The following updation has been made under the, chapter titled “Issue Procedure” beginning on page no. 212 of the Prospectus filed with the Registrar of Companies, Mumbai, National Stock Exchange of India Limited (NSE) and Securities and Exchange Board of India Limited (“SEBI”).

BASIS OF ALLOTMENT

Allotment will be made in consultation with the Emerge Platform of National Stock Exchange of India Limited (The Designated Stock Exchange). In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth hereunder:

- The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of Applicants in the category x number of Shares applied for).
- The number of Shares to be allocated to the successful Applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- For applications where the proportionate allotment works out to less than 1200 equity shares the allotment will be made as follows:
 - Each successful Applicant shall be allotted 1200 equity shares; and
 - The successful Applicants out of the total applicants for that category shall be determined by the draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- If the proportionate allotment to an Applicant works out to a number that is not a multiple of 1200 equity shares, the Applicant would be allotted Shares by rounding off to the nearest multiple of 1200 equity shares subject to a minimum allotment of 1200 equity shares.
- If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Applicants in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1200 Equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Draft Prospectus.
- Since present issue is a fixed price issue, the allocation in the net offer to the public category in terms of Regulation 25(2) of the SEBI (ICDR) Regulations, 2018 shall be made as follows:
 - Minimum fifty percent (50%) To Retail Individual Investors; and
 - Remaining to:
 - Other investors including corporate bodies or institutions, irrespective of the number of specified securities applied for

Explanation: If the retail individual investor category is entitled to more than fifty per cent on proportionate basis, accordingly the retail individual investors shall be allocated that higher percentage.

*Retail Individual Investor means an investor who applies for shares of value of not more than Rs. 2,00,000/- . Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with NSE.

- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.

- The DSE, post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below.

Process for generating list of Allottees:

For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
