RISK TO INVESTORS

- Dependence on limited suppliers:** We rely substantially on our top 10 suppliers of the raw materials and work-in-progress goods which are used in our manufacturing processes, contributing 77.26%, 78.04% and 92.72% of our total supplies for the Fiscals 2024, 2023 and 2022, respectively.
- Geographical concentration of manufacturing facilities:** We have five manufacturing facilities located in Delhi NCR and the events impacting this particular geographical areas may disrupt our production and operations and could have an adverse effect on our business, results of operations, cash flows and reputation.
- Substantial working capital requirements:** For past three fiscals, i.e., Fiscal 2024, 2023 and 2022, we have working capital requirements of ₹ 2,049.26, ₹ 2,847.72 and ₹ 2,109.88 and may require additional financing to meet the working capital requirements. Substantial increase in our working capital requirements or our inability to obtain financing at favorable terms could have a material adverse effect on our results of operations, cash flows and financial condition.
- Risk in relation to raw material costs:** Our operations are dependent upon the price and availability of the raw material that is required for the production of steel and stainless steel wires. The following table sets forth the details of our total cost of materials for the periods indicated:

Particulars	For Fiscal		
	2024	2023	2022
Cost of Materials Consumed (₹ million)	20,166.55	19,985.03	17,727.46
Cost of Materials Consumed as a Percentage of Total Expenses (%)	85.31%	85.37%	83.35%

Increasing global demand for, and uncertain supply of, any such raw materials could disrupt us or our suppliers' ability to obtain such raw materials in a timely manner to meet our supply needs and may lead to increased costs.

- Substantial indebtedness:** As at May 31, 2024, our borrowings, on a consolidated basis, were ₹ 7,802.35 million. If our future cash flows from operations and other capital resources become insufficient to pay our debt obligations or our contractual obligations, or to fund our other liquidity needs we may be forced to sell assets or attempt to restructure or refinance our existing indebtedness which could have a material adverse effect on our business, reputation, results of operations and financial condition.

- Dependence on steel wires market:** We derive most of our revenue from operations from the manufacture and sales of steel wires. Our revenue from operations for Fiscals 2024, 2023 and 2022 constituted as follows:

Particulars	Fiscal 2024	Fiscal 2023	Fiscal 2022
Revenue from operations from steel wires (in ₹ million)	24,447.19	23,939.39	21,817.95
Revenue from operations from steel wires out of total revenue from operations (in %)	99.14%	99.21%	99.25%

Our business and financial condition is heavily dependent on the performance of the steel wires market India and globally, and we are exposed to fluctuations in the performance of these markets. If demand for steel wires in India decreases in the future, our business, results of operations, financial condition, cash flows and prospects may be materially and adversely affected.

- Product Concentration:** More than 50% of our product portfolio is comprised of Stainless-Steel Wires. Our business and financial condition is heavily dependent on the performance of the Stainless-steel wires market India and globally, and we are exposed to fluctuations in the performance of these markets. If demand for stainless-steel wires in India decreases in the future, our business, results of operations, financial condition, cash flows and prospects may be materially and adversely affected.
- Market concentration in North India:** We are present in 22 states and six union territories but majorly our revenue from operations are from northern and western states of India with with 65.61%, 67.78% and 64.80% of revenue from operations generated from Delhi, Haryana, Maharashtra and Uttar Pradesh in Fiscal 2022, 2023 and 2024, respectively.
- Extensive government regulations:** We are subject to various laws and extensive government regulations and if we fail to comply, obtain, maintain or renew our statutory and regulatory licenses, permits and approvals required in the ordinary course of our business, including environmental, health and safety laws and other regulations, which could subject our Company to enforcement actions and penalties and our business financial condition, results of operations and cash flows may be adversely affected.
- We have in the past, experienced negative cash flows:** We experienced the cash flows, both positive and negative, set forth in the table below for the specified periods:

(Amount in ₹ million)

Particulars	Fiscal 2024	Fiscal 2023	Fiscal 2022
Net cash generated / (utilised) in operating activities	(5,369.35)	1,025.20	(115.42)
Net cash generated / (utilised) in investing activities	(4,959.29)	(872.49)	(191.79)
Net cash generated / (utilised) from financing activities	10,346.78	(149.98)	304.84
Cash and cash equivalents at the end of the year	18.13	7.10	4.38

Negative operating cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our

...continued from previous page.

growth plans. As a result, our cash flows, business, future financial performance and results of operations could be materially and adversely affected.

- Risk Related to our brands:** We have three registered trademarks and two copyrights which are currently used by us. While we have applied for the registration of six trademarks in India, all such trademarks including the logo of our Company, are not registered, and registration of these trademarks is pending. Third parties could imitate our brand name or pass off their own products as ours, including registering trademarks that may be confused with ours, producing similar products or counterfeit or pirated products.
- Inability to maintain our distribution network in India:** Our Company has a presence in both, domestic and international markets and are exporting our products in several countries. We engage in sale of our products in India and abroad through a network of dealers. The details of revenue contribution from our dealers in the Fiscals 2024, 2023 and 2022 is set forth below:

Particular	Fiscal 2024		Fiscal 2023		Fiscal 2022	
	in ₹ million	As a percentage of revenue from operations	in ₹ million	As a percentage of revenue from operations	in ₹ million	As a percentage of revenue from operations
Revenue contribution from dealers	1,549.23	7.05	1,180.89	4.89	743.19	5.51

If we fail to maintain our distribution network and attract additional dealers to our distribution network, our sales and market share may decline which would have a material adverse impact on our business, financial condition, results of operations and cash flows.
