by the provisions of the FEMA, read with the applicable FEMA Rules, the FEMA (Mode of payment and Reporting of Non-Debt Instruments) Regulations, 2019 and the consolidated FDI Policy issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India. Foreign investment is permitted (except in the prohibited sectors) either through the automatic route or the government approval route, depending upon the sector in which foreign investment is sought to be made. Under the FEMA Rules and the current consolidated FDI Policy, effective from October 15, 2020, an infrastructure investment trust registered and regulated by the SEBI under the InvIT Regulations, being an 'investment vehicle', is permitted to receive foreign investment from a person resident outside India (subject to Press Note 3 (2020 series)), including an FPI or an NRI subject to the terms and conditions specified in the FEMA Rules.

Downstream investment by an infrastructure investment trust shall be regarded as indirect foreign investment if neither the sponsor nor the investment manager of such an infrastructure investment trust is Indian 'owned and controlled' as defined in FEMA Regulations.

Downstream investment by an 'investment vehicle' shall have to conform to the sectoral caps and conditions/restrictions, if any, as applicable to the company in which the downstream investment is made as per the FDI Policy. Foreign investment of up to 100% through the automatic route is permitted in the infrastructure sector in India. An infrastructure investment trust that receives foreign investment shall be required to make such report and in such format to the RBI or to the SEBI as may be prescribed by them, from time to time.

Further, any person who is a non-resident and holds units of an infrastructure investment trust in accordance with the FEMA Rules may pledge such units (i) in favour of a bank in India to secure the credit facilities being extended to the Indian company for bona fide purposes; (ii) in favour of an overseas bank to secure the credit facilities being extended to the person or a person resident outside India who is the promoter of the Indian company or the overseas group company of the Indian company; (iii) in favour of a Non-Banking Financial Company registered with the RBI to secure credit facilities being extended to the Indian company for bona fide purposes; and (iv) subject to the authorized dealer bank satisfying itself of the compliance of the conditions stipulated by the RBI in this regard.

***C. The Electricity Act, 2003 ("Electricity Act")***

The Electricity Act, 2003 (the "**Electricity Act**") is the central legislation which covers, amongst others, generation, transmission, distribution, trading and use of electricity and prescribes technical standards in relation to the connectivity of generating companies with the grid. Under the Electricity Act, the transmission, distribution and trade of electricity are licensed activities that require licenses from the Central Electricity Regulatory Commission (the "**CERC**"), concerned State Electricity Regulatory Commissions (the "**SERCs**") or a joint commission (constituted by

an agreement entered into by two or more state governments or the central government in relation to one or more state governments, as the case may be).

As per provisions of the Electricity Act, generating companies are required to establish, operate and maintain generating stations, tie-lines, sub-stations and dedicated transmission lines. Further, the generating companies may supply electricity to any licensee, or even directly to consumers subject to availing open access to the transmission and distribution systems and payment of transmission charges, including wheeling charges and open access charges, as may be determined by the concerned electricity regulatory commission.

In accordance with Section 7 of the Electricity Act, a generating company may establish, operate and maintain a generating station without obtaining a licence under the Electricity Act if it complies with the technical standards relating to connectivity with the grid prescribed under clause (b) of Section 73 of the Electricity Act. Under the Electricity Act, the SERCs are required to promote co-generation and generation of electricity from renewable sources of energy and sale of electricity to any person. The Electricity Act further requires the SERCs to specify, for the purchase of electricity from renewable sources, a percentage of the total consumption of electricity within the area of a distribution licensee.

Additionally, Electricity Rules, 2005 (the "**Electricity Rules**") also prescribe a regulatory framework for developing captive generating plants. Pursuant to the Electricity Rules, a power plant shall qualify as a captive power plant only if not less than 26% of ownership is held by captive users and not less than 51% of the aggregate electricity generated in such plant, determined on an annual basis, is consumed for captive use. In case of a generating station owned by a company formed as a special purpose vehicle, the electricity required to be consumed by the captive user(s) are to be determined with reference to such unit or units in aggregate identified for captive use and not with reference to the generating station as a whole, and the equity shares to be held by the captive user(s) in the generating station must not be less than 26% of the proportionate equity of the company related to the generating unit or units identified as the captive generating plant.

Additionally, the Electricity (Amendment) Rules, 2023 were notified on June 30, 2023. The amendment introduces a rule pertaining to a person or entity functioning as a licensee under the previous act and continues to function as a licensee and where the duration of the license is not prescribed, in such cases the period of the license shall be 25 years from the date of the coming into force of the act. Further the license shall be renewed for a period of 25 years at a time or for a lesser period, if requested by the licensee.

### *D. National Building Code of India, 2016 ("NBC")*

The NBC provides guidelines for among others, regulating the building construction activities across the country and forms a model code for private and public entities engaged in construction of buildings. The NBC primarily contains administrative regulations, development control rules and general building requirements, fire safety requirements, stipulations regarding materials, structural design and construction (including safety), building and plumbing services, landscape development, signs and outdoor display structures, guidelines for sustainability, and asset and facility management. Further, the NBC provides the guidelines for the occupation and usage of the premises.

### *E. National Logistics Policy, 2022 (the "National Logistics Policy" or "NLP")*

The National Logistics Policy aims to create a seamless and integrated logistics systems in India, including improving efficiency and reducing costs in cargo delivery, increasing the share of logistics in the GDP, and creating employment opportunities in the sector. NLP includes the development of multi-modal transportation infrastructure, the creation of the National Logistics Portal for single-window access to all the logistics-related information, promoting e-commerce logistics solutions, and using technology for logistics operations. The multi-modal transportation system includes roads, railways, ports, airports, and inland waterways to improve the speed and efficiency of cargo delivery. The National Logistics Portal will provide a platform for all logistics related information, including tariffs ad regulations. The National Logistics Policy aims to transform the logistics sector in India into an efficient and cost effective system that drives growth and creates new employment opportunities.

### *F. PM Gati Shakti – National Master Plan for Multi-modal Connectivity*

The 'PM Gati Shakti –National Master Plan for Multi-modal Connectivity' was introduced on October 13, 2021. This is proposed to be implemented as a digital platform to bring 16 ministries together for integrated planning and coordinated implementation of infrastructure connectivity projects. The approach shall be driven by seven engines, namely, roads, railways, airports, ports, mass transport, waterways, and logistics infrastructure for economic transformation, seamless multimodal connectivity, and logistics efficiency. The proposed policy aims to benefit the logistics industry by bringing the data exchange among all mode operators on a 'unified logistics interface platform' ("**ULIP**"), designed for 'application programming interface' ("**API**"). If implemented, this shall provide for efficient movement of goods through different modes, reducing logistics cost and time, assisting 'just-in-time' inventory management, and in eliminating tedious documentation. Further, this will provide real time information to all

stakeholders, and improve international competitiveness. Open-source mobility stack, for organizing seamless travel of passengers, will also be facilitated.

### *G. Freight Smart Cities Mission*

In July 2021, the Indian government introduced plans for 'Freight Smart Cities' to enhance urban freight efficiency and reduce logistics costs in an effort to recognise the need for managing movement of goods to improve the city freight traffic. Under the Freight Smart Cities initiative, city-level logistics committees are formed including member participation from the government and the private sector. These committees are to co-create 'City Logistics Plans' such as promoting electrification of urban freight, building peri-urban freight centres, developing truck routes and managing night-time deliveries to reduce congestion and pollution and improve the economic competitiveness.

### *H. Secured Logistics Document Exchange*

Secured Logistics Document Exchange ("**SLDE**"), launched by Government of India in 2021, with the aim of improving business, is a solution to replace the present manual process of generation, exchange and compliance of logistics documents with a digitized, secure and seamless document exchange system. SLDE will enable generation, storage and interchange of logistics-related documents digitally using Aadhaar and blockchain-based security protocols for data security and authentication, it also provides a complete audit trail of document transfer, faster execution of transaction, lower cost of shipping and overall carbon footprint, easy verification of authenticity of documents, lowered risk of fraud, etc. The initiative improves logistics efficiency, reduces logistics cost, and promotes multi –modality and sustainability.

### *I. Bharatmala Pariyojana*

Bharatmala Pariyojana program aims to optimize the efficiency of freight and passenger movement across the country by bridging critical infrastructure gaps through development of Economic Corridors, Inter Corridors and Feeder Routes, National Corridor Efficiency Improvement, Border and International connectivity roads, Coastal and Port connectivity roads and Green-field expressways. The umbrella program of Bharatmala Pariyojana also focuses on enhancing effectiveness of already built infrastructure, multi–modal integration, bridging infrastructure gaps for seamless movement and integrating National and Economic Corridors. The program was conceptualized to attain optimal resource allocation for a holistic highway development/improvement initiative. Recently, the Government has extended the deadline of the first phase of the project to 2027-2028 and revised its estimated cost to nearly ₹ 11 trillion.

### *J. Multimodal Logistics Park*

Multimodal Logistics Parks ("**MMLP**") initiatives aim to provide the centralized and integrated logistics solutions to improve supply chain management. These parks bring together various modes of transportation, such as road, rail and air, to facilitate seamless goods movement and provide a hub for storage, distribution, and processing. MMLPs are equipped with state of the art infrastructure, including warehouse, container yards, and custom clearance centres, allowing companies to consolidate operations and streamline supply chains for reduced costs and improved delivery times. MPLs also offer value added services, including repair and maintenance facilities, training centres, and customs clearance services, making them a one-stop solution for all logistics needs.

### *K. Intellectual Property Laws*

Certain laws relating to intellectual property rights such as trademarks protection under the Trade Marks Act, 1999 (the "**Trade Marks Act**") and the Designs Act, 2000 (the "**Designs Act**") are applicable to us.

The Trade Marks Act provides for the process for making an application and obtaining registration of trademarks, better protection of trademarks and prevention of the use of fraudulent marks in India. The purpose of the Trade Marks Act is to grant exclusive rights to marks such as a brand, label, and heading and to obtain relief in case of infringement for commercial purposes as a trade description.

The Designs Act aims to consolidate and amend the law relating to protection of designs. The Designs Act regulates and protects the originality of an article's design and prohibits the piracy of registered designs. The Central Government also drafted the Designs Rules, 2001, under the authority of the Designs Act for the purposes of specifying certain prescriptions regarding the practical aspects related to designs such as payment of fees, register of designs, classification of goods, restoration of designs, etc.

### *L. Registration Act, 1908*

Registration Act, 1908 was passed to consolidate the enactments relating to the registration of documents. The main purpose for which the Registration Act was designed was to ensure information about all deals concerning land so that correct land records could be maintained. The Registration Act is used for proper recording of transactions relating to other immovable property. The Registration Act provides for registration of documents which gives them authenticity. Registering officers have been appointed in all the districts to facilitate the process of registration. The Registration Act also provides provisions related to the time and place of registration, effects of registration and non-registration, duties and powers of registering officers, fees for registration, etc.

***M. Indian Stamp Act, 1899***

Indian Stamp Act, 1899 was passed to consolidate and amend the law relating to Stamps. This act governs the stamp duty in relation to certain specified categories of instruments as specified under Entry 91 of the list. All other instruments are required to be stamped, as per the rates prescribed by the respective State Governments in the schedules of the respective legislations pertaining to stamp duty as applicable in the State. Stamp duty is required to be paid on all the documents that are registered and as stated above, the percentage of stamp duty payable varies from one state to another. Certain states in India have enacted their own legislation in relation to stamp duty while the other states have adopted and amended the Stamp Act, as per the rates applicable in the respective state. Stamp duty is payable on the instruments at the rates specified in Schedule I of the Stamp Act. Instruments chargeable to duty under the Stamp Act, which are not duly stamped, are incapable of being admitted in court as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments which are not sufficiently stamped or not stamped at all. Unstamped and deficiently stamped instruments can be impounded by the authority and validated by payment of penalty. The amount of penalty payable on such instruments may vary from state to state.

**LAWS RELATING TO ENVIRONMENT**

***A. Air (Prevention and Control of Pollution) Act, 1981 ("Air Act")***

The Air Act requires that any industrial plant emitting any air pollutant into the atmosphere must apply in a prescribed form and obtain consent from the state PCB prior to commencing any activity. The state PCB is required to grant, or refuse, consent within four months of receipt of the application. The consent may contain conditions relating to specifications of pollution control equipment to be installed.

***B. Water (Prevention and Control of Pollution) Act, 1974 ("Water Act")***

The Water Act prohibits the use of any stream or well or land for the disposal of any poisonous, noxious or polluting matter, in violation of the standards set out by the concerned PCB. The Water Act also provides that the consent of the concerned PCB must be obtained prior to opening of, inter alia, any industry, operation or process, which are likely to discharge sewage or trade effluent.

**C. *Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 ("Hazardous Wastes Rules")***

The Hazardous Wastes Rules aim to regulate the proper collection, reception, treatment, storage and disposal of hazardous waste. An "occupier" has been defined as any person who has control over the affairs of a factory or premises or any person in possession of hazardous or other waste. In terms of the Hazardous Waste Rules, occupiers have been, inter alia, made responsible for safe and environmentally sound handling of hazardous and other wastes generated in their establishments and are required to obtain license/authorization from concerned PCBs, for handling, generating, collecting, processing, treating, packaging, storing, transporting, using, recycling, recovering, pre-processing, co-processing, offering for sale, or the like of the hazardous and other wastes.

**LAWS RELATING TO EMPLOYMENT**

Certain other laws and regulations that may be applicable to the Indian warehousing sector include the following:

- Shops and Commercial Establishment Acts, where applicable;
- Contract Labour (Regulation & Abolition) Act, 1970;
- Ease of Compliance to maintain Registers under various Labour Laws Rules, 2017;
- Employees' Compensation Act, 1923;
- The Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996
- Employees' Provident Funds and Miscellaneous Provisions Act, 1952;

- Employees' State Insurance Act, 1948;
- Equal Remuneration Act, 1976;
- Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979;
- Maternity Benefit Act, 1961;
- Minimum Wages Act, 1948;
- Payment of Bonus Act, 1965;
- Payment of Gratuity Act, 1972;
- Payment of Wages Act, 1936; and
- Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

In order to rationalize and reform labour laws in India, the Government of India has framed four labour codes, namely:

- The Industrial Relations Code, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume three existing legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. The provisions of this code will be brought into force on a date to be notified by the Central Government.
- The Code on Wages, 2019 received the assent of the President of India on August 8, 2019 and proposes to subsume four existing laws namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. The Central Government has notified certain provisions of the Code on Wages, mainly in relation to the constitution of the advisory board.
- The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020 and proposes to subsume certain existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979 and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. The provisions of this code will be brought into force on a date to be notified by the Central Government.
- The Code on Social Security, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume certain existing legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganised Workers' Social Security Act, 2008. The provisions of this code will be brought into force on a date to be notified by the Central Government.

**Laws relating to Taxation**

Tax related laws that are pertinent, include the Income-tax Act, 1961, Income-tax Rules, 1962, various State taxes on Professions, Trades, Calling and Employments legislation, and GST which includes the Central Goods and Services Tax Act, 2017, various State Goods and Services Tax legislations and the Integrated Goods and Services Tax Act, 2017.

**Companies related legislation**

All of our Project SPVs/ Holdco are companies and are therefore, subject to the provisions of the Companies Act. The Companies Act, inter alia, regulates the incorporation of companies, prescribes the roles and responsibilities of directors, shareholders and key managerial personnel and the procedure for undertaking various corporate actions by the company. Declaration of dividends by companies is regulated, among other sections, under Section 123 of the Companies Act. One of the conditions stated therein is that dividend can be declared by a company out of profits for the year or out of profits for the previous financial year, subject to compliance with the specified conditions, or out of money provided by the state or central government for the payment of dividend by the company. Also, dividend can be declared and paid from the free reserves of the company. Similarly, a number of restrictions and conditions are set out in Section 68 of the Companies Act for undertaking a buy-back of securities by companies. For instance, a buy-back of securities can be conducted by a company only from its free reserves, securities premium account or from proceeds of the issue of any shares or other specified securities subject to compliance with specified conditions. Further, a company is not permitted to undertake a buy-back of securities of more than twenty five per cent of the aggregate of paid-up capital and free reserves of the company in a particular financial year and no offer or buy-back can be made within a period of one year from the date of closure of the preceding offer or buy-back, if any.

We are also required to comply with the Competition Act, 2002, as amended, which regulates practices having an appreciable adverse effect on competition in the relevant market in India and combinations (including mergers, amalgamations and acquisitions) in excess of certain thresholds.

**OTHER LAWS APPLICABLE TO THE INDIAN WAREHOUSING SECTOR**

***A. Transfer of Property Act, 1882 ("TP Act")***

The TP Act establishes the general principles relating to transfer of property in India. It forms a basis for identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property and mortgage of immovable property. It also provides for the rights and liabilities of the vendor and purchaser in a transaction of sale of immovable property. The TP Act also governs lease agreements, including the rights and liabilities of the lessor and the lessee.

## REGULATORY APPROVALS

*Provided below are details in relation to the material consents, permissions, registrations and approvals from the Government, various governmental agencies and other statutory or regulatory authorities required to be obtained by the Trust or Project SPVs/ Holdco for carrying out their present businesses. Further, provided below are the approvals in relation to the Offer. In the event that any of the approvals and licenses that are required for the Initial Portfolio Assets' business operations expire in the ordinary course of business, the relevant Initial Portfolio Asset will apply for such renewal from time to time. For details in connection with the regulatory and legal framework within which the Trust and the Project SPVs/ Holdco operate, see "Regulations and Policies" on page* 494.

### A. Approvals in relation to the Trust

Certificate of registration dated April 22, 2024, bearing registration number IN/InvIT/24-25/0030 issued by SEBI to the Trust under Regulation 3 of the InvIT Regulations, for registration of the Trust as an infrastructure investment trust.

### B. Approvals in relation to the Offer

(i). Resolutions dated January 27, 2025, passed by the IM Board in relation to the Offer and other incidental matters and resolutions dated February 6, 2025, passed by the InvIT Committee of the IM Board approving the Draft Placement Memorandum and other incidental matters.

(ii). In-principle listing approval from the NSE dated [●].

### C. Material Business Approvals in relation to Project SPVs/ Holdco

In the ordinary course of business, the Project SPVs/ Holdco receive approvals, licenses, registrations and permissions from various authorities including statutory and regulatory authorities and governmental agencies ("**Material Business Approvals**"). The Material Business Approvals received by various projects held by the Project SPVs/ Holdco have been summarized below.

1. *Approvals received in relation to the Chakan Park*

(i). No objection certificate for ground water abstraction dated January 29, 2021, issued by Central Ground Water Authority, Nagpur and corrigendum in no objection certificate for enhancement in ground water abstraction, dated July 22, 2024, issued by Regional Director, Central Region, Central Ground Water Board, Nagpur;

(ii). Consent to operate under Section 26 of the Water (Prevention & Control of Pollution) Act, 1974, Section 21 of the Air (Prevention & Control of Pollution) Act, 1981 and Rule 6 of the Hazardous and other Wastes (Management & Transboundary Movement) Rules, 2016, dated October 27, 2023, issued by Sub-regional office, Maharashtra Pollution Control Board;

(iii). Shops & Establishments License under Maharashtra Shops and Establishments (Regulations of Employment and Conditions of Service) Act, 2017, dated August 14, 2024, issued by Office of the Deputy Commissioner of labour, Pune;

(iv). Final fire no objection certificate under Maharashtra Fire Prevention and Life Safety Measures Act, 2006, dated August 19, 2017, issued by Chief Fire Officer, Pune Metropolitan Region Development Authority, Pune;

(v). No objection certificate for taking electricity connection and water connection, dated January 3, 2011, issued by Sarpanch, Gram Panchayat Mahalunge, Khed, Pune; and

(vi). Development permit and commencement certificate dated September 16, 2017, issued by Chief Executive Officer, Pune Metropolitan Region Development Authority ("**PMRDA**").

*2.* *Approvals received in relation to the Singadivakkam (Sungavarchatram, Kanchipuram) Park*

(i). Consent to establish under Section 25 of the Water (Prevention and Control of Pollution) Act, 1974, dated September 8, 2021, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Sriperumbudur;

(ii). Consent to establish under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981, dated September 8, 2021, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Sriperumbudur;

(iii). Consent to operate under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981, dated August 27, 2022, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Sriperumbudur;

(iv). Consent to operate under Section 25 of the Water (Prevention and Control of Pollution) Act, 1974, dated August 27, 2022, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Sriperumbudur;

(v). Panchayat approval letter dated September 28, 2018, and June 14, 2022, issued by Commissioner, Walajabad Panchayat Union and;

(vi). No objection certificate for drawal of groundwater, dated November 23, 2023, and May 17, 2023, issued by Chief Engineer, State Ground & Surface Water Resources Data Centre, Chennai;

(vii). No objection certificate for formation of approach road, dated July 29, 2016, issued by Zonal Engineer (H) (C&M), Chengalpattu;

(viii). Fire no objection certificate dated March 14, 2016, and July 16, 2021, issued by District Officer, Fire & Rescue Services, Kanchipuram;

(ix). Registration certificate of establishment under Section 3 of the Tamil Nadu Industrial Establishments (National, Festival and Special Holidays) Act, 1958, dated December 18, 2023, issued by Assistant Inspector of Labour, Kancheepuram; and

(x). Plan Approval dated July 26, 2018, and May 11, 2022, issued by Zonal Deputy Director of Town Planning, Chengalpattu and Deputy Director, District Town Planning Office, Kancheepuram, respectively.

3. *Approvals received in relation to Hosur Park*

(i). Municipal approval under Section 49 of Town and Country Planning Act, 1971, dated April 24, 2024, issued by Commissioner, Hosur Municipal Corporation;

(ii). Building permits and plan approvals dated July 29, 2019, and August 27, 2020, issued by Commissioner, Hosur City Municipal Corporation, Hosur;

(iii). Plan approval under Section 49 of the Town & Country Planning Act, 1971, and Tamil Nadu Combined Development and Building Rules, 2019, dated June 17, 2023, issued by Deputy Director, Hosur New Town Development Authority, District Town & Country Planning Office, Krishnagiri, Hosur;

(iv). Fire license under Section 13 of the Tamil Nadu Fire Service Act, 1985 read with Tamil Nadu Fire Service Rules, 1990, dated April 22, 2024, issued by District Officer, Fire and Rescue Services Department, Krishnagiri;

(v). Certificate under Section 3 of the Tamil Nadu Industrial Establishments (National, Festival and Special Holidays) Act, 1958, dated December 18, 2023, issued by Assistant Inspector of Labour, Hosur;

(vi). No objection certificate from Department of Public Health and Preventive Medicine dated July 12, 2018, issued by Deputy Director of Health Services, Krishnagiri;

(vii). Lift License under Section 5(3) of the Tamil Nadu Lifts and Escalators Act, 1997, dated June 21, 2023, issued by Inspector of Lifts, Government of Tamil Nadu;

(viii). No objection certificate for drawal of groundwater dated August 11, 2023, issued by Chief Engineer, State Ground & Surface Water Resources Data Centre, Chennai; and

(ix). No objection certificate for approach road, dated July 4, 2018, issued by Assistant Divisional Engineer, Highways, Hosur.

*4.* *Approval received in relation to the Hosur Unit - II (Thally Park I and Thally Park II)*

(i). Public health sanitary certificate under Sections 44, 83 and 84 of the Tamil Nadu Public Health Act, 1939, dated November 21, 2024, issued by Deputy Director of Health Services, Krishnagiri;

(ii). Consent to establish under Section 25 of the Water (Prevention and Control of Pollution) Act, 1974, dated May 26, 2022, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Hosur;

(iii). Consent to establish under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981, dated May 26, 2022, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Hosur;

(iv). Consent to operate under Section 25 of the Water (Prevention and Control of Pollution) Act, 1974, dated February 14, 2023, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Hosur;

(v). Consent to operate under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981, dated February 14, 2023, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Hosur;

(vi). Hazardous waste authorization under Rule 6(2) of the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, dated February 14, 2024, issued by Joint Chief Environmental Engineer – Monitoring, Tamil Nadu Pollution Control Board, Vellore;

(vii). No objection certificate for drawal of groundwater dated August 11, 2023 and July 1, 2022, issued by Chief Engineer, State Ground & Surface Water Resources Data Centre, Chennai;

(viii). No objection certificate from Department of Public Health and Preventive Medicine dated April 4, 2019, and June 2, 2022, issued by Deputy Director of Health Services, Krishnagiri;

(ix). Panchayat plan approval dated October 6, 2022, issued by Commissioner, Panchayat Union, Thalli;

(x). Plan approval, dated August 10, 2022, issued by Joint Director, District Town and Country Planning, Krishnagiri District, Hosur;

(xi). Plan approval order under Tamil Nadu Combined Development and Building Rules, 2019, dated June 28, 2019, issued by Director, Town and Country Planning Dharmapuri;

(xii). No objection certificate to use land for industrial and commercial purposes dated December 31, 2020, and May 19, 2023, issued by Tahsildar, Denkanikottai;

(xiii). Fire license under Section 13 of the Tamil Nadu Fire Service Act, 1985, dated April 22, 2024, issued by District Officer, Fire and Rescue Services, Krishnagiri;

(xiv). Approval to construct culvert for using it as approach road, dated July 7, 2022, issued by Executive Engineer, WRD, Melpennaiyaru Basin Division, Dharmapuri;

(xv). Permission for usage of culvert as approach road, dated September 20, 2024, issued by Executive Engineer, WRD, Upper Pennaiyar Basin Division, Dharmapuri;

(xvi). Approval for approach road dated February 25, 2019, issued by Assistant Engineer, Denkanikottai; and

(xvii). Certificate under Section 3 of the Tamil Nadu Industrial Establishments (National, Festival and Special Holidays) Act, 1958, dated December 18, 2023, issued by Assistant Inspector of Labour, Hosur.

*5.* *Approvals received in relation to the Coimbatore Park*

(i). Fire license under Section 13 of the Tamil Nadu Fire Service Act, 1985, with Tamil Nadu Fire Service Rules, 1990 – Appendix – III dated December 2, 2024, issued by District Officer, Fire and Rescue Services, Coimbatore;

(ii). No objection certificate for drawal of groundwater dated February 21, 2024, issued by Chief Engineer, State Ground & Surface Water Resources Data Centre, Chennai;

(iii). Fire no objection certificate, dated February 11, 2020, issued by District Officer, Tiruppur District, Fire-Rescue Services Department, Coimbatore;

(iv). Public health sanitary certificate under Public Health Act, 1939, dated September 28, 2024, issued by Block Health Supervisor, Government Primary Health Centre, V. Chandrapuram, Sulthanpet Block, Coimbatore;

(v). Certificate under Section 3 of the Tamil Nadu Industrial Establishments (National, Festival and Special Holidays) Act, 1958, dated December 18, 2023, issued by Assistant Inspector of Labour, Pollachi;

(vi). Consent to operate under Section 25 of the Water (Prevention and Control of Pollution) Act, 1974, dated April 29, 2022, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Coimbatore;

(vii). Consent to operate under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981, dated April 29, 2022, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Coimbatore;

(viii). Plan approval dated January 7, 2020, issued by Joint Director, Town and Country Planning Office, Coimbatore;

(ix). Panchayat approval for plan layout dated February 15, 2021, issued by Panchayat, Appanayakampatti;

(x). No objection certificate from Tahsildar dated October 11, 2018, and March 5, 2020, issued by Tahsildar, Sulur; and

(xi). No objection certificate from Department of Public Health and Preventive Medicine dated November 27, 2020, issued by Deputy Director of Health Services, Coimbatore;

*6.* *Approvals received in relation to the Coimbatore (Sulur) Park*

(i). Approval from Panchayat dated November 28, 2022, issued by the President, Selakkaraichal Panchayat.;

(ii). Consent to establish under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981, dated June 24, 2022, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Coimbatore;

(iii). Consent to establish under Section 25 of the Water (Prevention and Control of Pollution) Act, 1974, dated June 24, 2022, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Coimbatore;

(iv). Consent to operate under Section 25 of the Water (Prevention and Control of Pollution) Act, 1974, dated July 3, 2023, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Coimbatore;

(v). Consent to operate under Section 21 of the Air (Prevention and Control of Pollution) Act, 1981, dated July 3, 2023, issued by District Environmental Engineer, Tamil Nadu Pollution Control Board, Coimbatore;

(vi). No objection certificate dated April 13, 2022, and October 20, 2022, issued by Tahsildar Sulur;

(vii). No objection certificate for drawal of groundwater, dated March 7, 2022, issued by Chief Engineer, State Ground & Surface Water Resources Data Centre, Chennai;

(viii). Fire license under Section 13 of the Tamil Nadu Fire Service Act, 1985, dated May 21, 2024, issued by District Officer, Fire and Rescue Services, Coimbatore;

(ix). Public health sanitary certificate under Public Health Act, 1939 dated November 18, 2024, issued by Block Health Supervisor, Government Primary Health Centre, V. Chandrapuram, Sulthanpet Block, Coimbatore;

(x). No objection certificate from Department of Public Health and Preventive Medicine dated June 30, 2022, issued by Deputy Director of Health Services, Coimbatore; and

(xi). Plan approval dated September 6, 2021, issued by Joint Director, Town and Country Planning Office, Coimbatore.

*7.* *Approvals received in relation to the Bhubaneshwar Park*

(i). Shop & Establishment certificate under the Orissa Shops & Commercial Establishments Act, 1956, dated November 25, 2020, issued by Divisional Labour Commissioner, Bhubaneshwar;

(ii). No objection certificate for abstraction of groundwater dated March 17, 2022, issued by Ministry of Jal Shakti, Department of Water Resources, River Development & Ganga Rejuvenation, Central Ground Water Authority;

(iii). Occupancy certificate dated June 18, 2021, issued by Assistant Town Planner, Bhubaneshwar Development Authority;

(iv). Fire safety recommendations under Rule 12(5) of the Odisha Fire Prevention and Fire Safety Rules, 2017, dated August 27, 2021, issued by Fire Deputy Director, Range Fire Officer, Central Range II, Bhubaneshwar;

## LEGAL AND OTHER INFORMATION

*Except as stated in this section, there are no material civil proceedings, criminal litigation or actions by regulatory authorities, in each case against the Trust (including Project SPVs/ Holdco), the Sponsor, the Investment Manager, the Project Manager, or any of their respective Associates, the Sponsor Group and the Trustee, that are currently pending as on the date of this Draft Placement Memorandum.*

*For the purpose of this section, details of all regulatory actions that are currently pending against the Trust (including Project SPVs/ Holdco), the Sponsor, the Investment Manager, the Project Manager and any of their respective Associates, the sponsor Group and the Trustee have been disclosed. All criminal litigation involving the Trust (including Project SPVs/ Holdco), the Sponsor, the Investment Manager, the Project Manager and any of their respective Associates, the Sponsor Group and the Trustee that are currently pending have been disclosed. Further, any civil proceedings involving an amount equivalent to, or more than, the amount as disclosed below, in respect of the Trust (including Project SPVs/ Holdco), the Sponsor, the Project Manager, the Investment Manager and each of their respective Associates, the Sponsor Group and the Trustee has also been disclosed.*

*In relation to the Trust (including Project SPVs/ Holdco), the outstanding civil cases involving an amount equivalent to or exceeding ₹ 95.89 million (being 5% of the total revenue as per the Special Purpose Combined Financial Statements for FY 2024 of the Project SPVs/ Holdco) have been considered material. All outstanding cases involving the Trust (including the Project SPVs/Holdco) where the amount is not ascertainable, but considered material, have also been disclosed.*

*In respect of the Sponsor and Project Manager and their Associates (including the Sponsor Group and excluding Project SPVs/ Holdco), all outstanding civil cases which involve an amount equivalent to or exceeding ₹ 46.27 million (being 1% of the consolidated net-worth of the Sponsor as on March 31, 2024) have been considered material. All outstanding cases involving the Sponsor and its Associates (including the Sponsor Group and excluding Project SPVs/ Holdco) where the amount is not ascertainable, but considered material, have also been disclosed.*

*In respect of the Investment Manager and its Associates, all outstanding civil cases which involve an amount equivalent to or exceeding ₹ 6.00 million (being 5% of the net-worth of the Investment Manager as on March 31, 2024) have been considered material. All outstanding cases involving the Investment Manager and its Associates where the amount is not ascertainable, but considered material, have also been disclosed.*

*In relation to the Trustee, all litigation involving an amount equivalent to or exceeding ₹ 12.33 million (being 5% of the profit after tax for FY 2024 based on the audited standalone financial statements of the Trustee for FY 2024) have been considered material. All outstanding cases where the amount is not ascertainable, but considered material, have also been disclosed.*

*In relation to entities which are common Associates of the Sponsor, the Investment Manager and/or the Project Manager, where the above-mentioned materiality thresholds in relation to the Sponsor, the Investment Manager and the Project Manager apply, the higher of the thresholds applicable to the Sponsor, the Investment Manager and the Project Manager have been considered material.*

### I. Title disclosures (including title litigation) pertaining to the Project SPVs/ Holdco and the Sponsor

For the purpose of this section, details of all pending litigations pertaining to the Project SPVs/ Holdco and Sponsor have been disclosed. Other than as disclosed below, there are no pending litigations pertaining to the Project SPVs/ Holdco and Sponsor as of the date of this Draft Placement Memorandum:

***(i) Jagannath Industrial and Logistics Parks Private Limited ("JGILP") (Village: Banipada, Cuttack, Odisha)***

A civil case bearing Civil Suit No. 950/2024, titled as "*Jayanta Kumar Swain and others v. State of Odisha and Others*" is currently pending adjudication before the Learned Civil Judge (Junior Division), 1st Court, Cuttack. JILPPL has been impleaded as one of the defendants / respondents along with Odisha Industrial Infrastructure Development Corporation ("**IDCO**"), and other government bodies (such as Collector, Revenue Commissioner, Tehsildar etc.) to this suit. The said suit has been filed by five (5) plaintiffs, all residents of Village – Banipada, who purportedly initiated the proceedings on behalf of the villagers, asserting communal rights over approximately 80 acres land. The plaintiffs claim that the land is intended for community purposes such as cremation, playground for children and grazing field for animals. The subject property is a small portion of the aforementioned land parcel being part of the suit. As on date, no stay or adverse order has been passed against any of the respondents (including IDCO and JGILP) concerning the subject property.

***Our rights and interests in relation to certain of our Initial Portfolio Assets may be subject to the following uncertainties or defects:***

***Durgeshwari Industrial & Logistics Parks Private Limited ("DILP") (Bhubaneswar, Odisha)***

(i) The mutation to record the name of the DILP as the owner of the property in the revenue records is pending.

(ii) The subject property was owned by M/s. TVS Industrial & Logistics Parks Private Limited ("**TVSILP**"), pursuant to a sanctioned scheme of demerger between TVSILP and DILP, and their respective shareholders, and the subsequent order dated March 26, 2024 passed by the NCLT, Mumbai Bench – III, the subject property was transferred in favour of DILP. The aforesaid order was duly stamped and registered vide 'Deed of Confirmation' dated December 13, 2024, before the Sub- Registrar of Khed- 3 (Pune) under Serial No. 11357/2024. Pursuant to the aforesaid, the transfer deed in relation to the subject property in favour of DILP is pending to be executed and registered with the jurisdictional Sub-Registrar of Assurances.

(iii) The subject property has been mortgaged by TVSILP in favour of HDFC Bank and the same is subsisting**.**

***Jagannath Industrial and Logistics Parks Private Limited (Village: Indranipatna, Cuttack, Odisha)***

(i) JGILP currently holds a valid license right and interest in respect of the subject property by way of a registered license agreement executed by IDCO. Subsequently, JGILP will acquire leasehold rights in the subject property after execution of a duly stamped and registered lease deed at a later stage in its favour, subject to the fulfilment of all obligations by JGILP as mentioned in the aforesaid license agreement.

***Jagannath Industrial and Logistics Parks Private Limited (Village: Banipada, Cuttack, Odisha)***

(i) JGILP currently holds a valid license right and interest in respect of the subject property by way of a registered license agreement executed by IDCO. Subsequently, JGILP will acquire leasehold rights in the subject property after execution of a duly stamped and registered lease deed at a later stage in its favour, subject to the fulfilment of all obligations by JGILP as mentioned in the aforesaid license agreement.

***Presidency Barter Private Limited ("PBPL") (Jalpaiguri, West Bengal)***

(i) Upon searches undertaken in the offices of the jurisdictional Sub-Registrar of Assurances, it appears that certain entries maybe adverse to the title of PBPL to the subject property, however, it is not possible to ascertain the extent of area comprised in the plots corresponding to such entries.

(ii) It is not ascertainable whether certain land parcels forming part of the subject property held by PBPL have been acquired on leasehold basis in part or in full.

(iii) Certain parcels of land have devolved in favour of legal heirs of erstwhile owners upon their death. We are not in possession of legal heirship certificates / Faraznamas belonging to such erstwhile owners required to ascertain whether there were any other legal heirs (other than the persons made parties to the relevant sale deeds).

(iv) We are not in possession of certain antecedent title documents pursuant to which certain erstwhile owners have acquired some parcels of land and have relied on the revenue records in this regard.

(v) Certain antecedent sale transactions have been consummated by *de facto* guardians on behalf of minors in respect of certain land parcels without such persons being the executors of the will of the father or paternal grandfather or being appointed as guardian by the relevant courts. Given that these transactions date back 17 years and 28 years, any dispute or claim regarding the validity of PBPL's title in respect of the aforesaid land parcels may be barred by limitation. Further, registered deeds of declaration have also been executed by the minors (after obtaining majority), confirming the said sale transactions executed by their *de facto* guardians, and confirming that they have no right, title, interest and/or any claim of any nature over any part or portion of the said land parcels.

***Durgeshwari Industrial & Logistics Parks Private Limited (Chakan, Maharashtra)***

(i) We are not in possession of certain antecedent title documents pursuant to which certain erstwhile owners have acquired some parcels of land and have relied on the revenue records in this regard.

(ii) The subject property has been mortgaged by TVSILP in favour of Catalyst Trusteeship Limited and the same is subsisting**.**

***Tarkeshwar Industrial & Logistics Parks Private Limited ("TILP") (Vishakapatnam. Andhra Pradesh)***

(i) TILP currently holds right and interest in respect of the subject property to implement the proposed project by way of a registered agreement for sale of land dated February 21, 2024 executed by Andhra Pradesh Industrial Infrastructure Corporation Limited ("**APIIC**") and TILP will acquire freehold rights in the subject property after execution of a duly stamped and registered sale deed at a later stage in its favour by APIIC after fulfilment of all obligations by TILP as specified in the aforesaid agreement for sale of land.

(ii) We are not in possession of adangals for the past 30 (thirty) years with respect to the subject property.

***Tarkeshwar Industrial & Logistics Parks Private Limited (Vijayawada, Andhra Pradesh)***

(i) We are not in possession of adangals for the past 30 (thirty) years (except for the year 2023) to corroborate the title flow from the predecessors-in- title in respect of the TILP and have reviewed only the title documents executed in favour of predecessors in title of TILP in this regard.

(ii) The larger land including the subject property was partitioned between a joint family (*i.e.*, between father and children) by way of a partition deed in the year 1970 and certain individuals (being the daughters) were not parties to the aforesaid partition deed. Given that these transactions date back nearly 55 years, any dispute or claim filed by the individuals who not parties to the partition deed challenging TILP's title in respect of the aforesaid land parcels may be barred by limitation.

***Revanza Sullurpet Industrial Parks Private Limited ("RSIPPL") (Sullurpet, Andhra Pradesh)***

(i) We are not in possession of certain antecedent title documents pursuant to which certain erstwhile owners have acquired some parcels of land.

(ii) We are not in possession of adangals for the past 30 (thirty) years (except for the years 2021 to 2024) to corroborate the title flow in respect of the subject property and have reviewed only the title documents executed in favour of predecessors in title of RSIPPL in this regard.

(iii) Certain unregistered agreements for sale have been executed in the year 2007 by predecessors in title with a third party (other than the individuals forming part of the title chain) in respect of certain land parcels forming part of the subject property and it unclear whether the said agreements for sale have been cancelled.

(iv) Certain land parcels have devolved in favour of legal heirs of erstwhile owners upon death. We are not in possession of legal heirship certificates belonging to such erstwhile owners required to ascertain whether there were any other legal heirs having claims over the said land parcels. Given that these transactions date back nearly 19 years, any dispute or claim regarding the validity of RSIPPL's title in respect of the aforesaid land parcels may be barred by limitation.

(v) We are not in possession of any declarations filed by the predecessors in title and any orders passed in respect of the predecessors in title in relation to the subject property declaring that the land falls within the ceiling limits as prescribed under the Andhra Pradesh Land Reforms (Ceiling on Agricultural Holdings) Act, 1973.

(vi) RSIPPL had entered into a construction and lease agreement with respect to the subject property in favour of Indutch Composites Technology Private Limited and same is subsisting.

(vii) The subject property has been mortgaged by RSIPPL in favour of State Bank of India and the same is subsisting.

***Durgeshwari Industrial & Logistics Parks Private Limited (assets located in Coimbatore, Kancheepuram, Krishnagiri,)***

(i) The subject properties: (i) land measuring 22 acres 10.2 cents situated at Selakarichal Village, Sulur Taluk, Coimbatore District along with the structure/warehouse constructed thereon comprising of 50,038.80 square metres of built-up area; (ii) land measuring 10.73 acres situated at Singadivakkam Village, Kancheepuram Taluk, Kancheepuram District along with the structure/warehouse constructed thereon comprising of 27,178.07 square metres of built-up area; (iii) land measuring 10.23 Acres situated at Vaipur 'B' Block – Eraiyur Village, Kundrathur Taluk (previously Sriperumbudur Taluk) along with the structure/warehouse admeasuring 1,97,148 sq.ft.; and (iv) land measuring 29.83 acres situated at Mathigiri village, Hosur Taluk, Krishnagiri District along with the structure/warehouse constructed thereon comprising of 68,533.315 square metres of built-up area, were all owned by TVSILP and subsequent to an order dated March 26, 2024 whereby the NCLT sanctioned scheme of arrangement (demerger), was transferred to DILP. The payment of stamp duty and registration of the scheme of merger is pending and DILP has initiated the process of completing the stamping and registration.

(ii) The revenue records are yet to be mutated in the name of the present owner, DILP, subsequent to the aforementioned demerger.

(iii) The names of the erstwhile landowners from whom the title has been traced are not recorded in the UDR A Register (revenue record maintained in 1980s) and the UDR 'A' Register records a different name in relation to (i) Survey No. 228/4, Survey No. 228/5A and Survey No. 251/7B2 situated in Vaipur 'B' Block – Eraiyur Village, Kundrathur Taluk, Kancheepuram District; and (ii) Survey No. 581/2A situated at Singadivakkam Village, Kancheepuram Taluk, Kancheepuram District. We are not in possession of the documents evidencing the manner in which the erstwhile landowners acquired right, title and interest from the individuals mentioned in the UDR 'A' Register in relation to the aforesaid parcels. However, TVSILP and its successor-in-title, DILP have been in peaceful continuous possession for more than 18/10 years in most cases and no claims have been made in this period.

(iv) Certain parcels of land have devolved upon legal heirs upon the death of the original owners. We were not able to trace death certificates issued to confirm the death of the individual and/or legal heirship certificates issued in such cases, which are required to ascertain the legal heirs of such deceased owners (to confirm that no persons, other than the persons made parties to the relevant onward transactions, were excluded from these transactions). We have however, relied on the family history and the available title documents/revenue records in this regard to ascertain the death and identify the missing heirs, if any. In most cases, the sales by the relevant legal heirs were concluded 17/9 years ago and no claims have been made in the intervening period.

(v) DILP has created a mortgage upon the subject property *viz.* (i) land measuring 22 acres 10.2 cents situated at Selakarichal Village, Sulur Taluk, Coimbatore District along with the structure/warehouse constructed thereon comprising of 50,038.80 square metres of built-up area in favour of HDFC Bank Limited; (ii) land measuring 10.73 acres situated at Singadivakkam Village, Kancheepuram Taluk, Kancheepuram District along with the structure/warehouse constructed thereon comprising of 27,178.07 square metres of built-up area in favour of Catalyst Trusteeship Limited; (iii) land measuring 10.23 Acres situated at Vaipur 'B' Block – Eraiyur Village, Kundrathur Taluk in favour of Catalyst Trusteeship Limited; and (iv) land measuring 29.8250 acres situated at Mathigiri village, Hosur Taluk, Krishnagiri District along with the structure/warehouse constructed thereon comprising of 68,533.315 square metres of built-up area in favour of Catalyst Trusteeship Limited. These mortgages are subsisting as on date.

***Sri Meenatchi Industrial and Logistics Parks Private Limited ("SRMILP") (Madurai, Tamil Nadu)***

(i) The names of the erstwhile landowners from whom the title has been traced are not recorded in the UDR 'A' Register (revenue record maintained in 1980s) and the UDR 'A' Register records a different name. We are not in possession of the documents evidencing the manner in which the erstwhile landowners acquired right, title and interest from the individuals mentioned in the UDR 'A' Register in relation to Survey Nos. 78/3H, 78/3I, 78/3J, 76/3, 76/4, 76/5A, 76/5B, 78/3A, 78/3C, 78/3F and 78/3G situated at Vairavanatham Village, Madurai. However, the erstwhile owners from whom the title has been traced and their successors-in-title including MILP have been in peaceful continuous possession for more than 30 years and no claims have been made in this period.

(ii) SRMILP has created a mortgage upon the subject property measuring 16.0257 acres out of a total land of 16.038 acres situated at Vairavanatham Village, Madurai North Taluk, Madurai District in favour of HDFC Bank Limited. This mortgage is subsisting as on date.

***Maragathammbal Industrial & Logistics Park Private Limited ("MRILP") (Krishnagiri, Tamil Nadu)***

(i) Certain land parcels have devolved on legal heirs upon the death of the original owners. We are not able to trace legal heirship certificates issued in such cases, which are required to ascertain the legal heirs of such deceased owners (to confirm that no persons, other than the persons made parties to the relevant onward transactions, were excluded from these transactions). We have however, relied on the family history and the available title documents/revenue records in this regard to identify the missing heirs, if any. In most cases, the sales by the relevant legal heirs were concluded 20/18/6 years ago, and no claims have been made in the intervening period.

(ii) MRILP has created a mortgage upon the subject property measuring 48 acres 22.5 cents together with the structure constructed thereon admeasuring 2,06,604.62 square metres of built-up area situated at Mathagondapalli village, Denkanikotta Taluk, Krishnagiri District in favour of Axis Bank Limited. This mortgage is subsisting as on date.

***Marudhamalai Industrial and Logistics Parks Private Limited (Coimbatore, Tamil Nadu)***

(i) The revenue records are yet to be mutated in the name of the present owner Marudhamalai Industrial and Logistics Parks Private Limited, subsequent to the conversion of the Marudhamalai Industrial and Logistics Parks LLP into a company *viz.* Marudhamalai Industrial and Logistics Parks Private Limited and continue to reflect the previous owner, Marudhamalai Industrial and Logistics Parks LLP.

(ii) The erstwhile landowner from whom the land in Survey No. 383 situated at Appanaickenpatti village, Sulur Taluk, Coimbatore District was purchased by Marudhumalai Industrial and Logistics Parks Private Limited, was reflected as the owner in revenue records since he had possession of the land parcel. However, he had not acquired right, title and interest to the land parcel under any title document. The sale has been concluded 6 years ago, no claims have been made in the intervening period and no adverse transactions are recorded in the searched conducted at the jurisdictional Sub-Registrar of Assurances.

(iii) Marudhumalai Industrial and Logistics Parks Private Limited has created a mortgage upon the subject property measuring 26 Acres 45 ½ Cents all situated at Appanaickenpatti and Selakarichal villages, Sulur Taluk, Coimbatore District in favour of Axis Bank Limited. This mortgage is subsisting as on date.

***Siruvapuri Murugan Industrial and Logistics Private Limited ("SMILP") (Thiruvallur, Tamil Nadu)***

(i) Certain parcels of land have devolved on legal heirs of upon the death of the original owners. We were not able to trace legal heirship certificates issued in such cases, which are required to ascertain the legal heirs of such deceased owners (to confirm that no persons, other than the persons made parties to the relevant onward transactions, were excluded from these transactions). We have however, relied on the family history and the available title documents/revenue records in this regard to identify the missing heirs, if any. In most cases, the sales by the relevant legal heirs were concluded 6 years ago, and no claims have been made in the intervening period.

(ii) The revenue records are yet to be mutated in the name of the present owner SMILP, subsequent to the conversion of the Siruvapuri Murugan Industrial and Logistics LLP into a company *viz.* SMILP and continue to reflect the previous owner, Siruvapuri Murugan Industrial and Logistics LLP.

(iii) SMILP has created a mortgage upon the subject property measuring 33 Acres 13.24 Cents situated at Agaram and Sethupakkam Village, Thiruvallur Taluk and District along with the structure constructed thereon comprising 31,398.92 square metres of built-up area in favour of Catalyst Trusteeship Limited. This mortgage is subsisting as on date.

***Ramanujar Industrial & Logistics Parks Private Limited (Kancheepuram, Tamil Nadu)***

RMILP has created a mortgage upon the subject property measuring 17 acres all situated at Pillaipakkam village, Sriperumbudur Taluk, Kancheepuram District in favour of HDFC Bank Limited. This mortgage is subsisting as on date.

**II. Litigation and regulatory action in relation to matters involving the Project SPVs/ Holdco**

**1. Durgeshwari Industrial and Logistics Parks Private Limited**

(i) Durgeshwari Industrial and Logistics Parks Private Limited (matter transferred post demerger from TVS Industrial and Logistic Parks Private Limited (the "**Plaintiff**") filed a suit for declaration and injunction against Maharashtra Industrial Development Corporation (the "**Defendant**" / "**MIDC**") before the Court of Civil Judge, Junior Division, Khed. The Plaintiff had purchased a land bearing Gat No. 338 Hissa No. 1, Mhalunge, Khed, Pune (the "**Suit Property**") vide a sale dated October 7, 2005. After the purchase of the Suit Property, Plaintiff obtained necessary permits for carrying out construction of warehouse thereon and subsequently let out the said warehouse to M/s TVS Logistics (the "**Tenant**"). A public road is abutting to the Suit Property on its southern side, for which MIDC vide its letter dated November 6, 2006, intimated the Plaintiff to pay an amount of Rs. 1,17,44,000 for processing the request of access to the Suit Property. The Plaintiff has replied to MIDC's letter, intimating MIDC, that Plaintiff is not liable to pay any amount, as demanded by MIDC. In spite of receipt of such notice, few unidentified persons came to the Suit Property on January 13, 2007 and dug the abutting public road. The Tenant of the Plaintiff immediately lodged a police complaint in this regard to the Chakan Police Station for further investigation. The Plaintiff was granted an interim relief by the Civil Judge, Junior Division, Khed. This matter is currently pending.

**III. Litigation and regulatory action in relation to matters involving the Sponsor and Project Manager**

Nil

## IV. Litigation and regulatory action in relation to matters involving the Sponsor Group

1. TVS Supply Chain Solutions Limited and Ramachandhran Dinesh, have received show cause notices dated January 31, 2020 and February 5, 2020 from the Pimpri Chinchwad Mathadi and Unprotected Workers Board alleging *inter alia* contravention of certain provisions of the Pimpri Chinchwad Mathadi Hamal and Other Manual Workers (Regulation of Employment & Welfare) Scheme, 1992 and Maharashtra Mathadi Hamal and Other Manual Workers (Regulation of Employment and Welfare) Act, 1969 in relation to not obtaining registration with the relevant Mathadi board and employing certain unregistered workers ("**SCNs**"). TVS SCS has also received letters from the Secretary and Government Labour Officer, Pune and the Inspector, Maharashtra Mathadi Hamal and Other Working Workers (Job Regulation and Welfare) Act 1969 dated January 3, 2020, January 7, 2020, and January 17, 2020 and an inspection report dated January 16, 2020 in this regard was issued to the Company. Pursuant to the SCNs and letters, a complaint dated September 29, 2020, has been filed on behalf of Pimpri Chinchwad Mathadi and Unprotected Workers Board against the Company, Ramachandhran Dinesh and one of the employees at the Company's warehouse before the Maharashtra Labour Court at Pune. The matter is currently pending.

## V. Litigation and regulatory action in relation to matters involving the Investment Manager

Nil

## VI. Litigation and regulatory action in relation to matters involving the Associates of the Sponsor and Project Manager and the Investment Manager

*Litigation involving TVS Supply Chain Solutions Limited ("**TVS SCS**")*

Outstanding Civil Matters by TVS SCS

1. TVS Supply Chain Solutions Limited ("**Petitioner**") filed an appeal under Section 34 of the Arbitration and Conciliation Act, 1996 before the District Court, Tiruchirappalli challenging the arbitral award granted by the sole arbitrator against the Petitioner. The Petitioner was awarded a rate contract for providing all India transportation services to Bharat Heavy Electricals Limited ("**BHEL**/**Defendant**"), Trichy. Subsequently, a letter of intent ("**LOI**") was issued to the Petitioner in order to operate transportation services with a condition to open a branch office at Trichy. However, the Petitioner was unable to fulfill the obligations provided in the LOI due to the prevailing market conditions and inconsistent market rates. Upon not fulfilling the obligations provided in the LOI, BHEL initiated arbitration proceedings against the Petitioner and thereby invoked risk purchase clause demanding a payment of Rs.146.50 lakhs. The sole arbitrator passed an arbitral award in favour of the Defendant. The matter is currently pending at the hearing stage before the District Court, Tiruchirappalli.

Outstanding Civil Matters against TVS SCS

1. Speed Wings Logistics Solutions ("**Petitioner**") filed a suit for recovery against TVS Supply Chain Solutions Limited ("**Defendant**") before the Special Judge Commercial Court, District and Session Court Complex, Gurugram which has now been transferred to Commercial Court, Gurugram whereby it has been alleged that the Defendant has not cleared certain invoices for *inter alia*, diesel hike, empty running of vehicles, rate difference and minimum kilometers amounting to Rs. 91.83 lakhs. In addition to the unpaid amount the Petitioner has claimed an interest at the rate 18% per annum amounting to Rs 14.98 lakhs from January 21, 2017 till November 17, 2017. The matter is currently pending for adjudication before the Commercial Court, Gurugram.

2. Century Road Transport ("**Petitioner**") filed a suit for recovery against TVS Supply Chain Solutions Limited ("**Defendant**") before City Civil and Sessions Court, Mumbai whereby it has been alleged that the Defendant has not cleared certain invoices amounting to Rs. Rs. 91.61 lakhs. In addition to the unpaid amount the Petitioner has claimed an interest at the rate 21% from the date of filing. The matter is currently pending for adjudication.

Criminal litigation against TVS SCS

1. Sukanti Das ("**Complainant**") filed FIR against Pabitra Pradhan ("**Contractor**") and an authorized officer of TVS Supply Chain Solutions Limited ("**Defendant**") before Khamar police station, Anugul, Odisha *inter alia*, alleging negligence on the part of the Contractor at the workplace. The Complainants son was engaged by Contractor for high-voltage electric work at Gunupur. While performing the said work he fell and sustained injuries. The Defendant has not received any notice in the matter yet.

Regulatory proceedings against TVS SCS

**1.** TVS Supply Chain Solutions Limited ("**Petitioner**") was assessed by Provident Fund Authority ("**PFA**") for provident fund contribution of employees from April 2011 to October 2013 and a demand was raised for Rs 124,909,185 alleging that all the allowances being paid to employees should be included in 'wage' for the purpose

of calculating the provident fund contribution at the statutory rate. Aggrieved by this, the Petitioner filed a writ petition before the High Court of Madras whereby the Hon'ble High Court ordered that the EPF authorities can make the assessment, but no demand can be made till a similar case pending before the Hon'ble Supreme Court of India is decided. Subsequently, the Hon'ble Supreme Court of India passed a judgment in favour of the authorities. However, it was stated in the order that till a reassessment is done no demand can be raised. Thereby, the Petitioner filed a petition with the Regional PF Commissioner ("**RPFC**") seeking a re-assessment of provident fund contribution in view of the decision of the Apex Court. Additionally, the Petitioner also filed a writ petition in the High Court of Madras for reassessment of the contributions by the RPFC in lieu of the judgement passed by the Apex Court whereby the court has passed an order directing PF Authorities not to raise any demand till a reassessment is done. The matter is currently pending adjudication.

Regulatory proceedings against British International Investment plc

**1.** British International Investment plc ("**BII**") is a party to an ongoing litigation (under section 9 of the Arbitration and Conciliation Act, 1996) before the Delhi High Court, where the CFO of the investee company is seeking reliefs regarding event of default under a shareholder's agreement relating to his alleged removal. While general reliefs are sought against respondents (i.e. connected to preservation of CFO's rights under the SHA, amongst others), there are no specific reliefs sought against BII. Further, there are no monetary reliefs claimed. The matter is currently pending.

## VII. Litigation and regulatory action in relation to matters involving the Trust

Nil

## VIII. Litigation and regulatory action in relation to matters involving the Trustee

Additionally, in 2 out of the 5 direct tax proceedings outstanding against the Sponsor Group, there is no quantifiable litigation amount.*

*** Tax litigations of Sponsor Group does not include tax litigations of the Sponsor. Tax litigations involving the Sponsor are disclosed separately at s. no. ii.*

## SECURITIES MARKET OF INDIA

*The information in this section has been extracted from documents available on the website of SEBI and the stock exchanges and has not been prepared or independently verified by the Parties to the Trust or the Lead Managers or any of their respective affiliates or advisors.*

### The Indian Securities Market

India has a long history of organized securities trading. In 1875, the first stock exchange was established in Mumbai. The BSE and the NSE, together hold a dominant position among the stock exchanges in terms of the number of listed companies, market capitalisation and trading activity.

### Stock Exchange Regulation

Indian stock exchanges are regulated primarily by SEBI, as well as by the Government acting through the Ministry of Finance, Capital Markets Division, under the SCRA and the SCRR. SEBI, in exercise of its powers under the SCRA and the SEBI Act, notified the SCR (SECC) Regulations, which regulate *inter alia* the recognition, ownership and internal governance of stock exchanges and clearing corporations in India together with providing for minimum capitalisation requirements for stock exchanges. The SCRA, the SCRR and the SCR (SECC) Regulations along with various rules, bye-laws and regulations of the respective stock exchanges, regulate the recognition of stock exchanges, the qualifications for membership thereof and the manner, in which contracts are entered into, settled and enforced between members of the stock exchanges.

The SEBI Act empowers SEBI to regulate the Indian securities markets, including stock exchanges and intermediaries in the capital markets, promote and monitor self-regulatory organisations and prohibit fraudulent and unfair trade practices. Regulations concerning minimum disclosure requirements by public companies, rules and regulations concerning investor protection, insider trading, substantial acquisitions of shares and takeover of companies, buy-backs of securities, employee stock option schemes and sweat equity stockbrokers, merchant bankers, underwriters, mutual funds, foreign institutional investors, credit rating agencies, research analysts and other capital market participants have been notified by the relevant regulatory authority.

### Listing and Delisting of Units

The InvIT Regulations provide for listing and delisting of units of infrastructure investment trusts on the stock exchanges.

### BSE

Established in 1875, it is the oldest stock exchange in India. In 1956, it became the first stock exchange in India to obtain permanent recognition from the Government under the SCRA. It has evolved over the years into its present status as one of the premier stock exchanges of India. The BSE provides a market for trading in equity. Currencies, debt instruments, derivatives and mutual funds. Pursuant to the BSE (Corporatization and Demutualization) Scheme 2005 of SEBI, with effect from August 19, 2005, BSE was incorporated as a company under the Companies Act, 1956. The equity shares of BSE were listed on NSE on February 3, 2017.

### NSE

NSE was established by financial institutions and banks to provide nationwide online, satellite-linked, screen-based trading facilities with market-makers and electronic clearing and settlement for securities including government securities, debentures, public sector bonds and units. It has evolved over the years into its present status as one of the premier stock exchanges of India. NSE was recognised as a stock exchange under the SCRA in April 1993 and commenced operations in the wholesale debt market segment in June 1994. The capital market (equities) segment commenced operations in November 1994 and operations in the derivatives segment commenced in June 2000. Presently, the products on the exchange are organized into three assets classes for trading, namely (i) equity and equity-linked products such as stocks, IDRs, ETFs and units of closed ended mutual fund schemes, (ii) derivates and (iii) fixed income securities and debt products, including corporate bonds, sovereign gold bonds and other debt securities.

### Internet-based Securities Trading and Services

Internet trading takes place through order routing systems, which route client orders to exchange trading systems for execution. Stockbrokers interested in providing this service are required to apply for permission to the relevant stock exchange and also have to comply with certain minimum conditions stipulated by SEBI. The NSE became the first exchange to grant approval to its members for providing internet-based trading services. Internet trading is possible on both the "equities" as well as the "derivatives" segments of the NSE.

### Trading Hours

Trading on both the NSE and the BSE occurs from Monday to Friday, between 9:15 a.m. and 3:30 p.m. 1ST (excluding the 15 minutes pre-open session from 9:00 a.m. to 9:15 a.m. that has been introduced recently). The NSE and the BSE are closed on public holidays. The recognised stock exchanges have been permitted to set their own trading hours (in the cash and derivatives

segments) subject to the condition that (i) the trading hours are between 9.00 a.m. and 5.00 p.m.; and (ii) the stock exchange has in place a risk management system and infrastructure commensurate to the trading hours.

**Trading Procedure**

In order to facilitate smooth transactions, the BSE replaced its open outcry system with BSE On-line Trading facility in 1995. This totally automated screen-based trading in securities and was put into practice nationwide. This has enhanced transparency in dealings and has assisted considerably in smoothening settlement cycles and improving efficiency in back-office work.

NSE has introduced a fully automated trading system called National Exchange for Automated Trading ("**NEAT**"), which operates on strict time/price priority besides enabling efficient trade. NEAT has provided depth in the market by enabling large number of members all over India to trade simultaneously, narrowing the spreads.

**Depositories**

The Depositories Act provides a legal framework for the establishment of depositories to record ownership details and effect transfer in book-entry form. Further, SEBI framed regulations in relation to the registration of such depositories, the registration of participants as well as the rights and obligations of the depositories, participants, companies and beneficial owners. The depository system has significantly improved the operation of the Indian securities markets.

## SELLING AND TRANSFER RESTRICTIONS

*The distribution of this Draft Placement Memorandum and the offer, sale or delivery of the Units is restricted by law in certain jurisdictions. Persons who may come into possession of this Draft Placement Memorandum are advised to consult with their own legal advisors as to what restrictions may be applicable to them and to observe such restrictions. This Draft Placement Memorandum may not be used for the purpose of an offer or Invitation in any circumstances in which such offer or Invitation is not authorized. Due to the following restrictions, investors are advised to consult legal counsel prior to purchasing Units or making any resale, pledge or transfer of the Units.*

*Each purchaser of the Units in this Offer will be deemed to have made acknowledgments and agreements as described under the section entitled "Notice to Eligible Investors – Representations by the Eligible Investors" on page 2 of this Draft Placement Memorandum.*

**Republic of India**

This Draft Placement Memorandum may not be distributed directly or indirectly in India or to residents of India and any Units may not be offered or sold directly or indirectly in India to, or for the account or benefit of, any resident of India except as permitted by applicable Indian laws and regulations, under which an offer is strictly on a private and confidential basis and is limited to Eligible Investors and is not an offer to the public. This Draft Placement Memorandum is neither a public issue nor a prospectus under the Companies Act, 2013 or an advertisement and should not be circulated to any person other than to whom this Offer is made. The Placement Memorandum and Final Placement Memorandum has not been and will not be registered as a prospectus with any Registrar of Companies in India.

No action has been taken or will be taken by the Trust, the Investment Manager or the Lead Managers that would permit a public offering of the Units to occur in any jurisdiction, or the possession, circulation or distribution of this Draft Placement Memorandum or any other material relating to the Trust or the Units in any jurisdiction where action for such purpose is required. Accordingly, the Units may not be offered or sold, directly or indirectly, and this Draft Placement Memorandum, any offering materials and any advertisements in connection with the offering of the Units may be distributed or published in or from any country or jurisdiction except under circumstances that will result in compliance with any applicable rules and regulations of any such country or jurisdiction. The Offer will be made in compliance with the applicable InvIT Regulations. Each purchaser of the Units in this Offer will be deemed to have made acknowledgments and agreements as described under the section entitled "*Notice to Investors*" on page 1, "*Notice to Eligible Investors - Representations by the Eligible Investors*" on page 2 and these Selling and Transfer Restrictions.

All Non-Resident Investors should note that, any future transfer of ownership of the Ordinary Units, directly or indirectly, must be in compliance with the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, as amended, including Press Note No.3 (2020 Series), dated April 17, 2020 issued by the DPIIT, to the extent applicable

**Australia**

This Draft Placement Memorandum:

1. does not constitute a product disclosure document or prospectus under Chapter 6D.2 of the Corporations Act, 2001 (Cth) ("**Australian Corporations Act**");

2. has not been, and will not be, lodged with the Australian Securities and Investments Commission ("**ASIC**"), as a disclosure document for the purposes of the Corporations Act and does not purport to include the information required of a disclosure document under Chapter 6D of the Australian Corporations Act;

3. does not constitute or involve a recommendation to acquire, an offer or invitation for issue or sale, an offer or invitation to arrange the issue or sale, or an issue or sale, of interests to a "retail client" (as defined in section 761G of Australian Corporations Act and applicable regulations) in Australia; and

4. may only be provided in Australia to select investors who are able to demonstrate that they fall within one or more of the categories of investors, or Exempt Investors, available under section 708 of the Australian Corporations Act.

The Units may not be directly or indirectly offered for subscription or purchased or sold, and no invitations to subscribe for or buy the Units may be issued, and no draft or definitive placement memorandum, advertisement or other offering material relating to any Units may be distributed in Australia, except where disclosure to investors is not required under Chapter 6D of the Australian Corporations Act or is otherwise in compliance with all applicable Australian laws and regulations. By submitting an application for the Units, you represent and warrant to us that you are an Exempt Investor.

As any offer of Units under the Placement Memorandum will be made without disclosure in Australia under Chapter 6D.2 of the Australian Corporations Act, the offer of those securities for resale in Australia within 12 months may, under section 707 of the Australian Corporations Act, require disclosure to investors under Chapter 6D.2 if none of the exemptions in section 708 applies to that resale. By applying for the Units you undertake to the InvIT, the Investment Manager and the Lead Managers that you will not, for a period of 12 months from the date of issue of the Units, offer, transfer, assign or otherwise alienate those securities to any person in Australia except in circumstances where disclosure to such person is not required under Chapter

6D.2 of the Australian Corporations Act or where a compliant disclosure document is prepared and lodged with ASIC.

**Bahrain**

All applications for investment should be received, and any allotments should be made, in each case from outside Bahrain. This Draft Placement Memorandum has been prepared for private information purposes of intended investors only who will be high net worth individuals and institutions. The InvIT has not made and will not make any invitation to the public in the Kingdom of Bahrain and this Draft Placement Memorandum will not be issued, passed to, or made available to the public generally. The Bahrain Monetary Agency ("**BMA**") has not reviewed, nor has it approved, this Draft Placement Memorandum or the marketing of Units in the Kingdom of Bahrain. Accordingly, Units may not be offered or sold in Bahrain or to residents thereof except as permitted by Bahrain law.

**British Virgin Islands**

The Units are not being, and may not be offered to the public or to any person in the British Virgin Islands for purchase or subscription by or on the behalf. The Units may be offered to companies incorporated under the BVI Business Companies Act, 2004 (British Virgin Islands) (each a "**BVI Company**"), but only where the offer will be made to, and received by, the relevant BVI Company entirely outside of the British Virgin Islands.

This Draft Placement Memorandum has not been, and will not be, registered with the Financial Services Commission of the British Virgin Islands. No registered prospectus has been or will be prepared in respect of the Units for the purposes of the Securities and Investment Business Act, 2010 or the Public Issuers Code of the British Virgin Islands.

**Cayman Islands**

No offer or invitation to subscribe for Units may be made to the public in the Cayman Islands to subscribe for any of the Units but an invitation or offer may be made to sophisticated persons (as defined in the Cayman Islands Securities Investment Business Law (the "**SIBL**"), high net worth persons (as defined in the SIBL) or otherwise in accordance with the SIBL.

**Dubai International Financial Centre**

This Draft Placement Memorandum relates to an Exempt Offer in accordance with the Markets Rules Module of the Dubai Financial Services Authority ("**DFSA**") Rulebook. This Draft Placement Memorandum is intended for distribution only to persons of a type specified in the Markets Rules Module. It must not be delivered to, or relied on by, any other person. The DFSA has no responsibility for reviewing or verifying any documents in connection with Exempt Offers. The DFSA has not approved this Draft Placement Memorandum nor taken steps to verify the information set forth herein and has no responsibility for this Draft Placement Memorandum. The securities to which the Draft Placement Memorandum relates may be illiquid and/or subject to restrictions on their resale. Prospective purchasers of the securities offered should conduct their own due diligence on the securities. If you do not understand the contents of this Draft Placement Memorandum you should consult an authorized financial advisor.

In relation to its use in the Dubai International Financial Centre, this Draft Placement Memorandum is strictly private and confidential and is being distributed to a limited number of investors and must not be provided to any person other than the original recipient and may not be reproduced or used for any other purpose. The interests in the securities may not be offered or sold directly or indirectly to the public in the Dubai International Financial Centre.

**European Economic Area**

In relation to each member state of the European Economic Area and the United Kingdom (each, a "**Relevant State**"), no Units have been offered pursuant to the Offer to the public in that Relevant State prior to the publication of a prospectus in relation to the Units that has been approved by the competent authority in that Relevant State or, where appropriate, approved in another Relevant State and notified to the competent authority in that Relevant State, all in accordance with the Prospectus Regulation, except that offers to the public in that Relevant State at any time under the following exemptions under the Prospectus Regulation:

a. to any legal entity which is a qualified investor as defined under Article 2 of the Prospectus Regulation;

b. to fewer than 150 natural or legal persons (other than qualified investors as defined under Article 2 of the Prospectus Regulation), subject to obtaining the prior consent of the Lead Managers for any such offer; or

c. in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of the Units shall require the Trust or any Lead Managers to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "offer to the public" in relation to the Units in any Relevant State means the communication in any form and by any means of sufficient information on the terms of the offer and any Units to be offered

so as to enable an investor to decide to purchase or subscribe to any Units, and the expression "Prospectus Regulation" means Regulation (EU) 2017/1129.

**Hong Kong**

(i) The Units have not been offered or sold and will not be offered or sold in Hong Kong, by means of any document other than (a) to "professional investors" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "**SFO**") and any rules made under the SFO; or (b) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the "**CWUMPO**") or which do not constitute an offer to the public within the meaning of the CWUMPO.

(ii) No advertisement, invitation or document relating to the Equity Shares has been or will be issued for the purposes of the issue, whether in Hong Kong or elsewhere, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong), other than with respect to Equity Shares which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

**Kuwait**

The Units have not been authorised or licensed for offering, marketing or sale in the State of Kuwait. The distribution of this Draft Placement Memorandum and the offering and sale of the Units in the State of Kuwait is restricted by law unless a license is obtained from the Kuwaiti Ministry of Commerce and Industry in accordance with Law 31 of 1990.

**Malaysia**

No prospectus or other offering material or document in connection with the offer and sale of the Units has been or will be registered with the Securities Commission of Malaysia ("Commission") for the Commission's approval pursuant to the Capital Markets and Services Act 2007. Accordingly, this Draft Placement Memorandum, and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Units may not be circulated or distributed, nor may the Units be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Malaysia other than (i) a closed end fund approved by the Commission; (ii) a holder of a Capital Markets Services Licence; (iii) a person who acquires the Units, as principal, if the offer is on terms that the Units may only be acquired at a consideration of not less than RM250,000 (or its equivalent in foreign currencies) for each transaction; (iv) an individual whose total net personal assets or total net joint assets with his or her spouse exceeds RM3 million (or its equivalent in foreign currencies), excluding the value of the primary residence of the individual; (v) an individual who has a gross annual income exceeding RM300,000 (or its equivalent in foreign currencies) per annum in the preceding twelve months; (vi) an individual who, jointly with his or her spouse, has a gross annual income of RM400,000 (or its equivalent in foreign currencies), per annum in the preceding twelve months; (vii) a corporation with total net assets exceeding RM10 million (or its equivalent in a foreign currencies) based on the last audited accounts; (viii) a partnership with total net assets exceeding RM10 million (or its equivalent in foreign currencies); (ix) a bank licensee or insurance licensee as defined in the Labuan Financial Services and Securities Act 2010; (x) an Islamic bank licensee or takaful licensee as defined in the Labuan Financial Services and Securities Act 2010; and (xi) any other person as may be specified by the Commission; provided that, in the each of the preceding categories (i) to (xi), the distribution of the Units is made by a holder of a Capital Markets Services Licence who carries on the business of dealing in securities. The distribution in Malaysia of this Draft Placement Memorandum is subject to Malaysian laws. This Draft Placement Memorandum does not constitute and may not be used for the purpose of public offering or an issue, offer for subscription or purchase, invitation to subscribe for or purchase any securities requiring the registration of a prospectus with the Commission under the Capital Markets and Services Act 2007.

**Mauritius**

The Units may not be offered or sold, directly or indirectly, to the public in Mauritius. Neither this Draft Placement Memorandum nor any offering material or information contained herein relating to the offer of the Units may be released or issued to the public in Mauritius or used in connection with any such offer. This Draft Placement Memorandum does not constitute an offer to sell the Units to the public in Mauritius and is not a prospectus as defined under the Companies Act 2001.

**Sultanate of Oman**

This Draft Placement Memorandum and the Units to which it relates may not be advertised, marketed, distributed or otherwise made available to any person in Oman without the prior consent of the Capital Market Authority ("**CMA**") and then only in accordance with any terms and conditions of such consent. In connection with the offering of Units, no prospectus has been filed with the CMA. The offering and sale of Units described in this Draft Placement Memorandum will not take place inside Oman. This Draft Placement Memorandum is strictly private and confidential and is being issued to a limited number of sophisticated investors, and may neither be reproduced, used for any other purpose, nor provided to any other person than the intended recipient hereof.

**Qatar (excluding the Qatar Financial Centre)**

The Units have not been offered, sold or delivered, and will not be offered, sold or delivered at any time, directly or indirectly, in the State of Qatar in a manner that would constitute a public offering. This Draft Placement Memorandum has not been reviewed or registered with Qatari Government Authorities, whether under Law No. 25 (2002) concerning investment funds, Central Bank resolution No. 15 (1997), as amended, or any associated regulations. Therefore, this Draft Placement Memorandum is strictly private and confidential, and is being issued to a limited number of sophisticated investors, and may not be reproduced or used for any other purposes, nor provided to any person other than the recipient thereof.

The Capital Market Authority does not make any representation as to the accuracy or completeness of this Draft Placement Memorandum, and expressly disclaims any liability whatsoever for any loss arising from, or incurred in reliance upon, any part of this Draft Placement Memorandum. Prospective purchasers of the Units offered hereby should conduct their own due diligence on the accuracy of the information relating to this Draft Placement Memorandum. If you do not understand the contents of this Draft Placement Memorandum, you should consult an authorized financial adviser.

**Qatar Financial Centre**

This Draft Placement Memorandum does not, and is not intended to, constitute an invitation or offer of securities from or within the Qatar Financial Center ("**QFC**"), and accordingly should not be construed as such. This Draft Placement Memorandum has not been reviewed or approved by or registered with the Qatar Financial Centre Authority, the Qatar Financial Centre Regulatory Authority or any other competent legal body in the QFC. This Draft Placement Memorandum is strictly private and confidential and may not be reproduced or used for any other purpose, nor provided to any person other than the recipient thereof. The Trust has not been approved or licensed by or registered with any licensing authorities within the QFC.

**Saudi Arabia**

This Draft Placement Memorandum may not be distributed in the Kingdom of Saudi Arabia except to such persons as are permitted under the Offers of Securities Regulations as issued by the board of the Saudi Arabian Capital Market Authority ("**CMA**") pursuant to resolution number 2-11-2004 dated October 4, 2004 as amended by resolution number 1-28-2008, as amended (the "**CMA Regulations**"). The CMA does not make any representation as to the accuracy or completeness of this Draft Placement Memorandum and expressly disclaims any liability whatsoever for any loss arising from, or incurred in reliance upon, any part of this Draft Placement Memorandum. Prospective purchasers of the Units offered hereby should conduct their own due diligence on the accuracy of the information relating to the Units. If you do not understand the contents of this Draft Placement Memorandum, you should consult an authorized financial adviser.

**Singapore**

This Draft Placement Memorandum has not been and will not be registered as a prospectus in Singapore with the Monetary Authority of Singapore. Accordingly, this Draft Placement Memorandum and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Units may not be circulated or distributed, nor may the Units be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act, (Chapter 289), of Singapore as modified and amended from time to time (the "**Securities and Futures Act**")) pursuant to Section 274 of the Securities and Futures Act, (ii) to a relevant person (as defined in Section 275(2) of the Securities and Futures Act) pursuant to Section 275(1) of the Securities and Futures Act, or any person pursuant to Section 275(1A) of the Securities and Futures Act, and in accordance with the conditions specified in Section 275 of the Securities and Futures Act, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the Securities and Futures Act.

Where the Units are subscribed or purchased under Section 275 of the Securities and Futures Act by a relevant person which is:

(a) a corporation (which is not an accredited investor (as defined in Section 4A of the Securities and Futures Act)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or

(b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each as defined in Section 239(1) of the Securities and Futures Act) of that corporation or the beneficiaries' rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Units pursuant to an offer made under Section 275 of the Securities and Futures Act except:

(1) to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the Securities and Futures Act;

(2) where no consideration is or will be given for the transfer;

(3) where the transfer is by operation of law;

(4) as specified in Section 276(7) of the Securities and Futures Act; or

(5) as specified in Regulation 37A of the Securities and Futures (Offers of Investments) (Securities and Securities-based Derivatives Contracts) Regulations 2018 of Singapore.

Notification under Sections 309B(1)(a) and 309B(1)(c) of the SFA: The Trust determined, and hereby notifies all relevant persons (as defined in Section 309A of the SFA) that the Units are: (A) prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and (B) Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAAN16: Notice on Recommendations on Investment Products).

**Taiwan**

The Units have not and will not be registered with the Financial Supervisory Commission of Taiwan pursuant to relevant securities laws and regulations and may not be sold, issued or offered within Taiwan through a public offering or in circumstances which constitutes an offer within the meaning of the Securities and Exchange Act of Taiwan that requires a registration or approval of the Financial Supervisory Commission of Taiwan. No person or entity in Taiwan has been authorized to offer, sell, give advice regarding or otherwise intermediate the offering and sale of the Units in Taiwan.

**United Arab Emirates (excluding the Dubai International Financial Centre)**

This Draft Placement Memorandum does not constitute or contain an offer of securities to the general public in the United Arab Emirates ("**UAE**"). No offering, marketing, promotion, advertising or distribution (together, "**Promotion**") of this document or the Units may be made to the general public in the UAE) unless: (a) such Promotion has been approved by the UAE Securities and Commodities Authority (the "**SCA**") and is made in accordance with the laws and regulations of the UAE, including SCA Board of Directors' Chairman Decision no. (3/R.M.) of 2017 (the "**Promotion and Introduction Regulations**"), and is made by an entity duly licensed to conduct such Promotion activities in the UAE; or (b) such Promotion is conducted by way of private placement made: (i) only to non-natural persons "Qualified Investors" (as such term is defined in the Promotion and Introduction Regulations); or (ii) otherwise in accordance with the laws and regulations of the UAE; or (c) such Promotion is carried out by way of reverse solicitation only upon an initiative made in writing by an investor in the UAE. None of the SCA, the UAE Central Bank, the UAE Ministry of Economy or any other regulatory authority in the UAE has reviewed or approved the contents of this document nor does any such entity accept any liability for the contents of this document.

**United Kingdom**

This Draft Placement Memorandum is only directed at, and will only be provided to, persons to whom interests may lawfully be promoted pursuant to section 21 of the Financial Services and Markets Act 2000 (the "**FSMA**"). In particular, this Draft Placement Memorandum is only directed at, and will only be provided to, investment professionals ("**Relevant Persons**") within the meaning of article 19 of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 ("**FPO**"). Any investment or investment activity to which this Draft Placement Memorandum relates is available only to Relevant Persons and dealings hereunder will be made only with Relevant Persons. Persons who are not investment professionals within the meaning of article 19 of the FPO should not rely on this Draft Placement Memorandum.

This Draft Placement Memorandum has not been delivered for approval to the United Kingdom Financial Conduct Authority in the United Kingdom or to an authorized person within the meaning of the FSMA. No approved prospectus within the meaning of section 85 of the FSMA or of the Prospectus Regulation has been published or is intended to be published in relation to the Offer. This Draft Placement Memorandum does not constitute a prospectus for the purposes of the FSMA or the Prospectus Regulation.

**United States of America**

Each purchaser or subscriber of Units acknowledges and represents that:

i. it understands and agrees that the Units have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state, territory or other jurisdiction of the United States and may not be offered, resold, pledged or otherwise transferred, except (1) in an "offshore transaction" complying with Rule 903 or Rule 904 of Regulation S, (2) pursuant to an exemption from the registration requirements of the Securities Act, or (3) pursuant to an effective registration statement under the Securities Act and (4) in accordance with all applicable securities laws of any state, territory or other jurisdiction of the United States;

ii. it understands that in the event Units are held in certificated form, such certificated Units will bear a legend substantially to the following effect:

"THE SECURITY EVIDENCED HEREBY HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), ANY STATE SECURITIES LAWS IN THE UNITED STATES OR THE SECURITIES LAWS OF ANY OTHER JURISDICTION AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED, EXCEPT: (A) IN AN OFFSHORE TRANSACTION IN ACCORDANCE WITH RULE 903 OR RULE 904 OF REGULATION S UNDER

THE SECURITIES ACT; (B) PURSUANT TO AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT; OR (C) PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT UNDER THE SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES. NO REPRESENTATION CAN BE MADE AS TO THE AVAILABILITY OF THE EXEMPTION PROVIDED UNDER THE SECURITIES ACT FOR RESALES OF THIS SECURITY.";

iii. any resale made other than in compliance with the above stated restrictions shall not be recognised by the Trust;

iv. it agrees that it will give to each person to whom it transfers Units notice of any restrictions on transfer of such Units;

v. it agrees that neither it, nor any of its affiliates, nor any person acting on behalf of the purchaser or any of its affiliates, will make any "directed selling efforts" as defined in Regulation S under the Securities Act with respect to the Units; and

vi. it acknowledges that the Trust, the Sponsor and the Lead Managers and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations or agreements deemed to have been made by virtue of its purchase of Units are no longer accurate, it will promptly notify the Trust, the Sponsor and the Lead Managers, and if it is acquiring any Units as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account.

**Other Jurisdictions**

The distribution of Placement Memorandum and the offer and sale of the Units may be restricted by law in certain jurisdictions. Persons into whose possession this Placement Memorandum comes are required to inform themselves about, and to observe, any such restrictions to the extent applicable.

## RIGHTS OF UNITHOLDERS

*The rights and interests of Unitholders are included in this Draft Placement Memorandum and the InvIT Regulations. Under the Trust Deed and the Investment Management Agreement, these rights and interests are safeguarded by the Trustee and the Investment Manager, respectively. Any rights and interests of Unitholders as specified in this Draft Placement Memorandum would stand qualified by and deemed to be amended to the extent of any amendment to the InvIT Regulations.*

***Beneficial Interest***

Each Unit represents an undivided beneficial interest in the Trust. The beneficial interest of each Unitholder shall be equal and limited to the proportion of the number of Units held by the Unitholder to the total number of Units. A Unitholder has no equitable or proprietary interest in the InvIT Assets and is not entitled to transfer of the InvIT Assets (or any part thereof) or any interest in the InvIT Assets (or any part thereof) of the Trust. A Unitholder's right is limited to the right to require due administration of the Trust in accordance with the provisions of the Trust Deed and the Investment Management Agreement.

***Ranking***

No Unitholder of the Trust shall enjoy superior voting or any other rights over another Unitholder. Further, the Units shall not have multiple classes. However, subordinate Units may be issued only to the Sponsor, its Associates and the Sponsor Group, in compliance with the InvIT Regulations, where such subordinate units of the Trust shall be deemed to be a part of the consideration for acquisition of the infrastructure project from such Sponsor, its Associates and Sponsor Group. However, the subordinate units shall not carry any voting rights or distribution rights.

***Redressal of grievances***

The Investment Manager shall ensure adequate and timely redressal of all Unitholders' grievances pertaining to the activities of the InvIT in accordance with the InvIT Regulations and Applicable Law. Also, the Trustee shall periodically review the status of the Unitholders' complaints and their redressal undertaken by the Investment Manager, in accordance with the InvIT Regulations. For details, please see the section entitled "*Corporate Governance*" on page 219.

***Distribution***

The Unitholders shall have the right to receive distribution in accordance with the InvIT Regulations and in the manner provided in this Draft Placement Memorandum. For details, please see the section entitled "*Distributions*" on page 470.

***Meeting of Unitholders***

The Investment Manager shall convene meetings of the Unitholders and maintain records pertaining to the meetings in accordance with the InvIT Regulations. The Investment Manager acknowledges that matters brought to vote at a meeting of the Unitholders shall require approval of such percentage of Unitholders, present and voting, in accordance with the InvIT Regulations.

*Passing of resolutions*

1. With respect to any matter requiring approval of the Unitholders:

    (i) a resolution shall be considered as passed when the votes cast by Unitholders, so entitled and voting, in favour of the resolution exceed a certain percentage as specified in the InvIT Regulations, of votes cast against;

    (ii) the voting may be done by postal ballot or electronic mode;

    (iii) a notice of not less than 21 days shall be provided to the Unitholders;

    (iv) voting by any Unitholder (including, the Sponsor in its capacity as a Unitholder), who is a Related Party in such transaction, as well as associates of such Unitholder(s) shall not be considered on the specific issue; and

    (v) the Investment Manager shall be responsible for all the activities pertaining to conducting of meeting of the Unitholder, subject to oversight by the Trustee. However, for issues pertaining to the Investment Manager, including a change in the Investment Manager, removal of Investment Manager or change in control of Investment Manager; the Trustee shall convene and handle all activities pertaining to conduct of the meetings. Additionally, for issues pertaining to the Trustee, including change in Trustee, the Trustee shall not be involved in any manner in the conduct of the meeting.

2. For the Trust:

    (i) an annual meeting of all Unitholders shall be held not less than once a year within 120 days from the end of each financial year and the time between two meetings shall not exceed 15 months;

(ii) with respect to the annual meeting of Unitholders,

a) any information that is required to be disclosed to the Unitholders and any issue that, in the ordinary course of business, may require approval of the Unitholders may be taken up in the meeting including:

- latest annual accounts and performance of the Trust;
- approval of auditor and fee of such auditor, as may be required;
- latest valuation reports;
- appointment of valuer, as may be required; and
- any other issue; and

b) for any issue taken up in such meetings which require approval from the Unitholders other than as specified in Regulation 22(6) of the InvIT Regulations and paragraph 4 below, votes cast in favour of the resolution shall be more than the votes cast against the resolution.

3. Notwithstanding generality of the foregoing, in case of the following, approval from the Unitholders shall be required where the votes cast in favour of the resolution shall be more than the votes cast against the resolution:

(i) any approval from the Unitholders required in terms of Regulation 18 (*Investment conditions and dividend policy)*, Regulation 19 (*Related Party Transactions*) and Regulation 21 *(Valuation of assets*) of the InvIT Regulations to the extent applicable;

(ii) any borrowings, in excess of the limits specified under Regulation 20(3)(a) of the InvIT Regulations;

(iii) any transaction, other than any borrowing, the value of which is equal to or greater than 25% of the InvIT Assets;

(iv) increasing period for compliance with investment conditions to one year in accordance with Regulation 18(5)(c) of the InvIT Regulations;

(v) any issue of units after initial public offer by an InvIT, in whatever form, other than any issue of units which may be considered by the SEBI under Regulation 22(5) of the InvIT Regulations;

(vi) any issue, in the ordinary course of business, which in the opinion of the Sponsor or the Trustee or the Investment Manager, is material and requires approval of the Unitholders, if any; and

(vii) any issue for which SEBI or the designated stock exchange requires approval.

4. In case of the following, approval from the Unitholders shall be required where the votes cast in favour of the resolution shall not be less than one and a half times the votes cast against the resolution:

(i) any issue, not in the ordinary course of business, which in the opinion of the Sponsor or Investment Manager or the Trustee requires approval of the Unitholders;

(ii) any change in investment manager including removal of the investment manager or change in control of the investment manager;

(iii) sponsor(s) or trustee and investment manager proposing to seek delisting of units of the InvIT under Regulation 17(1)(e) of the InvIT Regulations;

(iv) any issue for which SEBI or the designated stock exchange requires approval; and

(v) any material change in investment strategy or any change in the management fees of the Trust;

(vi) any issue taken up on request of the Unitholders including:

a) removal of the Investment Manager and appointment of another investment manager to the Trust;

b) removal of the Auditor and appointment of another auditor to the Trust;

c) removal of the Valuer and appointment of another valuer to the Trust;

d) delisting of the Trust, if the Unitholders have sufficient reason to believe that such delisting would act in the interest of the Unitholders;

e) any issue which the Unitholders have sufficient reason to believe that is detrimental to the interest of the Unitholders; and

f) change in the Trustee, if Unitholders have sufficient reason to believe that acts of the Trustee are detrimental to the interest of Unitholders.

With respect to the rights of the Unitholders under clause 4(vi) above:

(i) save as set out in (iii) below, not less than 25% of the Unitholders by value, other than any party related to the transactions and its associates, shall apply, in writing, to the Trustee for the purpose;

(ii) on receipt of such application, the Trustee shall require, with the Investment Manager to place the issue for voting in the manner as specified in the InvIT Regulations;

(iii) with respect to clause 4(vi)(f) above, not less than 60% of the Unitholders by value shall apply, in writing, to the Trustee for the purpose;

(iv) any change in investment manager including removal of the investment manager or change in control of the investment manager;

(v) any material change in investment strategy or any change in the management fees of the Trust; and

(vi) the Trustee and Investment Manager proposing to seek delisting of units of the Trust as per the InvIT Regulations.

***Information rights***

The Investment Manager, on behalf of the Trust, shall also submit such information to the Stock Exchange and the Unitholders, on a periodical basis as may be required under the InvIT Regulations and the Listing Agreement to be entered into with the Stock Exchange. The Investment Manager (on behalf of the Trust) shall disclose to the Stock Exchange, the Unitholders and SEBI, all such information and in such manner as specified under the InvIT Regulations and such other requirements as may be specified by SEBI. The Investment Manager, on behalf of the Trust, shall also provide disclosures or reports specific to the sector or sub-sector in which the Trust has invested or proposes to invest, in the manner as may be specified by SEBI.

***Nomination Rights***

Unitholders holding minimum 10% of the Units shall have right to nominate one director on the board of Investment Manager, in accordance with the Trust Deed and the InvIT Regulations.

***Buyback of Units***

Any buyback of Units shall be in accordance with the Trust Deed and the InvIT Regulations.

***De-listing of Units***

Any delisting of Units shall be in accordance with the Trust Deed and the InvIT Regulations

## DILUTION

Dilution is the amount by which the Offer Price exceeds the net asset value ("**NAV**") per Unit, immediately after the completion of this Offer. NAV per Unit is determined by subtracting the total liabilities of the Trust from the total assets of the Trust and dividing by the number of Units issued and outstanding immediately before this Offer. There was no *pro forma* NAV before this Offer for the Units.

The Trust will issue [●] Units at an Offer Price of ₹ [●] for each Unit, resulting in a combined NAV of the Trust of approximately ₹ [●] million or ₹ [●] per Unit based on total number of Units outstanding after the completion of this Offer. This represents an immediate dilution in combined NAV of approximately ₹ [●] per Unit to the Unitholders, subscribing in this Offer. The following provides the per Unit dilution as on [●]:

| | |
|---|---|
| **Combined NAV per Unit before this Offer** | [●] |
| **Combined NAV per Unit after this Offer** | [●] |
| **Dilution in NAV per Unit to the Sponsor attributable to the Sponsor** | [●] |
| **Dilution in NAV per Unit to Unitholders (other than the Sponsor)** | [●] |
| **Dilution to Unitholders (other than the Sponsor) as a percentage of the Offer Price** | [●] |

## OFFER STRUCTURE

Initial offer of up to [●] Units through a private placement at a price of ₹ [●] per Unit, aggregating up to ₹ 13,000.00 million and comprising a fresh issue of up to [●] Units aggregating up to ₹ 10,500.00 million by the Trust and an offer for sale of up to [●] Units aggregating up to ₹ 2,500.00 million by the Selling Unitholder. In accordance with Regulation 14(1A) of the InvIT Regulations, this Offer shall constitute at least, 25% of the total outstanding Units of the Trust on a post-Offer basis.

### Indicative Offer Timeline

| Event | Indicative Date |
|---|---|
| Bid/Offer Opening Date | [●] |
| Bidders to submit completed Application Forms | [●] |
| Bid/Offer Closing Date | [●] |
| Dispatch of CANs to successful Bidders | On or about [●] |
| Closing Date | On or about [●] |
| Designated Date | On or about [●] |
| Initiation of refunds, if any, in the event of any failure to obtain final listing and trading approval within 30 Working Days from the date of Allotment | On or about [●] |
| Listing Date | On or about [●] |

The above timetable is indicative and does not constitute any obligation or liability on the Trust, the Sponsor, the Investment Manager, the Trustee, the Selling Unitholder or the Lead Managers.

**While the Investment Manager shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Units on NSE is completed within thirty Working Days from the date of Allotment, the timetable may change due to various factors, such as, any extension of the Bid/Offer Period by the Investment Manager or any delay in receiving the final listing and trading approval from NSE. The commencement of trading of the Units will be entirely at the discretion of the NSE and in accordance with applicable law.**

**The Selling Unitholder confirms that it shall extend all reasonable co-operation required by the Trust, the Investment Manager and the Lead Managers for the completion of the necessary formalities for listing and commencement of trading of the Units offered by the Selling Unitholder in the Offer for Sale on the Stock Exchange within thirty Working Days from the date of allotment.**

## OFFER PROCEDURE

*Below is a summary, intended to provide a general outline of the procedures for the bidding, application, payment, Allocation and Allotment of the Units to be offered pursuant to the Offer.*

*Eligible Investors are advised to inform themselves of any restrictions or limitations that may be applicable to them under applicable law to which they are subject, and should consult their respective advisors in this regard. Eligible Investors that apply in this Offer will be required to confirm, and will be deemed to have represented to the Trustee the Sponsor, the Investment Manager, the Lead Managers, the Selling Unitholder and their respective directors, officers, agents, affiliates and representatives, that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Units. The Investment Manager, the Sponsor, the Selling Unitholder and the Lead Managers and their respective directors, officers, agents, affiliates and representatives accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire the Units.*

### Authority for the Offer

The Trust is making this Offer in accordance with Regulation 14(2) of the InvIT Regulations. The Offer and the Fresh Issue was authorised and approved by the board of directors of the Investment Manager on January 27, 2025. This Draft Placement Memorandum has been approved by the Board in its meeting dated January 27, 2025 and by the InvIT Committee, constituted by the Board, on February 6, 2025.

The Offer for Sale has been authorized by the board of directors of the Selling Unitholder on January 27, 2025. Further, with respect to the Units offered by the Selling Unitholder in the Offer for Sale, the Selling Unitholder has held equity shares of the Project SPVs and the Holdco, against which such Units have been allotted to the Selling Unitholder, for a period of at least one year immediately preceding the date of the Draft Placement Memorandum.

The Trust will receive the in-principle approval from NSE, for listing of the Units on NSE. The Investment Manager has filed a copy of this Draft Placement Memorandum, and will file a copy of the Placement Memorandum and the Final Placement Memorandum with the SEBI and the Stock Exchange, in compliance with the provisions of the InvIT Regulations.

Neither the Trust, Trustee, Project Manager, Investment Manager or any of its directors have been declared as 'Fraudulent Borrowers' by the lending banks or financial institution or consortium, in terms of RBI master circular dated July 1, 2016, as amended.

**The Units have not been and will not be registered, listed or otherwise qualified in any jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable law of such jurisdiction. The Units shall not be offered or sold where such offer or sale would require registration, qualification or listing.**

**The Eligible Investors should note that Allotment to successful Bidders will only be in the dematerialised form. Application Forms which do not have the details of the Bidders' demat accounts including DP ID, PAN and Client ID will be treated as incomplete and rejected. Bidders will not have the option of receiving Allotment in physical form. On Allotment, the Units will be traded only on the dematerialised segment of the Stock Exchange.**

### Offer Procedure

1. The Lead Managers, in consultation with the Investment Manager and Sponsors shall electronically circulate serially numbered copies of the Placement Memorandum and the Application Form to Eligible Investors. The Application Form will be specifically addressed to each Eligible Investor. The list of Eligible Investors to whom the serially numbered copies of the Placement Memorandum and the Application Form will be circulated shall be determined by the Investment Manager and Sponsors, in consultation with the Lead Manager.

2. **Unless a serially numbered Placement Memorandum along with an Application Form is addressed to a particular Eligible Investor, no invitation to subscribe shall be deemed to have been made to such Eligible Investor.** Even if such documentation were to come into the possession of any person other than the intended recipient, no offer or Invitation to offer shall be deemed to have been made to such person and such person shall not be eligible to participate in the Offer.

3. Bidders may submit an Application Form to the Lead Managers only during the Bid/Offer Period and not later than the Bid/Offer Closing Date.

4. Bidders will be required, inter alia, to indicate the following in the Application Form:

   (a) a representation that it is acquiring the Units in an "offshore transaction", as defined in, and in reliance on, Regulation S and it has agreed to certain other representations set forth in the sections entitled "*Notice to*

*Investors - Representations by Eligible Investors"* on page 2 and *"Selling and Transfer Restrictions"* on page 520 and certain other representations made in the Application Form;

(b) name of the Bidder to whom the Units are to be Allotted;

(c) number of Units Bid for;

(d) details of the Bid Amount deposited by the Bidder into the Designated Account;

(e) details of the demat accounts to which the Units should be credited;

(f) a representation that such person is an "Institutional Investor" or a "Body Corporate" in terms of the InvIT Regulations;

(g) the details of Bidder's bank account along with fund transfer details, in case of any refund;

(h) that it is permitted to acquire the Units under the laws of any applicable jurisdiction and that it has necessary capacity and authority, and have obtained all necessary consents and authorisations to enable it to commit to this participation in the Offer and to perform its obligations in relation thereto (including, without limitation, on behalf of any person) and honour such obligations;

(i) it is eligible to invest in India and in the Units under applicable law, including the FEMA Rules, and has not been prohibited by SEBI or any regulatory authority from buying, selling or dealing in units or securities; and

(j) any other information which may be relevant to the Bid.

*Note*: Bids made by asset management companies or custodians of Mutual Funds, as permitted under applicable law, shall specifically state the names of the concerned schemes for which the Bids are made. In case of a Mutual Fund, a separate Bid can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund will not be treated as multiple Bids provided that the Bids clearly indicate the scheme for which the Bid has been made. Bidders are advised to ensure that any single Bid from them does not exceed the investment limits or maximum number of Units that can be held by them under applicable law and the InvIT Regulations.

5. Each Bidder shall be required to make payment of the entire Bid Amount for the Units at the Offer Price, only through electronic transfer to the Designated Account during the Bid/Offer Period, prior to the closure of the Bid/Offer Period.

6. No payment shall be made by Bidders in cash. Please note that any payment of Bid Amount for Units shall be made from the bank account of the relevant Bidder applying for Units and the Lead Managers, on behalf of the Investment Manager, shall keep a record of the bank account from where such Bid Amounts have been received. The Bid Amount payable on Units to be held by joint holders shall be paid from the bank account of the person whose name appears first in the completed Application Form. Pending listing of the Units, all Bid Amounts received from Bidders shall be kept in the Cash Escrow Account.

7. Once a duly completed Application Form is submitted by a Bidder on the basis of disclosures in the Placement Memorandum, such Application Form constitutes an irrevocable offer and cannot be withdrawn.

8. Upon receipt of the completed Application Form and the receipt of the Bid Amount in the Designated Account, the Investment Manager and Sponsors shall, after Bid/Offer Closing Date, determine the number of the Units to be Allotted pursuant to the Offer, in consultation with the Lead Manager.

9. Upon determination of the Bidders to whom Allocation shall be made, the Lead Managers, on behalf of the Investment Manager and the Selling Unitholder, will send the CANs, along with a serially numbered Final Placement Memorandums to the Bidders who have been Allocated Units. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract in respect of the number of Units Allocated to the Bidder. **Please note that the Allocation and Allotment will be at the absolute discretion of the Investment Manager and the Sponsors, in consultation with the Lead Managers, and in accordance with the InvIT Regulations.**

10. Upon the dispatch of the CAN to successful Bidders, the Selling Unitholder and the Investment Manager shall Allot Units of the Trust as per the details in the CAN sent to the successful Bidders. The Investment Manager will intimate the Stock Exchange about the details of the Allotment and apply for approvals of the Units for listing and trading of the Units on the Stock Exchange after the credit of Units into the demat accounts of the successful Bidders.

11. Allottees are advised to instruct their respective Depository Participants' to accept the Units that may be Allotted to them pursuant to the Offer into their respective demat accounts.

12. In the event the Investment Manager and the Selling Unitholder are unable to Allot the Units, in full or in part, or upon cancellation of the Offer, the Investment Manager and the Selling Unitholder shall be liable to refund the Bid Amounts

with interest to the Bidders in accordance with applicable law. For each Bidder to whom any amounts are to be refunded, the refund shall be made to the same bank account from which the Bid Amount was remitted by such Bidder.

13. The Units that have been credited to the demat accounts of the Bidders shall be listed and eligible for trading on the Stock Exchange only upon the receipt of final listing and trading approvals from the Stock Exchange. Bidders are advised to apprise themselves of the status of the receipt of the permissions from the Stock Exchange or the Investment Manager.

14. The Bid Amounts will be transferred to the account of the Trust and the Selling Unitholder from the Cash Escrow Account only after receipt of the final listing and trading approval for the Units from Stock Exchange.

**Who can Bid?**

Each Bidder should check if it is eligible to Bid for Units in this Offer under applicable laws. Furthermore, certain categories of Bidders may not be permitted to Bid in the Offer or hold Units in excess of the limits specified under applicable law.

Only Institutional Investors and Bodies Corporate are eligible to participate in the Offer.

An Institutional Investor is defined in Regulation 2(1)(ya) of the InvIT Regulations.

A Body Corporate is defined in Section 2(11) of the Companies Act, 2013 to include a company incorporated outside India, but does not include (i) a co-operative society registered under any law relating to co-operative societies; and (ii) any other body corporate (not being a company as defined in the Companies Act, 2013) which the Central Government may, by notification, specify in this regard.

Bodies Corporate incorporated outside India are permitted to participate in the Offer subject to compliance with Schedule VIII of the Foreign Exchange Management (Non-debt Instrument) Rules, 2019, as amended.

All Non-Resident Investors should note that, in accordance with the Foreign Exchange Management (Non-debt Instruments) Rules, 2019, as amended, including Press Note No.3 (2020 Series), dated April 17, 2020 issued by the DPIIT, where the beneficial owner of a proposed investment into India is situated in or is a citizen of a country that shares land border with India (but is not a multilateral bank or fund of which India is a member), approval of the Government will be required prior to such investment.

**The Trustee, the Valuer and the employees of the Valuer, who were involved in the valuation of the Project SPVs/ Holdco are not permitted to Bid in the Offer.**

***Bids by FPIs***

Foreign Portfolio Investors (other than individuals, corporate bodies and family offices) are permitted to participate in the Offer subject to compliance with Schedule VIII and other applicable provisions of the of the Foreign Exchange Management (Non-debt Instrument) Rules, 2019, as amended. In case of Bids by FPIs, the payment should be made as inward remittance from abroad through banking channels or out of funds held in accounts maintained in accordance with the Foreign Exchange Management (Deposit) Regulations, 2016, along with documentary evidence in support of the remittance. In case of Bids made by FPIs, a certified true copy of the certificate of registration issued by the designated depository participant under the SEBI FPI Regulations is required to be attached along with the Application Form, failing which the Investment Manager, in consultation with the Lead Managers, reserves the right to reject the Bid.

***Bids by SEBI registered VCFs and AIFs***

The SEBI VCF Regulations prescribe, amongst others, the investment restrictions on VCFs registered with SEBI. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Further, VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations. VCFs and AIFs are subject to certain investment restrictions, including with respect to the percentage of investible funds held in each investee entity. Allotments made in respect of Bids by VCFs and AIFs in the Offer shall be subject to the rules and regulations that are applicable to each of them respectively. In case of Bids made by VCFs or AIFs, a certified true copy of the registration certificate issued by SEBI is required to be attached along with the Application Form failing which the Investment Manager, in consultation with the Lead Managers, reserves the right to reject the Bid.

***Bids by Banking Companies***

Bids may be made by banks, as permitted by the RBI, and are subject to the conditions specified in the Prudential Guidelines – Banks' investment in units of REITs and InvITs dated April 18, 2017. In case of Bids made by banking companies registered with the RBI, certified copies of (i) the certificate of registration issued by the RBI, and (ii) the approval of such banking company's investment committee are required to be attached to the Application Form. Failing which the Investment Manager, in consultation with the Lead Managers, reserves the right to reject the Bid.

***Bids by Provident Funds/Pension Funds***

On March 2, 2015, the Ministry of Finance issued a notification allowing investments by non-government provident funds, superannuation funds and gratuity funds up to 5% in infrastructure investment trusts, as specified. On May 29, 2015, the Ministry of Labour and Employment issued a notification allowing investments by provident funds up to 5% in infrastructure investment trusts, as specified. However, such investments by provident funds and superannuation funds and gratuity funds will be subject to, amongst others, the sponsors entity of the Trust having a minimum of AA or equivalent rating in the applicable rating scale from at least two credit rating agencies registered with SEBI. In case of Bids made by provident funds, subject to applicable law, with minimum corpus of ₹ 250 million, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Application Form. Failing which the Investment Manager, in consultation with the Lead Managers, reserves the right to reject the Bid.

***Bids by NPS Schemes***

The Pension Fund Regulatory and Development Authority ("**PFRDA**") issued circulars dated June 3, 2015 and September 2, 2015, respectively, allowing investments by national pension fund schemes (other than corporate central government schemes, corporate state government schemes, central government sector schemes, state government sector schemes, NPS Lite Schemes of NPS and Atal Pension Yojana schemes) ("**Non- Govt. NPS Schemes**") and corporate central government schemes, corporate state government schemes, central government sector schemes, state government sector schemes, NPS Lite Schemes of NPS and Atal Pension Yojana schemes ("**Govt. NPS Schemes**" and together with the Non-Govt NPS Schemes, the "**NPS Schemes**") to invest in the units of infrastructure investment trusts that are listed or proposed to be listed. The cumulative investment in units and debt instruments of InvITs and REITs by NPS Schemes is not permitted to exceed 3% of the assets under management of the relevant pension fund at any time. Non-Gov. NPS Schemes are also not permitted to invest more than 5% of the units issued by a single InvIT. Such investment will be subject to, amongst others conditions, (i) for Govt. NPS Schemes, the units being rated AAA (or equivalent) in the applicable rating scale of the Trust from at least two credit rating agencies registered with SEBI ("**CRAs**") and the rating of the sponsor floating the trust being AAA (or equivalent) in the applicable rating scale of the Trust from at least two CRAs, and (ii) for Non-Govt. NPS Schemes, such securities being rated AA (or equivalent) in the applicable rating scale of the Trust from at least two CRAs. In case of Bids made by NPS Schemes, with minimum corpus of ₹ 250 million, a certified copy of certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Application Form, failing which the Investment Manager, in consultation with the Lead Managers, reserves the right to reject the Bid.

***Bids by Mutual Funds***

Bids may be made by mutual funds under all its schemes, existing and future, subject to the investment conditions and other restrictions prescribed under the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (including, the circular on mutual funds dated February 28, 2017 and any other circulars, notifications and guidelines issued thereunder). In case of Bids made by Mutual Funds, a certified true copy of the issued by SEBI is required to be attached along with the Application Form, failing which the Investment Manager, in consultation with the Lead Managers, reserves the right to reject the Bid.

***Bids by Eligible NRIs***

In accordance with Schedule IV of the FEMA Rules, Eligible NRIs, including companies, trusts and partnership firms incorporated outside India which are owned and controlled by NRIs, are permitted to purchase units issued by an 'investment vehicle' without any limit, either on the stock exchange or outside it. The FEMA Rules define an 'investment vehicle' to mean an entity registered and regulated under the regulations framed by SEBI or any other authority designated for that purpose, including an InvIT governed by SEBI.

Investments by Eligible NRIs in the Units shall be on a non-repatriation basis, and shall be deemed to be domestic investment at par with investments made by residents of India.

***Bids by Insurance Companies***

Bids may be made by insurance companies as permitted by the Insurance Regulatory and Development Authority of India in terms of the Master Circular – Investments, 2016 and the circular issued by the IRDAI entitled, Investment in Units of Real Estate Investment Trusts (REIT) & Infrastructure Investment Trusts (InvIT) dated March 14, 2017.

***Bids under Power of Attorney***

In case of Bids made pursuant to a power of attorney by Institutional Investors or Bodies Corporate, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be submitted along with the Application Form, failing which the Investment Manager, in consultation with the Lead Managers, reserves the right to reject the Bid.

The Investment Manager, in consultation with the Lead Managers, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Application Form.

Allotments, if any, made to FVCIs in the Offer are subject to the respective rules and regulations that are applicable to each of them.

**All Non-Resident Investors including Eligible NRIs and FPIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and/or commission.**

**There is no reservation for NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.**

**The Parties to the Trust, the Selling Unitholder and the Lead Managers are not liable for any amendment or modification or change to applicable law or regulations, which may occur after the date of this Draft Placement Memorandum. Eligible Investors are advised to make their independent investigations and satisfy themselves that they are eligible to apply in the Offer. Eligible Investors are advised to ensure that any single application from them does not exceed the investment limits or maximum number of Units that can be held by them under applicable law or regulation or as specified in the Placement Memorandum.**

*Note: Affiliates or associates of the Lead Managers who are Eligible Investors may participate in the Offer in compliance with applicable law.*

***Maximum and Minimum Bid Size***

(i) Each Bidder is required to Bid for a Minimum Bid Size of ₹ [●] million and in multiples of [●] Units, thereafter.

(ii) No Bidder shall Bid for that number of Units which exceeds the Offer size.

**Application Process**

***Application Form***

Bidders shall only use the serially numbered Application Forms provided by the Investment Manager for the purpose of making a Bid in terms of the Placement Memorandum.

A Bidder applying for the Units to be issued pursuant to the Offer must have at least one beneficiary account with a Depository Participant of either NSDL or CDSL prior to making the Bid. Allotment to a successful Bidder will be credited in electronic form directly to the beneficiary account (with the Depository Participant) of such Bidder.

By making a Bid for the Units through Application Forms, Bidders will be deemed to have made the following representations and warranties, respectively:

1. The Bidder confirms that it is an Institutional Investor or a Body Corporate, and is eligible to participate in the Offer;

2. The Bidder has deposited the Bid Amount in the Designated Account;

3. Subject to the terms of the Application Form and this Draft Placement Memorandum and applicable law, the Bidder has no right to withdraw its Bid once such Bid is submitted to the Lead Manager;

4. Revised Bids, if any, shall have been submitted during the Bid/Offer Period;

5. The Bidder confirms that it is eligible to apply for, and hold, any Units that may be Allotted to the Bidder pursuant to the Offer. The Bidder further confirms that any such Allotment of Units to, and the holding of Units by, the Bidder does not, and shall not, exceed the level permissible as per any law applicable to the Bidder;

6. The Bidder understands and agrees that the Units have not been and will not be registered under the Securities Act or any other applicable state securities laws of the United States and, unless so registered, may not be offered, sold or delivered within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. The Bidder confirms that it is purchasing the Units in an "offshore transaction" as defined in and in reliance on Regulation S under the Securities Act, and in either case is not our affiliate or a person acting on behalf of such an affiliate.

7. The Bidder further confirms that no offer or sale of the Units is the result of any "directed selling efforts" in the United States (as such term is defined in Regulation S) and that the Trust and the Lead Managers, and their respective affiliates and representatives (including legal counsels to each of the foregoing), will rely upon the truth and accuracy of the foregoing acknowledgements, representations, warranties and agreements and agree that, if at any time any of the acknowledgements, representations, warranties and agreements made in connection with the Units is no longer accurate, it shall immediately notify the Trust and the Lead Managers in writing.

**ELIGIBLE INVESTORS MUST PROVIDE THEIR DEMAT ACCOUNT DETAILS, THEIR DEPOSITORY PARTICIPANT'S NAME, DEPOSITORY PARTICIPANT IDENTIFICATION NUMBER, BENEFICIARY**

**ACCOUNT NUMBER AND BANK ACCOUNT DETAILS IN THE APPLICATION FORM. ELIGIBLE INVESTORS MUST ENSURE THAT THE NAME GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE NAME IN WHICH THE DEMAT ACCOUNT IS HELD.**

Demographic details such as address and bank account details will be obtained from the Depositories as per the demat account details given in the Application Form.

***Instructions for completing the Application Form***

Bidders may note that forms not filled completely or correctly as per instructions provided in the Placement Memorandum and the Application Form are liable to be rejected. The Bids should adhere to the following:

(i) Bids must be made only in the prescribed Application Form;

(ii) Application Form must be completed in full, in BLOCK LETTERS in ENGLISH and in accordance with the instructions contained herein and in the Application Form. In case of incomplete Application Forms, the Investment Manager, in consultation with the Lead Managers, reserves the right to reject the Bid.

(iii) Bidders must provide details of valid and active DP ID, Client ID and PAN clearly and without error. Invalid accounts, suspended accounts or where such account is classified as invalid or suspended shall not be considered for Allotment. Bidders should note that the Lead Managers, Registrar and the Investment Manager will not be liable for errors in data entry due to incomplete or illegible Application Forms; and

(iv) Bidders are required to sign the Application Form. Bidders should ensure that the thumb impressions and signatures other than in the languages specified in the Eighth Schedule to the Constitution of India, are attested by a Magistrate or a Notary Public or a Special Executive Magistrate under official seal.

***Submission of Application Form***

All Application Forms must be duly completed with information including the name of the Bidder, the number of the Units applied for and the Bid Amount deposited in the Designated Account, and include details of the bank account from which payment of the Bid Amount was made. The Application Form shall be submitted to the Lead Managers either through electronic form or through physical delivery at the following address:

**Axis Capital Limited**
1st Floor, Axis House
Pandurang Budhkar Marg, Worli
Mumbai 400 025
Maharashtra, India
**Tel**.: +91 22 4325 2183
**E-mail**: tvsilp.invit@axiscap.in
**Investor Grievance E-mail**: complaints@axiscap.in
**Website**: www.axiscapital.co.in
**Contact Person**: Harish Patel
**SEBI Registration No**.: INM000012029

**Kotak Mahindra Capital Company Limited**
1st Floor, 27 BKC, Plot No. C-27, 'G' Block
Bandra Kurla Complex, Bandra (East)
Mumbai 400 051
Maharashtra, India

**Investor Grievance E-mail**: kmccredressal@kotak.com
**Website**: https://investmentbank.kotak.com
**Contact Person**: Ganesh Rane
**SEBI Registration No**.: INM000008704

The Lead Managers will not be required to provide any written acknowledgement of the Application Form.

***PAN***

**Each Eligible Investor must mention its Permanent Account Number ("PAN") allotted under the IT Act. Each Eligible Investor is required to submit a copy of its PAN card along with the Application Form**. Applications without this information will be considered incomplete and are liable to be rejected, unless the investor is not required to hold or specify a PAN under applicable law. Eligible Investors should not submit the general index registrar number ("**GIR**") instead of the PAN as the Application Form is liable to be rejected on this ground.

***Bank Account for Payment of Bid Amount***

The Investment Manager has opened the Designated Account and Cash Escrow Account with [●], acting as the Escrow Collection Bank in terms of the Cash Escrow Agreement. Bidders are required to deposit the entire Bid Amount during the Bid/Offer Period, together with the completed Application Form, in favour of "[●]".

If the payment of the Bid Amount is not made favouring the Designated Account within the Bid/Offer Period, the Application Form of the Bidder is liable to be rejected.

The Trustee and the Investment Manager shall utilize the amount deposited in the Designated Account only for the purposes of: (i) adjustment against Allotment; or (ii) refund of Bid Amount in case of any failure to allot Units in the Offer. For further details, please see the section entitled "*Offer Procedure – Refunds*" on page 539.

***Payment Instructions***

The payment of Bid Amount shall be made by the Bidders in the name of the Designated Account as per the payment instructions provided in the Placement Memorandum and the Application Form. Payments are to be made only through electronic fund transfer. Payments through cheques or cash or any mode other than electronic mode shall be rejected.

**Allocation**

The Bidders shall submit their Bids for the Units within the Bid/Offer Period to the Lead Manager. The book shall be maintained by the Lead Managers.

***Method of Allocation***

The Investment Manager shall determine the Allocation in consultation with the Lead Managers on a discretionary basis, subject to the InvIT Regulations, SEBI Guidelines and other Applicable Laws. After finalization of the Allocation, the Investment Manager will update the Placement Memorandum with the Offer details and file the Final Placement Memorandum with SEBI and the Stock Exchange, and dispatch the CAN, together with a serially numbered Final Placement Memorandum to each successful Bidder.

**THE DECISION OF THE INVESTMENT MANAGER, IN CONSULTATION WITH THE LEAD MANAGERS, IN RESPECT OF ALLOCATION SHALL BE FINAL AND BINDING ON ALL BIDDERS. BIDDERS MAY NOTE THAT ALLOCATION OF THE UNITS IS AT THE SOLE AND ABSOLUTE DISCRETION OF THE INVESTMENT MANAGER, IN CONSULTATION WITH THE LEAD MANAGERS, AND BIDDERS MAY NOT RECEIVE ANY ALLOCATION EVEN IF THEY HAVE SUBMITTED VALID APPLICATION FORMS. NEITHER THE INVESTMENT MANAGER NOR THE LEAD MANAGERS ARE OBLIGED TO ASSIGN ANY REASON FOR ANY SUCH NON-ALLOCATION.**

The Units in the Offer will be Allotted in the following order: (i) first, 100% of the Units pursuant to the Fresh Issue shall be Allotted prior to any Units offered in the Offer for Sale ("**Offered Units**"); and (ii) second, the Units offered by the Sponsor received as consideration by the Sponsor for the transfer of its shareholding in certain Project SPVs and Holdco. In case of under-subscription in the Offer, the Units in the Fresh Issue will be Allotted prior to any Units in the Offer for Sale and the Units in the Offer for Sale shall be Allotted in the manner set out above.

**The Investment Manager in consultation with the Lead Managers reserve the right to withdraw the Offer any time after the Bid/Offer Opening Date but before the Allotment, without assigning any reasons whatsoever.**

**Confirmation of Allocation Note or CAN**

Based on the Application Forms and Bid Amounts received from Bidders, the Investment Manager, in consultation with the Lead Managers, in its sole and absolute discretion, will decide the Bidders to whom the serially numbered CANs shall be sent, pursuant to which the details of Units Allocated to them shall be notified to such Bidders. Further, details of the amounts payable for Allotment of the Units in their respective names shall be notified to such Bidders. Additionally, the CAN will include the probable designated date, being the date of credit of the Units to the respective Bidder's demat account ("**Designated Date**").

Bidders, who have been Allocated Units, would also be sent a serially numbered Final Placement Memorandum either in electronic form or by physical delivery along with the serially numbered CAN. The dispatch of the serially numbered Final Placement Memorandum and the CAN to Bidders shall be deemed a valid, binding and irrevocable contract in respect of the number of Units Allocated to each successful Bidder.

Bidders are advised to instruct their Depository Participant to accept the Units that may be Allotted to them pursuant to the Offer.

***Bidders' Demat Account and Bank Account Details***

Bidders should note that on the basis of Bidders' PAN, DP ID and Client ID provided by them in the Application Form, the Registrar will obtain from the Depository the demographic details including the Bidders' address and bank account details (including the nine-digit Magnetic Ink Character Recognition ("**MICR**") code as appearing on a cheque leaf) (the "**Demographic Details**"), from the Depository. The Demographic Details will be used for giving refunds (including through direct credit, NACH, NECS, NEFT and RTGS) to the Bidders. It is mandatory to provide the bank account details in the space provided in the Application Form and Application Forms that do not contain such details are liable to be rejected. Hence, Bidders are advised to immediately update their bank account details, PAN and Demographic Details as appearing in the records of the Depository Participant and ensure that they are true and correct. Failure to do so could result in delays in credit of refunds to Bidders at their sole risk and none of the Lead Managers, the Registrar, the Escrow Collection Bank, the Investment Manager, the Selling Unitholder or the Trustee will have any responsibility or undertake any liability for this. Accordingly, Bidders should carefully fill in their demat account details in the Application Form.

By signing the Application Form, the Bidder is deemed to have authorized the Depositories to provide to the Registrar, on request, the required Demographic Details as available in their records.

***Closing Date and Allotment of the Units***

The Trustee and the Investment Manager will endeavour to complete the Allotment by the Closing Date.

In accordance with the InvIT Regulations, the Units will be issued and Allotment shall be made only in dematerialised form to the Allottees. The Investment Manager (on behalf of the Trust) and the Registrar have entered into:

(a) Agreement dated January 27, 2025 with NSDL; and

(b) Agreement dated January 31, 2025 with CDSL.

The Trustee and/or the Investment Manager, in consultation with the Lead Managers, at their discretion, reserve the right to cancel or withdraw the Offer at any time after the Bid/ Offer Opening Date but prior to the issuance of CAN, without assigning any reasons whatsoever.

Following the Allotment of Units, the Investment Manager will apply for final listing and trading approval from the Stock Exchange. The Investment Manager and the Lead Managers shall endeavour to list the Units on the Stock Exchange within six Working Days from date of the Bid/Offer Closing Date.

***Refunds***

In the event Investment Manager and the Selling Unitholder are unable to Allot or transfer the Units as the case may be, in full or part or upon cancellation of the Offer or if refunds are required to be made in accordance with Applicable Law, the Investment Manager and the Selling Unitholder shall be liable to refund the Bid Amounts with interest to the Bidders in accordance with applicable law. For each Bidder to whom any amounts are to be refunded, the refund shall be made to the same bank account from which the Bid Amount was remitted by such Bidder. In the event of non-receipt of listing permission from the Stock Exchange, the Units shall not be eligible for listing and the Trust shall be liable to refund the Bid Amounts to the Allottees immediately along with interest at the rate of 15% per annum, from the date of Allotment until such time prescribed under, and in compliance with, the InvIT Regulations or such other rate as prescribed under applicable law.

**Other Instructions**

***Right to Reject Applications***

The Investment Manager, in consultation with the Lead Managers, may reject Bids, in part or in full, without assigning any reason whatsoever. The decision of the Investment Manager and the Lead Managers in relation to the rejection of Bids shall be final and binding.

***Units in Dematerialised form with NSDL or CDSL***

The Allotment shall be only in dematerialised form (i.e., not in physical certificates but represented by the statement issued through the electronic mode).

A Bidder applying for the Units to be issued pursuant to the Offer must have at least one beneficiary account with a Depository Participant of either NSDL or CDSL prior to making the Bid. Allotment to a successful Bidder will be credited in electronic form directly to the beneficiary account (with the Depository Participant) of such Bidder.

Units in electronic form can be traded only on the stock exchanges having electronic connectivity with NSDL and CDSL. NSE has electronic connectivity with NSDL and CDSL. The trading of the Units would be in dematerialised form only for all Unitholders in the respective demat segment of NSE. For details in respect of the minimum trading lot, please see the section entitled "*Offer Structure*" on page 530.

The Trustee, the Investment Manager, the Sponsor, the Selling Unitholder or the Lead Managers, will not be responsible or liable for the delay in the credit of the Units to be issued and transferred pursuant to the Offer due to errors in the Application Form, delay in payment of Bid Amount or otherwise on part of the Bidders.

The Investment Manager undertakes that there shall be only one denomination for the Units of the InvIT. Further, the Investment Manager undertakes that it shall comply with such disclosure and accounting norms as specified by SEBI from time to time.

**STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO TVS INFRASTRUCTURE TRUST AND ITS UNITHOLDERS UNDER THE APPLICABLE LAWS IN INDIA**

To
**The Board of Directors**
**TVS Infrastructure Investment Manager Private Limited** (the "**Investment Manager**") in its capacity as an investment manager of the
TVS Infrastructure Trust
9th Floor, Iconic Building,
Urmi Estate, Lower Parel West,
Mumbai – 400 013
Maharashtra, India

Dear Sirs,

**Statement of Possible Tax Benefits available to TVS Infrastructure Trust and its unitholders under the Indian tax laws**

1. We hereby confirm that the enclosed Annexure, prepared by TVS Infrastructure Investment Private Limited (the "**Investment Manager**"), which states the possible tax benefits available to TVS Infrastructure Trust (the "**InvIT"**) and its unitholders under the Income-tax Act, 1961 ("**Act**") as amended by the Finance Act 2024, read with Income tax Rules, 1962, i.e. applicable for the Financial Year 2024-25 relevant to the Assessment Year 2025-26.

2. These benefits, if any, are dependent on the InvIT or its unitholders fulfilling the conditions prescribed under the relevant provisions of the Tax Law. Hence, the ability of the InvIT or its unitholders to derive the tax benefits is dependent upon their fulfilling such conditions, which based on business imperatives the InvIT faces in the future, the InvIT or its unitholders may or may not choose to fulfil.

3. The benefits discussed in the enclosed Annexure are neither exhaustive nor conclusive and the preparation of the contents stated is the responsibility of the Investment Manager. We are informed that this statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing Tax Laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed issue of units by the InvIT in accordance with the provisions of SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended and the guidelines an circulars issued thereunder **(''Offer'')**. We are neither suggesting nor advising the investors to invest in the Offering relying on this Statement.

4. Our views are based on the existing provisions of the tax laws and its interpretation, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. Any such change, which could also be retrospective, could have an effect on the validity of our views stated herein. We assume no obligation to update the Statement in case of any events subsequent to this date, which may have a material effect on the discussion herein.

5. We do not express any opinion or provide any assurance as to whether:

   i. the InvIT or its unitholders will obtain / continue to obtain these benefits in future;
   ii. the conditions prescribed for availing the benefits have been / would be met with; and
   iii. the revenue authorities/courts will concur with the views expressed herein.

   The contents of the enclosed Annexure are based on information, explanations and representations obtained from the InvIT and the Investment Manager and on the basis of our understanding of the business activities and operations of the InvIT.

6. The benefits discussed in the enclosed Statement covers only the possible special tax benefits available to the InvIT and to the Unitholders of the InvIT and do not cover any general tax benefits available to the InvIT and its unitholders.

**Restriction on Use**

7. This statement may be relied on by the Lead Managers, their affiliates and legal counsel in relation to the Offer. This statement is issued for the purpose of the Offer, and can be used, in full or part, for inclusion in Draft Placement Memorandum, Placement Memorandum and Final Placement Memorandum and any other material used in connection with the Offer (together, the **"Offer Documents"**) which may be filed by the InvIT (acting through its Trustee) with Securities and Exchange Board of India **("SEBI")**, BSE Limited and National Stock Exchange of India Limited (collectively, the **"Stock Exchanges"**) and / or any other regulatory or statutory authority. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this statement is shown or into whose hands it may come, unless determined otherwise by any regulatory or statutory or judicial authority.

8. This Statement is prepared solely for the purpose of inclusion in the Offer Documents in connection with the Offering and is not to be used, referred to or distributed for any other purpose.

9. We confirm that we will immediately communicate any changes, once such changes are communicated to us in writing by the Management, to the Lead Managers until the Units allotted in the Offer commence trading on the relevant stock exchanges.

10. Capitalized terms used herein, unless otherwise specifically defined, shall have the same meaning as ascribed to them in the Offer Documents.

11. This statement has not been prepared in connection with, nor is it intended for use in any connection with, any offer or sale of securities in United States of America. We will accept no duty or responsibility to and deny any liability to any party in respect of any use of this letter in connection with an offer or sale of the Securities in United States of America.

Yours faithfully,

**Annexure**

ANNEXURE TO STATEMENT OF POSSIBLE INCOME TAX BENEFITS AVAILABLE TO TVS INFRASTRUCTURE TRUST ('InvIT') AND ITS UNITHOLDERS UNDER THE APPLICABLE INCOME TAX LAWS IN INDIA

***I. Tax Implications and benefits in relation to InvITs***

TVS Infrastructure Trust (''InvIT'') has been constituted as an irrevocable determinate trust under the Indian Trusts Act, 1882. Further, the InvIT is registered with the Securities and Exchange Board of India (''SEBI'') as Infrastructure Investment Trust under the SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended ("SEBI InvIT Regulations'').

The following implications/benefits under the Income- Tax Act, 1961 ('Act') are applicable/available to the InvIT after fulfilling conditions as per the applicable provisions of the Act and the SEBI InvIT Regulations.

1. Taxability of interest and dividend income in the hands of trust from Special Purpose Vehicle(s)

As per the provisions of section 10(23FC) of the Act, any income of a trust by way of interest and dividend received or receivable from a Special Purpose Vehicle (SPV) would be exempt from tax. For this purpose, SPV means an Indian company in which the business trust holds controlling interest and any specific percentage of shareholding or interest, as may be required by the regulations under which such trust is granted registration.

It is pertinent to note here that as per the provisions of section 14A of the Act, any expenditure incurred in relation to earning the above exempt income shall not be tax deductible. The provision of Rule 8D of the Income-tax Rules, 1962 read with section 14A of the Act shall be followed for calculating the quantum of disallowance.

In addition, section 193 and section 194A(3)(xi) of the Act do not require a SPV to deduct tax at source ('TDS') in respect of interest paid or payable to the InvIT. Further, second proviso to section 194 of the Act provides that no TDS is required to be deducted by a SPV in respect of dividend paid to the InvIT.

2. Taxability of income of trust in general unless exempted / specified otherwise under provisions of the Act

As per section 115UA(2) read with section 10(23FC) of the Act, the taxable total income of a business trust would be charged to tax at the maximum marginal rate ('MMR') i.e. the rates of income-tax (including surcharge and Cess on income-tax, if any) applicable in relation to the highest slab of income as specified in the relevant Finance Act in force except for the income chargeable to tax on transfer of short term capital assets as per section 111A and long term capital assets as per section 112 of the Act.

Please note that section 112A is not explicitly mentioned in section 115UA(2) and hence an ambiguity exists on the tax rate to be applicable on the gains referred to in section 112A of the Act earned by the trust. Therefore, long term capital gains on sale of listed securities will be taxable @ MMR in hands business trust since specific carve out has not been provided for section 112A of the Act under the provisions of section 115UA of the Act

Further, dividend and interest income earned by InvIT from company other than SPV, shall be taxable at MMR.

As per section 57 of the Act, no deduction shall be allowable against the dividend income (which is taxable in the hands of the InvIT) other than deduction on account of interest expense incurred wholly and exclusively for the purpose of earning such dividend and such interest expense shall not exceed 20% of the dividend income included in the total income for that year, without deduction under section 57 of the Act.

3. Taxability of Capital Gains in the hands of the InvIT

a. Period of Holding

Capital assets are classified as long-term capital assets ('LTCA') or short-term capital assets ('STCA'), based on the period of holding of these assets. Depending on the period of holding for which the shares and securities are held, the gains should be taxable as short- term capital gains or long-term capital gains. As per the provisions of section 2(42A) of the Act, a capital asset is regarded as short- term capital asset (**"STCA"**), if:

| **Sr. No.** | **Nature of asset** | **Period of holding before the date of the sale** |
|---|---|---|
| (i) | Securities listed in a recognised stock exchange in India or a unit of an equity- oriented fund or unit of the Unit Trust of India or Zero- coupon bond or units of business trust | 12 months or less |
| (ii) | Shares (other than listed in a recognised stock exchange in India) including those offered through offer for sale as part of initial public offer or an | 24 months or less |

| Sr. No. | Nature of asset | Period of holding before the date of the sale |
|---|---|---|
| | immovable property being land or building or both. | |

As per the provisions of section 2(29AA) of the Act, LTCA means a capital asset which is not a STCA. Please note that the Finance Act (No, 2), 2024 has made amendments in connection with the capital gains tax that accrue post 23rd July 2024.

b. Short-term capital gains

As per the provisions of section 111A of the Act, any income arising from transfer of STCA being an equity share in a company or a unit of an equity-oriented fund or a unit of a business trust pursuant to a transaction acted through a recognized stock exchange on or after 23rd July 2024 as amended by Finance Act (No.2) 2024 and subject to STT, will be taxable in the hands of the InvIT at a concessional rate of 20% (plus applicable surcharge and cess).For transfers before 23rd July 2024, tax rate will be 15% (plus applicable surcharge and cess). However, the condition of STT is not required if the transaction is undertaken on a recognised stock exchange located in any International Financial Services Centre and where the consideration for such transaction is paid or payable in foreign currency.

Short-term capital gains arising from transfer of STCA other than the shares and securities covered under section 111A of the Act, will be taxed at the MMR in force.

c. Long-term capital gains

As per the provisions of section 112 of the Act, gains arising on the transfer of LTCA shall be chargeable to tax in the hands of the InvIT at the rate of 12.5% (plus applicable surcharge and cess) on or after 23rd July 2024 as amended by Finance Act (No.2),2024. For transfers before 23rd July 2024, tax rate will be 10% (plus applicable surcharge and cess).

Further, as per section 112A of the Act, gains exceeding INR 0.125 million arising on the transfer of LTCA, being an equity share in a company or a unit of an equity-oriented fund or a unit of a business trust, through a recognized stock exchange and subject to STT, shall be chargeable to tax in the hands of the InvIT at the rate of 12.5% (plus applicable surcharge and cess) without applying the benefit under the first proviso to section 48 of the Act for transfers on or after 23rd July 2024 . Since specific carve out has not been provided under the provisions of section 115UA of the Act for section 112A of the Act, long term capital gains on account of sale of listed securities which is taxable @ 12.50% under section 112A (subject to certain conditions) of the Act may be taxable at MMR in the hands of business trust.

d. Cost of Acquisition

Section 48 of the Act prescribes the mode of computation of capital gains and provides for deduction of cost of acquisition/ improvement and expenses incurred in connection with the transfer of a capital asset, from the sale consideration to arrive at the amount of capital gains. In respect of long-term capital gains taxable under section 112 of the Act section 48 of the Act provides for substitution of cost of acquisition/improvement with indexed cost of acquisition/improvement, which adjusts the cost of acquisition/improvement by a cost inflation index as prescribed from time to time. Such adjustment of cost of acquisition/improvement by a cost inflation index has been removed *vide* the Finance (No. 2) Act, 2024 for transfers that take place on or after 23rd July 2024.

e. Deemed sales consideration

As per section 50CA of the Act, where the consideration on transfer of unquoted shares of a company, is less than the fair market value of such share determined in such manner as may be prescribed, the value so determined shall for the purpose of section 48 of the Act, be deemed to the full value of consideration.

4. Income from buy back of shares by SPV

As per Finance Act (No.2), 2024, the tax treatment of consideration received upon buy back of shares of a company has been amended. Section 2(22)(f) of the Act provides that, with effect from 1st October 2024, any payment made by a company on purchase of its own shares from a shareholder in accordance with the provisions of section 68 of the Companies Act shall be treated as dividend.

In absence of any clarity by the CBDT with respect to treatment of such dividend in case of InvIT, taxability of such dividend in the hands of InvIT should be in a similar manner, as in the case of normal dividend as discussed in Point '1' above.

Additionally, with effect from 1st October 2024, any consideration received on buyback of shares shall be considered as NIL, as per proviso to section 46A of the Act. The cost of acquisition of such shares shall be allowable as capital loss to the trust which will be eligible to be carried forward in accordance with the provisions of the Act.

5. Set off and carry forward of capital losses

As per section 70 read with section 74 of the Act, long-term capital loss, if any arising during the year can be set-off only against long- term capital gain and shall be allowed to be carried forward up to eight assessment years immediately succeeding the assessment year for which the loss was first computed. The brought forward long-term capital loss can be set off only against long-term capital gains.

As per section 70 read with section 74 of the Act, short-term capital loss, if any arising during the year can be set-off against short-term capital gain as well as against the long-term capital gains and shall be allowed to be carried forward up to eight assessment years immediately succeeding the assessment year for which the loss was first computed. The brought forward short-term capital loss can be set off against capital gains (both long-term and short-term capital gains).

***II. Tax Implications and benefits in relation to all unitholders***

Following tax benefit is specifically available to the unitholders of the InvIT subject to the fulfilment of the conditions specified in the Act and the SEBI Regulations:

a. Tax exemption in respect of income distributed by InvIT

As per the provisions of section 115UA(1) of the Act, the income distributed by the InvIT shall be deemed to be of the same nature and in the same proportion in the hands of the unitholders as if such income was received by or accrued to the InvIT.

As per the provisions of section 10(23FD) of the Act, any income referred to in section 115UA(1) of the Act and distributed by the InvIT shall not be included in the total income of the unitholders except for the following income:

- Interest referred to in Section 10(23FC) of the Act; and
- Specified dividend i.e., dividend income received in cases where SPV has exercised the option under section 115BAA of the Act.

SPVs have the option, subject to certain condition, to choose a concessional tax rate of 22 percent (plus 10% surcharge and 4% cess) under section 115BAA of the Act. In case, SPV has exercised the option under section 115BAA of the Act, any dividend distributed by the InvIT out of the dividend paid by such SPV shall be taxable in the hands of unitholder. In other cases, the dividend distributed by InvIT out of the dividend paid by SPV which has not exercised the option under section 115BAA of the Act, shall be exempt in the hands of unitholders under section 10(23FD) of the Act.

The Finance Act, 2023 has amended section 56(2) of the Act to add a new clause (xii) which provides that any distribution received by unitholders that is not covered under section 10(23FC) or 10(23FCA) of the Act and that which is not chargeable to tax under section 115UA(2) of the Act shall be charged to tax as 'income from other sources' provided such amount received (including similar distributions in earlier years to the same unitholder or any other unitholder) is in excess of the amount at which units are issued by the InvIT, as reduced by the amount which was charged to tax earlier under this provision. Such income shall be chargeable to tax at the rates applicable based on the status of the unitholder.

b. Implications on transfer of shares held by Sponsor in Project SPVs to trust

According to section 47(xvii) of the Act, any transfer of a capital asset, being shares of an SPV to a business trust in exchange of units allotted by that trust to the transferor shall not be regarded as transfer and accordingly not be liable to capital gains tax.

According to section 49(2AC) of the Act, the cost of units acquired in lieu of shares in SPV shall be deemed to be cost of acquisition of shares in SPV.

As per clause (hc) of explanation 1 of section 2(42A) of the Act, for ascertaining the period of holding of such units, the period of holding of shares in SPV shall also be included.

***III. Tax Implications and benefits in relation to Resident unitholders***

a) As stated in Part II above, income distributed by the Business Trust being in the nature of dividend from SPVs which is not exempt under section 10(23FD) of the Act, interest from SPVs, and income chargeable to tax under section 56(2)(xii) of the Act, shall be taxable in the hands of resident unitholders as under:

| **Status of unitholder** | **Tax rate (exclusive of surcharge and education cess)** |
|---|---|
| Resident companies (Refer Note 1,2 and 3) | 30% |
| Firms / LLPs | 30% |
| Others (Refer Note 4) | As per applicable rates, for instance in case of individuals, income has to be taxed as per applicable slab rates, maximum |

| Status of unitholder | Tax rate (exclusive of surcharge and education cess) |
|---|---|
| | being 30% |

**Note 1**: As per the Finance Act, 2023, the tax rate of 25% (plus applicable surcharge and health and education cess) shall be applicable to a domestic company for Financial year 2024-25 if the total turnover or gross receipts of such company are not exceeding INR 4,000 million in the Financial Year 2022-23 (Assessment Year 2023-24).

**Note 2**: Further, the tax rates for resident companies exercising the option under section 115BAA and section 115BAB of the Act shall be chargeable to concessional tax rate of 22% and 15% respectively (plus surcharge at the rate of 10% and health and education cess at the rate of 4%), subject to fulfilment of conditions prescribed in the said sections.

**Note 3**: The Finance Act, 2020 has also inserted section 80M of the Act to eliminate the cascading tax effect in case of intercorporate dividends by providing a deduction in respect of dividends received from a company (including foreign company) and business trust to the extent such dividend is distributed before the specified time.

**Note 4**:

As per the Finance Act, 2023, section 115BAC of the Act has been amended to provide that the Individual, HUF, AOP (other than a co-operative society), BOI and AJP will be taxed on its total income at the reduced tax rates ('New Regime'). The income would however have to be computed without claiming prescribed deductions or exemptions. However, such person will have the option to be taxed on its total income as per the tax rates under the old regime. The option is required to be exercised – (i) on or before the due date specified under section 139(1) of the Act for furnishing the return of income for such assessment year, in case of a person having income from business or profession and such option once exercised shall apply to subsequent assessment years; or (ii) along with the return of income to be furnished under section 139(1) of the Act for such assessment year in case of a person not having income referred to in clause (i). A person having income from business or profession who has exercised the above option of shifting out of the New Regime shall be able to exercise the option of opting back to the New Regime only once. However, a person not having income from business or profession shall be able to exercise this option every year.

b) Income in nature of Capital gains on sale of units of the InvIT

Period of holding: Capital assets are classified as LTCA or STCA, based on the period of holding of these assets. The determinative period of holding for listed units of the InvIT held by the unitholders to qualify as LTCA is more than 12 months. The units held for less than 12 months would be STCA.

Taxation of capital gains on sale of units of the InvIT (for transfers which takes place on or after 23rd July 2024)

| Nature of capital gains | Tax rate (exclusive of surcharge and education cess) | | |
|---|---|---|---|
| | Unitholders resident companies | Unitholders resident LLPs | Other |
| Short-term capital gains on sale of units of the InvIT being a listed InvIT, subject to STT | 20% | 20% | 20% |
| Long-term capital gains on sale of units of the InvIT being a listed InvIT, subject to STT | 12.5% (on capital gains exceeding INR 0.125 million) | 12.5% (on capital gains exceeding INR 0.125 million) | 12.5% (on capital gains exceeding INR 0.125 million) |

As per the amendment made by the Finance Act, 2023, the amount of distribution to the extent not chargeable to tax under section 56(2)(xii) of the Act and not covered under sections 10(23FC), 10(23FCA) or 115UA(2) of the Act shall be reduced from the cost of units, for computing capital gains.

c) Set off of Losses: Please refer point 5 under *'Tax implications and benefits in relation to InvITs'.*

d) Applicability of Minimum Alternate tax (MAT)/ Alternate Minimum Tax (AMT)

In case of domestic companies that are liable to pay MAT under provisions of section 115JB of the Act, the gains arising, if any, on sale of units of trust are to be included as part of book profits for the purpose of computing MAT liability. MAT paid by such companies should be available as credit for set-off against future tax liability, provided such companies do not opt to be governed by the concessional tax rates u/s 115BAA or 115BAB of the Act. Companies exercising the option to be taxed as per section 115BAA and 115BAB of the Act have been excluded from the applicability of MAT.

However, as per clause (iie)/(fc) to explanation 1 to section 115JB of the Act, the following shall not be considered while computing book profits for levy of MAT:

- notional gain/loss on transfer of shares of SPV in exchange of units allotted by the business trust referred to in clause (xvii) of section 47; or

- notional gain/loss resulting from any change in carrying amount of said units; or

- gain/loss on transfer of units allotted by the business trust referred to in clause (xvii) of section 47.

Further, as per clause (k)/(iif) of explanation 1 to section 115JB of the Act, any gain/loss on transfer of units referred to in clause (xvii) of section 47 of the Act shall be considered while computing the book profit for levy of MAT by taking into account the cost of the shares exchanged with units referred to in the said clause or the carrying amount of the shares at the time of exchange where such shares are carried at a value other than the cost through statement of profit and loss, as the case may be.

In case of unitholders, other than companies, that are liable to Alternate Minimum Tax (AMT) under provisions of section 115JC of the Act, the gains arising, if any, on sale of units of InvIT are to be included as part of adjusted total income for the purpose of computing AMT liability. AMT paid by such unitholders should be available as credit for set-off against future tax liability, provided they do not opt to be governed by the concessional tax rates u/s 115BAC or 115BAD of the Act.

e) Other income (income other than interest or dividend income or income chargeable to tax under section 56(2)(xii) of the Act) received from InvIT

Other income (income other than interest or dividend income or income chargeable to tax under section 56(2)(xii) of the Act) such as treasury income earned by InvIT and distributed to unitholder shall be exempt in hands of unitholders as the same shall be taxable in the hands of InvIT. Further, there shall be no withholding on distribution of such other income by the InvIT to the unitholders.

***IV. Tax benefits/ provisions applicable to Non-resident Unitholders***

1. As per section 2(30) of the Act, non-resident is defined to mean a person who is not a "resident".

   A non-resident unit holder should be subject to taxation in India only if:

   - it is regarded a tax resident of India; or

   - being a non-resident in India, it derives: (a) if any income is received / deemed to be received in India; or (b) if any income has accrued or arisen / deemed to have accrued or arisen in India in terms of the provisions of the Act.

   Section 6 of the Act provides that a foreign company should be treated as a tax resident in India if its place of effective management ('POEM') is in India in that year. POEM has been defined to mean a place where key management and commercial decisions that are necessary for the conduct of the business of an entity as a whole are, in substance made.

2. As per section 90(2) of the Act, the provisions of the Act should apply to the extent they are more beneficial than the provisions of the Double Taxation Avoidance Agreement ('tax treaty') between India and the country of residence of the offshore unit holder to the extent of availability of tax treaty benefits to the offshore unit holders. However, no assurance can be provided that the treaty benefits should be available to the offshore unit holder or the terms of the tax treaty will not be subject to amendment or reinterpretation in the future.

3. The taxability of income of non-resident unit holders on different income streams, should be as per the provisions of the Act or tax treaty (whichever is beneficial) as discussed below. However, for claiming the tax treaty benefit, the non-resident would have to provide relevant documents/declarations viz. tax residency certificate, etc. as per the requirements of the Act/tax treaty.

   a) Dividend which is not exempt under section 10(23FD) of the Act (where dividend received by the InvIT from the SPV who has exercised the option under section 115BAA of the Act)

   The dividend income will be taxable at the rate of 20% (plus applicable surcharge and cess) under the Act. This is subject to benefits, if any, under the applicable tax treaty.

   b) Interest income distributed by the InvIT earned from the SPV

   Interest income earned from the SPV and distributed by InvIT to non-resident unitholder is not exempt under section 10(23FD) of the Act in the hands of unit holder and would be taxable at 5% (plus applicable surcharge and cess). This is subject to benefits, if any, under the applicable tax treaty.

c) Other distribution by the InvIT not covered under section 115UA(2) of the Act

As per newly inserted section 56(2)(xii) of the Act, any distribution received by unitholders that is not covered under section 10(23FC) or 10(23FCA) of the Act and that which is not chargeable to tax under section 115UA(2) of the Act shall be charged to tax as 'income from other sources' provided such amount received (including similar distributions in earlier years to the same unitholder or any other unitholder) is in excess of the amount at which units are issued by the InvIT, as reduced by the amount which would have been charged to tax earlier under this provision. This is subject to benefits, if any, under the applicable tax treaty.

Such income shall be chargeable to tax at the rates applicable based on the status of the unitholder.

| **Status of unitholder** | **Tax rate (exclusive of surcharge and education cess)** |
|---|---|
| Non-resident companies | 35% |
| Firms / LLPs | 30% |
| Others | As per applicable rates, for instance in case of individuals income has to be taxed as per applicable slab rates |

d) Capital gains on sale of units of the InvIT

Period of holding: Capital assets are classified as LTCA or STCA, based on the period of holding of these assets. The determinative period of holding for listed units of the InvIT (being a business trust) held by the unitholders to qualify as LTCA is more than 12 months. The units held for less than 12 months would be STCA. While determining the period of holding for units of business trust allotted pursuant to exchange of shares of SPV as per clause (hc) of explanation 1 to section 2(42A) of the Act, the period of holding for the units shall include the period for which the shares were held in the SPV.

Depending on the classification of capital gains, the non-resident unit holders should be chargeable to tax under the Act as under. This is subject to benefits, if any, under the applicable tax treaty. (in case of transfers made on or after 23rd July 2024, as amended by Finance Act (No.2), 2024

| **Nature of capital gains** | **Tax rate under the Act (excluding surcharge and cess)** |
|---|---|
| Short-term capital gains on sale of units of the InvIT being a listed InvIT, subject to STT | 20% |
| Long-term capital gains on sale of units of the InvIT being a listed InvIT, subject to STT | 12.5% |

As per the amendment by the Finance Act, 2023, the amount of distribution to the extent not chargeable to tax under section 56(2)(xii) of the Act and not covered under sections 10(23FC), 10(23FCA) or 115UA(2) of the Act, shall be reduced from the cost of units, for computing capital gains.

e) Set off of Losses: Please refer point 5 under *'Tax implications and benefits in relation to InvITs'*

4. Applicability of Minimum Alternate tax (MAT)

While computing book profits to determine the applicability of MAT, any income accruing or arising to a foreign company from (i) capital gains earned from sale of shares or other instruments that qualify as "securities" (as per the securities Contract (Regulation) Act, 1956) or (ii) interest, royalties or fees for technical services, and which are credited by the foreign company to its profit and loss account should be excluded.

The MAT provisions should not be applicable in case of foreign company:

- if such foreign company is a resident of a country with which India has entered into a tax treaty and such foreign company does not have a permanent establishment in India in terms of provisions of applicable tax treaty; or

- if such foreign company is a resident of a country with which India does not have an agreement of the nature referred to in above clause and such foreign company is not required to seek registration under any law for the time being in force relating to companies.

### *V. Special tax benefits/ provisions applicable to Foreign Institutional Investors ("FIIs") / Foreign Portfolio Investors ("FPIs")*

1. In case of FII or FPI registered under SEBI (Foreign Portfolio Investors) Regulations 2014 ('FII/FPI'), as per section 2(14) of the Act, shares/ securities (other than those held as stock in trade) which were invested in accordance with the regulations made under the Securities and Exchange Board of India Act, 1992 shall be deemed to be capital assets. Accordingly, any income from transfer of such capital assets shall be deemed as a capital gain.

2. Long term capital gains arising in hands of FPI or FII on transfer of units of the InvIT through a recognized stock exchange, on which STT is paid shall be taxable u/s 112A of the Act as stated above under 'III- Tax benefits/ provisions applicable to Non-resident Unitholders'.

3. Similarly, Short term capital gains on transfer of the units of the InvIT will be chargeable to tax at the rate of 20% (plus applicable surcharge and cess) as per the provisions of section 111A of the Act provided such transfer is made through a recognized stock exchange and the transaction is subject to STT, in case of transfers which take place on or after 23rd July 2024.

   However, as per section 115AD(1)(ii) of the Act, STCG arising to the FII/ FPI on transfer of units of the InvIT, which is not through a recognized stock exchange and not subject to STT, shall be chargeable at a rate of 30% (plus applicable surcharge and cess)

4. As per section 196D(2) of the Act, no deduction of tax at source will be made in respect of income by way of capital gain arising from the transfer of securities referred to in section 115AD of the Act.

5. On any other income in respect of securities referred to in section 115AD(1)(a) of the Act, other than capital gains and interest income subject to TDS u/s 194LD of the Act, tax shall be withheld at lower of 20% as per section 196D of the Act or the rates provided in the tax treaty, subject to the following conditions:

   - Tax treaty exists between India and the respective jurisdiction of the FII/FPI; and

   - FII/FPI has furnished a TRC to the payer.

### *VI. Special tax benefits/ provisions applicable to Alternative Investment Fund (Category I and II)*

1. Under section 10(23FBA) of the Act, any income of an investment fund other than the income chargeable under the head "Profits and gains of business or profession" is exempt from income tax.

2. As per section 115UB (4) of the Act, the total income of the investment fund shall be charged to tax:

   a) at the rate or rates as specified in the Finance Act of the relevant year, where such fund is a company or a firm; or

   b) at maximum marginal rate in any other case

3. The losses incurred by AIF shall be treated in accordance with the provisions of section 115UB(2) and 115UB(2A) of the Act.

### *VII. Special tax benefits/ provisions applicable to unitholder being a Mutual Fund*

1. Exemption is provided under section 10(23D) of the Act in respect of income of:

   (a) Mutual Funds registered under the Securities and Exchange Board of India Act, 1992 or Regulations made thereunder; and

   (b) Mutual Funds set up by public sector banks or public financial institutions and Mutual Funds authorised by the Reserve Bank of India will be exempt from income tax, subject to such conditions as the Central Government may, by notification in the Official Gazette, specify in this behalf.

2. In light with the provisions of section 196 of the Act, no deduction of tax shall be made on any sum payable to a Mutual Fund specified under clause (23D) of section 10 of the Act. Accordingly, the InvIT is not required to withhold tax on any sum payable to Mutual Fund specified under section 10(23D) of the Act.

### *VIII. Special tax benefits/ provisions applicable to certain specified person*

1. As per section 10(23FE) of the Act, dividend, interest, income taxable under section 56(2)(xii) of the Act and long-term capital gains arising from investments made by 'specified person' in India, whether in the form of debt or share capital or unit, shall be exempt, if such investment is:

   - made on or after the 01 April 2020 but on or before the 31 March 2025

- is held for at least 3 years

- *inter alia*, is in a business trust

Further, such specified person (subject to certain conditions prescribed in section 10(23FE) of the Act) shall include:

a) Wholly owned subsidiary of Abu Dhabi Investment Authority (ADIA) which is a resident of United Arab Emirates ('UAE') and makes investment directly or indirectly, out of funds owned by Government of UAE

b) Sovereign Wealth Funds (SWF)

c) Pension funds (PF)

***IX. Specific provisions relating to Tax deduction at Source ('TDS')***

1. Withholding of tax by SPVs

The interest payable by SPV to the trust will not be subject to withholding tax as per section 193 and 194A of the Act.

As per section 194 of the Act, the SPVs will not be required to withhold taxes when they make payment of dividend to the InvIT.

2. Withholding of tax by trust

As per the provisions of section 115UA(1) of the Act, the income distributed by the InvIT shall be deemed to be of the same nature and in the same proportion in the hands of the unitholder as if such income was received by or accrued to the InvIT.

The distribution of income, in the nature of interest or dividend, by the trust to the unit holders, would be subject to withholding tax under section 194LBA of the Act at the time of credit of such payment to the account of the unitholder or at the time of payment thereof, whichever is earlier. The rate of withholding as per section 194LBA of the Act shall be as under

- On interest income:
    - 10% in case of resident unitholder; and
    - 5% (plus applicable surcharge and education cess) in case of non-resident unitholder
- On dividend income, being that proportion of dividend earned from an SPV which has exercised the option of beneficial tax regime under section 115BAA of the Act:
    - 10% in case of resident unitholder; and
    - 10% (plus applicable surcharge and education cess) in case of non-resident unitholder
- On dividend income, being that proportion of dividend earned from an SPV which has not exercised the option of beneficial tax regime under section 115BAA of the Act, no withholding tax is required.
- On certain distributions proposed to be considered as income for the unitholders under section 56(2)(xii), as per the amendment introduced in the Finance Act, 2023, it would be pertinent to note the Finance Act, 2023 has not introduced any separate withholding tax provisions with respect to such distributions. Thus, in case of such distributions to non-residents, the requirement to withhold tax under section 195 would have to be examined.
- As part of Finance Act 2023, section 197 of the Act has been amended to grant relief to taxpayers (such as SWF/ PF entities under section 10(23FE) of the Act) from withholding of taxes under section 194LBA of the Act, subject to such taxpayer obtaining Nil/ lower withholding certificate. An application will have to made by taxpayer to its Assessing Officer for grant of lower/ Nil withholding certificate.

3. Withholding of tax in case of transfer of shares/securities

No income tax is deductible at source from income by way of capital gains arising to a resident unitholder under the present provisions of the Act.

However, as per the provisions of section 195 of the Act, any income on transfer of unit of the InvIT by non-residents may be subject to withholding of tax at the rate under the domestic tax laws or under the DTAA, whichever is beneficial to the assessee (other than FPIs/ FIIs which are subject to provisions of section 196D(2) of the Act). Provision of section 196D of the Act have been covered under *'Part IV- Special tax benefits/ provisions applicable to Foreign Institutional Investors ("FIIs") / Foreign Portfolio Investors ("FPIs")'* of this document.

However, the non-resident investor will have to furnish a certificate of his being a tax resident in a country outside India and a suitable declaration for not having a fixed base/ permanent establishment in India, to get the benefit of the applicable DTAA and such other document as may be prescribed as per the provision of section 90(4) of the Act.

Buyer and seller of unlisted shares/securities also need to check the applicability of TDS u/s 194Q of the Act read with provision of Tax Collection at Source (TCS) u/s 206C(1H) of the Act. As per the clarification issued by CBDT, the transaction in shares not taken place through recognized stock exchange/ recognised clearing corporations may also fall under the ambit of section 194Q/206C(1H) of the Act since CBDT has clarified that the said provisions of section 194Q/206C(1H) of the Act are not applicable to transactions in securities and commodities transacted through recognised stock exchanges/ recognised clearing corporations, including those located in International Financial Service Centre.

4. Withholding at higher rate where PAN details are not furnished- section 206AA of the Act

As per section 206AA of the Act, where a taxpayer does not possess a PAN, taxes have to be withheld on payment of income to the taxpayer (where chargeable to tax) at higher of the following:

- at the rate specified in the Act; or
- at the rate or rates in force; or
- at the rate of 20%

Further, CBDT has issued a notification no. 53/2016 for relaxation from deduction of tax at a higher rate under Section 206AA of the Act in the case of non-resident investor or a foreign company and not having PAN by inserting a new rule 37BC. The provisions of Section 206AA of the Act shall not apply in respect of payments in the nature of interest, royalty, fees for technical services and payments on transfer of any capital asset, if the deductee furnishes certain details and specified documents to the deductor.

The Finance Act, 2021 had amended the aforesaid provision so as to provide that where the tax is required to be deducted under section 194Q of the Act and deductee has not furnished PAN to the deductor, then, the 5% should be considered as the rate for purpose of section 206AA of the Act and tax should be deducted accordingly.

Please note that similar provisions are there under section 206CC of the Act in relation to TCS.

5. Withholding at higher rate on non-filers of income tax return- section 206AB of the Act

The Finance Act, 2021 had introduced a new provision - section 206AB in the Act for deducting tax at higher rates on payments made to non-filers of income-tax returns. Section 206AB of the Act applies where any sum or income or amount is paid, or payable or credited, by a person to a specified person and tax is required to be deducted at source as per provisions of the Act (except under sections 192, 192A, 194B, 194BB, 194-IA, 194-IB, 194LBC, 194M or 194N of the Act).

Specified person means a person who has not filed the return of income for the assessment year relevant to the previous year immediately preceding the financial year in which tax is required to be deducted for which time limit for furnishing return of income under section 139(1) of the Act has expired and the aggregate of TDS and TCS is INR 50,000 or more in the said previous year. Further, specified person shall not include a non-resident who does not have a permanent establishment in India or any other person who is not required to furnish return of income and is notified by the Government in this regard.

In case the aforesaid section is applicable, tax shall be deducted at higher of the followings rates:

- twice the rate specified in the relevant provision of the Act; or
- twice the rate or rates in force; or
- the rate of 5%.

If provisions of section 206AA and section 206AB of the Act are applicable to a specified person, then, tax shall be deducted at higher of the two rates provided under the respective sections of the Act.

Please note that similar provisions are there under section 206CCA of the Act in relation to TCS.

**Notes to statement:**

**General tax rates and provisions:**

1. The income-tax rates specified in this note are as applicable for the financial year 2024-25, and are exclusive of surcharge and education cess, if any. Rate of surcharge and cess are provided below:

   **Rate of Surcharge:**

   **Domestic companies other than companies covered under section 115BAA and 115BAB of the Act, surcharge rates are as below:**

   a) If the total income does not exceed INR 10 million – Nil

   b) If the total income exceeds INR 10 million but does not exceed INR 100 million - 7 %

   c) If the total income exceeds INR 100 million - 12 %

   In case of domestic companies having income chargeable under Section 115BAA and 115BAB of the Act, surcharge of 10% is applicable irrespective of taxable income.

   **Foreign companies:**

   a) If the total income does not exceed INR 10 million - Nil

   b) If the total income exceeds INR 10 million but does not exceed INR 100 million – 2% c) If the total income exceeds INR 100 million – 5%

   **For individuals, Hindu Undivided Family, association of person, body of individuals (including non-resident)**

   a) If the total income does not exceed INR 5 million - Nil

   b) If the total income (including dividend income or capital gains on specified securities) exceeds INR 5 million but does not exceed INR 10 million – 10%

   c) If the total income (including dividend income or capital gains on specified securities) exceeds INR 10 million but does not exceed INR 20 million – 15%

   d) If the total income (excluding dividend income or capital gains on specified securities) exceeds INR 20 million but does not exceed INR 50 million – 25%

   e) If the total income (excluding dividend income or capital gains on specified securities) exceeds INR 50 million – 37%

   However, *in case total income includes any income by way of dividend or income referred to in section 111A or section 112 or section 112A of the Act, surcharge on such income shall not exceed 15%.*

   *The above surcharge is subject to marginal tax benefit as per the Act.*

   As per the Finance Act, 2023, in case of the Individual/HUF/AOP (other than co-operative)/ BOI/Artificial Juridical Person ('AJP') taxable under the New Regime prescribed under the Act, the surcharge on the amount of income-tax shall not exceed 25% where taxable income exceeds INR 20 million.

   As per the Finance Act, 2023, in the case of an AOP being a non-resident, and consisting of only companies as its members, surcharge shall be calculated at the rate of 10%, where the aggregate income exceeds INR 5 million but does not exceed INR 10 million; at the rate of 15%, where the aggregate income exceeds INR 10 million.

   **For Partnership or LLPs:**

   a) If the total income does not exceed INR 10 million – NIL b) If the total income exceeds INR 10 million - 12 %

   The above surcharge is subject to marginal tax benefit as per the Act

   Health and Education cess:

   In all cases, Health and education cess will be levied at the rate of 4 per cent of income-tax and surcharge.

2. The stated benefits will be available only to the sole/ first named holder in case the units are held by joint holders.

3. Please note that the TDS rates mentioned in the given document may be subject to any concessions introduced/ allowed by the Government under any policy, press release, etc. Also, the same may also be subject to lower/ nil withholding tax certificates which may be furnished by the unit holders.

4. In respect of non-residents, the tax rates and the consequent taxation mentioned above shall be further subject to any benefits

available under the applicable DTAA, if any, between India and the country in which the non-resident has fiscal domicile. Further, it is pertinent to meet the terms and condition viz. Principal purpose test, beneficial ownership test etc. as enacted in DTAAs entered into by India with various countries based on Multilateral Convention to implement tax treaty related measures to prevent Base Erosion and Profit Shifting ('MLI').

5. The tax implications/ benefits stated in this document are subject to General Anti Avoidance Rules (GAAR) provisions under the Act. GAAR may be invoked by the Indian income-tax authorities in case arrangements are found to be impermissible avoidance arrangements. Further, in case GAAR provisions are invoked, the onus to prove that the main purpose of an arrangement was not to obtain any tax benefit is on the taxpayer. Also, any resident or non-resident may approach the Authority for Advance Rulings to determine whether an arrangement can be regarded as an impermissible avoidance arrangement.

6. This statement does not discuss any tax consequences in the country outside India of an investment in the units of trust. The unit holders / investors in the country outside India are advised to consult their own professional advisors regarding possible Income tax consequences that apply to them.

7. This statement is intended only to provide general information to the investors and is neither designed nor intended to be substituted for professional tax advice. In view of the individual nature of tax consequences, each investor is advised to consult his/her own tax advisor with respect to specific tax consequences of his/her participation in the scheme.

8. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes.

9. This statement of possible direct tax benefits enumerated above is as per the Act as amended by the Finance Act (No.2), 2024. This statement does not take into consideration any amendments proposed by the Finance Bill, 2025, as the same has not come into force as on date of this statement. The above statement of possible Direct-tax Benefits sets out the possible tax benefits available to the InvIT and its unitholders under the current tax laws presently in force in India. Several of these benefits available are dependent on the InvIT or its unitholders fulfilling the conditions prescribed under the relevant tax laws.

10. The information provided above sets out the possible tax benefits available to the unit holders in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership, transfer and disposal of equity shares and units, under the current tax laws presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications arising on account of any investment in equity shares or units (including tax implications on account of any distributions by/ receipts from the InvIT), particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation impacting the benefits, which an investor can avail.

## LEGAL MATTERS

Cyril Amarchand Mangaldas, J Sagar Associates and Hogan Lovells Lee & Lee do not make, or purport to make, any statement in this Draft Placement Memorandum and are not aware of any statement in this Draft Placement Memorandum which purports to be based on a statement made by each of them, and they make no representation, express or implied, regarding, and to the extent permitted by law takes no responsibility for, any statement in or omission from this Draft Placement Memorandum.

**"Legal Notice and Disclaimer"**

This valuation report (the "Report") has been prepared by iVAS Partners. ("iVAS") exclusively for TVS Industrial & Logistics Parks Private Limited (the "Instructing Party" or "client""), in accordance with the Agreement entered into between iVAS and the Instructing Party dated 1st February 2024 (the "Agreement"). The Report is confidential to the Instructing Party and any other addressees named herein and the Instructing Party and the addressees may not disclose the Report unless expressly permitted to do so under the Agreement.

Where iVAS has expressly agreed that persons other than the Instructing Party or the addressees can rely upon the Report (a "Reliant Party" or "Reliant Parties") then iVAS shall have no greater liability to any Reliant Party than it would have if such party had been named as a joint client under the Agreement.

iVAS's maximum aggregate liability to the Instructing Party and to any Reliant Parties howsoever arising under, in connection with or pursuant to this Report and/or the Agreement together, whether in contract, tort, negligence or otherwise shall be limited as defined under the terms of the Agreement.

iVAS shall not be liable for any indirect, special or consequential loss or damage howsoever caused, whether in contract, tort, negligence or otherwise, arising from or in connection with this Report. Nothing in this Report shall exclude liability which cannot be excluded by law.

If you are neither the Instructing Party, an Addressee nor a Reliant Party then you are viewing this Report on a non-reliance basis and for informational purposes only. You may not rely on the Report for any purpose whatsoever and iVAS shall not be liable for any loss or damage you may suffer (whether direct, indirect or consequential) as a result of unauthorized use of or reliance on this Report. iVAS gives no undertaking to provide any additional information or correct any inaccuracies in the Report.

For the avoidance of doubt, nothing in our Report will constitute any recommendation, investment advice or an offer or solicitation for the purpose of or for sale of any securities, financial instrument or products or other services. Any investors should make their own investment decisions in relation to any investments. If you do not understand this legal notice, then it is recommended that you seek independent legal advice.

# 1 Executive Summary

| | |
|---|---|
| Asset Name: | Chakan Park, Pune (the "Subject Asset") |
| Asset Address: | 338/1, Chakan, Taluka Khed, Mahalunge Village, Pune, Maharashtra - 410501 |
| Instructing Party: | TVS Industrial & Logistics Parks Private Limited (the "Client") |
| SPV Name: | Durgeshwari Industrial & Logistics Parks Private Limited/ TVS ILP |
| Interest Valued: | 100% Freehold interest |
| Land Area: | As per the review of the sanctioned layout provided by the Client, it is understood that the total underlying land area of the Subject Asset is approx. 17.09 acres. |
| Brief Description: | Based on the review of sanctioned layout provided by the Client and subsequent site visit undertaken, the Subject Asset is an operational warehousing facility. The asset is located along Talwade-Chakan Road which further connects to Chakan-Talegaon Road, a prominent road in the micromarket. The industrial corridor extends from Chakan to Talegaon, an established industrial vector of Pune. The Subject Asset is located towards the North of Pune, in the vicinity of Chakan MIDC (Maharashtra Industrial Development Corporation) region. Further, the micromarket is well connected to important industrial hubs, other parts of Pune city via Chakan-Talegaon Road, and to other major cities via NH-4 & NH-50. Some of the prominent warehousing facilities in the micromarket include TVS Industrial and Logistics Parks (Subject Asset), Horizon Industrial Park, Indospace Industrial Park, KSH Infra Chakan Industrial Park, ESR Industrial and Logistics Park, etc. |

Further, based on the information provided by the Client, we understand that leasable area of the Subject Asset is as highlighted below:

| Particulars | Leasable area (sft) | Chargeable area (sft) |
|---|---|---|
| Block 1 (Phase 1 and Phase 2) | 2,84,879 | 2,79,879 |
| Block 2 | 89,509 | 89,509 |
| Total | 3,74,388 | 3,69,388 |

*Source: Architect Certificate, rent roll provided by Client; (Please note according to the lease agreement provided by the client, it is understood that the rent is paid on the chargeable area which has been considered for the valuation exercise). Further, the above area is inclusive of block areas and open spaces*

The Subject Asset is located in Chakan an established industrial micromarket in Northern Pune. It is located at a distance of, approx. 7-8 kms from Chakan Chowk, approx. 11-12 kms from Pune-Mumbai expressway, approx. 14-15 kms from Talegaon Dabhade approx. 31-32 kms from Pune International Airport and approx. 31- 32 kms from Pune Central Railway Station.

| | |
|---|---|
| Statement of asset (sft): | Based on review of rent roll, lease deeds and area statement provided by the Client, the Subject Asset is an operational warehousing facility with approximately 0.37 msft leasable area (with three blocks I, II and III) which are currently fully occupied as on the date of valuation. |

| Blocks | Leasable area (sft) | Chargeable area (sft) | Built-up area (sft)* | Structure Type |
|---|---|---|---|---|
| Chakan Park Block 1 (Phase 1 and Phase 2) – Part 1 | 1,64,045 | 1,64,045 | 1,59,069 | Warehouse |
| Chakan Park Block 1 (Phase 2) - Part 2 | 22,345 | 22,345 | 21,667 | Warehouse |
| Chakan Park Block 1 - Part 3 (Open Space) | 6,000 | 2,500 | | Open Space |
| Chakan Park Block 1 - Part 4 (Open Space) | 5,000 | 3,500 | | Open Space |
| Chakan Park Block 1 - Part 5 (Open Space) | 16,002 | 16,002 | | Open Space |
| Chakan Park Block 1 (Phase 2) B | 71,487 | 71,487 | 69,318 | Warehouse |
| Chakan Park Block 2A - Part 1 | 50,013 | 50,013 | 48,496 | Warehouse |
| Chakan Park Block 2A - Part 2 | 15,297 | 15,297 | 14,833 | Warehouse |
| Chakan Park Block 2B - Part 1 | 9,555 | 9,555 | | Warehouse |
| Chakan Park Block 2B - Part 2 | 14,644 | 14,644 | 14,200 | Warehouse |
| | 3,74,388 | 3,69,388 | 3,27,583 | |

*Source: Architect Certificate, rent roll provided by Client; (Please note according to the lease agreement provided by the client, it is understood that the rent is paid on the chargeable area which has been considered for the valuation exercise). Further, the above area is inclusive of block areas and open spaces*

Summary of the above table basis the stage of construction is as follow:

| Total Value of the asset | | 1,670.87 |

*Source: Valuer's assessment*

Any matters which may affect the asset or its value:

Please refer section 7.7 of this report

Assumptions, Disclaimers, Limitations & Qualifications:

This valuation report is provided subject to assumptions, disclaimers, limitations and qualifications detailed throughout this report which are made in conjunction with those included within the Assumptions, Disclaimers, Limitations & Qualifications section located within this report.

Reliance on this report and extension of our liability is conditional upon the reader's acknowledgement and understanding of these statements. This valuation is for the use of the party to whom it is addressed and for no other purpose. No responsibility is accepted to any third party who may use or rely on the whole or any part of the content of this valuation. The valuer has no pecuniary interest that would conflict with the proper valuation of the asset.

Heightened Market Volatility:

We draw your attention to current heightened geopolitical tensions, low economic growth in many major countries, and a "higher for longer" interest rate sentiment which have increased the potential for constrained credit markets, negative capital value movements and continued volatility in some property markets over the short-to-medium term.

Experience has shown that consumer and investor behaviour can quickly change during periods of such heightened volatility. Lending or investment decisions should reflect any heightened level of volatility and potential for changing market conditions. Lending and investment caution is advised in this regard.

It is important to note that the conclusions set out in this report are valid as at the valuation date only. Where appropriate, we recommend that the valuation is closely monitored, as we continue to track how markets respond to evolving events.

Construction Cost Volatility:

Although general increases in material costs have stabilised since 2022, some specialised supply chains and construction-related labour costs remain volatile with the potential for further increases. This has created uncertainty in cost estimates, which is likely to continue.

In addition, there are significant risks that delays may be encountered in sourcing specialised materials and labour, and as such, the potential for ongoing cost escalations and delays is high. This may place additional pressure on developer and contractor profit margins and development viability.

These inherent risks should therefore be given careful consideration in lending and investment decisions. Caution is advised in this regard.

Notice

This Executive Summary [/Valuation Certificate] should be read in conjunction with the entire valuation report and should not be relied upon in isolation.

| | | |
|---|---|---|
| Valuer Declaration: | i. | The valuer is competent to undertake the valuation. |
| | ii. | The valuer is independent and has prepared the report on a fair and unbiased basis. |
| | iii. | The valuer has valued the assets based on the valuation standards as specified under sub-regulation 10 of regulation 21 |

Prepared by: iVAS Partners
Valuer Registration Number: IBBI/RV-E/02/2020/112

Official Signatory:

Name: Mr. Shubhendu Saha
Designation: Partner, iVAS Partners
Valuer Registration Number: IBBI/RV/05/2019/11552

# 2 Instruction

iVAS Partners ( Valuer Registration Number: IBBI/RV-E/02/2020/112; hereinafter referred as 'Valuer') represented by its partner Mr. Shubhendu Saha, a registered valuer under the Companies Act 2013 with IBBI (Valuer Registration Number: IBBI/RV/05/2019/11552) has been instructed by TVS Industrial & Logistics Parks Private Limited (hereinafter referred as the "Instructing Party", or the "Client") to estimate upon the Market Value (MV) of an operational Warehousing asset located along the Talawade-Chakan Road, Mahalunge village, Khed Taluka, Pune District, Maharashtra.

Based on information provided by the Client, we understand that the underlying land parcel of the Subject Asset admeasures approx. 17.09 acres with a total leasable area admeasuring approx. 353,386 sft.

iVAS Partners is referred to as the **'Valuer'** for the purpose of this report.

The details of the Subject Asset under the purview of this valuation exercise are tabulated below:

| Asset Name | SPV/Hold Co | Asset Type | Location | Land area | No. of Blocks |
|---|---|---|---|---|---|
| Chakan Park | Durgeshwari Industrial & Logistics Parks Private Limited/ TVS ILP | Warehousing Facility | Chakan Pune | 17.09 Acres | 3 |

*Source: Client Inputs*

*For clarity, we are valuing the Property/ Asset only, not the SPV/Hold Co, which has been provided for reference only.*

## 2.1 Purpose

As per our instructions the valuation is required by the Client for a proposed offer of units through private placement (the" IPO") as defined under the Securities and Exchange Board of India (Infrastructure Investment Trust) Regulations, 2014, as amended, together with clarifications, guidelines and notifications issued thereunder, on the Indian stock exchanges. In relation to the Private Placement, the Valuation report, a summary thereof and/or extracts of the report are intended to be included in the offer documents filed by the TVS Infrastructure Trust with the Securities and Exchange Board of India (SEBI) and the stock exchanges where the units of the InvIT are proposed to be listed.

## 2.2 Reliant Party

The Reliant Party to the Valuation report will be TVS Infrastructure Trust, TVS Infrastructure Investment Manager Private Limited in its capacity as Investment Manager and TVS Industrial and Logistics Park Private Limited in its capacity as Sponsor for the purpose of the valuation as highlighted in this report.

The valuation has been prepared strictly and only for the use of the parties as stated above (Reliant Parties) and for the Purpose specifically stated. The Client would make all Reliant Parties aware of the terms and conditions of this agreement under which this exercise is being undertaken and take due acknowledgements to the same effect

## 2.3 Limitation and Disclaimers to Liability

- Valuer is not operating under any financial services license when providing the Valuation Report ("Valuation Report") and this document does not constitute financial product advice. Investors should consider obtaining independent advice from their financial advisor before making any decision to invest in TVS Infrastructure Trust.

- This Valuation Report is strictly limited to the matters contained within this report, and are not to be read as extending, by implication or otherwise, to any other matter in any Offer / Draft Placement Memorandum/ Placement Memorandum/ Final Placement Memorandum ("Offer Document"). Valuer does not approve or endorse any part of the Offer Document. Any reference to the Valuer or this Valuation Report within the Offer Document must be read in conjunction with this Valuation Report.

- Valuers disclaims any liability to any person in the event of an omission from, or false and misleading statements included in the Offer Document, other than in respect of the information provided within the Valuation Report. Valuers shall not make any warranty or representation as to the accuracy of the information in any part of the Offer Document, other than in respect of the methodology used for the preparation of the information provided within the Valuation Report.

- The liability of Valuer is limited to the Instructing Party, and any Reliant Party nominated within this report only. No accountability, obligation or liability to any third parties is accepted by the Valuer. Valuer disclaims all liability to any investor.

- No liability is accepted for any loss, harm, cost or damage (including special, consequential or economic harm or loss) suffered as a consequence of fluctuations in the real estate market subsequent to the date of valuation. Valuer shall not be liable for any indirect, special, punitive or consequential loss or damage howsoever caused, whether in contract, tort or otherwise, arising from or in connection with this Valuation Report.

- Valuer accepts no responsibility or liability whatsoever (i) unless full disclosure of all information and matters that may have an impact upon the value and marketability of the asset has been made by the Instructing Party or (ii) for any matter arising out of or in relation to possible environmental site contamination or any failure to comply with environmental legislation which may affect the value of the asset.

- None of our employees, directors or Valuers individually has a contract with the Instructing Party or owes them a duty of care.

- Valuer has prepared the Valuation Report relying on and referring to information provided by the Instructing Party and/or third parties including financial and market information ("Information"). Valuers have assumed that the Information is accurate, reliable and complete and has not independently verified such Information.

- The Valuation Report draws attention to the key issues and considerations impacting value and provides a detailed assessment and analysis as well as key critical assumptions, general assumptions, disclaimers, limitations and qualifications and recommendations. As commercial investments of this nature are inherently complex and the market conditions have changed and/or have been uncertain in recent times, Valuer recommends that any references to value within the Offer Document must be read and considered together with the Valuation Report.

- This Valuation Report may not be reproduced in whole or in part without the prior written approval of the Valuer.

- The Valuation Report does not purport to contain all the information that a potential investor or any other interested party may require. It does not consider the individual circumstances, financial situation, investment

objectives or requirements. It is intended to be used as guide and for information purposes only and does not constitute advice including without any limitation, investment, tax, legal or any other type of advice. The valuations stated are only best estimates and are not to be construed as a guarantee. Potential investors should not rely on any material contained in the Valuation Report as a statement or representation of fact but should satisfy themselves as to its correctness by independent investigation and review of the Valuation Report to understand the assumptions and methodologies stated in the reports.

- For the avoidance of doubt, all references to "Offer Document" herein shall include any offer document, final offer document, prospectus and/or any other accompanying documents required under the SEBI (InvIT) Regulations 2014.

## 2.4 Limitation and Qualification

Valuation has been conducted solely for the benefit and use of the Instructing Party, and any Reliant Party nominated within this Valuation Report. The report and valuations should not be used for any other purpose other than the expressly intended purpose as mentioned in the Valuation Report. They are not to be used, circulated, quoted or otherwise referred to for any other purpose, nor are they to be filed with or referred to in whole or in part in any document without the prior written consent of Valuer where such consent to be given at the absolute, exclusive discretion of Valuer, which shall not be unreasonably withheld. Where they are to be used with the Valuer's written consent, they shall be used only in their entirety and no part shall be used without referring to the whole report unless otherwise expressly agreed in writing by Valuer.

Neither the whole nor any part of our report, nor any reference thereto, may be included in any published document, circular or statement, nor published in any way nor disclosed orally or in communication to a third party, including the form and context in which it is to appear without Valuer's prior written consent.

The Valuer does not purport to provide a site or structural survey in respect of the asset(s) valued. The Valuer does not purport to be suitably qualified to provide professional advice in respect of building or site contamination. The Reliant Party(ies) should seek independent advice on these issues. The Services are provided on the basis that the Management has disclosed to the Valuer all information which may affect the Services. All opinions expressed by the Valuer, or its employees are subject to any conditions contained in the Valuation report.

## 2.5 Valuer Capability

iVAS Partners, (Valuer Registration Number: IBBI/RV-E/02/2020/112), represented by its partner Mr. Shubhendu Saha (Valuer Registration Number: IBBI/RV/05/2019/11552) delivers independent valuation (across categories viz. land & building and plant & machinery), advisory and technical due diligence services, that combine professional expertise with comprehensive databases, analytics and market intelligence across various asset classes and locations in India.

Mr. Shubhendu Saha is registered as a valuer with the Insolvency and Bankruptcy Board of India (IBBI) for the asset class Land and Building under the provisions of The Companies (Registered Valuers and Valuation) Rules, 2017 since 15 May 2019. He completed his bachelor's in planning from the School of Planning and Architecture, New Delhi in 1997 and master's in Management studies from Motilal Nehru National Institute of Technology, Allahabad in 1999.

## 2.6 Scope of Valuation

The valuation has been undertaken to ascertain the market value of the Subject Asset forming part of the proposed TVS Infrastructure Trust as of the valuation date. The valuer has estimated the market value of each individual asset, not the value of the portfolio of assets, if sold in one transaction. In consideration of the same, a detailed assessment of the site and surroundings has been undertaken with respect to the prevalent activities, change in dynamics impacting the values and the optimal use of the Subject Asset vis-à-vis the surrounding micromarket, etc.

The primary catchment for the Subject Asset(s) has been defined as Chakan region and the surrounding areas. An in-depth research exercise has been conducted in the catchment area of the Subject Asset to ascertain the prevalent activity levels in terms of industrial segment in the vicinity of Subject Asset. This has been achieved through interactions with various market players such as local real estate brokers, developers, end-users, etc.

The location, micromarket and catchment area for the Subject Asset is tabulated below:

| Asset Name | SPV/Hold Co | City | Micromarket/ Catchment Area |
|---|---|---|---|
| Chakan Park | Durgeshwari Industrial & Logistics Parks Private Limited/ TVS ILP | Pune | Chakan |

*Source: Client Inputs*

## 2.7 Qualifications/ Valuation Standards

This valuation is prepared in accordance with the International Valuation Standards (IVS) 2022.

The team involved in this engagement comprises of valuers registered with IBBI and Royal Institute of Chartered Surveyors (RICS) members with significant experience of valuations in Indian infrastructure and real estate market.

## 2.8 Disclosures

This Valuer hereby certify that:

- iVAS Partners (Valuer Registration Number: IBBI/RV-E/02/2020/112), represented by its partner Mr. Shubhendu Saha (Valuer Registration Number: IBBI/RV/05/2019/11552), is registered as a registered valuer entity under Section 247 of the Companies Act, 2013 and The Companies (Registered Valuers and Valuation) Rules, 2017, as amended, and is eligible to be appointed as Valuer under the provisions of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, as amended and that the Valuation report has been prepared in accordance with these InvIT Regulations.

- iVAS Partners (represented by Mr. Shubhendu Saha - Partner, iVAS Partners) is not an associate of TVS Industrial & Logistics Parks Private Limited (the "Sponsor"), TVS Industrial and Logistics Park Investment Manager Private Limited (the "Investment Manager") and TVS Infrastructure Trust (the "Trust")

- The Valuer, as represented by its partner, Mr. Shubhendu Saha, has the required minimum years of experience in the valuation of infrastructure assets, as required under the SEBI (InvIT) Regulations.

- The Valuer has not been involved with the acquisition or disposal within the last twelve months of any of the asset(ies) valued under this Valuation report.

- The Valuer has adequate and robust internal controls to ensure the integrity of the Valuation reports.
- The Valuer has sufficient key personnel with adequate experience and qualification to perform services related to asset valuation at all times.
- The Valuer has sufficient financial resources to enable them to conduct their business effectively and meet their liabilities.
- The Valuer has acquainted itself with all laws or regulations relevant to such valuation.
- iVAS Partners is not prohibited from acting as a valuer under applicable law.
- The valuation of assets undertaken is impartial, true and fair and in accordance with the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, regulation 21.
- The Valuer and any of its employees/ Valuer involved in valuation of the InvIT assets are not invested in and shall not invest in units of the InvIT or in the assets being valued during the time such entity/person is designated as valuer of such InvIT and not less than 6 months after ceasing to be valuer of the InvIT.
- The Valuer has conducted the valuation of the InvIT assets with transparency and fairness and has rendered and shall render, at all times, high standards of service, exercise due diligence, ensure proper care and exercise professional judgement.
- The Valuer has acted with independence, objectivity and impartiality in performing the valuation.
- The Valuer has discharged its duties towards the TVS Infrastructure Trust in an efficient and competent manner, utilizing its knowledge, skills and experience in best possible way to complete the said assignment.
- The Valuer has not and shall not accept remuneration, in any form, for performing a valuation of the InvIT assets from any person or entity other than the TVS Infrastructure Trust InvIT or its authorized representatives.
- The Valuer has no present or planned future interest in the Management, Trustee, TVS Infrastructure Trust, the Sponsor to the TVS Infrastructure Trust and its sponsor group or the Special Purpose Vehicles (SPVs), holdcos, investment entity and the fee for this Report and the valuation exercise is not contingent upon the values reported herein. Our valuation analysis should not be construed as investment advice; specifically, we do not express any opinion on the suitability or otherwise of entering into any financial or other transaction with the Management or the SPVs/ holdcos/ investment entity.
- The Valuer shall before accepting any assignment from any related party to the TVS Infrastructure Trust, disclose to the TVS Infrastructure Trust, any direct or indirect consideration which the Valuer may have in respect of such assignment
- The Valuer shall disclose to the trustee of the TVS Infrastructure Trust, any pending business transactions, contracts under negotiation and other arrangements with the Management or any other party whom the TVS Infrastructure Trust is contracting with and any other factors which may interfere with the Valuer's ability to

give an independent and professional valuation of the asset; as on the date of valuation, there are no impediments for Valuer to give an independent professional value opinion of the asset

- The Valuer has not made false, misleading or exaggerated claims in order to secure assignments.
- The Valuer has not and shall not provide misleading valuation, either by providing incorrect information or by withholding relevant information
- The Valuer has not accepted and shall not accept an assignment that includes reporting of the outcome based on predetermined opinions and conclusions required by the TVS Infrastructure Trust
- the valuer has not accepted the said assignment which interferes with its ability to do fair valuation
- The valuation undertaken by the Valuer abides by International Valuation Standards for valuation in compliance with The Companies (Registration of Valuers and Valuation) Rules, 2017
- The Valuer understands that most of these assets are wholly/partly owned/ tenanted by related parties, hence, any transactions related to these assets from the related parties being valued would be related party transactions.
- The Valuer notes that there are encumbrances, however, no options or pre-emptions rights in relation to the assets based on the title report prepared by Cyril Amarchand Mangaldas (hereinafter collectively referred to as 'Legal Counsels'). The Valuer does not have the expertise or the preview to verify the veracity or quantify these encumbrances, disputes or claims. For the purpose of this valuation, the Valuer has assumed that the respective assets have title deeds that are clear and marketable.

## 2.9 Assumptions, Disclaimers, Limitations & Qualifications to Valuation

| | |
|---|---|
| Valuation Subject to Change: | The subject valuation exercise is based on prevailing market dynamics as on the date of valuation and does not take into account any unforeseeable developments which could impact the same in the future |
| Our Investigations: | The Valuers are not engaged to carry out all possible investigations in relation to the Subject Asset. Where in our report the Valuer identify certain limitations to our investigations, this is to enable the reliant party to instruct further investigations were considered appropriate or where the Valuer recommend as necessary prior to reliance. The Valuer are not liable for any loss occasioned by a decision not to conduct further investigations |
| Assumptions: | Assumptions are a necessary part of undertaking valuations. The Valuer adopts assumptions for the purpose of providing valuation advice because some matters are not capable of accurate calculation or fall outside the scope of our expertise, or our instructions. Assumptions adopted by iVAS Partners will be formulated on the basis that they could reasonably be expected from a professional and experienced valuer. The Reliant Party accepts that the valuation contains certain specific assumptions, and acknowledges and accepts the risk that if any of the assumptions adopted in the valuation are incorrect, then this may have an effect on the valuation |
| Information Supplied by Others: | The valuations are based on the information provided by the Client (TVS Industrial & Logistics Parks). The same has been assumed to be correct and has been used for valuation exercise. Where it is stated in the report that another party has supplied information to the 'Valuer', this information is believed to be reliable, but the 'Valuer' can accept no responsibility if this should prove not to be so.<br>We have assumed that where any information relevant to our valuation is supplied by the Instructing Party, or by any third party at Instructing Party's instigation, it is correct and comprehensive and can be safely relied upon by us in preparing our valuation. |

| | |
|---|---|
| | We would recommend that before any financial transaction is entered into based on the valuations, you obtain verification of any third-party information provided. We also recommend that you check the validity of the assumptions we have adopted in our report (where we have been unable to verify the facts through our own observations or experience) |
| Matters which affect or may affect the valuation: | If the Reliant Party becomes aware of any matters which affect or may affect the valuation, then Valuer must be advised of those matters. The Reliant Party's failure to do so will disentitle the Reliant Party to place reliance on the valuation and reliance must not be placed on the valuation/s under any circumstance |
| Future Matters: | To the extent that the valuation includes any statement as to a future matter, that statement is provided as an estimate and/or opinion based on the information known to the 'Valuer' at the date of this document. The 'Valuer' does not warrant that such statements are accurate or correct |
| Map and Plans: | Any sketch, plan or map in this report is included to assist reader while visualizing the asset and the Valuers assume no responsibility in connection with such matters.<br>Further. all maps and plans quoted in our report are solely for illustration purposes only. While they are extracted from public sources, they may be not to scale. Valuer does not warrant that such dimensions shown are accurate. |
| Site Details: | Based on title due-diligence and other information provided by the Client, the Valuer understands that the Subject Asset is free from any encroachments and are available as on the date of the valuation |
| Asset Title: | For the purpose of this valuation exercise, the Valuer has relied on the Title Reports prepared by the Legal Counsels for each of the asset and has made no further enquiries with the relevant local authorities in this regard. The Valuer understands that the Subject Asset may have encumbrances, disputes and claims. The Valuer does not have the expertise or the preview to verify the veracity or quantify these encumbrances, disputes or claims. For the purpose of this valuation, the Valuer has assumed that the respective assets have title deeds that are clear and marketable. We recommend that a suitable asset Lawyer or similar reviews these assumptions and confirm they are reasonable before relying in this report. |
| Environmental Conditions: | In preparing our valuation we assume that no contaminative or potentially contaminative use is, or has been, carried out at the property. We do not undertake any investigation into the past or present uses of either the property or any adjoining or nearby land, to establish whether there is any potential for contamination from these uses and assume that none exists. Should it, however, be subsequently established that such contamination exists at the property or on any adjoining land or that any premises have been or are being put to contaminative use, this may have a detrimental effect on the value reported |
| Town Planning: | The current zoning of the Subject Assets has been adopted on the basis of review of various documents (title deeds & approval documents) provided by the Client and the current land use maps for the micromarket. The same has been considered for the purpose of this valuation exercise. Further, it has been assumed that the development on the Subject Assets adheres/ would adhere to the development regulations as prescribed by the relevant authorities. The Valuer has not made any enquiries with the relevant development authorities to validate the legality of the same.<br>Our valuations are prepared on the assumption that the premises comply with all relevant statutory enactments and Building Acts and Regulations, that a valid and up-to-date Fire Certificate has been issued. We assume that all necessary consents, licenses and authorizations for the use of the asset and the process carried out therein have been obtained and will continue to subsist and are not subject to any onerous conditions.<br>In the event that a legal requisition or other relevant planning information or document is obtained, and the information therein is found to be materially different to the town planning information in the report, the valuation must not be relied upon before first consulting iVAS Partners to reassess any effect on the valuation/s |
| Area: | The total leasable area considered for the purpose of this valuation exercise is based on the lease deeds provided by the Client. It must be noted that the above information has been provided by the Client and has been verified based on the approvals/ layout plans/building plans provided by the Client. However, the Valuer has not undertaken additional verification and physical measurement for the purpose of this valuation exercise |

| | |
|---|---|
| Condition & Repair: | In the absence of any information to the contrary, the Valuer has assumed that there are no abnormal ground conditions, nor archaeological remains present which might adversely affect the current or future occupation, development or value of the asset; the asset is free from rot, infestation, structural or latent defect; no currently known deleterious or hazardous materials or suspect techniques will be used in the construction of or subsequent alterations or additions to the asset and comments made in the asset details do not purport to express an opinion about, or advice upon, the condition of uninspected parts and should not be taken as making an implied representation or statement about such parts |
| Not a Structural Survey: | The Valuer states that this is a valuation report and not a structural survey |
| Legal: | Unless specifically disclosed in the report, the Valuer has not made any allowances with respect to any existing or proposed local legislation relating to taxation on realization of the sale value of the Subject Asset.<br>We do not read legal documentation. Where legal documentation is provided to us, we will have regard to the matters therein but recommend that reliance should not be placed on our interpretation thereof without prior verification by your legal advisors. Unless disclosed to us, we assume that there are no outstanding statutory breaches or impending litigation in respect of the property. We further assume that all documentation is satisfactorily drawn and that unless disclosed to us, there are no unusual or onerous restrictions, easements, covenants or other outgoings which would adversely affect the value of the relevant interest(s). In respect of leasehold assets, we will assume that your landlord will give any necessary consents to an assignment. Unless notified to the contrary we assume that each property has a good and marketable title and is free from any pending litigation |
| Others: | Considering the unorganized nature of real estate markets in India, all comparable evidence (if any) provided in the valuation report has been limited to the basic details such as the area of asset, rate at which transacted, broad location, etc. other specific details would be provided only if the information is available in public domain |
| Other Assumptions: | Please note that all the factual information such as tenants' leasable area, lease details such as lease rent, lease commencement and lease end date, lock – in period, escalation terms, etc. pertaining to the Subject Assets is based on the rent roll provided by the Client and the same has been adopted for the purpose of this valuation exercise. The rent rolls have been cross-checked with copies of the lease deeds on a sample basis as shared with the valuer to verify the authenticity. Any change in the above information will have an impact on the assessed value and in that case the Valuer will have to relook at the assessed value. The relevant information sources are represented in section 5.5.<br>All measurements, areas and ages quoted in our report are approximate.<br>We are not advisors with respect to legal, tax and regulatory matters for the transaction. No investigation of the respective Special Purpose Vehicles (SPVs) holding the assets' claim to title of assets has been made for the purpose of this Report and the SPVs' claim to such rights have been assumed to be valid. No consideration has been given to liens or encumbrances against the assets. Therefore, no responsibility is assumed for matters of a legal nature |
| Flooding risk: | We have assumed that either there is no flooding risk or, if there is, that sufficient flood defenses are in place and that appropriate building insurance could be obtained at a cost that would not materially affect the capital value. |
| Site Conditions: | We do not commission site investigations to determine the suitability of ground conditions and services, nor do we undertake environmental or geotechnical surveys. We have assumed that these aspects are satisfactory and also that the site is clear of underground mineral or other workings, methane gas or other noxious substances.<br>In the case of property which may have redevelopment potential, we proceed on the basis that the site has load bearing capacity suitable for the anticipated form of redevelopment without the need for additional and expensive foundations or drainage systems (unless stated otherwise) |
| Hazardous & deleterious materials: | Unless otherwise noted, we have assumed that the improvements are free of Asbestos and Hazardous Materials, or should these materials be present then they do not pose significant risk to human health, nor require immediate removal. We assume the site is free of subsoil asbestos and have made no allowance in our valuation for site remediation works. |

| | |
|---|---|
| | Our visual inspection is an inconclusive indicator of the actual condition/presence of asbestos/hazardous materials within the property. We make no representation as to the actual status of the Property. If a test is undertaken at some time in the future to assess the degree, if any, of the presence of any asbestos/hazardous materials on site and this is found to be positive, this valuation must not be relied upon before first consulting iVAS Partners to reassess any effect on the valuation.<br><br>Unless specifically instructed, we do not carry out investigations to ascertain whether any building has been constructed or altered using deleterious materials or methods. Unless specifically notified, our valuation assumes that no such materials or methods have been used |
| Unregistered interests: | We have assumed that there are no unregistered interests or interests not captured by the applicable Regulatory Authority in the country which services are to be carried out which may affect market value. In the event that the Reliant Party becomes aware of any further or pending easements, encumbrances or unregistered interests, this valuation must not be relied upon before first consulting iVAS Partners in writing to reassess any effect on the valuation |
| Heightened Market Volatility: | We draw your attention to current heightened geopolitical tensions, low economic growth in many major countries, and a "higher for longer" interest rate sentiment which have increased the potential for constrained credit markets, negative capital value movements and continued volatility in some property markets over the short-to-medium term.<br><br>Experience has shown that consumer and investor behavior can quickly change during periods of such heightened volatility. Lending or investment decisions should reflect any heightened level of volatility and potential for changing market conditions. Lending and investment caution is advised in this regard.<br><br>It is important to note that the conclusions set out in this report are valid as at the valuation date only. Where appropriate, we recommend that the valuation is closely monitored, as we continue to track how markets respond to evolving events. |
| Construction Cost Volatility: | Although general increases in material costs have stabilized since 2022, some specialized supply chains and construction-related labor costs remain volatile with the potential for further increases. This has created uncertainty in cost estimates, which is likely to continue.<br><br>In addition, there are significant risks that delays may be encountered in sourcing specialized materials and labor, and as such, the potential for ongoing cost escalations and delays is high. This may place additional pressure on developer and contractor profit margins and development viability.<br><br>These inherent risks should therefore be given careful consideration in lending and investment decisions. Caution is advised in this regard. |

# 3 Pune – Market Structure and Conditions

## 3.1 Information

For the purpose of the valuation exercise, reliance has been made on the deliverables of CBRE South Asia Private Limited, an independent agency appointed by TVS to undertake market research, provide market commentary, and data as a part of a report (the "Industry Assessment Report") for the purpose of this assignment.

## 3.2 Demand and Supply

### 3.2.1 Demand and Supply Trends – Pune and micromarket

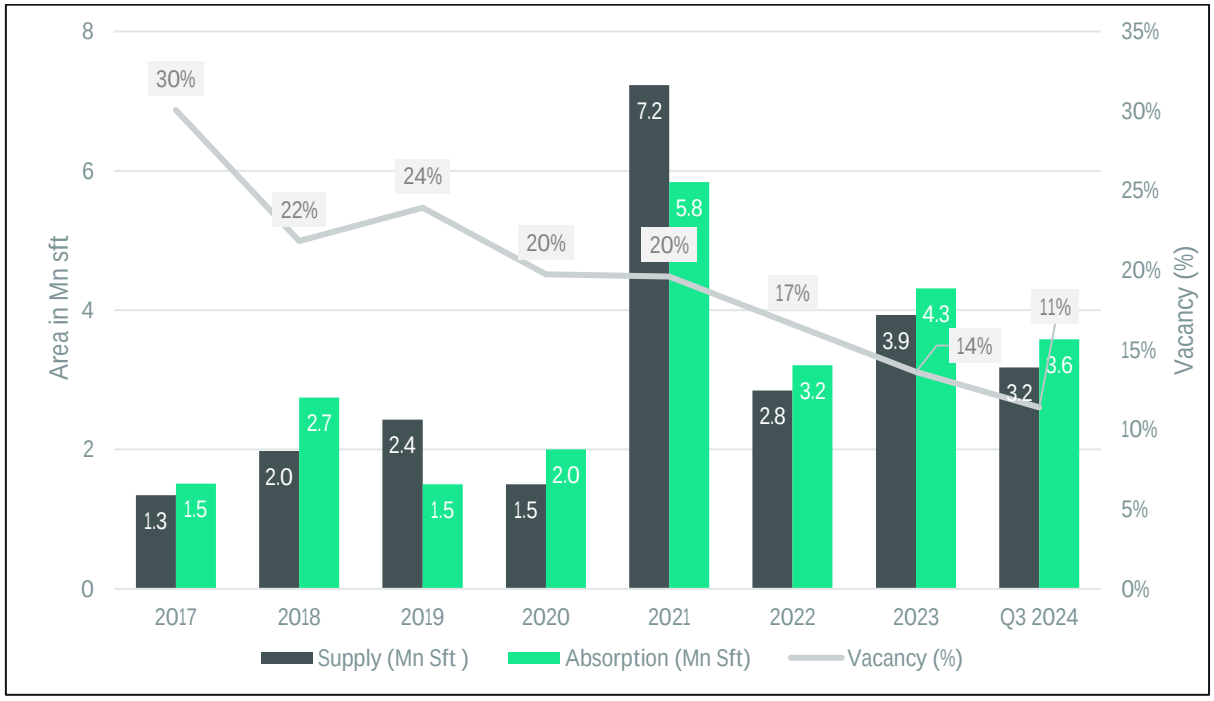
Total completed stock in Pune as of Q3, CY 2024 is 37.7 msf, out of which Chakan micromarket account for Approx. 22.5 msf.

| Building Name | Pune Overall | Chakan |
|---|---|---|
| Cumulative completed stock (Q3 2024) | Approx. 37.7 msf | Approx. 22.5 msf |
| Cumulative occupied stock (Q3 2024) | Approx. 33.4 msf | Approx. 20.3 msf |
| Current vacancy (Q3 2024) | Approx. 11% | Approx. 10 % |
| Future supply (2024 – 2028) | Approx. 10.0 – 12.0 msf | Approx. 4.0-5.0 msf |

*Source: Industry Assessment Report dated of November 31st, 2024*

Chakan region is one of the prominent industrial belts promoted by MIDC (leasehold assets) as well as non-MIDC industrial zoned areas (freehold assets). Land acquisition for all the phases in Chakan MIDC has been completed and are fully operational. Activity in MIDC areas is primarily characterized by auto manufacturing (OEMs), heavy engineering, FMCG, etc. Chakan MIDC houses several well-known industries such as Bajaj Auto Limited, Volkswagen, Mercedes, Hyundai, Mahindra and Mahindra, Tetra Pak India, Forbes Marshall, Bridgestone, etc. The non MIDC areas within Chakan industrial belt is primarily characterized by logistics facilities (i.e., primarily warehousing and assembly line and light manufacturing facilities) and small-scale light engineering facilities.

Demand – Supply Dynamics of City: Pune



*Source: Industry Assessment Report*

We have perused the information regarding the demand and supply of leased industrial and warehousing spaces within the subject micromarket, as included in the Industry Assessment Report. All the completed, grade A and grade B, multi-tenanted warehousing facilities in the influence region i.e., Chakan are included while defining the sample set for the demand supply analysis. Based on the Industry Assessment Report we understand that the subject micromarket has a cumulative vacancy of approx. 7.0-8.0% in the Grade A supply while a vacancy of approx. 9.0-10.0% overall, including grade A and grade B developments. The graph above exhibits the demand and supply levels for the completed assets at the city level.

Pune city has an overall completed supply of approx. 37.7 Mn sft. spread across Grade A and Grade B warehousing facilities out of which 33.4 Mn sft. is leased as of Q3-2024. The supply in the city increased steadily by an average of approx. 1.9 – 2.0 Mn sft between the years 2017 to 2020. In the year 2021 there was a considerable influx of supply amounting to approx. 7.23 Mn sft, due to the completion of various phases in marquee assets like KSH Park II, Global Park II, Hiranandani Phase I, Embassy Park Phase II and Indospace Phase III. The higher quantum of supply in 2021 is a result of sporadic construction activity in the year 2020 due to the COVID-19 restrictions. The city saw a robust supply in 2022, 2023 and 2024 with approx. 2.85 Mn sft, approx. 3.93 Mn sft and approx. 3.2 Mn sft added respectively, showing higher levels of supply being induced vis-à-vis pre-COVID years.

Between the years 2017 to 2024, the demand had kept pace with the supply due to various E-Commerce and 3 PL firms showing significant interest in the Chakan micromarket. Some of the major leases in this tenure include firms like- Amazon, FirstCry, DHL, Big Basket, Flipkart, Delhivery etc. Further, considering an established manufacturing ecosystem in and around Pune, the demand for warehousing facilities in key micromarkets like Chakan and Talegaon have been driven by manufacturing firms like Lumax, Haier, BMW, Tata Autocomps, Vertiv etc. Companies like Indospace, embassy, Mahindra, Gensol are looking to invest in Chakan micromarket for setting up of warehousing facilities, EV/auto/components manufacturing plants, etc. The significant demand between 2021 to 2024 is primarily driven by the supply chain disruptions during the pandemic and the need for

warehouse spaces in proximity to the Point of Sale (POS). Hence it is evident from the data detailed previously, the absorption levels have surpassed the pre-COVID demand.

Chakan micromarket has been a major contributor in the demand and supply trends at city level with a share of approx. 70.0%. The subject micromarket has emerged as an attractive industrial destination primarily on account of presence of adequate infrastructure, excellent surface connectivity, access to low-cost manpower and ease of acquiring statutory approvals (on account of presence of MIDC). Chakan has evolved into a major industrial hub due to the presence of prominent Grade A developments with superior build quality vis-à-vis other micromarkets in the city. It has seen development activities from major players like Indospace, KSH, ESR, Horizon etc, thus attracting higher rentals and superior tenant mix.

Chakan has a cumulative supply of 22.5 Mn sft out of which grade A supply is approx. 13.1 Mn sft. The vacancy of the region stands at approx. 9.0- 10.0% as of Q3-2024. The amalgamation of all the factors detailed above viz. relatively low vacancy, superior quality tenants, marquee developments, location advantage, etc. has led to prominent investment in Chakan by firms like Ascendas and Mapletree.

#### 3.2.1.1 Key Developments in micromarket

The table below highlights the prominent developments in the subject micromarket:

| Building Name | Year of Establishment | Leasable Area (sft) | Average Lease Rental (INR per sft pm) |
|---|---|---|---|
| Development 1 | 2020 | 469,056 | 28 – 30 |
| Development 2 | 2023 | 367,820 | 31 – 32 |
| Development 3 | 2022 | 879,162 | 26 – 28 |
| Development 4 | 2019 | 1,376,178 | 29 – 31 |

*Source: Industry Assessment Report, Valuer research*

#### 3.2.1.2 Future Supply

Based on the Industry Assessment Report, we understand that the micromarket of Chakan has an upcoming supply of approx. 3.0 - 4.0 Mn sft expected to be completed in 2024, 2025 and 2026. The details of few of the upcoming supply is detailed in the table below:

| Building Name | Year of Completion | Status | Location | Leasable Area (sft) |
|---|---|---|---|---|
| Development 1 | CY 2025 - 2026 | Planned | Chakan | 7,71,200 |
| Development 2 | CY 2025 – 2026 | Planned | Chakan | 7,62,475 |
| Development 3 | CY 2025 – 2026 | Planned | Chakan | 7,62,000 |
| Development 4 | CY 2025 - 2026 | Planned | Chakan | 1,50,000 |
| Development 5 | CY 2025 - 2026 | Planned | Chakan | 5,22,000 |

*Source: Industry Report and Valuer Research, based on valuer's research and interaction with market players we understand that the construction of planned supply is contingent on signing of LOIs on the precommitments of potential occupiers.*

### 3.2.2 Market Rent

The table below highlights the recent lease transactions in the micromarket:

| Year of Transaction | Chargeable Area (sft) | Tenant Sector | Micro – Market | Total Rent (INR per sft per month) |
|---|---|---|---|---|
| Q4 2023 | 1,00,000 | Engineering & Manufacturing | Chakan | 27 – 28 |
| Q4 2023 | 1,50,000 | Engineering & Manufacturing | Chakan | 28 – 29 |
| Q1 2024 | 170,000 | Auto & Ancillary | Chakan | 28 – 29 |
| Q1 2024 | 500,000 | Others | Talegaon | 23 – 24 |
| Q1 2024 | 167,000 | Engineering & Manufacturing | Talegaon | 23 - 24 |
| Q2 2024 | 125,000 | Engineering & Manufacturing | Talegaon | 26 - 27 |
| Q2 2024 | 250,000 | 3PL | Ranjangaon | 22 – 23 |
| Q3 2024 | 240,000 | Auto & Ancillary | Chakan | 29 - 30 |
| Q3 2024 | 182,000 | Engineering & Manufacturing | Chakan | 22 - 23 |
| Q3 2024 | 175,000 | Engineering & Manufacturing | Chakan | 24 - 25 |

*Source: Industry Assessment Report*

As can be observed from the table above and our interactions with other market players, the rental value in the micromarket ranges between INR 22 – 30 /sft/month (base rentals). The variance across rentals is primarily due to factors such as location, accessibility, overall tenant mix, quantum of vacant stock in the development, specifications of the block, park level infrastructure, additional improvements, etc.

## 3.3 Market Outlook

Based on the market research, we understand that the micromarket is perceived as a one of the most notable destinations for various industry players owing to the excellent connectivity (via Pune-Nashik Highway and Pune-Mumbai Expressway) to the JNPT port and the industrial centres of PMR (Pune Metropolitan Region) and Mumbai, attractive rentals, availability of developable land parcels etc. Chakan has many small- and large-scale industries which has enabled it to develop as an industrial ecosystem. Prior to 2015, the majority of the supply in PMR was in the form of Grade B and Grade C assets; however, with the advent of E-Commerce, the auto industry and the third-Party Logistics sector, the market saw growth of Grade A developments. Increased interest from institutional players, combined with improved road infrastructure, drives demand for Grade A warehouses.

Further, the Subject Asset is well positioned in the market to attract interest from occupiers owing to its location (Talawade-Chakan Road), specifications and amenities, developer's reputation, etc. Therefore, keeping in perspective the subject property's location, leasing in the micromarket, quantum of leasable area, quality of construction, developer's reputation, type of space, etc., we are of the opinion that the subject property would command a lease rental of approx. INR 28 - 30 / sft / month as on date of valuation.

# 4 Subject Asset – TVS Pune

## 4.1 Asset Description

The Subject Asset known as 'Chakan Park' is a completed and operational warehousing facility which is currently accessible via. Talawade-Chakan Road.

| Brief Description | |
|---|---|
| Particulars | Details |
| Asset Name | Chakan Park |
| Address | 338/1, Chakan, Taluka Khed, Mahalunge Village, Pune, Maharashtra- 410501 |
| Land Area | Based on review of the sale deed titled 'Conveyance Deed of Chakan' and title report, the Valuer understand that the total land area of the Subject Asset is approx. 17.09 acres |
| Leasable Area | 3,74,388 sft |

*Source: Client Inputs*

Based on the information provided by the Client, it is understood that the Subject Asset is a warehousing facility with land area admeasuring approx. 17.09 acres and leasable area admeasuring approx. 3,74,388 sft. The Subject Asset was constructed in three phases. According to the lease agreements and information provided by the Client, we understand that Phase-1 (Box 1) started operations in the year 2006, Phase-2 (Box 1) in 2009 and Phase-3 (Box 2) in the year 2011. The Subject Asset is understood to have a load bearing capacity of 5 MT/sqm and has floor finishing of high-performance concrete flooring of FM2 Concrete type. The eave height of Box 1 is 9m and for Box 2 is 12m along with a lighting (lux level) of 250 lux.

Further, based on the site inspection conducted and as per the information received from the Client, we understand that the Subject Asset has a site office which includes an Administrative Office for day-to-day operations, a Conference Hall for meetings and two Security Cabins for site safety. The asset's fire safety system has a dual pump arrangement for hydrants and sprinklers, including two jockey pumps, two electric main pumps, and one diesel pump, all supported by a fire water sump. The facility is equipped with both external and internal hydrants, alongside automatic sprinkler system. Additionally, a FAFD system and portable fire extinguishers are installed throughout to ensure robust fire protection.

The Subject Asset provides DG for power backup, street lighting all around the park, and designated parking areas for trucks, Cars and Two wheelers. The park's landscaping provides a sustainable environment, while the asset is monitored completely with CCTV & security control to ensure safety.

The subject property is currently completely leased as on date of valuation with a WALE of 2.56 years.

### 4.1.1 Site Details

**Situation:** Subject Asset – 'Chakan Park' is an operational warehousing facility located along the Talawade-Chakan Road.

**Location:** The Subject Asset is located in Chakan towards the North of Pune. The Subject Asset is located in an established industrial micromarket of Pune viz. Talawade-Chakan Road which is an internal road emanating from Talegaon-Chakan Road (NH- 548D). Further, it is well connected to important industrial hubs & major cities via NH-48, NH-60 and other internal roads. Prominent industries present within the vicinity are Bajaj Auto, Volkswagen, Hindustan Petroleum Corporation, Indospace Rohan Industrial Park, SKODA Auto etc.

The distances from key hubs to the Subject Asset are presented in the table below:

| Landmark | Distance (Km) |
|---|---|
| Chakan Junction (NH-50) | 12 – 13 |
| Mumbai-Pune Expressway | 18 – 19 |
| Pune Airport | 31 – 32 |
| Pune CBD (Peth Area) | 30 – 31 |
| Pune Railway Station | 31 – 32 |

*Source: Valuer's research*

**Catchment Analysis:** The primary catchment for the purpose of this valuation has been defined as Chakan and its adjoining micromarkets which are predominantly characterized by industrial and warehousing facilities. The micromarket is perceived as a favourable destination for various industry players owing to the excellent connectivity (via Pune-Nashik Highway and Pune-Mumbai Expressway), attractive rentals, availability of developable land parcels etc. Chakan has many small- and large-scale industries which has enabled it to develop as an industrial ecosystem. Further, owing to the growth of E-Commerce sector and its continuous demand from prominent cities like Pune, the requirement for warehousing facilities over the recent years has increased. Thus, the subject micromarket is expected to experience sustained demand and supply in the coming years.

**Surrounds:** The Subject Asset is surrounded as follows:

- North: Velangi Connectivity Pvt. Ltd.
- South: Primary access road
- East: Talawade-Chakan Road
- West: Ronch Polymers Pvt. Ltd.

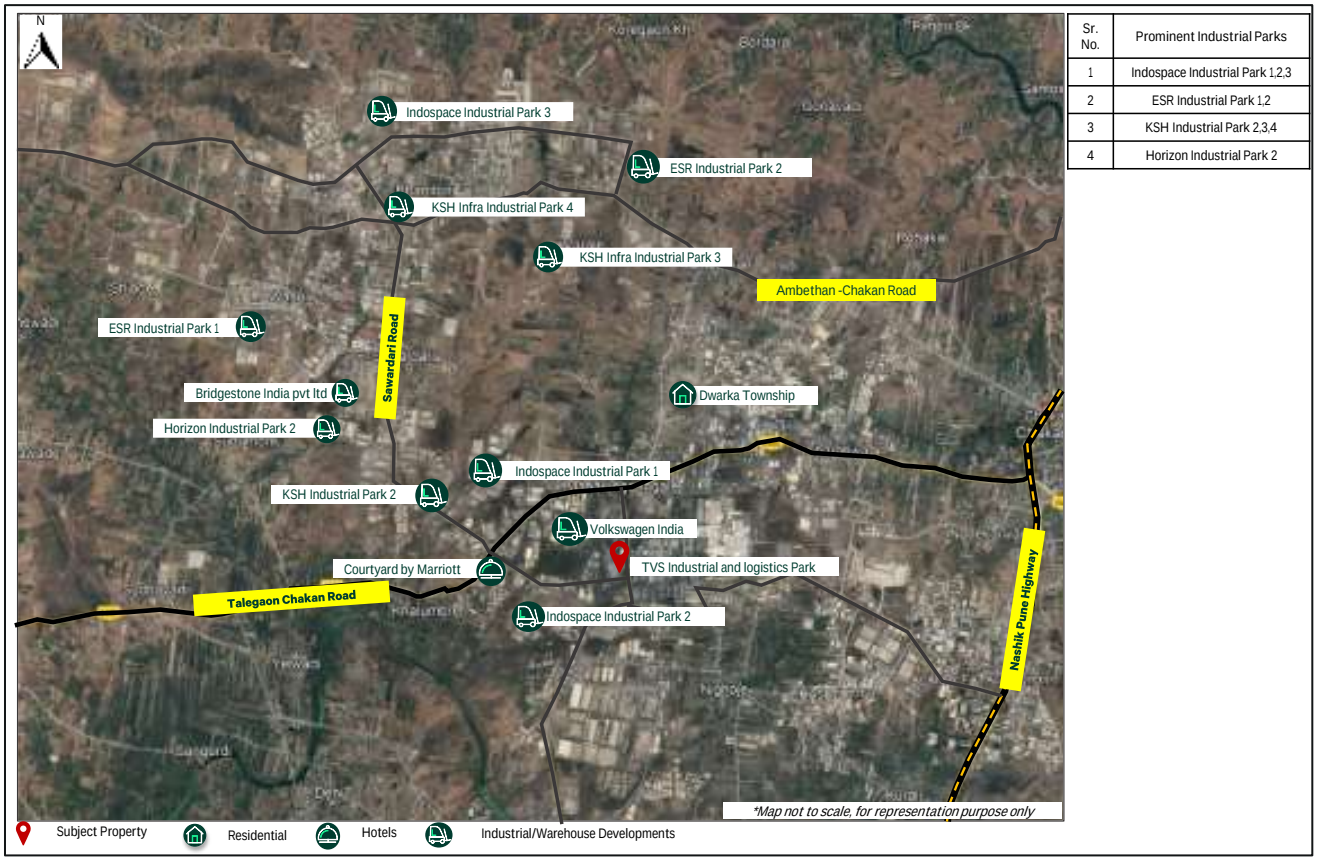
**Potential changes in surroundings:** The Subject Asset is located in close vicinity to NH-548D highway leading to micromarket such as Talegaon etc. where there is reasonable interest from developers to launch new assets comprising of largely industrial developments on the main arterial roads. The

upcoming PMRDA (Pune Metropolitan Region Development Authority) inner and outer ring road is further expected to enhance the connectivity of the region to the nearby cities.

| | |
|---|---|
| Suitability of existing use: | Considering the location and profile of surrounding developments coupled with site specific parameters, we are of the opinion that Subject Asset is suited for its current usage. |

The following map indicates the location of the Subject Asset and surrounding developments:

Location Map for the Subject Asset



| Sr. No. | Prominent Industrial Parks |
|---|---|
| 1 | Indospace Industrial Park 1,2,3 |
| 2 | ESR Industrial Park 1,2 |
| 3 | KSH Industrial Park 2,3,4 |
| 4 | Horizon Industrial Park 2 |

*Source: Valuers' research*

| | |
|---|---|
| Shape: | Based on the site plan provided by the Client and visual inspection during the site visit, it is understood that the underlying land is largely regular in shape. |
| Topography: | Based on the site plan and as corroborated with our site visit, the site appears to be on a higher elevation as abutting access roads and adjoining assets. Further, a gradient between Block 1 (Phase 1) and Block 2 at the Northern periphery of the subject property was observed during our site visit. |
| Frontage: | Based on review of site plan and visual inspection, we understand that the Subject Asset has adequate frontage along the primary access road. |
| Accessibility: | Based on the site plan provided by the Client and visual inspection, the primary access to the Subject Asset is via approx. 30 m wide primary access road. By virtue of the same the asset enjoys excellent accessibility and frontage. |

Please refer Section 7.2 Exhibit & Addendums for the site plan of the Subject Asset.

### 4.1.2 Review of sale deed or Lease agreement

As per the sale deed, we understand that the exact address of the Subject Asset is 338/1, Chakan, Taluka Khed, Mahalunge Village, Pune, Maharashtra- 410501. Additionally, it is understood that the Subject Asset is owned by Durgeshwari Industrial & Logistics Parks Private Limited and is freehold in nature.

### 4.1.3 Title Details

This valuation exercise is based on the premise that the Subject Asset has a clear title and is free from any encumbrances, disputes, claims, etc. Valuer has not made any inquiries in this regard with the relevant legal/ statutory authorities with the understanding this level of due diligence will be undertaken by the appropriate lawyers and then advised to the Valuer accordingly.

We strongly recommend the assumption the asset has a clear title is confirmed before relying on the report.

### 4.1.4 Town Planning

| | |
|---|---|
| Zoning | As per the review of the Town Planning Zoning Classification certificate provided by the Client, we understand that the Subject Asset is zoned for "Industrial" Use. The current warehousing activity is permissible under the aforesaid zoning. The same has been considered for the purpose of this valuation. Valuer has made no further inquiries with the local authorities in this regard.<br><br>For the purpose of this exercise, it has been assumed that all developments (existing / under construction / proposed) adhere to building regulations as prescribed by the relevant authorities. Valuer has not validated the information provided by the Client with the relevant development authorities. |
| Approved Usage: | Based on copies of approved plans issued by PMRDA provided by the Client and visual inspection during our site visit, the Subject Asset is a completed and operational warehousing facility. The current use of the Subject Asset is broadly in agreement with the rules and regulations as prescribed by the local development authority. However, Valuer has not made any enquiries with the relevant local authorities to validate the same for its specific applicability to the Subject Asset. |
| Restrictions: | As per feedback received from the Client, there are no other restrictions or constraints on the current use of the asset. |
| Natural or induced hazards: | We have not carried out any investigations or tests or been supplied with any information from Client or from any relevant expert that determines the presence or otherwise of pollution or contaminative substances in the Subject Asset or any other land (including any ground water).<br><br>For the purpose of assessing the vulnerability of the Subject Asset to any natural or induced disaster the location of the property with respect to risks pertaining to earthquakes, high winds/cyclone and flooding was studied. Chakan where the Subject Asset is located falls in Seismic Zone III with moderate risk. The city faces moderate risk in terms of high winds or cyclones too. The Subject Property is not likely to face any |

earthquake, cyclone or flooding risk than the overall risk profile of the city. No hazardous activity was noted in the vicinity of the Subject Asset which may expose it for any induced disaster.

Approvals: As per the documents provided by Client, we understand that the approvals mentioned in section 4.1.5.1 for the asset have been obtained. Please refer annexures for the details.

For the purpose of this exercise, it has been assumed that the Subject Asset adheres to building regulations as prescribed by the relevant authorities. Valuers have not validated the information provided by the Client with the relevant development authorities

### 4.1.5 Statutory Approvals, Sanctions & Approvals

#### 4.1.5.1 Statutory Approvals received and to be received (including One-time Sanctions & Periodic Clearances)

As per the review of documents provided by the Client, we understand that all requisite approvals have been received for the Subject Asset.

The table below highlights the status of approvals for the Subject Asset:

| Approval/NOC | Status (Applied / Received) | Authority | Date of Issue (DD-MM-YY) |
|---|---|---|---|
| Fire NOC | Received | Pune Metropolitan Region Development Authority, Pune | 19-08-2017 |
| Ground Water Abstraction NOC | Received | Department of Water Resources, River Development and Ganga Rejuvenation, Central Ground Water Authority | 29-01-2021 |
| Land Use | Received | Joint Sub-Registrar of Khed | 13-11-2007 |
| Water Supply and Electricity NOC | Received | Mahalunge Gram Panchayat | 03-01-2011 |
| Structural Stability Certificate | Received | NA | 28-03-2023 |
| Consent to Operate | Received | Maharashtra Pollution Control Board | 27-10-2023 |
| Occupancy Certificate | Received | Pune Metropolitan Region Development Authority, Pune | 25-07-2018 |

*Source: Approval documents provided by the Client*

#### 4.1.5.2 List of up to date/overdue periodic clearances

As per the details provided by the Client, it is understood that there are no overdue periodic clearances pending as of the valuation date. Please refer to section 7.0 for any additional details.

### 4.1.6 Area Details, Type and Age of Existing Structures

The table below highlights the age of the completed blocks of the Subject Asset:

| Block | Year of Completion | Age of structures (in years) | Built up Area (sft) | Completed Area (sft) | Leased Area (sft)* | Chargeable Area (sft) |
|---|---|---|---|---|---|---|
| Block 1 (Phase 1 and Phase 2) | Block 1 (Phase 1) - 2006<br>Block 1 (Phase 2) - 2009 | Block 1 (Phase 1) – 18<br>Block 1 (Phase 2) – 15 | 2,50,054 | 2,50,054 | 2,84,879 | 2,79,879 |
| Block 2 | 2011 | 13 | 77,529 | 77,529 | 89,509 | 89,509 |

*Source: Architect Certificate, rent roll provided by Client; (Please note according to the lease agreement provided by the client, it is understood that the rent is paid on the chargeable area which has been considered for the valuation exercise). Further, the above area is inclusive of block areas and open spaces.*

The table below highlights the area details of the Subject Asset:

| Blocks | Leasable area (sft) | Chargeable Area (sft) | Built-up area (sft)* | Structure Type |
|---|---|---|---|---|
| Chakan Park Block 1 (Phase 1 and Phase 2) – Part 1 | 1,64,045 | 1,64,045 | 1,59,069 | Warehouse |
| Chakan Park Block 1 (Phase 2) - Part 2 | 22,345 | 22,345 | 21,667 | Warehouse |
| Chakan Park Block 1 - Part 3 (Open Space) | 6,000 | 2,500 | | Open Space |
| Chakan Park Block 1 - Part 4 (Open Space) | 5,000 | 3,500 | | Open Space |
| Chakan Park Block 1 – Part 5 (Open Space) | 16,002 | 16,002 | | Open Space |
| Chakan Park Block 1 (Phase 2) B | 71,487 | 71,487 | 69,318 | Warehouse |
| Chakan Park Block 2A - Part 1 | 50,013 | 50,013 | 48,496 | Warehouse |
| Chakan Park Block 2A - Part 2 | 15,297 | 15,297 | 14,833 | Warehouse |
| Chakan Park Block 2B - Part 1 | 9,555 | 9,555 | | Warehouse |
| Chakan Park Block 2B - Part 2 | 14,644 | 14,644 | 14,200 | Warehouse |
| | 3,74,388 | 3,69,388 | 3,27,583 | |

*Source: Architect Certificate, rent roll provided by Client; (Please note according to the lease agreement provided by the client, it is understood that the rent is paid on the chargeable area which has been considered for the valuation exercise). Further, the above area is inclusive of block areas and open spaces*

### 4.1.7 Site Services and Finishes

| Particulars | Completed Blocks |
|---|---|
| Handover condition | Warm Shell |
| Type of Structure | PEB |
| Firefighting services | Provided. Fire NOC Available |
| Lift provision | No Lifts |
| Floor Finish | FM2 Concrete floor |
| Floor Strength | 5 MT/Sqm |
| Eave Height | Box 1 – 9 m and Box 2 – 12 m |
| Lighting (Lux Level) | 250 |
| Fire fighting | Dual pump arrangement for hydrants and sprinklers, including two jockey pumps, two electric main pumps, and one diesel pump, all supported by a fire water sump. The facility is equipped with both external and internal hydrants, alongside automatic sprinkler system. Additionally, a FAFD system and portable fire extinguishers are installed throughout to ensure robust fire protection. |
| Power Backup | DG Set 500 KVA |
| Floor Strength | 5 MT/Sqm |

### 4.1.8 Condition & Repair

Based on information provided by the Client and on the basis of our visual inspection during the site visit undertaken, it is understood that the Subject Asset is well maintained. However, considering the age of the warehousing facility and our subsequent discussion with the Client, an estimated refurbishment capex of INR 322 psf (on chargeable area) totalling to a total cost of INR 122.0 Mn has been considered in the cashflow. The same is deployed at the lease expiry of respective tenants. The capex cost includes cost for refurbishing Civil, MEP, PEB items for each block along with common infrastructure at the Subject Asset. The table below highlights the assumptions towards the refurbishment expenses/ infrastructure upgrade works in the Subject Asset:

| Expense Head | Total Cost (INR Mn) | 2025 | 2026 | 2027 | 2028 |
|---|---|---|---|---|---|
| Refurbishment capex | NA | 23.06 | 5.0 | 69.6 | 24.4 |

4.1.10 Details of the asset including whether the transaction is a related party transaction.

Please refer to the Annexure section 7.1

4.1.11 Nature of the interest the InvIT holds or proposes to hold in the asset, percentage of interest of the InvIT in the asset.

Please refer to the Annexure section 7.1

4.1.12 Structure of ownership of the asset by the InvIT

Please refer to the Annexure section 7.1

4.1.13 Description of key agreements and restrictions relevant to the asset such as terms of concession agreement, power purchase agreements, etc.

Please refer to the Annexure section 7.1

4.1.14 Life of the asset (both contractually and physical life requiring maintenance, replacement and right available to extend this life

Please refer to the Annexure section 7.1

4.1.15 Valuation of the asset in the previous 3 years

As of the date of this valuation report, the Subject Asset is not part of the Infrastructure Investment Trust (InVIT)

# 5 Valuation Approach & Methodology

## 5.1 Scope of Valuation

The valuation exercise is to assess the Market Value (MV) of the Subject Assets for the purpose of offer of units by Private Placement of TVS Infrastructure Trust under the SEBI (Infrastructure Investment Trust) Regulations, 2014, as amended. The valuations have been conducted in accordance with the IVSC International Valuation Standards, (effective 31 January 2022) and in accordance with the requirements of the SEBI (Infrastructure Investment Trust) Regulations, 2014, as amended from time to time.

This valuer has assessed the Market Value of each individual Subject Asset, not the value of the portfolio, if all Assets were sold in one transaction. Where a summation of the individual assets is provided, this is purely for reference only and should not be construed as the value of the portfolio. Kindly refer to the summary report section 1.0 for list of Subject Assets forming part of the portfolio.

## 5.2 Basis of Valuation

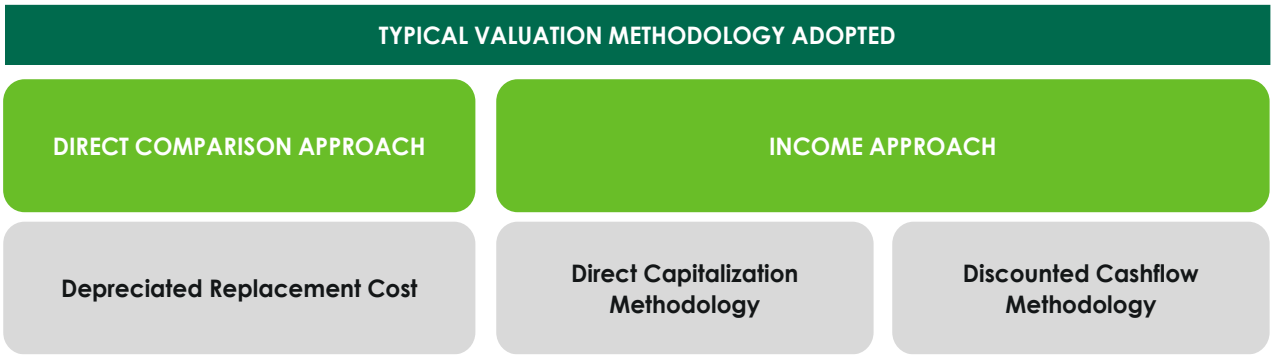
The valuations have been conducted in accordance with the IVSC International Valuation Standards issued in July 2021, effective from 31 January 2022), Regulation 21 and Schedule V of the SEBI (InvIT) Regulations, 2014 and are in compliance with the International Valuation Standards (IVS). The valuation exercise has been undertaken by appropriately qualified Valuer and assesses the Market Value of the ownership Interest in the Subject Asset.

As per the Valuation and Guidance Notes issued by the IVS, the market value is defined as:

***'The estimated amount for which** an asset or liability should exchange on the valuation date between a **willing buyer and a willing seller in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion'.***

## 5.3 Approach and Methodology

The purpose of this valuation exercise is to estimate the Market Value (MV) of the Subject Asset. Market Value can be derived through the following Methodologies:



### 5.3.1 Direct Comparison Approach

Under the 'Direct Comparison Approach', the asset is compared to similar assets that have actually been sold in an arms-length transaction or are offered for sale (after deducting for value of built-up structure located thereon). The comparable evidence gathered during research is adjusted for premiums and discounts based on asset specific attributes to reflect the underlying value of the asset.

### 5.3.2 Income Approach

The income approach is based on the premise that value of an income - producing asset is a function of future benefits and income derived from that asset. There are two commonly used methods of the income approach in real estate valuation namely, direct capitalization and discounted cash flow (DCF).

A. Direct Capitalization Method

Direct capitalization involves capitalizing a 'normalized' single - year net income estimated by an appropriate yield. This approach is best utilized with stable revenue producing assets, whereby there is little volatility in the net annual income.

B. Discounted Cash Flow Method

A Discounted Cash Flow Analysis is based upon estimates of future financial performance. The methodology begins with a set of assumptions regarding income and expenses of the asset and future economic conditions in the local market. The income and expense figures are projected with adjustments for estimated changes in economic conditions and any contractual commitments. The resultant value is considered the best estimate but is not to be construed as a prediction or guarantee and is fully dependent upon the reasonableness of the assumptions with respect to income, expenses, and market conditions, which are based on information available as at the valuation date.

## 5.4 Approach and Methodology Adopted

Considering the objective of this exercise, the nature of asset involved and the purpose of the valuation viz. to assess the Market Value (MV) of the Subject Assets for the purpose of the IPO of TVS Infrastructure Trust under the SEBI (Infrastructure Investment Trust) Regulations, 2014 'Regulation', we have adopted the methodology considering Chapter 1 section 2 point (i) of the InvIT regulation, which states that, the assets forming part of InvIT should meet among the below criteria as follow:

1. The infrastructure asset has achieved the commercial operations date as defined under the relevant asset agreement including concession agreement, power purchase agreement or any other agreement of a similar nature entered into in relation to the operation of the asset or in any agreement entered with the lenders.
2. The infrastructure asset has received all the requisite approvals and certifications for commencing operations.
3. The infrastructure asset has been generating revenue from operations for a period of not less than one year.

Hence owing to the above stated conditions, we are of the opinion that the income approach which is appropriate to value such asset based on the premise that value of an income - producing asset is a function of future benefits and income derived from that asset.

Under the Income approach, Discounted Cash Flow Analysis is based upon estimates of future financial performance which also considers the income and expenses of the asset accounting for the future fluctuations due to expected market dynamics.

Hence, for the purpose of this valuation exercise, we have adopted Discounted Cash Flow Method (using rent reversion approach).

For the purpose of this valuation exercise, we have analysed the tenancy details provided by the Client to identify variances vis-à-vis prevailing marginal rent. In the event the contracted rent is within the threshold (15.0%), we have assumed that the tenant will continue the current agreed terms. In the event the rent is higher than the

marginal rent threshold, we have assumed that the lease would be renegotiated to marginal rent terms (at the time of the lock-in expiry, next escalation, etc.).

Asset-specific Review:

1. As the first step to the valuation of the asset, the lease deeds were reviewed to identify tenancy characteristics with respect to contractual commitments and commercial covenants.
2. Title documents and architect certificates were reviewed for validation of area details, ownership of the asset.
3. The Valuer has undertaken physical site inspections to assess the status of the Subject Asset in terms of their physical configuration, capacity and upkeep.

Micromarket Review/Market Rental Assessment:

A primary research exercise has been carried out in the catchment area to ascertain the prevalent activity levels in terms of quoted / transacted evidence of the recent leasing activity for warehousing facilities. This has been achieved through interactions with various market players such as local real estate brokers, developers, owners, etc. Based on the same, we understand that variance across rentals is primarily due to factors such as type of asset, developer brand, location, accessibility, overall tenant mix, quantum of vacant stock in the development, specifications, and additional improvements, etc.

For the micromarket review and market rental assessment we have relied upon the report on 'Market Analysis of Warehousing facilities in Identified locations pan India' prepared by CBRE South Asia Private Limited, hereafter referred as 'CBRE' (an independent agency appointed by the Client to undertake market research, provide market summary and data for the purpose of this assignment)

Cash Flow Projections:

We have projected future cash flows from the Subject Asset based on existing lease terms and contractual lease payments for the operational area until the expiry of the leases or re-negotiation (using the variance analysis), whichever is earlier.

Based on a detailed review of the leases for the Subject Asset, we noted that a large number of leases at these assets were executed at rent prevalent at the time of signing of such leases or at a discount to prevailing market rental (for a few anchor tenants). Since the real estate industry is dynamic and is influenced by various factors (such as existing supply, tenants looking at spaces, quality of spaces available in the market, overall health of the economy, existing rent, future growth plans, etc.) at a particular point in time, negotiated rent may tend to move away from the prevalent market rent over a period. It has also been witnessed that the market rent for some assets or micromarkets increase or decrease at a rate significantly different from those agreed to in initial leases. These factors reinforce the need to review each of these leases in isolation to assess the intrinsic value of the asset under review.

Post this, the lease terms have been aligned with market rentals. For vacant area, the Valuer has projected the market rent led cash flows factoring appropriate lease-up time frame for vacant/under-construction/proposed area. These cash flows have been projected for 10-year duration from the date of valuation and for 11th year (for assessment of terminal value). These future financial benefits are then discounted to a present-day value (valuation date) at an appropriate discount rate.

## 5.5 Information Sources for Valuation

The asset related information referred to for the valuation exercise have been provided by the Client unless otherwise mentioned. We have assumed the documents to be a true copy of the original. The rent rolls have been cross-checked with the lease deeds on a sample basis to verify the authenticity. Additionally, wherever possible, we have independently revalidated the information by reviewing the originals as provided by the Client.

Table below highlights various data points referred throughout the course of this valuation report and the data sources for the same:

Table below highlights various data points referred throughout the course of this valuation report and the data sources for the same. asset related documents referred to in the table below have been provided to the Valuer by the Client unless otherwise mentioned. The Valuer have assumed the documents to be a true copy of the original.

# 6 Value Assessment

## 6.1 Value Assessment

### 6.1.1 Adopted Methodology

We acknowledge that the approaches to valuation differ considerably and that for a particular purpose, alternative approaches to the valuation can be utilized. Considering the objective of this exercise and the nature of asset involved, the value of the Subject Asset has been assessed through the following approaches:

| Asset Name | Completed Blocks | Under-construction Blocks |
|---|---|---|
| Chakan Park | Discounted Cash Flow<br>(Using rent reversion approach) | N.A. |

The sections below highlight the detailed valuation workings for the Subject Asset.

## 6.2 Operational Assumptions

### 6.2.1 Area statement

The table below highlights the area details of the completed blocks of the Subject Asset:

| Block | Year of Completion | Age of structures (in years) | Built up Area (sft) | Completed Area (sft) | Leased Area (sft)* | Chargeable Area (sft)* |
|---|---|---|---|---|---|---|
| Block 1<br>(Phase 1 and Phase 2) | Block 1 (Phase 1) - 2006<br>Block 1 (Phase 2) - 2009 | Block 1 (Phase 1) – 18<br>Block 1 (Phase 2) – 15 | 2,50,054 | 2,50,054 | 2,84,879 | 2,79,879 |
| Block 2 | 2011 | 13 | 77,529 | 7,529 | 89,509 | 89,509 |

*Source: Architect Certificate, Sanctioned layout plan, lease agreements provided by the Client.*

| Property | Leased Area (sft) | Chargeable Area (sft) | % of area leased | Total In-place rental (INR psf pm) |
|---|---|---|---|---|
| Chakan Park | 3,74,388 | 3,69,388 | 100% | 27.38 |

*Source: Architect Certificate, Lease deed, rent roll provided by the Client.*

## 6.3 Tenancy Analysis

### 6.3.1 Historical Occupancy Rates

The table below highlights the historical occupancy rates at the Subject Asset:

| Particulars | 2020 | 2021 | 2022 | 2023 |
|---|---|---|---|---|
| Occupancy (completed blocks) | 33.0% | 33.0% | 94.0% | 100.0% |
| Pre-Commitment (under construction blocks) | NA | NA | NA | NA |

*Source: Information provided by the Client;*

### 6.3.2 Lease Rent Analysis

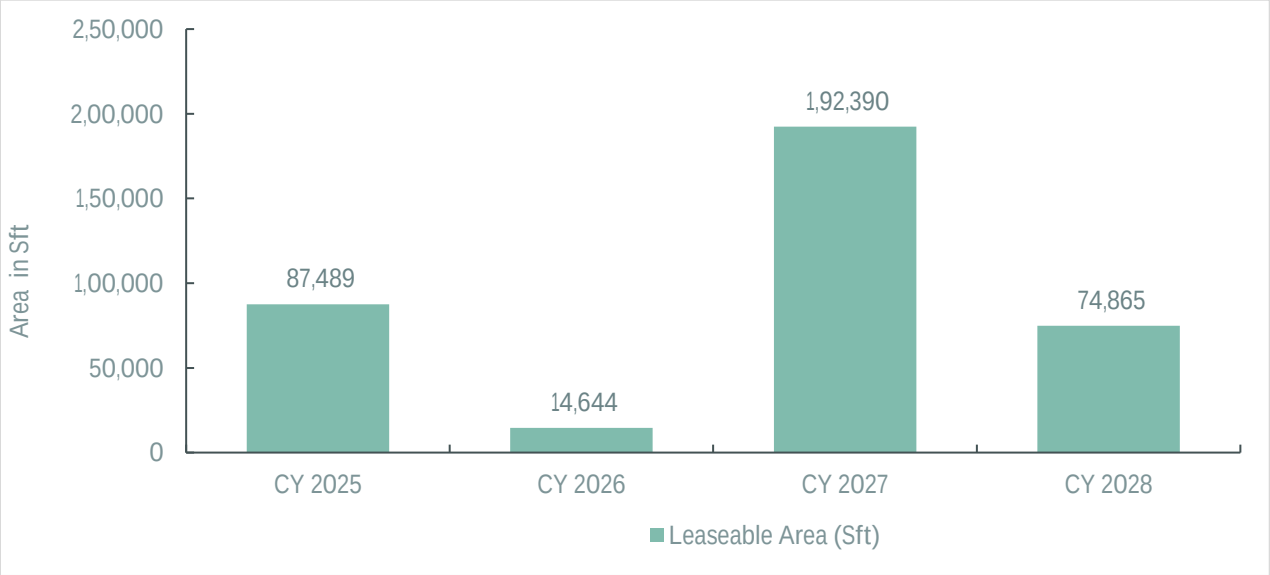
Based on the review of the Lease Deed provided by the Client, we understand that the lease agreements were signed between TVS infrastructure Pvt ltd and the tenants, details of which are mentioned below

| Tenant | Particulars | Details |
|---|---|---|
| Tenant 1 | Lease Commencement Date | 04th September 2022 |
| | Rent Commencement Date | 04th September 2022 |
| | Lock-in Period | 3 Years |
| | Lease Tenure | 5 Years |
| | Remaining Lease Tenure | 2.93 Years |
| | Lease Rent Escalation Terms | 5% every year |
| Tenant 2 | Lease Commencement Date | 01st August 2020 |
| | Rent Commencement Date | 13st September 2020 |
| | Lock-in Period | 5 Years |
| | Lease Tenure | 5 Years |
| | Remaining Lease Tenure | 0.83 Years |
| | Lease Rent Escalation Terms | 4% every year |
| Tenant 3 | Lease Commencement Date | 01stJuly 2023 |
| | Rent Commencement Date | 01stJuly 2023 |
| | Lock-in Period | 3 Years |
| | Lease Tenure | 5 Years |
| | Remaining Lease Tenure | 3.75 Years |
| | Lease Rent Escalation Terms | 5% every year |
| Tenant 4 | Lease Commencement Date | 01st August 2023 |
| | Rent Commencement Date | 01st August 2023 |
| | Lock-in Period | 3 Years |
| | Lease Tenure | 5 Years |
| | Remaining Lease Tenure | 3.83 Years |
| | Lease Rent Escalation Terms | 5% every year |
| Tenant 5 | Lease Commencement Date | 01st August 2023 |
| | Rent Commencement Date | 01st August 2023 |
| | Lock-in Period | 1 Years |
| | Lease Tenure | 3 Years |
| | Remaining Lease Tenure | 1.83 Years |
| | Lease Rent Escalation Terms | 5% every year |

*Source: Lease Deed and Client Inputs*

### 6.3.3 Lease Expiry Profile

The Weighted Average Lease Expiry (WALE) of the Subject Asset is 2.56 years, with 80% of occupied area expiring between CY 2025 and CY 2027 as shown in the chart below.



*Source: Client Inputs – Rent roll provided by the Client.*

### 6.3.4 Tenant Obligations.

Based on the review of the lease deed, we understand that the operational expenses listed below will have to be borne by the Tenant

| S. No | Description of operational expenses |
|---|---|
| 1 | Regular Maintenance |
| 2 | General Wear and Tear |
| 3 | Other Expenses such as utility charges towards any Governmental authorities or Concerned service provider. |

Contractual Rental Details

| Tenant | Leased Area (sft) | Chargeable Area (sft) | % of area leased | Total In-place rental (INR psf pm) | Total In-place rental (INR Mn pm) |
|---|---|---|---|---|---|
| Tenant 1 | 1,86,390 | 1,86,390 | 50% | 30.9 | 5.77 |
| Tenant 1 | 6,000 | 11,000 | 2% | 5.7 | 0.03 |
| Tenant 2 | 71,487 | 71,487 | 19% | 25.3 | 1.81 |
| Tenant 3 | 50,013 | 50,013 | 14% | 29.4 | 1.47 |
| Tenant 3 | 9,555 | 9,555 | 3% | 6.5 | 0.06 |
| Tenant 4 | 15,297 | 15,297 | 4% | 25.7 | 0.39 |
| Tenant 5 | 14,644 | 14,644 | 4% | 30.8 | 0.45 |
| Tenant 5 | 16,002 | 16,002 | 4% | 8.0 | 0.13 |
| Total | 3,69,388 | 3,74,388 | | 27.38 | 10.11 |

*Source: Lease Deed and Information provided by the Client*

Basis the recent transaction witnessed in the micromarket as highlighted in the previous sections and transactions witnessed in the Subject Asset, we understand that the Subject Asset would command a marginal rental (for warehouse space) of INR 28.5 – 29.5 per sf per month (say an average rental of INR 29.5 per sf per month on leasable area).

The open space area within the Subject Asset provides convenience to the tenants in the Subject Asset. Also, considering the existing leases within the subject micromarket, we have assumed lease rentals for Open Spaces in the range of INR 6.0 – 8.0 per sf per month (rental adjusted as per contracted rental for open spaces) as on date of valuation.

### 6.3.5 Construction Timelines

#### 6.3.5.1 Completed Blocks

As per inputs provided by the Client, the asset was completed in a phase-wise manner with Phase 1 (Box 1) completed and operationalised in the year 2006, Phase 2 (Box 1) completed and operationalised in the year 2009) and Phase 3 (Box 2) completed and operationalised in year 2011.

### 6.3.6 Absorption/ Leasing Velocity and Occupancy Profile

#### 6.3.6.1 Completed Blocks

As per the rent roll provided by the Client, we understand that the Subject Asset is completely leased as on date of valuation.

### 6.3.7 Revenue Assumption

#### 6.3.7.1 Warehousing Component

For the purpose of this valuation exercise, the lease rent adopted for the area already leased is based on the rent roll/lease deeds shared by the Client. Further, the Valuer has undertaken an in-depth market research exercise to assess the prevailing rent values in the subject micromarket. The same has been adopted for the vacant space on lease expiries for the purpose of this valuation exercise.

Based on our market study and based on the analysis of the rent roll provided by the Client, following rent has been adopted for the purpose of value assessment of the completed blocks at the Subject Asset. The detailed rent assessment workings are highlighted in the lease rent analysis section presented above.

| Component | Leasable Area (sft) | Chargeable Area (sft) | Leased Area (sft) | Basis | Rent Adopted* (INR psf pm) |
|---|---|---|---|---|---|
| Warehousing | 3,37,831 | 3,37,831 | 3,37,831 | Current Rent for Leased area | 27.87^ |
| | | | | Market rent for reversion/ vacant area | 29.5 |

*Source: Lease deed provided by the Client; Valuer's assessment*

The above market rent assumption is adopted for the entire Subject Asset. In addition to undertaking an in-depth market analysis, a detailed analysis of the rent rolls was also undertaken to understand aspects such as area occupied, current rent and expiry analysis of the key tenants in the park.

For the purpose of this valuation exercise, the lease rent adopted for the area already leased is based on the lease deed shared by the Client. Further, an in-depth market research exercise has been undertaken to assess the expected market rental value of the Subject Asset.

Based on our market study, we understand that the contracted rental of the Subject Asset is in line with the expected economic rental values. Hence, we have considered contracted rentals for the purpose of value assessment at the Subject Asset:

#### 6.3.7.2 Non-Warehouse Component

As per the information provided by the Client, it is understood that there is open space area measuring approx. 31,557 sft of which 100% is leased out.

The Valuers have undertaken an in-depth market research exercise to assess the prevailing rent values in the subject micromarket and existing leases of Subject Asset. The same has been adopted for the vacant space at expiries for the purpose of this valuation exercise. Given the above, we have assumed market rent in the range of INR 6.0 to 8.0 psf pm (rental adjusted as per contracted rental for open spaces) as on date of valuation.

### 6.3.8 Rent Escalation

Based on an analysis of existing lease rolls and recent leasing at the Subject Asset, it was observed that the typical escalation clause in the Subject Asset is approx. 5.0% after every year, which is in-line with the trend observed in the market. The same has been adopted for the contractual escalation at the Subject Asset.

Escalation on renewal - Based on the analysis of terms of lease deed, it was observed that the typical escalation clause in the Subject Asset is 5% per annum. However, based on the trend observed in the market, the valuer has considered a market escalation of 5% per annum.

| Particulars | Unit | Details |
|---|---|---|
| Market Rental Escalations | % p.a. | 5% per annum |

*Source: Valuer's assessment*

Market Rent Escalation - Based on the trend observed in the market and based on review of the Industry Assessment report, the valuer has considered a market escalation of 5% per annum effective from the date of valuation. The assumption for market rent for this appraisal exercise is as follows:

| Particulars | Sept 2024 | March 2025 | March 2026 | March 2027 Onwards |
|---|---|---|---|---|
| Market Rent Escalation | 29.5 | 31.0 | 32.52 | 5% escalation year on year |

*Source: Valuer's assessment*

### 6.3.9 Other Revenues

In addition to lease rent revenues, assets typically have additional sources of revenue. These include revenues on account of security deposit (refunded at the time of lease expiry / exit), other miscellaneous income etc.

The assumptions considered for the aforementioned revenue heads for the purpose of this valuation exercise are based on the rent roll & lease deeds provided by the Client. The same has been cross-checked with the prevailing market norms for other revenues and were found to be broadly in line.

The assumptions adopted for other revenues are as tabulated below:

| Nature of Income | Details | Units |
|---|---|---|
| Other Income* | 2.79% | % of Rental Income |
| Security Deposit (For vacant spaces) | 6.0 | No. of months' rental |

*Source: Valuer's assessment, *based on the asset level P&L statements shared by the Client attributable to the margins made on other services provided to the tenants*

### 6.3.10 Capital Expenditure

#### 6.3.10.1 Development Cost

Not applicable. The Subject Asset is an operational asset.

#### 6.3.10.2 Major Repair and improvements

Considering the age and physical condition of the building and as per discussion with the Client, an estimated refurbishment capex of INR 322 per sft per month (on chargeable area) totalling to a total cost of INR 125 Mn (adjusted for cost escalations) has been considered in the cashflow. The same is deployed at the lease expiry of respective tenants. The capex cost includes cost for refurbishing Civil, MEP, PEB items for each block along with common infrastructure at the subject property. The table below highlights the assumptions towards the refurbishment expenses/ infrastructure upgrade works in the Subject Asset:

| Expense Head | Total Cost (INR Mn) | 2025 | 2026 | 2027 | 2028 |
|---|---|---|---|---|---|
| Refurbishment capex | NA | 23.06 | 5.0 | 69.6 | 24.4 |

*Source: Valuer Estimate and Client inputs.*

### 6.3.11 Operating Cost

An Asset typically has few recurring operation expenses required for the upkeep running of the development. Based on information provided by the Client and market assessment, following recurring expense assumptions have been adopted for the purpose of this valuation exercise:

In addition to capital expenditure, an asset typically has few recurring operational expenses required for the up-keep and running of the asset. Based on information provided by the Client and market assessment, following recurring expense assumptions have been adopted for the purpose of this valuation exercise:

| Nature of Expense | Details |
|---|---|
| Reserves & Maintenance (R&M) Provision | 0.5% of the Rental Revenue |
| Refurbishment reserve provision | 1.5% of the Rental Revenue |
| Asset Management Fee^ | 3.0% of revenues from operations |
| CAM expense | INR 1.16 psf per month (On chargeable area) |
| Property Tax | INR 1.35 Mn per Annum |
| Insurance | INR 0.72 Mn per Annum |
| Vacancy Allowance during operations | 2.5% of revenues from operations |
| Vacancy Allowance on Exit | 2.5% of revenues from operations |

*Source: Client input; Valuer's assessment; As per the lease terms and the information provided by the Client, asset tax and insurance are to be borne by the Client; ^fees has been considered as below the NOI line item.*

### 6.3.12 Other Assumptions

#### 6.3.12.1 Vacancy provision

Based on review of the rent roll provided, we understand that that the Subject Asset is fully let with long lease periods having a WALE of 2.56 years. Considering the same alongside other asset level parameters (location, amenities, grade, infrastructure etc) and market benchmarks, the valuer has adopted a vacancy provision as follows:

| Description | Details |
|---|---|
| Vacancy Provision | During Operations – 1.0%<br>Assessment at the time of exit –2.5% |

*Source: Valuer's assessment*

#### 6.3.12.2 Revenue escalation

Based on prevailing market condition, historical rent growth achieved by the Subject Asset and our interactions with market participants, we are of the opinion that the annual marginal rent growth of 5% has been considered.

#### 6.3.12.3 Rent-free period

Based on the rent roll provided by the Client, it is understood that the existing leases have a rent-free period ranging from 1 months to 2 months from the lease-commencement date. However, based on recent market trends in the subject micromarket, we have considered a rent-free period of 3 months for new-leases and for re-leasing effective from the lease commencement date. Additionally, 3 months of downtime has been considered for new-leases and for re-leasing for the purpose of refurbishment works in the respective blocks as mentioned above.

#### 6.3.12.4 Brokerage

Based on prevalent market dynamics, we have considered brokerage equivalent to 1 month of rental income for future / new leases.

#### 6.3.12.5 CAM Cashflows

CAM Cashflows for the Subject Asset have been assessed both during the holding period and at the time of notional exit. Margin on CAM and CAM Recoveries are included in the financials as per the CAM Charge based on historical performance of the Subject Asset as per the inputs provided by the Client and market benchmarks. The same has been considered as passthrough.

Based on review of the lease agreements and based on the subsequent information provided by the Client, we understand that no split between the base rentals and CAM charges were provided to us. However, as per our discussion with the Client, 100% of the CAM Income would be received by the Client entity/ InvIT entity and 100% of the CAM Expense would be borne by tenants/ SPV.

## 6.4 Financial Assumptions

### 6.4.1 Exit Capitalization Rate Adopted

The exit capitalization rate adopted for valuing the asset has been based on factors such as:

- Historical entry yields (going in cap rates) for yield/ core warehousing facility transactions across various key markets in India have steadily shown a downward trend over last 7 - 8 years from 10.5%- 11.5% to about 7.5% - 8.5% in last 3-4 years.
- The increased appetite for income producing asset and availability of various modes of finance (real estate credit flows) backing such acquisitions.
- Yields for warehousing facilities across various markets in India have a range of 7.5 – 8.5%
- Liquidity associated with InvIT listed/ public listings (multiplicity of buyers and relatively lower budgets per buyer)

Based on the above highlighted attributes, the following cap rate has been adopted for the purpose of our valuation:

| Asset Name | SPV/Hold Co | Status of the asset | Details |
|---|---|---|---|
| Chakan Park | Durgeshwari Industrial & Logistics Parks Private Limited/ TVS ILP | Operational | 7.75% |

*Source: Valuer's assessment*

### 6.4.2 Discount Rate Adopted

For discounting the cash flows, an appropriate discount rate has been calculated on the basis of estimated 'Weighted Average Cost of Capital' (WACC), as set out below.

### 6.4.3 Cost of Equity

The Valuer has computed the cost of equity as per the Capital Asset Pricing Model (CAPM), which is derived as follows:

Cost of equity = Risk Free Rate (Rf) + Beta (**β**) * (Market Return (Rm) **–** Risk Free Rate (Rf))

As mentioned above, the cost of equity computed using CAPM constitutes of the following components:

- Risk free rate (Rf) i.e., long term (10-year) treasury bond rate in India
- Market return (Rm) based on the returns of Sensex index for the past 10 years.
- Computation of 'Beta (β)' of key listed realty stocks and REITs/ InvITs in India with respect to the Broad-Based BSE 500 stock index

The cost of equity adopted for this asset has been adjusted for market/ asset specific risk pertaining to a real estate asset such as, marketing risk, etc. and adjusted for taxation. While the assumptions regarding the quantum of these risks have no quantitative basis, we have adopted them based on our understanding of the market and our opinion on the asset performance.

### 6.4.4 Cost of Debt

The cost of debt for the subject asset has been considered based on prevalent Lease Rental Discounting (LRD) rates for Grade A warehousing facilities across the Chakan and Talegaon market which are in the range of 8.0% – 10.0% depending upon the location, asset quality, occupancy, etc.

### 6.4.5 Weighted Average Cost of Capital (WACC)

As highlighted earlier, the cost of debt has been assumed based on the prevalent LRD rates and construction financing for under-construction assets, while the cost of equity assumed has been adjusted for asset and market specific attributes to reflect the market expectations from an operational institutional development. Further, the proportion of debt and equity has been derived considering the prevalent LRD tenures and its contribution in the overall asset value.

Based on above, the following WACC rate has been assumed for the completed Chakan Park asset forming part of the InvIT portfolio:

| Asset Name | SPV/Hold Co | Particular | Proportion | Cost | WACC |
|---|---|---|---|---|---|
| Chakan Park | Durgeshwari Industrial & Logistics Parks Private Limited/ TVS ILP | Debt | 35.0% | 8.0% | 11.58% |
| | | Equity | 65.0% | 13.5% | |

*Source: Valuer's assessment; Please note that the cash flows are assumed to realize evenly during every quarter; hence a mid-quarter discounting convention has been adopted for the purpose of this valuation. Additionally, we have not factored any cash flows attributable to working capital requirement/expenses for valuation as the same is immaterial.*

## 6.5 Value of the Subject Asset

The Valuer is of the opinion that subject to the overriding stipulations contained within the body of this report and to there being no onerous restrictions or unusual encumbrances of which he has no knowledge, the opinion of value of the complete ownership interest in the Subject Asset comprising land and improvements thereon, as explained above, as on 30th September 2024 is as follows:

| Asset Name | Value (INR Mn) |
|---|---|
| Chakan Park | INR 1,670.87 Mn |

*Source: Valuer's assessment*

# 7 Exhibits and Addendums.

## 7.1 Other Mandatory Disclosures

### 7.1.1 Details of On-going material litigations including tax disputes in relation to the assets

According to the 'Litigation Details' provided by the client, it is understood that there is an ongoing Civil Suit initiated by the subject asset entity, DURGESHWARI INDUSTRIAL AND LOGISTICS PARKS PVT. LTD, against the Maharashtra Industrial Development Corporation ('MIDC') through Regular Civil Suit Case No. 26/2007, amounting to approx. INR 11.74 Mn. The suit states that the Company acquired a freehold land which was not under MIDC's jurisdiction. The Company has filed the suit in order to prevent the obstruction of road access to the property by MIDC. It should be noted that this matter was transferred following the demerger from TSVILP. The Honorable Court granted a stay against the claim by an Order dated October 17, 2007, and the status of the case remains unchanged to date. Please note that the Valuer has not investigated nor has been provided with any supporting documents.

Please refer to the section on litigations in the draft offer document for details on material litigations for various assets.

### 7.1.2 Details of options or rights of pre-emption and other encumbrances

As per our interaction with the Client and our scope of services, please note that the Valuer has not investigated nor has been provided with any supporting documents.

Please refer to the section on litigations in the draft offer document for details on material litigations for various assets

### 7.1.3 Vulnerability to natural or induced hazards that may not have been covered in town planning/ building control.

As per our interaction with the Client, the Client has confirmed that there are no vulnerabilities pertaining to the asset. Please note that the Valuer has not investigated nor has been provided with any supporting documents.

Also, in our professional judgment based on site inspection, there were no visible vulnerabilities.

### 7.1.4 Details of Revenue Pendencies including local authority taxes associated with InvIT asset and compounding.

As per our interaction with the Client, the Client has confirmed that there is no revenue pendency to the asset. Please note that the Valuer has not investigated nor has been provided with any supporting documents.

Please refer to the section on litigations in the draft offer document for details on material litigations for various assets.

Our assessment is under the assumption the asset has a clear title and is free from any encumbrances, disputes, claims that would affect the value. This should be verified by an asset lawyer prior to relying on this valuation.

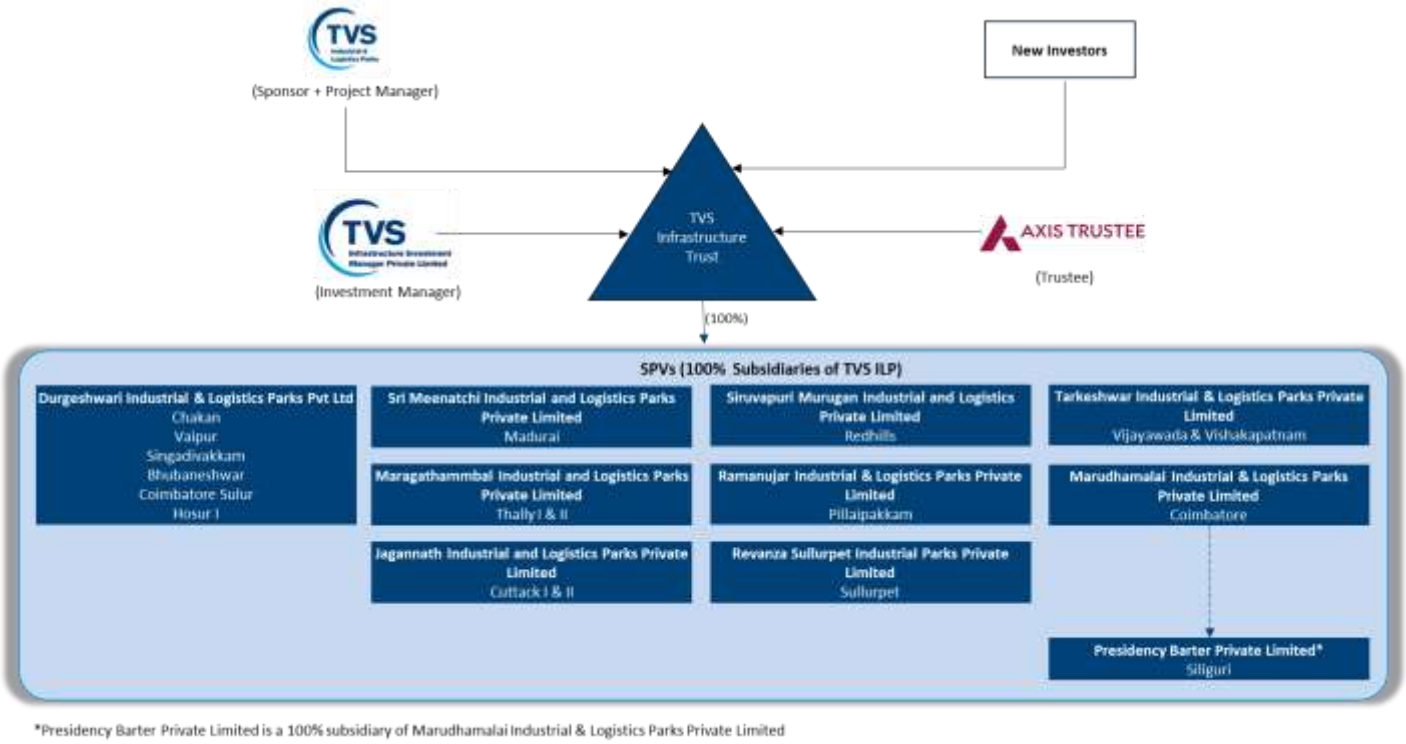
### 7.1.5 Details of the asset including whether the transaction is a related party transaction.

The asset is proposed to be acquired from the Sponsor, which is identified as related party under SEBI (InVIT) Regulations

7.1.6 Nature of the interest the InvIT holds or proposes to hold in the asset, percentage of interest of the InvIT in the asset.

As per our interaction with the client, the client has confirmed that that 100% of interest in the asset shall be held by the InvIT

7.1.7 Structure of ownership of the asset by the InvIT



*Presidency Barter Private Limited is a 100% subsidiary of Marudhamalai Industrial & Logistics Parks Private Limited

7.1.8 Description of key agreements and restrictions relevant to the asset such as terms of concession agreement, power purchase agreements, etc.

As per our interaction with the client, the client has confirmed that the same is not applicable

7.1.9 Life of the asset (both contractually and physical life requiring maintenance, replacement and right available to extend this life

| S. No | Particulars | No. of years |
|---|---|---|
| 1 | Remaining Physical Life of the Building asset requiring maintenance | Building 1 – 14.9 years |
| | | Building 2 – 16.2 years |
| 2 | Remaining Contractual Life of underlying Land | Perpetual, since the underlying land is freehold in nature |
| 3 | Right to extend the contractual life of land | Not applicable. The underlying land is freehold in nature |

Assumptions, Disclaimers, Limitations & Qualifications

*This valuation report is provided subject to assumptions, disclaimers, limitations and qualifications detailed throughout this report which are made in conjunction with those included within the Assumptions, Disclaimers, Limitations & Qualifications section located within this report.*

*Reliance on this report and extension of our liability is conditional upon the reader's acknowledgement and understanding of these statements. This valuation is for the use of the party to whom it is addressed and for no other purpose. No responsibility is accepted to any third party who may use or rely on the whole or any part of the content of this valuation. The valuer has no pecuniary interest that would conflict with the proper valuation of the asset.*

*Please note that is an executive summary and it is advisable that the report should be the valuation*

Heightened Market Volatility:

We draw your attention to current heightened geopolitical tensions, low economic growth in many major countries, and a "higher for longer" interest rate sentiment which have increased the potential for constrained credit markets, negative capital value movements and continued volatility in some property markets over the short-to-medium term.

Experience has shown that consumer and investor behaviour can quickly change during periods of such heightened volatility. Lending or investment decisions should reflect any heightened level of volatility and potential for changing market conditions. Lending and investment caution is advised in this regard.

It is important to note that the conclusions set out in this report are valid as at the valuation date only. Where appropriate, we recommend that the valuation is closely monitored, as we continue to track how markets respond to evolving events.

Notice

This Executive Summary [/Valuation Certificate] should be read in conjunction with the entire valuation report and should not be relied upon in isolation.

Valuer Declaration:

i. the valuer is competent to undertake the valuation

ii. the valuer is independent and has prepared the report on a fair and unbiased basis

iii. the valuer has valued the assets based on the valuation standards as specified under sub-regulation 10 of regulation 21

Prepared by: iVAS Partners
Valuer Registration Number: IBBI/RV-E/02/2020/112

Official Signatory :

Name: Mr. Shubhendu Saha
Designation: Partner, iVAS Partners
Valuer Registration Number: IBBI/RV/05/2019/11552

# 2 Instruction

iVAS Partners ( Valuer Registration Number: IBBI/RV-E/02/2020/112; hereinafter referred as 'Valuer') represented by its partner Mr. Shubhendu Saha, a registered valuer under the Companies Act 2013 with IBBI (Valuer Registration Number: IBBI/RV/05/2019/11552) has been instructed by TVS Industrial & Logistics Parks Private Limited (hereinafter referred as the "Instructing Party", or the "Client") to estimate upon the Market Value (MV) of an operational Warehousing asset located at Eraiyur Road, Eraiyur Village, Sriperumbudur Taluk, Kancheepuram District.

Based on information provided by the Client, we understand that the underlying land parcel of the Subject Asset admeasures approx. 10.23 acres with a total leasable and chargeable area admeasuring approx. 2,12,424 sft.

iVAS Partners is referred to as the **'Valuer'** for the purpose of this report.

The details of the Subject Asset under the purview of this valuation exercise are tabulated below:

| Asset Name | SPV/Hold Co | Asset Type | Location | Land area | No. of Blocks |
|---|---|---|---|---|---|
| TVS Industrial & Logistics Parks | Durgeshwari Industrial & Logistics Parks Private Limited | Warehouse | Vaipoor, Eraiyur | 10.23 acres | 4 |

*Source: Client Inputs*

For clarity, we are valuing the Property/ Asset only, not the SPV/Hold Co, which has been provided for reference only.

## 2.1 Purpose

As per our instructions the valuation is required by the Client for a proposed offer of units through private placement (the "Private Placement") as defined under the Securities and Exchange Board of India (Infrastructure Investment Trust) Regulations, 2014, as amended, together with clarifications, guidelines and notifications issued thereunder, on the Indian stock exchanges. In relation to the Private Placement, the Valuation report, a summary thereof and/or extracts of the report are intended to be included in the Offer Documents filed by the TVS Infrastructure Trust with the Securities and Exchange Board of India (SEBI) and the stock exchanges where the units of the InvIT are proposed to be listed.

In addition, other documents in relation to the Private Placement such as publicity material, research reports, presentations and press releases will also be prepared, wherein copies or extracts of the Summary Report are intended to be included.

## 2.2 Reliant Party

The Reliant Parties to this Summary Report will be the Client and TVS Infrastructure Trust, TVS Infrastructure Investment Manager Private Limited in its capacity as Investment Manager and TVS Industrial and Logistics Park Private Limited in its capacity as Sponsor for the purpose of the valuation as highlighted in this report. for the purpose of the valuation as highlighted in this report.

The valuation has been prepared strictly and only for the use of the parties as stated above (Reliant Parties) and for the Purpose specifically stated. The Client would make all Reliant Parties aware of the terms and conditions of this agreement under which this exercise is being undertaken and take due acknowledgements to the same effect

## 2.3 Limitation and Disclaimers to Liability

- Valuer is not operating under any financial services license when providing the Valuation Report ("Valuation Report") and this document does not constitute financial product advice. Investors should consider obtaining independent advice from their financial advisor before making any decision to invest in TVS Infrastructure Trust InvIT.

- This Valuation Report is strictly limited to the matters contained within this report, and are not to be read as extending, by implication or otherwise, to any other matter in any Offer/ Draft Placement Memorandum/ Placement Memorandum/ Final Placement Memorandum ("Offer Document"). Valuer does not approve or endorse any part of the Offer Document. Any reference to the valuer or this Valuation Report within the Offer Document must be read in conjunction with this Valuation Report.

- Valuers disclaims any liability to any person in the event of an omission from, or false and misleading statements included in the Offer Document, other than in respect of the information provided within the Valuation Report. Valuers shall not make any warranty or representation as to the accuracy of the information in any part of the Offer Document, other than in respect of the methodology used for the preparation of the information provided within the Valuation Report.

- The liability of Valuer is limited to the Instructing Party, and any Reliant Party nominated within this report only. No accountability, obligation or liability to any third parties is accepted by the valuer. Valuer disclaims all liability to any investor.

- No liability is accepted for any loss, harm, cost or damage (including special, consequential or economic harm or loss) suffered as a consequence of fluctuations in the infrastructure development subsequent to the date of valuation. Valuer shall not be liable for any indirect, special, punitive or consequential loss or damage howsoever caused, whether in contract, tort or otherwise, arising from or in connection with this Valuation Report.

- Valuer accepts no responsibility or liability whatsoever (i) unless full disclosure of all information and matters that may have an impact upon the value and marketability of the asset has been made by the Instructing Party or (ii) for any matter arising out of or in relation to possible environmental site contamination or any failure to comply with environmental legislation which may affect the value of the asset.

- None of our employees, directors or valuers individually has a contract with the Instructing Party or owes them a duty of care.

- Valuer has prepared the Valuation Report relying on and referring to information provided by the Instructing Party and/or third parties including financial and market information ("Information"). Valuers have assumed that the Information is accurate, reliable and complete and has not independently verified such Information.

- The Valuation Report draws attention to the key issues and considerations impacting value and provides a detailed assessment and analysis as well as key critical assumptions, general assumptions, disclaimers, limitations and qualifications and recommendations. As commercial investments of this nature are inherently complex and the market conditions have changed and/or have been uncertain in recent times, valuer recommends that any references to value within the Offer Document must be read and considered together with the Valuation Report.

- This Valuation Report may not be reproduced in whole or in part without the prior written approval of the valuer.

- The Valuation Report does not purport to contain all the information that a potential investor or any other interested party may require. It does not consider the individual circumstances, financial situation, investment objectives or requirements. It is intended to be used as guide and for information purposes only and does not constitute advice including without any limitation, investment, tax, legal or any other type of advice. The valuations stated are only best estimates and are not to be construed as a guarantee. Potential investors should not rely on any material contained in the Valuation Report as a statement or representation of fact but should satisfy themselves as to its correctness by independent investigation and review of the Valuation Report to understand the assumptions and methodologies stated in the reports.

- For the avoidance of doubt, all references to "Offer Document" herein shall include any Offer Document, final Offer Document, prospectus and/or any other accompanying documents required under the SEBI (InvIT) Regulations 2014.

## 2.4 Limitation and Qualification

Valuation has been conducted solely for the benefit and use of the Instructing Party, and any Reliant Party nominated within this Valuation Report. The report and valuations should not be used for any other purpose other than the expressly intended purpose as mentioned in the Valuation Report. They are not to be used, circulated, quoted or otherwise referred to for any other purpose, nor are they to be filed with or referred to in whole or in part in any document without the prior written consent of valuer where such consent to be given at the absolute, exclusive discretion of valuer, which shall not be unreasonably withheld. Where they are to be used with the valuer's written consent, they shall be used only in their entirety and no part shall be used without referring to the whole report unless otherwise expressly agreed in writing by valuer.

Neither the whole nor any part of our report, nor any reference thereto, may be included in any published document, circular or statement, nor published in any way nor disclosed orally or in communication to a third party, including the form and context in which it is to appear without valuer's prior written consent.

The valuer does not purport to provide a site or structural survey in respect of the asset(s) valued. The valuer does not purport to be suitably qualified to provide professional advice in respect of building or site contamination. The Reliant Party(ies) should seek independent advice on these issues. The Services are provided on the basis that the client has disclosed to the valuer all information which may affect the Services. All opinions expressed by the valuer, or its employees are subject to any conditions contained in the valuation report.

## 2.5 Valuer Capability

iVAS Partners, (Valuer Registration Number: IBBI/RV-E/02/2020/112), represented by its partner Mr. Shubhendu Saha (Valuer Registration Number: IBBI/RV/05/2019/11552) delivers independent valuation (across categories viz. land & building and plant & machinery), advisory and technical due diligence services, that combine professional expertise with comprehensive databases, analytics and market intelligence across various asset classes and locations in India.

Mr. Shubhendu Saha is registered as a valuer with the Insolvency and Bankruptcy Board of India (IBBI) for the asset class Land and Building under the provisions of The Companies (Registered valuers and valuation) Rules, 2017 since 15 May 2019. He completed his Bachelor in Planning from the School of Planning and Architecture,

New Delhi in 1997 and master's in client studies from Motilal Nehru National Institute of Technology, Allahabad in 1999.

## 2.6 Scope of Valuation

The valuation has been undertaken to ascertain the market value of the Subject Asset forming part of the proposed TVS Infrastructure Trust InvIT as of the valuation date. The valuer has estimated the market value of each individual asset, not the value of the portfolio of Assets, if sold in one transaction. In consideration of the same, a detailed assessment of the site and surroundings has been undertaken with respect to the prevalent activities, change in dynamics impacting the values and the optimal use of the Subject Asset vis-à-vis the surrounding micromarket, etc.

The primary catchment for the valuation has been defined as oragadam micromarket and the surrounding areas. An in-depth research exercise has been conducted in the catchment area of the Subject Asset to ascertain the prevalent activity levels in terms of residential segment in the vicinity of Subject Asset. This has been achieved through interactions with various market players such as local real estate brokers, developers, end-users, etc.

The location, micromarket and catchment area for the Subject Asset is tabulated below:

| Asset Name | SPV/Hold Co | City | Micromarket/ Catchment Area |
|---|---|---|---|
| TVS Industrial & Logistics Parks | Durgeshwari Industrial & Logistics Parks Private Limited | Sriperumbudur | Oragadam |

*Source: Client Inputs*

## 2.7 Valuer's Interest

The valuer certify that; he/they do not have a pecuniary interest, financial or otherwise, that could conflict with the proper valuation of the asset (including the parties with whom our instructing party is dealing, including the lender or selling agent, if any; accepts instructions to value the asset only from the client.

## 2.8 Qualifications/ Valuation Standards

This valuation is prepared in accordance with the International Valuation Standards (IVS) 2022.

The team involved in this engagement comprises of valuers registered with IBBI and RICS members with significant experience of valuations in Indian infrastructure and real estate market.

## 2.9 Disclosures

This valuer hereby certify that:

- iVAS Partners (Valuer Registration Number: IBBI/RV-E/02/2020/112), represented by its partner Mr. Shubhendu Saha (Valuer Registration Number: IBBI/RV/05/2019/11552), is registered as a registered valuer entity under Section 247 of the Companies Act, 2013 and The Companies (Registered Valuers and Valuation) Rules, 2017, as amended, and is eligible to be appointed as Valuer under the provisions of the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, as amended and that the Valuation report has been prepared in accordance with these InvIT Regulations.

- iVAS Partners (represented by Mr. Shubhendu Saha - Partner, iVAS Partners) is not an associate of TVS Industrial & Logistics Parks Private Limited (the "Sponsor"), TVS Industrial and Logistics Park

Investment Manager Private Limited (the "Investment Manager") and TVS Infrastructure Trust (the "Trust")

- The Valuer, as represented by its partner, Mr. Shubhendu Saha, has the required minimum years of experience in the valuation of infrastructure assets, as required under the SEBI (InvIT) Regulations.
- The Valuer has not been involved with the acquisition or disposal within the last twelve months of any of the asset(ies) valued under this Valuation report.
- The Valuer has adequate and robust internal controls to ensure the integrity of the Valuation reports.
- The Valuer has sufficient key personnel with adequate experience and qualification to perform services related to asset valuation at all times.
- The Valuer has sufficient financial resources to enable them to conduct their business effectively and meet their liabilities.
- The Valuer has acquainted itself with all laws or regulations relevant to such valuation.
- iVAS Partners is not prohibited from acting as a valuer under applicable law.
- The valuation of assets undertaken is impartial, true and fair and in accordance with the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014, regulation 21.
- The Valuer and any of its employees/ Valuer involved in valuation of the InvIT assets are not invested in and shall not invest in units of the InvIT or in the assets being valued during the time such entity/person is designated as valuer of such InvIT and not less than 6 months after ceasing to be valuer of the InvIT.
- The Valuer has conducted the valuation of the InvIT assets with transparency and fairness and has rendered and shall render, at all times, high standards of service, exercise due diligence, ensure proper care and exercise professional judgement.
- The Valuer has acted with independence, objectivity and impartiality in performing the valuation.
- The Valuer has discharged its duties towards the TVS Infrastructure Trust InvIT in an efficient and competent manner, utilizing its knowledge, skills and experience in best possible way to complete the said assignment.
- The Valuer has not and shall not accept remuneration, in any form, for performing a valuation of the InvIT assets from any person or entity other than the TVS Infrastructure Trust InvIT or its authorized representatives.
- The Valuer has no present or planned future interest in the Client, Trustee, TVS Infrastructure Trust InvIT, the Sponsor to the TVS Infrastructure Trust InvIT and its sponsor group or the Special Purpose Vehicles (SPVs), holdcos, investment entity and the fee for this Report and the valuation exercise is not contingent upon the values reported herein. Our valuation analysis should not be construed as investment advice; specifically, we do not express any opinion on the suitability or otherwise of entering into any financial or other transaction with the Client or the SPVs/ holdcos/ investment entity.
- The Valuer shall before accepting any assignment from any related party to the TVS Infrastructure Trust InvIT, disclose to the TVS Infrastructure Trust InvIT, any direct or indirect consideration which the Valuer may have in respect of such assignment
- The Valuer shall disclose to the trustee of the TVS Infrastructure Trust InvIT, any pending business transactions, contracts under negotiation and other arrangements with the client or any other party whom the

TVS Infrastructure Trust InvIT is contracting with and any other factors which may interfere with the Valuer's ability to give an independent and professional valuation of the asset; as on the date of valuation, there are no impediments for Valuer to give an independent professional value opinion of the asset

- The Valuer has not made false, misleading or exaggerated claims in order to secure assignments.
- The Valuer has not and shall not provide misleading valuation, either by providing incorrect information or by withholding relevant information
- The Valuer has not accepted and shall not accept an assignment that includes reporting of the outcome based on predetermined opinions and conclusions required by the TVS Infrastructure Trust InvIT
- The Valuer has not accepted the said assignment which interferes with its ability to do fair valuation
- The valuation undertaken by the valuer abides by International Valuation Standards for valuation in compliance with The Companies (Registration of Valuers and Valuation) Rules, 2017
- The Valuer understands that most of these assets are wholly/partly owned/ tenanted by related parties, hence, any transactions related to these assets from the related parties being valued would be related party transactions.
- The Valuer notes that there are encumbrances, however, no options or pre-emptions rights in relation to the assets based on the title report prepared by Cyril Amarchand Mangaldas (hereinafter collectively referred to as 'Legal Counsels'). The Valuer does not have the expertise or the preview to verify the veracity or quantify these encumbrances, disputes or claims. For the purpose of this valuation, the valuer has assumed that the respective assets have title deeds that are clear and marketable.

## 2.10 Assumptions, Disclaimers, Limitations & Qualifications to Valuation

| | |
|---|---|
| Valuation Subject to Change: | The subject valuation exercise is based on prevailing market dynamics as on the date of valuation and does not take into account any unforeseeable developments which could impact the same in the future |
| Our Investigations: | The valuers are not engaged to carry out all possible investigations in relation to the Subject Assets. Where in our report the valuer identify certain limitations to our investigations, this is to enable the reliant party to instruct further investigations were considered appropriate or where the valuer recommend as necessary prior to reliance. The valuer are not liable for any loss occasioned by a decision not to conduct further investigations |
| Assumptions: | Assumptions are a necessary part of undertaking valuations. The valuer adopts assumptions for the purpose of providing valuation advice because some matters are not capable of accurate calculation or fall outside the scope of our expertise, or our instructions. Assumptions adopted by iVAS Partners will be formulated on the basis that they could reasonably be expected from a professional and experienced valuer. The Reliant Party accepts that the valuation contains certain specific assumptions, and acknowledges and accepts the risk that if any of the assumptions adopted in the valuation are incorrect, then this may have an effect on the valuation |
| Information Supplied by Others: | The valuations are based on the information provided by the client (TVS Industrial & Logistics Parks). The same has been assumed to be correct and has been used for valuation exercise. Where it is stated in the report that another party has supplied information to the 'Valuer', this information is believed to be reliable, but the 'Valuer' can accept no responsibility if this should prove not to be so<br><br>We have assumed that where any information relevant to our valuation is supplied by the Instructing Party, or by any third party at Instructing Party's instigation, it is correct and comprehensive, and can be safely relied upon by us in preparing our valuation.<br><br>We would recommend that before any financial transaction is entered into based on the valuations, you obtain verification of any third-party information provided. We also recommend that you check the validity of the assumptions we have adopted in our report (where we have been unable to verify the facts through our own observations or experience) |
| Matters which affect or may affect the valuation | If the Reliant Party becomes aware of any matters which affect or may affect the valuation, then valuer must be advised of those matters. The Reliant Party's failure to do so will disentitle the Reliant Party to place reliance on the valuation and reliance must not be placed on the valuation/s under any circumstance |
| Future Matters: | To the extent that the valuation includes any statement as to a future matter, that statement is provided as an estimate and/or opinion based on the information known to the 'Valuer' at the date of this document. The 'Valuer' does not warrant that such statements are accurate or correct |
| Map and Plans: | Any sketch, plan or map in this report is included to assist reader while visualizing the Assets and the valuers assume no responsibility in connection with such matters.<br><br>Further. all maps and plans quoted in our report are solely for illustration purposes only. While they are extracted from public sources, they may be not to scale. Valuer does not warrant that such dimensions shown are accurate. |
| Site Details: | Based on title due-diligence and other information provided by the client, the valuer understands that the Subject Asset is free from any encroachments and are available as on the date of the valuation |
| Asset Title: | For the purpose of this valuation exercise, the valuer has relied on the Title Reports prepared by the Legal Counsels for each of the Assets and has made no further enquiries with the relevant local authorities in this regard. The valuer understands that the Subject Assets may have encumbrances, disputes and claims. The valuer does not have the expertise or the preview to verify the veracity or quantify these encumbrances, disputes or claims. For the purpose of this valuation, the valuer has assumed that the respective assets have title deeds that are clear and marketable. We recommend that a suitable Asset Lawyer or similar reviews these assumptions and confirm they are reasonable before relying in this report. |
| Environmental Conditions: | In preparing our valuation we assume that no contaminative or potentially contaminative use is, or has been, carried out at the property. We do not undertake any investigation into the past or present uses of either the property or any adjoining or nearby land, to establish whether there is any potential for contamination from these uses and assume that none exists. Should it, however, be subsequently established that such contamination exists at the property or on any adjoining land or that any premises have been or are being put to contaminative use, this may have a detrimental effect on the value reported |

| | |
|---|---|
| Town Planning: | The current zoning of the Subject Assets has been adopted on the basis of review of various documents (title deeds & approval documents) provided by the client and the current land use maps for the subject micromarket. The same has been considered for the purpose of this valuation exercise. Further, it has been assumed that the development on the Subject Assets adheres/ would adhere to the development regulations as prescribed by the relevant authorities. The valuer has not made any enquiries with the relevant development authorities to validate the legality of the same.<br><br>Our valuations are prepared on the assumption that the premises comply with all relevant statutory enactments and Building Acts and Regulations, that a valid and up-to-date Fire Certificate has been issued. We assume that all necessary consents, licenses and authorizations for the use of the asset and the process carried out therein have been obtained and will continue to subsist and are not subject to any onerous conditions.<br><br>In the event that a legal requisition or other relevant planning information or document is obtained, and the information therein is found to be materially different to the town planning information in the report, the valuation must not be relied upon before first consulting iVAS Partners to reassess any effect on the valuation/s |
| Area: | The total leasable area considered for the purpose of this valuation exercise is based on the inputs shared by the client. It must be noted that the above information has been provided by the client and has been verified based on the approvals/ layout plans/building plans provided by the client. However, the valuer has not undertaken additional verification and physical measurement for the purpose of this valuation exercise |
| Condition & Repair: | In the absence of any information to the contrary, the valuer has assumed that there are no abnormal ground conditions, nor archaeological remains present which might adversely affect the current or future occupation, development or value of the asset; the asset is free from rot, infestation, structural or latent defect; no currently known deleterious or hazardous materials or suspect techniques will be used in the construction of or subsequent alterations or additions to the asset and comments made in the asset details do not purport to express an opinion about, or advice upon, the condition of uninspected parts and should not be taken as making an implied representation or statement about such parts |
| Not a Structural Survey: | The valuer states that this is a valuation report and not a structural survey |
| Legal: | Unless specifically disclosed in the report, the valuer has not made any allowances with respect to any existing or proposed local legislation relating to taxation on realization of the sale value of the Subject Asset.<br><br>We do not read legal documentation. Where legal documentation is provided to us, we will have regard to the matters therein but recommend that reliance should not be placed on our interpretation thereof without prior verification by your legal advisors. Unless disclosed to us, we assume that there are no outstanding statutory breaches or impending litigation in respect of the property. We further assume that all documentation is satisfactorily drawn and that unless disclosed to us, there are no unusual or onerous restrictions, easements, covenants or other outgoings which would adversely affect the value of the relevant interest(s). In respect of leasehold Assets, we will assume that your landlord will give any necessary consents to an assignment. Unless notified to the contrary we assume that each property has a good and marketable title and is free from any pending litigation. |
| Others: | Considering the unorganized nature of real estate markets in India, all comparable evidence (if any) provided in the valuation report has been limited to the basic details such as the area of asset, rate at which transacted, broad location, etc. other specific details would be provided only if the information is available in public domain |
| Other Assumptions: | Please note that all the factual information such as tenants' leasable area, lease details such as lease rent, lease commencement and lease end date, lock – in period, escalation terms, etc. pertaining to the Subject Assets is based on the rent roll provided by the Client and the same has been adopted for the purpose of this valuation exercise. The rent rolls have been cross-checked with copies of the lease deeds on a sample basis as shared with the valuer to verify the authenticity. Any change in the above information will have an impact on the assessed value and in that case the Valuer will have to relook at the assessed value. The relevant information sources are represented in section 5.5.<br><br>All measurements, areas and ages quoted in our report are approximate. |

| | |
|---|---|
| | We are not advisors with respect to legal, tax and regulatory matters for the transaction. No investigation of the respective Special Purpose Vehicles (SPVs) holding the assets' claim to title of assets has been made for the purpose of this Report and the SPVs' claim to such rights have been assumed to be valid. No consideration has been given to liens or encumbrances against the assets. Therefore, no responsibility is assumed for matters of a legal nature<br><br>The current in-place rentals for the manufacturing company is 53.64 Block II (59,985), 47.10 Block III (34,280) and 36.92 Block IV (23,204). We understand that the rentals are inclusive of fitouts, the breakup or the asset specification for which is unavailable. Hence, we have assumed the in-place rentals minus market rentals to be the fitout rentals. |
| Flooding risk: | We will assume that either there is no flooding risk or, if there is, that sufficient flood defenses are in place and that appropriate building insurance could be obtained at a cost that would not materially affect the capital value. |
| Site Conditions: | We do not commission site investigations to determine the suitability of ground conditions and services, nor do we undertake environmental or geotechnical surveys. We have assumed that these aspects are satisfactory and also that the site is clear of underground mineral or other workings, methane gas or other noxious substances.<br><br>In the case of property which may have redevelopment potential, we proceed on the basis that the site has load bearing capacity suitable for the anticipated form of redevelopment without the need for additional and expensive foundations or drainage systems (unless stated otherwise) |
| Hazardous & deleterious materials | Unless otherwise noted, we have assumed that the improvements are free of Asbestos and Hazardous Materials, or should these materials be present then they do not pose significant risk to human health, nor require immediate removal. We assume the site is free of subsoil asbestos and have made no allowance in our valuation for site remediation works.<br><br>Our visual inspection is an inconclusive indicator of the actual condition/presence of asbestos/hazardous materials within the property. We make no representation as to the actual status of the Property. If a test is undertaken at some time in the future to assess the degree, if any, of the presence of any asbestos/hazardous materials on site and this is found to be positive, this valuation must not be relied upon before first consulting iVAS Partners to reassess any effect on the valuation.<br><br>Unless specifically instructed, we do not carry out investigations to ascertain whether any building has been constructed or altered using deleterious materials or methods. Unless specifically notified, our valuation assumes that no such materials or methods have been used |
| Unregistered interests | We have assumed that there are no unregistered interests or interests not captured by the applicable Regulatory Authority in the country which services are to be carried out which may affect market value. In the event that the Reliant Party becomes aware of any further or pending easements, encumbrances or unregistered interests, this valuation must not be relied upon before first consulting iVAS Partners in writing to reassess any effect on the valuation |
| Heightened Market Volatility | We draw your attention to current heightened geopolitical tensions, low economic growth in many major countries, and a "higher for longer" interest rate sentiment which have increased the potential for constrained credit markets, negative capital value movements and continued volatility in some property markets over the short-to-medium term.<br><br>Experience has shown that consumer and investor behaviour can quickly change during periods of such heightened volatility. Lending or investment decisions should reflect any heightened level of volatility and potential for changing market conditions. Lending and investment caution is advised in this regard.<br><br>It is important to note that the conclusions set out in this report are valid as at the valuation date only. Where appropriate, we recommend that the valuation is closely monitored, as we continue to track how markets respond to evolving events. |

# 3 Chennai – Market Structure and Conditions

## 3.1 Information

For the purpose of the valuation exercise, reliance has been made on the deliverables of CBRE South Asia Private Limited, an independent agency appointed by TVS to undertake market research, provide market commentary, and data as a part of a report (the "Industry Assessment Report") for the purpose of this assignment.

## 3.2 Demand and Supply

### 3.2.1 Demand and Supply Trends – Chennai and Micromarket

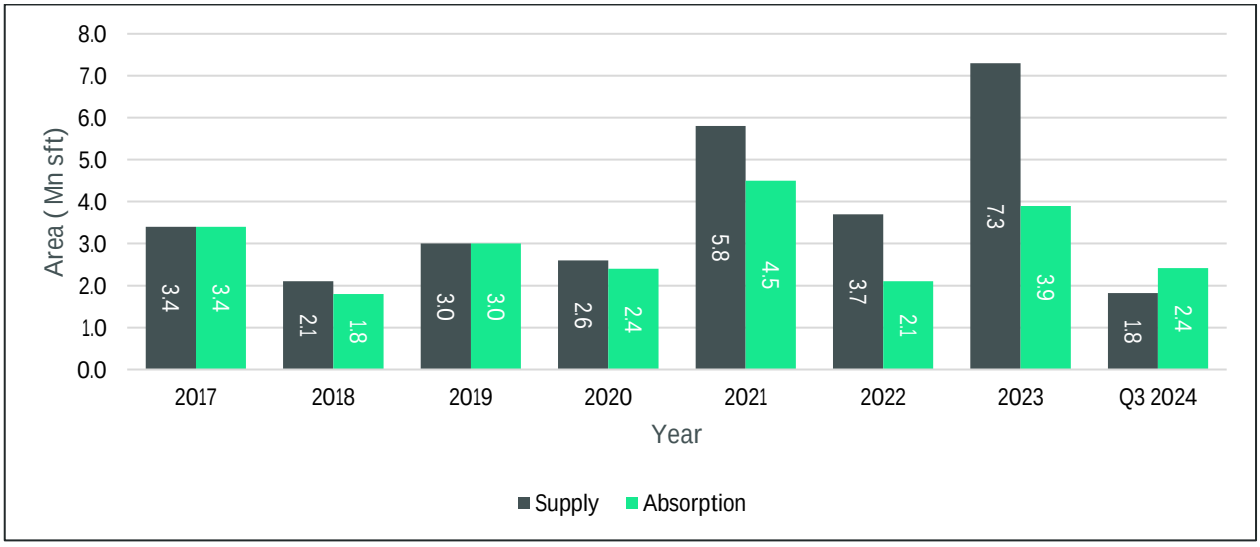
Total completed stock in Chennai as of Q3, CY 2024 is 46.12 msf, out of which Oragadam micromarket account for Approx. 10.9%

| Particulars | Details |
|---|---|
| Cumulative completed warehouse stock (Q3 2024) | Approx. 46.12 msf |
| Cumulative occupied stock ( Q3 2024) | Approx. 41.07 msf |
| Current vacancy ( Q3 2024) | Approx. 10.9 % |
| Future supply (2024 – 2026) | 5.0 to 6.0 Mn Sft |

*Source: Industry Assessment Report dated of March 31, 2024*

Chennai has approx. 46.12 mn sft of operational warehouse stock out of which approx. 41.07 mn sft is occupied. The stretches of NH 16 belt (stretch 1) and Western Vector constitute to approx. 54% of the cities total supply. Industrial and Warehousing market of Chennai is primarily driven by the demand arising from Third party logistics, Auto and Auto Components, Electric and Electronic goods, FMCG etc. The city predominantly houses Grade A developments (approx. 49.4%), Grade B developments (approx. 46.2%) & Grade C developments (approx. 4.4%).

Demand – Supply Dynamics of City: Chennai



*Source: Industry Assessment Report*

Snapshot of West Oragadam Warehousing Market

| COMPLETED SUPPLY | VACANCY | GRADE A SUPPLY | GRADE A VACANCY | SHARE OF GRADE A SUPPLY IN CHENNAI | UPCOMING SUPPLY | LAND VALUES (INR MN/ACRE) |
|---|---|---|---|---|---|---|
| 12.2 Mn sft | 10– 11% | 10.3 Mn sft | 11 – 12% | 44% | 4.5 – 5.4 Mn sft | 40 - 45 |

Source: CBRE Research; Updated as of Q3 2024

Presence of SIPCOT Industrial Park, connectivity via SH 57 (proposed Peripheral Ring Road) and proximity to National Highway 48 and availability of large tracts of developable land parcels have resulted in this location in becoming a hub for warehousing activity. Oragadam vector emerged as a spill over demand from NH-48 corridor that houses the prominent fortune 500 companies and major Global automotive companies.

The tenants in this market predominantly prefer quality Grade A warehousing space due to requirements of high roofing and load bearing capacity of floor. Demand for warehousing space in this region is predominantly driven by Auto and Auto ancillary industries located within and outside the SIPCOT industrial parks.

Automobile, Logistics and FMCG are key industries in the micro-market with tenants such as Nissan Motor, Royal Enfield, Reliance, SV Global Logistics, TPI Composites. .

We have analysed the demand and supply of leased industrial and warehousing spaces within the subject micromarket. All the completed, grade A and grade B, multi-tenanted warehousing and logistics developments in the Oragadam are included while defining the sample set for the demand supply analysis. Based on our market research, we understand that the subject micromarket has a cumulative vacancy of approx. 22-23% in the grade A supply while a vacancy of approx. 23-24% overall, including grade A and grade B developments. The table below exhibits the demand and supply levels for the completed assets at the city level.

### 3.2.1.1 Key Developments in Micromarket

The table below highlights the prominent developments in the subject micromarket:

| Building Name | Year of Establishment | Leasable Area (sft) | Average Lease Rental (INR per sft pm) |
|---|---|---|---|
| ESR Group | 2023 | 60,000 | 24 – 25 |
| GreenBase Hiranandani - Ph 1 - Box 7 | 2023 | 150,000 | 23 – 24 |
| NDR Warehousing - Phase 1 | 2023 | 250,000 | 24 – 25 |
| ESR 1 - Phase I Box 1 | 2022 | 600,000 | 22 – 24 |

*Source: Industry Assessment Report*

#### 3.2.1.2 Future Supply

Based on the market research, we understand that the micromarket of Oragadam has an upcoming supply of approx. 1.5 Mn sft expected to be completed in 2025. The details of the same are as below:

| Building Name | Year of Completion | Status | Location | Leasable Area (sft) |
|---|---|---|---|---|
| ESR | 2025 | Planned | Oragadam | 1,200,000 |
| Greenbase Hiranandani | 2025 | Planned | Oragadam | 300,000 |

*Source: Industry Assessment Report*

### 3.2.2 Market Rent

The table below highlights the recent lease transactions in the micromarket:

| Date of Transaction | Chargeable Area (sft) | Lessee | Name of the Building | Total Rent (INR per sft per month) | Description |
|---|---|---|---|---|---|
| Q1 2024 | 1,20,000 | Pegatron | Indospace Vallam | 30 | Base Rental |
| Q3 2023 | 40,000 | Amphenol | Individual Developer-Oragadam-Phase I-Box 1 | 25 | Base Rental |
| Q1 2023 | 60,000 | Checkpoint Logistics | ESR Group-Oragadam-Phase I-Box 3 | 24 | Base Rental |

*Source: Industry Assessment Report*

As can be observed from the table above and our interactions with other market players, the rental value in the micromarket ranges between INR 25 - 30/sft/month (base rentals). The variance across rentals is primarily due to factors such as location, accessibility, overall tenant mix, quantum of vacant stock in the development, specifications of the block, park level infrastructure, additional improvements, etc.

## 3.3 Market Outlook

Based on the market research, we understand that the Excellent connectivity, proximity to critical industrial centres, land availability, and the presence of a warehousing ecosystem are the primary demand drivers for this vector. There is a projected supply of approximately 5.0 to 6.0 mn sft in Oragadam over the next 3-5 years. Based on the historical absorption observed in the Oragadam market, it is reasonable to anticipate a demand of approximately 1.5 to 2.0 mn sft.

The demand driver for this vector is primarily driven by being located within the expansion of the Oragadam industrial corridor with small scale manufacturing activities happening in Vaipoor and adjoining markets. connectivity, proximity to critical industrial centres, land availability, and the presence of a warehousing ecosystem are the primary demand drivers for this vector.

Chennai markets have been witnessing linear growth in the supply and demand over the past 4-5 years for warehousing spaces. While the western part of Chennai is considered a prominent segment for Manufacturing the North is chosen by logistic players given its easy access to Chennai port. Vaipoor by virtue of falling in the western part of Chennai is gaining traction due to its access to manufacturing hub of Chennai. Enormous small to mid-scale glass manufacturers, automobile manufacturers, electronic and home appliances manufacturers have their facilities set up in closer vicinity to Oragadam Industrial corridor. This is expected to further bolster the growth prospects of Vaipoor especially for warehousing market given the availability of larger land parcels and development potential.

Further, the Subject Asset is well positioned in the market to attract interest from occupiers owing to its location, specifications and amenities, developer's reputation, etc. Therefore, keeping in perspective the subject property's location, leasing in the micromarket, quantum of leasable area, quality of construction, developer's reputation, type of space, etc., we are of the opinion that the subject property would command a lease rental of approx. INR 25 - 30 / sft / month as on date of valuation.

# 4 Subject Asset – TVS Vaipoor

## 4.1 Asset Description

The subject development christened 'TVS Industrial & Logistics Parks' is an operational warehousing facility with total leasable area of 2,12,424 sft located at Survey No: 228/4, 5A, 5B, 246/1, 2, 3, 250/3A, 251/12, 3A2, 3B2, 3C2, 6B, 7A1, 7A2, 7B1B, 7B1C2, 7B1C3, 7B14C4, 7B1C5, 7B1C6, 7B1C7, 7B1D, 7B2, 7B3, 7C2, of Eraiyur Village, Sriperumbudur Taluk, Kancheepuram District. The Subject Asset is located along Eraiyur Road which emanates from Vandalur - Oragadam - Walajabad Road which connects Walajabad and Vandalur.

Based on the review of sanctioned layout shared by the Client and subsequent site visit undertaken, it is understood that the Subject Asset is an operational warehousing facility, located along Eraiyur Road, Eraiyur Village, Sriperumbudur Taluk, Kancheepuram District. The Subject Asset is spread across a land area of approx. 10.23 acres with four completed blocks (Block – I, Block – II, Block – III, and Block – IV) having a cumulative leasable area and a chargeable area of of approx. 2,12,424 sft.

The Subject Asset is contiguous in nature, even in terrain, is broadly regular in shape and on the same level as abutting road and adjoining properties. Also, the Subject Asset has limited frontage along the access road. The access road abuts the Subject Asset in its western side.

The Subject Asset is a grade A warehouse with PEB structures having all requisite facilities such as DG and Transformer Yard, Sewage Treatment Plant, Water Treatment Plant, Storm water network, Fire Fighting Systems of NFPA/NBC standard with requisite parking facilities for trucks.

As at the valuation date the Subject Asset is fully let to 2 tenants at a total current annual rent of 101.85 Mn (including mezzanine area rentals) and with a Weighted average lease expiry (WALE) of 4.35 years. The main tenant is a manufacturing company with 55% of the leasable area and accounting for approx. 67% of the current rent.

| Brief Description | |
|---|---|
| Particulars | Details |
| Asset Name | TVS Industrial & Logistics Parks |
| Address | Eraiyur Village, Sriperumbudur Taluk, Kancheepuram District |
| Land Area | Based on the sale deed shared by the client, it is understood that the Subject Asset is built over a land measuring approx. 10.23 acres |
| Leasable Area | 2,12,424 sft |

*Source: Client Inputs*

### 4.1.1 Site Details

Situation: Subject Asset – 'TVS Industrial & Logistics Parks' is an operational warehousing facility located Eraiyur Village, Sriperumbudur Taluk, Kancheepuram, Tamil Nadu.

Location:

The Subject Asset is located along Eraiyur Road which emanates from Vandalur - Oragadam - Walajabad Road which connects Walajabad and Vandalur. The Subject Asset is located in Eraiyur Village, Sriperumbudur Taluk, Kancheepuram, Tamil Nadu.

The distances from key hubs to the Subject Asset are presented in the table below:

| Landmark | Distance (Km) |
|---|---|
| National Highway – 48 | 3 – 4 |
| SIPCOT Industrial Park Vallam | 6 - 7 |
| Chennai International Airport | 30 - 31 |
| Nungambakkam (CBD of Chennai) | 45 – 46 |
| Chennai Central Railway Station | 50 - 52 |

Catchment Analysis:

The primary catchment for the purpose of this valuation has been defined as Vaipoor and its adjoining micromarkets such as Eraiyur, Vallam (within the Oragadam market of Chennai) which are predominantly characterized by industrial/warehousing facility. The subject property is in close proximity to NH48 which provides excellent connectivity between these industrial areas of Chennai such as Sriperumbudur, Kunnam, Oragadam, Vallam, etc., which houses many national and international industrial companies.

Surrounds:

The Subject Asset is surrounded as follows:

- North: Private Property
- South: Private Property
- East: Private Property
- West: Access Road

Potential changes in surroundings:

By virtue of being located in proximity to NH – 48 (Vandalur – Oragadam – Walajabad Road) coupled with the proximity to key economic hubs viz. industrial hubs of Oragadam, Vallam, Sriperumbudur, etc., the subject micromarket is well poised to attract increased demand for industrial segment. In addition, the subject location enjoys adequate availability of developable land parcels (held by prominent developers) which could lead to launch/ development of medium to large-scale industrial developments over the medium to long term time frame.

Further, infrastructure initiatives such as Chennai Bangalore Expressway, Chennai Outer Ring Road, Chennai Peripheral Ring Road etc., is also expected to propel the growth in this corridor by enhancing the connectivity within and outside the city.

Suitability of existing use:

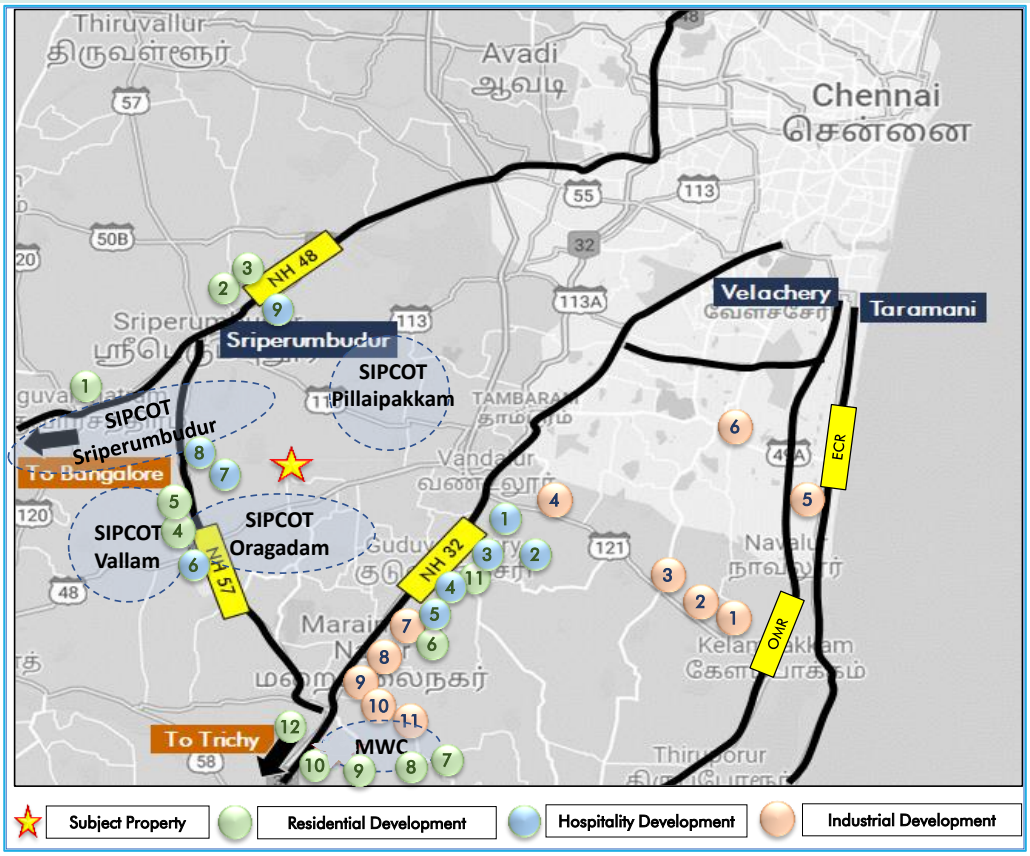
As per information received from the client, we understand that the Subject Asset is an operational warehousing facility. The current use of the property i.e. 'Industrial & Logistic Park' is as per the usage permitted by the development authority. We have not verified the

same from the Director of Town and Country Planning (DTCP), local panchayat or inspected any documentary evidence to the same.

Also considering the nature of subject development coupled with the location and profile of the surrounding developments, the use of the Subject Asset is opined to be in conformity with the envisaged development.

The following map indicates the location of the Subject Asset and surrounding developments:

Location Map for the Subject Asset



| Industrial Developments | Residential Developments | Hospitality Developments |
|---|---|---|
| 1. Butterfly Limited | 1. Globevill, ETA Apartments | 1. Kalyan Grannd |
| 2. TAFE Product Training Centre | 2. Prince Residenzia | 2. Oyo Notos |
| 3. Springfeel Polyurethane Foams | 3. VGN Brixton | 3. Ram Residency |
| 4. Super Auto Forge | 4. Casagrande Arena | 4. SRM Hotel |
| 5. Infosys | 5. Akshaya Metropolis | 5. Vaasi Palace |
| 6. ELCOT | 6. PdotG Matrix | 6. Hotel Mercury |
| 7. Rane TRW | 7. Avigna Celeste | 7. Hotel Villa Highnest |

Shape: Based on the site plan provided by the client and visual inspection during the site visit, it is understood that the underlying land is broadly regular in shape.

| | |
|---|---|
| Topography: | Based on the site plan and as corroborated with our site visit, the site appears to be even and is at the same level as abutting access roads and adjoining Assets. |
| Frontage: | Based on review of site plan and visual inspection, we understand that the Subject Asset has limited frontage along the access road. |
| Accessibility: | Based on the site plan provided by the client and visual inspection, the access to the Subject Asset is along Eraiyur Road, Eraiyur Village, Sriperumbudur Taluk, Kancheepuram District. By virtue of the same the asset enjoys excellent accessibility and frontage.<br>Please refer Section 7.0 Exhibit & Addendums for the site plan of the Subject Asset. |

### 4.1.2 Review of sale deed or Lease agreement

As per the sanctioned layout plan provided by the client, we understand that the exact address of the Subject Asset is Eraiyur Village, Sriperumbudur Taluk, Kancheepuram District . Additionally, it is understood that the Subject Asset is owned by TVS Infrastructure Private Limited and is freehold in nature.

### 4.1.3 Title Details

This valuation exercise is based on the premise that the Subject Asset has a clear title and is free from any encumbrances, disputes, claims, etc. Valuer has not made any inquiries in this regard with the relevant legal/ statutory authorities with the understanding this level of due diligence will be undertaken by the appropriate lawyers and then advised to the Valuer accordingly. We strongly recommend the assumption the asset has a clear title is confirmed before relying on the report.

### 4.1.4 Town Planning

| | |
|---|---|
| Zoning | As per the review of the inputs shared by the client, we understand that the Subject Asset is zoned for "Industrial" Use. The same has been considered for the purpose of this valuation. Valuer has made no further inquiries with the local panchayat, DTCP or any other authority in this regard.<br>For the purpose of this exercise, it has been assumed that all developments (existing / under construction / proposed) adhere to building regulations as prescribed by the relevant authorities. Valuer has not validated the information provided by the client with the relevant development authorities. |
| Approved Usage: | The Subject Asset is partly an operational and partly an under-construction warehouse development. The current use of the Subject Asset is broadly in agreement with the rules and regulations as prescribed by the local development authority. However, Valuer has not made any enquiries with the relevant local authorities to validate the same for its specific applicability to the Subject Asset. |
| Restrictions: | As per feedback received from the client, there are no other restrictions on the current use of the asset. |
| Natural or induced hazards: | We have not carried out any investigations or tests or been supplied with any information from Client or from any relevant expert that determines the presence or otherwise of pollution or contaminative substances in the Subject Asset or any other land (including any ground water). |

For the purpose of assessing the vulnerability of the Subject Asset to any natural or induced disaster the location of the property with respect to risks pertaining to earthquakes, high winds/cyclone and flooding was studied. Eraiyur Village where the Subject Asset is located falls in Seismic Zone II (least active) with low risk. The city faces low risk in terms of high winds or cyclones too given that the subject property falls in high-lying area as per the topographic map. No hazardous activity was noted in the vicinity of the Subject Asset which may expose it for any induced disaster.

Approvals: As per the documents provided by Client, we understand that the approvals mentioned in section 4.1.5.1 for the asset have been obtained. Please refer annexures for the details.

For the purpose of this exercise, it has been assumed that all developments adhere to building regulations as prescribed by the relevant authorities. Valuers have not validated the information provided by the client with the relevant development authorities

## 4.1.5 Statutory Approvals, Sanctions & Approvals

### 4.1.5.1 Statutory Approvals received and to be received (One-time Sanctions & Periodic Clearances)

As per the review of documents provided by the client, we understand that all requisite approvals have been received for the Subject Asset.

The table below highlights the status of approvals for the Subject Asset:

| Approval/NOC | Status (Applied / Received) | Authority | Date of Issue (DD-MM-YY) |
|---|---|---|---|
| Fire NOC | Received | Fire and Rescue Department | 11-12-2023 |
| Agriculture NOC | Received | Agriculture Department, Government of Tamilnadu | 22-05-2009 |
| Building Permit/Planning Approval | Received | Panchayat Union, Sriperumbudur | 03-06-2013 |
| Consent for Establishment – Air & Water | Received | Tamilnadu Pollution Control Board, Coimbatore | 21-03-2022 |

*Source: Approval documents provided by the Client*

### 4.1.5.2 List of up to date/overdue periodic clearances

As per the details provided by the Client, we understand that there are no overdue periodic clearances. Please refer section 7.3 for any further details

### 4.1.6 Area Details, Type and Age of Existing Structures

The table below highlights the age of the completed blocks of the Subject Asset:

| Block | Total Area (sft) | Operational Area (sft) | Under-Construction Area (sft) | Year of Completion |
|---|---|---|---|---|
| Vaipur Park – Block I | 94,955 | 94,955 | N.A. | Q1 2020 |
| Vaipur Park – Block II | 59,985 | 59,985 | N.A. | Q4 2009 |
| Vaipur Park – Block III | 34,280 | 34,280 | N.A. | Q4 2009 |
| Vaipur Park – Block IV | 23,204 | 23,204 | N.A. | Q4 2009 |
| Total Area | 2,12,424 | 2,12,424 | N.A. | |

*Source: Architect certificate, Rent roll provided by the Client; (Please note according to the lease agreements provided by the Client, it is understood that the rent is paid on the chargeable area, which has been considered for the valuation exercise)*

The table below highlights the area details of the Subject Asset:

| Block | Leasable area (sft) |
|---|---|
| Vaipur Park – Block I | 94,955 |
| Vaipur Park – Block II | 59,985 |
| Vaipur Park – Block III | 34,280 |
| Vaipur Park – Block IV | 23,204 |
| Total | 2,12,424 |

*Source: Architect certificate, Rent roll provided by the Client; (Please note according to the lease agreements provided by the Client, it is understood that the rent is paid on the chargeable area, which has been considered for the valuation exercise)*

### 4.1.7 Site Services and Finishes

| Particulars | Completed Blocks | Under Construction Blocks |
|---|---|---|
| Handover condition | Warm Shell | N.A. |
| Type of Structure | PEB | N.A. |
| Firefighting services | Provided. Fire NOC Available | N.A. |
| Lift provision | No Lifts | N.A. |
| Floor Finish | FM2 Concrete floor | N.A. |
| Floor Strength | 5 MT/Sqm | N.A. |

*Source: Information provided by the Client, Site visit*

### 4.1.8 Condition & Repair

Based on information provided by the client and corroborated with our visual inspection during the site visit, it is understood that the Subject Asset is in good condition and is maintained well.

### 4.1.9 Asset Photographs

Please refer to the asset photographs highlighted below:

### 4.1.10 Details of the asset including whether the transaction is a related party transaction

Please refer to the Annexure section 7.1

### 4.1.11 Nature of the interest the InvIT holds or proposes to hold in the asset, percentage of interest of the InvIT in the asset

Please refer to the Annexure section 7.1

### 4.1.12 Structure of ownership of the asset by the InvIT

Please refer to the Annexure section 7.1

### 4.1.13 Description of key agreements and restrictions relevant to the asset such as terms of concession agreement, power purchase agreements, etc.

Please refer to the Annexure section 7.1

### 4.1.14 Life of the asset (both contractually and physical life requiring maintenance, replacement and right available to extend this life

Please refer to the Annexure section 7.1

### 4.1.15 Valuation of the asset in the previous 3 years

As of the date of this valuation report, the Subject Asset is not part of the Infrastructure Investment Trust (InVIT)

# 5 Valuation Approach & Methodology

## 5.1 Scope of Valuation

The valuation exercise is to assess the Market Value (MV) of the Subject Assets for the purpose of the offer of units through private placement of TVS Infrastructure Trust InvIT under the SEBI (Infrastructure Investment Trust) Regulations, 2014, as amended. The valuations have been conducted in accordance with the IVSC International Valuation Standards, (effective 31 January 2022) and in accordance with the requirements of the SEBI (Infrastructure Investment Trust) Regulations, 2014, as amended from time to time.

This valuer has assessed the Market Value of each individual Subject Asset, not the value of the portfolio, if all Assets were sold in one transaction. Where a summation of the individual Assets is provided, this is purely for reference only and should not be construed as the value of the portfolio. Kindly refer to the summary report section X.X for list of Subject Assets forming part of the portfolio.

## 5.2 Basis of Valuation

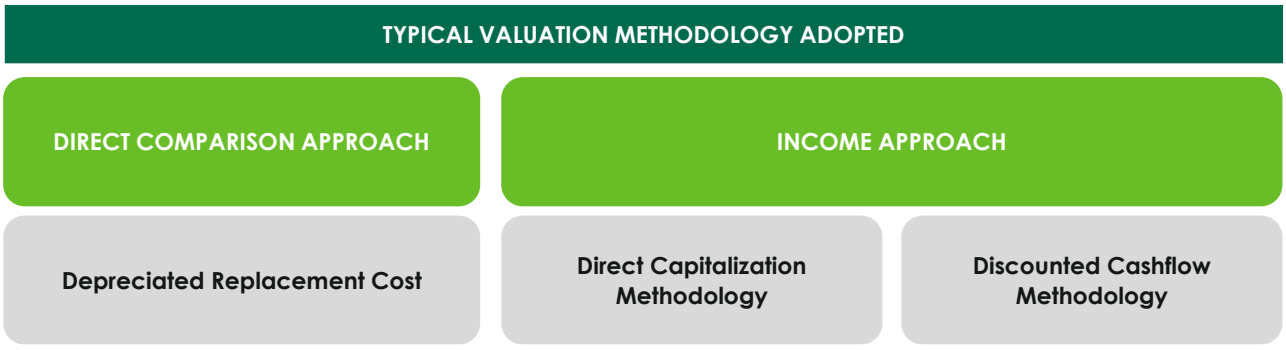
The valuations have been conducted in accordance with the IVSC International Valuation Standards issued in July 2021, effective from 31 January 2022), Regulation 21 and Schedule V of the SEBI (InvIT) Regulations, 2014 and is in compliance with the International Valuation Standards (IVS). The valuation exercise has been undertaken by appropriately qualified Valuer and will be assessing the Market Value of the ownership Interest in the Subject Asset.

As per the Valuation and Guidance Notes issued by the IVS, the market value is defined as:

***'The estimated amount for which** a asset or liability should exchange on the valuation date between a **willing buyer and a willing seller in an arm's length transaction, after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion'.***

## 5.3 Approach and Methodology

The purpose of this valuation exercise is to estimate the Market Value (MV) of the Subject Assets. Market Value can be derived through the following Methodologies:



### 5.3.1 Direct Comparison Approach

Under the 'Direct Comparison Approach', the asset is compared to similar Assets that have actually been sold in an arms-length transaction or are offered for sale (after deducting for value of built-up structure located thereon). The comparable evidence gathered during research is adjusted for premiums and discounts based on asset specific attributes to reflect the underlying value of the asset.

The value of the land component under this approach has been assessed based on comparison with similar Assets that have actually been sold in arms-length transaction or are offered for sale in the subject micromarket.

Based on our interactions with the local market players, we understand that the market has few Assets of comparable sizes which are currently available for sale in the market. Therefore, the value of the subject land parcel has been estimated through a direct comparison approach utilizing the seller quotes available in the market as well as few reported transactions.

The values for these comparable Assets are further adjusted for various premiums and discounts (viz. towards size, location, accessibility, frontage, visibility, ownership status, profile of the surrounding developments, zoning, etc.) vis-à-vis the Subject Asset to determine the achievable market value for the Subject Asset.

Based on the market research undertaken, it is understood that the capital values for land parcels in the subject micromarket are primarily governed by parameters which are as follows:

- Location & profile of surrounding developments – Based on our market study, it was identified that land parcels located in proximity to highway would command higher capital values in comparison to the land parcels located further away on internal village roads. In addition, based on our interactions with local market players, we understand that the land parcels located in proximity to existing village catchments command higher capital values as compared to those located further away from the existing village catchments.
- Size of the land parcel – Based on our interactions with the local market players, it was understood that the small-medium sized land parcels (approx. 1 – 5 acres) attract almost negligible discount on account of lesser quantum of investment involved and a shorter marketing timeframe required for disposal of such land parcels.
